Debt Issuance Programme

Under the Debt Issuance Programme described in this Base Prospectus (the "Programme"), Fingrid Oyj (the "Issuer", "Fingrid" or the "Company"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities (the "Notes"). Subject to compliance with all relevant laws, regulations and directives, the Notes may have a minimum maturity of one month and no maximum maturity.

The aggregate principal amount of Notes outstanding will not at any time exceed €1,500,000,000 (or the equivalent in other currencies).

This Base Prospectus has been approved by the Central Bank of Ireland (the "CBI"), as competent authority under the Prospectus Directive (as defined below). Such approval relates only to Notes which are to be admitted to trading on a regulated market for the purposes of the Prospectus Directive and/or which are to be offered to the public in any member state (each a "Member State") of the European Economic Area (the "EEA"). The CBI only approves this Base Prospectus as meeting the requirements imposed under Irish and European Union law pursuant to the Prospectus Directive.

Application has been made to Euronext Dublin ("Euronext Dublin") for Notes issued under the Programme during the period of twelve months after the date of this Base Prospectus to be admitted to its official list (the "Official List") and to trading on its regulated market (the "Market"). The Market is a regulated market for the purposes of Directive 2014/65/EC (as amended, "MiFID II").

The Issuer intends to request that the CBI provide the competent authority in the United Kingdom with a certificate of approval attesting that this Base Prospectus has been drawn up in accordance with the Irish Prospectus Regulations (as defined below) (the "Notification"). The Issuer may request the CBI to provide competent authorities in additional Member States of the EEA with a Notification.

Following provision of the Notification, the Issuer may make an application to the Financial Conduct Authority under Part VI of the Financial Services and Markets Act 2000 ("FSMA") (the "UK Listing Authority") for Notes issued under the Programme to be admitted to the official list of the UK Listing Authority and admitted to trading on the regulated market of the London Stock Exchange plc (the "London Stock Exchange"), which is a regulated market for the purposes of MiFID II (or listed, admitted to trading and/or quoted on the regulated market of any other Member State in respect of which a Notification has been provided to the relevant competent authority of such Member State), either together with a listing on the regulated market of Euronext Dublin or as a single listing. If any Notes issued under the Programme are to be listed on the regulated market of the London Stock Exchange (or listed, admitted to trading and/or quoted on the regulated market of any other Member State in respect of which a Notification has been provided to the relevant competent authority of such Member State), this will be specified in the applicable Final Terms.

Each Series (as defined on page 18) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (a "temporary Global Note") or a permanent global note in bearer form (a "permanent Global Note" and each of the temporary Global Note and permanent Global Note, a "Global Note"). If the Global Notes are stated in the applicable Final Terms to be issued in new global note ("NGN") form, the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the "Common Safekeeper") for Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking S.A. ("Clearstream, Luxembourg") (the "Common Depositary").

Notes in registered form will be represented by registered certificates (each a "Certificate"), one Certificate being issued in respect of each Noteholder's entire holding of Registered Notes of one Series. Registered Notes issued in global form will be represented by registered global certificates ("Global Certificates"). If a Global Certificate is held under the New Safekeeping Structure (the "NSS") the Global Certificate will be delivered on or prior to the original issue date of the relevant Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg.

Global Notes which are not issued in NGN form ("Classic Global Notes" or "CGNs") and Global Certificates which are not held under the NSS may be deposited on the issue date of the relevant Tranche with a Common Depositary for Euroclear and Clearstream, Luxembourg.

The provisions governing the exchange of interests in Global Notes or Global Certificates for other Global Notes and definitive Notes and Certificates, respectively, are described in "Summary of Provisions Relating to the Notes while in Global Form".

The Programme has been rated AA- in respect of its long-term public issue credit rating for the Programme by S&P Global Ratings Europe Limited ("S&P") and A+ in respect of the Programme by Fitch Ratings Ltd ("Fitch"). Both of S&P and Fitch are established in the EU and registered under Regulation (EC) No 1060/2009 (the "CRA Regulation").

Tranches of Notes (as defined in "Overview of the Programme - Method of Issue") to be issued under the Programme will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms.

A rating assigned to the Issuer, the Programme or the Notes is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The minimum specified denominations of the Notes issued under this Programme shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

Prospective investors should have regard to the factors described under the section headed "Risk Factors" in this Base Prospectus.

This Base Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and for the purpose of giving information with regard to the Issuer, its subsidiaries (each a “Subsidiary” and together with the Issuer, the “Group”) and the Notes which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer. For the purposes of this Base Prospectus, the expression “Prospectus Directive” means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a Member State of the European Economic Area (each a “Relevant Member State”).

The Issuer accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Base Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see “*Documents Incorporated by Reference*”).

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (each as defined below). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or any of its subsidiaries and affiliates (the “Group”) since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), and may include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “*Subscription and Sale*”.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of any of the Issuer, the Dealers or the Arranger to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers or the Arranger accept any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Dealers or the Arranger that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus or any other financial statements and its purchase of Notes should be based

upon any such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

One or more independent credit rating agencies may assign credit ratings to the Issuer, the Programme or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should: (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio; (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such investor's financial activities are principally denominated; (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks. Some Notes issued under the Programme may be complex financial instruments and such instruments may be purchased by investors as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

In connection with the issue of any Tranche (as defined in "Overview of the Programme - Method of Issue"), the Dealer or Dealers (if any) appointed as the stabilising manager(s) (the "Stabilising Manager(s)") (or any person acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “€” or “euro” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Communities (as amended from time to time) and references to “U.S. Dollars” are to the currency of the United States of America.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, “MiFID II”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

PRIIPs / IMPORTANT – EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the “Insurance Mediation Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

BENCHMARKS REGULATION

Amounts payable on Floating Rate Notes may, if so specified in the applicable Final Terms, be calculated by reference to a Reference Rate (as defined in the conditions of the Notes). Any such Reference Rate may constitute a benchmark for the purposes of Regulation (EU) No 2016/1011 (the “Benchmarks Regulation”). If any such Reference Rate does constitute such a benchmark, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“ESMA”) pursuant to Article 36 (*Register of administrators and benchmarks*) of the Benchmarks Regulation. Transitional provisions in the Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Final Terms. The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus including any documents incorporated by reference herein, and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under or in connection with the Programme

Risks related to the functioning of the power system

Major disturbances or power shortages in the Finnish or Nordic power systems, which pose a significant risk to the Company, may occur due to: severe and simultaneous faults in the grid; the malfunctioning of the network control system; unforeseen meteorological phenomena; terrorism; deliberate intrusion into critical IT systems; vandalism; technical fault or human error (or a combination thereof); accident; inadequate production capacity; or an external incident, any of which could prevent the operation of the grid in whole or partially. Although the Company is prepared for these situations through continuity management, procedural guidelines, continuity plans and exercises, and by building up various reserves and through limiting its financial claims liability in all cases of disturbances through contracts and insurance policies, no assurance can be given that such events as described above will not occur. The occurrence of such events may have a negative impact on the Company's financial position.

Dysfunctional electricity markets

A poorly functioning electricity market poses a significant risk to the Company. Such a market may materialise if there is a lack of regional energy policy co-ordination, market-distorting state subsidies and/or problems in the formulation of electricity prices, which in turn could lead to reduced investment and the exit of adjustable capacity from the market due to unprofitability. This would create difficulties in the calculation of electricity prices on the electricity exchange to guide production plants and electricity consumption.

Whilst efforts are being made to manage the risk by promoting market integration on the domestic and Nordic level, promoting demand-side management, developing smart grid solutions for the retail market, increasing cross-border transmission capacity and carrying out investments that make it possible to maintain Finland as a single bidding area, no assurance can be given that such events as described above will not occur. The occurrence of such events may have a negative impact on the Company's operating environment and financial position.

Inappropriate or unanticipated capital investments

Unexpected decline in overall electricity consumption due to macro-economic factors or structural changes in specific industrial sectors can lead to a situation where transmission investments are no longer fully utilised or are no longer necessary for a particular area, region or industrial location.

In turn, unexpected increases in electricity consumption, changes in outlining the nationwide grid or new environmental requirements can lead to large unanticipated capital investment requirements. The occurrence of the events mentioned above may have a negative impact on the Company's financial position.

Risks related to regulation, electricity market, accounting and taxation

The Company operates under a licence and its operations are subject to official regulation and are supervised by the Finnish Energy Authority (the "EA"). The Electricity Market Act (588/2013, as amended) (the "Electricity Market Act") imposes on the Company certain obligations in the carrying out of its operations, including a responsibility to develop the electricity market, and imposes limitations on the allowed return for the Company. Risks related to the unfavourable development of official regulation, such as changes in Finnish or European regulation or legislation, may therefore weaken the Company's financial position or prevent the Company from pursuing the objectives related to the development of the electricity market.

Under Finnish accounting practice, depreciation method permits the deferral of taxes. If changes in accounting or tax legislation abolish this mechanism, it will negatively affect the Company's financial position.

Risks related to regulatory compliance

The Company has established a 3-line risks governance and defence framework in order to cope with the increasingly demanding compliance requirements posed by the evolving operating environment. Typical regulations are that of REMIT, MAR and GDPR as well as of sanction regimes related to eligibility validation of the business and financing counterparts, procedures for which are also included in the said framework. Whilst the Company seeks to constantly improve its overall GRC methodologies and auditing procedures in order to reduce the compliance risks, no assurance can be given that compliance violations will not occur. The occurrence of such events may have a negative impact on the Company's financial position or its reputation.

Risks related to health and safety matters

Electrical and occupational safety risks are inherent to the transmission grid, especially in connection with construction and repair work. Such risks may materialise due to, for example, human error or an accident close to live components, errors in construction work, or damage or vandalism to live structures or components, and may lead to serious injury, periods of sick leave, inability to work, disability or death. An accident may also cause electricity outages. Whilst the Company seeks to constantly improve the safety of the transmission grid by technical solutions and promoting safe ways of working and developing work methods, skills and communication to reduce the risk of errors and accidents, no assurance can be given that such events as described above will not occur. The occurrence of the events mentioned above may have a negative impact on the Company's financial position or its reputation.

Potential risks, which may harm the Company's financial position or its reputation, relate to the effects of electric and magnetic fields. The long-term effects of these fields on people's health have been examined extensively, but adverse effects have not been proved.

Risks related to the environment

The most significant environmental risks for the Company are related to environmental damage and the failure to meet the environmental protection obligations imposed on the Company.

The Company considers fuel and oil leaks and tank and transformer fires to be the most significant risks in this regard. There are hazardous materials used in parts of the power system, for example, in transformers. The Company also operates power plants for reserve purposes. This includes storing hazardous fuels that are harmful to the environment. There is risk that some commonly used material in the power system is stated hazardous but is not treated accordingly.

Whilst the Company has in place measures to manage environmental risks, such as proactive assessments of environmental impacts, monitoring of changes in environmental legislation, technical measures to prevent accidents and contractual terms with third parties relating to environmental issues and auditing, no assurance can be given that such events as described above will not occur. The occurrence of such events may have a negative impact on the Company's financial position.

Unanticipated increase in costs or decrease in income

- (i) Increases in operating costs related to reserves, construction, counter-trade or commodities; any unexpected repair or maintenance costs; decreases in electricity consumption; or structural changes in electricity production or consumption may have negative effects on the Company's financial position.
- (ii) The Company procures electricity lost through transmission from electricity exchanges and with bilateral contracts. Although the Company has hedged its short and medium term position with derivative instruments against electricity price risks, if the prevailing price is high for a sustained period of time, this may weaken the Company's financial position.

Financing risks

Financing risks include currency risks, interest rate risks, commodity price risks, liquidity and refinancing risks and credit risks. Financing risks may be caused by a major deviation in the Company's operating environment or business, disturbances in the capital and money markets, the realisation of counterparty risks in terms of derivatives or investments, or the realisation of credit risks in its operations or disturbances in payment transactions. The Company seeks to manage these risks through internal controls, maintaining a high credit rating and diversifying its financing structure with an even maturity profile. The Company also uses derivative contracts to hedge against changes in the price of electricity, which it is exposed to through power procurement to cover the losses in the grid. However, no assurance can be given that such events as described above will not occur. The realisation of financing risks may weaken the Company's financial position.

The Company has an interest rate risk component in its regulatory earnings. The Company's regulatory earnings are defined in the regulatory model by the EA. According to the regulatory model, the regulatory capital, which is the total capital invested in transmission network operations, is multiplied by the Weighted Average Cost of Capital ("WACC"). This equates to the allowed return, which is the regulatory profit the Company is allowed to earn annually. The WACC includes a risk-free rate component, which is based on the 10 year Finnish government bond yield. The risk-free rate applied in the annual WACC is the highest of the following: (i) 10 year daily average of the 10 year Finnish government bond yield and (ii) daily average of previous year (April–September) of the 10 year Finnish government bond yield. If the bond yield decreases, the WACC decreases and the Company's annual allowed return would in turn decrease. This may have an impact on the Company's financial position.

The Company has floating rate debt in respect of which it aims to maintain a maximum 12 month interest refixing period. Although the Company has partially hedged its short and medium term position with derivative instruments against high interest rates, if the prevailing interest rate is high for a long period of time, this may weaken the Company's financial position.

Counterparty and credit risk

The Company faces counterparty and credit risk, if a counterparty does not fulfil its obligations to the Company. The Company has counterparty risk in its operations, derivative agreements and liquidity management. Credit risk originates from the Company's customers or suppliers.

Although the Company monitors its counterparty and credit risks and has a risk management policy for managing these risks there is a possibility that if these risks are realised they may weaken the Company's financial position.

Human resources risk

The Company's personnel have unique knowledge and know-how in grid operations, grid investments and electricity markets. If certain key individuals either cease to be employed by the Company or their services cease to be otherwise available to the Company it may have negative effects on the Company's financial position.

Information and communications technology risk

Fingrid operates electricity transmission infrastructure with dedicated information and communications technology ("ICT") systems and software. Risk includes critical failure in information technology infrastructure, critical failure in ICT system or software, accidents at ICT hardware facilities, long- term inoperability of telecommunications, cyber-attack sabotage and human errors in operating or maintenance. The Company seeks to mitigate these risks through ensuring sufficient ICT expertise internally and from service providers and by ensuring that its ICT operations, systems and facilities are sufficiently secured. The Company has drawn up continuity plans for the most critical systems and monitors and anticipates possible data-security and cyber-security threats. Whilst the Company is prepared for ICT risk, no assurance can be given that such events as described above will not occur. These risks could prevent the operation of the grid in whole or in part that may have negative effects on the Company's financial position.

Grid assets risk

The transmission grid consists of components that are highly decentralised but failure of critical components could prevent the operation of the grid in whole or in part. The economic life of grid components is often several decades, therefore there is the risk of premature failure, price inflation and technical obsolescence. Failure of valuable components such as a transformer, submarine cable or reserve power plant may cause extensive damage. Other causes of damage may include other significant and unanticipated events such as storms, protests or war. Whilst the Company manages asset risks through grid safety planning, geographical diversification, preventive maintenance management, comprehensive insurance policies for the key grid components, detailed specifications for projects and maintenance management, quality control and the use of proven technology and suppliers, no assurance can be given that such events as described above will not occur. The occurrence of such events may interrupt the operation of the grid and could have negative effects on the Company's financial position.

Risks related to causing consequential economic losses to the customer

Consequential economic losses to the customer could cause errors or problems in operations, technology, or electricity transmission infrastructure; or harm to the electricity market because of the Company's decisions or instructions. The Company is managing this risk in various ways by being transparent and by developing its operations and governance. The risk is limited in customer contracts and with insurance. Residual risk suggests that the losses may still need to be compensated, which may have a negative effect on the Company's financial position.

Reputation risk

Reputation risks can be caused by factors such as serious disturbances or accidents, environmental damage, health and safety risks, changes in prices, redemption of land areas or delayed grid investments. Serious accusations directly linked to the Company's operations or various reputational risks in the media may increase critical discussion about the Company's operations. Whilst the Company strives to reduce these risks by means of effective risk and change management as well as responsible, transparent and impartial operations, high-quality communication and active stakeholder dialogue, no assurance can be given that such events as described above will not occur. Negative influence to reputation through human resource, supplier or regulation risk may also have negative effects on the Company's financial position.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Future discontinuance of LIBOR may adversely affect the value of Floating Rate Notes which reference LIBOR

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after 2021. The announcement

indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR going forwards. This may cause LIBOR to perform differently than it did in the past and may have other consequences that cannot be predicted.

Investors should be aware that, if LIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under the Terms and Conditions, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate based on the rate which was applied in the previous period when LIBOR was available.

Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR.

The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”

Interest rates and indices which are deemed to be “benchmarks”, are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”. Regulation (EU) 2016/1011 (the “Benchmarks Regulation”) was published in the Official Journal of the EU on 29 June 2016 and has applied since 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

Floating Rate Notes – benchmark discontinuation

Where Screen Rate Determination is specified as the manner in which the Rate of Interest in respect of floating rate Notes is to be determined, the Conditions provide that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where such Original

Reference Rate is discontinued, neither the Relevant Screen Page, nor any successor or replacement may be available.

Where the Relevant Screen Page is not available, and no successor or replacement for the Relevant Screen Page is available, the Conditions provide for the Rate of Interest to be determined by the Calculation Agent by reference to quotations from banks communicated to the Calculation Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of such Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was discontinued. Uncertainty as to the continuation of the Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if the Original Reference Rate is discontinued may adversely affect the value of, and return on, the floating rate Notes.

If a Benchmark Event (as defined in Condition 5(l)) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser. The Independent Adviser shall endeavour to determine a Successor Rate or Alternative Rate to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest will result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser, the Conditions provide that the Issuer may vary the Conditions, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Conditions also provide that an Adjustment Spread may be determined by the Independent Adviser and applied to such Successor Rate or Alternative Rate. The aim of the Adjustment Spread is to reduce or eliminate, to the extent reasonably practicable, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate. However, it may not be possible to determine or apply an Adjustment Spread and even if an Adjustment Spread is applied, such Adjustment Spread may not be effective to reduce or eliminate economic prejudice to Noteholders. If no Adjustment Spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest. The use of any Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) will still result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate in accordance with the terms and conditions of the Notes.

Where the Issuer is unable to appoint an Independent Adviser in a timely manner, or the Independent Adviser is unable, to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Accrual Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where the Issuer has been unable to appoint an Independent Adviser or, the Independent Adviser has failed, to determine a Successor Rate or Alternative Rate in respect of any given Interest Accrual Period, it will

continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate to apply the next succeeding and any subsequent Interest Accrual Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event will result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the floating rate Notes, in effect, becoming fixed rate Notes.

Where ISDA Determination is specified as the manner in which the Rate of Interest in respect of floating rate Notes is to be determined, the Conditions provide that the Rate of Interest in respect of the Notes shall be determined by reference to the relevant Floating Rate Option in the 2006 ISDA Definitions. Where the Floating Rate Option specified is an “IBOR” Floating Rate Option, the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks. If the relevant IBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of Interest that would be applicable, and may, adversely affect the value of, and return on, the floating rate Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Integral multiples of less than €100,000

In relation to any issue of Notes which have a denomination consisting of the minimum specified denomination of €100,000 plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €100,000 (or its equivalent) that are not integral multiples of €100,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination of €100,000 will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

Risks related to Notes generally

Modifications

The Terms and Conditions of the Notes and the Agency Agreement contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including the Noteholders who did not attend nor vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Change of law

The Terms and Conditions of the Notes are governed by English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Interest payments on the Notes or Coupons may be subject to Finnish withholding tax if the Noteholder's or Couponholder's status as a not resident of Finland for tax purposes cannot be appropriately established

Noteholders or Couponholders who are not resident in Finland for tax purposes and who do not engage in trade or business through a permanent establishment or a fixed place of business in Finland are not subject to Finnish taxes on interest or gains realised on the sale of the Notes or Coupons. However, interest payments made by the Issuer or a securities dealer (i.e., a financial institution making the payment) to Noteholders or Couponholders who are not resident in Finland for tax purposes may, nevertheless, be subject to Finnish withholding tax, unless the identity of the Noteholders or Couponholders can be appropriately established. It may be difficult for the Issuer or a securities dealer to appropriately establish the Noteholders' or Couponholders' identity as non-Finnish residents where interests in the Notes are held through Euroclear or Clearstream (especially when the Notes are held in a nominee account). Furthermore, the tax gross-up contained in Condition 8 of the terms and conditions of the Notes provides that no additional amounts will be payable to, or to a third party on behalf of, a holder of a Note or Coupon who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority.

As a result, Noteholders or Couponholders who are not liable for tax in Finland, yet who are unable, for whatever reason, to establish their identity as a non-Finnish resident, may have amounts in respect of taxation withheld from payments of interest under the Notes or Coupons. Whilst it is possible for non-Finnish residents who are not liable for tax in Finland to reclaim amounts that have been withheld, this would require an application to the Finnish tax authorities, which represents an added administrative burden and may be a time consuming process. Noteholders or Couponholders should therefore consult their tax advisers with respect to payments that may be received under the Notes or Coupons.

Notes issued as Green Bonds may not be a suitable investment for all investors seeking exposure to green assets

The Issuer may issue Notes under the Programme where the use of proceeds is specified in the relevant Final Terms to be for the financing and/or refinancing of specified green projects in accordance with certain prescribed eligibility criteria (see “Use of Proceeds”) (any such Notes, “Green Bonds”). In connection with an issue of Green Bonds, the Issuer has requested CICERO, an institute for climate research, to issue an independent opinion (a “Compliance Opinion”) confirming that any Green Bonds are in compliance with the International Capital Market Association (“ICMA”) Green Bond Principles. The ICMA Green Bond Principles are a set of voluntary guidelines that recommend transparency and disclosure and promote integrity in the development of the green bond market. CICERO’s Opinion dated 18 October 2017 is available at www.fingrid.fi/en/pages/investors/financing/green-financing/.

The Compliance Opinion is not incorporated into and does not form part of this Base Prospectus. The Compliance Opinion may not reflect the potential impact of all risks related to the structure, market, additional risk factors discussed here and other factors that may affect the value of the Green Bonds. The Compliance Opinion is not a recommendation to buy, sell or hold securities and is only current as of the date on which the Opinion was initially issued. The statements in this paragraph apply equally to any other or additional opinion delivered by CICERO (or any other sustainability rating agency or sustainability consulting firm) in connection with any issue of Green Bonds under the Programme.

There is currently no market consensus on what precise attributes are required for a particular project to be defined as ‘green’ or ‘sustainable’, and therefore no assurance can be provided to potential investors that the green projects to be specified in the relevant Final Terms will meet all investors’ expectations regarding sustainability performance or continue to meet the relevant eligibility criteria. Although applicable green projects are expected to be selected in accordance with the categories recognised by the ICMA Green Bond Principles, and are expected to be developed in accordance with applicable legislation and standards, there can be no guarantee that adverse environmental and/or social impacts will not occur during the design, construction, commissioning and/or operation of any such green projects. Where any negative impacts are insufficiently mitigated, green projects may become controversial, and/or may be criticised by activist groups or other stakeholders.

Further, although the Issuer may agree at the Issue Date of any Green Bonds to certain allocation and/or impact reporting and to use the proceeds for the financing and/or refinancing of green projects (as specified in the relevant Final Terms) in accordance with certain prescribed eligibility criteria as described under the Issuer’s Green Bonds Framework dated 3 October 2017, it would not be an event of default under the Green Bonds if (i) the Issuer were to fail to comply with such obligations or were to fail to use the proceeds in the manner specified in the relevant Final Terms and/or (ii) the Compliance Opinion were to be withdrawn. Any failure to use the net proceeds of any Series of Green Bonds in connection with green projects, and/or any failure to meet, or to continue to meet, the investment requirements of certain environmentally focused investors with respect to such Green Bonds may affect the value and/or trading price of the Green Bonds, and/or may have consequences for certain investors with portfolio mandates to invest in green assets.

Neither the Issuer nor the Dealers make any representation as to the suitability for any purpose of the Compliance Opinion or whether any Green Bonds fulfil the relevant environmental and sustainability criteria. Prospective investors should have regard to the eligible green bond projects and eligibility criteria described in the relevant Final Terms. Each potential purchaser of any Series of Green Bonds should determine for itself the relevance of the information contained in this Base Prospectus and in the relevant Final Terms regarding the use of proceeds and its purchase of any Green Bonds should be based upon such investigation as it deems necessary.

Risks related to the market generally

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and greater price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the Notes,

(2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

No. 324 of 2005), as amended (the “Irish Prospectus Regulations”), the Issuer shall prepare and make available an appropriate amendment or supplement to this Base Prospectus or a further prospectus which, in respect of any subsequent issue of Notes to be listed on the Official List and admitted to trading on the Market, shall constitute a supplemental prospectus as required by Part 8, Paragraph 51 of the Irish Prospectus Regulations. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Base Prospectus or in a document which is incorporated by reference in this Base Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Prospectus. The Issuer has given an undertaking to the Dealers that if at any time during the duration of the Programme there is a significant new factor, material mistake or inaccuracy relating to information contained in this Base Prospectus which is capable of affecting the assessment of any Notes and the inclusion of which in this Base Prospectus or removal is necessary, for the purpose of allowing an investor to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, and the rights attaching to the Notes, the Issuer shall prepare a supplement to this Base Prospectus or publish a replacement Base Prospectus for use in connection with any subsequent offering of the Notes and shall supply to each Dealer such number of copies of such supplement or replacement hereto as such Dealer may reasonably request.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed will prevail and in the event of inconsistency between the Agency Agreement or the Trust Deed and the applicable Final Terms, the applicable Final Terms will prevail. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by an Amended and Restated Trust Deed dated 12 March 2019 (as may be amended or supplemented and/or restated as at the date of issue of the Notes (the "Issue Date") (the "Trust Deed")) between the Issuer and Citicorp Trustee Company Limited (the "Trustee", which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions (the "Conditions") include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Amended and Restated Agency Agreement dated 27 March 2018 (as amended or supplemented and/or restated as at the Issue Date, the "Agency Agreement") has been entered into in relation to the Notes between the Issuer, the Trustee, Citibank, N.A., London Branch, as initial issuing and paying agent and the other agents named in it. The issuing and paying agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below, respectively, as the "Issuing and Paying Agent", the "Paying Agents" (which expression shall include the Issuing and Paying Agent), the "Registrar", the "Transfer Agents" (which expression shall include the Registrar) and the "Calculation Agent(s)". Copies of the Final Terms, Trust Deed and the Agency Agreement are available for inspection during usual business hours at the registered office of the Trustee (presently at Citigroup Centre, 25 Canada Square, Canary Wharf, London E14 5LB) and at the specified offices of the Paying Agents and the Transfer Agents.

The Noteholders, the holders (the "Couponholders") of the interest coupons (the "Coupons") appertaining to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the "Talons") are entitled to the benefit of, are bound by, and are deemed to have notice of, all of the provisions of the Trust Deed and the Final Terms and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

The Trust Deed provides that, in relation to any Noteholder and Couponholder, a person who is not a party to the Trust Deed has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Trust Deed, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

1 Form, Denomination and Title

The Notes are issued in bearer form (“Bearer Notes”, which expression includes Notes that are specified to be Exchangeable Bearer Notes), in registered form (“Registered Notes”) or in bearer form exchangeable for Registered Notes (“Exchangeable Bearer Notes”) in each case in the Specified Currency and the Specified Denomination(s) specified in the Final Terms provided that the minimum Specified Denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

All Registered Notes shall have the same Specified Denomination. Where Exchangeable Bearer Notes are issued, the Registered Notes for which they are exchangeable shall have the same Specified Denomination as the lowest Specified Denomination of Exchangeable Bearer Notes. The Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note or a combination of any of the foregoing, depending upon the Interest/Payment Basis shown in the Final Terms. Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Registered Notes are represented by registered certificates (“Certificates”) and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery outside the United States. Title to the Registered Notes shall, subject to mandatory rules of law, pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Certificate, Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “Noteholder” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “holder” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them in the Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 Exchange of Exchangeable Bearer Notes and Transfers of Registered Notes

(a) Exchange of Exchangeable Bearer Notes

Subject as provided in Condition 2(f), Exchangeable Bearer Notes may be exchanged for the same aggregate Principal Amount of Registered Notes at the request in writing of the relevant Noteholder and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Coupons and Talons relating to it, at the specified office of any Transfer Agent; provided, however, that where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 7(b)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) *Transfer of Registered Notes*

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or the Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Conditions 2(a), (b) or (c) shall be available for delivery five business days after receipt of the request for exchange, form of transfer or Exercise Notice or surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent (as defined in the Agency Agreement) the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "business day" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(e) *Exchange Free of Charge*

Exchange and transfer of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax, duty or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) Closed Period

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days ending on the due date for redemption of that Note, (ii) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(d), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption may, however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3 Status

The Notes and the Coupons constitute (subject to Condition 4) unsecured and unsubordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and Coupons shall, save for such exceptions as may be provided by applicable laws, at all times rank at least equally with all other unsecured and unsubordinated indebtedness of the Issuer, present and future.

4 Negative Pledge

So long as any Notes remain outstanding (as defined in the Trust Deed), the Issuer will not (and will ensure that any of its Material Subsidiaries (as defined in Condition 10) do not) create or permit to subsist any mortgage, charge, pledge, lien or other security interest ("Security") upon the whole or any part of its undertaking, assets or revenues (including any uncalled capital) present or future to secure any Relevant Indebtedness (as defined below) exceeding in aggregate an amount equal to 10 per cent. of the consolidated total assets of the Group (as defined in Condition 10) (as determined by the latest consolidated financial statements of the Group) unless, at the same time or prior thereto, the Issuer's obligations under the Notes, the Coupons and the Trust Deed (a) are secured equally and rateably therewith, or (b) have the benefit of such other security or other arrangement as the Trustee in its absolute discretion shall deem to be not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution of the Noteholders. For the purposes of this Condition, "Relevant Indebtedness" means any present or future Indebtedness for Borrowed Money (as defined in Condition 10) of the Issuer or any Subsidiary other than:

- (a) Project Finance Indebtedness (as defined in Condition 10);
- (b) indebtedness owed by a Subsidiary (as defined in Condition 10) to the Issuer;
- (c) indebtedness secured on the property of an entity becoming a Subsidiary after 5 May 1998 where the relevant Security existed at the time such entity becomes a Subsidiary (provided that such Security was not created in contemplation of such acquisition and the principal amount secured at the time of such acquisition is not increased);
- (d) indebtedness incurred in connection with the purchase price of any asset and secured only on such asset and any income or other property derived therefrom or in connection therewith;
- (e) indebtedness owed to or guaranteed or subsidised by a government or sovereign agency or a lending organisation established by the United Nations, the European Union or by treaty (including the European Investment Bank, the European Bank for Reconstruction and Development and the Nordic Investment Bank) up to a maximum of €170,000,000 (or its equivalent in other currencies) in aggregate;

- (f) indebtedness secured by liens arising by operation of law in the normal course of business or by set-off arrangements between cash balances and bank borrowings at the same bank;
- (g) margin accounts arising under (i) derivatives contracts or (ii) electricity sales and purchases, in each case in the normal course of business; and
- (h) any extension, renewal or replacement (or successive extensions, renewals or replacements) of any indebtedness referred to in (a) to (g) above, provided the amount of the indebtedness secured thereby is not increased.

5 Interest and other Calculations

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest on its outstanding Principal Amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f).

(b) *Interest on Floating Rate Notes*

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f). Such Interest Payment Date(s) is/are either shown in the Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown in the Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA

Determination or Screen Rate Determination shall apply, depending upon which is specified in the Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “ISDA Rate” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the Final Terms;
- (y) the Designated Maturity is a period specified in the Final Terms; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the Final Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap Transaction” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate/Reference Bank Determination

- (a) Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:
 - (x) the offered quotation; or
 - (y) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at (i) 11.00 a.m. (London time) in the case of LIBOR; (ii) 11.00 a.m. (Brussels time) in the case of EURIBOR; (iii) 10.00 a.m. (Toronto time) in the case of BA-CDOR; (iv) 10.30 a.m. (Sydney time) in the case of BBSW; (v) 11.00 a.m. (Hong Kong time) in the case of HIBOR; (vi) 12.00 noon (Oslo time) in the case of NIBOR; (vii) 11.00 a.m. (Singapore time) in the case of SIBOR; or (viii) 11.00 a.m. (Stockholm time) in the case of STIBOR on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or if sub-paragraph (a)(x) above applies and no such offered quotation appears on the Relevant Screen Page or if subparagraph (a)(y) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference

Rate is (i) LIBOR, the principal London office of each of the Reference Banks; (ii) if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks; (iii) if the Reference Rate is BA-CDOR, the principal Toronto office of each of the Reference Banks; (iv) if the Reference Rate is BBSW, the principal Sydney office of each of the Reference Banks; (v) if the Reference Rate is HIBOR, the principal Hong Kong office of each of the Reference Banks; (vi) if the Reference Rate is NIBOR, the principal Oslo office of each of the Reference Banks; (vii) if the Reference Rate is SIBOR, the principal Singapore office of each of the Reference Banks; or (viii) if the Reference Rate is STIBOR, the principal Stockholm office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is (A) LIBOR, as at approximately 11.00 a.m. (London time); (B) if the Reference Rate is EURIBOR, as at approximately 11.00 a.m. (Brussels time); (C) if the Reference Rate is BA-CDOR, as at approximately 10.00 a.m. (Toronto time); (D) if the Reference Rate is BBSW, as at approximately 10.30 a.m. (Sydney time); (E) if the Reference Rate is HIBOR, as at approximately 11.00 a.m. (Hong Kong time); (F) if the Reference Rate is NIBOR, as at approximately 12.00 noon (Oslo time); (G) if the Reference Rate is SIBOR, as at approximately 11.00 a.m. (Singapore time); or (H) if the Reference Rate is STIBOR, as at approximately 11.00 a.m. (Stockholm time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.

(c) If paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks if the Reference Rate is (i) LIBOR, at approximately 11.00 a.m. (London time); (ii) if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time); (iii) if the Reference Rate is BA-CDOR, at approximately 10.00 a.m. (Toronto time); (iv) if the Reference Rate is BBSW, at approximately 10.30 a.m. (Sydney time); (v) if the Reference Rate is HIBOR, at approximately 11.00 a.m. (Hong Kong time); (vi) if the Reference Rate is NIBOR, at approximately 12.00 noon (Oslo time); (vii) if the Reference Rate is SIBOR, at approximately 11.00 a.m. (Singapore time); or (viii) if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is (A) LIBOR, the London inter-bank market; (B) if the Reference Rate is EURIBOR, the Euro-zone inter-bank market; (C) if the Reference Rate is BA-CDOR, the Toronto inter-bank market; (D) if the Reference Rate is BBSW, the Sydney inter-bank market; (E) if the Reference Rate is HIBOR, the Hong Kong inter-bank market; (F) if the Reference Rate is NIBOR, the Norwegian inter-bank market; (G) if the Reference Rate is SIBOR, the Singapore inter-bank market; or (H) if the Reference Rate is STIBOR, the Stockholm inter-bank market, as the case may be, or, if fewer than two of the

Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is (i) LIBOR, at approximately 11.00 a.m. (London time); (ii) if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time); (iii) if the Reference Rate is BA-CDOR, at approximately 10.00 a.m. (Toronto time); (iv) if the Reference Rate is BBSW, at approximately 10.30 a.m. (Sydney time); (v) if the Reference Rate is HIBOR, at approximately 11.00 a.m. (Hong Kong time); (vi) if the Reference Rate is NIBOR, at approximately 12.00 noon (Oslo time); (vii) if the Reference Rate is SIBOR, at approximately 11.00 a.m. (Singapore time); or (viii) if the Reference Rate is STIBOR, at approximately 11.00 a.m. (Stockholm time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is (A) LIBOR, the London inter-bank market; (B) if the Reference Rate is EURIBOR, the Euro-zone inter-bank market; (C) if the Reference Rate is BA-CDOR, the Toronto inter-bank market; (D) if the Reference Rate is BBSW, the Sydney inter-bank market; (E) if the Reference Rate is HIBOR, the Hong Kong inter-bank market; (F) if the Reference Rate is NIBOR, the Norwegian inter-bank market; (G) if the Reference Rate is SIBOR, the Singapore inter-bank market; or (H) if the Reference Rate is STIBOR, the Stockholm inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Linear Interpolation

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) *Zero Coupon Notes*

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 6(b)(i)).

(d) *Accrual of Interest*

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(e) *Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding*

- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to sub-paragraph (ii) below.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) Subject to the requirements of applicable law, for the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up). For these purposes “unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro.

(f) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, and the outstanding Principal Amount of such Note by the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required

to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(g) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts*

The Calculation Agent shall, as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate or amount and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Optional Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period is subject to adjustment pursuant to Condition 5(b), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(h) *Determination or Calculation by Trustee*

If the Calculation Agent does not at any time for any reason determine or calculate the Rate of Interest for an Interest Accrual Period or any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount the Trustee shall do so (or shall appoint an agent on its behalf to do so) and such determination or calculation shall be deemed to have been made by the Calculation Agent. (l) *Benchmark discontinuation*

(i) *Independent Adviser*

If a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(l)(ii)) and, in either case, an Adjustment Spread if any (in accordance with Condition 5(l)(iii)) and any Benchmark Amendments (in accordance with Condition 5(l)(iv)).

An Independent Adviser appointed pursuant to this Condition 5(l) shall act in good faith and in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Trustee, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 5(l).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(l) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Accrual Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Accrual Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period. For the avoidance of doubt, this Condition 5(l)(i) shall apply to the relevant next succeeding Interest Accrual Period only and any subsequent Interest Accrual Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(l)(i).

(ii) *Successor Rate or Alternative Rate*

If the Independent Adviser determines that:

- (a) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(l)(iii)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(l)); or
- (b) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(l)(iii)) subsequently be used in place of the

Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(l)).

(iii) Adjustment Spread

If the Independent Adviser determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(iv) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(l) and the Independent Adviser determines (i) that amendments to these Conditions and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the “Benchmark Amendments”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(l)(v), without any requirement for the consent or approval of Noteholders, vary these Conditions and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by a director of the Issuer pursuant to Condition 5(l)(v), the Trustee shall (at the expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Trustee in these Conditions or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed) in any way.

In connection with any such variation in accordance with this Condition 5(l)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Notices, etc.

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(l) will be notified promptly by the Issuer to the Trustee, the Calculation Agent, the Paying Agents and, in accordance with Condition 16, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by a director of the Issuer:

- (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 5(l); and
- (b) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread.

The Trustee shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Calculation Agent, the Paying Agents and the Noteholders.

(vi) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under Condition 5(l) (i), (ii), (iii) and (iv), the Original Reference Rate and the fallback provisions provided for in Condition 5(b)(iii)(B) will continue to apply unless and until a Benchmark Event has occurred.

(vii) Definitions:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate)
- (b) the Independent Adviser determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); (or if the Issuer determines that no such industry standard is recognised or acknowledged)
- (c) the Independent Adviser, determines to be appropriate.

7 Payments and Talons

(a) *Bearer Notes*

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on, or, at the option of the holder, by transfer to an account denominated in that currency with, a bank in the principal financial centre for that currency provided that (i) in the case of euro, the transfer may be to, or the cheque drawn on, a euro account with a bank in any city which has access to the TARGET System and (ii) in the case of Bearer Notes and Coupons, payments will not be made either by mail to an address in the United States or by transfer to an account maintained in the United States.

(b) *Registered Notes*

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in subparagraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the "Record Date"). Payments of interest on each Registered Note shall be made in the currency in which such payments are due by cheque drawn on a bank in the principal financial centre of the country of the currency concerned and mailed to the holder (or the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date and subject as provided in paragraph (a) above, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in the principal financial centre of the country of that currency provided, however, that in the case of euro, the transfer may be to, or the cheque drawn on, a euro account with a bank in any city that has access to the TARGET system.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by

United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) *Payments subject to Fiscal Laws*

Save as provided in Condition 8, payments will be subject in all cases to any other applicable fiscal or other laws or regulations in the place of payment or other laws and regulations to which the Issuer agrees to be subject and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations or agreements. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) *Appointment of Agents*

The Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Issuing and Paying Agent, the Paying Agents, the Registrar, Transfer Agents and the Calculation Agent act solely as agents of the Issuer (except as provided in the Trust Deed) and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities and (vi) such other agents as may be required by any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 16.

(f) *Unmatured Coupons unexchanged Talons*

- (i) Upon the due date for redemption of those Notes, Bearer Notes which comprise Fixed Rate Notes should be surrendered for payment together with all unmatured Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

- (iv) Where any Bearer Note that provides that the unmatured Coupons related thereto are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) *Non-Business Days*

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “business day” means a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “Financial Centres” in the Final Terms and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) on which TARGET is open for business and carrying out transactions in euro in the jurisdiction in which the euro account specified by the payee is located and a day on which the TARGET system is open.

(i) *Definition of the euro*

References in these Conditions to the euro are to the currency which was introduced at the start of the third stage of European Economic and Monetary Union pursuant to Article 109(4) of the Treaty.

8 Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes, the Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Finland or by any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer shall pay such additional amounts to the Noteholder or Couponholder as shall result in receipt by that Noteholder or Couponholder of such amounts as would have

been received by it had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) held by or on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with Finland other than the mere holding of the Note or Coupon; or
- (b) held by or on behalf of, a holder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (c) presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “principal” shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition or any amendment or supplement to it, (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “principal” and/or “interest” shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or the substitution for it under the Trust Deed.

Any action, condition or thing (including the obtaining or effecting of any necessary consent, approval, authorisation, exemption, filing, licence, order, recording or registration) at any time required to be taken, fulfilled or done in order (i) to enable the Issuer lawfully to enter into, exercise its rights and perform and comply with its obligations under the Notes and the Trust Deed, (ii) to ensure that those obligations are legally binding and enforceable and (iii) to make the Notes and the Trust Deed admissible in evidence in the courts of Finland is not taken, fulfilled or done; or

11 Meeting of Noteholders, Modifications and Waiver

(a) *Meetings of Noteholders*

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of these Conditions or any provisions of the Trust Deed. The quorum for any meeting convened to consider a resolution other than an Extraordinary Resolution shall be one or more persons holding or representing in the aggregate not less than one-tenth in Principal Amount of the Notes for the time being outstanding, and the quorum for any meeting convened to consider an Extraordinary Resolution shall be one or more persons holding or representing a clear majority in Principal Amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the Principal Amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the Principal Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount is shown in the Final Terms, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the Specified Currency or Specified Currencies of payment or Specified Denomination of the Notes, or (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum shall be one or more persons holding or representing not less than two-thirds or at any adjourned meeting not less than one third in principal amount of the Notes for the time being outstanding. The expression "Extraordinary Resolution" means a resolution passed at a meeting of Noteholders duly convened by a majority consisting of not less than three-quarters of the votes cast. All other resolutions shall be passed at a meeting of Noteholders duly convened by a clear majority of the votes cast.

The Trust Deed provides that a resolution in writing signed by, or on behalf of, the holders of not less than 90 per cent. in principal amount of Notes who for the time being are entitled to receive notice of a meeting shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of such Noteholders duly convened and held.

(b) *Modification of the Trust Deed*

The Trustee may, without the consent of the Noteholders or Couponholders, (i) agree to any modification of any of the provisions of the Trust Deed or these Conditions, the Notes or the Coupons

that is, in the opinion of the Trustee, of a formal, minor or technical nature or is made to correct a manifest error or to comply with a mandatory provision of the laws of England or Finland, and (ii) agree to any other modification (except as mentioned in the Trust Deed), and waive or authorise any breach, continuing breach or proposed breach, of any of the provisions of the Trust Deed or these Conditions that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

(c) *Entitlement of the Trustee*

In connection with the exercise of its trusts, powers and duties (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

12 Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Issuing and Paying Agent (in case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes.

Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

14 Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer as it may think fit to enforce the terms of the Trust Deed, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by holders of at least one-fifth in principal amount of the Notes outstanding and (b) it shall have been indemnified to its satisfaction. No Noteholder, or Couponholder may proceed directly against the Issuer unless the Trustee, having become bound so to proceed fails to do so within a reasonable time and such failure is continuing.

15 Indemnification of Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer and any entity related to the Issuer without accounting for any profits.

The Trustee has no responsibility for the maintenance of any rating assigned to the Rated Securities by any person.

16 Notices

Notices to the holders of Registered Notes shall be mailed to them (or, in the case of joint holders, to the first named) at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*) or if any such publication is not practicable, notice shall be validly given if published in another leading English language daily newspaper or as otherwise required by any exchange on which the Notes are listed. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

17 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999 except and to the extent (if any) that the Notes expressly provide for such Act to apply to any of their terms.

18 Governing Law, Jurisdiction and Service of Process

(a) Governing Law

The Trust Deed, the Notes, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with the Trust Deed or any Notes, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with the Trust Deed or any Notes, Coupons or Talons (“Proceedings”) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of

the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the Notes, Coupons and Talons and shall not affect the right of any of them to take Proceedings in one or more jurisdictions or preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) *Service of Process*

The Issuer irrevocably appoints Jordans Trust Company Limited of Suite 1, 3rd Floor 11-12 St. James' Square, London SW1Y 4LB as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in England, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 16. Nothing shall affect the right to serve process in any manner permitted by law.

USE OF PROCEEDS

The net proceeds from the issue of any Notes will be used by the Issuer for general funding purposes and/or as otherwise specified in the relevant Final Terms.

If so specified in the relevant Final Terms, the proceeds of any “green” bond may be used to finance and/or refinance specified green projects in accordance with certain prescribed eligibility criteria. Such criteria may include, but are not limited to, projects which involve green energy initiatives (such as energy efficiency, wind power, solar power, biomass and clean transport), climate change projects and/or other social infrastructure schemes. Details of such projects, and of any third party agency appointed to monitor compliance with such arrangements, will be detailed in the relevant Final Terms. See *“Risk Factors – Risks related to Notes generally – Notes issued as Green Bonds may not be a suitable investment for all investors seeking exposure to green assets”* for further detail.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes or the Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), (i) the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper and (ii) the relevant clearing systems will be notified by the Issuing and Paying Agent whether or not such Global Notes or the Global Certificates are intended to be held in a manner which would allow Eurosystem eligibility. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a Common Depositary.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depositary for Euroclear and Clearstream, Luxembourg (the “Common Depositary”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depositary, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is a NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depositary may (if indicated in the relevant Final Terms) also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other clearing system (an “Alternative Clearing System”) as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the registered holder of the Global Certificate, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such Alternative Clearing System (as the case may be).

Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

1 Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (A) if the relevant Final Terms indicate that such Global Note is issued in compliance with TEFRA C or in a transaction to which TEFRA is not applicable (see "*Overview of the Programme – Selling Restrictions*"), in whole, but not in part, for the Definitive Notes defined and described below; and
- (B) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement, for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

Each temporary Global Note that is also an Exchangeable Bearer Note will be exchangeable for Registered Notes in accordance with the Conditions in addition to any permanent Global Note or Definitive Notes for which it may be exchangeable and, before its Exchange Date, will also be exchangeable in whole or in part for Registered Notes only.

In relation to any issue of Notes which are represented by a temporary Global Note which is expressed to be exchangeable for definitive Bearer Notes at the option of the Noteholders, such Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lower Specified Denomination and multiples thereof).

2 Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under paragraph 4 below, in part for Definitive Notes or, in the case of paragraph 4 below, Registered Notes:

- (A) if the permanent Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Issuing and Paying Agent of its election to exchange the whole or a part of such Global Note for Registered Notes; or
- (B) otherwise, (1) if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or any Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Issuing and Paying Agent of its election for such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denomination.

3 Global Certificates

If the Final Terms state that the Notes are to be represented by a Global Certificate on issue, transfers or exchanges of the holding of Registered Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (A) if the Registered Notes represented by the Global Certificate are held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (B) if principal in respect of any Registered Notes is not paid when due; or
- (C) with the consent of the Issuer

provided that, in the case of the first transfer of part of a holding pursuant to paragraph 3(A) or 3(B) above, the holder of the Global Certificate has given the Registrar not less than 30 days' notice at its specified office of the intention of the holder of the Global Certificate to effect such transfer.

4 Partial Exchange of Permanent Global Notes

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system so permit, such permanent Global Note will be exchangeable at the cost of the Issuer in part on one or more occasions (1) for Registered Notes if the permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes, or (2) for Definitive Notes if principal in respect of any Notes is not paid when due.

5 Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note or Global Certificate exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be or if the Global Note is a NGN, the Issuer will procure that details of such exchange be entered pro rata in the records of the relevant clearing system. In this Base Prospectus, "Definitive Notes" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest or that has not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

6 Exchange Date

"Exchange Date" means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

Amendment to Conditions

The temporary Global Notes, the permanent Global Notes and the Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

1 Payments

No payment falling due after the Exchange Date will be made on any temporary Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Trust Deed. All payments in respect of Notes represented by a Global Note in a CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. If the Global Note is a NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "business day" set out in Condition 7(h) (Non-Business Days).

All payments in respect of Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the record date which shall be on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

2 Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note or a Global Certificate will become void unless it is presented for payment within a period of five years (in the case of both principal and interest) from the appropriate Relevant Date (as defined in "*Terms and Conditions of the Notes - Taxation*").

3 Meetings

For the purposes of any quorum requirements of a meeting of Noteholders the holder of a permanent Global Note or of the Notes represented by a Global Certificate shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.

4 Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant permanent Global Note.

5 Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer or any of its Subsidiaries (as defined in the Terms and Conditions of the Notes) if they are purchased together with the rights to receive all future payments of interest set out in the Final Terms.

6 Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a Global Note or Global Certificate shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the certificate numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg or the relevant Alternative Clearing System, as the case may be (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion or any other Alternative Clearing System (as the case may be)).

7 Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Global Note or Global Certificate may be exercised by the holder of the Global Note or Global Certificate giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent, except that the notice shall not be required to contain the certificate numbers of the Notes in respect of which the option has been exercised, and stating the principal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the Global Note or Global Certificate to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is a NGN or where the Global Certificate is held under the NSS, the Issuer shall procure that details of such exercise shall be entered pro rata in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

8 NGN nominal amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

9 Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or any Global Certificate is registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Global Certificate and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

10 Notices

So long as any Notes are represented by a Global Note or a Global Certificate and such Global Note or Global Certificate is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note or Global Certificate.

11 Electronic Consent and Written Resolution

While any Global Note is held on behalf of, or any Global Certificate is registered in the name of any nominee for, a clearing system, then:

- (a) approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 90 per cent. in nominal amount of the Notes outstanding (an "Electronic Consent" as defined in the Trust Deed) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the enhanced quorum requirements in the Trust Deed were satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders and holders of Coupons and Talons whether or not they participated in such Electronic Consent; and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Trust Deed) has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer and/or the Trustee, as the case may be, by (a) accountholders in the clearing system with entitlements to such Global Note or Global Certificate and/or, where (b) the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held. For the purpose of establishing the entitlement to give any such consent or instruction, the Issuer and the Trustee shall be entitled to rely on any certificate or other document issued by, in the case of (a) above, Euroclear, Clearstream, Luxembourg or any other relevant alternative clearing system (the "relevant clearing system") and, in the case of (b) above, the relevant clearing system and the accountholder identified by the relevant clearing system for the purposes of (b) above. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified together with the amount of such holding. Neither the Issuer nor the Trustee shall be liable to any person by reason of having

accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

FINGRID OYJ

Overview and History

Fingrid is a public limited liability company incorporated under the Finnish Limited Liability Company Act (624/2006, as amended). Fingrid was registered in the Finnish Trade Register on 13 January 1997 under Business Identity Code 1072894-3 and it operates under Finnish law. Fingrid's registered address is at Läkkisepäntie 21, 00620 Helsinki, with telephone number +358 30 395 5000 and its domicile is Helsinki.

Fingrid holds an electricity network licence, owns the Main Grid (as defined below) and holds the Main Grid agreements and related cash flows. Fingrid is responsible for the Finnish electricity system and cross-border transmission as well as controlling and maintaining emergency reserve power. Fingrid also owns reserve power plants used only in network disturbance situations.

On 13 July 2009, the European Parliament and the Council of the European Union adopted the third energy package concerning the internal energy market (the “Energy Package”). The decision provides for, among other things, rules for a renewed internal electricity market, regulation on conditions for access to the network for cross-border exchanges in electricity and the requirement that transmission operations are unbundled from electricity generation and sales operations by March 2012. As a result of the Energy Package, Pohjolan Voima Oy (“PVO”) and Fortum Power and Heat Oy (“Fortum”) as electricity generation companies had to dispose of their shareholding. On 19 April 2011 Fortum and PVO sold their combined 50 per cent. shareholding in Fingrid to the State of Finland and Mutual Pension Insurance Company Ilmarinen.

The Electricity Market Act which implements the Energy Package to Finnish legislation came into force on 1 September 2013. The EA issued a decision on 14 March 2014 in which it confirmed that Fingrid fulfils the requirements set out in the Electricity Market Act concerning the unbundling. The EA issued a decision on 19 January 2015 by which it granted Fingrid an electricity network licence and appointed Fingrid to be the Transmission System Operator in Finland (excluding Åland).

The general meeting of Fingrid held on 6 June 2014 amended the Company's Articles of Association by, inter alia, deleting a section of clause 3 which stated that a shareholder may vote with a maximum of forty-nine point nine per cent (49.9 per cent.) of the total votes represented in the meeting. As a result of the deletion, the State of Finland, who currently directly owns 28.24 per cent. of the shares of the Company entitling it to 37.66 per cent. of the votes and indirectly owns, through the National Emergency Supply Agency, 24.90 per cent. of the shares of Fingrid entitling it to 33.20 per cent. of the votes, and through the State Pension fund, 0.03 per cent. of the shares of Fingrid entitling it to 0.01 per cent. of the votes, can therefore vote with all its shareholding. Thus, it can be deemed that Fingrid is directly controlled by the State of Finland. Shareholder control over the Company shall always be in compliance with the provisions of the Finnish Limited Liability Company Act (624/2006, as amended), and Fingrid's Articles of Association.

Business and Operations

Fingrid is the owner and operator of Finland's high voltage electricity transmission system (the “Main Grid”) and all major cross-border power interconnections with neighbouring countries. Fingrid's business comprises the provision of Main Grid services, cross-border services, balance services and electricity market services to connected customers as well as participants in the electricity market. Fingrid owns nearly 100 per cent. of Finland's 400 kV and 220 kV lines. The 110 kV lines owned by Fingrid (approximately half of the 110kV lines in Finland) complement the meshed structure of its network and enable direct access by all substantial consumption and production entities to the Main Grid.

Power Transmission

Fingrid owns and operates approximately 14,300 kilometres of power lines and more than 100 electricity substations. The Company transmitted through the Main Grid approximately 75.5 per cent. (or 68.8 TWh) of the total electricity consumed in or transmitted via Finland in 2018. The balance was produced and consumed in regional grids or at industrial sites.

By international comparison, Fingrid's transmission losses are low indicating a well invested and maintained transmission grid with high level of operational efficiency.

Grid Operation and Asset Management

Fingrid's approach to grid operation and asset management is driven by the system safety and security obligations imposed by the Electricity Market Act. In its operations the Company employs modern information technology, which allows real-time centralised monitoring and control of the network. The Company places considerable emphasis on up-to-date technology as well as automating and outsourcing of routine work. All strategic network tasks are performed by Fingrid's personnel. Local operations and maintenance are outsourced to qualified subcontractors, which are selected in a competitive tender process. Such suppliers need to comply with Fingrid's Supplier Code of Conduct.

Services

Main Grid Services

Fingrid offers grid services to customers who are planning or already have a connection to the Main Grid and who want to transfer electricity through their connection point(s) to and from the Main Grid. Services include all aspects related to the Main Grid e.g. planning, constructing, maintaining and operating the grid. Currently Fingrid has approximately 120 grid service customers.

Cross-border Services

Cross-border services are offered to customers who transfer electricity through Fingrid's Nordic, Russian and Estonian connections. The total power transmission capacity available to Sweden, Norway and Estonia is offered to the power market with equal and uniform principles in the Nordic electricity market exchange, the Nord Pool AS and in the Elspot and Elbas market run by the Nord Pool.

The transmission services on Russian connections are offered separately to all electricity market parties.

Balance Services

Fingrid is responsible for maintaining a continuous power balance in Finland and for the imbalance settlement. Fingrid's customers can balance the difference between their electricity production, procurement and consumption and sales through Fingrid's balance services i.e. balance power, balance settlement and participation in the Nordic balancing power market. Since May 2017, eSett Oy, a Finnish limited liability company jointly owned by Fingrid, Statnett (the Norwegian transmission system operator) and Svenska Kraftnät (the Swedish transmission system operator) in equal shares, has provided imbalance settlement services to its owners.

Centralised Information Exchange

Based on the recent amendment (18.1.2019/108) to the Electricity Market Act, Fingrid is responsible for carrying out the preparation work concerning the implementation of a centralised information exchange system for the electricity retail market called Datahub, and in the future to provide and develop Datahub's services as well as administer the registered information for electricity market needs. Datahub will contain

data from 3.6 million electricity metering points in Finland. The information contained in Datahub will be used by approximately 100 electricity suppliers and over 80 distribution network companies servicing electricity consumers. A future Government decree shall rule the final date of implementation of the centralised information exchange system but based on the current estimation, Datahub system will be launched in April 2021. Fingrid's fully-owned subsidiary, Fingrid Datahub Oy, will implement the operational tasks related to Datahub and will be launched in April 2021. The EA shall later confirm service terms and conditions for the centralised information exchange and the methodology for pricing.

Earnings Model and Pricing

The EA monitors the reasonableness of Fingrid's pricing. The EA has developed a methodology to assess the reasonableness of Fingrid's return. The EA has confirmed the methodology for pricing for the periods 2016-2019 and 2020-2023. The regulation methods entered into force on 1 January 2016.

The Main Grid services offered by the Company and the manner in which those services are priced are governed by the Electricity Market Act. The pricing structure is mainly based on consumption of electricity, which makes Fingrid's income flow stable and improves financial predictability.

The Electricity Market Act was amended on 1 September 2017 to restrict a grid operator's ability to increase prices. A Finnish grid operator may increase its electricity transmission charges up to a maximum of 15 per cent. of the electricity transmission charges collected during the 12 months preceding the increase. If the grid operator makes additional increases to the electricity transmission charges during a 12 month period commencing from the date of the initial increase, these additional increases may not exceed 15 per cent. of the electricity transmission charges collected during the 12 month period that preceded the initial increase.

Capital Expenditure

Capital expenditure is planned with a 10 year time horizon and also includes preliminary plans for up to 20-30 years ahead. Certain network projects are executed in a significantly shorter time horizon, for example, the lead time is approximately five years for the construction and completion of new substations and power lines. Capital expenditure is driven by network aging, market development and needs to connect new power plants to the network.

Between 2018 and 2027, Fingrid's capital expenditure in the transmission grid and reserve power is estimated at around €1.2 billion.

Regulatory Framework

Fingrid is the only entity licensed in continental Finland to conduct national high voltage power transmission. On 10 April 2014 Fingrid applied for a new licence under the Electricity Market Act. The new licence was issued by the EA on 19 January 2015. The licence is valid until further notice.

A precondition for grant of the license was that Fingrid was certified as an unbundled Transmission System Operator. This decision was made by the EA on 14 March 2014 as mentioned above. The unbundling decision includes two conditions relating to the shareholders of Fingrid which Fingrid has to fulfil: Fingrid has to notify the EA in case any other shareholder other than the State of Finland purchases over 5 per cent. of the shares in a company that produces or supplies power and any subsequent 1 per cent. holding increase thereof; and a current shareholder of Fingrid who held 0.13 per cent. of voting shares had to renounce such voting shares by 31 December 2016. This matter has been resolved between the shareholder and the EA so that the shareholder gave up voting rights in a way acceptable to the EA.

Under the terms of the Electricity Market Act and the decree (27.8.2013/635) issued by the Ministry of Economic Affairs and Employment concerning the systems responsibility of the Transmission System Operator, Fingrid's primary obligations are to:

1. ensure that the Main Grid can fulfil reasonable demands for electricity transmission in the long term;
2. manage the operations of the Main Grid so that it operates safely and efficiently;
3. maintain adequate resources concerning the Main Grid service so that the party responsible for the system can on its part secure the delivery of reliable electricity;
4. manage the required ancillary services; and
5. take care of balance management and settlement.

These obligations also include requirements in relation to operational security, safety of operations, environmental matters, reliable metering, equal and non-discriminatory access to the Main Grid and provision of adequate information for the EA to be able to fulfil its monitoring duty.

TAXATION

General

The comments below are of a general nature and are not intended to be exhaustive. Any Noteholders who are in doubt as to their own tax position should consult their professional advisers.

1 Finnish Taxation

The following summary outlines Finnish tax consequences to holders of Notes who are not residents of Finland for tax purposes and who are not engaged in business in Finland for Finnish tax purposes through a permanent place of business in Finland or otherwise. Purchasers are urged to consult their professional advisers as to the tax consequences of holding or transferring Notes.

Under present Finnish law, payments of the principal of and interest (if any) on the Notes will be exempt from all taxes, duties, fees and imposts of whatever nature, imposed or levied by or within the Republic of Finland or by any province, municipality or other political sub-division or taxing authority thereof and therein, except when the holder of the Note or Coupon to which any such payment relates is subject to such taxation thereon by reason of such holder being connected with the Republic of Finland otherwise than solely by his holding of such Note or Coupon or the receipt of income therefrom. However, interest payments made by the Issuer or a securities dealer (i.e. a Finnish financial institution making the payment) to holders of the Notes who are not resident in Finland for tax purposes may, nevertheless, be subject to Finnish withholding tax, unless the identity of the holders of the Notes can be appropriately established. See "*Risk Factors – Risks related to Notes generally - Interest payments on the Notes may be subject to Finnish withholding tax if the Noteholder's status as a not resident of Finland for tax purposes cannot be appropriately established*".

The above holders of the Notes are not liable to pay Finnish capital gains tax on Notes nor is transfer tax in general payable on a transfer of Notes.

Transfers of Notes by a non-resident by way of a gift or by reason of the death of the owner may be subject to Finnish gift or inheritance tax, respectively, to the extent that either party is tax resident in Finland.

2 United Kingdom

The comments in this part are based on current United Kingdom tax law as applied in England and Wales and HM Revenue & Customs published practice (which may not be binding on HM Revenue & Customs), in each case as at the latest practicable date before the date of this Base Prospectus. They assume that interest on the Notes does not have a United Kingdom source, in particular, that the Issuer is not United Kingdom resident and does not act through a permanent establishment in the United Kingdom in relation to the Notes, and that no other nexus with the United Kingdom results in interest on the Notes having a United Kingdom source. They do not necessarily apply where the income is deemed for tax purposes to be the income of any other person. They relate only to the position of persons who hold their Notes as investments (regardless of whether the holder also carries on a trade, profession or vocation through a permanent establishment, branch or agency to which the Notes are attributable) and are the absolute beneficial owners thereof. In particular, Noteholders holding their Notes via a depositary receipt system or clearance service should note that they may not always be the beneficial owners thereof. Certain classes of persons such as dealers, certain professional investors, or persons connected with the Issuer may be subject to special rules and this summary does not apply to such Noteholders.

References in this part to "interest" shall mean amounts that are treated as interest for the purposes of United Kingdom taxation.

Interest on the Notes

Payments of interest on the Notes by the Issuer may be made without withholding or deduction for or on account of United Kingdom income tax.

3 U.S. Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, as amended, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including Finland) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

4 The Proposed Financial Transactions Tax (“FTT”)

On 14 February 2013 the European Commission published a proposal (“the Commission’s Proposal”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “participating Member States”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Subject to the terms and the conditions contained in an Amended and Restated Programme Agreement dated 12 March 2019 (the “Programme Agreement”) between the Issuer and the Permanent Dealers, the Notes will be offered from time to time by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between the Issuer and the Dealer, which commission may be deducted from the net proceeds payable to the Issuer on the closing of any series of Notes. The Issuer has agreed to reimburse the Dealers for certain of their expenses incurred in connection with the establishment and the update of the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and regulations thereunder. The applicable Final Terms will identify whether TEFRA C or TEFRA D apply or whether TEFRA is not applicable.

Each Dealer has represented, warranted and agreed that, except as permitted by the Programme Agreement, it has not offered, sold or delivered and will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of such Tranche as determined and certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant Lead Manager (in the case of a syndicated issue), within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S. In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States, is unauthorised and any disclosure without the prior written consent of the Issuer or any of its contents to any such U.S. person or other person within the United States is prohibited.

United Kingdom

Each Dealer has represented and agreed that:

- (i) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the FSMA by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “Financial Instruments and Exchange Act”). Accordingly, each of the Dealers has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan.

Prohibition of Sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision the expression retail investor means a person who is one or more of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or

- (ii) a customer within the meaning of the Insurance Mediation Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive.

No representation is made that any action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed that it shall, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms in all cases at its own expense.

FORM OF FINAL TERMS

Final Terms dated [●]

FINGRID OYJ

**Issue of [Aggregate Nominal Amount of Tranche] [Title of Notes]
under the €1,500,000,000 Debt Issuance Programme**

PART A - CONTRACTUAL TERMS

[MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, “MiFID II”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the “Insurance Mediation Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.
