WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Principal at Risk Securities Linked to the Russell 2000® Index due March 2, 2021

WELLS FARGO & COMPANY, a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be March 2, 2021. If the Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Level is greater than the Starting Level: the Face Amount *plus* the lesser of:

$$(i) \left[\text{Face Amount} \times \left[\frac{\text{Ending Level} - \text{Starting Level}}{\text{Starting Level}} \right] \times \text{Participation Rate} \right]; \text{ and}$$

(ii) the Maximum Return;

- if the Ending Level is less than or equal to the Starting Level, but greater than or equal to the Threshold Level: the Face Amount; or
- if the Ending Level is less than the Threshold Level: the Face Amount *minus*:

$$\left[\text{Face Amount} \times \frac{\text{Threshold Level} - \text{Ending Level}}{\text{Starting Level}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the Russell 2000® Index.

The “Pricing Date” shall mean February 25, 2019.

The “Starting Level” is 1588.805, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Trading Day means the official closing level of the Index reported by the Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Adjustments to the Index,” “Discontinuance of the Index” and “Market Disruption Events.”

The “Ending Level” will be the Closing Level of the Index on the Calculation Day.

The “Threshold Level” is 1334.5962, which is equal to 84% of the Starting Level.

The “Participation Rate” is 150%.

The “Maximum Return” is 20% of the Face Amount of this Security.

“Index Sponsor” shall mean FTSE Russell.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Related Futures or Options Exchange” for the Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Index.

The “Relevant Stock Exchange” for any security underlying the Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Calculation Day” shall be February 25, 2021. If such day is not a Trading Day, the Calculation Day will be postponed to the next succeeding Trading Day. The Calculation Day is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below). If a Market Disruption Event occurs or is continuing with respect to the Index on the Calculation Day, such Calculation Day will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day. If the Calculation Day has been postponed eight Trading Days after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Level of the Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on such date of each security included in the Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of January 24, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Ending

Level and the Maturity Payment Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If at any time the method of calculating the Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if the Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to the Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating the Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust the Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of the Index

If the Index Sponsor discontinues publication of the Index, and the Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the Index Sponsor or any other entity and calculate the Ending Level as described above. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that the Index Sponsor discontinues publication of the Index prior to, and the discontinuance is continuing on, the Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for the Index in accordance with the formula for and method of calculating the Index last in effect prior to the discontinuance, but using only those securities that comprised the Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for the Index, the Successor Equity Index or level will be used as a substitute for the Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on the Calculation Day the Index Sponsor fails to calculate and announce the level of the Index, the Calculation Agent will calculate a substitute Closing Level of the Index in accordance with the formula for and method of calculating the Index last in effect prior to the failure, but using only those securities that comprised the Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day, then the provisions set forth above under the definition of “Calculation Day” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of the Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of the Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of the Index or any Successor Equity Index are traded or any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the

regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying the Index or Successor Equity Index or any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security to the level of the Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for the Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying the Index or Successor Equity Index on such Trading Day; *provided that*, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying the Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to the Index or Successor Equity Index, the “close of trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for the Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for the Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying the Index or any Successor Equity Index and each Related Futures or Options Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount and the Ending Level. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Index under the circumstances described in this Security, (ii) if publication of the Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of the Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to March 2, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration was the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

**Principal at Risk Securities Linked to the Russell 2000[®] Index
due March 2, 2021**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series S, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with those

provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary

or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Maturity Payment Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Maturity Payment Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

ABBREVIATIONS

The following abbreviations, when used in the inscription on the face of this instrument, shall be construed as though they were written out in full according to applicable laws or regulations:

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Principal at Risk Securities Linked to the Vanguard® Extended Market ETF due March 2, 2021

WELLS FARGO & COMPANY, a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be March 2, 2021. If the Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Price is greater than the Starting Price: the Face Amount *plus* the lesser of:

$$(i) \left[\text{Face Amount} \times \left[\frac{\text{Ending Price} - \text{Starting Price}}{\text{Starting Price}} \right] \times \text{Participation Rate} \right]; \text{ and}$$

- (ii) the Maximum Return;

- if the Ending Price is less than or equal to the Starting Price, but greater than or equal to the Threshold Price: the Face Amount; or
- if the Ending Price is less than the Threshold Price: the Face Amount *minus*:

$$\left[\text{Face Amount} \times \frac{\text{Threshold Price} - \text{Ending Price}}{\text{Starting Price}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

The “Fund” shall mean the Vanguard® Extended Market ETF.

The “Pricing Date” shall mean February 25, 2019.

The “Starting Price” is \$117.49, the Fund Closing Price of the Fund on the Pricing Date.

The “Ending Price” will be the Fund Closing Price of the Fund on the Calculation Day.

The “Threshold Price” is \$102.2163, which is equal to 87% of the Starting Price.

The “Participation Rate” is 150%.

The “Maximum Return” is 20% of the Face Amount of this Security.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Fund Closing Price” with respect to the Fund on any Trading Day means the product of (i) the Closing Price of one share of the Fund (or one unit of any other security for which a Fund Closing Price must be determined) on such Trading Day and (ii) the Adjustment Factor applicable to the Fund on such Trading Day.

The “Closing Price” for one share of the Fund (or one unit of any other security for which a Closing Price must be determined) on any Trading Day means the official closing price on such day published by the principal United States securities exchange registered under the Securities Exchange Act of 1934, as amended, on which the Fund (or any such other security) is listed or admitted to trading.

The “Adjustment Factor” means, with respect to a share of the Fund (or one unit of any other security for which a Fund Closing Price must be determined), 1.0, subject to adjustment in the event of certain events affecting the shares of the Fund. See “—Anti-dilution Adjustments Relating to the Fund; Alternate Calculation—Anti-dilution Adjustments” below.

The “Underlying Index” is the S&P[®] Completion Index.

A “Trading Day” means a day, as determined by the Calculation Agent, on which the Relevant Stock Exchange (as defined below) and each Related Futures or Options Exchange (as defined below) with respect to the Fund, or any successor thereto, if applicable, are scheduled to be open for trading for their respective regular trading sessions.

The “Relevant Stock Exchange” for the Fund means the primary exchange or quotation system on which shares (or other applicable securities) of the Fund are traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for the Fund means each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Fund.

The “Calculation Day” shall be February 25, 2021. If such day is not a Trading Day, the Calculation Day will be postponed to the next succeeding Trading Day. The Calculation Day is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below). If a Market Disruption Event occurs or is continuing on the Calculation Day, then the Calculation Day will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day. If the Calculation Day has been postponed eight Trading Days after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Price of the Fund on such eighth Trading Day based on its good faith estimate of the value of the shares (or other applicable securities) of the Fund as of the close of trading on such eighth Trading Day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of January 24, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Maturity Payment Amount, the Starting Price and the Ending Price, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial

Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchange or otherwise relating to the shares (or other applicable securities) of the Fund or any Successor Fund (as defined below) on the Relevant Stock Exchange at any time during the one-hour period that ends at the Close of Trading on such day, whether by reason of movements in price exceeding limits permitted by such Relevant Stock Exchange or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the shares (or other applicable securities) of the Fund or any Successor Fund on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, shares (or other applicable securities) of the Fund or any Successor Fund on the Relevant Stock Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to shares (or other applicable securities) of the Fund or any Successor Fund on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure of the Relevant Stock Exchange or any Related Futures or Options Exchange with respect to the Fund or any Successor Fund prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at the Close of Trading on that day.

- (F) The Relevant Stock Exchange or any Related Futures or Options Exchange with respect to the Fund or any Successor Fund fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) “Close of Trading” means the Scheduled Closing Time of the Relevant Stock Exchange with respect to the Fund or any Successor Fund; and
- (2) the “Scheduled Closing Time” of the Relevant Stock Exchange or any Related Futures or Options Exchange on any Trading Day for the Fund or any Successor Fund means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours.

Anti-dilution Adjustments Relating to the Fund; Alternate Calculation

Anti-dilution Adjustments

The Calculation Agent will adjust the Adjustment Factor as specified below if any of the events specified below occurs with respect to the Fund and the effective date or ex-dividend date, as applicable, for such event is after the Pricing Date and on or prior to the Calculation Day.

The adjustments specified below do not cover all events that could affect the Fund. The Calculation Agent may, in its sole discretion, make additional adjustments to any terms of this Security upon the occurrence of other events that affect or could potentially affect the market price of, or shareholder rights in, the Fund, with a view to offsetting, to the extent practical, any such change, and preserving the relative investment risks of this Security. In addition, the Calculation Agent may, in its sole discretion, make adjustments or a series of adjustments that differ from those described herein if the Calculation Agent determines that such adjustments do not properly reflect the economic consequences of the events specified herein or would not preserve the relative investment risks of this Security. All determinations made by the Calculation Agent in making any adjustments to the terms of this Security, including adjustments that are in addition to, or that differ from, those described herein, will be made in good faith and a commercially reasonable manner, with the aim of ensuring an equitable result. In determining whether to make any adjustment to the terms of this Security, the Calculation Agent may consider any adjustment made by the Options Clearing Corporation or any other equity derivatives clearing organization on options contracts on the Fund.

For any event described below, the Calculation Agent will not be required to adjust the Adjustment Factor unless the adjustment would result in a change to the Adjustment Factor then in effect of at least 0.10%. The Adjustment Factor resulting from any adjustment will be rounded up or down, as appropriate, to the nearest one-hundred thousandth.

(A) Stock Splits and Reverse Stock Splits

If a stock split or reverse stock split has occurred, then once such split has become effective, the Adjustment Factor will be adjusted to equal the product of the prior

Adjustment Factor and the number of securities which a holder of one share (or other applicable security) of the Fund before the effective date of such stock split or reverse stock split would have owned or been entitled to receive immediately following the applicable effective date.

(B) *Stock Dividends*

If a dividend or distribution of shares (or other applicable securities) to which this Security is linked has been made by the Fund ratably to all holders of record of such shares (or other applicable security), then the Adjustment Factor will be adjusted on the ex-dividend date to equal the prior Adjustment Factor plus the product of the prior Adjustment Factor and the number of shares (or other applicable security) of the Fund which a holder of one share (or other applicable security) of the Fund before the ex-dividend date would have owned or been entitled to receive immediately following that date; provided, however, that no adjustment will be made for a distribution for which the number of securities of the Fund paid or distributed is based on a fixed cash equivalent value.

(C) *Extraordinary Dividends*

If an Extraordinary Dividend (as defined below) has occurred, then the Adjustment Factor will be adjusted on the ex-dividend date to equal the product of the prior Adjustment Factor and a fraction, the numerator of which is the Closing Price per share (or other applicable security) of the Fund on the Trading Day preceding the ex-dividend date, and the denominator of which is the amount by which the Closing Price per share (or other applicable security) of the Fund on the Trading Day preceding the ex-dividend date exceeds the Extraordinary Dividend Amount (as defined below).

For purposes of determining whether an Extraordinary Dividend has occurred:

- (1) “Extraordinary Dividend” means any cash dividend or distribution (or portion thereof) that the Calculation Agent determines, in its sole discretion, is extraordinary or special; and
- (2) “Extraordinary Dividend Amount” with respect to an Extraordinary Dividend for the securities of the Fund will equal the amount per share (or other applicable security) of the Fund of the applicable cash dividend or distribution that is attributable to the Extraordinary Dividend, as determined by the Calculation Agent in its sole discretion.

A distribution on the securities of the Fund described below under the section entitled “—Reorganization Events” below that also constitutes an Extraordinary Dividend will only cause an adjustment pursuant to that “—Reorganization Events” section.

(D) *Other Distributions*

If the Fund declares or makes a distribution to all holders of the shares (or other applicable security) of the Fund of any non-cash assets, excluding dividends or distributions described under the section entitled “—Stock Dividends” above, then the Calculation Agent may, in its sole discretion, make such adjustment (if any) to the Adjustment Factor as it deems appropriate in the circumstances. If the Calculation Agent determines to make an adjustment pursuant to this paragraph, it will do so with a view to offsetting, to the extent practical, any change in the economic position of a holder of this Security that results solely from the applicable event.

(E) *Reorganization Events*

If the Fund, or any Successor Fund, is subject to a merger, combination, consolidation or statutory exchange of securities with another exchange traded fund, and the Fund to which this Security is linked is not the surviving entity (a “Reorganization Event”), then, on or after the date of such event, the Calculation Agent shall, in its sole discretion, make an adjustment to the Adjustment Factor or the method of determining the Maturity Payment Amount or any other terms of this Security as the Calculation Agent determines appropriate to account for the economic effect on this Security of such event, and determine the effective date of that adjustment. If the Calculation Agent determines that no adjustment that it could make will produce a commercially reasonable result, then the Calculation Agent may deem such event a Liquidation Event (as defined below).

Liquidation Events

If the Fund is de-listed, liquidated or otherwise terminated (a “Liquidation Event”), and a successor or substitute exchange traded fund exists that the Calculation Agent determines, in its sole discretion, to be comparable to the Fund, then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, any subsequent Fund Closing Price for the Fund will be determined by reference to the Fund Closing Price of such successor or substitute exchange traded fund (such exchange traded fund being referred to herein as a “Successor Fund”), with such adjustments as the Calculation Agent determines are appropriate to account for the economic effect of such substitution on the holder of this Security.

If the Fund undergoes a Liquidation Event prior to, and such Liquidation Event is continuing on, the date that any Fund Closing Price of the Fund is to be determined and the Calculation Agent determines that no Successor Fund is available at such time, then the Calculation Agent will, in its discretion, calculate the Fund Closing Price for the Fund on such date by a computation methodology that the Calculation Agent determines will as closely as reasonably possible replicate the Fund, provided that if the Calculation Agent determines in its discretion that it is not practicable to replicate the Fund (including but not limited to the instance in which the sponsor of the Underlying Index discontinues publication of the Underlying Index), then the Calculation Agent will calculate the Fund Closing Price for the Fund in accordance with the formula last used to calculate such Fund Closing Price before such Liquidation Event, but using

only those securities that were held by the Fund immediately prior to such Liquidation Event without any rebalancing or substitution of such securities following such Liquidation Event.

If a Successor Fund is selected or the Calculation Agent calculates the Fund Closing Price as a substitute for the Fund, such Successor Fund or Fund Closing Price will be used as a substitute for the Fund for all purposes, including for purposes of determining whether a Market Disruption Event exists.

If any event is both a Reorganization Event and a Liquidation Event, such event will be treated as a Reorganization Event for purposes of this Security unless the Calculation Agent makes the determination referenced in the last sentence of the section entitled “—Anti-dilution Adjustments—Reorganization Events” above.

Alternate Calculation

If at any time the method of calculating the Fund or a Successor Fund, or the Underlying Index, is changed in a material respect, or if the Fund or a Successor Fund is in any other way modified so that the Fund does not, in the opinion of the Calculation Agent, fairly represent the price of the securities of the Fund or such Successor Fund had such changes or modifications not been made, then the Calculation Agent may, at the close of business in New York City on the date that any Fund Closing Price is to be determined, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a Closing Price of an exchange traded fund comparable to the Fund or such Successor Fund, as the case may be, as if such changes or modifications had not been made, and calculate the Fund Closing Price and the Maturity Payment Amount with reference to such adjusted Closing Price of the Fund or such Successor Fund, as applicable.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount, the Starting Price and the Ending Price. In addition, the Calculation Agent will (i) determine if adjustments are required to the Fund Closing Price and/or the Adjustment Factor under the circumstances described in this Security, (ii) if the Fund undergoes a Liquidation Event, select a Successor Fund or, if no Successor Fund is available, determine the Fund Closing Price of the Fund, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory,

administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to March 2, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration was the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO & COMPANY
MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

**Principal at Risk Securities Linked to the Vanguard® Extended Market ETF
due March 2, 2021**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series S, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with those

provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary

or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Maturity Payment Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Maturity Payment Amount or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES T

Due Nine Months or More From Date of Issue

Notes due February 28, 2031

WELLS FARGO & COMPANY, a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, the principal sum of _____ DOLLARS (\$_____) on February 28, 2031 (the “Stated Maturity Date”) and to pay interest thereon from February 28, 2019 or from the most recent Interest Payment Date to which interest has been paid or duly provided for semi-annually on the 28th day of each February and August, commencing August 28, 2019, and at Maturity (each, an “Interest Payment Date”), at the rate per annum specified below until the principal hereof is paid or made available for payment. The interest so payable, and punctually paid or duly provided for, on any Interest Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such interest next preceding such Interest Payment Date. The Regular Record Date for an Interest Payment Date shall be one Business Day prior to such Interest Payment Date. If an Interest Payment Date is not a Business Day, interest on this Security shall be payable on the next day that is a Business Day, with the same force and effect as if made on such Interest Payment Date, and without any interest or other payment with respect to the delay. “Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

Except as described below for the first Interest Period, on each Interest Payment Date, interest will be paid for the period commencing on and including the immediately preceding Interest Payment Date and ending on and including the day immediately preceding that Interest Payment Date. This period is referred to as an “Interest Period.” The first Interest Period will

commence on and include February 28, 2019 and end on and include August 27, 2019. Interest on this Security will be computed on the basis of a 360-day year of twelve 30-day months.

The interest rate on this Security that will apply during an Interest Period will be as follows:

Commencing February 28, 2019 and ending February 27, 2025	4.00% per annum
Commencing February 28, 2025 and ending February 27, 2029	5.00% per annum
Commencing February 28, 2029 and ending February 27, 2031	6.00% per annum

Any interest not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of interest on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; provided, however, that, at the option of the Company, payment of interest may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payment of principal of and interest on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depositary, payments of principal and interest on this Security will be made to the Depositary by wire transfer of immediately available funds.

This Security is redeemable at the option of the Company, in whole but not in part, on any Optional Redemption Date at a Redemption Price equal to 100% of the principal amount of this Security to be redeemed, plus any accrued but unpaid interest to, but excluding, the Redemption Date. The "Optional Redemption Dates" are quarterly on the 28th day of each February, May, August and November, commencing February 28, 2021 and ending November 28, 2030. Notice of any redemption will be mailed at least 5 but not more than 30 days before the applicable Redemption Date to the Holder hereof. Unless the Company defaults in the payment of the Redemption Price, on or after the Redemption Date, interest will cease to accrue on this Security or the portion hereof called for redemption.

This Security is not subject to repayment at the option of the Holder hereof prior to February 28, 2031. This Security is not entitled to any sinking fund.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES T

Due Nine Months or More From Date of Issue

Notes due February 28, 2031

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series T, of the Company. The Securities of this series will bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder

and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate principal amount will be issued to the transferee in exchange hereof, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is

registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the principal of or the interest on this Security, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the
S&P 500® Index, the Russell 2000® Index and
the EURO STOXX 50® Index due March 6, 2029**

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is automatically called prior to the Stated Maturity Date as provided below under “Automatic Call,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Call Settlement Date (as defined below), if any. The “Initial Stated Maturity Date” shall be March 6, 2029. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Automatic Call

If the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on any of the quarterly Calculation Days (as defined below) from March 2020 to December 2028, inclusive, is greater than or equal to its Starting Level (as defined below), this Security will be automatically called by the Company, and on the related Call Settlement Date the Holder hereof will

receive the Call Price (as defined below) plus a final Contingent Coupon Payment. Unless the Company defaults in the payment of the Call Price plus the final Contingent Coupon Payment, this Security will cease to be outstanding on such Call Settlement Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Call Settlement Date. The Holder hereof will not receive any notice from the Company in the event this Security is automatically called pursuant to the terms hereof. The “Call Price” is equal to the Face Amount of this Security. The “Call Settlement Date” for a Calculation Day shall be three Business Days after such Calculation Day, as such Calculation Day may be postponed as provided herein. If a Calculation Day is postponed with respect to one or more Indices, the related Call Settlement Date will be three Business Days after the last Calculation Day as postponed.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Call Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level of the Lowest Performing Index on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 7.05% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Call Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depositary, any payments on this Security will be made to the Depositary by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Call Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Call Price and Contingent Coupon Payments

If this Security is not automatically called prior to the Stated Maturity Date as provided above under "Automatic Call," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the S&P 500 Index, the Russell 2000 Index and the EURO STOXX 50 Index.

The "Pricing Date" shall mean February 25, 2019.

The "Lowest Performing Index" for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices as provided herein).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the S&P 500 Index is 2796.11, its Closing Level on the Pricing Date, with respect to the Russell 2000 Index is 1588.805, its Closing Level on the Pricing Date, and with respect to the EURO STOXX 50 Index is 3280.01, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the S&P 500 Index is 1957.277, which is equal to 70% of its Starting Level, with respect to the Russell 2000 Index is 1112.1635, which is equal to 70% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2296.007, which is equal to 70% of its Starting Level.

The “Downside Threshold Level” with respect to the S&P 500 Index is 1398.055, which is equal to 50% of its Starting Level, with respect to the Russell 2000 Index is 794.4025, which is equal to 50% of its Starting Level, and with respect to the EURO STOXX 50 Index is 1640.005, which is equal to 50% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 1st day of each March, June, September and December commencing June 2019 and ending December 2028, and the Final Calculation Day. If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is March 1, 2029. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with

respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to the S&P 500 Index or the Russell 2000 Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

A “Trading Day” with respect to the EURO STOXX 50 Index means a day, as determined by the Calculation Agent, on which (i) the relevant Index Sponsor is scheduled to publish the level of the EURO STOXX 50 Index and (ii) each Related Futures or Options Exchange with respect to the EURO STOXX 50 Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to the S&P 500 Index or the Russell 2000 Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange

or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the S&P 500 Index or the Russell 2000 Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock

Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

A “Market Disruption Event” with respect to the EURO STOXX 50 Index means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in such Index or any Successor Equity Index, and the aggregate of all securities included in such Index or Successor Equity Index with respect to which any such event occurs comprise 20% or more of the level of such Index or Successor Equity Index;
- a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or
 - the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.
- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to such Index or any Successor Equity Index:
- a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day; or

- the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.
- (C) The relevant Index Sponsor fails to publish the level of such Index or any Successor Equity Index (other than as a result of the relevant Index Sponsor having discontinued publication of such Index or Successor Equity Index and no Successor Equity Index being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the EURO STOXX 50 Index:

- (1) the relevant percentage contribution of a security included in such Index or any Successor Equity Index to the level of such Index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the relevant Index Sponsor publishes the level of such Index or any Successor Equity Index and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the

circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to March 6, 2029. Except as set forth above under “Automatic Call,” this Security is not subject to redemption prior to March 6, 2029. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the
S&P 500[®] Index, the Russell 2000[®] Index and
the EURO STOXX 50[®] Index due March 6, 2029**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights

of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered

form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Call Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Call Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500® Index and the Russell 2000® Index due March 6, 2029

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is redeemed prior to the Stated Maturity Date as provided below under “Optional Redemption,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Applicable Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Optional Redemption Date (as defined below), if any. The “Initial Stated Maturity Date” shall be March 6, 2029. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Optional Redemption

The Company may, at its option, redeem this Security, in whole but not in part, on any Optional Redemption Date (as defined below) by giving notice to the Holder hereof on or before the

Calculation Day (as defined below) immediately preceding that Optional Redemption Date. If this Security is redeemed, the Holder hereof will receive the Optional Redemption Price (as defined below) plus a final Contingent Coupon Payment (as defined below), if any, on the applicable Optional Redemption Date. Unless the Company defaults in the payment of the Optional Redemption Price plus the final Contingent Coupon Payment, if any, this Security will cease to be outstanding on such Optional Redemption Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Optional Redemption Date. The “Optional Redemption Price” is equal to the Face Amount of this Security. The “Optional Redemption Dates” shall be the Contingent Coupon Payment Dates (as defined below) following each Calculation Day scheduled to occur from September 2019 to December 2028, inclusive.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Optional Redemption Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Applicable Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or both Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement. The “Applicable Contingent Coupon Rate” that will apply with respect to any Calculation Day is as follows:

For the Calculation Days scheduled to occur from June 2019 to March 2024:	7.15% per annum
For the Calculation Days scheduled to occur from June 2024 to March 2027:	9.00% per annum
For the Calculation Days scheduled to occur from June 2027 to March 2029:	10.00% per annum

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such

Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depositary, any payments on this Security will be made to the Depositary by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Optional Redemption Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Optional Redemption Price and Contingent Coupon Payments

If this Security is not redeemed prior to the Stated Maturity Date as provided above under "Optional Redemption," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean each of the S&P 500 Index and the Russell 2000 Index.

The “Pricing Date” shall mean February 25, 2019.

The “Lowest Performing Index” for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or both Indices).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the S&P 500 Index is 2796.11, its Closing Level on the Pricing Date, and with respect to the Russell 2000 Index is 1588.805, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the S&P 500 Index is 2097.0825, which is equal to 75% of its Starting Level, and with respect to the Russell 2000 Index is 1191.60375, which is equal to 75% of its Starting Level.

The “Downside Threshold Level” with respect to the S&P 500 Index is 1398.055, which is equal to 50% of its Starting Level, and with respect to the Russell 2000 Index is 794.4025, which is equal to 50% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 1st day of each March, June, September and December, commencing June 2019 and ending December 2028, and the Final Calculation Day. If any such day is not a Trading Day with respect to either Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is March 1, 2029. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on that day of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange. Notwithstanding the postponement of a Calculation Day for one Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for the other Index if such other Index is not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to an Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute

Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to an Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options

Exchange at any time during the one-hour period that ends at the Close of Trading on that day.

- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.
- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to an Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or

Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and

- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to March 6, 2029. This Security is subject to redemption prior to March 6, 2029 as set forth under “Optional Redemption” above. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500® Index and the Russell 2000® Index due March 6, 2029

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the

Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the EURO STOXX 50[®] Index due March 6, 2029

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is redeemed prior to the Stated Maturity Date as provided below under “Optional Redemption,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Applicable Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Optional Redemption Date (as defined below), if any. The “Initial Stated Maturity Date” shall be March 6, 2029. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Optional Redemption

The Company may, at its option, redeem this Security, in whole but not in part, on any Optional Redemption Date (as defined below) by giving notice to the Holder hereof on or before the Calculation Day (as defined below) immediately preceding that Optional Redemption Date. If this

Security is redeemed, the Holder hereof will receive the Optional Redemption Price (as defined below) plus a final Contingent Coupon Payment (as defined below), if any, on the applicable Optional Redemption Date. Unless the Company defaults in the payment of the Optional Redemption Price plus the final Contingent Coupon Payment, if any, this Security will cease to be outstanding on such Optional Redemption Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Optional Redemption Date. The “Optional Redemption Price” is equal to the Face Amount of this Security. The “Optional Redemption Dates” shall be the Contingent Coupon Payment Dates (as defined below) following each Calculation Day scheduled to occur from September 2019 to December 2028, inclusive.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Optional Redemption Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Applicable Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement. The “Applicable Contingent Coupon Rate” that will apply with respect to any Calculation Day is as follows:

For the Calculation Days scheduled to occur from June 2019 to March 2024:	8.25% per annum
--	-----------------

For the Calculation Days scheduled to occur from June 2024 to March 2029:	12.00% per annum
--	------------------

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person

in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depositary, any payments on this Security will be made to the Depositary by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Optional Redemption Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Optional Redemption Price and Contingent Coupon Payments

If this Security is not redeemed prior to the Stated Maturity Date as provided above under "Optional Redemption," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean each of the S&P 500 Index, the Russell 2000 Index and the EURO STOXX 50 Index.

The “Pricing Date” shall mean February 25, 2019.

The “Lowest Performing Index” for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the S&P 500 Index is 2796.11, its Closing Level on the Pricing Date, with respect to the Russell 2000 Index is 1588.805, its Closing Level on the Pricing Date, and with respect to the EURO STOXX 50 Index is 3280.01, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the S&P 500 Index is 2097.0825, which is equal to 75% of its Starting Level, with respect to the Russell 2000 Index is 1191.60375, which is equal to 75% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2460.0075, which is equal to 75% of its Starting Level.

The “Downside Threshold Level” with respect to the S&P 500 Index is 1398.055, which is equal to 50% of its Starting Level, with respect to the Russell 2000 Index is 794.4025, which is equal to 50% of its Starting Level, and with respect to the EURO STOXX 50 Index is 1640.005, which is equal to 50% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 1st day of each March, June, September and December, commencing June 2019 and ending December 2028, and the Final Calculation Day. If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market

Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is March 1, 2029. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to the S&P 500 Index or the Russell 2000 Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their

respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

A “Trading Day” with respect to the EURO STOXX 50 Index means a day, as determined by the Calculation Agent, on which (i) the relevant Index Sponsor is scheduled to publish the level of the EURO STOXX 50 Index and (ii) each Related Futures or Options Exchange with respect to the EURO STOXX 50 Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute

Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to the S&P 500 Index or the Russell 2000 Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options

Exchange at any time during the one-hour period that ends at the Close of Trading on that day.

- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.
- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the S&P 500 Index or the Russell 2000 Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related

Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and

- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

A “Market Disruption Event” with respect to the EURO STOXX 50 Index means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in such Index or any Successor Equity Index, and the aggregate of all securities included in such Index or Successor Equity Index with respect to which any such event occurs comprise 20% or more of the level of such Index or Successor Equity Index;
- a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or
 - the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.
- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to such Index or any Successor Equity Index:
- a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options

Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;

- any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day; or
 - the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.
- (C) The relevant Index Sponsor fails to publish the level of such Index or any Successor Equity Index (other than as a result of the relevant Index Sponsor having discontinued publication of such Index or Successor Equity Index and no Successor Equity Index being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the EURO STOXX 50 Index:

- (1) the relevant percentage contribution of a security included in such Index or any Successor Equity Index to the level of such Index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the relevant Index Sponsor publishes the level of such Index or any Successor Equity Index and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to March 6, 2029. This Security is subject to redemption prior to March 6, 2029 as set forth under “Optional Redemption” above. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500® Index, the Russell 2000® Index and the EURO STOXX 50® Index due March 6, 2029

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities

represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the S&P 500® Index due August 28, 2026

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is redeemed prior to the Stated Maturity Date as provided below under “Optional Redemption,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Variable Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Optional Redemption Date (as defined below), if any. The “Initial Stated Maturity Date” shall be August 28, 2026. If the Final Observation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Observation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the Final Observation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Optional Redemption

The Company may, at its option, redeem this Security, in whole but not in part, on any Optional Redemption Date by giving notice to the Holder hereof on or before the Observation Period End-Date (as defined below) immediately preceding that Optional Redemption Date. If this Security is redeemed, the Holder hereof will receive the Optional Redemption Price (as defined

below) plus a final Contingent Coupon Payment, if any, on the applicable Optional Redemption Date. Unless the Company defaults in the payment of the Optional Redemption Price plus the final Contingent Coupon Payment, if any, this Security will cease to be outstanding on such Optional Redemption Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Optional Redemption Date. The “Optional Redemption Price” is equal to the Face Amount of this Security. The “Optional Redemption Dates” shall be the Contingent Coupon Payment Dates (as defined below) following each Observation Period End-Date scheduled to occur from February 2020 to July 2026, inclusive.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Optional Redemption Price

On each monthly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment, if any, at a per annum rate equal to the Variable Coupon Rate applicable to the Observation Period (as defined below) immediately preceding such Contingent Coupon Payment Date. A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to the (i) product of the Face Amount of this Security and the Variable Coupon Rate, divided by (ii) 12. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Observation Period End-Date, as each such Observation Period End-Date may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the final Observation Day will be the Stated Maturity Date. If a Contingent Coupon Payment Date is postponed as the result of the occurrence of a non-Trading Day (as defined below) or a Market Disruption Event on the immediately preceding scheduled Observation Period End-Date, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional interest accruing or payable as a result of the postponement. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depositary, any payments on this Security will be made to the Depositary by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Optional Redemption Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Optional Redemption Price and Contingent Coupon Payments

If this Security is not redeemed prior to the Stated Maturity Date as provided above under "Optional Redemption," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level is greater than or equal to the Threshold Level: the Face Amount; or
- if the Ending Level is less than the Threshold Level: the Face Amount minus:

$$\left[\text{Face Amount} \times \frac{\text{Threshold Level} - \text{Ending Level}}{\text{Starting Level}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean the S&P 500 Index.

The "Pricing Date" shall mean February 25, 2019.

The "Starting Level" is 2796.11, the Closing Level of the Index on the Pricing Date.

The "Ending Level" will be the Closing Level of the Index on the Final Observation Day.

The "Threshold Level" is 2236.888, which is equal to 80% of the Starting Level.

The “Closing Level” of the Index on any Trading Day means the official closing level of the Index reported by the Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Market Disruption Events,” “Adjustments to the Index” and “Discontinuance of the Index.”

The “Variable Coupon Rate” applicable to an Observation Period will be determined as follows:

$$\text{Maximum Coupon Rate} \times \frac{\text{Number of Accrual Days During such Observation Period}}{\text{Number of Observation Days during such Observation Period}}$$

An “Accrual Day” is an Observation Day on which the Closing Level of the Index is greater than or equal to the Threshold Level.

The “Maximum Coupon Rate” is 6.10% per annum.

An “Observation Period” will consist of the Observation Days from but excluding a scheduled Observation Period End-Date to and including the following scheduled Observation Period End-Date; *provided* that the first Observation Period will consist of the Observation Days from but excluding the Pricing Date to and including the first scheduled Observation Period End-Date. An “Observation Day” is a day in an Observation Period that is a Trading Day. Each Observation Day during an Observation Period is subject to postponement due to Market Disruption Events as described under “Market Disruption Events” herein. For the avoidance of doubt, if a Market Disruption Event occurs on or is continuing on or a non-Trading Day occurs on an Observation Day that is a scheduled Observation Period End-Date, that Observation Period End-Date and the corresponding Contingent Coupon Payment Date will be postponed as described herein; however, the subsequent Observation Period will commence on such originally scheduled Observation Period End-Date (that is, the postponement of an Observation Period End-Date at the end one Observation Period due to the occurrence or continuation of a Market Disruption Event or non-Trading Day will not change the commencement date of the succeeding Observation Period). In addition, if a Market Disruption Event occurs and is continuing on successive Observation Days, and, as a result, more than one Observation Day is deemed to occur on a single Trading Day, each such Observation Day as so postponed will be counted independently in determining the number of Observation Days in the applicable Observation Period for purposes of calculating the Variable Coupon Rate.

The “Observation Period End-Dates” shall be the 25th day of each month commencing March 2019 and ending August 2026. The “Final Observation Day” is August 25, 2026. If any Observation Period End-Date is not a Trading Day, such Observation Period End-Date will be postponed to the next succeeding Trading Day. An Observation Period End-Date is also subject to postponement due to the occurrence of a Market Disruption Event as provided under “Market Disruption Events.”

“Index Sponsor” shall mean S&P Dow Jones Indices LLC.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying the Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for the Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Index.

Adjustments to the Index

If at any time the method of calculating the Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if the Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to the Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating the Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust the

Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of the Index

If the Index Sponsor discontinues publication of the Index, and the Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that the Index Sponsor discontinues publication of the Index prior to the Final Observation Day, and the Calculation Agent determines that no Successor Equity Index is available on any Observation Day, the Calculation Agent will calculate a substitute Closing Level for the Index for each such Observation Day in accordance with the formula for and method of calculating the Index last in effect prior to the discontinuance, but using only those securities that comprised the Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for the Index, the Successor Equity Index or level will be used as a substitute for the Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on an Observation Day the Index Sponsor fails to calculate and announce the level of the Index, the Calculation Agent will calculate a substitute Closing Level of the Index in accordance with the formula for and method of calculating the Index last in effect prior to the failure, but using only those securities that comprised the Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day, then the provisions set forth above under “Market Disruption Events” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of the Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that

ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.

- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of the Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of the Index or any Successor Equity Index are traded or any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.
- (F) The Relevant Stock Exchange for any security underlying the Index or Successor Equity Index or any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security to the level of the Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such index attributable to that security and (y) the overall level of the Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for the Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying the Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such

Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying the Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to the Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;

- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for the Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for the Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying the Index or any Successor Equity Index and each Related Futures or Options Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

If a Market Disruption Event occurs or is continuing on any Observation Day, such Observation Day will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing. If a Market Disruption Event occurs on a single Observation Day or occurs and is continuing on more than one consecutive Observation Day, that single Observation Day or the first such Observation Day is referred to herein as the “Original Disrupted Day,” and, in the case of a Market Disruption Event occurring or continuing on more than one consecutive Observation Day, each succeeding Observation Day is referred to herein as a “Succeeding Disrupted Day.”

- If a Market Disruption Event occurs or is continuing on fewer than eight consecutive Observation Days, then the first succeeding Trading Day on which a Market Disruption Event has not occurred or is not continuing will be deemed to be the Observation Day for (i) the Observation Day scheduled to occur on such first succeeding Trading Day, (ii) the Original Disrupted Day, and (iii) the Succeeding Disrupted Day(s), if any. As a result, if a Market Disruption Event occurs and is continuing on fewer than eight consecutive Observation Days, and, as a result, more than one Observation Day is deemed to occur on a single Trading Day, each such Observation Day as so postponed will be counted independently in determining the number of Observation Days in the applicable observation period for purposes of calculating the Variable Coupon Rate.
- If an originally scheduled Observation Day has been postponed eight Trading Days and a Market Disruption Event occurs or is continuing on such eighth Trading Day, then such eighth Trading Day will be deemed to be the Observation Day only for the originally scheduled Observation Day that has been postponed to such eighth Trading Day. In such

circumstances, the Calculation Agent will determine the Closing Level of the Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on that day of each security included in the Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange.

For the avoidance of doubt, if a Market Disruption Event occurs on or is continuing on a non-Trading Day occurs on an Observation Day that is a scheduled Observation Period End-Date, that Observation Period End-Date and the corresponding Contingent Coupon Payment Date will be postponed as described herein; however, the subsequent Observation Period will commence on such originally scheduled Observation Period End-Date (that is, the postponement of an Observation Period End-Date at the end one Observation Period due to the occurrence or continuation of a Market Disruption Event or non-Trading Day will not change the commencement date of the succeeding Observation Period). If any Observation Day subject to postponement as described in the preceding paragraph is also the Final Observation Day, for purposes of calculating the Maturity Payment Amount, the Final Observation Day will be so postponed.

Calculation Agent

The Calculation Agent will determine whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Index under the circumstances described in this Security, (ii) if publication of the Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of the Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to August 28, 2026. This Security is subject to redemption prior to August 28, 2026 as set forth under “Optional Redemption” above. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Observation Day and an Observation Period End-Date.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the S&P 500® Index due August 28, 2026

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal

amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable

pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the S&P 500® Index
due August 30, 2021**

WELLS FARGO FINANCE LLC, a limited liability company, duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be August 30, 2021. If the Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Level is greater than the Starting Level: the Face Amount *plus* the lesser of:
 - (i) $\left[\text{Face Amount} \times \left[\frac{\text{Ending Level} - \text{Starting Level}}{\text{Starting Level}} \right] \times \text{Participation Rate} \right]$; and
 - (ii) the Maximum Return;
- if the Ending Level is less than or equal to the Starting Level, but greater than or equal to the Threshold Level: the Face Amount; or
- if the Ending Level is less than the Threshold Level: the Face Amount *minus*:

$$\left[\text{Face Amount} \times \frac{\text{Threshold Level} - \text{Ending Level}}{\text{Starting Level}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the S&P 500® Index.

The “Pricing Date” shall mean February 25, 2019.

The “Starting Level” is 2796.11, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Trading Day means the official closing level of the Index reported by the Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Adjustments to the Index,” “Discontinuance of the Index” and “Market Disruption Events.”

The “Ending Level” will be the Closing Level of the Index on the Calculation Day.

The “Threshold Level” is 2516.499, which is equal to 90% of the Starting Level.

The “Participation Rate” is 200%.

The “Maximum Return” is 20% of the Face Amount of this Security.

“Index Sponsor” shall mean S&P Dow Jones Indices LLC.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Related Futures or Options Exchange” for the Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Index.

The “Relevant Stock Exchange” for any security underlying the Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Calculation Day” shall be August 25, 2021. If such day is not a Trading Day, the Calculation Day will be postponed to the next succeeding Trading Day. The Calculation Day is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below). If a Market Disruption Event occurs or is continuing with respect to the Index on the Calculation Day, such Calculation Day will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day. If the Calculation Day has been postponed eight Trading Days after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Level of the Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on such date of each security included in the Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the

Ending Level and the Maturity Payment Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If at any time the method of calculating the Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if the Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to the Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating the Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust the Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of the Index

If the Index Sponsor discontinues publication of the Index, and the Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the Index Sponsor or any other entity and calculate the Ending Level as described above. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that the Index Sponsor discontinues publication of the Index prior to, and the discontinuance is continuing on, the Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for the Index in accordance with the formula for and method of calculating the Index last in effect prior to the discontinuance, but using only those securities that comprised the Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for the Index, the Successor Equity Index or level will be used as a substitute for the Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on the Calculation Day the Index Sponsor fails to calculate and announce the level of the Index, the Calculation Agent will calculate a substitute Closing Level of the Index in accordance with the formula for and method of calculating the Index last in effect prior to the failure, but using only those securities that comprised the Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day, then the provisions set forth above under the definition of “Calculation Day” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of the Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of the Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of the Index or any Successor Equity Index are traded or any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for

the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying the Index or Successor Equity Index or any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security to the level of the Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for the Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying the Index or Successor Equity Index on such Trading Day; *provided* that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying the Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to the Index or Successor Equity Index, the “close of trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for the Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for the Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying the Index or any Successor Equity Index and each Related Futures or Options Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount and the Ending Level. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Index under the circumstances described in this Security, (ii) if publication of the Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of the Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to August 30, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration was the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred

to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the S&P 500® Index
due August 30, 2021**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Maturity Payment Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Maturity Payment Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the S&P 500® Index
due February 29, 2024**

WELLS FARGO FINANCE LLC, a limited liability company, duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be February 29, 2024. If the Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Level is greater than the Starting Level: the Face Amount *plus*:

$$\left[\text{Face Amount} \times \left[\frac{\text{Ending Level} - \text{Starting Level}}{\text{Starting Level}} \right] \times \text{Participation Rate} \right]$$

- if the Ending Level is less than or equal to the Starting Level, but greater than or equal to the Threshold Level: the Face Amount; or
- if the Ending Level is less than the Threshold Level: the Face Amount *minus*:

$$\left[\text{Face Amount} \times \frac{\text{Threshold Level} - \text{Ending Level}}{\text{Starting Level}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the S&P 500® Index.

The “Pricing Date” shall mean February 25, 2019.

The “Starting Level” is 2796.11, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Trading Day means the official closing level of the Index reported by the Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Adjustments to the Index,” “Discontinuance of the Index” and “Market Disruption Events.”

The “Ending Level” will be the Closing Level of the Index on the Calculation Day.

The “Threshold Level” is 2125.0436, which is equal to 76% of the Starting Level.

The “Participation Rate” is 100%.

“Index Sponsor” shall mean S&P Dow Jones Indices LLC.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Related Futures or Options Exchange” for the Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Index.

The “Relevant Stock Exchange” for any security underlying the Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Calculation Day” shall be February 26, 2024. If such day is not a Trading Day, the Calculation Day will be postponed to the next succeeding Trading Day. The Calculation Day is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below). If a Market Disruption Event occurs or is continuing with respect to the Index on the Calculation Day, such Calculation Day will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day. If the Calculation Day has been postponed eight Trading Days after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Level of the Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on such date of each security included in the Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Ending Level and the Maturity Payment Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance

of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If at any time the method of calculating the Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if the Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to the Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating the Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust the Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of the Index

If the Index Sponsor discontinues publication of the Index, and the Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the Index Sponsor or any other entity and calculate the Ending Level as described above. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that the Index Sponsor discontinues publication of the Index prior to, and the discontinuance is continuing on, the Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for the Index in accordance with the formula for and method of calculating the Index last in effect prior to the discontinuance, but using only those securities that comprised the Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for the Index, the Successor Equity Index or level will be used as a substitute for the Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on the Calculation Day the Index Sponsor fails to calculate and announce the level of the Index, the Calculation Agent will calculate a substitute Closing Level of the Index in accordance with the formula for and method of calculating the Index last in effect prior to the failure, but using only those securities that comprised the Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day, then the

provisions set forth above under the definition of “Calculation Day” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of the Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of the Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of the Index or any Successor Equity Index are traded or any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options

Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying the Index or Successor Equity Index or any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security to the level of the Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for the Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying the Index or Successor Equity Index on such Trading Day; *provided* that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying the Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to the Index or Successor Equity Index, the “close of trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for the Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for the Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying the Index or any Successor Equity Index and each Related Futures or Options Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount and the Ending Level. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Index under the circumstances described in this Security, (ii) if publication of the Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of the Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to February 29, 2024. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration was the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred

to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the S&P 500® Index
due February 29, 2024**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Maturity Payment Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Maturity Payment Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the Nasdaq-100 Index[®] due February 29, 2024

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is redeemed prior to the Stated Maturity Date as provided below under “Optional Redemption,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Optional Redemption Date (as defined below), if any. The “Initial Stated Maturity Date” shall be February 29, 2024. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Optional Redemption

The Company may, at its option, redeem this Security, in whole but not in part, on any Optional Redemption Date (as defined below) by giving notice to the Holder hereof on or before the Calculation Day (as defined below) immediately preceding that Optional Redemption Date. If this

Security is redeemed, the Holder hereof will receive the Optional Redemption Price (as defined below) plus a final Contingent Coupon Payment (as defined below), if any, on the applicable Optional Redemption Date. Unless the Company defaults in the payment of the Optional Redemption Price plus the final Contingent Coupon Payment, if any, this Security will cease to be outstanding on such Optional Redemption Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Optional Redemption Date. The “Optional Redemption Price” is equal to the Face Amount of this Security. The “Optional Redemption Dates” shall be the Contingent Coupon Payment Dates (as defined below) following each Calculation Day scheduled to occur from February 2020 to November 2023, inclusive.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Optional Redemption Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on the related Calculation Day is greater than or equal to its Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 5.40% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depositary, any payments on this Security will be made to the Depositary by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Optional Redemption Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Optional Redemption Price and Contingent Coupon Payments

If this Security is not redeemed prior to the Stated Maturity Date as provided above under "Optional Redemption," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the S&P 500 Index, the Russell 2000 Index and the Nasdaq-100 Index.

The "Pricing Date" shall mean February 25, 2019.

The "Lowest Performing Index" for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the S&P 500 Index is 2796.11, its Closing Level on the Pricing Date, with respect to the Russell 2000 Index is 1588.805, its Closing Level on the Pricing Date, and with respect to the Nasdaq-100 Index is 7115.426, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Threshold Level” with respect to the S&P 500 Index is 1677.666, which is equal to 60% of its Starting Level, with respect to the Russell 2000 Index is 953.283, which is equal to 60% of its Starting Level, and with respect to the Nasdaq-100 Index is 4269.2556, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 26th day of each February, May, August and November, commencing May 2019 and ending November 2023, and the Final Calculation Day. If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is February 26, 2024. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any

relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on that day of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to an Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the

good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to an Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity

Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.

- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.
- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to an Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to February 29, 2024. This Security is subject to redemption prior to February 29, 2024 as set forth under “Optional Redemption” above. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500® Index, the Russell 2000® Index and the Nasdaq-100 Index® due February 29, 2024

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities

represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

Ladies and Gentlemen:

We have acted as counsel for Wells Fargo & Company, a Delaware corporation (the “Company”), in connection with (i) the preparation of a Registration Statement on Form S-3, as amended, File No. 333-221324 (the “Registration Statement”) of the Company filed with the Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Securities Act”), relating to the proposed offer and sale from time to time of the securities referred to therein; (ii) Pricing Supplement No. 232 dated February 25, 2019 to the Market Measure Supplement dated May 18, 2018 (the “Market Measure Supplement”), the Prospectus Supplement dated January 24, 2018 (the “Series S Prospectus Supplement”) and the Prospectus dated April 27, 2018 (the “Prospectus”) relating to the offer and sale by the Company under the Registration Statement of \$1,198,000 aggregate face amount of Medium-Term Notes, Series S, Principal at Risk Securities Linked to the Russell 2000® Index due March 2021; (iii) Pricing Supplement No. 233 dated February 25, 2019 to the Market Measure Supplement, the Series S Prospectus Supplement and the Prospectus relating to the offer and sale by the Company under the Registration Statement of \$425,000 aggregate face amount of Medium-Term Notes, Series S, Principal at Risk Securities Linked to the Vanguard® Extended Market ETF due March 2, 2021 (the Medium-Term Notes described in clauses (ii) – (iii) being herein referred to as the “Series S Notes”); and (iv) Pricing Supplement No. 40 dated February 26, 2019 to the Series T Prospectus Supplement dated January 24, 2018 and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$56,020,000 aggregate principal amount of Medium-Term Notes, Series T, Notes due February 28, 2031 (the Medium-Term Notes described in clause (iv) being herein referred to as the “Series T Notes” and together with the Series S Notes, the “Notes”). The Notes are to be issued under the Indenture dated as of February 21, 2017 (the “Indenture”) entered into by the Company and Citibank, N.A., as trustee, and sold pursuant to the Series S Terms Agreement dated February 25, 2019 (the “Series S Terms Agreement”) or the Series T Terms Agreement dated February 26, 2019 (the “Series T Terms Agreement”), as applicable, between the Company and the Agent named therein.

We have examined such documents, records and instruments as we have deemed necessary or appropriate for the purposes of this opinion.

Based on the foregoing, we are of the opinion that the Notes have been duly authorized and, when duly executed by the Company, authenticated in accordance with the provisions of the Indenture, and delivered to and paid for by the Agent pursuant to the Series S Terms Agreement or the Series T Terms Agreement, as applicable, the Notes will constitute valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms subject to applicable bankruptcy, reorganization, insolvency, moratorium, fraudulent conveyance, receivership or other laws affecting creditors' rights generally from time to time in effect and subject to general equity principles including, without limitation, concepts of materiality, reasonableness, good faith, fair dealing and the possible unavailability of specific performance, injunctive relief or other equitable remedies (regardless of whether enforceability is considered in a proceeding in equity or at law) and except further as enforcement thereof may be limited by any governmental authority that limits, delays or prohibits the making of payments outside of the United States. As contemplated by the foregoing qualifications, in rendering the foregoing opinion, we are expressing no opinion as to Federal or state laws relating to fraudulent transfers. Without limiting any other qualifications set forth herein, the opinions expressed herein are subject to the effect of generally applicable laws that limit the waiver of rights under usury laws.

We have relied as to certain relevant facts upon certificates of, and/or information provided by, officers and employees of the Company as to the accuracy of such factual matters without independent verification thereof or other investigation. We have also relied, without investigation, upon the following assumptions: (i) natural persons acting on behalf of the Company have sufficient legal capacity to enter into and perform, on behalf of the Company, the transaction in question; (ii) each party to agreements or instruments relevant hereto other than the Company has satisfied those legal requirements that are applicable to it to the extent necessary to make such agreements or instruments enforceable against it; (iii) each party to agreements or instruments relevant hereto other than the Company has complied with all legal requirements pertaining to its status as such status relates to its rights to enforce such agreements or instruments against the Company; and (iv) each document submitted to us for review is accurate and complete, each such document that is an original is authentic, each such document that is a copy conforms to an authentic original, and all signatures on each such document are genuine.

The opinions expressed herein are limited to the specific issues addressed and to documents and laws existing on the date hereof. By rendering our opinion, we do not undertake to advise you with respect to any other matter or of any change in such documents and laws or in the interpretation thereof which may occur after the date hereof.

Our opinions set forth herein are limited to the laws of the State of New York, the General Corporation Law of the State of Delaware and the federal laws of the United States of America, and we are expressing no opinion as to the effect of any other laws.

We hereby consent to the filing of this opinion as an exhibit to a Current Report on Form 8-K of the Company filed with the Commission and thereby incorporated by reference into the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act.

Very truly yours,

Ladies and Gentlemen:

We have acted as counsel for Wells Fargo Finance LLC, a Delaware limited liability company (the “Company”), and Wells Fargo & Company, a Delaware corporation (the “Guarantor”), in connection with (i) the preparation of a Registration Statement on Form S-3, as amended, File Nos. 333-221324 and 333-221324-01 (the “Registration Statement”) of the Company and the Guarantor filed with the Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Securities Act”), relating to the proposed offer and sale from time to time of the securities referred to therein; (ii) Pricing Supplement No. 15 dated February 25, 2019 to the Market Measure Supplement dated May 18, 2018 (the “Market Measure Supplement”), the Series A Prospectus Supplement dated May 18, 2018 (the “Series A Prospectus Supplement”) and the Prospectus dated April 27, 2018 (the “Prospectus”), relating to the offer and sale by the Company under the Registration Statement of \$565,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the EURO STOXX 50[®] Index due March 6, 2029, fully and unconditionally guaranteed by the Guarantor; (iii) Pricing Supplement No. 16 dated February 25, 2019 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$2,750,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index and the Russell 2000[®] Index due March 6, 2029; (iv) Pricing Supplement No. 17 dated February 25, 2019 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$119,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the EURO STOXX 50[®] Index due March 6, 2029; (v) Pricing Supplement No. 18 dated February 25, 2019 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus,

relating to the offer and sale by the Company under the Registration Statement of \$4,500,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the S&P 500[®] Index due August 28, 2026; (vi) Pricing Supplement No. 19 dated February 25, 2019 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$311,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the S&P 500[®] Index due August 30, 2021; (vii) Pricing Supplement No. 20 dated February 25, 2019 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$196,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the S&P 500[®] Index due February 29, 2024; and (viii) Pricing Supplement No. 24 dated February 25, 2019 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$470,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the S&P 500 Index, the Russell 2000 Index and the Nasdaq-100 Index due February 29, 2024 (the Medium-Term Notes described in clauses (ii) – (viii) being herein referred to as the “Notes”). The Notes are to be issued under the Indenture dated as of April 25, 2018 (the “Indenture”) among the Company, the Guarantor and Citibank, N.A., as trustee, and will be fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture (the “Guarantee”). The Notes will be sold pursuant to the Terms Agreement dated February 25, 2019 (the “Terms Agreement”) among the Company, the Guarantor and the Agent named therein.

We have examined such documents, records and instruments as we have deemed necessary or appropriate for the purposes of this opinion.

Based on the foregoing, we are of the opinion that the Notes and the Guarantee have been duly authorized by the Company or the Guarantor, as applicable, and, when the Notes are duly executed by the Company, authenticated in accordance with the provisions of the Indenture, and delivered to and paid for by the Agent pursuant to the Terms Agreement, the Notes and the Guarantee will constitute valid and legally binding obligations of the Company or the Guarantor, as applicable, enforceable against the Company or the Guarantor, as applicable, in accordance with their terms subject to applicable bankruptcy, reorganization, insolvency, moratorium, fraudulent conveyance, receivership or other laws affecting creditors’ rights generally from time to time in effect and subject to general equity principles including, without limitation, concepts of materiality, reasonableness, good faith, fair dealing and the possible unavailability of specific performance, injunctive relief or other equitable remedies (regardless of whether enforceability is considered in a proceeding in equity or at law) and except further as enforcement thereof may be limited by any governmental authority that limits, delays or prohibits the making of payments outside of the United States. As contemplated by the foregoing qualifications, in rendering the foregoing opinion, we are expressing no opinion as to Federal or state laws relating to fraudulent transfers. Without limiting any other qualifications set forth herein, the opinions expressed herein are subject to the effect of generally applicable laws that (i) limit the waiver of rights under usury laws; (ii) provide that, in the absence of an effective waiver or consent, a guarantor may be discharged from its guaranty, to the extent the guaranteed obligations are modified or

other action or inaction increases the scope of the guarantor's risk or otherwise detrimentally affects the guarantor's interests, such as by negligently administering the guaranteed obligations, or releasing the primary obligor from the guaranteed obligations; or (iii) permit a guarantor to revoke a guaranty with respect to guaranteed obligations incurred after the revocation, notwithstanding the absence of an express right of revocation in the document providing for such guaranty.

We have relied as to certain relevant facts upon certificates of, and/or information provided by, officers and employees of the Company and the Guarantor as to the accuracy of such factual matters without independent verification thereof or other investigation. We have also relied, without investigation, upon the following assumptions: (i) natural persons acting on behalf of the Company and the Guarantor have sufficient legal capacity to enter into and perform, on behalf of the Company or the Guarantor, the transaction in question; (ii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has satisfied those legal requirements that are applicable to it to the extent necessary to make such agreements or instruments enforceable against it; (iii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has complied with all legal requirements pertaining to its status as such status relates to its rights to enforce such agreements or instruments against the Company or the Guarantor; (iv) each document submitted to us for review is accurate and complete, each such document that is an original is authentic, each such document that is a copy conforms to an authentic original, and all signatures on each such document are genuine; and (v) the Notes and the Guarantee are necessary or convenient to the conduct, promotion or attainment of the business of the Company and the Guarantor.

The opinions expressed herein are limited to the specific issues addressed and to documents and laws existing on the date hereof. By rendering our opinion, we do not undertake to advise you with respect to any other matter or of any change in such documents and laws or in the interpretation thereof which may occur after the date hereof.

Our opinions set forth herein are limited to the laws of the State of New York, the General Corporation Law of the State of Delaware, the Delaware Limited Liability Company Act and the federal laws of the United States of America, and we are expressing no opinion as to the effect of any other laws.

We hereby consent to the filing of this opinion as an exhibit to a Current Report on Form 8-K of the Company filed with the Commission and thereby incorporated by reference into the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act.

Very truly yours,
