EURO NOTE PROGRAMME

guaranteed (in the case of Notes issued by Legal & General Finance PLC) by

LEGAL & GENERAL GROUP PLC

Under the Euro Note Programme described in this Prospectus (the “**Programme**”), Legal & General Finance PLC (“**L&GF**”) and Legal & General Group Plc (“**L&G**” or “**Legal & General**”) (each an “**Issuer**” and, together, the “**Issuers**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes guaranteed, in the case of Notes issued by L&GF, by L&G (in such capacity, the “**Guarantor**”) (the “**Notes**”). The Notes may be issued as senior obligations (“**Senior Notes**”) by L&GF or L&G or as subordinated obligations (“**Subordinated Notes**”) by L&G only. The Subordinated Notes may be issued as dated subordinated notes with terms capable of qualifying as Tier 2 Capital (as defined herein) (“**Dated Tier 2 Notes**”), as undated notes with terms capable of qualifying as Tier 2 Capital (as defined herein) (“**Undated Tier 2 Notes**” and, together with the Dated Tier 2 Notes, the “**Tier 2 Notes**”), as dated subordinated notes with terms capable of qualifying as Tier 3 Capital (as defined herein) (“**Dated Tier 3 Notes**”), or as undated subordinated notes with terms capable of qualifying as Tier 3 Capital (as defined herein) (“**Undated Tier 3 Notes**” and, together with the Dated Tier 3 Notes, the “**Tier 3 Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed £7,000,000,000 (or the equivalent in other currencies), subject to the right of the Issuers to increase such amount in accordance with the terms of the Distribution Agreement (as defined herein).

This Prospectus (the “**Prospectus**”) has been approved by the United Kingdom Financial Conduct Authority (the “**FCA**”), in accordance with the rules in the Prospectus Rules, Admission to Trading on a Regulated Market sourcebook (“**PRM**”) made pursuant to its rule-making powers under the Public Offers and Admissions to Trading Regulations 2024 (the “**POATRs**”). The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the rules in the PRM. Such approval should not be considered as an endorsement of the Issuers, the Guarantor or of the quality of the Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to the FCA under Part VI of the Financial Services and Markets Act 2000, as amended (“**FSMA**”), for Notes issued under the Programme for the period of 12 months from the date of this Prospectus to be admitted to the official list of the FCA (the “**Official List**”) and to the London Stock Exchange plc (the “**London Stock Exchange**”) for such Notes to be admitted to trading on the London Stock Exchange’s Main Market (the “**Market**”). The obligation to supplement this Prospectus in the event of significant new factors, material mistakes or material inaccuracies will not apply following the expiry of that period. References in this Prospectus to Notes being “**listed**” (and all related references) shall, unless the context otherwise requires, mean that such Notes have been admitted to trading on the Market and have been admitted to the Official List. The Market is a regulated market for the purposes of Article 2(1)(13A) of Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended (“**EUWA**”) (“**UK MiFIR**”). The relevant Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Official List and admitted to trading on the Market (or any other stock exchange).

Each Series (as defined herein) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (each a “**temporary Global Note**”) or a permanent global note in bearer form (each a “**permanent Global Note**”). If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“**NGN**”) form, the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking, SA (“**Clearstream, Luxembourg**”). Notes in registered form will be represented by registered certificates (each a “**Certificate**”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. Registered Notes issued in global form will be represented by registered global certificates (each a “**Global Certificate**”). If a Global Certificate is held under the New Safekeeping Structure (the “**NSS**”), the Global Certificate will be delivered on or prior to the original issue date of the relevant Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg. Global Notes which are not issued in NGN form (“**Classic Global Notes**”) or “**CGNs**”) and Global Certificates which are not held under the NSS will be deposited on the issue date of the relevant Tranche with a common depository on behalf of Euroclear and Clearstream, Luxembourg (the “**Common Depository**”). The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described herein under “**Summary of Provisions Relating to the Notes while in Global Form**”.

Tranches of Notes (as defined in the section entitled “**Overview of the Programme**”) to be issued under the Programme may be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Notes already issued or the rating assigned to the Programme by the relevant rating agency. As at the date of this Prospectus, L&G’s long term issuer debt ratings are A2 (Moody’s Investors Service Limited (“**Moody’s**”), A (S&P Global Ratings UK Limited (“**S&P**”), A+ (Fitch Ratings Ltd (“**Fitch**”) and a (A.M. Best Europe - Rating Services Limited (“**A.M. Best**”)) and L&G’s long term issuer debt rating is A2 (Moody’s). For information regarding the ratings applied to the Programme, please see page 8 below. Each of Moody’s, S&P, Fitch and A.M. Best are established in the UK and are registered in accordance with Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the EUWA (the “**UK CRA Regulation**”) and are included in the list of credit rating agencies published by the FCA on its website (at <https://www.fca.org.uk/firms/credit-rating-agencies>) in accordance with the UK CRA Regulation. None of Moody’s, S&P, Fitch or A.M. Best is established in the European Union and they have not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the “**CRA Regulation**”). The ratings issued by Moody’s, S&P, Fitch and A.M. Best have been endorsed by Moody’s Deutschland GmbH, S&P Global Ratings Europe Limited, Fitch Ratings Ireland Limited and A.M. Best (EU) Rating Services B.V., respectively, in accordance with the CRA Regulation. Each of Moody’s Deutschland GmbH, S&P Global Ratings Europe Limited, Fitch Ratings Ireland Limited and A.M. Best (EU) Rating Services B.V. is established in the European Union and registered under the CRA Regulation. As such, each of Moody’s Deutschland GmbH, S&P Global Ratings Europe Limited, Fitch Ratings Ireland Limited and A.M. Best (EU) Rating Services B.V. is included in the list of credit rating agencies published by the European Securities and Markets Authority (“**ESMA**”) on its website (at <http://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable under the Notes to be issued under the Programme may be calculated by reference to the Euro Interbank Offered Rate (“**EURIBOR**”), the Sterling Overnight Index Average (“**SONIA**”) or the Secured Overnight Financing Rate (“**SOFR**”). As at the date of this Prospectus, the administrator of EURIBOR (the European Money Markets Institute), the administrator of SONIA (the Bank of England) and the administrator of SOFR (the Federal Reserve Bank of New York) do not appear on the register of administrators and benchmarks established and maintained by the FCA pursuant to Article 36 of Regulation (EU) 2016/2011 as it forms part of domestic law by virtue of the EUWA (the “**UK Benchmarks Regulation**”). As far as the Issuer is aware, the European Money Markets Institute, as administrator of EURIBOR, benefits from an equivalence direction, for the purposes of Article 30(2) of the UK Benchmarks Regulation, made under the Benchmarks Regulation Equivalence (No.2) Directions 2020 and consequently is not currently required to obtain separate authorisation or registration under the UK Benchmarks Regulation. As far as the Issuer is aware the Bank of England, as administrator of SONIA, and the Federal Reserve Bank of New York, as administrator of SOFR, do not fall within the scope of the UK Benchmarks Regulation by virtue of Article 2 of the UK Benchmarks Regulation.

Prospective investors should have regard to the factors described under the section headed “**Risk Factors**” in this Prospectus.

IMPORTANT INFORMATION

This Prospectus constitutes a base prospectus for the purposes of PRM 2.3.

This Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the United Kingdom (the “UK”) and/or offered to the public in the UK pursuant to an exemption under Part 1 of Schedule 1 of the POATRs. The Issuer will, in the event of any significant new factor, material mistake or material inaccuracy relating to the information included in this Prospectus which may affect the assessment of any Notes, prepare a supplement to this Prospectus or publish a new prospectus for use in connection with any subsequent issue of Notes in compliance with PRM 10.1.1R. The obligation to supplement this Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Prospectus is no longer valid.

Each of the Issuers and the Guarantor accept responsibility for the information contained in this Prospectus. To the best of the knowledge of each Issuer and the Guarantor, the information contained in this Prospectus is in accordance with the facts and this Prospectus makes no omission likely to affect its import.

This Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see “Documents Incorporated by Reference”).

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuers, the Guarantor, the Dealers or the Arranger (as defined in “Overview of the Programme”). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of L&G or L&GF since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of L&G or L&GF since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by L&G, L&GF, the Dealers and the Arranger to inform themselves about, and to observe, any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see “Subscription and Sale”.

If a jurisdiction requires that the offering of Notes be made by a licensed broker or dealer and the Dealers or any parent company or affiliate of the Dealers is a licensed broker or dealer in that jurisdiction and so agrees, the offering shall be deemed to be made by the Dealers or such parent company or affiliate on behalf of the Issuer in such jurisdiction.

The information on any websites to which this Prospectus refers does not form part of this Prospectus and has not been scrutinised or approved by the FCA.

Where third party information has been used in this Prospectus, the source of such information has been identified. The Issuers confirm that such information has been accurately reproduced and, so far as the Issuers are aware and have been able to ascertain from information published by such third parties, no facts have been omitted which would render the reproduced information inaccurate or misleading.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article

4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) which applies up to and including 5 April 2026, or the disclosure document required by the FCA Product Disclosure Sourcebook (“DISC”) which will apply from and including 6 April 2026, for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation or DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024, as applicable.

MIFID II PRODUCT GOVERNANCE/TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID product governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE/TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Notice to Canadian Investors

No prospectus has been filed with any securities commission or similar regulatory authority in Canada in connection with any offer and sale of the Notes. No securities commission or similar regulatory authority in Canada has reviewed or in any way passed upon this Prospectus or on the merits of the Notes and any representation to the contrary is an offence.

Any offer and sale of the Notes in Canada will be made on a private placement basis only and pursuant to an exemption from the requirement that the Issuer prepares and files a prospectus under

applicable Canadian securities laws. Any resale of the Notes acquired by a Canadian investor must be made in accordance with applicable Canadian securities laws, which may vary depending on the relevant jurisdiction, and which may require resales to be made in accordance with Canadian prospectus requirements, a statutory exemption from the prospectus requirements, in a transaction exempt from the prospectus requirements or otherwise under a discretionary exemption from the prospectus requirements granted by the applicable local Canadian securities regulatory authority. These resale restrictions may under certain circumstances apply to resales of the Notes outside of Canada.

The Notes may be sold in Canada only to purchasers, resident in, or subject to the securities laws of the provinces of Ontario, Alberta or British Columbia that are purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* (“NI 45-106”) or subsection 73.3(1) of the *Securities Act* (Ontario) and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (“NI 31-103”) and that are not created or used solely to purchase or hold securities as an accredited investor described in paragraph (m) of the definition of “accredited investor” in section 1.1 of NI 45-106.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor.

NOTIFICATION UNDER SECTION 309B(1) OF THE SECURITIES AND FUTURES ACT 2001 OF SINGAPORE (2020 REVISED EDITION), AS MODIFIED OR AMENDED FROM TIME TO TIME (THE “SFA”) AND THE SECURITIES AND FUTURES (CAPITAL MARKETS PRODUCTS) REGULATIONS 2018 OF SINGAPORE (THE “CMP REGULATIONS 2018”) – In connection with Section 309B of the SFA and the CMP Regulations 2018, unless otherwise specified before an offer of Notes, the Issuers have determined, and hereby notify all persons (including all relevant persons (as defined in Section 309A(1) of the SFA)) that all Notes issued or to be issued under the Programme are “prescribed capital markets products” (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in the Monetary Authority of Singapore (“MAS”) Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

This Prospectus does not constitute an offer of, or an invitation by or on behalf of L&G, L&GF or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers or the Arranger accepts any responsibility for the contents of this Prospectus or for any other statement made, or purported to be made, by the Arranger or a Dealer or on its behalf in connection with the Issuers, the Guarantor, or the issue and offering of the Notes. The Arranger and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Prospectus or any such statement. Neither this Prospectus nor any other financial statements are intended to constitute and should not be considered as a recommendation by any of L&G, L&GF, the Arranger or the Dealers that any recipient of this Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of L&G or L&GF during the life of the arrangements contemplated by this Prospectus or to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In connection with the issue of any Tranche (as defined in “Overview of the Programme”), the Dealer or Dealers (if any) appointed as the stabilising manager(s) (the “Stabilising Manager(s)”) (or any person acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant

Tranche is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

The Notes may not be a suitable investment for all investors. Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) understand the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the relevant Notes.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to a potential investor's overall portfolio. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are lawful investments for it, (2) Notes can be used as collateral for various types of borrowing, and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

In this Prospectus, unless otherwise specified or the context otherwise requires, references to "£", "pounds", "pounds sterling" and "pence" are to the lawful currency of the United Kingdom of Great Britain and Northern Ireland ("United Kingdom" or "UK"), references to "U.S. dollars" and "U.S.\$" are to the lawful currency of the United States of America ("United States" or "US"), references to "yen" or "¥" are to the lawful currency of Japan and references to "euro", "EUR" and "€" are to the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended from time to time.

In this Prospectus, unless the contrary intention appears, a reference to a law or a provision of law is a reference to that law or provision as extended, amended or re-enacted.

SUPPLEMENTAL PROSPECTUS

If at any time L&GF or L&G shall be required to prepare a supplemental prospectus pursuant to PRM 10.1.1R, L&GF and L&G will prepare and make available an appropriate amendment or supplement to this Prospectus or a further prospectus which, in respect of any subsequent issue of Notes to be listed on the Official List and admitted to trading on the Market, shall constitute a supplemental prospectus as required by the FCA and PRM 10.1.1R.

Each of L&GF and L&G has given an undertaking to the Dealers that if at any time during the duration of the Programme there is a significant new factor, material mistake or material inaccuracy relating to the information contained in this Prospectus which is capable of affecting the assessment of any Notes, the inclusion of which would reasonably be required by investors and their professional advisers, and would reasonably be expected by them to be found in this Prospectus, for the purpose of making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of L&GF and L&G and the rights attaching to the Notes, the reasons for the issuance and its impact on the relevant Issuer, L&GF and L&G shall prepare an amendment or supplement to this Prospectus or publish a replacement prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer such number of copies of such amendment or supplement hereto, or replacement hereof, as such Dealer may reasonably request.

RISK FACTORS

The Issuers believe that the following factors, which are specific to the Issuers (and, in the case of L&G, are also specific to it in its capacity as Guarantor), may affect their ability to fulfil their obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur. In addition, risk factors which are specific to the Notes issued under the Programme are also described below.

*The Issuers believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme as at the date of this Prospectus. If any or a combination of these risks actually occurs, the business, results and operations, financial condition and/or prospects of L&G and its subsidiaries (each a “**Subsidiary**” and together with L&G, the “**Group**”) could be materially and adversely affected, which could result in the Issuers being unable to pay interest, principal or other amounts on or in connection with any Notes or materially and adversely affect the trading price of any Notes.*

Prospective investors should note that the risks relating to the Issuers and the Notes summarised in this section are the risks that the Issuers believe to be the most essential to an assessment by a prospective investor of whether to consider an investment in the Notes and the Issuers do not represent that the statements below regarding the risks of investing in the Notes are exhaustive. As the risks which the Issuers face relate to events and depend on circumstances that may or may not occur in the future, prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents which are incorporated by reference herein) and reach their own views prior to making any investment decision.

Capitalised expressions used in this section have the definitions ascribed to them in the Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 2 Notes and Terms and Conditions of the Tier 3 Notes, as appropriate, unless otherwise defined in this Prospectus.

1. RISKS RELATING TO THE GROUP’S BUSINESS ACTIVITIES AND INDUSTRY

This section details certain risk factors which could affect the Group’s future results of operations and cause them to be materially different from past results or from expected results. The factors detailed in this section should not be regarded as a complete and comprehensive statement of all potential risks and uncertainties.

1.1 Credit Risk

Credit risk is the risk that the Group is exposed to loss if another party fails to perform its financial obligations to the Group, particularly where proceeds from its investments or its reinsurance arrangements are not available as expected. A counterparty default could create an immediate loss or a reduction in future profits, depending on where the loss occurred in the business. Such losses could have adverse impacts on the Group’s business, financial condition, results of operations and prospects.

The significant areas where the Group is exposed to credit risk are the following:

- (i) the Group holds corporate bonds, sovereign debt and other lending investments within its portfolios of investment assets to back its insurance liabilities. There is a risk that the issuers of such bonds or borrowers of such loans may default upon their payment obligations, resulting in financial loss to the Group, with potential for more significant loss where systemic corporate sector failures, or a major sovereign debt event, trigger widespread defaults. A widespread widening of credit spreads and downgrades can also result in a reduction in the Group’s Solvency UK balance sheet surplus, despite the Group setting aside significant capital for credit risk;
- (ii) the Group is exposed to counterparty default risk in connection with the derivatives held to hedge guarantees and other financial risks to which the Group may be exposed;
- (iii) the Group limits its exposure to insurance risk by ceding part of the risks it assumes to the reinsurance market. When the Group obtains reinsurance it remains primarily liable for the re-insured risks, regardless of whether the reinsurer meets its reinsurance obligations. Therefore, there is a risk that one or more reinsurers may default upon their reinsurance obligations which could

affect the Group's business profitability to the extent any collateral mechanism, if such a mechanism is in place, also fails. The Group may also be required to carry an element of associated risk capital requirement on its balance sheet should the business not be re-brokered on the same terms. Credit risk syndication also exposes the Group to similar counterparty default risks;

- (iv) the Group holds property lending and sale and leaseback investments and is inherently exposed to the risk of default by a borrower or tenant;
- (v) the Group is exposed to credit risk where it undertakes property lending, with exposure to loss if an accrued debt exceeds the value of security taken following a default event by the borrower; and
- (vi) the Group is also exposed to credit risk through money market counterparties and providers of investment settlement, banking, custody and other bespoke business services.

1.2 Market Risk

Market risk is the risk that the Group is exposed to financial loss as a direct or indirect result of volatility or fluctuations in variables such as market prices. The Group holds a broad range of investment assets including equities, bonds, property and cash and direct investments such as property lending and sale and leaseback investments for the purposes of meeting its obligations under contracts of insurance, prudential capital requirements and for generating returns to shareholders. A range of factors influence the value of, and income from, these investment assets, including the performance and liquidity of investment markets, and macro-economic factors such as interest rates and inflation. A reduction in the value of these assets relative to contracted obligations or targeted returns will directly or indirectly affect the reported financial results and capital requirements of the Group.

A wide variety of factors, including concerns over low or negative economic growth, the stability and solvency of banks and financial institutions, interest rate policy and the unwind of central bank asset purchase schemes in developed markets and sustained inflation have all contributed to increased volatility in the financial markets in recent years. Geopolitical tensions - including the Russia-Ukraine war, ongoing hostilities in the Middle East in light of the developing Iran-Israel-US conflict, Asia-Pacific security issues, and shifting U.S. foreign relations - continue to drive market volatility. These issues have and are expected to continue to have long-term impacts on the global geopolitical structure, some of which are yet to emerge and cannot be fully predicted. Over the longer term, these may have unforeseen implications for certain of the investments in the Group's portfolio.

The ongoing strain in global trade relations with the United States resulting in increased import tariffs (including the risk of retaliatory tariffs) and general trade restrictions and sanctions may also contribute to increased volatility in the financial markets.

These risks have the potential to diminish growth expectations for the global economy and are characterised by a higher number of economic risks than expected in a normal economic cycle. Uncertainty, fluctuations or negative trends in international economic and investment climates could have a material adverse effect on the Group's business and profitability and pose a material risk to the Group's results of operations and financial condition.

Asset values may also be adversely affected by factors such as the temporary closure of markets, uncertainty over the operation of financial instruments and the imposition of capital controls, all of which could adversely impact the Group's businesses and financial condition. Shocks to financial markets, in the extreme, could also adversely impact the Group's ability to execute hedging strategies that ensure the profiles of the Group's asset and liability cash flows are appropriately matched.

As well as reducing the value of assets backing the obligations and capital of the Group, significant falls in asset values can also result in a reduction in earnings from investment

management, can affect the flows of funds to and from the Group's Investment Management businesses and can increase the cost of guarantees in certain long-term products. Falls in the risk-free yield curve can also create a degree of inherent volatility to be managed in the Solvency UK balance sheet, potentially impacting capital requirements and surplus capital. The value of, and income generated from, investment assets denominated in currencies other than sterling and the sterling profits and value of holdings in overseas subsidiaries can be adversely impacted by fluctuations in exchange rates. In addition, lifetime mortgages include a no-negative equity guarantee which transfers to the Group an exposure to loss as a result of low house price inflation.

More broadly, the performance of financial markets and economic conditions can influence the purchase by customers of retail financial services products, and how long they are retained, adversely affecting new business volumes as well as existing business.

1.3 Insurance Risk

Insurance risk is the risk of loss or adverse change in the value of insurance liabilities resulting from differing experience to that assumed within product pricing and provisions or from revision of the assumptions underlying provisions from one period to the next. The pricing of long-term insurance business requires the setting of assumptions for long-term trends in factors such as mortality, morbidity, longevity, lapse rates and persistency (as well as for market and credit risk factors such as valuation interest rates, expenses and credit defaults, as well as the availability of assets with appropriate returns). Assumptions are determined on actuarial principles. However, the Group is inherently exposed to the risk that actual experience may differ to that assumed, resulting in unanticipated loss or the need to recalibrate these assumptions reducing profitability, which could impact the Group's financial condition. Forced changes in assumptions and reserves can also be required as a result of regulatory or legislative intervention impacting capital requirements and reducing profitability and future earnings.

The Group has made a number of assumptions regarding future rates of mortality, morbidity and longevity determined on actuarial principles. However, projecting future rates and trends cannot be precise and remains subject to inherent uncertainties. In its Annuities business, the Group is exposed to factors such as improvements in medical science beyond those anticipated, leading to unexpected changes in life expectancy. Lifetime mortgage business also has some exposure to the life expectancy of borrowers. If the assumptions underlying the reserving basis were to prove incorrect, the Group may have to increase the amount of its reserves, which could adversely affect the Group's operating results. In its Protection business, the Group is inherently exposed to loss from events causing widespread mortality, morbidity or significant policy lapse rates, for example as a result of pandemics, the emergence of new diseases or reductions in immunology. Furthermore, legislative intervention in the pricing of insurance products may increase the costs of insurance products for consumers, reducing their propensity to purchase such products and impacting new business volumes.

The inappropriate acceptance of financial risks associated with the writing of new products, or the incorrect assessment of liabilities once business has been accepted, represents a financial risk to the strength of the 'Long Term Fund' (the Long Term Fund consists of those assets which are attributed to the long-term business). Within the area of insurance risk, there are three particular risks to the Group:

- (i) the concentration of certain types of liability within the Long Term Fund, creating future risks to financial strength should there be significant differences in actual experience (for example, in the mortality rate of annuitants) to underlying design and pricing assumptions;
- (ii) the potential incorrect valuation of existing and contingent liabilities due to the inherent complexity of the valuation process and underlying interaction of assumptions; and
- (iii) forced changes in reserves could be required as a result of changes in regulations or law which have a retrospective effect.

1.4 Liquidity Risk

Liquidity risk is the risk that the Group, though solvent, either does not have sufficient financial resources available to enable it to meet its obligations as they fall due or can secure them only at excessive cost. This could adversely affect the Group's business, financial condition, results of operations and prospects.

Contingent event liquidity risks relate to low probability and typically extreme events that, if not adequately planned for, can result in unanticipated requirements for liquidity. Such events may include those leading to significant higher levels of claims that would normally be expected or extreme events impacting the timing of cash flows or the ability to realise investments at a given value within a specified timeframe. A limited level of contingent liquidity risk is an accepted element of writing contracts of insurance.

Collateral liquidity risk relates to a failure to hold sufficient cash or other assets suitable to meet collateral requirements for financial instruments and other transactions, resulting in unplanned disposals of assets at excessive cost. Within the Group's businesses, the use of financial instruments to hedge default, interest rate, currency and inflation risks can require the posting of collateral with counterparties, and as such an appropriate pool of eligible assets must either be held or readily available. Other transactions can require the posting of collateral should the Group's (or its subsidiaries') credit rating change.

Investment liquidity risk relates to the risk that investment assets are insufficiently liquid to be realised in line with contracted liabilities. Where policyholders have discretion to require early payment of policy proceeds, contractual safeguards seek to ensure that the fund and remaining policyholders are not disadvantaged should a material number of policyholders exercise this discretion. Direct lending, sale and leaseback investments and lifetime mortgage business are inherently illiquid forms of investment, with limited secondary markets to realise the value of assets outside agreed redemption terms. The Group sets limits on the overall exposure to illiquid assets taking account of the nature and type of liabilities that the assets are held to meet.

Wholesale funding liquidity risk relates to the risk of adverse markets conditions limiting the access to funding markets for new funding and refinancing of existing borrowings. There can be no guarantee that the Group will be able to refinance its borrowings in the future and reduced levels of liquidity could also increase the Group's cost of borrowing.

1.5 Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events. The Group's plan for growth, together with any regulatory change, will inherently increase the profile of operational risks across its business.

- *Artificial Intelligence ("AI") and Quantum Computing Risk*

AI technology and quantum computing are being developed at pace and scale. AI presents opportunities for process efficiency, better underwriting and pricing and improved customer services. However, this also presents a range of risks, most notably a change in the competitive landscape, customer and reputational harm and compounding of external cyber threats through AI-fuelled attack vectors. There are also new vulnerabilities from the rapid adoption of AI and increased data confidentiality and bias challenges. There is an additional risk that the Group fails to manage its use of AI appropriately, exposing it to reputational risks from use of models generating inappropriate or unacceptable outcomes for customers. Longer term there is a risk that AI and quantum computing will transform the industry in which the Group participates or the industries of the companies in which the Group invests, and such transformation could have a material adverse effect on the business, results of operations, financial condition and prospects of the Group.

As the regulatory environment around AI develops, the Group will need to be agile and may be required to make adaptations to its business practices. Failure to do this could have regulatory consequences on the business, including financial sanctions, and may

also lead to reputational issues as AI becomes more embedded in business practice and customer expectations.

- *Business Process Risk*

The Group's business processes can be complex, with significant reliance placed upon IT systems and manual processes. A material failure in the Group's business processes or IT systems may result in unanticipated loss or reputational damage which could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

The Group has constructed a framework of internal controls to reduce the probability of such business process or IT system failure occurring. However, no system of internal controls can completely eliminate the risk of error, financial loss, fraudulent actions or reputational damage. The Group's housing and property development businesses are also exposed to property construction, project delivery and other liability and safety risks.

- *Cyber Security Risk*

As the Group and its business partners increasingly digitise their businesses, the Group is inherently exposed to the risk that third parties may seek to disrupt the Group's online operations, steal customer data or perpetrate acts of fraud using digital media. Large organisations, such as the Group and its suppliers, are increasingly becoming targets for cyber-crime and are at risk of nefarious cyber-attacks. The likelihood of such attacks arising has increased as a result of increasing geopolitical tensions globally (including the Russia-Ukraine, China-Taiwan and Middle East conflicts) as well as due to the increased use of AI tools particularly if those organisations retain personal information about many people and migrate some of their operations on to digital platforms. A significant cyber event could result in reputational damage to and financial loss for the Group. The Group deploys a range of control techniques to evaluate system security and proactively manage emerging threats to reduce the probability of a cyber event occurring.

- *Third Party Risk*

The Group is also exposed to operational risk from reliance on external suppliers of administration, IT and system development services. Dependencies also exist on the provision of banking infrastructure, and the availability of security dealing and custody services. As the use and depth of the Group's relationship with third parties increases, including the use of AI and cloud-based services, the Group increasingly faces the risk of operational failure with respect to such third parties, should they experience operational issues or failures with respect to system safeguards. Unforeseen events leading to the loss of any of these services may impact operational effectiveness and lead to financial loss. Similarly, any weakness in administration systems (such as those relating to policyholder records) could result in the loss of confidential or proprietary data (exposing it to potential legal claims and regulatory sanctions) and damage its reputation and relationships with customers, regulators and business partners, all of which could have a material adverse effect on the Group's business, financial condition, results of operations and prospects.

- *People Risk*

The Group actively focuses on recruiting and retaining high quality individuals. The success of its operations is dependent on, among other things, the ability to attract and retain highly qualified professional people. It ensures that key dependencies do not arise through employee training and development programmes, remuneration strategies and succession planning. However, the sudden unanticipated loss of teams of expertise may require substantial expense and could, in the short term, have an adverse effect on the Group's business, results of operations and prospects. Competition for highly qualified professional people is intense and demands that the Group must offer competitive compensation arrangements, the costs of which may be significant. Failure to attract and retain key employees could have a material effect on the Group's competitive position which could, in turn, affect the business, financial conditions, results and operations and prospects of the Group.

- *Data Risk*

The Group collects and processes personal data (including name, address, age, medical details, bank details and other personal data, including information which falls within special categories of personal data) from its customers, business contacts and employees as part of the operation of its business, and therefore it must comply with data protection and privacy laws. This includes compliance with the General Data Protection Regulation ((EU) 2016/679) as it forms part of the domestic law of the UK by virtue of the EUWA (“**GDPR**”) and the Data Protection Act 2018 (“**DPA**”), which supplements the obligations under the GDPR. The GDPR increased the maximum levels of fines for compliance failures to 4 per cent. of the Group’s global annual turnover. There is a risk that data collected by the Group and its third-party service providers (including those using or used by AI) is not processed in accordance with notifications made to, or obligations imposed by, data subjects, regulators, or other counterparties or applicable law. Failure to operate effective data collection controls could potentially lead to regulatory censure, fines, reputational and financial costs, as well as result in potential inaccurate rating of risks or overpayment of claims.

- *Change Risk*

As the Group transforms and modernises to meet its strategic objectives and customer needs, it is exposed to change risk. Exposure to change risk is inherent in all change activity across the Group.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that either Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List.

1.6 **Climate change risk**

There is potential that certain climate change risk factors have also not yet been fully priced in by financial markets with the risk that sudden late government policy action in response to a failure to achieve emission goals or any sudden reversal of any climate-related policy action leads to potentially large and unanticipated shifts in asset valuations for industries that are required to rapidly move to a net zero emission position. The corporate risk is the impact on the Group from exposure to regulatory censure, climate-related litigation risks, or adverse customer perception of the Group. This may be through loss of franchise value, directly through fines or costs due to adverse investor sentiment resulting from poor alignment with ESG rating expectations. A failure to identify and limit financial exposures to impacted asset classes could adversely impact the Group’s profitability, financial condition and customer perceptions. Currently regulatory focus is on improving the transparency of reporting, for example through disclosures mandated by the Task Force on Climate-Related Financial Disclosures, the FCA’s Sustainability Disclosures Regime (“**SDR**”) and anti-greenwashing rules. Regulatory developments are managed through the Group’s regulatory change programmes.

As a significant investor in financial markets, commercial real estate and housing, the Group is exposed to climate-related risks. The Group’s exposure to climate change falls into three broad categories: physical, transition and corporate. Physical risks, particularly to property assets arising from severe weather events; and transition risks from the move to a low carbon economy, which will impact the value of those investments associated with higher levels of greenhouse gas emissions. These two risks are linked. Continued emissions will increase physical risks, and limiting the impacts will require substantial emission reductions which will increase transition risks. There are also potential impacts on the health, longevity and mortality rates of those the Group insures, and although the Group expects this to be gradual and over the long term, it will require consideration within the Group’s pricing and long-term liability matching strategies. Transition risks may arise under a wide range of plausible pathways, including those where there is no further policy action. Anti-climate change sentiment, particularly in high carbon-emitting

countries, could have far-reaching consequences for the pace and effectiveness of climate action and continue to slow down policy changes. This could limit future sustainable investment opportunities and make it more difficult for the Group to manage climate-related risks and meet its climate commitments. There is potential that certain climate change risk factors have also not yet been fully priced in by financial markets with the risk that delayed or disruptive policy action could materially increase transition risk, as deeper and more rapid decarbonisation would then be required to meet climate goals.

1.7 Market Competition

The market in which the Group operates remains attractive to new entrants. As has been seen in other business sectors, it is possible that alternative digitally enabled providers of financial service products emerge with new technological advances, lower cost business models or innovative service propositions and capital structures disrupting the current competitive landscape which could result in the Group losing business to new entrants which could have an adverse impact on the Group's business, financial condition, results of operations and prospects. The continued evolution of AI has the potential to be a significant disrupting force across the Group's businesses, for example, by enabling new entrants to compete with potentially lower costs, and more efficient processes. The technology itself could have an impact on asset valuations, and on the Group's liabilities including through its impact on life sciences and health care systems effectiveness.

1.8 Reputation and Contagion Risks

The Group's earnings and profits are influenced by the perception and confidence of retail and wholesale investors in the UK financial services sector, financial markets and the broader economic outlook, as well as their confidence in the Group itself.

Factors impacting the perception of the financial services sector include the adverse performance of investment markets, actions by regulators against peer organisations and shock events such as significant market failures. Regulatory actions may also adversely impact consumers' perception of the value of insurance products and result in changes to the regulatory and legislative environment in which the Group operates, which could have an adverse impact on the Group's business, financial condition, results of operations and prospects.

The Group's reputation can be affected by events impacting parties with which the Group has a relationship, internal process failures and the consequences of external events. Additionally, as a consequence of the use of a common brand across the majority of the Group and the provision of intra-group loans and guarantees, the occurrence of a risk in one part of the Group may result in contagion elsewhere in the Group. Such events that cannot be readily controlled may affect the reputation of the Group with potential consequences for the earning streams of the Group.

As well as impacting reputation, the failure of other UK financial services organisations can have a direct financial impact on the Group through its participation in the Financial Services Compensation Scheme (the "FSCS"). Under the scheme, in the event of a failure of a significant financial institution, the Group may be obliged to provide additional funding to the FSCS over a sustained period of time, reducing capital available to the Group. Similarly, compensation schemes such as the Pension Protection Fund can result in calls for funds on the Group through its own pension scheme arrangements. This could have an adverse impact on the Group's business, results of operations, financial condition and/or prospects.

1.9 Litigation

The Group is not currently, but may in the future be, subject to legal proceedings and disputes which are sufficiently significant to have a material adverse effect on the Group's business, financial condition, results of operations and prospects. Legal proceedings and disputes may arise in the future under contracts, regulations or from a course of conduct taken by the Group and may be class actions. Given the large or indeterminate amounts of damages sometimes sought, and the inherent unpredictability of the outcome of litigation and disputes, it is possible that an adverse outcome in material legal proceedings

or disputes could, from time to time, have a material adverse effect on the Group's business, reputation, ability to offer certain products, customer numbers, results of operations, cashflows and/or financial condition, and could divert management attention.

1.10 Joint Ventures

The Group operates in certain markets through joint ventures. This creates reliance upon the operational performance and resilience of these joint venture partners. The Group's ability to exercise management control over its joint venture operations and its investment in them depends on the terms of the joint venture agreements, in particular, the allocation of control among, and continued co-operation between, the joint venture participants. The Group may face financial loss or other exposure in the event the Group fails to adequately oversee such partners or any of its joint venture partners fails to meet its obligations under the joint venture agreement, encounters financial difficulty or may fail to resolve disputes that potentially arise from existing agreements or during the course of implementing business strategy which could adversely impact the Group's business, financial condition, results of operations and prospects.

1.11 Credit Ratings

The Group's business is dependent on its ability to access the capital markets and its cost of borrowing in these markets is influenced by the credit ratings supplied by ratings agencies. As at the date of this Prospectus, L&G's long term issuer credit ratings are A2 (Moody's), A (S&P), A+ (Fitch) and a (A.M. Best) and L&GF's long term issuer credit rating is A2 (Moody's). Any downgrading of these ratings could increase the Group's borrowing cost and consequently may weaken its market position. The Group's financial strength and credit ratings are also used by the market to measure its ability to meet policyholder and counterparty obligations and are important factors affecting public confidence in the Group's products and as a result its competitiveness. Downgrades in the Group's ratings could have an adverse effect on its ability to market products, retain current policyholders and on the Group's financial flexibility. Changes in methodology and criteria used by rating agencies to rate the insurance sector could result in downgrades that do not reflect changes in general economic conditions or the Issuers' financial condition. Any downgrading of these ratings could adversely impact the Group's financial condition and prospects and result in a reduction in the trading value of the Notes.

The credit ratings included or referred to in this Prospectus will be treated for the purposes of the UK CRA Regulation as having been issued by Moody's, S&P, Fitch or A.M. Best, as the case may be. S&P, Moody's, Fitch and A.M. Best are each established in the UK and registered under the UK CRA Regulation. The ratings issued by Moody's, S&P, Fitch or A.M. Best have been endorsed by Moody's Deutschland GmbH, S&P Global Ratings Europe Limited, Fitch Ratings Ireland Limited and A.M. Best (EU) Rating Services B.V., respectively in accordance with the CRA Regulation, each of which is established in the European Union and registered under the CRA Regulation.

1.12 Position of the Issuers within the Group

The Group's operations are generally conducted through direct and indirect subsidiaries which are subject to the risks discussed elsewhere in this "*Risk Factors*" section. As a holding company (in the case of L&G) or a finance company (in the case of L&GF), each Issuer's principal sources of funds are dividends from L&G's operational subsidiaries and amounts that may be raised through the issue of debt instruments. The Issuers may not necessarily have access to the full amount of cashflows generated by the rest of the Group, due in particular to legal or tax constraints and other arrangements that can limit the subsidiaries' ability to make remittances and/or require the Issuers to make capital or liquidity available to those subsidiaries. In some circumstances this could limit the Issuer's ability to make available funds held in certain subsidiaries and a material change in the financial condition of any of its subsidiaries may have a material effect on the results of operations and financial condition of the Issuers.

2. RISKS RELATING TO REGULATION AND LEGISLATION

2.1 Legal, Supervisory and Regulatory Risks

The Group's business is subject to applicable law and regulations, both within the UK and internationally. In the UK, the Group's business is subject to regulation by the FCA and the UK Prudential Regulation Authority (the "PRA"), which have broad powers under FSMA. These powers include the ability to grant, vary the terms of, or cancel the regulatory authorisation of a UK regulated firm, to investigate marketing and sales practices, and to require the maintenance of adequate capital resources (see below). Each regulator has the power to take a range of disciplinary and enforcement actions, including public censure, fines and mandating remediation. The Group's overseas operations are also subject to similar regulatory regimes.

Some firms within the Group are regulated solely by the FCA and others are regulated by both the FCA and the PRA. The FCA and the PRA may make enquiries of the companies they regulate regarding compliance with the suite of regulations to which those companies are subject. Regulated financial services companies face the risk that the FCA or the PRA could find that they have failed to comply with applicable regulation or to undertake corrective action where required.

In recent years, issues associated with poor conduct have been a significant source of cost and reputational damage to the financial services industry which has attracted increased scrutiny from regulators. This is of particular focus in the UK given the FCA's implementation in July 2023 of the consumer duty on regulated firms (the "Consumer Duty") which aims to set a higher level of consumer protection in retail financial markets. In particular, the Consumer Duty introduces (i) a new 'Consumer Principle' that requires regulated firms to deliver good outcomes for retail clients; (ii) cross-cutting rules requiring firms to act in good faith, avoid causing foreseeable harm, and enable and support clients to pursue their financial objectives; and (iii) fair outcomes requiring firms to ensure consumers receive communications they can understand, products and services that meet their needs and offer fair value, and the support they need. The Consumer Duty impacts all areas of the Group's UK regulated business and has applied to all new and existing products and services that remain open for sale or renewal since the end of July 2023 and has applied to closed products and services since the end of July 2024. The Group may face increased ongoing costs due to the need to implement additional compliance controls because of changes to the interpretation and guidance issued in relation to the Consumer Duty. On 26 July 2024, the PRA published SS5/24, which clarified its supervisory expectations with respect to insurers' use of funded reinsurance arrangements and expressed concern that counterparty risks in such arrangements may be underestimated. The PRA has stated (in Policy Statement PS13/24: Funded reinsurance) that it will continue to monitor how market practice evolves and will keep under review whether there is a need for specific supervisory intervention or further policy measures with respect to funded reinsurance. In that regard, in a speech given on 18 September 2025, Vicky White of the PRA also noted the risks associated with funded reinsurance arrangements and their current regulatory treatment and raised questions as to what further action by the PRA might be appropriate. Any legislative or regulatory action (whether in the UK or elsewhere) could have a negative impact upon the Group's results or on its relations with current and potential customers. Regulatory action against a member of the Group could result in financial penalties, remediation costs and/or adverse publicity for, or negative perceptions regarding, the Group. Such action could also have an adverse effect on the business operations of the Group, its results or its financial condition.

Legislation and government fiscal policy influence the Group's product design, the period of retention of products and its required reserves for future liabilities. Regulation defines the overall framework for the design, marketing, taxation and distribution of its products, as well as the prudential regime applicable to the Group (see below). The Group's activities and strategies are based upon prevailing legislation and regulation. Changes in legislation or regulation (or changes to the interpretation or application of legislation or regulation, including by the FCA or the PRA) may increase the Group's cost base, reduce the Group's future revenues and profitability, or require the Group to hold more capital. Unanticipated and sudden changes in legislation or regulation without adequate prior consultation or engagement with the financial services sector can have a significant

impact on the Group's strategy and ultimately can impact the Group's earnings and profitability. Some changes in legislation and regulation can also have a retrospective effect on in-force books of business, impacting future cash generation. The Group may face increased compliance costs due to the need to implement additional compliance controls because of changes to financial services legislation or regulation.

The FCA introduced a new anti-greenwashing rule which applies to all UK regulated firms who make sustainability-related claims about financial products and services from 31 May 2024. This, along with the SDR applicable to UK asset managers will lead to increased scrutiny of the wording used to label the sustainability characteristics of investments, requiring that such wording is fair, clear and not misleading. The implementation of these proposals began in May 2024 and is ongoing, with the final measures to be introduced in December 2026. This may affect the cost of compliance and introduce new regulatory risks for the Group's Investment Management business, which could have an adverse effect on the business of the Group.

The UK government is also advancing the Pensions Schemes Bill 2025, which could allow defined benefit "DB" pension schemes more flexibility to release surplus funds and establish regulations for commercial DB consolidator schemes known as 'superfunds'. These changes are expected to take effect in 2027 and 2028 via statutory instruments and may affect the bulk annuity market and the Group's opportunities. In May 2025, the UK government responded to proposals for a public DB consolidator / superfund but withheld legislation pending further assessment of its impact on competition in the wider de-risking market. While the implications for the Group remain uncertain, it may face increased compliance costs due to possible regulatory changes and alterations in how it conducts business.

The Group's accounts are prepared in accordance with the current International Financial Reporting Standards as adopted by the European Union ("IFRS") applicable to the insurance industry. Any future changes or modification of IFRS accounting policies or statutory reporting of insurance entities within the Group that may be proposed in the future, whether or not specifically targeted at insurance companies cannot be predicted and may require a change in the way in which future accounts are prepared and/or a retrospective adjustment of reported results.

2.2 Capital Adequacy Requirements

To ensure the interests of policyholders and beneficiaries are protected, a firm permitted to carry on insurance business in the UK is required to maintain a minimum level of eligible capital that enables it to absorb significant losses. Groups containing such firms are also required to maintain a minimum level of eligible capital on a group-wide basis. The Group and each of the relevant companies within the Group satisfy all of their current regulatory requirements in this regard. A range of factors, including the value of fixed income, equity and property assets, the outlook for interest rates, and changes in assumptions underpinning aspects of the Group's capital model affect the level of eligible capital that must be held by the Group and each of the relevant companies within the Group. Establishing the minimum level of eligible capital therefore depends, in part, on management estimates, which can embed modelling simplifications.

An inability to meet regulatory capital requirements in the future would be likely to lead to intervention by the PRA, which could be expected to require the Group to take steps to restore the level of eligible capital held to acceptable levels.

Insurance prudential regulation in the UK is currently largely based upon the requirements of EU directives as transposed into English law. Following the UK's withdrawal from the EU, the UK has reformed its capital regime to move from Solvency II to a new UK prudential regime for insurers, known as 'Solvency UK.' Solvency UK has resulted in changes to the rules on risk margin which took effect from 31 December 2023, and which reduced the risk margin significantly. Further reforms to areas including the eligibility rules and calculation of the matching adjustment, and reductions of reporting and administrative requirements, took effect from 30 June 2024. The remainder of the new regime came into force on 31 December 2024 (including by way of new PRA

rules, supervisory statements and statements of policy). In addition, on 23 October 2025, the PRA published its policy statement and final rules for the introduction of a “Matching Adjustment Investment Accelerator” (“MAIA”) and the new MAIA regime has come into effect on 27 October 2025. Under the MAIA framework, firms with an existing matching adjustment permission will be able to apply for a MAIA permission. Once received, the permission will allow the firm to include “new assets” in its relevant portfolio of assets without needing to first obtain a variation of its matching adjustment permission to alter the scope.

The PRA continues to release consultations and supervisory statements to clarify its expectations under the Solvency UK regime. For instance, on 23 October 2025, it updated “Supervisory Statement SS5/24: Funded reinsurance”, which clarified the PRA’s expectations about how firms’ internal models should capture all material and quantifiable risks in connection with exposure to reinsurers underfunded reinsurance arrangements. Changes resulting from the review of Solvency UK or the implementation of any of the PRA consultation papers or supervisory statements may increase capital requirements, prompt structural or business adjustments, or affect pricing and financial outcomes for the Group.

In addition, changes in the local regulatory regimes of countries in which the Group operates could affect the calculation of the Group’s solvency position. For instance, in December 2024, the International Association of Insurance Supervisors (“IAIS”) (i) endorsed an updated common framework for the supervision of internationally active insurance groups (“ComFrame”) and (ii) adopted the insurance capital standard (“ICS”), which is a risk-based measure of capital adequacy for internationally active insurance groups. The IAIS set high-level timelines for the implementation of the ICS across jurisdictions and, in particular, aims to start detailed jurisdictional assessments of ICS implementation in 2027. An alternative to the ICS called the ‘Aggregation Method’ has also been developed in the U.S. by the National Association of Insurance Commissioners; the IAIS is in the process of evaluating whether it produces comparable outcomes to the ICS. On that basis, there is a risk attached to the manner in which regulators from member jurisdictions may choose to implement the ICS which could lead to additional burdens or adverse impacts to the Group. As a result, there remains a degree of uncertainty over the potential impact of such changes on the Group.

2.3 Taxation Law

Changes in the interpretation of existing tax laws, amendments to existing tax rates or the introduction of new tax legislation may adversely affect the business, results of operations and financial condition of the Group. The impact on the Group would depend upon the business undertaken, and other relevant circumstances, at the time of such change.

The design of the Group’s products takes into account a number of factors, including taxation. Future changes in tax law may impact the taxation of the Group’s customers or policyholders. Such changes could have a material adverse effect on the Group’s business, results of operations and/or financial condition. The approach to, territory of and level of corporate taxation also continues to be an area of political debate internationally and in the specific jurisdictions in which the Group operates.

The UK has enacted legislation to implement parts of the Model Rules for Pillar Two agreed by the Organisation for Economic Co-operation and Development (“OECD”) which seek to establish, among others, a 15 per cent. global minimum tax rate. Under the UK legislation, which applies to accounting periods beginning on or after 31 December 2023, multinational groups with at least one member located in the UK and with annual global revenues within the consolidated financial statements of the ultimate parent entity of €750 million or more in two of the previous four accounting periods will be subject to additional reporting requirements and, where applicable, a top-up tax. A domestic top-up tax will be charged if a qualifying group entity located in the UK has an aggregate effective tax rate below the minimum rate of 15 per cent.. In addition, a multinational top-up tax will be charged where a subsidiary is located in a non-UK jurisdiction, and the group’s profits in that jurisdiction are taxed below the minimum rate of 15 per cent..

Bermuda introduced a new corporate income tax in 2023 which applies from 1 January 2025. The Group may be liable to UK top-up tax and to Bermuda corporate income tax from 2025 in respect of profits arising in the Group's global reinsurance hub in Bermuda.

It was announced in the Budget 2025 that the amount of pension contributions which can be 'salary sacrificed' will be capped at £2,000 per tax year from April 2029. Any pension contributions above that cap will be subject to employee and employer national insurance contributions. Guidance on this proposal will be published by HMRC before 2029. It remains to be seen how employers and employees will respond to this proposal, but, if implemented as announced, these changes could have an impact on the Group's business as it relates to pension schemes.

3. RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

3.1 Notes subject to optional redemption by the relevant Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the relevant Issuer may elect to redeem Notes or is perceived to be able to redeem the Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any such redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Furthermore, Condition 6(a)(ix) of the Terms and Conditions of the Tier 3 Notes and 6(a)(ix) of the Terms and Conditions of the Tier 2 Notes provides that the relevant Issuer may waive, at any time, in its sole discretion and for whatever reason, its right to redeem the Notes under any of Conditions 6(d), 6(f), 6(g) or 6(h) of the relevant Notes, for a (definite or indefinite) period of time to be determined by the Issuer (the "**Inapplicability Period**"), and may subsequently terminate any such Inapplicability Period in its sole discretion. Any decision by the relevant Issuer to initiate or terminate an Inapplicability Period could adversely affect the market value of the Notes and/or result in volatility in the market price of the Notes.

3.2 Restricted remedy for non-payment

In accordance with PRA requirements for subordinated capital, the sole remedy against the Issuer available to the Trustee, or (where the Trustee has failed to proceed against the Issuer as provided in the Terms and Conditions of the Tier 3 Notes and in the Terms and Conditions of the Tier 2 Notes) any holder of Notes, for recovery of amounts owing in respect of the Tier 3 Notes, the Tier 2 Notes and any Coupons relating thereto will be the institution of proceedings for the winding-up of the Issuer and/or proving in such winding-up or administration and/or claiming in the liquidation of the Issuer and/or an analogous event or procedure in respect of the Issuer for such amounts. In particular, a deferral of payments as described below in "*Risks relating to dated Tier 3 Notes – Deferral of Interest Payments*", "*Risks relating to undated Tier 3 Notes – Deferral of Interest Payments*", "*Risks relating to dated Tier 2 Notes – Deferral of Interest Payments*" and "*Risks relating to undated Tier 2 Notes – Deferral of Interest Payments*" shall not constitute a default under the Notes, the Terms and Conditions of the Tier 3 Notes or the Terms and Conditions of the Tier 2 Notes for any purpose, including enforcement action against the Issuers.

3.3 Fixed to Floating Rate Notes

Fixed to Floating Rate Notes bear interest at a fixed rate until the relevant Fixed Rate End Date and at a floating rate from the Fixed Rate End Date. This feature may affect the secondary market for and market value of such Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the Fixed to Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate.

3.4 The reset of the Rate of Interest fixed with respect to Fixed Rate Reset Notes on each Reset Date could affect the market value of an investment in such Notes

Fixed Rate Reset Notes will bear interest at the fixed rate per cent. per annum specified in the relevant Final Terms (the “**Initial Rate of Interest**”) until the Reset Date specified in the relevant Final Terms or, if more than one Reset Date is specified, the first Reset Date specified in the Final Terms (in each case, as defined in the Terms and Conditions of the Senior Notes, in the Terms and Conditions of the Tier 3 Notes and in the Terms and Conditions of the Tier 2 Notes). On the Reset Date (or on each Reset Date, if more than one Reset Date is specified), the Rate of Interest will be reset to the aggregate of the applicable Subsequent Reset Reference Rate, the applicable Initial Credit Spread and the applicable Step-Up Margin (each as defined in the Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 3 Notes and in the Terms and Conditions of the Tier 2 Notes), as determined by the Calculation Agent. Such reset Rate of Interest could be less than the Initial Rate of Interest and/or, as applicable, less than the Rate of Interest determined on any previous Reset Determination Date (as defined in the Terms and Conditions of the Senior Notes, in the Terms and Conditions of the Tier 3 Notes and in the Terms and Conditions of the Tier 2 Notes), and could accordingly affect the market value of an investment in the Notes.

3.5 Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have an adverse effect on the value of the Notes.

3.6 Risks related to Floating Rate Notes, Fixed to Floating Rate Notes or Fixed Rate Reset Notes which are linked to “benchmarks”

- Benchmark Regulation and reform

The UK Benchmarks Regulation, among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed). The UK Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark, and in particular, if the methodology or other terms of the benchmark is changed in order to comply with the requirements of the UK Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

Reference rates and indices, including interest rate benchmarks such as EURIBOR, SONIA and SOFR, which are deemed to be “benchmarks” and which may be used to determine the amounts payable under financial instruments or the value of such financial instruments, have, in recent years, been the subject of regulatory scrutiny and proposals for reform.

Following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or benchmarks could be eliminated entirely, or there could be other consequences which cannot be predicted.

- *Future unavailability of certain benchmarks and/or Relevant Screen Pages*

Investors should be aware that if any benchmark were to be discontinued or otherwise unavailable at the relevant time, the rate of interest on Floating Rate Notes, Fixed to Floating Rate Notes or Fixed Rate Reset Notes (as applicable) which are linked to or which reference such benchmark will be determined for the relevant period pursuant to the fallback provisions applicable to such Notes. The Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 3 Notes and the Terms and Conditions of the Tier 2 Notes each provide for certain fallback arrangements in the event that a published benchmark (including any page on which such benchmark may be published (or any successor service)) becomes unavailable. These fallback arrangements may require or result in adjustments to the interest calculation provisions applicable to such Notes by an Independent Adviser or the relevant Issuer (as applicable). See “*The Trustee may agree to certain modifications to the Terms and Conditions and the transaction documents without the Noteholders’ prior consent following a cessation or material disruption to a benchmark other than SOFR*” and “*The Trustee may agree to certain modifications to the Terms and Conditions and the transaction documents without the Noteholders’ prior consent following a cessation or material disruption to SOFR*” below.

Even prior to the implementation of any changes to any benchmark, or to the interest calculation provisions based on such benchmark, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect the operation of such benchmark during the term of the relevant Notes, as well as potentially adversely affecting both the return on any Notes which are linked to or which reference such benchmark and the trading market for such Notes.

In certain circumstances, the ultimate fallback for a particular Interest Period or Reset Period (as applicable), including where no alternative rate and/or, in the case of Floating Rate Notes or Fixed to Floating Rate Notes, adjustment spread is determined or, in the case of Tier 3 Notes and/or Tier 2 Notes, where the alternative rate is reasonably expected: (A) to prejudice the qualification of such Tier 3 Notes or Tier 2 Notes as tier 3 capital or tier 2 capital (as applicable) of the Issuer and/or the Group for the purposes of the Relevant Rules; or (B) to cause a Capital Disqualification Event or a Rating Methodology Event to occur, may be that the rate of interest for the last preceding Interest Period or Reset Period (as applicable) is used for the following Interest Period or Reset Period (as applicable). This may result in the effective application of a fixed rate for Floating Rate Notes, Fixed to Floating Rate Notes or Fixed Rate Reset Notes (as applicable) based on the rate of interest that was determined for the last preceding Interest Period or Reset Period (as applicable). In addition, due to the uncertainty concerning the availability of alternative rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Investors should note that the Independent Adviser or the relevant Issuer (as applicable) will have discretion to adjust the relevant alternative rate in the circumstances described above. Any such adjustment could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to that Noteholder.

Investors should consider all of these matters when making their investment decision with respect to the relevant Floating Rate Notes, Fixed to Floating Rate Notes or Fixed Rate Reset Notes.

- *The Trustee may agree to certain modifications to the Terms and Conditions and the transaction documents without the Noteholders’ prior consent following a cessation or material disruption to a benchmark*

In certain situations, including the relevant benchmark ceasing to be administered, where: (i) in the case of relevant Floating Rate Notes, Screen Rate Determination is specified in the applicable Final Terms as the manner in which the rate of interest is to be determined; (ii) in the case of relevant Fixed to Floating Rate Notes, Screen Rate Determination is specified in the applicable Final Terms as the manner in which the rate of interest is to be

determined after the relevant Fixed Rate End Date or (iii) in the case of Fixed Rate Reset Notes, a Mid-Swap Rate is specified as the relevant Reset Rate in the applicable Final Terms, the fallback arrangements referenced above will include the possibility that the relevant rate of interest (or, as applicable, component thereof) could be set or, as the case may be, determined by reference to an alternative rate (including any relevant adjustment made thereto) and, in the case of Floating Rate Notes or Fixed to Floating Rate Notes, an adjustment spread could be determined by an Independent Adviser or, if the relevant Issuer is unable to appoint an Independent Adviser or the Independent Adviser appointed by the relevant Issuer fails to make such determination, by the relevant Issuer acting in good faith and a commercially reasonable manner, and all as more fully described in the Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 3 Notes and the Terms and Conditions of the Tier 2 Notes (as applicable). In the case of Floating Rate Notes or Fixed to Floating Rate Notes, the applicable adjustment spread could be positive, negative or zero and may not be effective in reducing or eliminating any economic prejudice to investors arising out of the replacement of the relevant benchmark with the relevant alternative rate.

No consent of the Noteholders shall be required in connection with effecting any alternative rate and, in the case of Floating Rate Notes or Fixed to Floating Rate Notes, the applicable adjustment spread. In addition, no consent of the Noteholders shall be required in connection with any other related adjustments and/or amendments to the Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 3 Notes or the Terms and Conditions of the Tier 2 Notes (or any other document) which are made in order to effect any alternative rate. Any such alternative rate, adjustment spread and/or other related amendments to the Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 3 Notes or the Terms and Conditions of the Tier 2 Notes (or any other document), as applicable, shall be binding upon the Noteholders regardless of whether or not they are materially prejudicial to the interests of the Noteholders.

In addition, in the case of relevant SOFR-linked: (i) Floating Rate Notes, where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the rate of interest is to be determined; or (ii) Fixed to Floating Rate Notes, where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the rate of interest is to be determined after the relevant Fixed Rate End Date, the Trustee shall, without any consent or sanction of the Noteholders, concur with the relevant Issuer in making any modification to the Terms and Conditions of the Notes and/or other relevant transaction documents if the relevant Issuer determines that a Benchmark Transition Event has occurred with respect to SOFR and that modifications are required to give effect to the benchmark replacement provisions set forth in Condition 5(b)(iii)(E)(y) of the Senior Notes, Condition 4(b)(iii)(E)(y) of the Tier 3 Notes and Condition 4(b)(iii)(E)(y) of the Tier 2 Notes (as applicable). Any such modification shall only apply in relation to all determinations of the rate of interest payable on any U.S. dollar denominated Floating Rate Notes or Fixed to Floating Rate Notes which are calculated by reference to SOFR.

With respect to a Benchmark Transition Event, the Noteholders shall be deemed to have instructed the Trustee to concur with any amendments that the relevant Issuer decides may be appropriate to give effect to the provisions set forth in the applicable benchmark replacement condition in the Terms and Conditions of the Notes, and shall be bound by them regardless of whether or not they are materially prejudicial to the interests of the Noteholders.

3.7 The market continues to develop in relation to SONIA and SOFR as reference rates for Floating Rate Notes and Fixed to Floating Rate Notes.

The market or a significant part thereof, may adopt an application of SONIA and/or SOFR that differs significantly from that set out in the Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 2 Notes and/or the Terms and Conditions of the Tier 3 Notes (as applicable). As each of SONIA and SOFR is published and calculated by third parties based on data received from other sources, the Issuer has no control over their respective determinations, calculations or publications. Furthermore, the Issuers may in

future issue Notes referencing SONIA and/or SOFR that differ materially in terms of interest determination when compared with any previous SONIA-referenced Notes and/or SOFR-referenced Notes respectively issued under the Programme. There can be no guarantee that SONIA and/or SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Floating Rate Notes or Fixed to Floating Rate Notes linked to or which reference a SONIA rate or a SOFR rate (or that any applicable benchmark fallback provisions provided for in the Terms and Conditions of the Notes will provide a rate which is economically equivalent for Noteholders). If the manner in which SONIA and/or SOFR is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes. Furthermore, the Rate of Interest payable on Floating Rate Notes (and on Fixed to Floating Rate Notes after the Fixed Rate End Date) which reference a SONIA rate or a SOFR rate is only capable of being determined at the end of the relevant Interest Accrual Period on the relevant Interest Determination Date. It may therefore be difficult for investors in Floating Rate Notes (or Fixed to Floating Rate Notes after the Fixed Rate End Date) which reference a SONIA rate or a SOFR rate to reliably estimate the amount of interest which will be payable on such Notes. Further, if Notes referencing SONIA or SOFR become due and payable as a result of an Event of Default under (in the case of Senior Notes) Condition 10, (in the case of Tier 3 Notes) Condition 10 and (in the case of Tier 2 Notes) Condition 10, or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall only be determined on the date on which the Notes become due and payable and shall not be reset thereafter.

Investors should also be aware, although the use of SONIA in the sterling bond markets and the use of SOFR in the U.S. dollar bond markets has become more common in recent years, that the market continues to develop in relation to SONIA and SOFR. In addition, investors should also be aware that the manner of adoption or application of SONIA or SOFR as reference rates in the international debt capital markets may differ materially compared with the application and adoption of SONIA and SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA or SOFR as reference rates across these markets may impact any hedging or other arrangements which they may put in place in connection with any acquisition, holding or disposal of Floating Rate Notes or Fixed to Floating Rate Notes linked to, or which reference, a SONIA rate or a SOFR rate.

Since SONIA and SOFR are relatively new market indices, Floating Rate Notes or Fixed to Floating Rate Notes linked to or which reference a SONIA rate or a SOFR rate may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities linked to or which reference a SONIA rate or a SOFR rate may evolve over time and trading prices of such Notes may be lower than those of the later issued Notes that are linked to or which reference a SONIA rate or a SOFR rate as a result. Further, if SONIA or SOFR do not prove to be widely used in securities like the Notes, the trading price of Floating Rate Notes or Fixed to Floating Rate Notes linked to or which reference a SONIA rate or a SOFR rate may be lower than those of Notes linked to or which reference indices that are more widely used. Investors in such Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market and may consequently suffer from increased pricing volatility and market risk.

Investors should consider these matters when making their investment decision with respect to any such Floating Rate Notes, Fixed to Floating Rate Notes or Fixed Rate Reset Notes linked to or which reference a SONIA rate or a SOFR rate.

3.8 The Group may in future become subject to regimes governing the recovery, resolution or restructuring of insurance companies. The timing and implications of these evolving regimes are still unclear.

The UK Financial Services and Markets Act 2023 implemented amendments to clarify and extend the powers of the court under Section 377 of FSMA to enable (among other

things) the write-down and deferral of unsecured liabilities of UK insurers (which may include the Notes) in financial distress (i.e., prior to an insurer becoming insolvent in certain circumstances). These amendments were intended to enhance the UK's resolution regime for insurers, enabling smoother and more orderly wind-downs of troubled insurers, thereby protecting policyholders, and mitigating risks to the wider financial system. This includes clarifying the scope of the power, creating a statutory moratorium on certain contractual termination rights upon application to the court for and during a write-down, administration or a winding-up, providing for the appointment of a 'write-down manager', a stay on policyholder surrender rights in certain circumstances for life insurance policies and ensuring that the Financial Services Compensation Scheme rules require payments to policyholders whose claims are reduced by a write-down. The court's write-down powers do not extend to secured liabilities of the insurer but insurers' liabilities which are secured by a floating charge are potentially within the court's write down powers.

In January 2023 HM Treasury released a consultation paper detailing its proposals for introducing an Insurer Resolution Regime (the “**IRR**”). The proposals intended to facilitate, amongst other things, UK financial stability and the protection of policyholders. In August 2023, HM Treasury confirmed that it plans to legislate for the implementation of the IRR. However, draft legislation for the IRR has not been published and the timetable for enacting the proposals is not clear. In April 2025, HM Treasury stated that it would set out its plans in this area “in due course” and later stated that it is continuing to develop this initiative and is considering next steps as part of the Regulatory Initiatives Grid in December 2025. Firms will have at least 12 months to comply with the IRR requirements once in force. Once the IRR is implemented, the Bank of England will serve as the resolution authority for insurers, working in collaboration with the PRA and FCA to bring the IRR into effect. The IRR will apply to UK branches of foreign insurers, holding companies, niche insurers, and mutuals, excluding Lloyd's. The IRR will grant the PRA greater flexibility in determining and responding to potentially systemic failures compared to the Solvency UK ladder of intervention.

Provided certain conditions are met the Bank of England, as resolution authority, will be granted the power to exercise a range of “stabilisation options” to mitigate the harm caused by a failing insurer, including: transfer to a private sector purchaser; establish and operate a “bridge institution” to hold all or part of the relevant insurer’s business; arranging the ‘bail-in’ of a failing insurer through restructuring, and modifying, limiting, or writing down its liabilities; and to place the insurer into temporary public ownership. It is also open to the Bank of England to issue new equity to those creditors whose debt is written down. Furthermore, the regime will incorporate two distinct valuation processes; a set of pre-resolutions valuations before the resolution authority exercises any of the stabilisation options and a second valuation, following resolution, by an independent valuer appointed by HM Treasury to conduct an independent valuation to determine the level of “no creditor worse off” compensation.

The implementation of the IRR means there is a risk that in a resolution scenario, in order to reduce or defer the liabilities of L&G, L&GF, the Group and/or any subsidiary of L&G, liabilities owed to unsecured creditors could be restructured, modified, limited, or written down and/or converted into shares (in whole or in part). In such a scenario the first affected creditors would likely be those that rank below policyholders, including holders of the Notes issued under this Programme.

On 23 January 2024, the PRA published a consultation on the introduction of new rules for UK insurers to ensure they are appropriately prepared to undertake a solvent exit (as an alternative to recovery action), including by producing and maintaining a solvent exit analysis and, where solvent exit becomes a reasonable prospect, preparing a detailed solvent exit execution plan. The PRA published a policy statement (PS20/24) on these proposed reforms in December 2024, which will be implemented by way of new rules and a new Supervisory Statement (SS11/24). UK insurers (such as the Issuer) are expected to comply with these new rules and expectations by 30 June 2026.

4. RISKS RELATING TO THE DATED TIER 3 NOTES

Capitalised expressions used below have the definitions ascribed to them in the Terms and Conditions of the Tier 3 Notes, as expressed to be applicable to Notes in relation to which a Maturity Date is specified and references to any numbered Condition shall be construed accordingly.

4.1 The Issuer's obligations under the Dated Tier 3 Notes are subordinated

The Dated Tier 3 Notes will constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves. In the event of the winding-up (subject as described in “*Terms and Conditions of the Tier 3 Notes*”) or administration of the Issuer, the payment obligations of the Issuer under or arising from the Dated Tier 3 Notes, the Coupons relating to them and the Trust Deed shall be subordinated to the claims of all Senior Creditors of the Issuer but shall rank at least *pari passu* with all other obligations of the Issuer which constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Tier 3 Capital and shall rank in priority to those whose claims constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Tier 2 Capital or Tier 1 Capital (including, without limitation, by virtue of the operation of any grandfathering provisions) and to the claims of holders of all classes of share capital of the Issuer.

Without prejudice to Condition 3(a), all payments under or arising from the Dated Tier 3 Notes, the Coupons relating to them and the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer, and no amount shall be payable in respect of the Dated Tier 3 Notes unless and until such time as the Issuer could make such payment and still be solvent (as contemplated by the Terms and Conditions of the Tier 3 Notes) immediately thereafter.

If, at any time, an order is made or an effective resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend, there shall be payable on each Dated Tier 3 Note an amount equal to the principal amount of such Dated Tier 3 Note, together with Arrears of Interest, if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment. Any such repayment will be subordinated as described above.

Although Dated Tier 3 Notes may bear a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor in Dated Tier 3 Notes will lose all or some of its investment should the Issuer become insolvent.

In addition, under the IRR the exercise of powers under FSMA to write-down insurers' unsecured liabilities (and any subsequent write-up or 'reactivation', if applicable) would have regard to the order in which liabilities sit in the creditor hierarchy as set out in the Insurers (Reorganisation and Winding Up) Regulations 2004 (SI 2004/353) (see the risk factor above entitled '*The Group may in future become subject to regimes governing the recovery, resolution or restructuring of insurance companies. The timing and implications of these evolving regimes are still unclear.*'). If the powers under the IRR were to be subsequently exercised in respect of the Issuer, as the Dated Tier 3 Notes are subordinated liabilities it is likely that they would be amongst the first liabilities of the Issuer to be written down, and may be written down in full before any liabilities ranking in priority to the Dated Tier 3 Notes are written down (including the Senior Notes). Similarly, any subsequent write-up or 'reactivation' of liabilities would also be expected to respect the creditor hierarchy, such that the Dated Tier 3 Notes would likely be amongst the last of the liabilities to be written-up and may only be written up after the write-up in full of liabilities ranking in priority to the Dated Tier 3 Notes (including the Senior Notes).

4.2 Deferral of Interest Payments

If Optional Interest Payment Date is specified in the relevant Final Terms, the Issuer may elect to defer paying interest on each Optional Interest Payment Date.

The Issuer is required to defer any payment of interest on Dated Tier 3 Notes on each Mandatory Interest Deferral Date (being an Interest Payment Date in respect of which a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if the relevant interest were to be paid) or if the payment of the relevant interest would give rise to a breach of the Solvency Condition.

The circumstances in which a Regulatory Deficiency Interest Deferral Event or a Regulatory Deficiency Redemption Deferral Event may occur are dependent upon the solvency position of the Issuer under the requirements of the Relevant Rules, which may be subject to amendment or replacement in the future. Events which constitute a Regulatory Deficiency Interest Deferral Event could include, without limitation, any event which causes any Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be breached, where such breach is an event, which under the Relevant Rules, means that the Issuer must defer payments on the Notes on the basis that the Notes are intended to qualify, as Tier 3 Capital under the Relevant Rules.

Any interest in respect of the Notes not paid on an Interest Payment Date, together with any other interest in respect thereof not paid on any earlier Interest Payment Date, may (subject to Condition 3(b)) be paid in whole or in part at any time (provided that at such time a Regulatory Deficiency Interest Deferral Event is not subsisting and would not occur if payment of such Arrears of Interest were made) and in any event will automatically become immediately due and payable in whole upon the earlier of:

- (i) the next Interest Payment Date which is not a Mandatory Interest Deferral Date on which payment of interest in respect of the Notes is made;
- (ii) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend; or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer.

Arrears of Interest and any other amount, payment of which is so deferred, shall not themselves bear interest.

4.3 Deferral of redemption

The Issuer is required to defer any redemption of Dated Tier 3 Notes on the Maturity Date or on any date fixed for redemption pursuant to Conditions 6(d), 6(e), 6(f), 6(g) or 6(h) if (i) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if the Dated Tier 3 Notes were redeemed, (ii) if the redemption would give rise to a breach of the Solvency Condition; or (iii) if the Relevant Regulator does not consent to the redemption (to the extent that consent is then required by the Relevant Regulator or the Relevant Rules) or because such redemption otherwise cannot be effected in compliance with the Relevant Rules. If redemption of Dated Tier 3 Notes is deferred, the Dated Tier 3 Notes will only become due for redemption in the circumstances described in Conditions 6(a)(iii) and 6(a)(iv). Events which constitute a Regulatory Deficiency Redemption Deferral Event include any event, including, without limitation, where an Insolvent Insurer Winding-up has occurred and is continuing and any event which causes any Solvency Capital Requirement or Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be breached, where the continuation of such Insolvent Insurer Winding-up or, as the case may be, such breach, is an event which under the Relevant Rules means that the Issuer must defer repayment of the Notes on the basis that the Notes are intended to qualify, as Tier 3 Capital under the Relevant Rules.

4.4 Redemption and Exchange Risk

The Dated Tier 3 Notes may, subject as provided in Condition 6, be redeemed at their Optional Redemption Amount together with any interest accrued to (but excluding) the

date fixed for redemption and any Arrears of Interest at the option of the Issuer on any Optional Redemption Date. In addition, upon the occurrence of a Tax Event, a Capital Disqualification Event (if a Capital Disqualification Call is specified) or a Rating Methodology Event (if a Rating Methodology Call is specified), the Dated Tier 3 Notes may be (i) substituted by, or their terms varied so that they remain or become, Qualifying Tier 3 Securities or, in the case of a Rating Methodology Event, Rating Agency Compliant Securities; or (ii) redeemed in the case of (x) a Tax Event, at their Early Redemption Amount or (y) a Capital Disqualification Event or a Rating Methodology Event, at the Special Redemption Price, together in each case with Arrears of Interest (as described in further detail in the Terms and Conditions of the Tier 3 Notes).

4.5 If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the value of the Dated Tier 3 Notes. The cash paid to investors upon such a redemption may be less than the then current market value of the Notes or the price at which investors purchased the Notes, and any actual or perceived possibility of redemption by the Issuer could also impact the market value of the Dated Tier 3 Notes. Subject to the contractual and regulatory restrictions on doing so (including those set out in the Terms and Conditions of the Tier 3 Notes) the Issuer might be expected to redeem the Dated Tier 3 Notes when its cost of borrowing for an instrument with a comparable regulatory capital treatment at the time is lower than the interest payable on them. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest payable on the Dated Tier 3 Notes being redeemed and may only be able to do so at a significantly lower rate.

If any Notes are redeemed at the Issuer's option, such Notes shall be redeemed on any Optional Redemption Date at their Optional Redemption Amount together with any accrued interest to the date fixed for redemption and the aggregate amount of any Arrears of Interest. If Issuer Clean-up Call is specified as applicable in the relevant Final Terms, the Dated Tier 3 Notes may also be redeemed at the option of the Issuer if at any time after the Issue Date 75 per cent. or such other amount as specified in the relevant Final Terms, as applicable, of the aggregate principal amount of the Dated Tier 3 Notes originally issued (or any further securities issued pursuant to Condition 16 which will be deemed to have been originally issued) has been purchased and cancelled, as set out more fully in the Terms and Conditions of the Tier 3 Notes.

4.6 No limitation on issuing series or *pari passu* securities

There is no restriction on the amount of securities which the Issuer may issue and which may rank senior to, or *pari passu* with, the Dated Tier 3 Notes. The issue of any such securities may reduce the amount recoverable by holders of Dated Tier 3 Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of payments under the Dated Tier 3 Notes.

5. RISKS RELATING TO THE UNDATED TIER 3 NOTES

Capitalised expressions used below have the definitions ascribed to them in the Terms and Conditions of the Tier 3 Notes, as expressed to be applicable to Notes in relation to which no Maturity Date is specified and references to any numbered Condition shall be construed accordingly.

5.1 Perpetual Securities

The Issuer is under no obligation to redeem the Undated Tier 3 Notes at any time and the holders of Undated Tier 3 Notes have no right to call for their redemption. This means that Noteholders have no ability to liquidate their investment in any Undated Tier 3 Notes, except: (i) if the Issuer exercises its rights to redeem or purchase the Undated Tier 3 Notes in the limited circumstances described in Condition 6; or (ii) by selling their Undated Tier 3 Notes in the secondary market. The redemption of any Undated Tier 3 Notes by the Issuer is subject to the satisfaction of certain conditions which are more particularly

described in Condition 6(c). There can be no assurance that Noteholders will be able to reinvest the amount received upon any redemption or sale of Undated Tier 3 Notes at a rate that will provide the same rate of return as their investment in such Undated Tier 3 Notes.

5.2 The Issuer's obligations under the Undated Tier 3 Notes are subordinated

The Undated Tier 3 Notes will constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves. In the event of the winding-up (subject as described in “*Terms and Conditions of the Tier 3 Notes*”) or administration of the Issuer, the payment obligations of the Issuer under or arising from the Undated Tier 3 Notes, the Coupons relating to them and the Trust Deed shall be subordinated to the claims of all Senior Creditors of the Issuer but shall rank at least *pari passu* with all other obligations of the Issuer which constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Tier 3 Capital and shall rank in priority to those whose claims constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Tier 2 Capital or Tier 1 Capital (including, without limitation, by virtue of the operation of any grandfathering provisions) and to the claims of holders of all classes of share capital of the Issuer.

Without prejudice to Condition 3(a), all payments under or arising from the Undated Tier 3 Notes, the Coupons relating to them and the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer, and no amount shall be payable in respect of the Undated Tier 3 Notes unless and until such time as the Issuer could make such payment and still be solvent (as contemplated by the Terms and Conditions of the Tier 3 Notes) immediately thereafter.

If, at any time, an order is made or an effective resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend or any other such analogous event or procedure occurring in respect of the Issuer, there shall be payable on each Undated Tier 3 Note an amount equal to the principal amount of such Undated Tier 3 Note, together with Arrears of Interest, if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment. Any such repayment will be subordinated as described above.

Although Undated Tier 3 Notes may bear a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor in Undated Tier 3 Notes will lose all or some of its investment should the Issuer become insolvent.

In addition, under the IRR the exercise of powers under FSMA to write-down insurers' unsecured liabilities (and any subsequent write-up or 'reactivation', if applicable) would have regard to the order in which liabilities sit in the creditor hierarchy as set out in the Insurers (Reorganisation and Winding Up) Regulations 2004 (SI 2004/353) (see the risk factor above entitled '*The Group may in future become subject to regimes governing the recovery, resolution or restructuring of insurance companies. The timing and implications of these evolving regimes are still unclear.*'). If the powers under the IRR were to be subsequently exercised in respect of the Issuer, as the Undated Tier 3 Notes are subordinated liabilities it is likely that they would be amongst the first liabilities of the Issuer to be written down, and may be written down in full before any liabilities ranking in priority to the Undated Tier 3 Notes are written down (including the Senior Notes). Similarly, any subsequent write-up or 'reactivation' of liabilities would also be expected to respect the creditor hierarchy, such that the Undated Tier 3 Notes would likely be amongst the last of the liabilities to be written-up, and may only be written up after the write-up in full of liabilities ranking in priority to the Undated Tier 3 Notes (including the Senior Notes).

5.3 Deferral of Interest Payments

If Optional Interest Payment Date is specified in the relevant Final Terms, the Issuer may elect to defer any payment of interest on Undated Tier 3 Notes which would otherwise be payable on an Interest Payment Date.

The Issuer is required to defer any payment of interest on Undated Tier 3 Notes on each Mandatory Interest Deferral Date (being an Interest Payment Date in respect of which a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if the relevant interest were to be paid) or if the payment of the relevant interest would give rise to a breach of the Solvency Condition.

The circumstances in which a Regulatory Deficiency Interest Deferral Event or a Regulatory Deficiency Redemption Deferral Event may occur are dependent upon the solvency position of the Issuer under the requirements of the Relevant Rules, which may be subject to amendment or replacement in the future. Events which constitute a Regulatory Deficiency Interest Deferral Event could include, without limitation, any event which causes any Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be breached, where such breach is an event, which under the Relevant Rules, means that the Issuer must defer payments on the Notes on the basis that the Notes are intended to qualify, as Tier 3 Capital under the Relevant Rules.

Any interest in respect of the Notes not paid on an Interest Payment Date, together with any other interest in respect thereof not paid on any earlier Interest Payment Date, may (subject to Condition 3(b)) be paid in whole or in part at any time (provided that at such time a Regulatory Deficiency Interest Deferral Event is not subsisting and would not occur if payment of such Arrears of Interest were made) and in any event will automatically become immediately due and payable in whole upon the earlier of:

- (i) the next Interest Payment Date which is not a Mandatory Interest Deferral Date on which payment of interest in respect of the Notes is made;
- (ii) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend; or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer.

Arrears of Interest and any other amount, payment of which is so deferred, shall not themselves bear interest.

5.4 Deferral of redemption

The Issuer is required to defer any redemption of Undated Tier 3 Notes (if it has given notice of early redemption in accordance with any of Conditions 6(d), 6(e), 6(f), 6(g) or 6(h)) on any date fixed for redemption pursuant to such Condition if (i) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if the Undated Tier 3 Notes were redeemed, (ii) if the redemption would give rise to a breach of the Solvency Condition; or (iii) if the Relevant Regulator does not consent to the redemption (to the extent that consent is then required by the Relevant Regulator or the Relevant Rules) or because such redemption otherwise cannot be effected in compliance with the Relevant Rules. If redemption of Undated Tier 3 Notes is deferred, the Undated Tier 3 Notes will only become due for redemption in the circumstances described in Conditions 6(a)(iii) and 6(a)(iv). Events which constitute a Regulatory Deficiency Redemption Deferral Event include any event, including, without limitation, where an Insolvent Insurer Winding-up has occurred and is continuing and any event which causes any Solvency Capital Requirement or Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be breached, where the continuation of such Insolvent Insurer Winding-up or, as the case may be, such breach, is an event which under the Relevant Rules means that the Issuer must defer repayment of the Notes on the basis that the Notes are intended to qualify, as Tier 3 Capital under the Relevant Rules.

5.5 Redemption and Exchange Risk

The Undated Tier 3 Notes may, subject as provided in Condition 6, be redeemed at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption and any Arrears of Interest at the option of the Issuer on any Optional Redemption Date. In addition, upon the occurrence of a Tax Event, a Capital Disqualification Event (if a Capital Disqualification Call is specified) or a Rating Methodology Event (if a Rating Methodology Call is specified), the Undated Tier 3 Notes may be (i) substituted by, or their terms varied so that they remain or become, Qualifying Tier 3 Securities or, in the case of a Rating Methodology Event, Rating Agency Compliant Securities; or (ii) redeemed in the case of (x) a Tax Event, at their Early Redemption Amount or (y) a Capital Disqualification Event or a Rating Methodology Event, at the Special Redemption Price, together in each case with Arrears of Interest (as described in further detail in the Terms and Conditions of the Tier 3 Notes).

5.6 If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the value of the Undated Tier 3 Notes. The cash paid to investors upon such a redemption may be less than the then current market value of the Notes or the price at which investors purchased the Notes, and any actual or perceived possibility of redemption by the Issuer could also impact the market value of the Undated Tier 3 Notes. Subject to the contractual and regulatory restrictions on doing so (including those set out in the Terms and Conditions of the Tier 3 Notes) the Issuer might be expected to redeem the Undated Tier 3 Notes when its cost of borrowing for an instrument with a comparable regulatory capital treatment at the time is lower than the interest payable on them. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest payable on the Undated Tier 3 Notes being redeemed and may only be able to do so at a significantly lower rate.

If any Notes are redeemed at the Issuer's option, such Notes shall be redeemed on any Optional Redemption Date at their Optional Redemption Amount together with any accrued interest to the date fixed for redemption and the aggregate amount of any Arrears of Interest. If Issuer Clean-up Call is specified as applicable in the relevant Final Terms, the Undated Tier 3 Notes may also be redeemed at the option of the Issuer if at any time after the Issue Date 75 per cent. or such other amount as specified in the relevant Final Terms, as applicable, of the aggregate principal amount of the Undated Tier 3 Notes originally issued (or any further securities issued pursuant to Condition 16 which will be deemed to have been originally issued) has been purchased and cancelled, as set out more fully in the Terms and Conditions of the Tier 3 Notes.

5.7 No limitation on issuing senior or *pari passu* securities

There is no restriction on the amount of securities which the Issuer may issue and which may rank senior to, or *pari passu* with, the Undated Tier 3 Notes. The issue of any such securities may reduce the amount recoverable by holders of Undated Tier 3 Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of payments under the Undated Tier 3 Notes.

6. RISKS RELATING TO THE DATED TIER 2 NOTES

Capitalised expressions used below have the definitions ascribed to them in the Terms and Conditions of the Tier 2 Notes, as expressed to be applicable to Notes in relation to which a Maturity Date is specified and references to any numbered Condition shall be construed accordingly.

6.1 The Issuer's obligations under the Dated Tier 2 Notes are subordinated

The Dated Tier 2 Notes will constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves. In the event of the winding-up (subject as described in "*Terms and Conditions of the Tier 2 Notes*") or administration of the Issuer, the payment obligations of the Issuer under or arising from the Dated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be

subordinated to the claims of all Senior Creditors of the Issuer but shall rank at least *pari passu* with all other obligations of the Issuer which constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Tier 2 Capital (other than Existing Undated Tier 2 Securities) and shall rank in priority to those whose claims constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Existing Undated Tier 2 Securities or Tier 1 Capital (including, without limitation, by virtue of the operation of any grandfathering provisions) and to the claims of holders of all classes of share capital of the Issuer.

Without prejudice to Condition 3(a), all payments under or arising from the Dated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer, and no amount shall be payable in respect of the Dated Tier 2 Notes unless and until such time as the Issuer could make such payment and still be solvent (as contemplated by the Terms and Conditions of the Tier 2 Notes) immediately thereafter.

If, at any time, an order is made or an effective resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend, there shall be payable on each Dated Tier 2 Note an amount equal to the principal amount of such Dated Tier 2 Note, together with Arrears of Interest, if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment. Any such repayment will be subordinated as described above.

Although Dated Tier 2 Notes may bear a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor in Dated Tier 2 Notes will lose all or some of its investment should the Issuer become insolvent.

In addition, under the IRR the exercise of powers under FSMA to write-down insurers' unsecured liabilities (and any subsequent write-up or 'reactivation', if applicable) would have regard to the order in which liabilities sit in the creditor hierarchy as set out in the Insurers (Reorganisation and Winding Up) Regulations 2004 (SI 2004/353) (see the risk factor above entitled '*The Group may in future become subject to regimes governing the recovery, resolution or restructuring of insurance companies. The timing and implications of these regimes are still unclear.*'). If the powers under the IRR were to be subsequently exercised in respect of the Issuer, as the Dated Tier 2 Notes are subordinated liabilities it is likely that they would be amongst the first liabilities of the Issuer to be written down, and may be written down in full before any liabilities ranking in priority to the Dated Tier 2 Notes are written down (including the Senior Notes and the Tier 3 Notes). Similarly, any subsequent write-up or 'reactivation' of liabilities would also be expected to respect the creditor hierarchy, such that the Dated Tier 2 Notes would likely be amongst the last of the liabilities to be written-up, and may only be written up after the write-up in full of liabilities ranking in priority to the Dated Tier 2 Notes (including the Senior Notes and the Tier 3 Notes).

6.2 Deferral of Interest Payments

The Issuer may elect to defer paying interest on each Optional Interest Payment Date.

The Issuer is required to defer any payment of interest on Dated Tier 2 Notes on each Mandatory Interest Deferral Date (being an Interest Payment Date in respect of which a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if the relevant interest were to be paid) or if the payment of the relevant interest would give rise to a breach of the Solvency Condition.

The circumstances in which a Regulatory Deficiency Interest Deferral Event or a Regulatory Deficiency Redemption Deferral Event may occur are dependent upon the solvency position of the Issuer under the requirements of the Relevant Rules, which may be subject to amendment or replacement in the future. Events which constitute a Regulatory Deficiency Interest Deferral Event could include, without limitation, any event which causes any Solvency Capital Requirement or Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be

breached, where such breach is an event, which under the Relevant Rules, means that the Issuer must defer payments on the Notes on the basis that the Notes are intended to qualify, as Tier 2 Capital under the Relevant Rules.

Any interest in respect of the Notes not paid on an Interest Payment Date, together with any other interest in respect thereof not paid on any earlier Interest Payment Date, may (subject to Condition 3(b)) be paid in whole or in part at any time (provided that at such time a Regulatory Deficiency Interest Deferral Event is not subsisting and would not occur if payment of such Arrears of Interest were made) and in any event will automatically become immediately due and payable in whole upon the earlier of:

- (i) the next Interest Payment Date which is not a Mandatory Interest Deferral Date on which payment of interest in respect of the Notes is made;
- (ii) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend; or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer.

Arrears of Interest and any other amount, payment of which is so deferred, shall not themselves bear interest.

6.3 Deferral of redemption

The Issuer is required to defer any redemption of Dated Tier 2 Notes on the Maturity Date or on any date fixed for redemption pursuant to Conditions 6(d), 6(e), 6(f), 6(g) or 6(h) if (i) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if the Dated Tier 2 Notes were redeemed, (ii) if the redemption would give rise to a breach of the Solvency Condition; or (iii) if the Relevant Regulator does not consent to the redemption (to the extent that consent is then required by the Relevant Regulator or the Relevant Rules) or because such redemption otherwise cannot be effected in compliance with the Relevant Rules. If redemption of Dated Tier 2 Notes is deferred, the Dated Tier 2 Notes will only become due for redemption in the circumstances described in Conditions 6(a)(iii) and 6(a)(iv). Events which constitute a Regulatory Deficiency Redemption Deferral Event include any event, including, without limitation, where an Insolvent Insurer Winding-up has occurred and is continuing and any event which causes any Solvency Capital Requirement or Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be breached, where the continuation of such Insolvent Insurer Winding-up or, as the case may be, such breach, is an event which under the Relevant Rules means that the Issuer must defer repayment of the Notes on the basis that the Notes are intended to qualify, as Tier 2 Capital under the Relevant Rules.

6.4 Redemption and Exchange Risk

The Dated Tier 2 Notes may, subject as provided in Condition 6, be redeemed at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption and any Arrears of Interest at the option of the Issuer on any Optional Redemption Date. In addition, upon the occurrence of a Tax Event, a Capital Disqualification Event (if a Capital Disqualification Call is specified) or a Rating Methodology Event (if a Rating Methodology Call is specified), the Dated Tier 2 Notes may be (i) substituted by, or their terms varied so that they remain or become, Qualifying Tier 2 Securities or, in the case of a Rating Methodology Event, Rating Agency Compliant Securities; or (ii) redeemed in the case of (x) a Tax Event, at their Early Redemption Amount or (y) a Capital Disqualification Event or a Rating Methodology Event, at the Special Redemption Price, together in each case with Arrears of Interest (as described in further detail in the Terms and Conditions of the Tier 2 Notes).

6.5 If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the value of the Dated Tier 2 Notes. The cash paid to investors upon such a redemption may be less than the then current market value of the Notes or the price at which investors purchased the Notes, and any actual or perceived possibility of redemption by the Issuer could also impact the market value of the Dated Tier 2 Notes. Subject to the contractual and regulatory restrictions on doing so (including those set out in the Terms and Conditions of the Tier 2 Notes) the Issuer might be expected to redeem the Dated Tier 2 Notes when its cost of borrowing for an instrument with a comparable regulatory capital treatment at the time is lower than the interest payable on them. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest payable on the Dated Tier 2 Notes being redeemed and may only be able to do so at a significantly lower rate.

If any Notes are redeemed at the Issuer's option, such Notes shall be redeemed on any Optional Redemption Date at their Optional Redemption Amount together with any accrued interest to the date fixed for redemption and the aggregate amount of any Arrears of Interest. If Issuer Clean-up Call is specified as applicable in the relevant Final Terms, the Dated Tier 2 Notes may also be redeemed at the option of the Issuer if at any time after the Issue Date 75 per cent. or such other amount as specified in the relevant Final Terms, as applicable, of the aggregate principal amount of the Dated Tier 2 Notes originally issued (or any further securities issued pursuant to Condition 16 which will be deemed to have been originally issued) has been purchased and cancelled, as set out more fully in the Terms and Conditions of the Tier 2 Notes.

6.6 No limitation on issuing series or *pari passu* securities

There is no restriction on the amount of securities which the Issuer may issue and which may rank senior to, or *pari passu* with, the Dated Tier 2 Notes. The issue of any such securities may reduce the amount recoverable by holders of Dated Tier 2 Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of payments under the Dated Tier 2 Notes.

7. RISKS RELATING TO THE UNDATED TIER 2 NOTES

Capitalised expressions used below have the definitions ascribed to them in the Terms and Conditions of the Tier 2 Notes, as expressed to be applicable to Notes in relation to which no Maturity Date is specified and references to any numbered Condition shall be construed accordingly.

7.1 Perpetual Securities

The Issuer is under no obligation to redeem the Undated Tier 2 Notes at any time and the holders of Undated Tier 2 Notes have no right to call for their redemption. This means that Noteholders have no ability to liquidate their investment in any Undated Tier 2 Notes, except: (i) if the Issuer exercises its rights to redeem or purchase the Undated Tier 2 Notes in the limited circumstances described in Condition 6; or (ii) by selling their Undated Tier 2 Notes in the secondary market. The redemption of any Undated Tier 2 Notes by the Issuer is subject to the satisfaction of certain conditions which are more particularly described in Condition 6(c). There can be no assurance that Noteholders will be able to reinvest the amount received upon any redemption or sale of Undated Tier 2 Notes at a rate that will provide the same rate of return as their investment in such Undated Tier 2 Notes.

7.2 The Issuer's obligations under the Undated Tier 2 Notes are subordinated

The Undated Tier 2 Notes will constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* and without any preference among themselves. In the event of the winding-up (subject as described in "Terms and Conditions of the Tier 2 Notes") or administration of the Issuer, the payment obligations of the Issuer under or

arising from the Undated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be subordinated to the claims of all Senior Creditors of the Issuer but shall rank at least *pari passu* with all other obligations of the Issuer which constitute, or would, but for any applicable limitation on the amount of such capital, constitute, Tier 2 Capital (other than Existing Undated Tier 2 Securities) and shall rank in priority to the claims of holders of Existing Undated Tier 2 Securities, Tier 1 Capital and all classes of share capital of the Issuer.

Without prejudice to Condition 3(a), all payments under or arising from the Undated Tier 2 Notes, the Coupons relating to them and the Trust Deed shall be conditional upon the Issuer being solvent at the time for payment by the Issuer, and no amount shall be payable in respect of the Undated Tier 2 Notes unless and until such time as the Issuer could make such payment and still be solvent (as contemplated by the Terms and Conditions of the Tier 2 Notes) immediately thereafter.

If, at any time, an order is made or an effective resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend, there shall be payable on each Undated Tier 2 Note an amount equal to the principal amount of such Undated Tier 2 Note, together with Arrears of Interest, if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment. Any such repayment will be subordinated as described above.

Although Undated Tier 2 Notes may bear a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor in Undated Tier 2 Notes will lose all or some of its investment should the Issuer become insolvent.

In addition, under the IRR the exercise of powers under FSMA to write-down insurers' unsecured liabilities (and any subsequent write-up or 'reactivation', if applicable) would have regard to the order in which liabilities sit in the creditor hierarchy as set out in the Insurers (Reorganisation and Winding Up) Regulations 2004 (SI 2004/353) (see the risk factor above entitled '*The Group may in future become subject to regimes governing the recovery, resolution or restructuring of insurance companies. The timing and implications of these regimes are still unclear.*'). If the powers under the IRR were to be subsequently exercised in respect of the Issuer, as the Undated Tier 2 Notes are subordinated liabilities it is likely that they would be amongst the first liabilities of the Issuer to be written down, and may be written down in full before any liabilities ranking in priority to the Undated Tier 2 Notes are written down (including the Senior Notes and the Tier 3 Notes). Similarly, any subsequent write-up or 'reactivation' of liabilities would also be expected to respect the creditor hierarchy, such that the Undated Tier 2 Notes would likely be amongst the last of the liabilities to be written-up, and may only be written up after the write-up in full of liabilities ranking in priority to the Undated Tier 2 Notes (including the Senior Notes and the Tier 3 Notes).

7.3 Deferral of Interest Payments

The Issuer may elect to defer any payment of interest on Undated Tier 2 Notes which would otherwise be payable on an Interest Payment Date.

The Issuer is required to defer any payment of interest on Undated Tier 2 Notes on each Mandatory Interest Deferral Date (being an Interest Payment Date in respect of which a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if the relevant interest were to be paid) or if the payment of the relevant interest would give rise to a breach of the Solvency Condition.

The circumstances in which a Regulatory Deficiency Interest Deferral Event or a Regulatory Deficiency Redemption Deferral Event may occur are dependent upon the solvency position of the Issuer under the requirements of the Relevant Rules, which may be subject to amendment or replacement in the future. Events which constitute a Regulatory Deficiency Interest Deferral Event could include, without limitation, any event which causes any Solvency Capital Requirement or Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be

breached, where such breach is an event, which under the Relevant Rules, means that the Issuer must defer payments on the Notes on the basis that the Notes are intended to qualify, as Tier 2 Capital under the Relevant Rules.

Any interest in respect of the Notes not paid on an Interest Payment Date, together with any other interest in respect thereof not paid on any earlier Interest Payment Date, may (subject to Condition 3(b)) be paid in whole or in part at any time (provided that at such time a Regulatory Deficiency Interest Deferral Event is not subsisting and would not occur if payment of such Arrears of Interest were made) and in any event will automatically become immediately due and payable in whole upon the earlier of:

- (i) the next Interest Payment Date which is not a Mandatory Interest Deferral Date on which payment of interest in respect of the Notes is made;
- (ii) the date on which an order is made or a resolution is passed for the winding-up of the Issuer (except in the circumstances described in Condition 3(a)) or an administrator of the Issuer has been appointed and given notice that it intends to declare and distribute a dividend; or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer.

Arrears of Interest and any other amount, payment of which is so deferred, shall not themselves bear interest.

7.4 Deferral of redemption

The Issuer is required to defer any redemption of Undated Tier 2 Notes (if it has given notice of early redemption in accordance with any of Conditions 6(d), 6(e), 6(f), 6(g) or 6(h)) on any date fixed for redemption pursuant to such Condition if (i) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if the Undated Tier 2 Notes were redeemed, (ii) if the redemption would give rise to a breach of the Solvency Condition; or (iii) if the Relevant Regulator does not consent to the redemption (to the extent that consent is then required by the Relevant Regulator or the Relevant Rules) or because such redemption otherwise cannot be effected in compliance with the Relevant Rules. If redemption of Undated Tier 2 Notes is deferred, the Undated Tier 2 Notes will only become due for redemption in the circumstances described in Conditions 6(a)(iii) and 6(a)(iv). Events which constitute a Regulatory Deficiency Redemption Deferral Event include any event, including, without limitation, where an Insolvent Insurer Winding-up has occurred and is continuing and any event which causes any Solvency Capital Requirement or Minimum Capital Requirement applicable to the Issuer, the Group or any insurance undertaking within the Group to be breached, where the continuation of such Insolvent Insurer Winding-up or, as the case may be, such breach, is an event which under the Relevant Rules means that the Issuer must defer repayment of the Notes on the basis that the Notes are intended to qualify, as Tier 2 Capital under the Relevant Rules.

7.5 Redemption and Exchange Risk

The Undated Tier 2 Notes may, subject as provided in Condition 6, be redeemed at their Optional Redemption Amount together with any interest accrued to (but excluding) the date fixed for redemption and any Arrears of Interest at the option of the Issuer on any Optional Redemption Date. In addition, upon the occurrence of a Tax Event, a Capital Disqualification Event (if a Capital Disqualification Call is specified) or a Rating Methodology Event (if a Rating Methodology Call is specified), the Undated Tier 2 Notes may be (i) substituted by, or their terms varied so that they remain or become, Qualifying Tier 2 Securities or, in the case of a Rating Methodology Event, Rating Agency Compliant Securities; or (ii) redeemed in the case of (x) a Tax Event, at their Early Redemption Amount or (y) a Capital Disqualification Event or a Rating Methodology Event, at the Special Redemption Price, together in each case with Arrears of Interest (as described in further detail in the Terms and Conditions of the Tier 2 Notes).

7.6 If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the value of the Undated Tier 2 Notes. The cash paid to investors upon such a redemption may be less than the then current market value of the Notes or the price at which investors purchased the Notes, and any actual or perceived possibility of redemption by the Issuer could also impact the market value of the Undated Tier 2 Notes. Subject to the contractual and regulatory restrictions on doing so (including those set out in the Terms and Conditions of the Tier 2 Notes) the Issuer might be expected to redeem the Undated Tier 2 Notes when its cost of borrowing for an instrument with a comparable regulatory capital treatment at the time is lower than the interest payable on them. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest payable on the Undated Tier 2 Notes being redeemed and may only be able to do so at a significantly lower rate.

If any Notes are redeemed at the Issuer's option, such Notes shall be redeemed on any Optional Redemption Date at their Optional Redemption Amount together with any accrued interest to the date fixed for redemption and the aggregate amount of any Arrears of Interest. If Issuer Clean-up Call is specified as applicable in the relevant Final Terms, the Undated Tier 2 Notes may also be redeemed at the option of the Issuer if at any time after the Issue Date 75 per cent. or such other amount as specified in the relevant Final Terms, as applicable, of the aggregate principal amount of the Undated Tier 2 Notes originally issued (or any further securities issued pursuant to Condition 16 which will be deemed to have been originally issued) has been purchased and cancelled, as set out more fully in the Terms and Conditions of the Tier 2 Notes.

7.7 No limitation on issuing senior or *pari passu* securities

There is no restriction on the amount of securities which the Issuer may issue and which may rank senior to, or *pari passu* with, the Undated Tier 2 Notes. The issue of any such securities may reduce the amount recoverable by holders of Undated Tier 2 Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of payments under the Undated Tier 2 Notes.

8. RISKS RELATED TO NOTES GENERALLY

8.1 Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risk factors discussed in this section, and other factors that may affect the value of the Notes. Changes in methodology and criteria used by such credit agencies could also result in downgrades to the credit ratings initially assigned to an issue of Notes that do not reflect changes in the general economic conditions or the Issuers' financial condition.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances).

The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

8.2 Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Senior Notes also provide that the Trustee may, without the consent of Noteholders, agree to the substitution of the relevant Issuer's successor in business or any subsidiary or holding company of the relevant Issuer or its successor in business (or, in relation to issues of Notes which are guaranteed by L&G, of the Guarantor or its successor in business or any subsidiary or holding company of the Guarantor or its successor in business) as principal debtor under any Senior Notes in place of the relevant Issuer or any previously substituted company, or the substitution of the Guarantor's successor in business or any subsidiary or holding company of the Guarantor or its successor in business as guarantor under the Senior Notes in place of the Guarantor or of any previously substituted company, in the circumstances described in Condition 11(c) of the Terms and Conditions of the Senior Notes.

The Terms and Conditions of the Tier 3 Notes and the Terms and Conditions of the Tier 2 Notes also provide that the Trustee may, without the consent of Noteholders, agree to the substitution of the Issuer's successor in business as principal debtor under any Tier 3 Notes and/or Tier 2 Notes (as applicable) in place of the Issuer in each case in the circumstances described in the Terms and Conditions of the Tier 3 Notes and the Terms and Conditions of the Tier 2 Notes (as applicable).

8.3 Change of law

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

8.4 Integral multiples of less than €100,000

In relation to any issue of Notes which have a denomination consisting of the minimum specified denomination of €100,000 plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a

principal amount of Notes such that it holds an amount equal to one or more specified denominations.

If definitive Notes are issued, Noteholders should be aware that the definitive Notes which have a denomination that is not an integral multiple of €100,000 (or its equivalent) may be illiquid and difficult to trade.

8.5 The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. In addition, liquidity may be limited if the relevant Issuer makes larger allocations to a limited number of investors. Illiquidity may have a severely adverse effect on the market value of Notes.

8.6 Exchange rate risks and exchange controls

The Issuers will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currencies (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes; and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

8.7 Interest rate risks

Investment in Fixed Rate Notes, Fixed Rate Reset Notes and Fixed to Floating Rate Notes involves the risk that subsequent changes in market interest rates after the Issue Date, may adversely affect the value of such Fixed Rate Notes, Fixed Rate Reset Notes or Fixed to Floating Rate Notes.

Alternative Performance Measures

Certain alternative performance measures (“APMs”) are included or referred to in this Prospectus (including the annual report and audited consolidated annual financial statements of L&G for the financial year ended 31 December 2025 incorporated by reference). The Group considers that these measures provide useful information to enhance the understanding of financial performance. The APMs should be viewed as complementary to, rather than a substitute for, the figures determined according to other regulatory measures. TERMS AND CONDITIONS OF THE SENIOR NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Senior Notes in definitive form (if any) issued in exchange for the Global Note(s) or Certificate(s) representing each Series of Senior Notes. The full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Accordingly, references in these terms and conditions to provisions specified hereon shall be to provisions endorsed on the face of the relevant Note or set out in the relevant Final Terms. All capitalised terms that are not defined in these terms and conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in these terms and conditions to “Notes” are to the Senior Notes of one Series only (whether or not guaranteed by the Guarantor (as defined below)), not to all Notes that may be issued under the Programme.

The Notes are constituted by a Trust Deed dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Deed dated 1 April 2026, and as amended or supplemented as at the date of issue of the Notes (the “**Issue Date**”), the “**Trust Deed**”) between Legal & General Group Plc (“**L&G**” or, in its capacity as guarantor, the “**Guarantor**”), Legal & General Finance PLC (“**L&GF**”) (each an “**Issuer**” and together the “**Issuers**”) and The Law Debenture Trust Corporation p.l.c. (the “**Trustee**”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Agency Agreement dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Agreement dated 25 March 2021, and as amended or supplemented as at the Issue Date, the “**Agency Agreement**”) has been entered into in relation to the Notes between L&G, L&GF, the Trustee, Citibank, N.A., London Branch as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Issuing and Paying Agent**”, the “**Paying Agents**” (which expression shall include the Issuing and Paying Agent), the “**Registrar**”, the “**Transfer Agents**” (which expression shall include the Registrar) and the “**Calculation Agent(s)**”. Copies of the Trust Deed and the Agency Agreement are available for inspection by a noteholder following their prior written request to the Agent or Trustee and provision of proof of holding and identity (in a form satisfactory to the relevant Agent or Trustee), during usual business hours at the principal office of the Trustee (presently at 8th Floor, 100 Bishopsgate, London EC2N 4AG, United Kingdom) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders and the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

1. Form, Denomination and Title

The Notes are issued in bearer form (“**Bearer Notes**”) or in registered form (“**Registered Notes**”) in each case in the Specified Denomination(s) shown hereon provided that all Notes shall have a minimum Specified Denomination of €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

This Note is a Fixed Rate Note, a Floating Rate Note (which shall include a EURIBOR Linked Interest Note, SONIA Linked Interest Note or a SOFR Linked Interest Note if this Note is specified as such in the Final Terms), a Zero Coupon Note or a Fixed Rate Reset Note, depending upon the Interest and Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“**Certificates**”) and, save as provided in Condition 2(b), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “**holder**” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. **Transfers of Registered Notes, etc.**

(a) **Transfer of Registered Notes**

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Registered Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Registered Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(b) **Exercise of Options or Partial Redemption in Respect of Registered Notes**

In the case of an exercise of an Issuer’s or Noteholders’ option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) **Delivery of New Certificates**

Each new Certificate to be issued pursuant to Conditions 2(a) or (b) shall be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 6(e)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery of such form of transfer or Exercise Notice and surrender of the relevant Certificate shall have been made or, at the option of the holder making such delivery and surrender as aforesaid and as specified in the relevant

form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(c), “**business day**” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(d) **Transfer Free of Charge**

Transfer of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges by the person submitting such Notes or Certificates that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(e) **Closed Periods**

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on (and including) the due date for redemption of that Note, (ii) during the period of 15 days ending on (and including) any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(d), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

therewith, or (b) benefit from a guarantee or indemnity in substantially identical terms thereto, as the case may be, in each case to the satisfaction of the Trustee, or (c) have the benefit of such other security, guarantee, indemnity or other arrangement as the Trustee in its reasonable opinion shall deem to be not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

5. Interest and other Calculations

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f).

(b) Interest on Floating Rate Notes

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be

postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon, and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

Notwithstanding anything specified hereon or included in the ISDA Definitions, the Issuer agrees that the Issuing and Paying Agent or Citibank, N.A., London Branch (in its capacity as Calculation Agent, if so appointed) will have no obligation to exercise any discretion (including, but not limited to, determinations of alternative or substitute benchmarks, successor reference rates, screen pages, interest adjustment factors/fractions or spreads, market disruptions, benchmark amendment conforming changes, selection and polling of reference banks), and to the extent the ISDA Definitions for a particular series of Notes, requires the Calculation Agent to exercise any such discretions and/or make such determinations, such references shall be construed as the Issuer or alternate agent appointed by the Issuer and not the Calculation Agent.

(B) Screen Rate Determination for EURIBOR Linked Interest Notes

- (x) Subject to Condition 5(b)(iii)(E)(x), where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified as being EURIBOR, the Rate of Interest for each

Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations

(expressed as a percentage rate per annum), for the Euro inter-bank offered rate (“EURIBOR”) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

(y) Subject to Condition 5(b)(iii)(E)(x), if the Relevant Screen Page is not available or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, then, subject as provided below, the Issuer, or an agent appointed by it, shall request the principal Euro-zone office of each of the Reference Banks to provide the Issuer, or an agent appointed by it, with its offered quotation (expressed as a percentage rate per annum) for EURIBOR at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Issuer or an agent appointed by it shall notify the Calculation Agent of all quotations received by it. If two or more of the Reference Banks provide the Issuer, or an agent appointed by it, with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.

(z) If paragraph (y) above applies and fewer than two Reference Banks have provided offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Issuer, or an agent appointed by it, by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in euro for a period equal to that which would have been used for EURIBOR by leading banks in the Euro-zone inter-bank market, or, if fewer than two of the Reference Banks provide the Issuer, or an agent appointed by it, with such offered rates, the offered rate for deposits in euro for a period equal to that which would have been used for EURIBOR, or the arithmetic mean of the offered rates for deposits in euro for a period equal to that which would have been used for EURIBOR, at which, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Issuer, or an agent appointed by it, it is quoting to leading banks in the Euro-zone inter-bank market, provided that, if the Rate of Interest cannot be determined in accordance with the

foregoing provisions of this paragraph (z), the Rate of Interest shall be (i) the Rate of Interest determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest applicable to such Notes on the Interest Commencement Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Screen Rate Determination for Floating Rate Notes which are SONIA Linked Interest Notes

(x) Compounded Daily SONIA (Non-Index Determination)

Where (1) Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, (2) the Reference Rate is specified in the applicable Final Terms as being Compounded Daily SONIA and (3) Index Determination is specified in the applicable Final Terms as being Not Applicable, the following provisions shall apply and the Rate of Interest for each Interest Accrual Period will, subject to paragraph (iii)(E)(x) below, be Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For the purposes of this sub paragraph (iii)(C)(x):

“**Compounded Daily SONIA**” means, in relation to an Interest Accrual Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average as the reference rate for the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date: (a) as further specified in the applicable Final Terms; or (b) in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{Daily SONIA} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to: (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Calculation Agent shall, subject to receiving written instructions from the Issuer and to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA reference rate for the purpose of the Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to the Terms and Conditions or the transaction documents are required in order for the Calculation Agent to follow such guidance in order to determine the SONIA

reference rate, the Calculation Agent shall have no obligation to act until such amendments or modifications have been made in accordance with the Terms and Conditions, the Trust Deed, the Agency Agreement and any calculation agency agreement or determination agency agreement.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, the Rate of Interest shall be: (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such series of Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

(x) Floating Rate Notes other than SOFR Linked Interest Notes

If: (1) Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined; (2) the Reference Rate specified in the applicable Final Terms is not Compounded Daily SOFR; and (3) any Rate of Interest (or component thereof) remains to be determined by reference to the Reference Rate to be calculated or administered or published and a Benchmark Event has occurred then the following provisions shall apply to the relevant Notes.

(a) The Issuer shall use reasonable efforts to appoint an Independent Adviser to determine (in each case in consultation with the Issuer) an Alternative Reference Rate and an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (E)(x) during any other future Interest Accrual Period(s)).

(b) Subject to sub-paragraph (E)(x)(c), if:

(i) the Independent Adviser acting in good faith and in a commercially reasonable manner (in consultation with the Issuer), no later than five Business Days prior to the Interest Determination Date relating to the next Interest Accrual Period (the "**IA Determination Cut-off Date**"), determines an Alternative Reference Rate and an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (E)(x) during any other future Interest Accrual Period(s)); or

(ii) the Issuer is unable to appoint an Independent Adviser, or if the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (E)(x)(a) fails to determine an Alternative Reference Rate or an Adjustment Spread prior to the relevant IA Determination Cut-off Date, the

Issuer (acting in good faith and in a commercially reasonable manner), no later than three Business Days prior to the Interest Determination Date relating to the next Interest Accrual Period (the “**Issuer Determination Cut-off Date**”), determines an Alternative Reference Rate and an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x) during any other future Interest Accrual Period(s)), then:

- (A) such Alternative Reference Rate shall be the Reference Rate for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x) during any other future Interest Accrual Period(s)).

Without prejudice to the definition thereof, for the purposes of determining an Alternative Reference Rate, the Independent Adviser or the Issuer (as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Independent Adviser or the Issuer (as applicable), in its sole discretion, considers appropriate; and

- (B) such Adjustment Spread (which may be expressed as a specified quantum or a formula or methodology for determining the applicable Adjustment Spread (and, for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero)) shall be applied to such Alternative Reference Rate for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x)). Without prejudice to the definition thereof, for the purposes of determining an Adjustment Spread, the Independent Adviser or the Issuer

(as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Issuer, in its sole discretion, considers appropriate.

(c) Notwithstanding sub-paragraphs (iii)(E)(x)(b)(i) and (iii)(E)(x)(b)(ii) above, if:

- (i) the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (iii)(E)(x)(a) notifies the Issuer prior to the IA Determination Cut-off Date that it has determined that no Alternative Reference Rate exists;
- (ii) the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (iii)(E)(x)(a) fails to determine an Alternative Reference Rate prior to the relevant IA Determination Cut-off Date, without notifying the Issuer as contemplated in sub-paragraph (iii)(E)(x)(c)(i), and the Issuer (acting in good faith and in a commercially reasonable manner) determines prior to the Issuer Determination Cut-off Date that no Alternative Reference Rate exists; or
- (iii) no Alternative Reference Rate and/or applicable Adjustment Spread is otherwise determined in accordance with sub-paragraph (iii)(E)(x)(b) prior to the Issuer Determination Cut-off Date,

the relevant Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such series of Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or

Minimum Rate of Interest applicable to the first Interest Accrual Period).

This sub-paragraph (iii)(E)(x)(c) shall apply to the relevant Interest Accrual Period only. Any subsequent Interest Accrual Period(s) shall be subject to the operation of this sub-paragraph (iii)(E).

- (d) Promptly following the determination of any Alternative Reference Rate as described in this sub-paragraph (iii)(E)(x), the Issuer shall give notice thereof and of any Adjustment Spread (and the effective date(s) thereof) and any Floating Rate Calculation Changes to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 16, the Noteholders, provided that failure to provide such notice will have no impact on the effectiveness of, or otherwise invalidate, any such determination.
- (e) The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer, effect such waivers and consequential amendments (the “**Floating Rate Calculation Changes**”) to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as may be required to give effect to any application of this sub-paragraph (iii)(E)(x), including, but not limited to:
 - (i) changes to these Terms and Conditions which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines may be required in order to follow market practice (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) in relation to such Alternative Reference Rate, including, but not limited to: (A) the relevant Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, and/or Interest Determination Date applicable to the Notes; and (B) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Alternative Reference Rate is not available; and
 - (ii) any other changes which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines are reasonably necessary to ensure the proper operation and comparability to the relevant Reference Rate of such Alternative Reference Rate.

Prior to any such waivers and/or consequential amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and, where applicable,

the Calculation Agent which: (i) provides details of the Floating Rate Calculation Changes; and (ii) certifies that the Floating Rate Calculation Changes are required to give effect to any application of this sub-paragraph (iii)(E)(x), and the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person.

For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x)).

The Trustee shall not be obliged to agree to any modification if, in the sole opinion of the Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

No consent of the Noteholders shall be required in connection with effecting the relevant Alternative Reference Rate as described in this sub-paragraph (iii)(E)(x) or such other relevant adjustments pursuant to this sub-paragraph (iii)(E)(x), or any Adjustment Spread, including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

(B) if no such formal recommendation has been made, the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer, determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the relevant Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or

- (C) if neither (A) nor (B) above applies, the Independent Adviser in its discretion (in consultation with the Issuer), or failing which, the Issuer in its discretion, determines (acting in good faith and in a commercially reasonable manner) to be appropriate in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the relevant Reference Rate with such Alternative Reference Rate;

“Alternative Reference Rate” means the rate that has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) in respect of notes denominated in the Specified Currency and with an interest period of a comparable duration to the relevant Interest Accrual Periods, or, if the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer (acting in good faith and in a commercially reasonable manner) determines that there is no such rate, such other rate as the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer (acting in good faith and in a commercially reasonable manner) determines in its or the Issuer’s sole discretion is most comparable to the relevant Reference Rate;

 - (ii) the Reference Rate specified in the applicable Final Terms has been (or

will be prior to the next following Interest Determination Date) permanently or indefinitely discontinued; or

- (iii) the Reference Rate specified in the applicable Final Terms will, prior to the next following Interest Determination Date, be prohibited from being used, either generally or in respect of the Notes; or

- (v) there has otherwise taken place (or will otherwise take place, prior to the next following Interest Determination Date) a change in customary market practice in the international capital markets applicable generally to floating rate notes denominated in the Specified Currency (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) to refer to a base rate other than the Reference Rate specified in the applicable Final Terms despite the continued existence of such Reference Rate; or

- (C) it is unlawful for any of the Issuing and Paying Agent and the Calculation Agent and/or the Issuer to determine or use such Reference Rate,

provided that the Benchmark Event shall be deemed to occur (i) in the case of sub-paragraphs (B)(i) and (ii) above, on the date of the cessation of publication of the Reference Rate or the discontinuation of the Reference Rate, as the case may be, (ii) in the case of sub-paragraph (B)(iii) above, on the date of the prohibition of use of the Reference Rate and (iii) in the case of sub-paragraph (B)(iv) above, on the date with effect from which the Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Trustee, the Issuing and Paying Agent and any Calculation Agent. For the avoidance of doubt, neither the Trustee, the Issuing and Paying Agent nor any Calculation Agent shall have any responsibility for making such determination;

“Relevant Nominating Body” means, in respect of the Reference Rate specified in the applicable Final Terms:

- (A) the central bank for the currency to which such Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such Reference Rate; or
- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of: (a) the central bank for the currency to which such Reference Rate relates; (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such Reference Rate; (c) a group of the aforementioned central banks or other supervisory authorities; or (d) the Financial Stability Board or any part thereof.

(y) SOFR Linked Interest Notes

If: (1) Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined; (2) the Reference Rate specified in the applicable Final Terms is Compounded Daily SOFR; and (3) any Rate of Interest (or component thereof) remains to be determined by reference to the relevant Benchmark, then the following provisions shall apply instead of the provisions of sub-paragraph (iii)(E)(x) above.

- (a) If the Issuer determines on or prior to the relevant Interest Determination Date that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the relevant Benchmark, the Benchmark Replacement will replace such Benchmark for all purposes relating to the Notes in respect of such determination on such date and all determinations on all subsequent dates (subject to any subsequent application of this sub-paragraph (iii)(E)(y) with respect to such Benchmark Replacement).

- (b) In connection with the implementation of a Benchmark Replacement with respect to the Notes, the Issuer has the right to make Benchmark Replacement Conforming Changes from time to time.
- (c) Any determination, decision or election that may be made by the Issuer pursuant to this sub-paragraph (iii)(E)(y), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection will be conclusive and binding absent manifest error, and may be made in the Issuer's sole discretion.
- (d) Promptly following the determination of any Benchmark Replacement as described in this sub-paragraph (iii)(E)(y), the Issuer shall give notice thereof and of any Benchmark Replacement Conforming Changes to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 16, the Noteholders, provided that failure to provide such notice will have no impact on the effectiveness of, or otherwise invalidate, any such determination.
- (e) The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent), effect any amendments to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as may be required to give effect to any Benchmark Replacement Conforming Changes.

Prior to any such amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and the Calculation Agent, which: (I) confirms that a Benchmark Transition Event has occurred, specifies the Benchmark Replacement and provides details of the Benchmark Replacement Conforming Changes (if any); and (II) certifies that the Benchmark Replacement Conforming Changes (if any) are necessary to ensure the proper operation of such Benchmark Replacement, and the Trustee, the Issuing and Paying Agent and the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person. For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(y)).

The Trustee shall not be obliged to agree to any modification if in the sole opinion of the Trustee

doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

No consent of the Noteholders shall be required in connection with effecting the relevant Benchmark Replacement as described in this sub-paragraph (iii)(E)(y) or any Benchmark Replacement Conforming Changes pursuant to this sub-paragraph (iii)(E)(y), including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

(f) For the purposes of this sub-paragraph (iii)(E)(y):

“**Benchmark**” means, initially, SOFR, as originally specified for the purposes of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR or any Benchmark which has replaced it in accordance with this sub-paragraph (iii)(E)(y), then “**Benchmark**” means the applicable Benchmark Replacement;

“**Benchmark Replacement**” means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (A) the sum of: (I) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor; and (II) the Benchmark Replacement Adjustment;
- (B) the sum of: (I) the ISDA Fallback Rate; and (II) the Benchmark Replacement Adjustment; or
- (C) the sum of: (I) the alternate rate of interest that has been selected by the Issuer as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time; and (II) the Benchmark Replacement Adjustment;

“**Benchmark Replacement Adjustment**” means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (A) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (B) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment; or
- (C) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Interest Period” or “Interest Accrual Period”, the timing and frequency of determining rates and making payments of interest, changes to the definition of “Corresponding Tenor” solely when such tenor is longer than the interest period and other administrative matters) that the Issuer decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer determines is reasonably necessary);

“Benchmark Replacement Date” means:

- (A) in the case of paragraph (A) or (B) of the definition of “Benchmark Transition Event,” the later of: (x) the date of the public statement or publication of information referenced therein; and (y) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (B) in the case of paragraph (C) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein; and

for the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same

day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (A) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that the administrator has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);
- (B) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark (or such component), which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (C) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

“Compounded SOFR” means, for the purposes of determining a replacement Benchmark for the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a look-back and/or suspension period as a mechanism to determine the interest amount payable prior to the end

of each interest period or compounded in advance) being established by the Issuer in accordance with:

- (A) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining Compounded SOFR; or
- (B) if, and to the extent that, the Issuer determines that Compounded SOFR cannot be determined in accordance with paragraph (A) above, the rate, or methodology for this rate, and conventions for this rate that have been selected by the Issuer giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated floating rate notes at such time;

“Corresponding Tenor” with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark;

“Federal Reserve Bank of New York’s website” means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source;

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark for the applicable tenor;

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“Reference Time” with respect to any determination of the Benchmark means: (1) if the Benchmark is SOFR, 2.00 p.m. (London time) on the day that is two London Business Days preceding the date of such determination; and (2) if the Benchmark is not SOFR, the time determined by the Issuer in accordance with the Benchmark Replacement Conforming Changes;

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto;

“SOFR” with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the

administrator of the Benchmark, (or a successor administrator) on the Federal Reserve Bank of New York's website; and

“**Unadjusted Benchmark Replacement**” means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.

(F) **Linear Interpolation**

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period, provided however, that, if there is no such rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as the Issuer determines appropriate.

“**Applicable Maturity**” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) **Zero Coupon Notes**

Where a Zero Coupon Note is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)).

(d) **Fixed Rate Reset Notes**

(i) **Accrual of interest**

Each Fixed Rate Reset Note bears interest on its outstanding principal amount:

- (A) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and
- (B) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined by the Calculation Agent on the relevant Reset Determination Date in accordance with this Condition,

payable, in each case, in arrear on the relevant Interest Payment Date(s).

(ii) **Subsequent Reset Rate Screen Page**

If the Subsequent Reset Rate Screen Page is not available or if the Mid-Swap Rate does not appear on the Subsequent Reset Rate Screen Page, (other than in the circumstances provided for in Condition 5(d)(iv)) the Issuer, or an agent appointed by it, shall request each of the Reference Banks to provide the Issuer,

or an agent appointed by it, with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Rate Time on the Reset Determination Date in question. The Issuer or an agent appointed by it shall notify the Calculation Agent of all quotations received by it. If two or more of the Reference Banks provide the Issuer, or an agent appointed by it, with offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Initial Credit Spread and Step-Up Margin (if any), all as determined by the Calculation Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Issuer, or an agent appointed by it, with an offered quotation as provided in the foregoing provisions of this paragraph, the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest.

(iii) **CMT Screen Page**

If the CMT Screen Page is not available or if the CMT Rate cannot be determined in accordance with limbs (i) or (ii) of the definition of “CMT Rate” in Condition 5(i), the Subsequent Reset Reference Rate shall be determined in accordance with limb (iii) of the definition of “CMT Rate” in Condition 5(i).

(iv) **Mid-Swap Rate Replacement**

(A) If any Rate of Interest (or component thereof) remains to be determined by reference to the Mid-Swap Rate where a Mid-Swap Benchmark Rate is specified and a Benchmark Event has occurred in respect of either the Mid-Swap Rate or the Mid-Swap Benchmark Rate then the following provisions shall apply to the relevant Notes:

- (a) the Issuer shall use reasonable efforts to appoint an Independent Adviser to determine (in each case in consultation with the Issuer) an Alternative Relevant Rate and such other adjustments (if any) as referred to in this Condition 5(d)(iv)(A) for the purposes of determining the Mid-Swap Rate for all future Reset Periods (subject to the subsequent operation of this Condition 5(d)(iv)(A) during any other future Reset Period(s)).
- (b) Subject to paragraph (c) of this Condition 5(d)(iv)(A), if:
 - (i) the Independent Adviser acting in good faith and in a commercially reasonable manner (in consultation with the Issuer) determines no later than five Business Days prior to the Reset Determination Date relating to the next Reset Period (the “**IA Mid-Swap Determination Cut-off Date**”) that an Alternative Relevant Rate has succeeded or replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for setting rates comparable to the Mid-Swap Rate; or
 - (ii) the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 5(d)(iv)(A) fails to determine an Alternative Relevant Rate prior to the relevant IA Mid-Swap Determination Cut-off Date, the Issuer determines (acting in good faith and in a commercially reasonable manner) no later than three

Business Days prior to the relevant Reset Determination Date relating to the next Reset Period (the “**Issuer Mid-Swap Determination Cut-off Date**”) that an Alternative Relevant Rate has succeeded or replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for setting rates which is comparable to the Mid-Swap Rate,

then the Mid-Swap Rate for all future Reset Periods (subject to the subsequent operation of this Condition 5(d)(iv)(A) during any other future Reset Period(s)) shall be such Alternative Relevant Rate.

Without prejudice to the definition thereof, for the purposes of determining an Alternative Relevant Rate and/or applicable adjustments thereto (if any), the Independent Adviser or the Issuer (as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Independent Adviser or the Issuer (as applicable), in its sole discretion, considers appropriate.

- (c) Notwithstanding Condition 5(d)(ii), if:
- (i) the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 5(d)(iv)(A) notifies the Issuer prior to the IA Mid-Swap Determination Cut-off Date that it has determined that no Alternative Relevant Rate exists;
 - (ii) the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 5(d)(iv)(A) fails to determine an Alternative Relevant Rate prior to the relevant IA Mid-Swap Determination Cut-off Date, without notifying the Issuer as contemplated in sub-paragraph (c)(i) of this Condition 5(d)(iv)(A) and the Issuer (acting in good faith and in a commercially reasonable manner) determines prior to the Issuer Mid-Swap Determination Cut-off Date that no Alternative Relevant Rate exists; or
 - (iii) an Alternative Relevant Rate is not otherwise determined in accordance with paragraph (b) of this Condition 5(d)(iv)(A) prior to the Issuer Mid-Swap Determination Cut-off Date,

the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest (though applying, where a Step-up Margin is to be applied to the relevant Reset Period, the Step-up Margin relating to the relevant Reset Period in place of the Step-up Margin (if any) relating to that last preceding Reset Period).

This paragraph (c) shall apply to the relevant Reset Period only. Any subsequent Reset Period(s) shall be subject to the operation of this Condition 5(d)(iv)(A).

- (d) Promptly following the determination of any Alternative Relevant Rate as described in this Condition 5(d)(iv)(A), the Issuer shall give notice thereof and of any adjustments (and the effective date(s) thereof) pursuant to this Condition 5(d)(iv)(A) to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 16, the Noteholders.

The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and, where applicable, the Calculation Agent), effect such waivers and consequential amendments to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines may be required to give effect to any application of this Condition 5(d)(iv)(A). Prior to any such waivers and/or consequential amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent which: (i) provides details of such waivers and/or consequential amendments; and (ii) certifies that such waivers and/or consequential amendments are required to give effect to any application of this Condition 5(d)(iv)(A), and the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person. For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Reset Periods (subject to the subsequent operation of this Condition 5(d)(iv)(A)). No consent of the Noteholders shall be required in connection with effecting the relevant Alternative Relevant Rate as described in this Condition 5(d)(iv)(A) or such other relevant adjustments pursuant to this Condition 5(d)(iv)(A), including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

Notwithstanding the foregoing, the Trustee shall not be obliged to agree to any modification if, in the sole opinion of the Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

- (B) For the purposes of this Condition 5(d):

“**Alternative Relevant Rate**” means the mid-swap rate which has replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for the purposes of pricing new issues of notes denominated in the Specified Currency and with an interest period of a comparable duration to the relevant Reset Period, or, if the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines that there is no such rate, such other rate as such

Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines in its discretion is most comparable to the Mid-Swap Rate;

“**Benchmark Event**” means:

- (a) the Mid-Swap Rate or the relevant component part(s) thereof or Mid-Swap Benchmark Rate specified in the applicable Final Terms (as applicable) ceasing to be published for a period of at least 5 Business Days or ceasing to exist;
- (b) the Issuer determines on the basis of factors including, but not limited to, a public statement by the administrator or the supervisor of the administrator of the applicable Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable), that:
 - (i) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms has ceased (or will cease, prior to the next following Reset Determination Date) to be calculated or administered or published by the relevant administrator (in circumstances where no successor administrator has been appointed that will continue publication of the relevant Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable)); or
 - (ii) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms has been (or will be prior to the next following Interest Determination Date) be permanently or indefinitely discontinued; or
 - (iii) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms will, prior to the next following Interest Determination Date, be prohibited from being used, either generally or in respect of the Notes; or
 - (iv) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms is (or will be, prior to the next following Interest Determination Date) deemed to be no longer representative of its relevant underlying market; or
 - (v) there has otherwise taken place (or will otherwise take place, prior to the next following Reset Determination Date) a change in customary market practice (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) to refer to a base rate other than the Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms despite the continued existence of such Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable); or

- (c) it is unlawful for any of the Issuing and Paying Agent, the Calculation Agent and/or the Issuer to determine or use such Mid-Swap Rate or Mid-Swap Benchmark Rate,

provided that the Benchmark Event shall be deemed to occur (i) in the case of sub-paragraphs (b)(i) and (ii) above, on the date of the cessation of publication of the Reference Rate or the discontinuation of the Reference Rate, as the case may be, (ii) in the case of sub-paragraph (b)(iii) above, on the date of the prohibition of use of the Reference Rate and (iii) in the case of sub-paragraph (b)(iv) above, on the date with effect from which the Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Trustee, the Issuing and Paying Agent and any Calculation Agent. For the avoidance of doubt, neither the Trustee, the Issuing and Paying Agent nor any Calculation Agent shall have any responsibility for making such determination; and

“Independent Adviser” means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at the Issuer’s expense.

(e) **Accrual of Interest**

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(f) **Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding**

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes **“unit”** means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(g) **Calculations**

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

Where the Specified Denomination of a Note comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(h) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts**

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, Reset Determination Date or at such other time on such date as the Calculation Agent may be required to calculate any rate or amount, make any calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, make such calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 5(h) but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Issuer, or an agent appointed by it, or Calculation Agent(s) as applicable shall (in the absence of manifest error) be final and binding upon all parties.

(i) **Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Business Day**” means:

(d) **Payments Subject to Fiscal Laws**

Without prejudice to the provisions of Condition 8, all payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its agents). The Issuer [or, as the case may be, the Guarantor]⁴ will not be required to pay any additional amounts on account of a withholding or deduction for, or on account of, any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements and the Issuer [or, as the case may be, the Guarantor]⁴ shall be acquitted and discharged of so much money as is represented by any such withholding or deduction as if such sum had been actually paid to the holders of the Notes or Coupons. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments. For the purposes of this Condition 7(d), the phrase “fiscal or other laws, regulations and directives” shall include any withholding or deduction imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code (“**FATCA**”), any regulations thereunder, any law implementing an inter-governmental approach thereto, any fiscal or regulatory legislation, rules or practices adopted pursuant to any inter-governmental agreement entered into in connection with the implementation of FATCA, any agreement entered into pursuant to FATCA, or any official interpretation of FATCA (each a “**FATCA Withholding Tax**”).

The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent act solely as agents of the Issuer [and the Guarantor]⁴ and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer [and the Guarantor]⁴ reserve[s]⁵ the right at any time with the approval of the Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where these Conditions so require and (v) a Paying Agent having a specified office in London so long as the Notes are admitted to the Official List of the FCA acting under Part VI of the Financial Services and Markets Act 2000 and admitted to trading on the Main Market of the London Stock Exchange.

In addition, the Issuer [and the Guarantor]⁶ shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(c).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders. If any additional Paying Agents are appointed in connection with any Series of Notes, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

(f) **Unmatured Coupons and Unexchanged Talons**

- (i) Upon the due date for redemption of Bearer Notes which are Fixed Rate Notes, such Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Bearer Note which is a Floating Rate Note or a Fixed Rate Reset Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of such Note is presented for redemption without all unexpired Coupons, and where any Bearer Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

⁶ Square bracketed text to appear on Senior Notes issued by L&GF and guaranteed by L&G.

- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) **Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) **Non-Business Days**

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of the postponement of such payment. In this paragraph (h), “**business day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and in such jurisdictions (if any) as are specified as “Additional Financial Centres” hereon, and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in any currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a T2 Business Day.

8. Taxation

All payments of principal and interest by or on behalf of the Issuer [or the Guarantor]⁷ in respect of the Notes and the Coupons [or under the Guarantee]⁷ shall be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, except to the extent that the withholding or deduction is made in respect of FATCA, or any agreement entered into pursuant to FATCA, the Issuer [or, as the case may be, the Guarantor]⁷ shall pay such additional amounts as shall result in receipt by the holders of the Notes or Coupons of such amounts as would have been received by them had no such withholding or deduction been required by law to be made, except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) **Other Connection**

presented for payment by or on behalf of, or held by, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note or Coupon; or

(b) **Lawful Avoidance of Withholding**

presented for payment by or on behalf of, or held by, a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that

any third party makes a declaration of non-residence or other similar claim or filing for exemption to any tax authority in the place where the relevant Note (or the Certificate representing it) or Coupon is presented for payment or held by a holder; or

(c) **Presentation More Than Thirty (30) Days After the Relevant Date**

presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day after the Relevant Date (assuming that day to have been a Business Day); or

(d) **Presented for Payment in the United Kingdom**

presented for payment in the United Kingdom; or

(e) **Any Combination**

where the requirement to withhold or deduct which would otherwise give rise to the obligation to pay additional amounts arises out of any combination of paragraphs (a) to (d) above.

As used in these Conditions, “**Relevant Date**” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or the Certificate representing it) or Coupon being made in accordance with these Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any additional amounts that may be payable under this Condition 8 or any undertaking given in addition to or in substitution for it under the Trust Deed.

Notwithstanding any other provision of these Conditions, in no event will the Issuer be required to pay any additional amounts in respect of the Notes for, or on account of, any FATCA Withholding Tax and any amounts to be paid by or on behalf of the Issuer in respect of the Notes or the Coupons will be paid net of any FATCA Withholding Tax.

9. Prescription

Claims against the Issuer [and/or the Guarantor]⁸ for payment in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Meetings of Noteholders, Modification, Waiver and Substitution

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting (which need not be a physical meeting and instead may be held by way of conference call, including by use of a videoconference platform) may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, inter alia (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, [or]⁹ (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution[, or (viii) to modify or cancel the Guarantee]¹⁰, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

In addition, the Trustee shall be obliged to concur with the Issuer in giving effect to any Alternative Reference Rate, Adjustment Spread, Floating Rate Calculation Changes,

⁹ Square bracketed text to appear on Senior Notes issued by L&G.

¹⁰ Square bracketed text to appear on Senior Notes issued by L&GF and guaranteed by L&G.

Benchmark Replacement, Benchmark Replacement Conforming Changes or Alternative Relevant Rate pursuant to, and in accordance with, Condition 5(b)(iii)(E) or Condition 5(d)(iv) (as applicable) in the circumstances set out therein, without the consent of the Noteholders or Couponholders.

(b) **Modification of the Trust Deed**

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed that is of a formal, minor or technical nature or is made to correct a manifest error or error proven to the satisfaction of the Trustee, or (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of these Conditions and the provisions of the Trust Deed that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on all the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

In addition, the Trustee shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent) agree, without the consent of the Noteholders or Couponholders to any modification or amendment to the provisions of the Trust Deed that is required to give effect to Condition 5(b)(iii)(E) or Condition 5(d)(iv) (as applicable) in the circumstances set out therein.

(c) **Substitution**

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders or the Couponholders, to the substitution of the Issuer's successor in business or any subsidiary or holding company of the Issuer or its successor in business [or of the Guarantor or its successor in business or any subsidiary or holding company of the Guarantor or its successor in business]¹⁰ in place of the Issuer, or of any previously substituted company, as principal debtor under the Trust Deed and the Notes [or the substitution of the Guarantor's successor in business or any subsidiary or holding company of the Guarantor or its successor in business in place of the Guarantor, or of any previously substituted company as Guarantor under the Trust Deed and the Notes]¹⁰. In the case of such a substitution, the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders. Any such substitution shall be binding on all the Noteholders and the Couponholders.

(d) **Entitlement of the Trustee**

In connection with the exercise of its functions (including but not limited to those referred to in this Condition 11), the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer [or the Guarantor]¹⁰ any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

12. Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer [and/or the Guarantor]¹⁰ as it may think fit to enforce the terms of the Trust Deed, the Notes and the Coupons, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution (as defined in the Trust Deed) or so requested in writing by Noteholders holding at least one-quarter in nominal amount of the Notes outstanding, and (b) it shall have been indemnified to its satisfaction. No Noteholder or Couponholder may proceed directly against the Issuer [or the Guarantor]¹⁰ unless the Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

13. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer[, the Guarantor]¹⁰ and any entity related to the Issuer [or the Guarantor]¹⁰ without accounting for any profit.

14. Replacement of Notes, Certificates Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes, Coupons or Talons) or of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

15. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition 15 and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

16. Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 16.

17. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

18. Governing Law

The Trust Deed, the Notes, the Coupons and the Talons, and any non-contractual obligations arising out of or in connection with them, shall be governed by, and shall be construed in accordance with, English law.

TERMS AND CONDITIONS OF THE TIER 3 NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Tier 3 Notes in definitive form (if any) issued in exchange for the Global Note(s) or Certificate(s) representing each Series of Tier 3 Notes issued by L&G. The full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Accordingly, references in these terms and conditions to provisions specified hereon shall be to provisions endorsed on the face of the relevant Note as set out in the relevant Final Terms. All capitalised terms that are not defined in these terms and conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in these terms and conditions to “Notes” are to the Tier 3 Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by a Trust Deed dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Deed dated 1 April 2026, and as amended or supplemented as at the date of issue of the Notes (the “**Issue Date**”), the “**Trust Deed**”) between Legal & General Group Plc (“**L&G**” or the “**Issuer**”), Legal & General Finance PLC (“**L&GF**”) and The Law Debenture Trust Corporation p.l.c. (the “**Trustee**”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Agency Agreement dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Agreement dated 25 March 2021, and as amended or supplemented as at the Issue Date, the “**Agency Agreement**”) has been entered into in relation to the Notes between L&G, L&GF, the Trustee, Citibank, N.A., London Branch as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) from time to time are referred to below respectively as the “**Issuing and Paying Agent**”, the “**Paying Agents**” (which expression shall include the Issuing and Paying Agent), the “**Registrar**”, the “**Transfer Agents**” (which expression shall include the Registrar) and the “**Calculation Agent(s)**” (together, the “**Agents**”). Copies of the Trust Deed and the Agency Agreement are available for inspection by a noteholder following their prior written request to the Agent or Trustee and provision of proof of holding and identity (in a form satisfactory to the relevant Agent or Trustee), during usual business hours at the principal office of the Trustee (presently at 8th Floor, 100 Bishopsgate, London EC2N 4AG, United Kingdom) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders and the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

1. Form, Denomination and Title

The Notes are issued in bearer form (“**Bearer Notes**”) or in registered form (“**Registered Notes**”) in each case in the Specified Denomination(s) shown hereon provided that all Notes shall have a minimum Specified Denomination of €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination.

This Note is a Fixed Rate Note, a Fixed Rate Reset Note, a Fixed to Floating Rate Note, a Floating Rate Note (which shall include a EURIBOR Linked Interest Note, SONIA Linked Interest Note, or a SOFR Linked Interest Note if this Note is specified as such in the Final Terms) or a Zero Coupon Note depending upon the Interest Basis and the Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“**Certificates**”) and, save as provided in Condition 2(b), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “**holder**” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. **Transfers of Registered Notes, etc.**

(a) **Transfer of Registered Notes**

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Registered Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Registered Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(b) **Exercise of Options or Partial Redemption in Respect of Registered Notes**

In the case of an exercise of an Issuer’s or Noteholders’ option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) **Delivery of New Certificates**

Each new Certificate to be issued pursuant to Conditions 2(a) or (b) shall be available for delivery within three Business Days of receipt of the form of transfer and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery of such form of transfer and surrender of the relevant Certificate shall have been made or, at the option of the holder making such delivery and surrender as aforesaid and as specified in the relevant form of transfer or otherwise in writing, be mailed by uninsured post at the

risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(c), “Business Day” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(d) **Transfer Free of Charge**

Transfer of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges by the person submitting such Notes or Certificates that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(e) **Closed Periods**

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on (and including) the due date for redemption of that Note, (ii) during the period of 15 days ending on (and including) any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(d), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3. Status

(a) **Status of Notes**

The Notes and the Coupons relating to them constitute direct, unsecured and (save as to subordination) unconditional obligations of the Issuer and rank *pari passu* and without any preference among themselves. In the event of (A) the winding-up of the Issuer (except in the case of a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business, the terms of which reconstruction or amalgamation or substitution (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders and (ii) do not provide that the Notes shall thereby become payable) or (B) the appointment of an administrator of the Issuer where the administrator has given notice of his intention to declare and distribute a dividend or (C) any other event or procedure analogous to that described in sub-paragraph (A) or (B) occurring in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates), the payment obligations of the Issuer under or arising from the Notes and the Coupons relating to them and the Trust Deed (including, without limitation, any payments in respect of damages awarded for breach of any obligations) shall be subordinated in the manner provided in the Trust Deed to the claims of all Senior Creditors of the Issuer, but shall rank:

- (i) in the case of Notes issued with a Maturity Date specified hereon: (i) at least *pari passu* with all other obligations of the Issuer which constitute (or would but for any applicable limitation on the amount of such capital constitute) Tier 3 Capital (“**Pari Passu Securities**”); and (ii) in priority to all obligations of the Issuer which constitute (or would but for any applicable limitation on the amount of such capital constitute) Tier 2 Capital or Tier 1 Capital (including, without limitation, by virtue of the operation of any grandfathering provisions under any Relevant Rules) and all classes of share capital of the Issuer (“**Junior Securities**”); and
- (ii) in the case of Notes issued without a Maturity Date specified hereon: (i) at least *pari passu* with all other obligations of the Issuer which constitute (or would but for any applicable limitation on the amount of such capital constitute) Tier 3 Capital (“**Pari Passu Securities**”); and (ii) in priority to all obligations of the Issuer which constitute (or would but for any applicable limitation on the amount of such capital constitute) Tier 2 Capital or Tier 1 Capital (including, without

limitation, by virtue of the operation of any grandfathering provisions under any Relevant Rules) and all classes of share capital of the Issuer (“**Junior Securities**”).

(b) **Solvency Condition**

All payments under or arising from the Notes and the Coupons relating to them and the Trust Deed (including, without limitation, any payments in respect of damages awarded for breach of any obligations) shall be conditional upon the Issuer being solvent at the time for payment by the Issuer and no amount shall be payable under or arising from the Notes and the Coupons relating to them or the Trust Deed (including, without limitation, any payments in respect of damages awarded for breach of any obligations) unless and until such time as the Issuer could make such payment and still be solvent immediately thereafter (referred to herein as the “**Solvency Condition**”). For the purposes of this Condition 3(b), the Issuer shall be solvent if (i) it is able to pay its debts owed to Senior Creditors and Pari Passu Creditors as they fall due and (ii) its Assets exceed its Liabilities. A report as to the solvency of the Issuer signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer or, if there is a winding-up or administration of the Issuer, the liquidator or, as the case may be, the administrator of the Issuer shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the holders of the Notes and the Coupons relating to them and all other interested parties as correct and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for doing so. In the event of (A) a winding-up of the Issuer (except in the case of a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business, the terms of which reconstruction or amalgamation or substitution (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders and (ii) do not provide that the Notes shall thereby become payable) or (B) an administration of the Issuer where the administrator has given notice of his intention to declare and distribute a dividend or (C) any other event or procedure analogous to that described in sub-paragraph (A) or (B) occurring in respect of the Issuer, the amount payable in respect of the Notes and the Coupons relating to them shall be an amount equal to the principal amount of such Notes, together with Arrears of Interest, if any, and any interest (other than Arrears of Interest) which has accrued up to, but excluding, the date of repayment and (to the extent not otherwise included within the foregoing) any other amount under or arising from the Notes. Payment of such amount will be subordinated in the manner described in Condition 3(a).

Without prejudice to any other provision in these Conditions, amounts representing any payments of principal, premium or interest or any other amount including any damages awarded for breach of any obligations in respect of which the conditions referred to in this Condition 3(b) are not satisfied on the date upon which the same would otherwise be due and payable (“**Solvency Claims**”) will be payable by the Issuer in a winding-up or any applicable administration of the Issuer as provided in Condition 3(a). A Solvency Claim shall not itself bear interest.

(c) **Set-off, etc.**

Subject to applicable law, no holder of the Notes or the Coupons relating to them may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer arising under or in connection with the Notes or the Coupons relating to them and each holder shall, by virtue of being the holder of any Note or Coupon, as the case may be, be deemed to have waived all such rights of set-off, compensation or retention. Notwithstanding the preceding sentence, if any of the amounts owing to any holder of the Notes or the Coupons relating to them by the Issuer in respect of, or arising under or in connection with, the Notes or the Coupons relating to them is discharged by set-off, such holder shall, unless such payment is prohibited by applicable law, immediately pay an amount equal to the amount of such discharge to the Issuer or, in the event of its winding-up or administration or analogous event or procedure, the liquidator or administrator, as appropriate, of the Issuer for payment to the Senior

Creditors in respect of amounts owing to them by the Issuer and, until such time as payment is made, shall hold an amount equal to such amount in trust for the Issuer, or the liquidator or administrator, as appropriate, of the Issuer for payment to the Senior Creditors in respect of amounts owing to them by the Issuer, and accordingly any such discharge shall be deemed not to have taken place. The perpetuity period for each trust created pursuant to this Condition 3(c) shall be 125 years from the date such trust becomes constituted.

On a winding-up of the Issuer, there may be no surplus assets available to meet the claims of the Noteholders after the claims of the parties ranking senior to the Noteholders (as provided in Condition 3 above) have been satisfied.

4. Interest and other Calculations

(a) Interest on Fixed Rate Notes and (until the Fixed Rate End Date) Fixed to Floating Rate Notes

Subject to Conditions 3(b) and 5:

- (i) each Fixed Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest; and
- (ii) each Fixed to Floating Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date to (but excluding) the Fixed Rate End Date specified hereon at the rate per annum (expressed as a percentage) equal to the Rate of Interest,

such interest being payable in arrear on each Interest Payment Date (in the case of a Fixed Rate Note) and on each Interest Payment Date until (and including) the Fixed Rate End Date specified hereon (in the case of a Fixed to Floating Rate Note). The amount of interest payable shall be determined in accordance with Condition 4(e).

(b) Interest on Floating Rate Notes and (from the Fixed Rate End Date) Fixed to Floating Rate Notes

(i) Interest Payment Dates

Subject to Conditions 3(b) and 5:

- (A) each Floating Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest; and
- (B) each Fixed to Floating Rate Note bears interest on its outstanding principal amount from (and including) the Fixed Rate End Date specified hereon at the rate per annum (expressed as a percentage) equal to the Rate of Interest,

such interest being payable in arrear on each Interest Payment Date (in the case of a Floating Rate Note) and on each Interest Payment Date after the Fixed Rate End Date specified hereon (in the case of a Fixed to Floating Rate Note). The amount of interest payable shall be determined in accordance with Condition 4(e). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date (in respect of a Floating Rate Note), after the Interest Commencement Date or, in the case of the first Interest Payment Date after the Fixed Rate End Date (in respect of a Fixed to Floating Rate Note), after the Fixed Rate End Date.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall

on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each such subsequent date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes and (from the Fixed Rate End Date) for Fixed to Floating Rate Notes

The Rate of Interest in respect of (A) Floating Rate Notes and (B) from (and including) the Fixed Rate End Date, Fixed to Floating Rate Notes, for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon;
- (y) the Designated Maturity is a period specified hereon; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

Notwithstanding anything specified hereon or included in the ISDA Definitions, the Issuer agrees that the Issuing and Paying Agent or Citibank, N.A., London Branch (in its capacity as Calculation Agent, if so appointed) will have no obligation to exercise any discretion (including, but not limited to, determinations of alternative or substitute benchmarks, successor reference rates, screen pages, interest adjustment factors/fractions or spreads, market disruptions, benchmark amendment conforming changes, selection and polling of reference banks), and to the extent the ISDA Definitions for a particular series of Notes, requires the Calculation Agent to exercise any such discretions and/or make such determinations, such references shall be construed as the Issuer or alternate agent appointed by the Issuer and not the Calculation Agent.

(B) Screen Rate Determination for EURIBOR Linked Interest Notes

- (x) Subject to Condition 4(b)(iii)(E)(x), where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified as being EURIBOR, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:
- (1) the offered quotation; or
 - (2) the arithmetic mean of the offered quotations
- (expressed as a percentage rate per annum), for the Euro inter-bank offered rate (“EURIBOR”) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.
- (y) Subject to Condition 4(b)(iii)(E)(x), if the Relevant Screen Page is not available or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, then, subject as provided below, the Issuer, or an agent appointed by it, shall request the principal Euro-zone office of each of the Reference Banks to provide the Issuer, or an agent appointed by it, with its offered quotation (expressed as a percentage rate per annum) for EURIBOR at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Issuer or an agent appointed by it shall notify the Calculation Agent of all quotations received by it. If two or more of the Reference Banks provide the Issuer, or an agent appointed by it, with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (z) If paragraph (y) above applies and fewer than two Reference Banks have provided offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Issuer, or an agent appointed by it, by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in euro for a period equal to that which would have been used for EURIBOR by leading banks in the Euro-zone inter-bank market, or, if fewer than two of the Reference Banks provide the Issuer, or an agent appointed by it, with such offered rates, the offered rate for deposits in euro for a period equal to that which would have been used for EURIBOR, or the arithmetic mean of the offered rates for deposits in euro for a period equal to that which would have been used for EURIBOR, at which, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of

the Trustee and the Issuer suitable for such purpose) informs the Issuer, or an agent appointed by it, it is quoting to leading banks in the Euro-zone inter-bank market, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph (z), the Rate of Interest shall be (i) the Rate of Interest determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest applicable to such Notes on the Interest Commencement Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Screen Rate Determination for Floating Rate Notes which are SONIA Linked Interest Notes

(x) Compounded Daily SONIA (Non-Index Determination)

Where (1) Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, (2) the Reference Rate is specified in the applicable Final Terms as being Compounded Daily SONIA and (3) Index Determination is specified in the applicable Final Terms as being Not Applicable, the following provisions shall apply and the Rate of Interest for each Interest Accrual Period will, subject to paragraph (iii)(E)(x) below, be Compounded Daily SONIA plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For the purposes of this sub paragraph (iii)(C)(x):

“**Compounded Daily SONIA**” means, in relation to an Interest Accrual Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average as the reference rate for the calculation of interest) and will be calculated by the Calculation Agent on the Interest Determination Date: (a) as further specified in the applicable Final Terms; or (b) in accordance with the following formula, and the resulting percentage will be rounded, if necessary, to the fourth decimal place, with 0.00005 being rounded upwards:

where:

“**d**” means the number of calendar days in:

“**i**” means a series of whole numbers from one to d_o, each representing the relevant London Business Day in chronological order from (and including):

- (1) where “Lag” is specified as the Observation Method in the applicable Final Terms, the first London Business Day in the relevant Interest Accrual Period to (and including) the last London Business Day in the relevant Interest Accrual Period; or

Fallbacks

Subject to sub-paragraph (iii)(E)(x), below, where this Condition 4(b)(iii)(C)(x) applies, if, in respect of any London Business Day in the relevant SONIA Observation Period or the relevant Interest Accrual Period, as applicable, the Calculation Agent determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA reference rate shall be: (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at 5.00 p.m. (or, if earlier, close of business) on the relevant London Business Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Business Days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads).

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to: (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Calculation Agent shall, subject to receiving written instructions from the Issuer and to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA reference rate for the purpose of the Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to the Terms and Conditions or the transaction documents are required in order for the Calculation Agent to

follow such guidance in order to determine the SONIA reference rate, the Calculation Agent shall have no obligation to act until such amendments or modifications have been made in accordance with the Terms and Conditions, the Trust Deed, the Agency Agreement and any calculation agency agreement or determination agency agreement.

(E) Benchmark Replacement

(x) Floating Rate Notes other than SOFR Linked Interest Notes

If: (1) Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined; (2) the Reference Rate specified in the applicable Final Terms is not Compounded Daily SOFR; and (3) any Rate of Interest (or component thereof) remains to be determined by reference to the Reference Rate to be calculated or administered or published and a Benchmark Event has occurred then the following provisions shall apply to the relevant Notes.

(a) The Issuer shall use reasonable efforts to appoint an Independent Adviser to determine (in each case in consultation with the Issuer) an Alternative Reference Rate and an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (E)(x) during any other future Interest Accrual Period(s)).

(b) Subject to sub-paragraph (E)(x)(c), if:

(i) the Independent Adviser acting in good faith and in a commercially reasonable manner (in consultation with the Issuer), no later than five Business Days prior to the Interest Determination Date relating to the next Interest Accrual Period (the "**IA Determination Cut-off Date**"), determines an Alternative Reference Rate and an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (E)(x) during any other future Interest Accrual Period(s)); or

(ii) the Issuer is unable to appoint an Independent Adviser, or if the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (E)(x)(a) fails to determine an Alternative Reference Rate or an Adjustment Spread prior to the relevant IA Determination Cut-off Date, the

Issuer (acting in good faith and in a commercially reasonable manner), no later than three Business Days prior to the Interest Determination Date relating to the next Interest Accrual Period (the “**Issuer Determination Cut-off Date**”), determines an Alternative Reference Rate and an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x) during any other future Interest Accrual Period(s)), then:

- (A) such Alternative Reference Rate shall be the Reference Rate for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x) during any other future Interest Accrual Period(s)).

Without prejudice to the definition thereof, for the purposes of determining an Alternative Reference Rate, the Independent Adviser or the Issuer (as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Independent Adviser or the Issuer (as applicable), in its sole discretion, considers appropriate; and

- (B) such Adjustment Spread (which may be expressed as a specified quantum or a formula or methodology for determining the applicable Adjustment Spread (and, for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero)) shall be applied to such Alternative Reference Rate for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x)). Without prejudice to the definition thereof, for the purposes of determining an Adjustment Spread, the Independent Adviser or the Issuer

(as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Issuer, in its sole discretion, considers appropriate.

- (c) Notwithstanding sub-paragraphs (iii)(E)(x)(b)(i) and (iii)(E)(x)(b)(ii) above, if:
- (i) the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (iii)(E)(x)(a) notifies the Issuer prior to the IA Determination Cut-off Date that it has determined that no Alternative Reference Rate exists;
 - (ii) the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (iii)(E)(x)(a) fails to determine an Alternative Reference Rate prior to the relevant IA Determination Cut-off Date, without notifying the Issuer as contemplated in sub-paragraph (iii)(E)(x)(c)(i), and the Issuer (acting in good faith and in a commercially reasonable manner) determines prior to the Issuer Determination Cut-off Date that no Alternative Reference Rate exists; or
 - (iii) no Alternative Reference Rate and/or applicable Adjustment Spread is otherwise determined in accordance with sub-paragraph (iii)(E)(x)(b) prior to the Issuer Determination Cut-off Date,

the relevant Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such series of Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or

Minimum Rate of Interest applicable to the first Interest Accrual Period).

This sub-paragraph (iii)(E)(x)(c) shall apply to the relevant Interest Accrual Period only. Any subsequent Interest Accrual Period(s) shall be subject to the operation of this sub-paragraph (iii)(E).

- (d) Promptly following the determination of any Alternative Reference Rate as described in this sub-paragraph (iii)(E)(x), the Issuer shall give notice thereof and of any Adjustment Spread (and the effective date(s) thereof) and any Floating Rate Calculation Changes to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 17, the Noteholders, provided that failure to provide such notice will have no impact on the effectiveness of, or otherwise invalidate, any such determination.
- (e) The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent), effect such waivers and consequential amendments (the “**Floating Rate Calculation Changes**”) to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as may be required to give effect to any application of this sub-paragraph (iii)(E)(x), including, but not limited to:
 - (i) changes to these Terms and Conditions which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines may be required in order to follow market practice (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) in relation to such Alternative Reference Rate, including, but not limited to: (A) the relevant Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, and/or Interest Determination Date applicable to the Notes; and (B) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Alternative Reference Rate is not available; and
 - (ii) any other changes which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines are reasonably necessary to ensure the proper operation and comparability to the relevant Reference Rate of such Alternative Reference Rate.

Prior to any such waivers and/or consequential amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as

defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent which: (i) provides details of the Floating Rate Calculation Changes; and (ii) certifies that the Floating Rate Calculation Changes are required to give effect to any application of this sub-paragraph (iii)(E)(x), and the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person.

For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x)).

The Trustee shall not be obliged to agree to any modification if, in the sole opinion of the Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

No consent of the Noteholders shall be required in connection with effecting the relevant Alternative Reference Rate as described in this sub-paragraph (iii)(E)(x) or such other relevant adjustments pursuant to this sub-paragraph (iii)(E)(x), or any Adjustment Spread, including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

Notwithstanding any other provision of this sub-paragraph (iii)(E)(x) no Alternative Reference Rate will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this sub-paragraph (iii)(E)(x), if and to the extent that, in the sole determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as Tier 3 Capital of the Issuer or the Group for the purposes of the Relevant Rules; or (B) to cause a Capital Disqualification Event or a Rating Methodology Event to occur.

(f) For the purposes of this sub-paragraph (iii)(E)(x):

“**Adjustment Spread**” means a spread (which may be positive, negative or zero) or formula or methodology for calculating a spread, which is required to be applied to an Alternative Reference Rate and is the spread, formula or methodology which:

(A) is formally recommended in relation to the replacement of the Reference Rate specified

in the applicable Final Terms with such Alternative Reference Rate by any Relevant Nominating Body; or,

- (B) if no such formal recommendation has been made, the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer, determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the relevant Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or
- (C) if neither (A) nor (B) above applies, the Independent Adviser in its discretion (in consultation with the Issuer), or failing which, the Issuer in its discretion, determines (acting in good faith and in a commercially reasonable manner) to be appropriate in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the relevant Reference Rate with such Alternative Reference Rate;

“Alternative Reference Rate” means the rate that has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) in respect of notes denominated in the Specified Currency and with an interest period of a comparable duration to the relevant Interest Accrual Periods, or, if the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer (acting in good faith and in a commercially reasonable manner) determines that there is no such rate, such other rate as the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer (acting in good faith and in a commercially reasonable manner) determines in its or the Issuer’s sole discretion is most comparable to the relevant Reference Rate;

“Benchmark Event” means:

 - (ii) the Reference Rate specified in the applicable Final Terms has been (or will be prior to the next following Interest Determination Date) permanently or indefinitely discontinued; or
 - (iii) the Reference Rate specified in the applicable Final Terms will, prior to the next following Interest Determination Date, be prohibited from being used, either generally or in respect of the Notes; or
 - (iv) the Reference Rate specified in the applicable Final Terms is (or will be, prior to the next following Interest Determination Date) deemed to be no longer representative of its relevant underlying market; or
 - (v) there has otherwise taken place (or will otherwise take place, prior to the next following Interest Determination Date) a change in customary market practice in the international capital markets applicable generally to floating rate notes denominated in the Specified Currency (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) to refer to a base rate other than the Reference Rate specified in the applicable Final Terms despite the continued existence of such Reference Rate; or
- (C) it is unlawful for any of the Issuing and Paying Agent and the Calculation Agent and/or the Issuer to determine or use such Reference Rate,
- provided that the Benchmark Event shall be deemed to occur (i) in the case of subparagraphs (B)(i) and (ii) above, on the date

of the cessation of publication of the Reference Rate or the discontinuation of the Reference Rate, as the case may be, (ii) in the case of sub-paragraph (B)(iii) above, on the date of the prohibition of use of the Reference Rate and (iii) in the case of sub-paragraph (B)(iv) above, on the date with effect from which the Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Trustee, the Issuing and Paying Agent and any Calculation Agent. For the avoidance of doubt, neither the Trustee, the Issuing and Paying Agent nor any Calculation Agent shall have any responsibility for making such determination;

“Independent Adviser” means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at the Issuer’s expense; and

“Relevant Nominating Body” means, in respect of the Reference Rate specified in the applicable Final Terms:

- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of: (a) the central bank for the currency to which such Reference Rate relates; (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such Reference Rate; (c) a group of the aforementioned central banks or other supervisory authorities; or (d) the Financial Stability Board or any part thereof.

If: (1) Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined; (2) the Reference Rate specified in the applicable Final Terms is Compounded Daily SOFR; and (3) any Rate of Interest (or component thereof) remains to be determined by reference to the relevant Benchmark, then the

following provisions shall apply instead of the provisions of sub-paragraph (iii)(E)(x) above.

- (a) If the Issuer determines on or prior to the relevant Interest Determination Date that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the relevant Benchmark, the Benchmark Replacement will replace such Benchmark for all purposes relating to the Notes in respect of such determination on such date and all determinations on all subsequent dates (subject to any subsequent application of this sub-paragraph (iii)(E)(y) with respect to such Benchmark Replacement).
- (b) In connection with the implementation of a Benchmark Replacement with respect to the Notes, the Issuer has the right to make Benchmark Replacement Conforming Changes from time to time.
- (c) Any determination, decision or election that may be made by the Issuer pursuant to this sub-paragraph (iii)(E)(y), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection will be conclusive and binding absent manifest error, and may be made in the Issuer's sole discretion.
- (d) Promptly following the determination of any Benchmark Replacement as described in this sub-paragraph (iii)(E)(y), the Issuer shall give notice thereof and of any Benchmark Replacement Conforming Changes to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 17, the Noteholders, provided that failure to provide such notice will have no impact on the effectiveness of, or otherwise invalidate, any such determination.
- (e) The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent), effect any amendments to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as may be required to give effect to any Benchmark Replacement Conforming Changes.

Prior to any such amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and the Calculation Agent, which: (I) confirms that a Benchmark Transition Event has occurred, specifies the Benchmark Replacement and provides details of the Benchmark Replacement Conforming Changes (if any); and (II) certifies that the Benchmark Replacement Conforming Changes (if any) are

necessary to ensure the proper operation of such Benchmark Replacement, and the Trustee, the Issuing and Paying Agent and the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person. For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(y)).

The Trustee shall not be obliged to agree to any modification if in the sole opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

No consent of the Noteholders shall be required in connection with effecting the relevant Benchmark Replacement as described in this sub-paragraph (iii)(E)(y) or any Benchmark Replacement Conforming Changes pursuant to this sub-paragraph (iii)(E)(y), including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

Notwithstanding any other provision of this sub-paragraph (iii)(E)(y) no Benchmark Replacement will be adopted, and no other Benchmark Replacement Conforming Changes will be made pursuant to this sub-paragraph (iii)(E)(y), if and to the extent that, in the sole determination of the Issuer, the same could reasonably be expected: (A) to prejudice the qualification of the Notes as Tier 3 Capital of the Issuer or the Group for the purposes of the Relevant Rules; or (B) to cause a Capital Disqualification Event or a Rating Methodology Event to occur.

(f) For the purposes of this sub-paragraph (iii)(E)(y):

“**Benchmark**” means, initially, SOFR, as originally specified for the purposes of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR or any Benchmark which has replaced it in accordance with this sub-paragraph (iii)(E)(y), then “**Benchmark**” means the applicable Benchmark Replacement;

“**Benchmark Replacement**” means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (A) the sum of: (I) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor; and (II) the Benchmark Replacement Adjustment;
- (B) the sum of: (I) the ISDA Fallback Rate; and (II) the Benchmark Replacement Adjustment; or
- (C) the sum of: (I) the alternate rate of interest that has been selected by the Issuer as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time; and (II) the Benchmark Replacement Adjustment;

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (A) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (B) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment; or
- (C) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Interest Period” or “Interest Accrual Period”, the timing and frequency of determining rates and making payments of interest, changes to the definition of “Corresponding Tenor” solely when such tenor is longer than the interest period and other

administrative matters) that the Issuer decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer determines is reasonably necessary);

“Benchmark Replacement Date” means:

- (A) in the case of paragraph (A) or (B) of the definition of “Benchmark Transition Event,” the later of: (x) the date of the public statement or publication of information referenced therein; and (y) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (B) in the case of paragraph (C) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein; and

for the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (A) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that the administrator has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);
- (B) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with

similar insolvency or resolution authority over the administrator for the Benchmark (or such component), which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

- (C) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

“Compounded SOFR” means, for the purposes of determining a replacement Benchmark for the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a look-back and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each interest period or compounded in advance) being established by the Issuer in accordance with:

- (A) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining Compounded SOFR; or
- (B) if, and to the extent that, the Issuer determines that Compounded SOFR cannot be determined in accordance with paragraph (A) above, the rate, or methodology for this rate, and conventions for this rate that have been selected by the Issuer giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated floating rate notes at such time;

“Corresponding Tenor” with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark;

“Federal Reserve Bank of New York’s website” means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source;

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation

event with respect to the Benchmark for the applicable tenor;

“**ISDA Fallback Rate**” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“**Reference Time**” with respect to any determination of the Benchmark means: (1) if the Benchmark is SOFR, 2.00 p.m. (London time) on the day that is two London Business Days preceding the date of such determination; and (2) if the Benchmark is not SOFR, the time determined by the Issuer in accordance with the Benchmark Replacement Conforming Changes;

“**Relevant Governmental Body**” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto;

“**SOFR**” with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the administrator of the Benchmark, (or a successor administrator) on the Federal Reserve Bank of New York’s website; and

“**Unadjusted Benchmark Replacement**” means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.

(F) **Linear Interpolation**

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period, provided however, that, if there is no such rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as the Issuer determines appropriate.

“**Applicable Maturity**” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) **Zero Coupon Notes**

Where a Zero Coupon Note is repayable prior to the Maturity Date and is not paid when due, the amount due and payable, subject to Condition 5, prior to the Maturity Date shall

be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)).

(d) **Fixed Rate Reset Notes**

(i) **Accrual of interest**

Subject to Conditions 3(b) and 5, each Fixed Rate Reset Note bears interest on its outstanding principal amount:

- (A) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and
- (B) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined by the Calculation Agent on the relevant Reset Determination Date in accordance with this Condition,

payable, in each case, in arrear on the relevant Interest Payment Date(s).

(ii) **Subsequent Reset Rate Screen Page**

If the Subsequent Reset Rate Screen Page is not available or if the Mid-Swap Rate does not appear on the Subsequent Reset Rate Screen Page, (other than in the circumstances provided for in Condition 4(d)(iv)) the Issuer, or an agent appointed by it, shall request each of the Reference Banks to provide the Issuer, or an agent appointed by it, with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Rate Time on the Reset Determination Date in question. The Issuer or an agent appointed by it shall notify the Calculation Agent of all quotations received by it. If two or more of the Reference Banks provide the Issuer, or an agent appointed by it, with offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Initial Credit Spread and Step-Up Margin (if any), all as determined by the Calculation Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Issuer, or an agent appointed by it, with an offered quotation as provided in the foregoing provisions of this paragraph, the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest.

(iii) **CMT Screen Page**

If the CMT Screen Page is not available or if the CMT Rate cannot be determined in accordance with limbs (i) or (ii) of the definition of “CMT Rate” in Condition 4(h), the Subsequent Reset Reference Rate shall be determined in accordance with limb (iii) of the definition of “CMT Rate” in Condition 4(h).

(iv) **Mid-Swap Rate Replacement**

(A) If any Rate of Interest (or component thereof) remains to be determined by reference to the Mid-Swap Rate where a Mid-Swap Benchmark Rate is specified and a Benchmark Event has occurred in respect of either the Mid-Swap Rate or the Mid-Swap Benchmark Rate then the following provisions shall apply to the relevant Notes:

- (a) the Issuer shall use reasonable efforts to appoint an Independent Adviser to determine (in each case in consultation

with the Issuer) an Alternative Relevant Rate and such other adjustments (if any) as referred to in this Condition 4(d)(iv)(A) for the purposes of determining the Mid-Swap Rate for all future Reset Periods (subject to the subsequent operation of this Condition 4(d)(iv)(A) during any other future Reset Period(s)).

- (b) Subject to paragraph (c) of this Condition 4(d)(iv)(A), if:
- (i) the Independent Adviser acting in good faith and in a commercially reasonable manner (in consultation with the Issuer) determines no later than five Business Days prior to the Reset Determination Date relating to the next Reset Period (the “**IA Mid-Swap Determination Cut-off Date**”) that an Alternative Relevant Rate has succeeded or replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for setting rates comparable to the Mid-Swap Rate; or
 - (ii) the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 4(d)(iv)(A) fails to determine an Alternative Relevant Rate prior to the relevant IA Mid-Swap Determination Cut-off Date, the Issuer determines (acting in good faith and in a commercially reasonable manner) no later than three Business Days prior to the relevant Reset Determination Date relating to the next Reset Period (the “**Issuer Mid-Swap Determination Cut-off Date**”) that an Alternative Relevant Rate has succeeded or replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for setting rates which is comparable to the Mid-Swap Rate,

then the Mid-Swap Rate for all future Reset Periods (subject to the subsequent operation of this Condition 4(d)(iv)(A) during any other future Reset Period(s)) shall be such Alternative Relevant Rate.

Without prejudice to the definition thereof, for the purposes of determining an Alternative Relevant Rate and/or applicable adjustments thereto (if any), the Independent Adviser or the Issuer (as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Independent Adviser or the Issuer (as applicable), in its sole discretion, considers appropriate.

- (c) Notwithstanding Condition 4(d)(ii), if:
- (i) the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 4(d)(iv)(A) notifies the Issuer prior to the IA Mid-Swap Determination Cut-off Date that it has determined that no Alternative Relevant Rate exists;

- (ii) the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 4(d)(iv)(A) fails to determine an Alternative Relevant Rate prior to the relevant IA Mid-Swap Determination Cut-off Date, without notifying the Issuer as contemplated in sub-paragraph (c)(i) of this Condition 4(d)(iv)(A) and the Issuer (acting in good faith and in a commercially reasonable manner) determines prior to the Issuer Mid-Swap Determination Cut-off Date that no Alternative Relevant Rate exists; or
- (iii) an Alternative Relevant Rate is not otherwise determined in accordance with paragraph (b) of this Condition 4(d)(iv)(A) prior to the Issuer Mid-Swap Determination Cut-off Date,

the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest (though applying, where a Step-up Margin is to be applied to the relevant Reset Period, the Step-up Margin relating to the relevant Reset Period in place of the Step-up Margin (if any) relating to that last preceding Reset Period).

This paragraph (c) shall apply to the relevant Reset Period only. Any subsequent Reset Period(s) shall be subject to the operation of this Condition 4(d)(iv)(A).

- (d) Promptly following the determination of any Alternative Relevant Rate as described in this Condition 4(d)(iv)(A), the Issuer shall give notice thereof and of any adjustments (and the effective date(s) thereof) pursuant to this Condition 4(d)(iv)(A) to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 17, the Noteholders.

The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and, where applicable, the Calculation Agent), effect such waivers and consequential amendments to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines may be required to give effect to any application of this Condition 4(d)(iv)(A). Prior to any such waivers and/or consequential amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent which: (i) provides details of such waivers and/or consequential amendments; and (ii) certifies that such waivers and/or consequential amendments are required to give effect to any application of this Condition 4(d)(iv)(A), and the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person. For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or

may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Reset Periods (subject to the subsequent operation of this Condition 4(d)(iv)(A)). No consent of the Noteholders shall be required in connection with effecting the relevant Alternative Relevant Rate as described in this Condition 4(d)(iv)(A) or such other relevant adjustments pursuant to this Condition 4(d)(iv)(A), including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

Notwithstanding the foregoing, the Trustee shall not be obliged to agree to any modification if, in the sole opinion of the Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

Notwithstanding any other provision of this Condition 4(d)(iv)(A) no Alternative Relevant Rate will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 4(d)(iv)(A), if and to the extent that, in the sole determination of the Issuer, the same could reasonably be expected: (A) to prejudice the qualification of the Notes as Tier 3 Capital of the Issuer or the Group for the purposes of the Relevant Rules; or (B) to cause a Capital Disqualification Event or a Rating Methodology Event to occur.

(B) For the purposes of this Condition 4(d):

“Alternative Relevant Rate” means the mid-swap rate which has replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for the purposes of pricing new issues of notes denominated in the Specified Currency and with an interest period of a comparable duration to the relevant Reset Period, or, if the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines that there is no such rate, such other rate as such Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines in its discretion is most comparable to the Mid-Swap Rate;

“Benchmark Event” means:

- (a) the Mid-Swap Rate or the relevant component part(s) thereof or Mid-Swap Benchmark Rate specified in the applicable Final Terms (as applicable) ceasing to be published for a period of at least 5 Business Days or ceasing to exist;
- (b) the Issuer determines on the basis of factors including, but not limited to, a public statement by the administrator or the supervisor of the administrator of the applicable Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable), that:
 - (i) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms has ceased (or will cease, prior to the next following Reset Determination Date) to be calculated or administered or published by the relevant

administrator (in circumstances where no successor administrator has been appointed that will continue publication of the relevant Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable)); or

- (ii) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms has been (or will be prior to the next following Interest Determination Date) be permanently or indefinitely discontinued; or
 - (iii) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms will, prior to the next following Interest Determination Date, be prohibited from being used, either generally or in respect of the Notes; or
 - (iv) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms is (or will be, prior to the next following Interest Determination Date) deemed to be no longer representative of its relevant underlying market; or
 - (v) there has otherwise taken place (or will otherwise take place, prior to the next following Reset Determination Date) a change in customary market practice (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) to refer to a base rate other than the Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms despite the continued existence of such Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable); or
- (c) it is unlawful for any of the Issuing and Paying Agent, the Calculation Agent and/or the Issuer to determine or use such Mid-Swap Rate or Mid-Swap Benchmark Rate,

provided that the Benchmark Event shall be deemed to occur (i) in the case of sub-paragraphs (b)(i) and (ii) above, on the date of the cessation of publication of the Reference Rate or the discontinuation of the Reference Rate, as the case may be, (ii) in the case of sub-paragraph (b)(iii) above, on the date of the prohibition of use of the Reference Rate and (iii) in the case of sub-paragraph (b)(iv) above, on the date with effect from which the Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Trustee, the Issuing and Paying Agent and any Calculation Agent. For the avoidance of doubt, neither the Trustee, the Issuing and Paying Agent nor

any Calculation Agent shall have any responsibility for making such determination; and

“**Independent Adviser**” means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at the Issuer’s expense.

(e) **Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding**

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 4(b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(f) **Calculations**

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

Where the Specified Denomination of a Note comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(g) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Special Redemption Prices**

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, Reset Determination Date or at such other time on such date as the Calculation Agent may be required to calculate any rate or amount, make any calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount,

Early Redemption Amount, Optional Redemption Amount or Special Redemption Price, make such calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Special Redemption Price to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but, in any event, no later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable as a result of any action taken by the Trustee, the Noteholders or Couponholders to institute winding-up proceedings in respect of the Issuer in accordance with Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 4(g) but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Issuer, or an agent appointed by it, or Calculation Agent(s) as applicable shall (in the absence of manifest error) be final and binding upon all parties.

(h) **Definitions**

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Business Day**” means:

- (i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency;
- (ii) in the case of euro, a day on which the T2 is operating (a “**T2 Business Day**”);
- (iii) in the case of a currency and/or one or more Additional Business Centres, a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Additional Business Centre(s) or, if no currency is indicated, generally in each of the Additional Business Centres; and
- (iv) where the relevant Final Terms specify that the Reference Rate is “Compounded Daily SOFR” or “Weighted Average SOFR”, a U.S. Government Securities Business Day and a New York City Banking Day.

“**CMT Designated Maturity**” has the meaning specified hereon.

“**CMT First Reset Period Fallback**” has the meaning specified hereon.

“**CMT Rate**” means, in relation to a Reset Period and the Reset Determination Date in relation to such Reset Period, the rate determined by the Calculation Agent, and expressed as a percentage, equal to:

- (i) the yield for United States Treasury Securities at “constant maturity” for the CMT Designated Maturity, as published in the H.15(519) under the caption “treasury constant maturities (nominal)”, as that yield is displayed on the CMT Rate Screen Page on such Reset Determination Date; or

- (ii) if the yield referred to in paragraph (i) above is not published by 4:00 p.m. (New York City time) on the CMT Rate Screen Page on such Reset Determination Date, the yield for the United States Treasury Securities at “constant maturity” for the CMT Designated Maturity, as published in the H.15(519) under the caption “treasury constant maturities (nominal)” on such Reset Determination Date; or
- (iii) if the yield referred to in paragraph (b) above is not published by 4:30 p.m. (New York City time) on such Reset Determination Date, the CMT Reset Reference Bank Rate on such Reset Determination Date.

 - (C) the date on which (1) an order is made or a resolution is passed for the winding-up of the Issuer (other than a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business of the

Issuer, the terms of which reconstruction, amalgamation or substitution (x) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) and (y) do not provide that the Notes shall thereby become payable) or (2) any administrator of the Issuer gives notice that it intends to declare and distribute a dividend or (3) any other event or procedure analogous to that described in sub-paragraph (1) or (2) occurs in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates).

- (iv) If Condition 6(a)(ii) does not apply, but redemption of the Notes does not occur on the Maturity Date or the date specified in the notice of redemption given by the Issuer under Condition 6(d), 6(e), 6(f), 6(g) or 6(h) (as applicable) as a result of the Solvency Condition not being satisfied on the relevant date, in relation to the payment that would otherwise then be due, subject to the Issuer having received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time, such Notes shall be redeemed at their principal amount or the relevant amount specified in Condition 6(d), 6(e), 6(f), 6(g) or 6(h) (as applicable) together with accrued interest and any Arrears of Interest on the 10th Business Day immediately following the day on which (A) the Solvency Condition is satisfied prior to and immediately following after the redemption and (B) redemption of the Notes would not result in the Solvency Condition not being satisfied, provided that, if on such Business Day specified for redemption a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing, or would occur if the Notes were to be redeemed, or if the Relevant Regulator does not (to the extent required by the Relevant Regulator or the Relevant Rules) provide its permission or consent to, or objects to, the redemption or if such redemption otherwise cannot be effected in compliance with the Relevant Rules on such date, then the Notes shall not be redeemed on such date and Condition 3(b) and Condition 6(a)(iii) shall apply mutatis mutandis to determine the new date on which the Issuer shall be obliged to redeem the Notes.
- (v) A certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer addressed to the Trustee confirming that (A) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing, or would occur if redemption of the Notes were to be made, or (B) a Regulatory Deficiency Redemption Deferral Event has ceased to occur and/or redemption of the Notes would not result in a Regulatory Deficiency Redemption Deferral Event occurring, shall, in the absence of manifest error, be treated and accepted by the Trustee and the holders of the Notes and the Coupons relating to them and all other interested parties as correct and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for doing so.
- (vi) If the Notes are not to be redeemed on the Maturity Date (if any) pursuant to Condition 6(a)(i) or on any redemption date pursuant to Condition 6(d), 6(e), 6(f), 6(g) or 6(h) (as applicable) as a result of circumstances where:
 - (A) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if the Notes were redeemed on such date;
 - (B) the Solvency Condition would not be satisfied on such date and immediately after the redemption; or

- (C) the Relevant Regulator does not provide its permission or consent to the redemption (to the extent that permission or consent is then required by the Relevant Regulator or the Relevant Rules) or such redemption otherwise cannot be effected in compliance with the Relevant Rules on such date,

the Issuer shall notify the Trustee and the Issuing and Paying Agent in writing and notify the Noteholders in accordance with Condition 17 no later than five (5) Business Days prior to the Maturity Date (if any) or the date specified for redemption in accordance with Condition 6(d), 6(e), 6(f), 6(g) or 6(h), as applicable, (or as soon as reasonably practicable if the relevant circumstance requiring redemption to be deferred arises, or is determined, less than five (5) Business Days prior to the relevant redemption date).

- (vii) Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of redemption of the Notes in accordance with Condition 3(b) or this Condition 6 will not constitute a default by the Issuer and will not give Noteholders, Couponholders or the Trustee any right to accelerate any payment.
- (viii) Any Notes with no Maturity Date specified hereon may be redeemed only in accordance with the provisions of this Condition 6 or as provided in Condition 10.
- (ix) The Issuer may waive or suspend, at any time and in its sole discretion, its right to redeem the Notes under any of Conditions 6(d), 6(f), 6(g) or 6(h) for a (definite or indefinite) period of time to be determined by the Issuer (the “**Inapplicability Period**”) by notice to the Noteholders in accordance with Condition 17, the Agents and the Trustee. Any notice so given shall specify the Inapplicability Period(s) during which the Issuer shall cease to have the right to redeem the Notes under any of Conditions 6(d), 6(f), 6(g), or 6(h). Any ongoing Inapplicability Period may be terminated by the Issuer at any time and in its sole discretion by notice to the Noteholders in accordance with Condition 17, the Agents and the Trustee.

(b) **Early Redemption**

Zero Coupon Notes

- (i) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to this Condition 6 or as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
- (ii) Subject to the provisions of sub-paragraph (iii) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (iii) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to this Condition 6 or as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may

accrue from (and including the Maturity Date) to (but excluding) the date of redemption in accordance with Condition 4(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(c) **Conditions to Redemption, Substitution, Variation or Purchase**

Prior to any notice of redemption before the Maturity Date (if any) or any substitution, variation or purchase of the Notes, the Issuer will be required to have received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time, to be in continued compliance with the Regulatory Capital Requirements applicable to it from time to time and to be satisfied that such redemption, variation or purchase is not prohibited by the Relevant Rules. A certificate signed by any two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer confirming such compliance and delivered to the Trustee shall be conclusive evidence of such compliance and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for so doing.

Any redemption or purchase that is within five years of the Issue Date of the Notes (or, if any further Tranche(s) of the Notes has or have been issued pursuant to Condition 16 and consolidated to form a single series with the Notes, within five years of the Issue Date of the latest such Tranche to be issued), is subject to (if and to the extent required or applicable in order for the Notes to qualify as Tier 3 Capital of the Issuer and/or the Group under the Relevant Rules from time to time):

- (i) such redemption or purchase being (x) funded out of the proceeds of a new issuance of capital of at least the same quality as the Notes or (y) effected by way of exchange or conversion of the Notes into capital of at least the same quality as the Notes; or
- (ii) in the case of any redemption or purchase pursuant to Condition 6(d) or 6(f), the Relevant Regulator being satisfied that the Solvency Capital Requirement applicable to the Issuer will be exceeded by an appropriate margin immediately after such redemption or purchase (taking into account the solvency position of the Issuer and the Group, including by reference to the Issuer's and the Group's medium-term capital management plan); and
 - (A) in the case of any such redemption following the occurrence of a Tax Law Change, the Issuer having demonstrated to the satisfaction of the Relevant Regulator that the applicable change in tax treatment is material and was not reasonably foreseeable as at the Issue Date;
 - (B) in the case of any such redemption following the occurrence of a Capital Disqualification Event, the Relevant Regulator considering that the relevant change in the regulatory classification of the Notes is sufficiently certain and the Issuer having demonstrated to the satisfaction of the Relevant Regulator that such change was not reasonably foreseeable as at the Issue Date; and
- (iii) the Issuer delivering to the Trustee a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) stating that it would have been reasonable for the Issuer to conclude, judged at the Issue Date of the Notes, that the circumstance entitling the Issuer to exercise the right of redemption or purchase was unlikely to occur. Such certificate shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct, conclusive and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without liability to any person.

Notwithstanding the above requirements of this Condition 6(c), if, at the time of any redemption, variation or purchase, the Relevant Rules permit the redemption, variation or purchase only after compliance with one or more alternative or additional conditions to those set out above (if and to the extent required or applicable in order for the notes to qualify as Tier 3 Capital of the Issuer and/or the Group under the Relevant Rules from time to time), the Issuer shall comply with such alternative and/or additional condition(s) as are then so required.

(d) **Redemption, Substitution or Variation at the Option of the Issuer due to Taxation Reasons**

If the Issuer determines that immediately before the giving of the notice referred to below, as a result of a Tax Law Change, either:

- (i) on the occasion of the next payment due in respect of the Notes, the Issuer would be required to pay additional amounts as provided or referred to in Condition 8; or
- (ii) on the next Interest Payment Date, the payment of interest in respect of the Notes would be treated as a “distribution” within the meaning of Chapter 2 of Part 23 of the Corporation Tax Act 2010 (as amended, re-enacted, replaced or rewritten), the Issuer may, at its option:
 - (A) subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days’ notice (a “**Tax Redemption Notice**”) to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (which notice shall be irrevocable), redeem all, but not some only, of the Notes at any time (if this Note is either not a Floating Rate Note or is a Fixed to Floating Rate Note prior to its Fixed Rate End Date) or on any Interest Payment Date (if this Note is either a Floating Rate Note or a Fixed to Floating Rate Note following its Fixed Rate End Date) at their Early Redemption Amount together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or
 - (B) subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders, or the Couponholders) and having given not less than 30 or more than 60 days’ notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable), substitute at any time for all (but not some only) of the Notes so that they become, Qualifying Tier 3 Securities, and the Trustee shall (subject to the following provisions of this paragraph (ii) and the receipt by it of the certificates referred to both below and in the definition of Qualifying Tier 3 Securities) agree to such substitution or variation. The Trustee shall at the Issuer’s expense use its reasonable endeavours to assist the Issuer in giving effect to such substitution or variation of the Notes by executing such documents as the Issuer may consider necessary for this purpose, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee’s opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the holders of Notes. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any Tax Redemption Notice or notice of substitution or variation as provided in this Condition 6(d), the Issuer shall deliver to the Trustee (1) a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer stating that the Issuer is entitled to effect such redemption, substitution

or variation, as the case may be, and setting forth a statement of facts showing that the Issuer has become, or is or would be, required to pay additional amounts or that the payment of interest has become, or is or would be, treated as a “distribution” as aforesaid, and (2) an opinion in form and substance reasonably satisfactory to the Trustee of independent legal advisers of recognised standing in accordance with the Trust Deed. The Trustee shall, without enquiring and without any liability therefor, accept such certificate as sufficient evidence of the satisfaction of either or both of the circumstances set out above, as the case may be, and such certificate shall be conclusive and binding on the Noteholders and the Couponholders.

In connection with any substitution or variation in accordance with this Condition 6(d), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

For this purpose: “Tax Law Change” means a change in or proposed change in, or amendment to or proposed amendment to, the laws or regulations of the United Kingdom or any political subdivision or authority therein or thereof having the power to tax, including any treaty to which the United Kingdom is a party, or any change in or proposed change in the application or official or generally published interpretation of such laws, including a decision of any court or tribunal, or any interpretation or pronouncement by any relevant tax authority that provides for a position with respect to such laws or regulations that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written statements made by a tax authority regarding the anticipated tax treatment of the Notes, which change or amendment or proposed change or amendment becomes, or would become, effective, or which interpretation or pronouncement is made, in each case on or after the Issue Date of the first Tranche of the Notes.

(e) **Redemption at the Option of the Issuer**

Unless the Issuer shall have given notice to redeem the Notes under Conditions 6(d), 6(f), 6(g) or 6(h) on or prior to the expiration of the notice referred to below, and if a Call Option is specified hereon, the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than fifteen (15) or more than sixty (60) days’ irrevocable notice to the Noteholders (or such other notice period as may be specified hereon), redeem all or, if so provided hereon, some of the Notes on any Optional Redemption Date specified hereon. Any such redemption of Notes shall be at their Optional Redemption Amount specified hereon together with any interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions and any Arrears of Interest. Any such redemption must relate to Notes of an aggregate principal amount at least equal to the Minimum Redemption Amount specified hereon and no greater than the Maximum Redemption Amount specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 6.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(f) **Redemption, Substitution or Variation at the Option of the Issuer due to Capital Disqualification Event**

If a Capital Disqualification Call is specified hereon and, within the period from and including the date of the occurrence of a Capital Disqualification Event to and including the date which is the first anniversary of such occurrence (or such shorter period as may be set out hereon), the Issuer gives the notice referred to below and if on the date of such notice a Capital Disqualification Event is continuing, then:

- (i) the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days’ notice to the Issuing and Paying Agent, the

Trustee and, if the Notes are Registered Notes, the holders of such Notes (in accordance with Condition 17) (which notice shall be irrevocable), redeem in accordance with these Conditions all, but not some only, of the Notes (unless otherwise specified hereon) at any time or, if and for so long as such Notes are Floating Rate Notes or, if the Notes are Fixed to Floating Rate Notes, following their Fixed Rate End Date, on any Interest Payment Date. The Notes will be redeemed at their Special Redemption Price, in each case together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or

- (ii) the Issuer may, subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders or the Couponholders) and having given not less than 30 or more than 60 days' notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable), substitute at any time for all (and not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Qualifying Tier 3 Securities and the Trustee shall (subject to the following provisions of this Condition 6(f) and subject to the receipt by it of the certificates referred to below and in the definition of Qualifying Tier 3 Securities) agree to such substitution or variation. The Trustee shall at the Issuer's expense use its reasonable endeavours to assist the Issuer in giving effect to such substitution or variation of the Notes by executing such documents as the Issuer may consider necessary for this purpose, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee's opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the holders of Notes. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 6(f), the Issuer shall deliver to the Trustee a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer stating that a Capital Disqualification Event has occurred and is continuing as at the date of the certificate and a legal opinion in accordance with the Trust Deed, and the Trustee shall accept such certificate as sufficient evidence of the occurrence and continuation of a Capital Disqualification Event and (in the case of a proposed substitution or variation) that the substitution or variation, as the case may be, shall create Qualifying Tier 3 Securities (without liability to any person for so doing and without further enquiry), in which event it shall be conclusive and binding on the Trustee, the Noteholders and the Couponholders. Upon expiry of such notice, the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

In connection with any substitution or variation in accordance with this Condition 6(f), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

(g) **Redemption, Substitution or Variation at the Option of the Issuer for Rating Reasons**

If a Rating Methodology Call is specified hereon and if a Rating Methodology Event occurs, within the period from and including the date of the occurrence of such Rating Methodology Event to and including the date which is the first anniversary of such occurrence, the Issuer gives the notice referred to below and if on the date of such notice the Rating Methodology Event is continuing, then:

- (i) the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days' notice to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (in accordance with Condition 17) (which notice shall be irrevocable), redeem in accordance with these Conditions all, but not some only, of the Notes (unless

otherwise specified hereon) at any time or, if and for so long as the Note is a Floating Rate Note or, if the Note is a Fixed to Floating Rate Note, following its Fixed Rate End Date, on any Interest Payment Date. The Notes will be redeemed at their Special Redemption Price, in each case together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or

- (ii) the Issuer may, subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders or the Couponholders) and having given not less than 30 or more than 60 days' notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable), substitute at any time for all (and not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Rating Agency Compliant Securities, and the Trustee shall (subject to the following provisions of this paragraph (ii) and subject to the receipt by it of the certificates of the Directors of the Issuer referred to below, in the definition of Qualifying Tier 3 Securities, and in the definition of Rating Agency Compliant Securities) agree to such substitution or variation.

The Trustee shall, at the Issuer's expense, use its reasonable endeavours to assist the Issuer in the substitution or variation of the Notes by or into Rating Agency Compliant Securities by executing such documents as the Issuer may consider necessary for this purpose provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee's opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the Noteholders. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 6(g), the Issuer shall deliver to the Trustee a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer stating that a Rating Methodology Event has occurred and is continuing as at the date of the certificate and a legal opinion in accordance with the Trust Deed and the Trustee shall accept such certificate as sufficient evidence of the occurrence and continuation of a Rating Methodology Event (without liability to any person for so doing and without further enquiry) and that the substitution or variation shall create Rating Agency Compliant Securities, in which event it shall be conclusive and binding on the Trustee, the Noteholders and the Couponholders. Upon expiry of such notice, the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

In connection with any substitution or variation in accordance with this Condition 6(g), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

(h) **Clean-up Redemption at the Option of the Issuer**

Subject to Conditions 3(b), 6(a)(ii) and 6(c), if Issuer Clean-up Call is specified hereon and if, at any time after the Issue Date, the Clean-up Call Threshold Amount or more of the aggregate principal amount of the Notes originally issued (and, for these purposes, any further securities issued pursuant to Condition 16 will be deemed to have been originally issued) has been purchased and cancelled, then the Issuer may, at its option (without any requirement for the consent or approval of the Noteholders), and having given not less than fifteen (15) nor more than sixty (60) days' notice to the Trustee, the Issuing and Paying Agent, the Registrar and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the Notes at any time at their principal amount, together with any accrued interest to (but excluding) the date of redemption and any Arrears of Interest.

(i) **Purchases**

Subject to Conditions 3(b) and 6(c), the Issuer and any of its Subsidiaries for the time being may, having given prior written notice to, and received permission, consent or due notification of non-objection in writing from, the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time, at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(j) **Cancellation**

All Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(k) **Trustee Not Obligated to Monitor**

The Trustee shall not be under any duty to monitor whether any event or circumstance has happened or exists within this Condition 6 and will not be responsible to Noteholders for any loss arising from any failure by the Trustee to do so. Unless and until the Trustee has actual knowledge of the occurrence of any event or circumstance within this Condition 6, it shall be entitled to assume that no such event or circumstance exists.

7. **Payments and Talons**

(a) **Bearer Notes**

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the Notes (in the case of all payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii) or (v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the T2.

(b) **Registered Notes**

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the “**Record Date**”). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) **Payments in the United States**

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) **Payments Subject to Fiscal Laws**

Without prejudice to the provisions of Condition 8, all payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its agents), the Issuer will not be required to pay any additional amounts on account of a withholding or deduction for, or on account of, any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements and the Issuer shall be acquitted and discharged of so much money as is represented by any such withholding or deduction as if such sum had been actually paid to the holders of the Notes or Coupons. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments. For the purposes of this Condition 7(d), the phrase “fiscal or other laws, regulations and directives” shall include any withholding or deduction imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code (“**FATCA**”), any regulations thereunder, any law implementing an inter-governmental approach thereto, any fiscal or regulatory legislation, rules or practices adopted pursuant to any inter-governmental agreement entered into in connection with the implementation of FATCA, any agreement entered into pursuant to FATCA, or any official interpretation of FATCA (each a “**FATCA Withholding Tax**”).

(e) **Appointment of Agents**

The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time with the approval of the Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, Transfer Agents or Calculation Agents provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where these Conditions so require, and (v) a Paying Agent having a specified office in London so long as the Notes are admitted to the Official List of the FCA acting under Part VI of the Financial Services and Markets Act 2000 and admitted to trading on the Main Market of the London Stock Exchange.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(c).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(f) **Unmatured Coupons and Unexchanged Talons**

(i) Upon the due date for redemption of Bearer Notes which are Fixed Rate Notes (other than any Fixed Rate Notes where the total face value of the unexpired Coupons (if any) relating thereto exceeds the principal due in respect of such

Note), such Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

- (ii) Upon the due date for redemption of any Bearer Note which is a Floating Rate Note, a Fixed Rate Reset Note, a Fixed to Floating Rate Note or (where the total face value of the unmatured Coupons (if any) exceeds the principal due in respect of such Note) a Fixed Rate Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of such Note is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date (if one is specified hereon) shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) **Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) **Non-Business Days**

If any date for payment in respect of any Note or Coupon is not a Business Day, the holder shall not be entitled to payment until the next following Business Day nor to any interest or other sum in respect of the postponement of such payment. In this paragraph (h), "Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and in such jurisdictions (if any) as are specified as "Additional Financial Centres" hereon, and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in any currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a T2 Business Day.

8. Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes and the Coupons shall be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, except to the extent that the withholding or deduction is made in respect of FATCA, or any agreement entered into pursuant to FATCA, the Issuer shall pay such additional amounts in respect of interest payments (but not in respect of any payments of principal) as shall result in receipt by the holders of Notes or Coupons of such amounts as would have been received by them had no such withholding or deduction been required by law to be made, except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) **Other Connection**

presented for payment by or on behalf of, or held by, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note or Coupon; or

(b) **Lawful Avoidance of Withholding**

presented for payment by or on behalf of, or held by, a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim or filing for exemption to any tax authority in the place where the relevant Note (or the Certificate representing it) or Coupon is presented for payment or held by a holder; or

(c) **Presentation More Than Thirty (30) Days After the Relevant Date**

presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day after the Relevant Date (assuming that day to have been a Business Day); or

(d) **Presented for Payment in the United Kingdom**

presented for payment in the United Kingdom; or

(e) **Any Combination**

where the requirement to withhold or deduct which would otherwise give rise to the obligation to pay additional amounts arises out of any combination of paragraphs (a) to (d) above.

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or the Certificate representing it) or Coupon being made in accordance with these Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Special Redemption Price, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) “interest” shall be deemed to include any additional amounts that may be payable under this Condition 8 or any undertaking given in addition to or in substitution for it under the Trust Deed.

Notwithstanding any other provision of these Conditions, in no event will the Issuer be required to pay any additional amounts in respect of the Notes for, or on account of, any FATCA Withholding Tax and any amounts to be paid by or on behalf of the Issuer in respect of the Notes or the Coupons will be paid net of any FATCA Withholding Tax.

9. Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. Events of Default and Enforcement

(a) Right to Institute Winding-up

Notwithstanding any of the provisions below in this Condition 10, the right to institute winding-up proceedings in respect of the Issuer is limited to circumstances where payment has become due. Pursuant to Condition 3(b), no principal, interest or any other amount will be due on the relevant payment date if the Solvency Condition is not satisfied both at the time of and immediately after any such payment. In the case of any payment of interest in respect of the Notes, such payment may be deferred pursuant to Condition 5(a) and will be deferred if Condition 5(b) applies and, in each case, if so deferred will not be due and, in the case of payment of principal, such payment will be deferred and will not be due if Condition 6(a)(ii) applies.

If:

- (i) default is made for a period of seven days or more in the payment of any interest due in respect of the Notes or any of them; or
- (ii) default is made for a period of seven days or more in payment of the principal due in respect of the Notes or any of them,

the Trustee may at its discretion and without further notice, and if so requested by Noteholders of at least one-quarter in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to Condition 10(d)) institute proceedings for the winding-up of the Issuer and/or prove in the winding-up or administration of the Issuer and/or claim in the liquidation of the Issuer and/or any analogous event or procedure in respect of the Issuer for such payment, but may take no further or other action to enforce, prove or claim for any such payment. No payment in respect of the Notes, the Coupons or the Trust Deed may be made by the Issuer pursuant to this Condition 10(a), otherwise than (A) during or after a winding-up of the Issuer or (B) after any administrator of the Issuer has given notice that it intends to declare and distribute a dividend or (C) after any other event or procedure analogous to that described in sub-paragraph (A) or (B) has occurred in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates), unless the Issuer has given prior written notice (with a copy to the Trustee) to, and received permission, consent or due notification of non-objection in writing from, the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection) (if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time), which the Issuer shall confirm in writing to the Trustee.

(b) Amount Payable on Winding-up

If (A) an order is made by the competent court or a resolution passed for the winding-up of the Issuer, (except, in any such case, a solvent winding-up, solely for the purpose of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business, the terms of which reconstruction or amalgamation or substitution (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) and (ii) do not provide that the Notes shall thereby become payable) or (B) an administrator of the Issuer gives notice that it intends to declare and

distribute a dividend or (C) any other event or procedure analogous to that described in sub-paragraph (A) or (B) occurs in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates), the Trustee at its discretion may, and if so requested by holders of at least one-quarter in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject, in each case, to Condition 10(d)), give notice to the Issuer that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at the amount equal to their principal amount together with accrued interest and any Arrears of Interest.

(c) **Enforcement**

Without prejudice to Conditions 10(a) and 10(b), the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Trust Deed, the Notes or the Coupons (other than any payment obligation of the Issuer under or arising from the Notes, the Coupons or the Trust Deed (including, without limitation, any payment obligation in respect of any principal, premium or interest, or any damages awarded for breach of any obligations)), provided that in no event shall the Issuer, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums (in cash or otherwise) sooner than the same would otherwise have been payable by it. Nothing in this Condition 10(c) shall, subject to Condition 10(a), prevent the Trustee instituting proceedings for the winding-up of the Issuer, proving in any winding-up or administration of the Issuer and/or claiming in any liquidation of the Issuer and/or any analogous event or procedure in respect of the Issuer in respect of any payment obligations of the Issuer arising from the Notes, the Coupons or the Trust Deed (including, without limitation, payment of any principal, premium or interest in respect of the Notes or the Coupons and any damages awarded for any breach of any obligations).

(d) **Entitlement of the Trustee**

The Trustee shall not be bound to take any of the actions referred to in Conditions 10(a), 10(b) or 10(c) to enforce the obligations of the Issuer under the Trust Deed, the Notes or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders or so requested in writing by the holders of at least one-quarter in principal amount of the Notes then outstanding and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

(e) **Rights of Noteholders**

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer or to institute proceedings for the winding up or claim in the liquidation of the Issuer or any analogous event or procedure or to prove in the winding-up or the administration of the Issuer or in any analogous event or procedure with respect to the Issuer unless the Trustee, having become so bound to proceed or being able to prove in such winding-up, administration, claim in such liquidation or such analogous event or procedure, fails to do so within a reasonable period and such failure shall be continuing, in which case the Noteholder or Couponholder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise as set out in this Condition 10.

(f) **Extent of Noteholders' Remedy**

No remedy against the Issuer, other than as referred to in this Condition 10, shall be available to the Trustee or the Noteholders or Couponholders, whether for the recovery of amounts owing in respect of the Notes or under the Trust Deed or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes, the Coupons or under the Trust Deed.

11. Statutory Loss Absorption Powers

- (a) Notwithstanding and to the exclusion of any other term of the Notes or any other agreements, arrangements or understandings between the Issuer and any Noteholder (or

any holder of a beneficial interest in any Note) (or the Trustee on their behalf), by its acquisition of any Note (or any interest in any Note), each holder of any Note (or any interest in any Note) (and the Trustee on their behalf):

- (i) acknowledges and accepts that any amounts due under the Notes (whether by way of principal, interest or otherwise, and whether or not the same shall have become due) may be subject to any applicable Statutory Loss Absorption Powers;
 - (ii) acknowledges, accepts, consents and agrees to be bound by the effect of the exercise of Statutory Loss Absorption Powers and any amendment or variation of the terms of the Notes or any redemption, write-down, conversion, substitution, variation, purchase, cancellation, transfer, suspension of rights or other action (as applicable) in relation to the Notes required to give effect to, or resulting from the exercise of, the Statutory Loss Absorption Powers; and
 - (iii) acknowledges and accepts that an exercise of the Statutory Loss Absorption Powers in respect of the Issuer or the Notes and its effects on the Notes shall not constitute a default by the Issuer.
- (b) Upon any exercise of the Statutory Loss Absorption Powers with respect to the Notes, the Issuer will provide a written notice to the Trustee, the Agents and, in accordance with Condition 17, the Noteholders as soon as practicable regarding such exercise.
- (c) If, at any time, the Issuer, in its sole discretion, determines:
- (i) that it is:
 - (A) necessary, in order to ensure that the Notes continue to qualify (in whole or in part) as Tier 3 Capital for the purposes of the Issuer and/or the Group (whether on a solo, group or consolidated basis); or
 - (B) required by the Relevant Rules or a determination or decision of the Relevant Regulator, to make amendments to these Conditions and/or the Trust Deed to ensure that the Notes are subject to (or are otherwise acknowledged as being so subject to) any applicable Statutory Loss Absorption Powers; and
 - (ii) the amendments that are necessary to achieve the objective specified in (i) above, the Issuer shall be entitled (at its sole option) to deliver to the Trustee a certificate signed by two Directors (or other officers acceptable to the Trustee) confirming the circumstances in (i) above and specifying the amendments determined pursuant to (ii) above (which certificate shall be conclusive evidence thereof, and the Trustee may rely absolutely on such certificate without liability to any person and without any obligation to verify or investigate the accuracy thereof) and thereupon, without the consent of Noteholders, the Trustee shall (at the expense of the Issuer and subject to Condition 11(d) below and the receipt by it of the certificate of the Directors (or other officers) referred to in this Condition 11(c)) be obliged to (x) concur with the Issuer in making the amendments determined by the Issuer pursuant to (ii) above to these Conditions and/or the Trust Deed (as applicable) and (y) co-operate with the Issuer (including, but not limited to, entering into such documents or deeds as may be necessary) to give effect to any such amendments.
- (d) The Trustee shall not be obliged to concur with the Issuer in making, to co-operate in, or to agree to, any amendments to these Conditions and/or the Trust Deed pursuant to Condition 11(c) if such co-operation or the amendments impose, in the Trustee's opinion, more onerous obligations upon it or reduce its authorities or protections or expose it to any additional liability.
- (e) For the purposes of this Condition 11, "Statutory Loss Absorption Powers" means any write-down, conversion, transfer, modification, suspension or similar or related power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements provided for under the laws of the United Kingdom (or of any other

jurisdiction in which a relevant resolution authority is competent to exercise analogous powers in respect of the Issuer) establishing or implementing (in whole or in part) a regime for the recovery and resolution of insurance firms and their affiliates which is applicable to the Issuer or the Group, together with the instruments, rules and standards created thereunder, pursuant to which any obligation of the Issuer (or any affiliate of the Issuer) can be reduced, cancelled, modified, or converted into shares, other securities or other obligations of the Issuer or any other person or suspended for a temporary period.

- (f) To the extent required by the Relevant Rules, any amendment to or variation of these Conditions or any provisions of the Trust Deed pursuant to Condition 11(c) will be subject to the Relevant Regulator having approved, permitted or consented to, or otherwise having confirmed that it does not object to (and having not subsequently withdrawn its approval, permission, consent or non-objection to) such act (in any case only if and to the extent required by the Relevant Regulator, the Relevant Rules (if not waived) or any other applicable rules of the Relevant Regulator at the relevant time).

12. Meetings of Noteholders, Modification and Waiver

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting (which need not be a physical meeting and instead may be held by way of conference call, including by use of a videoconference platform) may be convened by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, inter alia, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts or Arrears of Interest on the Notes, (ii) to reduce or cancel the principal amount of or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest or Arrears of Interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount, Special Redemption Price or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, or (viii) to modify Condition 3, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

Notwithstanding the foregoing, the agreement or approval of the Noteholders shall not be required in the case of any variation of these Conditions and/or the Trust Deed to which the Trustee has been obliged to agree in the circumstances described in Conditions 6(d) or 6(f) in connection with the substitution or variation of the Notes so that they remain, are replaced by, or become, Qualifying Tier 3 Securities, or in the circumstances described in Condition 6(g) in connection with the substitution or variation of the Notes so that they are replaced by, remain, or become, Rating Agency Compliant Securities, and no such substitution, variation or amendment proposed in relation thereto shall be regarded as a matter described in (i) to (viii) in the paragraph above. In addition, the Trustee shall be obliged to concur with the Issuer in giving effect to any Alternative Reference Rate,

Adjustment Spread, Floating Rate Calculation Changes, Benchmark Replacement, Benchmark Replacement Conforming Changes or Alternative Relevant Rate pursuant to, and in accordance with, Condition 4(b)(iii)(E) or Condition 4(d)(iv) (as applicable) in the circumstances set out therein, without the consent of the Noteholders or Couponholders.

(b) **Modification of the Trust Deed**

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed that is of a formal, minor or technical nature or is made to correct a manifest error or error proven to the satisfaction of the Trustee, or (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of these Conditions and the provisions of the Trust Deed that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on all the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

In addition, the Trustee shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent) agree, without the consent of the Noteholders or Couponholders to any modification or amendment to the provisions of the Trust Deed that is required to give effect to Condition 4(b)(iii)(E) or Condition 4(d)(iv) (as applicable) in the circumstances set out therein.

(c) **Notice to Relevant Regulator**

No modification to these Conditions or any other provisions of the Trust Deed shall become effective unless the Issuer has received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time.

(d) **Substitution**

The Trustee, if it is satisfied that such substitution would not be materially prejudicial to the interests of the Noteholders or Couponholders, may agree with the Issuer, without the consent of the Noteholders or Couponholders, to the substitution on a subordinated basis equivalent to that referred to in Condition 3 of the Retiring Issuer's successor in business (the "**New Issuer**") in place of the Retiring Issuer as the principal debtor under the Trust Deed, the Notes, the Coupons and the Talons provided that:

- (i) a deed is executed or undertaking given by the New Issuer to the Trustee, in form and manner satisfactory to the Trustee, agreeing to be bound by the terms of the Trust Deed, the Notes, the Coupons and the Talons (with such consequential amendments as the Trustee may deem appropriate) as if the New Issuer had been named in the Trust Deed, the Notes, the Coupons and the Talons as the principal debtor in place of the Retiring Issuer;
- (ii) if any two Directors of the New Issuer certify that it will be solvent immediately after such substitution, the Trustee need not have regard to the New Issuer's financial condition, profits or prospects or compare them with those of the Issuer;
- (iii) (without prejudice to the generality of sub-paragraph (i) above) the Trustee may in the event of such substitution agree, without the consent of the Noteholders or Couponholders, to a change in the law governing the Trust Deed and/or the Notes and/or the Coupons and/or the Talons, provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders;
- (iv) if the New Issuer is, or becomes, subject generally to the taxing jurisdiction of a territory or any authority of or in that territory with power to tax (the "**Substituted Territory**") other than the territory of the taxing jurisdiction of which (or to any such authority of or in which) the Retiring Issuer is subject generally (the "**Issuer's Territory**"), the New Issuer will (unless the Trustee

otherwise agrees) give to the Trustee an undertaking satisfactory to the Trustee in terms corresponding to Condition 8 with the substitution for the references in that Condition and in Condition 6(d) to the Issuer's Territory of references to the Substituted Territory whereupon the Trust Deed, the Notes, the Coupons and the Talons will be read accordingly; and

- (v) the Retiring Issuer and the New Issuer comply with such other requirements as the Trustee may direct in the interests of the Noteholders.

In connection with any proposed substitution as aforesaid, the Trustee shall have regard to the interests of the Noteholders as a class and the Trustee shall not have regard to the consequences of such substitution or such exercise for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. In connection with any substitution or such exercise as aforesaid, no Noteholder or Couponholder shall be entitled to claim, whether from the Retiring Issuer, the New Issuer or the Trustee or any other person, any indemnification or payment in respect of any tax consequence of any such substitution or any such exercise upon any individual Noteholders or Couponholders except to the extent already provided in Condition 8 and/or any undertaking given in addition thereto or in substitution therefor pursuant to the Trust Deed.

Any substitution pursuant to this Condition 12(d) shall: (i) if prior to the fifth anniversary of the Issue Date (or, if any further Tranche(s) of the Notes has or have been issued pursuant to Condition 16 and consolidated to form a single series with the Notes, within five years of the Issue Date of the latest such Tranche to be issued), be subject to Condition 6(c)(i); and (ii) be subject (to the extent then required by the Relevant Regulator or the Relevant Rules) to any notifications to, or permission, consent or provision of non-objection from, the Relevant Regulator and the Relevant Regulator not having withdrawn its permission, consent or non-objection, to such act.

13. Entitlement of the Trustee

In connection with the exercise of its functions (including but not limited to those referred to in Condition 11), the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

14. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer and any entity related to the Issuer without accounting for any profit.

15. Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes, Coupons or Talons) or of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

16. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition 16 and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

17. Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 17.

18. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

19. Definitions

In addition to the terms defined elsewhere in these Conditions, as used herein:

“**Arrears of Interest**” has the meaning given to it in Condition 5(c);

“**Clean-up Call Threshold Amount**” means 75 per cent. or such other amount specified hereon;

The full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Accordingly, references in these terms and conditions to provisions specified hereon shall be to provisions endorsed on the face of the relevant Note as set out in the relevant Final Terms. All capitalised terms that are not defined in these terms and conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in these terms and conditions to “Notes” are to the Tier 2 Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by a Trust Deed dated 8 April 2003 (as amended and restated pursuant to an Amending and Restating Deed dated 1 April 2026, and as amended or supplemented as at the date of issue of the Notes (the “**Issue Date**”), the “**Trust Deed**”) between Legal & General Group Plc (“**L&G**” or the “**Issuer**”), Legal & General Finance PLC (“**L&GF**”) and The Law Debenture Trust Corporation p.l.c. The Noteholders and the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“**Certificates**”) and, save as provided in Condition 2(b), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Registered Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Registered Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(b) Exercise of Options or Partial Redemption in Respect of Registered Notes

In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. Notwithstanding anything specified hereon or included in the ISDA Definitions, the Issuer agrees that the Issuing and Paying Agent or Citibank, N.A., London Branch (in its capacity as Calculation Agent, if so appointed) will have no obligation to exercise any discretion (including, but not limited to, determinations of alternative or substitute benchmarks, successor reference rates, screen pages, interest adjustment factors/fractions or spreads, market disruptions, benchmark amendment conforming changes, selection and polling of reference banks), and to the extent the ISDA Definitions for a particular series of Notes, requires the Calculation Agent to exercise any such discretions and/or make such determinations, such references shall be construed as the Issuer or alternate agent appointed by the Issuer and not the Calculation Agent.

- (B) Screen Rate Determination for EURIBOR Linked Interest Notes

- (x) Subject to Condition 4(b)(iii)(E)(x), where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified as being EURIBOR, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:
- (1) the offered quotation; or
 - (2) the arithmetic mean of the offered quotations
- (expressed as a percentage rate per annum), for the Euro inter-bank offered rate (“EURIBOR”) which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.
- (y) Subject to Condition 4(b)(iii)(E)(x), if the Relevant Screen Page is not available or if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, then, subject as provided below, the Issuer, or an agent appointed by it, shall request the principal Euro-zone office of each of the Reference Banks to provide the Issuer, or an agent appointed by it, with its offered quotation (expressed as a percentage rate per annum) for EURIBOR at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Issuer or an agent appointed by it shall notify the Calculation Agent of all quotations received by it. If two or more of the Reference Banks provide the Issuer, or an agent appointed by it, with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (z) If paragraph (y) above applies and fewer than two Reference Banks have provided offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Issuer, or an agent appointed by it, by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in euro for a period equal to that which would have been used for EURIBOR by leading banks in the Euro-zone inter-bank market, or, if fewer than two of the Reference Banks provide the Issuer, or an agent appointed by it, with such offered rates, the offered rate for deposits in euro for a period equal to that which would have been used for EURIBOR, or the arithmetic mean of the offered rates for deposits in euro for a period equal to that which would have been used for EURIBOR, at which, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of

the Trustee and the Issuer suitable for such purpose) informs the Issuer, or an agent appointed by it, it is quoting to leading banks in the Euro-zone inter-bank market, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph (z), the Rate of Interest shall be (i) the Rate of Interest determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest applicable to such Notes on the Interest Commencement Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (B) such Adjustment Spread (which may be expressed as a specified quantum or a formula or methodology for determining the applicable Adjustment Spread (and, for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero)) shall be applied to such Alternative Reference Rate for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x)). Without prejudice to the definition thereof, for the purposes of determining an Adjustment Spread, the Independent Adviser or the Issuer

(as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Issuer, in its sole discretion, considers appropriate.

- (c) Notwithstanding sub-paragraphs (iii)(E)(x)(b)(i) and (iii)(E)(x)(b)(ii) above, if:
- (i) the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (iii)(E)(x)(a) notifies the Issuer prior to the IA Determination Cut-off Date that it has determined that no Alternative Reference Rate exists;
 - (ii) the Independent Adviser appointed by the Issuer in accordance with sub-paragraph (iii)(E)(x)(a) fails to determine an Alternative Reference Rate prior to the relevant IA Determination Cut-off Date, without notifying the Issuer as contemplated in sub-paragraph (iii)(E)(x)(c)(i), and the Issuer (acting in good faith and in a commercially reasonable manner) determines prior to the Issuer Determination Cut-off Date that no Alternative Reference Rate exists; or
 - (iii) no Alternative Reference Rate and/or applicable Adjustment Spread is otherwise determined in accordance with sub-paragraph (iii)(E)(x)(b) prior to the Issuer Determination Cut-off Date,

the relevant Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such series of Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or

Minimum Rate of Interest applicable to the first Interest Accrual Period).

This sub-paragraph (iii)(E)(x)(c) shall apply to the relevant Interest Accrual Period only. Any subsequent Interest Accrual Period(s) shall be subject to the operation of this sub-paragraph (iii)(E).

- (d) Promptly following the determination of any Alternative Reference Rate as described in this sub-paragraph (iii)(E)(x), the Issuer shall give notice thereof and of any Adjustment Spread (and the effective date(s) thereof) and any Floating Rate Calculation Changes to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 17, the Noteholders, provided that failure to provide such notice will have no impact on the effectiveness of, or otherwise invalidate, any such determination.
- (e) The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent), effect such waivers and consequential amendments (the “**Floating Rate Calculation Changes**”) to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as may be required to give effect to any application of this sub-paragraph (iii)(E)(x), including, but not limited to:
 - (i) changes to these Terms and Conditions which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines may be required in order to follow market practice (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) in relation to such Alternative Reference Rate, including, but not limited to: (A) the relevant Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, and/or Interest Determination Date applicable to the Notes; and (B) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Alternative Reference Rate is not available; and
 - (ii) any other changes which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines are reasonably necessary to ensure the proper operation and comparability to the relevant Reference Rate of such Alternative Reference Rate.

Prior to any such waivers and/or consequential amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as

defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent which: (i) provides details of the Floating Rate Calculation Changes; and (ii) certifies that the Floating Rate Calculation Changes are required to give effect to any application of this sub-paragraph (iii)(E)(x), and the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person.

For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(x)).

The Trustee shall not be obliged to agree to any modification if, in the sole opinion of the Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

No consent of the Noteholders shall be required in connection with effecting the relevant Alternative Reference Rate as described in this sub-paragraph (iii)(E)(x) or such other relevant adjustments pursuant to this sub-paragraph (iii)(E)(x), or any Adjustment Spread, including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

Notwithstanding any other provision of this sub-paragraph (iii)(E)(x) no Alternative Reference Rate will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this sub-paragraph (iii)(E)(x), if and to the extent that, in the sole determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as Tier 2 Capital of the Issuer or the Group for the purposes of the Relevant Rules; or (B) to cause a Capital Disqualification Event or a Rating Methodology Event to occur.

(f) For the purposes of this sub-paragraph (iii)(E)(x):

“**Adjustment Spread**” means a spread (which may be positive, negative or zero) or formula or methodology for calculating a spread, which is required to be applied to an Alternative Reference Rate and is the spread, formula or methodology which:

(A) is formally recommended in relation to the replacement of the Reference Rate specified

in the applicable Final Terms with such Alternative Reference Rate by any Relevant Nominating Body; or,

- (B) if no such formal recommendation has been made, the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer, determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the relevant Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or
- (C) if neither (A) nor (B) above applies, the Independent Adviser in its discretion (in consultation with the Issuer), or failing which, the Issuer in its discretion, determines (acting in good faith and in a commercially reasonable manner) to be appropriate in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the relevant Reference Rate with such Alternative Reference Rate;

“Alternative Reference Rate” means the rate that has replaced the relevant Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component part thereof) in respect of notes denominated in the Specified Currency and with an interest period of a comparable duration to the relevant Interest Accrual Periods, or, if the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer (acting in good faith and in a commercially reasonable manner) determines that there is no such rate, such other rate as the Independent Adviser (in consultation with the Issuer) or, failing which, the Issuer (acting in good faith and in a commercially reasonable manner) determines in its or the Issuer’s sole discretion is most comparable to the relevant Reference Rate;

“Benchmark Event” means:

- (A) the Reference Rate specified in the applicable Final Terms ceasing to be published for a period of at least 5 Business Days or ceasing to exist;
- (B) the Issuer determines on the basis of factors including, but not limited to, a public statement by the administrator or the supervisor of the administrator of the Reference Rate specified in the applicable Final Terms, that:

- (i) the Reference Rate specified in the applicable Final Terms has ceased (or will cease, prior to the next following Interest Determination Date) to be calculated or administered or published by the relevant administrator (in circumstances where no successor administrator has been appointed that will continue publication of the relevant Reference Rate); or
 - (ii) the Reference Rate specified in the applicable Final Terms has been (or will be prior to the next following Interest Determination Date) permanently or indefinitely discontinued; or
 - (iii) the Reference Rate specified in the applicable Final Terms will, prior to the next following Interest Determination Date, be prohibited from being used, either generally or in respect of the Notes; or
 - (iv) the Reference Rate specified in the applicable Final Terms is (or will be, prior to the next following Interest Determination Date) deemed to be no longer representative of its relevant underlying market; or
 - (v) there has otherwise taken place (or will otherwise take place, prior to the next following Interest Determination Date) a change in customary market practice in the international capital markets applicable generally to floating rate notes denominated in the Specified Currency (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) to refer to a base rate other than the Reference Rate specified in the applicable Final Terms despite the continued existence of such Reference Rate; or
- (C) it is unlawful for any of the Issuing and Paying Agent and the Calculation Agent and/or the Issuer to determine or use such Reference Rate,
- provided that the Benchmark Event shall be deemed to occur (i) in the case of subparagraphs (B)(i) and (ii) above, on the date

of the cessation of publication of the Reference Rate or the discontinuation of the Reference Rate, as the case may be, (ii) in the case of sub-paragraph (B)(iii) above, on the date of the prohibition of use of the Reference Rate and (iii) in the case of sub-paragraph (B)(iv) above, on the date with effect from which the Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Trustee, the Issuing and Paying Agent and any Calculation Agent. For the avoidance of doubt, neither the Trustee, the Issuing and Paying Agent nor any Calculation Agent shall have any responsibility for making such determination;

“Independent Adviser” means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at the Issuer’s expense; and

“Relevant Nominating Body” means, in respect of the Reference Rate specified in the applicable Final Terms:

- (A) the central bank for the currency to which such Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of such Reference Rate; or
- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of: (a) the central bank for the currency to which such Reference Rate relates; (b) any central bank or other supervisory authority which is responsible for supervising the administrator of such Reference Rate; (c) a group of the aforementioned central banks or other supervisory authorities; or (d) the Financial Stability Board or any part thereof.

(y) SOFR Linked Interest Notes

If: (1) Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined; (2) the Reference Rate specified in the applicable Final Terms is Compounded Daily SOFR; and (3) any Rate of Interest (or component thereof) remains to be determined by reference to the relevant Benchmark, then the

following provisions shall apply instead of the provisions of sub-paragraph (iii)(E)(x) above.

- (a) If the Issuer determines on or prior to the relevant Interest Determination Date that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the relevant Benchmark, the Benchmark Replacement will replace such Benchmark for all purposes relating to the Notes in respect of such determination on such date and all determinations on all subsequent dates (subject to any subsequent application of this sub-paragraph (iii)(E)(y) with respect to such Benchmark Replacement).
- (b) In connection with the implementation of a Benchmark Replacement with respect to the Notes, the Issuer has the right to make Benchmark Replacement Conforming Changes from time to time.
- (c) Any determination, decision or election that may be made by the Issuer pursuant to this sub-paragraph (iii)(E)(y), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection will be conclusive and binding absent manifest error, and may be made in the Issuer's sole discretion.
- (d) Promptly following the determination of any Benchmark Replacement as described in this sub-paragraph (iii)(E)(y), the Issuer shall give notice thereof and of any Benchmark Replacement Conforming Changes to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 17, the Noteholders, provided that failure to provide such notice will have no impact on the effectiveness of, or otherwise invalidate, any such determination.
- (e) The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent), effect any amendments to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as may be required to give effect to any Benchmark Replacement Conforming Changes.

Prior to any such amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and the Calculation Agent, which: (I) confirms that a Benchmark Transition Event has occurred, specifies the Benchmark Replacement and provides details of the Benchmark Replacement Conforming Changes (if any); and (II) certifies that the Benchmark Replacement Conforming Changes (if any) are

necessary to ensure the proper operation of such Benchmark Replacement, and the Trustee, the Issuing and Paying Agent and the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person. For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Interest Accrual Periods (subject to the subsequent operation of this sub-paragraph (iii)(E)(y)).

The Trustee shall not be obliged to agree to any modification if in the sole opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

No consent of the Noteholders shall be required in connection with effecting the relevant Benchmark Replacement as described in this sub-paragraph (iii)(E)(y) or any Benchmark Replacement Conforming Changes pursuant to this sub-paragraph (iii)(E)(y), including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

Notwithstanding any other provision of this sub-paragraph (iii)(E)(y) no Benchmark Replacement will be adopted, and no other Benchmark Replacement Conforming Changes will be made pursuant to this sub-paragraph (iii)(E)(y), if and to the extent that, in the sole determination of the Issuer, the same could reasonably be expected: (A) to prejudice the qualification of the Notes as Tier 2 Capital of the Issuer or the Group for the purposes of the Relevant Rules; or (B) to cause a Capital Disqualification Event or a Rating Methodology Event to occur.

(f) For the purposes of this sub-paragraph (iii)(E)(y):

“**Benchmark**” means, initially, SOFR, as originally specified for the purposes of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes; provided that if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR or any Benchmark which has replaced it in accordance with this sub-paragraph (iii)(E)(y), then “**Benchmark**” means the applicable Benchmark Replacement;

“**Benchmark Replacement**” means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (A) the sum of: (I) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor; and (II) the Benchmark Replacement Adjustment;
- (B) the sum of: (I) the ISDA Fallback Rate; and (II) the Benchmark Replacement Adjustment; or
- (C) the sum of: (I) the alternate rate of interest that has been selected by the Issuer as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time; and (II) the Benchmark Replacement Adjustment;

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Issuer as of the Benchmark Replacement Date:

- (A) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected, endorsed or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (B) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment; or
- (C) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Interest Period” or “Interest Accrual Period”, the timing and frequency of determining rates and making payments of interest, changes to the definition of “Corresponding Tenor” solely when such tenor is longer than the interest period and other

administrative matters) that the Issuer decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer determines is reasonably necessary);

“Benchmark Replacement Date” means:

- (A) in the case of paragraph (A) or (B) of the definition of “Benchmark Transition Event,” the later of: (x) the date of the public statement or publication of information referenced therein; and (y) the date on which the administrator of the relevant Benchmark permanently or indefinitely ceases to provide such Benchmark, or
- (B) in the case of paragraph (C) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein; and

for the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including any daily published component used in the calculation thereof):

- (A) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that the administrator has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);
- (B) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with

similar insolvency or resolution authority over the administrator for the Benchmark (or such component), which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

- (C) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

“Compounded SOFR” means, for the purposes of determining a replacement Benchmark for the compounded average of SOFRs for the applicable Corresponding Tenor, with the rate, or methodology for this rate, and conventions for this rate (which, for example, may be compounded in arrears with a look-back and/or suspension period as a mechanism to determine the interest amount payable prior to the end of each interest period or compounded in advance) being established by the Issuer in accordance with:

- (A) the rate, or methodology for this rate, and conventions for this rate selected or recommended by the Relevant Governmental Body for determining Compounded SOFR; or
- (B) if, and to the extent that, the Issuer determines that Compounded SOFR cannot be determined in accordance with paragraph (A) above, the rate, or methodology for this rate, and conventions for this rate that have been selected by the Issuer giving due consideration to any industry-accepted market practice for similar U.S. dollar denominated floating rate notes at such time;

“Corresponding Tenor” with respect to a Benchmark Replacement means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark;

“Federal Reserve Bank of New York’s website” means the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor source;

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation

event with respect to the Benchmark for the applicable tenor;

“**ISDA Fallback Rate**” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

“**Reference Time**” with respect to any determination of the Benchmark means: (1) if the Benchmark is SOFR, 2.00 p.m. (London time) on the day that is two London Business Days preceding the date of such determination; and (2) if the Benchmark is not SOFR, the time determined by the Issuer in accordance with the Benchmark Replacement Conforming Changes;

“**Relevant Governmental Body**” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto;

“**SOFR**” with respect to any day means the secured overnight financing rate published for such day by the Federal Reserve Bank of New York, as the administrator of the Benchmark, (or a successor administrator) on the Federal Reserve Bank of New York’s website; and

“**Unadjusted Benchmark Replacement**” means the Benchmark Replacement excluding the applicable Benchmark Replacement Adjustment.

(F) **Linear Interpolation**

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period, provided however, that, if there is no such rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as the Issuer determines appropriate.

“**Applicable Maturity**” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) **Zero Coupon Notes**

Where a Zero Coupon Note is repayable prior to the Maturity Date and is not paid when due, the amount due and payable, subject to Condition 5, prior to the Maturity Date shall

be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)).

(d) **Fixed Rate Reset Notes**

(i) **Accrual of interest**

Subject to Conditions 3(b) and 5, each Fixed Rate Reset Note bears interest on its outstanding principal amount:

- (A) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and
- (B) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined by the Calculation Agent on the relevant Reset Determination Date in accordance with this Condition,

payable, in each case, in arrear on the relevant Interest Payment Date(s).

(ii) **Subsequent Reset Rate Screen Page**

If the Subsequent Reset Rate Screen Page is not available or if the Mid-Swap Rate does not appear on the Subsequent Reset Rate Screen Page, (other than in the circumstances provided for in Condition 4(d)(iv)) the Issuer, or an agent appointed by it, shall request each of the Reference Banks to provide the Issuer, or an agent appointed by it, with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Rate Time on the Reset Determination Date in question. The Issuer or an agent appointed by it shall notify the Calculation Agent of all quotations received by it. If two or more of the Reference Banks provide the Issuer, or an agent appointed by it, with offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Initial Credit Spread and Step-Up Margin (if any), all as determined by the Calculation Agent. If on any Reset Determination Date only one or none of the Reference Banks provides the Issuer, or an agent appointed by it, with an offered quotation as provided in the foregoing provisions of this paragraph, the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest.

(iii) **CMT Screen Page**

If the CMT Screen Page is not available or if the CMT Rate cannot be determined in accordance with limbs (i) or (ii) of the definition of “CMT Rate” in Condition 4(h), the Subsequent Reset Reference Rate shall be determined in accordance with limb (iii) of the definition of “CMT Rate” in Condition 4(h).

(iv) **Mid-Swap Rate Replacement**

- (A) If any Rate of Interest (or component thereof) remains to be determined by reference to the Mid-Swap Rate where a Mid-Swap Benchmark Rate is specified and a Benchmark Event has occurred in respect of either the Mid-Swap Rate or the Mid-Swap Benchmark Rate then the following provisions shall apply to the relevant Notes:
 - (a) the Issuer shall use reasonable efforts to appoint an Independent Adviser to determine (in each case in consultation

with the Issuer) an Alternative Relevant Rate and such other adjustments (if any) as referred to in this Condition 4(d)(iv)(A) for the purposes of determining the Mid-Swap Rate for all future Reset Periods (subject to the subsequent operation of this Condition 4(d)(iv)(A) during any other future Reset Period(s)).

- (b) Subject to paragraph (c) of this Condition 4(d)(iv)(A), if:
- (i) the Independent Adviser acting in good faith and in a commercially reasonable manner (in consultation with the Issuer) determines no later than five Business Days prior to the Reset Determination Date relating to the next Reset Period (the “**IA Mid-Swap Determination Cut-off Date**”) that an Alternative Relevant Rate has succeeded or replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for setting rates comparable to the Mid-Swap Rate; or
 - (ii) the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 4(d)(iv)(A) fails to determine an Alternative Relevant Rate prior to the relevant IA Mid-Swap Determination Cut-off Date, the Issuer determines (acting in good faith and in a commercially reasonable manner) no later than three Business Days prior to the relevant Reset Determination Date relating to the next Reset Period (the “**Issuer Mid-Swap Determination Cut-off Date**”) that an Alternative Relevant Rate has succeeded or replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for setting rates which is comparable to the Mid-Swap Rate,

then the Mid-Swap Rate for all future Reset Periods (subject to the subsequent operation of this Condition 4(d)(iv)(A) during any other future Reset Period(s)) shall be such Alternative Relevant Rate.

Without prejudice to the definition thereof, for the purposes of determining an Alternative Relevant Rate and/or applicable adjustments thereto (if any), the Independent Adviser or the Issuer (as applicable) will take into account relevant and applicable market precedents, as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets and such other materials as the Independent Adviser or the Issuer (as applicable), in its sole discretion, considers appropriate.

- (c) Notwithstanding Condition 4(d)(ii), if:
- (i) the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 4(d)(iv)(A) notifies the Issuer prior to the IA Mid-Swap Determination Cut-off Date that it has determined that no Alternative Relevant Rate exists;

- (ii) the Independent Adviser appointed by the Issuer in accordance with paragraph (a) of this Condition 4(d)(iv)(A) fails to determine an Alternative Relevant Rate prior to the relevant IA Mid-Swap Determination Cut-off Date, without notifying the Issuer as contemplated in sub-paragraph (c)(i) of this Condition 4(d)(iv)(A) and the Issuer (acting in good faith and in a commercially reasonable manner) determines prior to the Issuer Mid-Swap Determination Cut-off Date that no Alternative Relevant Rate exists; or
- (iii) an Alternative Relevant Rate is not otherwise determined in accordance with paragraph (b) of this Condition 4(d)(iv)(A) prior to the Issuer Mid-Swap Determination Cut-off Date,

the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest (though applying, where a Step-up Margin is to be applied to the relevant Reset Period, the Step-up Margin relating to the relevant Reset Period in place of the Step-up Margin (if any) relating to that last preceding Reset Period).

This paragraph (c) shall apply to the relevant Reset Period only. Any subsequent Reset Period(s) shall be subject to the operation of this Condition 4(d)(iv)(A).

- (d) Promptly following the determination of any Alternative Relevant Rate as described in this Condition 4(d)(iv)(A), the Issuer shall give notice thereof and of any adjustments (and the effective date(s) thereof) pursuant to this Condition 4(d)(iv)(A) to the Trustee, the Issuing and Paying Agent, any Calculation Agent and, in accordance with Condition 17, the Noteholders.

The Trustee and the Issuing and Paying Agent shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and, where applicable, the Calculation Agent), effect such waivers and consequential amendments to the Trust Deed, the Agency Agreement, these Terms and Conditions and any other document as the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines may be required to give effect to any application of this Condition 4(d)(iv)(A). Prior to any such waivers and/or consequential amendments taking effect, the Issuer shall provide a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the Issuer to the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent which: (i) provides details of such waivers and/or consequential amendments; and (ii) certifies that such waivers and/or consequential amendments are required to give effect to any application of this Condition 4(d)(iv)(A), and the Trustee, the Issuing and Paying Agent and, where applicable, the Calculation Agent shall be entitled to rely on such certificate without further enquiry or liability to any person. For the avoidance of doubt, the Trustee shall not be liable to the Noteholders or any other person for so acting or relying, irrespective of whether any such modification is or

may be materially prejudicial to the interests of any such person. Such changes shall apply to the Notes for all future Reset Periods (subject to the subsequent operation of this Condition 4(d)(iv)(A)). No consent of the Noteholders shall be required in connection with effecting the relevant Alternative Relevant Rate as described in this Condition 4(d)(iv)(A) or such other relevant adjustments pursuant to this Condition 4(d)(iv)(A), including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Trust Deed and/or the Agency Agreement (if required).

Notwithstanding the foregoing, the Trustee shall not be obliged to agree to any modification if, in the sole opinion of the Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce rights and/or the protective provisions afforded to the Trustee in these Terms and Conditions or the Trust Deed.

Notwithstanding any other provision of this Condition 4(d)(iv)(A) no Alternative Relevant Rate will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 4(d)(iv)(A), if and to the extent that, in the sole determination of the Issuer, the same could reasonably be expected: (A) to prejudice the qualification of the Notes as Tier 2 Capital of the Issuer or the Group for the purposes of the Relevant Rules; or (B) to cause a Capital Disqualification Event or a Rating Methodology Event to occur.

(B) For the purposes of this Condition 4(d):

“**Alternative Relevant Rate**” means the mid-swap rate which has replaced the Mid-Swap Rate in customary market usage in the international debt capital markets for the purposes of pricing new issues of notes denominated in the Specified Currency and with an interest period of a comparable duration to the relevant Reset Period, or, if the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines that there is no such rate, such other rate as such Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines in its discretion is most comparable to the Mid-Swap Rate;

“**Benchmark Event**” means:

- (a) the Mid-Swap Rate or the relevant component part(s) thereof or Mid-Swap Benchmark Rate specified in the applicable Final Terms (as applicable) ceasing to be published for a period of at least 5 Business Days or ceasing to exist;
- (b) the Issuer determines on the basis of factors including, but not limited to, a public statement by the administrator or the supervisor of the administrator of the applicable Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable), that:
 - (i) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms has ceased (or will cease, prior to the next following Reset Determination Date) to be calculated or administered or published by the relevant

administrator (in circumstances where no successor administrator has been appointed that will continue publication of the relevant Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable)); or

- (ii) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms has been (or will be prior to the next following Interest Determination Date) be permanently or indefinitely discontinued; or
 - (iii) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms will, prior to the next following Interest Determination Date, be prohibited from being used, either generally or in respect of the Notes; or
 - (iv) the Mid-Swap Rate (or the relevant component part(s) thereof) or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms is (or will be, prior to the next following Interest Determination Date) deemed to be no longer representative of its relevant underlying market; or
 - (v) there has otherwise taken place (or will otherwise take place, prior to the next following Reset Determination Date) a change in customary market practice (determined according to factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) to refer to a base rate other than the Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable) specified in the applicable Final Terms despite the continued existence of such Mid-Swap Rate or Mid-Swap Benchmark Rate (as applicable); or
- (c) it is unlawful for any of the Issuing and Paying Agent, the Calculation Agent and/or the Issuer to determine or use such Mid-Swap Rate or Mid-Swap Benchmark Rate,

provided that the Benchmark Event shall be deemed to occur (i) in the case of sub-paragraphs (b)(i) and (ii) above, on the date of the cessation of publication of the Reference Rate or the discontinuation of the Reference Rate, as the case may be, (ii) in the case of sub-paragraph (b)(iii) above, on the date of the prohibition of use of the Reference Rate and (iii) in the case of sub-paragraph (b)(iv) above, on the date with effect from which the Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case, not the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Trustee, the Issuing and Paying Agent and any Calculation Agent. For the avoidance of doubt, neither the Trustee, the Issuing and Paying Agent nor

any Calculation Agent shall have any responsibility for making such determination; and

“**Independent Adviser**” means an independent financial institution of international repute or other independent financial adviser experienced in the international debt capital markets, in each case appointed by the Issuer at the Issuer’s expense.

(e) **Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding**

- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(f) **Calculations**

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

Where the Specified Denomination of a Note comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(g) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Special Redemption Prices**

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, Reset Determination Date or at such other time on such date as the Calculation Agent may be required to calculate any rate or amount, make any calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the

Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Special Redemption Price, make such calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Special Redemption Price to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but, in any event, no later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable as a result of any action taken by the Trustee, the Noteholders or Couponholders to institute winding-up proceedings in respect of the Issuer in accordance with Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 4(g) but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Issuer, or an agent appointed by it, or Calculation Agent(s) as applicable shall (in the absence of manifest error) be final and binding upon all parties.

“**Subsequent Reset Reference Rate**” means either:

- (i) if “**Mid-Swaps**” is specified hereon, subject to Condition 4(d)(iv), the Mid-Swap Rate displayed on the Subsequent Reset Rate Screen Page at or around the Subsequent Reset Rate Time on the relevant Reset Determination Date for such Reset Period; or
- (ii) if “**Reference Bond**” is specified hereon, the annual yield to maturity or interpolated yield to maturity (on the relevant day count basis) of the relevant Reference Bond, assuming a price for such Reference Bond (expressed as a percentage of its nominal amount) equal to the relevant Reference Bond Price; or
- (iii) if “**CMT**” is specified hereon, the CMT Rate.

“**T2**” means the real time gross settlement system operated by the Eurosystem, or any successor system.

“**United States Treasury Securities**” means securities that are direct obligations of the United States Treasury, issued other than on a discount basis.

“**U.S. dollars**” means the lawful currency of the United States of America.

(i) **Calculation Agent**

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them hereon and for so long as any Note is outstanding (as defined in the Trust Deed). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under these Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount, Special Redemption Price or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall (with the prior approval of the Trustee) appoint a leading bank or financial institution engaged in the inter-bank market (or, if appropriate, money, swap or over-the counter index options market) that is closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

5. Deferral of Payments

(a) **Optional Deferral of Interest**

If Optional Interest Payment Date is specified hereon, the Issuer may in respect of any Optional Interest Payment Date, by notice to the Noteholders and the Trustee pursuant to Condition 5(d) below, elect to defer payment of all (but not some only) of the interest accrued to that date on the Notes which would otherwise be payable on such date.

Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of any interest payment on any Optional Interest Payment Date in accordance with this Condition 5(a) (if Optional Interest Payment Date is specified hereon) or in accordance with Condition 3(b) will not constitute a default by the Issuer for any purpose under these Conditions and will not give Noteholders, Couponholders or the Trustee any right to accelerate any payment.

The Issuer may (if Optional Interest Payment Date is specified hereon) defer paying interest on each Optional Interest Payment Date until the earlier of the Maturity Date (if a Maturity Date is specified hereon) or any date on which the Notes are redeemed in full pursuant to these Conditions.

(b) **Mandatory Deferral of Interest**

Payment of interest on the Notes will be mandatorily deferred on each Mandatory Interest Deferral Date. The Issuer shall notify the Noteholders and the Trustee of any Mandatory Interest Deferral Date in accordance with Condition 5(d).

A certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer confirming that (a) a Regulatory Deficiency Interest Deferral Event has occurred and is continuing, or would occur if payment of interest on the Notes were to be made (whether in whole or in part) or (b) a Regulatory Deficiency Interest Deferral Event has ceased to occur and/or payment of interest on the Notes would not result in a Regulatory Deficiency Interest Deferral Event occurring, shall, in the absence of manifest error, be treated and accepted by the Trustee and the holders of the Notes and the Coupons relating to them and all other interested parties as correct and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for so doing.

Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of any payment of interest on a Mandatory Interest Deferral Date in accordance with this Condition 5(b) or Condition 3(b) will not constitute a default by the Issuer for any purpose and will not give Noteholders, Couponholders or the Trustee any right to accelerate any payment.

(c) **Arrears of Interest**

Any interest in respect of the Notes not paid on an Interest Payment Date as a result of the exercise by the Issuer of its discretion pursuant to Condition 5(a) or the obligation on the Issuer to defer pursuant to either Condition 5(b) or the operation of the Solvency Condition described in Condition 3(b) shall (without double-counting), together with any other interest in respect thereof not paid on an earlier Interest Payment Date shall, so long as the same remains unpaid, constitute “Arrears of Interest”. Arrears of Interest shall not themselves bear interest.

Any Arrears of Interest and any other amount, payment of which is deferred in accordance with Conditions 5(a), 5(b) or 3(b), may (subject to Condition 3(b) and to the Issuer having received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time) be paid in whole or in part at any time (provided that at such time a Regulatory Deficiency Interest Deferral Event is not subsisting and would not occur if payment of such Arrears of Interest were made) upon the expiry of not less than 14 days’ notice to such effect given by the Issuer to the Trustee and the Noteholders in accordance with Condition 17, and in any event will become due and payable (subject, in the case of (i) and (iii) below, to Condition 3(b) and to the Issuer having received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time) in whole (and not in part) upon the earliest of the following dates:

- (i) the next Interest Payment Date on which payment of interest in respect of the Notes is made (other than a voluntary payment by the Issuer of any Arrears of Interest); or
- (ii) the date on which (A) an order is made or a resolution is passed for the winding-up of the Issuer (other than a solvent winding-up solely for the purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business of the Issuer, the terms of which reconstruction, amalgamation or substitution (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution and (ii) do not provide that the Notes shall thereby become payable) or (B) any administrator of the Issuer gives notice that it intends to declare and distribute a dividend or (C) any other event or procedure analogous to that described in sub-paragraph (A) or (B) occurs in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates); or
- (iii) the date fixed for any redemption or purchase of Notes by or on behalf of the Issuer pursuant to Condition 6.

(d) **Notice of Deferral**

The Issuer shall notify the Trustee and the Noteholders, in writing and in accordance with Condition 17, not less than five Business Days prior to an Interest Payment Date:

- (i) if that Interest Payment Date is an Optional Interest Payment Date in respect of which the Issuer elects to defer interest as provided in Condition 5(a); and
- (ii) if that Interest Payment Date is a Mandatory Interest Deferral Date and specify that interest will not be paid because a Regulatory Deficiency Interest Deferral Event has occurred and is continuing or would occur if payment of interest was made (in whole or in part) on such Interest Payment Date, provided that, if a Regulatory Deficiency Interest Deferral Event occurs less than five Business Days prior to an Interest Payment Date, the Issuer shall give notice of the interest deferral in accordance with Condition 17 as soon as reasonably practicable following the occurrence of such event and the Issuer shall not be in breach of

its obligation to give not less than five Business Days' notice if it gives less than five Business Days' notice in such circumstances.

6. Redemption, Purchase and Options

(a) Redemption

- (i) Subject to Conditions 3(b) and 6(a)(ii), and to the Issuer having received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection) (if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time), unless previously redeemed or purchased and cancelled as provided in this Condition 6, if a Maturity Date is specified hereon, each Note shall be finally redeemed on the Maturity Date at its Final Redemption Amount (which, unless otherwise provided hereon, is its principal amount) together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest.
- (ii) No Notes shall be redeemed pursuant to Conditions 6(a)(i), 6(d), 6(e), 6(f), 6(g) or 6(h) if a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if redemption is made on, if Condition 6(a)(i) applies, the Maturity Date or, if Condition 6(d), 6(e), 6(f), 6(g) or 6(h) applies, any date specified for redemption in accordance with the relevant Condition or if the Relevant Regulator does not provide its permission or consent to the redemption (to the extent that permission or consent is then required by the Relevant Regulator or the Relevant Rules) on any such date or if such redemption otherwise cannot be effected in compliance with the Relevant Rules on any such date.
- (iii) If redemption of the Notes does not occur on the Maturity Date or, as appropriate, the date specified in the notice of redemption by the Issuer under Condition 6(d), 6(e), 6(f), 6(g) or 6(h) as a result of Condition 6(a)(ii) or as a result of the Relevant Regulator not providing permission or consent to the redemption (to the extent that permission or consent is then required by the Relevant Regulator or the Relevant Rules) or because such redemption otherwise cannot be effected in compliance with the Relevant Rules on such date, subject to Condition 3(b) (in the case of sub-paragraphs (A) and (B) below only) and to the Issuer having received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time, such Notes shall be redeemed at their principal amount or the relevant amount specified in Condition 6(d), 6(e), 6(f), 6(g) or 6(h) (as applicable) together with accrued interest and any Arrears of Interest, upon the earliest of:
 - (A) (in the case of a failure to redeem due to the operation of Condition 6(a)(ii) only), the date falling 10 Business Days after the date the Regulatory Deficiency Redemption Deferral Event has ceased (unless, on such tenth Business Day, a further Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or redemption of the Notes on such date would result in a Regulatory Deficiency Redemption Deferral Event occurring, in which case the provisions of Condition 6(a)(ii), (iii) and (iv) shall apply mutatis mutandis to determine the due date for redemption); or
 - (B) the date falling 10 Business Days after the Relevant Regulator has agreed to the repayment or redemption of the Notes; or
 - (C) the date on which (1) an order is made or a resolution is passed for the winding-up of the Issuer (other than a solvent winding-up solely for the

purposes of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business of the Issuer, the terms of which reconstruction, amalgamation or substitution (x) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) and (y) do not provide that the Notes shall thereby become payable) or (2) any administrator of the Issuer gives notice that it intends to declare and distribute a dividend or (3) any other event or procedure analogous to that described in subparagraph (1) or (2) occurs in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates).

- (iv) If Condition 6(a)(ii) does not apply, but redemption of the Notes does not occur on the Maturity Date or the date specified in the notice of redemption given by the Issuer under Condition 6(d), 6(e), 6(f), 6(g) or 6(h) (as applicable) as a result of the Solvency Condition not being satisfied on the relevant date, in relation to the payment that would otherwise then be due, subject to the Issuer having received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time, such Notes shall be redeemed at their principal amount or the relevant amount specified in Condition 6(d), 6(e), 6(f), 6(g) or 6(h) (as applicable) together with accrued interest and any Arrears of Interest on the 10th Business Day immediately following the day on which (A) the Solvency Condition is satisfied prior to and immediately following after the redemption and (B) redemption of the Notes would not result in the Solvency Condition not being satisfied, provided that, if on such Business Day specified for redemption a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing, or would occur if the Notes were to be redeemed, or if the Relevant Regulator does not (to the extent required by the Relevant Regulator or the Relevant Rules) provide its permission or consent to, or objects to, the redemption or if such redemption otherwise cannot be effected in compliance with the Relevant Rules on such date, then the Notes shall not be redeemed on such date and Condition 3(b) and Condition 6(a)(iii) shall apply mutatis mutandis to determine the new date on which the Issuer shall be obliged to redeem the Notes.
- (v) A certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer addressed to the Trustee confirming that (A) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing, or would occur if redemption of the Notes were to be made, or (B) a Regulatory Deficiency Redemption Deferral Event has ceased to occur and/or redemption of the Notes would not result in a Regulatory Deficiency Redemption Deferral Event occurring, shall, in the absence of manifest error, be treated and accepted by the Trustee and the holders of the Notes and the Coupons relating to them and all other interested parties as correct and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for doing so.
- (vi) If the Notes are not to be redeemed on the Maturity Date (if any) pursuant to Condition 6(a)(i) or on any redemption date pursuant to Condition 6(d), 6(e), 6(f), 6(g) or 6(h) (as applicable) as a result of circumstances where:
 - (A) a Regulatory Deficiency Redemption Deferral Event has occurred and is continuing or would occur if the Notes were redeemed on such date;
 - (B) the Solvency Condition would not be satisfied on such date and immediately after the redemption; or

- (C) the Relevant Regulator does not provide its permission or consent to the redemption (to the extent that permission or consent is then required by the Relevant Regulator or the Relevant Rules) or such redemption otherwise cannot be effected in compliance with the Relevant Rules on such date,

the Issuer shall notify the Trustee and the Issuing and Paying Agent in writing and notify the Noteholders in accordance with Condition 17 no later than five (5) Business Days prior to the Maturity Date (if any) or the date specified for redemption in accordance with Condition 6(d), 6(e), 6(f), 6(g) or 6(h), as applicable, (or as soon as reasonably practicable if the relevant circumstance requiring redemption to be deferred arises, or is determined, less than five (5) Business Days prior to the relevant redemption date).

- (vii) Notwithstanding any other provision in these Conditions or in the Trust Deed, the deferral of redemption of the Notes in accordance with Condition 3(b) or this Condition 6 will not constitute a default by the Issuer and will not give Noteholders, Couponholders or the Trustee any right to accelerate any payment.
- (viii) Any Notes with no Maturity Date specified hereon may be redeemed only in accordance with the provisions of this Condition 6 or as provided in Condition 10.
- (ix) The Issuer may waive or suspend, at any time and in its sole discretion, its right to redeem the Notes under any of Conditions 6(d), 6(f), 6(g) or 6(h) for a (definite or indefinite) period of time to be determined by the Issuer (the “**Inapplicability Period**”) by notice to the Noteholders in accordance with Condition 17, the Agents and the Trustee. Any notice so given shall specify the Inapplicability Period(s) during which the Issuer shall cease to have the right to redeem the Notes under any of Conditions 6(d), 6(f), 6(g), or 6(h). Any ongoing Inapplicability Period may be terminated by the Issuer at any time and in its sole discretion by notice to the Noteholders in accordance with Condition 17, the Agents and the Trustee.

(b) **Early Redemption**

Zero Coupon Notes

- (i) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to this Condition 6 or as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
- (ii) Subject to the provisions of sub-paragraph (iii) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (iii) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to this Condition 6 or as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may

accrue from (and including the Maturity Date) to (but excluding) the date of redemption in accordance with Condition 4(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(c) **Conditions to Redemption, Substitution, Variation or Purchase**

Prior to any notice of redemption before the Maturity Date (if any) or any substitution, variation or purchase of the Notes, the Issuer will be required to have received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time, to be in continued compliance with the Regulatory Capital Requirements applicable to it from time to time and to be satisfied that such redemption, variation or purchase is not prohibited by the Relevant Rules. A certificate signed by any two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer confirming such compliance and delivered to the Trustee shall be conclusive evidence of such compliance and the Trustee shall be entitled to rely on such certificate without further investigation and without liability to any person for so doing.

Any redemption or purchase that is within five years of the Issue Date of the Notes (or, if any further Tranche(s) of the Notes has or have been issued pursuant to Condition 16 and consolidated to form a single series with the Notes, within five years of the Issue Date of the latest such Tranche to be issued), is subject to (if and to the extent required or applicable in order for the Notes to qualify as Tier 2 Capital of the Issuer and/or the Group under the Relevant Rules from time to time):

- (i) such redemption or purchase being (x) funded out of the proceeds of a new issuance of capital of at least the same quality as the Notes or (y) effected by way of exchange or conversion of the Notes into capital of at least the same quality as the Notes; or
- (ii) in the case of any redemption or purchase pursuant to Condition 6(d) or 6(f), the Relevant Regulator being satisfied that the Solvency Capital Requirement applicable to the Issuer will be exceeded by an appropriate margin immediately after such redemption or purchase (taking into account the solvency position of the Issuer and the Group, including by reference to the Issuer's and the Group's medium-term capital management plan); and
 - (A) in the case of any such redemption following the occurrence of a Tax Law Change, the Issuer having demonstrated to the satisfaction of the Relevant Regulator that the applicable change in tax treatment is material and was not reasonably foreseeable as at the Issue Date;
 - (B) in the case of any such redemption following the occurrence of a Capital Disqualification Event, the Relevant Regulator considering that the relevant change in the regulatory classification of the Notes is sufficiently certain and the Issuer having demonstrated to the satisfaction of the Relevant Regulator that such change was not reasonably foreseeable as at the Issue Date; and
- (iii) the Issuer delivering to the Trustee a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) stating that it would have been reasonable for the Issuer to conclude, judged at the Issue Date of the Notes, that the circumstance entitling the Issuer to exercise the right of redemption or purchase was unlikely to occur. Such certificate shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee, the Noteholders and all other interested parties as correct, conclusive and sufficient evidence thereof and the Trustee shall be entitled to rely on such certificate without liability to any person.

Notwithstanding the above requirements of this Condition 6(c), if, at the time of any redemption, variation or purchase, the Relevant Rules permit the redemption, variation or purchase only after compliance with one or more alternative or additional conditions to those set out above (if and to the extent required or applicable in order for the notes to qualify as Tier 2 Capital of the Issuer and/or the Group under the Relevant Rules from time to time), the Issuer shall comply with such alternative and/or additional condition(s) as are then so required.

(d) **Redemption, Substitution or Variation at the Option of the Issuer due to Taxation Reasons**

If the Issuer determines that immediately before the giving of the notice referred to below, as a result of a Tax Law Change, either:

- (i) on the occasion of the next payment due in respect of the Notes, the Issuer would be required to pay additional amounts as provided or referred to in Condition 8; or
- (ii) on the next Interest Payment Date, the payment of interest in respect of the Notes would be treated as a “distribution” within the meaning of Chapter 2 of Part 23 of the Corporation Tax Act 2010 (as amended, re-enacted, replaced or rewritten),

the Issuer may, at its option:

- (A) subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days’ notice (a “**Tax Redemption Notice**”) to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (which notice shall be irrevocable), redeem all, but not some only, of the Notes at any time (if this Note is either not a Floating Rate Note or is a Fixed to Floating Rate Note prior to its Fixed Rate End Date) or on any Interest Payment Date (if this Note is either a Floating Rate Note or a Fixed to Floating Rate Note following its Fixed Rate End Date) at their Early Redemption Amount together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or
- (B) subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders, or the Couponholders) and having given not less than 30 or more than 60 days’ notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable), substitute at any time for all (but not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Qualifying Tier 2 Securities, and the Trustee shall (subject to the following provisions of this paragraph (ii) and the receipt by it of the certificates referred to both below and in the definition of Qualifying Tier 2 Securities) agree to such substitution or variation. The Trustee shall at the Issuer’s expense use its reasonable endeavours to assist the Issuer in giving effect to such substitution or variation of the Notes by executing such documents as the Issuer may consider necessary for this purpose, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee’s opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the holders of Notes. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any Tax Redemption Notice or notice of substitution or variation as provided in this Condition 6(d), the Issuer shall deliver to the Trustee (1) a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust

Deed) of the Issuer stating that the Issuer is entitled to effect such redemption, substitution or variation, as the case may be, and setting forth a statement of facts showing that the Issuer has become, or is or would be, required to pay additional amounts or that the payment of interest has become, or is or would be, treated as a “distribution” as aforesaid, and (2) an opinion in form and substance reasonably satisfactory to the Trustee of independent legal advisers of recognised standing in accordance with the Trust Deed. The Trustee shall, without enquiring and without any liability therefor, accept such certificate as sufficient evidence of the satisfaction of either or both of the circumstances set out above, as the case may be, and such certificate shall be conclusive and binding on the Noteholders and the Couponholders.

In connection with any substitution or variation in accordance with this Condition 6(d), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

For this purpose: “Tax Law Change” means a change in or proposed change in, or amendment to or proposed amendment to, the laws or regulations of the United Kingdom or any political subdivision or authority therein or thereof having the power to tax, including any treaty to which the United Kingdom is a party, or any change in or proposed change in the application or official or generally published interpretation of such laws, including a decision of any court or tribunal, or any interpretation or pronouncement by any relevant tax authority that provides for a position with respect to such laws or regulations that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written statements made by a tax authority regarding the anticipated tax treatment of the Notes, which change or amendment or proposed change or amendment becomes, or would become, effective, or which interpretation or pronouncement is made, in each case on or after the Issue Date of the first Tranche of the Notes.

(e) **Redemption at the Option of the Issuer**

Unless the Issuer shall have given notice to redeem the Notes under Conditions 6(d), 6(f), 6(g) or 6(h) on or prior to the expiration of the notice referred to below, and if a Call Option is specified hereon, the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than fifteen (15) or more than sixty (60) days’ irrevocable notice to the Noteholders (or such other notice period as may be specified hereon), redeem all or, if so provided hereon, some of the Notes on any Optional Redemption Date specified hereon. Any such redemption of Notes shall be at their Optional Redemption Amount specified hereon together with any interest accrued to (but excluding) the date fixed for redemption in accordance with these Conditions and any Arrears of Interest. Any such redemption must relate to Notes of an aggregate principal amount at least equal to the Minimum Redemption Amount specified hereon and no greater than the Maximum Redemption Amount specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 6.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

(f) **Redemption, Substitution or Variation at the Option of the Issuer due to Capital Disqualification Event**

If a Capital Disqualification Call is specified hereon and, within the period from and including the date of the occurrence of a Capital Disqualification Event to and including the date which is the first anniversary of such occurrence (or such shorter period as may be set out hereon), the Issuer gives the notice referred to below and if on the date of such notice a Capital Disqualification Event is continuing, then:

- (i) the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days' notice to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (in accordance with Condition 17) (which notice shall be irrevocable), redeem in accordance with these Conditions all, but not some only, of the Notes (unless otherwise specified hereon) at any time or, if and for so long as such Notes are Floating Rate Notes or, if the Notes are Fixed to Floating Rate Notes, following their Fixed Rate End Date, on any Interest Payment Date. The Notes will be redeemed at their Special Redemption Price, in each case together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or
- (ii) the Issuer may, subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders or the Couponholders) and having given not less than 30 or more than 60 days' notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable), substitute at any time for all (and not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Qualifying Tier 2 Securities and the Trustee shall (subject to the following provisions of this Condition 6(f) and subject to the receipt by it of the certificates referred to below and in the definition of Qualifying Tier 2 Securities) agree to such substitution or variation. The Trustee shall at the Issuer's expense use its reasonable endeavours to assist the Issuer in giving effect to such substitution or variation of the Notes by executing such documents as the Issuer may consider necessary for this purpose, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee's opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the holders of Notes. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 6(f), the Issuer shall deliver to the Trustee a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer stating that a Capital Disqualification Event has occurred and is continuing as at the date of the certificate and a legal opinion in accordance with the Trust Deed, and the Trustee shall accept such certificate as sufficient evidence of the occurrence and continuation of a Capital Disqualification Event and (in the case of a proposed substitution or variation) that the substitution or variation, as the case may be, shall create Qualifying Tier 2 Securities (without liability to any person for so doing and without further enquiry), in which event it shall be conclusive and binding on the Trustee, the Noteholders and the Couponholders. Upon expiry of such notice, the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

In connection with any substitution or variation in accordance with this Condition 6(f), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

(g) **Redemption, Substitution or Variation at the Option of the Issuer for Rating Reasons**

If a Rating Methodology Call is specified hereon and if a Rating Methodology Event occurs, within the period from and including the date of the occurrence of such Rating Methodology Event to and including the date which is the first anniversary of such occurrence, the Issuer gives the notice referred to below and if on the date of such notice the Rating Methodology Event is continuing, then:

- (i) the Issuer may, subject to Conditions 3(b), 6(a)(ii) and 6(c), having given not less than 30 or more than 60 days' notice to the Issuing and Paying Agent, the Trustee and, if the Notes are Registered Notes, the holders of such Notes (in

accordance with Condition 17) (which notice shall be irrevocable), redeem in accordance with these Conditions all, but not some only, of the Notes (unless otherwise specified hereon) at any time or, if and for so long as the Note is a Floating Rate Note or, if the Note is a Fixed to Floating Rate Note, following its Fixed Rate End Date, on any Interest Payment Date. The Notes will be redeemed at their Special Redemption Price, in each case together with any interest accrued to (but excluding) the date of redemption in accordance with these Conditions and any Arrears of Interest; or

- (ii) the Issuer may, subject to Condition 6(c) (without any requirement for the consent or approval of the Noteholders or the Couponholders) and having given not less than 30 or more than 60 days' notice to the Trustee, the Issuing and Paying Agent and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable), substitute at any time for all (and not some only) of the Notes, or vary the terms of all (but not some only) of the Notes so that they become, Rating Agency Compliant Securities, and the Trustee shall (subject to the following provisions of this paragraph (ii) and subject to the receipt by it of the certificates of the Directors of the Issuer referred to below, in the definition of Qualifying Tier 2 Securities, and in the definition of Rating Agency Compliant Securities) agree to such substitution or variation.

The Trustee shall, at the Issuer's expense, use its reasonable endeavours to assist the Issuer in the substitution or variation of the Notes by or into Rating Agency Compliant Securities by executing such documents as the Issuer may consider necessary for this purpose provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation of the Notes which, in the Trustee's opinion, would impose more onerous obligations upon it with regard to its obligations and/or duties as Trustee but disregarding for these purposes the interests of the Noteholders. If the Trustee does not so participate or assist as provided above, the Issuer may, subject as provided above, redeem the Notes as provided above.

Prior to the publication of any notice of substitution, variation or redemption pursuant to this Condition 6(g), the Issuer shall deliver to the Trustee a certificate signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the Issuer stating that a Rating Methodology Event has occurred and is continuing as at the date of the certificate and a legal opinion in accordance with the Trust Deed and the Trustee shall accept such certificate as sufficient evidence of the occurrence and continuation of a Rating Methodology Event (without liability to any person for so doing and without further enquiry) and that the substitution or variation shall create Rating Agency Compliant Securities, in which event it shall be conclusive and binding on the Trustee, the Noteholders and the Couponholders. Upon expiry of such notice, the Issuer shall either redeem, vary or substitute the Notes, as the case may be.

In connection with any substitution or variation in accordance with this Condition 6(g), the Issuer shall comply with the rules of any stock exchange or other relevant authority on which the Notes are from time to time listed or admitted to trading.

(h) **Clean-up Redemption at the Option of the Issuer**

Subject to Conditions 3(b), 6(a)(ii) and 6(c), if Issuer Clean-up Call is specified hereon and if, at any time after the Issue Date, the Clean-up Call Threshold Amount or more of the aggregate principal amount of the Notes originally issued (and, for these purposes, any further securities issued pursuant to Condition 16 will be deemed to have been originally issued) has been purchased and cancelled, then the Issuer may, at its option (without any requirement for the consent or approval of the Noteholders), and having given not less than fifteen (15) nor more than sixty (60) days' notice to the Trustee, the Issuing and Paying Agent, the Registrar and, in accordance with Condition 17, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all (but not some only) of the Notes at any time at their principal amount, together with any accrued interest to (but excluding) the date of redemption and any Arrears of Interest.

(i) **Purchases**

Subject to Conditions 3(b) and 6(c), the Issuer and any of its Subsidiaries for the time being may, having given prior written notice to, and received permission, consent or due notification of non-objection in writing from, the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time, at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(j) **Cancellation**

All Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(k) **Trustee Not Obligated to Monitor**

The Trustee shall not be under any duty to monitor whether any event or circumstance has happened or exists within this Condition 6 and will not be responsible to Noteholders for any loss arising from any failure by the Trustee to do so. Unless and until the Trustee has actual knowledge of the occurrence of any event or circumstance within this Condition 6, it shall be entitled to assume that no such event or circumstance exists.

7. **Payments and Talons**

(a) **Bearer Notes**

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the Notes (in the case of all payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii) or (v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to T2.

(b) **Registered Notes**

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the “**Record Date**”). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.

(c) **Payments in the United States**

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) **Payments Subject to Fiscal Laws**

Without prejudice to the provisions of Condition 8, all payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its agents), the Issuer will not be required to pay any additional amounts on account of a withholding or deduction for, or on account of, any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements and the Issuer shall be acquitted and discharged of so much money as is represented by any such withholding or deduction as if such sum had been actually paid to the holders of the Notes or Coupons. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments. For the purposes of this Condition 7(d), the phrase “fiscal or other laws, regulations and directives” shall include any withholding or deduction imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code (“**FATCA**”), any regulations thereunder, any law implementing an inter-governmental approach thereto, any fiscal or regulatory legislation, rules or practices adopted pursuant to any inter-governmental agreement entered into in connection with the implementation of FATCA, any agreement entered into pursuant to FATCA, or any official interpretation of FATCA (each a “**FATCA Withholding Tax**”).

(e) **Appointment of Agents**

The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Issuing and Paying Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time with the approval of the Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, Transfer Agents or Calculation Agents provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where these Conditions so require, and (v) a Paying Agent having a specified office in London so long as the Notes are admitted to the Official List of the FCA acting under Part VI of the Financial Services and Markets Act 2000 and admitted to trading on the Main Market of the London Stock Exchange.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(c).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(f) **Unmatured Coupons and Unexchanged Talons**

(i) Upon the due date for redemption of Bearer Notes which are Fixed Rate Notes (other than any Fixed Rate Notes where the total face value of the unexpired Coupons (if any) relating thereto exceeds the principal due in respect of such

Note), such Notes should be surrendered for payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

- (ii) Upon the due date for redemption of any Bearer Note which is a Floating Rate Note, a Fixed Rate Reset Note, a Fixed to Floating Rate Note or (where the total face value of the unmatured Coupons (if any) exceeds the principal due in respect of such Note) a Fixed Rate Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of such Note is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date (if one is specified hereon) shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) **Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) **Non-Business Days**

If any date for payment in respect of any Note or Coupon is not a Business Day, the holder shall not be entitled to payment until the next following Business Day nor to any interest or other sum in respect of the postponement of such payment. In this paragraph (h), "Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and in such jurisdictions (if any) as are specified as "Additional Financial Centres" hereon, and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in any currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a T2 Business Day.

8. Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes and the Coupons shall be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, except to the extent that the withholding or deduction is made in respect of FATCA, or any agreement entered into pursuant to FATCA, the Issuer shall pay such additional amounts in respect of interest payments (but not in respect of any payments of principal) as shall result in receipt by the holders of Notes or Coupons of such amounts as would have been received by them had no such withholding or deduction been required by law to be made, except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) **Other Connection**

presented for payment by or on behalf of, or held by, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note or Coupon; or

(b) **Lawful Avoidance of Withholding**

presented for payment by or on behalf of, or held by, a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim or filing for exemption to any tax authority in the place where the relevant Note (or the Certificate representing it) or Coupon is presented for payment or held by a holder; or

(c) **Presentation More Than Thirty (30) Days After the Relevant Date**

presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day after the Relevant Date (assuming that day to have been a Business Day); or

(d) **Presented for Payment in the United Kingdom**

presented for payment in the United Kingdom; or

(e) **Any Combination**

where the requirement to withhold or deduct which would otherwise give rise to the obligation to pay additional amounts arises out of any combination of paragraphs (a) to (d) above.

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or the Certificate representing it) or Coupon being made in accordance with these Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Special Redemption Price, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) “interest” shall be deemed to include any additional amounts that may be payable under this Condition 8 or any undertaking given in addition to or in substitution for it under the Trust Deed.

Notwithstanding any other provision of these Conditions, in no event will the Issuer be required to pay any additional amounts in respect of the Notes for, or on account of, any FATCA Withholding Tax and any amounts to be paid by or on behalf of the Issuer in respect of the Notes or the Coupons will be paid net of any FATCA Withholding Tax.

9. Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. Events of Default and Enforcement

(a) Right to Institute Winding-up

Notwithstanding any of the provisions below in this Condition 10, the right to institute winding-up proceedings in respect of the Issuer is limited to circumstances where payment has become due.

Pursuant to Condition 3(b), no principal, interest or any other amount will be due on the relevant payment date if the Solvency Condition is not satisfied both at the time of and immediately after any such payment. In the case of any payment of interest in respect of the Notes, such payment may be deferred pursuant to Condition 5(a) and will be deferred if Condition 5(b) applies and, in each case, if so deferred will not be due and, in the case of payment of principal, such payment will be deferred and will not be due if Condition 6(a)(ii) applies.

If:

- (i) default is made for a period of seven days or more in the payment of any interest due in respect of the Notes or any of them; or
- (ii) default is made for a period of seven days or more in payment of the principal due in respect of the Notes or any of them,

the Trustee may at its discretion and without further notice, and if so requested by Noteholders of at least one-quarter in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to Condition 10(d)) institute proceedings for the winding-up of the Issuer and/or prove in the winding-up or administration of the Issuer and/or claim in the liquidation of the Issuer and/or any analogous event or procedure in respect of the Issuer for such payment, but may take no further or other action to enforce, prove or claim for any such payment. No payment in respect of the Notes, the Coupons or the Trust Deed may be made by the Issuer pursuant to this Condition 10(a), otherwise than (A) during or after a winding-up of the Issuer or (B) after any administrator of the Issuer has given notice that it intends to declare and distribute a dividend or (C) after any other event or procedure analogous to that described in sub-paragraph (A) or (B) has occurred in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates), unless the Issuer has given prior written notice (with a copy to the Trustee) to, and received permission, consent or due notification of non-objection in writing from, the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection) (if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time), which the Issuer shall confirm in writing to the Trustee.

(b) Amount Payable on Winding-up

If (A) an order is made by the competent court or a resolution passed for the winding-up of the Issuer, (except, in any such case, a solvent winding-up, solely for the purpose of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business, the terms of which reconstruction or amalgamation or substitution (i) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as

defined in the Trust Deed) and (ii) do not provide that the Notes shall thereby become payable) or (B) an administrator of the Issuer gives notice that it intends to declare and distribute a dividend or (C) any other event or procedure analogous to that described in sub-paragraph (A) or (B) occurs in respect of the Issuer (including, if applicable, any special insolvency procedure or special administration procedure pursuant to any applicable regime for the recovery and resolution of insurance firms and their affiliates), the Trustee at its discretion may, and if so requested by holders of at least one-quarter in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject, in each case, to Condition 10(d)), give notice to the Issuer that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at the amount equal to their principal amount together with accrued interest and any Arrears of Interest.

(c) **Enforcement**

Without prejudice to Conditions 10(a) and 10(b), the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Trust Deed, the Notes or the Coupons (other than any payment obligation of the Issuer under or arising from the Notes, the Coupons or the Trust Deed (including, without limitation, any payment obligation in respect of any principal, premium or interest, or any damages awarded for breach of any obligations), provided that in no event shall the Issuer, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums (in cash or otherwise) sooner than the same would otherwise have been payable by it. Nothing in this Condition 10(c) shall, subject to Condition 10(a), prevent the Trustee instituting proceedings for the winding-up of the Issuer, proving in any winding-up or administration of the Issuer and/or claiming in any liquidation of the Issuer and/or any analogous event or procedure in respect of the Issuer in respect of any payment obligations of the Issuer arising from the Notes, the Coupons or the Trust Deed (including, without limitation, payment of any principal, premium or interest in respect of the Notes or the Coupons and any damages awarded for any breach of any obligations).

(d) **Entitlement of the Trustee**

The Trustee shall not be bound to take any of the actions referred to in Conditions 10(a), 10(b) or 10(c) to enforce the obligations of the Issuer under the Trust Deed, the Notes or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders or so requested in writing by the holders of at least one-quarter in principal amount of the Notes then outstanding and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

(e) **Rights of Noteholders**

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer or to institute proceedings for the winding up or claim in the liquidation of the Issuer or any analogous event or procedure or to prove in the winding-up or the administration of the Issuer or in any analogous event or procedure with respect to the Issuer unless the Trustee, having become so bound to proceed or being able to prove in such winding-up, administration, claim in such liquidation or such analogous event or procedure, fails to do so within a reasonable period and such failure shall be continuing, in which case the Noteholder or Couponholder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise as set out in this Condition 10.

(f) **Extent of Noteholders' Remedy**

No remedy against the Issuer, other than as referred to in this Condition 10, shall be available to the Trustee or the Noteholders or Couponholders, whether for the recovery of amounts owing in respect of the Notes or under the Trust Deed or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes, the Coupons or under the Trust Deed.

11. Statutory Loss Absorption Powers

- (a) Notwithstanding and to the exclusion of any other term of the Notes or any other agreements, arrangements or understandings between the Issuer and any Noteholder (or any holder of a beneficial interest in any Note) (or the Trustee on their behalf), by its acquisition of any Note (or any interest in any Note), each holder of any Note (or any interest in any Note) (and the Trustee on their behalf):
- (i) acknowledges and accepts that any amounts due under the Notes (whether by way of principal, interest or otherwise, and whether or not the same shall have become due) may be subject to any applicable Statutory Loss Absorption Powers;
 - (ii) acknowledges, accepts, consents and agrees to be bound by the effect of the exercise of Statutory Loss Absorption Powers and any amendment or variation of the terms of the Notes or any redemption, write-down, conversion, substitution, variation, purchase, cancellation, transfer, suspension of rights or other action (as applicable) in relation to the Notes required to give effect to, or resulting from the exercise of, the Statutory Loss Absorption Powers; and
 - (iii) acknowledges and accepts that an exercise of the Statutory Loss Absorption Powers in respect of the Issuer or the Notes and its effects on the Notes shall not constitute a default by the Issuer.
- (b) Upon any exercise of the Statutory Loss Absorption Powers with respect to the Notes, the Issuer will provide a written notice to the Trustee, the Agents and, in accordance with Condition 17, the Noteholders as soon as practicable regarding such exercise.
- (c) If, at any time, the Issuer, in its sole discretion, determines:
- (i) that it is:
 - (A) necessary, in order to ensure that the Notes continue to qualify (in whole or in part) as Tier 2 Capital for the purposes of the Issuer and/or the Group (whether on a solo, group or consolidated basis); or
 - (B) required by the Relevant Rules or a determination or decision of the Relevant Regulator,to make amendments to these Conditions and/or the Trust Deed to ensure that the Notes are subject to (or are otherwise acknowledged as being so subject to) any applicable Statutory Loss Absorption Powers; and
 - (ii) the amendments that are necessary to achieve the objective specified in (i) above, the Issuer shall be entitled (at its sole option) to deliver to the Trustee a certificate signed by two Directors (or other officers acceptable to the Trustee) confirming the circumstances in (i) above and specifying the amendments determined pursuant to (ii) above (which certificate shall be conclusive evidence thereof, and the Trustee may rely absolutely on such certificate without liability to any person and without any obligation to verify or investigate the accuracy thereof) and thereupon, without the consent of Noteholders, the Trustee shall (at the expense of the Issuer and subject to Condition 11(d) below and the receipt by it of the certificate of the Directors (or other officers) referred to in this Condition 11(c)) be obliged to (x) concur with the Issuer in making the amendments determined by the Issuer pursuant to (ii) above to these Conditions and/or the Trust Deed (as applicable) and (y) co-operate with the Issuer (including, but not limited to, entering into such documents or deeds as may be necessary) to give effect to any such amendments.
- (d) The Trustee shall not be obliged to concur with the Issuer in making, to co-operate in, or to agree to, any amendments to these Conditions and/or the Trust Deed pursuant to Condition 11(c) if such co-operation or the amendments impose, in the Trustee's opinion, more onerous obligations upon it or reduce its authorities or protections or expose it to any additional liability.

- (e) For the purposes of this Condition 11, “**Statutory Loss Absorption Powers**” means any write-down, conversion, transfer, modification, suspension or similar or related power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements provided for under the laws of the United Kingdom (or of any other jurisdiction in which a relevant resolution authority is competent to exercise analogous powers in respect of the Issuer) establishing or implementing (in whole or in part) a regime for the recovery and resolution of insurance firms and their affiliates which is applicable to the Issuer or the Group, together with the instruments, rules and standards created thereunder, pursuant to which any obligation of the Issuer (or any affiliate of the Issuer) can be reduced, cancelled, modified, or converted into shares, other securities or other obligations of the Issuer or any other person or suspended for a temporary period.
- (f) To the extent required by the Relevant Rules, any amendment to or variation of these Conditions or any provisions of the Trust Deed pursuant to Condition 11(c) will be subject to the Relevant Regulator having approved, permitted or consented to, or otherwise having confirmed that it does not object to (and having not subsequently withdrawn its approval, permission, consent or non-objection to) such act (in any case only if and to the extent required by the Relevant Regulator, the Relevant Rules (if not waived) or any other applicable rules of the Relevant Regulator at the relevant time).

12. Meetings of Noteholders, Modification and Waiver

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting (which need not be a physical meeting and instead may be held by way of conference call, including by use of a videoconference platform) may be convened by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, inter alia, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts or Arrears of Interest on the Notes, (ii) to reduce or cancel the principal amount of or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest or Arrears of Interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount, Special Redemption Price or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, or (viii) to modify Condition 3, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

Notwithstanding the foregoing, the agreement or approval of the Noteholders shall not be required in the case of any variation of these Conditions and/or the Trust Deed to which the Trustee has been obliged to agree in the circumstances described in Conditions 6(d) or 6(f) in connection with the substitution or variation of the Notes so that they remain, are replaced by, or become, Qualifying Tier 2 Securities, or in the circumstances described in Condition 6(g) in connection with the substitution or variation of the Notes so that they

are replaced by, remain, or become, Rating Agency Compliant Securities, and no such substitution, variation or amendment proposed in relation thereto shall be regarded as a matter described in (i) to (viii) in the paragraph above. In addition, the Trustee shall be obliged to concur with the Issuer in giving effect to any Alternative Reference Rate, Adjustment Spread, Floating Rate Calculation Changes, Benchmark Replacement, Benchmark Replacement Conforming Changes or Alternative Relevant Rate pursuant to, and in accordance with, Condition 4(b)(iii)(E) or Condition 4(d)(iv) (as applicable) in the circumstances set out in therein, without the consent of the Noteholders or Couponholders.

(b) **Modification of the Trust Deed**

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed that is of a formal, minor or technical nature or is made to correct a manifest error or error proven to the satisfaction of the Trustee, or (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of these Conditions and the provisions of the Trust Deed that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on all the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

In addition, the Trustee shall, at the direction of the Issuer (following consultation with the Issuing and Paying Agent and the Calculation Agent) agree, without the consent of the Noteholders or Couponholders to any modification or amendment to the provisions of the Trust Deed that is required to give effect to Condition 4(b)(iii)(E) or Condition 4(d)(iv) (as applicable) in the circumstances set out therein.

(c) **Notice to Relevant Regulator**

No modification to these Conditions or any other provisions of the Trust Deed shall become effective unless the Issuer has received permission, consent or due notification of non-objection in writing from the Relevant Regulator (and the Relevant Regulator not having withdrawn its permission, consent or non-objection), if and to the extent required by the Relevant Regulator or the Relevant Rules at the relevant time.

(d) **Substitution**

The Trustee, if it is satisfied that such substitution would not be materially prejudicial to the interests of the Noteholders or Couponholders, may agree with the Issuer, without the consent of the Noteholders or Couponholders, to the substitution on a subordinated basis equivalent to that referred to in Condition 3 of the Retiring Issuer's successor in business (the "**New Issuer**") in place of the Retiring Issuer as the principal debtor under the Trust Deed, the Notes, the Coupons and the Talons provided that:

- (i) a deed is executed or undertaking given by the New Issuer to the Trustee, in form and manner satisfactory to the Trustee, agreeing to be bound by the terms of the Trust Deed, the Notes, the Coupons and the Talons (with such consequential amendments as the Trustee may deem appropriate) as if the New Issuer had been named in the Trust Deed, the Notes, the Coupons and the Talons as the principal debtor in place of the Retiring Issuer;
- (ii) if any two Directors of the New Issuer certify that it will be solvent immediately after such substitution, the Trustee need not have regard to the New Issuer's financial condition, profits or prospects or compare them with those of the Issuer;
- (iii) (without prejudice to the generality of sub-paragraph (i) above) the Trustee may in the event of such substitution agree, without the consent of the Noteholders or Couponholders, to a change in the law governing the Trust Deed and/or the Notes and/or the Coupons and/or the Talons, provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders;

- (iv) if the New Issuer is, or becomes, subject generally to the taxing jurisdiction of a territory or any authority of or in that territory with power to tax (the “**Substituted Territory**”) other than the territory of the taxing jurisdiction of which (or to any such authority of or in which) the Retiring Issuer is subject generally (the “**Issuer's Territory**”), the New Issuer will (unless the Trustee otherwise agrees) give to the Trustee an undertaking satisfactory to the Trustee in terms corresponding to Condition 8 with the substitution for the references in that Condition and in Condition 6(d) to the Issuer's Territory of references to the Substituted Territory whereupon the Trust Deed, the Notes, the Coupons and the Talons will be read accordingly; and
- (v) the Retiring Issuer and the New Issuer comply with such other requirements as the Trustee may direct in the interests of the Noteholders.

In connection with any proposed substitution as aforesaid, the Trustee shall have regard to the interests of the Noteholders as a class and the Trustee shall not have regard to the consequences of such substitution or such exercise for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory. In connection with any substitution or such exercise as aforesaid, no Noteholder or Couponholder shall be entitled to claim, whether from the Retiring Issuer, the New Issuer or the Trustee or any other person, any indemnification or payment in respect of any tax consequence of any such substitution or any such exercise upon any individual Noteholders or Couponholders except to the extent already provided in Condition 8 and/or any undertaking given in addition thereto or in substitution therefor pursuant to the Trust Deed.

Any substitution pursuant to this Condition 12(d) shall: (i) if prior to the fifth anniversary of the Issue Date (or, if any further Tranche(s) of the Notes has or have been issued pursuant to Condition 16 and consolidated to form a single series with the Notes, within five years of the Issue Date of the latest such Tranche to be issued), be subject to Condition 6(c)(i); and (ii) be subject (to the extent then required by the Relevant Regulator or the Relevant Rules) to any notifications to, or permission, consent or provision of non-objection from, the Relevant Regulator and the Relevant Regulator not having withdrawn its permission, consent or non-objection, to such act.

13. Entitlement of the Trustee

In connection with the exercise of its functions (including but not limited to those referred to in Condition 11), the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

14. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer and any entity related to the Issuer without accounting for any profit.

15. Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes, Coupons or Talons) or of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

16. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition 16 and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

17. Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the Financial Times). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 17.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes or Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), (i) the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper and (ii) the relevant clearing system(s) will be notified whether or not such Global Notes or Global Certificates are intended to be held in a manner which would allow Eurosystem eligibility. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN or the Global Certificate is to be held otherwise than under the NSS, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “**Common Depository**”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is an NGN or the Global Certificate is to be held in accordance with the NSS, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note or the Global Certificate and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are (or that are represented by a Certificate that is) initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are (or that are represented by a Certificate that is) initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or such other clearing system (as the case may be) for its share of each payment made by the relevant Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under such Global Note or the Registered Notes represented by such Global Certificate, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, or such other clearing system (as the case may be). Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer and, if applicable, the Guarantor will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Overview of the Programme – Selling Restrictions”), in whole, but not in part, for Definitive Notes; and

- (ii) otherwise, in whole or in part, upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement, for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date, in whole, but not, except as provided below, in part, for Definitive Notes:

- (i) at the option of the relevant Issuer, if such Issuer would otherwise suffer a material disadvantage in respect of the tax treatment of the Notes as a result of any change in law, regulation or practice of any jurisdiction in which the relevant Issuer is resident for tax purposes, which material disadvantage would not be suffered were the Permanent Global Note to be exchanged for Notes in definitive form, and a certificate to such effect signed by two Directors or other Authorised Signatories (as defined in the Trust Deed) of the relevant Issuer is delivered to the Trustee; or
- (ii) otherwise, if the Permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so.

For the purposes of paragraph (i) above, a “change in law, regulation or practice” shall mean any change in any applicable law or regulation or in the application or interpretation thereof by any court or tribunal or any governmental, tax, fiscal, monetary or other authority charged with the administration or application thereof.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in specified denomination(s) only. A Noteholder who holds a principal amount of less than the minimum specified denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more specified denominations.

Permanent Global Certificate

If the Final Terms state that the Notes are to be represented by a permanent Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(a) may only be made in part:

- (i) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) with the consent of the relevant Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to (i) above, the registered holder has given the Registrar not less than 30 days’ notice at its specified office of the registered holder’s intention to effect such transfer.

Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the relevant Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or if the Global Note is an

NGN, the Issuer will procure that details of such exchange be entered pro rata in the records of the relevant clearing system. In this Prospectus, “Definitive Notes” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

Exchange Date

“Exchange Date” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN Form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on such Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. For so long as the Notes are represented by a Global Certificate, notwithstanding the provisions of Condition 7(b)(ii), each payment will be made to, or to the order of, the person whose name is entered in the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where “Clearing System Business Day” means Monday to Friday inclusive except 1 January and 25 December. If the Global Note is an NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each payment in respect of the Notes shall be entered pro rata in the records of the relevant clearing system and, in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under an NGN will be made to its holder and payments under Registered Notes represented by a Global Certificate held under the NSS will be made to the registered holder. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purposes of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “Business Day” set out in Condition 7(h).

Prescription

Claims against the relevant Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 8).

Meetings

The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each integral currency

unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.

Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Terms and Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer (and/or, in the case of an issue of Notes by L&GF, the Guarantor) or any of its subsidiaries if they are purchased together with the rights to receive all future payments of interest (if any) thereon.

Redemption at the Issuer's Option

Any option of the Issuer provided for in the Terms and Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the relevant Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Terms and Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or any other Alternative Clearing System (as the case may be).

Redemption at the Noteholders' Option

Any option of the Noteholders provided for in the Terms and Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Terms and Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is an NGN or where the Global Certificate is held under the NSS, the Issuer shall procure that details of such exercise shall be entered pro rata in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

NGN Nominal Amount

Where the Global Note is an NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may call for and have regard to any certificate or other document issued by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests, and treat such accountholders, as if such accountholders were the holders of the Notes represented by such Global Note or the relevant Global Certificate. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's Cedcom systems) in accordance with its usual procedures and in which the holder of a particular principal amount of Notes is clearly identified together with the amount of such holding. In the case of Registered Notes only, the

Trustee may have regard to any other letter of confirmation, form of record, information and/or certification as the Trustee shall, in its absolute discretion, think fit as evidence that at any particular time or throughout any particular period any particular person should be regarded as having an interest in a particular nominal amount of Registered Notes, and if the Trustee does so rely on such evidence, such letter of confirmation, form of record, information and/or certification shall, in the absence of manifest error or error proven to the satisfaction of the Trustee, be conclusive and binding on all concerned. The Trustee shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by a clearing system and subsequently found to be forged or not authentic or not correct.

Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Terms and Conditions or by delivery of the relevant notice to the holder of the Global Note.

USE OF PROCEEDS

The net proceeds of the issue of each Series or Tranche of Notes will be used: (i) to refinance Group borrowings and to fund the business of the Group; or (ii) for any other purpose as specified in the applicable Final Terms.

TAXATION

The comments below are of a general nature and are not intended to be exhaustive. They assume that there will be no substitution of the Issuers or the Guarantor and do not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the Terms and Conditions of the Notes). Any Noteholders who are in doubt as to their own tax position should consult their professional advisers. In particular, Noteholders should be aware that the tax legislation of any jurisdiction where a Noteholder is resident or otherwise subject to taxation may have an impact on the tax consequences of an investment in the Notes, including in respect of any income received from the Notes.

United Kingdom Taxation

The comments below are based on the Issuers' understanding of current United Kingdom tax law as applied in England and Wales and HM Revenue & Customs published practice (which may not be binding on HM Revenue & Customs), in each case as at the latest practicable date before the date of this prospectus, relating to certain aspects of the United Kingdom withholding tax treatment of payments of interest in respect of the Notes and are subject to changes therein or thereof, possibly with retrospective effect. They assume that the Finance (No. 2) Bill 2024-2026, as ordered to be printed on 4 December 2025, will be enacted without amendment. They do not deal with other United Kingdom tax consequences which might arise from acquiring, holding or disposing of the Notes or Coupons. They do not necessarily apply where the income is deemed for tax purposes to be the income of any other person. They relate only to the position of persons who are the absolute beneficial owners of their Notes and Coupons and may not apply to certain classes of persons (such as dealers, persons connected with an Issuer for any tax purposes, persons who have, or are deemed for tax purposes to have, acquired their Notes by reason of employment or certain professional investors), to whom special rules may apply. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the United Kingdom tax treatment of that and any other series of Notes. These comments do not purport to constitute legal or tax advice. Any Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom (in particular, in any jurisdiction where such Noteholders are resident) or are in any doubt as to their own tax position should consult their professional advisers.

The references to "*interest*" and "*principal*" in the comments below mean "*interest*" and "*principal*" as understood and applied in United Kingdom tax law. The comments below do not take any account of any different definitions of "*interest*" or "*principal*" which may be created by the Terms and Conditions of the Senior Notes, the Terms and Conditions of the Tier 2 Notes, the Terms and Conditions of the Tier 3 Notes or any relevant documentation.

- (a) To the extent that it does not comprise a premium or discount, a payment by the Issuer of principal in respect of any Notes will be payable without withholding or deduction for or on account of United Kingdom income tax.
- (b) Where Notes are issued at an issue price of less than 100 per cent. of their principal amount, any payments in respect of the accrued discount element on any such Notes will not be made subject to any withholding or deduction for or on account of United Kingdom income tax as long as they do not constitute payments of interest.
- (c) Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest and, if so, paragraphs (d) to (j) below (as appropriate) will apply.
- (d) Interest payable on Notes which have a maturity of less than one year and are not issued under any scheme or arrangement, the intention or effect of which is to render such Notes part of a borrowing with a total term of one year or more, can be paid without withholding or deduction for or on account of United Kingdom income tax.
- (e) Interest on the Notes may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax (if such withholding or deduction would otherwise be required) provided that the Notes are and continue to be listed on a "recognised stock exchange" (within the meaning of Section 1005 of the Income Tax Act 2007 ("ITA")) for the purposes of Section 987 of the ITA) or admitted to trading on a "multilateral trading facility" operated by a "regulated recognised stock exchange" (within the meaning of Section 987 of the ITA). The London Stock Exchange is a recognised stock exchange for these purposes and Notes will be treated as listed on the London Stock Exchange if they are included in the Official List of the Financial Conduct

Authority (within the meaning of, and in accordance with the provisions of, Part VI of the FSMA) and are admitted to trading on the Market. Provided, therefore, that the Notes are and remain so listed, interest on the Notes will be payable by the Issuer without withholding or deduction for or on account of United Kingdom income tax.

- (f) In all other cases, interest on the Notes that has a United Kingdom source will generally be paid by the Issuer after deduction of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any direction to the contrary from HM Revenue & Customs in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty and subject to the availability of any other reliefs under domestic law. From April 2027, provisions in the Finance (No. 2) Bill 2024-2026, as ordered to be printed on 4 December 2025, provide that the rate of withholding will be equal to the savings basic rate of income tax, and that such rate will increase to 22 per cent.
- (g) If interest was paid subject to deduction of United Kingdom income tax (e.g. if the Notes lost their listing), Noteholders who are not resident for tax purposes in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in an applicable double taxation treaty.
- (h) Interest on the Notes will have a United Kingdom source and accordingly may be chargeable to United Kingdom tax by direct assessment, irrespective of the residence of the Noteholder and even if the interest is paid without withholding or deduction. However, interest will not generally be assessed to United Kingdom tax by direct assessment in the hands of a holder of Notes who is not resident in the United Kingdom, except where such person, in the case of an individual, carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency or, in the case of a body corporate, carries on a trade in the United Kingdom through a permanent establishment, in connection with which the interest is received or to which the Notes are attributable, in which case (subject to exemptions for interest received by certain categories of agent, such as brokers and investment managers) tax may be levied on the United Kingdom branch, agency or permanent establishment.
- (i) Noteholders should note that the provisions relating to additional amounts referred to in “Terms and Conditions of the Senior Notes – Taxation”, “Terms and Conditions of the Tier 2 Notes – Taxation”, or “Terms and Conditions of the Tier 3 Notes – Taxation”, as applicable, would not apply if HM Revenue & Customs sought to assess directly the person entitled to the relevant interest to United Kingdom tax. However, exemption from, or reduction of, such United Kingdom tax liability might be available under an applicable double taxation treaty.
- (j) The United Kingdom withholding tax treatment of payments by the Guarantor under the terms of the Guarantee in respect of interest on the Notes (or other amounts due under the Notes other than the repayment of their principal amount (save to the extent it comprises a premium or discount)) is uncertain. In particular, such payments by the Guarantor may not be eligible for the exemption in respect of securities listed on a recognised stock exchange described in paragraph (e) above in relation to payments of interest by the Issuer. Accordingly, if the Guarantor makes any such payments, these may be subject to United Kingdom withholding tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply. From April 2027, provisions in the Finance (No. 2) Bill 2024-2026, as ordered to be printed on 4 December 2025, provide that the rate of withholding will be equal to the savings basic rate of income tax, and that such rate will increase to 22 per cent.

FATCA

Pursuant to certain provisions of the Code, commonly known as FATCA, a “foreign financial institution” (as defined by FATCA) may be required to withhold at a rate of 30 per cent. on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting or related requirements. The Issuers are foreign financial institutions for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments

such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, proposed regulations have been issued that provide that such withholding would not apply prior to the date that is two years after the date on which final regulations defining “foreign passthru payments” are published in the U.S. Federal Register. In the preamble to the proposed regulations, the U.S. Department of the Treasury indicated that taxpayers may rely on these proposed regulations until the issuance of final regulations. Additionally, Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional notes (as described under Conditions 15 (*Further Issues*) of the Terms and Conditions of the Senior Notes or Condition 16 (*Further Issues*) of the Terms and Conditions of the Tier 2 Notes and the Terms and Conditions of the Tier 3 Notes) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. If an amount were to be deducted or withheld from payments on the Notes as a result of FATCA, neither the relevant Issuer nor any Paying Agent would be required to pay additional amounts on account of such deduction or withholding. As a result, if payments in respect of the Notes are subject to FATCA withholding, investors may receive less than expected. Noteholders should consult their own tax advisers regarding how FATCA may apply to their investment in the Notes.

SUBSCRIPTION AND SALE

Summary of Distribution Agreement

Subject to the terms and on the conditions contained in the Distribution Agreement, the Notes will be offered on a continuous basis by either L&G or L&GF to the Permanent Dealers. However, each of L&G and L&GF has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by each of the Issuers through the Dealers, acting as agents of the relevant Issuer. The Distribution Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The relevant Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuers and the Guarantor have agreed to reimburse the Arranger and the Dealers for certain of their activities in connection with the Programme.

The Issuers and the Guarantor have agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Distribution Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

The Dealers are entitled in certain circumstances to be released and discharged from their obligations under the Distribution Agreement prior to the closing of the issue of the Notes, including in the event that certain conditions precedent are not delivered or met to their satisfaction on the Issue Date. In this situation, the issuance of the Notes may not be completed. Investors will have no rights against the Issuer or Dealers in respect of any expense incurred or loss suffered in these circumstances.

Selling Restrictions

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), or any state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Distribution Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of its distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of Notes comprising any Tranche, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

This Prospectus has been prepared by the Issuers for use in connection with the offer and sale of the Notes outside the United States. The Issuers and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. Distribution of this Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is not authorised and any disclosure without the prior written consent of the Issuers of any of the contents of this Prospectus to any such person is prohibited.

Prohibition of Sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available

and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision, the expression “**retail investor**” means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Prohibition of Sales to UK Retail Investors

Unless the Final Terms in respect of any Notes specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold, distributed or otherwise made available and will not offer, sell, distribute or otherwise make available any Notes which are the subject of this Prospectus as completed by the Final Terms in relation thereto to any retail investor in the UK. For the purposes of this provision, the expression “**retail investor**” means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of the domestic law of the UK by virtue of the EUWA.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the relevant Issuer;

- (iii) it has not and will not distribute or deliver any offering memorandum (as such term is defined under applicable Canadian securities laws) or any other offering material in connection with any offering or sale of the Notes, in or to a resident of Canada, other than delivery of this Prospectus, and otherwise in compliance with applicable Canadian securities laws.

General

These selling restrictions may be modified by the agreement of the Issuers and the Guarantor and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Prospectus.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of this Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has undertaken and each further Dealer appointed under the Programme will be required to undertake that it will not, directly or indirectly, offer or sell any Notes or distribute this Prospectus or publish any prospectus, form of application, advertisement or other document or information in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and neither the Issuers nor, in the case of Notes issued by L&GF, the Guarantor, nor any other Dealer shall have responsibility for the action of such Dealer.

No Dealer has been authorised to make any representation or use any information in connection with the issue, subscription and sale of any of the Notes other than as contained or incorporated by reference in this Prospectus or any amendment or supplement to it.

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. They have received, or may in the future receive, customary fees and commissions for these transactions. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
