

BARCLAYS BANK PLC
(incorporated with limited liability in England and Wales)

Debt Issuance Programme

Any notes ("Notes") issued pursuant to this base prospectus (the "**Base Prospectus**") under the Debt Issuance Programme (the "**Programme**") on or after the date of this Base Prospectus are issued subject to the provisions described herein. Under the Programme, Barclays Bank PLC (the "**Issuer**" or the "**Bank**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Notes. References in this Base Prospectus to "**Exempt Notes**" are to Notes issued under the Programme for which no prospectus is required to be published under the UK Prospectus Regime (as defined below). Exempt Notes do not form part of this Base Prospectus. The FCA (as defined below) has neither approved, reviewed nor verified information contained in this Base Prospectus in connection with Exempt Notes.

This Base Prospectus has been approved by the United Kingdom Financial Conduct Authority (the "**FCA**") as a base prospectus in compliance with the Prospectus Rules: Admission to Trading on a Regulated Market sourcebook of the FCA Handbook (the "**PRM**") made in accordance with the Public Offers and Admissions to Trading Regulations 2024 (the "**POATRs**" and, together with the PRM, the "**UK Prospectus Regime**"). The FCA only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the rules in the PRM and such approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of any Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes. This Base Prospectus (as supplemented from time to time) is valid for a period of 12 months from the date of approval. Applications have been made for Notes (other than Exempt Notes) to be admitted during the period of 12 months from the date of approval of this Base Prospectus to listing on the Official List of the FCA (the "**Official List**") and to trading on the Main Market (the "**Main Market**") of the London Stock Exchange plc (the "**London Stock Exchange**").

The Main Market is a regulated market for the purposes of the UK Prospectus Regime. References in this Base Prospectus to Notes (other than Exempt Notes) being "listed" (and all related references) shall, unless the context otherwise requires, mean that such Notes have been admitted to the Official List and admitted to trading on the Main Market.

Additionally, application has been made for Notes to be admitted to trading on the International Securities Market of the London Stock Exchange (the "**ISM**"). The ISM is not a regulated market for the purposes of the UK Prospectus Regime. Notes which are designated in the relevant Pricing Supplement as being admitted to trading on the ISM are Exempt Notes. The relevant Final Terms or Pricing Supplement, as applicable (each as defined below) will state on which market(s) the relevant Notes will be admitted to trading, if any.

The ISM is a market designated for qualified investors (as prescribed in Regulation 16 of the POATRs). The London Stock Exchange, as a Recognised Investment Exchange does not make assessments of investor eligibility. Given that under Regulation 16 of the POATRs, only qualified investors are permitted to trade on the ISM and no qualified investor is permitted to trade on behalf of persons who are not themselves qualified investors, financial intermediaries acting for investors are responsible for ensuring that only investors who are qualified investors as prescribed by Regulation 16 of the POATRs are permitted to trade on the ISM. Notes admitted to trading on the ISM are not admitted to the Official List. The London Stock Exchange has not approved or verified the contents of this Base Prospectus.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended ("**Securities Act**"). Subject to certain exemptions, the Notes are not being offered, sold or delivered within the United States (the "**U.S.**") or to, or for the account or benefit of, U.S. persons (as defined in Regulation S ("**Regulation S**")). See "*Subscription and Sale*" below.

The Notes are not deposit liabilities of the Issuer and are not covered by the United Kingdom Financial Services Compensation Scheme or insured by the U.S. Federal Deposit Insurance Corporation or any other governmental agency of the United States, the United Kingdom or any other jurisdiction.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the ability of the Issuer to fulfil its obligations under the Notes are discussed under "*Risk Factors*" below.

None of the Dealers or any of their respective affiliates shall be responsible for any act or omission of the Issuer or any other person (other than the relevant Dealer or affiliate) in connection with the Programme and the issue and offering of Notes thereunder.

Final Terms, Pricing Supplement or Drawdown Prospectus

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" (the "**Conditions**") as completed by a document specific to such Tranche called final terms (the "**Final Terms**") or as supplemented, amended and/or replaced by a document specific to such Tranche called a pricing supplement (the "**Pricing Supplement**") in the case of Exempt Notes, or by a separate prospectus specific to such Tranche (the "**Drawdown Prospectus**") as described under "*Final Terms, Pricing Supplement and Drawdown Prospectuses*" below. In the case of Exempt Notes, each reference in this Base Prospectus to "Final Terms" shall be read and construed as a reference to the "Pricing Supplement", unless the context requires otherwise.

The Notes

Notes may only be issued under the Programme which have a denomination of at least €100,000 (or its equivalent in any other currency).

Notes issued under the Programme will not be marketed as green, social, sustainable or sustainability-linked nor issued under a bond framework or equivalent document on green, social, sustainable or sustainability-linked financing published by any member of the Group.

Other relevant information

This Base Prospectus must be read and construed together with any amendments or supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes, must be read and construed together with the relevant Final Terms. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

The Issuer has confirmed to the Dealers named under "*Subscription and Sale*" below that this Base Prospectus contains all necessary information with regard to it and its subsidiaries which is (in the context of the Programme or the issue, offering and sale of the Notes) material to an investor for making an informed assessment of the assets and liabilities, profits and losses, financial position and prospects of itself and its subsidiaries of the rights attached to such Notes and the reasons for the issuance of such Notes and the impact of such issuance on itself, as required by the UK Prospectus Regime. The Issuer has also confirmed that such information is true and accurate in all material respects and not misleading and does not omit to state any other fact required (in the context of the Programme or the issue, offering and sale of the Notes) to be stated therein or the omission of which would make any information contained herein misleading in any material respect and all reasonable enquiries have been made to ascertain such facts and to verify the accuracy of all such information.

The Issuer confirms that any information from third party sources has been accurately reproduced and that, so far as it is aware and is able to ascertain from information published by such third party source, no facts have been omitted which would render the reproduced information inaccurate or misleading.

To the fullest extent permitted by law, none of the Dealers, Barclays Bank PLC in its capacity as arranger (the "**Arranger**") or BNY Mellon Corporate Trustee Services Limited (the "**Trustee**") accept any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be

made by the Arranger, the Trustee or a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger, the Trustee and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement. The statements made in this paragraph are without prejudice to the responsibilities of the Issuer under or in connection with the Notes.

Unauthorised Information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer, the Arranger, the Trustee or any Dealer.

Neither the Dealers nor any of their respective affiliates, the Arranger, nor the Trustee have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Trustee. Investors should review, *inter alia*, the most recent published financial statements of the Issuer when evaluating the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*" below.

The Notes have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and Notes in bearer form are subject to U.S. tax law requirements. The Notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Bearer Notes, delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms nor any of the documents incorporated by reference constitutes an offer or an invitation to subscribe for or purchase any Notes and are not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Trustee, the Arranger or any of the Dealers that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

EU MiFID II product governance / target market

If applicable, the Final Terms in respect of any Notes will include a legend entitled "EU MiFID II Product Governance/ Professional investors and ECPs only target market" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor")

should take into consideration this target market assessment; however, a distributor subject to Directive (EU) 2014/65 on markets in financial instruments (as amended, "EU MiFID II") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. If applicable, a determination will be made in relation to each issue of Notes about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "EU MiFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MiFIR product governance / target market

If applicable, the Final Terms in respect of any Notes will include a legend entitled "UK MiFIR Product Governance / Professional investors and ECPs only target market" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. A distributor should take into consideration this target market assessment; however, a distributor subject to the UK MiFIR product governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. If applicable, a determination will be made in relation to each issue of Notes about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of EU MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, as amended or superseded, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014, as amended (the "EU PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS –The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"). Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook ("DISC") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

Benchmarks Regulation

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 as it forms part of domestic law of the UK by virtue of EUWA, as amended (the "**UK Benchmarks Regulation**"). If any such reference rate constitutes a benchmark under the UK Benchmarks Regulation, the relevant Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the FCA pursuant to Article 36 of the UK Benchmarks Regulation. Transitional provisions in the UK Benchmarks Regulation may have the result that the use of a particular benchmark is permitted despite the administrator not

appearing in the relevant register of administrators and benchmarks at the date of the relevant Final Terms. The registration status of any administrator under the UK Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the relevant Final Terms to reflect any change in the registration status of the administrator.

The Issuer is a "supervised entity" for the purposes of the UK Benchmarks Regulation. As a result, the Issuer may only use a benchmark or a combination of benchmarks if the benchmark is provided by an administrator located in the UK and included in the register referred to in Article 36 of the UK Benchmarks Regulation or is a benchmark which is included in the register referred to in Article 36 of the UK Benchmarks Regulation, subject to the transitional provisions and exemptions provided in relation to the UK Benchmarks Regulation.

Australian Investors

The Issuer is regulated as a foreign authorised deposit-taking institution for the purposes of the Banking Act 1959 (Cth) of Australia (the "**Australian Banking Act**"). The depositor protection provisions of Division 2 of Part II of the Australian Banking Act do not apply to the Issuer. The Notes are neither "protected accounts" nor "deposit liabilities" within the meaning of the Australian Banking Act nor are they obligations of any government and, in particular, are not guaranteed by the Commonwealth of Australia. Notes that are offered for issue or sale or transferred in, or into, Australia are offered only in circumstances that would not require disclosure to investors under Part 6D.2 or Part 7.9 of the Corporations Act and issued and transferred in compliance with the terms of the exemption from compliance with section 66 of the Australian Banking Act that is available to the Issuer. Such Notes are issued or transferred in, or into, Australia in parcels of not less than A\$500,000 in aggregate principal amount.

Suitability of investment in the Notes

The Notes are complex financial instruments and such instruments may be purchased by investors as a way to enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risk of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes or where the currency for principal or interest payments is different from the currency in which such investor's financial activities are principally denominated;
- (iv) understand thoroughly the terms of the relevant Notes, be familiar with the behaviour of any relevant indices and financial markets and be familiar with the resolution regime applicable to the Group, including the possibility that the Notes may become subject to write-down or conversion if the resolution powers are exercised;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) understand the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the relevant Notes.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal and other advisers to determine whether and to what extent: (i) Notes are legal investments for it; (ii) Notes can be used as collateral for various types of borrowing; and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Renminbi-denominated Notes

Renminbi is currently not freely convertible and conversion of Renminbi outside the People's Republic of China (for such purposes, not including Hong Kong and Macau Special Administrative Regions or Taiwan (the "PRC")) is subject to regulation. Investors should be reminded of the conversion risk with Notes denominated in Renminbi (the "**Renminbi Notes**"). In addition, there is a liquidity risk associated with Renminbi Notes, particularly if such investments do not have an active secondary market and their prices have large bid/offer spreads. Renminbi Notes are denominated and settled in Renminbi available outside the PRC, which represents a market which is different from that of Renminbi available in the PRC.

Any reference in this Base Prospectus to any legislation (whether primary legislation or other subsidiary legislation made pursuant to primary legislation) shall be construed as a reference to such legislation as the same may have been, or may from time to time be, amended or re-enacted.

Ratings

This Base Prospectus includes details of the long-term and short-term credit ratings assigned to the Issuer by S&P Global Ratings UK Limited ("**S&P**"), Moody's Investors Service Limited ("**Moody's**") and Fitch Ratings Ltd ("**Fitch**"). Each of S&P, Moody's and Fitch is established in the United Kingdom and registered under Regulation (EC) No. 1060/2009, as it forms part of domestic law of the UK by virtue of the EUWA (the "**UK CRA Regulation**"). As such, each of S&P, Moody's and Fitch appears on the latest update of the list of registered credit rating agencies (as of the date of this Base Prospectus) on the FCA's Financial Services Register. The ratings each of S&P, Moody's and Fitch has given to the Issuer are endorsed by S&P Global Ratings Europe Limited, Moody's Deutschland GmbH and Fitch Ratings Ireland Limited, respectively, each of which is established in the European Union and registered under Regulation (EU) No 1060/2009 on credit rating agencies, as amended (the "**EU CRA Regulation**").

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) applicable to the Issuer or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation unless (i) the rating is provided by a credit rating agency not established in the EEA but which is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation;

or (ii) the rating is provided by a credit rating agency not established in the EEA but which is certified under the EU CRA Regulation. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (i) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation; (ii) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA and registered under the EU CRA Regulation; or (iii) issued by a credit rating agency which is not established in the EEA but which is certified under the EU CRA Regulation, will be disclosed in the relevant Final Terms.

Similarly, UK regulated investors are generally restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation unless (i) the rating is provided by a credit rating agency not established in the UK but which is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation; or (ii) the rating is provided by a credit rating agency not established in the UK but which is certified under the UK CRA Regulation. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (i) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation; (ii) issued by a credit rating agency which is not established in the UK but will be endorsed by a credit rating agency which is established in the UK and registered under the UK CRA Regulation; or (iii) issued by a credit rating agency which is not established in the UK but which is certified under the UK CRA Regulation, will also be disclosed in the relevant Final Terms.

In Australia, credit ratings are for distribution only to a person (a) who is not a "retail client" within the meaning of section 761G of the Corporations Act 2001 (Cth) of Australia (the "**Corporations Act**") and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Part 6D.2 or 7.9 of the Corporations Act, and (b) who is otherwise permitted to receive credit ratings in accordance with applicable law in any jurisdiction in which the person may be located. Anyone who is not such a person is not entitled to receive this Base Prospectus and anyone who receives this Base Prospectus must not distribute it to any person who is not entitled to receive it.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the relevant Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules and, in particular, must not be conducted in Australia or on a market operated inside Australia.

SUPPLEMENTAL BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the UK Prospectus Regime, the Issuer will prepare and make available an appropriate amendment or supplement to this Base Prospectus or a further base prospectus which, in respect of any subsequent issue of Notes to be admitted to trading on the Main Market or on the ISM, as specified in the relevant Final Terms or Pricing Supplement, as applicable, and in the case of Notes admitted to trading on the Main Market and admitted to listing on the Official List, shall constitute a supplemental base prospectus as required by the UK Prospectus Regime.

FORWARD-LOOKING STATEMENTS

This Base Prospectus and certain documents incorporated by reference herein contain certain forward-looking statements within the meaning of Section 21E of the U.S. Securities Exchange Act of 1934, as amended, and Section 27A of the U.S. Securities Act of 1933, as amended, with respect to the Barclays

Bank Group. The Issuer cautions readers that no forward-looking statement is a guarantee of future performance and that actual results or other financial condition or performance measures could differ materially from those contained in the forward-looking statements. Forward-looking statements can be identified by the fact that they do not relate only to historical or current facts.

Forward-looking statements sometimes use words such as 'may', 'will', 'seek', 'continue', 'aim', 'anticipate', 'target', 'projected', 'expect', 'estimate', 'intend', 'plan', 'goal', 'believe', 'achieve' or other words of similar meaning. Examples of forward-looking statements include, among others, statements or guidance regarding or relating to the Barclays Bank Group's future financial position, business strategy, income levels, costs, assets and liabilities, impairment charges, provisions, capital leverage and other regulatory ratios, capital distributions (including policy on dividends and share buybacks), return on tangible equity, projected levels of growth in banking and financial markets, industry trends, any commitments and targets (including sustainability-related commitments and targets), plans and objectives for future operations, International Financial Reporting Standards ("**IFRS**") and other statements that are not historical or current facts.

By their nature, forward-looking statements involve risk and uncertainty because they relate to future events and circumstances. Forward-looking statements speak only as at the date on which they are made. Forward-looking statements may be affected by a number of factors, including, without limitation: changes in legislation, regulations, governmental and regulatory policies, expectations and actions, voluntary codes of practices and the interpretation thereof, changes in IFRS and other accounting standards, including practices with regard to the interpretation and application thereof and emerging and developing sustainability reporting standards (including emissions accounting methodologies); changes in tax laws and practice; the outcome of current and future legal proceedings and regulatory investigations; the Barclays Bank Group's ability along with governments and other stakeholders to measure, manage and mitigate the impacts of climate change effectively or navigate inconsistencies and conflicts in the manner in which climate policy is implemented in the regions where the Barclays Bank Group operates, including as a result of the adoption of rules and regulations taking a different or opposing position on sustainability matters, or other forms of governmental and regulatory action against sustainability policies; environmental, social and geopolitical risks and incidents and similar events beyond the Barclays Bank Group's control; financial crime; the impact of competition in the banking and financial services industry; capital, liquidity, leverage and other regulatory rules and requirements applicable to past, current and future periods; UK, U.S., Eurozone and global macroeconomic and business conditions, including inflation; volatility in credit and capital markets; market related risks such as changes in interest rates and foreign exchange rates; reforms to benchmark interest rates and indices; higher or lower asset valuations; changes in credit ratings of any entity within the Barclays Bank Group or any securities issued by it; changes in counterparty risk; changes in consumer behaviour; changes in trade policy, including the imposition of tariffs or other protectionist measures; the direct and indirect consequences of the conflicts in the Middle East and Ukraine on European and global macroeconomic conditions, political stability and financial markets; changes in U.S. legislation and policy; developments in the UK's relationship with the EU; the risk of cyberattacks, information or security breaches, technology failures or operational disruptions and any subsequent impact on the Barclays Bank Group's reputation, business or operations, the use of new technology, including artificial intelligence; the Barclays Bank Group's ability to access funding; and the success of acquisitions, disposals, joint ventures and other strategic transactions. A number of these factors are beyond the Barclays Bank Group's control. As a result, the Barclays Bank Group's actual financial position, results, financial and non-financial metrics or performance measures or its ability to meet commitments and targets may differ materially from the statements or guidance set forth in the Barclays Bank Group's forward-looking statements.

Additional risks and factors which may impact the Barclays Bank Group's future financial condition and performance are identified in the Issuer's filings with the U.S. Securities and Exchange Commission ("**SEC**") (including, without limitation, the Issuer's Annual Report on Form 20-F for the financial year ended 31 December 2025), which are available on the SEC's website at www.sec.gov.

Subject to the Issuer's obligations under the applicable laws and regulations of any relevant jurisdiction (including, without limitation, the UK and the U.S.) in relation to disclosure and ongoing information, the

Issuer undertakes no obligation to update publicly or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

**PRODUCT CLASSIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND
FUTURES ACT 2001 OF SINGAPORE**

The Final Terms in respect of any Notes may include a legend entitled "Singapore Securities and Futures Act Product Classification" which will state the product classification of the Notes pursuant to Section 309B(1) of the Securities and Futures Act 2001 of Singapore (the "SFA"), as modified or amended from time to time. If applicable, the Issuer will make a determination in relation to each issue about the classification of the Notes being offered for purposes of Section 309B(1)(a) of the SFA. Any such legend included on the relevant Final Terms will constitute notice to "relevant persons" for purposes of Section 309B(1)(c) of the SFA.

OVERVIEW OF THE PROGRAMME

The following overview is a general description of the Programme, must be read as an introduction to this Base Prospectus, and is qualified in its entirety by the remainder of this Base Prospectus and the information incorporated by reference herein (and, in relation to any Tranche of Notes, the relevant Final Terms). Words and expressions defined in "Forms of the Notes" or "Terms and Conditions of the Notes" below shall have the same meanings in this Overview of the Programme.

Admission to Listing and Trading:	Applications have been made for Notes (other than Exempt Notes) to be admitted during the period of 12 months from the date of approval of this Base Prospectus to listing on the Official List of the United Kingdom Financial Conduct Authority ("FCA") and to trading on the Main Market of the London Stock Exchange. Additionally, application has been made for Notes to be admitted to trading on the International Securities Market of the London Stock Exchange (the "ISM"). The ISM is a market designated for qualified investors, and, as prescribed in Regulation 16 of the POATRs, only qualified investors are permitted to trade on the ISM and no qualified investor is permitted to trade on behalf of persons who are not themselves qualified investors. The relevant Final Terms or Pricing Supplement, as applicable, will state on which market(s) the relevant Notes will be admitted to trading, if any. Notes which are designated in the relevant Pricing Supplement as being admitted to trading on the ISM are not admitted to listing on the Official List.

Unlimited Programme Amount:	Unlimited; there is no limit on the aggregate principal amount of Notes that may be outstanding from time to time under the Programme.
Issuance in Series:	Notes will be issued in series (each a " Series "). Each Series may comprise one or more tranches (each a " Tranche ") issued on different issue dates. The Notes of each Series will all be subject to identical terms, except that the issue date and the amount of the first payment of interest may be different in respect of different Tranches. The Notes of each Tranche will all be subject to identical terms in all respects save that a Tranche may comprise Notes of different denominations.
Final Terms, Pricing Supplements and Drawdown Prospectuses:	Each Tranche of Notes will be issued on the terms set out in the Conditions as completed by the relevant Final Terms, Pricing Supplement or Drawdown Prospectus.
Forms of Notes:	Notes may be issued in bearer form ("Bearer Notes") or in registered form ("Registered Notes"). The Notes will be sold solely outside the United States to non-U.S. persons in "offshore transactions" within the meaning of Regulation S.

Bearer Notes

In respect of each Tranche of Bearer Notes, the Issuer will deliver a temporary global Note (a "**Temporary Global Note**") without interest coupons ("**Coupons**") or (if TEFRA is specified as non-applicable or if the TEFRA C Rules are specified as applicable) a permanent global note (a "**Permanent Global Note**" and, together with the Temporary Global Note, the "**Bearer Global Note**") without Coupons, in each case as specified in the relevant Final Terms.

Each Temporary Global Note will be exchangeable for a Permanent Global Note or, if so specified in the relevant Final Terms, for Notes in definitive bearer form ("**Definitive Bearer Notes**"). Each Permanent Global Note will be exchangeable for Definitive Bearer Notes in accordance with its terms. Definitive Bearer Notes will, if interest-bearing, have Coupons attached and, if appropriate, a talon ("**Talon**") for further Coupons.

Each global note which is intended to be issued in new global note ("**NGN**" or "**New Global Note**") form, as specified in the relevant Final Terms, will be deposited on or around the relevant issue date with a common safekeeper (or its nominee) for Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking, S.A. ("**Clearstream, Luxembourg**") and each global Note which is not intended to be issued in NGN form (a "**Classic Global Note**" or "**CGN**"), as specified in the relevant Final Terms, will be deposited on or before the relevant issue date therefore with a common depositary (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Registered Notes

Each Tranche of Registered Notes will be in the form of either individual note certificates in registered form ("**Individual Certificates**") or a global Note in registered form (a "**Global Registered Note**"), in each case as specified in the relevant Final Terms.

Each Global Registered Note will either be: (a) in the case of a Global Registered Note which is not to be held under the new safekeeping structure ("**NSS**"), registered in the name of a common depositary (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common depositary; or (b) in the case of a Global Registered Note to be held under the NSS, registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg and will be exchangeable for Individual Certificates in accordance with its terms.

Currencies:	Notes may be denominated in euro, U.S. Dollars, pounds sterling, CAD, Yen, AUD, HKD, CNY (outside of the PRC), NOK, SEK, SGD or in any other currency or currencies, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.
Status:	The Notes (and the Coupons relating thereto, if any) constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer which will at all times rank <i>pari passu</i> among themselves and, in the event of the winding up or administration of the Issuer will rank <i>pari passu</i> with all other present and future unsecured and unsubordinated obligations of the Issuer, save for such obligations as may be preferred by provisions of law.
Issue Price:	Notes may be issued at any price on a fully paid basis, as specified in the relevant Final Terms. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealers at the time of issue in accordance with prevailing market conditions.
Specified Denominations:	The Notes may be issued in such denominations as may be specified in the relevant Final Terms, save that no Notes may be issued under the Programme which have a denomination of less than €100,000 (or its equivalent in any other currency at the date of issue).
Interest:	Notes may be interest-bearing or non-interest bearing. Interest (if any) may accrue at a fixed rate, a resetting rate or a floating rate or a combination thereof

and the method of calculating interest may vary between the Issue Date and the Maturity Date of the relevant Series. In respect of each Tranche of Notes, the date from which interest becomes payable and the due dates for interest, the maturity date, the repayment procedures and (in respect of Notes other than Floating Rate Notes) an indication of yield will be specified in the relevant Final Terms.

Maturities: Any maturity, subject, in relation to specific currencies, to compliance with all applicable legal and/or regulatory and/or central bank requirements.

Redemption: Notes may be redeemable at par or at such other Redemption Amount as may be specified in the relevant Final Terms.

Optional Redemption: There will be no optional right to redeem Notes of any Series, except (i) for taxation reasons at the option of the Issuer, (ii) where the relevant Final Terms provide for early redemption at the option of the Issuer and/or (iii) where the relevant Final Terms provide for redemption at the option of the relevant Noteholders.

Tax Redemption: Subject to certain conditions, the Notes may be redeemed at the Issuer's option in whole, but not in part, at their Early Redemption Amount (Tax), together with any accrued but unpaid interest to (but excluding) the date fixed for redemption if the Issuer determines that as a result of a change in, or amendment to, the laws or regulations of a Taxing Jurisdiction, including any treaty to which the relevant Taxing Jurisdiction is a party, or a change in an official application of those laws or regulations on or after the Issue Date of the first Tranche of a Series of Notes, including a decision of any court or tribunal which becomes effective on or after the Issue Date of the first Tranche of a Series of Notes (and, in the event of the substitution of any subsidiary of the Issuer in place of the Issuer as principal debtor under such Notes and in each case the Coupons (if any) appertaining thereto and the Trust Deed in so far as it relates to such Notes, which becomes effective on or after the date of that entity's assumption of the Issuer's obligations):

- (i) the Issuer has or will become obliged to pay certain additional amounts as provided or referred to in Condition 14 (*Taxation*);
- (ii) the Issuer would not be entitled to claim a deduction in respect of any payments in respect of the Notes in computing its taxation liabilities or the value of the deduction would be materially reduced; or
- (iii) the Issuer would not, as a result of the Notes being in issue, be able to have losses or deductions set against the profits or gains, or profits or gains offset by the losses or deductions, of companies with which the Issuer is or would otherwise be so grouped for applicable United Kingdom tax purposes (whether under the group relief system current as at the date of issue of the Notes or any similar system or systems having like effect as may from time to time exist),

(each such change in tax law or regulation or the official application thereof, a "**Tax Event**"); and

in the case of each of (i), (ii) and (iii) above, such consequences cannot be avoided by the Issuer taking reasonable measures available to it.

Issuer Residual Call: If "Issuer Residual Call" is specified in the relevant Final Terms as being applicable, and if, at any time (other than as a direct result of a redemption of some, but not all, of the Notes at the Make Whole Redemption Price at the Issuer's option pursuant to Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*), if applicable), the outstanding aggregate principal amount of the Notes is the Relevant Percentage or less of

the aggregate principal amount of the Notes originally issued (and, for these purposes, any further Notes issued pursuant to Condition 20 (*Further Issues*) and consolidated with the Notes as part of the same Series shall be deemed to have been originally issued), subject to certain conditions, the Issuer may redeem all (but not some only) of the outstanding Notes at the Optional Redemption Amount (Residual Call) together with any accrued and unpaid interest up to (but excluding) the date of redemption.

Negative Pledge: None.

Cross Default: None.

Taxation: Except as otherwise specified in the relevant Final Terms, all payments of principal and interest in respect of Notes will be made free and clear of withholding taxes of the United Kingdom or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding is required by law. In that event, the Issuer will, subject to customary exceptions, pay such additional amounts as will result in the Noteholders receiving such amounts as they would have received in respect of such Notes had no such withholding been required.

Governing Law: English Law.

Ratings: Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, the applicable rating(s), which will not necessarily be the same as the ratings applicable to the Issuer, will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (i) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation; (ii) issued by a credit rating agency which is not established in the EEA but will be endorsed by a credit rating agency which is established in the EEA and registered under the EU CRA Regulation; or (iii) issued by a credit rating agency which is not established in the EEA but which is certified under the EU CRA Regulation, will be disclosed in the relevant Final Terms. In addition, whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (i) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation; (ii) issued by a credit rating agency which is not established in the UK but will be endorsed by a credit rating agency which is established in the UK and registered under the UK CRA Regulation; or (iii) issued by a credit rating agency which is not established in the UK but which is certified under the UK CRA Regulation, will also be disclosed in the relevant Final Terms.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Selling Restrictions: For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material in the United States of America, the EEA, the United Kingdom, France, Japan, The People's Republic of China, Hong Kong, Norway, the Republic of Italy, the Republic of Singapore and Australia, see "*Subscription and Sale*" below.

RISK FACTORS

Prospective investors should consider carefully the risks set forth and referred to below and the other information contained in this Base Prospectus (including any information incorporated by reference herein) prior to making any investment decision with respect to the Notes.

Each of the risks highlighted below could have a material adverse effect on the Issuer's business, operations, financial condition or prospects, which, in turn, could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.

Prospective investors should note that the risks described below are not the only risks the Issuer faces. The Issuer has described only those risks relating to its operations that it considers to be material. There may be additional risks that the Issuer currently considers not to be material or of which it is not currently aware, and any of these risks could have the effects set forth above.

Risks relating to the Issuer and the Barclays Bank Group

Prospective investors should consider the section entitled "Risk Factors" on pages 1 – 29 of the Registration Document (as defined below), which is referred to in, and incorporated by reference into, this Base Prospectus as set out in the section titled "Information Incorporated by Reference".

Risks Relating to the Notes

Risks related to the structure of the Notes

Certain Notes may be redeemed prior to maturity

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that due to a change in law the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the United Kingdom or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions. Furthermore, the Issuer may be entitled to redeem the Notes if the tax treatment for the Issuer in respect of the Notes is negatively altered after their issue date.

If in the case of any particular Tranche of Notes, the relevant Final Terms specify that the Notes are redeemable at the Issuer's option in certain other circumstances or at any time, the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low, its borrowing costs are lower than the interest rate on the Notes or in other circumstances favourable to the Issuer. Moreover, the relevant Final Terms may specify that "Issuer Residual Call" is applicable to the Notes, in which case, the Notes will be redeemable at the option of the Issuer if the outstanding aggregate principal amount of the Notes is the Relevant Percentage or less of the aggregate principal amount of the Notes originally issued. In any such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes and may only be able to do so at a significantly lower rate. An optional redemption feature may limit the market value of the Notes. During any period when the Issuer may elect to redeem the Notes, the market value of the Notes generally will not rise substantially above the price at which they can be redeemed. Furthermore, during periods of perceived increased likelihood that the Notes would be redeemed early, the market value of the Notes may be adversely affected.

Furthermore, Noteholders will have no right to request the redemption of the Notes and should not invest in the Notes in the expectation that the Issuer would exercise its option to redeem the Notes. Any decision by the Issuer as to whether it will exercise its option to redeem the Notes will be taken at the absolute discretion of the Issuer with regard to factors such as, but not limited to, the economic impact of exercising such option to redeem the Notes, any tax consequences, the regulatory requirements and the prevailing market conditions. Noteholders should be aware that they may be required to bear the financial risks of an investment in the Notes until maturity.

Risks relating to Notes which are linked to "benchmarks"

Interest rates or other types of rates and indices which are deemed to be "**benchmarks**" have been the subject of ongoing national and international regulatory review and reform. This relates not only to creation and administration of benchmarks, but, also, to the use of a benchmark rate. These reforms have resulted in the cessation of certain benchmarks, including Sterling London Interbank Offered Rate ("**LIBOR**"), Japanese Yen LIBOR and U.S. Dollar LIBOR. Other benchmarks could be eliminated entirely or declared unrepresentative. Such reforms may cause benchmarks to perform differently than in the past, a benchmark could be eliminated entirely or declared unrepresentative, or there could be other consequences that cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to such a benchmark, including possible adverse U.S. tax consequences.

Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**EU Benchmarks Regulation**") and the UK Benchmarks Regulation (as defined above under "*Important Notices*") apply to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU and in the UK, respectively. These regulations could have a material impact on any Notes linked to or referencing a benchmark, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of any such regulation or if a critical benchmark is discontinued or is determined by a regulator to be "no longer representative". In each case, such changes could, among other things, have the effect of reducing or increasing the rate or level, or affect the volatility of, the published rate or level of the benchmark. In particular, although the Euro Interbank Offered Rate (EURIBOR) has subsequently been reformed in order to comply with the terms of the EU Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with the Euro Short Term Rate ("**€STR**") or an alternative benchmark.

In addition, as the Issuer is a supervised entity for the purposes of the UK Benchmarks Regulation, the UK Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark in circumstances where an index which is a benchmark could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a third country jurisdiction, the administrator is not otherwise recognised as being subject to an equivalent regime or otherwise recognised or endorsed or subject to transitional provisions and/or exemptions. This could potentially lead to such Notes being de-listed, adjusted, redeemed early or otherwise affected depending on the particular benchmark and the relevant terms of such Notes.

More broadly, any of the international or national reforms, or the general increase in regulatory scrutiny of benchmarks, could increase the costs and risks of administering or participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks or lead to the discontinuation or unavailability of quotes of certain benchmarks.

For Notes which reference any affected benchmark, uncertainty as to the nature of alternative reference rates and as to potential changes or other reforms to such benchmark may adversely affect such benchmark rates during the term of such Notes and the return on, value of and the trading market for such Notes.

In accordance with the Conditions, Notes which reference any affected benchmark may be subject to the adjustment of the interest provisions in certain circumstances, such as the potential elimination of the relevant benchmark, an inability to obtain authorisation or registration by the administrator of the relevant benchmark, changes in the manner of administration of such benchmark or the availability of a successor or replacement benchmark. The circumstances which could trigger such adjustments are beyond the Issuer's control. The subsequent use of a replacement benchmark may result in changes to the Conditions (which could be extensive) and/or interest payments that are lower than or that do not otherwise correlate over time with the payments that could have been made on such Notes if the relevant benchmark remained available in its current form. Although pursuant to the Conditions, spread adjustments may be applied to any such replacement benchmark in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark, the application of such adjustments to the Notes may not achieve this objective. Any such changes may result in the Notes performing differently (which may include payment of a lower interest rate) than if the original benchmark continued to apply. There is no assurance that the characteristics of any replacement benchmark would be similar to the affected benchmark, that any replacement

benchmark would produce the economic equivalent of the affected benchmark or would be a suitable replacement for the affected benchmark. The choice of replacement benchmark is uncertain and could result in the use of risk-free rates (see *"The market continues to develop in relation to near risk-free rates (including overnight rates) which are possible reference rates for the Notes"* for the risks relating to the use of such rates) and/or in the replacement benchmark being unavailable or indeterminable. Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative benchmark and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

In certain circumstances the ultimate fallback of interest for a particular Interest Period or Reset Period may result in the rate of interest for the immediately preceding Interest Period or Reset Period, as the case may be, being used. This may result in the effective application of (i) a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page or the Initial Rate of Interest; or (ii) a fixed rate for Reset Notes based on the Rate of Interest for the previous Reset Period or the Initial Rate of Interest, as applicable. Furthermore, if the Issuer determines it is not able to follow the prescribed steps set out in the Conditions, the relevant fallback provisions may not operate as intended at the relevant time. Any such consequence could have a material adverse effect on the trading markets for such Notes, the liquidity of such Notes and/or the value of and return on any such Notes.

The Conditions may require the exercise of discretion by the Issuer, its designee or an independent adviser, as the case may be, and the making of potentially subjective judgments (including as to the occurrence or not of any events which may trigger amendments to the Conditions) and/or the amendment of the Conditions without the consent of Holders. The interests of the Issuer or those of its designee or the independent adviser, as applicable, in making such determinations or amendments may be adverse to the interests of the Holders.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant reference rate could affect the ability of the Issuer to meet its obligations under Notes linked to a benchmark or could have a material adverse effect on the market value or liquidity of, and the amount payable under such Notes.

Investors should consider these matters when making their investment decision with respect to such Notes. Investors should also consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation, the UK Benchmarks Regulation and any other regulations relating to benchmarks and/or risks arising from any possible cessation or reform of certain reference rates.

The market continues to develop in relation to near risk-free rates (including overnight rates) which are possible reference rates for the Notes

Investors should be aware that the market continues to develop in relation to near risk-free rates ("**risk-free rates**"), such as the Sterling Overnight Index Average ("**SONIA**"), the Secured Overnight Financing Rate ("**SOFR**"), €STR, the Singapore Overnight Rate Average ("**SORA**"), the Canadian Overnight Repo Rate Average ("**CORRA**") and the Tokyo Overnight Average Rate ("**TONA**"), as reference rates in the capital markets for Sterling, U.S. Dollar, euro, Singapore Dollar, Canadian Dollar and Japanese Yen bonds, respectively, although they have become more commonly used as benchmark rates for bonds in recent years. Most of the rates are backwards-looking, but the methodologies to calculate the risk-free rates are not uniform. Such different methodologies may result in different interest amounts being determined in respect of otherwise similar securities.

In addition, market participants and relevant working groups have been working together to design alternative reference rates based on risk-free rates, including applying term versions of certain risk-free rates (which seek to measure the market's forward expectation of an average of these reference rates over a designated term, as they are overnight rates) or different measures of such risk-free rates. The market or a significant part thereof may adopt an application of risk-free rates that differs significantly from that set out in the Conditions and used in relation to Notes that reference such risk-free rates issued under this Programme. If the relevant risk-free rates do not prove to be widely used in securities such as the Notes, the trading price of such Notes linked to such risk-free rates may be lower than those of Notes referencing rates that are more widely used. The Issuer may in the future also issue Notes referencing SONIA, SONIA Compounded Index, SOFR, SOFR Compounded Index, €STR, SORA, CORRA or TONA that differ

materially in terms of interest determination when compared with any previous SONIA, SONIA Compounded Index, SOFR, SOFR Compounded Index, €STR, SORA, CORRA or TONA referenced Notes issued by it under this Programme. Such variations could result in reduced liquidity or increased volatility, or could otherwise affect the market price of any Notes that reference a risk-free rate issued under this Programme from time to time.

In addition, the manner of adoption or application of risk-free rates in the Eurobond markets may differ materially compared with the application and adoption of risk-free rates in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing such risk-free rates.

In particular, investors should be aware that several different methodologies have been used in notes linked to such risk-free rates issued to date and no assurance can be given that any particular methodology, including the compounding formula in the Conditions, will gain widespread market acceptance. In addition, the methodology for determining any overnight rate index used to determine the Rate of Interest in respect of certain Notes could change during the life of such Notes.

Notes referencing risk-free rates may also have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities referencing such risk-free rates, such as the spread over the index reflected in interest rate provisions, may evolve over time, and trading prices of such Notes may be lower than those of later-issued indexed debt securities as a result. Investors in such Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Certain administrators of risk-free rates have published hypothetical and actual historical performance data. Hypothetical data inherently includes assumptions, estimates and approximations and actual historical performance data may be limited in the case of certain risk-free rates. Investors should not rely on hypothetical or actual historical performance data as an indicator of the future performance of such risk-free rates.

Investors should consider these matters when making their investment decision with respect to any Notes which reference SONIA, SONIA Compounded Index, SOFR, SOFR Compounded Index, €STR, SORA, CORRA or TONA.

Risk-free rates differ from interbank offered rates in a number of material respects

Risk-free rates may differ from interbank offered rates in a number of material respects, including (without limitation) by being backwards-looking in most cases, calculated on a compounded or weighted average basis, risk-free, overnight rates and, in the case of SOFR, secured, whereas such interbank offered rates are generally expressed on the basis of a forward-looking term, are unsecured and include a risk-element based on interbank lending. As such, investors should be aware that risk-free rates may behave materially differently to interbank offered rates as interest reference rates for the Notes. Furthermore, SOFR is a secured rate that represents overnight secured funding transactions, and therefore will perform differently over time to an unsecured rate. For example, since publication of SOFR began on 3 April 2018, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Risk-free rates offered as alternatives to interbank offered rates also have a limited history. For that reason, future performance of such rates may be difficult to predict based on their limited historical performance. The level of such rates during the term of the Notes may bear little or no relation to historical levels. Prior observed patterns, if any, in the behaviour of market variables and their relation to such rates such as correlations, may change in the future. Investors should not rely on historical performance data as an indicator of the future performance of such risk-free rates nor should they rely on any hypothetical data.

Furthermore, interest on Notes which reference a backwards-looking risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference such risk-free rates to reliably estimate the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their

IT systems, both of which could adversely impact the liquidity of such Notes. Further, in contrast to Notes linked to interbank offered rates, if Notes referencing backwards-looking SONIA, SOFR, €STR, SORA, CORRA or TONA become due and payable under Condition 15 (*Events of Default*) or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable or are scheduled for redemption.

Any of the administrators of SONIA, SOFR, €STR, SORA, CORRA or TONA may make changes that could change the value of SONIA, SOFR, €STR, SORA, CORRA or TONA or discontinue SONIA, SOFR, €STR, SORA, CORRA or TONA, respectively

The Bank of England, the Federal Reserve Bank of New York, the European Central Bank, the Monetary Authority of Singapore, the Bank of Canada or the Bank of Japan (or their respective successors) as administrators of SONIA (and SONIA Compounded Index), SOFR (and SOFR Compounded Index), €STR, SORA, CORRA or TONA, respectively, may make methodological or other changes that could change the value of these risk-free rates and/or indices, including changes related to the method by which such rates and/or indices are calculated, eligibility criteria applicable to the transactions used to calculate such rates and/or indices, or timing related to the publication of SONIA, SONIA Compounded Index, SOFR, SOFR Compounded Index, €STR, SORA, CORRA or TONA. In addition, an administrator may alter, discontinue or suspend calculation or dissemination of SONIA, SONIA Compounded Index, SOFR, SOFR Compounded Index, €STR, SORA, CORRA or TONA, in which case a fallback method of determining the interest rate on the Notes will apply in accordance with the Conditions (see "*Risks relating to Notes which are linked to "benchmarks"*"). An administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing any such risk-free rate.

Interest Rate Risk on Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this may adversely affect the value of Fixed Rate Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate either at the election of the Issuer or automatically, in each case, on the date set out and as provided in the relevant Final Terms. If the conversion is at the Issuer's option, such possibility to convert the interest basis and any conversion of the interest basis will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the rate of interest is converted from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the rate of interest is converted from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its other Notes.

The interest rate on Reset Notes will reset on each Reset Date, which can be expected to affect the interest payment on an investment in Reset Notes and could affect the market value of Reset Notes

Reset Notes will initially bear interest at the Initial Rate of Interest until (but excluding) the First Reset Date. On the First Reset Date and each Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Reset Reference Rate and the Reset Margin as determined by the Agent Bank on the relevant Reset Determination Date (each such interest rate, a "**Reset Rate of Interest**"). The Reset Rate of Interest for any Reset Period could be less than the Initial Rate of Interest or the Reset Rate of Interest for prior Reset Periods, which would result in the amount of any interest payments under such Reset Notes being lower than the interest payments prior to such Reset Date and so could affect the market value of an investment in such Reset Notes.

Zero Coupon Notes

Zero Coupon Notes may be more difficult to trade and their prices may be more variable than Fixed Rate Notes, as there are no Interest Payment Dates on which interest is paid during the life of the Zero Coupon Notes. Zero Coupon Notes may also be more difficult to trade soon after they have been issued rather than

nearer to their redemption date, as the returns on such Notes will be paid to investors only on their redemption date.

Notes where denominations involve integral multiples

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of that minimum Specified Denomination that are not integral multiples of that minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

Certain Noteholders may be exposed to risks relating to Singapore taxation

Certain Notes to be issued from time to time under the Programme during the period from the date of this Base Prospectus to 31 December 2028 may be intended to be qualifying debt securities ("**QDS**") for the purposes of the Income Tax Act 1947 of Singapore ("**ITA**"), subject to the fulfilment of certain conditions more particularly described in the section titled "*Other Tax Considerations – Singapore Taxation*".

However, there is no assurance that the conditions for QDS will be met or that such Notes would continue to enjoy the tax concessions for QDS should the relevant tax laws be amended or revoked at any time, or should the required conditions cease to be fulfilled.

Risks relating to Notes denominated in Renminbi

Notes denominated in Renminbi ("**Renminbi Notes**") may be issued under the Programme. A description of risks which may be relevant to an investor in Renminbi Notes are set out below.

Renminbi is not freely convertible and there are regulations on the remittance of Renminbi into and out of the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar and the U.S. Dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being adjusted from time to time to match the policies of the PRC Government.

Although the People's Bank of China ("**PBoC**") has implemented policies improving accessibility to Renminbi to settle cross-border transactions in the past, there is no assurance that the PRC Government will liberalise regulations regarding cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation pilot programmes and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service Renminbi Notes

As a result of the regulation by the PRC Government of cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

While the PBoC has entered into agreements (the "**Settlement Arrangements**") on the clearing of Renminbi business with financial institutions (the "**Renminbi Clearing Banks**") in a number of financial centres and cities, including but not limited to Hong Kong, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border Renminbi settlement and is in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are regulations imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC, although PBoC has gradually allowed participating banks to access the PRC's onshore inter-bank market for the purchase and sale of Renminbi. The Renminbi Clearing Banks have only limited access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although the offshore Renminbi market could be expected to continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all. See "*Investment in Renminbi Notes is subject to currency risk*" below.

Investment in Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The PBoC has in recent years implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. Dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. In addition, although the Issuer is to make all payments of interest and principal with respect to Renminbi Notes in Renminbi, in the event access to Renminbi deliverable in an account maintained in Hong Kong becomes restricted to the extent that, by reason of Inconvertibility, Non-transferability or Illiquidity (each as defined in the Conditions) the Issuer is not able to satisfy payments of principal or interest (in whole or in part) in respect of Renminbi Notes when due in Renminbi, the terms of Renminbi Notes allow the Issuer to make payment in U.S. Dollars at the prevailing rate of exchange, as provided in more detail in the Conditions. As a result, the value of these payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. Dollar or other foreign currencies, the value of the investment made by a Holder of Renminbi Notes in U.S. Dollars or other applicable foreign currency will decline.

Investment in Renminbi Notes is subject to currency risk

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest or principal (in whole or in part) on Renminbi Notes in Renminbi as a result of Inconvertibility, Non-transferability or Illiquidity, the Issuer shall be entitled, on giving not less than ten or more than 30 Business Days' irrevocable notice to the Holders prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be. As a result, the value of these payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the U.S. Dollar, the value of the investment made by a Holder of Renminbi Notes in U.S. Dollars will decline. See "*Investment in Renminbi Notes is subject to exchange rate risks*" above.

Investment in Renminbi Notes is subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange laws and regulations and prevailing market conditions.

As Renminbi Notes may carry a fixed interest rate, the trading price of Renminbi Notes will consequently vary with the fluctuations in the Renminbi interest rates. If Holders of Renminbi Notes propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Payments with respect to Renminbi Notes may be made only in the manner designated in Renminbi Notes

All payments to investors in respect of Renminbi Notes will be made solely (i) for so long as Renminbi Notes are represented by global certificates held with the common depositary or common safekeeper, as the case may be, for Clearstream, Luxembourg and Euroclear or any alternative clearing system, by transfer to a Renminbi bank account maintained in Hong Kong or (ii) for so long as Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong. The Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC). Investors will not be able to obtain payment without such a Renminbi bank account maintained in Hong Kong and may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong.

Gains on the transfer of Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise or individual Holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is regarded as income derived from sources within the PRC. The PRC Enterprise Income Tax Law levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise from the transfer of Renminbi Notes but its implementation rules have reduced the EIT rate to 10 per cent. The PRC Individual Income Tax Law levies IIT at a rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident or individual Holder from the transfer of Renminbi Notes.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual Holders would be treated as income derived from sources within the PRC and become subject to the EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law, the PRC Individual Income Tax Law and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Holders who are residents of Hong Kong, including enterprise Holders and individual Holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Notes.

Therefore, if enterprise or individual resident Holders which are non-PRC residents are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual resident Holders of Renminbi Notes reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Renminbi Notes may be materially and adversely affected.

Each prospective purchaser of Renminbi Notes that is a PRC resident for tax purposes, should consult its own professional advisers as to their own PRC tax position that is relevant to acquiring, holding and disposing of Renminbi Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the PRC tax laws.

Remittance of proceeds in Renminbi into or out of the PRC

In the event that the Issuer decides to remit some or all of the proceeds into the PRC in Renminbi, their ability to do so will be subject to obtaining all necessary approvals from, and/or registration or filing with, the relevant PRC government authorities. However, there is no assurance that the necessary approvals from, and/or registration or filing with, the relevant PRC government authorities will be obtained at all or, if obtained, they will not be revoked or amended in the future.

There is no assurance that the PRC Government will liberalise the control over cross-border Renminbi remittances in the future, that the PRC Government will not impose any interim or long-term restrictions on capital inflow or outflow which may restrict cross-border Renminbi remittances, that the pilot schemes introduced will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that the Issuer does remit some or all of the proceeds into the PRC in Renminbi and the Issuer subsequently is not able to repatriate funds out of the PRC in Renminbi, it will need to source Renminbi outside the PRC to finance its obligations under Renminbi Notes, and its ability to do so will be subject to the overall availability of Renminbi outside the PRC.

In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi. The limited availability of Renminbi outside the PRC may affect the liquidity of Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

There may be PRC tax consequences with respect to investments in Renminbi Notes

In considering whether to invest in Renminbi Notes, investors should consult their individual tax advisers with regard to the application of PRC tax laws to their particular situation as well as any tax consequences arising under the laws of any other tax jurisdictions. The value of a Holder's investment in Renminbi Notes may be materially and adversely affected if such Holder is required to pay PRC tax with respect to acquiring, holding or disposing of and/or receiving payments under those Renminbi Notes.

Risks relating to the Notes generally

Changes in law may adversely affect the rights of Holders and the market value of the Notes

The Conditions are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes. Such changes in law may include changes in statutory, tax and regulatory regimes during the life of the Notes, which may have an adverse effect on an investment in the Notes.

In addition, any change in law or regulation that triggers a Tax Event would entitle the Issuer, at its option (subject to certain conditions), to redeem the Notes, in whole but not in part, as provided under Condition 10(b) (*Redemption and Purchase – Redemption for tax reasons*).

Such legislative and regulatory uncertainty could also affect an investor's ability to accurately value the Notes and, therefore, affect the trading price of the Notes given the extent and impact on the Notes that one or more regulatory or legislative changes, including those described above, could have on the Notes.

The financial services industry has been and continues to be the focus of significant regulatory change and scrutiny (for example, the enactment in the United Kingdom of the Financial Services and Markets Act 2023 and the Retained EU Law (Revocation and Reform) Act 2023), which may adversely affect the Barclays Bank Group's business, financial performance, capital and risk management strategies - see pages 47 – 49 of the 2025 20-F (as defined in "Information Incorporated by Reference" below) for more detail. Such regulatory changes, and the resulting actions taken to address such regulatory changes, may have an adverse impact on the Group's, and therefore the Issuer's, performance and financial condition. It is not yet possible to predict the detail of such legislation or regulatory rulemaking or the ultimate consequences to the Group or the Holders, which could be material to the rights of Holders of the Notes and/or the ability of the Issuer to satisfy its obligations under such Notes.

There is no restriction on the amount or type of further securities or indebtedness that the Issuer or its subsidiaries may issue, incur or guarantee

Subject to complying with applicable regulatory requirements in respect of the Group's leverage and capital ratios, there is no restriction on the amount or type of further securities or indebtedness that the Issuer or its subsidiaries may issue, incur or guarantee, as the case may be, that rank senior to, or *pari passu* with, the Notes. The issue or guaranteeing of any such further securities or indebtedness may reduce the amount recoverable by Holders on a liquidation or winding-up of the Issuer and may limit the Issuer's ability to

meet its obligations under the Notes. In addition, the Notes do not contain any restriction on the Issuer issuing securities that may have preferential rights to the Notes or securities with similar or different provisions to those described herein.

In certain circumstances payments on or with respect to the Notes may be subject to U.S. withholding tax under FATCA

The Hiring Incentives to Restore Employment Act was signed into U.S. law on 18 March 2010 and includes Foreign Account Tax Compliance Act provisions generally known as "**FATCA**".

FATCA aims to prevent U.S. tax evasion by requiring foreign (non-U.S.) financial institutions to comply with FATCA and report to the U.S. Internal Revenue Service information on financial accounts held outside the United States by certain U.S. investors (both individuals and entities), U.S. owned non-U.S. investors and non-U.S. financial institutions.

Non-U.S. financial institutions that do not comply with the FATCA regime are subject to a U.S. tax withholding of 30 per cent. on U.S. source income (including interest and dividends).

The United States has entered into Intergovernmental Agreements ("**IGA**") with other jurisdictions to ease the implementation of FATCA, and financial institutions in those Intergovernmental Agreement jurisdictions will be required to comply with FATCA under local law.

Under the UK / U.S. IGA, which was agreed on 12 September 2012, the Issuer is not required to subject non-U.S. source payments made on or with respect to the Notes to withholding under FATCA. An investor should be aware that if any payments in relation to a Note were subject to withholding or deduction under FATCA, the Issuer would not have an obligation to pay any additional amounts in relation to such withholding or deduction in accordance with Condition 14 (*Taxation*) of the Notes. Prospective investors should consult their own tax advisers regarding the potential impact of FATCA.

Investors to rely on the procedures of Euroclear and Clearstream, Luxembourg for transfer, payment and communication with the Issuer

Notes issued under the Programme may be represented by one or more Global Notes or Global Registered Notes which may be deposited with a common depositary for Euroclear and Clearstream, Luxembourg (each of Euroclear and Clearstream, Luxembourg, a "**Clearing System**" and together the "**ICSDs**"). If the Global Notes are NGN or if the Global Registered Notes are to be held under the NSS, they will be deposited with a common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note or Global Registered Note, investors will not be entitled to receive definitive Notes. The relevant Clearing System will maintain records of the beneficial interests in the Global Notes or, as the case may be, Global Registered Notes. While the Notes are represented by one or more Global Notes, or as the case may be, Global Registered Notes, investors will be able to trade their beneficial interests only through the relevant Clearing System.

While the Notes are represented by one or more Global Notes or, as the case may be, Global Registered Notes, the Issuer will discharge its payment obligations under the Notes by making payments to the common depositary or, for Global Notes that are NGN and Global Registered Notes to be held under the NSS, the common safekeeper for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note or Global Registered Note must rely on the procedures of the relevant Clearing System to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes or Global Registered Note.

Holders of beneficial interests in the Global Notes or Global Registered Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant Clearing System to appoint appropriate proxies.

Modification, waivers and substitution

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions also provide that the Trustee may, without the consent of the Noteholders, agree to (i) any modification of, or waiver or authorisation of any breach or proposed breach of, any of the Conditions which, in each case, in the opinion of the Trustee is not materially prejudicial to the interest of the Noteholders or, in the case of a modification, in the opinion of the Trustee is of a formal, minor or technical nature or to correct a manifest error; or (ii) determine without the consent of the Noteholders that any Event of Default or Potential Event of Default (as defined in the Trust Deed) shall not be treated as such; or (iii) the substitution of any Subsidiary of the Issuer as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 19 (*Meetings of Noteholders; Modification and Waiver; Substitution*) of the Conditions. Prospective investors should consult their own tax advisers regarding the tax consequences of any substitution of the Issuer.

In addition, pursuant to Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*), Condition 7(h) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of Benchmark Transition Event*) or Condition 7(i) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of CORRA Index Cessation Effective Date*), certain changes may be made to the interest calculation provisions of the Floating Rate Notes or Reset Notes in the circumstances and as otherwise set out in such Condition, without the requirement for consent of the Trustee or the Noteholders.

Risks relating to the market generally

There may not be any active trading market for the Notes

The Notes issued under the Programme will be a new issue of Notes which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although application has been made for Notes issued under the Programme to be admitted to trading on the London Stock Exchange, if so specified in the relevant Final Terms, there can be no assurance that such application will be accepted, that the Notes will be so admitted, or that an active trading market will develop. Even if an active trading market does develop, it may not be liquid and may not continue for the term of the Notes. Liquidity may be limited if all or large allocations of a particular Tranche of Notes are made to one or a limited number of investors. In addition, the ability of the Dealers to make a market in the Notes (if applicable) may be impacted by changes in regulatory requirements applicable to the marketing, holding and trading of, and issuing quotations with respect to, the Notes.

The trading market for debt securities may be volatile and may be adversely impacted by many events

The market for debt securities issued by the Issuer is influenced by economic, political and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates. If the secondary market for the Notes is limited, there may be few buyers and this may reduce the relevant market price of the Notes. There can be no assurance that events in the United Kingdom or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect on the Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency- equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes, and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

In this section the expression "**necessary information**" means, in relation to any Tranche of Notes, the necessary information which is material to an investor for making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, of the rights attaching to the Notes, and the reasons for issuance of the relevant Series of Notes and its impact on the Issuer. In relation to the different types of Notes which may be issued under the Programme, the Issuer has included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms as supplemented to the extent described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus or, in the case of Exempt Notes, a Pricing Supplement, will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus or Pricing Supplement, as applicable. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus or, in the case of Exempt Notes, a Pricing Supplement, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus or Pricing Supplement, as the case may be, unless the context requires otherwise.

Each Drawdown Prospectus will be constituted either (1) by a single document containing the necessary information relating to the Issuer and the relevant Notes or (2) by a registration document containing the necessary information relating to the Issuer and a securities note containing the necessary information relating to the relevant Notes.

FORMS OF THE NOTES

Bearer Notes

Each Tranche of Notes in bearer form ("**Bearer Notes**") will initially be in the form of either a temporary global note in bearer form (the "**Temporary Global Note**"), without interest coupons, or a permanent global note in bearer form (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006, the European Central Bank ("**ECB**") announced that notes in NGN form are in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg from 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

In the case of each Tranche of Bearer Notes, the relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (or a successor provision) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (or a successor provision) (the "**TEFRA D Rules**") are applicable in relation to the Notes or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery (free of charge to the bearer) of a Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) presentation and surrender of the Temporary Global Note to or to the order of the Principal Paying Agent; and
- (ii) receipt by the Principal Paying Agent of a certificate or certificates of non-U.S. beneficial ownership,

within seven days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules nor the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Bearer Notes in definitive form ("**Definitive Notes**") not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

In relation to any Notes issued with a denomination of EUR100,000 (or equivalent) and integral multiples of EUR1,000 (or equivalent), the Temporary Global Note representing such Notes shall only be exchangeable for Definitive Notes if either of the following events occurs:

- (i) Euroclear, Clearstream, Luxembourg, or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
- (ii) any of the circumstances described in Condition 15 (*Events of Default*) occurs and the Notes become due and payable.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to (or to the order of) the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Principal Paying Agent.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if either of the following events occurs:
 - (a) Euroclear, Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business;
 - (b) any of the circumstances described in Condition 15 (*Events of Default*) occurs and the Notes become due and payable;
- (iv) if the Trustee is satisfied that, on the occasion of the next payment due in respect of the Notes of the relevant Series, the Issuer or any of the Paying Agents would be required to make any deduction or withholding from any payment in respect of such Notes which would not be required were such Notes in definitive form.

In relation to any Notes issued with a denomination of EUR100,000 (or equivalent) and integral multiples of EUR1,000 (or equivalent), the Permanent Global Note representing such Notes shall only be exchangeable for Definitive Notes in the limited circumstances described in paragraph (iii) above.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to (or to the order of) the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

Terms and Conditions applicable to the Bearer Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions relating to the Notes while in Global Form*" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

Registered Notes

Each Tranche of Registered Notes will be in the form of either individual note certificates in registered form ("**Individual Certificates**") or a global Note in registered form (a "**Global Registered Note**"), in each case as specified in the relevant Final Terms. A certificate ("**Certificate**") will be issued to each Holder of Registered Notes in respect of its registered holding.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that notes to be held under the NSS would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the Eurosystem, subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg from 30 June 2010 and that registered debt securities in global registered form issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the NSS is used.

Each Note represented by a Global Registered Note will either be (a) in the case of a Certificate which is not to be held under the NSS, registered in the name of a common depositary (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing systems and the relevant Global Registered Note will be deposited on or about the issue date with the common depositary; or (b) in the case of a Certificate to be held under the NSS, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

If the relevant Final Terms specifies the form of Notes as being "Individual Certificates", then the Notes will at all times be represented by Individual Certificates issued to each Noteholder in respect of their respective holdings.

Global Registered Note exchangeable for Individual Certificates

If the relevant Final Terms specifies the form of Notes as being "Global Registered Note exchangeable for Individual Certificates", then the Notes will initially be represented by one or more Global Registered Notes each of which will be exchangeable in whole, but not in part, for Individual Certificates:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or

- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Global Registered Note", then:
 - (a) if Euroclear, Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business;
 - (b) in any case, if any of the circumstances described in Condition 15 (*Events of Default*) occurs and the Notes become due and payable; or
 - (c) if the Trustee is satisfied that, on the occasion of the next payment due in respect of the Notes of the relevant Series, the Issuer or any of the Paying Agents would be required to make any deduction or withholding from any payment in respect of such Notes which would not be required were such Notes in definitive form.

Whenever a Global Registered Note is to be exchanged for Individual Certificates, the Issuer shall procure that Individual Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Registered Note within five business days of the delivery, by or on behalf of the registered holder of the Global Registered Note to the relevant Registrar of such information as is required to complete and deliver such Individual Certificates (including, without limitation, the names and addresses of the persons in whose names the Individual Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Registered Note at the specified office of the relevant Registrar.

Such exchange will be effected in accordance with the provisions of the Trust Deed and the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled to the Agency Agreement and, in particular, shall be effected without charge to any holder, but against such indemnity as the relevant Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Terms and Conditions applicable to the Registered Notes

The terms and conditions applicable to any Individual Certificate will be endorsed on that Individual Certificate and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Global Registered Note will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions relating to the Notes while in Global Form*" below.

Summary of Provisions relating to the Notes while in Global Form

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note, references in the Conditions to "**Noteholder**" or "**Holder**" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

In relation to any Tranche of Notes represented by one or more Global Registered Note, references in the Conditions to "**Noteholder**" or "**Holder**" are references to the person in whose name the relevant Global Registered Note is for the time being registered in the Register which, for so long as the Global Registered Note is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper, as the case may be.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note or a Global Registered Note (each an "**Accountholder**") must look solely to Euroclear, Clearstream, Luxembourg and/or such other relevant

clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the holder of such Global Note or Global Registered Note and in relation to all other rights arising under such Global Note or Global Registered Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Note or Global Registered Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note or Global Registered Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the holder of such Global Note or Global Registered Note.

Transfers of Interests in Global Notes and Global Registered Notes

Transfers of interests in Global Notes and Global Registered Notes within Euroclear, Clearstream, Luxembourg or any other relevant clearing system will be in accordance with their respective rules and operating procedures. None of the Issuer, the Trustee, the Registrar, the Dealers or the Agents will have any responsibility or liability for any aspect of the records of any of Euroclear, Clearstream, Luxembourg or any other relevant clearing system or any of their respective participants relating to payments made on account of beneficial ownership interests in a Global Note or Global Registered Note or for maintaining, supervising or reviewing any of the records of Euroclear, Clearstream, Luxembourg or any other relevant clearing system or the records of their respective participants relating to such beneficial ownership interests.

Transfers of Registered Notes will be effected by the relevant clearing systems in accordance with their respective rules and through action taken by the Registrar and the Principal Paying Agent.

For a further description of restrictions on the transfer of Notes, see "*Subscription and Sale*".

While a Global Registered Note is lodged with Euroclear, Clearstream, Luxembourg or any relevant clearing system, Individual Certificates for the relevant Series of Notes will not be eligible for clearing and settlement through such clearing systems.

Conditions applicable to Global Notes and Global Registered Notes

Each Global Note and Global Registered Note will contain provisions which modify the Conditions as they apply to the Global Note or Global Registered Note. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note or Global Registered Note which, according to the Conditions, require presentation and/or surrender of a Note, Certificate or Coupon will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note or Global Registered Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

Payment Business Day: in the case of a Global Note or a Global Registered Note, shall be if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre specified in the relevant Final Terms; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Payment Record Date: Each payment in respect of a Global Registered Note will be made to the person, being the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Note is being held is open for business.

Exercise of put option: In order to exercise the option contained in Condition 10(e) (*Redemption and Purchase - Redemption at the option of Noteholders*) the bearer of a Permanent Global Note or the holder of a Global Registered Note must, within the period specified in the Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Principal Paying Agent specifying

the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*) in relation to some only of the Notes, the Permanent Global Note or Global Registered Note may be redeemed in part in the principal amount specified by the Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

Notices: Notwithstanding Condition 21 (*Notices*), while all the Notes are represented by a Global Note or a Global Registered Note and the Global Note, or the Global Registered Note is deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 21 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Calculation of interest: the calculation of any interest amount in respect of any Note which is represented by a Global Note or a Global Registered Note will be calculated on the aggregate outstanding principal amount of the Notes represented by such Global Note or Global Registered Note, as the case may be, and not by reference to the Calculation Amount.

Similarly, the provisions for meetings of Noteholders in the Trust Deed contains provisions that apply while the Notes are represented by a Global Note or Global Registered Note. The following is a summary of certain of those provisions:

Electronic Consent and Written Resolution: While any Global Note or Global Registered Note is held on behalf of a clearing system, then:

- (a) approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in aggregate principal amount of the Notes outstanding (an "**Electronic Consent**" as defined in the Trust Deed) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which a special quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders and holders of Coupons and Talons whether or not they participated in such Electronic Consent; and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Trust Deed) has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer and/or the Trustee, as the case may be, by (a) accountholders in the clearing system with entitlements to such Global Note or Global Registered Note and/or, where (b) the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held.

For the purpose of establishing the entitlement to give any such consent or instruction, the Issuer and the Trustee shall be entitled to rely on any certificate or other document issued by, in the case of (a) above, Euroclear, Clearstream, Luxembourg or any other relevant alternative clearing system (the "**relevant clearing system**") and, in the case of (b) above, the relevant clearing system and the accountholder identified by the relevant clearing system for the purposes of (b) above. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or EasyWay or Clearstream, Luxembourg's CreationOnline or Xact Web Portal systems) in accordance with its

usual procedures and in which the accountholder of a particular principal amount of the Notes is clearly identified together with the amount of such holding. Neither the Issuer nor the Trustee shall be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

Eurosystem Eligibility

If the Global Notes or Global Registered Note are stated in the relevant Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), on or prior to the original issue date of the Tranche, the Global Notes or Global Registered Note will be delivered to a common safekeeper and the relevant Final Terms will set out whether or not the Notes are intended to be held as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem ("**Eurosystem eligible collateral**").

Depositing the Global Notes or the Global Registered Note intended to be held as Eurosystem eligible collateral with a common safekeeper does not necessarily mean that the Notes will be recognised as Eurosystem eligible collateral either upon issue, or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that the Eurosystem eligibility criteria have been met.

In the case of Notes issued in NGN form or to be held under the NSS (as the case may be) which are not intended to be held as Eurosystem eligible collateral as of their issue date, should the Eurosystem eligibility criteria be amended in the future so that such Notes are capable of meeting the eligibility criteria, such Notes may then be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper.

Pursuant to Article 81a of Guideline (EU) 2015/510 (as amended) (the "**General Framework**"), unsecured bank bonds ("**UBBs**") that were eligible as collateral but no longer fulfil the new eligibility criteria have been ineligible as collateral since 1 January 2019.

The ECB published on its webpage updated information on its collateral eligibility criteria under "Changes in collateral eligibility following the United Kingdom's withdrawal from the EU". Amongst other things, the summary information confirms that: (a) UBBs issued by banks established in the United Kingdom are no longer eligible pursuant to Article 81a of the General Framework; (b) debt instruments listed on the London Stock Exchange must also be admitted to trading on at least one acceptable market for ECB purposes in order to be eligible, assuming other criteria are met; and (c) based on the United Kingdom's status as a non-EEA G10 country, euro-denominated debt instruments issued by entities established in the United Kingdom, but which do not fall into an excluded category, such as (a) or (b) above, will continue to be accepted as eligible collateral (in line with Article 70 of the General Framework).

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with Part A of the relevant Final Terms or, in the case of Exempt Notes, as supplemented, amended and/or replaced by the relevant Pricing Supplement, shall be applicable to Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms or the Pricing Supplement, as applicable, or (ii) these terms and conditions as so completed (or so supplemented, amended and/or replaced, as the case may be) shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in the terms and conditions will have the meanings given to them in Part A of the relevant Final Terms or in the relevant Pricing Supplement, as applicable. Those definitions will be endorsed on Notes in definitive form or Certificates (as the case may be). The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Forms of the Notes — Summary of Provisions relating to the Notes while in Global Form" above. The wording appearing in italics below is included for disclosure purposes only and does not form part of the terms and conditions of the Notes.

1. Introduction

This Note is one of a series (each a "**Series**") issued pursuant to the Debt Issuance Programme (the "**Programme**") established by Barclays Bank PLC (the "**Issuer**") on 3 May 2018. This Note is constituted by a Trust Deed dated 3 May 2018 as amended and restated on or about 5 August 2026 (as further amended, restated, modified and/or supplemented from time to time, the "**Trust Deed**") between, *inter alios*, the Issuer and BNY Mellon Corporate Trustee Services Limited (the "**Trustee**" which expression shall wherever the context so admits include its successors) and has the benefit of an Agency Agreement dated 3 May 2018 as amended and restated on or about 5 August 2026 (as amended, restated, modified and/or supplemented from time to time, the "**Agency Agreement**") made between, *inter alios*, the Issuer, the Registrar (the "**Registrar**" which expression shall wherever the context so admits include any successor or other person appointed as such in respect of any Notes), the Paying Agent (the "**Paying Agent**" which expression shall wherever the context so admits include any successor or other person appointed as such in respect of any Notes), the Transfer Agent (the "**Transfer Agent**" which expression shall wherever the context so admits include any successor or other person appointed as such in respect of any Notes), the Principal Paying Agent (the "**Principal Paying Agent**" which expression shall wherever the context so admits include its successors as such, and, together with the Paying Agent and any successor and the other transfer and paying agent(s) appointed in respect of any Notes, the "**Paying Agents**"), the Agent Bank (the "**Agent Bank**" which expression shall wherever the context so admits include any successor or other person appointed as such in respect of any Notes) each named therein and the Trustee. The initial Paying Agents and the initial Agent Bank are named below. The Trustee shall exercise the duties, powers, trusts, authorities and discretions vested in it by the Trust Deed separately in relation to each Series of Notes in accordance with the provisions of the Trust Deed. Copies of the Trust Deed and the Agency Agreement are available for inspection free of charge during normal business hours at the office for the time being of the Principal Paying Agent (being at 5 August 2026, 160 Queen Victoria Street, London EC4V 4LA, United Kingdom) or at the Trustee's or the relevant Agent's option (as applicable), such inspection may be provided electronically.

Holders of Notes and, in relation to any Series of Bearer Notes, any coupons ("**Coupons**") or talons for further Coupons ("**Talons**") appertaining thereto are entitled to the benefit of, are bound by, and will be deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

The term "**Notes**" means debt instruments, by whatever name called, issued under the Programme. The Notes may be issued in bearer form ("**Bearer Notes**"), or in registered form ("**Registered Notes**"). All subsequent references in these Conditions to "Notes" are to the Notes which are the subject of the relevant Final Terms. Notes issued under the Programme are issued in Series and each Series may comprise one or more tranches (each a "**Tranche**") of Notes. Each Tranche, for which a prospectus is required in connection with such issue in accordance with the Prospectus Rules: Admission to Trading on a Regulated Market sourcebook of the United Kingdom Financial Conduct Authority Handbook made in accordance with the Public Offers and Admissions to Trading Regulations 2024 (together, the "**UK Prospectus Regime**"), is the subject of the relevant

final terms (the "**Final Terms**") which supplements these terms and conditions (the "**Conditions**"). Each Tranche, for which no prospectus is required in connection with such issue in accordance with the UK Prospectus Regime ("**Exempt Notes**"), is the subject of a pricing supplement (the "**Pricing Supplement**"), which supplements, amends and/or replaces these Conditions. The terms and conditions applicable to any particular Tranche of Notes are these Conditions as completed by the relevant Final Terms or, as supplemented, amended and/or replaced by the relevant Pricing Supplement, as the case may be. In the event of any inconsistency between these Conditions and the relevant Final Terms or Pricing Supplement (as applicable), the relevant Final Terms or Pricing Supplement (as applicable) shall prevail. Certain provisions of these Conditions are summaries of the Trust Deed and the Agency Agreement and are subject to their detailed provisions.

2. Interpretation

Each Note will cease to bear interest from (and including) the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Fixed Rate Note Provisions*) (as well after as before judgment) until (and including) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day on which notice is given to the holder of such Note that sufficient funds for payment of such sums have been received by the Principal Paying Agent or the Trustee.

For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

In the case of Renminbi Notes or Hong Kong dollar-denominated Notes, if Interest Payment Date adjustment is specified as applying in the relevant Final Terms:

- (i) each Fixed Coupon Amount shall be calculated by multiplying the product of the Rate of Interest and the Calculation Amount by the Day Count Fraction and rounding the resultant figure to the nearest CNY0.01 or HK\$0.01 (as the case may

be), with CNY0.005 or HK\$0.005 (as the case may be) being rounded upwards; and

- (ii) where (x) there is not numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) any Interest Payment Date would otherwise fall on a day which is not a Business Day, then such Interest Payment Date shall be adjusted in accordance with the Modified Following Business Day Convention.

 - (ii) from (and including) the First Reset Date until (but excluding) the Maturity Date at the rate per annum equal to the applicable Reset Rate of Interest in respect of the relevant Reset Period,

payable, in each case, in arrear on each Interest Payment Date, subject to adjustment as provided in Condition 5 (*Fixed Rate Note Provisions*) in the case of Renminbi Notes or Hong Kong dollar-denominated Notes and subject further as provided in Condition 11 (*Payments - Bearer Notes*) and Condition 12 (*Payments - Registered Notes*). Each Note will cease to bear interest from (and including) the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (*Reset Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day on which notice is given to the holder of such Note that sufficient funds for payment of such sums have been received by the Principal Paying Agent or the Trustee.

- (c) **Maximum or Minimum Rate of Interest:** If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified. Unless otherwise stated in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

- (e) **Fallbacks:**

Where the Reset Reference Rate is specified in the relevant Final Terms as Mid-Swap Rate, if on any Reset Determination Date the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, then the Issuer shall request each of the Reference Banks to provide the Agent Bank with its Mid-Market Swap Rate Quotation as at approximately the Reset Determination Time, subject to Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*), Condition 7(h) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of*

Benchmark Transition Event) or Condition 7(i) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of CORRA Index Cessation Effective Date*).

If two or more of the Reference Banks provide the Agent Bank with Mid-Market Swap Rate Quotations, the Reset Rate of Interest for the relevant Reset Period shall be the sum of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the Reset Margin, all as determined by the Agent Bank.

If only one of the Reference Banks provides the Agent Bank with a Mid-Market Swap Rate Quotation, the Reset Rate of Interest for the Reset Period shall be the sum of such Mid-Market Swap Rate Quotation and the Reset Margin, all as determined by the Agent Bank. If on any Reset Determination Date none of the Reference Banks provides the Agent Bank with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this paragraph (e), or if the Agent Bank does not at any time for any reason determine the Rate of Interest, the Reset Rate of Interest shall be determined to be the Rate of Interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the Reset Rate of Interest shall be the Initial Rate of Interest.

- (f) **Publication:** The Agent Bank will cause each Rate of Interest determined by it to be notified to the Issuer, the Paying Agents, the Trustee and the competent authority and/or stock exchange by which the Notes have then been admitted to listing and/or trading as soon as possible after such determination but in any event not later than the relevant Reset Date. Notice thereof shall also be given to the Noteholders in accordance with Condition 21 (*Notices*) as soon as possible after the determination or calculation thereof.
- (g) **Notifications etc:** All notifications, opinions, communications, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 6 (*Reset Note Provisions*) by the Agent Bank will (in the absence of manifest error) be final and binding on the Issuer, the Trustee, the Paying Agents, the Noteholders and the Couponholders. No Noteholder or Couponholder shall be entitled to proceed against the Agent Bank, the Trustee, the Paying Agents or any of them in connection with the exercise or non-exercise by them of their powers, duties and discretions hereunder, including without limitation in respect of any notification, opinion, communication, determination, certificate, calculation, quotation or decision given, expressed or made for the purposes of this Condition 6 (*Reset Note Provisions*).

7. Floating Rate Note Provisions and Benchmark Replacement

- (a) **Application:** Conditions 7(b) (*Floating Rate Note Provisions and Benchmark Replacement - Accrual of interest*) to 7(f) (*Floating Rate Note Provisions and Benchmark Replacement - ISDA Determination*) and 7(i) (*Floating Rate Note Provisions and Benchmark Replacement - Maximum or Minimum Rate of Interest*) to 7(m) (*Floating Rate Note Provisions and Benchmark Replacement - Notifications etc*) are applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable; Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*) is applicable to the Notes only if the Floating Rate Note Provisions or the Reset Note Provisions are specified in the relevant Final Terms as being applicable and the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate, as the case may be, applicable to the Notes is not SOFR or CORRA; and Condition 7(h) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of Benchmark Transition Event*) is applicable to the Notes only if the Floating Rate Note Provisions or the Reset Note Provisions are specified in the relevant Final Terms as being applicable and the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate, as the case may be, applicable to the Notes is SOFR; and Condition 7(i) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of CORRA Index Cessation Effective Date*) is applicable to the Notes only if the Floating Rate Note Provisions or the Reset Note Provisions are specified in the relevant Final Terms as being applicable and the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate, as the case may be, applicable to the Notes is CORRA.

- (b) **Accrual of interest:** The Notes bear interest from (and including), the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments – Bearer Notes*) and Condition 12 (*Payments – Registered Notes*). Each Note will cease to bear interest from (and including) the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 7(b) (*Floating Rate Note Provisions and Benchmark Replacement – Accrual of interest*) (as well after as before judgment) until (and including) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day on which notice is given to the holder of such Note that sufficient funds for payment of such sums have been received by the Principal Paying Agent or the Trustee.
- (c) **Screen Rate Determination (other than Floating Rate Notes which reference SONIA, SOFR, €STR, SORA, CORRA or TONA):** If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined and the Reference Rate specified in the relevant Final Terms is not SONIA, SOFR, €STR, SORA, CORRA or TONA, the Rate of Interest applicable to the Notes for each Interest Period will (subject to Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*) and Condition 7(j) (*Floating Rate Note Provisions and Benchmark Replacement – Maximum or Minimum Rate of Interest*)) be determined by the Agent Bank on the following basis:
- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Agent Bank will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) if Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:
 - (A) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (B) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period,

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Determination Agent shall determine such rate at such time and by reference to such sources as it determines appropriate; and
 - (iii) in any other case, the Agent Bank will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Agent Bank is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) **Screen Rate Determination for Floating Rate Notes which reference SONIA, SOFR, €STR, SORA, CORRA or TONA**
- (i) If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, Index Determination is specified in the relevant Final Terms as not applicable and the Reference Rate specified in the relevant Final Terms is SONIA, SOFR, €STR, SORA, CORRA or TONA:

 - (D) if Linear Interpolation is specified as applicable in respect of an Interest Period in the relevant Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank by straight-line linear interpolation by reference to two rates based on the relevant Floating Rate Option, where:
 - (1) one rate shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
 - (2) the other rate shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period,

provided, however, that if there is no rate available for a period of time next shorter than the length of the relevant Interest Period or, as the case may be, next longer than the length of the relevant Interest Period, then the Determination Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

- (E) if the specified Floating Rate Option is an Overnight Floating Rate Option (as defined in the ISDA Definitions), Compounding is specified to be applicable in the relevant Final Terms and:

(F) if the specified Floating Rate Option is an Overnight Floating Rate Option (as defined in the ISDA Definitions), Averaging is specified to be applicable in the relevant Final Terms and:

(1) Averaging with Lookback is specified as the Averaging Method in the relevant Final Terms, then (a) Averaging with Lookback is the Overnight Rate Averaging Method and (b) Lookback is the number of Applicable Business Days (as defined in the ISDA Definitions) as specified in the relevant Final Terms;

- (g) **Benchmark Replacement:** Where the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate, as the case may be, applicable to the Notes is not SOFR or CORRA, in addition and notwithstanding the provisions above in this Condition 7 (*Floating Rate Note Provisions and Benchmark Replacement*) or Condition 6 (*Reset Note Provisions*), as applicable, if the Issuer determines that a Benchmark Event has occurred or there is a Successor Rate, in either case when any Rate of Interest (or the relevant component part thereof) remains to be determined by such Reference Rate or Mid-Swap Floating Leg Benchmark Rate, then the Issuer may elect (acting in good faith and in a commercially reasonable manner) to apply the following provisions:
 - (A) the Issuer shall use reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine (acting in good faith and in a commercially reasonable manner), no later than 5 Business Days prior to the relevant Interest Determination Date or Reset Determination Date (as applicable) relating to the next succeeding Interest Period or Reset Period (as applicable) (the "**IA Determination Cut-off Date**"), a Successor Rate (as defined below) or, alternatively, if the Independent Adviser determines that there is no Successor Rate, an Alternative Reference Rate (as defined below) for purposes of determining the Rate of Interest (or the relevant component part thereof) applicable to the Notes;
 - (B) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Reference Rate prior to the IA Determination Cut-off Date, the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or, if the Issuer determines that there is no Successor Rate, an Alternative Reference Rate;
 - (C) if a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) is determined in accordance with the preceding provisions, such Successor Rate or, failing which, an Alternative Reference Rate (as applicable) shall be the Reference Rate or Mid-Swap Floating Leg Benchmark Rate (as applicable) for each of the future Interest Periods or Reset Periods (as applicable) (subject to the subsequent operation of, and to adjustment as provided in, this Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*)); **provided, however, that** if sub-paragraph (B) applies and the Issuer is unable to or does not determine a Successor Rate or an Alternative Reference Rate prior to the relevant Interest Determination Date or Reset

Determination Date (as applicable), the Rate of Interest applicable to the next succeeding Interest Period or Reset Period (as applicable) shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the preceding Interest Period or Reset Period (as applicable) (or alternatively, if there has not been a first Interest Payment Date or Reset Date (as applicable), the rate of interest shall be the Initial Rate of Interest) (subject, where applicable, to substituting the Margin that applied to such preceding Interest Period or Reset Period (as applicable) for the Margin that is to be applied to the relevant Interest Period or Reset Period (as applicable)); for the avoidance of doubt, the proviso in this sub-paragraph (C) shall apply to the relevant Interest Period or Reset Period (as applicable) only and any subsequent Interest Periods or Reset Periods (as applicable) are subject to the subsequent operation of, and to adjustment as provided in, this Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*);

- (D) if the Independent Adviser (in consultation with the Issuer) or (if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine whether an Adjustment Spread should be applied) the Issuer (acting in good faith and in a commercially reasonable manner) determines that an Adjustment Spread should be applied to the relevant Successor Rate or the relevant Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to such Successor Rate or Alternative Reference Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine, prior to the relevant Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread;
- (E) if the Independent Adviser or the Issuer determines a Successor Rate or, failing which, an Alternative Reference Rate (as applicable) and, in each case, any Adjustment Spread in accordance with the above provisions, the Independent Adviser or the Issuer (as applicable), may also specify changes to these Conditions, including but not limited to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Interest Determination Date, Reset Determination Date, Reset Determination Time and/or the definition of Reference Rate or Mid-Swap Floating Leg Benchmark Rate applicable to the Notes, and the method for determining the fallback rate in relation to the Notes, in order to follow market practice in relation to the Successor Rate, the Alternative Reference Rate (as applicable) and/or the Adjustment Spread. For the avoidance of doubt, the Trustee and Principal Paying Agent shall (without liability to any person), at the direction and expense of the Issuer, effect such consequential amendments to the Trust Deed, the Agency Agreement and these Conditions as may be required and prepared by or on behalf of the Issuer or the Independent Adviser in order to give effect to this Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*). Noteholder consent shall not be required in connection with implementing the Successor Rate, Alternative Reference Rate (as applicable) and/or any Adjustment Spread or such other changes, including for the execution of any documents, amendments or other steps by the Trustee or Principal Paying Agent (if required by the Issuer or the Independent Adviser); and
- (F) the Issuer shall promptly, following the determination of any Successor Rate, Alternative Reference Rate (as applicable) and/or any Adjustment

Spread, give notice thereof to the Trustee, the Principal Paying Agent and the Noteholders, which shall specify the effective date(s) for such Successor Rate, Alternative Reference Rate (as applicable) and/or any Adjustment Spread and any consequential changes made to these Conditions.

For the purposes of this Condition 7(g) (*Floating Rate Note Provisions and Benchmark Replacement – Benchmark Replacement*):

"Adjustment Spread" means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines is required to be applied to the Successor Rate or the Alternative Reference Rate (as applicable) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders and Couponholders as a result of the replacement of the Reference Rate or Mid-Swap Floating Leg Benchmark Rate (as applicable) with the Successor Rate or the Alternative Reference Rate (as applicable) and is the spread, formula or methodology which:

- (A) in the case of a Successor Rate, is recommended in relation to the replacement of the Reference Rate or Mid-Swap Floating Leg Benchmark Rate (as applicable) with the Successor Rate by any Relevant Nominating Body; or
- (B) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage in international debt capital markets transactions which reference the Reference Rate or Mid-Swap Floating Leg Benchmark Rate (as applicable), where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as applicable); or
- (C) if no such customary market usage is recognised or acknowledged, the Independent Adviser (in consultation with the Issuer) or the Issuer in its discretion (as applicable), determines (acting in good faith and in a commercially reasonable manner) to be appropriate;

"Alternative Reference Rate" means the rate that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate (as applicable) in customary market usage in the international debt capital markets for the purposes of determining rates of interest in respect of bonds denominated in the Specified Currency and of a comparable duration to the relevant Interest Period or Reset Period (as applicable), or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines in its discretion (acting in good faith and in a commercially reasonable manner) is most comparable to the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate (as applicable);

"Benchmark Event" means:

circumstances where no successor administrator has been appointed that will continue publication of such Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable)); or

- (C) a public statement by the supervisor of the administrator of the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) that such Mid-Swap Floating Leg Benchmark Rate or Reference Rate has been or will be permanently or indefinitely discontinued; or
- (D) a public statement by the supervisor of the administrator of the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) as a consequence of which such Mid-Swap Floating Leg Benchmark Rate or Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences either generally, or in respect of the Notes; or
- (E) a public statement by the supervisor of the administrator of the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) that, in the view of such supervisor, such Mid-Swap Floating Leg Benchmark Rate or Reference Rate is no longer representative of an underlying market or the methodology to calculate such Mid-Swap Floating Leg Benchmark Rate or Reference Rate has materially changed; or
- (F) it has or will become unlawful for the Agent Bank or the Issuer to calculate any payments due to be made to any Noteholder using the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018, if applicable);

"Successor Rate" means the reference rate (and related alternative screen page or source, if available) that the Independent Adviser or the Issuer (as applicable)

determines is a successor to or replacement of the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate (as applicable) (for the avoidance of doubt, whether or not such Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) has ceased to be available) which is formally recommended by any Relevant Nominating Body.

- (h) ***Effect of Benchmark Transition Event:*** Where the relevant Reference Rate or Mid-Swap Floating Leg Benchmark Rate, as the case may be, applicable to the Notes is SOFR, in addition and notwithstanding the provisions above in this Condition 7 (*Floating Rate Note Provisions and Benchmark Replacement*) or Condition 6 (*Reset Note Provisions*), as applicable, this Condition 7(h) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of Benchmark Transition Event*) shall apply.
- (i) **Benchmark Replacement:** If the Issuer or its designee determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.
- (ii) **Benchmark Replacement Conforming Changes:** In connection with the implementation of a Benchmark Replacement, the Issuer or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time.

None of the Trustee, the Principal Paying Agent or Agent Bank will have any liability for any determination made by or on behalf of the Issuer or its designee in connection with a Benchmark Transition Event or a Benchmark Replacement.

- (iv) In no event shall the Trustee, the Principal Paying Agent or Agent Bank be responsible for determining if a Benchmark Transition Event has occurred or any substitute for SOFR, or for making any adjustments to any alternative benchmark or spread thereon, the business day convention, interest determination dates or any other relevant methodology for calculating any such substitute or successor benchmark. In connection with the foregoing, the Trustee, the Principal Paying Agent and the Agent Bank will be entitled to conclusively rely on any determinations made by Issuer or its designee and will have no liability for such actions taken at the direction of the Issuer or its designee.

In the event that the Rate of Interest for the relevant Interest Period or Reset Period, as applicable, cannot be determined in accordance with the foregoing provisions by the Issuer or its designee, the Rate of Interest for such Interest Period or Reset Period, as applicable, shall be (i) that determined as at the immediately preceding Interest Determination Date or Reset Determination Date, as applicable, (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest (as specified in the relevant Final Terms) is to be applied to the relevant Interest Period from that which applied to the immediately preceding Interest Period or Reset Period, as applicable the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin relating to that immediately preceding

Interest Period or Reset Period, as applicable), or (ii) if there is no such preceding Interest Determination Date and the relevant Interest Period is the first Interest Period for the Notes the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period) or (iii) if there is no such preceding Interest Determination Date and the relevant Interest Period is not the first Interest Period for the Notes, the Rate of Interest which applied to the immediately preceding Interest Period, or (iv) if there is no such preceding Reset Determination Date, the Initial Rate of Interest.

"Benchmark" means, initially, SOFR; **provided that** if the Issuer or its designee determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR or the then-current Benchmark, then **"Benchmark"** means the applicable Benchmark Replacement;

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (A) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;
- (B) the sum of: (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment; or
- (C) the sum of: (a) the alternate rate of interest that has been selected by the Issuer or its designee as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. Dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment;

"Benchmark Replacement Conforming Changes" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Issuer or its designee decide may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer or its designee decide that adoption of any portion of such market practice is not administratively feasible or if the Issuer or its designee determine that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer or its designee determine is reasonably necessary);

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) **CORRA Replacement:** If the Issuer determines that a CORRA Index Cessation Event and a CORRA Index Cessation Effective Date have both occurred on a relevant Local Business Day, then, in respect of such Local Business Day and (subject to the further operation of this Condition 7(i) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of CORRA Index Cessation Effective Date*), if applicable) each Local Business Day thereafter, CORRA will be replaced with the CAD Recommended Rate.
- (ii) **No CAD Recommended Rate Index Cessation Effective Date:** If there is a CAD Recommended Rate before the end of the first Local Business Day following the CORRA Index Cessation Effective Date, but neither the administrator nor authorised distributors provide or publish the CAD Recommended Rate and a CAD Recommended Rate Index Cessation Effective Date has not occurred, then, in respect of any day for which the CAD Recommended Rate is required, references to the CAD Recommended Rate will be deemed to be references to the last provided or published CAD Recommended Rate. For the avoidance of doubt, the Trustee and Principal Paying Agent shall (without liability to any person), at the direction and expense of the Issuer, effect such consequential amendments to the Trust Deed, the Agency Agreement and these Conditions as may be required and prepared by or on behalf of the Issuer in order to give effect to this Condition 7(i) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of CORRA Index Cessation Effective Date*). Noteholder consent shall not be required in connection with implementing the Applicable Fallback Rate or such other changes, including for the execution of any documents, amendments or other steps by the Trustee or Principal Paying Agent (if required by the Issuer).

Unless otherwise stated in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.
- (k) **Calculation of Interest Amount:** The Agent Bank will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period.  - (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 14 (*Taxation*);
 - (B) the Issuer would not be entitled to claim a deduction in respect of any payments in respect of the Notes in computing its taxation liabilities or the value of the deduction would be materially reduced; or

- (C) the Issuer would not, as a result of the Notes being in issue, be able to have losses or deductions set against the profits or gains, or profits or gains offset by the losses or deductions, of companies with which the Issuer is or would otherwise be so grouped for applicable United Kingdom tax purposes (whether under the group relief system current as at the date of issue of the Notes or any similar system or systems having like effect as may from time to time exist),

The Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the circumstances set out above and without further enquiry or liability for so doing, in which event it shall be conclusive and binding on the Noteholders.

Upon the expiry of any such notice as is referred to in this Condition 10(b) (*Redemption and Purchase - Redemption for tax reasons*), the Issuer shall be bound to redeem the Notes in accordance with this Condition 10(b) (*Redemption and Purchase - Redemption for tax reasons*).

- (c) ***Redemption at the option of the Issuer:*** If the Issuer Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) on the Issuer giving not less than 15 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms, (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the applicable amount specified in the relevant Final Terms (together with any accrued but unpaid interest to (but excluding) the relevant Optional Redemption Date (Call)) at either:

- (i) the Optional Redemption Amount (Call); or
- (ii) the Make Whole Redemption Price.

The "**Make Whole Redemption Price**" will, in respect of the Notes to be redeemed, be:

- (B) if "**Non-Sterling Make Whole Redemption Amount**" is specified as being applicable in the relevant Final Terms, an amount equal to the higher of (i) 100 per cent. of the principal amount of such Notes and (ii) the principal amount of such Notes multiplied by the price (expressed as a percentage), as determined by the Issuer or as reported in writing to the Issuer by the Determination Agent (if appointed by the Issuer), at which the yield to maturity (or, if a Par Redemption Date is specified in the relevant Final Terms, yield to the Par Redemption Date, in the case of any Optional Redemption Date (Call) falling before such Par Redemption Date) on such Notes on the Reference Date is equal to the Reference Bond Rate at the Quotation Time on the Reference Date, plus the Redemption Margin,

all as determined by the Issuer or, if Determination Agent is specified in the relevant Final Terms as being applicable, by the Determination Agent.

- (d) **Partial redemption:** If the Notes are to be redeemed in part only on any date in accordance with Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place and in such manner as is fair and reasonable in the circumstances taking account of prevailing market practices, subject to compliance with applicable law, the rules of the competent authority and/or stock exchange by which the Notes have then been admitted to listing and/or trading and the notice to Noteholders referred to in Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed, and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (e) **Redemption at the option of Noteholders:** If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice (which notice shall be irrevocable) at the relevant Optional Redemption Amount (Put) together with any accrued but unpaid interest to (but excluding) such date. In order to exercise the option contained in this Condition 10(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), the Holder of a Note must, not less than 15 days nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Final Terms), deposit with any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) such Note together with any unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent or the Registrar (as the case may be) with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 10(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), may be withdrawn;

provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent or Registrar (as the case may be) shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent or the Registrar (as the case may be) in accordance with this Condition 10(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), the depositor of such Note and not such Paying Agent or the Registrar (as the case may be) shall be deemed to be the Holder of such Note for all purposes. The Holder of a Note may not exercise such option in respect of any Note which is the subject of an exercise by the Issuer of its option to redeem such Note under Condition 10(b) (*Redemption and Purchase - Redemption for tax reasons*), 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*) or 10(d) (*Redemption and Purchase - Partial redemption*) and any exercise of the first- mentioned option in such circumstances shall have no effect.

(the "**Zero Coupon Early Redemption Amount**").

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the relevant Final Terms for the purposes of this Condition 10(f) (*Redemption and Purchase - Early redemption of Zero Coupon Notes*) or, if none is so specified, a Day Count Fraction of 30E/360.

- (g) **Issuer Residual Call:** If "Issuer Residual Call" is specified in the relevant Final Terms as being applicable, and if, at any time (other than as a direct result of a redemption of some, but not all, of the Notes at the Make Whole Redemption Price at the Issuer's option pursuant to Condition 10(c) (*Redemption and Purchase - Redemption at the option of the Issuer*), if applicable), the outstanding aggregate principal amount of the Notes is the Relevant Percentage or less of the aggregate principal amount of the Notes originally issued (and, for these purposes, any further Notes issued pursuant to Condition 20 (*Further Issues*) and consolidated with the Notes as part of the same Series shall be deemed to have been originally issued), the Issuer may redeem all (but not some only) of the outstanding Notes on any date (or, if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable, on any Interest Payment Date) upon giving not less than 15 nor more than 60 days' notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms) (which notice shall specify the date for redemption and shall be irrevocable), at the Optional Redemption Amount (Residual Call) together with any accrued but unpaid interest up to (but excluding) the date of redemption. Prior to the publication of any notice of redemption pursuant to this Condition 10(g) (*Issuer Residual Call*), the Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the outstanding aggregate principal amount of the Notes is the Relevant Percentage or less of the aggregate principal amount of the Notes originally issued. The Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the circumstances set out above and without further enquiry or liability for so doing, in which event it shall be conclusive and binding on the Holders.

- (h) **No other redemption:** The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Condition 10(a) (*Redemption and Purchase - Scheduled redemption*) to 10(g) (*Redemption and Purchase – Issuer Residual Call*) inclusive above.

This Condition 11 (*Payments - Bearer Notes*) is only applicable to Bearer Notes.

 - (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment; or
 - (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:

- (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; **provided, however, that** where this Condition 11(e)(ii)(A) (*Payments - Bearer Notes - Deductions for unmatured Coupons*) would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
- (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in Condition 11(a) (*Payments - Bearer Notes - Principal*) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons.

- (c) **Payments subject to fiscal laws:** Save as provided in Condition 14 (*Taxation*), payments in respect of the Registered Notes will be subject in all cases to any applicable fiscal or other laws and regulations in the place of payment or other laws and regulations to which the Issuer or its Agents agree to be subject and the Issuer or any of its agents will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations or agreements, and no commissions or expenses shall be charged to the Noteholders in respect of such payments.

This Condition 13 (*Payments - Renminbi Notes*) shall apply to all Renminbi Notes in addition to Condition 11 (*Payments - Bearer Notes*) or Condition 12 (*Payments - Registered Notes*), as the case may be.

- (a) **Payments of USD Equivalent:** Notwithstanding the foregoing, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer determines in its sole discretion that it is not able, or it would be impracticable for it, to satisfy payments of principal or interest (in whole or in part) in respect of Renminbi Notes when due in Renminbi to an account maintained in Hong Kong, the Issuer may, on giving not less than ten nor more than 30 Business Days' irrevocable notice to the Holders prior to the due date

for payment, settle any such payment (in whole or in part) in U.S. Dollars on the due date for payment at the USD Equivalent of any such Renminbi-denominated amount.

- (b) **Payment to U.S. Dollar account:** Payments of the USD Equivalent of the relevant Renminbi denominated amount, determined in accordance with this Condition 13 (*Payments - Renminbi Notes*), will be made by credit or transfer to a U.S. Dollar account (or any other account to which U.S. dollars may be credited or transferred) specified by the payee, **provided, however, that** no payment will be made by transfer to an account in the United States.
- (c) **Definitions:** For the purpose of this Condition 13 (*Payments - Renminbi Notes*):

"CNHFIX Spot Rate" means, for any Rate Calculation Date, the CNY/USD official fixing rate, expressed as the amount of CNY per one USD, for settlement on the day that is two Rate Calculation Business Days following such date, reported by the Treasury Markets Association which appears on the Reuters Screen Page CNHFIX at approximately 11.15 a.m. (Hong Kong time). In the event that no such quotation appears on Reuters Screen Page CNHFIX or any successor page or service thereto at the relevant time on the relevant Rate Calculation Date (or, if different, the day on which rates for the Rate Calculation Date would, in the ordinary course, be published or announced by the relevant price source), the Agent Bank will determine the spot rate at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date as the most recently available CNY/USD official fixing rate for settlement on the day that is two Rate Calculation Business Days following such date reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

"Illiquidity" means the general CNY exchange market in Hong Kong becomes illiquid as a result of which the Issuer would not be able to obtain sufficient CNY in order to satisfy its obligation to pay interest or principal (in whole or in part) in respect of the Notes as determined by the Issuer in good faith and in a commercially reasonable manner (if practicable) following consultation with two CNY Dealers.

"Inconvertibility" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes in the general CNY exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 5 August 2026 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"Non-transferability" means the occurrence of any event that makes it impossible for the Issuer to deliver CNY between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 5 August 2026 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"Rate Calculation Business Day" means a day (other than a Saturday, Sunday or public holiday) on which commercial banks are open for general business (including dealings in foreign exchange) in London, Hong Kong, Sydney and New York City.

"Rate Calculation Date" means the day which is five Rate Calculation Business Days before the due date for payment of the relevant amount under these Conditions.

"Spot Rate", means the CNHFIX Spot Rate or the TRADCNY3 Spot Rate, as specified in the relevant Final Terms.

"TRADCNY3 Spot Rate" means, for any Rate Calculation Date, the spot CNY/USD exchange rate for the purchase of U.S. Dollars with Renminbi, for settlement on the day that is two Rate Calculation Business Days following such date, in the over-the-counter Renminbi exchange market in Hong Kong, as determined by the Agent Bank at or around 11.00 a.m. (Hong Kong time) on a deliverable basis by reference to the bid rate appearing on Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Agent Bank will determine the spot rate at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date as the most recently available CNY/USD official fixing rate for settlement on the day that is two Rate Calculation Business Days following such date reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

"USD Equivalent" means the relevant Renminbi amount converted into U.S. Dollars using the Spot Rate for the relevant Rate Calculation Date, as determined by the Agent Bank.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 13 (*Payments - Renminbi Notes*) by the Agent Bank, will (in the absence of fraud, gross negligence or wilful default) be binding on the Issuer, the Trustee, the Agents and all Holders.

14. **Taxation**

- (a) **Gross up:** Except as otherwise specified in the relevant Final Terms, all payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the United Kingdom or any political subdivision therein or any authority therein or thereof having power to tax (each, a **"Taxing Jurisdiction"**), unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law.

In that event, the Issuer shall pay such additional amounts (**"Additional Amounts"**) as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (i) held by or on behalf of a Holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the United Kingdom other than the mere holding of the Note or Coupon;
- (ii) unless it is proved, to the satisfaction of the Principal Paying Agent or the Paying Agent to whom the same is presented, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a

declaration of non-residence or other similar claim for exemption to the relevant tax authorities; or

- (iii) where the relevant Note or Coupon or Certificate is presented or surrendered for payment more than 30 days after the Relevant Date except to the extent that the Holder of such Note or Coupon would have been entitled to such additional amounts on presenting or surrendering such Note or Coupon or Certificate for payment on the last day of such period of 30 days.
- (b) Any reference in these Conditions to principal in respect of the Notes of any Series shall be deemed to include, as applicable:
 - (i) any additional amounts which may be payable with respect to principal under this Condition 14 (*Taxation*) or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;
 - (ii) the redemption amount payable on such Notes on their Maturity Date;
 - (iii) the redemption amount payable on redemption of such Notes prior to such Maturity Date; and
 - (iv) any premium and any other amounts which may be payable under or in respect of such Notes.
- (c) Any reference in these Conditions to interest in respect of the Notes of any Series shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under this Condition 14 (*Taxation*) or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.
- (d) For the avoidance of doubt, any amounts to be paid by the Issuer on the Notes will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, any intergovernmental agreement, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (or any law implementing such an intergovernmental agreement) (a "**FATCA Withholding Tax**"), and the Issuer will not be required to pay Additional Amounts on account of any FATCA Withholding Tax.

15. Events of Default

If any of the following events occurs and is continuing, then the Trustee at its discretion may and, if so requested in writing by Holders of at least one quarter of the aggregate principal amount of the outstanding Notes or if so directed by an Extraordinary Resolution, shall (subject, in all cases, to the Trustee having been indemnified and/or secured and/or pre-funded to its satisfaction) give written notice to the Issuer declaring the Notes to be immediately due and payable, whereupon they shall become immediately due and payable at their Early Termination Amount together with any accrued but unpaid interest without further action or formality:

- (a) *Non-payment*: any principal or interest on the Notes has not been paid within 14 days from the due date for payment and such sum has not been duly paid within a further 14 days following written notice from the Trustee to the Issuer requiring the non-payment to be made good. The Issuer shall not, however, be in default if during the 14 days after the Trustee's notice it satisfies the Trustee that such sums were not paid in order to comply with a mandatory law, regulation or order of any court of competent jurisdiction. Where there is doubt as to the validity or applicability of any such law, regulation or order, the Issuer will not be in default if it acts on the advice given to it during such 14-day period by independent legal advisers approved by the Trustee; or
- (b) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes, the Coupons or the Trust Deed

and that breach has not been remedied within 21 days of receipt of a written notice from the Trustee certifying that in its opinion the breach is materially prejudicial to the interests of the holders of the Notes and requiring the same to be remedied; or

(c) *Winding-up etc.:*

a Winding-up Event occurs:

- (i) At any time after any Series of Notes shall have become due and repayable in accordance with this Condition 15 (*Events of Default*), the Trustee may at its discretion and, if so requested in writing by Holders of at least one quarter of the aggregate principal amount of the outstanding Notes or if so directed by an Extraordinary Resolution, shall (subject to the Trustee having been indemnified and/or secured and/or pre-funded to its satisfaction), without further notice, institute such proceedings or take such steps or actions as it may think fit against the Issuer to enforce payment.
- (ii) No Holder of any such Notes and no holder of the Coupons (if any) appertaining thereto shall be entitled to institute any of the proceedings or take the steps or actions referred to in this Condition 15 (*Events of Default*) or to prove in the winding up of the Issuer except that if the Trustee, having become bound to proceed against the Issuer as aforesaid, fails to do so or, being able to prove in such winding up, fails to do so, in each case within a reasonable period, and in each such case such failure shall be continuing, then any such holder may himself institute such proceedings or take such steps or actions and/or prove in such winding up to the same extent (but not further or otherwise) that the Trustee would have been entitled so to do in respect of his Notes and/or Coupons.

16. **Prescription**

Claims for principal in respect of Bearer Notes shall become void unless the relevant Bearer Notes are presented for payment within 10 years of the appropriate Relevant Date. Claims for interest in respect of Bearer Notes shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date. Claims for principal and interest in respect of Registered Notes shall become void unless the relevant Certificates are surrendered for payment within 10 years of the appropriate Relevant Date.

17. **Replacement of Notes and Coupons**

If any Note, Certificate or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Principal Paying Agent, in the case of Bearer Notes, or the Registrar, in the case of Registered Notes (and for so long as the Notes are admitted to listing and/or trading by the competent listing authority and/or stock exchange which requires the appointment of a Paying Agent or Transfer Agent in any particular place, the Paying Agent or Transfer Agent having its Specified Office in the place required by the competent listing authority and/or stock exchange), subject to all applicable laws and competent listing authority and/or stock exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes, Certificates or Coupons or Talons must be surrendered before replacements will be issued.

18. **Trustee and Agents**

Under the Trust Deed, the Trustee is entitled to be indemnified and/or secured and/or pre-funded before taking any steps or actions or initiating any proceedings and relieved from responsibility in certain circumstances and to be paid its costs, fees and expenses in priority to the claims of the Noteholders. In addition, the Trustee is entitled to enter into business transactions with the Issuer and any entity relating to the Issuer without accounting for any profit.

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Agents act solely as agent of the Issuer and (to the extent provided therein) the Trustee and do not

assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Agents and their initial Specified Offices are listed below. The initial Agent Bank (if any) is specified in the relevant Final Terms. If any additional Agents are appointed in connection with any Series, the names of such Agents will be specified in Part B of the relevant Final Terms. The Issuer reserves the right (with the prior approval of the Trustee) at any time to vary or terminate the appointment of any Agent and to appoint a successor fiscal agent or registrar or Agent Bank and additional or successor paying agents; **provided, however, that:**

- (i) the Issuer shall at all times maintain a Principal Paying Agent;
- (ii) if an Agent Bank is specified in the relevant Final Terms, the Issuer shall at all times maintain an Agent Bank; and
- (iii) for so long as the Notes are admitted to listing and/or trading by the competent listing authority and/or stock exchange which requires the appointment of a Paying Agent or Transfer Agent in any particular place, the Issuer shall maintain a Paying Agent and/or a Transfer Agent having its Specified Office in the place required by the competent listing authority and/or stock exchange.

Notice of any change in any of the Agents or in their Specified Offices shall promptly be given to the Noteholders in accordance with Condition 21 (*Notices*).

19. **Meetings of Noteholders; Modification and Waiver; Substitution**

- (a) ***Meetings of Noteholders:*** The Trust Deed contains provisions for convening meetings of Noteholders to consider matters relating to the Notes, including the modification of any provision of these Conditions by Extraordinary Resolution.

Such a meeting may be convened by the Issuer or by the Trustee and, subject to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction, shall be convened by the Trustee upon the request in writing of Noteholders holding not less than one-tenth of the aggregate principal amount of the outstanding Notes. The quorum at any meeting convened to vote on an Extraordinary Resolution will be one or more persons holding or representing not less than a clear majority in aggregate principal amount of the outstanding Notes or, at any adjourned meeting, one or more Persons being or representing Noteholders whatever the principal amount of the Notes held or represented; **provided, however, that** Reserved Matters (as defined in the Trust Deed) may only be sanctioned by an Extraordinary Resolution passed at a meeting of Noteholders at which one or more persons holding or representing not less than two-thirds, or at any adjourned meeting not less than one-third of the aggregate principal amount of the outstanding Notes form a quorum. Any Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders and Couponholders, whether present or not.

Any such meeting of the Noteholders may be convened at a physical location, or use such other method (which may include, without limitation, a conference call or video conference) as the Trustee may determine in accordance with the provisions of the Trust Deed.

In addition, a resolution in writing signed by or on behalf of the holders of at least 75 per cent. in aggregate principal amount of the outstanding Notes who for the time being are entitled to receive notice of a meeting of Noteholders under the Trust Deed will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

The Trust Deed contains provisions for convening a single meeting of the holders of Notes of more than one Series in certain circumstances where the Trustee so decides.

- (b) ***Modification and waiver:*** The Trustee may, without the consent of the Noteholders, agree to any modification of the Trust Deed or the Notes (other than in respect of a Reserved

Matter) which is, in the opinion of the Trustee, proper to make if, in the opinion of the Trustee, such modification will not be materially prejudicial to the interests of Noteholders and to any modification of the Notes or the Trust Deed which is of a formal, minor or technical nature or is to correct a manifest error. In addition, the Trustee shall be obliged to agree to such modifications to the Trust Deed, the Agency Agreement and these Conditions as may be required in order to give effect to Condition 7(g) (*Floating Rate Provisions and Benchmark Replacement – Benchmark Replacement*) in connection with implementing any Alternative Reference Rate, Successor Rate, Adjustment Spread or related changes referred to in Condition 7(g) (*Floating Rate Provisions and Benchmark Replacement – Benchmark Replacement*) or to give effect to Condition 7(h) (*Floating Rate Provisions and Benchmark Replacement – Effect of Benchmark Transition Event*) in connection with implementing any Benchmark Replacement, Benchmark Replacement Adjustment, Benchmark Replacement Conforming Changes or related changes referred to in Condition 7(h) (*Floating Rate Provisions and Benchmark Replacement – Effect of Benchmark Transition Event*) to give effect to Condition 7(i) (*Floating Rate Note Provisions and Benchmark Replacement – Effect of CORRA Index Cessation Effective Date*) in connection with implementing any changes referred to therein, without the requirement for the consent or sanction of the Noteholders. In addition, the Trustee may, without the consent of the Noteholders, authorise or waive any proposed breach or breach of the Notes or the Trust Deed (other than a proposed breach or breach relating to the subject of a Reserved Matter) if, in the opinion of the Trustee, the interests of the Noteholders will not be materially prejudiced thereby.

In addition, the Trustee may determine, without the consent of the holders of Notes of any Series or holders of the Coupons (if any) appertaining thereto (except as set out in the Trust Deed), that any Event of Default or Potential Event of Default (both as defined in the Trust Deed) shall not be treated as such for the purpose of the Trust Deed and such Notes if, in the opinion of the Trustee, the interests of the relevant Noteholders would not be materially prejudiced thereby.

Unless the Trustee agrees otherwise, any such authorisation, waiver or modification shall be notified to the Noteholders as soon as practicable thereafter.

- (c) **Substitution:** Subject to (i) such amendment of the Trust Deed and (ii) such other conditions as the Trustee may require, but without the consent of the Noteholders, the Trustee may also agree, subject to such Notes and Coupons being or, where appropriate, remaining irrevocably guaranteed by the Issuer, to the substitution of any subsidiary of the Issuer in place of the Issuer as principal debtor under such Notes and in each case the Coupons (if any) appertaining thereto and the Trust Deed in so far as it relates to such Notes.

In the case of a substitution under this Condition 19 (*Meetings of Noteholders; Modification and Waiver; Substitution*), the Trustee may agree, without the consent of the holders of the Notes of the relevant Series or of the Coupons (if any) appertaining thereto, to a change of the law governing such Notes and/or Coupons and/or the Trust Deed in so far as it relates to such Notes **provided that** such change would not in the opinion of the Trustee be materially prejudicial to the interests of the holders of the Notes of such Series.

- (d) **Effect for the Holders:** Any such modification, waiver, authorisation or substitution shall be binding on all the Noteholders and Couponholders of the relevant Series and, unless the Trustee agrees otherwise, shall be notified to the holders of Notes of that Series as soon as practicable thereafter in accordance with Condition 21 (*Notices*).

In connection with the exercise of its powers, trusts, authorities or discretions (including, but not limited to, those in relation to any such modification, waiver, authorisation or substitution as aforesaid) the Trustee shall have regard to the interests of the holders of the Notes of the relevant Series as a class and in particular, but without limitation, shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from the individual Noteholders or Couponholders being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any

Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders.

20. **Further Issues**

The Issuer may from time to time, without the consent of the Noteholders and in accordance with the Trust Deed, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes. The Issuer may from time to time, with the consent of the Trustee, create and issue other series of notes having the benefit of the Trust Deed.

21. **Notices**

- (a) ***Bearer Notes:*** Notices to the Holders of Bearer Notes shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Bearer Notes.
- (b) ***Registered Notes:*** Notices to the Holders of Registered Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register. Any such notice shall be deemed to have been given on the fourth day after the date of mailing.

22. **Rounding**

For the purposes of any calculations referred to in these Conditions, (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

23. **Contracts (Rights of Third Parties) Act 1999**

No person shall have any right to enforce any term or condition of any Note by virtue of the Contracts (Rights of Third Parties) Act 1999.

24. **Governing Law and Jurisdiction**

- (a) ***Governing law:*** The Notes and the Trust Deed, and all non-contractual obligations arising out of or in connection with the Notes and the Trust Deed, are governed by English law.
- (b) ***Jurisdiction:*** The parties to the Trust Deed have (i) agreed that the courts of England shall have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes; and (ii) agreed that those courts are the most appropriate and convenient courts to settle any Dispute and, accordingly, that they will not argue that any other courts are more appropriate or convenient.

FORM OF FINAL TERMS

The Final Terms in respect of each Tranche of Notes which are not Exempt Notes will be in the following form, duly completed to reflect the particular terms of the relevant Notes and their issue.

Consequently no key information document required by Regulation (EU) No 1286/2014, as amended (the "EU PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook ("DISC") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

FORM OF PRICING SUPPLEMENT

The Pricing Supplement in respect of each Tranche of Notes which are Exempt Notes will be in the following form, duly completed to reflect the particular terms of the relevant Notes and their issue.

IMPORTANT – PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive (EU) 2014/65, as amended ("EU MiFID II"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of EU MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014, as amended (the "EU PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

IMPORTANT – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"). UNITED KINGDOM TAXATION

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current United Kingdom law and the published practice of His Majesty's Revenue & Customs ("HMRC"), (which may not be binding on HMRC), in each case, as at the latest practicable date before the date of this Base Prospectus, which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of Notes. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that might be relevant to a prospective purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to their investment in the Notes, including payments received in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

United Kingdom Withholding Tax on United Kingdom Source Interest

1. Any Notes issued by the Issuer which carry a right to interest will constitute **"quoted Eurobonds"** provided they are and continue to be listed on a recognised stock exchange (within the meaning of section 1005 of the Income Tax Act 2007 (the **"Act"**) for the purposes of section 987 of the Act) or admitted to trading on a **"multilateral trading facility"** operated by a regulated recognised stock exchange (within the meaning of section 987 of the Act). Whilst the Notes are and continue to be quoted Eurobonds, payments of interest by the Issuer on the Notes may be made without withholding or deduction for or on account of United Kingdom income tax.

The London Stock Exchange is a recognised stock exchange for these purposes, and accordingly the Notes will constitute quoted Eurobonds provided they are and continue to be included in the FCA's official list and admitted to trading on the Main Market (excluding the High Growth Segment). The Issuer's understanding is that the ISM is currently a multilateral trading facility operated by a regulated recognised stock exchange (the London Stock Exchange) for the purposes of section 987 of the Act and accordingly the Notes will constitute quoted Eurobonds provided they are and continue to be admitted to trading on that market and it is and remains a multilateral trading facility operated by a regulated recognised stock exchange within the meaning of sections 987 and 1005 of the Act.

2. In addition to the exemption set out above, interest on the Notes may be paid without withholding or deduction for or on account of United Kingdom income tax provided that the Issuer is and continues to be a "bank" within the meaning of section 991 of the Act and the interest on the Notes is paid in the ordinary course of its business within the meaning of section 878 of the Act.
3. In all cases falling outside the exemptions described above, interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the relevant rate (currently the basic rate of 20 per cent., and on and after 6 April 2027 at the savings basic rate of 22 per cent. subject to such relief or exemption as may be available). However, such withholding or deduction will not apply if the relevant interest is paid on Notes with a maturity of less than one year from the date of issue and which are not issued with the intention of rendering, or under a scheme of arrangement the effect of which is to render, such Notes part of a borrowing with a total term of a year or more.

Other Rules Relating to United Kingdom Withholding Tax

4. Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element of such Notes will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned above.

Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "**interest**" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, and the payment has a United Kingdom source, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment or a manufactured payment for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the relevant Final Terms of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (at the relevant rate), subject to such relief as may be available.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer pursuant to Condition 19 (*Meetings of Noteholders; Modification and Waiver; Substitution*) of the Notes or otherwise and does not consider the tax consequences of any such substitution.

OTHER TAX CONSIDERATIONS

The following is a general description of certain Singapore tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Singapore Taxation

The statements below are general in nature and are based on certain aspects of current tax laws in Singapore and administrative guidelines and circulars issued by the Inland Revenue Authority of Singapore ("IRAS"), and the Monetary Authority of Singapore ("MAS") as at the date of this Base Prospectus and are subject to any changes in such laws, administrative guidelines or circulars, or the interpretation of those laws, administrative guidelines or circulars occurring after such date, which changes could be made on a retroactive basis. These laws, administrative guidelines and circulars are also subject to various interpretations and the relevant tax authorities or the courts could later disagree with the explanations or conclusions set out below. Neither these statements nor any other statements in this Base Prospectus are intended or are to be regarded as advice on the tax position of any holder of Notes or of any person acquiring, selling or otherwise dealing with Notes or on any tax implications arising from the acquisition, sale or other dealings in respect of the Notes. The statements made herein do not purport to be a comprehensive or exhaustive description of all the tax considerations that may be relevant to a decision to subscribe for, purchase, own or dispose of Notes and do not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or financial institutions in Singapore which have been granted the relevant Financial Sector Incentive(s)) may be subject to special rules or tax rates. The statements should not be regarded as advice on the tax position of any person and should be treated with appropriate caution. In addition, the statements made below are on the assumption that the IRAS regards the Notes as eligible for the QDS scheme. If any Tranche of the Notes is not eligible for the tax concessions under the QDS scheme, the tax treatment to holders may differ. Prospective holders and holders of Notes are advised to consult their own professional tax advisers as to the Singapore or other tax consequences of the acquisition, ownership of or disposal of Notes, including, in particular, the effect of any foreign, state or local tax laws to which they are subject. It is emphasised that none of the Issuer, the Arranger, the Dealers and any other persons involved in the Programme or any issuance of Notes accepts responsibility for any tax effects or liabilities resulting from the subscription for, purchase, holding or disposal of Notes.

Interest and Other Payments

Subject to the following paragraphs, under Section 12(6) of the ITA, the following payments are deemed to be derived from Singapore:

- (a) any interest, commission, fee or any other payment in connection with any loan or indebtedness or with any arrangement, management, guarantee, or service relating to any loan or indebtedness which is (i) borne, directly or indirectly, by a person resident in Singapore or a permanent establishment in Singapore (except in respect of any business carried on outside Singapore through a permanent establishment outside Singapore or any immovable property situated outside Singapore) or (ii) deductible against any income accruing in or derived from Singapore; or
- (b) any income derived from loans where the funds provided by such loans are brought into or used in Singapore.

Such payments, where made to a person not known to the paying party to be a resident in Singapore for tax purposes, are generally subject to withholding tax in Singapore. The rate at which tax is to be withheld for such payments (other than those subject to the 15 per cent. final withholding tax described below) to non-resident persons (other than non-resident individuals or a Hindu joint family) is currently 17 per cent. The applicable rate for non-resident individuals or a Hindu joint family is 24 per cent. However, if the payment is derived by a person not resident in Singapore otherwise than from any trade, business, profession or vocation carried on or exercised by such person in Singapore and is not effectively connected with any permanent establishment in Singapore of that person, the payment is subject to a final withholding tax of

15 per cent. The rate of 15 per cent. may be reduced by applicable tax treaties, subject to certain conditions being met.

However, certain Singapore-sourced investment income derived by individuals from financial instruments is exempt from tax, including interest, discount income (not including discount income arising from secondary trading), early redemption fee and redemption premium from debt securities, except where such income is derived through a partnership in Singapore or is derived from the carrying on of a trade, business or profession.

In addition, with respect to any Tranche of Notes issued as debt securities under this Programme (the "**Relevant Notes**") during the period from the date of this Base Prospectus to 31 December 2028 where, pursuant to the ITA, more than half of the issue of such Relevant Notes is distributed by one or more Specified Licensed Entities, such Relevant Notes would be QDS for the purposes of the ITA, to which the following treatments shall apply:

- (a) subject to certain prescribed conditions having been fulfilled (including the furnishing by the Issuer, or such other person as the MAS may direct, to the MAS of a return on debt securities for the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require, and the inclusion by the Issuer in all offering documents relating to the Relevant Notes of a statement to the effect that where interest, discount income, early redemption fee or redemption premium from the Relevant Notes is derived by a person who is not resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption for QDS shall not apply if the non-resident person acquires the Relevant Notes using funds and profits of that person's operations through the permanent establishment in Singapore), interest, discount income (not including discount income arising from secondary trading), early redemption fee or redemption premium (collectively, the "**Qualifying Income**") from the Relevant Notes and derived by a holder who is not resident in Singapore and who (aa) does not have any permanent establishment in Singapore or (bb) carries on any operation in Singapore through a permanent establishment in Singapore but the funds used by that person to acquire the Relevant Notes are not obtained from such person's operation through a permanent establishment in Singapore, are exempt from Singapore tax;
- (b) subject to certain prescribed conditions having been fulfilled, including the furnishing by the Issuer, or such other person as the MAS may direct, to the MAS of a return on debt securities for the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require, Qualifying Income from the Relevant Notes derived by any company or body of persons (as defined in the ITA) in Singapore is subject to income tax at a concessionary rate of 10 per cent. (except for holders of the relevant Financial Sector Incentive(s) who may be taxed at different rates); and
- (c) subject to:
 - (i) the Issuer including, in all offering documents relating to the Relevant Notes, a statement to the effect that any person whose interest, discount income, early redemption fee or redemption premium derived from the Relevant Notes is not exempt from tax shall include such income in a return of income made under the ITA; and
 - (ii) the furnishing by the Issuer, or such other person as the MAS may direct, to the MAS of a return on debt securities for the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require,

payments of Qualifying Income derived from the Relevant Notes are not subject to withholding of tax by the Issuer.

Notwithstanding the foregoing:

- (a) if during the primary launch of any tranche of Relevant Notes, the Relevant Notes of such tranche are issued to fewer than four persons and 50 per cent. or more of the issue of such Relevant Notes

are beneficially held or funded, directly or indirectly, by related parties of the Issuer, such Relevant Notes would not qualify as QDS; and

- (b) even though a particular tranche of Relevant Notes are QDS, if, at any time during the tenure of such tranche of Relevant Notes, 50 per cent. or more of such Relevant Notes which are outstanding at any time during the life of their issue is beneficially held or funded, directly or indirectly, by related parties of the Issuer, Qualifying Income derived from the Relevant Notes held by:
 - (i) any related parties of the Issuer; or
 - (ii) any other person where the funds used by such person to acquire such Relevant Notes are obtained, directly or indirectly, from any related parties of the Issuer,

shall not be eligible for the tax exemption or concessionary rate of tax as described above.

The term "**related party**", in relation to a person, means any other person who, directly or indirectly, controls that person, or is controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

The term "**Specified Licensed Entity**" means:

- (a) a bank or merchant bank licensed under the Banking Act 1970 of Singapore;
- (b) a finance company licensed under the Finance Companies Act 1967 of Singapore; or
- (c) a person who holds a capital markets services licence under the Securities and of Singapore Futures Act 2001 of Singapore to carry on a business in any of the following regulated activities:
 - (i) advising on corporate finance; or
 - (ii) dealing in capital markets products.

The terms "**early redemption fee**" and "**redemption premium**" are defined in the ITA as follows:

"**early redemption fee**", in relation to debt securities and qualifying debt securities, means any fee payable by the issuer of the securities on the early redemption of the securities;

"**redemption premium**", in relation to debt securities and qualifying debt securities, means any premium payable by the issuer of the securities on the redemption of the securities upon their maturity, or on the early redemption of the securities; and

References to "**early redemption fee**" and "**redemption premium**" in this Singapore tax disclosure have the same meaning as defined in the ITA.

All foreign-sourced income received in Singapore on or after 1 January 2004 by Singapore tax-resident individuals will be exempt from income tax, provided such foreign-sourced income is not received through a partnership in Singapore.

Where interest, discount income, early redemption fee or redemption premium (i.e. the Qualifying Income) is derived from the Relevant Notes by any person who is not resident in Singapore and who carries on any operations in Singapore through a permanent establishment in Singapore, the tax exemption available for QDS under the ITA (as mentioned above) shall not apply if such person acquires such Relevant Notes using the funds and profits of such person's operations through a permanent establishment in Singapore. Any person whose interest, discount income, early redemption fee or redemption premium (i.e. the Qualifying Income) derived from such Relevant Notes is not exempt from tax is required to include such income in a return of income made under the ITA.

Capital Gains

Subject to the disclosure in the next paragraph, any gains considered to be in the nature of capital made from the sale of the Notes will generally not be taxable in Singapore. However, any gains derived by any person from the sale of the Notes which are gains from any trade, business, profession or vocation carried

on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Under section 10L of the ITA, gains received in Singapore by an entity of a relevant group from the sale or disposal of any movable or immovable property outside Singapore will be treated as income chargeable to tax under section 10(1)(g) of the ITA under certain circumstances. Debt securities will be deemed to be located outside Singapore if the issuer thereof is incorporated outside Singapore or in the case of registered debt securities, the register or principal register (if there is more than one register) is located outside Singapore regardless where the issuer is incorporated. If the Notes are deemed to be foreign assets, gains from their disposal will be subject to tax if an entity of a relevant group (other than an excluded entity) disposed of the Notes on or after 1 January 2024. An entity is a member of a group of entities if its assets, liabilities, income, expenses and cash flows are (a) included in the consolidated financial statements of the parent entity of the group; or (b) excluded from the consolidated financial statements of the parent entity of the group solely on size or materiality grounds or on the grounds that the entity is held for sale. A group is a relevant group if (a) the entities of the group are not all incorporated, registered or established in Singapore; or (b) any entity of the group has a place of business outside Singapore. An excluded entity is defined in section 10L of the ITA to include a pure equity-holding company or any other entity with adequate economic substance in Singapore taking into account factors enumerated in section 10L of the ITA.

Holders of the Notes are advised to consult their own tax advisors on the applicable tax treatment if they received gains in Singapore from the disposal of the Notes.

Noteholders who are adopting the Financial Reporting Standard 109 ("**FRS 109**") or Singapore Financial Reporting Standard (International) 9 ("**SFRS(I) 9**") (as the case may be) may, for Singapore income tax purposes, be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Notes, irrespective of disposal, in accordance with FRS 109, or SFRS(I) 9 (as the case may be). Please see the section below on "*Adoption of FRS 109 or SFRS(I) 9 for Singapore Income Tax Purposes*".

Adoption of FRS 109 or SFRS(I) 9 for Singapore Income Tax Purposes

Section 34AA of the ITA requires taxpayers who comply or who are required to comply with FRS 109 or SFRS(I) 9 (as the case may be) for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 109 or SFRS(I) 9 (as the case may be), subject to certain exceptions. The IRAS has also issued a circular entitled "Income Tax: Income Tax Treatment Arising from Adoption of FRS 109 – Financial Instruments".

Noteholders who may be subject to the tax treatment under Section 34AA of the ITA should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Notes.

Estate Duty

Singapore estate duty has been abolished with respect to all deaths occurring on or after 15 February 2008.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Barclays Bank PLC (in its role as Arranger and Dealer), Banco Santander, S.A., BNP PARIBAS, Citigroup Global Markets Limited, Deutsche Bank AG, London Branch, J.P. Morgan Securities plc and UBS AG London Branch or such other dealers as may be appointed either generally in respect of the Programme or in relation to a particular Tranche of Notes (each, a "**Dealer**" and together, the "**Dealers**"). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in a Distribution Agreement dated 3 May 2018, as most recently amended and restated on or about 5 August 2026 (as amended, restated, modified and/or supplemented from time to time, the "**Distribution Agreement**") and made between the Issuer and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. In relation to an issuance of a particular Tranche of Notes, the Issuer will enter into a Relevant Agreement (as defined in the Distribution Agreement) with the relevant Dealer(s), pursuant to which the relevant Dealer(s) may be entitled in certain circumstances to be released and discharged from their obligations under the Relevant Agreement prior to the closing of the issue of the particular Tranche of Notes, including in the event that certain conditions precedent are not delivered or met to their satisfaction on or before the issue date of such Notes. In this situation, the issuance of such Notes may not be completed. Investors will have no rights against the Issuer or the relevant Dealer(s) in respect of any expense incurred or loss suffered in these circumstances. Notes so subscribed under the Relevant Agreement may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer(s). The Distribution Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes. The Notes may also be issued by the Issuer through all or any of the Dealers acting as agents. In addition, the Distribution Agreement provides for Notes to be issued in syndicated Tranches which are jointly and severally underwritten by two or more Dealers.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Distribution Agreement may be terminated in relation to all or any of the Dealers by the Issuer or, in relation to itself, by any Dealer, at any time on giving not less than 30 days' written notice.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.*

The Notes have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed (and each additional Dealer appointed under the Programme and/or named in the relevant Final Terms will be required to represent and agree) that in addition to the relevant U.S. Selling Restrictions set forth below:

- (a) except to the extent permitted under U.S. Treasury Regulations section 1.163 5(c)(2)(i)(D) (or a successor provision) (the "**TEFRA D Rules**"), it has not offered or sold, and during the restricted period it will not offer or sell, Notes in bearer form to a person who is within the United States or its possessions or to a U.S. person;
- (b) it has and throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a U.S. person (except to the extent permitted under the TEFRA D Rules);

- (c) if it is a U.S. person, it is acquiring the Notes in bearer form for purposes of resale in connection with their original issuance, and if it retains Notes in bearer form for its own account, it will do so in accordance with the requirements of the TEFRA D Rules;
- (d) with respect to each affiliate or distributor that acquires Notes in bearer form from the Dealer for the purpose of offering or selling such Notes during the restricted period, the Dealer either repeats and confirms the representations and agreements contained in sub-paragraphs (a), (b) and (c) above on such affiliate's or distributor's behalf or agrees that it will obtain from such distributor for the benefit of the Issuer the representations and agreements contained in such paragraphs; and
- (e) it shall obtain for the benefit of the Issuer the representations, undertakings and agreements contained in sub-paragraphs (a), (b), (c), and (d) above and this sub-paragraph (e) from any person other than its affiliate with whom it enters into a written contract, (a "**distributor**" as defined in U.S. Treasury Regulation section 1.163-5(c)(2)(i)(D)(4)), for the offer or sale during the restricted period of the Notes.

Terms used in this section shall have the meanings given to them by the Internal Revenue Code and the regulations thereunder, including the TEFRA D Rules.

Where the rules under U.S. Treasury Regulations section 1.163-5(c)(2)(i)(C) (or a successor provision) (the "**TEFRA C Rules**") are specified in the relevant Final Terms as being applicable in relation to any Notes, the Notes must, in accordance with their original issuance, be issued and delivered outside the United States and its possessions and, accordingly, each Dealer has represented and agreed (and each additional Dealer appointed under the Programme and/or named in the relevant Final Terms will be required to represent and agree) that, in connection with the original issuance of the Notes:

- (a) it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any Notes within the United States or its possessions; and
- (b) it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such Dealer or such prospective purchaser is within the United States or its possessions and will not otherwise involve the United States office of such Dealer in the offer and sale of Notes.

Each Dealer has represented and agreed that and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Distribution Agreement, it has not offered, sold or in the case of Bearer Notes delivered and will not offer, sell or in the case of Bearer Notes deliver the Notes (i) as part of their distribution at any time, or (ii) otherwise until 40 days after the later of the commencement of the offering of the Notes or the relevant issue date, other than in accordance with Rule 903 of Regulation S under the Securities Act or any other available exemption from registration under the Securities Act. The offering of the Notes has not been registered with the Commissione Nazionale per le Società e la Borsa ("CONSOB") pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that any offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy will be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation.

Any such offer, sale or delivery of the Notes or distribution of copies of this Base Prospectus or any other document relating to the Notes in the Republic of Italy must be:

General

With the exception of the approval by the FCA of this Base Prospectus as a base prospectus issued in compliance with the UK Prospectus Regime, no representation is made that any action has been or will be taken in any country or jurisdiction by the Issuer or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession, distribute or publish such offering material, in all cases at their own expense.

The Distribution Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the preceding paragraph.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Final Terms (in the case of a supplement or modification relevant only to a particular Series of Notes) or (in any other case) in a supplement to this Base Prospectus.

The Issuer has given an undertaking to the Dealers in connection with the listing of any Notes on the Official List to the effect that if after preparation of this Base Prospectus for submission to the FCA it becomes aware that there is a significant new factor, material mistake or inaccuracy relating to the information contained in this Base Prospectus published in connection with the admission of any of the Notes to the Official List, it shall give to each Dealer full information about such change or matter and shall publish a supplementary Base Prospectus as may be required by the FCA under the UK Prospectus Regime and shall otherwise comply with the UK Prospectus Regime in that regard and shall supply to each Dealer such number of copies of the supplementary Base Prospectus as it may reasonably request.

Certain of the Dealers and their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their respective affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their respective affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including

potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
