WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Capped Leveraged Index Return Notes® Linked to the MSCI Emerging Markets Index

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on August 27, 2021 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Starting Value: the lesser of:

(i) Principal Amount +

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right] ; \text{ and}$$

(ii) the Capped Value;

- if the Ending Value is equal to or less than the Starting Value, but greater than or equal to the Threshold Value: the Principal Amount; or
- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the MSCI Emerging Markets Index.

The “Pricing Date” shall mean August 29, 2019.

The “Starting Value” is 970.08, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Market Measure Business Day means the official closing level of the Index reported by the Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of the Index,” “Adjustments to the Index” and “Market Disruption Events.”

The “Ending Value” will be the average of the Closing Levels of the Index on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

The “Threshold Value” is 873.07, which is equal to 90% of the Starting Value, rounded to two decimal places.

The “Participation Rate” is 200.00%.

The “Capped Value” is 120.22% of the Principal Amount.

A “Market Measure Business Day” means a day on which (1) the London Stock Exchange, Hong Kong Stock Exchange, Sao Paulo Stock Exchange and Korea Stock Exchange, or their successors, are open for trading and (2) the Index or any Successor Index (as defined below) is calculated and published.

“Index Publisher” shall mean MSCI Inc.

“Maturity Valuation Period” means each of August 18, 2021, August 19, 2021, August 20, 2021, August 23, 2021 and August 24, 2021, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of October 5, 2018 among the Company, Wells Fargo & Company, as guarantor (the “Guarantor”), and the Calculation Agents, as amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company and the Guarantor providing for, among other things, the determination of the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and BofA Securities, Inc. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If, after the Pricing Date, the Index Publisher makes a material change in the method of calculating the Index or in another way that changes the Index such that it does not, in the opinion of the Calculation Agents, fairly represent the level of the Index had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level is to be calculated, make adjustments to the Index. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of the Index as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of the Index, as so adjusted.

Discontinuance of the Index

If, after the Pricing Date, the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Index (a “Successor Index”), the Calculation Agents will substitute the Successor Index as calculated by the relevant Index Publisher or any other entity and calculate the Ending Value as described in the definition of “Ending Value” above. If the Calculation Agents select a Successor Index, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If the Index Publisher discontinues publication of the Index before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Index, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Index is available,

the Calculation Agents will compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Index is selected or the Calculation Agents calculate a level as a substitute for the Index, the Successor Index or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in the Index trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose the Index or any Successor Index; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to the Index (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if the Index has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Closing Level of the Index for the applicable Non-Calculation Day will be the Closing Level of the Index on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of the Index on the next Calculation Day will also be the Closing Level for the Index on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of the Index for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Threshold Value, the Ending Value, the Index, the Redemption Amount, any Market Disruption Events, a Successor Index, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of the Index. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to August 27, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Capped Leveraged Index Return Notes[®] Linked to the MSCI Emerging Markets Index

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, the Guarantor and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal

amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable

pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

- if the Ending Value is greater than the Starting Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right];$$

- if the Ending Value is equal to or less than the Starting Value, but greater than or equal to the Threshold Value: the Principal Amount; or
- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Market Measure” or “Basket” shall mean a basket comprised of the following Basket Components, with each Basket Component having the “Initial Component Weight” noted parenthetically: the EURO STOXX 50[®] Index (40.00), the FTSE[®] 100 Index (20.00), the Nikkei Stock Average Index (20.00), the Swiss Market Index (7.50), the S&P/ASX 200 Index (7.50) and the Hang Seng Index (5.00).

“Basket Component” shall mean each of the EURO STOXX 50[®] Index, the FTSE[®] 100 Index, the Nikkei Stock Average Index, the Swiss Market Index, the S&P/ASX 200 Index and the Hang Seng Index.

The “Pricing Date” shall mean August 29, 2019.

The “Starting Value” is 100.00.

The “Threshold Value” is 90.00, which is equal to 90% of the Starting Value.

The “Participation Rate” is 131.31%.

The “Closing Level” of a Basket Component on any Market Measure Business Day means the official closing level of such Basket Component reported by the relevant Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of a Basket Component,” “Adjustments to a Basket Component” and “Market Disruption Events.”

The “Component Ratio” for each Basket Component is equal to:

$$\frac{[\text{the Initial Component Weight for such Basket Component (expressed as a percentage)} \times 100]}{\text{the Closing Level of such Basket Component on the Pricing Date,}}$$

in each case rounded to eight decimal places and subject to the provisions set forth below under “Adjustments to the Component Ratio for a Basket Component.” The Component Ratios of the Basket Components are as follows: the EURO STOXX 50® Index (0.01172563), the FTSE® 100 Index (0.00278384), the Nikkei Stock Average Index (0.00097747), the Swiss Market Index (0.00076231), the S&P/ASX 200 Index (0.00115253) and the Hang Seng Index (0.00019453). The Closing Levels of the Basket Components on the Pricing Date are as follows: the EURO STOXX 50® Index (3,411.33), the FTSE® 100 Index (7,184.32), the Nikkei Stock Average Index (20,460.93), the Swiss Market Index (9,838.48), the S&P/ASX 200 Index (6,507.395) and the Hang Seng Index (25,703.50).

The “Value” of the Market Measure on a Calculation Day will be equal to the sum of the products of (i) the Closing Level of each Basket Component on such Calculation Day and (ii) the Component Ratio for such Basket Component.

The “Ending Value” will be the average of the Values of the Market Measure on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

A “Market Measure Business Day” means a day on which (A) each of the Eurex (as to the EURO STOXX 50® Index), the London Stock Exchange (as to the FTSE® 100 Index), the Tokyo Stock Exchange (as to the Nikkei Stock Average Index), the SIX Swiss Exchange (as to the Swiss Market Index), the Australian Stock Exchange (as to the S&P/ASX 200 Index), and the Stock Exchange of Hong Kong (as to the Hang Seng Index) (or any successor to the foregoing exchanges) are open for trading; and (B) the Basket Components or any successors thereto are calculated and published.

“Index Publisher” shall mean the publisher of a Basket Component.

“Maturity Valuation Period” means each of August 18, 2021, August 19, 2021, August 20, 2021, August 23, 2021 and August 24, 2021, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of October 5, 2018 among the Company, Wells Fargo & Company, as guarantor (the “Guarantor”), and the Calculation Agents, as amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company and the Guarantor providing for, among other things, the determination of the Value of the Market Measure on each Calculation Day, the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and BofA Securities, Inc. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Component Ratio for a Basket Component

The Component Ratios for the Basket Components will not be revised subsequent to their determination on the Pricing Date, except that the Calculation Agents may in their good faith judgment adjust the Component Ratio of any Basket Component in the event that Basket Component is materially changed or modified in a manner that does not, in the opinion of the Calculation Agents, fairly represent the value of that Basket Component had those material changes or modifications not been made.

Adjustments to a Basket Component

If, after the Pricing Date, an Index Publisher makes a material change in the method of calculating a Basket Component or in another way that changes a Basket Component such that it does not, in the opinion of the Calculation Agents, fairly represent the level of such Basket Component had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level of such Basket Component is to be calculated, make adjustments to such Basket Component. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of such Basket Component as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of such Basket Component, as so adjusted.

Discontinuance of a Basket Component

If, after the Pricing Date, an Index Publisher discontinues publication of a Basket Component, and such Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Basket Component (a “Successor Basket Component”), the Calculation Agents will substitute such Successor Basket Component as calculated by the relevant Index Publisher or any other entity and calculate the Closing Level of such Basket Component as described in the definition of “Closing Level” above. If the Calculation Agents select a Successor Basket Component, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If an Index Publisher discontinues publication of a Basket Component before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Basket Component, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Basket Component is available,

the Calculation Agents will compute a substitute Closing Level for such Basket Component in accordance with the procedures last used to calculate such Basket Component before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Basket Component is selected or the Calculation Agents calculate a level as a substitute for such Basket Component, the Successor Basket Component or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means, with respect to a Basket Component, one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in such Basket Component trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose such Basket Component or any Successor Basket Component; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to such Basket Component (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the such Basket Component, or any Successor Basket Component.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;

- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to a Basket Component, or any Successor Basket Component, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on a Basket Component, or any Successor Basket Component, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to such Basket Component;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if a Basket Component has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If for any Basket Component (an “Affected Basket Component”), (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Calculation Agents will determine the Closing Levels of the Basket Components for such Non-Calculation Day, and as a result, the Ending Value, as follows:

- the Closing Level of each Basket Component that is not an Affected Basket Component will be its Closing Level on such Non-Calculation Day; and
- the Closing Level of each Basket Component that is an Affected Basket Component for the applicable Non-Calculation Day will be the Closing Level of such Basket Component on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of such Basket Component on the next Calculation Day will also be the Closing Level for such Basket Component on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of such Basket Component for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day

during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Threshold Value, the Value of the Market Measure on each Calculation Day, the Ending Value, the Redemption Amount, any Market Disruption Events, any Successor Basket Component, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of a Basket Component and the adjustments to a Basket Component or its Component Ratio. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to August 27, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC
MEDIUM-TERM NOTE, SERIES A
Fully and Unconditionally Guaranteed by Wells Fargo & Company
Leveraged Index Return Notes® Linked to an
International Equity Index Basket

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, the Guarantor and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Accelerated Return Notes® Linked to the Russell 2000® Index

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on October 30, 2020 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Starting Value: the lesser of:

(i) Principal Amount +

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right] ; \text{ and}$$

(ii) the Capped Value; or

- if the Ending Value is equal to or less than the Starting Value:

$$\left[\text{Principal Amount} \times \frac{\text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the Russell 2000® Index.

The “Pricing Date” shall mean August 29, 2019.

The “Starting Value” is 1,496.720, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Market Measure Business Day means the official closing level of the Index reported by the Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of the Index,” “Adjustments to the Index” and “Market Disruption Events.”

The “Ending Value” will be the average of the Closing Levels of the Index on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

The “Participation Rate” is 300.00%.

The “Capped Value” is 114.46% of the Principal Amount.

A “Market Measure Business Day” means a day on which (1) the New York Stock Exchange (the “NYSE”) and The Nasdaq Stock Market, or their successors, are open for trading and (2) the Index or any Successor Index (as defined below) is calculated and published.

“Index Publisher” shall mean FTSE Russell.

“Maturity Valuation Period” means each of October 21, 2020, October 22, 2020, October 23, 2020, October 26, 2020 and October 27, 2020, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of October 5, 2018 among the Company, Wells Fargo & Company, as guarantor (the “Guarantor”), and the Calculation Agents, as amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company and the Guarantor providing for, among other things, the determination of the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and BofA Securities, Inc. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If, after the Pricing Date, the Index Publisher makes a material change in the method of calculating the Index or in another way that changes the Index such that it does not, in the opinion of the Calculation Agents, fairly represent the level of the Index had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level is to be calculated, make adjustments to the Index. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of the Index as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of the Index, as so adjusted.

Discontinuance of the Index

If, after the Pricing Date, the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Index (a “Successor Index”), the Calculation Agents will substitute the Successor Index as calculated by the relevant Index Publisher or any other entity and calculate the Ending Value as described in the definition of “Ending Value” above. If the Calculation Agents select a Successor Index, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If the Index Publisher discontinues publication of the Index before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Index, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Index is available,

the Calculation Agents will compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Index is selected or the Calculation Agents calculate a level as a substitute for the Index, the Successor Index or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in the Index trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose the Index or any Successor Index; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to the Index (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, will not constitute a Market Disruption Event;

- 3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if the Index has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Closing Level of the Index for the applicable Non-Calculation Day will be the Closing Level of the Index on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of the Index on the next Calculation Day will also be the Closing Level for the Index on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of the Index for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Ending Value, the Index, the Redemption Amount, any Market Disruption Events, a Successor Index, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of the Index. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to October 30, 2020. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Accelerated Return Notes[®] Linked to the Russell 2000[®] Index

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, the Guarantor and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal

amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable

pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Capped Leveraged Index Return Notes[®] Linked to the Russell 2000[®] Index

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on August 27, 2021 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Starting Value: the lesser of:

(i) Principal Amount +

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right] ; \text{ and}$$

(ii) the Capped Value;

- if the Ending Value is equal to or less than the Starting Value, but greater than or equal to the Threshold Value: the Principal Amount; or
- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the Russell 2000® Index.

The “Pricing Date” shall mean August 29, 2019.

The “Starting Value” is 1,496.720, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Market Measure Business Day means the official closing level of the Index reported by the Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of the Index,” “Adjustments to the Index” and “Market Disruption Events.”

The “Ending Value” will be the average of the Closing Levels of the Index on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

The “Threshold Value” is 1,347.048, which is equal to 90% of the Starting Value, rounded to three decimal places.

The “Participation Rate” is 200.00%.

The “Capped Value” is 115.82% of the Principal Amount.

A “Market Measure Business Day” means a day on which (1) the New York Stock Exchange (the “NYSE”) and The Nasdaq Stock Market, or their successors, are open for trading and (2) the Index or any Successor Index (as defined below) is calculated and published.

“Index Publisher” shall mean FTSE Russell.

“Maturity Valuation Period” means each of August 18, 2021, August 19, 2021, August 20, 2021, August 23, 2021 and August 24, 2021, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of October 5, 2018 among the Company, Wells Fargo & Company, as guarantor (the “Guarantor”), and the Calculation Agents, as amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company and the Guarantor providing for, among other things, the determination of the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and BofA Securities, Inc. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If, after the Pricing Date, the Index Publisher makes a material change in the method of calculating the Index or in another way that changes the Index such that it does not, in the opinion of the Calculation Agents, fairly represent the level of the Index had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level is to be calculated, make adjustments to the Index. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of the Index as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of the Index, as so adjusted.

Discontinuance of the Index

If, after the Pricing Date, the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Index (a “Successor Index”), the Calculation Agents will substitute the Successor Index as calculated by the relevant Index Publisher or any other entity and calculate the Ending Value as described in the definition of “Ending Value” above. If the Calculation Agents select a Successor Index, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If the Index Publisher discontinues publication of the Index before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Index, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Index is available,

the Calculation Agents will compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Index is selected or the Calculation Agents calculate a level as a substitute for the Index, the Successor Index or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in the Index trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose the Index or any Successor Index; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to the Index (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if the Index has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Closing Level of the Index for the applicable Non-Calculation Day will be the Closing Level of the Index on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of the Index on the next Calculation Day will also be the Closing Level for the Index on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of the Index for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Threshold Value, the Ending Value, the Index, the Redemption Amount, any Market Disruption Events, a Successor Index, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of the Index. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to August 27, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable

pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Notes with Absolute Return Buffer Linked to an International Equity Index Basket

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on August 26, 2022 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Starting Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right];$$

- if the Ending Value is equal to or less than the Starting Value, but greater than or equal to the Threshold Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \left[\frac{\text{Starting Value} - \text{Ending Value}}{\text{Starting Value}} \right] \right]; \text{ or}$$

- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Market Measure” or “Basket” shall mean a basket comprised of the following Basket Components, with each Basket Component having the “Initial Component Weight” noted parenthetically: the EURO STOXX 50® Index (40.00), the FTSE® 100 Index (20.00), the Nikkei Stock Average Index (20.00), the Swiss Market Index (7.50), the S&P/ASX 200 Index (7.50) and the Hang Seng Index (5.00).

“Basket Component” shall mean each of the EURO STOXX 50® Index, the FTSE® 100 Index, the Nikkei Stock Average Index, the Swiss Market Index, the S&P/ASX 200 Index and the Hang Seng Index.

The “Pricing Date” shall mean August 29, 2019.

The “Starting Value” is 100.00.

The “Threshold Value” is 85.00, which is equal to 85% of the Starting Value.

The “Participation Rate” is 110.92%.

The “Closing Level” of a Basket Component on any Market Measure Business Day means the official closing level of such Basket Component reported by the relevant Index

Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of a Basket Component,” “Adjustments to a Basket Component” and “Market Disruption Events.”

The “Component Ratio” for each Basket Component is equal to:

$$\frac{[\text{the Initial Component Weight for such Basket Component (expressed as a percentage)} \times 100]}{\text{the Closing Level of such Basket Component on the Pricing Date,}}$$

in each case rounded to eight decimal places and subject to the provisions set forth below under “Adjustments to the Component Ratio for a Basket Component.” The Component Ratios of the Basket Components are as follows: the EURO STOXX 50[®] Index (0.01172563), the FTSE[®] 100 Index (0.00278384), the Nikkei Stock Average Index (0.00097747), the Swiss Market Index (0.00076231), the S&P/ASX 200 Index (0.00115253) and the Hang Seng Index (0.00019453). The Closing Levels of the Basket Components on the Pricing Date are as follows: the EURO STOXX 50[®] Index (3,411.33), the FTSE[®] 100 Index (7,184.32), the Nikkei Stock Average Index (20,460.93), the Swiss Market Index (9,838.48), the S&P/ASX 200 Index (6,507.395) and the Hang Seng Index (25,703.50).

The “Value” of the Market Measure on a Calculation Day will be equal to the sum of the products of (i) the Closing Level of each Basket Component on such Calculation Day and (ii) the Component Ratio for such Basket Component.

The “Ending Value” will be the average of the Values of the Market Measure on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

A “Market Measure Business Day” means a day on which (A) each of the Eurex (as to the EURO STOXX 50[®] Index), the London Stock Exchange (as to the FTSE[®] 100 Index), the Tokyo Stock Exchange (as to the Nikkei Stock Average Index), the SIX Swiss Exchange (as to the Swiss Market Index), the Australian Stock Exchange (as to the S&P/ASX 200 Index), and the Stock Exchange of Hong Kong (as to the Hang Seng Index) (or any successor to the foregoing exchanges) are open for trading; and (B) the Basket Components or any successors thereto are calculated and published.

“Index Publisher” shall mean the publisher of a Basket Component.

“Maturity Valuation Period” means each of August 17, 2022, August 18, 2022, August 19, 2022, August 22, 2022 and August 23, 2022, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of October 5, 2018 among the Company, Wells Fargo & Company, as guarantor (the “Guarantor”), and the Calculation Agents, as amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company and the Guarantor providing for, among other things, the determination of the Value of the Market Measure on each Calculation Day, the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and BofA Securities, Inc. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Component Ratio for a Basket Component

The Component Ratios for the Basket Components will not be revised subsequent to their determination on the Pricing Date, except that the Calculation Agents may in their good faith judgment adjust the Component Ratio of any Basket Component in the event that Basket Component is materially changed or modified in a manner that does not, in the opinion of the Calculation Agents, fairly represent the value of that Basket Component had those material changes or modifications not been made.

Adjustments to a Basket Component

If, after the Pricing Date, an Index Publisher makes a material change in the method of calculating a Basket Component or in another way that changes a Basket Component such that it does not, in the opinion of the Calculation Agents, fairly represent the level of such Basket Component had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level of such Basket Component is to be calculated, make adjustments to such Basket Component. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of such Basket Component as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of such Basket Component, as so adjusted.

Discontinuance of a Basket Component

If, after the Pricing Date, an Index Publisher discontinues publication of a Basket Component, and such Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Basket Component (a “Successor Basket Component”), the Calculation Agents will substitute such Successor Basket Component as calculated by the relevant Index Publisher or any other entity and calculate the Closing Level of such Basket Component as described in the definition of “Closing

Level” above. If the Calculation Agents select a Successor Basket Component, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If an Index Publisher discontinues publication of a Basket Component before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Basket Component, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Basket Component is available,

the Calculation Agents will compute a substitute Closing Level for such Basket Component in accordance with the procedures last used to calculate such Basket Component before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Basket Component is selected or the Calculation Agents calculate a level as a substitute for such Basket Component, the Successor Basket Component or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means, with respect to a Basket Component, one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in such Basket Component trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose such Basket Component or any Successor Basket Component; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to such Basket Component (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the such Basket Component, or any Successor Basket Component.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to a Basket Component, or any Successor Basket Component, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on a Basket Component, or any Successor Basket Component, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to such Basket Component;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if a Basket Component has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If for any Basket Component (an “Affected Basket Component”), (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Calculation Agents will determine the Closing Levels of the Basket Components for such Non-Calculation Day, and as a result, the Ending Value, as follows:

- the Closing Level of each Basket Component that is not an Affected Basket Component will be its Closing Level on such Non-Calculation Day; and
- the Closing Level of each Basket Component that is an Affected Basket Component for the applicable Non-Calculation Day will be the Closing Level of such Basket Component on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of such Basket Component on the next Calculation Day will also be the Closing Level for such Basket Component on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of such Basket

Component for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Threshold Value, the Value of the Market Measure on each Calculation Day, the Ending Value, the Redemption Amount, any Market Disruption Events, any Successor Basket Component, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of a Basket Component and the adjustments to a Basket Component or its Component Ratio. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to August 26, 2022. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Notes with Absolute Return Buffer Linked to an International Equity Index Basket

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, the Guarantor and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal

amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable

pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

**Market-Linked Step Up Notes Linked to an
 International Equity Index Basket**

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on August 26, 2021 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Step Up Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right] ;$$

- if the Ending Value is greater than or equal to the Starting Value, but is equal to or less than the Step Up Value: the Principal Amount *plus* the Step Up Payment; or
- if the Ending Value is less than the Starting Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Market Measure” or “Basket” shall mean a basket comprised of the following Basket Components, with each Basket Component having the “Initial Component Weight” noted parenthetically: the EURO STOXX 50® Index (40.00), the FTSE® 100 Index (20.00), the Nikkei Stock Average Index (20.00), the Swiss Market Index (7.50), the S&P/ASX 200 Index (7.50) and the Hang Seng Index (5.00).

“Basket Component” shall mean each of the EURO STOXX 50® Index, the FTSE® 100 Index, the Nikkei Stock Average Index, the Swiss Market Index, the S&P/ASX 200 Index and the Hang Seng Index.

The “Pricing Date” shall mean August 29, 2019.

The “Step Up Payment” is 26.92% of the Principal Amount.

The “Step Up Value” is 126.92, which is equal to 126.92% of the Starting Value.

The “Starting Value” is 100.00.

The “Threshold Value” is 100.00, which is equal to 100% of the Starting Value.

The “Closing Level” of a Basket Component on any Market Measure Business Day means the official closing level of such Basket Component reported by the relevant Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under

“Discontinuance of a Basket Component,” “Adjustments to a Basket Component” and “Market Disruption Events.”

The “Component Ratio” for each Basket Component is equal to:

$$\frac{[\text{the Initial Component Weight for such Basket Component (expressed as a percentage)} \times 100]}{\text{the Closing Level of such Basket Component on the Pricing Date,}}$$

in each case rounded to eight decimal places and subject to the provisions set forth below under “Adjustments to the Component Ratio for a Basket Component.” The Component Ratios of the Basket Components are as follows: the EURO STOXX 50[®] Index (0.01172563), the FTSE[®] 100 Index (0.00278384), the Nikkei Stock Average Index (0.00097747), the Swiss Market Index (0.00076231), the S&P/ASX 200 Index (0.00115253) and the Hang Seng Index (0.00019453). The Closing Levels of the Basket Components on the Pricing Date are as follows: the EURO STOXX 50[®] Index (3,411.33), the FTSE[®] 100 Index (7,184.32), the Nikkei Stock Average Index (20,460.93), the Swiss Market Index (9,838.48), the S&P/ASX 200 Index (6,507.395) and the Hang Seng Index (25,703.50).

The “Value” of the Market Measure on the Calculation Day will be equal to the sum of the products of (i) the Closing Level of each Basket Component on the Calculation Day and (ii) the Component Ratio for such Basket Component.

The “Ending Value” will be the Value of the Market Measure on the Calculation Day (as defined below), subject to the provisions set forth below under “Market Description Events.”

A “Market Measure Business Day” means a day on which (A) each of the Eurex (as to the EURO STOXX 50[®] Index), the London Stock Exchange (as to the FTSE[®] 100 Index), the Tokyo Stock Exchange (as to the Nikkei Stock Average Index), the SIX Swiss Exchange (as to the Swiss Market Index), the Australian Stock Exchange (as to the S&P/ASX 200 Index), and the Stock Exchange of Hong Kong (as to the Hang Seng Index) (or any successor to the foregoing exchanges) are open for trading; and (B) the Basket Components or any successors thereto are calculated and published.

“Index Publisher” shall mean the publisher of a Basket Component.

The “Calculation Day” is August 19, 2021, subject to the provisions set forth below under “Market Disruption Events.”

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of October 5, 2018 among the Company, Wells Fargo & Company, as guarantor (the “Guarantor”), and the Calculation Agents, as amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company and the Guarantor providing for, among other things, the determination of the Ending Value, the Step Up Payment and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and BofA Securities, Inc. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Component Ratio for a Basket Component

The Component Ratios for the Basket Components will not be revised subsequent to their determination on the Pricing Date, except that the Calculation Agents may in their good faith judgment adjust the Component Ratio of any Basket Component in the event that Basket Component is materially changed or modified in a manner that does not, in the opinion of the Calculation Agents, fairly represent the value of that Basket Component had those material changes or modifications not been made.

Adjustments to a Basket Component

If, after the Pricing Date, an Index Publisher makes a material change in the method of calculating a Basket Component or in another way that changes a Basket Component such that it does not, in the opinion of the Calculation Agents, fairly represent the level of such Basket Component had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level of such Basket Component is to be calculated, make adjustments to such Basket Component. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of such Basket Component as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of such Basket Component, as so adjusted.

Discontinuance of a Basket Component

If, after the Pricing Date, an Index Publisher discontinues publication of a Basket Component, and such Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Basket Component (a “Successor Basket Component”), the Calculation Agents will substitute such Successor Basket Component as calculated by the relevant Index Publisher or any other entity and calculate the Closing Level of such Basket Component as described in the definition of “Closing Level” above. If the Calculation Agents select a Successor Basket Component, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If an Index Publisher discontinues publication of a Basket Component before the Calculation Day and the Calculation Agents do not select a Successor Basket Component, then on the day that would otherwise be the Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Basket Component is available,

the Calculation Agents will compute a substitute Closing Level for such Basket Component in accordance with the procedures last used to calculate such Basket Component before any discontinuance as if that day were the Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Basket Component is selected or the Calculation Agents calculate a level as a substitute for such Basket Component, the Successor Basket Component or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means, with respect to a Basket Component, one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in such Basket Component trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose such Basket Component or any Successor Basket Component; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to such Basket Component (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the such Basket Component, or any Successor Basket Component.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;

- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to a Basket Component, or any Successor Basket Component, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on a Basket Component, or any Successor Basket Component, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to such Basket Component;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if a Basket Component has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If for any Basket Component (an “Affected Basket Component”), (i) a Market Disruption Event occurs on the scheduled Calculation Day or (ii) the scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Calculation Agents will determine the Closing Levels of the Basket Components for such Non-Calculation Day, and as a result, the Ending Value, as follows:

- the Closing Level of each Basket Component that is not an Affected Basket Component will be its Closing Level on such Non-Calculation Day; and
- the Closing Level of each Basket Component that is an Affected Basket Component for the Non-Calculation Day will be the Closing Level of such Basket Component on the immediately succeeding Market Measure Business Day during which no Market Disruption Event occurs or is continuing for such Basket Component; provided that the Closing Level for such Basket Component will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on a date no later than the second scheduled Market Measure Business Day prior to the Stated Maturity Date, regardless of the occurrence of a Market Disruption Event with respect to such Basket Component on that day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Step Up Value, the Threshold Value, the Ending Value, the Redemption Amount, the Step Up

Payment, any Market Disruption Events, any Successor Basket Component, Market Measure Business Days, Business Days, the Calculation Day, any Non-Calculation Days, and determinations related to the discontinuance of a Basket Component and the adjustments to a Basket Component or its Component Ratio. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to August 26, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Market-Linked Step Up Notes Linked to an
International Equity Index Basket**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, the Guarantor and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the S&P 500® Index
due September 6, 2022**

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be September 6, 2022. If the Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Level is greater than or equal to the Starting Level: the Face Amount *plus* the Contingent Fixed Return;
- if the Ending Level is less than the Starting Level, but greater than or equal to the Threshold Level: the Face Amount; or
- if the Ending Level is less than the Threshold Level: the Face Amount *minus*:

$$\left[\text{Face Amount} \times \frac{\text{Starting Level} - \text{Ending Level}}{\text{Starting Level}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the S&P 500® Index.

The “Pricing Date” shall mean August 29, 2019.

The “Starting Level” is 2924.58, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Trading Day means the official closing level of the Index reported by the Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Adjustments to the Index,” “Discontinuance of the Index” and “Market Disruption Events.”

The “Ending Level” will be the Closing Level of the Index on the Calculation Day.

The “Threshold Level” is 2193.435, which is equal to 75% of the Starting Level.

The “Contingent Fixed Return” is 19% of the Face Amount of this Security.

“Index Sponsor” shall mean S&P Dow Jones Indices LLC.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Related Futures or Options Exchange” for the Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Index.

The “Relevant Stock Exchange” for any security underlying the Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Calculation Day” shall be August 29, 2022. If such day is not a Trading Day, the Calculation Day will be postponed to the next succeeding Trading Day. The Calculation Day is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below). If a Market Disruption Event occurs or is continuing with respect to the Index on the Calculation Day, such Calculation Day will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day. If the Calculation Day has been postponed eight Trading Days after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Level of the Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on such date of each security included in the Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Ending Level and the Maturity Payment Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If at any time the method of calculating the Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if the Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to the Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating the Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust the Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of the Index

If the Index Sponsor discontinues publication of the Index, and the Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the Index Sponsor or any other entity and calculate the Ending Level as described above. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that the Index Sponsor discontinues publication of the Index prior to, and the discontinuance is continuing on, the Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for the Index in accordance with the formula for and method of calculating the Index last in effect prior to the discontinuance, but using only those securities that comprised the Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for the Index, the Successor Equity Index or level will be used as a substitute for the Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on the Calculation Day the Index Sponsor fails to calculate and announce the level of the Index, the Calculation Agent will calculate a substitute Closing Level of the Index in accordance with the formula for and method of calculating the Index last in effect prior to the failure, but using only those securities that comprised the Index immediately prior to that failure; *provided that*, if a Market Disruption Event occurs or is continuing on such day, then the provisions set forth above under the definition of “Calculation Day” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of the Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of the Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of the Index or any Successor Equity Index are traded or any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying the Index or Successor Equity Index or any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security to the level of the Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for the Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying the Index or Successor Equity Index on such Trading Day; *provided* that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying the Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to the Index or Successor Equity Index, the “close of trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for the Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for the Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying the Index or any Successor Equity Index and each Related Futures or Options Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount and the Ending Level. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Index under the circumstances described in this Security, (ii) if publication of the Index is

discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of the Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to September 6, 2022. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration was the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the S&P 500® Index
due September 6, 2022**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights

of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive

Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Maturity Payment Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Maturity Payment Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Leveraged Index Return Notes® Linked to a Global Equity Index Basket

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on August 26, 2022 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Starting Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right];$$

- if the Ending Value is equal to or less than the Starting Value, but greater than or equal to the Threshold Value: the Principal Amount; or
- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Market Measure” or “Basket” shall mean a global equity index basket comprised of the following Basket Components, with each Basket Component having the “Initial Component Weight” noted parenthetically: the MSCI Emerging Markets Index (33.40), the S&P 500[®] Index (33.30), and the EURO STOXX 50[®] Index (33.30).

“Basket Component” shall mean each of the MSCI Emerging Markets Index, the S&P 500[®] Index, and the EURO STOXX 50[®] Index.

The “Pricing Date” shall mean August 29, 2019.

The “Starting Value” is 100.00.

The “Threshold Value” is 90.00, which is equal to 90% of the Starting Value.

The “Participation Rate” is 120.50%.

The “Closing Level” of a Basket Component on any Market Measure Business Day means the official closing level of such Basket Component reported by the relevant Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of a Basket Component,” “Adjustments to a Basket Component” and “Market Disruption Events.”

The “Component Ratio” for each Basket Component is equal to:

$$\frac{[\text{the Initial Component Weight for such Basket Component (expressed as a percentage)} \times 100]}{\text{the Closing Level of such Basket Component on the Pricing Date,}}$$

in each case rounded to eight decimal places and subject to the provisions set forth below under “Adjustments to the Component Ratio for a Basket Component.” The Component Ratios of the Basket Components are as follows: MSCI Emerging Markets Index (0.03443015), the S&P 500® Index (0.01138625), and the EURO STOXX 50® Index (0.00976159). The Closing Levels of the Basket Components on the Pricing Date are as follows: MSCI Emerging Markets Index (970.08), the S&P 500® Index (2,924.58), and the EURO STOXX 50® Index (3,411.33).

The “Value” of the Market Measure on a Calculation Day will be equal to the sum of the products of (i) the Closing Level of each Basket Component on that Calculation Day and (ii) the Component Ratio for such Basket Component.

The “Ending Value” will be the average of the Values of the Market Measure on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

A “Market Measure Business Day” means a day on which (A) each of the Eurex (as to the EURO STOXX 50® Index), the New York Stock Exchange and the NASDAQ Stock Market, Inc. (as to the S&P 500® Index), and the London Stock Exchange, the Hong Kong Stock Exchange, the Sao Paulo Stock Exchange and the Korea Stock Exchange (as to the MSCI Emerging Markets Index) (or any successor to the foregoing exchanges) are open for trading; and (B) the Basket Components or any successors thereto are calculated and published.

“Index Publisher” shall mean the publisher of a Basket Component.

“Maturity Valuation Period” means each of August 17, 2022, August 18, 2022, August 19, 2022, August 22, 2022 and August 23, 2022, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of October 5, 2018 among the Company, Wells Fargo & Company, as guarantor (the “Guarantor”), and the Calculation Agents, as amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company and the Guarantor providing for, among other things, the determination of the Value of the Market Measure on each Calculation Day, the Ending Value

and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and BofA Securities, Inc. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Component Ratio for a Basket Component

The Component Ratios for the Basket Components will not be revised subsequent to their determination on the Pricing Date, except that the Calculation Agents may in their good faith judgment adjust the Component Ratio of any Basket Component in the event that Basket Component is materially changed or modified in a manner that does not, in the opinion of the Calculation Agents, fairly represent the value of that Basket Component had those material changes or modifications not been made.

Adjustments to a Basket Component

If, after the Pricing Date, an Index Publisher makes a material change in the method of calculating a Basket Component or in another way that changes a Basket Component such that it does not, in the opinion of the Calculation Agents, fairly represent the level of such Basket Component had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level of such Basket Component is to be calculated, make adjustments to such Basket Component. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of such Basket Component as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of such Basket Component, as so adjusted.

Discontinuance of a Basket Component

If, after the Pricing Date, an Index Publisher discontinues publication of a Basket Component, and such Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Basket Component (a “Successor Basket Component”), the Calculation Agents will substitute such Successor Basket Component as calculated by the relevant Index Publisher or any other entity and calculate the Closing Level of such Basket Component as described in the definition of “Closing Level” above. If the Calculation Agents select a Successor Basket Component, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If an Index Publisher discontinues publication of a Basket Component before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Basket Component, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and

- a determination by the Calculation Agents that a Successor Basket Component is available,

the Calculation Agents will compute a substitute Closing Level for such Basket Component in accordance with the procedures last used to calculate such Basket Component before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Basket Component is selected or the Calculation Agents calculate a level as a substitute for such Basket Component, the Successor Basket Component or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means, with respect to a Basket Component, one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in such Basket Component trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose such Basket Component or any Successor Basket Component; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to such Basket Component (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the such Basket Component, or any Successor Basket Component.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to a Basket Component, or any Successor Basket Component, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on a Basket Component, or any Successor Basket Component, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders

relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to such Basket Component;

- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if a Basket Component has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If for any Basket Component (an “Affected Basket Component”), (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Calculation Agents will determine the Closing Levels of the Basket Components for such Non-Calculation Day, and as a result, the Ending Value, as follows:

- the Closing Level of each Basket Component that is not an Affected Basket Component will be its Closing Level on such Non-Calculation Day; and
- the Closing Level of each Basket Component that is an Affected Basket Component for the applicable Non-Calculation Day will be the Closing Level of such Basket Component on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of such Basket Component on the next Calculation Day will also be the Closing Level for such Basket Component on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of such Basket Component for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the

Threshold Value, the Value of the Market Measure on each Calculation Day, the Ending Value, the Redemption Amount, any Market Disruption Events, any Successor Basket Component, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of a Basket Component and the adjustments to a Basket Component or its Component Ratio. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a pre-paid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to August 26, 2022. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Leveraged Index Return Notes[®] Linked to a Global Equity Index Basket

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, the Guarantor and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the S&P 500® Index

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Cash Settlement Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Stated Maturity Date” shall be July 14, 2021. If the Determination Date (as defined below) is postponed, the Stated Maturity Date will be postponed to the second Business Day (as defined below) after the Determination Date as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Cash Settlement Amount and Certain Definitions

The “Cash Settlement Amount” of this Security will equal:

- if the Final Underlier Level is greater than or equal to the Cap Level, the Maximum Settlement Amount;

- if the Final Underlier Level is greater than the Initial Underlier Level but less than the Cap Level, the sum of (i) the Face Amount plus (ii) the product of (a) the Face Amount times (b) the Upside Participation Rate times (c) the Underlier Return;
- if the Final Underlier Level is equal to or less than the Initial Underlier Level but greater than or equal to the Buffer Level, the Face Amount; or
- if the Final Underlier Level is less than the Buffer Level, the sum of (i) the Face Amount plus (ii) the product of (a) the Buffer Rate times (b) the sum of the Underlier Return plus the Buffer Amount times (c) the Face Amount.

All calculations with respect to the Cash Settlement Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Cash Settlement Amount will be rounded to the nearest cent, with one-half cent rounded upward.

The “Underlier” shall mean the S&P 500[®] Index.

The “Trade Date” shall mean August 29, 2019.

The “Initial Underlier Level” is 2,924.58, the Closing Level of the Underlier on the Trade Date.

The “Closing Level” of the Underlier on any Trading Day means the official closing level of the Underlier reported by the Underlier Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Adjustments to the Underlier,” “Discontinuance of the Underlier” and “Market Disruption Events.”

The “Final Underlier Level” will be the Closing Level of the Underlier on the Determination Date.

The “Underlier Return” will be the quotient of (i) the Final Underlier Level minus the Initial Underlier Level divided by (ii) the Initial Underlier Level, expressed as a percentage.

The “Cap Level” is 3,347.474268, which is 114.46% of the Initial Underlier Level.

The “Buffer Level” is 2,559.0075, which is equal to 87.5% of the Initial Underlier Level.

The “Maximum Settlement Amount” is 121.69% of the Face Amount of this Security.

The “Buffer Amount” is 12.5%.

The “Buffer Rate” is equal to the Initial Underlier Level divided by the Buffer Level.

The “Upside Participation Rate” is 1.5.

“Underlier Sponsor” shall mean S&P Dow Jones Indices LLC.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Underlier are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Related Futures or Options Exchange” for the Underlier means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Underlier.

The “Relevant Stock Exchange” for any security underlying the Underlier means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Determination Date” shall be July 12, 2021. If the originally scheduled Determination Date is not a Trading Day, the Determination Date will be postponed to the next succeeding Trading Day. The Determination Date is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below). See “–Market Disruption Events.”

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Final Underlier Level and the Cash Settlement Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Underlier

If at any time the method of calculating the Underlier or a Successor Underlier, or the closing level thereof, is changed in a material respect, or if the Underlier or a Successor Underlier is in any other way modified so that such underlier does not, in the opinion of the Calculation Agent, fairly represent the level of such underlier had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New

York, on each date that the closing level of such underlier is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an underlier comparable to the Underlier or Successor Underlier as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Underlier or Successor Underlier with reference to such underlier, as so adjusted. Accordingly, if the method of calculating the Underlier or Successor Underlier is modified so that the level of such underlier is a fraction or a multiple of what it would have been if it had not been modified (e.g., due to a split or reverse split in such equity underlier), then the Calculation Agent will adjust the Underlier or Successor Underlier in order to arrive at a level of such underlier as if it had not been modified (e.g., as if the split or reverse split had not occurred).

Discontinuance of the Underlier

If the Underlier Sponsor discontinues publication of the Underlier, and the Underlier Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Underlier (a “Successor Underlier”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Underlier as calculated by the relevant Underlier Sponsor or any other entity and calculate the Final Underlier Level as described above. Upon any selection by the Calculation Agent of a Successor Underlier, the Company will cause notice to be given to the Holder of this Security.

In the event that the Underlier Sponsor discontinues publication of the Underlier prior to, and the discontinuance is continuing on, the Determination Date and the Calculation Agent determines that no Successor Underlier is available at such time, the Calculation Agent will calculate a substitute Closing Level for the Underlier in accordance with the formula for and method of calculating the Underlier last in effect prior to the discontinuance, but using only those securities that comprised the Underlier immediately prior to that discontinuance. If a Successor Underlier is selected or the Calculation Agent calculates a level as a substitute for the Underlier, the Successor Underlier or level will be used as a substitute for the Underlier for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on the Determination Date the Underlier Sponsor fails to calculate and announce the level of the Underlier, the Calculation Agent will calculate a substitute Closing Level of the Underlier in accordance with the formula for and method of calculating the Underlier last in effect prior to the failure, but using only those securities that comprised the Underlier immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day, then the provisions set forth below under “Market Disruption Events” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of the Underlier or any Successor Underlier at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the Underlier or any Successor Underlier on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of the Underlier or any Successor Underlier on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Underlier or any Successor Underlier on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of the Underlier or any Successor Underlier are traded or any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying the Underlier or Successor Underlier or any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security to the level of the Underlier or any Successor Underlier will be based on a comparison of (x) the portion of the level of such underlier attributable to that security and (y) the overall level of the Underlier or Successor Underlier, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for the Underlier or any Successor Underlier means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying the Underlier or Successor Underlier on such Trading Day; *provided* that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying the Underlier or Successor Underlier for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to the Underlier or Successor Underlier, the “close of trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for the Underlier or any Successor Underlier means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for the Underlier or any Successor Underlier on which each Relevant Stock Exchange for the securities underlying the Underlier or any Successor Underlier and each Related Futures or Options Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

If a Market Disruption Event occurs or is continuing on the Determination Date, then the Determination Date will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Determination Date, that eighth Trading Day shall be deemed to be the Determination Date. If

the Determination Date has been postponed eight Trading Days after the originally scheduled Determination Date and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Level of the Underlier on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Underlier last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on such date of each security included in the Underlier. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange.

Calculation Agent

The Calculation Agent will determine the Cash Settlement Amount and the Final Underlier Level. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Underlier under the circumstances described in this Security, (ii) if publication of the Underlier is discontinued, select a Successor Underlier or, if no Successor Underlier is available, determine the Closing Level of the Underlier under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to July 14, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Cash Settlement Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Cash Settlement Amount hereof calculated as provided herein as though the date of acceleration was the Determination Date.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the S&P 500® Index

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Cash Settlement Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Cash Settlement Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

The Notes are to be issued under the Indenture dated as of April 25, 2018 (the “Indenture”) among the Company, the Guarantor and Citibank, N.A., as trustee, and will be fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture (the “Guarantee”). The Notes will be sold pursuant to a Terms Agreement, each dated August 29, 2019, among the Company, the Guarantor and the Agent named therein (the “Terms Agreement”).

We have examined such documents, records and instruments as we have deemed necessary or appropriate for the purposes of this opinion.

Based on the foregoing, we are of the opinion that the Notes and the Guarantee have been duly authorized by the Company or the Guarantor, as applicable, and, when the Notes are duly executed by the Company, authenticated in accordance with the provisions of the Indenture, and delivered to and paid for by the Agent pursuant to the applicable Terms Agreement, the Notes and the Guarantee will constitute valid and legally binding obligations of the Company or the Guarantor, as applicable, enforceable against the Company or the Guarantor, as applicable, in accordance with their terms subject to applicable bankruptcy, reorganization, insolvency,

moratorium, fraudulent conveyance, receivership or other laws affecting creditors' rights generally from time to time in effect and subject to general equity principles including, without limitation, concepts of materiality, reasonableness, good faith, fair dealing and the possible unavailability of specific performance, injunctive relief or other equitable remedies (regardless of whether enforceability is considered in a proceeding in equity or at law) and except further as enforcement thereof may be limited by any governmental authority that limits, delays or prohibits the making of payments outside of the United States. As contemplated by the foregoing qualifications, in rendering the foregoing opinion, we are expressing no opinion as to Federal or state laws relating to fraudulent transfers. Without limiting any other qualifications set forth herein, the opinions expressed herein are subject to the effect of generally applicable laws that (i) limit the waiver of rights under usury laws; (ii) provide that, in the absence of an effective waiver or consent, a guarantor may be discharged from its guaranty, to the extent the guaranteed obligations are modified or other action or inaction increases the scope of the guarantor's risk or otherwise detrimentally affects the guarantor's interests, such as by negligently administering the guaranteed obligations, or releasing the primary obligor from the guaranteed obligations; or (iii) permit a guarantor to revoke a guaranty with respect to guaranteed obligations incurred after the revocation, notwithstanding the absence of an express right of revocation in the document providing for such guaranty.

We have relied as to certain relevant facts upon certificates of, and/or information provided by, officers and employees of the Company and the Guarantor as to the accuracy of such factual matters without independent verification thereof or other investigation. We have also relied, without investigation, upon the following assumptions: (i) natural persons acting on behalf of the Company and the Guarantor have sufficient legal capacity to enter into and perform, on behalf of the Company or the Guarantor, the transaction in question; (ii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has satisfied those legal requirements that are applicable to it to the extent necessary to make such agreements or instruments enforceable against it; (iii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has complied with all legal requirements pertaining to its status as such status relates to its rights to enforce such agreements or instruments against the Company or the Guarantor; (iv) each document submitted to us for review is accurate and complete, each such document that is an original is authentic, each such document that is a copy conforms to an authentic original, and all signatures on each such document are genuine; and (v) the Notes and the Guarantee are necessary or convenient to the conduct, promotion or attainment of the business of the Company and the Guarantor.

The opinions expressed herein are limited to the specific issues addressed and to documents and laws existing on the date hereof. By rendering our opinion, we do not undertake to advise you with respect to any other matter or of any change in such documents and laws or in the interpretation thereof which may occur after the date hereof.

Our opinions set forth herein are limited to the laws of the State of New York, the General Corporation Law of the State of Delaware, the Delaware Limited Liability Company Act and the federal laws of the United States of America, and we are expressing no opinion as to the effect of any other laws.

We hereby consent to the filing of this opinion as an exhibit to a Current Report on Form 8-K of the Company filed with the Commission and thereby incorporated by reference into the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act.

Very truly yours,

FAEGRE BAKER DANIELS LLP
