The Base Prospectus constitutes a base prospectus prepared in compliance with the UK Prospectus Regulation for the purpose of giving information with regard to the issue of Covered Bonds under the Programme.

The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer, the information contained in this Supplement is in accordance with the facts and this Supplement does not omit anything likely to affect its import.

Westpac Market Update

The following information shall, by virtue of this Supplement, be added under the heading "Significant Developments" which commences on page 255 of the Base Prospectus:

1Q21 Update

On 17 February 2021, Westpac provided the market with an update of its performance for the three months ended 31 December 2020 ("1Q21"). The update coincided with the release of Westpac's Pillar 3 Report for 1Q21.

1Q21 reported after tax1

Reported net profit (\$m)	2H20 Qtr Avg.	1Q21
Net interest income	3,848	3,899
Non-interest income ²	942	963
Operating expenses	(3,279)	(2,834)
Impairment (charges)/benefit	(470)	501
Income tax expense and net profit attributable to non-controlling interests	(491)	(825)
Net profit attributable to owners of WBC	550	1,704

- 1 Performance comparison is 1Q21 compared to six months ended 30 September 2020 ("2H20") quarterly average unless otherwise stated. 1Q21 reported profit is unaudited.
- 2 Non-interest income is the total of net fee income, net wealth management and insurance income, trading income, and other income.

- Unaudited net profit after tax of \$1.7 billion, up significantly, mostly due to impairment provisions no longer required.
- 1Q21 results are unlikely to be replicated through the rest of financial year 2021 ("FY21"), given that margins remain under pressure and investment spending is likely to increase through 2021.
- Impairment charges to reflect credit quality and economic outlook.
