BACKGROUND

The Issuer is proposing to make a number of modifications to the Programme which will involve amendments to the Conditions of the Series Netflix ETP Securities and the Programme

Documents as described in detail below. In particular, the following modifications are proposed to the Programme:

- (1) due to the uncertainties surrounding 'Brexit' it is proposed that the governing law of the Series Netflix ETP Securities and certain of the Programme Documents be amended from English law to Irish law;
- (2) currently the Programme permits the Issuer to issue Series of ETP Securities which provide exposure to equity securities. It is proposed that the Programme be amended to permit the Issuer to issue Series of ETP Securities which provide exposure to asset classes not currently contemplated by the Programme. These asset classes include but are not limited to debt securities, fixed income securities, units in exchange traded funds and futures contracts;
- (3) currently the Programme permits the Issuer to issue Series of ETP Securities which provide holders with a leveraged long exposure to the underlying assets to which they are linked. It is proposed that the Programme will be amended to permit the Issuer to issue Series of ETP Securities which provide unleveraged long exposure and short exposure to the underlying assets;
- (4) currently the Programme permits the Issuer to issue Series of ETP Securities which are linked to Indices, as described more fully in the Base Prospectus. It is proposed that the Programme be amended to permit the Issuer to issue Series of ETP Securities which are linked to investment strategies which will be further described in the Base Prospectus;
- (5) currently all Series of ETP Securities are rebalanced on a daily basis. It is proposed that the Programme be amended to permit the Issuer to issue Series of ETP Securities in respect of which rebalancing will occur with a frequency other than daily;
- (6) it is proposed that the Programme be amended to permit redemptions and subscriptions *in specie* so that the Issuer may, subject to compliance with the applicable conditions, (i) accept the delivery of Reference Assets in satisfaction of subscription amounts and (ii) deliver Collateral Assets in satisfaction of redemption amounts; and
- (7) it is proposed that amendments will be made to correct an error which appears in the definition of the Arranger Fee in the Conditions.

In addition to the amendments described above, the Issuer is proposing to make a number of miscellaneous amendments which it considers are desirable to improve the operation of the Programme and to correct some errors which appear in the Conditions and the Programme Documents.

PROPOSED AMENDMENTS TO THE CONDITIONS OF THE SERIES NETFLIX ETP SECURITIES

It is proposed that the following amendments be made to the Conditions of the Series Netflix ETP Securities:

Amendments in connection with the change of governing law of the Series Netflix ETP Securities from English law to Irish law.

- Condition 20 is to be amended to provide that the governing law of Trust Deed and the ETP Securities shall be Irish law and that courts of Ireland are to have non-exclusive jurisdiction to settle any disputes that may arise out of or in connection with any ETP Securities.
- Condition 21 which refers to the appointment of a process agent by the Issuer to facilitate the service of process in respect of proceedings commenced in England will be deleted.
- The definitions “Additional Security Document” and “Margin Account Security Agreement” will be inserted as described in greater detail under the heading “Miscellaneous Amendments” below.
- References throughout the Conditions to “London time” and “London Business Day” shall be replaced with “Dublin time” and “Dublin Business Day” respectively.
- Condition 17.1(A)(1) shall be amended to provide that notices to ETP Securityholders shall be valid if published in a daily newspaper with general circulation in Ireland (which is expected to be the Irish Times) and in the United Kingdom (which is expected to be the Financial Times).
- Condition 19 relating to the United Kingdom’s Contracts (Rights of Third Parties) Act 1999 shall be deleted in its entirety.

Amendments to permit the Issuer to issue Series of ETP Securities which provide exposure to other asset classes not contemplated currently under the Programme.

It is proposed that the Issuer may, from time to time, issue Series of ETP Securities which provide exposure to asset classes other than those currently contemplated under the Programme. Such asset classes will include, but not be limited to, debt securities, fixed income securities, units in exchange traded funds and futures contracts. This amendment will not affect the underlying assets to which the Series Netflix ETP Securities are linked. In connection with this change, the following amendments are proposed to the Conditions of the Series Netflix ETP Securities:

- The definition of “Component Security” will be deleted and replaced by a new broader definition of “Reference Asset”.
- The definition of “Collateral Assets” will be amended so that rather than referring to the “Component Security”, it refers instead to the “Reference Assets” and any “Ancillary Assets” and cash held from time to time in the “Margin Account”.
- A new definition of “Physical Assets” will be included which will refer to equity securities, debt securities, fixed income securities and units in exchange traded funds.
- It is proposed that amounts standing to the credit of a Margin Account in respect of a Series of ETP Securities, to the extent not required for investment in Reference Assets may, at the discretion of the Portfolio Administrator, be invested in “Ancillary Assets”. “Ancillary Assets” are defined as sovereign debt in the currency of denomination of the ETP Securities with an original maturity of less than one month which is rated at

least A-1 by Standard & Poor's Ratings Services, and/or P-1 by Moody's Investors Service Ltd. and/or F1 by Fitch Ratings Limited.

- The list of modifications specified in Condition 14.2 (B) which may be made by the Issuer without the consent of the Trustee to the Conditions, the Trust Deed and any Programme Document shall be amended to include any modification in connection with an amendment to the terms of the Programme to extend the range of assets which may be included as Collateral Assets for any Series of ETP Securities to be issued following the date of the relevant amendments.

Amendments to permit the Issuer to issue Series of ETP Securities which provide unleveraged long exposure and short exposure to the underlying assets.

Currently, the Issuer may issue Series of ETP Securities which provide leveraged long exposure to the underlying assets to which they are linked. It is proposed that the Programme be amended so that the Issuer may, from time to time, issue Series of ETP Securities which provide an unleveraged long exposure or a short exposure to the underlying assets to which they are linked. This amendment will not affect the leverage applicable to the Series Netflix ETP Securities. In connection with this change, the following amendments are proposed to the Conditions of the Series Netflix ETP Securities:

- New definitions will be inserted for the terms "Leveraged Exposure", "Normal Exposure" and "Short Exposure" to distinguish between Series which offer long leveraged exposure, unleveraged long exposure and short inversed leveraged exposure to the relevant underlying assets.

Amendments to permit the Issuer to issue Series of ETP Securities which are linked to investment strategies.

Currently the Issuer may issue Series of ETP Securities under the Programme which are linked to Indices. It is proposed that the Programme be amended so that the Issuer may, from time to time, issue Series of ETP Securities which provide exposure to investment strategies which shall be as described in the Base Prospectus. This amendment will not affect the Index to which the Series Netflix ETP Securities are linked. In connection with this change the following amendments are proposed to the Conditions of the Series Netflix ETP Securities:

- A new definition of "Investment Strategy" and "Investment Strategy Modification" will be inserted.
- The definitions of "Adjustment Event", "Disrupted Day", "Exchange Business Day", "Exchange Disruption", "Market Disruption Event", "Scheduled Trading Day", "Trading Disruption", "Valuation Date" and "Valuation Time" will be adjusted so that in addition to applying to Indices or Series of ETP Securities which are linked to Indices, those definitions will also apply to investment strategies and Series of ETP Securities linked to investment strategies.
- The definition of "Index Leverage Factor" will be deleted. The leverage associated with each Series will be embodied in the specified "Leverage Factor" to which the Index Leverage Factor previously corresponded.

Amendments to permit rebalancing to occur other than daily.

Currently ETP Securities issued under the Programme are rebalanced on a daily basis. It is proposed that the Programme be amended to permit the Issuer to issue Series of ETP Securities in respect of which rebalancing will occur with a frequency other than daily. This amendment will not affect the frequency with which the Series Netflix ETP Securities are rebalanced which shall remain daily. In connection with this change the following amendments are proposed to the Conditions of the Series Netflix ETP Securities:

- The definition of Intraday Rebalance will be deleted and new definitions of “Rebalance Business Day” and “Unscheduled Rebalance” will be inserted.

Amendments to permit redemptions and subscriptions *in specie*.

Currently subscription amounts and redemption amounts in respect of each Series of ETP Securities are payable by or to the Issuer in cash. It is proposed that the Programme be amended to permit redemptions and subscriptions to also occur *in specie*. In connection with this change the following amendments are proposed to the Conditions of the Series Netflix ETP Securities:

- In connection with Optional Redemptions, Condition 8.4 shall be amended to provide that Issuer may agree with any ETP Securityholder which is also an Authorised Participant to satisfy any requests for Optional Redemption by the transfer to, or to the order of, such ETP Securityholder of Collateral Assets with a value determined by the Determination Agent to be equal to the Optional Redemption Amount.
- Condition 16.1 shall be amended to provide that in relation to any Subscription Order, in satisfaction of the relevant subscription amount, the Issuer may agree with the relevant Authorised Participant to accept the delivery to, or to the order of, the Issuer of Component Assets which the Determination Agent determines have a value on the Subscription Settlement Date, after taking into account any costs of transfer or delivery which are to be discharged by the Issuer, which is equal to or greater than the subscription amount.

Amendments to correct the description of the Arranger Fee

- There is currently an error in the definition of the “Arranger Fee” whereby it is expressed as a percentage of the principal amount of the ETP Securities rather than as a percentage of the ETP Security Value. The current definition does not reflect the commercial agreement between the Issuer and the Arranger and it is therefore proposed that the definition of “Arranger Fee” in the Conditions of the Series Netflix ETP Securities be amended to read as follows:

““Arranger Fee” means a fee charged by the Arranger at a rate of 0.75% per annum of the ETP Security Value of the ETP Securities held by an ETP Securityholder, as modified by the Arranger from time to time.”

Miscellaneous Amendments

In addition to the amendments described above, the Issuer is proposing to make the following miscellaneous amendments which it considers are desirable to improve the operation of the Programme and to correct some drafting errors which appear in the Conditions of the Series Netflix ETP Securities:

- The definition of “Agents” will be amended to refer to any agent appointed under the Programme Documents.
- The definition of “Successor Index” will be amended to provide that a Successor Index may include an Index calculated by a replacement sponsor chosen by the Issuer at its discretion and acceptable to the Determination Agent and using in the determination of the Determination Agent the same or a substantially similar formula for and method of calculation as used in the calculation of the replaced Index.
- The definition of “Eligible Authorised Participant” will be amended to refer to any entity that meets the requirements of the Operating Procedures Agreement.
- The definition of “Valuation Date” will be amended to mean in respect of Series of ETP Securities linked to Indices, each Index Business Day which is also a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in Dublin and New York (“**Trading Business Day**”), and in respect of a Subscription Order or a Redemption Order and each Series of ETP Securities pursuing an investment strategy, each Trading Business Day.
- The definition of “Prospectus Regulation” will be updated to refer to Regulation EU 2017/1129.
- The definition of “Relevant Stock Exchange” will be amended to refer to any stock exchange on which ETP Securities may be listed.
- Condition 9.3(B) will be amended to provide that no adjustment or amendment as contemplated therein may be made which would, in the Trustee’s opinion, affect its rights, protections or impose more onerous obligations on the Trustee without its consent.
- Condition 10.7 will be amended to provide that the Issuer may, without requiring the prior approval of the Trustee or the ETP Securityholders, but subject to and in accordance with the provisions of the relevant Programme Documents, terminate the appointment of an Agent, replace an Agent or appoint additional or other Agents.
- A new Condition 10.8 will be inserted to provide, for the avoidance of doubt, that neither the approval of the ETP Securityholders or the consent of the Trustee is required (without limitation) in connection with an accession of a new Authorised Participant or the termination of the appointment of an existing Authorised Participant provided that the Issuer shall use reasonable endeavours to at all times maintain at least one Authorised Participant.
- Condition 14.2(A) shall be amended to provide that Condition 14.2(A) shall not limit the authority of the Issuer to make any of the modifications to the Conditions, the Trust Deed and/or any other Programme Document as set out in Condition 14.2(B).
- The list of modifications specified in Condition 14.2(B) that may be agreed by the Issuer to the Conditions, the Trust Deed and the Programme Documents without the consent of the Trustee or the ETP Securityholders shall be amended to include modifications which are made:

- in connection with the termination of the appointment of an existing Authorised Participant (including the Initial Authorised Participant);
- in connection with any variation of the terms of appointment of an Agent, the termination of the appointment of an Agent, the replacement of an Agent, the appointment of additional Agents or any variation or amendment to the terms of any Programme Document;
- in connection with an amendment to the terms of the Programme to extend the range of assets which may be included as Collateral Assets for any Series of ETP Securities to be issued following the date of the relevant amendments;
- in connection with an amendment to the terms of the Programme to facilitate the issue of Series of ETP Securities which pursue actively managed Investment Strategies, such Series to be issued following the date of the relevant amendment; and
- in order to facilitate any application for the admission of the ETP Securities of any Series to listing or trading on any stock exchange.

In addition, new wording shall be included in Condition 14.2 (B) to provide that to the extent that the consent of the Trustee is required to give effect to any modification to the Conditions, the Trust Deed or any other Programme Document to which the Trustee is a party which the Issuer certifies to the Trustee is necessary or desirable to be made for the purposes described in Condition 14.2 (B), the Trustee shall agree, without the consent of the ETP Securityholders, to such modification provided however that the Trustee shall not be required to agree to any modification which would, in the Trustee's opinion, affect its rights, protections or impose more onerous obligations on the Trustee.

- Condition 14.5 shall be amended to provide that the Trustee shall have regard "solely" to the interests of the ETP Securityholder with respect to the matters contemplated therein.
- The defined term "Margin Account Provider" shall be amended to "Margin Loan Provider".
- It is proposed that in respect of Series first issued after the date on which the amendments described in this Notice become effective ("**New Series**"), the Issuer will enter into a new margin account agreement with the Margin Account Provider (the "**Second Margin Account Agreement**"). The existing Margin Account Agreement will be re-defined as the "First Margin Account Agreement".
- It is proposed that with respect to New Series, the Issuer will enter into a portfolio administration agreement with Leverage Shares LLC, a registered investment advisor with the US Securities and Exchange Commission (the "**Second Portfolio Administration Agreement**"). The existing Portfolio Administration Agreement will be re-defined as the "First Portfolio Administration Agreement". In addition, the definition of "Portfolio Administrator" will be amended to mean either Interactive Brokers UK Limited or Leverage Shares Advisors LLC.

- The definition of “Custodian” will be amended to reflect that for Series to which the Second Portfolio Administration Agreement applies, there will be no separate custodian and instead the custodial services for such Series will be performed by the Interactive Brokers LLC in its capacity as Margin Loan Provider.
- The definition of “Margin Account” will be amended to refer to each account of the Custodian (in respect of Series to which the First Portfolio Administration applies) or the Margin Loan Provider (in respect of Series to which the Second Portfolio Administration Agreement applies) in which the Collateral Assets and any cash in respect of a Series of ETP Securities will be held by the Custodian or the Margin Loan Provider on behalf of the Issuer.
- The definitions of “Secured Property”, “Security” and “Security Document” will all be updated and definitions of “Additional Security Document”, “First New York Law Margin Account Security Agreement”, “English Law Margin Account Security Agreement” and “Second New York Law Margin Account Security Agreement” will be inserted to reflect the entry by the Issuer into: (i) where the First Margin Account Agreement applies, an English law security agreement and a New York law security agreement pursuant to which it will grant security in favour of the Trustee over the First Margin Account Agreement and the Collateral Assets held in the Margin Account; and (ii) where the Second Margin Account Agreement applies, a New York law governed security agreement pursuant to which it will grant security in favour of the Trustee over the Second Margin Account Agreement and the Collateral Assets held in the Margin Account. Condition 6 which describes the security arrangements will also be updated accordingly.
- A definition of “Margin Account Security Agreement” will be included and shall mean either (i) the First English Law Margin Account Security Agreement and the First New York Law Margin Account Security Agreement; or (ii) the Second New York Law Margin Account Security Agreement.
- The Second Margin Account Agreement will not contain limited recourse and non-petition obligations with respect to the liabilities of the Issuer (the “**New Arrangements**”). If there is an unsatisfied claim with respect to a New Series, the Margin Account Provider could look to satisfy such claim from other assets of the Issuer, including assets of the Series Netflix ETP Securities. In addition, the New Arrangements do not prohibit the Margin Account Provider bringing, instituting or joining insolvency, administration, bankruptcy, winding-up, examinership and other similar proceedings in relation to the Issuer (the “**Proceedings**”). There is a risk therefore that the Series Netflix ETP Securities may be impacted if Proceedings were successfully brought by the Margin Account Provider against the Issuer.

To mitigate the risk associated with the New Arrangements, it is proposed that GWM Limited, which shall be appointed pursuant to a broker dealer of record agreement (the “**Broker Dealer of Record Agreement**”) as the broker dealer of record with respect to the New Series, will indemnify the Issuer against any loss, cost, claim, action, demand or expense which the Issuer may incur as a result of any claim by the Margin Account Provider.

Condition 6.6 currently includes a description of the limited recourse and non-petition arrangements which have been implemented in respect of the Programme. It is proposed that this description will be amended to refer to the New Arrangements.

- The definition of “Programme Documents” will be amended to include the Margin Account Security Agreement, the Determination Agency Agreement, the Broker Dealer of Record Agreement, the Services Agreement and the Registrar Agreement.

The “Services Agreement” refers to an agreement entered into between the Issuer and the Arranger pursuant to which the Arranger agrees to provide certain management, administration and arrangement services for the Issuer.

The “Registrar Agreement” refers to an agreement entered into between the Registrar, the Issuer, the Arranger, the Administrator and the CREST Settlement Agent, pursuant to which the Registrar agrees to provide certain services to the Issuer.

- Condition 7(P)(3) and Condition 16.1 (C) will be amended to clarify that the requirement that the Margin Loan Provider agree to increase the economic exposure under the Margin Account Agreement in connection with the issue of new ETP Securities is only applicable to the extent that such increase is necessary to facilitate the issue of such ETP Securities.
- The standard of the Trustee’s liability in Condition 6.4 and Condition 10.5 will be amended from “negligence” to “gross negligence”.
- The following amendments are proposed to correct drafting errors in the Conditions:
 - The definitions of “Benchmark Rate”, “Daily Margin Interest Rate”, “Eligible Margin Account Provider”, “Fitch”, “Moody’s” and “S&P”, which are not used in the Conditions, are to be deleted.
 - The definition of “Market Disruption Event” is to be amended to provide that the Portfolio Manager and not the Arranger determines in a good faith and in a commercially reasonable manner the materiality of a Trading Day Disruption and Exchange Disruption, as set out therein.
 - The definition of “Secured Obligations” shall be amended to clarify that the security is granted in respect of the obligations of the Issuer under the Programme Documents rather than just the Trust Deed.
 - Condition 9.1 (C) shall be deleted in its entirety.
 - The description of “ETP Security Value” in Condition 5 will be amended to provide greater clarity on the applicable fees to be deducted when calculating the ETP Security Value, as follows:

*“The “**ETP Security Value**” in respect of any Valuation Date (which is not a Disrupted Day and on which an Intraday Unscheduled Rebalance does not occur) shall be calculated as follows:*

- (i) the ETP Security Value on the immediately preceding Valuation Date; adjusted by
- (ii) the change in the value of the Collateral Assets in respect of a Series of ETP Securities since such preceding Valuation Date; minus
- (iii) the applicable Funding and Brokerage Fees; minus
- (iv) the Arranger Fee, plus
- (v) any Value Adjustments; minus
- ~~(iv) Fees~~

provided that on the Issue Date of each Tranche, the ETP Security Value will be equal to the Issue Price of the ETP Security. Unless otherwise specified, amounts and values for each Valuation Date shall be calculated as at the Valuation Time for such Valuation Date.”

In connection with this amendment, a definition of “Funding and Brokerage Fees” will be inserted in the Conditions providing as follows:

““Funding and Brokerage Fees” means, in respect of a Series, all applicable fees including margin interest, securities lending fees, brokerage fees and costs of transaction taxes on the sale or purchase of Reference Assets (where relevant).”

In connection with these amendments, it is proposed that consequential revisions shall be made to the definitions of “Pro-rata liquidation” and “Value Adjustments” and the definition of “Margin Loan” shall be deleted.

The changes described above are for clarification and will not cause a change in the method of calculating the Final Redemption Amount, the Optional Redemption Amount or the Mandatory Redemption Amount for the Series Netflix ETP Securities.

- o It is proposed to amend the waterfalls of payments set out in Condition 6.2 (B) and Condition 6.5 to take account of all expenses payable by the Issuer. The waterfall of payments in Condition 6.2(B) will be amended to read as follows:
 - (1) *first, in payment or satisfaction of the fees, costs, charges, expenses and liabilities incurred by or payable to the Trustee under or pursuant to the ~~Trust Deed~~ relevant Security Documents (including, without limitation, any Taxes (other than any income, corporation or similar tax in respect of the Trustee’s remuneration) required to be paid by the Trustee in connection with the performance of its obligations under the ~~Trust Deed~~ relevant Security Documents and the Trustee’s remuneration);*
 - (2) *secondly, in payment of any amounts owing to the ~~holders of ETP Securities pari passu~~ Margin Loan Provider under the Margin Account Agreement, including margin interest, securities lending and ~~rateably~~ brokerage fees; and*

 - (4) *fourthly, in payment of any amounts owing to the holders of the relevant ETP Securities pari passu and rateably; and*

(5) fifthly, in payment of any balance to the Issuer for itself.

The waterfall of payments in Condition 6.5 will be amended to read as follows:

- (A) *first, in payment or satisfaction of all fees, costs, charges, expenses, liabilities and other amounts properly incurred by or payable in respect of the ETP Securities to the Trustee or any receiver under or pursuant to the ~~Trust Deed~~ relevant Security Documents (which shall include, without limitation, any Taxes required to be paid by the Trustee (other than any income, corporation or similar Tax in respect of the Trustee's remuneration), the costs of enforcing or realising all or some of the Security constituted by the ~~Trust Deed~~ Security Documents and the Trustee's remuneration);*
 - (B) *secondly, in payment of any amounts owing to the Margin ~~Account~~ Loan Provider under the Margin Account Agreement, including margin interest, securities lending and brokerage fees;*

- o It is proposed that the second paragraph of Condition 13 be deleted in its entirety as it is inconsistent with the first paragraph of Condition 6.4 which addresses the same subject matter.

Additional Amendments

It should be noted that additional amendments, other than those detailed in this Notice, are proposed to the Conditions of the Series Netflix ETP Securities to provide the Issuer with greater flexibility when issuing further Series of ETP Securities. Such additional amendments do not have a material impact on the Series Netflix ETP Securities.

Revisions to the Final Terms

As a consequence of the amendments described above, revisions will also be made to the form of final terms document in respect of each tranche of the Series Netflix ETP Securities which completes the Conditions for the Series Netflix ETP Securities (the "**Series Netflix Final Terms**"). The revisions are required to ensure that the Series Netflix Final Terms are aligned with the revised Conditions and reflect the terminology employed in the Conditions.

(the "**Proposed Conditions Amendments**").

The Proposed Conditions Amendments will be effected pursuant to the Leverage Shares 2x Netflix ETP Securities Deed of Amendment and Restatement (the "**Deed of Amendment**"). The Deed of Amendment shall be prepared by the Issuer and in such form as the Issuer

considers necessary, appropriate or expedient to give effect to the amendments described above.

PROPOSED AMENDMENTS TO THE PROGRAMME DOCUMENTS

It is proposed that the following amendments will be made to the Trust Deed:

- The governing law of the Trust Deed will be amended from English law to Irish law and the courts of Ireland will have non-exclusive jurisdiction to settle any disputes in connection with the Trust Deed. Various other amendments are proposed to the Trust Deed which are incidental to the change of governing law, including the deletion of English law legislative references and the insertion of Irish law legislative references where relevant. - The waterfall of payments set out at Clause 5.5 shall be amended to mirror the revised Condition 6.2(B) as set out above.
