3. Reasons for the amendments

The full-year consolidated and unconsolidated financial forecasts for FY2013 were amended from the previously announced forecasts mainly due to the fluctuations in currency exchange rates and the upward revisions to our annual sales plan for FY2013.

The forecast of the full-year consolidated vehicle sales for FY2013 has been revised to 8,850 thousand units from 8,750 thousand units, which is 100 thousand units more than presumed at the time of the previous announcement of the FY2013 forecasts. The assumption of the foreign exchange rate is 81 yen per U.S. dollar and 104 yen per euro, for the full-year average.
