OFFERING CIRCULAR

CLARION FUNDING PLC

(*incorporated in England with limited liability under the Companies Act 2006, registered number 10922187*)

£3,000,000,000
Secured Euro Medium Term Note Programme

Under this £3,000,000,000 Secured Euro Medium Term Note Programme (the **Programme**), Clarion Funding plc (the **Issuer**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The maximum aggregate principal amount of all Notes from time to time outstanding under the Programme will not exceed £3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*Overview of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

The proceeds of the Notes of a Series will be advanced by the Issuer to Clarion Treasury Limited (the **Group Borrower**) under a Loan Facility Agreement in relation to such Series, which will in turn on-lend such funds to Clarion Housing Association Limited (the **Existing Borrower**) under an On-Loan Agreement made between the Group Borrower and the Existing Borrower. Subject to certain conditions in the Loan Facility Agreement, the Group Borrower may also on-lend the proceeds of a Loan Facility Agreement to other qualifying members of the Clarion Housing Group (as defined below) (together with the Existing Borrower, the **Borrowers**). Each of the Borrowers will guarantee the obligations of the Group Borrower to the Issuer under each Loan Facility Agreement pursuant to a deed of guarantee dated 24th May, 2007 as amended and restated on 29th November, 2016 (and as further amended and/or supplemented and/or restated from time to time) (the **Deed of Guarantee**). The Borrowers will create security over certain housing properties used for social housing accommodation (the **Charged Properties**) to secure the obligations of the Borrowers under the Deed of Guarantee. The Group Borrower will also grant security over its rights under each On-Loan Agreement by way of a security deed dated 24th May, 2007 (the **Group Borrower Security Deed**).

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*".

Application has been made to the Financial Conduct Authority in its capacity as competent authority (the **FCA**) for Notes issued under the Programme during the period of 12 months from the date of this Offering Circular to be admitted to the official list of the FCA (the **Official List**) and to the London Stock Exchange plc (the **London Stock Exchange**) for such Notes to be admitted to trading on the London Stock Exchange's regulated market.

References in this Offering Circular to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange's regulated market and have been admitted to the Official List. The London Stock Exchange's regulated market is a regulated market for the purposes of Directive 2014/65/EU (as amended, **MiFID II**).

Notice of the aggregate principal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set out in a final terms document (the **Final Terms**) which will be delivered to the FCA and, where listed, the London Stock Exchange.

Copies of Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

Clarion Housing Group Limited (the **Group Parent**) has been rated "A3" by Moody's Investors Service Limited (**Moody's**) and "A" by S&P Global Ratings Europe Limited (**S&P**). The Programme has been rated "A3" by Moody's and "A" by S&P. Each of Moody's and S&P is established in the European Union (**EU**) and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such, each of Moody's and S&P is included in the list of credit rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website (at http://www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by Moody's and/or S&P. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by Moody's and/or S&P. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable on Floating Rate Notes will be calculated by reference to one of LIBOR or EURIBOR, as specified in the relevant Final Terms. As at the date of this Offering Circular, ICE Benchmark Administration Limited (as administrator of LIBOR) and the European Money Markets Institute (as administrator of EURIBOR) are both included in ESMA's register of administrators under Article 36 of the Regulation (EU) No. 2016/1011 (the **Benchmarks Regulation**).

No Dealer or the Note Trustee accepts any liability in relation to the information contained or incorporated by reference in this Offering Circular or any other information provided by the Issuer, the Group Borrower, the Existing Borrower or the Group Parent in connection with the Programme.

No person is or has been authorised by the Issuer or the Note Trustee to give any information or to make any representation not contained in or not consistent with this Offering Circular or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Note Trustee.

Neither this Offering Circular nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Dealers or the Note Trustee that any recipient of this Offering Circular or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer, the Group Borrower, the Existing Borrower or the Group Parent. Neither this Offering Circular nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, any of the Dealers or the Note Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuer, the Group Borrower, the Existing Borrower or the Group Parent is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Note Trustee expressly do not undertake to review the financial condition or affairs of the Issuer, the Group Borrower, the Existing Borrower or the Group Parent during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

Each of the Issuer, the Group Borrower and the Existing Borrower has confirmed to the Dealers that this Offering Circular contains all information which is (in the context of the Programme and the issue, offering and sale of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions, or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Offering Circular does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme and the issue, offering and sale of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes will include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Joint Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

HSBC Bank plc will not regard any actual or prospective holders of Notes (whether or not a recipient of this Offering Circular) as its client in relation to the offering described in this Offering Circular and will not be responsible to anyone other than the Issuer, the Group Borrower and the Borrowers for providing the protections afforded to its clients nor for providing the services in relation to any offering described in this Offering Circular or any transaction or arrangement referred to in this Offering Circular. The other Dealers reserve the right to consider whether holders or prospective holders of Notes described in this Offering Circular are "clients" for the purposes of the inducements regime on an individual basis.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS OFFERING CIRCULAR AND OFFERS OF NOTES GENERALLY

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Note Trustee do not represent that this Offering Circular may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Note Trustee which is intended to permit a public offering of any Notes or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in the United States and the EEA (including the United Kingdom): see "*Subscription and Sale*".

SUITABILITY OF INVESTMENT

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

(i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;

(ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and

(v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Issuer Legal Entity Identifier (LEI):	213800BLOAKXC1BXLJ29
Description:	Secured Euro Medium Term Note Programme
Use of Proceeds:	This note issuance programme is intended to raise finance for certain members of the Clarion Housing Group through the issuance of Notes by the Issuer. The Issuer will issue the Notes and on-lend the proceeds pursuant to a corresponding Loan Facility Agreement to the Group Borrower which will in turn on-lend such funds to one or more of the Borrowers under the On-Loan Agreement made between the Group Borrower and the relevant Borrower(s). The relevant Borrower(s) will use the proceeds in the achievement of their charitable objects, as permitted by their respective constitutional documents. Each of the Borrowers will act as a Guarantor under the Deed of Guarantee pursuant to which each Guarantor will guarantee the performance of the obligations of the Group Borrower under each Loan Facility Agreement. The Loan Facility Agreements, the On-Loan Agreements and the assets comprising the Series Security (see "*Series Security*" below) have characteristics that demonstrate the capacity to produce funds to service any payments due and payable on the Notes.
Certain Restrictions:	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "*Subscription and Sale*") including the following restrictions applicable at the date of this Offering Circular. **Notes having a maturity of less than one year** Notes having a maturity of less than one year will, if the proceeds

	of the issue are accepted in the United Kingdom, constitute deposits for the purposes of the prohibition on accepting deposits contained in section 19 of the Financial Services and Markets Act 2000 (**FSMA**) unless they are issued to a limited class of professional investors and have a denomination of at least £100,000 or its equivalent, see "*Subscription and Sale*".

Maturities:	The Notes will have such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.
Issue Price:	Notes may be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.
Form of Notes	The Notes will be issued in bearer form as described in "*Form of the Notes*".
Fixed Rate Notes:	Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer.
Floating Rate Notes:	Floating Rate Notes will bear interest at a rate determined: (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series); or (b) on the basis of the reference rate set out in the applicable Final Terms. Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated

	on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer. The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes. Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both. For the avoidance of doubt, the interest rate in respect of Floating Rate Notes shall not be less than zero.
Final Redemption:	Unless previously redeemed or purchased and cancelled in accordance with Condition 9 (*Redemption and Purchase*), the Notes of a Series will be redeemed at their Final Redemption Amount as specified in the applicable Final Terms on the Maturity Date.
Early Redemption:	Subject as described in "*Mandatory Early Redemption*" below, if Early Redemption is specified as applicable in the applicable Final Terms and the Specified Currency of the Notes of a Series is Sterling, such Notes may be redeemed in whole or in part in the event that the Group Borrower, in accordance with the relevant Loan Facility Agreement, elects to prepay the relevant Loan Facility in whole or in part prior to the redemption date specified in the relevant Loan Facility Agreement at the higher of their principal amount and an amount calculated by reference to the sum of (i) the yield on the relevant outstanding United Kingdom government benchmark gilt having the nearest maturity date to that of the Notes and (ii) the Spens Margin specified in the applicable Final Terms, together with accrued interest. In the event that the Specified Currency of the Notes of a Series is a currency other than Sterling, redemption of such Notes pursuant to such early redemption provision shall be in an amount specified in an amendment to the Conditions and the Note Trust Deed in such manner as the Note Trustee may require, together with accrued interest.
Redemption for Tax Reasons:	The Issuer may redeem the Notes of a Series in whole, but not in part, at their principal amount, together with any accrued interest, if, as a result of any actual or proposed change in tax law, the Issuer satisfies the Note Trustee that, on the occasion of the next payment under the Notes of such Series, the Issuer has or will become obliged to pay additional amounts pursuant to Condition 10 (*Taxation*).
Mandatory Early Redemption:	The Notes of a Series shall be redeemed in full at their principal amount, plus accrued interest, upon the mandatory prepayment of the Loan Facility following one or more of the Borrowers ceasing to be a Registered Provider of Social Housing (other than following, or as part of, a Permitted Reorganisation or if such Borrower regains its status as a Registered Provider of Social Housing or ceases to be a Borrower within 180 days).

In addition, if the Loan Facility becomes repayable as a result of a Loan Event of Default the Notes of a Series shall be redeemed in full at their principal amount, plus accrued interest.

A **Loan Event of Default** includes non-payment, breach of other obligations, cross-acceleration, winding-up, cessation of business, insolvency, unlawfulness and breach of certain asset cover ratios, in each case as set out in Clause 16 (*Loan Events of Default*) of the Loan Facility Agreement Standard Terms and described further in "*Description of the Loan Facility Agreement*".

Purchases:

The Group Borrower and any other member of the Clarion Housing Group (other than the Issuer) may at any time purchase Notes of any Series at any price in the open market or otherwise. Following any such purchase, the Group Borrower or any such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender the Notes to the Issuer for cancellation. An amount equal to the principal amount of the Notes being surrendered shall be deemed to be prepaid under the corresponding Loan Facility Agreement (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)).

Series Security:

The Issuer's obligations in respect of each Series are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(a) by an assignment by way of security of the Issuer's rights, title and interest arising under the Deed of Guarantee in respect of the Loan Facility relating to such Series;

(b) by an assignment by way of security of the Issuer's rights, title and interest arising under the Security Trust Deed and the Group Borrower Security Deed, in each case, in respect of the Loan Facility relating to such Series;

(c) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Facility Agreement in relation to such Series;

(d) by a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the relevant Transaction Account in relation to such Series, any Cash Security Account in relation to such Series and any other bank or other accounts in which the Issuer may at any time have or acquire any rights, title and interest in relation to such Series;

(e) by an assignment by way of security of the Issuer's rights, title and interest under each of the Programme Documents to the extent they relate to such Series; and

(f) by a charge by way of first fixed charge over all rights of the Issuer in respect of any sums held from time to time by the Paying Agents for the payment of principal or interest in respect of each Series.

Underlying Security: Each of the Borrowers will grant security in favour of the Security Trustee to secure its obligations under the Deed of Guarantee, and the Group Borrower will grant security in favour of the Security Trustee to secure its obligations under each Loan Facility Agreement. The Security Trustee will hold such security for the benefit of the Issuer in accordance with the Security Trust Deed. It is intended that the Underlying Security granted by the Borrowers will be over certain Charged Properties used for social housing accommodation by the Borrowers and over certain bank accounts held by the Borrowers.

Security for a Series of Notes: The security for the Notes in each Series will be created only over the assets held by the Issuer in respect of such Series. The Underlying Security allocated to one Series is subject to compliance with the SAB Asset Cover Test or the NAB Asset Cover Test, as applicable.

Where the applicable Final Terms and the Loan Facility Agreement state that the security in respect of the Deed of Guarantee is allocated on a Specific Apportionment Basis, the relevant valuation report will be set out in a drawdown prospectus in respect of the Series which funds the relevant Loan Facility.

Cash Security Account: Pursuant to the Loan Facility Agreement, the Group Borrower is required to procure that the specified asset cover ratio is maintained (see "*Description of the Loan Facility Agreement*" below). In the event that the value of any Charged Property is insufficient to maintain the relevant asset cover ratio, the Group Borrower may place funds with the Issuer and the Issuer may deposit, or arrange the deposit, of moneys into the Cash Security Account (if any). Such moneys will be charged in favour of the Note Trustee pursuant to the terms of the Note Trust Deed.

Funds standing to the credit of any Cash Security Account shall be held on deposit, but shall not accrue interest in accordance with the Account Agreement.

Moneys standing to the credit of any Cash Security Account may be withdrawn only to the extent that such withdrawal will not cause a breach of the Asset Cover Test.

Priority of Payments: Prior to the enforcement of the Series Security in respect of a Series of Notes, the Issuer shall apply the monies standing to the credit of the Transaction Account in respect of such Series on each Interest Payment Date and such other dates on which a payment is due in respect of the Notes in the following order of priority (the **Pre-enforcement Priority of Payment**):

(a) first, in payment of any taxes due and owing by the

Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, in payment of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed, in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part, thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities of the Issuer owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer insofar as they relate to such Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of such Series of Notes on such Interest Payment Date;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of such Series of Notes on such Interest Payment Date; and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

Following the enforcement of the Series Security in respect of any Series of Notes, all monies standing to the credit of the Transaction Account and any Cash Security Account in respect of such Series, in each case, in respect of such Series of Notes, and the net proceeds of enforcement of the Series Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

(a) first, in payment or satisfaction of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the

Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed (including, for the avoidance of doubt, any Receiver), in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, except following the enforcement of the Series Security in respect of all Series of Notes, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of the Notes;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of the Notes;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (in each case insofar as they relate to the Notes); and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

Status of the Notes:	The Notes of a Series will constitute direct, secured obligations of the Issuer and will rank *pari passu* among themselves.
Denomination of Notes:	The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, see "*Certain Restrictions - Notes having a maturity of less than one year*" above, and save that the minimum denomination of each Note will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).
Covenants:	Pursuant to Condition 6.1 (*General Covenants*), the Issuer has covenanted not to engage in any activity or do anything other than carry out the business of a company which has as its purpose

	raising finance and on-lending such finance for the benefit of the members of the Clarion Housing Group, without the consent of the Note Trustee. The Issuer has also covenanted to deliver to the Note Trustee and, upon request by a Noteholder to the Issuer, to make available to any of the Noteholders, a copy of each Compliance Certificate received from the Group Borrower pursuant to the terms of the Loan Facility Agreement and a copy of the annual financial statements of the Group Parent, the Group Borrower and each of the Borrowers following publication of the same. In addition to the rights of Noteholders to convene a meeting pursuant to Condition 18 (*Meetings of Noteholders, Modification and Waiver*), at the request of the requisite majority of the Noteholders, the Issuer shall hold a meeting of the Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, provided that the Issuer shall not be required to hold any such meeting more than once in any calendar year. In addition, the Issuer has covenanted that, for so long as any of the Notes remain outstanding, it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, a Loan Facility Agreement, the Deed of Guarantee, any On-Loan Agreement or the Security Trust Deed except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.
Taxation:	All payments in respect of the Notes of a Series will be made without deduction for or on account of withholding taxes imposed by any Tax Jurisdiction unless such withholding is required by law as provided in Condition 10 (*Taxation*). In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in Condition 10 (*Taxation*), be required to pay additional amounts to cover the amounts so deducted.
Meetings of Noteholders:	The Terms and Conditions of the Notes and the Note Trust Deed contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and risks

	relating to the structure of a particular Series of Notes issued under the Programme. All of these are set out under "*Risk Factors*".

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer, the Group Borrower and the Borrowers may become insolvent or otherwise be unable to make all payments due in respect of the Notes or any loan agreements or guarantees underlying the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Offering Circular a number of factors which could materially adversely affect its business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Special Purpose Vehicle Issuer

The Issuer is a special purpose finance entity with no business operations other than the incurrence of financial indebtedness, including the issuance of the Notes and on-lending the proceeds thereof to or for the benefit of the Group Borrower or the Borrowers. As such the Issuer is entirely dependent upon receipt of funds received from the Group Borrower or the Borrowers pursuant to the Loan Facility Agreements and/or the On-Loan Agreements in order to fulfil its obligations under the Notes.

Credit Risk

The Issuer, and therefore payments by the Issuer in respect of the Notes, will be subject to the credit risk of the Group Borrower and the Borrowers. The Issuer will be subject to the risk of delays in the receipt, or risk of defaults in the making, of payments due from the Group Borrower in respect of the Loan Facility Agreement. However, each of the Borrowers has (or will have, upon such entities becoming Borrowers) guaranteed the obligations of the Group Borrower to the Issuer under the relevant Loan Facility Agreement and it is envisaged that in the event that a Borrower is unable to make a payment under the On-Loan Agreement to which it is a party (pursuant to which the Group Borrower has on-lent part of the proceeds of the Loan Facility Agreement) such payment will be made by the other Borrowers within the Clarion Housing Group pursuant to the terms of the Deed of Guarantee.

Effect of Losses on the Loan Facility on Interest Payments and Repayments on the Notes

There can be no assurance that the levels or timeliness of payments of collections received in respect of the relevant Loan Facility will be adequate to ensure fulfilment of the Issuer's obligations in respect of the Notes on each Interest Payment Date or on the Maturity Date. In addition, a default under the Loan Facility Agreement could ultimately result in its enforcement, a claim being made by the Issuer under the Deed of Guarantee and, if payment is not made thereunder on a timely basis, the enforcement of the Underlying Security. The proceeds of any such enforcement may be insufficient to cover the full amount due from the Group Borrower resulting in a shortfall in funds available to repay the Notes. However, it is expected that, in the event that the Group Borrower's payment obligations under the Loan Facility Agreement are not fulfilled, the Borrowers shall fulfil such obligations without the need to enforce the Underlying Security or seek recourse through the courts.

FACTORS WHICH MAY AFFECT THE GROUP BORROWER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER THE LOAN FACILITY AGREEMENT IN RESPECT OF EACH SERIES OF NOTES

Credit Risk

The Group Borrower acts as a financing vehicle for the Clarion Housing Group and does not own any social housing assets. The proceeds of each Loan Facility will be on-lent by the Group Borrower to the Borrowers pursuant to the On-Loan Agreements and the payments to be made by the Group Borrower to the Issuer under the Loan Facility Agreement will be dependent upon the Group Borrower receiving from the Borrowers the payments due to it under the On-Loan Agreements. The Group Borrower's ability to satisfy its obligations under the Loan Facility Agreement is therefore dependent on the credit risk of each of the Borrowers.

Capital Resources & Treasury Risk

To mitigate liquidity risk and augment its capital resources, the Group Borrower relies on financing through committed lines of credit from major banks, building societies and other financing vehicles (including the Issuer, which itself is funded through the capital markets), and through revolving debt (which may either be secured or unsecured) and the Group Borrower will on-lend such financing to the Borrowers. The Group Borrower is therefore dependent on its ability to access and maintain these sources of financing.

The Group Borrower is also subject to interest rate risk with respect to its variable rate borrowing. The Clarion Housing Group's treasury function seeks to mitigate interest rate risk through actions that support the Clarion Housing Group's interest rate management policy and that comply with applicable regulatory guidelines.

FACTORS WHICH MAY AFFECT THE BORROWERS' ABILITY TO FULFIL THEIR OBLIGATIONS UNDER THE ON-LOAN AGREEMENTS AND THE DEED OF GUARANTEE

Risks related to Rental Income

The tenants of the social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) properties of the Borrowers are personally responsible for the rental payments on the relevant occupied properties and consequently the Clarion Housing Group is exposed to the risk of arrears and bad debts. Any significant exposure to arrears and bad debts may adversely affect the ability of the Borrowers to meet their payment obligations in respect of their respective On-Loan Agreements and the Deed of Guarantee.

The Borrowers receive a material proportion of their rental income from housing benefit payable by local authorities. A series of welfare reforms were incorporated in the Welfare Reform and Work Act 2016 which was given Royal Assent on 16th March, 2016. The Welfare Reform and Work Act 2016 makes provisions on the household benefit cap and social security and tax credits that expose the Borrowers to the risk of a reduction in rental income and an increase in arrears. Registered Providers of Social Housing are required to reduce rents in respect of almost all tenancies that are subject to the rent standard by 1 per cent. per annum from April 2016 for a four year period. As at the date of this Offering Circular, a rent reduction of 4 per cent. has been applied. The reduction in rental income could, if material, adversely affect the ability of each Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee (see "*Risks related to Welfare Reform*").

Receipt of rental income by the Borrowers relies on their ability to let properties. Demand for the Borrowers' properties is mainly driven by local housing need and property condition relative to alternatives. A net reduction in demand for the Borrowers' properties could reduce overall rental income. If material, this may adversely affect the ability of each affected Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee. Each Borrower considers that housing need in the areas in which it operates is high and that it maintains its properties to a good standard. The Borrowers collectively

hold stock throughout England where household formation continues to outpace the provision of new housing supply, increasing the demand for rented housing. At the end of April 2019 occupancy in the Borrowers' properties was 98.6 per cent.

Risks related to Welfare Reform

Risks related to Social Housing Rents

The relevant rent standard guidance for Registered Providers of Social Housing, first published on 31st March, 2015 (as updated on 18th March, 2016 and 3rd May, 2016), is contained within the Rent Standard and Rent Standard Guidance sections of the regulatory framework for social housing in England (the **Regulatory Framework**) issued by the Regulator of Social Housing (the **RSH**).

The Clarion Housing Group adjusts its rents for social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) annually from 1st April each year and has, in accordance with the Welfare Reform and Work Act 2016, applied all four 1 per cent. rent reductions effective from 1st April, 2016, 1st April, 2017, 1st April, 2018 and 1st April, 2019, respectively (the exception being that the first 1 per cent. rent reduction that applies to supported housing was effective from 1st April, 2017).

In the Welfare Reform and Work Act 2016 and associated amendment regulations there is provision for exceptions to the rent reduction requirement and the Secretary of State has regulation making powers to introduce other exemptions. For example, reductions do not apply to rents payable by residents in low cost home ownership and shared ownership properties.

On 4th October, 2017, the UK Government confirmed that, for five years effective from 1st April, 2020, rents for social housing may be increased by up to the Consumer Price Index plus 1 per cent., thus giving the Borrowers certainty over future income streams, subject to any future UK Government rent policy changes.

As at 31st March, 2018, the Borrowers together had 99,548 social housing properties (general needs, affordable rents and supported housing tenures) other than low cost home ownership accommodation (as defined in section 70 of the Housing and Regeneration Act 2008). The changes to the rent policy introduced by the Welfare Reform and Work Act 2016 are expected to impact on such properties of the Borrowers. For the year ended 31st March, 2018, turnover from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) was £647 million, or 78 per cent. of the Clarion Housing Group's £829 million of turnover, and operating surpluses from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) were £222 million, or 73 per cent. of the Clarion Housing Group's £305 million of operating surpluses.

The Clarion Housing Group has forecast, based on the current number of social housing properties impacted by the changes imposed by the Welfare Reform and Work Act 2016, that, following the application of the 1 per cent. per annum reduction, rental income relating to its current portfolio of social housing properties will reduce by approximately £5.7 million per annum for the financial year ending 31st March, 2020. The reduction in rental income could have an adverse impact on the Borrowers' cash flows that could adversely affect the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams (that take account of forecast additional social housing completions).

Risks related to the Household Benefit Cap

The Summer Budget 2015 announced, and the Spending Review and Autumn Statement 2015 confirmed, that the total household benefit cap (the combined income from a number of welfare benefits for those receiving housing benefit or Universal Credit and that are of working age) will be reduced from £26,000 per year (£18,200 per year for single people) to £23,000 per year in Greater London (£15,410 per year for single

people) and £20,000 per year (£13,400 per year for single people) outside Greater London, to be phased in from April 2016. Measures to implement the lowering of the threshold were included in the Welfare Reform and Work Act 2016, however, the implementation of such measures is behind schedule and will not be completed until 2022.

Exemptions to the total household benefit cap can apply to those tenants who qualify for working tax credit; are above the qualifying age for pensions credit; obtain certain benefits for sickness and disability; or claim a war pension. The benefit cap will not apply in circumstances where a tenant or a tenant's partner is in receipt of, or is responsible for, a child or young person who is in receipt of benefits such as disability living allowance, personal independence payment or carer's allowance. Housing benefit will not be included when calculating total benefit income where tenants are housed in specified accommodation including supported housing.

The reduction in the household benefit cap may have an adverse impact on the ability of those tenants affected by the Welfare Reform and Work Act 2016 to pay their rent (particularly where the other sources of income of those tenants remain unchanged or decrease), as, where the total amount of welfare benefits exceeds the benefit cap, the local authority will reduce a claimant's entitlement to housing benefits by the amount of that excess, meaning that affected tenants would have to pay a larger proportion of the rent themselves. Increasingly the benefit cap will be administered through Universal Credit. In turn, this could have an adverse impact on the Borrowers' cash flows and could affect the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee.

It is estimated that the benefit cap will affect less than 1 per cent. of the current residents of properties owned by the Borrowers, mainly tenants paying general and affordable rents.

Whilst the Spending Review and Autumn Statement 2015 announced that housing benefit for tenants in the social housing sector would be limited to the level of the relevant Local Housing Allowance (**LHA**), on 25th October, 2017 the Prime Minister announced that, in response to the UK Government's consultation on the future funding of supported housing, the proposed cap on LHA would not be applicable to the social rented sector. The response to the consultation was published jointly by the Ministry of Housing, Communities and Local Government (the **MHCLG**) (formerly the Department for Communities and Local Government) and the Department for Work and Pensions (**DWP**) on 31st October, 2017. The response included a policy statement and further consultation entitled "Funding Supported Housing: Policy Statement and Consultation". Within the policy statement the UK Government restated the Prime Minister's announcement regarding the LHA cap and also stated that sheltered housing and extra care (where costs are higher) will continue to be funded in the welfare system with the introduction of a "Sheltered Rent" from April 2020.

Sheltered Rent was intended to acknowledge the higher costs associated with sheltered housing and extra care and the UK Government's further consultation (which ran until 23rd January, 2018), anticipated that Sheltered Rent would comprise a gross eligible rent (inclusive of eligible service charges) calculated by taking the relevant "formula rent" for the property, plus or minus an additional 10 per cent. flexibility, plus service charges, and these various elements would be subject to an overall cap. The cap, intended to prevent combined rents and service charges from becoming too high, could, however, have posed a risk to adequate cost recovery as, depending on the level of the cap as against the cost of services of a particular housing scheme, high service charges could have been irrecoverable from tenants.

In August 2018, the UK Government produced a response to the consultation. The UK Government stated that its intention to regulate gross rent would be complex to deliver as setting a consistent cap would be challenging, with service charges being dictated by the actual cost of services, which vary from scheme to scheme. As a result, the UK Government stated that it was not convinced the proposed regulatory approach was appropriate and that the Sheltered Rent model would not be pursued in the upcoming consultation on the Rent Standard Direction.

In the UK Government's consultation entitled "Consultation on a new Rent Standard from 2020", the UK Government launched a consultation from 7th May, 2019 which shall run until 30th July, 2019.

Any reduction, amendment or termination by the UK Government of housing benefit may have an adverse impact on the payment of rent, as the tenants would have to pay a higher proportion of the rent themselves. Non-payment, partial payment or any delay in payment of rent by the tenants could increase rental income arrears and bad debts, and could have an adverse effect on the ability of each Borrower to meet its obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams and the level of social rents charged compared to LHA (see "*Risks related to the Housing Market*"). In particular, the Borrowers undertake a wide range of measures to help minimise any loss of rental income including, but not limited to, educating their tenants how to manage their financial affairs, assisting unemployed tenants to find employment and eviction.

Universal Credit

Universal Credit, introduced under the Welfare Reform Act 2012, replaces six existing means-tested benefits and tax credits for working-age families, namely income support, income-based jobseeker's allowance, income-related employment and support allowance, housing benefit, child tax credit and working tax credit with a single monthly payment, transferred directly into a household bank account of choice. Universal Credit is currently in an extended "roll out" phase across the UK and the transfer of all individuals from existing benefits or tax credits onto Universal Credit is expected to be completed by March 2023.

The implementation of Universal Credit is likely to increase transaction costs and the receipt of rental payments by the Borrowers may be delayed by the failure of the tenant to apply for Universal Credit and/or regularly pay rent which is due in addition to the housing benefit and/or, in circumstances where the housing benefit is not paid directly, a failure to pass on the housing benefit payments. In such circumstances, non-payment, partial payment or any delay in payment of rent could increase rental income arrears and bad debts and may affect the ability of each Borrower to meet its payment obligations in respect of its On-Loan Agreement and the Deed of Guarantee.

It is possible for tenants to consent to their housing benefit being paid directly to their landlord and, furthermore, the DWP has agreed to safeguard landlords' income by putting in place protection mechanisms to allow for the payment of rent direct to landlords if tenants are vulnerable or fall into two months of arrears. The DWP has set up a support and exceptions working group to look at which vulnerable claimants will fall within the support group and will be assessing the results of the pilot project to identify the approach to arrears, which could be based on the length of time for which arrears have been outstanding or the amount of arrears. Increases in arrears may affect the ability of each Borrower to meet its payment obligations in respect of its On-Loan Agreement and the Deed of Guarantee.

The Work and Pensions Committee opened two enquiries in response to social landlord concerns around increasing arrears under Universal Credit. The first enquiry ran from February 2017, lasting until 20th March, 2017, and the second from October 2017 to 9th January, 2018. In September 2017 the DWP published its commissioned research, entitled Universal Credit Test and Learn Evaluation: Families, which found that a five week period prior to the first award of Universal Credit to tenants was a key factor behind the early accrual of rent arrears.

In response to these findings, on 21st September, 2017 the Minister for Employment, Damien Hinds, sent a letter to the chair of the Work and Pensions Committee, announcing two initiatives intended to tackle social landlords' concerns on Universal Credit. The Landlord Portal Service permits landlords to submit information to the Universal Credit system on behalf of tenants, and the Trusted Partner Scheme allows more streamlined access to direct payments of Universal Credit to the landlord (as opposed to tenants' own bank accounts).

Furthermore, changes announced in the Autumn Budget 2017 and which took effect from 14th February, 2018 included, among other things, the removal of the initial seven day waiting period for Universal Credit. Notwithstanding this, any new claims made by tenants for Universal Credit may result in it taking up to five weeks for a tenant to receive payments. This is because following the submission of a claim, there is an

assessment period lasting one calendar month and any payments are not made until a further seven days following the end of that assessment period. Claimants may suffer financial hardship during the five week period from the date of a claim to the date of payment, however, any claimants suffering hardship may request an advance payment and personal budgeting support. From Spring 2018, claimants have been able to request an advance through their online Universal Credit account. Separately, a discretionary housing payment from the claimant's local authority has also been available. From April 2018, any claimants who had been receiving Housing Benefit immediately prior to claiming Universal Credit have received a transitional payment of two weeks' Housing Benefit when they claim Universal Credit. Transitional payments are not recoverable and should be received by any claimant in the first assessment period.

Risks related to Occupation Size Criteria

The Welfare Reform Act 2012 introduced a size criterion for working age social housing tenants in receipt of housing benefit known as the "removal of the spare room subsidy" or "bedroom tax". The arrangements allow each of certain defined categories of people (such defined categories being: (a) a couple, (b) an adult (over 16), (c) two children (under 16) of the same sex, (d) two children under the age of 10, (e) any other child, (f) those with a disability, and (g) a non-resident overnight carer) to be entitled to one bedroom. Exemptions are applied to supported housing tenants. Where a household has one extra bedroom, housing benefit is reduced by 14 per cent. of the rent charge. Where a household has two or more extra rooms, the reduction to housing benefit is 25 per cent.

The introduction of occupation size criteria may have an adverse impact on the ability of tenants to pay their rent. In turn, this could have an adverse impact on the Borrowers' cash flow and could affect the ability of each Borrower to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams.

Nevertheless, to mitigate any risks arising from under occupancy, the Borrowers have (a) established a pool of suitable smaller properties which can be offered to tenants who need to downsize; (b) improved the quality of data held in order to be more closely aligned with the demands of the welfare reform requirement and (c) established a range of support functions including a dedicated Welfare Benefit Team to help residents access benefits such as discretionary housing payments.

Risks related to UK Government policy: "Right to Buy"

The introduction of the right to buy to assured tenants of Registered Providers of Social Housing was a manifesto commitment by the Conservative party for the 2015 general election. An announcement from the Secretary of State for Communities and Local Government (now the Secretary of State for Housing, Communities and Local Government) on 24th September, 2015 confirmed a proposal made by the National Housing Federation (**NHF**) to introduce the right to buy voluntarily. The voluntary arrangement is based on four key principles: (1) tenants would have the right to purchase a home at right to buy discounts (maximum discount of £77,900 (£103,900 in London)) subject to government funding for the scheme; (2) Registered Providers of Social Housing will have the final decision about whether to sell an individual property; (3) Registered Providers of Social Housing will receive the full market value of the properties sold, with the value of the discount funded by the UK Government; and (4) nationally, for every home sold under the agreement a new affordable property would be built.

The Prime Minister confirmed on 7th October, 2015 that the NHF's proposal had been accepted by the UK Government. This means that, rather than including the right to buy extension in the Housing and Planning Act 2016 as a statutory obligation, there is an agreement by the social housing sector to deliver the extension voluntarily. The Housing and Planning Act 2016 established a statutory framework to facilitate the implementation of the voluntary right to buy scheme and made provision for grants to be paid to Registered Providers of Social Housing to cover the cost of selling housing assets at a discount. The Housing and Planning Act 2016 states that such grant may be made on any terms and conditions the Secretary of State considers appropriate.

In November 2015 a voluntary right to buy pilot scheme was set up by the Department for Communities and Local Government (now the MHCLG) and launched with five Registered Providers of Social Housing whereby a tenant who has been a public sector tenant for at least ten years and who lives in one of the local authority areas within which the pilot scheme is operating could be eligible to buy their home via the pilot scheme. The applicant could only continue through to purchase once the Housing and Planning Bill was enacted in May 2016. The scope and funding of the pilot scheme was limited to a maximum of 600 completed sales.

The Autumn Statement 2016 announced that the UK Government would fund a "large-scale regional pilot of the right to buy for housing association tenants" and it was subsequently confirmed in the Autumn Budget 2017 that such pilot scheme would take place in the Midlands (the **Midlands Pilot Scheme**) with effect from 16th August, 2018. The Midlands Pilot Scheme will be funded by £200,000,000 from the UK Government and will run for a period of two years, following which the UK Government will undertake a review. Registered Providers of Social Housing with over 1,000 homes and qualifying properties within the relevant area in the Midlands are required to participate in the Midlands Pilot Scheme. The Existing Borrower has estimated that it has over 3,700 properties which are subject to the Midlands Pilot Scheme, the tenants of which could potentially be able to buy their property from the Existing Borrower with right to buy discounts associated with the Midlands Pilot Scheme. The pilot will last for one year and will test two aspects of the voluntary agreement that the original pilots did not cover, namely (a) one for one replacement (which aims to maintain the supply of social housing properties) and (b) portability of discounts (which would allow tenants who are in homes that cannot be purchased to have a portable discount so that they may be able to purchase a similar property held by the same Registered Provider of Social Housing or a partner Registered Provider of Social Housing).

The Midlands Pilot Scheme was run as a ballot, and tenants had to apply prior to 16th September, 2018. According to the MHCLG, more than 9,000 households registered for the ballot and, of these, 6,000 tenants were allocated a unique reference number which enabled them to apply to their housing associations. This is twice the number of sales the Midlands Pilot Scheme can afford to fund, though the MHCLG stated that, from experience, a high number of tenants who make applications in relation to such schemes may not go on to complete a sale. As at 12th March 2019, 3,623 applications had been received by housing associations from tenants who had received unique reference numbers.

Until the Midlands Pilot Scheme has been concluded, its implications have been considered and the voluntary right to buy scheme has been rolled out nationally, it is difficult to determine with any certainty exactly how the voluntary right to buy could impact on the Clarion Housing Group. Relevant factors include local housing markets, the demographic profile of households, the size and type of stock and the cost consequences for discounts and replacement. The change could generate significant cash receipts and operating surpluses. However, the policy could have an adverse impact on the Borrowers' rental cash flows (and operating margin) which could affect the ability of each Borrower to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee.

Notwithstanding the obligations of a Borrower in relation to any Charged Property owned by it which is subject to a right to buy, the Group Borrower must ensure that the relevant Asset Cover Test is satisfied in respect of the Loan Facility Agreement relating to each Series of Notes.

Shared Ownership

The Borrowers may also generate revenue from their housing for sale programmes, which includes shared ownership sales and outright sales. Shared ownership income is generated on the initial sale of the "first tranche" and subsequent sales of further "tranches" or "staircasings". Household income eligibility thresholds have been increased to £80,000 outside London and £90,000 in London. Other restrictions, such as local authorities' right to set additional eligibility criteria, are in the process of being relaxed or removed.

There is the risk that if a tenant of a shared ownership property borrows monies through a mortgage from a commercial lender (having obtained consent from a Borrower) then that lender's mortgage (and any costs of

the commercial lender in enforcing that mortgage) may take priority ahead of the security arrangements in place under the Security Trust Deed. However, if that commercial lender were to enforce its security following a tenant defaulting on its mortgage, such lender could staircase (i.e. purchase a portion of the freehold property) up to 100 per cent. in order to be able to sell the whole leasehold interest in which case a Borrower as landlord could receive such staircasing payments from the commercial lender. If the price for the full 100 per cent. receivable on sale is not sufficient to meet the principal outstanding (plus 12 months interest and other statutorily permitted costs) then the shortfall will remain as a debt due to the landlord from the defaulting leaseholder. Under current rules, any shortfall not recovered is borne first by the provider of any grant in respect of the property, and thus the Borrowers are only affected to the extent that the shortfall cannot be covered by grant monies.

3 per cent. of the Charged Properties are shared ownership properties. Notwithstanding the obligations of a Borrower in relation to any Charged Property owned by it which is a shared ownership property, the Group Borrower must ensure that the relevant Asset Cover Test is satisfied in respect of the Loan Facility Agreement relating to each Series of Notes.

Outright Sales Risk

The Borrowers are exposed to cash flow and profits from a programme of outright sales of properties undertaken by the Clarion Housing Group's wholly owned subsidiary, Latimer Developments Limited (**Latimer**), through on-lending from the Borrowers. As at 31st March, 2018 the total direct and indirect lending from the Borrowers to Latimer, Your Lifespace Ltd. (**YLS**), Linden/Downland Graylingwell LLP and their respective subsidiaries and jointly controlled entities was £274 million. YLS was transferred from the Group Parent to Latimer in April 2017. As sales made by Latimer are dependent on economic conditions and performance of the housing market (see "*Risks related to the Market and Development*") so too is Latimer's capacity to service debt borrowed from the Borrowers. A material downturn in the housing market may therefore adversely affect the Borrowers' cashflows and their ability to make payments in respect of their respective On-Loan Agreements and the Deed of Guarantee.

For the year ended 31st March, 2018, the Clarion Housing Group's turnover from shared ownership first tranche sales and open market sales was £97 million, or 12 per cent. of the Clarion Housing Group's £829 million of turnover whilst operating surpluses from shared ownership first tranche sales and open market sales were £29 million, or 10 per cent. of the Clarion Housing Group's £305 million of operating surplus. Adding the share of turnover and surplus from the Clarion Housing Group's joint ventures, total turnover from shared ownership first tranche sales, open market sales and joint venture turnover was £118 million whilst total operating surplus from shared ownership first tranche sales, open market sales and joint venture income was £29 million.

Risks related to the Housing Market

Risks related to the Market and Development

Residential property investment is subject to varying degrees of market and development risks. Market values of properties are generally affected by overall conditions in the economy; political factors and systemic events, including the condition of the financial markets; the cost and availability of finance to businesses and consumers; fiscal and monetary policies; changes in government legislation; political developments, including changes in regulatory or tax regimes; changes in unemployment, gilt yields, interest rates and credit spreads; levels of prevailing inflation; changes in consumer spending; an increase in the supply of, or a reduction in demand for, residential property; infrastructure quality; the returns from alternative assets as compared to residential property; environmental considerations; changes in planning laws and practices; and the perceived threat from terrorism. Residential real estate values and rental revenues are also affected by factors specific to each local market in which the property is located, including the supply of available property and demand for residential real estate and the availability of mortgage finance to prospective purchasers.

These market risks may impact upon the expenses incurred by a Borrower associated with existing residential properties, the rental income produced by these properties, the value of its existing investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and properties for outright sale and its ability to acquire additional sites. This could, in turn, impact upon a Borrower's cash flow and its ability to satisfy any asset cover covenants which it is required to maintain pursuant to the terms of existing facility arrangements.

Among other things, the Existing Borrower perceives that these market risks have been heightened as a result of the UK vote to leave the EU on 23rd June, 2016 and these risks have the potential to impact upon the value of the Clarion Housing Group's assets, expenses incurred by the Clarion Housing Group with existing residential properties, the rental income produced by these properties, the ability to develop land acquired, the ability to sell properties and the ability to acquire additional sites (see "*The relationship of the UK with the EU may affect the business of the Borrowers*"). This, in turn, could impact on each Borrower's cash flow and the ability of each Borrower to satisfy any covenants which it is required to maintain pursuant to the terms of existing and any future financing arrangements, including its obligations under the relevant On-Loan Agreement or the Deed of Guarantee.

Risks related to the Regulatory Framework and Housing Grant

Risks related to Regulation

The position of the RSH has undergone some recent change. Noteholders are exposed to the creditworthiness of the Borrowers and any change in the Regulatory Framework could lead to the Borrowers facing increased costs to comply with the Regulatory Framework. Following consultation by the MHCLG, the House of Lords passed a motion to establish a stand-alone regulatory body for social housing with full independence launched in October, 2018. The RSH has stated that its fundamental objectives will not change.

The Housing and Regeneration Act 2008, as amended by the Localism Act 2011 and the Housing and Planning Act 2016, (the **Act**), makes provision for the regulation of social housing provision in England. Pursuant to the Act, the RSH acts as the regulator of Registered Providers of Social Housing in England. The RSH provides economic regulation for Registered Providers of Social Housing in order to ensure that they are financially viable, well governed and meet consumer standards.

The RSH regulates Registered Providers of Social Housing in accordance with the Regulatory Framework that sets out the standards which apply to Registered Providers of Social Housing (the **Standards**). The Standards cover: governance and financial viability; value for money; rent; quality of accommodation; repairs and maintenance; allocations, mutual exchanges and tenure; neighbourhood management, local area co-operation and anti-social behaviour; and tenant involvement and empowerment. Registered Providers of Social Housing are expected to comply with the Standards and to establish arrangements to ensure that they are accountable to their tenants, the RSH and relevant stakeholders.

The RSH's enforcement of the Standards other than those relating to governance and financial viability, rent and value for money is restricted to cases in which there is, or there is a risk of, serious detriment to tenants (including future tenants). The Regulatory Framework includes guidance as to how the RSH will assess whether serious detriment has arisen.

The Regulatory Framework includes requirements to ensure that social housing assets are not put at risk, to protect the public value in those assets and to ensure that Registered Providers of Social Housing can continue to attract the necessary finance to build new homes. On 14th August, 2018, the UK Government published a green paper entitled "A new deal for social housing" which considers, amongst other things, possible regulatory changes to strengthen the RSH such as enabling the consumer standards to be enforced in a similar way to the economic standards. The Borrowers have adhered to the requirements of the Regulatory Framework.

The RSH's intention is to strengthen its expectations of Registered Providers of Social Housing in relation to risk management and planning for adverse events. The changes are designed to underpin the financial viability of Registered Providers of Social Housing, including the Borrowers, but it is possible that compliance with on-going regulatory requirements may result in increased costs. Since 2017, the RSH has charged fees to Registered Providers of Social Housing for regulation. For Clarion Housing Group the cost for 2017/2018 was £4.72 per social housing unit. The Clarion Housing Group has strong internal governance controls to manage its affairs appropriately; avoid non-compliance with regulatory standards; and hence lessen the risk of corrective action by the RSH.

The RSH publishes guidance on how it regulates. It adopts a proportionate approach with an emphasis on self-regulation and co-regulation. Serious non-compliance with the economic standards is more likely to lead to a downgrade in grading which is then published as a formal Regulatory Judgement. Any breach of the Standards could lead to the exercise of the RSH's statutory powers. In practice, use of statutory powers is rare. In the event that the RSH requires a Borrower to take corrective action necessitating significant additional expenditure by that Borrower, the ability of that Borrower to meet its obligations under its On-Loan Agreement to which it is a party may be materially adversely affected.

The Borrowers have a range of mechanisms to ensure their residents can participate in the governance of the Clarion Housing Group including resident board members on the landlord bodies, service task teams, regional scrutiny boards, regional service task teams on repairs, virtual forums, resident associations and other local offers. Value for money is being driven by significant efficiency savings targets supported by a strong focus on operational efficiencies and procurement. The RSH has also set standards where it adopts an interventionist role if performance is so poor as to constitute serious detriment. The RSH expects Registered Providers of Social Housing to monitor their own performance and take any remedial action swiftly.

On 19th December, 2018, the RSH published a regulatory judgement for the Clarion Housing Group which concluded that both the governance and viability standards had been met and consequently maintained its grading of the Issuer at "G1" and "V1", respectively.

Risks related to Housing Grant

The Borrowers have historically received grant funding from a variety of sources, including Homes England. The Localism Act 2011 devolved the housing and regeneration functions in Greater London to the Greater London Authority (**GLA**). On 13th July, 2017, the Mayor of London announced that the GLA would provide £1.7 billion in grant funding to local authorities and Registered Providers of Social Housing to build almost 50,000 homes over a four year period. This includes a strategic partnership with the Clarion Housing Group under which it will receive £168.3 million in housing grant to build 5,000 homes. Due to the nature of grant funding, there is a risk that the amount of funding available and the terms of grants will vary. Following approval of a grant there is a risk that Homes England or the GLA may revise the terms of a grant and reduce entitlement, suspend or cancel any instalment of such a grant, if the Clarion Housing Group does not comply with the terms of the Capital Funding Guide. These circumstances are set out in the "Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination 2017" and the "Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination" of the GLA, including but not limited to, failure to comply with conditions associated with the grant or a disposal of the property funded by a grant, the grant may be required to be repaid or re-used. Any such reduction in, withdrawal of, repayment or re-use of grant funding could adversely impact the future development of the Borrowers.

In April 2016, Homes England announced that it was making available £4.7 billion of capital grant between 2016-2021 under the Shared Ownership and Affordable Homes Programme 2016-2021. That marked a decisive shift towards support for home ownership. However, the Autumn Statement 2016 announced that an additional £1.4 billion would be made available to build 40,000 affordable homes and that the Shared Ownership and Affordable Homes Programme 2016-2021 will support a variety of tenures which now includes affordable rent, shared ownership and rent to buy. This, together with the publication of the Housing White Paper "Fixing our broken housing market" published in February 2017, has marked a shift of

emphasis in UK Government investment priorities back towards rented housing. Under this programme, Clarion Housing Group received an initial allocation of £60 million of grant to deliver 3,500 homes by March 2021.

In November 2016 the Mayor of London published his "Homes for Londoners: Affordable Homes Programme 2016-2021 Funding Guidance" that sets out how the GLA will use £3.15 billion of capital grant secured in the Autumn Statement 2016 to support the delivery of 90,000 affordable homes in London, utilising new planning guidance, designed to speed up development and boost affordable housing numbers. It is expected that most homes in the Mayor of London's programme will be delivered by Registered Providers of Social Housing. On 22nd November, 2017, the Chancellor's Autumn Budget confirmed the additional £2 billion available to Homes England and Greater London Authority to deliver affordable homes that had been announced in October 2017.

The Borrowers do currently benefit from housing grant under the Shared Ownership and Affordable Homes Programme 2016-2021, however, they have received the majority of their allocation to date with only the allocation to be delivered on the successful completion of the project remaining outstanding. From 2021 onwards, the Borrowers have, in their business plans, made a planning assumption that no further grant will be received. However, if at some stage in the future a Borrower was reliant on the receipt of housing grant as part of its business plan, increased competition, the conditions attached to the funding, the need for bidders to provide evidence regarding timescale compliance and the possible future reduction in grants beyond 2021 could result in any future award of housing grant beyond 2021 allocated to that Borrower being reduced in size. Accordingly, the Clarion Housing Group may seek to increase commercial risk to subsidise affordable housing and/or the Clarion Housing Group may have to increase net debt, each of which may have a corresponding effect on the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee.

Risks related to Capital Resources

The ability of the Borrowers to operate their businesses depends in part on them being able to raise funds. An increase in the cost, or lack of availability, of finance (whether for macroeconomic reasons, such as a lack of liquidity in the debt markets or the inability of a financing counterparty to honour pre-existing lending arrangements, or reasons specific to a Borrower) could impact the Borrowers' ability to progress their business objects, deliver the expected rates of return on investments and the day-to-day financing (or refinancing) requirements of the Borrowers' businesses over the longer term. Any material increase in the cost of financing or any decrease in the availability of financing on reasonable terms could have a material adverse effect on each Borrower's business, operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee.

In addition, the Borrowers are subject to the risk that they will be unable to generate sufficient cash flows, or be unable to obtain sufficient funding, to satisfy their obligations to service and/or refinance their indebtedness. Further, any covenants contained in the Borrowers' borrowing arrangements, including the relevant On-Loan Agreements, may limit or prohibit the Borrowers' operational and financial flexibility. Any event of default, cross default, breach of a covenant or the inability to vary or waive any covenants could generally have a material adverse effect on each Borrower's business, results of operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee.

To manage liquidity risk and augment their capital reserves, the Borrowers' treasury strategies ensure that a significant liquidity buffer in the form of cash and undrawn but committed revolving credit facilities is available, funding is procured in advance of need and sufficient headroom against covenants is maintained. Further, each Borrower seeks to ensure that leverage is maintained at a level within the Borrower's risk appetite as measured by its ability to service debt and maintain strong investment grade credit ratings (see "*Risks related to Credit Ratings*").

Risks related to Interest Rates

The Borrowers are subject to adverse interest rate movements that could lead to an increase in the cost of borrowing. Each Borrower's interest rate risk arises from the risk of fluctuations in interest charge on floating rate borrowings.

Risks related to Pensions

The Clarion Housing Group participates in a number of defined benefit and defined contribution pensions schemes. The assets of these schemes are held separately to those of the Clarion Housing Group.

During the financial year 2017/18 the Clarion Housing Group exited the defined benefit section of the Social Housing Pensions Scheme, transferring its share of assets and liabilities to the Clarion Housing Group Pension Scheme. Following the transfer, the scheme remains open to accrual and Clarion Housing Group continues to pay contributions in respect of the active members.

The Clarion Housing Group participates in a number of other defined benefit schemes which are all closed to new entrants. All defined benefit schemes are subject to annual review by a qualified actuary. As at 31st March, 2018, the net pension liabilities of all the defined benefit schemes in which the Clarion Housing Group participated were assessed at £70.9 million and the defined benefit pension scheme contributions made by the Clarion Housing Group in relation to these schemes were £14.7 million in the year ended 31st March, 2018.

Development and Operational Risk

Residential property investment is subject to varying degrees of market, development and operational risk. Market risks which may impact upon both the rental market and the development of residential properties include the risk of changes to UK Government regulation, including, but not limited to, regulation relating to planning, taxation, landlords and tenants and welfare benefits. Furthermore, the maintenance of existing properties, development of existing sites and acquisition of additional sites may be subject to the availability of finance facilities and the costs of facilities, interest rates and inflation may also have an effect.

Among other things, these market risks may impact upon the expenses incurred by a Borrower associated with existing residential properties, rental income produced by these properties, the value of its existing investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and its ability to acquire additional sites. This could, in turn, impact upon a Borrower's cash flow and its ability to satisfy any asset cover covenants which it is required to maintain pursuant to the terms of existing facility arrangements.

Operational risks may result from major systems failure or breaches in systems security (although the Group Borrower and the Existing Borrower have prepared business continuity plans in order to mitigate against this, they are dependent upon their technologies in order to deliver business processes) and the consequences of theft, fraud, health and safety and environmental issues, natural disaster and acts of terrorism. These events could result in financial loss to the Borrowers and hence the Group Borrower and the Issuer.

Operational risks are also considered in the section headed "*Principal risks and uncertainties*" in the 2018 Group Financial Statements. See "*Documents Incorporated by Reference*" below.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that the Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List or other members of the Clarion Housing Group will be unable to comply with their obligations.

Risks related to Legal and Compliance Obligations

The Existing Borrower knows the significance to its operations of, and is focused on, adhering to all legal and compliance requirements. The Existing Borrower is not currently aware of any material failure to adhere to applicable health and safety or environmental laws, or breach of other regulations, or failure to comply with corporate, employee or taxation laws. If any of this were to occur in the future, this could have an adverse impact on each Borrower's results of operations and, in turn, its ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee.

In relation to all of its units, the Existing Borrower is complying with statutory obligations for health, safety and fire legislation to ensure the safety of all occupying tenants. Accordingly, the Existing Borrower is continually reviewing and updating its policies and procedures (including in relation to the recommendations of the Independent Review of Building Regulations and Fire Safety led by Dame Judith Hackitt), and will continue to comply with legislative changes, to ensure that the condition and safety of each unit is compliant with prevailing legal and regulatory requirements. The Clarion Housing Group has taken a pro-active approach with this review and has been working with key stakeholders such as the MHCLG and National Housing Federation to influence proposed changes. The Existing Borrower also carries out health and safety checks of its properties on an on-going basis, including, but not limited to gas safety checks and fire risk assessments. Following the tragic events at Grenfell Tower in the Royal Borough of Kensington and Chelsea, the Clarion Housing Group completed additional comprehensive checks on all of the blocks it owns with six storeys or more including in relation to cladding, the internal safety of such buildings and housekeeping arrangements. Following surveys, none of the Borrowers owns any confirmed blocks which are over 18 metres and which have cladding of a similar type to that at Grenfell Tower. The Clarion Housing Group continues to undertake a programme of further inspections and intrusive surveys which will inform decisions on any further action to be taken. The programme is wider in scope than the assessment of cladding and consequently remedial works have been identified and in some cases completed to further enhance fire safety.

Each Borrower has the benefit of insurance for, among others, employer's liability, public liability and directors' and officers' liability at levels which the management of each Borrower considers to be prudent for the type of business in which the Borrowers are engaged and commensurate with Registered Providers of Social Housing of a similar size.

Litigation Risk

There can be no assurance that the Borrowers will not, in the future, be subject to a claim which may have a material impact upon their revenue or business. To date, the Existing Borrower is not aware of any claims being brought against it that have had a material impact on its revenue or business.

Risks related to business mergers and acquisitions

The Clarion Housing Group, itself the product of a merger between Affinity Sutton Group Limited and Circle Anglia Limited, has, in the past, merged, and may, in the future, merge, with other businesses (or make business acquisitions) that could impact on the performance and risk profile of the Clarion Housing Group and, in particular, the Borrowers.

Mergers and acquisitions can involve a number of risks, such as the underlying business performing less well than expected after a merger or an acquisition, the possibility of the integration diverting management's attention, the possible loss of key personnel within the merged or acquired business and other risks inherent in the systems of the merged or acquired business and associated with unanticipated events or liabilities. In addition, the members of the Clarion Housing Group may incur significant merger or acquisition, administrative and other costs in connection with any such transactions, including costs related to the integration of merged or acquired business. These costs may include unanticipated costs or expenses, legal, regulatory and contractual costs, and expenses associated with eliminating duplicate facilities. All of the factors above could have a material adverse effect on the business, results of operations, financial condition

or prospects of such merger or acquisition. In turn, this could have a material adverse effect on the ability of the Borrowers to repay to the Group Borrower the amounts outstanding under their On-Loan Agreements, the Group Borrower's ability to repay to the Issuer the amounts outstanding on a Loan Facility Agreement and, ultimately, the ability of the Issuer to meet its payment obligations on a timely basis under the Notes.

Risks relating to integration and achieving expected benefits from past and future mergers and acquisitions

Risks relating to integration and achieving synergies are particularly relevant to the Borrowers in the context of the merger of Affinity Sutton Group Limited and Circle Anglia Limited in November 2016 to form the Clarion Housing Group and the subsequent business strategy to achieve benefits from the merger through the more efficient use of resources. The Clarion Housing Group and, in particular, the Borrowers may not realise the degree, or timing, of benefits of this merger or any other past or future merger or acquisition that it anticipated when it first entered into a merger or acquisition transaction. Anticipated synergies may not materialise, revenue improvements and cost savings may be less than expected and the housing stock acquired as part of the merger may not meet expectations requiring, in turn, substantial investment. Additionally, there is a risk that the focus of management and other resources for running the business will be diverted to integration projects. The Clarion Housing Group and the Borrowers cannot guarantee that the merger in November 2016 and the subsequent consolidation of the Registered Providers of Social Housing within the Clarion Housing Group or the integration of any future mergers or acquisitions will generate benefits for the Clarion Housing Group as a whole or the Borrowers individually that are sufficient to justify the expenses it incurred or will incur in completing such mergers or acquisitions.

The Borrowers have considered the aforementioned risks relating to integration and have mitigated them by: (a) implementing a common strategy, common values and strategic objectives within the Clarion Housing Group; (b) creating a supporting governance framework for delivery of strategic integration objectives; (c) establishing at merger a transitional position of Executive Director of Integration, (d) establishing and implementing an operational and infrastructure integration plan and (e) investing in a Microsoft Enterprise Resource Planning systems platform to enable its business transformation plans, the first phase of which was successfully launched in April 2018.

Dependency on third-party suppliers

The Borrowers' maintenance of their properties (including, but not limited to, the Charged Properties) is dependent on the timely performance of third party maintenance contractors performing their obligations under their maintenance contracts with the Borrowers. The Borrowers work closely with their maintenance contractors to avoid property maintenance-related problems, but there can be no assurances that the Borrowers will not experience problems in the future. The performance of contracts by the maintenance contractors with the Borrowers may be subject to disruption for a variety of reasons, including, but not limited to, work stoppages, labour relations and breakdown in machinery. Any such failure by maintenance contractors to fulfil their contractual obligations or any such disruption could, if significant, interrupt the Borrowers' ability to provide social housing and this could negatively impact the Borrowers' rental income stream, which could, in turn, adversely affect their payments under the On-Loan Agreements and, ultimately, the Issuer's ability to meet its payment obligations on the Notes.

Personnel

The business operations of each of the Borrowers are dependent on the efforts of its personnel and the ability to attract and maintain skilled staff. No assurance can be given that changes in employees will not have a material adverse effect on the results of operations of the Borrowers.

The relationship of the UK with the EU may affect the business of the Borrowers

On 29th March, 2017, the UK invoked Article 50 of the Treaty on European Union (**TEU**) and officially notified the EU of its decision to withdraw from the EU. This commenced the formal two-year period of

negotiations regarding the terms of the withdrawal and framework of the future relationship between the UK and the EU (the **Article 50 withdrawal agreement**). As part of these negotiations, a transitional period has been agreed in principle which would extend the application of EU law, and provide for continuing access to the EU single market, until the end of 2020 although this has not been approved by the UK Parliament. The UK and the European Council have therefore agreed to extend this period of Article 50 negotiations until 31st October, 2019. If the parties fail to reach an agreement within this time frame, all EU treaties will cease to apply to the UK, unless the European Council, in agreement with the UK, unanimously decides to extend this period again or the UK decides to revoke Article 50 and remain in the EU.

It remains uncertain whether the Article 50 withdrawal agreement will be finalised and ratified by the UK and the EU ahead of the 31st October, 2019 deadline. If it is not ratified, the TEU and the Treaty on the Functioning of the European Union will cease to apply to the UK from that date. The UK Government has commenced preparations for a "hard" or "no-deal" Brexit to minimise the risks for firms and businesses associated with an exit from the EU with no transitional agreement. This has included publishing draft secondary legislation under powers provided in the European Union (Withdrawal) Act 2018 to ensure that there is a functioning statute book on 31st October, 2019. The European authorities have not provided UK firms and businesses with similar assurances in preparation for a "hard" Brexit.

As the business of the Borrowers is focused on providing social housing in the UK, the direct impact of the UK's withdrawal from the EU on the Borrowers is expected to be relatively limited. However, the overall impact on the Borrowers of the on-going political uncertainty as regards the terms of the UK's withdrawal from the EU and the structure of the future relationship is difficult to predict. As such, no assurance can be given that the Borrowers' operating results, financial condition and prospects would not be adversely impacted as a result or that such matters would not adversely affect the market value and/or the liquidity of the Notes in the market and/or the ability of the Borrowers to satisfy their obligations under their On-Loan Agreements and the Deed of Guarantee and/or the ability of the Issuer to satisfy its obligations under the Notes.

Until the terms and timing of the UK's exit from the EU are clearer, it is not possible to determine the impact that the UK's withdrawal from the EU and/or any related matters may have on the general economic conditions in the UK and/or on the business of the Borrowers and, in turn, the Issuer.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features, distinguishing between factors which may occur in relation to any Notes:

Risks applicable to all Notes

If the Notes are redeemed early, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

In the event that the Notes become repayable prior to maturity either following an Event of Default (as defined in Condition 12.1 (*Events of Default*)), due to taxation reasons (pursuant to Condition 9.3 (*Redemption for tax reasons*)), at the option of the Issuer (pursuant to Condition 9.2 (*Early Redemption*)) or mandatorily (pursuant to Condition 9.4 (*Mandatory Early Redemption*), the Notes will be redeemed in full in an amount equal to that specified in the applicable Final Terms, plus accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the Notes. Furthermore, the optional redemption feature of the Notes is likely to limit their market value as the market value generally will not rise substantially above the price at which they can be redeemed.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks", including LIBOR and EURIBOR, are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a benchmark.

The Benchmarks Regulation was published in the Official Journal of the EU on 29th June, 2016 and the majority of its provisions have applied since 1st January, 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. On 27th July, 2017, and in a subsequent speech by its Chief Executive on 12th July, 2018, the FCA confirmed that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the **FCA Announcements**). The FCA Announcements indicated that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

In addition, on 29th November, 2017, the Bank of England and the FCA announced that, from January 2018, their Working Group on Sterling Risk-Free Rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (**SONIA**) over the next four years across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021.

Separate work streams are also underway in Europe to reform EURIBOR using a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a methodology to create a term rate) in accordance with the Benchmarks Regulation, and the European Money Markets Institute was authorised as the administrator of EURIBOR on 2nd July, 2019. On 13th September, 2018, the working group on euro risk-free rates recommended Euro Short-term Rate **(€STR)** as the new risk-free rate. €STR is expected to be published by the European Central Bank (**ECB**) by October 2019. In addition, on 21 January 2019, the euro risk-free rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to enter into new contracts referencing EURIBOR without more robust fallback provisions may increase the risk to the euro area financial system.

It is not possible to predict with certainty whether, and to what extent, LIBOR will continue to be supported going forwards and what impact the proposed hybrid methodology will have on the performance of

EURIBOR. This may cause LIBOR and EURIBOR to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark and/or (iii) leading to the disappearance of the benchmark. Any of the above changes, or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

Investors should be aware that, if LIBOR or EURIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR or EURIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which LIBOR or EURIBOR is to be determined under the Conditions of the Notes, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for LIBOR or EURIBOR which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the relevant Screen Page. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR or EURIBOR.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or any of the international or national reforms in making any investment decision with respect to any Notes referencing a benchmark.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.

The market values of securities issued at a substantial discount or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Note Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders.

The Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the

relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes also provide that the Note Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or Potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 18 (*Meetings of Noteholders, Modification and Waiver*).

The value of the Notes could be adversely affected by a change in English law or administrative practice.

The Conditions of the Notes are based on English law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Offering Circular and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Potential Conflicts of Interest

Each of the Dealers, the Note Trustee, the Security Trustee, the Paying Agents, the Agent Bank and the Account Bank (together with the Issuer, the Group Borrower and the Borrowers, the **Relevant Parties**) and their affiliates in the course of each of their respective businesses may provide services to other Relevant Parties and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Relevant Parties and their affiliates or between such Relevant Parties and their affiliates and such third parties. Each of the Relevant Parties (other than the Issuer, the Group Borrower and the Borrowers) and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Relevant Party.

Taxation

Under Condition 10 (*Taxation*), the Issuer will not be entitled to make any deduction or withholding on account of tax from payments in respect of the Notes unless such withholding or deduction is required by law. In the event that any deduction or withholding on account of tax is required by law, the Issuer shall be

required (except in the limited circumstances set out in Condition 10 (*Taxation*)) to pay such additional amounts as will result in the receipt by the Noteholders of such amounts as would have been received by them if no such withholding or deduction had been required. Where the deduction or withholding is required as a result of a change in applicable law or regulations, the Issuer may exercise its option to redeem the relevant Notes in full at their principal amount, plus accrued interest, pursuant to Condition 9.3 (*Redemption for tax reasons*). As mentioned above, in such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes.

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the Notes, see below in "*Taxation – United Kingdom Taxation*".

Risks Relating to the Security for the Notes

Considerations relating to the Series Security and the Underlying Security

Each Series of Notes will be secured by Series Security granted in favour of the Note Trustee for the benefit of the Noteholders and the other Series Secured Parties. Such Series Security will include security over the Issuer's rights as beneficiary of security over the relevant On-Loan Agreement and the Underlying Security. The Underlying Security will, subject to certain perfection requirements, comprise a Fixed Charge over the relevant Charged Properties and an equitable assignment over the rents derived from the relevant Charged Properties.

The validity of any security given by a Borrower in connection with additions and substitutions of Charged Properties may depend on the solvency of the relevant Borrower at the time of the grant.

Change of apportionment basis of Charged Properties

The Security Trust Deed provides for security over properties to be apportioned amongst the beneficiaries thereunder on either a "specific apportionment basis" whereby the individual properties are specifically charged for a specific beneficiary or on a "numerical apportionment basis" whereby a specific percentage of units within the portfolio of properties charged thereby is designated to a beneficiary (see "*Description of the Deed of Guarantee and the Underlying Security – Security Trust Deed – Apportionment of Charged Properties*"). The Issuer and the Note Trustee may, without the consent of the Noteholders, agree to a change in the apportionment basis under the Security Trust Deed, subject to certain confirmations as to the value of the new Charged Property and maintenance of the relevant Asset Cover Test.

The Issuer's ability to meet its obligations under the Notes after enforcement under a Loan Facility

Following default by the Group Borrower, the Security Trustee will be entitled to call on the Guarantors under the Deed of Guarantee for payment of any sums unpaid by the Group Borrower. If the Guarantors do not make payment of amounts due to the Issuer within the grace period provided for in the Deed of Guarantee, the Security Trustee may, subject to the moratorium provisions contained in the Housing and Regeneration Act (in respect of which see the risk factor entitled "*Moratorium and special administration regime*" below), enforce the Underlying Security in respect of the Borrowers and appoint a Receiver in respect of the defaulting Borrower pursuant to its powers under the Security Trust Deed.

The Issuer's ability to continue to pay principal and interest on the Notes following default by the Group Borrower under the relevant Loan Facility is dependent upon the ability of the Issuer to receive through the Deed of Guarantee, or from the Security Trustee pursuant to the collection of rental income or a disposal of the Underlying Security, sufficient funds to make such payment.

Fixed charges may take effect under English law as floating charges

Pursuant to the Note Trust Deed, the Issuer has purported to grant fixed charges over, amongst other things, all rights and benefits under the Transaction Account and any Cash Security Account in respect of the

relevant Series. The law of England and Wales relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than assignment of security) may take effect under English law as floating charges only if, for example, it is determined that the Note Trustee does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Note Trustee will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors.

Mortgagee in Possession Liability

There is a risk that the Security Trustee may be deemed to be a mortgagee in possession if it physically enters into possession of a Charged Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Security Trustee. The consequence of being a mortgagee in possession would be that the Security Trustee may be obliged to account to the relevant Borrower for the income obtained from the Charged Property, be liable for any damage to the Charged Property, have a limited liability to repair the Charged Property and, in certain circumstances, may be obliged to make improvements or incur financial liabilities in respect of the Charged Property. A mortgagee in possession may also be liable to a tenant for any mis-management of the relevant property and may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), the liabilities of a property owner.

Environmental Considerations

Under relevant UK environmental legislation, liability for environmental matters can be imposed on the "owner" or any "person in control" of land. The term "owner" is not specifically defined and could include anyone with a proprietary interest in a property, which could include a representative of the Security Trustee as a mortgagee in possession of a Charged Property (in respect of which see the risk factor entitled "*Mortgagee in Possession Liability*" above). Environmental laws may impose liability on the owner for clean-up costs if a property is or becomes contaminated. A Borrower may therefore be liable for the entire amount of the clean-up and redemption costs for a contaminated site regardless of whether the contamination was caused by it or not. These costs may be significant.

In addition, the presence of hazardous or toxic substances, or the failure to adequately remedy adverse environmental conditions at a Charged Property, may adversely affect its market value, as well as a Borrower's ability to sell, lease or refinance the Charged Property. Any environmental liability imposed on a Borrower could result in a shortfall in funds available to repay the On-Loan Agreement, which in turn could result in a shortfall in funds available to the Issuer to repay the Notes.

Sufficiency of Insurance

Although each Charged Property is required to be insured at appropriate levels and against customary risks, there can be no assurance that any loss incurred will be of a type covered by such insurance, nor can there be any assurance that the loss will not exceed the limits of such insurance. Any interruption in income or any loss or damage caused to a Charged Property not adequately covered by insurance could result in a shortfall in funds available upon an enforcement of the security created by the Borrowers in respect of their obligations under the Deed of Guarantee.

Claims of Creditors of the Issuer other than Series Secured Parties

Under English law, any creditor (who has not entered into non-petition clauses) would (save where an administrator has been appointed) be able to commence insolvency or winding up proceedings against the Issuer in respect of any unpaid debt. If this occurred, the security would be realised to meet the Issuer's payment obligations, but there is a risk that the security may be insufficient to satisfy all the Issuer's payment obligations in full. However, to minimise the risk of the premature insolvency or winding up of the Issuer, it

will undertake not to incur any debt or liability or enter into any other transaction other than as provided in, or contemplated by, the Programme Documents.

Moratorium and housing administration

In order to protect the interest of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 day moratorium on the disposal of land (including the enforcement of any security) by an insolvent non-profit Registered Provider of Social Housing will apply, upon notice being given to the RSH of certain steps being taken in relation to that Registered Provider of Social Housing such as the presentation of a winding up petition, the appointment of an administrator or the intention to enforce security over its property. The RSH may then seek to agree proposals about the future ownership and management of the Registered Provider of Social Housing's land with its secured creditors. The moratorium procedure may adversely affect the Security Trustee's ability to enforce the Underlying Security, as the procedure stipulates actions that must be taken by a secured creditor prior to that secured creditor being able to enforce its security and gives powers to the RSH in respect of certain secured assets.

The Housing and Planning Act 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced, *inter alia*, a special administration regime called housing administration. The housing administration regime was brought into force on 5th July, 2018 and is available in addition to the existing moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing that is at risk of insolvency, following an application from the Secretary of State or (with the permission of the Secretary of State) the RSH.

The housing administrator is to have two objectives. Objective 1 ("normal administration") consists of (a) the rescue of a Registered Provider of Social Housing as a going concern, (b) achieving a better result for its creditors than would otherwise be possible on a winding-up if (a) above is impracticable, or (c) realising property to distribute to more secured or preferential creditors if (a) and (b) above are impracticable. Objective 2 ("keeping social housing in the regulated sector") is to keep the organisation's social housing under the ownership of a Registered Provider of Social Housing. Whilst the housing administrator is expected to work towards both these objectives, the first objective takes priority in the event of conflict. The Housing and Planning Act 2016 explicitly states that the housing administrator must not do anything in pursuit of Objective 2 which would result in a worse distribution to creditors than would be the case if he or she were not bound by Objective 2. This order of priority was changed during the bill's passage through Parliament in order to provide more comfort for lenders.

Under the new regime, no steps may be taken by any person other than the Secretary of State for the winding up, entry into administration by or enforcement of security of a Registered Provider of Social Housing, unless 28 days' notice of that step has been given to the RSH and elapsed, or the RSH has waived the notice requirement. During that 28 day period, the Secretary of State or the RSH, with the consent of the Secretary of State, may apply for a housing administration order. The new regime preserves a moratorium on disposals of land described above and the power of the RSH to make proposals remains in place throughout this period (though reduced the relevant period from 28 working days to 28 days).

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents secured creditors from enforcing their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In certain circumstances a court may make an order enabling a housing administrator to dispose of property belonging to a Registered Provider of Social Housing which is subject to a fixed charge, albeit only

on terms that the fixed charge holder receives the proceeds up to the value of the security and those proceeds are topped up to "market value" if the property is sold for less than this.

The new housing administration regime may delay the disposal of social housing assets by any insolvent Registered Provider of Social Housing. It could also adversely affect the Security Trustee's and the Note Trustee's ability to enforce the Underlying Security granted by a Borrower for so long as any administration order is in place in respect of such a Borrower or could result in a housing administrator disposing of Charged Property belonging to such Borrower at a time when proceeds are not sufficient to discharge such Borrower's obligations under its On-Loan Agreement or the Deed of Guarantee. In turn, this could result in a delay to the period in which a Noteholder would be repaid in the event of the Issuer defaulting in respect of its obligations in respect of the Notes.

There may also be a moratorium on enforcement against the Issuer or the Group Borrower pursuant to the relevant provisions of the Insolvency Act 1986, if an administrator were to be appointed to the Issuer or the Group Borrower. This may limit or delay the Note Trustee's ability to enforce security against the Issuer under the Note Trust Deed or the Security Trustee's ability to enforce security against the Group Borrower under the Security Trust Deed (and therefore, in turn, to enforce the security granted by the Borrowers over the Charged Properties), for so long as the Issuer or the Group Borrower remains subject to administration. As a registered society within the meaning of the Cooperative and Community Benefit Society Act 2014, the Existing Borrower is not subject to administration under the Insolvency Act 1986.

Merger

A Borrower may amalgamate, merge, consolidate or enter into a transfer of engagements with another entity at any time pursuant to a Permitted Reorganisation without the consent of the Issuer. In such circumstances, if following any such amalgamation, merger, consolidation or transfer, the credit risk of the Borrower or any successor entity created thereby were weaker than that of the Borrower prior to such amalgamation, merger, consolidation or transfer, the Issuer would become subject to this increased credit risk. Other members of the Clarion Housing Group (including, for the avoidance of doubt, the Group Parent) may also merge, amalgamate or enter into a transfer of engagements pursuant to section 110 of the Co-operative and Community Benefit Societies Act 2014 with another entity or entities at any time without the consent of the Issuer (other than, in the case of the Group Borrower, the Issuer's consent to the transfer or novation of the Loan Facility Agreement). In both cases, however, any such merger, amalgamation or transfer would only be entered into with the approval of the Group Parent. The Group Borrower and the Issuer are both subsidiaries of the Group Parent and, as such, the Issuer expects that their interests will be aligned in respect of any proposed amalgamation, merger, consolidation or transfer.

Addition of new Borrowers and resignation of the Existing Borrower

The Group Borrower may at any time agree to the accession of new Borrowers as Borrowers under the On-Loan Agreements and as Guarantors under the Deed of Guarantee, subject to the conditions set out therein such as delivery by the Group Borrower and the proposed Guarantor of the Guarantor Conditions Precedent (as defined therein). In such circumstances, if the new Borrower's credit risk were weaker than that of the rest of the Guarantors, the Issuer would become subject to increased credit risk in respect of the Guarantors as a whole. Any Borrower may, upon request, cease to be a Borrower at any time provided that the resignation of such Borrower will not result in a breach of the asset cover ratios set out in the Loan Facility Agreement.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes.

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

If an investor holds Notes which are not denominated in the investor's home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Group Parent or any Notes may not reflect all the risks associated with an investment in those Notes.

The on-going creditworthiness of the Borrowers depends on many factors, including the link to national government, industry, competitive, financial and operational performance, economic factors, the level of drawn debt, the ability to access new debt and the strength of the Borrowers' management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in the Borrowers' perceived creditworthiness as indicated by the Group Parent's issued credit ratings that could, in turn, cause the trading price of the Notes to decline and may result in a loss of all or part of an investment in the Notes. In addition, the Notes permit the Borrowers to undertake Permitted Reorganisations. In such circumstances, the resulting entity's credit risk may change. The Borrowers aim to maintain a business strategy, risk appetite statement, operational and governance structure and a capital structure consistent with strong investment grade credit ratings.

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The Group Parent and the Programme has each been rated "A3" by Moody's and "A" by S&P. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. As with

any rated entity, the rating of the Group Parent or any other member of the Clarion Housing Group (and, accordingly, the rating of the Notes) may be susceptible to further adjustments (whether upward or downward) and in particular any adjustments which may be made as a result of a rating agency's methodology as applied to the Group Parent or any other member of the Clarion Housing Group.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Offering Circular.

As of the date of this Offering Circular, each of Moody's and S&P is established in the EU and is registered under the CRA Regulation. As such, each of Moody's and S&P is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation.

Group Financial Statements

Whilst the Group Parent is not an obligor or guarantor in respect of Notes issued under the Programme, the Group Financial Statements provide a more meaningful basis for understanding the financial position of the Borrowers as a whole than the audited financial statements of each of the Borrowers individually. This is because investors in Notes issued under the Programme will be ultimately exposed to the credit risk of the Borrowers collectively and the only available audited financial statements where the financial performance of the Borrowers is set out in aggregate for the financial years ended 31st March, 2017 and 31st March, 2018 are the Group Financial Statements.

The group structure of the Clarion Housing Group has changed significantly during the financial years ended 31st March, 2017 and 31st March, 2018. As set out in "*Risk Factors – Risks relating to integration and achieving expected benefits from past and future mergers and acquisitions*" and "*Description of the Clarion Housing Group – the Existing Borrower – Incorporation and Status*", the Clarion Housing Group has undergone a consolidation of the entities within the Clarion Housing Group which are Registered Providers of Social Housing.

Between September 2016 and February 2018, ten Registered Providers of Social Housing within the Clarion Housing Group were consolidated so as to form one consolidated entity in March 2018, the Existing Borrower. For the financial year ended 31st March, 2018, the Existing Borrower produced unconsolidated financial statements. However, as at 31st March, 2017 there were six predecessor entities which eventually formed the Existing Borrower, being Affinity Sutton Homes Limited, Circle Thirty Three Housing Trust Limited, Old Ford Housing Association Limited, Russet Homes Limited, Merton Priory Homes and Mole Valley Housing Association Limited (together, the **Predecessor Entities**), each of which produced financial statements in respect of itself and its subsidiaries (if any). As such, to understand the financial position of the Existing Borrower as at 31st March, 2017, it would be necessary to aggregate the financial performance of each Predecessor Entity by reading in aggregate the financial statements of the Predecessor Entities.

The tables below set out certain key metrics in respect of the financial years ended 31st March, 2017 and 31st March, 2018 and demonstrate the significance of (a) the aggregate financial position of the Predecessor Entities within the Clarion Housing Group in respect of the financial year ended 31st March, 2017 and (b) the aggregate financial position of the Existing Borrower within the Clarion Housing Group in respect of the financial year ended 31st March, 2018.

Accordingly, given the Group Financial Statements are the financial statements which are most reflective of the Clarion Housing Group and the Existing Borrower in its current form and the credit exposure in respect of Notes issued under the Programme is to the Borrowers collectively, the Issuer believes that the Group Financial Statements present more meaningful information in relation to the Borrowers in respect of the financial years ended 31st March, 2017 and 31st March, 2018 than the audited financial statements of each of the six Predecessor Entities for the financial years ended 31st March, 2017 and the audited financial statements of the Existing Borrower for the financial year ended 31st March, 2018.

As at the date of this Offering Circular, subject as follows, the Issuer intends to include in any future offering circulars in respect of the Programme the audited consolidated financial statements of the Group Parent, instead of the audited financial statements of each Borrower, in respect of each financial year ended 31st March, 2019 and each subsequent financial year thereafter. The Issuer will need to be satisfied that the audited consolidated financial statements of the Group Parent are representative of the Borrowers and, for

these purposes, the Issuer shall consider the key metrics specified in the table above (or the most relevant key metrics from time to time) in respect of the relevant financial year.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note** and, together with a Temporary Global Note, each a **Global Note**) which, in either case, will:

(a) if the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and

(b) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Global Note of the same Series or (ii) for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

The option for an issue of Notes to be represented on issue by a Temporary Global Note exchangeable for definitive Notes should not be expressed to be applicable in the applicable Final Terms if the Notes are issued with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency).

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 12 (*Events of Default*)) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Note Trustee is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered if the Notes represented by the Permanent Global Note were in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Note Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Note Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Notes (other than Temporary Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Notes or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

The Issuer may agree with any Dealer and the Note Trustee that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event a new Offering Circular will be made available which will describe the effect of the agreement reached in relation to such Notes.

FORM OF FINAL TERMS

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market.*] Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Applicable Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Clarion Funding plc (the **Issuer**) and constituted by an amended and restated Note Trust Deed (such Note Trust Deed as modified and/or supplemented and/or restated from time to time, the **Note Trust Deed**) dated 18th July, 2019 made between the Issuer and Prudential Trustee Company Limited (the **Note Trustee**, which expression shall include any successor as Note Trustee).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

(a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;

(b) any Global Note; and

(c) any definitive Notes issued in exchange for a Global Note .

The Notes and the Coupons (as defined below) have the benefit of an amended and restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 21st September, 2018 and made between the Issuer, the Note Trustee, The Bank of New York Mellon, London Branch as principal paying agent (the **Principal Paying Agent**, which expression shall include any successor principal paying agent), the other paying agents named therein (together with the Principal Paying Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents) and The Bank of New York Mellon, London Branch as agent bank (the **Agent Bank**, which expression shall include any duly appointed successor agent bank).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which supplement these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note. The expression **Prospectus Directive** means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the European Economic Area.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Global Notes do not have Coupons or Talons attached on issue.

The Note Trustee acts for the benefit of the Noteholders (which expression shall mean the holders of the Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below) and the holders of the Coupons (the **Couponholders**, which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Note Trust Deed.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which (a) are expressed to be consolidated and form a single series and (b) have the same terms and conditions or terms and conditions which are the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

Copies of the Note Trust Deed, the Agency Agreement, the Account Agreement, the Loan Facility Agreement in respect of each Series, the Fixed Charges, the Security Trust Deed and the Deed of Guarantee are available for inspection during normal business hours at the registered office for the time being of the Note Trustee being at 18th July, 2019 at 10 Fenchurch Avenue, London EC3M 5AG and at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the regulated market of the London Stock Exchange the applicable Final Terms will be published on the website of the London Stock Exchange through a regulatory information service. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Note Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Note Trust Deed and the Agency Agreement.

Words and expressions defined in the Note Trust Deed, the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Note Trust Deed and the Agency Agreement, the Note Trust Deed will prevail and, in the event of inconsistency between the Note Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In the Conditions, **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

The Issuer's obligations in respect of each Series are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(a) by an assignment by way of security of the Issuer's rights, title and interest arising under the Deed of Guarantee in respect of the Loan Facility relating to such Series;

(c) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Facility Agreement in relation to such Series;

(e) by an assignment by way of security of the Issuer's rights, title and interest under each of the Programme Documents to the extent they relate to such Series; and

(f) by a charge by way of first fixed charge over all rights of the Issuer in respect of any sums held from time to time by the Paying Agents for the payment of principal or interest in respect of such Series,

PROVIDED ALWAYS that, unless and until such security has become enforceable in accordance with Clause 4.6 of the Note Trust Deed (but subject to the terms of the Transaction Documents), the Issuer shall be entitled to exercise all its rights and claims under or in connection with (i) the agreements referred to in Condition 4.1(a) to 4.1(c) and Condition 4.1(e) above and (ii) the moneys and rights referred to in Clauses 4.1(d) and 4.1(f), respectively.

The Borrowers will create security in favour of the Security Trustee to secure their obligations under the Deed of Guarantee, and the Group Borrower will grant security in favour of the Security Trustee to secure its obligations under each Loan Facility Agreement. The Security Trustee will hold such security for the benefit of the Issuer in accordance with the Security Trust Deed. The Underlying Security granted by the Borrowers will be over certain Charged Properties used for social housing accommodation by the Borrowers and over certain bank accounts held by the Borrowers.

Where Numerical Apportionment Basis is specified as applicable in the applicable Final Terms, the Final Terms will specify (a) a specific percentage of units comprising the Issuer's Apportioned Part within the portfolio of Charged Properties, and which will be designated to the Issuer as underlying security in respect of the Series and (b) the Minimum Value of the NAB Charged Properties.

Where Specific Apportionment Basis is specified as applicable in the applicable Final Terms, specific individual Charged Properties shall be allocated to the Issuer as agreed between the Issuer and the Borrowers.

5. ORDER OF PAYMENTS

5.1 Pre-enforcement

Prior to the enforcement of the Series Security in respect of a Series of Notes, the Issuer shall apply the monies standing to the credit of the Transaction Account in respect of such Series on each Interest Payment Date and such other dates on which a payment is due in respect of the Notes in the following order of priority (the **Pre-enforcement Priority of Payment**):

(b) second, in payment of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed, in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part, thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities of the Issuer owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of such Series of Notes on such Interest Payment Date; and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

5.2 Post-enforcement

Following the enforcement of the Series Security in respect of a Series of Notes, all monies standing to the credit of the Transaction Account and any Cash Security Account in respect of such Series, and the net proceeds of enforcement of the Series Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

(a) first, in payment or satisfaction of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed (including, for the avoidance of doubt, any Receiver), in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, except following the enforcement of the Series Security in respect of all Series of Notes, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of the Notes;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of the Notes;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (in each case insofar as they relate to the Notes); and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

6. COVENANTS

6.1 General Covenants

In addition to the covenants of the Issuer set out in the Note Trust Deed, for so long as any Series remains outstanding, the Issuer covenants that it will not, without the consent of the Note Trustee, engage in any activity or do anything other than:

(a) carry out the business of a company which has as its purpose raising finance and on-lending such finance for the benefit of the members of the Clarion Housing Group; and

(b) perform any act incidental to or necessary in connection with (a) above.

The Issuer also covenants, for so long as any Series remains outstanding, not to create or permit to subsist, over any of the Series Charged Property, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the Series Security created by or pursuant to the Note Trust Deed.

6.2 Information Covenants

For so long as any Series remains outstanding, the Issuer shall:

(a) send to the Note Trustee and, upon request by any Noteholder to the Issuer, make available to such Noteholder at the Issuer's registered office during normal business hours, a copy of each Compliance Certificate promptly upon receipt of the same from the Group Borrower pursuant to the terms of the Loan Facility Agreement;

(b) send to the Note Trustee and, upon request by any Noteholder to the Issuer, make available to such Noteholder at the Issuer's registered office during normal business hours, a copy of the annual financial statements of the Group Borrower, the Group Parent and each Borrower promptly upon publication of the same by the Group Borrower, the Group Parent and each such Borrower, respectively; and

(c) at the request of Noteholders holding not less than 33 per cent. in principal amount of the Notes of any Series for the time being outstanding, convene a meeting of the Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, provided, however, that the Issuer shall not be required to convene any such meeting pursuant to this Condition 6.2(c) more than once in any calendar year. Upon the request of Noteholders to convene any such meeting, as aforesaid, the Issuer shall notify all Noteholders of the relevant Series of the date (which such date shall be no more than 21 days following such request), time and place of the meeting in accordance with Condition 16 (*Notices*). The Issuer shall act in good faith in addressing any questions regarding the financial position of itself or any other member of the Clarion Housing Group raised at any such meeting, provided, however, that the Issuer shall not be obliged to disclose any information which it, in its absolute discretion, considers to be of a confidential nature. For the avoidance of doubt, the provisions of this Condition 6.2(c) are in addition to the meetings provisions set out in Condition 18.1 (*Meetings of Noteholders*).

6.3 Loan Facility Agreement Consents Covenant

For so long as the Notes of any Series remain outstanding, the Issuer covenants that it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, the Loan Facility Agreement, the Deed of Guarantee, any On-Loan Agreement or the Security Trust Deed except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.

7. INTEREST

7.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

(a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Fixed Rate Notes represented by such Global Note; or

(b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction.

The resultant figure (including after application of any Fixed Coupon Amount or Broken Amount to the Calculation Amount in the case of Fixed Rate Notes in definitive form) shall be rounded to the

nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this Condition 7.1:

(i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:

(A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

(B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

(1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

7.2 Interest on Floating Rate Notes

(a) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or

(ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

(A) in any case where Specified Periods are specified in accordance with Condition 7.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

(B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or

(C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

(D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, **Business Day** means:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre (other than TARGET2 System) specified in the applicable Final Terms;

(b) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the **TARGET2 System**) is open; and

(c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent Bank under an interest rate swap transaction if the Agent Bank were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the **ISDA Definitions**) and under which:

(A) the Floating Rate Option is as specified in the applicable Final Terms;

(B) the Designated Maturity is a period specified in the applicable Final Terms; and

(C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

(A) the offered quotation; or

(B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent Bank. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent Bank will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

(i) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Notes represented by such Global Note; or

(ii) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 7.2:

(i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

(ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

(iii) if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

(v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\left[360 \times \left(Y_2 - Y_1\right)\right] + \left[30 \times \left(M_2 - M_1\right)\right] + \left(D_2 - D_1\right)}{360}$$

where:

$\mathbf{Y_1}$ is the year, expressed as a number, in which the first day of the Interest Period falls;

$\mathbf{Y_2}$ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

$\mathbf{M_1}$ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

$\mathbf{M_2}$ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

$\mathbf{D_2}$ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

(vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\left[360 \times \left(Y_2 - Y_1\right)\right] + \left[30 \times \left(M_2 - M_1\right)\right] + \left(D_2 - D_1\right)}{360}$$

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D_1 is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

(vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\left[360 \times \left(Y_2 - Y_1\right)\right] + \left[30 \times \left(M_2 - M_1\right)\right] + \left(D_2 - D_1\right)}{360}$$

where:

M_1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D_1 is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

(e) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent Bank shall determine such rate at such time and by reference to such sources as the Issuer shall determine appropriate for such purposes.

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(f) Notification of Rate of Interest and Interest Amounts

The Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Note Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 16 (Notices) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 16 (Notices). For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(g) Determination or Calculation by the Note Trustee

If for any reason at any relevant time the Agent Bank defaults in its obligation to determine the Rate of Interest or in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(i) or subparagraph (b)(ii) above, as the case may be, and in each case in accordance with paragraph (d) and (e) above, the Note Trustee may (but without any liability accruing to the Note Trustee as a result) determine (or appoint an agent or expert at the expense of the Issuer who shall determine) the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Note Trustee may (but without any liability accruing to the Note Trustee as a result) calculate (or appoint an agent or expert at the expense of the Issuer who shall calculate) the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent Bank.

(h) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7 by the Agent Bank shall (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Paying Agents, the Agent Bank and all Noteholders and Couponholders and (in the absence of wilful default, gross negligence or fraud) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent Bank or the Note Trustee in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

(i) Agent Bank

The Issuer shall procure that, so long as any of the Notes remains outstanding, there is at all times an Agent Bank for the purposes of the Notes and the Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Agent Bank or failing duly to determine the Rate of Interest and the Interest Amount for any Interest Period, the Issuer shall, subject to the prior written approval of the Note Trustee, appoint the London office of another major bank engaged in the London interbank market to act in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed.

7.3 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

(a) the date on which all amounts due in respect of such Note have been paid; and

(b) as provided in the Note Trust Deed.

8. PAYMENTS

8.1 Method of payment

Subject as provided below:

(a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and

(b) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 10 (*Taxation*)) any law implementing an intergovernmental approach thereto.

8.2 Presentation of definitive Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 8.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 11 (*Prescription*))

or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose principal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the principal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

8.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

8.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular principal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

(a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;

(b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

(c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

8.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 11 (*Prescription*)) is:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):

(i) in the case of Notes in definitive form only, in the relevant place of presentation; and

(ii) in each Additional Financial Centre (other than TARGET2 System) specified in the applicable Final Terms;

(b) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open; and

(c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

8.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

(a) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed;

(b) the Final Redemption Amount of the Notes; and

(c) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed.

9. REDEMPTION AND PURCHASE

9.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

9.2 Early Redemption

If Early Redemption is specified as being applicable in the applicable Final Terms, in the event that the Group Borrower, in accordance with the Loan Facility Agreement, elects to prepay the Loan Facility in whole or in part prior to the repayment date specified in the Loan Facility Agreement, then the Issuer shall, on giving not less than 30 nor more than 60 days' notice, redeem the Notes of the relevant Series in whole or, in respect of a prepayment in part, in an aggregate principal amount equal to the principal amount of the Loan Facility to be repaid on the date which is two Business Days after that on which payment is made by the Group Borrower under the Loan Facility Agreement (the **Loan Prepayment Date**).

Redemption of Notes pursuant to this Condition where the Specified Currency of the Notes is Sterling shall be made at the higher of the following:

(a) par; and

(b) the price (expressed as a percentage) (as reported in writing to the Issuer and the Note Trustee by a financial adviser nominated by the Issuer and whose identity is approved by the Note Trustee (the **Nominated Financial Adviser**)) (and rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Notes (if the Notes were to remain outstanding until their original maturity) on the Determination Date would be equal to the sum of (i) the Gross Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) the Spens Margin,

together with any interest accrued up to (but excluding) the Loan Prepayment Date.

For the purposes of this Condition:

Benchmark Gilt means the Specified Benchmark Gilt specified in the applicable Final Terms or such other conventional (i.e. not index-linked) UK Government Gilt as the Issuer (with the advice of the Nominated Financial Adviser) may determine (failing such determination, as determined by the Note Trustee with such advice) to be the most appropriate conventional UK Government Gilt;

Determination Date means 3 Business Days prior to the Loan Prepayment Date; and

Gross Redemption Yield means a yield calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date) (published on 8th June, 1998 and updated on 15th January, 2002 and 16th March, 2005) (as amended or supplemented from time to time).

In the event that the Specified Currency of the Notes is a currency other than Sterling, redemption of Notes pursuant to this Condition shall be in an amount specified in an amendment to the Conditions and the Note Trust Deed in such manner as the Note Trustee may require, together with accrued interest.

9.3 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Note Trustee and the Principal Paying Agent and, in accordance with Condition 16 (*Notices*), the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Note Trustee immediately before the giving of such notice that:

(a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 10 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 10 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and

(b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Note Trustee to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment, and the Note Trustee shall be entitled to accept without further enquiry such certificate and legal opinion as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 9.3 will be redeemed at their principal amount outstanding together (if appropriate) with interest accrued to (but excluding) the date of redemption.

9.4 Mandatory Early Redemption

If the Loan Facility in respect of a Series of Notes becomes repayable:

(a) as a result of a Loan Event of Default; and/or

(b) following one or more of the Borrowers ceasing to be a Registered Provider of Social Housing (other than following, or as part of, a Permitted Reorganisation resulting from a transfer of all of its assets and liabilities to another Borrower which is itself a Registered Provider of Social Housing or if such Borrower regains its status as a Registered Provider of Social Housing or ceases to be a Borrower within 180 days),

then the Issuer shall redeem the Notes of the relevant Series in full at their principal amount together (if appropriate) with accrued interest to (but excluding) the date on which the Loan Facility is repaid (the **Loan Repayment Date**), on the date which is two Business Days after the Loan Repayment Date.

9.5 Notice of Early Redemption

Notice of any early redemption in accordance with Conditions 9.2 (*Early Redemption*), 9.3 (*Redemption for tax reasons*) or 9.4 (*Mandatory Early Redemption*) above shall be given by the Issuer to the Note Trustee, the Paying Agents and the Noteholders, in accordance with Condition 16 (*Notices*), as promptly as practicable (but, in the case of Condition 9.2 (*Early Redemption*), shall be no later than three Business Days after the receipt by the Issuer of notice from the Group Borrower of its intention to prepay a corresponding amount pursuant to the Loan Facility Agreement).

In the case of a partial redemption of Notes, Notes to be redeemed (**Redeemed Notes**) will (i) in the case of Redeemed Notes represented by definitive Notes, be drawn individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 16 (*Notices*) not less than 15 days prior to the date fixed for redemption. Such notice will also specify the date fixed for redemption, the early redemption amount and the aggregate principal amount of the Redeemed Notes, the serial numbers of Notes previously called for redemption and not presented for payment and the aggregate principal amount of the Notes which will be outstanding after the partial redemption.

9.6 Calculations

Each calculation, by or on behalf of the Issuer, for the purposes of this Condition 9 shall, in the absence of manifest error, be final and binding on all persons. If the Issuer does not at any time for any reason calculate amounts referred to in this Condition 9, such amounts may be calculated by the Note Trustee or an agent or expert appointed by the Note Trustee at the expense of the Issuer for this purpose (without any liability accruing to the Note Trustee as a result) based on information supplied to it by the Issuer and each such calculation shall be deemed to have been made by the Issuer.

9.7 Purchases of Notes by the Group Borrower or the Borrowers

Subject to Condition 9.8, the Group Borrower and any other member of the Clarion Housing Group may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Following any such purchase, the Group Borrower or any such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender the Notes to the Issuer for cancellation. An amount equal to the principal amount of the Notes being surrendered shall be deemed to be prepaid under the Loan Facility Agreement (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)).

9.8 Purchases of Notes by the Issuer

The Issuer may not at any time purchase Notes.

9.9 Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to Condition 9.7 (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

10. TAXATION

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) presented for payment in the Tax Jurisdiction; or

(b) the holder of which is liable for such taxes or duties in respect of such Note or Coupon by reason of its having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or

(c) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 8.5 (*Payment Day*)).

As used herein **Tax Jurisdiction** means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax.

11. PRESCRIPTION

The Notes and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or 8.2 (*Presentation of definitive Notes and Coupons*) or any Talon which would be void pursuant to Condition 8.2 (*Presentation of definitive Notes and Coupons*).

12. EVENTS OF DEFAULT

12.1 Events of Default

The Note Trustee at its discretion may, and if so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), (but in the case of the happening of any of the events described in paragraphs 12.1(b), 12.1(c) and 12.1(h) below, only if the Note Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice in writing to the Issuer that each Note is, and each Note shall thereupon immediately become, due and repayable at their principal amount together (if appropriate) with accrued interest as provided in the Note Trust Deed if any of the following events (each an **Event of Default**) shall occur:

(a) if default is made in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them and the default continues for a period of seven days in the case of principal and 14 days in the case of interest; or

(b) if the Issuer fails to perform or observe any of its other obligations under the Conditions or the Note Trust Deed and (except in any case where, in the opinion of the Note Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied; or

(c) (i) any other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (ii) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period, or (iii) the Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (c) have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Note Trustee); or

(d) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution; or

(e) if the Issuer ceases or threatens to cease to carry on the whole or, in the opinion of the Note Trustee, substantially all of its business, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution, or the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or

(f) if (i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, manager, liquidator, administrator or other similar official, or an administrative or other receiver, manager, liquidator, administrator or other similar official is appointed, in relation to the Issuer or, as the case may be, in relation to all or substantially all of the undertaking or assets of the Issuer, or an encumbrancer takes possession of all or substantially all of the undertaking or assets of the Issuer, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against all or substantially all of the undertaking or assets of the Issuer and (ii) in any case (other than the appointment of an administrator) is not discharged within l4 days; or

(g) if the Issuer initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium) or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or

(h) if it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, the Note Trust Deed or the Loan Facility Agreement.

12.2 Enforcement

The Note Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Note Trust Deed, the Notes, the Coupons and any other documents relating thereto, but it shall not be bound to take any such proceedings or any other action in relation to the Note Trust Deed, the Notes, the Coupons or any other documents relating thereto unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding and (b) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trustee may refrain from taking any action, step or proceeding in any jurisdiction if the taking of such action, step or proceeding in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction (upon which the Note Trustee may rely absolutely and without liability to any person), be contrary to any law of that jurisdiction. Furthermore, the Note Trustee may also refrain from taking such action, step or proceeding if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

No Noteholder, Couponholder or any Series Secured Party (other than the Note Trustee) shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound so to proceed, fails so to do within a reasonable period, and the failure shall be continuing.

13. REPLACEMENT OF NOTES, COUPONS AND TALONS

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (subject to all applicable laws and requirements of the Financial Conduct Authority or the London Stock Exchange) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. PAYING AGENTS

The initial Paying Agents are set out above. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer is entitled, with the prior written approval of the Note Trustee, to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

(a) there will at all times be a Principal Paying Agent;

(b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and

(c) if at any time (i) any withholding or deduction of any amount for or on account of any taxes or duties upon the Notes or Coupons is required upon the Notes or Coupons being presented for payment in the United Kingdom; and (ii) such withholding or deduction would not be required were the Notes or Coupons to be presented for payment outside the United

Kingdom, there will at such times be a Paying Agent in a jurisdiction within Europe, other than any Tax Jurisdiction.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 8.4 (*General provisions applicable to payments*). Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 16 (*Notices*).

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Note Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder or Couponholder. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

15. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 11 (*Prescription*).

16. NOTICES

All notices regarding the Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Note Trustee shall approve.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent through Euroclear and/or Clearstream, Luxembourg,

as the case may be, in such manner as the Principal Paying Agent, and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

17. SUBSTITUTION

The Note Trust Deed contains provisions permitting the Note Trustee to, subject to any required amendment of the Note Trust Deed, without the consent of the Noteholders or the Couponholders or any Series Secured Party (other than, in respect of the novation or assignment of the Loan Facility Agreement, the Group Borrower), agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Coupons and the Note Trust Deed of another company, registered society or other entity subject to certain conditions set out in the Note Trust Deed being complied with.

Any such substitution shall be notified to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

18. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

18.1 Meetings of Noteholders

The Note Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Coupons or any of the provisions of the Note Trust Deed. Such a meeting may be convened by the Issuer or the Note Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being remaining outstanding (other than in respect of a meeting requested by Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, which shall be requested in accordance with Condition 6.2 (*Information Covenants*)). The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing more than 50 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the principal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or the Coupons or the Note Trust Deed (including, *inter alia*, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes, modifying the date of payment of principal or interest in respect of the Notes, altering the currency of payment of the Notes or the Coupons, altering the majority required to pass an Extraordinary Resolution or amending the Asset Cover Test (as defined in the Loan Facility Agreement) in the Loan Facility Agreement), the quorum shall be one or more persons holding or representing not less than 75 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than 25 per cent. in principal amount of the Notes for the time being outstanding. The Note Trust Deed provides that (a) a resolution passed at a meeting duly convened and held in accordance with the Note Trust Deed by a majority consisting of not less than 75 per cent. of the votes cast on such resolution, (b) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding or (c) consent given by way of electronic consents through the relevant clearing system(s) by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed by the Noteholders will be binding on all the Noteholders, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Couponholders.

18.2 Modification, Waiver, Authorisation and Determination

The Note Trustee may agree, without the consent of the Noteholders, Couponholders or any Series Secured Party, to any modification (except as stated in the Note Trust Deed) of, or to the waiver or

authorisation of any breach or proposed breach of, any of the provisions of the Notes, the Note Trust Deed, the Loan Facility Agreement or any other Programme Document, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error or an error which, in the opinion of the Note Trustee, is proven. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, the Couponholders and the Series Secured Parties and (unless the Note Trustee agrees otherwise) shall be notified by the Issuer to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

18.3 Note Trustee to have regard to interests of Noteholders as a class

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Note Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Note Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 10 (*Taxation*) and/or any undertaking or covenant given in addition to, or in substitution for, Condition 10 (*Taxation*) pursuant to the Note Trust Deed.

19. INDEMNIFICATION OF THE NOTE TRUSTEE AND THE NOTE TRUSTEE CONTRACTING WITH THE ISSUER

The Note Trust Deed contains provisions for the indemnification of the Note Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trust Deed also contains provisions pursuant to which the Note Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other member of the Clarion Housing Group and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other member of the Clarion Housing Group, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Note Trustee shall not be bound to take any step or action in connection with the Note Trust Deed or the Notes or obligations arising pursuant thereto or pursuant to the other Programme Documents, where it is not satisfied that it is indemnified and/or secured and/or prefunded against all its liabilities and costs incurred in connection with such step or action and may demand, prior to taking any such step or action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so as to indemnify it.

The Note Trustee shall have no responsibility for the validity, sufficiency or enforceability of the Series Security. The Note Trustee shall not be responsible for monitoring the compliance by any of the other Transaction Parties with their obligations under the Programme Documents or the Loan Facility Agreement, neither shall the Note Trustee be responsible for monitoring the compliance by

the Group Borrower or any of the other parties to the Fixed Charges and the Security Trust Deed of their obligations under the Fixed Charges, the Security Trust Deed or any other document.

20. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes (and backed by the same assets) or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

21. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

22. GOVERNING LAW AND SUBMISSION TO JURISDICTION

22.1 Governing law

The Note Trust Deed, the Agency Agreement, the Account Agreement, the Notes, and the Coupons and any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Agency Agreement, the Account Agreement, the Notes and the Coupons are governed by, and construed in accordance with, English law.

22.2 Submission to jurisdiction

(a) Subject to Condition 22.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Note Trust Deed, the Notes and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Note Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

(b) For the purposes of this Condition 22.2, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

(c) To the extent allowed by law, the Note Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

22.3 Other documents

The Issuer has in the Agency Agreement and the Account Agreement submitted to the jurisdiction of the English courts.

USE OF PROCEEDS

The net proceeds from the issue of Notes of each Series will be advanced by the Issuer to the Group Borrower pursuant to the Loan Facility Agreement in respect of such Series and the Group Borrower will, in turn, on-lend such funds to one or more of the Borrowers pursuant to an On-Loan Agreement made between the Group Borrower and the relevant Borrower(s) to be applied in the achievement of the relevant Borrower's or Borrowers' charitable objects, as permitted by their respective constitutional documents.

DESCRIPTION OF THE LOAN FACILITY AGREEMENT

The following description of the Loan Facility Agreement consists of a summary of certain provisions of the Loan Facility Agreement and is qualified by reference to the detailed provisions thereof. The following summary does not purport to be complete and prospective investors must refer to the Loan Facility Agreement for detailed information regarding the Loan Facility Agreement. The Loan Facility Agreement is not, however, incorporated by reference into, and therefore does not form part of, this Offering Circular.

Terms used in this section but not otherwise defined in this Offering Circular have the meanings given to them in the Loan Facility Agreement Standard Terms.

Loan Facility

The Issuer as the Loan Facility Provider shall make a Loan Facility available to the Group Borrower from time to time on the Series Closing Date of each Series of Notes. Each Loan Facility will be a secured, guaranteed term loan facility made available pursuant to a Loan Facility Agreement. It is intended that the amount of the Loan given under each relevant Loan Facility Agreement will correspond to the proceeds of the issue of the related Series of Notes.

Purpose

The proceeds of each Loan Facility may only be used by the Group Borrower for on-lending by the Group Borrower to one or more of the Borrowers (subject as set out in "*Addition of Guarantors*" below) (together, the **Borrowers** and the **Guarantors**) pursuant to an On-Loan Agreement made between the Group Borrower and the relevant Borrower(s) to be applied in the achievement of the relevant Borrower's or Borrowers' charitable objects, as permitted by their respective constitutional documents.

The Group Borrower is entitled to borrow, has borrowed and will borrow from other lenders who also have the benefit of the Deed of Guarantee and the Underlying Security provided by the Guarantors and the Group Borrower to the extent that it is relevant in relation to the loan documentation between the Obligors and such lender.

Loan Facility Agreement

Each Loan Facility will be documented pursuant to a Loan Facility Agreement entered into between, among others, the Issuer (in its capacity as lender of the Loan Facility) and the Group Borrower (as borrower) and which will be comprised of the loan facility agreement standard terms (the **Loan Facility Agreement Standard Terms**) made between the Issuer and the Group Borrower and signed for identification on or about the Programme Date and each loan transaction terms (each **Loan Transaction Terms**) in respect of the relevant Series which will be made between the Issuer and the Group Borrower and which will be dated on or about the relevant Series Closing Date.

Advances

Subject to the Conditions Precedent Documents being received and the conditions for an advance to be made being satisfied in accordance with the Loan Facility Agreement on the relevant Series Closing Date, the Issuer shall advance the Total Advance Amount to the Group Borrower on the relevant Series Closing Date.

The Total Advance Amount will be specified in the relevant Loan Transaction Terms.

Interest

Interest Basis of Advances

An Advance under the Loan Facility can be made either as a Fixed Advance on a fixed rate basis or a Floating Advance on a floating rate basis. The interest rate basis of an Advance will be specified in the Loan Transaction Terms related to a Series.

Interest on the Loan Facility to correspond to interest on the Notes

For the avoidance of doubt, the parties to the Loan Facility Agreement shall acknowledge on each Series Closing Date that the Interest Rate to be specified in the Loan Transaction Terms in respect of an Advance, which corresponds to a Series of Notes to be issued by the Issuer to fund such Advance, should conform to the interest rate payable under such Series of Notes. In the event of any inconsistency in respect thereof, the provisions hereof in respect of the interest payable by the Group Borrower to the Issuer shall be adjusted accordingly such that the Group Borrower shall pay to the Issuer an amount of interest in respect of such Advance which conforms to the interest amount payable under the relevant Series of Notes.

Interest Rate

The rate of interest on each Advance for each Loan Interest Period will be specified in the relevant Loan Transaction Terms. The Group Borrower will pay accrued interest on each Advance on the Payment Date specified in the relevant Loan Transaction Terms.

Loan Interest Periods

The Loan Interest Periods in respect of each Advance shall start on (and include) a Payment Date (or in respect of the first Loan Interest Period, on (and include) the Series Closing Date) and shall end on (but exclude) the next (or first) Payment Date. The last Loan Interest Period shall end on (but exclude) the Final Maturity Date of such Advance (each, a **Loan Interest Period**).

Repayment, Prepayment and Purchase

Repayment Basis

The Group Borrower shall repay the entire principal outstanding of such Advance on the Final Maturity Date specified in the Loan Transaction Terms.

Optional Prepayment

Subject as follows, if "Optional Prepayment" is specified in the relevant Loan Transaction Terms as "Applicable" the Group Borrower may, at any time before the Final Maturity Date, give the Issuer not less than 45 nor more than 60 days' notice of its intention to prepay all or part of an outstanding Advance, together with any interest accrued up to and including the date of prepayment (or, if the corresponding Notes of the relevant Series are to be redeemed pursuant to Condition 9.2 (*Early Redemption)*, the date fixed for redemption of such corresponding Notes), to the Issuer and any prepayment so made shall satisfy the Group Borrower's obligations under Clause 6.1 (*Repayment of the Advances*) of the Loan Facility Agreement Standard Terms to the extent of such prepayment and shall be applied against such Advance or Advances as the Group Borrower shall specify. In the case of a Fixed Advance where the Specified Currency is Sterling, any prepayment shall be made at an amount equal to the higher of:

(a) par; and

(b) for so long as any Notes of the relevant Series are outstanding, the price as notified to the Group Borrower by the Issuer as being the price determined under the Note Trust Deed for the redemption of a corresponding principal amount of the applicable Notes of the relevant Series,

together with any interest accrued up to and including the date of redemption of the Notes corresponding to the relevant Loan Facility. In the case of a Floating Advance and/or where the Specified Currency of an Advance is not Sterling, any prepayment made shall be as specified in the relevant Loan Transaction Terms.

Mandatory Prepayment

If a Series of Notes becomes redeemable prior to their Final Maturity Date, other than as a result of a prepayment under or a termination of the Loan Facility Agreement, the Group Borrower shall repay the entire principal outstanding on the corresponding Advance at the principal amount on the Business Day prior to the relevant date of redemption, together with any interest accrued up to and including the date of redemption of the corresponding Series of Notes.

Mandatory Prepayment – Cancellation of Status

The Group Borrower shall promptly notify the Issuer and the Security Trustee if a Borrower ceases to be a Registered Provider of Social Housing. Within 180 days of such notification, the Group Borrower shall prepay the whole of the outstanding balance of the Loan Facility at the Mandatory Prepayment Amount, together with any interest accrued up to and including the relevant date of redemption, provided however, that (i) if the relevant Borrower either ceases to be a Borrower or regains its status as a Registered Provider of Social Housing within such period of 180 days or (ii) if the relevant Borrower has ceased to be a Registered Provider of Social Housing following, or as part of, a Permitted Reorganisation resulting from a transfer of all of its assets and liabilities to another Borrower which is itself a Registered Provider of Social Housing, the Group Borrower shall no longer be required to prepay the Loan Facility.

A **Registered Provider of Social Housing** is defined for the purpose of the Loan Agreement as meaning a person listed in the register of providers of social housing established under Chapter 3 of Part 2 of the Housing and Regeneration Act 2008 (as amended from time to time) or any replacement or successor legislation thereto, provided that if such legislation is repealed and not replaced or succeeded, the term Registered Provider of Social Housing shall be given such meaning as the Security Trustee (after consultation with the Issuer) considers to correspond to such meaning as at the date that such legislation is repealed.

Purchase of Notes by Group Borrower or any member of the Clarion Housing Group

The Group Borrower and any other member of the Clarion Housing Group (other than the Issuer) may at any time purchase Notes in the open market or otherwise at any price. Following any such purchase the Group Borrower or such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender such Notes to the Issuer for cancellation. An amount equal to the principal amount outstanding of the Notes being surrendered shall be deemed to be prepaid under the relevant Loan Facility Agreement. Such surrendered and cancelled Notes shall not be available for reissue.

Tax Deduction and Gross Up on Loan Payments

The Group Borrower is required under each Loan Facility Agreement to make all payments to be made by it without any deduction or withholding for or on account of Tax under a Loan Facility (a **Tax Deduction**), unless a Tax Deduction is required by law.

The Group Borrower shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Issuer accordingly. Similarly, the Issuer on becoming so aware in respect of a payment payable to the Issuer shall notify the Group Borrower.

If a Tax Deduction is required by law to be made by the Group Borrower in respect of any payment under a Loan Facility, the amount of the payment due from the Group Borrower shall be increased to an amount which (after making any Tax Deduction) will result in the Issuer receiving an amount equal to the payment which would have been due if no Tax Deduction had been required (a **Tax Gross Up**).

Tax Indemnity

The Group Borrower shall (within three Business Days of demand by the Issuer) pay to the Issuer an amount equal to the loss, liability or cost which the Issuer determines will be or has been (directly or indirectly) suffered for or on account of Tax by the Issuer in respect of a Finance Document or the Group Borrower Security Deed.

The above shall not apply (a) with respect to any Tax assessed on the Issuer under the law of the United Kingdom or, if different, the jurisdiction (or jurisdictions) in which the Issuer is treated as resident for tax purposes, if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by the Issuer; or (b) to the extent a loss, liability or cost is compensated for by an increased payment under the Tax Gross Up described above.

Tax Credit

If the Group Borrower makes a Tax Payment and the Issuer determines that:

(a) a Tax Credit is attributable either to an increased payment of which that Tax Payment forms part, or to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and

(b) the Issuer has obtained, utilised and retained that Tax Credit,

the Issuer shall pay an amount to the Group Borrower which the Issuer determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Group Borrower.

Gross-Up on Note Payments

If as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement) that it would on the next following Note Payment Date be required to withhold or deduct on account for tax on any payments made under the Notes and as a result would be required to pay additional amounts as provided or referred to in Condition 10 (*Taxation*), the Group Borrower shall pay to the Issuer such additional amounts as will enable the Issuer (after such withholding or deduction) to pay to the Noteholders and Couponholders the amounts of principal and interest which they would have received in respect of such Series of Notes in the absence of such withholding or deduction. However, in such circumstances, the Group Borrower may by notice to the Issuer require the Issuer to exercise its option to redeem the Notes early pursuant to Condition 9.3 (*Redemption for tax reasons*) and a corresponding amount under the Loan Facility shall become repayable, provided that the Issuer is entitled to do so pursuant to Condition 9.3 (*Redemption for tax reasons*).

Apportionment Basis

The Charged Properties securing the Borrowers' guarantee of the obligations of the Group Borrower under each Loan Facility Agreement shall be apportioned on (i) the Numerical Apportionment Basis (subject to the rights of the Beneficiaries to require the Specific Apportionment Basis to apply in limited circumstances after the occurrence of a Loan Event of Default in accordance with the terms of the Security Trust Deed) or (ii) the Specific Apportionment Basis, as specified in the Loan Transaction Terms. See "*Description of the Deed of Guarantee and the Underlying Security*" below.

The Issuer shall agree (and shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its agreement) to any apportionment (or adjustment to any apportionment) of its NAB Charged Properties:

(a) on 31st March and 30th September in each year;

(b) immediately before and as a condition precedent to the disbursement of any loan under any Finance Document, the accession of a new Beneficiary and/or the release of an Existing Beneficiary or Obligor (each as defined in the Security Trust Deed) from the Security Trust Deed; and

(c) promptly on further collateral being required to be posted under any Finance Document,

provided the terms of the relevant Loan Facility Agreement have been and continue to be complied with, no Loan Event of Default has occurred and is outstanding, the Group Borrower would continue to be in compliance with the NAB Asset Cover Test immediately after such apportionment (or adjustment to any apportionment) and such apportionment (or adjustment to any apportionment) be made with the agreement of all Beneficiaries except in the circumstances specified in Clause 5.2(B) of the NAB Administration Agreement.

Warranties and Covenants

The Group Borrower will make various representations and warranties to the Issuer in the Loan Facility Agreement on each Series Closing Date subject to the provisos in the Loan Facility Agreement Standard Terms, and will undertake to comply with a number of covenants. These representations, warranties and covenants include, *inter alia*, the following:

(a) ***Information Covenants***: The Group Borrower must supply to the Issuer and the Security Trustee not later than seven months after the end of each financial year copies of (i) the audited consolidated financial statements of the Group Parent for such financial year; (ii) the audited unconsolidated financial statements of the Group Borrower for such financial year; (iii) the audited unconsolidated financial statements of each Borrower for such financial year; and (iv) a certificate setting out, among other things, calculations in respect of the financial covenants substantially in the form set out in the Loan Facility Agreement (the **Compliance Certificate**) signed by an authorised signatory of the Group Borrower.

(b) ***Negative Pledge***: The Group Borrower shall procure that no Obligor shall create or allow to exist any Security Interest on any of its assets which are Security Assets, except as set out in Clause 8.2(c) (*Negative Pledge*) of the Loan Facility Agreement Standard Terms which includes the Security Interests created pursuant to, *inter alia*, the Security Trust Deed and the Fixed Charges.

(c) ***No Other Business***: The Group Borrower must not carry on any other business or own any assets other than incurring indebtedness to the extent permitted by the Finance Documents (as defined in the Security Trust Deed) including the entering into of derivative transactions in connection with protection against or to benefit from fluctuations in any rate, price, currency, index or credit rating, and the making of loans and guarantees to other members of the Clarion Housing Group and matters related thereto, each in its capacity as a group finance vehicle for the Clarion Housing Group and/or the entry into the Finance Documents to which it is a party and all matters contemplated therein.

(d) ***Charged Properties***: The Group Borrower shall procure that each Borrower obtains any authorisation or licence required in order to enable the Security Trustee pursuant to the powers of enforcement conferred on it by the Security Documents to sell vacant Charged Properties and maintains insurances on and in relation to its Charged Properties.

(e) ***Covenants***: The Group Borrower shall (unless the Security Trustee otherwise agrees in writing) procure that each Borrower complies with any covenants or restrictive covenants relating to a Charged Property which are binding on it.

(f) ***On-Loan Agreements***: The Group Borrower undertakes to ensure that a sufficient rate of interest is charged under the On-Loan Agreements (taken as a whole) to ensure that the Group Borrower is able to meet its obligation to pay interest under, *inter alia*, the Loan Facility Agreement.

Financial Covenants

Asset Cover Test

The Group Borrower shall covenant with the Issuer to ensure that from the date of each Loan Facility Agreement until all amounts due from the Group Borrower under the Loan Facility Agreement have been repaid in full:

(a) where the Numerical Apportionment Basis has been specified in the Loan Transaction Terms as the method of apportionment of Charged Properties in relation to a Loan Facility, the aggregate of:

(i) the Minimum Value of the NAB Charged Properties multiplied by the Series Security Percentage; and

(ii) the aggregate amount of any Charged Cash in any Cash Security Account relating to such Series,

is not less than the outstanding principal amount of the Loan Facility (the **NAB Asset Cover Test**); and

(b) where the Specific Allocation Basis has been specified in the Loan Transaction Terms as the method of apportionment of Charged Properties in relation to a Loan Facility, the aggregate of:

(i) the Minimum Value of the SAB Charged Properties relating to the relevant Loan Facility; and

(ii) the aggregate amount of any Charged Cash in any Cash Security Account relating to such Series,

is not less than the outstanding principal amount of the Loan Facility (the **SAB Asset Cover Test** and, together with the NAB Asset Cover Test, the **Asset Cover Tests** and each an **Asset Cover Test**).

(c) The Group Borrower shall provide to the Issuer and the Security Trustee, on each Valuation Date, a Compliance Certificate, together with the relevant Valuation Report signed by an Authorised Signatory of the Group Borrower.

The Issuer shall acknowledge that all sums standing to the credit of any Cash Security Account shall be charged in favour of the Note Trustee pursuant to the terms of the Note Trust Deed.

entire relevant Charged Property has been sold) or (if only part of the relevant Charged Property has been sold) shall be the proportion of the value of the Charged Property which has not been sold pursuant to the relevant Right to Buy or Shared Ownership Sale).

Substitution and Release of Charged Properties and Statutory Disposals

Substitution

At the request and expense of the relevant Borrower (acting through the Group Borrower), the Security Trustee shall (and the Issuer shall be deemed to direct the Security Trustee to) release from the relevant Security Documents (and/or reallocate, if applicable) such of the NAB Charged Properties or the SAB Charged Properties allocated to the Loan Facility Provider as Beneficiary, as the case may be, and substitute such of the Properties (each, a **Substitute Property**) as may be selected by the relevant Borrower (acting through the Group Borrower), provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Substitute Property Certificate certifying that, *inter alia*, immediately following such release (and/or reallocation, if applicable), the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the substitution of the relevant Properties and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a completed Substitute Property Certificate, the Issuer shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its satisfaction with the conditions of Clause 6.1 (*Substitution of Security Assets*) of the Security Trust Deed in relation to the Substitute Properties and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Release

At the request and expense of the relevant Borrower (acting through the Group Borrower), the Security Trustee shall release (and the Issuer shall be deemed to direct the Security Trustee to release) from the relevant Security Documents (and/or reallocate, if applicable) such of the NAB Charged Properties or the SAB Charged Properties allocated to the Loan Facility Provider as Beneficiary, as the case may be, as may be selected by the relevant Borrower (acting through the Group Borrower) provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Property Release Certificate, certifying that, immediately following such release (and/or reallocation, if applicable), the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the release (and/or reallocation, if applicable) of the relevant NAB Charged Properties or the SAB Charged Properties, respectively and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Statutory Disposals

Each Borrower shall have the right to withdraw Property from the relevant Security Documents such of the NAB Charged Properties or the SAB Charged Properties, as the case may be, as may be subject to any Statutory Disposal, provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Statutory Disposal Certificate, certifying that the relevant withdrawal relates to a Statutory Disposal and that, immediately following such release, the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the release of the relevant Charged Properties.

Additional provisions on the release of Charged Properties

The provisions under the headings "*Substitution*", "*Release*" and "*Statutory Disposals*" shall not apply to:

(a) a release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution of Unallocated Charged Properties; or

(a) a release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution of Units where this would not reduce the number of Units allocated to the Loan Facility Provider as Beneficiary as set out in the latest NAB Apportionment Certificate,

provided, in each case, that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing at that time or would result from that release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution.

Approval of New Properties

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a completed New Property Approval Certificate confirming that, *inter alia*, the proposed New Properties are residential properties of a type and nature that are usually owned by Registered Providers of Social Housing, and that a Full Valuation has been delivered to the Security Trustee pursuant to the Security Trust Deed, the Issuer shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its satisfaction with the conditions of Clause 3.2 (*Additional Security*) of the Security Trust Deed.

Valuations

Full Valuations and Desk Top Valuations

In accordance with Clause 14.1 (*Full Valuations and Desk Top Valuations*) of the Loan Facility Agreement Standard Terms and subject to the provisions below, the Group Borrower shall deliver, or procure the delivery, to the Issuer and the Security Trustee of:

(a) a full valuation which values all Charged Properties on a full valuation basis at least once in every period of five calendar years (a **Full Valuation**), where the first such Full Valuation must be delivered in the period between 31st March in the year specified as the First Full Valuation Year in the Loan Transaction Terms and the date falling 120 days thereafter (or, at the option of the Group Borrower, within the same period in any prior calendar year) and, unless the Issuer, Group Borrower and Security Trustee agree otherwise, thereafter within 120 days of each consecutive fifth anniversary of the date on which the Full Valuation was previously provided; and

(b) a valuation which values all the Charged Properties on a "desk-top" basis (a **Desk Top Valuation**) in the period between 31st March and the date falling 120 days thereafter in each year other than a year in respect of which such Charged Properties have been valued on a full valuation basis through the delivery of a Full Valuation in accordance with paragraph (a) above, where the first such Desk Top Valuation must be delivered within 120 days of 31st March in the year specified as the First Desk Top Valuation Year in the Loan Transaction Terms.

Rolling Valuations

In accordance with Clause 14.2 (*Rolling Valuations*) of the Loan Facility Agreement Standard Terms and notwithstanding the above, the Group Borrower may elect to deliver, or procure the delivery of, a rolling valuation, instead of a Full Valuation and Desk Top Valuation as described above, to the Issuer and the Security Trustee in the period between 31st March and the date falling 120 days thereafter in each year whereby the Valuer values:

(a) not less than 20 per cent. of the Charged Properties on a full valuation basis (such Charged Properties being Charged Properties which have not been the subject of a full valuation in either a Full Valuation (other than a Full Valuation prepared pursuant the provisions above)) or a Rolling Valuation prepared in the preceding two years and such that 100 per cent. of Charged Properties are

valued on a full valuation basis in any five year period following the election by the Group Borrower to deliver, or procure the delivery of, Rolling Valuations taking into account any additions, substitutions and withdrawals of Charged Properties in accordance with the Loan Facility Agreement (unless otherwise agreed between the Issuer, the Group Borrower and the Security Trustee); and

(b) the remaining Charged Properties on a "desk-top" basis,

(each such valuation, a **Rolling Valuation**).

If the Group Borrower elects to deliver, or procure the delivery of a Rolling Valuation in accordance with the above paragraph, the Group Borrower will not be required to deliver, or procure the delivery of, a Full Valuation every five years and a Desk Top Valuation in each year in which a Full Valuation is not produced.

Loan Events of Default and Enforcement

Loan Events of Default

Each of the following paragraphs describes circumstances which constitute a Loan Event of Default for the purposes of a Loan Facility Agreement:

(a) ***Non-payment***: An Obligor fails to pay any sum due from it under the Finance Documents in the manner specified therein unless the non-payment continues for a period of not more than seven days in the case of principal and not more than 14 days in the case of interest.

(b) ***Breach of Other Obligations***: Any Obligor fails duly to perform or comply with any other obligation expressed to be assumed by it in any Finance Document or Security Document to which it is a party (other than (i) those in (a) (*Non-Payment*) and (h) (*Breach of Asset Cover Test*) and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) such failure, if capable of remedy, is not remedied within 30 Business Days next following the service by the Security Trustee on the relevant Obligor of notice requiring the same to be remedied.

(c) ***Other non-payment:***

(i) any other present and future indebtedness of an Obligor for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described);

(ii) any such indebtedness of an Obligor is not paid when due or, as the case may be, within any applicable grace period; and

(iii) an Obligor fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned in sub-clauses (i) to (iii) above in this paragraph (c) have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Security Trustee) and provided, further, for the avoidance of doubt, that the amounts mentioned in this paragraph (c) shall exclude the amount of any Public Sector Subsidy except for any Public Sector Subsidy which is or becomes due and payable to the relevant grant making body or organisation.

(d) ***Winding-Up***: Any order is made by any competent court or resolution passed for the winding up or dissolution of an Obligor save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Trustee.

(e) ***Cessation of Business:*** An Obligor ceases or threatens to cease to carry on the whole or, as determined by the Security Trustee, a substantial part of its business, save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Trustee, or an Obligor stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent.

(f) ***Insolvency:*** Any of the insolvency related events occurs or proceedings are taken in accordance with Clause 16.6 (*Insolvency*) or Clause 16.7 (*Insolvency Proceedings*) of the Loan Facility Agreement Standard Terms, respectively (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).

(g) ***Unlawfulness:*** It is or becomes unlawful for an Obligor to perform any of its material obligations under the Finance Documents or Security Documents to which it is a party.

(h) ***Breach of Asset Cover Test:*** The Group Borrower fails to perform its obligations under Clause 12.1 (*Asset Cover Test*) of the Loan Facility Agreement Standard Terms and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 60 days next following the service by the Security Trustee on the Group Borrower of notice requiring the same to be remedied.

Action Upon A Loan Event Of Default

Acceleration and Cancellation

Upon the occurrence of a Loan Event of Default (but in the case of the happening of any of the events described in paragraphs (b) (*Breach of Other Obligations*) to (d) (*Winding-Up*) (other than the winding up or dissolution of the Group Borrower) inclusive, only if the Security Trustee shall have certified in writing to the Group Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), at any time thereafter (whilst it is continuing and unwaived), the Security Trustee at its discretion may, and shall if so directed by the Issuer, by notice to the Obligors declare the relevant Loan Facility to be immediately due and payable (whereupon the same shall become so payable together with accrued interest thereon and any other sums then owed by the Group Borrower under the Loan Facility Agreement) and/or permit the Charged Cash standing to the credit of the Cash Security Account (if any) to be applied in discharge of the Group Borrower's obligations under the Loan Facility Agreement.

Call on the Deed of Guarantee

Upon the occurrence of a Loan Event of Default (and in the case of the happening of any of the events described in paragraphs (b) (*Breach of other obligations*) to (d) (*Winding-Up*) (other than the winding up or dissolution of the Group Borrower) inclusive above, only if the Security Trustee shall have certified in writing to the Group Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), at any time thereafter (whilst it is continuing and unwaived), the Security Trustee at its discretion may, and shall if so directed by the Issuer, by notice to each of the Guarantors, call for payment of all amounts due under the Deed of Guarantee in respect of such Loan Facility.

In the event that the Guarantors fail to pay on demand amounts owing by them to the Issuer, subject always to the provisions of the Security Documents, the Security Trustee at its discretion may, and shall if so directed by the Issuer serve notice of a Loan Enforcement Event (as defined under the definition of "Enforcement Event" in the Security Trust Deed) on the Group Borrower and/or the Guarantors and decide to enforce the Security and if so, the Issuer shall direct the Security Trustee to enforce the security in respect of any NAB Charged Properties apportioned to the Issuer in accordance with the NAB Administration Agreement and the Security Trust Deed and any SAB Charged Properties apportioned to the Issuer in

accordance with the Security Trust Deed and, if permitted to do so by the Security Trust Deed, the Unallocated Charged Properties, and the Security Trustee shall be bound to declare, direct or take any such proceedings if it shall have been (a) so directed by the Issuer and (b) indemnified and/or secured (whether by the provision of security or otherwise) and/or prefunded to its satisfaction.

Indemnity

The Group Borrower will agree in a Loan Facility Agreement to indemnify the Issuer and the Security Trustee against any cost, claim, loss, expense (including legal fees) or liability, which it may directly sustain or incur as a consequence of: (i) the occurrence of any Loan Event of Default or any default by any Obligor in the performance of any of the obligations expressed to be assumed by it in any of the Finance Documents or the Security Documents or the investigation of any Loan Event of Default or such default which the Issuer or the Security Trustee reasonably believes is a Loan Event of Default or such default; (ii) an Advance not being made on the Series Closing Date as a result of the Group Borrower failing to deliver the required Conditions Precedent Documents to the Issuer in accordance with Clause 2.4 (*Conditions Precedent Documents for Advances*) of the Loan Facility Agreement Standard Terms and/or not satisfying any of the conditions in Clause 4 (*Making of Advances*) of the Loan Facility Agreement Standard Terms for that Advance (other than by reason of the negligence or default of the Issuer); (iii) any prepayment of the Notes in accordance with Condition 9.2 (*Early Redemption*) or Condition 9.4 (*Mandatory Early Redemption*), including any prepayment penalty incurred by the Issuer in connection therewith; or (iv) acting or relying on any formal notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised (having made all appropriate checks).

Addition and Resignation of Guarantors in respect of a Loan Facility Agreement

Addition of Guarantors

Pursuant to Clause 23.1 (*Addition of New Guarantors*) of the Loan Facility Agreement Standard Terms, the Group Borrower may procure that any other member of the Clarion Housing Group becomes a Guarantor in respect of a Loan Facility Agreement provided that such member is a Charity and a Registered Provider of Social Housing and has (a) acceded to the Deed of Guarantee as a Guarantor; (b) acceded to the Security Trust Deed as an Obligor; and (c) created security over its Charged Properties to secure its obligations pursuant to the Deed of Guarantee.

Resignation of Guarantors

Pursuant to Clause 23.2 (*Resignation of a Guarantor*) of the Loan Facility Agreement Standard Terms, a Guarantor may cease to be a Guarantor, upon request by the Group Borrower, provided that the Group Borrower provides a Guarantor Resignation Notice (as defined in the Loan Facility Agreement) confirming (a) that the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached by reason of the acceptance of such Guarantor Resignation Notice; and (b) the Guarantor has ceased to be a Guarantor pursuant to clause 11 of the Deed of Guarantee.

Clauses 23.1 and 23.2 of the Loan Facility Agreement Standard Terms do not, however, prohibit a Permitted Reorganisation (but without prejudice to "*Mandatory Prepayment – Cancellation of Status*" above).

DESCRIPTION OF THE DEED OF GUARANTEE AND UNDERLYING SECURITY

The following description of the Deed of Guarantee and Underlying Security consists of a summary of certain provisions of the Deed of Guarantee and the documents evidencing the Underlying Security and is qualified by reference to the detailed provisions thereof. The following summary does not purport to be complete and prospective investors must refer to the Deed of Guarantee and the documents evidencing the Underlying Security for detailed information regarding the Deed of Guarantee and Underlying Security, respectively.

Definitions used in this section but not otherwise defined in this Offering Circular have the meanings given to them in the Deed of Guarantee and the documents evidencing the Underlying Security.

OVERVIEW

The obligations of the Group Borrower under the Loan Facility granted by the Issuer will be guaranteed by the Guarantors pursuant to the Deed of Guarantee in favour of the Security Trustee on trust for and on behalf of the Issuer and all other Loan Facility Providers (as defined in the Deed of Guarantee). To secure their obligations under the Deed of Guarantee, the Guarantors will create Fixed Charges in favour of the Security Trustee over certain Charged Properties.

The Group Borrower will create security in favour of the Security Trustee on trust for the Issuer and all other Loan Facility Providers (as defined in the Deed of Guarantee) over the account into which the proceeds of any Loan Facility are paid and over the account into which the Guarantors make payment of amounts due to the Group Borrower under the On-Loan Agreement and over its rights under each On-Loan Agreement which shall be held by the Security Trustee.

The security created by the Guarantors and the Group Borrower will be held by the Security Trustee on the terms of the Security Trust Deed.

DEED OF GUARANTEE

Deed of Guarantee

The Guarantors have pursuant to the Deed of Guarantee jointly and severally and unconditionally and irrevocably guaranteed to the Security Trustee on trust for and on behalf of each Guarantee Beneficiary the due and punctual payment of all sums from time to time payable by the Group Borrower to such Guarantee Beneficiary under each Designated Agreement when the same become due and payable and accordingly the Guarantors undertake to pay the Security Trustee as trustee for and on behalf of such Guarantee Beneficiary any and every sum or sums which the Group Borrower is at any time liable to pay in respect of such Designated Agreement and which the Group Borrower has failed to pay.

Indemnity

The Guarantors have pursuant to the Deed of Guarantee jointly and severally and irrevocably and unconditionally agreed as a primary obligation to indemnify the Security Trustee as trustee for and on behalf of each Guarantee Beneficiary from time to time from and against any loss incurred by such Guarantee Beneficiary as a result of any of the obligations of the Group Borrower under or pursuant to a Designated Agreement or any provision thereof being or becoming void, voidable, unenforceable or ineffective for any reason whatsoever, whether or not known to such Guarantee Beneficiary or any other person, the amount of such loss being the amount which such Guarantee Beneficiary would otherwise have been entitled to recover from the Group Borrower.

Limit of liability and recourse

The liability of the Guarantors is not limited in respect of sums expressed to be payable by the Guarantors under the Deed of Guarantee. However, all obligations of the Guarantors under the Deed of Guarantee are limited in recourse in that neither the Security Trustee (on behalf of a Guarantee Beneficiary) nor any Guarantee Beneficiary shall have any claim against or recourse to the assets, property or undertaking of a Guarantor as underlying security except as follows:

(a) a secured claim against the Apportioned Part relevant to that Guarantee Beneficiary subject to and in accordance with the Security Trust Deed;

(b) a secured claim against the Unallocated Charged Properties subject to and in accordance with the Security Trust Deed; and

(c) in respect of any sums due and payable to the Security Trustee for and on behalf of that Guarantee Beneficiary under the Deed of Guarantee which are in excess of the proceeds of enforcement against the relevant Apportioned Part and Unallocated Charged Properties to which such Guarantee Beneficiary is entitled under the Security Trust Deed, an unsecured joint and several claim against each Guarantor in the amount of such excess.

Preservation of Rights

The obligations of the Guarantors under the Deed of Guarantee are joint and several principal obligations and not merely as surety.

Continuing obligations: The joint and several obligations of the Guarantors under the Deed of Guarantee shall constitute and be continuing obligations notwithstanding any settlement of account or other matter or thing whatsoever and shall not be considered satisfied by any intermediate payment or satisfaction of all or any of the Group Borrower's obligations under or in respect of a Designated Agreement and shall continue in full force and effect until all sums due from the Group Borrower in respect of a Designated Agreement have been paid, and all other obligations of the Group Borrower in respect thereof have been satisfied in full.

Obligations not discharged: Neither the joint and several obligations of the Guarantors nor the rights, powers and remedies conferred upon the Security Trustee and the Guarantee Beneficiaries by the Deed of Guarantee or by law shall be discharged, impaired or otherwise affected by: (a) the winding-up of the Group Borrower or any change in its status, function, control or ownership; (b) the illegality of any of the obligations of the Group Borrower under or in respect of a Designated Agreement; (c) time or other indulgence being granted or agreed to be granted to the Group Borrower in respect of any of its obligations under or in respect of a Designated Agreement; (d) any amendment to, or any variation, waiver or release of, any obligation of the Group Borrower under or in respect of a Designated Agreement or any security or other guarantee or indemnity in respect thereof; or (e) any other act, event or omission which, but for this provision in the Deed of Guarantee, might operate to discharge, impair or otherwise affect the obligations expressed to be assumed by the Guarantors in the Deed of Guarantee or any of the rights, powers or remedies conferred upon the Guarantee Beneficiaries or any of them by the Deed of Guarantee or by law.

Settlement conditional: Any settlement or discharge under the Deed of Guarantee shall be conditional upon no payment to the Guarantee Beneficiaries by the Group Borrower being avoided or reduced by virtue of any laws relating to bankruptcy, insolvency, liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Guarantee Beneficiaries shall be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantors subsequently as if such settlement or discharge had not occurred.

Exercise of rights: Neither the Security Trustee (on behalf of a Guarantee Beneficiary) nor any Guarantee Beneficiary shall be obliged before exercising any of the rights, powers or remedies conferred upon it by the Deed of Guarantee or by law to make any demand of the Group Borrower, save for the presentation of the

relevant Designated Agreement; to take any action or obtain judgment in any court against the Group Borrower; or to make or file any claim or proof in a winding up or dissolution of the Group Borrower, and (save as aforesaid) the Guarantors expressly waive presentment, demand, protest and notice of dishonour in respect of each Designated Agreement.

Deferral of Guarantors' rights: The Guarantors agree that, so long as any sums are or may be owed by the Group Borrower in respect of a Designated Agreement or the Group Borrower is under any other actual or contingent obligation thereunder or in respect thereof, the Guarantors will not exercise any right which the Guarantors may at any time have by reason of the performance by the Guarantors of their obligations under the Deed of Guarantee in relation to: (a) their being indemnified by the Group Borrower or any other person; (b) claiming any contribution from any other guarantor of the Group Borrower's obligations under or in respect of a Designated Agreement or any other person; (c) taking the benefit (in whole or in part) of any security enjoyed in connection with a Designated Agreement by any Guarantee Beneficiary; and/or (d) being subrogated to the rights of the Security Trustee against the Group Borrower in respect of amounts paid by the Guarantors under the Deed of Guarantee, provided that the deferral of Guarantors' rights shall not apply to the exercise of any Guarantor's rights under the Counter-Indemnity Agreement.

Representations by the Guarantors

As of the date of the Deed of Guarantee (and from time to time as indicated in the "*Repetition of Representations*" below), each Guarantor has represented and warranted, in relation to the Borrower Transaction Documents (as defined in the Deed of Guarantee), to the Security Trustee and the Guarantee Beneficiaries, in a manner substantially similar in relation to those Representations given by the Group Borrower pursuant to the Finance Documents as described in the "*Description of the Loan Facility Agreement*" above, with the addition of the following representations:

(e) ***No filing***: under the laws of England and Wales, other than the registration of the Security Documents with the Companies Registry or, as the case may be, the Financial Conduct Authority or the Land Registry, it is not necessary in respect of the Borrower Transaction Documents to which it is a party, that any consent, licence or approval be obtained from or that the Borrower Transaction Documents, be filed, recorded or enrolled with any court, governmental or other authority in

(d) **Negative pledge**: each Guarantor shall not, create or permit to subsist any Encumbrance over any of the Charged Properties with the exception of:

Enforcement of Fixed Charge

The security conferred by each Fixed Charge will become immediately enforceable and the power of sale and other powers conferred by section 101 of the Law of Property Act 1925 (as varied or amended by the Fixed Charge) will be immediately exercisable on and after an Enforcement Event has occurred. After the security constituted by each Fixed Charge has become enforceable, the Security Trustee may subject to and in accordance with the Security Trust Deed enforce all or any part of the security in any manner it sees fit.

At any time after the security constituted by each Fixed Charge shall have become and remains enforceable, the Security Trustee may without any consent from or notice to the Guarantor or any other person enter upon and take possession of the Charged Property or any part thereof and may sell, call in, collect, convert into money, manage or appoint others to manage or otherwise deal with the same or any part thereof in such manner and for such consideration as the Security Trustee shall think fit.

SECURITY TRUST DEED

Overview

The Group Borrower has raised and may raise further funds by borrowing under Loan Facility Agreements from various Loan Facility Providers (as defined in the Security Trust Deed) and the Issuer (each a **Finance Beneficiary**, which term shall include any further Loan Facility Provider (as defined in the Security Trust Deed) which accede to the Security Trust Deed as lender to the Group Borrower).

The Security Trust Deed is made between, *inter alios*, the Security Trustee, the Group Borrower and each Guarantor for the purpose of determining how the interests of the Finance Beneficiaries benefit from and are allocated the Security held by the Security Trustee.

Addition of Finance Beneficiaries

The Issuer will accede to the Security Trust Deed on the Programme Date as a Finance Beneficiary. Additional Loan Facility Providers (as defined in the Security Trust Deed) may accede to the Security Trust Deed as a Finance Beneficiary upon the Group Borrower notifying the Security Trustee prior to the proposed date of accession and there being delivered to the Security Trustee a specified notice in respect of such accession and a copy of the relevant document evidencing the obligations of the relevant Obligor to such Finance Beneficiary. The Security Trustee shall notify each existing Finance Beneficiary and each Obligor of the accession of the new Finance Beneficiary to the Security Trust Deed.

Accession of Obligors

Additional Obligors may accede to the Security Trust Deed as an Obligor upon such a person notifying the Security Trustee prior to the proposed date of accession and there being delivered to the Security Trustee a specified notice in respect of such accession and a copy of the relevant document evidencing the obligations of the relevant Obligor and details of the properties which the proposed Obligor wishes to become Charged Properties. The Security Trustee shall notify each existing Finance Beneficiary and each Obligor of the accession of a new Obligor to the Security Trust Deed.

A new Obligor will be required to satisfy certain conditions precedent as set out in the relevant Loan Facility Agreements and any other loan facility agreement entered into by the Group Borrower and any other Loan Facility Provider (as defined in the Security Trust Deed) and accede to the Deed of Guarantee, the Deed of Covenant and the On-Loan Agreement in addition to the Security Trust Deed before becoming an Obligor.

The Security

The Security initially to be held by, or to the order of, the Security Trustee upon the trusts contained in the Security Trust Deed and as detailed in each Security Document creating, evidencing or granting security for the obligations of Obligors under a Relevant Document shall comprise the benefit of the Encumbrances, Rights and obligations arising in favour of the Security Trustee under each Security Document and each Ancillary Document and all notices of assignment or charge given pursuant to any of the Security Documents and all acknowledgements given in respect of such notices.

The Security Trustee may from time to time accept as security for the Secured Obligations the benefit of any security, rights or obligations as may from time to time be offered to it as security for the Secured Obligations provided that such security is granted in the form of a Fixed Charge or a Supplemental Fixed Charge and the relevant Obligor has satisfied in respect of such security the relevant conditions precedent to the satisfaction of (a) the Security Trustee (in the case of Unallocated Charged Properties); (b) the person prescribed by the NAB Administration Agreement (in the case of NAB Charged Properties); or (c) Security Trustee acting on instructions of the relevant Finance Beneficiary (in the case of SAB Charged Properties), save to the extent that the Security Trustee or, if applicable, the relevant Finance Beneficiary has waived compliance with any of the same.

Protection of Charged Properties

Except as expressly permitted by a Relevant Document or as may be required by law, the Security Trustee has agreed in the Security Trust Deed that it shall not, (a) release any Charged Properties from the Security or re-allocate any of the Charged Properties; or (b) enter into any deed or document which would purport to impose any obligation on the relevant Finance Beneficiary or would create any Encumbrance affecting a Charged Property, provided that where a Relevant Document prescribes that either of the matters referred to in (a) or (b) above may occur with the prior written consent of the Finance Beneficiaries, such consent shall be given in relation to NAB Charged Properties, as prescribed by the NAB Administration Agreement or in relation to SAB Charged Properties, by the relevant SAB Beneficiary or SAB Beneficiaries, and provided further that either of the matters referred to in (a) or (b) above may occur in relation to an Unallocated Charged Property with the prior written consent of the relevant Obligor.

Security Register

Each Group Borrower has agreed in the Security Trust Deed that it will at all times maintain a register of all security interests created in respect of its assets (the **Security Register**) which are subject to the Security and will promptly make the relevant entry in the relevant part of the Security Register in respect of each asset charged by an Obligor in favour of the Security Trustee so as to form part of the Security Assets; each release of Security Assets from any Security Document; any disposition or dealing affecting any Security Asset including (without limitation) any disposition by operation of law and any disposal of all or part of any Shared Ownership Property but excluding any letting on an Approved Tenancy; and each reallocation of an Apportioned Part as part of the Unallocated Charged Properties or in favour of another Finance Beneficiary in accordance with the Security Trust Deed, provided that each Group Borrower in the Security Register shall at all times distinguish between the Apportioned Parts in respect of each Finance Beneficiary and any of the properties comprised in the Unallocated Charged Properties.

Apportionment of Charged Properties

It will be specified in the Loan Facility Agreements and any other loan facility agreement entered into by the Group Borrower and any other Loan Facility Provider (as defined in the Security Trust Deed) on which basis the Charged Properties have been allocated in respect of that loan facility. This allocation method will also be specified in the relevant Supplement for a Series which funds that Loan Facility.

The Security Trustee will apportion the Charged Properties into such number of parts among the Finance Beneficiaries as is appropriate under either:

(a) the **Numerical Apportionment Basis** whereby a specific percentage of Units within the portfolio of Charged Properties is designated to a Finance Beneficiary which is a NAB Beneficiary on the basis to be set out in the NAB Administration Agreement; or

(b) the **Specific Apportionment Basis** whereby specific individual Charged Properties are allocated to a specific Finance Beneficiary which is a SAB Beneficiary as agreed between such Finance Beneficiary and the relevant Obligor.

All Charged Properties allocated on the Specific Apportionment Basis are referred to as the **SAB Charged Properties** and all Units comprising the Charged Properties that have been allocated on a Numerical Apportionment Basis are referred to as the **NAB Charged Properties** and those that have not been so allocated under either method are referred to as the **Unallocated Charged Properties**. No Charged Property can be allocated under more than one method at the same time.

Re-allocation of Charged Properties upon breach by the Group Borrower or a Guarantor

In circumstances where the Group Borrower or a Guarantor is in breach of any asset cover, performance cover, withdrawal or similar ratios or any other covenants or requirements or similar ratio given in any

Finance Document, then the Obligors and the Finance Beneficiaries may, to the extent it is necessary and possible, agree to increase the relevant Apportioned Part by:

(a) in relation to the SAB Charged Properties, increasing the number of Charged Properties which have been allocated to the relevant SAB Beneficiary; and

(b) in relation to the NAB Charged Properties, increasing the percentage of Charged Properties which have been allocated to the relevant NAB Beneficiary or NAB Beneficiaries,

in each case by withdrawing Unallocated Charged Properties and allocating them to the relevant Apportioned Part or by such other means as have a similar effect and will instruct the Security Trustee to revise the Apportioned Parts accordingly provided always that the asset cover, performance cover, withdrawal or similar ratios or any other covenants or requirements that need to be satisfied prior to any withdrawal or disposal in respect of any other Finance Documents (collectively, the **Asset Tests**) continue to be complied with after such reallocation and no Enforcement Event (other than the Enforcement Event which is to be remedied by such reapportionment) has occurred and is outstanding or would occur as a result of such adjustment.

The Security Trustee shall have no obligation to the Finance Beneficiaries to monitor any compliance by the Obligors with, or satisfaction of, the Asset Tests pursuant to the Security Trust Deed but upon being notified of the completion of such re-allocation, the Security Trustee shall issue a revised Apportionment Certificate to the relevant Finance Beneficiaries.

Release and Substitution of Charged Properties

Notwithstanding the provisions of the Security Trust Deed regarding apportionment of Charged Properties, at the request and expense of an Obligor, the Security Trustee shall, as directed by that Obligor, either release entirely from the Security constituted by the Security Documents, or re-allocate from an Apportioned Part to the Unallocated Charged Properties or to another Apportioned Part such of the Charged Properties charged by that Obligor as may be selected by that Obligor.

No release of Charged Properties from the Security may occur unless in relation to the release or re-allocation of Unallocated Charged Properties, no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such release or re-allocation, as certified to the Security Trustee by two authorised representatives of the relevant Obligor, in relation to the release or re-allocation of NAB Charged Properties, such requirements as are imposed by the NAB Administration Agreement have been satisfied or in relation to the release or re-allocation of SAB Charged Properties: (a) the Security Trustee has received from such Obligor in relation to the relevant Apportioned Part a Valuation of a representative proportion of the Charged Properties comprising that Apportioned Part prepared by the Valuer in accordance with the relevant Valuation Basis, as applicable, dated within the nine months preceding the Obligor's request, (b) the Valuation referred to in (a) above confirms that the relevant Asset Cover Covenants will not be breached after the release or re-allocation, as the case may be, of the relevant Security Assets; and (c) no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such release or re-allocation, in each case to the satisfaction of the relevant SAB Beneficiaries.

Substitution of Security Assets

Notwithstanding the provisions of the Security Trust Deed regarding apportionment of Charged Properties, each Obligor shall be entitled to give instructions to the Security Trustee to either release a Charged Property from the Security Documents entirely; or re-allocate a Charged Property from an Apportioned Part to the Unallocated Charged Properties or another Apportioned Part, provided that, in substitution such Obligor grants a Fixed Charge over a substitute property of an equivalent Value: (a) in the case of the Unallocated Charged Properties, acceptable to the Security Trustee; (b) in the case of NAB Charged Properties, in accordance with the NAB Administration Agreement; and (c) in the case of SAB Charged Properties,

acceptable to the relevant SAB Beneficiaries provided that the confirmation of such acceptance by the relevant SAB Beneficiaries shall not be unreasonably withheld or delayed, or deposits monies in any Cash Security Account in accordance with the relevant Finance Document (whereupon the relevant Obligor shall notify the Security Trustee of the amount of such deposit), in each case provided that: (i) in relation to Unallocated Charged Properties, no Enforcement Event or Potential Enforcement Event has occurred and is continuing at the relevant time (as certified to the Security Trustee by any two authorised officers of the relevant Obligor); (ii) in relation to NAB Charged Properties, such requirements as are imposed by the NAB Administration Agreement have been satisfied; and (iii) in relation to SAB Charged Properties, the relevant Asset Cover Covenants will not be breached at the time of, and immediately following, such substitution and no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such substitution, in each case to the satisfaction of the relevant SAB Beneficiaries provided that the confirmation of such satisfaction of the relevant SAB Beneficiaries shall not be unreasonably withheld or delayed.

Notification of service of Enforcement Notice

Subject to the relevant NAB Beneficiary's rights pursuant to the NAB Administration Agreement, if any Finance Beneficiary serves notice of a Enforcement Event on an Obligor under a Finance Document and decides to enforce the Security in respect thereof, it shall promptly notify the Security Trustee of the same and the Security Trustee shall forthwith notify the remainder of the Finance Beneficiaries and each Obligor of receipt of such notice.

Enforcement by Security Trustee

In relation to an Apportioned Part allocated to a Finance Beneficiary, the Security Trustee shall, if so instructed by that Finance Beneficiary, enforce the relevant Rights in accordance with the instructions of that Finance Beneficiary provided that the Security Trustee shall be entitled to decline to take any action to enforce any security unless indemnified and/or secured to its satisfaction against all costs, claims and expenses (including any costs award which may be made against it as a result of any such action or proceedings not being successful).

Application of Proceeds

Any moneys received by the Security Trustee pursuant to the Security Documents or by any Receiver appointed pursuant to any Security Document shall be applied by the Security Trustee in accordance with the Security Trust Deed as follows:

Application of Proceeds relating to SAB Beneficiaries

Upon the enforcement of any of the Security in respect of an SAB Beneficiary's Apportioned Part, and after satisfying claims which rank in priority to sums owing to that SAB Beneficiary, the Security Trustee shall apply the proceeds of any enforcement relating to that Apportioned Part:

(a) *first*, in or towards payment of all costs of the Security Trustee and any Receiver relating to that Apportioned Part and Unallocated Charged Properties to the extent the Security Trustee has received payment from a Finance Beneficiary pursuant to an indemnity, the Security Trustee will pay such proceeds to that Finance Beneficiary to the extent of such indemnity payment;

(b) *second*, in or toward payment *pari passu* on a *pro rata* basis of that SAB Beneficiary's proportionate share of any expenses of the Security Trustee or Receiver relating to the repair or maintenance of any Charged Properties corresponding to such SAB Beneficiary's Apportioned Part;

(c) *third*, in or toward payment of the Secured Obligations owed to such SAB Beneficiary arising under or in connection with the Relevant Documents to which that Apportioned Part relates;

(d) *fourth*, in or toward payment of the Secured Obligations of each other Security Beneficiary arising under or in connection with the Relevant Documents in accordance with clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(e) *fifth*, in payment of the surplus (if any), to the Group Borrower or Guarantor against which such Security is being enforced.

Application of Proceeds relating to the NAB Charged Properties

Upon the enforcement of any of the Security in respect of the NAB Charged Properties, and after satisfying claims which at law rank in priority to sums owing to the NAB Beneficiaries, the Security Trustee shall apply the Proceeds relating to the NAB Charged Properties:

(a) *first*, in or towards payment of all Relevant Trustee Costs relating to the NAB Charged Properties and to the extent the Security Trustee has received payment from a Finance Beneficiary pursuant to an indemnity, the Security Trustee will pay such proceeds to that Finance Beneficiary to the extent of such indemnity payment;

(b) *second*, in or towards payment *pari passu* on a *pro rata* basis of the NAB Beneficiaries' proportionate share of any expenses of the Security Trustee or Receiver relating to the NAB Charged Properties;

(c) *third*, by allocating the balance among the NAB Beneficiaries by reference to their NAB Security Percentages so that the amount allocated to each NAB Beneficiary shall be applied in satisfaction when due of the Secured Obligations owed to such NAB Beneficiary arising under or in connection with the Relevant Documents to which the NAB Charged Properties relate;

(d) *fourth*, in or towards payment of the Secured Obligations of each other Security Beneficiary arising under or in connection with the Relevant Documents in accordance with Clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(e) *fifth*, in payment of the surplus (if any), to the Group Borrower or Guarantor against which such Security is being enforced.

Upon the enforcement of any of the Security in respect of the Unallocated Charged Properties, and after satisfying claims which rank in priority to such Security, the Security Trustee shall apply the proceeds relating to the Unallocated Charged Properties:

(a) *first*, in or towards payment of all costs of the Security Trustee and any Receiver and any other amounts owing to the Security Trustee relating to the Unallocated Charged Properties;

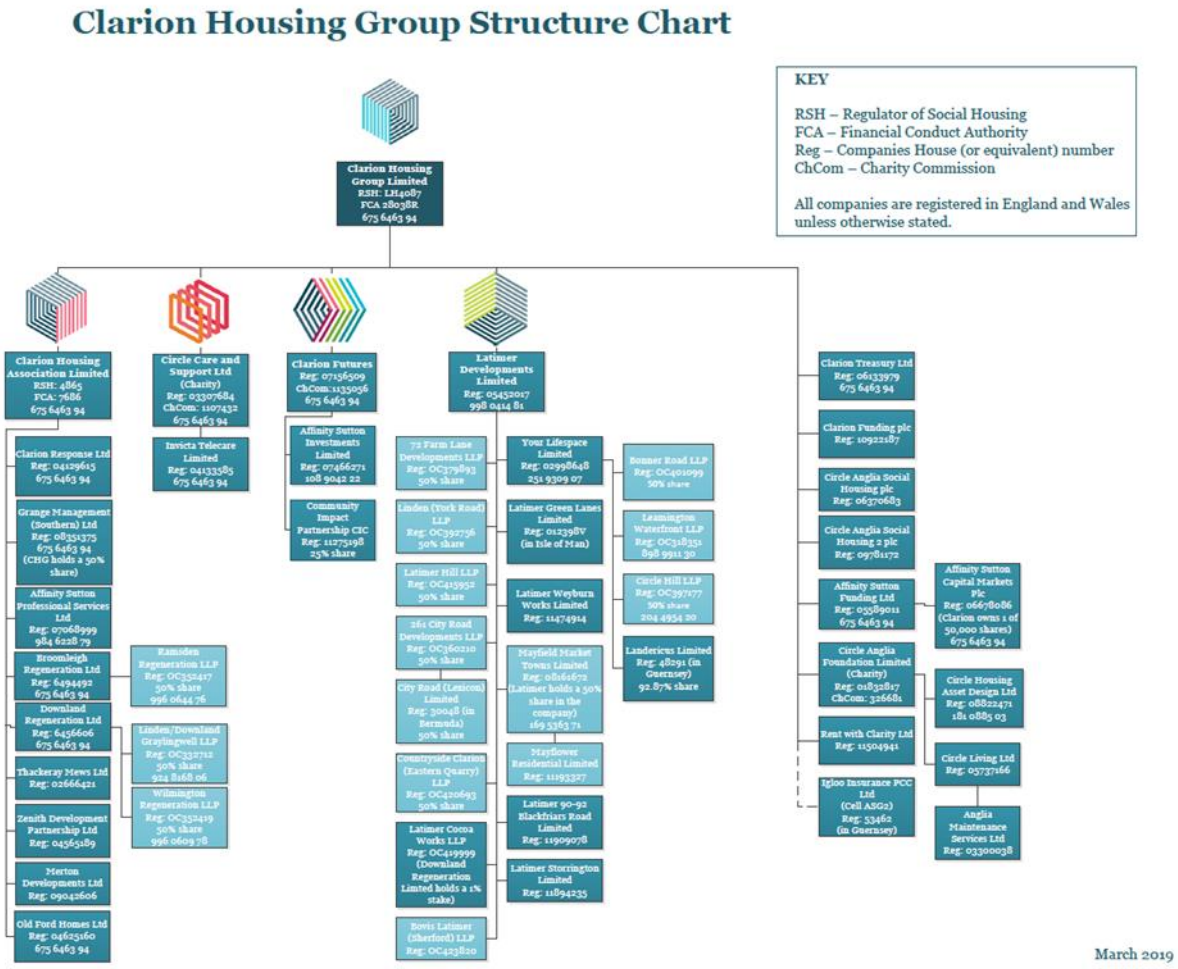
DESCRIPTION OF THE CLARION HOUSING GROUP

Introduction

The Clarion Housing Group (the **Clarion Housing Group**) was formed in November 2016 as a result of the merger of two long-established housing association groups whose group parents were Affinity Sutton Group Limited and Circle Anglia Limited. Clarion Housing Group owns approximately 125,000 homes across 179 local authorities, with homes as diversely located as Newcastle-Upon-Tyne in the North East of England through to Plymouth in the South West of England. The Clarion Housing Group also holds a high percentage of homes in London.

The Clarion Housing Group currently consists of Clarion Housing Group Limited (the **Group Parent**), its direct subsidiaries (currently being the Existing Borrower, the Group Borrower, the Issuer, Circle Anglia Social Housing Plc, Circle Anglia Social Housing 2 Plc, Affinity Sutton Funding Limited, Clarion Futures, Circle Anglia Foundation Limited, Circle Care and Support Limited, Rent with Clarity Limited and Latimer Developments Limited) and its indirect subsidiaries.

The following diagram shows each of the Clarion Housing Group's main companies and their immediate subsidiaries:



Principal Activities of the Clarion Housing Group

The Clarion Housing Group is one of the largest housing groups in Europe. It is a business for social purpose with a mission to use its heritage, fresh thinking and commitment to help people put down roots.

The Clarion Housing Group's vision is to be the leading provider of affordable housing in England by delivering excellent services to its residents, maintaining its properties to the highest standards, developing new homes across different tenures, involving residents in decision making and investing in its people and communities. Clarion Housing Group is prioritising the building of new homes and has plans to build 50,000 new homes over the next ten years.

The Clarion Housing Group operates a group structure. The Group Parent is a registered society within the meaning of the Co-operative and Community Benefit Societies Act 2014 (under registration number 28038R) and a non-asset holding Registered Provider of Social Housing (with registration number LH4087). The Group Parent provides a wide range of services to operating companies (including developing new homes) and sets the Clarion Housing Group's strategic direction and provides ultimate control of strategy and governance. The Group is simplifying the structures it inherited at merger. Specifically the Clarion Housing Group aims to have a single asset owning landlord which manages its homes. The Group Board (as defined below) considers that simple structures provide better and more effective decision making and it aims to consolidate where possible into three key business streams: landlord; commercial; and charitable foundation activities.

As at 31st March, 2018 the Clarion Housing Group's property portfolio was made up of nearly 125,000 homes, including 1,237 homes which were completed in financial year ended 31st March, 2018. The Clarion Housing Group has homes which have an overall net book value of £6.48 billion and circa £22 billion (valued on a vacant possession basis). In 2017/2018, the Clarion Housing Group achieved a surplus of £158 million on a turnover of £829 million.

The Group Parent was assigned a credit rating of "A3" from Moody's on 27th November, 2018 and "A" from S&P on 25th July, 2018. Each of Moody's and S&P is established in the EU and is registered under Regulation (EU) No 1060/2009 (as amended) (the **CRA Regulation**). As such each of Moody's and S&P is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation.

The Clarion Housing Group has adopted the NHF Code of Governance (the **Code**). The Code is based on clear requirements and commitments, which enable the Group Board to demonstrate compliance with best practice in the housing sector. The Clarion Housing Group routinely self-examines performance against the main requirements of the Code and ordinarily undertakes an externally led review of effectiveness every three years.

The Group Board has delegated appropriate responsibilities to the following specialist committees under approved terms of reference:

Whilst the Group Board is responsible for the effective governance of the Clarion Housing Group, day-to-day management of corporate risk is delegated to the Group Executive. The Group Executive has eight members, all of whom have extensive experience relevant to their roles. The Group Executive has operational responsibility for the management of risk across the business.

Regulatory Judgement

On 19th December, 2018, the RSH issued a regulatory judgement which concluded that the Group Parent continued to meet both the viability and governance standards and consequently maintained its grading of the Group Parent at "G1" for governance and "V1" for viability. This is a routine process of regulation which assesses an organisation's performance as outlined in the RSH's Governance and Financial Viability standard. The "G1" rating means that the Group Parent meets the requirements on governance set out in the Governance and Financial Viability standard. Numerical Apportionment Basis

Where the applicable Final Terms and the Loan Facility Agreement state that the security in respect of the Deed of Guarantee is allocated on a Numerical Apportionment Basis, the Notes will be secured by, *inter alia*, an allocation of charged properties from a shared security pool. On an ongoing basis, the Security Trustee apportions such number of parts of the Charged Properties between all the Beneficiaries (including the Issuer) as is appropriate. The following valuation reports (the **Valuation Reports**) prepared by the Valuers therefore relate to the total shared security pool, an appropriate part of which will be allocated to secure the Notes, such part as is required to enable the Group Borrower to satisfy the Asset Cover Test (see the section entitled "*Description of the Loan Facility Agreement*" above).

The Valuation Reports were prepared by Jones Lang LaSalle Limited, Registered Chartered Surveyors of 30 Warwick Street, London W1B 5NH and Savills Advisory Services Limited, Registered Chartered Surveyors of 33 Margaret Street, London W1G 0JD (together, the **Valuers**). Each Valuation Report is included in this Offering Circular, in the form and context in which it is included, with the consent of the relevant Valuer and the relevant Valuer has authorised the contents of this section entitled "*Valuation Reports*" relating to the Valuation Report prepared by it.

As at the date of this Offering Circular, the Issuer confirms that no material changes have occurred since the respective effective date of each Valuation Report.

Each Valuer has no material interest in the Issuer, the Group Borrower or the Existing Borrower.

Executive Summary

This summary should be read in conjunction with the main body of our Report. Section numbers are supplied where relevant.

Introduction

The date of the Report is 18 July 2019.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 32,707 properties for loan security purposes (the "Portfolio") in connection with each series of Notes which has been or will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed.

Properties

The Portfolio comprises 32,707 social housing units located across England. From our inspections and desktop research, the properties appear to be a mixture of ages and construction types.

The Portfolio is broken down as follows:

- 76 rented units formerly owned by Aashyana Housing Association Limited ("AHA");
- 8,383 rented units formerly owned by Broomleigh Housing Association Limited ("BHA");
- 6,982 rented units formerly owned by Downland Housing Association Limited ("DHA");
- 14,079 rented units formerly owned by William Sutton Housing Association Limited ("WSHA");
- 1,079 shared ownership units; and
- 2,108 units which are managed by third party agents or have been sold on long leases and included at nil value.

Each of the properties in the Portfolio is now owned by the Existing Borrower.

The Report addresses those units which carry a value for the purpose of this exercise and consequently refers to the valuation of 30,599 units only. As such, there are 2,108 units at nil value within the Portfolio.

In accordance with our instructions, we have inspected the exterior of approximately 20% of the units in the Portfolio and have seen a representative sample of 5% internally (section 3). We have valued the remainder of the Portfolio on a desktop basis.

Portfolio Analysis

Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers ("RPs") in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance ("LHA") for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the Portfolio's location and composition;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales;
- there are currently 1.16 million households on local authority waiting lists across England; and
- based on current levels of affordable housing supply (new build) across England, there are, on average, 50 households on the waiting list for every new property being built.

Weaknesses:

- the age of the properties, and general condition of those inspected internally, means they could require extensive refurbishment in the near future; and
- whilst we have been prudent in applying our MV-VPs, MRs and sales rates, there are well-documented challenges at present to the domestic sales and lettings market.

Opportunities:

- increased efficiencies driven by mergers between Housing Associations;
- rationalisation of RPs' stock allowing for more efficient asset management; and
- investment of REITs and other funds into the sector as whole.

Threats:

- changes in Government policy such as a further period of rent cuts or changing the Rent Regime to CPI only;
- results of the Hackitt Report could lead to retrospective remedial repairs and alterations being enforced upon RPs;
- sharp increase in the cost of materials and labour to carry out any repairs and maintenance work on existing stock and meet development plans; and
- cost of land for development.

Suitability of Security

Your instructions require us to comment on whether the properties we have valued continue to provide adequate security for the loan.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However, we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this Portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our Report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the Portfolio.

With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

Subject to the information presented within this Report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this Portfolio is suitable for security purposes.

Lender Action Points

Based on our inspections, we are satisfied that the properties we inspected internally, are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our Report, none of the properties which are of 6 storeys or more are subject to any further remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements. We understand that the Clarion Housing Group has already undertaken a comprehensive maintenance programme to remedy any fire-safety concerns following the Grenfell Tower disaster.

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

1 Introduction

1.1 Background

Clarion Housing Group (hereafter "Clarion") has instructed Jones Lang LaSalle ("JLL") to prepare a valuation of 32,707 properties owned by the Existing Borrower (the "Portfolio").

We understand that this Report will be used in order to assist with the existing £3,000,000,000 Secured Euro Medium Term Note Programme (the "Programme") of the Issuer. This valuation is required to assess the level of security for each series of Notes which has been or will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportioned Basis" in accordance with the Security Trust Deed.

1.2 Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards 2017 published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book") and the RICS Valuation – Global Standards 2017 – UK National Supplement effective from 14 January 2019.

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This Report has been prepared by Callum Spencer MRICS (Valuer Number: #6332111) under the supervision of Fiona Hollingworth MRICS (Valuer Number: #0099707), a Director of JLL and countersigned by Richard Petty FRICS (Valuer Number: #0089005), Head of Affordable Housing and a Director of JLL.

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this Report.

The effective date of valuation is 31 March 2019.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Existing Borrower's accounts. This Report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at 31 March 2019. We understand that values given in the Existing Borrower's accounts are prepared on a historic cost basis which considers how much the properties have cost and will continue to cost the Existing Borrower. This is an entirely different basis of valuation from that used for loan security purposes.

1.3 Instructions

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T"); - where applicable.

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

We have valued the Portfolio on these bases, unless otherwise stated in this Report. In addition, and for guidance only (and specifically not to be relied on or represented for any purpose connected with loan security or similar purposes), we are instructed to provide our indicative opinion of value on the basis of Market Value assuming Vacant Possession ("MV-VP").

For reference only, and in accordance with our instructions, we have also provided our opinion of the value of the Portfolio assuming that the properties that are currently let at Affordable Rent, stay at Affordable Rent levels, rather than revert to social rent. Additionally, we have also provided our opinion of the value of the Portfolio which allows for a degree of prudent lotting where we feel this is appropriate, and which also reflects the possibilities of the recently deregulated environment and builds in some sales of properties, where we believe that would be appropriate and justifiable. These additional valuations are included in the valuation summaries and property schedules at Appendix 3, but are not otherwise referred to in this Report.

1.4 Regulatory Compliance

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with Clarion, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from Clarion is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2018) and that we do not anticipate this situation changing in the foreseeable future.

1.5 Status of Valuer

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

We confirm that we valued the properties in March 2019 for Clarion's annual requirements under its loan covenants. After the appropriate due diligence, we consider that we do not have any conflict of interest in providing the advice that you have requested.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility is considered no later than the end of 2023.

1.6 Property Documents

We have previously reviewed the original Certificate of Title for the Portfolio ("the Certificate"), dated 12 April 2012, the Reliance and Top Up Letters, dated 29 November 2016, and the Reliance and Top Up Letter, dated on or about 29 September 2017, and issued by Winckworth Sherwood LLP (together the "Property Documents") and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Property Documents) such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Property Documents but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

1.7 Portfolio

The Portfolio comprises the following properties as described in section 3, schedules of which form Appendix 2:

- 25,782 units which have been valued on the basis of EUV-SH; and
- 4,817 units which have been valued on the basis of MV-T.

In addition, there are 2,108 units in the Portfolio which are either managed by third parties, or have been sold on long leases. The Existing Borrower's interest in these properties is considered to be de minimis for the purpose of this exercise (or treated as being such) and so they are included at nil value. Please note that these units are not included in any unit counts or other statistics in this Report (with the exception of the front cover of the Report), but are listed in Appendix 2.

Consequently, the valuation and summaries included herein refer to the 30,599 units being valued.

1.8 Changes to Social Housing Rental Growth from March 2016

As you will be aware, under Section 23 of The Welfare Reform and Work Act 2016 ("the Act"), all RPs are required to reduce their rents charged on social housing by 1% each year, for four years from 2016 up to and including 1 April 2019.

Social housing, as defined in the Housing and Regeneration Act 2008, includes all forms of housing let at below market rents, however Shared Ownership and Low Cost Home Ownership is expressly excluded from the Act, together with other property in the ownership of RPs which is listed as exceptions in The Social Housing Rents (Exceptions and Miscellaneous Provisions) Regulations 2016 ("the Regulations"). These include, but are not limited to:

- intermediate rent accommodation (defined in the Regulations to include inter alia properties let on sub-market rents, let on Assured Shorthold Tenancies which have not previously been let at social rents and are not let at Affordable Rent);
- specialised supported housing (defined in the Regulations to include inter alia supported housing of bespoke design in which a high level of support is offered to tenants);
- temporary social housing (meaning low cost rental accommodation made available to a person who is homeless, within the meaning of the Housing Act 1996);
- student accommodation;
- accommodation where the rent registered under the Rent Act 1977 is lower than the social rent rate;
- care homes; and
- accommodation where the rent payable by the tenant was temporarily reduced or waived for any period during the previous relevant year.

Supported Housing was exempt from the first year of cuts, but rents will be reduced by 1% for the remaining years up to and including 2019.

It was announced by the Government on 4 October 2017 that once the period of cuts has ended, in April 2020, RPs will be allowed to increase their rents by CPI plus 1%, in line with the rent regime previously introduced in April

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

2015. However, as will be evident from the recent shifts, there can be no absolute certainty over government policy on the rent regime and there is therefore a degree of risk that we may see further changes by April 2020.

This heightened risk is reflected in the discount rate applied to this valuation. However, this component of risk is not new – there has always been an element of legislative or regulatory risk in social housing valuations, where gross and net rental incomes are assessed over a long period; and this risk has always been reflected in the discount rates applied to valuations.

However, the Act includes provisions for either a mortgagee in possession, or a receiver, and its successor in title (which could be either a RP or a non-regulated purchaser) to be exempt from the need to make future cuts after the date of acquisition. These exceptions are contained in Section 24 of the Act.

In our opinion, neither a mortgagee in possession (or receiver), nor any purchaser acquiring stock from the same, would choose to implement rent cuts over the period 2016-2019; and would actively use a legal right to avoid reducing the gross rental income from a housing portfolio. We have therefore prepared our valuation on the basis of EUV-SH on the express assumption that no further reductions in rent would be made after the hypothetical sale at the valuation date. This is consistent with our reading of the Act and with the interpretation of the Act by the Regulator of Social Housing (RSH) (previously the Homes and Communities Agency (HCA)) which would, in effect, be powerless to prevent even a RP from choosing not to reduce rents over this period.

1.9 Affordable Rent

As you will know, the Affordable Rent framework was introduced by the Government and the RSH in an effort to improve the delivery of affordable housing whilst reducing grant subsidy. This model provides RPs with more flexibility in the length of tenancies issued, and the level of rent which they charge to tenants. The contracts allow RPs to let properties at a level of up to 80% of Market Rent ("Affordable Rent") inclusive of service charge (although the actual level is different in each contract and there are substantial regional variations).

The investment contracts are individual to each RP and the terms therein will not be bound to the land or title, nor will the details of the contracts be disclosed to the market. This has ramifications for the value of properties which are owned by the RPs because it follows that, in a bidding situation, the value which the vendor could achieve when selling a portfolio will be related to the rent level which the eventual purchaser could charge future tenants, rather than the level set out in the vendor's contract.

This introduces uncertainty in the assumptions which we make about the rental income which could be realised in the future, after a hypothetical transfer of stock (the concept upon which all valuations are based). Funders are wary about lending money against security with such valuations attributed to them and, in light of this and in accordance with our instructions, for one of the basis of valuation we have been asked to adopt, we have valued the Portfolio on the assumption that properties are not let at Affordable Rents, as defined above. We have assumed that the Portfolio is rented in line with the Rent Influencing Regime into perpetuity, and have not included additional hope value for Affordable Rent in our valuation on the basis of EUV-SH.

1.10 The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

1.11 Deregulatory Measures

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These are very significant for the UK social housing sector, as they give RPs greater freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the regulator to prevent asset management actions.

The deregulatory measures introduced last year, inter alia, give RPs the freedom to dispose of assets without the regulator's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

There are already early signs that these measures are having an effect on RPs' thinking, and on their business plans, as they begin to adopt a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, through our day to day work, we are beginning to see more analytical requirements in terms of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs are in any way sacrificing their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

As mentioned, some RPs are steadily starting to build in an element of void sales into some stock rationalisation bids, however in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

2 Methodology

2.1 Valuation Model

We have undertaken our valuation of the Portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this Portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the Portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

Copies of each of our cashflow summaries are attached to the Report at Appendix 2.

Against the income receivable for each Portfolio, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing (where applicable). We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2 Information Provided

The principal source of background data for the Portfolio has been the rent roll for each property provided by the Existing Borrower. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

2.3 Inspections

We understand that, under the terms of the loan agreements, which on-lend the proceeds of each series of Notes, the Existing Borrower must deliver a full valuation report at least once in every period of five calendar years.

The Portfolio comprises 30,599 properties, which, in line with the loan agreements, which on-lend the proceeds of each series of Notes, are required to be inspected by a valuer every five years. The logistics of inspecting this number of units in one year would be time consuming and costly, and therefore it has been agreed with the Security Trustee that we will inspect 20% of the properties every year, so that over a 5 year period all of the properties will have been inspected.

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

We can confirm that we inspected the exterior of 20% of the properties this year and of those properties, we inspected the interior of 5%. Our inspections were carried out between 11 March 2019 and 5 April 2019.

2.4 Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with the Existing Borrower's rents; and
- analysing data provided by the Existing Borrower.

3.3 Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties within the Portfolio are a mixture of ages.

We understand from Clarion that there are 21 blocks of six storeys or above in the Portfolio. We understand that these blocks have all been recently reviewed by Clarion and tests have been carried out where necessary. Clarion have provided us with remedial cost estimates where these are felt to be appropriate, and we have included these costs in our valuations. Furthermore, we have factored the additional risk outlined above into the discount rates we have applied when valuing these properties. The blocks in question are summarised in the following table:

Scheme	Postcode	Units	Storeys

Based on our inspections, we are satisfied that the properties we inspected internally, are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

4 Valuation Commentary – Rented Stock

4.1 Introduction

There are 29,520 rented properties in the Portfolio. The rented properties within the Portfolio are a mixture of general needs, Affordable Rent, keyworker, Intermediate Rent and sheltered social housing properties. As at 31 March 2019 and from our reviews of the Property Documents for the Portfolio, 24,703 of the units were subject to disclosures that would be binding on a mortgagee in possession and therefore we have valued them in the basis of EUV-SH only.

4.2 Tenancies

The majority of the rented properties (circa 93.8%) are let on assured tenancies. We have assumed that these are 'standard' assured tenancies although we have not seen example tenancy agreements. The remaining 1,821 units are let on secure tenancies.

4.3 Rental Income

The following table summarises the total income that the Existing Borrower receives from the Portfolio annually:

Category	Units	Annual Income	Average Rent
Ex-AHA rented units	76	£402,352	£101.81
Ex-BHA rented units	8,383	£51,335,528	£117.76
Ex-DHA rented units	6,982	£41,158,715	£113.36
Restricted Ex-WSHA rented units	9,262	£52,168,029	£108.32
Unrestricted Ex-WSHA rented units	4,817	£21,389,903	£85.39
Total	**29,520**	**£166,454,527**	**£108.44**

The following table sets out a comparison of the Existing Borrower's average rents with the average LHA in the Portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks). A breakdown per property is included within the schedule at Appendix 2.

Property Type	Average Passing Rent	Average LHA	% of LHA
Ex-DHA rented units	£113.36	£223.51	50.7%
Ex-BHA rented units	£117.76	£284.59	41.4%
Restricted Ex-WSHA rented units	£108.32	£217.98	49.7%
Ex-AHA rented units	£101.81	£223.90	45.5%
Unrestricted Ex-WSHA rented units	£85.39	£155.42	54.9%

We are unable to verify the accuracy of the rent roll provided to us by the Existing Borrower.

4.4 EUV-SH Rental Growth

As you will be aware, RPs were required by the RSH to restructure their rents from prevailing levels to target rents by 2012, later extending this policy for some RPs. Thereafter, rents were to be grown at a rate of CPI plus 1%. However, this guidance was superseded by the Welfare Reform and Work Act announced in the July 2015 budget as discussed in section 1.6. All four years of rent cuts have been included within the information provided by the Existing Borrower and we have therefore modelled increased rents by CPI plus 1.0% annually into perpetuity.

4.5 MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the Portfolio.

We have assumed that it will take between 1 and 5 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

The number of years' growth and average increases we have modelled per year for houses and flats in each of our valuations are shown in the cashflow summaries at Appendix 3.

4.6 Relet Rates

Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. The annual rates of tenancy turnover experienced by housing associations vary considerably between localities and between different property types. In regard to assured tenancies, national turnover rates are typically within the range of 5.0% to 11.0%, with higher rates of turnover in the North than in the South.

We have adopted rates of 5.0% (houses), 5.0% (flats) and 8.0% (rooms) and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.10.

4.7 Sales Rates

In accordance with section 1.9, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices in England over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table overleaf:

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

Geographical Area	Annual Sales (Houses)	Annual Sales (Flats)
Greater London	2.0% - 10.0%	3.0% - 16.0%
Midlands	2.0%	9.0%
North East	2.0% - 17.0%	3.0%
North West	2.0%	3.0%
South East	2.0% - 25.0%	3.0% - 25.0%
South West	2.0% - 4.0%	3.0% - 25.0%
Yorkshire & The Humber	2.0%	3.0% - 9.0%

This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

4.8 Right to Buy

Following announcements made in the Budget delivered on 8 July 2015 we anticipate that the tenants of some of the properties within the Portfolio may in future have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). The National Housing Federation ("NHF") put an offer to Government in September 2015 in which it proposed the implementation of an extended RTB on a voluntary basis. The Voluntary Right to Buy ("VRtB") was described as a compromise with a view to securing the independence of housing associations and the best deal on compensation (for discounts) and flexibilities (the ability to refuse the VRtB in relation to certain properties).

In the Autumn Statement 2016 it was announced that the Government would fund a large-scale regional pilot of the VRtB for housing association tenants. It was expected that over 3,000 tenants would be able to buy their own home with VRtB discounts under the initial pilot scheme.

The initial pilot scheme in 2016 involved only five housing associations. A second pilot scheme across the Midlands commenced in August 2018 and will run for a period of two years. The second pilot scheme is aimed at testing two aspects of the voluntary agreement that the original pilot scheme did not cover, namely:

- one-for-one replacement; and
- portability of discounts.

The wider terms of the overall extension of RTB and therefore any consideration of the impact of RTB or RTA on valuations would be speculative. We consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.9 Outgoings

In forming our opinion of the net rental income generated by the Portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Existing Borrower's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the Portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the Portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.10 Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2018 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2018 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.69% of their gross income through bad debts and 1.35% through void losses. Both of these figures reflect a slight decrease from the previous two years.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

The rates we have adopted for bad debts and voids as a percentage of gross income for each of our EUV-SH and MV-T valuations are shown in the cashflow summaries at Appendix 3.

4.11 Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to Clarion. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2018 Global Accounts, the average cost of management across the sector is £1,020 per unit and the average management cost per unit for the Existing Borrower is £752 per annum.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be significantly less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted rates of between £650 and £700 per unit for management and administration in our valuations on the basis of EUV-SH.

We have assumed that a mortgagee in possession would expect to spend 10.0% of rental income on management and administration in our valuations on the basis of MV-T.

4.12 Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2018 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £1,830 per unit and the average maintenance cost per unit for the Existing Borrower is £2,896 per annum. This is likely to have been heavily influenced by the cost of remedial works to the high-rise buildings within the Portfolio post the fire at Grenfell Tower on 14 June 2017.

These Global Accounts figures are an increase on 2017 but lower on average than in 2016.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low-start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.3 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 1.0% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£650 - £1,225
Cyclical repairs	Year 1	£300 - £375
Day-to-day repairs	Year 1	£350 - £475
Total Average Costs	**Year 1**	**£1,300 - £2,050**

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

The repairs and maintenance assumptions used in each of our valuations are shown in the cashflow summaries appended to this Report.

4.13 Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

- the likely rate of future rental growth;
- the condition of the Portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the Portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.5% and 8.0% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 1 to 5 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of between 7.5% and 8.5% (rental income), and between 9.5% and 10.5% (sales) for our MV-T cashflows.

The discount rates we have used in each of our valuations are shown in the cashflow summaries at Appendix 3.

4.14 Market Value subject to Vacant Possession (MV-VP)

We have undertaken research into MV-VPs in locations covered by the Portfolio. We have assessed the average value of dwellings on a property by property basis. The values adopted are based on comparable research and reflect the diversity of the stock and the different areas.

The average MV-VP of flats and houses in each of our cashflows are as shown in the table below:

Valuation Category	Average MV-VP (Houses)	Average MV-VP (Flats)	Average MV-VP (Bungalows)
Ex-DHA rented units	£295,000	£188,000	£261,000
Ex-BHA rented units	£345,000	£254,000	£253,000

5 Valuation Commentary - Shared Ownership

5.1 Introduction

There are 1,079 shared ownership properties within the Portfolio. The Existing Borrower currently owns 61.7% of the equity in the units and a rent is charged on this percentage. The equity retained by the Existing Borrower in each of our shared ownership cashflows and average weekly rent charged against this equity are shown in the table below:

Cashflow	Units	Retained Equity	Weekly Rent
Ex-Ridgehill	131	73.1%	£61.92
North	9	56.7%	£51.21
South	884	59.8%	£59.89
South High-Rise	55	66.2%	£61.47

5.2 Rental Levels

According to the information provided by the Existing Borrower, the average gross weekly rental level is £60.14 against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

5.3 Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

It should also be noted that although, in general, rents in the sector will be linked to CPI, the rents for shared ownership properties will grow as set out in the signed leases for each property. We have not had sight of these leases and assume that they have the standard rent review provisions (upwards only, indexed linked at RPI plus 0.5%) set out in the model shared ownership lease, published by the National Housing Federation.

We have grown rents at a rate of RPI plus 0.5% in line with this guidance and the terms of the existing leases.

5.4 Outgoings

In forming an opinion of the net rental income generated by the Portfolio, we have allowed between 4.5% - 5.5% of gross rental income for management.

5.5 Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

5.6 Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.7 Discount Rate

For our EUV-SH valuation we have adopted a discount rate of between 5.25% - 6.25% on the rental income and between 7.75% - 8.0% on sales.

5.8 Market Value subject to Vacant Possession (MV-VP)

The average MV-VP of the retained equity in the shared ownership properties in the Portfolio is £180,000.

5.9 Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our North and South cashflow models. We have assumed that equity is sold in 25% tranches.

The 131 ex-Ridgehill properties have no allowance for future staircasing included within the valuation.

We have not made any allowance for future staircasing within the High-Rise cashflow, due to the current uncertainty surrounding sales of units within high-rise blocks.

The rates we have adopted in our North and South cashflows are as follows:

North

Years	Tranche Sales p.a.
Years 0-2	0
Years 3-9	1
Years 10-50	0

South

Years	Tranche Sales p.a.
Years 0-5	12
Years 6-21	35
Years 22-46	30
Years 47-50	15

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it should be noted that in our valuation, the majority of the value (between 60.1% - 61.8%) is attributed to the rental income.

6 Valuation

6.1 Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH");
- EUV-SH with the Special Assumption that all the rents are at social (not Affordable) rent levels; and
- Market Value subject to existing Tenancies ("MV-T") – where applicable.

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 2. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the Portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this Report.

7 Bases of Valuation

Our valuations have been prepared in accordance with the RICS Red Book.

7.1 Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards 2017 – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

7.2 Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.3 Expenses

No allowance is made in our valuations for any expenses of realisation.

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

7.4 Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

The transfer of properties between RPs is exempt from Stamp Duty Land Tax ("SDLT"). Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5 VAT

Our valuations are exclusive of VAT on disposal.

8 Sources of Verification of Information

8.1 General

We have relied upon the description, tenancy type and current rental income provided to us by the Existing Borrower and we have been unable to verify the accuracy of that data.

8.2 Tenure

We have assumed that the Existing Borrower holds long leasehold or freehold interests in these properties unless otherwise stated in this Report.

8.3 Title

We have not carried out our own investigations of title and our valuations have assumed good title, free from onerous covenants and other encumbrances other than as set out in this Report.

We assume unless informed to the contrary or unless otherwise stated in this Report, that each property has a good and marketable title; that all documentation is satisfactorily drawn; and that there are no encumbrances, restrictions, easements or other outgoings of an onerous nature, which would have a material effect on the value of the interest under consideration, nor material litigation pending. Where we have been provided with documentation we recommend that reliance should not be placed on our interpretation without verification by your lawyers. We have assumed that all information provided by the client, or its agents, is correct, up to date and can be relied upon.

8.4 Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this Report.

8.5 Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this Report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

8.6 Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.7 Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.8 Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.9 Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.10 Japanese Knotweed

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

8.11 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Existing Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

© 2019 Jones Lang LaSalle IP, Inc. All rights reserved

8.12 Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the "the Red Book". Such figures should not be used for any other purpose other than in the context of this valuation.

8.13 Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.14 Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.15 The Equality Act

From our inspections the properties appear to comply with the requirements of the Equality Act 2010.

8.16 Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

8.17 Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.18 Plans and Maps

All plans and maps included in our Report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.19 Compliance with Building Regulations and Statutory Requirements

Unless otherwise stated in our Report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.
