(incorporated with limited liability in Switzerland)

Under this EUR 3,500,000,000 Euro Medium Term Note Programme (the **Programme**), Adecco Group AG (in its capacity as Issuer, **Adecco**, and in its capacity as guarantor of Notes issued by AIFS or AFS (each as defined below), the **Guarantor**), Adecco International Financial Services B.V. (**AIFS**) and Adecco Financial Services (North America), LLC (**AFS** and, together with Adecco and AIFS, the **Issuers**, and each an **Issuer**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the relevant Issuer and the relevant Dealer (as defined below). References in this Base Prospectus to the **relevant Issuer** shall, in relation to any issue or proposed issue of Notes, be references to whichever of Adecco, AIFS or AFS is specified as the Issuer of such Notes in the applicable final terms document (the **Final Terms**).

The payments of all amounts due in respect of the Notes will be unconditionally and irrevocably guaranteed by the Guarantor (except where Adecco is the Issuer).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed EUR 3,500,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to the Dealers specified under “*Overview of the Programme*” and any additional Dealer appointed under the Programme from time to time by the relevant Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “*Risk Factors*”.

Payments on Notes issued by Adecco will be subject to Swiss withholding tax and will not be subject to the gross-up provisions of Condition 8 – see “*Overview of the Programme*” and “*Taxation– Switzerland*”. This Base Prospectus has been approved as a base prospectus by the Financial Conduct Authority (the **FCA**) pursuant to the Prospectus Rules: Admission to Trading on a Regulated Market sourcebook (the **PRM**) made pursuant to its rule-making powers under the Public Offers and Admissions to Trading Regulations 2024 (the **POATRs**). The FCA only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the rules in the PRM. Such approval should not be considered as an endorsement of any of the Issuers or the Guarantor or as an endorsement of the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. Application has been made to the FCA for Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to the official list of the FCA (the **Official List**) and to the London Stock Exchange plc (the **London Stock Exchange**) for such Notes to be admitted to trading on the London Stock Exchange’s main market.

References in this Base Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange’s main market and have been admitted to the Official List. The London Stock Exchange’s main market is a UK regulated market for the purposes of Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**) (**UK MiFIR**).

This Base Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on the London Stock Exchange’s main market. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Notes to be issued under the Programme are expected to be assigned credit ratings of Baa1 by Moody’s Investors Service Limited (**Moody’s**) and of BBB+ by S&P Global Ratings acting through S&P Global Ratings UK Limited (**S&P**). Each of Moody’s and S&P is established in the United Kingdom (**UK**) and registered under Regulation (EC) No 1060/2009 as it forms part of domestic law by virtue of the EUWA (the **UK CRA Regulation**). Notes issued under the Programme may be rated or unrated by any one or both of the rating agencies referred to above.

Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to either the Programme or Adecco Group (as defined below) by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Amounts payable on Floating Rate Notes may be calculated by reference to the euro interbank offered rate (**EURIBOR**). As at the date of this Base Prospectus, European Money Markets Institute (the administrator of EURIBOR) appears in the register of administrators and benchmarks established and maintained by the FCA pursuant to Article 36 of Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the EUWA (the **UK Benchmarks Regulation**).

Neither the Dealers nor the Trustee (as defined below) have independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme. No Dealer or the Trustee accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuers or the Guarantor in connection with the Programme.

No person is or has been authorised by the Issuers, the Guarantor or the Trustee to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers, the Guarantor, the Dealers or the Trustee.

Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuers and/or the Guarantor. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of any Issuer or the Guarantor, any of the Dealers or the Trustee to any person to subscribe for or to purchase any Notes.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the **Prospectus Regulation**). Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the **PRIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuers, the Guarantor, the Dealers and the Trustee do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuers, the Guarantor, the Dealers or the Trustee which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA (including Belgium and The Netherlands), the United Kingdom, Japan, Singapore and Switzerland, see “*Subscription and Sale*”.

In the case of any Notes, the minimum specified denomination shall be EUR 100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor’s currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the **Securities Act**) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction (see “*Subscription and Sale*”).

RISK FACTORS

Each of the Issuers and the Guarantor believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each of the Issuers and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuers or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuers and the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Factors that may affect AIFS' ability to fulfil its obligations under Notes issued under the Programme.

AIFS' principal purpose is to provide funding, through the international capital markets, to the subsidiaries of the Guarantor outside of Switzerland. Therefore, AIFS' ability to fulfil its obligations under the Notes is entirely dependent on the performance of the Guarantor and its subsidiaries, as a result of which the risk factor analysis set out below is mostly meaningful for and focused on the Guarantor and its subsidiaries (**Adecco Group**).

Factors that may affect AFS' ability to fulfil its obligations under Notes issued under the Programme.

AFS' principal purpose is to provide funding, through the international capital markets, to Adecco, Inc., a wholly owned subsidiary of the Guarantor, and Adecco, Inc.'s U.S. subsidiaries. Therefore, AFS' ability to fulfil its obligations under the Notes is entirely dependent on the performance of the Guarantor, Adecco, Inc. and its U.S. subsidiaries, as a result of which the risk factor analysis set out below is mostly meaningful for and focused on the Adecco Group.

Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee.

In an economic downturn, companies may use fewer flexible and permanent placement services, which could materially adversely affect Adecco Group, which comprises Adecco Group AG, a Swiss Corporation, its consolidated subsidiaries as well as variable interest entities in which Adecco is considered the primary beneficiary.

Demand for human resource services is sensitive to changes in the level of economic activity. When the global economy accelerates, demand for flexible and permanent placement services increases, however, when the economy slows down, so does demand for flexible and permanent personnel. On the other hand, the impact of the level of economic activity on the career transition (**outplacement**) business is counter-cyclical in nature. Demand for career transition services rises in difficult economic times and decreases when the economy improves.

Although the two businesses mentioned above do offset, to a degree, the risk to Adecco Group as a whole, depending on the speed of change in the economic conditions, the specific markets affected by economic change and the volume of one business compared to the other in the specific market, the increase of demand in either of these businesses may not compensate for the decrease of demand in the other.

Furthermore, in some countries where Adecco Group operates, Adecco Group has the obligation to pay wages even when associates are not seconded to clients. A significant economic downturn could have a material adverse effect on Adecco Group's operating margin, results of operations, financial condition or liquidity.

In an economic downturn, clients may delay payments for Adecco Group's services which could materially adversely affect the cash-flows and liquidity of Adecco Group.

Cash collection trends measured by days-sales-outstanding (**DSO**) have a material impact on cash receipts and, consequently, on Adecco Group's cash flows. DSO varies significantly across the various countries in which Adecco Group has operations, due to the various market practices within these countries. In general, a deterioration of DSO increases the balance of trade accounts receivable resulting in less cash inflows from operating activities. This could result in liquidity tensions and payment of trade accounts payables might be delayed, therefore incurring penalties, default and even loss of business. In 2025, DSO was stable at 53 days (53 days in 2024).

Continuing adverse capital market conditions may affect Adecco Group's liquidity.

Financial markets' crisis situations may result in a contraction of debt and equity markets, leading to lower liquidity and to severe volatility. Continued constraints in the supply of liquidity may result in Adecco Group's costs of capital increasing significantly and the issuance of new debt becoming more difficult and costly. Liquidity tensions could impact Adecco Group's business by compromising its ability to meet its payments to employees, authorities, debtors, suppliers and shareholders when due, which could lead to contractual defaults, reputation issues, loss of business permits and potential claims.

The worldwide staffing services market is highly competitive with few barriers to entry, potentially limiting Adecco Group's ability to maintain or increase its client base and market share or margins.

The worldwide staffing services market is highly fragmented and competitive with few barriers to entry. Adecco Group competes on a local and national basis in markets throughout North and South America, Europe, Australia and New Zealand, Asia and the Middle East with full-service and specialised service agencies for flexible placement. Moreover, there is also increasing competition from internet-based sources. While the majority of Adecco Group's competitors are significantly smaller than Adecco Group, several competitors have substantial marketing and financial resources. Price competition in the staffing industry is significant, for the provision of office clerical and light industry personnel in particular, and pricing pressure from competitors and customers is significant. Adecco Group expects that the level of competition will remain high in the future and may even further increase due to possible challenging economic conditions and further pressure to reduce cost at all levels, including from clients. This could limit Adecco Group's ability to retain existing clients or attract new clients. As a consequence, Adecco Group may not be able to maintain or increase its market share or margins.

Adecco Group's success depends on its ability to attract and retain qualified flexible placement personnel.

Adecco Group depends on its ability to attract and retain flexible placement personnel who possess the skills and experience necessary to meet the staffing requirements of its clients. Due to a shortage of talented personnel in certain sectors and intense competition for hiring skilled individuals, providing suitably qualified flexible placement personnel to clients is a challenge. Adecco Group must continually evaluate and upgrade its base of available qualified personnel to keep pace with changing client needs and emerging technologies. Competition for individuals with proven professional skills or special industry know-how is intense, especially in periods of high demands for these individuals. Key to retaining flexible placement personnel is being able to offer consecutive assignments with attractive wages and training modules to improve the flexible placement personnel's skills and qualifications. However, there can be no assurance that qualified personnel will continue to be available to Adecco Group in sufficient numbers and on terms of employment acceptable to Adecco Group and its clients. Adecco Group's success will depend on its ability to recruit qualified flexible placement personnel and retain them.

If Adecco Group loses its key personnel, its business may suffer.

The effectiveness of Adecco Group's operations is dependent on the commitment of its key personnel at group level, local managers and field personnel. Adecco Group's ability to attract and retain business is significantly affected by local relationships and the quality of service rendered. The loss of key personnel at group level who have acquired experience in operating a staffing service company on an international level may cause a significant disruption to Adecco Group's business. Moreover, the loss of Adecco Group's key local managers and field personnel may jeopardise existing customer relationships with businesses that continue to use Adecco Group's staffing services based upon past direct relationships with these local managers and field personnel. Either of these types of losses could adversely affect Adecco Group's operations, including its ability to establish and maintain customer relationships.

Failure of Adecco Group's IT-systems may result in an adverse impact on operations, damage claims, loss of reputation, or fines.

Adecco Group relies on IT-systems to manage flexible placements, the provision of its services to the clients, its finance and accounting systems and other material functions. Failure of these systems could have an adverse impact on Adecco Group's results of operations. Key IT-related risks include failure of the IT infrastructure, leading to loss of service or leakage of confidential business information and/or personal data protected by data privacy. Failure of Adecco Group's IT-systems, which could lead to data leakage, could be caused by technical and/or human error, or could result from internal or external criminal acts (such as hacking), and could result in damage claims against Adecco Group raised by job candidates, employees and/or clients, loss of reputation and fines issued by public authorities.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that the Issuers will be unable to comply with their obligations as companies with securities admitted to the Official List.

New technologies (especially artificial intelligence (AI) or business models could challenge Adecco Group's business model.

Rapid advances in AI technologies may alter the demand for certain workforce solutions and change client hiring needs at a pace that is difficult to predict. Increased automation or AI-enabled productivity tools could reduce client demand for specific job categories in which Adecco Group operates, while intensifying competition from new digital or platform-based staffing models. Adecco Group may need to continue investing in technology, data capabilities, and new service offerings to remain competitive, and failure to adapt effectively could have a material adverse effect on Adecco Group's business. As AI adoption accelerates across industries, the scale and timing of these impacts remain uncertain. Broader technological changes, including the increased dependency on cloud and third-party technology providers and cybersecurity threats, could also have an adverse effect on Adecco Group's business.

Adecco Group may be exposed to employment-related claims and costs that could materially adversely affect its business.

Adecco Group is in the business of employing people and placing them in the workplace of other businesses. Attendant risks of these activities include possible claims by customers or third parties of fraudulent employee activities or of employee misconduct or negligence, claims by employees of discrimination or harassment (including claims relating to actions of Adecco Group's customers), claims related to employment that inadvertently violates local immigration rules, minimum wage requirements, or other local employment or social laws, payment of workers' compensation claims and other similar claims. In addition, certain agreements with customers of Adecco Group contain indemnifications and hold harmless obligations in favour of the customers, which may also include liability of Adecco Group relating to the performance and work product of flexible placement workers or the achievement of certain business-related targets or work results within the business operations of clients (outsourcing). These risks are especially prevalent in the United States where the legal systems favour class actions and claims for substantial damages. Adecco Group is not always able to contractually exclude or limit such potential claims and certain of its contracts therefore bear the risk of uncapped liability. There can be no assurance that Adecco Group will not experience these problems in the future, that Adecco's insurance policies will cover all claims that may be asserted against Adecco Group or that Adecco Group will not incur fines or other losses or deal with negative publicity with respect to these problems; all of which could have a material adverse effect on Adecco Group's business.

Litigation and regulatory investigations and audits to which Adecco Group is currently, or may become, subject could materially adversely affect its business, financial condition, results of operations or cash flows.

In the ordinary course of business, Adecco Group is involved in various legal actions and claims, including those related to social security charges, other payroll related charges and various employment related matters.

In addition, in the ordinary course of a global business, there are many transactions for which the ultimate tax outcome is uncertain. Many of these uncertainties arise as a consequence of intercompany transactions and arrangements as well as operations within multiple tax jurisdictions. At any given time, Adecco Group is undergoing tax audits in several tax jurisdictions covering multiple years.

There can be no assurance that the final outcome or resolution of any of these tax matters or of the legal actions, claims or investigations will not have a material adverse effect on Adecco Group's financial position, results of operations or cash flows.

Risks associated with Adecco Group's financial reporting may adversely affect Adecco Group's business.

Failure to comply with external reporting requirements due to failure of internal controls and/or a lack of knowledge of external reporting requirements relating to accounting and reporting may have an adverse effect on Adecco Group's business. Adecco Group has internal controls in place, which have so far proved effective to reasonably cover such external reporting requirements and Adecco Group regularly reviews such internal controls, but no assurance can be given as to their effectiveness going forward.

Notwithstanding anything in this risk factor, this risk factor should not be taken as implying that any of the Issuers or Adecco Group will be unable to comply with its obligations as a company with securities admitted to the Official List.

Government regulations may result in the prohibition or restriction of certain types of employment services or the imposition of additional licensing or tax requirements that may adversely affect Adecco Group's business and results of operations.

In many jurisdictions in which Adecco Group operates, the flexible placement industry is heavily regulated. There can be no assurance that the countries in which Adecco Group operates will not:

- create additional regulations that prohibit or restrict types of employment services which Adecco Group currently provides;
- require Adecco Group to obtain additional licensing to provide staffing or other employment services; or
- increase taxes payable by the providers of staffing or other employment services.

Future changes in regulations may make it more difficult or expensive for Adecco Group to continue to provide its staffing services and may have an adverse effect on Adecco Group's financial condition, results of operations and liquidity.

Adecco Group's failure to comply with covenants under its credit facilities or other debt financing could trigger a default.

Adecco Group's failure to comply with covenants under its credit facilities or other debt financing could result in a situation of default that, if not cured, could lead Adecco Group to be required to repay such borrowings (and any other debt financing, including the Notes, which contain cross default provisions) before their due date. The need to refinance these borrowings on less favourable terms could adversely affect Adecco Group's results of operations and financial condition. The same applies for financing agreements that require Adecco Group to maintain a certain credit rating. As of the date of this Base Prospectus, the Issuers are not aware of any circumstances existing that could lead to a default under Adecco Group's credit facilities or other debt financing.

Risks associated with Adecco Group's international operations, including currency fluctuations, may adversely affect Adecco Group's business or operating results.

Adecco Group's operations are conducted around the world. Operations in Adecco Group's markets are subject to risks inherent in international business activities, including, but not limited to:

- foreign currency fluctuation;
- varying political conditions;
- cultures and business practices in different regions;
- overlapping of different tax structures;
- accounting and reporting requirement compliance;
- changing and, in some cases, complex or ambiguous laws and regulations; and
- litigation claims and judgments.

Adecco Group funds its subsidiaries in various currencies and has issued bonds, securities and long-term notes in various currencies. Adecco Group's local operations are reported in the applicable foreign currencies and then translated into euro at the applicable foreign currency exchange rates for inclusion in Adecco Group's consolidated financial statements. Exchange rates for currencies may fluctuate in relation to euro and these fluctuations may have an adverse effect on Adecco Group's operating results when foreign currencies are translated into euro.

Adecco Group's acquisition strategy may have an adverse effect on Adecco Group's business.

Adecco Group has a strategy of growing in part by acquisitions and has made, and may make, material acquisitions in the future.

Acquisitions may involve significant risks, including but not limited to:

- difficulties in the assimilation or integration of the operations, services and corporate culture of the acquired companies;
- failure to achieve expected synergies and other benefits;
- insufficient indemnification from the selling parties for liabilities incurred by the acquired companies prior to the acquisitions; and

- diversion of management's attention from other business concerns.

The realisation of risks inherent in acquisitions could result in impairment charges. In addition, further acquisitions would likely result in the incurrence of debt and contingent liabilities, and may result in the issuance of additional shares and an increase in interest expense and amortisation expense related to intangible assets. Both possible results of acquisitions could have a material adverse effect on Adecco Group's results of operations, financial condition or liquidity.

Furthermore, if the applicable Final Terms in respect of any Notes specify Acquisition Event Call as "Applicable", the relevant Issuer may redeem the Notes early if an Acquisition Event occurs. This redemption right is likely to limit the market value of the Notes prior to the end of the period for exercise of such redemption right (see "*Risk Factors – Risks related to the structure of a particular issue of Notes – Notes subject to optional redemption by the relevant Issuer*").

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme.

Risks related to payments of interest on Notes issued by Adecco.

Payments of interest on Notes issued by Adecco (and payments which qualify as interest for Swiss withholding tax purposes on such Notes) will be subject to withholding tax at a rate of 35 per cent. in Switzerland such that Noteholders thereof will receive payments of interest net of withholding tax at the applicable rate and Noteholders will not receive additional amounts in respect of such withholding. Noteholders of Notes issued by Adecco should consult their tax advisors regarding whether they may qualify for a refund from the Swiss tax authorities of any Swiss tax withheld under Swiss law or any applicable tax.

Risks related to the structure of a particular issue of Notes.

A range of fixed rate, floating rate and zero coupon Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the relevant Issuer.

If the relevant Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature is likely to limit the market value of Notes. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the relevant interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Inverse Floating Rate Notes will have more volatile market values than conventional Floating Rate Notes.

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as EURIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned.

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower

than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates.

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks".

Interest rates and indices which are deemed to be "benchmarks", (including EURIBOR) are the subject of national and international regulatory guidance and reform aimed at supporting the transition to robust benchmarks. Most reforms have now reached their planned conclusion (including the transition away from the London Interbank Offered Rate (LIBOR), and "benchmarks" remain subject to ongoing monitoring. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a benchmark.

Regulation (EU) 2016/1011 (as amended) (the **EU Benchmarks Regulation**) applies, subject to certain transitional provisions, to the provision of in-scope benchmarks, the contribution of input data to an in-scope benchmark and the use of an in-scope benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of in-scope benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed). The UK Benchmarks Regulation, among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a benchmark which is in-scope of one or both regulations, in particular if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark; and/or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, reforms in making any investment decision with respect to any Notes linked to or referencing a benchmark.

Future discontinuance of certain benchmark rates (for example EURIBOR) may adversely affect the value of Floating Rate Notes which are linked to or which reference any such benchmark rate.

It is not possible to predict with certainty whether, and to what extent, certain benchmarks (such as EURIBOR) will continue to be supported going forwards. This may cause certain benchmarks (such as EURIBOR) to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark; and/or (iii) leading to the disappearance of the benchmark. Any of the above

changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

The Terms and Conditions of the Notes also provide for certain fallback arrangements in the event that the relevant Issuer determines that a Benchmark Event (as defined in the Terms and Conditions of the Notes) has occurred.

If a Benchmark Event (which, amongst other events, involves the permanent discontinuation of an Original Reference Rate or a public statement by the supervisor of the administrator of such Original Reference Rate that such rate is no longer representative or may no longer be used) has occurred in relation to an Original Reference Rate at any time when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, such fallback arrangements will include the possibility that:

- (a) the relevant Rate of Interest (or any component part thereof) could be set or, as the case may be, determined by reference to a Successor Rate or, failing which, an Alternative Rate determined by an Independent Adviser (as defined in the Terms and Conditions of the Notes); and
- (b) such Successor Rate or Alternative Rate (as applicable) will be subject to the applicable Adjustment Spread (if any) (as defined in the Terms and Conditions of the Notes) as determined by the relevant Independent Adviser,

in each case as more fully described in the Terms and Conditions of the Notes.

The application of an Adjustment Spread could have unexpected commercial consequences and there can be no assurance that any Adjustment Spread will be effective in reducing or eliminating any economic prejudice or benefit (as applicable) to Noteholders arising out of the replacement of the relevant benchmark or that, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to each Noteholder.

In addition, the Independent Adviser may also specify changes to the Terms and Conditions of the Notes that are necessary in order to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (if any), as the case may be. No consent of the Noteholders shall be required in connection with effecting any relevant Successor Rate or Alternative Rate (as applicable) or any other related adjustments and/or amendments described above.

In certain circumstances (including where a Benchmark Event has not yet occurred), the ultimate fallback of interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the relevant Issuer to meet its obligations under the Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or any of the international or national reforms, and the possible application of the benchmarks replacement provisions in the Terms and Conditions of the Notes, in making any investment decision with respect to any Notes referencing a benchmark.

Risks related to Notes generally.

Set out below is a brief description of certain risks relating to the Notes generally:

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders.

The Terms and Conditions of the Notes contain provisions for calling meetings (including by way of conference call or by use of a videoconference platform) of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant

meeting or, as the case may be, did not sign the written resolution or give their consent electronically, and including Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the relevant Issuer, in the circumstances described in Condition 15.3.

The value of the Notes could be adversely affected by a change in English law or administrative practice.

The Terms and Conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

It may be difficult for Noteholders to enforce judgments obtained before English courts against AIFS in the Netherlands.

AIFS is incorporated with limited liability under the laws of the Netherlands, and its assets may be located in the Netherlands, so any judgment obtained by Noteholders in respect of the Notes in the English courts against AIFS may need to be enforced in the Netherlands.

As of 1 July 2025, the Convention of 2 July 2019 on the Recognition and Enforcement of Foreign Judgments in Civil or Commercial Matters (the **Hague Judgments Convention 2019**) entered into force for the UK. The Hague Judgments Convention 2019 provides a recognition and enforcement regime for court judgments in civil or commercial matters and applies to a choice-of-court agreement other than an exclusive choice-of-court agreement. A final and conclusive judgment obtained by Noteholders for the payment of money in respect of Notes in the English courts against AIFS will in principle be recognised by the Dutch courts without review of its merits, according and subject to the Hague Judgments Convention 2019. However, it is currently unclear whether a Dutch court will (re-)assess the validity of the foreign choice-of-court agreement under the Hague Judgments Convention 2019 or Dutch law when an enforceable judgment of the English court will be submitted for recognition and enforcement on the basis of the Hague Judgments Convention 2019.

In case of the Hague Judgments Convention 2019 not applying, any judgment obtained in respect of Notes in the English courts against AIFS will not be recognised and enforced by the Dutch courts. In the absence of an applicable convention between England and the Netherlands (including the Hague Judgments Convention 2019 not applying), if a final and conclusive judgment for the payment of money of an English court which is enforceable in England is filed with the competent Dutch court, the Dutch court will generally give binding effect to the English judgment insofar as it finds that the jurisdiction of the English court has been based on grounds which are internationally acceptable and that proper legal procedures have been observed, and unless the English judgment contravenes Dutch public policy or is incompatible with a judgment rendered between the same parties by a Dutch court or with an earlier judgment rendered between the same parties by a non-Dutch court in a dispute that concerns the same subject and is based on the same cause, provided that the earlier judgment qualifies for recognition in the Netherlands. The enforcement by Noteholders in the Netherlands of a judgment obtained against AIFS in the courts of England may therefore be difficult and could be subject to significant delays and costs.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be issued) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally.

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally.

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies, are being issued to a single investor or a limited number of investors or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls.

Each Issuer will pay principal and interest on the Notes and the Guarantor (if applicable) will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks.

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks.

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA

Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

Payment of additional amounts for Swiss withholding taxes may be null and void.

Although the Terms and Conditions of the Notes and the Guarantee provide that, in the event of any withholding for or on account of Swiss withholding tax being required by Swiss law, the relevant Issuer or the Guarantor, as the case may be, shall (if Tax Gross-Up is specified as being applicable in the applicable Final Terms and subject to certain exceptions) pay additional amounts so that the net amount received by the Noteholders shall equal the amount which would have been received by such Noteholder in the absence of such withholding, such obligation may contravene Swiss legislation and be null and void and not enforceable in Switzerland. See “*Taxation – Switzerland – Swiss Federal Withholding Tax*” below.

The AIFS financial statements as at and for the 12-month periods ended 31 December 2024 and 31 December 2025 (the AIFS Accounts) have been prepared in accordance with Dutch generally accepted accounting standards (Dutch GAAP). Consequently, the AIFS Accounts have not been prepared in accordance with UK-adopted international accounting standards and there may be material differences in the AIFS Accounts had UK-adopted international accounting standards been applied to the AIFS Accounts.

Narrative of differences between Dutch GAAP and UK adopted international accounting standards (UK-adopted IFRS) requirements

Summary of Dutch GAAP accounting policy as applied	Summary of equivalent UK adopted international accounting standards (UK-adopted IFRS) requirements

<p>Financial Assets</p> <p>Basic financial assets comprise cash at bank and in hand and amounts owed by group undertakings.</p> <p>Financial assets are initially measured at fair value. Financial assets are subsequently carried at amortised cost using the effective interest rate method.</p> <p>Financial assets are assessed for impairment at the end of each period based on the Incurred loss impairment model. Under this model, evidence of a loss (a trigger event) is necessary before an impairment loss is recognised.</p> <p>Financial assets are derecognised when the contractual rights to cashflows expire, are settled, or are transferred to another party.</p>	<p>In the context of the financial statements of AIFS for each of the years ended 31 December 2024 and 2025, AIFS considers the requirements of Dutch GAAP to be materially consistent with those of UK-adopted IFRS with the exception of the methodology applied to measurement of impairment losses.</p> <p>Under UK-adopted IFRS (IFRS 9 Financial Instruments), impairment losses are measured using an ‘expected credit loss’ model whereas under Dutch GAAP they are measured using an ‘incurred credit loss’ model. Unlike the incurred credit loss model, the expected credit loss model is required to consider forward looking information available at the balance sheet date.</p> <p>With regard to balances due from group undertakings, this involves an initial assessment of credit risk performed at the date of the instrument’s origination and a reassessment at each subsequent balance sheet date to determine whether there has been a relatively significant increase in credit risk or whether the asset has become credit impaired. This assessment is used to determine the level of impairment provision required.</p>
<p>Financial liabilities</p> <p>Basic financial liabilities comprise trade and other creditors, bonds and amounts owed to group undertakings.</p> <p>Financial liabilities are measured initially at fair value.</p> <p>Financial liabilities are subsequently carried at amortised cost using the effective interest rate method. Financial liabilities are derecognised when the liability is extinguished.</p>	<p>In the context of the financial statements of AIFS for each of the years ended 31 December 2024 and 2025, AIFS considers the requirements of Dutch GAAP to be materially consistent with those of UK-adopted IFRS.</p>
<p>Finance costs</p> <p>Costs incurred in raising debt that has been drawn are deducted from the carrying value of the debt and amortised over its term at the effective interest rate.</p>	<p>In the context of the financial statements of AIFS for each of the years ended 31 December 2024 and 2025, AIFS considers the requirements of Dutch GAAP to be materially consistent with those of UK-adopted IFRS.</p>
<p>Financial income and expenses</p> <p>Interest receivable and payable is recognised using the effective interest method.</p>	<p>In the context of the financial statements of AIFS for each of the years ended 31 December 2024 and 2025, AIFS considers the requirements of Dutch GAAP to be materially consistent with those of UK-adopted IFRS.</p>

<p>Fair value measurement</p> <p>Definition of fair value is based on guidance within IFRSs before the introduction of IFRS 13. Under Dutch GAAP, the disclosure requirements on fair value are less comprehensive.</p>	<p>Defines fair value and requires disclosures about fair value measurements.</p>
<p>Effective interest method</p> <p>Linear amortisation is allowed if that does not lead to significant differences with the application of the effective interest method.</p>	<p>Application of the effective interest method is required.</p>

FORM OF THE NOTES

Each Tranche of Notes issued by Adecco or AIFS will be in bearer form or registered form. Notes issued by AFS will be issued only in registered form.

Bearer Notes

Notes issued in bearer form will be initially issued in the form of a temporary bearer global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent bearer global note (a **Permanent Global Note**), and together with the Temporary Global Note, the **Bearer Global Notes** which, in either case, will:

- (i) if the Bearer Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Bearer Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for Euroclear and Clearstream, Luxembourg.

Where the Bearer Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Bearer Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Bearer Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any time during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg, or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) for definitive Bearer Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Bearer Notes is improperly withheld or refused.

The option for an issue of Notes to be represented on issue by a Temporary Global Note exchangeable for definitive Notes should not be expressed to be applicable in the applicable Final Terms if the Notes are issued with a minimum Specified Denomination such as EUR 100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as EUR 1,000 (or its equivalent in another currency).

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form), without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached only upon the occurrence of a Bearer Exchange Event. For these purposes, **Bearer Exchange Event** means that the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg, have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available. The relevant Issuer, or as appropriate, the Guarantor, will promptly give notice to Noteholders in accordance with Condition 14 if a Bearer Exchange Event occurs. In the event of the occurrence of a Bearer Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note), or the Trustee may give notice to the Agent requesting exchange and,

in the event of the occurrence of a Bearer Exchange Event, the relevant Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The following legend will appear on all bearer Notes (other than Temporary Global Notes) having a maturity of more than one year, and interest coupons relating to such Notes, where TEFRA D is specified in the applicable Final Terms:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The registered Notes will initially be represented by a global note in registered form (a **Registered Global Note**).

Registered Global Notes in respect of any Tranche will be (a) if intended to held in a manner which would allow Eurosystem eligibility (being the new safekeeping structure (NSS)), deposited on or prior to the original issue date of the Tranche with the Common Safekeeper; or (b) if not intended to be held in a manner which would allow Eurosystem eligibility, deposited on or prior to the original issue date of the Tranche on the relevant issue date with a Common Depository and registered in the name of a nominee for a Common Depository.

Where Registered Global Notes are intended to be held under the NSS, the applicable Final Terms will indicate whether or not such Registered Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Registered Global Notes are to be held in a manner which would allow Eurosystem eligibility does not necessarily mean that the Registered Global Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life, as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for a Registered Global Note held under the NSS will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Payments of principal, interest and any other amount in respect of a Registered Global Note will be made to the person shown on the Register (as defined in Condition 6.4) as the registered holder of a Registered Global Note. None of the relevant Issuer, the Guarantor, the Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in a Registered Global Note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of interest in respect of Registered Notes in definitive form will be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 6.4) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without interest coupons or talons attached only upon the occurrence of a Registered Exchange Event. For these purposes, **Registered Exchange Event** means that the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg, have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available. The relevant Issuer, or as appropriate, the Guarantor, will promptly give notice to Noteholders in accordance with Condition 14 if a Registered Exchange Event occurs. In the event of the occurrence of a Registered Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note), or the Trustee may give notice to the Registrar requesting exchange and, in the event of the occurrence of a Registered Exchange Event as described above, the relevant Issuer, or as appropriate, the Guarantor, may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

The exchange upon notice or the exchange at any time upon a Registered Exchange Event should not be expressed to be applicable if the Notes are issued in denominations comprising a minimum Specified Denomination (such as

EUR 100,000 (or its equivalent in another currency)) plus one or more higher integral multiples of another smaller amount (such as EUR 1,000 (or its equivalent in another currency)). Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for Definitive Bearer Notes.

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case to the extent applicable.

General

Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg, shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

No Noteholder or Couponholder shall be entitled to proceed directly against the relevant Issuer or the Guarantor unless the Trustee, having become bound so to proceed, fails or is unable to do so within a reasonable period and the failure or inability shall be continuing.

The Issuers and the Guarantor may agree with any Dealer and the Trustee that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event, this Base Prospectus will be updated and will be made available which will describe the effect of the agreement reached in relation to such Notes.

FORM OF FINAL TERMS

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the **Prospectus Regulation**). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (**UK**). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (**POATRs**). Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook (**DISC**) for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

[MiFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

[UK MiFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA (**UK MiFIR**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the relevant Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms in relation to any Tranche of Notes will specify other terms and conditions which shall, to the extent so specified, complete the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Form of Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Adecco International Financial Services B.V. References herein to the **relevant Issuer** shall be references to whichever of Adecco, AIFS or AFS is specified as Issuer in the applicable Final Terms (as defined below).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which complete these Terms and Conditions (the **Conditions**) and may specify other terms and conditions which shall, to the extent so specified, complete the Conditions for the purposes of this Note. References to the **applicable Final Terms** are to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

The payment of all amounts in respect of this Note (except where the relevant Issuer is Adecco) have been guaranteed by the Guarantor pursuant to a guarantee (such Guarantee as modified and/or supplemented and/or restated from time to time, the **Guarantee**) contained in the Trust Deed. Any reference to **Noteholders** or **holders** in relation to any Notes shall mean (in the case of Bearer Notes) the bearers for the time being of the Notes and (in the case of Registered Notes) the persons in whose name the Notes for the time being are registered and shall, in relation to any Notes represented by a Global Note, be construed as provided below.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which (a) are expressed to be consolidated and form a single series and (b) have the same terms and conditions or terms and conditions which are the same in all respects save for the Issue Date, the Issue Price, the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

Copies of the Trust Deed and the Agency Agreement (i) are available for inspection or collection during normal business hours at the registered office for the time being of the Trustee being at 160 Queen Victoria Street, London, EC4V 4LA and at the specified office of each of the Paying Agents and the Registrar or (ii) may be provided by email to a Noteholder following their prior written request to the Trustee, any Paying Agent or the Registrar and provision of proof of holding and identity (in a form satisfactory to the Trustee, the relevant Paying Agent or the Registrar, as the case may be). The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed and the Agency Agreement.

Words and expressions defined in the Trust Deed, the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Trust Deed and the Agency Agreement, the Trust Deed will prevail and, in the event of inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In the Conditions, **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

1. **FORM, DENOMINATION AND TITLE**

The Notes are in bearer form or registered form and, in the case of definitive Notes, serially numbered, in the currency (the **Specified Currency**) and the denominations (the **Specified Denomination(s)**) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination. Bearer Notes may not be exchanged for Registered Notes and *vice versa*. This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms. AFS may only issue Notes in registered form for U.S. federal income tax purposes.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

Subject as set out below, title to the bearer Notes and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The relevant Issuer, the Guarantor, the Paying Agents and the Trustee will (except as otherwise required by law) deem and treat the bearer of any bearer Note or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the relevant Issuer, the Guarantor, the Paying Agents and the Trustee as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant **Bearer Global Note** or the registered holder of the relevant **Registered Global Note** shall be treated by the relevant Issuer, the Guarantor, any Paying Agent and the Trustee as the holder of such nominal amount of such Notes in accordance with and subject to the

terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular nominal amount of notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the relevant Issuer, the Agent and the Trustee.

2. TRANSFERS OF REGISTERED NOTES

2.1 Transfers of interests in Registered Global Notes

Transfers of beneficial interests in Registered Global Notes will be effected by Euroclear or Clearstream, Luxembourg, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Notes in definitive form or for a beneficial interest in another Registered Global Note only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

2.2 Transfers of Registered Notes in definitive form

Subject as provided in paragraph 2.4 below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the Specified Denominations set out in the applicable Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 3 to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

2.3 Costs of registration

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the relevant Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

2.4 Exchanges and transfers of Registered Notes generally

Holders of Registered Notes in definitive form may exchange such Notes for interests in a Registered Global Note of the same type at any time.

3. STATUS OF THE NOTES AND THE GUARANTEE

3.1 Status of the Notes

The Notes and any relative Coupons constitute direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations of the relevant Issuer and rank *pari passu* among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the relevant Issuer, from time to time outstanding.

3.2 Status of the Guarantee

The payment of principal and interest in respect of the Notes and all other moneys payable by the Issuer under or pursuant to the Trust Deed (except where the relevant Issuer is Adecco) has been unconditionally and irrevocably guaranteed by the Guarantor in the Trust Deed. The obligations of the Guarantor under the Guarantee are direct, unconditional, unsubordinated and (subject to the provisions of Condition 4) unsecured obligations of the Guarantor and (save for certain obligations required to be preferred by law) rank equally with all other unsecured obligations (other than subordinated obligations, if any) of the Guarantor, from time to time outstanding.

4. NEGATIVE PLEDGE

So long as any Note or Coupon remains outstanding (as defined in the Trust Deed), neither the relevant Issuer nor the Guarantor will, and the Issuer and the Guarantor will procure that no other Subsidiary (as defined in the Trust Deed) of it will, create or have outstanding any mortgage, charge, pledge, lien or other form of encumbrance or security interest upon the whole or any part of its undertaking, property, assets or revenues, present or future (including any uncalled capital), to secure any Relevant Debt of itself or another (or to secure any guarantee or indemnity in respect of any Relevant Debt of itself or another) unless, at the same time or prior thereto, the relevant Issuer's or, as the case may be, the Guarantor's obligations under the Notes (in the case of an Issuer), the Guarantee (in the case of the Guarantor) and the Trust Deed (in both cases) (a) are secured equally and rateably therewith by such encumbrance or security interest to the satisfaction of the Trustee, or (b) have the benefit of such other security, guarantee, indemnity or other arrangement as the Trustee in its absolute discretion shall deem to be not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

For the purposes of this Condition, **Relevant Debt** means any present or future indebtedness in the form of, or represented or evidenced by, notes, bonds, debentures or other securities which in connection with their initial distribution are or are intended to be quoted, listed or traded on any stock exchange, over-the-counter or other securities market.

5. INTEREST

5.1 Interest on Fixed Rate Notes

This Condition 5.1 applies to Fixed Rate Notes only. The applicable Final Terms contains provisions applicable to the determination of fixed rate interest and must be read in conjunction with this Condition 5.1 for full information on the manner in which interest is calculated on Fixed Rate Notes. In particular, the applicable Final Terms will specify the Interest Commencement Date, the Rate(s) of Interest, the Interest Payment Date(s), the Maturity Date, the Fixed Coupon Amount, any applicable Broken Amount, the Calculation Amount, the Day Count Fraction and any applicable Determination Date.

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are Bearer Notes in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Bearer Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form, the aggregate outstanding nominal amount of (a) the Fixed Rate Notes represented by such Global Note or (b) such Registered Notes; or

(B) in the case of Fixed Rate Notes which are Bearer Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction. The resultant figure (including after application of any Fixed Coupon Amount or Broken Amount, as applicable, to the Calculation Amount in the case of Fixed Rate Notes which are Bearer Notes in definitive form) shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note which is a Bearer Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5.1:

- (a) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
- (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
 - (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (b) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

5.2 Interest on Floating Rate Notes

(a) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 5.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, **Business Day** means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre specified in the applicable Final Terms; and
- (b) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (ii) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System or any successor or replacement for that system (**T2**) is open.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified below.

The Rate of Interest for each Interest Period will, subject to Condition 5.2(f) and as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being EURIBOR) which appears or appear, as the case may be, on the Relevant Screen Page (or any successor or replacement page, section, caption, column or other part of a particular information service) as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent or the Calculation Agent, as applicable. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent or the Calculation Agent, as applicable, for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Rate of Interest cannot be determined, subject to Condition 5.2(f), in accordance with the provisions of the above paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which

applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

Unless otherwise stated in the applicable Final Terms, the Minimum Rate of Interest for Floating Rate Notes shall be deemed to be zero.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Agent or the Calculation Agent, as applicable, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent or the Calculation Agent, as applicable, will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form, the aggregate outstanding nominal amount of (a) the Notes represented by such Global Note or (b) such Registered Notes; or
- (B) in the case of Floating Rate Notes which are Bearer Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note which is a Bearer Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5.2:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(e) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent or the Calculation Agent, as applicable, by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer

than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent or the Calculation Agent, as applicable, shall determine such rate at such time and by reference to such sources as the Issuer (in consultation with an independent financial institution or an independent financial adviser with the appropriate expertise appointed by the Issuer) shall determine as appropriate for such purposes.

Designated Maturity means the period of time designated in the Reference Rate.

(f) Benchmark Discontinuation

(i) Independent Adviser

Notwithstanding the foregoing provisions of this Condition 5.2, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, the relevant Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5.2(f)(ii)) and, in either case, the applicable Adjustment Spread (if any) (in accordance with Condition 5.2(f)(iii)) and any Benchmark Amendments (in accordance with Condition 5.2(f)(iv)).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5.2(f) shall act in good faith and in a commercially reasonable manner as an expert. In the absence of wilful default, bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the relevant Issuer, the Guarantor, the Trustee, the Paying Agents, the Calculation Agent (if any), the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5.2(f).

If, following the occurrence of a Benchmark Event, (i) the relevant Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by the relevant Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5.2(f) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be determined by reference to the Original Reference Rate for the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. For the avoidance of doubt, this paragraph shall apply to the determination of the Rate of Interest applicable to the next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5.2(f).

(ii) Successor Rate or Alternative Rate

If the Independent Adviser determines that:

- (a) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5.2(f)(iii)) subsequently be used in place of the Original Reference Rate to determine the Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the subsequent operation of this Condition 5.2(f)); or
- (b) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5.2(f)(iii)) subsequently be used in place of the Original Reference Rate to determine the Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the subsequent operation of this Condition 5.2(f)).

(iii) Adjustment Spread

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be) and, for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero. If the Independent Adviser is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Rate (as the case may be) will apply without an Adjustment Spread (subject to the subsequent operation of, and to adjustment as provided in, this Condition 5.2(f)).

(iv) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread, as the case may be, is determined in accordance with this Condition 5.2(f) and the Independent Adviser determines (i) that amendments to these Conditions (including, but not limited to, the Day Count Fraction, Relevant Screen Page, Additional Financial Centre, Business Day Convention, Interest Determination Date and/or the definition of the Original Reference Rate applicable to the Notes, and/or the method for determining the fallback to the

Original Reference Rate in relation to the Notes), the Agency Agreement and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread, as the case may be (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the relevant Issuer shall, subject to giving notice thereof in accordance with Condition 5.2(f)(v), without any requirement for the consent or approval of Noteholders or the Couponholders, vary these Conditions, the Agency Agreement and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the relevant Issuer, but subject to receipt by the Trustee and the Agent of a certificate signed by two Authorised Signatories (as defined in the Trust Deed) of the relevant Issuer pursuant to Condition 5.2(f)(v), the Trustee and the Agent shall (at the expense of the relevant Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the relevant Issuer in effecting any Benchmark Amendments (including, *inter alia*, by the execution of a deed or agreement supplemental to or amending the Trust Deed and/or the Agency Agreement), provided that neither the Trustee nor the Agent shall be obliged to concur if, in the opinion of the Trustee or the Agent, as applicable, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Trustee or the Agent, as applicable, in these Conditions, the Trust Deed or the Agency Agreement (including, for the avoidance of doubt, any supplemental trust deed or supplemental agency agreement) in any way.

(v) **Notices, etc.**

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5.2(f) will be notified promptly by the relevant Issuer to the Trustee, the Paying Agents, the Calculation Agent (if any) and, in accordance with Condition 14, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

Prior to any Benchmark Amendments taking effect and no later than notifying the Trustee of the same, the relevant Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories of the relevant Issuer:

- (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate, (iii) the applicable Adjustment Spread (if any) and (iv) where applicable, the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 5.2(f); and
- (b) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or the applicable Adjustment Spread (if any).

The Trustee and the Agent shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. For the avoidance of doubt, each of the Trustee and the Agent shall not be liable to the Noteholders, the Couponholders or any other person for so acting or relying on such certificate, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person. The Successor Rate or Alternative Rate and the applicable Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of wilful default, manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the applicable Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's and the Agent's ability to rely on such certificate as aforesaid) be binding on the relevant Issuer, the Guarantor, the Trustee, the Paying Agents, the Calculation Agent (if any), the Noteholders and the Couponholders.

(vi) **Survival of the Original Reference Rate**

Without prejudice to the obligations of the relevant Issuer under Conditions 5.2(f)(i) to 5.2(f)(iv), the Original Reference Rate and the fallback provisions provided for in Condition 5.2(b) will continue to apply unless and until a Benchmark Event has occurred.

(vii) **Definitions:**

As used in this Condition 5.2(f):

Adjustment Spread means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread, in either case, to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) in the case of a Successor Rate for which no such recommendation as referred to in (a) above has been made or, in the case of an Alternative Rate, the Independent Adviser determines, is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital market transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or
- (c) in the case that the Independent Adviser determines that no such spread is customarily applied, the Independent Adviser determines is recognised or acknowledged as being in customary market usage in international debt capital market transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be).

Alternative Rate means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with Condition 5.2(f)(ii) has replaced the relevant Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) in respect of bonds denominated in the same Specified Currency as the Notes and with an interest period of comparable duration to the relevant Interest Period or, if the Independent Adviser determines that there is no such rate, such other rate as the Independent Adviser determines in its sole discretion is most comparable to the relevant Original Reference Rate.

Benchmark Amendments has the meaning given to it in Condition 5.2(f)(iv).

Benchmark Event means, with respect to an Original Reference Rate:

- (a) such Original Reference Rate ceasing to be published or administered for a period of at least 5 Business Days or ceasing to exist; or
- (b) a public statement by the administrator of such Original Reference Rate that it has ceased or that it will cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of such Original Reference Rate); or
- (c) a public statement by the supervisor of the administrator of such Original Reference Rate that such Original Reference Rate has been or will be permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor of the administrator of such Original Reference Rate as a consequence of which such Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes, or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date; or
- (e) it has, or will prior to the next Interest Determination Date, become unlawful for any Paying Agent, the relevant Issuer or the Calculation Agent (if any) to calculate any payments due to be made to any Noteholder or Couponholder using the Original Reference Rate; or
- (f) a public statement by the supervisor of the administrator of such Original Reference Rate announcing that such Original Reference Rate is no longer representative or may no longer be used.

Independent Adviser means an independent financial institution of international repute or an independent financial adviser with appropriate expertise in the international debt capital markets appointed by the relevant Issuer, at its own expense, under Condition 5.2(f)(i).

Original Reference Rate means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) in respect of any Interest Period(s) on the Notes.

Relevant Nominating Body means, in respect of an Original Reference Rate:

- (a) the central bank for the currency to which the Original Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the Original Reference Rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the

administrator of the Original Reference Rate, (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof.

Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(g) Notification of Rate of Interest and Interest Amounts

The Agent or the Calculation Agent, as applicable, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the relevant Issuer, the Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed (by no later than the first day of each Interest Period) and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(h) Determination or Calculation by the Issuer

If for any reason at any relevant time the Agent or the Calculation Agent, as applicable, defaults in its obligation to determine the Rate of Interest or in its obligation to calculate any Interest Amount in accordance with paragraph (b), (d) and (e) above, the relevant Issuer shall appoint an Independent Financial Adviser to determine the Rate of Interest at such rate as (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms) it shall deem fair and reasonable in all the circumstances or, as the case may be, the Independent Financial Adviser shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent or the Calculation Agent, as applicable.

Independent Financial Adviser means an independent financial institution of international repute or an independent financial adviser with appropriate expertise in the international debt capital markets appointed by the relevant Issuer to determine the Rate of Interest or Interest Amount(s) pursuant to this Condition 5.2(h).

(i) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2, by the Agent, the Calculation Agent (if any), the Independent Adviser or the Independent Financial Adviser, as the case may be, shall (in the absence of wilful default, bad faith or manifest error and without prejudice to the Trustee's and the Agent's ability to rely without enquiry or liability on any certificate provided to it by the relevant Issuer pursuant to Condition 5.2(f)(v)) be binding on the relevant Issuer, the Guarantor, the Agent, the other Paying Agents, the Calculation Agent (if any) and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Guarantor, the Trustee, the Noteholders or the Couponholders shall attach to the Agent, the Calculation Agent (if any), the Independent Adviser or the Independent Financial Adviser in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Accrual of interest

Each Note will cease to bear interest (if any) from the date for its redemption unless, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) as provided in the Trust Deed.

6. PAYMENTS

6.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to any fiscal or other laws, regulations and directives applicable thereto in the place of payment or other laws to which the relevant Issuer, the Guarantor, or its Agents agree to be subject and the relevant Issuer, the Guarantor and its Agents shall not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Condition 8.

6.2 Presentation of definitive Bearer Notes and Coupons

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

6.3 Payments in respect of Bearer Global Notes

Payments of principal and interest (if any) in respect of bearer Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes or otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made distinguishing between any payment of principal and any payment of interest, will be made on such Global Note either by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

6.4 Payments in respect of Registered Notes

Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the **Register**) (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Registered Notes held by a holder is less than EUR 1,000,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, **Designated Account** means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and **Designated Bank** means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be (i) Sydney or (ii) Auckland or Wellington, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the **Record Date**) at their address shown in the Register on the Record Date and at their risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

None of the Issuers, the Guarantor or the Paying Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

6.5 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the relevant Issuer or, as the case may be, the Guarantor will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for their share of each payment so made by the relevant Issuer or, as the case may be, the Guarantor to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the relevant Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the relevant Issuer and the Guarantor, adverse tax consequences to the relevant Issuer or the Guarantor.

6.6 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 9) is:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (i) in the case of Notes in definitive form only, the relevant place of presentation; and
 - (ii) each Additional Financial Centre specified in the applicable Final Terms; and
- (b) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in euro, a day on which T2 is open.

6.7 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (b) the Final Redemption Amount of the Notes;
- (c) the Early Redemption Amount of the Notes;
- (d) the Optional Redemption Amount(s) (if any) of the Notes;
- (e) the Residual Call Early Redemption Amount (if any) of the Notes;
- (f) the Acquisition Event Call Early Redemption Amount (if any) of the Notes; and
- (g) any premium and any other amounts (other than interest) which may be payable by the relevant Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

7. REDEMPTION AND PURCHASE

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the relevant Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

7.2 Redemption for tax reasons

Subject to Condition 7.7, the Notes may be redeemed at the option of the relevant Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period and not more than the maximum period

of notice specified in the applicable Final Terms to the Trustee and the Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if the relevant Issuer satisfies the Trustee immediately before the giving of such notice that:

- (a) on the occasion of the next payment due under the Notes, the relevant Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 or the Guarantor would be unable for reasons outside its control to procure payment by the relevant Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and
- (b) such obligation cannot be avoided by the relevant Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the relevant Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the relevant Issuer shall deliver to the Trustee a certificate signed by two Authorised Signatories of the relevant Issuer or, as the case may be, of the Guarantor stating that the requirement referred to in (a) above cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.7 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.3 Redemption at the option of the relevant Issuer (Issuer Call)

If Issuer Call is specified as being applicable in the applicable Final Terms, the relevant Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms (which may be the Early Redemption Amount as described in Condition 7.7) together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

The Optional Redemption Amount will either be the specified percentage of the nominal amount of the Notes stated in the applicable Final Terms, the Early Redemption Amount or, if Make-Whole Amount is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount per Note shall be equal to the higher of the following, in each case together with interest accrued to but excluding the relevant Optional Redemption Date(s):

- (a) the nominal amount of the Note; and
- (b) the nominal amount of the Note multiplied by the price (as reported in writing to the Issuer and the Trustee by an independent financial adviser (the **Financial Adviser**) appointed by the Issuer and approved by the Trustee) expressed as a percentage (rounded to the fifth decimal place, 0.000005 being rounded upwards) at which the Gross Redemption Yield on the Notes on the Determination Date specified in the applicable Final Terms is equal to the Gross Redemption Yield at the Quotation Time specified in the applicable Final Terms on the Determination Date specified in the applicable Final Terms of the Reference Bond specified in the applicable Final Terms (or, where the Financial Adviser advises the Trustee that, for reasons of illiquidity or otherwise, such Reference Bond is not appropriate for such purpose, such other government stock as such Financial Adviser may select) plus any applicable Redemption Margin specified in the applicable Final Terms.

Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the applicable Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the applicable Final Terms.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered Notes drawn and the holder(s) of such Registered Notes, to be redeemed, which shall have been drawn in such place and in such manner as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

In this Condition:

Gross Redemption Yield means a yield calculated by the Financial Adviser in accordance with generally accepted market practice at such time, as advised to the Trustee by the Financial Adviser.

7.4 Redemption at the option of the Noteholders

(a) Investor Put

If Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of any Note giving to the relevant Issuer in accordance with Condition 14 not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms, the relevant Issuer will, upon the expiry of such notice, redeem such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms (which may be the Early Redemption Amount as described in Condition 7.7) together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. Registered Notes may be redeemed under this Condition 7.4(a) in any multiple of their lowest Specified Denomination.

To exercise the right to require redemption of this Note pursuant to this Condition 7.4(a), the holder of this Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a **Put Notice**) and in which the holder must specify a bank account to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2.2 and the Put Notice must be accompanied by this Note or evidence satisfactory to the Paying Agent or, as the case may be, the Registrar concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note pursuant to this Condition 7.4(a), the holder of this Note must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on their instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg given by a holder of any Note pursuant to this Condition 7.4(a) shall be irrevocable except where, prior to the due date of redemption, an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 10, in which event such holder, at its option, may elect by notice to the relevant Issuer to withdraw the notice given pursuant to this Condition 7.4(a).

(b) Change of Control Event

If Change of Control Put is specified in the applicable Final Terms, in the event that a Put Event (as defined below) occurs, each Noteholder shall have the option (unless, prior to the giving of the Put Event Notice (as defined below), the relevant Issuer shall have given notice under Condition 7.2 or 7.3) to require the relevant Issuer to redeem or, at the relevant Issuer's option, purchase (or procure the purchase of) any of its Notes at the Optional Redemption Amount specified in the applicable Final Terms (which may be the Early Redemption Amount as described in Condition 7.7) together, if appropriate, with interest accrued to (but excluding) the Put Date (as defined below). Such option (the **Put Option**) shall operate as set out below.

If a Put Event occurs then, within 21 days of the end of the Change of Control Period referred to in paragraphs (ii)(A), (ii)(B) or (ii)(C) of the definition of "Put Event" below, the relevant Issuer shall, and upon the Trustee

becoming so aware (the relevant Issuer having failed to do so) the Trustee may, and, if so requested by the holders of at least one-quarter in principal amount of the Notes then outstanding, shall (subject to its rights under the Trust Deed to be indemnified and/or secured and/or pre-funded to its satisfaction), give notice (a **Put Event Notice**) to the Noteholders in accordance with Condition 14 specifying the nature of the Put Event and the procedure for exercising the Put Option.

To exercise the Put Option, if the relevant Notes are held outside Euroclear and Clearstream, Luxembourg, the Noteholder must deliver such Notes, at the specified office of any Paying Agent at any time during normal business hours of such Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the period (the **Put Period**) of 30 days after a Put Event Notice is given, accompanied by a duly signed and completed Put Notice and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 7.4(b) and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2.2 accompanied by this Note or evidence satisfactory to the Paying Agent or, as the case may be, the Registrar concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. The Paying Agent to which the relevant Notes and Put Notice are delivered shall issue to the Noteholder concerned a non-transferable receipt in respect of the relevant Notes so delivered. The relevant Issuer shall at its option redeem or purchase (or procure the purchase of) the relevant Notes on the date (the **Put Date**) seven days after the expiration of the Put Period unless previously redeemed or purchased and cancelled. Payment in respect of any Note so delivered will be made on the Put Date if the holder duly specifies a bank account in the Put Notice to which payment is to be made, by transfer for value on the Put Date to that bank account (or if an address is specified for payment by cheque, by cheque sent by first class post to such specified address) and, in every other case, on or after the Put Date against presentation and surrender of the receipt referred to above at the specified office of any Paying Agent. A Put Notice, once given, shall be irrevocable.

If the relevant Notes are held through Euroclear or Clearstream, Luxembourg, to exercise the Put Option the Noteholder must, within the Put Period, give notice to the Principal Paying Agent or the Registrar, as the case may be, of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on such Noteholder's instruction by Euroclear and Clearstream, Luxembourg or any common depositary or custodian for them to the Principal Paying Agent or the Registrar by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

A **Put Event** will be deemed to occur if:

- (i) an offer to acquire share capital of Adecco (**Shares**), whether expressed as a legal offer, an invitation to treat, a scheme with regard to such acquisition or in any other way, is made in circumstances where such offer is available to all holders of Shares or all holders of Shares other than any holder of Shares who is the person making such offer (or any associate of such person) or who is excluded from the offer by reason of being connected with one or more specific jurisdictions and, such offer having become or been declared unconditional in all respects, Adecco becomes aware that the right to cast more than 50 per cent. of the votes which may ordinarily be cast on a poll at a general meeting of holders of Shares has or will become unconditionally vested in the offer or and/or its associate(s) (the **Relevant Person**) or an event occurs which has a like or similar effect (such event being a **Change of Control**) provided that a Change of Control shall be deemed not to have occurred if all or substantially all of the shareholders of the Relevant Person are, or immediately prior to the event which would otherwise have constituted a Change of Control were, the shareholders of Adecco with the same pro rata interests in the share capital of the Relevant Person as such shareholders have, or as the case may be, had, in the share capital of the Guarantor. For the purposes of this Condition 7.4(b) only, "shareholders" will be deemed to mean any shareholders along with any Connected Person, where "Connected Person" has the meaning given in s252 Companies Act 2006; and
- (ii) on the date (the **Relevant Announcement Date**) that is the earlier of (x) the date of the first public announcement of the relevant Change of Control; and (y) the date of the earliest Relevant Potential Change of Control Announcement (if any) the Notes carry from any of Fitch Ratings Ltd (**Fitch**), Moody's Investors Service Limited (**Moody's**) or S&P Global Ratings UK Limited (**S&P**) or any of their respective successors or any other rating agency (each a **Substitute Rating Agency**) of

international standing, specified by the Issuer and agreed in writing by the Trustee (each, a **rating agency**):

- (A) an investment grade credit rating (Baa3/BBB-, or equivalent, or better), and such rating from any rating agency is within the Change of Control Period either downgraded to a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an investment grade credit rating by such rating agency; or
- (B) a non-investment grade credit rating (Ba1/BB+, or equivalent, or worse), and such rating from any rating agency is within the Change of Control Period downgraded by one or more notches (for illustration, Ba1/BB+ to Ba2/BB being one notch) or withdrawn and is not within the Change of Control Period subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to its earlier credit rating or better by such rating agency; or
- (C) no credit rating, and no rating agency assigns within the Change of Control Period an investment grade credit rating to the Notes,

provided that if on the Relevant Announcement Date the Notes carry a credit rating from more than one rating agency, at least one of which is investment grade, then sub-paragraph (A) will apply; and

- (iii) in making the relevant decision(s) referred to above, the relevant rating agency announces publicly or confirms (having been requested in writing by the relevant Issuer or the Guarantor or the Trustee) in writing to the relevant Issuer, the Guarantor or the Trustee that such decision(s) resulted, in whole or in part, from the occurrence of the Change of Control.

If the rating designations employed by any of Fitch, Moody's or S&P are changed from those which are described in paragraph (B) of the definition of "Put Event" above, or if a rating is procured from a Substitute Rating Agency, the relevant Issuer shall determine, with the agreement of the Trustee (not to be unreasonably withheld or delayed), the rating designations of Fitch, Moody's or S&P or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Fitch, Moody's or S&P and this Condition 7.4(b) shall be read accordingly.

For the purposes of this Condition 7.4(b):

Change of Control Period means the period commencing on the Relevant Announcement Date and ending 90 days after the Change of Control (or such longer period for which the Notes are under consideration (such consideration having been announced publicly within the period ending 90 days after the Change of Control) for rating review or, as the case may be, rating by a rating agency, such period not to exceed 60 days after the public announcement of such consideration); and

Relevant Potential Change of Control Announcement means any public announcement or statement by Adecco, any actual or potential bidder or any advisor thereto relating to any potential Change of Control where within 180 days following the date of such announcement or statement, a Change of Control occurs.

7.5 Issuer Residual Call Option

If Issuer Residual Call is specified as being applicable in the applicable Final Terms and, at any time, the outstanding aggregate nominal amount of the Notes is 20 per cent. or less of the aggregate nominal amount of the Series issued (other than as a result of a partial redemption of the Notes pursuant to Condition 7.3), the Notes may be redeemed at the option of the relevant Issuer in whole, but not in part, on any Residual Call Redemption Date, on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Noteholders in accordance with Condition 14 (which notice shall be irrevocable and shall specify the date fixed for redemption) at the Residual Call Early Redemption Amount specified in the applicable Final Terms (which may be the Early Redemption Amount as described in Condition 7.7) together, if appropriate, with interest accrued to (but excluding) the relevant Residual Call Redemption Date.

Prior to the publication of any notice of redemption pursuant to this Condition 7.5, the relevant Issuer shall deliver to the Trustee, for the Trustee to make available at its specified office to the Noteholders, a certificate signed by two Authorised Signatories of the relevant Issuer stating that the relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the outstanding aggregate nominal amount of the Notes is 20 per cent. or less of the aggregate nominal amount of the Series issued. The Trustee

shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the condition precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

7.6 Acquisition Event Call Option

If Acquisition Event Call is specified as being applicable in the applicable Final Terms and an Acquisition Event occurs at any time during the Acquisition Event Call Period specified in the applicable Final Terms, then the relevant Issuer may on any Business Day (as defined in Condition 5.2(a)) on or before the 30th day following the expiry of the Acquisition Event Call Period, subject to having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee, the Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all, but not some only, of the Notes at the Acquisition Event Call Early Redemption Amount specified in the applicable Final Terms (which may be the Early Redemption Amount as described in Condition 7.7), together with any accrued and unpaid interest up to (but excluding) the redemption date (such right, the **Acquisition Event Call Option**). Upon the expiry of such notice, the relevant Issuer shall redeem the Notes.

Promptly upon the relevant Issuer or, as the case may be, the Guarantor becoming aware that an Acquisition Event has occurred at any time during the Acquisition Event Call Period, the relevant Issuer or the Guarantor, as applicable, shall give notice to the Trustee, the Principal Paying Agent and, in accordance with Condition 14, the Noteholders, provided that no such notice shall be required from the relevant Issuer or, as the case may be, the Guarantor if the relevant Issuer has previously waived its right under the Acquisition Event Call Option, as referred to below.

The relevant Issuer may at any time during the Acquisition Event Call Period waive its right under the Acquisition Event Call Option by giving written notice to the Trustee, the Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable).

Prior to the publication of any notice of redemption pursuant to the Acquisition Event Call Option, the relevant Issuer or the Guarantor, as applicable, shall deliver to the Trustee, for the Trustee to make available at its specified office to the Noteholders, a certificate signed by two Authorised Signatories of the relevant Issuer or the Guarantor, as applicable, stating that the relevant requirement or circumstance giving rise to the right to redeem is satisfied. The Trustee shall be entitled to accept such certificate without any further inquiry as sufficient evidence of the satisfaction of the condition precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

For the purposes of this Condition 7.6, **Acquisition Event** means (a) the relevant Issuer or, as the case may be, the Guarantor or any Subsidiary of the relevant Issuer or, as the case may be, the Guarantor has not completed and closed the acquisition of the Acquisition Target specified in the applicable Final Terms (the **Acquisition**); or (b) the relevant Issuer or, as the case may be, the Guarantor has publicly announced that it no longer intends to pursue the Acquisition.

7.7 Early Redemption Amounts

For the purpose of Conditions 7.2, 7.3, 7.4, 7.5 and 7.6 above and Condition 10:

- (a) each Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; and
- (b) each Zero Coupon Note will be redeemed at its Early Redemption Amount calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

- ^y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due

and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

7.8 Purchases

The relevant Issuer, the Guarantor or any Subsidiary of the relevant Issuer or Guarantor may at any time purchase Notes (provided that, if they are to be cancelled, all unmatured Coupons and Talons appertaining to the Notes are purchased with the Notes) at any price in the open market or otherwise. Any Notes so purchased may be held, reissued, sold or cancelled.

7.9 Cancellation

All Notes which are redeemed or purchased for cancellation will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 7.8 above (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

7.10 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 7.1, 7.2, 7.3, 7.4, 7.5 or 7.6 above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7.7(b) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent or the Trustee or the Registrar and notice to that effect has been given to the Noteholders in accordance with Condition 14.

8. TAXATION

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the relevant Issuer or the Guarantor will be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature (**Taxes**) imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, if Tax Gross-Up is specified as applicable in the applicable Final Terms, the relevant Issuer or, as the case may be, the Guarantor will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) presented for payment in any Tax Jurisdiction; or
- (b) the holder or beneficial owner of which is liable for such Taxes in respect of such Note or Coupon by reason of the holder or beneficial owner having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.6); or
- (d) where such withholding or deduction is required to be made pursuant to an agreement between Switzerland and other countries on final withholding taxes levied by Swiss paying agents in respect of persons resident in the other country on income of such person on Notes booked or deposited with a Swiss paying agent (*Abgeltungssteuer*); or
- (e) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union; or

- (f) if such Tax is an estate, inheritance, gift, value added, sales, excise, use, transfer, personal property or similar tax, assessment or other governmental charge; or
- (g) where, in the case of AFS as Issuer, such withholding or deduction is required:
 - (i) for or on account of any tax, duty, assessment or governmental charge that is imposed by reason of (A) the holder's or beneficial owner's past or present status as the actual or constructive owner of 10 per cent. or more of the total combined voting power of all classes of stock of the Issuer entitled to vote within the meaning of Section 871(h)(3) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**), (B) the holder's or beneficial owner's past or present status as a controlled foreign corporation that is related directly or indirectly to the Issuer through stock ownership within the meaning of Section 864(d)(4) of the Code, (C) the holder's or beneficial owner's being or having been a bank (or being or having been so treated) that is treated as receiving amounts paid on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business within the meaning of Section 881(c)(3)(A) of the Code, or (D) the holder's or beneficial owner's failure to fulfil the statement requirements of Section 871(h) or 881(c) of the Code; or
 - (ii) for or on account of any tax, duty, assessment or governmental charge imposed by reason of the holder's or beneficial owner's past or present status (or the past or present status of a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such holder or beneficial owner, if such holder or beneficial owner is an estate, a trust, a partnership or a corporation) as a personal holding company, private foundation or other tax exempt organization, controlled foreign corporation with respect to the United States, or as a corporation that accumulates earnings to avoid U.S. federal income tax; or
- (h) where a holder or a beneficial owner would have been able to avoid such withholding or deduction by satisfying any statutory or procedural requirements (including, without limitation, the provision of information or a United States Internal Revenue Service Form W-8 or Form W-9 (or a successor form)); or
- (i) where, in the case of AIFS as Issuer (or any substitute Dutch principal debtor pursuant to Condition 15), such withholding or deduction is required to be made to affiliated entities (as defined in and pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*)); or
- (j) where such withholding or deduction is required to be made pursuant to laws enacted by Switzerland changing the Swiss federal withholding tax system from an issuer-based system to a paying-agent-based system pursuant to which a person in Switzerland other than the relevant Issuer or, as the case may be, the Guarantor is required to withhold tax on any interest payments; or
- (k) in the case of any combination of items (a) to (j) above;

nor shall additional amounts be paid to a holder that is a fiduciary or partnership or other than the sole beneficial owner of such payment to the extent that a beneficiary or settlor of such fiduciary or partnership or beneficial owner would not have been entitled to such additional amounts had such beneficiary, settlor or beneficial owner been the holder of the Note.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes by or on behalf of the Issuer will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the Code, or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a **FATCA Withholding**). Neither the Issuer nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

As used herein:

- (i) **Tax Jurisdiction** means any jurisdiction under the laws of which the relevant Issuer or Guarantor, or any successor to the relevant Issuer or Guarantor, is organised or in which it is resident for tax purposes, or any political subdivision or any authority thereof or therein having power to tax; and
- (ii) the **Relevant Date** means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Trustee or the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

Payments on Notes issued by Adecco will be subject to withholding tax in Switzerland such that holders thereof will receive payments of interest net of withholding tax at the applicable rate and holders will not receive additional amounts in respect of such withholding.

9. PRESCRIPTION

The Notes (whether in bearer or registered form) and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6.2 or any Talon which would be void pursuant to Condition 6.2.

10. EVENTS OF DEFAULT AND ENFORCEMENT

10.1 Event of Default

The Trustee at its discretion may, and if so requested in writing by the holders of not less than 25 per cent. in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall, (subject to its rights under the Trust Deed to be indemnified and/or secured and/or pre-funded to its satisfaction) give notice (the **default notice**) in writing to the relevant Issuer and the Guarantor that the Notes are immediately due and repayable if any of the following events shall have occurred and be continuing:

- (a) there is a failure by the relevant Issuer and the Guarantor to pay the principal of or any interest on any of the Notes when due and such failure continues for a period of 10 days; or
- (b) a default is made by the relevant Issuer or the Guarantor in the performance or observance of any covenant, condition or provision contained in the Trust Deed or in the Notes and on its part to be performed or observed (other than the covenant to pay principal or interest in respect of any of the Notes) and (except where the Trustee certifies in writing that, in its opinion, such default is not capable of remedy, when no such notice or continuation as is mentioned below shall be required) such default continues for the period of 30 days next following the service by the Trustee on the relevant Issuer or the Guarantor, as the case may be, of notice requiring such default to be remedied; or
- (c) any other present or future indebtedness of the relevant Issuer or the Guarantor or of any other Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) for or in respect of moneys borrowed or raised is not paid when due or, as the case may be, within any applicable grace period, or becomes due and payable prior to its stated maturity as a result of an event of default (howsoever described), or any security in respect of any such indebtedness becomes enforceable or any guarantee of, or indemnity in respect of, any such indebtedness given by the relevant Issuer or the Guarantor or any other Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) is not honoured when due and called upon, provided that no such event shall be taken into account for the purposes of this paragraph (c) unless the relative indebtedness, either alone or when aggregated with other indebtedness relative to all, if any, other such events which shall have occurred and are continuing shall at any time have an outstanding nominal value of at least EUR 25,000,000 or its equivalent in any other currency or currencies or, if greater, an amount equal to two per cent. of the consolidated shareholders' equity of the Guarantor (or, where the Issuer is Adecco, Adecco) as set out in the most recently published audited consolidated annual accounts of the Guarantor (or, where the Issuer is Adecco, Adecco); or
- (d) an encumbrancer or a receiver or a person with similar functions takes possession of the whole or any substantial part of the assets or undertaking of the Issuer or the Guarantor or any Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco); or
- (e) a distress, execution or other process is levied or enforced upon or sued out against a substantial part of the property, assets or revenues of the Issuer or the Guarantor or any Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) and is not paid, discharged, removed or stayed within 30 days; or
- (f) the Guarantor (or, where the Issuer is Adecco, Adecco) transfers or disposes of all or substantially all of its business or assets except for the purposes of or pursuant to and followed by a consolidation, amalgamation, merger or reconstruction the terms of which shall have previously been approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders; or

- (g) the relevant Issuer or the Guarantor or any Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) is insolvent or bankrupt or unable to pay its debts as and when they fall due or the relevant Issuer or the Guarantor or any Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) initiates or consents to proceedings relating to itself under any applicable bankruptcy, composition, postponement of bankruptcy, administration or insolvency law or makes a general assignment for the benefit of, or enters into any composition with, its creditors; or
- (h) an order is made or an effective resolution is passed for the winding-up or dissolution of the relevant Issuer or the Guarantor or any Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) or the relevant Issuer or the Guarantor or any Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) ceases or threatens to cease to continue all or substantially all of its business or operations except (A) in the case of a winding-up or dissolution where the terms of such winding-up or dissolution have previously been approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders or (B) in the case of a winding-up or dissolution (if any) pursuant to a substitution under Condition 15 or (C) for the purposes of or pursuant to and followed by a consolidation, amalgamation, merger or reconstruction the terms of which shall have previously been approved by the Trustee in writing or by an Extraordinary Resolution of the Noteholders or (D) in the case of a Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) (other than the relevant Issuer) (i) where the entire undertaking and assets of such Subsidiary are transferred to or otherwise vested in the relevant Issuer and/or the Guarantor (or, where the Issuer is Adecco, Adecco) (as the case may be) and/or one or more other Subsidiary/Subsidiaries of the Guarantor (or, where the Issuer is Adecco, Adecco) that is/are in each case wholly owned directly or indirectly by the Guarantor (or, where the Issuer is Adecco, Adecco) or (ii) where such cessation of business is as a result of or in connection with any transfer, sale or disposal for value on arms' length terms of any or all of its undertakings or assets; or
- (i) proceedings are initiated against the relevant Issuer or the Guarantor or any Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) under any applicable bankruptcy, composition, postponement of bankruptcy, administration or insolvency law and such proceedings are not discharged or stayed within a period of 60 days; or
- (j) the Guarantee ceases to be, or is claimed by the Guarantor not to be, in full force and effect; or
- (k) any event occurs which under applicable laws has an analogous effect to any of the events referred to in paragraphs (f) to (i) above,

provided that:

- (i) for the purposes of paragraphs (d), (e), (g), (h), (i) and (k) above, where a relevant event occurs in relation to a Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco), no default notice may be given unless and until such event either alone or when coupled with one or more other such events which have occurred in relation to one or more Subsidiaries of the Guarantor (or, where the Issuer is Adecco, Adecco) has/have occurred in relation to a Subsidiary or Subsidiaries of the Guarantor (or, where the Issuer is Adecco, Adecco) whose revenues, where applicable, in aggregate, (determined as described in (A) and, where applicable, (B) below) constitute at least 10 per cent. of the Guarantor's (or, where the Issuer is Adecco, Adecco) consolidated revenues attributable to the Shareholders (determined as described in (C) below); and
- (ii) in the case of any event described in (or any event which, as referred to in paragraph (k), has an analogous effect to) paragraphs (b), (c), (d), (e) and (i), the Trustee shall have certified that such event is in its opinion materially prejudicial to the interests of the Noteholders.

In order to determine whether the test set out in (i) has been met:

- (A) on each occasion on which an event described in (or an event which, as referred to in paragraph (k), has an analogous effect to) paragraph (d), (e), (g), (h) or (i) occurs in relation to a Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) (each a **Relevant Occasion**), the revenues of the relevant Subsidiary attributable to the Guarantor (or, where the Issuer is Adecco, Adecco) (consolidated in the case of a Subsidiary which itself has Subsidiaries) shall be such revenues as are disclosed in the most recently published audited annual accounts (consolidated or, as the case may be, unconsolidated) of the relevant Subsidiary;

- (B) on each Relevant Occasion (other than the first Relevant Occasion), the revenues of each Subsidiary in respect of which a Relevant Occasion has previously occurred and the relative event is continuing shall be aggregated with the revenues of the relevant Subsidiary determined in accordance with (A) in respect of the then current Relevant Occasion;
- (C) on each Relevant Occasion, the Guarantor's (or, where the Issuer is Adecco, Adecco) consolidated revenues attributable to the Shareholders shall be such consolidated revenues as disclosed in the most recently published audited consolidated annual accounts of the Guarantor (or, where the Issuer is Adecco, Adecco) and its Subsidiaries as being so attributable; and
- (D) on each Relevant Occasion, the revenues, where applicable, in aggregate, (determined as described in (A) and, where applicable, (B)) shall be divided by the consolidated revenues determined as described in (C) and the result expressed as a percentage.

Subject as provided in the preceding paragraph, upon any default notice being given to the Issuer and the Guarantor, the Notes will forthwith become immediately due and repayable at their Early Redemption Amount referred to in Condition 7.7 together (if appropriate) with interest accrued to (but excluding) the date of repayment.

A report by the auditors of the Guarantor that in their opinion a relevant event shall have occurred in relation to a Subsidiary of the Guarantor (or, where the Issuer is Adecco, Adecco) entitling the Trustee, subject, where applicable, to certification as referred to in (ii), to give a default notice under this Condition may be relied upon by the Trustee without further enquiry or evidence and, if relied upon by the Trustee, shall, in the absence of manifest error, be conclusive and binding on all parties.

10.2 Enforcement

The Trustee may, at its discretion and without notice, take such proceedings against the relevant Issuer or the Guarantor as it may think fit to enforce repayment of the Notes or payment of the Coupons, in each case in accordance with the respective terms thereof, and to enforce the provisions of the Trust Deed, but it will not be bound to take any such proceedings unless (a) it shall have been so requested in writing by the holders of not less than 25 per cent. in principal amount of the Notes then outstanding or shall have been so directed by an Extraordinary Resolution of the Noteholders and (b) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction. No Noteholder or Couponholder will be entitled to proceed directly against the relevant Issuer or the Guarantor unless the Trustee, having become bound to do so, fails or is unable to do so within a reasonable period and such failure or inability shall be continuing.

11. REPLACEMENT OF NOTES, COUPONS AND TALONS

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent (in the case of Bearer Notes or Coupons) or the Registrar (in the case of Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

12. PAYING AGENTS

The names of the initial Paying Agents and their initial specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The relevant Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

- (a) there will at all times be an Agent and a Registrar;
- (b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and
- (c) there will at all times be a Paying Agent in a jurisdiction within Europe, other than the jurisdiction in which the relevant Issuer or the Guarantor is incorporated.

In addition, the relevant Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 6.5. Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the relevant Issuer in accordance with Condition 14.

In acting under the Agency Agreement, the Paying Agents act solely as agents of the relevant Issuer and the Guarantor and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

13. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9.

14. NOTICES

All notices regarding the Bearer Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The relevant Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such mailing the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the holders of the Notes on the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

15. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

15.1 Meetings of Noteholders

The Trust Deed contains provisions for convening meetings (including by way of conference call or by use of a videoconference platform) of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of these Conditions or any of the provisions of the Trust Deed or the Guarantee. The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing over 50 per cent. in aggregate principal

amount of the Notes for the time being outstanding or, at any adjourned such meeting, one or more persons being or representing Noteholders whatever the principal amount of the Notes so held or represented unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to modify the Maturity Date of the Notes or any Interest Payment Date in respect of the Notes, (ii) to reduce or cancel the amount of principal or rate of interest payable in respect of the Notes, (iii) to change the currency of payment of the Notes or the Coupons, (iv) to modify or cancel the Guarantee (except, in each case, for a modification which the Trustee certifies to be in its opinion not materially prejudicial to the interests of the Noteholders) or (v) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution or to sign a resolution in writing, in which case the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing over 75 per cent., or at any adjourned such meeting over 25 per cent., in aggregate principal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of Noteholders will be binding on all Noteholders, whether or not they are present at the meeting, and on all Couponholders. The Trust Deed provides that (i) a written resolution signed by or on behalf of the holders of not less than 75 per cent. of the aggregate principal amount of Notes outstanding, or (ii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the holders of not less than 75 per cent. of the aggregate principal amount of Notes outstanding, shall, in each case, be as valid and effective as a duly passed Extraordinary Resolution. The consent or approval of the Noteholders and the Couponholders shall not be required in the case of amendments to the Conditions pursuant to Condition 5.2(f) to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes or for any other variation of these Conditions and/or the Trust Deed required to be made in the circumstances described in Condition 5.2(f), where the relevant Issuer has delivered to the Trustee a certificate pursuant to Condition 5.2(f)(v).

15.2 Modifications

The Trustee may agree, without the consent of the Noteholders or the Couponholders, to (i) any modifications of, or the waiver or authorisation of any breach or proposed breach of, any of these Conditions or any of the provisions of the Trust Deed or the Agency Agreement, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default (as defined in the Trust Deed) shall not be treated as such, which is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders or (ii) any modification of these Conditions, the Trust Deed or the Agency Agreement which, in the opinion of the Trustee, is of a formal, minor or technical nature or to correct a manifest error or to comply with mandatory provisions of law. Any such modification, waiver or authorisation and any substitution pursuant to Condition 15.3 below will be binding on the Noteholders and the Couponholders and, unless the Trustee agrees otherwise, any such modification or substitution will be notified by the relevant Issuer to the Noteholders as soon as practicable thereafter.

15.3 Substitution

BUSINESS AND INDUSTRY BACKGROUND

Adecco Group is a leading provider of human resource solutions, including, *inter alia*, flexible placement, permanent placement, career transition, outsourcing, consulting services in engineering, digital and IT & other services, training, upskilling and reskilling. At the end of December 2025, Adecco Group had a network of approximately 34,000 full-time equivalent (**FTE**) employees (excluding consultants) in 62 countries and territories. In 2025, Adecco Group connected close to 450,000 associates with its clients on a daily basis and placed 154,547 candidates into permanent roles. Registered and headquartered in Switzerland and managed by a multinational team with expertise in markets worldwide, Adecco Group delivers a broad range of human resource services to meet the needs of small, medium and large business clients as well as those of candidates and associates.

The human resource industry is fragmented and highly competitive. Customer demand is dependent upon the overall strength of the labour market, as well as an established trend towards greater workforce flexibility. Appropriate regulation, particularly for flexible placement, has been a driver for greater workforce flexibility. The business is also strongly influenced by the economic cycle, which typically results in growing demand for employment services during periods of economic expansion, and conversely, contraction of demand during periods of economic downturn. Due to the sensitivity to the economic cycle and the low visibility in the flexible placement sector, forecasting demand for human resource services can be difficult. Typically, customers are not able to provide much advance notice of changes in their staffing needs. Responding to customers' fluctuating staffing requirements in a flexible way is a key element of Adecco Group's strategy, which it seeks to address through its diverse human resource services network.

Adecco Group is a global leader in human resource solutions but due to a long tail of smaller local competitors the market for flexible and permanent placement remains highly fragmented. Historically, barriers to entry have been relatively low, and larger players have not offered a sufficiently differentiated service, especially in the small and medium-sized enterprises segment that makes up the bulk of the market. A local, branch-based delivery model also limits economies of scale.

Adecco Group firmly believes that the drivers of industry fragmentation are gradually reversing, and that Adecco Group is well placed to expand its market share. By integrating more technology and digital solutions into its offering, Adecco Group is building differentiation versus traditional competitors. Technology is raising the barriers to entry, with smaller competitors less able to invest in the digital tools required to evolve their solutions 'beyond the branch', and to develop the omni-channel delivery models that Adecco Group's clients, candidates and associates expect. Economies of scale are also inherently higher in an industry where online solutions and data-driven insights are becoming more important.

Anticipating trends in demand is also important in managing Adecco Group's internal cost structure. This, together with the ability to maximise overall resources and to enhance competitive advantage through Adecco Group's wide variety of services and locations while managing high standards of quality to both clients and associates, are key components in achieving profitability targets during any part of the economic cycle.

Organisational structure

During 2025, Adecco Group continued to progress its Future@Work Reloaded plan. In November 2022, Adecco Group launched the Future@Work Reloaded Action Plan to unlock the value creation opportunity embedded in Adecco Group's portfolio with an aim of growing Adecco Group's market share in talent and technology solutions. The end-to-end talent solutions, delivered through the complementary expertise and capabilities of Adecco, LHH

(Talent Solutions) (**LHH**) and Akkodis (each a **GBU** and together, the **GBUs**), deliver holistic solutions to help individuals develop their careers and clients transform their workforces. Adecco Group delivers a mix of permanent and flexible placement at scale, outsourcing, up-skilling and re-skilling, coaching, outplacement, and consulting across the technology and engineering spheres.

Financial results and key performance indicators

Adecco Group measures financial results and value creation using a broad range of metrics, including organic revenue growth, EBITA margin (operating income before amortisation of intangible assets and before impairment of goodwill as a percentage of revenues), cash conversion and dividend per share. To steer its operations, Adecco Group constantly monitors many pre-financial and financial indicators, along with other information regarding market and economic developments.

Key performance indicators (**KPIs**) are the most important metrics that are measured and monitored to drive operational performance. These KPIs are:

- Revenue growth
- Gross margin
- EBITA margin
- Cash conversion
- Return on Invested Capital (**ROIC**)

Adecco Group recognition of revenues

Adecco Group generates revenues from sales of flexible placement services, permanent placement services, career transition services, outsourcing, consulting & other services and training, up-skilling & re-skilling services.

Revenues are recognised as Adecco Group satisfies its obligations under a contract with a customer, which is when control of the promised services is transferred to the customer and in an amount that reflects the expected consideration Adecco Group is entitled to in exchange for those services. Revenues are recognised and reported net of any sales taxes.

Revenues related to flexible placement services are generally negotiated and invoiced on an hourly basis. Associates record the hours they have worked and these hours, at the rate agreed with the customer, are then accumulated and billed according to the agreed terms. Flexible placement contract durations can range from less than one month to multiple years but generally may be terminated earlier if appropriate notice is provided. Flexible placement service revenues are recognised over time upon rendering the services and in line with Adecco Group's right to invoice the customer.

Revenues related to permanent placement services are generally recognised at the point in time the candidate begins full-time employment, or once the fee is earned and Adecco Group has no further obligations to the customer. Allowance provisions are established based on historical information for any non-fulfilment of permanent placement obligations and presented in accounts payable and accrued expenses and recorded as a reduction of revenue.

Revenues related to career transition are negotiated with the client on a project basis and are generally recognised over time upon rendering the services, such as consulting services where revenue is billed and recognised on an hourly basis or workshops and coaching sessions with stated fees per service. Adecco Group also offers multi-month career transition packages or similar services in which participants are offered a range of services for a fixed price. Fees invoiced prior to providing services are deferred and recorded in accounts payable and accrued expenses until the services are rendered. These revenues are recognised based on historical usage of offered services by the participants over the duration of the service period to best depict the transfer of services to the customer. Additionally, certain contracts may contain multiple performance obligations, in which case Adecco Group allocates revenue to each performance obligation based on the standalone selling prices, generally determined based on the prices it would charge to other customers in similar circumstances.

Revenues related to outsourcing, consulting & other services are generally recognised over time upon rendering the services. Generally, customers are billed through the weekly or monthly billing cycle based on information reported on timesheets multiplied by the contractual billing rate. Consulting and other services also include revenue recognised over time as the services are performed in the amount to which Adecco Group has a right to invoice. Revenues related to other services include MSP and RPO. Revenue is accrued for services which have been rendered but remain unbilled as of the reporting date. Fees invoiced prior to providing services are deferred and recorded in accounts payable and accrued expenses until the services are rendered.

Revenues related to Training, Up-skilling & Re-skilling services are generally recognised over time upon rendering the services depending on the nature of the service contract. These service contracts include consulting services in which Adecco Group will bill the customer at an agreed-upon rate when the services are performed. The service contracts may also include workshops or group coaching sessions for the customer's employees as well as other talent development-related offerings, such as skills assessments or resource toolkits. Adecco Group will bill the customer at the stated price per service or price per participant upon rendering the services. Certain contracts may include customised project work in which Adecco Group performs a combination of consulting services, assessments, and ongoing coaching sessions. These types of contracts may contain multiple performance obligations, in which case Adecco Group allocates revenue to each performance obligation based on the standalone selling prices, generally determined based on the prices it would charge to other customers in similar circumstances.

Adecco Group determines whether it is a principal or an agent by evaluating if it obtains control of the specified services within an arrangement. For contracts with customers in which Adecco Group is the principal, it reports gross revenues and gross direct costs. Under arrangements where Adecco Group is an agent, as is generally the case in most MSP contracts, revenues are reported on a net basis.

Discounts, rebates, and other transaction price adjustments are estimated at contract inception and recognised as reductions to sales over the duration of the contract. Adecco Group uses historical experience to estimate these types of variable consideration and records a liability as the related revenues are recognised. As at the date of this Base Prospectus, Adecco Group does not expect significant changes to its estimates of variable consideration to occur.

Adecco Group's payment terms in its contracts vary by type and location of its customer and the services offered. Its client contracts are generally short-term in nature with a term of one year or less. Adecco Group provides services in the normal course of business at arm's length terms to entities that are affiliated with certain of its officers, board members, and significant shareholders through investment or board directorship.

Upon rendering services to its customers, Adecco Group generally recognises its unconditional rights to consideration as receivables presented as trade accounts receivable, net. The period between when services are performed, the customer is billed, and when payment is due is not significant.

Adecco Group does not disclose the value of unsatisfied performance obligations for (i) contracts with an original expected duration of one year or less and (ii) contracts for which Adecco Group recognises revenue at the amount to which it has the right to invoice for services performed. Revenues from contracts which meet one of these two exemptions are not significant. Revenues from long-term flexible placement and outsourcing contracts will generally be recognised over the next one to three years based on the agreed-upon rates and levels of services performed.

Additionally, Adecco Group recognises the incremental costs of obtaining a contract as an expense when incurred if the amortisation period of the contract asset would be one year or less.

Adecco Group seasonality

Adecco Group's quarterly operating results are affected by the seasonality of Adecco Group's customers' businesses. Demand for flexible placement services historically has been lowest during the first quarter of the year.

Reporting currency

The reporting currency of Adecco Group is euro, which reflects the significance of its euro-denominated operations. Adecco's share capital is denominated in Swiss Francs and Adecco declares and pays dividends in Swiss Francs.

Foreign currency translation

Adecco Group's operations are conducted in various countries around the world and the financial statements of its foreign subsidiaries are reported in the applicable foreign currencies (**Functional Currencies**). Financial information is translated from the applicable Functional Currency to euro as Adecco Group's reporting currency for inclusion in its consolidated financial statements. Income, expenses, and cash flows are translated at average exchange rates prevailing during the fiscal year or at transaction exchange rates and assets and liabilities are translated at fiscal year-end exchange rates. Resulting translation adjustments are included as a component of accumulated other comprehensive income/(loss), net, in shareholders' equity. Exchange gains and losses on intercompany balances that are considered permanently invested are also included in equity.

NON-US GAAP INFORMATION AND FINANCIAL MEASURES OR ALTERNATIVE PERFORMANCE MEASURES

Adecco Group uses non-US GAAP financial measures and/or Alternative Performance Measures (**APMs**) as defined in the ESMA guidelines on APMs (the **ESMA Guidelines**) for management purposes. The principal non-US GAAP financial measures and/or APMs discussed herein are bill rate, pay rate, constant currency, organic growth, organic and trading days adjusted growth, EBITA, EBITA excluding one-offs, EBITA margin, EBITA margin excluding one-offs, EBITDA, EBITDA excluding one-offs, conversion ratio, free cash flow, cash conversion, DSO, net debt, net debt to EBITDA excluding one-offs, adjusted earnings per share, dividend pay-out ratio, invested capital, and ROIC, which are used in addition to, and in conjunction with, results presented in accordance with US GAAP.

The aforementioned non-US GAAP financial measures and/or APMs should not be relied upon to the exclusion of US GAAP financial measures, but rather reflect additional measures of comparability and means of viewing aspects of Adecco Group's operations that, when viewed together with the US GAAP results, provide a more complete understanding of factors and trends affecting Adecco Group's business.

Non-US GAAP financial measures and APMs are not standardised, and therefore it may not be possible to compare Adecco Group's measures with other companies' non-US GAAP financial measures and APMs having the same or a similar name. Management encourages investors to review Adecco Group's financial statements in their entirety and not to rely on any single financial measure.

Bill rate

Pay rate

An average hourly payroll rate including social charges for flexible placement services, indicating current costs.

Constant currency

Constant currency comparisons are calculated by multiplying the prior year Functional Currency amount by the current year foreign currency exchange rate. Management believes that constant currency comparisons are important supplemental information because these comparisons exclude the impact of changes in foreign currency exchange rates, which are outside Adecco Group's control, and focus on the underlying growth and performance.

Organic growth

Organic growth figures exclude the impact of currency, acquisitions, and divestitures. Management believes that organic growth comparisons are important supplemental information because these comparisons exclude the impact of changes resulting from foreign currency exchange rate fluctuations, acquisitions, and divestitures.

Organic and Trading Days Adjusted growth

Organic and trading days adjusted (TDA) growth figures exclude the impact of currency, acquisitions and divestitures, and the number of trading days in a period. Management believes that organic and TDA growth comparisons are important supplemental information because these comparisons exclude the impact of changes resulting from foreign currency exchange rate fluctuations, acquisitions and divestitures, and variances in the number of trading days in one period compared to another.

EBITA

EBITA refers to operating income before amortisation and impairment of goodwill and intangible assets. Management believes that EBITA is important supplemental information because it focuses on the underlying growth and performance of Adecco Group's business.

EBITA excluding one-offs

EBITA excluding one-offs refers to EBITA adjusted for items impacting comparability. Management believes that EBITA excluding one-offs is important supplemental information because it excludes the effect of items that are not expected to recur in future periods and therefore shows more clearly the underlying performance of Adecco Group's business.

EBITA margin

EBITA margin is EBITA calculated as a percentage of revenues.

EBITA margin excluding one-offs

EBITA margin excluding one-offs is EBITA excluding one-offs calculated as a percentage of revenues.

EBITDA

EBITDA excluding one-offs

EBITDA excluding one-offs refers to EBITDA adjusted for items impacting comparability. Management believes that EBITDA excluding one-offs is important supplemental information because it excludes the effect of items that are not expected to recur in future periods and therefore shows more clearly the underlying performance of Adecco Group's business excluding non-recurring charges.

Conversion ratio

Conversion ratio is EBITA as a percentage of gross profit. Management believes that the conversion ratio is important supplemental information because this ratio displays the efficiency with which gross profit is converted to EBITA. Adecco Group uses this metric to manage productivity and profitability.

Free cash flow (FCF)

FCF comprises cash flow from operating activities less capital expenditures. Management believes that FCF is important supplemental information because it represents the cash generated by Adecco Group after the investments in assets necessary to support existing business activities and to pursue internal growth opportunities.

Cash conversion

Cash conversion is calculated as FCF before interest and tax paid (FCFBIT) divided by EBITA excluding one-offs. Management believes that cash conversion is important supplemental information because this represents how much underlying operating profit is converted into cash flows of Adecco Group before the impact of interest and taxes paid.

DSO

DSO refers to accounts receivable turnover. Management believes that DSO is important supplemental information as it represents the average time taken to collect accounts receivable.

Net debt

Net debt comprises short-term and long-term debt less cash and cash equivalents and short-term investments. Management believes that net debt is important supplemental information because this is one metric Adecco Group uses to monitor outstanding debt obligations.

Net debt to EBITDA excluding one-offs

Adjusted earnings per share

Adjusted earnings per share (**EPS**) refers to net income attributable to Adecco Group shareholders before amortisation and impairment of goodwill and intangible assets, excluding one-off costs and exceptional tax items, divided by basic weighted-average shares outstanding.

Dividend pay-out ratio

Dividend pay-out ratio refers to the percentage of adjusted net EPS paid to shareholders in dividends. Management believes that dividend pay-out ratio is important supplemental information because it represents the percentage of Adecco Group's annual profits being paid out to shareholders in the form of an ordinary dividend.

Invested capital

Management believes that invested capital is important supplemental information because it defines what capital Adecco Group considers in its calculation of ROIC.

ROIC

ROIC is defined as the rolling four quarter EBITA excluding one-offs divided by the rolling four quarter average of invested capital. Management believes that ROIC is important supplemental information because it is one of the metrics Adecco Group uses to assess the value created from its investments.

Invested capital comprises goodwill, intangible assets (gross), property, equipment, and leasehold improvements, operating lease right-of-use assets, net working capital excluding cash (trade accounts receivable and other current assets, less accounts payable and accrued expenses), and other non-current assets.

Invested capital was EUR 7,303 million as of 31 December 2025, compared to EUR 7,761 million as of 31 December 2024. The year-on-year decrease is primarily attributable to lower goodwill and lower net working capital. Net working capital as a percentage of revenues was 0.8 per cent., compared to 1.3 per cent. in 2024.

ROIC was 9.0 per cent. for 2025, flat year-on-year. This is primarily as a result of lower profitability and lower average invested capital.

TAXATION

The Netherlands

Introduction

The following overview does not purport to be a comprehensive description of all Netherlands tax considerations that could be relevant to holders of the Notes. This overview is intended for general information only. Each prospective holder should consult a professional tax adviser with respect to the tax consequences of an investment in the Notes. This overview is based on Netherlands tax legislation and published case law in force as of the date of this document. It does not take into account any developments or amendments thereof after that date, whether or not such developments or amendments have retroactive effect. For the purposes of this section, “the Netherlands” shall mean that part of the Kingdom of the Netherlands that is in Europe.

Scope

Regardless of whether or not a holder of Notes is, or is treated as being, a resident of the Netherlands, this summary does not address the Netherlands tax consequences for:

- (i) holders of Notes holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Notes of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutory defined term), directly or indirectly, holds or is deemed to hold (i) an interest of five per cent. or more of the total issued capital of the Issuer or of five per cent. or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (ii) a holder of Notes which is a corporate entity and an exempt investment institution (*vrijgestelde beleggingsinstelling*) or investment institution (*beleggingsinstelling*) for the purposes of Netherlands corporate income tax, a pension fund, or otherwise not a taxpayer or exempt for corporate income tax purposes;
- (iii) which is a corporate entity and a taxpayer for the purposes of Netherlands corporate income tax (*vennootschapsbelasting*), having a participation (*deelneming*) in an Issuer (such a participation is generally present in the case of an interest of at least five per cent. of an Issuer’s nominal paid-in capital);
- (iv) persons to whom the Notes and the income from the Notes are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands Gift and Inheritance Tax Act (*Successiewet 1956*);
- (v) entities which are a resident of Aruba, Curaçao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba, to which the Notes are attributable;
- (vi) individuals to whom the Notes or the income there from are attributable to employment activities which are taxed as employment income in the Netherlands;
- (vii) a holder of Notes which is an entity that is affiliated (*gelieerd*) to an Issuer within the meaning of the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*); and
- (viii) holders of Notes which are not considered the beneficial owner (*uiteindelijk gerechtigde*) of the Notes and/or the benefits derived from the Notes.

Withholding Tax

With respect to Notes issued by an Issuer that is considered to be a resident of the Netherlands for Netherlands tax purposes (a **Netherlands’ Issuer**), all payments made by such Netherlands Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, provided that the Notes do not in fact function as equity of the Netherlands’ Issuer within the meaning of article 10, paragraph 1, under d of the Netherlands Corporate Income Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*).

All payments made by the Issuers other than the Netherlands' Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Corporate and Individual Income Tax

(a) Residents of the Netherlands

If a holder of Notes is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Notes are attributable, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are generally taxable in the Netherlands (at up to a maximum rate of 25.8 per cent.) (2026 rate).

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes is taxable at the progressive rates (at up to a maximum rate of 49.50 per cent. (2026 rate)) under the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), if:

- (i) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Notes are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Notes are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include activities with respect to the Notes that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) above applies, an individual that holds the Notes must record the Notes as assets that are held in box 3 for the purposes of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*). The taxable income with regard to the Notes is then determined on the basis of a certain deemed return (*rendement*) on the holder's yield basis (*rendementsgrondslag*) at the beginning of the calendar year insofar the yield basis exceeds a certain threshold (EUR 59,357 for an individual taxpayer and EUR 118,714 in case of a "qualifying partner" (statutory defined term)) (*heffingvrij vermogen*), rather than on the basis of income actually received or gains actually realised. Such yield basis is determined as the fair market value of certain qualifying savings and investments held by the holder of the Notes, less the fair market value of certain qualifying debts at the beginning of the calendar year. The deemed return (*rendement*) is determined on separate deemed return percentages for bank savings, other investments and liabilities. The fictitious yield percentage applicable to the second category mentioned above (other investments, which would include the Notes) is 6.00 per cent. for the calendar year 2026. Subject to certain anti-abuse provisions, the product of an amount equal to (a) the total deemed return (*rendement*) divided by the yield basis (*rendementsgrondslag*) and (b) the yield basis (*rendementsgrondslag*) minus the threshold (*heffingvrij vermogen*), forms the individual's taxable income from savings and investments. The taxable income from savings and investments so computed is taxed at the prevailing statutory rate of 36 per cent.

The Dutch Supreme Court has ruled that box 3 taxation as outlined above is in violation of article 1 of the First Protocol to the European Convention on Human Rights (right to property) and of article 14 of the European Convention on Human Rights (prohibition of discrimination), where the deemed return is higher than the actual nominal return on the assets and liabilities, including unrealised changes in value of such assets and liabilities. In these cases, the Dutch Supreme Court has ruled that legal redress should be provided to the party concerned. The Dutch legislator has introduced new legislation to take away the violations. Holders of Notes that are taxed in box 3 for Dutch individual income tax purposes with respect to their Notes are recommended to consult a professional tax advisor.

(b) Non-residents of the Netherlands

If a person is not a resident of the Netherlands, nor deemed to be a resident of the Netherlands for Netherlands corporate or individual income tax purposes, such person is not liable to Netherlands income tax in respect of income derived from the Notes and gains realised upon the settlement, redemption or disposal of the Notes, unless:

- (i) the person is not an individual and such person (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands, a Netherlands enterprise (*Nederlandse Onderneming*), to which Netherlands enterprise the Notes are attributable, or (2) is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the

net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

This income is subject to Netherlands corporate income tax at up to a maximum rate of 25.8 per cent. (2026 rate).

- (ii) the person is an individual and such individual (1) has a Netherlands enterprise or an interest in a Netherlands enterprise to which the Notes are attributable, or (2) realises income or gains with respect to the Notes that qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*) in the Netherlands, which include activities with respect to the Notes which exceed regular, active portfolio management (*normaal, actief vermogensbeheer*), or (3) is (other than by way of securities) entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

Income derived from the Notes as specified under (1) and (2) is subject to individual income tax at progressive rates up to a maximum rate of 49.50 per cent. (2026 rate). Income derived from a share in the profits of an enterprise as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under “*Residents of the Netherlands*”). The fair market value of the share in the profits of the enterprise (which includes the Notes) will be part of the individual’s Netherlands yield basis.

Gift and Inheritance Tax

- (a) Residents of the Netherlands

Netherlands gift tax or inheritance tax (*schenk- of erfbelasting*) will arise in respect of an acquisition (or deemed acquisition) of Notes by way of a gift by, or on the death of, a holder of Notes who is a resident, or treated as being a resident, of the Netherlands for Netherlands gift and inheritance tax purposes.

- (b) Non-residents of the Netherlands

No Netherlands gift tax or inheritance tax will arise in respect of an acquisition (or deemed acquisition) of Notes by way of a gift by, or on the death of, a holder of Notes who is neither a resident, nor treated as being a resident, of the Netherlands for Netherlands gift and inheritance tax purposes.

Value Added Tax

No Netherlands value added tax (*omzetbelasting*) will arise in respect of any payment in consideration for the issue of Notes, with respect to any cash settlement of Notes or with respect to the delivery of Notes.

Other Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Notes.

Residency

A holder will not become a resident, or a deemed resident, of the Netherlands for Netherlands tax purposes by reason only of holding the Notes.

United States

Certain U.S. Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax consequences of the acquisition, ownership and disposition of Notes by a Non-U.S. Holder (as defined below). This summary deals only with initial purchasers of Notes issued by AFS (**U.S. Notes**) at their “issue price” (the first price at which a substantial amount of a series of U.S. Notes are sold for money, excluding sales to underwriters, placement agents or wholesalers) in their initial offering that will hold the U.S. Notes as capital assets for U.S. federal income tax purposes. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of U.S. Notes by particular investors and does not address U.S. state, local, non-U.S. or other tax laws. The following summary applies only to Notes that are properly treated as debt for U.S. federal income tax purposes. If any U.S. Notes are issued that are not treated as debt for U.S. federal income tax purposes, the U.S. federal income tax consequences of the

acquisition, ownership and disposition of such U.S. Notes will be discussed in a supplement to this Base Prospectus.

For purposes of this discussion, **Non-U.S. Holder** means any beneficial owner of U.S. Notes that for U.S. federal income tax purposes is (i) a non-U.S. corporation, (ii) a non-resident alien individual or (iii) a non-U.S. estate or trust. As used herein, the term “Non-U.S. Holder” does not include an individual who is present in the United States for 183 days or more in the taxable year of disposition, a former citizen or former resident of the United States, or any person whose income with respect to a U.S. Note is effectively connected with the conduct of a trade or business in the United States (and, if an applicable tax treaty so requires, attributable to a permanent establishment in the United States). If these circumstances apply to you, you should consult your own tax adviser regarding the U.S. federal income tax consequences of the acquisition, ownership and disposition of a U.S. Note.

The U.S. federal income tax treatment of a partner in an entity or arrangement treated as a partnership for U.S. federal income tax purposes that holds U.S. Notes will depend on the status of the partner and the activities of the partnership. Prospective purchasers that are entities or arrangements treated as partnerships for U.S. federal income tax purposes should consult their tax advisers concerning the U.S. federal income tax consequences to them and their partners of the acquisition, ownership and disposition of U.S. Notes by the partnership.

This summary is based on the tax laws of the United States, including the Internal Revenue Code of 1986, as amended (the Code), its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, all as at the date hereof and all subject to change at any time, possibly with retroactive effect.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. ALL PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF ACQUIRING, OWNING, AND DISPOSING OF THE U.S. NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF U.S. STATE, LOCAL, NON-U.S. AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

Payments on the U.S. Notes

Subject to the discussion under “*Backup Withholding and Information Reporting*” and “*FATCA Withholding*” below, payments of principal and interest (including original issue discount (OID), if any) on a U.S. Note to a Non-U.S. Holder will generally not be subject to U.S. federal income or withholding tax, provided that, in the case of amounts treated as interest, the Non-U.S. Holder (i) does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of the Issuer entitled to vote, (ii) is not, for U.S. federal income tax purposes, a controlled foreign corporation related to the Issuer through stock ownership, (iii) is not a bank receiving interest on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, and (iv) certifies on a properly executed U.S. Internal Revenue Service (IRS) Form W-8BEN or W-8BEN-E (or applicable successor form) under penalties of perjury that it is not a United States person (as defined in the Code) (and any required certification has been provided by any intermediary through which such Non-U.S. Holder holds the U.S. Notes). Payments of interest (including original issue discount, if any) on the U.S. Notes that do not qualify for the exception to U.S. federal income and withholding tax discussed above generally will be subject to U.S. federal income tax at a 30 per cent. rate, unless a U.S. income tax treaty applies to reduce or eliminate such tax and the Non-U.S. Holder complies with applicable certification requirements.

Sale or Other Taxable Disposition of the U.S. Notes

Subject to the discussion under “*Backup Withholding and Information Reporting*” and “*FATCA Withholding*” below, a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on any gain realised upon the sale or other taxable disposition of a U.S. Note, although any amounts attributable to accrued interest generally will be treated as described above under “*Payments on the U.S. Notes*”.

Backup Withholding and Information Reporting

Information returns are required to be filed with the IRS in connection with payments of interest on the U.S. Notes to Non-U.S. Holders. Unless a Non-U.S. Holder complies with certification procedures to establish that it is not a United States person, information returns may also be filed with the IRS in connection with the proceeds from a sale or other taxable disposition of a U.S. Note. A Non-U.S. Holder may be subject to backup withholding on payments on the U.S. Notes or on the proceeds from a sale or other disposition of such U.S. Notes unless it complies with certification procedures to establish that it is not a United States person or otherwise establishes an exemption from backup withholding. The certification procedures required to claim the exemption from

withholding tax on interest, described above, will satisfy the requirements necessary to avoid backup withholding as well.

Amounts withheld under the backup withholding rules are not additional taxes, and may be refunded or credited against a Non-U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Switzerland

The following discussion is a summary of certain material Swiss tax considerations and mentions certain taxes withheld by Switzerland for foreign countries based on the legislation, regulations, rulings and decisions as of the date of this Base Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in Notes. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisers as to the respective Swiss tax consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Notes in light of their particular circumstances.

Swiss Federal Withholding Tax

Notes issued by Adecco: Payments of interest on the Notes issued by Adecco are subject to Swiss withholding tax at a rate of 35 per cent. If the respective requirements are met, the holder of a Note residing in Switzerland or a foreign resident company who holds the Notes through a Swiss permanent establishment is entitled to a full refund or tax credit for the Swiss withholding tax whereas a holder of a Note who is not resident in Switzerland may be entitled to claim a full or partial refund of the Swiss withholding tax by virtue of the provisions of an applicable double taxation treaty, if any, concluded between Switzerland and the country of residence of such holder.

Notes issued by AIFS or AFS: Payments by the Issuer or the Guarantor, of interest on, and repayment of principal of, Notes issued, will not be subject to Swiss withholding tax, provided that the proceeds from the offering and sale of the Notes are used outside of Switzerland and AIFS, or AFS, respectively, has its place of incorporation and its place of effective management outside Switzerland at all times while any Notes are outstanding.

Swiss Federal Stamp Duties

The issue and redemption of Notes by the Issuer are not subject to Swiss federal issuance stamp duty on the issue of securities.

Purchases or sales of Notes with a maturity in excess of 12 months where a Swiss or Liechtenstein domestic bank or a Swiss or Liechtenstein domestic securities dealer (as defined in the Swiss federal turnover stamp duty act) is a party, or acts as an intermediary, to the transaction may be subject to Swiss federal turnover stamp duty on dealings in securities at a rate of up to 0.15 per cent. (with respect to Notes issued by Adecco) respectively 0.3 per cent. (with respect to Notes issued by AIFS or AFS) of the purchase price of the Notes.

Income Taxation on Principal or Interest

(i) Notes held by non-Swiss resident holders

Payments by the Issuer of interest and repayment of principal to, and gain realised on the sale or redemption of Notes by, a holder of Notes who is not a resident of Switzerland and who during the relevant taxation year has not engaged in a trade or business through a permanent establishment or a fixed place of business in Switzerland to which the Notes are attributable and who is not subject to income taxation in Switzerland for any other reason will not be subject to any Swiss federal, cantonal or communal income tax.

(ii) Notes held by Swiss resident holders as private assets

Notes without a "predominant one-time interest payment": An individual who resides in Switzerland and privately holds a Note the yield-to-maturity of which predominantly derives from periodic interest payments and not from a one-time interest payment such as an original issue discount or a repayment premium, is required to include all payments of interest received on such Note in his or her personal income tax return for the relevant tax period and is taxable on the net taxable income (including the payment of interest on the Note) for such tax period at the then prevailing tax rates.

Notes with a "predominant one-time interest payment": An individual who resides in Switzerland and privately holds a Note the yield-to-maturity of which predominantly derives from a one-time interest payment such as an

original issue discount or a repayment premium and not from periodic interest payments, is required to include in his or her personal income tax return for the relevant tax period any periodic interest payments received on the Note and, in addition, any amount equal to the difference between the value of the Note at redemption or sale, as applicable, and the value of the Note at issuance or secondary market purchase, as applicable, realised on the sale or redemption of such Note, and converted into Swiss Francs at the exchange rate prevailing at the time of sale or redemption, issuance or purchase, respectively, and will be taxable on any net taxable income (including such amounts) for the relevant tax period. A holder of a Note may offset any value decrease realised by him or her on such a Note on sale or redemption against any gains (including periodic interest payments) realised by him or her within the same taxation period on the sale or redemption of other debt securities with a predominant one-time interest payment.

Capital gains and losses: Swiss resident individuals who sell or otherwise dispose of privately held Notes realise either a tax-free private capital gain or a non-tax-deductible capital loss. See the preceding paragraph for a summary of the tax treatment of a gain or a loss realised on Notes with a “predominant one-time interest payment.” See “*Notes held as Swiss business assets*” below for a summary on the tax treatment of individuals classified as “professional securities dealers.”

(iii) Notes held as Swiss business assets

Individuals who hold Notes as part of a business in Switzerland and Swiss-resident corporate taxpayers and corporate taxpayers residing abroad holding Notes as part of a permanent establishment or fixed place of business in Switzerland are required to recognise the payments of interest and any capital gain or loss realised on the sale or other disposition of such Notes in their income statement for the respective tax period and will be taxable on any net taxable earnings for such tax period. The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as “professional securities dealers” for reasons of, inter alia, frequent dealings and leveraged transactions in securities.

Automatic Exchange of Information in Tax Matters

Switzerland has concluded a multilateral agreement with the EU on the international automatic exchange of information (**AEOI**) in tax matters (the **AEOI Agreement**), which applies to all EU member states. Further, Switzerland signed the multilateral competent authority agreement on the automatic exchange of financial account information (the **MCAA**) and, based on the MCAA, entered into bilateral AEOI agreements with a number of other countries. Based on the AEOI Agreement, the bilateral AEOI agreements described above and the implementing laws of Switzerland, Switzerland collects and exchanges data in respect of financial assets, including, as the case may be, Notes, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of residents in any EU member state or other treaty state. An up-to-date list of the AEOI agreements to which Switzerland is a party that are in effect or signed but not yet effective can be found on the website of the State Secretariat for International Financial Matters.

Swiss Facilitation of the Implementation of FATCA

The United States and Switzerland entered into an intergovernmental agreement (the **U.S.-Switzerland IGA**) to facilitate the implementation of the U.S. Foreign Account Tax Compliance Act (**FATCA**). Under the U.S.-Switzerland IGA, financial institutions acting out of Switzerland generally are directed to become participating foreign financial institutions. The U.S.-Switzerland IGA ensures that accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance on the basis of the double taxation agreement between the United States and Switzerland (the **Treaty**). The Treaty, as amended in 2019, includes a mechanism for the exchange of information in tax matters upon request between Switzerland and the United States, which is in line with international standards, and allows the United States to make group requests under FATCA concerning non-consenting U.S. accounts and non-consenting non-participating foreign financial institutions for periods from 30 June 2014. On 8 October 2014, the Swiss Federal Council approved a mandate for negotiations with the United States on changing the current direct notification-based regime (Model 2) to a regime where the relevant information is sent to the Swiss Federal Tax Administration, which in turn provides the information to the United States tax authorities (Model 1). The negotiations were concluded on 13 November 2023 and on 27 June 2024, the Swiss Federal Tax Administration issued a press release announcing the signing of a reciprocal FATCA Model 1 intergovernmental agreement (the **Model 1 IGA**). This means that Switzerland will also receive account data from the United States in the future. Swiss financial institutions will no longer provide the required data to the United States authorities, but rather to the Swiss Federal Tax Administration, which will then transmit it to the Internal Revenue Service. In Switzerland, the implementation of the Model 1

IGA necessitates changes to national law, which will be decided by the Federal Assembly. Such changes to national law implementing the Model 1 IGA are currently expected to enter into force in Switzerland on 1 January 2028. For further information on FATCA, see the discussion below under “*FATCA Withholding*”.

FATCA Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, as amended, commonly known as FATCA, U.S. federal withholding tax at a rate of 30 per cent. is generally imposed on payments of (i) U.S. source interest (such as the interest paid on the Notes issued by AFS (i.e., the U.S. Notes)) and (ii) the gross proceeds (including principal repayments) from the sale or other disposition of an obligation that produces U.S. source interest, in each case, made to persons that fail to meet certain certification, reporting, or related requirements. In addition, a “foreign financial institution” (including an intermediary through which Notes are held) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting, or related requirements. Proposed Treasury regulations have been issued that provide for (i) the repeal of the 30 per cent. withholding tax applicable to payments of gross proceeds from the sale, exchange or other disposition of such U.S. Notes and (ii) the extension of the date on which withholding applies to foreign passthru payments to the date that is two years after the date of publication in the U.S. Federal Register of applicable final regulations defining foreign passthru payments. In the preamble to the proposed regulations, the United States Treasury Department indicated that taxpayers may rely on these proposed regulations until the issuance of the final regulations. A number of jurisdictions (including The Netherlands and Switzerland) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions.

Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes issued by Adecco and AIFS, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes issued by Adecco and AIFS, are uncertain and may be subject to change. To the extent withholding is required on foreign passthru payments in respect of Notes issued by Adecco and AIFS, Notes that are not treated as equity for U.S. federal income tax purposes, have a fixed term and are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. However, if additional Notes issued by Adecco or AIFS (as described under “*Terms and Conditions—Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all such Notes issued by Adecco or AIFS, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes and Coupons, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

Each Dealer has, in a programme agreement (as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 26 June 2026, agreed with the Issuers and the Guarantor a basis upon which it may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. In the Programme Agreement, the Issuers (failing which, the Guarantor) have agreed to reimburse Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act, or the securities laws of any state of other jurisdiction of the States, and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and U.S. Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.
