

PARADIGM HOMES CHARITABLE HOUSING ASSOCIATION LIMITED

(incorporated in England with limited liability under the Co-operative and Community Benefit Societies Act 2014 with registration number 27789R and registered with the Regulator of Social Housing under the Housing and Regeneration Act 2008, as amended by the Localism Act 2011, with number L4215)

£50,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (to be consolidated and form a single series with the £250,000,000 5.25 per cent. Secured Sustainability Bonds due 2044)

The £50,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the "**New Bonds**") are issued by Paradigm Homes Charitable Housing Association Limited (the "**Issuer**"). The New Bonds have the same terms and conditions as, and will be consolidated and form a single series and rank *pari passu* with, the £250,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the "**Existing Bonds**") and, together with the New Bonds, the "**Bonds**") issued by the Issuer on 4 April 2024. The Issuer will immediately purchase the New Bonds on the New Bond Issue Date (as defined below) (as such, the "**New Retained Bonds**") and will on sell them to one or more investors at a later date.

Application has been made to the London Stock Exchange plc (the "**London Stock Exchange**") for the New Bonds to be admitted to the London Stock Exchange's International Securities Market ("**ISM**"). The ISM is not a United Kingdom ("**UK**") regulated market for the purposes of Regulation (EU) No. 600/2014 on markets in financial instruments, which forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") ("**UK MiFIR**"). Application has also been made to the London Stock Exchange to admit the New Bonds to the Sustainable Bond Market of the London Stock Exchange.

The ISM is a market designated for professional investors. Bonds admitted to trading on the ISM are not admitted to the Official List of the Financial Conduct Authority ("FCA"). The London Stock Exchange has not approved or verified the contents of these Admission Particulars.

References in these Admission Particulars to the New Bonds being "**admitted to trading**" (and all related references) shall mean that the New Bonds have been admitted to trading on the ISM, so far as the context permits.

These Admission Particulars do not constitute a prospectus for the purposes of listing or an admission to trading on any market in the European Economic Area (the "**EEA**") which has been designated as a regulated market for the purposes of Directive 2014/65/EU (as amended or superseded, "**MiFID II**"). These Admission Particulars do not constitute a prospectus for the purposes of a listing or an admission to trading on any market in the UK which has been designated as a UK regulated market for the purposes of UK MiFIR.

Interest on the New Bonds is payable semi-annually in arrear in equal instalments on 4 April and 4 October in each year, commencing 4 April 2025. Interest on the New Bonds will accrue from, and including, 4 October 2024 to, but excluding, 4 April 2044 (the "**Maturity Date**") at the rate of 5.25 per cent. per annum on their principal amount, as described in Condition 7 (*Interest*).

The Issuer may, at its option, redeem all (or some only) of the Bonds at any time after the Final Retained Bond Disposal Date at the higher of their principal amount and an amount calculated by reference to the sum of (a) the yield on the relevant outstanding United Kingdom government benchmark conventional gilt having the nearest maturity date to that of the Bonds and (b) 0.15 per cent., together with accrued interest. The Issuer may also, at its option, redeem all, but not some only, of the Bonds at any time at their principal amount plus accrued interest, in the event of certain tax changes as described in Condition 9.2 (*Redemption for Taxation Reasons*). In addition, each Bondholder shall have the option to require the Issuer to procure that a member of the Group (as defined below) purchases its Bonds at their principal amount, plus an amount equal to accrued interest, subject to and as described in Condition 9.4 (*Bondholder Put Option*) following the Issuer ceasing to be a Registered Provider of Social Housing (as defined below) for 180 consecutive days. Unless previously redeemed, or purchased and cancelled, the Bonds will be redeemed in full on the Maturity Date.

The Issuer has been assigned a credit rating of "A+" by S&P Global Ratings UK Limited ("**S&P**"). The New Bonds are expected to be assigned on issue a rating of "A+" by S&P. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency.

The New Bonds will be issued in bearer form in denominations of £100,000 and integral multiples of £1,000 in excess thereof.

The New Bonds will initially be represented by a temporary global bond (the "**Temporary Global Bond**"), without interest coupons, which will be deposited on or about 12 March 2025 (the "**New Bond Issue Date**") with a common safekeeper for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**"). Interests in the Temporary Global Bond will be exchangeable for interests in a permanent global bond (the "**Permanent Global Bond**") and, together with the Temporary Global Bond and the permanent global bond representing the Existing Bonds, the "**Global Bonds**", without interest coupons, on or after 21 April 2025 (the "**Exchange Date**"), upon certification as to non-U.S. beneficial ownership. Interests in the Permanent Global Bond will be exchangeable for definitive Bonds only in certain limited circumstances - see "*Form of the New Bonds and Summary of Provisions relating to the New Bonds while in Global Form*" below.

An investment in the New Bonds involves certain risks. Prospective investors should have regard to the factors described in the section "Risk Factors**" on page 15 of these Admission Particulars.**

The date of these Admission Particulars is 10 March 2025.

IMPORTANT INFORMATION

These Admission Particulars comprise admission particulars in respect of the New Bonds, which are admitted to trading in accordance with the London Stock Exchange's International Securities Market Rulebook, effective as of 1 January 2021 (as may be modified and/or supplemented and/or restated from time to time, the "ISM Rulebook").

The Issuer accepts responsibility for the information contained in these Admission Particulars. Having taken all reasonable care to ensure that such is the case, the information contained in these Admission Particulars is, to the best of the Issuer's knowledge, in accordance with the facts and contains no omission likely to affect the import of such information.

Paradigm Housing Group Limited (the "Group Parent") accepts responsibility for the information contained in the section "*Documents Incorporated by Reference*" relating to it and in the section "*Description of the Issuer – Alternative Performance Measures*". Having taken all reasonable care to ensure that such is the case, such information is, to the best of the Group Parent's knowledge, in accordance with the facts and contains no omission likely to affect the import of such information.

Jones Lang LaSalle Limited (the "Valuer") accepts responsibility for the information contained in the section "*Valuation Report*". Having taken all reasonable care to ensure that such is the case, the information contained in the section "*Valuation Report*" is, to the best of the Valuer's knowledge, in accordance with the facts and contains no omission likely to affect the import of such information.

The figures referred to in the Valuation Report (as defined below) prepared by the Valuer in the section entitled "Market Commentary" were obtained from the Department for Levelling Up, Housing and Communities, Halifax, Local Authority Housing Statistics, the Office for National Statistics and the Royal Institution of Chartered Surveyors. The Issuer confirms that such figures have been accurately reproduced and that, as far as the Issuer is aware and is able to ascertain from information published by the Department for Levelling Up, Housing and Communities, Halifax, Local Authority Housing Statistics, the Office for National Statistics and the Royal Institution of Chartered Surveyors, no facts have been omitted which would render the reproduced figures inaccurate or misleading.

These Admission Particulars are to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*" below). These Admission Particulars should be read and construed on the basis that such documents are incorporated in, and form part of, these Admission Particulars.

Neither M&G Trustee Company Limited (the "Bond Trustee" and the "Security Trustee") or any of its affiliates has independently verified (a) the information contained, or incorporated by reference, herein or (b) any matter which is the subject of any statement, representation, warranty or covenant of the Issuer contained in the Bonds, the Subscription Agreement (as defined below) or any of the Transaction Documents (as defined below). Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Bond Trustee, the Security Trustee or any of their respective affiliates as to (i) the accuracy, adequacy or completeness of the information contained or incorporated by reference in these Admission Particulars or any other information provided by the Issuer in connection with the offering of the Bonds, (ii) the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence of the Bonds, the Security (as defined below), the Subscription Agreement or any Transaction Document or (iii) any acts or omissions of the Issuer or any other person in connection with the Bonds. None of the Bond Trustee, the Security Trustee and any of their respective affiliates accepts any liability in relation to the information contained or incorporated by reference in these Admission Particulars or any other information provided by the Issuer in connection with the issue of the Bonds.

No person is or has been authorised by the Issuer, the Bond Trustee or the Security Trustee or any of their respective affiliates to give any information or to make any representation not contained in or not consistent with these Admission Particulars or any other information supplied in connection with the offering of the Bonds and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Bond Trustee, the Security Trustee or any of their respective affiliates.

To the fullest extent permitted by law, none of the Bond Trustee, the Security Trustee and any of their respective affiliates accept any responsibility for the contents of these Admission Particulars or for any other statement made or purported to be made by them or on their behalf in connection with the Issuer or the issue and offering of the New Bonds. Each of the Bond Trustee, the Security Trustee and their respective affiliates accordingly disclaims all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of these Admission Particulars or any such statement.

Neither these Admission Particulars nor any other information supplied in connection with the issue of the New Bonds (a) is intended to provide the basis of any credit or other evaluation, (b) should be considered as a recommendation by the Issuer, the Bond Trustee, the Security Trustee or any of their respective affiliates that any recipient of these Admission Particulars or any other information supplied in connection with the offering of the New Bonds should purchase any New Bonds or (c) should be construed as legal, business, tax or other advice. Each investor contemplating purchasing any New Bonds should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. In addition, each investor contemplating purchasing any New Bonds should consult its own advisors as to the legal, tax, business, financial, regulatory and other aspects of an investment in the New Bonds. Neither these Admission Particulars nor any other information supplied in connection with the offering of the New Bonds constitutes an offer or invitation by or on behalf of the Issuer, the Bond Trustee, the Security Trustee or any of their respective affiliates to any person to subscribe for or to purchase any New Bonds.

Neither the delivery of these Admission Particulars nor the offering, sale or delivery of the New Bonds shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the offering of the New Bonds is correct as of any time subsequent to the date indicated in the document containing the same. The Bond Trustee, the Security Trustee and each of their respective affiliates expressly do not undertake to review the financial condition or affairs of the Issuer or any Charging Group Member (as defined below) during the life of the New Bonds or to advise any investor in the New Bonds of any information coming to their attention.

The Bonds are intended to be "Sustainability Bonds" as defined in the Sustainability Bond Guidelines (2018 edition) of the International Capital Market Association (the "ICMA"). None of the Bond Trustee, the Security Trustee, the Issuer or any of their respective affiliates make any representation as to the suitability of the Bonds to fulfil environmental, social or sustainability criteria required by any prospective investors. None of the Bond Trustee, the Security Trustee and any of their respective affiliates have undertaken, nor are they responsible for, any assessment of eligibility criteria for Eligible Projects (as defined in "*Use of Proceeds and the Sustainability Financing Framework – Sustainability Financing Framework – Use of Proceeds*" below), any verification of whether Eligible Projects meet such criteria or the impact or monitoring of the use of the net proceeds of the Bonds or the allocation of proceeds to particular Eligible Projects. DNV (as defined below) has been appointed by the Issuer to review the alignment of the Sustainability Financing Framework (as defined below) with industry practice. Investors should refer to the Sustainability Financing Framework, the DNV Second Party Opinion (as defined below) and any public reporting by or on behalf of the Issuer in respect of the application of proceeds, as referred to in "*Use of Proceeds and the Sustainability Financing Framework*" below, for information. None of the Bond Trustee, the Security Trustee and any of their respective affiliates make any representation as to the suitability or content of such

materials. No representation or assurance is given by the Bond Trustee, the Security Trustee or any of their respective affiliates that the proposed admission of the Bonds to trading on the Sustainable Bond Market of the London Stock Exchange will be obtained or maintained for the lifetime of the Bonds.

The Bonds have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") and are subject to U.S. tax law requirements. Subject to certain exceptions, the Bonds may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons.

IMPORTANT INFORMATION RELATING TO THE USE OF THESE ADMISSION PARTICULARS AND OFFERS OF NEW BONDS GENERALLY

These Admission Particulars do not constitute an offer to sell or the solicitation of an offer to buy any New Bonds in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of these Admission Particulars and the offer or sale of New Bonds may be restricted by law in certain jurisdictions. None of the Issuer, the Bond Trustee, the Security Trustee or any of their respective affiliates represents that these Admission Particulars may be lawfully distributed, or that the New Bonds may be lawfully offered or sold, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Bond Trustee, the Security Trustee or any of their respective affiliates which is intended to permit a public offering of the New Bonds or the distribution of these Admission Particulars in any jurisdiction where action for that purpose is required. Accordingly, no New Bonds may be offered or sold, directly or indirectly, and neither these Admission Particulars nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession these Admission Particulars or any New Bonds may come must inform themselves about, and observe, any such restrictions on the distribution of these Admission Particulars and the offering and sale of New Bonds.

PRESENTATION OF INFORMATION

Presentation of Financial Information

Unless otherwise indicated, the financial information in these Admission Particulars has been derived from the Financial Statements (as defined below). Certain financial information in these Admission Particulars as at 30 September 2024 has been derived from the Trading Update (as defined below).

The financial year of each of the Issuer and the Group Parent ends on 31 March, and references in these Admission Particulars to any specific financial year are to the 12-month period ended on 31 March of such year. The Financial Statements have been prepared and audited in accordance with applicable United Kingdom Generally Accepted Accounting Practice ("UK GAAP"), including Financial Reporting Standard 102 - "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS102"), the Housing SORP 2018: Statement of Recommended Practice for Registered Social Housing Providers, and comply with the Accounting Direction for Private Registered Providers of Social Housing 2022 (together, the "Accounting Standards").

Certain Defined Terms and Conventions

Capitalised terms which are used but not otherwise defined in any particular section of these Admission Particulars will have the meanings attributed to them in the section "*Conditions of the New Bonds*" or any other section of these Admission Particulars. In addition, all references in these Admission Particulars to "Sterling" and "£" refer to pounds sterling and all references to a "billion" refer to a thousand million.

Certain figures and percentages included in these Admission Particulars have been subject to rounding adjustments; accordingly, figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

SUITABILITY OF INVESTMENT

The New Bonds may not be a suitable investment for all investors. Each potential investor in the New Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the New Bonds, the merits and risks of investing in the New Bonds and the information contained or incorporated by reference in these Admission Particulars;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the New Bonds and the impact the New Bonds will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the New Bonds, including where the currency for principal and interest payments is different from the potential investor's currency;
- (d) understands thoroughly the terms of the New Bonds and is familiar with the behaviour of financial markets;
- (e) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (f) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the New Bonds.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review and regulation by certain authorities. Each potential investor should consult its legal and/or other advisers to determine whether and to what extent (a) the New Bonds are legal investments for it, (b) the New Bonds can be used as collateral for various types of borrowing and (c) other restrictions or considerations apply to its purchase or pledge of any New Bonds. Financial institutions should consult their legal and/or other advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The New Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a "retail investor" means a person who is one (or both) of: (a) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (b) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the New Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the New Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Prospective purchasers of Bonds should ensure that they understand the nature of the Bonds and the extent of their exposure to risk, that they have sufficient knowledge,

experience and access to professional advisers to make their own legal, tax, accounting, business, regulatory and financial evaluation of the merits and the risks of investment in the Bonds and that they consider the suitability of the New Bonds as an investment in light of their own circumstances and financial condition.

OVERVIEW

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of these Admission Particulars.

This overview must be read as an introduction to these Admission Particulars and any decision to invest in the New Bonds should be based on a consideration of these Admission Particulars as a whole.

Words and expressions defined in "Conditions of the New Bonds" and "Form of the New Bonds and Summary of Provisions relating to the New Bonds while in Global Form" shall have the same meanings in this overview.

Issuer: Paradigm Homes Charitable Housing Association Limited (the "**Issuer**").

Legal Entity Identifier ("**LEI**"): 213800I54XR2I9HM3X58.

The Issuer is a Registered Provider of Social Housing and a not-for-profit organisation whose activities are regulated by the Regulator (as defined below). It is an exempt charity.

The Issuer's business is to provide homes for those who could not otherwise afford them and its principal activities are providing affordable homes for rent, delivering low cost home ownership (primarily through shared ownership) and offering temporary and permanent housing solutions.

Description of the New Bonds: £50,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the "**New Bonds**") to be issued by the Issuer on 12 March 2025 (the "**New Bond Issue Date**") (to be consolidated and form a single series with the £250,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the "**Existing Bonds**" and, together with the New Bonds, the "**Bonds**")).

The New Bonds will be immediately purchased by or on behalf of the Issuer on the New Bond Issue Date (as such, the "**New Retained Bonds**") and will be on sold to one or more investors at a later date.

Use of Proceeds: The New Bonds are intended to be "Sustainability Bonds" as defined in the Sustainability Bond Guidelines (2018 edition) of the ICMA.

Subject as set out in "*Use of Proceeds and the Sustainability Financing Framework*" below, the net proceeds of the sale of the New Retained Bonds to a third party (after deduction of expenses payable by the Issuer) shall be:

- (a) applied in furtherance of the Issuer's charitable objects or as permitted by its Rules including, without limitation, in the repayment of any existing indebtedness of the Issuer; and
- (b) used by the Issuer for sustainable purposes to finance or refinance, in part or in full, Eligible Projects in accordance with the Sustainability Financing Framework (each as defined below).

Form of New Bonds:	The New Bonds will be issued in bearer form as described in " <i>Form of the New Bonds and Summary of Provisions relating to the New Bonds while in Global Form</i> ".
Status:	The New Bonds and the Coupons will constitute direct secured obligations of the Issuer and the New Bonds and the Coupons will rank <i>pari passu</i> without any preference or priority among themselves and the Existing Bonds.
Interest:	Interest on the New Bonds is payable semi-annually in arrear in equal instalments on 4 April and 4 October in each year, commencing 4 April 2025, subject to adjustment in accordance with Condition 8.5 (<i>Payment only on a Presentation Date</i>) (each, an " Interest Payment Date "). The New Bonds will bear interest at a fixed rate of 5.25 per cent. per annum and interest on the New Bonds will accrue from, and including, 4 October 2024 to, but excluding, 4 April 2044 (the " Maturity Date ").
Final Redemption:	Unless previously redeemed or purchased and cancelled in accordance with Condition 9 (<i>Redemption and Purchase</i>), the Bonds will be redeemed at their principal amount on the Maturity Date.
Optional Early Redemption:	The Issuer may, at its option, redeem all (or some only) of the Bonds at any time after the Final Retained Bond Disposal Date upon notice given in accordance with Condition 9.3 (<i>Early Redemption at the Option of the Issuer</i>) at the higher of their principal amount and an amount equal to their principal amount multiplied by the price at which the Gross Redemption Yield on the Bonds on the Determination Date would be equal to the sum of (a) the Gross Redemption Yield on the Determination Date of the Benchmark Gilt and (b) 0.15 per cent., in each case, together with accrued interest.
Early Redemption for Tax Reasons:	The Issuer may also, at its option, redeem all, but not some only, of the Bonds at any time at their principal amount plus accrued interest, in the event of certain tax changes as described in Condition 9.2 (<i>Redemption for Taxation Reasons</i>).
Bondholder Put Option:	<p>The Issuer shall notify the Bond Trustee and the Bondholders in accordance with Condition 14 (<i>Notices</i>) promptly upon the Issuer ceasing to be a Registered Provider of Social Housing for a period of 180 consecutive days. Any Bondholder shall have the option (the "Bondholder Put Option"), within 30 days of such notice, to give an irrevocable notice to the Issuer requiring the Issuer to procure that a member of the Group purchases, on the Put Option Date, all of the Bondholder's remaining Bonds.</p> <p>On the Put Option Date, the Issuer shall procure that a member of the Group purchases all Bonds of each Bondholder which has exercised the Bondholder Put Option at their principal amount plus an amount equal to accrued interest to (but excluding) the Put Option Date.</p>
Purchase:	<p>The New Retained Bonds will be immediately purchased by the Issuer on the New Bond Issue Date.</p> <p>The Issuer and any other member of the Group (including, without limitation, any of the Charging Group Members) may also, at any time, purchase Bonds in accordance with the</p>

provisions of Condition 9.6 (*Purchases*). Any Bonds purchased by the Issuer or any other member of the Group may be held or resold or may be surrendered for cancellation.

Retained Bonds:

Pursuant to the terms of the Retained Bond Custody Agreement, the Retained Bond Custodian will hold the New Retained Bonds on the Issuer's behalf and the Issuer has instructed the Retained Bond Custodian to waive its rights to receive payments (of interest, principal or otherwise) on the New Retained Bonds for so long as the Retained Bonds are held on the Issuer's behalf. Such waiver may not be revoked without the consent of the Bond Trustee.

Pursuant to the Bond Trust Deed, the Issuer has covenanted with the Bond Trustee that it will, immediately prior to a sale of any Retained Bonds by the Issuer, deliver to the Bond Trustee a certificate in writing signed by two Authorised Signatories of the Issuer addressed to the Bond Trustee confirming that, immediately following the sale of such Retained Bonds, the Issuer will be in compliance with the Asset Cover Test.

The New Retained Bonds may only be held on the Issuer's behalf until (but not including) the date falling five years after the New Bond Issue Date, and the Issuer must therefore sell the New Retained Bonds within that five-year period, or else any New Retained Bonds that have not been so sold will be cancelled in accordance with Condition 9.7 (*Cancellations*).

Security:

The Issuer's obligations in respect of the Bonds are secured, or will be secured, pursuant to the Security Agreements by:

- (a) first legal mortgages over the Charged Properties;
- (b) first fixed charges over all plant and machinery, the benefit of Insurances and future licences, consents and authorisations in respect of the Charged Properties; and
- (c) assignments by way of security of the Issuer's and the Charging Group Members' rights, title and interest arising under the personal agreements and covenants (still subsisting and capable of being enforced) by the tenants, lessees, licensees or other parties under the Letting Documents and all agreements, now or from time to time entered into or to be entered into for the sale, letting or other disposal or realisation of, or in connection with the management, ownership, refurbishment, development, repair, improvement or servicing of, the whole or any part of the Security Assets.

In the case of a Charging Group Member which is a company limited by guarantee, the relevant Security Agreement(s) will also contain a floating charge granted by such Charging Group Member over the whole of its undertaking and assets.

For the avoidance of doubt, as at the New Bond Issue Date all the security shall be provided by the Issuer and there will be no Charging Group Members. Eligible Group Members may,

however, become Charging Group Members at any time after the New Bond Issue Date.

The Issuer's obligations in respect of the Bonds are also secured pursuant to the Bond Trust Deed by:

- (a) a charge by way of first fixed charge over all moneys from time to time standing to the credit of the Charged Account and all debts represented thereby;
- (b) an assignment by way of security of the Issuer's rights, title and interest arising under the Agency Agreement and the Account Agreement, in each case to the extent they relate to the Bonds; and
- (c) a charge by way of first fixed charge over all of the rights of the Issuer in respect of sums held from time to time by the Paying Agents for the payment of principal, premium or interest in respect of the Bonds.

The assets comprising the Security have characteristics that demonstrate capacity to produce funds to service the payments due and payable on the Bonds.

Negative Pledge:

The Issuer has covenanted (pursuant to Condition 5.2 (*Negative Pledge and Disposals*)), and each Charging Group Member will be required to covenant, in each case for so long as any of the Bonds remain outstanding, save as expressly permitted by the Bond Trust Deed and/or the Security Documents, not to create or permit to subsist, over any of the Security Assets, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the security created by or pursuant to the Bond Trust Deed or the Security Documents (as applicable), excluding, for this purpose any security interest created by operation of law.

Asset Cover Covenant:

Pursuant to Condition 5.3 (*Asset Cover Covenant*) the Issuer has covenanted, for so long as any of the Bonds remain outstanding, that it shall at all times ensure that the sum of:

- (a) the Minimum Value of the Charged Properties; and
- (b) the Charged Cash,

will not be less than the aggregate principal amount of the Bonds outstanding (excluding, for this purpose, any Retained Bonds held by or on behalf of the Issuer).

In calculating the Minimum Value of the Charged Properties, a discount is applied in accordance with the definition thereof such that any value given in a valuation of Charged Properties on an EUV-SH basis is divided by 105, and any value given in a valuation of Charged Properties on an MV-ST basis is divided by 115, and, in each case, is multiplied by 100.

Information Covenant:

Pursuant to Condition 5.5 (*Information Covenant*), the Issuer has also covenanted to deliver to the Bond Trustee, within 180 days after the end of each Financial Year, (a) a copy of the consolidated audited financial statements of the Group Parent for such Financial Year (b) a copy of its audited financial

statements for such Financial Year (both its own and, where applicable, on a consolidated basis), (c) a copy of the audited financial statements of each Charging Group Member for such Financial Year (both its own and, where applicable, on a consolidated basis) and (d) a Compliance Certificate, and, upon request by a Bondholder to the Issuer, to make copies of such documents available to any of the Bondholders at the Issuer's registered office during normal business hours.

In addition to the rights of the Bondholders to convene a meeting pursuant to Condition 16 (*Meetings of Bondholders, Modification, Waiver, Authorisation and Determination*), at the request of the requisite majority of the Bondholders, the Issuer shall hold a meeting of the Bondholders to discuss the financial position of the Issuer and each Charging Group Member, provided that the Issuer shall not be required to hold any such meeting more than once in any calendar year.

Valuations:

The Issuer has covenanted, pursuant to Condition 5.4 (*Valuations*), for so long as any of the Bonds remain outstanding, that:

- (a) it shall deliver a Full Valuation to the Bond Trustee at least once in every period of five calendar years (beginning in 2029) and, unless the Bond Trustee agrees otherwise, such Full Valuation must be delivered in the period between 31 March and the date falling 60 days thereafter in each year that such Full Valuation is required to be delivered; and
- (b) it shall deliver to the Bond Trustee a Desk Top Valuation in the period between 31 March and the date falling 120 days thereafter in each year (beginning in 2025) other than a year in respect of which a Full Valuation is required to be delivered pursuant to paragraph (a) above.

Each Charging Group Member will be required to covenant (pursuant to the Bond Trust Deed) to provide all reasonable assistance to the Issuer for the preparation and delivery to the Bond Trustee of such Full Valuations and Desk Top Valuations.

Addition, Substitution and Release of Charged Properties and Charged Cash:

The Issuer or any Charging Group Member may charge and/or allocate, substitute or release and/or reallocate Charged Properties from the Security (and the Bond Trustee, in its capacity as Representative, shall consent to such charging and/or allocation, substitution or release and/or reallocation and execute an amended Apportionment Certificate to reflect the same) subject to, and in accordance with, the requirements set out in Conditions 6.1 (*Addition of New Charged Properties*), 6.2 (*Substitution of Charged Properties*), 6.3 (*Release and/or Reallocation of Charged Properties*) and 6.4 (*Statutory Disposals*).

The Issuer may also, at any time, deposit money into the Charged Account to ensure compliance with the Asset Cover

Test. The Issuer may only withdraw Charged Cash from the Charged Account if:

- (a) it is, at the relevant time, in compliance with the Asset Cover Test and no Event of Default or Potential Event of Default has occurred and is continuing; and
- (b) either:
 - (i) such Charged Cash is to be applied by the Issuer in the acquisition of a property which is to be charged pursuant to the Security Documents and allocated for the benefit of the 2044 Bond Beneficiaries and, immediately following the acquisition, charging and allocation of such property, the Issuer will be in compliance with the Asset Cover Test; or
 - (ii) such Charged Cash is to be used for any purpose permitted by its Rules and, immediately following the withdrawal, the Issuer will be in compliance with the Asset Cover Test.

Events of Default:

Following an Event of Default, the Bond Trustee may, and if so requested by the holders of at least 25 per cent. in principal amount of the Bonds then outstanding shall (subject to it being secured and/or indemnified and/or pre-funded to its satisfaction and, upon certain events, the Bond Trustee having certified to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Bondholders), give notice to the Issuer and the Bonds shall become immediately due and repayable at their principal amount.

The Events of Default include, *inter alia*, non-payment of any principal, premium and interest due in respect of the Bonds and failure of the Issuer or any Charging Group Member to perform or observe any of its other obligations under the Conditions, the Bond Trust Deed or the Security Trust Deed (in each case, upon the expiry of the relevant grace period), insolvency, unlawfulness and acceleration, or non-payment, in respect of other indebtedness in an aggregate amount equal to or in excess of £10,000,000 (or its equivalent).

Meetings of Bondholders:

The Conditions of the Bonds and the Bond Trust Deed contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Modification and Waiver:

The Bond Trustee may, pursuant to Condition 16 (*Meetings of Bondholders, Modification, Waiver, Authorisation and Determination*), without the consent of Bondholders, Couponholders or any Secured Party, agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, the Conditions, the Bond Trust Deed or any other Transaction Document or determine that any Potential Event of

Default or Event of Default shall not be treated as such (subject to the proviso in Condition 16.2) or consent to any modification which, in its opinion, is of a formal, minor or technical nature or to correct a manifest error or an error which is, in the opinion of the Bond Trustee, proven. For the avoidance of doubt, no modification shall be made to Condition 4.2 (*Security – Post-enforcement*) without the consent of each Secured Party.

Tax:	All payments of principal, premium and interest in respect of the Bonds will be made without withholding or deduction for taxes imposed by the United Kingdom or any political subdivision or any authority thereof or therein having power to tax unless such withholding or deduction is required by law. In the event that any such withholding or deduction is required, the Issuer shall, save in certain limited circumstances provided in Condition 10 (<i>Taxation</i>), be required to pay such additional amounts as will result in receipt by the Bondholders of such amounts as would have been received by them if no such withholding or deduction had been required.
Risk Factors:	There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Bonds. These include political, financial and regulatory risks, operational risks, risks relating to the market and risks relating to the security of the Bonds. See " <i>Risk Factors</i> " below.
Admission to Trading:	Application has been made for the New Bonds to be admitted to trading on the ISM and the Sustainable Bond Market of the London Stock Exchange.
Credit Ratings:	The Issuer has been assigned a credit rating of "A+" by S&P. The New Bonds are expected to be assigned on issue a rating of "A+" by S&P. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning rating agency.
Principal Paying Agent, Account Bank and Retained Bond Custodian:	The Bank of New York Mellon, London Branch
Bond Trustee:	M&G Trustee Company Limited
Security Trustee:	M&G Trustee Company Limited (previously known as Prudential Trustee Company Limited)
Governing Law:	The Bonds, the Transaction Documents and any non-contractual obligations or matters arising from or in connection with them, shall be governed by, and construed in accordance with, English law.

RISK FACTORS

An investment in the Bonds involves a degree of risk. Any of the following risks could adversely affect the Issuer's business, results of operations, financial condition and/or prospects, in which case, the trading price of the Bonds could decline, resulting in the loss of all or part of an investment in the Bonds, and the Issuer's ability to pay all or part of the interest or principal on the Bonds could be adversely affected.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the New Bonds. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the New Bonds are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the New Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Bonds may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. This section is not intended to be exhaustive and prospective investors should also read the detailed information set out elsewhere in these Admission Particulars and reach their own views prior to making any investment decision. If any of the following risks actually materialise, the Issuer's business, results of operations, financial condition and/or prospects could be materially and adversely affected. No assurance can be given that prospective Bondholders will receive full and/or timely payment of interest and principal or ultimate recovery in relation to the Bonds.

FACTORS WHICH MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER THE BONDS

1. RENTAL RISKS

1.1 Social Rental Income Risks

See "Description of the funding and regulatory environment applicable to the Issuer – Social Rental Income" below.

The tenants of the social housing (as defined in Part 2 of the Housing and Regeneration Act 2008, as amended by the Localism Act 2011, the Housing and Planning Act 2016 (the "**HPA 2016**") and the Social Housing (Regulation) Act 2023 (the "**SHRA 2023**"), (the "**HRA 2008**")) properties of the Issuer are personally responsible for the rental payments on the relevant occupied properties, and consequently the Issuer is exposed to the risk of tenant arrears and bad debts. Any significant exposure to arrears and bad debts may adversely affect the ability of the Issuer to fulfil its payment obligations under the Bonds. For the year ended 31 March 2024, the Group's turnover from social housing lettings was £110.5 million, or 73 per cent., of the Group's £150.5 million of turnover, and operating surpluses from social housing lettings were £42.9 million, or 80 per cent. of the Group's £53.4 million of operating surpluses. As at 31 March 2024, the Group's four week rolling average balance for current tenant rent arrears was £3.1 million, which represents 2.78 per cent of the annual rent due.

Receipt of rental income by the Issuer relies on the Issuer's ability to let its properties. Demand for the Issuer's properties is mainly driven by local housing need and property condition as compared to alternative accommodation. The Issuer considers that housing need in the areas in which it operates, predominantly the South East of England and some of its properties in London, is high. As at 30 November 2024, there were 7,329 families or individuals on waiting lists in Buckinghamshire, the top local authority area of the Issuer's operating area. The Issuer has 7,468 homes in this area (see "Description of Issuer – Geography and Stock" below for further details). As at 31 March 2024, the average social rent of the Issuer's homes was 43 per cent. of the average market rent. The Issuer considers that it maintains its properties to a good standard and in accordance with regulatory requirements, but a net reduction in demand for the properties could

reduce overall rental income. If material, this may adversely affect the ability of the Issuer to meet its payment obligations under the Bonds.

1.2 Risks related to Social Housing Rent Levels

See "*Description of the funding and regulatory environment applicable to the Issuer – Social Housing Rents*" below.

Social housing rents may be increased by up to the level of increase of the Consumer Price Index (**CPI**), which refers back to the figure published in the October (for the year to September) of the preceding year, plus 1 per cent. thus giving the Issuer certainty over future income streams, subject to any future UK Government rent policy changes. The UK Government announced, in January 2024, that it would extend this rent policy to 2025-26, but the rent policy beyond 2026 has not yet been confirmed. The Issuer will apply future rent increases, or decreases, in accordance with the UK Government rent regimes (if any) in place at the time. In addition, the affordability of any proposed social housing rent rises for the Issuer's tenants will be considered and any increases are subject to board approval. During the period of 1 April 2024 to 31 March 2025, rent increases are capped at CPI (6.7 per cent.) plus 1 per cent., which means that Registered Providers of Social Housing (including the Issuer) may only increase rents by up to 7.7 per cent. (the "**Rent Cap**"). The Rent Cap during the period of 1 April 2025 to 31 March 2026, rent increases will be capped at CPI (1.7 per cent.) plus 1 per cent. (2.7 per cent. in total).

The Issuer has applied the Rent Cap and does not believe this materially affects the operation of its business. Notwithstanding this, as at the date of these Admission Particulars, the UK Government is considering revisions to the Rent Cap, with a consultation on a new five-year social housing rent settlement proposed in relation to funding post-2026. The UK Government has expressed its intention to continue to increase rents in line with CPI plus 1 per cent., however details of any new rent settlement are not expected until the Spring 2025 budget. Notwithstanding that, no certainty can be given as to what level of any rent increase there may be in the future. A reduction in rental income could, if material, adversely affect the ability of the Issuer to meet its payment obligations in respect of the Bonds.

Collection of rental income is dependent on a stable external environment. Sudden domestic or global macro-events, including, without limitation, COVID-19, increased levels of inflation and higher interest rates, may adversely affect the ability of the Issuer to collect rental income on a timely basis or may cause rental arrears to rise. For example, a prolonged banking payment systems issue could lead to a delay in the receipt of rental income. This may, in turn affect the Issuer's cash flow and could affect the ability of the Issuer to meet its payment obligations in respect of the Bonds.

1.3 Risks related to Universal Credit

See "*Description of the funding and regulatory environment applicable to the Issuer – Welfare Benefit Reform and Universal Credit*" below.

The migration of legacy benefit claims to Universal Credit (currently scheduled for completion by the Department for Work and Pensions (the "**DWP**") by 2029) may increase transaction costs and the receipt of rental payments by the Issuer, as landlord, may be delayed by the failure of the tenant to apply for Universal Credit and/or regularly pay rent which is due in addition to the housing benefit and/or, in circumstances where the housing benefit is not paid directly, a failure to pass on the housing benefit payments to the landlord. In turn, this could have an adverse impact on the ability of the Issuer to meet its payment obligations in respect of the Bonds.

As at 31 March 2024, the Issuer estimates that approximately 41 per cent. of tenants were in receipt of Universal Credit. The Issuer's total arrears balance at 31 March 2024 for those tenants in receipt of Universal Credit, inclusive of alternative payment arrangements, was £2.2 million representing 2.0 per cent. of the Group's £110.5 million of turnover from social housing lettings.

To manage the risks in relation to welfare reform, the Issuer, in support of its social mission, has increased its provision of advice services, such as employment and welfare advice, to support

residents' household incomes. It has also expanded its research and influencing work on the impact of welfare reform and residents' living standards. The Issuer also manages the impact by improving its operating efficiencies in order to determine how best it can deliver its services.

1.4 Risks related to Occupation Size Criteria

The introduction of occupation size criteria may have an adverse impact on the ability of tenants to pay their rent. In turn, this could have an adverse impact on the Issuer's cash flow and could affect the ability of the Issuer to meet its payment obligations in respect of the Bonds. However, this risk is not considered by the Issuer to be material in the context of its existing and future rental income streams. See further "*Description of the funding and regulatory environment applicable to the Issuer – Occupation Size Criteria*" below.

2. PROPERTY MARKET-RELATED RISKS

2.1 Risks related to Shared Ownership

See "*Description of the funding and regulatory environment applicable to the Issuer – Shared Ownership*" below.

The Issuer receives income from shared ownership (also commonly known as low-cost home ownership) sales and the sale of properties pursuant to its asset management arrangements, the amount of which is affected by housing market risk. As at 31 March 2024, the Issuer held 2,882 shared ownership homes. Shared ownership income is generated:

- on the initial sale of the property (known as the "first tranche" to the "shared owner");
- on subsequent sales of further "tranches" or portions of the property to the shared owner (known as "staircasing"); and
- in the form of subsidised rent on the part of the property which the shared owner does not own, which is payable by the shared owner to the relevant landlord until such time as the property is fully owned by the shared owner.

Household income eligibility thresholds are set at £80,000 outside London and £90,000 in London.

There is the risk that if a tenant of a shared ownership property borrows monies through a mortgage from a commercial lender (having obtained consent from the landlord) then that lender's mortgage (and any costs of the commercial lender in enforcing that mortgage) may take priority ahead of the security arrangements securing the obligations of the Issuer by way of the Property Security. However, if that commercial lender were to enforce its security following a tenant defaulting on its mortgage, such lender could staircase (i.e. purchase a portion of the freehold property) up to 100 per cent. in order to be able to sell the whole leasehold interest in which case the Issuer as landlord could receive such staircasing payments from the commercial lender. If the price for the full 100 per cent. receivable on sale is not sufficient to meet the principal outstanding (plus 12 months interest and other statutorily permitted costs) then the shortfall will remain as a debt due to the landlord from the defaulting leaseholder. Under the current rules of the Regulator of Social Housing (the "**Regulator**"), any shortfall not recovered is borne first by the provider of any grant in respect of the property, and thus the Issuer is only affected to the extent that the shortfall cannot be covered by grant monies. If a commercial lender did enforce its security by staircasing up to 100 per cent. and there was such a shortfall, the Issuer would no longer receive rent for its retained share of the property, which could have an adverse impact upon its rental income, which, in turn, could adversely affect the ability of the Issuer to meet its payment obligations under the Bonds.

The Rent Cap did not apply to rents chargeable in respect of shared ownership leases held by Issuer, but the Issuer implemented a voluntary rent cap of 7 per cent. in respect of its shared ownership properties for the 12 months from 1 April 2023 to 31 March 2024, as recommended by the National Housing Federation (the "**NHF**"). The effect of the cap was a reduction in rental

income in real price terms (adjusted for inflation) which could adversely affect the ability of the Issuer to meet its payment obligations under the Bonds.

2.2 Risks related to the Market and Development

Residential property investment is subject to varying degrees of market and development risks. Market values of properties are generally affected by overall conditions in the economy; political factors and systemic events, including the condition of financial markets; the cost and availability of finance to businesses and consumers; fiscal and monetary policies; changes in legislation; political developments, including changes in regulatory or tax regimes; changes in unemployment, gilt yields, interest rates and credit spreads; levels of prevailing inflation; changes in consumer spending; an increase in the supply of, or a reduction in demand for, residential property; infrastructure quality; the returns from alternative assets as compared to residential property; environmental considerations; changes in planning laws and practices; and the perceived threat from terrorism. Residential real estate values and rental revenues are also affected by factors specific to each local market in which the property is located, including the supply of available property and demand for residential real estate and the availability of mortgage finance to prospective purchasers.

The latest figures from the Nationwide House Price Index show that there has been a continued stabilisation in the UK housing market, with a typical UK property increasing by 1.2 per cent. during November 2024 and 0.7 per cent. during December 2024. On an annual basis, house price inflation increased by 4.7 per cent. for the year to December 2024. Whilst the figures seem to suggest improved buyer confidence, affordability remains stretched with house prices high relative to average earnings and mortgage rates remaining around three times higher than in late 2021, against a challenging economic background.

These market risks may affect the expenses incurred by the Issuer associated with residential properties, rental income produced by these properties, the value of its investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and its ability to acquire additional sites. This could, in turn, affect the Issuer's cash flow, which could have an adverse impact on its ability to meet its payment obligations under the Bonds.

The Issuer is exposed to cash flow and profits from a programme of properties developed for market sale. As at 30 September 2024, the Issuer's exposure was derived from on-lending to Paradigm Development Services Limited ("**Paradigm Development**"), which had exposure to 52 outright sale homes pursuant to a contractual joint venture between Paradigm Development and a third party developer. As sales on the open market made by Paradigm Development are dependent on economic conditions and performance of the housing market so too is its capacity to service debt borrowed from the Issuer and to generate a surplus.

A declining housing market has a direct financial impact on the Group, as budgeted sales revenues are not realised, and sales periods extend. A 5 per cent. reduction in sales values would, for example, remove nearly £1.4 million from the Issuer's budgeted first tranche sales income for 2024/25. Reducing shared ownership tranches would also erode sales receipts and, whilst rental income would increase, the level of rents charged are often also reduced in a depressed sales market. Elongated sales periods have a secondary impact on the Group's balance sheet, due to increasing interest and other holding costs, and it may also lead to negative publicity as homes stand void. Importantly, the housing market's performance is beyond the Issuer's direct control. Further, as the Issuer's commitment to new schemes is often made 2 to 3 years ahead of actual sales, downward value movements are an inherent and unavoidable risk whenever issuer develop homes for shared ownership.

Additionally, as a consequence of cyclicity and volatility in the prices of residential property, the Group may be exposed to counterparty risk and may acquire development sites in periods of higher prices and may be forced to sell units developed on such sites during periods of lower prices. There is no guarantee that the prices the Group is able to achieve on the sale of such properties would realise the margin anticipated or would exceed the acquisition or development cost of any relevant property.

A series of, health and safety incidents, incorrect assumptions, flawed assessments underlying cost estimates, material defects, contractor or sub-contractor risk (including the risk that any development counterparty may be subject to insolvency proceedings) and insufficient warranty coverage may have a material adverse effect on the Group's business, results of operations, financial condition and/or prospects. A material downturn in the housing market or the materialisation of any of the construction related risks described above may therefore adversely affect the ability of Paradigm Development to repay funds to the Issuer or to generate such surpluses to enable the making of gift aid payments to the Issuer. This, in turn, could have a material adverse effect on the value of the Issuer's investment in Paradigm Development and affect the ability of the Issuer to meet its payment obligations on a timely basis under the Bonds.

3. RISKS RELATED TO CAPITAL RESOURCES AND TREASURY RISKS

See "*Description of the funding and regulatory environment applicable to the Issuer – Capital Resources and Treasury*" below.

3.1 Risks related to capital resources

The ability of the Issuer to operate its business depends in part on it being able to raise funds. An increase in the cost, or lack of availability, of finance (whether for macroeconomic reasons, such as a lack of liquidity in the debt markets or the inability of a financing counterparty to honour pre-existing lending arrangements, or reasons specific to the Issuer) could affect the Issuer's ability to progress its business objects, deliver the expected rates of return on investments and the day-to-day financing (or refinancing) requirements of the Issuer's business over the longer term. Any material increase in the cost of financing or any decrease in the availability of financing on reasonable terms could have a material adverse effect on the Issuer's business, operations, financial condition and/or prospects and, in turn, there may also be a material adverse effect on the ability of the Issuer to meet its payment obligations under the Bonds.

The Issuer is subject to the risk that it will be unable to generate sufficient cash flows, or be unable to obtain sufficient funding, to satisfy its obligations to service and/or refinance its indebtedness. Further, any covenants contained in the Issuer's borrowing arrangements may limit or prohibit the Issuer's operational and financial flexibility. Any event of default, cross default, breach of a covenant or the inability to vary or waive any covenants could generally have a material adverse effect on the Issuer's business, results of operations, financial condition and/or prospects and, in turn, the Issuer's ability to meet its payment obligations under the Bonds.

3.2 Risks related to treasury

The on-going creditworthiness of the Issuer depends on many factors, including the link to national government, industry, competitive, financial, and operational performance, economic factors, the level of drawn debt, the ability to access new debt and the strength of its management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in perceived creditworthiness and/or reduce its ability to raise further or renew existing financing facilities. This could affect the Issuer's ability to meet its payment obligations under the Bonds.

To manage liquidity risk and augment its capital reserves, the Issuer's treasury strategy ensures that a significant liquidity buffer in the form of cash and undrawn but committed revolving credit facilities is available, funding is procured in advance of need and sufficient headroom against covenants is maintained. The Issuer's liquidity ratio at any point in time is defined as its sources of liquidity at that point in time divided by its committed cashflow requirement over the next 18 months. Liquidity sources include cash and undrawn revolving credit facilities. Cashflow requirement is the net of operating surplus, sales receipts, asset disposal receipts, capital investment to be made in existing and new homes, and debt service. For prudence, the cashflow requirement applies a 50 per cent. reduction to sales receipts and a further £5 million headroom buffer (see "*Description of the Issuer – Alternative Performance Measures*"). The Issuer considers that this creates significant headroom to absorb any unexpected changes to projected cashflows, and to withstand market shocks. Further, the Issuer seeks to ensure that leverage is

maintained at a level within its risk appetite as measured by its ability to service debt and maintain strong investment grade credit ratings.

4. RISKS RELATED TO INTEREST RATES

The Issuer is subject to interest rate risk in respect of variable rate borrowing and adverse interest rate movements could lead to an increase in the cost of borrowing, although the Issuer's treasury function seeks to mitigate interest rate risk volatility and uncertainty by allowing for a balance of fixed and floating rate debt, consistent with the Issuer's treasury strategy and treasury management policies and applicable regulatory guidelines. As at 30 September 2024, approximately 96 per cent. of the Issuer's debt incurs interest at a fixed rate. If there are material increases in the rates of interest that the Issuer has to pay on its floating rate debt, this could adversely affect the cash available to the Issuer to meet its payment obligations in respect of the Bonds.

5. RISKS RELATED TO INFLATION AND THE COST OF LIVING

As developers, owners, landlords and managers of residential accommodation, the Issuer has a principal risk exposure to the cost of construction, maintenance and repair of buildings. Costs in this area may increase due to idiosyncratic factors such as changes to materials, health and safety regulation and/or energy efficiency regulation. This may, in turn, cause the Issuer to delay expenditure on uncommitted development projects in order to mitigate rising costs in other areas of its operations. Any unforeseen delays in planned maintenance may also lead to higher costs through reactive maintenance.

On 6 February 2025, the Bank of England lowered its base rate of interest from 4.75 per cent. to 4.50 per cent., which is the third decrease in the base rate since August 2024. For the 12 months to January 2025, CPI inflation was 3.0 per cent. in comparison to a target of 2 per cent.

A sustained period in which cost inflation exceeds income inflation would put the Issuer under financial strain and could have an adverse impact on the Issuer's ability to meet its payment obligations under the Bonds. To mitigate the risk of tenant arrears and bad debts, and in support of its social mission, the Issuer allocated additional staffing and funds to assist customers with maintaining their tenancies. The funds have supported a wider and more systematic approach to customer support, including emergency assistance with food and fuel costs and funding independent debt and benefits advice. Four week rolling average balance for current tenant arrears have improved during 2024 at £3.1 million (2.78 per cent.) as at 31 March 2024 compared to £3.1 million (3.02 per cent.) as at 31 March 2023.

In addition, the tenants of the social housing properties (as defined in Part 2 of the HRA 2008) owned by the Issuer are personally responsible for the rental payments on their tenancies and, consequently, the Issuer is exposed to the risk of tenant arrears and bad debts if the effect of this crisis on inflationary factors, including utility costs and food costs, has a negative impact on its tenants' ability to pay rents. Any increase in arrears and/or bad debts could adversely affect the ability of the Issuer to meet its payment obligations under the Bonds.

6. POLITICAL AND ECONOMIC RISKS

The ability of the Issuer to operate its business depends in part on the relative stability of the UK economy and political environment. Macroeconomic influences, political and/or economic instability prior to or, as a result of, any such election any period of "purdah" restricting ministerial activity can result in changes to interest rates, liquidity in debt markets and fluctuations in house prices (amongst other effects). Changes to domestic housing policies, laws or regulations (including any revised rent settlement, consumer protection or changes to UK Government policies related to climate change or net zero) affecting the Issuer's business following the election may have a negative impact on the Issuer's business and this may, in turn, adversely affect the ability of the Issuer to meet its payment obligations in respect of the Bonds.

7. RISKS RELATED TO PENSIONS

See "*Description of the funding and regulatory environment applicable to the Issuer – Pensions*" below.

The Group has defined benefit pension liabilities in both the Social Housing Pension Scheme ("**SHPS**") and the Local Government Pension Scheme ("**LGPS**"). A summary of the risks relating to these pension arrangements is provided below. The assets of these schemes are held separately to those of the Issuer.

SHPS is a non-segregated scheme which means that participating employers cross-subsidise each other. SHPS is classified as a "last man standing arrangement". Therefore, the Issuer is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the SHPS. Participating employers are legally required to meet their share of the scheme deficit on a proxy 'buy out' annuity purchase basis on withdrawal from active membership of the SHPS, although active membership is also deemed to include participation in the SHPS defined contribution pension scheme section. Accordingly, no debt is triggered if members are still paying into the defined contribution section.

The participating employers of the SHPS scheme have been notified that the trustee of the SHPS scheme have performed a review of the changes made to the SHPS scheme benefits over the years and that there is uncertainty surrounding some of these changes. The SHPS's Trustee has been advised to seek clarification from the Court on these items. This process is ongoing and the matter is unlikely to be resolved before the end of 2025 at the earliest.

LGPS is a public-sector pension arrangement set up under overriding legislation and managed regionally through 89 separate funds. The Issuer participates in one of these funds in Buckinghamshire. Although there is one set of governing legislation, each regional fund has discretion on policies relating to areas such as investment and funding as set out in their Funding Strategy Statement. This may mean that different LGPS funds have different funding requirements. LGPS funds are notionally segregated for each participating employer. This means that the Issuer does not expect to be required to meet the obligations of other employers or be affected by other employers' experience. If the number of the employer's active contributing members in an LGPS fund reaches zero then it is deemed that the employer has ceased participation. In this event, a deficit amount is calculated on a proxy buy out annuity purchase basis and this "cessation debt" can be required to be paid by the employer immediately. It may be possible to come to an agreement with the LGPS fund to defer payment of the above cessation debt or spread it over a number of years. However, this may require some form of security to be provided

If the market value of the relevant pension scheme declines in relation to the assessed liabilities, which depends on, among other things, the real returns that can be obtained from the assets, the longevity of its members, the rate of increase of salaries, discount rate assumptions and inflation, or if the trustees or the regulator of pensions determines that the Issuer's liabilities require a different approach to contributions and deficit reduction, the Issuer may be required to increase its contributions which could have an adverse impact on the Issuer's ability to meet its payment obligations under the Bonds.

8. RISKS RELATED TO REGULATION

See "*Description of the funding and regulatory environment applicable to the Issuer – Regulation and regulatory framework*" below.

The Issuer has addressed the latest standards applying to Registered Providers of Social Housing through an enhanced governance structure. This includes a code of conduct setting out expectations of employees with regard to quality of service and a focus on bringing more maintenance services in-house. Value for money is being driven by efficiency savings targets and increased revenues supported by a strong focus on procurement and operational efficiency in housing services and better business processes.

On 13 December 2023, the Regulator concluded that both the viability and governance standards were met by the Issuer and in a stability check strapline judgement confirmed the top regulatory judgements of "G1" for governance and "V1" for financial viability.

Any breach of new or existing regulations or any corresponding intervention by the Regulator could lead to the exercise of the Regulator's statutory powers of enforcement, a regulatory downgrade (even if any downgrade made is to a lower, if still compliant, regulatory grade) or any placing on the Regulator's list of Registered Providers of Social Housing with gradings under review which may adversely impact the Issuer. The Regulator publishes guidance on how it regulates. It adopts a proportionate approach with an emphasis on self-regulation and co-regulation. In practice, use of statutory powers is rare. Serious non-compliance with the economic standard is more likely to lead to a downgrade of the Regulator's published regulatory judgement and agreement with the Regulator of the corrective action to be taken. Any such intervention by the Regulator in respect of the Issuer may adversely impact its ability to meet its payment obligations under the Bonds.

The regulation of Registered Providers of Social Housing is undergoing significant changes with the Social Housing (Regulation) Act 2023 receiving Royal Assent and proactive consumer regulation (including revised consumer standards and an inspection regime) coming into force from 1 April 2024. Further changes are expected with Awaab's Law due to come fully into force later in 2024 and additional elements to be added into the consumer standards once the relevant UK Government consultation and resultant decision making is completed. These are expected to cover: professionalism of the sector, a tenant access to information regime and an amended Decent Homes Standard. Bondholders are exposed to the creditworthiness of the Issuer and these regulatory changes could lead to the Issuer facing increased costs to comply with the Regulatory Framework. In turn, this could adversely affect the ability of the Issuer to meet its payment obligations under the Bonds.

9. OPERATIONAL RISK

Operational risks may result from major systems failure or breaches in systems security that affect the Issuer's ability to deliver business processes and the consequences of theft, fraud, health and safety and environmental issues, natural disaster, acts of terrorism and pandemic. These events could result in financial loss to the Issuer. The Issuer has developed resilient systems architecture and disaster recovery/business continuity plans to mitigate the risk of systems failure, alongside robust security architecture, to mitigate these risks. However, an IT security breach could result in a loss or serious damage to the Issuer's data. These events could result in financial loss to the Issuer and result in an inability to meet its payment obligations under the Bonds.

10. RISKS RELATED TO LEGAL AND COMPLIANCE OBLIGATIONS

See "*Description of the funding and regulatory environment applicable to the Issuer – Legal and Compliance Obligations*" below.

The Issuer knows the significance to its operations of, and are focused on, adhering to all legal and compliance requirements. The Issuer is not currently aware of any material failure to adhere to applicable health and safety or environmental laws, or breach of other regulations, or failure to comply with corporate, employee or taxation laws. If any of these were to occur in the future, this could have an adverse impact on the Issuer's results or operations and its ability to meet its payment obligations under the Bonds.

Given that the Issuer owns housing units of all tenures, including general needs and affordable use, the Issuer is aware of the need for all of its units to comply with health and safety legislation to ensure the safety of all occupying tenants. Accordingly, the Issuer is continually reviewing and updating its policies and procedures to ensure that the condition and safety of each unit is compliant with prevailing legal and regulatory requirements. The Issuer also carries out health and safety checks of its properties on an on-going basis, including, but not limited to gas safety checks and fire risk assessments.

Furthermore, the Issuer has the benefit of insurance for, among others, employer's liability, public liability and directors' and officers' liability at levels which the management of the Issuer considers to be prudent for the type of business in which the Issuer is engaged and commensurate with Registered Providers of Social Housing of a similar size.

If any material compliance failure were to occur in the future this could have an adverse impact on the Issuer's operations and financial condition, which in turn could affect the Issuer's ability to meet its payment obligations under the Bonds.

11. **RISKS RELATED TO THE IMPLEMENTATION OF NET ZERO CARBON**

Extreme weather events, energy prices and the global transition to a low carbon economy could result in a broad range of impacts, including potential strategic, reputational, structural and credit related risks for the Issuer. In addition, climate change regulations, frameworks and guidance are rapidly emerging and evolving.

Through the Climate Change Act 2008 ("**2050 amendment**"), the UK set a legally binding target to achieve net zero greenhouse gas emissions by 2050. This target is driving policy change across UK Government, including a stated intention that new-build homes will have 75-80 per cent. fewer carbon emissions than homes built to current standards. The UK Government has also set a target for social housing providers to attain the minimum rating of Energy Performance Certificate ("**EPC**") C for rented properties by 2030. As at 31 March 2024, 71.4 per cent. of the Group's homes were at EPC C or better. Increasing regulatory expectations create a new set of requirements and accompanying risks that need to be managed.

Some landlords are already unable to let buildings which do not satisfy relevant energy performance certificate requirements and the net zero carbon target is likely to significantly affect real estate owners including the Issuer through their having to make large scale investments in the energy efficiencies of their buildings and the management of large-scale retrofit programmes. Innovation from the construction and building services industries will be required in order to overcome any technical challenges which arise as a result of such programmes. The costs of relevant retrofit programmes could be substantial, particularly moving away from gas and fossil fuel heating if this requires replacement of gas boilers ahead of their planned replacement and upgrading of connected heating systems, as by 2050 there would need to be a major reduction in use.

The Issuer's objective is to raise all its homes to EPC level C by 2030 and meet its net zero emissions target by 2050.

Technology, advice and guidance in this area will continue to evolve. Any changes to the building standards for new homes and requirements for existing rented properties could require the Issuer to incur additional unforeseen expenditure and therefore adversely affect the Issuer's ability to meet its payment obligations under the Bonds.

12. **RISKS RELATED TO MERGERS AND ACQUISITIONS**

The Conditions of the Bonds permit the Issuer to undertake Permitted Reorganisations. The Group has a strategy to actively consider inorganic growth options which may result in a Permitted Reorganisation and therefore could impact on the performance and risk profile of the Issuer or other members of the Group in the future. In such circumstances, the resulting entity's credit risk may change. Mergers and reorganisations involve a number of risks, such as the underlying business performing less well than expected after a merger, acquisition or reorganisation, the possibility of the integration and subsequent transformation diverting management's attention and the possible loss of key personnel (see "**Risks related to personnel**") within the merged or acquired or enlarged business and other risks inherent in the systems of the merged or acquired business and associated with unanticipated events or liabilities. In addition, the Issuer or other members of the Group may incur significant merger, acquisition or reorganisation, administrative and other costs in connection with any such transactions, including costs related to the integration of merged or acquired business. These costs may include unanticipated costs or expenses, legal, regulatory and contractual costs, and expenses associated with eliminating duplicate facilities.

All of the factors above could have a material adverse effect on the business, results of operations, financial condition or prospects of such merger or acquisition. In turn, this could have a material adverse effect on the Issuer's ability to meet its payment obligations under the Bonds.

13. RISKS RELATED TO PERSONNEL

The Issuer's success depends upon the efforts of its personnel and the ability to attract and retain skilled staff. No assurance can be given that changes in personnel will not have a material adverse effect on the results of operations of the Issuer.

The Issuer's continued success and growth depends upon its continuing ability to recruit and retain employees of suitable skill and experience, particularly those with experience of the housing and construction sector. In addition, the Issuer relies on recruiting and retaining employees with professional and other specialist skills, such as those with financial, IT and management skills. The Issuer competes with other housing associations and similar organisations for such personnel and could incur costs to recruit and retain such persons. This could have an adverse effect on the Issuer's financial condition and, in turn, could affect the ability of the Issuer to meet its payment obligations under the Bonds.

14. RISKS RELATED TO HOUSING GRANT

See "*Description of the funding and regulatory environment applicable to the Issuer – Housing Grant*" below.

The Issuer has historically received, and expect to continue to receive, grant funding from a variety of sources, including Homes England. The Issuer benefits from development scheme specific allocations of housing grant under the Shared Ownership and Affordable Homes Programme 2016-2021 and the Affordable Homes Programmes 2021-2026 ("**AHP 2021-2026**"). From 1 April 2026 onwards the Issuer has, in its business plan, assumed a prudent level of grant allocation for future land-led development, with an assumption of £36.5 million of grant from 1 April 2026 to 31 March 2029 (equivalent to £70,000 per home). However, it is possible that the future allocation of housing grant could be reduced in size due to increased competition, the increased need for bidders to provide evidence regarding timescale compliance, or the reduction of grant available to bid for. Following approval of a grant there is a risk that Homes England may revise the terms of a grant and reduce entitlement, suspend or cancel any instalment of such a grant. In certain circumstances, as set out in the "*Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination*", including but not limited to, failure to comply with conditions associated with the grant or a disposal of the property funded by a grant, the grant may be required to be repaid or re-used and could impact on the Issuer's ability to receive grant funding in the future. Any such reduction in, withdrawal of, repayment or re-use of grant funding could adversely affect the future development of the Issuer, which may, in turn, adversely impact its ability to meet its payment obligations in respect of the Bonds.

Any material repayment of historical grant funding held on the Issuer's balance sheet has the potential to impact the Issuer's cash flow which could materially increase the Issuer's net debt position and thus its ability to satisfy any obligations pursuant to the terms of existing financing arrangements, including its payment obligations under the Bonds.

15. RISKS RELATED TO DAMP AND MOULD

Following a coroner's report in November 2022 into the death of Awaab Ishak in Rochdale, the Regulator asked all larger Registered Providers of Social Housing to submit evidence about the extent of damp and mould in tenants' homes and their approach to tackling it.

The Regulator is continuing to update this at intervals alongside information about fire safety. The Regulator reviews this information and, where there is evidence that Registered Providers of Social Housing are not meeting regulatory standards, it will take appropriate action. The UK Government has indicated that it would look to prevent housing associations which breach the regulatory standards, particularly where there are issues in relation to damp and mould, from accessing grant under the AHP 2021-2026.

If the Issuer is faced with material unforeseen renovation, maintenance and modernisation costs which it could not effectively fund, this could have an adverse effect on the ability of the Issuer to meet its payment obligations under the Bonds. The Issuer understands the importance of this issue and proactively manages risks relating to damp and mould.

16. RISKS RELATED TO GLOBAL CONFLICTS

On 24 February 2022, Russia launched a large-scale military action against Ukraine. The war has caused volatility in the financial markets globally, heightened inflation and resulted in shortages and increases in the price of energy, including the price of oil, gas and other commodities. The continuance or escalation of global conflicts could lead to further increases in utility prices and heightened inflationary pressures (particularly if supplies to Europe are interrupted), which could put the business of the members of the Group under financial strain. This could have an adverse impact on the ability of the Issuer to meet its payment obligations under the Bonds.

17. RISKS RELATED TO THE CLADDING USED ON GRENFELL TOWER AND OTHER FIRE-RELATED RISKS

See "*Description of the funding and regulatory environment applicable to the Issuer – Legal and Compliance Obligations*" below.

Following the tragic events at Grenfell Tower in the Royal Borough of Kensington and Chelsea in 2017, new legislation was introduced to enhance building and fire safety regulations. The Issuer has undertaken a thorough review of all stock regarding fire safety. As at the date of these Admission Particulars, the Issuer has checked all of its tall buildings of 6 storeys and over for Aluminium Composite Material ("**ACM**") cladding. The Issuer has three such tall buildings and ACM cladding was identified on one of those buildings. The Issuer has now removed ACM cladding from such building.

The Issuer recognises its roles and responsibilities under the Building Safety Act 2022, the Regulatory Reform (Fire Safety) Order 2005 and all associated regulations/guidance/best practice. The Issuer is committed in the management of building safety risks to ensure its buildings are safe, relevant buildings are registered, and any related risks are identified, assessed, removed or mitigated. The Issuer's aim is to create a safe environment for its customers (residents), staff, visitors, contractors and wider community.

A robust governance structure is in place to ensure all building safety legislation is adhered to and scrutinised for assurance.

Building Safety continues to be an evolving situation, and laws, regulations, advice and guidance are changing constantly as more is learnt about what caused the spread of fire at Grenfell Tower. The Issuer is working closely with the Fire and Rescue Service to ensure that it complies with guidance provided by the National Fire Chiefs Council.

The Grenfell Tower Inquiry published its final report entitled "*Grenfell Tower Inquiry: Phase 2 Report*" on 4 September 2024 and made a number of recommendations for reform of the regulatory environment, including (amongst other recommendations) amendments to building regulations, an extension of the scope of high-rise residential buildings (known as "**Higher-Risk Buildings**", and described as further below), the establishment of a construction regulator and the registration of contractors permitted to work on Higher-Risk buildings. As at the date of these Admission Particulars, the UK Government has not yet responded on the recommendations, but this remains an evolving situation and it is not yet clear whether any additional costs to the Issuer as a result will be material.

The Issuer has noted the recommendations of the Independent Review of Building Regulations and Fire Safety conducted by Dame Judith Hackitt and is well prepared for any change in regulation. If the Issuer was faced with material unforeseen renovation, maintenance or modernisation costs in excess of forecast amounts, this could impact upon the Issuer's cash flow and the Issuer's ability to meet its payment obligations in respect of the Bonds.

18. RISKS RELATED TO DATA GOVERNANCE

As a housing association, the Issuer collects and processes large amounts of personal data from customers, employees and business partners and is required to maintain electronic data in a secure and accessible way. Loss of key data, for example on rent collection or contracts in place, could lead to significant operational challenges and costs. Large organisations, such as the Issuer are becoming targets for cyber-crime. There is a risk that this data could be stolen, corrupted and/or misused as a result of internal or external activities, such as hacking or ransomware attacks. This could put pressure on the Issuer's resources in order to combat or react to such activities, which, in turn, could affect its ability to meet its payment obligations under the Bonds.

The Issuer is required to comply with data protection and privacy laws in the UK. This includes compliance with the General Data Protection Regulation (EU) 2016/679 as it forms part of domestic law by the EUWA and as modified by the Data Protection, Privacy and Electronic Communications (Amendments etc) (EU Exit) Regulations 2019 (as amended or superseded, "UK GDPR"). UK GDPR introduced changes to the UK data protection regime. It imposes a high burden on the industry and restricts the Issuer's ability to use data, including through granting customers a "right to be forgotten" and a requirement for informed opt-in consent by customers to the processing of their data. Failure to comply with these requirements can result in significant fines equal to 4 per cent. of the Issuer's annual turnover. Therefore, there is a risk that, if the Issuer does not process the data it collects correctly and in accordance with UK GDPR, the Issuer receives a fine. This could have an adverse effect on the Issuer's financial condition, which could affect the Issuer's ability to meet its payment obligations under the Bonds.

19. CYBERSECURITY AND SYSTEMS

Operational risks may result from major systems failure or breaches in systems security that affect the Issuer's ability to deliver business processes. The Issuer relies on IT infrastructure, devices and applications in order to operate its business, and it has developed resilient systems architecture and security policies, together with disaster recovery/business continuity plans, to mitigate the risk of systems failure and strengthen cybersecurity. However, an IT security breach could result in a loss of, or serious damage to, the Issuer's data. These events could result in financial loss to the Issuer and may ultimately adversely affect the ability of the Issuer to meet its payment obligations under the Bonds. The Group has clear IT policies and procedures, including an agile response to any cyberattack. Regular training and phishing testing are undertaken across the business and an external cyber validation review has been conducted as at 30 April 2024. The Group also has insurance in place against cyber risks.

20. LITIGATION RISK

There can be no assurance that the Issuer will not, in the future, be subject to a claim which may have a material impact upon their respective revenue or business. If this were to occur, this may adversely affect the Issuer's ability to meet its payment obligations under the Bonds. To date, the Issuer is not aware of any claims being brought against it that is expected to have a material impact on their respective revenue or business.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH THE BONDS

Risks Related to the Structure of the Bonds

Liability of the Issuer under the Bonds: The Bonds will be obligations of the Issuer only and do not establish any liability or other obligation of any other person mentioned in these Admission Particulars. The Bonds will constitute direct, general, secured obligations of the Issuer and the Bonds will rank equally among themselves.

Interest rate risk: The Bonds bear interest at a fixed rate and therefore involve the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

Redemption/purchase prior to maturity: In the event that the Bonds become repayable or are purchased prior to maturity either following an Event of Default (as defined in Condition 12.1 (*Events of Default*)), due to taxation reasons (pursuant to Condition 9.2 (*Redemption for Taxation Reasons*)) or as a result of the relevant Bondholder exercising the Bondholder Put Option following the Issuer ceasing to be a Registered Provider of Social Housing (pursuant to Condition 9.4 (*Bondholder Put Option*)), the Bonds will be redeemed or purchased in full at their principal amount, plus an amount equal to their accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the Bonds. Furthermore, the optional redemption feature of the Bonds is likely to limit their market value as the market value generally will not rise substantially above the price at which they can be redeemed.

Modification, waivers and substitution: The Conditions of the Bonds and the Bond Trust Deed contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders, including such Bondholders who did not attend and vote at the relevant meeting and such Bondholders who voted in a manner contrary to the majority.

The Conditions of the Bonds and the Bond Trust Deed also provide that the Bond Trustee may, without the consent of Bondholders, Couponholders or any other Secured Party, (a) agree to any modification (except as stated in the Bond Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Bonds or the Bond Trust Deed or any other Transaction Document, (b) determine without the consent of the Bondholders or the other Secured Parties that any Potential Event of Default or Event of Default shall not be treated as such or (c) agree to the substitution of another company, registered society or other entity as principal debtor under the Bonds in place of the Issuer, in the circumstances described in the Conditions, provided, in each case, that the Bond Trustee is of the opinion that to do so would not be materially prejudicial to the interests of the Bondholders.

Denominations involve integral multiples: definitive Bonds: The Bonds have denominations consisting of a minimum of £100,000 plus one or more higher integral multiples of £1,000. It is possible that the Bonds may be traded in amounts that are not integral multiples of £100,000. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than £100,000 in his account with the relevant clearing system at the relevant time may not receive a definitive Bond in respect of such holding (should definitive Bonds be printed) and would need to purchase a principal amount of Bonds such that its holding amounts to £100,000.

If definitive Bonds are issued, holders should be aware that definitive Bonds which have a denomination that is not an integral multiple of £100,000 may be illiquid and difficult to trade.

Change in Law: Changes in law may affect the rights of Bondholders as well as the market value of the Bonds. The Conditions of the Bonds, and the ratings which are assigned to the Bonds, are based on English law, regulatory and administrative practice in effect as at the date of these Admission Particulars, and have due regard to the expected tax treatment of all relevant entities under United Kingdom tax law and the published practice of HM Revenue & Customs ("**HMRC**") in force or applied in the United Kingdom as at the date of these Admission Particulars. No assurance can be given as to the impact of any possible judicial decision or change to English law or regulatory or administrative practice in the United Kingdom, or to United Kingdom tax law, or the interpretation or administration thereof, or to the published practice of HMRC as applied in the United Kingdom, after the date of these Admission Particulars. Such changes in law may include changes in statutory, tax and regulatory regimes during the life of the Bonds, which may have an adverse effect on an investment in the Bonds.

The Social Housing (Regulation) Act 2023 (the "**SHRA 2023**") received royal assent on 20 July 2023 and introduced wide-ranging measures to transform and strengthen the regulatory regime to ensure it holds all Registered Providers of Social Housing to account for the services they deliver, drives good service for tenants and protects economic regulation. See further "*Description of the Funding and Regulatory Environment applicable to the Issuer*" below for further details of the measures.

The changes introduced by the SHRA 2023 significantly enhance the Regulator's role in relation to consumer standards and include increased legislative obligations on the Issuer in relation to health and safety matters and will also place further reporting obligations on the Issuer in terms of their communications with tenants. It is likely that there will be associated costs for the Issuer in complying with these measures.

Any breach of the new measures once they are in force could lead to the exercise of the Regulator's statutory powers. The SHRA 2023 has strengthened the Regulator's enforcement powers to tackle failing Registered Providers of Social Housing. This will include removing the cap on the level of fines the Regulator may charge. Any such intervention by the Regulator in respect of the Issuer may affect the ability of the Issuer to meet its payment obligations under the Bonds.

Taxation: Under Condition 10 (*Taxation*), the Issuer will not be entitled to make any deduction or withholding for or on account of tax from payments in respect of the Bonds or Coupons unless such withholding or deduction is required by law. In the event that any deduction or withholding for or on account of tax is required by law, the Issuer shall be required (except in the limited circumstances set out in Condition 10 (*Taxation*)) to pay such additional amounts as will result in the receipt by the Bondholders and the Couponholders of such amounts as would have been received by them if no such withholding or deduction had been required. Where the deduction or withholding is required as a result of a change in applicable law or regulations, the Issuer may exercise its option to redeem the Bonds in full at their principal amount, plus accrued interest, pursuant to Condition 9.2 (*Redemption for Taxation Reasons*). As mentioned above, in such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Bonds.

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the Bonds, see below in "*Taxation – United Kingdom Taxation*".

Exchange rate risks and exchange controls: The Issuer will pay principal and interest on the Bonds in Sterling. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than Sterling. These include the risk that exchange rates may significantly change (including changes due to devaluation of Sterling or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to Sterling would decrease (a) the Investor's Currency-equivalent yield on the Bonds, (b) the Investor's Currency-equivalent value of the principal payable on the Bonds and (c) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Risks related to designation of the Bonds as "Sustainability Bonds": As described in "*Use of Proceeds and the Sustainability Financing Framework*" below, the Issuer's intention is to apply the net proceeds of the issue of the Bonds to finance or refinance, in part or in full, new and/or existing Eligible Projects (as further described in the Sustainability Financing Framework of the Issuer). The Bonds are intended to be "Sustainability Bonds" as defined in the Sustainability Bond Guidelines (2018 edition) of the ICMA, although this designation may not meet investor expectations or requirements or be suitable for an investor's investment criteria. If the use of proceeds of the Bonds is a factor in a prospective investor's decision to invest in such Bonds, prospective investors should have regard to the information set out in "*Use of Proceeds and the Sustainability Financing Framework*" below and consult with their legal or other advisers before making an investment in the Bonds and must determine for themselves the relevance of such information for the purpose of any investment in the Bonds together with any other investigation such investor deems necessary.

In particular, no assurance is given by the Issuer or any other person that the use of proceeds of the Bonds will satisfy, whether in whole or in part, any present or future investor expectations or

requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates.

It should be noted that there is currently no clearly agreed definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "sustainable" or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. On 18 June 2020, Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment was adopted by the Council and the European Parliament (the "**Taxonomy Regulation**"). The Taxonomy Regulation establishes a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable. In addition, the FCA has, on 31 May 2024, introduced its Anti-Greenwashing Rule which requires that references to the sustainability characteristics of products or services are (a) consistent with the sustainability characteristics of the product or service and (b) fair, clear and not misleading. The "Finalised non-handbook guidance on the Anti-Greenwashing Rule" further clarifies that sustainability references should be correct and capable of being substantiated, clear and presented in a way that can be understood and complete (they should not omit or hide important information and should consider the full life cycle of the product or service), and comparisons to other products or services should be fair and meaningful. The guidance recognises that the terms "environmental", "social" and "governance" are used to refer to sustainability matters, but also notes that there is no single definition of sustainability.

Accordingly, no assurance is or can be given by the Issuer or any other person to investors that any projects or uses of the proceeds will meet any or all investor expectations regarding such "green", "social" or "sustainable" or other equivalently-labelled performance objectives or that any adverse sustainable and/or other impacts will not occur during the implementation of any projects or uses of the proceeds. In addition, no assurance can be given by the Issuer or any other person to investors that the Bonds will comply with any future standards or requirements for being "Sustainability Bonds" and, accordingly, the "Sustainability Bonds" status of the Bonds could be withdrawn at any time.

Furthermore, there is no contractual obligation to allocate the proceeds of the Bonds to finance eligible businesses and projects or to provide annual progress reports as described in these Admission Particulars. There can be no assurance that any Eligible Projects will be available or capable of being implemented in the manner anticipated and, accordingly, that the Issuer will be able to use funds for such Eligible Projects as intended. In addition, there can be no assurance that Eligible Projects will be completed as expected, within any specified periods, or achieve the impacts or outcomes (environmental, social, sustainable or otherwise) originally expected or anticipated. The Issuer's failure to apply the net proceeds of the Bonds to finance or refinance an Eligible Project or to provide annual progress reports, the failure of any of the Eligible Projects to meet any or all investor expectations regarding such performance objectives, or the failure of an independent external review provider to issue a second party opinion on the allocation of the bond proceeds, will not (a) constitute an Event of Default under the Bonds or breach of contract with respect to the Bonds, (b) give rise to any claim of a Bondholder against the Issuer or any other person or (c) lead to an obligation of the Issuer to redeem the Bonds. None of the Bond Trustee, the Security Trustee and any of their respective affiliates will have any responsibility for the ongoing monitoring or verifying the application of any such proceeds and no representation is made by the Bond Trustee, the Security Trustee or any of their respective affiliates as to the sustainability of the Bonds for the purpose of fulfilling the environmental or sustainability criteria required by prospective investors.

No assurance or representation is given by the Issuer or any other person as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Bonds (including, without limitation, the DNV Second Party Opinion). For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of these Admission Particulars. Any such opinion or certification is not, nor should it be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Bonds. No

such opinion or certification is intended to address any credit, market or other aspects of any investment in the Bonds, including without limitation, market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Bonds. The Bondholders have no recourse against the Issuer or the provider of any such opinion or certification for the contents of any such opinion or certification. Any such opinion or certification is only current as at the date that opinion or certification was initially issued and the providers of such opinions and certifications are under no obligation to update them following their issue.

Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the Bonds. As at the date of these Admission Particulars, the providers of such opinions and certifications are not subject to any specific or regulatory or other regime or oversight.

The criteria and/or considerations that form the basis of the DNV Second Party Opinion and any other such opinion or certification may change at any time and the DNV Second Party Opinion and any other such opinion or certification may be amended, updated, supplemented, replaced and/or withdrawn at any time. Any withdrawal of the DNV Second Party Opinion or any other opinion or certification may have a material adverse effect on the value of the Bonds in respect of which such opinion or certification is given and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. As at the date of these Admission Particulars, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Prospective investors must determine for themselves the relevance of the DNV Second Party Opinion and any such opinion or certification and/or the information contained therein.

A request has been made for the Bonds to be listed and admitted to trading on the Sustainable Bond Market of the London Stock Exchange. No representation or assurance is given by the Issuer or any other person that such listing and admission to trading satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect sustainability impact of any projects or uses, the subject of or related to, any sustainability reports. Furthermore, it should be noted that the criteria for any such listing or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance given or made by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of the Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Bonds.

Any such event or failure to apply the net proceeds for Eligible Projects, and/or any withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or the Bonds no longer being listed or admitted to trading on the Sustainable Bond Market of the London Stock Exchange as aforesaid and/or the failure by the Issuer to report on the use of net proceeds in respect of Eligible Projects as anticipated may have a material adverse effect on the value of the Bonds and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose (which consequences may include, but are not limited to, the need to sell the Bonds as a result of the Bonds not falling within the investor's investment criteria or mandate).

The impact on investor demand for Sustainability Bonds of the European Green Bond Standard is unclear: Provisional political agreement was reached in February 2023 on the legislative proposal for a European Green Bond Standard, which will be a voluntary label for issuers of green use of proceeds bonds (including "Sustainability Bonds" such as the Bonds) where the proceeds will be invested in economic activities aligned with the Taxonomy Regulation. To this end, Regulation (EU) 2023/2631 of the European Parliament and of the Council of 22 November 2023 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds (the "**EuGB Regulation**") introduces the "European Green Bonds Standard" ("**EuGBS**") as a designation which can be used

on a voluntary basis by bond issuers using definitions of green economic activities in the Taxonomy Regulation to define what is considered a green investment. The EuGB Regulation was published on 22 November 2023 and will apply from 21 December 2024. The Bonds are intended to comply with the criteria and processes set out in the Sustainability Financing Framework only, and are not specifically aligned with the EuGBS. As the EuGBS is a voluntary label, it is not clear, at this stage whether the EuGBS, if and when implemented, may impact investor demand for, and pricing of, green use of proceeds bonds (such as the Bonds) that do not meet such standard. It could reduce demand and liquidity for the Bonds and their price.

Risks Relating to the Security of the Bonds

Considerations relating to the Security: The validity of any security given by the Issuer or any Charging Group Member in connection with additions and substitutions of Charged Properties may depend on the solvency of the Issuer or such Charging Group Member at the time of the grant. If any security is found to be invalid as a result, this will affect the amounts available to Bondholders in the event of an Event of Default under the Bonds.

Environmental Considerations: Under relevant UK environmental legislation, liability for environmental matters can be imposed on the "owner" or "person in control" of land. The term "owner" is not specifically defined and could include anyone with a proprietary interest in a property, which could include a representative of a trustee as a mortgagee in possession (in respect of which see the risk factor entitled "*Mortgagee in Possession Liability*" below). Environmental laws may impose liability on the owner for clean-up costs if a property is or becomes contaminated. The Issuer or a Charging Group Member may therefore be liable for the entire amount of the clean-up and redemption costs for a contaminated site regardless of whether the contamination was caused by it or not. These costs, if material, may affect the ability of the Issuer to meet its payment obligations under the Bonds.

In addition, the presence of hazardous or toxic substances, or the failure to adequately remedy adverse environmental conditions at a Charged Property, may adversely affect the market value of the Charged Property, as well as the Issuer's or a Charging Group Member's ability to sell, lease or refinance the Charged Property. Any environmental liability imposed on the Issuer could, if material, affect its ability to meet its payment obligations under the Bonds.

Sufficiency of Insurance: Although each Charged Property is required to be insured at appropriate levels and against customary risks, there can be no assurance that any loss incurred will be of a type covered by such insurance, nor can there be any assurance that the loss will not exceed the limits of such insurance. Any reduction in income or any loss or damage caused to a Charged Property not adequately covered by insurance could, if material, result in a shortfall in funds available to meet the Issuer's payment obligations under the Bonds.

Fixed charges may take effect under English law as floating charges: Pursuant to the Bond Trust Deed, the Issuer has purported to grant a fixed charge over, amongst other things, all rights and benefits under the Charged Account. English law relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer may take effect under English law only as floating charges if, for example, it is determined that the Bond Trustee or the Security Trustee, as applicable, does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Bond Trustee or the Security Trustee, as the case may be, will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors.

Mortgagee in Possession Liability: There is a risk that the Security Trustee may be deemed to be a mortgagee in possession if it physically enters into possession of a Charged Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Security Trustee. In such circumstances the Security Trustee may incur further costs and expenses which will be recoverable by it from the enforcement proceeds prior to any payment being made to Bondholders, thereby reducing amounts available to pay amounts owing under the Bonds.

Moratorium and housing administration: The Security Trustee must notify the Regulator of its intention to enforce its security and cannot enforce its security during the resulting 28 day moratorium without the consent of the Regulator. This may adversely affect the Security Trustee's ability to enforce the security over the Charged Properties.

The Security Trustee's ability to enforce the security over the Charged Properties may also be adversely affected for so long as any housing administration order is in place in respect of the Issuer or any Charging Group Member; any housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In addition, any such housing administration could result in a housing administrator disposing of Charged Property belonging to the Issuer or a Charging Group Member at a time when proceeds are not sufficient to discharge the Issuer's obligations under the Bonds.

See further "*Description of the Social Housing Sector in England – Moratorium and Housing Administration*" below.

Risks Relating to the Market Generally

Potential Limited Liquidity: The New Bonds may not have an established market when issued. There can be no assurance of a secondary market for the New Bonds or the continued liquidity of such market if one develops. The development or continued liquidity of any secondary market for the New Bonds will be affected by a number of factors such as the state of credit markets in general and the creditworthiness of the Issuer, as well as other factors such as the time remaining to the maturity of the Bonds.

Credit ratings may not reflect all risks: The New Bonds are expected to be rated "A+" by S&P. This rating may not reflect the potential impact of all risks related to the Issuer, market and other factors that may affect the value of the Bonds. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the assigning rating agency at any time.

In general, UK and European regulated investors are restricted under Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the EUWA (the "**UK CRA Regulation**") and Regulation (EC) No. 1060/2009 (as amended) (the "**EU CRA Regulation**"), respectively, from using credit ratings for regulatory purposes, unless such ratings are issued by (or endorsed by) a credit rating agency established, as applicable, in the UK or the EU and registered under the UK CRA Regulation or the EU CRA Regulation (and such registration has not been withdrawn or suspended). As of the date of these Admission Particulars, S&P is established in the United Kingdom and is registered in accordance with the UK CRA Regulation. As such, S&P is included in the list of credit rating agencies published by the FCA on its website in accordance with the UK CRA Regulation. S&P is not established in the European Union and has not applied for registration under the EU CRA Regulation. However, the ratings issued by S&P have been endorsed by S&P Global Ratings Europe Limited in accordance with the EU CRA Regulation. As at the date of these Admission Particulars, S&P Global Ratings Europe Limited is established in the European Union and registered under the EU CRA Regulation. As such, S&P Global Ratings Europe Limited is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the EU CRA Regulation. If the status of S&P or S&P Global Ratings Europe Limited changes, UK and European regulated investors, as applicable, may no longer be able to use the relevant rating for regulatory purposes and the Bonds may have a different regulatory treatment. This may result in UK and European regulated investors, as applicable, selling Bonds held by them which may have an impact on the value of the Bonds in the secondary market.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

DOCUMENTS INCORPORATED BY REFERENCE

Each of:

- (a) the audited unconsolidated annual financial statements of the Issuer, including the audit report of the auditors, for the financial years ended 31 March 2023 and 31 March 2024 (the "**Issuer Financial Statements**");
- (b) the audited consolidated annual financial statements of the Group Parent, including the audit report of the auditors, for the financial years ended 31 March 2023 and 31 March 2024 (together, the "**Group Financial Statements**" and, together with the Issuer Financial Statements, the "**Financial Statements**"); and
- (c) the unaudited half year trading update of the Group Parent in respect of the six months ended 30 September 2024 (the "**Trading Update**"),

which have previously been published in accordance with the ISM Rulebook shall be incorporated in, and form part of, these Admission Particulars.

Copies of the Financial Statements can be obtained from the registered office of the Issuer and from the specified office of the Principal Paying Agent for the time being in London and will be available for viewing on the website of the Regulatory News Service operated by the London Stock Exchange at <http://www.londonstockexchange.com/exchange/news/market-news/marketnews-home.html> and on and on the Group's website at <https://www.paradigmhousing.co.uk/about-paradigm/our-performance/>.

Any documents themselves incorporated by reference in such financial statements shall not form part of these Admission Particulars.

Any non-incorporated parts of a document referred to herein are either deemed not relevant for an investor or are otherwise covered elsewhere in these Admission Particulars.

Group Financial Statements

Whilst the Group Parent is not an obligor or guarantor in respect of the Bonds, the Issuer believes that investors will consider the financial position of the Group when deciding to invest in the Bonds, including various alternative performance measures which are derived from the Group Financial Statements – See "*Description of the Issuer - Alternative Performance Measures*". The Issuer therefore believes that the inclusion of the Group Financial Statements is necessary to enable users of ISM to make an informed assessment of the ability of the Issuer to meet its obligations to holders of the Bonds.

The Group Financial Statements, however, include financial information in relation to members of the Group other than the Issuer. The tables below set out certain key metrics in respect of each of the financial years ended 31 March 2023 and 31 March 2024 and demonstrate the significance of the financial position of the Issuer within the Group in respect of each of the financial years ended 31 March 2023 and 31 March 2024.

Notwithstanding the inclusion of the Group Financial Statements in these Admission Particulars, holders of the Bonds will only have recourse to the Issuer and will not have any recourse to the Group Parent or any other member of the Group in the event that the Issuer defaults in respect of the Bonds. See "*Risk Factors – Risks Related to the Structure of the Bonds – Liability of the Issuer under the Bonds*".

CONDITIONS OF THE NEW BONDS

The following is the text of the Conditions of the New Bonds which will be endorsed on the New Bonds in definitive form. New Bonds in definitive form will only be issued in certain limited circumstances. For a summary of the provisions relating to the Bonds in global form see "Form of the New Bonds and Summary of Provisions relating to the New Bonds while in Global Form" below.

The £50,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the "**New Bonds**" and, together with the Existing Bonds (as defined below), the "**Bonds**" which expression shall in these Conditions, unless the context otherwise requires, include any further bonds issued pursuant to Condition 18 (*Further Issues*) and forming a single series with the Bonds) of Paradigm Homes Charitable Housing Association Limited (the "**Issuer**") are constituted by a Supplemental Bond Trust Deed dated 12 March 2025 (as amended and/or supplemented and/or restated from time to time, the "**Supplemental Bond Trust Deed**") made between the Issuer and M&G Trustee Company Limited (the "**Bond Trustee**", which expression shall include its successor(s)) as trustee for the holders of the Bonds (the "**Bondholders**") and the holders of the interest coupons appertaining to the Bonds (the "**Couponholders**" and the "**Coupons**" respectively, which expressions shall, unless the context otherwise requires, include the talons for further interest coupons (the "**Talons**") and the holders of the Talons). The Supplemental Bond Trust Deed is supplemental to the Bond Trust Deed dated 4 April 2024 (as amended and/or supplemented and/or restated from time to time, the "**Original Bond Trust Deed**" and, together with the Supplemental Bond Trust Deed, the "**Bond Trust Deed**") made between the same parties and constituting the £250,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the "**Existing Bonds**") issued by the Issuer on 4 April 2024. The New Bonds are consolidated and form a single series, and rank *pari passu*, with the Existing Bonds.

The Bondholders have the benefit of security allocated to them pursuant to a Security Trust Deed dated 20 May 2021 (as further amended and/or supplemented and/or restated from time to time, the "**Security Trust Deed**") made between, *inter alios*, the Issuer and M&G Trustee Company Limited (previously known as Prudential Trustee Company Limited) (the "**Security Trustee**", which expression shall include any successor(s)).

The Bonds also have the benefit of an Agency Agreement dated 4 April 2024 (as supplemented on 12 March 2025 and as further amended and/or supplemented and/or restated from time to time, the "**Agency Agreement**") and made between the Issuer, the Bond Trustee, The Bank of New York Mellon, London Branch as principal paying agent (the "**Principal Paying Agent**", which expression shall include any successor agent) and the other paying agents named therein (together with the Principal Paying Agent, the "**Paying Agents**", which expression shall include any additional or successor paying agents).

Copies of the Bond Trust Deed, the Security Trust Deed, the Security Agreements (as defined below) and the Agency Agreement are available for inspection during normal business hours by the Bondholders and the Couponholders at the registered office for the time being of the Bond Trustee, being at the date of issue of the New Bonds at 10 Fenchurch Avenue, London EC3M 5AG, and at the specified office of each of the Paying Agents. The Bondholders and the Couponholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Bond Trust Deed, the Security Trust Deed, the Security Agreements and the Agency Agreement applicable to them. The statements in these Conditions include summaries of, and are subject to, the detailed provisions of and definitions in the Bond Trust Deed, which includes the form of the Bonds, and the Security Trust Deed.

1. DEFINITIONS

Words and expressions defined in the Bond Trust Deed, the Security Trust Deed or the Agency Agreement shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated.

In these Conditions:

"2044 Bond Beneficiaries" means, collectively, the Bondholders and the other Secured Parties;

"Account Agreement" means the Account Agreement dated 4 April 2024 between the Issuer, the Bond Trustee and the Account Bank, as supplemented on 12 March 2025 and as further amended and/or supplemented and/or restated from time to time;

"Account Bank" means The Bank of New York Mellon, London Branch as account bank under the Account Agreement or any successor account bank appointed thereunder;

"Appointee" means any attorney, manager, agent, delegate, nominee, custodian, receiver or other person appointed by the Bond Trustee under, or pursuant to, these Conditions or the Bond Trust Deed;

"Apportionment Certificate" means, in relation to the 2044 Bond Beneficiaries, the schedule given to the Representative as signed by the Issuer and each Charging Group Member (if any) and countersigned by the Security Trustee and the Representative which sets out the Charged Properties which are allocated in favour of the 2044 Bond Beneficiaries in relation to all monies, liabilities and obligations whatsoever (actual or contingent) payable, owing, due or incurred by the Issuer to the 2044 Bond Beneficiaries pursuant to the Bond Trust Deed, the Bonds, the Coupons and the other Transaction Documents, as amended and redelivered from time to time, and which is substantially in the form set out in Schedule 3 to the Security Trust Deed;

"Asset Cover Test" means the financial covenant set out in Condition 5.3 (*Asset Cover Covenant*);

"Authorised Signatory" means, in respect of the Issuer or any Charging Group Member, a board member, a director, the secretary or any senior executive officer of the Issuer or such Charging Group Member, as the case may be;

"Beneficiary" means:

- (a) in respect of the Bonds, the 2044 Bond Beneficiaries; and
- (b) each other entity which has acceded or will accede to the Security Trust Deed as a beneficiary pursuant to and in accordance with the terms of the Security Trust Deed;

"Bondholder Put Option" has the meaning given to it in Condition 9.4 (*Bondholder Put Option*);

"Business Day" means a day (other than a Saturday or Sunday) on which banks are open for general business in London;

"Certificate of Title" has the meaning given to it in the Security Trust Deed;

"Charged Account" means the account in the name of the Issuer established pursuant to the Account Agreement which is charged in favour of the Bond Trustee pursuant to the Bond Trust Deed for the benefit of the 2044 Bond Beneficiaries;

"Charged Cash" means, at any time, the aggregate of all amounts standing to the credit of the Charged Account at such time;

"Charged Properties" means, at any time, the property legally mortgaged and any other freehold or leasehold property charged by way of first fixed charge pursuant to a Security Agreement and which has been allocated for the benefit of the 2044 Bond Beneficiaries pursuant to the Security Trust Deed;

"Charging Group Member" means any Eligible Group Member which creates security in favour of the Security Trustee for the benefit of itself and the 2044 Bond Beneficiaries pursuant to, and in accordance with, the Security Documents, other than where such entity has ceased to be a Charging Group Member in accordance with the Bond Trust Deed and the Security Trust Deed;

"Compliance Certificate" means a certificate, signed by two Authorised Signatories of the Issuer, substantially in the form set out in Schedule 5 (*Form of Compliance Certificate*) to the Bond Trust Deed setting out, *inter alia*, calculations in respect of the Asset Cover Test;

"continuing" means, in respect of an Event of Default, that such Event of Default is continuing unremedied and unwaived to the satisfaction of the Bond Trustee;

"Desk Top Valuation" means, in relation to the Charged Properties, a valuation of those properties conducted in accordance with the same methodology as a Full Valuation addressed to, *inter alios*, the Bond Trustee provided by a Valuer on a "desk-top" basis;

"Eligible Group Member" means any member of the Group (other than the Issuer) which is a charity, whether registered within the meaning of section 1 of the Charities Act 2011, as amended from time to time, or exempt, (or which has a status which, in the opinion of the Issuer and the Bond Trustee, is substantially equivalent under any replacement or successor legislation) and a Registered Provider of Social Housing;

"Enforcement Event" means any event, howsoever described, specified in a Finance Document as an event upon the occurrence of which the relevant Beneficiary or group of Beneficiaries (or the relevant representative thereof, being, in the case of the 2044 Bond Beneficiaries, the Representative) to whom such Finance Document relates becomes entitled:

- (a) to call for early repayment of all or any of the Secured Liabilities (as defined in the Security Trust Deed) under such Finance Documents; and/or
- (b) to call for cash collateral in respect of all or any contingent Secured Liabilities under such Finance Documents (but shall not include any Beneficiary becoming entitled to call for the delivery of cash pursuant to an ISDA credit support annex unless the relevant Obligor fails to make payment thereof when so demanded); and/or
- (c) to terminate all or any of the transactions entered into pursuant to such Finance Document (but excluding any interest rate arrangement entered into by the relevant Beneficiary to which the relevant Obligor is not a party unless such Beneficiary becomes entitled to terminate the same as a consequence of a default (howsoever described) by the relevant Obligor under the terms of the Finance Document prior to the scheduled maturity thereof); and/or
- (d) to require the Security Trustee to enforce any of the Security Documents (as defined in the Security Trust Deed) constituting such Beneficiary's apportioned security;

"EUV-SH" means a valuation made on the basis of existing use value for social housing (EUV-SH) as defined by the RICS at UK VPGA 7 of the RICS Valuation – Global Standards – UK National Supplement (effective from 14 January 2019) (or, if a subsequent edition of the RICS Valuation Standards has been published at the relevant time, the relevant valuation standard of the then most recently published edition of the RICS Valuation Standards) or, if the RICS Valuation Standards are no longer published at such time, on a basis agreed between the Issuer, the Bond Trustee and a Valuer, and **"EUV-SH Charged Properties"** shall be construed accordingly;

"Event of Default" has the meaning given to it in Condition 12.1 (*Events of Default*);

"Final Retained Bond Disposal Date" means the first date on which no Retained Bonds are held by or on behalf of the Issuer, either as a result of a sale to a third party or following cancellation of Retained Bonds in accordance with Condition 9.7 (*Cancellations*);

"Finance Document" has the meaning given to it in the Security Trust Deed;

"Financial Year" means each 12 month period ending on 31 March;

"Fixtures" means, in relation to any Charged Property, all fixtures and fittings (including trade fixtures and fittings) and fixed plant and machinery from time to time thereon owned by the Issuer or the relevant Charging Group Member, as the case may be;

"Full Valuation" means, in relation to the Charged Properties, the New Additional Properties or the New Substitute Properties, a valuation of those properties addressed to, *inter alios*, the Bond Trustee provided by a Valuer containing such information as is relevant to the portfolio of the Charged Properties, the New Additional Properties or the New Substitute Properties, as the case may be, and showing the value of the properties on the basis of EUV-SH and/or MV-ST (to the extent applicable) or, where agreed between the Bond Trustee and the Issuer, a letter from the relevant Valuer confirming that there have been no material changes in respect of a previous Full Valuation given by such Valuer in respect of such properties;

"Group" means, together, the Group Parent and its Subsidiaries;

"Group Parent" means Paradigm Housing Group Limited and any entity with which the Group Parent may merge or be consolidated with at any time;

"Housing and Regeneration Act" means the Housing and Regeneration Act 2008 (as amended from time to time);

"Insurances" means all contracts and policies of insurance of whatever nature which are from time to time taken out by or with the authority and on behalf of the Issuer or the relevant Charging Group Member, as the case may be, in relation to the Charged Property;

"Letting Documents" means any lease, tenancy or licence to occupy, or any agreement for any of the same, from time to time granted or entered into by the Issuer or the relevant Charging Group Member, as the case may be, or any predecessor in title of the Issuer or such Charging Group Member to which a Charged Property may be subject from time to time and any licence, consent or approval given thereunder;

"Minimum Value" means:

$$\left[\frac{A}{105} + \frac{B}{115} \right] \times 100$$

where:

"A" = the Value of the residential EUV-SH Charged Properties determined on the basis of EUV-SH; and

"B" = the Value of the residential MV-ST Charged Properties determined on the basis of MV-ST.

For the avoidance of doubt, the Charged Properties shall be treated as EUV-SH Charged Properties for the purpose of determining the Minimum Value unless and until a Value, determined on the basis of MV-ST, is given by a Valuer in respect of such Charged Properties and the Valuer has confirmed that it has reviewed a Certificate of Title (which may include a supplement thereto) in respect of each such Charged

Property and, on the basis of which, the Valuer is of the opinion that it may be disposed of by the Issuer or the relevant Charging Group Member, as the case may be, on an unfettered basis (meaning subject to any existing tenancies but otherwise with vacant possession and not subject to any security interest, option or other encumbrance or to any restriction preventing its sale to, or use by, any person for residential use);

"MV-ST" means a valuation made on the basis of the current Market Value as defined by the RICS at VPS 4 of the RICS Valuation – Global Standards incorporating the IVSC International Valuation Standards (effective from 31 January 2022) (or, if a subsequent edition of the RICS Valuation Standards has been published at the relevant time, the relevant valuation standard of the then most recently published edition of the RICS Valuation Standards) (effectively, in these circumstances, based on the fact that the properties are subject to existing tenancies but are not restricted to use as social housing let at sub-market rents, and that any units that become vacant may be sold with vacant possession) or, if the RICS Valuation Standards are no longer published at such time, on a basis agreed between the Issuer, the Bond Trustee and a Valuer;

"MV-ST Charged Properties" means the Charged Properties accepted as such in accordance with the provisions of the Bond Trust Deed;

"New Additional Properties" has the meaning given to it in Condition 6.1 (*Addition of New Charged Properties*);

"New Bond Issue Date" means 12 March 2025;

"New Property Approval Certificate" means a certificate, signed by two Authorised Signatories of the Issuer, substantially in the form set out in Schedule 6 (*Form of New Property Approval Certificate*) to the Bond Trust Deed;

"New Retained Bonds" means the £50,000,000 in principal amount of the New Bonds purchased by the Issuer on the New Bond Issue Date;

"New Substitute Properties" has the meaning given to it in Condition 6.2 (*Substitution of Charged Properties*);

"Obligor" has the meaning given to it in the Security Trust Deed and, in the case of the 2044 Bond Beneficiaries, means the Issuer;

"Original Issue Date" means the issue date in respect of the Existing Bonds, being 4 April 2024;

"Original Retained Bonds" means the £100,000,000 in principal amount of the Existing Bonds purchased by the Issuer on the Original Issue Date;

"Original Security Agreements" means each of the security agreements dated 20 May 2021 and 31 March 2022 between the Issuer and the Security Trustee pursuant to which the Issuer provides security in respect of its obligations under the Bonds, the Coupons and the other Transaction Documents;

"Permitted Reorganisation" means any amalgamation, merger, consolidation or transfer of engagements of the whole of the Issuer's or any Charging Group Member's property (including, for the avoidance of doubt, any statutory procedure as provided for under the Co-operative and Community Benefit Societies Act 2014 (or otherwise)) made between the Issuer or such Charging Group Member, as the case may be, ("**Party A**") and any other entity ("**Party B**") provided that:

- (a) any new entity to be created as a result thereof will be a Registered Provider of Social Housing at the time when such Permitted Reorganisation becomes effective;

- (b) following any such amalgamation, merger, consolidation or transfer of engagements in respect of which the property of Party A (including, for the avoidance of doubt, any liabilities) shall become vested in such Party B or new amalgamated entity, Party B or such new amalgamated entity, as the case may be, will thereafter be responsible for all the liabilities of Party A pursuant to the Co-operative and Community Benefit Societies Act 2014 (or otherwise); and
- (c) a certificate executed by two authorised signatories of Party A or Party B confirming the above is provided to the Bond Trustee;

"Potential Event of Default" means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the forming of an opinion and/or the fulfilment of any similar condition, would constitute an Event of Default;

"Property Release/Reallocation Certificate" means a certificate, signed by two Authorised Signatories of the Issuer, substantially in the form set out in Schedule 8 (*Form of Property Release/Reallocation Certificate*) to the Bond Trust Deed;

"Property Security" has the meaning given to it in Condition 4 (*Security*);

"Put Option Date" has the meaning given to it in Condition 9.4 (*Bondholder Put Option*);

"Registered Provider of Social Housing" means a person listed in the register of providers of social housing established under Chapter 3 of Part 2 of the Housing and Regeneration Act or any replacement or successor legislation thereto or a person having a status which, in the opinion of the Issuer and the Bond Trustee, is substantially equivalent under any replacement or successor legislation;

"Regulator" means the Regulator of Social Housing (formerly the Regulation Committee of the Homes and Communities Agency) constituted pursuant to the Housing and Regeneration Act, as amended by the Localism Act 2011, and the Legislative Reform (Regulator of Social Housing) (England) Order 2018 or any similar future authority or authorities carrying on substantially the same regulatory and/or supervisory functions;

"Relevant Date" means, in respect of any payment, the date on which the payment first becomes due but, if the full amount of the money payable has not been received by the Principal Paying Agent or the Bond Trustee on or before the due date, it means the date on which, the full amount of the money having been so received, notice to that effect has been duly given to the Bondholders by the Issuer in accordance with Condition 14 (*Notices*);

"Relevant Jurisdiction" means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which the Issuer becomes subject in respect of payments made by it of principal and interest on the Bonds and Coupons;

"Representative" means the Bond Trustee in its capacity as representative for the 2044 Bond Beneficiaries pursuant to the Security Trust Deed;

"Retained Bond Custodian" means The Bank of New York Mellon, London Branch as custodian pursuant to the Retained Bond Custody Agreement or any successor custodian appointed thereunder;

"Retained Bond Custody Agreement" means the custody agreement relating to the Retained Bonds dated 4 April 2024 and made between the Issuer, the Bond Trustee

and the Retained Bond Custodian, as supplemented on 12 March 2025 and as further amended and/or supplemented and/or restated from time to time;

"Retained Bonds" means the Original Retained Bonds and the New Retained Bonds;

"RICS" means the Royal Institution of Chartered Surveyors;

"Right to Buy" means the right of a tenant of any Charged Property to buy or acquire part or all of such Charged Property (including, without limitation, by means of a Shared Ownership Lease (as defined in the Security Trust Deed)) from the Issuer or a Charging Group Member under section 180 of the Housing and Regeneration Act or Part V of the Housing Act 1985 (or any similar right or scheme replacing or supplementing that right) or where a grant is provided to the Issuer or the relevant Charging Group Member in respect of such a sale under section 35(1) of the Housing and Regeneration Act or any other statute conferring similar rights to buy or acquire to tenants of Registered Providers of Social Housing with which the Issuer or the relevant Charging Group Member is obliged to comply or under any contract or other voluntary arrangement conferring such a right (and including, without limitation, such rights preserved notwithstanding any previous transfer of such Charged Property from any local authority);

"Rules" means the rules of the Issuer, as amended from time to time;

"Secured Parties" means the Bond Trustee (for itself and on behalf of the Bondholders and the Couponholders), the Principal Paying Agent, the other Paying Agents, the Account Bank and the Retained Bond Custodian;

"Security" has the meaning given to it in Condition 4 (*Security*);

"Security Agreement" means:

- (a) the Original Security Agreements; and
- (b) any additional agreement entered into between the Issuer or a Charging Group Member and the Security Trustee substantially in the form set out in the Security Trust Deed pursuant to which the Issuer or such Charging Group Member, as the case may be, provides security in respect of the Issuer's obligations under the Bonds, the Coupons and the other Transaction Documents;

"Security Assets" has the meaning given to it in Condition 4 (*Security*);

"Security Documents" means the Security Trust Deed and each Security Agreement;

"Shared Ownership Property" means any property acquired by the Issuer or any Charging Group Member then being occupied on shared ownership terms or in respect of which the Issuer or the relevant Charging Group Member, as the case may be, grants a lease on shared ownership terms so that the Issuer or the relevant Charging Group Member holds, or is intending to hold upon disposal on shared ownership terms, less than 100 per cent. of the beneficial (or heritable) interest in that property and the purchaser of the balance of that beneficial (or heritable) interest has the right to acquire a further portion of the Issuer's or the relevant Charging Group Member's retained beneficial (or heritable) interest;

"Shared Ownership Sale" means the disposal of the whole or any interest in a unit of residential accommodation by the Issuer or any Charging Group Member (or of the retained interest of the Issuer or any Charging Group Member in any unit of residential accommodation) which, immediately before the disposal, was comprised in a Shared Ownership Property;

"Social HomeBuy" has the meaning given to that term in the Local Authorities (Capital Finance and Accounting) (Amendment) (England) Regulations 2006;

"Statutory Disposal" means a Shared Ownership Sale, the exercise of a Right to Buy or a Social HomeBuy disposal;

"Statutory Disposal Certificate" means a certificate, signed by two Authorised Signatories of the Issuer and, in circumstances where a Charging Group Member is withdrawing one or more Charged Properties from the Security Assets pursuant to a Statutory Disposal, the relevant Charging Group Member, substantially in the form set out in Schedule 9 (*Form of Statutory Disposal Certificate*) to the Bond Trust Deed;

"Subsidiary" has the meaning given to that term in section 271 of the Housing and Regeneration Act and, in relation to the Issuer or any holding company of the Issuer, means an entity of which the Issuer or such holding company has direct and indirect control or owns directly or indirectly more than 50 per cent. of the voting capital or similar rights of ownership and **"control"** for this purpose means the powers to direct the management and the policies of the entity whether through the ownership of voting capital, by contract or otherwise;

"Substitute Property Certificate" means a certificate, signed by two Authorised Signatories of the Issuer, substantially in the form set out in Schedule 7 (*Form of Substitute Property Certificate*) to the Bond Trust Deed;

"Transaction Documents" means the Bond Trust Deed, the Security Trust Deed, each Security Agreement, the Agency Agreement, the Account Agreement and the Retained Bond Custody Agreement;

"Transaction Party" means any person who is a party to a Transaction Document;

"Value" means, at any time and in relation to the Charged Properties, the value of those properties as shown in the then latest Full Valuation or Desk Top Valuation on the basis of EUV-SH or, as the case may be, MV-ST (provided that if any Charged Property or part thereof is sold pursuant to a Right to Buy, the Value of the relevant Charged Property shall, for the purposes of this definition and with effect from the date of the relevant sale or release, be zero (if the entire relevant Charged Property has been sold) or (if only part of the Issuer's or the relevant Charging Group Member's interest in the relevant Charged Property has been sold) shall be the proportion of the value of the Charged Property which has not been sold pursuant to the relevant Right to Buy); and

"Valuer" means Jones Lang LaSalle Limited or such other reputable firm of surveyors which is a member of the RICS as may be appointed by the Issuer or the Bond Trustee from time to time.

2. **FORM, DENOMINATION AND TITLE**

The Bonds are in bearer form, serially numbered, in the denominations of £100,000 and integral multiples of £1,000 in excess thereof up to and including £199,000, with Coupons and Talons attached on issue. No Bonds will be issued with a denomination above £199,000.

Title to the Bonds and the Coupons will pass by delivery. The Issuer, any Paying Agent and the Bond Trustee may (to the fullest extent permitted by applicable laws) deem and treat the bearer of any Bond or Coupon as the absolute owner for all purposes (whether or not the Bond or Coupon shall be overdue and notwithstanding any notice of ownership or writing on the Bond or Coupon or any notice of previous loss or theft of the Bond or Coupon or of any trust or interest therein) and shall not be required to obtain any proof thereof or as to the identity of such bearer.

3. **STATUS**

The Bonds and the Coupons are direct obligations of the Issuer, secured in the manner set out in Condition 4 (*Security*), and rank *pari passu* without any preference or priority among themselves.

4. **SECURITY**

4.1. **Security**

(a) The Issuer's obligations in respect of the Bonds are secured (subject as provided in these Conditions, the Bond Trust Deed and the Security Documents) pursuant to each Security Agreement in favour of the Security Trustee for the benefit of itself and the 2044 Bond Beneficiaries as follows:

(i) by way of a first legal mortgage over the Charged Properties together with all buildings and Fixtures, erections and structures thereon or in the course of construction thereon, the proceeds of sale of all or any part thereof and (so far as the same are capable of being mortgaged) the benefit of any covenants for title given or entered into by any predecessor in title of the Issuer or any Charging Group Member and any moneys paid or payable in respect of such covenants;

(ii) by way of first fixed charge over:

(A) all fixed plant and machinery now or in the future owned by the Issuer or any Charging Group Member and its interest in any fixed plant or machinery in its possession, in each case which form part of the Charged Property;

(B) all benefits in respect of the Insurances and all claims and returns of premiums in respect thereof;

(C) the benefit of all present and future licences, consents and authorisations (statutory or otherwise) held in connection with its business so far as it relates to the Security Assets or the use of any of the Security Assets specified in Condition 4.1(a)(i) and Condition 4.1(a)(ii)(A) above and the right to recover and receive all compensation which may at any time become payable to it in respect thereof; and

(D) if and in so far as the legal mortgages set forth in Condition 4.1(a)(i) above or the assignments referred to Condition 4.1(a)(iii) shall for any reason be ineffective as legal mortgages or assignments, the assets referred to in those Conditions; and

(iii) by an assignment by way of security of the Issuer's and any Charging Group Members' rights, title and interest in and to:

(A) the personal agreements and covenants (still subsisting and capable of being enforced) by the tenants, lessees, licensees or other parties under the Letting Documents and by all guarantors in respect thereof and all security held by the Issuer or any Charging Group Member from time to time whether present or future in respect of the obligations of the tenants, lessees, licensees or other parties under the Letting Documents (including, without

limiting the generality of the foregoing, all monies due and owing to the Issuer or any Charging Group Member or which may become due and owing to the Issuer or any Charging Group Member at any time in the future in connection therewith and any rent arrears or service charges due at any time from any tenants, lessees, licensees or other parties under the Letting Documents, regardless of whether such amounts became due on or after the date of the relevant Security Agreement); and

- (B) all agreements now or from time to time entered into or to be entered into for the sale, letting or other disposal or realisation of, or in connection with the management, ownership, refurbishment, development, repair, improvement or servicing of, the whole or any part of the Security Assets (including, without limiting the generality of the foregoing, all monies due and owing to the Issuer or any Charging Group Member or which may become due and owing to the Issuer or such Charging Group Member at any time in the future in connection therewith),

provided always that, unless and until an Event of Default (as defined in the Security Trust Deed) has occurred and is continuing (but subject to the terms of the Finance Documents (as defined in the Security Trust Deed)), the Issuer and each Charging Group Member shall be entitled to exercise all its rights and claims under or in connection with the agreements and covenants referred to in Conditions 4.1(a)(iii)(A) and 4.1(a)(iii)(B) above, and provided further that the Security Trustee shall not give any notice of assignment contained in this Condition 4.1(a)(iii) to any person (other than the landlord of the property in respect of which the Issuer or any Charging Group Member is a tenant) unless and until a Default (as defined in the Security Trust Deed) has occurred and is continuing.

The security created pursuant to the Security Documents referred to above, and/or any deed or document supplemental thereto, which has been allocated for the benefit of the 2044 Bond Beneficiaries, is referred to herein as the **"Property Security"**.

In the case of a Charging Group Member which is a company limited by guarantee, the relevant Security Agreement will also contain a floating charge granted by such Charging Group Member over the whole of its undertaking and assets, present and future, which may be crystallised by the Security Trustee, at any time before the appointment of an administrator to such Charging Group Member, if an Enforcement Event occurs and is continuing unremedied or unwaived.

- (b) The Issuer's obligations in respect of the Bonds are also secured (subject as provided in these Conditions and the Bond Trust Deed) pursuant to the Bond Trust Deed in favour of the Bond Trustee for the benefit of itself and the 2044 Bond Beneficiaries as follows:
 - (i) by a charge by way of first fixed charge over all moneys from time to time standing to the credit of the Charged Account and all debts represented thereby;
 - (ii) by an assignment by way of security of the Issuer's rights, title and interest arising under the Agency Agreement and the Account Agreement, in each case to the extent they relate to the Bonds; and

- (iii) by a charge by way of first fixed charge over all of the rights of the Issuer in respect of sums held from time to time by the Paying Agents for the payment of principal, premium or interest in respect of the Bonds,

provided always that, unless and until an Event of Default has occurred and is continuing (but subject to the terms of the Transaction Documents), the Issuer shall be entitled to exercise all its rights and claims under or in connection with the agreements referred to in paragraph (ii) above.

- (c) The property charged and assigned pursuant to both the Security Documents and the Bond Trust Deed referred to above (and, in the case of the Security Documents, allocated for the benefit of the 2044 Bond Beneficiaries), together with any other property or assets held by and/or assigned to the Security Trustee (and allocated for the benefit of the 2044 Bond Beneficiaries) or the Bond Trustee, and/or any deed or document supplemental thereto, is referred to herein as the "**Security Assets**" and the security created thereby (including, for the avoidance of doubt, the Property Security) is referred to herein as the "**Security**".

4.2. **Post-enforcement**

- (a) Following the enforcement of the Property Security, the net proceeds of enforcement of the Property Security shall be applied in the following order of priority:
 - (i) first, in or towards payment of (A) all costs, charges, fees, expenses, losses, demands, claims, judgments and liabilities (and all interest, taxes and duties thereon as provided in the relevant Security Documents) incurred by or on behalf of the Security Trustee and any Appointee in connection with carrying out its duties and exercising its powers and discretions under the relevant Security Documents and the remuneration of the Security Trustee and every Receiver under the relevant Security Documents in respect of acting in relation to the relevant Security Assets which relate exclusively to the Property Security, (B) all amounts due to the Security Trustee from the 2044 Bond Beneficiaries pursuant to Clause 5.4 of the Security Trust Deed; and (C) the 2044 Bond Beneficiaries' proportion of all amounts due and payable pursuant to Clause 7 of the Security Trust Deed but which remain unpaid;
 - (ii) second, towards payment to the Bond Trustee, in its capacity as Representative, for application as set out below;
 - (iii) third, by allocating the balance among the Beneficiaries whose Relevant Liabilities (as defined in the Security Trust Deed) have not been fully discharged under (ii) above *pro rata* to their unpaid liabilities;
 - (iv) fourth, to the extent not recovered, in or towards payment of all costs, charges, fees, expenses and liabilities of the Security Trustee; and
 - (v) fifth, in payment of any surplus to the Issuer or the relevant Charging Group Member (as relevant).
- (b) Following the enforcement of the Security, all monies standing to the credit of the Charged Account and the net proceeds of enforcement of the Security (in

respect of the Property Security, following application as set out above) shall be applied in the following order of priority:

- (i) first, in payment or satisfaction of the fees, costs, charges, expenses and liabilities incurred by the Bond Trustee, any Appointee or any receiver in preparing and executing the trusts under the Bond Trust Deed (including the costs of realising the Security and the Bond Trustee's, any such Appointee's and any such receiver's remuneration);
- (ii) second, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents under the Agency Agreement, the Account Bank under the Account Agreement and the Retained Bond Custodian under the Retained Bond Custody Agreement;
- (iii) third, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any interest due and payable in respect of the Bonds;
- (iv) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any principal and premium due and payable in respect of the Bonds; and
- (v) fifth, in payment of the surplus (if any) to the Issuer or any other person entitled thereto.

5. COVENANTS

5.1. General Covenant

The Issuer covenants to comply with, and to procure that each Charging Group Member complies with, its various undertakings set out in the Bond Trust Deed and the Security Documents including, but not limited to, undertakings as to the maintenance of the Charged Properties.

5.2. Negative Pledge and Disposals

The Issuer covenants, and each Charging Group Member will covenant in the Bond Trust Deed, in each case for so long as any of the Bonds remain outstanding, save as expressly permitted by the Bond Trust Deed and/or the Security Documents, not to create or permit to subsist, over any of the Security Assets, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the Security, excluding, for this purpose any security interest created by operation of law.

The Issuer also covenants, and each Charging Group Member will covenant in the Bond Trust Deed, that it shall not, save as expressly permitted by the Bond Trust Deed and/or the Security Documents, sell, transfer, grant or lease or otherwise dispose of all or any part of the Security Assets without the prior written consent of the Bond Trustee or the Security Trustee, as applicable, or as permitted under these Conditions, the Bond Trust Deed and/or the Security Documents.

5.3. Asset Cover Covenant

The Issuer covenants, for so long as any of the Bonds remain outstanding, that it shall at all times ensure that the sum of:

- (a) the Minimum Value of the Charged Properties; and
- (b) the Charged Cash,

will not be less than the aggregate principal amount of the Bonds outstanding (excluding, for this purpose, any Retained Bonds held by or on behalf of the Issuer).

5.4. **Valuations**

The Issuer covenants, for so long as any of the Bonds remain outstanding, that:

- (a) it shall deliver a Full Valuation to the Bond Trustee at least once in every period of five calendar years (beginning in 2029) and, unless the Bond Trustee agrees otherwise, such Full Valuation must be delivered in the period between 31 March and the date falling 60 days thereafter in each year that such Full Valuation is required to be delivered; and
- (b) it shall deliver to the Bond Trustee a Desk Top Valuation in the period between 31 March and the date falling 120 days thereafter in each year (beginning in 2025) other than a year in respect of which a Full Valuation is required to be delivered pursuant to paragraph (a) above.

Each Valuation shall set out in reasonable detail the Value of the Charged Properties as at a date no more than three months prior to the date of delivery of the Valuation.

Each Charging Group Member will be required to covenant (pursuant to the Bond Trust Deed) that it will provide all reasonable assistance to the Issuer for the preparation and delivery to the Bond Trustee of such Full Valuations and Desk Top Valuations.

5.5. **Information Covenant**

For so long as any of the Bonds remain outstanding, the Issuer shall:

- (a) send to the Bond Trustee not later than 180 days after the end of each Financial Year:
 - (i) a copy of its audited financial statements for such Financial Year (both its own and, where applicable, on a consolidated basis);
 - (ii) a copy of the consolidated audited financial statements of the Group Parent for such Financial Year;
 - (iii) a copy of the audited financial statements of each Charging Group Member for such Financial Year (both its own and, where applicable, on a consolidated basis); and
 - (iv) a Compliance Certificate,

and, upon request by any Bondholder to the Issuer, make copies of such documents available to the Bondholders at the Issuer's registered office during normal business hours;

- (b) at the request of Bondholders holding not less than 33 per cent. in principal amount of the Bonds for the time being outstanding, convene a meeting of the Bondholders to discuss the financial position of the Issuer and each Charging Group Member, provided, however, that the Issuer shall not be required to convene any such meeting pursuant to this Condition 5.5(b) more than once in any calendar year. Upon the request of Bondholders to convene any such meeting, as aforesaid, the Issuer shall notify all Bondholders of the date (which such date shall be no more than 21 days following such request), time and place of the meeting in accordance with Condition 14 (*Notices*). The Issuer shall act in good faith in addressing any questions regarding the financial position of it and of each Charging Group Member raised at any such meeting, provided, however, that the Issuer shall not be obliged to disclose any

information which it, in its absolute discretion, considers to be of a confidential nature. For the avoidance of doubt, the provisions of this Condition 5.5(b) are in addition to the meetings provisions set out in Condition 16 (*Meetings of Bondholders, Modification, Waiver, Authorisation and Determination*); and

- (c) not later than three Business Days prior to the sale of any or all of the Retained Bonds, supply to the Bond Trustee a certificate signed by two Authorised Signatories of the Issuer confirming that, immediately following such sale, the Issuer will be in compliance with the Asset Cover Test.

6. **ADDITION, SUBSTITUTION, RELEASE AND/OR REALLOCATION OF CHARGED PROPERTIES AND CHARGED CASH**

6.1. **Addition of New Charged Properties**

The Issuer may (i) charge, and procure that any Charging Group Member charges, additional properties pursuant to the Security Documents and/or (ii) allocate, and procure that any Charging Group Member allocates, such additional properties as Charged Properties (the "**New Additional Properties**") for the benefit of the 2044 Bond Beneficiaries (and the Bond Trustee, in its capacity as Representative, shall consent (without requiring the consent or sanction of the Bondholders or any Secured Party) to such charging and/or allocation and execute an amended Apportionment Certificate to reflect the same) subject to:

- (a) the delivery by the Issuer or the relevant Charging Group Member to the Security Trustee of the condition precedent documents specified in Schedule 2 to the Security Trust Deed in a form satisfactory to the Security Trustee in respect of the charging of such New Additional Properties; and
- (b) the delivery by the Issuer to the Bond Trustee of:
 - (i) a completed New Property Approval Certificate certifying that, *inter alia*, the New Additional Properties are residential properties of a type and nature that are usually owned by Registered Providers of Social Housing; and
 - (ii) a Full Valuation in relation to the New Additional Properties prepared by the Valuer dated no earlier than three months prior to the date on which the New Additional Properties are to be/were charged.

6.2. **Substitution of Charged Properties**

The Issuer or any Charging Group Member may substitute any one or more of the Charged Properties (the "**Substitute Properties**") with other properties (the "**New Substitute Properties**") (and the Bond Trustee, in its capacity as Representative, shall consent (without requiring the consent or sanction of the Bondholders or any Secured Party) to such substitution and execute an amended Apportionment Certificate to reflect the same) subject to:

- (a) the delivery by the Issuer or the relevant Charging Group Member to the Security Trustee of the condition precedent documents specified in Schedule 2 to the Security Trust Deed in a form satisfactory to the Security Trustee in respect of the charging of such New Substitute Properties; and
- (b) the delivery by the Issuer to the Bond Trustee of:
 - (i) a completed Substitute Property Certificate certifying, *inter alia*, that (x) the New Substitute Properties are residential properties of a type and nature that are usually owned by Registered Providers of Social Housing, (y) the Issuer is (as at the date of the Substitute Property

Certificate) in compliance with the Asset Cover Test and that, immediately following the substitution, the Issuer will be in compliance with the Asset Cover Test and (z) no Event of Default or Potential Event of Default has occurred and is continuing; and

- (ii) a Full Valuation in relation to the New Substitute Properties and the Substitute Properties prepared by the Valuer dated no earlier than three months prior to the date on which the New Substitute Properties are to be/were charged.

6.3. **Release and/or Reallocation of Charged Properties**

The Issuer or any Charging Group Member may withdraw or reallocate any one or more of the Charged Properties from the Security (and the Bond Trustee, in its capacity as Representative, shall consent (without requiring the consent or sanction of the Bondholders or any Secured Party) to such withdrawal or reallocation and execute an amended Apportionment Certificate to reflect the same), provided that the Issuer delivers to the Bond Trustee a completed Property Release/Reallocation Certificate, certifying that:

- (a) the Issuer is (as at the date of the Property Release/Reallocation Certificate) in compliance with the Asset Cover Test and that, immediately following such release or reallocation, the Issuer will be in compliance with the Asset Cover Test; and
- (b) no Event of Default or Potential Event of Default has occurred and is continuing.

6.4. **Statutory Disposals**

The Issuer or any Charging Group Member shall have the right to withdraw Charged Property from the Security pursuant to any Statutory Disposal without the need for the consent of the Security Trustee or the Bond Trustee (in its capacity as Representative), provided however, that the Issuer and, in circumstances where a Charging Group Member is withdrawing one or more Charged Properties from the Security Assets pursuant to a Statutory Disposal, the relevant Charging Group Member shall deliver to the Bond Trustee, as soon as reasonably practicable after the Issuer or the relevant Charging Group Member has received notice of such Statutory Disposal, a completed Statutory Disposal Certificate, certifying that the relevant withdrawal relates to a Statutory Disposal.

Without prejudice to the aforementioned right to withdraw Charged Property from the Security pursuant to any Statutory Disposal, the Issuer covenants that, if following such withdrawal the Issuer will no longer be in compliance with the Asset Cover Test, as soon as practicable thereafter (and, in any event, prior to the expiry of the applicable grace period in Condition 12.1(c) (*Events of Default*)), it shall (or shall procure that a Charging Group Member shall) charge and/or allocate additional properties as Charged Properties pursuant to Condition 6.1 (*Addition of New Charged Properties*) and/or it shall deposit money into the Charged Account pursuant to Condition 6.5 (*Charged Cash*) in an aggregate amount sufficient to ensure that the Issuer will be in compliance with the Asset Cover Test.

6.5. **Charged Cash**

The Issuer may, at any time, deposit money into the Charged Account to ensure compliance with the Asset Cover Test. The Issuer may only withdraw Charged Cash from the Charged Account if:

- (a) it is, at the relevant time, in compliance with the Asset Cover Test and no Event of Default or Potential Event of Default has occurred and is continuing; and
- (b) either:
 - (i) such Charged Cash is to be applied by the Issuer in the acquisition of a property which is to be charged pursuant to the Security Documents and allocated for the benefit of the 2044 Bond Beneficiaries and, immediately following the acquisition, charging and allocation of such property, the Issuer will be in compliance with the Asset Cover Test; or
 - (ii) such Charged Cash is to be used for any other purpose permitted by its Rules and, immediately following the withdrawal, the Issuer will be in compliance with the Asset Cover Test.

For these purposes, the Bond Trustee may call for and shall be at liberty to accept a certificate signed by any two Authorised Signatories of the Issuer (including, for the avoidance of doubt, a Compliance Certificate), as sufficient evidence that (a) the Issuer is, at the relevant time, in compliance with the Asset Cover Test and that no Event of Default or Potential Event of Default has occurred and is continuing and/or (b) the requirements of (i) or (ii) above, as the case may be, are met.

7. **INTEREST**

7.1. **Interest Rate and Interest Payment Dates**

The New Bonds bear interest on their principal amount from, and including, 4 October 2024 at the rate of 5.25 per cent. per annum, payable semi-annually in arrear in equal instalments on 4 April and 4 October in each year (each, an "**Interest Payment Date**"), commencing on 4 April 2025.

7.2. **Interest Accrual**

Each Bond will cease to bear interest from, and including, its due date for redemption unless, upon due presentation, payment of the principal in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in which event interest shall continue to accrue as provided in the Bond Trust Deed.

7.3. **Calculation of Broken Interest**

When interest is required to be calculated in respect of a period of less than a full half year, it shall be calculated on the basis of:

- (a) the actual number of days in the period from, and including, the date from which interest begins to accrue (the "**Accrual Date**") to, but excluding, the date on which it falls due; divided by,
- (b) the actual number of days from, and including, the Accrual Date to (but excluding) the next following Interest Payment Date multiplied by 2,

and multiplying this by the rate of interest specified in Condition 7.1 above and the relevant principal amount of the Bonds.

8. PAYMENTS AND EXCHANGES OF TALONS

8.1. Payments in respect of Bonds

Payments of principal and interest in respect of each Bond will be made against presentation and surrender (or, in the case of part payment only, endorsement) of the Bond, except that payments of interest due on an Interest Payment Date will be made against presentation and surrender (or, in the case of part payment only, endorsement) of the relevant Coupon, in each case at the specified office outside the United States of any of the Paying Agents.

8.2. Method of Payment

Payments will be made by credit or transfer to an account in Sterling maintained by the payee with or, at the option of the payee, by a cheque in Sterling drawn on, a bank in London.

8.3. Missing Unmatured Coupons

Each Bond should be presented for payment together with all relative unmatured Coupons (which expression shall, for the avoidance of doubt, include Coupons falling to be issued on exchange of matured Talons), failing which the full amount of any relative missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount of the missing unmatured Coupon which the amount so paid bears to the total amount due) will be deducted from the amount due for payment. Each amount so deducted will be paid in the manner mentioned above against presentation and surrender (or, in the case of part payment only, endorsement) of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of the relevant Bond (whether or not the Coupon would otherwise have become void pursuant to Condition 11 (*Prescription*)) or, if later, five years after the date on which the Coupon would have become due but not thereafter.

8.4. Payments subject to Applicable Laws

Payments in respect of principal and interest on the Bonds are subject in all cases to any fiscal or other laws and regulations applicable in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*).

8.5. Payment only on a Presentation Date

A holder shall be entitled to present a Bond or Coupon for payment only on a Presentation Date and shall not, except as provided in Condition 7 (*Interest*), be entitled to any further interest or other payment if a Presentation Date is after the due date.

"Presentation Date" means a day which (subject to Condition 11 (*Prescription*)):

- (a) is or falls after the relevant due date;
- (b) is a Business Day in the place of the specified office of the Paying Agent at which the Bond or Coupon is presented for payment; and
- (c) in the case of payment by credit or transfer to a Sterling account in London, is a Business Day in London.

In this Condition, **"Business Day"** means, in relation to any place, a day on which commercial banks and foreign exchange markets settle payments and are open for

general business (including dealing in foreign exchange and foreign currency deposits) in that place.

8.6. **Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 11 (*Prescription*). Each Talon shall, for the purposes of these Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

8.7. **Initial Paying Agents**

The names of the initial Paying Agents and their initial specified offices are set out at the end of these Conditions. The Issuer reserves the right, subject to the prior written approval of the Bond Trustee, at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents provided that:

- (a) there will at all times be a Principal Paying Agent; and
- (b) there will at all times be at least one Paying Agent (which may be the Principal Paying Agent) having its specified office in a European city which so long as the Bonds are admitted to trading on the London Stock Exchange plc's International Securities Market shall be London or such other place as the London Stock Exchange plc may approve.

Notice of any termination or appointment and of any changes in specified offices will be given to the Bondholders promptly by the Issuer in accordance with Condition 14 (*Notices*).

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Bond Trustee and do not assume any obligation to, or relationship of agency or trust with, any Bondholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

8.8. **Interpretation of principal and interest**

Any reference in these Conditions to principal in respect of the Bonds shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*); and
- (b) any specific redemption price referred to in Condition 9 (*Redemption and Purchase*) which may be payable by the Issuer under or in respect of the Bonds.

Any reference in these Conditions to interest in respect of the Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*).

9. REDEMPTION AND PURCHASE

9.1. Redemption at Maturity

Unless previously redeemed or purchased and cancelled as provided below, the Issuer will redeem the Bonds at their principal amount on 4 April 2044 (the "**Maturity Date**").

9.2. Redemption for Taxation Reasons

If the Issuer satisfies the Bond Trustee immediately before the giving of the notice referred to below that:

- (a) as a result of any change in, or amendment to, the laws or regulations of the Relevant Jurisdiction, or any change in the application or official interpretation of the laws or regulations of the Relevant Jurisdiction, which change or amendment becomes effective after 4 April 2024, on the next Interest Payment Date the Issuer would be required to pay additional amounts as provided or referred to in Condition 10 (*Taxation*); and
- (b) the requirement cannot be avoided by the Issuer taking reasonable measures available to it,

the Issuer may at its option, having given not less than 30 nor more than 60 days' notice to the Bondholders in accordance with Condition 14 (*Notices*) (which notice shall be irrevocable), redeem all the Bonds, but not some only, at any time at their principal amount together with interest accrued to (but excluding) the date of redemption, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be required to pay such additional amounts, were a payment in respect of the Bonds then due. Prior to the publication of any notice of redemption pursuant to this Condition 9.2, the Issuer shall deliver to the Bond Trustee a certificate signed by two Authorised Signatories of the Issuer stating that the requirement referred to in (a) above will apply on the next Interest Payment Date and cannot be avoided by the Issuer taking reasonable measures available to it, and the Bond Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Bondholders and the Couponholders.

9.3. Early Redemption at the Option of the Issuer

The Issuer may, at any time after the Final Retained Bond Disposal Date, having given:

- (a) not less than 15 nor more than 30 days' notice to the Bondholders in accordance with Condition 14 (*Notices*); and
- (b) notice to the Bond Trustee and the Principal Paying Agent not less than 15 days before the giving of the notice referred to in (a),

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all of the Bonds or, subject as provided in Condition 9.5 below, some only (provided, however, that in respect of a redemption in part, such redemption shall be in respect of not less than £5,000,000 in aggregate principal amount of Bonds).

Redemption of the Bonds pursuant to this Condition shall be made at the higher of the following:

- (i) par; and
- (ii) the amount (as calculated by a financial adviser nominated by the Issuer and approved by the Bond Trustee and appointed at the expense of the Issuer (the "**Nominated Financial Adviser**") and

reported in writing to the Issuer and the Bond Trustee) which is equal to the principal amount of the Bonds to be redeemed multiplied by the price (expressed as a percentage and calculated by the Nominated Financial Adviser) (rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Bonds (if the Bonds were to remain outstanding until their original maturity) on the Determination Date would be equal to the sum of (i) the Gross Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) 0.15 per cent.,

together with any interest accrued up to (but excluding) the date of redemption.

For the purposes of this Condition:

"Benchmark Gilt" means 3¼% Treasury Gilt 2044 or such other conventional (i.e. not index-linked) UK Government Gilt as the Issuer (with the advice of the Nominated Financial Adviser) may determine (failing such determination, as determined by the Bond Trustee with such advice) to be the most appropriate benchmark conventional UK Government Gilt;

"Determination Date" means two Business Days prior to the dispatch of the notice referred to in (a) above; and

"Gross Redemption Yield" means a yield calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date) (published on 8 June 1998 and updated on 15 January 2002 and 16 March 2005) (as amended or supplemented from time to time).

9.4. **Bondholder Put Option**

The Issuer shall notify the Bond Trustee and the Bondholders in accordance with Condition 14 (*Notices*) promptly upon the Issuer ceasing to be a Registered Provider of Social Housing for a period of 180 consecutive days. Any Bondholder shall have the option (the **"Bondholder Put Option"**), within 30 days of such notice, to give an irrevocable notice to the Issuer requiring the Issuer to procure that a member of the Group purchases, on the day falling 45 days after the date on which the Issuer gave its notice specified above (the **"Put Option Date"**), all of the Bondholder's remaining Bonds.

On the Put Option Date, the Issuer shall procure that a member of the Group purchases all Bonds of each Bondholder which has exercised the Bondholder Put Option at their principal amount plus an amount equal to accrued interest to (but excluding) the Put Option Date.

9.5. **Provisions relating to Partial Redemption**

In the case of a partial redemption of Bonds, Bonds to be redeemed will be selected, in such place as the Bond Trustee may approve and in such manner as the Bond Trustee may deem appropriate and fair, not more than 30 days before the date fixed for redemption. Notice of any such selection will be given not less than 15 days before the date fixed for redemption. Each notice will specify the date fixed for redemption and the aggregate principal amount of the Bonds to be redeemed, the serial numbers of the Bonds called for redemption, the serial numbers of Bonds previously called for redemption and not presented for payment and the aggregate principal amount of the Bonds which will be outstanding after the partial redemption.

9.6. **Purchases**

The Issuer:

- (a) purchased the Original Retained Bonds on the Original Issue Date; and
- (b) shall purchase the New Retained Bonds on the New Bond Issue Date.

The Issuer or any other member of the Group (including, without limitation, any Charging Group Member) may also, at any time, purchase Bonds (provided that all unmatured Coupons appertaining to the Bonds are purchased with the Bonds) in any manner and at any price. Any Bonds purchased by the Issuer or any other member of the Group may be held or resold or may be surrendered for cancellation.

9.7. **Cancellations**

All Bonds (other than the Retained Bonds) which are (a) redeemed or (b) purchased by or on behalf of the Issuer or any other member of the Group and surrendered for cancellation will forthwith be cancelled, together with all relative unmatured Coupons attached to the Bonds or surrendered with the Bonds, and accordingly may not be held, reissued or resold.

The Issuer (a) shall cancel all Retained Bonds held by or on behalf of the Issuer (i) immediately prior to such Retained Bonds being redeemed on the Maturity Date; (ii) forthwith upon notice that the Bonds are to be redeemed (and, in any event, prior to such redemption) in accordance with Condition 9.2 (*Redemption for Taxation Reasons*), Condition 9.4 (*Bondholder Put Option*) or Condition 12.1 (*Events of Default*); and (iii) in the case of the Existing Bonds, on the date falling five years after the Original Issue Date and, in the case of the New Retained Bonds, on the date falling five years after the New Bond Issue Date; and (b) may cancel any Retained Bonds held by it or on its behalf at any time at its discretion.

9.8. **Notices Final**

Upon the expiry of any notice as is referred to in Condition 9.2 or 9.3 above the Issuer shall be bound to redeem the Bonds to which the notice refers in accordance with the terms of such Condition.

10. **TAXATION**

All payments in respect of the Bonds or Coupons by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature ("**Taxes**") imposed or levied by or on behalf of the Relevant Jurisdiction, unless the withholding or deduction of the Taxes is required by law. In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts received by the Bondholders and the Couponholders after the withholding or deduction shall equal the respective amounts which would have been receivable in respect of the Bonds or, as the case may be, Coupons in the absence of the withholding or deduction; except that no additional amounts shall be payable in relation to any payment in respect of any Bond or Coupon:

- (a) presented for payment by or on behalf of, a holder who is liable to the Taxes in respect of the Bond or Coupon by reason of his having some connection with the Relevant Jurisdiction other than the mere holding of the Bond or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date except to the extent that a holder would have been entitled to additional amounts on presenting the same for payment on the last day of the period of 30 days assuming, whether or not such is in fact the case, that day to have been a

Presentation Date (as defined in Condition 8.5 (*Payment only on a Presentation Date*)).

11. **PRESCRIPTION**

Bonds and Coupons (which for this purpose shall not include Talons) will become void unless presented for payment within periods of 10 years (in the case of principal or premium) and five years (in the case of interest) from the Relevant Date in respect of the Bonds or, as the case may be, the Coupons, subject to the provisions of Condition 8 (*Payments and Exchanges of Talons*). There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 8 (*Payments and Exchanges of Talons*) or any Talon which would be void pursuant to Condition 8 (*Payments and Exchanges of Talons*).

12. **EVENTS OF DEFAULT AND ENFORCEMENT**

12.1. **Events of Default**

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. in principal amount of the Bonds then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being secured and/or indemnified and/or pre-funded to its satisfaction), (but, in the case of the happening of any of the events described in subparagraphs (b), (d) and (k) below, only if the Bond Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Bondholders) give notice in writing to the Issuer that the Bonds are, and they shall accordingly forthwith become, immediately due and repayable at their principal amount, together with accrued interest as provided in the Bond Trust Deed, if any of the following events (each an "**Event of Default**") shall occur:

- (a) default is made in the payment of any principal, premium or interest due in respect of the Bonds or any of them and the default continues for a period of seven days in the case of principal or premium or 14 days in the case of interest; or
- (b) the Issuer or any Charging Group Member fails to perform or observe any of its other obligations under these Conditions (other than in respect of Condition 5.3 (*Asset Cover Covenant*)), the Bond Trust Deed or the Security Documents or if any representation given by the Issuer or any Charging Group Member to the Bond Trustee in the Bond Trust Deed or the Security Documents is found to be untrue or incorrect as at the time it was given and (except in any case where, in the opinion of the Bond Trustee, the failure or inaccuracy is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure or inaccuracy continues for the period of 30 days next following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied; or
- (c) the Issuer fails to perform or observe its obligations under Condition 5.3 (*Asset Cover Covenant*) and (except in any case where, in the opinion of the Bond Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 60 days next following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied; or
- (d) (i) any other present or future indebtedness of the Issuer or any Charging Group Member for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described); or

- (ii) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period; or
- (iii) the Issuer or any Charging Group Member fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in (i), (ii) or (iii) above have occurred equals or exceeds £10,000,000 or its equivalent in other currencies (as reasonably determined by the Bond Trustee); or

- (e) any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer or any Charging Group Member save for the purposes of a reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution or for the purposes of a Permitted Reorganisation; or
- (f) the Issuer or any Charging Group Member ceases or threatens to cease to carry on the whole or, in the opinion of the Bond Trustee, a substantial part of its business, save for the purposes of a reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution or for the purposes of a Permitted Reorganisation; or
- (g) the Issuer or any Charging Group Member stops or threatens to stop payment of, or is unable to, or admits its inability to, pay, its debts (or any class of its debts) as they fall due or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or
- (h)
 - (i) proceedings are initiated against the Issuer or any Charging Group Member under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, liquidator, manager, administrator, housing administrator or other similar official, or an administrative or other receiver, liquidator, manager, administrator, housing administrator or other similar official is appointed, in relation to the Issuer or any Charging Group Member or, as the case may be, in relation to all or substantially all of the undertaking or assets of the Issuer or any Charging Group Member or an encumbrancer takes possession of all or substantially all of the undertaking or assets of the Issuer or any Charging Group Member, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against all or substantially all of the undertaking or assets of the Issuer or any Charging Group Member; and
 - (ii) in any such case (other than the appointment of an administrator (if applicable) or a housing administrator) is not discharged within 14 days,

save for the purposes of a reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution or for the purposes of a Permitted Reorganisation; or

- (i) the Issuer or any Charging Group Member (or any of their respective board members or shareholders) initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, insolvent

reorganisation or other similar laws (including the obtaining of a moratorium); or

- (j) the Issuer or any Charging Group Member (or any of their respective board members or shareholders) makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors) save for the purposes of a reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution or for the purposes of a Permitted Reorganisation; or
- (k) it is or will become unlawful for the Issuer or any Charging Group Member to perform or comply with any of its obligations under or in respect of the Bonds, the Bond Trust Deed or the Security Documents; or
- (l) an Enforcement Event occurs under a Finance Document.

12.2. **Enforcement**

The Bond Trustee may at any time, at its discretion and without notice, take such proceedings and/or other steps or action (including lodging an appeal in any proceedings) against or in relation to the Issuer or any Charging Group Member as it may think fit to enforce the provisions of the Bond Trust Deed, the Bonds, the Coupons and/or any of the other Transaction Documents or otherwise or (in its capacity as Representative) to direct the Security Trustee to take such proceedings and/or other steps or action (including lodging an appeal in any proceedings) against or in relation to the Issuer or any Charging Group Member as it may think fit to enforce the provisions of the Security Trust Deed, but it shall not be bound to take any such proceedings or any other steps or action in relation to the Bond Trust Deed, the Bonds, the Coupons or any of the other Transaction Documents or otherwise or to direct the Security Trustee, as aforesaid, unless (a) it has been so directed by an Extraordinary Resolution of the Bondholders or so requested in writing by the holders of at least 25 per cent. in principal amount of the Bonds then outstanding and (b) it has been secured and/or indemnified and/or pre-funded to its satisfaction.

The Bond Trustee may refrain from taking any action in any jurisdiction if the taking of such action in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction, be contrary to any law of that jurisdiction. Furthermore, the Bond Trustee may also refrain from taking such action if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

No Bondholder, Couponholder or Secured Party (other than the Bond Trustee) shall be entitled (i) to take any steps or action against the Issuer or any Charging Group Member to enforce the performance of any of the provisions of the Bond Trust Deed, the Bonds, the Coupons or any of the other Transaction Documents; (ii) to take any steps or action against the Issuer or any Charging Group Member (or direct the Security Trustee to take any steps or action against the Issuer or any Charging Group Member) to enforce the performance of the provisions of the Security Trust Deed; or (iii) to take any other action (including lodging an appeal in any proceedings) in respect of or concerning the Issuer or any Charging Group Member, in each case unless the Bond Trustee, having become bound so to take any such steps, actions or proceedings, fails so to do within a reasonable period and the failure shall be continuing.

13. **REPLACEMENT OF BONDS AND COUPONS**

Should any Bond or Coupon be lost, stolen, mutilated, defaced or destroyed it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of the expenses incurred in connection with the replacement and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Bonds or Coupons must be surrendered before replacements will be issued.

14. **NOTICES**

All notices to the Bondholders will be valid if published in a leading English language daily newspaper published in London. It is expected that publication will normally be made in the *Financial Times*. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or the relevant authority on which the Bonds are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If, in the opinion of the Bond Trustee, publication as provided above is not practicable, notice will be given in such other manner, and shall be deemed to have been given on such date, as the Bond Trustee may approve.

Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the Bondholders in accordance with this Condition.

15. **SUBSTITUTION**

The Bond Trust Deed contains provisions permitting the Bond Trustee, without the consent of the Bondholders or the Couponholders or any Secured Party, to agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Bonds, the Coupons and the Bond Trust Deed of another company, registered society or other entity subject to:

- (a) the Bond Trustee being satisfied that the interests of the Bondholders will not be materially prejudiced by the substitution; and
- (b) certain other conditions set out in the Bond Trust Deed being complied with.

For the avoidance of doubt, these provisions do not apply to a Permitted Reorganisation, in respect of which the consent of the Bond Trustee shall not be required.

Any such substitution shall be notified to the Bondholders in accordance with Condition 14 (*Notices*) as soon as practicable thereafter.

16. **MEETINGS OF BONDHOLDERS, MODIFICATION, WAIVER, AUTHORISATION AND DETERMINATION**

16.1. **Meetings of Bondholders**

The Bond Trust Deed contains provisions for convening meetings of the Bondholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Bonds, the Coupons or any of the provisions of the Transaction Documents. Such a meeting may be convened by the Issuer or the Bond Trustee and shall be convened by the Issuer if required in writing by Bondholders holding not less than ten per cent. in principal amount of the Bonds for the time being remaining outstanding (other than in respect of a meeting requested by Bondholders to discuss the financial position of the Issuer and the Charging Group Members, which shall be requested in accordance with, and shall be subject to, Condition 5.5(b) (*Information Covenant*)).

The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing in aggregate more than 50 per cent. in principal amount of the Bonds for the time being outstanding, or at any adjourned meeting one or more persons being or representing Bondholders whatever the principal amount of the Bonds so held or represented, except that at any meeting the business of which includes any matter defined in the Bond Trust Deed as a Basic Terms Modification, including, *inter alia*, modifying the date of maturity of the Bonds or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Bonds, altering the currency of payment of the Bonds or the Coupons or amending the Asset Cover Test, the quorum shall be one or more persons holding or representing in aggregate not less than 75 per cent. in principal amount of the Bonds for the time being outstanding, or at any such adjourned meeting one or more persons holding or representing in aggregate not less than 25 per cent. in principal amount of the Bonds for the time being outstanding.

In addition, the Bond Trust Deed provides that:

- (a) a resolution passed at a meeting duly convened and held in accordance with the Bond Trust Deed by a majority consisting of not less than 75 per cent. of the votes cast on such resolution;
- (b) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Bonds for the time being outstanding; or
- (c) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the holders of not less than 75 per cent. in principal amount of the Bonds for the time being outstanding,

shall, in each case, be effective as an Extraordinary Resolution of the Bondholders.

An Extraordinary Resolution passed by the Bondholders shall be binding on all the Bondholders, whether or not (in the case of Extraordinary Resolutions passed at any meeting) they are present at any meeting and whether or not they voted on the resolution, and on all Couponholders.

16.2. Modification, Waiver, Authorisation and Determination

The Bond Trustee may agree, without the consent of the Bondholders, Couponholders or any other Secured Party, to any modification (except as stated in the Bond Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of these Conditions or any of the provisions of the Bond Trust Deed or any other Transaction Document, or determine, without any such consent as aforesaid, that any Potential Event of Default or Event of Default shall not be treated as such (provided that, in any such case, it is not, in the opinion of the Bond Trustee, materially prejudicial to the interests of the Bondholders) or may agree, without any such consent as aforesaid, to any modification which, in its opinion, is of a formal, minor or technical nature or to correct a manifest error or an error which is, in the opinion of the Bond Trustee, proven. For the avoidance of doubt, no modification shall be made to Condition 4.2 (*Security – Post-enforcement*) without the consent of each Secured Party.

16.3. Bond Trustee to have regard to interests of Bondholders as a class

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Bond Trustee shall have regard to the general interests of the Bondholders as a class (excluding the Issuer for so long as it holds any Bonds) but shall not have regard to any interests arising from circumstances particular to individual Bondholders or Couponholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise

for individual Bondholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee shall not be entitled to require, nor shall any Bondholder or Couponholder be entitled to claim, from the Issuer, any Charging Group Member, the Bond Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Bondholders or Couponholders except to the extent already provided for in Condition 10 (*Taxation*) and/or any undertaking given in addition to, or in substitution for, Condition 10 (*Taxation*) pursuant to the Bond Trust Deed.

16.4. Notification to the Bondholders

Any such modification, waiver, authorisation and/or determination shall be binding on the Bondholders, the Couponholders and the Secured Parties and (unless the Bond Trustee agrees otherwise) shall be notified by the Issuer to the Bondholders as soon as practicable thereafter in accordance with Condition 14 (*Notices*).

17. INDEMNIFICATION AND PROTECTION OF THE BOND TRUSTEE AND THE SECURITY TRUSTEE AND THE BOND TRUSTEE AND THE SECURITY TRUSTEE CONTRACTING WITH THE ISSUER AND THE CHARGING GROUP MEMBERS

The Bond Trust Deed and the Security Trust Deed contain provisions for the indemnification of the Bond Trustee and the Security Trustee, respectively, and for their relief from responsibility and liability towards the Issuer, the Charging Group Members, the Bondholders, the Couponholders and the Secured Parties, including (a) provisions relieving them from taking action unless secured and/or indemnified and/or pre-funded to their satisfaction and (b) provisions limiting or excluding their liability in certain circumstances. The Bond Trustee and the Security Trustee are each exempted from any liability in respect of any loss of all or any part of the Security Assets, from any obligation to insure all or any part of the Security Assets (including, in either such case, any documents evidencing, constituting or representing the same or transferring any rights, benefits and/or obligations thereunder), or to procure the same to be insured.

The Bond Trust Deed and the Security Trust Deed also contain provisions pursuant to which the Bond Trustee and the Security Trustee, respectively, are entitled, *inter alia*, (i) to enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer, any Charging Group Member or any other Transaction Party or any person or body corporate associated with the Issuer, any Charging Group Member or any Transaction Party, (ii) to accept or hold the trusteeship of any other trust deed constituting or securing any other securities issued by or relating to the Issuer, any Charging Group Member or any Transaction Party or any such person or body corporate so associated or any other office of profit under the Issuer, any Charging Group Member or any Transaction Party or any such person or body corporate so associated and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

Neither the Bond Trustee nor the Security Trustee shall be bound to take any step or action in connection with the Bond Trust Deed or the Bonds or the Security Trust Deed, as applicable, or obligations arising pursuant thereto or pursuant to the other Transaction Documents, where it is not satisfied that it is indemnified and/or secured and/or pre-funded against all its liabilities and costs incurred in connection with such step or action and may demand, prior to taking any such step or action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so as to indemnify it.

Neither the Bond Trustee nor the Security Trustee shall have any responsibility for the validity, sufficiency or enforceability of the Security. Neither the Bond Trustee nor the Security Trustee shall be responsible for monitoring the compliance by any of the other Transaction Parties with their obligations under the Transaction Documents.

18. **FURTHER ISSUES**

The Issuer is at liberty from time to time without the consent of the Bondholders or Couponholders to create and issue further bonds ranking *pari passu* in all respects (or in all respects save for the first payment of interest thereon), secured on the same assets and so that the same shall be consolidated and form a single series with the Bonds. Any further bonds which are to form a single series with the Bonds shall be constituted by a deed supplemental to the Bond Trust Deed.

19. **CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No person shall have any right to enforce any term or condition of this Bond under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

20. **GOVERNING LAW AND SUBMISSION TO JURISDICTION**

20.1. **Governing Law**

The Bond Trust Deed, the Security Documents, the Bonds and the Coupons, and any non-contractual obligations or matters arising from or in connection with them, shall be governed by, and construed in accordance with, English law.

20.2. **Submission to Jurisdiction**

The Issuer has irrevocably agreed (and each Charging Group Member will be required to irrevocably agree), in the Bond Trust Deed and the Security Trust Deed, for the benefit of the Bond Trustee and the Security Trustee (as applicable), the Bondholders and the Couponholders that the courts of England are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Bond Trust Deed, the Security Trust Deed, the Bonds or the Coupons (including a dispute relating to non-contractual obligations arising out of or in connection with the Bond Trust Deed, the Security Trust Deed, the Bonds or the Coupons) and accordingly has submitted (or will submit, as applicable) to the exclusive jurisdiction of the English courts.

The Issuer has, in the Bond Trust Deed and the Security Trust Deed, waived (and each Charging Group Member will be required to waive) any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Bond Trustee, the Security Trustee, the Bondholders and the Couponholders may take any suit, action or proceeding arising out of or in connection with the Bond Trust Deed, the Security Trust Deed, the Bonds or the Coupons respectively (including any suit, action or proceedings relating to any non-contractual obligations arising out of or in connection with the Bond Trust Deed, the Security Trust Deed, the Bonds or the Coupons) (together referred to as "**Proceedings**") against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

FORM OF THE NEW BONDS AND SUMMARY OF PROVISIONS RELATING TO THE NEW BONDS WHILE IN GLOBAL FORM

Form of the Bonds

Form, Exchange and Payments

The New Bonds will be in bearer new global note ("**NGN**") form and will initially be issued in the form of a temporary global bond (the "**Temporary Global Bond**"), which will be delivered on or prior to the New Bond Issue Date to a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

The New Bonds are not intended to be held in a manner which would allow Eurosystem eligibility. Should the Eurosystem eligibility criteria be amended in the future such that the Bonds are capable of meeting them the Bonds may then be deposited with one of the ICSDs as common safekeeper. This does not necessarily mean that the Bonds will then be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

Whilst the New Bonds are represented by the Temporary Global Bond, payments of principal, premium, interest (if any) and any other amount payable in respect of the New Bonds due prior to the Exchange Date (as defined below) will be made only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the Exchange Date, interests in the Temporary Global Bond will be exchangeable (free of charge) upon a request as described therein for interests recorded in the records of Euroclear or Clearstream, Luxembourg, as the case may be, in a permanent global bond (the "**Permanent Global Bond**" and, together with the Temporary Global Bond and the permanent global bond representing the Existing Bonds, the "**Global Bonds**"), against certification of beneficial ownership as described above unless such certification has already been given. The holder of the Temporary Global Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Bond for an interest in the Permanent Global Bond is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on the Permanent Global Bond will be made through Euroclear and/or Clearstream, Luxembourg without any requirement for certification.

On each occasion of a payment in respect of a Global Bond the Principal Paying Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

The Permanent Global Bond will be exchangeable (free of charge), in whole but not in part, for definitive Bonds with interest coupons and talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that:

- (a) an Event of Default (as defined in Condition 12.1 (*Events of Default*)) has occurred and is continuing;
- (b) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system satisfactory to the Bond Trustee is available; or

- (c) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Bonds represented by the Permanent Global Bond in definitive form.

The Issuer will promptly give notice to Bondholders in accordance with Condition 14 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event as described in (a) or (b) above, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Global Bond) may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (c) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

Legend concerning United States persons

The following legend will appear on all Bonds (other than the Temporary Global Bond) and on all interest coupons relating to the Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on the Bonds or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of the Bonds or interest coupons.

Summary of Provisions relating to the Bonds while in Global Form

Notices

For so long as all of the Bonds are represented by one or more of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Bondholders (which includes, for this purpose, any annual financial statements or Compliance Certificate required to be made available pursuant to a request by any of the Bondholders pursuant to Condition 5.5 (*Information Covenant*)) may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg (as the case may be) for communication to the relative Accountholders (as defined below) rather than by publication as required by Condition 14 (*Notices*). Any such notice shall be deemed to have been given to the holders of the Bonds on the second day after the day on which such notice was delivered to Euroclear and/or Clearstream, Luxembourg (as the case may be) as aforesaid.

Accountholders

For so long as any of the Bonds are represented by a Global Bond held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular principal amount of such Bonds (the "**Accountholder**") (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated as the holder of such principal amount of such Bonds for all purposes other than with respect to the payment of principal or interest on such principal amount of such Bonds, for which purpose the bearer of the relevant Global Bond shall be treated as the holder of such principal amount of such Bonds in accordance with and subject to the terms of the relevant Global Bond and the expressions "**Bondholder**" and "**holder of Bonds**" and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular principal amount of Bonds as aforesaid, the Bond Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence

and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Bonds which are represented by a Global Bond will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

Prescription

Claims against the Issuer in respect of principal, premium and interest on the Bonds represented by a Global Bond will be prescribed after 10 years (in the case of principal or premium) and 5 years (in the case of interest) from the Relevant Date.

Cancellation

Cancellation of any Bond represented by a Global Bond and required by the Conditions of the Bonds to be cancelled following its redemption or purchase will be effected by entry in the records of Euroclear or Clearstream, Luxembourg, as the case may be.

Bondholder Put Option

For so long as all of the Bonds are represented by one or more of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, the option of Bondholders provided for in Condition 9.4 (*Bondholder Put Option*) may be exercised by an Accountholder giving notice to the Principal Paying Agent in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on its instructions by Euroclear or Clearstream, Luxembourg or any common safekeeper for them to the Principal Paying Agent by electronic means) of the exercise of such option and, at the same time, presenting or procuring the presentation of the relevant Global Bond(s) to the Principal Paying Agent for notation accordingly within the time limits set forth in Condition 9.4 (*Bondholder Put Option*).

Partial Call Option

For so long as all of the Bonds are represented by one or more of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, no drawing of Bonds will be required under Condition 9.5 (*Provisions relating to Partial Redemption*) in the event that the Issuer exercises its call option pursuant to Condition 9.3 (*Early Redemption at the Option of the Issuer*) in respect of less than the aggregate principal amount of the Bonds outstanding at such time. In such event, the standard procedures of Euroclear and/or Clearstream, Luxembourg shall operate to determine which interests in the Global Bond(s) are to be subject to such option.

Single Series

The New Bonds shall be consolidated and form a single series with the Existing Bonds on and from the date on which, and to the extent that, interests in the Temporary Global Bond are exchanged for interests in the Permanent Global Bond, as described above. Such exchange shall not occur earlier than 40 days after the Temporary Global Bond is issued.

USE OF PROCEEDS AND THE SUSTAINABILITY FINANCING FRAMEWORK

Use of Proceeds of the Bonds

The New Bonds are being issued for the purpose of the Issuer obtaining the funding necessary to achieve its non-profit-making objectives. Subject as follows, the net proceeds of the sale of the New Bonds to a third party (after deduction of expenses payable by the Issuer) shall be:

- (a) applied in furtherance of the Issuer's charitable objects or as permitted by its Rules including, without limitation, in the repayment of any existing indebtedness of the Issuer; and
- (b) used by the Issuer for sustainable purposes to finance or refinance, in part or in full, Eligible Projects (as defined below) in accordance with the Sustainability Financing Framework (as defined below).

Sustainability Financing Framework

The Bonds are intended to be Sustainability Bonds (as defined in the Sustainability Bond Guidelines (2018 edition) of the ICMA).

On 5 May 2021, the Group published a sustainability financing framework (the "**Sustainability Financing Framework**"), which aligns with the following principals and guidelines: the ICMA's Green Bond Principles (2018 edition), Social Bond Principles (2020 edition) and Sustainability Bond Guidelines (2018 edition) and the Loan Markets Association's Green Loan Principles (2020 edition), Social Loan Principles (2021 edition) and Sustainability Linked Loan Principles (2020 edition) (together, the "**Principles**"). The Group may, in the future, update the Sustainability Financing Framework in line with developments in the market.

The Sustainability Financing Framework was developed to demonstrate how the Group intends to enter into green loans, green bonds, social loans, social bonds and sustainability bonds (including the Bonds) (together, "**Use of Proceeds Transactions**" or "**UoPTs**").

The Group's Sustainability Financing Framework is available at: <https://www.paradigmhousing.co.uk/wp-content/uploads/2021/05/Sustainability-financing-framework-v2.pdf>.

The Sustainability Financing Framework applies the four core components of the Principles – use of proceeds, process for project evaluation and selection, management of proceeds and reporting – which have been summarised below.

Capitalised terms which are used but not otherwise defined in "*Sustainability Financing Framework*" shall have the meanings attributed to them in the Sustainability Financing Framework.

Use of Proceeds

The net proceeds of each Sustainability Bond (such as the Bonds) issued under the Sustainability Financing Framework will be exclusively applied to finance or refinance, in part or in full, new and/or existing Eligible Green Projects (as described in the Sustainability Financing Framework) and Eligible Social Projects (as described in the Sustainability Financing Framework) (together, "**Eligible Projects**"). Eligible Projects are described in the Sustainability Financing Framework and may include, among other things, the following:

- (a) affordable housing / basic infrastructure: projects related to the construction, purchase or upgrade of social housing or affordable housing, and supporting infrastructure;
- (b) green buildings: projects related to the investment in existing homes to improve EPC rating and energy efficiency and the construction of homes with an EPC rating of B or higher;

- (c) renewable energy: project related to renewable energy through solar energy generation; and
- (d) clean transport: projects related to electric vehicles and charging infrastructure.

The eligible categories may be expanded over time.

The Group has committed in its Sustainability Financing Framework to not knowingly being directly involved in financing any of the following projects or activities through the proceeds of any UoPT:

- (a) gambling;
- (b) tobacco;
- (c) whaling;
- (d) weapons;
- (e) predatory lending;
- (f) fossil fuels;
- (g) palm oil; and
- (h) transport of live cattle.

Process for Project Evaluation and Selection

The process for project evaluation and selection will ensure that the allocation of the net proceeds of Green Bonds, Social Bonds and Sustainability Bonds issued under the Sustainability Financing Framework and Green Loans and Social Loans drawn under the Sustainability Financing Framework will meet the criteria set out in "*Use of Proceeds*" above.

The Sustainability Financing Framework has been approved by the Board of the Group. On an annual basis, compliance with the Sustainability Financing Framework will be confirmed by the Board following a review by the Audit and Risk Committee of the Group.

In addition, the Project Appraisal Group will identify the categories of Eligible Projects and carry out the evaluation and selection process. The Project Appraisal Group consists of representatives from each of the following teams: corporate finance, customer operations, strategic asset management, development (new build assets), governance and policy/sustainability representative.

Management of Proceeds

The Group commits to tracking the receipt and use of proceeds from issuance of UoPTs via internal reporting systems. The Group will maintain a register of Eligible Projects and the allocation of proceeds of UoPTs to those Eligible Projects.

The Group does not intend to have any unallocated proceeds during the life of any UoPTs. The Group intends to maintain a pool (or pools) of relevant Eligible Projects having an aggregate value which is larger than the aggregate value of all relevant outstanding UoPTs of the Group.

In the event that unallocated proceeds exist upon the issuance of UoPTs, the Group commits to fully allocating proceeds raised from UoPTs within a maximum of 24 months from issuance and in the meantime the Group's treasury team will:

- (a) ensure that the unallocated proceeds are invested in temporary investment instruments such as cash, or cash equivalent instruments in accordance with the Group's treasury policy; or
- (b) apply the unallocated balance to temporarily reduce indebtedness of a revolving nature.

Any unallocated proceeds will be disclosed as part of the Group's annual reporting on its UoPTs. To manage the net proceeds of each UoPT, the Group will establish a Sustainability Financing Projects Register.

The proceeds of each UoPT will be allocated to one or more Eligible Green Projects or Eligible Social Projects identified in the Sustainability Financing Projects Register.

The Sustainability Financing Projects Register will be reviewed annually by the Audit and Risk Committee and the Board to account for any re-allocation, repayments or drawings on the Eligible Green Projects and Eligible Social Projects.

The Sustainability Financing Projects Register will contain relevant information, including but not limited to:

- (a) details of the UoPT(s): key information including transaction date, principal amount of proceeds, settlement date, maturity date, and interest margin or coupon, ISIN number, etc.;
- (b) details of use of proceeds, including but not limited to:
 - (i) summary detail of the Eligible Projects to which the proceeds of the UoPT have been earmarked in accordance with the Sustainability Financing Framework;
 - (i) amount of UoPT proceeds earmarked to each Eligible Project and category;
 - (ii) confirmation of appropriate delegation authority endorsement that each Eligible Project is considered to be an eligible use of proceeds under the Sustainability Financing Framework;
 - (iii) aggregate amount of UoPT proceeds earmarked to each Eligible Project;
 - (iv) any unallocated UoPT proceeds yet to be earmarked against Eligible Projects;
 - (v) estimated environmental and social impact (where available); and
 - (vi) other necessary information.

The Group has implemented internal accounting and financial management and information systems to track and report on Eligible Green Projects or Eligible Social Projects and verify whether the net proceeds of the UoPTs have been fully allocated.

Reporting

On an annual basis, the Group will publish an annual report and/or reporting pursuant to the Group's adoption of the Sustainability Reporting Standard for Social Housing which will disclose the use of proceeds of its UoPTs and be made available on the Group's website. The Sustainability Financing Framework sets out the information that will be provided until the proceeds of each UoPT have been allocated, then updated on an annual basis.

Details of the content of the annual reporting are set out in the Sustainability Financing Framework, and include:

- (a) summary: a list of all UoPTs issued or drawn in the reporting period and outstanding at the reporting date and summary terms of each transaction. Key information that will be provided will include transaction date, principal amount of proceeds, maturity date, interest rate or coupon and ISIN;
- (b) allocation reporting: for each UoPT, the following will be set out:
 - (i) a list of Eligible Projects earmarked to be funded by the proceeds;
 - (ii) amount of proceeds allocated to the various Eligible Projects;
 - (iii) a description of major Eligible Projects;
 - (iv) the aggregate amount of proceeds of UoPT allocated to Eligible Projects; and
 - (v) the remaining balance of unallocated proceeds; and
- (c) impact reporting: the Group expects to include statements in its annual reporting outlining:
 - (i) the multiple by which the aggregate value of the pool(s) of Eligible Green Projects and Eligible Social Projects (without double counting) exceeds the aggregate value of the relevant UoPTs; and
 - (ii) the proportion of total housing assets which are Eligible Green Projects.

The Group's impact reporting for each UoPT will form part of the annual report and/or the Group's annual reporting pursuant to its adoption of the Sustainability Reporting Standard for Social Housing. It is anticipated that all housing assets owned and operated by the Group will qualify as Eligible Social Projects, and that a proportion of those assets will also qualify as Eligible Green Projects. Consequently, the Group's annual reporting will address all of the Group's housing assets not just those earmarked to specific UoPTs in accordance with the Sustainability Financing Framework.

External Review

The Issuer appointed DNV GL Business Assurance Australia Pty Ltd (ABN 63 075 143 743) ("**DNV**") (an independent provider of environmental, social and governance research, ratings and analysis) to review the alignment of the Sustainability Financing Framework with industry practice.

DNV evaluated the Sustainability Financing Framework and issued an independent opinion confirming its alignment with the Principals. The independent second party opinion provided by DNV dated 6 May 2021 (the "**DNV Second Party Opinion**") is available for viewing at <https://www.paradigmhousing.co.uk/wp-content/uploads/2021/05/PHG-Second-Party-Opinion.pdf>.

The Group intends to engage DNV or another appropriate external review provider to provide an annual review and assurance that each UoPT remains in compliance with the Sustainability Financing Framework at least once a year until all proceeds are allocated. Each such annual review will be made publicly available on the Group's website.

For the avoidance of doubt, the Sustainability Financing Framework and the DNV Second Party Opinion and any further second party opinion(s) or certification(s) are not, nor shall they be deemed to be, incorporated in and/or form part of these Admission Particulars.

No assurance or representation is given by the Issuer, the Bond Trustee, the Security Trustee, or any of their respective affiliates or any other person as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer), including, without limitation, the DNV Second Party Opinion, which may be made available in connection with the issue of the Bonds under the Sustainability Financing Framework

and in particular with any Eligible Projects to fulfil any environmental, sustainability, social and/or other criteria. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Bond Trustee, the Security Trustee, or any of their respective affiliates or any other person to buy, sell or hold the Bonds. The Bondholders have no recourse against the Issuer, the Bond Trustee, the Security Trustee, or any of their respective affiliates or the provider of any such opinion or certification for the contents of any such opinion or certification. Any such opinion or certification is only current as at the date that opinion or certification was initially issued and the considerations and/or criteria which are the basis of such an opinion or certification can change at any time. The providers of such opinions or certifications are currently under no obligation to update them following their issue and are not subject to any specific regulatory or other regime or oversight. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the Bonds.

No assurance is given by the Issuer, the Bond Trustee, the Security Trustee or any of their respective affiliates or any other person that the use of the proceeds of the Bonds will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates.. None of the Bond Trustee, the Security Trustee or any of their respective affiliates will have any responsibility for monitoring or verifying the application of any proceeds of the Bonds.

See also "*Risk Factors – Factors which are material for the purpose of assessing the market risk associated with the Bonds – Risks relating to the Structure of the Bonds – Risks related to designation of the Bonds as "Sustainability Bonds"*".

RETAINED BOND CUSTODY AGREEMENT

The Issuer has appointed The Bank of New York Mellon, London Branch as its Retained Bond Custodian pursuant to the Retained Bond Custody Agreement in relation to the issue of the Bonds.

The following description of the Retained Bond Custody Agreement consists of a summary of certain provisions of the Retained Bond Custody Agreement and is qualified by reference to the detailed provisions thereof. The Retained Bond Custody Agreement is not, however, incorporated by reference into, and therefore does not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Retained Bond Custody Agreement.

Retained Bond Custody Account

Pursuant to the Retained Bond Custody Agreement, the Retained Bond Custodian maintains, in the name of the Issuer, the Retained Bond Custody Sub-Account and the Retained Bond Cash Sub-Account (together with the Retained Bond Custody Sub-Account, the **"Retained Bond Custody Account"**).

Transfer of Retained Bonds

Pursuant to the Retained Bond Custody Agreement, the Retained Bond Custodian shall not effect a transfer of any Retained Bonds except with the prior written consent of the Bond Trustee in the form of a Retained Bond Consent Letter which has been countersigned on behalf of the Bond Trustee. The Bond Trustee has agreed that it shall countersign the relevant Retained Bond Consent Letter upon receipt of a signed Retained Bond Compliance Certificate from the Issuer confirming, to the Bond Trustee's satisfaction, that the Issuer will be in compliance with the Asset Cover Test immediately following such transfer.

Payment Waiver

Notwithstanding any other provision of the Retained Bond Custody Agreement to the contrary and subject to the following paragraph, the Issuer has, pursuant to the Retained Bond Custody Agreement, unconditionally and irrevocably:

- (a) waived its rights to receive payments of interest, principal, premium or other amounts in respect of the Retained Bonds and, for the avoidance of doubt, such waiver by the Issuer of such rights will continue to be effective following the occurrence of an Event of Default or a Potential Event of Default;
- (b) authorised the Retained Bond Custodian to disclose the waiver referred to in (a) above in respect of the Retained Bonds (and the Retained Bonds position with the Retained Bond Custodian) to the Principal Paying Agent and any applicable international clearing system for the Retained Bonds to ensure that the waiver of the right to receive payments of interest, principal, premium or other amounts in respect of the Retained Bonds is effected; and
- (c) directed the Retained Bond Custodian, in respect of each Retained Bond held by the Retained Bond Custodian on behalf of the Issuer in the Retained Bond Custody Sub-Account in definitive form:
 - (i) on each Interest Payment Date, to surrender the interest coupon for such Retained Bond corresponding to such Interest Payment Date to the Principal Paying Agent for cancellation; and
 - (ii) to surrender the definitive bond representing such Retained Bond to the Principal Paying Agent for cancellation on any date on which the Retained Bonds are to be redeemed in full.

The Retained Bond Custodian and the Issuer have each acknowledged and agreed that the waiver, authorisation and direction provided by the Issuer as described above are irrevocable except with the prior written consent of the Bond Trustee in the form of a Retained Bond Consent Letter which has been countersigned on behalf of the Bond Trustee.

Termination of Retained Bond Custody Agreement

Either the Issuer or the Retained Bond Custodian may terminate the Retained Bond Custody Agreement by giving to at least 45 days' written notice to the other party.

Either of the Issuer or the Retained Bond Custodian may further terminate the Retained Bond Custody Agreement immediately upon notice to the other party upon the commencement of any action or proceeding seeking liquidation, winding-up, insolvency, reorganisation or other similar relief in respect of that other party.

Pursuant to the Retained Bond Custody Agreement, the Issuer has covenanted for the benefit of the Bond Trustee that, in the event that the Retained Bond Custody Agreement is terminated, it shall appoint a successor custodian to hold the Retained Bonds who shall acquire and become subject to the same rights and obligations between themselves as if they had entered into an agreement in the form *mutatis mutandis* of the Retained Bond Custody Agreement, save (other than in the case of the payment waiver and transfer restrictions applicable to the Retained Bonds, as described above) as otherwise agreed between the relevant parties.

DESCRIPTION OF THE ISSUER

Incorporation and Status

Paradigm Homes Charitable Housing Association Limited (the "**Issuer**") was incorporated on 21 May 1993 as Chiltern Hundreds Charitable Housing Association Limited under the Industrial and Provident Societies Act 1965. The Issuer is a charitable community benefit society under the Co-operative and Community Benefit Societies Act 2014 with registered number 27789R and a Registered Provider of Social Housing with the Regulator with registered number LH4138.

The registered address of the Issuer is 1 Glory Park Avenue, Wooburn Green, High Wycombe, Buckinghamshire HP10 0DF.

The website of the Group is <https://www.paradigmhousing.co.uk/>. The information on the Group's website does not form part of these Admission Particulars unless that information is incorporated by reference into these Admission Particulars (see "*Documents Incorporated by Reference*" above).

The Group

The Issuer is a subsidiary of Paradigm Housing Group Limited (the "**Group Parent**"). The registered address of the Group Parent is 1 Glory Park Avenue, Wooburn Green, High Wycombe, Buckinghamshire HP10 0DF.

The Group Parent has two other subsidiaries apart from the Issuer:

- Paradigm Maintenance Limited ("**Paradigm Maintenance**"), a company limited by shares with registration number 07355965. This entity has been dormant since 1 April 2022; and
- Paradigm Development, a company limited by shares with registration number 06794551. This entity was formed as vehicle for undertaking developments which are usually transferred to other companies in the Group on completion.

The Issuer has a subsidiary, Paradigm Commercial Limited ("**Paradigm Commercial**"), a company limited by shares with registration number 02779163. Paradigm Commercial develops homes for market sale and manages properties for market rent. The registered office of Paradigm Commercial is at 1 Glory Park Avenue, Wooburn Green, High Wycombe, Buckinghamshire HP10 0DF.

The registered office of each of the above Group subsidiaries is at 1 Glory Park Avenue, Wooburn Green, High Wycombe, Buckinghamshire HP10 0DF.

The Group also acts as sole trustee to a separate Charitable Trust, namely Mary Bailey-Smith Almshouses, a charity registered in England and Wales with charity number 239523 (of which the Issuer is the sole trustee). Mary Bailey-Smith Almshouses is a small charity with three properties under management.

The Issuer is not dependent on any other member of the Group.

Principal Activities of the Issuer

The Issuer is a Registered Provider of Social Housing whose activities are regulated by the Regulator and is a community benefit society and, as such, is exempt from registration with the Charity Commission but nevertheless has charitable status.

The Issuer's business is to provide homes for those who could not otherwise afford them and it provides a wide range of products and services in the housing sector, including the development of new homes at affordable rents, delivering low cost home ownership (primarily shared ownership) and offering temporary and permanent housing solutions. Any surpluses which result

from the Issuer's operations are reinvested in the business of the Issuer. The Issuer manages more than 16,000 homes across the South East of England and London.

Geography and Stock

The Issuer's stock is split such that 91 per cent. of its stock is located in the South East (outside London) and 9 per cent. of its stock is located in London, concentrated in the following areas set out below.

Top 5 South East local authority areas in which the Issuer / Group operates by units	Units of Issuer	Units of Group
Buckinghamshire	7,476	7,502
Milton Keynes	2,233	2,298
Central Bedfordshire	923	923
Cherwell	792	792
Welwyn Hatfield	728	728
Total	12,152 (being 73 per cent. of the Issuer's stock)	12,243 (being 73 per cent. of the Group's stock)

Top 5 London local authority areas in which the Issuer / Group operates by units	Units of Issuer	Units of Group
Hillingdon	483	483
Waltham Forest	229	229
Harrow	153	153
Enfield	131	131
Brent	91	91
Total – Top 5 London local authority areas by units	1,087 (being 7 per cent. of the Issuer's stock)	1,087 (being 7 per cent. of the Group's stock)

The Board

The board of the Issuer (the "**Board**") oversees all key decisions and reviews performance throughout the year. The Board is amalgamated with the board of the Group Parent and of Paradigm Commercial and so the board members of the Issuer and their principal activities as set out below apply to the board of the Group Parent and Paradigm Commercial.

The board members of the Issuer, and their principal activities outside the Issuer, are as follows:

Name	Principal activities outside the Issuer
Richard Moriarty (Chair)	Chief Executive of UK Financial Reporting Council Independent member of HSE's Advisory Committee on establishing the new Building Safety Regulator
Patricia (Pat) Brandum	Director of Birchwood Associates Limited Director of Dovepark Properties Limited Director of Paradigm Commercial Board member of Longhurst Group
Matthew Bailes	Chair of Consortium for Housing Associations in South East England. Director of Paradigm Development Director of Paradigm Maintenance
Eleanor Southwood	Director of Fight for Sight Councillor for the London Borough of Brent Chair of Habinteg Housing Association
Mike Johnson	Board member at Eastlight Community Homes
Simon Jones	Board member at Eastlight Community Homes and Chair of the Finance & Treasury Committee and member of the Audit & Risk Committee Director & Trustee of Florence Nightingale Hospice Charity Trustee of St Andrews Church High Wycombe
Amina Graham	Board member at Network Homes
Richard Osborne	
Mathew Bishop	Director and shareholder of Lumensol Ltd Governor of a primary school in Newport Pagnell Director of Paradigm Commercial
Philippa Lowe	Member of the Stonesfield Parish Council Neighbourhood Planning Group
Peter Quinn	Director and shareholder of Robrac Limited
Elisabeth (Liz) Bailey	CTO Education (EMEA) for Microsoft Services Non-executive director and trustee of the Leicester Grammar School Trust

The business address of each of the above board members is 1 Glory Park Avenue, Wooburn Green, High Wycombe, Buckinghamshire HP10 0DF.

The secretary of the Issuer is Ewan Wallace whose business address is at 1 Glory Park Avenue, Wooburn Green, High Wycombe, Buckinghamshire HP10 0DF.

There are no potential conflicts of interest between any duties to the Issuer of the board members of the Issuer and their private interests and/or other duties. However, if a conflict of interest arises, the relevant board member is required to disclose the conflict and this is to be managed in accordance with the Issuer's Rules, codes of conduct and governance from time to time.

Executive Team

The executive team consists of the following members who are responsible for the delivery of the Issuer's business plan and are accountable to the Board:

Name	Principal activities outside the Issuer
Matthew Bailes (Chief Executive)	Chair of Consortium for Housing Associations in the South East of England Director of Paradigm Development Director of Paradigm Maintenance
Hannah Manyewu (Executive Director – Customer)	None
Justin McCarthy (Executive Director – Property)	Board member at Co-op Homes
Nicola Ewen (Chief Financial Officer)	Director of Paradigm Development Director of Paradigm Maintenance
Martyn Jones (Executive Director of Development)	Director of Paradigm Development Director of Tal-Pedwar Limited
Sarah Nickson (Executive Director Strategy and Business Services)	None
Patrick Dawson (Chief Information Officer)	None
Ewan Wallace (Director – Legal & Assurance)	Company secretary of the Group Parent Company secretary of Paradigm Commercial Company secretary of Paradigm Development Company secretary of Paradigm Maintenance

The business address of each of the above executive team is 1 Glory Park Avenue, Wooburn Green, High Wycombe, Buckinghamshire, HP10 0DF.

There are no potential conflicts of interest between any duties to the Issuer of the executive team of the Issuer and their private interests and/or other duties. However, if a conflict of interest arises, the relevant executive is required to disclose the conflict and this is to be managed in accordance with the Issuer's Rules, codes of conduct and governance from time to time.

The Issuer has no employees but has available to it the treasury and business resources of its shareholder the Group Parent to enable it to administer its business and perform its obligations. The Issuer acts as joint and several employer with other members of the group in respect of individual employment contracts.

Corporate Governance

The Issuer has adopted the Code of Governance: Promoting Board Excellence for Housing Associations 2020 of the National Housing Federation ("**NHF**") and the NHF's Code of Conduct 2022.

The Board is responsible for managing the Issuer's affairs and determining overall strategy and direction. The Board meets a minimum of 6 times each year for regular business. It has established a governance structure to obtain business assurance and manage risk with internal controls that are embedded in the management and governance of the organisation.

Specific responsibilities have been delegated to the following sub-committees, which each have their own approved terms of reference:

The Audit and Risk Committee

The Audit and Risk Committee meets at least four times a year and is responsible for overseeing the Issuer's risk management strategy, financial management, standards of probity and internal and external audit. The Audit and Risk Committee will also be involved in monitoring and compliance assurance in relation to the Sustainability Financing Framework.

Governance, Nominations and Remuneration Committee

The Governance, Nomination and Remuneration Committee meets at least twice a year and is responsible for executive and non-executive remuneration, board recruitment and effectiveness, governance and conduct and committee effectiveness.

The Investment Committee

The Investment Committee meets at least six times a year and is responsible for overseeing the implementation of the Development Strategy (as defined below) and the Asset Management Strategy (as defined below). The Investment Committee will also be involved in approval of projects and allocations for use of proceeds in relation to the Sustainability Financing Framework.

The Treasury Committee

The Treasury Committee meets at least four times a year and is responsible for a series of tasks including reviewing the treasury strategy and the treasury management policy, monitoring treasury performance, compliance and risk and reviewing the detail of treasury documents for new and existing facilities such as loan agreements or side letters to existing arrangements.

Customer Experience Committee

The Customer Experience Committee meets at least four times a year and is responsible for driving forward service improvement and tenancy sustainment, interrogating customer performance and experience data, seeking out customer-focused compliance assurance and approving customer-facing policies delegated by the Board.

Strategy

Asset Management Strategy

The Group has developed an asset management strategy for 2021 to 2026 which is designed to represent both a significant change in the way the Group assesses, organises and manages its stock and a road map for addressing zero carbon and building safety. The asset management strategy (the "**Asset Management Strategy**") emphasises:

- provision of safe homes;
- using data to improve decision making;
- optimising assets to provide more for customers;
- ensuring the right resources to deliver;

- creating alliances to benefit our customers; and
- making homes and businesses environmentally sustainable.

In order to fulfil the above, the Group has set the following targets:

- increased customer satisfaction with the service offering of the Group and the quality of homes;
- 100 per cent. delivery on all key compliance regimes;
- 100 per cent. compliance with the new building safety regime;
- formulating a "strategy for the building", which assesses all of the Group's most significant assets and draws out viability and future investment/divestment options using multiple indicators;
- fully document and rationalise all of the Group's leasing arrangements (non-freehold), understanding and managing the Group's relationships in connection therewith effectively;
- fully document and enforce all managing agent requirements;
- establish clear ownership and processes for identifying, specifying and project managing building defects;
- provide residents with key building safety information online for multi-dwelling blocks;
- 100 per cent. validated energy performance certificate ("**EPC**") data starting with D rated dwellings;
- identify and implement works programmes that deliver a minimum dwelling standard of EPC C where feasible;
- identify the cost/benefits of extending the dwelling standard to EPC B or higher;
- detailed plan to achieve net carbon zero by 2050, including pilot schemes in collaboration with others to identify effective retrofit approaches, alternative energy sources and resident interventions which can be deployed at scale;
- identify funding and partnering opportunities to minimise the financial impact wherever possible;
- establish overall carbon footprint on both asset performance and the way the Group will conduct its business, enabling the Group to track and monitor the impact of interventions. Set a carbon reduction target once base line is established;
- at least as quickly as the UK Government requires, seek to remove gas as a heating/hot water source in our new build homes by 2025;
- create an environmental strategy to address climate change resilience, energy efficiency, waste management and hazardous products;
- ensure that the Group's transformation programme and system implementation supports better customer service for both tenants and shared owners of the Group;
- stretch the target for the Group's asset data to achieve 100 per cent. completeness and accuracy;

- install in-house the full range of skills and experience required to deliver all elements of strategic asset management, including the commercial competence to deal with complexity, rationalisation, retrofit and building safety; and
- engage external expertise where it is essential, or the identified benefits are significant.

Development Strategy

The Group's development strategy (the "**Development Strategy**") sets out objectives associated with providing over 2,250 new homes for those that cannot afford to either rent or buy on the open market. The number of new homes was subsequently reduced to 1,950 due to changing macro conditions.

The Development Strategy includes the following objectives:

- continue being a "developing provider", with a main focus around our core operating areas of Buckinghamshire, Bedfordshire and Hertfordshire, along with eastern Oxfordshire;
- proactively pursue a range of opportunities, and are committed to building at least 1,950 new homes over the period of the Development Strategy;
- work with stakeholders and partners who recognise the importance of working for and with the residents and communities, seeking feedback from customers on their experience of their new home;
- preferred tenure mix is for 50/50 affordable rent and shared ownership (although the Group recognises that, at least in the short term, there is a need to manage exposure to property market sales risk, and so the Group may provide more affordable rental homes and may have to diversify tenure mix);
- plan to continue the transition to reduce the proportion of new homes procured through section 106 agreements or other forms of planning gain, and to undertake more land-led development. This includes reviewing opportunities for redevelopment within existing asset portfolio, especially linked to the Asset Management Strategy;
- work with residents, communities and partners to create places where people are proud to live and that demonstrate high quality affordable housing development – both in the short term and in the longer term;
- a commitment to ensuring a high quality of customer care for all residents, including when selling homes;
- seek to build homes that meet our stringent design vision and quality requirements, and have a presumption against high-rise buildings (i.e. no more than 5 storeys);
- during the period of the Development Strategy, ensure our design standards at least meet the Future Home Standard, and investigate the use of Modern Methods of Construction ("**MMC**") where it increases long term quality; enhances safety and environmental performance; and maximises the delivery of new affordable homes;
- review and enhance our design standards to deliver lower carbon, lower energy homes that minimise their impact on the environment and are resilient to an ever-changing climate, particularly where the Group is the developer. As part of the Group's environmental strategy, review whether the Group can commit to this ahead of it being a mandatory requirement; and

- ensure that staff, processes and procedures operate with sound commercial disciplines and good professional practices, such that the Group can enhance its ability to work with others in pursuing the objectives set out here.

Share Capital and Major Shareholders

The entire issued share capital of the Issuer comprises 15 ordinary shares of £1.00 each, all of which are fully paid up. Every share carries voting rights but no rights to receive dividends or distribution on winding up.

The Group Parent holds 1 of the shares of the Issuer directly.

Recent Developments

There have been no recent events particular to the Issuer that are, to a material extent, relevant to the evaluation of the Issuer's solvency.

Alternative Performance Measures

The Issuer believes that certain financial measures that are not recognised by the Accounting Standards but are derived from the information provided in the financial statements of the Group, provide additional useful information regarding its ongoing operating and financial performance, as well as the Issuer's ability to meet its obligations under the Bonds.

These measures are not recognised measures under the Accounting Standards, do not have standardised meanings prescribed by the Accounting Standards and should not be considered in isolation or construed to be alternatives to measures pursuant to the Accounting Standards. The Issuer's method of calculating these measures may differ from the method used by other entities. Accordingly, certain of the financial performance measures presented in these Admission Particulars may not be comparable to similarly titled measures used by other entities or in other jurisdictions. Consequently, these measures should not be considered substitutes for the information contained in the financial statements set out in "*Documents Incorporated by Reference*" above and should be read in conjunction therewith.

In particular, the Issuer uses the financial measures (as defined below) set out in the table below to evaluate the business performance of the Group. The table below has been prepared in relation to financial measures for the financial year ended 31 March 2023 by reference to the financial statements of the Group for the financial year ended 31 March 2023, but any equivalent financial measures in respect of any other financial years can be determined by reference to equivalent line items within the financial statements of the Group for the relevant financial years.

In the table below:

"Note" means a note to the financial statements of the Group for the financial year ended 31 March 2024;

"SOCI" means the Group column of the Statement of Comprehensive Income in the financial statements of the Group for the financial year ended 31 March 2024; and

"SOFP" means the Group column of the Statement of Financial Position in the financial statements of the Group for the financial year ended 31 March 2024.

DESCRIPTION OF THE FUNDING AND REGULATORY ENVIRONMENT APPLICABLE TO THE ISSUER

Group Properties

As at 31 March 2024, the Group's properties comprise 12,403 social housing properties (affordable rents, sheltered and supported housing tenures) and 2,882 low cost home ownership accommodation (as defined in section 70 of the HRA 2008) and 1,382 non-social housing and other properties (the "**Group Properties**").

The Group is one of the South East's leading housing providers holding housing stock predominantly in Buckinghamshire, Bedfordshire and Hertfordshire, and some stock in North and West London. In both the South East and London regions household formation significantly exceeds the provision of new housing supply, increasing the demand for rented housing. As at 31 March 2024, occupancy in available general needs properties was 99.4 per cent. The composition of the Group Properties split by tenure, property type, number of bedrooms, age profile and location is detailed below.

Group Properties by Stock Tenure	Percentage of Group Properties
General Needs	74%
Shared Ownership	17%
Leaseholder	5%
Private Sector Leasing	0%
Market Rented	2%

South East (Outside London)	90%
London	10%

Social Rental Income

For the financial year ending 31 March 2024, the turnover from social housing lettings in respect of the Group Properties was £110.5 million or 73 per cent. of the £150.5 million of turnover of the Group (and for the six months ending 30 September 2024, the turnover from social housing lettings in respect of the Group Properties was £61.2 million or 79 per cent. of the £77.1 million of turnover of the Group). For the financial year ending 31 March 2024 operating surpluses from social housing lettings in respect of the Group Properties were £42.9 million, or 80 per cent. of the Group's £53.4 million of operating surpluses (and for the six months ending 30 September 2024 operating surpluses from social housing lettings in respect of the Group Properties were £25.9 million, or 81 per cent. of the Group's £31.9 million of operating surpluses).

As at 31 March 2024, the Issuer's four week rolling average balance for current tenant rent arrears was £3.1 million, which represents 2.78 per cent. of the annual rent (and as at 30 September 2024, the four week rolling average balance for current tenant rent arrears, was £3.5 million, of which represents 2.97 per cent. of the annual rent).

The Group receives a material proportion of its social rental income from housing benefit payable by local authorities. Currently 12.7 per cent. of the rent received from tenants in the Group Properties was derived from housing benefit payable by local authorities.

Social Housing Rents

Rent levels and rental increases within the social housing sector are strictly controlled in line with UK Government policy. Registered Providers of Social Housing are required to set social rents by reference to a statutory formula, known as Formula Rent, in accordance with the Rent Standard and associated guidance contained within the Regulatory Framework.

In February 2019, the Ministry of Housing, Communities and Local Government ("**MHCLG**") published a new policy statement on rents for social housing which set out new government policy to apply from April 2020 onwards. A contemporaneous "*Direction to the Regulator*" was issued which prompted the Regulator to publish a new Rent Standard and guidance thereon that took effect from 1 April 2020. Under this standard and guidance, social and affordable housing rents may increase by the CPI plus 1 per cent. formula for at least five years from April 2020.

Considering the high inflationary environment, the UK Government adjusted this policy in order to protect social housing tenants from very large nominal-terms rent increases. For rent periods that begin in the 12 months from 1 April 2023 to 31 March 2024, the CPI plus 1 percentage point limit on annual rent increases was capped at a maximum increase of 7 per cent. per annum (other than in relation to certain types of supported housing). The then UK Government confirmed that for the 12 months from 1 April 2024 to 31 March 2025 Registered Providers of Social Housing may revert to the CPI plus 1 per cent. formula for rent increases and it has since been confirmed that the same formula will also be applied for the 12 months from 1 April 2025 to 31 March 2026. Whilst shared-ownership rents are governed by their lease agreements, for the 12 months from 1 April 2023 to 31 March 2024 similar voluntary caps were also applied by many across the not-for-profit Registered Providers of Social Housing as a measure to support people through the cost-of-living crisis.

In the UK Government's autumn budget statement, a new consultation on social housing rent policy was announced which proposed that social housing providers should be permitted to increase rents by up to CPI plus 1 per cent. annually for the period between 1 April 2026 and 31 March 2031. It is expected that a new Direction to the Regulator of Social Housing will follow the consultation together with a revised Rent Standard.

Affordable Rent

Since 2011, where a Registered Provider of Social Housing has entered a housing supply delivery agreement with Homes England, that agreement may allow the Registered Provider of Social Housing to charge "affordable rent" if certain conditions apply. "**Affordable rent**" means the maximum rent (inclusive of service charge) for a new tenant under a new tenancy may be up to 80 per cent. of market rent. Within the London area a London Affordable Rent is used, which is based on the Formula Rent without the reductions from the Welfare Reform and Work Act 2016 (the "**WRWA 2016**").

Under the Rent Standard and related guidance, affordable housing rents may be increased annually by up to CPI plus 1 per cent. (although the 7 per cent. cap applied to affordable housing as it did social housing for the financial year 2023-24 as a measure to protect tenants against high inflation). The Regulator has issued guidance on how market rent should be calculated.

Affordable rents, can only be charged where either:

- a Registered Provider of Social Housing has a housing supply delivery agreement with Homes England or the Greater London Authority which permits the accommodation to be provided at an affordable rent;
- where a Registered Provider is providing accommodation pursuant to an agreement between a local authority and the Secretary of State and that agreement permits the accommodation to be provided at an affordable rent, or
- where a local authority and the Secretary of State, Homes England or the Greater London Authority have otherwise agreed that certain accommodation can be provided at an affordable rent.

The grant agreement in respect of funding given under the AHP 2021-2026 is a housing supply delivery agreement to charge an affordable rent.

Welfare Benefit Reform and Universal Credit

Welfare Benefit Reform

A substantial proportion of social housing tenants rely on one or more welfare benefits for at least part of their income according to research in 2014 by the Joseph Rowntree Foundation on the impact of welfare reform on social landlords and tenants. 90 per cent. of social housing tenants received some form of income support through the welfare benefit system. As a result, changes to the welfare benefit system can materially impact the ability of social housing tenants to meet their housing costs. There have been a range of reforms of the welfare benefit system in recent years including capping the overall amount of benefits households can receive, consolidating multiple benefits into a single payment ("**Universal Credit**") and other reforms specific to housing such as the Occupation Size Criteria that have had and still have the potential to impact housing affordability for social housing tenants.

Universal Credit

There are three types of alternative payment arrangements available for claimants:

- direct payment of the housing cost element to landlords (known as managed payments);
- splitting of payments between members of a couple (in exceptional circumstances); and
- more frequent payment of benefit where a claimant is in arrears with their rent for an amount equal to, or more than, two months of their rent or where a claimant has continually underpaid their rent over a period of time, and they have accrued arrears of an amount equal to, or more than, one month's rent.

If the DWP does not set up a managed payment, Registered Providers of Social Housing can request a managed payment and inform the DWP of other reasons why a managed payment might be needed. Landlords can request deductions from a claimant's Universal Credit to repay existing rent arrears, known as third party deductions. Deductions will be a minimum of 10 per cent. and a maximum of 20 per cent. of a claimant's Universal Credit standard allowance.

Household Benefit Cap

Under the Welfare Reform Act 2012 (as amended by the WRWA 2016) (the "**WRA 2012**"), the total household benefit cap (the combined income from a number of welfare benefits for those receiving housing benefit or Universal Credit and that are of working age) was introduced which limits the maximum amount in benefits a working-age household can receive. The cap was lowered in November 2016, with different rates introduced in London and throughout the rest of Great Britain. From April 2023, the cap amounts were increased due to high interest rates. The benefit cap amounts from April 2023 are:

	Family (couple with or without children, or single parent)			Single person		
	Per year	Per month	Per week	Per year	Per month	Per week
London	£25,323	£2,110.25	£486.98	£16,967	£1,413.92	£326.29
Elsewhere	£22,020	£1,835.00	£423.46	£14,753	£1,229.42	£283.71

Exemptions to the total household benefit cap can apply to those tenants who qualify for working tax credit; are above the qualifying age for pensions credit; obtain certain benefits for sickness and disability; or claim a war pension. The benefit cap will not apply in circumstances where a tenant or a tenant's partner is in receipt of, or is responsible for a child or young person who is in receipt of, benefits such as disability living allowance, personal independence payment or carer's allowance. Housing benefit will not be included when calculating total benefit income where tenants are housed in specified accommodation including supported housing.

For the month ending 31 March 2024, 6,517 tenants of the Group Properties were in receipt of Universal Credit (6,982 tenants for the month ending 30 September 2024). The total current arrears balance as at 31 March 2024 for those tenants in receipt of Universal Credit, inclusive of alternative payment arrangements, was 4.39 per cent. of rental income from those tenants (4.47 per cent. as at 30 September 2024) but 2.2 per cent. of the £110.5 million of turnover from social housing lettings in respect of the Group Properties as at 31 March 2024 (2.5 per cent. of the £61.2 million of turnover from social housing lettings in respect of the Group Properties as at 30 September 2024).

Occupation Size Criteria

The WRA 2012 introduced a size criterion for working age social housing tenants in receipt of housing benefit known as the "removal of the spare room subsidy" or "bedroom tax". The arrangements allow each of certain defined categories of people (such defined categories being: (a) a couple, (b) an adult (over 16), (c) two children of the same sex, (d) two children under the age of 10, (e) any other child, (f) those with a disability and (g) a non-resident overnight carer) to be entitled to one bedroom. Exemptions are applied to supported housing tenants. Where a household has one extra bedroom, housing benefit is reduced by 14 per cent. of the rent charge. Where a household has two or more extra rooms, the reduction to housing benefit is 25 per cent.

Right to Buy

It was a manifesto commitment by the Conservative party for the 2015 and 2017 general elections to extend the right to buy (an entitlement afforded to secure local authority tenants) to tenants of Registered Providers of Social Housing. The National Housing Federation (the "**NHF**") as the representative body of Registered Providers of Social Housing in response proposed a voluntary

right to buy ("VRTB") scheme for secure tenants of Registered Providers of Social Housing. The NHF proposal was premised on four key principles:

- secure tenants have the right to purchase a home at right to buy discounts (maximum discount of £87,200 (£116,200 in London)) increased annually in April in line with CPI) subject to government funding for the scheme;
- Registered Providers of Social Housing will have the final decision about whether to sell an individual property;
- Registered Providers of Social Housing will receive the full compensation to cover the value of the discount ; and
- nationally, for every home sold under the agreement a new affordable property would be built, thereby increasing the supply of new homes.

The former UK Government agreed to the proposals in October 2015, and the HPA 2016 made provision for grants to be paid to Registered Providers of Social Housing to cover the cost of selling housing assets at a discount. Such grants may be made on any terms and conditions the MHCLG considers appropriate. Five housing associations ran limited VRTB pilots for eligible tenants between 2015 and 2017, and a further regional pilot was launched in August 2018 to apply to all in the Midlands, resulting in the sale of nearly 2,000 homes from 44 Registered Providers of Social Housing. This pilot is now closed. A UK Government evaluation of the pilot published in February 2021 identified challenges in replacing the sold social housing stock on a one-for-one basis.

The former UK Government indicated that VRTB would be extended to housing association tenants. However, as at the date of these Admission Particulars, the current UK Government has not confirmed whether this proposal will go ahead and there are currently no details for any proposed future arrangements.

Shared Ownership

Shared ownership income is generated on the initial sale of the property (known as the "first tranche") which is sold to the shared owner; on subsequent sales of further "tranches" or portions of the property to the shared owner (known as "staircasings"); and in the form of subsidised rent on the part of the property which the shared owner does not own until the property is fully owned by the shared owner.

For the financial year ending 31 March 2024, shared ownership first tranche sales amounted to £16.2 million or round 11 per cent. of the Group's £150.5 million of turnover (and for the six months ending 30 September 2024, shared ownership first tranche sales amounted to £12.4 million, or around 16 per cent. of the Group's £77.1 million of turnover). For the financial year ending 31 March 2024, shared ownership first tranche operating surpluses amounted to £2.9 million or around 5 per cent. of the Group's £53.4 million of operating surplus (and for the six months ending 30 September 2024, shared ownership first tranche operating surpluses amounted to £3 million or around 9 per cent. of the Group's £31.9 million of operating surplus).

For the financial year ending 31 March 2024, turnover on the disposal of fixed assets and investments amounted to £6.5 million or around 4 per cent. of the Group's £157 million of turnover¹ (and for the six months ending 30 September 2024, turnover on the disposal of fixed assets and investments amounted to £4.8 million or around 6 per cent. of the Group's £81.9 million of turnover)².

For the financial year ending 31 March 2024, operating surpluses on the disposal of fixed assets and investments amounted to £2.6 million or around 5 per cent. of the Group's £53.4 million of operating surpluses (and for the six months ending 30 September 2024, operating surpluses on

¹ Turnover of £150.5 million and £6.5 million of turnover from fixed assets sales.

² Turnover of £77.1 million and £4.8 million of turnover from fixed assets sales.

the disposal of fixed assets and investments amounted to £2.1 million or around 7 per cent. of the Group's £31.9 million of operating surplus).

Revised Shared Ownership scheme and Right to Shared Ownership

A number of significant changes were made to the shared ownership upon the introduction of the AHP 2021-2026. Key changes in the revised scheme are that the initial equity share purchased is being reduced from 25 per cent. to 10 per cent. and that a Registered Provider of Social Housing will retain repair and maintenance responsibilities for the first 10 years and shared ownership leaseholders can apply for a £500 contribution from their landlord each year for the cost of internal repairs for which the shared owner would otherwise be responsible. Shared owners can also purchase additional tranches of just 1 per cent. for each of the first 15 years rather than the previous per tranche minimum of 10 per cent. It remains possible to acquire the whole of a housing association's equity subject to certain exceptions as under the current scheme.

Rented units provided under the AHP 2021-2026 will be subject to a right for the tenant to acquire the property on shared ownership terms reflecting the new shared ownership product.

These changes to the shared ownership product change the potential cash flow and risk profile of shared ownership from a Registered Provider of Social Housing's perspective compared to the current scheme. It is not yet clear if the amount of grant available will compensate fully for this. The creation of a right to shared ownership means that units developed or acquired for rented affordable housing under the AHP 2021 2026 may convert over time into shared ownership.

In October 2023, MHCLG's predecessor department released new guidance that changes the basis of rent reviews in future shared ownership leases. This will affect new leases which are grant funded by either Homes England or the Greater London Authority ("**GLA**") (and some section 106 arrangements). The change from an RPI basis to a CPI basis for rent reviews brings shared ownership rents more into line with general needs rents. This has raised some concerns within the social housing sector about the potential impact on delivery capacity.

Housing development programme

Housing for outright sale is developed by the Issuer through Paradigm Commercial, which is a wholly-owned subsidiary of the Issuer, and through Paradigm Development (a wholly-owned subsidiary of the Group Parent).

For the financial year ending 31 March 2024, turnover from non-social housing property sales amounted to £5.7 million or 4 per cent. of the Group's £156.2 million of turnover³ on a grossed-up basis (and for the six months ending 30 September 2024, turnover from non-social housing property sales amounted to £3.8 million or 5 per cent. of the Group's £80.9 million of turnover⁴ on a grossed-up basis). Operating surpluses for the financial year ending 31 March 2024 from the sale of non-social housing totalled £885,000, or 2 per cent. of the Group's £53.4 million of operating surplus (and for the six months ending 30 September 2024 amounted to £215,000, or 1 per cent. of the Group's £31.9 million of operating surplus).

Regulation and Regulatory Framework

The HRA 2008 makes provision for the regulation of social housing provision in England.

Pursuant to the HRA 2008, the Regulator of Social Housing (the "**Regulator**") provides economic regulation for Registered Providers of Social Housing in order to ensure that they are financially viable, efficient and well-governed. The Regulator also provides consumer regulation to ensure that the social housing sector is able to deliver quality homes and services for current and future tenants. Regulation is at the landlord level to drive improvement in how landlords operate.

³ Turnover of £150.5 million and £5.7 million of turnover from housing for outright sale.

⁴ Turnover of £77.1 million and £3.8 million of turnover from housing for outright sale.

The Regulator is an independent regulator and statutory non-departmental public body, established under the HRA 2008. It is sponsored by the MHCLG with responsibility for the regulation of Registered Providers of Social Housing. The Regulator's statutory objectives and powers of enforcement are set out in the HRA 2008. The Regulator sets statutory economic and consumer standards that apply to Registered Providers of Social Housing (the "**Standards**"). The Standards, along with associated codes of practice and regulatory guidance, together constitute the regulatory framework for social housing in England (the "**Regulatory Framework**").

Some elements of the Standards are subject to direction by the Secretary of State for Housing, Communities and Local Government.

Registered Providers of Social Housing are expected to comply with the Standards and to establish arrangements to ensure that they are accountable to their tenants, the Regulator and relevant stakeholders. The Regulator's "*Regulating the Standards*" publication outlines its operational approach to assessing Registered Providers of Social Housing's compliance with the Standards. This was last updated in February 2024 at the same time that the Regulator published the new consumer standards, consumer code of practice and related guidance.

The Regulator proactively regulates the three Standards which are classified as 'economic'. These are:

- the Governance and Financial Viability Standard;
- the Value for Money Standard; and
- the Rent Standard.

The Regulator regulates four Standards which are classified as 'consumer'. These are:

- the Safety and Quality Standard;
- the Transparency, Influence and Accountability Standard;
- the Tenancy Standard; and
- the Neighbourhood and Community Standard.

Further Standards (or additional provisions within the existing Standards) are expected to be published on professionalism (including requirements for specific qualifications in housing management for senior housing managers and senior housing executives) and access to information following appropriate consultation by MHCLG and the Regulator.

The Regulator has issued three codes of practice: one code to amplify the Governance and Financial Viability Standard, another to support the Value for Money Standard and the third to amplify the consumer standards. The current Rent Standard refers to the policy statement on rents for social housing published by MHCLG's predecessor in December 2022 (the "**Policy Statement**") (see Social Housing Rents above).

In respect of the consumer standards, the Regulator's role had previously been reactive in response to referrals or other information received. However, the SHRA 2023 changed the position so that the Regulator's role is proactive and puts the consumer standards on an equal footing with the economic standards, as well as updating the Regulator's statutory objectives (to include "safe" and "energy efficient") and its regulatory and enforcement powers.

On 13 December 2023, the Regulator published its regulatory judgement for the Issuer which concluded that both the viability and governance standards were met and graded the Issuer as "G1" for governance and "V1" for viability. This is a routine process of regulation which discusses an organisation's performance as outlined in the Regulator's Governance and Financial Viability standard. The "G1" rating means that the Group meets the requirements on governance set out

in the Governance and Financial Viability standard. The "V1" rating means that the Group meets the requirements on viability set out in the Governance and Financial Viability standard and has the capacity to mitigate its exposures effectively.

A review of the Decent Homes Standard was also undertaken in 2022. It is anticipated that the main outcome will be an update to the Decent Homes Standard and that there will inevitably be cost implications for Registered Providers of Social Housing arising from the additional regulation that is proposed. It is not clear, as at the date of these Admission Particulars, whether any such costs will be material.

The SHRA 2023 introduces provision for 'Awaab's law' which requires Registered Providers of Social Housing to comply with certain investigation, notification and rectification obligations in relation to hazards in tenants' homes. MHCLG's predecessor department consulted upon the scope of this law, the actions required and the time periods that would be applied when this law is brought fully into force. The consultation proposal included all of the hazards identified as such within the Housing Health and Safety Rating System where the risk to the health and safety of the tenant would be significant. There will inevitably be cost implications for Registered Providers of Social Housing arising from compliance with the obligations that are proposed. It is not clear, as at the date of these Admission Particulars, whether the proposals will be amended by the new Labour government or whether any such costs will be material.

Housing Grant

Grant funding is allocated by central government in periodic affordable homes programmes to support the capital costs of developing affordable housing for rent or sale. Allocation of funding under these programmes is administered by Homes England and the GLA within London, an executive non-departmental public body, sponsored by the MHCLG.

Historically, grant funding has been a critical part of the funding mix for Registered Providers of Social Housing, sustaining their ability to provide housing to rent at below market level rents.

Grant funding for Registered Providers of Social Housing has, in recent years, undergone significant and material change. Under the 2011-2015 Affordable Homes Programme, the level of capital grant made available to fund new affordable homes was reduced to £4.5 billion compared to £8.4 billion under the previous review period. To compensate for this reduction, Registered Providers of Social Housing were subsequently (and still are) able to charge "affordable rents" in some instances.

The level of grant funding available has subsequently increased slightly with each new funding programme and, under the most recent AHP 2021-2026, launched in 2021, making available £11.4 billion of new UK Government grant to help fund the delivery of up to 130,000 new affordable homes across England, and 82,000 over the period in London. Around half of the funding is for 'route into home ownership' comprising shared ownership and rent-to-buy tenures, with the other half for rent (including 10 per cent. for supported housing).

Funding granted under the current AHP 2021-2026 may support a variety of tenures including social rent, affordable rent, shared ownership and rent to buy. It may not be used for regeneration, major repairs or the purchase of homes built under section 106 agreements. Not all of the available funding is allocated from the outset of the programme, and bidders may bid for the remaining funding for development opportunities as these arise during the programme, where they can be delivered within the programme timescales. Alongside funding for individual development schemes, Homes England operates a strategic partnership framework for allocation of funding on a tailored, longer term basis. Those appointed as Homes England's strategic partners under this framework are typically amongst the larger Registered Providers of Social Housing, although the bidding process is also open to local authorities and developers with a strong track record of delivering new affordable housing.

The Issuer currently benefits from an allocation of £5.4 million of housing grant under the AHP 2021-2026.

LHA Cap and Sheltered Rent

In the 2015 Spending Review, the Chancellor outlined plans to cap the amount of rent that housing benefit will cover in the social housing sector to the level of the relevant Local Housing Allowance ("LHA") (the "LHA Cap"). This was to take effect in England only from April 2019 with the key elements being:

- the LHA Cap will apply to all tenants in supported and sheltered housing from April 2019;
- housing cost will continue to be paid through the benefit system up to LHA level;
- no Shared Accommodation Rate – one-bedroom LHA rate for under 35 year olds in supported housing;
- local authority top-up, with ring-fenced funds transferred across from the DWP and allocated by the MCHLG;
- the UK Government believes a different system needs to be worked out for short-term transitional services and it will consult on this; and
- the 1 per cent. rent reduction applies to supported and sheltered housing from April 2017 for three years – except refugees, alms houses and co-ops.

Following a joint DWP/MCHLG select committee inquiry, the former UK Government announced on 31 October 2017 that the LHA Cap will not apply to tenants in supported housing, nor to the wider social rented sector, and therefore will not apply to the majority of Registered Providers of Social Housing. It was also announced, on 31 October 2017, that the UK Government will introduce a new sheltered rent for the sheltered housing and extra care sector from April 2020. This will keep funding within the welfare system and acknowledge the higher cost generated by this type of housing in comparison with general needs housing. After several consultations in August 2018, the former UK Government confirmed that housing costs for supported housing will continue to be paid through housing benefit. Additionally, there will be no introduction of a "sheltered rent" and as a result there will be no cap on services charged in sheltered and extra care schemes.

Capital Resources and Treasury

As at 31 March 2024, the Issuer had, in aggregate, total long-term loan facilities of £1.153 billion, of which £230 million were undrawn (£1.203 billion as at 30 September 2024, of which £252 million were undrawn). As at 31 March 2024, the Issuer's drawn debt position (excluding any fair value of derivatives) was £923 million (£951 million as at 30 September 2024). The Group also had available cash and cash equivalents totalling £10.1 million as at 31 March 2024 (£13.9 million as at 30 September 2024).

Pensions

The Group participates in the SHPS and the LPGS administered by Buckinghamshire County Council. The assets of these schemes are held separately to those of the Issuer. SHPS is an industry-wide multi-employer scheme with a number of different benefit structures. The Issuer currently participates in one of the defined benefit sections of SHPS which is closed to new entrants. The Issuer also participates in the SHPS defined contribution scheme. The SHPS is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with a document issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pensions schemes in the UK.

The LGPS is a public sector pension scheme independently administered locally through various regional pension funds. The LGPS is a defined benefit scheme and is only open to certain

specified staff who transferred to the Issuer from local authorities (and is closed to new applicants). Employer participation in the LGPS is subject to the rules of the LGPS which are set out in legislation.

The current service cost is recognised in the profit and loss account and the pension deficit payments reduce the liability. The contributions are determined by a qualified actuary, on the basis of triennial valuations, using the projected unit method. A triennial actuarial valuation of the LGPS was carried out as at March 2022 and the next triennial valuation is expected to be carried out as at March 2025. The assumptions which have the most significant effect on the results of the valuation are those relating to the rate of return on investments and the rates of increase in salaries and pensions.

Legal and Compliance Obligations

Given that the Issuer owns housing units of all tenures, including general needs and affordable use, the Issuer is aware of the need for all of their units to comply with health and safety legislation to ensure the safety of all occupying tenants. Accordingly, the Issuer is continually reviewing and updating their policies and procedures to ensure that the condition and safety of each unit is compliant with prevailing legal and regulatory requirements. The Issuer also carries out health and safety checks of their properties on an on-going basis, including, but not limited to gas and electrical safety checks and fire risk assessments. As of March 2024, the compliance and safety regimes of the Issuer were as follows:

- Gas Safety Checks – 99.91 per cent. compliant;
- Electrical Safety Checks – 100 per cent. block compliance; and
- Fire Risk Assessment – 100 per cent. blocks have a valid Fire Risk Assessment (FRA) in place.

The Issuer has the benefit of insurance for, among others, employer's liability, public liability and directors' and officers' liability at levels which the management of the Issuer considers to be prudent for the type of business in which the Issuer is engaged and commensurate with other Registered Providers of Social Housing of a similar size.

Building Safety Reforms

Building Safety Act 2022

The Building Safety Act 2022 (the "**BSA**"), which received royal assent on 28 April 2022, is intended to address the recommendations from an independent review of building regulations and fire safety following the Grenfell Tower fire in June 2017. It introduces fundamental reform of building safety requirements with the aim of ensuring that residents are safe in their homes. The implementation of the BSA will affect many aspects of the business of a Registered Provider of Social Housing and, in particular, the carrying out of building work and design work, and the construction, maintenance and management of, Higher-Risk Buildings.

The BSA established a new national Building Safety Regulator (sitting within the Health and Safety Executive) with responsibility for the safety of all buildings in England, including residential buildings (the "**Building Safety Regulator**"). The Building Safety Regulator is responsible for overseeing a new building control approval regime for Higher-Risk Buildings, defined as buildings that are at least 18 metres or 7 storeys from ground level (whichever is reached first) and containing two or more residential dwellings. As from 6 April 2024, the Building Safety Regulator is the building control authority for all Higher-Risk Buildings with oversight of the design, construction and maintenance of new and existing Higher-Risk Buildings. Local authority planning departments will continue to undertake building control authority responsibilities for non-Higher-Risk Buildings.

The BSA and secondary legislation create new Dutyholder roles for those who commission and carry out most building work and design work undertaken pursuant to the Building Regulations 2000 (the "**Building Regulations**"), regardless of the size of the building. These obligations came into force for relevant building work and design work undertaken after 1 October 2023, which may include works being undertaken via existing contractual arrangements.

Registered Providers of Social Housing who commission building work and design work will become Client Dutyholders (as defined in the BSA) and are required to plan, manage and monitor works to ensure compliance with the Building Regulations. Client Dutyholders must also appoint Principal Contractor and Principal Designer Dutyholders (each as defined in the BSA) for any in-scope work, each with defined responsibilities to ensure the building work and design work is carried out in accordance with the Building Regulations (these roles will be in addition to the current Principal Contractor and Principal Designer roles under the Construction (Design & Management) Regulations 2016)). Additional obligations apply where the building work or design work being carried out is in respect of a Higher-Risk Building.

The BSA together with secondary legislation also creates a new regulatory regime for Higher-Risk Buildings, which is now fully in force. Persons commissioning the construction of new Higher-Risk Buildings and/or undertaking major works to existing Higher-Risk Buildings will be required to follow a new three-stage building control process (known as the "**Gateways**" regime). This process is overseen by the Building Safety Regulator who acts as the building control authority for those buildings. Each Gateway must be applied for at the relevant stage of the project, and it will be an offence to proceed with the work unless approval has been granted by the Building Safety Regulator. Gateways 1 and 2 must be approved prior to the commencement of the construction phase, and Gateway 3 applications for new-build projects must be approved as a pre-condition of the building being occupied.

The BSA also creates a new Dutyholder role of "Accountable Persons" who will be responsible for the safety of each Higher-Risk Building during the entire occupation phase of the building.

The Accountable Person will normally be the person or organisation with a legal interest in the common parts of the building or a relevant repairing obligation in respect of the building. For multi-tenure buildings with more than one Accountable Person, a Principal Accountable Person (as defined in the BSA) will be designated, being the person or organisation with a legal interest in the exterior of the building.

Responsibilities of Accountable Persons include registering each Higher-Risk Building for which they are responsible, with the Building Safety Regulator, assessing and managing "building safety risk" within the building, pro-actively engaging with residents, holding and updating key information about the building (known as "Golden Thread Information") and regularly demonstrating to the Building Safety Regulator that safety risks in the building are being managed. Accountable Persons are not able to contract out their liability for their obligations, though they are able to appoint third parties to assist with specific duties. The BSA also imports a new building safety service charge regime providing for landlords to recharge limited standard building safety costs to leaseholders. The BSA imports implied terms into lease agreements covered by the Landlord and Tenant Act 1985, requiring tenants to cooperate with landlords undertaking building safety inspections and works, and requiring that tenants comply with and do not undermine fire and structural safety systems for the buildings in which they live.

- The BSA requires landlords and associated persons to undertake and pay for remediation works for defects in "relevant buildings" (containing at least two dwellings being at least 11 metres high or having at least five storeys). Leaseholders are now only required to contribute towards remediation costs for relevant buildings in limited circumstances, with financial caps on the value of leaseholders' contributions. Any additional costs to complete remediation works unable to be recovered from leaseholders must be funded by the landlord.
- Breaches of the new building safety regime will constitute offences, incurring fines and/or imprisonment for serious breaches. Individuals within organisations with

Dutyholder responsibilities may also be held liable for breaches where the breach occurred as a result of that person's consent or connivance.

- The BSA also extends the scope of claims under the Defective Premises Act 1972 (the "DPA"), allowing persons with a legal interest in a residential property to claim for defects in buildings or building works that make the building unfit for human habitation. Limitation periods for claims under the DPA have been, allowing retrospective claims for defects of up to 15 years and prospective claims of up to 15 years.

Fire Safety Act

The Fire Safety Act 2021 (the "**FSA 2021**") received Royal Assent on 29 April 2021 and came into force on 16 May 2022. The FSA 2021 amended the Regulatory Reform (Fire Safety) Order 2005 ("**RRFO**"), clarifying its ambit to include the risks posed by the external façade (and external wall system of buildings as well as individual entrance doors to flats) thereby implementing the recommendations made by Sir Martin Moore-Bick in his Phase 1 report following the Grenfell Tower Inquiry. The FSA 2021:

- amends the RRFO to require all Responsible Persons (i.e. the relevant dutyholder(s) under the legislation) to assess, manage and reduce the fire risks posed by the structure and external walls of the building(s) for which they are responsible (including cladding, balconies and windows) and also individual doors opening onto common parts of the building;
- applies to all multi-occupancy residential buildings (and is not subject to or dependent on the height of the building); and
- allows the fire and rescue service to enforce against non-compliance in relation to external walls and the individual doors opening onto the common parts of the premises.

Responsible Persons are legally required to keep records and share certain information with residents and local fire and rescue services on design and materials of existing high-rise residential buildings in England.

Registered Providers of Social Housing are the statutory "Responsible Persons" in respect of all buildings that they either own, occupy or manage.

Grenfell Tower Inquiry Phase 2 Report

The Grenfell Tower Inquiry published its final report entitled "*Grenfell Tower Inquiry: Phase 2 Report*" on 4 September 2024, concluding the 7 year-long public inquiry into the causes of the Grenfell Tower fire and the deaths of 72 residents. The Report is critical of all parties related to the project and generally critical of the leadership and supervision of the construction industry, specifically criticising:

- central government departments for failing to address fire safety concerns in the construction industry and an unclear and ambiguous building regulatory regime;
- construction industry advisory bodies for not exercising sufficient independence and failing to prevent the use of unsafe building materials in high-risk building projects;
- manufacturers and suppliers of cladding and insulation materials used in the refurbishment of Grenfell Tower, for misleading customers about the safety of their products;
- the local authority landlord and tenant management organisation in charge of managing Grenfell Tower, for prioritising cost savings over safety concerns in the procurement of the design and construction team; failing to manage and mitigate fire safety risks in the

design and construction of the project; and failing to provide adequate support for residents following the fire;

- the lead contractor, cladding sub-contractor, architect, fire safety engineer and other key players in the project, for failing to understand their legal and contractual obligations and ensure adequate fire safety in the design and construction of the project; and
- the local authority building control officer for failing to identify and mitigate fire safety risks in the design and construction of the project.

The Inquiry made a number of recommendations for reform of the regulatory environment, including amendments to the Building Regulations and the new building control (Gateways) regime for Higher-Risk Buildings, an extension of the scope of Higher-Risk Buildings; the establishment of a construction regulator; registration of contractors permitted to work on High-Risk Buildings; increased resources and regulation of fire risk assessors; and the potential removal of local authority building control in favour of a centralised authority. The UK Government is expected to respond on the recommendations in the next few months.

"Net Zero" – Targets and the impact on the social housing sector

The Climate Change Act 2008 committed the UK (by law) to an 80 per cent. reduction of greenhouse gas emissions by 2050, compared to 1990 levels. In 2019, the UK Government revised (and upgraded) the UK's commitment to reducing greenhouse gas emissions to a 100 per cent. reduction through the Climate Change Act 2008 (2050 Target Amendment) Order 2019. The Act also established the Committee on Climate Change ("**CCC**") to ensure that emissions targets are evidence-based and independently assessed.

The Climate Change Act 2008 requires the UK Government to set legally-binding "carbon budgets" to act as formal milestones towards the 2050 target. A carbon budget is essentially a cap on the amount of greenhouse gases to be emitted in the UK over a five-year period. Carbon budgets must be set at least 12 years in advance of when they will be in place, in order to allow policy-makers, businesses and individuals sufficient time to prepare. The budgets are designed to reflect a cost-effective way of achieving the UK's long-term climate change objectives and once a carbon budget has been agreed/set, the Climate Change Act 2008 enshrines it in law and places a binding obligation on the UK Government to put policies in place to ensure the budgeted cap on greenhouse gas emissions is met (i.e. not exceeded). Thereby, the UK is committed to the following reductions in greenhouse gas emissions:

- a 52 per cent. reduction of greenhouse gas emissions (on 1990 levels) between 2023 and 2027;
- a 58 per cent. reduction of greenhouse gas emissions (on 1990 levels) between 2033 and 2037;
- a 77 per cent. reduction of greenhouse gas emissions (on 1990 levels) by 2035.

The carbon budgets between 2037 and 2050 are not yet in place but the net zero target requires at least a 100 per cent. reduction of greenhouse gas emissions (on 1990 levels) by 2050.

Among the UK Government's strategies to meet these targets, those that will impact the social housing sector include:

- The Labour Government's manifesto pledged an extra £6.6 billion as part of its Warm Homes Plan to retrofit homes and deliver domestic low carbon heat measures. The Warm Homes Plan intends to offer a mixture of grants and low interest loans to support investment in home insulation, energy upgrade measures and low carbon heating. We note that the Labour Government has revoked the previous Government's policy requiring the phase out of gas boiler installations by 2035 and is instead looking to use incentives to accelerate the phase out of gas boilers. Details of these incentives and details of the Warm Homes Plan are awaited but social landlords will likely still need to

plan for the replacement of gas boilers with low carbon heating alternatives (such as heat pumps) or review whether the connection to a low carbon heat network is feasible.

- The Social Housing Decarbonisation Fund, provides financial support for upgrading social housing stock currently below Energy Performance Certificate ("EPC") Band C to that standard. The UK Government has proposed it will make £3.8 billion available over a ten year period from 2019. Following a "demonstrator phase" in October 2020, where £61 million was awarded, £179 million was allocated in February 2022 under Wave 1, £778 million was allocated in March 2023 under Wave 2.1, £80 million was allocated in April 2024 in Wave 2.2 and a further £1.2 billion is proposed to be allocated under the upcoming Wave 3.
- In August 2024, the UK Government announced that private rented homes would be required to meet a minimum EPC rating of C by 2030. In April 2024, the DLUHC announced that it would shortly be publishing consultations on the minimum energy efficiency standards for social housing.
- Reform of the Energy Performance of Buildings Regulations with a particular focus on improvements to the Energy Performance Certificate regime, notably in the accuracy and reliability of EPCs and to ensure they better support government policy particularly in respect of improving housing quality, lowering fuel bills and supporting Net Zero targets.
- From 2025, the upcoming Future Homes Standard will set performance requirements at a level which require new homes to have high fabric standards, use low carbon heating and be "zero-carbon ready". This standard will apply to any new build homes built by social housing landlords.
- The Energy Act 2023, includes powers to enable heat network zoning in England that would require buildings within zones to connect to heat networks within a specific timeframe. These measures are currently in consultation phase. This legislation should encourage the growth of low-carbon heat networks with requirements on surrounding buildings to connect, which is likely to include social housing blocks located with any such heat network zones.
- Future policies to drive more resource-efficient construction and use of existing low carbon materials, including phasing in mandatory whole-life reporting and, to follow, minimum standards for all buildings.
- Climate Change Adaptation – The effects of climate change in the UK will have an impact on the built environment, for housing this could include overheating risk, indoor air quality risk, flood risk and water scarcity. In December 2021, a new legal requirement was introduced in the Building Regulations (Part O) to reduce the risk of overheating in residential buildings, although this does not address adaptation in the existing building stock. Landlords will also need to consider the need to retrofit existing properties to deal with climate related risks (for example, to prevent overheating in properties or to defend against flooding).

The UK Government's Net Zero strategy also highlights the UK Government's targets in relation to decarbonising transport. The UK Government had committed to end the sale of new diesel cars and vans by 2030 and was promoting the transition to Electric Vehicles ("EVs"). The UK Government has since announced, on 20 September 2023, that the timeframe for implementing this ban will be extended to 2035. The new UK Government has since indicated that it would reinstate the original target of 2030, however this has not yet been confirmed. Although the UK Government timescales may be changing, EV manufacturing and ownership is increasing. To facilitate this transition, the roll out of EV charging infrastructure will need to keep pace with the uptake of EV vehicles. Following a 2019 consultation, changes to the Building Regulations are expected that will require EV chargepoints to be installed in new homes with parking spaces, buildings undergoing material change in use to become dwellings and existing

residential buildings undergoing major renovations. Landlords will also need to consider the impacts of retrofitting EV charging infrastructure into existing properties.

Moratorium and housing administration

In order to protect the interests of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 day moratorium on the disposal of land (including the enforcement of any security) by an insolvent non-profit Registered Provider of Social Housing will apply, upon notice being given to the Regulator of certain steps being taken in relation to that Registered Provider of Social Housing such as the presentation of a winding up petition, the appointment of an administrator or the intention to enforce security over its property. Exceptions are made for specific types of lettings and disposals pursuant to a right to buy or right to acquire. The Regulator may then seek to agree proposals about the future ownership and management of the Registered Provider of Social Housing's land with its secured creditors. The moratorium procedure may adversely affect the Security Trustee's ability to enforce the Property Security, as the procedure stipulates actions that must be taken by a secured creditor prior to that secured creditor being able to enforce its security and gives powers to the Regulator in respect of certain secured assets, including notifying the Regulator of its intention to enforce its security.

The Issuer is a registered society within the meaning of the Co-operative and Community Benefit Society Act 2014, and is therefore not subject to administration under the Insolvency Act 1986. However, the HPA 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced a special administration regime called housing administration which was brought into force on 5 July 2018 and is available in addition to the moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing, following an application from the Secretary of State or (with the permission of the Secretary of State) the Regulator.

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents secured creditors from enforcing their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In certain circumstances a court may make an order enabling a housing administrator to dispose of property belonging to a Registered Provider of Social Housing which is subject to a fixed charge, albeit only on terms that the fixed charge holder receives the proceeds up to the value of the security and those proceeds are topped up to "market value" if the property is sold for less than this.

VALUATION REPORT

The valuation report set out below (the "**Valuation Report**") was prepared by Jones Lang LaSalle Limited of 30 Warwick Street, London W1B 5HN (the "**Valuer**") and relates to the properties which will be charged in favour of the Security Trustee, and allocated for the benefit of the 2044 Bond Beneficiaries, as at the New Bond Issue Date to secure the Bonds (the "**Existing Properties**"). The Valuation Report is included in these Admission Particulars, in the form and context in which it is included, at the Issuer's request and with the consent of the Valuer and the Valuer has authorised the contents of this section.

The Valuer does not have a material interest in the Issuer.

Summary of valuations

A summary of the values of the Existing Properties set out in the Valuation Report which are to be allocated for the benefit of the 2044 Bond Beneficiaries is set out below:

EUV-SH / MV-ST as appropriate				Total
Units No.	Valued on EUV-SH basis £	Units No.	Valued on MV-ST basis £	£
1,077	£134,890,000	807	£175,640,000	£310,530,000

In addition to the properties specified in the table above, there are also an additional 117 units which have been valued at nil value.

Value and Risk Advisory

Valuation Report

Property Valuation: 2,001 Affordable Housing properties owned by Paradigm Homes Charitable Housing Association Limited relating to the issue by it of £50,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (to be consolidated and form a single series with the £250,000,000 5.25 per cent. Secured Sustainability Bonds due 2044)

Job Ref: 920000000422684

Dear Sirs

2,001 Affordable Housing units owned by Paradigm Homes Charitable Housing Association Limited (as the “Issuer”) relating to the issue by it of £50,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the “New Bonds”) (to be consolidated and form a single series with the £250,000,000 5.25 per cent. Secured Sustainability Bonds due 2044 (the “Existing Bonds” and, together with the New Bonds, the “Bonds”)

We are pleased to attach our report (the “Report”) in connection with the above.

This Report is issued for the benefit and use of the Addressees and for inclusion in the admission particulars in respect of the issue of the Bonds (the “Admission Particulars” and the “Bond Issue”) and may only be used in connection with the Admission Particulars and the Bond Issue. We hereby give our consent to the publication of this Report within the Admission Particulars and accept responsibility for the information contained in this Report. A copy of this Report may be provided to the affiliates of the Addressees for information purposes only.

Having taken all reasonable care to ensure that such is the case, the information given in this Report is, to the best of our knowledge, in accordance with the facts and contains no omission likely to affect its import.

Before this Report or any part of it is reproduced or referred to in any document, circular or statement (other than the Admission Particulars in respect of the Bonds), our written approval as to the form and context of such publication must be obtained.

Yours faithfully

Executive Summary

This summary should be read in conjunction with the main body of our report. Section numbers are supplied where relevant.

Introduction

The date of this Report is 10 March 2025.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 2,001 properties for loan security purposes.

Properties

The portfolio comprises 1,884 social housing units located across the East of England, South East and Greater London. From our inspections, the properties are a mixture of ages and of traditional brick, concrete and steel construction.

The portfolio contains a mixture of different tenures as summarised in the table overleaf and set out in greater detail in section 3 of this Report.

In addition, there are 117 units in the Portfolio which either form ancillary accommodation, or have been sold on long leases or fully staircased. The Issuer's interest in these units is considered to be de minimis for the purpose of this exercise and so they have been included at nil value. Furthermore, please note that these properties have not been included in any unit counts or other statistics in this Report.

We have inspected the exterior of all units in the portfolio and have seen a representative sample of 5% internally (section 2.3).

Valuations

The valuation date is 10 March 2025.

Our valuation of the 1,077 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£134,890,000

(one hundred and thirty four million, eight hundred and ninety thousand pounds)

Our valuation of the 807 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£175,640,000

(one hundred and seventy five million, six hundred and forty thousand pounds)

For information purposes only, our valuation of the 807 MV-T Properties valued on the basis of EUV-SH, in aggregate, at the valuation date is:

£93,580,000

(ninety three million, five hundred and eighty thousand pounds)

The following table summarises our opinions of value (section 6):

Freehold Properties

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	352	EUV-SH	£56,405,000	-
GN Affordable Rent	172	MV-T	£30,275,000	£40,790,000
GN Social Rent	82	EUV-SH	£8,745,000	-
GN Social Rent	546	MV-T	£53,840,000	£117,465,000
HOP Affordable Rent	4	MV-T	£780,000	£1,320,000
HOP self-contained	26	MV-T	£2,590,000	£6,390,000
Intermediate Rent	12	MV-T	£1,570,000	£2,700,000
Supported Affordable Rent	2	MV-T	£265,000	£270,000
Supported self-contained	10	MV-T	£855,000	£1,600,000
Shared Ownership	586	EUV-SH	£62,210,000	-
Total	1,792		£217,535,000	£170,535,000

Leasehold Properties

Category	Units Count	Basis of Valuation	EUV-SH	MV-T
GN Affordable Rent	31	EUV-SH	£4,995,000	-
GN Affordable Rent	10	MV-T	£1,285,000	£1,450,000
GN Social Rent	11	EUV-SH	£1,045,000	-
GN Social Rent	7	MV-T	£600,000	£1,095,000
Intermediate Rent	3	MV-T	£305,000	£560,000
Supported Affordable Rent	2	MV-T	£215,000	£200,000
Supported self-contained	13	MV-T	£1,005,000	£1,800,000
Shared Ownership	15	EUV-SH	£1,490,000	-
Total	92		£10,940,000	£5,105,000

Portfolio Analysis

Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers of Social Housing (“RPs”) in the respective areas;

- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (“LHA”) for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio’s location and composition;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales; and
- EUV-SH values are likely to maintain their current levels as stock transactions within the sector and access to debt markets continue to take place, albeit with more hesitancy due to market fluctuations.

There is excess demand for affordable housing properties across the localities within the portfolio as summarised by the following data.

Households on local authority waiting lists:

Region	Waiting list
East of England	108,000
South East	150,000
Greater London	244,000

Based on current levels of affordable housing supply (new build) across the localities within the portfolio, the following table summarises the number of households on the waiting list for every new property being built:

Region	No. of Households
East of England	39
South East	28
Greater London	45

Weaknesses:

- the age of the properties mean they require continued investment in order to be able to maintain the same level of rental income in the long term;
- downward pressure on house prices in the medium-term and falling transaction volumes could impact upon values going forward; and
- there are short-term risks for RPs’ income not supported by housing benefit and a greater number of voids and arrears.

Opportunities:

- increased efficiencies are continuing to be driven by mergers between RPs;
- rationalisation of RPs’ stock allowing for more efficient asset management;
- investment of REITs and other funds into the sector as whole; and

- reactive changes to working conditions and government policy could drive further efficiencies in the sector and wider economy in the longer-term.

Threats:

- the social housing sector's financial performance is weakening due to increased spending on existing homes and higher interest rates;
- the strongest financial pressures are seen in London and other urban areas with large numbers of flats still needing building safety works;
- RPs' spending on repairs and maintenance is at record levels and development plans are being scaled back due to financial constraints; and
- there is an increased focus both within the sector and the media on tenant safety and service delivery. Failure to deliver quality services or engage with tenants effectively can harm tenants and damage reputation.

Suitability of Security

Your instructions require us to comment on whether the properties we have valued provide adequate security for the issue.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However, we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH, or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.

Based on the sample of inspections undertaken as a part of this valuation exercise, we are satisfied that the properties are being maintained to an acceptable social housing standard in line with the Regulator of Social Housing ("RSH") regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

Subject to the information presented within this Report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this portfolio is suitable for security purposes.

Stock

The stock is summarised by count of unit type as follows:

Property Type	Units
Studio flat	4
1 bed flat	356
2 bed flat	515
3 bed flat	26
4 bed flat	3
1 bed house	19
2 bed house	386
3 bed house	441
4 bed house	89
1 bed bungalow	4
2 bed bungalow	40
3 bed bungalow	1
Total	1,884

Locations

The properties within the portfolio are located across the East of England, South East and Greater London. as shown in the table below:

County	Units
Bedfordshire	233
Berkshire	56
Buckinghamshire	1,261
Cambridgeshire	9
Essex	17
Greater London	33
Hertfordshire	123
Oxfordshire	152
Total	1,884

Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented valuations:

Assumption	EUV-SH
Rental income growth - (Year 1)	1.0%
Bad debts and voids (Year 1)	2.5% - 3.0%
Management costs (average per unit)	£750
Management cost growth inflator	0.50%
Total repairs costs (Year 1)	£2,055 - £2,171
Repair cost growth inflator	1.00%
Discount rate (income)	5.25% - 5.75%

MV-T Assumptions: Rented Properties

The following table provides a summary of the assumptions made in our rented MV-T valuations:

Assumption	MV-T
Rental income growth - houses (Year 1)	14.6% - 17.0%
Rental income growth - flats (Year 1)	14.3% - 17.9%
Sales rate (houses)	4.0% - 25.0%
Sales rate (flats)	4.0% - 25.0%
Bad debts and voids (Year 1)	8.0%
Management costs	10.0%
Total repairs costs (Year 1)	£4,400
Repair cost growth inflator	1.00%
Discount rate (income)	7.25%
Discount rate (sales)	7.50% - 8.00%

Assumptions: Shared Ownership

The following table provides a summary of the assumptions made in our shared ownership valuation:

Assumption	EUV-SH
Discount rate (income)	4.75%
Discount rate (sales)	7.50%
Management Costs	5.0% of Gross Income
Sales rate (yrs. 0-2)	10 tranche sales p.a.
Sales rate (yrs. 3-15)	20 tranche sales p.a.
Sales rate (yrs. 16-35)	15 tranche sales p.a.
Sales rate (yrs. 36-50)	10 tranche sales p.a.
Rental growth (all years)	0.50%

This summary should be read in conjunction with the remainder of this Report and must not be relied upon in isolation.

1 Introduction

1.1 Background

Jones Lang LaSalle Limited (hereafter “JLL”) has been instructed to prepare a valuation of 1,884 properties (the “Portfolio”) owned by the Issuer which as at the date of the issue of the New Bonds will be charged by the Issuer to the Security Trustee for the benefit of, inter alios, itself and the holders of the Bonds to secure the Issuer’s obligations under the Bonds.

1.2 Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the “Red Book”).

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This report has been prepared by Marc Burns, a Director of JLL and countersigned by James Massey MRICS (Valuer Number: #5036140).

The report is also countersigned by Fiona Hollingworth MRICS (Valuer Number: #0099707) and Richard Petty FRICS (Valuer Number: #0089005)

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this Report.

The valuation date is 10 March 2025.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Issuer’s accounts. This report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this Report. We understand that values given in the Issuer’s accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the Issuer. This is an entirely different basis of valuation from that used for loan security purposes.

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the Issuer, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the Issuer is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2024) and that we do not anticipate this situation changing in the foreseeable future.

1.3 Instructions

Our report is prepared in accordance with the Issuer's formal instructions.

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

1.4 Status of Valuer

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility within JLL is considered no later than the end of 2030.

1.5 The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

1.6 Deregulatory Measures

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These are very significant for the UK social housing sector, as they give RPs greater

freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the RSH to prevent asset management actions.

The deregulatory measures introduced, give RPs the freedom to dispose of assets without the RSH's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

There are already early signs that these measures are having an effect on RPs' thinking, and on their business plans, as they begin to adopt a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, through our day to day work, we are beginning to see more analytical requirements in terms of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs are in any way sacrificing their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

As mentioned, some RPs are steadily starting to build in an element of void sales into some stock rationalisation bids, however in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

2 Methodology

2.1 Valuation Model

We have undertaken our valuation of the portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

In accordance with section 1.5, whilst we recognise that there is a growing active market for the sale of tenanted stock between RPs, we have not split the portfolio into 'lots' to reflect this and have, in accordance with our instructions, valued the properties as a single portfolio.

Against the income receivable for each property, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing. We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2 Information Provided

The principal source of background data for the portfolio has been the rent roll for each property provided by the Issuer. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

A location plan of the portfolio is provided as Appendix 2.

2.3 Inspections

We derived our inspections strategy by giving full regard to:

- the geographical spread of the stock;
- the concentration (and thereby its exposure to risk); and
- the property types.

We have satisfied ourselves as to the quality of location and the general condition of and level of fixtures and fittings provided to the properties, and we have derived our valuation assumptions accordingly.

In accordance with our instructions, we have inspected all schemes externally and a representative sample of 5% of the stock was inspected internally. Our inspections were carried out between 5 February 2024 and 15 February 2024 and between 13 January 2025 and 17 January 2025.

A representative selection of photographs is provided as Appendix 3.

2.4 Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with the Issuer's rents; and
- analysing data provided by the Issuer.

3 General Commentary

Schedules summarising the following data for each property within the portfolio form Appendix 1 of this Report:

- address;
- unit type;
- title number; and
- tenure.

3.1 Locations

The properties within the portfolio are located across the East of England, South East and Greater London as shown in the table below:

County	Units
Bedfordshire	233
Berkshire	56
Buckinghamshire	1,261
Cambridgeshire	9
Essex	17
Greater London	33
Hertfordshire	123
Oxfordshire	152
Total	1,884

A location plan of the portfolio is provided at Appendix 2.

3.2 Property Types

The following table summarises the unit types within the portfolio.

Property Type	Units
Studio flat	4
1 bed flat	356
2 bed flat	515
3 bed flat	26
4 bed flat	3
1 bed house	19
2 bed house	386

3 bed house	441
4 bed house	89
1 bed bungalow	4
2 bed bungalow	40
3 bed bungalow	1
Total	1,884

3.3 Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties within the portfolio are a mixture of ages as shown in the table below:

Age	House	Flat	Bungalow	Total
Pre-1919	10	-	-	10
1920-1949	6	21	1	28
1950-1979	281	144	18	443
1980s	28	100	4	132
1990s	12	30	-	42
2000s	94	70	21	185
2010s	494	510	1	1,005
Post 2020	10	29	-	39
Total	935	904	45	1,884

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

Based on our inspections, we are satisfied that the properties we inspected internally, are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

3.4 Fire Safety

Our valuations have been provided in accordance with the RICS' Guidance Note: "*Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021*" (the 'Guidance Note'), effective from 5 April 2021.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property.

From our inspections there are no blocks of six storeys or above in the portfolio or any blocks under six storeys where we have queried the construction of the external wall system or whether potentially combustible cladding or timber balconies are present.

3.5 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Issuer. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs.

However, the Issuer has confirmed the EPC rating applicable for 1,882 properties in the portfolio which are summarised in the table below:

EPC Rating	Units
A	25
B	856
C	851
D	146
E	6
Total	1,884

3.6 Climate Change Risk and Net Zero Carbon

Global warming targets set in the Paris Agreement are 1.5-2.0° Celsius above pre-industrial levels. Even the lower end of this range will produce significant changes to global climate systems, including extreme heat or cold events, higher frequency and severity of precipitation or drought, and sea level rise. Therefore, the level of physical climate-related risk of the subject property is likely to fluctuate over its useful life. High levels of climate risk could affect occupier and investor demand, as well as ability to obtain building insurance.

There is an increased focus on Environmental, Social & Governance (ESG) criteria for investment across all asset classes, including real estate. There are also various new, ESG-focused funds entering the real estate market. As a result, the value of property assets of all types is likely to be increasingly affected over time by long term, sustainability challenges. We note that, under the Paris Agreement, the 2050 vision is for all buildings, both new and existing, to be net zero carbon across the whole life cycle. As an interim ambition, the agreement envisages that all new buildings should be able to achieve zero carbon in operations, and aim to reduce carbon emissions by 40%, by 2030.

To achieve the best sustainability credentials and, in particular, to achieve Net Zero Carbon specification, the cost of a refurbishment of a building is currently higher than it would be for a refurbishment which fell short of the standards. However, given the speed at which both the legislation and ESG requirements are advancing, there is a risk that, within the next ten years, further capital expenditure will be required. However, such costs may be mitigated in the future through the principles of the Circular Economy, with a greater focus on recycling materials, and the development of more flexible buildings which can be refurbished and adapted to alternative uses more economically.

Therefore, in terms of cashflow, we anticipate that the technological advances, combined with the increased supply of products and competition, will lower these costs over time and we have not, at this stage, included in our valuation any additional allowance for costs to support the move to net zero carbon over the period covered by our valuation models.

4 Valuation Commentary – Rented Stock

4.1 Introduction

There are 1,283 rented affordable housing properties in the portfolio. These are summarised in the table below.

Category	Units	% of the Portfolio
GN Affordable Rent	565	44.0%
GN Social Rent	646	50.0%
HOP Affordable Rent	4	0.5%
HOP self-contained	26	2.0%
Intermediate Rent	15	1.0%
Supported Affordable Rent	4	0.5%
Supported self-contained	23	2.0%
Total	1,283	100%

4.2 Tenancies

The majority of the rented properties (circa 93.53%) are let on assured tenancies. We have assumed that these are ‘standard’ assured tenancies although we have not seen example tenancy agreements. The remaining 83 units are let on secure tenancies.

4.3 Rental Income

The following table summarises the total income that the Issuer receives from the portfolio annually:

Category	Annual Income	Average Rent
GN Affordable Rent	£5,838,714	£198.73
GN Social Rent	£4,637,842	£138.06
HOP Affordable Rent	£44,640	£214.62
HOP self-contained	£185,514	£137.21
Intermediate Rent	£133,932	£171.71
Supported Affordable Rent	£33,110	£159.19
Supported self-contained	£150,842	£126.12
Total	£11,024,594	£165.25

The Statistical Data Return (“SDR”) is an annual online survey completed by all private RPs of social housing in England. The latest return for 2023/24 provides the average social rents charged by all RPs for general needs and

sheltered/supported properties. The following table compares the Issuer's average rents with the average sector rents in the same localities:

Region	Average Sector Rent - General Needs	Issuer General Needs	Average Sector Rent – Affordable Rent	Issuer Affordable Rent	Average Sector Rent - Supported	Issuer Sheltered & Supported
East of England	£102.38	£140.76	£151.68	£197.58	£97.86	-
Greater London	£121.09	£182.90	£206.48	£218.94	£113.92	-
South East	£109.77	£137.32	£172.23	£197.92	£101.06	£134.06

According to the Valuation Office Agency, LHA is set at the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

The following table sets out a comparison of the Issuer's average rents with the average LHA in the portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks).

Category	Average Passing Rent	Average LHA	% of LHA	Average Market Rent	% of Market Rent
GN Affordable Rent	£198.73	£249.84	79.5%	£335.43	59.2%
GN Social Rent	£138.06	£253.85	54.4%	£342.04	40.4%
HOP Affordable Rent	£214.62	£287.67	74.6%	£365.00	58.8%
HOP self-contained	£137.21	£255.81	53.6%	£347.69	39.5%
Intermediate Rent	£171.71	£268.57	63.9%	£324.00	53.0%
Supported Affordable Rent	£159.19	£189.87	83.8%	£208.27	76.4%
Supported self-contained	£126.12	£196.62	64.1%	£213.95	58.9%

We are unable to verify the accuracy of the rent roll provided to us by the Issuer.

4.4 Affordability

In addition, we have looked at the passing rents as a proportion of local net weekly earnings as reported by the Office of National Statistics in its provisional 2023 Annual Survey of Hours and Earnings. The results for each of the regions in our valuations are shown in the table overleaf and, in our opinion, demonstrate that the rents being charged by the Issuer are affordable.

Region	Average Weekly Earnings	General Needs	General Needs as %age	Affordable Rent	Affordable Rent as %	Sheltered & Supported	Sheltered/Supp as %
East of England	£509.50	£140.76	27.6%	£197.58	38.8%	-	-
Greater London	£677.84	£182.90	27.0%	£218.94	32.3%	-	-
South East	£534.51	£137.32	25.7%	£197.92	37.0%	£134.06	25.1%

4.5 EUV-SH Rental Growth

We have modelled rental growth of 1.0% in the first year of our cashflow, and rental growth of CPI plus 1% in all years thereafter into perpetuity.

4.6 MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the portfolio.

We have assumed that it will take between 2 and 7 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

The average increases we have modelled per year for houses in each of our valuations range from 14.6% - 17.0% and from 14.3% - 17.9% for flats.

4.7 Relet Rates

Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. The annual rates of tenancy turnover experienced by housing associations vary considerably between localities and between different property types. In regard to assured tenancies, national turnover rates are typically within the range of 5.0% to 11.0%, with higher rates of turnover in the North than in the South.

The rates that we have adopted are set out in the table below, and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.11.

Property Type	Relet Rate
House	5.0%
Flat	5.0%
Room	5.0%

4.8 Sales Rates

In accordance with section 1.6, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices across the same localities over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Category	Annual Sales Rates	Sales (Year 1)
Sales rate (houses)	4.0% - 25.0%	20
Sales rate (flats)	4.0% - 25.0%	17

The above figures equate to 616 sales in total over 50 years. This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

4.9 Right to Buy

We anticipate that the tenants of some of the properties within the portfolio may have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). However, we consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.10 Outgoings

In forming our opinion of the net rental income generated by the portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Issuer's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.11 Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2024 Global Accounts data provided by the RSH and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2024 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.66% of their gross income through bad debts and 1.77% through void losses. The void losses reflect an increase from 0.55% in the 2023 data whilst bad debts have remained at similar levels over the same period.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

The rates we have adopted for bad debts and voids as a percentage of gross income for each of our EUV-SH and MV-T valuations are summarised in the table below:

Category	Units Count	Bad debts & voids Year 1 (EUV-SH)	Bad debts & voids Year 1 (MV-T)
GN Affordable Rent	565	3.00%	8.0%
GN Social Rent	646	2.50%	8.0%
HOP Affordable Rent	4	2.50%	8.0%
HOP self-contained	26	2.50%	8.0%
Intermediate Rent	15	3.00%	8.0%
Supported Affordable Rent	4	3.00%	8.0%
Supported self-contained	23	3.00%	8.0%

4.12 Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the Issuer. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2024 Global Accounts, the average cost of management across the sector is £1,191 per unit and the average management cost for the Issuer is £749 per unit.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted an average rate of £750 per unit for management and administration in our valuations on the basis of EUV-SH.

We have assumed that a mortgagee in possession would expect to spend 10.0% of rental income on management and administration in our valuations on the basis of MV-T.

4.13 Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2024 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £2,663 per unit and the average maintenance cost for the Issuer is £3,025 per unit. The Global Accounts average figure for the sector is an increase of 15.8% on the 2023 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.3 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 1.0% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£1,205
Cyclical repairs	Year 1	£400
Day-to-day repairs	Year 1	£500
Total Average Costs	Year 1	£2,105

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

4.14 Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the portfolio;

- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.25% and 5.75% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 2 to 7 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of 7.25% (rental income), and between 7.50% and 8.00% (sales) for our MV-T cashflows.

5 Valuation Commentary - Shared Ownership

5.1 Introduction

There are 601 shared ownership properties within the portfolio. The Issuer currently owns 52.53% of the equity in the units and a rent is charged on this percentage.

5.2 Rental Levels

According to the information provided by the Issuer, the average gross weekly rental level is £88.90 against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

5.3 Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

It should also be noted that although, in general, rents in the sector will be linked to CPI, the rents for shared ownership properties will grow as set out in the signed leases for each property. We have not had sight of these leases and assume that they have the standard rent review provisions (upwards only, indexed linked at RPI plus 0.5%) set out in the model shared ownership lease, published by the National Housing Federation.

We have grown rents at a rate of RPI plus 0.5% in line with this guidance and the terms of the existing leases.

5.4 Outgoings

In forming an opinion of the net rental income generated by the portfolio, we have allowed 5.0% of gross rental income for management.

5.5 Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

5.6 Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.7 Discount Rate

For our EUV-SH valuation we have adopted a discount rate of 4.75% on the rental income and 7.5% on sales.

5.8 Market Value subject to Vacant Possession (MV-VP)

The average MV-VP of the retained equity in the shared ownership properties in the portfolio is £150,236.

5.9 Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our cashflow model. We have assumed that equity is sold in 25.0% tranches.

The rates we have adopted in our cashflow are as follows:

Years	Tranche Sales p.a.
Sales rate (yrs. 0-2)	10
Sales rate (yrs. 3-15)	20
Sales rate (yrs. 16-35)	15
Sales rate (yrs. 36-50)	10

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value. However, it should be noted that in our valuation, the majority of the value (circa 71.81%) is attributed to the rental income.

6 Valuation

6.1 Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing (“EUV-SH”); and
- Market Value subject to existing Tenancies (“MV-T”).

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 1. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this Report.

6.2 Asset Value for Loan Security Purposes

Our valuation of the 1,077 properties being valued on the basis of Existing Use Value for Social Housing (“EUV-SH”), in aggregate, at the valuation date is:

£134,890,000

(one hundred and thirty four million, eight hundred and ninety thousand pounds)

Our valuation of the 807 properties being valued on the basis of Market Value subject to Tenancies (“MV-T” and the “MV-T Properties”), in aggregate, at the valuation date is:

£175,640,000

(one hundred and seventy five million, six hundred and forty thousand pounds)

For information purposes only, our valuation of the 807 MV-T Properties valued on the basis of EUV-SH, in aggregate, at the valuation date is:

£93,580,000

(ninety three million, five hundred and eighty thousand pounds)

Freehold Properties

Our valuation of the 1,020 freehold properties being valued on the basis of Existing Use Value for Social Housing (“EUV-SH”), in aggregate, at the valuation date is:

£127,360,000

(one hundred and twenty seven million, three hundred and sixty thousand pounds)

Our valuation of the 772 freehold properties being valued on the basis of Market Value subject to Tenancies (“MV-T”), in aggregate, at the valuation date is:

£170,535,000

(one hundred and seventy million, five hundred and thirty five thousand pounds)

Leasehold Properties

Our valuation of the 57 freehold properties being valued on the basis of Existing Use Value for Social Housing (“EUV-SH”), in aggregate, at the valuation date is:

£7,530,000

(seven million, five hundred and thirty thousand pounds)

Our valuation of the 35 freehold properties being valued on the basis of Market Value subject to Tenancies (“MV-T”), in aggregate, at the valuation date is:

£5,105,000

(five million, one hundred and five thousand pounds)

6.3 Asset Value by Tenure

Our valuation of each individual tenure is shown in the following table:

Category	Units Count	Basis of Valuation	EUV-SH	MV-T	MV-VP Retained Equity
GN Affordable Rent	383	EUV-SH	£61,400,000	-	£115,295,000
GN Affordable Rent	182	MV-T	£31,560,000	£42,240,000	£59,085,000
GN Social Rent	93	EUV-SH	£9,790,000	-	£28,625,000
GN Social Rent	553	MV-T	£54,440,000	£118,560,000	£187,605,000
HOP Affordable Rent	4	MV-T	£780,000	£1,320,000	£2,000,000
HOP self-contained	26	MV-T	£2,590,000	£6,390,000	£10,480,000
Intermediate Rent	15	MV-T	£1,870,000	£3,260,000	£4,095,000
Supported Affordable Rent	4	MV-T	£480,000	£470,000	£665,000
Supported self-contained	23	MV-T	£1,860,000	£3,400,000	£4,365,000
Shared Ownership	601	EUV-SH	£63,700,000	-	£90,400,000
Total	1,884		£228,470,000	£175,640,000	£502,615,000

7 Bases of Valuation

Our valuations have been prepared in accordance with the RICS Red Book.

7.1 Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

“Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body’s requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above.”*

7.2 Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

“The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.”

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

“That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject.”

7.3 Expenses

No allowance is made in our valuations for any expenses of realisation.

7.4 Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

The transfer of properties between RPs is exempt from Stamp Duty Land Tax (“SDLT”). Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5 VAT

Our valuations are exclusive of VAT on disposal.

8 Sources of Verification of Information

8.1 General

We have relied upon the description, tenancy type and current rental income provided to us by the Issuer and we have been unable to verify the accuracy of that data.

8.2 Tenure

Unless otherwise stated in this Report, the Issuer holds a freehold interest or long leasehold interest with not less than 80 years unexpired in respect of its properties. We confirm that there will be no material difference in the MV-T and EUV-SH cashflow valuations between these two holding interests.

8.3 Title

We have reviewed the certificates of title prepared by Devonshires Solicitors LLP dated (a) 20 May 2021 and 31 May 2022 and the reliance and top up letters dated 4 April 2024 in respect of such certificates of title and (b) 10 March 2025 (together, the “Property Documents”) and can confirm that our valuations fully reflect the disclosures contained therein.

In respect of each property that we have valued on the basis of MV-T we confirm that we have reviewed the Property Documents and confirm that each such property can be disposed of on an unfettered basis (subject only to existing tenancies disclosed in the Property Documents but not subject to any security interest, option of other encumbrance or to any restriction preventing or restricting its sale to or use by any person for residential use).

8.4 Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this Report.

8.5 Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this Report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

8.6 Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily

apparent defects or items of disrepair, which we note during our inspections, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.7 Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.8 Reinforced Autoclaved Aerated Concrete (“RAAC”)

The presence of RAAC in buildings and its potential to fail with little or no warning is receiving media attention at the moment following the closure of schools which are considered to be at risk.

RAAC is a lightweight form of concrete commonly used in construction between the 1950s and mid-1990s. It is predominantly found as precast panels in roofs, commonly flat roofs, and occasionally in floors and walls.

Although the majority of reported cases are within education and public sector buildings, there is potential for RAAC to be present in other property types and sectors. Whether this poses a risk will depend on several factors including location, condition and quality of the original installation and each case will need to be assessed on its own merits.

Within the residential sector, the RICS advise that they expect the exposure to be low. The RSH has also said that it believes RAAC is not widespread in social housing.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using RAAC. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

8.9 Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.10 Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the

preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.11 Japanese Knotweed

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

8.12 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Issuer. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs.

Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

8.13 Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the “the Red Book”. Such figures should not be used for any other purpose other than in the context of this valuation.

8.14 Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.15 Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.16 The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

8.17 Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

8.18 Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.19 Plans and Maps

All plans and maps included in our report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.20 Compliance with Building Regulations and Statutory Requirements

Our valuations have been provided in accordance with the RICS' Guidance Note: "*Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021*", effective from 5 April 2021.

Unless otherwise stated in our report none of the properties are of 18m or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

Housing Market Commentary

JLL Residential Market Update – February 2025

Angela Rayner has committed another £350 million to address the shortfall of affordable homes. £300m has been signed off to boost the Affordable Homes Programme with a further £50m for the Local Authority Housing Fund. Every little helps for those looking to deliver affordable housing, but the scale of the problem and the years of shortfall in delivery means that further funding will be needed on top.

The £300m injection is forecast to deliver 2,800 homes (equating to roughly £107,000 per home), but recent analysis of the housing waiting list shows the number of households on the list topped 1.33 million at last count (March 2024), up 43,000 in 12 months. Meaning that to build the 43,000 homes required just to keep the list at 2023 levels would have required £4.6 billion in funding at £107,000 a home. If we look to tackle the 1.33 million households on the waiting list it would take 21 years at current affordable housing delivery rates to build enough homes, before we even consider new entrants over that period.

Clearing the 1.33m social housing waiting list would take 21 years

Years to clear the current affordable housing waiting list

Fiscal headroom disappearing

The outlook for the UK economy has become more challenging in the last few weeks. The Bank of England cut the base rate (hurrah!) but were pessimistic about the UK's growth prospects. Their expectations for GDP growth in 2025 cut from 1.5% to 0.75%. Of course, the Bank are not the only forecasters, with the latest consensus forecasts remaining north of 1%, but we expect to see a more tempered short-term outlook emerge in the coming weeks.

The Office for Budget Responsibility will deliver their next forecast to parliament on 26 March. With the combined effect of weaker economic growth and higher borrowing costs expected to have significantly reduced Rachel Reeves' £10bn of fiscal headroom.

But fears of a recession in the second half of 2024 have been allayed by news that UK GDP grew by 0.4% in December, up from 0.1% in November. This means estimates for Q4 2024 have tipped (very

marginally) into positive territory at 0.1% growth, higher than the 0.1% contraction forecasters were expecting in a recent poll by Bloomberg. Annually GDP is estimated to be 1.5% higher in December 2024 than it was a year earlier, with full year estimates lower at 0.8% year-on-year.

Increased construction activity contributed to the latest growth figures. Government estimates suggest construction output rose 0.5% in the three months to December 2024 compared with the three months to September. The rise in activity was led by new work, which increased by 1.2%, with

Construction output rises 0.5% in Q4

Source: ONS Construction output

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved.

repairs and maintenance activity falling marginally by 0.4%. Private new housing was one of the main drivers in the growth in new work, rising 1.3%. Positive news for the sector but still 20% lower than the post-pandemic peak in September 2022.

The return of the sub-4% fix

Both Santander and Barclays have announced new 3.99% fixed rates deals, signalling the return of the sub-4% mortgage which has been absent from the market for a few months now (although with a hefty fee and low loan-to-value). It's hoped that breaching the psychological sub 4% barrier will bring more home movers, who had become accustomed to record low rates, back to the market.

Fewer home movers have meant the proportion of first-time buyers in the market has risen significantly. UK Finance figures crunched by Halifax show there were more than 340,000 first-time purchases in 2024, up 19% on 2023. First-time buyers accounted for more than half (54%) of mortgaged purchases last year, a record high since the data was first collected back in 2014.

Latest from the RICS

The proliferation of lower rates will be good news for activity in the housing market, but in their absence the latest RICS Survey shows a tentative start to the year in January. Activity in the sales market remained broadly flat last month, with the same number of respondents reporting new buyer enquiries rising than falling in January. Here at JLL we're in the (marginally) more positive camp, with data from our offices showing a modest uptick in new applicants registering so far this year, up 6% on the same period in 2024.

Sellers continue to return to the market, with more respondents (a balance of +25%) reporting an increase in new instructions, higher than the +16% recorded in December. Stock per surveyor rose too, reaching 45 homes in January, up from 41 at the same point a year ago.

For lettings, tenant demand remained broadly flat, with the balance of opinion at +2% in January, meaning marginally more respondents reported a rise than a fall. Fewer landlord instructions were reported again in January (net balance of -19%), with March 2022 being the last month when we saw a positive net balance recorded. Lack of stock, through fewer landlord instructions, is still expected to underpin further rental growth this year.

New Towns

Housing Minister Matthew Pennycook has announced that more than 100 potential sites across England have been submitted to the New Towns Taskforce for consideration. The sites, the majority of which are urban extensions, aim to provide more than 10,000 homes each with the government promising spades in the ground before the end of this parliament. Initial reports suggest the government could green light around 12 schemes, or more than 120,000 homes. But few, if any, of these homes will be delivered within this parliament, meaning their (self-imposed) challenge of building 1.5 million homes remains.

JLL Research

JLL is a leading global professional services firm specialising in real estate and investment management, with \$16.6bn annual revenue in 2020, operations in over 80 countries and a global workforce of over 90,000. With over 7,000 employees and 15 offices in the UK, we support our investor, developer, and occupier clients at every stage of the property lifecycle across both commercial and residential asset classes. This includes land purchase, access to capital, planning, development advisory, leasing, building management and sales.

JLL's Residential and Living team consists of over 300 professionals who provide a comprehensive end-to-end service across all residential property types, including social housing, private residential, build to rent, co-living, later living, healthcare and student housing.

UK Social Housing Market Commentary

Demand

There were over 1.28 million households on local authority waiting lists as at 31 March 2023ⁱ. This represents an increase of 73,000 households (6%) compared to 31 March 2022. This is the highest number of households on the waiting list since 2014.

Waiting list data is summarised by government office region (GOR) in the table below:

Region	Waiting list as at 31 March 2023
South West	130,604
East of England	89,461
South East	118,397
North West	199,305
North East	75,985
East Midlands	84,027
Greater London	323,637
West Midlands	112,004
Yorkshire and The Humber	149,602
England	1,283,022

Housing Starts

According to the government's *Affordable housing supply in England: 2022 to 2023* data published by the Department for Levelling Up, Housing and Communities (DLUHC) on 30 November 2023, there were c.63k affordable homes delivered (completions) in England in 2022-23, an increase of 7% compared to the previous year and the highest delivery since 2014-15.

64% of new affordable housing completions were for rent (including social, affordable and intermediate rent), similar to the previous 4 years.

47% of all affordable homes delivered in 2022-23 were funded through section 106 (nil grant) agreements, compared to 44% in the previous year and the same as in 2020-21.

94% of affordable homes delivered in England were new build (excluding unknowns), compared to 93% in the previous year.

58,027 of affordable homes delivered in England were new build in 2022-23, the highest value of new build affordable housing on record.

71,046 starts on site in England in 2022-23, an increase of 12% compared to the previous year and the highest value since these data started being collected in 2015-16.

The following table summarises the total additional affordable housing dwellings by GOR – Completions for the last 5 years published by DLUHC on 27 June 2024:

Region	2018/19	2019/20	2020/21	2021/22	2022/23
South West	7,012	6,677	5,084	5,875	6,326
East of England	6,831	7,774	6,617	7,205	6,951
South East	10,426	11,354	9,274	11,138	11,369
North West	5,683	5,850	5,383	6,288	7,078
North East	2,994	2,587	1,751	2,275	1,868
East Midlands	4,804	4,494	3,831	4,755	4,461
Greater London	9,225	10,897	10,863	11,889	15,768
West Midlands	6,224	5,630	5,666	6,107	5,791
Yorkshire and The Humber	4,027	3,701	3,603	3,638	4,297
England	57,226	58,964	52,072	59,170	63,909

Future Housing Supply

On 30 July 2024, Ministry of Housing, Communities and Local Government announced the following:

- An overhaul of the planning system necessary to fix the foundations and grow the economy.
- All councils in England to be given new, mandatory housing targets to pave the way to deliver 1.5 million more homes – tackling the most acute housing crisis in living memory.
- Review of the Green Belt to identify ‘Grey Belt’ land and meet local housing needs, with ‘golden rules’ driving 50% delivery of affordable homes.

The new targets will mean councils must boost housebuilding in areas most in need, helping more people buy their own homes, removing the largest barriers to economic growth, and getting Britain building again.

In terms of future Affordable Housing supply, government stated that *“the new flexibilities for councils will boost the number of social and affordable homes, and give working families a better route to a secure home”*.

Furthermore, land released in the Green Belt will be subject to the government’s ‘golden rules’, which make clear that development should deliver 50% affordable homes, increase access to green spaces and put the necessary infrastructure in place, such as schools and GP surgeries.

Historically, the delivery of Social Rent properties has been in decline, with a far higher percentage of Affordable Rent and Shared Ownership properties delivered across new schemes. This trend has recently begun to reverse, as the graph below of new Affordable Housing supply over the last 5 years illustrates. With a slight year on year increase in the deliver of Social Rent homes the increased need for which has been exacerbated following the recent cost of living crisis.

For context, in June 2024 the JLL Residential Research Team published a paper: **Counting the cost: social housing waiting lists in England**

The key findings of the report were as follows:

- For decades, we have failed to build enough homes. Since peaking in the 1960s at around 350,000, housebuilding rates have slowed significantly. Today, there remains a long-term, systemic undersupply of affordable housing in the UK and England in particular.
- In fact, England has not built more than 200,000 homes since the 1980s. Despite this, politicians from all parties continue to set themselves targets much higher than the current rate of development (175,000 in 2022/23).

- In the meantime, the housing crisis has grown exponentially, with the need for all types of housing under immense pressure. At the sharp end of the housing crisis are those who require social housing, leaving local authorities with large housing waiting lists. Housing costs are pushing several councils across England to the financial brink, with some saying in the last 12 months that they are considering closing their social housing registers to new applicants.
- Development of new homes is being held back by the fundamental make up of England's housing market. Despite this, political parties are consistently promising unattainable housebuilding figures. The 2019 Conservative manifesto vowed to build 300,000 homes a year by the mid-2020s – a target it is yet to reach - and Labour has promised a similar volume of 1.5m homes over the course of the next parliamentary term.
- Even with substantial changes to the planning system, building more publicly funded homes and relaxing build quality and environmental standards (which is not advisable), there is still no possibility of building homes on this scale. At the same time, the country is seeing a constant stream of homes being removed from the social housing sector through the Right to Buy (RTB) scheme. The latest data shows that almost three times as many homes are being sold via RTB than are being completed through retained RTB receipts.
- Building enough homes to house those on housing waiting lists would cost £205bn. This figure assumes that national and local government could provide land at zero cost, and factors in an average build cost of £160,000 per unit.
- By comparison, “buying our way out” would cost an estimated £418bn based on current market rates. While an indicative figure, it goes some way to demonstrate the cost benefit of investing in new homes over acquiring existing homes from the private market.
- Compared to the government's 300,000 per year new homes target, there is likely to be a shortfall of 570,000 homes over the next five years.

Stock Rationalisation Market

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

Over the past six months our Portfolio Transactions team have acted on the purchase or sale of seven mixed tenure portfolios ranging in size between c.150 to over 1,000 homes, and £10m and £100m, with larger portfolios being lotted according to interest from RPs in each area. These prices represent a gross yield range between 5.0% and 8%. In all cases these portfolios have been marketed via competitive tender process and have received multiple bids. Premiums on these transactions have ranged between having no premium and trading at EUV-SH to c.135% of EUV-SH.

TAXATION

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Bonds and is a summary of the Issuer's understanding of current United Kingdom law and HMRC's published practice relating to certain aspects of United Kingdom taxation as at the date of these Admission Particulars. References to "interest" refer to interest as that term is understood for United Kingdom tax purposes. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. In this summary reference to "Bonds" and "Bondholders" exclude the Retained Bonds and the holders of Retained Bonds, respectively. The United Kingdom tax treatment of prospective Bondholders depends on their individual circumstances and may be subject to change at any time in the future, possibly with retrospective effect. Prospective Bondholders may be subject to tax in a jurisdiction other than the United Kingdom.

This is not intended to constitute a complete analysis of all tax consequences relating to the ownership of the Bonds and it is not intended to be, nor should it be considered to be, legal or tax advice. Prospective Bondholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

A. Interest on the Bonds

1. *Payment of interest on the Bonds*

Payments of interest by the Issuer on the Bonds may be made without deduction of or withholding on account of United Kingdom income tax provided that the Bonds carry a right to interest and the Bonds are and continue to be admitted to trading on a "multilateral trading facility" operated by a "regulated recognised stock exchange" within the meaning of section 987 of the Income Tax Act 2007 or listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The ISM is a multilateral trading facility for this purpose. The ISM is operated by the London Stock Exchange which is a regulated recognised stock exchange for this purpose. Provided, therefore, that the Bonds are and remain admitted to trading on a multilateral trading facility operated by a regulated recognised stock exchange, interest on the Bonds will be payable without withholding or deduction on account of United Kingdom tax.

Interest on the Bonds may also be paid without withholding or deduction on account of United Kingdom income tax where certain domestic exemptions apply, notably where interest on the Bonds is paid by the Issuer and, at the time the payment is made, the Issuer reasonably believes that: (a) the person beneficially entitled to the interest is a company resident in the United Kingdom; or (b) the person beneficially entitled to the interest is a company not resident in the United Kingdom that carries on a trade in the United Kingdom through a permanent establishment and which brings into account the interest in computing its United Kingdom taxable profits; or (c) the payment is made to, or to the nominee of, a recipient that falls within the various categories specified in section 936(2) of the Income Tax Act 2007 (including charities and specified pension funds); or (d) a partnership, each member of which is a person or body referred to in (a), (b) or (c) above, is beneficially entitled to the interest, provided that (in each case) HMRC has not given a direction that the interest should be paid under deduction of tax.

In other cases, an amount must generally be withheld from payments of interest on the Bonds that have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Bondholder not resident in the United Kingdom, HMRC can issue a notice to the Issuer to pay interest to the relevant Bondholder without deduction of tax (or for interest to be paid with tax deducted

at the rate provided for in the relevant double tax treaty) provided that certain procedural formalities are complied with.

2. *Further United Kingdom Income Tax Issues*

Interest on the Bonds that constitutes United Kingdom source income for tax purposes may, as such, be subject to income tax by direct assessment even where paid without withholding or deduction.

However, interest with a United Kingdom source received without deduction or withholding on account of United Kingdom income tax will not be chargeable to United Kingdom income tax in the hands of a Bondholder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless (a) that Bondholder carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency in connection with which the interest is received or to which the Bonds are attributable or (b) where that Bondholder is a company, that Bondholder carries on a trade in the United Kingdom through a permanent establishment in connection with which interest is received or to which the Bonds are attributable. There are exemptions for interest received by certain categories of agent (such as some brokers and investment managers). The provisions of an applicable double taxation treaty may also be relevant for such Bondholders.

B. United Kingdom Corporation Taxpayers

3. In general, Bondholders which are within the charge to United Kingdom corporation tax will be charged to tax as income on all returns, profits or gains on, and fluctuations in value of, the Bonds (whether attributable to currency fluctuations or otherwise) broadly in accordance with their statutory accounting treatment, so long as the accounting treatment is in accordance with their generally accepted accounting practice as that term is defined for tax purposes.

C. Other United Kingdom Taxpayers

4. *Interest*

Bondholders who are either individuals or trustees and are resident for tax purposes in the United Kingdom, or who carry on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency to which the Bonds are attributable, will generally be liable to United Kingdom income tax on the amount of any interest received in respect of the Bonds.

5. *Taxation of Chargeable Gains*

A disposal by a Bondholder who is the original creditor in relation to a Bond will not give rise to a chargeable gain or an allowable loss for the purposes of the UK taxation of chargeable gains. A disposal by a Bondholder who is not the original creditor in relation to a Bond may give rise to a chargeable gain, but may not give rise to an allowable loss, for the purposes of the UK taxation of chargeable gains.

6. *Accrued Income Scheme*

On a disposal (including a redemption) of Bonds by a Bondholder (other than Bondholders subject to corporation tax), any interest which has accrued since the last interest payment date may be chargeable to tax as income under the rules of the accrued income scheme as set out in Part 12 of the Income Tax Act 2007, if that Bondholder is resident in the United Kingdom or carries on a trade in the United Kingdom through a branch or agency to which the Bonds are attributable.

7. *Taxation of Discount*

The Bonds should not be treated as "deeply discounted securities" for the purposes of Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005.

D. Stamp Duty and Stamp Duty Reserve Tax (SDRT)

8. No United Kingdom stamp duty or stamp duty reserve tax is payable on the issue of the Bonds or on a transfer by delivery of the Bonds.

The Proposed Financial Transactions Tax ("FTT")

On 14 February 2013, the European Commission (the "**Commission**") published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances.

However, the Commission's Proposal, remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation. Additional Member States of the EU may decide to participate. However, in June 2023, the Commission stated that "the prospects of reaching an agreement [on the FTT] in the future are limited" and that there was "little expectation that any proposal would be agreed in the short term".

Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

GENERAL INFORMATION

Legal Entity Identifiers

The legal entity identifier (LEI) of the Issuer is 213800I54XR2I9HM3X58.

Authorisation

The issue of the New Bonds was duly authorised by a resolution of the Board of the Issuer passed on 6 February 2025.

Admission to trading

The admission to trading on the ISM of the New Bonds is expected on or about 13 March 2025 subject only to the issue of the Temporary Global Bond. Application has been made to the London Stock Exchange for the New Bonds to be admitted to trading on the ISM and the Sustainable Bond Market of the London Stock Exchange.

The Issuer estimates that the total expenses related to the admission to trading will be £10,980.

Documents Available

For the period of 12 months following the date of these Admission Particulars, copies of the following documents will, when published, be available for inspection from the registered office of the Issuer and from the specified office of the Paying Agent for the time being in London:

- (a) the Rules of the Issuer;
- (b) the Issuer Financial Statements, the Group Financial Statements and the Trading Update;
- (c) the most recently published audited annual financial statements (if any) of the Issuer, the Group Parent and each Charging Group Member and the most recently published unaudited interim financial statements (if any) of the Issuer, the Group Parent and each Charging Group Member, in each case together with any audit or review reports prepared in connection therewith. The Issuer does not currently publish unaudited interim accounts;
- (d) the Bond Trust Deed, the Agency Agreement, the Account Agreement, the Retained Bond Custody Agreement, the Security Trust Deed and each Security Agreement;
- (e) the Valuation Report;
- (f) a copy of these Admission Particulars; and
- (g) any future offering circulars, listing particulars, admission particulars and prospectuses and supplements to these Admission Particulars and any other documents incorporated therein by reference.

Clearing Systems

The New Bonds have been accepted for clearance through Euroclear and Clearstream, Luxembourg.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg.

Identification Codes

The temporary ISIN and temporary Common Code for the New Bonds (which will apply for so long as the New Bonds are represented by the Temporary Global Bond) are XS3008531454 and 300853145, respectively. Upon exchange of the interests in the Temporary Global Bond for interests in the Permanent Global Bond, the permanent ISIN and permanent Common Code for the New Bonds will be XS2793248548 and 279324854, respectively.

The CFI and FISN for the Bonds will be set out on the website of the Association of National Numbering Agencies (ANNA) or alternatively sourced from the responsible National Numbering Agency that assigned the ISIN.

Significant or Material Change

There has been (a) no significant change in the financial or trading position of each of the Issuer and the Group since 31 March 2024 and (b) no material adverse change in the prospects of each of the Issuer and the Group since 31 March 2024.

Litigation

The Issuer is not, and has not been, involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) of which the Issuer is aware in the 12 months preceding the date of these Admission Particulars which may have, or have had in the recent past, a significant effect on the Issuer's ability to meet its obligations to Bondholders.

Auditors

The auditors of each of the Issuer and the Group Parent are BDO LLP ("**BDO**") (Chartered Accountants and Registered Auditors), who have audited each of the Issuer's and the Group Parent's accounts, without qualification, which have been prepared in accordance with the Accounting Standards for the financial years ended 31 March 2023 and 31 March 2024.

BDO does not have a material interest in the Issuer or the Group Parent.

Post-issuance information

The Issuer does not intend to provide any post-issuance information in relation to the issue of the Bonds or the Security, other than:

- (a) as required (and available from the Issuer at the request of the any Bondholder) pursuant to Condition 5.5 (*Information Covenant*); and
- (b) an allocation report and an impact report as required by the Sustainability Financing Framework, see "*Use of Proceeds and the Sustainability Financing Framework – Sustainability Bonds – Sustainability Financing Framework – Reporting*" above.

Potential Conflicts of Interest

Each of the Bond Trustee, the Security Trustee, the Paying Agents, the Account Bank and the Retained Bond Custodian (together with the Issuer and any Charging Group Members, the "**Relevant Parties**") and their affiliates in the course of each of their respective businesses may provide services to other Relevant Parties and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Relevant Parties and their affiliates or between such Relevant Parties and their affiliates and such third parties. Each of the Relevant Parties (other than the Issuer and any Charging Group Members) and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Relevant Party.

Certifications

The Bond Trust Deed provides that any certificate or report of the Auditors (as defined in the Bond Trust Deed) or any other person called for by, or provided to, the Bond Trustee (whether or not addressed to the Bond Trustee) in accordance with or for the purposes of the Bond Trust Deed may be relied upon by the Bond Trustee as sufficient evidence of the facts stated therein notwithstanding that such certificate or report and/or any engagement letter or other document entered into by the Bond Trustee in connection therewith contains a monetary or other limit on the liability of the Auditors or such other person in respect thereof and notwithstanding that the scope and/or basis of such certificate or report may be limited by any engagement or similar letter or by the terms of the certificate or report itself.

Bond Trustee's action

The Conditions and the Bond Trust Deed provide for the Bond Trustee to take action on behalf of the Bondholders, the Couponholders or any other Secured Parties in certain circumstances, but only if the Bond Trustee is indemnified and/or secured and/or pre-funded to its satisfaction. It may not always be possible for the Bond Trustee to take certain actions, notwithstanding the provision of an indemnity and/or security and/or pre-funding to it. No Bondholder, Couponholder or any other Secured Party (other than the Bond Trustee) shall be entitled, amongst other things, to take any enforcement action against the Issuer or any Charging Group Member unless the Bond Trustee having become bound to take any action fails or neglects to do so within a reasonable period and such failure is continuing.

Yield

The yield on the New Bonds will be calculated on the date of their sale to a third party.
