WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be September 10, 2020. If the Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Price of the Lowest Performing Fund is greater than or equal to its Threshold Price: the Face Amount *plus* the Contingent Fixed Return; or
- if the Ending Price of the Lowest Performing Fund is less than its Threshold Price: the Face Amount *plus*:

(Face Amount x Fund Performance of Lowest Performing Fund)

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Fund” shall mean each of the SPDR S&P Oil & Gas Exploration & Production ETF, the SPDR S&P Retail ETF and the SPDR S&P Biotech ETF.

The “Pricing Date” shall mean August 28, 2019.

The “Starting Price” with respect to the SPDR S&P Oil & Gas Exploration & Production ETF is \$21.25, its Fund Closing Price on the Pricing Date, with respect to the SPDR S&P Retail ETF is \$39.55, its Fund Closing Price on the Pricing Date, and with respect to the SPDR S&P Biotech ETF is \$80.06, its Fund Closing Price on the Pricing Date.

The “Lowest Performing Fund” will be the Fund with the lowest Fund Performance as measured from its Starting Price to its Ending Price.

The “Fund Performance” with respect to a Fund is the percentage change from its Starting Price to its Ending Price, measured as follows:

$$\frac{\text{Ending Price} - \text{Starting Price}}{\text{Starting Price}}$$

The “Fund Closing Price” with respect to a Fund on any Trading Day means the product of (i) the Closing Price of one share of such Fund (or one unit of any other security for which a Fund Closing Price must be determined) on such Trading Day and (ii) the Adjustment Factor applicable to such Fund on such Trading Day.

The “Closing Price” for one share of a Fund (or one unit of any other security for which a Closing Price must be determined) on any Trading Day means the official closing price on such day published by the principal United States securities exchange registered under the Securities Exchange Act of 1934, as amended, on which such Fund (or any such other security) is listed or admitted to trading.

The “Adjustment Factor” means, with respect to a share of a Fund (or one unit of any other security for which a Fund Closing Price must be determined), 1.0, subject to adjustment in the event of certain events affecting the shares of such Fund. See “Anti-dilution Adjustments Relating To A Fund; Alternate Calculation” below”.

The “Ending Price” of a Fund will be its Fund Closing Price on the Calculation Day.

A “Trading Day” with respect to a Fund means a day, as determined by the Calculation Agent, on which the Relevant Stock Exchange and each Related Futures or Options Exchange with respect to such Fund or any successor thereto, if applicable, are scheduled to be open for trading for their respective regular trading sessions.

The “Relevant Stock Exchange” for a Fund means the primary exchange or quotation system on which shares (or other applicable securities) of such Fund are traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for a Fund means each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Fund.

The “Calculation Day” shall be September 4, 2020. If such day is not a Trading Day with respect to any Fund, the Calculation Day for each Fund will be postponed to the next succeeding day that is a Trading Day with respect to each Fund. The Calculation Day for a Fund is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Fund. If a Market Disruption Event occurs or is continuing with respect to a Fund on the Calculation Day, then the Calculation Day for such Fund will be postponed to the first succeeding Trading Day for such Fund on which a Market Disruption Event for such Fund has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Fund after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Fund. If the Calculation Day has been postponed eight Trading Days for a Fund after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing

with respect to such Fund on such eighth Trading Day, the Calculation Agent will determine the Closing Price of such Fund on such eighth Trading Day based on its good faith estimate of the value of the shares (or other applicable securities) of such Fund as of the close of trading on such eighth Trading Day. Notwithstanding the postponement of the Calculation Day for a Fund due to a Market Disruption Event with respect to such Fund on the Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Fund not affected by a Market Disruption Event on such day. See “—Market Disruption Events.”

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Ending Price and the Maturity Payment Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Market Disruption Events

A “Market Disruption Event” means, with respect to a Fund, any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchange or otherwise relating to the shares (or other applicable securities) of such Fund or any Successor Fund (as defined below) on the Relevant Stock Exchange at any time during the one-hour period that ends at the Close of Trading on such day, whether by reason of movements in price exceeding limits permitted by such Relevant Stock Exchange or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the shares (or other applicable securities) of such Fund or any Successor Fund on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, shares (or other applicable securities) of such Fund or any Successor Fund on the Relevant Stock Exchange at any time during the one-hour period that ends at the Close of Trading on that day.

- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to shares (or other applicable securities) of such Fund or any Successor Fund on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure of the Relevant Stock Exchange or any Related Futures or Options Exchange with respect to such Fund or any Successor Fund prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at the Close of Trading on that day.
- (F) The Relevant Stock Exchange or any Related Futures or Options Exchange with respect to such Fund or any Successor Fund fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to a Fund:

- (1) “Close of Trading” means the Scheduled Closing Time of the Relevant Stock Exchange with respect to such Fund or any Successor Fund; and
- (2) the “Scheduled Closing Time” of the Relevant Stock Exchange or any Related Futures or Options Exchange on any Trading Day for such Fund or any Successor Fund means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

Anti-dilution Adjustments Relating To A Fund; Alternate Calculation

Anti-dilution Adjustments

The Calculation Agent will adjust the Adjustment Factor with respect to a Fund as specified below if any of the events specified below occurs with respect to such Fund and the effective date or ex-dividend date, as applicable, for such event is after the Pricing Date and on or prior to the Calculation Day for such Fund.

The adjustments specified below do not cover all events that could affect a Fund. The Calculation Agent may, in its sole discretion, make additional adjustments to any terms of this Security upon the occurrence of other events that affect or could potentially affect the market price of, or shareholder rights in, such Fund, with a view to offsetting, to the extent practical, any

such change, and preserving the relative investment risks of this Security. In addition, the Calculation Agent may, in its sole discretion, make adjustments or a series of adjustments that differ from those described herein if the Calculation Agent determines that such adjustments do not properly reflect the economic consequences of the events specified herein or would not preserve the relative investment risks of this Security. All determinations made by the Calculation Agent in making any adjustments to the terms of this Security, including adjustments that are in addition to, or that differ from, those described herein, will be made in good faith and a commercially reasonable manner, with the aim of ensuring an equitable result. In determining whether to make any adjustment to the terms of this Security, the Calculation Agent may consider any adjustment made by the Options Clearing Corporation or any other equity derivatives clearing organization on options contracts on the affected Fund.

For any event described below, the Calculation Agent will not be required to adjust the Adjustment Factor for a Fund unless the adjustment would result in a change to such Adjustment Factor then in effect of at least 0.10%. The Adjustment Factor resulting from any adjustment will be rounded up or down, as appropriate, to the nearest one-hundred thousandth.

(A) *Stock Splits and Reverse Stock Splits*

If a stock split or reverse stock split has occurred with respect to a Fund, then once such split has become effective, the Adjustment Factor for such Fund will be adjusted to equal the product of the prior Adjustment Factor for such Fund and the number of securities which a holder of one share (or other applicable security) of such Fund before the effective date of such stock split or reverse stock split would have owned or been entitled to receive immediately following the applicable effective date.

(B) *Stock Dividends*

If a dividend or distribution of shares (or other applicable securities) of a Fund has been made by such Fund ratably to all holders of record of such shares (or other applicable security), then the Adjustment Factor for such Fund will be adjusted on the ex-dividend date to equal the prior Adjustment Factor for such Fund plus the product of the prior Adjustment Factor for such Fund and the number of shares (or other applicable security) of such Fund which a holder of one share (or other applicable security) of such Fund before the ex-dividend date would have owned or been entitled to receive immediately following that date; provided, however, that no adjustment will be made for a distribution for which the number of securities of such Fund paid or distributed is based on a fixed cash equivalent value.

(C) *Extraordinary Dividends*

If an Extraordinary Dividend (as defined below) has occurred with respect to a Fund, then the Adjustment Factor for such Fund will be adjusted on the ex-dividend date to equal the product of the prior Adjustment Factor for such Fund and a fraction, the numerator of which is the Closing Price per share (or other

applicable security) of such Fund on the Trading Day preceding the ex-dividend date, and the denominator of which is the amount by which the Closing Price per share (or other applicable security) of such Fund on the Trading Day preceding the ex-dividend date exceeds the Extraordinary Dividend Amount (as defined below).

For purposes of determining whether an Extraordinary Dividend has occurred:

- (1) “Extraordinary Dividend” means any cash dividend or distribution (or portion thereof) that the Calculation Agent determines, in its sole discretion, is extraordinary or special; and
- (2) “Extraordinary Dividend Amount” with respect to an Extraordinary Dividend for the securities of a Fund will equal the amount per share (or other applicable security) of such Fund of the applicable cash dividend or distribution that is attributable to the Extraordinary Dividend, as determined by the Calculation Agent in its sole discretion.

A distribution on the securities of a Fund described below under the section entitled “—Reorganization Events” below that also constitutes an Extraordinary Dividend will only cause an adjustment pursuant to that “—Reorganization Events” section.

(D) *Other Distributions*

If a Fund declares or makes a distribution to all holders of the shares (or other applicable security) of such Fund of any non-cash assets, excluding dividends or distributions described under the section entitled “—Stock Dividends” above, then the Calculation Agent may, in its sole discretion, make such adjustment (if any) to the Adjustment Factor as it deems appropriate in the circumstances. If the Calculation Agent determines to make an adjustment pursuant to this paragraph, it will do so with a view to offsetting, to the extent practical, any change in the economic position of a holder of this Security that results solely from the applicable event.

(E) *Reorganization Events*

If a Fund, or any Successor Fund, is subject to a merger, combination, consolidation or statutory exchange of securities with another exchange traded fund, and such Fund is not the surviving entity (a “Reorganization Event”), then, on or after the date of such event, the Calculation Agent shall, in its sole discretion, make an adjustment to the Adjustment Factor for such Fund or the method of determining the Maturity Payment Amount or any other terms of this Security as the Calculation Agent determines appropriate to account for the economic effect on this Security of such event, and determine the effective date of that adjustment. If the Calculation Agent determines that no adjustment that it

could make will produce a commercially reasonable result, then the Calculation Agent may deem such event a Liquidation Event (as defined below).

Liquidation Events

If a Fund is de-listed, liquidated or otherwise terminated (a “Liquidation Event”), and a successor or substitute exchange traded fund exists that the Calculation Agent determines, in its sole discretion, to be comparable to such Fund, then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, any subsequent Fund Closing Price for such Fund will be determined by reference to the Fund Closing Price of such successor or substitute exchange traded fund (such exchange traded fund being referred to herein as a “Successor Fund”), with such adjustments as the Calculation Agent determines are appropriate to account for the economic effect of such substitution on the holder of this Security.

If a Fund undergoes a Liquidation Event prior to, and such Liquidation Event is continuing on, the date that any Fund Closing Price of such Fund is to be determined and the Calculation Agent determines that no Successor Fund is available at such time, then the Calculation Agent will, in its discretion, calculate the Fund Closing Price for such Fund on such date by a computation methodology that the Calculation Agent determines will as closely as reasonably possible replicate such Fund, provided that if the Calculation Agent determines in its discretion that it is not practicable to replicate such Fund (including but not limited to the instance in which the sponsor of the relevant Underlying Index discontinues publication of that Underlying Index), then the Calculation Agent will calculate the Fund Closing Price for such Fund in accordance with the formula last used to calculate such Fund Closing Price before such Liquidation Event, but using only those securities that were held by such Fund immediately prior to such Liquidation Event without any rebalancing or substitution of such securities following such Liquidation Event.

If a Successor Fund is selected or the Calculation Agent calculates the Fund Closing Price as a substitute for a Fund, such Successor Fund or Fund Closing Price will be used as a substitute for such Fund for all purposes, including for purposes of determining whether a Market Disruption Event exists with respect to such Fund.

If any event is both a Reorganization Event and a Liquidation Event, such event will be treated as a Reorganization Event for purposes of this Security unless the Calculation Agent makes the determination referenced in the last sentence of the section entitled “—Anti-dilution Adjustments—Reorganization Events” above.

Alternate Calculation

If at any time the method of calculating a Fund or a Successor Fund, or the related Underlying Index, is changed in a material respect, or if a Fund or a Successor Fund is in any other way modified so that such Fund does not, in the opinion of the Calculation Agent, fairly represent the price of the securities of such Fund or such Successor Fund had such changes or modifications not been made, then the Calculation Agent may, at the close of business in New York City on the date that any Fund Closing Price is to be determined, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in

order to arrive at a Closing Price of an exchange traded fund comparable to such Fund or such Successor Fund, as the case may be, as if such changes or modifications had not been made, and calculate the Fund Closing Price of such Fund and the Maturity Payment Amount with reference to such adjusted Closing Price of such Fund or such Successor Fund, as applicable.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount. In addition, the Calculation Agent will (i) determine the Closing Prices of the Funds under certain circumstances, (ii) determine if adjustments are required to the Closing Prices of the Funds under the circumstances described in this Security, (iii) determine whether a Market Disruption Event or non-Trading Day has occurred, and (iv) if a Fund undergoes a Liquidation Event, select a Successor Fund or, if no Successor Fund is available, determine the Fund Closing Price of such Fund.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to September 10, 2020. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration was the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

Ladies and Gentlemen:

We have acted as counsel for Wells Fargo Finance LLC, a Delaware limited liability company (the “Company”), and Wells Fargo & Company, a Delaware corporation (the “Guarantor”), in connection with (i) the preparation of the Registration Statement on Form S-3, as amended, File Nos. 333-221324 and 333-221324-01 (the “Registration Statement”) of the Company and the Guarantor filed with the Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Securities Act”), relating to the proposed offer and sale from time to time of the securities referred to therein; and (ii) Pricing Supplement No. 150 dated August 28, 2019 to the Market Measure Supplement dated May 18, 2018, the Series A Prospectus Supplement dated May 18, 2018 and the Prospectus dated April 5, 2019, relating to the offer and sale by the Company under the Registration Statement of \$1,000,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the SPDR[®] S&P[®] Oil & Gas Exploration & Production ETF, the SPDR[®] S&P[®] Retail ETF and the SPDR[®] S&P[®] Biotech ETF due September 10, 2020, fully and unconditionally guaranteed by the Guarantor (the Medium-Term Notes described in clause (ii) being herein referred to as the “Notes”). The Notes are to be issued under the Indenture dated as of April 25, 2018 (the “Indenture”) among the Company, the Guarantor and Citibank, N.A., as trustee, and will be fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture (the “Guarantee”). The Notes will be sold pursuant to the Terms Agreement dated August 28, 2019 among the Company, the Guarantor and the Agent named therein (the “Terms Agreement”).

We have examined such documents, records and instruments as we have deemed necessary or appropriate for the purposes of this opinion.

Based on the foregoing, we are of the opinion that the Notes and the Guarantee have been duly authorized by the Company or the Guarantor, as applicable, and, when the Notes are duly executed by the Company, authenticated in accordance with the provisions of the Indenture, and delivered to and paid for by the Agent pursuant to the Terms Agreement, the Notes and the Guarantee will constitute valid and legally binding obligations of the Company or the Guarantor, as applicable, enforceable against the Company or the Guarantor, as applicable, in accordance with their terms subject to applicable bankruptcy, reorganization, insolvency, moratorium, fraudulent conveyance, receivership or other laws affecting creditors' rights generally from time to time in effect and subject to general equity principles including, without limitation, concepts of materiality, reasonableness, good faith, fair dealing and the possible unavailability of specific performance, injunctive relief or other equitable remedies (regardless of whether enforceability is considered in a proceeding in equity or at law) and except further as enforcement thereof may be limited by any governmental authority that limits, delays or prohibits the making of payments outside of the United States. As contemplated by the foregoing qualifications, in rendering the foregoing opinion, we are expressing no opinion as to Federal or state laws relating to fraudulent transfers. Without limiting any other qualifications set forth herein, the opinions expressed herein are subject to the effect of generally applicable laws that (i) limit the waiver of rights under usury laws; (ii) provide that, in the absence of an effective waiver or consent, a guarantor may be discharged from its guaranty, to the extent the guaranteed obligations are modified or other action or inaction increases the scope of the guarantor's risk or otherwise detrimentally affects the guarantor's interests, such as by negligently administering the guaranteed obligations, or releasing the primary obligor from the guaranteed obligations; or (iii) permit a guarantor to revoke a guaranty with respect to guaranteed obligations incurred after the revocation, notwithstanding the absence of an express right of revocation in the document providing for such guaranty.

We have relied as to certain relevant facts upon certificates of, and/or information provided by, officers and employees of the Company and the Guarantor as to the accuracy of such factual matters without independent verification thereof or other investigation. We have also relied, without investigation, upon the following assumptions: (i) natural persons acting on behalf of the Company and the Guarantor have sufficient legal capacity to enter into and perform, on behalf of the Company or the Guarantor, the transaction in question; (ii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has satisfied those legal requirements that are applicable to it to the extent necessary to make such agreements or instruments enforceable against it; (iii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has complied with all legal requirements pertaining to its status as such status relates to its rights to enforce such agreements or instruments against the Company or the Guarantor; (iv) each document submitted to us for review is accurate and complete, each such document that is an original is authentic, each such document that is a copy conforms to an authentic original, and all signatures on each such document are genuine; and (v) the Notes and the Guarantee are necessary or convenient to the conduct, promotion or attainment of the business of the Company and the Guarantor.

The opinions expressed herein are limited to the specific issues addressed and to documents and laws existing on the date hereof. By rendering our opinion, we do not undertake to advise you

with respect to any other matter or of any change in such documents and laws or in the interpretation thereof which may occur after the date hereof.

Our opinions set forth herein are limited to the laws of the State of New York, the General Corporation Law of the State of Delaware, the Delaware Limited Liability Company Act and the federal laws of the United States of America, and we are expressing no opinion as to the effect of any other laws.

We hereby consent to the filing of this opinion as an exhibit to a Current Report on Form 8-K of the Company filed with the Commission and thereby incorporated by reference into the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act.

Very truly yours,

FAEGRE BAKER DANIELS LLP
