OFFERING CIRCULAR

CLARION FUNDING PLC

(*incorporated in England with limited liability under the Companies Act 2006, registered number 10922187*)

£3,000,000,000
Secured Euro Medium Term Note Programme

Under this £3,000,000,000 Secured Euro Medium Term Note Programme (the **Programme**), Clarion Funding plc (the **Issuer**) may from time to time issue notes (the **Notes**) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The maximum aggregate principal amount of all Notes from time to time outstanding under the Programme will not exceed £3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "*Overview of the Programme*" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

The proceeds of the Notes of a Series will be advanced by the Issuer to Clarion Treasury Limited (the **Group Borrower**) under a Loan Facility Agreement in relation to such Series, which will in turn on-lend such funds to Clarion Housing Association Limited (the **Existing Borrower**) under an On-Loan Agreement made between the Group Borrower and the Existing Borrower. Subject to certain conditions in the Loan Facility Agreement, the Group Borrower may also on-lend the proceeds of a Loan Facility Agreement to other qualifying members of the Clarion Housing Group (as defined below) (together with the Existing Borrower, the **Borrowers**). Each of the Borrowers will guarantee the obligations of the Group Borrower to the Issuer under each Loan Facility Agreement pursuant to a deed of guarantee dated 24th May, 2007 as amended and restated on 29th November, 2016 (and as further amended and/or supplemented and/or restated from time to time) (the **Deed of Guarantee**). The Borrowers will create security over certain housing properties used for social housing accommodation (the **Charged Properties**) to secure the obligations of the Borrowers under the Deed of Guarantee. The Group Borrower will also grant security over its rights under each On-Loan Agreement by way of a security deed dated 24th May, 2007 (the **Group Borrower Security Deed**).

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*".

This Offering Circular has been approved as a base prospectus by the Financial Conduct Authority (the **FCA**), as competent authority under Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**) (the **UK Prospectus Regulation**). The FCA only approves this Offering Circular as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer, the Group Borrower or the Existing Borrower or of the quality of the Notes that are the subject of this Offering Circular. Investors should make their own assessment as to the suitability of investing in the Notes.

The obligation to supplement this Offering Circular in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Offering Circular is no longer valid.

Notice of the aggregate principal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "*Terms and Conditions of the Notes*") of Notes will be set out in a final terms document (the **Final Terms**) which will be delivered to the FCA and, where listed, the London Stock Exchange.

Copies of Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

Neither this Offering Circular nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, any of the Dealers or any of their respective affiliates or the Note Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuer, the Group Borrower, the Existing Borrower or the Group Parent is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. Use of Proceeds / Sustainability Bonds

As described in "*Use of Proceeds*" below, Notes issued under the Programme are intended to be Sustainability Bonds (as defined in "*Use of Proceeds*" below) and the net proceeds from the issue of Notes of each Series will be used for sustainable purposes in accordance with the Sustainable Housing Finance Framework (as defined in "*Use of Proceeds*" below) unless otherwise specified in relation to the particular issue.

No assurance is given by the Issuer, the Dealers or any of their respective affiliates or any other person that the use of the proceeds of issue of any Sustainability Bonds will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates. Neither the Issuer, the Dealers or any of their respective affiliates or any other person makes any representation as to the suitability of such Sustainability Bonds to fulfil any "sustainable" criteria required by any prospective investors.

Neither the Dealers nor any of their respective affiliates nor any other person has conducted any due diligence on the Sustainable Housing Finance Framework including any second party opinion. Neither the Dealers nor any of their respective affiliates nor any other person have undertaken, nor are they responsible for, any assessment of the projects related to Sustainability Bonds or any verification of whether the projects related to Sustainability Bonds may meet any such eligibility criteria or the monitoring of the use of proceeds.

It should be noted that the definition (legal, regulatory or otherwise) of, or market consensus as to what constitutes or may be classified as, a "sustainable" or an equivalently-labelled project or investment that may finance such project is evolving. No assurance can be given that a clear definition, consensus or label will develop over time or that, if it does, any Sustainability Bonds will comply with such definition, market consensus or label. Accordingly, no assurance is or can be given by the Issuer, the Dealers or any of their respective affiliates or any other person to investors that any projects or uses of the proceeds will meet any or all investor expectations regarding such "sustainable" or other equivalently-labelled performance objectives or that any adverse sustainable and/or other impacts will not occur during the implementation of any projects or uses of the proceeds. In addition, no assurance can be given by the Issuer, the Dealers or any of their respective affiliates or any other person to investors that any Sustainability Bonds will comply with any present or future standards or requirements for being Sustainability Bonds (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "**EU Taxonomy Regulation**"), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (**SFDR**) and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance, including green, sustainable or social bond principles or other similar principals or guidance published by ICMA (the **ICMA Principles**)) and, accordingly, the Sustainability Bond status of the Sustainability Bonds could be withdrawn at any time.

Any Sustainability Bonds will not be compliant with Regulation (EU) 2023/2631 (the EuGB Regulation) and are only intended to comply with the requirements and processes in the Sustainable Finance Framework.

No assurance or representation is given by the Issuer, the Dealers or any of their respective affiliates or any other person as to the suitability or reliability for any purpose whatsoever of any opinion, review or certification of any third party (whether or not solicited by the Issuer and including any post-issuance reports prepared by an external reviewer) which may be made available in connection with the issue of any Sustainability Bonds. For the avoidance of doubt, any such opinion, review, certification and post-issuance report is not, nor shall it be deemed to be, incorporated in and/or form part of this Offering Circular. Any such opinion, review, certification or post-issuance report is not, nor should it be deemed to be, a recommendation by the Issuer, the Dealers or any of their respective affiliates or any other person to buy, sell or hold any such Sustainability Bonds. The Noteholders have no recourse against the Issuer, any of the Dealers or the provider of any such opinion or certification for the contents of any such opinion, review, certification or post-issuance report. Prospective investors must determine for themselves the relevance of any such opinion, review, certification or post-issuance report and/or the information contained therein and/or the provider of such opinion, review, certification or post-issuance report for the purpose of any investment in any Sustainability Bonds. Currently, the providers of such opinions, reviews, certifications and post-issuance reports are not subject to any specific or regulatory or other regime or oversight. The Sustainable Housing Finance Framework may be updated from time to time and none of the Issuer, the Dealers or any of their respective affiliates or any other person assumes any obligation or responsibility to release any update or revision to the Sustainable Housing Finance

Framework and/or information to reflect events or circumstances after the date of publication of the Sustainable Housing Finance Framework.

In the event that any such Sustainability Bonds are listed or admitted to trading on any dedicated "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any of their respective affiliates or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect sustainable impact of any projects or uses, the subject of or related to, any sustainability reports. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any of their respective affiliates or any other person that any such listing or admission to trading will be obtained in respect of any such Sustainability Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Sustainability Bonds.

There is no contractual obligation under the terms and conditions of the Notes to allocate the proceeds of any Sustainability Bonds to finance eligible businesses and projects or to provide annual progress reports as described in "*Description of the Clarion Housing Group*" below. The Issuer's failure to allocate the proceeds of any particular Sustainability Bond to finance and/or refinance an eligible project or to provide annual progress reports, the failure of any of the eligible projects to meet any or all investor expectations regarding such performance objectives, or the failure of an independent external review provider to issue a second party opinion on the allocation of the bond proceeds, will not constitute an Event of Default (as defined in the Trust Deed) or breach of contract with respect to any particular Sustainability Bond and none of the Trustee or the Dealers will have any responsibility for monitoring the application of any such proceeds.

IMPORTANT - EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (**UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Joint Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Joint Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

HSBC Bank plc will not regard any actual or prospective holders of Notes (whether or not a recipient of this Offering Circular) as its client in relation to the offering described in this Offering Circular and will not be responsible to anyone other than the Issuer, the Group Borrower and the Borrowers for providing the protections afforded to its clients nor for providing the services in relation to any offering described in this Offering Circular or any transaction or arrangement referred to in this Offering Circular. The other Dealers reserve the right to consider whether holders or prospective holders of Notes described in this Offering Circular are "clients" for the purposes of the inducements regime on an individual basis.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS OFFERING CIRCULAR AND OFFERS OF NOTES GENERALLY

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Note Trustee do not represent that this Offering Circular may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Note Trustee which is intended to permit a public offering of any Notes or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in the United States, the EEA and the United Kingdom, see "*Subscription and Sale*".

In this Offering Circular, unless the contrary intention appears, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended or re-enacted.

SUITABILITY OF INVESTMENT

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

(i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;

(ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets;

(v) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the relevant Notes; and

(vi) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers and/or any other adviser that such investor considers appropriate to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

OVERVIEW OF THE PROGRAMME

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Offering Circular and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms.

This Overview constitutes a general description of the Programme for the purposes of Article 25(1) of Delegated Regulation (EU) No 2019/980 as it forms part of domestic law by virtue of the EUWA (the **UK Delegated Regulation**).

Words and expressions defined in "*Form of the Notes*" and "*Terms and Conditions of the Notes*" shall have the same meanings in this Overview.

Issuer:	Clarion Funding plc
Issuer Legal Entity Identifier (LEI):	213800BLOAKXC1BXLJ29
Description:	Secured Euro Medium Term Note Programme
Use of Proceeds:	This note issuance programme is intended to raise finance for certain members of the Clarion Housing Group through the issuance of Notes by the Issuer. The Issuer will issue the Notes and on-lend the proceeds pursuant to a corresponding Loan Facility Agreement to the Group Borrower which will in turn on-lend such funds to one or more of the Borrowers under the On-Loan Agreement made between the Group Borrower and the relevant Borrower(s). The relevant Borrower(s) will use the proceeds in the achievement of their charitable objects, as permitted by their respective constitutional documents. Each of the Borrowers will act as a Guarantor under the Deed of Guarantee pursuant to which each Guarantor will guarantee the performance of the obligations of the Group Borrower under each Loan Facility Agreement. The Loan Facility Agreements, the On-Loan Agreements and the assets comprising the Series Security (see "*Series Security*" below) have characteristics that demonstrate the capacity to produce funds to service any payments due and payable on the Notes.
Certain Restrictions:	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "*Subscription and Sale*") including the following restrictions applicable at the date of this Offering Circular. **Notes having a maturity of less than one year** Notes having a maturity of less than one year will, if the proceeds of the issue are accepted in the United Kingdom, constitute

	deposits for the purposes of the prohibition on accepting deposits contained in section 19 of the Financial Services and Markets Act 2000 (**FSMA**) unless they are issued to a limited class of professional investors and have a denomination of at least £100,000 or its equivalent, see "*Subscription and Sale*".
Programme Size:	Up to £3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement) outstanding at any time. The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreement.
Distribution:	Notes may be distributed by way of private or public placement and, in each case, on a syndicated or non-syndicated basis.
Currencies:	Subject to any applicable legal or regulatory restrictions, Notes may be denominated in euro, Sterling, U.S. dollars, yen and any other currency agreed between the Issuer and the relevant Dealer.
Maturities:	The Notes will have such maturities as may be agreed between the Issuer and the relevant Dealer, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.
Issue Price:	Notes may be issued on a fully-paid basis and at an issue price which is at par or at a discount to, or premium over, par.
Form of Notes:	The Notes will be issued in bearer form as described in "*Form of the Notes*".
Fixed Rate Notes:	Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer.
Floating Rate Notes:	Floating Rate Notes will bear interest at a rate determined on the basis of the reference rate set out in the applicable Final Terms. Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer, will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer. The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes. Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both. For the avoidance of doubt, the interest rate in respect of Floating Rate Notes shall not be less than zero.

	If so specified in the applicable Final Terms for a Series of Notes, then on the occurrence of a Benchmark Event the Issuer shall use its reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser that may (subject to certain conditions and following consultation with the Issuer) determine a Successor Rate, failing which an Alternative Reference Rate and, in either case, an Adjustment Spread, and Benchmark Amendments (if any) in accordance with Condition 7.2(c) (*Benchmark Replacement*).
Final Redemption:	Unless previously redeemed or purchased and cancelled in accordance with Condition 9 (*Redemption and Purchase*), the Notes of a Series will be redeemed at their Final Redemption Amount as specified in the applicable Final Terms on the Maturity Date.
Early Redemption:	Subject as described in "*Mandatory Early Redemption*" below, if Early Redemption is specified as applicable in the applicable Final Terms and the Specified Currency of the Notes of a Series is Sterling, such Notes may be redeemed in whole or in part in the event that the Group Borrower, in accordance with the relevant Loan Facility Agreement, elects to prepay the relevant Loan Facility in whole or in part prior to the redemption date specified in the relevant Loan Facility Agreement at the higher of their principal amount and an amount calculated by reference to the sum of (i) the yield on the relevant outstanding United Kingdom government benchmark gilt having the nearest maturity date to that of the Notes and (ii) the Spens Margin specified in the applicable Final Terms, together with accrued interest. In the event that the Specified Currency of the Notes of a Series is a currency other than Sterling, redemption of such Notes pursuant to such early redemption provision shall be in an amount specified in an amendment to the Conditions and the Note Trust Deed in such manner as the Note Trustee may require, together with accrued interest.
Redemption for Tax Reasons:	The Issuer may redeem the Notes of a Series in whole, but not in part, at their principal amount, together with any accrued interest, if, as a result of any actual or proposed change in tax law, the Issuer satisfies the Note Trustee that, on the occasion of the next payment under the Notes of such Series, the Issuer has or will become obliged to pay additional amounts pursuant to Condition 10 (*Taxation*).
Mandatory Early Redemption:	The Notes of a Series shall be redeemed in full at their principal amount, plus accrued interest, upon the mandatory prepayment of the Loan Facility following one or more of the Borrowers ceasing to be a Registered Provider of Social Housing (other than following, or as part of, a Permitted Reorganisation or if such Borrower regains its status as a Registered Provider of Social Housing or ceases to be a Borrower within 180 days).

In addition, if the Loan Facility becomes repayable as a result of a Loan Event of Default the Notes of a Series shall be redeemed in full at their principal amount, plus accrued interest.

A **Loan Event of Default** includes non-payment, breach of other obligations, cross-acceleration, winding-up, cessation of business, insolvency, unlawfulness and breach of certain asset cover ratios, in each case as set out in Clause 16 (*Loan Events of Default*) of the Loan Facility Agreement Standard Terms and described further in "*Description of the Loan Facility Agreement*".

Purchases: The Group Borrower and any other member of the Clarion Housing Group (other than the Issuer) may at any time purchase Notes of any Series at any price in the open market or otherwise. Following any such purchase, the Group Borrower or any such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender the Notes to the Issuer for cancellation. An amount equal to the principal amount of the Notes being surrendered shall be deemed to be prepaid under the corresponding Loan Facility Agreement (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)).

Series Security: The Issuer's obligations in respect of each Series are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(a) by an assignment by way of security of the Issuer's rights, title and interest arising under the Deed of Guarantee in respect of the Loan Facility relating to such Series;

(b) by an assignment by way of security of the Issuer's rights, title and interest arising under the Security Trust Deed and the Group Borrower Security Deed, in each case, in respect of the Loan Facility relating to such Series;

(c) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Facility Agreement in relation to such Series;

(d) by a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the relevant Transaction Account in relation to such Series, any Cash Security Account in relation to such Series and any other bank or other accounts in which the Issuer may at any time have or acquire any rights, title and interest in relation to such Series;

(e) by an assignment by way of security of the Issuer's rights, title and interest under each of the Programme Documents to the extent they relate to such Series; and

(f) by a charge by way of first fixed charge over all rights of the Issuer in respect of any sums held from time to time by the Paying Agents for the payment of principal or interest in respect of each Series.

Underlying Security: Each of the Borrowers will grant security in favour of the Security Trustee to secure its obligations under the Deed of Guarantee, and the Group Borrower will grant security in favour of the Security Trustee to secure its obligations under each Loan Facility Agreement. The Security Trustee will hold such security for the benefit of the Issuer in accordance with the Security Trust Deed. It is intended that the Underlying Security granted by the Borrowers will be over certain Charged Properties used for social housing accommodation by the Borrowers and over certain bank accounts held by the Borrowers.

Security for a Series of Notes: The security for the Notes in each Series will be created only over the assets held by the Issuer in respect of such Series. The Underlying Security allocated to one Series is subject to compliance with the SAB Asset Cover Test or the NAB Asset Cover Test, as applicable.

Where the applicable Final Terms and the Loan Facility Agreement state that the security in respect of the Deed of Guarantee is allocated on a Specific Apportionment Basis, the relevant valuation report will be set out in a drawdown prospectus in respect of the Series which funds the relevant Loan Facility.

Cash Security Account: Pursuant to the Loan Facility Agreement, the Group Borrower is required to procure that the specified asset cover ratio is maintained (see "*Description of the Loan Facility Agreement*" below). In the event that the value of any Charged Property is insufficient to maintain the relevant asset cover ratio, the Group Borrower may place funds with the Issuer and the Issuer may deposit, or arrange the deposit, of moneys into the Cash Security Account (if any). Such moneys will be charged in favour of the Note Trustee pursuant to the terms of the Note Trust Deed.

Funds standing to the credit of any Cash Security Account shall be held on deposit, but shall not accrue interest in accordance with the Account Agreement.

Moneys standing to the credit of any Cash Security Account may be withdrawn only to the extent that such withdrawal will not cause a breach of the Asset Cover Test.

Priority of Payments: Prior to the enforcement of the Series Security in respect of a Series of Notes, the Issuer shall apply the monies standing to the credit of the Transaction Account in respect of such Series on each Interest Payment Date and such other dates on which a payment

is due in respect of the Notes in the following order of priority (the **Pre-enforcement Priority of Payment**):

(a) first, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, in payment of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed, in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part, thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities of the Issuer owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(d) fourth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer insofar as they relate to such Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of such Series of Notes on such Interest Payment Date;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of such Series of Notes on such Interest Payment Date; and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

Following the enforcement of the Series Security in respect of any Series of Notes, all monies standing to the credit of the Transaction Account and any Cash Security Account in respect of such Series, in each case, in respect of such Series of Notes, and the net proceeds of enforcement of the Series Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

(a) first, in payment or satisfaction of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed (including, for the avoidance of doubt, any Receiver), in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(b) second, except following the enforcement of the Series Security in respect of all Series of Notes, in payment of any taxes due and owing by the Issuer to any taxing authority insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(c) third, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents and the Agent Bank under the Agency Agreement and the Account Bank under the Account Agreement insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

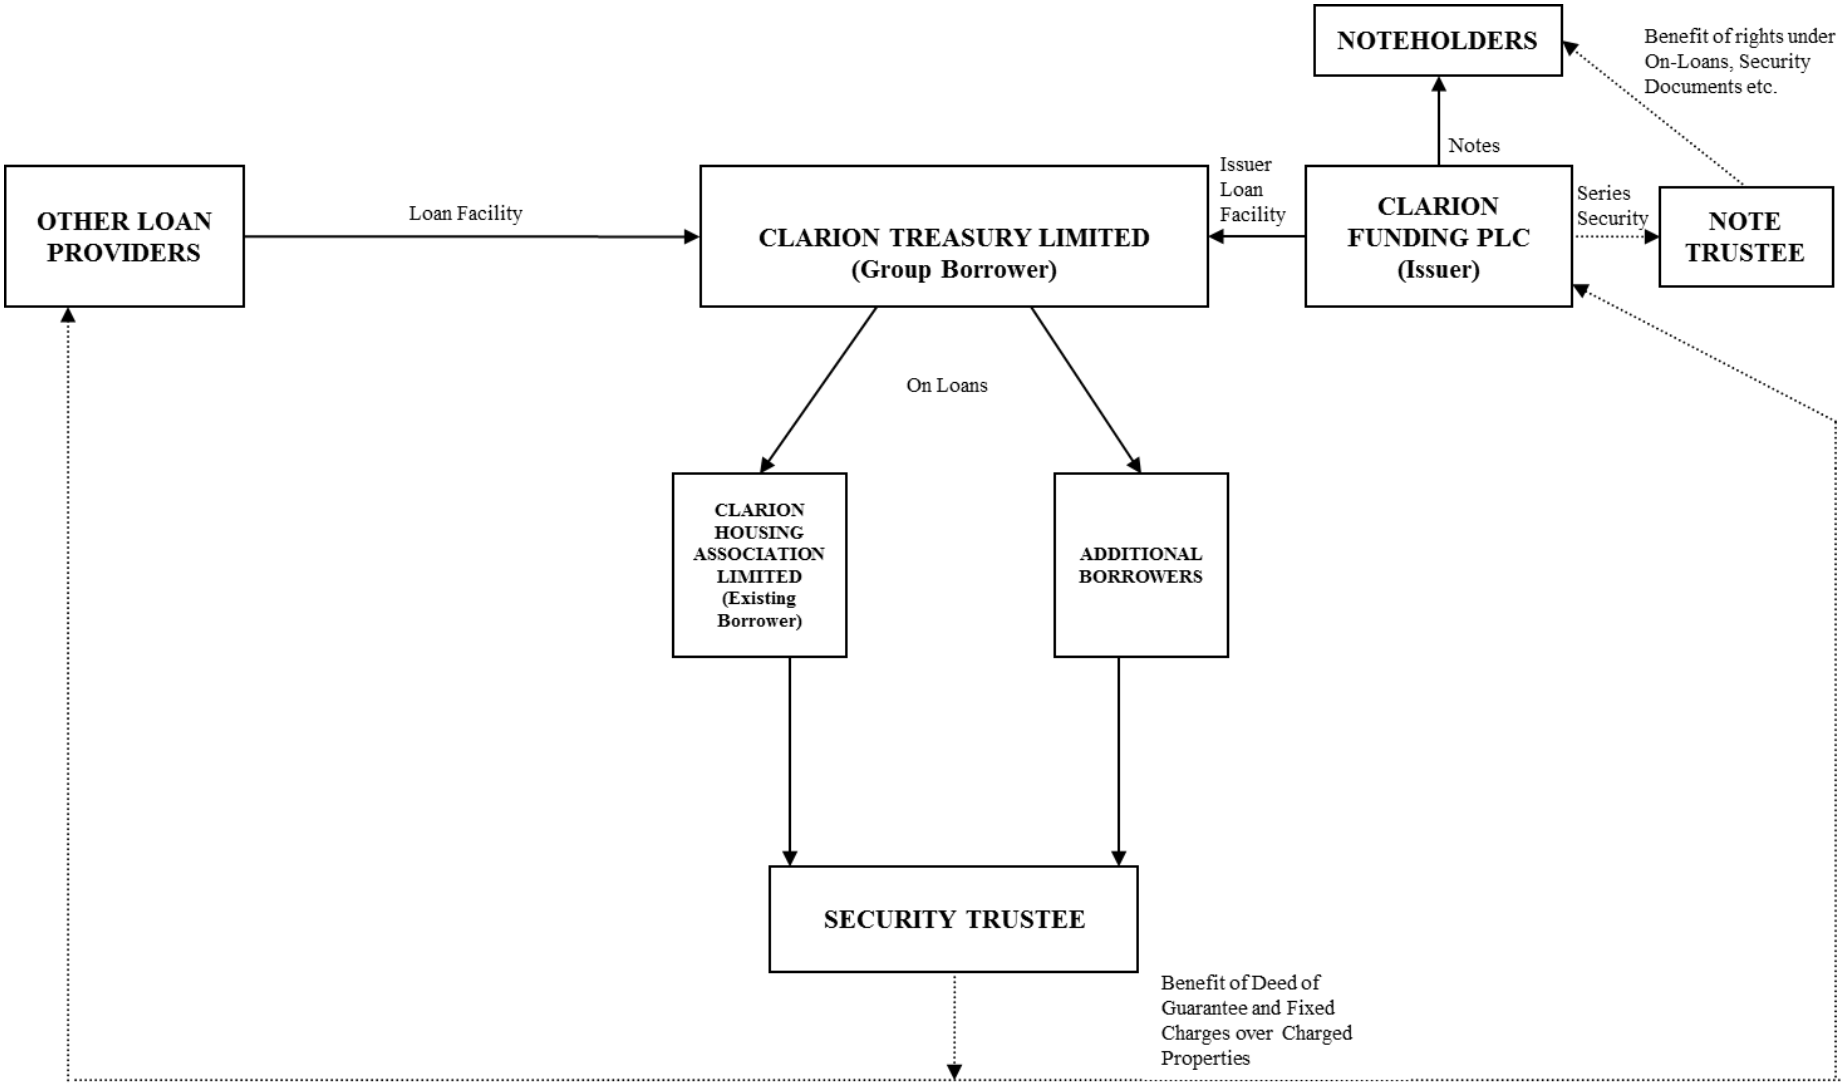
(d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any interest due and payable in respect of the Notes;

(e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Noteholders of such Series of any principal due and payable in respect of the Notes;

(f) sixth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (in each case insofar as they relate to the Notes); and

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

Status of the Notes: The Notes of a Series will constitute direct, secured obligations of the Issuer and will rank *pari passu* among themselves.



Denomination of Notes: The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency, see "*Certain Restrictions - Notes having a maturity of less than one year*" above, and save that the minimum denomination of each Note will be €100,000 (or, if the

	Notes are denominated in a currency other than euro, the equivalent amount in such currency).
Covenants:	Pursuant to Condition 6.1 (*General Covenants*), the Issuer has covenanted not to engage in any activity or do anything other than carry out the business of a company which has as its purpose raising finance and on-lending such finance for the benefit of the members of the Clarion Housing Group, without the consent of the Note Trustee. The Issuer has also covenanted to deliver to the Note Trustee and, upon request by a Noteholder to the Issuer, to make available to any of the Noteholders, a copy of each Compliance Certificate received from the Group Borrower pursuant to the terms of the Loan Facility Agreement and a copy of the annual financial statements of the Group Parent, the Group Borrower and each of the Borrowers following publication of the same. In addition to the rights of Noteholders to convene a meeting pursuant to Condition 18 (*Meetings of Noteholders, Modification and Waiver*), at the request of the requisite majority of the Noteholders, the Issuer shall hold a meeting of the Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, provided that the Issuer shall not be required to hold any such meeting more than once in any calendar year. In addition, the Issuer has covenanted that, for so long as any of the Notes remain outstanding, it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, a Loan Facility Agreement, the Deed of Guarantee, any On-Loan Agreement or the Security Trust Deed except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.
Taxation:	All payments in respect of the Notes of a Series will be made without deduction for or on account of withholding taxes imposed by any Tax Jurisdiction unless such withholding is required by law as provided in Condition 10 (*Taxation*). In the event that any such deduction is made, the Issuer will, save in certain limited circumstances provided in Condition 10 (*Taxation*), be required to pay additional amounts to cover the amounts so deducted.
Meetings of Noteholders:	The Terms and Conditions of the Notes and the Note Trust Deed contain provisions for calling meetings (including by way of audio or video conference call) of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.
Risk Factors:	There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme, certain factors which may affect the Group Borrower's ability to fulfil its

	obligations under the Loan Facility Agreement and certain factors that may affect the Borrowers' ability to fulfil their obligations under their respective On-Loan Agreements and the Deed of Guarantee. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and risks relating to the structure of a particular Series of Notes issued under the Programme. All of these are set out under "*Risk Factors*".
Rating:	The Programme has been rated "A3" by Moody's, "A-" by S&P and "A+" by Fitch. Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as the rating assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Notes may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Notes which are neither listed nor admitted to trading on any market may also be issued. The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

STRUCTURE DIAGRAM OF TRANSACTION

RISK FACTORS

In purchasing Notes, investors assume the risk that the Issuer, the Group Borrower and the Borrowers may become insolvent or otherwise be unable to make all payments due in respect of the Notes or any loan agreements or guarantees underlying the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Offering Circular a number of factors which could materially adversely affect its business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.

1. FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

A) Special Purpose Vehicle Issuer

The Issuer is a special purpose finance entity with no business operations other than the incurrence of financial indebtedness, including the issuance of the Notes and on-lending the proceeds thereof to or for the benefit of the Group Borrower or the Borrowers. As such the Issuer is entirely dependent upon receipt of funds received from the Group Borrower or the Borrowers pursuant to the Loan Facility Agreements and/or the On-Loan Agreements in order to fulfil its obligations under the Notes.

B) Effect of Losses on the Loan Facility on Interest Payments and Repayments on the Notes

There can be no assurance that the levels or timeliness of payments of collections received in respect of the relevant Loan Facility will be adequate to ensure fulfilment of the Issuer's obligations in respect of the Notes on each Interest Payment Date or on the Maturity Date. In addition, a default under the Loan Facility Agreement could ultimately result in its enforcement, a claim being made by the Issuer under the Deed of Guarantee and, if payment is not made thereunder on a timely basis, the enforcement of the Underlying Security. The proceeds of any such enforcement may be insufficient to cover the full amount due from the Group Borrower resulting in a shortfall in funds available to repay the Notes.

2. FACTORS WHICH MAY AFFECT THE GROUP BORROWER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER THE LOAN FACILITY AGREEMENT IN RESPECT OF EACH SERIES OF NOTES

A) Credit Risk

The Group Borrower acts as a financing vehicle for the Clarion Housing Group and does not own any social housing assets. The proceeds of each Loan Facility will be on-lent by the Group Borrower to the Borrowers pursuant to the On-Loan Agreements and the payments to be made by the Group Borrower to the Issuer under the Loan Facility Agreement will be dependent upon the Group Borrower receiving from the Borrowers the payments due to it under the On-Loan Agreements. The Group Borrower's ability to satisfy its obligations under the Loan Facility Agreement is therefore dependent on the credit risk of each of the Borrowers.

B) Capital Resources & Treasury Risk

To mitigate liquidity risk and augment its capital resources, the Group Borrower relies on financing through committed lines of credit from major banks, building societies and other financing vehicles (including the Issuer, which itself is funded through the capital markets), and through revolving debt (which may either be secured or unsecured) and the Group Borrower will on-lend such financing to the Borrowers. The Group Borrower is therefore dependent on its ability to access and maintain these sources of financing.

The Group Borrower is also subject to interest rate risk with respect to its variable rate borrowing.

3. FACTORS WHICH MAY AFFECT THE BORROWERS' ABILITY TO FULFIL THEIR OBLIGATIONS UNDER THE ON-LOAN AGREEMENTS AND THE DEED OF GUARANTEE

A) Risks related to Social Housing Rents

Please refer to "*Description of the Social Housing Sector in England*" below.

Any reduction in social rental income could have an adverse impact on the Borrowers' cash flows that could adversely affect the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee.

As at 31st March, 2024, the Borrowers together had 89,214 (89,687 as at 31st March, 2023) social housing properties (general needs, affordable rents and supported housing tenures) other than low cost home ownership accommodation (as defined in section 70 of the Housing and Regeneration Act 2008). For the year ended 31st March, 2024, turnover from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) was £714 million (£678 million for the year ended 31st March, 2023), or 72 per cent. (67 per cent. for the year ended 31st March, 2023) of the Clarion Housing Group's £993 million of turnover (£1,008 million for the year ended 31st March, 2023), and operating surpluses from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) were £140 million (£117 million for the year ended 31st March, 2023), or 59 per cent. (45 per cent. for the year ended 31st March, 2023) of the Clarion Housing Group's £237 million of operating surpluses (£261 million for the year ended 31st March, 2023).

B) Risks related to Rental Income

Please refer to "Description of the Social Housing Sector in England" below.

The tenants of the social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) properties of the Borrowers are personally responsible for the rental payments on the relevant occupied properties and consequently the Clarion Housing Group is exposed to the risk of arrears and bad debts. Any significant exposure to arrears and bad debts may adversely affect the ability of the Borrowers to meet their payment obligations in respect of their respective On-Loan Agreements and the Deed of Guarantee.

The Borrowers and their tenants receive a material proportion of their rental income from housing benefit or Universal Credit payable by local authorities or the Department of Work and Pensions (**DWP**), respectively. Following four years of rent reduction ending in 2020, the new Rent Standard allows for social housing rents to be increased by a maximum of the Consumer Price Index (**CPI**) plus 1 per cent. formula for five years from 1st April, 2020, and this has been rolled over by a further year until April 2026. The Borrowers have their own rent and service charge policies and make their own decisions on how rents are increased each year, after making an assessment of cost efficiencies, value for money and affordability for tenants, subject to compliance with the Rent Standard and directions from the Regulator of Social Housing (**RSH**). However, any future change in rental income could, if material, adversely affect the ability of each Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee.

For 2023/24, rent increases for social housing tenants were limited to 7 per cent. in line with the cap set nationally. The Borrowers also capped rent increases for shared owners at 7 per cent. as directed by the RSH.

Receipt of rental income by the Borrowers relies on their ability to let properties. Demand for the Borrowers' properties is mainly driven by local housing need and property condition relative to alternatives. A net reduction in demand for the Borrowers' properties could reduce overall rental income. If material, this may adversely affect the ability of each affected Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee.

Collection of rental income is dependent on a stable external environment. Sudden domestic or global macro-events, including, without limitation, a pandemic, may adversely affect the Borrowers' ability to collect rental income on a timely basis or may cause rental arrears to rise. For example, a prolonged banking payment systems issue or cyber security incident could lead to a delay in the receipt of rental income. Such events may eventually adversely affect the ability of each affected Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee.

C) Risks related to Health and Safety

Health and safety incidents of a more considerable nature, include, but are not limited to, fire, gas, carbon monoxide exposure, asbestos exposure, occupational driving incidents or lift or lifting equipment failure which could result in fatalities and/or serious injuries to both the Borrowers' employees and the residents of the properties owned and managed by the Borrowers. Such incidents could lead to regulatory intervention, prosecution, monetary fines and subsequent increased regulation on for example health and safety, fire safety or buildings, or reputational damage which could, in turn, interrupt the Borrowers' ability to provide social housing.

If more stringent building regulations were to be introduced following identification of major safety failings in historical construction methods or catastrophic health and safety incident, this could also lead to leaseholders being unable to sell their homes or an increase in issues with recovering service charges from leaseholders. This could negatively impact the Borrowers' income, which could, in turn, adversely affect their payments under the On-Loan Agreements and the Deed of Guarantee and, ultimately, the Issuer's ability to meet its payment obligations on the Notes. In addition, such incidents could adversely affect the ability of the Borrowers to access and maintain sources of financing, and to satisfy their obligations to service and/or refinance their indebtedness.

D) Risks related to the Housing Market

Residential property investment is subject to varying degrees of market and development risk. Market values of properties are generally affected by: overall conditions in the economy; political factors and systemic events, including the condition of the financial markets; the cost and availability of finance to businesses and consumers; fiscal and monetary policies; changes in government legislation; political developments, including changes in regulatory or tax regimes; changes in unemployment, gilt yields, interest rates and credit spreads; levels of prevailing inflation; changes in consumer spending; an increase in the supply of, or a reduction in demand for, residential property; infrastructure quality; the returns from alternative assets as compared to residential property; environmental considerations; changes in planning laws and practices; and the perceived threat from terrorism. Residential real estate values and rental revenues are also affected by factors specific to each local market in which the property is located, including the supply of available property and demand for residential real estate and the availability of mortgage finance to prospective purchasers.

These market risks may impact upon the expenses incurred by a Borrower associated with existing residential properties, the rental income produced by these properties, the value of its existing investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and properties for outright sale and its ability to acquire additional sites. This could, in turn, impact upon a Borrower's cash flow and its ability

to satisfy any asset cover covenants which it is required to maintain pursuant to the terms of existing facility arrangements.

E) Risks related to the outbreak, or threatened outbreak, of any severe communicable diseases

The outbreak, or threatened outbreak, of any severe communicable disease such as COVID-19 (commonly referred to as coronavirus) may temporarily but adversely affect the business, results of operations, financial condition or prospects of the Borrowers and, in turn, could impact on each Borrower's cash flow and the ability of each Borrower to satisfy any covenants which it is required to maintain pursuant to the terms of existing and any future financing arrangements, including its obligations under the relevant On-Loan Agreement or the Deed of Guarantee.

The full impact of such communicable diseases on the Borrower's business and financial results is hard to predict, but might be caused by the following:

- Any emergency measures imposed by the UK Government to tackle such a pandemic may affect operations, such as repairs services or compliance safety checks, due to the heightened risk to the health and safety of employees and tenants. The necessary precautions to safeguard its staff and its tenants may lead to increased costs for the Borrowers, although these might be offset by lower repairs services costs.

- The outbreak of any severe communicable disease may have a severe economic impact on the tenants of the Borrowers, who might be unable to meet rent obligations. This in turn may lead to significantly higher payment arrears. The Borrowers consider a number of remedies to mitigate this risk and support their residents during a pandemic with a multitude of actions. However, such remedies may not be successful or may take some time to be effective.

- Receipt of rental income by the Borrowers relies on their ability to let properties. Severe communicable diseases might significantly slow down the Borrower's ability to let void properties during a pandemic, due to restrictions on refurbishing properties, viewings or tenants moving in, for example.

- The UK Government may impose tenant-protective measures that might affect the Borrowers' cash flows.

- The emergency measures may also delay or temporarily halt the development and sale of new homes by the Borrowers. Although this may result in lower than planned capital expenditure and therefore a lower than planned use of cash, the delay in selling completed units could offset this causing an overall negative impact to the Borrowers' cash flows.

- The Borrowers rely on a network of third party suppliers and contractors to operate efficiently (see "*Dependency on Third-party Suppliers*"). A severe communicable disease may affect the supply chain and contractors, notwithstanding the support measures put in place by the UK Government. This may impact the business activities and operations of the Borrowers, resulting in increased operating costs for the Borrowers.

To address the impact of any severe communicable disease on its operations, financial condition, workforce, supply chain, residents and tenants, the Existing Borrower has taken, and continues to take, preparations and precautions and will continuously monitor the situation to ensure those preparations and precautions are regularly updated as necessary having regard to national scientific and health advice.

F) Risks related to Stock Condition and Building Safety

In order to comply with regulatory requirements such as the Decent Homes Standard, the Borrowers invest a significant amount in their property stock on an annual basis. New regulations, for example with regards to

health, building safety and climate change, may significantly impact the required levels of spending on existing properties in the future. If the Borrowers were faced with material unforeseen renovation, maintenance or modernisation costs, this could impact upon the Borrowers' cash flow and ability to meet their respective payment obligations under the On-Loan Agreement and the Deed of Guarantee.

The two main emerging themes related to stock condition and building safety are the remediation of fire risks (see also "*Development and Operational Risk*") and UK zero carbon targets.

In respect to the remediation of fire risks:

- Following the Grenfell Tower fire, the Borrowers have undertaken a detailed review of all the fire risks in their stock portfolio and completed over 80,000 remedial actions. The Borrowers completed intrusive inspections on all of their 87 high rise buildings (those over 18 meters which the Borrowers own and manage), and replaced the aluminium composite material cladding which was found in only one building. All of the Borrowers properties have a fire risk assessment where this is required.

- To increase safety of its buildings and its residents, the Borrowers have included an average of circa £37 million per annum of capital spend in existing homes related to fire safety in its long term financial plan for the next 5 years.

- However, this remains an evolving situation and new regulation may impose further building safety requirements on the Borrowers. The Borrowers note the passing of the Fire Safety Act 2021 and the Building Safety Act 2022, and have made significant and robust preparations to implement the requirements of both the primary and secondary legislation. The Borrowers' changes have been comprehensive and engaged, with the establishment of a Building Safety Team, including early registration of all Higher Risk Buildings (**HRBs**) with the Building Safety Regulator and a sector leading 'safety case management' of the Borrowers' HRBs. The Borrowers have now completed intrusive inspections to external wall systems on over 2,900 buildings of varying heights (including all HRBs) and have a comprehensive remediation plan which is primarily being delivered by the original constructors and supplemented with the Borrowers' own programme where they have no recourse. Buildings where the Borrowers have no recourse are either older than 30 years and outside the limitations of the Defective Premises Act 1972 and Building Safety Act 2022 or where the original developer has gone into administration or liquidation. The remediation primarily refers to external wall systems, with defects such as construction quality issues (such as poorly installed cavity barriers) or materials (such as a combustible rainscreen) or a combination thereof. In a number of instances, the defects refer to passive fire safety measures such as compartmentation and they can occasionally refer to active fire safety measures such as fire alarms or automatic opening vents.

- Whilst the Borrowers are well prepared for any change in regulation, these changes in regulation might lead to increased fire safety and remediation costs, which may in turn affect the Borrowers' ability to meet their payment obligations under the On-Loan Agreement and the Deed of Guarantee on a timely basis.

In respect to UK zero carbon targets:

- Post the United Kingdom general election on 4th July, 2024, on 12th November 2024 at COP29, the new UK Government announced a furthering of the UK's carbon emissions targets, setting it on the path to net zero carbon emissions by 2050. The updated plan aims for at least 81 per cent. reduction in greenhouse gas emissions by 2035, compared to 1990 levels. As a large producer of carbon emissions, producing 22 per cent. of the UK's total emissions, the social housing sector will need to make significant investments to meet the zero carbon target in a timely manner.

- As at 31st March, 2024, the energy performance certificate (EPC) profile of the Borrowers' units consisted of 0.2 per cent. EPC rating A, 8.4 per cent. EPC rating B, 66 per cent. EPC rating C, 24 per cent. EPC rating D and 1.4 per cent. EPC rating E or below rated units. The Borrowers have committed

to improve the EPC rating of its existing stock to a minimum of EPC rating C by 2030 and to build all new homes with a minimum EPC rating B.

- Whilst the Borrowers plan to incorporate the necessary retrofit actions into their wider asset management strategy, the extent of investments for the Borrower is unknown as the costs and ways of retrofitting and materials will evolve with new available technologies. Nevertheless, if the Borrowers were faced with material unforeseen retrofitting and modernisation costs to meet zero carbon targets, this could have an adverse impact on the Borrowers' cash flows and ability to meet their payment obligations on a timely basis under the On-Loan Agreement and the Deed of Guarantee.

G) Risks related to Shared Ownership and Outright Sales

The Borrowers may also generate revenue from their housing for sale programmes, which includes shared ownership sales and outright sales.

There is the risk that if a tenant of a shared ownership property borrows monies through a mortgage from a commercial lender (having obtained consent from a Borrower) then that lender's mortgage (and any costs of the commercial lender in enforcing that mortgage) may take priority ahead of the security arrangements in place under the Security Trust Deed. However, if such commercial lender were to enforce its security following a tenant defaulting on its mortgage, such lender could staircase (i.e. purchase a portion of the freehold property) up to 100 per cent. in order to be able to sell the whole leasehold interest in which case a Borrower as landlord could receive such staircasing payments from the commercial lender. If the price for the full 100 per cent. receivable on sale is not sufficient to meet the principal outstanding (plus 12 months interest and other statutorily permitted costs) then the shortfall will remain as a debt due to the landlord from the defaulting leaseholder. Under current rules, any shortfall not recovered is borne first by the provider of any grant in respect of the property, and thus the Borrowers are only affected to the extent that the shortfall cannot be covered by grant monies.

As at the date of this Offering Circular, 4 per cent. of the Charged Properties were shared ownership properties.

The Borrowers are exposed to cash flow and profits from a programme of outright sales of properties predominantly undertaken by the Clarion Housing Group's wholly owned subsidiary, Latimer Developments Limited (**Latimer**), through on-lending from the Borrowers. As at 31st March, 2024 the total direct lending from the Borrowers to Latimer, Linden/Downland Graylingwell LLP and their respective subsidiaries and jointly controlled entities was £507 million. As sales made by Latimer are dependent on economic conditions and performance of the housing market so too is Latimer's capacity to service debt borrowed from the Borrowers. A material downturn in the housing market may therefore adversely affect the Borrowers' cashflows and their ability to make payments in respect of their respective On-Loan Agreements and the Deed of Guarantee.

For the year ended 31st March, 2024, the Clarion Housing Group's turnover from shared ownership first tranche sales and open market sales was £147 million (£220 million for the year ended 31st March, 2023), or 15 per cent. (22 per cent. for the year ended 31st March, 2023) of the Clarion Housing Group's £993 million of turnover (£1,008 million for the year ended 31st March, 2023) whilst operating surpluses from shared ownership first tranche sales and open market sales were £4 million (£18 million for the year ended 31st March, 2023), or 2 per cent. (7 per cent. for the year ended 31st March, 2023) of the Clarion Housing Group's £237 million of operating surplus (£261 million for the year ended 31st March, 2023). Adding the share of turnover and surplus from the Clarion Housing Group's joint ventures, for the year ended 31st March, 2024, total turnover from shared ownership first tranche sales, open market sales and joint venture turnover was £197 million (£286 million for the year ended 31st March, 2023) whilst total operating surplus from shared ownership first tranche sales, open market sales and joint venture income was £11 million (£30 million for the year ended 31st March, 2023).

H) Risks related to UK Government Policy

Risks related to the Household Benefit Cap and Occupation Size Criteria

Please refer to "*Description of the Social Housing Sector in England*" below.

The household benefit cap was introduced in 2013. It limits the maximum amount in benefits a working-age household can receive. From November 2016 the cap was lowered with different rates introduced in London and elsewhere. From April 2023, the benefit cap amounts were increased for the first time since its introduction – by 10.1 per cent., the same percentage increase as for social security benefits linked to inflation. The cap was frozen at this level in 2024/25 and the 2025/26 cap will be maintained at the same level.

Both the household benefit cap and the occupation size criteria (also known as 'the bedroom tax' introduced in April 2013) may have an adverse impact on the ability of those tenants affected by the Welfare Reform and Work Act 2016 to pay their rent (particularly where the other sources of income of those tenants remain unchanged or decrease). For households where the total amount of welfare benefits would be more than the capped amount, the local authority will limit a claimant's entitlement to housing benefits to ensure the cap is not exceeded, meaning that affected tenants would have to pay a larger proportion of the rent themselves. For those on legacy benefits it is only housing benefit that can be capped, (even when the total of other benefits exceeds the capped amount). Increasingly the benefit cap will be administered through Universal Credit where the cap is not limited to the housing element. In turn, this could have an adverse impact on the Borrowers' cash flows and could affect the ability of each Borrower to make payments in respect of its On-Loan Agreement and the Deed of Guarantee.

Any cap reduction, amendment or termination by the UK Government of housing benefit or the Universal Credit housing element may have an adverse impact on the payment of rent, as the tenants would have to pay a higher proportion of the rent themselves. Non-payment, partial payment or any delay in payment of rent by the tenants could increase rental income arrears and bad debts, and could have an adverse effect on the ability of each Borrower to meet its obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee.

Risks related to Universal Credit

Please refer to "*Description of the Social Housing Sector in England*" below.

Universal Credit (**UC**) replaces six 'legacy' benefits (including tax credits) for working-age households. UC was originally introduced in April 2013 and has gradually been rolled out with access available everywhere in the UK since the end of 2018. The DWP currently expects all households claiming legacy benefits to have been notified of the need to move to UC by the end of 2024. All tax credit claims will be closed by March 2025. The exception is those on income related Employment and Support Allowance (**ESA**), (unless they get ESA and tax credits) who will not migrate until 2028/29. The progress of this 'caseload rollout' to working-age households receiving means-tested support depends on the rate at which households close their legacy claims and open UC claims. Once a legacy claimant receives a migration notice they have 3 months in which to claim UC. If they fail to claim within the 3 months, (plus the one month grace period) they are at risk of losing their financial support. DWP began sending migration notices to these claimants in September 2024 and aims to notify all claimants in this cohort by December 2025.

Transitional protection (a top-up so households do not lose out in cash terms when they move to Universal Credit) will reduce or 'erode' over time if a person is awarded a new Universal Credit element, or if elements in their existing award increase, including following annual upratings. Transitional protection may also stop following a change in household circumstances.

The implementation of Universal Credit is has increased transaction costs and the receipt of rental payments by the Borrowers may be delayed by the failure of the tenant to apply for Universal Credit, unexpected changes

in household circumstances and/or inability to regularly pay rent which is due in addition to the housing element and/or, in circumstances where the housing element is not paid directly, a failure to pass on the housing costs payments. In such circumstances, non-payment, partial payment or any delay in payment of rent could increase rental income arrears and bad debts and may affect the ability of each Borrower to meet its payment obligations in respect of its On-Loan Agreement and the Deed of Guarantee.

Risks related to the UK Government's "Right to Buy", "Right to Acquire" and "Right to Shared Ownership" policies

Please refer to "*Description of the Social Housing Sector in England*" below.

The new UK Government has cited the sale of social housing and low levels of replacement as a contributory factor in the current shortage of affordable UK housing. While the opportunity for longstanding council tenants to buy their own homes will be retained, eligibility criteria will be tighter and incentives lower, with a commitment to increased protections for newly built social housing.

Most assured tenants of housing associations do not have a statutory right to buy. Some assured tenants may have a 'preserved right to buy' if they were secure tenants of the local authority when ownership of their homes transferred to a housing association.

Assured tenants who do not have a statutory right to buy might have a statutory right to acquire (**RTA**) if their home was built after April 1997 with public funding. There are exemptions to the RTA, such as where the property is in a designated rural area. The RTA offers a less generous discount to eligible tenants. Following the announced reduction of Right to Buy discounts in November 2024, further Government announcements are awaited on similar reforms to RTA.

The UK Government announced in November 2024 that it did not intend to extend the right to buy to housing association tenants as expected under the voluntary right to buy agreement.

On 17th October, 2019 the UK Government announced a new right to shared ownership. Eligible tenants in eligible social or affordable rented homes delivered by the Affordable Homes programme 2021-26 have the right to buy a minimum 10 per cent. share of their home, with the ability to buy further shares over time. The UK Government has also committed to work with housing associations on a voluntary basis to determine what similar offer could be made to tenants in existing housing association properties.

The right to shared ownership of new built homes has barely been exercised, in part due to construction timescales (the three-year tenancy criteria is portable, but occupation of the eligible property must have been for a 12 month period, meaning the earliest that the right to shared ownership is likely to have been exercised for new build homes is 2023/24). Although currently unlikely, a wide scale roll out of these policies could have an adverse impact on the Borrowers' rental cash flows (and operating margin) which could affect the ability of each Borrower to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee.

I) Risks related to Capital Resources

The ability of the Borrowers to operate their businesses depends in part on them being able to raise funds. An increase in the cost, or lack of availability, of finance (whether for macroeconomic reasons, such as a lack of liquidity in the debt markets or the inability of a financing counterparty to honour pre-existing lending arrangements, or reasons specific to a Borrower) could impact the Borrowers' ability to progress their business objects, deliver the expected rates of return on investments and the day-to-day financing (or refinancing) requirements of the Borrowers' businesses over the longer term. Any material increase in the cost of financing or any decrease in the availability of financing on reasonable terms could have a material adverse effect on each Borrower's business, operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee.

In addition, the Borrowers are subject to the risk that they will be unable to generate sufficient cash flows, or be unable to obtain sufficient funding, to satisfy their obligations to service and/or refinance their indebtedness. Further, any covenants contained in the Borrowers' borrowing arrangements, including the relevant On-Loan Agreements, may limit or prohibit the Borrowers' operational and financial flexibility. Any event of default, cross default, breach of a covenant or the inability to vary or waive any covenants could generally have a material adverse effect on each Borrower's business, results of operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee.

J) Risks related to Interest Rates

The Borrowers are subject to adverse interest rate movements that could lead to an increase in the cost of borrowing. Each Borrower's interest rate risk arises from the risk of fluctuations in interest charges on floating rate borrowings. Adverse interest rate movements could generally have a material adverse effect on each Borrower's business, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee.

K) Development and Operational Risk

Residential property investment is subject to varying degrees of market, development and operational risk. Market risks which may impact upon both the rental market and the development of residential properties include the risk of changes to UK Government regulation, including, but not limited to, regulation relating to planning, taxation, landlords and tenants and welfare benefits. Furthermore, the maintenance of existing properties, development of existing sites and acquisition of additional sites may be subject to the availability of finance facilities and the costs of facilities, interest rates and inflation may also have an effect.

Among other things, these market risks may impact upon the expenses incurred by a Borrower associated with existing residential properties, rental income produced by these properties, the value of its existing investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and its ability to acquire additional sites. This could, in turn, impact upon a Borrower's cash flow and its ability to satisfy any asset cover covenants which it is required to maintain pursuant to the terms of existing facility arrangements.

The Existing Borrower participates (and other Borrowers may, in the future, participate) in a number of joint ventures engaged in a variety of activities including development for market sale. There is the risk that a joint venture might fail to deliver returns because of financial difficulty or insolvency of the other member(s) of the joint venture or the relevant Borrower could be compelled to take over the joint venture in its entirety in such circumstances. In addition, the returns which the relevant Borrower receives from such joint ventures are influenced by the profitability of the activities of the joint venture entities. This in turn is affected by market, economic and political factors. Materially lower than expected returns from joint ventures could, in turn, impact upon the relevant Borrower's cash flow, which in turn could affect its ability to meet payments in respect of its respective On-Loan Agreement and the Deed of Guarantee.

Operational risks may result from major systems failure or breaches in systems security and the consequences of theft, fraud, health and safety and environmental issues, natural disaster and acts of terrorism. These events could result in financial loss to the Borrowers and hence the Group Borrower and the Issuer.

Operational risks are also considered in the section headed "*Principal risks and uncertainties*" in the 2023 Group Financial Statements. See "*Documents Incorporated by Reference*" below.

L) Risks related to Pensions

During the financial year 2023/24 the Clarion Housing Group closed all its defined benefit schemes to future accrual. There are no active members in any defined benefit scheme and therefore no further associated pay contributions are required.

Closure triggered a cessation and settlement of Clarion Housing Group's Local Government Pension Schemes with a net settlement charge of £8 million booked to the Borrower's Income and Expenditure Account during 2023/24. Since the 31st March, 2024 the Borrower has received a net refund of £7.4 million from the schemes.

Whilst closed to future accrual, cessation was not triggered for two Clarion Housing Group owned defined benefit schemes – the Clarion Housing Group Pension Scheme and the Downland Housing Group Pension & Assurance Scheme. The Borrower remains the sponsoring employer for these two schemes, although there are no active members and therefore no further associated pay contributions are required. However, both schemes continue to be subject to triennial valuations by the scheme actuary and, depending on the performance of the scheme, the Borrower's Statement of Financial Position could be adversely affected by an increase in the overall net liability and/or its liquidity could be adversely affected by deficit recovery payments. This in turn could impact the Borrower's ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee. The risk remains until there are no surviving pensioners or there is a scheme buyout with an insurer, with the risk transferring out from the Borrower. On a FRS 102 accounting basis, these two schemes were valued as a net liability (deficit) of £43.6 million and a net asset (surplus) of £6.4 million, respectively at 31st, March 2024. The assets of these schemes are held separately to those of the Clarion Housing Group.

The Borrower continues to offer employees a defined contribution pension arrangement in line with our statutory duty to do so under pension and pension auto-enrolment legislation. Previous active members of the Group's defined benefit schemes were offered enrolment onto the defined contribution arrangement. As a defined contribution scheme there is no employer liability. Employer contributions are paid to the provider in line with the contribution rules and wishes of the individual employee. Any increase in pension scheme contributions could generally have a material adverse effect on each Borrower's business, results of operations, financial conditions and/or prospectus and, in turn, its ability to meet its payment obligations on a timely basis under the On-Loan Agreements or the Deed of Guarantee.

M) Dependency on third-party suppliers

The Borrowers' maintenance and development of their properties (including, but not limited to, the Charged Properties) is dependent on the timely performance of third party contractors performing their obligations under their maintenance and development contracts with the Borrowers. The Borrowers work closely with their contractors to avoid problems, but there can be no assurances that the Borrowers will not experience problems in the future. The performance of contracts by the contractors with the Borrowers may be subject to disruption for a variety of reasons, including, but not limited to, work stoppages, labour relations and breakdown in machinery. Any such failure by contractors to fulfil their contractual obligations or any such disruption could, if significant, interrupt the Borrowers' ability to provide social housing and this could negatively impact the Borrowers' rental income stream, which could, in turn, adversely affect their payments under the On-Loan Agreements and, ultimately, the Issuer's ability to meet its payment obligations on the Notes.

N) Personnel

The business operations of each of the Borrowers are dependent on the efforts of its personnel and the ability to attract and maintain skilled staff. No assurance can be given that changes in employees will not have a material adverse effect on the results of operations of the Borrowers.

O) Risks related to cybercrime and data protection

The Borrowers collect and process large amounts of personal data from customers, employees and business partners. There is a risk that this data could be locked, stolen, corrupted and/or misused as a result of internal or external activities, such as hacking or ransomware attacks. The loss of data access, particularly after a ransomware attack could lead to significant operational challenges and costs. This could put pressure on the Borrowers' resources in order to combat or react to such activities, which could have an adverse impact on the

Borrowers' results of operations and, in turn, the Issuer's ability to meet its payment obligations on a timely basis under the Notes.

P) Risks related to economic conditions in the UK in the global economy and global financial markets

Economic instability and downturns beyond the UK may also impact the UK economy as a whole. Disruption and volatility in the global financial markets, for example following Russia's invasion of Ukraine, resulted in higher oil and gas prices and contributed to rising inflation. This in turn has affected tenants' overall energy costs and in turn tenants' cost of living, increasing rental income arrears and bad debts. These factors could have a material adverse effect on the Borrowers, including the Borrower's ability to access capital and liquidity on financial terms acceptable to the Borrowers, which could have a material adverse effect on the Borrower's operations, financial condition and prospects and, in turn, its ability to meet its payment obligations on a timely basis under its On-Loan Agreement and the Deed of Guarantee and, ultimately, the Issuer's ability to meet its payment obligations on the Notes.

4. RISKS RELATED TO REGULATION

A) Risks related to the Regulation of Social Housing

Please refer to "*Description of the Social Housing Sector in England*" below.

The Social Housing (Regulation) Act 2023 (**SHR Act**) became law in July 2023. The SHR Act is the enabling legislation to facilitate the RSH's new consumer regime. This regime is underpinned by four Consumer Standards and a Code of Practice which was implemented from 1st April, 2024. The RSH's increased powers and how they plan to proactively inspect Registered Providers of Social Housing against the standards, are a far-reaching and transformative shift, aiming to drive significant change in landlord behaviour and drive-up quality standards of social housing.

As at 1st April, 2025, the RSH has inspected more than a hundred and published gradings of over 70 Housing Associations and Locals Authorities, across the full range from C1 to C4. The new Consumer Standards regime is expected to evolve over time, but already the RSH's expectations are being clearly communicated in a way that enables practical improvement plans to be devised by each provider.

Noteholders are exposed to the creditworthiness of the Borrowers and any change in the regulatory framework for social housing in England (the **Regulatory Framework**) could lead to the Borrowers facing increased costs to comply with the Regulatory Framework. Any breach of the Standards (as defined below) could lead to the exercise of the RSH's statutory powers. The Regulator of Social Housing publishes guidance on how it regulates. Serious non-compliance with the Economic Standards (as defined below) is more likely to lead to a downgrade of the Regulator of Social Housing's published regulatory judgment and agreement with the Regulator of Social Housing of the corrective action to be taken. The consumer standards are being enforced in a similar way to the Economic Standards (as defined below). In the event that the RSH (or its successor (if any) or any other regulatory body) requires a Borrower to take corrective action necessitating significant additional expenditure by that Borrower, the ability of that Borrower to meet its obligations under its On-Loan Agreement to which it is a party may be materially adversely affected.

In response to the Social Housing (Regulation) Act 2023 (**SHRA 2023**), the Regulator of Social Housing introduced a new Standard on tenant satisfaction measures, which came into force on 1st April, 2023. The Tenant Satisfaction Measures Standard requires Registered Providers of Social Housing to collect and (annually) report prescribed and meaningful tenant satisfaction data, enabling both tenants and the Regulator of Social Housing to better hold social landlords to account for their performance.

The SHRA 2023 strengthens the role of the Housing Ombudsman in order to provide tenants with a means of complaint and redress for inadequate housing provision by Registered Providers of Social Housing. A revised Complaints Handling Code, setting out good practice for Registered Providers of Social Housing in responding

to complaints fairly and effectively, was published in April 2022 and is actively enforced by the Housing Ombudsman.

These measures increase legislative obligations on the Borrowers in relation to health and safety matters and will also place further reporting obligations on the Borrowers in terms of its communications with tenants. It is likely that there will be associated costs for the Borrowers in complying with these measures.

Any breach of the new measures once they are in force could lead to the exercise of the Regulator of Social Housing's statutory powers. As part of the new measures, there is an intention to strengthen the Regulator of Social Housing's enforcement powers to tackle failing Registered Providers of Social Housing. This will include removing the cap on the level of fines the Regulator of Social Housing may charge. Any such intervention by the Regulator of Social Housing in respect of the Issuer may affect the ability of each Borrower to meet its payment obligations under its On-Loan Agreement and the Deed of Guarantee.

B) Risks related to Housing Grant

Please refer to "*Description of the Social Housing Sector in England*" below.

The Borrowers have historically received grant funding from a variety of sources, including Homes England and the Greater London Authority (**GLA**). Due to the nature of grant funding, there is a risk that the amount of funding available and the terms of grants will vary. Following approval of a grant there is a risk that Homes England or the GLA may revise the terms of a grant and reduce entitlement, suspend or cancel any instalment of such a grant, if the Clarion Housing Group does not comply with the terms of the Capital Funding Guide. These circumstances are set out in the "Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination 2017" and the "Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination" of the GLA, including but not limited to, failure to comply with conditions associated with the grant or a disposal of the property funded by a grant, the grant may be required to be repaid or re-used. Any such reduction in, withdrawal of, repayment or re-use of grant funding could adversely impact the future development of the Borrowers which in turn may have a corresponding effect on the ability of each Borrower to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee.

The Borrowers benefit from housing grant as a Strategic Partner under Homes England Affordable Homes Programme 2021-26, which will fund affordable housing starts outside London to March 2026. The grant will be claimed in line with eligible development spend up to £250 million. From the GLA, the Borrowers have received notification that it has an allocation for £263 million for affordable housing starts to March 2026.

C) Risks related to the UK Government's Renters Rights Bill

Please refer to "*Description of the Social Housing Sector in England*" below.

The Renters Rights Bill (**RR Bill**) aims to create a fairer and more transparent rental market, ensuring that tenants have secure and decent living conditions while holding landlords accountable for their responsibilities.

The new tenancy system covers all rental tenures from private rental homes, social housing, supported, or temporary accommodation, or shared owners with the aims of improving the rental experience for all. Registered providers with market, intermediate, low-cost home ownership, as well as social rental properties will need to ensure all tenants have similar protections and flexibilities. As the RR Bill's provisions from September 2024 pass through Parliament before being enacted in summer 2025, the impacts (and associated risks) to housing associations are being clarified. The end point of the legislation is a simpler, more transparent system which is more in line with most registered providers actual practices. Current key risks during the transition period are:

- The replacement of assured shorthold tenancies with periodic assured tenancies, which will require a one-off exercise to reissue any existing fixed term tenancies. The legal mechanism for this is as yet unclear; and

- Abolition of section 21 notices and 'no fault' evictions alongside changes to the grounds for possession, including around anti-social behaviour and rent arrears, and notice period provisions which may make obtaining evictions slower and more complex. Courts currently have insufficient capacity to process possession cases and while these changes will do little to speed the legal process up for registered providers eviction is considered a practice of last resort.

The main costs (excluding Awaab's Law and the Decent Homes Standard) have been excluded from the UK Government's impact assessment of the RR Bill.

The Decent Homes Standard will apply to private rented sector properties. While registered providers already report their social properties' compliance against the current Decent Homes Standard, systems for this are already in place. However, the expected material increase in the criteria of the Decent Homes Standard across all tenures will have cost impacts.

A ministerial announcement in February 2025 confirmed that Awaab's Law will be implemented in phases over the next two years:

- from October 2025, phase 1 will focus on condensation damp and mould as well as repairing all emergency hazards within 24 hours;
- Phase 2 (2026) will expand requirements to a wider range of hazards including excess cold and excess heat, falls, structural collapse, fire, and hygiene; and
- Phase 3 (2027) will expand requirements to all remaining hazards defined by the housing health and safety rating system.

Social landlords will also be required to carry out electrical safety checks at least every 5 years, as well a mandatory appliance inspections on all electrical appliances provided by the landlord.

Should the Borrowers incur any unexpected significant costs associated with the implementation of the RR Bill, including Awaab's Law, this could have an adverse impact on the Borrowers' ability to make payments in respect of its respective On-Loan Agreement and the Deed of Guarantee.

5. FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of a particular issue of Notes

Fixed Rate Notes and Floating Rate Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of such features:

A) If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a

fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

B) Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities. Such volatility could have a material adverse effect on the value of, and return on, any such Notes.

Risks related to Notes generally

A) If the Notes are redeemed early, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

In the event that the Notes become repayable prior to maturity either following an Event of Default (as defined in Condition 12.1 (*Events of Default*)), due to taxation reasons (pursuant to Condition 9.3 (*Redemption for tax reasons*)), at the option of the Issuer (pursuant to Condition 9.2 (*Early Redemption*)) or mandatorily (pursuant to Condition 9.4 (*Mandatory Early Redemption*), the Notes will be redeemed in full in an amount equal to that specified in the applicable Final Terms, plus accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the Notes. Furthermore, the optional redemption feature of the Notes is likely to limit their market value as the market value generally will not rise substantially above the price at which they can be redeemed.

B) The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks", including EURIBOR, are the subject of recent national and international regulatory guidance and reform aimed at supporting the transition to robust benchmarks. Most reforms have now reached their planned conclusion (including the transition away from LIBOR), and "benchmarks" remain subject to ongoing monitoring. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a benchmark.

Regulation (EU) 2016/1011 (the **EU Benchmarks Regulation**) applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed). Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the EUWA (the **UK Benchmarks Regulation**) among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a benchmark, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

The euro risk-free rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, amongst other things, that continuing to reference EURIBOR in relevant contracts (without more robust fallback provisions) may increase the risk to the euro area financial system. On 11th May 2021, the euro risk-free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates. On 4 December 2023, the group issued its final statement, announcing completion of its mandate.

Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark and/or (iii) leading to the disappearance of the benchmark. Any of the above changes, or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or any of the international or national reforms and the possible application of the benchmark replacement provisions of Notes in making any investment decision with respect to any Notes referencing a benchmark.

The Conditions of the Notes provide that certain fallback arrangements may apply in the event that an Original Reference Rate and/or any page on which an Original Reference Rate may be published (or any other successor service) becomes unavailable or a Benchmark Event (as defined in the Conditions) otherwise occurs. Such fallback arrangements include the possibility that the Rate of Interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in the Conditions), with or without the application of an adjustment spread (which could be positive, negative or zero) and may include amendments to the Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Issuer (acting in good faith and in consultation with an Independent Adviser). An adjustment spread, if applied, could be positive or negative and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of an Original Reference Rate. However, it may not be possible to determine or apply an adjustment spread and, even if an adjustment is applied, such adjustment spread may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment spread can be determined, a Successor Rate or Alternative Rate may nevertheless be used to determine the Rate of Interest. The use of a Successor Rate or Alternative Rate (including with the application of an adjustment spread) will still result in any Notes linked to or referencing an Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form. There is also a risk that the relevant fallback provisions may not operate as expected or intended at the relevant time.

If, following the occurrence of a Benchmark Event, no Successor Rate or Alternative Rate is determined, the ultimate fallback for the purposes of calculation of the Rate of Interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. Due to the uncertainty concerning the availability of Successor Rates and Alternative Rates, the involvement of an Independent Adviser and the potential for further regulatory developments, there is a risk that the relevant fallback provisions may not operate as intended at the relevant time.

C) The market continues to develop in relation to risk free rates (including overnight rates) as reference rates

Where the applicable Final Terms for a Series of Floating Rate Notes identifies that the Rate of Interest for such Notes will be determined by reference to SONIA, the Rate of Interest will be determined on the basis of Compounded Daily SONIA, or by reference to a specified index (all as further described in the Conditions). Such rates are based on 'overnight rates'. Overnight rates differ from interbank offered rates in a number of material respects, including (without limitation) that such rates are backwards-looking, risk-free overnight rates, whereas interbank offered rates may be expressed on the basis of a forward-looking term and include a risk-element based on inter-bank lending. As such, investors should be aware that overnight rates may behave materially differently as interest reference rates for Notes issued under the Programme compared to interbank offered rates. The use of overnight rates as reference rates for Eurobonds is in its early stages, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing such overnight rates.

Accordingly, prospective investors in any Notes referencing any overnight rates should be aware that the market continues to develop in relation to such rates in the capital markets and their adoption as an alternative to interbank offered rates.

The market or a significant part thereof may adopt overnight rates in a way that differs significantly from those set out in the Conditions issued under the Programme. In addition, the methodology for determining any overnight rate index by reference to which the Rate of Interest in respect of certain Notes may be calculated could change during the life of any Notes. The continued development of overnight rates as interest reference rates for the Eurobond markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise adversely affect the market price of any such Notes issued under the Programme from time to time.

Furthermore, the Rate of Interest on Notes which reference overnight rates is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference overnight rates to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which factors could adversely impact the liquidity of such Notes. Further, if Notes referencing an overnight rate become due and payable as a result of an Event of Default under Condition 12, or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall only be determined immediately prior to the date on which the Notes become due and payable.

The Bank of England as administrator of SONIA may make methodological or other changes that could change the value of SONIA, including changes related to the method by which SONIA is calculated, eligibility criteria applicable to the transactions used to calculate SONIA, or timing related to the publication of SONIA. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SONIA (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing SONIA.

In addition, the manner of adoption or application of overnight rates in the Eurobond markets may differ materially when compared with the application and adoption of the same overnight rates for the same currencies in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of overnight rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing overnight rates.

Investors should carefully consider these matters when making their investment decision with respect to any such Notes.

D) The Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Note Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders.

The Conditions of the Notes contain provisions for calling meetings (including by way of audio or video conference call) of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders of the relevant Series including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes also provide that the Note Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or Potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 18 (*Meetings of Noteholders, Modification and Waiver*).

E) The value of the Notes could be adversely affected by a change in English law or administrative practice.

The Conditions of the Notes are based on English law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Offering Circular and any such change could materially adversely impact the value of any Notes affected by it.

F) Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

G) Potential Conflicts of Interest

Each of the Dealers, the Note Trustee, the Security Trustee, the Paying Agents, the Agent Bank and the Account Bank (together with the Issuer, the Group Borrower and the Borrowers, the **Relevant Parties**) and their affiliates in the course of each of their respective businesses may provide services to other Relevant Parties and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Relevant Parties and their affiliates or between such Relevant Parties and their affiliates and such third parties. Each of the Relevant Parties (other than the Issuer, the Group Borrower and the Borrowers) and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Relevant Party.

H) Taxation

Under Condition 10 (*Taxation*), the Issuer will not be entitled to make any deduction or withholding on account of tax from payments in respect of the Notes unless such withholding or deduction is required by law. In the event that any deduction or withholding on account of tax is required by law, the Issuer shall be required (except in the limited circumstances set out in Condition 10 (*Taxation*)) to pay such additional amounts as will result in the receipt by the Noteholders of such amounts as would have been received by them if no such withholding or deduction had been required. Where the deduction or withholding is required as a result of a change in applicable law or regulations, the Issuer may exercise its option to redeem the relevant Notes in full at their principal amount, plus accrued interest, pursuant to Condition 9.3 (*Redemption for tax reasons*). As mentioned above, in such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes.

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the Notes, see below in "*Taxation – United Kingdom Taxation*".

Risks related to Sustainability Bonds

A) Notes issued as Sustainability Bonds with a specific use of proceeds may not meet investor expectations or requirements

Notes issued under the Programme are intended to be Sustainability Bonds (as defined in "*Use of Proceeds*" below) and the net proceeds from the issue of Sustainability Bonds of each Series will be used for sustainable purposes in accordance with the Sustainable Housing Finance Framework (as defined in "*Use of Proceeds*" below) unless otherwise specified in relation to the particular issue.

In the event that the Issuer issues Sustainability Bonds, it is the Issuer's intention that an amount equal to the net proceeds from the issue of such Sustainability Bonds will be used to finance and/or refinance, in whole or in part, new or existing eligible projects that fall exclusively into green categories and/or social categories as set out in the Sustainable Housing Finance Framework.

The Sustainable Housing Finance Framework may be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Offering Circular. The Sustainable Housing Finance Framework does not form part of, nor is incorporated by reference, in this Offering Circular.

No assurance is given by the Issuer, the Dealers or any of their respective affiliates or any other person that the use of the proceeds of issue of any Sustainability Bonds will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates. Neither the Issuer, the Dealers or any of their respective affiliates or any other person makes any representation as to the suitability of such Sustainability Bonds to fulfil any "sustainable" criteria required by any prospective investors.

Neither the Dealers nor any of their respective affiliates nor any other person has conducted any due diligence on the Sustainable Housing Finance Framework including any second party opinion. Neither the Dealers nor any of their respective affiliates nor any other person have undertaken, nor are they responsible for, any assessment of the projects related to Sustainability Bonds or any verification of whether the projects related to Sustainability Bonds may meet any such eligibility criteria or the monitoring of the use of proceeds.

If the use of proceeds of any issue of Sustainability Bonds is a factor in a prospective investor's decision to invest in such Sustainability Bonds, they should consider the disclosure in "*Use of Proceeds*" below and consult with their legal or other advisers before making an investment in the Sustainability Bonds and must

determine for themselves the relevance of such information for the purpose of any investment, together with any other investigation such investor deems necessary.

It should be noted that the definition (legal, regulatory or otherwise) of, or market consensus as to what constitutes or may be classified as, a "sustainable" or an equivalently-labelled project or investment that may finance such project is evolving. No assurance can be given that a clear definition, consensus or label will develop over time or that, if it does, any Sustainability Bonds will comply with such definition, market consensus or label. Accordingly, no assurance is or can be given by the Issuer, the Dealers or any of their respective affiliates or any other person to investors that any projects or uses of the proceeds will meet any or all investor expectations regarding such "sustainable" or other equivalently-labelled performance objectives or that any adverse sustainable and/or other impacts will not occur during the implementation of any projects or uses of the proceeds. In addition, no assurance can be given by the Issuer, the Dealers or any of their respective affiliates or any other person to investors that any Sustainability Bonds will comply with any present or future standards or requirements for being Sustainability Bonds (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the **EU Taxonomy Regulation**), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (**SFDR**) and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance, including green, sustainable or social bond principles or other similar principals or the ICMA Principles) and, accordingly, the Sustainability Bond status of the Sustainability Bonds could be withdrawn at any time.

Any Sustainability Bonds will not be compliant with Regulation (EU) 2023/2631 (the **EuGB Regulation**) and are only intended to comply with the requirements and processes in the Sustainable Finance Framework. It is not clear if the establishment under the EuGB Regulation of the "European Green Bond" or "EuGB" label and the optional disclosures regime for bonds issued as "environmentally sustainable" could have an impact on investor demand for, and pricing of, green use of proceeds bonds that do not comply with the requirements of the "EuGB" label or the optional disclosures regime, such as the Sustainability Bonds. It could result in reduced liquidity or lower demand or could otherwise affect the market price of any Sustainability Bonds that do not comply with those standards proposed under the EuGB Regulation.

Prospective investors in the Sustainability Bonds should have regard to the information set out in this Offering Circular and the Sustainable Housing Finance Framework regarding such use of proceeds and consult with their legal and other advisers before making an investment in any Sustainability Bonds and must determine for themselves the relevance of such information for the purpose of any such investment together with any other information such investor deems necessary.

B) No assurance of suitability or reliability of any Second Party Opinion or any other opinion or certification of any third party relating to any Sustainability Bonds

DNV has issued an independent opinion, dated 10th April, 2024, on the Sustainable Housing Finance Framework (the **Second Party Opinion**). The Second Party Opinion provides an opinion on certain sustainable and related considerations and is a statement of opinion, not a statement of fact. No representation or assurance is given as to the suitability or reliability of the Second Party Opinion or any opinion or certification of any third party made available in connection with an issue of Notes issued as Sustainability Bonds. The Second Party Opinion and any other such opinion or certification is not intended to address any credit, market or other aspects of any investment in any Note, including without limitation market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Notes. The Second Party Opinion and any other opinion or certification is not a recommendation to buy, sell or hold any such Notes and is current only as of the date it was issued.

The criteria and/or considerations that formed the basis of the Second Party Opinion and any other such opinion or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn at any time. Any withdrawal of the Second Party Opinion or any other opinion or certification may have a material adverse effect on the value of any Sustainability Bonds in respect of which such opinion or certification is given and/or result in adverse consequences for certain

investors with portfolio mandates to invest in securities to be used for a particular purpose. As at the date of this Offering Circular, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

No assurance or representation is given by the Issuer, the Dealers or any of their respective affiliates or any other person as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer and including any post-issuance reports prepared by an external reviewer) which may be made available in connection with the issue of any Sustainability Bonds. For the avoidance of doubt, any such opinion, review, certification and post-issuance report is not, nor shall it be deemed to be, incorporated in and/or form part of this Offering Circular. Any such opinion, review, certification or post-issuance report is not, nor should it be deemed to be, a recommendation by the Issuer, the Dealers or any of their respective affiliates or any other person to buy, sell or hold any such Sustainability Bonds. The Noteholders have no recourse against the Issuer, any of the Dealers or the provider of any such opinion or certification for the contents of any such opinion, review, certification or post-issuance report. Prospective investors must determine for themselves the relevance of any such opinion, review, certification or post-issuance report and/or the information contained therein and/or the provider of such opinion, review, certification or post-issuance report for the purpose of any investment in any Sustainability Bonds. Currently, the providers of such opinions, reviews, certifications and post-issuance reports are not subject to any specific or regulatory or other regime or oversight.

C) No assurance that Sustainability Bonds will be admitted to trading on any dedicated "green", "sustainable", "social" (or similar) segment of any stock exchange or market, or that any admission obtained will be maintained

In the event that any such Sustainability Bonds are listed or admitted to trading on any dedicated "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any of their respective affiliates or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect sustainable impact of any projects or uses, the subject of or related to, any sustainability reports. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any of their respective affiliates or any other person that any such listing or admission to trading will be obtained in respect of any such Sustainability Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Sustainability Bonds.

D) No breach of contract or Event of Default

There is no contractual obligation to allocate the proceeds of any Sustainability Bonds to finance eligible businesses and projects or to provide annual progress reports as described in "*Description of the Clarion Housing Group*" below. The Issuer's failure to allocate the proceeds of any particular Sustainability Bond to finance and/or refinance an eligible project or to provide annual progress reports, the failure of any of the eligible projects to meet any or all investor expectations regarding such performance objectives, or the failure of an independent external review provider to issue a second party opinion on the allocation of the bond proceeds, will not constitute an Event of Default (as defined in the Trust Deed) or breach of contract with respect to any particular Sustainability Bond and none of the Trustee or the Dealers will have any responsibility for monitoring the application of any such proceeds.

Whilst it is the intention of the Issuer to apply the proceeds of any Sustainability Bonds so specified for eligible projects in, or substantially in, the manner summarised in this Offering Circular, there can be no assurance that the relevant project(s) or use(s) the subject of, or related to, any eligible projects will be capable of being implemented in, or substantially in, such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such eligible projects. Nor can there be any

assurance that such eligible projects will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer, including any failure by the Issuer to allocate the proceeds to such eligible projects, will not constitute an Event of Default (as defined in the Trust Deed) under the Sustainability Bonds or otherwise result in the Sustainability Bonds being redeemed prior to their maturity date.

Any such event or failure to apply the proceeds of the Sustainability Bonds as aforesaid and/or the withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any such Sustainability Bonds no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Sustainability Bonds and also potentially the value of any other Sustainability Bonds and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

There is no direct contractual link between any Sustainability Bonds and any green, social or sustainability targets of the Issuer. Therefore, payments of interest or principal payable in respect of any Sustainability Bonds and rights to accelerate under the Sustainability Bonds will not be impacted by the performance of eligible projects funded out of the proceeds of issue (or amounts equal thereto) of the Sustainability Bonds or by any other green, social or sustainable assets of the Issuer.

If any of the above risks outlined in the section titled "Risks related to Sustainability Bonds" materialise, this may have a material adverse effect on the value of such Sustainability Bonds and/or may have consequences for certain investors with portfolio mandates to invest in green, social or sustainable assets (which consequences may include the need to sell the Sustainability Bonds as a result of the Sustainability Bonds not falling within the investor's investment criteria or mandate).

6. RISKS RELATING TO THE SECURITY FOR THE NOTES

A) Considerations relating to the Series Security and the Underlying Security

Each Series of Notes will be secured by Series Security granted in favour of the Note Trustee for the benefit of the Noteholders and the other Series Secured Parties. Such Series Security will include security over the Issuer's rights as beneficiary of security over the relevant On-Loan Agreement and the Underlying Security. The Underlying Security will, subject to certain perfection requirements, comprise a Fixed Charge over the relevant Charged Properties and an equitable assignment over the rents derived from the relevant Charged Properties.

The validity of any security given by a Borrower in connection with additions and substitutions of Charged Properties may depend on the solvency of the relevant Borrower at the time of the grant.

B) Change of apportionment basis of Charged Properties

The Security Trust Deed provides for security over properties to be apportioned amongst the beneficiaries thereunder on either a "specific apportionment basis" whereby the individual properties are specifically charged for a specific beneficiary or on a "numerical apportionment basis" whereby a specific percentage of units within the portfolio of properties charged thereby is designated to a beneficiary (see "*Description of the Deed of Guarantee and the Underlying Security – Security Trust Deed – Apportionment of Charged Properties*"). The Issuer and the Note Trustee may, without the consent of the Noteholders, agree to a change in the apportionment basis under the Security Trust Deed, subject to certain confirmations as to the value of the new Charged Property and maintenance of the relevant Asset Cover Test.

C) The Issuer's ability to meet its obligations under the Notes after enforcement under a Loan Facility

Following default by the Group Borrower, the Security Trustee will be entitled to call on the Guarantors under the Deed of Guarantee for payment of any sums unpaid by the Group Borrower. If the Guarantors do not make

payment of amounts due to the Issuer within the grace period provided for in the Deed of Guarantee, the Security Trustee may, subject to the moratorium provisions contained in the Housing and Regeneration Act (in respect of which see the risk factor entitled "*Moratorium and special administration regime*" below), enforce the Underlying Security in respect of the Borrowers and appoint a Receiver in respect of the defaulting Borrower pursuant to its powers under the Security Trust Deed.

The Issuer's ability to continue to pay principal and interest on the Notes following default by the Group Borrower under the relevant Loan Facility is dependent upon the ability of the Issuer to receive through the Deed of Guarantee, or from the Security Trustee pursuant to the collection of rental income or a disposal of the Underlying Security, sufficient funds to make such payment.

D) Fixed charges may take effect under English law as floating charges

Pursuant to the Note Trust Deed, the Issuer has purported to grant fixed charges over, amongst other things, all rights and benefits under the Transaction Account and any Cash Security Account in respect of the relevant Series. The law of England and Wales relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than assignment of security) may take effect under English law as floating charges only if, for example, it is determined that the Note Trustee does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Note Trustee will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors.

E) Mortgagee in Possession Liability

There is a risk that the Security Trustee may be deemed to be a mortgagee in possession if it physically enters into possession of a Charged Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Security Trustee. The consequence of being a mortgagee in possession would be that the Security Trustee may be obliged to account to the relevant Borrower for the income obtained from the Charged Property, be liable for any damage to the Charged Property, have a limited liability to repair the Charged Property and, in certain circumstances, may be obliged to make improvements or incur financial liabilities in respect of the Charged Property. A mortgagee in possession may also be liable to a tenant for any mis-management of the relevant property and may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), the liabilities of a property owner.

F) Environmental Considerations

Under relevant UK environmental legislation, liability for environmental matters can be imposed on the "owner" or any "person in control" of land. The term "owner" is not specifically defined and could include anyone with a proprietary interest in a property, which could include a representative of the Security Trustee as a mortgagee in possession of a Charged Property (in respect of which see the risk factor entitled "*Mortgagee in Possession Liability*" above). Environmental laws may impose liability on the owner for clean-up costs if a property is or becomes contaminated. A Borrower may therefore be liable for the entire amount of the clean-up and redemption costs for a contaminated site regardless of whether the contamination was caused by it or not. These costs may be significant.

In addition, the presence of hazardous or toxic substances, or the failure to adequately remedy adverse environmental conditions at a Charged Property, may adversely affect its market value, as well as a Borrower's ability to sell, lease or refinance the Charged Property. Any environmental liability imposed on a Borrower could result in a shortfall in funds available to repay the On-Loan Agreement, which in turn could result in a shortfall in funds available to the Issuer to repay the Notes.

G) Sufficiency of Insurance

Although each Charged Property is required to be insured at appropriate levels and against customary risks, there can be no assurance that any loss incurred will be of a type covered by such insurance, nor can there be any assurance that the loss will not exceed the limits of such insurance. Any interruption in income or any loss or damage caused to a Charged Property not adequately covered by insurance could result in a shortfall in funds available upon an enforcement of the security created by the Borrowers in respect of their obligations under the Deed of Guarantee.

H) Claims of Creditors of the Issuer other than Series Secured Parties

Under English law, any creditor (who has not entered into non-petition clauses) would (save where an administrator has been appointed) be able to commence insolvency or winding up proceedings against the Issuer in respect of any unpaid debt. If this occurred, the security would be realised to meet the Issuer's payment obligations, but there is a risk that the security may be insufficient to satisfy all the Issuer's payment obligations in full. However, to minimise the risk of the premature insolvency or winding up of the Issuer, it will undertake not to incur any debt or liability or enter into any other transaction other than as provided in, or contemplated by, the Programme Documents.

I) Moratorium and housing administration

In order to protect the interest of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 day moratorium on the disposal of land (including the enforcement of any security) by an insolvent non-profit Registered Provider of Social Housing will apply, upon notice being given to the RSH of certain steps being taken in relation to that Registered Provider of Social Housing such as the presentation of a winding up petition, the appointment of an administrator or the intention to enforce security over its property. The RSH may then seek to agree proposals about the future ownership and management of the Registered Provider of Social Housing's land with its secured creditors. The moratorium procedure may adversely affect the Security Trustee's ability to enforce the Underlying Security, as the procedure stipulates actions that must be taken by a secured creditor prior to that secured creditor being able to enforce its security and gives powers to the RSH in respect of certain secured assets.

The Housing and Planning Act 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced, *inter alia*, a special administration regime called housing administration. The housing administration regime was brought into force on 5th July, 2018 and is available in addition to the existing moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing that is at risk of insolvency, following an application from the Secretary of State or (with the permission of the Secretary of State) the RSH.

Under the new regime, no steps may be taken by any person other than the Secretary of State for the winding up, entry into administration by or enforcement of security of a Registered Provider of Social Housing, unless 28 days' notice of that step has been given to the RSH and elapsed, or the RSH has waived the notice requirement. During that 28 day period, the Secretary of State or the RSH, with the consent of the Secretary of State, may apply for a housing administration order. The new regime preserves a moratorium on disposals of land described above and the power of the RSH to make proposals remains in place throughout this period (though reduced the relevant period from 28 working days to 28 days).

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents secured creditors from enforcing their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In certain circumstances a court may make an order enabling a housing administrator to dispose of property belonging to a Registered Provider of Social Housing which is subject to a fixed charge, albeit only on terms that the fixed charge holder receives the proceeds up to the value of the security and those proceeds are topped up to "market value" if the property is sold for less than this.

The new housing administration regime may delay the disposal of social housing assets by any insolvent Registered Provider of Social Housing. It could also adversely affect the Security Trustee's and the Note Trustee's ability to enforce the Underlying Security granted by a Borrower for so long as any administration order is in place in respect of such a Borrower or could result in a housing administrator disposing of Charged Property belonging to such Borrower at a time when proceeds are not sufficient to discharge such Borrower's obligations under its On-Loan Agreement or the Deed of Guarantee. In turn, this could result in a delay to the period in which a Noteholder would be repaid in the event of the Issuer defaulting in respect of its obligations in respect of the Notes.

There may also be a moratorium on enforcement against the Issuer or the Group Borrower pursuant to the relevant provisions of the Insolvency Act 1986, if an administrator were to be appointed to the Issuer or the Group Borrower. This may limit or delay the Note Trustee's ability to enforce security against the Issuer under the Note Trust Deed or the Security Trustee's ability to enforce security against the Group Borrower under the Security Trust Deed (and therefore, in turn, to enforce the security granted by the Borrowers over the Charged Properties), for so long as the Issuer or the Group Borrower remains subject to administration. As a registered society within the meaning of the Cooperative and Community Benefit Society Act 2014, the Existing Borrower is not subject to administration under the Insolvency Act 1986.

J) Merger

A Borrower may amalgamate, merge, consolidate or enter into a transfer of engagements with another entity at any time pursuant to a Permitted Reorganisation without the consent of the Issuer. In such circumstances, if following any such amalgamation, merger, consolidation or transfer, the credit risk of the Borrower or any successor entity created thereby were weaker than that of the Borrower prior to such amalgamation, merger, consolidation or transfer, the Issuer would become subject to this increased credit risk. Other members of the Clarion Housing Group (including, for the avoidance of doubt, the Group Parent) may also merge, amalgamate or enter into a transfer of engagements pursuant to section 110 of the Co-operative and Community Benefit Societies Act 2014 with another entity or entities at any time without the consent of the Issuer (other than, in the case of the Group Borrower, the Issuer's consent to the transfer or novation of the Loan Facility Agreement). In both cases, however, any such merger, amalgamation or transfer would only be entered into with the approval of the Group Parent. The Group Borrower and the Issuer are both subsidiaries of the Group Parent and, as such, the Issuer expects that their interests will be aligned in respect of any proposed amalgamation, merger, consolidation or transfer.

K) Addition of new Borrowers and resignation of the Existing Borrower

The Group Borrower may at any time agree to the accession of new Borrowers as Borrowers under the On-Loan Agreements and as Guarantors under the Deed of Guarantee, subject to the conditions set out therein such as delivery by the Group Borrower and the proposed Guarantor of the Guarantor Conditions Precedent (as defined therein). In such circumstances, if the new Borrower's credit risk were weaker than that of the rest of the Guarantors, the Issuer would become subject to increased credit risk in respect of the Guarantors as a whole. Any Borrower may, upon request, cease to be a Borrower at any time provided that the resignation of such Borrower will not result in a breach of the asset cover ratios set out in the Loan Facility Agreement.

7. RISKS RELATED TO THE MARKET GENERALLY

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

A) There may not be a liquid secondary market for the Notes and their market price may be volatile.

The Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks and are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. This lack of liquidity may have a severely adverse effect on the market value of Notes.

B) Credit ratings assigned to the Group Parent or any Notes may not reflect all the risks associated with an investment in those Notes.

The on-going creditworthiness of the Borrowers depends on many factors, including the link to national government, industry, competitive, financial and operational performance, economic factors, the level of drawn debt, the ability to access new debt and the strength of the Borrowers' management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in the Borrowers' perceived creditworthiness as indicated by the Group Parent's issued credit ratings that could, in turn, cause the trading price of the Notes to decline and may result in a loss of all or part of an investment in the Notes. In addition, the Notes permit the Borrowers to undertake Permitted Reorganisations. In such circumstances, the resulting entity's credit risk may change. The Borrowers aim to maintain a business strategy, risk appetite statement, operational and governance structure and a capital structure consistent with strong investment grade credit ratings.

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The Group Parent and the Programme has each been rated "A3" by Moody's, "A-" by S&P and "A+" by Fitch. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. As with any rated entity, the rating of the Group Parent or any other member of the Clarion Housing Group (and, accordingly, the rating of the Notes) may be susceptible to further adjustments (whether upward or downward) and in particular any adjustments which may be made as a result of a rating agency's methodology as applied to the Group Parent or any other member of the Clarion Housing Group.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third-country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Offering Circular.

C) Exchange rate fluctuations and exchange controls may adversely affect an investor's return on its investments in the Notes and/or the market value of the Notes.

The Issuer will pay principal and interest on the Notes in the currency specified in the applicable Final Terms (the **Specified Currency**). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease: (a) the Investor's Currency-equivalent yield on the Notes; (b) the Investor's Currency equivalent value of the principal payable on the Notes; and (c) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

D) The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

The Notes may bear interest at a fixed rate. Investors should note that, if interest rates rise, then the income payable on such Notes might become less attractive and the price that investors could realise on a sale of the Notes may fall. However, the market price of the Notes from time to time has no effect on the total income that an investor receives on maturity of the Notes if it holds the Notes until the maturity date. Further, inflation will reduce the real value of the Notes over time, which affect what an investor could buy with its investment in the future and may make the fixed rate payable on the Notes less attractive in the future, again affecting the price that an investor could realise on a sale of the Notes.

Group Financial Statements

Whilst the Group Parent is not an obligor or guarantor in respect of Notes issued under the Programme, the Group Financial Statements provide a more meaningful basis for understanding the financial position of the Borrowers as a whole than the audited financial statements of each of the Borrowers individually. This is because investors in Notes issued under the Programme will be ultimately exposed to the credit risk of the Borrowers collectively and the only available audited financial statements where the financial performance of the Borrowers is set out in aggregate for the financial years ended 31st March, 2023 and 31st March, 2024 are the Group Financial Statements.

The tables below set out certain key metrics in respect of the financial years ended 31st March, 2023 and 31st March, 2024 and demonstrate the significance of the aggregate financial position of the Existing Borrower within the Clarion Housing Group in respect of the financial years ended 31st March, 2023 and 31st March, 2024.

Financial year ended 31st March, 2023

Accordingly, given the Group Financial Statements are the financial statements which are most reflective of the Clarion Housing Group and the Existing Borrower in its current form and the credit exposure in respect of Notes issued under the Programme is to the Borrowers collectively, the Issuer believes that the Group Financial Statements present more meaningful information in relation to the Borrowers in respect of the financial years ended 31st March, 2023 and 31st March, 2024 than the audited financial statements of the Existing Borrower for the financial years ended 31st March, 2023 and 31st March, 2024.

As at the date of this Offering Circular, subject as follows, the Issuer intends to include in any future offering circulars in respect of the Programme the audited consolidated financial statements of the Group Parent, instead of the audited financial statements of each Borrower, in respect of each financial year ended 31st March, 2024 and each subsequent financial year thereafter. The Issuer will need to be satisfied that the audited consolidated financial statements of the Group Parent are representative of the Borrowers and, for these purposes, the Issuer shall consider the key metrics specified in the table above (or the most relevant key metrics from time to time) in respect of the relevant financial year.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note** and, together with a Temporary Global Note, each a **Global Note**) which, in either case, will:

(a) if the Global Notes are intended to be issued in new global note (**NGN**) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and

(b) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Global Note of the same Series or (ii) for definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

The option for an issue of Notes to be represented on issue by a Temporary Global Note exchangeable for definitive Notes should not be expressed to be applicable in the applicable Final Terms if the Notes are issued with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency).

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 12 (*Events of Default*)) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Note Trustee is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered if the Notes represented by the Permanent Global Note were in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Note Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 16 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Note Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Notes (other than Temporary Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of Notes or interest coupons.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

General

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

The Issuer may agree with any Dealer and the Note Trustee that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event a new Offering Circular will be made available which will describe the effect of the agreement reached in relation to such Notes.

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Global Note (as defined below) and each definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to "Applicable Final Terms" for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Clarion Funding plc (the **Issuer**) and constituted by an amended and restated Note Trust Deed (such Note Trust Deed as modified and/or supplemented and/or restated from time to time, the **Note Trust Deed**) dated 10th April, 2025 made between the Issuer and M&G Trustee Company Limited (the **Note Trustee**, which expression shall include any successor as Note Trustee).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

(a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;

(b) any Global Note; and

(c) any definitive Notes issued in exchange for a Global Note.

The Notes and the Coupons (as defined below) have the benefit of an amended and restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 23rd April, 2024 and made between the Issuer, the Note Trustee, The Bank of New York Mellon, London Branch as principal paying agent (the **Principal Paying Agent**, which expression shall include any successor principal paying agent), the other paying agents named therein (together with the Principal Paying Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents) and The Bank of New York Mellon, London Branch as agent bank (the **Agent Bank**, which expression shall include any duly appointed successor agent bank).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which supplement these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Global Notes do not have Coupons or Talons attached on issue.

The Note Trustee acts for the benefit of the Noteholders (which expression shall mean the holders of the Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below) and the holders of the Coupons (the **Couponholders**, which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Note Trust Deed.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which (a) are expressed to be consolidated and form a single series and (b) have the same terms and conditions or

terms and conditions which are the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue.

Copies of the Note Trust Deed, the Agency Agreement, the Account Agreement, the Loan Facility Agreement in respect of each Series, the Fixed Charges, the Security Trust Deed and the Deed of Guarantee are available for inspection during normal business hours at the registered office for the time being of the Note Trustee being at 10th April, 2025 at 10 Fenchurch Avenue, London EC3M 5AG and at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the main market of the London Stock Exchange the applicable Final Terms will be published on the website of the London Stock Exchange through a regulatory information service. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Note Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Note Trust Deed and the Agency Agreement.

Words and expressions defined in the Note Trust Deed, the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Note Trust Deed and the Agency Agreement, the Note Trust Deed will prevail and, in the event of inconsistency between the Note Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

In the Conditions, **euro** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

The Issuer's obligations in respect of each Series are secured (subject as provided in the Conditions and the Note Trust Deed) pursuant to the Note Trust Deed in favour of the Note Trustee for the benefit of itself and the Noteholders and the other Series Secured Parties as follows:

(a) by an assignment by way of security of the Issuer's rights, title and interest arising under the Deed of Guarantee in respect of the Loan Facility relating to such Series;

(c) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Facility Agreement in relation to such Series;

Where Numerical Apportionment Basis is specified as applicable in the applicable Final Terms, the Final Terms will specify (a) a specific percentage of units comprising the Issuer's Apportioned Part within the portfolio of Charged Properties, and which will be designated to the Issuer as underlying security in respect of the Series and (b) the Minimum Value of the NAB Charged Properties.

Where Specific Apportionment Basis is specified as applicable in the applicable Final Terms, specific individual Charged Properties shall be allocated to the Issuer as agreed between the Issuer and the Borrowers.

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

5.2 Post-enforcement

Following the enforcement of the Series Security in respect of a Series of Notes, all monies standing to the credit of the Transaction Account and any Cash Security Account in respect of such Series, and the net proceeds of enforcement of the Series Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

(a) first, in payment or satisfaction of any unpaid fees, costs, charges, expenses, indemnity payments and liabilities incurred by the Note Trustee (including, but not limited to, all amounts payable to the Note Trustee under the Note Trust Deed) or any agent or representative appointed by the Note Trustee pursuant to the Note Trust Deed (including, for the avoidance of doubt, any Receiver), in each case, insofar as they relate to the relevant Series of Notes or, to the extent not referable to a specific Series, the Expense Apportioned Part thereof;

(g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Facility Agreement.

6.1 General Covenants

In addition to the covenants of the Issuer set out in the Note Trust Deed, for so long as any Series remains outstanding, the Issuer covenants that it will not, without the consent of the Note Trustee, engage in any activity or do anything other than:

(a) carry out the business of a company which has as its purpose raising finance and on-lending such finance for the benefit of the members of the Clarion Housing Group; and

(b) perform any act incidental to or necessary in connection with (a) above.

The Issuer also covenants, for so long as any Series remains outstanding, not to create or permit to subsist, over any of the Series Charged Property, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the Series Security created by or pursuant to the Note Trust Deed.

Upon the request of Noteholders to convene any such meeting, as aforesaid, the Issuer shall notify all Noteholders of the relevant Series of the date (which such date shall be no more than 21 days following such request), time and place

of the meeting in accordance with Condition 16 (*Notices*). The Issuer shall act in good faith in addressing any questions regarding the financial position of itself or any other member of the Clarion Housing Group raised at any such meeting, provided, however, that the Issuer shall not be obliged to disclose any information which it, in its absolute discretion, considers to be of a confidential nature. For the avoidance of doubt, the provisions of this Condition 6.2(c) are in addition to the meetings provisions set out in Condition 18.1 (*Meetings of Noteholders*).

6.3 Loan Facility Agreement Consents Covenant

For so long as the Notes of any Series remain outstanding, the Issuer covenants that it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, the Loan Facility Agreement, the Deed of Guarantee, any On-Loan Agreement or the Security Trust Deed except with the prior consent of the Note Trustee. The Note Trustee may seek the consent of the Noteholders in accordance with the Note Trust Deed prior to giving any such consent.

7. INTEREST

7.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

(a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Fixed Rate Notes represented by such Global Note; or

(b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction.

The resultant figure (including after application of any Fixed Coupon Amount or Broken Amount to the Calculation Amount in the case of Fixed Rate Notes in definitive form) shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the

amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest, in accordance with this Condition 7.1:

(i) if "Actual/Actual (ICMA)" is specified in the applicable Final Terms:

(A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

(B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

(1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(ii) if "30/360" is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In the Conditions:

Determination Period means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

sub-unit means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

7.2 Interest on Floating Rate Notes

(a) Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or

(ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In the Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

(A) in any case where Specified Periods are specified in accordance with Condition 7.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or

(B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or

(C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

(D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In the Conditions, **Business Day** means:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre (other than T2) specified in the applicable Final Terms;

(b) if T2 is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System or any successor or replacement for that system (**T2**) is open; and

(c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which T2 is open.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

This Condition 7.2(b)(i) applies where the applicable Final Terms specifies "*Term Rate*" to be 'Applicable'.

(B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being EURIBOR) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent Bank. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent Bank for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) Screen Rate Determination – Overnight Rate - Compounded Daily SONIA - Non-Index Determination

This Condition 7.2(b)(ii) applies where the applicable Final Terms specifies: (1) "*Overnight Rate*" to be 'Applicable'; (2) "*Compounded Daily SONIA*" as the Reference Rate; and (3) "*Index Determination*" to be 'Not Applicable'.

(ii) where "Observation Shift" is specified as the Observation Method in the applicable Final Terms, the relevant London Banking Day "*i*".

(B) Subject to Condition 7.2(c), if, where any Rate of Interest is to be calculated pursuant to Condition 7.2(b)(ii)(A) above, in respect of any London Banking Day on which an applicable SONIA reference rate is required to be determined, such SONIA reference rate is not made available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then the SONIA reference rate in respect of such London Banking Day shall be the rate determined by the Agent Bank as:

(1) the sum of (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at 5.00 p.m. (London time) (or, if earlier, close of business) on such London Banking Day; and (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five London Banking Days in respect of which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and

lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads); or

(2) if the Bank Rate under (1)(i) above is not available at the relevant time, either (A) the SONIA reference rate published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day in respect of which the SONIA reference rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or (B) if this is more recent, the latest rate determined under (1) above,

and, in each case, references to "SONIA reference rate" in Condition 7.2(b)(ii)(A) above shall be construed accordingly.

(C) In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 7.2(b)(ii), and without prejudice to Condition 7.2(c), the Rate of Interest shall be:

(1) that determined as at the last preceding Interest Determination Date on which the Rate of Interest was so determined (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the relevant Interest Accrual Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Interest Accrual Period); or

(2) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first scheduled Interest Period had the Notes been in issue for a period equal in duration to the first scheduled Interest Period but ending on (and excluding) the Interest Commencement Date (applying the Margin and, if applicable, any Maximum Rate of Interest and/or Minimum Rate of Interest, applicable to the first scheduled Interest Period),

in each case as determined by the Agent Bank.

(iii) Screen Rate Determination – Overnight Rate - Compounded Daily SONIA - Index Determination

This Condition 7.2(b)(iii) applies where the applicable Final Terms specifies: (1) "*Overnight Rate*" to be 'Applicable'; (2) "*Compounded Daily SONIA*" as the Reference Rate; and (3) "*Index Determination*" to be 'Applicable'.

(A) The Rate of Interest for an Interest Accrual Period will, subject to Condition 7.2(c) and as provided below, be the Compounded Daily SONIA Rate with respect to such Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the applicable Margin (if any), all as determined by the Agent Bank.

Compounded Daily SONIA Rate means, with respect to an Interest Accrual Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) (expressed as a percentage and rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) determined by the Agent Bank by reference to the screen rate or

index for compounded daily SONIA rates administered by the administrator of the SONIA reference rate that is published or displayed on the Relevant Screen Page specified in the applicable Final Terms, or, if no such page is so specified or if such page is unavailable at the relevant time, as otherwise published or displayed by such administrator or other information service from time to time on the relevant Interest Determination Date (the **SONIA Compounded Index**) and in accordance with the following formula:

$$\text{Compounded Daily SONIA Rate} = \left(\frac{SONIA\ Compounded\ Index_{End}}{SONIA\ Compounded\ Index_{Start}} - 1\right) \times \frac{365}{d}$$

d is the number of calendar days from (and including) the day in relation to which SONIA Compounded Index$_{\textbf{Start}}$ is determined to (but excluding) the day in relation to which SONIA Compounded Index$_{\textbf{End}}$ is determined;

London Banking Day means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

Relevant Number is the number specified as such in the applicable Final Terms (or, if no such number is specified, five);

SONIA Compounded Index$_{\textbf{Start}}$ means, with respect to an Interest Accrual Period, the SONIA Compounded Index determined in relation to the day falling the Relevant Number of London Banking Days prior to the first day of such Interest Accrual Period; and

SONIA Compounded Index$_{\textbf{End}}$ means, with respect to an Interest Accrual Period, the SONIA Compounded Index determined in relation to the day falling the Relevant Number of London Banking Days prior to (A) the Interest Payment Date for such Interest Accrual Period, or (B) such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Accrual Period).

(B) If the relevant SONIA Compounded Index is not published or displayed by the administrator of the SONIA reference rate or other information service by 5.00 p.m. (London time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the administrator of the SONIA reference rate or of such other information service, as the case may be) on the relevant Interest Determination Date, the Compounded Daily SONIA Rate for the applicable Interest Accrual Period for which the SONIA Compounded Index is not available shall be "Compounded Daily SONIA" determined in accordance with Condition 7.2(b)(ii) as if "*Index Determination*" were specified in the applicable Final Terms as being 'Not Applicable', and for these purposes: (i) the "*Observation Method*" shall be deemed to be "*Observation Shift*" and (ii) the "*Observation Shift Period*" shall be deemed to be equal to the Relevant Number of London Banking Days, as if those alternative elections had been made in the applicable Final Terms.

(iv) Interest Accrual Period

As used herein, an **Interest Accrual Period** means (i) each Interest Period and (ii) any other period (if any) in respect of which interest is to be calculated, being the period from (and including) the first day of such period to (but excluding) the day on which the relevant

payment of interest falls due (which, if the relevant Series of Notes becomes due and payable in accordance with Condition 12, shall be the date on which such Notes become due and payable).

(c) Benchmark Replacement

This Condition 7.2(c) applies in respect of each issue of Floating Rate Notes unless "Benchmark Replacement" is specified in the applicable Final Terms to be 'Not Applicable'. In the event that "Benchmark Replacement" is specified in the applicable Final Terms to be 'Not Applicable', any references in these Conditions to Condition 7.2(c) shall be deemed deleted and shall have no effect.

(i) Independent Adviser

Notwithstanding the provisions in Conditions 7.2(b)(i), 7.2(b)(ii) and 7.2(b)(iii) above, if the Issuer determines that a Benchmark Event has occurred in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to that Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint, as soon as reasonably practicable, an Independent Adviser to determine, following consultation with the Issuer and no later than five Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Period (the **IA Determination Cut-off Date**), a Successor Rate or, failing which, an Alternative Reference Rate (in accordance with Condition 7.2(c)(ii)) and, in either case, an Adjustment Spread (in accordance with Condition 7.2(c)(ii)).

An Independent Adviser appointed pursuant to this Condition 7.2(c) shall act in good faith and in a commercially reasonable manner following consultation with the Issuer. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Noteholders, the Note Trustee, the Paying Agents or the Agent Bank for any determination it makes pursuant to this Condition 7.2(c). No Independent Adviser appointed in connection with the Notes (acting in such capacity), shall have any relationship of agency or trust with the Noteholders.

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser fails to determine a Successor Rate or, failing which, an Alternative Reference Rate in accordance with this Condition 7.2(c)(i) prior to the relevant IA Determination Cut-off Date, then the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the immediately preceding Interest Period, the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin, Maximum Rate of Interest or Minimum Rate of Interest relating to that immediately preceding Interest Period. For the avoidance of doubt, this sub-paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 7.2(c).

(ii) Successor Rate or Alternative Reference Rate

If the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines that:

(A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 7.2(c)(iii)), subsequently be used in place of the Original

Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the further operation of this Condition 7.2(c)); or

(B) there is no Successor Rate but that there is an Alternative Reference Rate, then such Alternative Reference Rate shall (subject to adjustment as provided in Condition 7.2(c)(iii)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the further operation of this Condition 7.2(c)).

(iii) Adjustment Spread

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Reference Rate (as the case may be).

Following any such determination by the Independent Adviser, following consultation with the Issuer, of the Adjustment Spread, the Issuer shall give notice thereof in accordance with Condition 7.2(c)(vi). The Principal Paying Agent or the Agent Bank, as applicable, shall apply such Adjustment Spread to the Successor Rate or the Alternative Reference Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or any component part(s) thereof) by reference to such Successor Rate or Alternative Reference Rate (as applicable).

(iv) Benchmark Amendments

If any Successor Rate or Alternative Reference Rate and Adjustment Spread is determined in accordance with this Condition 7.2(c) and the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines (i) that amendments to these Conditions, the Note Trust Deed or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate or Alternative Reference Rate and, in each case, the application of the Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, following consultation with the Independent Adviser and subject to the Issuer giving notice thereof in accordance with Condition 7.2(c)(vi), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Note Trust Deed and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Note Trustee of a certificate signed by two authorised signatories of the Issuer pursuant to Condition 7.2(c)(vi), the Note Trustee shall (at the expense and direction of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with such determination by the Independent Adviser (following consultation with the Issuer) in using its reasonable endeavours in effecting any Benchmark Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Note Trust Deed) and the Note Trustee shall not be liable to any party for any consequences thereof (irrespective of whether such Benchmark Amendment(s) relate(s) to a Basic Terms Modification (as defined in the Note Trust Deed)), provided that the Note Trustee shall not be obliged so to concur if, in the opinion of the Note Trustee, doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the rights and/or the protective provisions afforded to it in these Conditions and/or the Note Trust Deed and/or any documents to which it is a party (including, for the avoidance of doubt, any supplemental note trust deed) in any way.

In connection with any such modifications in accordance with this Condition 7.2(c)(vi), the Issuer and the Independent Adviser shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Survival of Original Reference Rate Provisions

Without prejudice to the obligations of the Issuer or the Independent Adviser under this Condition 7.2(c), the Original Reference Rate and the fallback provisions provided for in Condition 7.2(b)(i) and the Agency Agreement will continue to apply unless and until (a) a Benchmark Event has occurred and the Independent Adviser, following consultation with the Issuer, has determined the Successor Rate or the Alternative Reference Rate (as the case may be), the Adjustment Spread and Benchmark Amendments, in accordance with the relevant provisions of this Condition 7.2(c) and (b) the Issuer notifies the Note Trustee of such determination.

(vi) Notices

Any Successor Rate, Alternative Reference Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 7.2(c) will be notified promptly by the Issuer to the Note Trustee, the Paying Agents, the Agent Bank (if applicable) and, in accordance with Condition 16, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Note Trustee of the same, the Issuer shall deliver to the Note Trustee a certificate signed by two authorised signatories of the Issuer:

(A) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Reference Rate, (iii) any Adjustment Spread and (iv) the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 7.2(c); and

(B) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate or Alternative Reference Rate and, in each case, the application of the Adjustment Spread.

The Note Trustee shall be entitled to rely on such certificate (without enquiry or liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Reference Rate and the Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Reference Rate and the Adjustment Spread and the Benchmark Amendments (if any) and without prejudice to the ability of the Note Trustee to rely on such certificate as aforesaid) be binding on the Issuer, the Note Trustee, the Principal Paying Agent, the Agent Bank and the Noteholders.

(vii) Definitions

In this Condition 7.2(c):

Adjustment Spread means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines is required to be applied to the Successor Rate or the Alternative Reference Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the

Successor Rate or the Alternative Reference Rate (as the case may be) and is the spread, formula or methodology which:

(A) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Reference Rate);

(B) the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Reference Rate (as the case may be); or (if the Independent Adviser, in consultation with the Issuer, determines that no such industry standard is recognised or acknowledged); or

(C) the Independent Adviser, in its discretion, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines to be appropriate;

Alternative Reference Rate means an alternative benchmark or screen rate which the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines in accordance with Condition 7.2(c)(ii) to use in place of the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining floating rates of interest (or the relevant component thereof) in the same Specified Currency as the Notes;

Benchmark Event means:

(A) the Original Reference Rate ceasing to be published for a period of at least 5 Business Days or ceasing to exist;

(B) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to such date specified in (i);

(C) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is no longer representative of an underlying market;

(D) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (i);

(E) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will, on or before a specified date, be prohibited from being used either generally, or in respect of the Notes and (ii) the date falling six months prior to the date specified in (i); or

(F) it has or will prior to the next Interest Determination Date become unlawful for the Agent Bank or the Issuer to determine any Rate of Interest and/or calculate any

Interest Amount using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) No. 2016/1011, including as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, if applicable);

Independent Adviser means an independent financial institution of international repute or an independent financial adviser with experience in the international capital markets appointed by the Issuer at its own expense and notified in writing to the Note Trustee;

Original Reference Rate means the benchmark or screen rate (as applicable) specified in the applicable Final Terms for the purposes of determining the relevant Rate of Interest (or any component part(s) thereof) in respect of the Notes or (if applicable) any other Successor Rate or Alternative Reference Rate (or any component part(s) thereof) determined and applicable to the Notes pursuant to the earlier operation of this Condition 7.2(c)(ii);

Relevant Nominating Body means, in respect of a benchmark or screen rate (as applicable):

(A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

(B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities, or (iv) the Financial Stability Board or any part thereof; and

Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(d) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(e) Determination of Rate of Interest and calculation of Interest Amounts

The Agent Bank will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent Bank will calculate the amount of interest (the **Interest Amount**) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

(i) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding principal amount of the Notes represented by such Global Note; or

(ii) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 7.2:

(i) if "Actual/Actual (ISDA)" or "Actual/Actual" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

(ii) if "Actual/365 (Fixed)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

(iii) if "Actual/365 (Sterling)" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

(iv) if "Actual/360" is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;

(v) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{\left[360 \times \left(Y_2 - Y_1\right)\right] + \left[30 \times \left(M_2 - M_1\right)\right] + \left(D_2 - D_1\right)}{360}$$

where:

$\mathbf{Y_1}$ is the year, expressed as a number, in which the first day of the Interest Period falls;

$\mathbf{Y_2}$ is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

$\mathbf{M_1}$ is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

$\mathbf{M_2}$ is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

$\mathbf{D_1}$ is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

$\mathbf{D_2}$ is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

(vi) if "30E/360" or "Eurobond Basis" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D_1 is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30;

(vii) if "30E/360 (ISDA)" is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

Y_1 is the year, expressed as a number, in which the first day of the Interest Period falls;

Y_2 is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

M_1 is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

M_2 is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

D_1 is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

D_2 is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

(f) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent Bank by straight line linear interpolation by reference to two rates based on the relevant Reference Rate, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be

determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent Bank shall determine such rate at such time and by reference to such sources as the Issuer shall determine appropriate for such purposes.

Designated Maturity means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(g) Notification of Rate of Interest and Interest Amounts

(i) Except where the applicable Final Terms specifies "*Overnight Rate*" to be 'Applicable', the Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Note Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 16 (Notices) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 16 (Notices). For the purposes of this paragraph, the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(ii) Where the applicable Final Terms specifies "*Overnight Rate*" to be 'Applicable', the Agent Bank will cause the Rate of Interest and each Interest Amount for each Interest Accrual Period and the relevant Interest Payment Date to be notified to the Issuer, the Note Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and notice thereof to be published in accordance with Condition 16 (Notices) as soon as possible after their determination but in no event later than the second London Business Day thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the relevant Interest Accrual Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Floating Rating Notes are for the time being listed and to the Noteholders in accordance with Condition 16 (Notices).

For the purposes of this Condition 7.2(g), the expression **London Business Day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(h) Determination or Calculation by the Note Trustee

If for any reason at any relevant time the Agent Bank defaults in its obligation to determine the Rate of Interest or in its obligation to calculate any Interest Amount in accordance with subparagraph (b)(i) above, as the case may be, and in each case in accordance with paragraph (e) and (f) above, the Note Trustee may (but without any liability accruing to the Note Trustee as a result) determine (or appoint an agent or expert at the expense of the Issuer who shall determine) the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Note Trustee may (but without any liability accruing to the Note Trustee as a result) calculate (or appoint an agent or expert at the expense of the Issuer who shall calculate) the Interest

Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Agent Bank.

(i) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7 by the Agent Bank shall (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Paying Agents, the Agent Bank and all Noteholders and Couponholders and (in the absence of wilful default, gross negligence or fraud) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent Bank or the Note Trustee in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

(j) Agent Bank

The Issuer shall procure that, so long as any of the Notes remains outstanding, there is at all times an Agent Bank for the purposes of the Notes and the Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Agent Bank or failing duly to determine the Rate of Interest and the Interest Amount for any Interest Period, the Issuer shall, subject to the prior written approval of the Note Trustee, appoint the London office of another major bank engaged in the London interbank market to act in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed.

7.3 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

(a) the date on which all amounts due in respect of such Note have been paid; and

(b) as provided in the Note Trust Deed.

8.1 Method of payment

Subject as provided below:

(a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and

(b) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations

thereof, or (without prejudice to the provisions of Condition 10 (*Taxation*)) any law implementing an intergovernmental approach thereto.

8.2 Presentation of definitive Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 8.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 11 (*Prescription*)) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose principal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the principal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

8.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes or otherwise in the manner specified in the relevant Global Note, where applicable against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Global Note by the Paying Agent to which it was presented or in the records of Euroclear and Clearstream, Luxembourg, as applicable.

8.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular principal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

(a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;

(b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

(c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

8.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, **Payment Day** means any day which (subject to Condition 11 (*Prescription*)) is:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits):

  (i) in the case of Notes in definitive form only, in the relevant place of presentation; and

  (ii) in each Additional Financial Centre (other than T2) specified in the applicable Final Terms;

(b) if T2 is specified as an Additional Financial Centre in the applicable Final Terms, a day on which T2 is open; and

(c) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which T2 is open.

8.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

(a) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed;

(b) the Final Redemption Amount of the Notes; and

(c) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*) or under any undertaking or covenant given in addition thereto, or in substitution therefor, pursuant to the Note Trust Deed.

9. REDEMPTION AND PURCHASE

9.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

9.2 Early Redemption

If Early Redemption is specified as being applicable in the applicable Final Terms, in the event that the Group Borrower, in accordance with the Loan Facility Agreement, elects to prepay the Loan Facility in whole or in part prior to the repayment date specified in the Loan Facility Agreement, then the Issuer shall, on giving not less than 30 nor more than 60 days' notice, redeem the Notes of the relevant Series in whole or, in respect of a prepayment in part, in an aggregate principal amount equal to the principal amount of the Loan Facility to be repaid on the date which is two Business Days after that on which payment is made by the Group Borrower under the Loan Facility Agreement (the **Loan Prepayment Date**).

Redemption of Notes pursuant to this Condition where the Specified Currency of the Notes is Sterling shall be made at the higher of the following:

(a) 100 per cent. of the principal amount outstanding of such Notes to be redeemed; and

(b) the principal amount outstanding of such Notes to be redeemed multiplied by the price (expressed as a percentage) (as reported in writing to the Issuer and the Note Trustee by a financial adviser nominated by the Issuer and whose identity is approved by the Note Trustee (the **Nominated Financial Adviser**)) (and rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Notes (if the Notes were to remain outstanding until their original maturity) on the Determination Date would be equal to the sum of (i) the Gross Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) the Spens Margin,

together with any interest accrued up to (but excluding) the Loan Prepayment Date.

For the purposes of this Condition:

Benchmark Gilt means the Specified Benchmark Gilt specified in the applicable Final Terms or such other conventional (i.e. not index-linked) UK Government Gilt as the Issuer (with the advice of the Nominated Financial Adviser) may determine (failing such determination, as determined by the Note Trustee with such advice) to be the most appropriate conventional UK Government Gilt;

Determination Date means 3 Business Days prior to the Loan Prepayment Date; and

Gross Redemption Yield means, with respect to a security, the gross redemption yield to maturity calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields" page 4, Section One: Price/Yield Formulae (Conventional Gilts) (published on 8th June, 1998 and updated on 15 January 2002, 16 March 2005, and 18 December 2024, as further amended, updated, supplemented or replaced from time to time) on a semi-annual compounding basis (converted (in the case of Notes with annual Interest Payment Dates) to an annualised yield or (in the case of Notes which do not have annual or semi-annual Interest Payment Dates) to a yield on such basis as shall be equivalent to the frequency of interest payments on the Notes (as determined by the Nominated Financial Adviser) and rounded up (if necessary) to four decimal places or, if such formula does not reflect generally accepted market practice at the time of redemption, a gross redemption yield calculated in accordance with generally accepted market practice at such time as determined by the Nominated Financial Adviser.

In the event that the Specified Currency of the Notes is a currency other than Sterling, redemption of Notes pursuant to this Condition shall be in an amount specified in an amendment to the Conditions and the Note Trust Deed in such manner as the Note Trustee may require, together with accrued interest.

9.3 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Note Trustee and the Principal Paying Agent and, in accordance with Condition 16 (*Notices*), the Noteholders (which notice shall be irrevocable), if the Issuer satisfies the Note Trustee immediately before the giving of such notice that:

(a) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 10 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 10 (*Taxation*)) or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and

(b) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Note Trustee to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment, and the Note Trustee shall be entitled to accept without further enquiry such certificate and legal opinion as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 9.3 will be redeemed at their principal amount outstanding together (if appropriate) with interest accrued to (but excluding) the date of redemption.

9.4 Mandatory Early Redemption

If the Loan Facility in respect of a Series of Notes becomes repayable:

(a) as a result of a Loan Event of Default; and/or

(b) following one or more of the Borrowers ceasing to be a Registered Provider of Social Housing (other than following, or as part of, a Permitted Reorganisation resulting from a transfer of all of its assets and liabilities to another Borrower which is itself a Registered Provider of Social Housing or if such Borrower regains its status as a Registered Provider of Social Housing or ceases to be a Borrower within 180 days),

then the Issuer shall redeem the Notes of the relevant Series in full at their principal amount together (if appropriate) with accrued interest to (but excluding) the date on which the Loan Facility is repaid (the **Loan Repayment Date**), on the date which is two Business Days after the Loan Repayment Date.

9.5 Notice of Early Redemption

Notice of any early redemption in accordance with Conditions 9.2 (*Early Redemption*), 9.3 (*Redemption for tax reasons*) or 9.4 (*Mandatory Early Redemption*) above shall be given by the Issuer to the Note Trustee, the Paying Agents and the Noteholders, in accordance with Condition 16 (*Notices*), as promptly as practicable (but, in the case of Condition 9.2 (*Early Redemption*), shall be no later than three Business Days after the receipt by the Issuer of notice from the Group Borrower of its intention to prepay a corresponding amount pursuant to the Loan Facility Agreement).

In the case of a partial redemption of Notes, Notes to be redeemed (**Redeemed Notes**) will (i) in the case of Redeemed Notes represented by definitive Notes, be drawn individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 16 (*Notices*) not less than 15 days prior to the date fixed for redemption. Such notice will also specify the date fixed for redemption, the early redemption amount and the aggregate principal amount of the Redeemed Notes, the serial numbers of Notes previously called for redemption and not presented for payment and the aggregate principal amount of the Notes which will be outstanding after the partial redemption.

9.6 Calculations

Each calculation, by or on behalf of the Issuer, for the purposes of this Condition 9 shall, in the absence of manifest error, be final and binding on all persons. If the Issuer does not at any time for any reason calculate amounts referred to in this Condition 9, such amounts may be calculated by the Note Trustee or an agent or expert appointed by the Note Trustee at the expense of the Issuer for this purpose (without any liability accruing to the Note Trustee as a result) based on information supplied to it by the Issuer and each such calculation shall be deemed to have been made by the Issuer.

9.7 Purchases of Notes by the Group Borrower or the Borrowers

Subject to Condition 9.8, the Group Borrower and any other member of the Clarion Housing Group may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise.

Following any such purchase, the Group Borrower or any such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender the Notes to the Issuer for cancellation. An amount equal to the principal amount of the Notes being surrendered shall be deemed to be prepaid under the Loan Facility Agreement (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)).

9.8 Purchases of Notes by the Issuer

The Issuer may not at any time purchase Notes.

9.9 Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to Condition 9.7 (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

10. TAXATION

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) presented for payment in the Tax Jurisdiction; or

(b) the holder of which is liable for such taxes or duties in respect of such Note or Coupon by reason of its having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or

(c) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 8.5 (*Payment Day*)).

As used herein **Tax Jurisdiction** means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax.

11. PRESCRIPTION

The Notes and Coupons will become void unless claims in respect of principal and/or interest are made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or 8.2 (*Presentation of definitive Notes and Coupons*) or any Talon which would be void pursuant to Condition 8.2 (*Presentation of definitive Notes and Coupons*).

12. EVENTS OF DEFAULT

12.1 Events of Default

The Note Trustee at its discretion may, and if so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), (but in the case of the happening of any of the events described in paragraphs 12.1(b), 12.1(c) and 12.1(h) below, only if the Note Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice in writing to the Issuer that each Note is, and each Note shall thereupon immediately become, due and repayable at their principal amount together (if appropriate) with accrued interest as provided in the Note Trust Deed if any of the following events (each an **Event of Default**) shall occur:

(a) if default is made in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them and the default continues for a period of seven days in the case of principal and 14 days in the case of interest; or

(b) if the Issuer fails to perform or observe any of its other obligations under the Conditions or the Note Trust Deed and (except in any case where, in the opinion of the Note Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied; or

(c) (i) any other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (ii) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period, or (iii) the Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (c) have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Note Trustee); or

(d) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution; or

(e) if the Issuer ceases or threatens to cease to carry on the whole or, in the opinion of the Note Trustee, substantially all of its business, save for the purposes of reorganisation on terms previously approved in writing by the Note Trustee or by an Extraordinary Resolution, or the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or

(f) if (i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, manager, liquidator, administrator or other similar official, or an administrative or other receiver, manager, liquidator, administrator or other similar official is appointed, in relation to the Issuer or, as the case may be, in relation to all or substantially all of the undertaking or assets of the Issuer, or an encumbrancer takes possession of all or substantially all of the undertaking or assets of the Issuer, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against all or substantially all of the undertaking or assets of the Issuer and (ii) in any case (other than the appointment of an administrator) is not discharged within l4 days; or

(g) if the Issuer initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium) or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or

(h) if it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, the Note Trust Deed or the Loan Facility Agreement.

12.2 Enforcement

The Note Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Note Trust Deed, the Notes, the Coupons and any other documents relating thereto, but it shall not be bound to take any such proceedings or any other action in relation to the Note Trust Deed, the Notes, the Coupons or any other documents relating thereto unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-fourth in principal amount of the Notes then outstanding and (b) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trustee may refrain from taking any action, step or proceeding in any jurisdiction if the taking of such action, step or proceeding in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction (upon which the Note Trustee may rely absolutely and without liability to any person), be contrary to any law of that jurisdiction. Furthermore, the Note Trustee may also refrain from taking such action, step or proceeding if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

No Noteholder, Couponholder or any Series Secured Party (other than the Note Trustee) shall be entitled to proceed directly against the Issuer unless the Note Trustee, having become bound so to proceed, fails so to do within a reasonable period, and the failure shall be continuing.

13. REPLACEMENT OF NOTES, COUPONS AND TALONS

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (subject to all applicable laws and requirements of the Financial Conduct Authority or the London Stock Exchange) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. PAYING AGENTS

The initial Paying Agents are set out above. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms.

The Issuer is entitled, with the prior written approval of the Note Trustee, to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

(a) there will at all times be a Principal Paying Agent;

(b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and

(c) if at any time (i) any withholding or deduction of any amount for or on account of any taxes or duties upon the Notes or Coupons is required upon the Notes or Coupons being presented for payment in the United Kingdom; and (ii) such withholding or deduction would not be required were the Notes or Coupons to be presented for payment outside the United Kingdom, there will at such times be a Paying Agent in a jurisdiction within Europe, other than any Tax Jurisdiction.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 8.4 (*General provisions applicable to payments*). Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 16 (*Notices*).

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Note Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholder or Couponholder. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

15. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of any Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 11 (*Prescription*).

16. NOTICES

All notices regarding the Notes will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the *Financial Times* in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Note Trustee shall approve.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) or such websites the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published on the website of the relevant stock exchange or relevant authority and/or in a daily newspaper of general circulation in the place or places required by those

rules. Any such notice shall be deemed to have been given to the holders of the Notes on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent through Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

17. SUBSTITUTION

The Note Trust Deed contains provisions permitting the Note Trustee to, subject to any required amendment of the Note Trust Deed, without the consent of the Noteholders or the Couponholders or any Series Secured Party (other than, in respect of the novation or assignment of the Loan Facility Agreement, the Group Borrower), agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, the Coupons and the Note Trust Deed of another company, registered society or other entity subject to certain conditions set out in the Note Trust Deed being complied with.

Any such substitution shall be notified to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

18. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

18.1 Meetings of Noteholders

The Note Trust Deed contains provisions for convening meetings of the Noteholders (including by way of audio or video conference call) to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Coupons or any of the provisions of the Note Trust Deed. Such a meeting may be convened by the Issuer or the Note Trustee and shall be convened by the Issuer if required in writing by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being remaining outstanding (other than in respect of a meeting requested by Noteholders to discuss the financial position of the Issuer and the Clarion Housing Group, which shall be requested in accordance with Condition 6.2 (*Information Covenants*)). The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing more than 50 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the principal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes or the Coupons or the Note Trust Deed (including, *inter alia*, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes, modifying the date of payment of principal or interest in respect of the Notes, altering the currency of payment of the Notes or the Coupons, altering the majority required to pass an Extraordinary Resolution or amending the Asset Cover Test (as defined in the Loan Facility Agreement) in the Loan Facility Agreement), the quorum shall be one or more persons holding or representing not less than 75 per cent. in principal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than 25 per cent. in principal amount of the Notes for the time being outstanding. The Note Trust Deed provides that (a) a resolution passed at a meeting duly convened and held in accordance with the Note Trust Deed by a majority consisting of not less than 75 per cent. of the votes cast on such resolution, (b) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding or (c) consent given by way of electronic consents through the relevant clearing system(s) by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed

by the Noteholders will be binding on all the Noteholders, whether or not they are present at any meeting, and whether or not they voted on the resolution, and on all Couponholders.

18.2 Modification, Waiver, Authorisation and Determination

The Note Trustee may agree, without the consent of the Noteholders, Couponholders or any Series Secured Party, to any modification (except as stated in the Note Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes, the Note Trust Deed, the Loan Facility Agreement or any other Programme Document, or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to correct a manifest error or an error which, in the opinion of the Note Trustee, is proven. Any such modification, waiver, authorisation or determination shall be binding on the Noteholders, the Couponholders and the Series Secured Parties and (unless the Note Trustee agrees otherwise) shall be notified by the Issuer to the Noteholders in accordance with Condition 16 (*Notices*) as soon as practicable thereafter.

In addition, the Note Trustee shall (subject to the provisions of Condition 7.2(c) (*Benchmark Replacement*)) be obliged to agree such modifications to the Note Trust Deed, the Agency Agreement and these Conditions as may be required in order to give effect to Condition 7.2(c) (*Benchmark Replacement*) in connection with effecting any Benchmark Amendments without the requirement for the consent or sanction of the Noteholders, Couponholders or any Series Secured Party. Any such modification shall be binding on the Noteholders and the Couponholders of that Series and, unless the Note Trustee agrees otherwise, shall be notified to the Noteholders of that Series as soon as practicable thereafter.

18.3 Note Trustee to have regard to interests of Noteholders as a class

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation or determination), the Note Trustee shall have regard to the general interests of the Noteholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Noteholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Note Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 10 (*Taxation*) and/or any undertaking or covenant given in addition to, or in substitution for, Condition 10 (*Taxation*) pursuant to the Note Trust Deed.

19. INDEMNIFICATION OF THE NOTE TRUSTEE AND THE NOTE TRUSTEE CONTRACTING WITH THE ISSUER

The Note Trust Deed contains provisions for the indemnification of the Note Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Note Trust Deed also contains provisions pursuant to which the Note Trustee is entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other member of the Clarion Housing Group and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other member of the Clarion Housing Group, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such

transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Note Trustee shall not be bound to take any step or action in connection with the Note Trust Deed or the Notes or obligations arising pursuant thereto or pursuant to the other Programme Documents, where it is not satisfied that it is indemnified and/or secured and/or prefunded against all its liabilities and costs incurred in connection with such step or action and may demand, prior to taking any such step or action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so as to indemnify it.

The Note Trustee shall have no responsibility for the validity, sufficiency or enforceability of the Series Security. The Note Trustee shall not be responsible for monitoring the compliance by any of the other Transaction Parties with their obligations under the Programme Documents or the Loan Facility Agreement, neither shall the Note Trustee be responsible for monitoring the compliance by the Group Borrower or any of the other parties to the Fixed Charges and the Security Trust Deed of their obligations under the Fixed Charges, the Security Trust Deed or any other document.

20. FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes (and backed by the same assets) or the same in all respects save for the amount and date of the first payment of interest thereon and the date from which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

21. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

22. GOVERNING LAW AND SUBMISSION TO JURISDICTION

22.1 Governing law

The Note Trust Deed, the Agency Agreement, the Account Agreement, the Notes, and the Coupons and any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Agency Agreement, the Account Agreement, the Notes and the Coupons are governed by, and construed in accordance with, English law.

22.2 Submission to jurisdiction

(a) Subject to Condition 22.2(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Note Trust Deed, the Notes and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Notes and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Note Trustee and any Noteholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

(b) For the purposes of this Condition 22.2, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

(c) To the extent allowed by law, the Note Trustee, the Noteholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

22.3 Other documents

The Issuer has in the Agency Agreement and the Account Agreement submitted to the jurisdiction of the English courts.

USE OF PROCEEDS

The net proceeds from the issue of Notes of each Series will be advanced by the Issuer to the Group Borrower pursuant to the Loan Facility Agreement in respect of such Series and the Group Borrower will, in turn, on-lend such funds to one or more of the Borrowers pursuant to an On-Loan Agreement made between the Group Borrower and the relevant Borrower(s) to be applied in the achievement of the relevant Borrower's or Borrowers' charitable objects, as permitted by their respective constitutional documents.

The Clarion Housing Group has established its Sustainable Housing Finance Framework (the **Sustainable Housing Finance Framework**). Notes issued under the Programme are intended to be Sustainability Bonds (as defined in the International Capital Market Association's (**ICMA**) Sustainability Bond Guidelines) (**Sustainability Bonds**) and the net proceeds from the issue of Notes of each Series will be used for sustainable purposes in accordance with the Sustainable Housing Finance Framework unless otherwise specified in relation to the particular issue. Such Notes are not issued as European Green Bonds in accordance with Regulation 2023/2631(the **EuGB Regulation**).

The Sustainable Housing Finance Framework contains four core components:

(a) *Use of proceeds*: the Clarion Housing Group allocates proceeds under the Sustainable Housing Finance Framework to finance and/or refinance, in whole or in part, new or existing eligible projects that fall exclusively into green categories and/or social categories as set out in the Sustainable Housing Finance Framework. Dependent on the nature of the project, the investment in such eligible projects can be measured through asset value, capital expenditure (**Capex**) or operating expenditure (**Opex**). An amount equivalent to the net proceeds raised is intended to be allocated to eligible projects within 24 months of issuance. For Capex or Opex, a look-back period of up to 36 months prior to the time of issuance will be applied;

(b) *Process for project evaluation and selection*: the Clarion Housing Group has created a Sustainable Finance Group (the **Sustainable Finance Group**) to ensure assessment and evaluation of projects and decisions on the approval of eligible projects. This group is a senior cross-divisional team made up of representatives from various departments including Group Finance and Development, and is jointly chaired on a rotating basis by the Director of Treasury and Corporate Finance and the Sustainability Director. The Sustainable Finance Group is also responsible for, among other things, monitoring compliance of existing eligible projects with the Sustainable Housing Finance Framework;

(c) *Management of proceeds*: Clarion Housing Group will maintain a register of eligible projects and the allocation of net proceeds to those eligible projects. The Sustainable Finance Group will take primary responsibility for managing this process and will assess the management of net proceeds at least quarterly. An amount equivalent to the net proceeds raised are expected to be allocated within 24 months of issuance and pending the allocation of such net proceeds to eligible projects, any unallocated funds may be temporarily used for other transactions in line with the treasury policy of Clarion Housing Group; and

(d) *Reporting*: each year, the Clarion Housing Group will provide reporting on, among other things, the allocation of net proceeds to eligible projects and impact delivered with the Sustainable Housing Finance Framework. Where appropriate, such allocation and impact reports will be made publicly available.

The Issuer may, in the future, update the Sustainable Housing Finance Framework. The Sustainable Housing Finance Framework is available at the following website: https://www.clarionhg.com/investors/investor-information/sustainable-housing-finance-framework.

The Issuer has appointed DNV (**DNV**), a sustainability rating agency, to review the Sustainable Housing Finance Framework. DNV has evaluated the Issuer's Sustainability Finance Framework and has issued a second party opinion to certify the alignment of the Sustainable Housing Finance Framework against certain

principles and guidelines. The second party opinion provided by DNV is available for viewing at the following website: https://www.clarionhg.com/investors/investor-information/sustainable-housing-finance-framework. For the avoidance of doubt, the Sustainable Housing Finance Framework and the DNV opinion, are not, nor shall they be deemed to be, incorporated in and/or form part of this Offering Circular.

Any additional information related to the use of proceeds will be set out in the applicable Final Terms, as the case may be.

DESCRIPTION OF THE LOAN FACILITY AGREEMENT

The following description of the Loan Facility Agreement consists of a summary of certain provisions of the Loan Facility Agreement and is qualified by reference to the detailed provisions thereof. The following summary does not purport to be complete and prospective investors must refer to the Loan Facility Agreement for detailed information regarding the Loan Facility Agreement. The Loan Facility Agreement is not, however, incorporated by reference into, and therefore does not form part of, this Offering Circular.

Terms used in this section but not otherwise defined in this Offering Circular have the meanings given to them in the Loan Facility Agreement Standard Terms.

Loan Facility

The Issuer as the Loan Facility Provider shall make a Loan Facility available to the Group Borrower from time to time on the Series Closing Date of each Series of Notes. Each Loan Facility will be a secured, guaranteed term loan facility made available pursuant to a Loan Facility Agreement. It is intended that the amount of the Loan given under each relevant Loan Facility Agreement will correspond to the proceeds of the issue of the related Series of Notes.

Purpose

The proceeds of each Loan Facility may only be used by the Group Borrower for on-lending by the Group Borrower to one or more of the Borrowers (subject as set out in "*Addition of Guarantors*" below) (together, the **Borrowers** and the **Guarantors**) pursuant to an On-Loan Agreement made between the Group Borrower and the relevant Borrower(s) to be applied in the achievement of the relevant Borrower's or Borrowers' charitable objects, as permitted by their respective constitutional documents.

The Group Borrower is entitled to borrow, has borrowed and will borrow from other lenders who also have the benefit of the Deed of Guarantee and the Underlying Security provided by the Guarantors and the Group Borrower to the extent that it is relevant in relation to the loan documentation between the Obligors and such lender.

Loan Facility Agreement

Each Loan Facility will be documented pursuant to a Loan Facility Agreement entered into between, among others, the Issuer (in its capacity as lender of the Loan Facility) and the Group Borrower (as borrower) and which will be comprised of the loan facility agreement standard terms (the **Loan Facility Agreement Standard Terms**) made between the Issuer and the Group Borrower and signed for identification on or about the Programme Date and each loan transaction terms (each **Loan Transaction Terms**) in respect of the relevant Series which will be made between the Issuer and the Group Borrower and which will be dated on or about the relevant Series Closing Date.

Advances

Subject to the Conditions Precedent Documents being received and the conditions for an advance to be made being satisfied in accordance with the Loan Facility Agreement on the relevant Series Closing Date, the Issuer shall advance the Total Advance Amount to the Group Borrower on the relevant Series Closing Date.

The Total Advance Amount will be specified in the relevant Loan Transaction Terms.

Interest

Interest Basis of Advances

An Advance under the Loan Facility can be made either as a Fixed Advance on a fixed rate basis or a Floating Advance on a floating rate basis. The interest rate basis of an Advance will be specified in the Loan Transaction Terms related to a Series.

Interest on the Loan Facility to correspond to interest on the Notes

For the avoidance of doubt, the parties to the Loan Facility Agreement shall acknowledge on each Series Closing Date that the Interest Rate to be specified in the Loan Transaction Terms in respect of an Advance, which corresponds to a Series of Notes to be issued by the Issuer to fund such Advance, should conform to the interest rate payable under such Series of Notes. In the event of any inconsistency in respect thereof, the provisions hereof in respect of the interest payable by the Group Borrower to the Issuer shall be adjusted accordingly such that the Group Borrower shall pay to the Issuer an amount of interest in respect of such Advance which conforms to the interest amount payable under the relevant Series of Notes.

Interest Rate

The rate of interest on each Advance for each Loan Interest Period will be specified in the relevant Loan Transaction Terms. The Group Borrower will pay accrued interest on each Advance on the Payment Date specified in the relevant Loan Transaction Terms.

Loan Interest Periods

The Loan Interest Periods in respect of each Advance shall start on (and include) a Payment Date (or in respect of the first Loan Interest Period, on (and include) the Series Closing Date) and shall end on (but exclude) the next (or first) Payment Date. The last Loan Interest Period shall end on (but exclude) the Final Maturity Date of such Advance (each, a **Loan Interest Period**).

Repayment, Prepayment and Purchase

Repayment Basis

The Group Borrower shall repay the entire principal outstanding of such Advance on the Final Maturity Date specified in the Loan Transaction Terms.

Optional Prepayment

Subject as follows, if "Optional Prepayment" is specified in the relevant Loan Transaction Terms as "Applicable" the Group Borrower may, at any time before the Final Maturity Date, give the Issuer not less than 45 nor more than 60 days' notice of its intention to prepay all or part of an outstanding Advance, together with any interest accrued up to and including the date of prepayment (or, if the corresponding Notes of the relevant Series are to be redeemed pursuant to Condition 9.2 (*Early Redemption)*, the date fixed for redemption of such corresponding Notes), to the Issuer and any prepayment so made shall satisfy the Group Borrower's obligations under Clause 6.1 (*Repayment of the Advances*) of the Loan Facility Agreement Standard Terms to the extent of such prepayment and shall be applied against such Advance or Advances as the Group Borrower shall specify. In the case of a Fixed Advance where the Specified Currency is Sterling, any prepayment shall be made at an amount equal to the higher of:

(a) par; and

(b) for so long as any Notes of the relevant Series are outstanding, the price as notified to the Group Borrower by the Issuer as being the price determined under the Note Trust Deed for the redemption of a corresponding principal amount of the applicable Notes of the relevant Series,

together with any interest accrued up to and including the date of redemption of the Notes corresponding to the relevant Loan Facility. In the case of a Floating Advance and/or where the Specified Currency of an Advance is not Sterling, any prepayment made shall be as specified in the relevant Loan Transaction Terms.

Mandatory Prepayment

If a Series of Notes becomes redeemable prior to their Final Maturity Date, other than as a result of a prepayment under or a termination of the Loan Facility Agreement, the Group Borrower shall repay the entire principal outstanding on the corresponding Advance at the principal amount on the Business Day prior to the relevant date of redemption, together with any interest accrued up to and including the date of redemption of the corresponding Series of Notes.

Mandatory Prepayment – Cancellation of Status

The Group Borrower shall promptly notify the Issuer and the Security Trustee if a Borrower ceases to be a Registered Provider of Social Housing. Within 180 days of such notification, the Group Borrower shall prepay the whole of the outstanding balance of the Loan Facility at the Mandatory Prepayment Amount, together with any interest accrued up to and including the relevant date of redemption, provided however, that (i) if the relevant Borrower either ceases to be a Borrower or regains its status as a Registered Provider of Social Housing within such period of 180 days or (ii) if the relevant Borrower has ceased to be a Registered Provider of Social Housing following, or as part of, a Permitted Reorganisation resulting from a transfer of all of its assets and liabilities to another Borrower which is itself a Registered Provider of Social Housing, the Group Borrower shall no longer be required to prepay the Loan Facility.

A **Registered Provider of Social Housing** is defined for the purpose of the Loan Agreement as meaning a person listed in the register of providers of social housing established under Chapter 3 of Part 2 of the Housing and Regeneration Act 2008 (as amended from time to time) or any replacement or successor legislation thereto, provided that if such legislation is repealed and not replaced or succeeded, the term Registered Provider of Social Housing shall be given such meaning as the Security Trustee (after consultation with the Issuer) considers to correspond to such meaning as at the date that such legislation is repealed.

Purchase of Notes by Group Borrower or any member of the Clarion Housing Group

The Group Borrower and any other member of the Clarion Housing Group (other than the Issuer) may at any time purchase Notes in the open market or otherwise at any price. Following any such purchase the Group Borrower or such other member of the Clarion Housing Group, as the case may be, may (but is not obliged to) surrender such Notes to the Issuer for cancellation. An amount equal to the principal amount outstanding of the Notes being surrendered shall be deemed to be prepaid under the relevant Loan Facility Agreement. Such surrendered and cancelled Notes shall not be available for reissue.

Tax Deduction and Gross Up on Loan Payments

The Group Borrower is required under each Loan Facility Agreement to make all payments to be made by it without any deduction or withholding for or on account of Tax under a Loan Facility (a **Tax Deduction**), unless a Tax Deduction is required by law.

The Group Borrower shall promptly upon becoming aware that it must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Issuer accordingly. Similarly, the Issuer on becoming so aware in respect of a payment payable to the Issuer shall notify the Group Borrower.

If a Tax Deduction is required by law to be made by the Group Borrower in respect of any payment under a Loan Facility, the amount of the payment due from the Group Borrower shall be increased to an amount which (after making any Tax Deduction) will result in the Issuer receiving an amount equal to the payment which would have been due if no Tax Deduction had been required (a **Tax Gross Up**).

Tax Indemnity

The Group Borrower shall (within three Business Days of demand by the Issuer) pay to the Issuer an amount equal to the loss, liability or cost which the Issuer determines will be or has been (directly or indirectly) suffered for or on account of Tax by the Issuer in respect of a Finance Document or the Group Borrower Security Deed.

The above shall not apply (a) with respect to any Tax assessed on the Issuer under the law of the United Kingdom or, if different, the jurisdiction (or jurisdictions) in which the Issuer is treated as resident for tax purposes, if that Tax is imposed on or calculated by reference to the net income received or receivable (but not any sum deemed to be received or receivable) by the Issuer; or (b) to the extent a loss, liability or cost is compensated for by an increased payment under the Tax Gross Up described above.

Tax Credit

If the Group Borrower makes a Tax Payment and the Issuer determines that:

(a) a Tax Credit is attributable either to an increased payment of which that Tax Payment forms part, or to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and

(b) the Issuer has obtained, utilised and retained that Tax Credit,

the Issuer shall pay an amount to the Group Borrower which the Issuer determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Group Borrower.

Gross-Up on Note Payments

If as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement) that it would on the next following Note Payment Date be required to withhold or deduct on account for tax on any payments made under the Notes and as a result would be required to pay additional amounts as provided or referred to in Condition 10 (*Taxation*), the Group Borrower shall pay to the Issuer such additional amounts as will enable the Issuer (after such withholding or deduction) to pay to the Noteholders and Couponholders the amounts of principal and interest which they would have received in respect of such Series of Notes in the absence of such withholding or deduction. However, in such circumstances, the Group Borrower may by notice to the Issuer require the Issuer to exercise its option to redeem the Notes early pursuant to Condition 9.3 (*Redemption for tax reasons*) and a corresponding amount under the Loan Facility shall become repayable, provided that the Issuer is entitled to do so pursuant to Condition 9.3 (*Redemption for tax reasons*).

Apportionment Basis

The Charged Properties securing the Borrowers' guarantee of the obligations of the Group Borrower under each Loan Facility Agreement shall be apportioned on (i) the Numerical Apportionment Basis (subject to the rights of the Beneficiaries to require the Specific Apportionment Basis to apply in limited circumstances after the occurrence of a Loan Event of Default in accordance with the terms of the Security Trust Deed) or (ii) the Specific Apportionment Basis, as specified in the Loan Transaction Terms. See "*Description of the Deed of Guarantee and the Underlying Security*" below.

The Issuer shall agree (and shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its agreement) to any apportionment (or adjustment to any apportionment) of its NAB Charged Properties:

(a) on 31st March and 30th September in each year;

(b) immediately before and as a condition precedent to the disbursement of any loan under any Finance Document, the accession of a new Beneficiary and/or the release of an Existing Beneficiary or Obligor (each as defined in the Security Trust Deed) from the Security Trust Deed; and

(c) promptly on further collateral being required to be posted under any Finance Document,

provided the terms of the relevant Loan Facility Agreement have been and continue to be complied with, no Loan Event of Default has occurred and is outstanding, the Group Borrower would continue to be in compliance with the NAB Asset Cover Test immediately after such apportionment (or adjustment to any apportionment) and such apportionment (or adjustment to any apportionment) be made with the agreement of all Beneficiaries except in the circumstances specified in Clause 5.2(B) of the NAB Administration Agreement.

Warranties and Covenants

The Group Borrower will make various representations and warranties to the Issuer in the Loan Facility Agreement on each Series Closing Date subject to the provisos in the Loan Facility Agreement Standard Terms, and will undertake to comply with a number of covenants. These representations, warranties and covenants include, *inter alia*, the following:

(a) ***Information Covenants***: The Group Borrower must supply to the Issuer and the Security Trustee not later than seven months after the end of each financial year copies of (i) the audited consolidated financial statements of the Group Parent for such financial year; (ii) the audited unconsolidated financial statements of the Group Borrower for such financial year; (iii) the audited unconsolidated financial statements of each Borrower for such financial year; and (iv) a certificate setting out, among other things, calculations in respect of the financial covenants substantially in the form set out in the Loan Facility Agreement (the **Compliance Certificate**) signed by an authorised signatory of the Group Borrower.

(b) ***Negative Pledge***: The Group Borrower shall procure that no Obligor shall create or allow to exist any Security Interest on any of its assets which are Security Assets, except as set out in Clause 8.2(c) (*Negative Pledge*) of the Loan Facility Agreement Standard Terms which includes the Security Interests created pursuant to, *inter alia*, the Security Trust Deed and the Fixed Charges.

(c) ***No Other Business***: The Group Borrower must not carry on any other business or own any assets other than incurring indebtedness to the extent permitted by the Finance Documents (as defined in the Security Trust Deed) including the entering into of derivative transactions in connection with protection against or to benefit from fluctuations in any rate, price, currency, index or credit rating, and the making of loans and guarantees to other members of the Clarion Housing Group and matters related thereto, each in its capacity as a group finance vehicle for the Clarion Housing Group and/or the entry into the Finance Documents to which it is a party and all matters contemplated therein.

(d) ***Charged Properties***: The Group Borrower shall procure that each Borrower obtains any authorisation or licence required in order to enable the Security Trustee pursuant to the powers of enforcement conferred on it by the Security Documents to sell vacant Charged Properties and maintains insurances on and in relation to its Charged Properties.

(e) ***Covenants***: The Group Borrower shall (unless the Security Trustee otherwise agrees in writing) procure that each Borrower complies with any covenants or restrictive covenants relating to a Charged Property which are binding on it.

(f) ***On-Loan Agreements***: The Group Borrower undertakes to ensure that a sufficient rate of interest is charged under the On-Loan Agreements (taken as a whole) to ensure that the Group Borrower is able to meet its obligation to pay interest under, *inter alia*, the Loan Facility Agreement.

Financial Covenants

Asset Cover Test

The Group Borrower shall covenant with the Issuer to ensure that from the date of each Loan Facility Agreement until all amounts due from the Group Borrower under the Loan Facility Agreement have been repaid in full:

(a) where the Numerical Apportionment Basis has been specified in the Loan Transaction Terms as the method of apportionment of Charged Properties in relation to a Loan Facility, the aggregate of:

(i) the Minimum Value of the NAB Charged Properties multiplied by the Series Security Percentage; and

(ii) the aggregate amount of any Charged Cash in any Cash Security Account relating to such Series,

is not less than the outstanding principal amount of the Loan Facility (the **NAB Asset Cover Test**); and

(b) where the Specific Allocation Basis has been specified in the Loan Transaction Terms as the method of apportionment of Charged Properties in relation to a Loan Facility, the aggregate of:

(i) the Minimum Value of the SAB Charged Properties relating to the relevant Loan Facility; and

(ii) the aggregate amount of any Charged Cash in any Cash Security Account relating to such Series,

is not less than the outstanding principal amount of the Loan Facility (the **SAB Asset Cover Test** and, together with the NAB Asset Cover Test, the **Asset Cover Tests** and each an **Asset Cover Test**).

(c) The Group Borrower shall provide to the Issuer and the Security Trustee, on each Valuation Date, a Compliance Certificate, together with the relevant Valuation Report signed by an Authorised Signatory of the Group Borrower.

(d) In the event that the basis of the Issuer's apportionment of security in respect of the Group Borrower's obligations under the Loan Facility Agreement is changed to the Specific Apportionment Basis in accordance with the Security Trust Deed, the relevant Asset Cover Test and each of the provisions relating to the release, addition, substitution and apportionment of Charged Properties in the Loan Facility Agreement shall be construed accordingly.

Charged Cash

The Group Borrower may, at any time, place funds with the Issuer and the Issuer may deposit, or arrange for the deposit, of money into the Cash Security Account (if any) relating to the corresponding Series of Notes for the purpose of satisfying the relevant Asset Cover Test.

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a Compliance Certificate demonstrating that, immediately upon the release of all or any portion of the Charged Cash, the relevant Asset Cover Test will be satisfied, the Issuer shall be entitled to have released to it the Charged Cash (or the relevant portion thereof) from the Cash Security Account (if any).

Substitution

At the request and expense of the relevant Borrower (acting through the Group Borrower), the Security Trustee shall (and the Issuer shall be deemed to direct the Security Trustee to) release from the relevant Security Documents (and/or reallocate, if applicable) such of the NAB Charged Properties or the SAB Charged Properties allocated to the Loan Facility Provider as Beneficiary, as the case may be, and substitute such of the Properties (each, a **Substitute Property**) as may be selected by the relevant Borrower (acting through the Group Borrower), provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Substitute Property Certificate certifying that, *inter alia*, immediately following such release (and/or reallocation, if applicable), the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the substitution of the relevant Properties and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a completed Substitute Property Certificate, the Issuer shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its satisfaction with the conditions of Clause 6.1 (*Substitution of Security Assets*) of the Security Trust Deed in relation to the Substitute Properties and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Release

At the request and expense of the relevant Borrower (acting through the Group Borrower), the Security Trustee shall release (and the Issuer shall be deemed to direct the Security Trustee to release) from the relevant Security Documents (and/or reallocate, if applicable) such of the NAB Charged Properties or the SAB Charged Properties allocated to the Loan Facility Provider as Beneficiary, as the case may be, as may be selected by the relevant Borrower (acting through the Group Borrower) provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Property Release Certificate, certifying that, immediately following such release (and/or reallocation, if applicable), the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the release (and/or reallocation, if applicable) of the relevant NAB Charged Properties or the SAB Charged Properties, respectively and that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing.

Statutory Disposals

Each Borrower shall have the right to withdraw Property from the relevant Security Documents such of the NAB Charged Properties or the SAB Charged Properties, as the case may be, as may be subject to any Statutory Disposal, provided that the Group Borrower delivers to the Issuer and the Security Trustee a completed Statutory Disposal Certificate, certifying that the relevant withdrawal relates to a Statutory Disposal and that, immediately following such release, the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached as a result of the release of the relevant Charged Properties.

Additional provisions on the release of Charged Properties

The provisions under the headings "*Substitution*", "*Release*" and "*Statutory Disposals*" shall not apply to:

(a) a release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution of Unallocated Charged Properties; or

(b) a release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution of Units where this would not reduce the number of Units allocated to the Loan Facility Provider as Beneficiary as set out in the latest NAB Apportionment Certificate,

provided, in each case, that no Loan Event of Default or Potential Loan Event of Default has occurred and is continuing at that time or would result from that release (and/or reallocation, if applicable) or release (and/or reallocation, if applicable) and substitution.

Approval of New Properties

Subject to the delivery by the Group Borrower to the Issuer and the Security Trustee of a completed New Property Approval Certificate confirming that, *inter alia*, the proposed New Properties are residential properties of a type and nature that are usually owned by Registered Providers of Social Housing, and that a Full Valuation has been delivered to the Security Trustee pursuant to the Security Trust Deed, the Issuer shall be deemed to have confirmed to the Security Trustee under the Security Trust Deed its satisfaction with the conditions of Clause 3.2 (*Additional Security*) of the Security Trust Deed.

Valuations

Full Valuations and Desk Top Valuations

In accordance with Clause 14.1 (*Full Valuations and Desk Top Valuations*) of the Loan Facility Agreement Standard Terms and subject to the provisions below, the Group Borrower shall deliver, or procure the delivery, to the Issuer and the Security Trustee of:

(a) a full valuation which values all Charged Properties on a full valuation basis at least once in every period of five calendar years (a **Full Valuation**), where the first such Full Valuation must be delivered in the period between 31st March in the year specified as the First Full Valuation Year in the Loan Transaction Terms and the date falling 120 days thereafter (or, at the option of the Group Borrower, within the same period in any prior calendar year) and, unless the Issuer, Group Borrower and Security Trustee agree otherwise, thereafter within 120 days of each consecutive fifth anniversary of the date on which the Full Valuation was previously provided; and

(b) a valuation which values all the Charged Properties on a "desk-top" basis (a **Desk Top Valuation**) in the period between 31st March and the date falling 120 days thereafter in each year other than a year in respect of which such Charged Properties have been valued on a full valuation basis through the delivery of a Full Valuation in accordance with paragraph (a) above, where the first such Desk Top Valuation must be delivered within 120 days of 31st March in the year specified as the First Desk Top Valuation Year in the Loan Transaction Terms.

Rolling Valuations

In accordance with Clause 14.2 (*Rolling Valuations*) of the Loan Facility Agreement Standard Terms and notwithstanding the above, the Group Borrower may elect to deliver, or procure the delivery of, a rolling valuation, instead of a Full Valuation and Desk Top Valuation as described above, to the Issuer and the Security Trustee in the period between 31st March and the date falling 120 days thereafter in each year whereby the Valuer values:

(a) not less than 20 per cent. of the Charged Properties on a full valuation basis (such Charged Properties being Charged Properties which have not been the subject of a full valuation in either a Full Valuation (other than a Full Valuation prepared pursuant the provisions above)) or a Rolling Valuation prepared in the preceding two years and such that 100 per cent. of Charged Properties are valued on a full valuation basis in any five year period following the election by the Group Borrower to deliver, or procure the delivery of, Rolling Valuations taking into account any additions, substitutions and withdrawals of Charged Properties in accordance with the Loan Facility Agreement (unless otherwise agreed between the Issuer, the Group Borrower and the Security Trustee); and

(b) the remaining Charged Properties on a "desk-top" basis,

(each such valuation, a **Rolling Valuation**).

If the Group Borrower elects to deliver, or procure the delivery of a Rolling Valuation in accordance with the above paragraph, the Group Borrower will not be required to deliver, or procure the delivery of, a Full Valuation every five years and a Desk Top Valuation in each year in which a Full Valuation is not produced.

Loan Events of Default and Enforcement

Loan Events of Default

Each of the following paragraphs describes circumstances which constitute a Loan Event of Default for the purposes of a Loan Facility Agreement:

(a) ***Non-payment***: An Obligor fails to pay any sum due from it under the Finance Documents in the manner specified therein unless the non-payment continues for a period of not more than seven days in the case of principal and not more than 14 days in the case of interest.

(b) ***Breach of Other Obligations***: Any Obligor fails duly to perform or comply with any other obligation expressed to be assumed by it in any Finance Document or Security Document to which it is a party (other than (i) those in (a) (*Non-Payment*) and (h) (*Breach of Asset Cover Test*) and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) such failure, if capable of remedy, is not remedied within 30 Business Days next following the service by the Security Trustee on the relevant Obligor of notice requiring the same to be remedied.

(c) ***Other non-payment:***

(i) any other present and future indebtedness of an Obligor for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described);

(ii) any such indebtedness of an Obligor is not paid when due or, as the case may be, within any applicable grace period; and

(iii) an Obligor fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned in sub-clauses (i) to (iii) above in this paragraph (c) have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Security Trustee) and provided, further, for the avoidance of doubt, that the amounts mentioned in this paragraph (c) shall exclude the amount of any Public Sector Subsidy except for any Public Sector Subsidy which is or becomes due and payable to the relevant grant making body or organisation.

(d) ***Winding-Up***: Any order is made by any competent court or resolution passed for the winding up or dissolution of an Obligor save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Trustee.

(e) ***Cessation of Business:*** An Obligor ceases or threatens to cease to carry on the whole or, as determined by the Security Trustee, a substantial part of its business, save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Trustee, or an Obligor stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent.

(f) ***Insolvency:*** Any of the insolvency related events occurs or proceedings are taken in accordance with Clause 16.6 (*Insolvency*) or Clause 16.7 (*Insolvency Proceedings*) of the Loan Facility Agreement Standard Terms, respectively (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).

(g) ***Unlawfulness:*** It is or becomes unlawful for an Obligor to perform any of its material obligations under the Finance Documents or Security Documents to which it is a party.

(h) ***Breach of Asset Cover Test:*** The Group Borrower fails to perform its obligations under Clause 12.1 (*Asset Cover Test*) of the Loan Facility Agreement Standard Terms and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 60 days next following the service by the Security Trustee on the Group Borrower of notice requiring the same to be remedied.

Action Upon A Loan Event Of Default

Acceleration and Cancellation

Upon the occurrence of a Loan Event of Default (but in the case of the happening of any of the events described in paragraphs (b) (*Breach of Other Obligations*) to (d) (*Winding-Up*) (other than the winding up or dissolution of the Group Borrower) inclusive, only if the Security Trustee shall have certified in writing to the Group Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), at any time thereafter (whilst it is continuing and unwaived), the Security Trustee at its discretion may, and shall if so directed by the Issuer, by notice to the Obligors declare the relevant Loan Facility to be immediately due and payable (whereupon the same shall become so payable together with accrued interest thereon and any other sums then owed by the Group Borrower under the Loan Facility Agreement) and/or permit the Charged Cash standing to the credit of the Cash Security Account (if any) to be applied in discharge of the Group Borrower's obligations under the Loan Facility Agreement.

Call on the Deed of Guarantee

Upon the occurrence of a Loan Event of Default (and in the case of the happening of any of the events described in paragraphs (b) (*Breach of other obligations*) to (d) (*Winding-Up*) (other than the winding up or dissolution of the Group Borrower) inclusive above, only if the Security Trustee shall have certified in writing to the Group Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), at any time thereafter (whilst it is continuing and unwaived), the Security Trustee at its discretion may, and shall if so directed by the Issuer, by notice to each of the Guarantors, call for payment of all amounts due under the Deed of Guarantee in respect of such Loan Facility.

In the event that the Guarantors fail to pay on demand amounts owing by them to the Issuer, subject always to the provisions of the Security Documents, the Security Trustee at its discretion may, and shall if so directed by the Issuer serve notice of a Loan Enforcement Event (as defined under the definition of "Enforcement Event" in the Security Trust Deed) on the Group Borrower and/or the Guarantors and decide to enforce the Security and if so, the Issuer shall direct the Security Trustee to enforce the security in respect of any NAB Charged Properties apportioned to the Issuer in accordance with the NAB Administration Agreement and the Security Trust Deed and any SAB Charged Properties apportioned to the Issuer in accordance with the Security Trust Deed and, if permitted to do so by the Security Trust Deed, the Unallocated Charged Properties, and the Security Trustee shall be bound to declare, direct or take any such proceedings if it shall have been (a) so directed by the Issuer and (b) indemnified and/or secured (whether by the provision of security or otherwise) and/or prefunded to its satisfaction.

Indemnity

The Group Borrower will agree in a Loan Facility Agreement to indemnify the Issuer and the Security Trustee against any cost, claim, loss, expense (including legal fees) or liability, which it may directly sustain or incur as a consequence of: (i) the occurrence of any Loan Event of Default or any default by any Obligor in the performance of any of the obligations expressed to be assumed by it in any of the Finance Documents or the Security Documents or the investigation of any Loan Event of Default or such default which the Issuer or the Security Trustee reasonably believes is a Loan Event of Default or such default; (ii) an Advance not being made on the Series Closing Date as a result of the Group Borrower failing to deliver the required Conditions Precedent Documents to the Issuer in accordance with Clause 2.4 (*Conditions Precedent Documents for Advances*) of the Loan Facility Agreement Standard Terms and/or not satisfying any of the conditions in Clause 4 (*Making of Advances*) of the Loan Facility Agreement Standard Terms for that Advance (other than by reason of the negligence or default of the Issuer); (iii) any prepayment of the Notes in accordance with Condition 9.2 (*Early Redemption*) or Condition 9.4 (*Mandatory Early Redemption*), including any prepayment penalty incurred by the Issuer in connection therewith; or (iv) acting or relying on any formal notice, request or instruction which it reasonably believes to be genuine, correct and appropriately authorised (having made all appropriate checks).

Addition and Resignation of Guarantors in respect of a Loan Facility Agreement

Addition of Guarantors

Pursuant to Clause 23.1 (*Addition of New Guarantors*) of the Loan Facility Agreement Standard Terms, the Group Borrower may procure that any other member of the Clarion Housing Group becomes a Guarantor in respect of a Loan Facility Agreement provided that such member is a Charity and a Registered Provider of Social Housing and has (a) acceded to the Deed of Guarantee as a Guarantor; (b) acceded to the Security Trust Deed as an Obligor; and (c) created security over its Charged Properties to secure its obligations pursuant to the Deed of Guarantee.

Resignation of Guarantors

Pursuant to Clause 23.2 (*Resignation of a Guarantor*) of the Loan Facility Agreement Standard Terms, a Guarantor may cease to be a Guarantor, upon request by the Group Borrower, provided that the Group Borrower provides a Guarantor Resignation Notice (as defined in the Loan Facility Agreement) confirming (a) that the NAB Asset Cover Test or the SAB Asset Cover Test, as the case may be, will not be breached by reason of the acceptance of such Guarantor Resignation Notice; and (b) the Guarantor has ceased to be a Guarantor pursuant to clause 11 of the Deed of Guarantee.

Clauses 23.1 and 23.2 of the Loan Facility Agreement Standard Terms do not, however, prohibit a Permitted Reorganisation (but without prejudice to "*Mandatory Prepayment – Cancellation of Status*" above).

DESCRIPTION OF THE DEED OF GUARANTEE AND UNDERLYING SECURITY

The following description of the Deed of Guarantee and Underlying Security consists of a summary of certain provisions of the Deed of Guarantee and the documents evidencing the Underlying Security and is qualified by reference to the detailed provisions thereof. The following summary does not purport to be complete and prospective investors must refer to the Deed of Guarantee and the documents evidencing the Underlying Security for detailed information regarding the Deed of Guarantee and Underlying Security, respectively.

Definitions used in this section but not otherwise defined in this Offering Circular have the meanings given to them in the Deed of Guarantee and the documents evidencing the Underlying Security.

OVERVIEW

The obligations of the Group Borrower under the Loan Facility granted by the Issuer will be guaranteed by the Guarantors pursuant to the Deed of Guarantee in favour of the Security Trustee on trust for and on behalf of the Issuer and all other Loan Facility Providers (as defined in the Deed of Guarantee). To secure their obligations under the Deed of Guarantee, the Guarantors will create Fixed Charges in favour of the Security Trustee over certain Charged Properties.

The Group Borrower will create security in favour of the Security Trustee on trust for the Issuer and all other Loan Facility Providers (as defined in the Deed of Guarantee) over the account into which the proceeds of any Loan Facility are paid and over the account into which the Guarantors make payment of amounts due to the Group Borrower under the On-Loan Agreement and over its rights under each On-Loan Agreement which shall be held by the Security Trustee.

The security created by the Guarantors and the Group Borrower will be held by the Security Trustee on the terms of the Security Trust Deed.

DEED OF GUARANTEE

Deed of Guarantee

The Guarantors have pursuant to the Deed of Guarantee jointly and severally and unconditionally and irrevocably guaranteed to the Security Trustee on trust for and on behalf of each Guarantee Beneficiary the due and punctual payment of all sums from time to time payable by the Group Borrower to such Guarantee Beneficiary under each Designated Agreement when the same become due and payable and accordingly the Guarantors undertake to pay the Security Trustee as trustee for and on behalf of such Guarantee Beneficiary any and every sum or sums which the Group Borrower is at any time liable to pay in respect of such Designated Agreement and which the Group Borrower has failed to pay.

Indemnity

The Guarantors have pursuant to the Deed of Guarantee jointly and severally and irrevocably and unconditionally agreed as a primary obligation to indemnify the Security Trustee as trustee for and on behalf of each Guarantee Beneficiary from time to time from and against any loss incurred by such Guarantee Beneficiary as a result of any of the obligations of the Group Borrower under or pursuant to a Designated Agreement or any provision thereof being or becoming void, voidable, unenforceable or ineffective for any reason whatsoever, whether or not known to such Guarantee Beneficiary or any other person, the amount of such loss being the amount which such Guarantee Beneficiary would otherwise have been entitled to recover from the Group Borrower.

Limit of liability and recourse

The liability of the Guarantors is not limited in respect of sums expressed to be payable by the Guarantors under the Deed of Guarantee. However, all obligations of the Guarantors under the Deed of Guarantee are

limited in recourse in that neither the Security Trustee (on behalf of a Guarantee Beneficiary) nor any Guarantee Beneficiary shall have any claim against or recourse to the assets, property or undertaking of a Guarantor as underlying security except as follows:

(a) a secured claim against the Apportioned Part relevant to that Guarantee Beneficiary subject to and in accordance with the Security Trust Deed;

(b) a secured claim against the Unallocated Charged Properties subject to and in accordance with the Security Trust Deed; and

(c) in respect of any sums due and payable to the Security Trustee for and on behalf of that Guarantee Beneficiary under the Deed of Guarantee which are in excess of the proceeds of enforcement against the relevant Apportioned Part and Unallocated Charged Properties to which such Guarantee Beneficiary is entitled under the Security Trust Deed, an unsecured joint and several claim against each Guarantor in the amount of such excess.

Preservation of Rights

The obligations of the Guarantors under the Deed of Guarantee are joint and several principal obligations and not merely as surety.

Continuing obligations: The joint and several obligations of the Guarantors under the Deed of Guarantee shall constitute and be continuing obligations notwithstanding any settlement of account or other matter or thing whatsoever and shall not be considered satisfied by any intermediate payment or satisfaction of all or any of the Group Borrower's obligations under or in respect of a Designated Agreement and shall continue in full force and effect until all sums due from the Group Borrower in respect of a Designated Agreement have been paid, and all other obligations of the Group Borrower in respect thereof have been satisfied in full.

Obligations not discharged: Neither the joint and several obligations of the Guarantors nor the rights, powers and remedies conferred upon the Security Trustee and the Guarantee Beneficiaries by the Deed of Guarantee or by law shall be discharged, impaired or otherwise affected by: (a) the winding-up of the Group Borrower or any change in its status, function, control or ownership; (b) the illegality of any of the obligations of the Group Borrower under or in respect of a Designated Agreement; (c) time or other indulgence being granted or agreed to be granted to the Group Borrower in respect of any of its obligations under or in respect of a Designated Agreement; (d) any amendment to, or any variation, waiver or release of, any obligation of the Group Borrower under or in respect of a Designated Agreement or any security or other guarantee or indemnity in respect thereof; or (e) any other act, event or omission which, but for this provision in the Deed of Guarantee, might operate to discharge, impair or otherwise affect the obligations expressed to be assumed by the Guarantors in the Deed of Guarantee or any of the rights, powers or remedies conferred upon the Guarantee Beneficiaries or any of them by the Deed of Guarantee or by law.

Settlement conditional: Any settlement or discharge under the Deed of Guarantee shall be conditional upon no payment to the Guarantee Beneficiaries by the Group Borrower being avoided or reduced by virtue of any laws relating to bankruptcy, insolvency, liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Guarantee Beneficiaries shall be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantors subsequently as if such settlement or discharge had not occurred.

Exercise of rights: Neither the Security Trustee (on behalf of a Guarantee Beneficiary) nor any Guarantee Beneficiary shall be obliged before exercising any of the rights, powers or remedies conferred upon it by the Deed of Guarantee or by law to make any demand of the Group Borrower, save for the presentation of the relevant Designated Agreement; to take any action or obtain judgment in any court against the Group Borrower; or to make or file any claim or proof in a winding up or dissolution of the Group Borrower, and (save as aforesaid) the Guarantors expressly waive presentment, demand, protest and notice of dishonour in respect of each Designated Agreement.

Deferral of Guarantors' rights: The Guarantors agree that, so long as any sums are or may be owed by the Group Borrower in respect of a Designated Agreement or the Group Borrower is under any other actual or contingent obligation thereunder or in respect thereof, the Guarantors will not exercise any right which the Guarantors may at any time have by reason of the performance by the Guarantors of their obligations under the Deed of Guarantee in relation to: (a) their being indemnified by the Group Borrower or any other person; (b) claiming any contribution from any other guarantor of the Group Borrower's obligations under or in respect of a Designated Agreement or any other person; (c) taking the benefit (in whole or in part) of any security enjoyed in connection with a Designated Agreement by any Guarantee Beneficiary; and/or (d) being subrogated to the rights of the Security Trustee against the Group Borrower in respect of amounts paid by the Guarantors under the Deed of Guarantee, provided that the deferral of Guarantors' rights shall not apply to the exercise of any Guarantor's rights under the Counter-Indemnity Agreement.

Representations by the Guarantors

As of the date of the Deed of Guarantee (and from time to time as indicated in the "*Repetition of Representations*" below), each Guarantor has represented and warranted, in relation to the Borrower Transaction Documents (as defined in the Deed of Guarantee), to the Security Trustee and the Guarantee Beneficiaries, in a manner substantially similar in relation to those Representations given by the Group Borrower pursuant to the Finance Documents as described in the "*Description of the Loan Facility Agreement*" above, with the addition of the following representations:

(e) ***No filing***: under the laws of England and Wales, other than the registration of the Security Documents with the Companies Registry or, as the case may be, the Financial Conduct Authority or the Land Registry, it is not necessary in respect of the Borrower Transaction Documents to which it is a party, that any consent, licence or approval be obtained from or that the Borrower Transaction Documents, be filed, recorded or enrolled with any court, governmental or other authority in England and Wales on or in relation to any of the Borrower Transaction Documents or the transactions contemplated by the Borrower Transaction Documents;

(d) an assignment in favour of the Security Trustee of, *inter alia*:

(i) all present and future income and claims which are earned by or become payable to or for the account of each Guarantor in connection with or by reference to the Charged Property (including, without limitation, income from rent, service charges and licence fees) and proceeds of any sale of any interest in the Charged Property;

(ii) the personal agreements and covenants (still subsisting and capable of being enforced) by the tenants, lessees, licensees or other parties under any Approved Tenancy in respect of the Charged Properties and by all guarantors and all security held by each Guarantor from time to time, whether present or future, in respect of obligations of the tenants, lessees, licensees or other parties under any Approved Tenancy;

(vi) the benefit of all guarantees, warranties and representations given or made now or hereafter by, and any rights or remedies against, all or any of the designers, builders, contractors, professional advisers, sub-contractors, manufacturers, suppliers and installers of any fixtures in respect of the Charged Property.

Benefit of Fixed Charges

The Security Trustee will hold the benefit of each Fixed Charge on trust for the Finance Beneficiaries in accordance with the terms of the Security Trust Deed.

Representations and Warranties

Each Guarantor has represented and warranted to the Security Trustee in the relevant Fixed Charge that, except as disclosed in any certificates of title regarding the Charged Properties and except for the rights of tenants under any Approved Tenancy:

(a) it is the absolute legal and beneficial owner of each Charged Property;

(f) no facilities (other than water, gas, electricity or telephone) necessary for the enjoyment and use of each Charged Property are enjoyed by the Charged Property on terms entitling any person to terminate or curtail its or their use to the extent which such materially affects or is reasonably likely to materially and adversely affect the Value of the Charged Property; and

(g) the Guarantor has received no notice of any adverse claims by any person in respect of the ownership of a Charged Property nor any interest in it, nor has any acknowledgement been given to any person in respect of it.

Maintenance of Insurance

Each Guarantor has agreed in the relevant Fixed Charge that it will maintain Insurances (or procure the maintenance of Insurances by an owner of a superior interest in the Charged Property) in relation to those parts of the Charged Property which are of an insurable nature with reputable underwriters or insurance companies against the risks and to the extent as is usual for non-self-insuring housing associations carrying on activities such as that carried on by the relevant Guarantor and will duly pay all premiums and other moneys necessary for effecting and keeping up such insurance as and when the same become due.

Each Guarantor has agreed in the relevant Fixed Charge that it will procure that in respect to any insurance in respect of the Charged Property a note of the Security Trustee's interest is endorsed on that policy or those policies unless such insurance provides for automatic noting of the Security Trustee's interest and that the relevant Guarantor will not do or permit anything in or on or relating to the Charged Property or any part thereof which may make void or voidable any insurance in connection therewith.

Covenants of the Guarantors in relation to the Charged Properties

Each Guarantor has covenanted in the relevant Fixed Charge to the Security Trustee that it will, *inter alia*:

(i) ***Notices***: notify the Security Trustee (within seven days of receipt by the Guarantor) of any application, requirement, order or notice served or given by any person with respect to the Charged Property or its use and produce the original or a copy to the Security Trustee (within seven days of demand) and inform the Security Trustee of the steps taken or proposed to be taken to comply with any such requirement;

Such investigations shall be at the expense of the Guarantor; and

Enforcement of Fixed Charge

The security conferred by each Fixed Charge will become immediately enforceable and the power of sale and other powers conferred by section 101 of the Law of Property Act 1925 (as varied or amended by the Fixed Charge) will be immediately exercisable on and after an Enforcement Event has occurred. After the security constituted by each Fixed Charge has become enforceable, the Security Trustee may subject to and in accordance with the Security Trust Deed enforce all or any part of the security in any manner it sees fit.

At any time after the security constituted by each Fixed Charge shall have become and remains enforceable, the Security Trustee may without any consent from or notice to the Guarantor or any other person enter upon and take possession of the Charged Property or any part thereof and may sell, call in, collect, convert into money, manage or appoint others to manage or otherwise deal with the same or any part thereof in such manner and for such consideration as the Security Trustee shall think fit.

SECURITY TRUST DEED

Overview

The Group Borrower has raised and may raise further funds by borrowing under Loan Facility Agreements from various Loan Facility Providers (as defined in the Security Trust Deed) and the Issuer (each a **Finance**

Beneficiary, which term shall include any further Loan Facility Provider (as defined in the Security Trust Deed) which accede to the Security Trust Deed as lender to the Group Borrower).

The Security Trust Deed is made between, *inter alios*, the Security Trustee, the Group Borrower and each Guarantor for the purpose of determining how the interests of the Finance Beneficiaries benefit from and are allocated the Security held by the Security Trustee.

Addition of Finance Beneficiaries

The Issuer will accede to the Security Trust Deed on the Programme Date as a Finance Beneficiary. Additional Loan Facility Providers (as defined in the Security Trust Deed) may accede to the Security Trust Deed as a Finance Beneficiary upon the Group Borrower notifying the Security Trustee prior to the proposed date of accession and there being delivered to the Security Trustee a specified notice in respect of such accession and a copy of the relevant document evidencing the obligations of the relevant Obligor to such Finance Beneficiary. The Security Trustee shall notify each existing Finance Beneficiary and each Obligor of the accession of the new Finance Beneficiary to the Security Trust Deed.

Accession of Obligors

Additional Obligors may accede to the Security Trust Deed as an Obligor upon such a person notifying the Security Trustee prior to the proposed date of accession and there being delivered to the Security Trustee a specified notice in respect of such accession and a copy of the relevant document evidencing the obligations of the relevant Obligor and details of the properties which the proposed Obligor wishes to become Charged Properties. The Security Trustee shall notify each existing Finance Beneficiary and each Obligor of the accession of a new Obligor to the Security Trust Deed.

A new Obligor will be required to satisfy certain conditions precedent as set out in the relevant Loan Facility Agreements and any other loan facility agreement entered into by the Group Borrower and any other Loan Facility Provider (as defined in the Security Trust Deed) and accede to the Deed of Guarantee, the Deed of Covenant and the On-Loan Agreement in addition to the Security Trust Deed before becoming an Obligor.

The Security

The Security initially to be held by, or to the order of, the Security Trustee upon the trusts contained in the Security Trust Deed and as detailed in each Security Document creating, evidencing or granting security for the obligations of Obligors under a Relevant Document shall comprise the benefit of the Encumbrances, Rights and obligations arising in favour of the Security Trustee under each Security Document and each Ancillary Document and all notices of assignment or charge given pursuant to any of the Security Documents and all acknowledgements given in respect of such notices.

The Security Trustee may from time to time accept as security for the Secured Obligations the benefit of any security, rights or obligations as may from time to time be offered to it as security for the Secured Obligations provided that such security is granted in the form of a Fixed Charge or a Supplemental Fixed Charge and the relevant Obligor has satisfied in respect of such security the relevant conditions precedent to the satisfaction of (a) the Security Trustee (in the case of Unallocated Charged Properties); (b) the person prescribed by the NAB Administration Agreement (in the case of NAB Charged Properties); or (c) Security Trustee acting on instructions of the relevant Finance Beneficiary (in the case of SAB Charged Properties), save to the extent that the Security Trustee or, if applicable, the relevant Finance Beneficiary has waived compliance with any of the same.

Protection of Charged Properties

Except as expressly permitted by a Relevant Document or as may be required by law, the Security Trustee has agreed in the Security Trust Deed that it shall not, (a) release any Charged Properties from the Security or re-allocate any of the Charged Properties; or (b) enter into any deed or document which would purport to impose

any obligation on the relevant Finance Beneficiary or would create any Encumbrance affecting a Charged Property, provided that where a Relevant Document prescribes that either of the matters referred to in (a) or (b) above may occur with the prior written consent of the Finance Beneficiaries, such consent shall be given in relation to NAB Charged Properties, as prescribed by the NAB Administration Agreement or in relation to SAB Charged Properties, by the relevant SAB Beneficiary or SAB Beneficiaries, and provided further that either of the matters referred to in (a) or (b) above may occur in relation to an Unallocated Charged Property with the prior written consent of the relevant Obligor.

Security Register

Each Group Borrower has agreed in the Security Trust Deed that it will at all times maintain a register of all security interests created in respect of its assets (the **Security Register**) which are subject to the Security and will promptly make the relevant entry in the relevant part of the Security Register in respect of each asset charged by an Obligor in favour of the Security Trustee so as to form part of the Security Assets; each release of Security Assets from any Security Document; any disposition or dealing affecting any Security Asset including (without limitation) any disposition by operation of law and any disposal of all or part of any Shared Ownership Property but excluding any letting on an Approved Tenancy; and each reallocation of an Apportioned Part as part of the Unallocated Charged Properties or in favour of another Finance Beneficiary in accordance with the Security Trust Deed, provided that each Group Borrower in the Security Register shall at all times distinguish between the Apportioned Parts in respect of each Finance Beneficiary and any of the properties comprised in the Unallocated Charged Properties.

Apportionment of Charged Properties

It will be specified in the Loan Facility Agreements and any other loan facility agreement entered into by the Group Borrower and any other Loan Facility Provider (as defined in the Security Trust Deed) on which basis the Charged Properties have been allocated in respect of that loan facility. This allocation method will also be specified in the relevant Supplement for a Series which funds that Loan Facility.

The Security Trustee will apportion the Charged Properties into such number of parts among the Finance Beneficiaries as is appropriate under either:

(a) the **Numerical Apportionment Basis** whereby a specific percentage of Units within the portfolio of Charged Properties is designated to a Finance Beneficiary which is a NAB Beneficiary on the basis to be set out in the NAB Administration Agreement; or

(b) the **Specific Apportionment Basis** whereby specific individual Charged Properties are allocated to a specific Finance Beneficiary which is a SAB Beneficiary as agreed between such Finance Beneficiary and the relevant Obligor.

All Charged Properties allocated on the Specific Apportionment Basis are referred to as the **SAB Charged Properties** and all Units comprising the Charged Properties that have been allocated on a Numerical Apportionment Basis are referred to as the **NAB Charged Properties** and those that have not been so allocated under either method are referred to as the **Unallocated Charged Properties**. No Charged Property can be allocated under more than one method at the same time.

Re-allocation of Charged Properties upon breach by the Group Borrower or a Guarantor

In circumstances where the Group Borrower or a Guarantor is in breach of any asset cover, performance cover, withdrawal or similar ratios or any other covenants or requirements or similar ratio given in any Finance Document, then the Obligors and the Finance Beneficiaries may, to the extent it is necessary and possible, agree to increase the relevant Apportioned Part by:

(a) in relation to the SAB Charged Properties, increasing the number of Charged Properties which have been allocated to the relevant SAB Beneficiary; and

(b) in relation to the NAB Charged Properties, increasing the percentage of Charged Properties which have been allocated to the relevant NAB Beneficiary or NAB Beneficiaries,

in each case by withdrawing Unallocated Charged Properties and allocating them to the relevant Apportioned Part or by such other means as have a similar effect and will instruct the Security Trustee to revise the Apportioned Parts accordingly provided always that the asset cover, performance cover, withdrawal or similar ratios or any other covenants or requirements that need to be satisfied prior to any withdrawal or disposal in respect of any other Finance Documents (collectively, the **Asset Tests**) continue to be complied with after such reallocation and no Enforcement Event (other than the Enforcement Event which is to be remedied by such reapportionment) has occurred and is outstanding or would occur as a result of such adjustment.

The Security Trustee shall have no obligation to the Finance Beneficiaries to monitor any compliance by the Obligors with, or satisfaction of, the Asset Tests pursuant to the Security Trust Deed but upon being notified of the completion of such re-allocation, the Security Trustee shall issue a revised Apportionment Certificate to the relevant Finance Beneficiaries.

Release and Substitution of Charged Properties

Notwithstanding the provisions of the Security Trust Deed regarding apportionment of Charged Properties, at the request and expense of an Obligor, the Security Trustee shall, as directed by that Obligor, either release entirely from the Security constituted by the Security Documents, or re-allocate from an Apportioned Part to the Unallocated Charged Properties or to another Apportioned Part such of the Charged Properties charged by that Obligor as may be selected by that Obligor.

No release of Charged Properties from the Security may occur unless in relation to the release or re-allocation of Unallocated Charged Properties, no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such release or re-allocation, as certified to the Security Trustee by two authorised representatives of the relevant Obligor, in relation to the release or re-allocation of NAB Charged Properties, such requirements as are imposed by the NAB Administration Agreement have been satisfied or in relation to the release or re-allocation of SAB Charged Properties: (a) the Security Trustee has received from such Obligor in relation to the relevant Apportioned Part a Valuation of a representative proportion of the Charged Properties comprising that Apportioned Part prepared by the Valuer in accordance with the relevant Valuation Basis, as applicable, dated within the nine months preceding the Obligor's request, (b) the Valuation referred to in (a) above confirms that the relevant Asset Cover Covenants will not be breached after the release or re-allocation, as the case may be, of the relevant Security Assets; and (c) no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such release or re-allocation, in each case to the satisfaction of the relevant SAB Beneficiaries.

Substitution of Security Assets

Notwithstanding the provisions of the Security Trust Deed regarding apportionment of Charged Properties, each Obligor shall be entitled to give instructions to the Security Trustee to either release a Charged Property from the Security Documents entirely; or re-allocate a Charged Property from an Apportioned Part to the Unallocated Charged Properties or another Apportioned Part, provided that, in substitution such Obligor grants a Fixed Charge over a substitute property of an equivalent Value: (a) in the case of the Unallocated Charged Properties, acceptable to the Security Trustee; (b) in the case of NAB Charged Properties, in accordance with the NAB Administration Agreement; and (c) in the case of SAB Charged Properties, acceptable to the relevant SAB Beneficiaries provided that the confirmation of such acceptance by the relevant SAB Beneficiaries shall not be unreasonably withheld or delayed, or deposits monies in any Cash Security Account in accordance with the relevant Finance Document (whereupon the relevant Obligor shall notify the Security Trustee of the amount of such deposit), in each case provided that: (i) in relation to Unallocated Charged Properties, no Enforcement Event or Potential Enforcement Event has occurred and is continuing at the relevant time (as certified to the Security Trustee by any two authorised officers of the relevant Obligor); (ii) in relation to NAB Charged Properties, such requirements as are imposed by the NAB Administration Agreement have been satisfied; and (iii) in relation to SAB Charged Properties, the relevant Asset Cover Covenants will not be

breached at the time of, and immediately following, such substitution and no Enforcement Event or Potential Enforcement Event has occurred and is continuing at that time or would result from such substitution, in each case to the satisfaction of the relevant SAB Beneficiaries provided that the confirmation of such satisfaction of the relevant SAB Beneficiaries shall not be unreasonably withheld or delayed.

Notification of service of Enforcement Notice

Subject to the relevant NAB Beneficiary's rights pursuant to the NAB Administration Agreement, if any Finance Beneficiary serves notice of an Enforcement Event on an Obligor under a Finance Document and decides to enforce the Security in respect thereof, it shall promptly notify the Security Trustee of the same and the Security Trustee shall forthwith notify the remainder of the Finance Beneficiaries and each Obligor of receipt of such notice.

Enforcement by Security Trustee

In relation to an Apportioned Part allocated to a Finance Beneficiary, the Security Trustee shall, if so instructed by that Finance Beneficiary, enforce the relevant Rights in accordance with the instructions of that Finance Beneficiary provided that the Security Trustee shall be entitled to decline to take any action to enforce any security unless indemnified and/or secured to its satisfaction against all costs, claims and expenses (including any costs award which may be made against it as a result of any such action or proceedings not being successful).

Application of Proceeds

Any moneys received by the Security Trustee pursuant to the Security Documents or by any Receiver appointed pursuant to any Security Document shall be applied by the Security Trustee in accordance with the Security Trust Deed as follows:

Application of Proceeds relating to SAB Beneficiaries

Upon the enforcement of any of the Security in respect of an SAB Beneficiary's Apportioned Part, and after satisfying claims which rank in priority to sums owing to that SAB Beneficiary, the Security Trustee shall apply the proceeds of any enforcement relating to that Apportioned Part:

(a) *first*, in or towards payment of all costs of the Security Trustee and any Receiver relating to that Apportioned Part and Unallocated Charged Properties to the extent the Security Trustee has received payment from a Finance Beneficiary pursuant to an indemnity, the Security Trustee will pay such proceeds to that Finance Beneficiary to the extent of such indemnity payment;

(b) *second*, in or toward payment *pari passu* on a *pro rata* basis of that SAB Beneficiary's proportionate share of any expenses of the Security Trustee or Receiver relating to the repair or maintenance of any Charged Properties corresponding to such SAB Beneficiary's Apportioned Part;

(c) *third*, in or toward payment of the Secured Obligations owed to such SAB Beneficiary arising under or in connection with the Relevant Documents to which that Apportioned Part relates;

(d) *fourth*, in or toward payment of the Secured Obligations of each other Security Beneficiary arising under or in connection with the Relevant Documents in accordance with clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(e) *fifth*, in payment of the surplus (if any), to the Group Borrower or Guarantor against which such Security is being enforced.

Application of Proceeds relating to the NAB Charged Properties

Upon the enforcement of any of the Security in respect of the NAB Charged Properties, and after satisfying claims which at law rank in priority to sums owing to the NAB Beneficiaries, the Security Trustee shall apply the Proceeds relating to the NAB Charged Properties:

(a) *first*, in or towards payment of all Relevant Trustee Costs relating to the NAB Charged Properties and to the extent the Security Trustee has received payment from a Finance Beneficiary pursuant to an indemnity, the Security Trustee will pay such proceeds to that Finance Beneficiary to the extent of such indemnity payment;

(b) *second*, in or towards payment *pari passu* on a *pro rata* basis of the NAB Beneficiaries' proportionate share of any expenses of the Security Trustee or Receiver relating to the NAB Charged Properties;

(c) *third*, by allocating the balance among the NAB Beneficiaries by reference to their NAB Security Percentages so that the amount allocated to each NAB Beneficiary shall be applied in satisfaction when due of the Secured Obligations owed to such NAB Beneficiary arising under or in connection with the Relevant Documents to which the NAB Charged Properties relate;

(d) *fourth*, in or towards payment of the Secured Obligations of each other Security Beneficiary arising under or in connection with the Relevant Documents in accordance with Clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(e) *fifth*, in payment of the surplus (if any), to the Group Borrower or Guarantor against which such Security is being enforced.

Upon the enforcement of any of the Security in respect of the Unallocated Charged Properties, and after satisfying claims which rank in priority to such Security, the Security Trustee shall apply the proceeds relating to the Unallocated Charged Properties:

(a) *first*, in or towards payment of all costs of the Security Trustee and any Receiver and any other amounts owing to the Security Trustee relating to the Unallocated Charged Properties;

(b) *second*, in or toward payment of the Secured Obligations of each Security Beneficiary arising under or in connection with the Relevant Documents in accordance with Clause 8.5 (*Further distribution of Proceeds*) of the Security Trust Deed; and

(c) *third*, in payment of the surplus (if any), to the Obligor to which such Security is being enforced.

This is a routine process of regulation which assesses an organisation's performance as outlined in the RSH's Governance and Financial Viability standard. The "G1" rating means that the Group Parent meets the requirements on governance set out in the Governance and Financial Viability standard. The "V2" rating means that the Group Parent meets the requirements on viability set out in the Governance and Financial Viability standard and has the capacity to mitigate its exposures effectively.

DESCRIPTION OF THE SOCIAL HOUSING SECTOR IN ENGLAND

Regulation

The Housing and Regeneration Act 2008 (as amended by the Localism Act 2011 and the Housing and Planning Act 2016 (**HPA 2016**)) (**HRA 2008**) makes provision for the regulation of social housing provision in England.

Since October 2018, the Regulator of Social Housing (**RSH**) has operated as a stand-alone organisation to regulate Registered Providers of Social Housing in order to ensure that they are financially viable and well governed.

The RSH is an independent regulator and statutory non-departmental public body, established under the HRA 2008. It is sponsored by the Ministry of Housing, Communities and Local Government (**MHCLG**) (under the previous UK Government, the Department for Levelling Up, Housing and Communities) with responsibility for the regulation of Registered Providers of Social Housing. The RSH's statutory objectives and powers of enforcement are set out in the HRA 2008.

The RSH sets statutory economic and consumer standards that apply to Registered Providers of Social Housing (the **Standards**) as a means of defining the outcomes that social landlords must deliver for tenants.

Registered Providers of Social Housing are expected to comply with the Standards and to establish arrangements to ensure that they are accountable to their tenants, the RSH and relevant stakeholders.

In relation to the RSH's economic regulation objective, there are three Standards which are classified as 'economic'. These are:

- the Governance and Financial Viability Standard;
- the Value for Money Standard; and
- the Rent Standard.

In relation to the RSH's consumer regulation objective, there are four Standards that are classified as 'consumer' Standards (the **Consumer Standards**):

- the Safety and Quality Standard;
- the Transparency, Influence and Accountability Standard;
- the Tenancy Standard; and
- the Neighbourhood and Community Standard.

A further Standard, the Competence and Conduct Standard, is currently under consultation and is expected to be introduced during 2025.

Following changes introduced by the SHRA 2023, the Consumer Standards were significantly revised and strengthened with effect from 1st April, 2024. Prior to the SHRA 2023, the RSH took a reactive approach to regulating the Consumer Standards. Its intervention and enforcement powers were restricted to cases in which there were reasonable grounds to suspect actual or a significant risk of, serious detriment to tenants. The "serious detriment" test has been removed by the SHRA 2023 and, from 1st April, 2024, the RSH began to apply the same scrutiny and focus across all the Standards.

The RSH forms judgments to reflect their view of how well each Registered Provider of Social Housing is delivering the outcomes of the Standards. For large landlords (those who own 1,000 or more social homes), it carries out programmed inspections on a four year cycle and issues gradings for governance (G1 to G4) and viability (V1 to V4). Following all regulatory inspections undertaken after 1st April, 2024, it will now also

issue a consumer grade (C1 to C4) alongside the governance and viability grade. The RSH is also able to carry out inspections that are not programmed, including of small landlords, if they judge it to be appropriate.

The RSH has issued three codes of practice to support and amplify the requirements of the Governance and Financial Viability Standard, the Value for Money Standard and the Consumer Standards. It has published a suite of information explaining its operational approach to regulation, programmed and unprogrammed inspections, assessments of Registered Providers of Social Housing's compliance with the Standards, dealing with regulatory issues and taking action on serious failures.

Housing Quality Standards

The Decent Homes Standard defines minimum standards which apply to all social housing in England. An update to the Decent Homes Standard is anticipated following a review in 2022.

The UK social housing sector has been subject to intense scrutiny following the death of a child in 2020, where the Coroner's report cited cause of death as extensive and untreated damp and mould in a local authority owned home. In response, the Regulator of Social Housing and the housing ombudsman (the **Housing Ombudsman**) have been proactive in their oversight capacities in seeking to ensure Registered Providers of Social Housing give due attention and undertake timely corrective action in respect of issues of damp and mould, including the issuance of specific regulatory guidance. As a result the SHRA 2023 introduced Awaab's Law requiring landlords to investigate and fix reported health hazards within specified timeframes. MHCLG consulted in early 2024 on the introduction of statutory timeframes in which Registered Providers of Social Housing must respond to complaints related to **Awaab's Law**. The required secondary legislation has not yet been enacted and is to be implemented in three phases from October 2025, through to 2027. Similarly, the SHRA 2023 also contains new requirements with a view to maintaining housing quality standards and holding Registered Providers of Social Housing to account for failures to deal adequately with disrepair or poor quality housing and health and safety concerns.

The SHRA 2023 strengthens the role of the Housing Ombudsman in order to provide tenants with a means of complaint and redress for inadequate housing provision by Registered Providers of Social Housing. While the RSH may investigate individual complaints if it considers that the issue may be material to a landlord's delivery of the outcomes required by a Standard, the Housing Ombudsman has statutory powers to deal with individual complaints. A revised Complaints Handling Code (the **Code**), setting out good practice for Registered Providers of Social Housing in responding to complaints fairly and effectively has been given a statutory footing with effect from 1st April, 2024. Registered Providers of Social Housing are required to carry out an annual assessment against the Code to ensure their complaint handling remains in line with its requirements and to publish the results. The Housing Ombudsman, who from 1st April, 2024 has a statutory duty to monitor compliance (regardless of whether complaints are received), is actively enforcing the Code.

From 1st April 2023, Registered Providers of Social Housing have been required to collect and (annually) report prescribed and meaningful tenant satisfaction data against prescribed Tenant Satisfaction Measures (TSMs), with the stated aim of enabling both tenants and the RSH to better hold social landlords to account for their performance. The first set of TSM data was submitted in July 2024, with the RSH publishing a sector wide report of the findings in November 2024. Also in the interests of increased transparency, MHCLG have provided an indicative two part implementation timescale for the new Social Tenant Access to Information Requirements Scheme (**STAIRS**), pursuant to which social housing tenants and their representatives will be given access to certain information related to the management of their housing. The first phase of STAIRS requires Housing Associations' proactive publication of management information related to their governance, decision-making, spending and performance to be followed by a FOI like process providing reactive responses to requests for relevant information by their tenants.

Housing Grant

Grant funding in the form of social housing assistance (**Grant**) is allocated by central government periodically under the Affordable Homes Programmes to support the capital costs of developing affordable housing for rent or sale on shared ownership terms. Allocation of funding outside London under these programmes is administered by Homes England, an executive non-departmental public body sponsored by MHCLG. Grant for affordable housing developments within London is administered by the Greater London Authority.

Historically, Grant has been a critical part of the funding mix for Registered Providers of Social Housing, sustaining their ability to provide housing for rent at below-market-level rents or on subsidised home ownership terms. Under the most recent Affordable Homes Programme 2021-2026 (AHP 2021-26), £7.39 billion has been made available for the supply of new build affordable housing outside London, with a further £4 billion available under the Homes for Londoners: Affordable Homes Programme 2021-2026.

Grant under the current AHP 2021-2026 may support a variety of tenures including social rent, affordable rent (see below) and shared ownership. Not all of the available funding is allocated from the outset of a programme, and bidders may bid for the remaining funding for development opportunities as these arise during the programme, provided they can be delivered within the programme timescales. Alongside funding for individual development schemes, Homes England operates a strategic partnership framework for allocation of funding on a tailored, longer-term basis. Those appointed as Home England's strategic partners under this framework are typically amongst the larger Registered Providers of Social Housing, although the bidding process is also open to local authorities and developers with a strong track record of delivering new affordable housing.

Shared Ownership

Shared ownership is a form of low cost home ownership where a resident buys a proportion of the property and pays rent to a landlord on the remaining portion. Shared ownership income is generated on the initial sale of the property (known as the first tranche) which is sold to the shared owner; on subsequent sales of further "tranches" or portions of the property to the shared owner (known as staircasing); and in the form of subsidised rent on the part of the property which the shared owner does not own until the property is fully owned by the shared owner.

On 8th September, 2020, the Secretary of State for Housing, Communities and Local Government announced a new model for shared ownership as it applies in England. The new shared ownership model reduces the minimum initial share a person can buy in a property from 25 per cent. to 10 per cent.; allows people to buy additional shares in their home in 1 per cent. instalments, with heavily reduced fees; and introduces a 10-year period for new shared owners where the landlord will cover the cost of specified repairs and maintenance.

The landlord's responsibility for general repairs inside the home is limited to where costs are not covered by the appropriate warranty or guarantee. The maximum cost that can be claimed by a shared owner for essential repairs inside the home is £500 per year, and this amount can be carried over to the following year if unused. The 10-year repair cover only applies to new build homes for the first decade of the property's life or until the shared owner staircases to 100 per cent. (whichever is earlier). If a property is resold through the shared ownership scheme, the remaining years will be transferred to the new shared owner.

A "Right to Shared Ownership" has been introduced and made available on the vast majority of rented homes delivered through the UK Government's Affordable Homes Programme, subject to tenants meeting the required eligibility criteria.

The Leasehold and Freehold Reform Act 2024 (the **LFRA 2024**) was given Royal Assent on 24th May, 2024. This Act introduces more rights, powers and protections to long leaseholders and bans the sale of new leasehold

houses. Shared ownership leases are expressly permitted, provided they meet the conditions set out in paragraph 7 of schedule 1 of the LFRA 2024, but it imposes statutory requirements on permitted leases in relation to the content of promotional material and advance transaction warning notices. Breach of these requirements could invoke financial penalties. It also clarifies the legal position of shared ownership leaseholders in respect of lease extensions and valuation mechanisms, collective enfranchisement and right to acquire the freehold. The LFRA 2024 is not yet fully in force and requires further secondary legislation. Aspects implemented to date include regulation in force from 31st January, 2025 abolishing the two year wait before leaseholders can extend their lease or buy the freehold. Regulations implementing the LFRA's provision on Right to Manage came into force on 3rd March, 2025.

The new UK Government elected to power in July 2024 has promised further reform by enacting the Law Commission's proposals contained in their report, 'Reinvigorating commonhold: the alternative to leasehold ownership' first published in 2020. To facilitate this, the UK Government published a Commonhold White Paper on 3rd March, 2025. This sets out new rules to enable commonhold to work for all types of mixed-use developments and allowing shared ownership homes within a commonhold. It will strengthen the management of commonholds, with new rules around appointing directors, clear standards for repairs and mandating use of reserve funds. A new Code of Practice will set out how costs should be apportioned aimed at providing residents with transparency and clarity. The UK Government will publish a Leasehold and Commonhold Reform Bill in Autumn 2025 for pre-legislative scrutiny which will include a comprehensive new framework to reinvigorate commonhold and ban the sale of leasehold flats so commonhold becomes the default tenure. The Law Commission report recommends that shared ownership leases continue within a new replacement commonhold legal framework via an exemption, however the UK Government will need to consult on the details of how this can be achieved.

Social Housing Rents

Rent levels and rental increases for social rent and affordable rent within the social housing sector are strictly controlled in line with UK Government policy. Registered Providers of Social Housing are required to set and increase social rents as prescribed in the Rent Standard and the Policy Statement on Rents for Social Housing published by the MHCLG (the **Policy Statement on Rents for Social Housing**).

The current Rent Standard and Policy Statement on Rents for Social Housing was given effect from 1st April, 2020 for a five year period from 2020 to 2025. Since 1st April, 2020, social rent and affordable rent were permitted to increase each year by up to Consumer Price Index (**CPI**) plus 1 per cent. However, due to the sharp inflation in 2022-2023, the UK Government mandated revisions to the Rent Standard for the 12 month period from 1st April, 2023 to impose a cap on any increase to social rent or affordable rent at the lower of (i) 7 per cent. or (ii) CPI plus 1 per cent., with limited exceptions. Many Registered Providers of Social Housing also committed to a voluntary equivalent cap to the rental increase on their shared ownership leases. Rent increases from April 2024 are not subject to the 7 per cent. cap but remain limited to CPI plus 1 per cent. This limit has been extended to apply during 2025-26 but the UK Government will be required to set a new rent settlement regime from April 2026 onwards. Service charges are outside the scope of the Rent Standard but increases are expected to be kept in line with rent increases.

Since 2011, where a Registered Provider of Social Housing has entered a housing supply delivery agreement with Homes England or the Greater London Authority, that agreement may allow the Registered Provider of Social Housing to charge 'affordable rent' if certain conditions apply. 'Affordable rent' means the rent (inclusive of service charge) for a new tenant under a new tenancy may be up to 80 per cent. of market rent (unless this is lower than the social rent for the property). The grant agreement in respect of funding given under the AHP 2021-26 is a housing supply delivery agreement to charge an affordable rent.

Rent Reform

The Renters (Reform) Bill was introduced to Parliament on 17th May, 2023 with the aim of legislating for the reforms set out in the MHCLG's white paper, "A fairer private rented sector", published in June 2022, to fundamentally reform the English private rented sector. The Renters (Reform) Bill would have impacted all residential tenancies including social and other low-cost rent, shared ownership, supported housing and intermediate rent as well as market rent. If enacted, Registered Providers of Social Housing would have needed to consider many practical changes to their businesses including to their policies, third party contractual arrangements, tenancies, nominations agreements, the management of shared ownership leases, headleases, and any market rent elements of their business. The Renters (Reform) Bill was not passed before Parliament was dissolved for the general election on 4th July, 2024. However, on 17th July, 2024 the new UK Government announced that it intends to propose the RR Bill, which will take forward at least some elements of the Renters (Reform) Bill, including:

- Abolition of 'no fault evictions', with the introduction of new, clear and expanded possession grounds for landlords;
- Strengthening of tenants' rights and protections, for example in relation to challenging rent increases ending the practice of rental bidding wars by landlords and letting agents;
- Moving all new and existing assured tenancies to periodic rather than fixed term agreements with no end date;
- Extending the Decent Homes Standard and Awaab's Law to the private rented sector;
- Creating a digital private rented sector database to bring together key information for landlords, tenants, and councils;
- An ombudsman service for the private rented sector that will provide fair, impartial and binding resolution to both landlords and tenants and reducing the need to go to court;
- Making it illegal for landlords to discriminate against tenants in receipt of benefits or with children when choosing to let their property; and
- Strengthening local councils' enforcement powers. New investigatory powers will make it easier for councils to identify and fine unscrupulous landlords.

The RR Bill's provisions published in September 2024 are centred on the private rental sector but at this point in time, there will be some impacts to housing associations such as the removal of assured shorthold tenancies, meaning for example shared ownership leases of more than 7 years will not be assured tenancies. However, it is expected that social housing tenancies will be exempt from the proposed alterations in the notification of rent increases. Until the RR Bill is enacted over the summer of 2025 the exact extent of impact on registered providers is unclear.

As mentioned above, the recently enacted LFRA 2024 will bring about significant reforms to long leasehold ownership and freehold property owners on private estates. Its headline changes include a ban on new leasehold houses, changes to the rights of existing long leasehold owners to extend their lease and to buy their freehold (enfranchisement), and removal of certain legislative barriers to the same. It also introduces greater transparency around service changes and measures to alleviate the cost burden on leaseholders wishing to bring challenges against landlord poor practice. It extends equivalent rights of redress and transparency to freehold owners on private estates. Most of the LFRA 2024 requires secondary legislation in terms of detail and implementation, which the new government have committed to delivering.

The new UK Government elected in July 2024 also announced its intention to continue the reform of property law by enacting the remaining Law Commission recommendations in relation to leaseholders' rights of extension, enfranchisement and right to take over the freeholders building management functions (Right to

Manage), as well as recommendations in relation to ground rents and removing the threat of forfeiture as a means of ensuring compliance with a lease agreement. The Leasehold and Commonhold Reform Bill will introduce a comprehensive new framework to reinvigorate commonhold and will ban the sale of leasehold flats so that commonhold becomes the default tenure. Registered Providers of Social Housing, depending on the legal basis and tenures utilised for affordable housing development, private market and/or mixed tenure developments and shared ownership activities in which they are engaged, may be affected by the changes under LFRA 2024 and the additional forthcoming reform.

Welfare Benefit Reform

Household Benefit Cap

Under the Welfare Reform Act 2012 (as amended, the **WRA 2012**), the total household benefit cap (the combined income from a number of welfare benefits for those that are of working age) is £22,020 per year for couples or single parents with resident children (or £25,323 in Greater London) and £14,753 per year for single people without children (or £16,967 in Greater London). This level was set in April 2023 and there is no statutory requirement to annually uprate the benefit cap. April 2023 is the first time the cap has been increased. The cap was frozen at this level in 2024/25 and the 2025/26 cap will be maintained at the same level.

Exemptions to the total household benefit cap can apply to those tenants who qualify for working tax credit; are above the qualifying age for pensions credit; obtain certain benefits for sickness and disability; or claim a war pension. The benefit cap will not apply in circumstances where a tenant or a tenant's partner is in receipt of (or is responsible for a child or young person who is in receipt of) benefits such as disability living allowance, personal independence payment or carer's allowance. During the 2023-2024 financial year, households on eligible means-tested benefits, disability-related benefits and pensioners received additional "cost of living payments" of up to £900 per year to supplement their usual benefits, which also did not count towards the cap.

Occupation Size Criteria/Bedroom Entitlement

Under the WRA 2012, there is a size criterion for working age social housing tenants in receipt of housing benefit known as the "removal of the spare room subsidy" or "bedroom tax". The arrangements allow each of certain defined categories of people (such defined categories being: (a) a couple, (b) an adult (over 16), (c) two children of the same sex, (d) two children under the age of 10, (e) any other child, (f) those with a disability, and (g) a non-resident overnight carer) to be entitled to one bedroom. Exemptions will also be applied to supported housing tenants. Where a household has one extra bedroom, housing benefit is reduced by 14 per cent. of the rent charge. Where a household has two or more extra rooms, the reduction to housing benefit is 25 per cent.

Universal Credit

Universal Credit, introduced under the WRA 2012 replaced six legacy means-tested benefits and tax credits for working-age families (income support, income-based jobseeker's allowance, income-related employment and support allowance, housing benefit, child tax credit and working tax credit) with a single means-tested monthly payment, transferred directly into a household bank account of choice. Deductions may be made at source for overpayments, arrears and advance loans.

There are three types of alternative payment arrangements available for claimants:

(a) direct payment of the housing cost element to landlords (known as managed payments) for those claimants who may need extra support in managing the payments;

(b) splitting of payments between members of a couple (in exceptional circumstances); and

(c) more frequent payment of benefit where a claimant is two months or more behind in paying rent or where a claimant has continually underpaid their rent and has accrued arrears of an amount equal to or more than one month's rent.

If the Department of Work and Pensions (the **DWP**) does not set up a managed payment, Registered Providers of Social Housing can request a managed payment and inform the DWP of other reasons why a managed payment might be needed. Landlords can request deductions from a claimant's Universal Credit to repay existing rent arrears, known as third-party deductions. Deductions will be a minimum of 10 per cent. and a maximum of 20 per cent. of a claimant's Universal Credit standard allowance.

Right to Buy

It was a manifesto commitment by the Conservative party for the 2015 and 2017 general elections to extend the right to buy (an entitlement afforded to secure local authority tenants) to tenants of Registered Providers of Social Housing. The National Housing Federation (**NHF**) as the representative body of Registered Providers of Social Housing in response proposed a voluntary right to buy (**VRTB**) scheme for secure tenants of Registered Providers of Social Housing.

The UK Government agreed to the proposals in October 2015, and the HPA 2016 made provision for grants to be paid to Registered Providers of Social Housing to cover the cost of selling housing assets at a discount. Five housing associations ran limited VRTB pilot schemes for eligible tenants between 2015 and 2017, and a wider, regional 2 year VRTB pilot scheme was launched in the Midlands in August 2018. These pilot schemes have now closed. On 20th November, 2024 the new UK Government announced it will not be extending the Right to Buy scheme to Housing Associations and VRTB will not be implemented nationally.

However, a RTA still applies to certain eligible tenants of Registered Providers of Social Housing under the Housing Act 1996. The RTA operates in broadly the same way as the statutory right to buy, except for two key differences: (i) the Registered Provider of Social Housing may sell an alternative property, and (ii) the discount is substantially smaller (ranging from £9,000 to £16,000) and does not vary depending on the number of qualifying years as a tenant. Right to Buy and RTA sales have had a detrimental impact on the volume of stock available for social rented housing and is cited as a contributory factor in the current shortage of UK housing. The new UK Government's secondary legislation to return Right to Buy discounts to their pre-2012 levels came into force on 21 November 2024 (between £16,000 - £38,000 dependent on region). A decision is awaited on further protections for newly built social housing.

Building Safety Reforms

Various legislation has been enacted pursuant to the Phase 1 Report issued by the Grenfell Tower Public Inquiry and the recommendations of Dame Judith Hackett in her independent review of fire safety and building regulations, in response to the 2017 Grenfell Tower fire disaster. The Phase 2 Grenfell Tower Public Inquiry report was published in September 2024. The UK Government's February 2025 response confirmed it will take forward all 58 of the Phase 2 report recommendations. These will be implemented in two phases of reforms:

- Phase 1 (2025 to 2026) focusing on the current programme of regulatory reform and change (Remediation Acceleration Plan, Awaab's law, Decent Homes Standard Residential Personal Emergency Evacuation Plans (RPEEPS), STAIRS and conduct and competence standard); and
- Phase 2 (2026 to 2028) developing proposals to deliver the remaining recommendations and wider reform, including through new legislation (such as a licensing scheme for principal contractors working on HRBs, designers' declaration from that they have complied with their duties, to fire risk assessors, fire engineers and principal contractors as recommended by the Inquiry).

The further recommendations include:

- A review of the current definition of higher-risk buildings, to incorporate a wider range of buildings by focussing on a building's nature and use;
- A single construction regulator for building safety to be introduced from 2028, a single independent body, reporting to a single Secretary of State, responsible for building control and for overseeing standards of competence;
- Building regulations Approved Document B (fire safety) to be under continuous review; and
- Establishing an independent new products testing and certification regulatory regime and new chief construction adviser.

Building Safety Act 2022

The Building Safety Act 2022 (together with related secondary legislation, the **BSA**), lays a new framework of building safety requirements that impact the complete lifecycle of all residential buildings, from planning and design, through to procurement and construction and then also post-construction, to occupation and property management. The BSA amends and supplements current legislation in a number of significant ways that include the following:

- A new Building Safety Regulator has been established, with statutory responsibility for oversight of the new building control regulatory regime, supervision of all building control bodies and enforcement of building safety standards. In addition, it is responsible for implementing and enforcing a new, more stringent regulatory regime for defined higher-risk residential buildings (HRBs), both existing and yet to be constructed.
- The new building control regime for HRBs includes more prescriptive and intricate building control (gateway) processes, handover of key compliance and safety information, mandatory occurrence reporting, new dutyholder and competence requirements and mandatory registration for building control inspectors. These requirements came into force on 1st October, 2023, subject to transitional arrangements that applied until April 2024.
- The BSA implies rights and obligations into certain leases of premises that consist of or include a dwelling in a HRB. There will be an obligation on residents to ensure they do not undermine the fire and structural safety for the building in which they live.
- A Principal Accountable Person must be appointed for each completed (and registered) HRB. The Principal Accountable Person has statutory responsibility for safety of the building, along with prescribed duties for registration, ongoing safety assessments, reporting, repairs, resident engagement, complaints management and provision of prescribed information.
- The BSA enhances the rights of property owners, leaseholders and occupiers to bring claims for defective work in their buildings, defective construction products and non-compliant work, extends relevant limitation periods and widens the scope of who can be held liable. It retrospectively extends relevant limitation periods and widens the scope of who can be held liable to include associated entities. The BSA also ushers in harsh new sanctions and restrictions for companies that refuse to remediate their buildings.
- The BSA introduces a new building safety levy for developers of all new residential buildings requiring building control approval. It also limits the recovery of remediation costs from leaseholders.

Fire Safety Order and Fire Safety Act 2021

The Regulatory Reform (Fire Safety) Order 2005 (Fire Safety Order) contains the majority of existing fire safety requirements applicable in England and Wales. It represents a consolidated regime under which any person with some level of control over premises would be required to take reasonable steps to identify and

reduce the risk from fire and ensure that people could safely escape in the event of a fire. The Fire Safety Order was originally designed to apply to workplaces, thus its scope includes all non-domestic premises as well as the common areas of any building with two+ residential units, but individual residences are excluded. This gave rise to uncertainty over how the Fire Safety Order applies to residential buildings.

The Fire Safety Act 2021 was enacted to clarify that the fire risk assessment of any building covered by the Fire Safety Order must include the risks posed by the building's structure and external walls (including cladding, balconies, doors and windows), as well as all doors between domestic premises and common parts. The Fire Safety (England) Regulations 2022 further amended the Fire Safety Order to legally require "responsible persons" to keep records and share certain information with residents and local fire and rescue services on the design and materials of existing multiple-occupied residential buildings in England.

Although most of the regulations apply only to high-rise residential buildings, those relating to checks to fire doors and fire safety instructions will apply to all residential buildings with two or more domestic dwellings, regardless of the height of the building.

Under the Fire Safety Order, the "responsible person" for each relevant building (being the person in control, usually as owners or managers, of relevant premises) must assess the risk of fire arising from the whole structure and take steps to mitigate any such risks. The BSA extends the statutory responsibilities of the "responsible person" under the Fire Safety Order in relation to fire risk assessments and accessibility of certain information. The BSA also removes the cap on fines that may be levied in respect of certain offences. These provisions came into force on 1st October, 2023. Registered Providers of Social Housing are the statutory "responsible persons" in respect of all buildings that they either own or occupy. The Fire Safety Order is primarily enforced by local fire and rescue authorities.

Residential Personal Emergency Evacuation Plans

Both the Grenfell Inquiry Phase 1 report and the Phase 2 report recommended a process to systematically devise and update the requirements for the evacuation of vulnerable residents in an emergency. In December 2024, the UK Government set out proposals following a consultation held in 2022. Residential Personal Emergency Evacuation Plans (**PEEPs**) will be mandatory in all 18m plus residential buildings and 11-18m residential buildings which have a simultaneous evacuation strategy in place. In its response, the Government has made a distinction between Residential PEEPs and workplace PEEPs. It describes workplace PEEPs as taking place prior to the fire and rescue service arriving, often with on-site staff. Legislation will be introduced to deliver Residential PEEPs to enable registered providers to carry out a Person-Centred Fire Risk Assessment (**PCFRA**) for any resident they identify whose ability to self-evacuate is compromised.

The proposals require the responsible person to:

- Undertake reasonable steps to identify residents who might need support to evacuate. They must take a reasonable endeavours approach to following up if contact is not easily established, while leaving the final decision on whether to come forward to the resident;
- Carry out a PCFRA to identify fire risks to those residents in their flats, in common areas and in relation to evacuation. This assessment must also include potential mitigations that are practical, proportionate and safe;
- Write a Residential PEEP statement on what the resident should do in the event of a fire that reflects what has been agreed with the resident. They must make this information available to the fire and rescue service, so that they can undertake an evacuation of the resident in an emergency.
- Provide building level evacuation plans to the local fire and rescue service, for both 18m plus buildings and 11-18m buildings with a simultaneous evacuation strategy in place.

The UK Government has confirmed that funding will be made available for 2025/26 to support social landlords to deliver Residential PEEPs for their residents. There is currently no further information available on this.

Insurance

Registered Providers of Social Housing are currently experiencing a significant shift in, and hardening of, the insurance market which is affecting price and availability of the insurances required to operate their businesses.

As well as catalysing building and fire safety reform, the 2017 Grenfell Tower fire disaster has resulted in a sharp change in the insurance market in respect of high rise buildings and tower blocks. Concerns around poor building methods and cladding and insulation are leading to greater caution among insurers in relation to large residential buildings such as tower blocks and multiple occupancy buildings. Other influencing factors are the increased value and frequency of insurance claims related to climate-related events such as fires, flooding and subsidence and the withdrawal of the UK from the European Union leading to difficulties accessing building materials from Europe.

Many housing associations and other landlords have reported difficulties in procuring quotes for building insurance and/or extreme price hikes where insurance is available. Some insurers are also including more restrictive terms in policies under which the insured party may not be able to recover full rebuilding costs after major damage to a building. To counter the shrinking pool of insurers willing to provide cover for leaseholder properties where cladding is under investigation or being replaced, the Association of British Insurers, announced a Fire Safety Reinsurance Facility in April 2024. This five-year facility aims to improve access to insurance for landlords of buildings with combustible cladding and other fire safety issues.

Registered Providers of Social Housing, along with local councils and other owners of large property portfolios, are now also required to provide much more data to their insurers than previously, due to the growing uncertainty around building safety compliance. Whilst Registered Providers of Social Housing have been tasked with ensuring buildings maintain a standard in terms of life safety, insurers are additionally focused on the risk of damage to the actual properties and the potential cost of reinstatement. In some cases, landlords do not have sufficient data to satisfy the requirements of the insurers and this has further reduced the pool of willing insurers.

"Net Zero" – Targets and the Impact on the Social Housing Sector

The Climate Change Act 2008 committed the UK (by law) to an 80 per cent. reduction of greenhouse gas emissions by 2050, compared to 1990 levels. In 2019, the Government revised (and upgraded) the UK's commitment to reducing greenhouse gas emissions to a 100 per cent. reduction through the Climate Change Act 2008 (2050 Target Amendment) Order 2019.

The Climate Change Act 2008 also established the Committee on Climate Change (CCC) to ensure that emissions targets are evidence-based and independently assessed. The Climate Change Act 2008 requires the UK Government to set legally-binding "carbon budgets" to act as formal milestones towards the 2050 target. A carbon budget is essentially a cap on the amount of greenhouse gases emitted in the UK over a five-year period. Carbon budgets must be set at least 12 years in advance of when they will be in place, in order to allow policy-makers, businesses and individuals sufficient time to prepare. The budgets are designed to reflect a cost-effective way of achieving the UK's long-term climate change objectives and once a carbon budget has been agreed/set, the Climate Change Act enshrines it in law and places a binding obligation on the UK Government to put policies in place to ensure the budgeted cap on greenhouse gas emissions is met (i.e. not exceeded).

The Sixth Carbon Budget (which will cap the amount of greenhouse gases emitted in 2033-2037 in the UK) came into force on 24th June, 2021. The Sixth Carbon Budget's recommended pathway to Net Zero requires a

68 per cent. reduction in greenhouse gas emissions by 2030 and a 78 per cent. reduction by 2035. This has been brought into law by The Carbon Budget Order 2021.

With emissions from buildings responsible for 23 per cent. of the UK's total greenhouse gas emissions in 2019 according to the CCC, decarbonising the UK's housing stock is a key priority in order to meet the legal binding targets and Net Zero. Key recommendations under the CCC's Sixth Carbon Budget relating to buildings include increasing energy efficiency of building stock and switching to low-carbon heating. This will require the retrofit of buildings, with heat pumps and heat networks requiring a high level of fabric efficiency to function effectively. For the social housing sector, a 'fabric first' approach to energy efficiency is essential to both reduce emissions and allow for the successful installation of low-carbon heating solutions.

The Seventh Carbon Budget (which will cap the amount of greenhouse gases emitted in 2038-2042 in the UK) was published on 5th March, 2025. This confirmed that to achieve a fully decarbonised housing stock by 2050:

- There will be no role for hydrogen in home heating;
- No new properties completed from 2026 can be connected to the gas grid. Changes to Building Regulations will ensure that from 2026 all new homes are built with low carbon heating systems;
- Regulation that beyond 2035 all heating systems installed are low carbon are restated;
- Certainty of costs to encourage the expansion and roll out of heat pumps is provided so that by 2040 around half of UK homes are heated using a heat pump;
- Long-term funding for energy efficient improvements to social housing is provided, so poorly insulated homes are not a barrier to the uptake of low carbon heating systems for low-income households.

Among the UK Government's strategies to meet these targets, those that will impact the social housing sector include:

- The Heat and Buildings Strategy (October 2021), which outlines the UK Government's overall strategy for transition to high-efficiency, low-carbon buildings.
- The Clean Growth Strategy includes a stated aspiration for as many homes as possible to reach EPC Band C by 2035 where practical, cost effective and affordable. In September 2023 the UK Government cancelled targets aimed specifically at the private sector. In January 2024, MHCLG announced that the ongoing review of the Decent Homes Standard will include minimum energy efficiency standards for social housing. Further detail is therefore expected in due course.
- The Fuel Poverty Regulations 2014, which include a target to bring as many fuel poor homes in England as is reasonably practicable up to EPC C by the end of 2030.
- The Warm Homes: Social Housing Fund (formerly known as the Social Housing Decarbonisation Fund) and other grant funding, providing financial support for upgrading social housing stock currently below EPC Band C to that standard and supporting the installation of energy performance tools in social homes in England. Registered Providers of Social Housing who bid successfully will be asked to contribute a minimum of 50 per cent. of eligible costs by way of co-funding.
- The Energy Act 2023, which became law on 26th October, 2023, introduces measures to strengthen energy security and support the delivery of net zero, including the growth of regulated low-carbon heat networks and establishment of zones within which surrounding buildings are mandated to connect. Landlords who operate a heat network will be required to register and their businesses will be regulated pursuant to secondary legislation under the Energy Act 2023.
- Improvements to the EPC regime, with a view to driving deployment of necessary energy efficiency measures on a holistic basis to address overheating, ventilation and moisture risk, and the development of a holistic Net Zero Carbon Building Standard.

- Future policies to drive more resource-efficient construction and use of existing low carbon materials, possibly including phasing in mandatory whole-life reporting and, to follow, minimum standards for all buildings.

There are other government strategies that impact housing more widely, including The Energy Efficiency (Private Rented Property) Regulations 2015 and the Minimum Energy Efficiency Standards which apply in the residential private rented sector.

Reporting on environmental, social and governance (ESG) metrics

The Streamlined Energy and Carbon Reporting (SECR) requirements apply to certain organisations that exceed any two of the following thresholds in the prior financial year: (i) an annual turnover of £36 million; (ii) a balance sheet total of £18 million; and (iii) 250 employees. This reporting framework is intended to encourage the implementation of energy efficiency measures, with both economic and environmental benefits. The SECR requires organisations to report on and disclose energy use and carbon emissions data in their annual reports.

The Sustainability Reporting Standard for Social Housing (SRS) was launched in November 2020 as a voluntary reporting framework to enable housing providers to report on their ESG performance in a transparent, comparable and consistent manner. It was developed collaboratively by certain Registered Providers of Social Housing, funders and other stakeholders in the social housing sector. In 2021 Sustainability for Housing Limited was established to oversee the embedding of the SRS in the sector and its further development in line with market trends and regulatory requirements.

As at 25th September, 2024, 128 Registered Providers of Social Housing and 38 investors have adopted the SRS. Registered Providers of Social Housing adopters commit to annual reporting against the SRS and to public disclosure of their report. Lender and investor adopters commit to integrating the SRS into investment and credit policies, processes and/or product design. 49 reports were prepared under the SRS in its first year of operation and 64 reports in its second year. In October 2023, Sustainability for Housing Limited released an updated SRS, which takes into account its analysis of those reports and feedback from its consultations. The SRS also seeks to facilitate ongoing alignment with relevant international reporting frameworks and regulatory developments. Adopters will report against the new SRS version 2.0 in October 2024. The Issuer is an adopter of the SRS.

Reform of the UK Public Procurement Regime

A new public procurement regime has been implemented under the Procurement Act 2023. The Procurement Act 2023 set out a unified framework of streamlined procedures to speed up and simplify the public procurement of goods and services covering public contracts, utilities contracts, concessions, framework agreements, defence and security. It constitutes wholesale reform and replacement of current public procurement legislation, much of which was derived from EU law.

The Procurement Act 2023 (Commencement No.3 and Transitional and Saving Provisions) Regulations 2024 (the Procurement Regulations) legislatively set the date for implementation of certain aspects of the Procurement Act 2023, along with detail on the new regime.

The UK Government has also published guidance on the new legislation, which includes confirmation that not for profit housing associations will be subject to the new regime, in the same way as they are subject to the current legislation, on the basis that the Regulator of Social Housing exerts sufficient control over Registered Providers of Social Housing to satisfy the "oversight" test.

From 24th February 2025, Registered Providers of Social Housing will need to have regard to the new regime in place of the existing regime in respect of the award of contracts for goods or services. Nonetheless, any procurements commenced under the existing regime will continue to be regulated under it, rather than under the Procurement Act 2023. Repeated non-compliance with the Procurement Regulations and the Procurement Act 2023 could lead to a referral to the relevant Cabinet Office Minister for review for possible action or sanction.

Moratorium and Housing Administration

In order to protect the interests of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28-day moratorium is automatically triggered when certain steps are taken in relation to a Registered Provider of Social Housing such as presenting a winding up petition, application being made for its winding up or an administration order, the appointment of an administrator or the intention to enforce security over its property. During such moratorium period any disposal of land (including the enforcement of any security) by the Registered Provider of Social Housing without the RSH's prior consent will be void. Exceptions are made for specific types of lettings, and disposals pursuant to a right to buy or right to acquire. The RSH may then appoint an interim manager of the Registered Provider of Social Housing and/or seek to agree proposals about the future ownership and management of the provider's land with its secured creditors.

The HPA 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced a special administration regime called housing administration which was brought into force on 5 July, 2018 and is available in addition to the moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing, following an application from the Secretary of State or (with the permission of the Secretary of State) the RSH.

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect. Upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium, for so long as such Registered Provider of Social Housing is subject to a housing administration order, during which secured creditors may not enforce their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In certain circumstances a court may make an order enabling a housing administrator to dispose of property belonging to a Registered Provider of Social Housing which is subject to a fixed charge, albeit only on terms that the fixed charge holder receives the proceeds up to the value of the security and those proceeds are topped up to "market value" if the property is sold for less than this.

Review of Co-operative and Community Benefit Societies Act 2014

The Co-operative and Community Benefit Societies Act 2014 has been under review by the Law Commission, who in January 2025 published a provisional policy position, testing out their current thinking on key consultation topics. Relating to Housing Associations, the current position is:

- Proposals for membership to be ‘open to all’ or requiring one-member-one-vote are not to be taken forward; and
- While Community Benefit Societies will no longer be exempt from registration with the Charity Commission, the social housing sector have been carved out from this requirement. The Law Commission was persuaded that the current Regulatory Standards and robust regulatory environment

that registered providers are subject to by the Regulator means that they are ‘well regulated with bespoke processes befitting their specialised context’ and should therefore remain exempt from charity registration.

The final Law Commission response is expected in late 2025.

VALUATION REPORTS

Numerical Apportionment Basis

Where the applicable Final Terms and the Loan Facility Agreement state that the security in respect of the Deed of Guarantee is allocated on a Numerical Apportionment Basis, the Notes will be secured by, *inter alia*, an allocation of charged properties from a shared security pool. On an ongoing basis, the Security Trustee apportions such number of parts of the Charged Properties between all the Beneficiaries (including the Issuer) as is appropriate. The following valuation reports (the **Valuation Reports**) prepared by the Valuers therefore relate to the total shared security pool, an appropriate part of which will be allocated to secure the Notes, such part as is required to enable the Group Borrower to satisfy the Asset Cover Test (see the section entitled "*Description of the Loan Facility Agreement*" above).

The Valuation Reports were prepared by Jones Lang LaSalle Limited, Registered Chartered Surveyors of 30 Warwick Street, London W1B 5NH and Savills Advisory Services Limited, Registered Chartered Surveyors of 33 Margaret Street, London W1G 0JD (together, the **Valuers**). Each Valuation Report is included in this Offering Circular, in the form and context in which it is included, with the consent of the relevant Valuer and the relevant Valuer has authorised the contents of this section entitled "*Valuation Reports*" relating to the Valuation Report prepared by it.

As at the date of this Offering Circular, the Issuer confirms that no material changes have occurred since the respective effective date of each Valuation Report.

Each Valuer has no material interest in the Issuer, the Group Borrower or the Existing Borrower.

Executive Summary

This summary should be read in conjunction with the main body of our Report. Section numbers are supplied where relevant.

Introduction

The date of this Report is 10 April 2025.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 33,210 properties for loan security purposes (the "Portfolio") in connection with each series of Notes which has been or will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportionment Basis" pursuant to the Security Trust Deed.

Properties

The Portfolio comprises 30,402 social housing units located across England. From our inspections and desktop research, the properties appear to be a mixture of ages and construction types.

The Portfolio is broken down as follows:

- 76 rented units formerly owned by Aashyana Housing Association Limited ("AHA");
- 359 rented units formerly owned by Affinity Sutton Homes ("ASH");
- 8,256 rented units formerly owned by Broomleigh Housing Association Limited ("BHA");
- 6,266 rented units formerly owned by Downland Housing Association Limited ("DHA");
- 12,315 rented units formerly owned by William Sutton Housing Association Limited ("WSHA");
- 1,817 recently charged units;
- 1,313 shared ownership units; and
- 2,808 units which are managed by third party agents or have been sold on long leases and included at nil value.

Each of the properties in the Portfolio is now owned by the Existing Borrower. The Portfolio contains a mixture of different tenures, which we have further split by former subsidiary, as summarised in the table overleaf and set out in greater detail in section 3 of this Report.

The Report addresses those units which carry a value for the purpose of this exercise and consequently refers to the valuation of 30,402 units only. As such, there are 2,808 units at nil value within the Portfolio.

We have inspected the exterior of 20% of the units in the Portfolio, and a representative sample of 5% of that 20% were seen internally. (section 3). We have valued the remainder of the Portfolio on a desktop basis.

Portfolio Analysis

Location

- the properties within the Portfolio are located across England.

Description

- The majority of the Portfolio comprises General Needs properties;
- The remainder of the Portfolio is a mixture of supported & shared amenities, shared ownership, intermediate rent, keyworker and market rent properties;
- The property types are a mixture of houses, flats, rooms and bungalows; and
- The properties are a mixture of ages, predominantly comprised of brick/ concrete steel construction, with pitched/ slate clad roofs. The majority of windows are of UPVC casement and appear to be double glazed.

Tenure

- unless otherwise stated in this Report, we have assumed the Existing Borrower holds a freehold interest or a long leasehold interest with not less than 80 years unexpired in the properties.

Tenancy Summary Income Profile

- the majority of the rented properties (circa 95.81%) are let on assured tenancies;
- there are 1,201 units let on secure tenancies.
- the Portfolio includes 1,313 properties that are subject to Shared Ownership leases; and
- the total annual income that the Existing Borrower receives from the Portfolio is £219,972,578.

Analysis

Strengths

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers of social housing ("RPs") in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance (LHA) for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the Portfolio's location and composition;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the

Weaknesses

- the age of some of the properties mean they require continued investment in order to be able to maintain the same level of rental income in the long term;
- downward pressure on house prices in the medium-term and falling transaction volumes could impact upon values going forward; and
- there are short-term risks for RPs' income not supported by housing benefit and a greater number of voids and arrears.

valuations of the shared ownership units and they are not overly dependent on proceeds from sales;

- EUV-SH values are likely to maintain their current levels as stock transactions within the sector and access to debt markets continue to take place, albeit with more hesitancy due to market fluctuations; and
- Based on local authority waiting lists, There is excess demand for affordable housing properties across the localities within the Portfolio.

Threats

- The social housing sector's financial performance is weakening due to increased spending on existing homes and higher interest rates;
- The strongest financial pressures are seen in London and other urban areas with large numbers of flats still needing building safety works.
- RPs' spending on repairs and maintenance is at record levels and development plans are being scaled back due to financial constraints;
- There is an increased focus both within the sector and the media on tenant safety and service delivery. Failure to deliver quality services or engage with tenants effectively can harm tenants and damage reputation.

Opportunities

- increased efficiencies are continuing to be driven by mergers between RPs;
- rationalisation of RPs' stock allowing for more efficient asset management;
- investment of REITs and other funds into the sector as whole; and
- reactive changes to working conditions and government policy could drive further efficiencies in the sector and wider economy in the longer-term.

Suitability for Loan Security

Your instructions require us to comment on whether the properties we have valued to provide adequate security for the loan.

- It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.
- However, we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this Portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our Report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the Portfolio.
- With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.
- Subject to the information presented within this Report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this Portfolio is suitable for security purposes.

Information Requiring Clarification

- The Existing Borrower has been unable to provide EPC ratings for 1,939 properties in the Portfolio.

Lender Action Points

We have relied upon the rent and tenancy information provided by the Existing Borrower as being accurate. If required, we would recommend that the tenancy agreements and current rental income information provided therein is verified for accuracy by a solicitor.

Based on our inspections, we are satisfied that the properties we inspected externally, are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

In accordance with Clarion's instructions, all blocks which have outstanding fire safety remedial works have been removed from the valued Portfolio and valued at nil for the purposes of this year's valuation. As and when those remedial works have been completed we will return those blocks to our valued list. There are therefore no remedial costs deducted from any of our valuations. We have relied upon the information provided by Clarion as being accurate.

Recently, Mr. Adam Kiziak, the Director of Tri-Fire, was expelled from the Institute of Fire Engineers (IFE). In the light of this we have removed any blocks where Tri-fire produced an EWS1 form, which either hasn't been superseded by another satisfactory EWS1 form/ PAS8890 or FRAEW undertaken by another firm, or where we believe the EWS1 form wasn't required in the first place, given RICS guidance and the expertise of our in-house fire safety expert.

Our inspections are for valuation purposes only and carried out on an external basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

We understand that we saw representative parts of the Portfolio and we have assumed that any physical differences in parts we did not inspect will not have a material impact on value.

1. Introduction

1.1. Background

Clarion Housing Group (hereafter "Clarion") has instructed Jones Lang LaSalle ("JLL") to prepare a valuation of 33,210 properties owned by the Existing Borrower (the "Portfolio").

We understand that this Report will be used in order to assist with the existing £3,000,000,000 Secured Euro Medium Term Note Programme (the "Programme") of the Issuer. This valuation is required to assess the level of security for each series of Notes which has been or will be issued by the Issuer under the Programme where the underlying security is apportioned on a "Numerical Apportioned Basis" in accordance with the Security Trust Deed.

1.2. Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This Report has been prepared by Daniel Moore (Valuer Number: #6924875) and countersigned by Marc Burns and James Massey MRICS (Valuer Number: #5036140). Marc and James are both Directors of JLL.

The Report is also countersigned by Richard Petty FRICS (Valuer Number: #0089005), Head of UK Residential Valuation at JLL.

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this Report.

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Existing Borrower's accounts. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at 31 March 2025. We understand that values given in the Existing Borrower's accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the Existing Borrower. This is an entirely different basis of valuation from that used for loan security purposes.

The effective date of valuation is 31 March 2025.

1.3. Instructions

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T"); - where applicable.

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes.

We have valued the Portfolio on these bases, unless otherwise stated in this Report. In addition, and for guidance only (and specifically not to be relied on or represented for any purpose connected with loan security or similar purposes),

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

we are instructed to provide our indicative opinion of value on the basis of Market Value assuming Vacant Possession ("MV-VP").

1.4. Regulatory Compliance

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with Clarion, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from Clarion is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2024) and that we do not anticipate this situation changing in the foreseeable future.

1.5. Status of Valuer

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

We confirm that we valued the properties in March 2024 for Clarion's annual requirements under its loan covenants. After the appropriate due diligence, we consider that we do not have any conflict of interest in providing the advice that you have requested.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility is considered no later than the end of 2029.

1.6. Property Documents

We have previously reviewed the original Certificate of Title for the Portfolio ("the Certificate"), dated 12 April 2012, the Reliance and Top Up Letters, dated 29 November 2016, the Reliance and Top Up Letter, dated on or about 29 September 2017, and the Certificate of Title and Top Up Letter dated 10 September 2019, and issued by Winckworth Sherwood LLP , the Certificate of Title dated 4 November 2021, prepared by Devonshires Solicitors LLP and the Certificate of Title dated 4 November 2021 prepared by Trowers and Hamlins LLP (together the "Property Documents") and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Property Documents) such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Property Documents but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

1.7. Portfolio

The Portfolio comprises the following properties as described in section 3, schedules of which form Appendix 2:

25,428 units which have been valued on the basis of EUV-SH; and

4,974 units which have been valued on the basis of MV-T.

In addition, there are 2,808 units in the Portfolio which are either managed by third parties, or have been sold on long leases. The Existing Borrower's interest in these properties is considered to be de minimis for the purpose of this exercise (or treated as being such) and so they are included at nil value. Please note that these units are not included in any unit counts or other statistics in this Report (with the exception of the front cover of the Report), but are listed in Appendix 2.

Consequently, the valuation and summaries included herein refer to the 30,402 units being valued.

1.8. Regulation

Clarion Housing Group is regulated by the Regulator of Social Housing (RSH). The RSH is a non-departmental public body that oversees social housing providers in England. It was established in 2018 and is sponsored by the Ministry of Housing, Communities and Local Government. The RSH's primary responsibilities include monitoring and regulating registered social housing providers to ensure they meet certain standards of governance, financial viability, and value for money. They also provide guidance and support to social housing providers and publish information on the performance of the sector.

The RSH in England provides ratings to social housing providers based on their financial viability, governance and consumer standards (from 1 April 2024). Clarion Housing Group is currently rated as follows:

Registered Provider	Governance Rating	Viability Rating	Last Update
Clarion Housing Group	G1	V2	January 2025

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These were very significant for the UK social housing sector, as they gave RPs greater freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the regulator to prevent asset management actions.

The deregulatory measures introduced, give RPs the freedom to dispose of assets without the regulator's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

Since the commencement of this legislation, RPs have adapted their business plans and have adopted a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, this is now a key part of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs have in any way sacrificed their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

Whilst this is now a common part of RP asset management strategy, in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

2. Methodology

2.1. Valuation Model

We have undertaken our valuation of the Portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this Portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the Portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

Against the income receivable for each property, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing. We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2. Information Provided

The principal source of background data for the Portfolio has been the rent roll for each property provided by the Existing Borrower. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

2.3. Inspections

We understand that, under the terms of the loan agreements, which on-lend the proceeds of each series of Notes, the Existing Borrower must deliver a full valuation report at least once in every period of five calendar years.

The Portfolio comprises 30,402 properties, which, in line with the loan agreements, which on-lend the proceeds of each series of Notes, are required to be inspected by a valuer every five years. The logistics of inspecting this number of units in one year would be time consuming and costly, and therefore it has been agreed with the Security Trustee that we will inspect 20% of the properties every year, so that over a 5 year period all of the properties will have been inspected.

We can confirm that we have inspected the exterior of 20% of the properties this year, and have seen 5% of those properties internally. Our inspections were carried out between 6 January and 14 February 2025.

2.4. Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

- examining local benchmark affordable rents and comparing these with the Existing Borrower's rents; and
- analysing data provided by the Existing Borrower.

3.2. Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties within the Portfolio are a mixture of ages, as shown in the table below:

Multi-storey, Multi-occupancy Residential Buildings

In accordance with the RICS' published Guidance Note: Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021 (the 'Guidance Note'), for the purposes of assessing any potential fire safety remediation works, we have split the blocks of flats within this Portfolio into three categories:

- buildings over six storeys;
- buildings of five or six storeys; and
- buildings of four storeys or fewer.

The purpose of the Guidance Note is to help valuers undertaking valuations for secured lending purposes on domestic residential blocks of flats in the UK, and it provides criteria that can be used by a competent valuer during a standard valuation inspection to identify buildings where remediation work to cladding for fire safety purposes that may materially affect the value of the property is likely to be required. For each of the three categories of building heights, the Guidance Note sets out where an EWS1 form should be required.

In accordance with Clarion's instructions all blocks which have outstanding fire safety remedial works have been removed from the valued Portfolio and valued at nil for the purposes of this year's valuation. As and when those remedial works have been completed we will return those blocks to our valued list. There are therefore no remedial costs deducted from any of our valuations. We have relied upon the information provided by Clarion as being accurate.

Recently, Mr. Adam Kiziak, the Director of Tri-Fire, was expelled from the Institute of Fire Engineers (IFE). In the light of this we have removed any blocks where Tri-fire produced an EWS1 form, which either hasn't been superseded by another EWS1 form/ PAS8890 or FRAEW undertaken by another firm, or where we believe the EWS1 form wasn't required in the first place, given RICS guidance and the expertise of our in-house fire safety expert.

A breakdown of the properties between the three categories identified in the Guidance Note, along with the houses and bungalows in the Portfolio, is set out in the table below:

Category	No. of Blocks	Total no. of Units	% of total stock
Buildings over six storeys	9	507	2%
Buildings of five or six storeys	66	1,318	4%
Buildings of four storeys or fewer	982	10,990	36%
Houses and Bungalows	-	17,587	58%
Total		**30,402**	**100%**

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

Based on our inspections, we are satisfied that the properties we inspected externally, are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

3.3. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Existing Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs.

However the Existing Borrower has confirmed the EPC rating applicable for 28,463 properties in the Portfolio which are summarised in the table below:

EPC Rating	Units
A	20
B	2,308
C	17,504
D	7,968
E	620
F	39
G	4
Unknown	1,939
Total	**30,402**

We note some of the properties have an EPC rating of F or G, which fall below the minimum EPC threshold required for lettings in the private rental market. However, we have valued these properties on the basis of EUV-SH or MV-T (where appropriate).

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

In respect to properties that have been valued on the basis of MV-T, we have made an allowance of between £2,860 and £3,120 in each of the first 2 years of our cashflow to bring the properties up to the minimum regulatory EPC standard (E) that must be achieved before they can be let as Market Rent.

3.4. Climate Change Risk and Net Zero Carbon

Global warming targets set in the Paris Agreement are 1.5-2.0º Celsius above pre-industrial levels. Even the lower end of this range will produce significant changes to global climate systems, including extreme heat or cold events, higher frequency and severity of precipitation or drought, and sea level rise. Therefore, the level of physical climate-related risk of the subject property is likely to fluctuate over its useful life. High levels of climate risk could affect occupier and investor demand, as well as ability to obtain building insurance.

There is an increased focus on Environmental, Social & Governance (ESG) criteria for investment across all asset classes, including real estate. There are also various new, ESG-focused funds entering the real estate market. As a result, the value of property assets of all types is likely to be increasingly affected over time by long term, sustainability challenges. We note that, under the Paris Agreement, the 2050 vision is for all buildings, both new and existing, to be net zero carbon across the whole life cycle. As an interim ambition, the agreement envisages that all new buildings should be able to achieve zero carbon in operations, and aim to reduce carbon emissions by 40%, by 2030,

To achieve the best sustainability credentials and, in particular, to achieve Net Zero Carbon specification, the cost of a refurbishment of a building is currently higher than it would be for a refurbishment which fell short of the standards. However, given the speed at which both the legislation and ESG requirements are advancing, there is a risk that, within the next ten years, further capital expenditure will be required. However, such costs may be mitigated in the future through the principles of the Circular Economy, with a greater focus on recycling materials, and the development of more flexible buildings which can be refurbished and adapted to alternative uses more economically.

Therefore, in terms of cashflow, we anticipate that the technological advances, combined with the increased supply of products and competition, will lower these costs over time and we have not, at this stage, included in our valuation any additional allowance for costs to support the move to net zero carbon over the period covered by our valuation models.

4. Valuation Commentary – Rented Stock

4.1. Introduction

There are 29,089 rented properties in the Portfolio. The rented properties within the Portfolio are a mixture of general needs, Affordable Rent, keyworker, intermediate rent and sheltered and supported social housing properties. As at 31 March 2025 and from our reviews of the Property Documents for the Portfolio, 24,115 of the units were subject to disclosures that would be binding on a mortgagee in possession and therefore we have valued them in the basis of EUV-SH only.

4.2. Tenancies

The majority of the rented properties (circa 95.81%) are let on assured tenancies. We have assumed that these are 'standard' assured tenancies although we have not seen example tenancy agreements. The remaining 1,201 units are let on secure tenancies.

4.3. Rental Income

The following table summarises the total income that the Existing Borrower receives from the Portfolio annually:

Category	Units	Annual Income	Average Rent
Ex-DHA rented units	6,266	£47,297,752	£145.16
Ex-BHA rented units	8,256	£64,598,405	£150.47
Ex-WSHA rented units	12,315	£83,148,870	£129.84
Ex-AHA rented units	76	£513,215	£129.86
Ex-ASH rented units	359	£3,741,900	£200.44
Recently Charged rented units	1,817	£14,166,994	£149.94
Total	**29,089**	**£213,467,137**	**£141.12**

The following table sets out a comparison of the Existing Borrower's average rents with the average LHA in the Portfolio in the same areas (rents are shown on the basis of 52 weeks). A breakdown per property is included within the schedule at Appendix 2.

Property Type	Average Passing Rent	Average LHA	% of LHA
Ex-DHA rented units	£145.16	£257.32	56.4%
Ex-BHA rented units	£150.47	£320.40	47.0%
Ex-WSHA rented units	£129.84	£234.40	55.4%
Ex-AHA rented units	£129.86	£253.12	51.3%
Ex-ASH rented units	£200.44	£280.39	71.5%
Recently Charged units	£149.94	£208.10	72.1%

We are unable to verify the accuracy of the rent roll provided to us by the Existing Borrower.

4.4. EUV-SH Rental Growth

We have modelled rental growth of CPI plus 1% in our EUV-SH valuation models into perpetuity.

4.5. MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the Portfolio.

We have assumed that it will take between 1 and 12 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

4.6. Relet Rates

Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. The annual rates of tenancy turnover experienced by housing associations vary considerably between localities and between different property types. In regard to assured tenancies, national turnover rates are typically within the range of 5.0% to 11.0%, with higher rates of turnover in the North than in the South.

The rates that we have adopted are set out in the table below, and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.10.

Property Type	Relet Rate
House	5.0%
Flat	5.0%
Room	5.0%

4.7. Sales Rates

In accordance with section 1.8, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices across the same localities over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Category	Annual Sales Rates	Sales (Year 1)
Sales rate (houses)	0.0% - 40.0%	113
Sales rate (flats)	2.5% - 55.0%	81

4.8. Right to Buy

We anticipate that the tenants of some of the properties within the Portfolio may have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). However, we consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.9. Outgoings

In forming our opinion of the net rental income generated by the Portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Existing Borrower's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the Portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the Portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.10. Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2024 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2024 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.59% of their gross income through bad debts and 1.76% through void losses. The void losses reflect a decrease from 0.66% in the 2023 data whilst bad debts have remained at similar levels over the same period.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

4.11. Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the Existing Borrower. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2024 Global Accounts, the average cost of management across the sector is £1,279 per unit.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be significantly less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted an average rate of £695 per unit for management and administration in our valuations on the basis of EUV-SH.

We have assumed that a mortgagee in possession would expect to spend 10% of rental income on management and administration in our valuations on the basis of MV-T.

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

4.12. Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2024 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £3,029 per unit. The Global Accounts average figure for the sector is an increase of 13.8% on the 2023 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.2 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 1.0% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£1,849
Cyclical repairs	Year 1	£383
Day-to-day repairs	Year 1	£478
Total Average Costs	**Year 1**	**£2,710**

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

4.13. Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the Portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the Portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5,25% and 6.75% on net rental income.

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 1 - 12 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of between 7.25% and 8.00% (rental income), and between 7.25% and 8.00% (sales) for our MV-T cashflows.

4.14. Market Value subject to Vacant Possession (MV-VP)

We have undertaken research into MV-VPs in locations covered by the Portfolio. We have assessed the average value of dwellings on a property by property basis. The values adopted are based on comparable research and reflect the diversity of the stock and the different areas.

The average MV-VP of flats and houses in each of our cashflows are as shown in the table below:

Valuation Category	Average MV-VP (Houses)	Average MV-VP (Flats)	Average MV-VP (Bungalows)
Ex-DHA rented units	£353,070	£212,510	£310,940
Ex-BHA rented units	£435,875	£279,260	£326,990
Ex-WSHA rented units	£287,000	£214,340	£210,380
Ex-AHA rented units	£370,000	£220,500	-
Ex-ASH rented units	£372,670	£310,300	£382,140
Recently Charged Properties	£273,960	£233,945	£174,180

4.15. House Price Growth

We have included house price growth in accordance with the rates set out in JLL's Residential Forecasts issued in November 2024. The rates are split by region and are shown in real terms in the following table:

Region	2025	2026	2027	2028	2029
United Kingdom	0.9%	1.7%	2.4%	1.4%	1.0%

5. Valuation Commentary – Shared Ownership

5.1. Introduction

There are 1,313 shared ownership properties within the Portfolio. The Existing Borrower currently owns 62% of the equity in the units and a rent is charged on this percentage. The equity retained by the Existing Borrower in each of our shared ownership cashflows and average weekly rent charged against this equity are shown in the table below:

Cashflow	Units	Retained Equity	Weekly Rent
Ex-Ridgehill	124	72%	£85.00
North	77	65%	£99.91
South	1,112	60%	£96.11
Total	**1,313**	**62%**	**£2,710**

5.2. Rental Levels

According to the information provided by the Existing Borrower, the average gross weekly rental level is £95.28 against the average retained equity. All rents are expressed on the basis of 52 rent weeks per year.

We have not included the value of any current or future ground rent income in our valuations.

5.3. Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

On 12 October 2023, the government introduced a series of reforms to shared ownership rents. These reforms apply to the leases of new shared owners who purchase homes delivered through the Affordable Homes Programme and through the planning system via Section 106 developer contributions, with certain exceptions. They also apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership and Rent to Buy schemes.

As a part of these reforms, it was announced that from 12 October 2023, rents for new shared owners can instead be increased once a year by no more than the Consumer Prices Index (CPI) plus 1%. This reform brings shared ownership rents into line with the limit that normally applies to annual rent increases in other forms of social housing.

The reforms apply to the leases of new shared owners who purchase a leasehold interest in their homes through the Right to Shared Ownership or Rent to Buy schemes on or after 12 October 2023. If the sale of a leasehold interest in a home on shared ownership terms through either of these schemes is agreed before 12 October 2023, then they are exempt from these reforms.

We have not had sight of the individual leases for the shared ownership properties within this Portfolio; however, the Existing Borrower has confirmed that the shared ownership properties within this Portfolio are subject to the previous version of the model shared ownership lease and include rent review provisions that allow upwards only, indexed linked annual rent increases at RPI plus 0.5%.

Accordingly, we have increased rents at a rate of RPI plus 0.5%, in accordance with the terms of the existing leases.

5.4. Outgoings

In forming an opinion of the net rental income generated by the Portfolio, we have allowed between 3.5% and 4.0% of gross rental income for management.

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

5.5. Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

5.6. Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.7. Discount Rate

For our EUV-SH valuation we have adopted discount rates of between 4.75% and 5.00% on the rental income and between 7.50% and 7.75% on sales.

5.8. Market Value subject to Vacant Possession (MV-VP)

The average MV-VP of the retained equity in the shared ownership properties in the Portfolio is £190,651.

5.9. Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our North and South cashflow models. We have assumed that equity is sold in 25% tranches.

The 124 ex-Ridgehill properties have no allowance for future staircasing included within the valuation.

The rates we have adopted in our North and South cashflows are as follows:

North

Years	Tranche Sales
Years 0-2	2 tranche sales p.a.
Years 3-15	4 tranche sales p.a.
Years 16-30	3 tranche sales p.a.
Years 31-50	1 tranche sale p.a.

South

Years	Tranche Sales
Years 0-2	16 tranche sales p.a.
Years 3-15	42 tranche sales p.a.
Years 16-30	37 tranche sales p.a.
Years 31-50	15 tranche sales p.a.

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.7, to reflect the additional risk of realising the value.

6. Valuation

6.1. Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T") – where applicable.

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 2. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the Portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this Report.

7. Bases of Valuation

7.1. Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- *a willing seller;*
- *that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;*
- *that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;*
- *that no account is taken of any additional bid by a prospective purchaser with a special interest;*
- *that both parties to the transaction had acted knowledgeably, prudently and without compulsion;*
- *that the property will continue to be let by a body pursuant to delivery of a service for the existing use;*
- *the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;*
- *that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and*
- *that any subsequent sale would be subject to all the same assumptions above."*

7.2. Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.3. Expenses

No allowance is made in our valuations for any expenses of realisation.

7.4. Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

When considering the valuation of properties involving transferred public subsidies and potential SDLT relief, it is crucial to note that the application of such relief is subject to complex legislative conditions and HMRC interpretations. The availability of SDLT relief can significantly impact property valuations. However, its applicability is highly dependent on

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

specific circumstances, including (but not limited to): the nature of the original acquisition; the type of public subsidy involved; and the status of both the vendor and purchaser.

As such, valuations based on the assumption of SDLT relief may be subject to inaccuracies if all relevant conditions are not met or if HMRC's interpretation of the legislation changes. It is strongly recommended that, in the event of a transaction, professional tax advice be sought and, where uncertainty exists, non-statutory clearance from HMRC be obtained.

For the avoidance of doubt, our valuations are prepared on the explicit assumption that SDLT relief would be sought and successfully achieved by a hypothetical purchaser of the social housing properties in the Portfolio. Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5. VAT

Our valuations are exclusive of VAT on disposal.

8. Sources of Verification of Information

8.1. General

We have relied upon the description, tenancy type and current rental income provided to us by the Existing Borrower and we have been unable to verify the accuracy of that data.

8.2. Tenure

Unless otherwise stated in this Report, we have assumed the Existing Borrower holds a freehold interest or a long leasehold interest with not less than 80 years unexpired in the properties.

8.3. Title

We have not carried out our own investigations of title and our valuations have assumed good title, free from onerous covenants and other encumbrances other than as set out in this Report.

We assume unless informed to the contrary or unless otherwise stated in this Report, that each property has a good and marketable title; that all documentation is satisfactorily drawn; and that there are no encumbrances, restrictions, easements or other outgoings of an onerous nature, which would have a material effect on the value of the interest under consideration, nor material litigation pending. Where we have been provided with documentation, we recommend that reliance should not be placed on our interpretation without verification by your lawyers. We have assumed that all information provided by the client, or its agents, is correct, up to date and can be relied upon.

8.4. Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this Report.

8.5. Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this Report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

8.6. Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.7. Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.8. Reinforced Autoclaved Aerated Concrete ("RAAC")

The presence of RAAC in buildings and its potential to fail with little or no warning is receiving media attention at the moment following the closure of schools which are considered to be at risk.

RAAC is a lightweight form of concrete commonly used in construction between the 1950s and mid-1990s. It is predominantly found as precast panels in roofs, commonly flat roofs, and occasionally in floors and walls.

Although the majority of reported cases are within education and public sector buildings, there is potential for RAAC to be present in other property types and sectors. Whether this poses a risk will depend on several factors including location, condition and quality of the original installation and each case will need to be assessed on its own merits.

Within the residential sector, the RICS advise that they expect the exposure to be low. The Regulator of Social Housing (RSH) has also said that it believes RAAC is not widespread in social housing.

We have not carried out or commissioned investigations on site to ascertain whether any building was constructed using RAAC. Unless we are otherwise informed, our valuations are provided on the basis that no such material has been used.

8.9. Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.10. Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.11. Japanese Knotweed

Our inspections are for valuation purposes only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site.

8.12. Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Existing Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs.

© 2025 Jones Lang LaSalle IP, Inc. All rights reserved. T V1.24

Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

8.13. Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the "the Red Book". Such figures should not be used for any other purpose other than in the context of this valuation.

8.14. Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.15. Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.16. The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

8.17. Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

8.18. Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.19. Plans and Maps

All plans and maps included in our Report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.20. Compliance with Building Regulations and Statutory Requirements

Our valuations have been provided in accordance with the RICS' Guidance Note: "*Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021"*, effective from 5 April 2021.

Unless otherwise stated in our Report none of the properties are of 18m or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.
