Terms defined in the Prospectus have the same meaning when used in this Third Supplement. This Third Supplement is supplemental to, and shall be read in conjunction with, the Prospectus and any other supplements to the Prospectus issued by the Issuer from time to time.

to any significant change in the financial performance or financial position or material adverse change in the prospects of the Bank and its subsidiaries.

2. Comparative Unaudited Interim Consolidated Financial Statements and Management's Discussion and Analysis as at and for the Three Month Period Ended 31 January 2025

On 25 February 2025, the Bank published its comparative unaudited interim consolidated financial statements for the three month period ended 31 January 2025 prepared in accordance with IFRS, together with the management's discussion and analysis for the three month period ended 31 January 2025, set out on pages 3 through 82 of the Bank's 2025 First Quarter Report to Shareholders.

4. Amendment to the risk factor in the Prospectus entitled "*Economic Uncertainty*."

The risk factor entitled "***1.2.1. Economic Uncertainty.***", under the section entitled "***RISK FACTORS - A. Risks relating to the Issuer. - 1.2. Emerging and other risks that could impact future results.***", as included into the Prospectus pursuant to the Second Supplement dated 10 December 2024, is hereby deleted in its entirety and replaced with the following:

"***1.2.1. Economic Uncertainty.***

After a period of elevated interest rates, most central banks have started easing their policy rates, which should support economic activity. However, the lag effect of higher interest rates may increase portfolio impacts, including provisions and delinquencies as clients continue to face higher refinancing costs. Liquidity and market risk uncertainty may result in stricter credit conditions, which can impact business growth, delinquencies and collateral valuations. The Issuer has no control over changes in monetary policies or capital market conditions, and therefore cannot forecast or anticipate them systematically. The general level of interest rates

may impact the Issuer's profitability because interest rate fluctuations affect the spread between interest paid on deposits and interest earned on loans, thereby affecting the Issuer's net income.

The Issuer's strategic shift places focus on allocating capital to more mature, priority markets with an emphasis on lower cost deposits and client primacy that helps reduce credit risk. Frequent monitoring of liquidity, deposit levels, and credit quality will keep the Issuer adept in responding to a changing environment and protect against potential impacts of macroeconomic uncertainty. Portfolios are monitored for delinquency trends, and collections measures are being deployed to mitigate potential impacts to the Issuer's most vulnerable borrowers.

The heightened economic uncertainty driven by the threat of tariffs and changing government policy could reignite inflationary pressures, impact central bank policy, and raise recessionary risks. This will be occurring in an already uncertain macroeconomic environment for the Issuer's clients who are already dealing with higher borrowing costs and could further dampen consumer demand and investor confidence. In addition, the North American economic corridor may be negatively impacted by this uncertainty which could include impacts to key exports like energy, agriculture, and automotive, creating headwinds for the Issuer in its priority markets."

5. Amendment to statement regarding governmental, legal or arbitration proceedings

The section entitled "**Legal and Arbitration Proceedings**" under the section entitled "**THE BANK OF NOVA SCOTIA**" on page 77 of the Prospectus is hereby deleted in its entirety and replaced with the following:

"**Legal and Arbitration Proceedings**

Save as disclosed on pages 19 to 20 (Legal Proceedings and Regulatory Actions) in the Bank's Annual Information Form dated 3 December 2024 and note 28 (Corporate Income Taxes) on pages 208 to 210 of the Bank's consolidated financial statements for the year ended 31 October 2024 contained in the 2024 Annual Report and note 19 (Corporate income taxes) on page 81 of the Bank's 2025 First Quarter Report, there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Bank is aware), during the 12 month period preceding the date of this Prospectus which may have, or have had in the recent past, significant effects on the Bank and the Bank's subsidiaries' (taken as a whole) financial position or profitability."

6. Any significant change in the financial performance or financial position of the Bank and its respective subsidiaries or material adverse change in the prospects of the Bank and its subsidiaries

There has been no significant change in the financial performance or financial position of the Bank and its subsidiaries taken as a whole since 31 January 2025, being the date of the latest unaudited interim consolidated financial statements of the Bank for the three month period ended 31 January 2025, and no material adverse change in the prospects of the Bank and its subsidiaries taken as a whole since 31 October 2024, being the date of the latest audited published consolidated financial statements of the Bank.
