(the "Current Reports").

These Current Reports contain a list of transactions with related parties concluded in the the period from 1 January 2024 to 30 June 2024 and other information to comply with the requirements of Article 108 of the Law 24/2017 and Regulation No. 5/2018 ("Reported Transactions").

The criteria for our assessment of the Reported Transactions are contained in items 5 and 6 of Article 108 of the Law 24/2017, specifically:

- (1) the Reported Transactions are correct and justified from the point of view of the Company and of the shareholders who are not affiliated parties, including the minority shareholders, and the Current Reports include explanations of the assumptions on which they are based, and the methods used;
- (2) the prices related to the Reported Transactions and disclosed in the Current Reports, combined with the rights and obligations assumed by the parties, are correct by reference to the other existing offers on the market or if the transactions are not carried out at the market price, the causes that led to this derogation and the pricing policies will be specified.

The requirements stated above (the "Applicable Criteria"), in our view, constitute appropriate criteria to form the limited assurance conclusion.

According to the requirements of Law 24/2017, the Reported Transactions included in the Current Reports are subject to verification by an independent auditor for the purpose of submitting this report to The Financial Supervisory Authority ("ASF") and the Bucharest Stock Exchange ("BVB"). Other matters

We have been appointed as auditors of the Company for the financial year 2024 and we did not report on the financial statements for the year ended 31 December 2023. According to the financial statements for the year ended 31 December 2023 audited by another auditor, the Company's net asset value was RON 11,392,476 thousand as of 31 December 2023, and that amount was considered by the Company in the preparation of the information included in the Current Reports.

Responsibility of the management of the Company

The management of the Company is responsible for the preparation of the Reported Transactions disclosed in the Current Reports in accordance with Law 24/2017 and the Regulation No. 5/2018. The management of the Company is also responsible for the correctness and justification of the Reported Transactions and for the application of correct prices to the Reported Transactions by reference to the other existing offers on the market. This includes the responsibility for the selection and application of the appropriate methods for preparation of financial data and non-financial information, as well as for the design, implementation and maintenance of systems and processes of internal control and accounting records, that are necessary to enable preparation of the Current Reports and assessment of the Reported Transactions that is free of material misstatements, whether due to fraud or error, and complies with the applicable requirements.

Our responsibility

Our responsibility was to assess the compliance, in all material respects, of the Reported Transactions disclosed in the Current Reports with the Applicable Criteria and to express, based on the evidence obtained, an independent limited assurance conclusion.

We conducted our engagement in accordance with the International Standard on Assurance Engagements 3000 (Revised) – "Assurance Engagements other than Audits and Reviews of Historical Financial Information" ("ISAE 3000"). This standard requires that we comply with ethical requirements, and to plan and perform procedures to obtain limited assurance whether the Reported Transactions disclosed in the Current Reports comply, in all material respects, with the Applicable Criteria.

A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks. The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

Quality management requirements and professional ethics

We apply International Standard on Quality Management 1, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We comply with the independence and other ethical requirements of the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

Summary of the work performed

Our planned and performed procedures were aimed at obtaining limited assurance whether the Reported Transactions disclosed in the Current Reports comply with the Applicable Criteria. We have performed the following procedures:

- We have obtained from the Company the attached Current Reports.
- We have verified that the Reported Transactions disclosed in the Current Reports were concluded with related parties.
- We have verified that the persons approving the Current Reports are the authorized representatives of the Company for the Reported Transactions disclosed in the Current Reports.
- For a sample of the Reported Transactions disclosed in the Current Reports, we have determined whether their details (such as: the date the documentation was signed and its nature; description of the type of goods/services indicated in the documentation; the total realized or estimated value of the contracts and, where applicable, the established guarantees and stipulated penalties, the terms and method of payment, as well as the related contractual conditions) correspond, in all material respects, to the information included in the signed contracts and/or other similar contractual documentation made available to us and whether they were signed by the Company's representatives, in accordance with the list of authorized signatures provided to us.
- We inquired of management representatives whether there are market prices for the Reported Transactions or whether other offers are available in the market on comparable terms, or where the case, the prices are government-regulated. We have also inquired of management whether the Reported Transactions are fair and justified from the point of view of the Company and shareholders, including minority shareholders, and, where applicable, obtained management's explanation of the assumptions on which they based their conclusion, as well as the methods used by them.
- For a sample of the Reported Transactions, to the extent that there is a market price or the prices are government-regulated for the goods or services transacted between the Company and the related parties, we discussed with the Company's management how these prices were determined and whether, the agreed prices correspond to those used in contractual relations with other parties (third parties), for similar services or goods. We have also inquired whether the respective transactions are carried out based on the Company's internal procedures regarding price substantiation and, respectively, the related contracts are approved by the Company's Board of Directors, in accordance with its internal procedures.

The Current Reports were not subject to audit as defined in International Standards on Auditing. In the course of performing the limited assurance procedures, we have not conducted an audit or review of the historical financial information used in the process of preparation of the Current Reports and therefore we do not accept any responsibility for the issuance or update of any reports or opinions on historical financial information of the Company.

Our procedures were carried out, as described above, exclusively on the Reported Transactions disclosed in the Current Reports, published by the Company's management in regards to the transactions carried out during the period from 1 January to 30 June 2024. We did not perform any procedure to determine whether the Current Reports include all transactions that the Company had to

report in accordance with the requirements of Law 24/2017 in this period.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our limited assurance conclusion.

Limited assurance conclusion

Based on the assurance procedures performed and the evidence obtained, nothing has come to our attention that causes us to believe that the Reported Transactions disclosed in the Current Reports do not comply, in all material respects, with the Applicable Criteria.
