

UK MiFIR product governance / Professional investors and ECPs only target market: Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“**COBS**”), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”) (“**UK MiFIR**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

2 RATINGS

Ratings: The Notes to be issued are expected to be rated:

Fitch: A

As defined by Fitch, an ‘A’ rating means that the Notes are judged to be of high credit quality and denotes expectations of low default risk. It indicates strong capacity for payment of financial commitments, but may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

(Source, Fitch Ratings,
<https://www.fitchratings.com/products/rating-definitions>)

Moody’s: A2

As defined by Moody’s, obligations rated A are judged to be upper-medium grade and are subject to low credit risk. The modifier “2” indicates mid-range ranking.

(Source: Moody’s, <https://www.moody.com/ratings-process/Ratings-Definitions/002002>)

S&P: BBB+

As defined by S&P, an ‘BBB’ rating means that the Notes exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation. The ‘BBB’ rating is modified by the addition of a plus (+) sign to show relative standing within the ‘BBB’ rating category.
