(incorporated in England with limited liability under the Companies Act 2006, registered number 06808472)

£150,000,000 2.375 per cent. Secured Bonds due 2050 (to be consolidated and form a single series with the £350,000,000 2.375 per cent. Secured Bonds due 2050)

Issue Price: 71.190 per cent.

(plus 96 days' accrued interest in respect of the period from and including 14 April 2022 to but excluding the Issue Date (as defined below) at a rate of 2.375 per cent. per annum)

The £150,000,000 2.375 per cent. Secured Bonds due 2050 (the "New Bonds") are issued by Sanctuary Capital PLC (the "Issuer"). The New Bonds have the same terms and conditions as, and will be consolidated and form a single series and rank *pari passu* with, the £350,000,000 2.375 per cent. Secured Bonds due 2050 (the "Existing Bonds" and, together with the New Bonds, the "Bonds") issued by the Issuer on 14 April 2020.

An investment in the New Bonds involves certain risks. For a discussion of these risks see "Risk Factors".

Application has been made to the London Stock Exchange plc (the "London Stock Exchange") for the New Bonds to be admitted to the London Stock Exchange's International Securities Market (the "ISM"). The ISM is not a United Kingdom ("UK") regulated market for the purposes of Regulation (EU) No. 600/2014 on markets in financial instruments, which forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA") ("UK MiFIR").

The ISM is a market designated for professional investors. New Bonds admitted to trading on the ISM are not admitted to the Official List of the UK Financial Conduct Authority ("FCA"). The London Stock Exchange has not approved or verified the contents of these Admission Particulars.

References in these Admission Particulars to the New Bonds being "admitted to trading" (and all related references) shall mean that the New Bonds have been admitted to trading on the ISM, so far as the context permits.

These Admission Particulars do not constitute a prospectus for the purposes of listing or an admission to trading on any market in the European Economic Area (the "EEA") which has been designated as a regulated market for the purposes of Directive 2014/65/EU (as amended or superseded, "MiFID II"). These Admission Particulars do not constitute a prospectus for the purposes of a listing or an admission to trading on any market in the UK which has been designated as a UK regulated market for the purposes of UK MiFIR.

Subject as set out below, the net proceeds from the issue of the New Bonds (other than a sum equivalent to 96 days' accrued interest (the "Retained Accrued Interest") which will be retained by the Issuer) will be advanced by the Issuer to Sanctuary Treasury Limited (the "Group Borrower") pursuant to a Loan Agreement between the Group Borrower and the Issuer dated 14 April 2020 (the "Original Loan Agreement") as supplemented by a First Supplemental Loan Agreement to be dated on or about the Issue Date (together, with the Original Loan Agreement, "Loan Agreement") and the Group Borrower will in turn on-lend such funds to Sanctuary Housing Association ("Sanctuary"), Sanctuary Affordable Housing and Sanctuary Scotland Housing Association Limited ("Sanctuary Scotland" and, together with Sanctuary and Sanctuary Affordable Housing, the "Existing Borrowers") pursuant to Intra-group Facility Agreements made between the Group Borrower and each Existing Borrower to be applied in accordance with each Existing Borrower's respective charitable objects, as permitted by its rules.

Subject to certain conditions in the Loan Agreement, the Group Borrower may also on-lend the proceeds of the Loan Agreement after the Issue Date to other qualifying members of the Sanctuary Group (as defined below) (together with the Existing Borrowers, the "Borrowers") to the extent that any Existing Borrower has repaid any amounts received by it under its Intra-group Facility Agreement or the Issuer has made further advances to the Group Borrower under the Loan Agreement in respect of Retained Proceeds (as defined below) or following a further issue of bonds. As at the date of these Admission Particulars, the Existing Borrowers are the only Borrowers. In the event that insufficient Properties have been charged by the Existing Borrowers in favour of M&G Trustee Company Limited (the "Security Agent") and allocated for the benefit of the Issuer on the Issue Date to permit the drawing of the New Commitment (as defined below) in full or the Group Borrower has not otherwise drawn any part of the New Commitment, all or part of the issue proceeds (other than the Retained Accrued Interest) (the "Retained Proceeds") shall be retained in a charged account (the "Initial Cash Security Account") of the Issuer in accordance with the Account Agreement (as defined below) (and may be held on deposit or invested in Permitted Investments (as defined below)). For the avoidance of doubt, in the event that the Group Borrower has not drawn any part of the New Commitment on the Issue Date, the Retained Proceeds at that date shall be the entire amount of the New Commitment. Any Retained Proceeds and any net issue proceeds from a further issue of Bonds pursuant to Condition 19 (Further Issues), shall be advanced to the Group Borrower at a later date pursuant to the Loan Agreement to the extent that Properties of a corresponding value have been charged in favour of the Security Agent and allocated for the benefit of the Issuer.

Interest on the New Bonds is payable semi-annually in arrear in equal instalments on 14 April and 14 October in each year at the rate of 2.375 per cent. per annum, commencing on 14 October 2022, as described in Condition 7 (*Interest*). Payments of principal of, and interest on, the New Bonds will be made without withholding or deduction on account of United Kingdom taxes unless required by law. In the event that any such withholding or deduction is so required, the Issuer may opt to gross up payments due to the Bondholders in respect thereof as described in Condition 10 (*Taxation*).

The Bonds may be redeemed at any time upon the prepayment by the Group Borrower of the loan (the "Loan") in whole or in part in accordance with the terms of the Loan Agreement (either at its option or upon one or more of the Borrowers ceasing to be a Registered Social Landlord or a Registered Provider of Social Housing, as applicable) at the higher of their principal amount and an amount calculated by reference to the sum of (i) the yield on the relevant outstanding United Kingdom government benchmark gilt having the nearest maturity date to that of the Bonds and (ii) 0.30 per cent., together with accrued interest. The Bonds will also be redeemed in full at their principal amount, plus accrued interest, in the event that the Loan becomes repayable as a result of a Group Borrower Default (as defined in the Loan Agreement) or any withholding or deduction on account of United Kingdom taxes is required and the Issuer has not opted to pay (or having so opted to pay has notified the Bond Trustee of its intention to cease to pay) additional amounts in respect of such withholding or deduction

Unless previously redeemed, or purchased and cancelled, the Bonds will be redeemed at their principal amount on 14 April 2050 (the "Maturity Date").

Sanctuary has been assigned a credit rating of "A2" and "A", by Moody's Investors Service Limited ("Moody's") and S&P Global Ratings UK Limited ("S&P"), respectively. It is also expected that the New Bonds will be rated "A2" and "A" by Moody's and S&P, respectively. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation.

The New Bonds will be issued in denominations of £100,000 and integral multiples of £1,000 in excess thereof.

The New Bonds will initially be represented by a temporary global bond (the "Temporary Global Bond"), without interest coupons, which will be deposited on or about 19 July 2022 (the "Issue Date") with a common safekeeper for Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking S.A. ("Clearstream, Luxembourg"). Interests in the Temporary Global Bond will be exchangeable for interests in a permanent global bond (the "Permanent Global Bond" and, together with the Temporary Global Bond and the permanent global bond representing the Existing Bonds, the "Global Bonds"), without interest coupons, on or after 28 August 2022 (the "Exchange Date"), upon certification as to non-U.S. beneficial ownership. Interests in the Permanent Global Bond will be exchangeable for definitive Bonds only in certain limited circumstances - see "Form of the New Bonds and Summary of Provisions relating to the New Bonds while in Global Form".

SUITABILITY OF INVESTMENT

The New Bonds may not be a suitable investment for all investors. Each potential investor in the New Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the New Bonds, the merits and risks of investing in the New Bonds and the information contained or incorporated by reference in these Admission Particulars;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the New Bonds and the impact the New Bonds will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all the risks of an investment in the New Bonds; including where the currency for principal and interest payments is different from the potential investor's currency:
- (d) understands thoroughly the terms of the New Bonds and is familiar with the behaviour of financial markets;
- (e) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (f) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposals of an interest in the New Bonds.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review and regulation by certain authorities. Each potential investor should consult its legal and/or other advisers to determine whether and to what extent (i) the New Bonds are legal investments for it, (ii) the New Bonds can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any New Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the New Bonds has led to the conclusion that: (a) the target market of the New Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (b) all channels for the distribution of the New Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Bonds (a "distributor") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels. For the avoidance of doubt, neither Joint Bookrunner is a manufacturer for these purposes.

Mandatory Early Redemption:

If the Loan becomes repayable as a result of a Group Borrower Default the Bonds shall be redeemed in full at their principal amount, plus accrued interest.

A "Group Borrower Default" includes non-payment, breach of other obligations, cross-acceleration, winding-up, cessation of business, insolvency, unlawfulness and breach of the specified asset cover ratio, in each case as set out in Clause 14 (*Group Borrower Default*) of the Original Loan Agreement and described further in "Description of the Loan Agreement".

The Group Borrower or any Borrower may at any time purchase Bonds in the open market or otherwise at any price. Any Bonds so purchased may be surrendered to the Issuer for cancellation in consideration for an amount equal to the principal amount of the Bonds being surrendered being deemed to be prepaid under the Loan Agreement or, to the extent that no Loan is then outstanding, an amount of the Undrawn Commitment equal to the principal amount of the Bonds being deemed to be cancelled.

The Issuer may not at any time purchase Bonds.

Following an Event of Default the Bond Trustee may, and if so requested by the holders of at least one-fourth in principal amount of the Bonds then outstanding shall (subject to it being secured and/or indemnified and/or prefunded to its satisfaction and, upon certain events, the Bond Trustee having certified to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Bondholders), give notice to the Issuer and the Bonds shall become immediately due and repayable.

The Events of Default include, *inter alia*, non-payment of any principal and interest due in respect of the Bonds, failure of the Issuer to perform or observe any of its other obligations under the Conditions and the Bond Trust Deed, insolvency, unlawfulness and acceleration, or non-payment, in respect of other indebtedness in an aggregate amount equal to or in excess of £10,000,000 (or its equivalent).

Upon the Bonds becoming repayable prior to the Maturity Date (other than as a result of a prepayment or termination of the Loan Agreement), the Group Borrower is required to prepay the Loan in full together with accrued interest and commitment fee to and including the date of redemption. The Group Borrower is also required to pay to the Issuer, within three Business Days of demand, the Issuer's reasonable costs, expenses and liabilities throughout the life of the Bonds.

The Issuer's obligations in respect of the Bonds are secured pursuant to the Bond Trust Deed in favour of the Bond Trustee for

Purchases:

Events of Default:

Issuer Security:

the benefit of itself and the Bondholders and the other Secured Parties by the following (the "Issuer Security"):

- (a) an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Agreement, the Security Trust Deed, the Security Agreements, the Group Borrower Security Agreement, the Agency Agreement and the Account Agreement and the Custody Agreement, in each case to the extent they relate to the Bonds;
- (b) a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the Transaction Account, the Disposal Proceeds Account, the Initial Cash Security Account and the Custody Account and all debts represented thereby; and
- (c) a charge by way of first fixed charge over all sums held from time to time by the Paying Agents for the payment of principal or interest in respect of the Bonds.

Initial Cash Security Account:

In the event that insufficient Properties have been charged by the Existing Borrowers and allocated for the benefit of the Issuer on the Issue Date to permit the drawing of the New Commitment in full or the Group Borrower has not otherwise drawn any part of the New Commitment, all or part of the issue proceeds (other than the Retained Accrued Interest) (the "Retained Proceeds") shall be retained in a charged account (the "Initial Cash Security Account") of the Issuer (and may be invested in Permitted Investments) in accordance with the terms of the Account Agreement and the Custody Agreement.

Any Retained Proceeds shall be advanced to the Group Borrower at a later date pursuant to the Loan Agreement to the extent that Properties of a corresponding value have been charged in favour of the Issuer.

Funds standing to the credit of the Initial Cash Security Account may:

- (a) be held on deposit, in which case they shall accrue interest at a rate to be agreed from time to time between the Issuer and the Account Bank pursuant to the Account Agreement; or
- (b) be invested in Permitted Investments in accordance with the Custody Agreement.

See "Permitted Investments" below.

Pursuant to the Loan Agreement, the Group Borrower shall pay to the Issuer a commitment fee in respect of the Retained Proceeds on each Loan Payment Date in an amount equal to:

- the aggregate of the interest payable by the Issuer under the Bonds on the following Interest Payment Date, less
- (b) the aggregate of:
 - (i) the interest received by the Issuer from the Group Borrower under the Loan Agreement on

such Loan Payment Date and the interest otherwise received by the Issuer during the relevant Loan Interest Period (including, but not limited to, any income received in respect of any Permitted Investments in which any Retained Proceeds are, for the time being, invested); and

(ii) in respect of the Interest Payment Date immediately following the Issue Date, an amount equal to the product of (x) the Retained Accrued Interest and any interest received by the Issuer in respect of the Retained Accrued Interest from the Account Bank pursuant to the Account Agreement and (y) the Retained Percentage.

See "Description of the Loan Agreement" below.

Disposal Proceeds Account:

Pursuant to the Loan Agreement, the Group Borrower is required to procure that the specified asset cover ratio is maintained (see "Description of the Loan Agreement" below). In the event that the value of any Charged Property is insufficient to maintain the asset cover ratio, the Group Borrower may deposit, or may procure that any Borrower deposits, moneys into the Disposal Proceeds Account. Such moneys will be charged in favour of the Bond Trustee pursuant to the terms of the Bond Trust Deed.

Funds standing to the credit of the Disposal Proceeds Account may:

- (a) be held on deposit, in which case they shall accrue interest at a rate to be agreed from time to time between the Issuer and the Account Bank pursuant to the Account Agreement; or
- (b) be invested in Permitted Investments in accordance with the Custody Agreement.

See "Permitted Investments" below.

Moneys standing to the credit of the Disposal Proceeds Account may be withdrawn:

- (a) to be applied in the acquisition of a Substitute Property;or
- (b) to the extent that such withdrawal will not cause a breach of the Asset Cover Test.

Permitted Investments:

Permitted Investments shall consist of:

- (a) direct obligations of the United Kingdom or of any agency or instrumentality of the United Kingdom which are guaranteed by the United Kingdom;
- (b) demand and time deposits in, certificates of deposit of and bankers' acceptances issued by any depositary institution or trust company with a maturity of no more than 360 days subject to, inter alia, such debt obligation having a long term debt credit rating of not less than "AA" from S&P and "Aa2" from Moody's or a short term debt or

issuer (as applicable) credit rating of not less than "A-1" from S&P and "P-1" from Moody's (or, in each case, any other equivalent rating given by a credit rating agency registered under the CRA Regulation (an "Equivalent Rating"));

- (c) securities bearing interest or sold at a discount to the face amount thereof issued by any corporation having a long term credit rating of not less than "AA" from S&P and "Aa2" from Moody's (or an Equivalent Rating); and
- (d) commercial paper or other short-term obligations which, *inter alia*, have a short term credit rating of not less than "A-1" from S&P and "P-1" from Moody's (or an Equivalent Rating),

provided that such investment shall be an investment which is an obligation of the United Kingdom or a company incorporated in the United Kingdom, and in all cases, such investment shall be an investment (i) other than where a Permitted Investment is the Benchmark Gilt (as defined in Condition 9.2 (*Early Redemption*)), the maturity of which is no later than 14 April 2050 and (ii) which is denominated in Sterling.

In the event that any Permitted Investments are sold to fund an advance to the Group Borrower pursuant to the Loan Agreement and such sale results in a loss realised by the Issuer, the Issuer shall advance monies to the Group Borrower at a discount in an amount equal to the Actual Advance Amount. In the event that any Permitted Investments are sold to fund an advance to the Group Borrower pursuant to the Loan Agreement and such sale results in a gain realised by the Issuer (such gain, the "Permitted Investment Profit"), the Issuer shall advance monies to the Group Borrower at the principal amount requested and may (but shall not be obliged to) make a gift aid payment or qualifying charitable donation to a charitable member of the Sanctuary Group which is connected with the Group Parent for the purposes of section 939G of the Corporation Tax Act 2010 (a "Charitable Group Member") in an amount no greater than the Permitted Investment Profit.

Immediately prior to the end of each accounting period, to the extent that the Issuer would otherwise be required to recognise a profit for tax purposes in respect of its Permitted Investments as a result of the movement in the fair value recognised in its accounts of such Permitted Investments for that accounting period, the Issuer shall sell Permitted Investments in an aggregate amount equal to:

- (a) the amount required to offset or discharge any corporation tax liability (either by the payment of such corporation tax liability or by making a gift aid payment or qualifying charitable donation to a Charitable Group Member equal to the Accounting Profit Offset Amount or a combination thereof) in respect of the Accounting Profit, less
- (b) any retained profits of the Issuer (which, for the avoidance of doubt, does not include any amounts required to meet any payment obligations of the Issuer under the Conditions or any Transaction Documents) available to the Issuer (after all taxes thereon have been paid) and

which it intends to apply in respect of such gift aid payment or qualifying charitable donation and/or corporation tax liability.

In the same accounting period or, where the Issuer is entitled to make a valid claim under section 199 of the Corporation Tax Act 2010, within nine months of the end of that accounting period, the Issuer will (if applicable) make a gift aid payment or qualifying charitable donation to a Charitable Group Member in an amount equal to the Accounting Profit Offset Amount (see "Description of the Loan Agreement - Facility").

Account Agreement and Custody Agreement:

The Issuer has appointed Barclays Bank PLC as its Account Bank pursuant to the Account Agreement and The Bank of New York Mellon, London Branch as Custodian pursuant to the Custody Agreement in relation to the issue of the Bonds.

Pursuant to the Account Agreement, the Account Bank maintains three accounts for the Issuer in respect of the Bonds: the Transaction Account, the Initial Cash Security Account and the Disposal Proceeds Account. Pursuant to the Account Agreement and the Bond Trust Deed, the Issuer has entered into certain covenants in respect of the monies which may be credited to and debited from each Account.

Pursuant to the Custody Agreement, the Custodian maintains the Custody Account (consisting of the Disposal Proceeds Custody Sub-Account, the Initial Cash Security Custody Sub-Account, the Disposal Proceeds Cash Sub-Account and the Initial Cash Security Cash Sub-Account). The Issuer has authorised the Custodian to make payments and delivery out of the Custody Account only for the purpose of any acquisition or sale of Permitted Investments or as set out therein.

See "Description of the Account Agreement and the Custody Agreement" below.

Guarantee, Underlying Security and Group Borrower Security:

The Group Borrower's obligations in respect of the Loan Agreement are secured pursuant to the Security Trust Deed, the Security Agreements and the Group Borrower Security Agreement in favour of the Issuer, the rights, title and interest in respect of which the Issuer has secured in favour of the Bond Trustee pursuant to the Bond Trust Deed.

Pursuant to the Security Agreements, each Existing Borrower has (and each of the other Borrowers other than the Existing Borrowers will, upon such entities becoming Borrowers in accordance with the terms of the Security Trust Deed, have) irrevocably and unconditionally:

- (a) guaranteed to the Issuer the punctual performance by the Group Borrower of all its obligations under, *inter alia*, the Loan Agreement, the Security Trust Deed and the other Security Agreements;
- (b) undertaken with the Issuer that, whenever the Group Borrower does not pay any amount when due under, *inter alia*, the Loan Agreement, the Security Trust Deed and the other Security Agreements, it must, immediately on

demand by the Security Agent, pay that amount as if it were the principal obligor; and

(c) agreed to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes unenforceable, invalid or illegal; the amount of the loss or liability under the indemnity will be equal to the amount the Issuer would otherwise have been entitled to recover.

In addition, each Existing Borrower has (and each of the other Borrowers other than the Existing Borrowers will, if agreed with the Group Borrower and following such entities becoming Borrowers in accordance with the terms of the Security Trust Deed, have):

- (a) created fixed security (or, in the case of Scottish Properties, a Standard Security) in favour of the Security Agent for the benefit of itself and, *inter alios*, the Issuer over certain of its properties, fixed plant and machinery, benefits in respect of the Insurances and benefit of all present and future licences, consents and authorisations (statutory or otherwise) held in connection with its business so far as it relates to the Security Assets; and
- (b) assigned to the Security Agent for the benefit of itself and, inter alios, the Issuer all of its rights, title and interest in and to certain agreements and covenants held by such Borrower,

together, the "Underlying Security".

Pursuant to the Group Borrower Security Agreement, the Group Borrower has created the following security in favour of the Security Agent for the benefit of itself and, *inter alios*, the Issuer:

- (a) a first floating charge over all of its rights in respect of any amount standing to the credit of the Receipts Account;
 and
- (b) an absolute assignment of all of its present and future rights in respect of the Intra-group Facility Agreements,

provided that, in each case, it shall be entitled to exercise all its rights and claims under or in connection therewith until a Group Borrower Default has occurred and is outstanding.

See "Description of the Security Agreements, the Group Borrower Security Agreement and the Security Trust Deed" below.

Priorities of Payments:

Prior to the enforcement of the Issuer Security, the Issuer shall apply the monies standing to the credit of the Transaction Account on each Interest Payment Date and such other dates on which a payment is due in respect of the Bonds in the following order of priority (the "Pre-enforcement Priority of Payment"):

(a) first, in payment of any taxes due and owing by the Issuer to any taxing authority (insofar as they relate to the Bonds);

- (b) second, in payment of any unpaid fees, costs, charges, expenses and liabilities incurred by the Bond Trustee (including remuneration payable to it and any Appointee) in carrying out its functions under the Bond Trust Deed;
- (c) third, in payment of all amounts owing to the Paying Agents under the Agency Agreement, the Account Bank under the Account Agreement and the Custodian under the Custody Agreement on a *pro rata* and *pari passu* basis;
- (d) fourth, in payment of any other unpaid fees and expenses of the Issuer (insofar as they relate to the Bonds) on a *pro* rata and pari passu basis;
- (e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any interest due and payable in respect of the Bonds;
- (f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any principal due and payable in respect of the Bonds;
- (g) seventh, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Agreement; and
- (h) eighth, in payment of:
 - (i) an amount equal to any Accounting Profit Offset Amount and (at the option of the Issuer) an amount no greater than any Permitted Investment Profit to any Charitable Group Member; and/or
 - (ii) any taxes due and owing by the Issuer to any taxing authority in respect of any Accounting Profit or Permitted Investment Profit.

Following the enforcement of the Issuer Security, all monies standing to the credit of the Transaction Account, the Disposal Proceeds Account and the Initial Cash Security Account and the net proceeds of enforcement of the Issuer Security shall be applied in the following order of priority (the "Post-enforcement Priority of Payment"):

- (a) first, in payment of any unpaid fees, costs, charges, expenses and liabilities incurred by the Bond Trustee, any Appointee or any receiver in preparing and executing the trusts under the Bond Trust Deed (including the costs of realising any Issuer Security and the Bond Trustee's and such receiver's remuneration);
- (b) second, in payment of all amounts owing to the Paying Agents under the Agency Agreement, the Account Bank under the Account Agreement and the Custodian under the Custody Agreement on a *pro rata* and *pari passu* basis;

- (c) third, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any interest due and payable in respect of the Bonds;
- (d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any principal due and payable in respect of the Bonds;
- (e) fifth, in payment of any other unpaid fees and expenses of the Issuer (insofar as they relate to the Bonds) on a *pro* rata and pari passu basis;
- (f) sixth, in payment to the Group Borrower of any amount due and payable under the terms of the Loan Agreement; and
- (g) seventh, in payment of:
 - (i) an amount equal to any Accounting Profit Offset Amount and (at the option of the Issuer) an amount no greater than any Permitted Investment Profit to any Charitable Group Member; and/or
 - (ii) any taxes due and owing by the Issuer to any taxing authority in respect of any Accounting Profit or Permitted Investment Profit.

Status of the Bonds:

The New Bonds will constitute direct, secured obligations of the Issuer and will rank *pari passu* among themselves and the Existing Bonds.

Covenants:

Pursuant to Condition 6 (*Covenants*), the Issuer has covenanted not to engage in any activity or do anything other than carry out the business of a company which has as its purpose raising finance and on-lending such finance for the benefit of the members of the Sanctuary Group, without the consent of the Bond Trustee.

The Issuer has also covenanted to deliver to the Bond Trustee and, upon request by a Bondholder to the Issuer, to make available to any of the Bondholders, a copy of the Compliance Certificate received from the Group Borrower pursuant to the terms of the Loan Agreement and a copy of the annual reports of the Group Borrower, the Group Parent and each Borrower following publication of the same. In addition to the rights of Bondholders to convene a meeting pursuant to Condition 17 (*Meetings of Bondholders, Modification and Waiver*), at the request of the requisite majority of the Bondholders, the Issuer shall hold a meeting of the Bondholders to discuss the financial position of the Issuer and the Sanctuary Group, provided that the Issuer shall not be required to hold any such meeting more than once in any calendar year.

In addition, the Issuer has covenanted that, for so long as any of the Bonds remain outstanding, it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Agent to take any action pursuant to, the Loan Agreement, the Security Agreements, the Group Borrower Security Agreement or the Security Trust Deed except with the prior consent of the Bond Trustee. The Bond Trustee may seek the consent of the

Bondholders in accordance with the Bond Trust Deed prior to giving any such consent.

Taxation:

All payments in respect of the Bonds will be made without withholding or deduction for or on account of any taxes unless a tax deduction is required by law. In the event that any such withholding or deduction is required, the Issuer may at its option, but will not be obliged to, pay to Bondholders such additional amounts as may be necessary in order that the net amounts received by the Bondholders after such withholding or deduction will equal the amounts of principal and interest which would have been received in respect of the Bonds in the absence of such withholding or deduction. In the event that the Issuer does not opt to pay, or opts to pay and thereafter notifies the Bond Trustee of its intention to cease paying, such additional amounts the Bonds shall be redeemed at their principal amount, together with any accrued interest, in accordance with Condition 9.3 (*Early Redemption for Tax Reasons*).

Meetings of Bondholders:

The Conditions of the Bonds and the Bond Trust Deed contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Risk Factors:

There are certain factors that may affect the Issuer's ability to fulfil its obligations under the New Bonds. These are set out under "Risk Factors" below and include factors which may affect the Issuer, the Group Borrower and/or the Borrowers' ability to fulfil their obligations under the Bonds, the Loan Agreement and the Intragroup Facility Agreements and the Security Agreements respectively, factors which are material for the purpose of assessing the market risks associated with the New Bonds, risks relating to the security for the New Bonds and risks relating to the market generally.

See "Risk Factors" below.

Rating:

Sanctuary is rated "A2" and "A" by Moody's and S&P respectively. It is expected that the New Bonds will be rated "A2" and "A" by Moody's and S&P respectively. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

STRUCTURE DIAGRAM OF TRANSACTION

The issue proceeds of the New Bonds (other than the Retained Accrued Interest) will, subject to the satisfaction of certain conditions precedent, be on-lent by the Issuer to the Group Borrower which will, in turn, on-lend such funds to the Existing Borrowers.

In accordance with the terms of the Security Trust Deed and the Loan Agreement, additional Borrowers may accede to the above structure after the Issue Date. Following the addition of any additional Borrower, the Group Borrower may on-lend funds received by it from other loan providers or the Issuer (in respect of any Retained Proceeds or proceeds of issues of further bonds), or funds which have previously been repaid by any Existing Borrower or any additional Borrowers pursuant to their respective Intra-group Facility Agreements, to such additional Borrower.

RISK FACTORS

An investment in the New Bonds involves a degree of risk. Any of the following risks could adversely affect the Issuer, the Group Borrower's or the Existing Borrowers' business, results of operations, financial condition and/or prospects, in which case, the trading price of the Bonds could decline, resulting in the loss of all or part of an investment in the Bonds, and the Issuer's ability to pay all or part of the interest or principal on the Bonds could be adversely affected.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the New Bonds. In addition, factors which are material for the purpose of assessing the market risks associated with the New Bonds issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the New Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Bonds may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. This section is not intended to be exhaustive and prospective investors should also read the detailed information set out elsewhere in these Admission Particulars and reach their own views prior to making any investment decision. If any of the following risks actually materialise, the Issuer's business, results of operations, financial condition and/or prospects could be materially and adversely affected. No assurance can be given that prospective Bondholders will receive full and/or timely payment of interest and principal or ultimate recovery in relation to the Bonds.

Factors which may affect the Issuer's ability to fulfil its obligations under the Bonds

Special Purpose Vehicle Issuer: The Issuer is a special purpose finance entity with no business operations other than the incurrence of financial indebtedness, including the issuance of the Bonds. As such, the Issuer is entirely dependent upon receipt of funds received from the Group Borrower or the Borrowers in order to fulfil its obligations under the Bonds.

Credit Risk: The Issuer, and therefore payments by the Issuer in respect of the Bonds, will be subject to the credit risk of the Group Borrower and the Borrowers. The Issuer will be subject to the risk of delays in the receipt, or risk of defaults in the making, of payments due from the Group Borrower in respect of the Loan Agreement. However, each of the Borrowers has (or will, upon such entities becoming Borrowers, have) guaranteed the obligations of the Group Borrower to the Issuer under the Loan Agreement and it is envisaged that in the event that a Borrower is unable to make a payment under the Intra-group Facility Agreement to which it is a party (pursuant to which the Group Borrower has on-lent part of the proceeds of the Loan Agreement) such payment will be made by the other Borrowers pursuant to the terms of their respective Security Agreements.

Effect of Losses on Loan on Interest Payments and Repayments on the Bonds: There can be no assurance that the levels or timeliness of payments of collections received in respect of the Loan will be adequate to ensure fulfilment of the Issuer's obligations in respect of the Bonds on each Interest Payment Date or on the Maturity Date. In addition, a default under the Loan Agreement could ultimately result in its enforcement, a claim being made by the Issuer under the Security Agreements and, if payment is not made thereunder on a timely basis, the enforcement of the Underlying Security. The proceeds of any such enforcement may be insufficient to cover the full amount due from the Group Borrower resulting in a shortfall in funds available to repay the Bonds. However, it is expected that in the event that the Group Borrower's payment obligations under the Loan Agreement are not fulfilled, the Borrowers shall fulfil such obligations without the need to enforce the Underlying Security or seek recourse through the courts.

Factors which may affect the Group Borrower's ability to fulfil its obligations under the Loan Agreement

Special Purpose Finance Vehicle: The Group Borrower is a special purpose finance entity with no business operations other than the incurrence of financial indebtedness, including the entry into loan agreements, and the entry into related hedging arrangements. As such the Group Borrower is entirely dependent upon receipt of funds received from the Borrowers and other finance and hedging counterparties in order to fulfil its obligations under the Loan Agreement.

Credit Risk: The Group Borrower acts as a financing vehicle for the Sanctuary Group and does not own any social housing assets. The proceeds of the Loan will be on-lent by the Group Borrower to the Borrowers pursuant to the Intra-group Facility Agreements and the payments to be made by the Group Borrower to the Issuer under the Loan Agreement will be dependent in part upon the Group Borrower receiving from the Borrowers the payments due to it under the Intra-group Facility Agreements. The Group Borrower's ability to satisfy its obligations under the Loan Agreement is therefore dependent in part on the credit risk of each of the Borrowers.

Factors which may affect the Borrowers' ability to fulfil their obligations under the Intra-group Facility Agreements and the Security Agreements

Risks related to Rental Income: The tenants of the social housing (as defined in Part 2 of the Housing and Regeneration Act 2008) properties of the Borrowers are personally responsible for the rental payments on the relevant occupied properties and, consequently, the Borrowers are exposed to the risk of arrears and bad debts. Any significant exposure to arrears and bad debts may adversely affect the ability of the Borrowers to meet their payment obligations in respect of their respective Intra-group Facility Agreements.

The Borrowers receive a material proportion of their rental income from housing benefit and universal credit (where alternative payment arrangements are in place) payable by local authorities. A series of welfare reforms were incorporated in the Welfare Reform and Work Act 2016. The Welfare Reform and Work Act 2016 makes provisions on the household benefit cap and social security and tax credits that expose the Borrowers to the risk of a reduction in rental income and an increase in arrears. Registered Providers of Social Housing were required to reduce rents in respect of almost all tenancies that were subject to the rent standard by 1 per cent., per annum from April 2016 for a four year period. All of the required rent reductions were applied by the Borrowers in England. Any further reduction in rental income could, if material, adversely affect the ability of each Borrower to make payments in respect of its respective Intra-group Facility Agreement (see "Risks related to Welfare Reform").

On 4 October 2017, the UK Government announced that social housing rents will be restored to the Consumer Price Index ("CPI") plus 1 per cent. formula for five years from 1 January 2020.

The Rent Standard 2020 came into force on 1 April 2020 giving effect to the UK Government's Policy Statement of Rents for Social Housing. This provides that social rented housing and affordable rented housing rents may increase by up to CPI + 1 per cent., each year. The Policy Statement on Rents for Social Housing states the intention that this should apply for at least five years.

The rate at which social housing rents may be indexed over time, under powers conferred through the Housing and Regeneration Act 2008, is set by government policy. Current policy allows rents to be increased by up to the level of the CPI, which refers back to the figure published in October (for the year to September) of the preceding year plus 1 per cent. for five years from the 2020/2021 financial year, thus giving the English Borrowers certainly over future income streams, subject to any UK Government rent policy changes. The English Borrowers will apply future rent increases or decreases in accordance with the UK Government rent regimes (if any) in place at the time. In Scotland, Registered Social Landlords are able to set their own rents with no Scotlish Government imposed controls or caps and there is no national rent policy or rent regulations. The affordability of any proposed social housing rent rises will be considered (and take account of inflation pressures on household incomes), and any increases are subject to board approval. Whilst any rent reduction is unlikely to apply to rents in respect of shared ownership leases held by the English Borrowers, no certainty can be given and any reduction in rental income generally could, if material, adversely affect the Borrowers' ability to meet its payment obligations under the Loan Agreement and, in turn, the Issuer's ability to meet its payment obligations under the Bonds.

Receipt of rental income by the Borrowers relies on their ability to let properties. Demand for the Borrowers' properties is mainly driven by local housing need and property condition relative to alternatives. A net reduction in demand for the Borrowers' properties could reduce overall rental income. If material, this may adversely affect the ability of each affected Borrower to make payments in respect of its respective Intra-group Facility Agreement. The Borrowers collectively hold stock throughout England and Scotland where household formation continues to outpace the provision of new housing supply, increasing the demand for rented housing. As at March 2022 occupancy in the Borrowers' social housing properties was 97 per cent.

The SHAFPS is a stand-alone defined benefit trust-based pension scheme which sits within TPT Retirement Solutions' ("**TPT**") (formerly known as The Pension Trust) collection of occupational pension schemes. The scheme is closed to new and existing members. Sanctuary is obliged to pay annual deficit contributions of £3.15 million increasing by 3 per cent. per year between 1 April 2021 and 31 October 2026.

The SNWHAPS is a stand-alone defined benefit trust-based pension scheme that is closed to new and existing members. Sanctuary is obliged to pay annual deficit contributions of £1.25 million increasing in line with September RPI inflation per year between 1 April 2020 and 30 April 2026.

Sanctuary Scotland participates in the SHAPS, a multi-employer defined benefit pension scheme which falls within TPT's collection of occupational pension schemes. The scheme is open to ongoing accrual in respect of Sanctuary Scotland's employees who are members of SHAPS. Sanctuary is obliged to pay annual deficit contributions of £92,766.36 to 31 March 2023. The 30 September 2021 valuation is ongoing.

The LGPS is a public sector scheme administered at a local level by administering authorities in relation to their LGPS funds (each being a "Fund"). Admission to participation in a Fund enables employees to build up defined benefit pensions and is only available to small numbers of Sanctuary employees (as a result of their historic public sector/local authority employment). However, risk sharing mechanisms mean that Sanctuary and its subsidiaries are protected from deficits arising in CoWF-LGPS, NYF-LGPS and MF-LGPS.

Sanctuary ceased to employ active members of the DF-LGPS in June 2021. Sanctuary awaits the withdrawal calculation in respect of its exit from the DF-LGPS from the administering authority.

Sanctuary ceased to employ active members of the CPF-LGPS on 31 January 2022. It has since entered into a deferred debt arrangement (as governed by the Local Government Pension Scheme Regulations 2013) with Cheshire West and Chester Borough Council with a current expiry date of 31 January 2037, whereby Sanctuary's obligation to meet the exit debt has been deferred whilst Sanctuary remains a deferred employer.

Sanctuary is a direction body employer of NHSPS. NHSPS is an unfunded occupational scheme backed by the Exchequer and the terms of participation secured by Sanctuary mean that no deficit or surplus will arise for Sanctuary in respect of this scheme.

As at 31 March 2022, the fair market value of the assets held in the LGPS Funds attributable to the Sanctuary Group, combined with the assets held in SHAFPS, SNWHAPS and SHAPS amounted to £474.4 million. As at that date, the corresponding pension liabilities and reporting requirements amounted to £496.0 million, resulting in a net deficit of £21.6 million, valued on an IAS 19 accounting basis.

2022 is a funding valuation year for SHAFPS with a revised payment schedule for this scheme becoming known during 2023. It is the intention that revised payment schedules will fund the scheme deficits over a 6 year period.

As with all defined benefit pension schemes, there may be certain circumstances in which the sponsoring employers of the pension arrangements listed above are required to make good a funding deficit in short order. Certain forms of re-structuring of the Sanctuary Group may also result in circumstances in which a funding deficit has to be met. However, Sanctuary always carefully considers the pension implications of restructuring proposals and wherever possible ensures that such restructurings are organised to avoid pension liabilities crystallising.

In particular, as a result of the legislation governing the LGPS, there is a potential exit debt due from Sanctuary to the relevant Fund when it leaves the LGPS. For example, if it ceases to employ active LGPS Fund members. The debt due from Sanctuary is calculated by the Fund actuary, who compares Sanctuary's liabilities with its assets as at the date Sanctuary leaves the Fund. Sanctuary is careful to manage the circumstances in which such exit debts fall due, and, depending on the size of the debt, either settles the amount due in full or enters into deferred debt arrangements with the relevant admission authority to gradually settle the outstanding debt over time.

Sanctuary Group is developing a pensions strategy with the aim of mitigating the risks associated with defined benefit participation wherever possible. The strategy will include consideration of the estimated liabilities associated with each of the schemes noted above, and possible future liability management exercises over the medium to long term.

Any increased pension liabilities may have an effect on the Borrowers' cash flow, which could, in turn, adversely affect their payments under the Intra-group Facility Agreements and, ultimately, the Issuer's ability to meet its payment obligations on the Bonds.

Risks related to care income: The Borrowers' care home income is paid by private fee payers ("**PFPs**") and local authority funded residents. Local authorities ("**LAs**") have a variety of contractual terms with the Borrowers which include, but are not limited to, providing guaranteed rooms for LA-funded residents in return for discounts on standard market rates. Most of these contracts are renewed annually with LAs taking different stances on what level of cost increases are acceptable. Operating expenditure in the Sanctuary Group's care businesses is increasing due to higher labour, energy and food costs. The Borrowers regularly review and benchmark market rates for PFPs and LA contracts on a local and national basis.

However, the current ability of LAs to match the true cost of care provision is uncertain. The UK Government has announced an increase in National Insurance contributions from April 2022 and in April 2023, the Health & Social Care Levy, to help fund investment in the Social Care sector, after initially addressing acute funding priorities within the NHS, and revised caps and means testing for PFPs, although it is not clear at this stage whether this will help to improve funding levels of local authorities. The UK Government recently updated its guidance to LAs in "The Market Sustainability and Fair Cost of Care fund 2022 to 2023" document (updated on 29 June 2022) which sets out that the stated primary purpose of the fund as being "to support local"

authorities to prepare their markets for reform, including the further commencement of Section 18(3) of the Care Act 2014 in October 2023, and to support local authorities to move towards paying providers a fair cost of care". In addition, the guidance states that: "In 2022 to 2023 local authorities are also expected to start making genuine progress towards more sustainable fee rates, where they are not already doing so. This means increasing fee rates paid to providers (in respect of 65+ care homes and 18+ domiciliary care, including those who operate in extra care settings). The Local Government Finance Settlement 2022 to 2023 included additional funding for local authorities to cover the demographic graphic and unit cost pressures facing social care. The fund is additional to those pressures and will help local authorities to increase fees further."

The Borrowers are committed to maintaining and improving the service in the Sanctuary Group's care homes and have provided for operating cost increases in the Sanctuary Group business plan along with likely price increases acceptable to both PFPs and LAs. Increases to the costs of care provision without associated increases to fee income may have an effect on the Borrowers' cash flow, which could, in turn, adversely affect their payments under the Intra-group Facility Agreements and, ultimately, the Issuer's ability to meet its payment obligations on the Bonds.

Risks related to Stock and Zero Carbon: Extreme weather events and the global transition to a low carbon economy could result in a broad range of impacts, including potential strategic, reputational, structural and credit related risks for the Sanctuary Group. In addition, climate change regulations, frameworks and guidance are rapidly emerging and evolving. Through the Climate Change Act 2008 (2050 Target Amendment) Order 2019, the UK set a legally binding target of net zero greenhouse gas emissions by 2050. The Scottish Government, by way of its Climate Change (Emissions Reduction Targets) (Scotland) Act 2019 (amending The Climate Change (Scotland) Act 2009) has set out an increased ambition in terms of Scotland's own emissions reduction target of reaching net zero by 2045, together with updated interim and annual emissions reduction targets. Such targets are now driving policy change across Government, including a stated intention that new-build homes will have 75-80 per cent. less carbon emissions than homes built to current standards. Interim targets have also been set by the UK Government for all fuel poor homes to achieve an Energy Performance Certificate ("EPC") standard of Band C by 2030. Increasing regulatory expectations create a new set of requirements and accompanying risks that need to be managed.

Although specific legal targets for the social housing sector in relation to net zero greenhouse gas emissions by 2050 have not been set across the whole of the UK, energy use in UK homes accounts for a large amount of total emissions. A reduction or elimination of greenhouse gas emissions from the Borrowers' properties will likely be necessary. Some landlords are already unable to let buildings which do not satisfy relevant energy performance certificate requirements and the net zero carbon target is likely to significantly affect real estate owners through having to make large scale investments in the energy efficiencies of their buildings and the management of large-scale retrofit programmes. Innovation from the construction and building services industries will be required to overcome any technical challenges which arise as a result of such programmes. The costs of relevant retrofit programmes could be substantial, particularly if this required replacement of gas boilers and upgrading of connected heating systems.

The Sanctuary Group has identified circa 26,000 properties that require assessment and related work to bring them to a standard of an EPC Band C. Work is already underway to complete this in advance of 2030 Government targets, via the Sanctuary Group's whole home retrofit programme with budget agreed within the Sanctuary Group's 7-year asset management strategy.

The Sanctuary Group has launched its first Sustainability Report on 30 June 2022, which looks at the impact of the organisation against each environmental, social and governance ("**ESG**") theme.

The exact extent of investment for the Borrowers in order to meet government targets and to comply with environmental legislation in relation to Net Zero Carbon is unknown. However, the Sanctuary Group has included £150 million within its long-term financial plan to meet the requirements of EPC Band C by 2030 as well as allocating additional capital expenditure to contribute to the Sanctuary Group's Net Zero Carbon ambition.

However, whilst a significant proportion of the reinvestment expenditure included within the long-term financial plan beyond 2030 will clearly improve the energy efficiency of the stock, at this stage estimating the cost of achieving net zero is challenging and it is likely the technology solutions to achieve this outcome are yet to be invented or brought to the market.

If the Borrowers are faced with material costs in this regard, this may adversely affect the ability of the Borrowers to meet their payment obligations in respect of their respective Intra-group Facility Agreements.

Litigation Risk: To date, claims made against the Sanctuary Group have not had a material impact on the revenue or business of the Sanctuary Group, although there can be no assurance that the Sanctuary Group will not, in the future, be subject to a claim which may have a material impact upon its revenue or business.

Furthermore, the Sanctuary Group have the benefit of insurance for, among others, employer's liability, public liability, and professional indemnity at a level which the management of the Sanctuary Group considers to be prudent for the type of business in which the Sanctuary Group is engaged.

Dependency on third-party suppliers: The Sanctuary Group has an internal maintenance service that covers a material proportion of the maintenance on its properties, but some repairs remain with third party contractors. The Borrowers' maintenance of their properties (including, but not limited to, the Charged Properties) is therefore partially dependent on the timely performance of third-party maintenance contractors performing their obligations under their maintenance contracts with the Borrowers. The Borrowers work closely with their maintenance contractors to avoid property maintenance-related problems, but there can be no assurances that the Borrowers will not experience problems in the future. The performance of contracts by the maintenance contractors with the Borrowers may be subject to disruption for a variety of reasons, including, but not limited to, availability of materials, work stoppages, labour relations and breakdown in machinery. The same contractor risk exists under contracts issued by the Borrowers in relation to their development of a housing programme. Any such failure by contractors to fulfil their contractual obligations or any such disruption could, if significant, interrupt the Borrowers' ability to provide social housing and this could negatively impact the Borrowers' rental income stream, which could, in turn, adversely affect their payments under the Intragroup Facility Agreements and, ultimately, the Issuer's ability to meet its payment obligations on the Bonds.

Disruption due to outbreak of coronavirus (COVID-19): The outbreak, or threatened outbreak, of any severe communicable disease such as COVID-19 (commonly referred to as coronavirus) and regulators' or market fears about the same, may adversely affect the business of the Borrowers. As at the date of these Admission Particulars, the Borrowers are continuing to monitor the full impact of the pandemic on its operations but has taken precautions to address the impact of the pandemic on its workforce, residents and tenants, and will continuously monitor the situation to ensure those precautions are regularly updated as necessary having regard to national scientific and health advice.

The Borrowers' profits may decline during any such outbreak and recovery period. Potential causes are as follows:

- increased expenditure on repairs, should the ability to conduct timely routine maintenance be affected:
- increased recruitment of temporary staff, should availability of the Borrowers' own employees be impacted by illness or the need to self-isolate;
- reduced levels of rental income, should customers' ability to pay their rents on time be impacted, leading to increased rental arrears, should it become more difficult to re-let properties, leading to increased voids or should it become more difficult to complete construction of new schemes, leading to fewer new units becoming available for sale or for rental;
- reduced levels of sales income, should housing market transactions decline as the result of an outbreak;
- government restrictions and/or public health measures imposed in England or Scotland on care homes or supported living schemes;
- the outbreak of the virus in one or more care homes or supported living schemes could have an impact on occupancy levels;
- the outbreak of the virus in student accommodation could have an impact on occupancy levels and in particular, the number of international students staying in student accommodation; and

increased expenditure on measures to support the wellbeing of customers.

If any of these occur, this may adversely affect the ability of the Borrowers to meet their respective payment obligations under the Intra-group Loan Agreements, and therefore ultimately adversely affect the ability of the Issuer to meet its obligations under the Bonds and/or the market value and/or the liquidity of the Bonds in the secondary market.

Risks related to Welfare Reform

Risks related to Social Housing Rents: The relevant rent standard guidance for Registered Providers of Social Housing, first published on 31 March 2015 (as updated on 18 March 2016 and 3 May 2016), is contained within the Rent Standard and Rent Standard Guidance sections of the regulatory framework for social housing in England (the "**Regulatory Framework**") issued by the Regulator of Social Housing (the "**RSH**"). See "*Risks related to Rental Income*" above.

In the Welfare Reform and Work Act 2016 and associated amendment regulations there is provision for exceptions to the rent reduction requirement and the Secretary of State has regulation making powers to introduce other exemptions. For example, reductions did not apply to rents payable by residents in low cost home ownership and shared ownership properties.

For the year ended 31 March 2022, turnover from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) was £443.6 million, or 54.5 per cent. of the Sanctuary Group's £812.5 million of turnover, and operating surpluses from general needs housing, supported housing/housing for older people and other tenures (comprising intermediate rent, keyworker and social leaseholders) were £158.4 million, or 88.6 per cent. of the Sanctuary Group's £178.6 million of operating surpluses.

Registered Social Landlords in Scotland are able to set their own rents with no Scottish Government imposed controls or caps. The Housing (Scotland) Act 2001 allows landlords to increase rent (giving tenants at least four weeks' notice) but requires them to consult with tenants and have regard to their views about rent increases. In addition, when suggesting a rent increase, landlords should keep in mind what is affordable for their tenants. A new Scottish Government consultation recently closed which although focussed on the private rented sector will also look to explore what further action can be taken to ensure rents in the social rented sector are affordable by the end of 2025.

Risks related to the Household Benefit Cap: The Summer Budget 2015 announced, and the Spending Review and Autumn Statement 2015 confirmed, that the total household benefit cap (the combined income from a number of welfare benefits for those receiving housing benefit or Universal Credit and that are of working age) will be reduced from £26,000 per year (£18,200 per year for single people) to £23,000 per year in Greater London (£15,410 per year for single people) and £20,000 per year (£13,400 per year for single people) outside Greater London, to be phased in from April 2016. Measures to implement the lowering of the threshold were included in the Welfare Reform and Work Act 2016, however, the implementation of such measures is behind schedule.

Exemptions to the total household benefit cap can apply to those tenants who qualify for working tax credit; are above the qualifying age for pensions credit; obtain certain benefits for sickness and disability; or claim a war pension. The benefit cap will not apply in circumstances where a tenant or a tenant's partner is in receipt of, or is responsible for, a child or young person who is in receipt of benefits such as disability living allowance, personal independence payment or carer's allowance. Housing benefit will not be included when calculating total benefit income where tenants are housed in specified accommodation including supported housing.

The reduction in the household benefit cap may have an adverse impact on the ability of those tenants affected by the Welfare Reform and Work Act 2016 to pay their rent (particularly where the other sources of income of those tenants remain unchanged or decrease), as, where the total amount of welfare benefits exceeds the benefit cap, the local authority will reduce a claimant's entitlement to housing benefits by the amount of that excess, meaning that affected tenants would have to pay a larger proportion of the rent themselves. Increasingly the benefit cap will be administered through Universal Credit. In turn, this could have an adverse impact on the Borrowers' cash flows and could affect the ability of each Borrower to make payments in respect of its Intra-group Facility Agreement.

Whilst the Spending Review and Autumn Statement 2015 announced that housing benefit for tenants in the social housing sector would be limited to the level of the relevant Local Housing Allowance ("LHA"), on 25 October 2017 the then Prime Minister announced that, in response to the UK Government's consultation on the future funding of supported housing, the proposed cap on LHA would not be applicable to the social rented sector. The response to the consultation was published jointly by the Ministry of Housing, Communities and Local Government ("MHCLG") (now the Department for Levelling Up, Housing and Communities (the "DLUHC")) and the Department for Work and Pensions (the "DWP") on 31 October 2017. The response included a policy statement and further consultation entitled "Funding Supported Housing: Policy Statement and Consultation". Within the policy statement the UK Government restated the then Prime Minister's announcement regarding the LHA cap and also stated that sheltered housing and extra care (where costs are higher) will continue to be funded in the welfare system with the introduction of a "Sheltered Rent" from April 2020.

Sheltered Rent was intended to acknowledge the higher costs associated with sheltered housing and extra care and the UK Government's further consultation (which ran until 23 January 2018), anticipated that Sheltered Rent would comprise a gross eligible rent (inclusive of eligible service charges) calculated by taking the relevant "formula rent" for the property, plus or minus an additional 10 per cent. flexibility, plus service charges, and these various elements would be subject to an overall cap. The cap, intended to prevent combined rents and service charges from becoming too high, could, however, have posed a risk to adequate cost recovery as, depending on the level of the cap as against the cost of services of a particular housing scheme, high service charges could have been irrecoverable from tenants.

In August 2018, the UK Government produced a response to the consultation. The UK Government stated that its intention to regulate gross rent would be complex to deliver as setting a consistent cap would be challenging, with service charges being dictated by the actual cost of services, which vary from scheme to scheme. As a result, the UK Government confirmed that housing costs for supported housing will continue to be paid through housing benefit. Additionally, there will be no introduction of a "sheltered rent" and as a result there will be no cap on service charges in sheltered and extra care schemes.

Any reduction, amendment or termination by the UK Government of housing benefit may have an adverse impact on the payment of rent, as the tenants would have to pay a higher proportion of the rent themselves. Non-payment, partial payment or any delay in payment of rent by the tenants could increase rental income arrears and bad debts, and could have an adverse effect on the ability of each Borrower to meet its obligations on a timely basis under its Intra-group Facility Agreement. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams and the level of social rents charged compared to LHA (see "Risks related to the Housing Market"). In particular, the Borrowers undertake a wide range of measures to help minimise any loss of rental income including, but not limited to, educating their tenants how to manage their financial affairs, assisting unemployed tenants to find employment and eviction.

Universal Credit: Universal Credit, introduced under the Welfare Reform Act 2012, replaces six existing means-tested benefits and tax credits for working-age families, namely income support, income-based jobseeker's allowance, income-related employment and support allowance, housing benefit, child tax credit and working tax credit with a single monthly payment, transferred directly into a household bank account of choice. Universal Credit is currently in an extended "roll out" phase across the UK and the transfer of all individuals from existing benefits or tax credits onto Universal Credit is expected to be completed by late 2026.

The implementation of Universal Credit could increase transaction costs and the receipt of rental payments by the Borrowers may be delayed by the failure of the tenant to apply for Universal Credit and/or regularly pay rent which is due in addition to the housing benefit and/or, in circumstances where the housing benefit is not paid directly, a failure to pass on the housing benefit payments. In such circumstances, non-payment, partial payment or any delay in payment of rent could increase rental income arrears and bad debts and may affect the ability of each Borrower to meet its payment obligations in respect of its Intra-group Facility Agreement.

It is possible for tenants to consent to their housing benefit being paid directly to their landlord and, furthermore, the DWP has agreed to safeguard landlords' income by putting in place protection mechanisms to allow for the payment of rent direct to landlords if tenants are vulnerable or fall into two months of arrears. The DWP set up a support and exceptions working group to look at which vulnerable claimants will fall within the support group and will be assessing the results of the pilot project to identify the approach to arrears, which could be based on the length of time for which arrears have been outstanding or the amount of arrears. Increases in

arrears may affect the ability of each Borrower to meet its payment obligations in respect of its Intra-group Facility Agreement.

The Work and Pensions Committee opened two enquiries in response to social landlord concerns around increasing arrears under Universal Credit. The first enquiry ran from February 2017, lasting until 20 March 2017, and the second from October 2017 to 9 January 2018. In September 2017 the DWP published its commissioned research, entitled Universal Credit Test and Learn Evaluation: Families, which found that a five week period prior to the first award of Universal Credit to tenants was a key factor behind the early accrual of rent arrears.

In response to these findings, on 21 September 2017 the then Minister for Employment, Damien Hinds, sent a letter to the chair of the Work and Pensions Committee, announcing two initiatives intended to tackle social landlords' concerns on Universal Credit. The Landlord Portal Service permits landlords to submit information to the Universal Credit system on behalf of tenants, and the Trusted Partner Scheme allows more streamlined access to direct payments of Universal Credit to the landlord (as opposed to tenants' own bank accounts). In the circumstances where social landlords encounter difficulties in receiving payment, they can apply to the local authority to receive direct payment.

Furthermore, changes announced in the Autumn Budget 2017 and which took effect from 14 February 2018 included, among other things, the removal of the initial seven day waiting period for Universal Credit. Notwithstanding this, any new claims made by tenants for Universal Credit may result in it taking up to five weeks for a tenant to receive payments. This is because following the submission of a claim, there is an assessment period lasting one calendar month and any payments are not made until a further seven days following the end of that assessment period. Claimants may suffer financial hardship during the five week period from the date of a claim to the date of payment, however, any claimants suffering hardship may request an advance payment and personal budgeting support. From Spring 2018, claimants have been able to request an advance through their online Universal Credit account. Separately, a discretionary housing payment from the claimant's local authority has also been available. From April 2018, any claimants who had been receiving Housing Benefit immediately prior to claiming Universal Credit have received a transitional payment of two weeks' Housing Benefit when they claim Universal Credit. Transitional payments are not recoverable and should be received by any claimant in the first assessment period. Current practice for Universal Credit means that the English Borrowers can quickly arrange alternative payment arrangements which involve direct payments from local authorities which reduces the arrears risk on Universal Credit defaults.

Powers are devolved to the Scottish Government to continue payment of housing benefit direct to Registered Social Landlords in Scotland, mitigating the risk of accruing rent arrears following the introduction of Universal Credit.

Risks related to Occupation Size Criteria: The Welfare Reform Act 2012 introduced a size criterion for working age social housing tenants in receipt of housing benefit known as the "removal of the spare room subsidy" or "bedroom tax". The arrangements allow each of certain defined categories of people (such defined categories being: (a) a couple, (b) an adult (over 16), (c) two children (under 16) of the same sex, (d) two children under the age of 10, (e) any other child, (f) those with a disability, and (g) a non-resident overnight carer) to be entitled to one bedroom. Exemptions are applied to supported housing tenants. Where a household has one extra bedroom, housing benefit is reduced by 14 per cent., of the rent charge. Where a household has two or more extra rooms, the reduction to housing benefit is 25 per cent.

Discretionary Housing Payments ("**DHPs**") are administered in Scotland by local authorities and may be awarded when a local authority considers that a claimant on housing benefit or universal credit (which includes a housing element towards rental liability) requires further financial assistance towards housing costs. DHPs may be used to mitigate the impact of the removal of the spare room subsidy in Scotland.

The introduction of occupation size criteria may have an adverse impact on the ability of tenants to pay their rent. In turn, this could have an adverse impact on the Borrowers' cash flow and could affect the ability of each Borrower to meet its payment obligations on a timely basis under its Intra-group Facility Agreement. However, this risk is not considered by the Borrowers to be material in the context of their existing and future rental income streams.

Risks related to UK Government policy: "Right to Buy": The introduction of the right to buy to assured tenants of Registered Providers of Social Housing was a manifesto commitment by the Conservative party for

the 2015 general election. An announcement from the Secretary of State for Communities and Local Government (now the Secretary of State for Housing, Communities and Local Government) on 24 September 2015 confirmed a proposal made by the National Housing Federation ("NHF") to introduce the right to buy voluntarily. The voluntary arrangement is based on four key principles: (1) tenants would have the right to purchase a home at right to buy discounts (maximum discount of £77,900 (£103,900 in London (as of 6 April 2022, the maximum discount available to tenants exercising the RTB increased to £87,200 outside of London and £116,200 within London. This amount increases every year in April in line with CPI)) subject to government funding for the scheme; (2) Registered Providers of Social Housing will have the final decision about whether to sell an individual property; (3) Registered Providers of Social Housing will receive the full market value of the properties sold, with the value of the discount funded by the UK Government; and (4) nationally, for every home sold under the agreement a new affordable property would be built.

The then Prime Minister confirmed on 7 October 2015 that the NHF's proposal had been accepted by the UK Government. This means that, rather than including the right to buy extension in the Housing and Planning Act 2016 as a statutory obligation, there is an agreement by the social housing sector to deliver the extension voluntarily. The Housing and Planning Act 2016 established a statutory framework to facilitate the implementation of the voluntary right to buy scheme and made provision for grants to be paid to Registered Providers of Social Housing to cover the cost of selling housing assets at a discount. The Housing and Planning Act 2016 states that such grant may be made on any terms and conditions the Secretary of State considers appropriate. In November 2015 a voluntary right to buy pilot scheme was set up by the Department for Communities and Local Government (which then became the MHCLG and is now the DLUHC) and launched with five Registered Providers of Social Housing whereby a tenant who has been a public sector tenant for at least ten years and who lives in one of the local authority areas within which the pilot scheme is operating could be eligible to buy their home via the pilot scheme. The applicant could only continue through to purchase once the Housing and Planning Bill was enacted in May 2016. The scope and funding of the pilot scheme was limited to a maximum of 600 completed sales.

The Autumn Budget 2017 confirmed a large-scale regional pilot of the voluntary Right to Buy ("vRTB") for housing association tenants would proceed in the Midlands. This launched as a ballot system in the Midlands on 16 August 2018. Tenants were able to participate in the ballot if they wanted to take part in the pilot scheme and, if successful in the ballot, they could then apply directly to their Registered Provider of Social Housing landlord, who would assess their eligibility. Under this pilot scheme, the relevant Registered Provider of Social Housing could determine which properties would be sold, which would not be the property that the relevant tenant lived in. If the relevant tenant was unable to purchase its existing home because such property was exempt from the pilot scheme, the Registered Providers of Social Housing must make a reasonable offer to allow the relevant tenant to purchase another home at a discount (known as "porting"). If the relevant tenant was offered and accepted the opportunity to "port" its discount, its application would be paused to allow time to discuss alternative properties with its Registered Provider of Social Housing. The ballot closed on 16 September 2018 and results were released via email. The Borrowers received 50 applications through the ballot, 33 of which have been converted to completed sales. On 9 June 2022 the Prime Minister Boris Johnson announced an extension of the Right to Buy Scheme to Registered Providers of Social Housing, saying that it will be "responsibly capped at a level that is fully paid for... and with one-for-one replacement of each social housing property sold". It is not yet clear how this differs from the previous proposals outlined above and until the UK Government sets a date for full national roll-out and legislation is in place to extend the right to buy to assured tenants of Registered Providers of Social Housing, it is difficult to determine with any certainty exactly how these proposals will affect the Borrowers. Relevant factors will include local housing markets, the demographic profile of households, the size and type of stock and the cost consequences for discounts and replacement. The change could generate significant cash receipts and operating surpluses. However, the policy could have an adverse impact on the Borrowers' rental cash flows (and operating margin) which could affect the ability of each Borrower to meet its payment obligations on a timely basis under its Intra-group Facility Agreement.

In Scotland, the provision to end Right to Buy with a two year notice period was included in the Housing (Scotland) Act 2014, and the scheme subsequently closed to all new applicants on 31 July 2016.

Shared Ownership: The Borrowers may also generate revenue from their housing for sale programmes which includes shared ownership. Shared Ownership income is generated on the initial sale of the "first tranche" and subsequent sales of further "tranches" or "staircasings". Household income eligibility thresholds are currently £80,000 outside London and £90,000 in London. Other restrictions, such as local authorities' right to set additional eligibility criteria, are in the process of being relaxed or removed.

There is also the risk that if a tenant of a shared ownership property borrows monies through a mortgage from a commercial lender (having obtained consent from a Borrower) then that lender's mortgage may take priority ahead of the security arrangements in place under the Security Trust Deed. However, if that commercial lender were to enforce its security following a tenant defaulting on its mortgage, such lender could staircase (i.e. purchase a portion of the freehold property) up to 100 per cent. in order to be able to sell the whole leasehold interest, in which case a Borrower as landlord could receive such staircasing payments from the commercial lender. If the price for the full 100 per cent. receivable on sale is not sufficient to meet the principal outstanding (plus 12 months interest and other statutorily permitted costs) then the shortfall will remain as a debt due to the landlord from the defaulting leaseholder. Under current rules, any shortfall not recovered is borne first by the provider of any grant in respect of the property, and thus the Borrowers are only affected to the extent that the shortfall is not covered by grant monies, which impacts particularly on properties which are not grant funded.

As at the date of these Admission Particulars, Sanctuary Scotland does not have any shared ownership properties.

Revised Shared Ownership Scheme and Right to Shared Ownership: Changes have been made to the shared ownership product that will apply to grant funded units under the Affordable Homes Programme 2021 – 2026 (the "Affordable Homes Programme"). Key changes in the revised scheme are that:

- the minimum initial equity share purchased is reduced from 25 per cent. to 10 per cent.
- the Registered Provider of Social Housing will retain responsibility for repairs to the external fabric of the building and structural repairs for the first 10 years of the lease term;
- whilst the leaseholder remains responsible for general repairs, they may apply to the Registered Provider of Social Housing for an annual contribution of up to £500 towards qualifying repairs and maintenance, including the repair and maintenance of installations for the supply of services. If they do not claim the full repairs allowance in one year, a maximum of one year's allowance will roll over to the next year; and
- staircasing can be exercised in tranches of just 1 per cent. for the first 15 years of the lease, and thereafter in tranches of 5 per cent., rather than the current 10 per cent. requirement. The Registered Provider of Social Housing cannot charge an admin fee when the leasesholder staircases in 15 increments.

It remains possible to acquire the whole of the Registered Provider of Social Housing's equity subject to certain exceptions as under the previous scheme.

Rented units provided under the Affordable Homes Programme will be subject to a right for the tenant to acquire the property on shared ownership terms reflecting the new shared ownership product.

These changes to the shared ownership product will change the potential cash flow and risk profile of shared ownership from the housing association's perspective compared to the current scheme. The creation of a right to shared ownership means that units developed or acquired for rented affordable housing under the Affordable Homes Programme may convert over time into shared ownership. At the date of these Admission Particulars there is limited information on the impact of this new right but the Sanctuary Group does not consider it will have a material impact on cash flow of the English Borrowers given the potential number of units affected.

The Affordable Homes Programme is a run by Homes England and therefore does not apply in Scotland. In Scotland the Affordable Housing Supply Programme includes a range of funding mechanisms to enable affordable housing providers to deliver homes for social rent, mid-market rent, and low cost home ownership in communities across Scotland to support local authorities' Local Housing Strategies.

Low Cost Home Ownership - Rent to Buy: Rent to Buy is a scheme which allows working households to rent a home at Intermediate Rent providing them the opportunity to save for a deposit over time to purchase their first home. Homes are let for a minimum of five years. After the initial five year letting period the Registered Provider of Social Housing may continue offering the property as Rent to Buy; sell the home on an outright basis with the tenant being given the right of first refusal; or retain and convert the home as rented housing on either an affordable or market rent basis. A tenant can also purchase their property within the five

years rental period but at the discretion of the Registered Provider of Social Housing. A purchase under Shared Ownership is permitted as it remains as affordable housing. Tenants must meet all the shared ownership eligibility, affordability and sustainability requirements. At the date of these Admission Particulars the English Borrowers do not have any such units.

The Rent to Buy scheme is not applicable in Scotland.

First Homes Schemes: The UK Government launched the First Homes Scheme in June 2021, as set out in a Ministerial Statement made on 24 May 2021. First Homes are residential homes that are intended to be sold at a discount of at least 30 per cent. below market value for first time buyers, members of the armed forces and other "key workers" (such as teachers and nurses). This discount can be increased through a planning process with the relevant local planning authority. Since First Homes is a discounted market sale option this may lead to a reduction in the availability of affordable homes for Registered Providers of Social Housing to purchase from developers. At the date of these Admission Particulars the introduction of the First Homes Scheme is not considered by the English Borrowers to have material impact on the cash flow of the English Borrowers.

The First Homes Scheme is not applicable in Scotland.

Housing supply and tenure - Scotland

Scottish Government's Affordable Housing Supply Programme anticipates the delivery of affordable housing through social rent, mid-market rent and low-cost home ownership in communities across Scotland.

Sanctuary Scotland engages in the New Supply Shared Equity ("NSSE") scheme which is part of Scottish Government's Low-cost Initiative for First Time Buyers ("LIFT") shared equity schemes. Grant funding is available through the Scottish Government's Affordable Housing Supply Programme.

The NSSE scheme is available across Scotland and is open to first-time buyers and specified priority access groups. The NSSE scheme is also available to people who have previously owned a home and have experienced a significant change in circumstances. Once a home is sold by Sanctuary Scotland under the NSSE scheme, the whole of the property is owned by that purchaser, distinct from shared ownership. Sanctuary Scotland retains no interest in that property with any equity stake being retained by the Scottish Government.

In Scotland, the Sanctuary Group offers social rented accommodation and also mid-market rent accommodation. Mid-market rent generally offers tenants a lower rent than their area's market rent level, but more than local social housing tenants.

Outright Sales Risk: The Borrowers are exposed to cash flow and profits from a programme of outright sales of properties undertaken by the Sanctuary Group's wholly owned subsidiary, Beech Grove Homes Limited ("Beech Grove Homes"), through on-lending from the Borrowers. As at 31 March 2022, the total direct and indirect lending from the Borrowers to Beech Grove Homes was £158.3 million and to jointly controlled entities (joint ventures with a national housebuilder) was £23.3 million (including capitalised interest). All sales made by Beech Grove Homes are dependent on economic conditions and performance of the housing market (see "Risks related to the Market and Development") so too is Beech Grove Homes' capacity to service debt borrowed from the Borrowers. A material downturn in the housing market may therefore adversely affect the Borrowers' cash flows and their ability to make payments in respect of their respective Intra-group Facility Agreements.

For the year ended 31 March 2022, the Sanctuary Group's turnover from shared ownership first tranche sales and open market sales was £19.1 million and £37.7 million, respectively. In total this was £56.8 million or 6.9 per cent. of the Sanctuary Group's £812.5 million of turnover, whilst operating surpluses from shared ownership first tranche sales and open market sales was £2.5 million and £4.5 million, respectively. A total of £7 million, or 4 per cent. of Sanctuary Group's £178.6 million of operating surplus.

Other Income Risk: With Affordable Rents the treatment of service charges are included in the Affordable Rent figure on which housing benefits is calculated rather than in addition to Social Housing rents. This means that service charges need to be accurately calculated with the Affordable Rent agreed otherwise there is a risk that service costs will not be covered by the rent and, where applicable, Universal Credit.

As at the year ended 31 March 2022, Sanctuary Supported Living revenue income was approximately £102.2 million to cover service to tenants in need of additional care or support. These are administered and paid, in most cases, by the relevant local housing authority or local authority adult social care budget. Local authority budget constraints and changes means that there is a risk in certain cases this revenue stream could be reduced, This could have a short term impact on the Sanctuary Group and result in a reduction in services to tenants who have received such services which have in the past been funded in this way. Sanctuary works closely with local commissioners in the provision of this service to manage these risks.

Within the Sanctuary Group's registered care homes there is a reliance on social services/primary care trusts or local authority funding for the majority of residents. In view of the public sector budgetary constraints, annual increases in fees from these areas have been limited and are likely to continue. There is a risk that costs could increase above revenue increases thus reducing surplus in this business. The mitigating factors for this risk is that approximately 39 per cent. of the registered care home business comes from private payers and the Sanctuary Group provides various levels of care including those areas where there is a greater need from the public sector.

Sanctuary Supported Living and the Sanctuary Group's registered care homes business are exposed to cost pressures associated with increases in the National Living Wage, thereby increasing costs but with limited scope to increase revenue other than as described above.

Risks related to the Housing Market

Risks related to the Market, Development and Operations: The majority of the properties of the Sanctuary Group are social rented properties (general needs, sheltered housing and supported housing), all of which have a limited exposure to housing market downturn risk. Rental income from these properties provides the major source of the Sanctuary Group's income. The Sanctuary Group has limited exposure to housing market downturn risk through its shared ownership sales.

The Nationwide House Price Index (March 2022) confirmed annual house price growth increased to 14.3 per cent. The housing market has maintained momentum despite the continued growth in prices and mortgage approvals have remained high. The housing market is predicted to slow during 2022 due to the strain on incomes from rising inflation and a reduction in the number of homes for sale.

Residential property investment is subject to varying degrees of market and development risks. Market values of properties are generally affected by overall conditions in the economy; political factors and systemic events, including the condition of the financial markets; the cost and availability of finance to businesses and consumers; fiscal and monetary policies; changes in government legislation; political developments, including changes in regulatory or tax regimes; changes in unemployment, gilt yields, interest rates and credit spreads; levels of prevailing inflation; changes in consumer spending; an increase in the supply of, or a reduction in demand for, residential property; infrastructure quality; the returns from alternative assets as compared to residential property; environmental considerations; changes in planning laws and practices; and the perceived threat from terrorism. Residential real estate values and rental revenues are also affected by factors specific to each local market in which the property is located, including the supply of available property and demand for residential real estate and the availability of mortgage finance to prospective purchasers. However, the Sanctuary Group's wide spread of property locations provides some level of insulation to localised property market conditions.

These market risks may impact upon the expenses incurred by a Borrower associated with existing residential properties, the rental income produced by these properties, the value of its existing investments, its ability to develop land that it has acquired, its ability to sell shared ownership properties and properties for outright sale and its ability to acquire additional sites. This could, in turn, impact upon a Borrower's cash flow and its ability to satisfy any asset cover covenants which it is required to maintain pursuant to the terms of existing facility arrangements.

Among other things, these market risks have been heightened as a result of the Covid-19 pandemic, the current volatility in the energy market and the end of the post-Brexit transition period and these risks have the potential to impact upon the value of the Sanctuary Group's assets, expenses incurred by the Sanctuary Group with existing residential properties, the rental income produced by these properties, the ability to develop land acquired, the ability to sell properties and the ability to acquire additional sites. This, in turn, could impact on each Borrower's cash flow and the ability of each Borrower to satisfy any covenants which it is required to

maintain pursuant to the terms of existing and any future financing arrangements, including its obligations under the relevant Intra-group Facility Agreement.

Risks relating to the Levelling Up and Regeneration Bill: The Levelling Up and Regeneration Bill contains provisions for a local "Infrastructure Levy" together with other measures to deliver planning reform, which may or may not proceed. Where a Borrower is active in development, it is possible that the proposals could lead to a decrease in the availability of development opportunities and an increase in sales risk. Any combination of these factors could adversely affect future profits and the ability of a Borrower to meet its payment obligations on a timely basis under the Intra-group Facility Agreements which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to the Bondholders in respect of the Bonds.

The infrastructure levy and the planning reform measures in the Bill do not apply in Scotland. There are separate provisions in the Town and Country Planning (Scotland) Act 1997 which would allow the Scotlish Ministers to introduce an infrastructure levy in Scotland, but these provisions are not yet in force.

Risks relating to proposed changes to the Private Rented Sector: In June 2022 the UK Government published its Fairer Private Rented Sector White Paper as part of "the biggest shake up of the private rented sector in 30 years". This is a component of a proposed much wider legislative programme of reform in the residential landlord and tenant arena in England. The proposals aim to set minimum standards for the quality of private rental housing and deliver a tenancy structure that provides greater security, stability and rights of redress for the consumer. This broad package of reforms is anticipated generally to apply to landlords across the private rented sectors, including those in the Affordable Housing sector.

In the White Paper the UK Government, amongst other things, commits to abolish section 21 "no fault" evictions and deliver a simpler, more secure tenancy structure. This will be done by moving all tenants who would previously have had an assured tenancy or an assured shorthold tenancy onto a single system of periodic tenancies. This will allow:

- Tenants to leave poor quality homes without remaining liable for rent or to move more easily when their circumstances change.
- Landlords to recoup the costs of finding a new tenant and avoid lengthy void periods, as tenants will have to provide two months' notice when leaving a tenancy.
- Tenants to be evicted only in reasonable circumstances that will be specified in legislation.
- Reform grounds for possession to make sure that landlords have effective means to gain possession
 of their property where necessary. There will also be a new ground of possession for repeated
 serious arrears so that eviction is mandatory where a tenant has been in at least two months' rent
 arrears three times within the previous three years.

Legislation is needed to bring these measures into force and they will form part of the Renters Reform Bill, which is expected to be introduced in this parliamentary session. When the draft Bill is published, details of the changes will become clearer. It is possible that some of these will impact on the Borrowers and could adversely affect future profits and the ability of an English Borrower to meet its payment obligations on a timely basis under the Intra-group Facility Agreements which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to the Bondholders in respect of the Bonds. At the date of these Admission Particulars, the Sanctuary Group has a very small number of private tenancies and as such this is not seen as a material risk for the English Borrowers and the English Borrower's ability to meet their payments under their Intra-group Facility Agreements and, in turn, the Issuer's ability to meet its obligations to the Bondholders in respect of the Bonds.

In Scotland, private rented sector tenancies are provided for under the Private Housing (Tenancies) (Scotland) Act 2016. This does not apply to tenancies granted by Registered Social Landlords within the definition given in section 165 of the Housing (Scotland) Act 2010 but may apply to entities in the Sanctuary Group who are not Registered Social Landlords.

A New Deal for Tenants – draft strategy recently closed in Scotland. The proposals, aim to deliver a fairer rented sector that meets the needs of tenants and welcomes responsible landlords. The proposals include: increasing penalties for illegal evictions and stronger enforcement; restricting evictions during winter;

developing a national system of rent controls for the private rented sector; introducing a new Housing Standard to apply to all homes; establishing a private rented sector regulator and setting minimum standards for energy efficiency.

The proposals form part of the Scottish Government's Housing to 2040 strategy which also sets a new ambition to deliver 100,000 affordable homes by 2031/32. The results of the consultation will feed into the final version of the strategy to be published next year, with elements of the proposals put to the Scottish Parliament in a Housing Bill in 2023.

Details of any final proposals and consideration of their impact on the ability of a Sanctuary Scotland to meet its payment obligations under the Intra-Group Facility Agreement and thus the Issuer's ability to meet its obligations to the Bondholders in respect of the Bonds will only become clearer when the draft Housing Bill is published.

Risks related to the Regulatory Framework and Housing Grant

Risks related to Regulation: The position of the RSH has undergone some recent change. Bondholders are exposed to the creditworthiness of the Borrowers and any change in the Regulatory Framework could lead to the Borrowers facing increased costs to comply with the Regulatory Framework. Following consultation by the MHCLG (now DLUHC), the House of Lords passed a motion to establish a stand-alone regulatory body for social housing with full independence launched in October 2018. The RSH has stated that its fundamental objectives will not change.

The Housing and Regeneration Act 2008, as amended by the Localism Act 2011 and the Housing and Planning Act 2016, (the "HRA"), makes provision for the regulation of social housing provision in England. Pursuant to the HRA, the RSH acts as the regulator of Registered Providers of Social Housing in England. The RSH provides economic regulation for Registered Providers of Social Housing in order to ensure that they are financially viable, well governed and meet consumer standards.

The RSH regulates Registered Providers of Social Housing in accordance with the Regulatory Framework that sets out the standards which apply to Registered Providers of Social Housing (the "**Standards**"). The Standards cover: governance and financial viability; value for money; rent; quality of accommodation; repairs and maintenance; allocations, mutual exchanges and tenure; neighbourhood management, local area cooperation and anti-social behaviour; and tenant involvement and empowerment. Registered Providers of Social Housing are expected to comply with the Standards and to establish arrangements to ensure that they are accountable to their tenants, the RSH and relevant stakeholders.

The RSH's enforcement of the Standards other than those relating to governance and financial viability, rent and value for money is restricted to cases in which there is, or there is a risk of, serious detriment to tenants (including future tenants). The Regulatory Framework includes guidance as to how the RSH will assess whether serious detriment has arisen.

The Regulatory Framework includes requirements to ensure that social housing assets are not put at risk, to protect the public value in those assets and to ensure that Registered Providers of Social Housing can continue to attract the necessary finance to build new homes. On 14 August 2018, the UK Government published a green paper entitled "A new deal for social housing" which considered, amongst other things, possible regulatory changes to strengthen the RSH such as enabling the consumer standards to be enforced in a similar way to the economic standards. The Borrowers have adhered to the requirements of the Regulatory Framework.

In March 2019, the RSH updated its "Regulating the Standards" publication which outlines the RSH's operational approach to assessing Registered Providers of Social Housing compliance with the economic and consumer standards. On 17 November 2020, the UK Government released a Social Housing White Paper called "The Charter for Social Housing Residents", which has the stated aim of delivering transformational change for social housing residents. A seven-point Charter is proposed setting out what every social housing resident should be able to expect. Central to the above is the proposal for a strengthened regulator which will be granted additional powers and in particular will be empowered to act more proactively on consumer regulation matters than under the current regulatory regime in force as at the date of these Admission Particulars. Many of the proposals rely upon further legislation and consultation, so implementation is not

expected to be immediate. The economic regulation of Registered Providers of Social Housing in relation to governance and financial viability, rents and value for money will not be changed.

The Social Housing Regulation Bill (the "Bill") was introduced to the House of Lords on 8 June 2022. It aims to facilitate a new, proactive approach to regulating Registered Providers of Social Housing on consumer issues such as safety, transparency and tenant engagement, with new enforcement powers to tackle failing landlords. The intent of the Bill is to reform the regulatory regime to drive significant change in landlord behaviour to focus on the needs of their tenants and ensure landlords are held to account for their performance.

The Bill's three core objectives are:

- to facilitate a new, proactive consumer regulation regime. To achieve this the UK Government will
 make safety and transparency explicit parts of the RSH's objectives and give it new powers on
 transparency and the provision of information. The UK Government will remove the serious detriment
 test (a legislative barrier to regulator action of consumer issues) and require Registered Providers of
 Social Housing to nominate a designated person for health and safety issues. The Bill also makes
 provision for the introduction of new requirements for social housing landlords relating to electrical
 safety checks;
- to refine the existing economic regulatory regime, ensuring that Registered Providers of Social Housing are well governed and financially viable to protect homes and investment in new supply; and
- to strengthen the RSH's powers to enforce the consumer and economic regime. It will give new enforcement powers to the RSH to ensure that they can effectively intervene when required. The measures seek to encourage Registered Providers of Social Housing to maintain standards, to avoid the threat of enforcement action, and ensure that the RSH has the appropriate tools available to deal with non-compliance with the standards.

The second reading of the Bill was on 27 June 2022 and it is now awaiting a date for the committee stage.

In March 2022, the RSH concluded a consultation on proposals for a new consumer standard relating to a set of tenant satisfaction measures ("TSMs"). The consultation states that the RSH is proposing to introduce 22 TSMs across the following themes:

- overall satisfaction;
- keeping properties in good repair;
- maintaining building safety;
- effective handling of complaints;
- respectful and helpful engagement; and
- responsible neighbourhood management.

The proposals include a mix of tenant perception measures (which will be collected through landlords' surveys) and landlord management information measures. The consultation documents include a draft of the TSM Standard, which states that Registered Providers of Social Housing will be required to collect specified information; publish performance against the TSMs and submit performance data to the RSH. The consultation documents include a draft of the requirements for collecting, calculating and reporting data. The consultation responses are expected to be published in summer 2022 and the new requirements from the RSH are expected will come into force on 1 April 2023.

There will inevitably be cost implications for Registered Providers of Social Housing arising from the additional regulation that is proposed. It is not clear at the date of these Admission Particulars whether any such costs will be material for the English Borrowers and will have an adverse effect on their income.

The RSH has also announced plans to name and shame landlords that are not meeting the Consumer Standards.

The RSH's intention is to strengthen its expectations of Registered Providers of Social Housing in relation to risk management and planning for adverse events. The changes are designed to underpin the financial viability of Registered Providers of Social Housing, including the Borrowers, but it is possible that compliance with on-going regulatory requirements may result in increased costs. Since 2017, the RSH has charged fees to Registered Providers of Social Housing for regulation. For the Sanctuary Group the cost for 2022/2023 will be £5.31 per social housing unit. The Sanctuary Group has strong internal governance controls to manage its affairs appropriately; avoid non-compliance with regulatory standards; and hence lessen the risk of corrective action by the RSH.

The RSH publishes guidance on how it regulates. It adopts a proportionate approach with an emphasis on self-regulation and co-regulation. Serious non-compliance with the economic standards is more likely to lead to a downgrade in grading which is then published as a formal Regulatory Judgement. Any breach of the Standards could lead to the exercise of the RSH's statutory powers. In practice, use of statutory powers is rare. In the event that the RSH requires a Borrower to take corrective action necessitating significant additional expenditure by that Borrower, the ability of that Borrower to meet its obligations under its Intra-group Facility Agreement to which it is a party may be materially adversely affected.

The Borrowers have a range of mechanisms to ensure their residents can participate in the governance of the Sanctuary Group including resident board members on the landlord bodies, service task teams, regional scrutiny boards, regional service task teams on repairs, virtual forums, resident associations and other local offers. Value for money is being driven by significant efficiency savings targets supported by a strong focus on operational efficiencies and procurement. The RSH has also set standards where it adopts an interventionist role if performance is so poor as to constitute serious detriment. The RSH expects Registered Providers of Social Housing to monitor their own performance and take any remedial action swiftly.

The Housing (Scotland) Act 2010 brought into operation the Scottish Housing Regulator (the **"SHR"**). The SHR is a non-ministerial department of the Scottish Government and has a statutory set of aims and objectives.

The SHR's objectives are to safeguard and promote the interest of homeless persons, tenants of social landlords or recipients of housing services provided by Registered Social Landlords. Its functions must be performed accordingly in line with those objectives. The Scottish Ministers' Scottish Social Housing charter came into force in April 2012, which sets out the standards with which Registered Social Landlords will have to comply.

The SHR has flexible powers of inquiry in relation to the affairs of Registered Social Landlords. The legislation outlines a concise statutory remit for the SHR to follow to achieve its objectives and also includes provisions to encourage, support and assess the performance of Registered Social Landlords.

The regulatory powers require a Registered Social Landlord to comply with the principles of the Scottish Social Housing Charter or implement performance plans to meet performance targets. The SHR has flexibility on how to intervene and it also has the power to issue enforcement notices where a Registered Social Landlord has failed to implement any changes required of it, for example, where there is evidence of continuing mismanagement or the financial viability of the Registered Social Landlord is at risk.

The SHR describes its approach as "risk-based regulation". The risk in question is not the landlord's own operational risk; rather, the SHR is focussed on the risk to the interests of tenants and other service users. Risk-based regulation is a way for the SHR to prioritise its use of resources and to plan how to engage with social landlords through further scrutiny, engagement and intervention.

The provisions of the Housing (Amendment) (Scotland) Act 2018, which came into force on 8 March 2019, removed the SHR's powers of consent for disposals of land or assets as well as for constitutional and organisational changes. RSLs are still required to notify the SHR of relevant disposals and constitutional and organisational changes, and to notify it of the outcome of tenant consultation (where that is required). Indeed, while prior approval is no longer required, the process for notification laid out by the SHR continues to envisage significant regulatory involvement.

In its Regulatory Framework document, which has applied in its current iteration to all social landlords from 1 April 2019, the SHR introduced annual assurance statements (which social landlords must submit to confirm compliance with the SHR regulatory requirements). The SHR publishes an engagement plan for every landlord as well as a regulatory status for each RSL, which sets out the SHR's judgment on compliance with regulatory requirements and the regulatory standards of governance and financial management.

In addition, the Borrowers own and operate certain residential care homes and, consequently, the Borrowers are also regulated by the Care Quality Commission in England and Wales and the Care Inspectorate in Scotland (together the "Care Regulators"). If any of the Borrowers fails to comply with the Care Regulators' respective regulations, the relevant Care Regulator has the power to negatively rate a home and/or threaten to withdraw its registration, following which a local authority can embargo such Borrower, meaning that such Borrower will be unable to accept any new local authority residents until the issue has been rectified and the embargo has been lifted. Accordingly, the ability of an embargoed Borrower to provide care could be restricted which could have an adverse effect on its financial position. In addition, any failure of a Borrower to comply with the relevant regulations of a Care Regulator could attract negative publicity which could have an adverse impact on the Sanctuary Group's reputation.

Risks related to Housing Grant: The Borrowers have historically received grant funding from a variety of sources, including Homes England and, in the case of Sanctuary Scotland, the Scottish Government and various Scottish Councils. Due to the nature of grant funding, there is a risk that the amount of funding available and the terms of grants will vary. Following approval of a grant there is a risk that Homes England or the Scottish Government or Scottish Councils may revise the terms of a grant and reduce entitlement, suspend or cancel any instalment of such a grant, if the Sanctuary Group does not comply with the terms of the Capital Funding Guide. These circumstances are set out in the "Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination 2017", including but not limited to, failure to comply with conditions associated with the grant or a disposal of the property funded by a grant, the grant may be required to be repaid or re-used. Any such reduction in, withdrawal of, repayment or re-use of grant funding could adversely impact the future development of the Borrowers.

In 2018, Homes England launched a new partnership approach to deliver additional affordable homes by March 2022 and boost the wider supply of housing through the inclusion of homes for market sale. In total, Homes England provided a funding package of just under £590 million through to start on site by March 2022 to support the first wave of 8 strategic partnerships funding more than 23,500 additional homes across all tenures, including for market sale. Following on from the first wave of strategic partnerships. a new 2021-26 Affordable Homes Programme was launched in 2021, making available £11.4 billion of new government grant to help fund the delivery of up to 130,000 new affordable homes across England, and 82,000 over the period in London. Around half of the new funding is for 'route into home ownership' comprising shared ownership and rent-to-buy tenures, with the other half for rent (including 10 per cent. for supported housing). Sanctuary became a strategic partner of Homes England in March 2022 and has been awarded £99.45 million under its grant arrangements for the 2021-26 Affordable Homes Programme to deliver a further 2,000 affordable homes. This grant funding will be allocated in up-front settlements.

Scottish Government's Affordable Housing Supply Programme ("AHSP") comprises a range of funding mechanisms (including grant, loan, and equity funding) to enable affordable housing providers to deliver homes for social rent, mid-market rent, and low-cost home ownership in communities across Scotland to support local authorities' Local Housing Strategies. The AHSP budget for 2022/23 includes the "More Homes Grant" budget of £605 million and "Total Capital Grant" budget of £697 million. Subsidies continue to be given to local authorities and Registered Social Landlords to enable them to deliver social housing and fulfil the Scottish Government's targets for new homes for social rent. There does, however, remain an expectation that affordable housing providers – including Registered Social Landlords - negotiate funding from other sources, such as private and charitable investors.

Risks related to Legal and Compliance Obligations: The Borrowers know the significance to their operations of, and are focused on, adhering to all legal and compliance requirements. The Borrowers are not currently aware of any material failure to adhere to applicable health and safety or environmental laws, or breach of other regulations, or failure to comply with corporate, employee or taxation laws. If any of this were to occur in the future, this could have an adverse impact on each Borrower's results of operations and, in turn, its ability to meet its payment obligations on a timely basis under its relevant Intra-group Facility Agreement.

In relation to all of their units, the Borrowers are complying with statutory obligations for health, safety and fire legislation to ensure the safety of all occupying tenants. Accordingly, the Borrowers are continually reviewing and updating their policies and procedures, and will continue to comply with legislative changes, to ensure that the condition and safety of each unit is compliant with prevailing legal and regulatory requirements (also see "Fire Safety Cost Risk" below). The Borrowers also carry out health and safety checks of their properties on an on-going basis, including, but not limited to gas safety checks and fire risk assessments.

Litigation claims made against the Borrowers have not had a material impact on the revenue or business of the Borrowers, although there can be no assurance that the Borrowers will not, in the future, be subject to a claim which may have a material impact upon its revenue or business.

Each Borrower has the benefit of insurance for, among others, employer's liability, public liability and directors' and officers' liability at levels which the management of each Borrower considers to be prudent for the type of business in which the Borrowers are engaged and commensurate with Registered Providers of Social Housing of a similar size.

IT Security and Data Quality and Data Governance Risks: The Sanctuary Group is heavily dependent on maintaining electronic data in a secure and accessible way. Loss of key data, for example on rent collection or contracts in place, could lead to significant operational challenges and costs. Poor quality data could lead to operational failings, impaired decision making and could put residents at risk.

The Sanctuary Group collects and processes large amounts of personal data from customers, employees, and business partners. Large organisations, such as the Sanctuary Group are becoming targets for cyber-crime. There is a risk that this data could be stolen, corrupted and/or misused because of internal or external activities, such as hacking. Data security and risk of attack could also potentially hinder the Borrowers' ability to collect rent if a malicious attack led to a loss of access to systems. This could put pressure on the Borrowers' resources, both physical and financial, to combat or react to such activities.

The Sanctuary Group are required to comply with data protection and privacy laws in the UK. This includes compliance with the General Data Protection Regulation (EU) 2016/679 (as amended or superseded) ("GDPR"). GDPR introduced changes to the EU and UK data protection regime. It imposes a high burden on the industry and restricts the Sanctuary Group's ability to use data, including through granting customers a "right to be forgotten" and a requirement for informed opt-in consent by customers to the processing of their data. Failure to comply with these requirements can result in significant fines equal to 4 per cent. of the Sanctuary Group's annual turnover. Therefore, there is a risk that, if the Sanctuary Group does not process the data it collects correctly and in accordance with GDPR, the Sanctuary Group will receive a fine.

Each of these risks could have an adverse effect on the Sanctuary Group's financial condition which could, in turn, affect the Borrowers' ability to meet its payment obligations under the Intra-group Facility Agreements and, in turn, the Group Borrower's ability to meet its payment obligations under the Loan Agreement and the Issuer's ability to meet its payment obligations in respect of the Bonds.

Risks related to Key Personnel: The Sanctuary Group's success depends upon continuing services, and where necessary recruitment of the members of its senior management team and other key personnel. If one or more senior executives or other key personnel are unable or unwilling to continue in their present positions, the Sanctuary Group may not be able to replace them easily or at all. As a result, the Sanctuary Group's business may be disrupted, and its financial condition and results of operations may be materially affected. Competition for senior management and key personnel is high, the pool of qualified candidates is limited, and the Sanctuary Group may not be able to retain the services of its senior executives or key personnel or attract and retain high-quality new senior executives or key personnel. If any key personnel leave and carry on any activities in competition with the Sanctuary Group, it may lose other staff members, and legal remedies against such individuals may be limited. In addition, a lack of succession planning, the loss of suitably qualified employees, a reduction in the labour force or the inability to hire and retain suitably qualified replacements (see "Risks relating to withdrawal of the UK from the European Union" below), could impair the Sanctuary Group's ability to execute its business plan and achieve its objectives, leading to problems with employee morale.

Operational risks may also result from major systems' failure or breaches in systems security (although the Sanctuary Group has prepared business continuity plans in order to mitigate against this, it is dependent upon its technology in order to deliver business processes) and the consequences of theft, fraud, health and safety

and environmental issues, natural disaster, acts of terrorism and pandemic. These events could result in financial loss to the Sanctuary Group and hence the Group Borrower and the Issuer. To mitigate this risk, the Sanctuary Group has the benefit of insurance for, but not limited to, employer's liability and public liability at levels which the management of the Sanctuary Group considers to be prudent for the type of business in which the Sanctuary Group is engaged and commensurate with entities of a similar size and operating in similar industries.

Risks relating to withdrawal of the UK from the European Union: On 31 December 2020, the UK withdrew from the European Union (the "EU"). The UK's current relationship with the EU, as regards trade, nuclear operations, and security cooperation, is governed by the European Union (Future Relationship) Act 2020 ("EUFRA 2020"), which received its Royal Assent on 30 December 2020. As the business of the Borrowers is focused on providing social housing, care homes and student accommodation in England and Scotland, the direct impact of the UK's withdrawal from the EU on the Borrowers is expected to be relatively limited. However, the overall impact on the Borrowers of the continuing effects of the UK's departure from the EU are difficult to predict and there remains short-term and long-term political and economic uncertainty around the departure. As such, no assurance can be given that such matters would not adversely affect the ability of the Borrowers to meet their respective payment obligations under the Intra-group Facility Agreements, and therefore adversely affect the ability of the Group Borrower to meet its obligations under the Loan Agreement and the ability of the Issuer to meet its obligations under the Bonds and/or the market value and/or the liquidity of the Bonds in the secondary market.

Fire Safety Cost Risk: Following the tragic events at Grenfell Tower in the Royal Borough of Kensington and Chelsea, the Sanctuary Group completed fire risk assessments on all of the blocks it owned with six storeys or more including in relation to Aluminium Composite Material cladding, the internal safety of such buildings and housekeeping arrangements. The programme was wider in scope than the assessment of cladding and consequently remedial works were identified and addressed, including fire suppression systems to further enhance fire safety. The Sanctuary Group has noted the recommendations of the Independent Review of Building Regulations and Fire Safety conducted by Dame Judith Hackitt and is well prepared for forthcoming changes in regulation.

English Building Safety Reform: One area where building safety is evolving is with the Fire Safety Act 2021 and the Building Safety Act 2022 (the "**BSA**"). The BSA sets out, amongst other things, details of the role of the building safety regulator, who will implement and oversee a stringent regime for high-risk buildings and drive improvements in building safety and performance standards in all buildings.

Building Regulations Reform: On 28 April 2022, the BSA received royal assent. The BSA represents a fundamental reform of building safety requirements with the aim of ensuring that residents are safe in their homes. The various provisions in the BSA will then come into force in stages, with compliance with the full regime expected to be required within 18 months.

There is also significant secondary legislation and related guidance still awaited and therefore substantial details of the regime remain outstanding. The BSA imposes an enhanced regulatory regime applying to buildings that are 18 metres or above or are seven storeys or above, whichever is reached first and that meet a multi-dwelling test ("**Higher-risk buildings**").

The BSA includes:

- amendments to the Building Act 1984 to introduce a dutyholder regime; dutyholders will have clear responsibilities for safety throughout a building's design and construction and the introduction of the roles of "Principal Accountable Person" and "Accountable Person" who will hold the responsibility for safety during the occupation phase including obligations to:
 - comply with the safety case and mandatory occurrence reporting requirements;
 - conduct an assessment of fire and structural safety risks for areas of responsibility;
 - prepare and keep under review a residents' engagement strategy;
 - provide residents with relevant safety information about the building;

- keep and update prescribed information about the building; and
- take all reasonable steps to prevent a major incident occurring (a major incident being defined as leading to a significant number of deaths or serious injury to a significant number of people) because of a building safety risk materialising and to reduce the severity of the incident.

In addition, Leaseholders with leases over 7 years in a high rise building will be liable to pay building safety costs through the service charge. These costs include, for example, preparing a resident engagement strategy. Landlords will be obliged to provide details of building-safety costs in the service charge, together with a summary of leaseholders' rights and obligations. Leaseholders will be able to make a written request to the Accountable Person to supply them with a summary of the service charge.

- a new building safety charge regime as well as an obligation on residents to ensure they do not undermine the fire and structural safety for the building in which they live;
- various provisions to give residents a stronger voice in the system and ensuring their concerns are never ignored;
- the establishment of a new building safety regulator (forming part of the Health and Safety Executive)
 to provide oversight of the new building safety regulatory regime; and
- strengthened enforcement and sanctions to deter non-compliance with the new regime.

In addition, the Government published further amendments to the Building regulations which will be introduced by way of secondary legislation and/or related guidance on 1 June 2022 which have implications for all new residential buildings 11 metres or over. The changes are intended to align with the recommendations from Phase One of the Grenfell Tower Inquiry and include:

- all new residential buildings over 11 metres will need to include a secure information box that will give fire and rescue services access to important details about a building in the event of a fire;
- all new residential developments over 18 metres will need to include an evacuation alert system to help fire and rescue services inform residents of a change in evacuation strategy;
- a ban on the use of Metal Composite Material panels with unmodified polyethylene core on all new buildings at any height; and
- new statutory guidance will also be introduced to limit the use of combustible materials in and on the external walls of residential buildings, between 11-18 metres in height. This will mean that lower risk developments between 11-18 metres meet necessary safety standards while allowing designers and developers flexibility to use environmentally friendly materials.

Similar requirements for existing buildings have been introduced by the Fire Safety (England) Regulations, requirements depend on the height of buildings and include:

- for all residential buildings of any height the provision of additional information to residents on fire safety and fire door safety;
- all residential buildings over 11 metres in height must check the condition of all common part fire doors every quarter, and make best endeavours to check flat front doors annually; and
- all residential buildings over 18 metres must have secure information boxes, wayfinding signage installed, and floor plans available in the secure information boxes.

The proposals will affect many aspects of the business of Registered Providers of Social Housing and in particular, the procurement, development, construction and management of existing and new build properties.

While the Sanctuary Group has a relatively small number of high-rise buildings compared to its size, this is a key area of focus. As at the date of these Admission Particulars, the Sanctuary Group has a total of 57 buildings over 18 metres tall across England and Scotland; of these 47 are in England and will be subject to the requirements of the BSA. If the English Borrowers are faced with material unforeseen renovation, maintenance and modernisation costs which it could not effectively fund, this may adversely affect the ability of the Borrowers to meet their payment obligations in respect of their respective Intra-group Facility Agreements and that this will adversely affect the ability of the Group Borrower to make payments under the Loan Agreement and, in turn, the ability of the Issuer to meet its payment obligations under the Bonds.

Building Safety in Scotland: Whilst the BSA is a UK Act, the majority of its provisions do not apply in Scotland. The points highlighted above do not apply to Scotland. Scotland has a different planning and building control system. This is due to these areas along with housing being devolved to the Scotlish Government.

From 1 February 2022, every home in Scotland requires to have interlinked fire alarms. Every home must have the following: 1 smoke alarm in the room you spend most of the day, 1 smoke alarm in every circulation space on each storey, such as hallways and landings and 1 heat alarm in the kitchen (Housing (Scotland) Act 1987 (Tolerable Standard)(Extension of Criteria) Order 2019.

The Building (Scotland) Amendment regulations came into force on 1 June 2022. These regulations ban the highest risk cladding products.

If Sanctuary Scotland is faced with material unforeseen renovation, maintenance and modernisation costs which it could not effectively fund, this may adversely affect the ability of Sanctuary Scotland to meet its payment obligations in respect of its Intra-group Facility Agreement and that this will adversely affect the ability of the Group Borrower to make payments under the Loan Agreement and, in turn, the ability of the Issuer to meet its payment obligations under the Bonds.

Fire Safety Act: The Fire Safety Act 2021 received Royal Assent in April 2021 and sets out various changes to the Regulatory Reform (Fire Safety) Order 2005 ("RRFO") so that a responsible person is now required to assess the safety of a building's external wall system on any building with two or more residential premises (a "Relevant Building"). The Fire Safety Act 2021 also introduced a requirement to assess the safety of a building's structure and all doors between the domestic premises and common parts. The Fire Safety Act presents significant changes in the way fire safety must be managed, placing greater emphasis on a responsible person to comply with requirement where there is a duty to manage Relevant Buildings. A responsible person must, when assessing the risk of Relevant Buildings consider the following: its structure, external walls and anything attached (including cladding, balconies, windows and doors) and the properties entrance doors to the Relevant Building's common areas.

These amendments to the RRFO will have serious impact on all building owners, including Registered Providers of Social Housing as assessments are likely to lead to defects being identified and therefore necessitating rectification. Failure to carry out a sufficient risk assessment or to comply with any recommendations made as a result of the assessments could constitute an offence or become the subject of enforcement action.

At the date of these Admission Particulars as part of the Sanctuary Group's fire safety programme, it has:

- reviewed the fire safety measures in all our high-rise buildings and are in the process of reviewing all buildings over 11 metres in line with PAS9980 methodology;
- updated fire risk assessments and reviewed our existing evacuation plans;
- completed a programme to retrofit sprinklers in all high-rise social housing accommodation in England; and
- carried out remedial work to the cladding on the higher-risk buildings we own, with work now completed on all social housing properties we own that are at least 18 metres or over six storeys tall.

If the English Borrowers are faced with material increased costs of undertaking checks and remediation costs which it could not effectively fund, this may adversely affect the ability of the English Borrowers to meet their payment obligations in respect of their respective Intra-group Facility Agreements and that this will adversely

affect the ability of the Group Borrower to make payments under the Loan Agreement and, in turn, the ability of the Issuer to meet its payment obligations under the Bonds.

Fire Safety in Scotland: Fire safety is a devolved matter and the Fire Safety Act 2021 does not apply in Scotland. In response to the Grenfell Tower fire, the Scotlish Government set up a Ministerial Working Group on Building and Fire Safety and it published its "Review of the Fire Safety Regime for Domestic High Rise Property" in 2018. Although the review did not recommend introducing new fire safety legislation at that time, it is something which remains under active consideration by the Scotlish Government.

The review made various recommendations (particularly in relation to the "common parts" of non-domestic premises which are not currently subject to the statutory regime as set out below) and the Scottish Government is considering this further in its review of the law of the tenement, which is ongoing. So, we may see new primary legislation introduced in that area due course. In addition, as of February 2022, every home in Scotland requires to be fitted with an interlinked fire and smoke alarm system (although in shared ownership properties, it is generally the proportion owner, rather than the Registered Social Landlord, that has to ensure the relevant system is installed).

As it stands, fire safety in Scotland is still regulated by Part 3 of the Fire Safety (Scotland) Act 2005 (the **"2005 Act"**) and the Fire Safety (Scotland) Regulations 2006 (the **"2006 Regulations"**). The legislation applies to non-domestic premises which includes all workplaces, commercial premises, any premises to which the public have access and any housing which is in multiple occupation, including social housing.

The 2005 Act places duties on employers in respect of its employees, and on anyone that is deemed to be "in control" of relevant premises. Specifically, anyone in control must carry out a risk assessment to identify fire safety risks and put in place reasonable mitigation measures to ensure fire safety. Where the person in control is not the owner, the owner must also carry out the required risk assessment and put in place mitigation measures. The duties are very general, and there are no specific requirements to consider particular parts of a building or its structure when carrying out the risk assessment, as there is under the Fire Safety Act 2021.

The Scottish Fire and Rescue Service ("SFRS") is the body which is responsible for the enforcement of fire safety in Scotland. SFRS has the power to inspect relevant premises to ensure compliance with the 2005 Act and the 2006 Regulations. In carrying out any an inspection, SFRS will look for evidence that a suitable and sufficient risk assessment has been carried out and that any significant findings have been appropriately acted upon. The 2005 Act imposes criminal liability on duty holders where there has been non-compliance and this has resulted in the risk of death or serious injury to relevant persons in the event of fire. Penalties can include unlimited fines and, in serious cases, imprisonment not exceeding two years.

If Sanctuary Scotland is faced with any significant remediation works are identified as part of the risk assessment which it could not effectively fund, this may adversely affect the ability of Sanctuary Scotland to meet its payment obligations in respect of its Intra-group Facility Agreement and that this will adversely affect the ability of the Group Borrower to make payments under the Loan Agreement and, in turn, the ability of the Issuer to meet its payment obligations under the Bonds.

Capital, Treasury and Interest Rate Risks

Capital Resources and Treasury Risk: The ability of the Borrowers to operate their businesses depends in part on them being able to raise funds. An increase in the cost, or lack of availability, of finance (whether for macroeconomic reasons, such as a lack of liquidity in the debt markets or the inability of a financing counterparty to honour pre-existing lending arrangements, or reasons specific to a Borrower) could impact the Borrowers' ability to progress their business objects, deliver the expected rates of return on investments and the day-to-day financing (or refinancing) requirements of the Borrowers' businesses over the longer term. Any material increase in the cost of financing or any decrease in the availability of financing on reasonable terms could have a material adverse effect on each Borrower's business, operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under its Intra-group Facility Agreement.

In addition, the Borrowers are subject to the risk that they will be unable to generate sufficient cash flows, or be unable to obtain sufficient funding, to satisfy their obligations to service and/or refinance their indebtedness. Further, any covenants contained in the Borrowers' borrowing arrangements, including the relevant Intra-group Facility Agreement, may limit or prohibit the Borrowers' operational and financial flexibility. Any event of

default, cross default, breach of a covenant or the inability to vary or waive any covenants could generally have a material adverse effect on each Borrower's business, results of operations, financial condition and/or prospects and, in turn, its ability to meet its payment obligations on a timely basis under the Intra-group Facility Agreement.

To manage liquidity risk and augment their capital reserves, the Borrowers' treasury strategies ensure that a significant liquidity buffer in the form of cash and undrawn but committed revolving credit facilities is available, funding is procured in advance of need and sufficient headroom against covenants is maintained.

Risks related to Interest Rates: The Borrowers are subject to adverse interest rate movements that could lead to an increase in the cost of borrowing. Each Borrower's interest rate risk arises from the risk of fluctuations in interest charges on floating rate borrowings.

Factors which are material for the purpose of assessing the market risks associated with the Bonds

Liability under the Bonds: The Bonds are obligations of the Issuer only and do not establish any liability or other obligation of any other person mentioned in these Admission Particulars.

Interest rate risks: The Bonds bear interest at a fixed rate and therefore involve the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

Redemption prior to maturity: In the event that the Bonds become repayable prior to maturity either following the Loan becoming repayable as a result of a Group Borrower Default (which includes, *inter alia*, failure by the Group Borrower to make payments of interest under the Loan Agreement) or an Event of Default (as defined in Condition 12 (*Events of Default and Enforcement*)) or due to taxation pursuant to Condition 9.3 (*Early Redemption for Tax Reasons*), the Bonds will be redeemed in full at their principal amount, plus accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the Bonds.

Modification, waivers and substitution: The Conditions of the Bonds and the Bond Trust Deed contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders, including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

The Conditions of the Bonds and the Bond Trust Deed also provide that the Bond Trustee may, without the consent of Bondholders, Couponholders or any other Secured Party (a) agree to any modification (except as stated in the Bond Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Bonds or any other Transaction Document, (b) determine without the consent of the Bondholders, Couponholders or any other Secured Party that any Potential Event of Default or Event of Default shall not be treated as such or (c) agree to the substitution of another company, registered society or other entity as principal debtor under the Bonds in place of the Issuer, in the circumstances described in the Conditions, provided, in each case, that the Bond Trustee is of the opinion that to do so would not be materially prejudicial to the interests of Bondholders.

Denominations involve integral multiples: definitive Bonds: The Bonds have denominations consisting of a minimum of £100,000 plus one or more higher integral multiples of £1,000. It is possible that the Bonds may be traded in amounts that are not integral multiples of £100,000. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than £100,000 in his account with the relevant clearing system at the relevant time may not receive a definitive Bond in respect of such holding (should definitive Bonds be printed) and would need to purchase a principal amount of Bonds such that its holding amounts to £100,000.

If definitive Bonds are issued, holders should be aware that definitive Bonds which have a denomination that is not an integral multiple of £100,000 may be illiquid and difficult to trade.

Change in Law: The structure of the issue of the New Bonds is based on English law, regulatory and administrative practice in effect as at the date of these Admission Particulars, and has due regard to the expected tax treatment of all relevant entities under United Kingdom tax law and the published practice of HM Revenue & Customs in force or applied in the United Kingdom as at the date of these Admission Particulars. No assurance can be given as to the impact of any possible judicial decision or change to English law,

regulatory or administrative practice in the United Kingdom, or to United Kingdom tax law, or the interpretation or administration thereof, or to the published practice of HM Revenue & Customs as applied in the United Kingdom after the date of these Admission Particulars. Such changes in law may include changes in statutory, tax and regulatory regimes during the life of the Bonds, which may have an adverse effect on an investment in the Bonds.

Taxation: Under the Conditions of the Bonds (see Condition 10 (*Taxation*) below), the Issuer may, but will not be obliged to, gross up payments in respect of the Bonds if any deduction or withholding on account of tax is imposed. In the event that any deduction or withholding on account of tax is imposed and the Issuer does not opt to gross up payments in respect of the Bonds (or, if having previously opted to gross up notifies the Bond Trustee and the Bondholders of its intention to cease grossing up payments in respect of the Bonds), the Bonds will be redeemed in accordance with Condition 9.3 (*Early Redemption for Tax Reasons*). In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Bonds. In addition, any amounts in respect of accrued interest which fall due on any such redemption of the Bonds (and, where the redemption follows the next following Interest Payment Date, such Interest Payment Date) shall be paid subject to the required withholding or deduction and the Issuer shall not be obliged to pay any additional amounts in respect thereof. The Bondholders will therefore bear the risk of any such withholding or deduction in respect of the period from the previous Interest Payment Date to the date of redemption.

The Loan Agreement and the Intra-Group Facility Agreements require that if any withholding or deduction is required by law to be made by the Group Borrower or any Borrower thereunder, the amount of the payment due from the Group Borrower or such Borrower, as the case may be, shall be increased to an amount which (after making the tax deduction) leaves an amount equal to the payment which would have been due if no tax deduction had been required.

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the Bonds, see below in "*Taxation*".

Exchange rate risks and exchange controls: The Issuer will pay principal and interest on the Bonds in Sterling. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than Sterling. These include the risk that exchange rates may significantly change (including changes due to devaluation of Sterling or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to Sterling would decrease (a) the Investor's Currency-equivalent yield on the Bonds, (b) the Investor's Currency-equivalent value of the principal payable on the Bonds and (c) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Risks Relating to the Security of the Bonds

Considerations relating to the Issuer Security and the Underlying Security: The New Bonds will be secured by the Issuer Security granted in favour of the Bond Trustee for the benefit of itself and the Bondholders and the other Secured Parties. Such Issuer Security will include security over the Loan Agreement, the Security Trust Deed and the Security Agreements. The Security Agreements each include a guarantee by the relevant Borrower in respect of the Group Borrower's obligations under the Loan Agreement and the Underlying Security created pursuant to the Security Trust Deed and the Security Agreements includes first fixed charges and assignments over the property and rights set out in the relevant Security Agreement given by each Borrower in favour of the Security Agent for the benefit of itself and, inter alios, the Issuer. If any Underlying Security is found to be invalid as a result, this will affect the amounts available to Bondholders in the event of a default under the Bonds.

The validity of any security given by a Borrower in connection with additions and substitutions of Charged Properties may depend on the solvency of the relevant Borrower at the time of the grant.

Environmental Considerations: Under relevant UK environmental legislation, liability for environmental matters can be imposed on the "owner" or any "person in control" of land. The term "owner" is not specifically defined and could include anyone with a proprietary interest in a property, which could include a representative of the Security Agent as a mortgagee in possession of a Charged Property (in respect of which see the risk factor entitled "*Mortgagee in Possession Liability*" below). Environmental laws may impose liability on the owner for clean-up costs if a property is or becomes contaminated. A Borrower may therefore be liable for the entire amount of the clean-up and redemption costs for a contaminated site regardless of whether the contamination was caused by it or not. These costs may be significant.

In addition, the presence of hazardous or toxic substances, or the failure to adequately remedy adverse environmental conditions at a Charged Property, may adversely affect its market value, as well as a Borrower's ability to sell, lease or refinance the Charged Property. Any environmental liability imposed on a Borrower could result in a shortfall in funds available to repay the Intra-group Facility Agreement, which in turn could result in a shortfall in funds available to the Issuer to repay the Bonds.

Sufficiency of Insurance: Although each Charged Property is required to be insured at appropriate levels and against customary risks, there can be no assurance that any loss incurred will be of a type covered by such insurance, nor can there be any assurance that the loss will not exceed the limits of such insurance. Any interruption in income or any loss or damage caused to a Charged Property not adequately covered by insurance could result in a shortfall in funds available to service a Borrower's payment obligations under the Intra-group Facility Agreement to which it is a party.

Investment of Retained Proceeds in Permitted Investments: For so long as any part of the net proceeds of the issue of the Bonds remains undrawn pursuant to the Loan Agreement, the Issuer may invest such amounts in Permitted Investments in accordance with the Custody Agreement. The Issuer may also invest the Charged Disposal Proceeds in Permitted Investments in accordance with the Custody Agreement.

Although Permitted Investments are limited to highly rated securities which satisfy certain specified criteria (which includes a requirement that the investments (other than the Benchmark Gilt) have a maturity date which is no later than 14 April 2050), the Issuer may be required to liquidate such Permitted Investments (a) prior to the enforcement of the Issuer Security, (in the case of the Permitted Investments purchased with Retained Proceeds) to fund advances to the Group Borrower pursuant to the Loan Agreement or to fund redemptions of the Bonds in accordance with the Conditions or (b) following the enforcement of the Issuer Security, to make payments in accordance with the Post-enforcement Priority of Payment, in either case at a time when the disposal proceeds of such Permitted Investments is less than the price paid by the Issuer upon the acquisition thereof.

Prior to the enforcement of the Issuer Security, any losses realised by the Issuer in respect of a sale of Permitted Investments purchased with Retained Proceeds is passed on to the Group Borrower pursuant to the terms of the Loan Agreement as a result of (a) the Issuer's obligation to fund a principal amount of an advance being such that it may be satisfied by funding such advance at a discount in proportion to any such losses and (b) the Group Borrower's obligation to make further payments to the Issuer in respect of any prepayment of the loan in full to enable the Issuer to fund any shortfall on a redemption of the Bonds. However, following the enforcement of the Issuer Security, any losses in respect of the Permitted Investments will reduce the amounts available to the Issuer to satisfy its payment obligations in respect of the Bonds. For the purpose of calculating the Group Borrower's compliance with the Asset Cover Test, the value of such Permitted Investments will be the purchase price thereof and the Group Borrower shall not be required to monitor the market value of such Permitted Investments. Consequently, the value attributed to the Permitted Investments for this purpose may be more than the realisable value from time to time.

In the event that the enforcement of the Issuer Security takes place prior to Properties being charged with an aggregate Minimum Value equal to the principal amount of the Bonds and/or at a time when the Permitted Investments have been acquired with the Disposal Proceeds, the value of the proceeds of enforcement of the Underlying Security, together with such amounts, may be insufficient to enable the Issuer to pay its obligations under the Bonds in full. There is no limit as to the proportion of the Asset Cover Test which may be satisfied by Permitted Investments in the form of Retained Proceeds and/or Charged Disposal Proceeds (although in respect of Retained Proceeds, these will be deemed to be zero after the Final Charging Date).

Change of apportionment basis of Charged Properties: The Loan Agreement provides that the properties over which security is to be apportioned pursuant to the Security Trust Deed (the "**Charged Properties**") is to

be apportioned on a "Numerical Apportionment Basis". The Security Trust Deed provides that, where Numerical Apportionment Basis is specified as the basis for apportionment, a specific number of units within the portfolio of Charged Properties is designated to each Beneficiary as agreed between the Group Borrower and such Beneficiary (in the case of the Loan Agreement, the Issuer). Where Numerical Apportionment Basis is specified as the apportionment basis, a Beneficiary in respect thereof is entitled to change its basis of apportionment to "Specific Apportionment Basis" only in the limited circumstances and in accordance with the procedures specified in the Security Trust Deed. For so long as a Beneficiary's security is apportioned on a Numerical Apportionment Basis, the value of its security will be determined by reference to a percentage of the total value of the portfolio of Charged Properties that are apportioned on a Numerical Apportionment Basis. In addition, in the event that following an enforcement of security a Beneficiary requests a specific apportionment of those Charged Properties allocated to them on a Numerical Apportionment Basis in circumstances where the other Beneficiaries have elected to continue with an apportionment on a Numerical Apportionment Basis, then the Security Agent will be required to appoint a valuer to propose an allocation of the properties and this may result in a timing delay in recovery.

Merger of Borrowers: A Borrower may merge, amalgamate or enter into a transfer of engagements with another entity at any time without the consent of the Issuer. In such circumstances, if following any such merger, amalgamation or transfer, the credit risk of a Borrower or any successor entity created thereby were weaker than that of a Borrower prior to such merger, amalgamation or transfer, the Issuer would become subject to this increased credit risk.

Other members of the Sanctuary Group (including, for the avoidance of doubt, the Group Parent) may also merge, amalgamate or enter into a transfer of engagements pursuant to section 110 of the Co-operative and Community Benefit Societies Act 2014 with another entity or entities at any time without the consent of the Issuer (other than, in the case of the Group Borrower, the Issuer's consent to the transfer or novation of the Loan Agreement). In both cases, however, any such merger, amalgamation or transfer would only be entered into with the approval of the Group Parent. The Group Borrower and the Issuer are both subsidiaries of the Group Parent and, as such, the Issuer expects that their interests will be aligned in respect of any proposed amalgamation, merger, consolidation or transfer.

Additions of new Borrowers and Resignation of Borrowers: The Group Borrower may at any time enter into an Intra-group Facility Agreement with a new Borrower, provided that (a) such new borrower is a charity and a Registered Provider of Social Housing or Registered Social Landlord, as applicable, (b) such new borrower enters into a Security Agreement (together with such security documents as it is required to enter into pursuant to such Security Agreement) in substantially the form set out in the Security Trust Deed, and (c) all other Borrowers consent to such new borrower becoming a Borrower. In such circumstances, if the new Borrower's credit risk were weaker than that of the rest of the Borrowers, the Issuer would become subject to increased credit risk in respect of the Borrowers as a whole. A Borrower may, upon request, cease to be a Borrower at any time provided that the resignation of such Borrower will not result in a breach by the Group Borrower of the asset cover ratio set out in the Loan Agreement.

The Issuer's ability to meet its obligations under the Bonds after enforcement under the Loan: Following default by the Group Borrower, and in the event that the Borrowers have not satisfied the obligations of the Group Borrower pursuant to the Security Agreements, the Security Agent will be entitled to call for payments of any unpaid sums by the Group Borrower under and in accordance with the terms of the Security Agreements. If the Guarantors do not make payment of amounts due to the Issuer pursuant to the Security Agreements, the Security Agent may enforce the Underlying Security in respect of the Borrowers and appoint a Receiver in respect of the defaulting Borrower (other than a Scottish Borrower) pursuant to its powers under the Security Trust Deed.

The Issuer's ability to continue to pay principal and interest on the Bonds following default by the Group Borrower under the Loan is dependent upon the ability of the Issuer to receive through the Security Agreements, or from the Security Agent pursuant to the collection of rental income or a disposal of the Underlying Security, sufficient funds to make such payment.

English law security and insolvency considerations: In certain circumstances, including the occurrence of certain insolvency (or certain pre-insolvency) events in respect of the Issuer, the ability to realise the Issuer Security may be delayed and/or the value of the Issuer Security impaired. In particular, it should be noted that significant changes to the UK insolvency regime were enacted under the Corporate Insolvency and Governance Act 2020 which received Royal Assent on 25 June 2020 and came into effect on 26 June 2020.

The changes included, among other things: (a) the introduction of a moratorium regime that certain eligible companies (subject to exemptions including the exclusion of certain companies, including insurance companies, banks, securitisation companies and parties to capital market arrangements) can obtain a period of protection which will prevent creditors taking certain action against a company for a specified period; (b) a ban on operation of or exercise of *ipso facto* clauses preventing (subject to exemptions) termination, variation or exercise of other rights under certain types of contract due to a counterparty entering into certain insolvency or restructuring procedures; and (c) a compromise or arrangement under Part 26A of the Companies Act 2006 (the "Restructuring Plan") that provides for ways of imposing a restructuring on creditors and/or shareholders without their consent (so-called cross-class cram-down procedure), subject to certain conditions being met and with a court adjudicating on the fairness of the restructuring proposal as a whole in determining whether or not to exercise its discretionary power to sanction the Restructuring Plan.

Although these changes to the UK insolvency regime have been in force for some time now and there is some guidance on how the legislation has been interpreted, for example through case law, they are still relatively new and practice is developing.

Additionally, the Secretary of State may by regulations modify the exceptions. For the purposes of the Restructuring Plan, the Secretary of State may by regulations provide for exclusion of certain companies providing financial services and the UK Government has expressly provided for changes to the Restructuring Plan to be effected through secondary legislation, particularly in relation to the cross-class cram-down procedure. It is therefore possible that aspects of the legislation may change.

No assurance can be given that any application of the insolvency reforms referred to above and modification of the exceptions from the application of the insolvency reforms referred to above will not be detrimental to the interests of the Bondholders and there can be no assurance that the Issuer will not become insolvent and/or the subject of insolvency or pre-insolvency restructuring proceedings and/or that the Bondholders would not be adversely affected by the application of insolvency laws (including English insolvency laws or the laws affecting the creditors' rights generally).

Fixed charges may take effect under English law as floating charges: Pursuant to the Bond Trust Deed, the Issuer has purported to grant fixed charges over, amongst other things, all rights and benefits under the Transaction Account, the Disposal Proceeds Account and the Initial Cash Security Account. English law relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than assignment of security) may take effect under English law only as floating charges if, for example, it is determined that the Bond Trustee does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Bond Trustee will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors. Consequently, there may be less moneys available to pay Bondholders what is owed to them under the Bonds.

Claims of Creditors of the Issuer other than Secured Parties: Under English law, any creditor (who has not entered into non-petition clauses) would (save where an administrator has been appointed) be able to commence insolvency or winding up proceedings against the Issuer in respect of any unpaid debt.

Mortgagee in Possession Liability: There is a risk that the Security Agent may be deemed to be a mortgagee in possession if it physically enters into possession of a Charged Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Security Agent. The consequence of being a mortgagee in possession would be that the Security Agent may be obliged to account to the relevant Borrower for the income obtained from the Charged Property, be liable for any damage to the Charged Property, have a limited liability to repair the Charged Property and, in certain circumstances, may be obliged to incur financial liabilities in respect of the Charged Property. A mortgagee in possession may also be liable to a tenant for any mismanagement of the relevant property and may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), the liabilities of a property owner. Pursuant to Clause 16 of the Loan Agreement, the Group Borrower is required to indemnify the Security Agent on demand against any loss or liability incurred in connection with the Loan Agreement and pursuant to Clause 15 of the Security Trust Deed the Group Borrower is required to indemnify the Security Agent on demand against all liabilities and expenses properly incurred by it in the execution of its powers and trusts contained in the Security Trust Deed and against

all actions, proceedings, costs, claims and demands in respect of any matter or thing done or omitted to be done in any way relating to the Security Trust Deed.

Scottish Assignations: Pursuant to the Underlying Security, it is intended that each Borrower assigns in security to the Security Agent all of its rights, title and interest in and to certain agreements and contracts. Under Scots law, fixed security is only created over incorporeal moveable property if an intimation of such assignation in security has been properly delivered to the counterparty to the agreement or contract. In addition, such intimation must not permit any element of control of the assigned assets to remain with the assignor. Therefore, where the Security Agent takes the benefit of an assignation in security of a contract or of rental income under a lease under Scots law but does not intimate the assignation immediately, the assignation is flawed and the Security Agent will have no security over the underlying contract or the rental income until intimation in the correct form takes place. Until such intimation, the Security Agent has nothing more than a contractual right to create security. The Security Agreements in respect of Scottish Borrowers will provide that the Assignations given to the Security Agent by way of security will not be intimated until the Security Agent decides to take enforcement action. Whilst this is not an unusual process in Scottish transactions, it does create a risk that the underlying contract could be disposed of or terminated at any time prior to enforcement and the Security Agent would have no asset to which it can take title. However, it should be noted that in such circumstances the Security Agent would have a contractual claim against the relevant Scottish Borrower that has taken such actions in relation to the contract provided that there is a relevant restriction in the Assignations preventing the Scottish Borrower from taking such actions.

Scots law assignations are always subject to the principle of delectus personae (i.e. that the identity of one of the parties to a contract is so fundamental to that contract that it could not be performed properly by another party). If an element of delectus personae exists, the contract cannot be transferred to a third party. It is possible that a Scottish Court might decide that many of the contracts entered into by a Housing Association can only be performed properly by that Housing Association. There is a risk therefore that some of the contracts and agreements which are purported to be assigned in security to the Security Agent are in fact unassignable and incapable of being made subject to a right in security under Scots law.

Future Assets in Scotland: Under Scots law, rights in security (other than floating charges) can only be created over an asset by transferring that asset to the party receiving the right in security. This means that rights in security can only be created properly over assets in existence at the time the right is created. There is, therefore, a risk that certain Scottish assets, contracts and agreements which are acquired by a Scottish Borrower after it has signed the Security Agreement will not be subject to a right in security granted in favour of the Security Agent unless new security documents are executed each time such an asset is acquired by such Scottish Borrower.

Moratorium: In order to protect the interest of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 day moratorium on the disposal of land (including the enforcement of any security) by an insolvent non-profit Registered Provider of Social Housing will apply, upon notice being given to the RSH of certain steps being taken in relation to that Registered Provider of Social Housing such as the presentation of a winding up petition, the appointment of an administrator or the intention to enforce security over its property. The RSH may then seek to agree proposals about the future ownership and management of the Registered Provider of Social Housings land with its secured creditors. The moratorium procedure may adversely affect the Security Agent's ability to enforce the Underlying Security, as the procedure stipulates actions that must be taken by a secured creditor prior to that secured creditor being able to enforce its security and gives powers to the RSH in respect of certain secured assets.

The Housing and Planning Act 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced, *inter alia*, a special administration regime called housing administration. The housing administration regime was brought into force on 5 July 2018 and is available in addition to the existing moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing that is at risk of insolvency, following an application from the Secretary of State or (with the permission of the Secretary of State) the RSH.

The housing administrator is to have two objectives. Objective 1 ("normal administration") consists of (a) the rescue of a Registered Provider of Social Housing as a going concern, (b) achieving a better result for its creditors than would otherwise be possible on a winding-up if (a) above is impracticable, or (c) realising

property to distribute to more secured or preferential creditors if (a) and (b) above are impracticable. Objective 2 ("keeping social housing in the regulated sector") is to keep the organisation's social housing under the ownership of a Registered Provider of Social Housing. Whilst the housing administrator is expected to work towards both these objectives, the first objective takes priority in the event of conflict. The Housing and Planning Act 2016 explicitly states that the housing administrator must not do anything in pursuit of Objective 2 which would result in a worse distribution to creditors than would be the case if he or she were not bound by Objective 2. This order of priority was changed during the bill's passage through Parliament in order to provide more comfort for lenders.

Under the new regime, no steps may be taken by any person other than the Secretary of State for the winding up, entry into administration by or enforcement of security of a Registered Provider of Social Housing, unless 28 days' notice of that step has been given to the RSH and elapsed, or the RSH has waived the notice requirement. During that 28 day period, the Secretary of State or the RSH, with the consent of the Secretary of State, may apply for a housing administration order. The new regime preserves a moratorium on disposals of land described above and the power of the RSH to make proposals remains in place throughout this period (though reduced the relevant period from 28 working days to 28 days).

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents secured creditors from enforcing their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In certain circumstances a court may make an order enabling a housing administrator to dispose of property belonging to a Registered Provider of Social Housing which is subject to a fixed charge, albeit only on terms that the fixed charge holder receives the proceeds up to the value of the security and those proceeds are topped up to "market value" if the property is sold for less than this.

The new housing administration regime may delay the disposal of social housing assets by any insolvent Registered Provider of Social Housing. It could also adversely affect the Security Agent's and the Bond Trustee's ability to enforce the Underlying Security granted by a Borrower for so long as any administration order is in place in respect of such a Borrower or could result in a housing administrator disposing of Charged Property belonging to such Borrower at a time when proceeds are not sufficient to discharge such Borrower's obligations under its Intra-group Facility Agreement. In turn, this could result in a delay to the period in which a Bondholder would be repaid in the event of the Issuer defaulting in respect of its obligations in respect of the Bonds.

There may also be a moratorium on enforcement against the Issuer or the Group Borrower pursuant to the relevant provisions of the Insolvency Act 1986, if an administrator were to be appointed to the Issuer or the Group Borrower. This may limit or delay the Bond Trustee's ability to enforce security against the Issuer under the Bond Trust Deed or the Security Agent's ability to enforce security against the Group Borrower under the Security Trust Deed (and therefore, in turn, to enforce the security granted by the Borrowers over the Charged Properties), for so long as the Issuer or the Group Borrower remains subject to administration.

In a similar vein to English law, Scots law applies a 56 day moratorium to prevent the disposal of land owned by an insolvent Registered Social Landlord. The moratorium begins when any of the following occurs: a person takes a step to enforce a security over a Registered Social Landlord's land, a petition is presented for the winding up of a Registered Social Landlord, notice is given to the SHR of a proposed resolution for the winding up of a Registered Social Landlord, a person applies for or makes an administration order in respect of a Registered Social Landlord which is a registered company, or an administrator is appointed in respect of a Registered Social Landlord which is a registered company. The SHR can extend the 56 day period from time to time with the consent of all the Registered Social Landlord's secured creditors (technically, the reference is to such of the Registered Social Landlord's secured creditors as the SHR can reasonably locate after making reasonable enquiries).

During the moratorium, the land may not be disposed of without the SHR's consent, with certain specified exceptions. The exceptions include the following: leases under a Scottish secure tenancy, a short Scottish secure tenancy, an assured tenancy or assured agricultural occupancy, what would be an assured tenancy

but for certain exceptions pursuant to Schedule 4 of the Housing (Scotland) Act 1988, what would be a private residential tenancy but for certain exceptions under the Private Housing (Tenancies) (Scotland) Act 2016; other occupancy arrangements, disposals made by the SHR following inquiries into a Registered Social Landlord's misconduct/ mismanagement/ poor financial governance, disposals made on dissolution or winding up of a Registered Social Landlord which is society registered under the a Co-operative and Community Benefit Societies Act 2014 or a registered company, a disposal made by a manager of the Registered Social Landlord appointed by the SHR, disposals made in the course of the restructuring of a Registered Social Landlord, or disposal in a manner determined by the SHR.

No regime comparable to the housing administration regime under English law, currently exists in Scotland.

The provisions regarding administration contained in the Insolvency Act 1986 apply on a UK-wide basis, so the comments above in respect of the moratorium on enforcement which would apply following the appointment of an administrator to the Issuer or the Group Borrower are equally applicable in a Scottish context.

Risks Relating to the Market Generally

Potential Limited Liquidity: The Bonds may not have an established market when issued. There can be no assurance of a secondary market for the Bonds or the continued liquidity of such market if one develops. The development or continued liquidity of any secondary market for the Bonds will be affected by a number of factors such as the state of credit markets in general and the creditworthiness of the Sanctuary Group, as well as other factors such as the time remaining to the maturity of the Bonds.

Credit ratings may not reflect all risks: The on-going creditworthiness of the Borrowers depends on many factors, including the link to national government, industry, competitive, financial and operational performance, economic factors, the level of drawn debt, the ability to access new debt and the strength of the Borrowers' management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in the Borrowers' perceived creditworthiness as indicated by the Group Parent's issued credit ratings that could, in turn, cause the trading price of the Bonds to decline and may result in a loss of all or part of an investment in the Bonds. The Borrowers aim to maintain a business strategy, risk appetite statement, operational and governance structure and a capital structure consistent with strong investment grade credit ratings.

As with any rated entity, the rating of the Borrowers or any other member of the Sanctuary Group may be susceptible to further adjustments (whether upward or downward) and, in particular, any adjustments which may be made as a result of a rating agency's methodology as applied to the Borrowers or any other member of the Sanctuary Group.

The Group Parent is rated "A2" and "A" by Moody's and S&P, respectively, and the New Bonds are expected to be rated "A2" and "A" by Moody's and S&P, respectively. These ratings may not reflect the potential impact of all risks related to the Issuer, the market and other factors that may affect the value of the New Bonds. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the assigning rating agency at any time.

In general, UK and European regulated investors are restricted under Regulation (EC) No. 1060/2009 as it forms part of domestic law by virtue of the EUWA (the "UK CRA Regulation") and Regulation (EC) No. 1060/2009 (as amended) (the "EU CRA Regulation"), respectively, from using credit ratings for regulatory purposes, unless such ratings are issued by (or endorsed by) a credit rating agency established, as applicable, in the UK or the EU and registered under the UK CRA Regulation or the EU CRA Regulation (and such registration has not been withdrawn or suspended). As of the date of these Admission Particulars, each of Moody's and S&P is established in the United Kingdom and is registered in accordance with the UK CRA Regulation. Each of Moody's and S&P is not established in the EEA and has not applied for registration under the EU CRA Regulation. However, the ratings issued by, or expected to be issued by, Moody's and S&P have been, or will be, endorsed by Moody's Deutschland GmbH and S&P Global Ratings Europe Limited, respectively, in accordance with the EU CRA Regulation. As at the date of these Admission Particulars, each of Moody's Deutschland GmbH and S&P Global Ratings Europe Limited is established in the EEA and registered under the EU CRA Regulation. As such, each of Moody's Deutschland GmbH and S&P Global Ratings Europe Limited is included in the list of credit rating agencies published by the ESMA on its website (at http://www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the EU CRA

Regulation. If the status of Moody's, Moody's Deutschland GmbH, S&P or S&P Global Ratings Europe Limited changes, UK and European regulated investors, as applicable, may no longer be able to use the relevant rating for regulatory purposes and the Bonds may have a different regulatory treatment. This may result in UK and European regulated investors, as applicable, selling Bonds held by them which may have an impact on the value of the Bonds in the secondary market.

FORM OF THE NEW BONDS AND SUMMARY OF PROVISIONS RELATING TO THE NEW BONDS WHILE IN GLOBAL FORM

Form of the New Bonds

Form, Exchange and Payments

The New Bonds will be in bearer new global note ("NGN") form and will be initially issued in the form of a temporary global bond (a "Temporary Global Bond") which will be delivered on or prior to the Issue Date to a common safekeeper for Euroclear Bank SA/NV ("Euroclear") and/or Clearstream Banking S.A. ("Clearstream, Luxembourg").

The New Bonds are intended to be held in a manner which would allow eligibility by the monetary authority of the eurozone ("Eurosystem"). This means that the New Bonds are intended upon issue to be deposited with one of Euroclear or Clearstream, Luxembourg (together, the "ICSDs") as common safekeeper and does not necessarily mean that the New Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

Whilst the New Bonds are represented by the Temporary Global Bond, payments of principal, premium, interest (if any) and any other amount payable in respect of the New Bonds due prior to the Exchange Date (as defined below) will be made only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date which is 40 days after the Temporary Global Bond is issued (the "Exchange Date"), interests in the Temporary Global Bond will be exchangeable (free of charge) upon a request as described therein for interests recorded in the records of Euroclear or Clearstream, Luxembourg, as the case may be, in a permanent global bond (the "Permanent Global Bond" and, together with the Temporary Global Bond and the permanent global bond representing the Existing Bonds, the "Global Bonds"), against certification of beneficial ownership as described above unless such certification has already been given. The holder of the Temporary Global Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Bond for an interest in the Permanent Global Bond is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on the Permanent Global Bond will be made through Euroclear and/or Clearstream, Luxembourg without any requirement for certification.

On each occasion of a payment in respect of a Global Bond the Principal Paying Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

The Permanent Global Bond will be exchangeable (free of charge), in whole but not in part, for definitive Bonds with interest coupons and talons attached only upon the occurrence of an Exchange Event. For these purposes, "Exchange Event" means that:

- (a) an Event of Default (as defined in Condition 12 (*Events of Default and Enforcement*)) has occurred and is continuing;
- (b) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Bond Trustee is available; or
- (c) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Bonds represented by the Permanent Global Bond or by the permanent global bond in respect of the Existing Bonds in definitive form.

The Issuer will promptly give notice to Bondholders in accordance with Condition 15 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event as described in (a) or (b) above, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in the Permanent Global Bond or the permanent global bond representing the Existing Bonds) or the Bond Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (c) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

Legend concerning United States persons

The following legend will appear on all Bonds (other than the Temporary Global Bond) and interest coupons relating to the Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on the Bonds or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of the Bonds or interest coupons.

Summary of Provisions relating to the New Bonds while in Global Form

Notices

For so long as all of the Bonds are represented by one or more of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Bondholders (which includes, for this purpose, any Compliance Certificate or annual reports required to be made available pursuant to a request by any of the Bondholders pursuant to Condition 6.2 (*Information Covenants*)) may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg (as the case may be) for communication to the relative Accountholders (as defined below) rather than by publication as required by Condition 15 (*Notices*) provided that, so long as the Bonds are admitted to trading on the ISM, all requirements of the London Stock Exchange have been complied with. Any such notice shall be deemed to have been given to the holders of the Bonds on the second day after the day on which such notice was delivered to Euroclear and/or Clearstream, Luxembourg (as the case may be) as aforesaid.

For so long as all of the Bonds are represented by one or more of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to be given by any Bondholder may be given to the Principal Paying Agent through Euroclear and/or Clearstream, Luxembourg and otherwise in such manner as the Principal Paying Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

Accountholders

For so long as any of the Bonds is represented by a Global Bond held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular principal amount of such Bonds (the "Accountholder") (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated as the holder of such principal amount of such Bonds for all purposes other than with respect to the payment of principal or interest on such principal amount of such Bonds, for which purpose the bearer of the relevant Global Bond shall be treated as the holder of such principal amount of such Bonds in accordance with and subject to the terms of the relevant Global Bond and the expressions "Bondholder" and "holder of Bonds" and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular principal amount of Bonds as aforesaid, the Bond Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Bonds which are represented by a Global Bond will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

Prescription

Claims against the Issuer in respect of principal and interest on the Bonds represented by a Global Bond will be prescribed after 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date.

Cancellation

Cancellation of any Bond represented by a Global Bond and required by the Conditions of the Bonds to be cancelled following its redemption or purchase will be effected by entry in the records of Euroclear or Clearstream, Luxembourg, as the case may be.

Partial Redemption

For so long as all of the Bonds are represented by one or more of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, no selection of Bonds will be required under Condition 9.5 (*Notice of Early Redemption*) in the event that the Bonds are to be redeemed in part pursuant to Condition 9.2 (*Early Redemption*). In such event, the standard procedures of Euroclear and/or Clearstream, Luxembourg shall operate to determine which interests in the Global Bond(s) are to be subject to such redemption (and such redemption shall be reflected in the records of Euroclear and Clearstream, Luxembourg as either a reduction in the principal amount of the Bonds or a reduction by the application of a pool factor at the discretion of Euroclear and Clearstream, Luxembourg).

Single Series

The New Bonds shall be consolidated and form a single series with the Existing Bonds on and from the date on which, and to the extent that, interests in the Temporary Global Bond are exchanged for interests in the Permanent Global Bond, as described above. Such exchange shall not occur earlier than 40 days after the Temporary Global Bond is issued.

CONDITIONS OF THE NEW BONDS

The following are the Conditions of the New Bonds which will be incorporated by reference into each New Bond in definitive form (if issued).

The £150,000,000 2.375 per cent. Secured Bonds due 2050 (the "New Bonds" and, together with the Existing Bonds (as defined below), the "Bonds") of Sanctuary Capital PLC (the "Issuer") are constituted by a First Supplemental Bond Trust Deed dated 19 July 2022 (as modified and/or supplemented and/or restated from time to time, the "Supplemental Bond Trust Deed") made between the Issuer and M&G Trustee Company Limited (previously known as Prudential Trustee Company Limited) (the "Bond Trustee", which expression shall include any successor as Bond Trustee) as trustee for the holders of the Bonds (the "Bondholders") and the holders of the interest coupons appertaining to the Bonds (the "Couponholders" and the "Coupons" respectively, which expressions shall, unless the context otherwise requires, include the talons for further interest coupons (the "Talons") and the holders of the Talons). The Supplemental Bond Trust Deed is supplemental to the Bond Trust Deed dated 14 April 2020 (the "Original Bond Trust Deed" and, together with the Supplemental Bond Trust Deed, the "Bond Trust Deed") made between the same parties and constituting the £350,000,000 2.375 per cent. The Bondholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Bond Trust Deed and the Agency Agreement. - (a) carry out the business of a company which has as its purpose raising finance and onlending such finance for the benefit of the members of the Sanctuary Group; and
- (b) perform any act incidental to or necessary in connection with (a) above.

The Issuer also covenants, for so long as any of the Bonds remain outstanding, not to create or permit to subsist, over any of the security constituted by or created pursuant to the Bond Trust Deed, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the security created by or pursuant to the Bond Trust Deed.

6.2 Information Covenants

For so long as any of the Bonds remain outstanding, the Issuer shall:

- (a) send to the Bond Trustee and, upon request by any Bondholder to the Issuer, make available to such Bondholder at the Issuer's registered office during normal business hours, a copy of the Compliance Certificate promptly upon receipt of the same from the Group Borrower pursuant to the terms of the Loan Agreement;

Upon the request of Bondholders to convene any such meeting, as aforesaid, the Issuer shall notify all Bondholders of the date (which such date shall be no more than 21 days following such request), time and place of the meeting in accordance with Condition 15 (*Notices*). The Issuer shall act in good faith in addressing any questions regarding the financial position of itself or any other member of the Sanctuary Group raised at any such meeting, provided, however, that the Issuer shall not be obliged to disclose any information which it, in its absolute discretion, considers to be of a confidential nature. For the avoidance of doubt, the provisions of this Condition 6.2(c) are in addition to the meetings provisions set out in Condition 17 (*Meetings of Bondholders, Modification and Waiver*).

6.3 Loan Agreement, Security Agreements, Group Borrower Security Agreement and Security Trust Deed Consents Covenant

For so long as any of the Bonds remain outstanding, the Issuer covenants that it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Agent to take any action pursuant to, the Loan Agreement, the Security Agreements, the Group Borrower Security Agreement or the Security Trust Deed except with the prior consent of the Bond Trustee. The Bond Trustee may seek the consent of the Bondholders in accordance with the Bond Trust Deed prior to giving any such consent.

7 Interest

7.1 Interest Rate and Interest Payment Dates

The New Bonds bear interest from (and including) 14 April 2022 at the rate of 2.375 per cent. per annum, payable semi-annually in arrear in equal instalments on 14 April and 14 October in each year (each, an "**Interest Payment Date**") commencing on 14 October 2022.

7.2 Interest Accrual

Each Bond will cease to bear interest from (and including) its due date for redemption unless, upon due presentation, payment of the principal in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in which event interest shall continue to accrue as provided in the Bond Trust Deed.

7.3 Calculation of Broken Interest

When interest is required to be calculated in respect of a period of less than a full half year, it shall be calculated on the basis of:

- (a) the actual number of days in the period from (and including) the date from which interest begins to accrue (the "Accrual Date") to (but excluding) the date on which it falls due, divided by
- (b) the actual number of days from and including the Accrual Date to (but excluding) the next following Interest Payment Date multiplied by 2,

and multiplying the resulting fraction by the rate of interest specified in Condition 7.1 above and the relevant principal amount of the Bonds.

8 Payments

8.1 Payments in respect of Bonds

Payments of principal and interest in respect of each Bond will be made against presentation and surrender (or, in the case of part payment only, endorsement) of the Bond, except that payments of interest on an Interest Payment Date will be made against presentation and surrender (or in the case of part payment only, endorsement) of the relevant Coupon, in each case at the specified office outside the United States of any of the Paying Agents.

8.2 Method of Payment

Payments will be made by credit or transfer to an account in Sterling maintained by the payee with, or, at the option of the payee, by a cheque in Sterling drawn on, a bank in London.

8.3 Missing Unmatured Coupons

Each Bond should be presented for payment together with all relative unmatured Coupons (which expression shall, for the avoidance of doubt, include Coupons falling to be issued on exchange of matured Talons), failing which the full amount of any relative missing unmatured Coupon (or, in the

case of payment not being made in full, that proportion of the full amount of the missing unmatured Coupon which the amount so paid bears to the total amount due) will be deducted from the amount due for payment. Each amount so deducted will be paid in the manner mentioned above against presentation and surrender (or, in the case of part payment only, endorsement) of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of the relevant Bond (whether or not the Coupon would otherwise have become void pursuant to Condition 11 (*Prescription*)) or, if later, five years after the date on which the Coupon would have become due, but not thereafter.

8.4 Payments subject to Applicable Laws

Payments in respect of principal and interest on the Bonds are subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*).

8.5 Payment Day

If the date for payment of any amount in respect of any Bond or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

For these purposes, "Payment Day" means any day which (subject to Condition 11 (Prescription)):

- (a) is, or falls after, the relevant due date;
- (b) is, or falls at least one Business Day after, the corresponding Loan Payment Day;
- (c) is a Business Day in the place of the specified office of the Paying Agent at which the Bond or Coupon is presented for payment; and
- (d) in the case of payment by a credit or transfer to a Sterling account in London as referred to above, is a Business Day in London.

In this Condition, "Business Day" means, in relation to any place, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in that place.

8.6 **Initial Paying Agents**

The names of the initial Paying Agents and their initial specified offices are set out at the end of these Conditions. The Issuer reserves the right, subject to the prior written approval of the Bond Trustee, at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents provided that:

- (a) there will at all times be a Principal Paying Agent; and
- (b) there will at all times be at least one Paying Agent (which may be the Principal Paying Agent) having its specified office in a European city which so long as the Bonds are admitted to trading on the International Securities Market of the London Stock Exchange shall be London or such other place as the London Stock Exchange may approve.

Notice of any termination or appointment and of any changes in specified offices will be given to the Bondholders promptly by the Issuer in accordance with Condition 15 (*Notices*).

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Bond Trustee and do not assume any obligation to, or relationship of agency or trust with, any Bondholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

8.7 Interpretation of principal and interest

Any reference in these Conditions to principal in respect of the Bonds shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*), and
- (b) any specific redemption price referred to in Condition 9 (*Redemption and Purchase*) which may be payable by the Issuer under or in respect of the Bonds.

Any reference in these Conditions to interest in respect of the Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*).

9 Redemption and Purchase

9.1 Redemption at Maturity

Unless previously redeemed or purchased and cancelled as specified below, the Bonds will be redeemed by the Issuer at their principal amount on 14 April 2050.

9.2 **Early Redemption**

Subject to Condition 9.4 (*Mandatory Early Redemption*) below, if in accordance with the Loan Agreement, the Group Borrower elects to prepay the Loan in whole or in part prior to the repayment date specified in the Loan Agreement or the Loan otherwise becomes prepayable in whole or in part prior to the repayment date specified in the Loan Agreement (other than as a result of the Bonds becoming due and repayable but, including, for the avoidance of doubt, pursuant to Clause 5.6 (*Mandatory Prepayment - Cancellation of Status*) of the Loan Agreement), then the Issuer shall redeem the Bonds in whole or, in respect of a prepayment in part, in an aggregate principal amount equal to the principal amount of the Loan to be repaid on the date which is two Business Days after that on which payment is made by the Group Borrower under the Loan Agreement (the "Loan Prepayment Date").

Redemption of the Bonds pursuant to this Condition shall be made at the higher of the following:

- (a) par; and
- (b) the amount (as calculated by a financial adviser nominated by the Issuer and approved by the Bond Trustee (the "Nominated Financial Adviser") and reported in writing to the Issuer and the Bond Trustee) which is equal to the principal amount of the Bonds to be redeemed multiplied by the price (expressed as a percentage and calculated by the Nominated Financial Adviser) (rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Bonds (if the Bonds were to remain outstanding until their original maturity) on the Determination Date would be equal to the sum of (i) the Gross Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) 0.30 per cent.,

together with any interest accrued up to (but excluding) the Loan Prepayment Date. For the purposes of this Condition:

"Benchmark Gilt" means the 4¼% Treasury Gilt 2049 or such other conventional (i.e. not indexlinked) UK Government Gilt as the Issuer (with the advice of the Nominated Financial Adviser) may determine (failing such determination, as determined by the Bond Trustee with such advice) to be the most appropriate conventional UK Government Gilt;

"Determination Date" means 3 Business Days prior to the Loan Prepayment Date; and

"Gross Redemption Yield" means a yield calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi- Coupon Date) (published on 8 June 1998 and updated on 15 January 2002 and 16 March 2005) (as amended or supplemented from time to time).

9.3 Early Redemption for Tax Reasons

If as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement), and certifies to the Bond Trustee, that it would, on the next following Interest Payment Date, be required to make a withholding or deduction in respect of payments to be made on such Interest Payment Date (other than in respect of a Bondholder Specific Withholding) and the Issuer does not opt to pay additional amounts pursuant to Condition 10.2 (*No obligation to pay additional amounts*) or, having so opted, notifies the Bond Trustee and the Bondholders, in accordance with Condition 15 (*Notices*), of its intention to cease paying such additional amounts, the Issuer shall redeem the Bonds in whole, but not in part, at their principal amount, plus accrued interest to (but excluding) the date of redemption, as soon as reasonably practicable prior to the next following Interest Payment Date or, if it is not reasonably practicable for the Issuer to redeem the Bonds prior to the next following Interest Payment Date, within three Business Days thereafter. For the avoidance of doubt, any amounts in respect of accrued interest which fall due on any such redemption of the Bonds (and, where the redemption follows the next following Interest Payment Date, such Interest Payment Date) shall be paid subject to the required withholding or deduction and the Issuer shall not be obliged to pay any additional amounts in respect thereof.

9.4 Mandatory Early Redemption

If the Loan becomes repayable as a result of a Group Borrower Default, then the Issuer shall redeem the Bonds in full at their principal amount, plus accrued interest to (but excluding) the date on which the Loan is repaid (the "Loan Repayment Date"), on the date which is two Business Days after the Loan Repayment Date.

9.5 Notice of Early Redemption

Notice of any early redemption in accordance with Condition 9.2 (*Early Redemption*), Condition 9.3 (*Early Redemption for Tax Reasons*) or Condition 9.4 (*Mandatory Early Redemption*) above shall be given by the Issuer to the Bond Trustee, the Paying Agents and the Bondholders, in accordance with Condition 15 (*Notices*), as promptly as practicable.

In the case of a partial redemption of Bonds, Bonds to be redeemed will be selected in such place as the Bond Trustee may approve and in such manner and at such time as the Bond Trustee may deem appropriate and fair. Notice of any such selection will be given by the Issuer to the Bondholders as promptly as practicable. Each notice will specify the date fixed for redemption, the early redemption amount and the aggregate principal amount of the Bonds to be redeemed, the serial numbers of the Bonds called for redemption, the serial numbers of Bonds previously called for redemption and not presented for payment and the aggregate principal amount of the Bonds which will be outstanding after the partial redemption.

9.6 Calculations

Each calculation, by or on behalf of the Issuer, for the purposes of this Condition 9 shall, in the absence of manifest error, be final and binding on all persons. If the Issuer does not at any time for any reason calculate amounts referred to in this Condition 9, such amounts may be calculated by the Bond Trustee, or an agent appointed (at the expense of the Issuer) by the Bond Trustee for this purpose, (without any liability accruing to the Bond Trustee as a result) based on information supplied to it by the Issuer and each such calculation shall be deemed to have been made by the Issuer.

9.7 Purchase of Bonds by the Group Borrower or the Borrowers

The Group Borrower or any Borrower may at any time purchase Bonds in the open market or otherwise at any price. Following any such purchase, the Group Borrower or such Borrower, as the case may be, may (but is not obliged to) surrender the Bonds to the Issuer for cancellation. An amount equal to the principal amount of the Bonds being surrendered shall be deemed to be prepaid under the Loan Agreement (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)) or, to the extent that no Loan is then outstanding, an amount of the Undrawn Commitment equal to the principal amount of the Bonds surrendered shall be deemed to be cancelled for the purposes of the Loan Agreement and an amount of Retained Proceeds equal to the Cancelled Retained Proceeds shall be paid by the Issuer to the Group Borrower or such Borrower, as the case may be.

9.8 Purchase of Bonds by the Issuer

The Issuer may not at any time purchase Bonds.

9.9 Cancellation of purchased or redeemed Bonds

All Bonds redeemed by the Issuer pursuant to Conditions 9.2 (*Early Redemption*), Condition 9.3 (*Early Redemption for Tax Reasons*) or Condition 9.4 (*Mandatory Early Redemption*) or surrendered for cancellation pursuant to Condition 9.7 (*Purchase of Bonds by the Group Borrower or the Borrowers*) shall be cancelled and may not be issued or resold.

10 Taxation

10.1 Payments without withholding

All payments of principal and interest in respect of the Bonds and Coupons by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Relevant Jurisdiction, unless such withholding or deduction is required by law in which case the relevant payment will be made subject to such withholding or deduction.

10.2 No obligation to pay additional amounts

Subject as follows, neither the Issuer, the Bond Trustee nor any Paying Agent shall be obliged to pay any additional amounts to the Bondholders or Couponholders as a result of any withholding or deduction made in accordance with Condition 10.1 (*Payments without withholding*).

Notwithstanding the foregoing, in the event that the Issuer would, on the next Interest Payment Date, be required to make a withholding or deduction in respect of tax (other than in respect of a Bondholder Specific Withholding), the Issuer may, provided that it has given notice to the Bond Trustee and the Bondholders, in accordance with Condition 15 (*Notices*), of its intention to do so prior to such Interest Payment Date, pay to Bondholders such additional amounts as may be necessary in order that the net amounts received by the Bondholders after such withholding or deduction will equal the amounts of principal and interest which would have been received in respect of the Bonds in the absence of such withholding or deduction. If at any time the Issuer intends to cease paying such additional amounts it may do so by giving notice to the Bondholders and the Bond Trustee of its intention to do so with effect from the next Interest Payment Date.

11 Prescription

The Bonds and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 8 (*Payments*) or any Talon which would be void pursuant to Condition 8 (*Payments*).

12 Events of Default and Enforcement

12.1 Events of Default

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least one-fourth in principal amount of the Bonds then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being secured and/or indemnified and/or prefunded to its satisfaction), (but in the case of the happening of any of the events described in (b), (c) and (i) below, only if the Bond Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Bondholders), give notice in writing to the Issuer that the Bonds are, and the Bonds shall thereupon immediately become, due and repayable at their principal amount together with accrued interest as provided in the Bond Trust Deed if any of the following events (each an "Event of Default") shall occur:

- (c) (A) any other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described),
 - (B) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period, or
 - (C) the Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (c) have occurred equals or exceeds £10,000,000 or its equivalent in other currencies (as reasonably determined by the Bond Trustee);

- (d) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer save for the purposes of reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution;
- (e) if the Issuer ceases or threatens to cease to carry on the whole or, in the opinion of the Bond Trustee, substantially all of its business, save for the purposes of reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution;
- (f) if the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent;
- (g) if:
 - (A) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is

- (B) in any case (other than the appointment of an administrator) is not discharged within 14 days;
- (h) if the Issuer initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium) or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or
- (i) if it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Bonds, the Bond Trust Deed or the Loan Agreement.

12.2 Enforcement

The Bond Trustee may at any time, at its discretion and without notice, take such proceedings and/or other steps or action (including lodging an appeal in any proceedings) against or in relation to the Issuer as it may think fit to enforce the provisions of the Bond Trust Deed, the Bonds, the Coupons and/or any of the other Transaction Documents, but it shall not be bound to take any such proceedings or other steps or action in relation to the Bond Trust Deed, the Bonds, the Coupons or any of the other Transaction Documents unless:

- (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-fourth in principal amount of the Bonds then outstanding; and
- (b) it shall have been secured and/or indemnified and/or prefunded to its satisfaction.

The Bond Trustee may refrain from taking any action in any jurisdiction if the taking of such action in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction, be contrary to any law of that jurisdiction. Furthermore, the Bond Trustee may also refrain from taking such action if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

No Bondholder, Couponholder or any Secured Party (other than the Bond Trustee) shall be entitled:

- (i) to take any steps or action against the Issuer to enforce the performance of any of the provisions of the Bond Trust Deed, the Bonds, the Coupons or any of the other Transaction Documents; or
- (ii) to take any other action (including lodging an appeal in any proceedings) in respect of or concerning the Issuer,

in each case unless the Bond Trustee, having become bound so to take any such steps, actions or proceedings, fails so to do within a reasonable period and the failure shall be continuing.

13 Replacement of Bonds, Coupons and Talons

Should any Bond, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (subject to all applicable laws and the requirements of the London Stock Exchange) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Bonds, Coupons or Talons must be surrendered before replacements will be issued.

14 Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Bond to which it appertains) a further Talon, subject to the provisions of Condition 11 (*Prescription*).

15 Notices

All notices regarding the Bonds will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the Financial Times in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Bonds are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If, in the opinion of the Bond Trustee, publication as provided above is not practicable, a notice shall be validly given if published in another leading daily English-language newspaper with general circulation in Europe.

Notices to be given by any Bondholder shall be in writing and given by lodging the same, together with the relative Bond or Bonds, with the Principal Paying Agent.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of the Bonds in accordance with this Condition 15 (*Notices*).

16 Substitution

The Bond Trust Deed contains provisions permitting the Bond Trustee to, subject to any required amendment of the Bond Trust Deed, without the consent of the Bondholders or the Couponholders or any Secured Party (other than, in respect of the novation or assignment of the Loan Agreement, the Group Borrower), agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Bonds, the Coupons and the Bond Trust Deed of another company, registered society or other entity subject to:

- (a) the Bond Trustee being satisfied that the interests of the Bondholders will not be materially prejudiced by the substitution; and
- (b) certain other conditions set out in the Bond Trust Deed being complied with.

Any such substitution shall be notified to the Bondholders in accordance with Condition 15 (*Notices*) as soon as practicable thereafter.

17 Meetings of Bondholders, Modification and Waiver

17.1 Meetings of Bondholders

The Bond Trust Deed contains provisions for convening meetings of the Bondholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a

modification of the Bonds, the Coupons or any of the provisions of the Bond Trust Deed (as more particularly described in the Bond Trust Deed). Such a meeting may be convened by the Issuer or the Bond Trustee and shall be convened by the Issuer if required in writing by Bondholders holding not less than ten per cent. in principal amount of the Bonds for the time being remaining outstanding (other than in respect of a meeting requested by Bondholders to discuss the financial position of the Issuer and the Sanctuary Group, which shall be requested in accordance with, and shall be subject to, Condition 6.2(c) (Information Covenants)). The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing in aggregate more than 50 per cent. in principal amount of the Bonds for the time being outstanding, or at any adjourned meeting one or more persons being or representing Bondholders whatever the principal amount of the Bonds so held or represented, except that at any meeting the business of which includes any matter defined in the Bond Trust Deed as a Basic Terms Modification, including, inter alia, modifying the date of maturity of the Bonds or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Bonds or altering the currency of payment of the Bonds or the Coupons, the quorum shall be one or more persons holding or representing in aggregate not less than 75 per cent. in principal amount of the Bonds for the time being outstanding, or at any such adjourned meeting one or more persons holding or representing in aggregate not less than 25 per cent. in principal amount of the Bonds for the time being outstanding.

The Bond Trust Deed provides that:

- (a) a resolution passed at a meeting duly convened and held in accordance with the Bond Trust Deed by a majority consisting of not less than 75 per cent. of the votes cast on such resolution;
- (b) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Bonds for the time being outstanding; or
- (c) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the holders of not less than 75 per cent. in principal amount of the Bonds for the time being outstanding,

shall, in each case, be effective as an Extraordinary Resolution of the Bondholders. An Extraordinary Resolution passed by the Bondholders shall be binding on all the Bondholders, whether or not (in the case of Extraordinary Resolutions passed at any meeting) they are present at any meeting and whether or not they voted on the resolution (or, in the case of a written resolution, whether or not they signed such written resolution), and on all Couponholders.

17.2 Modification, Waiver, Authorisation and Determination

The Bond Trustee may agree, without the consent of the Bondholders, Couponholders or any Secured Party, to any modification (except as stated in the Bond Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Bonds, the Bond Trust Deed, any Security Agreement, the Group Borrower Security Agreement or any other Transaction Document, or determine, without any such consent as aforesaid, that any Potential Event of Default or Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Bond Trustee, materially prejudicial to the interests of the Bondholders so to do or may agree, without any such consent as aforesaid, to any modification which, in the opinion of the Bond Trustee, is of a formal, minor or technical nature or to correct a manifest error or an error which is, in the opinion of the Bond Trustee, proven. Any such modification, waiver, authorisation or determination shall be binding on the Bondholders, the Couponholders and the Secured Parties and (unless the Bond Trustee agrees otherwise) shall be notified to the Bondholders in accordance with Condition 15 (*Notices*) as soon as practicable thereafter.

17.3 Bond Trustee to have regard to interests of Bondholders as a class

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Bond Trustee shall have regard to the general interests of the Bondholders as a class (but shall not have regard to any interests arising from circumstances particular to individual Bondholders or

Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Bondholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee shall not be entitled to require, nor shall any Bondholder or Couponholder be entitled to claim, from the Issuer, the Bond Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Bondholders or Couponholders.

18 Indemnification and protection of the Bond Trustee and Bond Trustee contracting with the Issuer

The Bond Trust Deed contains provisions for the indemnification of the Bond Trustee and for its relief from responsibility and liability towards the Issuer, the Bondholders and the Couponholders, including:

- (a) provisions relieving it from taking action unless secured and/or indemnified and/or prefunded to its satisfaction; and
- (b) provisions limiting or excluding its liability in certain circumstances.

The Bond Trustee is exempted from any liability in respect of any loss, diminution in value or theft of all or any part of the Issuer Charged Property, from any obligation to insure all or any part of the Issuer Charged Property (including, in either such case, any documents evidencing, constituting or representing the same or transferring any rights, benefits and/or obligations thereunder), or to procure the same to be insured.

The Bond Trust Deed also contains provisions pursuant to which the Bond Trustee is entitled, *interalia*:

- (i) to enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer and/or any other Transaction Party or any person or body corporate associated with the Issuer and/or any Transaction Party; and
- (ii) to accept or hold the trusteeship of any other trust deed constituting or securing any other securities issued by or relating to the Issuer and/or any Transaction Party or any such person or body corporate so associated or any other office of profit under the Issuer and/or any Transaction Party or any such person or body corporate so associated.

The Bond Trustee shall not be bound to take any step or action in connection with the Bond Trust Deed or the Bonds or obligations arising pursuant thereto or pursuant to the other Transaction Documents, where it is not satisfied that it is indemnified and/or secured and/or prefunded against all its liabilities and costs incurred in connection with such step or action and may demand, prior to taking any such step or action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so as to indemnify it.

The Bond Trustee shall have no responsibility for the validity, sufficiency or enforceability of the Issuer Security. The Bond Trustee shall not be responsible for monitoring the compliance by any of the other Transaction Parties with their obligations under the Transaction Documents, neither shall the Bond Trustee be responsible for monitoring the compliance by the Group Borrower or any of the other parties to the Security Agreements, the Group Borrower Security Agreement and the Security Trust Deed of their obligations under the Security Agreements, the Group Borrower Security Agreement, the Security Trust Deed or any other document.

19 Further Issues

The Issuer shall be at liberty from time to time without the consent of the Bondholders or the Couponholders to create and issue further bonds having terms and conditions (and backed by the same assets) the same as the Bonds or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form a single series

with the outstanding Bonds. Any further bonds so created and issued shall be constituted by a trust deed supplemental to the Bond Trust Deed.

20 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of this Bond under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

21 Governing Law and Submission to Jurisdiction

21.1 Governing Law

The Bond Trust Deed, the Loan Agreement, the Agency Agreement, the Account Agreement, the Bonds and the Coupons, and any non-contractual obligations or matters arising from or in connection with them, shall be governed by, and construed in accordance with, English law.

21.2 Submission to Jurisdiction

The Issuer has, in the Bond Trust Deed, irrevocably agreed for the benefit of the Bond Trustee, the Bondholders and the Couponholders that the courts of England are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Bond Trust Deed, the Bonds or the Coupons (including any non-contractual obligations arising out of or in connection with the Bond Trust Deed, the Bonds or the Coupons) and accordingly has submitted to the exclusive jurisdiction of the English courts.

The Issuer has, in the Bond Trust Deed, waived any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Bond Trustee, the Bondholders and the Couponholders may take any suit, action or proceeding arising out of or in connection with the Bond Trust Deed, the Bonds or the Coupons respectively (including any suit, action or proceedings relating to any non-contractual obligations arising out of or in connection with the Bond Trust Deed, the Bonds or the Coupons) (together referred to as "**Proceedings**") against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

USE OF PROCEEDS

Subject as set out below, the net proceeds from the issue of the New Bonds (other than the Retained Accrued Interest which will be retained by the Issuer in the Transaction Account) will be advanced by the Issuer to the Group Borrower pursuant to the Loan Agreement and the Group Borrower will in turn on-lend such funds to the Existing Borrowers pursuant to their respective Intra-group Facility Agreements to be applied in the achievement of the Existing Borrowers' charitable objects, as permitted by their respective rules. The Group Borrower may also on-lend the proceeds of the Loan Agreement, after the Issue Date, to other Borrowers, to be applied in accordance with such Borrowers' charitable objects, as permitted by their respective rules, to the extent that any Existing Borrower has repaid any amounts received by it under its Intra-group Facility Agreement or the Issuer has made further advances to the Group Borrower under the Loan Agreement in respect of Retained Proceeds or following a further issue of bonds.

In the event that insufficient Properties have been charged by the Existing Borrowers in favour of the Security Agent and allocated for the benefit of the Issuer on the Issue Date to permit the drawing of the New Commitment in full or the Group Borrower has not otherwise drawn any part of the New Commitment, all or part of the issue proceeds (other than the Retained Accrued Interest) shall be retained in the Initial Cash Security Account in accordance with the terms of the Account Agreement and the Custody Agreement (and may be invested in Permitted Investments). For the avoidance of doubt, in the event that the Group Borrower has not drawn any part of the New Commitment on the Issue Date, the Retained Proceeds at that date shall be the entire amount of the New Commitment. Any Retained Proceeds shall be advanced to the Group Borrower at a later date pursuant to the Loan Agreement to the extent that Properties of a corresponding value have been charged in favour of the Issuer. In addition, in the event that any losses are made in respect of any Retained Proceeds which have been invested in Permitted Investments, each drawing to be made by the Issuer to the Group Borrower pursuant to the Loan Agreement shall be advanced at a discount in an amount equal to the Actual Advance Amount (as defined in the "Loan Agreement").

DESCRIPTION OF THE LOAN AGREEMENT

The following description of the Loan Agreement consists of a summary of certain provisions of the Loan Agreement and is qualified by reference to the detailed provisions thereof. The Loan Agreement is not, however, incorporated by reference into, and therefore does not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Loan Agreement.

Facility

Subject to the provisions of the bond loan agreement (the "Original Loan Agreement") dated 14 April 2020 and a first supplemental loan agreement dated on or around the Issue Date (the "Supplemental Loan Agreement" and, together with the Original Loan Agreement, the "Loan Agreement") between the Issuer, the Group Borrower and the Security Agent, the Issuer shall commit to make a further loan to the Group Borrower in the principal amount of £150,000,000 (the "New Commitment" and, together with the Original Commitment (as defined in the Original Loan Agreement) and any further commitments, the "Commitment"). The "New Loan" is the principal amount of the New Commitment that has been advanced to the Group Borrower or the outstanding balance thereof and the "Loan" is the principal amount of the Commitment that has been advanced to the Group Borrower or the outstanding balance thereof.

The Original Commitment was drawn in three instalments on 14 April 2020, 1 September 2020 and 20 October 2020. The New Commitment may be drawn in one or more drawings and the maximum principal amount of each drawing shall be an amount which corresponds to the Minimum Value of the NAB Charged Properties multiplied by the Issuer's Security Percentage (in each case, as at the date of such drawing), less the aggregate amount of the Original Commitment which has previously been drawn.

The Group Borrower has acknowledged that the Issuer may invest all or any part of the Retained Proceeds in Permitted Investments in accordance with the Custody Agreement and that, as a result of any losses made by the Issuer in respect of such Permitted Investments, the amount of Retained Proceeds held by the Issuer, at the time of any drawdown request, may be less than the Undrawn Commitment. In such circumstances, each drawing shall be advanced at a discount in an amount equal to the Actual Advance Amount.

For this purpose, "Actual Advance Amount" means, in respect of each drawing, the principal amount of such drawing multiplied by the result of dividing (i) the amount of Retained Proceeds held by the Issuer at the time of the drawdown request (for the avoidance of doubt, excluding any Permitted Investment Profit) by (ii) the Undrawn Commitment (including, for the avoidance of doubt, the principal amount of such drawing).

For the avoidance of doubt:

- (a) the Group Borrower shall not be required to monitor the market value of any Permitted Investments;
- (b) any difference between the principal amount of a drawing and the relevant Actual Advance Amount shall be ignored in determining the amount of the Loan and, *inter alia*, the calculation of interest, principal and premium payments payable in respect thereon; and
- (c) any income received by the Issuer in respect of Permitted Investments shall not be credited to the Initial Cash Security Account but shall instead be credited to the Transaction Account in accordance with the Account Agreement.

The Issuer and the Group Borrower have agreed that:

- (a) where the Issuer is required to sell any Permitted Investments to fund a drawing under the Loan Agreement and such sale results in a Permitted Investment Profit, such drawing shall be advanced at the principal amount requested and the Issuer may (but is not obliged to) make a gift aid payment or qualifying charitable donation to a Charitable Group Member in an amount no greater than the Permitted Investment Profit; and
- (b) immediately prior to the end of each accounting period, to the extent that the Issuer would otherwise be required to recognise a profit for tax purposes in respect of its Permitted Investments as a result

of the movement in the fair value recognised in its accounts of such Permitted Investments for that accounting period, the Issuer shall sell Permitted Investments in an aggregate amount equal to:

- (i) the amount required to offset or discharge any corporation tax liability (either by the payment of such corporation tax liability or by making a gift aid payment or qualifying charitable donation to a Charitable Group Member equal to the Accounting Profit Offset Amount or a combination thereof) in respect of the Accounting Profit, less
- (ii) any retained profits of the Issuer (which, for the avoidance of doubt, does not include any amounts required to meet any payment obligations of the Issuer under the Conditions or any Transaction Documents) available to the Issuer (after all taxes thereon have been paid) and which it intends to apply in respect of such gift aid payment or qualifying charitable donation and/or corporation tax liability.

In the same accounting period or, where the Issuer is entitled to make a valid claim under section 199 of the Corporation Tax Act 2010, within nine months of the end of that accounting period, the Issuer will (if applicable) make a gift aid payment or qualifying charitable donation to a Charitable Group Member in an amount equal to the Accounting Profit Offset Amount.

Subject to the conditions precedent set out in Clause 4.2 (*Conditions to the Making of Further Commitments*) of the Original Loan Agreement, the Issuer may make further commitments to the Group Borrower, each in an amount to be agreed between the Issuer, the Group Borrower and the Security Agent, following the issuance of further bonds pursuant to Condition 19 (*Further Issues*).

Purpose

The proceeds of the New Loan may only be used by the Group Borrower for on-lending by the Group Borrower to the Existing Borrowers and any other member of the Sanctuary Group (the borrowers under such on-loans being, together, the "Borrowers") to be used by such Borrower only in accordance with such Borrower's charitable objects, as permitted by its rules. No member of the Sanctuary Group may be a Borrower unless it is an Existing Borrower or has complied with the requirements set out in "Addition of Guarantors" below (the Existing Borrowers and such additional members of the Sanctuary Group being in such capacity, together, the "Guarantors").

Interest

Rate of Interest

Following its advance, the New Loan (or the part thereof which has been advanced, as the case may be) will carry interest from (and including) the Interest Payment Date immediately preceding such advance at the rate of 2.375 per cent. per annum, payable in arrear by equal half yearly instalments on each Loan Payment Date (being four Business Days prior to each Interest Payment Date).

Interest Periods

Notwithstanding the fact that interest is payable on each Loan Payment Date, interest will accrue on the New Loan from (and including) an Interest Payment Date (or, in the case of the first interest period of the New Loan, the date of its initial advance) to (but excluding) the immediately following Interest Payment Date (each, a "Loan Interest Period").

The amount of interest payable by the Group Borrower in respect of the Interest Payment Date immediately following the Issue Date will be reduced by an amount equal to the product of (a) the Retained Accrued Interest and any interest received by the Issuer in respect of the Retained Accrued Interest from the Account Bank pursuant to the Account Agreement multiplied by (b) the Advanced Percentage (being the principal amount of the New Commitment which has been drawn by the Group Borrower pursuant to Clause 2 (*Facility*) of the Supplemental Loan Agreement expressed as a percentage of the New Commitment).

Commitment Fee

The Group Borrower shall pay to the Issuer a commitment fee in respect of the Undrawn Commitment on each Loan Payment Date in an amount equal to

- (a) the aggregate of the interest payable by the Issuer under the Bonds on the following Interest Payment Date less,
- (b) the aggregate of:
 - (i) the interest received from the Group Borrower under the Loan Agreement on such Loan Payment Date and any interest otherwise received by the Issuer in respect of the Undrawn Commitment in the relevant Loan Interest Period (including, but not limited to, any income received by the Issuer in respect of any Permitted Investments in which any Retained Proceeds are, for the time being, invested); and
 - (ii) in respect of the Interest Payment Date immediately following the Issue Date, an amount equal to the product of (x) the Retained Accrued Interest and any interest received by the Issuer in respect of the Retained Accrued Interest from the Account Bank pursuant to the Account Agreement and (y) the Retained Percentage (being the principal amount of the New Commitment which has not been drawn by the Group Borrower pursuant to Clause 2 (Facility) of the Supplemental Loan Agreement expressed as a percentage of the New Commitment).

The commitment fee shall accrue on a daily basis.

Repayment, Purchase and Prepayment

Repayment

The Group Borrower must repay the Loan in full four Business Days prior to the Interest Payment Date in April 2050 (the "Loan Maturity Date").

Bond Purchase Option

The Group Borrower and each Guarantor may at any time purchase Bonds on the London Stock Exchange, by tender or by private treaty at any price. Following any such purchase, the Group Borrower or the relevant Guarantor, as the case may be, may (but is not obliged to) surrender the Bonds to the Issuer to be cancelled. An amount of the outstanding balance of the Loan equal to the outstanding balance of the Bonds surrendered shall be deemed to be prepaid (or, to the extent that no Loan is then outstanding, then an amount of the Undrawn Commitment equal to the outstanding balance of the Bonds surrendered shall be deemed to be cancelled for the purposes of the Loan Agreement and a corresponding portion of the Retained Proceeds shall be paid by the Issuer to the Group Borrower or the relevant Guarantor, as the case may be).

The Group Borrower has acknowledged that the terms of the Bond Trust Deed provide that any Bonds which are for the time being held by or on behalf of, *inter alios*, the Group Borrower or any Guarantor as beneficial owner shall be deemed not to remain outstanding for the purpose of, *inter alia*, the right to attend and vote at any meeting of the Bondholders.

Optional Prepayment

Pursuant to Clause 5.3 (*Optional Prepayment*) of the Original Loan Agreement, the Group Borrower may, at any time before the Loan Maturity Date, by giving not less than 45 nor more than 60 days' notice in writing to the Issuer and the Security Agent, prepay the whole or (as the case may be) any part of the outstanding balance of the Loan, together with any interest accrued up to and including the date of prepayment and the relevant Prepayment Premium (being, for so long as any Bonds are outstanding, an amount equal to the excess of the amount notified to the Group Borrower by the Issuer as being the price determined under the Bond Trust Deed for the redemption of a corresponding principal amount of the Bonds over par).

Mandatory Prepayment - Redemption of Bonds

If the Bonds become redeemable prior to the Maturity Date, other than as a result of a prepayment or termination of the Loan Agreement, the Group Borrower shall prepay, at least one Business Day prior to the relevant date of redemption of the Bonds, the outstanding balance of the Loan, together with accrued interest and accrued commitment fee thereon up to and including the date of redemption.

Mandatory Prepayment - Cancellation of Status

Pursuant to Clause 5.6 (*Mandatory Prepayment - Cancellation of Status*) of the Original Loan Agreement, the Group Borrower shall promptly notify the Issuer and the Security Agent if it becomes aware that a Borrower ceases to be a Registered Social Landlord or a Registered Provider of Social Housing, as the case may be. Within 180 days of such notification, the Group Borrower shall prepay the whole of the outstanding balance of the Loan, together with any interest and commitment fee accrued up to and including the date of prepayment and the relevant Prepayment Premium, provided, however, that:

- (a) if the relevant Borrower either ceases to be a Borrower or regains its status as a Registered Social Landlord or a Registered Provider of Social Housing, as the case may be, within such period of 180 days; or
- (b) if the relevant Borrower has ceased to be a Registered Social Landlord or a Registered Provider of Social Housing, as the case may be, following, or as part of, a Permitted Reorganisation resulting from a transfer of all of its assets and liabilities to another Borrower which is itself a Registered Social Landlord or a Registered Provider of Social Housing, as the case may be,

the Group Borrower shall no longer be required to prepay the Loan in accordance with Clause 5.6 (*Mandatory Prepayment - Cancellation of Status*).

A "Registered Social Landlord" is defined for the purpose of the Loan Agreement as meaning a person registered as a social landlord pursuant to the Housing (Scotland) Act 2001 (as amended from time to time) or any replacement or successor legislation thereto.

A "Registered Provider of Social Housing" is defined for the purpose of the Loan Agreement as meaning a person listed in the register of providers of social housing established under the Housing and Regeneration Act 2008 (as amended by the Localism Act 2011 and as may be further amended from time to time) or any replacement or successor legislation thereto.

Redemption of Bonds - Further Payment in Respect of Retained Proceeds Par Amount

In the event that the Group Borrower elects to, or is otherwise required to, prepay the whole of the outstanding balance of the Loan and the Issuer is required to notify the Group Borrower of the price determined under the Conditions for the redemption of a corresponding principal amount of the Bonds, then the Issuer shall be entitled to also take account of the redemption of such principal amount of the Bonds that shall correspond to the Retained Proceeds Par Amount (being an amount equal to the Retained Proceeds including, where any Retained Proceeds are invested in Permitted Investments, the purchase price of the relevant Permitted Investments and ignoring, for these purposes, any increase or decrease in such Retained Proceeds as a result of gains or losses in respect of such Permitted Investments), and the price notified to the Group Borrower shall be increased accordingly.

Apportionment Basis

The Charged Properties securing the obligations of the Group Borrower under the Loan Agreement shall be apportioned on the Numerical Apportionment Basis (subject to the rights of the Beneficiaries to require the Specific Apportionment Basis to apply in limited circumstances after the occurrence of an Event of Default in accordance with the terms of the Security Trust Deed). See "Description of the Issuer Security and the Underlying Security" below.

The Issuer has confirmed that it shall agree (and shall be deemed to have confirmed to the Security Agent under the Security Trust Deed its agreement) to any apportionment (or adjustment to any apportionment) of its Apportioned Properties that are apportioned on a Numerical Apportionment Basis provided that the Group

Borrower would continue to be in compliance with the Asset Cover Test immediately after such apportionment (or adjustment to any apportionment).

Warranties and Covenants

The Group Borrower will make various warranties and covenants pursuant to Clause 9 (*Warranties and Covenants by the Group Borrower*) of the Original Loan Agreement. These warranties and covenants include, *inter alia*, the following:

Information Covenants

The Group Borrower must supply to the Issuer and the Security Agent not later than 180 days after the end of each relevant financial year copies of:

- (a) the audited financial statements of the Group Borrower and each Guarantor (together, the "**Obligors**") for such financial year; and
- (b) a certificate setting out, among other things, calculations in respect of the financial covenants substantially in the form set out in the Loan Agreement (the "Compliance Certificate") signed by an authorised signatory of the Group Borrower.

Negative Pledge

The Group Borrower shall procure that no Obligor shall create or allow to exist any Security Interest on any of its assets which are Security Assets, except as set out in Clause 9.2(c)(ii) (*General Covenants*) of the Original Loan Agreement which includes the Security Interests created pursuant to, *inter alia*, the Security Trust Deed and the Security Agreements and Security Interests created with the prior written consent of the Issuer.

No Other Business

The Group Borrower must not carry on any other business or own any assets other than incurring financial indebtedness to the extent permitted by the Finance Documents (as defined in the Security Trust Deed) including the entering into of derivative transactions in connection with protection against or to benefit from fluctuations in any rate, price, currency, index or credit rating, and the making of loans and guarantees to other members of the Sanctuary Group and matters relating thereto, each in its capacity as a group finance vehicle for the Sanctuary Group and/or the entry into the Finance Documents to which it is a party and all matters contemplated therein.

Charged Properties

The Group Borrower shall procure that each Guarantor obtains any authorisation or licence required in order to enable the Security Agent pursuant to the powers of enforcement conferred on it by the Security Documents to sell vacant Charged Properties and that each Guarantor maintains insurances on and in relation to its Charged Properties.

Covenants

The Group Borrower shall (unless the Security Agent otherwise agrees in writing) procure that each Guarantor complies with any covenants or restrictive covenants relating to a Charged Property which are binding on it.

Intra-group Facility Agreement

The Group Borrower undertakes to ensure that:

- (a) a sufficient rate of interest is charged under the Intra-group Facility Agreements (taken as a whole) to ensure that the Group Borrower is able to meet its obligation to pay interest under, *inter alia*, the Loan Agreement; and
- (b) the terms of any on-lending by the Group Borrower pursuant to the Intra-group Facility Agreements (including, for the avoidance of doubt, in respect of the on-lending of any actual advance amount

which is less than the principal amount of the relevant drawing under, *inter alia*, the Loan Agreement) shall be such that the Group Borrower is able to meet its obligation to repay principal under, *inter alia*, the Loan Agreement.

Asset Cover Ratio

Pursuant to Clause 10 (Asset Cover Ratio) of the Original Loan Agreement, the Group Borrower shall procure that at all times the sum of:

- (a) the Minimum Value of the NAB Charged Properties (or, in the event that the Charged Properties securing the obligations of the Group Borrower under the Loan Agreement are apportioned, at such time, on the Specific Apportionment Basis, the SAB Charged Properties) multiplied by the Issuer's Security Percentage;
- (b) the Retained Proceeds Par Amount; and
- (c) the Charged Disposal Proceeds,

will not be less than the aggregate amount of the Outstanding Commitment, provided however, that from and including the Final Charging Date, the Retained Proceeds Par Amount shall be deemed to be zero for the purpose of determining the Group Borrower's compliance with the Asset Cover Test.

Interpretation

For these purposes:

"Final Charging Date" means six months after the Issue Date;

"Issuer's Apportioned Part" means the number of units allocated to the Issuer under the Numerical Apportionment Basis from time to time;

"Issuer's Security Percentage" means:

- (a) where the Charged Properties securing the obligations of the Group Borrower under the Loan Agreement are apportioned on the Numerical Apportionment Basis, the Issuer's Apportioned Part divided by the total number of NAB Charged Properties (expressed as a percentage); and
- (b) where the Charged Properties securing the obligations of the Group Borrower under the Loan Agreement are apportioned on the Specific Apportionment Basis, 100%;

"Minimum Value" of the NAB Charged Properties and the SAB Charged Properties means:

$$\left(\frac{A}{105} + \frac{B}{115}\right) \times 100$$

A = the Value of the residential EUV-SH NAB Charged Properties or EUV-SH SAB Charged Properties, as the case may be, determined on the basis of EUV-SH; and

B = the Value of the residential MV-ST NAB Charged Properties or MV-ST SAB Charged Properties, as the case may be, determined on the basis of MV-ST.

The NAB Charged Properties and the SAB Charged Properties shall each be treated as EUV-SH NAB Charged Properties and EUV-SH SAB Charged Properties, respectively, for the purpose of determining the Minimum Value unless and until a Value, determined on the basis of MV-ST, is given by a Valuer in respect of any such Charged Property and the Valuer has confirmed that it has reviewed a Certificate of Title in respect of such Charged Property certifying that it may be disposed of by the relevant Guarantor on an unfettered basis (meaning subject only to any existing tenancies disclosed in the Certificate of Title but not subject to any security interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use);

"NAB Charged Properties" means the aggregate number of units comprising the Charged Properties which have been apportioned to beneficiaries on a Numerical Apportionment Basis;

"Retained Proceeds Par Amount" means an amount equal to the Retained Proceeds at the time of calculation and, for this purpose, where any Retained Proceeds are at that time invested in Permitted Investments, the amount of such Retained Proceeds shall be taken as the purchase price of the relevant Permitted Investments ignoring any gains or losses in respect of those Permitted Investments since the date of purchase;

"SAB Charged Properties" means, in the event that the Charged Properties securing the obligations of the Group Borrower under the Loan Agreement are apportioned, at such time, on the Specific Apportionment Basis following a request from the Issuer in the limited circumstances permitted in the Security Trust Deed, the Charged Properties forming part of the Issuer's Apportioned Part; and

"Value" means, at any time and in relation to the Charged Properties, the value of those properties as shown in the then latest Valuation Report or Desk Top Valuation on the basis of EUV-SH or, as the case may be, MV-ST (provided that if any Charged Property or part thereof is sold pursuant to a Right to Buy, the Value of the relevant Charged Property shall, for the purposes of this definition and with effect from the date of the relevant sale or release, be zero (if the entire relevant Charged Property has been sold) or (if only part of the relevant Charged Property has been sold) shall be the proportion of the value of the Charged Property which has not been sold pursuant to the relevant Right to Buy).

Substitution and Release of Charged Properties and Statutory Disposals

Substitution

At the request and expense of the relevant Obligor (acting through the Group Borrower), the Security Agent shall (and the Issuer shall be deemed to direct the Security Agent to) release from the relevant Security Documents such of the Charged Properties and substitute such of the Properties (each, a "Substitute Property") as may be selected by the relevant Obligor (acting through the Group Borrower), provided that the Group Borrower delivers to the Issuer and the Security Agent a completed Substitute Property Certificate certifying, *inter alia*, that the relevant Substitute Property is a residential property of a type and nature that is usually owned by Registered Social Landlords or Registered Providers of Social Housing, as applicable, and that, immediately following such release, the Asset Cover Test will not be breached as a result of the substitution of the relevant Properties.

Subject to the delivery by the Group Borrower to the Issuer and the Security Agent of a completed Substitute Property Certificate, the Issuer shall be deemed to have confirmed to the Security Agent under the Security Trust Deed its satisfaction with the conditions of Clause 2.3 (*Additional Charged Properties*) of the Security Trust Deed in relation to the Substitute Properties (see "*Additional Charged Properties*" below).

Disposal Proceeds

Pending the acquisition of any proposed Substitute Property by the relevant Obligor, the Group Borrower may procure that the relevant Obligor deposit the proceeds of disposal of the relevant Charged Properties which are released from charge under the relevant Security Documents into the Disposal Proceeds Account of the Issuer for the purpose of maintaining the Asset Cover Test (for the avoidance of doubt, the Group Borrower shall not be required to monitor the market value of any Permitted Investments). The Charged Disposal Proceeds may be withdrawn from the Disposal Proceeds Account:

- (a) to be applied by the relevant Obligor (provided, for the avoidance of doubt, that the relevant Obligor continues, at such time, to be a Registered Social Landlord or a Registered Provider of Social Housing, as applicable) in the acquisition of a Substitute Property; or
- (b) to the extent that such withdrawal would not cause a breach of the Asset Cover Test.

Notwithstanding the above, the Group Borrower may, at any time, deposit, or arrange for the deposit of, any other money into the Disposal Proceeds Account for the purposes of satisfying the Asset Cover Test.

The Group Borrower has acknowledged that the money standing to the credit of the Disposal Proceeds Account shall be charged in favour of the Bond Trustee pursuant to the terms of the Bond Trust Deed.

The Group Borrower has also acknowledged that the Issuer may invest all or any part of the Charged Disposal Proceeds in Permitted Investments in accordance with the Custody Agreement and that, as a result of any gains or losses made by the Issuer in respect of such Permitted Investments and any income received thereon (which shall, for the avoidance of doubt, be credited to the Disposal Proceeds Account), the amount of such Charged Disposal Proceeds may be greater or less than the amount deposited in the Disposal Proceeds Account by the relevant Obligors. The Group Borrower has acknowledged that neither it, nor any other Obligor, shall have any recourse to the Issuer in respect of any losses realised by the Issuer in respect of the Charged Disposal Proceeds as a result of investment in any Permitted Investments.

Following the redemption in full of the Bonds, the Issuer shall return any amount standing to the credit of the Disposal Proceeds Account to the relevant Obligor, to the extent that such balance has not otherwise been applied in accordance with the terms of the Bond Trust Deed.

Release

At the request and expense of the relevant Obligor (acting through the Group Borrower), the Security Agent shall release (and the Issuer shall be deemed to direct the Security Agent to release) from the relevant Security Documents such of the Charged Properties as may be selected by the relevant Obligor (acting through the Group Borrower) provided that the Group Borrower delivers to the Issuer and the Security Agent a completed Property Release Certificate, certifying that, immediately following such release, the Asset Cover Test will not be breached as a result of the release of the relevant Charged Properties.

Statutory Disposals

Each Obligor shall have the right to withdraw Property from the Residual Charged Property or the Lender's Apportioned Part, as the case may be, pursuant to any Statutory Disposal, provided that the Group Borrower delivers to the Issuer and the Security Agent a completed Statutory Disposal Certificate, certifying that the relevant withdrawal relates to a Statutory Disposal and that, immediately following such release, the Asset Cover Test will not be breached as a result of the release of the relevant Charged Properties.

Approval of New Properties

Subject to the delivery by the Group Borrower to the Issuer and the Security Agent of a completed New Property Approval Certificate confirming that, *inter alia*, the proposed New Properties are residential properties of a type and nature that are usually owned by Registered Social Landlords or Registered Providers of Social Housing, as applicable, and that a Valuation Report has been delivered to the Security Agent pursuant to the Security Trust Deed, the Issuer shall be deemed to have confirmed to the Security Agent under the Security Trust Deed its satisfaction with the conditions of Clause 2.3 (*Additional Charged Properties*) of the Security Trust Deed (see "*Additional Charged Properties*" below).

Valuations

Full Valuations

The Group Borrower shall deliver a Valuation Report to the Issuer at least once in every period of five calendar years in accordance with Clause 12.1(b) (*Full Valuations*) of the Original Loan Agreement, commencing on 31 March 2024.

Desk Top Valuations

The Group Borrower shall deliver to the Issuer and the Security Agent a Desk Top Valuation (being a valuation prepared by a Valuer on a "desk-top" basis) in the period between 31 March and the date falling 120 days thereafter in each year other than a year in respect of which a Valuation Report is required to be delivered under Clause 12.1(a) (*Full Valuations*) of the Original Loan Agreement).

Loan Events of Default and Enforcement

Group Borrower Default

Each of the following (set out in more detail in Clause 14 (*Group Borrower Default*) of the Original Loan Agreement) is a Group Borrower Default:

- (a) **Non-payment**: An Obligor does not pay on the due date any amount payable by it under the Finance Documents in the manner required under the Finance Documents, unless the non-payment continues for a period of not more than seven days in the case of principal and not more than 14 days in the case of interest.
- (b) **Breach of other obligations**: An Obligor fails to perform or observe any of its obligations under the Finance Documents (other than as referred to in (a) above and (i) below) and (except in any case where, in the opinion of the Security Agent, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Security Agent on the relevant Obligor of notice requiring the same to be remedied.

(c) Other non-payment:

- (A) Any other present or future indebtedness of an Obligor for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual default, event of default or the like (howsoever described);
- (B) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period; or
- (C) an Obligor fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned in (A), (B) or (C) above in this paragraph (c) have occurred equals or exceeds £10,000,000 or its equivalent in other currencies (as reasonably determined by the Security Agent) (and provided further, for the avoidance of doubt, that the amounts mentioned in this paragraph (c) shall exclude the amount of any Public Sector Subsidy except for any Public Sector Subsidy which is or becomes due and payable to the relevant grant making body or organisation).

- (d) **Winding-up**: Any order is made by any competent court or resolution passed for the winding up or dissolution of an Obligor save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Agent.
- (e) **Cessation of Business**: An Obligor ceases or threatens to cease to carry on the whole or, as determined by the Security Agent, a substantial part of its business, save for the purposes of a Permitted Reorganisation or other reorganisation on terms previously approved in writing by the Security Agent.
- (f) Failure or inability to pay debts: An Obligor stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent.
- (g) **Insolvency**: Any of the insolvency related events occurs or proceedings are taken as referred to in Clause 14.8 (*Insolvency*) or Clause 14.9 (*Insolvency Proceedings*), respectively, of the Original Loan Agreement (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Agent).
- (h) **Unlawfulness**: It is or becomes unlawful for an Obligor to perform any of its material obligations under the Finance Documents to which it is a party.

(i) **Breach of Asset Cover Test**: The Group Borrower fails to perform its obligations under Clause 10 (Asset Cover Ratio) of the Original Loan Agreement and (except in any case where, in the opinion of the Security Agent, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 60 days next following the service by the Security Agent on the Group Borrower of notice requiring the same to be remedied.

For these purposes Permitted Reorganisation means any amalgamation, merger, consolidation or transfer of engagements (whether entering into or acceptance thereof) of the whole of an Obligor's property (including, for the avoidance of doubt, any statutory procedure as provided for under the Co-operative and Community Benefit Societies Act 2014) made between such Obligor ("Party A") and any other entity ("Party B") provided that (i) Party B is a Registered Provider of Social Housing or a Registered Social Landlord and any new amalgamated entity to be created as a result thereof will be a Registered Provider of Social Housing or a Registered Social Landlord; (ii) following any such amalgamation, merger, consolidation or transfer of engagements in respect of which the property of Party A (including, for the avoidance of doubt, any liabilities) shall become vested in Party B or a new amalgamated entity, Party B or such new amalgamated entity will thereafter be responsible for all the liabilities of Party A pursuant to the Co-operative and Community Benefit Societies Act 2014; and (iii) a certificate executed by an authorised signatory of Party A or Party B confirming the above is provided to the Lender and the Security Agent.

Obligation to Notify the Issuer and the Security Agent

The Group Borrower and each Guarantor shall notify the Issuer and the Security Agent of any Group Borrower Default (and the steps, if any, being taken to remedy it) promptly upon becoming aware of the same (unless the Group Borrower or such Guarantor is aware that a notification has already been provided by the Group Borrower or another Guarantor).

Group Borrower Default Notice

Following the occurrence of a Group Borrower Default (but in the case of the happening of any of the events described in paragraphs (b) (*Breach of other obligations*) to (d) (*Winding-up*) (other than the winding up or dissolution of the Group Borrower) inclusive above, only if the Security Agent shall have certified in writing to the Group Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer (a "**Default Certification**")), the Security Agent at its discretion may, and shall, upon and in accordance with the request of the Issuer, declare by notice to the Group Borrower either:

- (a) that the security for the Loan has become, whereupon the security for the Loan shall become, immediately enforceable; or
- (b) (irrespective of whether a notice to the effect set out in (a) shall have already been given) that the Loan has become due and repayable, whereupon that Loan shall become immediately due and repayable at the outstanding balance thereof together with accrued interest, premium (if any) and any other amounts and the security therefor shall become immediately enforceable.

Enforcement

If the security constituted under any Security Documents becomes enforceable as a result of the service of a notice pursuant to Clause 14.13(b) (*Group Borrower Default Notice*) of the Original Loan Agreement, then the Security Agent or any Receiver (where appropriate) shall hold the monies arising from any sale, calling in, collection or conversion under, or otherwise arising from the exercise of, the powers of conversion contained in the Security Documents after the security has become enforceable upon trust to apply the same:

- (a) first, in payment or retention of all costs, charges, expenses and liabilities incurred in or about the exercise of such powers or otherwise in accordance with the Security Documents and payments made by the Security Agent, any Appointee or any Receiver in accordance with the Security Documents and of all remuneration payable to the Security Agent, any Appointee or any Receiver in accordance with the Security Documents with interest thereon as provided in the Security Documents;
- (b) second, in or towards payment to the Issuer of all interest then due and remaining unpaid on the Loan and all commitment fees then due and remaining unpaid;

- (c) third, in or towards payment to the Issuer of all principal and premium (if any) then due and remaining unpaid in respect of the Loan; and
- (d) fourth, in or towards payment to the Issuer of all other amounts then due and remaining unpaid under the Loan Agreement.

Addition and Resignation of Guarantors

Addition of Guarantors

Pursuant to Clause 21.4 (*Addition of New Guarantors*) of the Original Loan Agreement, the Group Borrower may procure that any member of the Sanctuary Group becomes a Guarantor provided that:

- (a) such member is a Charity and a Registered Social Landlord or a Registered Provider of Social Housing, as applicable;
- (b) all other Guarantors consent to such member becoming a Guarantor; and
- such member has entered into a Security Agreement in substantially the form set out in the Security Trust Deed (together with such security documents as it is required to enter into pursuant to such Security Agreement).

Resignation of Guarantors

Pursuant to Clause 21.5 (*Resignation of a Guarantor*) of the Original Loan Agreement, a Guarantor may cease to be a Guarantor, upon request by the Group Borrower, provided that the Group Borrower confirms that the Asset Cover Test will not be breached by reason of the resignation of such Guarantor.

Clauses 21.4 and 21.5 do not, however, prohibit a Permitted Reorganisation (but without prejudice to "Mandatory Prepayment - Cancellation of Status" above).

Taxes

The Group Borrower must make all payments to be made by it to the Issuer under, *inter alia*, the Loan Agreement and the Security Trust Deed, without any deduction or withholding for or on account of tax, unless a deduction or withholding is required by law.

If a deduction or withholding from any such payment is required by law to be made by the Group Borrower, the amount of the payment due from the Group Borrower shall be increased to an amount which (after making such deduction or withholding) leaves an amount equal to the payment which would have been due if no deduction or withholding had been required.

If as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement) that it would on the next following Interest Payment Date be required to make a withholding or deduction in respect of payments to be made by the Issuer to the Bondholders pursuant to the Conditions, the Group Borrower may (but, for the avoidance of doubt, shall not be obliged to), in its sole discretion, pay to the Issuer such additional amounts as will enable the Issuer (after such withholding or deduction) to pay to the Bondholders the amounts of principal and interest which they would have received in respect of the Bonds in the absence of such withholding or deduction. The Group Borrower shall continue to pay such additional amounts to the Issuer unless and until the Group Borrower delivers to the Issuer a notice stating that it shall cease to make such additional payments with effect from the next following Interest Payment Date.

Governing Law

The Loan Agreement, and any non-contractual obligations or matters arising from or connected with it, are governed by and shall be construed in accordance with English law.

DESCRIPTION OF THE INTRA-GROUP FACILITY AGREEMENTS

The following description of the Intra-group Facility Agreements consists of a summary of certain provisions of the Intra-group Facility Agreements and is qualified by reference to the detailed provisions thereof. The Intra-group Facility Agreements are not, however, incorporated by reference into, and therefore do not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Intra-group Facility Agreements.

Each of the Existing Borrowers has entered into, and each of the other Borrowers will enter into, an Intra-group Facility Agreement with the Group Borrower.

Facility

Subject to the provisions of the Intra-group Facility Agreements, the Group Borrower has agreed to make available to the Existing Borrowers (and will agree to make available to each of the other Borrowers) further sterling term loan facilities and revolving credit facilities in a maximum aggregate principal amount not exceeding £150,000,000 or such other higher or lower amount as may from time to time be agreed between the Group Borrower and such Borrowers.

Purpose

The Borrowers may use the proceeds of the Facility only in accordance with their respective charitable objects, as permitted by their respective Rules.

Interest

The rate of interest applicable to an advance during each relevant period shall be the rate per annum determined by the Group Borrower to cover the Group Borrower's average cost of funding (including, for the avoidance of doubt, margin and/or any mandatory cost) under the Loan Agreement, and any other loan agreements entered into by the Group Borrower, and adjusted by reference to the weighted average debt outstanding as between the Group Borrower and the relevant Borrower. Such amount shall be determined and notified to each Borrower on drawdown of each advance and thereafter on a quarterly basis by the Group Borrower.

Repayment

Each advance shall be repaid by each Borrower in full on the earlier of:

- (a) the Repayment Date relating thereto; and
- (b) the date certified by the Group Borrower to each Borrower as being the date on which the Group Borrower is required to make a repayment of an amount equal to or greater than the relevant advance under the Loan Agreement or any other loan agreement entered into by the Group Borrower.

Governing Law

Each Intra-group Facility Agreement, and any non-contractual obligations or matters arising from or connected with it, shall be governed by and construed in accordance with English law.

DESCRIPTION OF THE SECURITY AGREEMENTS, THE GROUP BORROWER SECURITY AGREEMENT AND THE SECURITY TRUST DEED

The Issuer's obligations in respect of the Bonds are secured pursuant to the Bond Trust Deed in favour of the Bond Trustee for the benefit of itself and the Bondholders and the other Secured Parties by the Issuer Security, which includes an assignment by way of security of the Issuer's rights, title and interest arising under the Security Agreements, the Group Borrower Security Agreement and the Security Trust Deed.

The following description of the Security Agreements, the Group Borrower Security Agreement and the Security Trust Deed consists of a summary of certain provisions of the Security Agreements, the Group Borrower Security Agreement and the Security Trust Deed and is qualified by reference to the detailed provisions thereof. The Security Agreements, the Group Borrower Security Agreement and the Security Trust Deed are not, however, incorporated by reference into, and therefore do not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Security Agreements, the Group Borrower Security Agreement and/or the Security Trust Deed.

SECURITY AGREEMENTS

Guarantee and Indemnity

The Existing Borrowers have each entered into, and each of the other Borrowers (together with the Existing Borrowers, each a "Guarantor" and, together, the "Guarantors") will be required to enter into, a Security Agreement with the Group Borrower and the Security Agent (each a "Security Agreement" and, together, the "Security Agreements").

Pursuant to the Security Agreements, each of the Existing Borrowers has, and each of the Borrowers other than the Existing Borrowers will have, irrevocably and unconditionally:

- (a) guaranteed to the Issuer the punctual performance by the Group Borrower of all its obligations under, *inter alia*, the Loan Agreement, the Security Trust Deed and the other Security Agreements;
- (b) undertaken with the Issuer that, whenever the Group Borrower does not pay any amount when due under, *inter alia*, the Loan Agreement, the Security Trust Deed and the other Security Agreements, it must, immediately on demand by the Security Agent, pay that amount as if it were the principal obligor; and
- (c) agreed to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes unenforceable, invalid or illegal.

First Fixed Charge

The Existing Borrowers, as security for the payment and discharge of all Secured Liabilities, has, and each of the other Borrowers will (if agreed with the Group Borrower) have, pursuant to its respective Security Agreement, charged in favour of the Security Agent for the benefit of itself and, *inter alios*, the Issuer:

- (a) (i) in the case of an English Borrower, by way of a first legal mortgage all the property referred to in Schedule 1 thereto (if any) together with all buildings and Fixtures thereon, the proceeds of sale of all or any part thereof and (so far as the same are capable of being mortgaged) the benefit of any covenants for title given or entered into by any predecessor in title of such Borrower and any moneys paid or payable in respect of such covenants; or
 - (ii) in the case of a Scottish Borrower, by way of standard security all heritable property located in Scotland referred to in Schedule Part 1 thereto (if any);

- (b) by way of first fixed charge:
 - (i) all fixed plant and machinery now or in the future owned by such Borrower and its interest in any fixed plant or machinery in its possession, in each case which form part of the Mortgaged Property;
 - (ii) all benefits in respect of the Insurances and all claims and returns of premiums in respect thereof:
 - (iii) the benefit of all present and future licences, consents and authorisations (statutory or otherwise) held in connection with its business so far as it relates to the Security Assets or the use of any of the Security Assets specified in paragraph (a) and subparagraph (i) above and the right to recover and receive all compensation which may at any time become payable to it in respect thereof; and
 - (iv) if and in so far as the legal mortgages set forth in paragraph (a) above or the assignments set forth in the section entitled "Assignment" below shall for any reason be ineffective as legal mortgages or assignments, the assets referred to in those clauses,

(excluding any assets located in Scotland).

Assignment

Sanctuary, as security for payment and discharge of all Secured Liabilities, has, and each of the other Borrowers will (if agreed with the Group Borrower) have, pursuant to its respective Security Agreement, assigned to the Security Agent for the benefit of itself and, *inter alios*, the Issuer all of its rights, title and interest in and to:

- (a) each Council Sale Agreement;
- (b) the personal agreements and covenants by the tenants, lessees, licensees or other parties under the Letting Documents and by all guarantors in respect thereof and all security held by such Borrower in respect of the obligations of the tenants, lessees, licensees or other parties under the Letting Documents (including, without limiting the generality of the foregoing, all moneys due and owing to such Borrower or which may become due and owing to such Borrower at any time in the future in connection therewith); and
- (c) all agreements, now or from time to time entered into or to be entered into for the sale, letting or other disposal or realisation of, or in connection with the management, ownership, refurbishment, development, repair, improvement or servicing of, the whole or any part of the Security Assets (including, without limiting the generality of the foregoing, all moneys due and owing to such Borrower or which may become due and owing to such Borrower at any time in the future in connection therewith).

Each Borrower shall, however, until an event of default has occurred and is outstanding under any loan agreement which is secured pursuant to the Security Trust Deed (including the Loan Agreement), be entitled to exercise all its rights and claims under or in connection with such agreements.

Under Scots law, it is not usual practice to perfect assignations in security of the Letting Documents. Therefore, with regard to the relevant leases and tenancies of a Scottish Borrower, the Security Agent shall instead take an unintimated assignation in security of the rental income derived from the Scottish Properties. The Security Agent shall also take unintimated assignations in security of various contracts relating to the Scottish Properties.

Representations, Warranties and Undertakings

The Existing Borrowers make, and the Borrowers other than the Existing Borrowers will make, various representations in respect of the Mortgaged Property including as to ownership, planning permission, covenants and security interests. In addition, each Borrower undertakes to repair, insure, pay or procure the payment of taxes in respect of and comply with all leases in respect of, the Mortgaged Property.

Enforcement of Security

Each Security Agreement provides, or will provide, that at any time after (i) an event of default has occurred under any loan agreement which is secured pursuant to the Security Trust Deed (including the Loan Agreement) which is outstanding and (ii) the service of a demand for payment on a Borrower by the Security Agent under the guarantee and indemnity contained in the relevant Security Agreement, the security created by or pursuant to such Security Agreement will be immediately enforceable and the Security Agent may, without notice to such Borrower or any prior authorisation from any court, in its absolute discretion:

- (a) enforce all or any part of that security (at the times, in the manner and on the terms it thinks fit) and take possession of and hold or dispose of all or any part of the Security Assets; and
- (b) in respect of security granted by an English Borrower, whether or not it has appointed a Receiver, exercise all or any of the powers, authorities and discretions conferred by the Law of Property Act 1925 (as varied or extended by the Security Agreement) on mortgagees and by the Security Agreement on any Receiver or otherwise conferred by law on mortgagees or Receivers.

Fixed charge receiverships are not competent under Scots law and the Law of Property Act 1925 does not extend to Scotland. Therefore, it is not possible for the Security Agent to appoint a Receiver of Scottish assets in the above-described manner. Any Scottish Security Agreement granted in favour of the Security Agent will however give to the Security Agent as many of the powers given to an English law Receiver as possible.

After the security constituted by, or pursuant to, the Security Agreement has become enforceable, the Security Agent may in its absolute discretion enforce all or any part of such security in such manner as it sees fit in accordance with the provisions of the Security Trust Deed.

Each Security Agreement further entitles the Security Agent and, *inter alios*, the Issuer to be indemnified and/or secured and/or prefunded out of the Security Assets in respect of all liabilities and expenses properly incurred by them in the execution of the powers, authorities or discretions vested in them pursuant to, *inter alia*, the Security Trust Deed or the Security Agreements.

Any moneys received by the Security Agent pursuant to the enforcement of the Security Agreements shall be applied by the Security Agent in accordance with the Security Trust Deed.

Governing Law

The Security Agreements, and any non-contractual obligations or matters arising from or connected with it, shall be governed by and construed in accordance with English law (or, in the case of a Security Agreement entered into by a Scottish Borrower, Scots law).

GROUP BORROWER SECURITY AGREEMENT

The Group Borrower has entered into the Group Borrower Security Agreement with the Security Agent, pursuant to which the Group Borrower has created the following security:

- (a) a first floating charge all of its rights in respect of any amount standing to the credit of the Receipts Account; and
- (b) an assignment of all of its present and future rights in respect of the Intra-group Facility Agreements, provided that, in each case, it shall be entitled to exercise all its rights and claims under or in connection therewith until a Group Borrower Default has occurred and is outstanding.

Enforcement of Security

The security created under the Group Borrower Security Agreement will become immediately enforceable if a Group Borrower Default is outstanding and the Security Agent gives notice to the Group Borrower that such security is enforceable.

After the security created by the Group Borrower Security Agreement has become enforceable, the Security Agent may in its absolute discretion enforce all or any part of such security in accordance with the provisions of the Security Trust Deed.

Any moneys received by the Security Agent or any Receiver pursuant to the enforcement of the Group Borrower Security Agreement shall be applied by the Security Agent in accordance with the Security Trust Deed.

Governing Law

The Group Borrower Security Agreement, and any non-contractual obligations or matters arising from or connected with it, are governed by and shall be construed in accordance with English law.

SECURITY TRUST DEED

The benefit of the guarantees and security created by the Borrowers and the Group Borrower pursuant to the Security Agreements and the Group Borrower Security Agreement, respectively, shall be held by the Security Agent on trust for the benefit of itself and, *inter alios*, the Issuer on the terms of the Security Trust Deed.

Division of Security Assets

Division of Charged Properties and Related Security Assets

The Loan Agreement specifies that the Charged Property is to be apportioned on a "Numerical Apportionment Basis". The Security Trust Deed provides that, where Numerical Apportionment Basis is specified as the basis for apportionment, a specific number of units within the portfolio of Charged Properties is designated to each Beneficiary (each, a "NAB Beneficiary") as agreed between the Group Borrower and, in the case of the Loan Agreement, the Issuer.

Where Numerical Apportionment Basis is specified as the apportionment basis, a Beneficiary in respect thereof is entitled to change its basis of apportionment to "Specific Apportionment Basis" only in the limited circumstances and in accordance with the procedures specified in the Security Trust Deed.

In the event that the apportionment basis is changed to Specific Apportionment Basis, the apportioned part of the Charged Properties shall be as selected and notified to the Issuer in accordance with the terms of the Security Trust Deed.

Disposals of Charged Properties

Pursuant to the terms of the Loan Agreement, the Guarantors are permitted to dispose of or have released to them Charged Properties subject to the requirements set out therein (see "Description of the Loan Agreement" above).

Such disposals and releases are permitted pursuant to the terms of the Security Trust Deed, provided that the Group Borrower remains in compliance with the asset cover ratio set out in the Loan Agreement and the disposal or release of such Charged Property will not result in the Group Borrower breaching any of such undertakings and no Group Borrower Default has occurred and is outstanding or would occur as a result of such adjustment and such Charged Property shall, upon disposal or release, be withdrawn from the Charged Properties (except that any disposal or release pursuant to a Right-to-Buy or Shared Ownership Sale in accordance with the Loan Agreement shall not be subject to the above proviso).

Additional Charged Properties

Pursuant to Clause 2.3 (*Additional Charged Properties*) of the Security Trust Deed, at the request and expense of the relevant Guarantor, the Security Agent shall accept any additional Property (and Related Security Assets) including any Scottish Property into charge as may be selected by the relevant Guarantor, subject to the requirements as to the nature of the Property, valuations in respect thereof and documentation relating thereto as set out therein.

Application of Proceeds

Application of Proceeds relating to the Residual Charged Properties

Any moneys received by the Security Agent in respect of the Residual Charged Properties (being Charged Properties which have not been apportioned on a Specific Apportionment Basis) (together with any Related Security Assets) less the relevant proportion of any costs and expenses of the Security Agent shall, in accordance with the Security Trust Deed, be applied in the following order of priorities:

- (a) first, in payment of any Specific Expenses relating to the Residual Charged Properties;
- (b) second, by allocating the balance among the NAB Beneficiaries by reference to their NAB Security Percentages so that the amount allocated to each NAB Beneficiary shall be applied in satisfaction when due of the Secured Liabilities owed to such NAB Beneficiary arising under or in connection with each loan agreement which is secured pursuant to the Security Trust Deed to which such NAB Beneficiary is a party (each a "Residual Loan Agreement") in the order of priority set out therein (deducting for its own account, where appropriate, any Valuer's Expenses from the relevant NAB Beneficiary's allocation) (and so that, in each case, any surplus remaining after payment of all such Secured Liabilities shall be re-allocated among the remaining NAB Beneficiaries mutatis mutandis in accordance with the foregoing provisions). For the avoidance of doubt, no surplus amounts shall be reallocated by the Security Agent until all Secured Liabilities have been fully discharged in connection with the relevant Residual Loan Agreement;
- (c) third, in satisfaction when due of the Secured Liabilities owed to each Other Beneficiary arising under or in connection with the Other Loan Agreements in accordance with the paragraph below; and
- (d) fourth, in payment of any surplus to the relevant Obligor.

Application of Other Proceeds

DESCRIPTION OF THE ACCOUNT AGREEMENT AND THE CUSTODY AGREEMENT

The Issuer has appointed Barclays Bank PLC as its Account Bank pursuant to the Account Agreement and The Bank of New York Mellon, London Branch as its Custodian pursuant to the Custody Agreement in relation to the issue of the Bonds.

The following description of the Account Agreement and the Custody Agreement consists of a summary of certain provisions of the Account Agreement and the Custody Agreement and is qualified by reference to the detailed provisions thereof. The Account Agreement and the Custody Agreement are not, however, incorporated by reference into, and therefore do not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Account Agreement and the Custody Agreement.

ACCOUNT AGREEMENT

Accounts

The Account Bank maintains three accounts for the Issuer in respect of the Bonds: the Transaction Account, the Initial Cash Security Account and the Disposal Proceeds Account.

Initial Deposits

The Issuer shall on the issue date of the New Bonds:

- (a) credit the Initial Cash Security Account with the Retained Proceeds, to the extent that such amount is not invested directly in Permitted Investments which are deposited in the Initial Cash Security Custody Sub-Account; and
- (b) credit the Transaction Account with the net issue proceeds of the New Bonds less the Retained Proceeds to the extent that such amount (less the Retained Accrued Interest) is not paid directly to the Group Borrower pursuant to, and in accordance with, the Loan Agreement.

The Issuer shall, upon receipt, credit to the Disposal Proceeds Account all amounts received from the Group Borrower pursuant to Clause 11.2 (*Disposal Proceeds*) of the Loan Agreement.

Future Deposits and Withdrawals

The Issuer has covenanted, pursuant to the Bond Trust Deed that:

- (a) prior to the enforcement of the Issuer Security, payments from the Initial Cash Security Account shall only be made to fund:
 - (i) the Original Commitment and the New Commitment (each as defined in the Loan Agreement) pursuant to, and in accordance with the terms of, the Loan Agreement;
 - (ii) payment to the Group Borrower or a Borrower in respect of any Bonds surrendered for cancellation in accordance with the Loan Agreement;
 - (iii) the purchase of Permitted Investments pursuant to the Custody Agreement; or
 - (iv) redemptions of the Bonds in accordance with the Conditions;
- (a) prior to the enforcement of the Issuer Security, payments from the Disposal Proceeds Account shall only be made to the Group Borrower or a Borrower pursuant to, and in accordance with the terms of, the Loan Agreement or to purchase Permitted Investments pursuant to the Custody Agreement; and
- (b) no payments from the Transaction Account will be made other than in accordance with the Conditions and the Issuer has undertaken to procure that amounts are paid into and out of the Transaction Account only in accordance with the Conditions, the Account Agreement and the Agency Agreement.

The Account Bank is under no obligation to monitor compliance with the above covenants.

Interest

Any monies standing to the credit of the Transaction Account, the Initial Cash Security Account and/or the Disposal Proceeds Account will earn interest at the rate(s) agreed from time to time between the Account Bank and the Issuer.

Pursuant to the Account Agreement, interest accrued on the Transaction Account and the Initial Cash Security Account shall be credited to the Transaction Account and interest accrued on the Disposal Proceeds Account shall be credited to the Disposal Proceeds Account.

Change of Account Bank

The appointment of the Account Bank may, with the prior written approval of the Bond Trustee, be terminated upon 60 days' written notice (subject to the appointment of a replacement Account Bank) or forthwith at any time the Account Bank is adjudged bankrupt or insolvent. The appointment of the Account Bank may also be terminated in the event that the short-term senior, unsecured and unguaranteed indebtedness rating of the Account Bank as assigned by Moody's or S&P falls below "P- 1" or "A1", respectively, or is withdrawn and there are amounts standing to the credit of the Initial Cash Security Account or the Disposal Proceeds Account (subject to the appointment of a replacement Account Bank).

The Account Bank may resign its appointment upon giving at least 60 days' written notice (subject to the appointment of a replacement Account Bank).

Pursuant to the Account Agreement, the appointment of any replacement Account Bank shall be subject to the prior written approval of the Bond Trustee, be on substantially the same terms as the Account Agreement and be subject to the condition that it must have a short-term senior, unsecured and unguaranteed indebtedness rating from Moody's or S&P of no less than "P-1" or "A1", respectively.

CUSTODY AGREEMENT

Custody Account

Pursuant to the Custody Agreement, the Custodian shall, subject to receipt of such documents as it may require, open, in the name of the Issuer, the Disposal Proceeds Custody Sub-Account and the Initial Cash Security Custody Sub-Account (the "Custody Sub-Accounts") and the Disposal Proceeds Cash Sub-Account and the Initial Cash Security Cash Sub-Account (the "Cash Sub-Accounts" and, together with the Custody Sub-Accounts, the "Custody Account").

Payments and Delivery

The Issuer has authorised the Custodian to make payments and delivery out of the Custody Account only for the purpose of any acquisition or sale of Permitted Investments or as provided below.

Pursuant to the Custody Agreement, unless otherwise instructed pursuant to Instructions to make a payment out of the proceeds of any Distributions in respect of Permitted Investments held by the Issuer in the settlement of an acquisition of other Permitted Investments on or prior to the date of receipt of such Permitted Investments (subject as provided below), the Issuer has authorised and instructed the Custodian, forthwith upon receipt to transfer:

- (a) all Distributions credited to the Disposal Proceeds Cash Sub-Account to the Disposal Proceeds Account;
- (b) all Distributions (including any amount representing Permitted Investment Profit (if any)) credited to the Initial Cash Security Cash Sub-Account (other than Distributions which represent redemption and/or sale proceeds less any Permitted Investment Profit (if any)) to the Transaction Account; and
- (c) all Distributions credited to the Initial Cash Security Cash Sub-Account (other than those to be credited to the Transaction Account pursuant to (b) above) to the Initial Cash Security Account,

subject, in each case, to any deductions in respect of any taxes or levies required by any revenue or governmental authority.

The Issuer has agreed that it shall not instruct the Custodian pursuant to Instructions to make a payment out of the proceeds of any Distributions standing to the credit of the Initial Cash Security Cash Sub- Account other than Distributions which represent redemption and/or sale proceeds (but excluding any amount representing Permitted Investment Profit (if any)) and that such amounts shall forthwith upon receipt be transferred to the Transaction Account in accordance with (b) above.

Interest

Any monies standing to the credit of the Disposal Proceeds Cash Sub-Account and the Initial Cash Security Cash Sub-Account will earn interest at the rate(s) agreed from time to time between the Issuer and the Custodian.

Change of Custodian

The appointment of the Custodian may, with the prior written approval of the Bond Trustee, be terminated upon 45 days' written notice (subject to the appointment of a replacement Custodian) or forthwith at any time the Custodian is adjudged bankrupt or insolvent. The appointment of the Custodian may also be terminated in the event that the short-term senior, unsecured and unguaranteed indebtedness rating of the Custodian as assigned by Moody's or S&P falls below "P-1" or "A1", respectively, or is withdrawn and there are Permitted Investments standing to the credit of the Custody Account (subject to the appointment of a replacement Custodian).

The Custodian may resign its appointment upon giving at least 30 days' written notice (subject to the appointment of a replacement Custodian).

Pursuant to the Custody Agreement, the appointment of any replacement Custodian shall be subject to the prior written approval of the Bond Trustee, be on substantially the same terms as the Custody Agreement and be subject to the condition that it must have a short-term senior, unsecured and unguaranteed indebtedness rating from Moody's or S&P of no less than "P-1" or "A1", respectively.

As such there may be circumstances where these duties conflict with their duties as directors of the Issuer as a result of the Issuer being a lender to the Group Borrower under the Loan Agreement and a beneficiary of the security created by Sanctuary or Sanctuary Affordable Housing under its respective Security Agreement.

DESCRIPTION OF THE SANCTUARY GROUP

THE SANCTUARY GROUP

Sanctuary is the parent and principal operating entity of the Sanctuary Group which is one of the largest groups of Registered Providers of Social Housing and Registered Social Landlords in the United Kingdom, managing approximately 105,509 units of accommodation throughout England and Scotland, providing different types of accommodation such as affordable housing for rent, shared ownership properties, sheltered housing, housing for those with special needs, care homes and student and key worker accommodation.

Sanctuary is a registered society with charitable objects and its purpose is to provide good quality, affordable housing for people in need. Although the organisation is run as a business, it does not trade for profit and any surplus is reinvested back into the organisation to maintain existing homes and to help finance new properties. Registered Providers of Social Housing form a key part of the provision of social housing in the United Kingdom. As an Registered Provider of Social Housing, Sanctuary is regulated by the RSH, which monitors the quality of service provided and has powers to intervene where it feels the organisation is being inappropriately managed or is in financial difficulty. Homes England provides Government funding in the form of grants and subsidised land to Registered Providers of Social Housing.

Background and History

Sanctuary was established on 5 May 1969 and has grown over the years through a series of strategic mergers and national development programmes. Sanctuary operates in the UK social housing environment, which receives direct and indirect government support.

Sanctuary's corporate strategy begins with its mission. It sets out what Sanctuary is trying to achieve and its values define how Sanctuary will behave in delivering that mission.

Sanctuary uses enablers of people, technology and innovation and financial strength to achieve significant progress in their four strategic priorities of engage, invest, advance and grow. They measure all their work through a balanced suite of key performance indicators, which they report to the Group Board, to the Executive Committee, to their people and on their website.

Corporate Rating

Sanctuary has a credit rating of "A2" from Moody's and "A" from S&P.

Intra group Agreements

Sanctuary is part of a group structure arrangement that meets the regulatory requirements of the RSH. Parental control is exercised by Sanctuary through powers contained in the rules or (as the case may be) articles of association of each of its subsidiaries which are Registered Providers of Social Housing or Registered Social Landlords and in intra group agreements ("IGAs") which together enable Sanctuary to appoint all or a majority of board members or to remove all board members and to approve business, operational and other financial plans of such subsidiaries. The IGAs also provide for dispute resolution between the parties, however none of the Borrowers can leave the Sanctuary Group without the consent of the RSH.

Corporate Governance

The RSH's governance and financial viability standard requires Registered Providers of Social Housing:

- to have governance arrangements that ensure that they have structures, systems and processes to
 deliver their aims, objectives and intended outcomes for tenants and potential tenants in an effective,
 transparent and accountable manner; and, specifically, to adopt and comply with an appropriate code
 of governance; and
- to manage their resources effectively to ensure their viability is maintained and, specifically, to have effective controls and procedures to ensure security of assets and the proper use of public funds; to have effective systems to monitor and report delivery of their plans; to identify and effectively manage the risks to delivery of financial plans; and to have a robust and prudent business planning and control framework.

The board of Sanctuary has adopted the National Housing Federation's Excellence in Code of governance - promoting board excellence for housing associations and seeks to comply with the RSH's good practice guide for treasury management for housing associations.

The Sanctuary Group is currently rated "G1" for governance and "V2" for viability by the RSH. This is a routine process of regulation which assesses an organisation's performance as outlined in the RSH's Governance and Financial Viability standard. The "G1" rating means that the Sanctuary Group meets the highest requirements on governance set out in the Governance and Financial Viability standard. The "V2" rating means that the Sanctuary Group meets the RSH's viability standards. It has the financial capacity to deal with a reasonable range of adverse scenarios but needs to manage material risks to ensure continued compliance.

VALUATION REPORTS

The New Bonds are secured by, *inter alia*, an allocation of Charged Properties from a shared security pool. The holders of the New Bonds share their security with the holders of the Existing Bonds and will share in the security for the Existing Bonds. On an ongoing basis, the Security Agent apportions such number of parts of the Charged Properties between all the Beneficiaries (including the Issuer) as is appropriate. The following valuation reports (the "Valuation Reports") therefore relate to the total shared security pool, an appropriate part of which will be allocated to secure the Bonds, such part as is required to enable the Group Borrower to satisfy the Asset Cover Test (as defined in the Loan Agreement) (see the section entitled "Description of the Loan Agreement" above)).

The Valuation Reports were prepared by Jones Lang LaSalle Limited, Registered Chartered Surveyors of 30 Warwick Street, London W1B 5NH ("JLL England") and Jones Lang LaSalle Limited, Registered Chartered Surveyors of 7 Exchange Crescent, Conference Square, Edinburgh EH3 8LL ("JLL Scotland" and, together, the "Valuers"). The Valuation Reports are included in these Admission Particulars, in the form and context in which they are included, with the consent of the respective Valuers and each Valuer has authorised the contents of the section entitled "Valuation Reports" in respect of the Valuation Report prepared by it.

Neither of the Valuers has a material interest in the Issuer, the Group Borrower or any Existing Borrower.

As at the date of these Admission Particulars, the Issuer confirms that no material changes have occurred to each Valuation Report since the effective date of such Valuation Report.

Summary of valuations

A summary of the values of the Charged Properties in the total shared security pool set out in the Valuation Reports is set out below:

Issuer's Apportioned Part

Of the 33,475 units which comprise the total shared security pool (excluding the nil value units), 6,525 units will be apportioned to the Issuer as lender under the Loan Agreement. The Issuer's Security Percentage for the purpose of calculating the Asset Cover Test is therefore 19.4921583%.

Executive Summary

This summary should be read in conjunction with the main body of our report. Section numbers are supplied where relevant.

Introduction

The date of this report is 15 July 2022.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 31,229 properties for loan security purposes.

Properties

The portfolio comprises 29,918 social housing units located across England. From our inspections are a mixture of ages and of traditional brick or concrete and steel construction.

The portfolio contains a mixture of different tenures as summarised in the table overleaf and set out in greater detail in section 3 of this report. We have further split the portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

In addition, there are 1,311 units in the portfolio which form ancillary accommodation, have been sold on long leases or fully staircased. Sanctuary Housing Association and Sanctuary Affordable Housing Limited's interest in these units is considered to be de minimis for the purpose of this exercise and so they have been included at nil value. Furthermore, please note that these properties have not been included in any unit counts or other statistics in this report.

In accordance with our instruction, we have inspected 20% of the units in the portfolio externally (section 3).

Valuations

The effective date of valuation is 31 March 2022.

Our valuation of the 20,229 properties being valued on the basis of Existing Use Value for Social Housing ("EUV-SH"), in aggregate, at the valuation date is:

£1,222,365,000

(one billion, two hundred and twenty-two million, three hundred and sixty-five thousand pounds)

Our valuation of the 9,689 properties being valued on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

£1,157,460,000

(one billion, one hundred and fifty-seven million, four hundred and sixty thousand pounds)

The following table summarises our opinions of value (section 6):

Portfolio Analysis

Strengths:

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for all areas is broadly in line with other Registered Providers of Social Housing ("RPs")
 in the respective areas;
- the level of rental income is, in aggregate, below the relevant levels of Local Housing Allowance ("LHA") for each region;
- the EUV-SH and MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio's location and composition;
- we have made conservative assumptions with regard to the respective rent and sales contributions to the valuations of the shared ownership units and they are not overly dependent on proceeds from sales;
- there are currently 1.16 million households on local authority waiting lists across England;
- based on current levels of affordable housing supply (new build) across England, there are 50 households on the waiting list for every new property being built; and
- EUV-SH values are likely to maintain their current levels as stock transactions within the sector and access to debt markets continue to take place, albeit with more hesitancy due to market fluctuations.

Weaknesses:

- the age of the properties mean they require continued investment in order to be able to maintain the same level of rental income in the long term;
- downward pressure on house prices in the medium-term and falling transaction volumes could impact upon MV-T values going forward; and
- there are short-term risks for RPs' income not supported by housing benefit and a greater number of voids and arrears.

Opportunities:

- increased efficiencies are continuing to be driven by mergers between RPs;
- rationalisation of RPs' stock allowing for more efficient asset management;
- investment of REITs and other funds into the sector as whole;

• reactive changes to working conditions and government policy could drive further efficiencies in the sector and wider economy in the longer-term.

Threats:

- changes in government policy such as a further period of rent cuts or changing the Rent Regime to CPI only;
- as a result of the Hackitt Review and other influences, the social housing sector is undertaking extensive investigations and works around fire and building safety, and the required scope of such works might change over time; and
- sharp increase in the cost of materials and labour to carry out any repairs and maintenance work on existing stock and meet development plans.

Suitability of Security

Your instructions require us to comment on whether the properties we have valued continue to provide adequate security for the Issue.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However, we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this portfolio of properties, then it would be possible to achieve a sale to another RP that would be at a price at least equivalent to our valuation on the basis of EUV-SH or, in principle, to a private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.

Based on the sample of inspections undertaken as a part of this valuation exercise, and our previous inspections, we are satisfied that the properties are being maintained to an acceptable social housing standard in line with the Regulator of Social Housing ("RSH") regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.

With the above factors in mind, and with specific regard to the continuing need for well-maintained social housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate social housing landlords and private institutional investment firms.

Subject to the information presented within this report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this portfolio is suitable for security purposes.

1 Introduction

1.1 Background

Jones Lang LaSalle Limited (hereafter "JLL") has been instructed to prepare a valuation of 31,229 properties owned by Sanctuary Housing Association and Sanctuary Affordable Housing Limited (each a "Borrower" and, together "the Borrowers"). We understand that the underlying security in respect of the Bonds will be comprised a percentage of, among other properties, the properties being the subject of this report.

1.2 Compliance

Our valuations have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, and the RICS Valuation – Global Standards – UK National Supplement published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This report has been prepared by James Massey MRICS (Valuer Number: #5036140) under the supervision of Marc Burns, both James and Marc are Directors in the Affordable Housing team of JLL. The report has been countersigned by Richard Petty FRICS (Valuer Number: #0089005), Head of UK Living Advisory at JLL.

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this report.

The effective valuation date is 31 March 2022.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Borrowers' accounts. This report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this report. We understand that values given in the Borrowers' accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the Borrowers. This is an entirely different basis of valuation from that used for loan security purposes.

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. A RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the Borrowers, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the Borrowers is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2021) and that we do not anticipate this situation changing in the foreseeable future.

1.3 Instructions

Our report is prepared in accordance with the Borrowers' formal instructions.

We have been instructed to prepare our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Please note that the properties that have been valued on the basis of MV-T have also been valued on the basis of EUV-SH, for information purposes only.

1.4 Status of Valuer

In preparing this report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility within JLL is considered no later than the end of 2027.

1.5 The Stock Rationalisation Market – EUV-SH Transactions

As you will be aware, an active market exists for the sale of tenanted stock between RPs. This can be driven by strategic decisions about the type and location of accommodation that RPs wish to provide, and the viability of investing in properties to bring them up to the required standards.

Where competition is generated, a market has emerged in which RPs bid against one another on price. The resulting values, even though presented on an EUV-SH basis, tend to be in excess of base EUV-SH values that might be expected for balance sheet or loan security purposes.

Although this may appear hard to justify, the underlying rationale is as follows:

- the bidding price is still much less than the cost of development;
- the marginal cost of taking additional units into management, in an area where the acquiring RP already has stock, justifies a financial model based on relatively low costs for management, repairs and maintenance;
- the judgement of all-round risk formed by the acquiring RP, as reflected in the discount rate, is often lower (and the rate therefore keener) than would be acceptable to either a funder or an auditor in a balance sheet context;
- the price is worth paying to achieve strategic objectives around increasing a presence in a particular area or market; and/or
- the price may be supported by future void sales and/or changes of tenure (for example, from Social Rent to Affordable Rent).

1.6 Deregulatory Measures

A package of deregulatory measures for which the primary legislation was the Housing & Planning Act 2016 came into force on 6 April 2017. These are very significant for the UK social housing sector, as they give RPs greater

freedom in terms of commercial decision making than they have ever previously enjoyed in terms of the reduced ability of the regulator to prevent asset management actions.

The deregulatory measures introduced, give RPs the freedom to dispose of assets without the regulator's consent, either with or without tenants in place. Disposals include the grant of leases and the creation of charges when assets are pledged as security for loan security purposes.

There are already early signs that these measures are having an effect on RPs' thinking, and on their business plans, as they begin to adopt a more commercial approach to asset management as one of the tools at their disposal to respond to the greater financial pressures and expectations upon them. For example, through our day to day work, we are beginning to see more analytical requirements in terms of asset management decisions, around investment, remodelling and sale; and an element of sales being built into some stock rationalisation bids.

To be clear this does not mean that RPs are in any way sacrificing their fundamental social ethos. Rather, it is a recognition that, as for any charitable organisation, making best use of its assets to enable it to meet its charitable objectives is an obligation rather than an option; and that commercial behaviour is not at all incompatible with a strong social ethos, within a framework of strong governance.

As mentioned, some RPs are steadily starting to build in an element of void sales into some stock rationalisation bids, however in accordance with our instructions, we have not considered or built in any rate for sales of void properties within our EUV-SH valuations.

1.7 Conflict in Ukraine

On 24 February 2022, Russian forces entered Ukraine and conflict ensued.

At the time this report was drafted the extent of the conflict and its longer-term impact were unknown.

The conflict caused immediate volatility in global stock markets and consequences are anticipated in relation to the cost and availability of energy and natural resources, particularly within Europe. There is a risk that the conflict could escalate and directly involve NATO countries.

Sanctions have been imposed against Russia.

The impact on the property market outside of the immediate area affected by the conflict is as yet unknown and, at this stage, there is no evidence that transaction activity and the sentiment of buyers or sellers has changed. The market can therefore still be described as functioning, albeit still in the aftermath of the COVID-19 crisis.

Accordingly - and for the avoidance of doubt, our valuation is not reported as being subject to 'material valuation uncertainty' as defined by VPS 3 and VPGA 10 of the RICS Valuation – Global Standards.

This explanatory note has been included to ensure transparency and to provide further insight as to the market context under which the valuation opinion was prepared. In recognition of the potential for market conditions to move rapidly as the conflict in Ukraine evolves, we highlight the importance of the valuation date.

2 Methodology

2.1 Valuation Model

We have undertaken our valuation of the portfolio using fully explicit discounted cashflow models, over a 50-year period, with the net income in the final year capitalised into perpetuity.

For the purposes of our valuation, we have split this portfolio by tenure in order to reflect the different risks and opportunities associated with each business stream. We have further split the portfolio geographically by region to reflect the different markets in which the properties are located and the associated risks and opportunities.

In accordance with section 1.5, whilst we recognise that there is a growing active market for the sale of tenanted stock between RPs, we have not split the portfolio into 'lots' to reflect this and have, in accordance with our instructions, valued the properties as a single portfolio.

Against the income receivable for each property, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance; day-to-day repairs; and for future staircasing (where applicable). We have assumed an appropriate level of future growth in these costs (expenditure inflation).

We have then discounted the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. A more detailed explanation of the discount rate is included in section 4.

2.2 Information Provided

The principal source of background data for the portfolio has been the rent roll for each property provided by the Borrowers. This detailed the number and type of units, the rent payable, tenancy type, and equity retained by the association (where applicable).

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

A location plan of the portfolio is provided as Appendix 2.

2.3 Inspections

The portfolio comprises nearly 30,000 properties, which, in line with the loan agreement, are required to be inspected by a valuer every 5 years. The logistics of inspecting this number of units in one year would be time consuming and costly. It has been agreed with the Borrowers that we will inspect around 20% of the properties every year, so over a 5-year period all of the properties will have been inspected.

It has not been possible to carry out internal inspections for the purposes of this exercise. However, we are confident that the information gathered during previous inspections of the portfolio, as well as our wider knowledge of the Borrowers' properties from other similar exercises is sufficient to support the opinions of value provided within this report.

In accordance with our instructions, we have inspected 20% of the schemes externally, our inspections were carried out between 31 January 2022 and 17 February 2022.

A representative selection of photographs is provided as Appendix 3.

2.4 Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research and using RightmovePlus, a bespoke tool for comparable evidence;
- examining local benchmark affordable rents and comparing these with the Borrowers' rents; and
- analysing data provided by the Borrowers.

3 General Commentary

- address;
- unit type;
- title number; and
- tenure.

3.3 Condition

We have not carried out a condition survey, this being outside the scope of our instructions.

The properties within the portfolio are a mixture of ages. From our inspections the properties are a mixture of traditional brick and concrete and steel construction under pitched, tile or slate-clad roofs. Windows are of timber, uPVC casement or sash frames and the majority of the properties appear to be double-glazed.

The property ages and construction methodology have been factored into the assumptions we have made regarding voids, discount rates and repairs and maintenance.

Based on our inspections, we are satisfied that the properties are being maintained to an acceptable social housing standard, in line with RSH regulatory requirements and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

3.4 Fire Safety

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021" (the 'Guidance Note'), effective from 5 April 2021.

The purpose of the Guidance Note is to help valuers undertaking valuations of domestic residential blocks of flats in the UK for secure lending purposes. It sets out criteria for buildings of different heights that can be used to identify where possible remediation work to cladding for fire safety purposes is likely to be required and may materially affect the value of the property.

We understand that all of the blocks in portfolio have been recently reviewed by the Borrowers and Fire Risk Assessments been carried out where necessary.

We have been informed by the Borrowers that from these assessments, there were 3 blocks where the construction of the external wall system previously contained potentially combustible cladding or timber balconies were present. We understand that all remedial works have now been completed at the schemes in question.

3.5 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Borrowers. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs.

However, the Borrowers have confirmed the EPC rating applicable for 23,463 properties in the portfolio which are summarised in the table below:

EPC Rating	Units
А	5
В	4,344
С	11,684
D	6,566
Е	807
F	40
G	3
Unknown	6,469
Total	29,918

We note that some of the properties have an EPC rating of F or G which falls below the minimum EPC threshold required for lettings in the private rental market. However, we have valued these properties on the basis of EUV-SH or MV-T (where appropriate) and, in respect to properties that have been valued on the basis of MV-T, we have made an allowance of £2,800 in the first 2 years of our cashflow to bring the properties up the minimum regulatory EPC standard (E) that must be achieved before they can be let as Market Rent.

These ratings are included in the valuation schedule at Appendix 3.

3.6 Climate Change Risk and Net Zero Carbon

Global warming targets set in the Paris Agreement are 1.5-2.0° Celsius above pre-industrial levels. Even the lower end of this range will produce significant changes to global climate systems, including extreme heat or cold events, higher frequency and severity of precipitation or drought, and sea level rise. Therefore, the level of physical climate-related risk of the subject property is likely to fluctuate over its useful life. High levels of climate risk could affect occupier and investor demand, as well as ability to obtain building insurance.

There is an increased focus on Environmental, Social & Governance (ESG) criteria for investment across all asset classes, including real estate. There are also various new, ESG-focused funds entering the real estate market. As a result, the value of property assets of all types is likely to be increasingly affected over time by long term, sustainability challenges. We note that, under the Paris Agreement, the 2050 vision is for all buildings, both new and existing, to be net zero carbon across the whole life cycle. As an interim ambition, the agreement envisages that all new buildings should be able to achieve zero carbon in operations, and aim to reduce carbon emissions by 40%, by 2030,

To achieve the best sustainability credentials and, in particular, to achieve Net Zero Carbon specification, the cost of a refurbishment of a building is currently higher than it would be for a refurbishment which fell short of the standards. However, given the speed at which both the legislation and ESG requirements are advancing, there is a risk that, within the next ten years, further capital expenditure will be required. However, such costs may be mitigated in the future through the principles of the Circular Economy, with a greater focus on recycling materials, and the development of more flexible buildings which can be refurbished and adapted to alternative uses more economically.

Therefore, in terms of cashflow, we anticipate that the technological advances, combined with the increased supply of products and competition, will lower these costs over time and we have not, at this stage, included in our valuation any additional allowance for costs to support the move to net zero carbon over the period covered by our valuation models.

4 Valuation Commentary – Rented Stock

4.1 Introduction

There are 29,358 rented properties in the portfolio. The rented properties within the portfolio are a mixture of general needs, market rent, intermediate rent, supported and sheltered social housing properties.

4.2 Tenancies

The majority of the rented properties (circa 98.2%) are let on assured tenancies, the remaining 536 units are let on secure tenancies. We have previously reviewed a sample of tenancy agreements provided by the Borrowers and have assumed that all of the tenancy agreements relating to the properties within the portfolio are in the same form. Based on our review of these agreements, we can confirm that all are in a standard form and that our valuations reflect the terms contained therein.

4.3 Rental Income

The following table summarises the total income that the Borrowers receive from the portfolio annually:

Business Stream	Units	Annual Income	Average Rent
General Needs	23,317	£117,371,661	£96.80
Sheltered	5,201	£24,587,850	£90.91
Market Rent	37	£363,510	£188.93
Intermediate Rent	104	£1,091,916	£201.91
Supported	699	£3,257,681	£89.62
Total	29,358	£146,672,618	£96.08

According to the Valuation Office Agency, LHA is set at the 30th centile point between what in the local Rent Officer's opinion are the highest and lowest non-exceptional rents in a given Broad Rental Market Area. This analysis looks at local properties and differentiates by bedroom number but not by property type (i.e. houses and flats). These statistics are used as a reference for housing benefit and are a good indication of rent levels which are affordable in a given area.

The following table sets out a comparison of the Borrowers' average rents with the average LHA in the portfolio and also our opinion of Market Rents for comparable properties in the same areas (rents are shown on the basis of 52 weeks). A breakdown per property is included within the schedule at Appendix 2.

Property Type	Average Passing Rent	Average LHA	Average Market Rents	% of LHA	% of Market Rent
General Needs	£96.80	£169.14	£220.74	57.2%	43.9%
Sheltered	£90.91	£129.13	£160.85	70.4%	56.5%

Property Type	Average Passing Rent	Average LHA	Average Market Rents	% of LHA	% of Market Rent
Intermediate Rent	£201.91	£267.42	£348.53	75.5%	57.9%
Market Rent	£188.93	£180.53	£176.40	104.7%	107.1%
Supported	£89.62	£155.83	£216.68	57.4%	41.3%

We have relied upon the rental information provided by the Borrowers.

4.4 Affordability

In addition, we have looked at the passing rents as a proportion of local net weekly earnings as reported by the Office of National Statistics in its provisional 2021 Annual Survey of Hours and Earnings. The results for each of the regions in our valuations are shown in the table below and, in our opinion, demonstrate that the rents being charged by the Borrowers are affordable.

Region	Average Weekly Earnings	General Needs	As %age	Sheltered & Supported	As %age
North West	£446.13	£96.50	21.6%	£95.98	21.5%
Yorkshire and the Humber	£436.04	£87.10	20.0%	£89.18	20.5%
East Midlands	£434.82	£90.46	20.8%	£81.68	18.8%
West Midlands	£465.23	£96.57	20.8%	£81.33	17.5%
East of England	£456.91	£115.23	25.2%	£100.04	21.9%
Greater London	£625.05	£151.44	24.2%	£110.99	17.8%
South East	£486.16	£121.96	25.1%	£93.27	19.2%
South West	£430.32	£97.34	22.6%	£87.23	20.3%

4.5 EUV-SH Rental Growth

We have modelled rental growth of CPI plus 1% in our EUV-SH valuation models into perpetuity.

4.6 MV-T Rental Growth

Passing rents are currently below market levels, resulting in good prospects for future rental growth when considering the market value of the portfolio.

We have assumed that it will take between 1 and 8 years for assured rents to increase to market levels and thereafter for rents to rise at 1% (real) per annum. In making our assumptions regarding the number of years and annual increases, we have had regard to typical gross and net yields on private residential portfolios of a similar age profile and in comparable locations.

The average increases we have modelled per year for houses and flats in each of our valuations range from 12.8% to 22.3%.

4.7 Relet Rates

Our EUV-SH model allows for a rate at which secure tenancies are relet as assured tenancies. The annual rates of tenancy turnover experienced by housing associations vary considerably between localities and between different property types. In regard to assured tenancies, national turnover rates are typically within the range of 5.0% to 11.0%, with higher rates of turnover in the North than in the South.

We have adopted rates of 5.0% (houses) and 5.0% (flats) and 8.0% (sheltered) and have assumed that those properties will be relet at the prevailing average target rent. In addition, we have included an allowance for incidental voids as outlined in section 4.11.

4.8 Sales Rates

In accordance with section 1.6, we have not included the sale of any void units under the deregulatory measures introduced by the Housing and Planning Act 2016 in any of our EUV-SH valuations.

In our MV-T cashflows we have assumed that some of the units which become void are sold on the open market. In establishing the sales rates, we have had regard to Land Registry's information on the number of sales and average prices in each of the regions over the past 12 months.

The average sales rates we have applied per annum for houses and flats are shown in the table below:

Valuation Category	Annual Sales (Houses)	Annual Sales (Flats)
GN East England (MV-T)	4.0%	4.0%
GN East Mids. (MV-T)	15.0%	4.0%
GN London (MV-T)	8.0%	4.0%
GN North West (MV-T)	4.0%	4.0%
GN South East (MV-T)	4.0%	4.0%
GN South West (MV-T)	4.0%	4.0%
GN West Mids. (MV-T)	4.0%	4.0%
GN Yorks & Humber (MV-T)	4.0%	4.0%
Int Rent North (MV-T)	-	20.0%
Int Rent South (MV-T)	40.0%	7.0%
Supported North (MV-T)	25.0%	4.0%
Supported South (MV-T)	15.0%	2.0%
Short Leases (MV-T)	-	1.0%

The above figures equate to 236 flat sales and 142 house sales in the first year of our MV-T cashflow, and 8,096 sales in total over 50 years. This, in our view, is a sustainable level of sales which would not adversely impact local house prices or marketability.

4.9 Right to Buy

We anticipate that the tenants of some of the properties within the portfolio may have either the Right to Buy ("RTB") or the Right to Acquire ("RTA"). The National Housing Federation ("NHF") put an offer to Government in September 2015 in which it proposed the implementation of an extended RTB on a voluntary basis. The Voluntary Right to Buy ("VRtB") was described as a compromise with a view to securing the independence of housing associations and the best deal on compensation (for discounts) and flexibilities (the ability to refuse the VRtB in relation to certain properties).

The Government has funded two regional pilot schemes of VRtB for housing association tenants. The initial pilot scheme in 2016, involved five housing associations and was expected to offer 3,000 tenants the ability to buy their own home. A second pilot scheme across the Midlands ran for a period of two years from August 2018, aimed at testing two aspects of the voluntary agreement that the initial pilot scheme did not cover, namely:

- one-for-one replacement; and
- portability of discounts.

A full evaluation of the second pilot was published in February 2021. There were 44 housing associations involved in the pilot, resulting in a total of 1,892 homes being sold or sales in the final stages of completion by 30 April 2020. Data on the construction of replacement homes will be updated on an annual basis.

The government will now evaluate new pilot areas and announce more details in due course.

The wider terms of the overall extension of RTB and therefore any consideration of the impact of RTB or RTA on valuations would be speculative. We consider it imprudent to reflect additional value from capital receipts and we have therefore assumed that neither RTB nor RTA will be available to exercise at the date of valuation.

4.10 Outgoings

In forming our opinion of the net rental income generated by the portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Borrowers' stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

4.11 Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration the figures in the 2021 Global Accounts data provided by the Regulator of Social Housing and are similar to allowances used by other RPs providing a management and maintenance service in the areas where the properties are situated.

The 2021 Global Accounts data shows that across the whole affordable housing sector, RPs have lost approximately 0.61% of their gross income through bad debts and 1.76% through void losses. The void losses reflect an increase of 0.37% from the 2020 data whilst bad debts have decreased by approximately 0.3% over the same period.

In our MV-T valuations we are assuming greater increases in rents than a social landlord would impose. In our opinion, these rent increases would inevitably be reflected in a higher level of voids and bad debts than would otherwise be the case. The associated risk has been factored into our MV-T discount rate.

The rates we have adopted for bad debts and voids as a percentage of gross income for each of our EUV-SH and MV-T valuations are summarised in the table below:

Valuation Category	Bad debts & voids Year 1 (EUV-SH)	Bad debts & voids Year 1 (MV-T)
GN East England (EUV)	2.0%	-
GN East Mids (EUV)	2.0%	-
GN London (EUV)	2.0%	-
GN North West (EUV)	2.0%	-
GN South East (EUV)	2.0%	-
GN South West (EUV)	2.0%	-
GN West Mids (EUV)	2.0%	-
GN Yorks & Humber (EUV)	2.0%	-
Int Rent North (EUV)	3.0%	-
Int Rent South (EUV)	3.0%	-
Supported North (EUV)	2.0%	-
Supported South (EUV)	2.0%	-
GN East England (MV-T)	2.0%	9.0%
GN East Mids (MV-T)	2.0%	9.0%
GN London (MV-T)	2.0%	10.0%
GN North West (MV-T)	2.0%	9.0%
GN South East (MV-T)	2.0%	9.0%
GN South West (MV-T)	2.0%	9.0%
GN West Mids (MV-T)	2.0%	9.0%
GN Yorks & Humber (MV-T)	2.0%	9.0%
Int Rent North (MV-T)	3.0%	4.0%

Valuation Category	Bad debts & voids Year 1 (EUV-SH)	Bad debts & voids Year 1 (MV-T)
Int Rent South (MV-T)	3.0%	9.0%
Supported North (MV-T)	2.0%	9.0%
Supported South (MV-T)	2.0%	10.0%
Short Leases (MV-T)	2.0%	9.0%

4.12 Management Costs

We have adopted rates for management and administration based on our experience of other RPs operating in similar areas to the Borrowers. Our rates are subject to an annual inflator of 0.5% (real) for the duration of the cashflow reflecting long-term earnings, growth predictions and potential management savings.

From the information provided in the 2021 Global Accounts, the average cost of management across the sector is £1,079 per unit and the average management cost for the Borrowers is £855 per unit.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. That is, the incremental cost to the organisation of managing the acquired stock is likely to be significantly less than the organisation's overall unit cost. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

Taking the above into account, we have adopted a rate of £625 per unit for management and administration in our valuations on the basis of EUV-SH.

We have assumed that a mortgagee in possession would expect to spend between 8.0% and 10.0% of rental income on management and administration in our valuations on the basis of MV-T.

4.13 Repairs and Maintenance

Although the majority of the properties are generally in a reasonable or good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided in the 2021 Global Accounts, the total average cost of carrying out major repairs, planned and routine maintenance across the sector is £1,920 per unit and the average maintenance cost for the Borrowers is £1,833 per unit. The Global Accounts average figure for the sector is a decrease of 5.9% on the 2020 Edition.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

In accordance with section 3.3 we have had due consideration to the age and construction type for each of the tenure types in our valuations.

The following table sets out the average cost assumptions we have made in the first year of our EUV-SH cashflows. All of our appraisals assume that these costs will inflate at 1.0% (real) per annum.

Category of Expenditure	Period	Rented Properties
Major repairs and renewals	Year 1	£816
Cyclical repairs	Year 1	£335
Day-to-day repairs	Year 1	£385
Total Average Costs	Year 1	£1,536

We have adopted higher costs for major repairs in the first 2 years of our MV-T valuations as some of the properties will require refurbishment and redecoration in order to attract buyers or to be let in the private residential market. After this initial period, our costs settle to a lower level similar to the costs used in our EUV-SH valuation.

4.14 Discount Rate

Our cashflow valuations are based on constant prices and therefore explicitly exclude inflation. The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved in each cashflow, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

For our EUV-SH valuations of the rented properties we have adopted real discount rates of between 5.25% and 6.0% on net rental income.

In our MV-T model we have adopted a higher rate on rental income to reflect additional risk resulting from the significant rental growth that we have assumed during the first 1 to 8 years. In addition, we have adopted a higher rate on income from sales to reflect the additional premium on the yield which an investor would expect from a sales income stream.

We have adopted real discount rates of between 6.75% and 8.0% (rental income), and between 9.0% and 10.0% (sales) for our MV-T cashflows.

5 Valuation Commentary - Shared Ownership

5.1 Introduction

There are 560 shared ownership properties within the portfolio.

The equity retained by the Borrowers and rent charged on this percentage is shown in the table below:

Valuation Category	Units	Equity	Rent (p/w)
S.O. North	161	55.47%	£49.39
S.O. South	391	54.19%	£72.23
L.S.E.	8	57.50%	£23.26

5.2 Rental Growth

The RSH's restriction on future rental growth through section 2.4.5 of the Capital Funding Guide allows a maximum of 0.5% real growth per annum only. The imposition of this formula effectively constrains the net present value of the cashflow to the basis of EUV-SH.

It should also be noted that although, in general, rents in the sector will be linked to CPI, the rents for shared ownership properties will grow as set out in the signed leases for each property. We have not had sight of these leases and assume that they have the standard rent review provisions (upwards only, indexed linked at RPI plus 0.5%) set out in the model shared ownership lease, published by the National Housing Federation.

We have grown rents at a rate of RPI plus 0.5% in line with this guidance and the terms of the existing leases.

5.3 Outgoings

In forming an opinion of the net rental income generated by the portfolio, we have allowed between 2.0% and 5.0% of gross rental income for management.

5.4 Voids and Bad Debts

We understand that all of the properties are now let and so we would not expect any voids going forward. We have allowed for the incidence of bad debts in the discount rate.

5.5 Repairs and Maintenance

We have assumed any repair obligations will lie with the leaseholders. We would expect that repair/renewal, day-to-day and cyclical maintenance would be required to keep the stock in its present condition. However, we have assumed that, where appropriate, service charge income fully covers expenditure.

5.6 Discount Rate

For our EUV-SH valuations we have adopted discount rates of between 4.5% and 5.0% on the rental income and between 8.0% and 9.0% on sales.

5.7 Rate of Sales

We have adopted what we would expect to be a long-term sustainable rate of sales of further tranches over the 50 years of our cashflow model. We have assumed that equity is sold in 25% tranches.

The rates we have adopted in our cashflow are as follows:

S.O. North

Years	Tranche Sales p.a.
Years 0-1	0
Years 2-10	10
Years 11-25	5
Years 26-50	2

S.O. South

Years	Tranche Sales p.a.
Years 0-1	0
Years 2-10	20
Years 11-35	10
Years 36-50	5

L.S.E.

Years	Tranche Sales p.a.
Years 0-6	0
Years 7-13	1
Years 14-50	0

It is difficult to judge when tenants will purchase additional tranches so the income from sales proceeds has been discounted at a higher rate, in line with section 5.6, to reflect the additional risk of realising the value. However, it should be noted that in our valuation, the majority of the value (between 61.5% and 64.0%) is attributed to the rental income.

6 Valuation

6.1 Background

We have prepared our valuations on the following bases:

- Existing Use Value for Social Housing ("EUV-SH"); and
- Market Value subject to existing Tenancies ("MV-T").

Our valuations have been prepared in accordance with the RICS Red Book.

Apportionments of the valuations have been calculated as arithmetic apportionments and are included in the schedules at Appendix 1. This is a portfolio valuation, and no valuation of individual properties has been performed.

In forming our opinion of the value of the portfolio as a whole, we have neither applied a discount for quantum nor added a premium to reflect break-up potential.

The definitions of the bases of valuation are set out in full in section 7 of this report.

7 Bases of Valuation

Our valuations have been prepared in accordance with the RICS Red Book.

7.1 Existing Use Value for Social Housing

The basis of Existing Use Value for Social Housing is defined in UK VPGA 7 of the RICS Valuation Global Standards – UK National Supplement as follows:

"Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- a willing seller;
- that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale;
- that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation;
- that no account is taken of any additional bid by a prospective purchaser with a special interest;
- that both parties to the transaction had acted knowledgeably, prudently and without compulsion;
- that the property will continue to be let by a body pursuant to delivery of a service for the existing use;
- the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements;
- that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and
- that any subsequent sale would be subject to all the same assumptions above."

7.2 Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

7.3 Expenses

No allowance is made in our valuations for any expenses of realisation.

7.4 Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

The transfer of properties between RPs is exempt from Stamp Duty Land Tax ("SDLT"). Our MV-T valuations include fees of 3.0% on individual unit sales, however we have not included SDLT or other costs of acquisition within our valuation.

7.5 VAT

Our valuations are exclusive of VAT on disposal.

8 Sources of Verification of Information

8.1 General

We have relied upon the description, tenancy type and current rental income provided to us by the Borrowers and we have been unable to verify the accuracy of that data.

8.2 Tenure

Unless otherwise stated in this report, the Borrowers hold a freehold interest or a long leasehold interest with not less than 80 years unexpired in the properties.

8.3 Title

We have previously reviewed the final Certificates of Title for the portfolio issued by Gowling WLG ("the Certificates") and can confirm that our valuations fully reflect the disclosures contained therein. In particular, in respect of each unit which we have valued on the basis of MV-T, we can confirm that (based on our review of the Certificates) such units may be disposed of by or on behalf of the Security Trustee on an unfettered basis (meaning subject to existing tenancies disclosed in the Certificates but not subject to any security of interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use).

From our review of the Certificates, 20,229 units are subject to restrictions that would be binding on a mortgagee and therefore we have valued them on the basis of EUV-SH only.

For the avoidance of doubt, we have valued the remainder of the portfolio, except those units mentioned above, on the basis of MV-T

8.4 Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this report

8.5 Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

8.6 Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

8.7 Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

8.8 Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

8.9 Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

8.10 Japanese Knotweed

Our inspections are for valuation purposes only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site.

Our valuation assumes that no invasive vegetation exists within the demise or proximity of any of the properties in the valuation.

8.11 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Borrowers. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the

private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018. The Regulations do not apply to the majority of properties owned by RPs. Based on our inspections and our wider knowledge of energy ratings within the social housing sector, we do not consider this issue to present a material valuation risk.

8.12 Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the "the Red Book". Such figures should not be used for any other purpose other than in the context of this valuation.

8.13 Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

8.14 Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

8.15 The Equality Act

We have assumed the properties appear to comply with the requirements of the Equality Act 2010.

8.16 Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

8.17 Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

8.18 Plans and Maps

All plans and maps included in our report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

8.19 Compliance with Building Regulations and Statutory Requirements

Our valuations have been provided in accordance with the RICS' Guidance Note: "Valuation of properties in multi-storey, multi-occupancy residential buildings with cladding, 1st Edition March 2021", effective from 5 April 2021.

Unless otherwise stated in our report none of the properties are of 18 metres or 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.
