		There has been no significant change in the financial position or trading position of TCCI since 30 September 2018, the date of the most recently published financial statements of TCCI. There
		has been no material adverse change in the prospects of TCCI since 31 March 2018, the date of the most recently published audited financial statements of TCCI.
B.13	Events impacting the Issuer's solvency	Not Applicable; there have been no recent events particular to the Issuer which are to a material extent relevant to the evaluation of its solvency.
B.14	Dependence upon other group entities	The Issuer's business is substantially dependent upon the sale of Toyota and Lexus vehicles in Canada by its primary distributor, Toyota Canada Inc.
B.15	Principal activities	TCCI's principal activity is to provide financing services for authorised Toyota dealers and users of Toyota products. Financial products offered (i) to customers, include lease and loan financing and (ii) to Toyota dealers, include floor plan financing and dealership financing. Such financing programmes are offered in all provinces and territories of Canada.
B.16	Controlling shareholders	All of the outstanding capital stock and voting stock of the Issuer is owned directly by TFS. TFS is a wholly-owned holding company subsidiary of TMC. As a result, TFS effectively controls the Issuer and is able to directly control the composition of
		the Issuer's Board of Directors and direct the management and policies of the Issuer.
B.17	Credit ratings	The senior long-term debt of the Issuer has been rated Aa3/Outlook Stable by Moody's Investors Service, Inc. ("Moody's"), and AA-/Outlook Stable by S&P Global Ratings, acting through S&P Global Ratings Japan Inc. ("Standard & Poor's Japan"). Moody's and Standard & Poor's Japan are not established in the European Union and have not applied for registration under Regulation (EC) No. 1060/2009 (the "CRA Regulation"). However, Moody's Investors Service Ltd. has endorsed the ratings of Moody's, and Standard and Poor's Credit Market Services Europe Limited has endorsed the ratings of Standard & Poor's Japan, in accordance with the CRA Regulation. Each of Moody's Investors Service Ltd. and Standard and Poor's Credit Market Services Europe Limited is established in the European Union and is registered under the CRA Regulation. Credit ratings of the Issuer depend, in large part, on the existence of the credit support arrangements with TFS and TMC described below and on the financial condition and the results of operations of TMC and its consolidated subsidiaries. See also "Credit ratings" below with respect to TMC.
		The above ratings reflect ratings assigned to Notes of this type issued under the Programme generally. A security rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. The Issuer has not applied to Moody's Japan or Standard & Poor's Japan for ratings to be assigned to the Notes.
B.18	Credit Support Agreements	The Notes have the benefit of certain Credit Support Agreements governed by Japanese law, one between TMC and TFS dated 14 July 2000 as supplemented by a Supplemental Credit Support Agreement dated 14 July 2000 and a Supplemental Credit Support Agreement No. 2 dated 2 October 2000 (collectively, the "TMC Credit Support Agreement") and between TFS and TCCI dated 7 August 2000 (the "Credit Support Agreement" and, together with the TMC Credit Support Agreement, the "Credit Support Agreements"). The Credit Support Agreements do not constitute a direct or indirect guarantee by TMC or TFS of the Notes. TMC's obligations under its Credit Support Agreement and the obligations of TFS under its Credit Support Agreements, rank pari passu with its direct, unconditional, unsubordinated and unsecured debt obligations.
		Under the TMC Credit Support Agreement, TMC agrees that it will make available to TFS funds sufficient to make its payment obligations on the securities issued by it (including securities issued by subsidiaries or affiliates of TFS such as the Issuer in respect of which TFS has credit support obligations) and agrees to ensure that TFS always has at least JPY10,000,000 in consolidated tangible net worth so long as TFS has credit support obligations outstanding.
		TFS agrees in its Credit Support Agreements with the Issuer to make available to the Issuer funds sufficient to make its payment obligations on securities issued by it and agrees to ensure that TCCI always has at least C\$150,000 in tangible net worth, so long as the Issuer has securities outstanding. Tangible net worth means the aggregate amount of issued capital, capital surplus and retained
		earnings less any intangible assets.
B.19	Legal and commercial name of the Credit Support Providers	Toyota Financial Services Corporation (credit support provider to the Issuer) and Toyota Motor Corporation (credit support provider to Toyota Financial Services Corporation).

	Domicile/legal form/legislation/ country of incorporation Each of TFS and TMC is a limited liability, joint-stock company incorporated and domic Japan under the Commercial Code of Japan, and continues to exist under the Companies Japan.

Section D - Risks

Element	Title	
D.2	Key risks regarding the Issuer	Each of the Issuer, TFS and TMC has identified in the Prospectus a number of factors which could adversely affect its business, results of operations and financial condition and, in the case of the Issuer, its ability to make payments due under the Notes or, in the case of TFS and TMC, to fulfil its obligations under the Credit Support Agreements. These factors include:
		• changes in general business, economic, geopolitical and market conditions, including the overall market for retail contracts, wholesale motor vehicle financing, leasing or dealer financing, changes in the level of sales of Toyota, Lexus or other vehicles in Toyota's (including, TCCI's) market, and restrictive exchange or import controls or other disruptive trade policies, disruption of operations as a result of systemic political or economic instability, and changes in consumer behaviour;
		• recalls and other related announcements which could adversely affect sales, including as a result of the actual or perceived quality, safety or reliability of Toyota and Lexus vehicles as the Issuer's business is substantially dependent upon the sale of Toyota and Lexus vehicles;
		• a decrease in the level of sales of Toyota and Lexus vehicles will have a negative impact on the level of the Issuer's financing volume;
		• changes to the senior long-term debt credit ratings of TMC and certain of its affiliates including the Issuer;
		• the failure of a customer or dealer to meet the terms of any contract with an Issuer or otherwise to perform as agreed;
		• the failure of any of the financial institutions and other counterparties in the finance industry to perform their contractual obligations;
		• the estimated residual values at lease origination may not be recoverable at the end of the lease terms;
		 liquidity risk arising from the inability of the TFS group (including the Issuer) to maintain the capacity to fund assets and repay liabilities in a timely and cost-effective manner;
		• changes in market interest rates, foreign currency exchange rates and other relevant market parameters or prices and/or a decline in the value of the investment portfolio;
		• inadequate or failed processes, systems or internal controls, models estimates or assumptions, the failure to perfect collateral, theft, fraud, cybersecurity breaches, earthquakes, other natural disasters or other catastrophes;
		• the worldwide automotive market is highly competitive and volatile and the worldwide financial services industry is also highly competitive;
		• the inability to offer new, innovative, competitively priced products that meet customer

		demand on a timely basis;
		an inability to cover ongoing expenses with ongoing income subsequent to the event of a major market contraction; and
		• changes in law or regulation in relation to the financial services industry and the automotive industry, including those related to vehicle safety and environmental matters or a failure to comply with relevant laws or regulations applicable to it.
D.3	Key risks regarding the Notes	There are also risks associated with the Notes including a range of risks relating to the structure of the Notes, market risks and risks relating to Notes generally including that:
		• uncertainty about the future of "benchmarks" (such as "CDOR") and other interest rates or other types of rates and indices that are deemed "benchmarks" may adversely affect the value of, and return on, Notes linked to a "benchmark" and the trading market for such Notes;
		• the Terms and Conditions of the Notes contain provisions which permit their modification without the consent of all investors in certain circumstances;
		• the holder may not receive payment of the full amounts due in respect of the Notes as a result of amounts being withheld by the Issuer in order to comply with applicable law;
		• investors are exposed to the risk of changes in law or regulation affecting the value of their Notes;
		the value of an investor's investment may be adversely affected by exchange rate movements where the Notes are not denominated in the investor's own currency;
		there may be no or only a limited secondary market in the Notes;
		any credit rating assigned to Notes may not adequately reflect all the risks associated with an investment in the Notes; and
		• assuming no change in market conditions from the time of issue of the Notes, if the Issuer has hedged its payment obligations on the Notes with the purchaser distributing the Notes, the price, if any, at which a purchaser may be willing to purchase Notes in secondary market transactions will be lower than the issue price.

Section E - Offer

Element	Title	
E.2b	Reasons for the offer and use of proceeds	The net proceeds from the issue of the Notes will be applied by the Issuer for its general corporate purposes, which include making a profit.
E.3	Terms and conditions of the offer	The issue price of the Notes is 100.00 per cent. of their nominal amount.
E.4	Interest of natural and legal persons involved in the issue/ offer	The Managers will be paid aggregate commissions equal to 0.20 per cent. of the nominal amount of the Notes. Any Manager and its affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.
E.7	Expenses charged to the investor by the Issuer or an offeror	Not Applicable; the Issuer will not charge any expenses to the investor.
