OUR CUSTOMERS. OUR WORLD.

At Axis Bank, customer centricity has always been the fulcrum and foundation of our business. Despite challenges, industry uncertainties, regulatory constraints, technological changes, and economic volatilities, we have never lost sight of this critical maxim that defines our DNA.

We have consistently addressed the requirements of a diverse customer cross-section with proactiveness and integrity, even when we needed to perform on an enormous scale, and go beyond our brief.

Our efforts are powered by robust infrastructure, advanced technology, a comprehensive monitoring and control

framework and a large talent pool. Empathy and efficiency are the pivots that drive our customer centricity at and beyond branches.

We are recalibrating our lending strategy, investing in technology upgradation and expanding our footprint to make a material difference to customers. At the same time, our commitment to highest standards of ethics and governance safeguard their interests round the clock.

We are helping individuals, families, businesses, and communities to prosper. We are investing in their long-term success and ensuring a sustainable business for

our stakeholders. Besides, we are setting measurable targets in areas we believe we can make a difference as a bank and as a corporate citizen.

The trust that our customers and stakeholders have placed in us remains our strongest anchor, encouraging us to deliver value and improve our products and service proposition every step of the way.

Notwithstanding adversities, our customer focus remains unwavering. And we will continue to be close to our customers in good times and bad.

BUSINESS SEGMENTS

Axis Bank has a diversified business mix divided into two broad segments – Corporate Banking and Retail Banking.

Presence Across the Value Chain

CORPORATE BANKING

Axis Bank provides comprehensive corporate banking solutions with presence across the value chain, comprising credit, transaction banking, treasury, syndication, investment banking and trustee services.

Credit

The Bank offers various loan and fee-based products and services to Large and Mid-corporate clients and Small and Medium Enterprise (SME) businesses. These products and services include cash credit facilities, demand and short-term loans, project finance, export credit, factoring, channel financing, structured products, discounting of bills, documentary credits, guarantees, foreign exchange and derivative products. Liability products (current accounts, certificates of deposits and time deposits, among others) are also offered to large and mid-corporate segments.

Transaction Banking

The Transaction Banking group (TxB) focuses on flow businesses within Corporate Banking to provide effective service to the customers and to offer efficient client management and product solutions. TxB provides integrated products and services to customers in areas of current accounts, cash management services, capital market services, trade, foreign exchange and derivatives, cross-border trade and correspondent banking services and tax collections on behalf of the Government and various state governments in India.

Treasury

The Treasury manages the funding position of the Bank and manages and maintains its regulatory reserve requirements. It invests in sovereign and corporate debt instruments and engages in proprietary trading in equity and fixed income securities, foreign exchange, currency futures and options. It also invests in commercial paper, mutual funds and floating rate instruments as part of the management of short-term surplus liquidity. In addition, it also offers a wide range of treasury products and services to corporate customers. These include derivative instruments such as forward contracts, interest rate swaps, currency swaps and foreign currency options.

Syndication

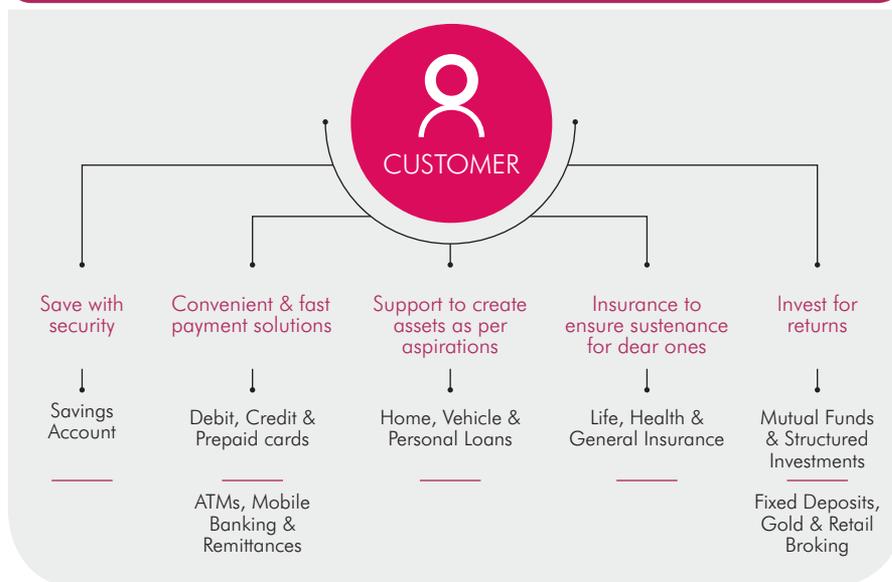

The Bank also provides services of placement and syndication in the form of local currency bonds, rupee and foreign term loans and external commercial borrowings.

Investment Banking and Trustee Services

The Bank provides investment banking and trusteeship services through its wholly-owned subsidiaries. Axis Capital Limited provides investment banking services relating to equity capital markets, institutional stock broking, mergers and acquisitions advisory. Axis Trustee Services Limited is engaged in trusteeship activities, acting as debenture trustee and as trustee to various securitisation trusts.

Capturing End-to-End Customer Requirements

RETAIL BANKING

The Retail Banking segment encompasses a wide array of products and services across deposits, loans, investments and payment solutions, which are delivered through multiple channels to the Bank's customers. We cater to end-to-end retail customer requirements through retail liabilities, retail lending and investment products.

Retail Deposits

Retail liability products include savings accounts, time deposits and customised products for high-net-worth individuals, senior citizens, working mothers, armed forces personnel, students and salaried employees.

Retail Lending

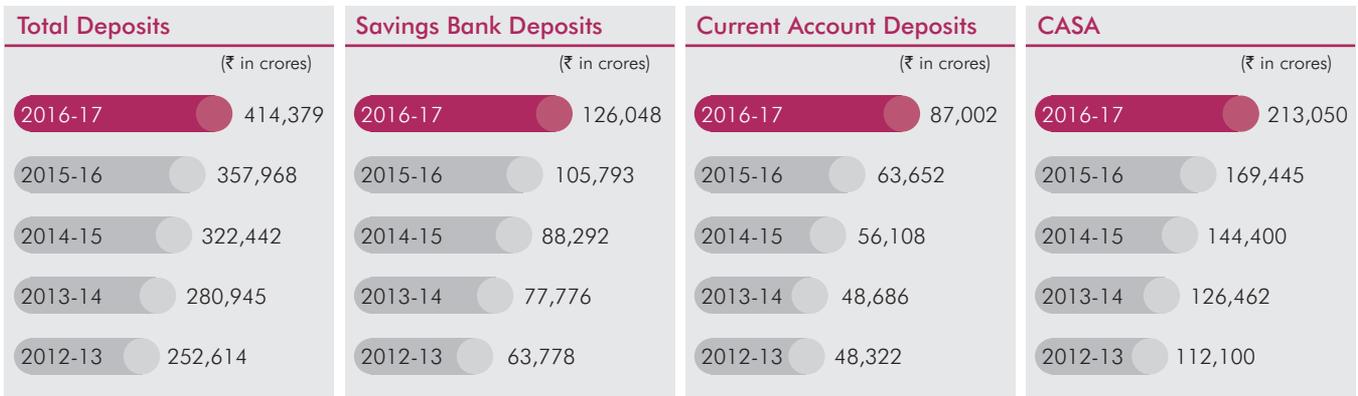

Retail asset products include home loans, personal loans, auto loans, consumer loans, loans against gold and education loans, as well as secured loans of various types. The Bank also offers payment

products and services such as debit cards, credit cards, travel currency cards and point-of-sale terminals.

Investment Products

The Bank distributes investment products such as mutual funds and bancassurance products (Life, Health and General Insurance) through its branches. The Bank offers online trading services to its customers in collaboration with Axis Securities Ltd. (a 100% subsidiary of the Bank) under the name Axis Direct - an enhanced and simplified online trading platform.

MESSAGE FROM THE MANAGING DIRECTOR & CEO

Shikha Sharma
Managing Director & CEO

To remain relevant in the financial services industry of the future, banks need to embrace Customer Experience design as a core component of their business model.

Customers compare you not with other banks, but with the most powerful experiences they have with any service provider across industries.

Dear Shareholders,

“Unexpected change” – It’s the phrase that best captures the essence of the year gone by. Be it the unexpected political changes around the world or the surprise Demonetisation drive back home. What did not change is our drive to partner with our customers in their progress - fulfilling and enriching their financial journeys. This indomitable customer-first attitude has helped us in building a formidable banking franchise which has grown from strength to strength over these last 23 years. Our Corporate and SME franchises have worked side by side with Indian corporates and entrepreneurs to build their businesses and further expand in overseas markets. The Retail Banking franchise has been mobilising and managing savings for citizens, fulfilling dreams and aspirations of many Indians to own their first cars and homes. The traditional financial landscape in India is getting transformed rapidly; there is a visible shift from informal to formal channels. The Bank along with its subsidiaries is very well positioned to participate in this evolving trend and create significant value for all stakeholders.

India’s macroeconomic fundamentals continued to improve last year on the back of a stable monetary policy which has been very well complemented by the Government by taking significant policy initiatives. From the banking

sector perspective however, last year continued to be challenging. While the asset quality situation remains concentrated in a few sectors, banks had a new situation to contend with – that of high liquidity and very low corporate credit demand.

Despite these challenges, the Bank’s strong operating profit engine helped us to tide over one of our toughest years in recent times. The Bank delivered steady operating profit growth of 9% with healthy operating revenue growth of 14%. The underlying strength of the franchise was visible in the last quarter of fiscal 2017 with all operating metrics bouncing off the lows we had seen in the earlier part of the year. We continued to grow faster than the banking system and gained market share in both advances and deposits. The Bank’s retail and SME book continued to grow with risk parameters well under control. The corporate loan book witnessed significant asset quality challenges during the year. Earnings declined by 55% and the return ratios moderated on account of higher provisions for non-performing assets. Given the inherent improvement in the underlying strength of the Bank’s franchise over these years, it is only a matter of time that the Bank’s return ratios improve again, as the benefits of lower slippages and credit costs begin to reflect. The Bank remains well capitalised with a Tier-I ratio of 11.87% and maintained its dividend per share of ₹5 similar to the previous year.

Our corporate asset quality challenges have predominantly emerged from the watch list that was disclosed last year. While the Government and the regulator came up with several reforms and measures to support and resolve the stressed assets problem, the pace of resolutions during fiscal 2017 was slower than envisaged earlier. We expect resolution processes to pick up in fiscal 2018 aided by the Government's recent ordinance to amend Banking Regulation Act along with RBI's revised guidelines on timely resolution of stressed assets which are likely to expedite decision-making.

The Bank has always played an active part in nation building and continues to be an integral part of the key measures that drive our country forward. In the early part of this decade, the Bank saw an opportunity and wholeheartedly supported the country's focus on infrastructure, building steel plants, power plants and the like. Some of the corporate credit that we took on in these sectors did not turn out well, though India continues to remain a nation starved of both infrastructure and energy. We believe that the Government's ambitious infrastructure development programme supported by a fast-track, investment friendly and predictable public-private-partnership mechanism will help our nation to overcome these impediments in the near future. Our learnings from the last cycle have helped us to calibrate our portfolio concentration a lot more tightly than in the previous years.

In the last few years, we have significantly strengthened credit underwriting and risk management practices at the Bank. We have diversified our loan book materially and now have 45% of our loans in the Retail segment. We have reduced concentration risk in our corporate book significantly. We have tightened incremental sanctions and are actively targeting the pool of better rated corporates. We continue to drive the transition of our corporate franchise towards a more flow led, transaction banking oriented business.

On most operational parameters, the Bank performed in line with the direction I laid out in my letter last year. Aligned with our strategy to deepen our low cost deposit franchise, we were able to increase the share of low cost CASA deposits to overall deposits by nearly 400 bps in fiscal 2017, aided by Demonetisation. Retail Assets remained the main growth engine for the Bank and we continued to further diversify

and made the portfolio more granular. The Bank's cross-sell metrics too have been steadily improving, aided by big data led analytics of the retail customer base. This was substantiated by strong retail assets growth from existing deposit customers and healthy growth in retail fee income from distribution of investment and insurance products. During the year, the Bank also tied up with the nation's largest insurer, Life Insurance Corporation of India, to broadbase insurance coverage of its customers.

The Bank's SME business not only continues to focus on lending to priority sector and select important industrial clusters, but is also engaged in taking forward the Government of India's initiatives like 'Make in India' and 'Skill India'.

The Transaction Banking business of the Bank continues to leverage on the existing client and customer relationships to cross-sell a large suite of products. In the Treasury and Debt Capital Markets segment, the Bank continues to remain a leading player. During the year, the Bank became the first Indian entity to issue internationally listed climate bond initiative certified dollar denominated Green Bonds in June 2016 and also acted as the lead manager in the very first Masala Bond issued by one of the leading housing finance companies.

We made significant progress in the digital payments space boosted by the Government's demonetisation drive towards a 'less cash' economy that helped leapfrog digital adoption among customers by a few years. We continue to lead the digital wave and simplify banking for our customers by offering simple products, secure payments and improved processes through effective use of technology. The Bank was among the first to launch a Unified Payment Interface (UPI) app 'Axis Pay' and also launched Axis OK – an app that works on feature phones without the need for an internet connection. The mobile banking channel witnessed over 100% growth in both value and volume terms while electronic channels continued to form 87% of overall customer induced transactions. During the year, the Bank was adjudged runner-up in the 'Best use of Digital and Channels Technology' amongst large banks by the IBA Banking Technology Awards 2017.

In line with our financial inclusion agenda, we not only focused on mainstreaming the unbanked and under-banked people by opening the basic savings account, but have also been quite

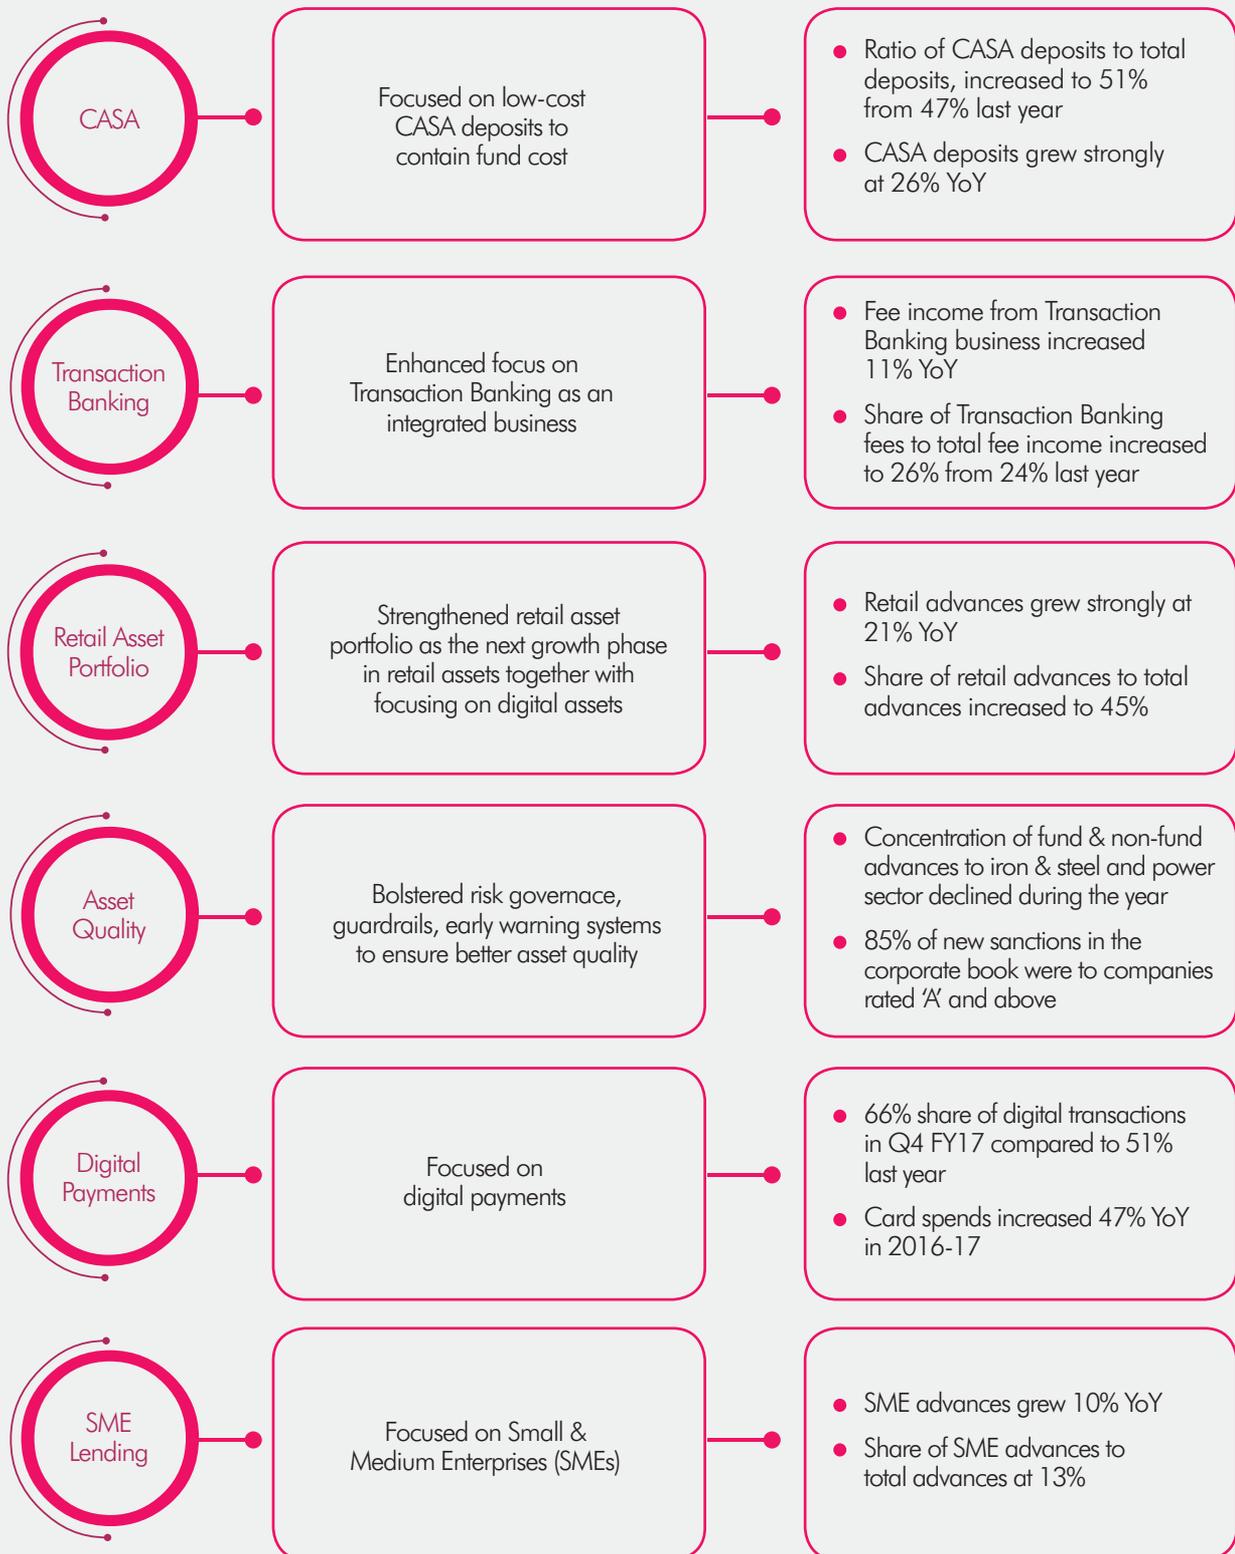

active in promoting the Government's various social security schemes. We have opened 400 branches during the last fiscal and will continue to open a similar number of branches in fiscal 2018. However, the format of branches continues to evolve – we are moving towards much smaller branches as lot of back office operations are now centralised providing the flexibility to have branches with smaller size but enhanced productivity.

To remain relevant in the financial services industry of the future, banks need to embrace Customer Experience design as a core component of their business model. Customers compare you not with other banks, but with the most powerful experiences they have with any service provider across industries.

For us, customer centricity remains at the core of banking, and the Bank has recently created a central Customer Experience group that will work alongside business units to improve the way we serve and deal with customers. Here it is worth mentioning the extraordinary spirit, collaboration and resilience of our 56,000+ employees, most of whom did an outstanding job in shouldering their responsibilities through the year. During the year, the Bank introduced 'Banking on Compliance' – a training initiative to reinforce compliance and governance standards under which nearly 45,000 employees were certified. The Bank also launched the 'Million stories' and organised 'Axis Champions Awards' to celebrate the Axis Bank spirit, recognise the right role models and motivate our employees.

I have always believed that for an organisation to succeed in the long term, it is imperative to keep the overall wellbeing of society at the core of its value and purpose. The Axis Bank Foundation (ABF) was founded more than 10 years ago on this very ethos and has been able to meet over 90% of its objective to provide livelihood to one million people by the end of 2017. During the year, the Bank stepped up its financial inclusion and financial literacy measures through its 'Digiprayas' programme, in line with the Government's JAM (Jan Dhan – Aadhar – Mobile) concept. ABF also planted more than a million trees during the year under its livelihood initiatives. During the year, the Bank was awarded the 'CII Sustainability Domain (Corporate Social Responsibility) Excellence Award' in recognition of its CSR efforts and impacts created.

Progress in FY 2016-17

Technology is reshaping the world faster than ever. In line with our efforts to promote entrepreneurship, we launched 'Thought Factory' an innovation lab facility that has been working closely with the start-up community to accelerate the development of innovative technology solutions for the banking sector. During the year, we also launched one of the largest crowd-sourcing competitions, 'Future of Jobs in India', a platform for youth to ideate on implementable, sustainable and scalable solutions for the future. These efforts formed the basis for the Bank earning the 'Best Digital Bank' award by Business Today and KPMG.

While we have had a tough year, I believe it has taught us important lessons for the future. We have dedicated a large part of the year to solve bulk of the issues, fortify the balance sheet and refocus the franchise on our core and lasting strengths. As a result, the franchise remains safe and sound with a robust risk management architecture and corporate governance practices which have withstood the test of time in the past and will continue to hold us steady in the future. We are well capitalised, we have got the people and the process capabilities, and we remain focused on building and strengthening the franchise organically.

The external environment is such that it remains a great opportunity for the Bank to gain market share in every business category. Our market share in the last 8 years on the deposit side has gone up from 2.5% to about 4%; in credit cards, we are now the fourth largest with a 11% market share; and in mobile banking, we are at 10% – higher than our deposit market share. Similarly in mutual funds, we are a significant player now despite being a late entrant. With our subsidiaries witnessing strong mobile adoption levels, we expect to gain disproportionate market share going ahead as well.

Fiscal year 2017 was a good year for our subsidiaries, as witnessed by healthy growth in revenue and earnings of 33% and 26%, respectively. All our subsidiaries contribute significantly towards building a great annuity fee franchise and regular fee base for the parent bank be it in the form equities business, asset management, finance or insurance distribution.

If we take a step back and try to visualise as to how the broader Indian banking sector is likely to shape up in the medium term, we would perhaps see five to six large public sector banks and similar number of large private banks. Further, a handful of specialised small and

payments banks will also thrive catering to niche segments. Our vision is to be very much at the top of that list. As shifts in market share happen, we would expect to move up from our current seventh position in terms of assets, to be among the top few banks in the country.

With below stated objectives in mind, we will continue to invest in technology, infrastructure and talent to not only support our business growth but also to ensure improved control and full compliance with regulatory requirements.

I would like to take this opportunity to thank all our external and internal stakeholders for supporting us through one of our most challenging periods last year. We remain focused on our priorities and will continue to build a trusted, compliant and financially strong bank which will remain at the forefront to find new ways to secure the financial future of our customers in this fast changing world of today.

Roadmap for FY 2017-18

Retail Banking

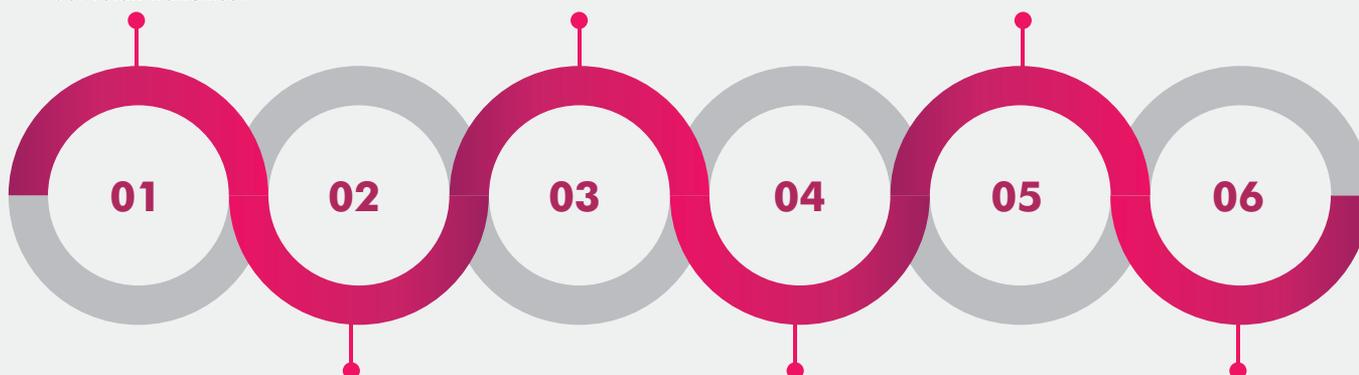

Acquiring new customer relationships and deepening the existing ones remains the core of our retail franchise.

SME Lending

This has been one of the differentiated capabilities of the Bank and we hope to see accelerated growth in our SME business.

Debt Capital Markets

Strive to build on our leadership position and our first mover advantage in Green bond and Masala bond issuances.

Retail Lending

Continue to remain the main growth engine, with a special focus on some of the newer segments like affordable housing, micro-finance, small business financing and agricultural lending.

Corporate Lending

Growing our Transaction Banking and Working Capital franchise, and leveraging relationships for advisory and Investment Banking opportunities.

Recoveries

Focus on recoveries in every business segment.

REASSURING CUSTOMERS AT EVERY STEP

In November 2016, India witnessed a seminal economic reform – Demonetisation. The move was designed to transform India's financial ecosystem and prepare it for the next phase. However, its implementation posed multiple challenges for banks, and imposed temporary restrictions on citizens regarding cash deposits and withdrawals.

At Axis Bank, we devised and implemented an action plan as part of our emergency response initiatives to mitigate customer inconveniences and support them during this phase.

From disseminating relevant information to customers, to generating awareness about going cashless, to crowd management at branches and ATMs, we responded with speed, precision and empathy.

A 24X7 Surveillance and control room was set up for monitoring system controls, addressing branch queries, interpreting guidelines, and ensuring compliance. In addition, a special task force oversaw the implementation of the entire exercise. At all times, there was intensive liaising with RBI to ensure requisite currency availability at all branches. We facilitated regular updates to customers through SMS, emails, social media and website.

Key Customer Initiatives

Our branches remained open for extended hours in the first week of demonetisation and were open till 6 pm on weekends.

We facilitated fuel surcharge waiver on Axis debit and credit cards.

We reduced waiting time at branches as customers were told to carry necessary documents.

Our rural branches were equipped with micro ATMs to enable cash deposit/withdrawals.

Delivering with Accountability

Disbursed salaries for BSF at Indo-Pak border.

One of the first banks to initiate ATM charge waiver.

Over 1,000 branches have been wifi-enabled for downloading apps.

Facilitated payments at Government offices through micro ATMs (Railways, NABARD, FCI, BSNL, Collectorate Office and Central excise and taxation).

Installed 2,400+ Business Correspondence points for deposits or withdrawal.

Helped 250+ corporates for cash withdrawal for their employees.

One key segment that the Bank has always catered to, are senior citizens. We believe that addressing their core needs and offering them the best we can is a matter of pride for the Bank. Our Senior Privilege Account is the extension of this belief.

We wanted today's millennials to feel for the contribution of their parents and actually help them in opening this account. Key to this insight was that, only as an adult does one realise about his or her parents' sacrifices, because they don't make them obvious.

EMPOWERING CUSTOMERS WITH **BESPOKE PRODUCTS**

We are acting as a powerful change agent for our customers. We offer them a wide spectrum of loan products to fulfil their financial requirements. We foster a deep relationship of trust, listen to their requirements and integrate their insights into the solutions that we offer. Our technology and teamwork play a vital role in this endeavour. The result is empowerment for customers and greater recall for our brand.

Instant loan disbursement and digital services

- Our Instant E-merchant loans are designed to provide quick loans to merchants and service establishments.
- We expanded the bandwidth of our Instant Personal Loan from ₹2 lakhs to ₹8 lakhs.
- We started sanctioning pre-approved auto-loans for our existing and eligible Axis customers to eliminate repeated submission of KYC and other financial documents.
- We provide parallel auto loans to customers already on an existing loan through a pre-approved offer with an additional funding of 50% with minimal documentation, based on their loan history.
- We disbursed ₹7,500 crores home loans in FY 2016-17 by reaching out to existing savings account customers, using data analytics and a strong sales team.
- We were India's first bank to launch image based disbursement of tractor loans.

Simplified documentation and communication

- We simplified our customer agreement with 50% less signatures and removal of notarisation for auto loan.
- We updated our brochure for home loans with a one-pager, containing product details, processes and documentation.

- We customised passbooks, along with welcome kits for rural loans to enable customers to check account transactions and a ready reference for account details.
- We revamped customer communication process for SMS alerts on overdraft (OD) utilisation and renewal intimation, resulting in enhanced customer engagement for loans against securities.

Bespoke offerings

- We launched an overdraft facility for accounts opened under the Jan Dhan Yojana, allowing a large proportion of the population to avail of Over Draft against their balances at attractive interest rates.
- We revised lending policies for education loan, leading to an increase in sanction limit for specialised courses to ₹75 Lakhs (from ₹30 Lakhs).
- We introduced auto loans with 8-year terms for salaried and central government employees.
- We launched 'Shubhaarambh' our affordable housing product suite, as a pilot in Gujarat and Rajasthan.

Customer Onboarding

- We introduced loan origination for Loan Against Securities (LAS) through Finnone software, resulting in reduced TAT, leading to better customer experience.

Enhanced customer service experience

- We introduced Saksham (our loan servicing centre), which provides a 360-degree view of customers, enabling instant fulfilment of various deliverables, changes in demographic details and instant part payment with speed.
- We set up a specialised call centre (handling multiple customer requests, and limiting the customer's need to visit branches) for rural lending.

DIGITAL BANKING IS THE NEW NORMAL

India is gradually turning into a digital economy with a policy thrust for greater digitalisation of the financial sector. We see a larger and more transformative role for ourselves in the entire digital landscape.

We focus on exceeding the customer's expectations by strengthening our digital bandwidth. We have been consistently promoting safe, secure and convenient banking through our digital products and services. Moreover, our digital strategy focuses on bringing more and more people into the formal banking channel, expediting transactions and reducing reliance on physical infrastructure for growth.

Digital channels

Insta Services

We were India's first bank to digitalise the submission of Form 15G/H through a mobile application, ensuring customers a hassle-free experience, while claiming tax exemption.

Happy Holidays Package

Our one-stop mobile service, offering multiple travel benefits to globetrotters. We were India's first bank to offer an integrated travel package through a mobile application.

Digital contact centre

Our state-of-the-art contact centre makes use of sophisticated speech analytics to determine rising trends and areas of opportunities and concerns. Moreover, we have implemented an online chat module for our premium customers. We migrated from the existing iLeverage application to the Genesys email management solution enabling automated routing of customer service emails, smart response to customers and real-time reporting.

Payments

Axis Pay App

We were among the first four banks to go live on NPCI's UPI ecosystem, enabling customers to send or receive money, pay bills, shop and do a lot more instantly.

BMTC Smart Card

We partnered with the Bengaluru Metropolitan Transport Corporation (BMTC) to launch 'Axis Bank BMTC Smart Card' - India's first-ever open loop EMV contact-less smart card for BMTC passengers.

RFID tag

We launched India's first inter-operable ETC tag, an electronic toll collection service. We have become the first bank to launch NPCI integrated inter-operable RFID tag.

Account opening and servicing Tablet based account opening

We started tablet based account opening for easier sourcing and servicing of micro-finance business accounts, especially in rural India.

Moreover, we are India's first bank to launch add-on credit card on tablet.

One-stop for consumer queries

We introduced a web support section that provided a one-stop destination for all consumer queries and complaints. This section currently witnesses over 15 lac page views per month, and is home to over 400 frequently asked questions.

Corporate Banking

- We integrated our web portal for trade finance transactions with five different applications, providing complete automation of inward remittances and payment instructions.
- We enabled social media based authentication EasyPay (our one-stop solution) for all payments requirements. Even non-Axis users can use his/her social media credentials to make payments to our corporate customers through EasyPay.
- We built solutions for eCommerce platforms to enable their sellers to share import related documents directly with us against payments (outward remittances) initiated by the eCommerce platform.

FULFILLING COMMUNITY ASPIRATIONS

As a responsible corporate citizen, we invest in helping build India's social capital. We believe enterprises have the transformational capacity to create developmental models for communities through energy, creativity and inspiration

Axis Bank Foundation has set an ambitious target of creating 1 million livelihoods by December 2017

Our commitment to community development is reflected in the Bank's policy on Corporate Social Responsibility.

We believe need-based interventions in sustainable livelihood, skill development and empowerment of marginalised communities can create sustainable development models for communities.

Contributing to inclusive growth

We extensively work towards creating sustainable livelihoods through the Axis Bank Foundation (ABF). We leverage our geographic presence to conduct various social initiatives on a 'shared value' concept. We have partnered with reputed NGOs across India to support projects in sustainable livelihoods and skill development. We were involved in the following initiatives in FY 2016-17:

- Ensured seamless supply of water for agriculture through rainwater harvesting by creating structures like bunds
- Catalysed improved agricultural practices through capacity building initiatives
- Helped generate sustainable income through off-farm activities like goat rearing, poultry, horticulture, among others
- Encouraged women empowerment through Self Help Groups (SHGs); and provided them access to institutional finance
- Promoted 'Farmer Federations' to provide farmers collective bargaining power and better access to markets

We support rural livelihood by sharpening skill-sets of marginalised and tribal youths.

We lend a helping hand to enable differently-abled individuals and help enhance their employment opportunities. Some of our major initiatives in partnership with NGOs in FY 2016-17 comprised:

Professional Assistance for Development Action (PRADAN)

ABF has partnered with PRADAN to promote integrated development in nine districts of Madhya Pradesh and four districts of Chhattisgarh. We are working with economically backward households to put them on a sustainable path towards prosperity. The project is aimed at improving their living conditions through enhancing their incomes. Interventions include providing access to better cultivation techniques, forward and backward market linkages, promotion of SHGs and Farmer Federations, among others.

After a successful first phase, we initiated a second phase partnering PRADAN to deepen our engagement to promote integrated development.

Dilasa Sanstha

ABF has partnered with Dilasa Sanstha to promote sustainable integrated livelihood development in Maharashtra's Vidarbha and Marathwada regions. The programme targets the most disadvantaged tribal households, aiming to positively impact lives through various initiatives (irrigation, mixed cropping, seed preservation and access to bank credit). The income of each participant family is expected to be enhanced by at least 50% over the baseline annual income. The SHG-Bank linkage reduces farmer's dependence on money lenders. These interventions will ultimately lead to food security, savings and reduce distress migration.

DigiPrayas

We aim to transform villages into completely non-cash transactional villages. We have partnered with NABARD to deliver financial literacy programmes in 300 villages as a part of the Digital Financial Literacy and Awareness Programme (DFLAP).

Pragatishala

We have roped in students from top B-Schools to further the cause of financial literacy among communities through street plays, interactive games, awareness sessions and so on.

Thought Factory

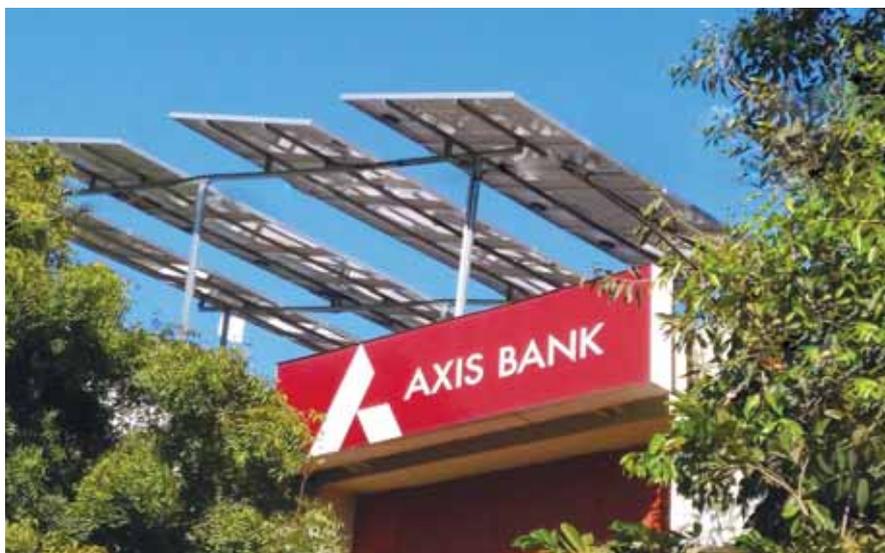

This initiative provides a platform for mentoring and providing skills training to aspiring and promising start-ups.

Axis Moves

We reached out to youth in the age group of 18 to 30 years through prime educational institutions and an online platform to ignite their minds.

Green Banking

We have established Sustainable Lending Policy and Procedures (SLPP). We follow international guidelines to assess environmental and social risks for qualifying project finance; and actively engage with projects to establish appropriate mitigation plans. We consistently explore opportunities to promote sectors (renewable energy, waste management) that positively contribute to environmental sustainability.

At Axis Bank, we have begun the following initiatives for efficient use of resources and waste management to reduce our environmental footprint:

- Promote renewable energy use for our operations by using around 5 MW of solar energy (total installed capacity at various Axis Bank locations)
- Reduce paper usage through increased digitisation of products and processes
- Procure wheat-straw based paper wherever feasible, as it's a greener alternative to the conventional wood based paper
- Dispose e-waste in an environmentally sound manner through pollution control board registered recyclers
- Recycle the paper waste collected in offices and branches in Mumbai region through partner NGO of Axis Bank Foundation – helped recycle 293 tonnes of dry waste into notebooks, envelopes and bookmarks, among others since August 2011
- Use Organic Waste Composter at our central office in Mumbai to convert organic (kitchen) waste into manure

Selection and Appointment of Directors

The selection and appointment of Directors of the Bank is done in accordance with the relevant provisions of the Companies Act, 2013, the relevant Rules made thereunder, the Banking Regulation Act, 1949, the Guidelines issued by the RBI and the Listing Regulations.

The Bank adheres to the process and methodology prescribed by the RBI in respect of 'Fit & Proper' criteria as applicable to Private Sector Banks, signing of deed of covenants which binds the Directors to discharge their responsibilities to the best of their abilities, individually and collectively in order to be eligible to be appointed as a Director of a Bank. The prescribed declarations given by the Directors other than members of the Nomination & Remuneration Committee (NRC) are placed before the NRC and the declarations given by the Members of the NRC are placed before the Board, for its review and noting. The said declarations are obtained from all the Directors on an annual basis and also at the time of their appointment / re-appointment, in compliance with the said laws. An assessment on whether the Directors fulfil the said criteria is also made by the NRC and the Board on an annual basis, before considering their candidature for re-appointment.

The NRC reviews the structure, size, composition of the Board, the regional and industry experience, track record, expertise and other relevant information and documents of the Directors before making appropriate recommendations to the Board with regard to their appointment, re-appointment, remuneration and assignment of duties (viz., nomination to various Committees of the Board) designed to enhance the Board's effectiveness. The NRC also identifies potential candidates from diverse backgrounds including but not limited to accountancy, agriculture and rural economy, banking, co-operation, economics, finance, law, small-scale industry, information technology, core industries, infrastructure sector, payment and settlement systems, human resource, risk management and business management, thus providing the Board with members who have special knowledge, practical experience and skills, to serve the diverse business interests of the Bank.

Declaration of Independence

All the Independent Directors of the Bank have given their respective declarations stating that they meet the criteria prescribed for independence under the applicable laws and in the opinion of the Board, all the Independent Directors meet the said criteria.

Key Managerial Personnel

Smt. Shikha Sharma, Managing Director & CEO, Shri Jairam Sridharan, Chief Financial Officer and Shri Girish V. Koliyote, Company Secretary are the Key Managerial Personnel of the Bank, as defined under Section 2 (51) of the Companies Act, 2013.

During the year, there were no changes in the composition of the Key Managerial Personnel of the Bank.

Board Evaluation

The Companies Act, 2013, and the Listing Regulations contains provisions on evaluation of the performance of the Board as a whole, Individual Directors including Independent Directors, Non-Independent Directors, Chairperson and the Board Committees.

Related Party Transactions

During the year, the Bank has not entered into any materially significant transactions with its Promoters, Directors, Management, Subsidiaries or Relatives of the Directors, which could lead to potential conflict of interest between the Bank and these parties, other than transactions entered into in the ordinary course of its business. Transactions entered into by the Bank with related parties in the normal course of its business were placed before the Audit Committee of the Board. There were no material individual transactions with related parties, which were not in the normal course of the business of the Bank, nor were there any material transactions with related parties or others, which were not on arm's length basis. Accordingly, AOC-2 is not applicable to the Bank. A statement giving details of all related party transactions, entered pursuant to the omnibus approval so granted, is placed before the ACB for their review on a quarterly basis. The Bank has developed a Standard Operating Procedure for the purpose of identifying and monitoring such transactions. The policy on Related Party Transactions as reviewed and approved by the Board at its meeting held on 20th January 2016, has been hosted on the Bank's website, in terms of the Listing Regulations.

Employee Stock Option Plan (ESOP)

Since the financial year 2000-01, the Bank has formulated and adopted several Employee Stock Option Schemes (ESOS) for the benefit of the eligible Directors/Employees of the Bank and that of its subsidiary companies, in terms of the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999/ Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended, from time to time. The objective of the said ESOS is to enhance employee motivation, enable employees to participate, directly or indirectly, in the long-term growth and financial success of the Bank, to act as a retention mechanism by enabling employee participation in the business of the Bank as its active stakeholder and to usher an 'owner-manager' culture.

In terms of the said ESOS, as on date, upto 240,087,000 options can be granted by the Bank to the eligible Directors / Employees of the Bank and that of its Subsidiary Companies. The eligibility and number of options to be granted to such eligible Directors / Employees is determined on the basis of their performance and such other criteria as approved by the NRC / Board of Directors of the Bank, from time to time.

During the period from February 2001 to July 2013, the Shareholders of the Bank had approved the grant of stock options, as aforesaid, on six occasions. Under the first two ESOS and in respect of the grant of stock options made by the Bank upto 29th April 2004, the option conversion price was set at the average of the daily high-low price of the Bank's equity shares traded during the 52 weeks preceding the date of approval of grant by the Board of Directors of the Bank / NRC, prevailing on the Stock Exchange which had the maximum trading volume of the Bank's equity share during the said period. Thereafter, under the third and subsequent ESOS and with effect from the said grants made by the Bank on 10th June 2005 and thereafter, the option conversion price was changed to the latest available closing price of the equity shares prevailing on the Stock Exchange which recorded higher trading volume, on the day prior to the date of approval of grant by the NRC / Board of Directors of the Bank, as the case may be.

Pursuant to the sub-division of the equity shares of the Bank, the Shareholders of the Bank at the 20th Annual General Meeting held on 27th June 2014, also approved the consequent adjustments to the stock options granted to the eligible Directors / Employees of the Bank and that of its Subsidiary Companies, under its various ESOS, such that all stock options available for grant (including lapsed and forfeited options available for reissue) and those already granted but not vested/and vested but not exercised as on the record date fixed for the purpose of sub-division, were proportionately converted into options bearing equity shares of the face value of ₹ 2 each of the Bank and the grant price of all the outstanding stock options (unvested, vested and unexercised) as on the said record date for the sub-division were proportionately adjusted by dividing the existing grant price by 5. The record date for the said sub-division was 30th July 2014.

Since 24th February 2001 upto 26th April 2016, the NRC / Board had out of the said 240,087,000 options, approved the grant of 246,272,950 options (including 24,579,864 options which were lapsed / cancelled) to the eligible Directors / Employees of the Bank and that of its Subsidiary Companies, in terms of the various ESOS. The said options are non-transferable and vest at rates of 30%, 30% and 40% on each of three successive anniversaries following the date of respective grant, subject to standard vesting and other conditions as set out in the respective ESOS. The said options are required to be exercised by the concerned Directors / Employees of the Bank and that of its Subsidiary Companies, within a period of three / five years, from the date of its respective vesting and subject to the terms as set out in the respective ESOS.

As of 31st March 2017, out of the said 246,272,950 options so granted 207,151,583 options have been vested, out of which 191,217,059 options have been exercised and the balance 15,934,524 options remain unexercised. Further 13,776,600 options remained unvested and 25,344,767 options had been treated as lapsed/ cancelled.

Plan and Status of Ind AS Implementation

The Reserve Bank of India (RBI) issued a circular in February 2016 requiring banks to implement Indian Accounting Standards (Ind AS) and prepare standalone and consolidated Ind AS financial statements with effect from 1st April 2018. Banks are also required to report the comparative financial statements for the financial year 2017-18, to be published along with the financial statement for the year beginning 1st April 2018.

In line with the RBI guidelines on Ind AS implementation, the Bank has formed a Steering Committee comprising members from the concerned functional areas, headed by the Deputy Managing Director. A quarterly progress report on the status of Ind AS implementation in the Bank is presented to the Audit Committee of the Board. During FY 2016-17, the Bank has undertaken a preliminary diagnostic analysis of the GAAP differences between Indian GAAP vis-a-vis Ind AS. The Bank has also submitted Proforma Ind AS financial statements for the six months ended 30th September 2016, to the RBI.

The Bank has identified and evaluated data gaps, process and system changes required to implement Ind AS and is in the process of implementing necessary changes in its IT system and other processes. Dry-run of accounting systems and end-to-end reporting process will be undertaken at the appropriate time during the year. The Bank has been holding workshops and training for its staff, which will continue in the current year.

The Bank is in the process of preparation of opening Ind AS financials as on 1st April 2017 and is also examining impact of Ind AS on business planning, budgeting, taxation, capital planning and on capital adequacy. The Bank will prepare quarterly Ind AS financials during the year 2017-18 for internal purpose, which will be used later, as comparative numbers for the financial year 2018-19.

Statutory Auditors

At the 20th Annual General Meeting of the Shareholders of the Bank held on 27th June 2014, M/s S. R. Batliboi & Co. LLP, Chartered Accountants, Statutory Auditors of the Bank (Membership No.301003E/E300005), were appointed as the Statutory Auditors of the Bank to hold office as such from the conclusion of the 20th Annual General Meeting until the conclusion of the 24th Annual General Meeting, subject to the approval of the Reserve Bank of India and ratification by the shareholders each year and on such remuneration, as may be approved by the Audit Committee of the Board (ACB).

In terms of the first proviso to Section 139 of the Companies Act, 2013, the appointment of the Statutory Auditors is required to be placed for ratification at every Annual General Meeting. Accordingly, the appointment of M/s. S. R. Batliboi & Co. LLP, Chartered Accountants, as Statutory Auditors of the Bank for the financial year 2017-18, is being placed for ratification by the Shareholders of the Bank at the 23rd Annual General Meeting.

As recommended by the ACB, the Board of Directors has proposed the appointment of M/s. S. R. Batliboi & Co. MANAGEMENT'S DISCUSSION AND ANALYSIS

Macro-Economic Environment

The year 2017 was marked by heightened global political uncertainty, with unexpected outcomes – the UK's Brexit referendum, the US Presidential election. However, global growth prospects have actually improved and fears of deflation have receded helped by rising commodity prices and hopes of fiscal stimulus in the US. Higher commodity prices augur well for our domestic commodity producers, as well as many commodity exporting emerging economies. This has led to a change in stance in the monetary policy of many countries, with the US Fed raising rates at its March '17 meeting and indicating the possibility of more action in 2017.

India's macro fundamentals have remained stable, reinforced by concerted policy efforts by the government. Measures to control food prices and judicious use of monetary policy levers by RBI have kept inflation low throughout FY17, permitting RBI to cut rates by 50 basis points (to 6.25%) during the first half of the year. Even though rates have not been cut thereafter, the shift in RBI's liquidity stance from deficit to neutral early in FY17 and then the massive infusion of deposits into banks post extraction of high denomination currency notes, have brought money market interest rates sharply lower and facilitated deep cuts in banks' MCLR.

After 2 years of drought, the monsoon was good in 2017, significantly improving agricultural prospects. Food prices, particularly pulses, came off and helped bring headline CPI inflation down to average 4.5% in FY17. This along with the implementation of 7th Pay Commission, helped in reviving rural and urban domestic demand. There was a transient shock for a couple of months in Q3 FY17, but economic activity has resumed to normalcy towards the end of Q4FY17. India's FY17 GDP growth stood at 7.1%.

The primary concern is the slowdown in capex activity, which has caused corporate credit demand to remain subdued, and post-demonetisation, non-food YOY credit growth dropped further to sub-5% levels.

The Union budget continued to strive towards fiscal consolidation, fixing a fiscal deficit target of 3.2% in FY18, down from the 3.5% in FY17. However, State Government borrowings grew in FY17, leading to a vitiation in consolidated Government fiscal rectitude. However, capital expenditures have increased in the Union Budget, both in actual terms in FY17 and projected FY18, which will partially offset the drop in private capex.

Prospects for fiscal 2018

Global growth prospects are expected to improve further in FY18, with improved demand resulting in commodity prices remaining at currently high levels, reinforced by capacity closures, especially in China.

Although our base projections indicate that CPI inflation in India is likely to average ~3.3% over FY18 supported by favourable base effect, there are many upside risks, including a sub-normal monsoon, diffusion of 7th Pay Commission awards to State Government employees and the GST rollout. It might be difficult for RBI to cut the repo rate more than 25-50 bps, given its medium term CPI target of 4%. However, given the extent of current liquidity and with foreign currency flows adding to durable funds, market interest rates are likely to remain low. RBI outlined a strategy for liquidity management in its April '17 policy review to use various liquidity tools with specific purpose.

As per our base projections, India's growth is expected to improve to 7.5% in FY18, with much of the increase likely from higher consumption. Investment is likely to remain modest, particularly in H1, but capex spend might gradually revive with spends on affordable housing, renewable energy, urban infrastructure and road and rail projects. Bank credit growth, however, will revive only gradually, since most of the initial capex will be public sector led.

With India reforms momentum likely to continue and continuing stable macro fundamentals, the Rupee is likely to remain largely stable, but the direction will be determined by the relative movements of the US Dollar and other major currencies.

Net profit	3,679.28	8,223.66	(55.26)

Net profit for the year ended 31 March, 2017 contracted by 55.26% and stood at ₹3,679.28 crores, as compared to the net profit of ₹8,223.66 crores last year, primarily on account of higher provision for non-performing assets (NPAs). Operating profit reported a steady growth of 9.20% at ₹17,584.52 crores over the previous year with healthy operating revenue growth of 13.66%.

Operating revenue rose from ₹26,204.43 crores in fiscal 2016 to ₹29,784.43 crores in fiscal 2017. Net interest income (NII) rose 7.49% from ₹16,832.97 crores in fiscal 2016 to ₹18,093.12 crores in fiscal 2017. Non-interest income consisting of fee, trading and other income grew strongly by 24.75% from ₹9,371.46 crores in fiscal 2016 to ₹11,691.31 crores in fiscal 2017. Fee income increased by 5.07% from ₹7,501.97 crores in fiscal 2016 to ₹7,882.01 crores in fiscal 2017. Trading profit grew strongly by 172.70% and stood at ₹3,400.34 crores in fiscal 2017.

Operating expenses rose 20.78% from ₹10,100.82 crores in fiscal 2016 to ₹12,199.91 crores in fiscal 2017 as the Bank continued to invest in branch infrastructure, technology and human capital to support its business growth. Steady growth in operating revenues despite higher operating expenses this fiscal enabled the Bank's operating profit to grow by 9.20% to ₹17,584.52 crores from ₹16,103.61 crores reported last year. Provisions and contingencies jumped 226.62% from ₹3,709.86 crores in fiscal 2016 to ₹12,116.96 crores in fiscal 2017. Consequently, profit before taxes and net profit both contracted by 55.88% and 55.26%, from ₹12,393.75 crores and ₹8,223.66 crores in fiscal 2016 to ₹5,467.56 crores and ₹3,679.28 crores in fiscal 2017 respectively.

¹ computed on daily average basis

NII constituted 60.75% of the operating revenue, and increased by 7.49% from ₹16,832.97 crores in fiscal 2016 to ₹18,093.12 crores in fiscal 2017. The increase is primarily due to an increase in average interest earning assets on a daily average basis by 14.12%, even as net interest margin (NIM) during the fiscal year 2017 contracted by 23 bps to 3.67%. The decline in NIM was mainly on account of higher fall in yield on interest earning assets of 40 basis points (bps) as compared to 34 bps decline in cost of funds.

During this period, the yield on interest earning assets decreased from 9.37% last year to 8.97%. The yield on advances declined by 33 bps from 10.10% in fiscal 2016 to 9.77% in fiscal 2017 primarily due to higher interest reversals on NPAs and assets under the Strategic Debt Restructuring (SDR)/Scheme for Sustainable Structuring of Stressed Assets (S4A), and reduction in base rate and marginal cost of funds based lending rate (MCLR) by 25 bps and 125 bps, respectively during the fiscal 2017. The yield on investments contracted by 73 bps as the interest rates corrected sharply during the year post demonetisation. Cost of funds also moderated by 34 bps from 5.94% in fiscal 2016 to 5.60% in fiscal 2017 led by moderation in the cost of deposits and further aided by the Bank's continued focus on CASA. During the year, the cost of deposits decreased to 5.54% from 6.01% last year, primarily due to a decrease in cost of term deposits by 57 bps to 7.64% from 8.21% last year. CASA deposits, on a daily average basis, reported a healthy increase of 23.33% to ₹151,678 crores from ₹122,989 crores last year.

Non-interest income

Particulars	₹ in crores		
	2016-17	2015-16	% change
Fee income	7,882.01	7,501.97	5.07
Trading profit	3,400.34	1,246.91	172.70
Miscellaneous income	408.96	622.58	(34.31)
Non-interest income	11,691.31	9,371.46	24.75

Non-interest income comprising fees, trading profit and miscellaneous income increased by a healthy 24.75% to ₹11,691.31 crores in fiscal 2017 from ₹9,371.46 crores last year and constituted 39.25% of the operating revenue of the Bank.

Fee income increased moderately by 5.07% to ₹7,882.01 crores from ₹7,501.97 crores last year and continued to remain a significant part of the Bank's non-interest income. It constituted 67% of non-interest income and contributed 26% to the operating revenue. The share of granular fees comprising of Retail and Transaction Banking fees witnessed improvement during the year, and stood at 70% compared to 65% last year. Retail card fees, Retail non-card fees and Transaction Banking fees constituted 16%, 28% and 26%, respectively of the total fee income in fiscal 2017. However the Corporate Banking fee momentum remained weak during the year due to lack of fresh investment proposals and the Bank's continued focus on better rated corporate clients where fee opportunities are relatively lower; its share in the overall fee profile stood at 23%. The rest 7% was contributed by Treasury, and SME segments.

During the year, proprietary trading profits increased by 172.70% to ₹3,400.34 crores from ₹1,246.91 crores last year led by conducive interest rate environment that saw yields on 10 year government bonds declining by nearly 80 bps during fiscal 2017.

The Bank's miscellaneous income was lower at ₹408.96 crores compared to ₹622.58 crores.

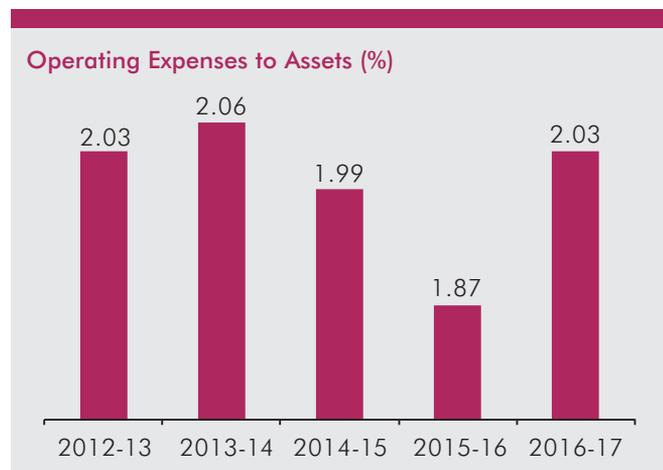

Operating revenue

The operating revenue of the Bank increased by 13.66% to ₹29,784.43 crores from ₹26,204.43 crores last year. The core income streams (NII and fees) constituted 87% of the operating revenue, reflecting the stability of the Bank's earnings.

Operating expenses	12,199.91	10,100.82	20.78
Cost : Income Ratio	40.96%	38.55%	-

The Bank continued to focus on making investments in expanding branch network and other infrastructure required for supporting the existing and new businesses, as a result of which the operating expenses increased by 20.78% to ₹12,199.91 crores from ₹10,100.82 crores last year. The Operating expenses to Assets ratio stood at 2.03% compared to 1.87% last year.

Staff cost increased by 15.28%, from ₹3,376.01 crores in fiscal 2016 to ₹3,891.86 crores in fiscal 2017, primarily on account of 13% increase in employee strength from 50,135 as at end of fiscal 2016 to 56,617 as at the end of fiscal 2017.

Other operating expenses increased by 24.17%, from ₹6,280.90 crores in fiscal 2016 to ₹7,799.25 crores in fiscal 2017. The increase is primarily due to investments in branch infrastructure and technology to support business growth. The Bank added 400 branches during fiscal 2017.

Operating profit

During the year, the operating profit of the Bank grew by 9.20% to ₹17,584.52 crores from ₹16,103.61 crores last year.

Provisions and contingencies

During fiscal 2017, the Bank created significantly higher total provisions (excluding provisions for tax) of ₹12,116.96 crores compared to ₹3,709.86 crores last year mainly on account of elevated slippages during the year. The Bank provided ₹11,157.06 crores towards non-performing assets compared to ₹3,800.46 crores last year and ₹334.57 crores towards provision for standard assets including unhedged foreign currency exposure compared to ₹388.62 crores last year. During the year, there was provision against restructured assets/SDR/S4A of ₹290.53 crores compared to a write-back of ₹61.78 crores last year. As on 31 March 2017, the Bank had outstanding contingent provision balance of ₹260.00 crores. The credit costs for fiscal 2017 stood higher at 282 bps.

Asset Quality Parameters

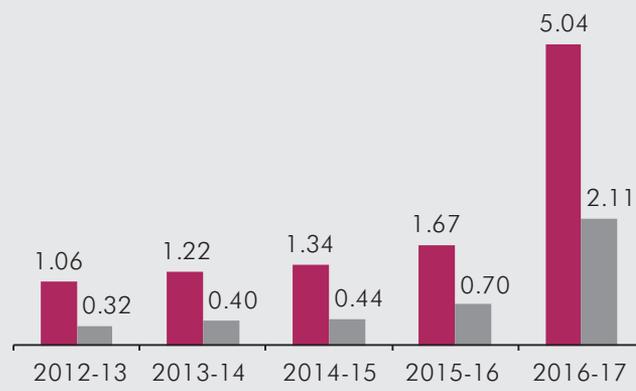

At the start of fiscal 2017, the Bank published a Watch List of accounts that the Management assessed to be the key source of stress in Corporate Lending book over the next 2 years. To begin with, almost half of the Watch List accounts comprised of stressed sectors like power and iron and steel with fund based outstanding of ₹22,628 crores and non-fund based outstanding of ₹2,626 crores. During the year the Bank added ₹19,106 crores of corporate slippages of which ₹16,112 crores came from the Watch List. Resultantly the size

of the Watch List reduced to 42% with fund based outstanding of ₹9,436 crores and non-fund based outstanding of ₹1,796 crores as on 31 March, 2017.

Watch List as proportion of customer assets reduced from 6.20% as on 31 March, 2016 to 2.20% as on 31 March, 2017. Higher slippages from the Watch List led to material rise in asset quality metrics. During the year the Bank added ₹21,782 crores as fresh addition to Gross NPAs with the Bank's ratio of Gross NPAs to gross customer assets increasing to 5.04%, at the end of March 2017 from 1.67% as at end of March 2016. The Bank added ₹17,415 crores to Net NPAs after adjusting for recoveries and upgradations of ₹2,001 crores and ₹2,366 crores respectively and the Bank's Net NPA ratio (Net NPAs as percentage of net customer assets) increased to 2.11% from 0.70%. The Bank's provision

Gross and Net NPA (%)

coverage stood at 65% after considering prudential write-offs.

The net restructured book stood at ₹5,379 crores and net restructured assets ratio (net restructured assets as percentage of net customer assets) was 1.31%. During the year slippages from the standard restructured book stood at ₹3,213 crores. The cumulative outstanding value of the underlying standard loans subjected to SDRs, S4A and 5:25 as on 31 March, 2017 stood at ₹2,173 crores, ₹323 crores and ₹2,329 crores, respectively.

Advances

Total advances of the Bank as on 31 March, 2017 increased by 10.12% to ₹373,069 crores from ₹338,774 crores as on 31 March 2016, largely driven by healthy growth in the Retail segment. Corporate advances comprised 42% of total loans and grew marginally by 0.33% to ₹155,904 crores, Retail loans comprised 45% of total loans and increased by 21.28% to ₹167,993 crores, SME loans grew by 9.59% to ₹49,172 crores and constituted 13% of total loans.

The retail lending growth was led by auto loans, personal loans, and credit cards. Mortgages continue to grow faster than the industry growth. The demonetisation of large denomination currency notes in November 2016 however led to some moderation in retail loan disbursements in segments like loan against property, retail agricultural loans and home loans during Q3FY17. However, the growth trends normalised during Q4FY17. The Bank continued to

focus on secured loan products that accounted for 85% of retail loans. Home loans remain the largest retail segment and accounted for 44% of retail loans, retail agricultural loans accounted for 16%, loans against property 8%, personal loans and credit cards were 12% and auto loans 10%, while non-schematic loans comprising loan against deposits and other loans accounted for 10%.

Investments

The investment book of the Bank decreased by 2.08% to ₹128,794 crores, of which investments in Government and approved securities, held mainly for SLR requirement, decreased by 3.66% to ₹93,008 crores. Other investments, including corporate debt securities, increased by 2.28% to ₹35,786 crores. 86% of the government securities have been classified in the HTM category, while 96% of the bonds and debentures portfolio has been classified in the AFS category. The modified duration as on 31 March, 2017 for the HTM, AFS and HFT portfolio stood at 6.23 years, 3.79 years and 3.53 years respectively.

During the fiscal, the Bank successfully listed Asia's first certified Green Bond on London Stock Exchange apart from raising other senior notes under its various Medium Term Note (MTN) programmes in the international markets. Domestically, the Bank raised ₹4,230 crores through Subordinated Debt and ₹3,500 crores through Additional Tier I bonds during the fiscal. Further, in accordance with RBI's guidelines on issuance of long term bonds for financing of infrastructure and affordable housing, the Bank successfully raised ₹5,000 crores of long term infrastructure bonds during the year. The outstanding balance in long term infrastructure bonds as on 31 March, 2017 was ₹13,705 crores.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Capital Management

The Bank continues its endeavour for greater capital efficiency and shoring up its capital adequacy to enhance shareholder value. In order to achieve this objective, the Bank has been focusing to increase the proportion of lower risk weighted assets. The Bank's capital management framework ensures proper allocation and utilisation of capital for an optimal mix of businesses.

The Bank has implemented the Basel III capital regulation from 1 April, 2013 in a phased manner and is to be fully implemented as on 31 March, 2019. This will also align full implementation of Basel III in India closer to the internationally agreed date of 1 January, 2019.

During the year, the Bank raised Additional Tier I capital in the form of perpetual debt instruments, amounting to ₹3,500 crores that led to improvement in Tier 1 CAR by 68 bps. During the year, amendments made by RBI in the risk weights on unrated claims led to consumption of 11 bps of Tier 1 CAR. Further, growth consumed 170 bps of Tier 1 CAR, profit contributed 48 bps and the gross accretion to reserves was 1 bps, making for a net consumption of 64 bps of Tier 1 CAR for the year.

As on 31 March, 2017, the Bank's CAR under Basel III was 14.95% against the minimum regulatory requirement of 10.25%. Of this, the Common Equity Tier I (CET I) CAR was 11.13% (against minimum regulatory requirement of 6.75%) and Tier I CAR was 11.87% (against minimum regulatory requirement of 7.00%). As on 31 March, 2017, the Bank's Tier II CAR under Basel III stood at 3.08% as the Bank raised total subordinated debt of ₹4,230 crores.

The following table sets forth the capital, risk-weighted assets and capital adequacy ratios computed as on 31 March, 2017 and 31 March, 2016 in accordance with the applicable RBI guidelines under Basel III.

Business Overview

An overview of the Bank's various business segments along with their performance during financial year 2016-17 and future strategies is presented below.

Retail Banking

Retail Banking has been the mainstay of the Bank's overall growth strategy in the last few years. It encompasses a wide array of products and services across deposits, loans, investments and payment solutions that are delivered through multiple channels to the Bank's customers. The Bank has over the years developed long-term relationships with its customers by being their preferred financial solutions partner on account of its excellent customer delivery through insights and superior services. The Bank continues to focus on leveraging technology to innovate for next generation banking products and services. Customer Centricity is one of the organisational values and a core pillar of the Bank's vision and all the senior leaders of the Bank continuously mentor and motivate the teams. By pursuing this

customer centric approach, the Bank aim's to meet 'life cycle' financial needs of customers through innovative products and services backed by world-class service and delivery models. At an overall level, the Bank's aim is to simplify banking for its customers by offering simple products, secured payments and improved processes through effective use of technology.

Retail Deposits

The Bank pursues an effective customer segmentation strategy and has over the years built a sustainable retail deposit franchise. During the year, the Bank continued to focus on increasing its retail deposits base, particularly demand deposits. Savings Bank deposits grew by 19% in the current year and have grown at a Compounded Annual Growth Rate (CAGR) of 20% over the last five years. As on 31 March, 2017, the Bank had over 202 lakh savings account customers, registering a growth of 17%.

In line with the objective to constantly improve the existing suite of products, the Bank has introduced a revitalized Trust Savings proposition, whereby four new trust savings account variants were launched with benefits like discounts on Cash Management solutions, relationship pricing for other banking products, extension of premium programs to trustees/members of trust account.

Recurring Deposit is a suitable hook to gain a higher wallet share from the customer and also has a positive impact on the savings balances deepening. Considering the advantages which an RD product brings to overall stickiness, the Bank has recently launched a new and improved version of the Recurring Deposit.

NRI & Affluent Segments

NRI Banking and Burgundy are two strong propositions for the Bank's esteemed clients. The Bank offers a complete suite of banking and investment products under its NRI Services for Indians living and working overseas. During the year, the Bank introduced the first of its kind **Enhanced Set-Off facility** at portfolio level for **Portfolio Investment Scheme (PIS) Accounts** applicable for short term equity transactions only. This facility provides NRI customers the benefit of setting off losses against future profits and such loss can be carried forward for set off either till it is completely set-off against future profits or till the last day of the financial year, whichever is earlier.

The Bank also launched the **Online Appointment Booking Module** with a customized work-flow that allows NRI customers to book an appointment with the mapped RM/Branch as per their preferred date and time, during their visit to India.

The Bank introduced an enhanced **Online NRI Account Opening Module** which allows NRI customers to apply for a NRI account online, using document scan and upload facility. For select geographies, the Bank will enable "Paperless" account opening that negates the need for physical documents for account opening.

Burgundy, the Bank's proposition for affluent customers continued to scale up with AUM crossing ₹69,488 crores from more than 76,000 customers across 1,300+ branches. The proposition was further strengthened this year with some be-spoke products exclusively for Burgundy customers - Succession & Estate planning by Axis Trustee Services Ltd., Real Estate fund offering from Jones Lang LaSalle (JLL), the Select Credit Card, the best Term Life Insurance and Health Insurance solutions, the Brand Equity Discretionary PMS portfolio from Axis AMC and more. We also enabled our Relationship Managers with tablets to ensure improved customer service.

Retail Lending & Payments

The three main elements of the Bank's strategy on the retail lending and payments businesses for the fiscal 2017 continued to be cross-selling to internal customers, growth in the rural lending and retail payments franchises. The Bank's cross-sell metrics have been steadily improving, which is substantiated by strong retail asset growth, retail fee income growth and distribution income from investment and insurance products. Product penetration into the Bank's strong savings account customer base continues to be a major driver for growth. Big data analytics led targeting of the known retail customer base for sales of unsecured lending, cards or other payment products continues to be core to the Bank's franchise building in this space. Overall, about 50% of incremental retail loans were sourced through branches. Existing deposit customers contributed about two-third of the incremental retail loans. The credit quality of retail loans has remained steady.

Retail Loans

The Retail Assets portfolio has grown at a CAGR of 28% over the last five years. Total retail loans increased to ₹167,993 crores as on 31 March, 2017 from ₹138,521 crores last year, registering a growth of 21%. The Bank continued to increase its share of retail loans to total advances which stood at 45% compared to 29% in March 2012.

The retail loans portfolio continues to be focused on secured products, predominantly mortgages. Secured loan products accounted for 85% of retail loans, of which Home loans accounted for 44%, retail agricultural loans accounted for 16%, auto loans 10%, loans against property 8%, personal loans and credit cards were 12%, while non-schematic loans comprising loan against deposits and other loans accounted for 10%.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Being an emerging vertical within the Bank, Small Business Banking (SBB) has continued to sustain its growth trajectory in line with previous years. While there was slowdown in the market owing to demonetisation, the SBB book grew by 76%. The key to the success has been the re-engineering of the sales process, score-based decision making and strong engagement at the branch level. Additionally, we have built state-of-the-art digital platforms for disbursing OD facilities to the bank's existing customer base. SBB is also collaborating with leading Fintech companies to reach out to untapped market segments. Government initiatives like Stand up India and Pradhan Mantri Mudra Yojana (PMMY) were launched to bridge the finance requirements in focus segments as envisioned by the Hon'ble Prime Minister.

Technology remains an important enabler for the Bank's loan products. During the year, Stand up India Scheme (a GOI initiative) was launched to facilitate bank loans between ₹10 lakh to ₹1 crores to at least one SC or ST borrower and at least one woman borrower per bank branch for setting up a green field enterprise. The Bank also launched a pre-approved Auto Loan. Rural agricultural lending was another focus area for the Bank. As on 31 March, 2017, the Bank's outstanding loans in the agricultural sector grew at a healthy 15% to ₹26,742 crores from ₹23,218 crores last year. Increasing urbanization and demographic pressure that the country witnessed over past decades have made housing a major issue for discussion, especially in the low income group (LIG) and economically weaker segments (EWS). Challenge is to provide housing to these people who have very limited financial options at their disposal. Hence as a part of financial inclusion, the Bank has launched a product called Asha Home loan especially to cater this segment. With Government of India launching its 'Housing for All by 2022' mission, Asha Home loans will help this particular segment aspire to own their dream house. Asha Home loans increased by 66% from ₹1,891 crores as on 31 March, 2016 to ₹3,131 crores as on 31 March, 2017.

Technology & Digital Banking

The year 2016-17 was a busy and a happening year for the Bank in terms of digital launches. With customers increasingly leading the charge as eager adopters of technology, digital initiatives continue to be the cornerstone of the Bank's effort in enhancing the banking experience for its customers. The Bank ensures that it is at the top of the digital innovation curve through exhaustive user research, rigorous analysis of customer complaints & requests and scanning the environment for latest digital solutions.

Continuing its pioneering status in electronic payments, the Bank was among the first to launch Axis Pay, the Unified Payment Interface (UPI) App that allows customers of any bank to transfer money to any other bank by just creating a unique Virtual payment address much like an email ID. The app has got over 2 million downloads since its launch. The Bank also integrated its Lime Wallet and UPI functionality within Axis Mobile during the year. Existing customers thus have access to the payment convenience of a wallet and have an added option of transferring funds to previously created beneficiaries through the UPI feature within their downloaded Axis Mobile app. Potential customers with no banking relationships can also download the Axis Mobile app for our Wallet and UPI services and post opening an account seamlessly use the same app for their banking needs.

During the year, an improved version of Axis Mobile App was launched with several new and useful features for the customers. The Bank in association with Magicbricks also launched the Property Search feature, exclusively on the Axis Mobile app.

The Bank launched an improved and responsive version of its website www.axisbank.com that allows desktop webpages to be viewed optimally on different browsing devices. The Bank also launched mobile version of internet banking, that offers the same features as the mobile app, it is useful for customers who have multiple devices. We have received a very strong response on this platform.

With an objective of promoting the ever growing health consciousness amongst our customers the Bank launched Axis Active in partnership with GoQii that not only acts as fitness band, but also serves as a NFC based payment device allowing payments across 50,000+ NFC enabled outlets across India. The Bank also launched Insta services on both Internet Banking and Mobile Banking platforms wherein eligible customers can change their personal details by just uploading supporting documents online, thus avoiding the hassles of visiting the branch.

To tap into the potential offered by a majority of Indians using feature phones, the Bank launched Axis OK, a mobile app based on SMS and Missed Call Banking. Available in 6 languages, Axis OK allows user to perform almost all the internet banking functions without the need for an internet connection.

'Unimagined is Undone', the philosophy with which the Bank launched its innovation lab Thought Factory in Bangalore in June 2016 has been taking huge strides in bridging the gap between cutting edge innovation and various business teams of the Bank. This platform has helped in presenting and seeking solutions for real business problems from the start up community. The Bank assembled a diverse team of multifaceted and dedicated experts with years of experience in the start-up arena and BFSI domain within and outside the Bank. This team devotes considerable time each quarter with the designated start-ups offering more than just feedback in getting these ideas to life.

This collaborative approach was the cornerstone of the Best Digital Bank award that the Bank earned from Business Today, a leading Indian business magazine.

Payments

The retail payments franchise remains central to the Bank's overall retail strategy, as it is mutually beneficial for the customer and the Bank. The customer benefits from the cutting edge processes and services offered and in turn prefer to transact more as the trust and convenience factor builds up leading to more business opportunities for the Bank. The Bank is one of the largest debit card issuers in the country, with a base of over 202 lakh. The Bank had over 33 lakh credit cards in force as of 31 March, 2017, making it the 4th largest credit card issuer in the country. The credit cards portfolio saw a substantial increase in spends by 47%, to ₹28,585 crores from ₹19,432 crores last year. The Bank is also one of the largest acquirers of point-of-sale terminals in the country with an installed base of around 4.33 lakh terminals. In addition to introducing contactless Debit, Credit and Multi Currency Forex cards, the Bank also enabled almost 2.57 lakh merchant terminals for Near Field Communication (NFC) based card acceptance during the year. During the year, the Bank launched the Vistara range of co-branded cards. E-commerce continues to be on a strong growth trajectory. The spend volumes from E-commerce merchants ended at ₹19,767 crores in fiscal 2017.

Investment Products

The Bank distributes investment products such as mutual funds, bancassurance products (Life, Health and General Insurance) and online trading products through its branches.

The Bank is one of the leading banking distributors of mutual funds in India and distributes mutual fund products of all major asset management companies. The fee income from this segment contributed around 9% to the total Retail Banking fees. These investment products are sold through the Bank's branch distribution network based on thorough analysis of customers' life-cycle and lifestyle requirements.

For the Life Insurance distribution, the Bank distributes products of Max Life Insurance Company Ltd. Since the Bank's strategic bancassurance tie-up with Max Life Insurance Company Ltd. in 2010, the Bank has successfully helped insure over 8 lakh lives through its distribution channels. During the year, the Bank has tied up with Life Insurance Corporation of India, to broaden insurance coverage of its customers. In General Insurance, the Bank has a tie-up with Tata AIG General Insurance Company Ltd. (American International Group). The Bank has entered into a Bancassurance partnership for health insurance with Apollo Munich Health Insurance Company Ltd. last year, which will help the Bank further expand its existing bouquet of offerings and put forth a compelling proposition to the clients in terms of medical and health insurance. The Bank remains committed to bring the best of insurance products that best suit the needs of its customers and is constantly looking at more and better avenues. During the year the Bank sold over 3.9 Lakh general insurance and health insurance policies amounting to ₹302 crores, at a growth of 38%.

The Bank offers online trading services to its customers in collaboration with Axis Securities Ltd. (a 100% subsidiary of the Bank) under the name Axis Direct - an enhanced and simplified online trading platform. During the year, the Bank opened more than 3.75 lakh online trading accounts, and in the process crossed 1.35 million total customers count.

The bank distributes a broad range of Alternate Investment products such as Discretionary Portfolio Management Services, Private Equity & Real Estate Funds & Structured Products. These products are specially designed to cater to the niche segment of customers having different risk reward appetite. There is an increasing trend of HNIs investing in these alternative assets.

Branch & ATM Network

The Bank's organically built branch network over the last twenty three years has helped it to strategically lay down one of the best pan India branch networks. In today's digital world, we continue to adopt a model which blends best of both the worlds, digital and physical branch presence which remains imperative for liability acquisition. During the year, the Bank added 400 branches and its geographical reach extends to 29 states and 6 Union Territories, covering 1,946 centres and 631 districts. As on 31 March, 2017, the Bank had a network of 3,304 branches/ECs as compared to 2,904 last year. Around 16% of the Bank's branches are in rural areas and 13% of the Bank's rural branches are in unbanked locations. As on 31 March, 2017, the Bank had 14,163 ATMs. The Bank was the first private sector Bank to introduce recyclers which can accept and dispense cash. As on 31 March, 2017, the Bank had deployed 1,349 recyclers. Besides the branch and ATM network, internet banking, mobile banking and phone banking platforms have also evolved as an important electronic channel for the Bank.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Financial Inclusion

The Bank regards Financial Inclusion (FI) as an integral component of its rural strategy to further extend its reach in the rural market. During the fiscal 2017, Bank focused on not only mainstreaming the unbanked and under-banked people through opening basic savings account but also deploying business correspondents for last mile connectivity. Further, both the branches and business correspondents in rural areas have been equipped for Aadhaar enabled payments in view of promoting digital transactions.

As of 31 March 2017, the Bank is reaching out to customers in the unbanked and under-banked locations through 538 branches along with 1,738 business correspondents. During fiscal 2017, 4.60 lakh basic savings accounts were opened and 8.40 Lakh Aadhaar authenticated payments were done. Along with the rural presence, 14,833 business correspondents have been deployed in non-rural areas to enable people working there to conveniently make domestic remittances to their family. Overall, ₹5,550 crores were remitted through the business correspondents.

Consolidating on the Bank's efforts on providing basic banking services, the Bank through Government of India's social security schemes provides for a security net to a large cross section of the country's population. Overall, the Bank has issued 8.07 Lakh Pradhan Mantri Suraksha Bima Yojana (PMSBY) and 2.02 Lakh Pradhan Mantri Jeevan Jyoti Beema Yojana (PMJJBY) policies of which, as of 31 March, 17, the Bank has registered 277 claims under PMJJBY and 21 claims under PMSBY. Further, the Bank has actively promoted Atal Pension Yojana (APY) wherein the Bank is ranked 2nd amongst all major banks in sourcing of APY in fiscal 2017. Overall, 1.19 Lakh customers have been enrolled under APY.

Customer Experience & Service Quality

In a crowded banking market, just having good branch locations with high level of service delivery and competitive rates are not going to break the ice with new age customers. Today banks must find ways to remain relevant in future in the financial services industry by embracing Customer Experience as a key element of a sustainable competitive business model. Keeping this view in mind, the Bank has recently created a central Customer Experience division along with the existing Customer Service team empowered to work with all business units to improve the way we serve and deal with customers. The Bank is amongst the leading banks in India to set up a division like this and is evidence of the serious focus and commitment to Customer Centricity. The team is commissioned to periodically review internal processes, customer service and sales practices, policies, etc. keeping customer interest uppermost in mind.

Creating a knowledge pool helps customers to self-serve themselves and reach a resolution faster. With this intent, the Bank launched a support section on its website, thereby providing customers with ready repository of guidelines and instructions with which they can help themselves at their convenience. The section is hosted on <https://www.axisbank.com/support> and covers over 380 most common queries which are arrived at basis the service requests received by the banks across multiple delivery and service channels. This section witnessed over 15 lakh page-views for the month of March 2017. The bank has plans to further keep bolstering and adding customer centric functionalities to this section like Search, Chat, etc. in the next fiscal year.

Corporate Banking

During the fiscal 2017, the industry segment within non-food credit growth remained weak, and declined by 1.9%. The major sectors like power, metals and engineering that are key contributors to any country's infrastructure and capacity build up, reported weak credit demand. The problems of past few years like excess capacities, lower utilisations due to lower industrial activity and high leverage continued to impact the demand for bank credit in these key sectors. Resurgence in alternative funding sources in the form of credit substitutes due to sharp correction in market interest rates have also impacted overall bank credit growth.

The Bank's gross corporate advances portfolio grew by 5% during the fiscal year 2017, even as net corporate advances grew by 0.33%. The growth has been on account of cost efficient re-financing provided to better rated corporates with strong group financials.

During the year, the Bank renewed its focus on faster delivery of products and services to better rated corporates. Approximately 85% of new sanctions in the corporate book were to companies rated 'A' and above. Presently, 66% of outstanding corporate loans are to companies rated 'A' and above.

The corporate client relationship model introduced a few years ago too has been beneficial for the bank. It has helped the Bank create multiple touch points with the corporate leading to an increased share of wallet for the Bank. The Bank along with its subsidiaries addresses most of financial services requirements of a corporate be it borrowing, trade finance, cash management, remittances, investment banking, security services etc. The holistic approach has moved the Bank away from just sales based approach of offering corporate credit to providing an entire bouquet of products and services.

The Bank's strategy of Portfolio diversification through sectoral approach to credit continued where the focus was on identifying sector-specific opportunities and risks. Industry, group and company specific exposure limits have been defined by the Bank and continuous monitoring is undertaken with a view to identify risk and take proactive decisions to mitigate them. The concentration risk has seen a

consistent decline in the last few years with exposure to top 20 single borrowers as percentage of tier 1 capital at 124% as on end March 2017, as compared to 283% at the end of fiscal 2010.

During the year the Bank has been cautious in its lending practices and has avoided sectors with imminent stress or unviable business models. Especially in case of project loans, the bank is aggressively focusing on the risks posed by contractual structures, regulations and sponsor strength. The lending in sectors has been very selective to higher rated corporates with a significant margin of safety. The percentage share of sanctions made during a year to challenged sectors like power, iron and steel, and infrastructure construction (excluding airports, roads and ports) stood at 13% for fiscal 2017, compared to 24% for fiscal 2012. During the year, the Bank continued to focus on the government business and increased its footprint in PSUs. The Bank also maintained its leadership position in the loan syndication market and syndicated an aggregate amount of ₹24,160 crores (₹22,613 crores in fiscal 2016) by way of rupee loans and USD 1.12 billion (USD 1.93 billion in fiscal 2016) of foreign currency loans.

Structured Finance Group (SFG)

The Bank's SFG is a specialized group focusing on resolution of non-retail impairments of the Bank. The team is based out of the Central Office in Mumbai, and oversees rectification and restructuring as well as recovery for the Western zone of the country. The central team is supported by three Regional Recovery Cells at Delhi, Kolkata and Chennai.

The slowdown in the corporate growth along with the large corporate debt burden has led to considerable stress on the balance sheets of most of the Indian financial institutions. Entities with project finance and term lending expertise which have financed the infrastructure growth have been impacted much more than other financiers. During the fiscal 2017, the challenged sectors like power, steel and infrastructure construction continued to weigh on the banking sector's asset quality. Though the steel sector saw some improvement in operating metrics on back of government intervention and recovery in global demand during the last year, the stress still continues to remain high. In the power sector, although the coal availability factor has now improved, concerns related to lack of power purchase agreements leading to lower plant load factors and operating performance continues to remain an overhang.

The Government and the Regulator have shown keen interest to alleviate and resolve the asset quality issues and get the economy back to a sustainable growth path. The policy initiatives of the Government like imposing import duties in certain segments like steel, focused approach in removing policy and regulatory constraints to revive the stalled projects and getting the Goods and Services Tax (GST) bill passed, with renewed focus on infrastructure, renewable and railways have helped improve the corporate sentiment.

Reserve Bank of India that had earlier introduced guidelines like 5/25 scheme and SDR during fiscal 2015 and fiscal 2016, came out with Scheme for Sustainable Structuring of Stressed Assets or S4A in June 2016 to enable banks to resolve stress in project loans. The SFG group is skilled to handle the changing regulatory landscape, and has been using the resolution mechanisms available to address the stressed portfolio.

Treasury

The Bank's Treasury function comprises Asset Liability Management (ALM), Proprietary trading business in Interest rates & Equity, Foreign Exchange & Derivatives and Arrangership business.

The ALM group manages the regulatory requirements of Cash Reserve Ratio (CRR), Statutory Liquidity Ratio (SLR) and Liquidity Coverage Ratio (LCR). The group also manages the liquidity, interest rate and currency risks in the Bank's portfolio, under the guidance of the Asset Liability Committee (ALCO) of the Bank. ALM group is responsible for overall liquidity management of the domestic book and longer term liquidity management of the overseas branches across geographies.

The proprietary trading group in Government securities within Treasury plays an important role of market making, participating in primary auctions of RBI etc. The Bank also holds one of the largest Corporate bond investment portfolio with 92% of them have rating of at least 'A', and runs limited trading book in Equity, Commercial papers and Certificate of deposits.

Forex Trading Group is a major participant in the Foreign Exchange & Derivatives market. The group provides risk management and hedging solutions to a wide range of corporate customers and financial institutions. The Bank has been awarded the First Rank by Euromoney in their FX Survey 2016 in eight categories amongst Asian Corporate Respondents and in eleven categories amongst Indian Corporate Respondents.

The Bank continues to remain a dominant player in the Debt Capital Market (DCM) Segment. During the year, the Bank arranged ₹199,620 crores of bonds and debentures for various PSUs and corporates. The Bank has been ranked number one in the Bloomberg Official League Table for domestic bonds in India for the 10th Consecutive year, for calendar year 2016 and for the quarter ended March 2017. Bank has also been ranked number one arranger as per Prime Database for the nine months ended December 2016.

The Bank has started the International Debt Capital Markets business and has been a leader in this segment covering USD/EUR bonds,

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Masala bonds, Green bonds etc. The Bank became the first Indian entity to issue internationally listed certified dollar denominated Green bonds in June 2016. The Bank was also the Lead Manager in the very first Masala Bond issued by one of the leading housing finance companies and the first Green Masala Bond issued by one of the major public sector utility companies.

During the year, the Bank was awarded "India Bond House" by IFRAsia, "Best DCM House – India" by Finance Asia, "Best Domestic Debt House – India" by Asiamoney and "Best Domestic Bond House in India" for 20th Anniversary – Platinum award – by Finance Asia. The Bank was also named as "Top Bank in Corporate Bonds, India, Rank 1" and "Investors' Choice for Primary issues in Corporate Bonds, India" by The Asset Benchmark Research.

Transaction Banking

Transaction Banking unit focuses on the flow businesses, i.e. current accounts, collection & payments solutions, trade services, forex remittances and capital market solutions. It caters to corporates, SMEs, financial institutions, Government segment and also to retail customers for their forex requirements such as forex cards and wire transfers.

The key financial deliverables of the business are current account float balances and fee income. Current account balances grew from ₹63,652 crores as on 31 March, 2016 to ₹87,002 crores as on 31 March, 2017, a year on year growth of 37%. Daily average balances in current accounts grew 22%, from ₹40,140 crores in fiscal 2016 to ₹48,800 crores in fiscal 2017. The business generated a fee income of ₹2,022 crores in fiscal 2017, a growth of 11% year on year.

The key themes that the business has been focusing on are deepening share of wallet for existing clients, offering digital solutions to customers and enhancing customer service. The relationship managers and branches are continuously equipped with analytical tools and learning interventions to help cross-sell the large suite of transaction banking products to customers. Over the last two years, the Bank has expanded the footprint of B Category branches (branches authorized to handle forex business) significantly. As on 31 March, 2017, the Bank had 488 B Category branches.

Current Accounts

The Bank has over 1.7 million current accounts across its branch network served with a wide range of segmented and value-based offerings. The Bank has also significantly invested in complementing the branch network with digital channels such as internet banking and mobile banking, and also self-service solutions such as cash deposit machines. The Bank also enables customers to tailor the product features to suit their individual requirements. The Bank has taken several initiatives to deepen the current account relationships by cross-selling other products such as tax payments, cash management solutions, loans, forex and trade products, etc.

Cash Management Solutions

The Bank provides end-to-end cash management solutions by combining efficient collections and disbursements products, backed by state-of-the-art systems to ensure customized delivery. By leveraging on the Bank's extensive network and robust technology, these solutions provide for faster fund movement thereby reducing interest rates and improving customer's liquidity position. Cash management products include digital collection and payment solutions, offerings for collection of cheques and cash as well as bulk payment solutions for vendor, salary, interest and dividend payments. The Bank is also focusing on host-to-host integrations for both collections and payments, which involves IT integration with the client's server for seamless transactions and information flow. The Bank provides comprehensive structured MIS reports on a daily or monthly basis or as required by clients for better accounting and reporting.

Government Business

The Bank has been authorised by Reserve Bank of India and Government of India to handle all Government Banking transactions which includes the following:

- Collection of Direct and Indirect Taxes
- Disbursement of Central Civil as well as Non-Civil (Railways, Defence, Telecommunication and Posts) Pensions
- Expenditure-related Payments on behalf of various Ministries/ Departments of Govt. of India
- State Government related transactions such as collection of Sales Tax, Pension Payments, etc.

The Bank is a participating entity in the Government's Public Financial Management System (PFMS). PFMS is a financial management system of the Planning Commission of India that is being implemented by the Office of the Controller General of Accounts, Ministry of

Finance, in partnership with National Informatics Centre (NIC). PFMS monitors different social sector programmes in India and tracks the disbursement of funds in relation to such programmes, using an online management information system and decision support system. The Bank also is associated with the e-Governance initiatives of five states and union territories, namely Andhra Pradesh (e-Seva), Karnataka (Bangalore One and Hubli-Dharwad One), Chandigarh UT (Sampark), Chhattisgarh (CHOICE), Uttar Pradesh (e-Suvidha) aimed at providing better services to the citizens.

Trade, Forex and risk management Services

The Bank offers a complete suite of Trade finance and foreign exchange business solutions through Forex “B” category branches spread across the country. The Bank also offers a variety of hedging solutions such as exchange and interest rate derivative structures, including options and swaps in accordance with the derivative policy of the Bank. In addition to having dedicated resources at the branches, the Bank has also stationed experts at various locations to provide advice on regulations governing trade and forex business and suitably customize offerings to meet specific needs of its customers. In addition to the services offered through Branch network spread across India, the Bank also leverages its tie-ups with reputed correspondent banks across the world.

International Retail

The Bank offers a range of forex and remittances products to its retail customers, which include forex cards, inward and outward wire transfers, traveller’s cheques and foreign currency notes, remittance facilities through online portal as well as through collaboration with correspondent banks and exchange houses. The Bank offers remittances facility to NRI customers through the Bank’s Sri Lanka Branch and Axis Bank UK Ltd., for remittances to India. Additionally, the Bank offers remittances from Gulf Co-operation Council (GCC) region to Sri Lanka through tie-up with four exchange houses.

The Bank continued to have a market leadership position in forex cards with 16 currency options other than INR being offered. Additionally, the Bank offers Miles & More Multi-Currency Forex Card in association with Lufthansa airline aimed at frequent flyers, an industry first in this segment. The aggregate load value on forex cards crossed USD 8 billion during the year.

The Bank has also introduced Commercial Forex Card to address foreign currency payment needs of Corporates and Tour Operators. This serves as a substitute to traditional payment mechanisms like wire transfers, foreign currency demand draft and brings in efficiency in entire payment processing along with convenience of paying online instantly.

The Bank was the first in India to connect with Earthport’s global payment network, which spans over 60 countries. This tie-up enables the Bank to offer faster outward remittances with value added features – transparency in charges and lower time taken to transfer. The volumes of retail remittances also rose by 49% during the year and the Bank processed outward remittances of USD 4.84 billion and inward remittances of USD 7.43 billion.

Custodial and Capital Market Services

Under the custodial business segment, the Bank offers a full range of custodial and fund accounting services for primary and secondary market operations involving debt, equity and money market instruments.

Lending to Small and Medium Enterprises

Small and Medium Enterprises (SME) remain an integral part of the Indian Economy. The Bank partners to provide the right impetus for growth in this sector. Currently the Bank operates from 54 SME Centres and 15 SME Cells across the country to service customers effectively covering more than 2,000 branches. In order to serve our customers’ effectively, SME Business within the bank is divided into 3 Business verticals: Medium Enterprises Group (MEG), Small Enterprises Group (SEG) and Supply Chain Finance (SCF). Bank extends Working Capital, Term Loan, Trade Finance, Project Finance and Bill / Invoice Discounting to SMEs for their various Finance needs.

Fiscal 2017 was challenging on many fronts including the demonetization period. SME advances grew by 10% to ₹49,172 crores from ₹44,869 crores last year. The SME portfolio of the Bank constituted 13% of the Bank’s total advances as on 31 March, 2017. The SME Business in the Bank continues to focus towards lending to the Priority sector (PSL) and is a significant contributor to the Bank’s overall PSL portfolio. Special drives were undertaken during fiscal 2017 to promote lending to the Priority Sector which included product and marketing initiatives. As part of the strategy to focus on select important industrial clusters, the Bank launched a new product catering to the Education sector.

The Bank has a wide range of customized and fast track products for SME customers and has robust processes in place ensuring that the customer gets the best financial solution and consistent quality of service which suits his requirements. Building on the same platform, the Bank streamlined various internal processes on the digital platform leading to seamless services offered to the customer.

With a commitment to support the SME growth and be part of India’s growth story, bank continued to spread “Evolve” series (Road Show series) to a new level. During the fiscal 2017, Evolve was organised in 35 cities where more than 5,000 SMEs participated. As during the

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

last two years, the series was much appreciated by all the participants and is a unique initiative in building the SME capacity. The Bank also acknowledged the best performers in SME segment by hosting the SME Awards "SME 100" held in Delhi. These initiatives were aligned to relevant government initiatives/national priority programs such as 'Make in India', 'Skill India', and 'Digital India'.

Despite the challenging environment where the economic growth remained slower and demonetisation too had an impact on SME sector, the asset quality remained relatively stable as the Bank focused on controlling the quality of the existing portfolio and continued its emphasis on acquiring better rated SME customers. However, the Bank remains watchful from lagged effects of demonetisation and ensuing changes post the implementation of GST. The Bank uses the augmented business analytical tools like Early Warning Signals, which helps the Bank to identify unfavourable sectoral trends early in the cycle and take corrective action if necessary. Around 84% of the SME portfolio lies in SME 1 to SME 3 category and around 94% of the new customers are rated SME 1 to SME 3.

International Banking

The International Banking strategy of the Bank continues to revolve around leveraging its relationships with corporates in India and non-resident Indians, by providing banking solutions at overseas centres. The Bank, through its international operations, leverages the skills and strengths built in its domestic operations. It also widens the horizon of the product offerings covering a varied spectrum of corporate and retail banking solutions across client segments in various geographies. The Bank has established its presence at strategic international financial hubs. The Bank has a small but strategic international network that consists of five branches at Singapore, Hong Kong, Dubai International Financial Centre (DIFC) – UAE, Colombo (Sri Lanka) and Shanghai (China); three representative offices at Dubai, Abu Dhabi (both in UAE) and Dhaka (Bangladesh); and an overseas banking subsidiary in the United Kingdom.

The Bank continues to offer corporate banking, trade finance, treasury and risk management solutions through the branches at Singapore, Hong Kong, DIFC, Shanghai and Colombo, and retail liability products from its branches at Hong Kong and Colombo. Further, the Bank's Gulf Co-operation Council (GCC) initiatives in the form of representative offices in Dubai and Abu Dhabi and alliances with banks and exchange houses in the Middle East provide support for leveraging the business opportunities emanating from the large NRI diaspora present in these countries. The Representative Office at Dhaka promotes trade finance business arising between Bangladesh and India & other Asian financial markets where Bank has a presence.

Given the uncertainties in global economies coupled with weak Indian international trade, the Bank focussed on consolidating the operations at overseas branches and managing the risks in international operations. Emphasis continued towards trade finance business and value added services. As on 31 March, 2017, the total assets at overseas branches stood at USD 8.37 billion as compared to USD 8.06 billion last year. Axis Bank UK Limited, the Bank's overseas banking subsidiary, completed its fourth year of operations during the year under review and its total assets stood at USD 823 million as against USD 662 million as on 31 March, 2016.

Business Intelligence Unit

From self driven car to chat BOTs, AI and Machine Learning are revolutionizing customer experience and decision making across industries globally. Being a bank for millions of aspiring Indians, Business Intelligence Unit of the Bank is also on the forefront for building & implementing AI and machine learning solutions in areas such as identification of customer base for pre-approved loans, creation of personalised product recommendations, branch and ATM location planning, identifying fraudulent transactions and to prioritise investigation on complex money laundering transactions. Set up in 2009, Axis Bank BIU started with providing analytical solutions to Retail Lending Business. Over these years, BIU, with 200+ in-house data scientists, is now developing solutions across Retail Banking, Wealth Management, Payments and Corporate Banking. In 2016, we have also set up "Thought Factory", an innovation lab of Axis Bank, in Bangalore to build scalable capabilities in AI and Machine learning to make customer banking experience intelligent, intuitive and instant.

Risk Management

The risk management objective of the Bank is to balance the trade-off between risk and return, and ensure that the Bank operates within the Board approved risk appetite statement. An independent risk management function ensures that the risk is managed through a risk management architecture as well as through policies and processes approved by the Board of Directors encompassing independent identification, measurement and management of risks across the various businesses of the Bank. The risk management function in the Bank strives to proactively anticipate vulnerabilities at the transaction as well as at the portfolio level, through quantitative or qualitative examination of the embedded risks. The Bank continues to focus on refining and improving its risk measurement systems including automation of processes wherever feasible not only to ensure compliance with regulatory requirements, but also to ensure better risk-adjusted return and optimal capital utilisation, keeping in view its business objectives. Pursuant to review of the risk profile of the Bank, the Board has not come across any element of risk which would threaten the existence of the Bank.

The overall risk appetite and philosophy of the Bank is defined by its Board of Directors. The Risk Appetite framework provides guidance to the management on the desired level of risk for various types of risks in the long term and helps steer critical portfolio decisions. Further, the Internal Capital Adequacy Assessment Process (ICAAP) of the Bank assesses all the significant risks associated with various

businesses. The independent risk management structure within the Bank is responsible for managing the credit risk, market risk, liquidity risk, operational risk, other Pillar II risks like reputational risk and strategic risk and exercising oversight on risks associated with subsidiaries. The risk management processes are guided by well-defined policies appropriate for the various risk categories viz. credit risk, market risk, operational risk, liquidity risk, counterparty risk, country risk, reputational risk, strategic risk and subsidiaries risk, supplemented by periodic validations of the methods used and monitoring through the sub-committees of the Board. The Risk Management Committee (RMC), a committee constituted by the Board, approves policies related to risk and reviews various aspects of risk arising from the businesses undertaken by the Bank. The Committee of Directors (COD) and the Audit Committee of the Board (ACB) supervises certain functions and operations of the Bank, which ultimately enhances the risk and control governance framework within the Bank. Various senior management credit and investment committees, Credit Risk Management Committee (CRMC), Asset-Liability Committee (ALCO), Operational Risk Management Committee (ORMC), Subsidiaries Governance Committee (SGC), Reputation Risk Management Committee (RRMC), Information Security Committee (ISC) and Business Continuity Planning Management Committee (BCPMC) operate within the broad policy framework of the Bank.

Credit Risk

Credit risk is the risk of financial loss if a client, issuer of securities that the Bank holds or any other counterparty fails to meet its contractual obligations. Credit risk arises from all transactions that give rise to actual, contingent or potential claims against any counterparty, borrower or obligor. The goal of credit risk management focuses on maintaining asset quality and concentrations at individual exposures as well as at the portfolio level.

Internal rating forms the core of the risk management process for wholesale business with internal ratings determining the acceptability of risk, maximum exposure ceiling, sanctioning authority, pricing decisions, review frequency. For the retail portfolio including small businesses and small agriculture borrowers, the Bank uses different product-specific scorecards. Large, risky or complex exposures require to be independently vetted by the risk department for each incremental transaction whereas small, templated exposures are extended within the approved product policies. Both credit and market risk expertise are combined to manage risks arising out of traded credit products such as bonds and market related off-balance sheet transactions.

Credit models used for risk estimation are assessed for its discriminatory power, calibration accuracy and stability independently by a validation committee.

During the year the Bank has brought greater alignment in bank level appetite and the operational limits. The key risk metrics are monitored regularly and deviations are discussed with business to decide on the course of remedial action. The governance around deviation from internal limits has also been considerably strengthened. Asset quality target on incremental business have been considerably tightened over the past few year. While parts of corporate portfolio remain under stress, we are beginning to see an improvement in the asset quality at the portfolio level. Concentration limits have also been tightened over the past few years. The Bank is comfortably on track to meet the standards of the large exposure framework that has been brought in by RBI.

Market Risk

Market risk is the risk of losses in 'on and off-balance sheet' positions arising from the movements in market price as well as the volatilities of those changes, which may impact the Bank's earnings and capital. The risk may pertain to interest rate related instruments (interest rate risk), equities (equity price risk) and foreign exchange rate risk (currency risk). Market Risk for the Bank emanates from its trading and investment activities, which are undertaken both for the customers and on a proprietary basis. The Bank adopts a comprehensive approach to market risk management for its banking book as well as its trading book for both its domestic and overseas operations. The market risk management framework of the Bank provides necessary inputs regarding the extent of market risk exposures, the performance of portfolios vis-à-vis the market risk limits and comparable benchmarks which provides guidance to the business in optimizing the risk-adjusted rate of return of the Bank's trading and investment portfolio.

Market risk management is guided by well laid down policies, guidelines, processes and systems for the identification, measurement, monitoring and reporting of exposures against various risk limits set in accordance with the risk appetite of the Bank. Treasury Mid-Office independently monitors the Bank's investment and trading portfolio in terms of risk limits stipulated in the Market Risk Management Policy and reports deviations, if any, to the appropriate authorities as laid down in the policy. The Bank utilises both statistical as well as non-statistical measures for the market risk management of its trading and investment portfolios. The statistical measures include Value at Risk (VaR), stress tests, back tests and scenario analysis while position limits, marked-to-market (MTM), stop-loss limits, trigger limits, gaps and sensitivities (duration, PVBP, option greeks) are used as non-statistical measures of market risk management.

Historical data calculated at a 99% confidence level for a one-day holding period over a simulation and its variants are used to compute VaR for the trading portfolio time horizon of 250 days. VaR models for different portfolios are back-tested on an ongoing basis and the results are used to maintain and improve the efficacy of the model. VaR measurements are supplemented with a series of stress tests and sensitivity analyses as per a well laid out stress testing framework.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Liquidity Risk

Liquidity is a bank's capacity to fund increase in assets and meet both expected and unexpected cash and collateral obligations at reasonable cost and without incurring unacceptable losses. Liquidity risk is the inability of a bank to meet such obligations as they become due, without adversely affecting the bank's financial condition. The Asset Liability Management Policy of the Bank stipulates a broad framework for liquidity risk management to ensure that the Bank is in a position to meet its liquidity obligations as well as to withstand a period of liquidity stress from bank-level factors, market-wide factors or a combination of both.

The liquidity profile of the Bank is monitored for both domestic as well as overseas operations on a static as well as on a dynamic basis by using the gap analysis technique supplemented by monitoring of key liquidity ratios and conduct of liquidity stress tests periodically. The Bank has laid down liquidity risk policies for its overseas branches in line with host country regulations and the asset-liability management framework as stipulated for domestic operations. Periodical liquidity positions and liquidity stress results of overseas branches are reviewed by the Bank's ALCO.

The Bank has integrated into the asset liability management framework the liquidity risk management guidelines issued by RBI pursuant to the Basel III framework on liquidity standards. These include the intraday liquidity management and the Liquidity Coverage Ratio (LCR). The Bank maintains the regulatory mandated LCR as per the transitional arrangement laid down by RBI and also ensures adherence to RBI guidelines on monitoring and management of liquidity including liquidity ratios.

Operational Risk

Operational risks may emanate from inadequate and/or missing controls in internal processes, people and systems or from external events or a combination of all the four. The Bank has in place an Operational Risk Management (ORM) Policy to manage the operational risk in an effective, efficient and proactive manner. The policy aims at assessing and measuring the magnitude of risks, monitoring and mitigating them through well-defined framework and governance structure.

The RMC at the apex level is the policy making body and is supported by the Operational Risk Management Committee (ORMC), responsible for the implementation of the Operational Risk framework of the Bank and the management of operational risks across the Bank.

All new products and processes, as well as changes in existing products and processes are subjected to risk evaluation by the Operational Risk team. The overall responsibility of new products is vested with the Bank's Product Management Committee and Change Management Committee. Outsourcing arrangements are examined and approved by the Bank's Outsourcing Committee after due recommendations from the Operational Risk team. The IT Security Committee of the Bank provides directions for mitigating operational risk in the information systems. The Bank has set up a comprehensive Operational Risk Measurement System (ORMS) for documenting, assessing, and periodic monitoring of various risks and controls linked to various processes across all business lines. Over the year, the Bank has focused on strengthening the operational and information security risk frameworks by implementing several initiatives.

The Business Continuity Planning Management Committee (BCPMC) exercises oversight on the implementation of the approved Business Continuity Plan (BCP) framework which has been put in place to ensure continuity of service to its large customer base. The effectiveness of the approved Business Continuity Plan (BCP) framework is tested for all identified critical internal activities to ensure readiness to meet various contingency scenarios. The learning from the BCP exercises are used as inputs to further refine the framework.

Information Technology

The Bank has undertaken various technology enabled business initiatives to realize the vision of customer centricity and to respond to customer demand in real time by knowing its customers and their behaviour, and to offer a single view across all the bank's products and services.

A new version of Axis Mobile app was launched for customers with the functionalities such as Buy/Sell Mutual Funds, Augmented Reality in 'Near Me' to find out nearest ATM, branch or best Dining delight offers at various nearby restaurants, Property Search, Set /Reset your Debit card PIN and Insta Service for updating customer details. "Happy Holiday" feature on Axis Mobile enables easy onboarding of customers to avail Travel Insurance & Forex card. During the year, the Bank also launched an 'Active' fitness band in partnership with GoQii using which customers can make payments at NFC-enabled outlets, track their fitness and earn reward points from the bank.

The Bank has focused on creating a constantly learning sales organization and driving sales force efficiency. The Bank is among the leading banks in India to launch image based disbursement of Tractor loans that has led to improvement in turnaround time by 2 days. Contact Centre capabilities are augmented to facilitate integrated and consistent interactions across all channels. The state of the art digital contact centre consists of speech analytics for better service. The Bank has also implemented an online chat module for its premium customers.

Delivering on the vision of an instantaneous, intelligent and interconnected payment ecosystem, the Bank has undertaken major initiatives in the payment space in fiscal 2017. Axis Pay App was launched by the Bank using UPI allowing customers to send or receive money, pay bills, recharge and shop with a single Virtual Payment Address (VPA). The Bank has built a customizable online payment gateway platform for corporate customers to process invoices seamlessly. The Bank has launched Bharat Bill Payment System (BBPS) based billing for select utility payouts. The Bank in association with Bengaluru Metropolitan Transport Corporation (BMTc) has launched 'Axis Bank BMTc Smart card', India's first ever open loop EMV contactless smart card that can be used for hassle free transit and retail purchases. The Bank is the first bank to launch NPCI (National Payments Corporation of India) integrated interoperable RFID (Radio Frequency Identification) tag for providing Electronic Toll Collection service for customers.

The Bank has set up Thought Factory, its Innovation Lab in Bengaluru to drive technology focused innovation across various business areas. Key programs include an in-house innovation team building new products and solutions, a Fintech Accelerator Program for mentoring high potential startups, and a co-working space in partnership with Amazon Web Services.

The Bank has also set up an in-house Development Center of around 100 people in fiscal 2017 to build front end and middleware systems in-house and achieve greater business agility.

Compliance

The Compliance function is reckoned as a key element in Bank's corporate governance structure. The Compliance function assists the Board and Top Management in managing the compliance risk which is the risk of legal or regulatory sanctions, financial loss or reputational loss that the Bank may suffer as a result of its failure to comply with the applicable laws, regulations or code of conduct applicable to banking activities.

The Bank is committed to adhere to the highest standards of compliance vis-à-vis regulatory prescriptions and internal guidelines. The Compliance function plays a crucial role in ensuring that the overall business of the Bank is conducted in accordance with regulatory prescriptions. The Compliance function aims to improve compliance culture within the Bank through various enablers like dissemination of regulatory changes, percolation of compliance knowledge through training, newsletters, e-learning initiatives and other means of communication apart from direct interaction. To ensure that all the businesses of the Bank are operating within the ambit of Compliance Framework, the Compliance Department is involved in vetting all new products and processes. It evaluates the adequacy of internal controls and examines the systemic correction required, based on its analysis and interpretation of the regulatory doctrine and the deviations observed during compliance monitoring and testing programme. It also ensures that internal policies address the regulatory requirements comprehensively. The Audit Committee of the Board reviews the performance of the Compliance Department and the status of compliance with regulatory guidelines on a periodic basis.

As the focal point of contact with RBI and other regulatory entities, the Compliance Department periodically apprises both the Bank's management as well as the Board of Directors on the status of compliance in the Bank and the changes in regulatory environment. The Bank has put in place an Enterprise-wide Governance Risk and Compliance Framework, an online tool, which is pivotal in addressing operational, compliance and financial reporting risk, bringing efficiency in processes and improvement in compliance levels besides facilitating annual assessment of said risks. The Compliance Department also propagates and monitors a Group Compliance approach encompassing the Bank and its subsidiaries.

Internal Audit

The Bank's Internal Audit function provides to its Board of Directors and Senior Management an independent validation on the quality and effectiveness of the internal controls in place, risk management systems, governance systems and processes on an on-going basis. This is provided to primarily ensure that the audited units comply with both, internal and regulatory guidelines. In line with the RBI's guidelines on Risk Based Internal Audit (RBIA), the Bank has adopted a robust audit policy. The RBIA has been designed taking into account regulatory guidelines and also international best practices. The policy has a well-defined architecture for conducting RBIA across all audit entities. The audit policy defines the audit strategy in terms of a concerted focus on strategic and emerging business risks. These inputs form a key step in the identification of the audit universe for the audit planning exercise. The audit frequencies are in sync with the risk profile of each unit to be audited. This is in alignment with guidelines relating to RBIA. The scope of RBIA includes examining the adequacy and effectiveness of internal control systems, external compliances and also evaluating the risk residing at the audit entities. Further to augment the internal audit function, concurrent audit, thematic audit and integrated audit reviews have been integrated into the internal audit process in order to make the function more robust.

The Internal Audit functions independently under the supervision of Audit Committee of the Board, thereby ensuring its independence. The Board reviews the efficacy of the internal audit function, effectiveness of controls laid down by the Bank and compliance with internal as also regulatory guidelines. This is in alignment with the best global practices on corporate governance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Corporate Social Responsibility (CSR)

The primary purpose of the Bank's CSR philosophy is to make a meaningful and measurable impact in the lives of economically, physically and socially challenged communities of the country through an integrated approach of development which focuses on creating sustainable livelihood, promoting education and skills development, creating awareness amongst public at large on public interest topics including financial literacy, facilitating and providing access to formal banking channels for excluded sections, promoting environmental sustainability, and supporting health and sanitation initiatives.

The Bank has put in place a 'Policy on Corporate Social Responsibility' to strategically guide its efforts in the area of CSR and the same is hosted on the Bank's website www.axisbank.com. The CSR activities are pursued through various initiatives undertaken by the Bank or through Axis Bank Foundation (ABF) or through any other Trust or agencies and entities as deemed suitable. The Bank leverages its geographical spread to undertake such initiatives.

The Bank has adopted multi-pronged approach for its CSR agenda, which is integrated with the Bank's sustainability objectives aimed towards creating enduring value for all stakeholders. Through Axis Bank Foundation, the Bank focuses on creating sustainable livelihoods, especially in rural and remote areas through interventions in agriculture productivity, watershed management, livelihood assets, and vocational training and skill development including for differently-abled people. During the year, the country witnessed a massive shift towards becoming less-cash society through extensive promotion of digital and non-cash transactions. Addressing the need of the hour, the Bank has stepped up its financial inclusion and financial digital literacy measures to help people make transition to digital and non-cash transactions. These measures in alignment with Government's JAM (Jan Dhan – Aadhar – Mobile) vision have immense potential to help people, especially those currently excluded from formal banking channels to access financial solutions, increase savings, improve livelihood earnings through access to micro-credit, gain access to Government schemes, and thus contribute to reduction of economic and social inequalities. The Bank has initiated projects across 24 villages to enable them completely move to digital and non-cash transactions through 'Digiprayas' program. Extensive financial literacy camps were conducted across the country. The Bank recognises that MSME sector is a vital component of economic growth and job creation which is also a priority focus area of the Government under programs such as 'Make in India', 'Skill India', 'Startup India' etc.. Through knowledge sharing programs, the Bank provides a platform for MSMEs to gain knowledge on topics related to the sector growth and future opportunities. The Bank also supports programs to contribute to entrepreneurial skill development by providing a platform for promising start-ups to be mentored by industry leaders. Environmental sustainability is another key focus area for the Bank. It undertakes various initiatives through promotion of renewable energy and energy efficiency to reduce carbon emissions and through ABF activities helps farmers adopt sustainable agriculture practices which contribute to environmental sustainability.

The prescribed CSR expenditure for the Bank for fiscal 2017 in terms of the Section 135 of the Companies Act, 2013 and Rules framed thereunder was ₹196.44 crores, against which the Bank has spent ₹135.39 crores towards various CSR initiatives. The details of initiatives taken by the Bank on CSR during the year as per annexure attached to the Companies (Corporate Social Responsibility Policy) Rules, 2014 are given as an annexure to the Directors' Report.

Set up as a Public Charitable Trust in 2006, Axis Bank Foundation (ABF) is the Corporate Social Responsibility (CSR) arm of the Bank. It complements the activities being carried out by the Bank under CSR with sharper focus on areas responsible for creating sustainable livelihood. Partnering with close to 100 NGOs across the length and breadth of the country, ABF has impacted over 10.81 lakh beneficiaries till 31 March, 2017. ABF's programs are currently spread across 21 states and 221 districts of India. The Bank has made cumulative of ₹412 crores to ABF and its partner NGOs.

In the area of Livelihoods, ABF has partnered with NGOs that primarily work in the areas of Watershed Management and Agriculture Productivity, Livestock Enhancement, Vocational Training, and Livelihood for the Disabled. These initiatives help in enhancing the agricultural output through improved farm practices leading to increased income, watershed management activities ensure the availability of water by adopting irrigation facilities for multiple cropping, encouraging involvement into non-farm handicraft activities like embroidery work, bamboo work, etc. that further supplements the farm income and improves the overall income.

Financial Inclusion activities are conducted to help the beneficiaries gain access to banking facilities. 29,796 Self Help Groups (SHGs) have been formed with a membership of 368,454 women. The SHGs have recorded a savings of over ₹106.44 crores and a borrowing of ₹180.01 crores from several banks.

The Livelihood programs also seek to train unemployed youth both abled and disabled which lead to their employability. 116,563 youth have been trained of which 65% have been placed.

ABF has a mission to create one million sustainable livelihoods by December 2017. A 50% increase in income is expected to be achieved through these livelihood enhancement programs. Till March 2017, over 9.12 lakh beneficiaries (63% are women) have been impacted by this program.

The Foundation provides Axis Bank staff, opportunities to volunteer and participate in its various initiatives and also runs a payroll program to collect contributions from the employees.

During the year, the Bank was rewarded by the 'CII Sustainability Domain (Corporate Social Responsibility) Excellence Award' in recognition of its CSR efforts and impacts created. The Bank also was recognised as 'Socially Aware Corporate of the Year' at Business Standard's Corporate Social Responsibility Awards, 2016 for the impacts created by ABF's livelihood programs over the past decade.

Additional details of the Bank's community development efforts can be accessed through the Bank's 'CSR & Sustainability' web-section on www.axisbank.com and ABF's website www.axisbankfoundation.org.

Human Resources

Axis Bank believes that nurturing our people capability is the core of driving business excellence and achieving Vision 2020. The Bank has made concerted efforts to ensure that the employees' capabilities are developed so that employees can handle challenges of future. The Bank ended the year with a workforce strength of 56,617 employees. Some key focus areas of the Bank were:

Reinforcing the culture and capability: Banking is all about trust. As Bankers, we are responsible for establishing, and maintaining trust during and beyond our association with the customers. The Bank's constant endeavour is to ensure that all employees embody this trust at all times, and it continues to drive this behaviour through various interventions.

The Bank takes significant efforts on an ongoing basis to examine how it can more rigorously and consistently adhere to compliance and governance norms. Towards this end, the Bank introduced 'Banking on Compliance' – a training intervention to reinforce the status of compliance standards as an important element of how we do our business. 44,872 employees of the Bank were certified through this program over a 3 month period. The Bank's leaders across levels personally delivered this training, further driving the message that the compliance and governance agenda is critical. The Bank has constantly re-emphasised on its compliance standards so that employees can internalize the same, and show the ethical behaviours that are expected.

The Bank believes in broad-based capability development. The Bank introduced a learning platform, the 'Axis Competency Profiler', to manage employee careers. The platform will be leveraged for conducting Knowledge and Application Based profiling for employees working in five areas. With a view to promote self-paced, contextualised learning, Axis Bank launched a tie-up with Coursera, becoming the first organization in India to do so. With this partnership, high performing employees gained access to three specially curated and customized courses from Ivy League universities for their professional and personal growth.

The Bank launched the 'Million stories' initiative with a view to capturing the rich legacy that lays the foundation of our culture. These stories celebrate the Axis Bank culture and motivate the employees. Axis Champions, the bank's premier awards, is an initiative to drive alignment of culture across the organization and recognize champions for their role model behaviours. This year the platform became bigger with 12,500 nominations pouring in from across the country.

Efforts have been made to enhance employee experience through personalized human connect as well as technology enabled connect. The best-in-class technology was deployed to automate HR processes & the internal employee portal, My Connect, was revamped to provide employees with a seamless and digitally enhanced HR experience. The experience was extended to prospective employees with Axis Bank becoming one of the first few organizations in the country to introduce faceless Interviewing.

Reinforcing Meritocracy: The Bank's integrated Performance Management & Capability Development system - ACElerate – helps in fostering high performance as well as building capability. Capability development interventions are provided to high performing employees to hone their skills further and help them perform at the next level. More than 28,000 employees underwent a 2-day behavioural training program customized to their grade and their role challenges. Enhancement Program was offered to poor performers as a lever to opt for stretch targets and have a chance at upgrading their rating retrospectively. The Bank's promotion process allows for the best performers to shine through, regardless of their age, gender, past performance & background. A young and engaged workforce with an average age of 30 years and the Bank's policy on being an equal opportunity employer continue to significantly contribute towards the Axis Bank brand.

Leadership development across levels has been the Bank's continued focus. The Bank follows an institutionalized approach of providing differentiated learning opportunities to the Top Talent. The Bank has partnerships with corporate education arms of elite institutes to custom design offerings for senior executives. This year, the content of the programs was re-designed to reinforce the new leadership imperatives that were recently articulated. Additionally, developmental interventions in the form of executive coaching, mentoring and feedback tools were introduced and extended to a wider audience to facilitate their leadership journey.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONT.)

Partnering with external stakeholders: Axis Bank strives to serve its customers and the communities it operates in by including several pioneering interventions within the Bank and the broader community. Axis Bank Foundation has partnered with various organizations across the country for the overall development of the society. Leaders of the Bank engage with communities at the grass root level through the Social Impact Program.

The Bank spearheaded one of the largest crowdsourcing initiatives - 'Future of Jobs in India', a competition for all individuals in the age group of 18 – 30 years. 21,800 youngsters participated in across 453 cities to come up with innovative ideas that may create jobs of tomorrow. The winning ideas offered innovative solutions across the areas of waste management to transport sector.

Through the fulfillment of its HR agenda, the Bank continues to strive towards its pledge of serving it's customers, shareholders, employees & communities.

Subsidiary Performance

Board Meetings

Schedule of Board meetings

The schedule in respect of the meetings of the Board / Committees thereof to be held during the next financial year and for the ensuing Annual General Meeting are circulated well in advance to the Members of the Board.

Critical themes for review by the Board

The RBI vide its Circular no. DBR No. BC.93/29.67.001/2014-15 dated 14th May 2015 prescribed 'Seven Critical Themes' to be reviewed by the Board namely business strategy, financial reports and their integrity, risk, compliance, customer protection, financial inclusion and human resources. The agenda items for Board meetings include matters forming part of the said critical themes, as stipulated by the RBI.

Board agenda

The Board agenda is prepared by the Company Secretary of the Bank in consultation with the Chairman of the Board of Directors of the Bank.

The Board agenda and notes thereof are sent to the Directors well in advance to enable them to read and comprehend the matters to be dealt with and seek further information / clarification.

The Board agenda and notes are uploaded on the Bank's e-meeting portal wherein the Directors can review the same in a secure environment and at their convenience. The information relating to schedule of meetings, organization structure, events and conferences, announcements of material events and various articles about the Bank are also uploaded on the said e-meeting portal, for the information of the Directors.

The Minutes of the Board meetings are circulated to the Chairman for his review and approval and thereafter circulated to the other Members of the Board for their comments in accordance with the Secretarial Standards on meetings of Board of Directors (SS-1) issued, as prescribed by the Institute of Company Secretaries of India, New Delhi.

In case of business exigencies or urgency of matters, resolutions are passed by the Board through circulation. Video conferencing facilities are also used to facilitate participation by Directors who may be travelling or based temporarily at other locations at the time of the meeting.

CORPORATE GOVERNANCE (CONT.)

Evaluation of Board's Performance

The performance evaluation of the Board as a whole as well as that of its Committees, Independent Directors and Non Independent Directors including Chairman of the Board was done in accordance with the relevant provisions of the Companies Act, 2013, the relevant Rules made thereunder and the Listing Regulations.

The Board has adopted a formal mechanism for evaluating the performance of its Committees, Individual Directors including the Independent Directors and Non-Independent Directors, the Chairman of the Board and the Board as a whole. The evaluation was conducted on the various aspects of the Board's functioning such as Strategic alignment and direction, Engagement alignment, Composition & structure, Dynamics & culture, Ethics & corporate citizenship, Board support, Performance of key Committees, Self-evaluation and Attendance. The Bank also took into account the recent Guidelines issued by the Securities & Exchange Board of India on Board evaluation.

The Bank had engaged the services of an external agency for setting the methodology and determining the process of evaluation and advising the Board on the measures pursuant to outcome of such evaluation.

The Board of Directors of the Bank were satisfied with the evaluation results, which reflected the overall engagement of the Members and the effectiveness of the Board and of its Committees.

Familiarisation Programme for Independent Directors

The Bank has conducted the familiarisation programme for its Independent Directors covering the matters as specified under Regulation 25 (7) of the Listing Regulations. The details of the same have been uploaded on the website of the Bank at <https://www.axisbank.com/shareholders-corner/corporate-governance/compliance-report>.

Induction Programme for new Directors

The new Directors are inducted through one to one meetings with the Managing Director & CEO, Whole-time Directors and Group Executives and they are also briefed by the Senior Management on issues relating to business strategy, regulatory environment, business plans and key performance indicators. They are also provided with information relating to the finances and operations of the Bank, the organization structure and their roles, duties and responsibilities. On appointment, the Directors are issued the Letter of Appointment setting out the terms and conditions relating to their appointment and their duties and responsibilities under applicable laws. No Non-Executive Director was appointed during the year.

Disclosure in terms of The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Bank has formulated and adopted a policy on prevention of sexual harassment at workplace and takes all necessary measures to ensure a harassment-free workplace and has instituted an Internal Complaints Committee for redressal of complaints and to prevent sexual harassment. The Bank believes that all employees, including other individuals who are dealing with the Bank have the right to be treated with dignity.

The following is a summary of sexual harassment complaints received and disposed off by the Bank, during the financial year 2016-17:

- (a) Number of complaints of sexual harassment received during the year - 32
- (b) Number of complaints disposed off during the year – 26
- (c) Number of cases pending for more than 90 days – 1
- (d) Number of workshops/awareness programme conducted against sexual harassment carried out – 6

Nature of action taken by the Employer or District Officer – As per the Bank's Staff Rules.

The said Committee takes appropriate action against the employee(s) who have violated the norms prescribed under the Policy, which includes disciplinary action such as issuance of warning letter and in some cases termination of employment depending upon the gravity of violation.

Whistleblower Policy & Vigil Mechanism

A central tenet in the Bank's Policy on Corporate Governance is commitment to ethics, integrity, accountability and transparency. To ensure that the highest standards are maintained in these aspects on an on-going basis and to provide safeguards to various stakeholders, the Bank has formulated a Whistleblower Policy and Vigil Mechanism which is in compliance with the relevant provisions of Section 177(9) of the Companies Act, 2013, Rules made thereunder and Regulation 4(2)(d) of the Listing Regulations. The Policy provides an opportunity to address serious concerns arising from irregularities, malpractices and other misdemeanors committed by the Bank's personnel by approaching a Committee set-up for the purpose (known as the Whistleblower Committee). In case, Senior Management commits an offence, the Policy enables the Bank's staff to report the concerns directly to the Chairman of the Audit Committee of the Board. The Policy is intended to encourage reporting of suspected or actual occurrence of illegal, unethical or inappropriate actions, behaviour or practices by staff without fear of retribution. This Policy can be used regularly as a tool to voice concerns on irregularities, malpractices and other misdemeanors.

To ensure smooth flow and management of complaints under Whistleblower Policy, a web-based application - 'Corporate Whistleblower' has been set up which also provides an option for anonymous reporting thereby enabling lodging of complaints online over a secure platform without fear of revelation of identity. This would create a business culture of honesty, integrity and compliance and would encourage speaking up so that preventive action is initiated.

It is hereby affirmed that the Bank has not denied any of its personnel access to the Chairman of the Audit Committee of the Board and that the Policy contains adequate provisions protecting Whistleblowers from unfair termination and other unfair prejudicial and employment practices.

The Audit Committee of the Board reviews, on a quarterly basis, a synopsis of the complaints received and the resolution thereof under the said Policy.

The details of the Whistleblower Policy and Vigil Mechanism are available on the Bank's website at <https://www.axisbank.com/code-commitment-customers.aspx>.

Subsidiary Companies

The Bank does not have any unlisted Indian subsidiary company which could be deemed to be a material subsidiary, in terms of Regulation 16(1)(c) of the Listing Regulations. Further, the minutes of the meetings of the unlisted subsidiary companies of the Bank are tabled at the meetings of the Board of Directors of the Bank for its review. Statement of significant transactions/arrangements entered into by the unlisted subsidiary companies of the Bank are also tabled at the meetings of the Board of Directors of the Bank, for its review.

Policy for determining 'Material' Subsidiaries

Prevention of Insider Trading

The Board of Directors of the Bank has formulated and adopted the Code of Conduct to Regulate, Monitor and Report Trading by Insiders (The Code) and the Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information (UPSI) in line with the standards prescribed under Schedule B of the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 ("Insider Trading Regulations").

The Code prohibits all Designated Persons, Connected Persons and Other Connected Persons from entering into any trade in securities of the Bank during the blackout period(s). The commencement and closure of the blackout period(s) is notified to all employees, directors and other connected persons through e-mail/ SMS/ MyConnect.

The Code requires Designated Persons to obtain pre-clearance of the Compliance Officer for dealing in the Bank's securities beyond prescribed threshold limits. Further, it prohibits the purchase/ sale/ transfer etc., of Bank's securities by its Designated Persons, Connected Persons and Other Connected Persons whilst in possession of UPSI relating to

CORPORATE GOVERNANCE (CONT.)

the securities of the Bank. The Designated Persons are also prohibited from entering into contra trades on the floor of the Stock Exchange(s) and from dealing in securities of the Bank's Listed Client Companies, during the period(s) notified to them.

3. Disclosures

There were no related party transactions which were of a materially significant nature undertaken by the Bank with its promoters, directors or management, their subsidiaries or relatives that may have a potential conflict with the interests of the Bank.

The Members of the Senior Management of the Bank have affirmed that they have not entered into any material, financial or commercial transaction wherein they have personal interest and which may potentially conflict with the interest of the Bank at large.

There are no instances of non-compliance by the Bank or penalties and strictures imposed by the Stock Exchanges or SEBI or other statutory authorities on any matter related to capital markets during the last three years.

4. Compliance

The Bank has complied with all the mandatory requirements as prescribed under the Listing Regulations relating to Corporate Governance.

The Bank has adopted the non-mandatory requirements relating to maintenance of Chairman's Office at the Bank's expense and reimbursement of expenses incurred by its Non-Executive Chairman in performance of his duties, moving towards a regime of financial statements with unmodified audit opinion, separation of the office of the Chairman and Managing Director and the Chief Audit Executive directly reporting to the Audit Committee of the Board.

The Bank has obtained a certificate from M/s. S. R. Batliboi & Co. LLP, Chartered Accountants, Mumbai (Registration No. 301003E/E300005) confirming that the Bank has complied with all the mandatory/non-mandatory requirements as stipulated under the Listing Regulations relating to Corporate Governance. The said certificate is enclosed as annexure to the Directors' Report.

5. Code of Conduct

The Board has formulated and adopted separate Codes of Conduct which are applicable to all the Directors and Members of the Senior Management of the Bank. The said Codes which were reviewed and approved by the Board at its meeting held on 25th April 2017, have been hosted on the website of the Bank, www.axisbank.com.

A certificate issued by the Managing Director & CEO of the Bank confirming that all the Directors and Members of the Senior Management of the Bank have complied with the said Codes is annexed to this Report.

Unclaimed Equity Shares

Schedule VI of the Listing Regulations inter alia requires every listed company to comply with certain procedures in respect of equity shares issued by it in physical form pursuant to a public issue or any other issue and which have remained unclaimed for a period of seven years, for any reason whatsoever.

Details of such unclaimed equity shares of the Bank, as on 31st March 2017 and as on 31st March 2016, are as under:

Particulars	31 st March 2017	31 st March 2016
Aggregate number of shareholders at the beginning of the year	29	29
Total outstanding shares in Unclaimed Suspense Account at the beginning of the year	18,000	18,000
Number of shareholders who approached the issuer for transfer of shares from Unclaimed Suspense Account during the year	-	-
Number of shareholders to whom shares were transferred from Unclaimed Suspense Account during the year	-	-
Aggregate number of shareholders at the end of the year	29	29
Total outstanding shares in Unclaimed Suspense Account as on 31 st March 2017.	18,000	18,000

In terms of the said Schedule, all corporate benefits in terms of securities accruing on the said unclaimed equity shares viz. bonus shares, split, etc., if any, is required to be credited to the said Unclaimed Suspense Account. Further, voting rights on the said unclaimed equity shares have been frozen till the concerned shareholder claims such equity shares.

The concerned shareholder(s) are requested to write to Karvy to claim the said equity shares. On receipt of such claim, Karvy may call for additional documents and subject to its receipt and verification, Karvy may either transfer the said equity shares lying in the said Unclaimed Suspense Account to the depository account of the concerned shareholder(s) or deliver physical share certificate(s) after rematerializing the same to his address registered with Karvy.

Transfer of Underlying Equity Shares in respect of the Unclaimed Dividend to the IEPF Suspense Account

Pursuant to the relevant provisions of Sections 124 and 125 of the Companies Act, 2013 and the relevant provisions of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, the unclaimed dividend for the financial year 2008-09 and the underlying equity shares(s) of the Bank, in respect of the said financial year (in

case where the dividend for subsequent financial years have not been claimed by the concerned shareholder), were liable to be transferred by the Bank to the IEPF Authority. However, the underlying equity shares in respect of the said unclaimed dividend has not been transferred to the IEPF Authority, pursuant to the clarification issued by the Ministry of Corporate Affairs (MCA) on 28th February 2017.

Accordingly, concerned shareholders of the Bank are requested to verify details of their unclaimed dividends for the financial years 2009-10 to 2015-16 and lodge their claim with Karvy Computershare Private Limited (Karvy), the Registrar and Share Transfer Agent of the Bank, before it is due for transfer to the IEPF Authority, as aforesaid.

In case the unclaimed dividend for the financial year 2009-10 is not claimed by the concerned shareholders before its due date i.e. 13th July, 2017 the said unclaimed dividend alongwith the underlying equity shares(s) of the Bank, in respect of the said financial year (in case where the dividends for subsequent financial years have not been claimed by the concerned shareholder(s)), will be transferred by the Bank to the IEPF Authority, in accordance with the said Rules.

Both the unclaimed dividend(s) for the financial year 2009-10 and the underlying equity shares in respect of the said unclaimed dividend, transferred to the IEPF Authority, as aforesaid, can be claimed by the concerned shareholder(s) of the Bank from the IEPF Authority, subject to compliance with the relevant procedures as prescribed under the said Rules.

ECS Facility

Payment of Dividends through Electronic mode:

- In terms of Regulation 12 and Schedule I of Listing Regulations, every listed entity is required to mandatorily make all payments to Investors, including Dividend, by using any Reserve Bank of India (RBI) approved electronic mode of payments viz., Direct Credit, Real Time Gross Settlement (RTGS), National Electronic Fund Transfer (NEFT), Electronic Clearing Service (ECS), National Automated Clearing House (NACH) etc. The Bank would be entitled to use the bank account details of the shareholders available with the Depository Participant to facilitate with electronic payment.
- Accordingly, in case of shares that are held in electronic form:

All shareholders of the Bank holding equity shares in electronic form are requested to provide details relating to their Bank Account Number, including 9 digit MICR Code and 11 digit IFSC Code, E-mail ID and Mobile No(s) to their Depository Participant(s).
- Accordingly, in case of shares that are held in physical form:

All shareholders of the Bank are requested to provide details relating to their Bank Account Number, indicating 9 digit MICR Code and 11 digit IFSC Code, E-mail ID and Mobile No(s) to Karvy at Selenium Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad – 500 032, by quoting their folio number and attaching a photocopy of the cheque leaf of the said Bank Account and a self-attested copy of their PAN card.
- In case the dividend paid through electronic mode is rejected by the corresponding bank, for any reason whatsoever, the Bank will issue a dividend warrant and print the Bank Account details available with Karvy on the said dividend warrant to avoid fraudulent encashment.

Green initiatives

Remittance of dividend in Electronic Form

In order to facilitate electronic remittance of dividend, those shareholders who have not provided their bank account details are requested to provide the same to Karvy to enable the Bank to electronically remit the dividends to their designated Bank account, which would prevent fraudulent encashment and reduce usage of paper.

Dispatch of documents in Electronic Form

In terms of Rule 18 of the Companies (Management and Administration) Rules, 2014, a company may give notice through electronic mode including e-mail to those Members who have provided their e-mail address either to their Depository Participant (DP) or to the Company.

Accordingly, the Notice convening the 23rd Annual General Meeting, the annual report of the Bank for the financial year 2016-17 and other annexures stated therein will be sent by e-mail to those Members who have registered their e-mail address with their DP or with Karvy.

Members who have not yet registered their e-mail address are requested to do so, at the earliest.

In case shares are held in electronic form and in case of any change in the e-mail address, Members are requested to update the same with their DP and in case shares are held in physical form, Members are requested to update the same with the Karvy.

In case a Member fails to update the relevant e-mail address, the said documents will be sent to the existing e-mail address and the said documents will be deemed to have been delivered, in compliance with the relevant provisions of the Companies Act, 2013, the relevant Rules made thereunder and the Listing Regulations.

However, in case any Member wishes to receive a physical copy of the said documents, he is requested to write to einward.ris@karvy.com or shareholders@axisbank.com duly quoting his DP ID and Client ID or his Folio number, as the case may be, to enable the Bank to record his decision and provide physical copy of the said documents free of cost.

Please note that the said documents will also be uploaded on the Bank's website viz. www.axisbank.com and copies thereof will be made available for inspection at the Registered Office of the Bank during business hours on all working days except Saturdays, Sundays, Bank Holidays and Public Holiday up to the date of the ensuing AGM.

We seek your support to the said Green Initiatives, as it is designed to protect our fragile environment.

Procedure for Postal Ballot

In compliance with Regulation 44 of the Listing Regulations and Sections 108, 110 and other applicable provisions of the Companies Act, 2013, the relevant Rules made thereunder, the Bank provides electronic voting facility to all its Members. The Bank had engaged the services of Karvy for the said purpose. In terms of the applicable laws, Members have the option to cast their vote either by physical ballot or e-voting.

The Board of Directors of the Bank is required to appoint a Scrutinizer for conducting the Postal Ballot process in a fair and transparent manner. The Postal Ballot exercise is conducted in accordance with the provisions of Section 110 of the Companies Act, 2013 read with Rule 22 of the Companies (Management & Administration) Rules, 2014, as amended.

The Bank dispatches the Postal Ballot Notice and relevant forms along with postage prepaid business reply envelope to those Members whose names appear on the Register of Members / Statements of Beneficial Holders provided by the Depositories as on the cut-off date. The postal ballot notice is also sent in electronic form to those Members whose email address is registered with their DP in case shares are held in electronic form or with Karvy in case shares are held in physical form.

The Bank also publishes a notice in the newspaper declaring the details of completion of dispatch and other requirements as mandated under the aforesaid provisions of the Companies Act, 2013 and the said Rules.

Voting rights are reckoned on the paid-up value of the shares registered in the names of the Members as on the said cut-off date. Members desiring to exercise their votes by physical postal ballot forms are required to return the forms duly completed and signed to the Scrutinizer at the address mentioned in the postage prepaid business reply envelope on or before the close of voting period. Members desiring to exercise their votes by electronic mode are requested to exercise their vote using the e-voting facility before the close of business hours on the last date of e-voting as set out in the Notice.

The Scrutinizer is required to submit his report to the Chairman, after verification of the records and thereafter the consolidated results of the voting can be declared by any one of the Directors of the Bank, duly authorised by the Board of Directors, in this regard.

Subsequently, the said results alongwith the report of the Scrutinizer is disclosed to the Stock Exchanges within 48 hours of such declaration, in terms of Regulation 44(3) of the Listing Regulations, uploaded on the website of the Bank and displayed on the notice board at the Registered and Corporate Offices of the Bank. The resolution, if passed by requisite majority, shall be deemed to have been passed on the last date specified by the Company for receipt of duly completed postal ballot forms or e-voting.

Notes:

- Deposits accepted by the Bank are in normal course of banking business and an operating activity of the Bank and hence not included in the indebtedness disclosure
- Principal amount represents outstanding balance of borrowings as reported in financial statements as of the beginning and end of the financial year.
- Additions also include the effect of exchange rate fluctuation and net change in interest accrued but not due between the beginning of financial year and the end of financial year.
- In terms of RBI circular no. FMRD.DIRD.10/14.03.002/2015-16 dated 19th May 2016, repo transactions with RBI under LAF/MSF are accounted for as borrowing as against the earlier practice of including the same under Investments. Accordingly indebtedness at the beginning of the financial year have been reclassified to conform to current period's classification.

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

(As prescribed under Section 135 of the Companies Act, 2013 and the Companies (Corporate Social Responsibility Policy) Rules 2014)

1. A brief outline of the Company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programs.

The Bank has formulated and adopted a Corporate Social Responsibility (CSR) Policy in compliance with the provisions of Section 135 of the Companies Act, 2013 and the same has been uploaded on the Bank's website and the web-link for the same is <https://www.axisbank.com/csr>.

The primary purpose of the Bank's CSR philosophy is to make a meaningful and measurable impact in the lives of economically, physically and socially challenged communities of the country through an integrated approach of development which focuses on creating sustainable livelihood, promoting education and skills development, creating awareness amongst public at large on public interest topics including financial literacy, facilitating and providing access to formal banking channels for excluded sections, promoting environmental sustainability and supporting health and sanitation initiatives.

The CSR activities are pursued through various initiatives undertaken directly by the Bank or through Axis Bank Foundation (ABF) or through any other Trusts or agencies and entities as deemed suitable by the CSR Committee. The Bank also leverages its geographical spread to undertake such initiatives.

Set up as a Public Charitable Trust in 2006, Axis Bank Foundation (ABF) is the Corporate Social Responsibility (CSR) arm of Axis Bank Ltd. It complements the activities being carried out by the Bank under its CSR Policy with sharper focus on creating Sustainable Livelihood. ABF has set an ambitious target of creating 1 million livelihoods by 2017 end. Partnering with close to 100 NGOs across the length and breadth of India since it was set up, ABF has impacted 10.81 lac beneficiaries across the focus areas as on 31st March 2017 and created 9.12 lac livelihoods. A key differentiator of ABF programs is the integration of social, economic and ecological sustainability aspects in the design of the programs. Economic sustainability is achieved through livelihood planning that comprises of risk mitigation, productivity enhancing approaches, linkages with finance and markets; social security is achieved through promotion of self-help groups as tools for empowerment and creating collectives that steer the agenda forward; and ecological sustainability is maintained and enhanced through natural resource management which include soil and water management and planning of suitable livelihood activities. This holistic approach of ABF programs helps in creating a multiplier effect in enhancing the quality of livelihoods, empowering women and contributing to environmental sustainability. Extending this holistic approach for community development, ABF has joined the Government of Maharashtra's "Village Social Transformation Mission" as a founding partner. The mission aims to reform the conditions in over 1000 villages worst affected by drought and other social challenges and convert them into Model Villages. This model will then be scaled across the state. This Mission is a collaborative effort with the private sector which will provide both financial and technical support to the Mission. This Mission, a collaborative effort of the Government and private sector, will converge the Government efforts with activities undertaken by Corporates under the CSR programs which will provide both financial and technical support to the Mission. An illustrative list of various programs and activities supported by ABF can be accessed at www.axisbankfoundation.org

The activities directly undertaken by the Bank focus on poverty alleviation, rural development through promoting financial literacy and enabling financial inclusion, environmental sustainability, education and skill development. During the year, the country witnessed a significant economic reform aimed at guiding India to become a less-cash society through a multi-pronged approach of the Government of India. The Bank has re-focused its financial literacy and inclusion activities to help public at large understand and make a transition to digital and alternate channels of transactions. These measures in alignment with Government's JAM (Jan Dhan – Aadhar – Mobile) vision have immense potential to help people, especially those currently excluded from formal banking channels to access financial solutions, increase savings, improve livelihood earnings through access to micro-credit, gain access to Government schemes, and thus contribute to reduction of economic and social inequalities, create a more transparent and inclusive model of economic participation leading to common good. The Bank recognizes that MSME sector is a vital component of economic growth and job creation which is also a priority focus area of the Government under programs such as 'Make in India', 'Skill India', 'Startup India' etc. Through knowledge sharing programs, the Bank provides a platform for MSMEs to gain knowledge on topics related to the sector growth and future opportunities. The Bank also supports programs to contribute to entrepreneurial skill development by providing a platform for promising start-ups to be mentored by industry leaders. Environmental sustainability is another key focus area for the Bank.

ANNUAL REPORT ON CSR ACTIVITIES (CONT.)

ABF as part of its sustainable livelihood programs supports promotion and sustenance of rural livelihoods in the rain-fed regions of the country. During the year, ABF organized its 2nd Annual Conference at Mumbai in December 2016. The theme of the conference was, 'Rural Livelihood and Sustainability'. The conference serves as an industry platform that encourages open discussions on topics of relevance on rural livelihoods and its sustainability. The conference featured several thematic focused discussions that included – a Round Table on Water Conservation and Security, a debate on 'Sustainability of the Development Sector – Grant Funding or Impact Investing', panel discussions on 'Combatting Agrarian Distress' and 'Rural Innovation' with panelists from India and abroad. The conference included keynote speeches by Dr. Tushaar Shah, Senior Fellow in the International Water Management Institute and Dr. Anil K Gupta, Professor at the Centre for Management in Agriculture, Indian Institute of Management, Ahmedabad and founder of Honey Bee Network. The conference was attended by ABF's partner NGOs, thought leaders from social sectors, development sector professionals and practitioners, academics, students and media.

During the event, ABF also released a research paper titled 'Water- The Lifeline of Rural Livelihood' based on its projects on water security and its influence on livelihoods. The report emphasizes the heavy dependence on water as a basic necessity for rural livelihoods, agriculture being the predominant occupation. The research report is a compilation of case studies of ABF supported projects on water security and sustainable livelihood, 60% of agriculture being dependent on rainfall makes water-conservation critical for livelihood and consequently food security of the rural population. The report demonstrates various models of water-conservation, security and access along with critical findings regarding impact and challenges. Various water conservation structures have been implemented depending on climate and topographical features of those locations. This has seen increase in land under cultivation thereby increase in crop production cascading to increase in income. This has consequently led to acquiring household and other income generating assets and promotion of savings and credit groups. The interventions and solutions discussed in the report essentially focus on the benefits for the poor, vulnerable and marginalized sections of the society.

The members of the CSR Committee of the Bank and Senior Management of the Bank closely monitor the CSR agenda. Periodic review of CSR programs is conducted at the Board level through the CSR Committee. The members of the CSR Committee and Bank's Senior Management also conduct annual field visits and interactions with beneficiaries to gain first-hand perspective of the programs and impacts created. During the year, they visited the ABF program run in partnership with Dilasa Santha in Yavatmal District, Maharashtra to understand various livelihood interventions of ABF in the region.

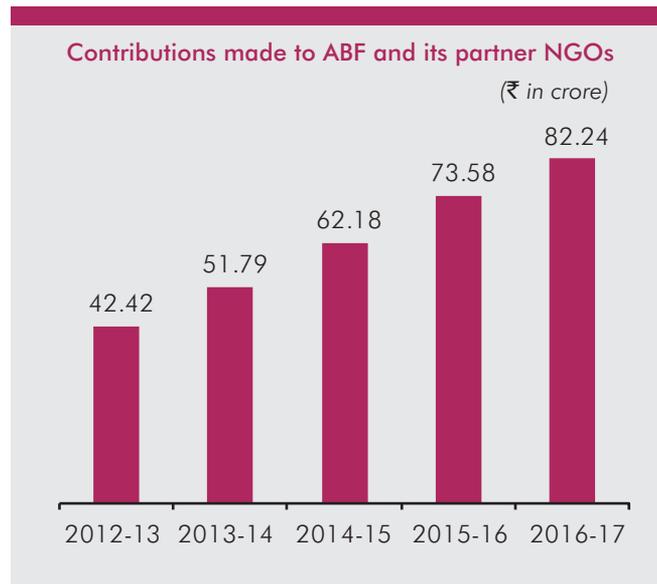

During the year, the Bank was rewarded by the 'CII Sustainability Domain (Corporate Social Responsibility) Excellence Award' in recognition of its CSR efforts and impacts created. The Bank also was recognized as 'Socially Aware Corporate of the Year' at Business Standard's Corporate Social Responsibility Awards, 2016 for the impacts created by ABF's livelihood programs over the past decade. The Bank is humbled by such recognitions which further make the Bank's resolve stronger to continue to positively impact the society through its community programs.

As a responsible corporate citizen, the Bank has been playing an active role in community development even before Corporate Social Responsibility (CSR) was included in the Companies Act, 2013. In 2006, the Bank had set-up a Trust – the Axis Bank Foundation (ABF) to channel its social investments and has since been contributing one percent of its previous year's net profit

to the ABF and its partner NGOs. The Bank has made cumulative contributions of ₹411.50 crore till date to ABF and its partner NGOs. ABF activities are spread across 221 districts in 21 states across the country addressing needs of the underprivileged sections of society, especially in the area of creating sustainable livelihoods. During the year, the activities of ABF have reached out to additional 2.67 lacs beneficiaries, taking the cumulative count of beneficiaries to 10.81 lacs. ABF also recognizes the need to enhance the capacity and capability of partner NGOs to continue to deliver community benefits. In the past two years, various engagements with NGO partners were conducted. ABF has put in place a Grant Management System to ensure a robust and consistent selection, monitoring and evaluation processes. A comprehensive Financial Audit rating tool is designed for NGO partners which helps them enhance their efficiency and improve transparency. ABF provides on-going support to its NGO partners towards building their capability and capacity. ABF also has come out with a CSR Process Manual which is a compendium of best practices followed by ABF and has made it available for free on its website for other organisations to adopt such best practices. The Bank launched a programme to identify more partners who can deliver impactful interventions, which would help scale up our efforts.

The Bank also identified new opportunities during the year in the programs undertaken by it in the fields of poverty alleviation, rural development through promoting financial literacy and enabling financial inclusion, environmental sustainability, education and skill development. As the country ushered into a new era of less-cash society through Government's focus on digital economy, the Bank bolstered its financial literacy and inclusion activities to enable people, especially rural populace to make a transition to digital way of transactions.

During the year 2016-17, the Bank has spent ₹135.39 crore on various CSR activities, which is equivalent to 1.38% of its average net profits of the last three financial years. The Bank believes in investing in impactful programs that are aligned to long term objectives of the Bank as detailed in the Bank's CSR Policy and also leverages the nation-wide branch network of the Bank towards CSR programs. However, during the year some of the planned CSR programs were realigned to support the Government of India's laudable efforts towards creating a less-cash society, which resulted in less than estimated utilization of funds for some programs. As the Government efforts expand in this direction, the Bank will also scale up its activities towards this endeavor. The Bank remains committed to continually exploring new opportunities, which align to its CSR philosophy and create maximum impact and incrementally invest in CSR activities to spend the prescribed CSR amount in the subsequent years. ABF is also in the process of creating a new mission for its community development agenda as it is on course to achieve its earlier mission of creating **1 million livelihoods by December 2017**. This will also help the Bank to strategically plan for incremental investments in meaningful CSR programs which leverage both ABF and the Bank resources and geographical outreach.

7. The CSR Committee of the Board of Directors hereby confirms that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and the CSR Policy of the Bank.

INDEPENDENT AUDITOR'S REPORT

To the Members of Axis Bank Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Axis Bank Limited (the "Bank"), which comprise the Balance Sheet as at 31 March, 2017, the Profit and Loss Account and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and notes to the financial statements.

Management's Responsibility for the Financial Statements

The Bank's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016, provision of section 29 of the Banking Regulation Act, 1949 and the circulars, guidelines and directions issued by Reserve Bank of India ("RBI") from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Bank's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Bank's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements together with the notes give the information required by the Banking Regulation Act, 1949 as well as the Act, in the manner so required for banking companies and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Bank as at 31 March, 2017, its profit, and its profit and cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 read with Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016.

2. As required sub section (3) of section 30 of the Banking Regulation Act, 1949, we report that:
- (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;
 - (b) The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - (c) The financial accounting systems of the Bank are centralised and therefore, accounting returns for the purpose of preparing financial statements are not required to be submitted by the branches; we have visited 220 branches for the purpose of our audit.
3. Further, as required by section 143 (3) of the Companies Act, 2013, we further report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Profit and Loss Account and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016;
 - (e) On the basis of written representations received from the directors as on 31 March, 2017, and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2017, from being appointed as a director in terms of section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Bank and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1" to this report;
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Bank has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Schedule 12.1 and 18.1.2.15 (a) to the standalone financial statements;
 - ii. The Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 18.1.2.15 (b) to the standalone financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Bank;
 - iv. As per books of accounts of the Bank and represented by the management, the disclosure requirement as envisaged in Notification G.S.R 308(E) dated 30 March, 2017 is not applicable to the Bank - Refer Note 18.1.2.16 to the standalone financial statements.

INDEPENDENT AUDITOR'S REPORT (CONT.)

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF AXIS BANK LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Axis Bank Limited

We have audited the internal financial controls over financial reporting of Axis Bank Limited ("the Bank") as of 31 March, 2017 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Bank's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013; in so far as they apply to the Bank and the Guidelines issued by the Reserve Bank of India.

Auditor's Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Bank's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Bank's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorisations of management and directors of the Bank; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Bank has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2017, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

17. SIGNIFICANT ACCOUNTING POLICIES

for the year ended 31 March, 2017

1 Background

Axis Bank Limited ('the Bank') was incorporated in 1993 and provides a complete suite of corporate and retail banking products. The Bank is primarily governed by the Banking Regulation Act, 1949. The Bank has overseas branches at Singapore, Hong Kong, DIFC - Dubai, Shanghai and Colombo

2 Basis of preparation

The financial statements have been prepared and presented under the historical cost convention on the accrual basis of accounting in accordance with the generally accepted accounting principles in India to comply with the statutory requirements prescribed under the Banking Regulation Act, 1949, the circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time and the Accounting Standards notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 to the extent applicable and practices generally prevalent in the banking industry in India.

3 Use of estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, revenues and expenses during the reporting period and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Any revisions to the accounting estimates are recognised prospectively in the current and future periods.

4 Changes in accounting policies

4.1 Mark-to-market gain or loss on derivatives and foreign exchange contracts

In terms of the guidance note issued by ICAI on "Accounting for Derivative Contracts", the Bank has presented mark-to-market gain or loss on derivatives and foreign exchange contracts on a gross basis as against the erstwhile practice of presenting the same on a net basis under other assets and other liabilities. Previous year figures have been regrouped and reclassified to conform to current year's classification. The aforesaid change has no impact on the profit of the Bank for the year ended 31 March, 2017.

4.2 Repurchase and reverse repurchase transactions with RBI under Liquidity Adjustment Facility/ Marginal Standing Facility

In terms of RBI circular no. FMRD.DIRD.10/14.03.002/2015-16 dated 19 May, 2016, repurchase and reverse repurchase transactions with RBI under Liquidity Adjustment Facility/Marginal Standing Facility are accounted for as borrowing and lending respectively as against the earlier practice of including the same under investments. Previous year figures have been regrouped and reclassified to conform to current year's classification. The aforesaid change has no impact on the profit of the Bank for the year ended 31 March, 2017.

5 Significant accounting policies

5.1 Investments

Classification

In accordance with the RBI guidelines, investments are classified at the time of purchase as:

- Held for Trading ('HFT');
- Available for Sale ('AFS'); and
- Held to Maturity ('HTM').

Investments that are held principally for sale within a short period are classified as HFT securities. As per the RBI guidelines, HFT securities, which remain unsold for a period of 90 days are reclassified as AFS securities.

Investments that the Bank intends to hold till maturity are classified under the HTM category. Investments in the equity of subsidiaries/joint ventures are categorised as HTM in accordance with the RBI guidelines.

All other investments are classified as AFS securities.

SIGNIFICANT ACCOUNTING POLICIES (CONT.)

However, for disclosure in the Balance Sheet, investments in India are classified under six categories - Government Securities, Other approved securities, Shares, Debentures and Bonds, Investment in Subsidiaries/Joint Ventures and Others.

Investments made outside India are classified under three categories – Government Securities, Subsidiaries and/or Joint Ventures abroad and Others.

Transfer of security between categories

Transfer of security between categories of investments is accounted as per the RBI guidelines.

Acquisition cost

Costs including brokerage and commission pertaining to investments, paid at the time of acquisition, are charged to the Profit and Loss Account.

Broken period interest is charged to the Profit and Loss Account.

Cost of investments is computed based on the weighted average cost method.

Valuation

Investments classified under the HTM category are carried at acquisition cost unless it is more than the face value, in which case the premium is amortised over the period remaining to maturity on a constant yield to maturity basis. In terms of RBI guidelines, discount on securities held under HTM category is not accrued and such securities are held at the acquisition cost till maturity.

Investments classified under the AFS and HFT categories are marked to market. The market/fair value of quoted investments included in the 'AFS' and 'HFT' categories is the market price of the scrip as available from the trades/quotes on the stock exchanges or prices declared by Primary Dealers Association of India ('PDAI') jointly with Fixed Income Money Market and Derivatives Association of India ('FIMMDA'), periodically. Net depreciation, if any, within each category of each investment classification is recognised in the Profit and Loss Account. The net appreciation if any, under each category of each investment classification is ignored. The depreciation on securities acquired by way of conversion of outstanding loans is provided in accordance with the RBI guidelines. The book value of individual securities is not changed consequent to the periodic valuation of investments. Non-performing investments are identified and provision is made thereon as per RBI guidelines.

Treasury Bills, Exchange Funded Bills, Commercial Paper and Certificate of Deposits being discounted instruments, are valued at carrying cost.

Units of mutual funds are valued at the latest repurchase price/net asset value declared by the mutual fund.

Market value of investments where current quotations are not available, is determined as per the norms prescribed by the RBI as under:

- in case of unquoted bonds, debentures and preference shares where interest/dividend is received regularly (i.e. not overdue beyond 90 days), the market price is derived based on the YTM for Government Securities as published by FIMMDA/PDAI and suitably marked up for credit risk applicable to the credit rating of the instrument. The matrix for credit risk mark-up for each categories and credit ratings along with residual maturity issued by FIMMDA is adopted for this purpose;
- in case of bonds and debentures (including Pass Through Certificates) where interest is not received regularly (i.e. overdue beyond 90 days), the valuation is in accordance with prudential norms for provisioning as prescribed by RBI;
- equity shares, for which current quotations are not available or where the shares are not quoted on the stock exchanges, are valued at break-up value (without considering revaluation reserves, if any) which is ascertained from the company's latest Balance Sheet. In case the latest Balance Sheet is not available, the shares are valued at Re 1 per company;
- units of Venture Capital Funds ('VCF') held under AFS category where current quotations are not available are marked to market based on the Net Asset Value ('NAV') shown by VCF as per the latest audited financials of the fund. In case the audited financials are not available for a period beyond 18 months, the investments are valued at Re 1 per VCF. Investment in unquoted VCF after 23 August, 2006 are categorised under HTM category for the initial period of three years and valued at cost as per RBI guidelines and
- security receipts are valued as per the NAV obtained from the issuing Reconstruction Company/Securitisation Company.

Investments in subsidiaries/joint ventures are categorised as HTM and assessed for impairment to determine permanent diminution, if any, in accordance with the RBI guidelines.

Realised gains on investments under the HTM category are recognised in the Profit and Loss Account and subsequently appropriated to Capital Reserve account (net of taxes and transfer to statutory reserves) in accordance with the RBI guidelines. Losses are recognised in the Profit and Loss Account. Realised gains/losses on investments under the AFS and HFT category are recognised in the Profit and Loss Account.

All investments are accounted for on settlement date, except investments in equity shares which are accounted for on trade date.

Repurchase and reverse repurchase transactions

Repurchase and reverse repurchase transactions in government securities and corporate debt securities including those conducted under the Liquidity Adjustment Facility ('LAF') and Marginal Standby Facility ('MSF') with RBI are accounted as collateralised borrowing and lending respectively.

Short Sales

In accordance with the RBI guidelines, the Bank undertakes short sale transactions in Central Government dated securities. The short positions are reflected in 'Securities Short Sold ('SSS') A/c', specifically created for this purpose. Such short positions are categorised under HFT category and netted off from investments in the Balance Sheet. These positions are marked-to-market along with the other securities under HFT portfolio and the resultant mark-to-market gains/losses are accounted for as per the relevant RBI guidelines for valuation of investments discussed earlier.

5.2 Advances

Advances are classified into performing and non-performing advances ('NPAs') as per the RBI guidelines and are stated net of bills rediscounted, inter-bank participation certificates, specific provisions made towards NPAs, interest in suspense for NPAs, claims received from Export Credit Guarantee Corporation, provisions for funded interest on term loan classified as NPAs, provisions in lieu of diminution in the fair value of restructured assets and floating provisions.

NPAs are classified into sub-standard, doubtful and loss assets based on the criteria stipulated by the RBI. Advances held at the overseas branches that are identified as impaired as per host country regulations for reasons other than record of recovery, but which are standard as per the RBI guidelines, are classified as NPAs to the extent of amount outstanding in the host country. Provisions for NPAs are made for sub-standard and doubtful assets at rates as prescribed by the RBI with the exception for agriculture advances and schematic retail advances. In respect of schematic retail advances, provisions are made in terms of a bucket-wise policy upon reaching specified stages of delinquency (90 days or more of delinquency) under each type of loan, which satisfies the RBI prudential norms on provisioning. Provisions in respect of agriculture advances classified into sub-standard and doubtful assets are made at rates which are higher than those prescribed by the RBI. Provisions for advances booked in overseas branches, which are standard as per the RBI guidelines but are classified as NPAs based on host country guidelines, are made as per the host country regulations.

In addition to the above, the Bank on a prudential basis, makes provision for expected losses against advances or other exposures to specific assets/industry/sector either on a case-by-case basis or for a group of assets, based on specific information or general economic environment. These are classified as contingent provision and included under Schedule 5 - Other Liabilities in the Balance Sheet.

Loss assets and unsecured portion of doubtful assets are provided/written off as per the extant RBI guidelines.

Amounts recovered against debts written off are recognised in the Profit and Loss account.

For restructured/rescheduled assets, provision is made in accordance with the guidelines issued by RBI, which requires the diminution in the fair value of the assets to be provided at the time of restructuring.

The Bank makes provision in accordance with the RBI guidelines, on assets subjected to Strategic Debt Restructuring (SDR) scheme and Scheme for Sustainable Structuring of Stressed Asset (S4A).

For entities with Unhedged Foreign Currency Exposure (UFCE), provision is made in accordance with the guidelines issued by RBI, which requires to ascertain the amount of UFCE, estimate the extent of likely loss and estimate the riskiness of unhedged position. This provision is classified under Schedule 5 – Other Liabilities in the Balance Sheet.

The Bank maintains a general provision on standard advances at the rates prescribed by RBI. In case of overseas branches, general provision on standard advances is maintained at the higher of the levels stipulated by the respective overseas regulator or RBI.

Under its home loan portfolio, the Bank offers housing loans with certain features involving waiver of Equated Monthly Installments ('EMIs') of a specific period subject to fulfilment of a set of conditions by the borrower. The Bank makes provision on an estimated basis against the probable loss that could be incurred in future on account of waivers to eligible borrowers in respect of such loans. This provision is classified under Schedule 5 – Other Liabilities in the Balance Sheet.

SIGNIFICANT ACCOUNTING POLICIES (CONT.)

5.3 Country risk

In addition to the provisions required to be held according to the asset classification status, provisions are held for individual country exposure (other than for home country as per the RBI guidelines). The countries are categorised into seven risk categories namely insignificant, low, moderate, high, very high, restricted and off-credit and provision is made on exposures exceeding 180 days on a graded scale ranging from 0.25% to 100%. For exposures with contractual maturity of less than 180 days, 25% of the normal provision requirement is held. If the net funded exposure of the Bank in respect of each country does not exceed 1% of the total assets, no provision is maintained on such country exposure.

5.4 Securitisation

The Bank enters into purchase/sale of corporate and retail loans through direct assignment/Special Purpose Vehicle ('SPV'). In most cases, post securitisation, the Bank continues to service the loans transferred to the assignee/SPV. The Bank also provides credit enhancement in the form of cash collaterals and/or by subordination of cash flows to Senior Pass Through Certificate ('PTC') holders. In respect of credit enhancements provided or recourse obligations (projected delinquencies, future servicing etc.) accepted by the Bank, appropriate provision/disclosure is made at the time of sale in accordance with AS-29, Provisions, Contingent Liabilities and Contingent Assets as notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016.

In accordance with RBI guidelines of 7 May, 2012, on 'Guidelines on Securitisation of Standard Assets', gain on securitisation transaction is recognised over the period of the underlying securities issued by the SPV as prescribed under RBI guidelines. Loss on securitisation is immediately debited to the Profit and Loss Account.

5.5 Foreign currency transactions

In respect of domestic operations, transactions denominated in foreign currencies are accounted for at the rates prevailing on the date of the transaction. Monetary foreign currency assets and liabilities are translated at the Balance Sheet date at rates notified by Foreign Exchange Dealers Association of India ('FEDAI'). All profits/losses resulting from year end revaluations are recognised in the Profit and Loss Account.

Financial statements of foreign branches classified as non-integral foreign operations as per the RBI guidelines are translated as follows:

- Assets and liabilities (both monetary and non-monetary as well as contingent liabilities) are translated at closing exchange rates notified by FEDAI at the Balance Sheet date.
- Income and expenses are translated at the rates prevailing on the date of the transactions.
- All resulting exchange differences are accumulated in a separate 'Foreign Currency Translation Reserve' till the disposal of the net investments. Any realised gains or losses are recognised in the Profit and Loss Account.

Outstanding forward exchange contracts including tom/spot contracts (excluding currency swaps undertaken to hedge foreign currency assets/liabilities and funding swaps which are not revalued) are revalued at year end on PV basis by discounting the forward value till spot date and converting the FCY amount using the respective spot rates as notified by FEDAI. The resulting gains or losses on revaluation are included in the Profit and Loss Account in accordance with RBI/FEDAI guidelines.

Premium/discount on currency swaps undertaken to hedge foreign currency assets and liabilities and funding swaps is recognised as interest income/expense and is amortised on a pro-rata basis over the underlying swap period.

Contingent liabilities on account of forward exchange and derivative contracts, guarantees, acceptances, endorsements and other obligations denominated in foreign currencies are disclosed at closing rates of exchange notified by FEDAI.

5.6 Derivative transactions

Derivative transactions comprise of forward contracts, swaps and options which are disclosed as contingent liabilities. The forwards, swaps and options are categorised as trading or hedge transactions. Trading derivative contracts are revalued at the Balance Sheet date with the resulting unrealised gain or loss being recognised in the Profit and Loss Account and correspondingly in other assets (representing positive Mark to Market) and in other liabilities (representing negative Mark to Market (MTM)) on a gross basis. For hedge transactions, the Bank identifies the hedged item (asset or liability) at the inception of transaction itself. The effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. Hedge swaps are accounted for on accrual basis except in case of swaps designated with an asset or liability that is carried at market value or lower of cost or market value in the financial statements. In such cases the swaps are marked to market with the resulting gain or loss recorded as an adjustment to the market value of designated asset or liability. The premium on option contracts is accounted for as per FEDAI guidelines. Pursuant to the RBI guidelines any receivables under derivative contracts comprising of crystallised receivables as well as positive Mark to Market (MTM) in respect of future receivables which remain overdue for more than 90 days are reversed through the Profit and Loss account and are held in separate Suspense Account.

Currency futures contracts are marked to market using daily settlement price on a trading day, which is the closing price of the respective futures contracts on that day. While the daily settlement price is computed based on the last half an hour weighted average price of such contract, the final settlement price is taken as the RBI reference rate on the last trading day of the futures contract or as may be specified by the relevant authority from time to time. All open positions are marked to market based on the settlement price and the resultant marked to market profit/loss is daily settled with the exchange.

Valuation of Exchange Traded Currency Options (ETCO) is carried out on the basis of the daily settlement price of each individual option provided by the exchange and valuation of Interest Rate Futures (IRF) is carried out on the basis of the daily settlement price of each contract provided by the exchange.

5.7 Revenue recognition

Interest income is recognised on an accrual basis in accordance with AS-9, Revenue Recognition as notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014, the Companies (Accounting Standards) Amendment Rules, 2016 and the RBI guidelines, except in the case of interest income on non-performing assets and loans under Strategic Debt Restructuring (SDR) scheme and Scheme for Sustainable Structuring of Stressed Asset (S4A) of RBI, where it is recognised on receipt basis if overdue for more than 90 days. Income on non-coupon bearing discounted instruments or low-coupon bearing instruments is recognised over the tenor of the instrument on a constant yield basis.

Guarantee commission is recognized on a pro-rata basis over the period of the guarantee. Locker rent and annual fees for credit cards are recognised on a straight-line basis over the period of contract. Arrangership/syndication fee is accounted for on completion of the agreed service and when right to receive is established. Other fees and commission income are recognised when due.

Dividend is accounted on an accrual basis when the right to receive the dividend is established.

Gain/loss on sell down of loans and advances through direct assignment is recognised at the time of sale.

In accordance with RBI guidelines on sale of non-performing advances, if the sale is at a price below the net book value (i.e. book value less provisions held), the shortfall is charged to the Profit and Loss Account. If the sale is for a value higher than the net book value, the excess provision is credited to the Profit and Loss Account in the year the amounts are received.

The Bank deals in bullion business on a consignment basis. The difference between the price recovered from customers and cost of bullion is accounted for at the time of sale to the customers. The Bank also deals in bullion on a borrowing and lending basis and the interest paid/received is accounted on an accrual basis.

5.8 Fixed assets and depreciation/impairment

Fixed assets are carried at cost of acquisition less accumulated depreciation and impairment, if any. Cost includes initial handling and delivery charges, duties, taxes and incidental expenses related to the acquisition and installation of the asset.

Capital work-in-progress includes cost of fixed assets that are not ready for their intended use and also includes advances paid to acquire fixed assets.

Depreciation is provided over the estimated useful life of a fixed asset on the straight-line method from the date of addition. The management believes that depreciation rates currently used, fairly reflect its estimate of the useful lives and residual values of fixed assets, though these rates in certain cases are different from lives prescribed under Schedule II of Companies Act, 2013.

Asset	Estimated useful life
Owned premises	60 years
Computer hardware including printers	3 years
Application software	5 years
Vehicles	4 years
EPABX, telephone instruments	8 years
CCTV and video conferencing equipment	3 years
Mobile phone	2 years
Locker cabinets/cash safe/strong room door	10 years
Modem, scanner, routers, hubs, switches, racks/cabinets for IT equipment	5 years
UPS, VSAT, fax machines	5 years
Cheque book/cheque encoder, currency counting machine, fake note detector	5 years
Assets at staff residence	3 years
All other fixed assets	10 years

Depreciation on assets sold during the year is recognised on a pro-rata basis to the Profit and Loss Account till the date of sale.

SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Profit on sale of premises is appropriated to Capital Reserve account (net of taxes and transfer to statutory reserve) in accordance with RBI instructions.

The carrying amounts of assets are reviewed at each Balance Sheet date to ascertain if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

5.9 Lease transactions

Leases where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term are classified as operating lease. Lease payments for assets taken on operating lease are recognised as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

5.10 Retirement and other employee benefits

Provident Fund

Retirement benefit in the form of provident fund is a defined benefit plan wherein the contributions are charged to the Profit and Loss Account of the year when the contributions to the fund are due and when services are rendered by the employees. Further, an actuarial valuation is conducted by an independent actuary using the Projected Unit Credit Method as at 31 March each year to determine the deficiency, if any, in the interest payable on the contributions as compared to the interest liability as per the statutory rate.

Gratuity

The Bank contributes towards gratuity fund (defined benefit retirement plan) administered by various insurers for eligible employees. Under this scheme, the settlement obligations remain with the Bank, although various insurers administer the scheme and determine the contribution premium required to be paid by the Bank. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's salary and the years of employment with the Bank. Liability with regard to gratuity fund is accrued based on actuarial valuation conducted by an independent actuary using the Projected Unit Credit Method as at 31 March each year. In respect of employees at overseas branches (other than expatriates) liability with regard to gratuity is provided on the basis of a prescribed method as per local laws, wherever applicable.

Compensated Absences

Short term compensated absences are provided for based on estimates of encashment/availment of leave. The Bank provides long term compensated absences based on actuarial valuation conducted by an independent actuary. The actuarial valuation is carried out as per the Projected Unit Credit Method as at 31 March each year.

Actuarial gains/losses are immediately taken to the Profit and Loss Account and are not deferred.

Superannuation

Employees of the Bank are entitled to receive retirement benefits under the Bank's Superannuation scheme either under a cash-out option through salary or under a defined contribution plan. Through the defined contribution plan, the Bank contributes annually a specified sum of 10% of the employee's eligible annual basic salary to LIC, which undertakes to pay the lumpsum and annuity benefit payments pursuant to the scheme. Superannuation contributions are recognised in the Profit and Loss Account in the period in which they accrue.

5.11 Reward points

The Bank runs a loyalty program which seeks to recognize and reward customers based on their relationship with the Bank. Under the program, eligible customers are granted loyalty points redeemable in future, subject to certain conditions. In addition, the Bank continues to grant reward points in respect of certain credit cards (not covered under the loyalty program). The Bank estimates the probable redemption of such loyalty/reward points using an actuarial method at the Balance Sheet date by employing an independent actuary. Provision for the said reward points is then made based on the actuarial valuation report as furnished by the said independent actuary.

5.12 Taxation

Income tax expense is the aggregate amount of current tax and deferred tax charge. Current year taxes are determined in accordance with the relevant provisions of Income tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off assets against liabilities representing current tax and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws.

Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The impact of changes in the deferred tax assets and liabilities is recognised in the Profit and Loss Account.

Deferred tax assets are recognised and reassessed at each reporting date, based upon the Management's judgement as to whether realisation is considered as reasonably certain. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty supported by convincing evidence that such deferred tax asset can be realised against future profits.

5.13 Share issue expenses

Share issue expenses are adjusted from Share Premium Account in terms of Section 52 of the Companies Act, 2013.

5.14 Earnings per share

The Bank reports basic and diluted earnings per share in accordance with AS-20, Earnings per Share, as notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016. Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding at the year end except where the results are anti-dilutive.

5.15 Employee stock option scheme

The 2001 Employee Stock Option Scheme ('the Scheme') provides for grant of stock options on equity shares of the Bank to employees and Directors of the Bank and its subsidiaries. The Scheme is in accordance with the Securities and Exchange Board of India (SEBI) (Employees Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('the Guidelines'). These Guidelines have been repealed in the month of October, 2014 and were substituted by Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. The Scheme is in compliance with the said regulations. The Bank follows the intrinsic value method to account for its stock based employee compensation plans as per the Guidelines. Options are granted at an exercise price, which is equal to/less than the fair market price of the underlying equity shares. The excess of such fair market price over the exercise price of the options as at the grant date is recognised as a deferred compensation cost and amortised on a straight-line basis over the vesting period of such options.

The fair market price is the latest available closing price, prior to the date of grant, on the stock exchange on which the shares of the Bank are listed. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

5.16 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Bank has a present obligation as a result of past event where it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

A disclosure of contingent liability is made when there is:

- a possible obligation arising from a past event, the existence of which will be confirmed by occurrence or non-occurrence of one or more uncertain future events not within the control of the Bank; or
- a present obligation arising from a past event which is not recognised as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

5.17 Cash and cash equivalents

Cash and cash equivalents include cash in hand, balances with RBI, balances with other banks and money at call and short notice.

NOTES (CONT.)

1.1.31 Disclosure on risk exposure in Derivatives

Qualitative disclosures:**(a) Structure and organisation for management of risk in derivatives trading, the scope and nature of risk measurement, risk reporting and risk monitoring systems, policies for hedging and/or mitigating risk and strategies and processes for monitoring the continuing effectiveness of hedges/mitigants:**

Derivatives are financial instruments whose characteristics are derived from an underlying asset, or from interest and exchange rates or indices. The Bank undertakes over the counter and Exchange Traded derivative transactions for Balance Sheet management and also for proprietary trading/market making whereby the Bank offers derivative products to the customers to enable them to hedge their interest rate and currency risks within the prevalent regulatory guidelines.

Proprietary trading includes Interest Rate Futures, Currency Futures and Rupee Interest Rate Swaps under different benchmarks (viz. MIBOR, MIFOR and INBMK), and Currency Options. The Bank also undertakes transactions in Cross Currency Swaps, Principal Only Swaps, Coupon Only Swaps and Long Term Forex Contracts (LTFX) for hedging its Balance Sheet and also offers them to its customers. These transactions expose the Bank to various risks, primarily credit, market, legal, reputation and operational risk. The Bank has adopted the following mechanism for managing risks arising out of the derivative transactions.

There is a functional separation between the Treasury Front Office, Treasury Mid Office and Treasury Back Office to undertake derivative transactions. The derivative transactions are originated by Treasury Front Office, which ensures compliance with the trade origination requirements as per the Bank's policy and the RBI guidelines. The Market Risk Group within the Bank's Risk Department independently identifies measures and monitors the market risks associated with derivative transactions and apprises the Asset Liability Management Committee (ALCO) and the Risk Management Committee of the Board (RMC) on the compliance with the risk limits. The Treasury Back Office undertakes activities such as trade confirmation, settlement, ISDA documentation, accounting, valuation and other MIS reporting.

The derivative transactions are governed by the derivative policy, market risk management policy, hedging policy and the Asset Liability Management (ALM) policy of the Bank as well as by the extant RBI guidelines. The Bank has also implemented policy on customer suitability & appropriateness approved by the Board to ensure that derivatives transactions entered into are appropriate and suitable to the customer. The Bank has also put in place a detailed process flow on documentation for customer derivative transactions for effective management of operational risk/reputation risk.

Various risk limits are set up and actual exposures are monitored vis-à-vis the limits allocated. These limits are set up taking into account market volatility, risk appetite, business strategy and management experience. Risk limits are in place for risk parameters viz. PVO1, VaR, Stop Loss, Delta, Gamma and Vega. Actual positions are monitored against these limits on a daily basis and breaches, if any, are dealt with in accordance with board approved Risk Appetite Statement. Risk assessment of the portfolio is undertaken periodically. The Bank ensures that the Gross PVO1 (Price value of a basis point) position arising out of all non-option rupee derivative contracts are within 0.25% of net worth of the Bank as on Balance Sheet date.

Hedging transactions are undertaken by the Bank to protect the variability in the fair value or the cash flow of the underlying Balance Sheet item. These deals are accounted on an accrual basis except the swap designated with an asset/liability that is carried at market value or lower of cost or market value. In that case, the swap is marked to market with the resulting gain or loss recorded as an adjustment to the market value of designated asset or liability. These transactions are tested for hedge effectiveness and in case any transaction fails the test, the same is re-designated as a trading deal with the approval of the competent authority and appropriate accounting treatment is followed.

(b) Accounting policy for recording hedge and non-hedge transactions, recognition of income, premiums and discounts, valuation of outstanding contracts

The Hedging Policy approved by the RMC governs the use of derivatives for hedging purpose. Subject to the prevailing RBI guidelines, the Bank deals in derivatives for hedging fixed rate and floating rate coupon or foreign currency assets/liabilities. Transactions for hedging and market making purposes are recorded separately. For hedge transactions, the Bank identifies the hedged item (asset or liability) at the inception of the transaction itself. The effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. Hedge derivative transactions are accounted for in accordance with the hedge accounting principles. Derivatives for market making purpose are marked to market and the resulting gain/loss is recorded in the Profit and Loss Account. The premium on option contracts is accounted for as per FEDAI guidelines. Derivative transactions are covered under International Swaps

and Derivatives Association (ISDA) master agreements with respective counterparties. The exposure on account of derivative transactions is computed as per the RBI guidelines and is marked against the credit limits approved for the respective counterparties.

(c) Provisioning, collateral and credit risk mitigation

Derivative transactions comprise of swaps, FRAs, futures and options which are disclosed as contingent liabilities. Trading swaps/FRAs/futures/options are revalued at the Balance Sheet date with the resulting unrealised gain or loss being recognised in the Profit and Loss Account and correspondingly in other assets or other liabilities respectively. Hedged swaps are accounted for as per the RBI guidelines. In accordance with RBI guidelines, any receivables (crystallised receivables and positive MTM) under derivatives contracts, which remain overdue for more than 90 days, are reversed through the Profit and Loss Account and are held in a separate Suspense account.

Collateral requirements for derivative transactions are laid down as part of credit sanction terms on a case by case basis. Such collateral requirements are determined, based on usual credit appraisal process. The Bank retains the right to terminate transactions as a risk mitigation measure in certain cases.

The credit risk in respect of customer derivative transactions is sought to be mitigated through a laid down policy on sanction of Loan Equivalent Risk (LER) limits, monitoring mechanism for LER limits and trigger events for escalation/margin calls/termination.

NOTES (CONT.)

1.1.37 Disclosure on Remuneration

Qualitative disclosures

a) Information relating to the bodies that oversee remuneration:

❖ Name, composition and mandate of the main body overseeing remuneration:

The Nomination and Remuneration Committee of the Board oversees the framing, review and implementation of the compensation policy of the Bank on behalf of the Board. The Committee works in close co-ordination with the Risk Management Committee of the Bank, in order to achieve effective alignment between remuneration and risks.

As at 31 March, 2017, the Nomination and Remuneration Committee comprises of the following Non-Executive Directors:

1. Shri Prasad R. Menon - Chairman
2. Shri V. R. Kaundinya
3. Shri Rohit Bhagat
4. Shri Rakesh Makhija

In respect of Remuneration/HR matters, the Nomination and Remuneration Committee of the Board, functions with the following main objectives:

- a. Review and recommend to the Board for approval, the overall remuneration framework and associated policy of the Bank (including remuneration policy for Directors and key managerial personnel) including the level and structure of fixed pay, variable pay, perquisites, bonus pool, stock-based compensation and any other form of compensation as may be included from time to time to all the employees of the Bank including the Managing Director & CEO (MD & CEO), other Whole-Time Directors (WTD) and senior managers one level below the Board.
- b. Review and recommend to the Board for approval, the total increase in manpower cost budget of the Bank as a whole, at an aggregate level, for the next year.
- c. Recommend to the Board the compensation payable to the Chairman of the Bank.
- d. Review the Code of Conduct and HR strategy, policy and performance appraisal process within the Bank, as well as any fundamental changes in organization structure which could have wide ranging or high risk implications.
- e. Review and recommend to the Board for approval, the talent management and succession policy and process in the Bank for ensuring business continuity, especially at the level of MD & CEO, the other WTDs, senior managers one level below the Board and other key roles and their progression to the Board.
- f. Review and recommend to the Board for approval:
 - the creation of new positions one level below MD & CEO
 - appointments, promotions and exits of senior managers one level below the MD & CEO
- g. Set the goals, objectives and performance benchmarks for the Bank and for MD & CEO, the other WTDs for the financial year and over the medium to long term.
- h. Review the performance of the MD & CEO and other WTDs at the end of each year.
- i. Review organization health through feedback from employee surveys conducted on a regular basis.
- j. Perform such other duties as may be required to be done under any law, statute, rules, regulations etc. enacted by Government of India, Reserve Bank of India or by any other regulatory or statutory body.

❖ **External consultants whose advice has been sought, the body by which they were commissioned, and in what areas of the remuneration process:**

The Nomination and Remuneration Committee has commissioned McLagan Aon Hewitt, a globally renowned compensation benchmarking firm, to conduct market benchmarking of employee compensation. The Bank participates in the salary benchmarking survey conducted by Aon Hewitt every year. Aon Hewitt collects data from multiple private sector peer banks across functions, levels and roles which is then used by the Bank to assess market competitiveness of remuneration offered to Bank employees.

❖ **A description of the scope of the Bank's remuneration policy, including the extent to which it is applicable to foreign subsidiaries and branches:**

The Committee monitors the remuneration policy for both domestic and overseas branches of the Bank on behalf of the Board. However, it does not oversee the compensation policy for subsidiaries of the Bank.

❖ **A description of the type of employees covered and number of such employees:**

Employees are categorized into following three categories from remuneration structure and administration standpoint:

Category 1

MD & CEO and WTDs. This category includes 4 employees.

Category 2

All the employees in the Grade of Vice President and above engaged in the functions of Risk Control and Compliance. This category includes 31 employees.

Category 3: Other Staff

'Other Staff' has been defined as a "group of employees who pose a material risk". This category includes all the employees of the Bank in the grade of Executive Vice President (EVP) and above and also few other key business roles in case they are below the grade of Executive Vice President. This category includes 35 employees.

b) Information relating to the design and structure of remuneration processes:

❖ **An overview of the key features and objectives of remuneration policy:**

The compensation philosophy of the Bank aims to attract, retain and motivate professionals in order to enable the Bank to attain its strategic objectives and develop a strong performance culture in the competitive environment in which it operates. To achieve this, the following principles are adopted:

- Affordability: Pay to reflect productivity improvements to retain cost-income competitiveness
- Maintain competitiveness on fixed pay in talent market
- Pay for performance to drive meritocracy through variable pay
- Employee Stock Options for long-term value creation
- Benefits and perquisites to remain aligned with market practices and provide flexibility

Apart from the above, the compensation structure for MD & CEO and WTDs is aligned to RBI's guidelines for sound compensation practices (effective FY 2012-13) and addresses the general principles of:

- Effective and independent governance and monitoring of compensation
- Alignment of compensation with prudent risk-taking through well designed and consistent compensation structures
- Clear and timely disclosure to facilitate supervisory oversight by all stakeholders

Accordingly, the compensation policy for MD & CEO and WTDs seeks to:

- a) Ensure that the compensation, in terms of structure and total amount, is in line with the best practices, as well as competitive vis-à-vis that of peer banks

NOTES (CONT.)

- b) Establish the linkage of compensation with individual performance as well as achievement of the corporate objectives of the Bank
- c) Include a significant variable pay component tied to the achievement of pre-established objectives in line with Bank's scorecard while ensuring that the compensation is aligned with prudent risk taking
- d) Encourage attainment of long term shareholder returns through inclusion of equity linked long-term incentives as part of compensation

Compensation is structured in terms of fixed pay, variable pay and employee stock options (for selective employees), with the last two being highly contingent on employee performance. The compensation policy of the Bank is approved by the Nomination and Remuneration Committee. Additional approval from Shareholders and RBI is obtained specifically for compensation of MD & CEO and WTDs.

❖ **Whether the remuneration committee reviewed the firm's remuneration policy during the past year, and if so, an overview of any changes that were made:**

The Nomination and Remuneration committee reviews the Bank's remuneration policy every year. There were no major changes made in the remuneration policy during the year.

❖ **A discussion of how the Bank ensures that risk and compliance employees are remunerated independently of the businesses they oversee:**

The Bank ensures that risk and compliance employees are remunerated independently of the businesses they oversee and is guided by the individual employee performance. The remuneration is determined on the basis of relevant risk measures included in the Balanced Scorecard / key deliverables of staff in these functions. The parameters reviewed for performance based rewards are independent of performance of the business area they oversee and commensurate with their individual role in the Bank. Additionally, the ratio of fixed and variable compensation is weighed towards fixed compensation.

c) **Description of the ways in which current and future risks are taken into account in the remuneration processes:**

❖ **An overview of the key risks that the Bank takes into account when implementing remuneration measures:**

The business activity of the Bank is undertaken within the limits of the following risk measures to achieve the financial plan:

- NPA - net slippages
- Ratio of Risk Weighted Assets to Total Assets
- Liquidity Coverage Ratio

❖ **An overview of the nature and type of key measures used to take account of these risks, including risk difficult to measure:**

The Bank has a robust system of measuring and reviewing these risks. The risk parameters are a part of the Balanced Scorecard used for setting of performance objectives and for measuring performance which includes, besides financial performance, adherence to internal processes, compliance and people perspectives. Weightage is placed on not only financial or quantitative achievement of objectives but also on qualitative aspects detailing how the objectives were achieved.

❖ **A discussion of the ways in which these measures affect remuneration:**

The relevant risk measures are included in the scorecards of MD & CEO and WTDs. Inclusion of the above mentioned measures ensures that performance parameters are aligned to risk measures at the time of performance evaluation. The Nomination and Remuneration Committee takes into consideration all the above aspects while assessing organisational and individual performance and making compensation related recommendations to the Board.

- ❖ **A discussion of how the nature and type of these measures have changed over the past year and reasons for the changes, as well as the impact of changes on remuneration:**

During FY 2016-17, the risk measures were reviewed and no major changes were made to the performance parameters in the Balanced Scorecards.

d) Description of the ways in which the Bank seeks to link performance during a performance measurement period with levels of remuneration:

The Bank's performance management and compensation philosophies are structured to support the achievement of the Bank's on-going business objectives by rewarding achievement of objectives linked directly to its strategic business priorities. These strategic priorities are cascaded through annualized objectives to the employees.

The Bank follows the Balanced Scorecard approach in designing its performance management system. Adequate attention is given to the robust goal setting process to ensure alignment of individual objectives to support the achievement of business strategy, financial and non-financial goals across and through the organization. The non-financial goals for employees includes customer service, process improvement, adherence to risk and compliance norms, self-capability development and behaviours such as integrity and team management.

- ❖ **An overview of main performance metrics for Bank, top level business lines and individuals:**

The Bank follows a Balanced Scorecard approach for measuring performance for the Bank, top business lines and individuals. The approach broadly comprises financial, customer, internal processes, compliance and people perspectives and includes parameters on revenue and profitability, business growth, customer initiatives, operational efficiencies, regulatory compliance, risk management and people management.

- ❖ **A discussion of how amounts of individual remuneration are linked to the Bank-wide and individual performance:**

Performance appraisals are conducted annually and initiated by the employee with self-appraisal. The immediate supervisor reviews the appraisal ratings in a joint consultation meeting with the employee and assigns the performance rating. The final ratings are discussed by a Moderation Committee comprising of senior officials of the Bank. Both relative and absolute individual performances are considered for the moderation process. Individual fixed pay increases, variable pay and ESOPs are linked to the final performance ratings. In addition, the fixed pay increase is also influenced by an employee's position in the salary range.

- ❖ **A discussion of the measures the Bank will in general implement to adjust remuneration in the event that performance metrics are weak:**

In cases where the performance metrics are weak or not well defined to measure the performance effectively, the Bank uses discretion to reward such employees. The remuneration is then influenced by the performance of previous years and supervisor reviews.

Whilst determining fixed and variable remuneration, relevant risk measures are included in scorecards of senior employees. Identified risk parameters that are taken into account are as under:

- NPA – net slippages
- Ratio of Risk Weighted Assets to Total Assets
- Liquidity Coverage Ratio

As a prudent measure, a portion of variable pay if it exceeds a certain threshold is deferred and is paid proportionately over a period of 3 years. The deferred variable pay amount of reference year would be held back in case of any misrepresentation or gross inaccuracy resulting in a wrong risk assessment.

e) Description of the ways in which the Bank seeks to adjust remuneration to take account of the longer term performance:

- ❖ **A discussion of the Bank's policy on deferral and vesting of variable remuneration and, if the fraction of variable remuneration that is deferred differs across employees or groups of employees, a description of the factors that determine the fraction and their relative importance:**

The deferral of the Variable Pay for the three categories of employees as stated earlier is given below:

Category 1: MD & CEO and WTDs

Variable Pay will not exceed 70% of the Fixed Pay

To ensure that risk measures do not focus only on achieving short term goals, variable payout is deferred. If the variable pay exceeds 40% of fixed pay, 45% of the variable pay to be deferred proportionately over a period of three years.

NOTES (CONT.)

Category 2: All the employees in the Grade of Vice President and above engaged in the functions of Risk Control and Compliance

- Variable Pay will be paid on the basis of laid down risk control, compliance and process improvement parameters in the balanced scorecard / key deliverables of staff in this function
- The parameters will be independent of performance of the business area they oversee and will commensurate with their key role in the Bank
- The ratio of fixed and variable compensation will be weighed towards fixed compensation
- Percentage of variable pay to be capped at 70% of fixed pay
- Appropriate deferral structure as approved by the Nomination and Remuneration Committee will be applicable to this category of employees

Category 3: Other Staff

- Variable Pay will be paid on the basis of performance against key deliverables and overall business performance for the financial year
- Percentage of variable pay to be capped at 70% of fixed pay
- Appropriate deferral structure as approved by the Nomination and Remuneration Committee will be applicable to this category of employees

❖ A discussion of the Bank's policy and criteria for adjusting deferred remuneration before vesting and (if permitted by national law) after vesting through claw back arrangements:

The deferred portion of the variable pay may be delayed in the event of an enquiry determining gross negligence or breach of integrity. The deferred portion is withheld by the Bank till the completion of such enquiries, if any. As a result, no claw back arrangements are made on the deferred portion of the variable pay.

f) Description of the different forms of variable remuneration that the Bank utilizes and the rationale for using these different forms:

❖ An overview of the forms of variable remuneration offered:

- Variable Pay: Variable Pay is linked to corporate performance, business performance and individual performance and ensures differential pay based on the performance levels of employees
- Employee Stock Options (ESOPs): ESOPs are given to selective set of employees at senior levels based on their level of performance and role. ESOP scheme has an inbuilt deferred vesting design which helps in directing long term performance orientation among employees

❖ A discussion of the use of different forms of variable remuneration and, if the mix of different forms of variable remuneration differs across employees or group of employees, a description of the factors that determine the mix and their relative importance:

Variable pay in the form of performance based bonus is paid out annually and is linked to performance achievement against balanced performance measures and aligned with the principles of meritocracy. The proportion of variable pay in total pay shall be higher at senior management levels. The payment of all forms of variable pay is governed by the affordability of the Bank and based on profitability and cost income ratios. At senior management levels (and for certain employees with potential to cause material impact on risk exposure), a portion of variable compensation may be paid out in a deferred manner in order to drive prudent behaviour as well as long term & sustainable performance orientation. Long term variable pay is administered in the form of ESOPs with an objective of enabling employee participation in the business as an active stakeholder and to usher in an 'owner-manager' culture. The quantum of grant of stock options is determined and approved by the Nomination and Remuneration Committee, in terms of the said Regulations and in line with best practices, subject to the approval of RBI. The current ESOP design has an inbuilt deferral intended to spread and manage risk.

1.1.44 Unhedged Foreign Currency Exposure

The Bank's Corporate Credit Policy lays down the framework to manage credit risk arising out of unhedged foreign currency exposures of the borrowers. Both at the time of initial approval as well as subsequent reviews/renewals, the assessment of credit risk arising out of foreign currency exposure of the borrowers include details of imports, exports, repayments of foreign currency borrowings, as well as hedges done by the borrowers or naturally enjoyed by them vis-a-vis their intrinsic financial strength, history of hedging and losses arising out of foreign currency volatility. The extent of hedge/cover required on the total foreign currency exposure including natural hedge and hedged positions, is guided through a matrix of internal ratings. The hedging policy is applicable for existing as well as new clients with foreign currency exposures above a predefined threshold. The details of un-hedged foreign currency exposure of customers for transactions undertaken through the Bank are monitored periodically. The Bank also maintains additional provision and capital, in line with RBI guidelines.

During the year ended 31 March, 2017, there is a write back of ₹13.88 crores (previous year incremental provision of ₹1.62 crores) in provision for un-hedged foreign currency exposures. As on 31 March, 2017, the Bank held incremental capital of ₹300.05 crores (previous year ₹249.19 crores) towards borrowers having un-hedged foreign currency exposures.

NOTES (CONT.)

1.1.47 Disclosure on Liquidity Coverage Ratio

Qualitative disclosure

The Bank has adopted the Basel III framework on liquidity standards as prescribed by RBI and has put in place requisite systems and processes to enable periodical computation and reporting of the Liquidity Coverage Ratio (LCR). The mandated regulatory threshold as per the transition plan is embedded into the Risk Appetite Statement of the Bank thus subjecting LCR maintenance to Board oversight and periodical review. The Risk department computes the LCR and reports the same to the Asset Liability Management Committee (ALCO) every month for review as well as to the Risk Management Committee of the Board.

The Bank computes LCR on a daily basis and in accordance with RBI guidelines the quarterly disclosures of LCR commencing from March 2017 contains data on the simple average calculated on daily observations over a period of 90 days.

The Bank follows the criteria laid down by RBI for month-end calculation of High Quality Liquid Assets (HQLA), gross outflows and inflows within the next 30-day period. HQLA predominantly comprises Government securities viz. Treasury Bills, Central and State Government securities. A relatively smaller part of HQLA is accounted for by the corporate bonds rated AA- and above with mandated haircuts applied thereto.

The Bank monitors the concentration of funding sources from significant counterparties, significant instruments/products as part of the asset liability management framework. The Bank adheres to the regulatory and internal limits on Inter-bank liability and call money borrowings which form part of the ALM policy. The Bank's funding sources are fairly dispersed across sources and maturities.

Expected derivative cash outflows and inflows are calculated for outstanding contracts in accordance with laid down valuation methodologies. Cash flows, if any, from collaterals posted against derivatives are not considered.

The Bank monitors the LCR in US Dollar currency which qualifies as a significant currency for monitoring LCR as per RBI guidelines.

The liquidity risk management of the Bank is undertaken by the Asset Liability Management group in the Treasury in accordance with the Board approved policies and ALCO approved funding plans. The Risk department measures and monitors the liquidity profile of the Bank with reference to the Board approved limits, for both domestic as well as overseas operations, on a static as well as on a dynamic basis by using the gap analysis technique supplemented by monitoring of key liquidity ratios and periodical liquidity stress testing. Periodical reports are placed before the Bank's ALCO for perusal and review.

All significant outflows and inflows determined in accordance with RBI guidelines are included in the prescribed LCR computation template.

Fair Value Methodology

On applying the fair value based method in Guidance Note on 'Accounting for Employee Share-based Payments' the impact on reported net profit and EPS would be as follows:

	31 March, 2017	31 March, 2016
Net Profit (as reported) (₹ in crores)	3,679.28	8,223.66
Add: Stock based employee compensation expense included in net income (₹ in crores)	-	-
Less: Stock based employee compensation expense determined under fair value based method (proforma) (₹ in crores)	(101.47)	(103.06)
Net Profit (Proforma) (₹ in crores)	3,577.81	8,120.60
Earnings per share: Basic (in ₹)		
As reported	15.40	34.59
Proforma	14.97	34.16
Earnings per share: Diluted (in ₹)		
As reported	15.34	34.40
Proforma	14.92	33.98

The fair value of the options is estimated on the date of the grant using the Black-Scholes options pricing model, with the following assumptions:

	31 March, 2017	31 March, 2016
Dividend yield	1.29%	1.40%
Expected life	2.57-4.57 years	2.57-4.57 years
Risk free interest rate	7.15% to 7.39%	7.61% to 7.78%
Volatility	32.92% to 35.75%	34.85% to 36.51%

Volatility is the measure of the amount by which a price has fluctuated or is expected to fluctuate during a period. The measure of volatility used in the Black-Scholes options pricing model is the annualised standard deviation of the continuously compounded rates of return on the stock over a period of time. For calculating volatility, the daily volatility of the stock prices on the National Stock Exchange, over a period prior to the date of grant, corresponding with the expected life of the options has been considered.

The weighted average fair value of options granted during the year ended 31 March, 2017 is ₹153.66 (previous year ₹178.22).

1.2.5 Proposed Dividend

The Board of Directors, in their meeting held on 26 April, 2017 have proposed a final dividend of ₹5 per equity share amounting to ₹1,403.99 crores, inclusive of corporate dividend tax. The proposal is subject to the approval of shareholders at the Annual General Meeting. In terms of revised Accounting Standard (AS) 4 'Contingencies and Events occurring after the Balance sheet date' as notified by the Ministry of Corporate Affairs through amendments to Companies (Accounting Standards) Amendment Rules, 2016, dated 30 March, 2016, such proposed dividend has not been recognised as a liability as on 31 March, 2017.

Dividend paid during the year, represents dividend (₹5 per equity share) for the year ended 31 March, 2016 paid pursuant to approval of shareholders at Annual General Meeting held on 22 July, 2016.

1.2.6 Segmental reporting

The business of the Bank is divided into four segments: Treasury, Retail Banking, Corporate/Wholesale Banking and Other Banking Business. These segments have been identified based on the RBI's revised guidelines on Segment Reporting issued on 18 April, 2007 vide Circular No. DBOD.No.BPBC.81/21.04.018/2006-07. The principal activities of these segments are as under.

Segment	Principal Activities
Treasury	Treasury operations include investments in sovereign and corporate debt, equity and mutual funds, trading operations, derivative trading and foreign exchange operations on the proprietary account and for customers. The Treasury segment also includes the central funding unit.
Retail Banking	Constitutes lending to individuals/small businesses through the branch network and other delivery channels subject to the orientation, nature of product, granularity of the exposure and the quantum thereof. Retail Banking activities also include liability products, card services, internet banking, mobile banking, ATM services, depository, financial advisory services and NRI services.
Corporate/Wholesale Banking	Includes corporate relationships not included under Retail Banking, corporate advisory services, placements and syndication, project appraisals, capital market related services and cash management services.
Other Banking Business	Includes para banking activities like third party product distribution and other banking transactions not covered under any of the above three segments.

Revenues of the Treasury segment primarily consist of fees and gains or losses from trading operations and interest income on the investment portfolio. The principal expenses of the segment consist of interest expense on funds borrowed from external sources and other internal segments, premises expenses, personnel costs, other direct overheads and allocated expenses.

Revenues of the Corporate/Wholesale Banking segment consist of interest and fees earned on loans given to customers falling under this segment and fees arising from transaction services and merchant banking activities such as syndication and debenture trusteeship. Revenues of the Retail Banking segment are derived from interest earned on loans classified under this segment, fees for banking and advisory services, ATM interchange fees and cards products. Expenses of the Corporate/Wholesale Banking and Retail Banking segments primarily comprise interest expense on deposits and funds borrowed from other internal segments, infrastructure and premises expenses for operating the branch network and other delivery channels, personnel costs, other direct overheads and allocated expenses.

Segment income includes earnings from external customers and from funds transferred to the other segments. Segment result includes revenue as reduced by interest expense and operating expenses and provisions, if any, for that segment. Segment-wise income and expenses include certain allocations. Inter segment interest income and interest expense represent the transfer price received from and paid to the Central Funding Unit (CFU) respectively. For this purpose, the funds transfer pricing mechanism presently followed by the Bank, which is based on historical matched maturity and internal benchmarks, has been used. Operating expenses other than those directly attributable to segments are allocated to the segments based on an activity-based costing methodology. All activities in the Bank are segregated segment-wise and allocated to the respective segment.

The transactions with Promoters and Key Management Personnel excluding those under management contracts are in nature of the banker-customer relationship.

Details of transactions with Axis Mutual Fund and Axis Infrastructure Fund-I, the funds floated by Axis Asset Management Company Ltd. and Axis Private Equity Ltd., the Bank's subsidiaries have not been disclosed since these entities do not qualify as Related Parties as defined under the Accounting Standard 18, Related Party Disclosure, as notified under Section 2(2) and Section 133 of the Companies Act, 2013 and as per RBI guidelines.

* Upto 31 December, 2014, the Bank had entered into an arrangement with Axis Asset Management Company Ltd. (Axis AMC), the Bank's subsidiary, in terms of which payment of brokerage in respect of distribution of certain schemes is scheduled over the period of the schemes. This arrangement, however, has no effect on the accounting policy of the Bank, as such brokerage income is recognised by the Bank as and when the same is due. Other receivables include such brokerage recoverable from Axis AMC as on the reporting date.

- 31 to 44 (age in years)	10.00%	8.00%
- 45 to 59 (age in years)	5.00%	4.00%

The estimates of future salary increases considered in actuarial valuation take account of inflation, seniority, promotion and other relevant factors.

The expected rate of return on plan assets is based on the average long-term rate of return expected on investments of the Fund during the estimated term of the obligations.

As the contribution expected to be paid to the plan during the annual period beginning after the balance sheet date is based on various internal/external factors, a best estimate of the contribution is not determinable.

The above information is as certified by the actuary and relied upon by the auditors.

1.2.15 Description of contingent liabilities

- Claims against the Bank not acknowledged as debts

These represent claims filed against the Bank in the normal course of business relating to various legal cases currently in progress. These also include demands raised by income tax authorities and disputed by the Bank. Apart from claims assessed as possible, the Bank holds provision of ₹26.23 crores as on 31 March 2017 (previous year ₹25.67 crores) towards claims assessed as probable.

- Liability on account of forward exchange and derivative contracts

The Bank enters into foreign exchange contracts, currency options/swaps, interest rate/currency futures and forward rate agreements on its own account and for customers. Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest/principal in two currencies, based on ruling spot rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. Interest rate futures are standardised, exchange-traded contracts that represent a pledge to undertake a certain interest rate transaction at a specified price, on a specified future date. Forward rate agreements are agreements to pay or receive a certain sum based on a differential interest rate on a notional amount for an agreed period. A foreign currency option is an agreement between two parties in which one grants to the other the right to buy or sell a specified amount of currency at a specific price within a specified time period or at a specified future time. An Exchange Traded Currency Option contract is a standardised foreign exchange derivative contract, which gives the owner the right, but not the obligation, to exchange money denominated in one currency into another currency at a pre-agreed exchange rate on a specified date on the date of expiry. Currency Futures contract is a standardised, exchange-traded contract, to buy or sell a certain underlying currency at a certain date in the future, at a specified price.

- Guarantees given on behalf of constituents

As a part of its banking activities, the Bank issues guarantees on behalf of its customers to enhance their credit standing. Guarantees represent irrevocable assurances that the Bank will make payments in the event of the customer failing to fulfill its financial or performance obligations.

d) Acceptances, endorsements and other obligations

These include documentary credit issued by the Bank on behalf of its customers and bills drawn by the Bank's customers that are accepted or endorsed by the Bank.

e) Other items

Other items represent outstanding amount of bills rediscounted by the Bank, estimated amount of contracts remaining to be executed on capital account, notional principal on account of outstanding Tom/Spot foreign exchange contracts, commitments towards underwriting and investment in equity through bids under Initial Public Offering (IPO) of corporates as at the year end, demands raised by statutory authorities (other than income tax) and disputed by the Bank and amount transferred to Depositor Education and Awareness Fund (DEAF).

The Bank has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Bank has reviewed and recorded adequate provision as required under any law/accounting standards for material foreseeable losses on such long term contracts (including derivative contracts) in the books of account and disclosed the same under the relevant notes in the financial statements, where applicable.

1.2.16 Disclosure on Specified Bank Notes (SBNs)

As advised by RBI, the disclosure on SBNs as required in accordance with notification of Ministry of Corporate Affairs dated 30 March, 2017 is not applicable to banks. Accordingly, the same has not been disclosed.

1.2.17 Previous year figures have been regrouped and reclassified, where necessary to conform to current year's presentation.

INDEPENDENT AUDITOR'S REPORT

To the Members of Axis Bank Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Axis Bank Limited (hereinafter referred to as "the Bank"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated Balance Sheet as at 31 March, 2017, the consolidated Profit and Loss Account and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Bank's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, the Companies (Accounting Standards) Amendment Rules, 2016, the provisions of Section 29 of the Banking Regulation Act, 1949 and the circulars, guidelines and directions issued by the Reserve Bank of India ('RBI') from time to time. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Bank, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Bank's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Bank's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at 31 March, 2017, their consolidated profit and their consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, we report, to the extent applicable, that:

- (a) The other auditors whose reports we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016;
- (e) On the basis of the written representations received from the directors of the Bank as on 31 March, 2017 taken on record by the Board of Directors of the Bank and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies incorporated in India, none of the directors of the Group's companies, incorporated in India is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Bank and its subsidiary companies incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group— Refer Schedule 12.1 and Note 18.1.1.14 (a) to the consolidated financial statements;
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 18.1.1.14 (b) to the consolidated financial statements in respect of such items as it relates to the Group;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Bank, its subsidiaries, incorporated in India during the year ended 31 March, 2017;
 - iv. As per books of accounts of the Bank and represented by the management, the disclosure requirement as envisaged in Notification G.S.R 308(E) dated 30 March, 2017 is not applicable to the Bank - Refer Note 18.1.1.15 to the consolidated financial statements.

Other Matter

The accompanying consolidated financial statements include total assets of ₹5,717 crores as at 31 March, 2017, and total revenues and net cash inflows of ₹743 crores and ₹42 crores respectively for the year ended on that date, in respect of subsidiaries, which have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of such other auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

INDEPENDENT AUDITOR'S REPORT (CONT.)

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF AXIS BANK LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Axis Bank Limited

In conjunction with our audit of the consolidated financial statements of Axis Bank Limited as of and for the year ended 31 March, 2017, we have audited the internal financial controls over financial reporting of Axis Bank Limited (hereinafter referred to as the "Bank") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Bank, its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act, in so far as they apply to the Bank and Guideline issued by the Reserve Bank of India.

Auditor's Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Bank and its subsidiaries, has maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2017, based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Bank, insofar as it relates to a subsidiary company which is incorporated in India, is based on the corresponding report of the auditor of such subsidiary incorporated in India.

17. SIGNIFICANT ACCOUNTING POLICIES

for the year ended 31 March, 2017

1 Principles of Consolidation

The consolidated financial statements comprise the financial statements of Axis Bank Limited ('the Bank') and its subsidiaries, which together constitute 'the Group'.

The Bank consolidates its subsidiaries in accordance with AS 21, Consolidated Financial Statements notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 on a line-by-line basis by adding together the like items of assets, liabilities, income and expenditure. All significant inter-company accounts and transactions are eliminated on consolidation. Further, the Bank accounts for investments in associates in accordance with AS-23, Accounting for Investments in Associates in Consolidated Financial Statements, notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 using the equity method of accounting.

2 Basis of preparation

a) The financial statements have been prepared and presented under the historical cost convention on the accrual basis of accounting in accordance with the generally accepted accounting principles in India to comply with the statutory requirements prescribed under the Banking Regulation Act, 1949, the circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time and the Accounting Standards notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016 to the extent applicable and practices generally prevalent in the banking industry in India.

b) The consolidated financial statements present the accounts of Axis Bank Limited with its following subsidiaries and associates:

Name	Relation	Country of Incorporation	Ownership Interest
Axis Capital Ltd.	Subsidiary	India	100.00%
Axis Private Equity Ltd.	Subsidiary	India	100.00%
Axis Trustee Services Ltd.	Subsidiary	India	100.00%
Axis Mutual Fund Trustee Ltd.	Subsidiary	India	75.00%
Axis Asset Management Company Ltd.	Subsidiary	India	75.00%
Axis Finance Ltd.	Subsidiary	India	100.00%
Axis Securities Ltd.	Subsidiary	India	100.00%
A.Treds Ltd.	Subsidiary	India	67.00%
Axis Bank UK Ltd.	Subsidiary	U.K.	100.00%

c) The audited financial statements of the above subsidiaries have been drawn up to the same reporting date as that of the Bank, i.e. 31 March, 2017.

d) As on 31 March 2017, Axis Securities Europe Ltd., a wholly-owned subsidiary of the Bank in the United Kingdom has opted for voluntary winding up and the same is under process.

3 Use of estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, revenues and expenses during the reporting period and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Any revisions to the accounting estimates are recognised prospectively in the current and future periods.

4 Changes in accounting policies

Axis Bank Limited

4.1 Mark-to-market gain or loss on derivatives and foreign exchange contracts

In terms of the guidance note issued by ICAI on "Accounting for Derivative Contracts", the Bank has presented mark-to-market gain or loss on derivatives and foreign exchange contracts on a gross basis as against the erstwhile practice of presenting the same on a net basis under other assets and other liabilities. Previous year figures have been regrouped and reclassified to conform to current year's classification. The aforesaid change has no impact on the profit of the Bank for the year ended 31 March, 2017.

4.2 Repurchase and reverse repurchase transactions with RBI under Liquidity Adjustment Facility/Marginal Standing Facility

In terms of RBI circular no. FMRD.DIRD.10/14.03.002/2015-16 dated 19 May, 2016, repurchase and reverse repurchase transactions with RBI under Liquidity Adjustment Facility/Marginal Standing Facility are accounted for as borrowing and lending respectively as against the earlier practice of including the same under investments. Previous year figures have been regrouped and reclassified to conform to current year's classification. The aforesaid change has no impact on the profit of the Bank for the year ended 31 March, 2017.

5 Significant accounting policies

5.1 Investments

Axis Bank Ltd.

Classification

In accordance with the RBI guidelines, investments are classified at the time of purchase as:

- Held for Trading ('HFT');
- Available for Sale ('AFS'); and
- Held to Maturity ('HTM').

Investments that are held principally for sale within a short period are classified as HFT securities. As per the RBI guidelines, HFT securities, which remain unsold for a period of 90 days are reclassified as AFS securities.

Investments that the Bank intends to hold till maturity are classified under the HTM category. Investments in the equity of subsidiaries/joint ventures are categorised as HTM in accordance with the RBI guidelines.

All other investments are classified as AFS securities.

However, for disclosure in the Balance Sheet, investments in India are classified under six categories - Government Securities, Other approved securities, Shares, Debentures and Bonds, Investment in Subsidiaries/Joint Ventures and Others.

Investments made outside India are classified under three categories – Government Securities, Subsidiaries and/or Joint Ventures abroad and Others.

Transfer of security between categories

Transfer of security between categories of investments is accounted as per the RBI guidelines.

Acquisition cost

Costs including brokerage and commission pertaining to investments, paid at the time of acquisition, are charged to the Profit and Loss Account.

Broken period interest is charged to the Profit and Loss Account.

Cost of investments is computed based on the weighted average cost method.

SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Valuation

Investments classified under the HTM category are carried at acquisition cost unless it is more than the face value, in which case the premium is amortised over the period remaining to maturity on a constant yield to maturity basis. In terms of RBI guidelines, discount on securities held under HTM category is not accrued and such securities are held at the acquisition cost till maturity.

Investments classified under the AFS and HFT categories are marked to market. The market/fair value of quoted investments included in the 'AFS' and 'HFT' categories is the market price of the scrip as available from the trades/quotes on the stock exchanges or prices declared by Primary Dealers Association of India ('PDAI') jointly with Fixed Income Money Market and Derivatives Association of India ('FIMMDA'), periodically. Net depreciation, if any, within each category of each investment classification is recognised in the Profit and Loss Account. The net appreciation if any, under each category of each investment classification is ignored. The depreciation on securities acquired by way of conversion of outstanding loans is provided in accordance with the RBI guidelines. The book value of individual securities is not changed consequent to the periodic valuation of investments. Non-performing investments are identified and provision is made thereon as per RBI guidelines. Treasury Bills, Exchange Funded Bills, Commercial Paper and Certificate of Deposits being discounted instruments, are valued at carrying cost.

Units of mutual funds are valued at the latest repurchase price/net asset value declared by the mutual fund.

Market value of investments where current quotations are not available, is determined as per the norms prescribed by the RBI as under:

- in case of unquoted bonds, debentures and preference shares where interest/dividend is received regularly (i.e. not overdue beyond 90 days), the market price is derived based on the YTM for Government Securities as published by FIMMDA/PDAI and suitably marked up for credit risk applicable to the credit rating of the instrument. The matrix for credit risk mark-up for each categories and credit ratings along with residual maturity issued by FIMMDA is adopted for this purpose;
- in case of bonds and debentures (including Pass Through Certificates) where interest is not received regularly (i.e. overdue beyond 90 days), the valuation is in accordance with prudential norms for provisioning as prescribed by RBI;
- equity shares, for which current quotations are not available or where the shares are not quoted on the stock exchanges, are valued at break-up value (without considering revaluation reserves, if any) which is ascertained from the company's latest Balance Sheet. In case the latest Balance Sheet is not available, the shares are valued at ₹ 1 per company;
- units of Venture Capital Funds ('VCF') held under AFS category where current quotations are not available are marked to market based on the Net Asset Value ('NAV') shown by VCF as per the latest audited financials of the fund. In case the audited financials are not available for a period beyond 18 months, the investments are valued at ₹ 1 per VCF. Investment in unquoted VCF after 23 August, 2006 are categorised under HTM category for the initial period of three years and valued at cost as per RBI guidelines and
- security receipts are valued as per the NAV obtained from the issuing Reconstruction Company/Securitisation Company.

Investments in subsidiaries/joint ventures are categorised as HTM and assessed for impairment to determine permanent diminution, if any, in accordance with the RBI guidelines.

Realised gains on investments under the HTM category are recognised in the Profit and Loss Account and subsequently appropriated to Capital Reserve account (net of taxes and transfer to statutory reserves) in accordance with the RBI guidelines. Losses are recognised in the Profit and Loss Account. Realised gains/losses on investments under the AFS and HFT category are recognised in the Profit and Loss Account.

All investments are accounted for on settlement date, except investments in equity shares which are accounted for on trade date.

Repurchase and reverse repurchase transactions

Repurchase and reverse repurchase transactions in government securities and corporate debt securities including those conducted under the Liquidity Adjustment Facility ('LAF') and Marginal Standby Facility ('MSF') with RBI are accounted as collateralised borrowing and lending respectively.

Short Sales

In accordance with the RBI guidelines, the Bank undertakes short sale transactions in Central Government dated securities. The short positions are reflected in 'Securities Short Sold ('SSS') A/c', specifically created for this purpose. Such short positions are categorised under HFT category and netted off from investments in the Balance Sheet. These positions are marked-to-market along with the other securities under HFT portfolio and the resultant mark-to-market gains/losses are accounted for as per the relevant RBI guidelines for valuation of investments discussed earlier.

Subsidiaries

Investments are initially recognised at cost which comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Investments which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Any reduction in the carrying amount and any reversal of such reductions are charged or credited to the Profit and Loss Account.

Long term investments are stated at cost. Provision is made to recognise a decline, other than temporary, in the value of such investments.

5.2 Advances

Axis Bank Ltd.

Advances are classified into performing and non-performing advances ('NPAs') as per the RBI guidelines and are stated net of bills rediscounted, inter-bank participation certificates, specific provisions made towards NPAs, interest in suspense for NPAs, claims received from Export Credit Guarantee Corporation, provisions for funded interest on term loan classified as NPAs, provisions in lieu of diminution in the fair value of restructured assets and floating provisions.

NPAs are classified into sub-standard, doubtful and loss assets based on the criteria stipulated by the RBI. Advances held at the overseas branches that are identified as impaired as per host country regulations for reasons other than record of recovery, but which are standard as per the RBI guidelines, are classified as NPAs to the extent of amount outstanding in the host country. Provisions for NPAs are made for sub-standard and doubtful assets at rates as prescribed by the RBI with the exception for agriculture advances and schematic retail advances. In respect of schematic retail advances, provisions are made in terms of a bucket-wise policy upon reaching specified stages of delinquency (90 days or more of delinquency) under each type of loan, which satisfies the RBI prudential norms on provisioning. Provisions in respect of agriculture advances classified into sub-standard and doubtful assets are made at rates which are higher than those prescribed by the RBI. Provisions for advances booked in overseas branches, which are standard as per the RBI guidelines but are classified as NPAs based on host country guidelines, are made as per the host country regulations.

In addition to the above, the Bank on a prudential basis, makes provision for expected losses against advances or other exposures to specific assets/industry/sector either on a case-by-case basis or for a group of assets, based on specific information or general economic environment. These are classified as contingent provision and included under Schedule 5 - Other Liabilities in the Balance Sheet.

Loss assets and unsecured portion of doubtful assets are provided/written off as per the extant RBI guidelines.

Amounts recovered against debts written off are recognised in the Profit and Loss account.

For restructured/rescheduled assets, provision is made in accordance with the guidelines issued by RBI, which requires the diminution in the fair value of the assets to be provided at the time of restructuring.

The Bank makes provision in accordance with the RBI guidelines, on assets subjected to Strategic Debt Restructuring (SDR) scheme and Scheme for Sustainable Structuring of Stressed Asset (S4A).

SIGNIFICANT ACCOUNTING POLICIES (CONT.)

For entities with Unhedged Foreign Currency Exposure (UFCE), provision is made in accordance with the guidelines issued by RBI, which requires to ascertain the amount of UFCE, estimate the extent of likely loss and estimate the riskiness of unhedged position. This provision is classified under Schedule 5 – Other Liabilities in the Balance Sheet.

The Bank maintains a general provision on standard advances at the rates prescribed by RBI. In case of overseas branches, general provision on standard advances is maintained at the higher of the levels stipulated by the respective overseas regulator or RBI.

Under its home loan portfolio, the Bank offers housing loans with certain features involving waiver of Equated Monthly Installments ('EMIs') of a specific period subject to fulfilment of a set of conditions by the borrower. The Bank makes provision on an estimated basis against the probable loss that could be incurred in future on account of waivers to eligible borrowers in respect of such loans. This provision is classified under Schedule 5 – Other Liabilities in the balance sheet.

Axis Finance Ltd.

Advances are classified into performing and non-performing advances ('NPAs') as per the RBI guidelines and are stated net of specific provisions made towards NPAs. Further, NPAs are classified into sub-standard, doubtful and loss assets based on the criteria stipulated by the RBI. Provisions for NPAs are made at rates as prescribed by the RBI.

Non-performing loans are written off/provided for, as per management estimates, subject to the minimum provision required as per Non-Banking Financial (Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007.

Provision on Standard Assets i.e. loans and advances is made at 0.40%.

5.3 Country risk

Axis Bank Ltd.

In addition to the provisions required to be held according to the asset classification status, provisions are held for individual country exposure (other than for home country as per the RBI guidelines). The countries are categorised into seven risk categories namely insignificant, low, moderate, high, very high, restricted and off-credit and provision is made on exposures exceeding 180 days on a graded scale ranging from 0.25% to 100%. For exposures with contractual maturity of less than 180 days, 25% of the normal provision requirement is held. If the net funded exposure of the Bank in respect of each country does not exceed 1% of the total assets, no provision is maintained on such country exposure.

5.4 Securitisation

Axis Bank Ltd.

The Bank enters into purchase/sale of corporate and retail loans through direct assignment/Special Purpose Vehicle ('SPV'). In most cases, post securitisation, the Bank continues to service the loans transferred to the assignee/SPV. The Bank also provides credit enhancement in the form of cash collaterals and/or by subordination of cash flows to Senior Pass Through Certificate ('PTC') holders. In respect of credit enhancements provided or recourse obligations (projected delinquencies, future servicing etc.) accepted by the Bank, appropriate provision/disclosure is made at the time of sale in accordance with AS-29, Provisions, Contingent Liabilities and Contingent Assets as notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016.

In accordance with RBI guidelines of 7 May, 2012 on 'Guidelines on Securitisation of Standard Assets', gain on securitisation transaction is recognised over the period of the underlying securities issued by the SPV as prescribed under RBI guidelines. Loss on securitisation is immediately debited to the Profit and Loss Account.

5.5 Foreign currency transactions

Axis Bank Ltd.

In respect of domestic operations, transactions denominated in foreign currencies are accounted for at the rates prevailing on the date of the transaction. Monetary foreign currency assets and liabilities are translated at the Balance Sheet date at rates notified by Foreign Exchange Dealers Association of India ('FEDAI'). All profits/losses resulting from year end revaluations are recognised in the Profit and Loss Account.

Financial statements of foreign branches classified as non-integral foreign operations as per the RBI guidelines are translated as follows:

- Assets and liabilities (both monetary and non-monetary as well as contingent liabilities) are translated at closing exchange rates notified by FEDAI at the Balance Sheet date.
- Income and expenses are translated at the rates prevailing on the date of the transactions.
- All resulting exchange differences are accumulated in a separate 'Foreign Currency Translation Reserve' till the disposal of the net investments. Any realised gains or losses are recognised in the Profit and Loss Account.

Outstanding forward exchange contracts including tom/spot contracts (excluding currency swaps undertaken to hedge foreign currency assets/liabilities and funding swaps which are not revalued) are revalued at year end on PV basis by discounting the forward value till spot date and converting the FCY amount using the respective spot rates as notified by FEDAI. The resulting gains or losses on revaluation are included in the Profit and Loss Account in accordance with RBI/FEDAI guidelines.

Premium/discount on currency swaps undertaken to hedge foreign currency assets and liabilities and funding swaps is recognised as interest income/expense and is amortised on a pro-rata basis over the underlying swap period.

Contingent liabilities on account of forward exchange and derivative contracts, guarantees, acceptances, endorsements and other obligations denominated in foreign currencies are disclosed at closing rates of exchange notified by FEDAI.

Subsidiaries

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of the transactions. Monetary assets and liabilities denominated in foreign currencies as at the Balance Sheet date are translated at the closing rate on that date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined. The exchange differences, if any, either on settlement or translation are recognised in Profit and Loss Account.

5.6 Derivative transactions

Axis Bank Ltd.

Derivative transactions comprise of forward contracts, swaps and options which are disclosed as contingent liabilities. The forwards, swaps and options are categorised as trading or hedge transactions. Trading derivative contracts are revalued at the Balance Sheet date with the resulting unrealised gain or loss being recognised in the Profit and Loss Account and correspondingly in other assets (representing positive Mark to Market) and in other liabilities (representing negative Mark to Market (MTM)) on a gross basis. For hedge transactions, the Bank identifies the hedged item (asset or liability) at the inception of transaction itself. The effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. Hedge swaps are accounted for on accrual basis except in case of swaps designated with an asset or liability that is carried at market value or lower of cost or market value in the financial statements. In such cases the swaps are marked to market with the resulting gain or loss recorded as an adjustment to the market value of designated asset or liability. The premium on option contracts is accounted for as per FEDAI guidelines. Pursuant to the RBI guidelines any receivables under derivative contracts comprising of crystallised receivables as well as positive MTM in respect of future receivables which remain overdue for more than 90 days are reversed through the Profit and Loss account and are held in separate Suspense Account.

Currency futures contracts are marked to market using daily settlement price on a trading day, which is the closing price of the respective futures contracts on that day. While the daily settlement price is computed based on the last half an hour weighted average price of such contract, the final settlement price is taken as the RBI reference rate on the last trading day of the futures contract or as may be specified by the relevant authority from time to time. All open positions are marked to market based on the settlement price and the resultant marked to market profit/loss is daily settled with the exchange.

Valuation of Exchange Traded Currency Options (ETCO) is carried out on the basis of the daily settlement price of each individual option provided by the exchange and valuation of Interest Rate Futures (IRF) is carried out on the basis of the daily settlement price of each contract provided by the exchange.

SIGNIFICANT ACCOUNTING POLICIES (CONT.)

5.7 Revenue recognition

Axis Bank Ltd.

Interest income is recognised on an accrual basis in accordance with AS-9, Revenue Recognition as notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014, the Companies (Accounting Standards) Amendment Rules, 2016 and the RBI guidelines except in the case of interest income on non-performing assets and loans under Strategic Debt Restructuring (SDR) scheme and Scheme for Sustainable Structuring of Stressed Asset (S4A) of RBI, where it is recognised on receipt basis if overdue for more than 90 days. Upfront brokerage on closed ended and fixed tenure schemes is amortized over the tenure of the respective scheme and in case of Equity Linked Saving Scheme (ELSS), upfront brokerage is amortized over 3 years. The unamortized portion of the brokerage is carried forward as prepaid expense. Any other brokerage is expensed out in the year in which they are incurred.

Brokerage paid on certain PMS products are amortised over the exit load period. Unamortised portion of brokerage is carried forward as prepaid expenses.

5.9 Fixed assets and depreciation/impairment

Group

Fixed assets are carried at cost of acquisition less accumulated depreciation and impairment, if any. Cost includes initial handling and delivery charges, duties, taxes and incidental expenses related to the acquisition and installation of the asset.

Capital work-in-progress includes cost of fixed assets that are not ready for their intended use and also includes advances paid to acquire fixed assets.

Depreciation is provided over the estimated useful life of a fixed asset on the straight-line method from the date of addition. The management believes that depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of fixed assets, though these rates in certain cases are different from lives prescribed under Schedule II of Companies Act, 2013.

Asset	Estimated useful life
Owned premises	60 years
Computer hardware including printers	3 years
Application software	5 years
Vehicles	4 years
EPABX, telephone instruments	8 years
CCTV and video conferencing equipment	3 years
Mobile phone	2 years
Locker cabinets/cash safe/strong room door	10 years
Modem, scanner, routers, hubs, switches, racks/cabinets for IT equipment	5 years
UPS, VSAT, fax machines	5 years
Cheque book/cheque encoder, currency counting machine, fake note detector	5 years
Assets at staff residence	3 years
All other fixed assets	10 years

Depreciation on assets sold during the year is recognised on a pro-rata basis to the Profit and Loss Account till the date of sale.

The carrying amounts of assets are reviewed at each Balance Sheet date to ascertain if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Profit on sale of premises is appropriated to Capital Reserve account (net of taxes and transfer to statutory reserve) in accordance with RBI instructions.

5.10 Lease transactions

Group

Leases where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term are classified as operating lease. Lease payments for assets taken on operating lease are recognised as an expense in the Profit and Loss Account on a straight-line basis over the lease term.

5.11 Retirement and other employee benefits

Provident Fund

Axis Bank Ltd.

Retirement benefit in the form of provident fund is a defined benefit plan wherein the contributions are charged to the Profit and Loss Account of the year when the contributions to the fund are due and when services are rendered by the employees. Further, an actuarial valuation is conducted by an independent actuary using the Projected Unit Credit Method as at 31 March each year to determine the deficiency, if any, in the interest payable on the contributions as compared to the interest liability as per the statutory rate.

Subsidiaries

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service.

Gratuity

Axis Bank Ltd.

The Bank contributes towards gratuity fund (defined benefit retirement plan) administered by various insurers for eligible employees. Under this scheme, the settlement obligations remain with the Bank, although various insurers administer the scheme and determine the contribution premium required to be paid by the Bank. The plan provides a lump sum payment to vested employees at retirement or termination of employment based on the respective employee's salary and the years of employment with the Bank. Liability with regard to gratuity fund is accrued based on actuarial valuation conducted by an independent actuary using the Projected Unit Credit Method as at 31 March each year. In respect of employees at overseas branches (other than expatriates) liability with regard to gratuity is provided on the basis of a prescribed method as per local laws, wherever applicable.

Subsidiaries

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation using Projected Unit Credit Method made at the end of each financial year.

Actuarial gains/losses are immediately taken to the Profit and Loss Account and are not deferred.

Compensated Absences

Group

Short term compensated absences are provided for based on estimates of encashment/availment of leave. The Group provides long term compensated absences based on actuarial valuation conducted by an independent actuary. The actuarial valuation is carried out as per the Projected Unit Credit Method as at 31 March each year.

Actuarial gains/losses are immediately taken to the Profit and Loss Account and are not deferred.

Superannuation

Axis Bank Ltd.

Employees of the Bank are entitled to receive retirement benefits under the Bank's Superannuation scheme either under a cash-out option through salary or under a defined contribution plan. Through the defined contribution plan the Bank contributes annually a specified sum of 10% of the employee's eligible annual basic salary to LIC, which undertakes to pay the lumpsum and annuity benefit payments pursuant to the scheme. Superannuation contributions are recognised in the Profit and Loss Account in the period in which they accrue.

SIGNIFICANT ACCOUNTING POLICIES (CONT.)

5.12 Long Term Incentive Plan (LTIP)

Axis Asset Management Company Ltd.

The Company has initiated Axis AMC - Long Term Incentive plan. The points granted to employees as per the guidelines laid down in the plan are encashable after they are held for a specified period as per the terms of the plan. The Company accounts for the liability arising on points granted proportionately over the period from the date of grant till the end of the exercise window. The liability is assessed and provided on the basis of valuation carried out by an independent valuer.

5.13 Reward points

Axis Bank Ltd.

The Bank runs a loyalty program which seeks to recognize and reward customers based on their relationship with the Bank. Under the program, eligible customers are granted loyalty points redeemable in future, subject to certain conditions. In addition, the Bank continues to grant reward points in respect of certain credit cards (not covered under the loyalty program). The Bank estimates the probable redemption of such loyalty/reward points using an actuarial method at the Balance Sheet date by employing an independent actuary. Provision for the said reward points is then made based on the actuarial valuation report as furnished by the said independent actuary.

5.14 Taxation

Group

Income tax expense is the aggregate amount of current tax and deferred tax charge. Current year taxes are determined in accordance with the relevant provisions of Income tax Act, 1961. In case of overseas subsidiary the local tax laws prevailing in that country are followed. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off assets against liabilities representing current tax and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws.

Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. The impact of changes in the deferred tax assets and liabilities is recognised in the Profit and Loss Account.

Deferred tax assets are recognised and reassessed at each reporting date, based upon the Management's judgement as to whether realisation is considered as reasonably certain. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty supported by convincing evidence that such deferred tax asset can be realised against future profits.

5.15 Share issue expenses

Axis Bank Ltd.

Share issue expenses are adjusted from Share Premium Account in terms of Section 52 of the Companies Act, 2013.

5.16 Earnings per share

Group

The Bank reports basic and diluted earnings per share in accordance with AS-20, Earnings per Share, as notified under Section 133 of the Companies Act, 2013 read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016. Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding for the year.

Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding at the year end except where the results are anti-dilutive.

5.17 Employee stock option scheme

Axis Bank Ltd.

The 2001 Employee Stock Option Scheme ('the Scheme') provides for grant of stock options on equity shares of the Bank to employees and Directors of the Bank and its subsidiaries. The Scheme is in accordance with the Securities and Exchange Board of India (SEBI) (Employees Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('the Guidelines'). These Guidelines have been repealed in the month of October, 2014 and were substituted by Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. The Scheme is in compliance with the said regulations. The Bank follows the intrinsic value method to account for its stock based employee compensation plans as per the Guidelines. Options are granted at an exercise price, which is equal to/less than the fair market price of the underlying equity shares. The excess of such fair market price over the exercise price of the options as at the grant date is recognised as a deferred compensation cost and amortised on a straight-line basis over the vesting period of such options.

The fair market price is the latest available closing price, prior to the date of grant, on the stock exchange on which the shares of the Bank are listed. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

5.18 Provisions, contingent liabilities and contingent assets

Group

A provision is recognised when the Group has a present obligation as a result of past event where it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

A disclosure of contingent liability is made when there is:

- a possible obligation arising from a past event, the existence of which will be confirmed by occurrence or non-occurrence of one or more uncertain future events not within the control of the Group; or
- a present obligation arising from a past event which is not recognised as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

5.19 Cash and cash equivalents

Group

Cash and cash equivalents include cash in hand, balances with RBI, balances with other banks and money at call and short notice.

1.1.3 Divergence in Asset Classification and Provisioning for NPAs

- The Bank classifies advances into performing and non-performing advances (NPAs) as per the RBI guidelines. NPAs are identified and provided for based on RBI's Prudential Norms on Income Recognition, Asset Classification and Provisioning.
- Based on application of RBI's prudential norms as stated above, the Bank classified and made the prescribed provisions against the NPAs as at the end of 31 March, 2016.
- As part of its Risk Based Supervision exercise for FY 2015-16 completed in Q3 FY 2016-17, the RBI pointed out certain modifications in the Banks' asset classification and provisioning as detailed in the table below:

Sr. No.	Particulars	(₹ in crores)
1	Gross NPAs as on 31 March, 2016, as reported by the Bank	6,087.51
2	Gross NPAs as on 31 March, 2016, as assessed by RBI	15,565.41
3	Divergence in Gross NPAs (2-1)	9,477.90
4	Net NPAs as on 31 March, 2016, as reported by the Bank	2,522.14
5	Net NPAs as on 31 March, 2016, as assessed by RBI	9,685.24
6	Divergence in Net NPAs (5-4)	7,163.10
7	Provisions for NPAs as on 31 March, 2016, as reported by the Bank	3,393.37
8	Provisions for NPAs as on 31 March, 2016, as assessed by RBI	5,708.17
9	Divergence in provisioning (8-7)	2,314.80
10	Reported Net Profit after Tax (PAT) for the year ended 31 March, 2016	8,223.66
11	Adjusted (notional) Net Profit after Tax (PAT) for the year ended 31 March, 2016 after taking into account the divergence in provisioning	6,687.79

- The Bank has duly considered the impact of the above in the Financial Statements for the year ended 31 March 2017.
- Of the above:
 - Based on operations in the borrower accounts subsequent to 31 March 2016, accounts with value of ₹5,260 crores were recognized as NPAs in Q1 and Q2 of FY 2016-17, prior to the Risk Based Supervision exercise for 2016.
 - Based on operations in the borrower accounts subsequent to 31 March 2016, accounts with value of ₹1,811 crores were recognized as NPA in Q3 of FY 2016-17.
 - The balance accounts with value of ₹2,408 crores continued to remain standard as on 31 March, 2017 upon resolution of irregularity in those accounts.

1.1.5 Employee Stock Options Scheme ('the Scheme')

In February 2001, pursuant to the approval of the shareholders at the Extraordinary General Meeting, the Bank approved an Employee Stock Option Scheme. Under the Scheme, the Bank is authorised to issue upto 65,000,000 equity shares to eligible employees. Eligible employees are granted an option to purchase shares subject to vesting conditions. Further, over the period June 2004 to July 2013, pursuant to the approval of the shareholders at Annual General Meetings, the Bank approved an ESOP scheme for additional options aggregating 175,087,000. The options vest in a graded manner over 3 years. The options can be exercised within three/five years from the date of the vesting as the case may be. Within the overall ceiling of 240,087,000 stock options approved for grant by the shareholders as stated earlier, the Bank is also authorised to issue options to employees and directors of the subsidiary companies.

239,119,950 options have been granted under the Scheme till the previous year ended 31 March, 2016.

On 26 April, 2016, the Bank granted 7,153,000 stock options (each option representing entitlement to one equity share of the Bank) to its eligible employees/directors of the Bank/subsidiary companies at a price of ₹469.90 per option.

Stock option activity under the Scheme for the year ended 31 March, 2017 is set out below:

	Options outstanding	Range of exercise prices (₹)	Weighted average exercise price (₹)	Weighted average remaining contractual life (Years)

Exercisable at the end of the year	19,856,810	217.33 to 306.54	268.07	1.74

The weighted average share price in respect of options exercised during the year was ₹495.51.

Fair Value Methodology

On applying the fair value based method in Guidance Note on 'Accounting for Employee Share-based Payments' the impact on reported net profit and EPS would be as follows:

	31 March, 2017	31 March, 2016
Net Profit (as reported) (₹ in crores)	3,953.03	8,349.67
Add: Stock based employee compensation expense included in net income (₹ in crores)	-	-
Less: Stock based employee compensation expense determined under fair value based method (proforma) (₹ in crores)	(101.47)	(103.06)
Net Profit (Proforma) (₹ in crores)	3,851.56	8,246.61
Earnings per share: Basic (in ₹)		
As reported	16.54	35.12
Proforma	16.12	34.69
Earnings per share: Diluted (in ₹)		
As reported	16.48	34.93
Proforma	16.06	34.51

The fair value of the options is estimated on the date of the grant using the Black-Scholes options pricing model, with the following assumptions:

	31 March, 2017	31 March, 2016
Dividend yield	1.29%	1.40%
Expected life	2.57-4.57 years	2.57-4.57 years
Risk free interest rate	7.15% to 7.39%	7.61% to 7.78%
Volatility	32.92% to 35.75%	34.85% to 36.51%

Volatility is the measure of the amount by which a price has fluctuated or is expected to fluctuate during a period. The measure of volatility used in the Black-Scholes options pricing model is the annualised standard deviation of the continuously compounded rates of return on the stock over a period of time. For calculating volatility, the daily volatility of the stock prices on the National Stock Exchange, over a period prior to the date of grant, corresponding with the expected life of the options has been considered.

The weighted average fair value of options granted during the year ended 31 March, 2017 is ₹153.66 (previous year ₹178.22).

NOTES (CONT.)

1.1.6 Proposed Dividend

The Board of Directors, in their meeting held on 26 April, 2017 have proposed a final dividend of ₹5 per equity share amounting to ₹1,403.99 crores, inclusive of corporate dividend tax. The proposal is subject to the approval of shareholders at the Annual General Meeting. In terms of revised Accounting Standard (AS) 4 'Contingencies and Events occurring after the Balance sheet date' as notified by the Ministry of Corporate Affairs through amendments to Companies (Accounting Standards) Amendment Rules, 2016, dated 30 March, 2016, such proposed dividend has not been recognised as a liability as on 31 March, 2017.

Dividend paid during the year, represents dividend (₹5 per equity share) for the year ended 31 March, 2016 paid pursuant to approval of shareholders at Annual General Meeting held on 22 July, 2016.

1.1.7 Segmental reporting

The business of the Bank is divided into four segments: Treasury, Retail Banking, Corporate/Wholesale Banking, and Other Banking Business. These segments have been identified and based on RBI's revised guidelines on Segment Reporting issued on 18 April 2007 vide Circular No. DBOD.No.BP.BC.81/21.04.018/2006-07. The principal activities of these segments are as under.

Segment	Principal Activities
Treasury	Treasury operations include investments in sovereign and corporate debt, equity and mutual funds, trading operations, derivative trading and foreign exchange operations on the proprietary account and for customers. The Treasury segment also includes the central funding unit.
Retail Banking	Constitutes lending to individuals/small businesses through the branch network and other delivery channels subject to the orientation, nature of product, granularity of the exposure and the quantum thereof. Retail Banking activities also include liability products, card services, internet banking, mobile banking, ATM services, depository, financial advisory services and NRI services.
Corporate/Wholesale Banking	Includes corporate relationships not included under Retail Banking, corporate advisory services, placements and syndication, project appraisals, capital market related services and cash management services.
Other Banking Business	Includes para banking activities like third party product distribution and other banking transactions not covered under any of the above three segments.

Business segments in respect of operations of the subsidiaries have been identified and reported taking into account the customer profile, the nature of product and services and the organisation structure.

Revenues of the Treasury segment primarily consist of fees and gains or losses from trading operations and interest income on the investment portfolio. The principal expenses of the segment consist of interest expense on funds borrowed from external sources and other internal segments, premises expenses, personnel costs, other direct overheads and allocated expenses.

Revenues of the Corporate/Wholesale Banking segment consist of interest and fees earned on loans given to customers falling under this segment and fees arising from transaction services and merchant banking activities such as syndication and debenture trusteeship. Revenues of the Retail Banking segment are derived from interest earned on loans classified under this segment and fees for banking and advisory services, ATM interchange fees and cards products. Expenses of the Corporate/Wholesale Banking and Retail Banking segments primarily comprise interest expense on deposits and funds borrowed from other internal segments, infrastructure and premises expenses for operating the branch network and other delivery channels, personnel costs, other direct overheads and allocated expenses.

Segment income includes earnings from external customers and from funds transferred to the other segments. Segment result includes revenue as reduced by interest expense and operating expenses and provisions, if any, for that segment. Segment-wise income and expenses include certain allocations. Inter segment interest income and interest expense represent the transfer price received from and paid to the Central Funding Unit (CFU) respectively. For this purpose, the funds transfer pricing mechanism presently followed by the Bank, which is based on historical matched maturity and internal benchmarks, has been used. Operating expenses other than those directly attributable to segments are allocated to the segments based on an activity-based costing methodology. All activities in the Bank are segregated segment-wise and allocated to the respective segment.

Group

Provident Fund

The contribution to the employee's provident fund (including Employee Pension Scheme) of the Group amounted to ₹154.12 crores for the year ended 31 March, 2017 (previous year ₹130.35 crores).

Axis Bank Ltd.

The rules of the Bank's Provident Fund administered by a Trust require that if the Board of Trustees are unable to pay interest at the rate declared for Employees' Provident Fund by the Government under para 60 of the Employees' Provident Fund Scheme, 1952 for the reason that the return on investment is less or for any other reason, then the deficiency shall be made good by the Bank. Based on an actuarial valuation conducted by an independent actuary, there is no deficiency as at the Balance Sheet date for the Bank.

Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest/principal in two currencies, based on ruling spot rates. Interest rate swaps are commitments to exchange fixed and floating interest rate cash flows. Interest rate futures are standardised, exchange-traded contracts that represent a pledge to undertake a certain interest rate transaction at a specified price, on a specified future date. Forward rate agreements are agreements to pay or receive a certain sum based on a differential interest rate on a notional amount for an agreed period. A foreign currency option is an agreement between two parties in which one grants to the other the right to buy or sell a specified amount of currency at a specific price within a specified time period or at a specified future time. An Exchange Traded Currency Option contract is a standardised foreign exchange derivative contract, which gives the owner the right, but not the obligation, to exchange money denominated in one currency into another currency at a pre-agreed exchange rate on a specified date on the date of expiry. Currency Futures contract is a standardised, exchange-traded contract, to buy or sell a certain underlying currency at a certain date in the future, at a specified price.

- c) Guarantees given on behalf of constituents

As a part of its banking activities, the Bank issues guarantees on behalf of its customers to enhance their credit standing. Guarantees represent irrevocable assurances that the Bank will make payments in the event of the customer failing to fulfill its financial or performance obligations.

NOTES (CONT.)

d) Acceptances, endorsements and other obligations

These include documentary credit issued by the Bank on behalf of its customers and bills drawn by the Bank's customers that are accepted or endorsed by the Bank.

e) Other items for which the Group is contingently liable

Other items represent outstanding amount of bills rediscounted by the Bank, estimated amount of contracts remaining to be executed on capital account, notional principal on account of outstanding Tom/Spot foreign exchange contracts, commitments towards underwriting and investment in equity through bids under Initial Public Offering (IPO) of corporates as at the year end, demands raised by statutory authorities (other than income tax) and disputed by the Group and the amount transferred to Depositor Education and Awareness Fund (DEAF).

The Group has a process whereby periodically all long term contracts (including derivative contracts) are assessed for material foreseeable losses. At the year end, the Bank has reviewed and recorded adequate provision as required under any law/accounting standards for material foreseeable losses on such long term contracts (including derivative contracts) in the books of account and disclosed the same under the relevant notes in the financial statements, where applicable.

1.1.15 Disclosure on Specified Bank Notes (SBNs)

As advised by RBI, the disclosure on SBNs as required in accordance with notification of Ministry of Corporate Affairs dated 30 March, 2017 is not applicable to banks. Accordingly, the same has not been disclosed.

1.1.16 Comparative Figures

Previous year figures have been regrouped and reclassified, where necessary to conform to current year's presentation.

II. CAPITAL ADEQUACY

The Bank is subject to the capital adequacy guidelines stipulated by RBI, which are based on the framework of the Basel Committee on Banking Supervision. As per Basel III guidelines, the Bank is required to maintain a minimum Capital to Risk Weighted Assets Ratio (CRAR) of 9% {11.5% including Capital Conservation Buffer (CCB)}, with minimum Common Equity Tier I (CET1) of 5.5% (8% including CCB) as on 31 March, 2019. These guidelines on Basel III have been implemented on 1 April, 2013 in a phased manner. The minimum capital required to be maintained by the Bank for the year ended 31 March, 2017 is 10.25% with minimum Common Equity Tier 1 (CET1) of 6.75% (including CCB of 1.25%).

An assessment of the capital requirement of the Bank is carried out through a comprehensive projection of future businesses that takes cognizance of the strategic intent of the Bank, profitability of particular businesses and opportunities for growth. The proper mapping of credit, operational and market risks to this projected business growth enables assignment of capital that not only adequately covers the minimum regulatory capital requirement but also provides headroom for growth. The calibration of risk to business is enabled by a strong risk culture in the Bank aided by appropriate, technology-based risk management systems. As part of the Internal Capital Adequacy Assessment Process (ICAAP), the Bank also assesses the adequacy of capital under stress. A summary of the Bank's capital requirement for credit, market and operational risk and the capital adequacy ratio as on 31 March, 2017 is presented below:

III. RISK MANAGEMENT: OBJECTIVES AND ORGANISATION STRUCTURE

The wide variety of businesses undertaken by the Bank requires it to identify, measure, control, monitor and report risks effectively. The key components of the Bank's risk management rely on the risk governance architecture, comprehensive processes and internal control mechanism based on approved policies and guidelines. The Bank's risk governance architecture focuses on the key areas of risk such as credit, market (including liquidity) and operational risk and quantification of these risks, wherever possible, for effective and continuous monitoring and control.

Objectives and Policies

The Bank's risk management processes are guided by well-defined policies appropriate for various risk categories, independent risk oversight and periodic monitoring through the sub-committees of the Board of Directors. The Board sets the overall risk appetite and philosophy for the Bank. The Committee of Directors, the Risk Management Committee and the Audit Committee of the Board, which are sub-committees of the Board, review various aspects of risk arising from the businesses of the Bank. Various senior management committees operate within the broad policy framework as illustrated below:

The Bank has put in place policies relating to management of credit risk, market risk, operational risk, information security risk, reputation risk, subsidiary risk and asset-liability both for the domestic as well as overseas operations along with overseas subsidiaries as per the respective host regulatory requirements and business needs. The overseas policies are drawn based on the risk perceptions of these economies and the Bank's risk appetite.

The Bank has formulated a comprehensive Stress Testing Policy to measure impact of adverse stress scenarios on the adequacy of capital. The stress scenarios are idiosyncratic, market wide and a combination of both.

Structure and Organisation

The Chief Risk Officer reports to the Managing Director and CEO. The Risk Management Committee of the Board oversees the functioning of the Department. The Department has separate teams for individual components of risk i.e. Credit Risk, Market Risk (including Treasury Mid Office), Operational Risk, Enterprise Risk, Risk Analytics, Risk Data Management and Information Security Risk. These teams report to the Chief Risk Officer.

IV. CREDIT RISK

Credit risk refers to the deterioration in the credit quality of the borrower or the counter-party adversely impacting the financial performance of the Bank. The losses incurred by the Bank in a credit transaction could be due to inability or wilful default of the borrower in honouring the financial commitments to the Bank. The Bank is exposed to credit risk through lending and capital market activities.

Credit Risk Management Policy

The Board of Directors establishes parameters for risk appetite which are defined through strategic businesses plan as well as the Corporate Credit Policy. Credit Risk Management Policy lays down the roles and responsibilities, risk appetite, key processes and reporting framework. Corporate credit is managed through rating of borrowers and the transaction, thorough due diligence through an appraisal process alongside risk vetting of individual exposures at origination and thorough periodic review (including portfolio review) after sanctioning. Retail credit to individuals and small business is managed through definition of product criteria, appropriate credit filters and subsequent portfolio monitoring.

Credit Rating System

The foundation of credit risk management rests on the internal rating system. Rating linked single borrower exposure norms, delegation of powers and review frequency have been adopted by the Bank. The Bank has developed rating tools specific to market segments such as large and mid-corporates, SME, financial companies, microfinance companies and project finance to objectively assess underlying risk associated with such exposures.

The credit rating model uses a combination of quantitative and qualitative inputs to arrive at a 'point-in-time' view of the risk profile of counterparty. Each internal rating grade corresponds to a distinct probability of default over one year. Expert scorecards are used for various SME schematic products and retail agriculture schemes. Statistical application and behavioural scorecards have been developed for all major retail portfolios.

The Bank recognises cash, central/state government, bank and corporate guarantees, exclusive mortgage of properties and lease rental securitisation for the purpose of credit enhancement to arrive at a facility rating.

Model validation is carried out annually by objectively assessing the discriminatory power, calibration accuracy and stability of ratings. The Bank has completed the estimation and validation of PD, LGD and CCF models for corporate and retail portfolios.

Credit Sanction and Related Processes

The guiding principles behind the credit sanction process are as under:

- 'Know Your Customer' is a leading principle for all activities.
- The acceptability of credit exposure is primarily based on the sustainability and adequacy of borrower's normal business operations and not based solely on the availability of security.

DISCLOSURES UNDER BASEL III (CONT.)

The Bank has put in place a hierarchical committee structure based on the size and rating of the exposures for credit sanction and review; with sanctioning authority rested with higher level committees for larger and lesser rated exposures. Committee of Directors (COD) is the topmost committee in the hierarchy which is a sub-committee of the Board.

All management level sanctioning committees require mandatory presence of a representative from Risk Department for quorum.

Review and Monitoring

- All credit exposures, once approved, are monitored and reviewed periodically against the approved limits. Borrowers with lower credit rating are subject to more frequent reviews.
- Credit audit involves independent review of credit risk assessment, compliance with internal policies of the Bank and with the regulatory framework, compliance of sanction terms and conditions and effectiveness of loan administration.
- Customers with emerging credit problems are identified early and classified accordingly. Remedial action is initiated promptly to minimize the potential loss to the Bank.

Concentration Risk

The Bank manages concentration risk by means of appropriate structural limits and borrower-wise limits based on credit-worthiness. Credit concentration in the Bank's portfolios is monitored for the following:

- Large exposures to the individual clients or group: The Bank has individual borrower-wise exposure ceilings based on the internal rating of the borrower as well as group-wise borrowing limits which are continuously tracked and monitored.
- Geographic concentration for real estate exposures.
- Concentration by Industry: Industry analysis plays an important part in assessing the concentration risk within the loan portfolio. Industries are classified into various categories based on factors such as demand-supply, input related risks, government policy stance towards the sector and financial strength of the sector in general. Such categorization is used in determining the expansion strategy for the particular industry.

Portfolio Management

Portfolio level risk analytics and reporting to senior management examines optimal spread of risk across various rating classes, undue risk concentration across any particular industry segments and delinquencies. Borrowers or portfolios are marked for early warning when signs of weakness or financial deterioration are envisaged in order that timely remedial actions may be initiated. In-depth sector specific studies are undertaken on portfolios vulnerable to extraneous shocks and the results are shared with the business departments. The Bank has a well-defined stress testing policy in place and periodic stress testing is undertaken on various portfolios to gauge the impact of stress situations on the health of portfolio, profitability and capital adequacy.

Retail lending portfolio is the blended mix of Consumer Lending and Retail Rural Lending Portfolios. Secured products (like mortgage, wheels business) commands a major share of the Consumer Lending Portfolio, as the Bank continues to grow the unsecured lending book (personal loans and credit card business) albeit with prudent underwriting practice. The Bank has developed a robust risk management framework at each stage of retail loan cycle i.e. loan acquisition, underwriting and collections.

Underwriting strategy relies on extensive usage of analytical scoring models which also takes inputs from bureau. The Bank uses 'Rules Engine' which helps customise business rules thereby aiding in faster decision making without compromising on the underlying risks. Senior Management takes note of movement and direction of risk reported through information published on structured dashboards.

Definitions and Classification of Non-Performing Assets

Advances are classified into performing and non-performing assets (NPAs) as per RBI guidelines.

A non-performing asset (NPA) is a loan or an advance where;

- interest and/or installment of principal remains overdue for a period of more than 90 days in respect of a term loan,
- the account remains 'out-of-order' for a period of more than 90 days in respect of an Overdraft or Cash Credit (OD/CC),
- the bill remains overdue for a period of more than 90 days in case of bills purchased and discounted,
- a loan granted for short duration crops will be treated as an NPA if the installments of principal or interest thereon remain overdue for two crop seasons,
- a loan granted for long duration crops will be treated as an NPA if the installments of principal or interest thereon remain overdue for one crop season,
- in respect of derivative transactions, the overdue receivables representing positive mark-to-market value of a derivative contract, if these remain unpaid for a period of 90 days from the specified due date for payment,
- the amount of liquidity facility remains outstanding for more than 90 days, in respect of a securitisation transaction undertaken in terms of guidelines on securitisation dated 1 February, 2006.

NPAs are further classified into sub-standard, doubtful and loss assets based on the criteria stipulated by RBI. A sub-standard asset is one, which has remained an NPA for a period less than or equal to 12 months. An asset is classified as doubtful if it has remained in the sub-standard category for more than 12 months. A loss asset is one where loss has been identified by the Bank or internal or external auditors or during RBI inspection but the amount has not been written off fully.

Definition of Impairment

At each balance sheet date, the Bank ascertains if there is any impairment in its assets. If such impairment is detected, the Bank estimates the recoverable amount of the asset. If the recoverable amount of the asset or the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the profit and loss account.

Credit Risk: Use of Rating Agency under the Standardised Approach

The RBI guidelines on capital adequacy require banks to use ratings assigned by specified External Credit Assessment Agencies (ECAAs) namely Brickworks, CARE, CRISIL, ICRA, India Ratings and SMERA for domestic counterparties and Standard & Poor's, Moody's and Fitch for foreign counterparties.

The Bank is using issuer ratings and short-term and long-term instrument/bank facilities' ratings which are assigned by the accredited rating agencies viz. Brickworks, CARE, CRISIL, ICRA, India Ratings and SMERA and published in the public domain to assign risk-weights in terms of RBI guidelines. In respect of claims on non-resident corporates and foreign banks, ratings assigned by international rating agencies i.e. Standard & Poor's, Moody's and Fitch is used. For exposures with contractual maturity of less than one year, a short-term rating is used. For cash credit facilities and exposures with contractual maturity of more than one year, long-term rating is used.

Issue rating is used if the Bank has an exposure in the rated issue and this would include fund-based and non-fund based working capital facilities as well as loans and investments. In case the Bank does not have exposure in a rated issue, the Bank uses the issue rating for its comparable unrated exposures to the same borrower, provided that the Bank's exposures are pari-passu or senior and of similar or lesser maturity as compared to the rated issue. Structured Obligation (SO) ratings are used where the Bank has a direct exposure in the 'SO' rated issue. If an issuer has a long-term or short-term exposure with an external rating that warrants a risk weight of 150%, all unrated claims on the same counterparty, whether short-term or long-term, also receive 150% risk weight, unless the Bank uses recognised credit risk mitigation techniques for such claims.

Issuer ratings provide an opinion on the general credit worthiness of the rated entities in relation to their senior unsecured obligations. Therefore, issuer ratings are directly used to assign risk-weight to all unrated exposures of the same borrower.

V. CREDIT RISK MITIGATION

The Bank uses various collaterals both financial as well as non-financial, guarantees and credit insurance as credit risk mitigants. The main financial collaterals include bank deposits, National Savings Certificate/Kisan Vikas Patra/Life Insurance Policy and gold, while main non-financial collaterals include land and building, plant and machinery, residential and commercial mortgages. The guarantees include guarantees given by corporate, bank and personal guarantees. This also includes loans and advances guaranteed by Export Credit & Guarantee Corporation Limited (ECGC), Credit Guarantee Fund Trust for Small Industries (CGTSI), Central Government and State Government.

The Bank has in place a collateral management policy, which underlines the eligibility requirements for Credit Risk Mitigants (CRM) for capital computation as per Basel III guidelines. The Bank reduces its credit exposure to counterparty with the value of eligible financial collateral to take account of the risk mitigating effect of the collateral. To account for the volatility in the value of collateral, haircut is applied based on the type, issuer, maturity, rating and re-margining/revaluation frequency of the collateral. The Bank revalues various financial collaterals at varied frequency depending on the type of collateral. The Bank has a valuation policy that covers processes for collateral valuation and empanelment of valuers.

VI. SECURITISATION

The primary objectives for undertaking securitisation activity by the Bank are enhancing liquidity, optimisation of usage of capital and churning of the assets as part of risk management strategy.

The securitisation of assets generally being undertaken by the Bank is on the basis of 'True Sale', which provides 100% protection to the Bank from default. The Bank has not sponsored any special purpose vehicle which is required to be consolidated in the consolidated financial statements as per accounting norms.

The Bank may also invest in securitised instruments which offer attractive risk adjusted returns. The Bank enters into purchase/sale of corporate and retail loans through direct assignment/SPV. In most cases, post securitisation, the Bank continues to service the loans transferred to the assignee/SPV. The Bank, however, does not follow the originate to distribute model and pipeline and warehousing risk is not material to the Bank.

Valuation of securitised exposures is carried out in accordance with the Fixed Income Money Market and Derivatives Association (FIMMDA)/RBI guidelines. Gain on securitisation is recognised over the period of the underlying securities issued by the SPV. Loss on securitisation is immediately debited to profit and loss account. The Bank also provides credit enhancement in the form of cash collaterals and/or by subordination of cash flows to senior pass through certificate holders. In respect of credit enhancements provided or recourse obligations (projected delinquencies, future servicing etc.) accepted by the Bank, appropriate provision/disclosure is made at the time of sale in accordance with AS-29 'Provisions, contingent liabilities and contingent assets'.

The Bank follows the standardized approach prescribed by the RBI for the securitization activities. The Bank uses the ratings assigned by various external credit rating agencies viz. Brickworks, CARE, CRISIL, ICRA, India Ratings and SMERA for its securitisation exposures.

All transfers of assets under securitisation were effected on true sale basis. However, in the year ended 31 March, 2017, the Bank has not securitized any asset.

VII. MARKET RISK IN TRADING BOOK

Market risk is the risk of loss to the Bank's earnings and capital due to changes in the market level of interest rates, price of securities, foreign exchange rates and equities' price, as well as the volatilities of those changes. The Bank is exposed to market risk through its investment activities and also trading activities, which are undertaken for customers as well as on a proprietary basis. The Bank adopts a comprehensive approach to market risk management for its trading, investment and asset/liability portfolios. For market risk management, the Bank has:

- Board approved market risk policies and guidelines which are aligned to the regulatory guidelines and based on experiences gained over the years. The policies are reviewed periodically keeping in view regulatory changes, business requirements and market developments.

- Process manual which are updated regularly to incorporate and document the best practices.
- Market risk identification through elaborate mapping of the Bank's main businesses to various market risks.
- Statistical measures like Value at Risk (VaR), supplemented by stress tests, back tests and scenario analysis.
- Non-statistical measures like position limits, marked-to-market (MTM), gaps and sensitivities (mark-to-market, position limits, duration, PVBP, option Greeks).
- Management Information System (MIS) for timely market risk reporting to senior management functionaries. Key risk metrics are presented to the Risk Management Committee of the Board through Risk Dash-Boards.

Risk limits such as position limits, stop-loss limits, alarm limits, gaps and sensitivities (duration, PVBP, option Greeks) are set up and reviewed periodically, based on a number of criteria including regulatory guidelines, relevant market analysis, business strategy, size of the investment and trading portfolio, management experience and the Bank's risk appetite. These limits are monitored on an intra-day/daily basis by the Treasury Mid-office and the exceptions are put up to ALCO and Risk Management Committee of the Board.

The Bank uses Historical Simulation and its variants for computing VaR for its trading portfolio. VaR is calculated and reported on a daily basis for the trading portfolios at a 99% confidence level for a one-day holding period, using 250 days of historical data or one year of relative changes in historical rates and prices. The model assumes that the risk factor changes observed in the past are a good estimate of those likely to occur in the future and is, therefore, limited by the relevance of the historical data used. The method, however, does not make any assumption about the nature or type of the loss distribution. The VaR models for different portfolios are back-tested at regular intervals and the results are used to maintain and improve the efficacy of the model.

The VaR measure is supplemented by a series of stress tests and sensitivity analysis that estimates the likely behaviour of a portfolio under extreme but plausible conditions and its impact on earnings and capital. The Bank undertakes stress tests for market risks for its trading book, IRS, forex open position and forex gaps on a monthly basis as well as for liquidity risk at the end of each quarter. The Bank has built its capabilities to migrate to advanced approach i.e. Internal Models Approach for assessment of market risk capital.

Concentration Risk

The Bank has allocated the internal risk limits in order to avoid concentrations, wherever relevant. For example, the Aggregate Gap Limit, Net Open Position and daylight limits are allocated to various currencies and maturities into Individual Gap Limits to monitor concentrations. Similarly, stop-loss limits and duration limits have been set up for different categories within a portfolio. Within the overall PV01 limit, a sub-limit is set up which is not expected to be breached by trades linked to any individual benchmark. Some of the limits like currency wise net open position, stop loss limits and PV01 limits are allocated dealer-wise also, based on their skill and experience, to avoid build up of positions in a single dealer's book.

Liquidity Risk

Liquidity Risk is the current and prospective risk to earnings or capital arising from a Bank's inability to meet its current or future obligations on the due date. Liquidity risk is two-dimensional viz., risk of being unable to fund portfolio of assets at appropriate maturity and rates (liability dimension) and the risk of being unable to liquidate an asset in a timely manner at a reasonable price (asset dimension).

The goal of Liquidity Risk Management is to meet all commitments on the due date and also be able to fund new investment opportunities by raising sufficient funds in the form of increasing fresh liabilities or by expeditious asset sell-off without incurring unacceptable losses, both under normal and adverse conditions. These objectives are ensured by setting up policies, operational level committees, measurement tools and monitoring and reporting mechanism using effective use of IT systems for availability of quality data.

The Bank manages its liquidity on a static as well as dynamic basis using various tools such as gap analysis, ratio analysis, dynamic liquidity statements, intraday liquidity monitoring tools and scenario analysis. The Bank's ALM policy defines the tolerance limits for its structural liquidity position. The Liquidity Policy for the domestic operations as well as for the overseas branches lay down the operational framework for prudent risk management in the Bank. The liquidity profile of the Bank is analysed on a static basis by tracking all cash inflows and outflows in the maturity ladder based on the actual maturity and expected occurrence (for non-

DISCLOSURES UNDER BASEL III (CONT.)

maturity items) of cash flows. The liquidity profile of the Bank is also estimated on a dynamic basis by considering the growth in deposits and loans, investment obligations, etc. for a short-term period of three months. The Bank undertakes behavioral analysis of the non-maturity products viz. savings and current deposits and cash credit/overdraft accounts on a periodic basis, to ascertain the volatility of residual balances in those accounts. The renewal pattern and premature withdrawals of term deposits and drawdown of unavailed credit limits are also captured through behavioral studies. The concentration of large deposits is monitored on a periodic basis.

The Bank's ability to meet its obligations and fund itself in a crisis scenario is critical and accordingly, liquidity stress tests are conducted under different scenarios at periodical intervals to assess the impact on liquidity to withstand stressed conditions. The liquidity positions of overseas branches are managed in line with the Bank's internal policies and host country regulations. Such positions are also reviewed centrally by the Bank's ALCO along with domestic positions.

The Bank has adopted the Basel III framework on liquidity standards as prescribed by RBI and has put in place requisite systems and processes to enable periodical computation and reporting of the Liquidity Coverage Ratio (LCR).

Counterparty Risk

The Bank has a Counterparty Risk Management Policy incorporating well laid-down guidelines, processes and measures for counterparty risk management. The policy includes separate counterparty rating models for commercial banks, foreign banks and co-operative banks for determining maximum permissible exposure limits for counterparties. The key financials, quality of management and the level of corporate governance are captured in the counterparty rating model. Counterparty limits are monitored and reported daily and internal triggers have been put in place to guard against breach in limits. Credit exposures to issuer of bonds, advances etc. are monitored separately under the prudential norms for exposure to a single borrower as per the Bank's Corporate Credit Risk Policy or Investment Policy, as applicable. The counterparty exposure limits are reviewed at periodic intervals based on the financials of the counterparties, business need, past transaction experiences and market conditions. The Bank has also put in place the 'Derivatives and Suitability & Appropriateness Policy' and Loan Equivalent Risk (LER) Policy to evaluate counterparty risk arising, out of all customer derivatives contracts.

Country Risk

The Bank has a country risk management policy containing the guidelines, systems and processes to effectively identify, assess, monitor and control its country risk exposures. Based on the risk profiling, countries are classified under seven categories i.e. insignificant, low, moderate, high, very high, restricted and off-credit. Risk profiling is based on the ratings provided by Export Credit Guarantee Corporation of India Ltd. (ECGC), Dun & Bradstreet, Standard & Poor's Banking Industry Country Risk Assessment (BICRA), inputs received from overseas branches/business departments, reports published by various agencies viz. Moody's, Standard & Poor's, Fitch and other publications of repute. The categorisation of countries is reviewed at quarterly intervals or at more frequent intervals if situations so warrant. An exposure to a country comprises all assets, both funded and non-funded, that represents claims on residents of another country. The Bank has in place both category wise and country wise exposure limits. The Bank monitors country risk exposures through a process of trigger limits as well as prior approval system for select categories viz. high, very high, restricted and off-credit to ensure effective monitoring and management of exposures. As a proactive measure of country risk management, Risk department issues 'Rating Watch' from time to time. Further, based on country-specific developments, the concerned business departments are provided updates on countries which have high probability of a rating downgrade.

Risk Management Framework for Overseas Operations

The Bank has put in place separate risk management policies for each of its overseas branches in Singapore, Hong Kong, Dubai, Colombo and Shanghai. These country-specific risk policies are based on the host country regulators' guidelines and in line with the practices followed for the Indian operations. The Asset Liability Management and all the risk exposures for the overseas operations are monitored centrally at the Central Office.

VIII. OPERATIONAL RISK

Strategies and Processes

Operational Risk (OR) is the risk of loss resulting from inadequate or failed internal processes, people or systems, or from external events. The operational risk management policy documents the Bank's approach towards management of operational risk and defines the roles and responsibilities of the various stakeholders within the Bank. The Bank also has a detailed framework for operational risk loss data collection, risk and control self-assessment and key risk indicators.

Based on the above policy the Bank has initiated several measures to manage operational risk. The Bank has put in place a hierarchical structure to effectively manage operational risk through the formation of several internal committees viz. Operational Risk Management Committee, Product Management Committee, Change Management Committee, Central Outsourcing Committee, Business Continuity Planning Management Committee (BCPMC) and IT Security Committee.

Structure and Organisation

The Risk Management Committee (RMC) of the Board at the apex level is the policy making body. The RMC is supported by the Operational Risk Management Committee (ORMC), consisting of Senior Management personnel, which is responsible for implementation of the Operational Risk policies of the Bank. This internal committee oversees the implementation of the OR framework and oversees the management of operational risks across the Bank. A dedicated operational risk management unit ensures management of operational risk. A representative of the Risk Department is also a permanent member of control committees on product management covering approval of new products, change management of processes, outsourcing, business continuity management and IT Security.

Scope and Nature of Operational Risk Reporting and Measurement Systems

A systematic process for reporting risks, losses and non-compliance issues relating to operational risks has been developed and implemented. The information gathered is being used to develop triggers to initiate corrective actions to improve controls. Critical risks and major loss events are reported to the Senior Management/ORMC.

The Bank has further enhanced its capability for effective management of operational risk with the implementation of an Enterprise Governance Risk and Compliance platform (SAS-EGRC). The IT platform acts as the single repository of processes and operational, compliance and financial reporting risks. It facilitates capturing of individual risks and the effectiveness of their controls, tagging of identified risks to processes and products, originates action plans and acts as a repository of all operational risk events.

Policies for Hedging and Mitigating Operational risk

An Operational Risk Management Policy approved by the Risk Management Committee of the Board details the framework for managing and monitoring operational risk in the Bank. Business units put in place basic internal controls as approved by the Product Management Committee to ensure appropriate controls in the operating environment throughout the Bank. As per the policy, all new products are being vetted by the Product Management Committee to identify and assess potential operational risks involved and suggest control measures to mitigate the risks. Each new product or service introduced is subject to a risk review and sign-off process. Similarly, any changes to the existing products/processes are being vetted by the Change Management Committee.

Key Risk Indicators (KRIs) have been developed for various Business Units of the Bank for effective monitoring of key operational risks. KRIs for the branches has also been launched as a new initiative to help branches to manage operational risk better.

DISCLOSURES UNDER BASEL III (CONT.)

The Bank has adopted BCP and IT Disaster Recovery Policy wherein critical activities and system applications have been defined, recovery plan is in place for these critical activities and system applications to ensure timely recovery of the Bank's critical products and services in the event of an emergency.

Regular tests have been carried out to ascertain BCP preparedness. The test reports are shared with senior management on a regular frequency. Business Continuity Planning Management Committee (BCPMC) has been formed comprising of senior functionaries of the Bank, which monitors BCM framework implementation in the Bank.

Approach for Operational Risk Capital Assessment

As per RBI guidelines, the Bank has followed the Basic Indicator Approach for computing the capital for operational risk for the year ending 31 March, 2017.

IX. INTEREST RATE RISK IN THE BANKING BOOK (IRRBB)

Interest Rate Risk in the Banking Book is measured and monitored in accordance with the guidelines laid out in the Bank's Asset Liability Management (ALM) Policy which is based on the RBI "Guidelines on Banks' Asset Liability Management Framework – Interest Rate Risk" dated 4 November, 2010. Interest Rate Risk is measured in terms of changes in the value of interest rate sensitive positions across the whole bank i.e. both in the banking and trading books as described below.

The Bank measures and controls interest risk in the banking book using both Earnings at Risk (EaR) which assesses the sensitivity of its net interest income to parallel movement in interest rates over the 1 year horizon as well as Market Value of its Equity (MVE) which measures the sensitivity of the present value of all assets and liabilities to interest rate risk in response to given interest rate movements. The Bank prepares Interest Rate Sensitivity reports which are reviewed against Regulatory and Internal limits. Internal limits have been established for (a) Earnings at Risk for a 100 bps parallel shift in interest rates over the horizon of 1 year, and (b) 200 bps parallel shift in interest rates for Market Value of Equity impact. Any review of the internal interest rate risk limits is approved by the ALCO and is ratified by the Risk Management Committee of the Board.

Bucketing of non-maturity liability items for interest rate risk measurement is based on the behavioral analysis methodology for identification of core and non-core components. Bucketing rules of core and non-core portions in the interest rate sensitivity statements are laid out in the ALM policy. The Bank does not use any assumptions for prepayment of loans for preparation of interest rate risk sensitivity reports.

The findings of the various IRRBB measures are submitted to the ALCO, which is the apex committee for providing strategic guidance and direction for the ALM measures.

Details of increase/(decrease) in earnings and economic value for upward and downward rate shocks based on balance sheet as on 31 March, 2017 are given below:

Earnings Perspective

Currency	Interest Rate Shock	
	+200bps	-200bps
INR	10,044	(10,044)
USD	233	(233)
Residual	390	(390)
Total	10,667	(10,667)

(₹ in millions)

Economic Value Perspective

(₹ in millions)

Currency	Interest Rate Shock	
	+200bps	-200bps
INR	(31,782)	31,782
USD	305	(305)
Residual	1,690	(1,690)
Total	(29,787)	29,787

Note: Interest Rate Risk in Banking Book is computed only for banks/bank like entities where the inherent business is maturity transformation of assets and liabilities, thereby resulting in interest rate mismatch. Other subsidiaries whose core business is not banking activity, IRRBB need not be computed.

X. EXPOSURES RELATED TO COUNTERPARTY CREDIT RISK

Counterparty credit limits and exposures are monitored daily and internal triggers are put in place to guard against breach in limits. Credit exposures to issuer of bonds, advances etc. are monitored separately under the prudential norms for exposure to a single borrower as per the Bank's Corporate Credit Risk Policy or Investment Policy, as applicable. The counterparty exposure limits are reviewed at periodic intervals.

Methodology used to assign economic capital and credit limits for counterparty credit exposures

The Bank currently does not assign economic capital for its counterparty credit exposures. The Bank has adopted a methodology of computing economic capital within the framework of Individual Capital Adequacy Assessment Process (ICAAP) and assesses the economic capital requirement within this framework. The Bank is adequately capitalized in terms of projected growth for the next three years and has sufficient capital buffer to account for Pillar II risks.

Policies for securing collateral and establishing credit reserves

The Bank has a policy framework through its Credit Risk Management policy and Collateral Management Policy which stipulates the eligible credit risk mitigants and management thereof. The Bank has adopted the Comprehensive Approach as suggested by RBI, which allows fuller offset of collateral against exposures, by effectively reducing the exposure amount by the value ascribed to the collateral. Under this approach, the Bank takes eligible financial collateral on an account-by-account basis, to reduce the credit exposure to counterparty while calculating the capital requirements to take account of the risk mitigating effect of the collateral. The Bank also has a well-defined NPA management & recovery policy for establishing credit reserves on a prudential basis apart from being in consonance with the regulatory guidelines.

Policies with respect to wrong-way risk exposures

Wrong way risk associated with counterparty credit exposures can be of two types – General i.e. when the PD of counterparties is positively correlated with general market risk factors and Specific i.e. when the exposure to a particular counterparty and the PD of the counterparty providing credit risk mitigation for the exposure are highly correlated. The Bank currently does not have a complete policy framework to address the wrong way risk. In the interim, the general wrong way risk is taken care of through monitoring of concentration of counterparty credit exposures on account of derivatives. Also as per the credit risk management policy, collaterals whose values have a material positive correlation with the credit quality of the borrower is likely to provide little or no credit protection during stress, are not recognized for credit enhancement, thus mitigating any specific wrong way risk.

Impact of the amount of collateral the Bank would have to provide given a credit rating downgrade

The Bank currently assesses the liquidity impact and related costs of a possible downgrade as part of the bank-wide stress testing exercise. The Bank has already adopted Credit Value Adjustment (CVA) based on the regulatory guidelines on the asset side for capital computation purposes. The current regulatory guidelines do not require estimation of changes in collateral requirement in case of a likely rating downgrade of a Bank and the Bank also does not make such an assessment currently. However, the Bank is in the process of developing an internal methodology to estimate the changes in liabilities to counterparties in the event of its rating downgrade.

XVI. EQUITIES – DISCLOSURE FOR BANKING BOOK POSITIONS

The risk oversight relating to the equity portfolio is part of the overall independent risk management structure of the Bank and is subjected to the risk management processes and policies approved by the Bank.

In accordance with the RBI guidelines, investments are classified at the time of purchase as:

- Held for Trading ('HFT');
- Available for Sale ('AFS'); and
- Held to Maturity ('HTM').

Investments that are held principally for sale within a short period are classified as HFT securities. As per the RBI guidelines, HFT securities, which remain unsold for a period of 90 days are reclassified as AFS securities.

Investments that the Bank intends to hold till maturity are classified under the HTM category. Investments in the equity of subsidiaries/joint ventures are categorized as HTM in accordance with RBI guidelines. All other investments are classified as AFS securities.

Equity investments carried under the HTM category are carried at acquisition cost. Realised gains on investments under the HTM category are recognised in the Profit and Loss Account and subsequently appropriated to Capital Reserve account (net of taxes and transfer to statutory reserves) in accordance with RBI guidelines. Losses are recognised in the Profit and Loss Account.

The Bank does not have any equity under the Banking Book.

ANNEXURE TO NOTICE - STATEMENT U/S 102 OF THE COMPANIES ACT, 2013

The following statement contains all material facts relating to the Special Businesses as set out in this Notice.

Item No.6

Dr. Sanjiv Misra was appointed as an Independent Director of the Bank, with effect from 12th May 2016 and thereafter as the Non-Executive (Part-Time) Chairman of the Bank for a period of three years, with effect from 18th July 2016, in terms of the approval granted by the Reserve Bank of India and the Shareholders of the Bank.

Dr. Sanjiv Misra has contributed immensely during the deliberations at the meetings of the Board and the Committee where he is a Member. He has introduced significant measures to enhance standards of governance at the Bank. He brings to the Board his rich experience and insights. The Bank has benefitted immensely from his leadership and guidance.

In view of this, the Nomination and Remuneration Committee of the Board, at its meeting held on 26th April 2017, reviewed the remuneration of Dr. Sanjiv Misra as the Chairman of the Bank, in comparison with the remuneration of the Chairman of the other peer group banks and recommended a revision in his remuneration, for the approval of the Board.

Pursuant to the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Bank at its meeting held on 26th April 2017, approved the revision in the remuneration payable to Dr. Sanjiv Misra as the Chairman of the Bank for a period of 1 year, with effect from 18th July 2017, subject to the approval of the Shareholders of the Bank and the Reserve Bank of India.

The brief profile of Dr. Sanjiv Misra, in terms of the Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, New Delhi, has been provided after this Notice. The details of his remuneration have been mentioned in resolution No.6 of this Notice.

Dr. Sanjiv Misra does not hold any equity shares of the Bank. Dr. Misra is not related to any other Director or Key Managerial Personnel of the Bank.

The Board recommends the passing of the resolution as set out in Item No. 6 of this Notice.

Except for Dr. Sanjiv Misra and his relatives, none of the other Directors and Key Managerial Personnel of the Bank and their relatives are in any way financially or otherwise concerned or interested in the passing of the resolution as set out in Item No. 6 of this Notice.

Item No.7

During the year ended 31st March 2017, under the leadership of Smt. Shikha Sharma, the Bank has achieved all-round progress in terms of business growth, profitability, branch expansion, ATM network expansion and improved brand equity. In a competitive and dynamically changing industry it is critical for the Bank to draw on her expertise, knowledge and experience and her exceptional track record and being recognized as amongst the most valuable CEOs in the country.

In view of above, the Nomination and Remuneration Committee, at its meeting held on 15th May 2017, reviewed the remuneration being paid to Smt. Shikha Sharma as the Managing Director & CEO of the Bank, in comparison with the remuneration of CEOs of other peer group Banks and recommended a revision in her remuneration, for the approval of the Board.

Pursuant to the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Bank at its meeting held on 15th May 2017 approved the revision in the remuneration by way of salary, allowances and perquisites payable to Smt. Shikha Sharma as the Managing Director & CEO of the Bank for a period of 1 year, with effect from 1st June 2017, subject to the approval of the Shareholders of the Bank and the Reserve Bank of India.

The brief profile of Smt. Shikha Sharma, in terms of the Secretarial Standards on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, New Delhi, has been provided after this Notice. The details of her remuneration have been mentioned in resolution No. 7 of this Notice.

Item No. 11

Section 42 of the Companies Act, 2013 read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 provides that a company can issue securities including non-convertible debentures (NCDs) on a private placement basis subject to the condition that the proposed offer of debt securities or invitation to subscribe to debt securities has been previously approved by the Shareholders of the company, by means of a special resolution, for each of the offers or invitations. In case of an offer or invitation for NCDs, it shall be sufficient if the company passes a special resolution only once in a year for all offer(s) or invitation(s) for issue of such NCDs on a private placement basis, during the period of one year from the date of passing of the special resolution.

Keeping in view the Bank's projections in domestic and overseas operations, the Bank may need to raise additional funds in one or more tranches in Indian as well as overseas market in the form of capital to maintain the desired capital to risk weighted assets ratio (CRAR) by issue of debt securities denominated in Indian rupees or any other permitted foreign currency (including but not limited to long term bonds, green bonds, non-convertible debentures, perpetual debt instruments and Tier II Capital Bonds or such other debt securities as may be permitted under RBI guidelines from time to time), on a private placement basis and/or for making offers and/or invitations thereof and /or issue(s)/ issuances thereof, on a private placement basis, during the period of one year from the date of passing of the special resolution.

Considering the above, the Board of Directors of the Bank at its meeting held on 26th April 2017 has proposed to obtain the consent of the Shareholders of the Bank for borrowing/raising funds in Indian currency/ foreign currency by issue of debt securities in domestic and/ or overseas market, in one or more tranches as per the structure and within the limits permitted by the Reserve Bank of India and other regulatory authorities to eligible investors of an amount not exceeding ₹ 35,000 crore, on a private placement basis during a period of one year from the date of passing of the special resolution. The said debt securities would be issued by the Bank in accordance with the applicable statutory guidelines, for cash either at par or premium or at a discount to face value depending upon the prevailing market conditions.

The Board recommends passing of the special resolution as set out in Item No.11 of this Notice.

Section E: Principle-wise Performance

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the company? Yes/ No. Does it extend to the Group/Joint-Ventures/Suppliers/Contractors/NGOs/ Others?

The Bank's Code of Conduct and Ethics details the ethical principles that all employees are expected to adhere to. The Code is applicable to all employees and covers aspects related but not limited to ethics, accountability, conflict of interest, bribery and corruption. The Code of Conduct and Conflict of Interest Norms In Respect of Board of Directors is a separate code which guides the Board members in ensuring highest ethical standards in managing the affairs of the Bank.

The Bank has adopted Indian Banks' Association's 'Model Code of Conduct for Direct Selling Agents' and is applicable to all persons involved in marketing and distribution of any loan or other financial product of the Bank. During the year, the Bank has also developed a 'Supplier Code of Conduct' (SCoC) as part of 'Vendor Management Framework' (VMF). SCoC outlines the minimum ethical standards that all vendors of the Bank are required to abide by. Currently, the VMF is being rolled-out in a phase-wise manner across the Bank. Similar to the Bank, all subsidiaries have set their individual Codes of Conduct for their employees.

For additional information, please refer to the 'Ethics & Risk Management' section of the Bank's Sustainability Report 2015-16 and similar report shall be published for 2016-17.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

The Bank has established various channels of communication, including grievance redressal mechanisms, for stakeholders to communicate their expectations and concerns. The details of the stakeholder complaints are as below.

	Pending as on 31.03.2016	Received during 2016-17	Redressed during 2016-17	Pending as on 31.03.2017
Customer complaints*	9,499	3,37,673	3,04,988	42,184
Investor complaints	Nil	768	768	Nil
Consumer cases	1,356	169	134	1,391

**The information does not include complaints redressed within the next working day*

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

The Bank is cognizant of its role in promoting inclusive growth and equitable development while contributing to environmental sustainability. Financial inclusion is a vital enabler for inclusive growth and the Bank plays an important role in furthering the financial inclusion agenda of the Government under the ambit of Jan Dhan – Aadhar – Mobile (JAM) vision. The Bank through its strong nation-wide presence advances the financial inclusion agenda by offering Basic Savings Bank Deposit Account / Pradhan Mantri Jan Dhan Yojana (PMJDY) accounts and promoting social security insurance and pension schemes offered by Government of India. The Bank provides microfinance to women groups under 'Axis Sahyog' program to conduct livelihood activities which can augment their family income. 'Asha Home Loans' is an affordable housing loan product catering to low-income and economically weaker sections of society. The Bank is also authorised to open 'Sukanya Samriddhi Yojana Accounts' small deposits scheme for girl child welfare. All of these products and services have inherent social opportunities to promote inclusive growth and equitable development.

The Bank's 'Sustainable Lending Policy and Procedures' (SLPP) is an environmental and social risk management framework for project financing and lending activities. SLPP supplements credit risk management for qualifying projects and is effective from 1st April, 2016. During the year, the Bank has also launched India's first certified 'Green Bonds' in international market. The proceeds of 'Green Bonds' shall be utilised to finance and/or refinance environment-friendly projects as described in the Bank's Green Bond Framework. The Framework is aligned to internationally accepted Climate Bonds Initiative (CBI) Green Bonds Standards.

For additional information, please refer to the 'Customers' and 'Environment' sections of the Bank's Sustainability Report 2015-16 and similar report shall be published for 2016-17.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

- i. Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?**

ii. Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Not applicable considering the nature of banking products and services

3. Does the company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably?

Considering the nature of banking products which is service oriented and not material resource intensive, sustainable sourcing for the Bank's products is not applicable. However, as a responsible corporate citizen the Bank endeavours to reduce the environmental impact of its operations. Paper is one of the key materials that the Bank uses. The Bank has made conscious efforts to procure wheat-straw based paper which is environment friendly compared to conventional wood based paper. During the year, the Bank procured 628 tonnes of wheat-straw based paper which is 55% of the total office paper procurement. During the year, the Bank has also developed comprehensive 'Vendor Management Framework' which incorporates sustainability related elements across various phases of vendor management.

For additional information, please refer to the 'Environment' sections of the Bank's Sustainability Report 2015-16 and similar report shall be published for 2016-17.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The nature of banking products is service oriented and not material resource intensive, and the Bank does not procure goods for further processing. The manpower services required for offices and branches are generally hired from local agencies where possible. Axis Bank Foundation, through its community development initiatives, helps communities including women entrepreneurs and local & small producers through market linkages to sell their produce.

For additional information, please refer to the 'Communities' sections of the Bank's Sustainability Report 2015-16 and similar report shall be published for 2016-17.

5. Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The nature of banking products is service oriented and not material resource intensive, and hence recycling of products is not applicable for the Bank's products. The Bank has a recycling program under 'Green Banking' initiative to recycle dry waste collected in offices and branches into note pads, note books and envelopes. Since its inception in August 2011, the program resulted in recycling of 293 tonnes of dry waste into 39,010 items viz. notebooks, notepads, envelopes and bookmarks. The Bank has also installed Organic Waste Composter at its central office in Mumbai to convert organic (kitchen) waste into manure.

For additional information, please refer to the 'Environment' sections of the Bank's Sustainability Report 2015-16 and similar report shall be published for 2016-17.

Principle 3: Businesses should promote the wellbeing of all employees

1. Please indicate the Total number of employees (as at 31.03.2017)

56,617

2. Please indicate the Total number of employees hired on temporary/ contractual/ casual basis. (as at 31.03.2017)

17,819

3. Please indicate the Number of permanent women employees. (as at 31.03.2017)

12,787

4. Please indicate the Number of permanent employees with disabilities (as at 31.03.2017)

37

5. Do you have an employee association that is recognized by management?

The Bank does not have an employee union. The Bank respects the right of 'Freedom of Association'. The Bank ensures that all employee grievances are received and addressed through various channels such as H-Response (virtual helpdesk to handle employee queries) or the whistleblower portal.

For additional information please refer to the 'People' section of the Bank's Sustainability Report 2015-16 and similar report shall be published for 2016-17.

6. What percentage of your permanent employees is members of this recognized employee association?

Not applicable

7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

32 complaints related to sexual harassment received during the year.

06 complaints related to sexual harassment pending as at 31.03.2017.

No complaints related to child labour, forced labour, involuntary labour received during the year.

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

- **Permanent Employees**
- **Permanent Women Employees**
- **Casual/Temporary/Contractual Employees**
- **Employees with Disabilities**

The Bank's approach to employee learning is driven by a combination of business needs of the organisation and developmental needs of the employees. A blended learning approach of classroom programs, external programs, certification programs and e-learning modules is deployed to facilitate the learning process across all levels. The learning and development needs of employees are integrated with the Performance Management System. Various role-based and work-level trainings are conducted by internal and external faculty. 'Axis Academy' is the Bank's e-learning platform which enables employees to undertake e-learning courses at their convenience. The 'Competency Directory' for frontline roles like Front Desk Officers and Relationship Managers maps role-based skills to ensure consistency in customer service and adherence to regulations. Specific induction and functional training programs are conducted for customer-facing staff to ensure that they acquire the requisite skills. 'Axis LEAP' is an e-initiative rolled out on the Axis Academy online platform that offers learning collaterals along with online assessments on products, processes, compliance and customer service to the branch staff.

Safety of employees is of utmost importance to the Bank. Periodic communication and alerts are sent to employees on safety related aspects. There are e-learning modules on fire safety which all employees are required to undertake. Regular fire drills and audits are conducted wherein awareness on fire safety and emergency preparedness is also imparted to employees.

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders?

The Bank engages with vulnerable and marginalised sections of society through its products and community engagement initiatives. The Bank and Axis Bank Foundation engage with these stakeholders (as defined in the Principle 4 of the NVG-SEE) such as women and girls, people with disabilities, children , tribals, and migrant workers.

Through the Rural and Inclusive banking initiatives, the Bank engages with these sections of the society to create financial literacy and further the agenda of financial inclusion through specialised products.

The Bank also engages with the disadvantaged and marginalised communities through the Axis Bank Foundation (ABF) to create a positive impact through community development initiatives.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.

The Bank reaches out to disadvantaged, vulnerable and marginalised sections of society through its rural and inclusive banking initiatives to create financial literacy and further the agenda of financial inclusion through specialised products. 'Axis Sahyog' initiative extends microfinance to women groups while 'Asha Home Loans' cater to low income segment for affordable housing loan options. Financial inclusion products such as PMJDY accounts, Government insurance and pension schemes aim to bring millions of these stakeholders under the ambit of formal banking system, thus enabling them with access to savings and capital. During the year, the Bank has bolstered its financial and digital literacy initiatives especially in rural areas to educate people on digital and alternate channels of transactions. The Bank offers specialised products and services such as Women Savings Accounts, Future Stars Savings Account, Sukanya Samridhi Yojana Accounts and education loans to girl child at reduced interest rates. Payment and remittance services of the Bank help migrant labour send the money back home in easy, safe and secure manner. The Bank continuously strives to enhance the accessibility of its branches and ATMs to people with disabilities by providing ramps and undertaking disability friendly measures. The Bank also engages with the disadvantaged and marginalised communities through the Axis Bank Foundation (ABF) to create a positive impact through community development initiatives. ABF initiatives cater to women, children, children with disabilities, tribals and rural populace at large.
