It is the responsibility of prospective investors to ensure that they have sufficient knowledge, experience and professional advice to make their own legal, financial, tax, accounting and other evaluation of the merits and risks of investing in the Notes and are not relying on the advice of the relevant Issuer, the Guarantor or the relevant Dealer(s) or any of their respective affiliates in that regard.**

This Base Prospectus constitutes three base prospectuses, one for each Issuer, and has been approved by the United Kingdom Financial Conduct Authority (the "**FCA**") as a base prospectus in accordance with

the Prospectus Rules: Admission to Trading on a Regulated Market sourcebook of the FCA Handbook (the "**PRM**") made in accordance with the Public Offers and Admissions to Trading Regulations 2024. The FCA only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the rules in the PRM. Such approval should not be considered as an endorsement of an Issuer or the Guarantor nor as an endorsement of the quality of any Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in any such Notes. This Base Prospectus is valid for a period of twelve months from the date of approval.

Application has been made to the FCA in its capacity as competent authority under the Financial Services and Markets Act 2000, as amended (the "**FSMA**") for Notes issued under the Programme to be admitted to the Official List of the FCA (the "**Official List**") and to the London Stock Exchange plc (the "**London Stock Exchange**") for such Notes to be admitted to trading on the main market of the London Stock Exchange (the "**main market of the London Stock Exchange**") during the period of 12 months from the date of this Base Prospectus. The main market of the London Stock Exchange is a UK regulated market for the purposes of Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended (the "**EUWA**") ("**UK MiFIR**"). Admission to the Official List together with admission to the main market of the London Stock Exchange constitutes official listing on the London Stock Exchange. References in this Base Prospectus to Notes being "listed" (and all related references) shall, unless the context otherwise requires, mean that such Notes have been admitted to trading on the main market of the London Stock Exchange and have been admitted to the Official List.

Pages 262 to 416 of this document comprise an information memorandum (the "**Information Memorandum**") in respect of issues of notes for which no prospectus is required to be published under the PRM ("**Non PRM Notes**"). ANZNIL will issue Notes under the Programme acting through its London branch. ANZNIL issues Notes under the Programme through its London branch for certain legal, administrative and regulatory reasons, including (without limitation) to facilitate timely access to funding markets. Interest payments thereunder are subject to applicable tax laws and regulations of the United Kingdom and other jurisdictions – see section entitled "*Taxation*" on pages 224 to 231. Investors should be aware that a branch is not a subsidiary and does not comprise a separate legal entity. The obligations under the Notes issued by ANZNIL acting through its London branch are of ANZNIL only, and investors' claims under such Notes are only against ANZNIL (although, as noted above, the payment of all amounts due in respect of any Notes issued by ANZNIL will be unconditionally and irrevocably guaranteed by ANZ Bank New Zealand). The Notes issued by ANZ Bank New Zealand or ANZNIL are not guaranteed by, and do not represent deposit liabilities or protected accounts (as defined in the Banking Act 1959 of Australia (the "**Banking Act**")) of, ANZBGL, ANZGHL or any other person (except that payment of all amounts due in respect of Notes issued by ANZNIL will be unconditionally and irrevocably guaranteed by the Guarantor).

A credit rating is not a recommendation to buy, sell or hold the Notes and may be subject to revision, suspension or withdrawal at any time by the relevant rating agency.

Credit ratings in respect of the Notes or the Issuers are for distribution only to a person in Australia who is not a "retail client" within the meaning of section 761G of the Corporations Act 2001 of Australia (the "**Corporations Act**") and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Part 6D.2 or Chapter 7 of the Corporations Act and, in all cases, in such circumstances as may be permitted by applicable law in any jurisdiction in which an investor may be located. Anyone who is not such a person is not entitled to receive this Base Prospectus and anyone who receives this Base Prospectus must not distribute it to any person who is not entitled to receive it.

**Notice to potential investors**

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of any investment in light of its own circumstances. In particular, each potential investor should consider, either on its own or with the help of its financial and other professional advisers, whether it:

(a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes, the rights attaching to the Notes and the information contained in or incorporated into this Base Prospectus (and any applicable supplement to this Base Prospectus) or the relevant Final Terms;

(b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;

(d) understands thoroughly the terms of the Notes and is familiar with the behaviour of the financial markets and their potential impact on the likelihood of certain events under the Notes occurring;

(e) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the relevant Notes; and

(f) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to legal investment laws and regulations, and/or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

None of this Base Prospectus, any information or any document incorporated by reference herein, or any Final Terms constitute an offer of, or an invitation to subscribe for or purchase, any Notes by any of the Issuers, the Guarantor, the Dealers or the Arranger or is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuers, the Guarantor, the Dealers or any of them that any recipient of this Base Prospectus, any information or any document incorporated by reference herein, or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus, any information or any document incorporated by reference herein, or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the relevant Issuer and, where applicable, the Guarantor. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of any of the Issuers or the Guarantor during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers, the Guarantor or any of the Dealers or the Arranger. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of any of the Issuers or the Guarantor since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of any of the Issuers or the Guarantor since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Dealers or any parent company or affiliate of the Dealers is a licensed broker or dealer in that jurisdiction and so agrees, the offering shall be deemed to be made by the Dealers or such parent company or affiliate on behalf of the Issuer in such jurisdiction.

The Notes and the Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction in the United States. Subject to certain exceptions, Notes may not be offered, sold, pledged or otherwise transferred within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act). Notes in bearer form may be subject to U.S. tax law requirements and may not be offered, sold, pledged, transferred or delivered within the United States or its possessions or to a United States person (as defined in the U.S. Internal Revenue Code of 1986, as amended (the "**U.S. Internal Revenue Code**")). For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus or any Final Terms, see the section entitled "*Subscription and Sale*".

**IMPORTANT – EEA RETAIL INVESTORS -** The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

**IMPORTANT – UK RETAIL INVESTORS -** The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook (the "**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or

distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

**MiFID II Product Governance / target market** - The Final Terms (or Pricing Supplement, as the case may be) in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the conclusion of the target market assessment completed by the relevant "manufacturer(s)" in respect of the Notes and which channels for distribution of the Notes they consider are appropriate. Any person subsequently offering, selling or recommending the Notes (an "**EU distributor**") should take into consideration the target market assessment; however, an EU distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made by the relevant Dealer(s) in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a "manufacturer" in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

Each Issuer is not subject to MiFID II and any implementation thereof by an EU Member State. It is therefore not a "manufacturer" for the purposes of the MiFID Product Governance Rules and has no responsibility or liability for identifying a target market, or any other product governance obligation set out in MiFID II, for financial instruments it issues (including any target market assessment for the relevant Notes).

**UK MiFIR Product Governance / target market** – The Final Terms (or Pricing Supplement, as the case may be) in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the conclusion of the target market assessment completed by the relevant "manufacturer(s)" in respect of the Notes and which channels for distribution of the Notes they consider are appropriate. Any distributor (a "**UK distributor**") should take into consideration the target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made by the relevant Dealer(s) in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any of the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Each Issuer is not subject to UK MiFIR. It is therefore not a "manufacturer" for the purposes of the UK MiFIR Product Governance Rules and has no responsibility or liability for identifying a target market, or any other product governance obligation set out in UK MiFIR, for financial instruments it issues (including any target market assessment for the relevant Notes).

**No Australian retail product distribution conduct**

This Base Prospectus and the Notes are not for distribution to any person in Australia who is a retail client for the purposes of section 761G of the Corporations Act. No target market determination has been or will be made for the purposes of Part 7.8A of the Corporations Act.

**Notification under Section 309B of the Securities and Futures Act 2001 of Singapore (the "SFA")**: In connection with Section 309B of the SFA and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the "**CMP Regulations 2018**"), unless otherwise specified before an offer of Notes, each Issuer has determined and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA) that the Notes issued or to be issued under this Programme shall be 'prescribed capital markets products' (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in the Monetary Authority of Singapore (the "**MAS**") Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

**Important Notice to Prospective Investors - Hong Kong Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the "Code") (Para 21 – Bookbuilding and Placing)**

Prospective investors should be aware that certain intermediaries in the context of certain offerings of Notes pursuant to the Programme, each such offering, a "**CMI Offering**", including certain Dealers, may be "capital market intermediaries" ("**CMI**") subject to Paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the "**SFC Code**"). This notice to prospective investors is a summary of certain obligations the SFC Code imposes on such CMIs, which require the attention and cooperation of prospective investors. Certain CMIs may also be acting as "overall coordinators" ("**OCs**") for a CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealer(s) in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of any Issuer, the Guarantor, a CMI or its group companies would be considered under the SFC Code as having an association ("**Association**") with the relevant Issuer, the Guarantor, the CMI or the relevant group company. Prospective investors associated with any Issuer, the Guarantor or any CMI (including its group companies) should specifically disclose this when placing an order for the relevant Notes and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to the relevant CMI Offering. Prospective investors who do not disclose their Associations are hereby deemed not to be so associated. Where prospective investors disclose their Associations but do not disclose that such order may negatively impact the price discovery process in relation to the relevant CMI Offering, such order is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should ensure, and by placing an order prospective investors are deemed to confirm, that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). A rebate may be offered by the relevant Issuer to all private banks for orders they place (other than in relation to Notes subscribed by such private banks as principal whereby it is deploying its own balance sheet for onward selling to investors), payable upon closing of the relevant CMI Offering based on the principal amount of the Notes distributed by such private banks to investors. Private banks are deemed to be placing an order on a principal basis unless they inform the CMIs otherwise. As a result, private banks placing an order on a principal basis (including those deemed as placing an order as principal) will not be entitled to, and will not be paid, the rebate. Details of any such rebate will be set out in the applicable Final Terms or Pricing Supplement, or otherwise notified to prospective investors.

If a prospective investor is an asset management arm affiliated with any relevant Dealer, such prospective investor should indicate when placing an order if it is for a fund or portfolio where the relevant Dealer or its group company has more than 50 per cent. interest, in which case it will be classified as a "proprietary order" and subject to appropriate handling by CMIs in accordance with the SFC Code and should disclose, at the same time, if such "proprietary order" may negatively impact the price discovery process in relation to the relevant CMI Offering. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a "proprietary order". If a prospective investor is otherwise affiliated with any relevant Dealer, such that its order may be considered to be a "proprietary order" (pursuant to the SFC Code), such prospective investor should indicate to the relevant Dealer when placing such order. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a "proprietary order". Where prospective investors disclose such information but do not disclose that such "proprietary order" may negatively impact the price discovery process in relation to the relevant CMI Offering, such "proprietary order" is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should be aware that certain information may be disclosed by CMIs (including private banks) which is personal and/or confidential in nature to the prospective investor. By placing an order, prospective investors are deemed to have understood and consented to the collection, disclosure, use and transfer of such information by the relevant Dealers and/or any other third parties as may be required by the SFC Code, including to the relevant Issuer, the Guarantor, any OCs, relevant regulators and/or any other third parties as may be required by the SFC Code, it being understood and agreed that such information shall only be used for the purpose of complying with the SFC Code, during the

bookbuilding process for the relevant CMI Offering. Failure to provide such information may result in that order being rejected.

**Benchmarks Regulation**

**UK Benchmarks Regulation**: Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 as it forms part of domestic law in the UK by virtue of the EUWA (the "**UK Benchmarks Regulation**"). If any such reference rate does constitute such a benchmark, the Final Terms (or Pricing Supplement, as the case may be) will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the FCA pursuant to Article 36 (*Register of administrators and benchmarks*) of the UK Benchmarks Regulation (the "**UK Register**"). Not every reference rate will fall within the scope of the UK Benchmarks Regulation. Furthermore, the transitional provisions in Article 51 of the UK Benchmarks Regulation may have the result that the administrator of a particular benchmark is not currently required to appear in the UK Register at the date of the relevant Final Terms (or Pricing Supplement, as the case may be). The registration status of any administrator under the UK Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuers do not intend to update the Final Terms (or Pricing Supplement, as the case may be) to reflect any change in the registration status of the administrator.

**EU Benchmarks Regulation**: Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may also constitute a benchmark for the purposes of Regulation (EU) 2016/1011, as amended (the "**EU Benchmarks Regulation**"). If any such reference rate does constitute such a benchmark, the Final Terms (or Pricing Supplement, as the case may be) will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (*Register of administrators and benchmarks*) of the EU Benchmarks Regulation (the "**ESMA Register**"). Not every reference rate will fall within the scope of the EU Benchmarks Regulation. Transitional provisions in the EU Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the ESMA Register at the date of the Final Terms Document (or Pricing Supplement, as the case may be). The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuers do not intend to update the Final Terms (or Pricing Supplement, as the case may be) to reflect any change in the registration status of the administrator.

This Base Prospectus is based on English law in effect as at the date of issue of this Base Prospectus. Except to the extent required by laws and regulations, none of the Issuers and the Guarantor intend, and assume any obligation, to update this Base Prospectus in light of the impact of any judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

**The Arranger and the Dealers**

The Dealers and the Arranger have not separately verified the information contained in this Base Prospectus. None of the Dealers nor the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of any of the Issuers or the Guarantor during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

**Notes issued as "SDG Bonds"**

On 1 January 2016, the United Nations' Sustainable Development Goals (the "**SDGs**") came into effect. The 17 goals and 169 targets are aimed at addressing global challenges, including those related to poverty, inequality, climate change and environmental degradation by 2030.

ANZBGL may issue Notes described as "SDG Bonds". "**SDG Bonds**" are a Tranche of Notes where the applicable Final Terms provide that ANZBGL intends to allocate an amount equal to the net proceeds from an issue of such Notes to finance or refinance a combination of new or existing assets which align with one or more eligible categories and/or ANZBGL's own operating or capital expenditures which

align with one or more eligible categories in accordance with an ANZ SDG Bond framework. ANZBGL's current SDG Bond framework is dated 7 November 2024 but it may be updated, supplemented and/or replaced from time to time (the "**Framework**") and any subsequent version(s) may differ (including in a significant way) from any description given in this Base Prospectus. As at the date of this Base Prospectus, ANZBGL's Framework has not been assessed for alignment against the International Capital Market Association's ("**ICMA**") Green Bond Principles of June 2025 or ICMA's Social Bond Principles of June 2025. See "*Use of Proceeds and a General Description of the ANZ SDG Bond Framework – Limitations*" for further information on the ICMA documents with which the Framework was developed to align. The Framework is not incorporated into and does not form part of this Base Prospectus.

ANZBGL intends that the SDG Bonds issued under the Framework will be aligned to one or more SDGs.

The Dealers and the Arranger have not undertaken, nor are they responsible for, any assessment of the "Eligible Assets" or "Eligible ANZ Expenditures" (in each case, as may be defined from time to time in the Framework) or the application, impact or monitoring of, or reporting in respect of, the use of proceeds for any Notes issued by ANZBGL as SDG Bonds.

None of ANZBGL, the Arranger or any Dealer accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as SDG Bonds or makes any representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels (including but not limited to Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "**EU Taxonomy Regulation**") and any related technical screening criteria, the "European Green Bonds" ("**EuGB**") label or the optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds under Regulation (EU) 2023/2631 (the "**European Green Bond Regulation**"), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector ("**SFDR**") and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance, including green, sustainable or social bond principles or other similar principles or guidance published by ICMA (the "**ICMA Principles**")) or any requirements of such labels or market standards as they may evolve from time to time; or that any adverse environmental and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Assets or Eligible ANZ Expenditures.

Neither the Arranger nor any Dealer is responsible for (i) the use or allocation of proceeds of any Notes issued as SDG Bonds, (ii) the impact, monitoring or reporting in respect of such use of proceeds, or (iii) the alignment of the SDG Bond with the Framework or alignment of the Framework with the applicable ICMA Principles, (iv) nor do any of them undertake to ensure that there are at any time sufficient eligible assets and/or eligible expenditures to allow for allocation of a sum equal to the net proceeds of the issue of such SDG Bonds in full. In acting as sustainability coordinator, sustainability structurer or in any similar role in respect of any SDG Bonds, each of the Arranger and any Dealer has acted only on the instructions of and on behalf of ANZBGL and does not accept any responsibility to any investor or other person in relation to any activities it has undertaken in such capacity.

In respect of any SDG Bonds, no representation or assurance is given by ANZBGL, the Arranger or the Dealers as to the suitability of any such SDG Bonds to fulfil any present or future investor expectations or requirements with respect to sustainability or other investment criteria or guidelines which any investor is, or its investments are, required to comply with.

In the event any such SDG Bonds are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by ANZBGL, the Arranger or the Dealers that such listing or admission will be obtained or maintained for the lifetime of the SDG Bonds.

**Second and third party opinions, assurances and certifications in respect of SDG Bonds**

Neither the Arranger nor the Dealers have reviewed the Framework or any second or third party opinions, nor do they accept any responsibility as to the accuracy and completeness of the information contained in such documents or in any opinion, assurance, certification, review, assessment or other report in connection with the Framework and/or SDG Bonds. Potential investors in SDG Bonds must determine for themselves the relevance of any such opinion, review, assurance, certification or post-issuance report,

label and/or the information contained therein and/or the provider of such opinion, assurance, review or certification or post-issuance report and/or label for the purpose of any investment in SDG Bonds.

No assurance or representation is given by ANZBGL, the Arranger, the Dealers or any other person as to the suitability or reliability for any purpose whatsoever of any opinion, review, assurance, certification or post-issuance report of any third party (including any post-issuance reports prepared by an external reviewer) and/or label, whether or not solicited by ANZBGL, which may be made available in connection with the issue of SDG Bonds and in particular any eligible assets or eligible expenditures (including any second or third party opinions) to fulfil any sustainable development goal, environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion, review, assurance, certification or post-issuance report is not, nor should it be deemed to be, a recommendation by ANZBGL, the Arranger, the Dealers or any other person to buy, sell or hold SDG Bonds and such opinions, assurances and certifications may not reflect the potential impact of all risks related to the structure, market and other factors that may affect the value of SDG Bonds, and they may be revised or withdrawn at any time. Additionally, any such opinion, review, assurance, certification or post-issuance report and/or label (i) is only current as of the date on which it was initially issued and the criteria and/or considerations that form the basis of such opinion, review, assurance, certification or post-issuance report and/or label may change at any time, (ii) only provides an opinion, review, assurance, certification or post-issuance report on certain environmental and related considerations and (iii) is not intended to address any credit, market or other aspects of an investment in SDG Bonds including, without limitation, market price, marketability, investor preference or suitability of any security to fulfil any specific investment criteria. Prospective investors must determine for themselves the relevance of any such opinion, review, certification or post-issuance report and/or the information contained therein. The criteria and/or considerations that form the basis of any such opinion, review, assurance, certification or post-issuance report and/or label may change at any time and the opinion, review, assurance, certification or post-issuance report and/or label may be amended, updated, supplemented, replaced and/or withdrawn. Prospective investors must determine for themselves the relevance of any such opinion, review, assurance, certification or post-issuance report, label and/or the information contained therein.

Any second or third party opinion, and any other opinion provided in relation to SDG Bonds is a statement of opinion, not a statement of fact. Second or third party opinion providers may not be subject to any specific regulatory or other regime or oversight and any opinions provided are provided for information purposes only and on a no liability basis. As at the date of this Base Prospectus, the providers of such opinions, assurances and certifications are not subject to any specific regulatory or other regime or oversight. The European Green Bond Regulation has introduced a supervisory regime of external reviewers of EuGBs which took effect on 21 June 2026, pursuant to which external reviewers of EuGB require registration with ESMA (where such registration is subject to the senior management of the external reviewer satisfying certain conditions, relating to skills, qualification and experience), though this does not apply to external reviewers in respect of an issue of "green bonds" other than those with the EuGB label.

**No incorporation of websites**

In this Base Prospectus, reference to websites or uniform resource locators (URLs) are inactive textual references. The contents of any such website or URL shall not form part of, or be deemed to be incorporated into, this Base Prospectus.

**Notice to potential investors in NZ Subordinated Notes**

Under the Programme, ANZ Bank New Zealand may from time to time issue subordinated notes ("**NZ Subordinated Notes**"). Potential investors in respect of such NZ Subordinated Notes should note that NZ Subordinated Notes are complex financial instruments, which include features which are required for the NZ Subordinated Notes to qualify as ANZ Bank New Zealand Group's Tier 2 Capital under the RBNZ's prudential standards. In particular, potential investors in NZ Subordinated Notes should note that, by purchasing NZ Subordinated Notes, they are deemed to irrevocably acknowledge and agree to the provisions contained in Condition 3(b) ("*Status and Guarantee – NZ Subordinated Notes – ANZ Bank New Zealand*"). As a result, an investment in the NZ Subordinated Notes will involve certain increased risks.

A potential investor should not invest in the NZ Subordinated Notes unless it has the knowledge and expertise (either alone or with a financial adviser) to evaluate how the NZ Subordinated Notes will

perform under changing conditions and their resulting effects on the value of the NZ Subordinated Notes, and the impact this investment will have on the potential investor's overall investment portfolio. Prior to making an investment decision, potential investors in NZ Subordinated Notes should consider carefully, in light of their own financial circumstances and investment objectives, all the information contained in this Base Prospectus or incorporated by reference herein.

**Stabilisation**

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) acting as stabilising manager (the "**Stabilising Manager(s)**") (or persons acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws (including without limitation the Competition and Consumer Act 2010 of Australia and the Corporations Act) and rules and outside Australia and New Zealand (and not on any market in Australia or New Zealand).

# RISK FACTORS

## Introduction

*Any investment in the Notes issued under the Programme will involve risks including those described in this section. All principal or material risks that have been identified by the Issuers and the Guarantor are included in this section. Prospective investors should carefully consider the following discussion of the risk factors and the other information in this Base Prospectus. Prospective investors should be aware that the risks set forth below are not exhaustive (as these will not include those risks that have not been identified by the Issuers or the Guarantor) and should carefully consider the following factors in addition to the matters set out elsewhere in this Base Prospectus before investing in the Notes offered under this Base Prospectus.*

*As at the date of this Base Prospectus, the Issuers and the Guarantor believe that the following risk factors may affect the Issuers' abilities to fulfil their obligations, or the Guarantor's ability to perform its obligations, under or in respect of the Notes or the Guarantee and could be material for the purpose of assessing the market risks associated with the Notes.*

*If any of the following factors actually occur, the trading price of the Notes of the relevant Issuer could decline and an investor could lose all or part of its investment. Prospective investors should read the entire Base Prospectus and reach their own views prior to making any investment decision.*

*Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section.*

## RISKS RELATING TO THE NOTES

### Risks related to the nature of all Notes which may be issued under the Programme

***The Notes are not protected by the Financial Services Compensation Scheme or the Depositor Compensation Scheme***

Unlike certain bank deposits, the Notes are not protected by the Financial Services Compensation Scheme (the "**FSCS**") or the Depositor Compensation Scheme (the "**DCS**"). As a result, neither the FSCS, the DCS nor anyone else will pay compensation upon the failure of the relevant Issuer, the Guarantor or the ANZBGL Group. If the relevant Issuer or the Guarantor goes out of business or becomes insolvent, investors may lose all or part of their investment in the Notes.

***Credit rating may not reflect all risks of an investment in the Notes***

The credit ratings of the Notes may not reflect the potential impact of all risks related to the structure and other factors on any trading market for, or trading value of, the Notes. In addition, real or anticipated changes in the credit rating of the relevant Issuer or any Notes will generally affect any trading market for, or trading value of, the Notes.

In general, investors regulated in the EU are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes in the EU, unless such ratings are issued by a credit rating agency established in the EU and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the EU CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are restricted from using a rating for regulatory purposes unless such ratings are issued by a credit rating agency established in the UK and registered under the UK CRA Regulation (and such registration has not been withdrawn or suspended). In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note that this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances. In the case of third country ratings, for a certain limited period of time, transitional relief accommodates continued use for regulatory purposes in the UK, of existing pre-2021 ratings, provided the relevant conditions are satisfied.

As a result of the UK CRA Regulation and EU CRA Regulation, if the status of a rating agency rating the Notes changes, investors regulated in the UK or the EU may no longer be able to use the rating of that rating agency for regulatory purposes and the Notes may have different regulatory treatment. This may result in UK or EU regulated investors selling the Notes which may impact the value of the Notes and their liquidity in any secondary market.

Certain information with respect to the Issuers' ratings and the credit rating agencies which have assigned such ratings is set out under the heading "*Important Notices*" at the beginning of this Base Prospectus. Where an issue of Notes is rated, such rating will be specified in the relevant Final Terms and may not necessarily be the same as the rating assigned to the relevant Issuer.

***The Notes may be redeemed prior to maturity***

In the event that the relevant Issuer, or the Guarantor, if applicable, would be obliged to pay additional amounts in respect of any Notes (other than NZ Subordinated Notes) due to any withholding or deduction for, or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the relevant Issuer's taxing jurisdiction, or Guarantor's taxing jurisdiction, if applicable, or any authority therein or thereof having power to tax, the Issuer may redeem all of the relevant Notes in accordance with the Conditions. Additionally, if the relevant Final Terms specify Call Option or, in respect of Notes other than Subordinated Notes and NZ Subordinated Notes, Clean-Up Call or, in respect of NZ Subordinated Notes only, NZ Subordinated Note Regulatory Event, as applicable, the relevant Issuer will have the right to redeem the relevant Notes prior to their stated maturity in accordance with the Conditions.

If the relevant Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature is likely to limit the market value of Notes. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. Further, during periods when there is an increased likelihood, or perceived increased likelihood, that such Notes will be redeemed early, the market value of the Notes may be adversely affected.

The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on those Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

***Insolvency and similar proceedings***

In the event that an Issuer becomes insolvent, insolvency proceedings in respect of ANZBGL will generally be governed by Australian law, and insolvency proceedings in respect of ANZ Bank New Zealand and ANZNIL will generally be governed by New Zealand law. Potential investors should be aware that Australian and New Zealand insolvency laws are different from the insolvency laws in other jurisdictions. In particular: (i) in the case of insolvency proceedings against ANZBGL, the voluntary

administration procedure under the Corporations Act, which provides for the potential re-organisation of an insolvent company; and (ii) in the case of insolvency proceedings against ANZ Bank New Zealand and ANZNIL, New Zealand's voluntary administration and statutory management regimes differ significantly from similar provisions under the insolvency laws of other jurisdictions.

Under the Banking Act, APRA may appoint a Banking Act statutory manager to an ADI (of which ANZBGL is one) in certain circumstances, including where APRA considers that the ADI may become unable to meet its obligations or may suspend payment. Under section 15C of the Banking Act, a party to a contract with an ADI may not deny any obligations under that contract, accelerate any debt under that contract, close out any transaction relating to that contract, or enforce any security under that contract, on the grounds that a Banking Act statutory manager is in control (or is being appointed to take control) of the ADI's business. Accordingly, this may prevent holders of Notes from accelerating repayment of their Notes on the grounds that a Banking Act statutory manager has been (or is being) appointed to take control of the ADI.

In addition, claims against ANZBGL under Australian law are subject to mandatory priority provisions including those applying to ADIs (see the risk factor entitled "*Notes subject to prior claims*").

In the case of ANZ Bank New Zealand and ANZNIL, the statutory management regimes that are most relevant are the regimes under the Banking (Prudential Supervision) Act 1989 (New Zealand) (the "**BPS Act**") and the Corporations (Investigation and Management) Act 1989 ("**CIM Act**"). Pursuant to the BPS Act, the RBNZ may give a registered bank, which includes ANZ Bank New Zealand, or an associated person a direction in writing and/or place the registered bank or the associated person under statutory management in certain circumstances, including where the RBNZ has reasonable grounds to believe that the registered bank or the associated person is insolvent or is likely to become insolvent or where the registered bank or the associated person fails to comply with a direction given by the RBNZ. Where a registered bank is declared to be subject to statutory management, every subsidiary of that registered bank (which, in the case of the statutory management of ANZ Bank New Zealand, would include ANZNIL) is also subject to statutory management. As corporations, ANZ Bank New Zealand and ANZNIL may also be placed into statutory management under the CIM Act. Where a corporation is declared to be subject to statutory management, a moratorium will apply and no person shall commence any action or other proceedings against that corporation. Accordingly, Noteholders may be prevented from enforcing rights in connection with the Notes where ANZ Bank New Zealand and/or ANZNIL have been placed into statutory management.

If ANZ Bank New Zealand were placed under statutory management, Open Bank Resolution ("**OBR**") may also be relevant. OBR is an RBNZ policy option aimed at resolving a bank failure quickly. Under the RBNZ's conditions of registration for registered banks, New Zealand-incorporated registered banks with retail deposits over NZ$1 billion (which includes ANZ Bank New Zealand) are required to comply with the OBR Pre-positioning Requirements Policy (BS17), which requires liabilities that represent a range of products and facilities used by customers to access banking services (such as transactional accounts or similar products and term deposit accounts) to be pre-positioned for OBR. Upon a direction from the RBNZ, a bank must:

- upon a statutory manager's appointment, close promptly, restrict customer access to accounts and freeze all liabilities in full; and

- reopen by no later than 9 a.m. the next business day to provide customers access to transactional accounts up to a de minimis amount (if required) and unfreeze a portion of the pre-positioned liabilities, while maintaining a full freeze on other liabilities.

In addition, to the extent that the holders of the Notes are entitled to any recovery with respect to the Notes in any bankruptcy or certain other events in bankruptcy, insolvency, dissolution or reorganisation relating to the Issuer, those holders might be entitled only to a recovery in Australian dollars (where ANZBGL is the Issuer) or New Zealand dollars (where ANZ Bank New Zealand or ANZNIL is the Issuer).

In New Zealand, the current regulatory framework for registered banks will continue under the BPS Act until the Deposit Takers Act 2023 (the "**Deposit Takers Act**") fully comes into force in 2028. The

RBNZ's crisis management and resolution powers under the Deposit Takers Act build on the powers already existing in the BPS Act. Notable differences include:

(a) The Deposit Takers Act will replace statutory management with resolution. The RBNZ is designated as the resolution authority for deposit takers to enable the powers that currently reside with a statutory manager to be exercised directly by the RBNZ.

(b) The RBNZ is required to prepare and maintain a resolution plan for each deposit taker and to publish a statement of approach to resolution.

(c) The RBNZ may issue new crisis management preparedness and bail-in standards that may require a deposit taker to prepare contingency and recovery plans and to issue a minimum amount of bail-in instruments.

(d) The RBNZ has several new statutory powers related to crisis management and resolution under the Deposit Takers Act that are not in the BPS Act. For instance:

    (i) the power to offer, issue or transfer any financial product in respect of which a deposit taker or an associated person in resolution is the issuer;

    (ii) the power to give a direction to a deposit taker to implement all, or part, of the deposit taker's contingency and recovery plans, to issue shares, and to trigger the contractual terms of bail-in instruments; and

    (iii) a new protection that provides that certain contractual rights (e.g., the right to terminate or close out any transaction) are unenforceable against a deposit taker in resolution.

(e) The RBNZ may use the DCS fund to support a resolution measure in relation to a deposit taker, subject to conditions.

(f) The introduction of a "no creditor worse off" safeguard.

The RBNZ has released a consultation paper that discusses its approach to crisis management and resolution under the Deposit Takers Act, including the role of bail-in resolution tools. Subordinated debt capital instruments are expected to include contractual bail-in provisions from December 2028. The consultation paper provides that the RBNZ will also explore introducing a narrow form of statutory bail-in to enable the cancellation or transfer of ordinary shares in a deposit taker that is in resolution. Part 7 of the Deposit Takers Act (which contains the crisis management and resolution provisions) will commence on a date set by Order in Council, or otherwise in July 2029.

***Modification and waivers and substitution***

The Terms and Conditions of the Notes (see the section entitled "*Terms and Conditions of the Notes*" below) contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally and for the passing of resolutions by way of an Extraordinary Resolution, Written Resolution or Electronic Consent (each as defined in the Agency Agreement). These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting (or did not participate in the process for obtaining the Written Resolution or Electronic Consent) and Noteholders who voted in a manner contrary to the majority.

***Exchange rate risks and exchange controls***

The Issuers will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency or the Specified Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would

decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

**Risks related to particular types of all Notes which may be issued under the Programme**

***Inverse Floating Rate Notes***

Inverse floating rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as the Euro inter-bank offered rate ("**EURIBOR**"). The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

***Fixed Rate Notes***

In general, as market interest rates rise, Notes bearing interest at a fixed rate decline in value because the premium, if any, over market interest rates will decline. For example, if an investor purchases Fixed Rate Notes and market interest rates increase, the market values of those Fixed Rate Notes may decline. Investment in Fixed Rate Notes therefore involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

***Fixed/Floating Rate Notes***

Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the fixed/floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

***Range Accrual Notes***

The interest in respect of Range Accrual Notes is calculated by reference to the number of days in an interest accrual period that a specified reference rate or rates and/or the spread between two constant maturity swap rates are either "greater than or equal to" or "greater than" and "less than or equal to" or "less than" certain predetermined levels on certain dates within an interest accrual period. In the event that such conditionality is not satisfied in respect of one or more dates falling within an interest accrual period (or, where Protection Barrier is specified as applicable in the relevant Final Terms and the Protection Barrier Condition is not satisfied), no interest may be payable in respect of such interest accrual period or interest will only be paid in respect of those days in the interest accrual period when such conditionality is satisfied.

***The regulation and reform of benchmarks may adversely affect the yield or value of the Notes***

EURIBOR and other benchmark indices (such as the Australian Bank Bill Swap Rate ("**BBSW**") and the New Zealand Bank Bill Benchmark Rate ("**BKBM**")) are the subject of ongoing national, international and other regulatory guidance and proposals for reform, with further changes anticipated. Some of these reforms are now effective while others are yet to be implemented. The implementation of such reforms and consequential changes to benchmark indices may cause such indices to perform differently than in the past or may cause benchmarks to disappear entirely or be declared unrepresentative, which could

have a material adverse effect on the yield or value of any Floating Rate Notes where the interest rate is calculated with reference to such benchmark or may have other consequences that cannot be predicted.

***The UK Benchmarks Regulation and the EU Benchmarks Regulation***

The EU Benchmarks Regulation and the UK Benchmarks Regulation (together, the "**Benchmarks Regulations**") are a key element of ongoing regulatory reform in the EU and the UK respectively.

The EU Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. In particular, the EU Benchmarks Regulation, among other things: (i) requires benchmark administrators to be authorised or registered on the ESMA Register (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed); and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if such benchmarks or administrators are non-EU based, not deemed equivalent or recognised or endorsed).

The UK Benchmarks Regulation, among other things, applies to the contribution of input data to a benchmark, the administration of a benchmark, and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks or administrators that are not authorised or registered on the UK Register in accordance with the UK Benchmarks Regulation (or, if such benchmarks or administrators are non-UK based, not deemed equivalent or recognised or endorsed), subject to certain transitional provisions.

ESMA maintains the ESMA Register as a public register of EU-approved benchmark administrators and non-EU benchmarks pursuant to the EU Benchmarks Regulation. Benchmarks and benchmark administrators which were approved by the FCA prior to 31 December 2020 were removed from the ESMA Register on 1 January 2021.

From 1 January 2021 onwards, the FCA maintains the UK Register as a separate public register of FCA-approved benchmark administrators and non-UK benchmarks pursuant to the UK Benchmarks Regulation. The UK Register includes benchmark administrators and benchmarks which were approved by the FCA prior to 31 December 2020.

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to a rate or index deemed to be a "benchmark"; in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmark Regulation reforms, investigations and licensing issues in making any investment decision with respect to the Notes linked to a "benchmark".

*IBORs*

There continues to be significant regulatory scrutiny of continued use of inter-bank offered rates ("**IBORs**"), such as EURIBOR, and increasing pressure and momentum for banks and other financial institutions to transition relevant products to risk-free replacement rates. Relevant authorities have identified "risk-free rates" to eventually take the place of such IBORs as primary benchmarks including the Euro Short-Term Rate ("**€STR**") as the new euro risk-free rate to replace EURIBOR. The reform and replacement of the remaining IBORs (including EURIBOR) with risk-free rates may cause the relevant IBOR to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. These risk-free rates have different methodologies and other important differences from the IBORs they will eventually replace and have little, if any, historical track record.

Any of these reforms or pressures or any other changes to IBORs such as EURIBOR could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be and could have a material adverse effect on the value of and return on Notes linked to any such rates.

*BKBM*

The New Zealand Financial Benchmark Facility ("**NZFBF**"), which is the administrator of BKBM, has undertaken consultations on the future of BKBM, which did not result in a clear consensus among market participants as to a preferred alternative benchmark. Following these consultations, the NZFBF engaged with the RBNZ and the Financial Markets Authority (the "**FMA**"), which indicated a preference that market-based benchmark rates (including BKBM or any potential successor) be given the best opportunity to continue as viable benchmarks, including through industry-led reform measures. NZFBF has subsequently confirmed that it intends to pursue reform of BKBM as New Zealand's key interest rate benchmark.

*BBSW*

In Australia, the Treasury Laws Amendment (2017 Measures No. 5) Act 2018 of Australia amended the Corporations Act, to, among other things, establish a licensing regime for administrators of significant financial benchmarks (including BBSW) and enable the Australian Securities and Investments Commission ("**ASIC**") to make rules relating to the generation and administration of such benchmark indices. On 6 June 2018 ASIC issued the ASIC Financial Benchmark (Administration) Rules 2018 (the "**Administration Rules**") and the ASIC Financial Benchmark (Compelled) Rules 2018 (the "**Compelled Rules**") pursuant to this power. On 27 June 2019, ASIC granted ASX Benchmarks Pty Limited a licence to administer the BBSW Rate from 1 July 2019. The Administration Rules require, among other things, a person who is licensed to administer a regulated benchmark (a benchmark administrator licensee) to: (i) use a method for generating that benchmark that is designed to ensure the quality, integrity, availability, reliability and credibility of that benchmark; (ii) act efficiently, honestly and fairly in generating and administering that benchmark; and (iii) ensure that arrangements with persons who contribute data to the generation of benchmarks ("**contributors**") meet certain criteria for these purposes. The Compelled Rules, among other things, allow ASIC to require a benchmark administrator licensee to continue to generate or administer a regulated benchmark and to require contributors to continue to provide data required for the generation of the relevant benchmark. Although the Compelled Rules and a number of the other Australian reforms have been designed to support the reliability and robustness of BBSW, it is not possible to predict with certainty whether, and to what extent, BBSW will continue to be supported or the extent to which related regulations, rules, practices or methodologies may be amended going forward. This may cause BBSW to perform differently than it has in the past, and may have other consequences which cannot be predicted. For example, it is possible that these changes could cause BBSW to cease to exist, to become commercially or practically unworkable, or to become more or less volatile or liquid. Any such changes could have a material adverse effect on the Notes.

Any of the international, national or other proposals for reform or the general increased regulatory scrutiny of "benchmarks" could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks" or lead to the disappearance or obsolescence of certain "benchmarks".

For Notes which reference any affected benchmark, uncertainty as to the nature of alternative reference rates and as to potential changes or other reforms to such benchmark may adversely affect such benchmark rates during the term of such Notes and the return on, value of and the trading market for such Notes.

Additionally, following the implementation of any such potential reforms, the manner of administration of benchmarks may change, with the result that they may perform differently than in the past, or the benchmark could be eliminated entirely, or there could be other consequences that cannot be predicted. The elimination of the EURIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Terms and Conditions of the Notes (or the Terms and Conditions of the Non PRM Notes as the case may be), or result in adverse consequences to holders of any securities linked to such benchmark (including but not limited to Floating Rate Notes, Range Accrual Notes and Inverse Floating Rate Notes whose interest rates are linked to EURIBOR or any other such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of

alternative reference rates and as to potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities based on the same benchmark.

***The market continues to develop in relation to SONIA, €STR, CORRA, TONA and AONIA as a reference rate for Notes***

Investors should be aware that the market continues to develop in relation to risk-free rates such as SONIA, €STR, CORRA, TONA and AONIA as reference rates in the capital markets although they have become more commonly used as benchmark rates for notes in recent years. Most of the rates are backwards-looking, but the methodologies to calculate the risk-free rates are not uniform. Such different methodologies may result in different interest amounts being determined in respect of otherwise similar securities.

In addition, market participants and relevant working groups have been working to develop alternative reference rates based on SONIA, €STR, CORRA, TONA and AONIA including applying term versions (which seek to measure the market's forward expectation of an average of these reference rates over a designated term, as they are overnight rates) or different measures of such risk-free rates.

The market, or a significant part thereof, may adopt an application of SONIA, €STR, CORRA, TONA and/or AONIA that differs significantly from that set out in the Conditions (including in relation to fallbacks in the event that such rates are discontinued or fundamentally altered) and used as a reference rate for Floating Rate Notes issued under this Programme. Furthermore, an Issuer may in the future also issue Notes referencing SONIA, €STR, CORRA, TONA or AONIA that differ materially in terms of interest determination when compared with any previous SONIA, €STR, CORRA, TONA or AONIA referenced Notes issued by it under this Programme. The development of SONIA, €STR, CORRA, TONA and AONIA as interest reference rates for the Eurobond markets, as well as continued development of the SONIA, €STR, CORRA, TONA and AONIA-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any Notes referencing SONIA, €STR, CORRA, TONA or AONIA issued under the Programme from time to time.

Furthermore, interest on Notes which reference CORRA, TONA or an €STR or a SONIA rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for holders of Notes that reference CORRA, TONA or an €STR or a SONIA rate to reliably estimate the amount of interest that will be payable on such Notes which could adversely impact the liquidity of such Notes. Further, if the Notes become due and payable under Condition 9 (*Events of Default*), the Rate of Interest payable will be determined on the date the Notes became due and payable and will not be reset thereafter. Investors should consider these matters when making their investment decision with respect to any such Floating Rate Notes.

Investors should be aware that the manner of adoption or application of €STR, CORRA, SONIA, TONA or AONIA as a reference rate in the Eurobond markets may differ materially compared with the application and adoption of €STR, CORRA, SONIA, TONA or AONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of €STR, CORRA, SONIA, TONA or AONIA as a reference rate across these markets may impact any hedging or other arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing such rate.

Notes linked to SONIA, CORRA, €STR, TONA and AONIA rates may also have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities linked to SONIA, CORRA, €STR, TONA and/or AONIA may evolve over time and trading prices of the Notes referencing SONIA, CORRA, €STR, TONA or AONIA may be lower than those of later issued Notes that reference the same rate as a result. Further, if either SONIA, CORRA, €STR, TONA or AONIA do not prove to be widely used as reference rates for securities like the Notes, the trading price of such Notes linked to SONIA, CORRA, €STR, TONA or AONIA may be lower than those of Notes linked to indices that are more widely used. Investors in such Notes may not be able to sell such Notes at all or may not be able to sell such Notes at prices that will provide them with

a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

In addition, in the event that the SONIA, CORRA, TONA or €STR reference rate is not published at the time when it is required, the Conditions of the Notes provide for certain fallback arrangements which apply specifically to those Notes referencing SONIA, CORRA, TONA or €STR and which are distinct to those applying to other floating rate Notes, including that, in respect of Notes referencing SONIA, the SONIA reference rate may be (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published excluding the highest and lowest spread to the Bank Rate, and in respect of Notes referencing €STR or CORRA, the relevant €STR or CORRA reference rate may be the €STR or CORRA reference rate determined on the first preceding Interest Determination Date, and in respect of Notes referencing TONA, the relevant TONA reference rate may be the TONA reference rate on the last day such rate was provided or published.

Investors should consider these matters when making their investment decision in relation to Floating Rate Notes which reference SONIA, €STR, TONA or CORRA.

***The market continues to develop in relation to SOFR and SOFR may be more volatile than other benchmarks or market rates***

The Secured Overnight Financing Rate ("**SOFR**") is published by the Federal Reserve Bank of New York and is intended to be a broad measure of the cost of borrowing cash overnight collateralised by Treasury securities. Publication of SOFR data began on 3 April 2018, and publication of SOFR Index data began on 2 March 2020 and therefore has a relatively limited history. In addition, the future performance of SOFR cannot be predicted based on its historical performance. The level of SOFR over the term of the Notes may bear little or no relation to the historical level of SOFR. Prior observed patterns, if any, in the behaviour of market variables, such as correlations, may change in the future. While some pre-publication hypothetical performance data has been published by the Federal Reserve Bank of New York, such data inherently involves assumptions, estimates and approximations.

Furthermore, since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in comparable benchmark or market rates. Although Compounded Daily SOFR or Compounded SOFR Index (each as defined in the Conditions) generally are not expected to be as volatile as daily levels of SOFR, the return on and value of the Notes may fluctuate more than floating rate securities that are linked to less volatile rates. In addition, the volatility of SOFR has reflected the underlying volatility of the overnight U.S. Treasury repo market. The Federal Reserve Bank of New York has at times conducted operations in the overnight U.S. Treasury repo market in order to help maintain the federal funds rate within a target range. There can be no assurance that the Federal Reserve Bank of New York will or will not continue to conduct such operations in the future, and the duration and extent of any such operations is inherently uncertain. The future performance of SOFR is impossible to predict and therefore no future performance of SOFR or the Notes may be inferred from any of the hypothetical or actual historical performance data. Hypothetical or actual historical performance data are not indicative of, and have no bearing on, the potential performance of SOFR or the Notes.

The market or a significant part thereof may adopt an application of SOFR that differs significantly from that set out in the Conditions and used in relation to Floating Rate Notes that reference a SOFR rate issued under this Programme. An Issuer may in the future also issue Notes referencing SOFR that differ materially in terms of interest determination when compared with any previous SOFR referenced Notes issued by it under this Programme. The development of Compounded Daily SOFR and Compounded SOFR Index as an interest reference rate for the Eurobond markets, as well as continued development of SOFR-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SOFR-referenced Notes issued under this Programme from time to time.

Furthermore, interest on Notes which reference a SOFR rate is only capable of being determined on the Interest Determination Date. It may be difficult for holders of Notes that reference a SOFR rate to reliably estimate the amount of interest that will be payable on such Notes prior to the Interest Determination

Date. Further, if the Notes become due and payable as described under Condition 9 (*Events of Default*), the Rate of Interest payable shall be determined on the date the Notes became due and payable and shall not be reset thereafter. Investors should consider these matters when making their investment decision with respect to any such Floating Rate Notes.

Investors should be aware that the manner of adoption or application of SOFR as a reference rate in the Eurobond markets may differ materially compared with the application and adoption of SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SOFR as a reference rate across these markets may impact any hedging or other arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SOFR.

Furthermore, SOFR Notes have certain fallback arrangements in the event that the SOFR reference rate is not available on the SOFR Administrator's Website (as defined in Condition 4 (*Interest and other Calculations*)) in relation to any U.S. Government Securities Business Day (as defined in Condition 4 (*Interest and other Calculations*)), as described in Condition 4(m) (*Effect of Benchmark Transition Event*) and in the risk factor "*The occurrence of a Benchmark Transition Event and its related Benchmark Replacement Date in respect of Notes where the Reference Rate is SOFR may adversely affect the return on and the market value of such Notes*".

***SOFR, SONIA, €STR, CORRA, TONA, the SOFR Index, the SONIA Index and the €STR Index may be modified or discontinued by their administrator, which could adversely affect the value of any SOFR Notes, SONIA Notes, €STR Notes, TONA Notes and/or CORRA Notes (as applicable)***

Each of SOFR and the SOFR Index is published by the Federal Reserve Bank of New York based on data received from other sources, over which the Issuers have no control. Further the Federal Reserve Bank of New York, the current administrator of SOFR and the SOFR Index, notes on its publication page for SOFR and the SOFR Index that it may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR and/or the SOFR Index at any time without notice. The Bank of England (or a successor), as administrator of SONIA, the European Central Bank (or a successor) as administrator of €STR, the Bank of Canada (or a successor) as administrator of CORRA and the Bank of Japan (or a successor) as administrator of TONA may make methodological or other changes that could change the value of SONIA, €STR, CORRA or TONA, respectively, including changes to the method by which SONIA, €STR, CORRA or TONA is calculated, eligibility criteria applicable to the transactions used to calculate SONIA, €STR, CORRA or TONA, or timing related to the publication of SONIA, €STR, CORRA or TONA. The administrators have no obligations to consider the interests of the Noteholders when calculating, adjusting, converting, revising or discontinuing SOFR, SOFR Index, SONIA, SONIA Index, €STR, €STR Index, CORRA or TONA.

There can be no guarantee, particularly given SOFR's and the SOFR Index's relatively recent publication (3 April 2018 and 2 March 2020, respectively), €STR and €STR Index's relatively recent publication, SONIA and SONIA Index's relatively recent publication, CORRA's relatively recent publication and TONA's relatively recent publication, that SOFR, the SOFR Index, €STR, the €STR Index, SONIA, the SONIA Index, CORRA and TONA will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders. If the manner in which SOFR, the SOFR Index, €STR, the €STR Index, SONIA, the SONIA Index, TONA and/or CORRA are calculated is changed, such change may result in a reduction in the amount of interest payable on the Notes and the trading prices of the Notes. In addition, each of the Federal Reserve Bank of New York as administrator of SOFR and SOFR Index, the European Central Bank as administrator of €STR and the €STR Index, the Bank of England, as administrator of SONIA and SONIA Index, the Bank of Canada as administrator of CORRA and the Bank of Japan as administrator of TONA may withdraw, modify or amend the published SOFR, SOFR Index, €STR, €STR Index, SONIA, SONIA Index, CORRA and/or TONA (as applicable) in its sole discretion and without notice.

The Rate of Interest for SOFR referenced Notes, €STR referenced Notes, SONIA referenced Notes, CORRA referenced Notes and TONA referenced Notes (as applicable) for any interest period will not be adjusted for any modifications or amendments to SOFR or the SOFR Index that the Federal Reserve Bank of New York may publish or to €STR or the €STR Index for any modifications or amendments that the European Central Bank may publish or to SONIA or the SONIA Index that the Bank of England

may publish or to CORRA that the Bank of Canada may publish or to TONA that the Bank of Japan may publish after the interest rate for that interest period has been determined.

***The occurrence of a Benchmark Disruption Event, an ISDA Determination Fallback Event, a Temporary Disruption Trigger or a Permanent Discontinuation Trigger in respect of Notes may adversely affect the return on and the market value of such Notes***

The Terms and Conditions of the Notes (and the Terms and Conditions of the Non PRM Notes) provide for certain fallback arrangements in the event that a published Reference Rate (not including SOFR), such as EURIBOR or BKBM has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered or it is determined that a change in generally accepted market practice has occurred (as further described in the definition of "Benchmark Disruption Event" in Condition 4(l) (*Benchmark Replacement*)), including the possibility that the Reference Rate could be set by reference to a substitute or successor rate that an Independent Adviser (as defined in Condition 4(l) (*Benchmark Replacement*)) or (where the Issuer is unable to appoint an Independent Adviser and if it so elects to make such a determination) the Issuer has determined (acting in good faith and in a commercially reasonable manner) in its sole discretion to be (a) the industry accepted successor rate to the Reference Rate or (b) if no such industry accepted successor rate exists, the most comparable substitute or successor rate to the relevant Reference Rate and, where the Independent Adviser (or the Issuer as the case may be) has determined a substitute or successor rate that the Independent Adviser (or the Issuer as the case may be) may determine (acting in good faith and in a commercially reasonable manner), any relevant methodology for calculating such substitute or successor rate, including any adjustment factor it determines is needed to make such substitute or successor rate comparable to the relevant Reference Rate, in a manner that is consistent with industry-accepted practices for such substitute or successor rate in calculating a successor rate or an alternative reference rate. For the risks related to the benchmark fallback for SOFR Notes, see the risk factor entitled "*The occurrence of a Benchmark Transition Event and its related Benchmark Replacement Date in respect of Notes where the Reference Rate is SOFR may adversely affect the return on and the market value of such Notes*". In certain circumstances the ultimate fallback rate of interest for a particular Interest Period or Interest Accrual Period (as applicable) may result in the rate of interest determined for the previous Interest Period or Interest Accrual Period (as applicable) being used. This may result in the effective application of a fixed rate for a Note linked to such a benchmark based on the rate which was last observed on the Relevant Screen Page. In addition, due to the uncertainty concerning the availability of a substitute or successor rate, the relevant fallback provisions may not operate as intended at the relevant time. No consent of the Noteholders shall be required in connection with effecting any relevant substitute or successor rate or any other related adjustments.

In addition, where BBSW Rate Determination or AONIA Rate Determination is specified in the applicable Final Terms, where a Temporary Disruption Trigger or a Permanent Discontinuation Trigger occurs (as those terms are defined in Condition 4(b)(iii)(K)) in respect of Notes referencing BBSW, the Rate of Interest could be determined by reference to an Administrator Recommended Rate, Supervisor Recommended Rate, Final Fallback Rate, AONIA or the RBA Recommended Rate (as those terms are defined in the Condition 4(b)(iii)(K)) and in respect of Notes referencing AONIA, the Rate of Interest could be determined by reference to the AONIA Rate most recently published, the RBA Recommended Rate or the Final Fallback Rate (as those terms are defined in Condition 4(b)(iii)(K)), each as more fully described in Condition 4(b)(iii)(K).

In addition, where ISDA Determination for Fallback is specified in the applicable Final Terms, in the event that the applicable Reference Rate is not published on the day on which it is required or in the event that the applicable Reference Rate has ceased to be or will cease to be provided permanently or indefinitely by the administrator and there is no successor administrator (as further described in the definition of "Index Cessation Event" in Condition 4(n) (*ISDA Determination for Fallback*)), the Rate of Interest for the relevant Interest Period or Interest Accrual Period will be determined by reference to the ISDA Fallback Rate, being the rate that would apply for derivatives transactions with respect to the Reference Rate for the applicable tenor plus a spread adjustment as more fully described in Condition 4(n) (*ISDA Determination for Fallback*).

The use of a substitute or successor rate or the application of the ISDA Fallback Rate, Administrator Recommended Rate, Supervisor Recommended Rate, RBA Recommended Rate or Final Fallback Rate

may result in interest payments that are substantially lower than or that do not otherwise correlate over time with the payments that could have been made on the relevant Floating Rate Notes if the relevant Reference Rate remained available in its current form. Any of the above changes or any other consequential changes to EURIBOR, BBSW, AONIA or any other benchmark as a result of international, national or other proposals for reform or other initiatives or investigations, could result in adjustment to the Terms and Conditions of the relevant Notes or other consequences, depending on the specific provisions of the relevant Notes and could have a material adverse effect on the yield on and value of and return on any such Notes linked to a benchmark.

***The occurrence of a Benchmark Transition Event and its related Benchmark Replacement Date in respect of Notes where the Reference Rate is SOFR may adversely affect the return on and the market value of such Notes***

The Terms and Conditions of the Notes provide for specific fallback arrangements in respect of Notes where the Reference Rate specified in the applicable Final Terms is SOFR (Index Determination) or SOFR (Non-Index Determination). If the Issuer or its designee determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark (each as defined in the Conditions), then a Benchmark Replacement will replace the then-current Benchmark and the Issuer or its designee will have the right to make Benchmark Replacement Conforming Changes in accordance with the provisions of Condition 4(m) (*Effect of Benchmark Transition Event*). There are no limits or parameters dictating whom the Issuer may appoint as its designee to assist in this determination, and the designee may be an affiliate of the Issuer, an agent of the Issuer or any other party or person. There is no assurance that the designee selected by the Issuer to assist in this determination has the competency to make such a determination or that the designee's determination will be consistent with similar determinations made on similar securities. The selection of a Benchmark Replacement, and any decisions, determinations or elections made by the Issuer or its designee in connection with implementing a Benchmark Replacement with respect to such Notes in accordance with the Conditions, could result in adverse consequences to the relevant Rate of Interest in respect of such Notes.

Pursuant to the Conditions, if a particular Benchmark Replacement or Benchmark Replacement Adjustment cannot be determined, then the next-available Benchmark Replacement or Benchmark Replacement Adjustment will apply. These replacement rates and adjustments may be selected or formulated by (i) the Relevant Governmental Body (such as the Alternative Reference Rates Committee), (ii) ISDA or (iii) in certain circumstances, the Issuer or its designee. In addition, the provisions of the Conditions expressly authorise the Issuer or its designee to make Benchmark Replacement Conforming Changes with respect to, among other things, the determination of Interest Periods and the timing and frequency of determining rates and making payments of interest.

No consent of the Noteholders shall be required in connection with determining or effecting any Benchmark Replacement, Benchmark Replacement Adjustment or Benchmark Replacement Conforming Changes. The application of a Benchmark Replacement, Benchmark Replacement Adjustment and Benchmark Replacement Conforming Changes, any decisions, determinations or elections made by the Issuer or its designee in connection with Benchmark Replacement, Benchmark Replacement Adjustment and Benchmark Replacement Conforming Changes, as well as the implementation of Benchmark Replacement Conforming Changes, could result in adverse consequences to the amount of interest paid on the Notes which could adversely affect the return on, value of and market for the Notes. Further, there is no assurance that the characteristics of any Benchmark Replacement will be similar to the then-current SOFR (Index Determination) or SOFR (Non-Index Determination) rate that it is replacing, or that any Benchmark Replacement will produce the economic equivalent of the then-current SOFR (Index Determination) or SOFR (Non-Index Determination) rate that it is replacing.

***Notes issued at a substantial discount or premium***

The market values of securities issued at a substantial discount or premium from their principal amount (Zero Coupon Notes, as an example) tend to fluctuate more in relation to changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with

comparable maturities. Accordingly, investors in any Notes issued at a discount or premium are exposed to interest rate volatility and may suffer a greater loss on their investment compared to an investor in other interest-bearing debt securities.

**Risks relating to Notes denominated in Renminbi ("*CNY Notes*")**

***Renminbi is not freely convertible and there are significant restrictions on the remittance of Renminbi into and out of the People's Republic of China (the "PRC") which may adversely affect the liquidity of CNY Notes***

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

Subject to the prior receipt of all necessary governmental approvals, the relevant Issuer may remit the net proceeds from the offering of CNY Notes into the PRC. There is no assurance that such approvals will be granted and, if granted, will not be revoked or amended in the future.

Remittance of Renminbi into and out of the PRC for the settlement of capital account items such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities and/ or designated foreign exchange banks on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being developed gradually.

In respect of Renminbi foreign direct investments ("**FDI**"), the People's Bank of China ("**PBoC**") promulgated the Administrative Measures on Renminbi Settlement of Foreign Direct Investment (the "**PBoC FDI Measures**") on 13 October 2011 as part of PBoC's detailed Renminbi FDI accounts administration system. The system covers almost all aspects in relation to FDI, including capital injections, payments for the acquisition of PRC domestic enterprises, repatriation of dividends and other distributions, as well as Renminbi denominated cross-border loans. On 14 June 2012, PBoC further issued the implementing rules for the PBoC FDI Measures and subsequently made slight revisions to the implementing rules on 5 June 2015 and 31 December 2020. Under the PBoC FDI Measures, special approval for FDI and shareholder loans from PBoC, which was previously required, is no longer necessary. In some cases, however, post-event filing with PBoC is still necessary.

On 3 December 2013, the Ministry of Commerce of the PRC ("**MOFCOM**") promulgated the Circular on issues in relation to Cross-border Renminbi Foreign Direct Investment (the "**MOFCOM Circular**"), which became effective on 1 January 2014, to further facilitate FDI by simplifying and streamlining the applicable regulatory framework. Pursuant to the MOFCOM Circular, the appropriate office of MOFCOM and/or its local counterparts will grant written approval for each FDI and specify "Renminbi Foreign Direct Investment" and the amount of capital contribution in the approval. Unlike previous MOFCOM regulations on FDI, the MOFCOM Circular removes the approval requirement for foreign investors who intend to change the currency of its existing capital contribution from a foreign currency to Renminbi. In addition, the MOFCOM Circular also clearly prohibits the FDI funds from being used for any investment in securities and financial derivatives (except for investment in the PRC listed companies as strategic investors) or for entrustment loans in the PRC.

To support the development of the China (Shanghai) Free Trade Pilot Zone (the "**Shanghai FTZ**"), the Shanghai Head Office of PBoC issued the Circular on Supporting the Expanded Cross-border Utilisation of Renminbi in the Shanghai FTZ on 20 February 2014, which allows banks in Shanghai to settle FDI based on a foreign investor's instruction. In respect of FDI in industries that are not on the "negative list" of the Shanghai FTZ, the MOFCOM approval previously required is replaced by a filing. However, the application of the Shanghai FTZ Circular is limited to the Shanghai FTZ.

The PBoC FDI Measures and the MOFCOM Circular may be subject to interpretation and application by the relevant authorities in the PRC.

In the event that the relevant Issuer decides to remit some or all of the proceeds into the PRC in Renminbi, its ability to do so will be subject to obtaining all necessary approvals from and registration with the relevant PRC government authorities. However, there is no assurance that the necessary approvals from and registration with the relevant PRC government authorities will be obtained at all or, if obtained, they will not be revoked or amended in the future.

Although Renminbi has been added to the Special Drawing Rights basket created by the International Monetary Fund on 1 October 2016 and the PBoC has implemented various policies further improving accessibility to Renminbi to settle cross-border transactions in the past, there is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside of the PRC and the ability of the Issuer to source Renminbi to finance its obligations under CNY Notes.

***There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the CNY Notes and the Issuer's ability to source Renminbi outside the PRC to service the CNY Notes***

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. The PBoC has entered into agreements (the "**Settlement Arrangements**") on the clearing of Renminbi business with financial institutions (the "**Renminbi Clearing Banks**") in a number of financial centres and cities, including but not limited to Hong Kong, London, Frankfurt and Singapore, has established the Cross-Border Inter-Bank Payments System ("**CIPS**") to facilitate cross-border Renminbi settlement, and is in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions. Nevertheless, the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by the PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC, although the PBoC has gradually allowed participating banks to access the PRC's onshore inter-bank market for trading of Renminbi. The Renminbi Clearing Banks only have limited access to onshore liquidity support from the PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In cases where the participating banks cannot source sufficient Renminbi through the above channels, they will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or current regulations (including but not limited to the Settlement Arrangements) will not be terminated or amended in the future, each of which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the CNY Notes. To the extent the relevant Issuer is required to source Renminbi in the offshore market to service CNY Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

***Investment in CNY Notes is subject to exchange rate risks***

The relevant Issuer will make all payments of interest and principal with respect to CNY Notes in Renminbi unless otherwise specified. The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The PBoC has in recent years implemented changes to the way

it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of CNY Notes in that foreign currency will decline.

***Investment in CNY Notes is subject to currency risk***

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on CNY Notes as a result of Inconvertibility, Non transferability or Illiquidity (each, as defined in the Conditions), the relevant Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be.

***Investment in CNY Notes is subject to interest rate risks***

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions. As CNY Notes may carry a fixed interest rate, the trading price of the CNY Notes will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the CNY Notes propose to sell their CNY Notes before their maturity, they may receive an offer lower than the amount they have invested.

***Payments with respect to CNY Notes may be made only in the manner designated in CNY Notes***

All payments to investors in respect of CNY Notes will be made solely (i) for so long as CNY Notes are represented by a Temporary Global Note or a Permanent Global Note held with the common depositary for Clearstream, Luxembourg and Euroclear (or, in the case of CMU Notes, deposited with a sub-custodian in Hong Kong for the CMU Service) or any alternative clearing system by transfer to a Renminbi bank account maintained in Hong Kong or (ii) for so long as any CNY Notes are in definitive form, by transfer to a Renminbi bank account maintained in Hong Kong in accordance with prevailing rules and regulations. The relevant Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC).

***Gains on the transfer of CNY Notes may become subject to income taxes under PRC tax laws***

Under the PRC Enterprise Income Tax Law and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of CNY Notes by non-PRC resident enterprise holders may be subject to PRC enterprise income tax ("**EIT**") if such gain is regarded as income derived from sources within the PRC. The PRC Enterprise Income Tax Law levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise holder from the transfer of CNY Notes but its implementation rules have reduced the EIT rate to 10 per cent.

However, uncertainty remains as to whether the gain realised from the transfer of CNY Notes by non-PRC resident enterprise holders would be treated as income derived from sources within the PRC and thus become subject to EIT. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, holders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT on capital gains derived from a sale or exchange of CNY Notes.

Therefore, if non-PRC resident enterprise holders are required to pay PRC income tax on gains derived from the transfer of CNY Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC resident enterprise of CNY Notes reside that reduces or exempts the relevant EIT, the value of their investment in CNY Notes may be materially and adversely affected.

**Risks relating to Notes traded by qualified PRC investors**

***Qualified PRC investors holding CMU Notes through Southbound Bond Connect or other Applicable PRC Regimes are subject to applicable regulatory requirements***

If any CMU Notes are eligible for trading by qualified PRC investors pursuant to the applicable PRC legal regimes (the "**Applicable PRC Regimes**"), including but not limited to the Qualified Domestic Institutional Investors regimes issued and implemented by the relevant PRC regulators and the Southbound Trading Link of the "Bond Connect" regime implemented between the PRC and Hong Kong ("**Southbound Bond Connect**"), qualified PRC investors must, or must through qualified agents, comply with the applicable laws and regulations in the PRC or another relevant jurisdiction to carry out the registration, trading, custody, clearing and settlement of such Notes, and remittance and conversion of funds. A qualified PRC investor should note that the aggregate funds which may be remitted outside the PRC through each Applicable PRC Regime might be subject to a quota limit. If such quota has been used up, a qualified PRC investor may not be able to purchase such Notes during the relevant period and may suffer a loss. Applicable rules and regulations and the regulatory environment in terms of each Applicable PRC Regime may be subject to change. A qualified PRC investor should note that, if such Notes are in the future not considered as an eligible product by the relevant regulators, or, if its qualification to make the investment is revoked or in other manner becomes ineligible, it may no longer be able to trade such Notes pursuant to the relevant Applicable PRC Regime and may suffer other loss or adverse consequence. A qualified PRC investor who holds CMU Notes through Southbound Bond Connect may only sell such Notes to an offshore market maker designated by the Hong Kong Monetary Authority ("**HKMA**") pursuant to the relevant rules of Southbound Bond Connect.

**Risks related to NZ Subordinated Notes issued under the Programme**

***An investor holding NZ Subordinated Notes may lose some or all of its investment should ANZ Bank New Zealand become insolvent***

There is a significant risk that an investor holding NZ Subordinated Notes may lose some or all of their investment should ANZ Bank New Zealand become insolvent.

The terms of the NZ Subordinated Notes do not limit the amount of the liabilities ranking senior to any NZ Subordinated Notes which may be incurred or assumed by ANZ Bank New Zealand from time to time, whether before or after the date of issue of the relevant NZ Subordinated Notes.

If ANZ Bank New Zealand is put into liquidation, it will be required to pay the holders of senior debt and meet its obligations to all its other unsubordinated creditors (including unsecured creditors) in full before it can make any payments on any NZ Subordinated Notes. If this occurs, ANZ Bank New Zealand may not have enough assets remaining after these payments to pay any or all amounts due under the relevant NZ Subordinated Notes.

In addition, all NZ Subordinated Notes will provide that, prior to the stated maturity of such NZ Subordinated Notes or the commencement of the liquidation of ANZ Bank New Zealand, ANZ Bank New Zealand is only permitted to make payments on such NZ Subordinated Notes if it is solvent at the time of such payment and if it would be solvent immediately after any such payment. Any failure to pay as a result of this solvency condition not being satisfied will not constitute an Event of Default under the Conditions in respect of such NZ Subordinated Notes.

***An investor holding NZ Subordinated Notes has limited remedies available for non-payment of amounts owing and for other breaches of ANZ Bank New Zealand's obligations***

If ANZ Bank New Zealand fails to pay principal on the NZ Subordinated Notes within 7 days of its due date, or fails to pay interest on the NZ Subordinated Notes within 15 days of its due date, an NZ Subordinated Noteholder may commence proceedings to recover the amount owing, provided that ANZ Bank New Zealand will not, by virtue of the institution of any such proceedings (other than any liquidation proceedings), be obliged to pay any principal or interest or any other payments in respect of the NZ Subordinated Notes:

(a) sooner than such amounts would otherwise be payable and not until after the claims of Senior Creditors (as defined in Condition 3(b) (*Status and Guarantee – NZ Subordinated Notes – ANZ Bank New Zealand*)) of ANZ Bank New Zealand have been paid; and

(b) if, prior to the stated maturity of the NZ Subordinated Notes or the commencement of the liquidation of ANZ Bank New Zealand, ANZ Bank New Zealand is not solvent at the time of, or would not be solvent immediately after, the payment of such amount.

In addition to taking such actions upon any such failure to pay principal or interest, an NZ Subordinated Noteholder may commence a proceeding in New Zealand (but not anywhere else) to obtain an order for specific performance of any other obligation in respect of NZ Subordinated Notes or for the liquidation of ANZ Bank New Zealand. The making of an order for a liquidation is in the discretion of the court. However, in accordance with Condition 3(b) (*Status and Guarantee – NZ Subordinated Notes – ANZ Bank New Zealand*), until all Senior Creditors have been paid in full, an NZ Subordinated Noteholder must not claim in the liquidation of ANZ Bank New Zealand in competition with the Senior Creditors so as to diminish any distribution, dividend or payment which, but for that claim, the Senior Creditors would have been entitled to receive.

No remedy will be available to an NZ Subordinated Noteholder where ANZ Bank New Zealand's failure to pay principal or interest or make any other payment in respect of the NZ Subordinated Notes is due to ANZ Bank New Zealand failing to satisfy the solvency condition in Condition 4(t) (*Conditions of Payment in respect of NZ Subordinated Notes*). Any amount not paid due to ANZ Bank New Zealand's failure to satisfy the solvency condition in Condition 4(t) (*Conditions of Payment in respect of NZ Subordinated Notes*) accumulates and remains a debt owing to the NZ Subordinated Noteholder by ANZ Bank New Zealand until it is paid and will be due and payable on the first Business Day on which the solvency condition in Condition 4(t) (*Conditions of Payment in respect of NZ Subordinated Notes*) is satisfied (whether or not such date is otherwise a payment date).

Prior to the commencement of the liquidation of ANZ Bank New Zealand, no other remedy will be available to an NZ Subordinated Noteholder against ANZ Bank New Zealand, whether for the recovery of amounts owing in respect of, or for a breach by ANZ Bank New Zealand of its obligations under or in respect of, the NZ Subordinated Notes.

***An investor holding NZ Subordinated Notes has limited rights to accelerate principal under the NZ Subordinated Notes***

Payment of the principal amount of the NZ Subordinated Notes may be accelerated only in the event of a liquidation of ANZ Bank New Zealand. NZ Subordinated Noteholders will not have the right to accelerate the payment of principal of the NZ Subordinated Notes if ANZ Bank New Zealand fails to pay principal or interest when due on those NZ Subordinated Notes or if ANZ Bank New Zealand fails in the performance of any of its other obligations under those NZ Subordinated Notes. The rights of acceleration under the NZ Subordinated Notes are more limited than those available pursuant to the terms of ANZ Bank New Zealand's unsubordinated debt securities.

***NZ Subordinated Notes may be subject to optional redemption by ANZ Bank New Zealand which may limit their market value***

ANZ Bank New Zealand may redeem NZ Subordinated Notes prior to their specified maturity at the Early Redemption Amount together with interest accrued to the date fixed for redemption (i) in whole (but not in part), upon the occurrence of an NZ Subordinated Note Tax Event (subject to and in accordance with Condition 5(c) (*Redemption for Taxation Reasons Applicable to NZ Subordinated Notes*)); (ii) in whole (but not in part), upon the occurrence of an NZ Subordinated Note Regulatory Event (subject to and in accordance with Condition 5(d) (*Redemption of NZ Subordinated Notes for Regulatory Reasons*)); or (iii) in whole or in part, on any Optional Redemption Date specified in the applicable Final Terms pursuant to Condition 5(f) (*Redemption at the Option of the Issuer and Exercise of Issuer's Options*), in each case, subject to prior approval of the RBNZ in accordance with Condition 5(k) (*NZ Subordinated Notes - Approval of RBNZ*).

An optional redemption feature is likely to limit the market value of the NZ Subordinated Notes. During any period when ANZ Bank New Zealand may elect to redeem NZ Subordinated Notes, the market value of those NZ Subordinated Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

**Risks related to Notes issued as SDG Bonds**

***The SDG Bonds may not meet investor expectations or requirements***

ANZBGL may issue SDG Bonds from time to time. While it is the intention of ANZBGL to allocate an amount equal to the net proceeds of any SDG Bonds to an eligible asset or assets and/or eligible expenditure, there is no contractual or regulatory obligation to do so. Additionally, the Framework is subject to review and change and any amendment, update, supplement and/or replacement of the Framework may be applied in respect of any issue of SDG Bonds.

No assurance or representation is given to investors by ANZBGL or any other person:

(a) that, at any time, an amount equal to the use of the net proceeds of any Tranche of SDG Bonds will satisfy (whether in whole or in part) any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, in particular with regard to any direct or indirect sustainability impact of any projects or uses, the subject of or related to, any eligible assets, eligible businesses and projects under the Framework;

(b) that, at any time, any assets, projects, businesses or uses the subject of, or related to, any eligible assets will meet or, if met, continue to meet on an ongoing basis any or all investor expectations regarding "green", "sustainable", "social" or other similar labels (including, without limitation, the EU Taxonomy Regulation and any related technical screening criteria, the EuGB label, the European Green Bond Regulation, the SFDR and any implementing legislation and guidelines, or any similar legislation or related technical screening criteria in the United Kingdom or any market standards or guidance, including the ICMA Principles) or any requirements of such labels or market standards as they may evolve from time to time. Furthermore, it should be noted that there is currently no clear definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "green", "social" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green, "social" or "sustainable" or such other equivalent label and if developed in the future, SDG Bonds may not comply with any such definition or label;

(c) that any adverse environmental, social and/or other impacts will not occur during the implementation of any assets, projects, businesses or uses the subject of, or related to, any eligible assets;

(d) that, at any time (within any specified period or at all), (i) any assets, projects, businesses qualifying as eligible assets will be available or meet any eligible categories, or (ii) any eligible asset will continue to meet any eligible category, or that ANZBGL will be able to replace any eligible assets which no longer meet the relevant eligible category, or (iii) any eligible assets will be, or will be capable of being, implemented in or substantially in such manner and/or in accordance with any timing schedule or at all or with the results or outcome as originally expected or anticipated by ANZBGL and, accordingly, there is no assurance that an amount equal to the net proceeds of any Tranche of SDG Bonds will be totally or partially allocated to such eligible assets; or

(e) as to the suitability or reliability for any purpose whatsoever of any opinion, review, assurance, certification or post-issuance report of any third party (whether or not solicited by ANZBGL) which may be made available in connection with SDG Bonds (including any second or third party opinion).

As at the date of this Base Prospectus, any SDG Bonds issued under the Programme will not be compliant with the European Green Bond Regulation and are only intended to comply with the requirements and processes in ANZBGL's Framework. Additionally, as at the date of this Base Prospectus, ANZBGL's Framework has not been assessed for alignment against ICMA's Green Bond Principles of June 2025 or ICMA's Social Bond Principles of June 2025. It is not clear if the establishment of the EuGB label and the optional disclosures regime for bonds issued as "environmentally sustainable" under the European Green Bond Regulation could have an impact on investor demand for, and pricing of, green use of proceeds bonds that do not comply with the requirements of the EuGB label or the optional disclosures regime, such as SDG Bonds issued under this Base Prospectus. It could result in reduced liquidity or lower demand or could otherwise affect the market price of any SDG Bonds issued under this Programme that do not comply with the European Green Bond Regulation standards.

***The listing of any Tranche of SDG Bonds on any dedicated 'green', sustainable or other equivalently-labelled segment of any stock exchange or securities market is subject to change and may not meet investor expectations or requirements***

If a Tranche of SDG Bonds is at any time listed or admitted to trading on any dedicated "green", sustainable or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by ANZBGL or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, in particular with regard to any direct or indirect environmental impact of any projects or uses, the subject of or related to, any of the businesses and projects funded with an amount equivalent to the net proceeds from such SDG Bonds. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by ANZBGL or any other person that any such listing or admission to trading will be obtained in respect of any Tranche of SDG Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the SDG Bonds and any failure to obtain or maintain such listing may affect the value of the SDG Bonds.

***SDG Bonds do not benefit from any arrangements to enhance the performance of the SDG Bonds or any contractual rights derived solely from the intended use of proceeds of such SDG Bonds and are not linked to the performance of the eligible assets***

Investors should note that none of:

(a) a failure by ANZBGL as Issuer (either totally or partially) (i) to allocate amounts equal to the net proceeds, or use the proceeds of a Tranche of SDG Bonds in the manner described in the applicable Final Terms and the Framework, or (ii) to evaluate, select and report on eligible assets, or to manage amounts equal to the net proceeds of a Tranche of SDG Bonds or procure any external review and verification of a Tranche of SDG Bonds, each as may be described in the applicable Final Terms and/or in the Framework or (iii) to comply with the Framework, the United Nations' General Assembly SDGs or, the International Capital Market Association (the "**ICMA**") published documents entitled "*The Social Bond Principles June 2023*", "*The Sustainability Bond Guidelines June 2021"*, "*The Green Bond Principles June 2021 (With June 2022 Appendix 1)*", "*The Social Bond Principles June 2025*" and "*The Green Bond Principles June 2025*"or (iv) to prepare, obtain or publish any report, assessment, opinion, review, assurance, certification, post-issuance report and/or label relating to any SDG Bonds (including any periodic use of proceeds or impact report as described in the applicable Final Terms or Framework);

(b) a failure of a third party to provide any opinion, review, assurance, post-issuance report or certification in connection with the Framework, a Tranche of SDG Bonds or any periodic use of proceeds or impact report (whether or not solicited by ANZBGL as Issuer), and/or any such opinion, review, assurance, certification or post-issuance report stating that ANZBGL as Issuer is not complying or fulfilling relevant criteria (either totally or partially) with respect to any matter(s) which such opinion, review, assurance, certification or post-issuance report is opining on, assuring or certifying;

(c) any revision, amendment or withdrawal, for any reason, of (i) any opinion, review, assurance, post-issuance report, certification and/or label relating to any Tranche of SDG Bonds, any periodic use of proceeds report or impact report and/or the Framework, or (ii) any criteria on which any such opinion, review, assurance, post-issuance report or certification was given, or (iii) the Framework and/or any report, review, assessment, opinion, post-issuance report, certification and/or label relating to any Tranche of SDG Bonds, any periodic use of proceeds report or impact report and/or the Framework;

(d) the failure of any SDG Bonds to meet investors' expectations or requirements regarding any SDGs, environmental, social and governance ("**ESG**") or similar label(s) or characteristic(s);

(e) any change in the performance of any eligible asset (including the loss of any SDG, ESG or equivalent characteristics);

(f) the SDG Bonds if listed or admitted to trading no longer being listed or admitted to trading on any ESG segment of any stock exchange or securities market or otherwise; or

(g) SDG Bonds not complying with the standards under the European Green Bond Regulation,

will (i) constitute an Event of Default under the Conditions, or (ii) be a breach of contract with respect to any Tranche of SDG Bonds, or (iii) give rise to any other claim or right (including, for the avoidance of doubt, any early redemption option or right to accelerate any Tranche of SDG Bonds) of a holder of SDG Bonds against ANZBGL as Issuer, or (iv) require ANZBGL to redeem the SDG Bonds, or (v) affect the regulatory treatment of the SDG Bonds.

The occurrence of any of the above factors may, however, cause damage to the ANZBGL Group's reputation and/or have a material adverse effect on the value of SDG Bonds and/or result in adverse consequences for certain investors with requirements to invest in securities to be used for a particular purpose who may need to sell such SDG Bonds as a result of such SDG Bonds not falling within their investment requirements. Potential investors should note that there is no recourse to ANZBGL in these circumstances.

***The market price of SDG Bonds may adversely change***

If any of the risks outlined above materialise, this may have a material adverse effect on the market price of such SDG Bonds and also potentially the market price of any other securities intended to finance the Issuer's lending for eligible assets and may result in adverse consequences for certain investors with requirements to invest in securities to be used for a particular purpose (including, without limitation, if such investors are required to dispose of their SDG Bonds as a result of such SDG Bonds not meeting any investment requirements set by or for such investor, which could lead to increased volatility and/or material decreases in the market price of such SDG Bonds).

***No assurance of suitability or reliability of any second party opinion or any other opinion or certification of any third party relating to any SDG Bond***

Any second or third party opinions may provide an opinion on certain environmental and related considerations. Any such opinions are a statement of opinion, not a statement of fact. No representation or assurance is given as to the suitability or reliability of any second or third party opinion or any review, assurance, certification, assessment, post-issuance report or other report of any third party made available in connection with an issue of Notes issued as SDG Bonds. Any second or third party opinion and any other such review, assurance, certification, assessment, post-issuance report or other report of any third party is not intended to address any credit, market or other aspects of any investment in any Note, including without limitation market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Notes. Any second or third party opinion and any other such review, assurance, certification, assessment, post-issuance report or other report of any third party is not a recommendation to buy, sell or hold any such Notes and is current only as of the date it was issued.

The criteria and/or considerations that form the basis of any second or third party opinion and any other such review, assurance, certification, assessment, post-issuance report or other report of any third party may change at any time and such opinion, review, assurance, certification, assessment, post-issuance report or other report may be amended, updated, supplemented, replaced and/or withdrawn. Any withdrawal of any such opinion, review, assurance, certification, assessment, post-issuance report or other report may have a material adverse effect on the value of any SDG Bonds in respect of which such opinion, review, assurance, certification, assessment, post-issuance report or other report is given and /or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. As at the date of this Base Prospectus, the providers of such opinions, reviews, assurances, certifications, assessments, post-issuance reports or other reports are not subject to any specific regulatory or other regime or oversight. The European Green Bond Regulation has introduced a supervisory regime of external reviewers of EuGBs which took effect on 21 June 2026. Accordingly, the providers of such opinions, reviews, assurances, certifications, assessments, post-issuance reports or other reports are now subject to the supervisory regime established under the European Green Bond Regulation, pursuant to which external reviewers of EuGB require registration with ESMA (where such registration is subject to the senior management of the external reviewer satisfying certain conditions, relating to skills, qualification and experience), though this does not apply to external reviewers in respect of an issue of "green bonds" other than those with the EuGB label. Prospective investors must determine for themselves the relevance of any such opinion, review, assurance, certification, assessment, post-issuance report or other report and/or the information contained therein.

**Risks related to the development of a market for Notes which may be issued under the Programme**

***There is no prior or active trading market for the Notes and such trading market may not develop***

Each Tranche of Notes will be new securities which may not be widely distributed and for which there is currently no active trading market (unless, in the case of any particular Tranche of Notes, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Accordingly, the Issuer cannot predict, or give any assurance as to, whether an active or liquid trading market for any particular Tranche of Notes will develop or be sustained. In addition to the creditworthiness, many factors affect the trading market for, and trading value of, the Notes. These factors may include among other things:

- the method of calculating the principal, premium and interest in respect of the Notes;
- the time remaining to the stated maturity of the Notes;
- the outstanding amount of the Notes;
- any redemption features of the Notes;
- the financial condition and results of the relevant Issuer's operations;
- investor confidence and market liquidity; and
- the level, direction and volatility of market interest rates generally.

There may be no, or only a limited number of, buyers when an investor decides to sell the Notes. This may affect the price an investor receives for such Notes or the ability to sell such Notes at all.

The ability of the Dealers to make a market in the Notes (if applicable) may be impacted by changes in regulatory requirements applicable to the marketing, holding and trading of, and issuing quotations with respect to, the Notes. Even if a trading market does develop, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary trading market. This is particularly the case for Series of Notes that are especially sensitive to specific investment objectives or strategies or have been structured to meet the specific

investment guidelines or criteria of investors. These types of Notes may have a more limited secondary trading market and/or be subject to additional price volatility that could be driven and further exacerbated by, among other things, regulatory developments, evolving views of public authorities or changes in the general market sentiment towards such Notes. Any such lack of liquidity or emergence of substantial market volatility may have an adverse effect on the market value of the Notes. Accordingly, there is no assurance as to the development or liquidity of any trading market for the Notes.

***The Notes may be de-listed, which may materially affect an investor's ability to resell***

Any Notes that are listed on the London Stock Exchange or any other listing venue, stock exchange or quotation system may be de-listed. If any Notes are de-listed, the relevant Issuer is obliged to endeavour promptly to obtain an alternative listing. Although no assurance is made as to the liquidity of the Notes as a result of listing on the London Stock Exchange or any other listing venue, stock exchange or quotation system, de-listing the Notes may have a material adverse effect on a Noteholder's ability to resell the Notes in the secondary market.

**Legal and other Risks**

***Because the Global Notes will be held by or on behalf of Euroclear, Clearstream, Luxembourg, the CMU Service and/or an Alternative Clearing System, investors will have to rely on their procedures for transfer, payment and communication with the relevant Issuer and/or the Guarantor***

Notes issued under the Programme may be represented by one or more Global Notes (namely single notes representing all, or the relevant part, of the entire issue). Such Global Notes will be deposited with a common depositary for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"), or, in the case of CMU Notes, with a sub-custodian for the Central Moneymarkets Unit Service (operated by the HKMA) (the "**CMU**" or "**CMU Service**") and/or a clearing system other than Euroclear or Clearstream, Luxembourg or the CMU (an "**Alternative Clearing System**"). Apart from the circumstances described in the relevant Global Note, investors will not be entitled to Notes in definitive form (i.e. physical certificates of ownership). Euroclear, Clearstream, Luxembourg, the CMU and/or any relevant Alternative Clearing System will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear, Clearstream, Luxembourg, the CMU and/or any relevant Alternative Clearing System.

While the Notes are represented by one or more Global Notes, the relevant Issuer and the Guarantor, if applicable, will discharge its payment obligations under the Notes by making payments to the common depositary for Euroclear, Clearstream, Luxembourg, the CMU and/or any relevant Alternative Clearing System for distribution to their relevant accountholders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear, Clearstream, Luxembourg, the CMU and/or any relevant Alternative Clearing System to receive payments under the relevant Notes. The Issuers and the Guarantor have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

So long as any Note is represented by a Global Note held through the CMU Service, each person for whose account interest in the Global Note is credited as being held in the CMU, as notified by the CMU Service to the CMU Lodging and Paying Agent in a relevant CMU issue position report (which shows the aggregate nominal value of the instrument specified therein held by members of the CMU Service in CMU securities accounts), will be the only person entitled to receive payments on the Notes represented by the Global Note. Such person(s) must look solely to the CMU Lodging and Paying Agent for their share of each payment made by the relevant Issuer in respect of the Global Note, and in relation to all other rights arising under the Global Note, subject to and in accordance with the respective rules and procedures of the CMU Service. The relevant Issuer and the Guarantor, if applicable, will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in the Global Note are credited as being held in the CMU Service, and such person(s) shall have no claim directly against the relevant Issuer and the Guarantor in respect of payments due on the Notes for so long as the Notes are represented by the Global Note in respect of each amount so paid. Investors are exposed to the creditworthiness of the CMU Lodging and Paying Agent and may suffer a loss in their investment if the

CMU Lodging and Paying Agent delays in making or fails to make the relevant payment to the aforesaid person(s) upon receiving the relevant payment from the Issuer.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear, Clearstream, Luxembourg, the CMU and/or any relevant Alternative Clearing System to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take enforcement action against the relevant Issuer, or the Guarantor, if applicable, in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

***Foreign account tax compliance (FATCA) withholding may apply to payments on the Notes, including as a result of the failure of a Noteholder or a Noteholder's bank or broker to provide information to tax authorities or withholding agents***

Withholding as high as 30 per cent. may be imposed on payments made with respect to the Notes, but such withholding will not apply to payments made before the date that is two years after the date on which final regulations defining the term "foreign passthru payment" are enacted, and, other than with respect to Subordinated Notes and NZ Subordinated Notes, only with respect to the Notes, issued or modified at least six months after the date on which final regulations implementing the rules for calculating the amount of such withholding tax are published in final form (subject to changes in U.S. Law affecting timing, applicability and rates for Foreign Passthru Payments). The withholding, when it applies, may be imposed at any point in a series of payments unless the relevant payee (including a bank, broker or individual) at each point complies with information reporting, certification and related requirements. Accordingly, a Noteholder that holds Notes through a bank or broker could be subject to withholding if, for example, its bank or broker is subject to withholding because the bank or broker fails to comply with these requirements even though the holder itself might not otherwise have been subject to withholding. If a payment on the Notes is subject to this withholding, no additional amounts will be paid, and a Noteholder will receive less than the expected amount of the payment.

Prospective investors should consult their tax advisers and their banks or brokers regarding the possibility of this withholding. For more information, see "*Taxation—FATCA Withholding*" below.

***Provision of information and certifications pursuant to FATCA and CRS compliance requirements***

FATCA and the Organisation for Economic Co-operation and Development's ("**OECD's**") Common Reporting Standard for Automatic Exchange of Financial Account Information ("**CRS**") require certain financial institutions to collect and report information regarding certain accounts (which may include the Notes) to their tax authority by following related account opening information collection and due diligence procedures. These financial institutions may include an intermediary in the chain of payments leading to a Noteholder (which may include a clearing house). Noteholders may be requested to provide certain information and certifications to ensure compliance with FATCA and the CRS, as necessary.

Prospective investors should consult their own tax advisers on how FATCA and the CRS may apply to them under the Notes. Administrative penalties may apply if an investor makes a false or misleading certification.

***Notes subject to prior claims***

Claims against ANZBGL under Australian law are subject to mandatory priority provisions including those applying to ADIs (of which ANZBGL is one). These priority provisions include section 13A of the Banking Act, which provides that, in the event that ANZBGL becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet specified liabilities in Australia (including "protected accounts" which include most deposit liabilities) in priority to all other liabilities of ANZBGL (including the Notes). These liabilities will be substantial and are not limited by the Conditions. Further, certain assets, such as the assets of ANZBGL in a cover pool for covered bonds issued by ANZBGL, are excluded from constituting assets in Australia for the purposes of section 13A of the Banking Act, and these assets are subject to the prior claims of the covered bond holders and certain other secured creditors in respect of the covered bonds. The assets which are subject to such prior

claims may also be substantial. In addition, future changes to applicable law may extend the debt required to be preferred by law or the assets to be excluded.

Under the €8 billion ANZ Bank New Zealand covered bond programme, investors have full recourse to ANZNIL or ANZ Bank New Zealand as issuer and ANZ Bank New Zealand as guarantor and also to a cover pool of assets held by the ANZNZ Covered Bond Trust. The assets of the ANZNZ Covered Bond Trust are made up of certain housing loans and related securities originated by ANZ Bank New Zealand and which are security for the guarantee by ANZNZ Covered Bond Trust Limited as trustee of the ANZNZ Covered Bond Trust of covered bonds issued by ANZ Bank New Zealand or ANZNIL, from time to time.

As at 30 September 2026, the rights to cash flows associated with housing loans and related securities with a carrying value of NZ$9,900 million or 4.5 per cent. of the ANZ Bank New Zealand Group's total assets were held in the ANZNZ Covered Bond Trust. The assets of the ANZNZ Covered Bond Trust do not qualify for derecognition as ANZ Bank New Zealand retains substantially all of the risks and rewards of the transferred assets. Therefore, the covered bond programme and the ANZNZ Covered Bond Trust do not change ANZ Bank New Zealand's financial statements. The covered bonds are guaranteed by ANZNZ Covered Bond Trust Limited as trustee of the ANZNZ Covered Bond Trust under the terms of the covered bond programme. The assets of the ANZNZ Covered Bond Trust are not available to creditors of ANZ Bank New Zealand other than covered bond holders, including holders of Notes issued by ANZNIL or ANZ Bank New Zealand, although ANZ Bank New Zealand (or its liquidator or statutory manager) may have a claim against the residual assets of the ANZNZ Covered Bond Trust (if any) after all prior ranking creditors of the ANZNZ Covered Bond Trust have been satisfied.

***Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued***

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

**Risks relating to the Issuers' and the Guarantor's businesses**

***Introduction***

The ANZBGL Group's and the ANZ Bank New Zealand Group's activities are subject to risks and uncertainties that can materially and adversely impact its business, business model, operations, results of operations, reputation, prospects, liquidity, capital resources, financial performance and financial condition (together, the "**ANZBGL Group's Position"** or **"ANZ Bank New Zealand Group's Position**" (as applicable)).

These risks and uncertainties may be financial or non-financial and may result from external factors over which the ANZBGL Group may have little or no control. The risks and uncertainties described below are not the only ones that the ANZBGL Group may face. Additional risks and uncertainties that the ANZBGL Group is unaware of, or that the ANZBGL Group currently does not consider material, may also become important factors that affect it.

If any of the specified or unspecified risks and uncertainties actually occur (individually or collectively), the ANZBGL Group's Position may be materially and adversely affected, with the result that the trading price or value of the ANZBGL Group's equity or debt securities could decline and investors could lose all or part of their investment.

The risk factors below should be considered together with the section of this Base Prospectus entitled "*Forward-Looking Statements*".

All references in this section to "securities" include the Notes.

**Risks related to the Issuer's and the Guarantor's business activities and industry**

***Changes in political and economic conditions, particularly in Australia, New Zealand, the Asia Pacific region, the UK, Europe and the United States (the "Relevant Jurisdictions"), may adversely affect the ANZBGL Group's Position***

The ANZBGL Group's financial performance is influenced by the political, economic and financial conditions in the countries and regions in which the ANZBGL Group, its customers and its counterparties carry on business. The ANZBGL Group can give no assurance as to the likely future conditions in the economies of the Relevant Jurisdictions where the ANZBGL Group has its main operations or other jurisdictions in which the ANZBGL Group operates or obtains funding.

The political, economic and financial conditions in the Relevant Jurisdictions may be impacted by a range of factors including, but not limited to, domestic and international economic events, the stability of the banking system and any related implications for funding and capital markets, other changes in financial markets, global supply chain developments, political developments, pandemics and natural disasters.

Instability in political conditions may result in uncertainty, declines in market liquidity and increases in volatility in global financial markets and may adversely impact economic activity in the Relevant Jurisdictions, which could in turn adversely affect the ANZBGL Group's Position. Recent examples include conflicts in the Middle East including the possibility of these expanding into a wider regional conflict, the conflict in Ukraine, the implementation of economic security-related legislation, sanctions and trade restrictions in various markets, and heightened tensions between the United States and other economies, including China.

The ANZBGL Group does not operate in and does not currently have any material direct exposure to Israel, Gaza, Iran, Lebanon, Russia or Ukraine and the ANZBGL Group has modest exposure to Qatar and the U.A.E. Notwithstanding the ANZBGL Group's limited exposure to these jurisdictions, prolonged market volatility or economic uncertainty as a result of the ongoing instability in these areas could adversely affect the ANZBGL Group's Position, including by affecting the physical supply of oil and other energy products into Australia, New Zealand and other jurisdictions. Tensions between the United States and China, including with respect to the status of Taiwan, also have the potential to adversely impact the markets in which the ANZBGL Group operates and the ANZBGL Group's Position.

These geopolitical issues have led to the implementation of trade restrictions, including tariffs and retaliatory trade restrictions imposed by the United States and other jurisdictions, which have led to significant volatility in financial markets and economic uncertainty. Further, economic security-related legislation, including enhanced inbound and outbound investment screening mechanisms, anti-coercion instruments, sanctions and export controls, has been introduced in many markets. Each of these has had, and is likely to continue to have, a negative impact on general economic conditions including gross domestic product, business and consumer confidence and consumer discretionary spending which, in turn, may have a negative impact on the ANZBGL Group's Position.

Inflationary pressure persists in many economies, including in the Relevant Jurisdictions. Demand for goods and services, geopolitical tensions and past and potential future tariffs, and global economic challenges, such as supply chain issues, weather conditions in agricultural regions, high energy prices, high food prices and tight labour markets, have contributed to increased inflation compared to historical levels, which has increased the cost of living and reduced disposable income for consumers. Persistent inflation, and the resulting pressure on interest rates, may exacerbate market volatility, slow economic

growth and increase unemployment, each of which may cause further declines in business and investor confidence and increase the risk of customer defaults, which could adversely affect the ANZBGL Group's Position.

China is one of Australia's and New Zealand's major trading partners and a significant driver of commodity demand and prices in many of the markets in which the ANZBGL Group and its customers operate. Any heightening of geopolitical tensions and the occurrence of events that adversely affect China's economic growth and Australia's and New Zealand's economic relationship with China, including the implementation of additional tariffs and other protectionist or economic security-related trade policies by the United States or other countries, including sanctions, each as described above, could adversely affect Australian or New Zealand economic activity and, as a result, could adversely affect the ANZBGL Group's Position. Furthermore, in recent periods, the growth of the Chinese economy has slowed and is forecast to continue to slow in coming years, reflecting subdued domestic consumption, property sector softening and exports challenged by increasingly protectionist trade policy. If there were a broad-based and sustained economic slowdown in China, the health of the Chinese financial system may be adversely impacted, which could have negative effects on the global financial system and economy. This could result in an economic downturn, counterparties defaulting on their obligations, countries introducing capital controls, and could place further pressure on asset values and property markets in Australia and New Zealand, which could adversely affect the ANZBGL Group's Position.

Global commercial real estate markets have been weak for some years. Liquidity constraints could compound the effects of weakening fundamentals on valuations and refinance risk in commercial real estate markets. Negative developments in commercial real estate markets could lead to increased credit losses from business insolvencies, increased financial stress and defaults from higher leveraged borrowers, which could adversely affect the ANZBGL Group's Position. Refer to risk factor "*Changes in the real estate markets in Australia, New Zealand or other markets where the ANZBGL Group does business may adversely affect the ANZBGL Group's Position*".

If economic conditions deteriorate in the Relevant Jurisdictions, asset values in housing, commercial or rural property markets could decline, unemployment could rise, and corporate and personal incomes could decline. Deterioration in global markets, including equity, property, currency and other asset markets, may impact the ANZBGL Group's customers and the security the ANZBGL Group holds against loans and other credit exposures. This may impact the ANZBGL Group's ability to recover loans and other credit exposures. In addition, the failure of another bank or financial institution, whether as a result of a deterioration in economic conditions or otherwise, could result in instability in the banking system, which could result in disruptions to markets or changes to capital and other regulatory requirements applicable to the ANZBGL Group and affect the ANZBGL Group's Position.

The ANZBGL Group is exposed to risks across its core markets arising from changes in fiscal policy, reflecting government decisions on taxation and public expenditure. These changes may influence macroeconomic conditions, including growth, inflation, and interest rates, and may affect customer activity, repayment capacity, and demand for credit. Concerns regarding a government's ability to meet or refinance its debt obligations may contribute to market volatility and economic disruption.

Should any of these occur, the ANZBGL Group's Position could be adversely affected. Refer to the risk factor "*Credit risk may adversely affect the ANZBGL Group's Position*" and the risk factor "*The ANZBGL Group's credit ratings could change and adversely affect the ANZBGL Group's ability to raise capital and wholesale funding and constrain the volume of new lending, which may adversely affect the ANZBGL Group's Position*".

***Competition in the markets in which the ANZBGL Group operates may adversely affect the ANZBGL Group's Position***

The markets in which the ANZBGL Group operates are highly competitive. The ANZBGL Group competes with established financial institutions, digital banks, foreign and offshore financial services providers, non-bank lenders, private credit providers, fintechs, technology companies, payment providers, digital platforms and other providers of financial services. Some competitors may operate under different, or less stringent, legal, regulatory, prudential or supervisory requirements, or have different business models, cost structures, sources of funding or technological capabilities. These factors

may enable them to operate more flexibly, offer products or services on more competitive terms or respond differently to changes in customer and market conditions, which may place the ANZBGL Group at a relative competitive disadvantage.

Competitive dynamics continue to evolve in response to changing customer preferences and expectations, technological innovation, digitisation of financial services, artificial intelligence ("**AI**") and automation, new business models, industry consolidation and the entry or expansion of existing and new competitors. Increased competition and changing competitive dynamics may adversely affect the ANZBGL Group's ability to attract, retain and deepen customer relationships, provide competitive products and services, manage costs effectively and adapt to evolving customer and market needs.

The adoption and use of new technologies, including AI, by the ANZBGL Group or its competitors may alter the competitive environment. The ANZBGL Group may not identify, select, develop, integrate or obtain the anticipated benefits from new technologies, products or services in a timely or cost-effective manner. Conversely, rapid or inappropriate adoption of a technology, or reliance on technologies or vendors that do not remain effective or competitive, may result in higher costs, implementation difficulties, operational disruption, poor customer outcomes or other financial and non-financial risks.

Government policy, legislation and regulatory or supervisory initiatives may also affect competition. These may include measures intended to facilitate new entry, improve customer choice or switching, support smaller providers, promote open banking or data sharing, or modify prudential, capital, liquidity, licensing or payments requirements. Such measures could lower barriers or costs for some competitors, facilitate competitors' access to customers or customer data, or otherwise change the relative competitive position of market participants. The nature, timing and impact of current and future measures remain uncertain.

If the ANZBGL Group is unable to respond effectively to changes in the competitive environment, it may experience reductions in customer activity, business volumes, revenue opportunities or market share. Increased competition may also result in pricing and margin pressure, higher funding, operating and investment costs, reduced profitability, lower returns or a loss of strategic opportunities.

***Changes in the real estate markets in Australia, New Zealand or other markets where the ANZBGL Group does business may adversely affect the ANZBGL Group's Position***

Residential and commercial property lending, together with real estate development and investment property finance, are important businesses of the ANZBGL Group. Major sub-segments within the ANZBGL Group's lending portfolio include:

- residential housing loans (owner occupier and investment); and
- commercial real estate loans (investment and development).

An economic environment with high interest rates, elevated inflation and increased cost-of-living pressures may adversely affect residential real estate market conditions and, as a result, the credit performance of the ANZBGL Group's home loan portfolio. Higher interest rates increase borrower repayment obligations, while inflation and rising household expenses reduce disposable income and financial buffers. These factors can increase cash-flow stress and may therefore increase the risk of delinquencies, hardship arrangements and credit losses, particularly for highly leveraged or lower-income borrowers.

These conditions, together with population growth, construction cost pressures and labour shortages, may affect housing demand and supply dynamics and contribute to increased volatility in the residential property market. Adverse movements in property prices could negatively impact the credit quality of the ANZBGL Group's home loan portfolio. Lower property values could increase loan-to-value ratios, resulting in some loans being in negative equity, which may reduce collateral coverage and result in higher credit losses. Falling property prices may also limit refinancing options and increase the likelihood that financially stressed customers remain in higher-risk positions, including the inability to sell their properties without incurring losses. Conversely, increasing residential property prices, combined with reduced customer affordability, may have a mixed impact on the ANZBGL Group's home loan portfolio. Higher property values can improve collateral coverage and reduce loan-to-value ratios for existing

loans; however, weaker affordability conditions may result in lower lending volumes due to reduced new lending and refinancing activity and therefore a reduction in earnings for the ANZBGL Group. In addition, affordability pressures may contribute to changes in portfolio composition, including toward borrowers with higher loan-to-income or loan-to-value ratios or loans with longer contractual terms, which may increase the sensitivity of the portfolio to adverse economic conditions.

Regulatory measures may also affect the availability and composition of residential mortgage credit. For example, effective 1 February 2026, APRA introduced limits on high debt-to-income (DTI) residential mortgage lending, restricting new lending at a DTI ratio of six times or more to 20% of new owner-occupier lending and 20% of new investor lending. Such measures may constrain certain forms of mortgage lending and may affect the ANZBGL Group's lending volumes and portfolio composition. To the extent regulatory measures contribute to reduced credit availability or weaker demand for residential property, they may also place downward pressure on residential property prices. A decline in property values could, in turn, reduce collateral coverage, including where borrowers enter negative equity, and increase losses in the event of default.

The ongoing conflict in the Middle East has contributed to higher fuel prices, increasing living costs and inflationary and interest rate pressures. While these risks have not materially impacted portfolio performance to date, they may place pressure on customer serviceability over time. These factors may also weaken customer confidence, adversely affect labour market conditions and housing demand, and place downward pressure on property prices.

As a result, there may be increased demand for hardship assistance and upward pressure on delinquencies, with credit losses negatively correlated with property price movements. In response to the impact of elevated inflation and interest rates on customer serviceability, together with downside risks to property prices, additional provisions have been raised.

Changes in demand for home loans for investment purposes may affect the growth and composition of the ANZBGL Group's residential mortgage portfolio and residential property prices. Investors tend to be more sensitive to changes in interest rates, tax settings, and expectations of capital appreciation relative to owner-occupiers. Tax arrangements applicable to investors, including the treatment of interest expenses, capital gains, and property-related deductions, can materially influence borrowing behaviour and demand for housing credit, with changes to these settings potentially resulting in shifts in lending volumes and portfolio composition. For example, reforms announced in the 2026-27 Australian Federal Budget relating to negative gearing and the capital gains tax treatment of residential investment property, which will come into effect on 1 July 2027, may reduce investor demand, affect residential property prices and alter rental market dynamics. Elevated levels of investor participation may increase property prices, household leverage, and portfolio concentration (including geographic or borrower-type concentration), and may amplify cyclical movements in the housing market. Conversely, a contraction in investor demand, whether due to adverse market conditions, regulatory intervention or tax policy changes, may increase the risk of property price corrections, which could in turn adversely affect the ANZBGL Group's asset quality and earnings, including through higher credit losses and reduced new lending.

For commercial property, interest rate increases may cause declines in interest coverage ratios and asset values. While valuation degradation is not uniform across all commercial real estate sectors, some institutional and private investor clients may see their real estate investment portfolios diminish in value as a result of changes in the real estate market. This could potentially lead to a weakening in their risk profile and a reduction in their willingness and/or ability to repay related loan facilities owed to the ANZBGL Group. Further, the COVID-19 pandemic triggered an ongoing change in the demand and supply dynamics in the office sector as certain flexible working arrangements have continued, which has reduced tenancy demand and rental growth and increased incentives, particularly for secondary grade assets with weaker environmental, social and governance ("**ESG**") (specifically energy efficiency) credentials, given tenants are being more discerning in a market with reduced demand.

In Australia, valuations have been lagging market sentiment. Valuations for secondary grade assets in more challenged locations where vacancy rates remain elevated may still be susceptible to a decline. Further, secondary grade assets may be more susceptible to a decline in prices particularly if investors

have overlooked weaker fundamentals during a more favourable economic outlook and interest rate environment.

Each of these factors may result in increased refinance risk and require equity contributions from borrowers towards debt reduction and/or a restructuring of facilities.

Refinance risk may also increase if there are liquidity constraints in the banking sector. In Australia, the non-bank debt market remains an available source of funding. Non-bank financiers have supported the pre-development land and property development sector in recent years, so the number of new projects starting may decline given higher cost of funding or if non-bank financiers begin to withdraw support from weaker sponsors. There is also potential for contagion risk where the financial stability of a corporate entity or developer could be jeopardised by challenges within the non-bank/private credit sector. If such contagion risk eventuates, this could lead to an increase in loan defaults.

Construction risk issues, including supply chain constraints and a rapid rise in material costs emanating from the ongoing conflict in the Middle East, compounded by labour shortages and increased labour costs, may impact contractor profitability, cash flow, liquidity and financial stability. This in turn may impact delivery risk associated with commercial and larger residential development projects (including the development of land and apartments), the feasibility of such developments and underlying land values in the short to medium term.

The commercial property investment and development markets in New Zealand remain relatively subdued. On the investment side, while there is some evidence of increased interest from overseas investors in purchasing commercial property in New Zealand, prevailing economic conditions, evolving policy settings, the interest rate environment and broader global uncertainty continue to weigh on the local market. Certain market sectors, particularly secondary grade office buildings, are suffering a lack of interest from both tenants and investors. On the development side, increases in construction costs continue to challenge project feasibilities.

Each of the factors outlined above may adversely affect the ANZBGL Group's Position.

***Market risk events may adversely affect the ANZBGL Group's Position***

Market risk is the risk of loss arising from adverse changes in interest rates, currency exchange rates, credit spreads, or from fluctuations in bond, commodity or equity prices. For purposes of financial risk management, the ANZBGL Group differentiates between traded and non-traded market risks. Traded market risks principally arise from the ANZBGL Group's trading operations in interest rates, foreign exchange, commodities and securities. The non-traded market risk is predominantly interest rate risk in the banking book. Other non-traded market risks include transactional and structural foreign exchange risk arising from capital investments in offshore operations and non-traded equity risk.

The ANZBGL Group conducts business in several different currencies. Accordingly, its businesses may be affected by movements in currency exchange rates. The ANZBGL Group's annual and interim reports are prepared and stated in Australian dollars. Any change in the value of the Australian dollar against other currencies in which the ANZBGL Group earns revenues (particularly the New Zealand dollar and the U.S. dollar) or holds capital or issues capital instruments, may adversely affect the ANZBGL Group's reported earnings and/or capital ratios. The ANZBGL Group currently hedges to partially mitigate the impact of currency changes. There is no assurance that the ANZBGL Group's hedges will be sufficient or effective, and any change in the value of the Australian dollar against other currencies in which the ANZBGL Group earns its revenue, or holds capital, may have an adverse impact on the ANZBGL Group's Position.

Furthermore, international geopolitical tensions, energy (including oil) price fluctuations, and the resulting economic implications and policy responses of different countries, present a risk of heightened volatility in global financial markets. While direct impacts arise predominantly through the ANZBGL Group's international activities, there is potential for indirect transmission into the Australian economy through changes in energy prices, changes in inflation and interest rate expectations, and shifts in global risk sentiment. Refer to the risk factor "*Changes in political and economic conditions, particularly in Australia, New Zealand, the Asia Pacific region, the UK, Europe and the United States (the "Relevant Jurisdictions"), may adversely affect the ANZBGL Group's Position*" and the risk factor "*Significant fines*

*and sanctions in the event of breaches of law or regulation relating to anti-money laundering, counter-terrorism financing, sanctions and fraud, and scams may adversely affect the ANZBGL Group's Position*". These factors may adversely affect domestic asset prices, market liquidity, and funding conditions. Losses arising from the occurrence of such market risk events may adversely affect the ANZBGL Group's Position.

***Acquisitions and divestments may adversely affect the ANZBGL Group's Position***

The ANZBGL Group regularly examines a range of corporate opportunities, including acquisitions and divestments, to determine whether those opportunities will enhance the ANZBGL Group's strategic position and financial performance. This includes the completed acquisition of Suncorp Bank and the proposed migration of Suncorp Bank customers to ANZ systems, services and digital platforms, to which the risks below apply.

Integration (or separation) of an acquired (or divested) business can be complex and costly. It sometimes includes combining (or separating) accounting and data processing systems, technology platforms and management controls, as well as managing relationships and contracts with employees, customers, regulators, counterparties, suppliers and other business partners. The integration of Suncorp Bank into the ANZBGL Group gives rise to execution risks, including in relation to data migration, system stability, customer attrition and integration costs exceeding expectations. The loss of key relationships or personnel from an acquisition or divestment could also have an adverse effect on the ANZBGL Group's Position.

There is no assurance that any due diligence undertaken in respect of an acquisition was conclusive, and that post-acquisition all material issues and risks in respect of any such acquisition have been identified and avoided or mitigated. Therefore, there is a risk that issues or matters may arise that may adversely impact the ANZBGL Group post-acquisition. There is also no assurance that any acquisition (or divestment) will have the anticipated positive results around synergies, cost or cost savings, time to integrate (or separate) and overall performance, as the underlying assumptions for the acquisition (or divestment) may not prove to be accurate or achievable. Any acquisition (or divestment) may also impact the ANZBGL Group's credit ratings, cost of funds and access to further funding, which could in turn adversely affect the ANZBGL Group's funding and liquidity positions.

Integration (or separation) efforts could create inconsistencies in standards, controls, procedures and policies, as well as diverting management attention and resources. There is a risk of customers and counterparties making claims in respect of completed or uncompleted transactions against the ANZBGL Group that could adversely affect the ANZBGL Group's Position. All or any of these factors could adversely affect the ANZBGL Group's ability to conduct its business successfully and impact the ANZBGL Group's operations or results. There is no assurance that employees, customers, counterparties, suppliers and other business partners of newly acquired businesses (or of businesses retained following a divestment) will remain post-acquisition (or post-divestment). Further, there is a risk that completion of an agreed transaction may not occur whether in the form originally agreed between the parties or at all, including due to failure of the ANZBGL Group or the counterparty to satisfy completion conditions or because other completion conditions such as regulatory, shareholder or other approvals are not satisfied. Should any of these integration or separation risks occur, this could adversely affect the ANZBGL Group's Position.

If for any reason any announced acquisition or divestment is not completed, the ANZBGL Group's ongoing business may be adversely impacted, and the ANZBGL Group may be subject to a number of risks. These risks include:

- financial markets may react negatively, resulting in negative impacts on the ANZBGL Group's securities and other adverse impacts;
- the ANZBGL Group may experience negative reactions from its customers, vendors, employees and wider stakeholders;
- the ANZBGL Group may have incurred expenses and may be required to pay certain costs relating to the acquisition or divestment, whether or not it is completed, such as legal, accounting, investment banking, and other professional and administrative fees; and

- matters relating to the acquisition or divestment may require substantial commitments of time and resources by the ANZBGL Group, which could otherwise have been devoted to other beneficial opportunities.

**Risks related to the Issuers' and the Guarantor's financial situation**

***Credit risk may adversely affect the ANZBGL Group's Position***

The ANZBGL Group is exposed to the risks resulting from or associated with extending credit, including incurring credit-related losses that can occur as a result of a counterparty being unable or unwilling to honour its contractual obligations. Credit losses can and have resulted in financial services organisations realising significant losses and, in some cases, failing altogether.

The risk of credit-related losses continues to be impacted by conditions relating to elevated interest rates, persistent inflation, global supply chain disruptions and heightened political tensions, particularly those referred to in risk factor "*Changes in political and economic conditions, particularly in Australia, New Zealand, the Asia Pacific region, the UK, Europe and the United States (the "**Relevant Jurisdictions**"), may adversely affect the ANZBGL Group's Position*". The risk of credit-related losses remains heightened due to the factors described above and may further increase as a result of less favourable conditions, whether generally or in a specific industry sector or geographic region, which could cause customers or counterparties to fail to meet their obligations. These conditions include, but are not limited to, weakened confidence in the stability of the banking system generally or particular financial institutions that may impact the ANZBGL Group, its customers or counterparties, high levels of unemployment, economic slowdown and inflationary conditions, persistent elevated borrowing costs, refinancing risk and volatility in interest rate expectations, and a reduction in the value of assets the ANZBGL Group holds as collateral or the market value of the counterparty instruments and obligations it holds.

Some of the ANZBGL Group's customers and counterparties with exposures to the following sectors may be particularly vulnerable:

- industries with significant exposure to continued elevated interest rates;
- industries reliant on consumer discretionary spending;
- industries exposed to fuel supply shortages and rising costs, fertiliser and phosphate price volatility, supply constraints and/or geopolitical concentration of supply, with potential adverse impacts on input costs, yields, cash flows and customer serviceability;
- industries exposed to foreign exchange risk, energy or commodity markets where there is exposure to price or exchange rate volatility, including rising margin requirements under derivatives or a sustained fall in commodity prices driven by supply or demand fluctuations;
- industries exposed to sanctions, tariffs, geopolitical tensions and conflicts, trade disputes, declining global growth, excessive over-supply, or disruption and fragmentation of global supply chains;
- the commercial property sector (including construction and contractors), which may be adversely affected by elevated interest rates, impacting serviceability and placing downward pressure on valuations;
- industries facing labour supply shortages and constraints on access to skilled and unskilled migrant workers;
- customers and industries exposed to climate risk, including climate-related physical, transition and liability risk which may adversely affect customer performance, serviceability and/or asset values. This may result in increased expected credit losses for ANZBGL, which may be exacerbated where insurance becomes unavailable or unaffordable;
- industries exposed to regulatory change and compliance costs;

- industries with greater exposure to technological disruption, including the increasing adoption and deployment of generative AI and quantum computing, together with the risk of valuation corrections, technological obsolescence or changes in customer demand arising from rapid technological change and/or cyber-crime (including social engineering, scams, account compromise and takeover, payment and financial fraud, data and identity crime, malware, extortion, and service disruption);

- participants that are dependent on private credit or other non-bank funding markets, or that face material refinancing risk if those markets become less available, more costly or more selective due to valuation or liquidity pressures; and

- banks and non-bank financial institutions, which may experience pressure on liquidity due to market volatility, economic slowdown, elevated interest rates and the flow-on impacts to asset values, and in the case of investment funds, elevated redemption requests which could result in the deterioration of credit ratings, the need for restructuring and recapitalisation and loss of confidence in financial institutions.

The ANZBGL Group is also subject to the risk that its rights against third parties may not be enforceable in certain circumstances, which may result in credit losses. Should material credit losses occur to the ANZBGL Group's credit exposures, this may adversely affect the ANZBGL Group's Position.

Credit risk may also arise from certain derivative, clearing and settlement contracts that the ANZBGL Group enters into, and from the ANZBGL Group's dealings with, and holdings of, debt securities issued by other banks, non-bank financial institutions, companies, governments and government bodies where the financial position of such entities is affected by economic conditions or global financial markets.

In addition, in assessing whether to extend credit or enter into other transactions with customers and/or counterparties, the ANZBGL Group relies on information provided by or on behalf of customers and counterparties, including financial statements and other financial information. The ANZBGL Group may also rely on representations of customers and independent consultants as to the accuracy and completeness of that information. The ANZBGL Group's financial performance could be negatively impacted to the extent that it relies on information that is incomplete, inaccurate or materially misleading.

Credit risk may also arise in cases where a customer does not comply with specific conditions linked to the extension of credit to it. For example, where a customer does not have or maintain a sufficient amount of property insurance cover in connection with a mortgage loan, this may negatively affect the value of the ANZBGL Group's security and the amount which may be recoverable by the ANZBGL Group if the security is required to be enforced in circumstances where the property has been damaged or destroyed by an event that would otherwise be ordinarily insurable.

The ANZBGL Group holds provisions for credit impairment that are determined based on current information and subjective and complex judgements of the impairment within the ANZBGL Group's lending portfolio. If the information upon which the assessment is made is inaccurate or the ANZBGL Group fails to analyse the information correctly, the provisions made for credit impairment may be insufficient, which may adversely affect the ANZBGL Group's Position.

***Challenges in managing the ANZBGL Group's and ANZ Bank New Zealand Group's capital base could give rise to greater volatility in capital ratios, which may adversely affect the ANZBGL Group's Position or ANZ Bank New Zealand Group's Position***

The ANZBGL Group's and ANZ Bank New Zealand Group's capital base is critical to the management of its businesses and access to funding. Prudential regulators of the ANZBGL Group include, but are not limited to, APRA, the RBNZ and regulators in the United States, the UK and the countries in the Asia Pacific region. APRA, as the ANZBGL Group's primary prudential regulator, and the RBNZ, in respect of the ANZ Bank New Zealand Group, require the ANZBGL Group and the ANZ Bank New Zealand Group to maintain adequate regulatory capital.

Under current regulatory requirements, risk-weighted assets and expected loan losses increase as a counterparty's risk grade worsens. These regulatory capital requirements are likely to compound the impact of any reduction in capital resulting from lower profits in times of stress. As a result, greater

volatility in capital ratios may arise and may require the ANZBGL Group and the ANZ Bank New Zealand Group to raise additional capital. There is no certainty that any additional capital required would be available or could be raised on reasonable terms.

The ANZBGL Group's and/or ANZ Bank New Zealand Group's capital ratios may be affected by a number of factors including (i) lower earnings (including lower dividends from its deconsolidated subsidiaries such as those in the insurance business as well as from its investment in associates), (ii) asset growth, (iii) changes in the value of the Australian dollar against other currencies in which the ANZBGL Group operates (particularly the New Zealand dollar and U.S. dollar) that impact risk-weighted assets ("**RWA**") or the foreign currency translation reserve, (iv) changes in business strategy (including acquisitions, divestments and investments or an increase in capital intensive businesses) and (v) changes in regulatory requirements. If the ANZBGL Group or the ANZ Bank New Zealand Group does not hold sufficient capital to satisfy its regulatory requirements, this may restrict its ability to pay dividends or make distributions on capital instruments, undertake share buy-backs, or grow its balance sheet, or may require the ANZBGL Group or the ANZ Bank New Zealand Group to raise additional capital at a time, or on terms, that are unfavourable.

For more information on recent prudential regulation changes that have impacted, or that may impact the ANZBGL Group or the ANZ Bank New Zealand Group, see the risk factor "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*". An inability of the ANZBGL Group or ANZ Bank New Zealand Group to maintain its regulatory capital may adversely affect the ANZBGL Group's Position or ANZ Bank New Zealand Group's Position.

***The ANZBGL Group's credit ratings could change and adversely affect the ANZBGL Group's ability to raise capital and wholesale funding and constrain the volume of new lending, which may adversely affect the ANZBGL Group's Position***

The ANZBGL Group's credit ratings have a significant impact on its access to, and cost of, capital and wholesale funding. The ANZBGL Group's credit ratings may also be important to customers or counterparties evaluating the ANZBGL Group's products and services. Credit ratings and rating outlooks may be withdrawn, qualified, revised or suspended by credit rating agencies at any time. The methodologies used by rating agencies to determine credit ratings and rating outlooks may be revised in response to legal or regulatory changes, market developments or for any other reason.

The ANZBGL Group's credit ratings or rating outlooks could be negatively affected by a change in the credit ratings or rating outlooks of the Commonwealth of Australia or New Zealand, the occurrence of one or more of the other risks identified in this Base Prospectus, a change in ratings methodologies or other events. As a result, downgrades in the ANZBGL Group's credit ratings or rating outlooks could occur that do not reflect changes in the general economic conditions or the ANZBGL Group's financial condition. The ratings of individual securities (including, but not limited to, certain Tier 1 capital and Tier 2 capital securities and covered bonds) issued by the ANZBGL Group (and other banks globally) could be impacted by changes in the regulatory requirements for those instruments as well as the ratings methodologies used by rating agencies.

Any downgrade or potential downgrade to the ANZBGL Group's credit ratings or rating outlooks may reduce access to capital and wholesale debt markets and could lead to an increase in funding costs, constrain the volume of new lending able to be extended and affect the willingness of counterparties to transact with the ANZBGL Group, which may adversely affect the ANZBGL Group's Position. Credit ratings are not a recommendation by the relevant rating agency to invest in securities offered by the ANZBGL Group.

***Liquidity and funding risk events may adversely affect the ANZBGL Group's Position***

Liquidity and funding risk is the risk that the ANZBGL Group is unable to meet its payment obligations as they fall due (including repaying depositors and wholesale creditors) or that the ANZBGL Group has insufficient capacity to fund increases in assets. Liquidity and funding risk is inherent in banking operations due to the timing mismatch between cash inflows and cash outflows.

Deterioration and volatility in market conditions and a decline in investor confidence in the ANZBGL Group may materially impact the ANZBGL Group's ability to replace maturing liabilities and access

funding in a timely and cost-effective manner, which may adversely impact the ANZBGL Group's Position. Advances in technology allow customers to withdraw funds deposited with the ANZBGL Group faster and, together with the rapid dissemination of information through social media and other digital channels, may accelerate the risks associated with on-demand liabilities, such as transactional and savings deposits.

The ANZBGL Group raises funding from a variety of sources, including customer deposits and wholesale funding in domestic and offshore markets to meet its funding requirements and to maintain or grow its business. Developments in major markets can adversely affect liquidity in global capital markets. For example, in times of liquidity stress, if there is damage to market confidence in the ANZBGL Group or if funding from domestic or offshore markets is not available or is constrained, the ANZBGL Group's ability to access sources of funding and liquidity may be constrained and the ANZBGL Group will be exposed to liquidity and funding risk.

Reduced liquidity could lead to an increase in the cost of the ANZBGL Group's borrowings, constrain the volume of new lending and adversely affect the ANZBGL Group's ability to fulfill depositor withdrawal demands and its payment obligations, which may adversely affect the ANZBGL Group's Position.

***Changes in the valuation of some of the ANZBGL Group's assets and liabilities may adversely affect the ANZBGL Group's earnings and equity and the ANZBGL Group's Position***

The ANZBGL Group applies accounting standards, which require that various financial instruments, including derivative instruments, assets and liabilities classified as fair value through other comprehensive income, assets and liabilities classified as fair value through profit or loss, and certain other assets and liabilities (as per Note 19 of the ANZBGL 2026 Audited Financial Statements (which are incorporated by reference into this Base Prospectus)) are measured at fair value with changes in fair value recognised in earnings or equity.

Generally, to measure the fair value of these instruments, the ANZBGL Group relies on quoted market prices, present value estimates or other valuation techniques that incorporate the impact of factors that a market participant would take into account when pricing the asset or liability. Certain other assets, including some unlisted equity investments, are valued using discounted cash flow techniques or other valuation techniques as outlined in the ANZBGL 2026 Audited Financial Statements. The fair value of these instruments is impacted by changes in market prices or valuation inputs that may adversely affect the ANZBGL Group's earnings and/or equity.

The ANZBGL Group may be exposed to a reduction in the value of non-lending related assets as a result of impairments that are recognised in earnings. The ANZBGL Group must test at least annually the recoverability of goodwill balances and intangible assets with indefinite useful lives or not yet available for use and other non-lending related assets including premises and equipment (including right-of-use assets arising from leases), investment in associates, capitalised software and other intangible assets where there are indicators of impairment.

To assess the recoverability of goodwill balances, the ANZBGL Group uses a fair value less costs of disposal approach, with a value in use where the fair value less costs of disposal is less than the carrying amount. Changes in the assumptions upon which the calculation is based, together with changes in earnings, may materially impact this assessment, resulting in the potential write-off of a part or all of the goodwill balances.

In respect of other non-lending related assets, if an asset is no longer in use or the cash flows generated by the asset do not support the carrying value, impairment charges may be recorded. This, in conjunction with the other potential changes above, could impact the ANZBGL Group's Position.

***Changes to accounting policies may adversely affect the ANZBGL Group's Position***

The accounting policies that the ANZBGL Group applies are fundamental to how it records and reports its financial position and financial performance. Management exercises judgement in selecting and applying many of these accounting policies. This is so that the ANZBGL Group complies with the applicable accounting standards or interpretations and reflects the most appropriate manner in which to

record and report on the ANZBGL Group's financial position and financial performance. These accounting policies may be applied inaccurately, resulting in a misstatement of the ANZBGL Group's financial position and/or its financial performance. The application of new or revised accounting standards or interpretations may also adversely affect the ANZBGL Group's financial position and/or its financial performance.

The ANZBGL Group discloses the impact of new accounting standards that are effective for the first time in any reporting period, in the notes to the consolidated financial statements for that period.

In some cases, management must select an accounting policy from two or more alternatives, any of which would comply with the relevant accounting standard or interpretation and be reasonable under the circumstances yet might result in reporting materially different outcomes than would have been reported under the alternative.

**Risks related to legal and regulatory risk**

***Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position***

The ANZBGL Group's businesses and operations are highly regulated. The ANZBGL Group is subject to laws, regulations, and policies, including industry self-regulation, in the Relevant Jurisdictions ("**Regulations**"). Regulations may also arise from recommendations made by inquiries conducted by the Australian Government or regulators.

Regulations continue to change, including with little or no notice, and are generally increasing in scope, scale, complexity, cost, and speed of required compliance. Changes to Regulations and any associated increases in compliance costs may affect the profitability of the ANZBGL Group, change the level of competition that the ANZBGL Group faces or affect the ability of the ANZBGL Group to conduct one or more elements of its business.

A failure by the ANZBGL Group to comply with Regulations, meet regulatory expectations or manage regulatory change could result in regulatory investigations, litigation, legal or regulatory sanctions, public criticism, financial or reputational loss, restrictions on the ANZBGL Group's ability to do business, fines or other enforcement or administrative actions or penalties. Regulatory enforcement activity and the propensity for and severity of sanctions and civil penalties have also increased and may continue to increase. Any of these may adversely affect the ANZBGL Group's Position.

Changes to prudential regulation can increase the level of regulatory capital that the ANZBGL Group is required to maintain, restrict the ANZBGL Group's flexibility, require it to incur substantial costs and/or impact the profitability of one or more of its business lines, any of which may adversely affect the ANZBGL Group's Position.

Changes to taxation laws, regulations, regulatory interpretations, or administrative practices may affect the ANZBGL Group's tax obligations, profitability, capital position, funding arrangements, and business activities, and may adversely affect the ANZBGL Group's Position.

The timing, final form and effect of some regulatory developments remain uncertain. Their impact on the ANZBGL Group will depend on their final implementation and the ANZBGL Group's activities, business mix, capital, liquidity, and funding position at the relevant time.

Set out below are examples of selected significant regulatory developments that have affected, or may affect, the ANZBGL Group's Position.

**Recent significant regulatory developments**

***Regulatory enforcement actions***

In April 2025, ANZBGL entered into a Court Enforceable Undertaking ("**CEU**") with APRA in relation to deficiencies in non-financial risk ("**NFR**") management practices and risk culture across the ANZBGL Group, which included an additional operational risk capital overlay of A$250 million, bringing the total

capital overlay related to NFR to A$1 billion, which will remain in place until the required remediation has been delivered to APRA's satisfaction. The NFR remediation plan required by the CEU is focused on ANZBGL's Australian and International operations; the New Zealand, Pacific and Suncorp Bank entities are not within its scope. For details of the NFR remediation plan, refer to the risk factor *"The ANZBGL Group's risk management framework may fail to manage all existing risks appropriately or detect new and emerging risks fast enough, which could adversely affect the ANZBGL Group's Position"*.

On 19 December 2025, ANZGHL announced that the Federal Court of Australia had made orders regarding the settlement ANZBGL agreed with ASIC to resolve five matters within its Australian 'Markets' and 'Australia Retail' businesses that were the subject of separate regulatory investigations (the "**Federal Court Orders**"). The Federal Court Orders imposed civil penalties of A$250 million on ANZBGL and required ANZBGL to undertake a compliance program focused on pre-hedging of Australian material size transactions and associated disclosures to clients.

The CEU and the Federal Court Orders increase the regulatory scrutiny of the ANZBGL Group and introduce heightened risks to the ANZBGL Group in the event of non-compliance, including potential financial or reputational consequences. Failure to meet ANZBGL's obligations under the CEU or the Federal Court Orders may adversely affect the ANZBGL Group's Position.

***Prudential regulation***

Selected recent prudential regulation changes that have impacted, or that may impact the ANZBGL Group's Position, include:

***APRA capital and liquidity requirements***

APRA continues to implement and consider changes to the capital and liquidity frameworks applicable to authorised deposit-taking institutions. These include potential changes to liquidity requirements for the largest banks, including under APRA's APS 210 ("**APS 210**"), changes to the standardised credit-risk capital framework and related capital and disclosure requirements, and the implementation of a simplified approach to the Basel Committee's Fundamental Review of the Trading Book under APS 116. Any consequential changes to public disclosure requirements under APS 330 may also require changes to the ANZBGL Group's reporting and disclosures.

In June 2026, APRA also released a proposed revised Prudential Standard CPS 510 Governance, which would consolidate and update requirements relating to board governance, fitness and propriety, conflicts management and oversight. The new requirements are expected to take effect from early 2028.

These developments may require the ANZBGL Group to hold additional or different forms of capital or liquidity, make changes to its balance sheet, internal models, systems and reporting, or incur additional implementation and compliance costs. The timing, final form and effect of developments that remain subject to consultation are uncertain. Refer also to the risk factor "*Challenges in managing the ANZBGL Group's and ANZ Bank New Zealand Group's capital base could give rise to greater volatility in capital ratios, which may adversely affect the ANZBGL Group's Position or ANZ Bank New Zealand Group's Position*".

***APRA's approach to AT1 capital in Australia***

In December 2025, APRA finalised its prudential standards relating to the removal of Additional Tier 1 ("**AT1**") capital, with the new prudential standards to come into effect from 1 January 2027. Existing AT1 instruments will be progressively phased out, and APRA expects all AT1 issued by banks to be phased out by 2032.

The reforms will alter the composition of regulatory capital maintained by large, internationally active banks, including the ANZBGL Group, and may affect the ANZBGL Group's capital planning, funding arrangements, issuance strategy, exposure limits, and capacity to fund certain exposures. The impact on the ANZBGL Group will depend on its capital and balance sheet position and available capacity under the relevant metrics at the applicable time. For further information, see "*Description of Supervision and Regulation of Australia and New Zealand Banking Group Limited – Australian Regulatory Developments – Capital and Liquidity – APRA's approach to Additional Tier 1 Capital in Australia*". Further

information on risks relating to managing the ANZBGL Group's capital base is provided in the risk factor *"Challenges in managing the ANZBGL Group's and ANZ Bank New Zealand Group's capital base could give rise to greater volatility in capital ratios, which may adversely affect the ANZBGL Group's Position or ANZ Bank New Zealand Group's Position".*

***New Zealand prudential reforms***

In 2025, the RBNZ conducted a review of its key capital requirements for New Zealand banks that were being progressively implemented to July 2028 and decided to revise the capital ratio requirements, lower and increase the granularity of standardised risk weights for certain types of lending, and remove AT1 Capital from the capital framework. For the New Zealand systemically important banks, including the ANZ Bank New Zealand Group, the revised requirements will include a minimum Tier 1 Capital ratio requirement of 12% and a minimum Total Capital ratio requirement of 15% (each including a 6% prudential capital buffer ratio). There will no longer be a separate minimum Common Equity Tier 1 Capital ("**CET1**") ratio requirement. A new loss absorbing capacity ("**LAC**") ratio requirement of 6% will also be implemented. As at 30 September 2026, the minimum capital ratios were required to be 10% for CET1, 12.5% for Tier 1 Capital and 14.5% for Total Capital (each including a 5.5% prudential capital buffer ratio). The prudential capital buffer ratio increased by 0.5% on 1 October 2026, concurrent with changes to the standardised risk weight requirements and certain transitional arrangements being implemented. The remaining capital ratio changes are not expected to be implemented before December 2028.

No new AT1 issuance has been permitted since 1 October 2026, and existing AT1 perpetual preference shares are expected to progressively cease to qualify as Tier 1 Capital from December 2029.

The RBNZ is expected to continue consulting on aspects of the revised requirements, including certain transitional arrangements, during the period to December 2028.

The impact of the review on the ANZ Bank New Zealand Group and the ANZBGL Group will depend on final implementation details, business mix and balance sheet settings at the relevant time. As such, the impact of the review on the ANZ Bank New Zealand Group and the ANZBGL Group is currently uncertain.

The RBNZ is also undertaking a multi-year program to develop policies, standards and regulations to support implementation of the Deposit Takers Act. ANZ Bank New Zealand will be required to obtain a new banking licence under the Deposit Takers Act, which is expected to come into full effect on 1 December 2028, except for certain crisis preparedness requirements.

***Other significant regulatory developments***

Selected other recent regulation changes that have impacted, or that may impact the ANZBGL Group's Position, include:

***Australian payments regulation***

Australian payments regulation continues to evolve, including in relation to card surcharging, interchange fees and the range of payment systems and participants subject to regulation.

On 31 March 2026, the RBA announced its final decisions following its review of merchant card payment costs and surcharging. The reforms removed card surcharging on the eftpos, Visa and Mastercard networks, and reduced interchange fee caps for domestic card transactions, in each case from 1 October 2026, and will introduce an interchange fee cap for foreign card transactions from 1 April 2027.

These reforms may affect the ANZBGL Group's payments revenue, costs, products, competitive position, and operational arrangements. The changes to interchange fee caps may have an adverse financial impact on the ANZBGL Group. The RBA has also identified potential areas for further consideration as part of its broader regulatory work on the payments system. The scope, timing and impact of any future reforms remain uncertain and may adversely affect the ANZBGL Group's Position.

***Climate-related disclosure***

Mandatory climate-related reporting requirements apply in Australia for large to medium-sized companies captured within the applicable thresholds. ANZGHL and its subsidiaries, including the ANZBGL Group, are required to prepare climate-related disclosures for each annual reporting period commencing 1 October 2025.

Scope 3 emissions disclosure requirements apply to annual reporting periods commencing 1 October 2026. Assurance requirements will be phased in, and a limited modified liability framework applies for a transitional period.

The ANZBGL Group may incur increased costs associated with reporting, assurance and compliance with the legislation and may be subject to increased regulatory, investor and public scrutiny in relation to its climate-related disclosures, including in respect of the accuracy, completeness, and substantiation of those disclosures. These developments may adversely affect the ANZBGL Group's Position.

***Compensation Scheme of Last Resort (CSLR)***

Under the Compensation Scheme of Last Resort ("**CSLR**"), participating financial services sub-sectors may be required to contribute levies calculated by reference to claims made on the CSLR.

In August 2025, the Australian Government Treasury consulted on options for addressing an excess above the existing levy cap for the financial advice sub-sector for the CSLR's 2025-26 levy period. In December 2025, the Minister for Financial Services determined that a special levy would apply across certain financial services sub-sectors to address the excess. Treasury has also consulted on broader reforms to support the ongoing sustainability of the CSLR framework. In September 2026, Treasury consulted on the application of a proposed waterfall framework for allocating the 2026–27 CSLR special levy across relevant financial services sub-sectors. The final allocation and impact on the ANZBGL Group remain uncertain.

The ultimate impact of these reforms on the ANZBGL Group also remains uncertain. However, future changes to the CSLR framework or levy arrangements could increase the ANZBGL Group's compliance costs, levy obligations or remediation-related expenses and may adversely affect the ANZBGL Group's Position.

***Cyber security***

Australia has recently implemented significant cyber security reforms, including the Cyber Security Act 2024 and amendments to the Security of Critical Infrastructure Act 2018 ("**SOCI Act**"). These reforms introduce new obligations in areas such as ransomware payment reporting and critical infrastructure security and are accompanied by heightened regulatory focus on cyber resilience, incident response, third-party risk, and operational resilience.

Further proposed reforms to the SOCI Act include changes to the ministerial directions powers. The Australian Government has accepted the relevant recommendations of the independent SOCI Act review in principle, but the timing, final form and implementation of the proposed reforms remain uncertain. If implemented, they may expand the circumstances in which the Australian Government could direct the ANZBGL Group's activities in response to national security risks affecting critical infrastructure.

Further information about other material regulatory developments is provided in the relevant risk factors and sections of this Base Prospectus, including:

- the risk factor "*Changes in the real estate markets in Australia, New Zealand or other markets where the ANZBGL Group does business may adversely affect the ANZBGL Group's Position*";
- the risk factor "*Credit risk may adversely affect the ANZBGL Group's Position*";
- the risk factor "*Significant fines and sanctions in the event of breaches of law or regulation relating to anti-money laundering, counter-terrorism financing, sanctions and fraud, and scams may adversely affect the ANZBGL Group's Position*"; and

- the risk factor "*Non-financial risk events may adversely affect the ANZBGL Group's Position*".

Regulatory developments in these areas may increase compliance costs, change operational requirements, and give rise to regulatory investigations or enforcement action, which could adversely affect the ANZBGL Group's Position.

***New Zealand developments***

The New Zealand Government and its agencies, including the RBNZ, the FMA and the New Zealand Commerce Commission (the "**Commerce Commission**"), have supervisory oversight over the ANZ Bank New Zealand Group.

There have been a series of legislative and regulatory releases from these and other authorities that have proposed, or may result in, significant legal and regulatory changes for financial institutions in New Zealand. For example:

*Prudential Developments:* As a key regulator, the RBNZ has extensive administrative, practical and investigative powers over the ANZ Bank New Zealand Group's business. Further changes to the RBNZ's prudential standards could restrict the ANZ Bank New Zealand Group's flexibility, require it to incur substantial costs and/or impact the profitability of one or more of its business lines, any of which may adversely affect the ANZ Bank New Zealand Group's Position. More specifically, the following RBNZ reviews and policies may have a material impact on the ANZ Bank New Zealand Group's Position:

- *Deposit Takers Act*: The Deposit Takers Act is expected to be fully implemented by late-2028, except in relation to a new standard relating to crisis preparedness. The RBNZ is undertaking a multi-year work programme to develop policies, standards and regulations to support the implementation of the Deposit Takers Act. ANZ Bank New Zealand will be required to obtain a new banking licence under the Deposit Takers Act.

- *RBNZ revisions to capital requirements:* Refer to "*New Zealand prudential reforms*" in the risk factor "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*".

- *Liquidity:* The RBNZ's liquidity policy ("**BS13**") sets out the RBNZ's policy on management of liquidity risk by registered banks in New Zealand. In February 2022, the RBNZ began a comprehensive review of BS13. Future changes to liquidity requirements in New Zealand may adversely affect the ANZ Bank New Zealand Group's Position and may result in it incurring substantial costs in order to comply with such changes. See "*Description of Supervision and Regulation of ANZ Bank New Zealand Limited and ANZ New Zealand (Int'l) Limited — RBNZ review of BS13*" for further discussion.

- *Changes to Conditions of Registration:* ANZ Bank New Zealand is a registered bank under the BPS Act and is supervised by the RBNZ. As part of its registration, ANZ Bank New Zealand is subject to Conditions of Registration imposed by the RBNZ. For details of ANZ Bank New Zealand's Conditions of Registration, see "*Description of Supervision and Regulation of ANZ Bank New Zealand Limited and ANZ New Zealand (Int'l) Limited—Conditions of Registration for ANZ Bank New Zealand Limited*". The Conditions of Registration may be changed by the RBNZ at any time, although the RBNZ is required to give ANZ Bank New Zealand notice and consider submissions made by ANZ Bank New Zealand prior to any such change. In the event that the RBNZ was to conclude that ANZ Bank New Zealand did not satisfy its Conditions of Registration, sanctions could be imposed on ANZ Bank New Zealand by the RBNZ. This may result in a range of possible consequences, including changes to ANZ Bank New Zealand's Conditions of Registration. The impact of such consequences may adversely affect the ANZ Bank New Zealand Group's Position. Conditions of registration will be replaced by conditions of license under the Deposit Takers Act. The RBNZ confirmed two material breaches by ANZ Bank New Zealand of condition of registration 11 on 30 April 2026. For further information, see "*Description of Supervision and Regulation of ANZ Bank New Zealand Limited and ANZ*

*New Zealand (Int'l) Limited—Non-compliance with Conditions of Registration: Condition of registration 11 – compliance with the RBNZ's Outsourcing policy (BS11)*".

*Other Developments*: Further reviews and/or changes to other regulatory policies or standards could restrict the ANZ Bank New Zealand Group's flexibility, require it to incur substantial costs and/or impact the profitability of one or more of its business lines, any of which may adversely affect the ANZ Bank New Zealand Group's Position. More specifically, the following developments may have a material impact on the ANZ Bank New Zealand Group's Position.

- *Open Banking*: The New Zealand Government has introduced the New Zealand Consumer Data Right regime, which applies to ANZ Bank New Zealand (and certain other New Zealand banks). See "*Description of Supervision and Regulation of ANZ Bank New Zealand Limited and ANZ New Zealand (Int'l) Limited —Open Banking*" for further discussion.

- *Select Committee Banking Inquiry*: The New Zealand Parliament's Finance and Expenditure Committee has undertaken an inquiry into banking competition and issued its final report in August 2025. The final report contained 19 recommendations to New Zealand Government agencies, financial regulators, and financial entities, including retail banks, intended to improve competition in the New Zealand banking sector. The New Zealand Government has accepted or partially accepted all of the recommendations and is monitoring industry's response to the Committee's inquiry and recommendations. It is uncertain what impact the inquiry will have on the ANZ Bank New Zealand Group's position. See *"Description of Supervision and Regulation of ANZ Bank New Zealand Limited and ANZ New Zealand (Int'l) Limited —Select committee banking inquiry"* for further discussion.

- *Interchange Fee Adjustments*: The Commerce Commission introduced lower interchange fee caps for certain card transactions in New Zealand on 1 December 2025. These lower caps have reduced the interchange fees received by card issuers (such as ANZ Bank New Zealand). In addition, the Commerce Commission has announced similar interchange fee caps for certain Mastercard and Visa commercial credit card transactions, which will take effect in April 2027. These changes are expected to further reduce interchange fees received by commercial card issuers in New Zealand, including ANZ Bank New Zealand. See "*Description of Supervision and Regulation of ANZ Bank New Zealand Limited and ANZ New Zealand (Int'l) Limited —Interchange fee adjustments*" for further discussion.

- *Transfers of regulatory responsibilities:* With effect from 1 July 2026, responsibility for regulating the Credit Contracts and Consumer Finance Act 2003 ("**CCCFA**") transferred from the Commerce Commission to the FMA, and supervision under the Anti-Money Laundering and Countering Financing of Terrorism Act 2009 (the "**AML/CFT Act**") transferred from three supervisors (the Department of Internal Affairs (the "**DIA**"), the FMA and the RBNZ (ANZ Bank New Zealand's former supervisor)) to a single supervisor, the DIA.

- *RBNZ prudential levy*: In May 2026, the New Zealand Government announced its intention to introduce a prudential levy on financial institutions to fund supervisory and regulatory functions carried out by the RBNZ. The levy remains subject to further regulatory steps, and its scope and quantum remain uncertain. ANZ Bank New Zealand may be subject to the levy once implemented.

Such changes may adversely affect the ANZ Bank New Zealand Group, potentially impacting its corporate structures, businesses, strategies, capital, liquidity, funding and profitability, cost structures, and the cost of and access to credit for its customers and the wider economy. This in turn may adversely affect the ANZ Bank New Zealand Group's Position. For further information, see "*Description of Supervision and Regulation of ANZ Bank New Zealand Limited and ANZ New Zealand (Int'l) Limited*".

***Litigation and contingent liabilities may adversely affect the ANZBGL Group's Position***

From time to time, the ANZBGL Group may be subject to material litigation, regulatory actions, legal or arbitration proceedings and other contingent liabilities that may adversely affect the ANZBGL Group's Position.

The ANZBGL Group had contingent liabilities as at 30 September 2026 in respect of the matters outlined in Note 31 of the ANZBGL 2026 Audited Financial Statements (which are incorporated by reference into this Base Prospectus). Note 31 includes, among other things, the following matters:

- regulatory, customer and third-party exposures;
- non-financial risk management court enforceable undertaking (defined as the "CEU", refer to risk factor *"Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position"* for further detail);
- New Zealand loan information litigation;
- security recovery actions; and
- warranties, indemnities and performance management fees.

In May 2026, the High Court of New Zealand awarded summary judgment against ANZ Bank New Zealand in respect of the New Zealand loan information litigation. ANZ Bank New Zealand's estimate of the maximum potential liability arising from this decision is NZ$125 million. ANZ Bank New Zealand has filed an appeal against the decision in the Court of Appeal and the representative plaintiffs have cross-appealed. The substantive proceedings have been stayed pending determination of the appeal.

The ANZ Bank New Zealand Group had contingent liabilities as at 30 September 2026 in respect of the matters outlined in Note 26 of the ANZ New Zealand 2026 Audited Financial Statements (which are incorporated by reference into this Base Prospectus).

The ANZBGL Group regularly engages with its domestic and international regulators and other statutory and supervisory bodies. The nature of these regulatory interactions can be wide ranging and include regulatory investigations, surveillance and reviews, reportable situations, formal and informal inquiries and regulatory supervisory activities in Australia, New Zealand and globally. The ANZBGL Group also receives notices and requests for information from its regulators and other bodies from time to time as part of both industry-wide and ANZBGL Group-specific reviews and makes disclosures to its regulators at its own instigation.

Matters in relation to which the ANZBGL Group has recently engaged with its regulators include:

- the ASIC Matters Resolution Program within Australia Retail division, which covers a range of areas, specifically: ANZBGL's Online Saver product, hardship processes, deceased estates, breach reporting, event management, customer remediation and complaints;
- *Common Reporting Standard and Foreign Account Tax Compliance Act* obligations, processes and reporting;
- anti-money laundering and counter-terrorism financing obligations, processes and procedures. For example, in recent periods, Australian Transaction Reports and Analysis Centre ("**AUSTRAC**") has conducted reviews and made inquiries with ANZBGL and Suncorp Bank. A number of potential non-compliance instances identified by AUSTRAC have been subject to ongoing uplift programs with regular reporting to AUSTRAC. The ANZBGL Group continues to self-identify and report AML/CTF (anti-money laundering and counter-terrorism financing) compliance issues to AUSTRAC, and provides updates to AUSTRAC on remediation activities on a regular basis;
- the ANZBGL Group's implementation plan to meet obligations arising from changes to the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth), a number of which became effective from 31 March 2026 (refer to risk factor "*Significant fines and sanctions in the event of breaches of law or regulation relating to anti-money laundering, counter-terrorism financing, sanctions and fraud, and scams may adversely affect the ANZBGL Group's Position*" for further detail);

- technology resilience and operational continuity arrangements; and
- non-financial risk management practices including the application of interest and fees on certain products and the Financial Accountability Regime.

The possible exposures associated with the ANZBGL Group's regulatory interactions may include civil enforcement actions, criminal proceedings, fines and penalties, imposition of capital or liquidity requirements, customer remediation, the requirement to conduct independent reviews, sanctions or the exercise of other regulatory powers. Any prior breaches or failures to meet regulatory obligations by the ANZBGL Group may affect the nature and amount of any outcome. Regulatory enquiries and investigations may also require substantial management attention and resources.

There may also be exposures to customers, third parties and shareholders which are additional to any regulatory exposures. These could include class actions or claims for compensation or other remedies.

The outcomes and total costs associated with these possible regulatory, customer and other exposures remain uncertain.

There is however a risk that contingent liabilities may be larger than anticipated or that additional litigation, regulatory actions, legal or arbitration proceedings or other contingent liabilities may arise and could materially and adversely affect the ANZBGL Group's Position. There is also a risk that any losses associated with the ANZBGL Group's contingent liabilities and exposures may not be covered or fully covered by the ANZBGL Group's insurance.

***Significant fines and sanctions in the event of breaches of law or regulation relating to anti-money laundering, counter-terrorism financing, sanctions and fraud, and scams may adversely affect the ANZBGL Group's Position***

Laws and regulations relating to anti-money laundering, counter-terrorism financing, sanctions, fraud and scams have increased in complexity in recent years. Regulatory reforms and extended sanctions and enforcement actions taken domestically and internationally continue to be a focus of the ANZBGL Group.

- **Anti-money Laundering and Counter-Terrorism Financing ("AML/CTF")**

  The Australian Transaction Reports and Analysis Centre ("**AUSTRAC**") is Australia's AML/CTF regulator and financial intelligence unit. AUSTRAC uses a range of regulatory tools and powers to promote and enforce compliance with the Australian AML/CTF Act and the Anti-Money Laundering and Counter-Terrorism Financing Rules 2025 of Australia ("**AML/CTF Rules**"). AUSTRAC has demonstrated its willingness to take strong regulatory action where reporting entities fail to meet their AML/CTF obligations, including through civil penalty proceedings, enforceable undertakings and infringement notices. Significant penalties have been imposed on a number of domestic financial institutions in recent years in response to serious and systemic compliance failures.

  In November 2024, the Australian Parliament passed legislation to reform the Australian AML/CTF Act, resulting in changes to regulatory requirements including those relating to AML/CTF programs, risk assessments, customer due diligence, reporting of suspicious matters reports, transaction threshold reports and transfers of value ("**Australian AML/CTF Reforms**"). The Australian AML/CTF Reforms were supported by new and amended AML/CTF Rules issued in August 2025 and amended in March 2026, that set out how certain obligations are to be implemented. In March 2026, further amendments to the Australian AML/CTF Act were introduced in the Australian Parliament. These amendments are not yet law, however, they aim to introduce additional measures to strengthen Australia's AML/CTF framework, including new powers for AUSTRAC to restrict or prohibit the use of certain high-risk products, services and delivery channels, expanded terrorism financing provisions, and technical amendments to improve the operation of the AML/CTF regime. Relevant amendments for ANZ include refinements to customer due diligence requirements, changes to the definitions of domestic and foreign politically exposed persons (PEPs), and amendments relating to legal professional privilege.

Further, in March 2026, the Australian Government issued transitional rules that defer the commencement of certain key obligations under the amended Australian AML/CTF Act. Most notably, the 'Initial Customer Due Diligence' requirements have been deferred until 31 March 2029. Except for the matters covered in the transitional rules, most of the reforms came into effect on 31 March 2026 for current reporting entities. These obligations are applicable to the ANZ Reporting Group, including offshore entities providing designated services.

Full compliance with these reforms will involve complex technology upgrades to onboarding, operating systems and reporting systems, together with substantial updates to associated policies, procedures and staff training. Implementation will therefore be a multi-year undertaking, and the ANZBGL Group is not currently compliant with all new requirements. AUSTRAC has acknowledged the tight timeframes and challenges for businesses in implementing the reforms. In line with AUSTRAC's published guidance, the ANZBGL Group will maintain its current money laundering controls, which are intended to support ongoing compliance during the transition. The ANZBGL Group has developed an implementation plan, in line with AUSTRAC’s expectations, setting out the activities required to achieve compliance with the reforms and address the associated money laundering, terrorism financing and proliferation financing risks.

An area of reform with which the ANZBGL Group is yet to become fully compliant includes, but is not limited to, Travel Rule requirements, and implementing new suspicious matter report and threshold transaction report requirements. The ANZBGL Group's implementation plan addresses the activities required across the broader transition period, including the migration to new regulatory reporting schemas by 31 March 2029.

Key risks associated with the Australian AML/CTF Reforms include misalignment of the ANZBGL Group's implementation plan with AUSTRAC expectations or transitional rules (including timeframes), delays in implementation, or failure to achieve intended compliance outcomes, exposing the ANZBGL Group to regulatory scrutiny, enforcement, and penalties. There is no assurance that AUSTRAC will regard the ANZBGL Group's implementation plan as adequate. Failure to adequately update systems and processes to address increasingly complex financial crime risks (including during the transition) may also result in breaches of AML/CTF and other laws, leading to significant financial penalties, reputational damage, or a material adverse impact on the ANZBGL Group's Position.

New Zealand's Anti-Money Laundering and Countering Financing of Terrorism Act 2009 is being reformed following a review by the New Zealand Government, with reforms being implemented in stages. Several changes are already in effect, including amendments to customer due diligence requirements for certain customers assessed as low risk, the removal of address verification requirements for standard customer due diligence, and the consolidation of the AML/CFT supervisory framework under a single supervisor. Further changes include introducing a levy on reporting entities and the proposed expansion of the regime to include proliferation financing. Although there is still uncertainty about the outcome of the remaining reforms at this stage, the reform process could lead to new regulatory requirements being imposed on the ANZ Bank New Zealand Group, which may affect the ANZBGL Group's Position. Recent AML/CFT enforcement action in New Zealand, including the NZ$6.731 million High Court penalty imposed on ASB Bank in June 2026 and civil proceedings commenced against The Co-operative Bank in May 2026, demonstrates the risk of non-compliance.

- **Sanctions**

The external sanctions and export control landscape continues to evolve in complexity, with regulatory expectations increasing and enforcement for non-compliance a focus of many regulators. The imposition of sanctions targeting individuals and entities, including those involved in evasion networks operating globally, by regulators since the beginning of the Russia-Ukraine conflict in February 2022 continues. In February 2026, certain jurisdictions including Australia, New Zealand, the US, the EU and the UK significantly escalated

Russia-related sanctions targeting the energy, maritime, crypto providers and financial sectors and (except in the case of the US) all lowered the oil price cap to USD 44.10 per barrel for Russian seaborne crude oil. Further sanctions and trade restrictions against Russia were introduced by the EU and the UK in July 2026. Companies continue to assess their risk appetite regarding direct and indirect business activity involving Russia or Russian-owned or controlled entities, with secondary sanctions risk a consideration. This may result in companies adjusting the types of business services they provide and in certain circumstances, ceasing to provide business services.

In September 2025, the United Nations reimposed sanctions on Iran under the Joint Comprehensive Plan of Action's "snapback" mechanism, following a formal determination by France, Germany and the UK, that Iran was in non-compliance with its nuclear commitments. The US has significantly escalated pressure on Iran by targeting its oil exports, shadow banking networks, shipping sector, cryptocurrency channels and foreign facilitators, while threatening broader secondary sanctions on countries and institutions that continue to do business with Iran. Australia has focused on expanding targeted sanctions against the Iranian regime, IRGC-linked actors and terrorism-financing networks, while New Zealand has strengthened its compliance framework through the implementation of UN sanctions, mandatory business registration, and enhanced controls designed to prevent sanctions evasion and proliferation-related risks. The ANZBGL Group maintains a comprehensive prohibition against dealings involving Iran.

U.S. sanctions relating to Russia, Iran and other sanctioned jurisdictions or persons may also expose the ANZBGL Group to secondary sanctions risk. Inadvertently processing or facilitating transactions involving Specially Designated Nationals or other sanctioned persons may, depending on the circumstances, expose the ANZBGL Group to U.S. sanctions or other restrictive measures, including restrictions on, or loss of access to, U.S. correspondent banking relationships or U.S. dollar clearing. ANZBGL’s New York branch is also subject to applicable U.S. federal and New York banking laws and regulations, including the Bank Secrecy Act and related anti-money laundering requirements and sanctions programs administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury.

The ANZBGL Group prohibits facilitation of oil transactions involving Iran, Russia, and Venezuela. The current position has been set taking into consideration the cumulative requirements of all the jurisdictions that the ANZBGL Group operates in. The result of the ANZBGL Group's policy is that, in some instances, the ANZBGL Group declines business that is legally permissible in particular jurisdictions but is outside its risk appetite.

New regulations passed in China in March and April 2026 restrict collection of supply chain data within China, enable countermeasures against foreign firms, and allow authorities to block compliance with foreign laws. In May 2026, China also issued its first prohibition order preventing compliance with certain US sanctions on Chinese refineries. This creates a risk that the ANZBGL Group's activities will be subject to conflicting legal requirements.

The ANZBGL Group continues to maintain a comprehensive prohibition against dealings involving Syria. Notwithstanding the substantial easing of US sanctions relating to Syria, Syria remains high risk due to residual sanctions and export controls, FATF grey-list status and ongoing terrorism, human rights, illicit networks, and sanctions-evasion risks. Correspondent banks may continue to decline Syria-related transactions where their risk appetite is more restrictive.

- **Anti-Bribery and Corruption ("ABAC")**

  Laws and regulatory expectations relating to bribery and corruption continue to evolve, with heightened focus on corporate accountability, third-party risk management, public sector integrity, procurement, cross-border transactions and the effectiveness of controls designed to prevent improper payments or other benefits. In Australia, the Crimes Legislation Amendment (Combatting Foreign Bribery) Act 2024 broadened the foreign bribery offence

and introduced a new corporate offence for failing to prevent foreign bribery, subject to a defence where a body corporate can demonstrate that it had adequate procedures in place to prevent such conduct.

These reforms increase the importance of maintaining a risk-based ABAC framework, including clear standards for gifts and entertainment, political and charitable contributions, sponsorships, donations, conflicts of interest, use of intermediaries, and due diligence over third parties, associated persons and other persons acting for or on behalf of the ANZBGL Group. The ANZBGL Group's international footprint, correspondent banking relationships, institutional customer base and involvement in cross-border activity may expose it to bribery and corruption risks, including where customers, counterparties, employees or third parties interact with public officials or state-owned entities in higher-risk jurisdictions.

Failure to maintain effective ABAC controls may result in breaches of anti-bribery and corruption laws resulting in potential regulatory investigation, enforcement action, significant civil or criminal penalties, restrictions on business activity, loss of stakeholder confidence and reputational harm.

- **Fraud & Scams**

  Globally, fraud and scams continue to be pervasive and evolve quickly within financial services and other sectors. In February 2025, the Australian Government's Scams Prevention Framework ("**SPF**") received Royal Assent, establishing new obligations for regulated entities, including banks, telecommunications providers and digital platforms.

  The SPF creates obligations on regulated entities in all designated sectors to:

  - take reasonable steps to prevent, detect and disrupt scams;
  - respond to scam-related compensation claims and complaints and have governance arrangements in place for scam risk management; and
  - report to regulators on certain matters relating to scams.

  In May 2026, the banking, telecommunications and digital platforms sectors were designated as regulated sectors under the SPF and the Australian Government Treasury released draft Codes, Rules and a position paper on Internal Dispute Resolution for consultation. The draft Codes and Rules set out more detailed requirements than the high level, predominantly principles-based obligations in the legislation. The majority of the obligations under the SPF legislation, Codes and Rules are scheduled to commence operation on 31 March 2027. However, the Australian Government Treasury has indicated that obligations relating to sharing 'actionable scams intelligence' between regulated entities will commence mid-2027, and obligations requiring mandatory reporting will commence later in 2027.

  A failure to adequately update the ANZBGL Group's systems and processes to appropriately manage fraud and scams risk could result in breach by the ANZBGL Group of the SPF, which may result in substantial financial penalties, customer compensation and reputational damage for the ANZBGL Group.

Close monitoring of the different levels and types of financial crimes continues across the ANZBGL Group. The potential risk of non-compliance remains high given the scale and complexity of the ANZBGL Group and the multiple reforms underway. Emerging technologies, such as those provided by virtual asset service providers (e.g., digital currency exchanges and wallet providers) as well as increasingly complex remittance arrangements via FinTechs and other disruptors, may limit the ANZBGL Group's ability to track the movement of funds, develop relevant transaction monitoring and meet reporting obligations. The complexity of the ANZBGL Group's technology, and the increasing frequency of changes to systems that play a role in AML/CTF and sanctions compliance puts the ANZBGL Group at risk of failing to identify an impact on the systems and controls in place. A failure to operate a robust programme to report the movement of funds, combat money laundering, terrorism

financing, scams and other serious crimes may have serious financial, legal and reputational consequences for the ANZBGL Group and its employees.

Consequences of the ANZBGL Group not meeting regulatory expectations relating to AML/CTF, sanctions, fraud and scams can include fines, criminal and civil penalties, civil claims, reputational harm and limitations on doing business in certain jurisdictions. These consequences, individually or collectively, may adversely affect the ANZBGL Group's Position. The ANZBGL Group's foreign operations may place the ANZBGL Group under increased scrutiny from regulatory authorities and subject the ANZBGL Group to increased compliance costs.

Refer to risk factor "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*" for further discussion of risks associated with failure to comply with laws, regulations and regulatory expectations.

***Changes in monetary policies may adversely affect the ANZBGL Group's Position***

Central monetary authorities (including the RBA, the RBNZ, the United States Federal Reserve, the European Central Bank, the Bank of England and monetary authorities in the Asian jurisdictions in which the ANZBGL Group operates) set official interest rates or take other measures to affect the demand for money and credit in their relevant jurisdictions. In some jurisdictions, currency policy is used to influence general business conditions and the demand for money and credit. These measures and policies can significantly affect the ANZBGL Group's cost of funds for lending and investing and the return that the ANZBGL Group will earn on those loans and investments. These factors impact the ANZBGL Group's net interest margin and can affect the value of financial instruments it holds, such as debt securities and hedging instruments. The measures and policies of the central monetary authorities can also affect the ANZBGL Group's borrowers, potentially increasing the risk that they may fail to repay loans.

Changes in interest rates and monetary policy are difficult to predict and may adversely affect the ANZBGL Group's Position. Refer to risk factor "*Changes in the real estate markets in Australia, New Zealand or other markets where the ANZBGL Group does business may adversely affect the ANZBGL Group's Position*" and risk factor "*Credit risk may adversely affect the ANZBGL Group's Position*".

***Ongoing risk of potential regulatory ramifications (including significant penalties) may adversely affect the ANZBGL Group's Position, in the event of non-compliance with the evolving and extensive obligations imposed by the Automatic Exchange of Information ("AEoI") global customer tax transparency regimes***

There continue to be mandatory and substantial changes to, and increasing regulatory focus on, compliance by all global Financial Institutions ("**FIs**"), including FIs within the ANZBGL Group, with global customer tax transparency regimes, under the Foreign Account Tax Compliance Act ("**FATCA**"), the Organisation for Economic Co-operation and Development's ("**OECD's**") Common Reporting Standard ("**CRS**") and similar anti-tax avoidance regimes. This includes global regulatory movement to enforcement and penalty activities and increasing regulatory implementation of additional compliance framework requirements, compliance assessment requirements, questionnaires, onsite financial institution audits, evidentiary requirements, detailed rules and frameworks to close down circumventions and deter, detect and penalise non-compliance. The ongoing OECD government level peer reviews and U.S. Internal Revenue Service and regulatory FI compliance review/audit requirements increase scrutiny and therefore the unplanned workload of FIs globally. Each country of CRS adoption is being pushed by the OECD to ensure its penalty regime is sufficient to deter and penalise non-compliance.

As the ANZBGL Group is an in-scope FI operating in a globally interlinked operating environment, the highly complex and rigid nature of the obligations under each country's varied implementation of these regimes presents heightened operational and compliance risks for the ANZBGL Group. As international regulatory compliance frameworks mature and regulators shift focus to enforcement (which may include financial penalties and other more general tax risk framework implications), this may result in significant penalty provision requirements and reputational damage in the event of failures. Accordingly, compliance with global customer tax transparency regimes is a key area of focus and major cost for the ANZBGL Group.

Under FATCA and other relevant U.S. Treasury Regulations, the ANZBGL Group could be subject to:

- a 30 per cent. withholding tax on certain amounts (including amounts payable to customers), and be required to provide certain information to upstream payers, as well as other adverse consequences, if the ongoing detailed obligations are not adequately met; and

- broader compliance issues, significant withholding exposure, competitive disadvantage and other operational impacts if the FATCA Intergovernmental Agreements between the United States and the applicable jurisdictions in which the ANZBGL Group operates cease to be in effect.

Under the CRS, the ANZBGL Group:

- faces challenges in developing countries where the ANZBGL Group has operations, such as the Pacific region. The local regulators in these countries are generally assisted by a 'partner' country. The introduction of standards and evidentiary requirements continues to be challenging to implement and adhere to;

- must deal with substantial ongoing country specific variations in local law and regulatory implementation, with significant broader 'justified trust' ramifications and penalties for non-collection or failed reporting in respect of prescribed customer information;

- is under increasingly stringent regulatory scrutiny and measures as regulators turn their focus to the effectiveness of FI implementation. This tightening of regulatory focus, at a varying pace in each country, can lead to significant negative experiences for affected customers (including unilateral account blocking and closure, and potential direct customer penalties), which may adversely affect the ANZBGL Group's Position and if not similarly implemented by other FIs, may present a significant competitive disadvantage and loss of business;

- faces poor customer outcomes with customers who may feel aggrieved as a result of blocking and closure impacts including increased potential exposure to legal and third-party liability, particularly where the ANZBGL Group has not communicated the regulatory issue clearly to a customer or has blocked or closed the account incorrectly (for example, due to a data or process error);

- continues to deal with the substantial implementation challenges associated with the complex requirements relating to intermediaries, which may also increase the risk of regulatory ramifications; and

- faces regulatory change related to the OECD's Crypto-Asset Reporting Framework and amended Common Reporting Standard across the majority of jurisdictions in which the ANZBGL Group operates. Various start dates apply across jurisdictions due to non-uniform implementation timeframes.

The scale and complexity of the ANZBGL Group, which includes Suncorp Bank and the ANZ Bank New Zealand Group, means that the risk of non-compliance with FATCA, CRS and other tax reporting regimes remains high. There have been recent interactions with the Australian Taxation Office, New Zealand Inland Revenue and other local regulators on CRS and FATCA obligations, processes and reporting (as applicable). The loss of key resources and critical subject matter expertise, combined with the challenge of finding qualified replacements, increases the risk of non-compliance with these obligations. A failure to successfully operate the implemented processes or to identify and implement all obligations could lead to legal, financial and reputational consequences for the ANZBGL Group and its employees. Consequences include fines, criminal and civil penalties, civil claims, remediation, rectification of systems and processes, reputational harm, competitive disadvantage, loss of business and constraints on doing business.

These consequences, individually or collectively, may adversely affect the ANZBGL Group's Position.

***Unexpected changes to the ANZBGL Group's licence to operate in any jurisdiction may adversely affect the ANZBGL Group's Position***

The ANZBGL Group is licensed to operate in various jurisdictions. Unexpected changes in the conditions of the licenses to operate by governments, administrations or regulatory agencies that prohibit or restrict the ANZBGL Group from trading in a manner that was previously permitted may adversely affect the ANZBGL Group's Position.

**Risks related to environmental, social and governance risks**

***Impact of future weather events, nature loss, human rights, geological events, plant, animal and human diseases, and other extrinsic events may adversely affect the ANZBGL Group's Position***

The ANZBGL Group and its customers are exposed to ESG risks, including from weather events (including natural disasters), geological events (such as volcanic or seismic activity or tsunamis), nature loss (including as a result of species extinction or decline, or ecosystem degradation), plant, animal and human diseases or pandemics such as COVID-19 and human rights risks. Each of these may have a significant impact on the ANZBGL Group's operations and its customers.

Climate-related physical risks are increasing, which is observed through increases in the average global temperature and the impacts of more regular extreme weather events. Weather events may include severe storms, bushfires, cyclones and floods. Longer-term changes in climate patterns may include rising sea levels and changes in temperature and precipitation (including drought). The impact of these events may be widespread including through second order impacts. For example, the economic impacts of a drought may extend beyond primary producers to other customers of the ANZBGL Group, including suppliers to the agricultural sector, and to those who reside in, and operate businesses within, affected communities. As a result, the ANZBGL Group may be exposed to weather events directly, and through the impact of these events on its customers (refer to risk factor, "*Risks associated with lending to customers that could be directly or indirectly impacted by climate risk may adversely affect the ANZBGL Group's Position*").

Nature is an emerging risk that the ANZBGL Group is seeking to understand further. Nature risks can arise from lending to customers with material impacts or dependencies on nature. These risks can also arise from legal and regulatory changes, which may impact the ANZBGL Group directly or indirectly through the ANZBGL Group's customers. Failure to manage these risks may lead to financial and non-financial risks and may adversely affect the ANZBGL Group's Position.

Human rights risks relate to the safety and security of the ANZBGL Group's people, labour rights, modern slavery, privacy, corruption and bribery, environmental protection and land access and rights. The ANZBGL Group uses risk-based due diligence to identify human rights risks and impacts associated with its business relationships. Failure to manage these risks may adversely affect the ANZBGL Group's Position.

Laws and regulations relating to climate change, nature, human rights, or other ESG risks, as well as the perspectives of shareholders, employees and stakeholders, may affect whether and on what terms and conditions the ANZBGL Group engages in certain activities or offers certain products. Depending on their frequency and severity, these risks may interrupt or restrict the provision of services such as the ANZBGL Group's branches or business centres or other ANZBGL Group services. They may also adversely affect the ANZBGL Group's financial condition or collateral position in relation to credit facilities extended to customers, which in turn may adversely affect the ANZBGL Group's Position.

***Risks associated with lending to customers that could be directly or indirectly impacted by climate risk may adversely affect the ANZBGL Group's Position***

The ANZBGL Group's most material climate risks arise from lending to retail and wholesale customers. Customers may be affected directly by physical and transition risks. These include the effect of extreme weather events on a customer's business or property, including impacts to the cost, availability and adequacy of insurance coverage, changes to the regulatory and policy environment in which the customer operates, disruption from new technology and changes in demand towards lower emission products and services. Climate risks may indirectly affect a customer by impacting its supply chain.

Climate risks may affect the ability of customers to repay debt, result in an increased probability of default, result in 'stranded assets', and/or impact the amount the ANZBGL Group is able to recover due

to the value or liquidity of collateral held as security being impaired. Extreme weather events, including cyclones, floods, bushfires and other climate-related events, may adversely affect customers and communities.

Risks associated with climate change are subject to increasing regulatory, political and societal focus, including scrutiny of, and potential litigation or regulatory action in respect of, the accuracy and substantiation of climate-related and other sustainability claims and disclosures made by the ANZBGL Group.

**Risks related to non-financial and reputational risk**

***Conduct risk events may adversely affect the ANZBGL Group's Position***

Conduct risk is the risk of loss or damage arising from the failure of the ANZBGL Group, its employees or agents to appropriately consider the interests of customers, the integrity of the financial markets, and the expectations of regulators and other stakeholders in conducting the ANZBGL Group's business activities.

Conduct risks include:

- the provision of unsuitable or inappropriate advice to customers;
- the representation of, or disclosure about, a product or service which is inaccurate, or does not provide adequate information about risks and benefits to customers;
- a failure to deliver product features and benefits in accordance with terms, disclosures, recommendations and advice;
- a failure to identify, manage and where appropriate avoid actual, potential and perceived conflicts of interest;
- inadequate management of complaints or remediation processes;
- a failure to respect and comply with duties to customers in financial hardship; and
- unauthorised trading activities in financial markets.

There continues to be strong regulatory and stakeholder scrutiny of conduct risk across Australia and New Zealand. Ongoing economic uncertainty, rising living costs and reduced disposable income are placing sustained pressure on customers, affecting both lending capacity and the level of forbearance required. Ongoing geopolitical tensions, trade uncertainty and global economic instability could further heighten conduct risk by increasing market volatility and cost-of-living pressures, potentially impacting customer vulnerability and service outcomes. To manage heightened conduct risk in this environment, the ANZBGL Group must continue to closely monitor customers experiencing financial difficulty and provide targeted, appropriate support. This remains an evolving issue and a regulatory priority, with regulators increasing expectations through more prescriptive guidance and intensified enforcement. In this context, weaknesses in responsible lending practices may also increase the risk of mortgage fraud (including misrepresentation of income, expenses or occupancy), which could lead to customer harm, regulatory action, reputational damage and financial loss.

In New Zealand, a broad conduct regime for financial institutions was introduced in March 2025 to ensure financial institutions treat customers fairly. As the regime becomes more established, the FMA is likely to increase scrutiny of compliance. Failure to meet these expectations may result in higher compliance costs and increased regulatory exposure, potentially adversely impacting the ANZBGL Group's Position.

The ANZBGL Group receives customer complaints through its internal dispute resolution processes and external dispute resolution schemes (such as the Australian Financial Complaints Authority). Such

complaints may result in the ANZBGL Group making payments to customers and/or paying fees charged by external dispute resolution schemes.

Where a risk event occurs that impacts the ANZBGL Group's customers, ANZBGL has a centralised team responsible for customer remediation programs, including addressing conduct issues identified in ANZBGL reviews. Similarly, ANZ Bank New Zealand has a separate centralised customer remediation team. Conduct risk events may not only negatively impact customers and market integrity, but may expose the ANZBGL Group to regulatory actions, restrictions or conditions on banking licences and reputational consequences that may adversely affect the ANZBGL Group's Position. Remediation programs may not be implemented appropriately or may lead to further remediation work being required, resulting in litigation, regulatory action and increasing cost to the ANZBGL Group, which may adversely affect the ANZBGL Group's Position.

For further discussion of the increasing regulatory focus on conduct risk, see the risk factor "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*" and risk factor "*Litigation and contingent liabilities may adversely affect the ANZBGL Group's Position*".

***Risks associated with information security, including cyber-attacks, may adversely affect the ANZBGL Group's Position***

The digital world is constantly evolving, with both positive innovation and new threats. As a result, the ANZBGL Group recognises that the risk of a cyber event or data loss remains a significant concern for its businesses. Recent developments in the cyber threat landscape, including advances in AI, may increase the speed at which software vulnerabilities are identified and exploited. Developments in quantum computing may reduce the effectiveness of existing cryptographic controls, requiring changes to security technologies, processes and infrastructure, as well as additional investment over time. Industry commentary indicates that these developments may shorten the time between vulnerability discovery and exploitation, increase the sophistication and effectiveness of attack chains, and heighten risks associated with software and third-party supply chains. These developments may reflect a further shift in the cyber threat environment affecting the financial services sector, increasing the likelihood that cyber-attacks exploiting rapidly emerging or previously unknown vulnerabilities, including those arising through third-party dependencies, could occur more frequently or have a greater impact.

Cyber threats continue to increase in sophistication, persistence, scale, frequency and impact. Threats include but are not limited to business email compromise, ransomware, distributed denial of service, data breaches, third-party and software supply chain exposures, insider risk, software vulnerabilities, AI-enabled attacks by state-sponsored and criminal threat actors, geopolitically motivated cyber espionage and destructive attacks. Cyber-attacks have the potential to cause financial system instability and could result in serious disruption to customer banking services or compromise customer data privacy. As both the scale and complexity of such attacks are increasing, there is always a risk that countermeasures and layers of defence may not be sufficient and that sensitive information may be inadvertently exposed.

The ANZBGL Group has noted increased external occurrences of ransomware and third-party data breaches, ongoing volatility in the global political landscape and the security implications of wide-spread adoption of AI. Although AI has potential to support significant service advances for customers, it also has potential to assist, enable and enhance existing methods for criminals to perpetrate fraud, scams, and cyber threats against the ANZBGL Group and its customers, and poses increased risks to cybersecurity, including risks of denial of service, the criminal use of deepfakes, and more sophisticated social engineering attacks. Further, inadvertent disclosure or misuse of client data in the datasets or algorithms may lead to reputational risk. See the risk factor "*Use of AI may adversely affect the ANZBGL Group's Position*" for further information.

Intense public response to cyber-attacks has led to increased political focus and to reforms that have increased penalties for privacy breaches, and further increases are possible. If the ANZBGL Group is the target of a successful attack, then in addition to the risks discussed above, there is a risk of reputational damage in light of the public response to such an attack and/or penalties imposed by a regulator, which may materially adversely affect the ANZBGL Group's operations. The regulatory landscape is also evolving with additional local and international regulator focus on information security, including the

release of the 2023-2030 Australian Cyber Security Strategy, similar work undertaken by the New Zealand Government and subsequent discussions, consultation and implementation on legislative reforms.

A focus on information security is key to protecting the confidentiality, integrity and availability of systems and data. The ANZBGL Group as part of its global banking operations handles and stores a considerable amount of personal and confidential information about its customers and its own internal processes, across the multiple geographies in which the ANZBGL Group operates. This information is processed and stored on both internal and third-party hosted environments. As such, weaknesses in key security policies or controls operated by the ANZBGL Group or third parties engaged by the ANZBGL Group could result in the loss of data or other personal or sensitive information and adversely affect the ANZBGL Group's business by resulting in financial losses (including costs relating to notifying and compensating customers), regulatory investigations, sanctions or reputational harm, thus affecting the ANZBGL Group's Position.

***Use of AI may adversely affect the ANZBGL Group's Position***

AI refers to the development of systems capable of performing tasks that typically require human intelligence, such as learning, reasoning, and decision making. AI is increasingly being leveraged across the ANZBGL Group's business processes to drive innovation and efficiency and is an important enabler of the ANZBGL Group's strategy and competitive position.

However, as AI becomes more integrated into the ANZBGL Group's operations, the regulatory landscape relating to AI continues to evolve rapidly, and as AI technologies become more autonomous, scalable and embedded in critical business processes, inadequate management and governance of AI use, whether by the ANZBGL Group or by third parties, may lead to significant operational, conduct, privacy, intellectual property, compliance, reputational and workforce-related risks, including, but not limited to:

- inaccurate, unreliable or opaque AI outputs that may lead to poor, inconsistent or unexplainable decisions, including where decisions cannot be adequately understood, challenged or justified;
- amplification of existing biases or the introduction of new biases, potentially resulting in discriminatory, unfair or unethical outcomes affecting customers, employees or counterparties;
- over-reliance on AI systems or outputs, including automation bias, inappropriate delegation of decision-making authority, or increasingly autonomous or agentic AI systems that may initiate, recommend or execute actions with insufficient human oversight, reducing effective human judgement and oversight;
- loss of confidentiality, availability or integrity of data, including where customer, counterparty, employee or proprietary information is inappropriately used, disclosed, retained or incorporated into AI tools, prompts, training data or outputs, or where deficiencies in data quality, provenance or integrity adversely affect AI performance or outcomes, giving rise to privacy, confidentiality or intellectual property risks;
- model performance degradation over time, including due to data drift, changes in operating environments, or inadequate lifecycle monitoring, testing and change control;
- over-reliance on a limited number of AI vendors, platforms or foundation models, increasing operational vulnerability, concentration risk, systemic dependency and exposure to third-party failures or contractual limitations;
- increased compliance complexity and legal uncertainty arising from fragmented, fast-evolving and jurisdiction-specific AI-related laws, regulations and supervisory expectations;
- the use of AI by malicious actors to facilitate or amplify fraud, scams or other financial crime, including through deepfakes, synthetic identities, impersonation, phishing or more

sophisticated social engineering techniques, which may increase financial loss, remediation costs, operational disruption and reputational harm;

- workforce transformation resulting from increased adoption of AI, including job displacement and significant changes to skill and role requirements, which may create challenges for workforce planning, reskilling, talent attraction, change execution and employee relations, and could contribute to broader labour market disruption; and

- sophisticated external and malicious attacks enabled by AI, including the manipulation, exploitation or poisoning of AI systems, models, data or outputs by highly capable threat actors, which may undermine the integrity and reliability of AI-enabled decisions, evade existing controls and result in operational disruption, fraud, financial loss or reputational harm.

In addition, AI systems may be exploited, manipulated or attacked through adversarial techniques, cyber-enabled interference or unauthorised access, potentially compromising system integrity, availability or safety. Such risks may be more difficult to detect, attribute and remediate than traditional technology or fraud risks. If these AI-related risks are not adequately identified, assessed and managed, the ANZBGL Group may experience customer detriment, regulatory action, litigation, financial loss, reputational damage or erosion of stakeholder trust, any of which could materially and adversely affect the ANZBGL Group's Position.

***Reputational risk may undermine stakeholder trust, erode the ANZBGL Group's brand and adversely affect the ANZBGL Group's Position***

The ANZBGL Group's reputation is a valuable asset and a key contributor to stakeholder trust and support for its business activities, including its ability to raise funding or capital. Reputational risk may arise where the ANZBGL Group's behaviour or associations cause stakeholders to form an adverse opinion of the ANZBGL Group, including as a result of an external event or the ANZBGL Group's actual or perceived actions and practices. Stakeholders include customers, the broader community, shareholders, regulators, government bodies and political stakeholders, advocacy groups, the media, and employees. The impact of a risk event on the ANZBGL Group's reputation may exceed the direct cost of the risk event itself and may adversely impact the ANZBGL Group's Position.

The ANZBGL Group may suffer reputational damage where its behaviour, associations or practices fail, or are perceived to fail, to meet stakeholder expectations. Stakeholder expectations may differ and continue to evolve over time. Where stakeholder expectations exceed the standard required by applicable law, the ANZBGL Group may incur reputational damage even where it has met its legal obligations. A divergence between stakeholder expectations and the ANZBGL Group's practices could arise in a number of ways, including in relation to its product and services disclosure practices, pricing policies and use of data. The ANZBGL Group's reputation may be adversely affected by perceptions of the broader financial services industry, particularly in an environment of elevated interest rates. Reputational damage may arise from the ANZBGL Group's failure to effectively manage risks, enforcement or supervisory action by regulators, adverse findings from regulatory reviews and failure or perceived failure to adequately respond to community, environmental and ethical issues. From time to time the ANZBGL Group may be subjected to heightened public scrutiny and potential reputational damage as a result of the actions of activist shareholders. Areas which have attracted investor activism in Australia primarily relate to environmental and social issues and include concerns about the actions of the ANZBGL Group itself or parties that the ANZBGL Group finances.

Reputational risk may arise from the ANZBGL Group's strategic or business decisions, activities, relationships or associations, as well as from actual or perceived operational and regulatory compliance failures. Such matters may include, but are not limited to:

- failures related to fulfilment of identification obligations;

- failures related to new product development;

- failures related to ongoing product monitoring activities;

- failures related to suitability requirements when products are sold outside of the target market;
- failure to comply with disclosure obligations;
- failure to properly manage risk (e.g., credit, market, operational or compliance);
- market manipulation or anti-competitive behaviour;
- inappropriate crisis management/response to a crisis event;
- inappropriate handling of customer complaints;
- failures, misconduct or integrity concerns involving third parties;
- privacy breaches; and
- unexpected risks.

Damage to the ANZBGL Group's reputation may have wide-ranging impacts, including adverse effects on the ANZBGL Group's profitability, capacity and cost of funding, increased regulatory scrutiny, regulatory enforcement actions, additional legal risks and limits on the availability of new business opportunities. The ANZBGL Group's ability to attract and retain customers could also be adversely affected if the ANZBGL Group's reputation is damaged, which may adversely affect the ANZBGL Group's Position.

***Non-financial risk events may adversely affect the ANZBGL Group's Position***

Non-financial risk is the risk of loss and/or non-compliance (including failure to act in accordance with laws, regulations, industry standards and codes, and internal policies) resulting from inadequate or failed internal processes, people, systems and/or data, or from external events. The ANZBGL Group's NFR framework is organised into risk categories as outlined below. These risks may arise individually or in combination and may result in financial loss, regulatory action, reputational harm or disruption to the ANZBGL Group's operations, adversely affecting the ANZBGL Group's Position.

**Financial Crime and Fraud Risk** is a risk that the ANZBGL Group facilitates, enables, or fails to prevent financial crime or fraud, including non-compliance with the ANZBGL Group policies or regulatory expectations. This includes the risk of facilitating money laundering, terrorism financing, sanctions evasion, or bribery and corruption events. Refer to the risk factor *"Significant fines and sanctions in the event of breaches of law or regulation relating to anti-money laundering, counter-terrorism financing, sanctions and fraud, and scams may adversely affect the ANZBGL Group's Position"*. Financial crime and fraud risk also includes internal fraud, being the risk of fraud or theft attempted or perpetrated by an internal party (for example, an ANZBGL Group employee or contingent worker), including where an employee acts in collusion with external parties. External fraud is the risk of fraud attempted or perpetrated without the deliberate involvement of an ANZBGL Group employee or contingent worker. An example of external fraud is mortgage fraud, which is an inherent risk in residential mortgage lending and may arise from customer misrepresentation, falsified documentation including documents generated using AI, or misconduct by intermediaries or other third parties across origination and servicing activities. Such activity may result in increased delinquencies and credit losses, as well as additional operational, remediation, legal and compliance costs. Mortgage fraud may also lead to heightened regulatory scrutiny and reputational harm, which could adversely affect the ANZBGL Group's Position.

**Compliance risk** refers to the risk that the ANZBGL Group fails to act in accordance with applicable laws, regulations, and regulatory expectations in the jurisdictions in which it operates, resulting in regulatory censure, penalties, or other supervisory actions. Compliance risk also includes broader regulatory risk. Conduct risk may arise where the ANZBGL Group, its employees, or its agents fail to appropriately consider the interests of customers, the integrity of financial markets, or the expectations

of regulators and other stakeholders in the conduct of the ANZBGL Group's business activities. Refer to the risk factor *"Conduct risk events may adversely affect the ANZBGL Group's Position"*.

**Operational risk and resilience** may result from inadequate or failed internal processes, people, systems, or external events that impair the ANZBGL Group's ability to prevent, withstand, adapt to, or recover from operational disruptions. This includes risks associated with business continuity and crisis management, third party relationships, physical security, people and employment practices, transaction processing and execution, legal procedures and processes, statutory, tax and regulatory reporting, and the execution of change initiatives. The ANZBGL Group is delivering a large and complex portfolio of strategic and regulatory change initiatives, including those described in the risk factor "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*". The scale and concurrent execution of this portfolio elevates operational risks associated with large scale transformation. The ANZBGL Group is undertaking a tender process for its external auditor. The tender process is scheduled to complete by the end of April 2027, with the new external auditor expected to commence in Financial Year 2029. A change of external auditor may give rise to transition risk in relation to the ANZBGL Group's financial reporting. Operational risk and resilience also include model risk, being the risk of adverse consequences arising from errors in the design, development, use, or reporting of models used to inform business decisions. Refer to the risk factor *"Modelling risks may adversely affect the ANZBGL Group's Position"*.

**Technology risk** may arise where technology systems experience outages or degradation, including failures of hardware, software, or networks, which disrupt business operations. Refer to the risk factor *"Disruption of information technology systems or failure to successfully implement new technology systems could significantly interrupt the ANZBGL Group's business, which may adversely affect the ANZBGL Group's Position"*. Data management risk arises where the ANZBGL Group fails to appropriately collect, use, manage, maintain, or dispose of data, including customer, employee, and proprietary ANZBGL Group data. Refer to the risk factor *"Data management risks may adversely affect the ANZBGL Group's Position"*.

**Information security and cyber risk** include the risk of information security incidents, including cyber-attacks, data loss, or theft of information, arising from failures to adequately protect or govern information assets or comply with information security requirements. This risk applies to all types of data, including customer, employee, and proprietary ANZBGL Group data. Refer to the risk factor *"Risks associated with information security, including cyber-attacks, may adversely affect the ANZBGL Group's Position"*.

***The ANZBGL Group's risk management framework may fail to manage all existing risks appropriately or detect new and emerging risks fast enough, which could adversely affect the ANZBGL Group's Position***

Risk management is an important part of the ANZBGL Group's activities. The ANZBGL Group's risk management framework includes governance arrangements, policies, processes, systems and controls. It supports the identification, measurement, monitoring and mitigation of the ANZBGL Group's risk and reporting on the ANZBGL Group's risk profile and effectiveness of identified controls. Effectiveness of the ANZBGL Group's risk management framework is not fully assured. This includes effectiveness in relation to existing risks and new and emerging risks that the ANZBGL Group may not anticipate or identify in a timely manner and for which its controls may not be effective.

The ANZBGL Group seeks to regularly improve its risk management frameworks. It has implemented, and regularly reviews, its risk management policies and allocates additional resources across the ANZBGL Group to manage and mitigate risks. Such efforts may not insulate the ANZBGL Group from exposure to risks or give full assurance that the ANZBGL Group's risk management framework will be effective. For example, the ANZBGL Group has recognised that its risk culture and management of NFR need improvement and are not of a standard that regulators legitimately expect from the ANZBGL Group. As outlined in the risk factor "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*", in April 2025 ANZBGL entered into a CEU with APRA in relation to deficiencies in NFR management practices and risk culture.

As required by the CEU, ANZBGL is implementing an NFR remediation plan, which is focused on ANZBGL's Australian and International operations. If ANZBGL does not implement the remediation plan in compliance with the CEU, ANZBGL may be subject to continued or additional regulatory measures, including continued application of or increases to the operational risk capital overlay, other prudential requirements, or enforcement action.

Delivery of the remediation plan depends on a number of factors, including the ANZBGL Group having appropriately skilled personnel and adequate risk capability and culture, including during periods of organisational and workforce change. Failures in the ANZBGL Group's risk management processes or governance could result in the ANZBGL Group suffering unexpected losses and reputational damage, and failing to comply with regulatory obligations, which could adversely affect the ANZBGL Group's Position.

***Human capital risk, which relates to the inability to attract, develop, motivate and retain the ANZBGL Group's people to meet current and future business needs, could result in poor financial and customer outcomes and reduce the ability of the ANZBGL Group to deliver against customer and other stakeholders' expectations***

Key executives, employees and directors play an integral role in the operation of the ANZBGL Group's business and its pursuit of its strategic objectives. The unexpected departure of an individual in a key role or the ANZBGL Group's failure to recruit, develop and retain an appropriately skilled and qualified person into these roles particularly in areas such as digital, technology, risk or compliance, could have an adverse effect on the ANZBGL Group's Position.

The skills and capabilities the ANZBGL Group requires are also evolving. Advances in technologies such as AI, changing macroeconomic conditions and increasing regulatory expectations require leaders and employees with new and different skill sets, together with deep banking expertise, which may be difficult to attract and retain in a competitive labour market. The ANZBGL Group's ability to execute its strategy and deliver its remediation commitments also depends on building and sustaining an organisational culture aligned with its strategic objectives and the standards of risk management expected by regulators and other stakeholders. A failure to develop and maintain these capabilities and this culture could adversely affect the ANZBGL Group's Position.

The ANZBGL Group continues to reduce its workforce and engagements with consultants and other third parties as part of its efforts to streamline and simplify operations and reduce costs. Workforce reductions can disrupt business continuity, result in the loss of institutional knowledge, decrease employee motivation and expose the ANZBGL Group to potential legal claims, regulatory scrutiny, or reputational harm. If the ANZBGL Group is unable to effectively manage the transition, retain the necessary skills within the organisation and embed a culture consistent with its principles, its operational performance and long-term growth prospects could be adversely affected.

***Disruption of information technology systems or failure to successfully implement new technology systems could significantly interrupt the ANZBGL Group's business, which may adversely affect the ANZBGL Group's Position***

The ANZBGL Group's everyday operations and service offerings including digital banking and critical business services, rely heavily on information technology ("**IT**") systems including systems maintained or provided by third parties. In the digital age, customers expect banking services to be available at all times. Any disruption of IT systems supporting critical operations may prevent the ANZBGL Group from meeting its compliance obligations and customers' banking needs, undermine customer trust and adversely affect the ANZBGL Group's Position. IT system disruption can be unpredictable and may originate from numerous sources, many of which are beyond the ANZBGL Group's direct control. Examples include operational failures or deficiencies by third-party providers, accidental technological failures, electrical or telecommunication outages, cyber incidents, and failures of computer servers, infrastructure or supporting services.

The ANZBGL Group faces a broad range of technology-related risks, including risks associated with IT asset lifecycle management, project delivery, technology resilience, technology security, third-party usage, data retention and restoration, business rules and automation and obsolescence or legacy

technology. Failure to adequately identify, assess or respond to these risks may result in unstable, insecure or unsupported systems, service disruptions, loss or corruption of data, negative impacts to customers, increased operating costs, non-compliance, financial loss, reputational damage, and other adverse consequences for the ANZBGL Group.

The external threat environment continues to evolve and may expose the ANZBGL Group to increasingly complex operational and technology-related events. Failure of critical systems, services or supporting infrastructure may have cascading impacts across the ANZBGL Group's operations and may adversely affect the ANZBGL Group's Position.

The ANZBGL Group continues to implement and integrate new technologies and capabilities, including cloud, data, AI and automation technologies, to support changing customer expectations and business requirements. These initiatives introduce additional risks associated with design, implementation, integration, change management, vendor performance and supply chain dependencies. Failure in any of these areas may result in project delays, cost overruns, operational disruption, unintended consequences, regulatory issues, or other adverse impacts on the ANZBGL Group's Position.

In addition, the ANZ Bank New Zealand Group relies on the ANZBGL Group to provide a number of IT systems. A failure of the ANZBGL Group's systems may affect the ANZ Bank New Zealand Group, which may in turn adversely affect the ANZ Bank New Zealand Group's Position.

This risk factor should be read alongside the risk factor "*Risks associated with information security, including cyber-attacks, may adversely affect the ANZBGL Group's Position*" as information security breaches and cyber-attacks could disrupt IT systems and critical business services.

***Data management risks may adversely affect the ANZBGL Group's Position***

Data management refers to the processes and practices used to manage operational, customer, employee and the ANZBGL Group's proprietary data throughout its lifecycle, including capture, use, maintenance, retention and disposal. It encompasses the development, execution and oversight of policies, standards and accountabilities with the objective of ensuring data is appropriately controlled, protected and used to support safe and effective decision-making.

Data management risk arises where data is not appropriately captured, governed, maintained, produced or used across end-to-end business processes, particularly during periods of change such as system implementation, process redesign or regulatory change, migration to cloud-based platforms, increased use of AI or increased reliance on third-party service providers. Poor data management may result in data that is inaccurate, incomplete, unavailable or not fit for purpose, unclear ownership and accountability for data, loss of integrity across the data lifecycle, insufficient clarity of data meaning, inadequate controls for critical data, or delays in detecting and responding to data issues, potentially undermining data quality, integrity, and compliance. If not effectively managed, data management risk can undermine effective risk management, compromise the accuracy and reliability of management and regulatory reporting, weaken operational resilience and lead to poor customer outcomes and decision-making.

Failure to appropriately manage data, records and information across their lifecycle, or to meet associated regulatory, legal and privacy obligations, may expose the ANZBGL Group to financial loss, regulatory action or reputational damage. This includes risks arising from the inappropriate collection, use, disclosure, retention or disposal of information. Effective management and protection of customer and organisational information is fundamental to maintaining trust and supporting the ANZBGL Group's operations and strategic objectives.

***Modelling risks may adversely affect the ANZBGL Group's Position***

The ANZBGL Group relies on a number of models for material business decision making including but not limited to lending decisions, calculating capital requirements, provision levels, customer compensation payments and stressing exposures. If the models prove to be inadequately designed, implemented, used or maintained or if they are based on incorrect assumptions or inputs, this may adversely impact the ANZBGL Group's Position.

## ADDITIONAL INFORMATION IN RELATION TO NZ SUBORDINATED NOTES

NZ Subordinated Notes issued under the Programme are subject to regulatory requirements relating to their redemption or amendments to their terms and are subordinate in right of payment to certain other obligations of ANZ Bank New Zealand.

**Redemption and amendment**

Redemption and amendment of the NZ Subordinated Notes are subject to certain conditions, including (in the case of redemption) the prior written approval of the RBNZ.

ANZ Bank New Zealand may not redeem any NZ Subordinated Note prior to its stated maturity date or purchase, or procure that any members of the ANZ Bank New Zealand Group purchase, any NZ Subordinated Notes without the prior written approval of the RBNZ. Investors in NZ Subordinated Notes should not expect that the RBNZ's approval will be given for any redemption or purchase of an NZ Subordinated Note. Additionally, ANZ Bank New Zealand will not be permitted to redeem any NZ Subordinated Note unless:

(i) either:

(a) the NZ Subordinated Notes are replaced concurrently or beforehand with paid-up Regulatory Capital of the same or better quality and contributing at least the same regulatory capital amount (for the purposes of the RBNZ's capital adequacy requirements applying to ANZ Bank New Zealand at the time of the redemption) and the terms and conditions of the replacement instrument are sustainable for the income capacity of the ANZ Bank New Zealand Group; or

(b) if ANZ Bank New Zealand does not intend to replace the NZ Subordinated Notes that are the subject of the redemption, ANZ Bank New Zealand has demonstrated to the RBNZ's satisfaction that, after the redemption, the ANZ Bank New Zealand Group's capital ratios would be sufficiently above their respective minimums and the prudential capital buffer ratio would be sufficiently above its buffer trigger ratio; and

(ii) ANZ Bank New Zealand has provided any information and supporting documentation required by the RBNZ's prudential regulatory requirements to the RBNZ.

ANZ Bank New Zealand must give the RBNZ at least five working days' prior notice of any modification, amendment or supplement in relation to an NZ Subordinated Note or any consent, waiver or other action that will have the effect of amending an NZ Subordinated Note. Such notification must be accompanied by, among other things, a signed opinion from ANZ Bank New Zealand's New Zealand legal counsel confirming that, once the modification, amendment, supplement, consent or waiver (as applicable) is in effect, the NZ Subordinated Notes will continue to qualify as Tier 2 Capital. ANZ Bank New Zealand would not be able to comply with the RBNZ notification requirement and, consequently, no modification, amendment, supplement, consent or waiver (as applicable) could be made or given if the effect of any such modification, amendment, supplement, consent or waiver (as applicable) would be that the NZ Subordinated Notes would no longer qualify as Tier 2 Capital.

In addition, any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments made pursuant to the Conditions will be subject to ANZ Bank New Zealand giving the RBNZ at least five working days' prior notice in each case. Such notification must be accompanied by, among other things, a signed opinion from ANZ Bank New Zealand's New Zealand legal counsel confirming that, once the Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments (as applicable) is in effect, the NZ Subordinated Notes will continue to qualify as Tier 2 Capital. ANZ Bank New Zealand would not be able to comply with the RBNZ notification requirement and, consequently, no Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments (as applicable) in respect of NZ Subordinated Notes could be applied, if any such Successor Rate, Alternative Rate, Adjustment Spread

or Benchmark Amendments (as applicable) would have the effect of increasing the Rate of Interest contrary to applicable prudential regulatory requirements.

**No set-off**

Neither ANZ Bank New Zealand nor an NZ Subordinated Noteholder has any contractual right to set-off any sum at any time due and payable to an NZ Subordinated Noteholder or ANZ Bank New Zealand (as applicable) under or in relation to the NZ Subordinated Notes against amounts owing by the NZ Subordinated Noteholder to ANZ Bank New Zealand or by ANZ Bank New Zealand to the NZ Subordinated Noteholder (as applicable).

**Status and subordination of NZ Subordinated Notes**

The NZ Subordinated Notes constitute direct, unsecured and subordinated obligations of ANZ Bank New Zealand ranking equally among themselves. In the event of the liquidation of ANZ Bank New Zealand and prior to the commencement of the liquidation of ANZ Bank New Zealand, the principal amount of, any interest on, and any other payments in respect of the NZ Subordinated Notes will rank behind all claims of Senior Creditors, *pari passu* with Equal Ranking Securities and ahead of Junior Ranking Securities.

"**Equal Ranking Securities**" means all securities, instruments and other obligations that qualify as Tier 2 Capital or which rank or are expressed to rank equally with such securities, instruments or other obligations in a liquidation of ANZ Bank New Zealand, present and future.

"**Junior Ranking Securities**" means:

(i) all fully paid securities and other instruments that qualify as Tier 1 Capital (including ordinary shares and perpetual preference shares), present and future; and

(ii) all other securities and other instruments which rank or are expressed to rank behind Equal Ranking Securities, present and future.

"**Senior Creditors**" means a creditor (including a depositor) of ANZ Bank New Zealand to whom ANZ Bank New Zealand is indebted in respect of deposits and other liabilities, securities, instruments and other obligations of ANZ Bank New Zealand other than Equal Ranking Securities or Junior Ranking Securities, present and future.

Prior to the stated maturity of the NZ Subordinated Notes or the liquidation of ANZ Bank New Zealand, the obligation of ANZ Bank New Zealand to make payments (including of any principal and interest) on the NZ Subordinated Notes will be conditional on ANZ Bank New Zealand being Solvent (as defined in Condition 4(o) (*Definitions*)) at the time of, and immediately after, such payment by ANZ Bank New Zealand. Any such failure to pay will not be considered an event of default for the purposes of the NZ Subordinated Notes.

For further information, see "*Risks related to NZ Subordinated Notes issued under the Programme*".

**ANZ Bank New Zealand Ranking Table (Notes)**

If ANZ Bank New Zealand becomes insolvent and is unable to pay its debts, a liquidator would be expected to make distributions to its creditors in accordance with a statutory order of priority. A simplified diagram illustrating the expected ranking of the Notes issued by ANZ Bank New Zealand compared to other creditors of ANZ Bank New Zealand is set out below:

| | | Type of obligation | Examples of obligations/securities |
|---|---|---|---|
| **Higher ranking/ earlier priority/ first to be repaid** | | Secured debt and liabilities preferred by law | Senior ranking secured obligations (such as collateralised liabilities to central banks and clearing houses).<br><br>Other liabilities preferred by law in a liquidation of ANZ Bank New Zealand, including employee entitlements and certain taxes. |

References herein to the "Final Terms" are to the Final Terms (or the relevant provisions thereof) endorsed on this Note.

Words and expressions defined in the Agency Agreement or used in the Final Terms shall have the same

meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Final Terms, the Final Terms will prevail.

## 1. Form, Denomination and Title

The Notes are issued in (i) bearer form ("**Bearer Notes**") or (ii) registered form ("**Registered Notes**"), in each case in the Specified Currency and in the denomination specified in the applicable Final Terms (the "**Specified Denomination**"). All Registered Notes shall have the same Specified Denomination.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Inverse Floating Rate Note, a Range Accrual Note, an Instalment Note, or a combination of any of the foregoing or may be an NZ Subordinated Note or any other relevant type of Note (as permitted by these Conditions), depending upon the Interest Basis or Redemption/Payment Basis or, in the case of an NZ Subordinated Note, depending on whether "NZ Subordinated Notes" is specified as applicable in the Final Terms. Notes issued as NZ Subordinated Notes must not be Zero Coupon Notes, Inverse Floating Rate Notes, Range Accrual Notes, Instalment Notes, CMS Rate Notes or any combination of any of the foregoing.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

Registered Notes are represented by registered certificates ("**Certificates**") and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall, subject to mandatory rules of law, pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the "**Register**"). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Certificate, Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, "**Noteholder**" means the bearer of any Bearer Note and the Coupons, Talons and Receipts relating to it or the person in whose name a Registered Note is registered, and "**NZ Subordinated Noteholder**" means the Noteholder of an NZ Subordinated Note and the Receipts relating to it or, where the NZ Subordinated Note is a Registered Note, the person in whose name it is registered and "**holder**" (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon, the person in whose name a Registered Note is registered.

## 2. Exchange and Transfers of Notes

### (a) *Exchange of Notes*

Registered Notes may not be exchanged for Bearer Notes and vice versa. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination.

### (b) *Transfer of Registered Notes*

Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate duly completed and executed and such other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

### (c) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer's or Noteholder's option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Condition 2(b) or (c) shall be available for delivery five business days after receipt of the request for exchange, form of transfer or Exercise Notice or surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent (as defined in the Agency Agreement) the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the location of the specified office of the Registrar or the relevant Transfer Agent (as the case may be).

(e) *Exchange Free of Charge*

Exchange and transfer of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax, duty or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Issuer, the Registrar or the relevant Transfer Agent may require).

(f) *Closed Period*

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, (ii) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 5(f), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3. **Status and Guarantee**

None of the Notes are deposit liabilities or protected accounts of ANZBGL for the purposes of the Banking Act 1959 of Australia (the "**Banking Act**").

(a) *Status of the Notes (other than NZ Subordinated Notes)*

The Notes (other than NZ Subordinated Notes) and the Receipts and Coupons relating to them constitute direct, unconditional and unsecured obligations of the Issuer and (save for certain debts of the Issuer required to be preferred by law, including but not limited to, where the Issuer is ANZBGL, those referred to in Divisions 2 and 2AA of Part II of the Banking Act and section 86 of the Reserve Bank Act 1959 of Australia) rank *pari passu* among themselves and equally with all other unsubordinated, unsecured obligations of the Issuer.

*The debts which are preferred by law to the claim of a Noteholder in respect of a Note, including by virtue of the provisions referred to in the above paragraph of Condition 3(a), will be substantial and are not limited by the Conditions of the Notes. Without limitation to other applicable laws, in the case of Notes issued by ANZBGL, section 13A(3) of the Banking Act provides that, in the event ANZBGL becomes*

*unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet ANZBGL's liabilities in the following order: (i) liabilities to the Australian Prudential Regulation Authority ("**APRA**") in respect of any payments that APRA makes or is liable to make to (A) holders of protected accounts under the Banking Act or (B) a body corporate pursuant to a determination made by APRA in connection with a transfer of the ADI's business to that body corporate (where that transfer includes liabilities of the ADI in respect of protected accounts) under the Financial Sector (Transfer and Restructure) Act 1999 of Australia, (ii) debts in respect of costs of APRA in certain circumstances, (iii) ANZBGL's liabilities in Australia in relation to protected accounts (as defined in the Banking Act) kept with ANZBGL, (iv) debts due to the Reserve Bank of Australia ("**RBA**")), (v) liabilities under certain certified industry support contracts; and (vi) all other liabilities of ANZBGL in their order of priority apart from section 13A(3). Changes to applicable law may extend the debts required to be preferred by law.*

*Notes which are not subordinated will rank senior to the Issuer's subordinated obligations, including, where the Issuer is ANZ Bank New Zealand, the NZ Subordinated Notes.*

(b) *NZ Subordinated Notes – ANZ Bank New Zealand*

The NZ Subordinated Notes and the Receipts and Coupons relating to them may only be issued by ANZ Bank New Zealand, and will constitute direct, unsecured and subordinated obligations of ANZ Bank New Zealand. In the event of the liquidation of ANZ Bank New Zealand (see Condition 10) and prior to the commencement of the liquidation of ANZ Bank New Zealand (see Condition 4(t)) the Principal Amount of, any interest on, and any other payments in respect of the NZ Subordinated Notes will rank behind all claims of Senior Creditors, *pari passu* with Equal Ranking Securities and ahead of Junior Ranking Securities.

"**Equal Ranking Securities**" means all securities, instruments and other obligations that qualify as Tier 2 Capital or which rank or are expressed to rank equally with such securities, instruments or other obligations in a liquidation of ANZ Bank New Zealand, present and future.

"**Junior Ranking Securities**" means:

(i) all fully paid securities and other instruments that qualify as Tier 1 Capital (including ordinary shares and perpetual preference shares), present and future; and

(ii) all other securities and other instruments which rank or are expressed to rank behind Equal Ranking Securities, present and future.

"**Senior Creditors**" means a creditor (including a depositor) of ANZ Bank New Zealand to whom ANZ Bank New Zealand is indebted in respect of deposits and other liabilities, securities, instruments and other obligations of ANZ Bank New Zealand other than Equal Ranking Securities or Junior Ranking Securities, present and future.

In a liquidation of ANZ Bank New Zealand an NZ Subordinated Noteholder's claim for an amount owing by ANZ Bank New Zealand in connection with an NZ Subordinated Note is subordinated to the claims of Senior Creditors of ANZ Bank New Zealand, in that:

(i) all claims of Senior Creditors must be paid in full before the NZ Subordinated Noteholder's claim is paid; and

(ii) until the Senior Creditors have been paid in full, the NZ Subordinated Noteholder must not claim in the liquidation of ANZ Bank New Zealand in competition with the Senior Creditors so as to diminish any distribution, dividend or payment which, but for that claim, the Senior Creditors would have been entitled to receive.

By its purchase of an NZ Subordinated Note, each NZ Subordinated Noteholder irrevocably acknowledges and agrees:

(i) that ANZ Bank New Zealand's obligations in respect of the NZ Subordinated Note are subordinated to the payment of Senior Creditors, in the manner provided above;

(ii) that, in accordance with section 313(3) of the Companies Act 1993 (New Zealand) (the "**Companies Act**"), it is accepting a lower priority in respect of the debt represented by the NZ Subordinated Note than that which it would otherwise have under section 313 of the Companies Act;

(iii) that nothing in sections 310 or 313 of the Companies Act will prevent these Conditions from having effect in accordance with their terms;

(iv) not to exercise its voting rights as an unsecured creditor in the liquidation of ANZ Bank New Zealand to defeat the subordination in this Condition 3(b);

(v) that it must pay or deliver to the liquidator any amount or asset received on account of its claim in the liquidation of ANZ Bank New Zealand in respect of the NZ Subordinated Note in excess of its entitlement under this Condition 3(b);

(vi) that the subordination effected by this Condition 3(b) is not affected by any act or omission of ANZ Bank New Zealand or a Senior Creditor which might otherwise affect it at law or in equity; and

(vii) neither ANZ Bank New Zealand nor an NZ Subordinated Noteholder has any contractual right to set-off any sum at any time due and payable to an NZ Subordinated Noteholder or ANZ Bank New Zealand (as applicable) under or in relation to the NZ Subordinated Notes against amounts owing by the NZ Subordinated Noteholder to ANZ Bank New Zealand or by ANZ Bank New Zealand to the NZ Subordinated Noteholder (as applicable).

The NZ Subordinated Notes do not limit the amount of liabilities ranking senior to the NZ Subordinated Notes which may be hereafter incurred or assumed by ANZ Bank New Zealand.

Claims of NZ Subordinated Noteholders are also subject to the priority of certain debts preferred by law.

Nothing in this Condition 3(b) shall be taken to require the consent of any Senior Creditor to any amendment of this Condition 3(b).

(c) *Guarantee — by ANZ Bank New Zealand (in respect of Notes issued by ANZNIL)*

Where the relevant Issuer is ANZNIL, the Guarantor has in the Deed of Guarantee unconditionally and irrevocably guaranteed the due and punctual payment of all amounts due by ANZNIL under or in respect of the Notes as and when the same shall become due and payable. This Guarantee of the Notes constitutes direct, unconditional and unsecured obligations of the Guarantor which (save for certain debts of the Guarantor required to be preferred by law) will at all times rank *pari passu* among themselves and equally with all other unsubordinated, unsecured obligations of the Guarantor. The Notes issued by ANZ Bank New Zealand and ANZNIL are not guaranteed by ANZBGL.

4. **Interest and other Calculations**

(a) *Interest on Fixed Rate Notes*

(i) Each Fixed Rate Note bears interest on its outstanding Principal Amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the Final Terms as specified Interest Payment Dates or, if no Interest Payment Date(s) is/are specified in the Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the Final Terms as the specified Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) If a Fixed Coupon Amount or a Broken Amount is specified in the Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the Final Terms.

(iii) *Calculation of Interest Amount*: The Interest Amount payable in respect of each Note for any period for which a Fixed Coupon Amount or Broken Amount is not specified in the Final Terms shall be calculated by applying the Rate of Interest to the Calculation Amount for such Note, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest unit of the Specified Currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen, and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose, a "**unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means 0.01 euro, as the case may be.

(iv) *Business Day Convention*: If "Business Day Convention – Adjusted" is specified to be applicable in the relevant Final Terms, (a) any Interest Payment Date otherwise falling on a day which is not a Business Day (as defined in Condition 4(o) below) will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the relevant Final Terms (as described below) and (b) the amount of interest payable on such Interest Payment Date will be adjusted accordingly and the provisions of Conditions 4(j) and 4(k) (excluding the determination and notification of the Rate of Interest) below shall apply, *mutatis mutandis*, as though references to "Floating Rate Notes" were to "Fixed Rate Notes" and references to "Interest Amounts" were to amounts of interest payable in respect of Fixed Rate Notes. If "Business Day Convention – No Adjustment" is specified to be applicable in the relevant Final Terms, any Interest Payment Date otherwise falling on a day which is not a Business Day will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the relevant Final Terms (as described below) and there will be no corresponding adjustment of the amount of interest payable on such Interest Payment Date.

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*: Each Floating Rate Note bears interest on its outstanding Principal Amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the Final Terms as specified Interest Payment Dates or, if no Interest Payment Date(s) is/are specified in the Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the Final Terms as the specified Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day (as defined in Condition 4(o) below), then that date will be adjusted in accordance with the Business Day Convention specified in the relevant Final Terms. If "No Adjustment of Interest Amounts" is specified to be applicable in the relevant Final Terms then notwithstanding the bringing forward or postponement (as applicable) of an Interest Payment Date as a result of the application of the Business Day Convention set out in the relevant Final Terms, the Interest Amount in respect of the relevant Interest Period and each subsequent Interest Period shall be calculated as aforesaid on the basis of the original Interest Payment Dates without adjustment in accordance with the applicable Business Day Convention.

(iii) *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes, other than in the case of (x) BKBM Notes, provisions in respect of which are set out in Condition 4(c) below, (y) CMS Rate Notes, provisions in respect of which are set out in Condition 4(d) below and (z) Inverse Floating Rate Notes, provisions in respect of which are set out in Condition 4(e) below, for each Interest Accrual Period shall be determined in the manner specified in the Final Terms and the provisions below relating to ISDA Determination, Screen Rate Determination, BBSW Rate Determination or AONIA Rate Determination shall apply depending upon which is specified in the Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

If ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(i) if the Final Terms specify either "2006 ISDA Definitions" or "2021 ISDA Definitions" as the applicable ISDA Definitions:

(A) the Floating Rate Option is as specified in the relevant Final Terms;

(B) the Designated Maturity, if applicable, is a period specified in the relevant Final Terms;

(C) the relevant Reset Date, unless otherwise specified in the relevant Final Terms, has the meaning given to it in the ISDA Definitions;

(D) the definition of 'Fallback Observation Day' in the ISDA Definitions shall be deemed deleted in its entirety and replaced with the following: 'Fallback Observation Day' means, in respect of a Reset Date and the Calculation Period (or any Compounding Period included in that Calculation Period) to which that Reset Date relates, unless otherwise agreed, the day that is five Business Days preceding the related Payment Date;

(E) if the specified Floating Rate Option is an Overnight Floating Rate Option, Compounding is specified to be applicable in the relevant Final Terms and:

(1) if Compounding with Lookback is specified as the Compounding Method in the relevant Final Terms then (a) Compounding with Lookback is the Overnight Rate Compounding Method and (b) Lookback is the number of Applicable Business Days specified in the relevant Final Terms;

(2) if Compounding with Observation Period Shift is specified as the Compounding Method in the relevant Final Terms then (a) Compounding with Observation Period Shift is the Overnight Rate Compounding Method, (b) Observation Period Shift is the number of Observation Period Shift Business Days specified in the relevant Final Terms and (c) Observation Period Shift Additional Business Days, if applicable, are the days specified in the relevant Final Terms; or

(3) if Compounding with Lockout is specified as the Compounding Method in the relevant Final Terms then (a) Compounding with Lockout is the Overnight Rate Compounding Method, (b) Lockout is the number of Lockout Period Business Days specified in the relevant Final Terms and (c) Lockout Period Business Days, if applicable, are the days specified in the relevant Final Terms;

(F) if the specified Floating Rate Option is an Overnight Floating Rate Option, Averaging is specified to be applicable in the relevant Final Terms and:

(1) if Averaging with Lookback is specified as the Averaging Method in the relevant Final Terms then (a) Averaging with Lookback is the Overnight Rate Averaging Method and (b) Lookback is the number of Applicable Business Days specified in the relevant Final Terms;

(2) if Averaging with Observation Period Shift is specified as the Averaging Method in the relevant Final Terms then (a) Averaging with Observation Period Shift is the Overnight Rate Averaging Method, (b) Observation Period Shift is the number of Observation Period Shift Business Days specified in the relevant Final Terms and (c) Observation Period Shift Additional Business Days, if applicable, are the days specified in the relevant Final Terms; or

(3) if Averaging with Lockout is specified as the Averaging Method in the relevant Final Terms then (a) Averaging with Lockout is the Overnight Rate Averaging Method, (b) Lockout is the number of Lockout Period Business Days specified in the relevant Final Terms and (c) Lockout Period Business Days, if applicable, are the days specified in the relevant Final Terms; and

(G) if the specified Floating Rate Option is an Index Floating Rate Option and Index Provisions are specified to be applicable in the relevant Final Terms, the Compounded Index Method with Observation Period Shift shall be applicable and, (a) Observation Period Shift is the number of Observation Period Shift Business Days specified in the relevant Final Terms and (b) Observation Period Shift Additional Business Days, if applicable, are the days specified in the relevant Final Terms;

(ii) references in the ISDA Definitions to:

(A) "Confirmation" shall be references to the relevant Final Terms;

(B) "Calculation Period" shall be references to the relevant Interest Accrual Period;

(C) "Termination Date" shall be references to the Maturity Date;

(D) "Effective Date" shall be references to the Interest Commencement Date; and

(iii) if the Final Terms specify "2021 ISDA Definitions" as being applicable:

(A) "Administrator/Benchmark Event" shall be disapplied; and

(B) if the Temporary Non-Publication Fallback in respect of any specified Floating Rate Option is specified to be "Temporary Non-Publication Fallback – Alternative Rate" in the Floating Rate Matrix of the 2021 ISDA Definitions the reference to "Calculation Agent Alternative Rate Determination" in the definition of "Temporary Non-Publication Fallback – Alternative Rate" shall be replaced by "Temporary Non-Publication Fallback – Previous Day's Rate".

(iv) Unless otherwise defined in these Conditions, capitalised terms used in this Condition 4(b)(iii)(A) shall have the meaning ascribed to them in the ISDA Definitions.

(B) *Screen Rate/Reference Bank Determination for Floating Rate Notes other than Floating Rate Notes referencing SONIA (Non-Index Determination), SONIA (Index Determination), SOFR (Non-Index Determination), SOFR (Index Determination), €STR (Non-Index Determination), €STR (Index Determination), CORRA or TONA*

In respect of Floating Rate Notes other than Floating Rate Notes where the Reference Rate specified in the applicable Final Terms is SONIA (Non-Index Determination), SONIA (Index Determination), SOFR (Non-Index Determination), SOFR (Index

Determination), €STR (Non-Index Determination), €STR (Index Determination), CORRA or TONA:

(x) if Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be (subject to Condition 4(l) (*Benchmark Replacement*) and Condition 4(m) (*Effect of Benchmark Transition Event)*) (as determined by the Calculation Agent) on the following basis:

(I) if the Reference Rate is a composite quotation or a quotation customarily supplied by one entity, the Calculation Agent will determine the Reference Rate for the Specified Maturity and the Specified Currency which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date; or

(II) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates for the Specified Maturity and the Specified Currency which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(y) if sub-paragraph (x)(I) applies and no Reference Rate for the Specified Maturity and the Specified Currency appears on the Relevant Screen Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (x)(II) applies and fewer than two Reference Rates appear on the Relevant Screen Page at the Relevant Time on the Interest Determination Date or if, in either case, the Relevant Screen Page is unavailable, subject as provided below:

(A) the Issuer will appoint a Reference Banks Agent and the Reference Banks Agent will, at the request of the Issuer, request the principal Relevant Financial Centre office of each of the Reference Banks (or such of them, being at least two, as are so quoting) to provide a quotation of the Reference Rate for the Specified Maturity and the Specified Currency at approximately the Relevant Time on the Interest Determination Date to leading banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time and will provide such responses to the Calculation Agent; and

(B) the Calculation Agent will determine the arithmetic mean of such quotations.

(z) if paragraph (y) above applies and the Reference Banks Agent advises the Calculation Agent that fewer than two Reference Banks are so quoting the Reference Rate for the Specified Maturity and the Specified Currency, subject as provided below, the Calculation Agent shall determine the arithmetic mean of the rates per annum (expressed as a percentage) quoted by at least two out of five leading banks selected by the Reference Banks Agent (after consultation with the Issuer) in the Principal Financial Centre of the country of the Specified Currency and in an amount that is representative for a single transaction in that market at that time, in each case as selected by the Reference Banks Agent (after consultation with the Issuer), at or about the Relevant Time for a period commencing on the Effective Date equivalent to the relevant Interest Accrual Period, for loans in the Specified Currency to leading banks carrying on business in (I) Europe, or (II) (if the Reference Banks Agent advises the Calculation Agent that fewer than two of such banks are so quoting to such leading banks in Europe), the Principal Financial Centre, in either case, as provided by the Reference Banks Agent to the Calculation Agent; provided, however, that if fewer than two of such banks are so quoting to such leading banks or the Reference Banks Agent or the Calculation Agent (as the case may be) is unable to determine a rate or (as the case may be) the Calculation Agent is unable to determine an arithmetic mean in

accordance with the above provisions on any Interest Determination Date, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum Rate of Interest or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(C) *Screen Rate Determination for Floating Rate Notes where the Reference Rate specified in the applicable Final Terms is SONIA (Non-Index Determination):*

Where the Reference Rate is specified in the applicable Final Terms as being "SONIA (Non-Index Determination)", the Rate of Interest for each Interest Period will, as provided below, be Compounded Daily SONIA as calculated by the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest).

"**Compounded Daily SONIA**" means, in relation to any Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average (SONIA) as the reference rate for the calculation of interest) and will be calculated by the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o}\left(1+\frac{SONIA_{i-pLBD}\times n_i}{365}\right)-1\right]\times\frac{365}{d}$$

where:

"**d**" is the number of calendar days in the relevant Interest Period;

"**$d_o$**" is the number of London Banking Days in the relevant Interest Period;

"**i**" for any Interest Period is a series of whole numbers from 1 to $d_o$, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in such Interest Period;

"**London Banking Day**" or "**LBD**" means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"**$n_i$**", for any day "**i**", means the number of calendar days from and including such day "i" up to but excluding the following London Banking Day;

"**Observation Look-Back Period**" is as specified in the applicable Final Terms which shall, unless otherwise agreed with the Calculation Agent (or such other person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest), be no less than five London Banking Days;

"**p**", for any Interest Period, the number of London Banking Days included in the Observation Look-Back Period, as specified in the applicable Final Terms, which shall, unless otherwise agreed with the Calculation Agent (or such other person specified in the applicable Final Terms as the Party responsible for calculating the Rate of Interest), be no less than five London Banking Days;

the "**SONIA reference rate**", in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average ("**SONIA**") rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is

unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day); and

"**SONIA$_{i-pLBD}$**" means, in respect of any London Banking Day falling in the relevant Interest Period, the SONIA reference rate for the London Banking Day falling "p" London Banking Days prior to the relevant London Banking Day "i".

If, in respect of any relevant London Banking Day, the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest) determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then (unless the Calculation Agent or such other person specified in the applicable Final Terms as the party responsible for determining the Rate of Interest) has been notified of any successor or alternative rate (together with any relevant methodology or adjustment factor) pursuant to Condition 4(l) (*Benchmark Replacement*), such SONIA reference rate shall be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Series of Notes become due and payable in accordance with Condition 9, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.

(D) *Screen Rate Determination for Floating Rate Notes where the Reference Rate specified in the applicable Final Terms is SONIA (Index Determination):*

Where the Reference Rate is specified in the applicable Final Terms as being "SONIA (Index Determination)", the Rate of Interest for each Interest Period will, subject as provided below, be the Compounded Daily SONIA, as determined by the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest) on the Interest Determination Date.

For the purposes of this Condition:

"**Compounded Daily SONIA**" means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average (SONIA) as the reference rate for the calculation of interest) by reference to the SONIA Compounded Index, which will be calculated by the Calculation Agent, as at the relevant Interest Determination Date as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left(\frac{SONIA\ Compounded\ Index_{End}}{SONIA\ Compounded\ Index_{Start}} - 1\right) x \frac{365}{d}$$

where:

"**Business Day**" or "**BD**" means a London Banking Day;

"**d**" means the number of calendar days from (and including) the day in relation to which SONIA Compounded $Index_{Start}$ is determined to (but excluding) the day in relation to which SONIA Compounded $Index_{End}$ is determined;

"**London Banking Day**" means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"**Relevant Number**" means the number specified as such in the applicable Final Terms, which, unless otherwise agreed with the Calculation Agent or such other party specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest and Interest Amount, shall not be less than five (or, if no such number is specified, five);

"**SONIA Compounded Index**" means the screen rate or index for compounded daily SONIA rates administered by the administrator of the SONIA reference rate that is published or displayed by such administrator or other information service from time to time on the relevant Interest Determination Date, as further specified in the applicable Final Terms;

"**SONIA Compounded Index$_{Start}$**" means, with respect to an Interest Period, the SONIA Compounded Index determined in relation to the day falling the Relevant Number of Business Days prior to the first day of such Interest Period; and

"**SONIA Compounded Index$_{End}$**" means, with respect to an Interest Period, the SONIA Compounded Index determined in relation to the day falling the Relevant Number of Business Days prior to (A) the Interest Payment Date for such Interest Period, or (B) such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period).

If the relevant SONIA Compounded Index is not published or displayed by the administrator of the SONIA reference rate or other information service by 5.00 p.m. (London time) (or, if later, by the time falling one hour after the customary or scheduled time for publication thereof in accordance with the then-prevailing operational procedures of the administrator of the Reference Rate or of such other information service, as the case may be) on the relevant Interest Determination Date, the Rate of Interest shall be calculated for the Interest Period for which the SONIA Compounded Index is not available as if "SONIA (Non-Index Determination)" were specified as applicable in the Final Terms and for these purposes the "Observation Look-Back Period" shall be deemed to be equal to the Relevant Number of Business Days, as if that alternative election had been made in the applicable Final Terms. For the avoidance of doubt, if a Benchmark Disruption Event has occurred in respect of the relevant SONIA Compounded Index, the provisions of Condition 4(l) (*Benchmark Replacement*) shall apply.

(E) *Screen Rate Determination for Floating Rate Notes where the Reference Rate specified in the applicable Final Terms is SOFR (Non-Index Determination):*

Where the Reference Rate is specified in the applicable Final Terms as being "SOFR (Non-Index Determination)", the Rate of Interest for each Interest Period will, except as provided below, be the Compounded Daily SOFR (expressed as a percentage rate per annum), as determined by the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest) on the Interest Determination Date.

For the purposes of this Condition:

"**Compounded Daily SOFR**" means, in relation to any Interest Period, the rate of return of a daily compound interest investment (with the Secured Overnight Financing Rate (**SOFR**) as the reference rate for the calculation of interest) as calculated by the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest) on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_o}\left(1+\frac{SOFR_i \times n_i}{360}\right)-1\right]\times\frac{360}{d}$$

where:

"**d**" is the number of calendar days in:

(i) where "Lookback" or "Suspension Period" is specified as the Observation Method in the applicable Final Terms, the relevant Interest Period; or

(ii) where "Observation Shift" is specified as the Observation Method in the applicable Final Terms, the relevant Observation Period;

"$\mathbf{d_o}$" is the number of U.S. Government Securities Business Days in:

(i) where "Lookback" or "Suspension Period" is specified as the Observation Method in the applicable Final Terms, the relevant Interest Period; or

(K) *BBSW Rate Determination and AONIA Rate Determination*

(x) *General*

(i) Where BBSW Rate Determination or AONIA Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined for each Interest Period, the Rate of Interest applicable to the Floating Rate Notes for each such Interest Period is the sum of the Margin and either (a) the BBSW Rate or (b) the AONIA Rate as specified in the relevant Final Terms.

(ii) Each Noteholder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, the determination of, substitution for and any adjustments made to the BBSW Rate or the AONIA Rate, as applicable, in each case as described in this Condition 4(b)(iii)(K)(x) and Condition 4(b)(iii)(K)(y) (in all cases without the need for any Noteholder consent). Any determination, decision or election (including a decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to, the BBSW Rate or the AONIA Rate, as applicable, and in each case made in accordance with this Condition 4(b)(iii)(K)(x) and Condition 4(b)(iii)(K)(y), will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the holder of the relevant Notes and each Calculation Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Notes, shall become effective without the consent of any person.

(iii) If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Rate of Interest, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.

(iv) All rates determined pursuant to this Condition 4(b)(iii)(K) shall be expressed as a percentage rate per annum and the resulting percentage will be rounded if necessary to the fourth decimal place (i.e., to the nearest one ten-thousandth of a percentage point) with 0.00005 being rounded upwards.

(iii) where BBSW Rate is the Applicable Benchmark Rate, if a Temporary Disruption Trigger has occurred with respect to the BBSW Rate, in the following order of precedence:

(A) first, the Administrator Recommended Rate;

(B) then the Supervisor Recommended Rate; and

(C) lastly, the Final Fallback Rate;

(iv) where the AONIA Rate is the Applicable Benchmark Rate or a determination of the AONIA Rate is required for the purposes of paragraph (iii) above, if a Temporary Disruption Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required will be the last provided or published level of AONIA;

(v) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (iii) or (iv) above, if a Temporary Disruption Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required will be the last rate provided or published by the Administrator of the RBA Recommended Rate (or if no such rate has been so provided or published, the last provided or published level of AONIA);

(vi) where BBSW Rate is the Applicable Benchmark Rate, if a Permanent Discontinuation Trigger has occurred with respect to the BBSW Rate, the rate for any day for which the BBSW Rate is required on or after the Permanent Fallback Effective Date will be the first rate available in the following order of precedence:

(A) first, if at the time of the BBSW Rate Permanent Fallback Effective Date, no AONIA Permanent Fallback Effective Date has occurred, the AONIA Rate;

(B) then, if at the time of the BBSW Rate Permanent Fallback Effective Date, an AONIA Permanent Fallback Effective Date has occurred, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Fallback Rate; and

(C) lastly, if neither paragraph (A) nor paragraph (B) above apply, the Final Fallback Rate;

(vii) where the AONIA Rate is the Applicable Benchmark Rate or a determination of the AONIA Rate is required for the purposes of paragraph (vi)(A) above, if a Permanent Discontinuation Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required on or after the AONIA Permanent Fallback Effective Date will be the first rate available in the following order of precedence:

(A) first, if at the time of the AONIA Permanent Fallback Effective Date, an RBA Recommended Rate has been created but no RBA Recommended

Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Rate; and

(B) lastly, if paragraph (A) above does not apply, the Final Fallback Rate; and

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

If four Mid-Market Quotations are provided, the Reference Banks Agent shall provide these to the Calculation Agent who will determine the arithmetic mean of such Mid-Market Quotations provided. All calculations of the arithmetic mean of the relevant number of Mid-Market Quotations provided pursuant to this paragraph will be rounded to the nearest one thousandth of a percentage point, with 0.0005 being rounded upwards; and

As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield.

(h) *Accrual of Interest*

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (after, as well as before, judgment) at the Rate of Interest in the manner provided in this Condition 4 to the Relevant Date.

(i) *Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding*

(i) If any Margin or Rate Multiplier is specified in the Final Terms (either (A) generally, or (B) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (A), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (B), calculated in accordance with Condition 4(b), Condition 4(c) or Condition 4(d) above, by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying such Rate Multiplier, subject always to the next paragraph;

(ii) If any Maximum Rate of Interest or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the Final Terms, then any Rate of Interest, Instalment Amount or Final Redemption Amount shall be subject to such maximum or minimum, as the case may be; and

(iii) Subject to the requirements of applicable law, for the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (A) all percentages resulting from such

Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(k) *Determination and Publication of Rate of Interest, Interest Amounts, Final Redemption Amounts and Instalment Amounts*

As soon as practicable after the Relevant Time on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to calculate any rate or amount or Instalment Amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, the Guarantor (if applicable), each of the Paying Agents, the Noteholders, the Registrar, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange (and/or admitted to listing, trading and/or quotation on any other listing venue, stock exchange and/or quotation system) and the rules of such listing venue, stock exchange and/or quotation system so require, such listing venue, stock exchange and/or quotation system as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Accrual Period, if determined prior to such time in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Accrual Period is subject to adjustment pursuant to Condition 4(a)(iv) or Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Accrual Period. If the Calculation Amount is less than the minimum Specified Denomination, the Calculation Agent shall not be obligated to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination. If the Notes become due and payable under Condition 9 (*Events of Default*), the accrued interest and the Rate of Interest payable in respect of the Notes shall, subject, in the case of €STR (Non-Index Determination), to Condition 4(b)(iii)(H)(y), in the case of CORRA, to Condition 4(b)(iii)(I)(y), in the case of TONA, to Condition 4(b)(iii)(J)(y), and in the BBSW Rate Determination or AONIA Rate Determination, to Condition 4(b)(iii)(K)(y), nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) or such other person specified in the applicable Final Terms as the party responsible for making any such calculation or determination shall (in the absence of manifest error) be final and binding upon all parties.

(l) *Benchmark Replacement*

This Condition 4(l) (*Benchmark Replacement*) applies where the relevant Reference Rate specified in the applicable Final Terms is a rate other than SOFR (Non-Index Determination), SOFR (Index Determination), BBSW Rate Determination or AONIA Rate Determination. Notwithstanding the provisions above in Conditions 4(b), (c), (d) and (e), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Final Terms as the party responsible for calculating the Rate of Interest)) determines that a Benchmark Disruption Event has occurred when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to such Reference Rate affected by the Benchmark Disruption Event, then the following provisions shall apply:

(i) **Independent Adviser**

The Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Independent Adviser determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 4(l)(ii)) and, in either case, an Adjustment Spread if any (in accordance with Condition 4(l)(iv)) and any Benchmark Amendments (in accordance with Condition 4(l)(v)).

(ii) **Successor Rate or Alternative Rate**

If the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines, no later than the IA Determination Cut-off Date that: (A) there is a Successor Rate, then it shall notify the Calculation Agent and the Calculation Agent shall use such Successor Rate (subject to adjustment as provided in Condition 4(l)(iv)) in place of the Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 4(l)); or (B) there is no Successor Rate but that there is an Alternative Rate, then it shall notify the Calculation Agent and the Calculation Agent shall use such Alternative Rate (subject to adjustment as provided in Condition 4(l)(iv)) in place of the Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 4(l)).

(iii) **Issuer Determination**

If the Issuer is unable to appoint an Independent Adviser, or if the Independent Adviser appointed by it fails to determine a Successor Rate or Alternative Rate prior to the IA Determination Cut-off Date, then, if it elects to do so, the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or Alternative Rate for the purposes of Condition 4(l)(ii);

(iv) **Adjustment Spread**

If the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Independent Adviser (or the Issuer as the case may be) shall notify the Calculation Agent of such Adjustment Spread and the Calculation Agent shall apply it to the Successor Rate or the Alternative Rate (as the case may be).

(v) **Benchmark Amendments**

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(l) and the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner, determines (i) that amendments to these Conditions and/or the Agency Agreement and/or any other agreement or document relating to the Notes are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 4(l)(vi), without any requirement for the consent or approval of Noteholders, at the Issuer's expense, vary these

Conditions and/or the Agency Agreement and/or any other agreement or document relating to the Notes as is necessary to give effect to such Benchmark Amendments with effect from the date specified in such notice. The Fiscal Agent and/or each other party to an applicable agreement shall not be obliged to concur if in their opinion doing so would impose more onerous obligations on them or expose them to any additional duties, responsibilities or liabilities or reduce or amend their rights and/or the protective provisions afforded to them in these Conditions or in any other document to which they are a party in any way. For the avoidance of doubt, no consent of the Noteholders of the relevant Series shall be required in connection with effecting the Benchmark Amendments or such other changes, including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required). In connection with any such variation in accordance with this Condition 4(l)(v), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(vi) **Notices, etc.**

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 4(l) will be notified promptly, and in any event not later than the fifth Business Day prior to the Interest Determination Date by the Issuer to the Fiscal Agent, the Calculation Agent, and each other party to the Agency Agreement and the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any, and will be binding on the Issuer, the Fiscal Agent, the Calculation Agent and each other party to the Agency Agreement and the Noteholders.

Notwithstanding any other provision of this Condition 4(l), if in the Calculation Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 4(l), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable (other than due to its own gross negligence, wilful default or fraud) to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and (in the absence of such gross negligence, wilful default or fraud) shall not incur any liability to any person for not doing so.

(vii) **Survival of Reference Rate**

Without prejudice to the provisions of this Condition 4(l), the Reference Rate and the fallback provisions provided for in Condition 4(b)(iii)(B) will continue to apply unless and until the Calculation Agent has been notified of the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with Condition 4(l)(v).

For the avoidance of doubt and notwithstanding any other provision of this Condition 4(l), in determining any Adjustment Spread or other relevant methodology for the purposes of Condition 4(l)(iii), the Issuer shall not and shall not be obliged to apply and may discount any Adjustment Spread or methodology the application of which may constitute it an administrator for the purposes of Regulation (EU) 2016/1011 or Regulation (EU) 2016/1011 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended.

In the case of NZ Subordinated Notes only, any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments determined in accordance with Condition 4(l)(ii), (iii), (iv) or (v) (*Benchmark Replacement*), will be subject to ANZ Bank New Zealand giving the RBNZ at least five working days' prior notice of any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments determined in accordance with Condition 4(l)(ii), (iii), (iv) or (v) (*Benchmark Replacement*) in each case, such notice to be accompanied by any supporting documentation required by the RBNZ's prudential regulatory requirements, including a signed opinion from ANZ Bank New Zealand's New Zealand legal counsel confirming that, once the Successor Rate, Alternative Rate, Adjustment Spread or Benchmark

Amendments (as applicable) is in effect, such NZ Subordinated Notes will continue to qualify as Tier 2 Capital.

*NZ Subordinated Noteholders should note that ANZ Bank New Zealand would not be able to comply with the RBNZ notification requirement and that, consequently, no Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments (as applicable) could be applied, if the effect of any such Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments (as applicable) would be that such NZ Subordinated Notes would no longer qualify as Tier 2 Capital (as defined in Condition 4(o) in respect of ANZ Bank New Zealand).*

For the purposes of this Condition 4(l) (*Benchmark Replacement*):

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

(i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate);

(ii) the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions or is in customary market usage in the debt capital market for transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be) (or if the Independent Adviser (or the Issuer as the case may be) determines that no such industry standard is recognised or acknowledged); or

(iii) the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), in its discretion, and acting in good faith and in a commercially reasonable manner, determines to be appropriate.

"**Alternative Rate**" means an alternative benchmark or screen rate which the Independent Adviser (or the Issuer as the case may be) determines in accordance with Condition 4(l)(ii) has replaced the Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same interest period and in the same Specified Currency as the Notes.

"**Benchmark Amendments**" has the meaning given to it in Condition 4(l)(v).

"**Reference Rate**" means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes or any Successor Rate or Alternative Rate which has been determined in relation to such benchmark or screen rate (as applicable) pursuant to the operation of this Condition.

(i) **Benchmark Replacement**

If the Issuer or its designee determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of such determination on such date and all determinations on all subsequent dates.

(ii) **Benchmark Replacement Conforming Changes**

In connection with the implementation of a Benchmark Replacement, the Issuer or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time.

(iii) **Decisions and Determinations**

Any determination, decision or election that may be made by the Issuer or its designee pursuant to this Condition 4(m) (*Effect of Benchmark Transition Event*), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (x) will be conclusive and binding absent manifest error, (y) will be made in the Issuer or its designee's sole discretion, and, (z) notwithstanding anything to the contrary in the in these Conditions or any other documentation relating to the Notes, shall become effective without consent from the Noteholders or any other party.

In the case of NZ Subordinated Notes only, any Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment determined in accordance with this Condition 4(m) (*Effect of Benchmark Transition Event*), will be subject to ANZ Bank New Zealand giving the RBNZ at least five working days' prior notice of any Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment determined in accordance with this Condition 4(m) (*Effect of Benchmark Transition Event*) in each case, such notice to be accompanied by any supporting documentation required by the RBNZ's prudential regulatory requirements, including a signed opinion from ANZ Bank New Zealand's New Zealand legal counsel confirming that, once the Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment is in effect, such NZ Subordinated Notes will continue to qualify as Tier 2 Capital.

*NZ Subordinated Noteholders should note that ANZ Bank New Zealand would not be able to comply with the RBNZ notification requirement and that, consequently, no Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment (as applicable) could be applied, if the effect of any such Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment (as applicable) would be that such NZ Subordinated Notes would no longer qualify as Tier 2 Capital (as defined in Condition 4(o) in respect of ANZ Bank New Zealand).*

If any Reference Bank (acting through its relevant offices) is unable or unwilling to continue to act as a Reference Bank, then the Issuer or, failing which and if applicable, the Guarantor shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount or Optional Redemption Amount or to comply with any other requirement, the Issuer or, failing which and if applicable, the Guarantor shall appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(q) *Linear Interpolation*

Where Linear Interpolation is specified as being applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate or the relevant Floating Rate Option, as applicable, one of which shall be determined as if the Designated Maturity or Specified Maturity, as applicable, as specified in the applicable Final Terms, were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which rates are available next longer than the length of the relevant Interest Period, provided, however, that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as an Independent Adviser determines appropriate.

(r) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4 (*Interest and other Calculations*) shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Calculation Agent, the Fiscal Agent, the other Paying Agents (if any), the Registrar and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(s) *Substitute or Successor Screen Page*

(t) *Conditions of Payment in respect of NZ Subordinated Notes*

At any time before the Maturity Date or the liquidation of ANZ Bank New Zealand:

(i) payment by ANZ Bank New Zealand of interest, principal or any other payments owing to an NZ Subordinated Noteholder in connection with an NZ Subordinated Note is conditional upon ANZ Bank New Zealand being Solvent at the time the payment is due; and

(ii) ANZ Bank New Zealand must not pay any amount to an NZ Subordinated Noteholder in connection with an NZ Subordinated Note except to the extent that ANZ Bank New Zealand may pay the amount and still be Solvent immediately after paying the amount,

and if, pursuant to this Condition, ANZ Bank New Zealand fails to make any payment of principal, or interest, or any other payment (including additional amounts) in respect of any NZ Subordinated Note when due, such failure will not constitute an Event of Default for the purposes of Condition 9(b)(ii).

A certificate signed by an authorised signatory or an auditor of ANZ Bank New Zealand or, in a liquidation of ANZ Bank New Zealand, its liquidator as to whether ANZ Bank New Zealand is Solvent at any time is (in the absence of wilful default, bad faith or manifest error) conclusive evidence of the information contained in the certificate and will be binding on the NZ Subordinated Noteholders. In the absence of any such certificate, the NZ Subordinated Noteholders are entitled to assume (unless the contrary is proved) that ANZ Bank New Zealand is Solvent at the time of, and will be Solvent immediately after, any payment on or in respect of the NZ Subordinated Notes.

Any amount not paid due to this Condition 4(t) accumulates and remains a debt owing to the NZ Subordinated Noteholder by ANZ Bank New Zealand until it is paid and will be payable on the first Business Day on which the solvency condition in this Condition 4(t) is satisfied (whether or not such date is otherwise a payment date).

If for any reason any Principal Amount has not been paid in full on the Maturity Date, interest will continue to accrue (after as well as before any demand judgment) on the unpaid Principal Amount at the applicable Rate of Interest to the date on which payment in full of the Principal Amount is made. If for any reason (including because of the solvency condition to payment in this Condition 4(t)) an Interest Amount has not been paid in full on the relevant Interest Payment Date, then the unpaid amount of such Interest Amount will earn interest at the applicable Rate of Interest that applies to the NZ Subordinated Notes, accruing daily, to the date on which payment in full of the Interest Amount is made. Such accrued interest is payable on the date on which the relevant Principal Amount or Interest Amount is paid in full.

## 5. Redemption, Purchase and Options

(a) *Redemption by Instalments and Final Redemption*

(i) Unless previously redeemed, purchased and cancelled as provided in this Condition 5, each Note that provides for Instalment Dates and Instalment Amounts (each an "**Instalment Note**") shall be

partially redeemed on each Instalment Date at the related Instalment Amount specified in the Final Terms. The outstanding Principal Amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the Principal Amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the Final Terms at its Final Redemption Amount or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) *Redemption for Taxation Reasons Applicable to all Notes (other than NZ Subordinated Notes)*

In respect of any Note which is not an NZ Subordinated Note, if, as a result of any change in or amendment to the laws or regulations of the jurisdiction of incorporation of the Issuer and/or, where the Issuer is acting through its branch, the jurisdiction, country or territory in which the branch through which the Issuer is acting is located and/or, if applicable, the jurisdiction of incorporation of the Guarantor, or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations or any ruling, confirmation or advice from any taxing authority, which change or amendment or ruling becomes effective on or after the Issue Date shown on the face of any Note, the Issuer or, if applicable, the Guarantor (if the Guarantor was or is obliged to make a payment under the Guarantee) has or will become obliged to pay additional amounts as provided in Condition 7 (*Taxation*), the Issuer may at its option, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (in the case of Floating Rate Notes), on giving not more than 60 nor less than 30 days' notice to the Noteholders of the relevant Series (which notice shall be irrevocable) redeem all, but not some only, of the Notes of the relevant Series at their Early Redemption Amount together with interest accrued to the date fixed for redemption, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, if applicable, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due or (as the case may be) an obligation to make a payment under the Guarantee were then made. Prior to the publication of any notice of redemption pursuant to this Condition 5(b), the Issuer shall deliver to the Fiscal Agent a certificate signed by two persons each of whom is either a Director, a Senior Executive, an authorised representative or of equivalent status of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of the facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

(c) *Redemption for Taxation Reasons Applicable to NZ Subordinated Notes*

If ANZ Bank New Zealand determines, in its absolute discretion, that:

(i) there has been, or there will be, a change in any New Zealand law, regulation, ruling or directive (including by way of the imposition of, or any change to, any New Zealand law, regulation, ruling or directive);

(ii) there has been, or there will be, a change in the application, interpretation or administration of any New Zealand law, regulation, ruling or directive by any authority (including the New Zealand Inland Revenue Department); or

(iii) any member of the ANZ Bank New Zealand Group is or will be required to comply with a change in any New Zealand law regulation, ruling or directive or changed application, interpretation or administration,

which directly or indirectly affects the taxation treatment in relation to the NZ Subordinated Note with the effect that any member of the ANZ Bank New Zealand Group would be exposed to an increase to its costs in relation to any NZ Subordinated Note (an "**NZ Subordinated Note Tax Event**"), provided that such event is not minor and could not reasonably have been anticipated by ANZ Bank New Zealand at the Issue Date, ANZ Bank New Zealand may at its option, at any time (if this NZ Subordinated Note is not a Floating Rate Note) or on any Interest Payment Date (in the case of Floating Rate Notes) and subject to Condition 5(k), on giving not more than 60 nor less than 30 days' notice to the NZ Subordinated

Noteholders of the relevant Series (which notice shall be irrevocable) redeem all, but not some only, of the NZ Subordinated Notes of the relevant Series at their Early Redemption Amount together with interest accrued to the date fixed for redemption, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the relevant member of the ANZ Bank New Zealand Group would be exposed to an increase to its costs in relation to the NZ Subordinated Note. Prior to the publication of any notice of redemption pursuant to this Condition 5(c), ANZ Bank New Zealand shall deliver to the Fiscal Agent a certificate signed by an authorised signatory of ANZ Bank New Zealand stating that ANZ Bank New Zealand is entitled to effect such redemption and setting forth a statement of the facts showing that the conditions precedent to the right of the ANZ Bank New Zealand so to redeem have occurred.

(d) *Redemption of NZ Subordinated Notes for Regulatory Reasons*

If specified as applicable in the relevant Final Terms, upon the occurrence of an NZ Subordinated Note Regulatory Event, subject to Condition 5(k), ANZ Bank New Zealand may at its option, at any time (if the NZ Subordinated Note is not a Floating Rate Note) or on any Interest Payment Date (in the case of an NZ Subordinated Note that is a Floating Rate Note) and on giving not more than 60 nor less than 30 days' notice to the NZ Subordinated Noteholders of the relevant Series (which notice shall be irrevocable) redeem all, but not some only, of the NZ Subordinated Notes of the relevant Series at the Early Redemption Amount together with interest accrued to the date fixed for redemption. Prior to the publication of any notice of redemption pursuant to this Condition 5(d), ANZ Bank New Zealand shall deliver to the Fiscal Agent a certificate signed by an authorised signatory of ANZ Bank New Zealand stating that ANZ Bank New Zealand is entitled to effect such redemption and setting forth a statement of the facts showing that the conditions precedent to the right of ANZ Bank New Zealand so to redeem have occurred.

For the purposes of this Condition 5(d):

"**NZ Subordinated Note Regulatory Event**" means a determination by ANZ Bank New Zealand, in its absolute discretion, that there has been, or there will be, any amendment to, clarification of, change in or to, change in the interpretation, application or administration of, or imposition of:

(i) any law, regulation or directive in New Zealand;

(ii) any official administrative pronouncement or action or judicial decision interpreting or applying any law, regulation or directive in New Zealand; or

(iii) any order, direction, standard, requirement (including any prudential regulation requirement), guideline or statement of the RBNZ (whether or not having the force of law),

in each case that applies, or is to apply, after the Issue Date and, as a result, either:

(A) ANZ Bank New Zealand is or will be adversely affected in relation to its regulatory capital treatment of the NZ Subordinated Notes; or

(B) ANZ Bank New Zealand is not or will not be entitled to treat some or all of the NZ Subordinated Notes as Tier 2 Capital,

provided that such event is not minor and could not reasonably have been anticipated by ANZ Bank New Zealand at the Issue Date.

(e) *Early Redemption of Zero Coupon Notes*

(i) The Early Redemption Amount payable in respect of any Zero Coupon Note that does not bear interest prior to the Maturity Date, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 5(b) or upon it becoming due and payable as provided in Condition 9(a), shall be the Amortised Face Amount (calculated as provided below) of such Note.

(ii) Subject to the provisions of sub-paragraph (iii) below, the "**Amortised Face Amount**" of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted to the date of its early redemption at a rate per annum (expressed as a percentage) equal to (A) where Compound Interest is specified in the Final Terms, the "**Amortisation Yield**" (which, if none is set out in the Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the Issue Price of the Notes if such Notes were discounted back from the Maturity Date to the Issue Date) compounded annually, or (B) where Linear Interest is specified in the Final Terms, an amount per Calculation Amount calculated in accordance with the following formula:

$$Amortised\ Face\ Amount = Calculation\ Amount + (Accreting\ Payment\ Amount\ x\ A) + B$$

Where:

"**A**" means the aggregate number of Accreting Payment Periods that precede the Final Accreting Payment Period;

"**Accreting Payment Amount**" means the amount per Calculation Amount specified in the Final Terms;

"**Accreting Payment Period**" means a period specified in the Final Terms;

"**B**" means, in respect of the Final Accreting Payment Period, the Accreting Payment Amount multiplied by the Day Count Fraction;

"**Early Redemption Date**" means in respect of this Condition 5(e) the date on which the Notes are redeemed prior to the Maturity Date; and

"**Final Accreting Payment Period**" means a period specified in the Final Terms.

Where such calculation referred to in sub-paragraph (A) of this sub-paragraph (ii) is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction set out in the Final Terms.

(iii) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(b) or upon it becoming due and payable as provided in Condition 9(a) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the reference therein, in the case of sub-paragraph (A), to the date on which the Note becomes due and payable or, in the case of sub-paragraph (B), the Early Redemption Date, were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (after, as well as before, judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 4(h).

(f) *Redemption at the Option of the Issuer and Exercise of Issuer's Options*

If a Call Option is included in the Final Terms and subject (in the case of NZ Subordinated Notes) to Condition 5(k), the Issuer may, on giving not less than five or more than 30 days' irrevocable notice (subject to such other notice period as may be specified in the Final Terms under "Option Exercise Date(s)") to the Noteholders redeem, or exercise any Issuer's option (as may be described in the Final Terms) in relation to, all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise of the Issuer's option shall only relate to Notes of a Principal Amount at least equal to the Minimum Redemption Amount to be redeemed specified in the Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place as may be fair and reasonable in the circumstances, having regard to prevailing market practices and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange requirements. So long as the Notes are listed on the Official List of the UK Financial Conduct Authority and admitted to trading on the main market of the London Stock Exchange and/or admitted to listing, trading and/or quotation on any other listing venue, stock exchange and/or quotation system and the rules of the relevant listing venue, stock exchange and/or quotation system so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in London (which is expected to be the *Financial Times*), or as specified by such other listing venue, stock exchange and/or quotation system, a notice specifying the aggregate principal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(g) *Clean-Up Redemption at the option of the Issuer (Clean-Up Call)*

If a Clean-Up Call is specified as being applicable in the relevant Final Terms and 75 per cent. or more in aggregate Principal Amount of the relevant Series of Notes issued has been redeemed or purchased and cancelled, the Issuer may at any time, at its option, on giving not less than five or more than 30 days' notice to the Noteholders of the relevant Series (which notice shall specify the date for redemption and shall be irrevocable), redeem all, but not some only, of those Notes outstanding on the Residual Redemption Date, at their Residual Redemption Amount together with any accrued but unpaid interest to, but excluding, the Residual Redemption Date.

A Clean-up Call may not be specified in the Final Terms in respect of NZ Subordinated Notes.

(h) *Redemption at the Option of Noteholders and Exercise of Noteholders' Options*

If Put Option is specified in the Final Terms, the Issuer shall, at the option of the holder of such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (subject to such other notice period as may be specified in the Final Terms, under "Option Exercise Date(s)"), redeem such Note on the Optional Redemption Date(s) so provided at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholder's option that may be set out in the Final Terms the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer, except that such Note or Certificate will be returned to the relevant Noteholder by the Paying Agent, the Registrar or Transfer Agent with which it has been deposited if, prior to the due date for its redemption or the exercise of the option, the Note becomes immediately due and payable or if upon due presentation payment of the redemption moneys is not made or exercise of the option is denied.

"**Offshore Associate**" means an associate (as defined in section 128F of the Australian Tax Act) of ANZBGL that is either a non-resident of Australia which does not acquire the Notes in carrying on a business at or through a permanent establishment in Australia or, alternatively, a resident of Australia that acquires the Notes in carrying on business at or through a permanent establishment outside of Australia.

Except in the case of NZ Subordinated Notes, the Issuer, the Guarantor and any of their respective subsidiaries may, to the extent permitted by applicable laws and regulations, at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise.

Notes purchased by the Issuer, the Guarantor or any of their respective subsidiaries may be surrendered by the purchaser through the Issuer to the Fiscal Agent or any Paying Agent for cancellation or may at the option of the Issuer, the Guarantor or the relevant subsidiary be held or resold.

NZ Subordinated Notes so purchased by ANZ Bank New Zealand or any of its Subsidiaries may be surrendered by the purchaser through ANZ Bank New Zealand to the Fiscal Agent or any Paying Agent for cancellation or may at the option of ANZ Bank New Zealand or the relevant Subsidiary be held or resold.

Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(k) *NZ Subordinated Notes - Approval of RBNZ*

(i) either:

(A) the NZ Subordinated Notes the subject of the redemption are replaced concurrently or beforehand with paid-up Regulatory Capital of the same or better quality and contributing at least the same regulatory capital amount (for the purposes of the RBNZ's capital adequacy requirements applying to ANZ Bank New Zealand at the time of the redemption) and the terms and conditions of the replacement instrument are sustainable for the income capacity of the ANZ Bank New Zealand Group; or

(B) if ANZ Bank New Zealand does not intend to replace the NZ Subordinated Notes the subject of the redemption, ANZ Bank New Zealand has demonstrated to the RBNZ's satisfaction that, after the redemption, the ANZ Bank New Zealand Group's capital ratios would be sufficiently above their respective minimums and the prudential capital buffer ratio would be sufficiently above its buffer trigger ratio; and

(ii) ANZ Bank New Zealand has provided any information and supporting documentation required

by the RBNZ's prudential regulatory requirements to the RBNZ.

*So long as the Notes are represented by a Registered Global Note, the "**Record Date**" shall be the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment where "**Clearing System Business Day**" means a day on which the relevant clearing system is open for business.*

(c) *Bearer Notes which are CMU Notes*

Payments of principal and interest in respect of Bearer Notes which are CMU Notes will be made to the person(s) for whose account(s) interests in the relevant Bearer Note are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in Condition 4(o)) at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Issue Position Report (as defined in the CMU Rules) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest error), and payment made in accordance therewith shall discharge the obligations of the Issuer and, if applicable, the Guarantor in respect of that payment.

(d) *Registered Notes which are CMU Notes*

Payments of principal and interest in respect of Registered Notes held in the CMU (including Registered Notes represented by a Registered Global Note) will be made to the person(s) for whose account(s) interests in the relevant Registered Note are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in Condition 4(o)) at the relevant time as notified to the CMU Lodging and Paying Agent by the CMU Service in a relevant CMU Issue Position Report (as defined in the CMU Rules) or any other relevant notification by the CMU Service, which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest error), and payment made in accordance therewith shall discharge the obligations of the Issuer and, if applicable, the Guarantor in respect of that payment. Any payments by the CMU participants to indirect participants will be governed by arrangements agreed between the CMU participants and the indirect participants and will continue to depend on the inter-bank clearing system and traditional payment methods. Such payments will be the sole responsibility of such CMU participants.

(e) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(f) *Payments Subject to Fiscal Laws*

All payments are subject in all cases to (i) any applicable fiscal or other laws regulations and directives, and (ii) any withholding or deduction made for or on account of FATCA but without prejudice to the provisions of Condition 7 (*Taxation*). No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments. For the avoidance of doubt, any amounts to be paid in respect of the Notes will be paid net of any deduction or withholding made for or on account of FATCA and, notwithstanding any other provision of these Conditions, no additional amounts will be required to be paid on account of any such deduction or withholding. References to Specified Currency will include any successor currency under applicable law.

(g) *Appointment of Agents*

The Fiscal Agent, CMU Lodging and Paying Agent, the other Paying Agents (if any), the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer and the Guarantor and their respective specified offices are listed below. The Fiscal Agent, the CMU Lodging and Paying Agent, the other Paying Agents (if any), the Registrar, Transfer Agents and the Calculation Agent act solely as agents of the Issuer and, if applicable, the Guarantor and do not assume any obligation or relationship of

agency or trust for or with any Noteholder or Couponholder. The Issuer and, if applicable, the Guarantor reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the CMU Lodging and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuer and, if applicable, the Guarantor shall at all times maintain (i) a Fiscal Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes (including a Transfer Agent having its specified office in London so long as any Registered Notes are listed on the Official List of the UK Financial Conduct Authority and admitted to trading on the London Stock Exchange), (iv) one or more Calculation Agent(s) where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities (including London so long as the Notes are listed on the Official List of the UK Financial Conduct Authority and admitted to trading on the London Stock Exchange), (vi) such other agents as may be required by the rules of any other listing venue, stock exchange and/or quotation system on which the Notes may be admitted to listing, trading and/or quotation, and (vii) so long as any CMU Notes are outstanding, a CMU Lodging and Paying Agent with a specified office in such place as required by the CMU Service.

In addition, the Issuer and, if applicable, the Guarantor shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 6(e).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 (*Notices*).

(h) *Unmatured Coupons and Receipts and Unexchanged Talons*

(i) In the case of Fixed Rate Notes, Bearer Notes should be surrendered for payment together with all unmatured Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8 (*Prescription*)).

(ii) In the case of Floating Rate Notes and Range Accrual Notes upon the due date for redemption of any Bearer Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Bearer Note, any Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Upon the due date for redemption of any Bearer Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.

(v) Where any Bearer Note which provides that the relative Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provisions of such indemnity as the Issuer may require.

(vi) If the due date for redemption of any Notes is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note or Certificate representing it, as the case may be. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(i) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 8 (*Prescription*)).

(j) *Non-Business Days*

If any date for payment in respect of any Note, Receipt or Coupon is not a Payment Business Day, the holder shall not be entitled to payment until (i) if "Following" is specified as the Payment Business Day Convention in the applicable Final Terms, the next following Payment Business Day or (ii), if "Modified Following" is specified as the Payment Business Day Convention in the applicable Final Terms, the next following Payment Business Day unless that Payment Business Day falls in the next calendar month, in which case the first preceding Payment Business Day. In this paragraph, "**Payment Business Day**" means a day (other than a Saturday or a Sunday) on which:

(i) commercial banks and foreign exchange markets settle payments generally in such jurisdictions as shall be specified as "**Additional Financial Centres**" in the Final Terms, in London and Sydney where ANZBGL is the Issuer, in London and New Zealand where ANZ Bank New Zealand or ANZNIL is the Issuer and, where relevant, in the relevant place of presentation; and

(ii) (in the case of a payment in a currency other than euro or Australian dollars where ANZBGL is the Issuer, or New Zealand dollars where ANZ Bank New Zealand or, as the case may be, ANZNIL is the Issuer, where payment is to be made by transfer in the relevant currency to an account maintained with a bank) foreign exchange transactions may be carried on in the relevant currency in the Principal Financial Centre of the country of such currency; or

(iii) (in the case of a payment in euro) banks are open for business and carrying out transactions in euro in the jurisdiction in which the account specified by the payee is located and a day on which the T2 System is open; and

(iv) in respect of Notes for which the Reference Rate specified in the applicable Final Terms is SOFR (Index Determination) or SOFR (Non-Index Determination), any weekday that is a U.S. Government Securities Business Day and is not a legal holiday in New York and each (if any) Additional Financial Centre(s) and is not a date on which banking institutions in those cities are authorised or required by law or regulation to be closed.

(k) *Euro and Redenomination*

References to euro are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to Article 123 of the Treaty.

Unless otherwise specified in the Final Terms, Notes denominated in the currency (the "**Relevant Currency**") of a Member State that does not participate in the third stage of European economic and monetary union prior to the Issue Date of the relevant Notes may, at the election of the Issuer, be subject to redenomination in the manner set out below. In relation to such Notes the Issuer may, without the consent of the Noteholders or Couponholders, on giving at least 30 days' prior notice to Noteholders, the Fiscal Agent and each of the Paying Agents and Transfer Agents, designate a "**Redenomination Date**" for the Notes, being a date for payment of interest under the Notes falling on or after the date on which the relevant Member State commences participation in such third stage.

With effect from the Redenomination Date, notwithstanding the other provisions of the Conditions:

(i) the Notes shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated in euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Relevant Currency, converted into euro at the rate for conversion of the Relevant Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in

accordance with European Community regulations) provided that, if the Issuer determines that the then market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, any listing venue, stock exchange and/or quotation system on which the Notes may be listed, the Fiscal Agent and each of the Paying Agents and Transfer Agents of such deemed amendment;

(ii) if Notes in definitive form are required to be issued, they shall be issued at the expense of the Issuer in the denominations of euro 0.01, euro 1,000, euro 10,000, euro 100,000 and such other denominations as the Fiscal Agent shall determine and notify to Noteholders;

(iii) if Notes in definitive form have been issued, all unmatured Receipts and Coupons denominated in the Relevant Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives the notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes so issued will also become void on that date although those Notes will continue to constitute valid exchange obligations of the Issuer. New certificates in respect of euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Relevant Currency in such manner as the Fiscal Agent may specify and as shall be specified to Noteholders in the Exchange Notice;

(iv) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the Relevant Currency ceases to be a subdivision of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or by cheque; and

(v) the amount of interest in respect of Notes will be calculated by reference to the aggregate principal amount of Notes presented (or, as the case may be, in respect of which Receipts or Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01.

In connection with such redenomination, the Issuer may, after consultation with the Fiscal Agent, make such other changes to the Conditions applicable to the relevant Notes as it may decide so as to conform them to the then market practice in respect of euro-denominated debt securities issued in the Euromarkets which are held in international clearing systems. Any such changes will not take effect until the next following Interest Payment Date after they have been notified to the Noteholders in accordance with Condition 14 (*Notices*).

(l) *Payment of U.S. Dollar Equivalent in respect of CNY Notes*

Notwithstanding the foregoing, if by reason of Inconvertibility, Non transferability or Illiquidity, the Issuer is not able to satisfy payments of principal or interest in respect of any Notes which are denominated in Renminbi ("**CNY Notes**") when due in Renminbi in Hong Kong, the Issuer may, on giving not less than five or more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, settle any such payment in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi-denominated amount.

For the purposes of these Conditions, "**US Dollar Equivalent**" means the Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Determination Date.

For this purpose:

"**Calculation Agent**" means Deutsche Bank AG, London Branch;

"**CNY**" means the lawful currency of the PRC;

"**Determination Business Day**" means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, Beijing, London and in New York City;

"**Determination Date**" means the day which is two Determination Business Days before the due date for any payment of the relevant amount under these Conditions;

"**Governmental Authority**" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

"**Inconvertibility**" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the CNY Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 8 August 2012 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

"**Non transferability**" means the occurrence of any event that makes it impossible for the Issuer to transfer Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 8 August 2012 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

If neither rate is available, the Calculation Agent will determine the Spot Rate at or around 11.00 a.m. (Hong Kong time) on the Determination Date as the most recently available CNY/US dollar official fixing rate for settlement in two Determination Business Days reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC.

(m) *Payment of U.S. Dollar equivalent in respect of Exotic Currencies*

If Exotic Currency Payments is specified to be applicable in the relevant Final Terms then, in the event that the Issuer is due to make a payment in an Exotic Currency in respect of any Note and the Exotic Currency is not available or it is impracticable to make the payment in the Exotic Currency due to circumstances beyond the Issuer's control as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, the Issuer will be entitled to satisfy in full its obligations in respect of such payment by making payment as soon as practicable in U.S. dollars on the basis of the

spot exchange rate of U.S. dollars against the Exotic Currency offered in the London foreign exchange market as determined by the Calculation Agent referencing the Exotic Currency Reuters Screen Page at or around the Exotic Currency Relevant Time on the fifth London Business Day prior to such payment or, if such rate is not available on that day, the rate most recently available prior to such day.

Any payment made in U.S. dollars in accordance with the foregoing paragraph will not constitute an Event of Default for the purposes of Condition 9 (*Events of Default*).

For this purpose:

(n) *Discretion of Calculation Agent*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6 (*Payments and Talons*) by the Calculation Agent will (in the absence of a manifest error) be binding on the Issuer, the Paying Agents and the holders of the Notes or Coupons and (in the absence of negligence, wilful default, bad faith or fraud) no liability to any such person shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers and duties for such purposes.

7. **Taxation**

(a) *Withholding Tax*

Subject as provided below, all payments of principal and interest in respect of the Notes, the Receipts and the Coupons by or on behalf of the Issuer or, if applicable, the Guarantor shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the jurisdiction of incorporation of the Issuer and/or, where the Issuer is acting through its branch outside its country of incorporation, the jurisdiction, country or territory in which the branch through which the Issuer is acting is located and/or, if applicable, the jurisdiction of incorporation of the Guarantor or by any authority therein or thereof having power to tax (together, "**Taxes**"), unless such withholding or deduction is required by law or made for or on account of FATCA. Any amounts withheld pursuant to an agreement with a taxing authority will be treated as required by law. In that event, the Issuer or (as the case may be) the Guarantor shall pay such additional amounts to the Noteholders, Couponholders and Receiptholders as shall result in receipt by those Noteholders, Couponholders and Receiptholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

(i) presented for payment by or on behalf of a holder which is liable to such Taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of its having some connection with the jurisdiction of incorporation of the Issuer or, where the Issuer is acting through its branch outside its country of incorporation, the jurisdiction, country or territory in which the branch through which the Issuer is acting is located and/or, if applicable, the jurisdiction of incorporation of the Guarantor, other than the mere holding of such Note, Receipt or Coupon or the receipt of the relevant payment in respect thereof; or

(ii) where ANZBGL is the Issuer, held by or on behalf of a holder who is an Australian resident or a non-resident who is engaged in carrying on business in Australia at or through a permanent establishment of that non-resident in Australia, if that person has not supplied an appropriate tax file number, Australian business number or other exemption details (as applicable); or

(iii) presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the 30th such day; or

(iv) in respect of which the holder thereof is an Offshore Associate of ANZBGL (acting other than in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act), where ANZBGL is the Issuer; or

(v) in respect of which the Taxes have been imposed or levied as a result of the holder of such Note, Receipt or Coupon being party to or participating in a scheme to avoid such Taxes, being a scheme which ANZBGL, where ANZBGL is the Issuer, was neither a party to nor participated in; or

(vi) in respect of Bearer Notes only, if the holder of such Note, Receipt or Coupon or any entity which directly or indirectly has an interest in or right in respect of such Note, Receipt or Coupon is a resident of Australia, or a non-resident who is engaged in carrying on business in Australia at or through a permanent establishment of that non-resident in Australia (the expressions "**resident of Australia**", "**non-resident**" and "**permanent establishment**" having the meanings given to them by the Australian Tax Act) if, and to the extent that, section 126 of the Australian Tax Act (or any equivalent provisions) requires ANZBGL, where ANZBGL is the Issuer, to pay income tax in respect of interest payable on such Note, Receipt or Coupon and the income tax would not be payable were the holder or such entity not such a resident of Australia or non-resident; or

(vii) where such withholding or deduction is for or on account of New Zealand resident withholding tax; or

(viii) presented for payment by, or a third party on behalf of, a holder if such withholding or deduction may be avoided by complying with any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to any authority of or in New Zealand, unless the holder proves that he is not entitled so to comply or to make such declaration or claim, where either ANZ Bank New Zealand or ANZNIL is the Issuer or ANZ Bank New Zealand is the Guarantor; or

(ix) presented for payment by, or a third party on behalf of, a holder that is a partnership, or a holder that is not the sole beneficial owner of the Note, Receipt or Coupon, or which holds the Note, Receipt or Coupon, in a fiduciary capacity, to the extent that any of the members of the partnership, the beneficial owner or the settlor or beneficiary with respect to the fiduciary would not have been entitled to the payment of an additional amount had each of the members of the partnership, the beneficial owner, settlor or beneficiary (as the case may be) received directly their beneficial or distributive share of the payment; or

(x) presented for payment in New Zealand, where either ANZ Bank New Zealand or ANZNIL is the Issuer or ANZ Bank New Zealand is the Guarantor; or

(xi) in respect of which the Taxes have been imposed or levied as a result of the holder of such Note, Receipt or Coupon being party to or participating in a scheme to avoid such Taxes, being a scheme which either ANZ Bank New Zealand or ANZNIL, where ANZ Bank New Zealand or ANZNIL is the Issuer, or ANZ Bank New Zealand, where ANZ Bank New Zealand is the Guarantor, was neither a party to nor participated in; or

(xii) where such withholding or deduction is made for or on account of FATCA on payments to a Noteholder, Couponholder, Receiptholder, beneficial owner, or any agent having custody or control over a payment made by the Issuer, Guarantor or any agent in the chain of payment, including due to the failure of the Noteholder, Couponholder, Receiptholder, beneficial owner, or any agent having custody or control over a payment to comply with any requests for tax certifications or other identifying information regarding such Noteholder, Couponholder, Receiptholder, beneficial owner, or agent, or due to the failure to provide a waiver of any laws prohibiting the disclosure of such certifications, identifying information and other information in respect of the Notes to a taxing authority.

As used in these Conditions, "**Relevant Date**" in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 (*Redemption, Purchase and Options*) or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 (*Interest and other Calculations*) or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or substitution for it under the Agency Agreement. Any additional amounts due in respect of the NZ Subordinated Notes will be subordinated in right of payment as described in Condition 10 (*Subordination*).

The remaining provisions of this Condition only apply to ANZNIL where ANZNIL is the Issuer and to ANZ Bank New Zealand where ANZ Bank New Zealand is the Issuer or the Guarantor. Where used in the remaining provisions of this Condition, "**interest**" means interest (as defined under New Zealand taxation legislation) for withholding tax purposes, which under current legislation includes the excess of the redemption amount over the issue price of any Note as well as coupon interest paid on such Note.

Where (i) ANZNIL is the Issuer or (ii) ANZ Bank New Zealand is the Issuer or the Guarantor, and ANZ Bank New Zealand or ANZNIL, as the case may be, is required to deduct New Zealand non-resident withholding tax in the case of any payments of interest to a holder of a Note or Coupon, ANZ Bank New Zealand or ANZNIL, as the case may be, may, and intend to (for so long as they do not incur any increased cost or detriment from so doing), relieve themselves of such obligation by using a procedure which permits borrowers such as ANZ Bank New Zealand or ANZNIL, as the case may be, to reduce the applicable rate of non-resident withholding tax to zero per cent. Under the current law, that procedure involves ANZ Bank New Zealand or ANZNIL, as the case may be, paying on their own respective accounts a levy to the New Zealand revenue authorities (which is currently equal to two per cent. of such payments of interest).

ANZ Bank New Zealand and ANZNIL are required by law to deduct New Zealand resident withholding tax from the payment of interest to the holder of any Note on any Interest Payment Date or the Maturity Date, where:

(A) the Holder or, if that Holder is not the beneficial owner of such Note, then the beneficial owner of such Note (i) is a resident of New Zealand for New Zealand income tax purposes, or (ii) holds or owns the notes for the purposes of a business the Holder carries on in New Zealand, through a fixed establishment (as defined in the Income Tax Act 2007 (New Zealand)) in New Zealand, or (iii) is a registered bank engaged in business in New Zealand through a fixed establishment (as defined in the Income Tax Act 2007 (New Zealand)) in New Zealand and is not associated with ANZ Bank New Zealand or ANZNIL (as applicable) (each such Holder or beneficial owner a "**New Zealand Holder**"); and

(B) at the time of such payment the New Zealand Holder does not hold "RWT-exempt status" (as defined in the Income Tax Act 2007 (New Zealand)) in respect of New Zealand resident withholding tax.

Prior to any Interest Payment Date or the Maturity Date, any New Zealand Holder:

(A) must notify ANZ Bank New Zealand or ANZNIL, as the case may be, that the New Zealand Holder is the holder or beneficial owner of a Note; and

(B) must notify ANZ Bank New Zealand or ANZNIL, as the case may be, of any circumstances, and provide ANZ Bank New Zealand or ANZNIL, as the case may be, with any information that may enable ANZ Bank New Zealand or ANZNIL, as the case

may be, to make payment of interest to the New Zealand Holder without deduction on account of New Zealand resident withholding tax.

A New Zealand Holder must notify ANZ Bank New Zealand or ANZNIL, as the case may be, prior to any Interest Payment Date or the Maturity Date, of any change in the New Zealand Holder's circumstances from those previously notified that could affect the payment or withholding obligations of ANZ Bank New Zealand or ANZNIL, as the case may be, in respect of this Note. By accepting payment of the full face amount of a Note or any interest thereon on any Interest Payment Date or the Maturity Date, the New Zealand Holder indemnifies ANZ Bank New Zealand or ANZNIL, as the case may be, for all purposes in respect of any liability ANZ Bank New Zealand or ANZNIL, as the case may be, may incur for not deducting any amount from such payment on account of New Zealand resident withholding tax.

Only a New Zealand Holder will be obliged to make the notification referred to above.

(b) *Taxing Jurisdiction*

If the Issuer or, if applicable, the Guarantor is, or becomes, subject at any time to any taxing jurisdiction(s) other than or in addition to its own jurisdiction of incorporation or the jurisdiction, country or territory in which the branch (if any) is located, references in Condition 5(b) and this Condition 7 shall be read and construed as including references to such other taxing jurisdiction(s).

8. **Prescription**

Claims against the Issuer and, if applicable, the Guarantor for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

9. **Events of Default**

(a) *Notes (other than NZ Subordinated Notes)*

If, in respect of any Notes (other than NZ Subordinated Notes), any of the following events ("**Events of Default**") occurs and is continuing, the holder of any Note of any Series issued by the Issuer may give written notice to the Fiscal Agent at its specified office that such Note is immediately repayable, whereupon it shall immediately become due and repayable at its Early Redemption Amount together with accrued interest to the date of payment unless, prior to the date that such written notice is received by the Fiscal Agent, the Issuer and/or, if applicable, the Guarantor shall have cured or otherwise made good all Events of Default in respect of the Notes of such Series:

(i) default is made in the payment of any principal or Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount, Instalment Amount or Amortised Face Amount (in the case of a Zero Coupon Note) (whether becoming due upon redemption or otherwise) when due, in respect of any Note of such Series, and such default continues for a period of 15 days or interest when due, in respect of any Note of such Series, and such default continues for a period of 30 days; or

(ii) the Issuer fails to perform or observe any of its obligations under any Note of such Series or, if applicable, the Guarantor fails to perform or observe any of its obligations under the Deed of Guarantee, in either case other than those specified in paragraph (i) above and in such case (except where such failure is incapable of remedy) such failure continues for a period of 30 days next following the service by any holder of any Note of such Series on the Issuer, the Guarantor (if applicable) and the Fiscal Agent of written notice requiring the same to be remedied; or

(iii) otherwise than for the purpose of an amalgamation or reconstruction or merger within the meaning of these words under the laws of the Issuer's or, if applicable, the Guarantor's country of incorporation or, where ANZNIL is the Issuer, the United Kingdom, a resolution is passed that the Issuer or, as the case may be, the Guarantor be wound up or dissolved; or

(iv) the Issuer or, if applicable, the Guarantor stops payment (within the meaning of Australian or any other applicable bankruptcy law) of its obligations; or

(v) an encumbrancer takes possession of or a receiver is appointed of the whole or a substantial part of the undertaking and assets of the Issuer or, if applicable, the Guarantor and any such event is continuing for 45 days after its occurrence and would materially prejudice the performance by the Issuer or, as the case may be, the Guarantor of its obligations under the Notes of such Series or a distress or execution is levied or enforced upon or sued out against the whole or a substantial part of the undertaking and assets of the Issuer or, as the case may be, the Guarantor which would materially prejudice the performance of (i) the Issuer of its obligations under the Notes of such Series or, (ii) if applicable, the Guarantor of its obligations under the Deed of Guarantee, and in each case is not discharged within 60 days thereof; or

(vi) proceedings shall have been initiated against the Issuer or, if applicable, the Guarantor under any applicable bankruptcy, reorganisation or other similar law and such proceedings shall not have been discharged or stayed within a period of 60 days; or

(vii) the Issuer or, if applicable, the Guarantor shall initiate or consent to proceedings relating to itself under any applicable bankruptcy, insolvency, composition or other similar law (otherwise than for the purpose of amalgamation, reconstruction or merger (within the meaning of those words under the laws of the country of the Issuer's or, if applicable, the Guarantor's incorporation or, where ANZNIL is the Issuer, the United Kingdom) and such proceedings would materially prejudice the performance by (A) the Issuer of its obligations under the Notes of such Series or (B), if applicable, the Guarantor of its obligations under the Deed of Guarantee); or

(viii) in respect of Notes issued by ANZNIL only, the Deed of Guarantee of the Notes is (A) not in full force and effect and, where capable of remedy, the Deed of Guarantee is not in full force and effect within seven days of the date the defect is first discovered or (B) claimed by the Guarantor not to be in full force and effect.

Any such notice by a holder of Notes to the Fiscal Agent shall specify the serial number(s) of the Notes concerned.

Notwithstanding any other provision of this Condition 9(a), no Event of Default in respect of any Notes shall occur solely on account of any failure by ANZBGL to perform or observe its obligations in relation to, or the taking of any process or proceeding in respect of any share, note or other security or instrument constituting Tier 1 Capital or Tier 2 Capital (as such terms have been or may be defined by APRA from time to time).

(b) *NZ Subordinated Notes*

The following are "**Events of Default**" with respect to NZ Subordinated Notes:

(i) the commencement of liquidation of ANZ Bank New Zealand under:

(A) section 241(5) or section 317 of the Companies Act; or

(B) under any other legislation under which ANZ Bank New Zealand will irrevocably cease to be duly incorporated or to validly exist in New Zealand; and

(ii) subject to Condition 4(t):

(A) default in the payment of interest on any NZ Subordinated Note when due, continued for 15 days; or

(B) default in the payment of principal of any NZ Subordinated Note when due, continued for 7 days.

Upon the occurrence of an Event of Default specified in paragraph (i) above, subject to the subordination provisions in Conditions 3(b) and 10 (*Subordination*), the Principal Amount of, and all accrued and

unpaid interest, on the NZ Subordinated Notes will automatically become due and payable.

If an Event of Default contemplated by paragraph (ii) above with respect to any of the NZ Subordinated Notes occurs and is continuing, an NZ Subordinated Noteholder may only, in order to enforce the obligations of ANZ Bank New Zealand under such NZ Subordinated Notes, bring proceedings:

(aa) to recover any amount then due and payable but unpaid on its NZ Subordinated Notes (subject to satisfaction of the solvency condition to payment in Condition 4(t));

(bb) to obtain an order for specific performance of any other obligation in respect of its NZ Subordinated Notes; or

(cc) for the liquidation of ANZ Bank New Zealand.

In accordance with Condition 3(b), until all Senior Creditors have been paid in full, an NZ Subordinated Noteholder must not claim in the liquidation of ANZ Bank New Zealand in competition with the Senior Creditors so as to diminish any distribution, dividend or payment which, but for that claim, the Senior Creditors would have been entitled to receive.

No remedy against ANZ Bank New Zealand, other than those referred to in this Condition 9(b), shall be available to the NZ Subordinated Noteholders or Couponholders or Receiptholders in respect of NZ Subordinated Notes, whether for the recovery of amounts owing in respect of the NZ Subordinated Notes or in respect of any breach by ANZ Bank New Zealand of any of its other obligations under or in respect of the NZ Subordinated Notes.

10. **Subordination**

In the event of the commencement of liquidation of ANZ Bank New Zealand constituting an Event of Default with respect to the NZ Subordinated Notes, there shall be payable with respect to the NZ Subordinated Notes, subject to the subordination provisions in Condition 3(b), an amount equal to the Principal Amount of the NZ Subordinated Notes then outstanding, together with all accrued and unpaid interest thereon to the repayment date.

As a result of the subordination provisions, no amount will be payable in the liquidation of ANZ Bank New Zealand in New Zealand in respect of the NZ Subordinated Notes until all claims of Senior Creditors admitted in the liquidation proceeding have been satisfied in full. By subscription for, or transfer of, NZ Subordinated Notes to a Noteholder, that NZ Subordinated Noteholder will be taken to have agreed that no amount in respect of the NZ Subordinated Notes will be repaid until all the claims of the Senior Creditors admitted in the liquidation proceeding have been satisfied accordingly. Accordingly, if proceedings with respect to the liquidation of ANZ Bank New Zealand in New Zealand were to occur, the NZ Subordinated Noteholders could recover less relatively than the holders of Notes which are not subordinated and the holders of any prior ranking subordinated liabilities of ANZ Bank New Zealand.

If, in any such liquidation, the amount payable with respect to the NZ Subordinated Notes and any claims ranking equally with those NZ Subordinated Notes cannot be paid in full, those NZ Subordinated Notes and other claims ranking equally with those NZ Subordinated Notes will share relatively in any distribution of ANZ Bank New Zealand's assets in a liquidation in proportion to the respective amounts to which they are entitled. To the extent that NZ Subordinated Noteholders are entitled to any recovery with respect to the NZ Subordinated Notes in any liquidation, such NZ Subordinated Noteholders might not be entitled in such proceedings to a recovery in the Specified Currency in respect of such NZ Subordinated Notes (if other than New Zealand dollars) and might be entitled only to a recovery in New Zealand dollars.

11. **Meeting of Noteholders, Modifications and Waiver**

(a) *Meetings of Noteholders*

The Agency Agreement contains provisions for convening meetings of Noteholders of a Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as

defined in the Agency Agreement) of a modification or amendment of any of these Conditions. The quorum for any meeting of Noteholders shall be two or more persons holding or representing in the aggregate a clear majority in Principal Amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the Principal Amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes or the obligation of the Issuer to pay additional amounts pursuant to Condition 7 (*Taxation*), (ii) to reduce or cancel the Principal Amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount is set out in the Final Terms, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or Specified Denomination of the Notes, (vii) to take any steps that as specified in the Final Terms may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum at any adjourned meeting shall be two or more persons holding or representing in the aggregate not less than one-third in Principal Amount of the Notes for the time being outstanding. However, no modification, amendment or supplement to the terms of any Series of NZ Subordinated Notes, or any consent, waiver or other action that will have the effect of amending any Series of NZ Subordinated Notes shall be of any effect unless the RBNZ has been given at least five working days' prior notice of such modification, amendment, supplement, consent, waiver or other action (as applicable) by ANZ Bank New Zealand and ANZ Bank New Zealand has provided any information and supporting documentation required by the RBNZ's prudential regulatory requirements to the RBNZ including a signed opinion from ANZ Bank New Zealand's New Zealand legal counsel confirming that, once the modification, amendment, supplement, consent, waiver or other action (as applicable) is in effect, such NZ Subordinated Notes will continue to qualify as Tier 2 Capital. ANZ Bank New Zealand would not be able to comply with the RBNZ notification requirement, and, consequently, no modification, amendment, supplement, consent, waiver or other action (as applicable) could be made or given, if the effect of any such amendment, modification, supplement, consent, waiver or other action (as applicable) would be that the NZ Subordinated Notes would no longer qualify as Tier 2 Capital. Any resolution duly passed (including an Extraordinary Resolution) shall be binding on all Noteholders of the relevant Series (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders of the relevant Series. The expression "**Extraordinary Resolution**" means a resolution passed at a meeting of Noteholders duly convened by a majority consisting of not less than three-quarters of the votes cast. All other resolutions, except for written resolutions, shall be passed at a meeting of Noteholders duly convened by a clear majority of the votes cast.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

(b) *Modification of the Agency Agreement, Deed of Covenant, Deed of Guarantee, Conditions and Final Terms*

The Agency Agreement, the Deed of Covenant, the Deed of Guarantee, the Conditions and any applicable Final Terms may be modified or amended by the Issuer and, in the case of the Deed of Guarantee, by ANZNIL and the Guarantor, in each case without the consent of the holders if, in the reasonable opinion of the Issuer (and in the case of the Deed of Guarantee, ANZNIL and the Guarantor), the modification or amendment is:

(a) not materially prejudicial to the interests of the holders;

(b) of a formal, minor or technical nature;

(c) made to correct any manifest or proven error or omission;

(d) made to comply with mandatory provisions of the law; or

(e) made to cure, correct or supplement any defective provision or ambiguity,

provided that, in the case of NZ Subordinated Notes, any such modification or amendment to the Agency Agreement, the Deed of Covenant, the Conditions and the Final Terms that will have the effect of amending NZ Subordinated Notes, shall not be effective unless the RBNZ has been given at least five working days' prior notice of such modification or amendment (as applicable) by ANZ Bank New Zealand and ANZ Bank New Zealand has provided any information and supporting documentation required by the RBNZ's prudential regulatory requirements to the RBNZ including a signed opinion from ANZ Bank New Zealand's New Zealand legal counsel confirming that, once the modification or amendment (as applicable) is in effect, such NZ Subordinated Notes will continue to qualify as Tier 2 Capital. ANZ Bank New Zealand would not be able to comply with the RBNZ notification requirement and, consequently, no modification or amendment (as applicable) could be applied if the effect of any such amendment or modification (as applicable) would be that the NZ Subordinated Notes would no longer qualify as Tier 2 Capital.

Any such modification or amendment shall be binding on the holders and any such modification or amendment shall be notified to the holders in accordance with Condition 14 as soon as practicable thereafter.

12. **Replacement of Notes, Certificates, Receipts, Coupons and Talons**

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and listing venue, stock exchange and/or quotation system regulations, at the specified office of the Fiscal Agent (in case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13. **Further Issues**

Any Issuer may (provided, with respect to an issue of NZ Subordinated Notes, that ANZ Bank New Zealand has given the RBNZ at least 5 working days' prior notice and provided any information and supporting documentation required by the RBNZ's prudential regulatory requirements to the RBNZ) from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single Series with the outstanding securities of any Series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. Notes of more than one Series may be consolidated into one Series denominated in euro, even if one or more such Series was not originally denominated in euro, provided all such Series have been redenominated into euro and otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single Series with the Notes.

14. **Notices**

Notices to the holders of Registered Notes shall be (a) mailed to them (or, in the case of joint holders, to the first named) at their respective addresses in the Register and (b) published at https://www.anz.com/debtinvestors/centre/programmes/anz-banking-group/euro-medium-term-note-

programme-aus/ in respect of Notes issued by ANZBGL and at https://www.anz.com/debtinvestors/centre/programmes/anz-new-zealand/euro-medium-term-note-programme-nz/ in respect of Notes issued by ANZ Bank New Zealand and ANZNIL*;*

Notices to the holders of Registered Notes shall be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the later of the date of mailing and the date of first publication online;

Notices to the holders of Bearer Notes shall be, save where another means of effective communication has been specified herein or in the Final Terms, published at https://www.anz.com/debtinvestors/centre/programmes/anz-banking-group/euro-medium-term-note-programme-aus/ in respect of Notes issued by ANZBGL and at https://www.anz.com/debtinvestors/centre/programmes/anz-new-zealand/euro-medium-term-note-programme-nz/ in respect of Notes issued by ANZ Bank New Zealand and ANZNIL.

Notices to the holders of Bearer Notes shall be deemed to have been given on the date of first publication online. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 14.

Notices to holders of all Notes which have been listed, admitted to trading on any stock exchange or listed on a quotation system will also be given in such manner and in such place as may be required by the rules and regulations of such listing venue, stock exchange and/or quotation system.

*Where the Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, the provisions of such Global Note shall prevail over the provisions of this Condition 14.*

15. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes, Receipts or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, Receipts or Coupons, the Issuer shall indemnify each holder, on the written demand of such holder addressed to the Issuer and delivered to the Issuer or to the specified office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such holder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof. For the purposes of this Condition 15, it shall be sufficient for the Noteholder, Receiptholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder, Receiptholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note, Coupon or Receipt or any other judgment or order.

16. **Governing Law, Jurisdiction and Service of Process**

(a) *Governing Law*

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law, except for the subordination provisions applicable to the NZ Subordinated Notes (including, without limitation, the provisions contained in Conditions 3(b), 4(t), 9(b) and 10 (*Subordination*)) which will be governed by, and construed in accordance with, the laws of New Zealand.

(b) *Jurisdiction*

The Issuer agrees for the benefit of the holders of Notes, Receipts, Coupons and Talons that the courts of England shall have jurisdiction to hear and determine any suit, action or proceedings, and to settle any disputes, which may arise out of or in connection with the Notes and all matters connected with the Notes, Receipts, Coupons and Talons (including a dispute relating to any non-contractual obligation arising out of or in connection with them) (respectively, "**Proceedings**" and "**Disputes**") and, for such purposes, irrevocably submits to the jurisdiction of such courts.

(c) *Appropriate Forum*

The Issuer irrevocably waives any objection which it might now or hereafter have to the courts of England being nominated as the forum to hear and determine any Proceedings and to settle any Disputes, and agrees not to claim that any such court is not a convenient or appropriate forum.

(d) *Service of Process*

The Issuer agrees that the process by which any Proceedings in England are begun may be served on it by being delivered to the officer in charge of the London Branch of Australia and New Zealand Banking Group Limited at its UK establishment office address from time to time, currently Level 12, 25 North Colonnade, London E14 5HZ. If such person is not or ceases to be effectively appointed to accept service of process on the Issuer's behalf, the Issuer shall appoint a further person in England to accept service of process on the Issuer's behalf and, failing such appointment, within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the specified office of the Fiscal Agent. Nothing in this paragraph shall affect the right of any holder of Notes, Receipts, Coupons or Talons to serve process in any other manner permitted by law.

(e) *Non-exclusivity*

The submission to the jurisdiction of the courts of England shall not (and shall not be construed so as to) limit the right of any holder of Notes, Receipts, Coupons or Talons to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not) if and to the extent permitted by law.

(f) *Consent to Enforcement etc.*

Subject to Condition 10 (*Subordination*), the Issuers consent generally in respect of any Proceedings to the giving of any relief or the issue of any process in connection with such Proceedings including (without limitation) the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such Proceedings.

17. **Third Parties**

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

## FORM OF THE NOTES

*The summary of the forms and provisions of the Notes contained in this section is intended to be a guide only and is subject to change, including as a result of any amendments to the Agency Agreement and the forms of Notes and the terms of the relevant Final Terms. For further details regarding the forms of Notes and the provisions applicable to the Notes, purchasers and potential purchasers of Notes are advised to review the Agency Agreement and the relevant Notes.*

1. **Initial Issue of Notes**

**Bearer Notes**

***Temporary Global Notes***

Unless otherwise specified in the relevant Final Terms, each Series or Tranche of notes in bearer form ("**Bearer Notes**") will initially be represented by a temporary global note (a "**Temporary Global Note**") if:

(a) Bearer Notes in definitive form are to be made available to Noteholders following the expiry of 40 days *after* the Issue Date of an identifiable Tranche of such Notes; or

(b) such *Notes* are being issued in compliance with U.S. Treasury Regulation §1.163-5(c)(2)(i)(D) (the "**D Rules**"), as specified in the relevant Final Terms.

***Permanent Global Notes***

In all other cases, each Series or Tranche of Bearer Notes will be represented by a permanent global note (a "**Permanent Global Note**").

The Temporary Global Note or Permanent Global Note (as the case may be) initially representing each Series or Tranche of Bearer Notes will:

(a) in the case of Notes to be cleared through Euroclear Bank SA/NV ("**Euroclear**") or Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"), be deposited on the Issue Date thereof with a common depositary (the "**Common Depositary**") for Euroclear or Clearstream, Luxembourg;

(b) in the case of Notes which are to be cleared through the Central Moneymarkets Unit Service (operated by the Hong Kong Monetary Authority ("**HKMA**")) ("**CMU**", and such Notes, "**CMU Notes**"), be delivered to a sub-custodian for the CMU; or

(c) in the case of a Series or Tranche to be cleared through a clearing system other than Euroclear, Clearstream, Luxembourg or the CMU (an "**Alternative Clearing System**"), be deposited as agreed between the relevant Issuer, the Guarantor (if applicable), the Fiscal Agent and the relevant Dealers.

**Registered Notes**

As set forth in the Final Terms, each Series or Tranche of Notes in registered form ("**Registered Notes**") will be represented by either:

(a) *Definitive Certificates*: one or more Certificates in definitive form which shall be delivered as agreed between the relevant Issuer, the Guarantor (if applicable) and the relevant Dealer(s); or

(b) *Registered Global Notes*: one or more registered Global Notes ("**Registered Global Notes**" and each a "**Registered Global Note**" and, together with the Temporary Global Note and the Permanent Global Note, the "**Global Notes**" and each a "**Global Note**") without Coupons, deposited on the Issue Date with: (1) in the case of a Series or Tranche to be cleared through Euroclear or Clearstream, Luxembourg, a Common Depositary, and registered in the name of a nominee, for Euroclear and Clearstream,

Luxembourg; (2) in the case of CMU Notes, a sub-custodian for the CMU and registered in the name of the HKMA as operator of the CMU; or (3) in the case of a Series or Tranche to be cleared through an Alternative Clearing System, as agreed between the relevant Issuer, the Guarantor (if applicable), the Fiscal Agent, the Registrar and the relevant Dealer(s).

2. **Clearing Systems**

Upon the initial deposit of a Bearer Global Note with a Common Depositary or a sub-custodian for the CMU Service, or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg or the HKMA as operator of the CMU Service and delivery of the relevant Registered Global Note to the Common Depositary or the sub-custodian for the CMU Service, Euroclear, Clearstream, Luxembourg or the CMU Service (as the case may be) will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

Notes that are initially deposited with the Common Depositary or a sub-custodian for the CMU Service may (if indicated in the relevant Final Terms) also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) Alternative Clearing Systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg and/or the CMU Service (as the case may be) held by such Alternative Clearing Systems. Conversely, Notes that are initially deposited with an Alternative Clearing System may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg, the CMU Service or other Alternative Clearing Systems.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any Alternative Clearing System as the holder of a Note represented by a Bearer Global Note or a Registered Global Note must look solely to Euroclear, Clearstream, Luxembourg or the Alternative Clearing System (as the case may be) for their share of each payment made by the relevant Issuer to the bearer of such Bearer Global Note or the holder of the underlying Registered Notes, as the case may be, and such payments and all other rights arising under the Bearer Global Notes or Registered Global Notes, will be subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Bearer Global Note or Registered Global Note and such obligations of the relevant Issuer, or the Guarantor (if applicable), will be discharged by payment to the bearer of such Bearer Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear, Clearstream, Luxembourg and/or any relevant Alternative Clearing System.

*CMU Notes*: For so long as a Bearer Global Note or a Registered Global Note is lodged with a sub-custodian for or registered with the CMU, the person(s) for whose account(s) interests in such Bearer Global Note or Registered Global Note are credited as being held in the CMU in accordance with the CMU Rules as notified by the CMU to the CMU Lodging and Paying Agent in a relevant CMU Issue Position Report or any other relevant notification by the CMU (which notification, in either case, shall be conclusive evidence of the records of the CMU save in the case of manifest error) shall be the only person(s) entitled to receive payments in respect of CMU Notes represented by such Bearer Global Note or Registered Global Note and the relevant Issuer and the Guarantor, if applicable, will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in such Bearer Global Note or Registered Global Note are credited as being held in the CMU at the close of business on the applicable date in respect of each amount so paid. Each of the persons shown in the records of the CMU, as the beneficial holder of a particular nominal amount of CMU Notes represented by such Bearer Global Note or Registered Global Note, must look solely to the CMU Lodging and Paying Agent for their share of each payment so made by the relevant Issuer or the Guarantor, if applicable, in respect of such Bearer Global Note or Registered Global Note.

3. **Exchange**

***Temporary Global Notes***

Each Temporary Global Note in respect of a Tranche of Bearer Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date:

(a) *Bearer Notes in definitive form*: if the relevant Final Terms indicates that such Temporary Global Note is issued in compliance with U.S. Treasury Regulation §1.163-5(c)(2)(i)(C) (the "**C Rules**") *or* in a transaction to which TEFRA is not applicable, in whole, but not in part, for Bearer Notes in definitive form as described below; and

(b) *Permanent Global Note*: otherwise, in whole or in part, upon certification as to non-US beneficial ownership in the form set out in the Agency Agreement, for interests in a Permanent Global Note or, if so *provided* in the relevant Final Terms, for Bearer Notes in definitive form, provided that the CMU Service may require that any such exchange for interests in a Permanent Global Note is made in whole and not in part and, in such event, no such exchange will be effected until all relevant accountholders (as set out in a CMU Issue Position Report or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU Service) have so certified.

"**Exchange Date**" means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after the Issue Date of the Notes.

***Permanent Global Notes***

Each Permanent Global Note in respect of a Tranche of Bearer Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not in part for Bearer Notes in definitive form only in the following circumstances:

(a) unless principal in respect of any Bearer Notes is not paid when due, by the relevant Issuer giving notice to the Noteholders and the Fiscal Agent or, if applicable, the CMU Lodging and Paying Agent, of its intention to effect such exchange;

(b) if the Final Terms provides that such Permanent Global Note is exchangeable at the request of the holder, by the holder giving notice to the Fiscal Agent or, if applicable, the CMU Lodging and Paying Agent, of its election for such exchange; or

(c) (i) if the Permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or the CMU or any Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (ii) upon or following any failure to pay principal in respect of any Bearer Notes when it is due and payable, by the holder giving notice to the Fiscal Agent or, if applicable, the CMU Lodging and Paying Agent, of its election for such exchange.

"**Exchange Date**" means, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the case of exchange following failure to pay principal in respect of any Bearer Notes when due 30 days, after that on which notice requiring exchange is given and on which commercial banks are open for business in the city in which the specified office of the Fiscal Agent (or, in the case of CMU Notes, the CMU Lodging and Paying Agent) is located and, except in the case of exchange pursuant to sub-paragraph (c)(i) above, in the cities in which Euroclear and Clearstream, Luxembourg, the CMU or any Alternative Clearing System (if applicable), are located.

A Permanent Global Note is not exchangeable in part except (provided that if the Permanent Global Note is held by or on behalf of Euroclear, Clearstream, Luxembourg, the CMU or an Alternative Clearing System, such clearing system permits) upon or following any failure to pay principal in respect of the Notes when it is due and payable.

The exchange at the request of the holder, as described in paragraph (b) above, should not be expressed to be applicable if the Notes are issued in denominations comprising a minimum Specified Denomination (such as €100,000 (or its equivalent in another currency)) plus one or more higher integral multiples of another smaller amount (such as €1,000 (or its equivalent in another currency)). Furthermore, such

denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Permanent Global Note in respect of a Tranche of Bearer Notes exchangeable for Bearer Notes in definitive form.

***Registered Global Notes***

Each Registered Global Note will only be exchangeable for Certificates in definitive form:

(a) if the Notes represented by the Registered Global Note are held (directly or indirectly) on behalf of Euroclear or Clearstream, Luxembourg, the CMU or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so;

(b) upon or following any failure to pay principal in respect of any Notes when it is due and payable; or

(c) with the consent of the relevant Issuer.

***Delivery***

On or after any due date for exchange of any Bearer Global Note or Registered Global Note, the holder of such Bearer Global Note or Registered Global Note may surrender the same or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent, the CMU Lodging and Paying Agent or the Registrar, as the case may be, or as otherwise specified in the Bearer Global Note or Registered Global Note, as the case may be. Upon surrender of any Bearer Global Note or Registered Global Note, or the part thereof to be exchanged, the relevant Issuer will:

(a) **Permanent Global Note** in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange; or

(b) **Definitive Notes and Certificates** in the case of a Permanent Global Note or Registered Global Note exchangeable for Notes or Certificates in definitive form (unless such exchange is at the request of the relevant Issuer) at the cost of the relevant Noteholder, cause an equal aggregate principal amount of Notes or Certificates in definitive form to be executed and delivered to the Fiscal Agent, the CMU Lodging and Paying Agent or the Registrar, as the case may be, for completion, authentication and dispatch to the relevant Noteholders.

Bearer Notes in definitive form will be security-printed and Certificates in definitive form will be printed in accordance with any applicable legal and listing venue, stock exchange and/or quotation system requirements in or substantially in the form set out in the Schedules to the Agency Agreement.

On exchange in full of each Bearer Global Note, the relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Notes in definitive form for which it was exchanged.

4. **Legends**

Each Bearer Note (including each Bearer Global Note), Talon and Coupon will bear the following legend:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

The sections of the U.S. Internal Revenue Code referred to in the legend provide that a United States taxpayer, with certain exceptions, will not be permitted to deduct any loss, and will not be eligible for capital gain treatment with respect to any gain realised, on any sale, exchange or redemption of Bearer Notes or any related Coupons.

5. **Provision Relating to Notes Whilst Notes in Global Form**

Each Bearer Global Note and Registered Global Note contains provisions that apply to the Notes that they represent, some of which modify the effect of the Conditions of the Notes set out in this Base Prospectus. The following is a summary of those provisions:

(a) ***Payments***

No person shall be entitled to receive any payment in respect of the Notes represented by any Bearer Global Note that falls due on or after the Exchange Date of that Bearer Global Note unless, upon presentation, exchange for an interest in, as appropriate, a Permanent Global Note or for Bearer Notes in definitive form is improperly withheld or refused or, in the case of a Permanent Global Note, the relevant Issuer does not comply with or perform its obligations under any Bearer Note in definitive form. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-US beneficial ownership in the form set out in the Agency Agreement.

*Notes other than CMU Notes:* All payments in respect of Bearer Notes will be made against presentation for endorsement and, if no further payment is due to be made in respect of such Notes, surrender of that Bearer Global Note to or to the order of the Fiscal Agent, or such other Paying Agent as shall have been notified to the Noteholders for such purpose. A record of each payment so made will be endorsed on each such Bearer Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes.

*CMU Notes:* In respect of a Global Note representing CMU Notes, any payments of principal, interest (if any) or any other amounts shall be made to the person(s) for whose account(s) interests in the relevant Global Note are credited (as set out in a CMU Issue Position Report or any other relevant notification supplied to the CMU Lodging and Paying Agent by the CMU Service) at the close of business on the Clearing System Business Day immediately prior to the date for payment and, save in case of final payment, no presentation of the relevant Global Note shall be required for such purpose.

So long as the Notes are represented by a Registered Global Note, the "**Record Date**" shall be the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment where "**Clearing System Business Day**" means a day on which the relevant clearing system is open for business.

(b) ***Prescription***

Claims against the relevant Issuer in respect of Notes issued by it that are represented by a Permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date.

(c) ***Meetings***

The holder of a Global Note or Registered Global Note shall (unless such Global Note or Registered Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements at any meeting of Noteholders. At any such meeting, the holder of a Permanent Global Note shall be treated as having one vote in respect of each minimum Specified Denomination of Notes for which such Permanent Global Note may be exchanged.

(d) ***Cancellation***

Cancellation of any Bearer Note represented by a Bearer Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Bearer Global Note and evidenced by the appropriate notation in the relevant schedule to such Bearer Global Note.

(e) ***Purchase***

Bearer Notes represented by a Permanent Global Note may only be purchased by the relevant Issuer or any of its subsidiaries together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

(f) ***Each Issuer's Options***

Any option of the relevant Issuer provided for in the Terms and Conditions of any Notes issued by it while such Notes are represented by a Global Note shall be exercised by the relevant Issuer giving notice to the Noteholders within the time limits set out in, and containing the information required by, the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Tranche or Series which are represented by a Global Note, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg, the CMU or any Alternative Clearing System (as the case may be).

(g) ***Noteholders' Options***

Any option of the Noteholders provided for in the Terms and Conditions of any Notes while such Notes are represented by a Global Note may be exercised by the holder of the Global Note delivering to the Fiscal Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent, within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions, a notice stating the principal amount of Notes in respect of which the option is exercised (but which shall not be required to state the serial numbers of such Notes) and at the same time presenting the Global Note to the Fiscal Agent or, in the case of CMU Notes, the CMU Lodging and Paying Agent or to a Paying Agent acting on behalf of the Fiscal Agent or the CMU Lodging and Paying Agent (as the case may be), for notation.

(h) ***Events of Default***

(i) *In respect of Notes issued by ANZBGL*

Each Bearer Global Note and Registered Global Note representing the Notes provides that the holder may from time to time exercise the right to declare the Notes represented by such Bearer Global Note or Registered Global Note due and repayable in the circumstances described in Condition 9 (*Events of Default*) in the section entitled "*Terms and Conditions of the Notes*" by stating in a notice to the Fiscal Agent the principal amount of such Bearer Global Note or Registered Global Note that is due and repayable. If principal in respect of any Note is not paid when due, the holder of a Bearer Global Note or Registered Global Note representing such Notes from time to time may elect in a notice to the Fiscal Agent for direct enforcement rights against ANZBGL under the terms of a Deed of Covenant executed as a deed by the Issuers on 18 November 2026 to come into effect in relation to the whole or a part of such Bearer Global Note or Registered Global Note in respect of which such failure to pay principal has occurred in favour of the persons entitled to such part of such Bearer Global Note or Registered Global Note, as the case may be, as accountholders with a clearing system. Following any such election, the specified portion of the Bearer Global Note or, as the case may be, the Registered Global Note and the corresponding entry in the register kept by the Registrar will become void, save to the extent that the appropriate direct enforceable rights shall fail to take effect for whatever reason. In the case of Bearer Global Notes, no such election may however be made on or before the Exchange Date unless the holder elects in such notice that the exchange for such Notes shall no longer take place.

(ii) *In respect of Notes issued by ANZ Bank New Zealand and ANZNIL*

Each Bearer Global Note and Registered Global Note provides that the holder may from time to time exercise the right to declare Notes represented by such Bearer Global Note or Registered Global Note due and repayable in the circumstances described in Condition 9 (*Events of Default*) in the section entitled "*Terms and Conditions of the Notes*" by stating in a notice to the Fiscal Agent the principal amount of such Bearer Global Note or Registered Global Note that is due and repayable. If principal in respect of any Note is not paid when due (but subject as provided below), the holder of a Bearer Global Note or Registered Global Note representing such Notes from time to time may elect in a notice to the Fiscal Agent for direct enforcement rights against the relevant Issuer under the terms of a Deed of Covenant executed as a deed by the Issuers on 18 November 2026 to come into effect in relation to the whole or a part of such Bearer Global Note or Registered Global Note in respect of which such failure to pay principal has occurred in favour of the persons entitled to such part of such Bearer Global Note or Registered Global Note, as the case may be, as accountholders with a clearing system. Following any such election, the specified portion of the Bearer Global Note or, as the case may be, the Registered Global Note and the corresponding entry in the register kept by the Registrar will become void, save to the extent that the appropriate direct enforceable rights shall fail to take effect for whatever reason. Save as provided in this paragraph and in the Deed of Covenant, no term of the Bearer Global Note or Registered Global Note may be enforceable by any person other than the holder. However, no such election may be made (A) in respect of Bearer Global Notes, on or before the Exchange Date unless the holder elects in such notice that the exchange for such Notes shall no longer take place, or (B) in respect of Notes represented by a Registered Global Note, unless the exchange of the whole or a part of the holding of Notes represented by that Registered Global Note shall have been improperly withheld or refused.

(i) ***Notices***

So long as any Notes are represented by a Bearer Global Note and such Bearer Global Note is held on behalf of a clearing system, notices to the holders of such Notes may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions. Such notices shall be deemed to have been given to the holders of the Notes in accordance with the Conditions on the date of delivery to that clearing system. In addition, so long as any Bearer Global Notes or Registered Global Notes are admitted to trading on the main market of the London Stock Exchange or to listing, trading and/or quotation by any other listing venue, stock exchange and/or quotation system (so long as such Bearer Global Notes or Registered Global Notes are admitted to trading on the main market of the London Stock Exchange or to listing, trading and/or quotation by any other listing venue, stock exchange and/or quotation system), notices shall also be published as may be required by the rules and regulations of such listing venue, stock exchange and/or quotation system and on the website of the Issuer at https://www.anz.com/debtinvestors/centre/programmes/anz-banking-group/euro-medium-term-note-programme-aus/ in respect of Notes issued by ANZBGL and at https://www.anz.com/debtinvestors/centre/programmes/anz-new-zealand/euro-medium-term-note-programme-nz/ in respect of Notes issued by ANZ Bank New Zealand and ANZNIL.

Notwithstanding the above, for so long as the Notes are represented by a Global Note and such Global Note is held on behalf of CMU Service, notices to the Noteholders may be given by delivery of relevant notice to the CMU Lodging and Paying Agent for communication to the CMU Members or to the person shown in a CMU Issue Position Report issued by the CMU Service on the Business Day preceding the date of dispatch of such notice as holding interests in the Global Note, and any such notice shall be deemed to have been given to the Noteholders on the second business day after the date on which such notice is so delivered.

(j) ***CMU Lodging and Paying Agent***

So long as the Notes are represented by a Global Note and such Global Note is held on behalf of the CMU Service, any reference in this section (headed "Form of the Notes") to "Fiscal Agent" shall, whenever the context so permits, be deemed to mean the "**CMU Lodging and Paying Agent**".

### OVERVIEW

### APRA

ANZBGL and ANZGHL are APRA-regulated entities, with obligations under the Banking Act and APRA prudential and reporting standards.

A summary of APRA's regulation of the ANZ Group is set out below.

- ANZGHL: is an authorised NOHC. It is required to comply with the conditions of its authorisation, which are set out in a legislative instrument published by APRA titled "Authority to be a NOHC of an ADI 2022 – ANZ Group Holdings Limited" dated 4 October 2022. APRA has the ability to review and modify the authorised NOHC conditions at any time if it considers it appropriate to do so. As an authorised NOHC, ANZGHL is also subject to regulation under the Banking Act and certain APRA prudential standards. As the head of a Level 3 group, it is required to ensure certain APRA prudential standards are applied appropriately throughout the ANZ Group (including the ANZ Bank Group and relevant members of the ANZ Non-Bank Group).

- ANZ Bank Group: includes the ANZ Group's entities that conduct banking business (including ANZBGL, Suncorp Bank, ANZ Bank New Zealand and the other entities in the ANZBGL Group). As noted above, ANZGHL is required to apply certain APRA prudential standards appropriately throughout the ANZ Group, including to relevant members of the ANZ Non-Bank Group either in line with specific APRA requirements or where ANZGHL considers it appropriate to do so to protect the ANZ Group or its customers.

ANZGHL is required to hold adequate capital to reflect the risks of the whole ANZ Group, including both the ANZ Bank Group and ANZ Non-Bank Group. The ANZ Bank Group's capital requirements, including those applicable to ANZBGL, are determined by existing APRA requirements.

**Other**

A number of other regulators maintain oversight and regulation of the ANZ Group (including both the ANZ Bank Group and ANZ Non-Bank Group). In Australia, these regulators include:

- Australian Securities and Investments Commission ("**ASIC**") – in relation to corporations, financial services, consumer credit and securities matters;
- Australian Competition and Consumer Commission ("**ACCC**") – in relation to competition, fair trading and consumer protection matters;
- Australian Transaction Reports and Analysis Centre ("**AUSTRAC**") – in relation to anti-money laundering and counter-terrorism financing laws; and
- the Office of the Australian Information Commissioner ("**OAIC**") – in relation to privacy and freedom of information law.

In the United States, these regulators include the United States Federal Reserve and the Office of the Comptroller of the Currency.

**AUSTRALIA**

**Prudential and Regulatory Supervision**

*The Supervisory Role of APRA*

APRA is responsible for the prudential and regulatory supervision of Australian ADIs (which includes banks (including ANZBGL), credit unions and building societies), insurance companies and superannuation funds. The Reserve Bank of Australia ("**RBA**") has overall responsibility for monetary policy, financial system stability and payments system regulation. APRA is also responsible for prudential regulation and supervision of various other regulated entities, such as authorised NOHCs (including ANZGHL).

APRA requires ADIs to meet certain prudential requirements that are covered in a range of APRA prudential standards.

APRA discharges its responsibilities in part by requiring ADIs subject to its supervision to regularly provide it with reports that set forth a broad range of information, including financial and statistical data relating to their financial position and information in respect of prudential and other matters. APRA gives special attention to capital adequacy, liquidity, earnings, credit quality and associated loan loss experience, concentration of risks, maturity profile of assets and liabilities, operational risks, market risks, interest rate risk in the banking book ("**IRRBB**"), exposures to related entities, funds management, governance, remuneration, operational resilience, recovery and resolution planning, audit and related matters, securitisation activities and international banking operations. APRA may also exercise certain investigative powers if an ADI fails to provide information about its financial condition.

In carrying out its supervisory role, APRA supplements its analysis of data collected from ADIs with a mix of regular and targeted reviews and formal meetings with the ADI's senior management and the ADI's external auditor. APRA has also formalised a relationship with each ADI's external auditor, with the agreement of the relevant ADI. The external auditor provides additional assurance to APRA that the information sourced from an ADI's accounting records and included in the ADI's APRA reporting is, in all material respects, reliable and in accordance with the relevant APRA prudential and reporting standards. The external auditor may undertake targeted reviews of specific risk management areas, as a result of consultation with APRA. In addition, the board of directors of an ADI must make an annual declaration to APRA on risk management of the ADI in the form specified by applicable prudential standards.

Where APRA considers that an ADI may become unable to meet its obligations or may suspend payment (among other circumstances), APRA can take control of the ADI's business (including by appointment of a Banking Act statutory manager). APRA also has power to direct the ADI not to make payments in respect of its indebtedness. In addition, APRA has powers under the Financial Sector (Transfer and Restructure) Act 1999 of Australia to require the compulsory transfer of some or all of an ADI's assets and liabilities or its shares to another body specified by APRA (which need not in all cases be an ADI). Broadly, APRA may require such a transfer in circumstances including where the relevant Australian Minister declares that the transfer should occur, or APRA is satisfied that there has been a contravention of the Banking Act or regulations or instruments made under it or the ADI has informed APRA that it is likely to become unable to meet its obligations or is about to suspend payment, and certain other criteria are met, including that APRA is satisfied that the transfer is appropriate having regard to the interests of the financial sector as a whole. A counterparty to a contract with an ADI cannot rely solely on the fact that a Banking Act statutory manager is in control of the ADI's business or on the making of a direction or compulsory transfer order as a basis for denying any obligations to the ADI or for accelerating any debt under that contract, closing out any transaction relating to that contract or enforcing any security under that contract.

*Other Australian Regulators*

In addition to APRA and its prudential and regulatory supervision, ANZBGL and its Australian subsidiaries are supervised and regulated in some respects by other regulators including ASIC, ACCC, AUSTRAC, OAIC and various securities exchanges.

ASIC is Australia's corporate, markets, financial services and consumer credit regulator. It regulates Australian companies, financial markets, financial services organisations and professionals who deal in and advise on investments, superannuation, insurance, deposit-taking and credit. As the consumer credit regulator, ASIC licenses and regulates people and businesses engaging in consumer credit activities (including banks, credit unions, finance companies, and mortgage and finance brokers). ASIC ensures that licensees meet required standards, including those related to responsibilities to consumers that are set out in the National Consumer Credit Protection Act 2009 of Australia. As the financial markets regulator, ASIC assesses how effectively authorised financial markets are complying with their legal obligations to operate fair, orderly and transparent markets. ASIC is responsible for the supervision of trading on Australia's domestic licensed equity, derivatives and futures markets. As the financial services regulator, ASIC licenses and monitors financial services businesses to ensure that they operate efficiently, honestly and fairly. ANZBGL provides products and participates in markets regulated by ASIC.

The ACCC is an independent Commonwealth statutory authority that promotes competition and fair trading in the Australian marketplace to benefit consumers, businesses and the community. It also regulates some national infrastructure services. Its primary responsibility is to ensure that individuals and businesses, including the ANZBGL Group, comply with the Australian competition, fair trading and consumer protection laws.

AUSTRAC is Australia's financial intelligence agency and its anti-money laundering and counter-terrorism financing regulator. The ANZBGL Group is required to comply with certain anti-money laundering and counter-terrorism financing legislation and regulations under Australian law, including the AML/CTF Act. The AML/CTF Act is administered by AUSTRAC.

The OAIC is an independent agency within the Australian Attorney General's portfolio. Its primary functions are privacy, freedom of information and government information policy, with responsibilities including conducting investigations, reviewing decisions, handling complaints, and providing guidance and advice.

Secrecy obligations may apply from time to time under or in connection with applicable laws including, without limitation, anti-money laundering, whistleblowing and banking and prudential laws and regulations. Information subject to such secrecy obligations may not be publicly disclosed.

**Capital and Liquidity**

*Capital*

The common framework for determining the appropriate level of bank regulatory capital is set by the Basel Committee on Banking Supervision under a framework that is commonly known as "Basel III".

For calculation of minimum capital requirements under Pillar 1 ("**Capital Requirements**") of the Basel Accord, the ANZBGL Group has been accredited by APRA to use the advanced internal ratings based methodology for credit risk weighted assets and APS 115 *Capital Adequacy: Standardised Measurement Approach to Operational Risk* for operational risk weighted assets.

APRA has adopted the majority of Basel III capital reforms in Australia. APRA views the Basel III reforms as a minimum requirement and hence has not incorporated some of the concessions proposed in the Basel III rules and has also set higher requirements in other areas. As a result, Australian banks' Basel III reported capital ratios are not directly comparable with international peers. The APRA Basel III reforms included: increased capital deductions from CET1 capital, an increase in capitalisation rates (including prescribed minimum capital buffers, fully effective from 1 January 2023), tighter requirements around new AT1 and Tier 2 securities and transitional arrangements for existing AT1 and Tier 2 securities that do not conform to the new regulations.

For further discussion regarding capital regulatory developments, see "*Australian Regulatory Developments – Capital and Liquidity*" below.

**Liquidity**

ANZBGL's liquidity and funding risks are governed by a detailed ANZBGL Board-approved policy framework. The management of the liquidity and funding positions and risks is overseen by the ANZBGL Group Asset and Liability Committee. ANZBGL's liquidity risk appetite is defined by the ability to meet a range of regulatory requirements and internal liquidity metrics mandated by ANZBGL's Board. The metrics cover a range of scenarios of varying duration and level of severity. This framework helps:

- provide protection against shorter-term but more extreme market dislocations and stresses;
- maintain structural strength in the balance sheet by ensuring that an appropriate amount of longer-term assets are funded with longer-term funding; and
- ensure no undue timing concentrations exist in the ANZBGL Group's funding profile.

A key component of this framework is the Liquidity Coverage Ratio ("**LCR**"). The LCR is a severe short term liquidity stress scenario mandated by banking regulators including APRA. It was introduced as part of the Basel III international framework for liquidity risk measurement, standards and monitoring.

Another important component of this framework is APRA's Net Stable Funding Ratio ("**NSFR**") requirement. ANZBGL observes its prudential obligations in relation to liquidity and funding risk as required by APRA's *APS 210 Liquidity* ("**APS 210**"), as well as the prudential requirements of overseas regulators on ANZBGL's offshore operations.

**Capital Management and Liquidity within APRA's Regulations**

For further details of the ANZBGL Group's capital management and liquidity, refer to Notes 14, 16, and 17 of ANZBGL's 2026 Audited Financial Statements and the sections entitled "Liquidity", "Funding" and "Capital Management" on pages 56 to 57 of the 2026 Annual Report of ANZBGL, which are incorporated by reference into this Base Prospectus.

**Crisis Management**

Under the Banking Act, APRA has power to facilitate the orderly resolution of the entities it regulates (and certain of their subsidiaries and holding companies) in times of distress. Powers which could impact the ANZBGL Group include oversight, management and directions powers in relation to ANZBGL and other ANZ Group entities (including ANZGHL) and statutory management powers over regulated entities within the ANZ Group (including ANZGHL). The Banking Act includes provisions which are

designed to give statutory recognition to the conversion or write-off of regulatory capital instruments (the "**Statutory Conversion and Write-Off Provisions**").

The Statutory Conversion and Write-Off Provisions apply in relation to regulatory capital instruments issued by certain financial sector entities (including ADIs, of which ANZBGL is one) that contain provisions for conversion or write-off for the purposes of APRA's prudential standards. Where the Statutory Conversion and Write-Off Provisions apply to an instrument, that instrument may be converted in accordance with its terms. This is so despite any law (other than specified laws, currently those relating to the ability of a person to acquire interests in an Australian corporation or financial sector entity), the constitution of the issuer or of the entity into whose ordinary shares the instrument converts (the "conversion entity") for the instrument, any contract to which the issuer or the conversion entity for the instrument is a party, and any listing rules, operating rules or clearing and settlement rules applicable to the instrument. In addition, the Banking Act includes a moratorium on the taking of certain actions, such as denying any obligation, accelerating any debt, closing out any transaction or enforcing any security, on grounds relating to the operation of the Statutory Conversion and Write-Off Provisions.

***RBNZ Capital Requirements***

In 2025, the RBNZ conducted a review of its key capital requirements for banks that were being progressively implemented to July 2028. The RBNZ is expected to further consult on various aspects of the revised requirements, including certain transitional arrangements, during the period to December 2028.

Under the RBNZ's proposed revised capital adequacy requirements, ANZ Bank New Zealand would be required to issue Tier 2 and loss absorbing capacity ("**LAC**") securities, equivalent to 9 per cent. of its RWA, to ANZBGL. The RBNZ proposal remains subject to consultation on the transitional pathway and the Tier 2 capital and loss absorbing capacity securities requirements and there may be other or different consequences. The transitional pathway is expected to commence in December 2028 and the RBNZ has proposed that the transition to the new Tier 2 and LAC securities be completed by December 2030. APRA has clarified its policy intent in APS 111 effective from 1 January 2027, that eligible Tier 2 capital or TLAC instruments issued by a subsidiary internally to its Australian parent entity are to be deducted from the parent entity's Tier 2 capital.

The impact of the review on the ANZBGL Group is uncertain. See "*New Zealand Regulatory Developments - Bank capital adequacy requirements*" and "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*" for further information.

***APRA consultation on enhancements to ADI Capital and Liquidity Requirements***

In March 2026, APRA announced plans to consult on enhancements to ADI capital and liquidity settings. The proposals include:

- changes to the liquidity framework for the largest banks, including holding liquidity to address risks not covered by existing LCR minimum requirements;
- targeted amendments to the standardised credit risk capital framework; and
- the implementation of a simplified approach to the Basel Committee's Fundamental Review of the Trading Book ("**FRTB**").

In June 2026, APRA released a consultation paper outlining targeted reforms to the credit risk capital framework for ADIs. The proposals include lowering standardised credit risk for public infrastructure exposures, improving risk sensitivity of high-quality unrated corporate exposures and supporting productive lending to land acquisition, development and construction.

APRA expects the proposals to be implemented from 1 April 2027 with further consultation on liquidity framework and FRTB to occur over the following 12 months. The aggregate final outcome from all

changes to APRA's prudential standards relating to their review of ADIs capital and liquidity frameworks remains uncertain.

***APRA's approach to Additional Tier 1 Capital in Australia***

In December 2025, APRA finalised its prudential standards relating to the removal of AT1 capital, with the new prudential standards to come into effect from 1 January 2027. Large, internationally active banks, such as the ANZBGL Group, which have received APRA approval to use the Internal Ratings-based Approach to credit risk capital requirements ("**Advanced**" banks) will be required to:

- replace the current requirement for 1.5 per cent. of AT1 capital with 0.25 per cent. of CET1 capital and 1.25 per cent. of Tier 2 capital;
- increase the minimum CET1 capital requirement from 4.5 per cent. to 6.0 per cent., but remove the Advanced portion of the capital conservation buffer of 1.25 per cent.;
- keep the total capital minimum, inclusive of APRA buffers, unchanged at 18.25 per cent. (including TLAC requirements); and
- increase the Tier 2 requirement (inclusive of TLAC) from 6.5 per cent. to 7.75 per cent.

The amount of an Additional Tier 1 Capital Instrument issued before 1 January 2027 continues to be recognised in the calculation of Total Capital until its first call date.

In addition, APRA has replaced references to Tier 1 capital with CET1 capital for the purposes of the leverage ratio and exposure limits in APS 222 *Associations with Related Entities* ("**APS 222**"), APS 221 *Large Exposures* ("**APS 221**") and Trans-Tasman funding arrangements. APRA has also reduced the minimum leverage ratio by 0.25 per cent. from 3.50 per cent. to 3.25 per cent. These changes will reduce the ANZBGL Group's capacity to fund exposures under the above metrics; however, the impact on the ANZBGL Group will depend on existing capacity under these metrics. APRA's consultation paper relating to these changes noted that ADIs impacted by the changes to APS 222, APS 221 or Trans-Tasman funding arrangements can discuss potential adjustments with APRA.

For further information see "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*" and "*Liquidity and funding risk events may adversely affect the ANZBGL Group's Position*".

***Restrictions on ANZBGL's ability to provide financial support***

*Effect of APRA's Prudential Standards*

APRA's current or future requirements may have an adverse effect on ANZBGL's business, results of operations, liquidity, capital resources or financial condition.

APS 222 sets minimum requirements for ADIs in Australia, including ANZBGL. The key requirements of APS 222 are that an ADI must have a board approved policy that governs its associations and dealings with its related entities, identify, monitor, manage and control potential contagion risk between the ADI and its related entities and step-in risk entities, meet minimum requirements with respect to dealings with related entities and step-in risk entities which may give rise to prudential concerns and maintain exposures to related entities within limits.

Under APS 222, ANZBGL's ability to provide support to related entities (including ANZ Bank New Zealand and Suncorp Bank) is subject to the following restrictions:

- ANZBGL must not undertake any dealings with unrelated entities, for the dominant purpose of supporting the business of related entities;
- ANZBGL must not provide support to related entities, and it must not accept support from related entities, unless such support is expressed clearly in legal documentation, is fixed as to time and amount and is in accordance with ANZBGL's policies and the prudential requirements

set out in paragraphs 13 to 17 of APS 222. These requirements include without limitation that ANZBGL must not:

- have unlimited exposures to related entities either in aggregate or at an individual entity level; or
- agree to cross-default clauses whereby a default by a related entity on an obligation (whether financial or otherwise) triggers or is deemed to trigger a default by ANZBGL on its obligations;

- ANZBGL must satisfy APRA upon request that when it purchases assets from or securities or other forms of liabilities issued by a related entity, or sells assets and securities to a related entity, these activities do not constitute ANZBGL providing capital support to the related entity; and
- the exposures, net of any equity exposures and capital support deducted from capital, of ANZBGL:

(i) to related ADIs or overseas equivalents, such as ANZ Bank New Zealand or Suncorp Bank, must not exceed (A) 25 per cent. on an individual exposure basis; or (B) 75 per cent. in aggregate to all related ADIs and overseas equivalents, in each case of ANZBGL's Level 1 Tier 1 capital base until 31 December 2026 and of ANZBGL's Level 1 CET1 capital base from 1 January 2027; and

(ii) to other related entities:

(a) in the case of a regulated related entity, must not exceed 25 per cent. on an individual exposure basis; or

(b) in the case of any other (unregulated) related entity, must not exceed 15 per cent. on an individual exposure basis; and

(c) must not exceed in aggregate 35 per cent. to all non-ADIs or equivalent related entities,

in each case of ANZBGL's Level 1 Tier 1 capital base until 31 December 2026 and of ANZBGL's Level 1 CET1 capital base from 1 January 2027.

ANZBGL's exposure to ANZ Bank New Zealand at 30 September 2026 is compliant with the APS 222 limits.

In addition, APRA has implemented restrictions on Trans-Tasman funding arrangements which require that no more than 5 per cent. of ANZBGL's Level 1 Tier 1 capital base can comprise non-equity exposures to its New Zealand banking operations (including its subsidiaries incorporated in New Zealand, such as ANZ Bank New Zealand, and ANZBGL's New Zealand branch) during ordinary times. This limit does not include holdings of equity or capital instruments and eligible secured contingent funding support provided to the ANZ Bank New Zealand Group during times of financial stress.

APRA also confirmed that contingent funding support can be provided by ANZBGL to its New Zealand banking operations during times of financial stress on terms that are acceptable to APRA. At present, only covered bonds meet APRA's criteria for contingent funding. Such contingent support is captured within ANZBGL's total exposures to its New Zealand banking operations which must not exceed 50 per cent. of ANZBGL's Level 1 Tier 1 capital base.

*Effect of the Level 3 framework*

In addition, APRA's Level 3 framework as it relates to, among other things, group governance and risk exposures requires the ANZBGL Group to limit its financial and operational exposures to subsidiaries (including ANZ Bank New Zealand and Suncorp Bank).

In determining the acceptable level of exposure to a subsidiary, ANZBGL's Board of Directors should have regard to:

- the exposures that would be approved for third parties of broadly equivalent credit status; and

- the potential impact on ANZBGL's capital and liquidity positions and ability to continue operating in the event of a failure by the subsidiary.

These requirements are not expected to place additional restrictions on ANZBGL's ability to provide financial or operational support to its subsidiaries, including ANZ Bank New Zealand and Suncorp Bank.

**Regulatory Developments - Other**

***Non-financial risk management enforceable undertaking***

On 3 April 2025, the ANZBGL Group announced it had entered into a court enforceable undertaking ("**CEU**") with APRA for matters relating to non-financial risk management practices and risk culture across the ANZBGL Group and accepted an additional operational risk capital overlay of A$250 million (overlay increased to A$1 billion in total). For further information see Note 31 to the ANZBGL 2026 Audited Financial Statements which are incorporated by reference into this Base Prospectus and the risk factor, "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*".

***Residential mortgage lending practices***

APRA closely monitors residential mortgage lending practices and takes steps aimed at strengthening residential mortgage lending standards across the banking industry.

The minimum interest rate buffer, as outlined by APRA, requires ADIs to use a buffer of at least 3 per cent. over the loan interest rate when assessing the serviceability of home loan applications. APRA has informed ADIs that they must have the ability to limit the extent of lending in the following loan types:

(a) lending with a debt-to-income ratio greater than or equal to four times or six times;

(b) lending with a loan-to-valuation ratio greater than or equal to 80 per cent. or 90 per cent.;

(c) lending for the purposes of investment;

(d) lending on an interest-only basis; and

(e) lending with a combination of any two of the types specified in (a) to (d).

Effective from 1 February 2026, APRA required ADIs to implement a limit of up to 20 per cent. of new residential mortgage lending at a debt-to-income ratio of six times or higher. This applies separately to each of the owner-occupier and investor portfolios.

***Changes in classifications for residential mortgage loans***

The current classification of ANZBGL's residential mortgage loans, as reported to regulators and the market, is generally determined during the loan origination process (i.e. loan application, processing and funding), based on information provided by the customer or subsequently when a customer requests changes to the loan.

Classification of residential mortgage loans may change due to:

- incorrect classification at origination: to the extent that customers inaccurately advise ANZBGL of their circumstances at origination, there is a risk that loans may be incorrectly classified, and such loans may be reclassified;

- changes in customer circumstances: ongoing appropriateness of a given classification relies on the customer's obligation to advise ANZBGL of any changes in the customer's circumstances and on ANZBGL's ability to independently validate the information provided by its customers. To the extent that customers advise of any changes in their circumstances or when ANZBGL makes such a determination based on its verification processes, a loan may be reclassified;

- regulatory or other changes: the criteria for loan classifications, and their interpretation, may change for one or more reporting purposes, which may affect the classification of certain loans; and

- changes in ANZBGL's systems and processes.

Incorrect classification or re-classification of loans may affect a customer's ability to meet required repayments, such as when an owner-occupied property loan is re-classified to an investment property loan, which may attract a higher interest rate. The inability of customers to meet repayment obligations on re-classified loans may increase the risk of default on such loans, which may adversely affect the ANZBGL Group's Position.

***Other***

For further information on regulatory developments, including the risks they pose to the ANZBGL Group, see "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*".

**UNITED STATES**

ANZBGL is an indirect subsidiary of ANZGHL and a direct subsidiary of ANZ BH Pty Ltd (ACN 658 939 952) ("**ANZ Bank HoldCo**"). Each of ANZGHL and ANZ Bank HoldCo is a non-operating holding company. Each of ANZBGL, ANZGHL and ANZ Bank HoldCo has elected to be treated as a "Financial Holding Company" (a "**FHC**") by the Board of Governors of the Federal Reserve System (the "**FRB**"). A FHC is allowed to engage, or acquire companies engaged, in the U.S. in activities that are determined by the FRB and the Secretary of the Treasury to be financial in nature or incidental thereto, and, with FRB approval, activities that are determined by the FRB to be complementary to financial activities.

Under the Bank Holding Company Act of 1956 (the "**BHC Act**"), the activities of a FHC are subject to restrictions if it is determined that the FHC (including its U.S. branches and agencies and U.S. depository institution subsidiaries) ceases to be "well managed" or "well capitalised" as defined in FRB regulations, the FHC is the subject of an enforcement action requiring it to maintain a specific level of capital, or any U.S. depository institution subsidiary of the FHC fails to maintain at least a "Satisfactory" or better rating under the Community Reinvestment Act. The FRB is the "umbrella" supervisor with jurisdiction over FHCs, including ANZBGL, ANZGHL and ANZ Bank HoldCo.

Each of ANZBGL, ANZGHL and ANZ Bank HoldCo is subject to U.S. federal laws and regulations, including the International Banking Act of 1978 (the "**IBA**"). Under the IBA, all branches and agencies of foreign banks in the United States, including ANZBGL's New York branch ("**New York Branch**"), are subject to reporting and examination requirements similar to those imposed on domestic banks that are owned or controlled by U.S. bank holding companies. As a federally-licensed branch regulated primarily by the Office of the Comptroller of the Currency in the United States (the "**OCC**"), the New York Branch can engage in activities permissible for national banks, with the exception that the New York Branch may not accept retail deposits. As the New York Branch does not accept retail deposits (although it does accept institutional and corporate deposits), the New York Branch is not subject to the supervision of the Federal Deposit Insurance Corporation ("**FDIC**"). ANZBGL, ANZGHL and ANZ Bank HoldCo are subject to the BHC Act. An FHC's activities as FHC would become subject to restrictions if it does not meet the "well managed" or "well capitalised" requirements or if it were to become the subject of an enforcement action requiring it to maintain a specific level of capital.

Under the IBA, the FRB has the authority to impose reserve requirements on deposits maintained by U.S. branches and agencies of foreign banks, including the New York Branch. The New York Branch must maintain its accounts and records separate from those of ANZBGL, ANZGHL and ANZ Bank HoldCo and must comply with such additional requirements as may be prescribed by the OCC. The IBA and the BHC Act also affect the ability of ANZBGL, ANZGHL and ANZ Bank HoldCo to engage in non-banking activities in the United States.

Under the IBA, a federal branch of a non-U.S. bank is subject to receivership by the OCC to the same extent as a national bank. The Comptroller may take possession of the business and property of a federal branch. The Comptroller has at its disposal a wide range of supervisory and enforcement tools for

addressing violations of laws and regulations, and breaches of safety and soundness, which can be imposed upon federal branches. The Comptroller may remove federal branch management and assess civil money penalties. In certain circumstances, the Comptroller may also terminate a federal branch licence at its own initiative or at the recommendation of the FRB.

Each of ANZBGL, ANZGHL and ANZ Bank HoldCo is subject to certain provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("**Dodd-Frank**"). Dodd-Frank regulates many aspects of the business of banking in the United States and internationally.

Section 13 of the BHC Act and its implementing regulations, commonly referred to as the "**Volcker Rule**", among other things, generally prohibit banks and their affiliates from engaging in certain "proprietary trading" (but allow certain activities such as underwriting, market making-related and risk-mitigating hedging activities) and limit the sponsorship of, and investment in, certain private funds (including private equity funds and hedge funds), subject to certain important exceptions and exemptions.

Other Dodd-Frank regulations impose minimum margin requirements on uncleared swaps and security-based swaps, require the central execution and clearing of standardised over the counter derivatives on regulated trading platforms and clearing houses, set limits on the size of positions in certain types of derivatives, require the reporting of transaction data to regulated swap and security-based swap data repositories, and provide for heightened supervision of dealers and major market participants in the derivatives markets. ANZBGL is a registered swap dealer under the Commodity Exchange Act and Commodity Futures Trading Commission ("**CFTC**") regulations and is a member of the National Futures Association. While ANZBGL is not a registered security-based swap dealer with the U.S. Securities and Exchange Commission ("**SEC**"), it may register at such time as it is required or that it considers appropriate. In addition, other affiliated entities within the ANZBGL Group could become subject to swap dealer or security-based swap dealer registration, depending on the level of their swap or security-based swap dealing activities with counterparties that are U.S. persons and certain other categories of counterparties. Even if not required to be registered with the CFTC or the SEC, such entities are potentially subject to certain of the CFTC's or SEC's regulatory requirements, in connection with transactions that they enter into with counterparties that are U.S. persons and certain other categories of counterparties.

The CFTC adopted rules regarding cross-border transactions which, among other things, permit "substituted compliance" by swap dealers located in non-U.S. jurisdictions with regulatory schemes determined by the CFTC to be comparable to its own. The CFTC had made such a determination with respect to certain aspects of Australian law and regulation pursuant to guidance issued by the CFTC, and that determination has continued to remain in effect under the current rules. Pursuant to that determination, ANZBGL is able to rely on substituted compliance with certain Australian rules in lieu of compliance with corresponding CFTC rules.

U.S. prudential regulators, the CFTC and the SEC have implemented rules imposing initial and variation margin requirements on transactions in uncleared swaps and security-based swaps. As ANZBGL is a swap dealer supervised by the FRB and operates the New York Branch that is regulated by the OCC, it is required to comply with the uncleared swap margin rules promulgated by the FRB, the OCC and certain other prudential regulators. These rules impose requirements to collect and post initial and variation margin in respect of in-scope trading with in-scope counterparties. The rules of the prudential regulators also allow non-U.S. swap dealers, such as ANZBGL, to comply with the applicable laws of non-U.S. jurisdictions in lieu of compliance with their margin rules if the prudential regulators make a determination of comparability with respect to such non-U.S. jurisdictions, or otherwise not to comply with U.S. margin rules, with respect to certain categories of transactions and counterparties.

Each of ANZBGL, ANZGHL and ANZ Bank HoldCo is subject to "enhanced prudential regulations" under Reg. YY, Subpart N, which was adopted pursuant to Dodd-Frank Section 165, and which requires compliance with the financial and risk oversight requirements thereof. ANZGHL, as the top tier holding company, is required to submit U.S. resolution plans to the FRB and the FDIC. The FRB's and the FDIC's rules apply tailored requirements on resolution planning and prudential standards to foreign banking organisations, depending on the size of their U.S. operations and their risk profile. ANZGHL submitted its most recent triennial U.S. resolution plan to the FRB and the FDIC in June 2025. ANZGHL

is currently a triennial reduced filer under the rules. If ANZGHL remains a reduced triennial filer, ANZGHL will be required to submit the next resolution plan on or before 1 July 2028.

ANZGHL conducts its debt capital markets activities in the United States through ANZ Securities, Inc. ("**ANZSI**"). ANZSI is a broker-dealer licensed by the SEC and supervised by the SEC and the Financial Industry Regulatory Authority ("**FINRA**"). ANZSI is also licensed in the states and territories where it does business. The SEC and FINRA have extensive compliance requirements that apply to ANZSI, including record-keeping, transaction and communications monitoring, supervision of ANZSI staff, internal policies and procedures, and many others that govern the day-to-day business of ANZSI. ANZSI is subject to periodic reviews of its operations by the SEC and FINRA.

FATCA requires financial institutions to undertake specific customer due diligence and provide information on account holders (including substantial owners for certain entities) who are U.S. citizens or tax residents to the United States Federal tax authority, the Internal Revenue Service, either directly or via local tax authorities. If the required due diligence is not performed and the required information is not provided in accordance with applicable requirements, the ANZBGL Group and/or persons owning assets in accounts with ANZBGL Group members may be subjected to a 30 per cent. withholding tax on certain amounts. Currently, such withholding applies only to certain payments derived from sources within the United States. Under proposed U.S. Treasury Regulations, payments derived from sources outside the United States will not be subject to such withholding until two years after final U.S. regulations defining "foreign passthru payment" are enacted. There is currently no proposed or final definition of "foreign passthru payment" and it is therefore impossible to know whether certain payments could possibly be treated as foreign passthru payments.

If any country in which the ANZ Group operates neither has nor enforces an Intergovernmental Agreement with the United States, and local law prevents compliance with FATCA, the ANZ Group may face broader compliance issues, significant withholding exposure and operational impacts.

A major focus of U.S. governmental policies affecting financial institutions has been combating money laundering, terrorist financing and violations of U.S. sanctions. The Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the "**Patriot Act**") substantially broadened the scope of U.S. anti-money laundering laws by imposing significant compliance and due diligence obligations, identifying crimes and stipulating penalties and expanding the extra-territorial jurisdiction of the U.S. The U.S. Treasury Department has issued a number of regulations implementing various requirements of the Patriot Act, and other U.S. laws with respect to sanctions that apply to U.S. financial institutions, including certain U.S. non-bank subsidiaries and U.S. bank subsidiaries and branches of foreign banks, such as ANZSI and the New York Branch.

Those regulations require financial institutions operating in the United States to maintain appropriate policies, procedures and controls to detect, prevent, and report money laundering and terrorist financing and to verify the identity of their customers. They also require financial institutions in the United States to operate in compliance with U.S. sanctions regimes. In addition, the U.S. bank regulatory agencies have imposed heightened standards and U.S. law enforcement authorities have intensified enforcement of such matters and imposed substantial penalties, restrictions with respect to future operations and actions with respect to relevant personnel. Failure of a financial institution to maintain and implement adequate policies and procedures to combat money laundering and terrorist financing, and to comply with U.S. sanctions regimes, could have serious legal and reputational consequences for the financial institution, as well as result in the imposition of civil, monetary and criminal penalties.

The Anti-Money Laundering Act of 2020 ("**AMLA**") comprehensively reforms and modernises U.S. anti-money laundering laws. Among other things, the AMLA codifies a risk-based approach to anti-money laundering compliance for financial institutions, requires the U.S. Department of the Treasury to develop standards for evaluating technology and internal processes for anti-money laundering compliance and expands enforcement and investigation-related authority, including in the available sanctions for certain violations. The effects of the AMLA are dependent on the required additional rulemakings, reports, implementation guidance and other measures. The Financial Crimes Enforcement Network, a bureau of the U.S. Department of the Treasury, has issued the priorities for anti-money laundering and countering the financing of terrorism policy, as required under the AMLA. The priorities

include corruption, cybercrime, terrorist financing, fraud, transnational crime, drug trafficking, human trafficking and proliferation financing.

**OTHER REGULATORS**

The ANZBGL Group has securities listed on certain securities exchanges in Australia and overseas, including debt securities listed on the Australian Securities Exchange and the London Stock Exchange. The ANZBGL Group must comply with the listing requirements applicable to issuers of securities listed on those exchanges.

In addition to the prudential capital oversight that APRA conducts over ANZBGL and its branch operations and the supervision and regulation described above, local banking operations in all of the ANZBGL offshore branches and banking subsidiaries are subject to host country supervision by their respective regulators, such as the RBNZ, the OCC, the FRB, the UK Prudential Regulation Authority, the European Central Bank, the Monetary Authority of Singapore, the Hong Kong Monetary Authority, the Reserve Bank of India, the National Administration of Financial Regulation of the PRC (formerly the China Banking and Insurance Regulatory Commission) and other financial regulatory bodies in those countries and in other relevant countries. These regulators, among other things, may impose minimum capitalisation requirements on those operations in their respective jurisdictions.

The ANZBGL Group is also required to comply with certain anti-money laundering and counter-terrorism financing legislation and regulations under the local laws of all the countries in which it operates.

## DESCRIPTION OF SUPERVISION AND REGULATION OF ANZ BANK NEW ZEALAND LIMITED AND ANZ NEW ZEALAND (INT'L) LIMITED

ANZ Bank New Zealand and ANZNIL are subject to extensive regulation by regulatory agencies and security exchanges in each of the major markets where they operate. This section provides an overview of the regulatory landscape applicable to ANZ Bank New Zealand and ANZNIL in their key market of New Zealand.

### The supervisory role of the RBNZ

The BPS Act requires the RBNZ to exercise its powers of registration of banks and prudential supervision of registered banks (including ANZ Bank New Zealand) for the purposes of:

- promoting the maintenance of a sound and efficient financial system; or
- avoiding significant damage to the financial system that could result from the failure of a registered bank.

The main elements of the RBNZ's supervisory role include:

- requiring all banks to comply with certain minimum prudential requirements, which are applied through conditions of registration. These include constraints on connected party exposures, minimum capital adequacy requirements and minimum standards for liquidity risk management, and are set out in more detail below;
- monitoring each registered bank's financial condition and compliance with conditions of registration, principally on the basis of published half-yearly disclosure statements and monthly reporting submitted privately to the RBNZ. This monitoring is intended to ensure that the RBNZ maintains familiarity with the financial condition of each bank and the banking system as a whole, and maintains a state of preparedness to invoke crisis management powers should this be necessary;
- consulting the senior management of registered banks;
- using crisis management powers available to it under the BPS Act to intervene where a bank distress or failure situation threatens the soundness of the financial system;
- assessing whether a bank is carrying on business prudently;
- monitoring banks' outsourcing arrangements to determine whether a registered bank's risks associated with outsourcing are appropriately managed;
- issuing guidelines on banks' internal capital adequacy process and liquidity policy;
- issuing guidelines on corporate governance; and
- maintaining close working relationships with parent bank supervisors (such as APRA in Australia) on bank-specific issues, policy issues and general matters relating to the condition of the financial system in New Zealand and in the countries where parent banks are domiciled.

Registered banks are required to issue half-yearly disclosure statements that contain comprehensive details, together with full financial statements at the full-year, and unaudited interim financial statements at the half-year. The financial statements are subject to full external audit at the end of each financial year and a limited scope review at the end of each financial half-year. Each bank director is required to make certain attestations in the disclosure statements. If the information in the bank's disclosure statement is found to be false or misleading, the bank and its directors may incur criminal or civil penalties.

The RBNZ publishes a quarterly "dashboard" of key information on registered banks on its website. The dashboard aims to improve the public's and market participants' ability to understand and act on information about registered banks' financial strength and risk profile. The information is sourced from private reporting that banks provide to the RBNZ. Information relating to the ANZ Bank New Zealand

Group published in the dashboard is not incorporated by reference into this Base Prospectus and does not form part of it. In some cases, information relating to the ANZ Bank New Zealand Group published in the dashboard has been classified and presented differently to the presentation in the ANZ Bank New Zealand consolidated financial statements.

New Zealand-incorporated banks (including ANZ Bank New Zealand) are required to comply with the Basel III capital adequacy requirements, as modified to reflect New Zealand conditions. Domestic systemically important banks, including ANZ Bank New Zealand, are required to maintain a CET1 prudential capital buffer of 6.0 per cent. of RWA above the minimum capital ratios or face restrictions on distributions. The buffer increased from 5.5 per cent. of RWA to 6.0 per cent. of RWA on 1 October 2026. See "*New Zealand Regulatory Developments - Bank capital adequacy requirements*" below for further information.

New Zealand-incorporated banks (including ANZ Bank New Zealand) are required to comply with BS13. BS13 requires that New Zealand-incorporated banks meet a minimum core funding ratio ("**CFR**") of 75 per cent. ensuring that at least a minimum proportion of bank funding is met through customer deposits, term wholesale funding and Tier 1 capital.

The RBNZ requires all registered banks to obtain and maintain a credit rating from an approved organisation and publish that rating in their disclosure statements.

In addition, the RBNZ has wide-reaching powers to obtain further information, data and forecasts in connection with its supervisory functions, and to require that information, data, and forecasts be audited.

The RBNZ also possesses a number of crisis management powers. Those powers include recommending that a bank's registration be cancelled, investigating the affairs of a registered bank, requiring that a registered bank consult with the RBNZ, giving directions to a registered bank, removing, replacing or appointing a director of a registered bank or recommending that a registered bank be subject to statutory management.

If a registered bank is declared to be subject to statutory management, no person may, among other things:

- commence or continue any action or other proceedings including proceedings by way of counterclaim against that bank;
- issue any execution, attach any debt, or otherwise enforce or seek to enforce any judgment or order obtained in respect of that bank;
- take any steps to put that bank into liquidation; or
- exercise any right of set off against that bank.

As part of the RBNZ's supervisory powers, a person must obtain the written consent of the RBNZ before giving effect to a transaction resulting in that person acquiring or increasing a "significant influence" over a registered bank. "Significant influence" means the ability to appoint 25 per cent. or more of the board of directors of a registered bank or a qualifying interest (e.g., legal or beneficial ownership) in 10 per cent. or more of its voting securities.

**New Zealand Regulatory Developments**

***Bank capital adequacy requirements***

In 2025, the RBNZ conducted a review of its key capital requirements for New Zealand banks that were being progressively implemented to July 2028.

The RBNZ is expected to continue consulting on aspects of the revised requirements, including certain transitional arrangements, during the period to December 2028.

The impact of the review on the ANZ Bank New Zealand Group will depend on final implementation details, business mix and balance sheet settings at the relevant time. As such, the impact of the review on the ANZ Bank New Zealand Group is currently uncertain. See "*Regulatory changes or a failure to*

*comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position – New Zealand prudential reforms*" for further information.

***Replacement of the BPS Act***

Since 1989, prudential supervision and regulation of banks has been governed by the BPS Act. However, the BPS Act is in the process of being replaced by two separate pieces of legislation:

- The Reserve Bank of New Zealand Act 2021 commenced in July 2022, replacing parts of the BPS Act that relate to the RBNZ's high-level objectives, powers, functions, governance and funding arrangements. Among other things, the Reserve Bank of New Zealand Act 2021:
    - establishes a new statutory governance board responsible for all decision-making, except decisions made by the Monetary Policy Committee; and
    - introduces an overarching financial stability objective of protecting and promoting the stability of New Zealand's financial system (in addition to the economic objective and central bank objective).
- The Deposit Takers Act will, among other things:
    - create a single regulatory regime for all bank and non-bank deposit takers;
    - strengthen accountability requirements for directors of deposit takers;
    - broaden the RBNZ's supervision and enforcement tools; and
    - strengthen and clarify the RBNZ's crisis resolution framework (which in substance carries over the key statutory management powers from the BPS Act but places those powers (where practicable) directly in the hands of the RBNZ as resolution authority).

The Deposit Takers Act has also introduced a DCS which covers up to NZ $100,000 of eligible deposits per depositor, per institution, in the event of a deposit taker failure. The DCS is funded by collecting levies from deposit takers, including ANZ Bank New Zealand. The DCS commenced on 1 July 2025.

The RBNZ is undertaking a multi-year work programme to develop policy, standards and regulations to support the commencement of the Deposit Takers Act regime. Until the Deposit Takers Act fully comes into force, the current regulatory framework for banks is continuing under the BPS Act.

***RBNZ review of BS13***

The RBNZ is undertaking a comprehensive review of its liquidity policy (BS13).

The RBNZ's key policy decisions so far include:

- the retention of the RBNZ's existing quantitative liquidity metrics, the one-month mismatch ratio and the core funding ratio with modifications, rather than the adoption of the Basel III liquidity framework. The one-week mismatch ratio is to be discontinued;
- the tightening of eligibility requirements for liquid assets in New Zealand; and
- the establishment of a committed liquidity facility for currently eligible liquid assets that do not meet the new eligibility requirements.

The new policy will be implemented as a standard under the Deposit Takers Act, and is expected to commence in late 2028. A 'near final' draft version of the Deposit Takers (Liquidity) Standard 2027 was published by the RBNZ in September 2026.

***Interchange fee adjustments***

Following consultation, the Commerce Commission introduced lower interchange fee caps for certain card transactions in New Zealand on 1 December 2025. These lower fee caps have reduced the

interchange fees received by card issuers (such as ANZ Bank New Zealand). In addition, the Commerce Commission has announced similar interchange fee caps for Mastercard and Visa commercial credit card transactions, which will take effect in April 2027. These changes are expected to further reduce interchange fees received by commercial card issuers in New Zealand, including ANZ Bank New Zealand.

***Select committee banking inquiry***

The New Zealand Parliament's Finance and Expenditure Committee has undertaken an inquiry into banking competition. The terms of reference included consideration of the state of competition in banking (including profitability) barriers preventing competition in banking, any possible impact of the regulatory environment on competition and efficient access to lending, rural banking and lending to Māori asset-holders, organisations, businesses and individuals. The Finance and Expenditure Committee issued its final report in August 2025. The final report contained 19 recommendations to New Zealand government agencies, financial regulators and financial entities including retail banks, intended to improve competition in the banking sector. The New Zealand Government has accepted or partially accepted all of the recommendations and is monitoring industry's response to the Committee's inquiry and recommendations.

***Open banking***

In March 2025, the CPD Act came into force. The CPD Act establishes a New Zealand CDR which enables customers to securely share data that is held about them with accredited third parties and is intended to improve customers' ability to compare and switch products. The banking sector is the first business sector designated as subject to the CPD Act. This requires banks, with customer consent, to (for example) provide an accredited third party with access to data about that customer's transactions and products. The regulations to designate the banking sector and prescribe general requirements relating to the regulated data services provided under the CPD Act were made in October 2025. Designation in respect of ANZ Bank New Zealand commenced on 1 December 2025.

***Transfers of regulatory responsibilities***

With effect from 1 July 2026, responsibility for regulating the CCCFA transferred from the Commerce Commission to the FMA, and supervision under the AML/CFT Act transferred from three supervisors (the DIA, the FMA and the RBNZ (ANZ Bank New Zealand's former supervisor)) to a single supervisor, the DIA.

***RBNZ prudential levy***

In May 2026, the New Zealand Government announced its intention to introduce a prudential levy on financial institutions to fund supervisory and regulatory functions carried out by the RBNZ. The levy remains subject to further regulatory steps, and its scope and quantum remain uncertain. ANZ Bank New Zealand may be subject to the levy once implemented.

***Effect of APRA's Prudential Standards***

APRA has confirmed that contingent funding support can be provided by ANZBGL to its New Zealand banking operations during times of financial stress on terms that are acceptable to APRA. At present, only covered bonds meet APRA's criteria for contingent funding. Such contingent support is captured within ANZBGL's total exposures to its New Zealand banking operations which must not exceed 50 per cent. of ANZBGL's Level 1 Tier 1 capital base.

In December 2025, APRA finalised its bank prudential standards relating to the phase out of AT1 capital instruments as eligible regulatory capital, including replacing Tier 1 capital with CET1 capital for APS 222 arrangements, effective from 1 January 2027. This may impact ANZBGL's capacity to fund exposures within the revised CET1-based limits under APS 222 (depending on existing capacity under those metrics). With respect to Trans-Tasman funding arrangements, APRA has announced that it does not intend to additionally restrict Trans-Tasman funding arrangements following the removal of AT1 capital. APRA also intends to apply a uniform approach across impacted entities for Trans-Tasman funding arrangements. APRA will discuss the specific arrangements with impacted entities.

**Non-compliance with Conditions of Registration: Condition of registration 11 – compliance with the RBNZ's Outsourcing policy (BS11)**

The RBNZ confirmed two material breaches of condition of registration 11 on 30 April 2026 and recorded those breaches on the material breach register on its website on 25 June 2026. The first breach relates to specific robust back-up arrangements that were not able to effectively operate in the event of a separation and in compliance with BS11, and the second reflects overall deficiencies in oversight, process and control gaps in the ongoing management of BS11. While these issues had no financial impact, they are relevant to ANZ Bank New Zealand's outsourcing and resolvability requirements as prescribed in its conditions of registration and have therefore been assessed as material. ANZ Bank New Zealand has rectified the specific breach relating to the robust back-up arrangements and is undertaking broader work to strengthen processes and controls in the ongoing management of BS11, as part of a remediation program that will need to be completed to the RBNZ's satisfaction. ANZ Bank New Zealand will keep the RBNZ informed about the progress of these efforts to ensure that the necessary uplift is delivered and deficiencies are remediated.

ANZNIL is not a registered bank, and so is not directly subject to the Conditions of Registration imposed by the RBNZ, nor is it directly regulated by the RBNZ under the BPS Act. However, it is part of the banking group for the purposes of ANZ Bank New Zealand's registration.

## SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in an Amended and Restated Programme Agreement dated 18 November 2026 (as further amended, restated, supplemented and/or updated from time to time, the "**Programme Agreement**") between the Issuers, the Guarantor and the Dealers, the Notes will be offered from time to time by the relevant Issuer to the Dealers. However, each Issuer reserves the right to issue Notes directly on its own behalf to Dealers who are appointed as Dealers in respect of specified Tranches only or to other subscribers procured by it. The Notes may be sold at prevailing market prices, or at prices related thereto, at the time of such sale, as determined by the relevant Dealer. The Notes may also be issued by an Issuer through the Dealers, acting as agents of the relevant Issuer. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Dealers are entitled in certain circumstances to be released and discharged from their obligations under the Programme Agreement prior to the closing of the issue of the Notes, including in the event that certain conditions precedent are not delivered or met to their satisfaction on the relevant issue date. In this situation, the issuance of the Notes may not be completed. Investors will have no rights against the relevant Issuer, Guarantor (if applicable) or Dealers in respect of any expense incurred or loss suffered in these circumstances.

The relevant Issuer will pay each relevant Dealer a commission as agreed between such Issuer and the Dealer, which commission may be deducted from the net proceeds payable to such Issuer on the closing of any series of Notes.

Each Issuer has severally agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes issued by such Issuer. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

The Issuers have agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment of the Programme, and the Dealers for certain of their activities in connection with the Programme.

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuers and their affiliates in the ordinary course of business. In addition, in the ordinary course of business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities may involve securities and/or instruments of the Issuers or Issuers' affiliates. The Dealers and/or their affiliates may receive allocations of Notes (subject to customary closing conditions), which may affect the future trading of the Notes. Certain of the Dealers or their affiliates that have a lending relationship with an Issuer routinely hedge their credit exposure to the relevant Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of such Notes. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

**Important Notice to CMIs (include private banks) pursuant to Paragraph 21 of the Code**

This notice to CMIs (including private banks) is a summary of certain obligations the SFC Code imposes on CMIs, which require the attention and cooperation of other CMIs (including private banks). Certain CMIs may also be acting as OCs for the relevant CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealer(s) in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of any Issuer, the Guarantor, a CMI or its group companies would be considered under the SFC Code as having an Association with the relevant Issuer, the Guarantor, the CMI or the relevant group company. CMIs should specifically disclose whether their investor clients have any Association when submitting orders for the relevant Notes. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the relevant Issuer, the Guarantor or any CMI (including its group companies) and inform the relevant Dealers accordingly.

CMIs are informed that, unless otherwise notified, the marketing and investor targeting strategy for the relevant CMI Offering includes institutional investors, sovereign wealth funds, pension funds, hedge funds, family offices and high net worth individuals, in each case, subject to the selling restrictions and any MiFID II product governance language or any UK MiFIR product governance language set out elsewhere in this Base Prospectus and/or the applicable Pricing Supplement or Final Terms.

CMIs should ensure that orders placed are bona fide, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). CMIs should enquire with their investor clients regarding any orders which appear unusual or irregular. CMIs should disclose the identities of all investors when submitting orders for the relevant Notes (except for omnibus orders where underlying investor information may need to be provided to any OCs when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMIs should not place "X-orders" into the order book.

CMIs should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks as the case may be) in the order book and book messages.

CMIs (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by any Issuer and/or the Guarantor. In addition, CMIs (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the relevant Notes. CMIs are informed that a private bank rebate may be payable as stated above and in the applicable Pricing Supplement or Final Terms, or otherwise notified to prospective investors.

The SFC Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Dealers in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the relevant Notes, private banks should disclose, at the same time, if such order is placed other than on a "principal" basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a "principal" basis. Otherwise, such order may be considered to be an omnibus order pursuant to the SFC Code. Private banks should be aware that placing an order on a "principal" basis may require the relevant affiliated Dealer(s) (if any) to categorise it as a proprietary order and apply the "proprietary orders" requirements of the SFC Code to such order and will result in that private bank not being entitled to, and not being paid, any rebate.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) that are subject to the SFC Code should disclose underlying investor information in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

- The name of each underlying investor;

- A unique identification number for each investor;
- Whether an underlying investor has any "Associations" (as used in the SFC Code);
- Whether any underlying investor order is a "Proprietary Order" (as used in the SFC Code);
- Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus order should be sent to the Dealers named in the relevant Final Terms or Pricing Supplement, as applicable.

To the extent information being disclosed by CMIs and investors is personal and/or confidential in nature, CMIs (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to any OCs; and (B) that they have obtained the necessary consents from the underlying investors to disclose such information to any OCs. By submitting an order and providing such information to any OCs, each CMI (including private banks) further warrants that they and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by any OCs and/or any other third parties as may be required by the SFC Code, including to any Issuer, the Guarantor, relevant regulators and/or any other third parties as may be required by the SFC Code, for the purpose of complying with the SFC Code, during the bookbuilding process for the relevant CMI Offering. CMIs that receive such underlying investor information are reminded that such information should be used only for submitting orders in the relevant CMI Offering. The relevant Dealers may be asked to demonstrate compliance with their obligations under the SFC Code, and may request other CMIs (including private banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMIs (including private banks) are required to provide the relevant Dealer with such evidence within the timeline requested.

By placing an order, prospective investors (including any underlying investors in relation to omnibus orders) are deemed to represent to the Dealers that it is not a Sanctions Restricted Person. A "**Sanctions Restricted Person**" means an individual or entity (a "**Person**"): (a) that is, or is directly or indirectly owned or controlled by a Person that is, described or designated in (i) the most current "Specially Designated Nationals and Blocked Persons" list (which as of the date hereof can be found at: http://www.treasury.gov/ofac/downloads/sdnlist.pdf) or (ii) the Foreign Sanctions Evaders List (which as of the date hereof can be found at: http://www.treasury.gov/ofac/downloads/fse/fselist.pdf) or (iii) the most current "Consolidated list of persons, groups and entities subject to EU financial sanctions" (which as of the date hereof can be found at: https://data.europa.eu/data/datasets/consolidated-list-of-persons-groups-and-entities-subject-to-eu-financial-sanctions?locale=enen); or (b) that is otherwise the subject of any sanctions administered or enforced by any Sanctions Authority, other than solely by virtue of: (i) their inclusion in the most current "Sectoral Sanctions Identifications" list (which as of the date hereof can be found at: https://www.treasury.gov/ofac/downloads/ssi/ssilist.pdf) (the "**SSI List**"), (ii) their inclusion in Annexes 3, 4, 5 and 6 of Council Regulation No. 833/2014, as amended by Council Regulation No. 960/2014 (the "**EU Annexes**"), (iii) their inclusion in any other list maintained by a Sanctions Authority, with similar effect to the SSI List or the EU Annexes, (iv) them being the subject of restrictions imposed by the U.S. Department of Commerce's Bureau of Industry and Security ("**BIS**") under which BIS has restricted exports, re-exports or transfers of certain controlled goods, technology or software to such individuals or entities; (v) them being an entity listed in the Annex to the new Executive Order of 3 June 2021 entitled "Addressing the Threat from Securities Investments that Finance Certain Companies of the People's Republic of China" (known as the Non-SDN Chinese Military- Industrial Complex Companies List), which amends the Executive Order 13959 of 12 November 2020 entitled "Addressing the threat from Securities Investments that Finance Chinese Military Companies"; or (vi) them being subject to restrictions imposed on the operation of an online service, Internet application or other information or communication services in the United States directed at preventing a foreign government from accessing the data of U.S. persons; or (c) that is located, organized or a resident in a comprehensively sanctioned country or territory, including Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine, the Donetsk's People's Republic or Luhansk People's Republic. "**Sanctions Authority**" means: (a) the United States government; (b) the United Nations; (c) the European Union (or any of its member states); (d) the United Kingdom; (e) any other equivalent governmental or regulatory authority, institution or agency which administers economic, financial or trade sanctions; and (f) the respective governmental institutions and agencies of any of the foregoing including, without

limitation, the Office of Foreign Assets Control of the U.S. Department of the Treasury, the United States Department of State, the United States Department of Commerce and His Majesty's Treasury.

**United States**

Neither the Notes nor the Guarantee have been or will be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Programme Agreement, it has not offered or sold Notes, and will not offer or sell Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering of the Notes comprising the relevant Tranche and the completion of the distribution of the Notes comprising the relevant Tranche, as determined and certified to the Fiscal Agent or the relevant Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Fiscal Agent or the relevant Issuer shall notify each such Dealer when all such Dealers have so certified), within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Rule 903 of Regulation S under the Securities Act. Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that none of it, its affiliates or any persons acting on its or their behalf have engaged or will engage in any directed selling efforts (as defined in Regulation S under the Securities Act) with respect to the Notes, and it and they have complied and will comply with any applicable offering restrictions requirement of Regulation S. Each Dealer has agreed that, and each further Dealer appointed under the Programme will be required to agree that, at or prior to the confirmation of any sale of Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from it or through it during the distribution compliance period (as defined in Regulation S under the Securities Act) a confirmation or notice to substantially the following effect:

> "Neither the Notes covered hereby nor the Guarantee have been or will be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering of the Notes comprising the relevant Tranche and the completion of the distribution of the Notes comprising the relevant Tranche as determined and certified by [*Name of Dealer or Dealers, as the case may be*], except, in either case, in accordance with Rule 903 of Regulation S under the Securities Act. Terms used above have the meaning given to them by Regulation S under the Securities Act."

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, to notify the Fiscal Agent and the relevant Issuer when it has completed its distribution of the Notes of any Tranche. In addition, until 40 days after the later of the commencement of the offering of the Notes comprising the relevant Tranche and the completion of the distribution of the Notes comprising the relevant Tranche, any offer or sale of Notes within the United States by a Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

In addition, unless the Final Terms or the subscription agreement relating to one or more Tranches specifies that the applicable Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**") exemption is either "C Rules" or "not applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that:

(a) except to the extent permitted under U.S. Treasury Regulation §1.163-5(c)(2)(i)(D) or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code (the "**D Rules**"):

    (i) it has not offered or sold, and during the restricted period will not offer or sell, any Notes to a person who is within the United States or its possessions or to a United States person; and

(ii) it has not delivered and will not deliver within the United States or its possessions any Notes in bearer form that are sold during the restricted period;

(b) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;

(c) if it is a United States person, it is acquiring the Notes in bearer form for purposes of resale in connection with their original issuance and if it retains Notes in bearer form for its own account, it will only do so in accordance with the requirements of the D Rules; and

(d) with respect to each affiliate or distributor that acquires from it Notes in bearer form for the purpose of offering or selling such Notes during the restricted period, it either (i) repeats and confirms the representations and agreements contained in sub-paragraphs (a), (b) and (c) above on behalf of such affiliate or distributor or (ii) agrees that it will obtain from such affiliate or distributor for the benefit of the relevant Issuer the representations and agreements contained in sub-paragraphs (a), (b) and (c) above.

Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the D Rules.

In addition, to the extent that the Final Terms or the subscription agreement relating to one or more Tranches of Notes in bearer form specifies that the applicable TEFRA exemption is C Rules under U.S. Treasury Regulation §1.163-5(c)(2)(i)(C) or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code (the "**C Rules**") (provided that such transaction is in accordance and compliance with applicable laws), Notes in bearer form must be issued and delivered outside the United States and its possessions in connection with their original issuance. In relation to each such Tranche, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered, and shall not offer, sell or deliver, directly or indirectly, Notes in bearer form within the United States or its possessions in connection with their original issuance. Further, in connection with their original issuance of Notes in bearer form, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not communicated, and shall not communicate, directly or indirectly, with a prospective purchaser if either such purchaser or it is within the United States or its possessions or otherwise involve its U.S. office in the offer or sale of Notes in bearer form. Terms used in this paragraph have the meanings given to them by the U.S. International Revenue Code and regulations thereunder, including the C Rules.

**Canada**

The Notes may not be offered or sold, directly or indirectly, in any province or territory of Canada or to or for the benefit of any resident of any province or territory of Canada except pursuant to an exemption from the requirement to file a prospectus in the province or territory of Canada in which the offer or sale is made and only by a dealer duly registered under applicable laws in circumstances where an exemption from applicable registered dealer registration requirements is not available. Without limiting the generality of the foregoing, the Notes may be sold only in any province or territory of Canada to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Base Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 of National Instrument 33-105 Underwriting Conflicts ("**NI 33-105**"), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with any offer of Notes.

(b) distributed or published and will not distribute or publish any draft, preliminary or final form offering memorandum, advertisement or other offering material relating to the Notes in Australia,

unless:

(i) the minimum aggregate consideration payable by each offeree is at least A$500,000 (or its equivalent in an alternate currency) disregarding money lent by the offeror or its associates (as described in Division 2 of Part 1.2 in Chapter 1 of the Corporations Act) or the offer, distribution or publication otherwise does not require disclosure to investors

in accordance with Part 6D.2 (disregarding section 708(19)) or Chapter 7 of the Corporations Act and is not made to a "retail client" as defined for the purposes of section 761G of the Corporations Act; and

(ii) such action complies with all applicable laws, directives and regulations and does not require any document to be lodged with, or registered by, ASIC.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not sell any Note issued by ANZBGL in circumstances where employees of the Dealer aware of, or involved in, the sale know, or have reasonable grounds to suspect, that the Note, or an interest in or right in respect of the Note, was being, or would later be, acquired either directly or indirectly by:

(a) in respect of Bearer Notes in definitive form, and Temporary Global Notes which are exchangeable for Bearer Notes in definitive form according to the relevant Final Terms only, a resident of Australia, or a non-resident who is engaged in carrying on business in Australia at or through a permanent establishment of that non-resident in Australia (the expressions "**resident of Australia**", "**non-resident**" and "**permanent establishment**" having the meanings given to them by the Australian Tax Act); or

(b) in respect of any Note issued by ANZBGL, an Offshore Associate of ANZBGL acting other than in the capacity of a dealer, manager or underwriter in relation to the placement of the Notes or a clearing house, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act.

"**Offshore Associate**" means an associate (as defined in section 128F of the Income Tax Assessment Act 1936 and any successor legislation) of ANZBGL that is either a non-resident of Australia which does not acquire the Notes in carrying on a business at or through a permanent establishment in Australia or, alternatively, a resident of Australia that acquires the Notes in carrying on business at or through a permanent establishment outside of Australia.

**Hong Kong**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(a) it has not offered or sold and will not offer or sell in the Hong Kong Special Administrative Region of the People's Republic of China ("**Hong Kong**"), by means of any document, any Notes (except for Notes which are a "structured product" as defined in the Securities and Futures Ordinance (Cap.571) of Hong Kong (the "**SFO**")), other than:

(i) to "professional investors" as defined in the SFO and any rules made under the SFO; or

(ii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap.32) of Hong Kong (the "**Companies Ordinance**") or which do not constitute an offer to the public within the meaning of the Companies Ordinance; and

(b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO, and any rules made under the SFO.

**Japan**

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the "**FIEA**") and, accordingly, each Dealer has represented and undertaken, and each further Dealer appointed under the Programme will be required to represent and undertake, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the

benefit of, any Japanese Person or to others for re-offering or resale, directly or indirectly, in Japan or to any Japanese Person except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and all applicable laws, regulations and guidelines promulgated by the relevant Japanese governmental and regulatory authorities and in effect at the relevant time. For the purposes of this paragraph, "**Japanese Person**" shall mean any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

**New Zealand**

No action has been or will be taken by any Issuer, the Guarantor or the Dealers which would permit a public or regulated offering of any of the Notes, or possession or distribution of any offering material in relation to the Notes, in New Zealand.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or delivered and will not directly or indirectly offer, sell or deliver any Note, and it will not distribute any offering memorandum or advertisement in relation to any offer of Notes, in New Zealand, other than to any or all of the following persons only:

1. "wholesale investors" as that term is defined in clauses 3(2)(a), (c) and (d) of Schedule 1 to the Financial Markets Conduct Act 2013 of New Zealand ("**FMC Act**"), being a person who is:

   (a) an "investment business";

   (b) "large"; or

   (c) a "government agency",

   in each case as defined in Schedule 1 to the FMC Act; and

2. in other circumstances where there is no contravention of the FMC Act, provided that (without limiting paragraph 1 above) Notes may not be offered or transferred to any "eligible investors" (as defined in the FMC Act) or any person that meets the investment activity criteria specified in clause 38 of Schedule 1 to the FMC Act.

In addition, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold, and will not offer or sell, any Notes to persons whom it believes to be persons to whom any amounts payable on the Notes are or would be subject to New Zealand resident withholding tax, unless such persons certify that they have "RWT-exempt status" (as defined in the Income Tax Act 2007 (New Zealand)) in respect of New Zealand resident withholding tax, and provide a New Zealand tax file number to such Dealer (in which event the Dealer shall provide details thereof to the relevant Issuer or to a Paying Agent).

**Singapore**

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "**SFA**")) pursuant to Section 274 of the SFA or (ii) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

**South Korea**

The Notes have not been and will not be registered with the Financial Services Commission of Korea for a public offering in Korea under the Financial Investment Services and Capital Markets Act of Korea. The Notes have not been and will not be offered, sold or delivered, directly or indirectly, in Korea or to, or for the account or benefit of, any resident of Korea (as defined in the Foreign Exchange Transactions Law of Korea and its Enforcement Decree), or to any other person for reoffering, resale or re-delivery, directly or indirectly, in Korea or to, or for the account or benefit of, any resident of Korea, except as otherwise permitted by applicable Korean laws and regulations. Without prejudice to the foregoing, the number of the Notes offered in Korea or to a resident of Korea shall be less than fifty, and for a period of one (1) year from the issue date of the Notes, none of the Notes may be divided resulting in an increased number of Notes. Furthermore, the Notes may not be sold or resold to Korean residents unless the purchaser of the Notes complies with all applicable regulatory requirements (including but not limited to government reporting requirements under the Foreign Exchange Transactions Law of Korea and its Enforcement Decree) in connection with the purchase of the Notes.

**Taiwan**

The Notes may be made available for purchase from outside Taiwan to Taiwan resident investors, either directly or through a duly licensed Taiwan intermediary, but may not be offered or sold in Taiwan. Any subscriptions of Notes shall only become effective upon acceptance by the relevant Issuer or the relevant Dealer outside Taiwan and shall be deemed a contract entered into in the jurisdiction of incorporation of the relevant Issuer or relevant Dealer, as the case may be, unless otherwise specified in the subscription documents relating to the Notes.

**The Kingdom of Norway**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, unless the Issuer has confirmed in writing to each Dealer that the Notes (if required) and this Base Prospectus have been approved by the Financial Supervisory Authority of Norway, it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Norway or to residents of Norway, except (i) to "professional investors" as defined in Section 10-6 of the Norwegian Securities Trading Act of 29 June 2007 No. 75. (the "**Securities Trading Act**") or (ii) in respect of an offer of Notes or addressed to investors subject to a minimum purchase of Notes for a total consideration of not less than €100,000 per investor, or (iii) to, when aggregated with such offer or sale of any Notes in the same offering by any other Dealer, fewer than 150 natural or legal persons (other than "professional investors" as defined in Section 10-6 in the Securities Trading Act), subject to obtaining the prior consent of the relevant Dealer or Dealers for any such offer, or (iv) in any other circumstance that shall not result in a requirement for the registration or the publication by the Issuer or the Dealer or Dealers of a prospectus pursuant to the Securities Trading Act. Notes denominated in Norwegian Kroner may not be offered or sold in the Norwegian market without the Notes prior thereto having been registered in book entry form with an EU authorised central securities depository in accordance with the Central Securities Depositories Regulation (EU/909/2014).

**The People's Republic of China**

Except as permitted by applicable laws and regulations of the PRC (for such purposes, excluding Hong Kong, the Macau Special Administrative Region of the People's Republic of China and Taiwan), including but not limited to those governing Qualified Domestic Institutional Investors and RMB Qualified Domestic Institutional Investors, no Notes are being offered, sold or delivered and may not be offered, sold or delivered, directly or indirectly, in the PRC or to the PRC residents.

CMU Notes may, if so specified in the applicable Final Terms or Pricing Supplement, be eligible for trading through the Southbound Trading Link of the "Bond Connect" regime.

PRC investors who purchase Notes through the Southbound "Bond Connect" regime should, in connection with the registration, trading, custody, clearing and settlement of the Notes and remittance and conversion of funds, comply with applicable existing and future laws and regulations of the PRC and Hong Kong, including but not limited to the Interim Measures for the Administration of the Connection and Cooperation between the Mainland and the Hong Kong Bond Market (内地与香港债券市场互联互通合作管理暂行办法) published by the PBoC, the Notice on the Launch of Southbound Cooperation

on the Interconnection of Bond Markets between the Mainland and Hong Kong (关于开展内地与香港债券市场互联互通南向合作的通知) published by the PBoC, the National Interbank Funding Center Southbound Bond Connect Transaction Rules (全国银行间同业拆借中心债券通"南向通"交易规则) published by the National Interbank Funding Center, the Detailed Rules for the Implementation of the Mainland China and Hong Kong Bond Market Connectivity Southbound Cooperation Business (内地与香港债券市场互联互通南向合作业务实施细则) and the Guidance for the Implementation of the Mainland China and Hong Kong Bond Market Connectivity Southbound Cooperation Business (内地与香港债券市场互联互通南向合作业务指南) published by the Shanghai Clearing House (each as amended, supplemented or restated from time to time), as well as rules and regulations by other relevant parties.

A qualified PRC investor who holds Notes through the Southbound "Bond Connect" regime may only sell such Notes to an offshore market maker designated by the HKMA pursuant to the relevant rules of Southbound Bond Connect.

The Issuers do not represent that the Base Prospectus or any other document relating to the Notes may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in the PRC, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. Neither the Base Prospectus nor any material or information relating to the Notes, constitutes an offer or solicitation of an offer to subscribe, purchase or sell the Notes in the PRC or may be supplied to the public in the PRC or used in connection with any offer for the subscription, purchase or sale of the Notes other than in compliance with the applicable law in the PRC.

**General**

These selling restrictions may be modified by the agreement of the relevant Issuer and the Dealers, including following a change in a relevant law, regulation or directive. Any such modification not relevant to a particular Tranche of Notes only will be set out in a supplement to this Base Prospectus. With the exception of the approval by the FCA of this Base Prospectus as a base prospectus issued in compliance with the PRM, no action has been taken in any country or jurisdiction by any Issuer, the Guarantor or the Dealers that would permit a public offering of any of the Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required.

The Programme Agreement provides that each Dealer will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes this Base Prospectus, any Drawdown Prospectus, any Final Terms or any other offering material, in all cases at its own expense.

The Programme Agreement also provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed "General" above.

Persons into whose hands this Base Prospectus or any Final Terms comes are, and each Noteholder is, required by the Issuers, the Guarantor and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

## TAXATION

***This section contains a general summary of certain Australian, New Zealand and UK tax considerations relating to the Notes based on the tax laws and published administrative practice of those jurisdictions as at the date of this Base Prospectus which may change (possibly with retrospective effect). It does not address the tax laws of any other jurisdiction, is not exhaustive and does not constitute tax advice. The tax laws of the investor's jurisdiction and of the relevant Issuer's jurisdiction of incorporation, and the particular terms and conditions of the Notes, might have an impact on the income received from the Notes. Prospective purchasers of Notes should consult their own tax advisers, having regard to their particular circumstances, as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries.***

***General***

Neither ANZBGL, ANZ Bank New Zealand nor ANZNIL, nor any of the Dealers makes any comment about the treatment for taxation purposes of payments or receipts in respect of the Notes. Each investor contemplating acquiring Notes under the Programme is advised to consult a professional adviser in connection with the consequences relating to the acquisition, retention and disposition of Notes.

**Australia**

The comments below are of a general nature and are based on the provisions currently in force in Australia. They relate only to the position of persons who are the absolute beneficial owners of their Notes issued by ANZBGL (other than through an offshore branch, in which case such persons should consider the tax implications of the jurisdiction in which the relevant branch is located) and are based on the assumption that the only instruments issued by ANZBGL under the Programme are debt interests or debentures that are not equity interests for Australian taxation purposes. Noteholders who are in doubt as to their personal tax position should consult their professional advisers. Statutory references are references to a section of the *Income Tax Assessment Act 1936* or the *Income Tax Assessment Act 1997* of Australia (the "**Australian Tax Act**").

1. **Australian withholding tax**

***Interest withholding tax – section 128F exemption***

Under the Programme, the Notes may be issued out of the head office of ANZBGL or through foreign branches of ANZBGL.

To the extent the Notes are issued out of a foreign branch of ANZBGL under the Programme in the course of carrying on business at or through a permanent establishment outside of Australia, any interest paid on the Notes by ANZBGL should not be subject to Australian interest withholding tax.

Interest or an amount that is included in the extended definition of interest in section 128A on the Notes issued by ANZBGL is exempt from Australian interest withholding tax under section 128F of the Australian Tax Act if the following conditions are met:

(a) ANZBGL is either:

  (i) a resident of Australia when it issues the Notes and when interest (as defined in section 128A(1AB)) is paid on the Notes; or

  (ii) a non-resident of Australia when it issues the Notes and when interest (as defined in section 128A(1AB)) is paid on the Notes and the Notes are issued and the interest is paid on the Notes by ANZBGL in carrying on business at or through a permanent establishment in Australia;

(b) the Notes are debentures for the purposes of section 128F; and

(c) the Notes are issued by ANZBGL in a manner which satisfies the public offer test.

The public offer test is satisfied if the Notes are issued by ANZBGL as a result of being offered for issue:

(a) to at least 10 persons each of whom:

    (i) is carrying on a business of providing finance, or investing, or dealing in securities, in the course of operating in financial markets; and

    (ii) is not known, or suspected, by ANZBGL to be an associate (as defined in section 128F) of any of the other persons; or

(b) to at least 100 persons whom it is reasonable for ANZBGL to regard as having acquired debentures or debt interests in the past or being likely to be interested in acquiring debentures or debt interests; or

(c) as a result of being accepted for listing on a stock exchange, where ANZBGL had previously entered into an agreement with a dealer, manager or underwriter in relation to the placement of the Notes, requiring ANZBGL to seek such a listing; or

(d) as a result of negotiations being initiated publicly in electronic form, or in another form, that is used by financial markets for dealing in instruments similar to the Notes; or

(e) to a dealer, manager or underwriter in relation to the placement of the Notes who, under an agreement with ANZBGL, offered the Notes for sale within 30 days in a way covered by any of paragraphs (a) to (d) above.

In relation to the issue of a Global Note by ANZBGL, the public offer test will be satisfied if the Global Note falls within the definition of "**global bond**" set out in section 128F(10). Broadly speaking, this will be the case if the following requirements are satisfied:

(a) the Global Note describes itself as a global bond or a global note; and

(b) it is issued to a clearing house (as defined in section 128F(9)) or to a person as trustee or agent for, or otherwise on behalf of, one or more clearing houses; and

(c) in connection with the issue of the Global Note, the clearing house or houses confer rights in relation to the Global Note on other persons and will record the existence of the rights; and

(d) before the issue of the Global Note, ANZBGL or a dealer, manager or underwriter in relation to the placement of debentures, on behalf of ANZBGL, announces that, as a result of the issue, such rights will be able to be created; and

(e) the announcement is made in a way or ways covered by any of paragraphs (a) to (e) of section 128F(3) (reading a reference in those paragraphs to "**debenture**" as if it were a reference to the rights referred to in paragraph (d) above and a reference to the "**company**" as if it included a reference to the dealer, manager or underwriter); and

(f) under the terms of the Global Note, interests in the Global Note are able to be surrendered, whether or not in particular circumstances, in exchange for other debentures issued by ANZBGL, that are not themselves global notes.

The public offer test is not satisfied if at the time of issue, ANZBGL knows, or had reasonable grounds to suspect, that the Notes, or an interest in the Notes, issued by ANZBGL was being, or would later be, acquired directly or indirectly by an Offshore Associate (as defined in the section entitled "*Subscription and Sale — Australia*") of ANZBGL acting other than in the capacity of a dealer, manager or underwriter in relation to the placement of the Notes or a clearing house, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act.

The exemption under section 128F does not apply to interest paid by ANZBGL in respect of a Note if, at the time of payment, ANZBGL knows, or has reasonable grounds to suspect, that the investor is an Offshore Associate (as defined in the section entitled "*Subscription and Sale – Australia*") of ANZBGL (acting other than in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act).

ANZBGL proposes to issue Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

***Interest withholding tax – Exemptions under tax treaties***

The Australian Government has concluded double tax conventions ("**Specified Treaties**") with foreign jurisdictions (each a "**Specified Country**") that contain certain exemptions from Australian IWT. The Specified Treaties generally apply to interest derived by a resident of a Specified Country.

The Specified Treaties effectively prevent interest withholding tax applying to interest derived by:

- governments of the Specified Countries and certain governmental authorities and agencies in a Specified Country; and

- certain unrelated (1) banks, and (2) other financial institutions which substantially derive their profits by carrying on a business of raising and providing finance and which are resident in the Specified Country (interest paid under a back-to-back loan or economically equivalent arrangement will not qualify for this exemption),

by reducing the interest withholding tax rate to zero.

The Specified Treaties are in force in a number of jurisdictions including, for example, the United States and the United Kingdom.

***Withholding tax in respect of Notes in bearer form***

Section 126 of the Australian Tax Act imposes a type of withholding tax on the payment of interest on bearer Notes issued by ANZBGL if ANZBGL fails to disclose the names and addresses of the holders to the Australian Taxation Office. A withholding rate of 45 per cent. currently applies. Section 126 does not apply to a payment on a bearer Note which, although not being interest at general law, is included in the extended definition of interest in section 128A. Section 126 does not apply to the payment of interest on bearer Notes held by non-residents who do not carry on business at or through a permanent establishment in Australia, where the issue of those Notes satisfied the requirements of section 128F of the Australian Tax Act. Additionally, section 126 does not apply where interest withholding tax is payable. In limited circumstances, where ANZBGL fails to disclose the relevant details of Holders of bearer Notes to the Australian Taxation Office, interest withholding tax may apply pursuant to section 128B(9C) rather than section 126. The Australian Taxation Office has confirmed that it considers "the holder of the debenture", for the purposes of section 126, to be the person in possession of the debenture. Consequently, where residents of Australia or non-residents carrying on a business at or through a permanent establishment in Australia hold bearer Notes through (for example) the Euroclear or Clearstream systems, the Australian Taxation Office will view the operator of the relevant system as the holder of those bearer Notes.

***TFN/ABN withholding tax***

Section 12-140 of Schedule 1 to the Taxation Administration Act 1953 of Australia (the "**Tax Administration Act**") imposes a type of withholding tax on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number ("**TFN**"), (in certain circumstances) an Australian Business Number ("**ABN**") or proof of some other exception (as appropriate). The rate of withholding tax is currently 47 per cent. Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes issued by ANZBGL, then the requirements of section 12-140 do not apply to payments to a holder of those Notes in registered form who is not a resident of Australia and not holding those Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of holders of Notes issued by ANZBGL in registered form may be subject to a withholding where the holder of those Notes does not quote a TFN, ABN or provide proof of an appropriate exemption (as appropriate).

***Payment of additional amounts***

If, where ANZBGL is the Issuer, ANZBGL is compelled by law at any time to withhold or deduct an amount in respect of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of Australia or any authority therein having the power to tax, it will, subject to certain exceptions

set out in Condition 7 (*Taxation*) (*Terms and Conditions of the Notes*), pay such additional amounts as will result in the payment to the Noteholders concerned of the sum which would otherwise have been payable on the Notes.

ANZBGL will not be liable to account to an investor for any deduction or withholding on account of any duties or taxes where those duties or taxes are imposed or levied by or on behalf of Australia or any authority therein having the power to tax by virtue of, among other things (see Condition (*Taxation*) (*Terms and Conditions of the Notes*) for further details), the investor being an Offshore Associate (as defined in the Section entitled "*Subscription and Sale – Australia*") of ANZBGL (acting other than in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act), or as a result of the investor being a party to or participating in a scheme to avoid such duties or taxes, being a scheme which ANZBGL neither was a party to nor participated in.

2. **Other tax matters**

ANZBGL has been advised by its Australian counsel that, under current Australian law:

(a) subject to compliance with the requirements of the Australian Tax Act referred to above, payments of:

(i) principal;

(ii) interest; or

(iii) amounts included in the extended definition of interest in section 128A(1AB),

to a holder of a Note or Coupon issued by ANZBGL who is a non-resident of Australia, and who during the taxable year has not engaged in trade or business at or through a permanent establishment within Australia, will not be subject to Australian income tax;

(b) a holder of a Note or Coupon issued by ANZBGL who is a non-resident of Australia and who during the taxable year has not carried on business at or through a permanent establishment within Australia, will not be subject to Australian income or capital gains tax on gains realised during that year on sale or redemption of such Notes, provided such gains do not have an Australian source under common law or statutory source rules. A gain arising on the sale of a Note or Coupon issued by ANZBGL by a non-Australian resident holder to another non-Australian resident where the Note or Coupon is sold outside Australia and all negotiations are conducted and all documentation is executed outside Australia would not be regarded as having an Australian source under common law;

(c) Subdivision 12-FB of Schedule 1 of the Tax Administration Act imposes a withholding obligation in respect of certain payments, to be prescribed by regulation that are made to non-residents of Australia.

The Tax Administration Act expressly provides that the regulations will not apply to interest and other payments which are already subject to the current interest withholding tax rules or specifically exempt from those rules. Further, regulations may only be made if the responsible minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. ANZBGL has been advised by its Australian counsel that they do not expect the regulations to apply to repayments of principal under the Notes, as such amounts are not generally income or gains. The possible application of any regulations to the proceeds of any sale of the Notes will need to be monitored;

(d) the Notes issued by ANZBGL will not be subject to death, estate or succession duties imposed by Australia or by any instrumentality thereof or therein, if held outside Australia at the time of death; and

(e) no ad valorem stamp duty, registration or similar taxes are payable in Australia on the issue or redemption of the Notes by ANZBGL or the transfer of the Notes.

***Taxation of Financial Arrangements***

The Australian Government has enacted a specific regime for the taxation of financial arrangements (referred to as "**TOFA**") which can affect the taxation of financial instruments such as Notes. ANZBGL has elected for the TOFA regime to apply to certain financial arrangements, such as the Notes, acquired on or after 1 July 2009. Alternative taxation rules will continue to apply to Notes held by taxpayers that are not subject to the TOFA regime because they do not meet certain threshold requirements. The TOFA regime does not contain any measures that would override the exemption from Australian interest withholding tax available under section 128F of the Australian Tax Act in respect of interest payable on the Notes.

**New Zealand**

The following is a summary of the New Zealand withholding tax treatment at the date of this Base Prospectus in relation to payments of interest in respect of Notes. The comments do not deal with other New Zealand tax aspects of acquiring, holding or disposing of Notes. The comments are based on the current New Zealand tax law and published practice, which law or practice may be subject to subsequent change (potentially with retrospective effect). Each investor contemplating acquiring Notes is advised to consult a professional adviser in connection with the consequences relating to the acquisition, retention and disposition of Notes.

***Resident Withholding Tax***

ANZ Bank New Zealand and ANZNIL are required by law to deduct New Zealand resident withholding tax from the payment of interest, including amounts deemed to be interest, to the Holder of any Note on any interest payment date or the maturity date, and, similarly, ANZ Bank New Zealand is required to make such deductions from payments under the Guarantee to the extent such payments constitute interest for New Zealand tax purposes where:

(a) the Holder or, if that Holder is not the beneficial owner of such Note, then the beneficial owner of such Note (i) is a resident of New Zealand for New Zealand income tax purposes, or (ii) holds or owns the Notes for the purposes of a business the Holder carries on in New Zealand, through a fixed establishment (as defined in the Income Tax Act 2007 (New Zealand)) in New Zealand, or (iii) is a registered bank engaged in business in New Zealand through a fixed establishment (as defined in the Income Tax Act 2007 (New Zealand)) in New Zealand and is not associated with ANZ Bank New Zealand or ANZNIL (as applicable) (each such Holder or beneficial owner a "**New Zealand Holder**"); and

(b) at the time of such payment the New Zealand Holder does not hold "RWT-exempt status" (as defined in the Income Tax Act 2007 (New Zealand)) in respect of New Zealand resident withholding tax.

Prior to any interest payment date or the maturity date, any New Zealand Holder:

(a) must notify ANZ Bank New Zealand or ANZNIL, as the case may be, that the New Zealand Holder is the Holder or beneficial owner of a Note; and

(b) must notify ANZ Bank New Zealand or ANZNIL, as the case may be, of any circumstances, and provide ANZ Bank New Zealand or ANZNIL, as the case may be, with any information, that may enable ANZ Bank New Zealand or ANZNIL, as the case may be, to make the payment of interest to the New Zealand Holder without deduction on account of New Zealand resident withholding tax.

The New Zealand Holder must notify ANZ Bank New Zealand or ANZNIL, as the case may be, prior to any interest payment date or the maturity date, of any change in the New Zealand Holder's circumstances from those previously notified that could affect ANZ Bank New Zealand's or ANZNIL's, as the case may be, payment or withholding obligations in respect of any Note. By accepting payment of the full face amount of a Note or any interest thereon on any interest payment date or the maturity date, the New Zealand Holder will be deemed to have indemnified ANZ Bank New Zealand or ANZNIL, as the case may be, for all purposes in respect of any liability which ANZ Bank New Zealand or ANZNIL, as the

case may be, may incur for not deducting any amount from such payment on account of New Zealand resident withholding tax.

***Non-Resident Withholding Tax***

New Zealand law requires a deduction on account of non-resident withholding tax to be made from the payment of interest where the person deriving that interest for New Zealand tax purposes is not a New Zealand Holder. (Where interest is paid to a Holder who holds legal title to a Note as nominee for the beneficial owner of that Note, interest will be treated as derived for New Zealand tax purposes by that beneficial owner and not the Holder of the Note.)

Where a deduction on account of non-resident withholding tax is required, ANZ Bank New Zealand and ANZNIL intend (for so long as they do not incur any increased cost or detriment from so doing and are legally able to do so) to reduce the applicable rate of non-resident withholding tax to zero per cent. by registering the Programme with the New Zealand Inland Revenue and paying, on its own account, a levy equal to two per cent. of the relevant interest payment.

***Other taxes***

No ad valorem stamp, issue, registration or similar taxes are payable in New Zealand in connection with the issue of the Notes or the Guarantee. Furthermore, a transfer of or agreement to transfer the Notes or the Guarantee executed outside of New Zealand will not be subject to New Zealand stamp duty.

**United Kingdom**

**A. Introduction**

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the published practice of H.M. Revenue and Customs ("**HMRC**") which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes and related Coupons and Talons (if any). Prospective Noteholders should be aware that the particular terms of issue of any series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of Notes. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

**B. UK Withholding Tax on UK Source Interest**

B.1 Interest on Notes may be paid by the relevant Issuer without withholding or deduction for or on account of United Kingdom income tax except in circumstances where such interest has a United Kingdom source ("**UK Interest**"). Interest on Notes may have a United Kingdom source where, for example, the Notes are issued by an Issuer acting through a branch or permanent establishment in the United Kingdom, the Notes are secured on assets situated in the United Kingdom or the interest is paid out of funds maintained in the United Kingdom. Notes which carry a right to UK Interest are referred to in this United Kingdom taxation section as the "**UK Notes**".

B.2 UK Notes will constitute "quoted Eurobonds" provided they are and continue to be "listed on a recognised stock exchange" (within the meaning of section 1005 of the Income Tax Act 2007 (the "**Income Tax Act**") for the purposes of section 987 of the Income Tax Act) or admitted to trading on a "multilateral trading facility" operated by a "regulated recognised stock exchange" (within the meaning of those terms in section 987 of the Income Tax Act). Provided that the UK

Notes are and continue to be quoted Eurobonds, payments of interest on the UK Notes may be made without withholding or deduction for or on account of United Kingdom Income Tax.

The London Stock Exchange is a recognised stock exchange for these purposes. In the case of UK Notes to be traded on the London Stock Exchange, the UK Notes will be treated as "listed on a recognised stock exchange" if the UK Notes are included in the Official List of the FCA (within the meaning of Part 6 of the FSMA) and admitted to trading on the main market of the London Stock Exchange.

B.3 In addition to the exemption set out in B.2 above, interest on UK Notes may be paid without withholding or deduction for or on account of United Kingdom income tax if the relevant Issuer is a "bank" for the purposes of section 878 of the Income Tax Act 2007 and so long as such payments are made by the relevant Issuer in the ordinary course of its business. Neither ANZ Bank New Zealand nor ANZNIL qualifies as a bank for these purposes. However, ANZBGL has confirmed that when acting through its London branch, it is a bank for these purposes.

B.4 In cases falling outside the exemptions described in B.2 and B.3 above, interest on UK Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent., but rising to 22 per cent. with effect from 6 April 2027 when the requirement will instead be to withhold at the savings basic rate) subject to such other exemptions or relief as may be available. The savings basic rate has been provisionally increased by an additional 2% for the tax year from 6 April 2027 to 5 April 2028 to 24% pursuant to a series of parliamentary resolutions that give provisional statutory effect to certain aspects of the UK government's Autumn Budget on 28 October 2026. It is expected these increases will be given permanent statutory effect following the enactment of the Finance Bill 2026-27. However, this withholding will not apply if the relevant interest is paid on UK Notes with a maturity date of less than one year from the date of issue and which are not issued under arrangements the effect of which is to render such Notes part of a borrowing with a total term of a year or more.

**C. Payments by Guarantor**

If the Guarantor makes any payments in respect of interest on UK Notes (or other amounts due under UK Notes other than the repayment of amounts subscribed for such UK Notes) such payments may be subject to United Kingdom withholding tax either at the basic rate of 20%, or potentially (on or after 6 April 2027 only) at the savings basic rate (currently anticipated to be 24%), subject to such exemptions or relief as may be available. Such payments by the Guarantor may not be eligible for the exemptions described in B above.

**D. Payments under Deed of Covenant**

Any payments made by an Issuer under the Deed of Covenant may not qualify for the exemptions from UK withholding tax described in B above.

**E. Other Rules Relating to United Kingdom Withholding Tax**

1. Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on any such Notes may, depending on a number of other factors (including whether or not the payment is considered to have a UK source), be subject to any United Kingdom withholding tax pursuant to the provisions mentioned in B above, subject to the potential exemptions mentioned in B above.

2. Where Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of such interest are subject to United Kingdom withholding tax.

3. Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

4. The references to **interest** in this United Kingdom taxation section mean "interest" as understood in United Kingdom tax law. The statements do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be

created by the terms and conditions of the Notes or any related documentation (e.g., see Condition 7 (*Taxation*) of the Notes).

5. Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes and the payment has a United Kingdom source, it may be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment, a manufactured payment, rent or royalties for United Kingdom tax purposes. Where a payment is subject to United Kingdom withholding tax, depending on the nature of the payment (which will be determined by, among other things, the terms and conditions specified by the Final Terms of the Note).

6. The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an Issuer and does not consider the tax consequences of any such substitution.

**FATCA Withholding**

30 per cent. withholding may be imposed on certain payments to certain non-U.S. financial institutions that fail to comply with information collection and reporting requirements, certification requirements, or any other relevant requirements in respect of their accountholders that are tax resident in the U.S. (including certain non-U.S. entities that are controlled by U.S. tax residents). Accountholders subject to such information collection/reporting or certification requirements may include holders of certain Notes, and the Issuer may be required to withhold on a portion of any payment made under such Notes. In addition, the Issuer may be required to withhold on a portion of any payment under any Note that is made to a non-U.S. financial institution that has not agreed to comply with these information reporting requirements or has been found to be non-compliant in its execution of the obligations by the U.S. IRS. Such withholding may be imposed at any point in a chain of payments if a payee fails to comply with U.S. information collection, reporting, certification and related requirements. Accordingly, Notes held through a non-compliant institution may be subject to withholding even if the holder of the Note otherwise would not be subject to withholding. However, under proposed U.S. Treasury regulations, such withholding will not apply to payments made before the date that is two years after the date on which final regulations defining the term "foreign passthru payment" are enacted. Moreover, except with respect to Subordinated Notes, such withholding would only apply to notes issued at least six months after the date on which final regulations defining the term "foreign passthru payment" are enacted.

While a Reporting United Kingdom, Australian or New Zealand Financial Institution (as defined in the relevant intergovernmental agreement with the United States) that complies with its obligations under the applicable intergovernmental agreement will generally not be subject to FATCA withholding on amounts it receives, and will not generally be required to make FATCA withholding from payments it makes with respect to the Notes (other than in certain prescribed circumstances), FATCA withholding on counterparty or third party dealings may indirectly affect the Reporting Financial Institution.

Prospective investors should consult their tax advisers and their banks or brokers regarding the possibility of this withholding.

**Provision of information and certifications pursuant to FATCA and CRS compliance requirements**

FATCA and the CRS require certain financial institutions to collect and report information regarding certain accounts (which may include the Notes) to their tax authority by following related account opening information collection and due diligence procedures. These financial institutions may include an intermediary in the chain of payments leading to a Noteholder (which may include a clearing house). Noteholders may be requested to provide certain information and certifications to ensure compliance with FATCA and the CRS, as necessary.

Prospective investors should consult their own tax advisers on how FATCA and the CRS may apply to them under the Notes. Administrative penalties may apply if an investor makes a false or misleading certification.

## USE OF PROCEEDS AND A GENERAL DESCRIPTION OF THE ANZ SDG BOND FRAMEWORK

### Use of Proceeds

Unless otherwise specified in the applicable Final Terms, the net proceeds from the issue of any Notes will be used by the relevant Issuer (in the case of ANZBGL and ANZ Bank New Zealand) for its general corporate purposes. Where ANZNIL is the Issuer, ANZNIL will on-lend the net proceeds of the issue of the Notes to ANZ Bank New Zealand, for ANZ Bank New Zealand's general corporate purposes.

### Use of Proceeds of SDG Bonds

In the case of Notes issued by ANZBGL as SDG Bonds, the applicable Final Terms may provide that ANZBGL intends to allocate an amount equal to the net proceeds from an issue of SDG Bonds to finance or refinance a combination of new or existing assets which align with one or more eligible categories and/or ANZBGL's own operating or capital expenditures which align with one or more eligible categories, in accordance with the "Framework" (as defined in the next paragraph).

The "**Framework**" means the "*ANZ SDG Bond Framework*" dated November 2024. In the Framework, ANZBGL described its approach to the issue of green, social or sustainability bonds, to be aligned to the United Nations Sustainable Development Goals ("**SDGs**").

While ANZBGL is under no obligation to update the Framework, the Framework, any second or third party opinions and any periodic use of proceeds and impact reports prepared by ANZBGL, as well as other documentation related to SDG Bonds and/or the Framework (whether or not prepared by ANZBGL or at its request), may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ (including in a significant way) from the description given in this Base Prospectus. Potential investors in an SDG Bond should access the latest version of each relevant document available. Any such amendment, update, supplement, replacement and/or withdrawal may affect any Tranche of SDG Bonds.

#### *Certain information about the Framework*

On 1 January 2016, the United Nations Sustainable Development Goals came into effect. The 17 goals and 169 targets are aimed at addressing global challenges, including those related to poverty, inequality, climate change and environmental degradation by 2030.

ANZBGL intends that the SDG Bonds issued under the Framework will be aligned to one or more SDGs.

*Eligible assets and expenditure*

Eligible assets and expenditure are determined by ANZBGL in its absolute discretion to fall within one or more of the eligible categories and meet the process for evaluation and selection in accordance with the Framework. Eligible categories are set out in the Framework.

Payment of any principal or interest in respect of any SDG Bonds will be made from ANZBGL's general funds and will not be directly linked to or depend on the performance or credit standing of any eligible asset (or the performance of ANZBGL in respect of any SDG, ESG or similar targets). This means that, without limitation:

- no property interest or security interest in favour of any investor is created in any proceeds or eligible asset or expenditure;
- the term of any eligible assets may be shorter or longer than the term of the SDG Bonds;
- eligible assets may mature, be sold, repaid, prepaid or otherwise expire before or after the maturity date of a Tranche of SDG Bonds;
- allocation of amounts equal to the net proceeds in respect of SDG Bonds to eligible assets will regularly change in accordance with the Framework;
    - eligible assets may remain outstanding after the maturity date of the SDG Bonds;

- ANZBGL is not required to terminate the funding of any eligible assets by an amount equal to the net proceeds of maturing SDG Bonds; and
- ANZBGL may, from time to time and at its sole discretion, re-allocate or apportion eligible assets and expenditure among, and/or adjust the composition of its portfolio of eligible assets and expenditures allocated against, SDG Bonds.

*Limitations*

The Framework reflects ANZBGL's corporate purpose, strategy, governance arrangements and sustainable finance approach as at November 2024, certain aspects of which have changed since its publication. The Framework provides:

- ANZBGL's corporate purpose and strategy, which is no longer current. Potential investors should refer to this Base Prospectus for ANZBGL's current corporate purpose and strategy.
- that risks associated with potential social and environmental issues are considered by the executive Ethics and Responsible Business Committee (ERBC) and Board Ethics, Environment, Social and Governance Committee (EESG). Since publication of the Framework:
  - the EESG was discontinued and its responsibilities reallocated, as appropriate, to the Board of ANZ Group Holdings Limited and its subcommittees;
  - the ERBC was discontinued and where appropriate, matters previously considered by the ERBC are referred to the Executive Committee (ExCo), which comprises ANZBGL's most senior executives;
- that ANZBGL joined the Net-Zero Banking Alliance (NZBA) in 2021, however, the NZBA ceased operations in 2025.

ICMA has published documents entitled "The Social Bond Principles 2023" as at June 2023, "The Sustainability Bond Guidelines 2021" as at June 2021 and "The Green Bond Principles 2021" as at June 2021, with June 2022 Appendix 1 (together, the "**2021/2023 ICMA Documents**"). Subject to the limitations described in this section and in "*Risk Factors – Risks related to Notes issued as SDG Bonds*", the Framework was developed to align with the 2021/2023 ICMA Documents. As at the date of this Base Prospectus, ICMA's current versions are "The Social Bond Principles 2025" as at June 2025, "The Sustainability Bond Guidelines 2021" as at June 2021 and "The Green Bond Principles 2025" as at June 2025. The Framework precedes, has not been updated for, and has not been assessed for alignment against, ICMA's Green Bond Principles of June 2025 or ICMA's Social Bond Principles of June 2025.

***Documents available***

Subject to applicable law, copies of the Framework and any second or third party opinions (if any) (subject to consent and confidentiality requirements) and periodic use of proceeds reports and impact reports may be obtained by investors from ANZBGL's website, at https://www.anz.com/debtinvestors/centre/green-sustainability-bonds/.

Refer to the Framework for further information on reporting, including regarding use of proceeds and impact reporting prepared by ANZBGL. As at the date of this Base Prospectus, subject to limited exceptions, ANZBGL presents impact figures as "gross figures" for each project/asset. This means that the impact of ANZBGL's lending is lower than, and a portion of the total impact figures.

None of the Framework, any second or third party opinion, any other certification, assurance, review, report (including any post-issuance report), opinion or assurance relating to the Framework and/or SDG Bonds, any document referred to in any of the foregoing and the contents of any website referred to herein or therein, is or will be incorporated into, or form part of, this Base Prospectus.

***Other matters in respect of SDG Bonds that are Subordinated Notes***

Subordinated Noteholders do not have netting or set-off rights and there are no cross-default clauses in relation to the eligible assets or expenditures.

## FORM OF FINAL TERMS

*Set out below is the Form of Final Terms which will be completed for each Tranche of Notes issued under the Programme.*

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**"EEA"**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

**PROHIBITION OF SALES TO UK RETAIL INVESTORS** The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended ("**EUWA**"). Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

[**MiFID II product governance / Professional investors and eligible counterparties only target market** – Solely for the purposes of [the Dealer's/the Managers'/each relevant Manager's] product approval process as [a] MiFID II [(as defined below)] "manufacturer[s]", the target market assessment completed by the relevant [Dealer/Managers/Manager] in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, "**MiFID II**")][MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (an "**EU distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, an EU distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels. The Issuer is not subject to MiFID II and any implementation thereof by an EU Member State. The Issuer is therefore not a "manufacturer" for the purposes of the MiFID Product Governance Rules under EU Delegated Directive 2017/593 and has no responsibility or liability for identifying a target market, or any other product governance obligation set out in MiFID II, for financial instruments it issues (including the foregoing target market assessment for the Notes described in this legend).]

[**UK MiFIR product governance / Professional investors and eligible counterparties only target market** – Solely for the purposes of [the Dealer's/the Managers'/each relevant Manager's] product approval process as [a] UK MiFIR [(as defined below)] "manufacturer[s]", the target market assessment completed by the relevant [Dealer/Managers/Manager] in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of United Kingdom domestic law by virtue of the EUWA ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (a "**UK distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels. The

Issuer is not subject to UK MiFIR. The Issuer is therefore not a "manufacturer" for the purposes of the UK MiFIR Product Governance Rules and has no responsibility or liability for identifying a target market, or any other product governance obligation set out in UK MiFIR, for financial instruments it issues (including the foregoing target market assessment for the Notes described in this legend).]

Non PRM Notes may be issued in (i) bearer form, or (ii) registered form as specified in the relevant Pricing Supplement. A "protected account" is broadly an account kept by an account-holder with an authorised deposit-taking institution ("**ADI**") (i) where the ADI is required to pay the account-holder, on demand or at an agreed time, the net credit balance of the account; or (ii) that is otherwise prescribed by regulation. Protected accounts include current accounts, saving accounts and term deposit accounts. Protected accounts must be recorded in Australian currency and must not be kept at a foreign branch of an ADI. ANZBGL is an ADI but ANZ Bank New Zealand and ANZNIL are not ADIs in Australia.

The Non PRM Notes are not guaranteed or insured by any government, government agency or compensation scheme of Australia, New Zealand or any jurisdiction.

Non PRM Notes issued by ANZ Bank New Zealand or ANZNIL do not represent deposits or other liabilities of ANZBGL, nor is an investment in Non PRM Notes issued by ANZ Bank New Zealand or ANZNIL guaranteed by ANZBGL. Non PRM Notes issued by ANZ Bank New Zealand and ANZNIL are subject to risks affecting the relevant Issuer, including the risk that the relevant Issuer does not make payments of interest or principal when due in respect of the Non PRM Notes.

There are references in the Base Prospectus to the credit ratings of the Issuers and the Non PRM Notes. A credit rating is not a recommendation to buy, sell or hold the Non PRM Notes and may be subject to revision, suspension or withdrawal at any time by the relevant rating agency.

Credit ratings in respect of the Non PRM Notes or the Issuers are for distribution only to a person who is not a "retail client" within the meaning of section 761G of the Corporations Act 2001 of Australia (the "**Corporations Act**") and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Part 6D.2 or Chapter 7 of the Corporations Act and, in all cases, in such circumstances as may be permitted by applicable law in any jurisdiction in which an investor may be located. Anyone who is not such a person is not entitled to receive the Information Memorandum and anyone who receives the Information Memorandum must not distribute it to any person who is not entitled to receive it.

Unless required by law, none of the ANZ Group, the ANZBGL Group or the ANZ Bank New Zealand Group undertakes to publicly release the result of any revisions to these statements to reflect events or circumstances after the date of this Information Memorandum.

**No Australian retail product distribution conduct**

This Information Memorandum and the Non PRM Notes are not for distribution to any person in Australia who is a retail client for the purposes of section 761G of the Corporations Act. No target market determination has been or will be made for the purposes of Part 7.8A of the Corporations Act.

**In connection with the issue of any Tranche (as defined in Conditions of the Notes) of Non PRM Notes, the Dealer or Dealers (if any) named in the Pricing Supplement as the Stabilising Manager (the "Stabilising Manager(s)") (or persons acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws (including without limitation the Competition and Consumer Act 2010 of Australia and the Corporations Act) and rules and outside Australia and New Zealand (and not on any market in Australia or New Zealand).**

In this Information Memorandum, unless otherwise specified, references to a "**Member State**" are references to a Member State of the European Economic Area, references to "**A$**","**$**", "**dollars**", "**Australian dollars**" or "**¢**" are to the lawful currency of Australia, references to "**euro**" or "**€**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No. 974/98 of 3 May 1998 on the introduction of the euro, as amended from time to time, references to "**NZ$**" are to the lawful currency of New Zealand, references to "**Sterling**" are to the lawful currency of the United Kingdom, references to "**US$**" or "**US dollars**" are to the lawful currency of the United States, and references to "**Yen**" are to the lawful currency of Japan.

The "**Guarantee**" means the ANZ Bank New Zealand guarantee in favour of ANZNIL (described on page 86 of the Base Prospectus).

In this Information Memorandum, unless otherwise specified, capitalised terms have the meaning given to them in the Terms and Conditions of the Non PRM Notes.

**The Non PRM Notes may not be a suitable investment for all investors.**

Each potential investor in any Non PRM Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Non PRM Notes and the information contained or incorporated by reference in this Information Memorandum or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Non PRM Notes and the impact such an investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Non PRM Notes, including Non PRM Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Non PRM Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Non PRM Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured and appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Non PRM Notes and the impact this investment will have on the potential investor's overall investment portfolio.

**Notes issued as "SDG Bonds"**

On 1 January 2016, the United Nations' Sustainable Development Goals (the "**SDGs**") came into effect. The 17 goals and 169 targets are aimed at addressing global challenges, including those related to poverty, inequality, climate change and environmental degradation by 2030.

ANZBGL may issue Notes described as "SDG Bonds". "**SDG Bonds**" are a Tranche of Notes where the applicable Pricing Supplement provides that ANZBGL intends to allocate an amount equal to the net proceeds from an issue of such Notes to finance or refinance a combination of new or existing assets which align with one or more eligible categories and/or ANZBGL's own operating or capital expenditures which align with one or more eligible categories in accordance with an ANZ SDG Bond framework. ANZBGL's current SDG Bond framework is dated 7 November 2024 but it may be updated, supplemented and/or replaced from time to time (the "**Framework**") and any subsequent version(s) may differ (including in a significant way) from any description given in this Information Memorandum. As at the date of this Information Memorandum, ANZBGL's Framework has not been assessed for alignment against the International Capital Market Association's ("**ICMA**") Green Bond Principles of June 2025 or ICMA's Social Bond Principles of June 2025. See "*Use of Proceeds and a General Description of the ANZ SDG Bond Framework – Limitations*" in the Base Prospectus (which is deemed incorporated by reference into this Information Memorandum) for further information on the ICMA documents with which the Framework was developed to align. The Framework is not incorporated into and does not form part of this Information Memorandum.

ANZBGL intends that the SDG Bonds issued under the Framework will be aligned to one or more SDGs.

The Dealers and the Arranger have not undertaken, nor are they responsible for, any assessment of the "Eligible Assets" or "Eligible ANZ Expenditures" (in each case, as may be defined from time to time in the Framework) or the application, impact or monitoring of, or reporting in respect of, the use of proceeds for any Notes issued by ANZBGL as SDG Bonds.

None of ANZBGL, the Arranger or any Dealer or their affiliates accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as SDG Bonds or makes any

representation or warranty or assurance whether such Notes will meet any investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels (including but not limited to Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "**EU Taxonomy Regulation**") and any related technical screening criteria, the "European Green Bonds" ("**EuGB**") label or the optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds under Regulation (EU) 2023/2631 (the "**European Green Bond Regulation**"), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector ("**SFDR**") and any implementing legislation and guidelines, or any similar legislation in the United Kingdom or any market standards or guidance, including green, sustainable or social bond principles or other similar principles or guidance published by ICMA (the "**ICMA Principles**")) or any requirements of such labels or market standards as they may evolve from time to time; or that any adverse environmental and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Assets.

Neither the Arranger nor any Dealer or their affiliates is responsible for (i) the use or allocation of proceeds of any Notes issued as SDG Bonds, (ii) the impact, monitoring or reporting in respect of such use of proceeds, or (iii) the alignment of the SDG Bond with the Framework or alignment of the Framework with the applicable ICMA Principles, (iv) nor do any of them undertake to ensure that there are at any time sufficient eligible assets and/or eligible expenditures to allow for allocation of a sum equal to the net proceeds of the issue of such SDG Bonds in full. In acting as sustainability coordinator, sustainability structurer or in any similar role in respect of any SDG Bonds, each of the Arranger and any Dealer has acted only on the instructions of and on behalf of ANZBGL and does not accept any responsibility to any investor or other person in relation to any activities it has undertaken in such capacity.

In respect of any SDG Bonds, no representation or assurance is given by ANZBGL, the Arranger or the Dealers or their affiliates as to the suitability of any such SDG Bonds to fulfil any present or future investor expectations or requirements with respect to sustainability or other investment criteria or guidelines which any investor is, or its investments are, required to comply with.

In the event any such SDG Bonds are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by ANZBGL, the Arranger or the Dealers or their affiliates that such listing or admission will be obtained or maintained for the lifetime of the SDG Bonds.

**Second and third party opinions, assurances and certifications in respect of SDG Bonds**

Neither the Arranger nor the Dealers have reviewed the Framework or any second or third party opinions, nor do they accept any responsibility as to the accuracy and completeness of the information contained in such documents or in any opinion, assurance, certification, review, assessment or other report in connection with the Framework and/or SDG Bonds. Potential investors in SDG Bonds must determine for themselves the relevance of any such opinion, review, assurance, certification or post-issuance report, label and/or the information contained therein and/or the provider of such opinion, assurance, review or certification or post-issuance report and/or label for the purpose of any investment in SDG Bonds.

No assurance or representation is given by ANZBGL, the Arranger, the Dealers or any other person as to the suitability or reliability for any purpose whatsoever of any opinion, review, assurance, certification or post-issuance report of any third party (including any post-issuance reports prepared by an external reviewer) and/or label, whether or not solicited by ANZBGL, which may be made available in connection with the issue of SDG Bonds and in particular any eligible assets (including any second or third party opinions) to fulfil any sustainable development goal, environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion, review, assurance, certification or post-issuance report is not, nor should it be deemed to be, a recommendation by ANZBGL, the Arranger, the Dealers or any other person to buy, sell or hold SDG Bonds and such opinions, assurances and certifications may not reflect the potential impact of all risks related to the structure, market and other factors that may affect the value of SDG Bonds, and they may be revised or withdrawn at any time. Additionally, any such opinion, review, assurance, certification or post-issuance report and/or label (i) is only current as of the date on which it was initially issued and the criteria and/or considerations that form the basis of such opinion, review, assurance, certification or post-issuance report and/or label may change at any time, (ii) only provides an opinion, review, assurance, certification or post-issuance report on certain environmental and related considerations and (iii) is not intended to address any credit, market or other

aspects of an investment in SDG Bonds including, without limitation, market price, marketability, investor preference or suitability of any security to fulfil any specific investment criteria. Prospective investors must determine for themselves the relevance of any such opinion, review, certification or post-issuance report and/or the information contained therein. The criteria and/or considerations that form the basis of any such opinion, review, assurance, certification or post-issuance report and/or label may change at any time and the opinion, review, assurance, certification or post-issuance report and/or label may be amended, updated, supplemented, replaced and/or withdrawn. Prospective investors must determine for themselves the relevance of any such opinion, review, assurance, certification or post-issuance report, label and/or the information contained therein.

Any second or third party opinion, and any other opinion provided in relation to SDG Bonds is a statement of opinion, not a statement of fact. Second or third party opinion providers may not be subject to any specific regulatory or other regime or oversight and any opinions provided are provided for information purposes only and on a no liability basis. As at the date of this Information Memorandum, the providers of such opinions, assurances and certifications were not subject to any specific regulatory or other regime or oversight. The European Green Bond Regulation has introduced a supervisory regime of external reviewers of EuGBs which took effect on 21 June 2026, pursuant to which external reviewers of EuGB require registration with ESMA (where such registration is subject to the senior management of the external reviewer satisfying certain conditions, relating to skills, qualification and experience), though this does not apply to external reviewers in respect of an issue of "green bonds" other than those with the EuGB label.

among themselves. The claims of holders of Subordinated Notes will, in the event of the winding up of ANZBGL, be subordinated in right of payment to all Senior Creditors as described in "Conditions of the Notes – Status and Guarantee – Subordinated Notes."

In respect of Subordinated Notes, prior to the winding-up of ANZBGL, the obligation of ANZBGL to make payments (including of any principal, additional amounts and interest) on the Subordinated Notes will be conditional on ANZBGL being Solvent (as defined in "Conditions of the Notes – Interest and other calculations – Definitions") at the time of, and immediately after, such payment by ANZBGL. Any such failure to pay will not be considered an event of default for the purposes of the Subordinated Notes.

Conversion or Write-Off of Subordinated Notes ..... The Subordinated Notes will be mandatorily Converted into Ordinary Shares or Written-Off (as specified in the relevant Pricing Supplement) where this is determined by APRA to be necessary on the grounds that ANZBGL would otherwise become non-viable. If the Conversion option applies to Subordinated Notes but, for any reason, the Subordinated Notes have not been Converted within five Business Days after the Trigger Event Date, the principal amount of such Subordinated Note will not be Converted and instead will be Written-Off with effect on and from the Trigger Event Date.

If a Subordinated Note of a Holder is Written-Off, the Holder's rights under that Subordinated Note are immediately and irrevocably terminated for no consideration and the Holder will suffer a total loss of their investment as a consequence. In the event that a Non-Viability Trigger Event occurs, the Deed of Undertaking governs the obligations of ANZGHL to issue any Ordinary Shares to be issued by ANZGHL upon Conversion of Subordinated Notes.

Status of the Guarantee..... Non PRM Notes issued by ANZNIL will be unconditionally and irrevocably guaranteed by ANZ Bank New Zealand. The Guarantee constitutes direct, unconditional and unsecured obligations of ANZ Bank New Zealand which (save for certain debts of ANZ Bank New Zealand required to be preferred by law) will at all times rank *pari passu* among themselves and equally with all other unsubordinated and unsecured obligations of ANZ Bank New Zealand. The Non PRM Notes issued by ANZ Bank New Zealand and ANZNIL are not guaranteed by ANZBGL.

In that event, the relevant Issuer or, where applicable, the Guarantor shall pay additional amounts to the Noteholders as shall result in receipt by those Noteholders of such amounts as would have been received by them had no such withholding been required, except that no such additional amounts shall be payable with respect to any Non PRM Note in the circumstances described in Condition 7 (*Taxation*) in the Terms and Conditions of the Non PRM Notes. |

**ANZBGL Ranking Table (Non PRM Notes)**

If ANZBGL becomes insolvent and is unable to pay its debts, an administrator or liquidator would be expected to make distributions to its creditors in accordance with a statutory order of priority. A simplified diagram illustrating the expected ranking of the Non PRM Notes compared to other creditors of ANZBGL is set out below[1]:

ANZBGL has the right to issue further debt, deposits or other obligations or securities of any kind at any time. Subordinated Notes do not limit the amount of senior debt, deposits or other obligations or securities that may be incurred or issued by ANZBGL at any time.

[2] APRA has confirmed that Additional Tier 1 Capital will be phased out from 1 January 2027. See the section "*Description of Supervision and Regulation of Australia and New Zealand Banking Group Limited – Australian Regulatory Developments – Capital and Liquidity – APRA's approach to Additional Tier 1 Capital in Australia*".

**Additional disclosure in respect of Subordinated Notes issued by ANZBGL**

The following additional disclosures are relevant to Non PRM Notes that are Subordinated Notes issued by ANZBGL. All capitalised terms used herein and not otherwise defined shall have the meanings assigned to them in the Terms and Conditions of the Non PRM Notes.

***Status and subordination of Subordinated Notes***

The Subordinated Notes constitute direct, unsecured and subordinated obligations of ANZBGL ranking equally among themselves. In the event of the winding-up of ANZBGL and prior to the commencement of the winding-up of ANZBGL, the principal amount of, any interest on, and any other payments, including additional amounts, in respect of the Subordinated Notes will rank behind all claims of Senior Creditors, *pari passu* with Equal Ranking Securities and ahead of Junior Ranking Securities.

"**Equal Ranking Securities**" means any present or future instrument that ranks in a winding-up of ANZBGL as the most junior claim in the winding-up of ANZBGL ranking senior to Junior Ranking Securities, and includes any instruments issued as Relevant Tier 2 Securities.

"**Junior Ranking Securities**" means any present or future instrument:

(i) issued as Tier 1 Capital; and

(ii) that by its terms is, or is expressed to be, subordinated in a winding up of ANZBGL to the claims of Subordinated Noteholders and holders of Equal Ranking Securities.

"**Senior Creditors**" means all present and future creditors of ANZBGL (including but not limited to depositors of ANZBGL) whose claims:

(i) would be entitled to be admitted in the winding up of ANZBGL; and

(ii) are not in respect of Equal Ranking Securities or Junior Ranking Securities.

Prior to the winding-up of ANZBGL, the obligation of ANZBGL to make payments (including of any principal, additional amounts and interest) on the Subordinated Notes will be conditional on ANZBGL being Solvent at the time of, and immediately after, such payment by ANZBGL. Any such failure to pay will not be considered an event of default for the purposes of the Subordinated Notes.

Further, the Subordinated Notes will be mandatorily Converted into the ordinary shares of ANZGHL ("**Ordinary Shares**") or Written-Off (as specified in the applicable Pricing Supplement) where this is determined by APRA to be necessary on the grounds that APRA considers that ANZBGL would otherwise become non-viable or APRA determines that without a public sector injection of capital or equivalent support ANZBGL would become non-viable as further described below under "Subordinated Notes are subject to Mandatory Conversion in the event of a Non-Viability Trigger Event."

A Non-Viability Trigger Event could occur before or after ANZBGL is in a winding up. Where the Subordinated Notes of a Holder are Converted into Ordinary Shares, Holders have the claims of a holder of Ordinary Shares. If, following a Non-Viability Trigger Event, Subordinated Notes are Written-Off, Holders have no claim at all on ANZBGL or ANZGHL, notwithstanding whether any Ordinary Shares or Junior Ranking Securities remain outstanding.

***The Subordinated Notes are complex financial instruments and may not be a suitable investment for all investors.***

The Subordinated Notes are complex financial instruments, which include features that are required for the Subordinated Notes to qualify as ANZBGL's Tier 2 Capital under APRA's prudential standards. As a result, an investment in the Subordinated Notes will involve certain increased risks. Each potential investor in the Subordinated Notes must determine the suitability of such investment in the Subordinated Notes (or the Ordinary Shares to be issued if Conversion is required) in light of its own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the Subordinated Notes, the merits and risks of investing in the Subordinated Notes, the rights attaching to the

Subordinated Notes, when and how the Subordinated Notes may be Converted or Written-Off and the information contained or incorporated by reference in this Information Memorandum;

(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Subordinated Notes and the impact the Subordinated Notes (or the Ordinary Shares to be issued if Conversion is required) will have on its overall investment portfolio;

(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Subordinated Notes (or the Ordinary Shares to be issued if Conversion is required), including the risk associated with a Conversion or Write-Off or where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the Subordinated Notes, such as the provisions governing a Conversion or Write-Off with respect to Subordinated Notes (including, in particular the uncertainty as to the circumstances under which a Non-Viability Trigger Event will or may be deemed to occur), and be familiar with the behaviour of any relevant financial markets and their potential impact on the likelihood of certain events under the Subordinated Notes occurring; and

(v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

A potential investor should not invest in the Subordinated Notes unless it has the knowledge and expertise (either alone or with a financial adviser) to evaluate how the Subordinated Notes will perform under changing conditions and their resulting effects on the likelihood of a Conversion or Write-Off and the value of the Subordinated Notes, and the impact this investment will have on the potential investor's overall investment portfolio. Prior to making an investment decision, potential investors should consider carefully, in light of their own financial circumstances and investment objectives, all the information contained in this Information Memorandum or incorporated by reference herein.

***An investor holding Subordinated Notes may lose some or all of its investment should ANZBGL become insolvent***

Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a significant risk that an investor holding Subordinated Notes may lose some or all of its investment should ANZBGL become insolvent.

The terms of the Notes do not limit the amount of the liabilities ranking senior to any Subordinated Notes which may be incurred or assumed by ANZBGL from time to time, whether before or after the date of issue of the relevant Subordinated Notes. Holders should also be aware that:

(i) there is no obligation on ANZBGL to issue or maintain on issue any Junior Ranking Securities (as further detailed in the section "*Additional disclosure in respect of Subordinated Notes issued by ANZBGL – Status and Subordination of Subordinated Notes*"); and

(ii) in December 2025, APRA finalised its prudential standards relating to the removal of Additional Tier 1 Capital, with the new prudential standards to come into effect from 1 January 2027 as described in the section "*Description of Supervision and Regulation of Australia and New Zealand Banking Group Limited – Australian Regulatory Developments – Capital and Liquidity – APRA's approach to Additional Tier 1 Capital in Australia*". An Additional Tier 1 Capital Instrument issued before 1 January 2027 continues to rank, and be liable to be converted or written off in accordance with the terms on which it was issued. However, the introduction of those prudential standards is likely to affect the amount of Junior Ranking Securities on issue from time to time. This could adversely affect the outcomes for holders of Subordinated Notes in the event of a Winding Up. Transitional arrangements designed to ensure an orderly transition and limit any immediate impacts on issuers or investors will apply to Additional Tier 1 Capital instruments issued before 1 January 2027, however APRA expects that no Additional Tier 1 Capital instruments would remain on issue after 1 January 2032. Accordingly, from that date, it is expected that the only securities ranking junior to the Subordinated Notes in a winding-up would be ANZBGL Ordinary Shares, and if a Non-Viability Trigger Event were to occur there

would be no Relevant Tier 1 Securities to be Converted before the Subordinated Notes are required to be Converted.

If ANZBGL is declared insolvent and a winding up proceeding is initiated, it will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors but excluding any obligations in respect of Subordinated Notes) in full before it can make any payments on any Subordinated Notes. If this occurs, ANZBGL may not have enough assets remaining after these payments to pay amounts due under the relevant Subordinated Notes.

In addition, all Subordinated Notes will provide that, prior to the winding up of ANZBGL, ANZBGL is only permitted to make payments on such Subordinated Notes if it is solvent at the time of such payment and if it would be solvent immediately after any such payment. Any such failure to pay will not be considered an Event of Default for the purposes of the Subordinated Notes.

***An investor holding Subordinated Notes has limited remedies available for non-payment of amounts owing and for other breaches of ANZBGL's obligations***

If ANZBGL fails to pay principal on the Subordinated Notes on its due date, or fails to pay interest on the Subordinated Notes within 30 days of its due date, a Subordinated Noteholder may commence proceedings to recover the amount owing, provided that ANZBGL will not, by virtue of the institution of any such proceedings (other than any winding up proceedings), be obliged to pay any principal or interest or any other payments in respect of the Subordinated Notes:

(a) sooner than such amounts would otherwise be payable and not until after the claims of other creditors of ANZBGL have been paid; and

(b) if ANZBGL is not solvent at the time of, or would not be solvent immediately after, the payment of such amount.

In addition to taking such actions upon any such failure to pay principal or interest, a Subordinated Noteholder may commence a proceeding in the State of Victoria, Australia (but not anywhere else) for a winding up. The making of an order for a winding up is in the discretion of the court.

The remedies of a holder in respect of any failure of ANZGHL to issue the Ordinary Shares are limited in accordance with the terms of the Subordinated Notes and the Deed of Undertaking, which provide that holders have no rights against ANZGHL in respect of the Subordinated Notes other than (and subject always to where Write-Off applies) to seek specific performance of the obligation to issue the Ordinary Shares. The making of an order for specific performance is in the discretion of the court.

No other remedy will be available to a holder of Subordinated Notes against ANZBGL, whether for the recovery of amounts owing in respect of, or for a breach by ANZBGL of its obligations under or in respect of, the Subordinated Notes.

***An investor holding Subordinated Notes has limited rights to accelerate principal under the Subordinated Notes***

A Subordinated Noteholder may not declare the principal amount of the Subordinated Notes to be due and payable prior to their stated maturity, other than on the occurrence of a winding up.

***Redemption of the Subordinated Notes***

Subordinated Notes may be redeemed at the option of ANZBGL before their stated Maturity Date, as described below under the risk factor entitled "*Redemption is subject to certain conditions, including the prior written approval of APRA*".

ANZBGL may at its option redeem Subordinated Notes at the Early Redemption Amount together with interest accrued to the date fixed for redemption on any Optional Redemption Date as specified in the applicable Pricing Supplement. The Optional Redemption Date may not be before the fifth anniversary of the Issue Date of the relevant Subordinated Note.

Further, ANZBGL may at its option redeem all, but not some only, of the Subordinated Notes at the Early Redemption Amount together with interest accrued to the date fixed for redemption for certain

taxation reasons. These include where ANZBGL has or will become obliged to pay additional amounts, where (if the Pricing Supplement so specifies) ANZBGL or the consolidated tax group of which it is a member would be exposed to more than a *de minimis* amount of other taxes, levies, imposts, charges and duties (including stamp and transaction duties) imposed by any authority together with any related interest, penalties and expenses in connection with them, assessments or other governmental charges in connection with any Subordinated Notes or where if the Pricing Supplement so specifies ANZBGL determines that interest payable on any Subordinated Note is not, or may not be, allowed as a deduction for the purposes of Australian income tax (in each case, where ANZBGL did not expect such event to occur on the Issue Date of the Subordinated Notes).

ANZBGL may at its option redeem all, but not some only, of the Subordinated Notes at the Early Redemption Amount together with interest accrued to the date fixed for redemption if a Regulatory Event occurs.

Where prior to any such redemption, a Subordinated Note has been Written-Off or Converted in part, the Early Redemption Amount payable in respect of that Subordinated Note will be reduced and calculated on the Principal Amount of that Subordinated Note as reduced on the date of the Write-Off or Conversion.

***Redemption and amendment is subject to certain conditions, including the prior written approval of APRA***

ANZBGL may not redeem any Subordinated Note prior to the Maturity Date or purchase, or procure that any of its Related Entities purchase, any Subordinated Notes without the prior written approval of APRA. Investors in Subordinated Notes should not expect that APRA's approval will be given for any redemption or purchase of a Subordinated Note. Any redemption of Subordinated Notes does not imply or indicate that the Issuer will exercise any redemption right of other outstanding Subordinated Notes or any other Relevant Securities in the future. Additionally, ANZBGL will not be permitted to redeem any Subordinated Note unless:

(a) the Subordinated Notes are replaced concurrently or beforehand with Regulatory Capital of the same or better quality and the replacement of the Subordinated Notes is done under conditions that are suitable for ANZBGL's income capacity; or

(b) APRA is satisfied that ANZBGL's capital position at Level 1, Level 2 and, if applicable, Level 3 is well above its minimum capital requirements after ANZBGL elects to redeem the Subordinated Notes.

APRA has stated that, consistent with its prudential requirements, where it considers any replacement capital to be more expensive (including because of higher credit margins), APRA may not approve a redemption unless the issuer of the notes satisfies it as to the economic and prudential rationale for the redemption and that the redemption will not create an expectation that other regulatory capital instruments will be redeemed in similar circumstances. The matters to which APRA may have regard in considering whether to give its approval are not limited and may change.

In the case of Subordinated Notes, any modification, amendment, supplement, consent, waiver or other action which may affect the eligibility of the Subordinated Notes as Tier 2 Capital cannot be made without the prior written approval of APRA. In addition, any Successor Rate, Alternative Rate, Adjustment Spread, or Benchmark Amendments in respect of Subordinated Notes will be subject to the prior written approval of APRA having been obtained in each case. Subordinated Noteholders should note that APRA's approval may not be given for any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments it considers to have the effect of increasing the Interest Rate contrary to applicable prudential standards.

***No set-off in relation to Subordinated Notes***

Neither ANZBGL nor a Subordinated Noteholder has any contractual right to set off any sum at any time due and payable to a Subordinated Noteholder or ANZBGL (as applicable) under or in relation to the Subordinated Notes against amounts owing by the Subordinated Noteholder to ANZBGL or by ANZBGL to the Subordinated Noteholder (as applicable).

***Governing Law***

The Subordinated Notes will be governed by English law, except that the subordination, Conversion and Write-Off provisions applicable to the Subordinated Notes will be governed by, and construed in accordance with, the laws of the State of Victoria and the Commonwealth of Australia.

The Deed of Undertaking will be governed by, and construed in accordance with, the laws of the State of Victoria and the Commonwealth of Australia.

***Subordinated Notes are subject to mandatory Conversion or Write-Off in the event of a Non-Viability Trigger Event***

Subordinated Notes issued by ANZBGL are subject to mandatory Conversion into ordinary shares of ANZGHL (or a successor) or Write-Off (as specified in the applicable Pricing Supplement) if a Non-Viability Trigger Event occurs. A Non-Viability Trigger Event occurs when APRA has provided a written determination to ANZBGL that the conversion or write-off of Relevant Securities is necessary because without either such conversion or write-off or a public sector injection of capital, ANZBGL would become non-viable.

If "Conversion – Applicable" is selected under the relevant Pricing Supplement, and (i) a Non-Viability Trigger Event occurs that does not involve a requirement for a public sector injection of capital, on the date of such event, ANZBGL will be required to Convert some or all of the Principal Amount of the Subordinated Notes into Ordinary Shares, or (ii) a Non-Viability Trigger Event occurs that involves a requirement for a public sector injection of capital, on the date of such event, ANZBGL will be required to Convert all of the Principal Amount of the Subordinated Notes into Ordinary Shares. If Conversion has not been effected within five Business Days after the Non-Viability Trigger Event for any reason, ANZBGL will be required to Write-Off the relevant Principal Amount of the Subordinated Notes.

If "Write-Off – Applicable" is selected under the relevant Pricing Supplement and (i) a Non-Viability Trigger Event occurs that does not involve a requirement for a public sector injection of capital, on the date of such event, ANZBGL will be required to Write-Off some or all of the Principal Amount of the Subordinated Notes, or (ii) a Non-Viability Trigger Event occurs that involves a requirement for a public sector injection of capital, on the date of such event, ANZBGL will be required to Write-Off all of the Principal Amount of the Subordinated Notes.

Where a Write-Off occurs, the rights of the relevant investor in relation to the relevant Principal Amount of a Subordinated Note are immediately and irrevocably terminated and written-off and the investor will lose that investment and will not receive any compensation.

A Non-Viability Trigger Event may be associated with financial difficulty of ANZBGL and occur contemporaneously with severe market conditions in Australia more generally, and such events are likely to be adverse to investors in the Subordinated Notes.

See sections entitled "*Description of Supervision and Regulation of Australia and New Zealand Banking Group Limited — Australian Regulatory Developments — Crisis Management*" and "*Regulatory changes or a failure to comply with laws, regulations or policies may adversely affect the ANZBGL Group's Position*" for information on the Statutory Conversion and Write-Off Provisions (as defined therein).

***The circumstances under which APRA would determine that ANZBGL is non-viable are uncertain***

It is a requirement under APRA's prudential standards that the terms of any subordinated debt, in order to be eligible for inclusion as regulatory capital, contain provisions for conversion or write-off in the event of non-viability. Whether ANZBGL is non-viable is determined by APRA. The prudential standards do not define non-viability and APRA has not provided specific guidance on how it would determine non-viability. Non-viability could be expected to include a serious impairment of ANZBGL's financial position. However, it is possible that APRA's view of non-viability may not be confined to solvency or capital measures and APRA's position on these matters may change over time. APRA has indicated that non-viability is likely to arise prior to the insolvency of an ADI. Non-viability may be significantly impacted by a number of factors, including factors which impact the business, operation and financial condition of ANZBGL, such as systemic and non-systemic macro-economic, environmental and operational factors.

***An investor holding Subordinated Notes subject to mandatory Conversion may receive on Conversion Ordinary Shares worth significantly less than the principal amount of the investor's Subordinated Notes; such Ordinary Shares may be subject to restrictions on transfer in the absence of a prospectus or equivalent disclosure***

A Non-Viability Trigger Event could occur at any time. It could occur on dates not previously contemplated by investors or which may be unfavourable in light of then-prevailing market conditions or investors' individual circumstances or timing preferences.

Potential investors in Subordinated Notes should understand that, if a Non-Viability Trigger Event occurs and Subordinated Notes are Converted into Ordinary Shares, investors are obliged to accept the Ordinary Shares (subject to the provisions for issue of Ordinary Shares to a nominee described below) even if they do not at the time consider such shares to be an appropriate investment for them and despite any change in the financial position of ANZBGL or ANZGHL since the issue of the Subordinated Notes or any disruption to the market for those Ordinary Shares or to capital markets generally. Investors holding Subordinated Notes subject to Conversion upon the occurrence of a Non-Viability Trigger Event have no right to elect to have Subordinated Notes Written-Off instead of Converted.

There may be no market in Ordinary Shares received on Conversion and investors may not be able to sell the Ordinary Shares at a price equal to the value of their investment and as a result may suffer loss. Furthermore, the sale of Ordinary Shares issued upon Conversion of the Subordinated Notes may also be restricted by applicable Australian law, including restrictions under the Corporations Act on the sale of Ordinary Shares to investors within 12 months of their issue (except where certain exemptions apply) on account of the Subordinated Notes and the Ordinary Shares being issued without ANZGHL as the issuer of the Ordinary Shares having made prospectus or equivalent disclosure as required by the Corporations Act. The restrictions may apply to sales by any nominee for investors as well as sales by investors and by restricting sales investors may suffer loss. The application of that restriction will turn on whether ANZGHL as the issuer of the Ordinary Shares has provided sufficient disclosure to make the Ordinary Shares freely tradeable, as to which neither ANZBGL nor ANZGHL has any affirmative obligation.

***The number of Ordinary Shares that an investor holding Subordinated Notes subject to mandatory conversion will receive on Conversion is dependent on formulae in the Conditions as supplemented by the applicable Pricing Supplement which may have the effect that the value of those Ordinary Shares is less than the principal amount of the investor's Subordinated Notes***

Except where the applicable Pricing Supplement specifies that Alternative Conversion Number applies, the number of Ordinary Shares that an investor will receive for a Principal Amount of Subordinated Notes will be calculated in accordance with a formula which provides for a calculation based on a discounted five Business Day VWAP subject to a maximum conversion number.

The period for calculating VWAP is retrospective, and means the period of five Business Days on which trading in Ordinary Shares took place immediately preceding (but not including) the Trigger Event Date. The Ordinary Shares may not be listed. They may not have been listed for some period of time, for example, if ANZGHL is acquired by another entity and delisted. The Ordinary Shares may not be able to be sold at prices representing their VWAP. In particular, VWAP prices will be based wholly or partly on trading days which occurred before the Non-Viability Trigger Event.

The maximum conversion number is based on a price of 20 per cent. of the Issue Date VWAP which, in summary, means the VWAP during the period of 20 Business Days preceding the issue date of the Subordinated Notes. The price at which such number of Ordinary Shares may be sold when determined on the basis of the VWAP may be significantly less than the principal amount of Subordinated Notes Converted, especially where the number is limited to the maximum conversion number.

Since the maximum conversion number is calculated by reference to the applicable Issue Date VWAP, this number may be higher or lower than the maximum conversion number applicable to other Relevant Securities, depending on the date on which those securities were issued.

The Non-Viability Determination may require some or all Relevant Securities be converted. Where it requires only some be converted, in determining the number of Subordinated Notes that are Converted, ANZBGL first takes into account the conversion of Relevant Tier 1 Securities and then treats Relevant

Tier 2 Securities (including the Subordinated Notes) on an approximately pro-rata basis or as further described in the Conditions. Where all Relevant Securities are required to be converted, all Relevant Tier 2 Securities and Relevant Tier 1 Securities may be converted at the same time. In this circumstance, the effect is that the rights attaching to Relevant Tier 1 Securities would not be cancelled, limited or subject to loss absorption before Relevant Tier 2 Securities (including Subordinated Notes) are themselves subject to loss absorption. The Banking Act does not impose on APRA a requirement to ensure that, in the exercise of its powers, holders of regulatory capital securities (such as Subordinated Notes) are no worse off than they would be in an insolvency. The number of Ordinary Shares a holder will receive is determined by the conversion formula applicable to the Subordinated Notes and not by APRA or by their ranking in a winding up if APRA were not to issue a non-viability determination.

Holders should be aware that:

- There is no obligation on ANZBGL to issue, or maintain on issue, any Relevant Securities that it has issued or may decide to issue in the future. As a result, if a Non-Viability Trigger Event requiring the Conversion of some but not all Subordinated Notes occurs, the relative impact on the Subordinated Notes will depend on the amount (if any) of Relevant Securities other than the Subordinated Notes that are on issue at that time and whether those Relevant Securities are Relevant Tier 1 Securities or Relevant Tier 2 Securities.

- In December 2025, APRA finalised its prudential standards relating to the removal of Additional Tier 1 Capital, with the new prudential standards to come into effect from 1 January 2027 as described in the section "*Description of Supervision and Regulation of Australia and New Zealand Banking Group Limited – Australian Regulatory Developments – Capital and Liquidity – APRA's approach to Additional Tier 1 Capital in Australia*". The introduction of those prudential standards is likely to decrease the amount (if any) of Relevant Tier 1 Securities and increase the amount of Relevant Tier 2 Securities that are on issue from time to time. This could adversely affect the outcomes for holders of Subordinated Notes in the event of a Non-Viability Trigger Event. Transitional arrangements designed to ensure an orderly transition and limit any immediate impacts on issuers or investors will apply to Additional Tier 1 Capital instruments issued before 1 January 2027, however APRA expects that no Additional Tier 1 Capital instruments would remain on issue after 1 January 2032. Accordingly, from that date, it is expected that the only securities ranking junior to the Subordinated Notes in a winding-up would be ANZBGL Ordinary Shares, and if a Non-Viability Trigger Event were to occur there would be no Relevant Tier 1 Securities to be Converted before the Subordinated Notes are required to be Converted.

- There is no requirement that the rights attaching to Ordinary Shares be cancelled or limited before Relevant Securities (including Subordinated Notes) are subject to loss absorption.

Where Subordinated Notes are required to be Converted at or around the same time as the conversion of other Relevant Securities, the VWAP used to calculate the number of Ordinary Shares issued on Conversion of Subordinated Notes may be the same as the VWAP used to calculate the number of Ordinary Shares issued on conversion of other Relevant Securities. Therefore, it is possible that Subordinated Noteholders may receive the same number or fewer Ordinary Shares per Subordinated Note than would be received by holders of other Relevant Securities (including Relevant Tier 1 Securities that are expressed to rank junior to the Subordinated Notes in the event that ANZBGL becomes insolvent).

Holders should also be aware that a Non-Viability Trigger Event may occur more than once. For example, as a result of a Non-Viability Trigger Event, a partial conversion of some Relevant Securities may occur and yet fail to restore ANZBGL to viability. In that case, if a further Non-Viability Trigger Event occurs, the Relevant Securities that remain on issue (which may include Subordinated Notes) may be subject to loss absorption in circumstances where there has been a further deterioration in the financial position of ANZBGL and holders of those Relevant Securities may have a worse outcome than holders of the Relevant Securities that were previously subject to loss absorption.

Where the Pricing Supplement applicable to the Subordinated Notes specifies that the Alternative Conversion Number is applicable, the number of Ordinary Shares which the investor will receive is fixed at that number. The number may be minimal and have a market value that is significantly less than the principal amount of the Subordinated Notes Converted.

In addition, there are various restrictions on the ability of Holders of Subordinated Notes to hold Ordinary Shares. See the risk factor entitled "*There are provisions of Australian law that are relevant to the ability of any person to acquire interests in ANZGHL beyond the limits prescribed by those laws*".

***Upon the occurrence of a Non-Viability Trigger Event, investors will bear the risk of depreciation of the Australian dollar against the Specified Currency of the Subordinated Notes***

Ordinary Shares trade and are expected to trade, as applicable, primarily in Australian dollars and so, where Subordinated Notes are denominated in a Specified Currency other than Australian dollars, the equivalent value of Ordinary Shares in the Specified Currency of the Subordinated Notes may fluctuate depending on the exchange rate between the Specified Currency and Australian dollars (or any other currency in which Ordinary Shares may trade). For example, if the Australian dollar depreciates relative to the Specified Currency, the value of Ordinary Shares in the Specified Currency will decrease.

As the Maximum Conversion Number is calculated based on the market price of Ordinary Shares and the exchange rate in respect of the Australian dollar and the Specified Currency in the 20 Business Day period prior to the date of issue of the Subordinated Notes, any depreciation of the Australian dollar against the Specified Currency by the time that the VWAP is calculated for the purpose of determining the Conversion Number may make it more likely that the Maximum Conversion Number will apply (especially if accompanied by a deterioration in the market price of Ordinary Shares at the time of a Non-Viability Trigger Event). See the risk factor entitled "*The number of Ordinary Shares that an investor holding Subordinated Notes subject to mandatory conversion will receive on Conversion is dependent on formulae in the Conditions as supplemented by the applicable Pricing Supplement which may have the effect that the value of those Ordinary Shares is less than the principal amount of the investor's Subordinated Notes*" for more detail of the risks to Holders of the Maximum Conversion Number applying.

In addition, the variable number of Ordinary Shares issued to an investor on the occurrence of a Non-Viability Trigger Event is calculated by reference to the prevailing exchange rate in respect of the Australian dollar and the Specified Currency at the time of Conversion. Following the Non-Viability Trigger Event there may be a delay in an investor receiving Ordinary Shares and/or a delay in the nominee selling the Ordinary Shares issued on an investor's behalf, or converting the cash consideration from any such sale into the Specified Currency, in accordance with the terms of the Subordinated Notes during which time the exchange rate of Australian dollars against the Specified Currency may further decline.

No interest or other compensation is payable in the event of a loss by an investor due to foreign currency conversions.

As a result, the realisable value in the Specified Currency of Ordinary Shares issued, or the proceeds from any sale of such Ordinary Shares, following a Non-Viability Trigger Event could be substantially lower than that implied by the exchange rate in respect of the Australian dollar and the Specified Currency at the time of a Non-Viability Trigger Event.

***The number of Ordinary Shares that an investor holding Subordinated Notes subject to mandatory Conversion will receive on Conversion will not be adjusted for certain corporate actions of ANZGHL***

If the applicable Pricing Supplement specifies that Alternative Conversion Number applies, the Alternative Conversion Number may be no more than the Maximum Conversion Number. If the Alternative Conversion Number does not apply, the number of Ordinary Shares that an investor will receive on Conversion cannot be greater than a maximum conversion number based on 20 per cent. of the Issue Date VWAP (as described above). The Issue Date VWAP is adjusted for only limited corporate actions of ANZGHL, namely bonus issues, divisions and similar transactions. Accordingly, as a result of other corporate actions of ANZGHL, an investor in Subordinated Notes may receive on Conversion Ordinary Shares worth significantly less than the Principal Amount of the investor's Subordinated Notes. The terms of the Subordinated Notes do not restrict corporate actions that ANZGHL may undertake.

Where the Pricing Supplement applicable to the Subordinated Notes specifies that the Alternative Conversion Number is applicable, the number of Ordinary Shares which the investor will receive is fixed at that number and is not adjusted for any corporate action.

***In certain circumstances, an investor holding Subordinated Notes subject to Conversion may not receive Ordinary Shares, only the proceeds thereof, as the Ordinary Shares would be issued upon Conversion to the nominee for immediate sale, which sale is likely to occur when market conditions are not favourable***

If an investor holding Subordinated Notes subject to Conversion (i) notifies ANZBGL that it does not wish to receive Ordinary Shares as a result of the Conversion; (ii) has an address outside of Australia or is a person whom ANZBGL may otherwise believe is not a resident of Australia; (iii) is a Clearing System Holder; (iv) does not provide Australian securities account information to ANZBGL prior to the Trigger Event Date; or (v) where a FATCA Withholding (as defined below) is required to be made in respect of the Ordinary Shares issued on the Conversion, the Ordinary Shares that the investor would receive on Conversion will instead be issued to a nominee (which may not be ANZBGL or any of its Related Entities (as such term has been and may be defined by APRA from time to time)), who will sell the Ordinary Shares on behalf of that investor. The nominee will have no duty to seek a fair market price, or to engage in an arm's length transaction in such sale, and market conditions are likely to have deteriorated following the Non-Viability Trigger Event that caused the Conversion.

To enable ANZGHL to issue Ordinary Shares to an investor on Conversion, investors need to have appropriate securities accounts in Australia for the receipt of Ordinary Shares and to provide to ANZBGL prior to the Trigger Event Date, their name and address and certain security holder account and other details. Investors should understand that a failure to provide this information to ANZBGL by the Trigger Event Date may result in ANZGHL issuing the Ordinary Shares to a nominee which, if the information is not provided to the nominee no later than 30 days after the Trigger Event Date, will sell the Ordinary Shares and pay the net proceeds to the investors. In this situation, investors will have no rights against ANZBGL or ANZGHL in relation to the Conversion and will not be able to trade in any Ordinary Shares issued to the nominee.

Other Relevant Securities are likely to contain similar provisions for the issue of Ordinary Shares to a nominee on conversion and for the nominee to sell the Ordinary Shares. The larger the volume of Ordinary Shares that is required to be issued to a nominee for sale on Conversion, the more difficult it may be for any nominee to sell such Ordinary Shares. There is a risk that the market price for Ordinary Shares may be adversely affected in such circumstances.

In addition, there is a risk that ANZBGL may be unable to appoint a nominee to receive Ordinary Shares to be issued on conversion within five Business Days of the Trigger Event Date. If ANZGHL does not issue the Ordinary Shares on Conversion of Subordinated Notes within five Business Days after the Trigger Event Date for any reason, the relevant Subordinated Notes will be Written-Off with effect on and from the Trigger Event Date. This would include the case where ANZBGL has failed to appoint a nominee where required.

***An investor holding Subordinated Notes subject to mandatory Conversion will not receive Ordinary Shares if Conversion is not effected within five Business Days after the Trigger Event Date for any reason (including if ANZBGL is prevented from Converting Subordinated Notes or, if applicable, ANZGHL is prevented from issuing Ordinary Shares, by law)***

If "Conversion – Applicable" is selected in the relevant Pricing Supplement, ANZBGL is required to Convert a Principal Amount of Subordinated Notes, however, if the Conversion is not effected within five Business Days after the Trigger Event Date for any reason (including where ANZBGL is prevented from Converting Subordinated Notes, or, if applicable, ANZGHL is prevented from issuing Ordinary Shares, in each case, by applicable law, court order or government action), the Conversion will not occur and the rights of investors in relation to those Subordinated Notes will be Written-Off and immediately and irrevocably terminated with effect on and from the Trigger Event Date. In this situation also, investors will lose some or all of the value of their investment and will not receive any compensation.

The rules and regulations of the ASX in certain circumstances limit ANZGHL's ability, without shareholder approval, to issue Ordinary Shares and other equity securities (which may include convertible notes) without the approval of holders of Ordinary Shares. If the issue or Conversion of Subordinated Notes would contravene that limit, then ANZBGL may be prevented from Converting Subordinated Notes or ANZGHL may be prevented from issuing Ordinary Shares and, in each case, such Subordinated Notes may be required to be Written-Off.

***There are provisions of Australian law that are relevant to the ability of any person to acquire interests in ANZGHL beyond the limits prescribed by those laws.***

The Financial Sector (Shareholdings) Act 1998 of Australia restricts ownership by people (together with their associates) of a financial sector company, such as ANZGHL to a 20 per cent. stake. A shareholder may apply to the Australian Treasurer to extend their ownership beyond 20 per cent., but approval will not be granted unless the Treasurer is satisfied that a holding by that person greater than 20 per cent. is in the national interest.

Mergers, acquisitions and divestments of Australian public companies listed on ASX (such as ANZGHL) are regulated by detailed and comprehensive legislation and the rules and regulations of ASX. These provisions include restrictions on the acquisition and sale of relevant interests in certain shares in an Australian listed company under the Corporations Act and a requirement that acquisitions of certain interests in Australian listed companies by foreign interests are subject to review and approval by the Treasurer.

*Australian merger clearance regime*

The Australian Competition and Consumer Commission's ("**ACCC**") mandatory notification regime applies to the acquisition of shares in a body corporate, units in a unit trust or in a managed investment scheme and to the acquisition of assets, which includes the acquisition of property as well as legal and equitable rights that are not property.

Under the regime, an acquisition is required to be notified to the ACCC (a "**Notifiable Acquisition**") where (i) the shares, units or assets to be acquired are connected with Australia, (ii) in respect of shares, the acquirer is acquiring a controlling interest in an entity (including where that controlling interest is joint with one or more associates) or the acquisition meets various voting power thresholds (including where the threshold is met in combination with one or more associates), (iii) one of the monetary notification thresholds (as prescribed in the *Competition and Consumer (Notification of Acquisitions) Determination 2025* (Cth) (the "**Determination**") is satisfied, and (iv) no exception to the notification requirement applies.

It is unlawful to fail to notify a Notifiable Acquisition to the ACCC or to 'put into effect' a Notifiable Acquisition unless (i) the acquiring party notifies the ACCC and the ACCC determines that it may be put into effect, or (ii) the acquiring party submits a notification waiver application and the ACCC grants a notification waiver in respect of the Notifiable Acquisition.

The ACCC may take Court proceedings to have a non-notified Notifiable Acquisition declared void by the Court.

The Determination includes an exception for the acquisition of a share or asset that is a debt instrument. The Determination does not define that term for the purposes of this exception, but the relevant explanatory statement to the Determination includes guidance to the effect that the expression "debt instrument" includes notes, debentures and regulatory capital instruments that are in the form of a debt instrument. The exception for a debt instrument would not apply to ordinary shares issued on conversion of such a debt instrument. The Determination also includes an exception for the acquisition of ordinary shares by a nominee as a result of the conversion of a regulatory capital instrument in accordance with the prudential standards.

The mandatory notification regime and the related Determination have not yet been authoritatively considered or interpreted by Australian courts, and there remains uncertainty as to how the mandatory notification regime will be interpreted and applied to any particular transaction, arrangement or instrument or any particular aspect of a transaction, arrangement or instrument.

Subordinated Noteholders should take care to ensure that by acquiring any Subordinated Notes which provide for such Subordinated Notes to be Converted to Ordinary Shares (taking into account any Ordinary Shares into which they may Convert), they do not breach any applicable restrictions on the ownership of interests in ANZGHL. If the acquisition or conversion of such Subordinated Notes by the Subordinated Noteholder or a nominee would breach those restrictions ANZBGL may be prevented from Converting such Subordinated Notes or ANZGHL may be prevented from issuing Ordinary Shares and, in each case, where Conversion is required, such Subordinated Notes may be required to be Written-Off.

***Prior to the issue of Ordinary Shares, Holders will not have any rights with respect to Ordinary Shares, but any Ordinary Shares that would be received by Holders upon Conversion would be subject to changes made to ANZGHL's constitution with respect to Ordinary Shares***

Subordinated Noteholders have no voting or other rights in relation to Ordinary Shares until Ordinary Shares are issued to them. In addition, the Subordinated Notes do not confer on Subordinated Noteholders any right to subscribe for new securities in ANZGHL, or to participate in any bonus issue of securities. The rights attaching to Ordinary Shares if Ordinary Shares are issued will be the rights attaching to Ordinary Shares at that time. Subordinated Noteholders have no right to vote on or otherwise to approve any changes to ANZGHL's constitution in relation to the Ordinary Shares that may in the future be issued to them. Therefore, Subordinated Noteholders will not be able to influence decisions that may have adverse consequences for them.

***The Ordinary Share price may fluctuate, particularly at the time a Non-Viability Trigger Event is likely, which could materially impact the value of the Ordinary Shares Holders receive upon Conversion***

The market price of Ordinary Shares will fluctuate due to various factors, including investor perceptions, domestic and worldwide economic conditions and ANZGHL's financial performance and position. In addition, because the financial performance of ANZBGL is material to ANZGHL, a Non-Viability Trigger Event is likely to be accompanied by a deterioration in the market price of the Ordinary Shares. The VWAP during the relevant period before the date of Conversion that is used to calculate the number of Ordinary Shares that Subordinated Noteholders receive may differ from the Ordinary Share price on or after the date of Conversion. This means that the value of Ordinary Shares received is likely to be less than anticipated when the Subordinated Notes were issued or thereafter.

In addition, the greater the amount of Relevant Securities (including the Subordinated Notes) that are required to be converted upon the occurrence of a Non-Viability Trigger Event, the more likely the market price of Ordinary Shares may be adversely affected as a result of the conversion.

Other events and conditions may affect the ability of Subordinated Noteholders or the nominee to trade or dispose of the Ordinary Shares issued on Conversion such as, for example, the willingness or ability of the ASX to accept the Ordinary Shares issued on Conversion for listing or any practical issues which affect that listing, any disruption to the market for the Ordinary Shares or to capital markets generally, the availability of purchasers of Ordinary Shares and any costs or practicalities associated with trading or disposing of Ordinary Shares at that time, or laws of general application, including securities law and laws relating to the holding of shares and other interests in financial institutions, which limit a person's ability to acquire or dispose of Ordinary Shares. In addition, a Subordinated Noteholder may not be able to trade the Ordinary Shares if, in accordance with the terms of the Subordinated Notes, the Ordinary Shares are issued to a nominee. See the risk factor entitled "*In certain circumstances, an investor holding Subordinated Notes subject to Conversion may not receive Ordinary Shares, only the proceeds thereof, as the Ordinary Shares would be issued upon Conversion to the nominee for immediate sale, which sale is likely to occur when market conditions are not favourable*".

***Approved NOHC event***

Where ANZBGL is acquired by an Approved NOHC, at its option ANZBGL may, without further authority, but with the prior approval of APRA, amend the Conditions of the Subordinated Notes so that holders of Subordinated Notes will be obliged to accept Approved NOHC Ordinary Shares and will not receive Ordinary Shares upon a Conversion of Subordinated Notes. Potential investors should be aware that Subordinated Noteholders will not have a right to vote on any proposal to approve, implement or give effect to a merger or a similar transaction.

The terms of the Subordinated Notes provide that ANZGHL will be the issuer of any Ordinary Shares issued on Conversion, and investors will have no rights to receive ordinary shares in ANZBGL upon Conversion.

***An investor holding Subordinated Notes subject to a Write-Off will lose some or all of the value of their investment***

If "Write-Off – Applicable" is selected in the relevant Pricing Supplement, the rights of investors (including their rights to receive payment of interest both in the future and as unpaid as at the Trigger Event Date) will be Written-Off and irrevocably terminated. In this situation, investors will also lose some or all of the value of their investment and will not receive any compensation.

***The Deed of Undertaking, which governs ANZGHL's obligation to issue Ordinary Shares upon Conversion of Subordinated Notes, is governed by Australian law and would be enforced in Australian courts***

In the event that a Non-Viability Trigger Event occurs, the Deed of Undertaking governs the obligations of ANZGHL to issue any Ordinary Shares to be issued by ANZGHL upon Conversion of Subordinated Notes. If, in respect of a Conversion of Subordinated Notes, ANZGHL fails to issue Ordinary Shares in respect of the relevant principal amount of such Subordinated Notes in accordance with the terms of the Subordinated Notes, the sole right of the Holder of Subordinated Notes in respect of Subordinated Notes or portion thereof that are subject to Conversion is its right to be issued Ordinary Shares upon Conversion in accordance with the terms of the Deed of Undertaking and the remedy of such Holder in respect of ANZGHL's failure to issue the Ordinary Shares is limited to seeking an order for specific performance of ANZGHL's obligation to issue the Ordinary Shares to the Holder or the nominee. As a result, in those circumstances, a Holder will have no recourse against ANZBGL, and ANZBGL does not have an obligation to procure Ordinary Shares to be issued upon Conversion.

In addition, the Deed of Undertaking is governed by Australian law. As a result, the arrangements for enforcement of the Deed of Undertaking may differ from those applicable to enforcement of obligations governed by laws of other jurisdictions.

***Description of rights and liabilities attaching to ordinary shares in ANZGHL***

The rights and liabilities attaching to the ordinary shares in ANZGHL issued on Conversion of Subordinated Notes are set out in the constitution of ANZGHL ("**Constitution**") and are also regulated by the Corporations Act, ASX Listing Rules and the general law. A summary of the key rights attaching to the ordinary shares in ANZGHL is as follows. Eligible investors who wish to inspect the Constitution may do so during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted), at the offices of the Paying Agents, Deutsche Bank AG at 21 Moorfields, London EC2Y 9DB, United Kingdom, at the registered office of ANZGHL and at https://www.anz.com/content/dam/anzcom/shareholder/anz-group-holdings-limited-constitution.pdf.

***Voting rights***

Subject to any rights or restrictions attached to any shares or class of shares, a registered holder of an ordinary shares in ANZGHL ("**Shareholder**") is entitled to attend and vote at a general meeting of ANZGHL. Any resolution being considered at a general meeting is decided on a show of hands unless a poll is held. On a show of hands, each Shareholder present has one vote.

On a poll, each Shareholder has one vote for each ordinary share in ANZGHL. Partly paid ordinary shares in ANZGHL confer that fraction of a vote which is equal to the proportion which the amount paid bears to the total issue price of the ordinary shares in ANZGHL.

***General meetings***

Notice of a general meeting must be given to each Shareholder in accordance with the Corporations Act. Each Shareholder is entitled to receive notices, financial statements and other documents required to be provided to Shareholders under the Constitution, Corporations Act and ASX Listing Rules.

***Dividend entitlement***

Subject to the Corporations Act, the Constitution and the terms of issue of ordinary shares in ANZGHL, the board of directors of ANZGHL ("**Board**") may resolve to pay dividends on Ordinary Shares which are considered by the Board to be appropriate, in proportion to the capital paid up on the ordinary shares in ANZGHL held by each Shareholder (subject to the rights of holders of shares carrying preferred rights including Subordinated Notes).

***Dividend reinvestment plan and bonus option plan***

Shareholders who are eligible may participate in ANZGHL's dividend reinvestment plan or bonus option plan, as in force from time to time, in accordance with (and subject to) the rules of those plans. Shareholders who are subject to the laws of a country or place other than Australia may not be eligible to participate, because of legal requirements that apply in that country or place or in Australia. Until the Board otherwise determines, participation in ANZGHL's dividend reinvestment plan and bonus option plan is not available directly or indirectly to any entity or person (including any legal or beneficial owner of ordinary shares in ANZGHL) who is (or who is acting on behalf of or for the account or benefit of an entity or person who is) in or resident in the United States (including its territories or possessions) or Canada.

***Rights of shareholders on a winding-up of ANZGHL***

If ANZGHL is wound up and its property is more than sufficient to pay all debts, share capital of ANZGHL and expenses of the winding-up, the excess must be divided among Shareholders in proportion to the capital paid up on the ordinary shares in ANZGHL at the commencement of the winding-up (subject to the rights of holders of shares carrying preferred rights on winding-up including Subordinated Notes). A partly paid ordinary shares in ANZGHL is counted as a fraction of a fully paid ordinary share in ANZGHL equal to the proportion which the amount paid on it bears to the total issue price of the ordinary share in ANZGHL.

However, with the sanction of a special resolution, the liquidator may divide among Shareholders the assets of ANZGHL in kind and decide how the division is to be carried out or vest assets in trustees of any trusts for the benefit of Shareholders as the liquidator thinks appropriate.

***Transfer of ordinary shares***

Ordinary shares in ANZGHL may be transferred by any means permitted by the Corporations Act or by law. The Board may decline to register a transfer where permitted to do so under the ASX Listing Rules or the settlement operating rules of the ASX ("**ASX Settlement Operating Rules**"), or where registration of the transfer is forbidden by the Corporations Act, ASX Listing Rules or ASX Settlement Operating Rules. In addition, subject to the Corporations Act, ASX Listing Rules and ASX Settlement Operating Rules, the Board may decline to register a transfer if registration would create a new holding of less than a marketable parcel under the ASX Listing Rules.

***Issues of further shares***

Subject to the Constitution, Corporations Act and ASX Listing Rules, the Board may issue or grant options in respect of ordinary shares in ANZGHL on such terms as the Board decides. The Board may also issue preference shares, including redeemable preference shares, or convertible notes with preferred, deferred or special rights or restrictions in relation to dividends, voting, return of capital and participation in surplus on a winding-up of ANZGHL.

***Variation of the Constitution***

The Constitution can only be modified by a special resolution in accordance with the Corporations Act. Under the Corporations Act, for a resolution to be passed as a special resolution it must be passed by at least 75 per cent. of the votes cast by members entitled to vote on the resolution.

***Variation of rights***

ANZGHL may only modify or vary the rights attaching to any class of shares with the prior approval, by a special resolution, of the holders of shares in that class at a meeting of those holders, or with the written consent of the holders of at least 75 per cent. of the issued shares of that class.

Subject to the terms of issue, the rights attached to a class of shares are not treated as varied by the issue of further shares which rank equally with that existing class for participation in profits and assets of ANZGHL.

***Australian taxation: Considerations relating to Subordinated Notes***

The taxation consequences which may arise on the Conversion of Subordinated Notes into Ordinary Shares are complex. In some cases, any gain or loss on the conversion may be disregarded under the Australian Tax Act. There are also a range of tax consequences which may apply to holders of Ordinary Shares, or particular holders of Ordinary Shares, in holding, acquiring or disposing of Ordinary Shares. Holders should seek their own taxation advice if their Subordinated Notes are Converted into Ordinary Shares.

*Stamp duty:*

No ad valorem stamp duty, registration or similar taxes are payable on the issue or transfer of Ordinary Shares (including an issue of shares as a result of Conversion) provided that:

- if all the shares in the issuer of the Ordinary Shares are quoted on the Australian Securities Exchange at the time of issue or transfer of the Ordinary Shares, no person, either directly or when aggregated with interests held by associates of that person, obtains an interest in the issuer of the Ordinary Shares of 90 per cent. or more; or

- if not all the shares in the issuer of the Ordinary Shares are quoted on the Australian Securities Exchange at the time of issue or transfer of the Ordinary Shares, no person, either directly or when aggregated with interests held by associates of that person, obtains an interest in the issuer of the Ordinary Shares of 50 per cent. or more.

The stamp duty legislation generally requires the interests of associates to be added in working out whether the relevant threshold is reached. In some circumstances, the interests of unrelated entities can also be aggregated together in working out whether the relevant threshold is reached.

***FATCA***

In addition, any amounts to be paid on the Subordinated Notes will be paid and any Ordinary Shares to be issued to a holder on Conversion of a Subordinated Note will be issued to the holder, net of any deduction or withholding imposed or required pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (the "**Code**"), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, and no additional amounts will be required to be paid and no additional Ordinary Shares would be required to be issued on account of any such deduction or withholding.

The Guarantor has, for the benefit of the holders from time to time of the Notes issued by ANZNIL, executed and delivered a Deed of Guarantee dated 18 November 2026 (as amended and/or supplemented and/or restated from time to time, the "**Deed of Guarantee**") under which it has unconditionally and irrevocably guaranteed the due and punctual payment of all amounts due by ANZNIL under or in respect of the Notes issued by ANZNIL as and when the same shall become due and payable. Copies of the Agency Agreement, the Deed of Covenant, the Deed of Guarantee and the Deed of Undertaking are available for inspection at the specified offices of each of the Paying Agents (if more than one), the Registrar and the Transfer Agents.

The Noteholders, the holders (the "**Couponholders**") of the interest coupons (the "**Coupons**") appertaining to interest-bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the "**Talons**") and the holders (the "**Receiptholders**") of the receipts for the payment of instalments of principal (the "**Receipts**") relating to Notes in bearer form of which the principal is payable in instalments are bound by and are deemed to have notice of all of the provisions of the Agency Agreement, the Deed of Covenant, the Deed of Guarantee and the Deed of Undertaking applicable to them.

As used herein, "**Tranche**" means Notes which are identical in all respects (including as to listing) and "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single Series and (ii) are identical in all respects (including as to listing) except for the respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

The Pricing Supplement for this Note (or the relevant provisions thereof) is endorsed on this Note and completes these Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Conditions, replace or modify these Conditions for the purposes of this Note. References herein to the "**Pricing Supplement**" are to the Pricing Supplement (or the relevant provisions thereof) endorsed on this Note.

Words and expressions defined in the Agency Agreement or used in the Pricing Supplement shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Pricing Supplement, the Pricing Supplement will prevail.

## 1. Form, Denomination and Title

The Notes are issued (i) in bearer form ("**Bearer Notes**") or (ii) in registered form ("**Registered Notes**"), in each case in the Specified Currency and the Specified Denomination(s). All Registered Notes shall have the same Specified Denomination. "**Specified Denomination**" means the amount specified as such in (or calculated in accordance with the provisions of) the relevant Pricing Supplement as it may be adjusted, in the case of the Subordinated Notes, in accordance with Condition 5A.4.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, a Range Accrual Note, an Index Linked Interest Note, an Index Linked Redemption Note, an Instalment Note, a Dual Currency Note, a Subordinated Note, a combination of any of the foregoing or any other relevant type of Note (as permitted by these Conditions), depending upon the Interest Basis or Redemption/Payment Basis shown in the Pricing Supplement. Notes issued as Subordinated Notes must not be Zero Coupon Notes, Range Accrual Notes, Inverse Floating Rate Notes, Index Linked Interest Notes, Index Linked Redemption Notes, Instalment Notes, Dual Currency Notes, CMS Rate Notes or any combination of any of the foregoing.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

Registered Notes are represented by registered certificates ("**Certificates**") and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall, subject to mandatory rules of law, pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the "**Register**"). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Certificate, Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, "**Noteholder**" means the bearer of any Bearer Note and the Receipts relating to it or the person in whose name a Registered Note is registered, "**Unsubordinated Noteholder**" means the Noteholder of a Unsubordinated Note and the Receipts relating to it, "**Subordinated Noteholder**" means the Noteholder of a Subordinated Note issued by ANZBGL and the Receipts relating to it, and "**holder**" (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name a Registered Note is registered.

## 2. Exchange and Transfers of Notes

(a) *Exchange of Notes*

Registered Notes may not be exchanged for Bearer Notes and vice versa. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. *Transfer of Registered Notes*

Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate duly completed and executed and such other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

(b) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer's or Noteholder's option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(c) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Condition 2(b) or (c) shall be available for delivery five business days after receipt of the request for exchange, form of transfer or Exercise Notice or surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent (as defined in the Agency Agreement) the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the location of the specified office of the Registrar or the relevant Transfer Agent (as the case may be).

(d) *Exchange Free of Charge*

Exchange and transfer of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax, duty or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Issuer, the Registrar or the relevant Transfer Agent may require).

(e) *Closed Period*

No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount in respect of, that Note, (ii) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 5(e), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3. **Status and Guarantee**

The Notes may be unsubordinated Notes ("**Unsubordinated Notes**") or, where the Issuer is ANZBGL, subordinated Notes ("**Subordinated Notes**") as specified in the relevant Pricing Supplement.

None of the Notes are deposit liabilities or protected accounts of ANZBGL for the purposes of the Banking Act 1959 of Australia (the "**Banking Act**").

(a) *Unsubordinated Notes*

The Unsubordinated Notes and the Receipts and Coupons relating to them constitute direct, unconditional and unsecured obligations of the Issuer and (save for certain debts of the Issuer required to be preferred by law, including but not limited to, where the Issuer is ANZBGL, those referred to in Division 2 and 2AA of Part II of the Banking Act and section 86 of the Reserve Bank Act 1959 of Australia) rank *pari passu* among themselves and equally with all other unsubordinated, unsecured obligations of the Issuer.

*The debts which are preferred by law to the claim of a Noteholder in respect of a Note, including by virtue of the provisions referred to in the above paragraph of Condition 3, will be substantial and are*

*not limited by the Conditions of the Notes. Without limitation to other applicable laws, in the case of Notes issued by ANZBGL, section 13A(3) of the Banking Act provides that, in the event ANZBGL becomes unable to meet its obligations or suspends payment, its assets in Australia are to be available to meet ANZBGL's liabilities in the following order: (i) liabilities to the Australian Prudential Regulation Authority ("**APRA**") in respect of any payments that APRA makes or is liable to make to (A) holders of protected accounts under the Banking Act or (B) a body corporate pursuant to a determination made by APRA in connection with a transfer of the ADI's business to that body corporate (where that transfer includes liabilities of the ADI in respect of protected accounts) under the Financial Sector (Transfer and Restructure) Act 1999 of Australia, (ii) debts in respect of costs of APRA in certain circumstances, (iii) ANZBGL's liabilities in Australia in relation to protected accounts (as defined in the Banking Act) kept with ANZBGL, (iv) debts due to the Reserve Bank of Australia ("**RBA**")), (v) liabilities under certain certified industry support contracts; and (vi) all other liabilities of ANZBGL in their order of priority apart from section 13A(3). Changes to applicable law may extend the debts required to be preferred by law.*

The Unsubordinated Notes rank senior to the Issuer's subordinated obligations, including, where the Issuer is ANZBGL, the Subordinated Notes.

(b) *Subordinated Notes — ANZBGL*

The Subordinated Notes and the Receipts and Coupons relating to them may only be issued by ANZBGL, and will constitute direct, unsecured and subordinated obligations of ANZBGL. In the event of the winding-up of ANZBGL (see Condition 10 (*Subordination*)) and prior to the commencement of the winding-up of ANZBGL (see Condition 4(t)) the Principal Amount of, any interest on, and any other payments, including additional amounts, in respect of the Subordinated Notes will rank behind all claims of Senior Creditors, and subject to Conditions 5A to 5C (inclusive) *pari passu* with Equal Ranking Securities and ahead of Junior Ranking Securities.

"**Equal Ranking Securities**" means any present or future instrument that ranks in a winding-up of ANZBGL as the most junior claim in the winding-up of ANZBGL ranking senior to Junior Ranking Securities, and includes any instruments issued as Relevant Tier 2 Securities.

"**Junior Ranking Securities**" means any present or future instrument:

(i) issued as Tier 1 Capital; and

(ii) that by its terms is, or is expressed to be, subordinated in a winding up of ANZBGL to the claims of Subordinated Noteholders and holders of Equal Ranking Securities.

"**Senior Creditors**" means all present and future creditors of ANZBGL (including but not limited to depositors of ANZBGL whose claims:

(i) would be entitled to be admitted in the winding up of ANZBGL; and

(ii) are not in respect of Equal Ranking Securities or Junior Ranking Securities.

Neither ANZBGL nor a Subordinated Noteholder has any contractual right to set off any sum at any time due and payable to a Subordinated Noteholder or ANZBGL (as applicable) under or in relation to the Subordinated Notes against amounts owing by the Subordinated Noteholder to ANZBGL or by ANZBGL to the Subordinated Noteholder (as applicable).

The Subordinated Notes do not limit the amount of liabilities ranking senior to the Subordinated Notes which may be hereafter incurred or assumed by ANZBGL.

Claims of Subordinated Noteholders are also subject to the priority of certain debts preferred by law (in respect of which please see the description provided in Condition 3(a) above).

(c) *Guarantee — by ANZ Bank New Zealand (in respect of Notes issued by ANZNIL)*

Where the relevant Issuer is ANZNIL, the Guarantor has in the Deed of Guarantee unconditionally and irrevocably guaranteed the due and punctual payment of all amounts due by ANZNIL under or in respect of the Notes as and when the same shall become due and payable. This Guarantee of the Notes constitutes

direct, unconditional and unsecured obligations of the Guarantor which (save for certain debts of the Guarantor required to be preferred by law) will at all times rank *pari passu* among themselves and equally with all other unsecured obligations (other than subordinated obligations) of the Guarantor. The Notes issued by ANZ Bank New Zealand and ANZNIL are not guaranteed by ANZBGL.

4. **Interest and other Calculations**

(a) *Interest on Fixed Rate Notes*

(i) Each Fixed Rate Note bears interest on its outstanding Principal Amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the Pricing Supplement as specified Interest Payment Dates or, if no Interest Payment Date(s) is/are specified in the Pricing Supplement, Interest Payment Date shall mean each date which falls the number of months or other period shown in the Pricing Supplement as the specified Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) If a Fixed Coupon Amount or a Broken Amount is specified in the Pricing Supplement, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the Pricing Supplement.

(iii) *Calculation of Interest Amount*: The Interest Amount payable in respect of each Note for any period for which a Fixed Coupon Amount or Broken Amount is not specified in the Pricing Supplement shall be calculated by applying the Rate of Interest to the Calculation Amount for such Note, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest unit of the Specified Currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen, and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose, a "**unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means 0.01 euro, as the case may be.

(iv) *Business Day Convention*: If "Business Day Convention – Adjusted" is specified to be applicable in the relevant Pricing Supplement, (a) any Interest Payment Date otherwise falling on a day which is not a Business Day (as defined in Condition 4(q) below) will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the relevant Pricing Supplement (as described below) and (b) the amount of interest payable on such Interest Payment Date will be adjusted accordingly and the provisions of Conditions 4(l) and 4(m) (excluding the determination and notification of the Rate of Interest) below shall apply, *mutatis mutandis*, as though references to "Floating Rate Notes" were to "Fixed Rate Notes" and references to "Interest Amounts" were to amounts of interest payable in respect of Fixed Rate Notes. If "Business Day Convention – No Adjustment" is specified to be applicable in the relevant Pricing Supplement, any Interest Payment Date otherwise falling on a day which is not a Business Day will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the relevant Pricing Supplement (as described below) and there will be no corresponding adjustment of the amount of interest payable on such Interest Payment Date.

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes*

(i) *Interest Payment Dates*: Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding Principal Amount from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the Pricing Supplement as specified Interest Payment Dates or, if no Interest Payment Date(s) is/are specified in the Pricing Supplement, Interest Payment Date shall mean each date which falls the number of months or other period shown in the Pricing Supplement as the specified Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then that date will be adjusted in accordance with the Business Day Convention specified in the relevant Pricing Supplement. If "No Adjustment of Interest Amounts" is specified to be applicable in the relevant Pricing Supplement then notwithstanding the bringing forward or postponement (as applicable) of an Interest Payment Date as a result of the application of the Business Day Convention set out in the relevant Pricing Supplement, the Interest Amount in respect of the relevant Interest Period and each subsequent Interest Period shall be calculated as aforesaid on the basis of the original Interest Payment Dates without adjustment in accordance with the applicable Business Day Convention.

(iii) *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes, other than in the case of (x) BKBM Notes, provisions in respect of which are set out in Condition 4(d) below, (y) CMS Rate Notes, provisions in respect of which are set out in Condition 4(e) below and (z) Inverse Floating Rate Notes, provisions in respect of which are set out in Condition 4(f) below (unless in each case the relevant Pricing Supplement specifies otherwise), for each Interest Accrual Period shall be determined in the manner specified in the Pricing Supplement and the provisions below relating to either ISDA Determination, Screen Rate Determination, BBSW Rate Determination or AONIA Rate Determination shall apply depending upon which is specified in the Pricing Supplement.

(A) *ISDA Determination for Floating Rate Notes*

If ISDA Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(i) if the Pricing Supplement specifies either "2006 ISDA Definitions" or "2021 ISDA Definitions" as the applicable ISDA Definitions:

(A) the Floating Rate Option is as specified in the relevant Pricing Supplement;

(B) the Designated Maturity, if applicable, is a period specified in the relevant Pricing Supplement; and

(C) the relevant Reset Date, unless otherwise specified in the relevant Pricing Supplement, has the meaning given to it in the ISDA Definitions; and

(D) the definition of 'Fallback Observation Day' in the ISDA Definitions shall be deemed deleted in its entirety and replaced with the following: 'Fallback Observation Day' means, in respect of a Reset Date and the Calculation Period (or any Compounding Period included in that Calculation Period) to which that Reset Date relates, unless otherwise agreed, the day that is five Business Days preceding the related Payment Date;

(E) if the specified Floating Rate Option is an Overnight Floating Rate Option, Compounding is specified to be applicable in the relevant Pricing Supplement and:

(1) if Compounding with Lookback is specified as the Compounding Method in the relevant Pricing Supplement then (a) Compounding with Lookback is the Overnight Rate Compounding Method and (b) Lookback is the number of Applicable Business Days specified in the relevant Pricing Supplement;

(2) if Compounding with Observation Period Shift is specified as the Compounding Method in the relevant Pricing Supplement then (a)

(ii) references in the ISDA Definitions to:

(A) "Confirmation" shall be references to the relevant Pricing Supplement;

(B) "Calculation Period" shall be references to the relevant Interest Accrual Period;

(A) "Administrator/Benchmark Event" shall be disapplied; and

(B) if the Temporary Non-Publication Fallback in respect of any specified Floating Rate Option is specified to be "Temporary Non-Publication Fallback – Alternative Rate" in the Floating Rate Matrix of the 2021 ISDA Definitions the reference to "Calculation Agent Alternative Rate Determination" in the definition of "Temporary Non-Publication Fallback – Alternative Rate" shall be replaced by "Temporary Non-Publication Fallback – Previous Day's Rate".

(iv) Unless otherwise defined in these Conditions, capitalised terms used in this Condition 4(b)(iii)(A) shall have the meaning ascribed to them in the ISDA Definitions.

(B) *Screen Rate/Reference Bank Determination for Floating Rate Notes other than Floating Rate Notes referencing SONIA (Non-Index Determination), SONIA (Index Determination), SOFR (Non-Index Determination), SOFR (Index Determination), €STR (Non-Index Determination), €STR (Index Determination), CORRA or TONA*

In respect of Floating Rate Notes other than Floating Rate Notes where the Reference Rate specified in the applicable Pricing Supplement is SONIA, (Non-Index Determination), SONIA (Index Determination), SOFR (Non-Index Determination), SOFR (Index Determination), €STR (Non-Index Determination), €STR (Index Determination), CORRA or TONA:

(x) if Screen Rate Determination is specified in the applicable Pricing Supplement as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be (subject to Condition 4(n) (*Benchmark Replacement*) and Condition 4(o) (*Effect of Benchmark Transition Event*)) (as determined by the Calculation Agent) on the following basis:

(I) if the Reference Rate is a composite quotation or a quotation customarily supplied by one entity, the Calculation Agent will determine the Reference Rate for the Specified Maturity and the Specified Currency which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date; or

(II) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates for the Specified Maturity and the Specified Currency which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(y) if sub-paragraph (x)(I) applies and no Reference Rate for the Specified Maturity and the Specified Currency appears on the Relevant Screen Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (x)(II) applies and fewer than two Reference Rates appear on the Relevant Screen Page at the Relevant Time on the Interest Determination Date or if, in either case, the Relevant Screen Page is unavailable, subject as provided below:

(A) the Issuer will appoint a Reference Banks Agent and the Reference Banks Agent will, at the request of the Issuer, request the principal Relevant Financial Centre office of each of the Reference Banks (or such of them, being at least two, as are so quoting) to provide a quotation of the Reference Rate for the Specified Maturity and the Specified Currency at approximately the Relevant Time on the Interest Determination Date to leading banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time and will provide such responses to the Calculation Agent; and

(B) the Calculation Agent will determine the arithmetic mean of such quotations.

(z) if paragraph (y) above applies and the Reference Banks Agent advises the Calculation Agent that fewer than two Reference Banks are so quoting the Reference Rate for the Specified Maturity and the Specified Currency, subject as provided below, the Calculation Agent shall determine the arithmetic mean of the rates per annum (expressed as a percentage) quoted by at least two out of five leading banks selected by the Reference Banks Agent (after consultation with the Issuer) in the Principal Financial Centre of the country of the Specified Currency and in an amount that is representative for a single transaction in that market at that time, in each case as selected by the Reference Banks Agent (after consultation with the Issuer), at or about the Relevant Time for a period commencing on the Effective Date equivalent to the relevant Interest Accrual Period, for loans in the Specified Currency to leading banks carrying on business in (I) Europe, or (II) (if the Reference Banks Agent advises the Calculation Agent that fewer than two of such banks are so quoting to such leading banks in Europe), the Principal Financial Centre, in either case, as provided by the Reference Banks Agent to the Calculation Agent; provided, however, that if fewer than two of such banks are so quoting to such leading banks or the Reference Banks Agent or the Calculation Agent (as the case may be) is unable to determine a rate or (as the case may be) the Calculation Agent is unable to determine an arithmetic mean in accordance with the above provisions on any Interest Determination Date, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum Rate of Interest or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(C) *Screen Rate Determination for Floating Rate Notes where the Reference Rate specified in the applicable Pricing Supplement is SONIA (Non-Index Determination)*:

Where the Reference Rate is specified in the applicable Pricing Supplement as being "SONIA (Non-Index Determination)", the Rate of Interest for each Interest Period will, as provided below, be Compounded Daily SONIA as calculated by the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest).

"**Compounded Daily SONIA**" means, in relation to any Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average (SONIA) as the reference rate for the calculation of interest) and will be calculated by the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o}\left(1+\frac{SONIA_{i-pLBD}\times n_i}{365}\right)-1\right]\times\frac{365}{d}$$

where:

"**d**" is the number of calendar days in the relevant Interest Period;

"**$d_o$**" is the number of London Banking Days in the relevant Interest Period;

"**i**" for any Interest Period is a series of whole numbers from 1 to $d_o$, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in such Interest Period;

"**London Banking Day**" or "**LBD**" means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

"$n_i$", for any day "**i**", means the number of calendar days from and including such day "i" up to but excluding the following London Banking Day;

"**Observation Look-Back Period**" is as specified in the applicable Pricing Supplement which shall, unless otherwise agreed with the Calculation Agent (or such other person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest), be no less than five London Banking Days;

"**p**", for any Interest Period, the number of London Banking Days included in the Observation Look-Back Period, as specified in the applicable Pricing Supplement, which shall, unless otherwise agreed with the Calculation Agent (or such other person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest), be no less than five London Banking Days;

the "**SONIA reference rate**", in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average ("**SONIA**") rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day); and

"$\mathbf{SONIA_{i-pLBD}}$ " means, in respect of any London Banking Day falling in the relevant Interest Period, the SONIA reference rate for the London Banking Day falling "p" London Banking Days prior to the relevant London Banking Day "i".

If, in respect of any relevant London Banking Day, the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest) determines that the SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, then (unless the Calculation Agent or such other person specified in the applicable Pricing Supplement as the party responsible for determining the Rate of Interest) has been notified of any successor or alternative rate (together with any relevant methodology or adjustment factor) pursuant to Condition 4(n) (*Benchmark Replacement*), such SONIA reference rate shall be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the relevant Series of Notes become due and payable in accordance with Condition 9, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Pricing Supplement, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Note remains outstanding, be that determined on such date.

(D) *Screen Rate Determination for Floating Rate Notes where the Reference Rate specified in the applicable Pricing Supplement is SONIA (Index Determination):*

Where the Reference Rate is specified in the applicable Pricing Supplement as being "SONIA (Index Determination)", the Rate of Interest for each Interest Period will, subject as provided below, be the Compounded Daily SONIA, as determined by the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest) on the Interest Determination Date.

For the purposes of this Condition:

"**Compounded Daily SONIA**" means, with respect to an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling Overnight Index Average (SONIA) as the reference rate for the calculation of interest) by reference to the SONIA Compounded Index, which will be calculated by the Calculation Agent, as at the relevant Interest Determination Date as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left(\frac{SONIA\ Compounded\ Index_{End}}{SONIA\ Compounded\ Index_{Start}} - 1\right) x \frac{365}{d}$$

If the relevant SONIA Compounded Index is not published or displayed by the administrator of the SONIA reference rate or other information service by 5.00 p.m. (London time) (or, if later, by the time falling one hour after the customary or scheduled

time for publication thereof in accordance with the then-prevailing operational procedures of the administrator of the Reference Rate or of such other information service, as the case may be) on the relevant Interest Determination Date, the Rate of Interest shall be calculated for the Interest Period for which the SONIA Compounded Index is not available as if "SONIA (Non-Index Determination)" were specified as applicable in the Pricing Supplement and for these purposes the "Observation Look-Back Period" shall be deemed to be equal to the Relevant Number of Business Days, as if that alternative election had been made in the applicable Pricing Supplement. For the avoidance of doubt, if a Benchmark Disruption Event has occurred in respect of the relevant SONIA Compounded Index, the provisions of Condition 4(n) (*Benchmark Replacement*) shall apply.

For the purposes of this Condition:

"**Compounded Daily SOFR**" means, in relation to any Interest Period, the rate of return of a daily compound interest investment (with the Secured Overnight Financing Rate (**SOFR**) as the reference rate for the calculation of interest) as calculated by the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest) on the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards):

where

"**d**" is the number of calendar days in the relevant Interest Period;

If there is a JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date, but neither the administrator nor authorised distributors provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. However, if there is no last provided or published JPY Recommended Rate, then in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published TONA.

The Issuer shall notify the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest), and, in accordance with Condition 14 (*Notices*), the Noteholders of any

determination by the Issuer of a TONA Index Cessation Event and of any applicable JPY Recommended Rate.

(I) there is no JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date; or

(II) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs in respect of such JPY Recommended Rate,

then the rate in respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date or a JPY Recommended Rate Fixing Day occurring on or after the JPY Recommended Rate Index Cessation Effective Date, as the case may be, will be such alternative rate for the TONA Reference Rate or the JPY Recommended Rate, as the case may be, as is determined by the Issuer in accordance with Condition 4(n) (*Benchmark Replacement*).

(K) *BBSW Rate Determination and AONIA Rate Determination*

(x) *General*

(i) Where BBSW Rate Determination or AONIA Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate of Interest is to be determined for each Interest Period, the Rate of Interest applicable to the Floating Rate Notes for each such Interest Period is the sum of the Margin and either (a) the BBSW Rate or (b) the AONIA Rate as specified in the relevant Pricing Supplement.

(ii) Each Noteholder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, the determination of, substitution for and any adjustments made to the BBSW Rate or the AONIA Rate, as applicable, in each case as described in this Condition 4(b)(iii)(K)(x) and Condition 4(b)(iii)(K)(y) (in all cases without the need for any Noteholder consent). Any determination, decision or election (including a decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to, the BBSW Rate or the AONIA Rate, as applicable, and in each case made in accordance with this Condition 4(b)(iii)(K)(x) and Condition 4(b)(iii)(K)(y), will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the holder of the relevant Notes and each Calculation Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Notes, shall become effective without the consent of any person.

(iii) If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Rate of Interest, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.

(iv) All rates determined pursuant to this Condition 4(b)(iii)(K) shall be expressed as a percentage rate per annum and the resulting percentage will be rounded if necessary to the fourth decimal place (i.e., to the nearest one ten-thousandth of a percentage point) with 0.00005 being rounded upwards.

(y) *BBSW and AONIA Benchmark Rate fallback*

If:

(i) a Temporary Disruption Trigger has occurred; or

(ii) a Permanent Discontinuation Trigger has occurred,

then, subject to APRA's prior written approval in the case of Subordinated Notes, the Benchmark Rate for an Interest Period, whilst such Temporary Disruption Trigger is continuing or after a Permanent Discontinuation Trigger has occurred, means (in the following order of application and precedence):

(iii) where BBSW Rate is the Applicable Benchmark Rate, if a Temporary Disruption Trigger has occurred with respect to the BBSW Rate, in the following order of precedence:

(A) first, the Administrator Recommended Rate;

(B) then the Supervisor Recommended Rate; and

(C) lastly, the Final Fallback Rate;

(iv) where the AONIA Rate is the Applicable Benchmark Rate or a determination of the AONIA Rate is required for the purposes of paragraph (iii) above, if a Temporary Disruption Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required will be the last provided or published level of AONIA;

(v) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (iii) or (iv) above, if a Temporary Disruption Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required will be the last rate provided or published by the Administrator of the RBA Recommended Rate (or if no such rate has been so provided or published, the last provided or published level of AONIA);

(vi) where BBSW Rate is the Applicable Benchmark Rate, if a Permanent Discontinuation Trigger has occurred with respect to the BBSW Rate, the rate for any day for which the BBSW Rate is required on or after the Permanent Fallback Effective Date will be the first rate available in the following order of precedence:

(A) first, if at the time of the BBSW Rate Permanent Fallback Effective Date, no AONIA Permanent Fallback Effective Date has occurred, the AONIA Rate;

(B) then, if at the time of the BBSW Rate Permanent Fallback Effective Date, an AONIA Permanent Fallback Effective Date has occurred, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Fallback Rate; and

(C) lastly, if neither paragraph (A) nor paragraph (B) above apply, the Final Fallback Rate;

(vii) where the AONIA Rate is the Applicable Benchmark Rate or a determination of the AONIA Rate is required for the purposes of paragraph (vi)(A) above, if a Permanent Discontinuation Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required on or after the AONIA Permanent Fallback Effective Date will be the first rate available in the following order of precedence:

(A) first, if at the time of the AONIA Permanent Fallback Effective Date, an RBA Recommended Rate has been created but no RBA Recommended

Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Rate; and

(B) lastly, if paragraph (A) above does not apply, the Final Fallback Rate; and

(viii) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (vi) or (vii) above, respectively, if a Permanent Discontinuation Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required on or after that Permanent Fallback Effective Date will be the Final Fallback Rate.

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

*Subordinated Noteholders should note that APRA's approval may not be given for any Fallback Rate, and any terms and other relevant methodology for calculating such Fallback Rate (including any adjustment factor to the Fallback Rate) it considers to have the effect of increasing the Rate of Interest contrary to applicable prudential standards.*

If at least five Mid-Market Quotations are provided, the Reference Banks Agent shall provide these to the Calculation Agent who will determine the

arithmetic mean of Mid-Market Quotations so provided by discarding the highest of such Mid-Market Quotations (or in event of equality, one of the highest) and lowest of such Mid-Market Quotations (or in event of equality, one of the lowest). If four Mid-Market Quotations are provided, the Reference Banks Agent shall provide these to the Calculation Agent who will determine the arithmetic mean of such Mid-Market Quotations provided. All calculations of the arithmetic mean of the relevant number of Mid-Market Quotations provided pursuant to this paragraph will be rounded to the nearest one thousandth of a percentage point, with 0.0005 being rounded upwards; and

(ii) If less than four Mid-Market Quotations are provided, the CMS Rate for that Interest Determination Date will be the same as the rate used for the prior Interest Reset Period.

As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield. A Subordinated Note cannot be a Zero Coupon Note.

(i) *Dual Currency Notes*

In the case of Dual Currency Notes, if the rate or amount of interest is to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the Pricing Supplement. A Subordinated Note cannot be a Dual Currency Note.

(j) *Accrual of Interest*

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (after, as well as before, judgment) at the Rate of Interest in the manner provided in this Condition 4 to the Relevant Date.

For these purposes "**unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro, as the case may be; and

Where any Interest Payment Date or Interest Accrual Period is subject to adjustment pursuant to Condition 4(a)(iv) or Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Accrual Period. If the Calculation Amount is less than the minimum Specified Denomination, the Calculation Agent shall not be obligated to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination. If the Notes become due and payable under Condition 9 (*Events of Default*), the accrued interest and the Rate of Interest payable in respect of the Notes shall, subject, in the case of €STR (Non-Index Determination), to Condition 4(b)(iii)(H)(y) and in the case of CORRA, to Condition 4(b)(iii)(I)(y), in the case of TONA, to Condition 4(b)(iii)(J)(y), nevertheless continue to be calculated as previously in accordance with this Condition but no publication

of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) or such other person specified in the applicable Pricing Supplement as the party responsible for making any such calculation or determination shall (in the absence of manifest error) be final and binding upon all parties.

(n) *Benchmark Replacement*

This Condition 4(n) (*Benchmark Replacement*) applies where the relevant Reference Rate specified in the applicable Pricing Supplement is a rate other than SOFR (Non-Index Determination) or SOFR (Index Determination), BBSW Rate Determination or AONIA Rate Determination. Notwithstanding the provisions above in Conditions 4(b), (d), (e) and (f), if the Issuer (in consultation with the Calculation Agent (or the person specified in the applicable Pricing Supplement as the party responsible for calculating the Rate of Interest)) determines that a Benchmark Disruption Event has occurred when any Rate of Interest (or the relevant component part thereof) remains to be determined by reference to such Reference Rate affected by the Benchmark Disruption Event, then the following provisions shall apply:

(i) **Independent Adviser**

The Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Independent Adviser determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 4(n)(ii)) and, in either case, an Adjustment Spread if any (in accordance with Condition 4(n)(iv)) and any Benchmark Amendments (in accordance with Condition 4(n)(v)).

(ii) **Successor Rate or Alternative Rate**

If the Independent Adviser, following consultation with the Issuer and acting in good faith and in a commercially reasonable manner, determines, no later than the IA Determination Cut-off Date that: (A) there is a Successor Rate, then it shall notify the Calculation Agent and the Calculation Agent shall use such Successor Rate (subject to adjustment as provided in Condition 4(n)(iv)) in place of the Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 4(n)); or (B) there is no Successor Rate but that there is an Alternative Rate, then it shall notify the Calculation Agent and the Calculation Agent shall use such Alternative Rate (subject to adjustment as provided in Condition 4(n)(iv)) in place of the Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of this Condition 4(n)).

(iii) **Issuer Determination**

If the Issuer is unable to appoint an Independent Adviser, or if the Independent Adviser appointed by it fails to determine a Successor Rate or Alternative Rate prior to the IA Determination Cut-off Date, then, if it elects to do so, the Issuer (acting in good faith and in a commercially reasonable manner) may determine a Successor Rate or Alternative Rate for the purposes of Condition 4(n)(ii);

(iv) **Adjustment Spread**

If the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Independent Adviser (or the Issuer as the case may be) shall notify the Calculation Agent of such Adjustment Spread and the Calculation Agent shall apply it to the Successor Rate or the Alternative Rate (as the case may be).

(v) **Benchmark Amendments**

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(n) and the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner,

determines (i) that amendments to these Conditions and/or the Agency Agreement and/or any other agreement or document relating to the Notes are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "Benchmark Amendments") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 4(n)(vi), without any requirement for the consent or approval of Noteholders, at the Issuer's expense, vary these Conditions and/or the Agency Agreement and/or any other agreement or document relating to the Notes as is necessary to give effect to such Benchmark Amendments with effect from the date specified in such notice. The Fiscal Agent and/or each other party to an applicable agreement shall not be obliged to concur if in their opinion doing so would impose more onerous obligations on them or expose them to any additional duties, responsibilities or liabilities or reduce or amend their rights and/or the protective provisions afforded to them in these Conditions or in any other document to which they are a party in any way. For the avoidance of doubt, no consent of the Noteholders of the relevant Series shall be required in connection with effecting the Benchmark Amendments or such other changes, including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required). In connection with any such variation in accordance with this Condition 4(n)(v), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(vi) **Notices, etc.**

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 4(n) will be notified promptly, and in any event not later than the fifth Business Day prior to the Interest Determination Date by the Issuer to the Fiscal Agent, the Calculation Agent, and each other party to the Agency Agreement and the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any, and will be binding on the Issuer, the Fiscal Agent, the Calculation Agent and each other party to the Agency Agreement and the Noteholders.

Notwithstanding any other provision of this Condition 4(n), if in the Calculation Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 4(n), the Calculation Agent shall promptly notify the Issuer thereof and the Issuer shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable (other than due to its own gross negligence, wilful default or fraud) to make such calculation or determination for any reason, it shall notify the Issuer thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and (in the absence of such gross negligence, wilful default or fraud) shall not incur any liability to any person for not doing so.

(vii) **Survival of Reference Rate**

Without prejudice to the provisions of this Condition 4(n), the Reference Rate and the fallback provisions provided for in Condition 4(b)(iii)(B) will continue to apply unless and until the Calculation Agent has been notified of the Successor Rate or the Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments, in accordance with Condition 4(n)(v).

For the avoidance of doubt and notwithstanding any other provision of this Condition 4(n), in determining any Adjustment Spread or other relevant methodology for the purposes of Condition 4(n)(iii), the Issuer shall not and shall not be obliged to apply and may discount any Adjustment Spread or methodology the application of which may constitute it an administrator for the purposes of Regulation (EU) 2016/1011 or Regulation (EU) 2016/1011 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended.

In the case of Subordinated Notes only, any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments determined in accordance with Condition 4(n)(ii), (iii), (iv) or (v) (*Benchmark Replacement*), will be subject to the prior written approval of APRA having been obtained in each case.

*Subordinated Noteholders should note that APRA's approval may not be given for any Successor Rate, Alternative Rate, Adjustment Spread or Benchmark Amendments it considers to have the effect of increasing the Interest Rate contrary to applicable prudential standards.*

For the purposes of this Condition 4(n) (*Benchmark Replacement*):

"**Adjustment Spread**" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

(i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate);

(ii) the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), acting in good faith and in a commercially reasonable manner, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions or is in customary market usage in the debt capital market for transactions which reference the Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be) (or if the Independent Adviser (or the Issuer as the case may be) determines that no such industry standard is recognised or acknowledged);

(iii) the Independent Adviser following consultation with the Issuer (or the Issuer as the case may be), in its discretion, and acting in good faith and in a commercially reasonable manner, determines to be appropriate.

"**Alternative Rate**" means an alternative benchmark or screen rate which the Independent Adviser (or the Issuer as the case may be) determines in accordance with Condition 4(n)(ii) has replaced the Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same interest period and in the same Specified Currency as the Notes.

"**Benchmark Amendments**" has the meaning given to it in Condition 4(n)(v).

"**IA Determination Cut-Off Date**" means no later than five Business Days prior to the relevant Interest Determination Date relating to the next relevant Interest Period.

"**Benchmark Disruption Event**" means:

(i) the relevant Reference Rate specified in the relevant Pricing Supplement has ceased to be published on the Relevant Screen Page as a result of such benchmark ceasing to be calculated or administered; or

(ii) the Issuer determines after consulting with the Independent Adviser (if so appointed) that, a change in the generally accepted market practice in the international debt capital markets to refer to a Reference Rate is endorsed in a public statement by a Relevant Nominating Body, despite the continued existence of the applicable Reference Rate.

"**Reference Rate**" means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes or any Successor Rate or Alternative Rate which has been determined in relation to such benchmark or screen rate (as applicable) pursuant to the operation of this Condition.

"**Relevant Nominating Body**" means, in respect of a Reference Rate:

(i) the central bank for the currency to which the Reference Rate relates, or any central bank or other supervisory authority which is responsible for administering or supervising the administrator of the Reference Rate;

"**Successor Rate**" means a successor to or replacement of the Reference Rate which is formally recommended by any Relevant Nominating Body.

(o) *Effect of Benchmark Transition Event*

This Condition 4(o) (*Effect of Benchmark Transition Event*) applies where the relevant Reference Rate specified in the applicable Pricing Supplement is SOFR (Non-Index Determination) or SOFR (Index Determination) (and for the avoidance of doubt, any subsequent Benchmark determined as a result of a Benchmark Replacement determination):

(i) **Benchmark Replacement**

If the Issuer or its designee determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of such determination on such date and all determinations on all subsequent dates.

(ii) **Benchmark Replacement Conforming Changes**

In connection with the implementation of a Benchmark Replacement, the Issuer or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time.

(iii) **Decisions and Determinations**

Any determination, decision or election that may be made by the Issuer or its designee pursuant to this Condition 4(o) (*Effect of Benchmark Transition Event*), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (x) will be conclusive and binding absent manifest error, (y) will be made in the Issuer or its designee's sole discretion, and, (z) notwithstanding anything to the contrary in the in these Conditions or any other documentation relating to the Notes, shall become effective without consent from the Noteholders or any other party.

For the avoidance of doubt and notwithstanding any other provision of this Condition 4(o) (*Effect of Benchmark Transition Event*) in determining any Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment or for the purposes of making any other determination for the purposes of this Condition, the Issuer shall not and shall not be obliged to apply and may discount any factor or methodology the application of which may constitute it an administrator for the purposes of Regulation (EU) 2016/1011 in the European Union or as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended.

In the case of Subordinated Notes only, any Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment determined in accordance with this Condition 4(o) (*Effect of Benchmark Transition Event*), will be subject to the prior written approval of APRA having been obtained in each case.

*Subordinated Noteholders should note that APRA's approval may not be given for any Benchmark Replacement, Benchmark Replacement Conforming Changes or Benchmark Replacement Adjustment it considers to have the effect of increasing the Interest Rate contrary to applicable prudential standards.*

For the purposes of this Condition 4(o) (*Effect of Benchmark Transition Event*):

"**Benchmark**" means, initially, the relevant Reference Rate specified in the applicable Pricing Supplement where such Reference Rate is specified to be SOFR (Index Determination) or SOFR (Non-Index Determination); provided that if the Issuer or its designee determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR (Index Determination) or SOFR (Non-Index Determination) (or the published daily SOFR or SOFR Index used in the calculation thereof), as applicable, or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement.

"**Benchmark Replacement**" means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

(r) *Calculation Agent and Reference Banks*

The Issuer and, if applicable, the Guarantor shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the Pricing Supplement and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant offices) is unable or unwilling to continue to act as a Reference Bank, then the Issuer or, failing which and if applicable, the Guarantor shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount or Optional Redemption Amount or to comply with any other requirement, the Issuer or, failing which and if applicable, the Guarantor shall appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(s) *Linear Interpolation*

Where Linear Interpolation is specified as being applicable in respect of an Interest Period in the applicable Pricing Supplement, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate or the relevant Floating Rate Option, as applicable, one of which shall be determined as if the Designated Maturity or Specified Maturity, as applicable, as specified in the applicable Pricing Supplement, were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which rates are available next longer than the length of the relevant Interest Period, provided, however, that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as an Independent Adviser determines appropriate.

(t) *Certificates to be final*

Subject, in the case of Subordinated Notes only, to the requirement for APRA's prior written approval as specified in Condition 4(n) (*Benchmark Replacement*), all certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4 (*Interest and other Calculations*) shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Calculation Agent, the Fiscal Agent, the other Paying Agents (if any), the Registrar and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(u) *Conditions of Payment — Subordinated Notes*

Prior to the commencement of the winding-up of ANZBGL (other than under or in connection with a scheme of amalgamation or reconstruction not involving bankruptcy or insolvency):

(i) the obligations of ANZBGL to make payments of principal of, any interest on, and any other payments, including additional amounts, in respect of the Subordinated Notes will be conditional on ANZBGL being Solvent at the time of such payment by ANZBGL; and

(ii) no payment of principal of, any interest on, and any other payments, including additional amounts, in respect of the Subordinated Notes shall be made unless ANZBGL is Solvent immediately after making such payment,

and if, pursuant to this Condition, ANZBGL fails to make any payment of principal of, or interest on, or any other payment, including additional amounts, in respect of any Subordinated Note when due, such failure will not constitute an Event of Default for the purposes of Condition 9(b)(ii).

A certificate signed by ANZBGL, two authorised signatories or an auditor of ANZBGL or, if ANZBGL is being wound up, its liquidator as to whether ANZBGL is Solvent at any time is (in the absence of wilful default, bad faith or manifest error) conclusive evidence of the information contained in the certificate and will be binding on the Subordinated Noteholders. In the absence of any such certificate, the Subordinated Noteholders are entitled to assume (unless the contrary is proved) that ANZBGL is Solvent at the time of, and will be Solvent immediately after, any payment on or in respect of the Subordinated Notes.

Any amount not paid on account of this Condition remains and accumulates as a debt owing and is payable on the first date on and to the extent to which the amount is able to be paid in compliance with this Condition.

(v) *Substitute or Successor Screen Page*

Any reference in these Conditions or in the Pricing Supplement to a screen page on Reuters or on Bloomberg means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or the Bloomberg Professional® service (or any successor service), as the case may be, or such other page as may replace such page for the purpose of displaying the relevant rate.

5. **Redemption, Purchase and Options**

(a) *Redemption by Instalments and Final Redemption*

(i) Unless previously redeemed, purchased and cancelled as provided in this Condition 5, each Note that provides for Instalment Dates and Instalment Amounts (each, an "**Instalment Note**") shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the Pricing Supplement. The outstanding Principal Amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the Principal Amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount. A Subordinated Note will not provide for redemption by Instalments.

(ii) Unless previously redeemed, purchased and cancelled, Converted or Written-Off as provided below, each Note shall be finally redeemed on the Maturity Date specified in the Pricing Supplement at its Final Redemption Amount or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) *Redemption for Taxation Reasons Applicable to all Notes*

If, as a result of any change in or amendment to the laws or regulations of the jurisdiction of incorporation of the Issuer and/or, where the Issuer is acting through its branch, the jurisdiction, country or territory in which the branch through which the Issuer is acting as specified in the relevant Pricing Supplement is located and/or, if applicable, the jurisdiction of incorporation of the Guarantor, or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations or any ruling, confirmation or advice from any taxing authority, which change or amendment or ruling becomes effective after the Issue Date (and in respect of any Subordinated Note, which ANZBGL did not expect as at the Issue Date of that Subordinated Note) shown on the face of any Note:

(i) in the case of any Note, the Issuer or, if applicable, the Guarantor (if the Guarantor was or is obliged to make a payment under the Guarantee) has or will become obliged to pay additional amounts as provided in Condition 7 (*Taxation*);

(ii) in the case of any Subordinated Note only and if specified in the Pricing Supplement, ANZBGL or the consolidated tax group of which it is a member would be exposed to more than a *de minimis* amount of other taxes, levies, imposts, charges and duties (including stamp and transaction duties)

imposed by any authority together with any related interest, penalties and expenses in connection with them, assessments or other governmental charges in connection with any Note; or

(iii) in the case of any Subordinated Note only and if specified in the Pricing Supplement, ANZBGL determines that any interest payable on any Note is not, or may not be, allowed as a deduction to either ANZBGL or the consolidated tax group of which it is a member for the purposes of Australian income tax,

the Issuer may at its option, at any time (if this Note is neither a Floating Rate Note nor an Index Linked Interest Note) or on any Interest Payment Date (in the case of Floating Rate Notes or Index Linked Interest Notes) and, on giving not more than 60 nor less than 30 days' notice to the Noteholders of the relevant Series (which notice shall be irrevocable) redeem all, but not some only, of the Notes of the relevant Series at their Early Redemption Amount together with interest accrued to the date fixed for redemption, provided, in the case of Condition 5(b)(i), that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, if applicable, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due or (as the case may be) an obligation to make a payment under the Guarantee were then made. Prior to the publication of any notice of redemption pursuant to this Condition 5(b), the Issuer shall deliver to the Fiscal Agent a certificate signed by two persons each of whom is either a Director, a Senior Executive, an authorised representative or of equivalent status of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of the facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred.

(c) *Redemption of Subordinated Notes for Regulatory Reasons*

If specified in the relevant Pricing Supplement, if a Regulatory Event occurs, ANZBGL may at its option, at any time (if the Subordinated Note is not a Floating Rate Note) or on any Interest Payment Date (in the case of a Subordinated Note that is a Floating Rate Note) and subject to Condition 5(j) on giving not more than 60 nor less than 30 days' notice to the Subordinated Noteholders of the relevant Series (which notice shall be irrevocable) redeem all, but not some only, of the Subordinated Notes of the relevant Series at the Early Redemption Amount together with interest accrued to the date fixed for redemption. Prior to the publication of any notice of redemption pursuant to this Condition 5(c), ANZBGL shall deliver to the Fiscal Agent a certificate signed by two persons each of whom is either a Director, a Senior Executive, an authorised representative or of equivalent status of ANZBGL stating that ANZBGL is entitled to effect such redemption and setting forth a statement of the facts showing that the conditions precedent to the right of ANZBGL so to redeem have occurred.

For the purposes of this Condition 5(c):

"**Regulatory Event**" means ANZBGL determines, having received:

(i) an opinion from a reputable legal counsel that as a result of any amendment to, clarification of or change (including any announcement of a change that has been or will be introduced) in, any law or regulation of the Commonwealth of Australia, or any official administrative pronouncement or action or judicial decision interpreting or applying such laws or regulations, which amendment, clarification or change is effective, or pronouncement, action or decision is announced, after the Issue Date; or

(ii) a written statement from APRA after the Issue Date,

that, in each case, ANZBGL is not or will not be entitled to treat all Subordinated Notes of a Series as Tier 2 Capital, provided that, in each case, on the Issue Date of the Subordinated Notes, ANZBGL did not expect that matters giving rise to the Regulatory Event would occur.

(d) *Early Redemption of Zero Coupon Notes*

(i) The Early Redemption Amount payable in respect of any Zero Coupon Note that does not bear interest prior to the Maturity Date, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 5(b) or (c) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*), shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the Pricing Supplement.

(ii) Subject to the provisions of sub-paragraph (iii) below, the "**Amortised Face Amount**" of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted to the date of its early redemption at a rate per annum (expressed as a percentage) equal to (A) where Compound Interest is specified in the Pricing Supplement, the "**Amortisation Yield**" (which, if none is set out in the Pricing Supplement, shall be such rate as would produce an Amortised Face Amount equal to the Issue Price of the Notes if such Notes were discounted back from the Maturity Date to the Issue Date) compounded annually, or (B) where Linear Interest is specified in the Pricing Supplement, an amount per Calculation Amount calculated in accordance with the following formula:

$$Amortised\ Face\ Amount = Calculation\ Amount + (Accreting\ Payment\ Amount\ x\ A) + B$$

Where:

"**A**" means the aggregate number of Accreting Payment Periods that precede the Final Accreting Payment Period;

"**Accreting Payment Amount**" means the amount per Calculation Amount specified in the Pricing Supplement;

"**Accreting Payment Period**" means a period specified in the Pricing Supplement;

"**B**" means, in respect of the Final Accreting Payment Period, the Accreting Payment Amount multiplied by the Day Count Fraction;

"**Early Redemption Date**" means in respect of this Condition 5(d) the date on which the Notes are redeemed prior to the Maturity Date; and

"**Final Accreting Payment Period**" means a period specified in the Pricing Supplement.

Where such calculation referred to in sub-paragraph (A) of this sub-paragraph (ii) is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction set out in the Pricing Supplement.

(iii) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(b) or (c) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the reference therein, in the case of sub-paragraph (A), to the date on which the Note becomes due and payable or, in the case of sub-paragraph (B), the Early Redemption Date, were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (after, as well as before, judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 4(j).

(e) *Redemption at the Option of the Issuer and Exercise of Issuer's Options*

If a Call Option is included in the Pricing Supplement and subject to Condition 5(j) in the case of any Subordinated Note, the Issuer may, on giving not less than five or more than 30 days' irrevocable notice (subject to such other notice period as may be specified in the Pricing Supplement under "Option Exercise Date(s)") to the Noteholders redeem, or exercise any Issuer's option (as may be described in the Pricing Supplement) in relation to, all or, if so provided, some of the Notes on any Optional Redemption Date (which, in the case of a Subordinated Note, may not be before the fifth anniversary of the Issue Date of that Subordinated Note). Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise of the Issuer's option shall only relate to Notes of a Principal Amount at least equal to the Minimum Redemption Amount to be redeemed specified in the Pricing Supplement and no greater than the Maximum Redemption Amount to be redeemed specified in the Pricing Supplement.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place as may be fair and reasonable in the circumstances, having regard to prevailing market practices and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange requirements. So long as the Notes are admitted to listing, trading and/or quotation on any listing venue, stock exchange and/or quotation system and the rules of the relevant listing venue, stock exchange and/or quotation system so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in London (which is expected to be the *Financial Times*), or as specified by such other listing venue, stock exchange and/or quotation system, a notice specifying the aggregate principal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(f) *Clean-Up Redemption at the option of the Issuer (Clean-Up Call)*

If a Clean-Up Call is specified as being applicable in the relevant Pricing Supplement and 75 per cent or more in aggregate Principal Amount of the relevant Series of Notes issued has been redeemed or purchased and cancelled, the Issuer may at any time, at its option, on giving not less than five or more than 30 days' notice to the Noteholders of the relevant Series (which notice shall specify the date for redemption and shall be irrevocable), redeem all, but not some only, of those Notes outstanding on the Residual Redemption Date, at their Residual Redemption Amount together with any accrued but unpaid interest to, but excluding, the Residual Redemption Date.

A Clean-up Call may not be specified in the Pricing Supplement in respect of Subordinated Notes.

(g) *Redemption at the Option of Noteholders and Exercise of Noteholders' Options*

If a Put Option is specified in the Pricing Supplement, the Issuer shall, at the option of the holder of such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (subject to such other notice period as may be specified in the Pricing Supplement, under "Option Exercise Date(s)"), redeem such Note on the Optional Redemption Date(s) so provided at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholder's option that may be set out in the Pricing Supplement the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer, except that such Note or Certificate will be returned to the relevant Noteholder by the Paying Agent, the Registrar or Transfer Agent with which it has been deposited if, prior to the due date for its redemption or the exercise of the option, the Note becomes immediately due and payable or if upon due presentation payment of the redemption moneys is not made or exercise of the option is denied.

A Put Option may not be specified in the Pricing Supplement in respect of Subordinated Notes.

(h) *Purchases*

Where ANZBGL is the Issuer of this Note, ANZBGL is taken to represent as at the date of issue of this Note, that it does not know, or have any reasonable grounds to suspect, that this Note or any interest in this Note is being or will later be, acquired either directly or indirectly by an Offshore Associate of ANZBGL (acting other than in the capacity of a dealer, manager or underwriter in relation to the placement of this Note or a clearing house, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act 2001 of Australia ("**Corporations Act**")).

"**Offshore Associate**" means an associate (as defined in section 128F of the Australian Tax Act) of ANZBGL that is either a non-resident of Australia which does not acquire the Notes in carrying on a

business at or through a permanent establishment in Australia or, alternatively, a resident of Australia that acquires the Notes in carrying on business at or through a permanent establishment outside of Australia.

Except in the case of Subordinated Notes, the Issuer, the Guarantor and any of their respective subsidiaries may, to the extent permitted by applicable laws and regulations, at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise. Notes so purchased by the Issuer, the Guarantor or any of their respective subsidiaries may be surrendered by the purchaser through the Issuer to the Fiscal Agent or any Paying Agent for cancellation or may at the option of the Issuer, the Guarantor or the relevant subsidiary be held or resold.

In the case of Subordinated Notes, subject to Condition 5(j), ANZBGL and any of its Related Entities may, to the extent permitted by applicable laws and regulations, at any time purchase Subordinated Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise. Subordinated Notes so purchased by ANZBGL or any of its Related Entities may be surrendered by the purchaser through ANZBGL to the Fiscal Agent or any Paying Agent for cancellation or may at the option of ANZBGL or the relevant Related Entity be held or resold.

(i) *Cancellation*

All Notes redeemed by the Issuer or surrendered by the purchaser through the Issuer for cancellation pursuant to Condition 5(g) shall be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to, or to the order of, the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(j) *Approval of APRA*

Notwithstanding anything to the contrary in this Condition 5, ANZBGL may not (i) redeem any Subordinated Notes under paragraph (b), (c) or (e) above or (ii) prior to the Maturity Date purchase, or procure that any of its Related Entities purchase, any Subordinated Notes under paragraph (g) above, without the prior written approval of APRA and ANZBGL will not be permitted to redeem any Subordinated Notes unless:

(a) the Subordinated Notes are replaced concurrently or beforehand with Regulatory Capital of the same or better quality and the replacement of the Subordinated Notes is done under conditions that are sustainable for ANZBGL's income capacity; or

(b) APRA is satisfied that ANZBGL's capital position at Level 1, Level 2 and, if applicable, Level 3 (each as defined in Condition 5E.1 below) is well above its minimum capital requirements after ANZBGL elects to redeem the Subordinated Notes.

*Subordinated Noteholders should not expect that APRA's approval will be given for any redemption or purchase of Subordinated Notes.*

**5A. Conversion or Write-Off of Subordinated Notes on Non-Viability Trigger Event**

**5A.1. Application to Subordinated Notes only**

Conditions 5A, 5B and 5C apply only to Subordinated Notes. Schedule 1 to these Conditions (including the defined terms contained in Schedule 1) shall be deemed to form part of, and be incorporated in, Condition 5B.

**5A.2 Non-Viability Trigger Event**

A "**Non-Viability Trigger Event**" means the earlier of:

(i) the issuance to ANZBGL of a written determination from APRA that conversion or write-off of Relevant Securities is necessary because, without it, APRA considers that ANZBGL would become non-viable; or

(ii) a determination by APRA, notified to ANZBGL in writing, that without a public sector injection of capital, or equivalent support, ANZBGL would become non-viable,

each such determination being a "**Non-Viability Determination**".

**5A.3 Conversion or Write-Off of Subordinated Notes on Trigger Event Date**

If a Non-Viability Trigger Event occurs:

(i) on the Trigger Event Date, subject only to Condition 5B.5, such Principal Amount of the Subordinated Notes will immediately Convert or be Written-Off (whichever is applicable as specified in the Pricing Supplement) as is required by the Non-Viability Determination provided that:

(a) where the Non-Viability Trigger Event occurs under Condition 5A.2(i) and such Non-Viability Determination does not require all Relevant Securities to be converted into Ordinary Shares or written-off, such Principal Amount of the Subordinated Notes shall Convert or be Written-Off (whichever is applicable as specified in the Pricing Supplement) as is sufficient (determined by ANZBGL in accordance with Condition 5A.3(ii)) to satisfy APRA that ANZBGL is viable without further conversion or write-off; and

(b) where the Non-Viability Trigger Event occurs under Condition 5A.2(ii), all the Principal Amount of the Subordinated Notes will immediately Convert or be Written-Off (whichever is applicable as specified in the Pricing Supplement);

(ii) ANZBGL will determine the Principal Amount of Subordinated Notes which must be Converted or Written-Off (as applicable) in accordance with Condition 5A.3(i)(a), on the following basis:

(a) first, convert into Ordinary Shares or write-off all Relevant Tier 1 Securities; and

(b) secondly, if conversion into Ordinary Shares or write-off of all Relevant Tier 1 Securities is not sufficient to satisfy the requirements of Condition 5A.3(i)(a) (and provided that as a result of the conversion or write-off of Relevant Tier 1 Securities APRA has not withdrawn the Non-Viability Determination), Convert or Write-Off (as applicable) a Principal Amount of Subordinated Notes and convert into Ordinary Shares or write-off a number or principal amount of other Relevant Tier 2 Securities on an approximately pro-rata basis or in a manner that is otherwise, in the opinion of ANZBGL, fair and reasonable (subject to such adjustment as ANZBGL may determine to take into account the effect on marketable parcels and the need to round to whole numbers the number of Ordinary Shares and the authorised denominations of the Principal Amount of any Subordinated Note or the number or principal amount of other Relevant Tier 2 Securities remaining on issue, and the need to effect the conversion immediately) and, for the purposes of this Condition 5A.3(ii)(b), where the specified currency of the principal amount of Relevant Tier 2 Securities is not the same for all Relevant Tier 2 Securities, ANZBGL may treat them as if converted into a single currency of ANZBGL's choice at such rate of exchange as ANZBGL in good faith considers reasonable,

provided that such determination does not impede or delay the immediate Conversion or Write-Off (as applicable) of the relevant Principal Amount of Subordinated Notes;

(iii) on the Trigger Event Date, ANZBGL shall determine the Subordinated Notes or portions thereof as to which the Conversion or Write-Off (as applicable) is to take effect and in making that determination may make any decisions with respect to the identity of the Subordinated Noteholders at that time as may be necessary or desirable to ensure Conversion or Write-Off (as applicable) occurs in an orderly manner, including disregarding any transfers of Subordinated

Notes that have not been settled or registered at that time provided that such determination does not impede or delay the immediate Conversion or Write-Off (as applicable) of the relevant Principal Amount of Subordinated Notes;

(iv) ANZBGL must give notice of its determination pursuant to Condition 5A.3(iii) (a "**Trigger Event Notice**") as soon as practicable to the Subordinated Noteholders, which must specify:

(a) the Trigger Event Date;

(b) the Principal Amount of the Subordinated Notes Converted or Written-Off (as applicable); and

(c) the relevant number or principal amount of other Relevant Securities converted or written-off;

(v) none of the following events shall prevent, impede or delay the Conversion or Write-Off (as applicable) of Subordinated Notes as required by Condition 5A.3(i):

(a) any failure or delay in the conversion or write-off of other Relevant Securities;

(b) any failure or delay in giving a Trigger Event Notice;

(c) any failure or delay by a Subordinated Noteholder or any other party in complying with the provisions of Condition 5A.4;

(d) any requirement to select or adjust the number or Principal Amount of Subordinated Notes to be Converted or Written-Off (as applicable) in accordance with Condition 5A.3(ii)(b) or 5A.3(iii); and

(e) in the case of Conversion only, any failure or delay in quotation of Ordinary Shares to be issued on Conversion.

If a Non-Viability Determination takes effect, ANZBGL must perform the obligations in respect of the determination immediately on the day it is received by ANZBGL, whether or not such day is a Business Day.

Each Subordinated Noteholder irrevocably authorises ANZBGL to sign any document or transfer or do any other thing as may in ANZBGL's opinion be necessary or desirable to effect any transfer of the Subordinated Notes the subject of the Conversion.

**5A.4 Conversion or Write-Off of a whole or of a portion of a Subordinated Note**

If a Principal Amount of a Subordinated Note is required to be Converted or Written-Off, the following provisions apply:

(i) ANZBGL shall notify the Fiscal Agent (in the case of a Bearer Note) or the Registrar (in the case of a Registered Note) of the Principal Amount of such Subordinated Note that has been Converted or Written-Off (whether in whole or in part) and instruct the Fiscal Agent (in the case of a Bearer Note) or the Registrar (in the case of a Registered Note) to reflect this Conversion or Write-Off (as applicable) in any relevant form of note or certificate and the Register (as applicable) so that the Principal Amount of such Subordinated Note is reduced, in the case of a Subordinated Note Converted or Written-Off in whole, to zero, or, in the case of a Subordinated Note which is Converted or Written-Off in part, to an amount equal to the non-Converted or non-Written-Off (as applicable) portion of the Principal Amount of such Subordinated Note;

(ii) in the case of a Subordinated Note which is Converted or Written-Off only in part:

(a) where the date of the Conversion or Write-off is not an Interest Payment Date, the amount of interest payable in respect of that Subordinated Note on each Interest Payment Date falling after that date will be reduced and calculated on the Principal Amount of that Subordinated Note as reduced on that date;

(b) for the purposes of any interest calculation, the Interest Amount, the Fixed Coupon Amount, Broken Amount, the Calculation Amount and any related amount in respect of that Subordinated Note shall be reduced in the same proportion as the Principal Amount Converted or Written-Off in respect of that Subordinated Note bears to the Principal Amount of that Subordinated Note before such Conversion or Write-Off;

(c) the Early Redemption Amount, the Final Redemption Amount, the Optional Redemption Amount, the Specified Denomination and Principal Amount or any related amount shall be reduced in the same proportion as the Principal Amount Converted or Written-Off in respect of that Subordinated Note bears to the Principal Amount of that Subordinated Note before such Conversion or Write-Off; and

(iii) if a definitive note or certificate has been issued to the relevant Subordinated Noteholder in respect of such Subordinated Note, then, if ANZBGL so requires, such Subordinated Noteholder shall surrender such definitive note or certificate to ANZBGL (or, if ANZBGL so directs, to the Registrar) and, in the case of a Subordinated Note which is Converted or Written-Off only in part, ANZBGL shall deliver to the Subordinated Noteholder, a new definitive note or certificate for a Subordinated Note with a Principal Amount equal to the non-Converted or non-Written-Off (as applicable) portion of the Principal Amount of such Subordinated Note.

**5B. Conversion of Subordinated Notes**

**5B.1 Conversion of Subordinated Notes on Trigger Event Date**

Unless "Write-Off Applicable" is specified in the relevant Pricing Supplement, Condition 5B shall apply to the Subordinated Notes and, notwithstanding any other provision in these Conditions, on the Trigger Event Date the relevant Principal Amount (as determined under Condition 5A.3) of the Subordinated Notes will Convert immediately and irrevocably.

On and from the Trigger Event Date, subject to Conditions 5B.5 and 5B.6(iii)(c) ANZBGL and ANZGHL shall treat any Subordinated Noteholder of any Subordinated Note or portion thereof which is required to be Converted as the holder of the relevant number of Ordinary Shares and will take all such steps, including updating any register, required to record the Conversion and the issuance of such Ordinary Shares.

**5B.2 Provision of information**

Where a Principal Amount of Subordinated Notes is required to be Converted under Condition 5B, a Subordinated Noteholder of such Subordinated Notes or portion thereof that are subject to Conversion wishing to receive Ordinary Shares must, no later than the Trigger Event Date (or, in the case where Condition 5B.4(vii) applies, within 30 days of the date on which Ordinary Shares are issued upon such Conversion), have provided to ANZBGL:

(i) its name and address (or the name and address of any person in whose name it directs the Ordinary Shares to be issued) for entry into any register of title and receipt of any certificate or holding statement in respect of any Ordinary Shares;

(ii) the security account details of such Subordinated Noteholder in CHESS (being the Clearing House Electronic Subregister System of Australia operated by the ASX or its affiliates or successors) or such other account to which the Ordinary Shares may be credited; and

(iii) such other information as is reasonably requested by ANZBGL for the purposes of enabling ANZGHL to issue the Conversion Number of Ordinary Shares to such Subordinated Noteholder,

and ANZBGL has no duty to seek or obtain such information.

**5B.3 Failure to Convert**

Subject to Condition 5B.4 and Condition 5B.5, if, in respect of a Conversion of Subordinated Notes, ANZGHL fails to issue, on the Trigger Event Date, the Conversion Number of Ordinary Shares in respect of the relevant Principal Amount of such Subordinated Notes to, or in accordance with the instructions of, the relevant Subordinated Noteholder on the Trigger Event Date or any other nominee where

Condition 5B.4 applies, the Principal Amount of such Subordinated Notes which would otherwise be subject to Conversion shall remain on issue and outstanding until:

(i) the Ordinary Shares are issued to, or in accordance with the instructions of, the Subordinated Noteholder of such Subordinated Notes; or

(ii) such Subordinated Notes are Written-Off in accordance with these Conditions;

provided, however, that the sole right of the Subordinated Noteholder in respect of Subordinated Notes or portion thereof that are subject to Conversion is its right to be issued Ordinary Shares upon Conversion (subject to its compliance with Condition 5B.2 or to receive the proceeds from their sale pursuant to Condition 5B.4, as applicable) and the remedy of such Subordinated Noteholder in respect of ANZGHL's failure to issue the Ordinary Shares is limited (subject always to Condition 5B.5) to seeking an order for specific performance of ANZGHL's obligation to issue the Ordinary Shares to the Subordinated Noteholder or where Condition 5B.4 applies to the nominee and to receive such proceeds of sale, in each case, in accordance with the terms of the Subordinated Notes. This Condition 5B.3 does not affect the obligation of ANZGHL to issue the Ordinary Shares when required in accordance with these Conditions.

**5B.4 Issue to nominee**

If, in respect of a Subordinated Note and a Subordinated Noteholder of that Subordinated Note, the Subordinated Note or portion thereof is required to be Converted and:

(i) the Subordinated Noteholder has notified ANZBGL that it does not wish to receive Ordinary Shares as a result of the Conversion (whether entirely or to the extent specified in the notice), which notice may be given at any time prior to the Trigger Event Date;

(ii) the Subordinated Notes are held by a Subordinated Noteholder whose address in the register is a place outside Australia or who ANZBGL otherwise believes may not be a resident of Australia (a "**Foreign Holder**");

(iii) the holder of that Subordinated Note is a Clearing System Holder;

(iv) for any reason (whether or not due to the fault of the Subordinated Noteholder) ANZBGL has not received the information required by Condition 5B.2 prior to the Trigger Event Date and the lack of such information would prevent ANZGHL from issuing the Ordinary Shares to the Subordinated Noteholder on the Trigger Event Date; or

(v) a FATCA Withholding is required to be made in respect of the Ordinary Shares issued on the Conversion,

then, on the Trigger Event Date:

(vi) where Condition 5B.4(i), 5B.4(ii) or 5B.4(v) applies, ANZGHL shall issue the Ordinary Shares to the Subordinated Noteholder only to the extent (if at all) that:

(a) where Condition 5B.4(i) applies, the Subordinated Noteholder has notified ANZBGL that it wishes to receive them;

(b) where Condition 5B.4(ii) applies, ANZBGL is satisfied that the laws of both the Commonwealth of Australia and the Foreign Holder's country of residence permit the issue of Ordinary Shares to the Foreign Holder (but as to which ANZBGL is not bound to enquire), either unconditionally or after compliance with conditions which ANZBGL in its absolute discretion regards as acceptable and not unduly onerous; and

(c) where Condition 5B.4(v) applies, the issue is net of the FATCA Withholding;

and, to the extent ANZGHL is not obliged to issue Ordinary Shares to the Subordinated Noteholder, ANZGHL will issue the balance of the Ordinary Shares to the nominee in accordance with Condition 5B.4(vii); and

(vii) otherwise, subject to applicable law, ANZGHL will issue the balance of Ordinary Shares in respect of the Subordinated Noteholder to a competent nominee (which may not be ANZBGL or any of its Related Entities) and will promptly notify such Subordinated Noteholder of the name of and contact information for the nominee and the number of Ordinary Shares issued to the nominee on its behalf and, subject to applicable law and:

(a) subject to Condition 5B.4(vii)(b), the nominee will as soon as reasonably possible and no later than 35 days after issue of the Ordinary Shares sell those Ordinary Shares and pay a cash amount equal to the net proceeds received, after deducting any applicable brokerage, stamp duty and other taxes and charges, to the Subordinated Noteholder;

(b) where Condition 5B.4(iii) or 5B.4(iv) applies, the nominee will hold such Ordinary Shares and will transfer Ordinary Shares to such Subordinated Noteholder (or, where paragraph (iii) applies, the person for whom the Clearing System Holder holds the Subordinated Note) promptly after such Subordinated Noteholder provides the nominee with the information required to be provided by such Subordinated Noteholder under Condition 5B.2 (as if a reference in Condition 5B.2 to ANZBGL is a reference to the nominee and a reference to the issue of Ordinary Shares is a reference to the transfer of Ordinary Shares) but only where such information is provided to the nominee within 30 days of the date on which Ordinary Shares are issued to the nominee upon Conversion of such Subordinated Note and failing which the nominee will sell the Ordinary Shares and pay the proceeds to such Subordinated Noteholder in accordance with Condition 5B.4(vii)(a); and

(c) where Condition 5B.4(v) applies, the nominee shall deal with Ordinary Shares the subject of a FATCA Withholding and any proceeds of their disposal in accordance with FATCA;

(viii) nothing in this Condition 5B.4 shall affect the Conversion of the Subordinated Notes of a Subordinated Noteholder who is not a person to which any of Condition 5B.4(i) to 5B.4(v) (inclusive) applies; and

(ix) for the purposes of this Condition 5B.4, none of ANZBGL, ANZGHL or the nominee owes any obligations or duties to the Subordinated Noteholders in relation to the price at which Ordinary Shares are sold or has any liability for any loss suffered by a Subordinated Noteholder as a result of the sale of Ordinary Shares.

The Fiscal Agent, the CMU Lodging and Paying Agent, the other Paying Agents (if any), the Registrar, Transfer Agents and the Calculation Agent act solely as agents of the Issuer and, if applicable, the Guarantor and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer and, if applicable, the Guarantor reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the CMU Lodging and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuer and, if applicable, the Guarantor shall at all times maintain (i) a Fiscal Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes (including a Transfer Agent having its specified office in London so long as any Registered Notes are listed on the Official List of the UK Financial Conduct Authority and admitted to trading on the London Stock Exchange), (iv) one or more Calculation Agent(s) where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities (including London so long as the Notes are listed on the Official List of the UK Financial Conduct Authority and admitted to trading on the London Stock Exchange), (vi) such other agents as may be required by the rules of any other listing venue, stock exchange and/or quotation system on which the Notes may be admitted to listing, trading and/or quotation and (vii) so long as any CMU Notes are outstanding, a CMU Lodging and Paying Agent with a specified office in such place as required by the CMU Service.

In addition, the Issuer and, if applicable, the Guarantor shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 6(e).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 (*Notices*).

(h) *Unmatured Coupons and Receipts and Unexchanged Talons*

(i) In the case of Fixed Rate Notes, Bearer Notes should be surrendered for payment together with all unmatured Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8 (*Prescription*)).

(ii) In the case of Floating Rate Notes or Range Accrual Notes, unless the Pricing Supplement provides otherwise, upon the due date for redemption of any Bearer Note, unmatured Coupons

relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Bearer Note, any Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Upon the due date for redemption of any Bearer Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.

(v) Where any Bearer Note which provides that the relative Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provisions of such indemnity as the Issuer may require.

(vi) If the due date for redemption of any Notes is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note or Certificate representing it, as the case may be. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(i) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 8 (*Prescription*)).

(j) *Non-Business Days*

Subject in the case of any Subordinated Notes to Schedule 1 to these Conditions, if any date for payment in respect of any Note, Receipt or Coupon is not a Payment Business Day, the holder shall not be entitled to payment until (i) if "Following" is specified as the Payment Business Day Convention in the applicable Pricing Supplement, the next following Payment Business Day or (ii), if "Modified Following" is specified as the Payment Business Day Convention in the applicable Pricing Supplement, the next following Payment Business Day unless that Payment Business Day falls in the next calendar month, in which case the first preceding Payment Business Day. In this paragraph, "**Payment Business Day**" means a day (other than a Saturday or a Sunday) on which:

(i) commercial banks and foreign exchange markets settle payments generally in such jurisdictions as shall be specified as "**Additional Financial Centres**" in the Pricing Supplement, in London and Sydney where ANZBGL is the Issuer, in London and New Zealand where ANZ Bank New Zealand or ANZNIL is the Issuer and, where relevant, in the relevant place of presentation; and

(ii) (in the case of a payment in a currency other than euro or Australian dollars where ANZBGL is the Issuer, or New Zealand dollars where ANZ Bank New Zealand or, as the case may be, ANZNIL is the Issuer, where payment is to be made by transfer in the relevant currency to an account maintained with a bank) foreign exchange transactions may be carried on in the relevant currency in the Principal Financial Centre of the country of such currency; or

(iii) (in the case of a payment in euro) banks are open for business and carrying out transactions in euro in the jurisdiction in which the account specified by the payee is located and a day on which the T2 System is open, unless otherwise specified in the Pricing Supplement; and

(iv) in respect of Notes for which the Reference Rate specified in the applicable Pricing Supplement is SOFR (Index Determination) or SOFR (Non-Index Determination), any weekday that is a U.S. Government Securities Business Day and is not a legal holiday in New York and each (if any) Additional Financial Centre(s) and is not a date on which banking institutions in those cities are authorised or required by law or regulation to be closed.

(k) *Euro and Redenomination*

References to euro are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to Article 123 of the Treaty.

Unless otherwise specified in the Pricing Supplement, Notes denominated in the currency (the "**Relevant Currency**") of a Member State that does not participate in the third stage of European economic and monetary union prior to the Issue Date of the relevant Notes may, at the election of the Issuer, be subject to redenomination in the manner set out below. In relation to such Notes the Issuer may, without the consent of the Noteholders or Couponholders, on giving at least 30 days' prior notice to Noteholders, the Fiscal Agent and each of the Paying Agents and Transfer Agents, designate a "**Redenomination Date**" for the Notes, being a date for payment of interest under the Notes falling on or after the date on which the relevant Member State commences participation in such third stage.

With effect from the Redenomination Date, notwithstanding the other provisions of the Conditions:

(i) the Notes shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated in euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Relevant Currency, converted into euro at the rate for conversion of the Relevant Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with European Community regulations) provided that, if the Issuer determines that the then market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, any listing venue, stock exchange and/or quotation system on which the Notes may be listed, the Fiscal Agent and each of the Paying Agents and Transfer Agents of such deemed amendment;

(ii) if Notes in definitive form are required to be issued, they shall be issued at the expense of the Issuer in the denominations of euro 0.01, euro 1,000, euro 10,000, euro 100,000 and such other denominations as the Fiscal Agent shall determine and notify to Noteholders;

(iii) if Notes in definitive form have been issued, all unmatured Receipts and Coupons denominated in the Relevant Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives the notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes so issued will also become void on that date although those Notes will continue to constitute valid exchange obligations of the Issuer. New certificates in respect of euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Relevant Currency in such manner as the Fiscal Agent may specify and as shall be specified to Noteholders in the Exchange Notice;

(iv) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the Relevant Currency ceases to be a subdivision of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or by cheque; and

(v) the amount of interest in respect of Notes will be calculated by reference to the aggregate principal amount of Notes presented (or, as the case may be, in respect of which Receipts or Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01.

In connection with such redenomination, the Issuer may, after consultation with the Fiscal Agent, make such other changes to the Conditions applicable to the relevant Notes as it may decide so as to conform them to the then market practice in respect of euro-denominated debt securities issued in the Euromarkets which are held in international clearing systems. Any such changes will not take effect until the next following Interest Payment Date after they have been notified to the Noteholders in accordance with Condition 14 (*Notices*).

(l) *Payment of U.S. Dollar Equivalent in respect of CNY Notes*

Notwithstanding the foregoing, if by reason of Inconvertibility, Non transferability or Illiquidity, the Issuer is not able to satisfy payments of principal or interest in respect of any Notes which are denominated in Renminbi ("**CNY Notes**") when due in Renminbi in Hong Kong, the Issuer may, on giving not less than five or more than 30 calendar days' irrevocable notice to the Noteholders prior to the due date for payment, settle any such payment in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi-denominated amount.

For the purposes of these Conditions, "**US Dollar Equivalent**" means the Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Determination Date.

For this purpose:

"**CNY**" means the lawful currency of the PRC;

"**Determination Business Day**" means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong, Beijing, London and in New York City;

"**Determination Date**" means the day which is two Determination Business Days before the due date for any payment of the relevant amount under these Conditions;

"**Governmental Authority**" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong;

"**HKMA**" means the Hong Kong Monetary Authority, the government authority in Hong Kong with responsibility for maintaining currency and banking stability, or any lawful successor thereto;

"**Hong Kong**" means the Hong Kong Special Administrative Region of the PRC;

"**Illiquidity**" means that the general Renminbi exchange market in Hong Kong has become illiquid and, as a result of which, the Issuer cannot obtain sufficient Renminbi in order to satisfy its obligation to pay interest and principal (in whole or in part) in respect of the CNY Notes, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation (if practicable) with two Renminbi Dealers;

"**Inconvertibility**" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the CNY Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 8 August 2012 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

"**Non transferability**" means the occurrence of any event that makes it impossible for the Issuer to transfer Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after 8 August 2012 and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

"**PRC**" means the People's Republic of China which, for the purpose of these Conditions, shall exclude Hong Kong, the Macau Special Administrative Region of the People's Republic of China and Taiwan;

"**Spot Rate**" means the spot CNY/US dollar exchange rate for the purchase of U.S. dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong for settlement in two Determination Business Days, as determined by the Calculation Agent at or around 11.00 a.m. (Hong Kong time) on the Determination Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the Calculation Agent will determine the Spot Rate at or around 11.00 a.m. (Hong Kong time) on the Determination Date as the most recently available CNY/US dollar official fixing rate for settlement in two Determination Business Days reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC.

(m) *Payment of U.S. Dollar equivalent in respect of Exotic Currencies*

If Exotic Currency Payments is specified to be applicable in the relevant Pricing Supplement then, in the event that the Issuer is due to make a payment in an Exotic Currency in respect of any Note and the Exotic Currency is not available or it is impracticable to make the payment in the Exotic Currency due to circumstances beyond the Issuer's control as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner, the Issuer will be entitled to satisfy in full its obligations in respect of such payment by making payment as soon as practicable in U.S. dollars on the basis of the spot exchange rate of U.S. dollars against the Exotic Currency offered in the London foreign exchange market as determined by the Calculation Agent referencing the Exotic Currency Reuters Screen Page at or around the Exotic Currency Relevant Time on the fifth London Business Day prior to such payment or, if such rate is not available on that day, the Calculation Agent will reference the rate most recently available prior to such day.

Any payment made in U.S. dollars in accordance with the foregoing paragraph will not constitute an Event of Default (as defined in Condition 9 (*Events of Default*)). The communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained by the Calculation Agent hereunder shall be at its sole discretion and shall (in the absence of manifest error, wilful default or bad faith) be conclusive for all purposes and binding on the Issuer, the Paying Agents, and the holders of the Notes or Coupons.

For this purpose:

"**Exotic Currency**" means the Specified Currency, being either Mexican peso, Turkish lira or South African rand, as specified in the Pricing Supplement.

"**Exotic Currency Relevant Time**" means the time specified in the Pricing Supplement.

"**Exotic Currency Reuters Screen Page**" means the Reuters screen page specified in the Pricing Supplement.

"**London Business Day**" means a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments generally in London.

(n) *Discretion of Calculation Agent*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6 (*Payments and Talons*) by the Calculation Agent will (in the absence of a manifest error) be binding on the Issuer, the Paying Agents and the holders of the Notes or Coupons and (in the absence of negligence, wilful default, bad faith or fraud) no liability to any such person shall attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers and duties for such purposes.

7. **Taxation**

(a) *Withholding Tax*

Subject as provided below, all payments of principal and interest in respect of the Notes, the Receipts and the Coupons by or on behalf of the Issuer or, if applicable, the Guarantor shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the jurisdiction of incorporation of the Issuer and/or, where the Issuer is acting through its branch outside its country of

incorporation, the jurisdiction, country or territory in which the branch through which the Issuer is acting as specified in the relevant Pricing Supplement is located and/or, if applicable, the jurisdiction of incorporation of the Guarantor or by any authority therein or thereof having power to tax (together, "**Taxes**"), unless such withholding or deduction is required by law or made for or on account of FATCA. Any amounts withheld pursuant to an agreement with a taxing authority will be treated as required by law. In that event, the Issuer or (as the case may be) the Guarantor shall pay such additional amounts to the Noteholders, Couponholders and Receiptholders as shall result in receipt by those Noteholders, Couponholders and Receiptholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

(i) presented for payment by or on behalf of a holder which is liable to such Taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of its having some connection with the jurisdiction of incorporation of the Issuer or, where the Issuer is acting through its branch outside its country of incorporation, the jurisdiction, country or territory in which the branch through which the Issuer is acting as specified in the relevant Pricing Supplement is located and/or, if applicable, the jurisdiction of incorporation of the Guarantor, other than the mere holding of such Note, Receipt or Coupon or the receipt of the relevant payment in respect thereof; or

(ii) where ANZBGL is the Issuer, held by or on behalf of a holder who is an Australian resident or a non-resident who is engaged in carrying on business in Australia at or through a permanent establishment of that non-resident in Australia, if that person has not supplied an appropriate tax file number, Australian business number or other exemption details (as applicable); or

(iii) presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the 30th such day; or

(iv) in respect of which the holder thereof is an Offshore Associate of ANZBGL (acting other than in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act), where ANZBGL is the Issuer; or

(v) in respect of which the Taxes have been imposed or levied as a result of the holder of such Note, Receipt or Coupon being party to or participating in a scheme to avoid such Taxes, being a scheme which ANZBGL, where ANZBGL is the Issuer, was neither a party to nor participated in; or

(vi) in respect of Bearer Notes only, if the holder of such Note, Receipt or Coupon or any entity which directly or indirectly has an interest in or right in respect of such Note, Receipt or Coupon is a resident of Australia, or a non-resident who is engaged in carrying on business in Australia at or through a permanent establishment of that non-resident in Australia (the expressions "**resident of Australia**", "**non-resident**" and "**permanent establishment**" having the meanings given to them by the Australian Tax Act) if, and to the extent that, section 126 of the Australian Tax Act (or any equivalent provisions) requires ANZBGL, where ANZBGL is the Issuer, to pay income tax in respect of interest payable on such Note, Receipt or Coupon and the income tax would not be payable were the holder or such entity not such a resident of Australia or non-resident; or

(vii) where such withholding or deduction is for or on account of New Zealand resident withholding tax; or

(viii) presented for payment by, or a third party on behalf of, a holder if such withholding or deduction may be avoided by complying with any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to any authority of or in New Zealand, unless the holder proves that he is not entitled so to comply or to make such declaration or claim, where either ANZ Bank New Zealand or ANZNIL is the Issuer or ANZ Bank New Zealand is the Guarantor; or

(ix) presented for payment by, or a third party on behalf of, a holder that is a partnership, or a holder that is not the sole beneficial owner of the Note, Receipt or Coupon, or which holds the Note, Receipt or Coupon, in a fiduciary capacity, to the extent that any of the members of the

partnership, the beneficial owner or the settlor or beneficiary with respect to the fiduciary would not have been entitled to the payment of an additional amount had each of the members of the partnership, the beneficial owner, settlor or beneficiary (as the case may be) received directly their beneficial or distributive share of the payment; or

(x) presented for payment in New Zealand, where either ANZ Bank New Zealand or ANZNIL is the Issuer or ANZ Bank New Zealand is the Guarantor; or

(xi) in respect of which the Taxes have been imposed or levied as a result of the holder of such Note, Receipt or Coupon being party to or participating in a scheme to avoid such Taxes, being a scheme which either ANZ Bank New Zealand or ANZNIL, where ANZ Bank New Zealand or ANZNIL is the Issuer, or ANZ Bank New Zealand, where ANZ Bank New Zealand is the Guarantor, was neither a party to nor participated in; or

(xii) where such withholding or deduction is made for or on account of FATCA on payments to a Noteholder, Couponholder, Receiptholder, beneficial owner, or any agent having custody or control over a payment made by the Issuer, Guarantor or any agent in the chain of payment, including due to the failure of the Noteholder, Couponholder, Receiptholder, beneficial owner, or any agent having custody or control over a payment to comply with any requests for tax certifications or other identifying information regarding such Noteholder, Couponholder, Receiptholder, beneficial owner, or agent, or due to the failure to provide a waiver of any laws prohibiting the disclosure of such certifications, identifying information and other information in respect of the Notes to a taxing authority.

As used in these Conditions, "**Relevant Date**" in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) "**principal**" shall be deemed to include all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 (*Redemption, Purchase and Options*) or any amendment or supplement to it, (ii) "**interest**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 (*Interest and other Calculations*) or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or substitution for it under the Agency Agreement. Any additional amounts due in respect of the Subordinated Notes will be subordinated in right of payment as described in Condition 10 (*Subordination*).

The remaining provisions of this Condition only apply to ANZNIL where ANZNIL is the Issuer and to ANZ Bank New Zealand where ANZ Bank New Zealand is the Issuer or the Guarantor. Where used in the remaining provisions of this Condition, "**interest**" means interest (as defined under New Zealand taxation legislation) for withholding tax purposes, which under current legislation includes the excess of the redemption amount over the issue price of any Note as well as coupon interest paid on such Note.

Where (i) ANZNIL is the Issuer or (ii) ANZ Bank New Zealand is the Issuer or the Guarantor, and ANZ Bank New Zealand or ANZNIL, as the case may be, is required to deduct New Zealand non-resident withholding tax in the case of any payments of interest to a holder of a Note or Coupon, ANZ Bank New Zealand or ANZNIL, as the case may be, may, and intend to (for so long as they do not incur any increased cost or detriment from so doing), relieve themselves of such obligation by using a procedure which permits borrowers such as ANZ Bank New Zealand or ANZNIL, as the case may be, to reduce the applicable rate of non-resident withholding tax to zero per cent. Under the current law, that procedure involves ANZ Bank New Zealand or ANZNIL, as the case may be, paying on their own respective accounts a levy to the New Zealand revenue authorities (which is currently equal to two per cent. of such payments of interest).

ANZ Bank New Zealand and ANZNIL are required by law to deduct New Zealand resident withholding tax from the payment of interest to the holder of any Note on any Interest Payment Date or the Maturity Date, where:

(A) the Holder or, if that Holder is not the beneficial owner of such Note, then the beneficial owner of such Note (i) is a resident of New Zealand for New Zealand income tax purposes, or (ii) holds or owns the notes for the purposes of a business the Holder carries on in New Zealand, through a fixed establishment (as defined in the Income Tax Act 2007 (New Zealand)) in New Zealand, or (iii) is a registered bank engaged in business in New Zealand through a fixed establishment (as defined in the Income Tax Act 2007 (New Zealand)) in New Zealand and is not associated with ANZ Bank New Zealand or ANZNIL (as applicable) (each such Holder or beneficial owner a "**New Zealand Holder**"); and

(B) at the time of such payment the New Zealand Holder does not hold "RWT-exempt status" (as defined in the Income Tax Act 2007 (New Zealand)) in respect of New Zealand resident withholding tax.

Prior to any Interest Payment Date or the Maturity Date, any New Zealand Holder:

(A) must notify ANZ Bank New Zealand or ANZNIL, as the case may be, that the New Zealand Holder is the holder or beneficial owner of a Note; and

(B) must notify ANZ Bank New Zealand or ANZNIL, as the case may be, of any circumstances, and provide ANZ Bank New Zealand or ANZNIL, as the case may be, with any information that may enable ANZ Bank New Zealand or ANZNIL, as the case may be, to make payment of interest to the New Zealand Holder without deduction on account of New Zealand resident withholding tax.

A New Zealand Holder must notify ANZ Bank New Zealand or ANZNIL, as the case may be, prior to any Interest Payment Date or the Maturity Date, of any change in the New Zealand Holder's circumstances from those previously notified that could affect the payment or withholding obligations of ANZ Bank New Zealand or ANZNIL, as the case may be, in respect of this Note. By accepting payment of the full face amount of a Note or any interest thereon on any Interest Payment Date or the Maturity Date, the New Zealand Holder indemnifies ANZ Bank New Zealand or ANZNIL, as the case may be, for all purposes in respect of any liability ANZ Bank New Zealand or ANZNIL, as the case may be, may incur for not deducting any amount from such payment on account of New Zealand resident withholding tax.

Only a New Zealand Holder will be obliged to make the notification referred to above.

(b) *Taxing Jurisdiction*

If the Issuer or, if applicable, the Guarantor is, or becomes, subject at any time to any taxing jurisdiction(s) other than or in addition to its own jurisdiction of incorporation or the jurisdiction, country or territory in which the branch (if any) specified in the relevant Pricing Supplement is located, references in Condition 5(b) and this Condition 7 shall be read and construed as including references to such other taxing jurisdiction(s).

## 8. Prescription

Claims against the Issuer and, if applicable, the Guarantor for payment in respect of the Notes, Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

## 9. Events of Default

(a) *Unsubordinated Notes*

If any of the following events ("**Events of Default**") occurs and is continuing, the holder of any Unsubordinated Note of any Series issued by the Issuer may give written notice to the Fiscal Agent at its specified office that such Unsubordinated Note is immediately repayable, whereupon it shall immediately become due and repayable at its Early Redemption Amount together with accrued interest to the date of payment unless, prior to the date that such written notice is received by the Fiscal Agent, the Issuer

and/or, if applicable, the Guarantor shall have cured or otherwise made good all Events of Default in respect of the Unsubordinated Notes of such Series:

(i) default is made in the payment of any principal or Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount, Instalment Amount or Amortised Face Amount (in the case of a Zero Coupon Note) (whether becoming due upon redemption or otherwise) when due, in respect of any Unsubordinated Note of such Series, and such default continues for a period of 15 days or interest when due, in respect of any Unsubordinated Note of such Series, and such default continues for a period of 30 days; or

(ii) the Issuer fails to perform or observe any of its obligations under any Unsubordinated Note of such Series or, if applicable, the Guarantor fails to perform or observe any of its obligations under the Deed of Guarantee, in either case other than those specified in paragraph (i) above and in such case (except where such failure is incapable of remedy) such failure continues for a period of 30 days next following the service by any holder of any Unsubordinated Note of such Series on the Issuer, the Guarantor (if applicable) and the Fiscal Agent of written notice requiring the same to be remedied; or

(iii) otherwise than for the purpose of an amalgamation or reconstruction or merger within the meaning of these words under the laws of the Issuer's or, if applicable, the Guarantor's country of incorporation or, if applicable, the laws of the jurisdiction, country or territory in which the branch through which the Issuer is acting as specified in the relevant Pricing Supplement is located, a resolution is passed that the Issuer or, as the case may be, the Guarantor be wound up or dissolved; or

(iv) the Issuer or, if applicable, the Guarantor stops payment (within the meaning of Australian or any other applicable bankruptcy law) of its obligations; or

(v) an encumbrancer takes possession of or a receiver is appointed of the whole or a substantial part of the undertaking and assets of the Issuer or, if applicable, the Guarantor and any such event is continuing for 45 days after its occurrence and would materially prejudice the performance by the Issuer or, as the case may be, the Guarantor of its obligations under the Unsubordinated Notes of such Series or a distress or execution is levied or enforced upon or sued out against the whole or a substantial part of the undertaking and assets of the Issuer or, as the case may be, the Guarantor which would materially prejudice the performance of (i) the Issuer of its obligations under the Unsubordinated Notes of such Series or, (ii) if applicable, the Guarantor of its obligations under the Deed of Guarantee, and in each case is not discharged within 60 days thereof; or

(vi) proceedings shall have been initiated against the Issuer or, if applicable, the Guarantor under any applicable bankruptcy, reorganisation or other similar law and such proceedings shall not have been discharged or stayed within a period of 60 days; or

(vii) the Issuer or, if applicable, the Guarantor shall initiate or consent to proceedings relating to itself under any applicable bankruptcy, insolvency, composition or other similar law (otherwise than for the purpose of amalgamation, reconstruction or merger (within the meaning of those words under the laws of the country of the Issuer's or, if applicable, the Guarantor's incorporation or, if applicable, the laws of the jurisdiction, country or territory in which the branch through which the Issuer is acting as specified in the relevant Pricing Supplement is located), and such proceedings would materially prejudice the performance by (A) the Issuer of its obligations under the Unsubordinated Notes of such Series or (B), if applicable, the Guarantor of its obligations under the Deed of Guarantee); or

(viii) in respect of Notes issued by ANZNIL only, the Deed of Guarantee of the Notes is (A) not in full force and effect and, where capable of remedy, the Deed of Guarantee is not in full force and effect within seven days of the date the defect is first discovered or (B) claimed by the Guarantor not to be in full force and effect.

Any such notice by a holder of Unsubordinated Notes to the Fiscal Agent shall specify the serial number(s) of the Unsubordinated Notes concerned.

Notwithstanding any other provision of this Condition 9(a) no Event of Default in respect of any Unsubordinated Notes shall occur solely on account of any failure by ANZBGL to perform or observe

its obligations in relation to, or the taking of any process or proceeding in respect of any share, note or other security or instrument constituting Tier 1 Capital or Tier 2 Capital (as such terms have been or may be defined by APRA from time to time).

(b) *Subordinated Notes Issued by ANZBGL*

The following are "**Events of Default**" with respect to Subordinated Notes:

(i) (a) the making of an order by a court of the State of Victoria, Commonwealth of Australia or a court with appellate jurisdiction from such court which is not successfully appealed or permanently stayed within 60 days of the entry of such order; or

(b) the valid adoption by ANZBGL's shareholders of an effective resolution,

in each case for the winding-up of ANZBGL (other than under or in connection with a scheme of amalgamation or reconstruction not involving bankruptcy or insolvency);

(ii) subject to Condition 4(u):

(a) default in the payment of interest on any Subordinated Note when due, continued for 30 days; or

(b) default in the payment of principal of any Subordinated Note when due.

Upon the occurrence of an Event of Default specified in paragraph (i) above, subject to the subordination provisions, the Principal Amount of, and all accrued and unpaid interest, on the Subordinated Notes will automatically become due and payable.

If an Event of Default contemplated by paragraph (ii) above with respect to any of the Subordinated Notes occurs and is continuing, a Subordinated Noteholder may only, in order to enforce the obligations of ANZBGL under such Subordinated Notes:

(y) notwithstanding the provisions of paragraph (z) below, institute proceedings in the State of Victoria, Commonwealth of Australia (but not elsewhere) for the winding-up of ANZBGL (all subject to, and in accordance with, the terms of Condition 10 (*Subordination*)); or

(z) institute proceedings for recovery of the money then due, provided that ANZBGL will not, by virtue of the institution of any such proceedings (other than proceedings for the winding-up of ANZBGL), be obliged to pay any sums representing principal or interest in respect of such Subordinated Notes sooner than the same would otherwise have been payable by it and provided that ANZBGL is Solvent at the time of, and will be Solvent immediately after, the making of any such payment.

No remedy against ANZBGL, other than those referred to in this paragraph (b), shall be available to the Subordinated Noteholders or Couponholders or Receiptholders in respect of Subordinated Notes, whether for the recovery of amounts owing in respect of the Subordinated Notes or in respect of any breach by ANZBGL of any of its other obligations under or in respect of the Subordinated Notes.

10. **Subordination**

In the event of the winding-up of ANZBGL constituting an Event of Default with respect to the Subordinated Notes, there shall be payable with respect to the Subordinated Notes, subject to the subordination provisions discussed above (see Condition 3 (*Status and Guarantee*)), an amount equal to the Principal Amount of the Subordinated Notes then outstanding, together with all accrued and unpaid interest thereon to the repayment date.

As a result of the subordination provisions, no amount will be payable in the winding-up of ANZBGL in Australia in respect of the Subordinated Notes until all claims of Senior Creditors admitted in the winding-up proceeding have been satisfied in full. By subscription for, or transfer of, Subordinated Notes to a Noteholder, that Subordinated Noteholder will be taken to have agreed that no amount in respect of the Subordinated Notes will be repaid until all the claims of the Senior Creditors admitted in the winding-up proceeding have been satisfied accordingly. Accordingly, if proceedings with respect to the winding-

up of ANZBGL in Australia were to occur, the Subordinated Noteholders could recover less relatively than the holders of deposit liabilities or protected accounts, the Unsubordinated Noteholders, the holders of prior ranking subordinated liabilities of ANZBGL. For the avoidance of doubt, the Subordinated Notes do not constitute deposit liabilities or protected accounts of ANZBGL.

If, in any such winding-up, the amount payable with respect to the Subordinated Notes and any claims ranking equally with those Subordinated Notes cannot be paid in full, those Subordinated Notes and other claims ranking equally with those Subordinated Notes will share relatively in any distribution of ANZBGL's assets in a winding-up in proportion to the respective amounts to which they are entitled. To the extent that Subordinated Noteholders are entitled to any recovery with respect to the Subordinated Notes in any winding-up, such Subordinated Noteholders might not be entitled in such proceedings to a recovery in the Specified Currency in respect of such Subordinated Notes (if other than Australian dollars) and might be entitled only to a recovery in Australian dollars.

11. **Meeting of Noteholders, Modifications and Waiver**

(a) *Meetings of Noteholders*

The Agency Agreement contains provisions for convening meetings of Noteholders of a Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification or amendment of any of these Conditions. The quorum for any meeting of Noteholders shall be two or more persons holding or representing in the aggregate a clear majority in Principal Amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the Principal Amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes or the obligation of the Issuer to pay additional amounts pursuant to Condition 7 (*Taxation*), (ii) to reduce or cancel the Principal Amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount is set out in the Pricing Supplement, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or Specified Denomination of the Notes, (vii) to take any steps that as specified in the Pricing Supplement may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum at any adjourned meeting shall be two or more persons holding or representing in the aggregate not less than one-third in Principal Amount of the Notes for the time being outstanding. However, the prior written approval of APRA is required to modify, amend or supplement the terms of any Series of Subordinated Notes, or to give any consents or waivers or take other actions in respect of any Series of Subordinated Notes, where such modification, amendment, supplement, consent, waiver or other action may affect the eligibility of the Subordinated Notes as Tier 2 Capital. Any resolution duly passed (including an Extraordinary Resolution) shall be binding on all Noteholders of the relevant Series (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders of the relevant Series. The expression "**Extraordinary Resolution**" means a resolution passed at a meeting of Noteholders duly convened by a majority consisting of not less than three-quarters of the votes cast. All other resolutions, except for written resolutions, shall be passed at a meeting of Noteholders duly convened by a clear majority of the votes cast.

In addition, a resolution in writing signed by or on behalf of all Noteholders who for the time being are entitled to receive notice of a meeting of Noteholders will take effect as if it were an Extraordinary Resolution. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

(b) *Modification of the Agency Agreement, Deed of Covenant, Deed of Guarantee, Deed of Undertaking, Conditions and Pricing Supplement*

The Agency Agreement, the Deed of Covenant, the Deed of Guarantee, the Conditions and any applicable Pricing Supplement may be modified or amended by the Issuer and, in the case of the Deed of Guarantee, by ANZNIL and the Guarantor and, in the case of the Deed of Undertaking, by ANZGHL, in each case without the consent of the holders if, in the reasonable opinion of the Issuer (and in the case of the Deed of Guarantee, ANZNIL and the Guarantor and, in the case of the Deed of Undertaking, ANZGHL), the modification or amendment is:

(a) not materially prejudicial to the interests of the holders;

(b) of a formal, minor or technical nature;

(c) made to correct any manifest or proven error or omission;

(d) made to comply with mandatory provisions of the law; or

(e) made to cure, correct or supplement any defective provision or ambiguity,

provided that any such modification or amendment to the Agency Agreement, the Deed of Covenant, the Conditions, the Deed of Undertaking and the Pricing Supplement which may affect the eligibility of Subordinated Notes as Tier 2 Capital has the prior written approval of APRA.

Any such modification or amendment shall be binding on the holders and any such modification or amendment shall be notified to the holders in accordance with Condition 14 as soon as practicable thereafter.

## 12. Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and listing venue, stock exchange and/or quotation system regulations, at the specified office of the Fiscal Agent (in case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

## 13. Further Issues

Any Issuer may (and, in the instance of an issue of Subordinated Notes by ANZBGL, if ANZBGL has obtained the prior approval of APRA) from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single Series with the outstanding securities of any Series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. Notes of more than one Series may be consolidated into one Series denominated in euro, even if one or more such Series was not originally denominated in euro, provided all such Series have been redenominated into euro and otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single Series with the Notes.

## 14. Notices

Notices to the holders of Registered Notes shall be (a) mailed to them (or, in the case of joint holders, to the first named) at their respective addresses in the Register and (b) published at https://www.anz.com/debtinvestors/centre/programmes/anz-banking-group/euro-medium-term-note-programme-aus/ in respect of Notes issued by ANZBGL and at

https://www.anz.com/debtinvestors/centre/programmes/anz-new-zealand/euro-medium-term-note-programme-nz/ in respect of Notes issued by ANZ Bank New Zealand and ANZNIL.

Notices to the holders of Registered Notes shall be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the later of the date of mailing and the date of first publication online.

Notices to the holders of Bearer Notes shall be, save where another means of effective communication has been specified herein or in the Pricing Supplement, published at https://www.anz.com/debtinvestors/centre/programmes/anz-banking-group/euro-medium-term-note-programme-aus/ in respect of Notes issued by ANZBGL and at https://www.anz.com/debtinvestors/centre/programmes/anz-new-zealand/euro-medium-term-note-programme-nz/ in respect of Notes issued by ANZ Bank New Zealand and ANZNIL.

Notices to the holders of Bearer Notes shall be deemed to have been given on the date of first publication online. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 14.

Notices to holders of all Notes which have been listed, admitted to trading on any stock exchange or listed on a quotation system will also be given in such manner and in such place as may be required by the rules and regulations of such listing venue, stock exchange and/or quotation system.

15. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes, Receipts or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, Receipts or Coupons, the Issuer shall indemnify each holder, on the written demand of such holder addressed to the Issuer and delivered to the Issuer or to the specified office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such holder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof. For the purposes of this Condition 15, it shall be sufficient for the Noteholder, Receiptholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder, Receiptholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note, Coupon or Receipt or any other judgment or order.

16. **Governing Law, Jurisdiction and Service of Process**

(a) *Governing Law*

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law, except for the subordination, Conversion and Write-Off provisions of the Subordinated Notes (including, without limitation, the provisions contained in Conditions 3(b), 4(u), 5A, 5B, 5C, 5D, 5E, 9(b) and 10 (*Subordination*)) which will be governed by, and construed in accordance with, the laws of the State of Victoria and the Commonwealth of Australia.

(b) *Jurisdiction*

The Issuer agrees for the benefit of the holders of Notes, Receipts, Coupons and Talons that the courts of England shall have jurisdiction to hear and determine any suit, action or proceedings, and to settle any disputes, which may arise out of or in connection with the Notes and all matters connected with the Notes, Receipts, Coupons and Talons (including a dispute relating to any non-contractual obligation arising out

of or in connection with them) (respectively, "**Proceedings**" and "**Disputes**") and, for such purposes, irrevocably submits to the jurisdiction of such courts.

(c) *Appropriate Forum*

The Issuer irrevocably waives any objection which it might now or hereafter have to the courts of England being nominated as the forum to hear and determine any Proceedings and to settle any Disputes, and agrees not to claim that any such court is not a convenient or appropriate forum.

(d) *Service of Process*

The Issuer agrees that the process by which any Proceedings in England are begun may be served on it by being delivered to the officer in charge of the London Branch of Australia and New Zealand Banking Group Limited at its UK establishment office address from time to time, currently Level 12, 25 North Colonnade, London E14 5HZ. If such person is not or ceases to be effectively appointed to accept service of process on the Issuer's behalf, the Issuer shall appoint a further person in England to accept service of process on the Issuer's behalf and, failing such appointment, within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the specified office of the Fiscal Agent. Nothing in this paragraph shall affect the right of any holder of Notes, Receipts, Coupons or Talons to serve process in any other manner permitted by law.

(e) *Non-exclusivity*

The submission to the jurisdiction of the courts of England shall not (and shall not be construed so as to) limit the right of any holder of Notes, Receipts, Coupons or Talons to take Proceedings in any other court of competent jurisdiction, nor shall the taking of Proceedings in any one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not) if and to the extent permitted by law.

(f) *Consent to Enforcement etc.*

Subject to Condition 10 (*Subordination)*, the Issuer consents generally in respect of any Proceedings to the giving of any relief or the issue of any process in connection with such Proceedings including (without limitation) the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which may be made or given in such Proceedings.

17. **Third Parties**

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

## SCHEDULE 1 TO THE TERMS AND CONDITIONS OF THE NON PRM NOTES

### 1. Conversion

If ANZBGL must Convert a Principal Amount of a Subordinated Note in accordance with the Conditions, then, subject to this Schedule and Condition 5D.2 and unless the Pricing Supplement specifies that the Alternative Conversion Number applies, the following provisions apply (provided, in all cases, that where a Subordinated Note is required to be Converted only in part, references in this Schedule to the "**Subordinated Note**" shall be taken to be references to the "**Affected Subordinated Note**" as defined in Condition 5A.4(ii)):

(a) The Subordinated Note will be automatically transferred free from any encumbrance to or as directed by ANZGHL on the Trigger Event Date.

(b) ANZGHL will allot and issue on the Trigger Event Date a number of Ordinary Shares in respect of the Principal Amount of that Subordinated Note equal to the Conversion Number, where the Conversion Number (but subject to the Conversion Number being no more than the Maximum Conversion Number) is a number calculated according to the following formula:

$$Conversion\ Number = \frac{Principal\ Amount}{((1 - CD)x\ VWAP)}$$

where:

"**CD**" means the conversion discount specified in the applicable Pricing Supplement;

"**VWAP**" (expressed in dollars and cents or equivalent in the case of a Specified Currency other than Australian dollars) means the VWAP during the VWAP Period and where the "Maximum Conversion Number" means a number calculated according to the following formula:

$$\text{Maximum Conversion Number} = \frac{Principal\ Amount}{Issue\ Date\ VWAP\ x\ 0.2}$$

(c) on the Trigger Event Date the rights of each Subordinated Noteholder (including to payment of interest with respect to such Principal Amount, both in the future and as accrued but unpaid as at the Trigger Event Date) in relation to each Subordinated Note or portion thereof that is being Converted will be automatically transferred for an amount equal to the Principal Amount of that Subordinated Note that is being Converted and that Principal Amount will be applied in accordance with the Deed of Undertaking by way of payment for subscription for the Ordinary Shares to be allotted and issued under Section 1(b) of this Schedule and the Deed of Undertaking. Each Subordinated Noteholder is taken to have irrevocably directed that any amount payable under Section 1 of this Schedule is to be applied as provided for in Section 1 of this Schedule and no Subordinated Noteholder has any right to payment in any other way;

(d) any calculation under Section 1(b) of this Schedule shall be, unless the context requires otherwise, be rounded to four decimal places provided that if the total number of additional Ordinary Shares to be allotted to a Subordinated Noteholder in respect of the aggregate Principal Amount of the Subordinated Notes it holds which is being Converted includes a fraction of an Ordinary Share, that fraction of an Ordinary Share will be disregarded;

(e) the rights attaching to Ordinary Shares issued as a result of Conversion do not take effect until 5.00 pm (Melbourne, Australia time) on the Trigger Event Date (unless another time is required for Conversion on that date). At that time all other rights conferred or restrictions imposed on that Subordinated Note under the Conditions will no longer have effect to the extent of the Principal Amount of that Subordinated Note being Converted (except for the right to receive the Ordinary Shares as set forth in

Section 1 of this Schedule and Condition 5B and except for rights relating to interest which is payable but has not been paid on or before the Trigger Event Date which will continue) and

(f) under the arrangements as agreed between, among others, ANZGHL, ANZBGL and relevant members of the ANZ Group, deal with the Securities being Converted so that they are converted into ANZBGL Ordinary Shares and terminated (the "**Related Conversion Steps**").

2. **Adjustments to VWAP**

For the purposes of calculating VWAP in the Conditions:

(a) where, on some or all of the Business Days in the relevant VWAP Period, Ordinary Shares have been quoted on the Australian Securities Exchange as cum dividend or cum any other distribution or entitlement and the relevant Principal Amount of Subordinated Notes will Convert into Ordinary Shares after the date those Ordinary Shares no longer carry that dividend or any other distribution or entitlement, then the VWAP on the Business Days on which those Ordinary Shares have been quoted cum dividend or cum any other distribution or entitlement shall be reduced by an amount ("**Cum Value**") equal to:

(i) (in case of a dividend or other distribution), the amount of that dividend or other distribution including, if the dividend or other distribution is franked, the amount that would be included in the assessable income of a recipient of the dividend or other distribution who is both a resident of Australia and a natural person under the Tax Act;

(ii) (in the case of any other entitlement that is not a dividend or other distribution under Section 2(a)(i) of this Schedule which is traded on the Australian Securities Exchange on any of those Business Days), the volume weighted average sale price of all such entitlements sold on the Australian Securities Exchange during the VWAP Period on the Business Days on which those entitlements were traded; or

(iii) (in the case of any other entitlement which is not traded on the Australian Securities Exchange during the VWAP Period), the value of the entitlement as reasonably determined by the directors of ANZGHL; and

(b) where, on some or all of the Business Days in the VWAP Period, Ordinary Shares have been quoted on the Australian Securities Exchange as ex dividend or ex any other distribution or entitlement, and the relevant Principal Amount of Subordinated Notes will Convert into Ordinary Shares which would be entitled to receive the relevant dividend or other distribution or entitlement, the VWAP on the Business Days on which those Ordinary Shares have been quoted ex dividend or ex any other distribution or entitlement shall be increased by the Cum Value.

3. **Adjustments to VWAP for divisions and similar transactions**

(a) Where during the relevant VWAP Period there is a change in the number of the Ordinary Shares on issue as a result of a division, consolidation or reclassification of ANZGHL's share capital (not involving any cash payment or other distribution (or compensation) to or by holders of Ordinary Shares) (a "**Reorganisation**"), in calculating the VWAP for that VWAP Period the daily VWAP applicable on each day in the relevant VWAP Period which falls before the date on which trading in Ordinary Shares is conducted on a post Reorganisation basis shall be adjusted by multiplying such daily VWAP by the following formula:

$$\frac{A}{B}$$

where:

"**A**" means the aggregate number of Ordinary Shares immediately before the Reorganisation; and

"**B**" means the aggregate number of Ordinary Shares immediately after the Reorganisation.

(b) Any adjustment made in accordance with Section 3(a) of this Schedule will, absent manifest error, be effective and binding on Subordinated Noteholders under these Conditions and these Conditions will be construed accordingly. Any such adjustment must be promptly notified to all Subordinated Noteholders.

4. **Adjustments to Issue Date VWAP**

For the purposes of determining the Issue Date VWAP, corresponding adjustments to VWAP will be made in accordance with Section 2 and Section 3 of this Schedule during the 20 Business Day period over which VWAP is calculated for the purposes of determining the Issue Date VWAP. On and from the Issue Date adjustments to the Issue Date VWAP:

(a) may be made in accordance with Sections 5 to 7 of this Schedule (inclusive); and

(b) if so made, will cause an adjustment to the Maximum Conversion Number.

5. **Adjustments to Issue Date VWAP for bonus issues**

(a) Subject to Section 5(b) of this Schedule below, if at any time after the Issue Date ANZGHL makes a pro rata bonus issue of Ordinary Shares to holders of Ordinary Shares generally, the Issue Date VWAP will be adjusted immediately in accordance with the following formula:

$$\mathrm{V} = V_0 \times \frac{RD}{\mathrm{RD} + \mathrm{RN}}$$

where:

"**V**" means the Issue Date VWAP applying immediately after the application of this formula;

"**$V_0$**" means the Issue Date VWAP applying immediately prior to the application of this formula;

"**RN**" means the number of Ordinary Shares issued pursuant to the bonus issue; and

"**RD**" means the number of Ordinary Shares on issue immediately prior to the allotment of new Ordinary Shares pursuant to the bonus issue.

(b) Section 5(a) of this Schedule does not apply to Ordinary Shares issued as part of a bonus share plan, employee or executive share plan, executive option plan, share top up plan, share purchase plan or a dividend reinvestment plan.

(c) For the purpose of Section 5(a) of this Schedule, an issue will be regarded as a pro rata issue notwithstanding that ANZGHL does not make offers to some or all holders of Ordinary Shares with registered addresses outside Australia, provided that in so doing ANZBGL is not in contravention of the ASX Listing Rules.

(d) No adjustments to the Issue Date VWAP will be made under this Section 5 of this Schedule for any offer of Ordinary Shares not covered by Section 5(a) of this Schedule, including a rights issue or other essentially pro rata issue.

(e) The fact that no adjustment is made for an issue of Ordinary Shares except as covered by Section 5(a) of this Schedule shall not in any way restrict ANZGHL from issuing Ordinary Shares at any time on such terms as it sees fit nor require any consent or concurrence of any Subordinated Noteholders.

6. **Adjustment to Issue Date VWAP for divisions and similar transactions**

(a) If at any time after the Issue Date, a Reorganisation occurs, ANZBGL shall adjust the Issue Date VWAP by multiplying the Issue Date VWAP applicable on the Business Day immediately before the date of any such Reorganisation by the following formula:

$$\frac{A}{B}$$

where:

"**A**" means the aggregate number of Ordinary Shares immediately before the Reorganisation; and

"**B**" means the aggregate number of Ordinary Shares immediately after the Reorganisation.

(b) Any adjustment made by ANZBGL in accordance with Section 6(a) of this Schedule will, absent manifest error, be effective and binding on Subordinated Noteholders under these Conditions and these Conditions will be construed accordingly.

(c) Each Subordinated Noteholder acknowledges that ANZGHL may, consolidate, divide or reclassify securities so that there is a lesser or greater number of Ordinary Shares at any time in its absolute discretion without any such action requiring any consent or concurrence of any Subordinated Noteholders.

7. **No Adjustment to Issue Date VWAP in certain circumstances**

Despite the provisions of Section 5 and Section 6 of this Schedule, no adjustment shall be made to the Issue Date VWAP where such adjustment (rounded if applicable) would be less than one per cent. of the Issue Date VWAP then in effect.

8. **Announcement of adjustment to Issue Date VWAP**

ANZBGL will notify Subordinated Noteholders (an "**Adjustment Notice**") of any adjustment to the Issue Date VWAP under this Schedule within ten Business Days of ANZBGL determining the adjustment and the adjustment set out in the announcement will be final and binding.

9. **Ordinary Shares**

Each Ordinary Share issued or arising upon Conversion ranks *pari passu* with all other fully paid Ordinary Shares. Subordinated Noteholders agree not to trade Ordinary Shares issued on Conversion (except as permitted by the Corporations Act, other applicable laws and the ASX Listing Rules) until ANZGHL has taken such steps as are required by the Corporations Act, other applicable laws and the ASX Listing Rules for the Ordinary Shares to be freely tradeable without such further disclosure or other action and agree to allow ANZGHL to impose a holding lock or to refuse to register a transfer in respect of Ordinary Shares until such time.

10. **Listing Ordinary Shares issued on Conversion**

ANZGHL shall use all reasonable endeavours to list the Ordinary Shares issued upon Conversion of the Subordinated Notes on the Australian Securities Exchange.

11. **Alternative Conversion Number**

If ANZBGL must Convert a Principal Amount of a Subordinated Note in accordance with the Conditions and the Pricing Supplement specifies that the Alternative Conversion Number applies, then:

(a) Section 1 of this Schedule applies on the basis that the Conversion Number for the purposes of Section 1(b) of this Schedule is the number of Ordinary Shares specified in the Pricing Supplement as the Alternative Conversion Number (subject to the Alternative Conversion Number being no more than the Maximum Conversion Number as determined in accordance with Section 1(b) of this Schedule); and

(b) Sections 2 to 8 (inclusive) of this Schedule do not apply to the Alternative Conversion Number.

12. **Definitions**

For the purposes of this Schedule the following terms shall have the following meanings:

"**Affected Subordinated Note**" has the meaning given in Condition 5A.4(ii).

"**ASX Operating Rules**" means the market operating rules of the Australian Securities Exchange as amended, varied or waived (whether in respect of ANZBGL, ANZGHL or generally) from time to time.

"**Cum Value**" has the meaning given in Section 2 of this Schedule.

"**Issue Date VWAP**" means, in respect of Subordinated Notes of a Series, the VWAP during the period of 20 Business Days on which trading in Ordinary Shares took place immediately preceding (but not including) the first date on which any Subordinated Notes of that Series were issued, as adjusted in accordance with Sections 4 to 7 (inclusive) of this Schedule.

"**Reorganisation**" has the meaning given in Section 3 of this Schedule.

"**Tax Act**" means:

(i) the Income Tax Assessment Act 1936 of Australia or the Income Tax Assessment Act 1997 of Australia as the case may be and a reference to any section of the Income Tax Assessment Act 1936 of Australia includes a reference to that section as rewritten in the Income Tax Assessment Act 1997 of Australia; and

(ii) any other Act setting the rate of income tax payable and any regulation promulgated under it.

"**VWAP**" means, subject to any adjustments under this Schedule, the average of the daily volume weighted average sale prices (such average being rounded to the nearest full cent) of Ordinary Shares sold on the Australian Securities Exchange during the VWAP Period or on the relevant days and where the currency of the Principal Amount in respect of the Subordinated Note is not Australian dollars, with each such daily price converted into the Specified Currency on the basis of the spot rate of exchange for the sale of Australian Dollars against the purchase of the relevant Specified Currency in the Sydney foreign exchange market quoted by any leading bank selected by ANZBGL on the relevant calculation date, but does not include any "Crossing" transacted outside the "Open Session State" or any "Special Crossing" transacted at any time, each as defined in the ASX Operating Rules, or any overseas trades or trades pursuant to the exercise of options over Ordinary Shares;

"**VWAP Period**" means the period of five Business Days or such other period specified in the applicable Pricing Supplement on which trading in Ordinary Shares took place immediately preceding (but not including) the Trigger Event Date.

13. **Interpretation**

In respect of Ordinary Shares, if the principal securities exchange on which the Ordinary Shares are listed becomes other than the Australian Securities Exchange, unless the context otherwise requires a reference to the Australian Securities Exchange shall be read as a reference to that principal securities exchange and a reference to the ASX Listing Rules, the ASX Operating Rules or any term defined in any such rules, shall be read as a reference to the corresponding rules of that exchange or corresponding defined terms in such rules (as the case may be).

The United Kingdom Financial Conduct Authority has not approved, reviewed or verified the information contained in this Pricing Supplement or the Information Memorandum described below.**

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**"EEA"**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

**PROHIBITION OF SALES TO UK RETAIL INVESTORS** The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the "**UK**"). For these purposes, a retail investor means a person who is not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended ("**EUWA**"). Consequently, no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

[**MiFID II product governance / Professional investors and eligible counterparties only target market** –Solely for the purposes of [the Dealer's/the Managers'/each relevant Manager's] product approval process as [a] MiFID II [(as defined below)] "manufacturer[s]", the target market assessment completed by the relevant [Dealer/Managers/Manager] in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, "**MiFID II**")][MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (an "**EU distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, an EU distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels. The Issuer is not subject to MiFID II and any implementation thereof by an EU Member State. The Issuer is therefore not a "manufacturer" for the purposes of the MiFID Product Governance Rules under EU Delegated Directive 2017/593 and has no responsibility or liability for identifying a target market, or any other product governance obligation set out in MiFID II, for financial instruments it issues (including the foregoing target market assessment for the Notes described in this legend).]

[**UK MiFIR product governance / Professional investors and eligible counterparties only target market** – Solely for the purposes of [the Dealer's/the Managers'/each relevant Manager's] product approval process as [a] UK MiFIR [(as defined below)] "manufacturer[s]", the target market assessment

completed by the relevant [Dealer/Managers/Manager] in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of United Kingdom domestic law by virtue of the EUWA ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market*]. Any person subsequently offering, selling or recommending the Notes (a "**UK distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels. The Issuer is not subject to UK MiFIR. The Issuer is therefore not a "manufacturer" for the purposes of the UK MiFIR Product Governance Rules and has no responsibility or liability for identifying a target market, or any other product governance obligation set out in UK MiFIR, for financial instruments it issues (including the foregoing target market assessment for the Notes described in this legend).]
