**(2) Update of Recent Developments section - ANZBGL releases Pillar 3 for June quarter and provides update on credit quality, capital and Australian housing mortgage flows**

On 16 August 2019, ANZBGL provided an update on credit quality, capital and Australian housing mortgage flows as part of the scheduled release of its Pillar 3 disclosure statement for quarter ending 30 June 2019 and associated chart pack, as follows:

"Total provision charge of A\$209m for the June quarter remained broadly flat compared with the 1H19 quarterly average, while the individual provision increased A\$68m to A\$258m. Total loss rate was 13bp (consistent with the 1H19 loss rate of 13bp).

Group Common Equity Tier 1 ratio (APRA Level 2) was 11.8% at the end of June 2019, a ~30bp increase for the June quarter. On a pro-forma basis, inclusive of announced divestments and the recently announced capital changes, ANZ's Level 2 CET1 ratio is 11.5%<sup>1</sup>.

As indicated at ANZBGL's first half result presentation, expectation was for home loan volumes in Australia to decline during the June quarter, with Owner Occupied down 0.2% and Investor down 1.8% (June 2019 compared with March 2019).

Home loan applications improved in July 2019 with actions taken in recent months to clarify credit policy and reduce approval turnaround times having a positive impact."
