Vodafone Group Plc

(incorporated with limited liability in England and Wales)

€30,000,000,000

Euro Medium Term Note Programme

On 16 July 1999 Vodafone Group Plc (the “**Issuer**” or “**Vodafone**”) entered into a €5,000,000,000 Euro Medium Term Note Programme (the “**Programme**”). Since that date the maximum aggregate nominal amount of notes (the “**Notes**”) which may from time to time be outstanding under the Programme has been increased to €30,000,000,000. This Prospectus supersedes any previous prospectuses, offering circulars or supplements thereto. Any Notes issued on or after the date of this Prospectus are issued subject to the provisions herein. This Prospectus does not affect any Notes issued prior to the date hereof.

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €30,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement (as defined under “*Subscription and Sale*”), subject to increase as described in the Programme Agreement.

Payments in respect of the Notes will be made without withholding or deduction for or on account of taxes of the jurisdiction of incorporation of the Issuer to the extent described under “*Terms and Conditions of the Notes — Condition 8 Taxation*”. If any such withholding or deduction is required by law the Issuer will pay additional amounts, subject to the exceptions described in “*Terms and Conditions of the Notes — Condition 8 Taxation*”.

In certain circumstances another entity may be substituted for or acquire the rights and obligations of the Issuer under the Notes. In such case, payments in respect of the Notes will be made without withholding or deduction for or on account of taxes of the jurisdiction of incorporation of such entity. However, in no circumstances will payments of additional amounts be made for or on account of any taxes imposed by the United States of America or any political subdivision or taxing authority thereof or therein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “*Overview of the Programme*” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a “**Dealer**” and together the “**Dealers**”), which appointment may be for a specific issue or on an on-going basis. References in this Prospectus to the “**relevant Dealer**” shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes.

The requirement to publish a prospectus under the Prospectus Directive (as defined below) only applies to Notes which are to be admitted to trading on a regulated market in the European Economic Area and/or offered to the public in the European Economic Area other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive. References in this Prospectus to “**Exempt Notes**” are to Notes which are neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive. **Information contained in this Prospectus regarding Exempt Notes shall not be deemed to form part of this Prospectus and the UK Listing Authority has neither approved nor reviewed information contained in this Prospectus in connection with Exempt Notes.**

Application has been made to the Financial Conduct Authority (the “**FCA**”) in its capacity as competent authority (the “**UK Listing Authority**”) for Notes (other than Exempt Notes) issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the official list maintained by the UK Listing Authority (the “**Official List**”) and to the London Stock Exchange plc (the “**London Stock Exchange**”) for such Notes to be admitted to trading on the London Stock Exchange’s regulated market (the “**Market**”). References in this Prospectus to Notes being “**listed**” (and all related references) shall mean that such Notes have been admitted to the Official List and have been admitted to trading on the Market. The Market is a regulated market for the purposes of Directive 2004/39/EC (the “**Markets in Financial Instruments Directive**”). The Programme provides that Exempt Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or markets (other than a stock exchange or market which is a regulated market for the purposes of the Markets in Financial Instruments Directive) as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Exempt Notes and/or Exempt Notes not admitted to trading on any stock exchange or market. In the case of Exempt Notes, the applicable Pricing Supplement (as defined below) will state whether or not the relevant Notes will be so listed and/or admitted to trading.

In relation to any Tranche (as defined under “*Terms and Conditions of the Notes*”) of Notes (other than Exempt Notes), the aggregate nominal amount of the Notes of such Tranche, the interest (if any) payable in respect of the Notes of such Tranche, the issue price and certain other information which is applicable to such Tranche will be set out in a final terms document (“**Final Terms**”) which will be delivered to the UK Listing Authority and the London Stock Exchange on or before the date of issue of the Notes of such Tranche. Copies of the Final Terms will also be published on the website of the London Stock Exchange through a regulatory information service. In relation to any Tranche of Exempt Notes, the aggregate nominal amount of the Notes of such Tranche, the interest (if any) payable in respect of the Notes of such Tranche, the issue price and certain other information which is applicable to such Tranche will be set out in a pricing supplement document (the “**Pricing Supplement**”). Copies of the Pricing Supplement will be available for viewing as set out, and subject as provided in, “*General Information*”. In the case of Exempt Notes, references herein to “**Final Terms**” shall be deemed to be references to “**Pricing Supplement**” so far as the context admits.

The Issuer may agree with any Dealer and The Law Debenture Trust Corporation p.l.c. (the “**Trustee**”) that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event (in the case of Notes admitted to the Official List only) a new prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of such risks, see “*Risk Factors*” below.

The Issuer has a long term/short term debt rating of “Baa1”/“P-2” by Moody’s Investors Service España S.A. (“**Moody’s**”), “BBB+”/“A-2” by Standard & Poor’s Credit Market Services Europe Limited (“**Standard & Poor’s**”) and “BBB+”/“F-2” by Fitch Ratings Ltd. (“**Fitch**”). Each of Moody’s, Standard & Poor’s and Fitch is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the “**CRA Regulation**”). The rating of certain Series (as defined below) of Notes to be issued under the Programme may be specified in the applicable Final Terms. In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation (and such registration has not been withdrawn or suspended).

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), or with any securities regulatory authority of any State or other jurisdiction of the United States, and the Notes may include Bearer Notes (as defined under “*Overview of the Programme*”) that are subject to U.S. Federal income tax law requirements. The Notes may not be offered or sold or, in the case of Bearer Notes, delivered in the United States or to, or for the benefit of, U.S. persons (as defined in Regulation S under the Securities Act (“**Regulation S**”)) unless the Notes are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from Section 5 of the Securities Act provided by Rule 144A (as defined herein).

Risk Factors

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate, and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents deemed to be incorporated by reference herein) and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

1. The Group could be adversely affected by a malicious attack on its network and/or IT infrastructure.

A successful cyber-attack on Vodafone's network could result in the Group not being able to deliver service to its customers resulting in serious damage to the Group's reputation, consequential customer and revenue loss and the risk of financial penalties.

2. The Group could suffer loss of consumer confidence and/or legal action due to a failure to protect Vodafone's customer information.

The Group's networks carry and store large volumes of confidential personal and business voice traffic and data. Failure to protect or correctly use this data could result in an unintentional loss of, or unauthorised access to, customer data. This could adversely affect the Group's reputation and could lead to legal action against the Group.

3. Adverse political pressure could adversely affect the Group's business.

The Group faces a range of political pressures that could potentially lead to adverse legislation or regulation for the business. For example, increased financial pressures on governments may lead them to target foreign investors for further licence fees, directly impacting profitability. Furthermore, changes in local or international tax rules, for example prompted by the Organisation for Economic Co-operation and Development's emerging recommendations on Base Erosion and Profit Shifting (a global initiative to improve the fairness and integrity of tax systems), or new challenges by tax or competition authorities, may expose the Group to significant additional tax liabilities or impact the carrying value of the Group's deferred tax assets, which would affect the results of the business.

4. The Group's existing service offerings could become disadvantaged as compared to those offered by converged competitors.

The Group faces competition from providers who have the ability to sell converged services (combinations of fixed line, broadband, public Wi-Fi, TV and mobile) on their existing infrastructure which the Group either cannot replicate or cannot provide at a similar price point, potentially leading to higher customer churn and/or significant downward pressure on the Group's prices.

The Group's own convergence strategy may be compromised if it is unable to obtain regulated or equivalent access to infrastructure and content, or acquire, rent or build the right assets, or if it is unable to integrate effectively those businesses it does acquire into its existing operations.

5. The Group's business may be impacted by actual or perceived health risks associated with the transmission of radio waves from mobile telephones, transmitters and associated equipment.

Concerns have been expressed that electromagnetic signals emitted by mobile telephone handsets and base stations may pose health risks. Authorities including the World Health Organization agree there is no evidence that convinces experts that exposure to radio frequency fields from mobile devices and base stations operated within guideline limits has any adverse health effects. A change to this view could result in a range of impacts from a change to national legislation, to a major reduction in mobile phone usage or to major litigation.

6. Failure to deliver under major enterprise contracts could result in loss of revenue and loss of credibility.

The Group has a number of high-value, ongoing contracts with corporate customers, including some government agencies and departments. Successful delivery is dependent on complex technologies deployed across multiple geographies, as well as relative stability in the requirements, strategies or businesses of the Group's customers. Failure to deliver these enterprise services may lead to a reduction in the Group's expected revenue and could impact the Group's credibility to deliver on large, complex deals.

7. Unstable economic conditions could impact one or more of the Group's markets.

Economic conditions in many of the markets the Group operates in, especially Europe, remain unstable, while many markets continue to stagnate or show nominal levels of growth. These conditions have resulted in lower levels of disposable income and may result in significantly lower revenues as customers give up their mobile phones or move to cheaper tariffs. There is also a possibility of unstable economic conditions impacting currency exchange rates in countries where the Group has operations, with potential adverse implications for the Group's profitability and the value of its financial and non-financial assets.

8. The Group could be disadvantaged by existing and emerging technology players.

The development of messaging and voice applications, which make use of the internet as a substitute for some of the Group's more traditional services, erode the Group's revenue. Reduced demand for the Group's core services of voice and messaging and the development of services by "over the top" ("OTT") competition, could significantly impact on the Group's future profitability.

A limited number of suppliers of operating systems, terminals, IT and network infrastructure could lead to commercial exploitation and subsequent increased costs of maintaining and extending the Group's networks.

9. The Group could be adversely affected by a failure to deliver a superior customer experience.

The Group operates in highly competitive markets and failure to deliver a differentiated and superior experience to customers, in store, online and on the phone, could diminish the Group's brand and reputation and leave the Group vulnerable to aggressive pricing from competitors and potentially a weakened relationship with customers. The risk is relevant to all markets in which the Group operates and particularly its consumer business.

10. The Group's business could be impacted by multiple network or IT infrastructure failures.

The Group is dependent on the continued operation of its networks. Multiple network or IT infrastructure failures (caused by non-malicious means including end of life failure, natural disasters and weather-related failures) may result in voice, video or data transmissions being significantly interrupted. This could result in serious damage to the Group's reputation, a consequential customer and revenue loss and the risk of financial penalties.

11. Country and currency risk

The Group continues to face currency, operational and financial risks resulting from the challenging economic conditions particularly in the Eurozone. The Group has continued to keep its policies and procedures under review to endeavour to minimise the Group's economic exposure and to preserve its ability to operate in a range of potential conditions that may exist in the future. The Group's ability to manage these risks needs to take appropriate account of its needs to deliver a high quality service to its customers, meet licence obligations and the significant capital investments the Group may have made and may need to continue to make in the markets most impacted.

12. Currency related risks

While the Group's share price is denominated in sterling, the majority of its financial results are generated in other currencies, predominantly euro. As a result the Group's results are sensitive to either a relative strengthening or weakening of the major currencies in which it transacts. The Group's EBITDA for the year ended 31 March 2015 was split as follows: euro 52%, sterling 12%, Indian rupee 11%, South African rand 11% and other currencies 14%. The Group employs a number of mechanisms to manage elements of exchange rate risk at a transaction, translation and economic level. At the transaction level the Group's policies require foreign exchange risks on transactions denominated in other currencies above certain de minimis levels to be hedged. Further, since Vodafone's sterling share price represents the value of its future multi-currency cash flows, principally in euro and to a lesser extent sterling, the Indian rupee and South African rand, it aims to align the currency of its debt and interest charges in proportion to its expected future principal multi-currency cash flows, thereby providing an economic hedge in terms of reduced volatility in the sterling equivalent value of the Group and a partial hedge against income statement translation exposure, as interest costs will be denominated in foreign currencies. In the event of a country's exit from the Eurozone, this may necessitate changes in one or more of the Group entities' functional currency and potentially higher volatility of those entities' trading results when translated into sterling, potentially adding further currency risk.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain of such features:

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The amount of interest and/or the amount to be repaid upon redemption of Notes may be subject to adjustment by reference to an inflation index, which may reduce the interest amount payable in respect of the relevant interest period and/or reduce the amount to be repaid upon redemption to less than the face value of such Notes

The Issuer may issue Notes on terms that the amount of interest payable on each interest payment date and/or the amount to be repaid upon redemption of the Notes will be calculated by reference to movements in the specified inflation index during a reference period ("**Inflation Linked Notes**"). Inflation indexes may go down as well as up. Where Notes in respect of which the amount of interest payable is subject to adjustment by reference to movements in an inflation index are issued, a decrease in such inflation index over the reference period will reduce the amount of interest payable in respect of such Notes. In a deflationary environment, the annual interest received may be lower than the rate of interest specified in the applicable Final Terms. Where the amount payable upon redemption of the Notes is subject to adjustment by reference to movements in an inflation index, a decrease in the specified inflation index over the reference period may reduce the amount to be repaid upon redemption of the Notes to less than the nominal amount of the Notes. Investors as a consequence may lose the value of their entire investment or part of it. The historical experience of the relevant inflation index should not be viewed as an indication of future performance of that inflation index during the term of any Inflation Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Inflation Linked Notes and the suitability of such Notes in light of its particular circumstances.

If the Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Notes denominated in Renminbi are subject to additional risks

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi (“**Renminbi Notes**”):

Renminbi is not freely convertible, there are significant restrictions on remittance of Renminbi into and outside the PRC which may adversely affect the liquidation of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the “**PRC Government**”) continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar, despite the significant reduction over the years by the PRC Government of control over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

However, remittance of Renminbi by foreign investors into the PRC for the purposes of capital account items such as capital contributions is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are developing gradually.

On 7 April 2011, the State Administration of Foreign Exchange of the PRC (“**SAFE**”) promulgated the “Circular on Issues Concerning the Capital Account Items in connection with Cross-Border Renminbi” (the “**SAFE Circular**”), which became effective on 1 May 2011. According to the SAFE Circular, in the event that foreign investors intend to use Renminbi (including offshore Renminbi and onshore Renminbi held in the capital accounts of non-PRC residents) to make a contribution to an onshore enterprise or make a payment for the transfer of equity interest of an onshore enterprise by a PRC resident, such onshore enterprise shall be required to submit the prior written consent of the relevant Ministry of Commerce of the PRC (“**MOFCOM**”) to the relevant local branch of SAFE of such onshore enterprise and to register for a foreign invested enterprise status. Further, the SAFE Circular clarifies that foreign debts borrowed, and foreign guarantees provided, by an onshore entity (including a financial institution) in Renminbi shall, in principle, be regulated under the current PRC foreign debt and foreign guarantee regime.

On 13 October 2011, the People’s Bank of China (the “**PBOC**”) promulgated the “Administrative Measures on Renminbi Settlement of Foreign Direct Investment” (the “**PBOC RMB FDI Measures**”) as part of the implementation of the PBOC’s detailed Renminbi foreign direct investment (the “**FDI**”) accounts administration system. The system covers almost all aspects in relation to FDI, including capital injections, payments for the acquisition of PRC domestic enterprises, repatriation of dividends and other distributions, as well as Renminbi denominated cross-border loans. Under the PBOC RMB FDI Measures, special approval for FDI and shareholder loans from the PBOC, which was previously required, is no longer necessary. In some cases however, post-event filing with the PBOC is still necessary. On 14 June 2012, the PBOC further issued the implementing rules for the PBOC RMB FDI Measures, which provides more detailed rules relating to cross-border Renminbi direct investments and settlement. On 5 July 2013, the PBOC promulgated the “Circular on Simplifying the Procedures of Cross-border Renminbi Business Procedures and Improving Relevant Policies”, which sought to improve the efficiency of the cross-border Renminbi settlement process. For example, where automatic fund remittance occurs, the bank can debit the amount into the relevant account first and subsequently verify the relevant transaction.

On 3 December 2013, MOFCOM promulgated the “Circular on Issues in relation to Cross-border Renminbi Foreign Direct Investment” (the “**MOFCOM Circular**”), which became effective on 1 January 2014, to further facilitate FDI by simplifying and streamlining the applicable regulatory framework. Pursuant to the MOFCOM Circular, written approval from the appropriate office of MOFCOM and/or its local counterparts specifying “Renminbi Foreign Direct Investment” and the amount of capital contribution is required for each FDI. Unlike previous MOFCOM regulations on FDI, the MOFCOM Circular removes the approval requirement for foreign investors who intend to change the currency of their existing capital contribution from a foreign currency to Renminbi. In addition, the MOFCOM Circular also clearly prohibits the FDI funds from being used for any investments in securities and financial derivatives (except for investments in PRC listed companies by strategic investors) or for entrustment loans in the PRC.

As the SAFE Circular, the PBOC RMB FDI Measures and the MOFCOM Circular are relatively new circulars, they will be subject to interpretation and application by the relevant authorities in the PRC. There is no assurance that the PRC Government will continue to liberalise control over cross-border remittance of Renminbi in the future, that any pilot schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Renminbi Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service such Renminbi Notes

As a result of the restrictions imposed by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the PBOC has entered into agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (the "**Renminbi Clearing Banks**"), including but not limited to Hong Kong and are in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of Renminbi-denominated financial assets outside the PRC is limited.

Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. The Renminbi Clearing Banks only have access to onshore liquidity support from the PBOC for the purpose of squaring open positions of participating banks for limited types of transactions, including open positions resulting from conversion services for corporations relating to cross-border trade settlement. The Renminbi Clearing Banks are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services and the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the settlement agreements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Notes. To the extent the Issuer is required to source Renminbi outside the PRC to service the Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all. If Renminbi is not available in certain circumstances as described in the conditions applicable to Renminbi Notes, the Issuer can make payments under the Notes in U.S. Dollars as set out in the Conditions.

Investment in Renminbi Notes is subject to exchange rate risks

The value of the Renminbi against the U.S. dollar and other foreign currencies fluctuates and is affected by changes in the PRC, by international political and economic conditions and by many other factors. If an investor measures its investment returns by reference to a currency other than Renminbi, an investment in the Renminbi Notes entails foreign exchange related risks, including possible significant changes in the value of Renminbi relative to the currency by reference to which an investor measures its investment returns. Depreciation of the Renminbi against such currency could cause a decrease in the effective yield of the Renminbi Notes below their stated coupon rates and could result in a loss when the return on the Renminbi Notes is translated into such currency. In addition, there may be tax consequences for investors as a result of any foreign currency gains resulting from any investment in Renminbi Notes.

Payments in respect of Renminbi Notes will only be made to investors in the manner specified for in such Renminbi Notes

Investors may be required to provide certification and other information (including Renminbi account information) in order to be allowed to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong. Except in the limited circumstances stipulated in Condition 6(g), all payments to investors in respect of Renminbi Notes will be made solely (i) for so long as such Renminbi Notes are represented by a temporary global Note or a permanent global Note, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing Euroclear and Clearstream, Luxembourg (each as defined below) rules and procedures, or (ii) for so long as such Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in any other currency or in bank notes, by cheque or draft or by transfer to a bank account in the PRC).

Renminbi currency risk

There can be no assurance that access to Renminbi for the purposes of making payments under the Renminbi Notes by the Issuer or generally will remain or that new PRC regulations will not be promulgated which have the effect of restricting availability of Renminbi outside of the PRC. If a Renminbi Currency Event occurs and it becomes impossible to make payment on any Renminbi Notes in Renminbi as a result of Renminbi Illiquidity, Renminbi Non-Transferability or Renminbi Inconvertibility (each as defined in the conditions of the Notes), the Issuer may make any payment of Renminbi under the Renminbi Notes in U.S. dollars using an exchange rate determined by the Calculation Agent.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. In addition, there are no provisions requiring special quorums of Noteholders in any circumstances.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, (i) agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine that any Event of Default or potential Event of Default shall not be treated as such. In addition, the Trustee may, without the consent of the Noteholders, agree to the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 15 of the Terms and Conditions of the Notes. In such case, payments in respect of the relevant Notes will be made without withholding or deduction for or on account of taxes of the jurisdiction of incorporation of the entity substituted as principal debtor under the relevant Notes unless the withholding or deduction is required by law, in which case the substituted entity will pay additional amounts, subject to certain exceptions. However, in no circumstances will payments of additional amounts be made for or on account of any taxes imposed by the United States of America or any political subdivision or taxing authority thereof or therein.

Foreign Account Tax Compliance Act

Whilst the Notes are in global form and held within the clearing systems, in all but the most remote circumstances, it is not expected that certain provisions of U.S. law, commonly referred to as “**FATCA**” will affect the amount of any payment received by the clearing systems (see “*Taxation – 4. Foreign Account Tax Compliance Act*”). Further, foreign financial institutions in a jurisdiction which has entered into an intergovernmental agreement with the United States to facilitate the implementation of FATCA (an “**IGA**”) are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make on securities such as the Notes. However, if FATCA withholding were relevant with respect to payments on the Notes, FATCA could affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also could affect payments to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose their custodians and intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. If any amount in respect of FATCA withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, none of the Issuer, any paying agent or any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if Definitive Notes are subsequently required to be issued

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral

multiples of such minimum Specified Denomination. In such a case, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a minimum Specified Denomination.

If Definitive Notes are issued, holders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

An investor that holds Notes which are not denominated in the investor's home currency will be exposed to movements in exchange rates adversely affecting the value of such holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on such Notes.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

For the avoidance of doubt, the Issuer does not commit to ensure that any specific rating of the Notes or the Programme will be upheld nor that the credit rating agencies rating the Notes will remain the same.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant

non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority (“**ESMA**”) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the Issuer’s ratings, the ratings of the Programme and the credit rating agencies which have assigned such ratings is set out on the front page of this Prospectus. Where a Tranche of Notes is rated, such rating will be specified in the applicable Final Terms and may not necessarily be the same as the rating assigned to the Issuer or the Programme generally.

However, in no circumstances will payment of additional amounts be made for or on account of any taxes imposed by the United States of America or any political subdivision or taxing authority thereof or therein and in such case there will be no redemption for tax reasons pursuant to “*Terms and Conditions of the Notes — Condition 7(b) Redemption for tax reasons*”.

Negative Pledge:	The terms of the Notes will not contain a negative pledge.

Status of the Notes:	The Notes will constitute direct, unconditional, and unsecured obligations of the Issuer and will rank <i>pari passu</i> , without any preference among themselves, with all other, present and future, outstanding unsecured and unsubordinated obligations of the Issuer (other than obligations preferred by law).
Listing and admission to trading:	Application has been made to the UK Listing Authority for Notes (other than Exempt Notes) issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the Official List and to the London Stock Exchange for such Notes to be admitted to trading on the Market. The Programme provides that Exempt Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or markets (other than a stock exchange or market which is a regulated market for the purposes of the Markets in Financial Instruments Directive) as may be agreed between the Issuer and the relevant Dealer. The Issuer may also issue unlisted Exempt Notes and/or Exempt Notes not admitted to trading on any stock exchange or market. In the case of Exempt Notes, the applicable Pricing Supplement will state whether or not the relevant Notes will be so listed and/or admitted to trading.

Reg. § 1.163-5(c)(2)(i)(D) (or any successor section that is substantially identical thereto) (the “D Rules”) unless the applicable Final Terms state that such Notes are issued in circumstances in which such Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“TEFRA”), which circumstances will be referred to in the applicable Final Terms as a transaction to which TEFRA is not applicable.</p>
Transfer Restrictions:	There are restrictions on the transfer of certain Notes (see “ <i>Transfer Restrictions</i> ”).

Summary of Provisions Relating to the Notes While in Global Form

Initial Issue of Notes

Upon:

- (A) in the case of a Tranche of Bearer Notes, the initial deposit of the relative Global Note with (i) if the relevant Global Note is intended to be issued in NGN form, as stated in the applicable Final Terms, a Common Safekeeper for Euroclear and Clearstream, Luxembourg or (ii) if the relevant Global Note is not intended to be issued in NGN form, a Common Depository for Euroclear and Clearstream, Luxembourg; or
- (B) in the case of a Tranche of Registered Notes, the registration of the relevant Registered Notes in the name of any common nominee for Euroclear and Clearstream, Luxembourg or in the name of a nominee of the Common Safekeeper (in the case of Regulation S Global Certificates intended to be held under the NSS) or in the name of a nominee of DTC and delivery of the relative Global Certificate to the Common Depository or the Common Safekeeper or the custodian for DTC, as the case may be.

Euroclear, Clearstream, Luxembourg or DTC, as the case may be, will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. Where a Global Note issued in respect of any Tranche is in NGN form or is a Regulation S Global Certificate intended to be held under the NSS, Euroclear and Clearstream, Luxembourg will be notified whether or not such Global Note or Regulation S Global Certificate, as the case may be, is intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Note or Regulation S Global Certificate, as the case may be, is to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria.

References herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Issuing and Principal Paying Agent and the Trustee and specified in the applicable Final Terms.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, DTC or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg, DTC or such other clearing system, as the case may be, for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of such Global Certificate, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, DTC or such clearing system, as the case may be. Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of such Global Certificate, as the case may be, in respect of each amount so paid.

Exchange

Temporary Global Notes

On and after the date (the “**Exchange Date**”) which is 40 days after the Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable, free of charge to the holder, in whole or in part upon certification as to non-U.S. beneficial ownership (in a form to be provided) either for (i) interests in a Permanent Global Note or (ii) if so provided in the applicable Final Terms, for Definitive Notes (as indicated in the applicable Final Terms and, subject in the case of Definitive Notes, to such notice period as is specified in the applicable Final Terms). In relation to any issue of Notes which is represented by a Temporary Global Note and which is expressed to be exchangeable for Definitive Notes at the option of Noteholders, such Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) and multiples thereof.

Each Temporary Global Note that is also an Exchangeable Bearer Note will be exchangeable for Registered Notes in accordance with the Terms and Conditions, in addition to any Permanent Global Note or Definitive Notes for which it may be exchangeable, and before the Exchange Date will also be exchangeable in whole or in part for Registered Notes only. Any such exchange shall occur not later than five days after the date on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Principal Paying Agent is located and in the city in which the relevant clearing system is located.

Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, in whole but not, except as provided under “*Partial Exchange of Permanent Global Notes*” below, in part for Definitive Notes either (i) if specified in the applicable Final Terms, upon not

less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Issuing and Principal Paying Agent as described therein or (ii) only upon the occurrence of an Exchange Event, as provided in the applicable Final Terms. In relation to any issue of Notes which is represented by a Permanent Global Note and which is expressed to be exchangeable for Definitive Notes at the option of the Noteholders, such Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) and multiples thereof.

For these purposes, "**Exchange Event**" means, unless otherwise specified in the applicable Final Terms, that (i) an Event of Default (as defined in Condition 10(A)) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system satisfactory to the Trustee is available or (iii) the Issuer is or will become obliged to pay additional amounts as provided for or referred to in Condition 8 which would not be required were the Notes represented by the Permanent Global Note in definitive form and a certificate to such effect signed by two Directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Trustee may give notice to the Issuing and Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Issuing and Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Issuing and Principal Paying Agent.

Each Permanent Global Note that is also an Exchangeable Bearer Note will, subject to Condition 2(f), be exchangeable, free of charge to the holder, in whole but not, except as provided under "*Partial Exchange of Permanent Global Notes*", in part for Registered Notes by the holder giving notice to the Issuing and Principal Paying Agent of its election to exchange the whole or a part, as the case may be, of such Permanent Global Note for Registered Notes. Any such exchange shall occur not later than five days after the date on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Principal Paying Agent is located and in the city in which the relevant clearing system is located.

Bearer Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

The following legend will appear on all permanent and definitive Bearer Notes and Exchangeable Bearer Notes which have an original maturity of more than one year and on all Coupons and Talons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

Partial Exchange of Permanent Global Notes

For so long as a Permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note will be exchangeable in part on one or more occasions for Registered Notes if the Permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes.

Global Certificates

Interests in a Global Certificate will be exchangeable, free of charge to the holder, in whole but not, except as provided below, in part for definitive Certificates only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means, unless otherwise specified in the applicable Final Terms, that (i) an Event of Default has occurred and is continuing, (ii) in the case of DTC Registered Notes, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act, (iii) in the case of Regulation S Registered Notes, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (iv) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Global Certificate in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 below if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Global Certificate) may give notice to the

Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

If the Final Terms state that the Notes are to be represented by a Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear, Clearstream, Luxembourg, DTC or any alternative clearing system. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) below may only be made in part:

- (i) if the relevant clearing system has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no alternative clearing system satisfactory to the Trustee is available; or
- (ii) an Event of Default has occurred and is continuing; or
- (iii) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to (i) or (ii) above, the registered holder has given the Registrar not less than 30 days' notice at its specified office of the registered holder's intention to effect such a transfer. Where a Global Certificate is only transferable in its entirety, the Certificate issued to the transferee upon transfer of such holding shall be a Global Certificate. Where transfers are permitted in part, Certificates issued to transferees shall not be a Global Certificate unless the transferee so requests and certifies to the Registrar that it is, or is acting as a nominee for, Clearstream, Luxembourg, Euroclear and/or any alternative clearing system.

Delivery of Notes

On or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Principal Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be. In this Prospectus, "**Definitive Notes**" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of any Global Note, the Issuer will procure that it is cancelled.

Payments

No payment falling due after the Exchange Date will be made on any Temporary Global Note unless, upon due certification, exchange for an interest in a Permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with U.S. Treas. Reg § 1.163-5(c)(2)(i)(D) (or any successor section that is substantially identical thereto) (the "**D Rules**") before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership (in a form to be provided). All payments in respect of Notes represented by a Global Note will, if the Global Note is not intended to be issued in NGN form, be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Principal Paying Agent or any other Paying Agent. A record of each payment so made will be endorsed on each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes.

In the case of a Global Certificate, with respect to the definition of "Record Date" in Condition 6(c)(ii), the words "on the fifteenth day before" shall be deemed to be deleted and replaced by "on the Clearing System Business Day before" where "**Clearing System Business Day**" means any day other than (i) Saturdays and Sundays and (ii) 1 January and 25 December.

The holder of a Global Note or a Global Certificate shall be the only person entitled to receive payments in respect of Notes represented by such Global Note or Global Certificate and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note or Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear,

Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global Note or Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note or Global Certificate.

Meetings

The holder of a Global Note or of the Notes represented by a Global Certificate shall (unless such Global Note or Global Certificate represents only one Note) be treated as being one person for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each Note comprising such Noteholder's holding, whether or not represented by a Global Certificate.

Partial Redemption

In the case of a partial redemption of Notes represented by a Global Note, the Notes to be redeemed ("**Redeemed Notes**") will be selected in accordance with the rules of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in their nominal amount, at their discretion) and/or DTC, as applicable, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). The aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least five days prior to the Selection Date.

Notices

Until such time as any Definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, be substituted for publication in a newspaper in accordance with Condition 14 the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC for communication by them to their entitled accountholders and, in addition, for so long as any Notes are listed on a stock exchange and the rules of that stock exchange or any other relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by that stock exchange or any other relevant authority. Any such notice shall be deemed to have been given on the day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or DTC.

Whilst any of the Notes are represented by a Global Note, notices to be given by any Noteholder may be given to the Issuing and Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, in such manner as the Issuing and Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or DTC, as the case may be, may approve for this purpose.

Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Global Note may be exercised by the holder of the Global Note giving notice to the Issuing and Principal Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time presenting the Global Note to the Issuing and Principal Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Principal Paying Agent, for notation.

Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or a Global Certificate is registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Global Certificate and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

Terms and Conditions of the Notes

The following are the Terms and Conditions of the Notes, that, subject to completion by the applicable Final Terms, shall be applicable to the Notes and/or Certificates in definitive form (if any) issued in exchange for the Global Note(s) and/or Global Certificates representing each Series. Either (i) the full text of the following Terms and Conditions together with the relevant provisions of the Final Terms or (ii) these Terms and Conditions as so completed (and subject to simplification by the disapplication of non-applicable provisions), shall be endorsed on such definitive Bearer Notes or on the definitive Certificates relating to Registered Notes. The applicable Pricing Supplement in relation to any Tranche of Exempt Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. Reference should be made to “Summary of Provisions Relating to the Notes While in Global Form” for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes. References in the following Terms and Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

Notes issued by Vodafone Group Plc (formerly called Vodafone AirTouch Plc) (the “**Issuer**”) are constituted by a Trust Deed dated 16 July 1999 (such Trust Deed as modified and/or supplemented and/or restated from time to time, the “**Trust Deed**”) made between the Issuer and The Law Debenture Trust Corporation p.l.c. (the “**Trustee**”, which expression shall include any successor as trustee).

The Notes and the Coupons (as defined below) have the benefit of an amended and restated Agency Agreement dated 12 January 2016 (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the “**Agency Agreement**”) made between the Issuer, HSBC Bank plc as issuing and principal paying agent and agent bank (the “**Issuing and Principal Paying Agent**”, which expression shall include any successor issuing and principal paying agent), the other paying agents named therein (together with the Issuing and Principal Paying Agent, the “**Paying Agents**”, which expression shall include any additional or successor paying agents), HSBC Bank USA, National Association as exchange agent (the “**Exchange Agent**”, which expression shall include any successor exchange agent) and HSBC Bank USA, National Association as registrar (the “**Registrar**”, which expression shall include any successor registrar) and a transfer agent and the other transfer agents named therein (together with the Registrar, the “**Transfer Agents**”, which expression shall include any additional or successor transfer agent) and the Trustee.

The Noteholders (as defined below) and the holders (the “**Couponholders**”) of the interest coupons (the “**Coupons**”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. References in these Terms and Conditions to “**Exempt Notes**” are to Notes for which no prospectus is required to be published under the Prospectus Directive (as defined below).

If this Note is not an Exempt Note, the final terms for this Note (or the relevant provisions thereof) are attached to or endorsed on this Note (the “**Final Terms**”). Part A of the Final Terms completes these Terms and Conditions for the purposes of this Note. References to the “**applicable Final Terms**” are to Part A of the Final Terms (or the relevant provisions thereof). If this Note is an Exempt Note, the pricing supplement for this Note (or the relevant provisions thereof) are attached to or endorsed on this Note (the “**Pricing Supplement**”). Part A of the Pricing Supplement completes these Terms and Conditions for the purposes of this Note and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Terms and Conditions, replace or modify these Terms and Conditions for the purposes of this Note. In the case of Exempt Notes, any subsequent reference in these Terms and Conditions to “**Final Terms**” shall be deemed to include reference to “**Pricing Supplement**” so far as the context admits.

The Trustee acts for the benefit of the Noteholders and the Couponholders, (which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Trust Deed.

As used herein, “**Tranche**” means Notes which are identical in all respects (including as to listing) and “**Series**” means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single series and (ii) identical in all respects (including as to listing) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Copies of the Trust Deed and the Agency Agreement are available for inspection during normal business hours at the registered office for the time being of the Trustee (being at Fifth Floor, 100 Wood Street, London EC2V 7EX, England) and at the specified office of each of the Paying Agents. In addition, the applicable Final Terms will be available for viewing on the website of the Regulatory

News Service operated by the London Stock Exchange plc at www.londonstockexchange.com/exchange/news/market-news/market-news-home.html or otherwise published in accordance with Article 14 of Directive 2003/71/EC (which includes the amendments made by Directive 2010/73/EU to the extent that such amendments have been implemented in a relevant Member State of the European Economic Area) (the “**Prospectus Directive**”). If this Note is an Exempt Note, the applicable Pricing Supplement will only be obtainable by a Noteholder holding one or more Notes and such Noteholder must produce evidence satisfactory to the Paying Agent for the time being in London as to the identity of such holder. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms which are applicable to them. The statements in these Terms and Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed. Words and expressions defined in the Trust Deed and/or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed shall prevail and, in the event of inconsistency between the Agency Agreement or the Trust Deed and the applicable Final Terms, the applicable Final Terms will prevail.

References herein to “**RMB Notes**” are to Notes denominated in Renminbi. References herein to “**Renminbi**”, “**RMB**” and “**CNY**” are to the lawful currency of the People’s Republic of China (the “**PRC**”) which, for the purposes of the Conditions, excludes the Hong Kong Special Administrative Region of the People’s Republic of China, the Macau Special Administrative Region of the People’s Republic of China and Taiwan.

1. Form, Denomination and Title

The Notes are issued in bearer form (“**Bearer Notes**”, which expression includes Notes that are specified to be Exchangeable Bearer Notes), in registered form (“**Registered Notes**”) or in bearer form exchangeable for Registered Notes (“**Exchangeable Bearer Notes**”) in each case in the Specified Denomination(s) shown hereon.

All Registered Notes shall have the same Specified Denomination. Where Exchangeable Bearer Notes are issued, the Registered Notes for which they are exchangeable shall have the same Specified Denomination as the lowest denomination of Exchangeable Bearer Notes.

The Notes may be Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Inflation Linked Interest Notes or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

The Notes may be redeemable at par or may be Inflation Linked Redemption Notes, depending on the Redemption Basis shown in the applicable Final Terms.

If this Note is an Exempt Note, this Note may include terms and conditions not contemplated by these Terms and Conditions, in which event the relevant provisions will be included in the applicable Pricing Supplement.

Bearer Notes are serially numbered and are issued with Coupons attached, unless they are Zero Coupon Notes, in which case references to Coupons and Couponholders in these Terms and Conditions are not applicable.

Registered Notes are represented by registered certificates (“**Certificates**”) and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and Coupons will pass by delivery. Title to the Registered Notes will pass by registration in the register that the Issuer will procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”). The Issuer, any Paying Agent, the Registrar, the Transfer Agents, the Exchange Agent and the Trustee may (to the fullest extent permitted by applicable laws) deem and treat the holder (as defined below) of any Note or Coupon as the absolute owner for all purposes (whether or not the Note or Coupon shall be overdue and notwithstanding any notice of ownership or writing on the Note or Coupon (or on the Certificate representing it) or any notice of previous loss or theft of the Note or Coupon (or that of the related Certificate) or of trust or any interest therein) and shall not be required to obtain any proof thereof or as to the identity of such holder and no person shall be liable for so treating the holder.

In these Terms and Conditions, “**Noteholder**” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “**holder**” (in relation to a Note or Coupon) means the bearer of any Bearer Note or Coupon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them in the applicable Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. Exchanges of Exchangeable Bearer Notes and Transfers of Registered Notes

(a) Exchange of Exchangeable Bearer Notes

Subject as provided in Condition 2(f), Exchangeable Bearer Notes may be exchanged for the same nominal amount of Registered Notes at the request in writing of the relevant Noteholder (in substantially the same form set out in Schedule 4 of the Agency Agreement) and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Coupons relating to it, at the specified office of any Transfer Agent; provided, however, that where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 6(c)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) Transfer of Registered Notes

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

(c) Partial Redemption in Respect of Registered Notes

In the case of a partial redemption of a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder in respect of the balance of the holding not redeemed. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) Delivery of New Certificates

Each new Certificate to be issued pursuant to Conditions 2(a), (b) or (c) above shall only be available for delivery within three business days of receipt of the request for exchange, form of transfer or Change of Control Put Notice (as defined in Condition 7(d)) or Put Notice (as defined in Condition 7(e)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Change of Control Put Notice, Put Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Change of Control Put Notice, Put Notice or other in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition (d), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(e) Exchange or Transfer Free of Charge

Exchange and transfer of Notes and Certificates on registration, transfer and exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) Closed Periods

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days prior to any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 7(c), (ii) after any such Note has been called for redemption or (iii) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption may, however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3. Status of the Notes

The Notes and any relative Coupons are direct, unconditional and unsecured obligations of the Issuer and rank and will rank *pari passu*, without any preference among themselves, with all other, present and future, outstanding unsecured and unsubordinated obligations of the Issuer (other than obligations preferred by law).

4. Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date.

In the case of RMB Notes, if:

- (i) Interest Payment Date Adjustment is specified as applying in the applicable Final Terms; and
- (ii) (x) there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) any Interest Payment Date would otherwise fall on a day which is not a Business Day,

then such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

For these purposes, “**Business Day**” has the meaning given to in Condition 4(b) below.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, “**Fixed Interest Period**” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (ii) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Fixed Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

In these Terms and Conditions:

“**Fixed Day Count Fraction**” means, in respect of the calculation of an amount of interest in accordance with this Condition 4(a):

- (i) if “**Actual/Actual (ICMA)**” is specified in the applicable Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “**Accrual Period**”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year;
- (ii) if “**30/360**” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360; and
- (iii) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the relevant period divided by 365.

In these Terms and Conditions:

“**Determination Period**” means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“**sub-unit**” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes and Inflation Linked Interest Notes

(i) Interest Payment Dates

Each Floating Rate Note and Inflation Linked Interest Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an “**Interest Payment Date**”) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B), the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, “**Business Day**” means a day which is both:

- (A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Final Terms; and

(B) either (1) in relation to any sum payable in a Specified Currency other than euro or Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Wellington, respectively), (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the “**TARGET2 System**”) is open or (3) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets in Hong Kong are generally open for business and settlement for Renminbi payments in Hong Kong.

(ii) Rate of Interest for Floating Rate Notes

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issuing and Principal Paying Agent under an interest rate swap transaction if the Issuing and Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc. and amended and updated as at the Issue Date of the first Tranche of the Notes) (the “**ISDA Definitions**”) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms;
- (2) the Designated Maturity is a period specified in the applicable Final Terms; and
- (3) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“**LIBOR**”) or on the Euro-zone inter-bank offered rate (“**EURIBOR**”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), (i) “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions, (ii) the definition of “**Banking Day**” in the ISDA Definitions shall be amended to insert after the words “are open for” in the second line the word “general” and (iii) “**Euro-zone**” means the region comprised of Member States of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Relevant Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Issuing and Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issuing and Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of Condition 4(b)(ii)(B)(1) above, no such offered quotation appears or, in the case of Condition 4(b)(ii)(B)(2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph above, the Issuing and Principal Paying Agent shall request each of the Reference Banks to provide the Issuing and Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate, at approximately the Relevant Time, on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issuing and Principal Paying Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic

mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Issuing and Principal Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Issuing and Principal Paying Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Issuing and Principal Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Issuing and Principal Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Relevant Time, on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if the Reference Rate is TIBOR, the Tokyo inter-bank market or, if the Reference Rate is CDOR, the Toronto inter-bank market or, if the Reference Rate is JIBAR, the Johannesburg inter-bank market, as the case may be, plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Issuing and Principal Paying Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at approximately the Relevant Time, on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Issuing and Principal Paying Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if the Reference Rate is TIBOR, the Tokyo inter-bank market or, if the Reference Rate is CDOR, the Toronto inter-bank market or, if the Reference Rate is JIBAR, the Johannesburg inter-bank market, as the case may be, plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

In these Terms and Conditions:

“Interest Determination Date” means:

- (i) if the Reference Rate is LIBOR (other than Sterling or Euro LIBOR), the second London business day prior the start of each Interest Period;

- (iii) if the Reference Rate is Euro LIBOR or EURIBOR, the second day on which the TARGET2 System is open prior to the start of each Interest Period;
- (iv) if the Reference Rate is the Tokyo inter-bank offered rate (**“TIBOR”**), the second Tokyo Business Day prior to the start of each Interest Period;
- (v) if the Reference Rate is the Canadian Dollar offered rate (**“CDOR”**), the first day of each Interest Period; and

“Reference Banks” means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market, in the case of a determination of EURIBOR, the principal office of four major banks in the Euro-zone inter-bank market, in the case of a determination of TIBOR, the principal Tokyo office of ten major banks in the Tokyo inter-bank market, in the case of a determination of CDOR, four major Canadian Schedule I chartered banks, in the case of a determination of JIBAR, the principal Johannesburg office of four major banks in the Johannesburg inter-bank market, in each case selected by the Issuing and Principal Paying Agent;

“Reference Rate” means (i) LIBOR, (ii) EURIBOR, (iii) TIBOR, (iv) CDOR or (v) JIBAR, in each case for the relevant period, as specified in the applicable Final Terms;

(iii) *Rate of Interest for Inflation Linked Interest Notes*

The Rate of Interest in respect of Inflation Linked Interest Notes for each Interest Period will be as specified in the applicable Final Terms. Amounts of interest payable in respect of Inflation Linked Interest Notes determined by reference to the applicable Rate of Interest shall be subject to adjustment in accordance with Condition 5.

(iv) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of sub-paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of sub-paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(v) *Determination of Rate of Interest and calculation of Interest Amounts*

The Issuing and Principal Paying Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Inflation Linked Interest Notes, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Inflation Linked Interest Notes, the Calculation Agent will notify the Issuing and Principal Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Issuing and Principal Paying Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes or Inflation Linked Interest Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes or Inflation Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes or Inflation Linked Interest Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note or an Inflation Linked Interest Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “**Actual/Actual-ISDA**” or “**Actual/Actual**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Sterling)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iii) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iv) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Interest Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

- (vi) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

- (vii) if “**30E/360 (ISDA)**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

where:

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30.

(vi) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Issuing and Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if

there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Issuing and Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Designated Maturity” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(vii) Notification of Rate of Interest and Interest Amounts

The Issuing and Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes or Inflation Linked Interest Notes are for the time being listed and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes or Inflation Linked Interest Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression **“London Business Day”** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(viii) Determination or Calculation by Trustee

If for any reason at any relevant time the Issuing and Principal Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Issuing and Principal Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with sub-paragraph (ii)(A) or (B) above, as the case may be, and in each case in accordance with sub-paragraph (v) above, the Trustee or an agent appointed by the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 4, but subject always to any Minimum or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Issuing and Principal Paying Agent or the Calculation Agent, as applicable.

(ix) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4, whether by the Issuing and Principal Paying Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Issuing and Principal Paying Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Issuing and Principal Paying Agent or, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

5. Inflation Linked Notes

This Condition 5 is applicable only if the applicable Final Terms specifies the Notes as Inflation Linked Interest Notes and/or Inflation Linked Redemption Notes (**“Inflation Linked Notes”**).

(a) U.K. Retail Price Index

Where RPI (as defined below) is specified as the Index in the applicable Final Terms, Conditions 5(a) to 5(f) will apply. For purposes of Conditions 5(a) to 5(f), unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“Base Index Figure” means (subject to Condition 5(c)(i)) the base index figure as specified in the applicable Final Terms;

“Calculation Agent” means the person appointed by the Issuer as calculation agent in relation to a Series of Inflation Linked Notes and specified in the applicable Final Terms, and shall include any successor calculation agent appointed in respect of such Notes;

“Her Majesty’s Treasury” means Her Majesty’s Treasury or any officially recognised party performing the function of a calculation agent (whatever such party’s title), on its or its successor’s behalf, in respect of the Reference Gilt;

“Index” or **“Index Figure”** means, subject as provided in Condition 5(c)(i), the U.K. Retail Price Index (RPI) (for all items) published by the Office for National Statistics (January 1987 = 100) or any comparable index which may replace the U.K. Retail Price Index for the purpose of calculating the amount payable on repayment of the Reference Gilt (the **“RPI”**). Any reference to the Index Figure:

- (i) applicable to a particular month, shall, subject as provided in Conditions 5(c) and 5(e), be construed as a reference to the Index Figure published in the seventh month prior to that particular month and relating to the month before that of publication; or
- (ii) applicable to the first calendar day of any month shall, subject as provided in Conditions 5(c) and 5(e), be construed as a reference to the Index Figure published in the second month prior to that particular month and relating to the month before that of publication; or
- (iii) applicable to any other day in any month shall, subject as provided in Conditions 5(c) and 5(e), be calculated by linear interpolation between (x) the Index Figure applicable to the first calendar day of the month in which the day falls, calculated as specified in sub-paragraph (ii) above and (y) the Index Figure applicable to the first calendar day of the month following, calculated as specified in sub-paragraph (ii) above and rounded to the nearest fifth decimal place;

“Index Ratio” applicable to any month or date, as the case may be, means the Index Figure applicable to such month or date, as the case may be, divided by the Base Index Figure and rounded to the nearest fifth decimal place;

“Limited Index Ratio” means (a) in respect of any month or date, as the case may be, prior to the relevant Issue Date, the Index Ratio for that month or date, as the case may be, (b) in respect of any Limited Indexation Date after the relevant Issue Date, the product of the Limited Indexation Factor for that month or date, as the case may be, and the Limited Index Ratio as previously calculated in respect of the month or date, as the case may be, twelve months prior thereto; and (c) in respect of any other month, the Limited Index Ratio as previously calculated in respect of the most recent Limited Indexation Month;

“Limited Indexation Date” means any date falling during the period specified in the applicable Final Terms for which a Limited Indexation Factor is to be calculated;

“Limited Indexation Factor” means, in respect of a Limited Indexation Month or Limited Indexation Date, as the case may be, the ratio of the Index Figure applicable to that month or date, as the case may be, divided by the Index Figure applicable to the month or date, as the case may be, twelve months prior thereto, provided that (a) if such ratio is greater than the Maximum Indexation Factor specified in the applicable Final Terms, it shall be deemed to be equal to such Maximum Indexation Factor and (b) if such ratio is less than the Minimum Indexation Factor specified in the applicable Final Terms, it shall be deemed to be equal to such Minimum Indexation Factor;

“Limited Indexation Month” means any month specified in the applicable Final Terms for which a Limited Indexation Factor is to be calculated;

“Limited Index Linked Notes” means Inflation Linked Notes to which a Maximum Indexation Factor and/or a Minimum Indexation Factor (as specified in the applicable Final Terms) applies; and

“Reference Gilt” means the index-linked Treasury Stock or Treasury Gilt specified as such in the applicable Final Terms for so long as such gilt is in issue, and thereafter such issue of index-linked Treasury Stock or Treasury Gilt determined to be appropriate by a gilt-edged market maker or other adviser selected by the Issuer (an **“Indexation Adviser”**).

(b) Application of the Index Ratio

Each payment of interest (in the case of Inflation Linked Interest Notes) and principal (in the case of Inflation Linked Redemption Notes) in respect of the Notes shall be the amount provided in, or determined in accordance with, these Terms and Conditions, multiplied by the Index Ratio or Limited Index Ratio in the case of Limited Index Linked Notes applicable to the month or date, as the case may be, on which such payment falls to be made and rounded in accordance with Condition 4(b)(v).

(c) Changes in Circumstances Affecting the Index

- (i) Change in base: If at any time and from time to time the Index is changed by the substitution of a new base therefor, then with effect from the month from and including that in which such substitution takes effect or the first date from and including that on which such substitution takes effect, as the case may be, (1) the definition of **“Index”** and **“Index Figure”** in Condition 5(a) shall be deemed to refer to the new date or month in substitution for January 1987 (or, as the case may be, to such other date or month as may have been substituted therefor), and (2) the new Base Index Figure shall be the product of the existing Base Index

Figure and the Index Figure for the date on which such substitution takes effect, divided by the Index Figure for the date immediately preceding the date on which such substitution takes effect.

- (ii) Delay in publication of Index if sub-paragraph (i) of the definition of Index Figure is applicable: If the Index Figure which is normally published in the seventh month and which relates to the eighth month (the “**relevant month**”) before the month in which a payment is due to be made is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”), the Index Figure applicable to the month in which the date for payment falls shall be (1) such substitute index figure (if any) as the Trustee considers (acting solely on the advice of the Indexation Adviser) to have been published by the United Kingdom Debt Management Office or the Bank of England, as the case may be, for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by an Indexation Adviser (and approved by the Trustee (acting solely on the advice of the Indexation Adviser)) or (2) if no such determination is made by such Indexation Adviser within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 5(c)(i)) before the date for payment.
- (iii) Delay in publication of Index if sub-paragraph (ii) and/or (iii) of the definition of Index Figure is applicable: If the Index Figure relating to any month (the “**calculation month**”) which is required to be taken into account for the purposes of the determination of the Index Figure for any date is not published on or before the fourteenth business day before the date on which such payment is due (the “**date for payment**”), the Index Figure applicable for the relevant calculation month shall be (1) such substitute index figure (if any) as the Trustee considers (acting solely on the advice of the Indexation Adviser) to have been published by the United Kingdom Debt Management Office or the Bank of England, as the case may be, for the purposes of indexation of payments on the Reference Gilt or, failing such publication, on any one or more issues of index-linked Treasury Stock selected by an Indexation Adviser (and approved by the Trustee (acting solely on the advice of the Indexation Adviser)) or (2) if no such determination is made by such Indexation Adviser within seven days, the Index Figure last published (or, if later, the substitute index figure last determined pursuant to Condition 5(c)(i)) before the date for payment.

(d) Application of Changes

Where the provisions of Condition 5(c)(ii) or Condition 5(c)(iii) apply, the determination of the Indexation Adviser as to the Index Figure applicable to the month in which the date for payment falls or the date for payment, as the case may be, shall be conclusive and binding. If, an Index Figure having been applied pursuant to Condition 5(c)(ii)(2) or Condition 5(c)(iii)(2), the Index Figure relating to the relevant month or relevant calculation month, as the case may be, is subsequently published while a Note is still outstanding, then:

- (i) in relation to a payment of interest (in the case of Inflation Linked Interest Notes) and/or principal (in the case of Inflation Linked Redemption Notes) in respect of such Note other than upon final redemption of such Note, the interest and/or principal (as the case may be) next payable after the date of such subsequent publication shall be increased or reduced, as the case may be, by an amount equal to the shortfall or excess, as the case may be, of the amount of the relevant payment made on the basis of the Index Figure applicable by virtue of Condition 5(c)(ii)(2) or Condition 5(c)(iii)(2) below or above the amount of the relevant payment that would have been due if the Index Figure subsequently published had been published on or before the fourteenth business day before the date for payment; and
- (ii) in relation to a payment of interest (in the case of Inflation Linked Interest Notes) and/or principal (in the case of Inflation Linked Redemption Notes) upon final redemption, no subsequent adjustment to amounts paid will be made.

(e) Material Changes or Cessation of the Index

- (i) Material changes to the Index: If notice is published by Her Majesty’s Treasury, or on its behalf, following a change to the coverage or the basic calculation of the Index, then the Calculation Agent shall make any such adjustments to the Index consistent with any adjustments made to the Index as applied to the Reference Gilt.
- (ii) Cessation of the Index: If the Trustee and the Issuer have been notified by the Calculation Agent that the Index has ceased to be published, or if Her Majesty’s Treasury, or a person acting on its behalf, announces that it will no longer continue to publish the Index, then the Calculation Agent shall determine a successor index in lieu of any previously applicable index (the “**Successor Index**”) by using the following methodology:
 - (a) if at any time a successor index has been designated by Her Majesty’s Treasury in respect of the Reference Gilt, such successor index shall be designated the “**Successor Index**” for the purposes of all subsequent Interest Payment Dates, notwithstanding that any other Successor Index may previously have been determined under paragraphs (b) or (c) below; or
 - (b) if a Successor Index has not been determined under paragraph (a) above, the Issuer and the Trustee (acting solely on the advice of the Indexation Adviser) together shall seek to agree for the purpose of the Notes one or more adjustments to the

Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published; or

- (c) if the Issuer and the Trustee (acting solely on the advice of the Indexation Adviser) fail to reach agreement as mentioned above within 20 business days following the giving of notice as mentioned in paragraph (ii), a bank or other person in London shall be appointed by the Issuer and the Trustee or, failing agreement on and the making of such appointment within 20 business days following the expiry of the 20 business day period referred to above, by the Trustee (acting solely on the advice of the Indexation Adviser) (in each case, such bank or other person so appointed being referred to as the “**Expert**”), to determine for the purpose of the Notes one or more adjustments to the Index or a substitute index (with or without adjustments) with the intention that the same should leave the Issuer and the Noteholders in no better and no worse position than they would have been had the Index not ceased to be published. Any Expert so appointed shall act as an expert and not as an arbitrator and all fees, costs and expenses of the Expert and of any Indexation Adviser and of any of the Issuer and the Trustee in connection with such appointment shall be borne by the Issuer.
- (iii) Adjustment or replacement: The Index shall be adjusted or replaced by a substitute index pursuant to the foregoing paragraphs, as the case may be, and references in these Terms and Conditions to the Index and to any Index Figure shall be deemed amended in such manner as the Trustee (acting solely on the advice of the Indexation Adviser) and the Issuer agree are appropriate to give effect to such adjustment or replacement. Such amendments shall be effective from the date of such notification and binding upon the Issuer, the Trustee and the Noteholders, and the Issuer shall give notice to the Noteholders in accordance with Condition 14 of such amendments as promptly as practicable following such notification or adjustment.

(f) Redemption for Index Reasons

If either (i) the Index Figure for three consecutive months is required to be determined on the basis of an Index Figure previously published as provided in Condition 5(c)(ii)(2) and the Trustee has been notified by the Calculation Agent that publication of the Index has ceased or (ii) notice is published by Her Majesty’s Treasury, or on its behalf, following a change in relation to the Index, offering a right of redemption to the holders of the Reference Gilt, and (in either case) no amendment or substitution of the Index shall have been designated by Her Majesty’s Treasury in respect of the Reference Gilt and such circumstances are continuing, the Issuer may, upon giving not more than 60 nor less than 30 days’ notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms) in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount referred to in Condition 6(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption (in each case adjusted in accordance with Condition 5(b)).

(g) HICP

Where HICP (as defined below) is specified as the Index in the applicable Final Terms, the Conditions 5(g) to 5(j) will apply. For purposes of Conditions 5(g) to 5(j), unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Base Index Level**” means the base index level as specified in the applicable Final Terms;

“**Calculation Agent**” means the person appointed by the Issuer as calculation agent in relation to a Series of Inflation Linked Notes and specified in the applicable Final Terms, and shall include any successor calculation agent appointed in respect of such Notes;

“**Index**” or “**Index Level**” means (subject as provided in Condition 5(i)) the non-revised Harmonised Index of Consumer Prices excluding tobacco or relevant Successor Index (as defined in Condition 5(i)(ii)), measuring the rate of inflation in the European Monetary Union excluding tobacco, expressed as an index and published by Eurostat (the “**HICP**”). The first publication or announcement of a level of such index for a calculation month (as defined in Condition 5(i)(i)(A)) shall be final and conclusive and later revisions to the level for such calculation month will not be used in any calculations. Any reference to the Index Level which is specified in these Conditions as applicable to any day (“d”) in any month (“m”) shall, subject as provided in Condition 5(i), be calculated as follows:

$$I_d = HICP_{m-3} + \frac{nb d}{q_m} \times (HICP_{m-2} - HICP_{m-3})$$

where:

“ I_d ” is the Index Level for the day d

“**HICP**” m-2 is the level of HICP for month m-2

“**HICP**” m-3 is the level of HICP for month m-3

“**nb**” is the actual number of days from and excluding the first day of month m to but including day d;

and

“**q_m**” is the actual number of days in month m,

provided that if Condition 5(i) applies, the Index Level shall be the Substitute Index Level determined in accordance with such Condition.

“**Index Business Day**” means a day on which the TARGET System is operating;

“**Index Determination Date**” means in respect of any date for which the Index Level is required to be determined, the fifth Index Business Day prior to such date;

“**Index Ratio**” applicable to any date means the Index Level applicable to the relevant Index Determination Date divided by the Base Index Level and rounded to the nearest fifth decimal place, 0.000005 being rounded upwards;

“**Related Instrument**” means an inflation-linked bond selected by the Calculation Agent that is a debt obligation of one of the governments (but not any government agency) of France, Italy, Germany or Spain and which pays a coupon or redemption amount which is calculated by reference to the level of inflation in the European Monetary Union with a maturity date which falls on (a) the same day as the Maturity Date or (b) the next longest maturity date after the Maturity Date or the next shortest maturity for the Maturity Date at its sole discretion, if there is no such bond maturing on the Maturity Date. The Calculation Agent will select the Related Instrument from such of those inflation-linked bonds issued on or before the relevant Issue Date and, if there is more than one such inflation-linked bond maturing on the same date, the Related Instrument shall be selected by the Calculation Agent from such bonds at its sole discretion. If the Related Instrument is redeemed the Calculation Agent will select a new Related Instrument on the same basis, but selected from all eligible bonds in issue at the time the originally selected Related Instrument is redeemed (including any bond for which the redeemed originally selected Related Instrument is exchanged).

(h) Application of the Index Ratio

Each payment of interest (in the case of Inflation Linked Interest Notes) and principal (in the case of Inflation Linked Redemption Notes) in respect of the Notes shall be the amount provided in, or determined in accordance with, these Terms and Conditions, multiplied by the Index Ratio applicable to the date on which such payment falls to be made and rounded in accordance with Condition 4(b)(v).

(i) Changes in Circumstances Affecting the Index

(i) Delay in publication of Index

(A) If the Index Level relating to any month (the “**calculation month**”) which is required to be taken into account for the purposes of the determination of the Index Level for any date (the “**Relevant Level**”) has not been published or announced by the day that is five Business Days before the date on which such payment is due (the “**Affected Payment Date**”), the Calculation Agent shall determine a Substitute Index Level (as defined below) (in place of such Relevant Level) by using the following methodology:

- (1) if applicable, the Calculation Agent will take the same action to determine the “**Substitute Index Level**” for the Affected Payment Date as that taken by the calculation agent (or any other party performing the function of a calculation agent (whatever such party’s title)) pursuant to the terms and conditions of the Related Instrument;
- (2) if (1) above does not result in a Substitute Index Level for the Affected Payment Date for any reason, then the Calculation Agent shall determine the Substitute Index Level as follows:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level} / \text{Reference Level})$$

Where:

“**Base Level**” means the level of the Index (excluding any flash estimates) published or announced by Eurostat (or any successor entity which publishes such index) in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined;

“**Latest Level**” means the latest level of the Index (excluding any flash estimates) published or announced by Eurostat (or any successor entity which publishes such index) prior to the month in respect of which the Substitute Index Level is being calculated; and

“Reference Level” means the level of the Index (excluding any flash estimates) published or announced by Eurostat (or any successor entity which publishes such index) in respect of the month that is 12 calendar months prior to the month referred to in *“Latest Level”* above.

- (B) If a Relevant Level is published or announced at any time after the day that is five Business Days prior to the next Interest Payment Date, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Condition 5(i) will be the definitive level for that calculation month.
- (ii) Cessation of publication: If the Index Level has not been published or announced for two consecutive months or Eurostat announces that it will no longer continue to publish or announce the Index then the Calculation Agent shall determine a successor index in lieu of any previously applicable Index (the **“Successor Index”**) by using the following methodology:
- (A) if at any time (other than after an Early Termination Event (as defined below) has been designated by the Calculation Agent pursuant to paragraph (E) below) a successor index has been designated by the calculation agent (or any other party performing the function of a calculation agent (whatever such party’s title)) pursuant to the terms and conditions of the Related Instrument, such successor index shall be designated the **“Successor Index”** for the purposes of all subsequent Interest Payment Dates, notwithstanding that any other Successor Index may previously have been determined under paragraphs (B), (C) or (D) below; or
- (B) if a Successor Index has not been determined under paragraph (A) above (and there has been no designation of an Early Termination Event pursuant to paragraph (E) below), and a notice has been given or an announcement has been made by Eurostat (or any successor entity which publishes such index) specifying that the Index will be superseded by a replacement index specified by Eurostat (or any such successor), and the Calculation Agent determines that such replacement index is calculated using the same or substantially similar formula or method of calculation as used in the calculation of the previously applicable Index, such replacement index shall be the Index from the date that such replacement index comes into effect; or
- (C) if a Successor Index has not been determined under paragraphs (A) or (B) above (and there has been no designation of an Early Termination Event pursuant to paragraph (E) below), the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be. If four or five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, this index will be deemed the **“Successor Index”**. If three responses are received, and two or more leading independent dealers state the same index, this index will be deemed the **“Successor Index”**. If fewer than three responses are received, the Calculation Agent will proceed to paragraph (D) below;
- (D) if no Successor Index has been determined under paragraphs (A), (B) or (C) above on or before the fifth Index Business Day prior to the next Affected Payment Date the Calculation Agent will determine an appropriate alternative index for such Affected Payment Date, and such index will be deemed the **“Successor Index”**;
- (E) if the Calculation Agent determines that there is no appropriate alternative index, the Issuer shall, in conjunction with the Calculation Agent, determine in good faith an appropriate alternative index. If the Issuer, in conjunction with the Calculation Agent, does not decide on an appropriate alternative index within a period of ten Business Days, then an **“Early Termination Event”** will be deemed to have occurred and the Issuer will redeem the Notes pursuant to Condition 5(j).
- (iii) Rebased of the Index: If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the **“Rebased Index”**) will be used for the purposes of determining each relevant Index Level from the date of such rebasing; provided, however, that the Calculation Agent shall make such adjustments as are made by the calculation agent (or any other party performing the function of a calculation agent (whatever such party’s title)) pursuant to the terms and conditions of the Related Instrument to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased. Any such rebasing shall not affect any prior payments made.
- (iv) Material Modification Prior to Interest Payment Date: If, on or prior to the day that is five Business Days before an Interest Payment Date, Eurostat announces that it will make a material change to the Index then the Calculation Agent shall make any such adjustments to the Index consistent with adjustments made to the Related Instrument.
- (v) Manifest Error in Publication: If, within thirty days of publication, the Calculation Agent determines that Eurostat (or any successor entity which publishes such index) has corrected the level of the Index to remedy a manifest error in its original publication, the Calculation Agent will notify the parties of (A) that correction, (B) the amount that is payable, in respect of interest payments falling after such correction, as a result of that correction and (C) take such other action as it may deem necessary to give effect to such correction.

(j) Redemption for Index Reasons

If an Early Termination Event as described under Condition 5(i)(ii)(E) is deemed to have occurred, the Issuer will, upon giving not more than 60 nor less than 30 days' notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms) in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount referred to in Condition 6(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption (in each case adjusted in accordance with Condition 5(h)).

6. Payments

(a) Method of payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro or Renminbi will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Wellington, respectively);
- (ii) payments in euro will be made by credit or transfer to a euro account (or to any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque; and
- (iii) payments in Renminbi will be made by transfer to a Renminbi account maintained by or on behalf of the payee with a bank in Hong Kong.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

(b) Presentation of Bearer Notes and Coupons

Payments of principal in respect of Bearer Notes will be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Bearer Notes, and payments of interest in respect of Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in bearer form (other than Fixed Rate Notes which specify Interest Payment Date Adjustment as being applicable in the applicable Final Terms or Inflation Linked Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Fixed Rate Note which specifies Interest Payment Date Adjustment as being applicable in the applicable Final Terms or Inflation Linked Interest Note in bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

(c) Payments in respect of Registered Notes

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in the subparagraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the "**Record Date**"). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register on the Record Date. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.
- (iii) Payments of principal and interest in respect of Registered Notes registered in the name of, or in the name of a nominee for, The Depository Trust Company ("**DTC**") and denominated in a Specified Currency other than U.S. dollars will be made or procured to be made by transfer by the Registrar to an account in the relevant Specified Currency of the Exchange Agent on behalf of DTC or its nominee in accordance with the following provisions. The amounts in such Specified Currency payable by the Registrar or its agent to DTC with respect to Registered Notes held by DTC or its nominee will be received from the Issuer by the Registrar who will make payments in such Specified Currency by wire transfer of same day funds to the designated bank account in such Specified Currency of those DTC participants entitled to receive the relevant payment who have made an irrevocable election to DTC, in the case of interest payments, on or prior to the third DTC Business Day after the Record Date for the relevant payment of interest and, in the case of payments of principal, at least 12 DTC Business Days prior to the relevant payment date, to receive that payment in such Specified Currency. The Registrar, after the Exchange Agent has converted amounts in such Specified Currency into U.S. dollars, will deliver such U.S. dollar amount in same day funds to DTC for payment through its settlement system to those DTC participants entitled to receive the relevant payment who did not elect to receive such payment in such Specified Currency. The Agency Agreement sets out the manner in which such conversions are to be made. For the purposes of this Condition 6(c), "**DTC Business Day**" means any day on which DTC is open for business.

(d) General provisions applicable to payments

The holder of a Global Note or a Global Certificate shall be the only person entitled to receive payments in respect of Notes represented by such Global Note or Global Certificate and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note or Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global Note or Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note or Global Certificate.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due; and
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(e) Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "**Payment Day**" means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;

(B) any Additional Financial Centre specified in the applicable Final Terms; and

- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro or Renminbi, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Wellington, respectively), (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open or (3) in relation to any sum payable in Renminbi, a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets in Hong Kong are generally open for business and settlement for Renminbi payments in Hong Kong.

(f) Interpretation of principal and interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 or under any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(f)); and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

(g) Renminbi Currency Event

If Renminbi Currency Event is specified as applying in the applicable Final Terms and a Renminbi Currency Event (as defined below) occurs, the Issuer, on giving not less than five nor more than thirty days' irrevocable notice in accordance with Condition 14 to the Noteholders and the Trustee prior to any due date for payment, shall be entitled to satisfy its obligations in respect of such payment (in whole or in part) by making such payment in U.S. dollars on the basis of the Spot Rate for the relevant Determination Date as promptly notified to the Issuer, the Trustee and the Paying Agents by the Calculation Agent.

In such event, any payment of U.S. dollars will be made by transfer to a U.S. dollar denominated account maintained by the payee with, or by a U.S. dollar denominated cheque drawn on, a bank in New York City and the definition of "**Payment Day**" in Condition 6(e) shall mean any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in: (A) in the case of Notes in definitive form only, the relevant place of presentation; and (B) London and New York City.

For the purpose of this Condition:

"Determination Business Day" means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, London and New York City;

"Determination Date" means the day which is three Determination Business Days before the due date of the relevant payment under the Notes;

"Government Authority" means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

"Local Time" means the time of day in the jurisdiction in which the Calculation Agent, appointed in connection with the Notes, is located;

"Renminbi Currency Event" means any one of Renminbi Illiquidity, Renminbi Non-Transferability and Renminbi Inconvertibility;

"Renminbi Dealer" means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer;

“Renminbi Illiquidity” means the general Renminbi exchange market in Hong Kong becomes illiquid as a result of which the Issuer cannot obtain sufficient Renminbi in order to satisfy its obligation to pay interest or principal (in whole or in part) in respect of the Notes, as determined by the Issuer acting in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers;

“Renminbi Inconvertibility” means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the Notes into Renminbi in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the Notes and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

“Renminbi Non-Transferability” means the occurrence of any event that makes it impossible for the Issuer to transfer Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong (including where the Renminbi clearing and settlement system for participating banks in Hong Kong is disrupted or suspended), other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date of the first Tranche of the Notes and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation); and

“Spot Rate” means the spot CNY/U.S. dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in three Determination Business Days, as determined by the Calculation Agent at or around 11.00 a.m. (Local Time) on the Determination Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent shall in good faith and in a commercially reasonable manner determine the Spot Rate at or around 11:00 a.m. (Local Time) on the Determination Date as the most recently available CNY/U.S. dollar official fixing rate for settlement in two Determination Business Days reported by the State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

If for any reason at any relevant time the Calculation Agent defaults in its obligation to determine the Spot Rate, the Trustee shall determine (or, at the expense of the Issuer, appoint an expert to determine) the Spot Rate in such manner as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition), it shall deem fair and reasonable in all the circumstances and each such determination shall be deemed to have been made by the Calculation Agent.

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6(g), whether by the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Issuing and Principal Paying Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provision.

7. Redemption and Purchase

(a) Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is neither a Floating Rate Note nor an Inflation Linked Interest Note) or on any Interest Payment Date (if this Note is either a Floating Rate Note or an Inflation Linked Interest Note), on giving not less than 30 nor more than 60 days' notice to the Issuing and Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (i) on the occasion of the next payment due in respect of the Notes, the Issuer would be required to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of the Relevant Jurisdiction (as defined in Condition 8) (or any political subdivision or taxing authority thereof or therein), or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and

- (ii) such requirement cannot be avoided by the Issuer taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be required to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Trustee a certificate signed by two Directors of the Issuer stating that the requirement referred to in sub-paragraph (i) above will apply on the occasion of the next payment due in respect of the Notes and cannot be avoided by the Issuer taking reasonable measures available to it and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Noteholders and the Couponholders. Upon the expiry of any such notice as is referred to in this paragraph, the Issuer shall be bound to redeem the Notes in accordance with the provisions of this paragraph.

Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) notice within the Issuer Call Period to the Noteholders in accordance with Condition 14; and
- (ii) not less than 10 days before the giving of the notice referred to in sub-paragraph (i) above, notice to the Issuing and Principal Paying Agent and the Trustee.

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount equal to the Minimum Redemption Amount or a Higher Redemption Amount. In the case of a partial redemption of Notes, the Notes to be redeemed (“**Redeemed Notes**”) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the “**Selection Date**”). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption.

(d) Redemption following a Change of Control

If Change of Control Put Option is specified in the applicable Final Terms and, at any time while any of the Notes remain outstanding, a Change of Control Put Event (as defined below) occurs, then the holder of each such Note will have the option (a “**Change of Control Put Option**”) (unless prior to the giving of the relevant Change of Control Put Event Notice (as defined below) the Issuer has given notice of redemption under Conditions 7(b) or 7(c) above) to require the Issuer to redeem or, at the Issuer’s option, purchase (or procure the purchase of) that Note on the date which is seven days after the expiration of the Put Period (as defined below) (such date or such other date as may be specified in the applicable Final Terms, the “**Put Date**”) at the Optional Redemption Amount specified in the applicable Final Terms together with (or, where purchased, together with an amount equal to) interest (if any) accrued to (but excluding) the Put Date.

A “**Change of Control Put Event**” will be deemed to occur if:

- (i) any person or any persons acting in concert (as defined in the United Kingdom’s City Code on Takeovers and Mergers), other than a holding company (as defined in Section 1159 of the Companies Act 2006 as amended) whose shareholders are or are to be substantially similar to the pre-existing shareholders of the Issuer, shall become interested (within the meaning of Part 22 of the Companies Act 2006 as amended) in (A) more than 50 per cent. of the issued or allotted ordinary share capital of the Issuer or (B) shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of the Issuer (each such event, a “**Change of Control**”); provided that, no Change of Control shall be deemed to occur if the event which would otherwise have constituted a Change of Control occurs or is carried out for the purposes of a reorganisation on terms previously approved by the Trustee in writing or by an Extraordinary Resolution; and
- (ii) the long-term debt of the Issuer has been assigned:
 - (A) an investment grade credit rating (*Baa3/BBB-*, or their respective equivalents, or better) (an “**Investment Grade Rating**”), by any Rating Agency at the invitation of the Issuer; or
 - (B) where there is *no* rating from any Rating Agency assigned at the invitation of the Issuer, an Investment Grade Rating by any Rating Agency of its own volition,

and;

- (x) such rating is, within the Change of Control Period, either downgraded to a non-investment grade credit rating (*Ba1/BB+, or their respective equivalents, or worse*) (a “**Non-Investment Grade Rating**”) or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded or (in the case of a withdrawal) reinstated to an Investment Grade Rating by such Rating Agency;
- (y) and there remains no other Investment Grade Rating of the long-term debt of the Issuer from any other Rating Agency; and
- (iii) in making any decision to downgrade or withdraw an Investment Grade Rating pursuant to paragraph (ii) above, the relevant Rating Agency announces publicly or confirms in writing to the Issuer or the Trustee that such decision(s) resulted, in whole or in part, from the occurrence of the relevant Change of Control.

Further, if at the time of the occurrence of the relevant Change of Control the long-term debt of the Issuer is not assigned an Investment Grade Rating by any Rating Agency, a Change of Control Put Event will be deemed to occur upon the occurrence of a Change of Control alone.

Promptly upon the Issuer becoming aware that a Change of Control Put Event has occurred the Issuer shall, and at any time upon the Trustee becoming similarly so aware the Trustee may, and if so requested by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders, shall (subject in each case to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction) give notice (a “**Change of Control Put Event Notice**”) to the Noteholders in accordance with Condition 14 specifying the nature of the Change of Control Put Event and the procedure for exercising the Change of Control Put Option.

To exercise the Change of Control Put Option, the holder of the Note must (in the case of Bearer Notes) deposit such Note with any Paying Agent or (in the case of Registered Notes) deposit the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, in each case at any time during normal business hours of such Paying Agent, Registrar or Transfer Agent, as the case may be, falling within the period (the “**Put Period**”) of 30 days after a Change of Control Put Event Notice is given or such other date as may be specified in the applicable Final Terms, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent, Registrar or Transfer Agent, as the case may be (a “**Change of Control Put Notice**”). No Note or Certificate so deposited and option so exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer. The Issuer shall redeem or purchase (or procure the purchase of) the relevant Notes on the Put Date unless previously redeemed (or purchased) and cancelled.

If 80 per cent. or more in nominal amount of the Notes then outstanding have been redeemed or purchased pursuant to this Condition 7(d), the Issuer may, on giving not less than 30 nor more than 60 days’ notice to the Noteholders (such notice being given within 30 days after the Put Date), redeem or purchase (or procure the purchase of), at its option, all but not some only of the remaining outstanding Notes at their Optional Redemption Amount, together with interest (if any) accrued to (but excluding) the date fixed for such redemption or purchase.

If the rating designations employed by either Moody’s or S&P are changed from those which are described in paragraph (ii) of the definition of “Change of Control Put Event” above, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine, with the agreement of the Trustee, the rating designations of Moody’s or S&P or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody’s or S&P and this Condition 7(d) shall be construed accordingly.

The Trustee is under no obligation to ascertain whether a Change of Control Put Event or Change of Control or any event which could lead to the occurrence of or could constitute a Change of Control Put Event or Change of Control has occurred, and, until it shall have actual knowledge or notice pursuant to the Trust Deed to the contrary, the Trustee may assume that no Change of Control Put Event or Change of Control or other such event has occurred.

In these Conditions:

“**Change of Control Period**” means the period commencing upon a Change of Control and ending 90 days after the Change of Control (or such longer period for which the Notes are under consideration (such consideration having been announced publicly within the period ending 90 days after the Change of Control) for rating review, such period not to exceed 60 days after the public announcement of such consideration); and

“**Rating Agency**” means Moody’s Investors Service España S.A. (“**Moody’s**”) or Standard & Poor’s Credit Market Services Europe Limited (“**S&P**”) or any of their respective affiliates or successors or any rating agency (a “**Substitute Rating Agency**”) substituted for any of them by the Issuer from time to time with the prior written approval of the Trustee.

(e) Redemption at the option of the Noteholders (Investor Put)

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with Condition 14 notice within the Investor Put Period the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise this option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Coupons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, accompanied by a duly completed and signed notice of exercise (a **"Put Notice"** in the form (for the time being current) obtainable from any specified office of any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition.

(f) Early Redemption Amounts

For the purpose of paragraph (b) above and Condition 10, each Note will be redeemed at the Early Redemption Amount calculated as follows:

- (i) in the case of a Note (other than a Zero Coupon Note), at the amount specified in the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at its nominal amount; or
- (ii) in the case of a Zero Coupon Note, at an amount (the **"Amortised Face Amount"**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

"RP" means the Reference Price;

"AY" means the Accrual Yield expressed as a decimal; and

"y" is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

(g) Purchases

The Issuer or any Subsidiary (as defined in the Trust Deed) of the Issuer may at any time purchase Notes (provided that, in the case of Bearer Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise.

(h) Cancellation

All Notes which are (a) redeemed or (b) purchased by or on behalf of the Issuer will forthwith be cancelled (together with all Certificates or unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption) and accordingly may not be reissued or resold. Any Notes which are purchased by or on behalf of any of the Issuer's Subsidiaries may, at the option of the purchaser, be held or resold or surrendered to a Paying Agent for cancellation.

(i) Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c), (d) or (e) above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph f(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and

- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Issuing and Principal Paying Agent or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 14.

8. Taxation

All payments in respect of the Notes and Coupons by the Issuer will be made without withholding or deduction for any present or future taxes, assessments or other governmental charges (“**Taxes**”) of the Issuer’s jurisdiction of incorporation (the “**Relevant Jurisdiction**”) (or any political subdivision or taxing authority thereof or therein), unless the withholding or deduction of the Taxes is required by law. In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amount paid to each holder of any Note or Coupon who, with respect to any such Tax is not resident in the Relevant Jurisdiction, after such withholding or deduction shall be not less than the respective amount to which such holder would have been entitled in respect of such Note or Coupon, as the case may be, in the absence of the withholding or deduction; provided however that the Issuer shall not be required to pay any additional amounts (i) for or on account of any such Tax imposed by the United States (or any political subdivision or taxing authority thereof or therein) or (ii) for or on account of:

- (a) any Tax which would not have been imposed but for (i) the existence of any present or former connection between a holder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such holder, if such holder is an estate, trust, partnership or corporation) and the Relevant Jurisdiction or any political subdivision or territory or possession thereof or area subject to its jurisdiction, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) being or having been a citizen or resident thereof or being or having been present or engaged in trade or business therein or having or having had a permanent establishment therein or (ii) the presentation of such Note or Coupon (x) for payment on a date more than 30 days after the Relevant Date (as defined below) or (y) in the Relevant Jurisdiction;
- (b) any estate, inheritance, gift, sale, transfer, personal property or similar tax, assessment or other governmental charge;
- (c) any Tax which is payable otherwise than by withholding or deduction from payments of (or in respect of) principal of, or any interest on, such Note or Coupon;
- (d) any Tax that is imposed or withheld by reason of the failure by the holder or any beneficial owner of such Note or Coupon to comply with a request of the Issuer given to the holder in accordance with Condition 14 (i) to provide information concerning the nationality, residence or identity of the holder or any beneficial owner or (ii) to make any declaration or other similar claim or satisfy any information or reporting requirements, which, in the case of (i) or (ii), is required or imposed by a statute, treaty, regulation or administrative practice of the Relevant Jurisdiction as a precondition to exemption from all or part of such Tax; or
- (e) any combination of items (a), (b), (c) and (d) above,

nor shall the Issuer be required to pay any additional amounts with respect to any payment of the principal of, or any interest on, any Note or Coupon to any holder who is a fiduciary or partnership or other than the sole beneficial owner of such payment to the extent such payment would be required by the laws of the Relevant Jurisdiction (or any political subdivision or taxing authority thereof or therein) to be included in the income for tax purposes of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner which would not have been entitled to such additional amounts had it been the holder of such Note or Coupon.

Notwithstanding any other provision of the Terms and Conditions, any amounts to be paid on the Notes by or on behalf of the Issuer, will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (and any such withholding or deduction, a “**FATCA Withholding**”). Neither the Issuer nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

As used herein:

“**Relevant Date**” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Issuing and Principal Paying Agent or the Trustee on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14; and

“**United States**” means the United States of America (including the States and the District of Columbia) and its possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands).

9. Prescription

The Notes and Coupons will become void unless a claim for payment is made within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor (subject to the provisions of Condition 6(b)).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

10. Events of Default and Enforcement

(A) Events of Default

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction), give notice to the Issuer that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at their Early Redemption Amount as referred to in Condition 7(f) together (if applicable) with accrued interest as provided in the Trust Deed, in any of the following events ("**Events of Default**"):

- (a) if default is made in the payment of any principal or any interest due in respect of the Notes or any of them and the default continues for a period of 14 days in the case of a payment of principal or 21 days in the case of a payment of interest; or
- (b) if the Issuer fails to perform or observe any of its other obligations under these Terms and Conditions or the Trust Deed and (except in any case where the Trustee considers the failure to be incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days (or such longer period as the Trustee may permit) next following the service by the Trustee on the Issuer of notice requiring the same to be remedied; or
- (c) if any Indebtedness for Borrowed Money of the Issuer becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer fails to make any payment in respect of any Indebtedness for Borrowed Money on the due date for payment (as extended by any originally applicable grace period) or any security given by the Issuer for any Indebtedness for Borrowed Money becomes enforceable by reason of default in relation thereto and steps are taken to enforce such security or if default is made by the Issuer in making any payment due under any guarantee and/or indemnity (at the expiry of any originally applicable grace period) given by it in relation to any Indebtedness for Borrowed Money of any other person, provided that no event shall constitute an Event of Default unless the Indebtedness for Borrowed Money or other relative liability either alone or when aggregated with other Indebtedness for Borrowed Money and/or other liabilities relative to all (if any) other events which shall have occurred equals or exceeds (i) £50,000,000 (or its equivalent in any other currency) in relation to any such event falling on or before 1 August 2014 and (ii) £150,000,000 (or its equivalent in any other currency) in relation to any such event falling after 1 August 2014; or
- (d) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer, save for the purposes of a reorganisation on terms approved in writing by the Trustee; or
- (e) if the Issuer stops payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts (within the meaning of section 123(1)(e) or (2) of the Insolvency Act 1986), or is adjudicated or found bankrupt or insolvent or shall enter into any composition or other similar arrangements with its creditors under section 1 of the Insolvency Act 1986; or
- (f) if (i) an administrative or other receiver, manager, administrator or other similar official is appointed in relation to the Issuer or, as the case may be, in relation to the whole or a substantial part of the undertaking or assets of it, or an encumbrancer takes possession of the whole or a substantial part of the undertaking or assets of it, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or a substantial part of the undertaking or assets of it and (ii) in any case (other than the appointment of an administrator) is not discharged, removed or paid within 45 days;

PROVIDED, in the case of any Event of Default other than those described in paragraphs (a) and (d) above, the Trustee shall have certified in writing to the Issuer that the Event of Default is, in its opinion, materially prejudicial to the interests of the Noteholders.

For the purposes of this Condition, "**Indebtedness for Borrowed Money**" means any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed, (ii) liabilities under or in respect of any acceptance or acceptance credit or (iii) any bonds, notes, debentures, debenture stock or loan stock.

(B) Enforcement

The Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Trust Deed, the Notes and the Coupons, but it shall not be bound to take any such proceedings or any other action in relation to the Trust Deed, the Notes or the Coupons unless (i) it shall have been so directed by an Extraordinary Resolution of the relevant Noteholders or so requested in writing by the holders of at least one-quarter in nominal amount of the relevant Notes then outstanding, and (ii) it shall have been indemnified to its satisfaction.

Save as otherwise provided herein, no Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

11. Replacement of Notes, Certificates, Coupons and Talons

Should any Note, Certificate, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Principal Paying Agent (in the case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

12. Agents

The names of the initial Issuing and Principal Paying Agent, the other Paying Agents, the Registrar and the Transfer Agents and their initial specified offices are set out below.

The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of the Issuing and Principal Paying Agent, any other Paying Agent, the Registrar or any Transfer Agent and/or appoint additional or other Paying Agents or Transfer Agents or another Registrar and/or approve any change in the specified office through which any such agent acts, provided that:

- (i) there will at all times be an Issuing and Principal Paying Agent;
- (ii) there will at all times be a Registrar and a Transfer Agent in relation to Registered Notes;
- (iii) so long as the Notes are listed on any stock exchange, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority; and

Description of the Issuer

Background

Vodafone was incorporated as a private limited company on 17 July 1984 under the laws of England and Wales with registration number 1833679 and re-registered as a public limited company on 14 September 1988. The registered office of Vodafone is at Vodafone House, The Connection, Newbury, Berkshire RG14 2FN and its telephone number is +44 (0) 1635 33251. Vodafone and its subsidiary undertakings, joint ventures, associated undertakings and investments are collectively referred to as the “Group”.

The Issuer is, directly or indirectly, the ultimate holding company of all the companies in the Group and its assets are substantially comprised of shares in such companies. It does not conduct any other business and is accordingly dependent on the other members of the Group and revenues received from them.

Vodafone had a market capitalisation of approximately £56 billion as at 18 December 2015.

Principal Activities

Vodafone is one of the world’s leading international mobile communications groups by revenue, providing a wide range of services, including voice, messaging, data and fixed broadband. The Group has a significant global presence, with mobile operations in 26 countries and 55 partner networks worldwide. As at 30 September 2015, Vodafone provides fixed broadband services in 17 markets and has approximately 12.5 million fixed broadband customers and 454 million mobile customers around the world.

The Group is organised in two geographic regions: Europe and Africa, Middle East and Asia Pacific (“AMAP”), which includes emerging markets. The main markets in Europe are Spain, UK, Germany and Italy and in AMAP are South Africa and India. During the financial year ended 31 March 2015, Europe accounted for £26 billion of the Group’s service revenue and AMAP accounted for £12 billion of the Group’s service revenue.

Vodafone’s business model is based on continued high levels of investment to build a superior telecommunications network and customer experience relative to its competitors, and to sustain high levels of cash generation with which it can reward shareholders and reinvest in the business.

Vodafone aims to take a sustainable approach to the way it does business. The majority of its products and services are designed to offer social and economic benefits for its customers, such as by assisting them to reduce their environmental footprint or by enhancing access to financial services, healthcare and education, particularly in emerging markets.

Strategy

The Group expects the pace of change in the industry to remain significant with the demand for data accelerating, the shift towards fixed and mobile bundles increasing, networks improving, and the market environment in Europe becoming more positive. As a result the Group’s strategy focuses on four key pillars: (i) Consumer Europe; (ii) Unified Communications; (iii) Consumer Emerging Markets; and (iv) Enterprise.

Consumer Europe: While voice and messaging remains crucial to customers, the demand for data is rapidly accelerating both through mobile and fixed data. As a result the Group is focused on providing the best fixed and mobile data experience, outstanding customer service and a range of worry-free price plans and additional services. Vodafone has witnessed exceptional demand for data during the year ended 31 March 2015, supported by the rollout of 4G in Europe. As video and music services proliferate, and data coverage widens and becomes more consistent, customers are increasingly using their smartphones and tablets for entertainment, work and social interaction.

Unified Communications: Customers increasingly expect to connect to friends, information and entertainment wherever they are, irrespective of the underlying technology. Vodafone is therefore adapting to meet these demands and is seeking to become a full service, integrated operator in its main markets. Through organic investment and acquisition, Vodafone, for the year ended 31 March 2015, covered 28 million households (and thousands of businesses) across Europe with its own next-generation network infrastructure and can reach a further 22 million households by accessing incumbent operators’ networks. For the year ended 31 March 2015, 20% of Group service revenue (25% in Europe) came from fixed line. Vodafone had 11.7 million broadband customers and 9.2 million TV customers in Europe as at 30 September 2015.

Consumer emerging markets: For the year ended 31 March 2015, fast growing emerging markets in Asia and Africa generated 29% on Vodafone’s Group service revenue. These markets provide a significant future growth opportunity, driven by rising wealth, expanding populations and growing demand for mobile services. These markets have seen a 20% growth in customer numbers to

321 million in just three years. Demand for mobile data is growing rapidly, with data volumes doubling during the year ended 31 March 2015 supported by the roll-out of 3G. There is also strong demand for mobile money services as many people in these markets have little or no access to banking services. This is delivered through Vodafone's M-Pesa platform which had 19.9 million customers for the year ended 31 March 2015.

Enterprise: Vodafone has a strong position in enterprise, which represented 27% of Group service revenue, and 32% in Europe for the year ended 31 March 2015. While the majority of Vodafone's enterprise revenue comes from mobile, increasingly Vodafone is moving towards becoming a total communications provider, leveraging on its trusted brand and network reliability. It is increasingly using this platform to win more international business and move more deeply into fixed line, which is a rapidly growing trend within enterprise. Vodafone's portfolio includes a range of mobile, fixed, unified communications, cloud and hosting and machine-to-machine services.

Supporting this strategy is Project Spring, a two-year £19 billion investment programme designed to further improve the quality of Vodafone's networks, products and services in its major markets, with the aim to put them at the forefront of the growth in mobile data and the increasing trend towards the convergence of fixed and mobile services. Project Spring is additional to Vodafone's existing capital expenditure programme and is already delivering an improvement in network and customer experience after its first year. This investment is expected to deliver an incremental £1 billion of free cash flow by 2018/19.

Vodafone has continued to provide a market-leading network experience in most of its markets, and, as at 30 September 2015, had 29.9 million 4G customers across 19 countries. Smartphone adoption has continued to grow strongly in all markets and the increased availability of mobile applications and low cost devices has driven significant growth in data usage during the year ended 31 March 2015.

The footprint of Vodafone's money transfer service, M-Pesa, has continued to grow and, as at 31 March 2015, Vodafone had 19.9 million active M-Pesa customers, an increase of 18% over the 2014 financial year. During the year ended 31 March 2015, Vodafone launched its first international money transfer corridor between Tanzania and Kenya, relaunched M-Pesa in South Africa and completed the national roll-out in India.

Share Capital

As at 31 March 2015, the issued share capital of the Issuer comprised 50,000 7% cumulative fixed rate shares of £1.00 each (the "**Fixed Rate Shares**") and 28,812,787,098 ordinary shares (excluding treasury shares) of U.S.\$0.20 20/21 each and 33,737,176,433 deferred shares of U.S.\$0.00001 each. All the Fixed Rate Shares and the ordinary shares of the Issuer are fully paid.

Holders of the Fixed Rate Shares are entitled to be paid in respect of each financial year, or other accounting period of the Issuer, a fixed cumulative preferential dividend of 7% per annum on the nominal value of the Fixed Rate Shares. The Fixed Rate Shares do not have any other right to share in the Issuer's profits. Holders of the Fixed Rate Shares are only entitled to vote on any resolution to vary or abrogate the rights attached to the Fixed Rate Shares. Holders have one vote for every fully-paid Fixed Rate Share. In the event of the liquidation of the Issuer, after payment of all liabilities and deductions in accordance with English law, the holders of the Fixed Rate Shares would be entitled to a sum equal to the capital paid up on such shares, together with certain dividend payments, in priority to holders of the Issuer's ordinary shares.

The offer launched on 7 July 2014 and the take-up of the offer exceeded the 95% threshold which meant that the remaining shareholders were squeezed out. The comments relate to the position of persons who are the absolute beneficial owners of the Notes and interest thereon but are not exhaustive and may not apply to certain classes of persons such as dealers or certain professional investors. Prospective Noteholders should seek their own professional advice on other tax issues relevant to the Notes.

- 1 A payment of principal in respect of any Notes will be payable without withholding or deduction for or on account of United Kingdom tax. No withholding or deduction for or on account of United Kingdom tax will arise in respect of a premium or discount unless it is regarded as interest, in which case paragraphs 2 to 4 below (as appropriate) will apply.
- 2 Interest payable on Notes which have a maturity of less than 365 days and are not issued with the intention, or under a scheme or arrangement the effect of which is, that such Notes form part of a borrowing with a total term of more than 364 days can be paid without withholding or deduction for or on account of United Kingdom income tax irrespective of whether or not the Notes are listed.
- 3 So long as the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 (the London Stock Exchange being such a recognised stock exchange for these purposes), payments of interest may be made without withholding or deduction for or on account of United Kingdom income tax. Notes will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the FSMA) and admitted to trading on the London Stock Exchange.
- 4 In all other cases, interest on the Notes that has a United Kingdom source will generally be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to the availability of other reliefs under domestic law, including an exemption for certain payments of interest to which a company within the charge to United Kingdom corporation tax is beneficially entitled, or to any notice to the contrary from HM Revenue & Customs in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty.
- 5 Any interest on any Notes has a United Kingdom source and accordingly may be chargeable to United Kingdom tax by direct assessment. Where the interest is paid without withholding or deduction, the interest will not be assessed to United Kingdom tax in the hands of holders of the Notes who are not resident in the United Kingdom, except where such persons carry on a trade, profession or vocation through a United Kingdom branch or agency or, in the case of a corporate holder, a permanent establishment in the United Kingdom in connection with which the interest is received or to which the Notes are attributable, in which case (subject to exemptions for interest received by certain categories of agent) tax may be levied on the United Kingdom branch or agency or permanent establishment. The provisions of an applicable double taxation treaty may also be relevant for such holders of the Notes.
- 6 Notwithstanding the fact that interest is received subject to deduction of income tax at source, holders of Notes may, however, be liable to pay further United Kingdom tax on the interest received or be entitled to a refund of all or part of the tax deducted at source depending on their individual circumstances.
- 7 The references above to "premium", "discount" and "interest" are references as understood for the purposes of United Kingdom tax law.

2. United States Federal Income Taxation

The following is a summary of certain U.S. federal income tax consequences of the acquisition, ownership and disposition of Notes by a U.S. Holder (as defined below). This summary does not address the U.S. federal income tax consequences of every type of Note

which may be issued under the Programme, and additional or modified disclosure concerning the U.S. federal income tax consequences relevant to such type of Notes as are issued thereunder may be included in a supplementary prospectus. This summary deals only with purchasers of Notes that are U.S. Holders and that will hold the Notes as capital assets. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of Notes by particular investors, and does not address state, local, foreign or other tax laws. In particular, this summary does not discuss all of the tax considerations that may be relevant to certain types of investors subject to special treatment under the U.S. federal income tax laws (such as banks, insurance companies, investors liable for the alternative minimum tax or the medicare tax on net investment income, individual retirement accounts and other tax-deferred accounts, tax-exempt organisations, dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting, investors that will hold the Notes as part of straddles, hedging transactions or conversion transactions for U.S. federal income tax purposes, investors holding the Notes in connection with a trade or business conducted outside of the United States, U.S. expatriates or investors whose functional currency is not the U.S. dollar). This discussion also does not address any tax consequences applicable to holders of equity interests in a holder of the Notes. Further, this discussion assumes that there will be no substitution of another entity in place of the Issuer as principal debtor in respect of the Notes. This discussion applies only to holders of Registered Notes.

As used herein, the term **“U.S. Holder”** means a beneficial owner of Notes that is, for U.S. federal income tax purposes (i) a citizen or an individual resident of the United States, (ii) a corporation created or organised under the laws of the United States or any State thereof, (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust or the trust has validly elected to be treated as a domestic trust for U.S. federal income tax purposes.

The tax consequences to a partner in an entity treated as a partnership for U.S. federal income tax purposes holding Notes will generally depend upon the status of the partner and the activities of the partnership. A partner in an entity treated as a partnership for U.S. federal income tax purposes holding Notes should consult its tax adviser regarding the tax consequences of an investment in Notes.

The summary is based on the tax laws of the United States including the Internal Revenue Code of 1986, its legislative history, existing and proposed regulations thereunder (the **“Treasury Regulations”**), published rulings and court decisions all as currently in effect and all subject to change at any time, possibly with retroactive effect.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING THE NOTES, INCLUDING THEIR ELIGIBILITY FOR THE BENEFITS OF THE INCOME TAX TREATY BETWEEN THE UNITED STATES AND UNITED KINGDOM, THE APPLICABILITY AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

The Issuer generally intends to treat Notes issued under the Programme as debt, unless otherwise indicated in the applicable Final Terms. Certain Notes, however, such as certain Index Linked Notes or Notes with extremely long maturities, may be treated as equity for U.S. federal income tax purposes. The tax treatment of Notes to which a treatment other than as debt may apply may be discussed in a supplementary prospectus.

Payment of Interest

General

Interest on a Note, including the payment of any additional amounts, whether payable in U.S. dollars or a currency, composite currency or basket of currencies other than U.S. dollars (**“foreign currency”** interest on a **“Foreign Currency Note”**), other than interest on a **“Discount Note”** that is not **“qualified stated interest”** (each as defined below under **“Original Issue Discount — General”**), will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, in accordance with the U.S. Holder’s method of accounting for tax purposes. Interest paid by the Issuer on the Notes and OID, if any, accrued with respect to the Notes (as described below under **“Original Issue Discount — General”**) generally will constitute income from sources outside the United States under the rules regarding the foreign tax credit allowable to a U.S. Holder (and the limitations imposed thereon). Prospective purchasers should consult their tax advisers concerning the foreign tax credit implications of the payment of any United Kingdom taxes with respect to the Notes (if applicable).

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Notes issued with original issue discount (“**OID**”). The following summary does not discuss Notes that are characterised as contingent payment debt instruments for U.S. federal income tax purposes. The tax treatment of Notes characterised as contingent payment debt instruments may be discussed in a supplementary prospectus.

A Note, other than a Note with a term of one year or less (a “**Short-Term Note**”), will be treated as issued with OID (a “**Discount Note**”) if the excess of the Note’s “stated redemption price at maturity” over its issue price is equal to or more than a de minimis amount (0.25 per cent. of the Note’s stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an “**instalment obligation**”) will be treated as a Discount Note if the excess of the Note’s stated redemption price at maturity over its issue price is equal to or greater than 0.25 per cent. of the Note’s stated redemption price at maturity multiplied by the weighted average maturity of the Note. A Note’s weighted average maturity is the sum of the following amounts determined for each payment on a Note (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Note’s stated redemption price at maturity. Generally, the issue price of a Note under the applicable final terms will be the first price at which a substantial amount of such Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of all payments provided by the Note that are not payments of “qualified stated interest.” A qualified stated interest payment is generally any one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during some periods), or a variable rate (in the circumstances described below under “Variable Interest Rate Notes”), applied to the outstanding principal amount of the Note. Solely for the purposes of determining whether a Note has OID, the Issuer will be deemed to exercise any call option that has the effect of decreasing the yield on the Note, and the U.S. Holder will be deemed to exercise any put option that has the effect of increasing the yield on the Note. If a Note has *de minimis* OID, a U.S. Holder must include the *de minimis* amount in income as stated principal payments are made on the Note, unless the U.S. holder makes the election described below under “— Election to Treat All Interest as Original Issue Discount”. A U.S. Holder can determine the includible amount with respect to each such payment by multiplying the total amount of the Note’s *de minimis* OID by a fraction equal to the amount of the principal payment made divided by the stated principal amount of the Note.

U.S. Holders of Discount Notes must generally include OID in income calculated on a constant yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID includible in income by a U.S. Holder of a Discount Note is the sum of the daily portions of OID with respect to the Discount Note for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Discount Note (“**accrued OID**”). The daily portion is determined by allocating to each day in any “**accrual period**” a pro rata portion of the OID allocable to that accrual period. Accrual periods with respect to a Discount Note may be of any length selected by the U.S. Holder and may vary in length over the term of the Discount Notes as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Note’s adjusted issue price at the beginning of the accrual period and the Discount Note’s yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Discount Note allocable to the accrual period. The “**adjusted issue price**” of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Acquisition Premium

A U.S. Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being “**acquisition premium**”) and that does not make the election described below under “Election to Treat All Interest as Original Issue Discount”, is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. Holder’s adjusted basis in the Note immediately after its purchase over the Note’s adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Note’s adjusted issue price.

Further Issuances

The Issuer may, from time to time, without notice to or the consent of the holders of the outstanding Notes, create and issue additional debt securities with identical terms and ranking *pari passu* with the Notes in all respects. The Issuer may consolidate such additional debt securities with the outstanding Notes to form a single series. The Issuer may offer additional debt securities with OID for U.S. federal income tax purposes as part of a further issue. Purchasers of debt securities after the date of any further issue may not be able to differentiate between debt securities sold as part of the further issue and previously issued Notes. Among other things, if the Issuer were to issue additional debt securities with OID, purchasers of debt securities after such further issue may be required to accrue OID (or greater amounts of OID than they would have otherwise accrued) with respect to their debt securities. Further issuances could also affect the application of FATCA withholding with respect to outstanding Notes (see “*Foreign Account Tax Compliance Act*” below). The implications with respect to OID and FATCA withholding may affect the price of outstanding Notes following a further issuance.

Election to Treat All Interest as Original Issue Discount

A U.S. Holder may elect to include in gross income all interest that accrues on a Note using the constant yield method described above under “*Original Issue Discount — General*,” with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium (described below under “*Notes Purchased at a Premium*”) or acquisition premium. If a U.S. Holder makes this election for a Note, then, when the constant yield method is applied the issue price of the Note will equal its cost, the issue date of the Note will be the date of acquisition, and no payments on the Note will be treated as payments of qualified stated interest. This election will generally apply only to the Note with respect to which it is made and may not be revoked without the consent of the Internal Revenue Service (the “**IRS**”). However, if the Note has amortisable bond premium, the U.S. Holder will be deemed to have made an election to apply amortisable bond premium against interest for all debt instruments with amortisable bond premium, other than debt instruments the interest on which is excludible from gross income, held as of the beginning of the taxable year to which the election applies or any taxable year thereafter. If the election to apply the constant yield method to all interest on a Note is made with respect to a Market Discount Note, the electing U.S. Holder will be treated as having made the election discussed above under “*Market Discount*” to include market discount in income currently over the life of all debt instruments with market discount held or thereafter acquired by the U.S. Holder. U.S. Holders should consult their tax advisers concerning the propriety and consequences of this election.

Variable Interest Rate Notes

Notes that provide for interest at variable rates (“**Variable Interest Rate Notes**”) generally will bear interest at a “qualified floating rate” and thus will be treated as “variable rate debt instruments” under Treasury Regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a “variable rate debt instrument” if (a) its issue price does not exceed the total non-contingent principal payments due under the Variable Interest Rate Note by more than a specified *de minimis* amount and (b) it provides for stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate.

A “**qualified floating rate**” is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. A fixed multiple of a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Note (e.g., two or more qualified floating rates with values within 25 basis points of each other as determined on the Variable Interest Rate Note’s issue date) will be treated as a single qualified floating rate. Notwithstanding the foregoing, a variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate unless the cap or floor is fixed throughout the term of the Note.

An “**objective rate**” is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer’s stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Note will not constitute an objective rate if it is reasonably expected that the average value

of the rate during the first half of the Variable Interest Rate Note's term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Note's term. A "qualified inverse floating rate" is any objective rate where the rate is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Note's issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 25 basis points), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a "current value" of that rate. A "**current value**" of a rate is the value of the rate on any day that is no earlier than three months prior to the first day on which that value is in effect and no later than one year following that first day.

If a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof qualifies as a "variable rate debt instrument", then any stated interest on the Note which is unconditionally payable in cash or property (other than debt instruments of the Issuer) at least annually will constitute qualified stated interest and will be taxed accordingly. Thus, a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a "variable rate debt instrument" will generally not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a "true" discount (i.e., at a price below the Note's stated principal amount) in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Note arising from "true" discount is allocated to an accrual period using the constant yield method described above by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note.

In general, any other Variable Interest Rate Note that qualifies as a "variable rate debt instrument" will be converted into an "equivalent" fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note. Such a Variable Interest Rate Note must be converted into an "equivalent" fixed rate debt instrument by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note's issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a "variable rate debt instrument" and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Note as of the Variable Interest Rate Note's issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an "equivalent" fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the "equivalent" fixed rate debt instrument by applying the general OID rules to the "equivalent" fixed rate debt instrument, and a U.S. Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the U.S. Holder held the "equivalent" fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the "equivalent" fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as a Note the payments on which are determined by reference to an index, does not qualify as a "variable rate debt instrument", then the Variable Interest Rate Note will be treated as a contingent payment debt instrument. The tax treatment of Notes characterised as contingent payment debt instruments may be discussed in a supplementary prospectus.

Short-Term Notes

In general, an individual or other cash basis U.S. Holder of a Short-Term Note is not required to accrue OID (calculated as set forth below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to

include any stated interest in income as the interest is received). Accrual basis U.S. Holders and certain other U.S. Holders are required to accrue OID on Short-Term Notes on a straight line basis or, if the U.S. Holder so elects, under the constant yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Short-Term Note will be ordinary income to the extent of the OID accrued on a straight line basis (unless an election is made to accrue the OID under the constant yield method) through the date of sale or retirement. U.S. Holders who are not required and do not elect to accrue OID on Short-Term Notes will be required to defer deductions for interest on borrowings allocable to Short-Term Notes in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Short-Term Note are included in the Short-Term Note's stated redemption price at maturity. A U.S. Holder may elect to determine OID on a Short-Term Note as if the Short-Term Note had been originally issued to the U.S. Holder at the U.S. Holder's purchase price for the Short-Term Note. This election shall apply to all obligations with a maturity of one year or less acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Market Discount

A Note, other than a Short-Term Note, that is not acquired at its original issue generally will be treated as purchased at a market discount (a "**Market Discount Note**") if the Note's stated redemption price at maturity or, in the case of a Discount Note, the Note's "revised issue price", exceeds the amount for which the U.S. Holder purchased the Note by at least 0.25 per cent. of the Note's stated redemption price at maturity or revised issue price, respectively, multiplied by the number of complete years to the Note's maturity. If this excess is not sufficient to cause the Note to be a Market Discount Note, then the excess constitutes "*de minimis* market discount". For this purpose, the "**revised issue price**" of a Discount Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments.

Any gain recognised on the maturity or disposition of a Market Discount Note (including any payment on a Note that is not qualified stated interest) will be treated as ordinary income to the extent that the gain does not exceed the accrued market discount on the Note. Alternatively, a U.S. Holder of a Market Discount Note may elect to include market discount in income currently over the life of the Note. This election shall apply to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year to which the election applies. This election may not be revoked without the consent of the IRS. A U.S. Holder of a Market Discount Note that does not elect to include market discount in income currently will generally be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Note that is in excess of the interest and OID on the Note includible in the U.S. Holder's income, to the extent that this excess interest expense does not exceed the portion of the market discount allocable to the days on which the Market Discount Note was held by the U.S. Holder.

Market discount will accrue on a straight line basis unless the U.S. Holder elects to accrue the market discount on a constant-yield method. This election applies only to the Market Discount Note with respect to which it is made and is irrevocable.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note for an amount in excess of its principal amount, or for a Discount Note, its stated redemption price at maturity, may elect to treat the excess as "amortisable bond premium", in which case the amount required to be included in the U.S. Holder's income each year with respect to interest on the Note will be reduced by the amount of amortisable bond premium allocable (based on the Note's yield to maturity) to that year. Any election to amortise bond premium shall apply to all debt instruments (other than debt instruments the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and is irrevocable without the consent of the IRS. See also "*Original Issue Discount — Election to Treat All Interest as Original Issue Discount*". A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently will recognise a capital loss when the Note matures.

Purchase, Sale and Retirement of Notes

A U.S. Holder's adjusted tax basis in a Note will generally be its cost, increased by the amount of any OID or market discount included in the U.S. Holder's income with respect to the Note and the amount, if any, of income attributable to *de minimis* OID and *de minimis* market discount included in the U.S. Holder's income with respect to the Note, and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the Note.

A U.S. Holder will generally recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and the adjusted tax basis of the Note. Except to the extent described above under "*Original Issue*

Discount — Market Discount” or “*Original Issue Discount — Short-Term Notes*” or attributable to accrued but unpaid interest or changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of a Note will be capital gain or loss and generally will be treated as from U.S. sources for purposes of the U.S. foreign tax credit limitation. In the case of a U.S. Holder that is an individual, estate or trust, the maximum marginal federal income tax rate applicable to capital gains is currently lower than the maximum marginal rate applicable to ordinary income if the Notes are held for more than one year. The deductibility of capital losses is subject to significant limitations.

Foreign Currency Notes

Interest

If a qualified stated interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual basis U.S. Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, with respect to an accrual period that spans two taxable years of a U.S. Holder, the part of the period within each taxable year).

Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within each taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Foreign Currency Note) denominated in, or determined by reference to, a foreign currency, the U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual basis U.S. Holder, as described above under “*Foreign Currency Notes — Interest*”. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale of the Note), a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Market Discount

Market discount on a Market Discount Note that is denominated in, or determined by reference to, a foreign currency, will be accrued in the foreign currency. If the U.S. Holder elects to include market discount in income currently, the accrued market discount will be translated into U.S. dollars at the average exchange rate for the accrual period (or portion thereof within the U.S. Holder’s taxable year). Upon the receipt of an amount attributable to accrued market discount, the U.S. Holder may recognise U.S. source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A U.S. Holder that does not elect to include market discount in income currently will recognise, upon the disposition or maturity of the Note, the U.S. dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency.

On the date bond premium offsets interest income, a U.S. Holder may recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) measured by the difference between the spot rate in effect on that date, and on the date the Notes were acquired by the U.S. Holder.

Purchase, Sale and Retirement of Notes

A U.S. Holder will generally recognise gain or loss on the sale or retirement of a Foreign Currency Note equal to the difference between the amount realised on the sale or retirement and its tax basis in the Note. A U.S. Holder's tax basis in a Foreign Currency Note will be determined by reference to the U.S. dollar cost of the Note. The U.S. dollar cost of a Note purchased with foreign currency will generally be the U.S. dollar value of the purchase price on the date of purchase or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the purchase.

The amount realised on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement or, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, sold by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects), on the settlement date for the sale. Such an election by an accrual basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder will recognise U.S. source exchange rate gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Foreign Currency Note equal to the difference, if any, between the U.S. dollar values of the U.S. Holder's purchase price for the Note (or, if less, the principal amount of the Note) (i) on the date of sale or retirement and (ii) the date on which the U.S. Holder acquired the Note. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss realised on the sale or retirement of the Foreign Currency Note.

Disposition of Foreign Currency

Foreign currency received as interest on a Foreign Currency Note or on the sale or retirement of a Foreign Currency Note will have a tax basis equal to its U.S. dollar value at the time the interest is received or at the time of the sale or retirement. Foreign currency that is purchased will generally have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S. source ordinary income or loss.

Backup Withholding and Information Reporting

In general, payments of interest and accrued OID on, and the proceeds of a sale, exchange, retirement or other disposition of, the Notes, payable to a U.S. Holder within the United States or by a U.S. paying agent or certain other U.S. intermediaries will be reported to the IRS and to the U.S. Holder as may be required under applicable Treasury Regulations. Backup withholding may apply to these payments and to accruals of OID if the U.S. Holder fails to provide an accurate taxpayer identification number or certification of exempt status or otherwise to comply with the applicable backup withholding requirements. Certain U.S. Holders (including, among others, corporations) are not subject to information reporting or backup withholding. U.S. Holders should consult their tax advisers as to their qualification for exemption from information reporting and/or backup withholding and the procedure for obtaining an exemption.

Disclosure Requirements

Treasury Regulations meant to require the reporting of certain tax shelter transactions ("**Reportable Transactions**") could be interpreted to cover transactions generally not regarded as tax shelters, including certain foreign currency transactions. Under the Treasury Regulations, certain transactions may be characterised as Reportable Transactions including, in certain circumstances, a sale, exchange, retirement or other taxable disposition of a Foreign Currency Note and/or a Note issued with OID. Persons considering the purchase of such Notes should consult with their tax advisers to determine the tax return obligations, if any, with respect to an investment in such Notes, including any requirement to file IRS Form 8886 (Reportable Transaction Disclosure Statement).

Foreign Financial Asset Reporting

U.S. Holders may be required to report to the IRS certain information with respect to their beneficial ownership of Notes not held through an account with a financial institution. Investors who fail to report required information could be subject to substantial penalties.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (“**FATCA**”) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a “**foreign financial institution**”, or “**FFI**” (as defined by FATCA)) that does not become a “**Participating FFI**” by entering into an agreement with the U.S. Internal Revenue Service (“**IRS**”) to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a “United States account” of the Issuer (a “**Recalcitrant Holder**”). The Issuer may be classified as an FFI.

The new withholding regime is now in effect for payments from sources within the United States and will apply to “**foreign passthru payments**” (a term not yet defined) no earlier than 1 January 2019. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes that are issued after the “**grandfathering date**”, which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal income tax purposes, whenever issued. If Notes are issued on or before the grandfathering date, and additional Notes of the same series are issued after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into IGAs. Pursuant to FATCA and the “Model 1” and “Model 2” IGAs released by the United States, an FFI in an IGA signatory country could be treated as a “**Reporting FI**” not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction generally is not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being “**FATCA Withholding**”) from payments it makes on securities such as the Notes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the United Kingdom have entered into an agreement (the “**US-UK IGA**”) based largely on the Model 1 IGA.

If the Issuer is treated as a Reporting FI pursuant to the US-UK IGA, it does not anticipate that it will be obliged to deduct any FATCA Withholding on payments it makes on securities such as the Notes. There can be no assurance, however, that the Issuer will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA, or (ii) an investor is a Recalcitrant Holder.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent and the Common Depository or Common Safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and IGAs as of the date hereof, all of which are subject to change at any time, possibly with retroactive effect. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

3. The Proposed Financial Transactions tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”).

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Subscription and Sale

The Dealers have in an amended and restated programme agreement dated 4 August 2015 (the “**Programme Agreement**”) agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. However, the Issuer has reserved the right to sell Notes outside the United States to non-U.S. persons directly on its own behalf to persons other than Dealers as principals. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

Bearer Notes and Exchangeable Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and the Treasury regulations promulgated thereunder.

The Notes are being offered and sold outside the United States to non-U.S. persons (as defined in Regulation S) in reliance on Regulation S. The subscription agreement relating to any Tranche of Registered Notes may provide that the Managers may directly or through their respective U.S. broker-dealer affiliates arrange for the offer and resale of Registered Notes within the United States only to QIBs in compliance with Rule 144A.

This Prospectus has been prepared by the Issuer for use in connection with the offer and sale of Notes outside the United States and for the offer and resale of Registered Notes in the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase Notes, in whole or in part, for any reason. This Prospectus does not constitute an offer to any person in the United States or to any U.S. person (as defined in Regulation S), other than any QIB to whom an offer has been made directly by one of the Dealers or its U.S. broker-dealer affiliate. Distribution of this Prospectus to any U.S. person or to any person within the United States, other than any QIB and those persons, if any, retained to advise such non-U.S. person or QIB with respect thereto, is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States, other than any QIB and those persons, if any, retained to advise such non-U.S. person or qualified institutional buyer, is prohibited.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or, in the case of Bearer Notes, deliver the Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of such distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all the Notes of the Tranche of which such Notes are a part (such period, the “**Distribution Compliance Period**”), within the United States or to, or for the account or benefit of, U.S. persons other than, in the case of Registered Notes, in accordance with Rule 144A. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issuance of Inflation Linked Notes shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Inflation Linked Notes.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will

be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purpose of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State; and the expression “**Prospectus Directive**” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

- (b) it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21 (1) of the FSMA does not apply to the Issuer; and

Significant or Material Change

There has been no significant change in the financial or trading position of the Issuer and its subsidiaries since 30 September 2015 and there has been no material adverse change in the prospects of the Issuer and its subsidiaries since 31 March 2015.

Legal Proceedings

The Issuer and its subsidiaries are currently, and may be from time to time, involved in a number of legal proceedings including inquiries from, or discussions with, governmental authorities that are incidental to their operations. However, save as disclosed in this section entitled “*Legal Proceedings*”, there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) in the 12 months preceding the date of this document which may have, or have had a significant effect on the financial position or profitability of the Issuer and its subsidiaries. Due to inherent uncertainties, no accurate quantification of any cost, or timing of such cost, which may arise from any of the legal proceedings outlined below can be made.

Arbitration proceedings

Telecom Egypt Arbitration

In October 2009, Telecom Egypt began arbitration proceedings against Vodafone Egypt in Cairo alleging breach of non-discrimination provisions in an interconnection agreement as a result of lower interconnection rates paid to Vodafone Egypt by Mobinil. Telecom Egypt also sought to join Vodafone International Holdings BV (“**VIHBV**”), Vodafone Europe BV (“**VEBV**”) and the Issuer to the arbitration. In January 2015, the arbitral tribunal issued its decision. It held unanimously that it had no jurisdiction to arbitrate the claim against VIHBV, VEBV and the Issuer. The tribunal also held by a three to two majority that Telecom Egypt had failed to establish any liability on the part of Vodafone Egypt. Telecom Egypt has applied to the Egyptian court to set aside the decision. The first procedural hearing in respect of Telecom Egypt’s request has been adjourned to January 2016.

VIHBV Arbitration Proceedings

On 17 April 2014, VIHBV served its notice of arbitration under the Dutch Bilateral Investment Treaty (“**BIT**”), formally commencing the Dutch-India BIT arbitration proceedings (“**Dutch BIT Proceedings**”). An arbitrator has been appointed by VIHBV. The Indian Government appointed an arbitrator, but he resigned in May 2015. The third arbitrator, who will act as chairman of the tribunal, had been agreed by the two party-appointed arbitrators (prior to the Indian Government’s arbitrator’s resignation) but declined to accept the appointment.

The Indian Government has since appointed a replacement for its party-appointed arbitrator. The two party-appointed arbitrators will consider the process for appointment of a chairman of the tribunal. If there is no subsequent agreement on appointment of a chairman of the tribunal, the International Court of Justice will appoint the third arbitrator. On 15 June 2015, the Issuer and Vodafone Consolidated Holdings Limited served a Notice of Dispute on the Indian Government under the United Kingdom-India Bilateral Investment Treaty in respect of the same claims made in the Dutch BIT Proceedings.

Vodafone did not carry a provision for the litigation or in respect of the retrospective legislation at 30 September 2015, or at previous reporting dates.

Indian tax cases

VIL and Vodafone India Services Private Limited (“**VISPL**”) (formerly 3GSPL) are involved in a number of tax cases with total claims exceeding £1 billion plus interest, and penalties of up to 300% of the principal.

VIL tax claims

The claims against VIL range from disputes concerning transfer pricing and the applicability of value-added tax to SIM cards, to the disallowance of income tax holidays. The quantum of the tax claims against VIL is in the region of £1.3 billion. VIL is of the opinion that any finding of material liability to tax is not probable.

VISPL tax claims

VISPL has been assessed as owing tax of approximately £209 million (plus interest of £101 million) in respect of: (i) a transfer pricing margin charged for the international call centre of Hutchison Telecommunications International Limited group (“**HTIL**”) prior to the 2007 transaction with Vodafone for HTIL assets in India; (ii) the sale of the international call centre by VISPL to HTIL; and (iii) the acquisition of and/or the alleged transfer of options held by VISPL for Vodafone India Limited (“**VIL**”) equity shares. The first two of the three heads of tax are subject to an indemnity by HTIL under the VIH BV Tax Deed of Indemnity. The larger part of the potential claim is not subject to any indemnity. VISPL unsuccessfully challenged the merits of the tax demand in the statutory tax tribunal and the jurisdiction of the Tax Office to make the demand in the High Court. The Tax Appeal Tribunal heard the appeal and ruled in the Tax Office’s favour. VISPL has lodged an appeal (and stay application) in the Bombay High Court which was partially heard in April 2015 and concluded in early May 2015. On 13 July 2015 the tax authorities issued a revised tax assessment reducing the tax VISPL had previously been assessed as owing in respect of (i) and (ii) above. In the meantime: (i) a stay of the tax demand on a deposit of £20 million; and (ii) a corporate guarantee by VIH BV for the balance of tax assessed remain in place. On 8 October 2015, the Bombay High Court ruled in favour of Vodafone in relation to the options and the call centre sale. It is unknown whether the case will be appealed to the Supreme Court of India.

Indian regulatory cases

Litigation remains pending in the Telecommunications Dispute Settlement Appellate Tribunal (“**TDSAT**”), High Courts and the Supreme Court in relation to a number of significant regulatory issues including mobile termination rates (“**MTRs**”), spectrum and licence fees and 3G intra-circle roaming (“**ICR**”).

Public interest litigation: Yakesh Anand v Union of India, Vodafone and others; Telecom Watchdog v Union of India, Vodafone and others; and AUSPI v Union of India, Vodafone and others (similar issues relating to grant of excess spectrum to operators)

The Petitioner(s) brought petitions in the Indian Supreme Court in 2012 against the Government of India and mobile network operators, including Vodafone India, seeking recovery of the alleged excess spectrum allocated to the operators, compensation for the alleged excess spectrum and a criminal investigation of an alleged conspiracy between government officials and the network operators. All three cases (clubbed together) are pending before the Supreme Court and are expected to be called for hearing at some uncertain future date.

One time spectrum charges: VIL v Union of India

The Indian Government has sought to impose one time spectrum charges of approximately €525 million on certain operating subsidiaries of VIL. VIL filed a petition before the Telecommunications Dispute Settlement Appellate Tribunal (“**TDSAT**”) challenging the one time spectrum charges on the basis that they are illegal, violate VIL’s licence terms and are arbitrary, unreasonable and discriminatory. The tribunal stayed enforcement of the Indian Government’s spectrum demand pending resolution of the dispute. The matter has been listed for a final hearing on 19 January 2016.

3G inter-circle roaming: VIL and others v Union of India

In April 2013, the Indian Department of Telecommunications (the “**DoT**”) issued a stoppage notice to VIL’s operating subsidiaries and other mobile operators requiring the immediate stoppage of the provision of 3G services on other operators’ mobile networks in an alleged breach of licence claim. The DoT also imposed a fine of approximately €5.5 million. VIL applied to the Delhi High Court for an order quashing the DoT’s notice. Interim relief from the notice has been granted (but limited to existing customers at the time with the effect that VIL was not able to provide 3G services to new customers on other operators’ 3G networks pending a decision on the issue). The dispute was referred to the TDSAT for decision, which ruled on 28 April 2014 that VIL and the other operators were permitted to provide 3G services to their customers (current and future) on other operators’ networks. The DoT has appealed the judgment and sought a stay of the tribunal’s judgment. The DoT’s stay application was rejected by the Supreme Court. The matter is pending before the Supreme Court.

VIL has challenged the tribunal's judgment dated 23 April 2015 to the extent that it dealt with the calculation of adjusted gross revenue ("**AGR**"), upon which License Fees and Spectrum Usage Charges are based. The cumulative impact of the inclusion of the abovementioned components is approximately £2.2 billion (Rs. 2,200 Crores). The DoT also moved cross appeals challenging the tribunal's judgment. In the hearing before the Supreme Court, the Court orally directed the DoT not to take any coercive steps in the matter, which was adjourned until January 2016.

Other cases in the Group

Italy

British Telecom (Italy) v Vodafone Italy

The Italian Competition Authority concluded an investigation in 2007 when Vodafone Italy gave certain undertakings in relation to allegations that it had abused its dominant position in the wholesale market for mobile termination. In 2010, British Telecom (Italy) brought a civil damages claim against Vodafone Italy on the basis of the Competition Authority's investigation and Vodafone Italy's undertakings. British Telecom (Italy) seeks damages in the amount of €280 million for abuse of dominant position by Vodafone Italy in the wholesale fixed to mobile termination market for the period from 1999 to 2007. A court appointed expert delivered an opinion to the court that the range of damages in the case should be in the region of €10 million to €25 million which was reduced in a further supplemental report published in September 2014 to a range of €8 million to €11 million. Judgment was handed down by the court in August 2015, awarding €12 million, (including interest) to British Telecom (Italy). British Telecom (Italy) has appealed the amount of the damages to the Court of Appeal of Milan. In addition, British Telecom (Italy) has asked again for a reference to the European Court of Justice for an interpretation of the European community law on antitrust damages. The first hearing is listed for March 2016. Vodafone Italy is considering a cross appeal.

Greece

Papistas Holdings SA, Mobile Trade Stores (formerly Papistas SA) and Athanasios and Loukia Papistas v. Vodafone Greece, Vodafone and certain Directors and Officers of Vodafone

In December 2013, Mr and Mrs Papistas, and companies owned or controlled by them, brought three claims in the Greek court in Athens against Vodafone Greece, the Issuer and certain directors and officers of Vodafone Greece and the Issuer for purported damage caused by the alleged abuse of dominance and wrongful termination of a franchise arrangement with a Papistas company. Approximately €1.0 billion of the claim is directed exclusively at one former and one current director of Vodafone Greece. The balance of the claim (approximately €285.5 million) is sought from Vodafone Greece and the Issuer on a joint and several basis. The cases are scheduled to come to trial in April 2016. Mobile Trade Stores has also filed a complaint with the European Commission based on the same allegations.

Tanzania

Cats-Net Limited v. Vodacom Tanzania Limited

In 2012, Cats-Net Limited ("**Cats-Net**") brought a claim for U.S.\$500 million (U.S.\$200 million compensatory and U.S.\$300 million punitive) in damages against Vodacom Tanzania Limited in the Tanzanian High Court. Cats-Net is also seeking an order cancelling Vodacom Tanzania's mobile telecommunications licence. The claim is based on the actions of the Tanzanian Telecommunications Regulatory Authority ("**TTRA**") who, following complaints by Vodacom Tanzania of interference caused by transmissions of Cats-Net, allegedly shut down the operations of Cats-Net after conducting its own investigation. Cats-Net alleges collusion between the TTRA and Vodacom Tanzania. Vodacom Tanzania filed an application to strike out the claim. That application has been argued and the parties await a decision of the Court.

South Africa

*GH Investments ("**GHI**") v Vodacom Congo*

Vodacom Congo contracted with GHI to install ultra-low cost base stations on a revenue share basis. After rolling out three sites, GHI stopped and sought to renegotiate the terms. Vodacom Congo refused. GHI accused it of bad faith and infringement of intellectual property rights. In April 2015, GHI issued a formal notice for a claim of US\$1.16 billion, although there does not seem to be a proper basis nor any substantiation for the compensation claimed. The dispute has been submitted to mediation under the International Chamber of Commerce. The first mediation effort took place early in November 2015 and the second mediation session will be held early in 2016. At the first mediation session GHI reduced its claim from US\$1.16 billion to US\$256 million.

CWN v Vodacom

There are various legal matters relating to Vodacom's investment in Vodacom Congo (DRC) SA ("**VDRC**"), the most recent of which is a claim brought by Mr Alieu Badara Mohamed Conteh ("**Conteh**") in the Commercial Court of Kinshasa/Gombe against Vodacom International Limited ("**VCOMIL**") and VDRC. Conteh is the controlling shareholder of Congolese Wireless Network s.a.r.l ("**CWN**"), a company incorporated in the Democratic Republic of Congo. CWN is a minority shareholder in VDRC. These proceedings seek to invalidate a court decision removing Conteh as the statutory manager of CWN, as well as the liquidation of Vodacom Congo and the payment of various sums to CWN and Conteh. The action also includes an unsubstantiated claim for US\$14 billion against VCOMIL for its alleged role in helping to undermine Conteh's position as former statutory manager of CWN. The Court of Appeal of Kinshasa/Gombe has recently dismissed Conteh's case against VCOMIL on the grounds of a lack of proper service of legal process.

Auditors

The auditor of the Issuer is PricewaterhouseCoopers LLP, who has audited the Issuer's financial statements, without qualification, in accordance with applicable law and International Standards on Auditing (UK and Ireland) for the financial year ended 31 March 2015. PricewaterhouseCoopers LLP was appointed for the statutory audit of the Issuer together with related services for the year ending 31 March 2015 by the Group Audit and Risk Committee through a tender process initiated in accordance with the UK Corporate Governance Code. This tender process concluded in February 2014, and the appointment of PricewaterhouseCoopers LLP was resolved by the shareholders at the 2014 AGM.

The auditor of the Issuer for the financial year ended 31 March 2014 was Deloitte LLP, Chartered Accountants and Registered Auditors (authorised and regulated by the Financial Conduct Authority for designated investment business), of 2 New Street Square, London EC4A 3BZ, who audited the Issuer's financial statements, without qualification, in accordance with applicable law and International Standards on Auditing (UK and Ireland) for the financial year ended 31 March 2014. The Issuer's consolidated financial statements for the financial year ended 31 March 2014 were prepared in accordance with IFRS. Deloitte LLP has, and over the period when they were auditors of the Issuer had, no material interest in the Issuer.

Certificates and Reports

Any certificate or report of the auditors or any other expert or other person called for by or provided to the Trustee in accordance with or for the purposes of the Notes may be relied upon by the Trustee as sufficient evidence of the facts stated therein whether or not such certificate or report is addressed to the Trustee and whether or not such certificate or report and/or any engagement letter or other document entered into by the Trustee in connection therewith contains a monetary or other limit on the liability of the Auditors (or such other expert or other person) in respect thereof.

Yield

In relation to any Tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.

Post-issuance information

Save as set out in the Final Terms, the Issuer does not intend to provide any post-issuance information in relation to any issues of Notes.

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates, including parent companies, have engaged, and may in the future engage, in financing, investment banking and/or commercial banking transactions with, and may perform services to, the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. For the purpose of this section the term "affiliates" also includes parent companies.
