

NatWest Group plc

*(incorporated in Scotland with limited liability under the Companies Acts 1948 to 1980,
registered number SC045551)*

£40,000,000,000 Euro Medium Term Note Programme

Under this £40,000,000,000 Euro Medium Term Note Programme, (the "**Programme**"), NatWest Group plc (the "**Issuer**" or "**NatWest Group**") may, subject to compliance with all relevant laws, regulations and directives, from time to time, issue notes (the "**Notes**") denominated in any currency agreed by the Issuer and the relevant Dealer(s) (as defined below). The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed £40,000,000,000 (or its equivalent in other currencies, subject to increase as provided herein). Notes to be issued under the Programme may comprise (i) unsubordinated Notes (the "**Ordinary Notes**") and (ii) Notes which are subordinated as described herein with a maturity date and with terms capable of qualifying as Tier 2 Capital (as defined herein) (the "**Tier 2 Notes**").

The requirement to publish a prospectus under Regulation (EU) 2017/1129 as it forms part of domestic law of the United Kingdom (the "**UK**") by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") (the "**Prospectus Regulation**") applies to Notes which are to be admitted to trading on a UK regulated market (as defined in Regulation (EU) No. 600/2014 as its forms part of domestic law of the UK by virtue of the EUWA ("**UK MiFIR**") and/or offered to the public in the UK other than in circumstances where an exemption is available under Article 1(4) and/or Article 3(2) of the Prospectus Regulation. References in this Prospectus to "**Exempt Notes**" are to Notes for which no prospectus is required to be published under the Prospectus Regulation or under the United Kingdom Financial Services and Markets Act 2000 (as amended, the "**FSMA**"). **Information contained in this Prospectus regarding Exempt Notes shall not be deemed to form part of this Prospectus and the FCA (as defined below) has neither approved nor reviewed information contained in this Prospectus in connection with Exempt Notes.**

The Notes may be issued on a continuing basis to one or more of the Dealers specified below and any additional Dealer appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis (each a "**Dealer**" and together the "**Dealers**").

This Prospectus has been approved by the Financial Conduct Authority ("**FCA**") as competent authority under the Prospectus Regulation. The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of the Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes. This Prospectus is valid for a period of twelve months from the date of approval.

Application has been made to the FCA for Notes (other than Exempt Notes) issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the Official List of the FCA (the "**Official List**") and to the London Stock Exchange plc (the "**London Stock Exchange**") for such Notes to be admitted to trading on the London Stock Exchange's Main Market (the "**Market**"). References in this Prospectus to Notes (other than Exempt Notes) being "listed" (and all related references) shall mean that such Notes have been admitted to trading on the Market and have been admitted to the Official List. The Programme provides that Exempt Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or markets as may be agreed between the Issuer and the relevant Dealer(s). The Issuer may also issue unlisted Exempt Notes and/or Exempt Notes not admitted to trading on any market. In the case of Exempt Notes, the applicable Pricing Supplement (as defined below) will state whether or not the relevant Notes will be listed and/or admitted to trading.

Other than in the case of the Exempt Notes, notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of such Notes, the issue price of such Notes and other information which is applicable to each Tranche of such Notes will be set out in a final terms document (the "**Final Terms**") which will be delivered to the FCA and the London Stock Exchange on or before the date of issue of the Notes of such Tranche. In the case of Exempt Notes, notice of the aggregate nominal amount, interest (if any) payable in respect of such Notes, the issue price of such Notes and other information which is applicable to each Tranche of Exempt Notes will be set out in a pricing supplement document (the "**Pricing Supplement**"). Accordingly, in the case of Exempt Notes, each reference in this Prospectus to the applicable Final Terms shall be read and construed as a reference to the applicable Pricing Supplement unless the context requires otherwise.

Prospective investors should ensure that they understand the nature of the relevant Notes and the extent of their exposure to risks and that they consider the suitability of the relevant Notes as an investment in the light of their own circumstances and financial condition. It is the responsibility of prospective purchasers to ensure that they have sufficient knowledge, experience and professional advice to make their own legal, financial, tax, accounting and other business evaluation of the merits and risks of investing in the Notes and are not relying on the advice of the Issuer, the Trustee (as defined herein) or any Dealer in that regard. Prospective investors should consider carefully the risks set forth herein under "Risk Factors" prior to making investment decisions with respect to the Notes.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the terms and conditions of the Notes herein, in which event, in the case of Notes (other than Exempt Notes) and if appropriate, a drawdown prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes. In the case of listed Exempt Notes only and if appropriate, a supplementary prospectus or drawdown prospectus will be published which will describe the effect of the agreement reached in relation to such Notes, or such additional terms will be set out in the applicable Pricing Supplement.

As at the date of this Prospectus: (i) long-term senior obligations of the Issuer are rated "A-" by S&P Global Ratings UK Limited ("**S&P**"), "A3" by Moody's Investors Service Ltd. ("**Moody's**"), "A+" by Fitch Ratings Limited ("**Fitch**") and "A+" by Japan Credit Rating Agency, Ltd. ("**JCR**"); and (ii) short-term obligations of the Issuer are rated "A-2" by S&P, "P-2" by Moody's and "F1" by Fitch. For further information on the meanings of these credit ratings please see the definitions set forth herein under "**General Information – Credit Ratings**". Notes issued under the Programme may be rated or unrated. When an issue of a certain Series of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme (if any) and such rating may be specified in the applicable Final Terms. Fitch, Moody's and S&P are established in the UK and registered under Regulation (EC) No 1060/2009 on credit rating agencies, as it forms part of domestic law of the UK by virtue of the EUWA (the "**CRA Regulation**"). Fitch, Moody's and S&P appear on the latest update of the list of registered credit rating agencies on the FCA's Financial Services Register. Fitch, Moody's and S&P have not been certified under the EU CRA Regulation (as defined below). The ratings Fitch, Moody's and S&P have given to the Notes to be issued under the Programme are endorsed by Fitch Ratings Ireland Limited, Moody's Deutschland GmbH and S&P Global Ratings Europe Limited, respectively, each of which is established in the EEA and registered under Regulation (EC) No. 1060/2009 (the "**EU CRA Regulation**"). JCR is not established in the EEA or in the UK but is certified under the EU CRA Regulation and the UK CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The Notes are not deposit liabilities of the Issuer and are not covered by the UK Financial Services Compensation Scheme or any other governmental entity of the UK or any other jurisdiction.

This Prospectus (excluding the section headed "Form of Pricing Supplement") comprises a base prospectus for the purposes of the Prospectus Regulation in respect of Notes other than Exempt Notes. This Prospectus has also been prepared for the purpose of giving information with regard to the Issuer and its subsidiaries, which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer, the rights attaching to the Notes and the reasons for any issuance of Notes and its impact on the Issuer.

The Issuer accepts responsibility for the information contained in this Prospectus and the section headed "*Form of Pricing Supplement*", and to the best of its knowledge, the information contained in this Prospectus and the section headed "*Form of Pricing Supplement*" is in accordance with the facts and this Prospectus makes no omission likely to affect its import.

Notes (other than CMU Notes (as defined below) and CDS Notes (as defined below)) may be issued in bearer or registered form (respectively "**Bearer Notes**" and "**Registered Notes**"). CMU Notes may only be issued in bearer form and CDS Notes may only be issued in registered form.

Each Tranche of Bearer Notes will be initially represented by a temporary global Note in bearer form (a "**Temporary Bearer Global Note**") or, if so specified in the applicable Final Terms, a permanent global Note in bearer form (a "**Permanent Bearer Global Note**" and, together with a Temporary Bearer Global Note, each a "**Bearer Global Note**") which, in either case, will (i) if the Bearer Global Notes are intended to be issued in new global note ("NGN") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**"); (ii) if the Bearer Global Notes are not intended to be issued in NGN form ("**CGN**"), as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "**Common Depositary**") for Euroclear and Clearstream, Luxembourg; and (iii) if the Bearer Global Notes are intended to be cleared through the Central Moneymarkets Unit Service ("**CMU**") operated by the Hong Kong Monetary Authority (the "**CMU Operator**"), as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a sub-custodian for the CMU (such Bearer Notes initially cleared through the CMU, the "**CMU Notes**"). A Temporary Bearer Global Note will be exchangeable for either a Permanent Bearer Global Note or Bearer Notes in definitive form, in each case as specified in the applicable Final Terms, and in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. A Permanent Bearer Global Note will be exchangeable for definitive Bearer Notes, in whole or, in the circumstances described in "*Form of the Notes*" below, in part, upon either (a) 60 days' notice given at any time or (b) only upon the occurrence of an Exchange Event (as defined in "*Form of the Notes*" below).

Each Tranche of Registered Notes will be initially represented by a global note in registered form (a "**Registered Global Note**" and, together with a Bearer Global Note, a "**Global Note**") which will (i) if the Registered Global Note is intended to be held under the new safe-keeping structure (the "**NSS**") be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg and registered in the name of a nominee of the Common Safekeeper for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms; (ii) if the Registered Global Note is not intended to be held under the NSS and limb (iii) does not apply, be delivered on or prior to the original issue date of the Tranche to the Common Depositary for Euroclear and Clearstream, Luxembourg and registered in the name of the nominee for the Common Depositary of Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms; and (iii) if the Registered Global Notes are intended to be cleared through CDS Clearing and Depository Services Inc. ("**CDS**"), as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to CDS and registered in the name of CDS & CO. (or such other name as is requested by an authorised representative of CDS) as nominee of CDS (such Registered Notes, initially cleared through CDS, the "**CDS Notes**"). A Registered Global Note will be exchangeable, in whole but not in part, for definitive Registered Notes only upon the occurrence of an Exchange Event (as defined in "*Form of the Notes*" below).

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and Bearer Notes are (unless (i) the applicable Final Terms indicate that the Limited Exchange Event as defined in "*Form of the Notes*" applies and (ii) the Bearer Notes are treated as issued in registered form for U.S. federal income tax purposes) subject to U.S. tax law requirements under the U.S. Tax Equity and Fiscal Responsibility Act of 1982. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see "*Subscription and Sale*" below).

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*" below). This Prospectus shall be read and construed on the basis that such documents are so incorporated and form part of this Prospectus.

None of the Dealers, the Agents and the Trustee has separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by any of the Dealers, the Agents or the Trustee as to the accuracy or completeness of the information contained in this Prospectus or any financial statements or any other information provided by the Issuer in connection with the Programme or the Notes.

None of the Dealers, nor the Issuer accepts any responsibility for any social, environmental and/or sustainability assessment of any Notes issued as a Green, Social or Sustainability Note or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels (including in relation to, but not limited to, Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "**EU Taxonomy Regulation**") and any related technical screening criteria, the "EuGB" label or the optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds under Regulation (EU) 2023/2631 (the "**EU Green Bond Regulation**"), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (the "**SFDR**") and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any requirements of such labels or any market standards or guidance as they may evolve from time to time. None of the Dealers is responsible for (i) the use or allocation of proceeds for any Notes issued as a Green, Social or Sustainability Note, (ii) the impact, monitoring or reporting in respect of such use or allocation of proceeds or (iii) the alignment of any Notes issued as a Green, Social or Sustainability Note with the Framework (as defined in "*Use of Proceeds*" below) or alignment of the Framework with any market standards or guidance. None of the Dealers undertake to ensure that there are at any time sufficient Eligible Assets (as defined in "*Risk Factors – Notes issued with a specific use of proceeds, such as Green, Social or Sustainability Notes may not meet investor expectations or requirements*" below) to allow for allocation of a sum equal to the net proceeds of the issue of such Notes issued as a Green, Social or Sustainability Note in full.

In addition none of the Dealers is responsible for the assessment of the Framework including the assessment of the applicable eligibility criteria in relation to Notes issued as a Green, Social or Sustainability Note set out in therein. Sustainalytics has issued an independent opinion, dated 5 December 2022, on the Framework (the "**Second Party Opinion**"). The Second Party Opinion provides an opinion on certain environmental and related considerations and is not intended to address any credit, market or other aspects of an investment in any Notes, including without limitation market price, marketability, investor preference or suitability of any security. The Second Party Opinion is a statement of opinion, not a statement of fact. No representation or assurance is given by the Dealers or by the Issuer as to the suitability or reliability of any opinion, review or certification (including any post-issuance reports prepared by an external reviewer) of any third party made available in connection with an issue of Notes issued as a Green, Social or Sustainability Note. As at the date of this Prospectus, the providers of such opinions, reviews, certifications and post-issuance reports are not subject to any specific regulatory or other regime or oversight. Whilst the EU Green Bond Regulation will introduce a supervisory regime of external reviewers of "European Green Bonds" this is not due to take full effect until 21 June 2026 and would not apply to external reviewers in respect of Notes issued as a Green, Social or Sustainability Note.

The Second Party Opinion and any other such opinion, review, certification or post-issuance report is not, nor should be deemed to be, a recommendation by any Dealer or the Issuer to buy, sell or hold any such Notes and is current only as of the date it is issued. Prospective investors must determine for themselves the relevance of the Second Party Opinion and any opinion, review, certification or post-issuance report and/or the information contained therein. The criteria and/or considerations that form the basis of the Second Party Opinion or any other opinion, review, certification or post-issuance report may change at any time and the Second Party Opinion or any other opinion, review, certification or post-issuance report may be amended, updated, supplemented, replaced and/or withdrawn. The Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Prospectus. None of the Framework, the Second Party Opinion and any other such opinion, review, certification or post-issuance report forms part of, or is incorporated by reference in, this Prospectus.

In the event any such Notes are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Dealers or by the Issuer that such listing or admission will be obtained or maintained for the lifetime of the Notes or that any such listing or admission will meet any criteria that an investor may require.

No person has been authorised to give any information or to make any representation not contained in or which is inconsistent with this Prospectus (including the information incorporated by reference herein) and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, any of the Dealers, the Agents or the Trustee.

This Prospectus (including the information incorporated by reference herein) (i) is not intended to provide the basis of any credit or other evaluation and (ii) should not be considered as a recommendation or a statement of opinion (or a report of either of those things) by the Issuer, any of the Dealers, the Agents or the Trustee that any recipient of this Prospectus (including the information incorporated by reference herein) should purchase any Notes. Prospective investors should have regard to the factors described under, and referred to in, the section headed "*Risk Factors*" in this Prospectus. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. This Prospectus (including the information incorporated by reference herein) does not constitute an offer or invitation by or on behalf of the Issuer, any of the Dealers, the Agents or the Trustee to any person to subscribe for or to purchase any Notes.

The delivery of this Prospectus does not at any time imply that the information contained in this Prospectus (including the information incorporated by reference herein) concerning the Issuer is correct at any time subsequent to the date of this Prospectus. The Dealers, the Agents and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer or any of its subsidiaries during the life of the Programme.

The Issuer, the Dealers, the Agents and the Trustee do not represent that this Prospectus may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers, the Agents or the Trustee which is intended to permit distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations, and the Dealers have represented accordingly.

This Prospectus has been prepared on the basis that any offer of Notes must be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly

any person making or intending to make an offer of Notes which are the subject of an offering contemplated in this Prospectus as completed by final terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Prospectus and/or the offer or sale of Notes in the United States of America, the UK, the EEA, Australia, Japan, Hong Kong, the PRC (as defined below), France, Singapore, Switzerland, Canada, South Korea and Taiwan (see "*Subscription and Sale*" below).

All references in this Prospectus to "**euro**", "**€**" and "**EUR**" refer to the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty on the Functioning of the European Union as amended, those to "**Japanese Yen**" refer to the lawful currency of Japan, those to "**Sterling**" and "**£**" refer to the lawful currency of the UK, those to "**Australian dollars**" and "**A\$**" refer to the lawful currency of Australia, those to "**CNY**" or "**Renminbi**" refer to the lawful currency of the PRC, those to "**C\$**" or "**Canadian dollars**" refer to the lawful currency of Canada and those to "**United States dollars**" refer to the lawful currency of the United States of America.

All references in this Prospectus to "**PRC**" are to the People's Republic of China, which for the purpose of this Prospectus shall exclude the Hong Kong Special Administrative Region of the People's Republic of China, the Macao Special Administrative Region of the People's Republic of China and Taiwan.

All references in this Prospectus to "**Group**" are to NatWest Group plc and its subsidiaries consolidated in accordance with International Financial Reporting Standards.

Notes may not be a suitable investment for all investors. Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement and all information contained in the applicable Final Terms;**
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;**
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;**
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with any relevant indices and financial markets, as well as with the resolution regime applicable to the Issuer and the Group, including the possibility that the Notes may become subject to write-down or conversion if the powers of the Resolution Authority are exercised;**
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and**

- (vi) understand the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the relevant Notes.

Some Notes are complex financial instruments and carry with them a high risk. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone instruments. They purchase complex financial instruments as a way to enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Each potential investor should consult its own financial and legal advisers about the risks entailed by an investment in any Notes with returns that are calculated with reference to a variable and the suitability of such Notes in light of the potential investor's particular circumstances.

An investment in the Notes may give rise to higher yields than a bank deposit placed with a deposit-taking entity in the Group (a "Bank Deposit"). However, an investment in the Notes carries risks which are very different from the risk profile of a Bank Deposit. The Notes are expected to have greater liquidity than a Bank Deposit since Bank Deposits are generally not transferable. However, the Notes may have no established trading market when issued, and one may never develop. See further "*Risk Factors – Risk Factors relating to the Notes - Risks relating to the market generally – The secondary market generally*". In addition, payments on Tier 2 Notes are subordinated obligations of the Issuer. Investments in the Notes do not benefit from any protection provided pursuant to Directive 2014/49/EU of the European Parliament and of the Council on deposit guarantee schemes or any UK deposit guarantee schemes. Therefore, if the Issuer becomes insolvent or defaults on its obligations, investors investing in such Notes in a worst case scenario could lose their entire investment. Further, under the Banking Act 2009, as amended (the "Banking Act"), holders of the Notes may be subject to write-down or conversion into equity on any application of the general bail-in tool and non-viability loss absorption, which may result in such holders losing some or all of their investment. See further "*Risk Factors – Risk Factors relating to the Notes – Risks related to the structure of a particular issue of Notes – The Notes may be written down or converted into ordinary shares*".

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

In connection with the issue of any Tranche of Notes, one or more relevant Dealers (if any) (the "Stabilisation Manager(s)") (or any person acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, "**MiFID II**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID II Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers (in each case, in such capacity) nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product Governance Rules (as defined below) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance rules set out in the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers (in each case, in such capacity) nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

IMPORTANT – EEA RETAIL INVESTORS - If the applicable Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended, the "**EU PRIIPs Regulation**"), for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS - If the applicable Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) 2017/565 as it forms part of domestic law of the UK by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of UK MiFIR. Consequently no key information document required by Regulation (EU) No. 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**"), for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Benchmarks Regulation – Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 as it forms part of domestic law of the UK by virtue of the EUWA (the "**Benchmarks Regulation**"). If any such reference rate does constitute such a benchmark, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the FCA pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmarks Regulation. Transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Final Terms. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

HONG KONG – Investors in Hong Kong should not purchase the Notes in the primary or secondary markets unless they are professional investors (as defined in the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) (the "**SFO**") and any subsidiary legislations or rules made under the SFO, "**Hong Kong Professional Investors**") and understand the risks involved. The Notes are generally not suitable for retail investors in Hong Kong.

The Hong Kong Monetary Authority (the "**HKMA**") has issued guidance on enhanced investor protection measures on the sale and distribution of debt instruments with loss-absorption features (such as the Notes) and related products (the "**HKMA Circular**"). Under the HKMA Circular, debt instruments with loss absorption features, being subject to the risk of being written-down or converted to ordinary shares, and investment products that invest mainly in, or whose returns are closely linked to the performance of such instruments (together, "**Loss Absorption Products**"), are to be targeted in Hong Kong at Hong Kong Professional Investors only and are generally not suitable for retail investors in either the primary or secondary markets.

NOTICE TO CANADIAN INVESTORS – The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Prospectus (including any supplement or amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal adviser.

Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or by a credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the CRA Regulation or by a credit rating agency which is certified under the CRA Regulation will be disclosed in the applicable Final Terms. Status of Ordinary Notes

Ordinary Notes (as described in Condition 3(a)) will constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer and (save to the extent that laws affecting creditors' rights generally in a bankruptcy, winding up or administration may give preference to any of such other obligations) equally with all other present and future unsecured and unsubordinated obligations of the Issuer.

Waiver of set-off and netting – Ordinary Notes

Subject to applicable law, no holder of any Ordinary Notes or the Coupons relating thereto (if any) nor the Trustee may exercise or claim any right of set-off or netting in respect of any amount owed to it by the Issuer arising under or in connection with the Ordinary Notes or the Coupons relating thereto, and each Ordinary Noteholder or Ordinary Couponholder shall, by virtue of its subscription, purchase or holding of any Ordinary Note or Coupon, be deemed to have waived all such rights of set-off and netting.

Status of Tier 2 Notes

Tier 2 Notes (as described in Condition 3(b)) will constitute unsecured and subordinated obligations of the Issuer and the holders of Tier 2 Notes will, in the event of the Winding Up or a Qualifying Procedure of the Issuer, be subordinated in the manner provided in the Trust Deed and as specified in Condition 3(b) to the claims of all Senior Creditors but shall rank at least *pari passu* with the claims of Parity Creditors and with the claims of holders of all other subordinated obligations of the Issuer which by law rank, or by their terms are expressed to rank *pari passu* with the Tier 2 Notes and/or Tier 2 Coupons and shall rank in priority to the claims of Junior Creditors, the claims of holders of all undated or perpetual, junior subordinated obligations of the Issuer and to the claims of holders of all classes of share capital of the Issuer.

Waiver of set-off and netting – Tier 2 Notes

Subject to applicable law, neither any Tier 2 Noteholder or Tier 2 Couponholder nor the Trustee may exercise or claim any right of set-off or netting in respect of any amount owed to it by the Issuer arising under or in connection with the Tier 2 Notes or the Tier 2 Coupons and each Tier 2 Noteholder and Tier 2 Couponholder shall, by virtue of its subscription, purchase or

	holding of any Tier 2 Note or Tier 2 Coupon, be deemed to have waived all such rights of set-off and netting.
Remedies for Non-Payment	The sole remedy against the Issuer available to the Trustee or any holder or Couponholder for recovery of amounts owing in respect of any payment of principal or interest in respect of any Notes, will be the institution of proceedings for the winding-up of the Issuer and/or proving in any winding-up of the Issuer.

Listing and admission to trading	<p>Application has been made to admit the Notes (other than Exempt Notes) to be issued under the Programme to the Official List and to trading on the Market.</p> <p>In the case of Exempt Notes, the applicable Pricing Supplement will state whether or not the relevant Notes will be listed and/or admitted to trading.</p>

No repayment or payment of Amounts Due on the Notes shall become due and payable or be paid after the exercise of any UK Bail-in Power by the Resolution Authority unless, at the time that such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations of the UK applicable to the Issuer and the Group.
Selling Restrictions	See " <i>Subscription and Sale</i> " below.

None of the Trust Deed, the Ordinary Notes and the Tier 2 Notes contains any negative pledge covenant by the Issuer and there is no cross default provision.

RISK FACTORS

Prospective investors should consider carefully the risks set forth below and the other information contained in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision with respect to the Notes. Each of the risks highlighted below could have a material adverse effect on the business, operations, financial condition or prospects of the Issuer, which, in turn, could cause the Group's future results to be materially different from expected results and could have a material adverse effect on the amount of principal and interest which investors will receive in respect of the Notes. In addition, each of the risks highlighted below could adversely affect the trading price of the Notes or the rights of investors under the Notes and, as a result, investors could lose some or all of their investment.

The factors discussed below should not be regarded as a complete and comprehensive statement of all potential risks and uncertainties the Group's businesses face. The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons (including risks of which it is not currently aware) and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. All of these factors are contingencies which may or may not occur. Investors should note that they bear the Issuer's solvency risk. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Words and expressions defined under the heading "Terms and Conditions of the Ordinary and Tier 2 Notes" below shall have the same meanings in these risk factors.

A. Risk Factors relating to the Issuer

Prospective investors should consider the section entitled "Risk Factors" (save for the risk factor entitled "HM Treasury (or UKGI on its behalf) could exercise, or be perceived as being capable of exercising, influence over NatWest Group" on page 409) at pages 408 to 426 of the 2024 Annual Report and Accounts of the Group, as referred to in, and incorporated by reference into, this Prospectus as set out in "Documents Incorporated by Reference" in this Prospectus.

B. Risk Factors relating to the Notes

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

1. Risks related to the structure of a particular issue of Notes

Notes issued under the Programme may be structured in such a way that means they have features which contain particular risks for potential investors. Set out below is a description of certain such features:

The Issuer's obligations under Tier 2 Notes are subordinated

The obligations of the Issuer under Tier 2 Notes will be unsecured and subordinated and, on a winding-up, administration or liquidation, will rank junior in priority of payment to the claims of Senior Creditors. "**Senior Creditors**" means, in respect of the Issuer, the creditors of the Issuer whose claims are admitted to proof in the winding up, administration or other insolvency procedure of the Issuer and (i) who are unsubordinated creditors of the Issuer, (ii) who are creditors in respect of any secondary non-preferential debts, or (iii) who are subordinated creditors of the Issuer (whether in the event of a winding up or administration of the Issuer or otherwise) other than (x) those whose claims by law rank, or by their terms are expressed to rank, *pari passu* with or junior to the claims of the Tier 2 Noteholders and/or Tier 2 Couponholders or (y) those who are Parity Creditors or Junior Creditors.

The Insolvency Act 1986 (the "**Insolvency Act**") splits a relevant financial institution's non-preferential debts (including those of the Issuer) into classes, and provides that ordinary non-preferential debts (such as Ordinary Notes) will rank ahead of secondary non-preferential debts and tertiary non-preferential debts. Tier 2 Notes constitute tertiary non-preferential debts under the terms of the Insolvency Act, and therefore both ordinary and secondary non-preferential debts will rank ahead of claims in respect of the Tier 2 Notes.

Although Tier 2 Notes may pay a higher rate of interest than comparable Notes which are not so subordinated, there is a real risk that an investor in such Tier 2 Notes will lose all or some of his investment should the Issuer become insolvent.

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. Further, during periods when there is an increased likelihood, or perceived increased likelihood, that the Notes will be redeemed early, the market value of the Notes may be adversely affected.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Tier 2 Notes, Redemption

The Issuer may, subject as described below, redeem all, but not some only, of the Tier 2 Notes of any Series at the price set out in the applicable Final Terms together with any outstanding interest:

- (i) in the event that as a result of a change in law in the UK, it is obliged to pay additional amounts in respect of any present or future tax, duty or charge of whatever nature imposed or levied by or on behalf of the UK or any political subdivision or any authority thereof or therein having the power to tax; or
- (ii) upon the occurrence of certain other changes in the treatment of the relevant Notes for taxation purposes, in each case, provided that the Issuer cannot avoid the foregoing by taking measures reasonably available to it.

If the applicable Final Terms for Tier 2 Notes of any Series specify that the Issuer has an option to redeem such Notes, the Issuer may, subject as described below, opt to redeem all, or (if specified in the applicable Final Terms) some only, of such Tier 2 Notes at the price set out in the applicable Final Terms together with any outstanding interest.

If at any time a Capital Disqualification Event occurs in relation to any Series of Tier 2 Notes, and the applicable Final Terms for the Tier 2 Notes of such Series specify that the Issuer has an option to redeem such Notes in such circumstances, the Issuer may, subject as described below, redeem all, but not some only, of the Tier 2 Notes of such Series at the price set out in the applicable Final Terms together with any outstanding interest.

Tier 2 Notes may be purchased, or redeemed prior to the relevant Maturity Date by the Issuer pursuant to Condition 6(b) (*Redemption for Tax Reasons*), Condition 6(c) (*Redemption Due to Capital Disqualification Event*), Condition 6(d) (*Call Option – Redemption at the Option of the Issuer*), Condition 6(e) (*Residual Call*) or Condition 6(f) (*Redemption Due to Loss Absorption Disqualification Event*) to the extent applicable, in each case, provided that (among other things, and except to the extent that the Capital Regulations no longer so require) the Issuer has given prior notice to the PRA and the PRA has granted permission for the Issuer to make such redemption or repurchase and any other requirements of the Capital Regulations and/or the PRA applicable to such purchases or redemptions at the time have been complied with by the Issuer.

If the Tier 2 Notes are to be so redeemed or there is a perception that the Tier 2 Notes may be so redeemed, this may impact the market price of the Tier 2 Notes. In addition, there can be no assurance that Noteholders will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investment in the Tier 2 Notes.

Ordinary Notes, Redemption

The Issuer may, subject as described below, opt to redeem all, but not some only, of the Ordinary Notes of any Series at the price set out in the applicable Final Terms together with any outstanding interest for the tax reasons described in (i) or (ii) above (and, in each case, subject to the proviso) of "Tier 2 Notes, Redemption".

If the applicable Final Terms for Ordinary Notes of any Series specify that the Issuer has an option to redeem such Notes, the Issuer may opt to redeem all, or (if specified in the applicable Final Terms) some only, of such Ordinary Notes at the price set out in the applicable Final Terms together with any outstanding interest. In particular, if the applicable Final Terms for Ordinary Notes of any Series specify that the Issuer has an option to redeem such Notes at a time when the remaining contractual maturity is one year or less, where such Notes count towards its and/or the Regulatory Group's minimum requirements for (A) own funds and eligible liabilities and/or (B) loss absorbing capacity instruments, it is possible that the Issuer may elect to redeem such Notes pursuant to such option, as the Notes will, as a result of the remaining contractual maturity being less than the period prescribed by the applicable eligibility criteria under the current Loss Absorption Regulations, be expected to cease to so count.

If at any time a Loss Absorption Disqualification Event occurs and is continuing in relation to any Series of Ordinary Notes, and the applicable Final Terms for the Ordinary Notes of such Series specify that the Issuer has an option to redeem such Ordinary Notes, the Issuer may, subject as described below, redeem all, but not some only, of the Ordinary Notes of such Series at the price set out in the applicable Final Terms together with any outstanding interest.

Ordinary Notes may be purchased, or redeemed prior to the relevant Maturity Date by the Issuer pursuant to Condition 6(b) (*Redemption for Tax Reasons*), Condition 6(d) (*Call Option – Redemption at the Option of the Issuer*), Condition 6(e) (*Residual Call*) or Condition 6(f) (*Redemption Due to Loss Absorption Disqualification Event*) to the extent applicable, in each case, provided that (among other things, and if then required by the Loss Absorption Regulations) the Issuer has given prior notice to the relevant resolution authority and such resolution authority has granted permission for the Issuer to make such purchase or redemption and any other requirements of the Loss Absorption Regulations and/or the relevant resolution authority applicable to such purchases or redemptions at the time have been complied with by the Issuer.

If such Ordinary Notes are to be so redeemed or there is a perception that the Ordinary Notes may be so redeemed, this may impact the market price of the Ordinary Notes. In addition, there can be no assurance that Noteholders will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investment in such Ordinary Notes.

Regulation of benchmarks may lead to future reforms or discontinuation which may adversely affect the value of Notes which are linked to or reference such "benchmarks"

The Euro Interbank Offered Rate ("**EURIBOR**") and other interest rates or other types of rates and indices which are deemed to be benchmarks have been subject to significant regulatory scrutiny and legislative intervention in recent years. This relates not only to creation and administration of benchmarks, but, also, to the use of a benchmark.

In the EU, for example, Regulation (EU) 2016/1011 (as amended, the "**EU Benchmarks Regulation**") applies to the provision of, contribution of input data to, and the use of, a benchmark within the EU, subject to certain transitional provisions. Similarly, the Benchmarks Regulation applies to the provision of, contribution of input data to, and the use of, a benchmark within the UK, subject to certain transitional provisions.

Legislation such as the EU Benchmarks Regulation or the Benchmarks Regulation, if applicable, could have a material impact on any Notes linked to EURIBOR or another benchmark rate or index – for example, if the methodology or other terms of the benchmark are changed in the future in order to comply with the terms of the EU Benchmarks Regulation or the Benchmarks Regulation or other similar legislation, or if a critical benchmark is discontinued or is determined by a regulator to be "no longer representative". Such factors could (amongst other things) have the effect of reducing or increasing the rate or level or may affect the volatility of the published rate or level of the benchmark. They may also have the effect of discouraging market participants from continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks, or lead to the discontinuance or unavailability of quotes of certain benchmarks.

Although EURIBOR has subsequently been reformed in order to comply with the terms of the EU Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with the Euro Short Term Rate ("€STR") or an alternative benchmark.

The elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Terms and Conditions (as further described in, for Notes not linked to SOFR, €STR, SARON, CORRA or TONA, Condition 4(f)(1), in the case of SONIA, Condition 4(c)(v)(D), in the case of SOFR, Condition 4(f)(2) and, where "ARRC Fallbacks" is specified in the applicable Final Terms, Condition 4(g), in the case of SARON, Condition 4(c)(v)(F), in the case of CORRA, Condition 4(c)(v)(G), in the case of TONA, Condition 4(c)(v)(H) and, in the case of €STR, Condition 4(c)(v)(I)) or result in adverse consequences to holders of any Notes linked to such benchmark (including Floating Rate Notes or Reset Notes whose interest rates are linked to EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

Any such consequences could have a material adverse effect on the value of and return on any such Notes. Investors should consult their own independent advisers and make their own assessment about the potential risks arising from the possible cessation or reform of certain reference rates in making any investment decision with respect to any Notes linked to or referencing a benchmark.

The administrator of SONIA, SOFR, €STR, SARON, CORRA or TONA, (each a "Risk-free Rate") or any related indices may make changes that could change the value of a Risk-free Rate or any related index, or discontinue an Risk-free Rate or any related index

The Bank of England, The New York Federal Reserve, the European Central Bank, SIX Swiss Exchange, Bank of Canada or the Bank of Japan (or a successor), as administrators of SONIA, SOFR, €STR, SARON, CORRA and TONA, respectively, may (with respect to the relevant Risk-free Rate) make methodological or other changes that could change the value of such Risk-free Rate and/or related indices, including changes related to the method by which such Risk-free Rate is calculated, eligibility criteria applicable to the transactions used to calculate such Risk-free Rate, or timing related to the publication of such Risk-free Rate or any related indices. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of such Risk-free Rate or any related index (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing the relevant Risk-free Rate.

Interest rate "fallback" arrangements may lead to Notes performing differently or the effective application of a "fixed rate"

If a Benchmark Event or a Benchmark Transition Event, as applicable, occurs, or there is a Successor Rate, the Terms and Conditions provide for certain fallback arrangements. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Reference Rate and that such Successor Rate or Alternative Reference Rate may be adjusted (if required) in accordance

with the recommendation of a relevant governmental body or in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark, although the application of such adjustments to the Notes may not achieve this objective.

Any such changes may result in the Notes performing differently (which may include payment of a lower interest rate) than if the original benchmark continued to apply. It is also possible that such an event may be deemed to have occurred prior to the issue date for a Series of Notes. Moreover, due to the uncertainty concerning the availability of a Successor Rate or an Alternative Reference Rate and the involvement of an Independent Adviser in certain circumstances, the relevant fallback provisions may not operate as intended at the relevant time. Additionally, in certain circumstances, the ultimate fallback of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used, which may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes based on the rate which was last observed on the Relevant Screen Page. Furthermore, the relevant fallback provisions will not operate, which may result in the effective application of a fixed rate, if the operation of such fallback provisions could reasonably be expected to prejudice the qualification of Ordinary Notes as eligible liabilities or loss absorbing capacity instruments in accordance with the Loss Absorption Regulations or Tier 2 Notes as Tier 2 Capital in accordance with the Capital Regulations (as the case may be).

Methodologies for the calculation of Risk-free Rates (including overnight rates or forward-looking rates) as reference rates for Floating Rate Notes may vary and may evolve

The use of Risk-free Rates as reference rates for Eurobonds has become more common in recent years. Most of the Risk-free Rates are backwards-looking, but the methodologies to calculate the Risk-free Rates are not uniform. Such different methodologies may result in slightly different interest amounts being determined in respect of otherwise similar securities.

The Issuer may in the future also issue Notes referencing Risk-free Rates that differ materially in terms of interest determination when compared with any previous Notes issued by it under this Programme.

Such variations could result in reduced liquidity or increased volatility or might otherwise affect the market price of any Notes that reference a Risk-free Rate issued under this Programme from time to time. In addition, investors should consider how any mismatch between applicable conventions for the use of reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing a Risk-free Rate. Investors should consider these matters when making their investment decision with respect to any Notes which reference Risk-free Rates or any related indices.

It is not possible to calculate interest rates in advance for Notes which reference Risk-free Rates or any related indices

Interest on Notes which reference a backwards-looking risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may therefore be difficult for investors in Notes which reference such risk-free rates reliably to estimate the amount of interest which will be payable on such Notes.

Further, in contrast to Notes linked to interbank offered rates, if Notes referencing backwards-looking rates become due and payable under Condition 10, or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable or are scheduled for redemption.

Notes with returns that are calculated with reference to a variable

Notes may have returns that are variable as a result of the method by which the coupon is calculated or of the way interest is paid. The most basic example of this are Notes where the interest rate is floating, and therefore

subject to changes as a result of movements in the prevailing interest rate. In these cases, the success or otherwise of the variable can impact significantly on the return under the Notes as well as the ability to trade the Notes on the secondary market. It should be expected that the value of the Notes and the secondary market for the Notes may decrease if the performance of the variable is less than anticipated.

These risks depend on a number of inter-related factors, including economic, financial and political events over which the Issuer has no control.

Trading different types of Notes

It should be assumed that the market for trading different types of Notes varies even though they are issued under the same Programme. By way of example, a Zero Coupon Note may be more difficult to trade and its price more variable than a Fixed Interest Rate Note. It may also be more difficult to trade a Zero Coupon Note that has just been issued than a Zero Coupon Note nearer its redemption, as returns on Zero Coupon Notes will be paid to investors only on redemption.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as EURIBOR. The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The conversion of the interest basis may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower return for investors. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on other Notes.

The interest rate on Reset Notes will reset on each Reset Date, which can be expected to affect the interest payment on an investment in Reset Notes and could affect the market value of Reset Notes

Reset Notes will initially bear interest at the Initial Rate of Interest until (but excluding) the First Reset Date. On the First Reset Date and each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Reset Reference Rate and the First Margin or Subsequent Margin (as applicable) as determined by the Calculation Agent on the relevant Reset Determination Date (each such interest rate, a "**Subsequent Reset Rate**"). The Subsequent Reset Rate for any Reset Period could be less than the Initial Rate of Interest or the Subsequent Reset Rate for prior Reset Periods and could affect the market value of an investment in the Reset Notes.

No limitation on issuing senior or pari passu securities

There is no restriction on the amount of securities or other liabilities which the Issuer may issue or incur and which rank senior to, or *pari passu* with, any other issue of Tier 2 Notes of the Issuer. The issue of any such securities or the incurrence of any such other liabilities may reduce the amount (if any) recoverable by Holders on a winding up, administration or other insolvency procedure of the Issuer.

Notes issued with a specific use of proceeds, such as Green, Social or Sustainability Notes may not meet investor expectations or requirements

The applicable Final Terms may provide that the Issuer intends to use an amount equal to the net proceeds of the offer (as at the date of issuance of such Notes) to allocate an equivalent amount of funding specifically to

businesses and projects that, in the Issuer's sole judgement and discretion, satisfy certain eligibility requirements that purport to promote green initiatives, sustainable goals and other environmental and/or social purposes in accordance with the Framework as defined under "*Use of Proceeds*" below ("**Eligible Assets**") (each a "**Green, Social or Sustainability Note**"). There can be no assurance or representation that the use of an amount equal to the net proceeds of any Green, Social or Sustainability Note for the allocation to an Eligible Asset will be, or will be capable of being, implemented in accordance with a timely schedule and that, accordingly, any proceeds of such Green, Social or Sustainability Note will be totally or partially allocated for the financing and/or refinancing of an Eligible Asset within any specified period. There can also be no assurance or representation that the allocation of amounts to Eligible Assets will have the result or outcome (whether or not related to environmental, social or other objectives) as originally expected or anticipated by the Issuer.

If the use of proceeds of the Notes for Eligible Assets is a factor in a prospective investor's decision to invest in the Notes, they should consider the disclosure in "*Use of Proceeds*" below and in the applicable Final Terms and consult with their legal or other advisers before making an investment in the Notes and must determine for themselves the relevance of such information for the purpose of any investment in such Green, Social or Sustainability Note together with any other investigation such investor deems necessary.

In particular, no assurance or representation is given by any of the Dealers that the use of such proceeds for any Eligible Assets will meet the requirements set out in the Framework (as defined in "*Use of Proceeds*" below), nor can the Issuer or the Dealers give any assurances whether the use of such proceeds will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own articles of association or other governing rules or investment mandates, particularly regarding any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any of the businesses and projects funded with the proceeds from any particular Green, Social or Sustainability Note.

There is currently no single globally recognised or accepted, consistent and comparable set of definitions or standards (legal, regulatory or otherwise) of, nor widespread cross-market consensus (i) as to what constitutes, a "green", "social" or "sustainable" or an equivalently-labelled project or asset or (ii) as to what precise attributes are required for a particular project or asset to be defined as "green" or "sustainable" or such other equivalent label. No assurance or representation is given that the use of proceeds of any Green, Social or Sustainability Notes will accord with any such definition, standard or consensus that may develop over time, or that any prevailing market consensus will not significantly change following an investment decision regarding the Green, Social or Sustainability Notes.

Accordingly, no assurance or representation is given that all or some of the use of proceeds of any particular Green, Social or Sustainability Note or any Eligible Assets will meet investor expectations or requirements regarding such 'green', 'social' or 'sustainable' or similar labels (including in relation to, but not limited to, the EU Taxonomy Regulation, the EU Taxonomy Climate Delegated Act of 21 April 2021, the SFDR or the EU Green Bond Regulation, and any related implementing regulation or technical screening criteria, or any similar or related legislation in the United Kingdom or any market standards or guidance).

Moreover, no assurance or representation is given that a Green, Social or Sustainability Note (or any projects or uses the subject of, or related to, any of the businesses and projects funded with the proceeds from any particular Green, Social or Sustainability Note) will, at any time, meet any or all investor expectations regarding such 'green', 'social', 'sustainable' or other equivalently-labelled performance objectives (including in relation to, but not limited to, the EU Taxonomy Regulation and any related technical screening criteria, the EU Green Bond Regulation, the SFDR, and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance) or any requirements of such labels or market standards as they may evolve from time to time. Furthermore, no assurance or representation is given that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Assets.

Any Green, Social or Sustainability Notes issued under the Programme will not be compliant with the EU Green Bond Regulation and are only intended to comply with the requirements and processes in the Framework. It is not clear if the establishment under the EU Green Bond Regulation of the "European Green Bond" or "EuGB" label and the optional disclosures templates for bonds issued as "environmentally sustainable" could have an impact on investor demand for, and pricing of, green use of proceeds bonds that do not comply with the requirements of the EU Green Bond label or the optional disclosures templates, such as the Green, Social or Sustainability Notes issued under this Programme. It could result in reduced liquidity or lower demand or could otherwise affect the market price of any Green, Social or Sustainability Notes issued under this Programme that do not comply with those standards proposed under the EU Green Bond Regulation.

Green, Social or Sustainability Notes are not linked to the performance of the Eligible Assets, do not benefit from any arrangements to enhance the performance of the Notes or any contractual rights derived solely from the intended use of proceeds of such Notes

There is no contractual obligation to allocate the proceeds of the Notes to finance eligible businesses and projects or to provide annual progress reports as described in "Use of Proceeds" below and/or in the applicable Final Terms. The Issuer's failure to allocate the proceeds of any particular Green, Social or Sustainability Note to finance an Eligible Asset or to provide annual progress reports, the failure of any of the Eligible Assets to meet any or all investor expectations regarding such 'green', 'social', 'sustainable' or other equivalently-labelled performance objectives (including in relation to, but not limited to, the EU Taxonomy Regulation and any related technical screening criteria, the EU Green Bond Regulation, the SFDR, and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance), or the failure of an independent external review provider with environmental or social expertise to issue a second party opinion on the allocation of the Notes' proceeds may affect the value of any particular Green, Social or Sustainability Note and/or have adverse consequences for certain investors with portfolio mandates to invest in green, social or sustainable assets, however, it will not: (i) give rise to any claim by a Noteholder against the Issuer or the Dealers; (ii) constitute an Event of Default (as defined in the Trust Deed) or breach of contract with respect to any particular Green, Social or Sustainability Note or otherwise give a right to Noteholders to request the early redemption or acceleration of any particular Green, Social or Sustainability Note; (iii) lead to an obligation of the Issuer to redeem such Notes or be a relevant factor for the Issuer in determining whether or not to exercise any optional redemption rights in respect of any Notes; or (iv) affect the regulatory qualification of such Notes (as the case may be) as own funds and eligible liabilities, loss absorbing capacity instruments or Tier 2 Capital (as applicable).

For the avoidance of doubt: (i) there is no direct or contractual link between any Green, Social or Sustainability Note and the Eligible Assets (or any other environmental or similar targets set by the Issuer) and consequently neither payments of principal and interest (as the case may be) on, nor an investor's right to accelerate repayment of, the Green, Social or Sustainability Notes shall depend on the performance of the relevant Eligible Assets or the performance of the Issuer in respect of any such environmental or similar targets, and holders of any Green, Social or Sustainability Notes shall have no preferential rights or priority against any Eligible Asset nor benefit from any arrangements to enhance the performance of the Notes; (ii) Green, Social or Sustainability Notes will be subject to the bail-in tool and to write down and conversion powers, and in general to the powers that may be exercised by the Resolution Authority, to the same extent and with the same ranking as any other Note which is not a Green, Social or Sustainability Note; (iii) Green, Social or Sustainability Notes, as any other Notes, will be fully subject to the application of UK CRR eligibility criteria and Loss Absorption Regulations requirements for own funds and eligible liabilities instruments and, as such, proceeds of Green, Social or Sustainability Notes qualifying as own funds or eligible liabilities will be fully available to cover any and all losses arising on the balance sheet of the Issuer (in the same way as the Issuer's other instruments) regardless of their "green", "social", "sustainability linked" or other similar label; and (iv) their labelling as Green, Social or Sustainability Notes (a) will not affect the regulatory treatment of such Green, Social or Sustainability Notes as Tier 2 capital or eligible liabilities; and (b) will not have any impact on their status as indicated in Condition 3 (*Status*) of the Terms and Conditions of the Notes.

The net proceeds of any particular Green, Social or Sustainability Note which, from time to time, are not allocated as funding for Eligible Assets are intended by the Issuer to be held in cash or in short term investments pending allocation towards the funding of Eligible Assets. Neither the Issuer nor any of the Dealers undertakes to ensure that there is at all times a sufficient aggregate amount of Eligible Assets to allow for allocation of the net proceeds of the issue of such Green, Social or Sustainability Note in full.

No assurance or representation as to the suitability or reliability of any opinions, reviews, certifications or post-issuance reports of any third party in connection with any Green, Social or Sustainability Note

No assurance or representation is given by the Issuer, any of the Dealers or any other person as to the suitability or reliability for any purpose whatsoever of the Second Party Opinion (as defined in "Use of Proceeds" below) or any other opinion, review, certification or post-issuance report of any third party (whether or not solicited by the Issuer or any affiliate) which may be made available in connection with any particular Green, Social or Sustainability Note and in particular whether any Eligible Assets fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion, review, certification or post-issuance report is not, nor shall it be deemed to be, incorporated in and/or form part of this Prospectus. Any such opinion, review, certification or post-issuance report is not, nor should be deemed to be, a recommendation by the Issuer, any of the Dealers or any other person to enter into any particular Green, Social or Sustainability Note. The criteria and/or considerations that underlie such opinion, review, certification or post-issuance report may change at any time and therefore any such opinion, review, certification or post-issuance report is only current as of the date that such opinion, review, certification or post-issuance report was initially issued. Prospective investors must determine for themselves the relevance of any such opinion, review, certification or post-issuance report and/or the information contained therein and/or the provider of such opinion, review, certification or post-issuance report for the purpose of any investment in such Green, Social or Sustainability Note. As at the date of this Prospectus, the providers of such opinions and certifications (including the provider of the Second Party Opinion) are not subject to any specific regulatory or other regime or oversight. Whilst the EU Green Bond Regulation will introduce a supervisory regime of external reviewers of European Green Bonds, this is not due to take full effect until 21 June 2026 and would not apply to external reviewers in respect of an issue of a Green, Social or Sustainability Note. In particular, no assurance or representation is or can be given by the Issuer or any of the Dealers to investors that any such opinion, review, certification or post-issuance report will reflect any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply. The Noteholders have no recourse against the Issuer, any of the Dealers or the provider of any such opinion, review, certification or post-issuance report for the contents of any such opinion, review, certification or post-issuance report. A withdrawal of any such opinion, review, certification or post-issuance report may affect the value of any Green, Social or Sustainability Note, may result in the delisting of such Green, Social or Sustainability Note from any dedicated 'green', 'social' or 'sustainable' or other equivalently-labelled segment of any stock exchange or securities market and/or may have consequences for certain investors with portfolio mandates to invest in green assets.

The listing of any Green, Social or Sustainability Notes on any dedicated 'green', 'social' or 'sustainable' or other equivalently-labelled segment of any stock exchange or securities market is subject to change and may not meet investor expectations or requirements

If any particular Green, Social or Sustainability Note is at any time listed or admitted to trading on any dedicated 'green', 'social' or 'sustainable' or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no assurance or representation is given by the Issuer, any of the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own articles of association or other governing rules or investment mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any of the businesses and projects funded with the proceeds from any particular Green, Social or Sustainability Note). Furthermore, it should be noted that the criteria for any such listings or admission to

trading may vary from one stock exchange or securities market to another. Nor is any assurance or representation given or made by the Issuer, any of the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any particular Green, Social or Sustainability Note or, if obtained, that any such listing or admission to trading will be maintained during the life of any particular Green, Social or Sustainability Note. Any failure to apply an amount equal to the net proceeds of the offer (as at the date of issuance of such Green, Social or Sustainability Note) to the allocation of an equivalent amount of funding to an Eligible Asset and/or the withdrawal or amendment (including the amendment of any criteria on which such opinion, review, certification or post-issuance report was given) of any external party opinion, review, certification or post-issuance report, whether or not solicited by the Issuer, or any such external party opinion, review, certification or post-issuance report stating that the Issuer is not complying or fulfilling relevant criteria, in whole or in part, with respect to any matters for which such opinion, review, certification or post-issuance report is opining or certifying and/or the relevant Green, Social or Sustainability Note no longer being listed or admitted to trading on any stock exchange or securities market, may have a material adverse effect on the value of such Green, Social or Sustainability Note and may result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

The market price of Green, Social or Sustainability Notes may adversely change

If any of the risks outlined in the above risk factors, "*Notes issued with a specific use of proceeds, such as Green, Social or Sustainability Notes may not meet investor expectations or requirements*", "*Green, Social or Sustainability Notes are not linked to the performance of the Eligible Assets, do not benefit from any arrangements to enhance the performance of the Notes or any contractual rights derived solely from the intended use of proceeds of such Notes*" and "*The listing of any Green, Social or Sustainability Notes on any dedicated 'green', 'social' or 'sustainable' or other equivalently-labelled segment of any stock exchange or securities market is subject to change and may not meet investor expectations or requirements*" materialise, this may have a material adverse effect on the market price of such Green, Social or Sustainability Notes and also potentially the market price of any other Notes which are intended to finance the Issuer's lending for Eligible Assets and may result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose (including, without limitation, if such investors are required to dispose of their Green, Social or Sustainability Notes as a result of such Notes not meeting any investment criteria or objectives set by or for such investor, which could lead to increased volatility and/or material decreases in the market price of Green, Social or Sustainability Notes).

2. Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

The Notes may be written down or converted into ordinary shares

There are substantial powers to resolve and stabilise UK incorporated financial institutions under the Banking Act. The special resolution regime consists of five stabilisation options and two insolvency and administration procedures applicable to UK banks which may be commenced by the relevant resolution authority. The stabilisation options provide for:

- (i) private sector transfer of all or part of the business of the relevant entity;
- (ii) transfer of all or part of the business of the relevant entity to a "bridge bank" established by the Bank of England;
- (iii) transfer to an asset management vehicle;
- (iv) the bail-in option; and
- (v) temporary public ownership (nationalisation) of the relevant entity.

Each of these stabilisation options is achieved through the exercise of one or more "stabilisation powers", which include: (i) the power to make share transfer orders pursuant to which all or some of the securities issued by a UK bank may be transferred to a commercial purchaser, a bridge bank or the UK government; (ii) the resolution

instrument power which may make provision for bail-in; (iii) the power to transfer all or some of the property, rights and liabilities of a UK bank to a commercial purchaser or Bank of England entity; and (iv) the third country instrument powers that recognise the effect of similar special resolution action taken under the law of a third country. A share transfer order can extend to a wide range of securities, including shares and bonds issued by a UK bank or its holding company and warrants for such shares and bonds and could, therefore, apply to the Notes. In addition, the Banking Act grants powers to modify contractual arrangements in certain circumstances (including a variation of the terms of any securities), powers to suspend enforcement or termination rights that might be invoked as a result of the exercise of the resolution powers and powers for the relevant Authority to disapply or modify laws (with possible retrospective effect) to enable the powers under the Banking Act to be used effectively. See further (i) *"NatWest Group may become subject to the application of UK statutory stabilisation or resolution powers which may result in, for example, the cancellation, transfer or dilution of ordinary shares, or the write-down or conversion of certain other of NatWest Group's securities."* on page 417 of the 2024 Annual Report and Accounts of the Group and (ii) *"NatWest Group may not meet the prudential regulatory requirements for regulatory capital and MREL, or manage its capital effectively, which could trigger the execution of certain management actions or recovery options."* on pages 414 to 415 of the 2024 Annual Report and Accounts of the Group, each as referred to in, and incorporated by reference into, this Prospectus. The resolution authorities will likely allow the use of financial public support only as a last resort after having assessed and exploited, to the maximum extent practicable, the resolution tools, including the bail-in tool and/or the write-down and/or conversion powers.

The bail-in tool covers bonds and notes issued by the institution subject to resolution measures, but certain defined instruments are excluded from the scope, such as guaranteed bank deposits and covered bonds. Where the relevant statutory conditions for use of the bail-in tool have been met, the relevant resolution authority would be expected to exercise these powers without notice to, or the consent of, the Noteholders. Any such exercise of the bail-in tool in respect of the Issuer and the Notes may result in the cancellation of all, or a portion, of the principal amount of, interest on, or any other amounts payable on, the Notes and/or the conversion of the Notes into shares or other Notes or other obligations of the Issuer or another person, or any other modification or variation to the terms of the Notes.

The Banking Act specifies the order in which the bail-in tool should be applied, reflecting the hierarchy of capital instruments under the Capital Regulations and otherwise respecting the hierarchy of claims in an ordinary insolvency.

The bail-in tool contains an express safeguard (known as "no creditor worse off") with the aim that shareholders and creditors do not receive a less favourable treatment than they would have received in ordinary insolvency proceedings. However, even in circumstances where a claim for compensation is established under the 'no creditor worse off' safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the Noteholders in the resolution and there can be no assurance that Noteholders would recover such compensation promptly.

In addition, the Banking Act requires the relevant resolution authority to permanently write-down, or convert into equity, tier 1 capital instruments and tier 2 capital instruments (such as the Tier 2 Notes) at the point of non-viability of the relevant entity or the Group and before, or together with, the exercise of any stabilisation option (the **"PoNV Powers"**) (except in the case where the bail-in tool is to be utilised for other liabilities, in which case such capital instruments would be written down or converted into equity pursuant to the exercise of the bail-in tool, as described above, rather than the mandatory write-down and conversion power applicable only to capital instruments). This power also extends to include internal eligible liabilities (in which case, it may be used independently of, or in combination with, a resolution power).

Tier 2 Noteholders may be subject to write-down or conversion into equity on application of such powers (without requiring the consent of such holders), which may result in such holders losing some or all of their investment. The "no creditor worse off" safeguard would not apply in relation to an application of such powers

to capital instruments (such as the Tier 2 Notes) in circumstances where resolution powers are not also exercised.

The determination that all or part of the principal amount of the Notes will be subject to the exercise of the bail-in tool or PoNV Powers may be unpredictable and may be outside of the Issuer's control. Accordingly, trading behaviour in respect of the Notes which are subject to such write-down or conversion powers is not necessarily expected to follow trading behaviour associated with other types of securities. The exercise of the bail-in tool or PoNV Powers, as the case may be, in respect of the Issuer and the Notes or any suggestion of any such exercise could materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes and could lead to Noteholders losing some or all of the value of their investment in such Notes.

Noteholders agree to be bound by the exercise of any UK Bail-in Power by the Resolution Authority

In recognition of the resolution powers granted by law to the Resolution Authority, by its acquisition of Notes, each Noteholder acknowledges and accepts that the Amounts Due arising under the Notes may be subject to the exercise of any UK Bail-in Power by the Resolution Authority, and acknowledges, accepts, agrees to be bound by, and consents, to the exercise of any UK Bail-in Power by the Resolution Authority which may result in (i) the reduction of all, or a portion, of the Amounts Due, (ii) the conversion of all, or a portion, of the Amounts Due into ordinary shares or other securities or other obligations of the Issuer or another person (and the issue to or conferral on the Noteholders of such shares, securities or obligations) (iii) the cancellation of the Notes and/or (iv) the amendment or alteration of the maturity of the Notes, or amendment of the amount of interest due on the Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period, in each case, which UK Bail-in Power may be exercised by means of amendment, modification or variation of the terms of the Notes solely to give effect to the exercise by the Resolution Authority of such UK Bail-in Power. Each Noteholder further acknowledges and agrees that the rights of the Noteholders are subject to, and will be varied, if necessary, solely to give effect to, the exercise of any UK Bail-in Power by the Resolution Authority.

Accordingly, the UK Bail-in Power may be exercised in such a manner as to result in Noteholders losing all or a part of the value of their investment in the Notes or receiving a different security from the Notes, which may be worth significantly less than the Notes and which may have significantly fewer protections than those typically afforded to debt securities. Moreover, the Resolution Authority may exercise the UK Bail-in Power without providing any advance notice to, or requiring the consent of, the Noteholders. In addition, under the Terms and Conditions, the exercise of the UK Bail-in Power by the Resolution Authority with respect to the Notes is not an Event of Default (as defined in the Trust Deed) or a default for any purpose.

Remedies for Non-Payment

The sole remedy against the Issuer available to the Trustee or any Noteholder or Couponholder for recovery of amounts owing in respect of or arising under any Notes, will be the institution of proceedings for the winding up of the Issuer and/or proving in any Winding Up or Qualifying Procedure of the Issuer. As such, the remedies available to holders of these Notes are limited, which may make enforcement more difficult.

Waiver of set-off and netting

Holders of Notes and Coupons relating thereto (if any) will be deemed to have waived any right of set-off and netting in relation to such Notes, subject to applicable law. Therefore, such holders will not be entitled (subject to applicable law) to set-off or net the Issuer's obligations under such Notes against obligations owed by them to the Issuer.

Notes will be obligations exclusively of the Issuer

The Notes are obligations exclusively of the Issuer and are not guaranteed by any other person. The Issuer in particular is a holding company and its principal source of income is from operating subsidiaries which hold the principal assets of the Group. As a separate legal entity, the Issuer relies on, among other things, interest

payments, dividends, distributions and other advances from its subsidiaries in order to be able to meet its obligations to Noteholders. The ability of the Issuer's subsidiaries and affiliates to pay dividends could be restricted by changes in regulation, contractual restrictions, exchange controls and other requirements.

In addition, as a holder of ordinary shares in its subsidiaries, the Issuer's right to participate in the assets of any subsidiary if such subsidiary is liquidated will be subject to the prior claims of such subsidiary's creditors and preference shareholders (save to the extent that the Issuer has other claims that rank ahead of or *pari passu* with such claims of the subsidiary's creditors and/or preference shareholders). Therefore, if any subsidiary of the Issuer were to be wound up, liquidated or dissolved (i) the Noteholders would have no right to proceed against the assets of such subsidiary and (ii) the liquidator of such subsidiary would first apply the assets of such subsidiary to settle the claims of such subsidiary's creditors and/or preference shareholders which rank ahead of the Issuer (in respect of its holding of ordinary shares of such subsidiary) before the Issuer would be entitled to receive any distributions in respect of such subsidiary's ordinary shares. Similarly, if any subsidiary of the Issuer was subject to resolution proceedings (i) the Noteholders would have no direct recourse against such subsidiary and (ii) the Noteholders may also be exposed to losses pursuant to the exercise by the relevant resolution authority of its powers.

The Issuer has absolute discretion as to how it makes its investments in or advances funds to its subsidiaries, including the proceeds of issuances of debt securities such as the Notes, and as to how it may structure existing investments and funding in the future. The ranking of the Issuer's claims in respect of such investments and funding in the event of the liquidation of a subsidiary, and their treatment in resolution, will depend in part on the form and structure of any such investments but will generally be subordinated to any depositors of such subsidiary. The purposes of such investments and funding may include, among other things, the provision of different amounts or types of capital or funding to particular subsidiaries, including for the purposes of meeting regulatory requirements, such as capital adequacy requirements and minimum requirements for own funds and eligible liabilities ("**MREL**") in respect of such subsidiaries, which in most cases will require the Issuer's claims to rank below those of ordinary unsecured creditors of the relevant subsidiary.

In addition, the terms of some loans or investments made by the Issuer in capital instruments and MREL instruments issued by its subsidiaries may contain contractual mechanisms that, upon the occurrence of a trigger related to the prudential or financial condition of such subsidiary, would result in a write-down of the claim or a change in the ranking and type of claim that the Issuer has in respect of such loan or investment. Such loans to and investments in the Issuer's subsidiaries may also be subject to the exercise of the PoNV Powers or the bail-in power by the relevant resolution authority or such subsidiaries of the Issuer may otherwise be subject to resolution proceedings. Any such actions could materially impair the Issuer's ability to receive payment from an affected subsidiary and could therefore affect its ability to make payments on the Notes.

Limitation on gross-up obligation under the Notes

The Issuer's obligation to pay additional amounts in respect of any withholding or deduction in respect of taxes from payments under the Notes applies only to payments of interest due and paid under the Notes and/or Coupons and not to payments of principal. As such, the Issuer would not be required to pay any additional amounts under the terms of the Notes to the extent any withholding or deduction applied to payments of principal in respect of the Notes. Accordingly, if any such withholding or deduction were to apply to any payments of principal under the Notes, holders of the Notes may receive less than the full amount due under the Notes, and the market value of the Notes may be adversely affected. Holders of Notes should note that principal for these purposes may include any payments of premium.

The applicability of any withholding or deduction for or on account of UK tax on payments of interest on the Notes is discussed further under "*United Kingdom Taxation*" below.

Substitution and Variation of Notes

If Substitution or Variation is specified in the applicable Final Terms as being Applicable and the Issuer has satisfied the Trustee that a Tax Event, a Capital Disqualification Event or a Loss Absorption Disqualification

Event, as applicable, has occurred and is continuing, then the Issuer may substitute or vary the Notes pursuant to Condition 7, subject to the Issuer obtaining the permission therefor from the PRA and/or the Resolution Authority (as applicable), provided that at the relevant time such permission is required to be given.

In the case of a substitution or variation of the Notes, while the new substituted or varied Notes must have terms not materially less favourable to Noteholders than the terms of the Notes, this test will be deemed satisfied where the criteria set out in the Terms and Conditions is met. There can be no assurance that, whether due to the particular circumstances of each Noteholder or otherwise, such substituted or varied Notes will be as favourable to such Noteholder in all respects. In addition, the tax and stamp duty consequences of holding such substituted or varied Notes could be different for some categories of Noteholders from the tax and stamp duty consequences for them of holding such Notes prior to such substitution or variation. The substitution or variation of the Notes may result in tax or stamp duty consequences for Noteholders. There can also be no assurance that such substituted or varied Notes will trade at prices that are equal to the prices at which the Notes would have traded on the basis of their original terms.

Modification, waivers and substitution

The Terms and Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions also provide that the Trustee may, without the consent of the Noteholders, (i) agree to any modification of, or waiver or authorisation of any breach or proposed breach of, any of the relevant Terms and Conditions, (ii) agree to any modifications to the Trust Deed, Agency Agreement and the relevant Terms and Conditions as may be required in order to give effect to Condition 4(f) in connection with effecting any Alternative Reference Rate, Successor Rate, Adjustment Spread or related changes and/or any Benchmark Replacement Conforming Changes in accordance with Condition 4(g), the Recommended Replacement Rate or related changes in accordance with Condition 4(c)(v)(F)(3), the Replacement Rate or related changes in accordance with Condition 4(c)(v)(F)(5), the Recommended CAD Replacement Rate, the BoC Target Rate or related changes in accordance with Condition 4(c)(v)(G)(3) and/or the SNB Policy Rate or related changes in accordance with Condition 4(c)(v)(F), (iii) determine without the consent of the Noteholders that any Event of Default (as defined in the Trust Deed) or Potential Event of Default (as defined in the Trust Deed) shall not be treated as such or (iv) agree to the substitution of another entity as principal debtor under any Notes in place of the Issuer.

As a result of the above, actions may be taken with respect to a Series of Notes with which some holders of such Notes may not agree.

Change of law

Notes will be governed by English law, except that (i) the set-off and netting provisions of the Ordinary Notes and (ii) the set-off and netting and subordination provisions of Tier 2 Notes, will be governed by Scots law. No assurance can be given as to the impact of any possible judicial decision or change to English or Scots law or administrative practice after the date of this Prospectus (and any supplement to it and/or applicable Final Terms for the relevant Notes).

Such changes in law may include changes in statutory, tax and regulatory regimes during the life of the Notes, which may have an adverse effect on an investment in the Notes.

In particular, any change in law or regulation that triggers any of the events specified in Condition 6(b)(i) to (iv), a Capital Disqualification Event or a Loss Absorption Disqualification Event would entitle the Issuer, at its option (subject to the relevant conditions to redemption), to redeem the Notes, as applicable, in whole but not in part, as provided under Condition 6(b) (*Redemption for Tax Reasons*), Condition 6(c) (*Redemption Due to Capital Disqualification Event*) and Condition 6(f) (*Redemption Due to Loss Absorption Disqualification Event*).

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed or issued) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Potential conflicts of interest

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Noteholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon settlement of the Notes.

3. Risks related to Notes denominated in CNY

Set out below is a description of the principal risks which are relevant to an investor in Notes denominated in CNY:

CNY is not completely freely convertible which may adversely affect the liquidity of the Notes

CNY is not completely freely convertible at present. The PRC government continues to regulate conversion between CNY and foreign currencies. However, there has been significant reduction in control by the PRC government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

Although the People's Bank of China ("**PBoC**") has implemented policies improving accessibility to CNY to settle cross-border transactions in the past, there is no assurance that the PRC government will continue to liberalise control over cross-border remittance of CNY in the future, that the schemes for CNY cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of CNY into or out of the PRC. Despite the CNY internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC government will not impose interim or long-term restrictions on the cross-border remittance of CNY. In the event that funds cannot be repatriated out of the PRC in CNY, this may affect the overall availability of CNY outside the PRC and the ability of the Issuer to source CNY to finance its obligations under Notes denominated in CNY.

There is only limited availability of CNY outside the PRC

As a result of the restrictions imposed by the PRC government on cross-border CNY fund flows, the availability of CNY outside the PRC is limited. While the PBoC has entered into agreements (the "**Settlement Arrangements**") on the clearing of CNY business with financial institutions (the "**CNY Clearing Banks**") in a number of financial centres and cities, including but not limited to Hong Kong, has established the Cross-Border Inter-Bank Payments System (CIPS) to facilitate cross-border CNY settlement and is further in the process of establishing CNY clearing and settlement mechanisms in several other jurisdictions, the current size of CNY denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on CNY business participating banks in respect of cross-border CNY settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, CNY business participating banks do not have direct CNY liquidity support from PBoC, although PBoC has gradually allowed

participating banks to access the PRC's onshore inter-bank market for the purchase and sale of CNY. The CNY Clearing Banks only have limited access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient CNY through the above channels, they will need to source CNY from outside the PRC to square such open positions.

The offshore CNY market is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of CNY outside the PRC. The limited availability of CNY outside the PRC may affect the liquidity of the CNY Notes. To the extent the Issuer is required to source CNY in the offshore market to service its Notes denominated in CNY, there is no assurance that the Issuer will be able to source such CNY on satisfactory terms, if at all.

CNY currency risk

Except in limited circumstances, all payments of CNY under the Notes to an investor will be made solely by transfer to a CNY bank account maintained with a Hong Kong bank in accordance with the prevailing rules and regulations and in accordance with the Terms and Conditions. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC). In addition, there can be no assurance that access to CNY for the purposes of making payments under the Notes by the Issuer or generally may remain or will not become restricted. If it becomes impossible to convert CNY from/to another freely convertible currency, or transfer CNY between accounts in Hong Kong, or the general CNY exchange market in Hong Kong becomes illiquid, or any CNY clearing and settlement system for participating banks in Hong Kong is disrupted or suspended, any payment of CNY under the Notes may be delayed or the Issuer may make such payments in another currency selected by the Issuer using an exchange rate determined by the Calculation Agent, or the Issuer may need to redeem the Notes by making payment in another currency.

CNY exchange rate risk

The value of CNY against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The PBoC has in recent years implemented changes to the way it calculates CNY's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of CNY against foreign currencies. All payments of interest and principal will be made in CNY in respect of the Notes denominated in CNY unless otherwise specified. As a result, the value of such payments in CNY may vary with the changes in the prevailing exchange rates in the marketplace. If the value of CNY depreciates against another foreign currency, the value of the investment made by a holder of Notes denominated in CNY in that foreign currency will decline.

Interest rate risk

The PRC government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for CNY in markets outside the PRC may significantly deviate from the interest rate for CNY in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Notes denominated in CNY may carry a fixed interest rate, the trading price of the Notes denominated in CNY will consequently vary with the fluctuations in the CNY interest rates. If holders of the Notes denominated in CNY propose to sell their Notes before their maturity, they may receive an offer lower than the amount they have invested.

Gains on the transfer of the Notes denominated in CNY may become subject to income taxes under PRC tax laws

Under the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Notes denominated in CNY by non-PRC resident enterprise or individual holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is regarded as income derived from sources within the PRC. The *PRC Enterprise Income Tax Law* levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise from the transfer of Notes denominated in CNY but its implementation rules have reduced the EIT rate to 10 per cent. The *PRC Individual Income Tax Law* levies IIT at a rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident individual holder from the transfer of Notes denominated in CNY.

However, uncertainty remains as to whether the gain realised from the transfer of Notes denominated in CNY by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and thus become subject to EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, holders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Notes.

Therefore, if enterprise or individual resident holders which are non-PRC residents are required to pay PRC income tax on gains derived from the transfer of Notes denominated in CNY, unless there is an applicable tax treaty between the PRC and the jurisdiction in which such non-PRC enterprise or individual holders of Notes denominated in CNY reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Notes denominated in CNY may be materially and adversely affected.

There may be PRC tax consequences with respect to investment in the CNY Notes

In considering whether to invest in the CNY Notes, investors should consult their individual tax advisers with regard to the application of PRC tax laws to their particular situations as well as any tax consequences arising under the laws of any other tax jurisdictions. The value of the Noteholder's investment in the CNY Notes may be materially and adversely affected if the Noteholder is required to pay PRC tax with respect to acquiring, holding or disposing of and receiving payments under those CNY Notes.

C. Risk Factors relating to the market generally

Set out below is a description of the material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk, which may be relevant to an investment in any Notes:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies, are being issued to a single investor or a limited number of investors, or have been structured to meet the investment requirements of limited categories of investors. These types of Notes would generally have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a material adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency

may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market and additional factors discussed above that may affect the value of the Notes and as such should not be relied upon by investors when making an investment decision. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

Furthermore, as a result of the EU CRA Regulation and/or the CRA Regulation, as applicable, if the status of the rating agency rating relating to the Notes changes, European and/or UK regulated investors, as applicable, may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European and/or UK regulated investors, as applicable, selling the Notes which may impact the value of the Notes and any secondary market.

SUPPLEMENTAL PROSPECTUS

The Issuer will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Prospectus or publish a new prospectus in accordance with the Prospectus Regulation for use in connection with any subsequent issue of Notes. The Issuer has undertaken to the Dealers in the Programme Agreement (as defined in "*Subscription and Sale*") that it will comply with Article 23 of the Prospectus Regulation.

Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Prospectus or in a document which is incorporated by reference in this Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus.

FORM OF THE NOTES

The Notes (other than CMU Notes and CDS Notes) of each Tranche will either be in bearer form or registered form. The CMU Notes of each Tranche will only be in bearer form. The CDS Notes of each Tranche will only be in registered form. Notes will be issued outside the United States in reliance on the exemption from registration provided by Regulation S under the Securities Act ("**Regulation S**").

Bearer Notes

Each Tranche of Bearer Notes will be initially issued in the form of a Temporary Bearer Global Note or, if so specified in the applicable Final Terms, a Permanent Bearer Global Note which, in either case, will (i) if the Bearer Global Notes are to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg; (ii) if the Bearer Global Notes are to be issued in CGN form, be delivered on or prior to the original issue date of the Tranche to the Common Depositary for Euroclear and Clearstream, Luxembourg; and (iii) if the Bearer Global Notes are to be issued in respect of CMU Notes, be delivered on or prior to the original issue date of the Tranche to the sub-custodian for the CMU. Delivering the Bearer Global Notes in NGN form to the Common Safekeeper does not necessarily mean that the Bearer Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria and, as at the date of this Prospectus, pursuant to the additional eligibility criteria set out in Article 81a(3) of Guideline (EU) 2015/510 (as amended), the Bearer Notes do not satisfy the Eurosystem eligibility criteria.

Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is issued in CGN form) outside the United States and its possessions only to the extent that certification of non-U.S. beneficial ownership as required by U.S. Treasury regulations (in the form referred to in the Temporary Bearer Global Note) has been received by (in the case of Bearer Notes other than CMU Notes) Euroclear and/or Clearstream, Luxembourg or (in the case of CMU Notes) the CMU Lodging and Paying Agent.

On and after the date (the "**Exchange Date**") which is 40 days after the date on which the Temporary Bearer Global Note is issued, interests in the Temporary Bearer Global Note will be exchangeable either for (a) interests in a Permanent Bearer Global Note without Coupons or Talons or (b) for definitive Bearer Notes (where the applicable Final Terms so permit), in each case, against certification of non-U.S. beneficial ownership as required by U.S. Treasury regulations in accordance with the terms set out in the Temporary Bearer Global Note, unless such certification has already been given as described in the last sentence of the first paragraph above. The holder of a Temporary Bearer Global Note will not be entitled to receive any payment of interest or principal due on or after the Exchange Date.

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Ordinary and Tier 2 Notes*" below), in the case of Bearer Notes other than CMU Notes, the Principal Paying Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent (each as so defined) shall arrange that, where a further Tranche of Bearer Notes is issued, the Bearer Notes of such Tranche shall be assigned a common code, ISIN and/or, in the case of CMU Notes only, a CMU instrument number (as the case may be) which are different from the common code, ISIN and/or CMU instrument number (as the case may be) assigned to Bearer Notes of any other Tranche of the same Series and shall remain different until at least 40 days after the completion of the distribution of the Bearer Notes of such further Tranche as certified by, in the case of Bearer Notes other than CMU Notes, the Principal Paying Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent to the relevant Dealer(s).

Payments of principal and interest (if any) on a Permanent Bearer Global Note will be made, in the case of Bearer Notes other than CMU Notes, through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is

in CGN form) or, in the case of CMU Notes, in accordance with the rules of the CMU, in any case outside the United States and without any requirement for certification. Where the applicable Final Terms so permit, a Permanent Bearer Global Note will be exchangeable in whole or (subject to the Bearer Notes which continue to be represented by the Permanent Bearer Global Note being regarded by, in the case of Bearer Notes other than CMU Notes, Euroclear and Clearstream, Luxembourg or, in the case of CMU Notes, the CMU as fungible with the definitive Bearer Notes issued in partial exchange for such Permanent Bearer Global Note) in part, for security-printed definitive Bearer Notes with, where applicable, Coupons and Talons attached, either (a) on 60 days' notice given at any time, from (in the case of Bearer Notes other than CMU Notes) Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) to the Principal Paying Agent or (in the case of CMU Notes) the CMU Lodging and Paying Agent (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note given through the CMU in accordance with its rules), in any case as described therein or (b) only upon the occurrence of an Exchange Event.

For these purposes, "**Exchange Event**" means:

- (A) in the case of issues of Bearer Notes which have denominations of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, as specified in the applicable Final Terms, (i) that an Event of Default (as defined in the Trust Deed) has occurred and is continuing or (ii) that the Issuer has been notified that, in the case of Bearer Notes other than CMU Notes, both Euroclear and Clearstream, Luxembourg have or, in the case of CMU Notes, the CMU has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have/has announced an intention permanently to cease business or have/has in fact done so and no successor clearing system satisfactory to the Trustee is available; and
- (B) in the case of all other issues of Bearer Notes, (i) that an Event of Default (as defined in the Trust Deed) has occurred and is continuing, or (ii) that the Issuer has been notified that, in the case of Bearer Notes other than CMU Notes, both Euroclear and Clearstream, Luxembourg have or, in the case of CMU Notes, the CMU has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have/has announced an intention permanently to cease business or have/has in fact done so and no successor clearing system satisfactory to the Trustee is available or (iii) at the option of the Issuer at any time.

The applicable Final Terms may provide that for the purposes of a particular Permanent Bearer Global Note, the definition of "Exchange Event" shall be "that the Issuer has been notified that, in the case of Bearer Notes other than CMU Notes, both Euroclear and Clearstream, Luxembourg have or, in the case of CMU Notes, the CMU has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) and no successor clearing system satisfactory to the Trustee is available" (the "**Limited Exchange Event**").

The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event described in (i) or (ii) in each of subparagraphs (A) and (B) above occurs or if it decides to exercise its option described in (iii) in subparagraph (B) above. In the event of the occurrence of an Exchange Event, in the case of Bearer Notes other than CMU Notes, Euroclear and/or Clearstream, Luxembourg or, in the case of CMU Notes, the CMU (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Trustee may give notice to, in the case of Bearer Notes other than CMU Notes, the Principal Paying Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) in subparagraph (B) above, the Issuer may give notice to, in the case of Bearer Notes other than CMU Notes, the Principal Paying Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by, in the case of Bearer Notes other than CMU Notes, the Principal Paying Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent.

Bearer Global Notes and definitive Bearer Notes will be issued pursuant to the Agency Agreement. No definitive Bearer Note delivered in exchange for a Permanent Bearer Global Note will be mailed or otherwise delivered to any location in the United States in connection with such exchange. At the date hereof, none of (in the case of CMU Notes) the CMU and (in the case of Bearer Notes other than CMU Notes) Euroclear and Clearstream, Luxembourg regards Bearer Global Notes as fungible with definitive Bearer Notes. Temporary Bearer Global Notes, Permanent Bearer Global Notes and definitive Bearer Notes will be authenticated and delivered by, in the case of Bearer Notes other than CMU Notes, the Principal Paying Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent on behalf of the Issuer.

If, in respect of any Tranche of Bearer Notes, the applicable Final Terms specifies that a Bearer Global Note may be exchanged for definitive Bearer Notes in circumstances other than upon the occurrence of an Exchange Event, such Bearer Notes will be issued with only one Specified Denomination or all Specified Denominations of such Bearer Notes will be an integral multiple of the lowest Specified Denomination, as specified in the applicable Final Terms.

Save where TEFRA is stated to be "Not Applicable" in the applicable Final Terms, the following legend will appear on all Permanent Bearer Global Notes and definitive Bearer Notes which have an original maturity of more than 365 days and on all Coupons and Talons relating to such Bearer Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

Registered Notes

Each Tranche of Registered Notes will be initially issued in the form of a Registered Global Note which will (i) if the Registered Global Note is intended to be held under NSS, be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg and registered in the name of a nominee of the Common Safekeeper for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms; (ii) if the Registered Global Note is not intended to be held under the NSS and limb (iii) does not apply, be delivered on or prior to the original issue date of the Tranche to the Common Depositary for Euroclear and Clearstream, Luxembourg and registered in the name of the nominee for the Common Depositary of Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms; or (iii) if the Registered Global Notes are intended to be cleared through CDS, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to CDS and registered in the name of CDS & CO. (or such other name as is requested by an authorised representative of CDS) as nominee of CDS. Delivering the Registered Global Notes which are to be held under the NSS to the Common Safekeeper does not necessarily mean that the Registered Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria and, as at the date of this Prospectus, pursuant to the additional eligibility criteria set out in Article 81a(3) of Guideline (EU) 2015/510 (as amended), the Registered Notes do not satisfy the Eurosystem eligibility criteria.

Pursuant to the Agency Agreement, in the case of Registered Notes, the Principal Paying Agent shall arrange that, where a further Tranche of Registered Notes is issued, the Registered Notes of such Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Registered Notes of any other Tranche of the same Series and shall remain different until at least 40 days after the completion of the distribution of the Registered Notes of such further Tranche as certified by the Principal Paying Agent to the relevant Dealer(s).

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 5(d)) as the registered holder of the Registered Global Notes. None of the Issuer, the Trustee or the Agents will

have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Condition 5(d)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without interest coupons or talons attached only upon the occurrence of an Exchange Event.

For these purposes, "**Exchange Event**" means:

- (A) in the case of a Registered Global Note in respect of Notes other than CDS Notes, that (i) an Event of Default (as defined in the Trust Deed) has occurred and is continuing or (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system satisfactory to the Trustee is available; and
- (B) in the case of a Registered Global Note in respect of CDS Notes, that (i) an Event of Default (as defined in the Trust Deed) has occurred and is continuing, (ii) CDS has notified the Issuer that it is unwilling or unable to continue to act as a depository for the Notes and a successor depository is not appointed by the Issuer within 90 working days after receiving such notice or (iii) CDS ceases to be a recognised clearing agency under the applicable Canadian or provincial securities legislation and no successor clearing system satisfactory to the Trustee is available within 90 working days after the Issuer becoming aware that CDS is no longer so recognised.

The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or CDS, as the case may be, (acting on the instructions of any holder of an interest in such Registered Global Note) or the Trustee may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Registered Global Notes and definitive Registered Notes will be issued pursuant to the Agency Agreement. At the date hereof, neither Euroclear nor Clearstream, Luxembourg regards Registered Notes in global form as fungible with Registered Notes in definitive form. Registered Global Notes and definitive Registered Notes will be authenticated and delivered by the Registrar on behalf of the Issuer.

CDS Global Clearance and Settlement Procedures

CDS provides a variety of computer automated services for financial institutions and investment dealers active in domestic and international capital markets. CDS participants ("**CDS Participants**") include banks (including the Canadian Subcustodians (as defined below)), investment dealers and trust companies and may include Dealers or affiliates of Dealers. Indirect access to CDS is available to other organisations that clear through or maintain a custodial relationship with a CDS Participant. Transfers of ownership and other interests, including cash distributions, in Notes in CDS may only be processed through CDS Participants and will be completed in accordance with existing CDS rules and procedures. CDS operates in Montreal, Toronto, Calgary and Vancouver to centralise securities clearing functions through a central securities depository.

Initial settlement for CDS Notes will be made in immediately available Canadian dollar funds. CDS Notes will be held by CDS & CO., as nominee of CDS. Beneficial interests in the relevant Registered Global Note will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in CDS. An investor may elect to hold interests in CDS Notes directly through any of CDS (in Canada) or Clearstream, Luxembourg or Euroclear (in Europe) if they are participants of such systems, or indirectly through organisations which are participants in such systems. Links have been established among CDS, Euroclear and Clearstream, Luxembourg to facilitate issuance of CDS Notes and cross-market transfers of CDS Notes associated with secondary market trading. Clearstream, Luxembourg and Euroclear will hold interests on behalf of their participants through customers' securities accounts in their respective names on the books of their respective Canadian subcustodians, each of which is a Canadian Schedule I chartered bank ("**Canadian Subcustodians**"), which in turn will hold such interests in customers' securities accounts in the names of the Canadian Subcustodians on the books of CDS. CDS will be directly linked to Euroclear and Clearstream, Luxembourg through the CDS accounts of their respective Canadian Subcustodians.

Secondary market trading between CDS Participants will be in accordance with market conventions applicable to transactions in book-based Canadian domestic bonds. Secondary market trading between Euroclear participants and/or Clearstream, Luxembourg participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Transfers between CDS and Euroclear or Clearstream, Luxembourg

Cross-market transfers between persons holding directly or indirectly through CDS Participants, on the one hand, and directly or indirectly through Euroclear participants or Clearstream, Luxembourg participants, on the other, will be effected in CDS in accordance with CDS rules; however, such cross-market transactions will require delivery of instructions to the relevant clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines. The relevant clearing system will, if the transaction meets its settlement requirements, deliver instructions to CDS directly or through its Canadian Subcustodian to take action to effect final settlement on its behalf by delivering or receiving CDS Notes in CDS, and making or receiving payment in accordance with normal procedures for settlement in CDS. Euroclear participants and Clearstream, Luxembourg participants may not deliver instructions directly to CDS or the Canadian Subcustodians.

Because of time-zone differences, credits of CDS Notes received in Euroclear or Clearstream, Luxembourg as a result of a transaction with a CDS Participant will be made during subsequent securities settlement processing and dated the business day following the CDS settlement date. Such credits or any transactions in such CDS Notes settled during such processing will be reported to the relevant Euroclear participants or Clearstream, Luxembourg participants on such business day. Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of CDS Notes by or through a Euroclear participant or a Clearstream, Luxembourg participant to a CDS Participant will be received with value on the CDS settlement date but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the business day following settlement in CDS.

General

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg and/or the CMU and/or CDS, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or CMU and/or CDS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearance system approved by the Issuer, the Trustee, the Principal Paying Agent and, in the case of Registered Notes, the Registrar.

The Notes (other than CMU Notes and CDS Notes) are in bearer form or in registered form (respectively "**Bearer Notes**" and "**Registered Notes**") as specified in the applicable Final Terms and, in the case of definitive

Notes, serially numbered. The Notes are also in the Specified Currency and the Specified Denomination(s) specified in the applicable Final Terms. The CMU Notes are in bearer form. The CDS Notes are in registered form. Bearer Notes may not be exchanged for Registered Notes and *vice versa*.

This Note may (i) bear interest calculated by reference to one or more fixed rates of interest (such Note, a "**Fixed Rate Note**"), (ii) bear interest calculated by reference to, in the case of an initial period, an initial fixed rate of interest and, thereafter, the applicable fixed rate of interest that has been determined pursuant to the reset provisions contained in these Terms and Conditions, by reference to a mid-market swap rate for the Specified Currency (such Note, a "**Reset Note**"), (iii) bear interest calculated by reference to one or more floating rates of interest (such Note, a "**Floating Rate Note**"), (iv) be issued on a non-interest bearing basis and be offered and sold at a discount to its nominal amount (such Note, a "**Zero Coupon Note**") or (v) be a combination of any of the foregoing.

In addition, the Notes will provide that the rights of Noteholders with regard to payments of principal will either be (i) unsubordinated ("**Ordinary Notes**") or (ii) subordinated in the manner described under Condition 3(b) below with a fixed redemption date and with terms capable of qualifying as Tier 2 Capital (the "**Tier 2 Notes**"). The term "**Tier 2 Capital**" means tier 2 capital for the purposes of the Capital Regulations.

Subject as set out below, title to the Bearer Notes and Coupons will pass by delivery and title to the Registered Notes will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. The Issuer, the Replacement Agent (as defined in the Agency Agreement) and any Agent may (to the fullest extent permitted by applicable law) deem and treat the bearer of any Bearer Note or Coupon and the registered holder of any Registered Note, as the case may be, as the absolute owner thereof (whether or not such Note or Coupon shall be overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next two succeeding paragraphs. The holder of each Coupon, whether or not such Coupon is attached to a Note, shall be subject to and bound by all the provisions contained in the relevant Note.

For so long as any of the Notes of this Tranche is represented by a Global Note held on behalf of Euroclear Bank SA/NV ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream, Luxembourg**"), each person who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee and any Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal and interest on such Notes, the right to which shall be vested, as against the Issuer, the Trustee and any Agent, solely (in the case of Bearer Global Notes) in the bearer of the relevant Bearer Global Note and (in the case of Registered Global Notes) the registered holder of the relevant Registered Global Note in accordance with and subject to its terms (or the Trustee in accordance with the Trust Deed) (and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly). Notes (other than CMU Notes (as defined below) and CDS Notes (as defined below)) which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be.

For so long as any of the Notes in this Tranche is represented by a Bearer Global Note held by or on behalf of the Hong Kong Monetary Authority as operator (the "**CMU Operator**") of the Central Moneymarkets Unit Service ("**CMU**"), each person for whose account a relevant interest in such Bearer Global Note is credited as being held by the CMU Operator, as notified to the CMU Lodging and Paying Agent by the CMU Operator (which notification shall be conclusive evidence of the records of the CMU Operator save in the case of manifest error) shall be deemed to be the holder of a corresponding nominal amount of the Notes (and the holder of the relevant Bearer Global Note shall not be deemed to be the holder) for all purposes other than with respect to the payment of principal or interest on such Notes, the right to which shall be vested, as against the Issuer, the Trustee and the CMU Lodging and Paying Agent, solely in the bearer of such Bearer Global Note and for which

purpose the bearer of such Bearer Global Note shall be deemed to be the holder of such nominal amount of such Notes in accordance with and subject to its terms (or the Trustee in accordance with the Trust Deed) (and the expressions "**Noteholder**", "**holder of Notes**" and related expressions shall be construed accordingly). For these purposes, a notification from the CMU shall be conclusive and binding evidence of the identity of any holder of Notes and the nominal amount of any Notes represented by such Bearer Global Note credited to its account (save in the case of manifest error).

Any reference to "**CMU Notes**" means Notes denominated in any currency which the CMU accepts for settlement from time to time that are, or are intended to be, initially cleared through the CMU.

For so long as any of the CDS Notes in this Tranche is represented by a Registered Global Note held by or on behalf of CDS Clearing and Depository Services Inc. ("**CDS**"), each person who is for the time being shown in the records of CDS as the holder of a particular nominal amount of such CDS Notes (in which regard any certificate or other document issued by CDS as to the nominal amount of such CDS Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee and any Agents as the holder of such nominal amount of such CDS Notes for all purposes other than with respect to the payment of principal and interest on such Notes, the right to which shall be vested, as against the Issuer, the Trustee and any Agents, solely in the person whose name the relevant Registered Global Note is registered in accordance with and subject to its terms (or the Trustee in accordance with the Trust Deed) (and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly). CDS Notes which are represented by a Registered Global Note will be transferable only in accordance with the rules and procedures for the time being of CDS. Any reference to "**CDS Notes**" means Notes denominated in C\$ that are, or are intended to be, settled in and initially cleared through CDS.

Any reference to "Euroclear" and/or "Clearstream, Luxembourg" and/or "CMU" and/or "CDS" shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Trustee, the Principal Paying Agent and, in the case of Registered Notes, the Registrar.

Transfers of beneficial interests in Registered Global Notes will be effected by Euroclear and/or Clearstream, Luxembourg or CDS, as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of transferors and transferees of such interests. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Registered Notes in definitive form or for a beneficial interest in another Registered Global Note of the same Series only in the authorised denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, or CDS, as the case may be, and in accordance with the terms and conditions specified in the Trust Deed and the Agency Agreement.

4 Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date specified in the applicable Final Terms at the rate(s) per annum equal to the Rate(s) of Interest payable in arrear on the date(s) so specified in the applicable Final Terms on which interest is payable in each year (each, an "**Interest Payment Date**") (subject to adjustment as described below) and on the Maturity Date so specified if that does not fall on an Interest Payment Date. If the Notes are Bearer Notes in definitive form or CDS Notes, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date will be the Fixed Coupon Amount if one is specified in the applicable Final Terms. The first payment of interest will be made on the Interest Payment Date next following the Interest Commencement Date and, if the period from the Interest Commencement Date to such Interest Payment Date differs from the period between subsequent Interest Payment Dates and the Notes are Bearer Notes in definitive form or CDS Notes, the amount of the first interest payment will be the initial Broken Amount specified in the applicable Final Terms. If the Maturity Date is not an Interest Payment Date and the Notes are Bearer Notes in definitive form or CDS Notes, interest from (and including) the preceding Interest Payment Date (or the Interest Commencement Date, as the case may be) to (but excluding) the Maturity Date will be the final Broken Amount specified in the applicable Final Terms.

If the Modified Following Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date (or other date) should occur or (y) if any Interest Payment Date (or other date) would otherwise fall on a day which is not a Business Day, then such Interest Payment Date (or other date) shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date (or other date) shall be brought forward to the immediately preceding Business Day. Unless the applicable Final Terms specify that the Business Day Convention is "adjusted", any such adjustment to an Interest Payment Date (or other date) shall not affect the amount of interest payable in respect of a Fixed Rate Note and, for the purposes of the determination of any amount in respect of interest and the applicable Day Count Fraction, the number of days in the relevant period shall be calculated on the basis that no adjustment has been made to the relevant Interest Payment Date (or other date).

Except in the case of Bearer Notes in definitive form or CDS Notes where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form, the aggregate outstanding nominal amount of (A) the Fixed Rate Notes represented by such Global Note or (B) such Registered Notes; or

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period commencing on the last Interest Payment Date on which interest was paid (or, if none, the Issue Date or, if different from the Issue Date, the Interest Commencement Date), the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year;
- (ii) if "**30/360**" is specified in the applicable Final Terms, the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Issue Date or, if different from the Issue Date, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (iii) if "**RBA Bond Basis**" is specified in the applicable Final Terms, one divided by the number of Interest Payment Dates in each twelve-month period (or, where the calculation period does not constitute an Interest Period, the actual number of days in the calculation period divided by 365 (or, if any portion of the calculation period falls in a leap year, the sum of:
 - (1) the actual number of days in that portion of the calculation period falling in a leap year divided by 366; and
 - (2) the actual number of days in that portion of the calculation period falling in a non-leap year divided by 365));
- (iv) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365; and
- (v) if "**Actual/Actual Canadian Compound Method**" is specified in the applicable Final Terms, whenever it is necessary to compute any amount of accrued interest in respect of the Notes for a period of less than one full year, other than in respect of any specified Fixed Coupon Amount or Broken Amount, such interest will be calculated on the basis of the actual number of days in the Interest Period and a year of 365 days.

- a. where "Lag" is specified as the Observation Method in the applicable Final Terms, the arithmetic mean of the Reference Rate in effect for each calendar day during the relevant Observation Period, calculated by multiplying each relevant Reference Rate by the number of calendar days such rate is in effect, determining the sum of such products and dividing such sum by the number of calendar days in the relevant Observation Period. For these purposes the Reference Rate in effect for any calendar day which is not a Business Day shall be deemed to be the Reference Rate in effect for the Business Day immediately preceding such calendar day; and
 - b. where "Lock-out" is specified as the Observation Method in the applicable Final Terms, the arithmetic mean of the Reference Rate in effect for each calendar day during the relevant Interest Period, calculated by multiplying each relevant Reference Rate by the number of calendar days such rate is in effect, determining the sum of such products and dividing such sum by the number of calendar days in the relevant Interest Period, provided however that for any calendar day of such Interest Period falling in the Lock-out Period, the relevant Reference Rate for each day during that Lock-out Period will be deemed to be the Reference Rate in effect for the Reference Day immediately preceding the first day of such Lock-out Period. For these purposes the Reference Rate in effect for any calendar day which is not a Business Day shall, subject to the proviso above, be deemed to be the Reference Rate in effect for the Business Day immediately preceding such calendar day;
- (C) where "Index Determination" is specified as the Calculation Method in the applicable Final Terms, the Rate of Interest for each Interest Period will, subject as provided below, be the compounded daily reference rate for the relevant Interest Period, calculated in accordance with the following formula:

$$\left(\frac{\text{Compounded Index End}}{\text{Compounded Index Start}} - 1 \right) \times \frac{D}{d}$$

and the resulting percentage will be rounded, if necessary, to the Relevant Decimal Place, plus or minus (as indicated in the applicable Final Terms) the Margin and will be calculated by the Calculation Agent on the relevant Interest Determination Date where:

"**Compounded Index**" shall mean SONIA Compounded Index, SOFR Compounded Index, SARON Compounded Index or CORRA Compounded Index, as specified in the applicable Final Terms;

"CORRA Compounded Index" means the measure of the cumulative impact of CORRA compounding over time administered and published at 11:30 a.m. Toronto time (or an amended publication time, if any, specified in the CORRA Administrator's methodology for calculating CORRA Compounded Index) by the CORRA Administrator;

"d" is the number of calendar days from (and including) the day on which the relevant Compounded Index Start is determined to (but excluding) the day on which the relevant Compounded Index End is determined;

"End" means, in relation to any Interest Period, the relevant Compounded Index value on the day falling "p" Business Days (as defined in paragraph (A) above) prior to the Interest Payment Date for such Interest Period, or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

"p" is the number of Business Days included in the Observation Look-back Period specified in the applicable Final Terms (or, if no such number is specified, two);

"Relevant Decimal Place" shall be the number of decimal places specified in the applicable Final Terms and will be rounded up or down, if necessary (with half of the highest decimal place being rounded upwards) (or, if no such number is specified, if the SONIA Compounded Index or CORRA Compounded Index is applicable, it shall be five, if the SARON Compounded Index is applicable, it shall be six and, if the SOFR Compounded Index is applicable, it shall be seven);

"SARON Compounded Index" means, in relation to any Business Day, the value of the index known as the SARON Index administered by the SARON Administrator as published on the SIX Group's Website at 6:00 p.m. (Zurich time) on such Business Day;

"SOFR Compounded Index" means the Compounded Daily SOFR rate as published at 3.00 p.m. (New York time) by Federal Reserve Bank of New York (or a successor administrator of SOFR) on the website of the Federal Reserve Bank of New York, or any successor source;

"SONIA Compounded Index" means the Compounded Daily SONIA rate as published at 10.00 a.m. (London time) by the Bank of England (or a successor administrator of SONIA) on the Bank of England's Interactive Statistical Database, or any successor source; and

"Start" means, in relation to any Interest Period, the relevant Compounded Index value on the day falling "p" Business Days (as defined in paragraph (A) above) prior to the first day of such Interest Period.

Subject to Condition 4(f) or, if applicable, Condition 4(g), if, with respect to any Interest Period, the relevant rate is not published at the relevant publication time for the relevant Compounded Index either on the relevant Start or End date or, in respect of CORRA Compounded Index, if a CORRA Index Cessation Effective Date has occurred with respect to CORRA Compounded Index, then the Calculation Agent shall calculate the rate of interest for that Interest Period as if "Index Determination" was not specified as the Calculation Method in the applicable Final Terms and as if "Compounded Daily" was specified instead as the Calculation Method in the applicable Final Terms and where "Observation Shift" was specified as the Observation Method;

- (D) where "SONIA" is specified as the Reference Rate in the applicable Final Terms, if, in respect of any Business Day, SONIA (as defined in paragraph (A) above) is not available

on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such Reference Rate shall be:

- (1) (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant Business Day; plus (ii) the mean of the spread of SONIA to the Bank Rate over the previous five days on which SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or
- (2) subject to Condition 4(f), if such Bank Rate is not available, the SONIA rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding Business Day on which the SONIA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors),

and in each case, "r" shall be interpreted accordingly;

- (E) where "SOFR" is specified as the Reference Rate in the applicable Final Terms, if, in respect of any Business Day (as defined in paragraph (A) above), the Reference Rate is not available, subject to Condition 4(f) or, if applicable, Condition 4(g), such Reference Rate shall be the SOFR (as defined in paragraph (A) above) for the first preceding Business Day on which the SOFR was published on the New York Fed's Website (as defined in paragraph (A) above) and "r" shall be interpreted accordingly;

(F)

- (1) where "SARON" is specified as the Reference Rate in the applicable Final Terms, if, in respect of any Business Day (as defined in paragraph (A) above), SARON (as defined in paragraph (A) above) is not available, and unless both a SARON Index Cessation Event and a SARON Index Cessation Effective Date (each as defined below) have occurred, such Reference Rate shall be a rate equal to SARON for the last Business Day for which such rate was published by the SARON Administrator on the SIX Group's Website, and "r" shall be interpreted accordingly.
- (2) If SARON is not published in respect of a Business Day as specified above, and both a SARON Index Cessation Event and a SARON Index Cessation Effective Date have occurred, then, in respect of such Business Day (subject to the further operation of this Condition 4(c)(v)(F)) and each Business Day thereafter, SARON will be replaced with:
 - (i) if there is a Recommended Replacement Rate within one Business Day of the SARON Index Cessation Effective Date, the Recommended Replacement Rate for such Business Day, giving effect to the Recommended Adjustment Spread, if any, published on such Business Day; or
 - (ii) if there is no Recommended Replacement Rate within one Business Day of the SARON Index Cessation Effective Date, the policy rate of the Swiss National Bank (the "**SNB Policy Rate**") for such Business Day, giving effect to the SNB Adjustment Spread, if any,

and "r" shall be interpreted accordingly.

Notwithstanding the above, if the SNB Policy Rate for any Business Day with respect to which SARON is to be determined pursuant to paragraph (F)(2)(ii) above has not been published on such Business Day, then in respect of such Business Day (the "**Affected Business Day**") and each Business Day thereafter, SARON will be replaced by the Replacement Rate, if any, determined in accordance with Condition 4(c)(v)(F)(3) for the purpose of determining the Rate of Interest.

- (3) If the Calculation Agent (A) is required to use a Recommended Replacement Rate or the SNB Policy Rate pursuant to paragraphs (2)(i) or (2)(ii) above for purposes of determining SARON for any Business Day, and (B) determines that any changes to the definitions of Business Day Convention, Day Count Fraction, Interest Determination Date, Interest Payment Date, Interest Accrual Period, Observation Period, SARON, SARON Administrator, SIX Group's Website or SARON Specified Time are necessary in order to use such Recommended Replacement Rate (and any Recommended Adjustment Spread) or the SNB Policy Rate (and any SNB Adjustment Spread), as the case may be, for such purposes, such definitions will be amended as contemplated in Condition 16 to reflect such changes, and the Issuer shall give notice as soon as practicable to the Calculation Agent, the Agents and the Trustee and, in accordance with Condition 14, the Noteholders, specifying the Recommended Replacement Rate and any Recommended Adjustment Spread or, as the case may be, indicating that the SNB Policy Rate will be used and specifying any SNB Adjustment Spread, as applicable, and the amendments implemented pursuant to Condition 16. No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer confirming (i) the Recommended Replacement Rate and any Recommended Adjustment Spread or, as the case may be, indicating that the SNB Policy Rate will be used and any SNB Adjustment Spread and (ii) the changes to any of the definitions specified above in this Condition 4(c)(v)(F)(3) (if applicable). The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Recommended Replacement Rate and any Recommended Adjustment Spread, or as the case may be the SNB Policy Rate and any SNB Adjustment Spread and any other changes pursuant to this Condition 4(c)(v)(F)(3) specified in such certificate will (in the absence of manifest error and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Agents, the Calculation Agent, the Noteholders and the Couponholders. Subject as provided in the Trust Deed, the Trustee shall, at the direction and expense of the Issuer and without any requirement for the consent or approval of the Noteholders or the Couponholders, be obliged to concur with the Issuer in using its reasonable endeavours to effect such consequential amendments to the Trust Deed, the Agency Agreement and these Terms and Conditions (including, inter alia, by the execution of a deed supplemental to/amending the Trust Deed) as may be required in order to give effect to this Condition 4(c)(v)(F)(3) and the Trustee shall not be liable to any party for any consequences thereof (provided, however, that the Trustee shall not be obliged to agree to any such consequential amendments if the same would, in the sole opinion of the Trustee, impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce, or amend its rights and/or the protective provisions afforded to it in any document to which it is a party).

- (4) Unless the Issuer has elected to redeem the Notes in accordance with Condition 6, the Issuer will appoint a "Replacement Rate Agent" on or prior to the first relevant Business Day (a) with respect to which SARON is to be determined pursuant to paragraph (F)(2)(ii) above and (b) for which the SNB Policy Rate has not been published thereon. The Issuer may appoint an affiliate of the Issuer or any other person as Replacement Rate Agent, so long as such affiliate or other person is a leading financial institution that is experienced in the calculations or determinations to be made by the Replacement Rate Agent. The Issuer will notify the Noteholders of any such appointment in accordance with Condition 14.
- (5) If the conditions set out in the last paragraph of paragraph (F)(2) above have been satisfied, then the Replacement Rate Agent will determine whether to use an alternative rate to SARON for the Affected Business Day and for all subsequent Business Days in the Observation Period in which the Affected Business Day falls (the "**Affected SARON Observation Period**") and all Observation Periods thereafter. If the Replacement Rate Agent determines to use an alternative rate pursuant to the immediately preceding sentence, it shall select such rate that it has determined is most comparable to SARON (the "**Existing Rate**"), provided that if it determines that there is an appropriate industry-accepted successor rate to the Existing Rate, it shall use such industry-accepted successor rate. If the Replacement Rate Agent has determined an alternative rate in accordance with the foregoing (such rate, the "**Replacement Rate**"), for the purposes of determining the Rate of Interest, (a) the Replacement Rate Agent shall determine (A) the method for obtaining the Replacement Rate (including any alternative method for determining the Replacement Rate if such alternative rate is unavailable on the relevant Interest Determination Date), which method shall be consistent with industry-accepted practices for the Replacement Rate, and (B) any adjustment factor as may be necessary to make the Replacement Rate comparable to the Existing Rate consistent with industry-accepted practices for the Replacement Rate, (b) for the Affected Business Day and all subsequent Business Days in the Affected SARON Observation Period and all Observation Periods thereafter, references to SARON in these Conditions shall be deemed to be references to the Replacement Rate, including any alternative method for determining such rate and any adjustment factor as described above, (c) if the Replacement Rate Agent determines that changes to the definitions of Business Day Convention, Day Count Fraction, Interest Determination Date, Interest Payment Date, Interest Accrual Period, Observation Period, SARON, SARON Administrator, SIX Group's Website or SARON Specified Time are necessary in order to implement the Replacement Rate as SARON, such definitions will be amended as contemplated in Condition 16 to reflect such changes, and the Issuer shall give notice as soon as practicable to the Calculation Agent and the Trustee and, in accordance with Condition 14, the Noteholders, specifying the Replacement Rate and the amendments implemented pursuant to Condition 16. Any determination to be made by the Replacement Rate Agent pursuant to this Condition 4(c)(v)(F)(5), including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be made in the sole discretion of the Replacement Rate Agent acting in good faith. No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer confirming (i) the Replacement Rate, (ii) any adjustment factor determined by the Replacement Rate Agent and

(iii) the changes to any of the definitions specified above in this Condition 4(c)(v)(F)(5). The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Replacement Rate and any other changes pursuant to this Condition 4(c)(v)(F)(5) specified in such certificate will (in the absence of manifest error and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Agents, the Calculation Agent, the Noteholders and the Couponholders. Subject as provided in the Trust Deed, the Trustee shall, at the direction and expense of the Issuer and without any requirement for the consent or approval of the Noteholders or the Couponholders, be obliged to concur with the Issuer in using its reasonable endeavours to effect such consequential amendments to the Trust Deed, the Agency Agreement and these Terms and Conditions (including, inter alia, by the execution of a deed supplemental to/amending the Trust Deed) as may be required in order to give effect to this Condition 4(c)(v)(F)(5) and the Trustee shall not be liable to any party for any consequences thereof (provided, however, that the Trustee shall not be obliged to agree to any such consequential amendments if the same would, in the sole opinion of the Trustee, impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce, or amend its rights and/or the protective provisions afforded to it in any document to which it is a party).

As used in these Conditions:

"Recommended Adjustment Spread" means, with respect to any Recommended Replacement Rate, the spread (which may be positive, negative or zero), or formula or methodology for calculating such a spread:

- (i) that the Recommending Body has recommended be applied to such Recommended Replacement Rate in the case of fixed income securities with respect to which such Recommended Replacement Rate has replaced SARON as the reference rate for purposes of determining the applicable rate of interest thereon; or
- (ii) if the Recommending Body has not recommended such a spread, formula or methodology as described in paragraph (i) above, to be applied to such Recommended Replacement Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of SARON with such Recommended Replacement Rate for purposes of determining SARON, which spread will be determined by the Issuer, following consultation with the Independent Adviser, and be consistent with industry-accepted practices for fixed income securities with respect to which such Recommended Replacement Rate has replaced SARON as the reference rate for purposes of determining the applicable rate of interest thereon;

"Recommended Replacement Rate" means the rate that has been recommended as the replacement for SARON by the Recommending Body;

"Recommending Body" means any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for purposes of, among other things, considering proposals to reform reference interest rates in Switzerland;

"SARON Index Cessation Effective Date" means the earliest of:

- (i) in the case of the occurrence of a SARON Index Cessation Event described in paragraph (i) of the definition thereof, the date on which the SARON Administrator ceases to provide SARON;
- (ii) in the case of the occurrence of a SARON Index Cessation Event described in paragraph (ii)(x) of the definition thereof, the latest of:
 - a. the date of such statement or publication;
 - b. the date, if any, specified in such statement or publication as the date on which SARON will no longer be representative; and
 - c. if a SARON Index Cessation Event described in paragraph (ii)(y) of the definition thereof has occurred on or prior to either or both dates specified in paragraphs a. and b. of this paragraph (ii), the date as of which SARON may no longer be used; and
- (iii) in the case of the occurrence of a SARON Index Cessation Event described in paragraph (ii)(y) of the definition thereof, the date as of which SARON may no longer be used;

"SARON Index Cessation Event" means the occurrence of one or more of the following events:

- (i) a public statement or publication of information by or on behalf of the SARON Administrator, or by any competent authority, announcing or confirming that the SARON Administrator has ceased or will cease to provide SARON permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide SARON; or
- (ii) a public statement or publication of information by the SARON Administrator or any competent authority announcing that (x) SARON is no longer representative or will as of a certain date no longer be representative, or (y) SARON may no longer be used after a certain date, which statement, in the case of sub-clause (y), is applicable to (but not necessarily limited to) fixed income securities and derivatives; and

"SNB Adjustment Spread" means, with respect to the SNB Policy Rate, the spread (which may be positive, negative or zero) to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of SARON with the SNB Policy Rate for purposes of determining SARON, which spread will be determined by the Issuer, following consultation with the Independent Adviser, taking into account the historical median between SARON and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred);

(G)

- (1) where "CORRA" is specified as the Reference Rate in the applicable Final Terms, if, in respect of any Business Day (as defined in paragraph (A) above), CORRA (as defined in paragraph (A) above) is not published or displayed by the CORRA Administrator (as defined in paragraph (A) above) or any authorised distributor and a CORRA Index Cessation Event and a CORRA Index Cessation Effective Date have not both occurred on such Business Day and (subject to the further operation

of this Condition 4(c)(v)(G), if applicable) each Business Day thereafter, such Reference Rate shall be a rate equal to CORRA for the last preceding Business Day on which CORRA was published or displayed by the CORRA Administrator (as defined in paragraph (A) above) or an authorised distributor, and "r" shall be interpreted accordingly.

- (2) If, in respect of any Business Day, CORRA is not published or displayed by the CORRA Administrator or an authorised distributor and a CORRA Index Cessation Event and a CORRA Index Cessation Effective Date have both occurred on such Business Day (such event, the "**CORRA Benchmark Event**"), then, in respect of such Business Day and (subject to the further operation of this Condition 4(c)(v)(G), if applicable) each Business Day thereafter, CORRA will be replaced with:
- (i) if there is a Recommended CAD Replacement Rate within one Business Day of the CORRA Index Cessation Effective Date with respect to CORRA, the Recommended CAD Replacement Rate published on such Business Day, giving effect to the Recommended CAD Adjustment Spread, if any;
 - (ii) if there is a Recommended CAD Replacement Rate within one Business Day of the CORRA Benchmark Event with respect to CORRA but neither the CORRA Administrator nor any authorised distributors provide or publish the Recommended CAD Replacement Rate and a CORRA Benchmark Event with respect to the Recommended CAD Replacement Rate has not occurred, then in respect of any day for which the Recommended CAD Replacement Rate is required, references to the Recommended CAD Replacement Rate will be deemed to be references to the last provided or published Recommended CAD Replacement Rate; or
 - (iii) if there is no Recommended CAD Replacement Rate within one Business Day of the CORRA Index Cessation Effective Date with respect to CORRA or there is a Recommended CAD Replacement Rate and a CORRA Benchmark Event subsequently occurs with respect to the Recommended CAD Replacement Rate, then the interest rate for an Interest Determination Date occurring on or after such applicable CORRA Index Cessation Effective Date with respect to the Recommended CAD Replacement Rate will be the BoC Target Rate last provided or published as at the close of business in Toronto on such Business Day, giving effect to the BoC Target Rate Adjustment Spread, if any.
- (3) If (A) the Calculation Agent is required to use a Recommended CAD Replacement Rate or the BoC Target Rate pursuant to paragraphs (2)(i), (2)(ii) or (2)(iii) above for purposes of determining CORRA for any Business Day, and (B) the Calculation Agent (or a Replacement Rate Agent appointed by the Issuer for this purpose) determines that any changes to the definitions of Business Day Convention, Day Count Fraction, Interest Determination Date, Interest Payment Date, Interest Accrual Period, Observation Period, CORRA or CORRA Administrator are necessary in order to use such Recommended CAD Replacement Rate (and any Recommended CAD Adjustment Spread) or the BoC Target Rate (and any BoC Adjustment Spread), as the case may be, for such purposes, such definitions will be amended as contemplated in Condition 16 to reflect such changes, and the Issuer

shall give notice as soon as practicable to the Calculation Agent, the Agents and the Trustee and, in accordance with Condition 14, the Noteholders, specifying the Recommended CAD Replacement Rate and any Recommended CAD Adjustment Spread or, as the case may be, indicating that the BoC Target Rate will be used and specifying any BoC Adjustment Spread, as applicable, and the amendments implemented pursuant to Condition 16.

- (4) Unless the Issuer has elected to redeem the Notes in accordance with Condition 6, the Issuer will appoint a "Replacement Rate Agent" on or prior to the first relevant Business Day with respect to which CORRA is to be determined pursuant to paragraph (2) (i), (ii) or (iii) above. The Issuer may appoint an affiliate of the Issuer or any other person as Replacement Rate Agent, so long as such affiliate or other person is a leading financial institution that is experienced in the calculations or determinations to be made by the Replacement Rate Agent. The Issuer will notify the Noteholders of any such appointment in accordance with Condition 14.
- (5) No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer confirming (i) the relevant Recommended CAD Replacement Rate (and any Recommended CAD Adjustment Spread) or BoC Target Rate (and any BoC Target Rate Adjustment Spread), (ii) any adjustment factor determined by the Replacement Rate Agent and (iii) the changes to any of the definitions specified above in this Condition 4(c)(v)(G). The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The relevant Recommended CAD Replacement Rate (and any Recommended CAD Adjustment Spread) or BoC Target Rate (and any BoC Target Rate Adjustment Spread) and any other changes pursuant to this Condition 4(c)(v)(G) specified in such certificate will (in the absence of manifest error and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Agents, the Calculation Agent, the Noteholders and the Couponholders. Subject as provided in the Trust Deed, the Trustee shall, at the direction and expense of the Issuer and without any requirement for the consent or approval of the Noteholders or the Couponholders, be obliged to concur with the Issuer in using its reasonable endeavours to effect such consequential amendments to the Trust Deed, the Agency Agreement and these Terms and Conditions (including, inter alia, by the execution of a deed supplemental to/amending the Trust Deed) as may be required in order to give effect to this Condition 4(c)(v)(G) and the Trustee shall not be liable to any party for any consequences thereof (provided, however, that the Trustee shall not be obliged to agree to any such consequential amendments if the same would, in the sole opinion of the Trustee, impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce, or amend its rights and/or the protective provisions afforded to it in any document to which it is a party).

As used in these Conditions:

"Applicable Rate" means one of CORRA Compounded Index, CORRA, the Recommended CAD Replacement Rate or the BoC Target Rate, as applicable.

"BoC Target Rate" means the Bank of Canada's target for the overnight rate as set by the Bank of Canada and published on the Bank of Canada's website from time to time.

"BoC Target Rate Adjustment Spread" means, with respect to the BoC Target Rate, the most recently published spread (which may be positive, negative or zero), to be applied to

the BoC Target Rate, together with such adjustments as are necessary to account for any difference in the term structure or tenor of the BOC Target Rate in comparison to CORRA or, if such spread is not published, the spread, if any, as is necessary in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Canadian Overnight Repo Rate Average with the BoC Target Rate for purposes of determining CORRA, which spread will be determined by the Issuer, following consultation with the Replacement Rate Agent, taking into account the historical median between the Canadian Overnight Repo Rate Average and the BoC Target Rate during the two year period ending on the date on which the CORRA Index Cessation Event occurred (or, if more than one CORRA Index Cessation Event has occurred, the date on which the first of such events occurred).

"CORRA Index Cessation Effective Date" means in respect of a CORRA Index Cessation Event, the first date on which the Applicable Rate is no longer provided. If the Applicable Rate ceased to be provided on the same day that it is required to be determined the rate for an Interest Determination Date but it was provided at the time at which it is to be observed (or, if no such time is specified, at that time at which it is ordinarily published), then the Index Cessation Effective Date will be the next day on which the rate would ordinarily have been published.

"CORRA Index Cessation Event" means the occurrence of one or more of the following events:

- (i) a public statement or publication of information by or on behalf of the CORRA Administrator or provider of the Applicable Rate announcing or confirming that it has ceased or will cease to provide the Applicable Rate permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor CORRA Administrator or provider of the Applicable Rate that will continue to provide the Applicable Rate; or
- (ii) a public statement or publication of information by the regulatory supervisor for the CORRA Administrator or provider of the Applicable Rate, the Bank of Canada, an insolvency official with jurisdiction over the CORRA Administrator or provider of the Applicable Rate, a resolution authority with jurisdiction over the CORRA Administrator or provider of the Applicable Rate or a court or an entity with similar insolvency or resolution authority over the CORRA Administrator or provider of the Applicable Rate, which states that the CORRA Administrator or provider of the Applicable Rate has ceased or will cease to provide the Applicable Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor CORRA Administrator or provider of the Applicable Rate that will continue to provide the Applicable Rate.

"CORRA Recommending Body" means any working group or committee officially endorsed or convened by the Bank of Canada for the purpose of recommending a replacement for CORRA (which rate may be produced by the Bank of Canada or another administrator) and as provided by the administrator of that rate or, if that rate is not provided by the administrator thereof (or a successor administrator), published by an authorised distributor.

"Recommended CAD Adjustment Spread" means, with respect to any Recommended CAD Replacement Rate, the most recently published spread (which may be positive, negative or zero), together with such adjustments as are necessary in order to account for

any difference in term structure or tenor of the Recommended CAD Replacement Rate by comparison to CORRA or if such spread, is not published, the spread, if any, as is necessary to otherwise reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Canadian Overnight Repo Rate Average with such Recommended CAD Replacement Rate for purposes of determining CORRA, which spread will be determined by the Issuer, following consultation with the Replacement Rate Agent, and be consistent with industry-accepted practices for fixed income securities with respect to which such Recommended CAD Replacement Rate has replaced the Canadian Overnight Repo Rate Average as the reference rate for purposes of determining the applicable rate of interest thereon.

"Recommended CAD Replacement Rate" means the rate that has been recommended as the replacement for CORRA by the CORRA Recommending Body.

(H)

- (1) where "TONA" is specified as the Reference Rate in the applicable Final Terms, if, in respect of any Business Day (as defined in paragraph (A) above), the TONA rate (as defined in paragraph (A) above) is not published by the Bank of Japan (or any successor administrator of TONA) or an authorised distributor and is not otherwise provided by the Bank of Japan (or any successor administrator of TONA) by either (a) the TONA Fixing Day or (b) such other date on which the TONA rate is required, then, unless both a TONA Index Cessation Event and a TONA Index Cessation Effective Date (each as defined below) have occurred, such Reference Rate shall be a rate equal to the TONA rate for the last Business Day for which such rate was provided by the Bank of Japan (or any successor administrator of TONA) or published by authorised distributors of TONA, and "r" shall be interpreted accordingly.
- (2) If TONA is not published in respect of a Business Day as specified above, and both a TONA Index Cessation Event and a TONA Index Cessation Effective Date have occurred, then, in respect of such Business Day and (subject to the further operation of this Condition 4(c)(v)(H)) each Business Day thereafter, the TONA rate for a TONA Fixing Day occurring on or after the TONA Index Cessation Effective Date will be the JPY Recommended Rate, and "r" shall be interpreted accordingly.
- (3) If there is a JPY Recommended Rate before the end of the first Business Day (as defined in paragraph (A) above) following the TONA Index Cessation Effective Date but neither the administrator nor authorised distributors provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. However, if there is no last provided or published JPY Recommended Rate, then in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published TONA, and "r" shall be interpreted accordingly.
- (4) If there is:
 - (a) no JPY Recommended Rate before the end of the first Business Day (as defined in paragraph (A) above) following the TONA Index Cessation Effective Date; or

- (b) a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs,

then the TONA rate for a TONA Fixing Day occurring on or after the TONA Index Cessation Effective Date or a JPY Recommended Rate Fixing Day occurring on or after the JPY Recommended Rate Index Cessation Effective Date (as applicable) will be an alternative for TONA or the JPY Recommended Rate (as applicable) determined by the Replacement Rate Agent (as defined below) acting in good faith, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Replacement Rate Agent considers sufficient for that rate to be a representative alternative rate, and "r" shall be interpreted accordingly. Unless the Issuer has elected to redeem the Notes in accordance with Condition 6, the Issuer will appoint a "Replacement Rate Agent" on or prior to the first relevant Business Day with respect to which TONA is to be determined pursuant to this paragraph (4). The Issuer may appoint an affiliate of the Issuer or any other person as Replacement Rate Agent, so long as such affiliate or other person is a leading financial institution that is experienced in the calculations or determinations to be made by the Replacement Rate Agent. The Issuer will notify the Noteholders of any such appointment in accordance with Condition 14.

As used in these Conditions:

"JPY Recommended Rate Index Cessation Effective Date" means, in respect of the JPY Recommended Rate and a JPY Recommended Rate Index Cessation Event, the first date on which the JPY Recommended Rate would ordinarily have been provided and is no longer provided;

"JPY Recommended Rate Index Cessation Event" means, in respect of the JPY Recommended Rate:

- (a) a public statement or publication of information by or on behalf of the administrator of the JPY Recommended Rate announcing that it has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate; or
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the JPY Recommended Rate, the central bank for the currency of the JPY Recommended Rate, an insolvency official with jurisdiction over the administrator of the JPY Recommended Rate, a resolution authority with jurisdiction over the administrator of the JPY Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the JPY

Recommended Rate, which states that the administrator of the JPY Recommended Rate has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate;

"TONA Index Cessation Effective Date" means, in respect of TONA and a TONA Index Cessation Event, the first date on which TONA would ordinarily have been provided and is no longer provided; and

(I)

- (1) where "€STR" is specified as the Reference Rate in the applicable Final Terms, if, in respect of any Business Day (as defined in paragraph (A) above) and unless both an €STR Index Cessation Event and an €STR Index Cessation Effective Date (each, as defined below) have occurred, the Reference Rate shall be a rate equal to €STR for the last Business Day for which such rate was published on the website of the ECB (or any successor administrator of €STR) and "r" shall be interpreted accordingly.
- (2) where "€STR" is specified as the Reference Rate in the applicable Final Terms, if, in respect of any Business Day (as defined in paragraph (A) above) and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate for each Business Day in the relevant Observation Period occurring from and including such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the rate (inclusive of any spreads or adjustments) that was recommended as the replacement for €STR by the ECB (or any successor administrator of €STR) and/or by a committee officially endorsed or convened by the ECB (or any successor administrator of €STR) for the purpose of recommending a replacement for €STR (which rate may be produced by the ECB or another administrator) (the **"ECB Recommended Rate"**), provided that, if no such rate has been recommended before the end of the first Business Day following the date on which the €STR Index Cessation Effective Date occurs, then the rate for each Business Day in the relevant Observation Period occurring from and including such €STR Index Cessation Effective Date will be determined as if references to "€STR" were references to the Eurosystem Deposit Facility Rate, the rate on the deposit facility, which banks may use to make overnight deposits with the Eurosystem, as published on the website of the ECB (or any successor administrator of €STR) (the **"EDFR"**) on such Business Day plus the arithmetic

mean of the daily difference between the €STR Reference Rate and the EDFR for each of the 30 Business Days immediately preceding the date on which the €STR Index Cessation Event occurs (the "**EDFR Spread**").

Provided further that, if both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate for each Business Day in the relevant Observation Period occurring from and including that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to "€STR" were references to the EDFR on such Business Day plus the arithmetic mean of the daily difference between the ECB Recommended Rate and the EDFR for each of the 30 Business Days immediately preceding the date on which the ECB Recommended Rate Index Cessation Event occurs.

As used in these Conditions:

"€STR Index Cessation Event" means the occurrence of one or more of the following events:

- (i) a public statement or publication of information by or on behalf of the ECB (or any successor administrator of €STR) announcing that it has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide €STR; or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of €STR, the central bank for the currency of €STR, an insolvency official with jurisdiction over the administrator of €STR, a resolution authority with jurisdiction over the administrator of €STR or a court or an entity with similar insolvency or resolution authority over the administrator of €STR, which states that the administrator of €STR has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide €STR;

"€STR Index Cessation Effective Date" means, in respect of an €STR Index Cessation Event, the first date for which €STR is no longer provided by the ECB (or any successor administrator of €STR);

"ECB Recommended Rate Index Cessation Event" means the occurrence of one or more of the following events:

- (i) a public statement or publication of information by or on behalf of the administrator of the ECB Recommended Rate announcing that it has ceased or will cease to provide the ECB Recommended Rate permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide the ECB Recommended Rate; or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the ECB Recommended Rate, the central bank for the currency of the ECB Recommended Rate, an insolvency official with jurisdiction over the administrator of the ECB Recommended Rate, a resolution authority with jurisdiction over the administrator of the ECB Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the ECB Recommended Rate, which states that the administrator of the ECB Recommended Rate has ceased or will cease to provide the ECB Recommended

Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the ECB Recommended Rate; and

"ECB Recommended Rate Index Cessation Effective Date" means, in respect of an ECB Recommended Rate Index Cessation Event, the first date for which the ECB Recommended Rate is no longer provided by the administrator thereof; and

- (J) In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions, but without prejudice to Condition 4(f) or, if applicable, Condition 4(g), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Series of Notes become due and payable in accordance with Condition 6 or Condition 10, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.

(vi) *Linear Interpolation*

If the applicable Final Terms specifies a Linear Interpolation as applicable in respect of an Interest Period, the Rate of Interest (where Screen Rate Determination is specified hereon as applicable) or rate (where ISDA Determination is specified hereon as applicable) for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Applicable Maturity" means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate and, (b) in relation to ISDA Determination, the Designated Maturity.

(vii) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then the Rate of Interest for such Interest Period determined in accordance with the above provisions shall in no event be less than such Minimum Rate of Interest. Unless otherwise stated in the

applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero. In the event that the Interest Rate for any Interest Period is determined in accordance with the provisions set out in this Condition to be less than zero, the Minimum Interest Rate for such Interest Period shall be zero.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then the Interest Rate for such Interest Period determined in accordance with the above provisions shall in no event exceed such Maximum Rate of Interest.

(viii) *Determination of Rate of Interest and calculation of Interest Amount*

The Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined determine the Rate of Interest and calculate the amount of interest (the "**Interest Amount**") payable for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are (i) represented by a Global Note or (ii) Registered Notes in definitive form, the aggregate outstanding nominal amount of (A) the Notes represented by such Global Note or (B) such Registered Notes; or
- (B) in the case of Floating Rate Notes which are Bearer Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note which is a Bearer Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest for any Interest Period in accordance with this Condition 4(c):

1. if "**Actual/Actual**" or "**Actual/Actual (ISDA)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non leap year divided by 365);
2. if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
3. if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Period falling in a leap year, 366;
4. if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
5. if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

6. if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

7. if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

"Y₁" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

"D₁" is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30; and

8. if "**RBA Bond Basis**" is specified in the applicable Final Terms, one divided by the number of Interest Payment Dates in each twelve-month period (or, where the calculation period does not constitute an Interest Period, the actual number of days in the calculation period divided by 365 (or, if any portion of the calculation period falls in a leap year, the sum of:
 - (A) the actual number of days in that portion of the calculation period falling in a leap year divided by 366; and
 - (B) the actual number of days in that portion of the calculation period falling in a non-leap year divided by 365)).

(ix) *Notification of Rate of Interest and Interest Amount*

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified (i) to the Issuer, (ii) to the Principal Paying Agent, (iii) for so long as the relevant Floating Rate Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, to any such listing authority, stock exchange and/or quotation system in accordance with the rules thereof, and (iv) for so long as such relevant Floating Rate Notes are represented by Global Notes, to Euroclear and/or Clearstream, Luxembourg and/or such other clearing system or depository as may be set out in the applicable Final Terms. Such notification shall take place as soon as possible after the relevant determination but in any event no later than the fourth London Business Day (where a "**London Business Day**" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London) thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to the parties and in the manner described in (i) to (iii) above. In respect of relevant Floating Rate Notes which are in definitive form, the Calculation Agent will give notice to the Noteholders of the Rate of Interest, each Interest Amount for each Interest Period and the relevant Interest Payment Date, together with any subsequent amendment thereto, in accordance with the provisions of Condition 14.

(x) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(c) by the Calculation Agent shall (in the absence of manifest error) be binding on the Issuer, the Agents, the Calculation Agent, the Trustee and all Noteholders and Couponholders and (in the absence of bad faith and wilful default) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Calculation Agent in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

(d) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the due date for its redemption unless, upon, where applicable, due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Principal Paying Agent or the Registrar, as the case may be, and notice to that effect has been given to Noteholders in accordance with Condition 14 or individually.

(e) *Interpretation*

For the purposes of this Condition 4, references to the Principal Paying Agent in relation to all certificates, communications, opinions, determinations, calculations, quotations, decisions or related actions given, expressed, made or obtained for the purposes of the provisions of this Condition 4 by the Principal Paying Agent shall, in the case of CMU Notes, be deemed to be references to the CMU Lodging and Paying Agent, unless the context otherwise requires.

(f) *Benchmark replacement*

(1) *Notes not linked to SOFR, €STR, SARON, CORRA or TONA*

Notwithstanding the provisions above in this Condition 4 but subject, in the case of Notes linked to SONIA, to Condition 4(c)(v)(D)(1) above taking precedence, if the Issuer (in consultation, to the extent practicable, with the Calculation Agent) determines that a Benchmark Event has occurred or considers that there may be a Successor Rate, in either case, when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to a Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable), then the following provisions shall apply (other than to Floating Rate Notes linked to SOFR, €STR, SARON, CORRA or TONA):

- (A) the Issuer shall use reasonable endeavours to appoint an Independent Adviser to determine a Successor Rate or, alternatively, if the Independent Adviser determines that there is no Successor Rate, an Alternative Reference Rate no later than 3 Business Days prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable) (the "**IA Determination Cut-off Date**") for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 4(f));
- (B) if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine a Successor Rate or an Alternative Reference Rate prior to the IA Determination Cut-off Date in accordance with subparagraph (A) above, then the Issuer (in consultation, to the extent practicable, with the Calculation Agent and acting in good faith) may determine a Successor Rate or, if the Issuer determines that there is no Successor Rate, an Alternative Reference Rate for purposes of determining the Rate of Interest applicable to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 4(f) in the event of a further Benchmark Event affecting the Successor Rate or Alternative Reference Rate); **provided, however, that** if this subparagraph (B) applies and the Issuer is unable or unwilling to determine a Successor Rate or an Alternative Reference Rate prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the

next succeeding Reset Period or Interest Period (as applicable) in accordance with this subparagraph (B) (and for the avoidance of doubt, shall apply to only such Reset Period or Interest Period (as applicable)), the Rate of Interest applicable to such Reset Period or Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of a preceding Reset Period or Interest Period as applicable (which may be the Initial Rate of Interest) (though substituting, where a different Margin is to be applied to the relevant Reset Period or Interest Period from that which applied to the last preceding Reset Period or Interest Period for which the Rate of Interest was determined, the Margin relating to the relevant Reset Period or Interest Period, in place of the Margin relating to that last preceding Reset Period or Interest Period);

- (C) if a Successor Rate or an Alternative Reference Rate is determined in accordance with the preceding provisions, such Successor Rate or Alternative Reference Rate (as applicable) shall be the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 4(f) in the event of a further Benchmark Event affecting the Successor Rate or Alternative Reference Rate);
- (D) if the Independent Adviser (in consultation with the Issuer) or (if the Issuer is unable to appoint an Independent Adviser, or the Independent Adviser appointed by it fails to determine whether an Adjustment Spread should be applied) the Issuer determines that an Adjustment Spread should be applied to the relevant Successor Rate or the relevant Alternative Reference Rate (as applicable) and determines the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to such Successor Rate or Alternative Reference Rate (as applicable). If the Independent Adviser or the Issuer (as applicable) is unable to determine, prior to the Reset Determination Date or Interest Determination Date (as applicable) relating to the next succeeding Reset Period or Interest Period (as applicable), the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Successor Rate or Alternative Reference Rate (as applicable) will apply without an Adjustment Spread;
- (E) if the Independent Adviser or the Issuer (as the case may be) determines a Successor Rate or an Alternative Reference Rate or, in each case, any Adjustment Spread, in accordance with the above provisions, the Independent Adviser or the Issuer may also, following consultation, to the extent practicable, with the Calculation Agent, specify changes to the Day Count Fraction, Relevant Screen Page, Business Day Convention, Business Days, Reset Determination Date, Interest Determination Date, Interest Payment Dates and/or the definition of Mid-Swap Floating Leg Benchmark Rate, Reference Rate or Adjustment Spread applicable to the Notes (and in each case, related provisions and definitions), and the method for determining the fallback rate in relation to the Notes, in order to follow market practice in relation to such Successor Rate or Alternative Reference Rate (as applicable), which changes shall apply to the Notes for all future Reset Periods or Interest Periods (as applicable) (subject to the subsequent operation of this Condition 4(f)). Subject as provided in the Trust Deed, the Trustee shall, at the direction and expense of the Issuer and without any requirement for the consent or approval of the Noteholders or the Couponholders, be obliged to concur with the Issuer in using its reasonable endeavours to effect such consequential amendments to the Trust Deed, the Agency Agreement and these Terms and Conditions (including, inter alia, by the execution of a deed supplemental to/amending the Trust Deed) as may be required in order to give effect to this Condition 4(f) and the Trustee shall not be liable to any party for any consequences thereof (provided, however, that the Trustee shall not be obliged to agree to any such consequential

amendments if the same would, in the sole opinion of the Trustee, impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce, or amend its rights and/or the protective provisions afforded to it in any document to which it is a party). An Independent Adviser appointed pursuant to this Condition 4(f) shall act in good faith and (in the absence of bad faith, gross negligence and wilful misconduct) shall have no liability whatsoever to the Issuer, the Trustee, the Agents, the Calculation Agent or the Noteholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer pursuant to this Condition 4(f). No Noteholder consent shall be required in connection with effecting the Successor Rate or the Alternative Reference Rate (as applicable), any Adjustment Spread or such other changes, including for the execution of any documents, amendments or other steps by the Issuer, Trustee or any Agent (if required); and

- (F) the Issuer shall promptly following the determination of any Successor Rate, Alternative Reference Rate or Adjustment Spread give notice thereof and of any changes pursuant to subparagraph (E) above to the Trustee, the Principal Paying Agent and the Noteholders. No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer confirming (i) that a Benchmark Event has occurred or that there is a Successor Rate, (ii) the Successor Rate or Alternative Reference Rate (as applicable), (iii) where applicable, any Adjustment Spread and (iv) where applicable, the terms of any changes pursuant to subparagraph (E) above. The Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Reference Rate (as applicable), where applicable, any Adjustment Spread and, where applicable, any such other relevant changes pursuant to this Condition 4(f) specified in such certificate will (in the absence of manifest error and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Agents, the Calculation Agent, the Noteholders and the Couponholders.

(2) *Notes linked to SOFR*

In the case of Notes linked to SOFR and subject (where "ARRC Fallbacks" are specified as applicable in the applicable Final Terms) to the provisions of Condition 4(g) below,

- (A) if the Issuer (in consultation, to the extent practicable, with the Calculation Agent) determines that a Benchmark Event and the relevant SOFR Index Cessation Date have both occurred, when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to such Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable), the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) shall be the rate that was recommended as the replacement for the SOFR by the Federal Reserve Board and/or the Federal Reserve Bank of New York or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York for the purpose of recommending a replacement for the SOFR (which rate may be produced by the Federal Reserve Bank of New York or other designated administrator, and which rate may include any adjustments or spreads) or, if no such rate has been recommended within one Business Day (as defined in paragraph (A) of Condition 4(c)(v)) of the SOFR Index Cessation Date, the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) shall be the Overnight Bank Funding Rate (published on the New York Fed's Website at or around 5:00 p.m. (New York time) on the relevant New York City Banking Day) for any SOFR Reset Date falling on or after the SOFR Index Cessation Date (it being understood that the Overnight Bank Funding

Rate for any such SOFR Reset Date will be for trades made on the related SOFR Determination Date); or

- (B) if the Calculation Agent is required to use the Overnight Bank Funding Rate in paragraph (A) above and an OBFR Index Cessation Event and an OBFR Index Cessation Date have both occurred, then for any SOFR Reset Date falling on or after the later of the SOFR Index Cessation Date and the OBFR Index Cessation Date, the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) shall be the short-term interest rate target set by the Federal Open Market Committee, as published on the New York Fed's Website and as prevailing on such SOFR Reset Date, or if the Federal Open Market Committee has not set a single rate, the mid-point of the short-term interest rate target range set by the Federal Open Market Committee, as published on the New York Fed's Website and as prevailing on such SOFR Reset Date (calculated as the arithmetic average of the upper bound of the target range and the lower bound of the target range),

and in each case "r" shall be interpreted accordingly.

For the purposes of this Condition 4(f):

"Adjustment Spread" means a spread (which may be positive or negative) or formula or methodology for calculating a spread, which the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable), determines should be applied to the relevant Successor Rate or the relevant Alternative Reference Rate (as applicable), as a result of the replacement of the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate with the relevant Successor Rate or the relevant Alternative Reference Rate (as applicable), and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is recommended in relation to the replacement of the Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) with the Successor Rate by any Relevant Nominating Body;
- (ii) in the case of a Successor Rate for which no such recommendation has been made or in the case of an Alternative Reference Rate, the Independent Adviser (in consultation with the Issuer) or the Issuer (as applicable) determines is recognised or acknowledged as being in customary market usage for the purposes of determining floating rates of interest in respect of bonds denominated in the Specified Currency, where such rate has been replaced by such Successor Rate or Alternative Reference Rate (as applicable); or
- (iii) if no such customary market usage is recognised or acknowledged, the Independent Adviser in its discretion (in consultation with the Issuer) or the Issuer in its discretion (as applicable) determines (acting in good faith) to be appropriate;

"Alternative Reference Rate" means the reference rate (and related alternative screen page or source, if available) that the Independent Adviser or the Issuer (as applicable) determines has replaced the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) in customary market usage for the purposes of determining floating rates of interest in respect of bonds denominated in the Specified Currency or, if the Independent Adviser or the Issuer (as applicable) determines that there is no such rate, such other rate as the Independent Adviser or the Issuer (as applicable) determines, each in

its own discretion, acting in good faith, is most comparable to the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable);

"Benchmark Event" means:

- (i) the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or
- (ii) a public statement by the administrator of the relevant Mid-Swap Floating Leg Benchmark Rate or Reference Rate (as applicable) that (in circumstances where no successor administrator has been or will be appointed that will continue publication of such Mid-Swap Floating Leg Benchmark Rate or Reference Rate) it has ceased, or it will, by a specified future date, cease, publishing such Mid-Swap Floating Leg Benchmark Rate or Reference Rate permanently or indefinitely; or

- (5) the Issuer shall, prior to the taking effect of any Benchmark Replacement Conforming Changes, give notice thereof to the Trustee, the Principal Paying Agent and the Noteholders. 5 Payments

(a) *Method of Payment*

Subject as provided below:

- (i) payments in respect of definitive Notes in a Specified Currency (other than euro or Renminbi) will be made at the option of, in the case of definitive Bearer Notes, the bearer of such definitive Bearer Notes or, in the case of definitive Registered Notes, the registered holder of such definitive Registered Notes, either by transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian or New Zealand dollars, shall be Sydney and Auckland, respectively);
- (ii) payments in respect of definitive Notes in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (iii) payments in respect of definitive Notes in Renminbi will be made solely by credit to a Renminbi account maintained by the payee at a bank in Hong Kong in accordance with applicable laws, rules, regulations and guidelines issued from time to time (including all applicable laws and regulations with respect to the settlement of Renminbi in Hong Kong).

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment or other laws or agreements to which the Issuer or any of the Agents agrees to be subject and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Condition 8.

(b) *Presentation of definitive Bearer Notes and Coupons*

Payments of principal in respect of definitive Bearer Notes (if issued) will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender of such definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States. Payments under paragraph (a) above made, at the option (if any such option is specified under paragraph (a) above) of the bearer of such Bearer Note or Coupon, by cheque shall be mailed or delivered to an address outside the United States furnished by such bearer. Subject to any applicable laws and regulations, such payments made by transfer will be made in immediately available funds to an account maintained by the payee with a bank located outside the United States. No payment in respect of any definitive Bearer Note or Coupon will be made upon presentation and surrender of such definitive Bearer Note or Coupon at any office or agency of the Issuer or any Paying Agent in the United States, nor will any such payment be made by transfer to an account, or by mail to an address, in the United States.

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the full amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the full amount of such missing unmatured Coupon as the sum so paid bears to the total sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon at any time thereafter but before the expiry of ten years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Reset Note or Long Maturity Note in definitive bearer form becomes due and repayable, all unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "**Long Maturity Note**" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

(c) *Payments in respect of Bearer Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Bearer Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes or otherwise in the manner specified in the relevant Bearer Global Note, where applicable, against presentation or surrender, as the case may be, of such Bearer Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made distinguishing between any payment of principal and any payment of interest, will be made on such Bearer Global Note either by

the Paying Agent to which such Bearer Global Note is presented for the purpose of making such payment or in the records of (in the case of a Bearer Global Note representing Bearer Notes other than CMU Notes) Euroclear and Clearstream, Luxembourg or (in the case of a Bearer Global Note representing CMU Notes) the CMU.

(d) *Payments in respect of Registered Notes*

Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the "**Register**") (i) where in global form, at the close of the business day (being for this purpose a day on which (in the case of Registered Global Notes other than CDS Notes) Euroclear and Clearstream, Luxembourg or (in the case of CDS Notes) CDS, are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. For these purposes, "**Designated Account**" means the account (which, in the case of a payment in Japanese yen to a non resident of Japan, shall be a non resident account) maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively)) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Note (whether or not in global form) will be made by transfer on the due date to the Designated Account of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which (in the case of Registered Global Notes other than CDS Notes) Euroclear and Clearstream, Luxembourg or (in the case of CDS Notes) CDS, are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "**Record Date**"). Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note.

No commissions or expenses shall be charged to the holders by the Registrar or any Paying Agent in respect of any payments of principal or interest in respect of Registered Notes.

None of the Issuer, the Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(e) *General provisions applicable to payments*

The holder of a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or CDS shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg and/or CDS as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, or CDS, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note. No person other than the holder of such Global Note shall have any claim against the Issuer in respect of any payments due on that Global Note.

The holder of a Bearer Global Note held by or on behalf of the CMU Operator shall be the only person entitled to receive payments in respect of Notes represented by such Bearer Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Bearer Global Note in respect of each amount so paid. Payments of principal or interest (if any) in respect of such Bearer Global Note will be made to the persons for whose account a particular nominal amount of Notes represented by such Bearer Global Note is credited as being held by the CMU Operator at the relevant time, as notified to the CMU Lodging and Paying Agent by the CMU Operator. No person other than the holder of such Bearer Global Note shall have any claim against the Issuer in respect of any payments due on that Bearer Global Note.

Notwithstanding the foregoing, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of any Paying Agent in the United States (which expression, as used in this Condition 5, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in United States dollars at such specified offices outside the United States of the full amount of principal and interest due on the Bearer Notes in the manner provided above when due;
- (ii) payment in United States dollars of the full amount of such due principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences for the Issuer.

(f) *Payment Date*

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Date, the holder thereof shall not be entitled to payment of the amount due until the next following Payment Date in the relevant place and shall not be entitled to any interest or other payment in respect of such delay. For these purposes, "**Payment Date**" means any day which is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) each Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre of the country of the relevant Specified Currency which, if the Specified Currency is Australian dollars shall be Sydney and Melbourne, if the Specified Currency is New Zealand dollars, shall be Auckland, and which, if the Specified Currency is Renminbi, shall be Hong Kong or (2) in relation to any sum payable in euro, a day on which the T2 System is open.

(g) *Interpretation of principal and interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) in the case of Ordinary Notes, any additional amounts which may be payable with respect to principal under Condition 8 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(g)); and
- (vi) any premium and any other amounts which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

In this Condition, "**euro**" has the meaning as is given to it in Condition 4(c)(i).

(h) *CNY Currency Event*

If "CNY Currency Event" is specified in the applicable Final Terms and a CNY Currency Event, as determined by the Issuer acting in good faith, exists on a date for payment of any amount in respect of any Note or Coupon, the Issuer may, in its sole and absolute discretion, take the action described in (i), (ii) and/or (iii) below:

- (i) the relevant payment by the Issuer may be postponed to a day falling no later than 5 Business Days after the date on which the CNY Currency Event ceases to exist or, if such payment would not be possible (as determined by the Issuer acting in good faith) as soon as reasonably practicable thereafter;
- (ii) the Issuer's obligation to make a payment in CNY under the terms of the Notes may be replaced by an obligation to pay such amount in the Relevant Currency (selected by the Issuer and converted at the Alternate Settlement Rate as of a time selected by the Calculation Agent); and/or
- (iii) give notice to the Noteholders in accordance with Condition 14 and redeem all, but not some only, of the Notes, each Note being redeemed at the Early Redemption Amount.

Upon the occurrence of a CNY Currency Event, the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 14 stating the occurrence of the CNY Currency Event, giving details thereof and the action proposed to be taken in relation thereto.

For the purpose of this Condition 5(h) and unless stated otherwise in the applicable Final Terms:

"Alternate Settlement Rate" means the spot rate, determined by the Calculation Agent, between CNY and the Relevant Currency, taking into consideration all available information which the Calculation Agent deems relevant (including, but not limited to, the pricing information obtained from the CNY non-deliverable market outside the PRC and/or the CNY exchange market within the PRC);

"CNY Currency Events" means any one of CNY Illiquidity, CNY Non-Transferability and CNY Inconvertibility;

6 Redemption and Purchase

(a) *At Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each nominal amount of Ordinary Notes and Tier 2 Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) *Redemption for Tax Reasons*

The Notes of any Series (or in the case of subparagraph (iii), the Tier 2 Notes of any Series) may, subject to the provisions of Condition 6(k) or Condition 6(l), as applicable, be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of a Note other than a Floating Rate Note) or only on an Interest Payment Date (in the case of a Floating Rate Note) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for redemption), at their Early Redemption Amount (as determined in accordance with Condition 6(g) below), if a Tax Event (as defined below) shall be deemed to have occurred.

A **"Tax Event"** shall be deemed to have occurred if:

- (i) the Issuer has or will or would, but for redemption, become obliged to pay additional amounts as provided or referred to in Condition 8 in respect of any of the Notes of such Series;

- (ii) the payment of interest in respect of any of the Notes of such Series would be a "**distribution**" or would otherwise not be deductible (in whole, or to a material extent) for UK tax purposes (or the deduction would be materially deferred);
- (iii) in respect of Tier 2 Notes only, the Issuer would not, as a result of the Tier 2 Notes of such Series being in issue, be able, to any material extent, to have losses or deductions set against the profits or gains, or profits or gains offset by the losses or deductions, of companies with which the Issuer is or would otherwise be grouped for applicable UK tax purposes (whether under the group relief system current as at the date on which agreement is reached to issue the first Tranche of Notes of such Series or any similar system or systems having like effect as may from time to time exist); or
- (iv) a future conversion into equity or write-down of the principal amount of the Notes of such Series would result in:
 - (A) a UK tax liability, or the receipt of income or profit which would be subject to UK tax; or
 - (B) the Notes of such Series or any part thereof being treated as a derivative or an embedded derivative for UK tax purposes,

in each such case, as a result of any change in, or amendment to, the laws or regulations of the UK or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue (or, in the case of Tier 2 Notes, on or after the Issue Date of) the first Tranche of Notes of that Series and provided that:

- (A) the effect of such change or amendment cannot be avoided by the Issuer taking reasonable steps available to it;
- (B) in the case of a redemption of Notes other than Tier 2 Notes as a result of the circumstances described in (iv) above, such change or amendment was not reasonably foreseeable as at the Issue Date of the first Tranche of the Notes of that Series; and
- (C) such notice of redemption shall not be given earlier than 90 days prior to the earliest date on which the relevant circumstances described in paragraphs (i) to (iv) above would occur.

Upon the expiration of such notice, the Issuer shall be bound to redeem such Notes at their Early Redemption Amount.

Before the publication of any notice of redemption pursuant to this Condition 6(b), the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer stating that a condition for redemption pursuant to this Condition 6(b): (i) has occurred and (ii) (in the case of Ordinary Notes only) is continuing as at the date of the certificate, and the Trustee shall accept such certificate as sufficient evidence of such occurrence, in which event it shall be conclusive and binding on the Noteholders.

This Condition 6(b) shall only apply in the case of Ordinary Notes to the extent not prohibited by the Loss Absorption Regulations or in the case of Tier 2 Notes to the extent not prohibited by the Capital Regulations.

(c) *Redemption Due to Capital Disqualification Event¹*

If the applicable Final Terms specify that this Condition 6(c) applies, then, any Series of Tier 2 Notes may, subject to the provisions of Condition 6(k), be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of a Note other than a Floating Rate Note) or only on an Interest

¹ Not applicable to Ordinary Notes

Payment Date (in the case of a Floating Rate Note) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if the Issuer determines that a Capital Disqualification Event has occurred.

Upon the expiration of such notice, the Issuer shall be bound to redeem such Notes at their Early Redemption Amount (as determined in accordance with Condition 6(g) below).

This Condition 6(c) shall only apply in the case of Tier 2 Notes to the extent not prohibited by the Capital Regulations.

As used in this Condition 6(c), a "**Capital Disqualification Event**" shall be deemed to have occurred if, as a result of any amendment to, or change or pending change in the regulatory classification of the Notes of any Series of Tier 2 Notes under, the Capital Regulations (or official interpretation thereof), in any such case becoming effective on or after the Issue Date of the first Tranche of Notes, the whole or any part of the Notes of such Series of Tier 2 Notes are, or are likely to be, excluded from Tier 2 Capital of the Issuer and/or the Regulatory Group (as defined in Condition 6(n)).

(d) *Call Option – Redemption at the Option of the Issuer*

If the Issuer is specified in the applicable Final Terms as having an option to redeem the Notes of any Series, the Issuer may, subject to the provisions of Condition 6(k) or Condition 6(l), as applicable, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee, the Principal Paying Agent and the Noteholders of that Series in accordance with Condition 14 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all, or (if so specified in the applicable Final Terms) some only, of the Notes of such Series then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not greater than the Maximum Redemption Amount, both as indicated in the applicable Final Terms. In the case of a partial redemption of Notes of any Series, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot at such place and in such manner as the Issuer may approve and deem fair and reasonable, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of, in the case of Notes other than CMU Notes and CDS Notes, Euroclear and/or Clearstream, Luxembourg or, in the case of CMU Notes, the CMU or, in the case of CDS Notes, CDS (to be reflected in the records of, in the case of Notes other than CMU Notes and CDS Notes, Euroclear and Clearstream, Luxembourg or, in the case of CMU Notes, the CMU or, in the case of CDS Notes, CDS as either a pool factor or a reduction in nominal amount, at their discretion), in the case of Redeemed Notes represented by a Global Note, not more than 60 days or such other period specified in the applicable Final Terms prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will (unless otherwise specified in the applicable Final Terms) be published in accordance with Condition 14 not less than the minimum period and not more than the maximum period specified in the applicable Final Terms prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (d) and notice to that effect shall (unless otherwise specified in the applicable Final Terms) be given by the Issuer to the Noteholders of the relevant Series in accordance with Condition 14 at least 10 days or such other period specified in the applicable Final Terms prior to the Selection Date.

If the Optional Redemption Amount in the applicable Final Terms is the "**Make Whole Redemption Price**", the redemption amount will, in respect of the Notes to be redeemed, be:

- (i) if "Sterling Make Whole Redemption Amount" is specified in the applicable Final Terms, an amount equal to the higher of (i) 100 per cent. of the nominal amount outstanding of such Notes and (ii) the nominal amount outstanding of such Notes multiplied by the price (expressed as a percentage), as determined by the Issuer or as reported in writing to the Issuer by the Determination Agent (if one is specified in the applicable Final Terms), at which the Gross Redemption Yield on such Notes on the Reference Date is equal to the sum of (x) the Gross Redemption Yield at the Quotation Time on the Reference Date of the Reference Bond, plus (y) the Redemption Margin;
- (ii) if "CAD Make Whole Redemption Amount" is specified in the applicable Final Terms, an amount equal to the higher of (i) 100 per cent. of the nominal amount outstanding of such Notes and (ii) the nominal amount outstanding of such Notes multiplied by the Canada Yield Price; or
- (iii) if "Alternative Make Whole Redemption Amount" is specified in the applicable Final Terms, an amount equal to the higher of (i) 100 per cent. of the nominal amount outstanding of such Notes and (ii) the nominal amount outstanding of such Notes multiplied by the price (expressed as a percentage), as determined by the Issuer or as reported in writing to the Issuer by the Determination Agent (if one is specified in the applicable Final Terms), at which the yield to maturity (or, if a Par Redemption Date is specified in the applicable Final Terms, yield to the Par Redemption Date) on such Notes on the Reference Date is equal to the sum of (x) the Reference Bond Rate at the Quotation Time on the Reference Date, plus (y) the Redemption Margin,

all as determined by the Issuer or, if a Determination Agent is specified in the applicable Final Terms as being applicable, by the Determination Agent, provided however, that if a Par Redemption Date is specified in the applicable Final Terms, the Make Whole Redemption Price for Notes that are redeemed on or after the Par Redemption Date will be 100 per cent. of the nominal amount of the Notes.

"Canada Yield Price" means the price, calculated on the business day preceding the redemption date of the Notes (the **"Yield Determination Date"**) equal to the net present value of all scheduled payments of outstanding principal and interest on the Notes to be redeemed (not including any portion of the payment of interest accrued as of the redemption date) for the Remaining Term using as a discount rate the Government of Canada Yield plus any applicable Redemption Margin specified in the applicable Final Terms.

"DA Selected Bond" means the government security or securities selected by the Issuer (after consultation with an investment bank or financial institution or independent adviser determined to be appropriate by the Issuer, which, for the avoidance of doubt, could be the Determination Agent (if one is specified in the applicable Final Terms)) as having the nearest actual or interpolated maturity comparable with the Remaining Term of the relevant Notes to be redeemed, and that (in the opinion of the Issuer) would be utilised, at the time of selection and in accordance with customary financial practice in determining the redemption price of corporate debt securities denominated in the Specified Currency and of a comparable remaining maturity to the Remaining Term of such Notes.

"Determination Agent" means an investment bank or financial institution of international standing or an independent adviser of recognised standing with appropriate expertise, as selected by the Issuer (and which may be an affiliate of the Issuer).

"Government of Canada Yield" means with respect to any redemption date, the arithmetic average (rounded to the nearest 1/100 of 1 per cent.) of the yield to maturity, provided by two major Canadian investment dealers selected by the Issuer as at noon (Toronto time) on the Yield Determination Date, as the yields which a non-callable Government of Canada bond would carry if issued, in Canadian dollars in Canada, at 100 per cent. of its principal amount on such date with a term to maturity which most closely approximates the Remaining Term of the relevant Notes to be redeemed.

"Gross Redemption Yield" means, with respect to a security, the gross redemption yield to maturity (or if a Par Redemption Date is specified in the applicable Final Terms, to the Par Redemption Date) on such security, expressed as a percentage and calculated by the Issuer or a Determination Agent appointed by the Issuer on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields", page 5, Section One: Price/Yield Formulae "Conventional Gilts" (published on 8 June 1998 and updated on 15 January 2002, 16 March 2005 and 18 December 2024 and as further amended, updated, supplemented or replaced from time to time) on a semi-annual compounding basis (converted to an annualised yield and rounded up (if necessary) to four decimal places) or, if such formula does not reflect generally accepted market practice at the time of redemption, a gross redemption yield calculated in accordance with generally accepted market practice at such time as determined by the Issuer following consultation with an investment bank or financial institution determined to be appropriate by the Issuer (which, for the avoidance of doubt, could be the Determination Agent, if applicable).

"Par Redemption Date" shall, if applicable, be as specified in the applicable Final Terms.

"Quotation Time" shall be as specified in the applicable Final Terms.

"Redemption Margin" shall be as set out in the applicable Final Terms.

"Reference Bond" shall be as set out in the applicable Final Terms or, if not so specified or if such Reference Bond specified in the applicable Final Terms is no longer outstanding on the relevant Reference Date, the DA Selected Bond.

"Reference Bond Price" means, with respect to any Reference Bond and any Reference Date (i) if at least five Reference Government Bond Dealer Quotations are received, the arithmetic average of the Reference Government Bond Dealer Quotations for such date of redemption, after excluding the highest (or, in the event of equality, one of the highest) and lowest (or, in the event of equality, one of the lowest) such Reference Government Bond Dealer Quotations, or (ii) if fewer than five (but at least one) such Reference Government Bond Dealer Quotations are received, the arithmetic average of all such quotations.

"Reference Bond Rate" means, with respect to any Reference Bond and any Reference Date, the rate per annum equal to the yield to maturity or interpolated yield to maturity (on the relevant day count basis) of such Reference Bond, assuming a price for the Reference Bond (expressed as a percentage of its nominal amount) equal to the Reference Bond Price for such Reference Date.

"Reference Date" means the date which is two business days prior to the despatch of the notice of redemption under this Condition 6(d) or such other date as may be specified in the applicable Final Terms.

"Reference Government Bond Dealer" means each of five banks selected by the Issuer (following, where practicable, consultation with the Determination Agent, if applicable), or the affiliates of such banks, which are (i) primary government securities dealers, and their respective successors, or (ii) market makers in pricing corporate bond issues.

"Reference Government Bond Dealer Quotations" means, with respect to each Reference Government Bond Dealer and any Reference Date, the arithmetic average, as determined by the Issuer or the Determination Agent (if applicable), of the bid and offered prices for the Reference Bond (expressed in each case as a percentage of its nominal amount): (a) which appear on the Relevant Make Whole Screen Page as at the Quotation Time on the Reference Date; or (b) to the extent that, in the case of (a) above, either such bid and offered prices do not appear on that page, fewer than two such bid and offered prices appear on that page, or if the Relevant Make Whole Screen Page is unavailable, then as quoted in writing to the Issuer or the Determination Agent (as applicable) by such Reference Government Bond Dealer.

"Relevant Make Whole Screen Page" means the page, section or other part of a particular information service (or any successor or replacement page, section or other part of a particular information service,

including, without limitation, Bloomberg) specified as the Relevant Make Whole Screen Page in the applicable Final Terms, or such other page, section or other part as may replace it on that information service or such other information service, in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying comparable relevant bid and offered prices for the Reference Bond.

"Remaining Term" means the term to maturity or, if a Par Redemption Date is specified in the applicable Final Terms, the term to such Par Redemption Date, if the relevant redemption date of the Notes falls before such Par Redemption Date.

(e) *Residual Call*

If "Residual Call" is specified in the applicable Final Terms as being applicable, and if, at any time (or in the case of any Series of Tier 2 Notes, at any time from the fifth anniversary of issuance of the last Tranche of such Tier 2 Notes, unless otherwise permitted by the PRA) (other than as a direct result of a redemption of some, but not all, of the Notes at the Make Whole Redemption Price at the Issuer's option pursuant to Condition 6(d), if applicable), the outstanding aggregate nominal amount of the Notes is the Relevant Percentage or less of the aggregate nominal amount of the Notes originally issued (and, for these purposes, any further Notes issued pursuant to Condition 17 and consolidated with the Notes as part of the same Series shall be deemed to have been originally issued), the Issuer may, subject to Condition 6(k) or 6(l) as applicable, redeem all (but not some only) of the remaining outstanding Notes on any date (or, in the case of a Floating Rate Note, on any Interest Payment Date) upon giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall specify the date for redemption and shall be irrevocable), at par together with (if applicable) any accrued but unpaid interest up to (but excluding) the date of redemption. Prior to the publication of any notice of redemption pursuant to this Condition 6(e), the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the outstanding aggregate nominal amount of the Notes is the Relevant Percentage or less of the aggregate nominal amount of the Notes originally issued. The Trustee shall be entitled to accept such certificate as sufficient evidence of the satisfaction of the circumstances set out above and without further enquiry or liability for so doing, in which event it shall be conclusive and binding on the Noteholders.

"Relevant Percentage" means such percentage as may be specified as such in the applicable Final Terms or, if no such percentage is so specified, 20 per cent.

(f) *Redemption Due to Loss Absorption Disqualification Event*

If the applicable Final Terms specify that this Condition 6(f) applies, then any Series of Notes may, subject to the provisions of Condition 6(k) or 6(l) as applicable, be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of a Note other than a Floating Rate Note) or only on an Interest Payment Date (in the case of a Floating Rate Note) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee and the Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if the Issuer determines that a Loss Absorption Disqualification Event has occurred and is continuing.

Upon the expiration of such notice, the Issuer shall be bound to redeem such Notes at their Early Redemption Amount (as determined in accordance with Condition 6(g) below).

As used in this Condition 6(f), a **"Loss Absorption Disqualification Event"** shall be deemed to have occurred if as a result of any amendment to, or change or pending change in, or replacement of, any Loss Absorption Regulation, or any change in the application or official interpretation of any Loss Absorption Regulation, in any such case becoming effective on or after the Issue Date of the first Tranche of the

Notes, the Notes are or (in the opinion of the Issuer, the PRA or the Resolution Authority) are likely to be fully or partially excluded from the Issuer's and/or the Regulatory Group's (A) own funds and eligible liabilities and/or (B) loss absorbing capacity instruments, in each case as determined in accordance with, and pursuant to, the relevant Loss Absorption Regulations as applicable to the Issuer and/or the Regulatory Group; provided that, a Loss Absorption Disqualification Event shall not occur where the exclusion of the Notes is due to the remaining maturity of the Notes being less than any period prescribed by any applicable eligibility criteria under the relevant Loss Absorption Regulations effective with respect to the Issuer and/or the Regulatory Group.

Before the publication of any notice of redemption pursuant to this Condition 6(f), the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer stating that the condition for redemption pursuant to this Condition 6(f) has occurred and is continuing as at the date of the certificate, and the Trustee shall accept such certificate as sufficient evidence of such occurrence, in which event it shall be conclusive and binding on the Noteholders.

(g) *Early Redemption Amounts*

For the purpose of paragraphs (b), (c) and (f) above and Condition 10, the Notes of any Series will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Issue Price or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in the applicable Final Terms or, if no such amount is so specified in the applicable Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at an amount (the "**Amortised Face Amount**") equal to the sum of:
 - (A) the Reference Price specified in the applicable Final Terms; and
 - (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and payable; or
- (iv) if and to the extent not taken into account in paragraphs (i) to (iii) above, adding (if appropriate) interest accrued to the date fixed for redemption.

(h) *Purchases*

The Issuer or any of its subsidiaries or affiliates may, subject to the provisions of Condition 6(k) or Condition 6(l), as applicable, at any time purchase beneficially or procure others to purchase beneficially for its account Notes of any Series (provided that, in the case of definitive Bearer Notes, all unmatured Coupons appertaining thereto are purchased therewith) in the open market, by tender or by private treaty. Notes purchased or otherwise acquired by the Issuer or any of its subsidiaries or affiliates may be held or resold or, at the discretion of the Issuer, surrendered to the Principal Paying Agent or the Registrar, as the case may be, for cancellation (together with (in the case of definitive Bearer Notes) any unmatured Coupons attached thereto or purchased therewith).

This Condition 6(h) shall apply to the extent purchases of Ordinary Notes or Tier 2 Notes, as the case may be, are not prohibited by the Loss Absorption Regulations or the Capital Regulations, respectively.

(i) *Cancellation*

All Notes which are redeemed or purchased or otherwise acquired as aforesaid and surrendered to the Principal Paying Agent or the Registrar, as the case may be, for cancellation will forthwith be cancelled (together, in the case of definitive Bearer Notes, with all matured Coupons attached thereto or surrendered therewith at the time of redemption) and thereafter may not be re-issued or resold.

(j) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c), (d), (e), (f) or (g) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (g)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Note has been received by the Principal Paying Agent or the Registrar, as the case may be, and notice to that effect has been given to the Noteholders in accordance with Condition 14.

(k) *Purchase and Redemption of Tier 2 Notes*

Tier 2 Notes may only be purchased pursuant to Condition 6(h) or (in the case only of redemption prior to the relevant Maturity Date) redeemed by the Issuer pursuant to Condition 6(b), Condition 6(c), Condition 6(d), Condition 6(e) or Condition 6(f), in each case, provided that (except to the extent that the Capital Regulations no longer so require):

- (x) the Issuer has given such notice to the PRA as the PRA may then require before it becomes committed to such a purchase or such a redemption and the PRA has granted permission for the Issuer to make such redemption or repurchase and any other requirements of the Capital Regulations and/or the PRA applicable to such purchases or redemptions at the time have been complied with by the Issuer; and
- (y) in respect of any redemption proposed to be made pursuant to Condition 6(b) or 6(c) only, and except to the extent that the Capital Regulations no longer so require, the Issuer may only redeem the Notes before five years after the Issue Date of the first Tranche of such Notes if, in addition to the condition set out in (x) above, the Issuer demonstrates to the satisfaction of the PRA that the circumstance that entitles it to exercise such right of redemption (A) was not reasonably foreseeable as at the Issue Date of the last Tranche of the Notes; (B) in the case of any redemption under Condition 6(b), is material; and (C) in the case of any redemption under Condition 6(c), the PRA considers the change in the regulatory classification of the Notes to be sufficiently certain.

(l) *Purchase and Redemption of Ordinary Notes*

Ordinary Notes may only be purchased pursuant to Condition 6(h) or (in the case only of redemption prior to the relevant Maturity Date) redeemed by the Issuer pursuant to Condition 6(b), Condition 6(d), Condition 6(e) or Condition 6(f) in each case, provided that (if then required by the Loss Absorption Regulations) the Issuer has given such notice to the Resolution Authority as the Resolution Authority may then require before it becomes committed to such a purchase or such a redemption and the Resolution Authority has granted permission for the Issuer to make such purchase or redemption and

any other requirements of the Loss Absorption Regulations and/or the Resolution Authority applicable to such purchases or redemptions at the time have been complied with by the Issuer.

(m) *Interpretation*

In relation to CMU Notes, references in this Condition 6 to the Principal Paying Agent shall be deemed to be to the CMU Lodging and Paying Agent.

(n) *Definitions*

As used in these Terms and Conditions:

"Banking Act" means the Banking Act 2009, as amended;

"Capital Regulations" means, at any time, the laws, regulations, requirements, guidelines and policies relating to capital adequacy of the UK, the PRA and/or of the European Parliament or of the Council of the European Union (including, without limitation, as to leverage) then in effect in the UK, as applicable to the Issuer or the Regulatory Group, including, without limitation to the generality of the foregoing, UK CRR, the Banking Act and policies relating to capital adequacy adopted by the PRA from time to time (whether or not such requirements, guidelines or policies are applied generally or specifically to the Issuer or to the Regulatory Group (as defined below));

"Loss Absorption Regulations" means, at any time, the laws, regulations, requirements, guidelines, rules, standards and policies relating to minimum requirements for own funds and eligible liabilities and/or loss absorbing capacity instruments in effect in the UK and applicable to the Issuer from time to time (whether or not such requirements, guidelines or policies are applied generally or specifically to the Issuer or to the Regulatory Group);

"Regulatory Group" means the Issuer, its subsidiary undertakings, participations, participating interests and any subsidiary undertakings, participations or participating interests held (directly or indirectly) by any of its subsidiary undertakings from time to time and any other undertakings from time to time consolidated with the Issuer for regulatory purposes, in each case in accordance with the rules and guidance of the PRA then in effect;

"Resolution Authority" means the Bank of England or any successor or replacement thereto or such other authority in the UK (or if the Issuer becomes domiciled in a jurisdiction other than the UK, such other jurisdiction) having primary responsibility for the recovery and/or resolution of the Issuer and/or the Regulatory Group; and

"UK CRR" means Regulation (EU) No. 575/2013 on prudential requirements for credit institutions and investment firms of the European Parliament and of the Council of 26 June 2013, as amended or supplemented from time to time, as it forms part of domestic law of the UK by virtue of the EUWA.

7 Substitution or Variation following a Tax Event, Capital Disqualification Event or Loss Absorption Disqualification Event, as applicable

If Substitution or Variation is specified in the applicable Final Terms as being applicable and provided that the Issuer has satisfied the Trustee that a Tax Event (as defined in Condition 6(b)), a Capital Disqualification Event (as defined in Condition 6(c)) or a Loss Absorption Disqualification Event (as defined in Condition 6(f)), as applicable, has occurred and is continuing, the Issuer may, subject to the other provisions of this Condition 6 (without any requirement for the consent or approval of the Noteholders or the Trustee (subject to the notice requirements below)) either substitute all (but not some only) of the Notes for, or vary the terms of the Notes so that they remain or, as appropriate, become, Compliant Securities. Upon the expiry of the notice required by this Condition 7, the Issuer shall either vary the terms of, or substitute, the Notes in accordance with this

Condition 7, as the case may be, and, subject as set out below, the Trustee shall agree to such substitution or variation.

In connection with any substitution or variation in accordance with this Condition 7, the Issuer shall comply with the rules of any stock exchange on which such Notes are for the time being listed or admitted to trading.

Any substitution or variation in accordance with this Condition 7 is subject to the Issuer (i) obtaining the permission therefor from the PRA and/or the Resolution Authority (as applicable), provided that at the relevant time such permission is required to be given; and (ii) giving not less than 30 nor more than 60 calendar days' notice to the Noteholders and the Couponholders (which notice shall be irrevocable), the Trustee and the Paying Agents, in accordance with Condition 14, which notice shall be irrevocable.

Any substitution or variation in accordance with this Condition 7 does not otherwise give the Issuer an option to redeem the relevant Notes under the Conditions.

Prior to the publication of any notice of substitution or variation pursuant to this Condition 7, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer stating that the circumstances giving rise to the right to substitute or vary have occurred and are continuing as at the date of the certificate and the Trustee shall accept such certificate without any further inquiry as sufficient evidence of the occurrence of a Tax Event, Capital Disqualification Event or Loss Absorption Disqualification Event, as the case may be, in which event it shall be conclusive and binding on the Trustee, the Couponholders and the Noteholders.

The Trustee shall concur in the substitution of the Notes for, or the variation of the terms of the relevant Notes so that they remain or become, Compliant Securities, provided that the Trustee shall not be obliged to concur in any such substitution or variation if the terms of the proposed alternative Compliant Securities or the concurring in such substitution or variation would impose, in the Trustee's opinion, more onerous obligations upon it or require the Trustee to incur any liability for which it is not indemnified and/or secured and/or pre-funded to its satisfaction.

The Trustee may rely without liability to Noteholders or Couponholders on a report, confirmation, certificate or any advice of any accountants, financial advisers, financial institutions or any other experts, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter relating thereto entered into by the Trustee or in any other manner) by reference to a monetary cap, methodology or otherwise. The Trustee may accept and shall be entitled to rely on any such report, confirmation, certificate or advice and such report, confirmation, certificate or advice shall be binding on the Issuer, the Trustee, the Noteholders and the Couponholders.

As used in this Condition 7:

"Compliant Securities" means securities issued directly or indirectly by the Issuer that:

(1) in the case of Tier 2 Notes:

- (a) are issued by the Issuer or any wholly-owned direct or indirect finance subsidiary of the Issuer with a subordinated guarantee of such obligations by the Issuer;
- (b) rank (or if guaranteed by the Issuer benefit from a guarantee that ranks) equally with the ranking of the Tier 2 Notes;
- (c) are not materially less favourable to Noteholders than the terms of the Tier 2 Notes, which shall be deemed to be the case if such securities:
 - (1) contain terms such that they comply with the then applicable Capital Regulations in relation to Tier 2 Capital;

- (2) include terms which provide for the same (or, from a Noteholder's perspective, a more favourable) Rate of Interest from time to time, Interest Payment Dates, Maturity Date and Early Redemption Amount(s) as apply from time to time to the relevant Series of Tier 2 Notes immediately prior to such substitution or variation;
 - (3) preserve any existing rights under the Conditions to any accrued interest, principal and/or premium which has not been satisfied;
 - (4) do not contain terms providing for the mandatory or voluntary deferral of payments of principal and/or interest; and
 - (5) do not contain terms providing for loss absorption through principal write down, write-off or conversion to ordinary shares (other than a contractual provision recognising the UK Bail-in Power on terms substantially similar to Condition 22);
- (d) are listed or admitted to trading on (i) the Main Market of the London Stock Exchange or (ii) such other UK regulated market or EEA regulated market as selected by the Issuer and approved in writing by the Trustee; and
 - (e) where the Tier 2 Notes being substituted or varied have a published rating solicited by the Issuer from a Rating Agency immediately prior to their substitution or variation each such Rating Agency has ascribed, or announced its intention to ascribe, an equal or higher published rating to the relevant Tier 2 Notes; or
- (2) in the case of Ordinary Notes:
- (a) are issued by the Issuer or any wholly-owned direct or indirect finance subsidiary of the issuer with a subordinated guarantee of such obligations by the Issuer;
 - (b) rank (or if guaranteed by the Issuer benefit from a guarantee that ranks) equally with the ranking of the Ordinary Notes;
 - (c) are not materially less favourable to Noteholders than the terms of the Ordinary Notes, which shall be deemed to be the case if such securities:

 - (2) include terms which provide for the same (or, from a Noteholder's perspective, a more favourable) Rate of Interest from time to time, Interest Payment Dates, Maturity Date and Early Redemption Amount(s) as apply from time to time to the relevant Series of Ordinary Notes immediately prior to such substitution or variation;
 - (3) preserve any existing rights under the Conditions to any accrued interest, principal and/or premium which has not been satisfied;
 - (4) do not contain terms providing for the mandatory or voluntary deferral of payments of principal and/or interest; and
 - (5) do not contain terms providing for loss absorption through principal write down, write-off or conversion to ordinary shares (other than a contractual provision recognising the UK Bail-in Power on terms substantially similar to Condition 22);
 - (d) are listed or admitted to trading on (i) the Main Market of the London Stock Exchange or (ii) such other UK regulated market or EEA regulated market as selected by the Issuer and approved in writing by the Trustee; and

- (e) where the Ordinary Notes being substituted or varied have a published rating solicited by the Issuer from a Rating Agency immediately prior to their substitution or variation each such Rating Agency has ascribed, or announced its intention to ascribe, an equal or higher published rating to the relevant Ordinary Notes.

As used in this Condition 7:

"Rating Agency" means Fitch Ratings Limited or Moody's Investors Service Ltd., S&P Global Ratings UK Limited or Japan Credit Rating Agency, Ltd. or their respective successors or affiliates.

8 Taxation

All payments of principal and/or interest in respect of Notes and/or Coupons by or on behalf of the Issuer shall (save as may be provided in the applicable Final Terms) be made without withholding or deduction for, or on account of, any present or future tax, duty, assessment or governmental charge of whatsoever nature imposed, levied, collected, withheld or assessed by or on behalf of the UK or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional amounts (in the case of Notes and/or Coupons, in respect of the payment of any interest in respect of such Notes and/or Coupons only (but not in respect of the payment of any principal in respect of such Notes)) as will result (after such withholding or deduction) in receipt by the holders of the Notes or Coupons of the sums which would have been receivable (in the absence of such withholding or deduction) by them in respect of their Notes and/or Coupons; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) held by or on behalf of any holder who is liable to such tax, duty, assessment or charge in respect of such Note or Coupon by reason of his having some connection with the UK other than the mere holding of such Note or Coupon; and/or
- (b) in circumstances where such withholding or deduction would not be required if the holder or any person acting on his behalf had obtained and/or presented any form or certificate or had made a declaration of non residence or similar claim for exemption upon the presentation or making of which the holder would have been able to avoid such withholding or deduction; and/or
- (c) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amounts on presenting the same for payment at the expiry of such period of 30 days.

For the avoidance of doubt, any amounts to be paid by the Issuer on the Notes will be paid net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"), any current or future official interpretations thereof or regulations with respect to such Sections, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (or any law implementing such an intergovernmental agreement) (a "**FATCA Withholding Tax**"), and the Issuer will not be required to pay additional amounts on account of any FATCA Withholding Tax.

The "**Relevant Date**" in respect of any payment means the date on which such payment first becomes due or (if the full amount of the moneys payable has not been duly received (in the case of Notes other than CMU Notes) in London by any Agent or the Trustee or (in the case of CMU Notes) in Hong Kong by the CMU Lodging and Paying Agent or the Trustee, in either case on or prior to such due date) the date on which, the full amount of such moneys having been so received, notice to that effect is given to the Noteholders in accordance with Condition 14.

9 Prescription

The Notes (whether in bearer or registered form) and Coupons will become void unless claims in respect of principal and/or interest are made within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor. There shall be no prescription period for Talons but there shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 9 or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

10 Events of Default

- (a) If default shall be made in the payment of any principal or interest due on the Notes of the relevant Series for a period of seven days or more after any date on which the payment of principal is due or 14 days or more after any date on which the payment of interest is due (as the case may be) the Trustee may, subject as provided below, at its discretion and without further notice, institute proceedings for the winding up of the Issuer and/or prove in any Winding Up or Qualifying Procedure of the Issuer, but may take no other action in respect of such default.
- (b) If an order is made or an effective resolution is passed for the Winding Up or a Qualifying Procedure of the Issuer, the Trustee may, and if so requested in writing by the holders of at least one fifth in nominal amount of the Notes of the relevant Series then outstanding or if so directed by an Extraordinary Resolution of the Noteholders of any such Series then outstanding shall (if it shall have been indemnified and/or secured and/or prefunded to its satisfaction), give notice to the Issuer that the Notes of such Series are, and they shall accordingly immediately become, due and repayable at their Early Redemption Amount (in the case of any Tier 2 Notes, subject to Condition 3(b)(ii)).

For the avoidance of doubt, any resolution action or moratorium pursuant to the Banking Act 2009, as amended, which does not constitute a Winding-up or Qualifying Procedure shall not permit the Trustee or the Noteholders to declare the Notes due and payable.

- (c) Without prejudice to paragraph (a) or (b) above, if the Issuer breaches any of its obligations under the Trust Deed or the Notes or Coupons of the relevant Series (other than any payment obligation of the Issuer under or arising from the Trust Deed or the Notes or Coupons of the relevant Series, including, without limitation, payment of any principal or interest in respect of the Notes and Coupons and any damages awarded for breach of any obligations) then the Trustee may, subject as provided below, at its discretion and without further notice, bring such proceedings as it may think fit to enforce the obligation in question provided that the Issuer shall not, as a result of the bringing of any such proceedings, be obliged to pay any sum sooner than the same would otherwise have been payable by it. Nothing in this Condition 10 shall, however, prevent the Trustee instituting proceedings for the winding-up of the Issuer and/or proving in any Winding Up or Qualifying Procedure of the Issuer in respect of any payment obligations of the Issuer arising from such Notes, Coupons or the Trust Deed (including any damages awarded for breach of any such obligations).
- (d) The Trustee shall not be bound to take any of the actions referred to in paragraph (a) or (c) above to enforce the obligations of the Issuer in respect of the Notes and the Coupons of any such Series or any other action pursuant to or in connection with the Trust Deed or the Notes or the Coupons of any Series unless (x) it shall have been so directed by an Extraordinary Resolution of the Noteholders of such Series or so requested in writing by the holders of at least one-fifth in nominal amount of the Notes of such Series then outstanding and (y) it shall have been indemnified and/or secured and/or prefunded to its satisfaction against all costs, charges, liabilities and expenses which may be incurred by it in connection

with such enforcement, including the costs of its management's time and/or other internal resources, calculated in accordance with its normal hourly rates in force from time to time.

- (e) No Noteholder or Couponholder of such Series shall be entitled to proceed directly against the Issuer unless the Trustee, having become so bound to proceed, fails to do so within 60 days and such failure shall be continuing and then only in the name of the Trustee and on giving an indemnity satisfactory to the Trustee, and only to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so. No Noteholder or Couponholder of such Series shall be entitled to institute proceedings for the winding up of the Issuer, or to prove in a Winding Up or Qualifying Procedure, except that if the Trustee, having become bound to proceed directly against the Issuer, fails to do so within 60 days or, being able to prove, fails to do so within 60 days in such Winding Up or Qualifying Procedure and such failure shall be continuing, then any Noteholder or Couponholder of such Series may, on giving an indemnity satisfactory to the Trustee, in the name of the Trustee (but not otherwise) himself institute proceedings for the winding up of the Issuer and/or prove in such Winding Up or Qualifying Procedure to the same extent (but not further or otherwise) that the Trustee would have been entitled to do so.

11 Replacement of Notes, Coupons and Talons

Should any Note (including any Global Note), Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of (in the case of Bearer Notes other than CMU Notes) the Principal Paying Agent or (in the case of CMU Notes) the CMU Lodging and Paying Agent or (in the case of Registered Notes) the Registrar, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer, the Principal Paying Agent, the Registrar or the CMU Lodging and Paying Agent, as the case may be, may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

12 Agents

The names of the initial Agents and their initial specified offices are set out below.

The Issuer is entitled, subject to the approval of the Trustee, at any time to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (a) so long as any Notes are listed on any stock exchange or admitted to listing by any other relevant listing authority, there will at all times be a Paying Agent and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or relevant listing authority;
- (b) so long as there are any CMU Notes outstanding, there will at all times be a CMU Lodging and Paying Agent; and
- (c) there will at all times be a Principal Paying Agent and a Registrar.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the final paragraph of Condition 5(e). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency or in respect of the appointment of a Canadian agent or registrar for CDS Notes, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 14.

If for any reason the Calculation Agent defaults in its obligations with respect to determining such Rate(s) of Interest and/or Interest Amounts, the Issuer may forthwith (without requiring the consent of the Trustee or Noteholders) terminate the appointment of, and replace, the Calculation Agent solely for the purposes of such determinations, in which event notice thereof shall be given to the Trustee and the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

In acting under the Agency Agreement, the Agents will act solely as agents of the Issuer and, in certain circumstances specified therein, of the Trustee, and do not assume any obligations or relationships of agency or trust to or with the Noteholders and Couponholders, except that (without affecting the obligations of the Issuer to the Noteholders and Couponholders to repay Notes and pay interest thereon) funds received by an Agent for the payment of any sums due in respect of the Notes shall be held by them in trust for the Noteholders and/or Couponholders until the expiration of the relevant period of prescription under Condition 9. The Agency Agreement contains provisions for the indemnification of the Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer without being liable to account to the Noteholders or Couponholders for any resulting profit.

13 Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may (subject to Condition 9) be surrendered at the specified office of (in the case of Notes other than CMU Notes) the Principal Paying Agent, (in the case of CMU Notes) the CMU Lodging and Paying Agent or, in any case, any other Paying Agent outside the United States in exchange for a further Coupon sheet, including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

14 Notices

All notices regarding the Bearer Notes of any Series shall be validly given if published in a leading English language daily newspaper of general circulation (in the case of Bearer Notes other than CMU Notes) in London (which is expected to be the *Financial Times*) or (in the case of CMU Notes) in Hong Kong (which is expected to be the *South China Morning Post*). Any such notice will be deemed to have been given on the date of such publication in such leading newspaper or, if published more than once, on the date of the first publication. Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of the Bearer Notes of any Series in accordance with this Condition 14. If the giving of notice as provided above is not practicable, notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

All notices regarding the Registered Notes of any Series shall be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing.

So long as no definitive Notes are in issue in respect of a particular Series, there may, so long as the Global Note(s) for such Series is or are held in its or their entirety on behalf of (in the case of Notes other than CMU Notes and CDS Notes) Euroclear and/or Clearstream, Luxembourg, (in the case of CMU Notes) the CMU or (in the case of CDS Notes) CDS, be substituted for such publication in such newspaper(s) or such mailing the delivery of the relevant notice to (in the case of Notes other than CMU Notes and CDS Notes) Euroclear and/or Clearstream, Luxembourg, (in the case of CMU Notes) to the CMU Lodging and Paying Agent for communication by them to the holders of the Notes or (in the case of CDS Notes) CDS. Any such notice shall be deemed to have been given to the holders of the Notes on the day on which the said notice was given to (in the case of Notes other than CMU Notes and CDS Notes) Euroclear and/or Clearstream, Luxembourg, (in the case of CMU Notes) to the CMU Lodging and Paying Agent or (in the case of CDS Notes) CDS.

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading, including publication on the website of the relevant stock exchange or relevant authority if required by those rules.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes other than CMU Notes), the CMU Lodging and Paying Agent (in the case of Bearer Notes which are CMU Notes) or the Registrar (in the case of Registered Notes). Whilst any Notes (other than CMU Notes) are represented by a Global Note, such notice may be given by a Noteholder to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes other than CDS Notes), as the case may be, via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose. Whilst any CMU Notes are represented by a Global Note, such notice may be given by a Noteholder to the CMU Lodging and Paying Agent via the CMU in such manner as the CMU Lodging and Paying Agent and the CMU may approve for this purpose. Whilst any CDS Notes are represented by a Global Note, such notice may be given by a Noteholder to the Issuer via CDS in such manner set out in the most recently published procedures of CDS.

15 Enforcement and Remedies

(a) *Enforcement*

Save as otherwise provided herein and without prejudice to Condition 10, only the Trustee may pursue the remedies available under the general law or under the Trust Deed to enforce the rights of holders of Notes and Couponholders and no holder of a Note or Couponholder shall be entitled to take proceedings directly against the Issuer unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within 60 days and such failure is continuing.

(b) *No other remedies*

No remedy against the Issuer, other than as referred to in Condition 10, shall be available to the Trustee, any Noteholder or any Couponholder (i) for the recovery of amounts owing in respect of or arising under the Trust Deed, such Notes or the relative Coupons or (ii) in respect of the breach of any other term or condition or other obligation binding on the Issuer under or in respect of the Trust Deed, such Notes or the relative Coupons.

16 Meetings of Noteholders, Modification, Waiver and Substitution of Principal Debtor

The Trust Deed contains provisions for convening meetings of Noteholders (or the holders of the Notes of any one or more Series) (including by way of conference call using an audio or videoconference platform) to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Terms and Conditions of any one or more Series or the provisions of the Trust Deed. Such a meeting may be convened by the Trustee, the Issuer or the Trustee upon the request of Noteholders holding not less than ten per cent. in nominal amount of the Notes (or, as the case may be, the Notes of the relevant one or more Series) for the time being remaining outstanding. The quorum at any such meeting convened to consider a resolution proposed as an Extraordinary Resolution is two or more persons holding or representing a clear majority in nominal amount of the Notes (or, as the case may be, the Notes of the relevant one or more Series) for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders (or, as the case may be, holders of the Notes of the relevant one or more Series) whatever the nominal amount of the Notes (or, as the case may be, the Notes of the relevant one or more Series) for the time being outstanding so held or represented, except that at any meeting the business of which includes the modification of certain of the Terms and Conditions of any one or more Series (including postponing the date of maturity of such Notes or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of such Notes, or varying the method of calculating the rate of interest or reducing the minimum or maximum rate of interest on the Notes (other than as permitted in the Terms and Conditions of any one or more Series, altering the currency of payment of such Notes and the Coupons relating thereto or modifying the majority required to pass an Extraordinary Resolution)) or certain of

the provisions of the Trust Deed, the necessary quorum for passing an Extraordinary Resolution will be two or more persons holding or representing not less than two thirds, or at any adjourned such meeting not less than one third, in nominal amount of the Notes (or, as the case may be, the Notes of the relevant one or more Series) for the time being outstanding. An Extraordinary Resolution in writing or duly passed at any meeting of the Noteholders (or, as the case may be, holders of the Notes of the relevant one or more Series) shall be binding on all the Noteholders (or, as the case may be, holders of the Notes of the relevant one or more Series), whether or not they are present at the meeting, and on all holders of Coupons relating to the relevant Notes.

The Trust Deed provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. of the nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution may consist of several instruments in the like form each executed by or on behalf of one or more Noteholders.

- (a) The Trustee may agree, without the consent of the Noteholders or Couponholders (or, as the case may be, the holders of the Notes or Coupons of the relevant one or more Series), to:
 - (i) any modification of the Terms and Conditions of any one or more Series or of the provisions of the Trust Deed which in its opinion is not materially prejudicial to the interests of the Noteholders or Couponholders (or, as the case may be, the holders of the Notes or Coupons of the relevant one or more Series); or
 - (ii) any modification of the Notes (or, as the case may be, the Notes of the relevant one or more Series), the Coupons relating thereto or the Trust Deed which is of a formal, minor or technical nature or is made to correct a manifest error or an error which is, in the opinion of the Trustee, proven or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.
- (b) In addition, the Trustee shall be obliged to concur with the Issuer in using reasonable endeavours to effect such modifications to the Trust Deed, the Agency Agreement and these Terms and Conditions as may be required in order to give effect to Condition 4(f) in connection with effecting any Alternative Reference Rate, Successor Rate, Adjustment Spread or related changes referred to in Condition 4(f) and/or any Benchmark Replacement Conforming Changes in accordance with Condition 4(g), the Recommended Replacement Rate or related changes in accordance with Condition 4(c)(v)(F)(3), the Replacement Rate or related changes in accordance with Condition 4(c)(v)(F)(5), the Recommended CAD Replacement Rate, the BoC Target Rate or related changes in accordance with Condition 4(c)(v)(G)(3), in each case, without the requirement for the consent or sanction of the Noteholders or Couponholders (provided, however, that the Trustee shall not be obliged to agree to any such consequential amendments if the same would, in the sole opinion of the Trustee, impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce, or amend its rights and/or the protective provisions afforded to it).

Any such modification shall be binding on the Noteholders and the Couponholders (or, as the case may be, the holders of the Notes or Coupons of the relevant one or more Series) and, unless the Trustee agrees otherwise and subject to Condition 4(f), any such modification shall be notified to the Noteholders (or, as the case may be, the holders of the Notes of the relevant one or more Series) in accordance with Condition 13 as soon as practicable thereafter. No modification of these conditions insofar as it relates to the Terms and Conditions of any Series of Ordinary Notes shall be effected without the prior notification to, and receiving no objection from and/or receiving the consent of, the Resolution Authority (in each case solely to the extent then required). No modification of these conditions insofar as it relates to the Terms and Conditions of any Series of Tier 2 Notes shall be effected without prior notification to, and receiving no objection from and/or receiving the consent of, the PRA (in each case solely to the extent then required).

The Trustee may also waive or authorise any breach or proposed breach of the Terms and Conditions of the Notes of any Series or the provisions of the Trust Deed in relation to such Notes which, in its opinion, is not materially prejudicial to the interests of the Noteholders of the relevant Series.

The Trustee may also agree, subject to the conditions set out in the immediately following sentence and to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders or the Couponholders of the relevant Series of Notes, to the substitution of the Holding Company or of a subsidiary of the Issuer or of a Successor in Business (as defined in the Trust Deed) in place of the Issuer as principal debtor under the Notes and the Coupons of any Series and under the Trust Deed in relation to such Notes and Coupons. Such agreement shall only be granted if, *inter alia*, the Trustee is satisfied that such substitution is not materially prejudicial to the interests of the Noteholders and the Couponholders of such Series.

No such substitution shall be effected in relation to (i) any Series of Ordinary Notes without prior notification to, and receiving no objection from and/or receiving the consent of, the Resolution Authority (in each case solely to the extent then required); or (ii) any Series of Tier 2 Notes without prior notification to, and receiving no objection from and/or receiving the consent of, the PRA (in each case solely to the extent then required).

In connection with the exercise by it of any of its trusts, power, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Trustee shall have regard to the general interests of the Noteholders of the relevant Series as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders of that Series (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political subdivision thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except to the extent provided for in Condition 8 (and/or any obligations undertaken in addition thereto or in substitution therefor pursuant to the Trust Deed).

17 Further Issues

The Issuer shall be at liberty from time to time without the consent of the relevant Noteholders or Couponholders to create and issue further notes having terms and conditions the same as (or the same in all respects save for the Issue Date, Interest Commencement Date and Issue Price), and so that the same shall be consolidated and form a single Series with, the outstanding Notes of a particular Series.

18 Indemnification

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking proceedings to enforce repayment unless indemnified and/or secured and/or prefunded to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer and/or any of its subsidiaries without accounting for any profit resulting therefrom and to act as Trustee for the holders of any other securities issued by the Issuer.

19 Calculation Agent determination

All discretions exercised and calculations and determinations made in respect of the Notes by the Calculation Agent shall be made in its sole and absolute discretion and in good faith and shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Agents, the Trustee, the Noteholders and the Couponholders.

20 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

21 Governing Law and Submission to Jurisdiction

The Trust Deed, the Agency Agreement, the Notes and the Coupons, and any non-contractual obligations arising out of or in connection with them, shall be governed by, and construed in accordance with, English law, except that the provisions of (i) Condition 3(a)(ii) (and related provisions of the Trust Deed) relating to set-off and netting of the Ordinary Notes and (ii) Condition 3(b) (and related provisions of the Trust Deed) relating to subordination and set-off and netting of the Tier 2 Notes, are governed by, and shall be construed in accordance with, Scots law.

The Issuer has submitted to the jurisdiction of the English courts in the Trust Deed.

22 Recognition of UK Bail-in Power

(a) Agreement and acknowledgement with respect to the exercise of the UK Bail-in Power

Notwithstanding and to the exclusion of any other term of any Series or any other agreements, arrangements, or understandings between the Issuer and any Noteholder (or the Trustee on behalf of the Noteholders), by its acquisition of Notes, each Noteholder acknowledges and accepts that the Amounts Due arising under the Notes may be subject to the exercise of any UK Bail-in Power by the Resolution Authority, and acknowledges, accepts, agrees to be bound by, and consents, to the exercise of any UK Bail-in Power by the Resolution Authority which may result in:

- (i) the reduction of all, or a portion, of the Amounts Due;
- (ii) the conversion of all, or a portion, of the Amounts Due into ordinary shares or other securities or other obligations of the Issuer or another person (and the issue to or conferral on the Noteholder of such shares, securities or obligations);
- (iii) the cancellation of the Notes; and/or
- (iv) the amendment or alteration of the maturity of the Notes, or amendment of the amount of interest due on the Notes, or the dates on which interest becomes payable, including by suspending payment for a temporary period,

which UK Bail-in Power may be exercised by means of amendment, modification or variation of the terms of the Notes solely to give effect to the exercise by the Resolution Authority of such UK Bail-in Power.

(b) Variation of rights

Each Noteholder further acknowledges and agrees that the rights of the Noteholders are subject to, and will be varied, if necessary, solely to give effect to, the exercise of any UK Bail-in Power by the Resolution Authority.

(c) Payment of Amounts Due

No repayment or payment of Amounts Due on the Notes shall become due and payable or be paid after the exercise of any UK Bail-in Power by the Resolution Authority unless, at the time that such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations of the UK and the European Union applicable to the Issuer and the Group.

(d) *Rescission of Redemption*

If the Issuer has elected to redeem the Notes but prior to the payment of the redemption amount with respect to such redemption the Resolution Authority exercises its UK Bail-in Power with respect to the Notes, the relevant redemption notices shall be automatically rescinded and shall be of no force and effect, and no payment of the redemption amount will be due and payable.

(e) *No Event of Default*

Neither a reduction or cancellation, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the UK Bail-in Power by the Resolution Authority with respect to the Issuer, nor the exercise of any UK Bail-in Power by the Resolution Authority with respect to the Notes shall constitute an Event of Default (as defined in the Trust Deed) or a default for any purpose.

(f) *Notice*

Upon the exercise of any UK Bail-in Power by the Resolution Authority with respect to any Notes, the Issuer shall provide a written notice to the Trustee and the Principal Paying Agent as soon as practicable regarding such exercise of the UK Bail-in Power and give notice of the same to Noteholders in accordance with Condition 14. Any delay or failure by the Issuer in delivering any such notice shall not affect the validity and enforceability of any UK Bail-in Power.

(g) *Definitions*

For these purposes:

- (i) "**Amounts Due**" are the principal amount, together with any accrued but unpaid interest, due on the Notes. References to such amounts will include amounts that have become due and payable, but which have not been paid, prior to the exercise of any UK Bail-in Power by the Resolution Authority; and
- (ii) a "**UK Bail-in Power**" is any write-down, conversion, transfer, modification or suspension power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in the UK in effect and applicable in the UK to the Issuer or other members of the Group, including but not limited to any such laws, regulations, rules or requirements which are implemented, adopted or enacted within the context of a UK resolution regime under the Banking Act 2009, as the same has been or may be amended from time to time (whether pursuant to the UK Financial Services (Banking Reform) Act 2013, secondary legislation or otherwise), pursuant to which any obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled, modified, transferred and/or converted into shares or other securities or obligations of the obligor or any other person (or suspended for a temporary period) or pursuant to which any right in a contract governing such obligations may be deemed to have been exercised.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Issuer to fund its general banking business. If, in respect of a particular issue, there is a particular identified use of proceeds, for example the funding of Eligible Assets, this will be stated in the applicable Final Terms.

NatWest Group has developed a Green, Social and Sustainability Financing Framework (as amended from time to time) (the "**Framework**") with the aim to attract dedicated funding for loans, investments and other financial assets that we expect are likely to provide positive environmental or social benefits. The Framework is intended to provide a clear and transparent set of definitions to enable investments that support the transition to a net zero carbon economy or bring positive social benefits, and create long-term value for our stakeholders.

The Framework dated December 2022 can be accessed at:

<https://investors.natwestgroup.com/fixed-income-investors/green-social-and-sustainability-bonds/gss-framework.aspx>

In connection with the Framework, NatWest Group has appointed a sustainability specialist, Sustainalytics B.V., which has issued the Second Party Opinion confirming that the Framework is credible, impactful and that it is aligned with the International Capital Market Association 2021 Green Bond Principles, Social Bond Principles and Sustainability Bond Guidelines. The Second Party Opinion can be accessed at:

<https://investors.natwestgroup.com/fixed-income-investors/green-social-and-sustainability-bonds/gss-framework.aspx>

If so specified in the applicable Final Terms, the Issuer intends to allocate an amount of funding equivalent to the net proceeds from the relevant Tranche of Notes to finance and/or refinance, in whole or in part, Eligible Green Assets and/or Eligible Social Assets originated or acquired by the Group. In addition, such funding must not finance and/or refinance any business activity described in Appendix 1 of the Framework (Excluded Sectors).

For the avoidance of doubt, neither the Framework nor the Second Party Opinion are, nor shall either of them be deemed to be, incorporated in, and/or form part of, this Prospectus.

- e) *Employment Generation* – loans, investments or other financial assets aimed at SMEs with geo-scoring of areas with high unemployment and/or low income, with potential targeting of specific sectoral activity codes.

The above description of Eligible Green Assets and Eligible Social Assets is for illustrative purposes only and further information is set out in the Framework. No assurance can be provided that the proceeds of any issuance will be allocated to fund transactions with these specific characteristics during the term of the relevant Notes.

Evaluation and selection process

The Issuer's Green, Social and Sustainability Financing Working Group (the "**Working Group**") will review and approve allocations of proceeds from the issue of Green, Social or Sustainability Notes issued under the Framework to Eligible Assets (the "**Eligible Portfolio**") on a quarterly basis or as required. The core membership of the Working Group is drawn from various teams across the Group, including Treasury Debt Capital Markets, Treasury Risk, Social Finance and Climate and Purpose – Finance, with other attendees (for example from Investor Relations, Treasury Legal, Reputational Risk, Chief Economist, and other subject-matter experts) joining as required. The following steps are taken when evaluating an asset for eligibility:

- *Asset origination* – Eligible Assets are underwritten by product teams in line with the NatWest Group Environment, Social and Ethical Risk Acceptance Criteria.
- *Project Evaluation and Assessment* – Eligible Assets are reviewed by NatWest Group Treasury where appropriate criteria for inclusion in green, social and sustainable financing are determined. The outcome of that evaluation and the asset stratification is brought to the Working Group for approval.
- *Allocation to Bond* – An Eligible Portfolio is created and peer approved within the NatWest Group Treasury team. This Eligible Portfolio will be allocated to the Green, Social or Sustainability Note on or after issuance.

NatWest Group applies Environmental Social and Ethical Risk Management policies and processes and these require enhanced due diligence to be performed for certain customer relationships, activities and projects.

The Issuer will not knowingly allocate the net proceeds of a Green, Social or Sustainability Note to assets provided to businesses or enterprises in several industries that are considered to have potential negative social or environmental impact, namely:

1. businesses or projects which fall under specific Standard Industrial Classification (SIC) Codes as specified in the Framework, which cover a range of businesses such as, but not limited to, alcohol, environmental damage, fossil fuels, gambling, tobacco, and weapons;
2. businesses or projects which are found to have engaged in illegal business practices, which are checked by credit risk against the Environmental Social and Ethical Risk Management process; and
3. businesses or projects which are known to have been involved with an environmental, social or governance controversy, which warranted an escalation to the Reputational Risk Committee.

In addition, non-performing loans and encumbered assets are also ineligible for allocation of the net proceeds of a Green, Social or Sustainability Note.

Management of proceeds

NatWest Group Treasury will manage the net proceeds of a Green, Social or Sustainability Note and the Issuer intends to exclusively allocate an amount equivalent to or more than the net proceeds to the types of Eligible Assets set out above.

Where assets unexpectedly mature such that the outstanding proceeds exceed the amount allocated to Eligible Assets, or where full allocation of proceeds is not immediately possible, the Issuer intends to hold and/or invest any surplus proceeds at its discretion in cash or short-term liquid investments (green, social and sustainability debt instruments, where possible) until additional Eligible Assets are available.

The Issuer intends to disclose upon the issuance of a Green, Social or Sustainability Note if the allocation of the proceeds of such Green, Social or Sustainability Note is intended to take place immediately or over the tenor of the issued Green, Social or Sustainability Note.

The Framework does not, as recommended by ICMA, apply a specific look-back period for Eligible Assets. The Working Group will assess, on a case-by-case basis, each potential Eligible Asset and confirm which Eligible Assets are appropriate (based on the nature of the asset, its expected remaining lifetime, and the tenor of the loan) before including them in the Eligible Portfolio.

Reporting

The Issuer aims to prepare an allocation and impact report which will be produced by the Issuer's climate and purpose finance team, the Working Group and other subject-matter experts. The Issuer intends to make available on its website at least annually a single allocation and impact report including all outstanding green and social financing. The Issuer may request an independent third party to produce, on an annual basis, starting one year after the issuance of the Green, Social and Sustainability Note and until maturity of such Note issued under the Framework, a limited assurance report of the allocation of the proceeds.

Neither any failure to apply the net proceeds of an issuance of Notes in accordance with the Eligible Green Assets and Eligible Social Assets definitions set out in the Framework, any failure of Eligible Green Assets or Eligible Social Assets to achieve the results or outcome originally expected or anticipated by the Issuer, any termination of any listing or admission to trading of any Notes on any dedicated "green", "environmental", "sustainable" or other equivalently-labelled segment of any stock exchange or security market, the withdrawal or any opinion, review, certification or post-issuance report of a third party or any attestation regarding the Issuer's compliance in whole or in part with any matters subject to such opinion, certification or attestation, nor any failure to comply by the Issuer with its commitment to certain reporting obligations as described in the Framework will constitute a breach of covenant or an event of default under any Notes (see "*Notes issued with a specific use of proceeds, such as Green, Social or Sustainability Notes may not meet investor expectations or requirements*" under "*Risk Factors*" above).

UNITED KINGDOM TAXATION

The comments below are of a general nature and relate to certain United Kingdom tax implications for persons who are the absolute beneficial owners of their Notes and Coupons and may not apply to certain classes of person (such as dealers and persons connected with the Issuer). The comments relate only to withholding tax on payments of interest in respect of the Notes and do not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. They are not intended to be exhaustive or to constitute tax advice. The comments address the position under current United Kingdom tax law and published practice of HM Revenue and Customs ("HMRC") (which may not be binding on HMRC). The United Kingdom tax treatment of prospective holders of Notes depends on their individual circumstances and may be subject to change in the future, sometimes with retrospective effect. In addition, prospective holders of Notes should be aware that the particular terms of issue of any series of Notes as specified in the applicable Final Terms may affect the tax treatment of that and other series of Notes. Prospective holders of the Notes who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek independent professional advice. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

United Kingdom Withholding Tax on Interest

1. Withholding tax on Notes

Payments of interest made in respect of Notes which carry a right to interest and which are and continue to be listed on a "recognised stock exchange" (as defined in section 1005 of the Income Tax Act 2007 (the "Act") for the purposes of section 987 of the Act) or admitted to trading on a "multilateral trading facility" operated by a "regulated recognised stock exchange" (within the meaning of section 987 of the Act) may be made without withholding or deduction for or on account of United Kingdom income tax. The London Stock Exchange is a recognised stock exchange for these purposes. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning and in accordance with the provisions of Part 6 of the FSMA) by the FCA and are admitted to trading on the Main Market of the London Stock Exchange. Provided, therefore, that the Notes carry a right to interest and remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom income tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom income tax where such Notes have a maturity of less than 365 days from the date of issue and are not issued under arrangements or form part of a scheme of borrowing, the effect of which is to render such Notes part of a borrowing with a total term which is capable of being 365 days or more.

2. All Notes

Subject to the following or the availability of any other exemption or relief, in other cases falling outside the exemptions described in 1 above, an amount must generally be withheld from payments of interest on Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where interest has been paid under deduction of United Kingdom income tax, Holders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

3. Discounts and other returns

If Notes are issued at a discount to their principal amount, any such discount element is not generally subject to any United Kingdom withholding tax. If Notes are redeemed at a premium to their principal amount (as opposed to being issued at a discount) then, depending on the circumstances, such premium may constitute a payment of interest for United Kingdom tax purposes and hence be subject to United Kingdom withholding tax rules.

4. General

The references to "**interest**", "**principal**" and "**discount**" above mean "interest", "principal" and "discount" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest", "principal" or "discount" which may prevail under any other law or which may be created by the Terms and Conditions of the Notes or any related documentation.

5. Substitution

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer and does not consider the tax consequences of any such substitution.

CERTAIN OTHER TAXATION CONSIDERATIONS

FATCA Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment". Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement (the "**Programme Agreement**") dated 5 December 2025, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "Form of the Notes" and "Terms and Conditions of the Ordinary and Tier 2 Notes" above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme.

Selling Restrictions

(a) United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to, or for the account or benefit of, a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and the regulations thereunder. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Notes) will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part within the United States or to, or for the account or benefit of, U.S. persons and it will have sent to each Dealer to which it sells Notes during the distribution compliance period, as defined in Regulation S under the Securities Act, a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Until 40 days after the commencement of the offering of any identifiable tranche of Notes, an offer or sale of Notes within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

(b) United Kingdom

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (i) in relation to any Notes which have a maturity of less than one year from the date of issue, (x) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (y) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the FSMA by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the

meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and

- (iii) it has complied and will comply with all applicable provisions of the FSMA (and all rules and regulations made pursuant to the FSMA), with respect to anything done by it in relation to any Notes in, from or otherwise involving the UK.

(c) Prohibition of sales to European Economic Area Retail Investors

Credit Ratings

The information set out below has been extracted from the relevant websites hyperlinked below. NatWest Group confirms that such information has been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published by Fitch, S&P, Moody's and JCR, no facts have been omitted which would render the reproduced information inaccurate or misleading.

In accordance with Fitch's ratings definitions available as at the date of this Prospectus on <https://www.fitchratings.com/products/rating-definitions>, a long-term rating of "A" indicates expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The addition of a "+" indicates relative differences of probability of default or recovery for issues. In accordance with such Fitch ratings definitions, a short-term rating of "F1" indicates the strongest intrinsic capacity for timely payment of financial commitments. In accordance with S&P's ratings definitions available as at the date of this Prospectus on <https://www.spglobal.com/ratings/en/research/articles/190705-s-p-global-ratings-definitions-504352>, a long-term rating of "A" indicates that an obligor has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories. The addition of a "-" shows relative standing within the rating category. In accordance with such S&P ratings definitions, a short-term rating of "A-2" indicates that an obligor has satisfactory capacity to meet its financial commitments. However, it is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in the highest rating category. In accordance with Moody's ratings definitions available as at the date of this Prospectus on https://www.moody.com/researchdocumentcontentpage.aspx?docid=PBC_79004, a long-term rating of "A3" indicates obligations that are judged to be upper medium-grade and subject to low credit risk. The addition of a numerical modifier "3" indicates that the obligation ranks in the lower end of its generic rating

category. In accordance with such Moody's ratings definitions, a short-term rating of "P-2" indicates a strong ability to repay short-term debt obligations. In accordance with JCR's ratings definitions available as at the date of this Prospectus on https://www.jcr.co.jp/en/pdf/dm24/Rating_Definition20140106.pdf, a long-term rating of "A" indicates a high level of certainty to honour financial obligations. The addition of a "+" shows relative standing within the rating scale.

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or its affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
