Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act (17 CFR 230.405) or Rule 12b-2 of the Exchange Act (17 CFR 240.12b-2).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 9.01. Financial Statements and Exhibits

Exhibits are filed herewith in connection with the Registration Statement on Form S-3 (File Nos. 333-221324 and 333-221324-01) filed by Wells Fargo & Company and Wells Fargo Finance LLC with the Securities and Exchange Commission.

On January 31, 2020, Wells Fargo Finance LLC issued the following Medium-Term Notes, Series A: (i) Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index and the EURO STOXX 50[®] Index due February 6, 2030; (ii) Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the EURO STOXX 50[®] Index due January 31, 2030; (iii) Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index and the Russell 2000[®] Index due January 31, 2025; (iv) Principal at Risk Securities Linked to the S&P 500[®] Index due January 31, 2023; (v) Principal at Risk Securities Linked to the EURO STOXX 50[®] Index due January 31, 2023; (vi) Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index and the EURO STOXX 50[®] Index due February 6, 2030; (vii) Principal at Risk Securities Linked to a Basket of Three Financial Sector Stocks due March 31, 2021; (viii) Principal at Risk Securities Linked to the Lowest Performing of the Nasdaq-100 Index[®], the Russell 2000[®] Index and the EURO STOXX 50[®] Index due February 6, 2030; (ix) Principal at Risk Securities Linked to the Lowest Performing of the Dow Jones Industrial Average[®], the Russell 2000[®] Index and the Nasdaq-100 Index[®] due February 6, 2030; and (x) Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index, the S&P 500[®] Index and the EURO STOXX 50[®] Index due January 31, 2030 (collectively, the “Notes”). The Notes are fully and unconditionally guaranteed by Wells Fargo & Company (the “Guarantee”).

The purpose of this Current Report is to file with the Securities and Exchange Commission the form of Note related to each issuance and the opinion of Faegre Baker Daniels LLP regarding the Notes and the Guarantee.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000® Index and the EURO STOXX 50® Index due February 6, 2030

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is automatically called prior to the Stated Maturity Date as provided below under “Automatic Call,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Call Settlement Date (as defined below), if any. The “Initial Stated Maturity Date” shall be February 6, 2030. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Automatic Call

If the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on any of the quarterly Calculation Days (as defined below) from February 2021 to November 2029, inclusive, is greater than or equal to its Starting Level (as defined below), this Security will be automatically called by the Company, and on the related Call Settlement Date the Holder hereof will receive the Call Price (as defined below) plus a final Contingent Coupon Payment. Unless the

Company defaults in the payment of the Call Price plus the final Contingent Coupon Payment, this Security will cease to be outstanding on such Call Settlement Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Call Settlement Date. The Holder hereof will not receive any notice from the Company in the event this Security is automatically called pursuant to the terms hereof. The “Call Price” is equal to the Face Amount of this Security. The “Call Settlement Date” for a Calculation Day shall be three Business Days after such Calculation Day, as such Calculation Day may be postponed as provided herein. If a Calculation Day is postponed with respect to one or both Indices, the related Call Settlement Date will be three Business Days after the last Calculation Day as postponed.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Call Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level of the Lowest Performing Index on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or both Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 7.05% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Call Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depository, any payments on this Security will be made to the Depository by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Call Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Call Price and Contingent Coupon Payments

If this Security is not automatically called prior to the Stated Maturity Date as provided above under "Automatic Call," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the Russell 2000 Index and the EURO STOXX 50 Index.

The "Pricing Date" shall mean January 28, 2020.

The "Lowest Performing Index" for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or both Indices as provided herein).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the Russell 2000 Index is 1658.314, its Closing Level on the Pricing Date, and with respect to the EURO STOXX 50 Index is 3719.22, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the Russell 2000 Index is 1243.7355, which is equal to 75% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2789.415, which is equal to 75% of its Starting Level.

The “Downside Threshold Level” with respect to the Russell 2000 Index is 994.9884, which is equal to 60% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2231.532, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 1st day of each February, May, August and November, commencing May 2020 and ending November 2029, and the Final Calculation Day. If any such day is not a Trading Day with respect to either Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is February 1, 2030. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the

Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at (i) with respect to the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of (i) with respect to the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor. Notwithstanding the postponement of a Calculation Day for one Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for the other Index if such other Index is not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to the Russell 2000 Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Russell 2000 Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to the Russell 2000 Index is scheduled to be open for trading for its regular trading session.

A “Trading Day” with respect to the EURO STOXX 50 Index means a day, as determined by the Calculation Agent, on which (i) the relevant Index Sponsor is scheduled to publish the level of the EURO STOXX 50 Index and (ii) each Related Futures or Options Exchange with respect to the EURO STOXX 50 Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided*

that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to the Russell 2000 Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock

Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the Russell 2000 Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

A “Market Disruption Event” with respect to the EURO STOXX 50 Index means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in such Index or any Successor Equity Index, and the aggregate of all securities included in such Index or Successor Equity Index with respect to which any such event occurs comprise 20% or more of the level of such Index or Successor Equity Index;
- a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or
 - the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.
- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to such Index or any Successor Equity Index:
- a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day; or
 - the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is

announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.

- (C) The relevant Index Sponsor fails to publish the level of such Index or any Successor Equity Index (other than as a result of the relevant Index Sponsor having discontinued publication of such Index or Successor Equity Index and no Successor Equity Index being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the EURO STOXX 50 Index:

- (1) the relevant percentage contribution of a security included in such Index or any Successor Equity Index to the level of such Index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the relevant Index Sponsor publishes the level of such Index or any Successor Equity Index and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to February 6, 2030. Except as set forth above under “Automatic Call,” this Security is not subject to redemption prior to February 6, 2030. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000® Index
and the EURO STOXX 50® Index due February 6, 2030**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities

represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Call Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Call Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the EURO STOXX 50[®] Index due January 31, 2030

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is redeemed prior to the Stated Maturity Date as provided below under “Optional Redemption,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Applicable Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Optional Redemption Date (as defined below), if any. The “Initial Stated Maturity Date” shall be January 31, 2030. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Optional Redemption

The Company may, at its option, redeem this Security, in whole but not in part, on any Optional Redemption Date (as defined below) by giving notice to the Holder hereof on or before the Calculation Day (as defined below) immediately preceding that Optional Redemption Date. If this

Security is redeemed, the Holder hereof will receive the Optional Redemption Price (as defined below) plus a final Contingent Coupon Payment (as defined below), if any, on the applicable Optional Redemption Date. Unless the Company defaults in the payment of the Optional Redemption Price plus the final Contingent Coupon Payment, if any, this Security will cease to be outstanding on such Optional Redemption Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Optional Redemption Date. The “Optional Redemption Price” is equal to the Face Amount of this Security. The “Optional Redemption Dates” shall be the Contingent Coupon Payment Dates (as defined below) following each Calculation Day scheduled to occur from July 2020 to October 2029, inclusive.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Optional Redemption Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Applicable Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement. The “Applicable Contingent Coupon Rate” that will apply with respect to any Calculation Day is as follows:

For the Calculation Days scheduled to occur from April 2020 to January 2025:	8.00% per annum
For the Calculation Days scheduled to occur from April 2025 to January 2028:	8.50% per annum
For the Calculation Days scheduled to occur from April 2028 to January 2030:	10.00% per annum

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such

Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depository, any payments on this Security will be made to the Depository by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Optional Redemption Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Optional Redemption Price and Contingent Coupon Payments

If this Security is not redeemed prior to the Stated Maturity Date as provided above under "Optional Redemption," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \text{Performance Factor of the Lowest Performing Index on the Final Calculation Day} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean each of the S&P 500 Index, the Russell 2000 Index and the EURO STOXX 50 Index.

The “Pricing Date” shall mean January 28, 2020.

The “Lowest Performing Index” for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the S&P 500 Index is 3276.24, its Closing Level on the Pricing Date, with respect to the Russell 2000 Index is 1658.314, its Closing Level on the Pricing Date, and with respect to the EURO STOXX 50 Index is 3719.22, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the S&P 500 Index is 2457.18, which is equal to 75% of its Starting Level, with respect to the Russell 2000 Index is 1243.7355, which is equal to 75% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2789.415, which is equal to 75% of its Starting Level.

The “Downside Threshold Level” with respect to the S&P 500 Index is 1965.744, which is equal to 60% of its Starting Level, with respect to the Russell 2000 Index is 994.9884, which is equal to 60% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2231.532, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market

data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 28th day of each January, April, July and October, commencing April 2020 and ending October 2029, and the Final Calculation Day. If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is January 28, 2030. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to the S&P 500 Index or the Russell 2000 Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

A “Trading Day” with respect to the EURO STOXX 50 Index means a day, as determined by the Calculation Agent, on which (i) the relevant Index Sponsor is scheduled to publish the level of the EURO STOXX 50 Index and (ii) each Related Futures or Options Exchange with respect to the EURO STOXX 50 Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such

Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to the S&P 500 Index or the Russell 2000 Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or

options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.

- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.
- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the S&P 500 Index or the Russell 2000 Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;

- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

A “Market Disruption Event” with respect to the EURO STOXX 50 Index means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in such Index or any Successor Equity Index, and the aggregate of all securities included in such Index or Successor Equity Index with respect to which any such event occurs comprise 20% or more of the level of such Index or Successor Equity Index;
- a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain

market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or

- the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.
- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to such Index or any Successor Equity Index:
- a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day; or
 - the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.
- (C) The relevant Index Sponsor fails to publish the level of such Index or any Successor Equity Index (other than as a result of the relevant Index Sponsor having discontinued publication of such Index or Successor Equity Index and no Successor Equity Index being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the EURO STOXX 50 Index:

- (1) the relevant percentage contribution of a security included in such Index or any Successor Equity Index to the level of such Index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the relevant Index Sponsor publishes the level of such Index or any Successor Equity Index and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to January 31, 2030. This Security is subject to redemption prior to January 31, 2030 as set forth under “Optional Redemption” above. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the EURO STOXX 50[®] Index due January 31, 2030

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the
S&P 500[®] Index and the Russell 2000[®] Index due January 31, 2025**

WELLS FARGO FINANCE LLC, a limited liability company, duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be January 31, 2025. If the Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Level of the Lowest Performing Index is greater than its Starting Level: the Face Amount plus:

$$x \left[\text{Face Amount} + \frac{\text{Index Return of Lowest Performing Index}}{\text{Upside Participation Rate}} \right];$$

- if the Ending Level of the Lowest Performing Index is less than or equal to its Starting Level, but greater than or equal to its Threshold Level: the Face Amount plus:

$$\left[\text{Face Amount} + \frac{\text{absolute value of Index Return of Lowest Performing Index}}{\text{Upside Participation Rate}} \right]; \text{ or}$$

- if the Ending Level of the Lowest Performing Index is less than its Threshold Level: the Face Amount plus:

$$\left[\text{Face Amount} + \frac{\text{Index Return of Lowest Performing Index}}{\text{Upside Participation Rate}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean each of the S&P 500 Index and the Russell 2000 Index.

The “Pricing Date” shall mean January 28, 2020.

The “Lowest Performing Index” will be the Index with the lowest Index Return as measured from its Starting Level to its Ending Level.

The “Index Return” with respect to an Index is the percentage change from its Starting Level to its Ending Level, measured as follows:

$$\frac{\text{Ending Level} - \text{Starting Level}}{\text{Starting Level}}$$

If the Index Return is equal to -5%, the absolute value of the Index Return would be +5%.

The “Starting Level” with respect to the S&P 500 Index is 3276.24, its Closing Level on the Pricing Date and with respect to the Russell 2000 Index is 1658.314, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Calculation Day.

The “Threshold Level” with respect to the S&P 500 Index is 2293.368, which is equal to 70% of its Starting Level and with respect to the Russell 2000 Index is 1160.8198, which is equal to 70% of its Starting Level.

The “Upside Participation Rate” is 115%.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments To An Index” and “—Discontinuance Of An Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Day” shall be January 28, 2025. If such day is not a Trading Day with respect to either Index, the Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. The Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index. If a Market Disruption Event occurs or is continuing with respect to an Index on the Calculation Day, then the Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If the Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange. Notwithstanding the postponement of the Calculation Day for one Index due to a Market Disruption Event with respect to such Index on the Calculation Day, the originally scheduled

Calculation Day will remain the Calculation Day for the other Index if such other Index is not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Maturity Payment Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to an Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments To An Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance Of An Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity and calculate the Ending Level of such Index as described above. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, the Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on the Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Day” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to an Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price

exceeding limits permitted by the Related Futures or Options Exchange or otherwise.

- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.
- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to an Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such

Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;

- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory,

administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to January 31, 2025. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration was the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index and the Russell 2000[®] Index due January 31, 2025

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities

represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Maturity Payment Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Maturity Payment Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the S&P 500® Index
due January 31, 2023**

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Payment at Maturity (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Maturity Date. The “Maturity Date” shall be January 31, 2023. If the Final Valuation Date (as defined below) is postponed, the “Maturity Date” shall be the later of (i) the originally scheduled Maturity Date and (ii) three Business Days (as defined below) after the Final Valuation Date as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Payment at Maturity

The “Payment at Maturity” of this Security will equal:

- if the Underlying Return is positive: the Principal Amount *plus*:
(Principal Amount x Underlying Return x Upside Gearing).
- if the Underlying Return is zero or negative but the Final Underlying Level is greater than or equal to the Downside Threshold: the Principal Amount.
- if the Underlying Return is negative and the Final Underlying Level is less than the Downside Threshold: the Principal Amount *plus*:
(Principal Amount x Underlying Return).

All calculations with respect to the Payment at Maturity will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Payment at Maturity will be rounded to the nearest cent, with one-half cent rounded upward.

“Underlying” shall mean the S&P 500[®] Index.

The “Trade Date” shall mean January 28, 2020.

The “Initial Underlying Level” is 3,276.24, the Closing Level of the Underlying on the Trade Date.

The “Closing Level” of the Underlying on any Trading Day means the official closing level of the Underlying reported by the Underlying Sponsor (as defined below) on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Adjustments to the Underlying,” “Discontinuance of the Underlying” and “Market Disruption Events.”

The “Final Underlying Level” will be the Closing Level of the Underlying on the Final Valuation Date.

The “Underlying Return” is equal to:
$$\frac{\text{Final Underlying Level} - \text{Initial Underlying Level}}{\text{Initial Underlying Level}}$$

The “Downside Threshold” is 2,457.18, which is equal to 75% of the Starting Level.

The “Upside Gearing” is 1.2125.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Underlying are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Related Futures or Options Exchange” for the Underlying means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Underlying.

The “Relevant Stock Exchange” for any security underlying the Underlying means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Final Valuation Date” shall be January 26, 2023. If the originally scheduled Final Valuation Date is not a Trading Day, the Final Valuation Date will be postponed to the next succeeding Trading Day. If a Market Disruption Event occurs or is continuing on the Final Valuation Date, then the Final Valuation Date will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Final Valuation Date, that eighth Trading Day shall be deemed to be the Final Valuation Date. If the Final Valuation Date has been postponed eight Trading Days after the originally scheduled Final Valuation Date and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Level of the Underlying on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Underlying last in effect prior to commencement of the Market Disruption Event, using the Closing Price (or, with respect to any relevant security, if a market disruption event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on such date of each security included in the Underlying. As used herein, “Closing Price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Final Underlying Level of the Underlying and the Payment at Maturity, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The

initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Underlying

If at any time the method of calculating the Underlying or a Successor Underlying, or the closing level thereof, is changed in a material respect, or if the Underlying or a Successor Underlying is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to the Underlying or Successor Underlying as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Underlying or Successor Underlying with reference to such index, as so adjusted. Accordingly, if the method of calculating the Underlying or Successor Underlying is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (e.g., due to a split or reverse split in such equity index), then the Calculation Agent will adjust the Underlying or Successor Underlying in order to arrive at a level of such index as if it had not been modified (e.g., as if the split or reverse split had not occurred).

Discontinuance of the Underlying

If the sponsor or publisher of the Underlying (the “Underlying Sponsor”) discontinues publication of the Underlying, and such Underlying Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Underlying (a “Successor Underlying”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Underlying as calculated by the relevant Underlying Sponsor or any other entity and calculate the Final Underlying Level as described above. Upon any selection by the Calculation Agent of a Successor Underlying, the Company will cause notice to be given to the Holder of this Security.

In the event that the Underlying Sponsor discontinues publication of the Underlying prior to, and the discontinuance is continuing on, the Final Valuation Date and the Calculation Agent determines that no Successor Underlying is available at such time, the Calculation Agent will calculate a substitute Closing Level for the Underlying in accordance with the formula for and method of calculating the Underlying last in effect prior to the discontinuance, but using only those securities that comprised the Underlying immediately prior to that discontinuance. If a Successor Underlying is selected or the Calculation Agent calculates a level as a substitute for the Underlying, the Successor Underlying or level will be used as a substitute for the Underlying for all purposes, including the purpose of determining whether a Market Disruption Event exists. If on the Final Valuation Date the Underlying Sponsor fails to calculate and announce the level of the Underlying, the Calculation Agent will calculate a substitute Closing Level of the

Underlying in accordance with the formula for and method of calculating the Underlying last in effect prior to the failure, but using only those securities that comprised the Underlying immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day, then the provisions set forth above under the definition of “Final Valuation Date” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of the Underlying or any Successor Underlying at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to the Underlying or any Successor Underlying on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of the Underlying or any Successor Underlying on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Underlying or any Successor Underlying on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of the Underlying or any Successor Underlying are traded or any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be

entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying the Underlying or Successor Underlying or any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security to the level of the Underlying or any Successor Underlying will be based on a comparison of (x) the portion of the level of such index attributable to that security and (y) the overall level of the Underlying or Successor Underlying, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for the Underlying or any Successor Underlying means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying the Underlying or Successor Underlying on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying the Underlying or Successor Underlying for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to the Underlying or Successor Underlying, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for the Underlying or any Successor Underlying means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for the Underlying or any Successor Underlying on which each Relevant Stock Exchange for the securities underlying the Underlying or any Successor Underlying and each Related Futures or Options Exchange are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine the Payment at Maturity and the Final Underlying Level of the Underlying under the circumstances described in this Security. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Underlying under the circumstances described in this Security, (ii) if publication of the Underlying is discontinued, select a Successor Underlying or, if no Successor Underlying is available, determine the Closing Level of the Underlying under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to January 31, 2023. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Payment at Maturity (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Payment at Maturity hereof calculated as provided herein as though the date of acceleration was the Final Valuation Date.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC
MEDIUM-TERM NOTE, SERIES A
Fully and Unconditionally Guaranteed by Wells Fargo & Company
Principal at Risk Securities Linked to the S&P 500® Index
due January 31, 2023

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Principal Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Payment at Maturity at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Payment at Maturity, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

ABBREVIATIONS

The following abbreviations, when used in the inscription on the face of this instrument, shall be construed as though they were written out in full according to applicable laws or regulations:

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the EURO STOXX 50® Index
due January 31, 2023**

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Payment at Maturity (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Maturity Date. The “Maturity Date” shall be January 31, 2023. If the Final Valuation Date (as defined below) is postponed, the “Maturity Date” shall be the later of (i) the originally scheduled Maturity Date and (ii) three Business Days (as defined below) after the Final Valuation Date as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Payment at Maturity

The “Payment at Maturity” of this Security will equal:

- if the Underlying Return is positive: the Principal Amount *plus*:

(Principal Amount x the lesser of (a) Underlying Return x Upside Gearing and (b) the Maximum Gain).

- if the Underlying Return is zero or negative but the Final Underlying Level is greater than or equal to the Downside Threshold: the Principal Amount.
- if the Underlying Return is negative and the Final Underlying Level is less than the Downside Threshold: the Principal Amount *plus*:

(Principal Amount x Underlying Return).

All calculations with respect to the Payment at Maturity will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Payment at Maturity will be rounded to the nearest cent, with one-half cent rounded upward.

“Underlying” shall mean the EURO STOXX 50[®] Index.

The “Trade Date” shall mean January 29, 2020.

The “Initial Underlying Level” is 3,736.36, the Closing Level of the Underlying on the Trade Date.

The “Closing Level” of the Underlying on any Trading Day means the official closing level of the Underlying reported by the Underlying Sponsor (as defined below) on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “Adjustments to the Underlying,” “Discontinuance of the Underlying” and “Market Disruption Events.”

The “Final Underlying Level” will be the Closing Level of the Underlying on the Final Valuation Date.

The “Underlying Return” is equal to:
$$\frac{\text{Final Underlying Level} - \text{Initial Underlying Level}}{\text{Initial Underlying Level}}$$

The “Downside Threshold” is 2,802.27, which is equal to 75% of the Starting Level.

The “Upside Gearing” is 5.0.

The “Maximum Gain” is 40.5% of the Principal Amount of this Security.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

A “Trading Day” means a day, as determined by the Calculation Agent, on which (i) the Underlying Sponsor is scheduled to publish the level of the Underlying and (ii) each Related Futures or Options Exchange is scheduled to be open for trading for its regular trading session.

The “Related Futures or Options Exchange” for the Underlying means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Underlying.

The “Relevant Stock Exchange” for any security underlying the Underlying means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Final Valuation Date” shall be January 26, 2023. If the originally scheduled Final Valuation Date is not a Trading Day, the Final Valuation Date will be postponed to the next succeeding Trading Day. If a Market Disruption Event occurs or is continuing on the Final Valuation Date, then the Final Valuation Date will be postponed to the first succeeding Trading Day on which a Market Disruption Event has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day after the originally scheduled Final Valuation Date, that eighth Trading Day shall be deemed to be the Final Valuation Date. If the Final Valuation Date has been postponed eight Trading Days after the originally scheduled Final Valuation Date and a Market Disruption Event occurs or is continuing on such eighth Trading Day, the Calculation Agent will determine the Closing Level of the Underlying on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of the Underlying last in effect prior to commencement of the Market Disruption Event, using the Closing Price (or, with respect to any relevant security, if a market disruption event has occurred with respect to such security, its good faith estimate of the value of such security at the time at which the official Closing Level of the Underlying is calculated and published by the relevant Underlying Sponsor) on such date of each security included in the Underlying. As used herein, “Closing Price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the time at which the official Closing Level of the Underlying is calculated and published by the Underlying Sponsor.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Final Underlying Level of the Underlying and the Payment at Maturity, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation

Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Underlying

If at any time the method of calculating the Underlying or a Successor Underlying, or the closing level thereof, is changed in a material respect, or if the Underlying or a Successor Underlying is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to the Underlying or Successor Underlying as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of the Underlying or Successor Underlying with reference to such index, as so adjusted. Accordingly, if the method of calculating the Underlying or Successor Underlying is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (e.g., due to a split or reverse split in such equity index), then the Calculation Agent will adjust the Underlying or Successor Underlying in order to arrive at a level of such index as if it had not been modified (e.g., as if the split or reverse split had not occurred).

Discontinuance of the Underlying

If the sponsor or publisher of the Underlying (the “Underlying Sponsor”) discontinues publication of the Underlying, and such Underlying Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to the Underlying (a “Successor Underlying”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Underlying as calculated by the relevant Underlying Sponsor or any other entity and calculate the Final Underlying Level as described above. Upon any selection by the Calculation Agent of a Successor Underlying, the Company will cause notice to be given to the Holder of this Security.

In the event that the Underlying Sponsor discontinues publication of the Underlying prior to, and the discontinuance is continuing on, the Final Valuation Date and the Calculation Agent determines that no Successor Underlying is available at such time, the Calculation Agent will calculate a substitute Closing Level for the Underlying in accordance with the formula for and method of calculating the Underlying last in effect prior to the discontinuance, but using only those securities that comprised the Underlying immediately prior to that discontinuance. If a Successor Underlying is selected or the Calculation Agent calculates a level as a substitute for the Underlying, the Successor Underlying or level will be used as a substitute for the Underlying for all purposes, including the purpose of determining whether a Market Disruption Event exists. If on the Final Valuation Date the Underlying Sponsor fails to calculate and announce the level of the Underlying, the Calculation Agent will calculate a substitute Closing Level of the Underlying in accordance with the formula for and method of calculating the Underlying last in

effect prior to the failure, but using only those securities that comprised the Underlying immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day, then the provisions set forth above under the definition of “Final Valuation Date” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in the Underlying or any Successor Underlying, and the aggregate of all securities included in the Underlying or Successor Underlying with respect to which any such event occurs comprise 20% or more of the level of the Underlying or Successor Underlying:
- ♦ a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
 - ♦ any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or
 - ♦ the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.
- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to the Underlying or any Successor Underlying:
- ♦ a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;
 - ♦ any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to the Underlying or Successor Underlying on any Related Futures or Options Exchange at any time during the one-hour

period that ends at the close of trading on such Related Futures or Options Exchange on that day; or

- ◆ the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.
- (C) The Underlying Sponsor fails to publish the level of the Underlying or any Successor Underlying (other than as a result of the Underlying Sponsor having discontinued publication of the Underlying or Successor Underlying and no Successor Underlying being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred:

- (1) the relevant percentage contribution of a security included in the Underlying or any Successor Underlying to the level of such index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the Underlying Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the Underlying Sponsor publishes the level of the Underlying or any Successor Underlying and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine the Payment at Maturity and the Final Underlying Level of the Underlying under the circumstances described in this Security. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of the Underlying under the circumstances described in this Security, (ii) if publication of the Underlying is discontinued, select a Successor Underlying or, if no Successor Underlying is available, determine the Closing Level of the Underlying under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event or non-Trading Day has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to January 31, 2023. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Payment at Maturity (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Payment at Maturity hereof calculated as provided herein as though the date of acceleration was the Final Valuation Date.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the EURO STOXX 50® Index
due January 31, 2023**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Principal Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect

to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Payment at Maturity at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Payment at Maturity, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

ABBREVIATIONS

The following abbreviations, when used in the inscription on the face of this instrument, shall be construed as though they were written out in full according to applicable laws or regulations:

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of
the Russell 2000[®] Index and the EURO STOXX 50[®] Index due February 6, 2030**

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is automatically called prior to the Stated Maturity Date as provided below under “Automatic Call,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Call Settlement Date (as defined below), if any. The “Initial Stated Maturity Date” shall be February 6, 2030. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Automatic Call

If the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on any of the quarterly Calculation Days (as defined below) from February 2021 to November 2029, inclusive, is greater than or equal to its Starting Level (as defined below), this Security will be automatically called by the Company, and on the related Call Settlement Date the Holder hereof will receive the Call Price (as defined below) plus a final Contingent Coupon Payment. Unless the

Company defaults in the payment of the Call Price plus the final Contingent Coupon Payment, this Security will cease to be outstanding on such Call Settlement Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Call Settlement Date. The Holder hereof will not receive any notice from the Company in the event this Security is automatically called pursuant to the terms hereof. The “Call Price” is equal to the Face Amount of this Security. The “Call Settlement Date” for a Calculation Day shall be three Business Days after such Calculation Day, as such Calculation Day may be postponed as provided herein. If a Calculation Day is postponed with respect to one or both Indices, the related Call Settlement Date will be three Business Days after the last Calculation Day as postponed.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Call Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level of the Lowest Performing Index on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or both Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 7.60% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Call Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depository, any payments on this Security will be made to the Depository by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Call Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Call Price and Contingent Coupon Payments

If this Security is not automatically called prior to the Stated Maturity Date as provided above under "Automatic Call," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the Russell 2000 Index and the EURO STOXX 50 Index.

The "Pricing Date" shall mean January 28, 2020.

The "Lowest Performing Index" for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or both Indices as provided herein).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the Russell 2000 Index is 1658.314, its Closing Level on the Pricing Date, and with respect to the EURO STOXX 50 Index is 3719.22, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the Russell 2000 Index is 1243.7355, which is equal to 75% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2789.415, which is equal to 75% of its Starting Level.

The “Downside Threshold Level” with respect to the Russell 2000 Index is 994.9884, which is equal to 60% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2231.532, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 1st day of each February, May, August and November, commencing May 2020 and ending November 2029, and the Final Calculation Day. If any such day is not a Trading Day with respect to either Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is February 1, 2030. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the

Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at (i) with respect to the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of (i) with respect to the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor. Notwithstanding the postponement of a Calculation Day for one Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for the other Index if such other Index is not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to the Russell 2000 Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying the Russell 2000 Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to the Russell 2000 Index is scheduled to be open for trading for its regular trading session.

A “Trading Day” with respect to the EURO STOXX 50 Index means a day, as determined by the Calculation Agent, on which (i) the relevant Index Sponsor is scheduled to publish the level of the EURO STOXX 50 Index and (ii) each Related Futures or Options Exchange with respect to the EURO STOXX 50 Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided*

that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to the Russell 2000 Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock

Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the Russell 2000 Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

A “Market Disruption Event” with respect to the EURO STOXX 50 Index means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in such Index or any Successor Equity Index, and the aggregate of all securities included in such Index or Successor Equity Index with respect to which any such event occurs comprise 20% or more of the level of such Index or Successor Equity Index;
- a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or
 - the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.
- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to such Index or any Successor Equity Index:
- a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day; or
 - the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is

announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.

- (C) The relevant Index Sponsor fails to publish the level of such Index or any Successor Equity Index (other than as a result of the relevant Index Sponsor having discontinued publication of such Index or Successor Equity Index and no Successor Equity Index being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the EURO STOXX 50 Index:

- (1) the relevant percentage contribution of a security included in such Index or any Successor Equity Index to the level of such Index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the relevant Index Sponsor publishes the level of such Index or any Successor Equity Index and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to February 6, 2030. Except as set forth above under “Automatic Call,” this Security is not subject to redemption prior to February 6, 2030. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000® Index
and the EURO STOXX 50® Index due February 6, 2030**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities

represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Call Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Call Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to a Basket of Three Financial Sector Stocks
due March 31, 2021**

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on the Stated Maturity Date. The “Initial Stated Maturity Date” shall be March 31, 2021. If the Calculation Day (as defined below) is not postponed for any Basket Component (as defined below), the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Calculation Day is postponed for any Basket Component, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Calculation Day as postponed. This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Determination of Maturity Payment Amount

The “Maturity Payment Amount” of this Security will equal:

- if the Ending Price is greater than the Starting Price: the Face Amount *plus* the lesser of:

(i)
$$\left[\text{Face Amount} \times \left[\frac{\text{Ending Price} - \text{Starting Price}}{\text{Starting Price}} \right] \times \text{Participation Rate} \right]; \text{ and}$$

(ii) the Maximum Return;

- if the Ending Price is less than or equal to the Starting Price: the Face Amount *minus*:

$$\left[\text{Face Amount} \times \frac{\text{Starting Price} - \text{Ending Price}}{\text{Starting Price}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

The “Basket” shall mean a basket comprised of the following Basket Components, with the return of each Basket Component having the weighting noted parenthetically: the common stock of Citigroup Inc. (1/3); the common stock of Morgan Stanley (1/3); and the common stock of JPMorgan Chase & Co. (1/3).

“Basket Component” shall mean each of the common stock of Citigroup Inc., the common stock of Morgan Stanley and the common stock of JPMorgan Chase & Co.

“Basket Component Issuer” shall mean the issuer of each Basket Component.

The “Pricing Date” shall mean January 28, 2020.

The “Starting Price” is 100.

The “Ending Price” will be calculated based on the weighted returns of the Basket Components and will be equal to the product of (i) 100 and (ii) an amount equal to 1 plus the sum of: (A) 1/3 of the Component Return of the common stock of Citigroup Inc.; (B) 1/3 of the Component Return of the common stock of Morgan Stanley; and (C) 1/3 of the Component Return of the common stock of JPMorgan Chase & Co.

The “Component Return” of a Basket Component will be equal to:

$$\frac{\text{Final Component Price} - \text{Initial Component Price}}{\text{Initial Component Price}}$$

where,

- the “Initial Component Price” is the Stock Closing Price of such Basket Component on the Pricing Date, as set forth below; and
- the “Final Component Price” will be the Stock Closing Price of such Basket Component on the Calculation Day.

The Initial Component Prices of the Basket Components are as follows: the common stock of Citigroup Inc. (\$77.24); the common stock of Morgan Stanley (\$54.02); and the common stock of JPMorgan Chase & Co. (\$134.43).

The “Maximum Return” is 21.90% of the Face Amount of this Security.

The “Participation Rate” is 300%

The “Stock Closing Price” with respect to each Basket Component on any Trading Day, means the product of the Closing Price of such Basket Component and the Adjustment Factor for such Basket Component, each on such Trading Day.

The “Adjustment Factor” for each Basket Component is initially 1.0. The Adjustment Factor for each Basket Component will remain constant for the term of this Security, subject to adjustment for certain corporate events relating to the applicable Basket Component Issuer as set forth below under “—Adjustment Events.”

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Day” shall be March 26, 2021. If such day is not a Trading Day with respect to any Basket Component, the Calculation Day for each Basket Component will be postponed to the next succeeding day that is a Trading Day with respect to each Basket Component. The Calculation Day for a Basket Component is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Basket Component. If a Market Disruption Event occurs or is continuing with respect to a Basket Component on the Calculation Day, then the Calculation Day for such Basket Component will be postponed to the first succeeding Trading Day for such Basket Component on which a Market Disruption Event for such Basket Component has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Basket Component after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Basket Component. If the Calculation Day has been postponed eight Trading Days for a Basket Component after the originally scheduled Calculation

Day and a Market Disruption Event occurs or is continuing with respect to such Basket Component on such eighth Trading Day, the Calculation Agent will determine the Closing Price (as defined below) of such Basket Component on such eighth Trading Day by using its good faith estimate of the Closing Price that would have prevailed for such Basket Component on such day. Notwithstanding the postponement of the Calculation Day for a Basket Component due to a Market Disruption Event with respect to such Basket Component on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Basket Component not affected by a Market Disruption Event on such day. See “—Market Disruption Events.”

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of the Maturity Payment Amount, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to a Basket Component means a day, as determined by the Calculation Agent, on which trading is generally conducted on the principal trading market for such Basket Component (as determined by the Calculation Agent, in its sole discretion), the Chicago Mercantile Exchange and the Chicago Board Options Exchange and in the over-the-counter market for equity securities in the United States.

The “Closing Price” for one share of a Basket Component (or one unit of any other security for which a Closing Price must be determined) on any Trading Day means:

- if such Basket Component (or any such other security) is listed or admitted to trading on a national securities exchange, the official closing price on such day published by the principal United States securities exchange registered under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), on which such Basket Component (or any such other security) is listed or admitted to trading; or
- if such Basket Component (or any such other security) is not listed or admitted to trading on any national securities exchange but is included in the OTC Bulletin Board Service operated by the Financial Industry Regulatory Authority, Inc. (“FINRA”), the last reported sale price of the principal trading session on the OTC Bulletin Board Service on such day.

If such Basket Component (or any such other security) is listed or admitted to trading on any national securities exchange but the official closing price is not available pursuant to the preceding sentence, then the Closing Price for one share of such Basket Component (or one unit of any such other security) on any Trading Day will mean the last reported sale price of the principal trading

session on the over-the-counter market as reported on the OTC Bulletin Board Service on such day.

If the official closing price or the last reported sale price, as applicable, for such Basket Component (or any such other security) is not available pursuant to either of the two preceding sentences, then the Closing Price per share for any Trading Day will be the mean, as determined by the Calculation Agent, of the bid price for such Basket Component (or any such other security) obtained from as many recognized dealers in such security, but not exceeding three, as will make such bid prices available to the Calculation Agent. Bids of Wells Fargo Securities, LLC or any of its affiliates may be included in the calculation of such mean, but only to the extent that any such bid is the highest of the bids obtained. The term “OTC Bulletin Board Service” will include any successor service thereto or, if the OTC Bulletin Board Service is discontinued and there is no successor service thereto, the OTC Reporting Facility operated by FINRA.

Market Disruption Events

A “Market Disruption Event,” with respect to a Basket Component, means the occurrence or existence of any of the following events:

- a suspension, absence or material limitation of trading in such Basket Component on its primary market for more than two hours of trading or during the one-half hour before the close of trading in that market, as determined by the Calculation Agent in its sole discretion;
- a suspension, absence or material limitation of trading in option or futures contracts relating to such Basket Component, if available, in the primary market for those contracts for more than two hours of trading or during the one-half hour before the close of trading in that market, as determined by the Calculation Agent in its sole discretion;
- such Basket Component does not trade on the New York Stock Exchange, the Nasdaq Global Select Market, the Nasdaq Global Market or what was the primary market for such Basket Component, as determined by the Calculation Agent in its sole discretion; or
- any other event, if the Calculation Agent determines in its sole discretion that the event materially interferes with the Company’s ability or the ability of any of its affiliates to unwind all or a material portion of a hedge with respect to this Security that the Company or its affiliates have effected or may effect.

The following events will not be a Market Disruption Event with respect to a Basket Component:

- a limitation on the hours or number of days of trading in such Basket Component in its primary market, but only if the limitation results from an announced change in the regular business hours of the relevant market; and
- a decision to permanently discontinue trading in the option or futures contracts relating to such Basket Component.

For this purpose, a “suspension, absence or material limitation of trading” in the applicable market will not include any time when that market is itself closed for trading under ordinary circumstances. In contrast, a “suspension, absence or material limitation of trading” in the applicable market for such Basket Component or option or futures contracts relating to such Basket Component, as applicable, by reason of any of:

- a price change exceeding limits set by that market;
- an imbalance of orders relating to such Basket Component or those contracts; or
- a disparity in bid and asked quotes relating to such Basket Component or those contracts

will constitute a “suspension, absence or material limitation of trading” in such Basket Component or those contracts, as the case may be, in the applicable market.

Adjustment Events

The Adjustment Factor for each Basket Component is initially 1.0. However, the Adjustment Factor for each Basket Component is subject to adjustment by the Calculation Agent as a result of the dilution and reorganization events described in this section.

How adjustments will be made

If one of the events described below occurs with respect to a Basket Component and the Calculation Agent determines that the event has a dilutive or concentrative effect on the market price of such Basket Component, the Calculation Agent will calculate a corresponding adjustment to the Adjustment Factor for such Basket Component as the Calculation Agent deems appropriate to account for that dilutive or concentrative effect. For example, if an adjustment is required because of a two-for-one stock split, then the Adjustment Factor for such Basket Component will be adjusted by the Calculation Agent by multiplying the existing Adjustment Factor by a fraction whose numerator is the number of shares of such Basket Component outstanding immediately after the stock split and whose denominator is the number of shares of such Basket Component outstanding immediately prior to the stock split. Consequently, the Adjustment Factor for such Basket Component will be adjusted to double the prior Adjustment Factor, due to the corresponding decrease in the market price of such Basket Component. Adjustments to the Adjustment Factor for a Basket Component will be made for events with an effective date or Ex-Dividend Date (as defined below), as applicable, from but excluding the Pricing Date to and including the Calculation Day for such Basket Component (the “Adjustment Period”).

The Calculation Agent will also determine the effective date of that adjustment, and the replacement of a Basket Component, if applicable, in the event of a consolidation or merger or certain other events in respect of the applicable Basket Component Issuer. Upon making any such adjustment, the Calculation Agent will give notice as soon as practicable to the Trustee and the Paying Agent, stating the adjustment to the Adjustment Factor of such Basket Component. The Calculation Agent will not be required to make any adjustments to the Adjustment Factor for purposes of calculating the Stock Closing Price for the Calculation Day after the close of business on the Calculation Day. In no event, however, will an antidilution adjustment to the Adjustment

Factor of a Basket Component during the term of this Security be deemed to change the Face Amount of this Security.

If more than one event requiring adjustment occurs with respect to a Basket Component, the Calculation Agent will make an adjustment for each event in the order in which the events occur, and on a cumulative basis. Thus, having made an adjustment for the first event, the Calculation Agent will adjust the Adjustment Factor for such Basket Component for the second event, applying the required adjustment to the Adjustment Factor for such Basket Component as already adjusted for the first event, and so on for any subsequent events.

For any dilution event described below, other than a consolidation or merger, the Calculation Agent will not have to adjust the Adjustment Factor for a Basket Component unless the adjustment would result in a change to the Adjustment Factor of such Basket Component then in effect of at least 0.10%. The Adjustment Factor of such Basket Component resulting from any adjustment will be rounded up or down, as appropriate, to the nearest one-hundred thousandth.

If an event requiring an antidilution adjustment occurs with respect to a Basket Component, the Calculation Agent will make the adjustment with a view to offsetting, to the extent practical, any change in the economic position of the Holder of this Security relative to this Security that results solely from that event. The Calculation Agent may, in its sole discretion, modify the antidilution adjustments as necessary to ensure an equitable result.

The Calculation Agent will make all determinations with respect to antidilution adjustments, including any determination as to whether an event requiring adjustment has occurred with respect to a Basket Component, as to the nature of the adjustment required for such Basket Component and how it will be made or as to the value of any property distributed in a Reorganization Event (as defined below), and will do so in its sole discretion. In the absence of manifest error, those determinations will be conclusive for all purposes and will be binding on the Holder of this Security and the Company, without any liability on the part of the Calculation Agent. The Holder of this Security will not be entitled to any compensation from the Company for any loss suffered as a result of any of these determinations by the Calculation Agent. The Calculation Agent will provide information about the adjustments that it makes upon the written request of the Holder of this Security.

If any of the adjustments specified below is required to be made with respect to an amount or value of any cash or other property that is distributed by a Basket Component Issuer organized outside the United States, such amount or value will be converted to U.S. dollars, as applicable, and will be reduced by any applicable foreign withholding taxes that would apply to such distribution if such distribution were paid to a U.S. person that is eligible for the benefits of an applicable income tax treaty, if any, between the United States and the jurisdiction of organization of such Basket Component Issuer, as determined by the Calculation Agent, in its sole discretion.

No adjustments will be made for certain other events, such as offerings of common stock by a Basket Component Issuer for cash or in connection with the occurrence of a partial tender or exchange offer for a Basket Component by the Basket Component Issuer of such Basket Component or any other person.

Stock Splits and Reverse Stock Splits

A stock split is an increase in the number of a corporation's outstanding shares of stock without any change in its stockholders' equity. Each outstanding share will be worth less as a result of a stock split.

A reverse stock split is a decrease in the number of a corporation's outstanding shares of stock without any change in its stockholders' equity. Each outstanding share will be worth more as a result of a reverse stock split.

If a Basket Component is subject to a stock split or a reverse stock split, then once the split has become effective the Calculation Agent will adjust the Adjustment Factor for such Basket Component to equal the product of the prior Adjustment Factor of such Basket Component and the number of shares issued in such stock split or reverse stock split with respect to one share of such Basket Component.

Stock Dividends

In a stock dividend, a corporation issues additional shares of its stock to all holders of its outstanding stock in proportion to the shares they own. Each outstanding share will be worth less as a result of a stock dividend.

If a Basket Component is subject to a stock dividend payable in shares of such Basket Component that is given ratably to all holders of shares of such Basket Component, then once the dividend has become effective the Calculation Agent will adjust the Adjustment Factor for such Basket Component on the Ex-Dividend Date to equal the sum of the prior Adjustment Factor for such Basket Component and the product of:

- the number of shares issued with respect to one share of such Basket Component, and
- the prior Adjustment Factor for such Basket Component.

The "Ex-Dividend Date" for any dividend or other distribution is the first day on and after which such Basket Component trades without the right to receive that dividend or distribution.

No Adjustments for Other Dividends and Distributions

The Adjustment Factor for a Basket Component will not be adjusted to reflect dividends, including cash dividends, or other distributions paid with respect to such Basket Component, other than:

- stock dividends described above,
- issuances of transferable rights and warrants as described in "—Transferable Rights and Warrants" below,
- distributions that are spin-off events described in "—Reorganization Events" below, and

- Extraordinary Dividends described below.

An “Extraordinary Dividend” means each of (a) the full amount per share of a Basket Component of any cash dividend or special dividend or distribution that is identified by the applicable Basket Component Issuer as an extraordinary or special dividend or distribution, (b) the excess of any cash dividend or other cash distribution (that is not otherwise identified by the applicable Basket Component Issuer as an extraordinary or special dividend or distribution) distributed per share of such Basket Component over the immediately preceding cash dividend or other cash distribution, if any, per share of such Basket Component that did not include an extraordinary or special dividend (as adjusted for any subsequent corporate event requiring an adjustment as described herein, such as a stock split or reverse stock split) if such excess portion of the dividend or distribution is more than 5.00% of the Closing Price of such Basket Component on the Trading Day preceding the Ex-Dividend Date for the payment of such cash dividend or other cash distribution (such Closing Price, the “Extraordinary Dividend Base Closing Price”) and (c) the full cash value of any non-cash dividend or distribution per share of such Basket Component (excluding Marketable Securities, as defined below).

If a Basket Component is subject to an Extraordinary Dividend, then once the Extraordinary Dividend has become effective the Calculation Agent will adjust the Adjustment Factor for such Basket Component on the Ex-Dividend Date to equal the product of:

- the prior Adjustment Factor for such Basket Component, and
- a fraction, the numerator of which is the Extraordinary Dividend Base Closing Price of such Basket Component on the Trading Day preceding the Ex-Dividend Date and the denominator of which is the amount by which the Extraordinary Dividend Base Closing Price of such Basket Component on the Trading Day preceding the Ex-Dividend Date exceeds the Extraordinary Dividend.

Notwithstanding anything herein, the initiation by a Basket Component Issuer of an ordinary dividend on such Basket Component or any announced increase in the ordinary dividend on such Basket Component will not constitute an Extraordinary Dividend requiring an adjustment.

To the extent an Extraordinary Dividend is not paid in cash or is paid in a currency other than U.S. dollars, the value of the non-cash component or non-U.S. currency will be determined by the Calculation Agent, in its sole discretion. A distribution on a Basket Component that is a dividend payable in shares of such Basket Component, an issuance of rights or warrants or a spin-off event and also an Extraordinary Dividend will result in an adjustment to the number of shares of such Basket Component only as described in “—Stock Dividends” above, “—Transferable Rights and Warrants” below or “—Reorganization Events” below, as the case may be, and not as described here.

Transferable Rights and Warrants

If a Basket Component Issuer issues transferable rights or warrants to all holders of such Basket Component to subscribe for or purchase such Basket Component at an exercise price per share that is less than the Closing Price of such Basket Component on the Trading Day before the

Ex-Dividend Date for the issuance, then the Adjustment Factor for such Basket Component will be adjusted to equal the product of:

- the prior Adjustment Factor for such Basket Component, and
- a fraction, (1) the numerator of which will be the number of shares of such Basket Component outstanding at the close of trading on the Trading Day before the Ex-Dividend Date (as adjusted for any subsequent event requiring an adjustment hereunder) plus the number of additional shares of such Basket Component offered for subscription or purchase pursuant to the rights or warrants and (2) the denominator of which will be the number of shares of such Basket Component outstanding at the close of trading on the Trading Day before the Ex-Dividend Date (as adjusted for any subsequent event requiring an adjustment hereunder) plus the number of additional shares of such Basket Component (referred to herein as the “Additional Shares”) that the aggregate offering price of the total number of shares of such Basket Component so offered for subscription or purchase pursuant to the rights or warrants would purchase at the Closing Price on the Trading Day before the Ex-Dividend Date for the issuance.

The number of Additional Shares will be equal to:

- the product of (1) the total number of additional shares of such Basket Component offered for subscription or purchase pursuant to the rights or warrants and (2) the exercise price of the rights or warrants, divided by
- the Closing Price of such Basket Component on the Trading Day before the Ex-Dividend Date for the issuance.

If the number of shares of such Basket Component actually delivered in respect of the rights or warrants differs from the number of shares of such Basket Component offered in respect of the rights or warrants, then the Adjustment Factor for such Basket Component will promptly be readjusted to the Adjustment Factor for such Basket Component that would have been in effect had the adjustment been made on the basis of the number of shares of such Basket Component actually delivered in respect of the rights or warrants.

Reorganization Events

Each of the following is a “Reorganization Event” with respect to a Basket Component:

- such Basket Component is reclassified or changed (other than in a stock split or reverse stock split),
- the applicable Basket Component Issuer has been subject to a merger, consolidation or other combination and either is not the surviving entity or is the surviving entity but all outstanding shares of such Basket Component are exchanged for or converted into other property,

- a statutory share exchange involving outstanding shares of such Basket Component and the securities of another entity occurs, other than as part of an event described above,
- the applicable Basket Component Issuer sells or otherwise transfers its property and assets as an entirety or substantially as an entirety to another entity,
- the applicable Basket Component Issuer effects a spin-off, other than as part of an event described above (in a spin-off, a corporation issues to all holders of its common stock equity securities of another issuer), or
- the applicable Basket Component Issuer is liquidated, dissolved or wound up or is subject to a proceeding under any applicable bankruptcy, insolvency or other similar law, or another entity completes a tender or exchange offer for all the outstanding shares of such Basket Component.

Adjustments for Reorganization Events

If a Reorganization Event occurs with respect to a Basket Component, then the Calculation Agent will adjust the Adjustment Factor for such Basket Component to reflect the amount and type of property or properties—whether cash, securities, other property or a combination thereof—that a holder of one share of such Basket Component would have been entitled to receive in relation to the Reorganization Event. This new property is referred to as the “Reorganization Property.”

Reorganization Property can be classified into two categories:

- an equity security listed on a national securities exchange, which is referred to generally as a “Marketable Security” and, in connection with a particular Reorganization Event, “New Stock,” which may include any tracking stock, any stock received in a spin-off (“Spin-Off Stock”) or any Marketable Security received in exchange for the applicable Basket Component; and
- cash and any other property, assets or securities other than Marketable Securities (including equity securities that are not listed, that are traded over the counter or that are listed on a non-U.S. securities exchange), which is referred to as “Non-Stock Reorganization Property.”

For the purpose of making an adjustment required by a Reorganization Event, the Calculation Agent, in its sole discretion, will determine the value of each type of the Reorganization Property. For purposes of valuing any New Stock, the Calculation Agent will use the Closing Price of the security on the relevant Trading Day. The Calculation Agent will value Non-Stock Reorganization Property in any manner it determines, in its sole discretion, to be appropriate. In connection with a Reorganization Event in which Reorganization Property includes New Stock, for the purpose of determining the Adjustment Factor for any New Stock as described below, the term “New Stock Reorganization Ratio” means the product of (i) the number of shares of the New Stock received with respect to one share of such Basket Component and (ii) the Adjustment Factor for the applicable Basket Component on the Trading Day immediately prior to the effective date of the Reorganization Event.

If a holder of shares of the applicable Basket Component may elect to receive different types or combinations of types of Reorganization Property in the Reorganization Event, the Reorganization Property will consist of the types and amounts of each type distributed to a holder of shares of such Basket Component that makes no election, as determined by the Calculation Agent in its sole discretion.

If any Reorganization Event occurs with respect to a Basket Component, then on and after the effective date for such Reorganization Event (or, if applicable, in the case of Spin-Off Stock, the Ex-Dividend Date for the distribution of such Spin-Off Stock) the term “Basket Component” herein will be deemed to mean the following with respect to such Basket Component, and for each share of such Basket Component, New Stock and/or Replacement Stock so deemed to constitute such Basket Component, the Adjustment Factor for such Basket Component will be equal to the applicable number indicated:

- (a) if such Basket Component continues to be outstanding:
 - (1) that Basket Component (if applicable, as reclassified upon the issuance of any tracking stock) at the Adjustment Factor for such Basket Component in effect on the Trading Day immediately prior to the effective date of the Reorganization Event; and
 - (2) if the Reorganization Property includes New Stock, a number of shares of New Stock equal to the New Stock Reorganization Ratio;

provided that, if any Non-Stock Reorganization Property is received in the Reorganization Event, the results of (a)(1) and (a)(2) above will each be multiplied by the “Gross-Up Multiplier,” which will be equal to a fraction, the numerator of which is the Closing Price of the original Basket Component on the Trading Day immediately prior to the effective date of the Reorganization Event and the denominator of which is the amount by which such Closing Price of the original Basket Component exceeds the value of the Non-Stock Reorganization Property received per share of such Basket Component as determined by the Calculation Agent as of the close of trading on such Trading Day; or

- (b) if such Basket Component is surrendered for Reorganization Property:
 - (1) that includes New Stock, a number of shares of New Stock equal to the New Stock Reorganization Ratio; provided that, if any Non-Stock Reorganization Property is received in the Reorganization Event, such number will be multiplied by the Gross-Up Multiplier; or
 - (2) that consists exclusively of Non-Stock Reorganization Property:
 - (i) if the surviving entity has Marketable Securities outstanding following the Reorganization Event and either (A) such Marketable Securities were in existence prior to such Reorganization Event or (B) such Marketable Securities were exchanged for previously outstanding Marketable Securities of the surviving entity or its predecessor (“Predecessor Stock”)

in connection with such Reorganization Event (in either case of (A) or (B), the “Successor Stock”), a number of shares of the Successor Stock determined by the Calculation Agent on the Trading Day immediately prior to the effective date of such Reorganization Event equal to the Adjustment Factor for such Basket Component in effect on the Trading Day immediately prior to the effective date of such Reorganization Event multiplied by a fraction, the numerator of which is the value of the Non-Stock Reorganization Property per share of such Basket Component on such Trading Day and the denominator of which is the Closing Price of the Successor Stock on such Trading Day (or, in the case of Predecessor Stock, the Closing Price of the Predecessor Stock multiplied by the number of shares of the Successor Stock received with respect to one share of the Predecessor Stock); or

- (ii) if the surviving entity does not have Marketable Securities outstanding, or if there is no surviving entity (in each case, a “Replacement Stock Event”), a number of shares of Replacement Stock (selected as defined below) with an aggregate value on the effective date of such Reorganization Event equal to the value of the Non-Stock Reorganization Property multiplied by the Adjustment Factor for such Basket Component in effect on the Trading Day immediately prior to the effective date of such Reorganization Event.

If a Reorganization Event occurs with respect to the shares of a Basket Component and the Calculation Agent adjusts the Adjustment Factor of such Basket Component to reflect the Reorganization Property in the event as described above, the Calculation Agent will make further antidilution adjustments for any later events that affect the Reorganization Property, or any component of the Reorganization Property, comprising the new Adjustment Factor of such Basket Component. The Calculation Agent will do so to the same extent that it would make adjustments if the shares of such Basket Component were outstanding and were affected by the same kinds of events. If a subsequent Reorganization Event affects only a particular component of the number of shares of such Basket Component, the required adjustment will be made with respect to that component as if it alone were the number of shares of such Basket Component.

For purposes of adjustments for Reorganization Events, in the case of a consummated tender or exchange offer or going-private transaction involving Reorganization Property of a particular type, Reorganization Property will be deemed to include the amount of cash or other property paid by the offeror in the tender or exchange offer with respect to such Reorganization Property (in an amount determined on the basis of the rate of exchange in such tender or exchange offer or going-private transaction). In the event of a tender or exchange offer or a going-private transaction with respect to Reorganization Property in which an offeree may elect to receive cash or other property, Reorganization Property will be deemed to include the kind and amount of cash and other property received by offerees who elect to receive cash.

Replacement Stock Events

Following the occurrence of a Replacement Stock Event described in paragraph (b)(2)(ii) above or in “—Delisting of American Depositary Shares or Termination of American Depositary

Receipt Facility” below with respect to a Basket Component, the Stock Closing Price of the applicable Basket Component on the Calculation Day on or after the effective date of the Replacement Stock Event will be determined by reference to a Replacement Stock and an Adjustment Factor (subject to any further antidilution adjustments) for such Replacement Stock as determined in accordance with the following paragraphs.

The “Replacement Stock” will be the stock having the closest “Option Period Volatility” to the applicable original Basket Component among the stocks that then comprise the Replacement Stock Selection Index (or, if publication of such index is discontinued, any successor or substitute index selected by the Calculation Agent in its sole discretion) with the same GICS Code (as defined below) as the applicable original Basket Component Issuer; provided, however, that a Replacement Stock will not include (i) any stock that is subject to a trading restriction under the trading restriction policies of the Company, the hedging counterparties of the Company or any of their affiliates that would materially limit the ability of the Company, the hedging counterparties of the Company or any of their affiliates to hedge this Security with respect to such stock or (ii) any stock for which the aggregate number of shares to be referenced by this Security (equal to the product of (a) (i) \$100 *divided by* (ii) the Starting Price of the applicable Basket Component, (b) the Adjustment Factor that would be in effect immediately after selection of such stock as the Replacement Stock and (c) (i) the aggregate face amount outstanding *divided by* (ii) \$1,000) exceeds 25% of the ADTV (as defined in Rule 100(b) of Regulation M under the Exchange Act) for such stock as of the effective date of the Replacement Stock Event (an “Excess ADTV Stock”).

If a Replacement Stock is selected in connection with a Reorganization Event for an original Basket Component, the Adjustment Factor with respect to such Replacement Stock will be equal to the number of shares of such Replacement Stock with an aggregate value, based on the Closing Price on the effective date of such Reorganization Event, equal to the product of (a) the value of the Non-Stock Reorganization Property received per share of such original Basket Component and (b) the Adjustment Factor of such Basket Component in effect on the Trading Day immediately prior to the effective date of such Reorganization Event. If a Replacement Stock is selected in connection with an ADS Termination Event (as defined below), the Adjustment Factor with respect to such Replacement Stock will be equal to the number of shares of such Replacement Stock with an aggregate value, based on the Closing Price on the Change Date (as defined below), equal to the product of (x) the Closing Price of the original Basket Component on the Change Date and (y) the Adjustment Factor in effect on the Trading Day immediately prior to the Change Date.

The “Option Period Volatility” means, in respect of any Trading Day, the volatility (calculated by referring to the Closing Price of the applicable Basket Component on its primary exchange) for a period equal to the 125 Trading Days immediately preceding the announcement date of the Reorganization Event, as determined by the Calculation Agent.

“GICS Code” means the Global Industry Classification Standard (“GICS”) sub-industry code assigned to the applicable Basket Component Issuer; provided, however, if (i) there is no other stock in the Replacement Stock Selection Index in the same GICS sub-industry or (ii) a Replacement Stock (a) for which there is no trading restriction and (b) that is not an Excess ADTV Stock cannot be identified from the Replacement Stock Selection Index in the same GICS sub-industry, the GICS Code will mean the GICS industry code assigned to such original Basket Component Issuer. If no GICS Code has been assigned to such original Basket Component Issuer,

the applicable GICS Code will be determined by the Calculation Agent to be the GICS sub-industry code assigned to companies in the same sub-industry (or, subject to the proviso in the preceding sentence, industry, as applicable) as such original Basket Component Issuer at the time of the relevant Replacement Stock Event.

The “Replacement Stock Selection Index” means the S&P 500[®] Index.

Delisting of American Depositary Shares or Termination of American Depositary Receipt Facility.

If a Basket Component is an American Depositary Share and such Basket Component is no longer listed or admitted to trading on a U.S. securities exchange registered under the Exchange Act or included in the OTC Bulletin Board Service operated by FINRA, or if the American depositary receipt facility between the applicable Basket Component Issuer and the depositary is terminated for any reason (each, an “ADS Termination Event”), then, on the last Trading Day on which the applicable Basket Component is listed or admitted to trading or the last Trading Day immediately prior to the date of such termination, as applicable (the “Change Date”), a Replacement Stock Event shall be deemed to occur.

Calculation Agent

The Calculation Agent will determine the Maturity Payment Amount. In addition, the Calculation Agent will (i) determine the Closing Prices of the Basket Components under the circumstances described in this Security, (ii) determine if adjustments are required to the Closing Price or Adjustment Factor of a Basket Component under the circumstances described in this Security, (iii) select a Replacement Stock under the circumstances described in this Security and (iv) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to March 31, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein as though the date of acceleration were the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

[The remainder of this page has been left intentionally blank]

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to a Basket of Three Financial Sector Stocks
due March 31, 2021**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities

represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Maturity Payment Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Maturity Payment Amount or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the
Nasdaq-100 Index[®], the Russell 2000[®] Index and
the EURO STOXX 50[®] Index due February 6, 2030**

WELLS FARGO FINANCE, LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is automatically called prior to the Stated Maturity Date as provided below under “Automatic Call,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Call Settlement Date (as defined below), if any. The “Initial Stated Maturity Date” shall be February 6, 2030. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Automatic Call

If the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on any of the quarterly Call Dates (as defined below) from February 2021 to November 2029, inclusive, is greater than or equal to its Starting Level (as defined below), this Security will be

automatically called by the Company, and on the related Call Settlement Date the Holder hereof will receive the Call Price (as defined below) plus a final Contingent Coupon Payment. Unless the Company defaults in the payment of the Call Price plus the final Contingent Coupon Payment, this Security will cease to be outstanding on such Call Settlement Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Call Settlement Date. The Holder hereof will not receive any notice from the Company in the event this Security is automatically called pursuant to the terms hereof. The “Call Price” is equal to the Face Amount of this Security. The “Call Settlement Date” for a Call Date shall be three Business Days after such Call Date, as such Call Date may be postponed as provided herein. If a Call Date is postponed with respect to one or more Indices, the related Call Settlement Date will be three Business Days after the last Call Date as postponed.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Call Price

On each monthly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level of the Lowest Performing Index on the related Calculation Day (as defined below) is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 12. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 8.50% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Call Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depository, any payments on this Security will be made to the Depository by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Call Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Call Price and Contingent Coupon Payments

If this Security is not automatically called prior to the Stated Maturity Date as provided above under "Automatic Call," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the Nasdaq-100 Index, the Russell 2000 Index and the EURO STOXX 50 Index.

The "Pricing Date" shall mean January 28, 2020.

The "Lowest Performing Index" for any Calculation Day (including the Call Dates) will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices as provided herein).

The “Performance Factor” with respect to an Index on any Calculation Day (including the Call Dates) is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the Nasdaq-100 Index is 9090.933, its Closing Level on the Pricing Date, with respect to the Russell 2000 Index is 1658.314, its Closing Level on the Pricing Date, and with respect to the EURO STOXX 50 Index is 3719.22, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the Nasdaq-100 Index is 7272.7464, which is equal to 80% of its Starting Level, with respect to the Russell 2000 Index is 1326.6512, which is equal to 80% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2975.376, which is equal to 80% of its Starting Level.

The “Downside Threshold Level” with respect to the Nasdaq-100 Index is 5454.5598, which is equal to 60% of its Starting Level, with respect to the Russell 2000 Index is 994.9884, which is equal to 60% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2231.532, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 1st day of each month, commencing March 2020 and ending January 2030, and the Final Calculation Day. The Call Dates are the same dates as the Calculation Days occurring in February, May, August and November of each year, commencing February 2021 and ending November 2029, and for purposes of postponement are also referred to herein as a “Calculation Day.” If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is February 1, 2030. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for

such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at (i) with respect to the Nasdaq-100 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of (i) with respect to the Nasdaq-100 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

The “Call Dates” shall be the Calculation Days occurring in each February, May, August and November, commencing February 2021 and ending November 2029, each subject to postponement as provided in the definition of “Calculation Days” above.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to the Nasdaq-100 Index or the Russell 2000 Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their

respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

A “Trading Day” with respect to the EURO STOXX 50 Index means a day, as determined by the Calculation Agent, on which (i) the relevant Index Sponsor is scheduled to publish the level of the EURO STOXX 50 Index and (ii) each Related Futures or Options Exchange with respect to the EURO STOXX 50 Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute

Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to the Nasdaq-100 Index or the Russell 2000 Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options

Exchange at any time during the one-hour period that ends at the Close of Trading on that day.

- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.
- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the Nasdaq-100 Index or the Russell 2000 Index :

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related

Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and

- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

A “Market Disruption Event” with respect to the EURO STOXX 50 Index means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in such Index or any Successor Equity Index, and the aggregate of all securities included in such Index or Successor Equity Index with respect to which any such event occurs comprise 20% or more of the level of such Index or Successor Equity Index:

- a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
- any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or
- the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.

- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to such Index or any Successor Equity Index:

- a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options

Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;

- any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day; or
 - the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.
- (C) The relevant Index Sponsor fails to publish the level of such Index or any Successor Equity Index (other than as a result of the relevant Index Sponsor having discontinued publication of such Index or Successor Equity Index and no Successor Equity Index being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the EURO STOXX 50 Index:

- (1) the relevant percentage contribution of a security included in such Index or any Successor Equity Index to the level of such Index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the relevant Index Sponsor publishes the level of such Index or any Successor Equity Index and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to February 6, 2030. Except as set forth above under “Automatic Call,” this Security is not subject to redemption prior to February 6, 2030. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the
Nasdaq-100 Index[®], the Russell 2000[®] Index and
the EURO STOXX 50[®] Index due February 6, 2030**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights

of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Face Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange hereof, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered

form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Call Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Call Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

Dow Jones Industrial Average[®], the Russell 2000[®] Index and
the Nasdaq-100 Index[®] due February 6, 2030**

WELLS FARGO FINANCE, LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is automatically called prior to the Stated Maturity Date as provided below under “Automatic Call,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Call Settlement Date (as defined below), if any. The “Initial Stated Maturity Date” shall be February 6, 2030. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Automatic Call

If the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on any of the quarterly Calculation Days (as defined below) from February 2021 to November 2029, inclusive, is greater than or equal to its Starting Level (as defined below), this Security will be

automatically called by the Company, and on the related Call Settlement Date the Holder hereof will receive the Call Price (as defined below) plus a final Contingent Coupon Payment. Unless the Company defaults in the payment of the Call Price plus the final Contingent Coupon Payment, this Security will cease to be outstanding on such Call Settlement Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Call Settlement Date. The Holder hereof will not receive any notice from the Company in the event this Security is automatically called pursuant to the terms hereof. The “Call Price” is equal to the Face Amount of this Security. The “Call Settlement Date” for a Calculation Day shall be three Business Days after such Calculation Day, as such Calculation Day may be postponed as provided herein. If a Calculation Day is postponed with respect to one or more Indices, the related Call Settlement Date will be three Business Days after the last Calculation Day as postponed.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Call Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level of the Lowest Performing Index on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 6.40% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Call Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depository, any payments on this Security will be made to the Depository by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Call Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Call Price and Contingent Coupon Payments

If this Security is not automatically called prior to the Stated Maturity Date as provided above under "Automatic Call," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Downside Threshold Level}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the Dow Jones Industrial Average, the Russell 2000 Index and the Nasdaq-100 Index.

The "Pricing Date" shall mean January 29, 2020.

The "Lowest Performing Index" for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices as provided herein).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the Dow Jones Industrial Average is 28734.45, its Closing Level on the Pricing Date, with respect to the Russell 2000 Index is 1649.221, its Closing Level on the Pricing Date, and with respect to the Nasdaq-100 Index is 9101.613, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the Dow Jones Industrial Average is 20114.115, which is equal to 70% of its Starting Level, with respect to the Russell 2000 Index is 1154.4547, which is equal to 70% of its Starting Level, and with respect to the Nasdaq-100 Index is 6371.1291, which is equal to 70% of its Starting Level.

The “Downside Threshold Level” with respect to the Dow Jones Industrial Average is 17240.67, which is equal to 60% of its Starting Level, with respect to the Russell 2000 Index is 989.5326, which is equal to 60% of its Starting Level, and with respect to the Nasdaq-100 Index is 5460.9678, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 1st day of each February, May, August and November, commencing May 2020 and ending November 2029, and the Final Calculation Day. If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is February 1, 2030. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with

respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on that day of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, the determination of whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to an Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to an Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to an Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether this Security will be automatically called prior to stated maturity and whether a Contingent Coupon Payment will be made, the Call Price, if any,

and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to February 6, 2030. Except as set forth above under “Automatic Call,” this Security is not subject to redemption prior to February 6, 2030. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

**Principal at Risk Securities Linked to the Lowest Performing of the
Dow Jones Industrial Average[®], the Russell 2000[®] Index and
the Nasdaq-100 Index[®] due February 6, 2030**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights

of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered

form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Call Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Call Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index, the S&P 500[®] Index and the EURO STOXX 50[®] Index due January 31, 2030

WELLS FARGO FINANCE LLC, a limited liability company duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under and as defined in the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is redeemed prior to the Stated Maturity Date as provided below under “Optional Redemption,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Optional Redemption Date (as defined below), if any. The “Initial Stated Maturity Date” shall be January 31, 2030. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Optional Redemption

The Company may, at its option, redeem this Security, in whole but not in part, on any Optional Redemption Date (as defined below) by giving notice to the Holder hereof on or before the Calculation Day (as defined below) immediately preceding that Optional Redemption Date. If this

Security is redeemed, the Holder hereof will receive the Optional Redemption Price (as defined below) plus a final Contingent Coupon Payment (as defined below), if any, on the applicable Optional Redemption Date. Unless the Company defaults in the payment of the Optional Redemption Price plus the final Contingent Coupon Payment, if any, this Security will cease to be outstanding on such Optional Redemption Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Optional Redemption Date. The “Optional Redemption Price” is equal to the Face Amount of this Security. The “Optional Redemption Dates” shall be the Contingent Coupon Payment Dates (as defined below) following each Calculation Day scheduled to occur from July 2020 to October 2029, inclusive.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Optional Redemption Price

On each quarterly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 4. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 8.40% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depository, any payments on this Security will be made to the Depository by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Optional Redemption Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Optional Redemption Price and Contingent Coupon Payments

If this Security is not redeemed prior to the Stated Maturity Date as provided above under "Optional Redemption," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the Russell 2000 Index, the S&P 500 Index and the EURO STOXX 50 Index.

The "Pricing Date" shall mean January 28, 2020.

The "Lowest Performing Index" for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the Russell 2000 Index is 1658.314, its Closing Level on the Pricing Date, with respect to the S&P 500 Index is 3276.24, its Closing Level on the Pricing Date, and with respect to the EURO STOXX 50 Index is 3719.22, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the Russell 2000 Index is 1160.8198, which is equal to 70% of its Starting Level, with respect to the S&P 500 Index is 2293.368, which is equal to 70% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2603.454, which is equal to 70% of its Starting Level.

The “Downside Threshold Level” with respect to the Russell 2000 Index is 994.9884, which is equal to 60% of its Starting Level, with respect to the S&P 500 Index is 1965.744, which is equal to 60% of its Starting Level, and with respect to the EURO STOXX 50 Index is 2231.532, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 28th day of each January, April, July and October, commencing April 2020 and ending October 2029, and the Final Calculation Day. If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is January 28, 2030. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with

respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor) on such date of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of (i) with respect to the S&P 500 Index or the Russell 2000 Index, the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange or (ii) with respect to the EURO STOXX 50 Index, the time at which the official Closing Level of such Index is calculated and published by the relevant Index Sponsor. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of May 18, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to the S&P 500 Index or the Russell 2000 Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

A “Trading Day” with respect to the EURO STOXX 50 Index means a day, as determined by the Calculation Agent, on which (i) the relevant Index Sponsor is scheduled to publish the level of the EURO STOXX 50 Index and (ii) each Related Futures or Options Exchange with respect to the EURO STOXX 50 Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to the S&P 500 Index or the Russell 2000 Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange

or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the S&P 500 Index or the Russell 2000 Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock

Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

A “Market Disruption Event” with respect to the EURO STOXX 50 Index means any of (A), (B), (C) or (D) below, as determined by the Calculation Agent in its sole discretion:

- (A) Any of the following events occurs or exists with respect to any security included in such Index or any Successor Equity Index, and the aggregate of all securities included in such Index or Successor Equity Index with respect to which any such event occurs comprise 20% or more of the level of such Index or Successor Equity Index;
- a material suspension of or limitation imposed on trading by the Relevant Stock Exchange for such security or otherwise at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day, whether by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, such security on its Relevant Stock Exchange at any time during the one-hour period that ends at the Scheduled Closing Time for the Relevant Stock Exchange for such security on that day; or
 - the closure on any Exchange Business Day of the Relevant Stock Exchange for such security prior to its Scheduled Closing Time unless the earlier closing is announced by such Relevant Stock Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Relevant Stock Exchange and (ii) the submission deadline for orders to be entered into the Relevant Stock Exchange system for execution at the Scheduled Closing Time for such Relevant Stock Exchange on that day.
- (B) Any of the following events occurs or exists with respect to futures or options contracts relating to such Index or any Successor Equity Index:
- a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise;
 - any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the close of trading on such Related Futures or Options Exchange on that day; or

- the closure on any Exchange Business Day of any Related Futures or Options Exchange prior to its Scheduled Closing Time unless the earlier closing time is announced by such Related Futures or Options Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Related Futures or Options Exchange and (ii) the submission deadline for orders to be entered into the Related Futures or Options Exchange system for execution at the close of trading for such Related Futures or Options Exchange on that day.
- (C) The relevant Index Sponsor fails to publish the level of such Index or any Successor Equity Index (other than as a result of the relevant Index Sponsor having discontinued publication of such Index or Successor Equity Index and no Successor Equity Index being available).
- (D) Any Related Futures or Options Exchange fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to the EURO STOXX 50 Index:

- (1) the relevant percentage contribution of a security included in such Index or any Successor Equity Index to the level of such Index will be based on a comparison of (x) the portion of the level of such index attributable to that security to (y) the overall level of such index, in each case using the official opening weightings as published by the relevant Index Sponsor as part of the market opening data;
- (2) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (3) an “Exchange Business Day” means any Trading Day on which (i) the relevant Index Sponsor publishes the level of such Index or any Successor Equity Index and (ii) each Related Futures or Options Exchange is open for trading during its regular trading session, notwithstanding any Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing

Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to January 31, 2030. This Security is subject to redemption prior to January 31, 2030 as set forth under “Optional Redemption” above. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

WELLS FARGO FINANCE LLC

MEDIUM-TERM NOTE, SERIES A

Fully and Unconditionally Guaranteed by Wells Fargo & Company

Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000® Index, the S&P 500® Index and the EURO STOXX 50® Index due January 31, 2030

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of April 25, 2018, as amended or supplemented from time to time (herein called the “Indenture”), among the Company, as issuer, Wells Fargo & Company, as guarantor (the “Guarantor”) and Citibank, N.A., as trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series A, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depository or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Guarantee

The Securities of this series are fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the Guarantor and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the

Company, the Guarantor and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company or the Guarantor with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company or the Guarantor with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depository notifies the Company that it is unwilling or unable to continue as Depository for this Security or if at any time the Depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depository is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities

represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Guarantor, the Trustee and any agent of the Company, the Guarantor or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Guarantor, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation or of the Guarantor or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

Ladies and Gentlemen:

We have acted as counsel for Wells Fargo Finance LLC, a Delaware limited liability company (the “Company”), and Wells Fargo & Company, a Delaware corporation (the “Guarantor”), in connection with (i) the preparation of the Registration Statement on Form S-3, as amended, File Nos. 333-221324 and 333-221324-01 (the “Registration Statement”) of the Company and the Guarantor filed with the Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Securities Act”), relating to the proposed offer and sale from time to time of the securities referred to therein; (ii) Pricing Supplement No. 278 dated January 28, 2020 to the Market Measure Supplement dated May 18, 2018 (the “Market Measure Supplement”), the Series A Prospectus Supplement dated May 18, 2018 (the “Prospectus Supplement”) and the Prospectus dated April 5, 2019 (the “Prospectus”), relating to the offer and sale by the Company under the Registration Statement of \$6,632,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index and the EURO STOXX 50[®] Index due February 6, 2030, fully and unconditionally guaranteed by the Guarantor; (iii) Pricing Supplement No. 277 dated January 28, 2020 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$6,020,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index, the Russell 2000[®] Index and the EURO STOXX 50[®] Index due January 31, 2030, fully and unconditionally guaranteed by the Guarantor; (iv) Pricing Supplement No. 281 dated January 28, 2020 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$96,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the S&P 500[®] Index and the Russell 2000[®] Index due January 31, 2025, fully and unconditionally guaranteed by the Guarantor; (v) Pricing Supplement No. 285 dated January 28, 2020 to the Market Measure Supplement, the

Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$3,212,100 aggregate principal amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the S&P 500[®] Index due January 31, 2023, fully and unconditionally guaranteed by the Guarantor; (vi) Pricing Supplement No. 284 dated January 28, 2020 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$7,078,300 aggregate principal amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the EURO STOXX 50[®] Index due January 31, 2023, fully and unconditionally guaranteed by the Guarantor; (vii) Pricing Supplement No. 283 dated January 28, 2020 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$1,605,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index and the EURO STOXX 50[®] Index due February 6, 2030, fully and unconditionally guaranteed by the Guarantor; (viii) Pricing Supplement No. 289 dated January 28, 2020 to the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$1,880,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to a Basket of Three Financial Sector Stocks due March 31, 2021, fully and unconditionally guaranteed by the Guarantor; (ix) Pricing Supplement No. 295 dated January 28, 2020 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$500,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the Nasdaq-100 Index[®], the Russell 2000[®] Index and the EURO STOXX 50[®] Index due February 6, 2030, fully and unconditionally guaranteed by the Guarantor; (x) Pricing Supplement No. 301 dated January 29, 2020 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$1,100,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the Dow Jones Industrial Average[®], the Russell 2000[®] Index and the Nasdaq-100 Index[®] due February 6, 2030, fully and unconditionally guaranteed by the Guarantor; and (xi) Pricing Supplement No. 302 dated January 28, 2020 to the Market Measure Supplement, the Prospectus Supplement and the Prospectus, relating to the offer and sale by the Company under the Registration Statement of \$1,150,000 aggregate face amount of Medium-Term Notes, Series A, Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index, the S&P 500[®] Index and the EURO STOXX 50[®] Index due January 31, 2030, fully and unconditionally guaranteed by the Guarantor (the Medium-Term Notes described in clauses (ii) – (xi) being herein referred to collectively as the “Notes”). The Notes are to be issued under the Indenture dated as of April 25, 2018 (the “Indenture”) among the Company, the Guarantor and Citibank, N.A., as trustee, and will be fully and unconditionally guaranteed by the Guarantor as and to the extent set forth in the Indenture (the “Guarantee”). The Notes will be sold pursuant to a Terms Agreement dated January 28, 2020 (the “Terms Agreement (January 28)”) or a Terms Agreement dated January 29, 2020 (the “Terms Agreement (January 29)”), as applicable, among the Company, the Guarantor and the Agent named therein.

We have examined such documents, records and instruments as we have deemed necessary or appropriate for the purposes of this opinion.

Based on the foregoing, we are of the opinion that the Notes and the Guarantee have been duly authorized by the Company or the Guarantor, as applicable, and, when the Notes are duly executed by the Company, authenticated in accordance with the provisions of the Indenture, and delivered to and paid for by the Agent pursuant to the Terms Agreement (January 28) or the Terms Agreement (January 29), as applicable, the Notes and the Guarantee will constitute valid and legally binding obligations of the Company or the Guarantor, as applicable, enforceable against the Company or the Guarantor, as applicable, in accordance with their terms subject to applicable bankruptcy, reorganization, insolvency, moratorium, fraudulent conveyance, receivership or other laws affecting creditors' rights generally from time to time in effect and subject to general equity principles including, without limitation, concepts of materiality, reasonableness, good faith, fair dealing and the possible unavailability of specific performance, injunctive relief or other equitable remedies (regardless of whether enforceability is considered in a proceeding in equity or at law) and except further as enforcement thereof may be limited by any governmental authority that limits, delays or prohibits the making of payments outside of the United States. As contemplated by the foregoing qualifications, in rendering the foregoing opinion, we are expressing no opinion as to Federal or state laws relating to fraudulent transfers. Without limiting any other qualifications set forth herein, the opinions expressed herein are subject to the effect of generally applicable laws that (i) limit the waiver of rights under usury laws; (ii) provide that, in the absence of an effective waiver or consent, a guarantor may be discharged from its guaranty, to the extent the guaranteed obligations are modified or other action or inaction increases the scope of the guarantor's risk or otherwise detrimentally affects the guarantor's interests, such as by negligently administering the guaranteed obligations, or releasing the primary obligor from the guaranteed obligations; or (iii) permit a guarantor to revoke a guaranty with respect to guaranteed obligations incurred after the revocation, notwithstanding the absence of an express right of revocation in the document providing for such guaranty.

We have relied as to certain relevant facts upon certificates of, and/or information provided by, officers and employees of the Company and the Guarantor as to the accuracy of such factual matters without independent verification thereof or other investigation. We have also relied, without investigation, upon the following assumptions: (i) natural persons acting on behalf of the Company and the Guarantor have sufficient legal capacity to enter into and perform, on behalf of the Company or the Guarantor, the transaction in question; (ii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has satisfied those legal requirements that are applicable to it to the extent necessary to make such agreements or instruments enforceable against it; (iii) each party to agreements or instruments relevant hereto other than the Company and the Guarantor has complied with all legal requirements pertaining to its status as such status relates to its rights to enforce such agreements or instruments against the Company or the Guarantor; (iv) each document submitted to us for review is accurate and complete, each such document that is an original is authentic, each such document that is a copy conforms to an authentic original, and all signatures on each such document are genuine; and (v) the Notes and the Guarantee are necessary or convenient to the conduct, promotion or attainment of the business of the Company and the Guarantor.

The opinions expressed herein are limited to the specific issues addressed and to documents and laws existing on the date hereof. By rendering our opinion, we do not undertake to advise you

with respect to any other matter or of any change in such documents and laws or in the interpretation thereof which may occur after the date hereof.

Our opinions set forth herein are limited to the laws of the State of New York, the General Corporation Law of the State of Delaware, the Delaware Limited Liability Company Act and the federal laws of the United States of America, and we are expressing no opinion as to the effect of any other laws.

We hereby consent to the filing of this opinion as an exhibit to a Current Report on Form 8-K of the Company filed with the Commission and thereby incorporated by reference into the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act.

Very truly yours,

FAEGRE BAKER DANIELS LLP
