Disclaimer

This document is only provided for information purposes and does not constitute, nor should it be interpreted as, an offer to sell or exchange or acquire, or an invitation for offers to buy securities issued by any of the aforementioned companies. Any decision to buy or invest in securities in relation to a specific issue must be made solely and exclusively on the basis of the information set out in the pertinent prospectus filed by the company in relation to such specific issue. No one who becomes aware of the information contained in this report should regard it as definitive, because it is subject to changes and modifications.

This document contains or may contain forward looking statements (in the usual meaning and within the meaning of the US Private Securities Litigation Reform Act of 1995) regarding intentions, expectations or projections of BBVA or of its management on the date thereof, that refer to or incorporate various assumptions and projections, including projections about the future earnings of the business. The statements contained herein are based on our current projections, but the actual results may be substantially modified in the future by various risks and other factors that may cause the results or final decisions to differ from such intentions, projections or estimates. These factors include, without limitation, (1) the market situation, macroeconomic factors, regulatory, political or government guidelines, (2) domestic and international stock market movements, exchange rates and interest rates, (3) competitive pressures, (4) technological changes, (5) alterations in the financial situation, creditworthiness or solvency of our customers, debtors or counterparts. These factors could cause or result in actual events differing from the information and intentions stated, projected or forecast in this document or in other past or future documents. BBVA does not undertake to publicly revise the contents of this or any other document, either if the events are not as described herein, or if such events lead to changes in the information contained in this document.

This document may contain summarised information or information that has not been audited, and its recipients are invited to consult the documentation and public information filed by BBVA with stock market supervisory bodies, in particular, the prospectuses and periodical information filed with the Spanish Securities Exchange Commission (CNMV) and the Annual Report on Form 20-F and information on Form 6-K that are filed with the US Securities and Exchange Commission.

Distribution of this document in other jurisdictions may be prohibited, and recipients into whose possession this document comes shall be solely responsible for informing themselves about, and observing any such restrictions. Net Attributable Profit	152	4.4	488	18.1

Activity Bankonly (Sep-18) (constant €)

(1) FC evolution excluding FX impact. (2) Performing loans under management.
Note: Activity excludes repos

Key Ratios

(1) Data as of 2018 under IFRS9 standards, 2017 figures under IAS 39.

- Loans: TL loan growth slowdown given lower economic growth and higher rates. FC loans continue to decrease.
- Deposits: movement from USD to TL deposits due to higher interest rates.
- Customer spread: significant increase in TL funding costs
- NII growth acceleration due to a higher contribution from CPI linkers
- Opex growth below inflation
- Asset quality: higher CoR explained by IFRS9 macro impact and large tickets in the commercial portfolio.

South America

Net attributable profit (constant €m)	9M18	Δ (%) vs 9M17 ⁽¹⁾
Colombia	181	43.1
Peru	128	5.7

(2) Other includes BBVA Forum, Paraguay, Uruguay, Venezuela and Bolivia

Activity (Sep-18) (constant €)

(1) Excluding BBVA Chile. (2) Performing loans under management. Note: Activity excludes repos.

Key Ratios

Customer Spread (%)

Cost of Risk YtD (%)

(1) Data as of 2018 under IFRS9 standards, 2017 figures under IAS 39.

- **Colombia:** loan growth biased towards retail portfolios. Bottom line growth (+43% yoy) explained by lower provisions (9M17 impacted by a large ticket).
- **Peru:** NII as the main P&L driver, thanks to a more profitable loan mix (retail portfolios+14%) and lower funding costs.
- **Argentina:** loan growth slowdown due to the economic environment. Customer spread improvement due to higher rates. Stable asset quality.

Final Remarks

01

Solid set of results, supported by core revenues

02

Digital leading to growth and efficiency gains

03

Sound and resilient capital position

04

Growing tangible book value despite difficult market environment
