GlaxoSmithKline plc

(incorporated in England and Wales with limited liability under registered number 3888792)

On 4th December, 2001 GlaxoSmithKline Capital Inc. (“**GSK Capital Inc.**”) and GlaxoSmithKline Capital plc (“**GSK Capital plc**”) established a Euro Medium Term Note Programme (the “**Programme**”). On 16th May, 2003 GlaxoSmithKline Capital Kabushiki Kaisha (“**GSK Capital K.K.**”) was added as an issuer under the Programme. On 13th May, 2004 GlaxoSmithKline plc (“**GSK plc**”) was added as an issuer under the Programme. GSK Capital K.K. ceased to be an issuer under the Programme on 9th March, 2007. This Prospectus supersedes all previous prospectuses. Any Notes (as defined below) issued under the Programme on or after the date of this Prospectus are issued subject to the provisions described herein. This does not affect any Notes already in issue. Pursuant to the Programme, GSK plc, GSK Capital Inc. and GSK Capital plc (each an “**Issuer**” and together the “**Issuers**”) may from time to time issue notes (the “**Notes**”) denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below).

The payments of all amounts owing in respect of the Notes issued by GSK Capital Inc. and GSK Capital plc (“**Guaranteed Notes**”) will be unconditionally and irrevocably guaranteed by GSK plc (the “**Guarantor**”) under the terms of a trust deed dated 4th December, 2001, as modified and/or supplemented and/or restated from time to time, (the “**Trust Deed**”) (such guarantee, the “**Guarantee**”).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed £15,000,000,000 (or its equivalent in other currencies calculated as described herein), subject to increase at any time.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “**Summary of the Programme**” and any additional Dealer appointed under the Programme from time to time by the relevant Issuer (each a “**Dealer**” and together the “**Dealers**”), which appointment may be for a specific issue or on an ongoing basis. References in this Prospectus to the “**relevant Dealer**” shall, in the case of an issue of Notes being (or intended to be) purchased by more than one Dealer, be to all Dealers agreeing to purchase such Notes.

In relation to each separate issue of Notes, the final offer price and amount of such Notes will be determined by the relevant Issuer and the relevant Dealers in accordance with prevailing market conditions at the time of the issue of the Notes and will be set out in the applicable Final Terms (as defined below).

Application will be made to the Financial Services Authority in its capacity as competent authority (the “**UK Listing Authority**”) under the Financial Services and Markets Act 2000 (the “**FSMA**”) for Notes issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the official list of the UK Listing Authority (the “**Official List**”) and application will be made to the London Stock Exchange plc (the “**London Stock Exchange**”) for such Notes to be permitted to be admitted to trading on the London Stock Exchange’s Regulated Market. References in this Prospectus to Notes being “**listed**” (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange’s Regulated Market and have been admitted to the Official List. The London Stock Exchange’s Regulated Market is a regulated market for the purposes of Directive 2004/39/EC (the “**Markets in Financial Instruments Directive**”).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under “**Terms and Conditions of the Notes**”) of Notes will be set out in final terms (the “**Final Terms**”) which, with respect to Notes to be admitted to the Official List and admitted to trading on the London Stock Exchange’s Regulated Market, will be delivered to the UK Listing Authority and the London Stock Exchange on or before the date of issue of the Notes of such Tranche and will be so delivered when otherwise required.

The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or markets as may be agreed between the relevant Issuer, the Guarantor (in the case of Guaranteed Notes) and the relevant Dealer. The Issuers may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The relevant Issuer, the Guarantor (in the case of Guaranteed Notes) and the Trustee (as defined herein) may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event (in the case of Notes admitted to the Official List only) a supplementary prospectus or a further prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

Any person (an “**Investor**”) intending to acquire or acquiring any notes from any person (an “**Offeror**”) should be aware that, in the context of an offer to the public as defined in section 102B of the FSMA, the Issuer may be responsible to the Investor for the Prospectus under section 90 of the FSMA only if the Issuer has authorised that Offeror to make the offer to the Investor. Each Investor should therefore enquire whether the Offeror is so authorised by the Issuer. If the Offeror is not authorised by the Issuer, the Investor should check with the Offeror whether anyone is responsible for the Prospectus for the purposes of section 90 of the FSMA in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on the Prospectus and/or who is responsible for its contents it should take legal advice.

Where information relating to the terms of the relevant offer required pursuant to Directive 2003/71/EC (the “Prospectus Directive**”) is not contained in this Prospectus, it will be the responsibility of the relevant Offeror at the time of such offer to provide the Investor with such information.**

Factors which may affect the ability of the Issuers or the Guarantor to fulfil their obligations under the Programme and factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are set out on pages 16 to 28.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. None of the Issuers, the Guarantor, the Trustee or the Dealers represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by any Issuer, the Guarantor, the Trustee or the Dealers which is intended to permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the

relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, each Issuer may from time to time issue Notes denominated in any currency, subject as set out herein. A summary of the Programme and the Terms and Conditions of the Notes appears below. The applicable terms of any Notes will be agreed between the relevant Issuer and the relevant Dealer prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes endorsed on, attached to, or incorporated by reference into, the Notes, as modified and supplemented by the applicable Final Terms attached to, or endorsed on, such Notes, as more fully described under “Form of the Notes”.

The Notes issued by any Issuer will not constitute direct obligations of any of the other two Issuers.

This Prospectus and any supplement will only be valid for admitting Notes to the Official List and to trading on the London Stock Exchange’s Regulated Market, or on any other or further stock exchanges or markets in the European Economic Area agreed between the Issuer and any relevant Dealer in relation to a Series of Notes, during the period of 12 months from the date of this Prospectus in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed £15,000,000,000 or its equivalent in other currencies. For the purpose of calculating the sterling equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the sterling equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms in relation to the relevant Notes and described under “Form of the Notes”) shall be determined, at the discretion of the relevant Issuer, either as of the date on which agreement is reached for the issue of such Notes or on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the sterling against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading international bank selected by the relevant Issuer on the relevant day of calculation;
- (b) the sterling equivalent of Dual Currency Notes, Index Linked Notes and Partly Paid Notes (each as specified in the applicable Final Terms in relation to the relevant Notes and described under “Form of the Notes”) shall be calculated in the manner specified above by reference to the original nominal amount on issue of such Notes (in the case of Partly Paid Notes regardless of the subscription price paid); and
- (c) the sterling equivalent of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes and described under “Form of the Notes”) and other Notes issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the relevant Issuer for the relevant issue.

SUMMARY OF THE PROGRAMME

This summary must be read as an introduction to this Prospectus. Any decision to invest in any Notes should be based on a consideration of this Prospectus as a whole, including the documents incorporated by reference into this Prospectus, by any investor. Following the implementation of the relevant provisions of the Prospectus Directive (Directive 2003/71/EC) in each Member State of the European Economic Area no civil liability attaches to the Responsible Persons in any such Member State solely in respect of this Summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Prospectus. Where a claim relating to information contained in this Prospectus is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State of the European Economic Area where the claim is brought, be required to bear the costs of translating the Prospectus before the legal proceedings are initiated.

Words and expressions defined in “Form of the Notes” and “Terms and Conditions of the Notes” shall have the same meanings in this summary.

Issuers: GlaxoSmithKline plc, GlaxoSmithKline Capital Inc. or GlaxoSmithKline Capital plc (each an “**Issuer**” and together the “**Issuers**”).

Guarantor: GlaxoSmithKline plc

Description: Euro Medium Term Note Programme.

Risk Factors: *The following factors may affect the ability of the Issuers and Guarantor to fulfil their obligations under Notes issued under the Programme. The following summary is taken from, and is qualified entirely by the “Risk Factors” section of this Prospectus. Prospective investors should consult their own financial and legal advisers about risks associated with an investment in any Notes issued under the Programme and the suitability of investing in such Notes in light of their particular circumstances.*

Factors that may affect each Issuer’s ability to fulfil its obligations under Notes issued under the Programme

There are risks and uncertainties relevant to GlaxoSmithKline plc group’s (the “**Group**”) business, financial condition and results of operations that may affect future performance.

Risk that research and development will not deliver commercially successful new products

Continued development of commercially viable new products is critical to the Group’s ability to replace sales of older products that decline upon expiration of exclusive rights and to increase overall sales. Developing new products is a costly, lengthy and uncertain process.

Patent infringement litigation

Efforts by generic manufacturers may involve challenges to the validity or enforceability of a patent or assertions that the generic product does not infringe the Group’s patents. If the Group is not successful in defending an attack on its patents and maintaining exclusive rights to market one or more of its major products, particularly in the USA where the Group has its highest turnover and margins, the Group’s financial results may be materially and adversely affected.

Potential changes in intellectual property laws and regulations

Proposals to change existing patent and data exclusivity laws and regulations in major markets in which the Group sells its products could have the effect of making prosecution of patents for new products more difficult and time consuming or adversely affect the exclusivity period for the Group's products and, if enacted, may materially and adversely affect the Group's financial results.

Weakness of intellectual property protection in certain countries

In some of the countries in which the Group operates, patent protection may be significantly weaker than in the USA or the European Union.

Risk of substantial adverse outcome of litigation and government investigations

The Group is currently involved in certain proceedings and governmental investigations. Unfavourable resolution of these and similar future proceedings or investigations may have a material adverse effect on the Group's financial condition and results of operations.

Third party competition

Significant product innovations, technical advances or the intensification of price competition by competitors may materially and adversely affect the Group's financial results.

Governmental and payer controls

Pharmaceutical products are subject to price controls or pressures and other restrictions in many markets. The Group cannot accurately predict whether existing controls, pressures or restrictions will increase or whether new controls, pressures or restrictions will be introduced. Such measures may materially and adversely affect the Group's ability to introduce new products profitably and its financial results.

Regulatory controls

Stricter regulatory controls heighten the risk of changes in product profile or withdrawal by regulators of approvals previously granted, which could reduce revenues and result in product recalls and product liability lawsuits.

Risk of interruption of product supply

Compliance failure by suppliers of services and key materials or the Group's own manufacturing facilities could lead to product recalls and seizures, interruption of production and delays in the approvals of new products pending resolution of manufacturing issues. Non-compliance can also result in fines and disgorgement of profits. Any interruption of supply or fines or disgorgement remedy could materially and adversely affect the Group's financial results.

Risk from concentration of sales to wholesalers

The Group is exposed to a concentration of credit risk in respect of certain wholesalers such that, if one or more of them is affected by financial difficulty, it could materially and adversely affect the Group's financial results.

Global political and economic conditions

Many of the world's largest economies and financial institutions currently face extreme financial difficulty and it is uncertain how long this crisis will last but many are concerned that their economies may enter a deep and prolonged recession.

Fluctuations in exchange rates between Sterling and other currencies, especially the U.S. dollar, the Euro and the Japanese Yen, could materially affect the Group's financial results.

The Group has no control over changes in inflation and interest rates, foreign currency exchange rates and controls or other economic factors affecting its businesses or the possibility of political unrest, legal and regulatory changes or nationalisation in jurisdictions in which the Group operates.

Taxation and treasury

Changes in tax laws or in their application with respect to matters, such as transfer pricing, foreign dividends and controlled companies, could increase the Group's effective tax rate and adversely affect its financial results.

Pandemic influenza

The market for pandemic influenza vaccines is experiencing significant volatility and there can be no assurance that sales of influenza vaccines will meet the Group's estimates or contribute significantly to the Group's results in 2011 or beyond.

Environmental liabilities

Failure to manage properly environmental risks could result in additional remedial costs that could materially and adversely affect the Group's financial results.

Accounting standards

New or revised accounting standards and rules circulated from time to time by an international standard setting board may materially and adversely affect the Group's financial results.

Failure of third party providers

The failure of any third-party supplier to fulfil its contractual obligations in a timely manner may result in delays or service interruptions which could constrain the sales of the Group's products.

Protection of electronic information and assets

The Group relies on critical and sensitive data, the security of which is exposed to increasing threats. The Group is also subject to various standards for the protection of personally identifiable information and a failure to implement appropriate safeguards to adequately protect against any unauthorised or unintentional access, acquisition, use, modification, loss or disclosure of this data may adversely affect the Group's operations.

Alliances and acquisitions

There is intense competition for alliance and acquisition candidates in the pharmaceutical industry, and, as such, the Group may be unable to make these alliances or acquisitions on acceptable terms or at all. In acquiring or forming alliances with other companies, the Group may assume significant debt, become subject to unknown or contingent liabilities or fail to realise the benefits expected from these transactions.

The process of integrating companies that the Group may acquire may result in disruption to the ongoing business of the Group which may materially and adversely affect the Group's financial results.

Attraction and retention

The Group relies heavily on recruiting and retaining talented employees with a range of skills to meet its objectives and the Group faces intense competition for such qualified individuals. The inability to attract staff with specific technical and leadership skills, retain key employees or ensure effective succession planning for critical positions may materially and adversely affect the Group's financial results.

Implementing the Group's strategic priorities

The Group has established three strategic priorities: to grow a diversified business, deliver more products of value and simplify its operating model. There can be no assurance that the Group will be able to implement its strategic priorities fully or that the strategic priorities will deliver the expected benefits.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

RISK FACTORS

The following material factors may affect the ability of the Issuers and Guarantor to fulfil their obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and neither the Issuers nor the Guarantor are in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which (although not exhaustive) could be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should note that the inability of the Issuers or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for reasons which may not be considered significant by the Issuers and the Guarantor based on the information currently available to them, or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision. Prospective investors should also consult their own financial and legal advisers about risks associated with an investment in any Notes issued under the Programme and the suitability of investing in such Notes in light of their particular circumstances.

Factors that may affect each Issuer's ability to fulfil its obligations under Notes issued under the Programme

There are risks and uncertainties relevant to the Group's business, financial condition and results of operations that may affect the Group's performance and ability to achieve its objectives. The factors below are among those that the Group thinks could cause its actual results to differ materially from expected and historical results. There are other risks and uncertainties not currently known to the Group or which are deemed immaterial.

References to "the Financial statements" mean the financial statements in the Group's Annual Report 2009.

Risk that research and development ("R&D") will not deliver commercially successful new products

Continued development of commercially viable new products as well as the development of additional uses for existing products is critical to the Group's ability to replace sales of older products that decline upon expiration of exclusive rights and to increase overall sales. Developing new products is a costly, lengthy and uncertain process.

A new product candidate can fail at any stage of the process, and one or more late-stage product candidates could fail to receive regulatory approval.

New product candidates may appear promising in development but, after significant investment, fail to reach the market or have only limited commercial success. This, for example, could be as a result of efficacy or safety concerns, an inability to obtain necessary regulatory approvals, difficulty manufacturing or excessive manufacturing costs, erosion of patent term as a result of a lengthy development period, infringement of patents or other intellectual property rights of others or an inability to differentiate the product adequately from those with which it competes. Furthermore, health authorities such as the United States' Food and Drug Administration (the "FDA"), the European Medicines Agency and the Japan Pharmaceuticals and Medicines Device Agency have increased their focus on safety when assessing the benefit/risk balance of drugs, which has made it more difficult for pharmaceutical products to gain regulatory approval.

There is also increasing pressure on healthcare authorities' budgets as the average age of the population in developed markets increases and the absolute population in developing markets grows. Payers have therefore increasingly demanded greater incremental benefit from drugs before agreeing to reimburse suppliers at prices suppliers consider appropriate. A failure to develop commercially successful products or

develop additional uses for existing products for any of these reasons could materially and adversely affect the Group's financial results.

Patent infringement litigation

The Group's patents, in common with all patents, can be challenged at any time. Efforts by generic manufacturers may involve challenges to the validity or enforceability of a patent or assertions that their generic product does not infringe the Group's patents. If the Group is not successful in defending an attack on its patents and maintaining exclusive rights to market one or more of its major products, particularly in the USA where the Group has its highest turnover and margins, the Group's financial results may be materially and adversely affected. See "Legal proceedings", incorporated by reference herein, for a discussion of patent-related proceedings in which the Group is involved, and "Products, intellectual property and competition", incorporated by reference herein, for a description of resolution of prior proceedings which affect the dates on which generic versions of the Group's products may be introduced.

Generic drug manufacturers are seeking to market generic versions of many of the Group's most important products, prior to the expiration of the Group's patents, and have exhibited a readiness to do so for other products in the future. The U.S. launch of generic products competing with *Lamictal*, *Imitrex*, *Paxil CR*, *Requip*, *Wellbutrin XL* and *Valtrex* had a significant impact on the Group's overall turnover and earnings for 2009.

Potential changes in intellectual property laws and regulations

Proposals to change existing patent and data exclusivity laws and regulations in major markets in which the Group sells its products are a continuing feature of the political process in those countries. These include proposals that could have the effect of making prosecution of patents for new products more difficult and time-consuming or adversely affect the exclusivity period for the Group's products, including biological products. Should such proposals be enacted they may materially and adversely affect the Group's financial results.

Weakness of intellectual property protection in certain countries

In some of the countries in which the Group operates, patent protection may be significantly weaker than in the USA or the European Union. Some developing countries have reduced, or threatened to reduce, effective patent protection for pharmaceutical products generally, or in particular therapeutic areas, to facilitate early competition within their markets from generic manufacturers. Any loss of patent protection, including reducing the scope of patent rights or compulsory licensing, could materially and adversely affect the Group's financial results in those national markets but is not expected to be material to the Group overall. Absence of adequate patent protection could limit the opportunity to look to such markets for future sales growth.

Risk of substantial adverse outcome of litigation and government investigations

See "Legal proceedings", incorporated by reference herein, for a discussion of proceedings and governmental investigations - involving matters which if proven could give rise to civil and/or criminal liabilities - in which the Group is currently involved. Unfavourable resolution of these and similar future proceedings or investigations may have a material adverse effect on the Group's financial condition and results of operations. The Group has made material provisions in 2009 and prior years related to legal proceedings and investigations which reduced its earnings.

The Group may also make additional significant provisions related to legal proceedings and investigations in the future, which would reduce its earnings. In many cases the practice of the plaintiff bar is to claim damages in amounts that bear no relationship to the underlying harm. Accordingly it may be potentially misleading for the Group to quantify, based on the amount of damages claimed, the potential exposure to claims, proceedings and investigations of the type described in "Legal proceedings", incorporated by reference herein.

Recent insurance loss experience, including pharmaceutical product liability exposures, has increased the cost of, and narrowed the coverage afforded by, insurance for pharmaceutical companies generally, including the Group.

In order to contain insurance costs in recent years the Group has continued to adjust its coverage profile, accepting a greater degree of un-insured exposure. In addition, where claims are made under insurance policies, insurers may reserve the right to deny coverage on various grounds. If denial of coverage is ultimately upheld on these claims, this could result in additional charges that may materially and adversely affect the Group's financial results.

Product liability litigation

Pre-clinical and clinical trials are conducted during the development of potential products to determine the safety and efficacy of products for use by humans following approval by regulatory bodies. Notwithstanding these efforts, when drugs and vaccines are introduced into the marketplace, unanticipated side effects may become evident.

In other instances third parties may perform analyses of published clinical trial results which, although not necessarily accurate or meaningful, may raise questions regarding safety of pharmaceutical products which may be publicised by the media and may result in product liability claims. The Group is currently a defendant in a number of product liability lawsuits, including class actions, that involve substantial claims for damages related to the Group's pharmaceutical products. Litigation, particularly in the USA, is inherently unpredictable and excessive verdicts that are not justified by the evidence can occur. Class actions that sweep together all persons who were prescribed the Group's products can inflate the potential liability by the force of numbers. Claims for pain and suffering and punitive damages are frequently asserted in product liability actions and, if allowed, can represent potentially open-ended exposure and thus could materially and adversely affect the Group's financial results.

Anti-trust litigation

In the USA it has become increasingly common for patent infringement actions to prompt claims that anti-trust laws have been violated during the initial prosecution of the patent or during litigation involving the defence of that patent. Such claims by direct and indirect purchasers and other payers are typically filed as class actions. The relief sought may include treble damages and restitution claims. Damages in adverse anti-trust verdicts are subject to automatic trebling in the USA. Similarly, anti-trust claims may be brought following settlement of patent litigation, alleging that such settlements are anti-competitive and in violation of anti-trust laws. A successful anti-trust claim against the Group could materially and adversely affect the Group's financial results.

Sales, marketing and regulation

The Group operates globally in complex legal and regulatory environments that often vary among jurisdictions. The failure to comply with applicable laws, rules and regulations in these jurisdictions may result in civil and criminal legal proceedings. As those rules and regulations change or as governmental interpretation of those rules and regulations evolve, prior conduct may be called into question.

In the USA, for example, the Group is responding to federal and state governmental investigations into pricing, marketing and reimbursement of its prescription drug products. These investigations could result in related restitution or Civil False Claims Act litigation on behalf of the federal or state governments, as well as related proceedings initiated against the Group by or on behalf of consumers and private payers. Such proceedings may result in trebling of damages awarded or fines in respect of each violation of law. Criminal proceedings may also be initiated against the Group. Any of these consequences could materially and adversely affect the Group's financial results.

Third party competition

The Group operates in highly competitive markets. In the pharmaceuticals business, it faces competition both from proprietary products of large international manufacturers and producers of generic pharmaceuticals. Significant product innovations, technical advances or the intensification of price competition by competitors may materially and adversely affect the Group's financial results. The Group cannot predict the timing or impact of competitive products or their potential impact on sales of the Group's products. Continued consolidation in the pharmaceutical industry may adversely affect the Group's competitive position, while continued consolidation among the Group's customers may increase pricing pressures.

The Group had nine pharmaceutical products with over £500 million in annual global sales in 2009. Among these products are *Augmentin IR* and *ES*, *Lamictal IR*, *Paxil* and *Valtrex* for which there is generic competition in the USA.

If any of the Group's major products were to become subject to a problem such as unplanned loss of patent protection, unexpected side effects, regulatory proceedings, publicity affecting doctor or patient confidence or pressure from competitive products, or if a new, more effective treatment should be introduced, the Group's financial results may be materially and adversely affected.

In particular, the Group faces intense competition from manufacturers of generic pharmaceutical products in all of its major markets. Generic products often enter the market upon expiration of patents or data exclusivity periods for the Group's products. Introduction of generic products typically leads to a dramatic loss of sales and reduces the Group's revenues and margins for its proprietary products. The expiration dates for patents for the Group's major products and a description of litigation settlements which may affect the dates on which generic versions of the Group's products may be introduced are set out in "Products, intellectual property and competition", incorporated by reference herein. Legal proceedings involving patent challenges are set out in "Legal proceedings", incorporated by reference herein.

Governmental and payer controls

Pharmaceutical products are subject to price controls or pressures and other restrictions in many markets, including Japan, Germany, Spain, France and Italy. Some governments intervene directly in setting prices.

In addition, in some markets major purchasers of pharmaceutical products (whether governmental agencies or private health care providers) have the economic power to exert substantial pressure on prices or the terms of access to formularies.

The Group cannot accurately predict whether existing controls, pressures or restrictions will increase or whether new controls, pressures or restrictions will be introduced. Such measures may materially and adversely affect the Group's ability to introduce new products profitably and its financial results.

For example, in the USA, where the Group has its highest margins and the most sales for any country, pricing pressures could significantly increase as experience continues to develop under the outpatient pharmaceutical programme covering Medicare beneficiaries that began in 2006. Also, changes to the related enabling legislation could afford the US government a direct role in negotiating prices under the Medicare programme.

In addition, the US Congress is considering comprehensive health-care reform legislation that could significantly expand the scope of government health-care programmes that include specific price control mechanisms or that could increase the Group's rebate liability with respect to these programmes.

Additionally, a number of states have proposed or implemented various schemes to control prices for their low-income and senior citizens' programmes, including increasing the rebate liability of pharmaceutical companies, importation from other countries and bulk purchases of drugs. The growth in the number of patients covered through large managed care institutions in the USA, which has increased with the

implementation of the Medicare benefit, also increases pricing pressures on the Group's products. Any of these trends may materially and adversely affect the Group's financial results.

Regulatory controls

The Group must comply with a broad range of regulatory controls on the testing, approval, manufacturing and marketing of many of its pharmaceutical and consumer healthcare products, particularly in the USA and countries of the European Union, that affect not only the cost of product development but also the time required to reach the market and the uncertainty of successfully doing so. Health authorities have increased their focus on safety when assessing the benefit/risk balance of drugs in the context of not only initial product approval but also in the context of approval of additional indications and review of information regarding marketed products. Stricter regulatory controls also heighten the risk of changes in product profile or withdrawal by regulators on the basis of post-approval concerns over product safety, which could reduce revenues and can result in product recalls and product liability lawsuits. There is also greater regulatory scrutiny, especially in the USA, on advertising and promotion and in particular on direct-to-consumer advertising.

In addition, in some cases the Group may voluntarily cease marketing a product or face declining sales based on concerns about efficacy or safety (for example, declines in sales of *Avandia* beginning in 2007 following publicity around questions regarding risks associated with the product), whether or not scientifically justified, even in the absence of regulatory action. The development of the post-approval adverse event profile for a product or the product class may materially and adversely affect the Group's financial results.

Risk of interruption of product supply

The manufacture of pharmaceutical products and their constituent materials requires compliance with good manufacturing practice regulations. The Group's manufacturing sites are subject to review and approval by the FDA and other regulatory agencies. Compliance failure by suppliers of key services and materials or the Group's own manufacturing facilities could lead to product recalls and seizures, interruption of production and delays in the approvals of new products pending resolution of manufacturing issues. Non-compliance can also result in fines and disgorgement of profits.

Although the Group undertakes business continuity planning, single sourcing for certain components, bulk active materials and finished products creates a risk of failure of supply in the event of regulatory non-compliance or physical disruption at the manufacturing sites. Any interruption of supply or the incurrence of fines or disgorgement could materially and adversely affect the Group's financial results.

Risk from concentration of sales to wholesalers

In the USA, in line with other pharmaceutical companies, the Group sells its products through a small number of wholesalers in addition to hospitals, pharmacies, physicians and other groups. Sales to the three largest wholesalers amounted to approximately 85% of the Group's US pharmaceutical sales in 2009. At 31st December, 2009 the Group had trade receivables due from these three wholesalers totalling £867 million (31st December, 2008 – £1,067 million). The Group is exposed to a concentration of credit risk in respect of these wholesalers such that, if one or more of them is affected by financial difficulty, it could materially and adversely affect the Group's financial results.

Global political and economic conditions

As described in "World market, economy and outlook", incorporated by reference herein, many of the world's largest economies, including the major markets in which the Group operates, and financial institutions currently face extreme financial difficulty, including a decline in asset prices, liquidity problems and limited availability of credit. Many of these economies have experienced sharp recessions. While some economies have shown signs of recovery, the rate of recovery may be slow.

Continued economic weakness may have a material adverse effect on the Group's sales, results of operations, financial condition and ability to raise capital. Some of the Group's businesses, including its Consumer Healthcare division, may be particularly sensitive to declines in consumer spending. In addition, further or renewed declines in asset prices may result in a lower return on the Group's financial investments and may cause the value of the Group's investments in its pension plans to decrease, requiring the Group to increase its funding of those pension plans.

The Group conducts a substantial portion of its operations outside the UK. The Group's management of foreign exchange rates is discussed in "Financial Position and Resources - Foreign exchange management" (see page 42 of the Group's Annual Report 2009 incorporated by reference herein). Fluctuations in exchange rates between Sterling and other currencies, especially the US dollar, the Euro and the Japanese yen, could materially and adversely affect the Group's financial results.

The Group has no control over changes in inflation and interest rates, foreign currency exchange rates and controls or other economic factors affecting its businesses or the possibility of political unrest, legal and regulatory changes or nationalisation in jurisdictions in which the Group operates.

Taxation and treasury

The Group's effective tax rate is driven by rates of tax in jurisdictions that are both higher and lower than that applied in the UK. In addition, many jurisdictions such as the UK, Belgium and the USA currently offer regimes that encourage innovation and new scientific endeavours by providing tax incentives, for example R&D tax credits. Furthermore, given the scale and international nature of the Group's business, intra-group transfer pricing is an inherent tax risk, as it is for other international businesses. Changes in tax laws or in their application with respect to matters such as transfer pricing, foreign dividends, controlled companies, R&D tax credits or a restriction in tax relief allowed on the interest on intra-Group debt, could increase the Group's effective tax rate and materially and adversely affect its financial results.

The tax charge included in the Financial statements is the Group's best estimate of its tax liability but, until such time as audits by tax authorities are concluded, there is a degree of uncertainty regarding the final tax liability for the period. The Group's policy is to submit tax returns within the statutory time limits and engage tax authorities to ensure that the Group's tax affairs are as current as possible and that any differences in the interpretation of tax legislation and regulation are resolved as quickly as possible. In exceptional cases where matters cannot be settled by agreement with tax authorities the Group may have to resolve disputes through formal appeals or other proceedings. The Group is currently appealing a court decision in respect of transfer pricing with the Canadian Tax Authorities as discussed in Note 14, "Taxation", to the Financial statements.

The Group deals in high value transactions on a frequent basis which may result in an increased risk of financial loss due to the mismanagement of cash or entering into high risk positions on hedge transactions, any of which could materially and adversely affect the Group's financial results.

Pandemic influenza

The market for pandemic influenza vaccines is experiencing significant volatility given changes in risk perception, developing epidemiology and the relative mild nature of the virus, which was not anticipated by governments or the medical community. Some governments that have placed orders for the pandemic vaccine or that have announced changes in their planned immunisation programmes have renegotiated their contracts, and other governments are seeking, or may in the future seek, to renegotiate their contracts. While deliveries of pandemic vaccines provided significant contributions to the Group's results in 2008 (*H5N1* vaccines) and 2009 (*H1N1* vaccines), and the Group expects the level of sales in 2010 (*H1N1*, possibly stockpile agreements) to be roughly the same as in 2009, there can be no assurance that sales of influenza vaccines will meet these estimates or contribute significantly to the Group's results in 2011 or beyond.

Environmental liabilities

The environmental laws of various jurisdictions impose actual and potential obligations on the Group to remediate contaminated sites. The Group has also been identified as a potentially responsible party under the US Comprehensive Environmental Response Compensation and Liability Act at a number of sites for remediation costs relating to the Group's use or ownership of such sites.

Failure to manage properly the environmental risks could result in additional remedial costs that could materially and adversely affect the Group's financial results. See "Legal proceedings", incorporated by reference herein, for a discussion of environmental-related proceedings in which the Group is involved.

Accounting standards

New or revised accounting standards, rules and interpretations circulated from time to time by an international standard setting board could result in changes to the recognition of income and expense that may materially and adversely affect the Group's financial results.

International standard changes in the market valuation of certain financial instruments are reflected in the Group's reported results before those gains or losses are actually realised and could have a significant impact on the income statement in any given period. Accounting for deferred taxation on inter-company inventory may give rise to volatility depending upon the ownership of the inventory.

Regulators regularly review the financial statements of listed companies for compliance with accounting and regulatory requirements.

The Group believes that it complies with the appropriate regulatory requirements concerning its Financial statements and disclosures. However, other companies have experienced investigations into potential non-compliance with accounting and disclosure requirements that have resulted in restatements of previously reported results and sometimes significant penalties which may materially and adversely affect the Group's financial results.

Failure of third party providers

Unaffiliated third-party suppliers provide a number of goods and services to the Group's operations. Many of these services, for example services provided by clinical research organizations to support development of key products, are very important to the operations of the Group's businesses. Materials provided by third-party suppliers are necessary for the commercial production of the Group's products, including speciality chemicals, commodities and components necessary for the manufacture, fill-finish and packaging of many of the Group's pharmaceutical and consumer healthcare products. While the Group does not believe that any of these third-party relationships are individually significant in the context of the overall Group, the failure of any third-party supplier to fulfil its contractual obligations in a timely manner may result in delays or service interruptions, which may materially and adversely affect the Group's financial results.

Protection of electronic information and assets

The Group relies on critical and sensitive data, such as personally identifiable information, trade secrets, intellectual property and corporate strategic plans. The security of such data is exposed to increasing threats. The Group is also subject to various standards for the protection of personally identifiable information. Failure to implement appropriate safeguards to adequately protect against any unauthorised or unintentional access, acquisition, use, modification, loss or disclosure of this critical or sensitive data may adversely affect the Group's operations.

Alliances and acquisitions

As part of the Group's strategy to diversify into new product areas and markets, the Group has grown, and expects to continue to grow, in part through acquisitions and business alliances. There is intense

competition for alliance and acquisition candidates in the pharmaceutical industry, and, as such, the Group may be unable to make these alliances or acquisitions on acceptable terms or at all. In acquiring or forming alliances with other companies, the Group may assume significant debt, become subject to unknown or contingent liabilities or fail to realise the benefits expected from these transactions. For example, most pharmaceutical companies, including those that the Group may consider acquiring, are involved in patent disputes, product liability litigation, government investigations and other legal proceedings whose outcome is subject to considerable uncertainty. The assumption of debt or unknown or contingent liabilities or the failure to realise the expected benefits may materially and adversely affect the Group's financial results.

The process of integrating companies that the Group may acquire may result in disruption to the ongoing business of the Group as the effort of integrating organisations in different locations and with, among other things, differing systems and corporate cultures may divert attention and resources of the Group and result in the loss of key employees or have other adverse consequences, any of which may materially and adversely affect the Group's financial results.

Attraction and retention

The Group relies heavily on recruiting and retaining talented employees with a range of skills to meet its objectives. The Group faces intense competition for qualified individuals, as the supply of people with specific skills or in specific geographic regions may be limited, particularly given the Group's plans to expand its operations in emerging markets and its biologicals and consumer healthcare divisions.

The inability to attract staff with specific technical and leadership skills, retain key employees or ensure effective succession planning for critical positions may materially and adversely affect the Group's financial results.

Implementing the Group's strategic priorities

The Group has established three strategic priorities: to grow a diversified business, deliver more products of value and simplify its operating model. There can be no assurance that the Group will be able to implement its strategic priorities fully or that the strategic priorities will deliver the expected benefits.

For example, the strategic priority to grow a diversified business involves expanding the Group's business into emerging markets. As more particularly described in the Group's Annual Report 2009 incorporated by reference herein, the Group's pharmaceutical sales in emerging markets grew 20% in 2009 to nearly £3 billion, which represents 10% of the Group's 2009 turnover. There is no guarantee that the Group's sales in emerging markets will continue to grow or that these markets will continue to experience relatively high growth rates. Some emerging markets may be especially vulnerable to the after-effects of the recent global financial crisis, or may have very limited resources to spend on healthcare. Competition in these markets for staff with the skills and training suitable for employment at an enterprise such as the Group's may be intense. In some emerging markets, the Group may be required to rely on third party agents, which may put the Group at risk of liability, and some emerging markets lack sufficient protection against crimes such as counterfeiting. A failure to continue to expand its business in emerging growth markets could materially and adversely affect the Group's financial results.

In addition and as more particularly described in the Group's Annual Report 2009 incorporated by reference herein, the Group is undertaking an Operational Excellence restructuring programme that has an estimated cost of approximately £4.5 billion and is expected to deliver annual pre-tax savings of approximately £2.2 billion by the time it is substantially complete in 2012. There can be no assurance that the Group will be able to execute fully this transformation of its business. Furthermore, changes in the Group's structure, operations, revenues, costs or efficiency resulting from these restructuring activities or other strategic initiatives could result in higher than expected costs or other difficulties. Failure to realise the expected cost savings by the end of the restructuring programme or to achieve and maintain a competitive cost base could materially and adversely affect the Group's financial results.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "**Relevant Factor**"). In addition, the Issuer may issue Notes with principal or interest

payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes and the suitability of such Notes in light of its particular circumstances.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to affect such conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer elects to convert from a fixed rate to a floating rate, in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer elects to convert

from a floating rate to a fixed rate, in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Guarantor, in the circumstances described in Condition 16 of the conditions of the Notes.

EU Savings Directive

Under European Union Council Directive 2003/48/EC on the taxation of savings income (the “**EU Savings Directive**”), each Member State of the European Union is required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-European Union countries and territories, including Switzerland, have adopted similar measures (e.g. a withholding system in the case of Switzerland).

On 15th September, 2008 the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the European Commission’s advice on the need for changes to the EU Savings Directive. On 13th November, 2008 the European Commission proposed certain amendments to the EU Savings Directive. The European Parliament approved an amended version of the proposal on 24th April, 2009. The proposed changes, if implemented, may amend or broaden the scope of the requirements described above.

If a payment is made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax is withheld from that payment, neither the Issuer nor any Paying Agent nor any other person is obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Directive.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination (as defined in the relevant Final Terms) plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it; (ii) Notes can be used as collateral for various types of borrowing; and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Potential investors should be aware that GSK Capital Inc. and GSK Capital plc are financing companies which lend the major part of all moneys raised by them to other companies within the Group. As such the ability of GSK Capital Inc. and GSK Capital plc to fulfil their respective obligations under the Notes may be dependent on the Guarantor's policy decisions from time to time, as the parent company of the Group. However, the Guarantor separately has its obligations to fulfil under the Guarantee.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will be initially issued in the form of a temporary global note (a “**Temporary Global Note**”) or, if so specified in the applicable Final Terms, a permanent global note (a “**Permanent Global Note**” and, together with the Temporary Global Note, the “**Global Notes**”) which, in either case will:

- (i) if the Global Notes are intended to be issued in new global note form (“**NGN**”), as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”); and
- (ii) if the Global Notes are not intended to be issued in NGN form (“**CGN**”), be delivered on or prior to the original issue date of the Tranche to Citibank, N.A., London Branch, as common depositary (the “**Common Depositary**”) for Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person or any person within the United States or its possessions, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date which is 40 days after the Temporary Global Note is issued (the “Exchange Date”), interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein for either (i) interests in a Permanent Global Note of the same Series or (ii) definitive Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest (if any), principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached upon either (i) if the Issuer is GSK Capital Inc., not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or upon the occurrence of an Exchange Event, or (ii) if the Issuer is GSK plc or GSK Capital plc, only upon the occurrence of an Exchange Event. For these purposes, “Exchange Event” means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing, (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form and a certificate to such effect signed by two Directors of the

relevant Issuer has been given to the Trustee. The relevant Issuer will promptly give notice to the Noteholders in accordance with Condition 15 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Trustee may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not more than 45 days after the date of receipt of the first relevant notice by the Agent. No definitive Note delivered in exchange for a Permanent Global Note will be mailed or otherwise delivered to any location in the United States in connection with such exchange.

The following legend will appear on all Notes which have an original maturity of more than 183 days and on all receipts and interest coupons and talons relating to such Notes:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

The following legend will appear on all Notes which have an original maturity of 183 days or less and on all receipts and interest coupons and talons relating to such Notes:

“BY ACCEPTING THIS OBLIGATION, THE HOLDER REPRESENTS AND WARRANTS THAT IT IS NOT A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND THE REGULATIONS THEREUNDER) AND THAT IT IS NOT ACTING FOR OR ON BEHALF OF A UNITED STATES PERSON (OTHER THAN AN EXEMPT RECIPIENT DESCRIBED IN SECTION 6049(b)(4) OF THE INTERNAL REVENUE CODE AND THE REGULATIONS THEREUNDER).”

Notes with a maturity of 183 days or less are required to be issued in minimum denominations of U.S.\$500,000 (or the equivalent amount in the relevant Specified Currency determined by reference to the spot rate on the date of issuance). Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Pursuant to the Agency Agreement (as defined under “Terms and Conditions of the Notes”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

For so long as any of the Notes is represented by a Temporary Global Note or a Permanent Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or any form of record made by any of them or such other evidence and/or information and/or certification as the Trustee shall, in its absolute discretion, think fit to the effect that at any particular time or throughout any particular period any particular person is, was, or will be, shown in its records as the holder of a particular nominal amount of Notes represented by a Global Note and if it does so rely, such letter of confirmation, form of record, evidence, information or certification shall be conclusive and binding on all concerned save in the case of manifest error) shall be treated by the relevant Issuer, the Guarantor (in the case of Guaranteed Notes) and their agents and the

Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest (if any) on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the relevant Issuer, the Guarantor (in the case of Guaranteed Notes) and their agents and the Trustee as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note; and the expressions “**Noteholder**” and “**holder of Notes**” and related expressions shall be construed accordingly.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, if the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the relevant Issuer, the Agent and the Trustee.

No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the relevant Issuer or the Guarantor (in the case of Guaranteed Notes) unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each Definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to “Form of the Notes” for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by GlaxoSmithKline plc (“**GSK plc**”), GlaxoSmithKline Capital Inc. (“**GSK Capital Inc.**”) or GlaxoSmithKline Capital plc (“**GSK Capital plc**”) (each an “**Issuer**” and together the “**Issuers**”) constituted by a Trust Deed (such Trust Deed as modified and/or supplemented and/or restated from time to time, the “**Trust Deed**”) dated 4th December, 2001 and made between GSK Capital Inc. and GSK Capital plc as issuers, GSK plc as guarantor (the “**Guarantor**”) and The Law Debenture Trust Corporation p.l.c. (the “**Trustee**”, which expression shall include any successor trustee) as Trustee of the Noteholders (as defined below). By a Second Supplemental Trust Deed dated 13th May, 2004 and made between the Issuers, the Guarantor and the Trustee, GlaxoSmithKline plc became an Issuer under the Programme. The Issuers, the Guarantor and the Trustee entered into the Third Supplemental Trust Deed on 20th July, 2005, the Fourth Supplemental Trust Deed on 9th March, 2007, the Fifth Supplemental Trust Deed on 30th July, 2008 and the Sixth Supplemental Trust Deed on 30th July, 2009. Notes issued by GSK Capital Inc. or GSK Capital plc (“**Guaranteed Notes**”) will be unconditionally and irrevocably guaranteed by the Guarantor under the terms of the Trust Deed (such guarantee, the “**Guarantee**”).

References in these Terms and Conditions to the “**Issuer**” shall be to the Issuer of the Notes as specified in the applicable Final Terms.

References herein to the “**Notes**” shall be references to the Notes of this Series and shall mean:

- (i) in relation to any Notes represented by a global Note (a “**Global Note**”), units of the lowest Specified Denomination in the Specified Currency;
- (ii) any Global Note; and
- (iii) any definitive Notes issued in exchange for a Global Note.

The Notes, the Receipts (as defined below) and the Coupons (as defined below) also have the benefit of an amended and restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the “**Agency Agreement**”) dated 30th July, 2008, and made between the Issuers, the Guarantor, the Trustee, Citibank, N.A., London Branch as issuing and principal paying agent and agent bank (the “**Agent**”, which expression shall include any successor agent) and the other paying agents named therein (together with the Agent, the “**Paying Agents**”, which expression shall include any additional or successor paying agents).

Interest bearing definitive Notes have interest coupons (“**Coupons**”) and, if indicated in the applicable Final Terms, talons for further Coupons (“**Talons**”) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Definitive Notes repayable in instalments have receipts (“**Receipts**”) for the payment of the instalments of principal (other than the final instalment) attached on issue. Global Notes do not have Receipts, Coupons or Talons attached on issue.

The Final Terms for this Note (or the relevant provisions thereof) is attached to or endorsed on this Note and supplements these Terms and Conditions and may specify other terms and conditions which shall,

to the extent so specified or to the extent inconsistent with these Terms and Conditions, replace or modify these Terms and Conditions for the purposes of this Note. References to the “**applicable Final Terms**” are to the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

The Trustee acts for the benefit of the holders of the Notes (the “**Noteholders**”, which expression shall, in relation to any Notes represented by a Global Note, be construed as provided below), the holders of the Receipts (the “**Receipholders**”) and the holders of the Coupons (the “**Couponholders**”, which expression shall, unless the context otherwise requires, include the holders of the Talons) in accordance with the provisions of the Trust Deed.

As used herein, “**Tranche**” means Notes which are identical in all respects (including as to listing and admission to trading) and “**Series**” means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single series and (ii) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Copies of the Trust Deed and the Agency Agreement are available for inspection during normal business hours at the registered office for the time being of the Trustee (being, at 29th July, 2010, at Fifth Floor, 100 Wood Street, London EC2V 7EX, U.K.) and at the specified office of each of the Paying Agents. Copies of the applicable Final Terms are available for viewing at, and copies may be obtained from, the registered offices of GSK plc and GSK Capital plc at 980 Great West Road, Brentford, Middlesex, TW8 9GS, U.K. and of GSK Capital Inc. at 1105 North Market Street, Suite 1300, Wilmington, Delaware 19801, U.S.A., and at the specified office of each of the Paying Agents, save that, if this Note is an unlisted Note of any Tranche neither listed on a stock exchange nor admitted to trading on any market, the applicable Final Terms will only be obtainable by a Noteholder holding one or more unlisted Notes of that Tranche and such Noteholder must produce evidence satisfactory to the Issuer and the Trustee or, as the case may be, relevant Paying Agent as to its holding of such Notes and identity. The Noteholders, the Receipholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in these Terms and Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed.

Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed will prevail and, in the event of inconsistency between the Agency Agreement or the Trust Deed and the applicable Final Terms, the applicable Final Terms will prevail.

(b) *Status of the Guarantee*

In the case of Guaranteed Notes, the payment of principal and interest (if any) together with all other sums payable by the Issuer under the Trust Deed in respect of the Notes has been unconditionally and irrevocably guaranteed by the Guarantor in the Trust Deed. The obligations of the Guarantor are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Guarantor and (save for certain obligations required to be preferred by law) rank equally with all other unsecured obligations (other than subordinated obligations, if any) of the Guarantor, from time to time outstanding.

3. **NEGATIVE PLEDGE**

So long as any of the Notes remains outstanding (as defined in the Trust Deed):

- (a) the Issuer will not create or permit to subsist any mortgage, charge, pledge or lien (other than a lien arising by operation of law) upon the whole or any part of its property, assets or revenues, present or future, to secure (i) payment of any Relevant Indebtedness or (ii) any payment under

any guarantee or indemnity granted by the Issuer in respect of any Relevant Indebtedness (as defined below); and

- (b) the Guarantor (in the case of Guaranteed Notes) will not and will procure that no Subsidiary (as defined below) of the Guarantor will create or permit to subsist any mortgage, charge, pledge or lien (other than a lien arising by operation of law) upon the whole or any part of its property, assets or revenues, present or future, to secure (i) payment of any Relevant Indebtedness or (ii) any payment under any guarantee or indemnity granted by the Guarantor or any Principal Subsidiary (as defined below) in respect of any Relevant Indebtedness

without in any such case at the same time according to the Notes (unless it has already been so accorded) to the satisfaction of the Trustee either the same security as is created or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity or such other arrangement (whether or not comprising security) as the Trustee shall in its absolute discretion deem not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as such term is defined in the Trust Deed) of the Noteholders.

For the purposes of this Condition, “**Relevant Indebtedness**” means any indebtedness which (a) is in the form of or represented by bonds, notes, loan stock, depositary receipts or other securities issued otherwise than to constitute or represent advances made by banks and/or other lending institutions; (b) is denominated, or confers any right to payment of principal, premium and/or interest, in or by reference to any currency other than the currency of the country in which the issuer of the indebtedness has its principal place of business, or is denominated in or by reference to the currency of such country but is placed or offered for subscription or sale by or on behalf of, or by agreement with, the issuer as to over 20 per cent. outside such country; and (c) at its date of issue is, or is intended by the issuer to become, quoted, listed, traded or dealt in on any stock exchange, over-the-counter market or other securities market.

In these Terms and Conditions, “**Subsidiary**” means a subsidiary within the meaning of Section 1159 of the Companies Act 2006.

4. **INTEREST**

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. For so long as any of the Fixed Rate Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the Fixed Rate Notes (or, if they are Partly Paid Notes, the full amount paid up) and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Fixed Rate Note, interest will be calculated on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up).

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, “**Fixed Interest Period**” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period or if, in the case of Notes in definitive form, no Fixed Coupon Amount is specified in the applicable Final Terms, such interest shall be calculated by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the Fixed Rate Notes (or, if they are Partly Paid Notes, the full amount paid up);
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amounts by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if “**Actual/Actual (ICMA)**” is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “**Accrual Period**”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period in respect of which payment is being made divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1) + (D_2 - D_1)]}{360}$$

Where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30.

In these Terms and Conditions:

“**Determination Period**” means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“**sub-unit**” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes*

(i) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “**Interest Payment Date**”) which falls on the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date). For so long as any of the Floating Rate Notes or Index Linked Interest Notes is represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, interest will be calculated on the full nominal amount outstanding of the relevant Notes (or, if they are Partly Paid Notes, the full amount paid up) and will be paid to Clearstream, Luxembourg and Euroclear for distribution by them to entitled accountholders in accordance with their usual rules and operating procedures. In respect of each definitive Floating Rate Note or Index Linked Interest Note, interest will be calculated on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply mutatis mutandis or (ii) in the case of (y) above,

shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, “**Business Day**” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre specified in the applicable Final Terms; and
- (B) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any Additional Business Centre and which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which TARGET2 (or any successor thereto) is open for the settlement of payments in euro. “**TARGET2**” means the Trans-European Automated Real-time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19th November, 2007 or any successor thereto.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the “**ISDA Definitions**”) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and

- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“**LIBOR**”) or on the Euro-zone inter-bank offered rate (“**EURIBOR**”), the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(iii) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) *Determination of Rate of Interest and calculation of Interest Amounts*

The Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, will at or as soon as practicable after each time at which the Rate of

Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes or Index Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes or Index Linked Interest Notes which are represented by a global Note held on behalf of Clearstream, Luxembourg and/or Euroclear, the full nominal amount outstanding of the relevant Notes (or, if they are Partly Paid Notes, the full amount paid up); or
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(b):

- (A) if “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (C) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (D) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1) + (D_2 - D_1)]}{360}$$

Where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (E) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Interest Period unless, in the case of the final Interest Period, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month).

(v) *Notification of Rate of Interest and Interest Amounts*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, Trustee and any stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed or by which they have been admitted to listing and notice thereof to be given in accordance with Condition 15 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being listed or by which they have been admitted to listing and to the Noteholders in accordance with Condition 15. For the purposes of this paragraph, the expression “London Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(vi) *Determination or calculation by Trustee*

If for any reason the Agent or the Calculation Agent at any time after the Issue Date defaults in its obligation to determine the Rate of Interest or calculate any Interest Amount in accordance with sub-paragraph (ii) or (iv), as the case may be, above, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions in this Condition but subject always to any Minimum or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent or, as the case may be, the Calculation Agent.

(vii) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b), whether by the Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Agent, the Trustee, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders, Receiptholders and Couponholders and (in the absence of wilful default, bad faith or manifest error) no liability to the Issuer, the Guarantor, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) *Interest on Dual Currency Interest Notes*

The rate or amount of interest payable in respect of Dual Currency Interest Notes shall be determined in the manner specified in the applicable Final Terms.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) *Accrual of interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

5. PAYMENTS

(a) *Method of payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Auckland, respectively provided however that no payment may be made by transfer of funds to an account maintained in the United States or by cheque mailed to an address in the United States); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque (provided however that no payment may be made by transfer of funds to an account maintained in the United States or by cheque mailed to an address in the United States).

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7.

(b) *Presentation of definitive Notes, Receipts and Coupons*

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest (if any) in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used in this Condition 5, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of definitive Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant definitive Note in accordance

with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. Receipts presented without the definitive Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive form (other than Floating Rate Notes, Dual Currency Notes, Index Linked Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned in paragraph (a) above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 7) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “**Long Maturity Note**” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(c) *Payments in respect of Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.

(d) *General provisions applicable to payments*

The holder of a Global Note (or, as provided in the Trust Deed, the Trustee) shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note (or the Trustee, as the case may be) in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer

or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Note (or the Trustee, as the case may be). No person other than the holder of the Global Note (or, as provided in the Trust Deed, the Trustee) shall have any claim against the relevant Issuer or, as the case may be, the Guarantor in respect of any payments due on such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest (if any) in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest (if any) in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest (if any) on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest (if any) at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest (if any) in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(e) *Payment Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, “**Payment Day**” means any day which (subject to Condition 8) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation;
 - (B) London;
 - (C) each Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London and any Additional Financial Centre and which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Melbourne and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which TARGET2 is open.

(f) *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 or under any undertaking given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;

- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(e)); and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 or under any undertaking given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

6. REDEMPTION AND PURCHASE

(a) *Redemption at maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note (including each Index Linked Redemption Note and Dual Currency Redemption Note) will be redeemed by the relevant Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for tax reasons*

(i) *Where the Issuer is GSK Capital Inc.*

The provisions of this paragraph shall apply where the Issuer is GSK Capital Inc.

The Notes may be redeemed in whole but not in part, at the option of the Issuer, at any time or, if the Notes are Floating Rate Notes or Index Linked Interest Notes, on any Interest Payment Date, upon not more than 30 nor less than 15 days' prior notice to the Agent and the Trustee and (in accordance with Condition 15) to the Noteholders (which notice will be irrevocable), at their Early Redemption Amount referred to in paragraph (e) below, together, if applicable, with interest accrued to (but excluding) the date fixed for redemption, but without reduction for applicable United States withholding taxes (as described in Condition 7(A)), if, as a result of any amendment to, or change in, the laws or regulations of the United States or any political subdivision or taxing authority thereof or therein affecting taxation, or any amendment to or change in an official application or interpretation of such laws or regulations, which amendment or change is effective on or after the Issue Date of the first Tranche of the Notes, the Issuer will become obliged to pay any Additional Amounts (as defined in Condition 7(A)) on the next succeeding Interest Payment Date in respect of the Notes; provided, however, that (1) no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts in respect of the Notes were a payment in respect of the Notes then due and (2) at the time such notice of redemption is given, such obligation to pay such Additional Amounts remains in effect.

Immediately prior to the giving of any notice of redemption pursuant to this paragraph the Issuer will deliver to the Trustee a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders, Receiptholders and the Couponholders.

The Issuer at its election will either (x) redeem the Notes, in whole but not in part, at any time or, if the Notes are Floating Rate Notes or Index Linked Interest Notes, on any Interest Payment

Date upon not more than 30 nor less than 15 days' prior notice to the Agent and the Trustee and (in accordance with Condition 15) to the Noteholders, at their Early Redemption Amount, together, if applicable, with interest accrued to (but excluding) the date fixed for redemption, or (y) if and so long as the conditions of the final paragraph of Condition 7(i) are satisfied, pay the Additional Amounts specified in such paragraph (notwithstanding clause (d) of the first paragraph of Condition 7(i)), after determining, based on a written opinion of independent counsel chosen by the Issuer, that any payment made outside the United States by the Issuer or any of its Paying Agents of principal or interest due (if any) with respect to any Note, Receipt or Coupon would, under any present or future laws or regulations of the United States, be subject to any certification, information, documentation or other reporting requirement of any kind the effect of which requirement is the disclosure to the Issuer, any Paying Agent or any United States governmental authority of the nationality, residence or identity of a beneficial owner of such Note, Receipt or Coupon who is a United States Alien (as defined in Condition 7(i)) (other than such a requirement (a) which would not be applicable to a payment made by the Issuer or any one of its Paying Agents (i) directly to the beneficial owner or (ii) to any custodian, nominee or other agent of the beneficial owner, or (b) which could be satisfied by the custodian, nominee or other agent certifying that the beneficial owner is a United States Alien, provided that in each case referred to in clauses (a)(ii) and (b) payment by such custodian, nominee or other agent of such beneficial owner would not otherwise be subject to any such requirement, or (c) which would not have been applicable but for the presentation by the holder of such Note, Receipt or Coupon for payment on a date more than 15 days after the Relevant Date (as defined in Condition 7(i)), or (d) which would be applicable only to a payment on a Note, Receipt or Coupon the holder or beneficial owner of which is owned 10 per cent. or more directly or indirectly by, or owns actually or constructively 10 per cent. or more of, the Issuer). The Issuer will make such determination and election and notify the Trustee thereof as soon as practicable, and the Issuer will promptly give notice of such determination (the "Determination Notice") in accordance with Condition 15 in each case stating the effective date of such certification, information, documentation or other reporting requirement, whether the Issuer will redeem the Notes or will pay the Additional Amounts specified in such paragraph and (if applicable) the last date by which the redemption of the Notes must take place. If the Issuer elects to redeem the Notes, such redemption will take place on such date (being, in the case of Floating Rate Notes, an Interest Payment Date), not later than one year after publication of the Determination Notice, as the Issuer elects by notice to the Trustee at least 30 days before such date, unless shorter notice is acceptable to the Trustee. Notwithstanding the foregoing, the Issuer will not so redeem the Notes if the Issuer, based on an opinion of independent counsel chosen by the Issuer subsequently determines, not less than 15 days prior to the date fixed for redemption, that subsequent payments would not be subject to any such requirement in which case the Issuer will notify the Trustee, which will give prompt notice of that determination in accordance with Condition 15, and any earlier notice of redemption shall thereupon be revoked and of no further effect.

If the Issuer elects as provided in (y) above to pay Additional Amounts, and as long as the Issuer is obligated to pay such Additional Amounts, the Issuer may subsequently redeem the Notes, at any time or, if the Notes are Floating Rate Notes, on any Interest Payment Date, in whole but not in part, upon not more than 30 nor less than 15 days' prior notice given to the Agent and the Trustee and (in accordance with Condition 15) to the Noteholders, at their Early Redemption Amount, together, if applicable, with interest accrued to (but excluding) the date fixed for redemption. Upon any such redemption, the Issuer will pay as Additional Amounts such amounts as may be necessary so that every net payment made outside the United States by the Issuer or any of its Paying Agents in respect of any Note, Receipt or Coupon of which the beneficial owner is a United States Alien (but without any requirement that the nationality, residence or identity of such beneficial owner be disclosed to the Issuer, any Paying Agent or any United States governmental authority), after deduction or withholding for or on account of a backup withholding tax or similar charge (other than a backup withholding tax or similar charge which would be applicable solely by reason of the failure to comply with one or more

of the requirements described in the third parenthetical clause of the preceding paragraph) but before deduction or withholding for or on account of any tax, assessment or other governmental charge described in clauses (a), (b), (c), (e), (f) or (g) of the first paragraph of Condition 7(i), would not be less than the amount provided for in such Note, Receipt or Coupon to be then due and payable.

(ii) *Where the Issuer is GSK plc or GSK Capital plc*

The provisions of this paragraph shall apply where the Issuer is GSK plc or GSK Capital plc.

The Notes may be redeemed in whole but not in part, at the option of the Issuer, at any time or, if the Notes are Floating Rate Notes or Index Linked Interest Notes, on any Interest Payment Date, upon not more than 30 nor less than 15 days' prior notice given in accordance with Condition 15 (which notice will be irrevocable), at their Early Redemption Amount, together, if applicable, with interest accrued to (but excluding) the date fixed for redemption, if, as a result of any amendment to, or change in, the laws or regulations of the United Kingdom or any political subdivision or taxing authority thereof or therein (as applicable) affecting taxation, or any amendment to or change in an official application or interpretation of such laws or regulations, which amendment or change is effective on or after the Issue Date of the first Tranche of the Notes, the Issuer will become obligated to pay any additional amounts pursuant to Condition 7(ii) on the next succeeding Interest Payment Date in respect of the Notes; provided, however, that (1) no such notice of redemption will be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such Additional Amounts were a payment in respect of the Notes then due and (2) at the time such notice of redemption is given, such obligation to pay such Additional Amounts remains in effect. Immediately prior to the giving of any notice of redemption pursuant to this paragraph the Issuer will deliver to the Trustee a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

(c) *Redemption at the option of the Issuer (Issuer Call)*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders in accordance with Condition 15; and
- (ii) not less than 15 days before the giving of the notice referred to in (i), notice to the Agent and the Trustee;

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any partial redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than the Higher Redemption Amount, in each case as may be specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be notified to Noteholders in accordance with Condition 15 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this

paragraph (d) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 15 at least five days prior to the Selection Date.

(d) *Redemption at the option of the Noteholders (Investor Put)*

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 15 not less than 15 nor more than 30 days' notice (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must deliver, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by, if this Note is in definitive form, this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

(e) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 9, each Note will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof;
- (ii) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Note is denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Note, at an amount (the "**Amortised Face Amount**") calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"**RP**" means the Reference Price;

"**AY**" means the Accrual Yield expressed as a decimal; and

"**y**" is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360,

or on such other calculation basis as may be specified in the applicable Final Terms.

(f) *Instalments*

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(g) *Partly Paid Notes*

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

(h) *Purchases*

The Issuer, the Guarantor or any other Subsidiary of the Guarantor may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Noteholders alike. Such Notes may be held, reissued, resold or, at the option of the Issuer, the Guarantor or the relevant Subsidiary of the Guarantor, surrendered to any Paying Agent for cancellation.

(i) *Cancellation*

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and Notes purchased and cancelled pursuant to paragraph (g) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

(j) *Late payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 9 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (A) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (B) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 15.

7. **TAXATION**

(i) *Where the Issuer is GSK Capital Inc.*

The provisions of this paragraph shall apply where the Issuer is GSK Capital Inc.

All payments of principal and interest (if any) by the Issuer or the Guarantor will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges (together, "**Taxes**") of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the United States or any political subdivision thereof or any authority thereof or therein having power to levy the same unless such withholding or deduction is required by law. In that event, the Issuer or the Guarantor (as the case may be) will pay such amounts (the "**Additional Amounts**") as will result in the receipt by the Noteholders, the Receiptholders and the

Couponholders of such amounts as would have been received by them had no such Taxes been required to be withheld or deducted; provided that the foregoing obligations shall not apply to:

- (a) any such tax, duty, assessment or other governmental charge which would not have been so imposed but for (i) the existence of any present or former connection between such holder (or between a fiduciary, settlor, beneficiary, member or shareholder of or possessor of a power over such holder, if such holder is an estate, a trust, a partnership or a corporation) and the United States, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) being or having been a citizen or resident thereof, or being or having been engaged in a trade or business therein or being or having been present therein, or having or having had a permanent establishment therein, or (ii) such holder's present or former status as a controlled foreign corporation for United States tax purposes or as a corporation which accumulates earnings to avoid United States federal income taxes;
- (b) any tax, duty, assessment or other governmental charge which would not have been so imposed but for the presentation by the holder of such Note, Receipt or Coupon for payment on a date more than 30 days after the date on which such payment became due and payable (assuming such day to have been a Payment Day (as defined in Condition 5(e))) or the date on which payment thereof was duly provided for, whichever occurs the later (the "**Relevant Date**");
- (c) any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, assessment or other governmental charge;
- (d) any tax, duty, assessment or other governmental charge which would not have been imposed but for the failure to comply with certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of such Note, Receipt or Coupon, if such compliance is required by statute or by regulation of the United States Treasury Department as a precondition to relief or exemption from such tax, assessment or other governmental charge;
- (e) any tax, duty, assessment or other governmental charge which is payable otherwise than by deduction or withholding from payments of principal of or interest on such Note;
- (f) any tax, duty, assessment or other governmental charge imposed on interest received by a 10 per cent. shareholder of the Issuer within the meaning of Section 871(h)(3)(B) or Section 881(c)(3)(B) of the United States Internal Revenue Code of 1986, as amended (the "**Code**") or on interest received by a bank on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in Section 881(c)(3)(A) of the Code;
- (g) any withholding or deduction where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive;
- (h) any Note, Receipt or Coupon presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union; or
- (i) any combination of clauses (a), (b), (c), (d), (e), (f), (g) and (h) above;

nor will any Additional Amounts be paid with respect to any payment of the principal of or interest (if any) on any Note, Receipt or Coupon to any United States Alien who is a fiduciary or partnership or other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner would not have been entitled to the Additional Amounts had such beneficiary, settlor, member or beneficial owner been the holder of such Note, Receipt or Coupon. The term "**United States Alien**" means any person who, for United States federal income tax purposes, is a foreign corporation, a non-resident alien

individual, a non-resident alien fiduciary of a foreign estate or trust or a foreign partnership one or more of the members of which is for United States federal income tax purposes a foreign corporation, a non-resident alien individual, or a non-resident alien fiduciary of a foreign estate or trust.

If and so long as a certification, information, documentation or other reporting requirement referred to in the penultimate paragraph of Condition 6(b)(i) would be fully satisfied by payment of a backup withholding tax or similar charge, the Issuer may elect, by so stating in the Determination Notice, to have the provisions of this paragraph apply in lieu of the provisions of such paragraph. In such event, the Issuer will pay as Additional Amounts (regardless of clause (d) above) such amounts as may be necessary so that every net payment made outside the United States following the effective date of such requirements by the Issuer or any of its Paying Agents of principal or interest (if any) due in respect of any Note, Receipt or Coupon of which the beneficial owner is a United States Alien (but without any requirement that the nationality, residence or identity of such beneficial owner be disclosed to the Issuer, any Paying Agent or any United States governmental authority), after deduction or withholding for or on account of such backup withholding tax or similar charge (other than a backup withholding tax or similar charge which would be applicable solely by reason of the failure to comply with one or more of the requirements described in the third paragraph of Condition 6(b)(i)) but before deduction or withholding for or on account of any tax, assessment or other governmental charge described in clause (a), (b), (c), (e), (f), (g), (h) or (i) of the preceding paragraph, will not be less than the amount provided for in such Note, Receipt or Coupon to be then due and payable.

(ii) *Where the Issuer is GSK plc or GSK Capital plc*

The provisions of this paragraph shall apply where the Issuer is GSK plc or GSK Capital plc.

All payments of principal and interest (if any) by the Issuer or the Guarantor (in the case of Guaranteed Notes) will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges (together, "Taxes") of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the United Kingdom or any political subdivision thereof or any authority thereof or therein having power to levy the same unless such withholding or deduction is required by law. In that event, the Issuer or the Guarantor (as the case may be) shall pay such additional amounts as will result in the receipt by the Noteholders, the Receiptholders and the Couponholders of such amounts as would have been received by them had no such Taxes been required to be withheld or deducted; provided that no such additional amounts will be payable in respect of Notes, Receipts or Coupons:

- (a) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such withheld or deducted Taxes by reason of his having some connection with the United Kingdom other than the mere holding of a Note, Receipt or Coupon; or
- (b) to, or to a third party on behalf of, a Noteholder, Receiptholder or Couponholder if such withholding or deduction may be avoided by the Noteholder, Receiptholder or Couponholder complying with any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to any authority of or in the United Kingdom, unless such Noteholder, Receiptholder or Couponholder proves that he is not entitled so to comply or to make such declaration or claim; or
- (c) presented for payment in the United Kingdom; or
- (d) presented for payment more than 30 days after the Relevant Date except to the extent that a Noteholder, Receiptholder or Couponholder would have been entitled to payment of such additional amounts if he had presented his Note, Receipt or Coupon for payment on the thirtieth day after the Relevant Date (assuming that day to have been a Payment Day (as defined in Condition 5(e)); or

- (e) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (f) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union (other than in the United Kingdom).

“**Relevant Date**” means, in respect of any payment, the date on which such payment first becomes due and payable, if the full amount of such money has not been received by the Agent or the Trustee prior to such date, or the date on which the full amount of such money having been so received by the Agent or Trustee, notice to that effect shall have been given in accordance with Condition 15.

8. PRESCRIPTION

The Notes, Receipts and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 7) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

9. EVENTS OF DEFAULT

The Trustee at its discretion may, and if so requested in writing by Noteholders holding at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured to its satisfaction), (provided that, except in the case of the happening of the event mentioned in paragraph (i) below, the Trustee shall have certified that in its opinion such event is materially prejudicial to the interests of the Noteholders) give notice to the Issuer and the Guarantor (in the case of Guaranteed Notes), that the Notes are, and they shall thereby immediately become, due and repayable at their Early Redemption Amount (as described in Condition 6(e)) together with accrued interest as provided in the Trust Deed (except in the case of Zero Coupon Notes to which the provisions of Condition 6(j) apply), if any of the following events shall occur (each, following certification as aforesaid, an “**Event of Default**”) and be continuing:

- (i) the Issuer, failing whom the Guarantor (in the case of Guaranteed Notes), fails to pay the principal of any Notes within seven business days of the due date or fails to pay any interest (if any) in respect of the Notes within 14 business days of the due date and for the purposes of this paragraph (i) “**business day**” shall mean a day (other than a Saturday or a Sunday) on which commercial banks are open for business in London; or
- (ii) the Issuer defaults in performance or observance of or compliance with any of its other undertakings set out in the Notes or the Trust Deed or the Guarantor (in the case of Guaranteed Notes) defaults in performance or observance of or compliance with any of its obligations under the Notes or the Trust Deed, which default is incapable of remedy or which, if capable of remedy, is not remedied to the Trustee’s satisfaction within 30 days (or such longer period as the Trustee may permit) after written notice requiring remedy of such default shall have been given to the Issuer and the Guarantor by the Trustee; or
- (iii) any indebtedness for borrowed moneys of either the Issuer, the Guarantor (in the case of Guaranteed Notes) or any Principal Subsidiary, having in any particular case an outstanding principal amount of at least £10,000,000 (or its equivalent, from time to time, in any other currency), becomes due and payable prior to its stated maturity by reason of an event of default in relation thereto or is not paid on its due date or after any applicable period of grace; or

- (iv) a distress or execution or other legal process is levied or enforced against, or an encumbrancer takes possession of, or an administrative or other receiver or an administrator is appointed of, the whole or any part (which is substantial in relation to the Guarantor and its Subsidiaries taken as a whole) of the assets or undertakings of the Issuer, the Guarantor or any Principal Subsidiary and is not stayed, removed, discharged or paid out within 30 days; or
- (v) the Issuer, the Guarantor (in the case of Guaranteed Notes) or any Principal Subsidiary is unable to pay its debts generally as they fall due or makes or enters into a general assignment or an arrangement or composition with or for the benefit of its creditors generally or an effective resolution is passed or an order is made for the winding up of the Issuer, the Guarantor or any Principal Subsidiary or the Issuer, the Guarantor or any Principal Subsidiary stops payment of its obligations generally or ceases to carry on its business or a part thereof which is substantial in relation to the Guarantor and its Subsidiaries taken as a whole (except in any case for the purpose of a reconstruction, union, transfer, merger or amalgamation effected with the consent of the Trustee and except, in the case of a Principal Subsidiary, for the purpose of a reconstruction, union, transfer, merger or amalgamation pursuant to which all of its property, assets and undertaking are transferred to either the Issuer, the Guarantor (in the case of Guaranteed Notes) or another Principal Subsidiary).

“**Principal Subsidiary**” is defined in the Trust Deed to mean a Subsidiary of the Guarantor whose total assets or total profits before interest payable and tax (“**Gross Profits**”) (attributable to the Guarantor) represent 10 per cent. or more of the consolidated total assets or consolidated Gross Profits (as the case may be) of the Guarantor and its Subsidiaries as reflected in the latest published audited consolidated financial statements of the Guarantor and its Subsidiaries (all as more particularly described in the Trust Deed). Total assets and total Gross Profits will, for this purpose, exclude assets and profits eliminated in the consolidation referred to in the previous sentence.

A certificate signed by any two Directors of the Guarantor or by any one Director and the Secretary of the Guarantor to the effect that in their opinion a Subsidiary of the Issuer is or is not or was or was not at any particular time or throughout any specified period a Principal Subsidiary shall, in the absence of a manifest error, be conclusive and binding on all parties.

10. **REPLACEMENT OF NOTES, RECEIPTS, COUPONS AND TALONS**

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. **ENFORCEMENT**

The Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer or the Guarantor (in the case of Guaranteed Notes) as it may think fit to enforce any obligation, condition or provision binding on the Issuer or the Guarantor (in the case of Guaranteed Notes) under the Notes, Receipts or Coupons or under the Trust Deed, but shall not be bound to do so unless:

- (a) It has been so directed by an Extraordinary Resolution or in writing by the holders of at least one-quarter of the nominal amount of the Notes outstanding; and
- (b) It has been indemnified and/or secured to its satisfaction.

No Noteholder, Receiptholder or Couponholder shall be entitled to institute proceedings directly against the Issuer or the Guarantor (in the case of Guaranteed Notes) unless the Trustee, having become bound to proceed as aforesaid, fails to do so within a reasonable time and such failure is continuing.

12. INDEMNIFICATION OF TRUSTEE

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from any obligation to take proceedings to enforce repayment unless indemnified and/or secured to its satisfaction. The Trust Deed also contains provisions pursuant to which the Trustee is entitled inter alia, (i) to enter into business transactions with each Issuer, the Guarantor and/or any Subsidiary of the Guarantor and to act as trustee for the holders of any other securities issued or guaranteed by or relating to either Issuer, the Guarantor or any Subsidiary of the Guarantor, (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders, Receipholders or Couponholders, and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

13. PAYING AGENTS

The names of the initial Paying Agents and their initial specified offices are set out below.

The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be a Paying Agent in a jurisdiction within continental Europe, other than the jurisdiction in which the Issuer was incorporated; and
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by another relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or such other relevant authority; and
- (c) the Issuer undertakes that it will ensure that it maintains a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 5(d). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 15.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and the Guarantor and, in certain limited circumstances, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receipholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

14. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8.

15. NOTICES

All notices regarding the Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication will be made in the Financial Times in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or admitted to trading by another relevant authority and the rules of that stock exchange or other relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by that stock exchange or any relevant authority. Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative definitive Note or definitive Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent, the Trustee and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

16. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including proposals to modify by Extraordinary Resolution (as such term is defined in the Trust Deed) these Terms and Conditions or the provisions of the Trust Deed. The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that, at any meeting the business of which includes the modification of certain material terms and conditions of the Notes and provisions of the Trust Deed (as set out therein), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than three-quarters, or at any adjourned such meeting not less than one-quarter, of the nominal amount of the Notes for the time being outstanding. A Resolution passed at any meeting of Noteholders will be binding on all Noteholders, whether or not they are present at the meeting, and on all Receiptholders and Couponholders. An Extraordinary Resolution may also be effected in writing executed by or on behalf of the persons holding or representing not less than 90 per cent. of the nominal amount of the Notes for the time being outstanding. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of notes of other Series in certain circumstances where the Trustee so decides.

The Trustee may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to any modification (subject as provided above) of, or to any waiver or authorisation of any breach or proposed breach of any provision of the Notes or the Trust Deed or determine without any such consent as aforesaid, that any Event of Default or Potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders or to any modification to correct a manifest or a formal, minor or technical error or an error, which in the opinion of the Trustee is proven.

Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, the Receiptholders and the Couponholders and, unless the Trustee agrees otherwise, any such modification shall be notified to the Noteholders as soon as practicable thereafter.

The Trustee may agree (in the case of Guaranteed Notes), without the consent of the Noteholders, Receiptholders or Couponholders, to the substitution at any time or times of (i) the Guarantor or any Successor in Business (as defined in the Trust Deed) or Holding Company (as defined in the Trust Deed) of the Guarantor, or (ii) subject to the Notes, Receipts and Coupons remaining unconditionally and irrevocably guaranteed by the Guarantor or a Successor in Business or Holding Company of the Guarantor, any other company which is controlled by such guarantor, as the principal debtor under the Trust Deed and the Notes or (iii) any Successor in Business or Holding Company of the Guarantor, as guarantor under the Trust Deed and the Notes. Such agreement shall also be subject to the relevant provisions of the Trust Deed, such amendments thereof and such other conditions as the Trustee may approve or require. In the case of any proposed substitution, the Trustee may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to a change of the law governing the Notes, the Receipts, the Coupons and/or the Trust Deed, provided that such change would not, in the opinion of the Trustee, be materially prejudicial to the interests of the Noteholders.

In connection with the exercise of its powers, trusts, authorities and discretions (including but not limited to those in relation to any proposed modification, waiver, authorisation, determination, substitution or change of law as aforesaid), the Trustee shall have regard to the general interests of the Noteholders as a class but shall not have regard to any interests arising from circumstances particular to individual Noteholders, Receiptholders or Couponholders (whatever their number) and, in particular but without limitation shall not have regard to the consequences of such exercise for individual Noteholders, Receiptholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and the Trustee shall not be entitled to require, nor shall any Noteholder, Receiptholder or Couponholder be entitled to claim, from the Issuer, the Guarantor (in the case of Guaranteed Notes), the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders, Receiptholders or Couponholders except to the extent already provided in Condition 7 or any undertaking given in addition thereto or in substitution therefor pursuant to the Trust Deed.

17. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single Series with the outstanding Notes.

18. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. GOVERNING LAW AND SUBMISSION TO JURISDICTION

(a) Governing law

The Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, English law. Any matter, claim or dispute arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes, the Receipts and the Coupons, whether contractual or non contractual, is governed by, and shall be construed in accordance with, English law.

(b) Submission to jurisdiction

GSK Capital Inc. has irrevocably agreed in the Trust Deed for the benefit of the Trustee, the Noteholders, the Receiptholders and the Couponholders, that the courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with the Trust Deed, the Notes, the Receipts

and/or the Coupons and that accordingly any suit, action or proceedings (together referred to as “**Proceedings**”) arising out of or in connection with the Trust Deed, the Notes, the Receipts and the Coupons may be brought in such courts.

GSK Capital Inc. has in the Trust Deed irrevocably and unconditionally waived any objection which it may have now or hereafter to the laying of the venue of any such Proceedings in any such court and any claim that any such Proceedings have been brought in an inconvenient forum and hereby further irrevocably agrees that a judgment in any such Proceedings brought in the English courts shall be conclusive and binding upon it and may be enforced in the courts of any other jurisdiction.

Nothing contained in this Condition shall limit any right to take Proceedings against GSK Capital Inc. in any other court of competent jurisdiction, nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction, whether concurrently or not.

(c) *Appointment of Process Agent*

GSK Capital Inc. has in the Trust Deed irrevocably and unconditionally appointed the Guarantor at its registered office for the time being as its agent for service of process, and undertakes that, in the event of its ceasing so to act or ceasing to be registered in England, it will appoint another person approved by the Trustee as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

TAXATION

United Kingdom Taxation

The following is only a summary of the Issuers' understanding of current United Kingdom tax law and HMRC practice as at the date of this Prospectus relating to certain United Kingdom tax implications of investing in the Notes as they affect most investors (other than dealers in securities). It does not deal with situations where the Noteholder is not the beneficial owner of the Notes. The UK treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Persons who are unsure of their tax positions are strongly advised to consult their own professional advisers.

Interest on the Notes

1. *Notes issued by GSK plc or GSK Capital plc*

- (a) Short-term Notes. Where interest is payable on Notes which have a maturity of less than 365 days (and which are not issued under arrangements the effect of which is to render such Notes part of a borrowing with a total term of more than 364 days), the interest will not be "yearly interest" for the purposes of the Income Tax Act 2007 ("**ITA 2007**") and accordingly payments of interest on such Notes may be made without withholding or deduction for or on account of United Kingdom income tax.
- (b) Other Notes. Interest bearing Notes will constitute "Quoted Eurobonds" within the meaning of Section 987 of the ITA 2007 while the Notes are listed on a "recognised stock exchange" within the meaning of Section 1005 of the ITA 2007 (the London Stock Exchange is such a "recognised stock exchange"). Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the FSMA) and admitted to trading on the London Stock Exchange. Payments of interest on such Notes as fall outside the scope of paragraph (a) above, but which are Quoted Eurobonds, may be made without withholding or deduction for or on account of United Kingdom income tax irrespective of whether the Notes are in global form or in definitive form. In other cases an amount must generally be withheld on account of United Kingdom income tax at the basic rate (currently 20 per cent.) from payments of interest on such Notes as fall outside the scope of paragraph (a) above, subject (i) to any direction to the contrary from HMRC in respect of such relief as may be available pursuant to the provisions of an applicable double taxation treaty or (ii) to the interest being paid to the persons (including companies within the charge to United Kingdom corporation tax) and in the circumstances specified in Sections 933 to 937 of the ITA 2007.

Where a Noteholder is associated with the Issuer, resident in a Member State of the EU, beneficially entitled to the interest and entitled in practice to the benefit of the European Council Directive 2003/49/EC, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax.

2. *Notes issued by GSK Capital Inc.*

Payments of interest on Notes issued by GSK Capital Inc. may be made without withholding or deduction for or on account of United Kingdom income tax.

3. *HMRC information gathering powers in relation to GSK plc, GSK Capital plc and GSK Capital Inc.*

Noteholders may wish to note that HMRC has power to obtain information (including the name and address of the beneficial owner of the interest or the amount payable on redemption) from any person in the United Kingdom who either pays interest to or receives interest for the benefit of an individual,

or who either pays amounts payable on the redemption of Notes which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005 to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of such amounts payable on redemption of such Notes where such amounts are paid on or before 5th April, 2011. Information so obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of other jurisdictions.

4. *Further United Kingdom income tax issues for interest on Notes issued by GSK plc or GSK Capital plc*

Interest on the GSK plc and GSK Capital plc Notes constitutes United Kingdom source income for tax purposes and, as such, may be subject to income tax by direct assessment even when paid without withholding subject to any direction to the contrary from HMRC in respect of such relief as may be available pursuant to the provisions of an applicable double taxation treaty.

However, interest with a United Kingdom source received without deduction or withholding on account of United Kingdom tax will not be chargeable to United Kingdom tax in the hands of a Noteholder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless that Noteholder carries on a trade, profession or vocation through a branch or agency in the United Kingdom in connection with which the interest is received or to which the Notes are attributable (and where the Noteholder is a company, unless that Noteholder carries on a trade in the United Kingdom through a permanent establishment in connection with which the interest is received or to which the Notes are attributable). There are exemptions for interest received by certain categories of agent (such as some brokers and investment managers).

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision under an applicable double taxation treaty.

5. *United Kingdom corporation tax payers*

In general Noteholders which are within the charge to United Kingdom corporation tax in respect of Notes will be charged to tax and obtain relief as income on all returns, profits or gains on, and fluctuations in value of, the Notes (whether attributable to currency fluctuations or otherwise) broadly in accordance with their statutory accounting treatment.

6. *Other United Kingdom tax payers*

Taxation of chargeable gains

A disposal of Notes by an individual Noteholder who is resident or ordinarily resident in the United Kingdom or who carries on a trade, profession or vocation in the United Kingdom through a branch or agency to which the Notes are attributable, may give rise to a chargeable gain or allowable loss for the purposes of the United Kingdom taxation of chargeable gains, unless the Notes constitute “qualifying corporate bonds” within the meaning of Section 117 of the Taxation of Chargeable Gains Act 1992. There are provisions to prevent any particular gain (or loss) from being charged (or relieved) at the same time under these provisions and also under the provisions of the “accrued income scheme” described below.

Accrued Income Scheme

On a disposal of Notes by a Noteholder, any interest which has accrued since the last interest payment date may be chargeable to tax as income under the rules of the “accrued income scheme” if that Noteholder is resident or ordinarily resident in the United Kingdom or carries on a trade in the United Kingdom through a branch or agency to which the Notes are attributable.

Taxation of discount

If the Notes constitute “deeply discounted securities” for the purposes of Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005, individual Noteholders who are within the scope of United Kingdom income tax will be liable to United Kingdom income tax on any gain made on the sale or other disposal (including redemption) of the Notes but such Noteholder will not be able to claim relief from income tax in respect of costs incurred on the acquisition, transfer or redemption, or losses incurred on the transfer or redemption, of the Notes.

EU Savings Directive

Under European Union Council Directive 2003/48/EC on the taxation of savings income (the “**EU Savings Directive**”), each Member State of the European Union is required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such person for, an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-European Union countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

On 15th September, 2008 the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the European Commission’s advice on the need for changes to the EU Savings Directive. On 13th November, 2008 the European Commission proposed certain amendments to the EU Savings Directive. The European Parliament approved an amended version of the proposal on 24th April, 2009. The proposed changes, if implemented, may amend or broaden the scope of the requirements described above.

U.S. Taxation

Circular 230 Legend

Any discussions of U.S. federal tax matters set forth in this Prospectus were written in connection with the promotion and marketing by the Issuers and Dealers of the transactions described in this Prospectus. Such discussions were not intended or written to be legal or tax advice to any person and were not intended or written to be used, and cannot be used, by any person for the purpose of avoiding any tax-related penalties that may be imposed on such person. Each person considering an investment in the Notes should seek advice based on its particular circumstances from an independent tax advisor.

Discussion

The following summary describes the material federal income and estate tax consequences of the ownership of Notes issued by GSK Capital Inc. by a “Non-U.S. person” (as defined below). This summary does not discuss all of the tax consequences that may be relevant to a Non-U.S. person in light of his or her particular circumstances. Under present United States federal income and estate tax law, and subject to the discussion below concerning information reporting and backup withholding:

- (a) payments of principal of and interest in respect of the Notes by GSK Capital Inc. or any of its Paying Agents to any Non-U.S. person will not be subject to withholding of United States income tax, provided, however, that in the case of interest (i) the holder does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of GSK Capital Inc. entitled to vote; (ii) the holder is not a controlled foreign corporation for United States tax purposes that is related to GSK Capital Inc. through stock ownership; and (iii) the holder is not a bank receiving interest on an extension of credit made pursuant to a loan

agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the United States Internal Revenue Code of 1986 (as amended) (the “Code”);

- (b) a holder of a Note or Coupon who is a Non-U.S. person will not be subject to United States federal income tax on any gain realised on the sale, exchange or redemption of a Note or Coupon unless (i) such gain is effectively connected with a trade or business of such holder in the United States or (ii) in the case of certain Non-U.S. persons who are individuals and hold the Note or Coupon as a capital asset, such individuals are present in the United States for 183 or more days in the taxable year of such sale, exchange or redemption and certain other conditions are satisfied; and
- (c) a Note or Coupon held by an individual who at the time of death is not a citizen or resident (as specifically defined for United States federal estate tax purposes) of the United States will not be subject to United States federal estate tax as a result of such individual’s death, if at the time of death the individual did not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of GSK Capital Inc. entitled to vote, unless such individual held the Note or Coupon in connection with a United States trade or business.

The conclusions expressed in sections (a) through (c) above may not apply to certain Notes providing for the payment of contingent interest described in section 871(h)(4) of the Code (relating primarily to interest based on or determined by reference to income, profits, cash flow and other comparable attributes of the obligor or a party related to the obligor), to certain Index Linked Redemption Notes, certain Index Linked Interest Notes or to certain Dual Currency Notes. The Final Terms issued in respect of any Notes providing for the payment of contingent interest as defined in section 871(h)(4) of the Code or in respect of Index Linked Redemption Notes, Index Linked Interest Notes or Dual Currency Notes to which the conclusions set forth in (a) through (c) above do not apply will describe the principal United States federal income tax consequences arising from holding an interest in such Notes.

A holder of Notes that is a Non-U.S. person and whose income from the Notes is effectively connected with such holder’s conduct of a United States trade or business will generally be taxed in the same manner as a United States person (as defined below). Such Non-U.S. persons should consult their own tax advisors in this regard.

Certain payments to non-corporate persons of interest on and principal of obligations, and of the proceeds of the sale of obligations, are subject to information reporting and may be subject to backup withholding. Under current United States federal income tax laws and regulations, payments of interest on a Note made outside the United States by GSK Capital Inc. or any of its Paying Agents will not be subject to information reporting or backup withholding. In addition, backup withholding and information reporting will not apply to principal payments upon the redemption or retirement of the Notes, or proceeds from the sale of the Notes or Coupons, provided that (a) such redemption, retirement or sale was effected at an office outside the United States, and (b) such payment was made, or collected on behalf of another person, by a person (including a nominee, agent, or custodian of the beneficial owner) that is not a U.S. payor or U.S. middleman. For these purposes, a person will not be a “U.S. payor” or “U.S. middleman” unless such person is (i) a United States person, (ii) a foreign branch of a United States person, (iii) a controlled foreign corporation as to the United States, (iv) a foreign partnership, if at any time during its tax year, one or more of its partners are U.S. persons (as defined in Treasury regulations) who in the aggregate hold more than 50 per cent. of the income or capital interest in the partnership or if, at any time during its tax year, such foreign partnership is engaged in a United States trade or business, (v) a Non-U.S. person if 50 per cent. or more of its gross income from all sources for the three-year period preceding payment was effectively connected with the conduct of a United States trade or business, or (vi) a U.S. branch of a foreign bank or a foreign insurance company. Moreover, backup withholding and information reporting will not apply to payments in redemption or retirement of a Note if the redemption or retirement is effected by GSK Capital Inc. or any of its Paying Agents at the foreign office of a person that is not acting as a custodian, nominee or other agent of the holder of Note.

Information reporting and backup withholding generally will apply to payments of proceeds from the sale of a Note or Coupon that is not described in the preceding paragraph unless the payor has documentary

evidence, generally on IRS Form W-8BEN, in its records that the beneficial owner is not a United States person and certain conditions are met, or the beneficial owner otherwise establishes an exemption.

The accuracy of the above statement depends on GSK Capital Inc. having in effect procedures reasonably designed to ensure that their employees or agents who are directly engaged in selling the Notes are aware that the Notes cannot be offered, delivered or sold during the restricted period to a person who is within the United States or who is a United States person. As used in this section, “**United States**” means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; “**United States person**” means any citizen or resident of the United States, a corporation, partnership or other entity organised in or under the laws of the United States, any state thereof or the District of Columbia and an estate the income of which is subject to United States federal income taxation regardless of its source and a trust if (x) a court within the United States is able to exercise primary supervision over the administration of the trust and (y) one or more United States persons have the authority to control all substantial decisions of the trust; and a “**Non-U.S. person**” means any person other than a United States person.

For purposes of applying the rules set forth under this heading “U.S. Taxation” to an entity that is treated as fiscally transparent (e.g. a partnership) for U.S. federal income tax purposes, the beneficial owner means each of the ultimate beneficial owners of the entity.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement dated 30th July, 2008 (the “**Programme Agreement**”), agreed with each Issuer and (in the case of Guaranteed Notes) the Guarantor a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “Form of the Notes” and “Terms and Conditions of the Notes”. In the Programme Agreement, the Issuers (failing which, the Guarantor) have agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes and the Guarantee have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons or persons within the U.S. or its possessions. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons or persons within the United States or its possessions. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issuance of Index Linked Notes or Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the relevant Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Notes, which additional selling restrictions shall be set out in the applicable Final Terms.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer represents and agrees, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the relevant final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a

“**Non-exempt Offer**”), in the period beginning on the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, and ending on the date specified in such prospectus or final terms, as applicable;

- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000; and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe to the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes having a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the relevant Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer or the Guarantor (in the case of Guaranteed Notes); and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

General

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuers, the Guarantor (in the case of Guaranteed Notes) nor any of the other Dealers shall have any responsibility therefor.

None of the Issuers, the Guarantor (in the case of Guaranteed Notes) and the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer will be required to comply with such other restrictions as the relevant Issuer and the relevant Dealer shall agree and as shall be set out in the applicable Final Terms.
