## IMPORTANT NOTICE

## NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE UNITED STATES

#### Abstract

IMPORTANT: You must read the following before continuing. The following applies to the final terms attached to this electronic transmission, and you are therefore advised to read this carefully before reading, accessing or making any other use of the final terms. In accessing the final terms, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY SECURITIES IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE SECURITIES ACT), OR THE SECURITIES LAWS OR "BLUE SKY" LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THEREFORE MAY NOT BE OFFERED, SOLD, RESOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S (REGULATION S) UNDER THE SECURITIES ACT), EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE OR LOCAL SECURITIES LAWS. ACCORDINGLY, THE NOTES ARE BEING OFFERED AND SOLD OUTSIDE THE UNITED STATES TO PERSONS OTHER THAN U.S. PERSONS IN RELIANCE ON REGULATION S. IN ADDITION, THE ISSUER HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED. THE NOTES ARE NOT TRANSFERABLE EXCEPT UPON SATISFACTION OF CERTAIN CONDITIONS AS DESCRIBED UNDER "TRANSFER RESTRICTIONS AND INVESTOR REPRESENTATIONS" IN THE BASE PROSPECTUS DATED 14 NOVEMBER 2023.
UK MiFIR product governance / target market - The final terms in respect of any notes will include a legend entitled "UK MiFIR product governance / Professional investors and ECPs only target market" which will outline the target market assessment in respect of the notes and which channels for distribution of the notes are appropriate. Any person subsequently offering, selling or recommending the notes (a UK distributor) should take into consideration the target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the UK MiFIR Product Governance Rules) is responsible for undertaking its own target market assessment in respect of the notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.
A determination will be made in relation to each issuance of notes under the base prospectus about whether, for the purpose of the UK MiFIR Product Governance Rules, any dealer subscribing for any notes is a manufacturer in respect of such notes, but otherwise neither the Arranger nor the dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

MIFID II product governance / Professional investors and ECPs only target market - The final terms in respect of any notes will include a legend entitled "MiFID II product governance / Professional investors and ECPs only target market" which will outline the target market assessment in respect of the notes and which channels for distribution of the notes are appropriate. Any person subsequently offering, selling or recommending the notes (a distributor) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, MiFID II) is responsible for undertaking its own target market assessment in respect of the notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

IMPORTANT - PROHIBITION OF SALES TO UK RETAIL INVESTORS - The final terms in respect of any notes will include a legend entitled "Prohibition of sales to UK retail investors". The notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (UK). For these purposes, a retail investor means a
person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No $2017 / 565$ as it forms part of UK domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the FSMA) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, (the Insurance Distribution Directive), where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the UK PRIIPs Regulation) for offering or selling the notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

IMPORTANT - PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The final terms in respect of any notes will include a legend entitled "Prohibition of sales to EEA retail investors". The notes are not intended to, and should not, be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the EU PRIIPs Regulation) for offering or selling the notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

You are reminded that the final terms have been delivered to you on the basis that you are a person into whose possession the final terms may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver the final terms to any other person.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the dealers or any affiliate of the dealers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the dealers or such affiliate on behalf of the issuer in such jurisdiction.

By accessing the final terms, you shall be deemed to have confirmed and represented to us that (a) you have understood and agree to the terms set out herein, (b) you consent to delivery of the final terms by electronic transmission, (c) you are not a U.S. person (within the meaning of Regulation S under the Securities Act) or acting for the account or benefit of a U.S. person and the electronic mail address that you have given to us and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia and (d) if you are a person in the United Kingdom, then you are a person who (i) is an investment professional within the meaning of article 19 of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the FPO) or (ii) is a high net worth entity falling within Article 49(2)(a) to (d) of the FPO (all such persons together being referred to as relevant persons). These final terms must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which these final terms relates is available only to relevant persons and will be engaged in only with relevant persons.

Any person subsequently offering, selling or recommending the issue 2023-1 notes (a UK distributor) should take into consideration the manufacturers' target market assessment; however, a UK distributor subject to FCA Handbook Product Intervention and Product Governance Sourcebook (the UK MiFIR Product Governance Rules) is responsible for undertaking its own target market assessment in respect of the issue 2023-1 notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

Funding 1 will use the gross proceeds of the term advances (other than a term NR GIC collateral advance) to make available a further contribution to the mortgages trustee on the closing date.

## Maturity and prepayment considerations

Weighted average life refers to the average amount of time that will elapse from a certain date to the date of distribution to the investor of amounts distributed in net reduction of principal of a security to zero (assuming no losses). The weighted average lives of the Relevant Notes (as defined below) will be influenced by, among other things, the actual rate of repayment of the loans in the portfolio.

Set out in the table below are the expected weighted average lives of the Series 2023-1 Notes (the Relevant Notes) under the following scenario and based on the assumptions also described below. The following scenario is presented: no changes to the Programme-assumes a starting portfolio balance as of 31 August 2023 of $£ 8,116,175,399$.

Noteholders should note that while this scenario reflects the current intentions of the issuer, no assurance can be given that any scenario can be, or will be, implemented as described.

The average lives of each class of the Relevant Notes cannot be stated, as the actual rate of repayment of the loans and redemption of the mortgages and a number of other relevant factors are unknown. However, calculations of the possible average lives of these classes of notes can be made based on certain assumptions. For example, based on the assumptions that:

1. neither the issuer security nor the Funding 1 security has been enforced;
2. each series and class (or sub-class) of the Relevant Notes is repaid in full by its final maturity date;
3. the seller is not in breach of the terms of the mortgage sale agreement;
4. the seller does not sell any loans to the mortgages trustee after the closing date (except to the extent required to maintain the minimum seller share) and the loans are assumed to amortise in accordance with the assumed principal payment rate (which includes both scheduled and unscheduled repayments) as indicated in the table below;
5. the seller sells to the mortgages trustee sufficient loans and their related security to ensure that the seller share remains at least at $5.00 \%$ of the trust property and/or to ensure that the trust size remains at least equal to the minimum trust size. For the avoidance of doubt, any sale of loans and their related security will only occur if the conditions precedent in clause 4.2 of the mortgage sale agreement are satisfied;
6. neither an asset trigger event nor a non-asset trigger event occurs;
7. no event occurs that would cause payments on scheduled amortisation term advances or passthrough term advances to be deferred (unless such advances are deferred in accordance with Rules (1)(C), (1)(D) or (2));
8. the annualised principal payment rate is assumed to be constant at the various assumed rates in the table below and item M in the calculation of Funding 1 cash accumulation period is also assumed to correspond to this value;
9. there is a balance of $£ 0$ in the Funding 1 cash accumulation ledger, immediately following the October 2023 interest payment date;
10. the closing date is 16 November 2023;
11. all interest payment dates occur on the 21st of each calendar month without adjustment for Business Day Convention, and a day count fraction of Act/365 is utilised;
12. the issuer exercises its option to redeem notes issued by the issuer on the relevant optional redemption date, but does not exercise its option to make scheduled amortisation instalments for scheduled redemption notes (if not met in full through the relevant priority of payments) falling on interest payment dates that are before the optional redemption date;
13. the loans in the portfolio are not subject to any defaults or losses and no loans in the portfolio have fallen into arrears;
14. no interest or fees are paid from principal receipts; and
15. the long-term, unsecured, unsubordinated and unguaranteed debt obligations of the seller are rated at least "A3" by Moody's,
the approximate average life in years of each class of the Series 2023-1 Notes, measured from 16 November 2023 at various assumed rates of principal payment of the loans, would be as set out in the tables below.

On or about 16 November 2023, the Issuer expects to amend the terms of the Series 2022-1 Class 3AR Notes in order to (i) change the Step-Up Date from October 2029 to April 2031 and (ii) the Optional Redemption Date from 'each Interest Payment Date on or after the Interest Payment Date in October 2029' to 'each Interest Payment Date on or after the Interest Payment Date in April, 2031'.
The actual characteristics and performance of the Loans are likely to differ from the assumptions set out above. The following tables are hypothetical in nature and are provided only to give a general sense of how the principal cash flows might behave under varying prepayment scenarios and the particular scenario outlined above. For example, it is not expected that the Loans will prepay at a constant rate until maturity, that all of the Loans will prepay at the same rate or that there will be no defaults or delinquencies on the Loans. Moreover, the diverse remaining terms to maturity and mortgage rates of the Loans could produce slower or faster principal distributions than indicated in the tables at the various percentages of assumed principal payment rate specified, even if the weighted average remaining term to maturity and weighted average mortgage rates of the Loans are as assumed. Any difference between such assumptions and/or the particular scenario outlined above, and the actual characteristics and performance of the Loans, or actual principal payment of loss experience (or the nature of implementation or otherwise of the scenario set out above) may affect the percentage of the initial amount outstanding of the Notes which are outstanding over time and cause the weighted average lives of the Notes to differ (which difference could be material) from the corresponding information in the tables for each indicated percentage principal payment rate. The average lives of the notes are subject
to factors largely outside the control of the issuer and consequently no assurance can be given that these assumptions and estimates will prove in any way to be realistic and they must therefore be viewed with considerable caution. For more information in relation to the risks involved in the use of these estimated average lives, see "Risk Factors-If property values decline payments on the notes could be adversely affected" in the base prospectus.

Assumptions (1), (2), (3), (4), (5), (6), (7), (8), (11), (12), (13) and (14) relate to circumstances which are not predictable. No assurance can be given that the issuer will be in a position to redeem the notes on the step-up date. If the issuer does not so exercise its option to redeem, then the average lives of the then outstanding notes would be extended.

## Statistical information on the portfolio

The statistical and other information contained in these final terms has been compiled by reference to the loans in the following scenario: loans in the portfolio securing the Notes as at 31 July 2023 (the cutoff date).

Columns stating percentage amounts may not add up to $100 \%$ due to rounding. A loan will be removed from any portfolio (which comprises a portion of the cut-off date portfolio) if the loan is repaid in full or if the loan does not comply with the terms of the mortgage sale agreement on or about the relevant determination date. Except as otherwise indicated, these tables have been prepared using the relevant true balance of the loans in the portfolio as at the cut-off date.

The portfolio as at the cut-off date consisted of loans originated or acquired by Nationwide and secured over properties located in England, Wales, Northern Ireland and Scotland, and having an aggregate true balance as stated below, as at that date.

A small proportion of the mortgages in the portfolio as at the cut-off date were extended to the relevant borrowers in connection with the purchase by those borrowers of properties from local authorities or certain other landlords under the right-to-buy schemes governed by the Housing Act 1985 (as amended by the Housing Act 2004) or (as applicable) the Housing (Scotland) Act 1987 (as amended by the Housing (Scotland) Act 2001) or (as applicable) the Housing (NI) Order 1983 (as amended).

## Distribution of fixed rate loans

As at the cut-off date, approximately $75.25 \%$ of the loans in the portfolio were fixed rate loans. The following tables shows the distribution of fixed rate loans by their fixed rate of interest as at such date, and the year in which the loans cease to bear a fixed rate of interest and instead bear a floating rate of interest.

Fixed rate loans remain at the relevant fixed rate for a period of time as specified in the offer conditions, after which they move to a variable base rate or some other rate as specified in the offer conditions. Where a customer has more than one loan in a mortgage account, this is shown in the relevant row of the following table.

## Delinquency and loss experience of the portfolio

The following tables summarise arrears experience for the loans in the portfolio as at the dates specified in the table. The seller will represent and warrant on each sale date that no loan to be transferred to the mortgages trust on such sale date will have experienced any arrears in the prior 12 months. Outstanding balances of loans in arrears and outstanding balances of arrears are reported on a net basis, excluding all loans in arrears which are performing loans. Numbers of loans in arrears are reported on a gross basis, including all loans in arrears which are performing loans. Performing loans are defined by Nationwide as loans where six months of payments have been received over the last six months.

Nationwide identifies a loan as being in arrears where an amount equal to or greater than a full month's contractual payment is past its due date.

In the table above,

- one-month annualised CPR is calculated as $1-\left((1-\mathrm{R})^{\wedge} 12\right)$,
- three-month annualised CPR is calculated as the average of the one-month annualised CPR for the most recent three months, and
- 12-month annualised CPR is calculated as the average of the one-month annualised CPR for the most recent 12 months,
where in each case $R$ is (i) total principal receipts received plus the principal balance of loans repurchased by the seller (primarily due to further advances) during the relevant period, divided by (ii) the aggregate true balance of the loans in the portfolio as at the start of that period.

There can be no assurance that the future arrears experience with respect to the loans comprising the Nationwide mortgage portfolio will correspond to the historical experience with respect to the loans as set forth in the foregoing table. If the property market experiences a further decline in property values so that the value of the properties in the Nationwide mortgage portfolio falls or (in the case of properties which are currently below the principal balances of the relevant loan) remains below the principal balances of the loans comprising the overall pool, the actual rates of arrears could be significantly higher than those previously experienced, as borrowers may no longer be able to refinance their loans or sell their properties and move to more affordable properties. In addition, other adverse economic conditions, whether or not they affect property values, may nonetheless affect the timely payment by borrowers of principal and interest and, accordingly, the rates of arrears and losses with respect to the loans in the Nationwide mortgage portfolio. Noteholders should observe that the United Kingdom experienced relatively low and stable interest rates during the periods covered in the preceding table. If interest rates were to rise, it is likely that the rate of arrears would rise.

## Securitisation Regulation

## Environmental performance

The administrative records of the seller do not contain any information related to the environmental performance of the property securing the loans.

## EU Securitisation Regulation Reporting

The seller (as originator) will undertake (i) for so long as the series 2023-1 notes remain outstanding or (ii) until such time when a competent EU authority has confirmed (in the form of enacted (or otherwise binding) legislation, regulation or policy statement) that the satisfaction of the UK Transparency Requirements will also satisfy the EU Transparency Requirements due to the application of an equivalency regime or similar analogous concept), to procure the publication of:
(a) a quarterly investor report (in the form prescribed as at the issue date under the EU Securitisation Regulation or, to the extent the form prescribed pursuant to the EU Securitisation Regulation is amended after the issue date, as otherwise adopted by the seller from time to time) on each interest payment date or shortly thereafter (and at the latest one month after the relevant interest payment date) as required by and in accordance with Article 7(1)(e) of the EU Securitisation Regulation (as such regulation is in force as at the issue date in respect of such series of notes);
(b) certain loan-by-loan information in relation to the portfolio as required by and in accordance with Article 7(1)(a) of the EU Securitisation Regulation as such regulation is in force as at the issue date of such series of notes (in the form prescribed as at the issue date under the EU Securitisation Regulation or, to the extent the form prescribed pursuant to the EU Securitisation Regulation is amended after the issue date, as otherwise adopted by the seller from time to time) on a quarterly basis (at the latest one month after the relevant interest payment date and simultaneously with the investor report provided pursuant to paragraph (a) above); and
(c) any information required to be reported pursuant to Articles 7(1)(f) or 7(1)(g) (as applicable) of the EU Securitisation Regulation (as such regulation is in force as at the issue date in respect of such series of notes) without delay.

The information set out above shall be published on the website of Euro ABS Limited (https://www.euroabs.com/IH.aspx?d=11842) or any other website which may be notified by the issuer from time to time.

## UK STS Requirements

The seller, as originator, has procured a UK STS Notification to be submitted to the FCA, in accordance with Article 27 of the UK Securitisation Regulation, that the UK STS Requirements have been satisfied with respect to the series 2023-1 notes. It is expected that the UK STS Notification will be available on the website of the FCA. For the avoidance of doubt, this website and the contents thereof do not form part of this Final Terms.

The seller has used the services of Prime Collateralised Securities (PCS) UK Limited as an Authorised Verification Agent authorised under Article 28 of the UK Securitisation Regulation in connection with an assessment of the compliance of the series 2023-1 notes with the STS Requirements and prepare an UK STS Assessment. It is expected that the STS Assessment prepared by the Authorised Verification Agent, together with detailed explanations of its scope, will be available on the website of such agent (www.pcsmarket.org/transactions). For the avoidance of doubt, this website and the contents thereof do not form part of this Final Terms.

The seller has obtained a legal opinion provided by qualified external legal counsel providing, among other things: (i) confirmation that the true sale, assignment or transfer segregate the loans and their related security from the seller, its creditors and its liquidators, including in the event of the seller's insolvency, with the same legal effect as that achieved by means of true sale; (ii) confirmation of the enforceability of the true sale, assignment or transfer with the same legal effect referred to in (i) against the seller or any other third party; and (iii) an assessment of clawback risks and re-characterisation risks, which legal opinion is accessible and made available to any relevant third party verifying UK STS compliance in accordance with Article 28 of the UK Securitisation Regulation and any relevant competent authority from among those referred to in Article 29 of the UK Securitisation Regulation.

## Mitigation of interest rate and currency risks

The loans and the notes are affected by interest rate and currency risks (see "The timing and amount of payments on the loans could be affected by various factors which may adversely affect payments on your notes" in the Risk Factors section of the prospectus). Each of Funding 1 and the Issuer aim to hedge the relevant interest rate and currency rate exposures in respect of the loans and the notes, as applicable, by entering into certain swap agreements (see "The swap agreements" in the prospectus).

Interest rate risks are also managed through:

- a requirement in the servicing agreement that any discretionary rates set by the servicer in respect of the loans are set at a minimum rate (subject to the terms of the mortgage loans and applicable law) (see "The Servicing Agreement-Undertakings by the servicer" in the prospectus), noting that such requirement is contingent upon the seller failing to perform under the relevant swap agreements with respect to the BMR/SMR rates, being in default or becoming insolvent;
- with respect to tracker rate loans, the interest rate on such loans is calculated by reference to BBR, which closely correlates with SONIA rates;
- a requirement in the mortgage sale agreement that any new loans, product switches or further advances proposed to be included in the portfolio will not cause the average yield of the
portfolio (taking into account the swap agreements) to fall below defined thresholds (see "The mortgage sale agreement-Conditions for sale of loans" in the base prospectus);
- with respect to the Issuer, it fully hedges its obligations as the Issuer lends the proceeds of any offering of Notes to Funding 1 pursuant to the intercompany loan terms and conditions, where the proceeds of sterling denominated floating rate notes are lent on the same terms as the notes with respect to currency and interest rate; and after giving effect to the relevant swap agreements, the proceeds of sterling denominated fixed rate notes and/or non-sterling denominated notes are lent to Funding 1 pursuant to the intercompany loan terms and conditions on the same terms as the Notes with respect to currency and interest rate;
- with respect to Funding 1, Funding 1 obtains its share of revenue generated on a monthly basis from the fixed rate, BMR, SMR and tracker rate loans, where with respect to the fixed rate, BMR and SMR loans, Funding 1 has entered into swap agreements, and with respect to tracker rate loans relies on the high correlation between BMR and/or SONIA rates; and
- with respect to the Trust, it does not require any hedging as it distributes the revenue and principal that it receives from the trust property to Funding 1 and the Seller.

Except for the purpose of hedging interest-rate or currency risk, none of the Issuer, Funding 1 or the Mortgages Trustee will enter into derivative contracts, for purposes of Article 21(2) of the Securitisation Regulation.

## Verification of data

The seller has caused a sample of the loans (including the data disclosed in respect of those loans) to be externally verified by an appropriate and independent third party. The portfolio as at the cut-off date has been subject to an agreed upon procedures review on a representative sample of loans selected from the portfolio as at the cut-off date (as well as an agreed upon procedures review, amongst other things, of the conformity of the loans in the portfolio with certain of the eligibility criteria (where applicable)) conducted by a third-party and initially completed on or about 11 August 2023 as at a cut-off date of 31 July 2023, with respect to the portfolio, and which was re-issued on or about 16 November 2023 (the AUP report). The independent third party has also verified that the stratification tables disclosed under the sections "Statistical information on the portfolio" and "Static Pool Data" of this Final Terms in respect of the loans are accurate. The originator has reviewed the reports of such independent third parties and is of the opinion that there were no significant adverse findings in such reports. The third parties undertaking such reviews only have obligations to the parties to the engagement letters governing the performance of the agreed upon procedures subject to the limitations and exclusions contained therein.

## Static Pool Data

The tables in the following pages set out, to the extent material, static pool information with respect to all mortgage loans originated by Nationwide or other members of the Nationwide group (other than Cheshire Building Society, Derbyshire Building Society and Dunfermline Building Society). The tables show, for originations in each year the distribution of such loans originated in that year by delinquency category as at each year end or (in the case of 2023) as at 31 July 2023. In preparing the static pool information in the following pages, accounts entering possession have been reflected in the "In Possession" line of each table. As accounts entering possession will also be in arrears, the same accounts have been included in the figures provided for the relevant delinquency category. The issuer has not included static pool information on prepayments because changes in prepayment and payment rates are not anticipated to have a significant effect on future payments on the notes for a number of reasons: including that the mechanics of the mortgages trust require an extended cash accumulation period when prepayment rates fall below certain minima dictated by the rating agencies, serving to limit the extent to which slow prepayments would cause the average lives of the notes to extend. Conversely, rapid prepayments should not cause the average lives of the notes to shorten so long as the seller maintains the minimum required mortgages trust size. Furthermore, only a limited amount of note principal in relation to the mortgages trust size is actually due to be repaid on any particular interest payment date.

The sale of loans by the seller to the mortgages trustee is subject to conditions, including ones required by the rating agencies, designed to maintain certain credit-related and other characteristics of the mortgages trust. These include limits on loans in arrears in the mortgages trust at the time of sale, limits on the aggregate balance of loans sold, limits on changes in the weighted average foreclosure frequency (WAFF) and the weighted average loss severity (WALS), minimum yield after the sale and maximum LTV for the loans in the mortgages trust after the sale. See a description of these conditions in "The mortgage sale agreement-Conditions for sale of loans" in the base prospectus.

In the following tables, delinquency category corresponds to the number of monthly contractual repayment amounts in arrears. Delinquency rates represent the closing balances of loans in a particular category as a percentage of aggregate closing balances.
