1.3 Settlement of outstanding litigation

- (a) ASEAN, Sartingen, Pre-Emptive Trading Pty Ltd (PET) and the Company have agreed to settle outstanding litigation and have executed a Term Sheet which will result in the Company issuing both Shares and Options to ASEAN Sartingen and PET at the Rights Issue price of \$0.004 per Share (on a pre-Consolidation basis) or \$0.052 per Share (on a post-Consolidation basis) and the Options at an exercise price of \$0.004 cents per Option (on a pre-Consolidation basis) or \$0.052 cents per Option (on a post-Consolidation basis). The parties have formalised the agreed terms set out in the executed of Settlement Agreements.
- (b) Shareholders will recall that the Company applied to the Supreme Court of Victoria on 12 August 2020 alleging that ASEAN, Sartingen, PET and Hoertlehner held a relevant interest in each other's shares totalling 24.05%.

The Company had applied to the ASIC to assist it with serving of Tracing Notices on Clearstream Banking SA (Luxembourg) and, later, Flatex Bank AG (Germany) to identify the beneficial holder of 5.27% of the shares on issue in the Company. Both of the above entities sit below the registered shareholder of these shares, JP Morgan Australia Nominees Pty Limited.

The Tracing Notices identified Mr Axel Sartingen (a resident of Germany) and his controlled entity Milaco GmbH as the holder of these shares.

Messrs Hoertlehner (a resident of Panama), Roes (a resident of Hong Kong) and Sartingen are on the supervisory board of Gamigo AG. Mr Hoertlehner was nominated by Mr JL Bennett on two occasions to become a director of the Company and Mr Roes is a director of ASEAN Deep Value Fund. Mr Hoertlehner holds 0.8%

of the shares on issue in the Company, PET (an entity controlled by Mr JL Bennett) holds 3% of the shares on issue in the Company and ASEAN Deep Value Fund holds 15.01% of the shares on issue in the Company.

The Company abandoned its legal action and negotiated with the parties it alleged had a relevant interest each other's shares settlement of costs.

- (c) Deeds of Settlement have agreed and signed by the parties. The Company cannot issue any Shares or Options under the Deeds of Settlement without shareholder approval due to its obligations to comply with the ASX ruling following the Company's breach of Listing Rule 7.1 and accordingly, Resolutions 14 and 15 reflect the obligations of the Company.

In addition to the financial settlement, the parties referred to in Section 1.3(a) have agreed that on approval of the financial settlement by shareholders:

- no party will directly or indirectly take any steps to appoint or remove a director of the Company (or support or encourage any shareholder or director to appoint or remove) where under the Corporations Act, Company's Constitution or otherwise;

1.4 Focus on Company Assets to increase Shareholder value

- (a) The Company remains focused on its primary uranium mining asset in Mauritania.
- (b) Further to this, the Company commenced a process during the financial year to spin-off its gold assets in Mauritania. In July 2020, the Company announced a proposed transaction. The proposed transaction effectively values the gold assets at C\$9 million and therefore, at a significant premium to the costs incurred by the Company in assembling very prospective ground in Mauritania.
- (c) Moreover, the Company implemented a number of cost savings measures with a reduction in the number of consultants contracted to the Company, contract-employees terms and conditions in Australia, Mauritania and Sweden.
- (d) Non-executive directors have deferred emoluments and outstanding obligations to consultants and contract employees were extinguished by way of the issue of shares and escrowed for 24 months. With the northern hemisphere entering its winter the Company remains cautious on how best to advance its projects in these times of Covid-19 and accordingly, believes that the focus on advancing and listing its gold assets provides the best short-term opportunity until mid-2021 whilst aiming to increase Shareholder value.

(e)

Paul Heber, being the director independent of the transactions considers, having consulted with the Company's Nominated Adviser, SP Angel Corporate Finance LLP, that the proposed transactions are fair and reasonable insofar as the shareholders of the Company are concerned.

The parties will formalise the agreed terms set out in the Term Sheet during the course of January 2021 with the execution of Settlement Agreements.
- (b) Shareholders will recall that the Company applied to the Supreme Court of Victoria on 12 August 2020 alleging that ASEAN, Sartingen, PET and Hoertlehner held a relevant interest in each other's shares totalling 24.05%.

The Company had applied to the ASIC to assist it with serving of Tracing Notices on Clearstream Banking SA (Luxembourg) and, later, Flatex Bank AG (Germany) to identify the beneficial holder of 5.27% of the shares on issue in the Company. Both of the above entities sit below the registered shareholder of these shares, JP Morgan Australia Nominees Pty Limited.

The Tracing Notices identified Mr Axel Sartingen (a resident of Germany) and his controlled entity Milaco GmbH as the holder of these shares.

Mr Hoertlehner was nominated by Mr JL Bennett on two occasions to become a director of the Company and Mr Roes is a director of ASEAN Deep Value Fund. Mr Hoertlehner holds 0.8% of the shares on issue in the Company, PET (an entity controlled by Mr JL Bennett) holds 3% of the shares on issue in the Company and ASEAN Deep Value Fund holds 15.01% of the shares on issue in the Company.

The Company abandoned its legal action and negotiated with the parties it alleged had a relevant interest each other's shares settlement of costs.

1.4 Focus on Company Assets to increase Shareholder value

- (a) The Company remains focused on its primary uranium mining asset in Mauritania.
- (b) Further to this, the Company commenced a process during the financial year to spin-off its gold assets in Mauritania. In July 2020, the Company announced a proposed transaction. The proposed transaction effectively values the gold assets at C\$9 million and therefore, at a significant premium to the costs incurred by the Company in assembling very prospective ground in Mauritania.
- (c) Moreover, the Company implemented a number of cost savings measures with a reduction in the number of consultants contracted to the Company, contract-employees terms and conditions in Australia, Mauritania and Sweden.
- (d) Non-executive directors have deferred emoluments and outstanding obligations to consultants and contract employees were extinguished by way of the issue of shares and escrowed for 24 months. With the northern hemisphere entering its winter the Company remains cautious on how best to advance its projects in these times of Covid-19 and accordingly, believes that the focus on advancing and listing its gold assets provides the best short-term opportunity until mid-2021 whilst aiming to increase Shareholder value.

The Corporations Act requires that a spill resolution be included in the Notice of Meeting where:

- (a) The Remuneration Report at the previous Annual General Meeting of the Company (which was held on 18 November 2019) received at least 25% of the "no" votes; and
- (b) At the following Annual General Meeting (this meeting to be held on 17 March 2021) the Remuneration Report receives at least 25% of the "no" votes.

4.2 Spill Meeting

If a Spill Meeting is held, pursuant to section 250V(1)(b)(i) of the Corporations Act, the directors who will cease to hold office immediately before the end of the Spill Meeting (unless they resign before the Spill Meeting) will be:

Dr R Beeson
Mr JL Bennett
Mr RC Craigie
Mr PD Heber
Mr JC Perkins

The above directors have agreed to resign as director immediately following the end of this Annual General Meeting on 17 March 2021 and therefore, do not seek re-election. In such circumstances, the Spill Meeting will not be required.

5. RESOLUTION 3 - CONSOLIDATION OF SECURITIES

- (a) Resolution 3 is an ordinary resolution which seeks to approve the alteration of the Company's share capital by consolidating its existing Shares and Options on a basis of one (1) new Share (or Option) for every 13 (thirteen) Shares (or Options) held (**Consolidation**). The record date for determining the Consolidation will be 22 March 2021. Any fractional entitlements as a result of the Consolidation will be rounded down to the nearest whole number.
- (b) The Consolidation of Shares requires approval for the purposes of section 254H of the Corporations Act by way of an ordinary resolution, meaning that at least fifty percent (50%) of votes must be cast in favour of the Resolution in order for it to be passed.

5.1.2 Section 245H of the Corporations Act

- (a) Section 254H of the Corporations Act enables a company to convert all of its ordinary securities into a smaller number of securities by a resolution passed at a general meeting. The conversion proposed by Resolution 3 is permitted under section 254H of the Corporations Act.
- (b) The Consolidation will not result in any change to the substantive rights and obligations of existing Shareholders.

The Company has a significant number of shares on issue and, the Recapitalisation Proposal set out in this Notice of meeting will result in a significant of new shares being issued to enable the Company to advance its exploration projects. The board of directors believe the Consolidation of Shares and Options will provide the best platform for the Company to advance its exploration projects in Mauritania and Sweden. Further, the Consolidation of Shares and Options will adjust the capital structure in a manner that will align the Company's share structure with its peers on the ASX and the AIM. The Consolidation of Shares and Options should result in a share price level that is more attractive to a wider range of investors and particularly, for institutional investors and large sophisticated and professional investors. These investors look for reduced share price volatility as the minimum permissible share price movement permitted on the ASX (presently 0.5 cents for the Company) will represent a small proportion of the Company's market capitalisation.

The Company will need significantly more new equity in future years to advance its projects to development and the Consolidation of Shares and Options provides the basis for the commencement of this process.

- (c) By way of example, a Shareholder currently holding 130,000 Shares will hold 10,000 Shares as a result of the Consolidation.
- (d) The Company's balance sheet and tax position will remain unaltered as a result of the Consolidation. However, the Company's issued capital will be reduced from 2,557,535,966 Shares to approximately 196,733,536 Shares (subject to rounding) as a result of the Consolidation. Further, the Company will consolidate outstanding options over ordinary shares on the same basis as the consolidation of shares with the number of Options on issue reduced from 94,104,161 Options to approximately 7,238,782 Options.
- (e) After the Consolidation becomes effective, the Company will arrange for new holding statements for the Shares to be issued to Shareholders.

5.1.3 Shares

The Company's issued share capital and options on issue as a result of the Consolidation on basis of one (1) new Share (or Option) for every 13 (thirteen) Shares (or Options) held will be as follows (subject to rounding):

	Pre-Consolidation	Post-Consolidation
Shares on Issue	2,557,535,966	196,733,536
Options on Issue	94,104,161	7,238,782

5.1.4 Options pricing

The exercise price of Options as a result of the Consolidation of Shares and Options on a 1 new Option for every 13 Options held basis will be as follows:

Grant date	Expiry date	Pre-Consolidation No/Price	Post-Consolidation No/Price
30 April 2019	30 April 2022	62,500,000 \$0.016	4,807,692 \$0.208
23 June 2019	31 August 2021	11,604,161 \$0.022	892,628 \$0.286
18 Nov 2019	18 Nov 2022	20,000,000 \$0.00754	1,538,462 \$0.0980

5.1.5 Holding Statements

Following the Consolidation, all holding statements for existing Shares and Options will cease to have any effect, except as evidence of entitlement to a certain number of Shares (on a post-Consolidation basis). After the Consolidation becomes effective, the Company will arrange for new holding statements for Shares and Options to be issued to Shareholders.

5.1.6 Timetable

Subject to approval by shareholders of 1 to 17, the Consolidation of Shares and Options is a key term of the Recapitalisation Proposal and will take effect as follows:

Event	Business Day
Announcement of Consolidation of shares	12 Feb 2021
Notification to ASX that the Share Consolidation is approved	17 Mar 2021
Last day of trading for pre-Consolidation shares	17 Mar 2021
Record date for register update	22 Mar 2021
Despatch of Consolidation holding statements to each security holder	29 Mar 2021

5.2 Recapitalisation Proposal

Section 1.1(d) sets out the actions to be undertaken by the Company and the board of directors to realise the Recapitalisation Proposal. The Recapitalisation Proposal is an “all-inclusive” set of actions proposed by the board of directors and the nominated new directors to create shareholder value through the advancement of the mining projects held by the Company.

The board of directors, in discussions with the nominated new directors, believe that the approval of all resolutions establishes an environment where the Company can focus on advancement of its mining projects with new working capital to enable a Rights Issue to be undertaken as well as extinguish a number of legacy issues surrounding outstanding obligations to directors and other parties and the withdrawal of litigation issues between the Company and certain shareholders.

The Consolidation of shares has the potential to broaden the base of investors through reduction in volatility in price movements.

5.3 Implications of resolution not being approved

If the resolution is not approved, a key term of the Recapitalisation Proposal will be undermined, and this may have implications for the achieve of the goals of the Recapitalisation Proposal through the attraction of institutions and sophisticated and professional investors to provide new equity. More importantly, the raising of new equity via the Share Placements (subject to approval in this Notice of Meeting) and the Rights Issue (proposed to after this Meeting) form a fundamental requirement for the Company to apply to the ASX for readmission to the Official List.

5.4 Directors' Recommendation

The Directors unanimously recommend that Shareholders approve this Resolution.

8. RESOLUTION 6 – APPROVAL FOR ISSUE OF SHARES UNDER THE REPLACEMENT CONVERTIBLE NOTE AND FOLLOW-ON REPLACEMENT CONVERTIBLE NOTE TO CONVERT THE AMOUNT OUTSTANDING

8.1 Agreement

- (a) The Company entered into a convertible note agreement dated 30 April 2019 with Lind Global Macro Fund LP (**Noteholder**) (an unrelated third party and existing shareholder) pursuant to which the Company issued a convertible note with a face value of \$2,400,000 to the Noteholder (**Original Convertible Note**). Under the Original Convertible Note, the Noteholder advanced the principal amount of \$2,000,000 to the Company, subject to certain conditions precedent being satisfied
- (b) On 19 June 2019, the Company secured Shareholder approval for the issue to the Noteholder of a replacement convertible security note (Replacement Convertible

Note) on the same terms as those set out in the Original Convertible Note issued on 30 April 2019 (June Meeting).

- (c) On 18 November 2019 (Variation Date), the Company entered into a deed of variation with the Noteholder to modify the Original Convertible Note to permit the Noteholder to lend a second advance of \$350,000 in consideration for the issuance of a convertible security with a face value of \$420,000 (**Original Follow-On Convertible Note**). Other than the terms of the Original Follow-On Convertible Note outlined below, the terms of the Original Convertible Note remain the same.
- (d) On 31 January 2020, the Company secured Shareholder approval for the issue to the Noteholder of a replacement convertible security note (**Follow-on Replacement Convertible Note**) on the same terms as those set out in the Original Convertible Note issued on 18 November 2019 (January Meeting).
- (e) The Company and each of its wholly owned subsidiaries have secured the Company's obligations under the Agreement. This means that if the Company is unable to repay its payment obligations, the Noteholder may seek to enforce its security over the Company and its assets, and there may be a risk of the Company entering into administration.
- (f) As at the date of this Notice, the Noteholder has advanced the Company the full drawdown amount of \$2,350,000 (face value \$2,820,000). As at the date of this Notice of Meeting, the Noteholder has converted 2,091,667 notes into fully paid ordinary shares with a face value of \$2,510,000. The difference between the face value of both the Replacement Convertible Note and the Follow-on Replacement Convertible Note (\$2,820,000) and the face value of convertible notes converted into fully paid ordinary shares as at the date of the Meeting (\$2,510,000) is \$310,000.
- (g) The number of convertible notes outstanding is 258,333 with a face value of \$310,000.
- (h) In any calendar month the Noteholder may convert up to \$100,000 worth of Shares under the Replacement Convertible Note and adjusted to \$125,000 worth of Shares under the Follow-On Replacement Convertible Note, at the Monthly Conversion Price however, this limit can be exceeded during a Market Capitalisation Conversion Price Period pursuant (as defined below) to CI 5.2(g). A Market Capitalisation Conversion Price Period:
 - (a) It starts when the market capitalisation is less than A\$9,000,000 for five (5) consecutive Trading Days; and
 - (b) It ends when the market capitalisation is subsequently more than A\$9,000,000 for five (5) consecutive Trading Days (after the end of the fifth consecutive Trading Day on which this occurs).

The funds available under the Replacement Convertible Note and the Follow-on Replacement Convertible Notes were drawdown, in full, on 2 May 2019 and 20 November 2019, respectively. As stated above, the amount outstanding represents the residual convertible notes that have not been converted in fully paid ordinary shares.

A review by the ASX of the disclosures made by the Company in relation to the Replacement Convertible Note and the Follow-on Replacement Convertible Note concluded that the Company did not adequately disclose the Market Capitalisation Price Period definition set out in Section 8.1(h) above and its implications on the quantum of convertible notes that could be converted into Shares at any time once the Market Capitalisation Price period was triggered. The ASX concluded that the Company was in breach of Listing Rule 7.1 as a result of the conversion of

convertible notes from the utilisation of the Noteholder of the Market Capitalisation Conversion Price Period.

There are 258,333 convertible notes with a face value of \$310,000 outstanding as at the date of this Meeting.

8.2 Conversion of outstanding notes by the Noteholder

The Noteholder has informed the Company that it intends to convert up to 155,000,000 Shares (on a pre-Consolidation basis) or 11,923,077 Shares (on a post-Consolidation basis) outstanding at the Rights Issue Price of \$0.002 per Share (on a pre-Consolidation basis) or \$0.026 per Share (on a post-Consolidation basis) as part of the Recapitalisation Proposal. The issue of 11,923,077 Shares at the Rights Issue Price will exceed \$125,000 permitted and set out in section 8.1(h) above and therefore, a waiver to the \$125,000 maximum amount conversion in any calendar month is sought from shareholders. The Shares to be issued to the Noteholder will be issued within three months from the date of this Meeting.

8.3 Collateral Shareholding

During the term of the Agreement, the Noteholder:

- (a) may sell, assign, mortgage or otherwise deal with the Collateral Shareholding at its discretion (for the avoidance of doubt, this will have no effect on the Collateral Shareholding amount unless they are collateralised in accordance with the formula set out (ii) below; and
- (b) may elect to reduce, in whole or in part, the Collateral Shareholding, at any time, by paying the consideration (Collateralisation Price) for the nominated amount to be collateralised. The Collateralisation Price is determined by the following formula:

C = A x B where:

A = the portion of the Collateral Shareholding the Noteholder seeks to reduce; and

B = the price per Share equal to 90% of the average of 5 VWAPs per Share in the 20 consecutive trading days immediately prior to the date of collateralisation, as selected at the Noteholder's discretion.

- (c) As at the Maturity Date, notwithstanding the manner in which the Noteholder deals with the Collateral Shareholding, the Noteholder will be deemed to hold the Collateral Shareholding amount of the Collateral Shares less any amount that has been collateralised in accordance with the process set out in this Section 5.3.
- (d) For example, if the Noteholder elects to reduce its Collateral Shareholding from 58,750,000 by 5,000,000 Shares and on the basis that the Noteholder does not elect to carry out additional collateralisations during the term, the Noteholder's Collateral Shareholding will be 53,750,000 Shares at the Maturity Date. The 53,750,000 Shares shall be dealt with in accordance with the process set out in the next Section.
- (e) If the Noteholder has not collateralised all of the Collateral Shareholding by the Maturity Date and the Company has satisfied its repayment obligations, the Noteholder must:
 - (a) transfer that number of Shares comprising the Collateral Shareholding to the Company for no consideration to or at the direction of the Company; or
 - (b) subject to the Shares trading on ASX on the relevant day and trading for at least 5 trading days prior to payment, pay the Company in immediately

available funds an amount equal to the outstanding Collateral Shareholding number multiplied by the Collateralisation Price.

- (f) The Noteholder has been issued a total of 50,000,000 Collateral Shares (on a pre-consolidation basis) on 30 April 2019 (with shareholder approval on 19 June 2019) or 3,846,154 Collateral Shares (on a post-Consolidation basis) and 8,750,000 Collateral Shares on 18 November 2019 (with shareholder approval on 31 January 2020) (on a pre-Consolidation basis) or 673,077 Collateral Shares (on a post-Consolidation basis).
- (g) If the Noteholder elects transfer the Collateral Shareholding to the Company on conversion of the amount outstanding as at the date of this Notice of Meeting the maximum number of Shares that the Company will issue the Noteholder will be 96,250,000 Shares (on a pre-Consolidation basis) or 7,403,846 Shares (on a post-Consolidation basis) which is arrived at by deducting from the number of Shares to be issued on conversion of the face value of the Replacement Convertible Note and the Follow-on Replacement Convertible Note (155,000,000 Shares on a pre-Consolidation basis) (or 11,923,077 Shares on a post-Consolidation basis)). The total number of Collateral Shares held at the date of this meeting is 58,750,000 Shares (on a pre-Consolidation basis) or 4,519,231 Shares on a post-Consolidation basis.
- (h) The Company seeks Shareholder approval for the issue of up to 155,000,000 Shares on a pre-Consolidation basis or 11,923,077 Shares on a post-Consolidation basis by way of a waiver to the maximum amount of conversion of convertible notes in any calendar month in order to convert all Convertible Notes outstanding into fully paid ordinary Shares.
- (i) If shareholders do not approve this Resolution the Noteholder is entitled to declare the Company in default of the Replacement Convertible Note and the Follow-on Convertible Note and request repayment, in full, by way of a cash settlement.

8.4 Implications of breach of Listing Rule 7.1

On 28 October 2020, the Company accepted a determination by the ASX that it had exceeded its placement capacity available under Listing Rule 7.1 due to non-disclosure of the impact of Market Capitalisation Conversion Price Period in the Replacement Convertible Note and the Follow-on Replacement Convertible Note. As a result, the Company cannot refresh its placement capacity under Listing Rule 7.1 until 30 June 2022.

As stated above, a review by the ASX of the disclosures made by the Company in relation to the Replacement Convertible Note and the Follow-on Replacement Convertible Note concluded that the Company did not adequately disclose the Market Capitalisation Price Period definition set out in section 8.1(h) above and its implications on the quantum of convertible notes that could be converted into Shares at any time once the Market Capitalisation Price period was triggered. The ASX concluded that the Company was in breach of Listing Rule 7.1 as a result of the conversion of convertible notes from the utilisation of the Noteholder of the Market Capitalisation Conversion Price Period.

8.5 Additional information required by Listing Rule 7.3

The following information is provided in order for the Company confirm the ability of the Company to issue shares on the conversion of the outstanding convertible notes under the Replacement Convertible Note and Follow-On Replacement Convertible Note:

- (a) the maximum number of securities to be issued on conversion of the amount outstanding is 155,000,000 Shares (on a pre-Consolidation basis) or 11,923,077 Shares (on a post-Consolidation basis) at the with the Shares issued at \$0.002 per Share (on a pre-Consolidation basis) or \$0.026 per Share (on a post-Consolidation Shares);

- (c) this Resolution is to confirm the Capacity of the Company to issue Shares under the Replacement Convertible Note and the Follow-on Replacement Convertible Note and waiver the conversion limits set out in the Replacement Follow-on Convertible Note and therefore, extinguish all the outstanding convertible notes (\$310,000);
- (d) the Replacement Convertible Note and Follow-on Convertible Note is held by Lind Global Macro Fund, LP;
- (e) Shares issued on conversion of the Replacement Convertible Note and the Follow-On Replacement Convertible Note will be fully paid ordinary shares and will rank equally in all respects with existing Shares on issue;
- (f) funds have been drawdown to fund exploration activities between May 2019 and November 2019;
- (g) the approval of the issue of Shares set out in the Resolution will be the date of the Meeting; and
- (h) a voting exclusion statement is included in this Notice.

8.6 Implications of the resolution not being approved

If shareholders do not approve the resolution, a key term of the Recapitalisation Proposal would be undermined, and the Noteholder will be entitled to convert the outstanding convertible notes in accordance with Section 8.5(b) rather than a single conversion which is envisaged by this Resolution as the single conversion exceeds the limits set in Section 8.5(b).

8.7 Directors Recommendation

The Directors unanimously recommend that Shareholders approve this Resolution.

1. **Instructions for completing Proxy Form**
2. **(Appointing a proxy):** A Shareholder entitled to attend and cast a vote at the Meeting is entitled to appoint a proxy to attend and vote on their behalf at the Meeting. If a Shareholder is entitled to cast 2 or more votes at the Meeting, the Shareholder may appoint a second proxy to attend and vote on their behalf at the Meeting. However, where both proxies attend the Meeting, voting may only be exercised on a poll. The appointment of a second proxy must be done on a separate copy of the Proxy Form. A Shareholder who appoints 2 proxies may specify the proportion or number of votes each proxy is appointed to exercise. If a Shareholder appoints 2 proxies and the appointments do not specify the proportion or number of the Shareholder's votes each proxy is appointed to exercise, each proxy may exercise one-half of the votes. Any fractions of votes resulting from the application of these principles will be disregarded. A duly appointed proxy need not be a Shareholder.
3. **(Direction to vote):** A Shareholder may direct a proxy how to vote by marking one of the boxes opposite each item of business. The direction may specify the proportion or number of votes that the proxy may exercise by writing the percentage or number of Shares next to the box marked for the relevant item of business. Where a box is not marked the proxy may vote as they choose subject to the relevant laws. Where more than one box is marked on an item the vote will be invalid on that item.
4. **(Signing instructions):**
 - **(Individual):** Where the holding is in one name, the Shareholder must sign.
 - **(Joint holding):** Where the holding is in more than one name, all of the Shareholders should sign.
 - **(Power of attorney):** If you have not already provided the power of attorney with the registry, please attach a certified photocopy of the power of attorney to this Proxy Form when you return it.
5. **(Companies):** Where the Company has a sole director, who is also the sole company secretary, that person must sign. Where the Company (pursuant to section 204A of the Corporations Act) does not have a company secretary, a sole director can also sign alone. Otherwise, a director jointly with either another director or a company secretary must sign. Please sign in the appropriate place to indicate the office held. In addition, if a representative of a company is appointed pursuant to section 250D of the Corporations Act to attend the Meeting, the documentation evidencing such appointment should be produced prior to admission to the Meeting. A form of a certificate evidencing the appointment may be obtained from the Company.
6. **(Attending the Meeting):** Completion of a Proxy Form will not prevent individual Shareholders from attending the Meeting in person if they wish. Where a Shareholder completes and lodges a valid Proxy Form and attends the Meeting in person, then the proxy's authority to speak and vote for that Shareholder is suspended while the Shareholder is present at the Meeting.
7. **(Return of Proxy Form):** To vote by proxy, please complete and sign the enclosed Proxy Form and return by:
 - (a) **post to Post Office Box 655 Carlton South Victoria 3053 Australia; or**
 - (b) **Suite 1, Level 3, 62 Lygon Street Carlton South Victoria 3053 Australia; or**
