| Registration of the Association | The Association is registered under the Co-Operative and Community Benefit Societies Act 2014 (Registered number 20014R) and the Housing and Regeneration Act 2008 (Number LH3926). It is also affiliated to the National Housing Federation and has charitable status. |                             |

## Report of the Board

The board of Directors is pleased to present its report and the audited financial statements for the year ended 31 March 2026.

### Nature of the Association

Places for People Living + Limited (“the association”) is a not-for-profit Registered Society with charitable status for tax purposes, whose primary business is the provision of housing at affordable rents for those most in need. The association also meets housing and community needs through the supply of shared ownership and leasehold accommodation for sale as well as the development and management of care and support housing activities.

### Transfer of Engagements

On 28 November 2025, HomeFinder (1) Limited transferred its engagements (that is, its assets and liabilities) to Places for People Living+ Limited as permitted by the Co-operative and Community Benefit Societies Act 2014.

In accordance with FRS102, this transaction (a combination of public benefit entities) has been accounted for as a business combination that is in substance a gift. The gain on acquisition from this transaction of £2.176m is recognised in the statement of comprehensive income.

### Results

The Association’s key performance indicators and principal risks and uncertainties are aligned with those of the ultimate parent undertaking, Places for People Group Limited, and are included in the consolidated Group accounts.

The Association’s strategy is aligned to that of the parent company Places for People Group Limited, as such the Financial Viability Statement and Value for Money information appropriate to the Association can be found in the Group financial statements that can be obtained from the Group’s registered office at 305 Gray’s Inn Road, London, WC1X 8QR.

### Review of the year

The turnover for the Association for the year ended 31 March 2026 was £184.8m (2025: £186.8m). Operating costs for the year were £137.7m (2025: £144.0m). The operating margin for the year has increased to 23.6% (2025: 20.4%). The Board is pleased to report a net assets position of £597.3m (2025: £580.3m).

### Customer Participation

A comprehensive set of structures exists to ensure that there is effective communication between the Association and its customers. Our National Customer Group (NCG) has continued to challenge and scrutinise our operational delivery and in doing so, help influence and strengthen critical issues and policies affecting the customer experience. The NCG’s primary remit is to hold our board to account — a challenge our board welcomes — and members are involved in recommending service improvements, highlighting best practice and working with our colleagues to check services meet, and exceed, their priorities.

Over the past year, a Chair of the NCG has been elected and we have established processes and routines that will ensure proactive NCG and board collaboration, all leading to better customer outcomes.

### **Internal Control**

The Group Board has reviewed the effectiveness of the system of internal control for the year ended 31 March 2026 and up to the date of signing these financial statements. It has not identified any weaknesses which resulted in material losses or contingencies or other uncertainties which require disclosure in the financial statements.

### **Board and Committee Structure**

The board of Directors of Places for People Group ("the Group") is responsible for setting strategies and budgets for the whole Group and co-ordinating the Group's activities. Places for People Group Limited exercises control over the Association's parent company, Places for People Living+ Limited through an Independence and Responsibilities Agreement, a Service Level Agreement and powers granted to Places for People Group Limited in its rules.

The Group board has delegated certain matters to committees of the board of Places for People Group.

### **Corporate Governance**

The board has regard to the UKCG code when setting its corporate governance, by which it governs the organisation. In doing so the Board closely follows the principles followed by Group.

Linked to the above, the Association has adhered to these principles except for Code provisions 3, 4, 5 and 18.

Provisions 3, 4, and 18 contemplate dialogue with external shareholders or decisions being referred to shareholders on matters of director appointments, auditor appointments, director remuneration and the use of the AGM to communicate with investors.

The Group has an Audit & Risk Committee, a Remuneration & Nominations Committee, a Development Committee and a Treasury Committee. The remit of those committees extends to the Association and its business. The committees draw members from and report to the Group Board. The Group Board takes direct responsibility for oversight of the Affordable Housing business conducted through the Group's regulated subsidiaries. Group Board members are also appointed members of the board of the Association and have full oversight of the operations of the Association. This further ensures that the provisions of the Code are met in respect of the Association.

Provision 5 states that the board should understand the views of other key stakeholders and describe in the annual report how their interests and the matters set out in section 172 (duty to promote the success of the company) of the Companies Act 2006 (the 2006 Act) have been considered in board discussions and decision-making. The Association is a registered society rather than a company and so the specific reporting requirements under section 172 of the 2006 Act do not apply to it.

However, the Association's parent company, Places for People Group Limited, publishes consolidated group accounts which do contain a section 172 statement within its Strategic report. That statement addresses the issue of identification of key stakeholders and engagement with their views across the whole Group including the Association.

Provision 5 also prescribes the options for workforce engagement. The board has concluded that its methods for engagement described in the Group's Annual report are effective and more suited to the Group's overall needs than any of the Code's prescribed mechanisms.

The Group Annual report contains a Governance report that details the governance arrangements of the Group, and how the Code is applied at Group Board level.

Board members consider the report and accounts, taken as a whole, to be fair, balanced and understandable.

### **Going concern statement**

The going concern assessment considers whether it is appropriate to prepare the financial statements on a going concern basis. In making this assessment, the principal risks and uncertainties facing the Group have been considered. High inflation and interest rates, a tight labour market and the residual impact of the pandemic on supply chains have increased costs and impacted incomes. The Groups business planning and the accompanying stress testing process incorporate these challenges, which continue to be monitored on a regular basis.

At 31 March 2026 the Group had cash and undrawn facilities of £1.1bn. The Group continues to actively manage its cash flows in order to mitigate any reductions in income and maintains a policy of having a minimum 18 months' liquidity.

The directors have reviewed the projected cash flows covering a period of 12 months from the date of the approval of the financial statements, which indicate that the Group will be able to operate within the levels of its agreed facilities and the compliance with debt covenants.

Places for People Living+ is part of the Guarantor Group and accesses funding from this Group pool, therefore the liquidity position of the Group supports the going concern assumption for the association.

On the basis described above, the directors are confident that the Group has adequate resources to continue to meet all liabilities, as and when they fall due, for 12 months from the date of approval of the financial statements and therefore consider it appropriate to adopt the going concern basis in preparing the consolidated financial statements.

### **Viability statement**

The Code requires the directors to make a statement with regard to the viability of the Group. This requires consideration of solvency and liquidity over a longer period than the going concern assessment.

The Group's strategic plan covers a 10-year period, over which the directors have made assumptions regarding the Group's revenues, operating costs and cash requirements.

The projections for the first three years of the plan are based on current opportunities and include an expectation of the rental incomes for the Group. There is inherently less certainty in the projections from year four to ten.

Consistent with prior years, the directors have therefore determined that three years is an appropriate period for this viability statement.

For the purposes of both Viability and Going Concern, an annual Stress Testing exercise is undertaken as part of the Business Planning process to assess the financial strength and robustness of the Group's plan. Using the ten year business plan, it aims to identify the circumstances which would push the Group to breaking point and the options available to mitigate such circumstances and ensure the Group meets all of its key financial metrics and loan covenants. The tests applied include amongst others, rent restrictions, housing market downturn, high inflation rates and sustained high interest rates. They show that with appropriate mitigations applied, the Group is able to meet all external loan covenants, even in the most extreme circumstances modelled.

The Board continuously monitors changes in internal and external indicators which could suggest that there is an increased risk of the stress test scenarios arising. These "stress test triggers" are an early warning mechanism enabling decisions to be made in relation to the potential deployment of mitigations.

On the basis of these assessments, the Board is confident that the Group will remain financially viable for the three year period covered by this statement and beyond.

### **Compliance with the Regulator of Social Housing's Governance and Financial Viability Standard**

The Association has assessed the position and confirms that it has complied with The Regulator of Social Housing's Governance and Financial Viability Standard.

### **Statement of Disclosure to the Auditors**

At the time of approval of this report:

- a) so far as the Board Members are aware, there is no relevant audit information of which the Association's auditor is unaware, and
- b) the Board Members have taken all steps that they ought to have taken as Board Members in order to make themselves aware of any relevant audit information and to establish that the Association's auditor is aware of that information.

### **Statement of Board's responsibilities in respect of the Board's report and the financial statements**

The Board is responsible for preparing the Board's Report and the financial statements in accordance with applicable law and regulations.

Co-operative and Community Benefit Society law requires the Board to prepare financial statements for each financial year. Under those regulations the Board have elected to prepare the financial statements in accordance with UK Accounting Standards FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

The financial statements are required by law to give a true and fair view of the state of affairs of the association and of its income and expenditure for that period.

In preparing these financial statements, the Board is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards and the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements; and
- assess the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of Accounting unless it either intends to liquidate the association or to cease operations, or has no realistic alternative but to do so.

The Board is responsible for keeping proper books of account that disclose with reasonable accuracy at any time the financial position of the association and enable them to ensure that its financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2022. It is responsible for such internal control as it determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and has general responsibility for taking such steps as are reasonably open to it to safeguard the assets of the association and to prevent and detect fraud and other irregularities.

The Board is responsible for the maintenance and integrity of the corporate and financial information included on the association's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

### **Strategic Report**

Places for People Living+ Limited has taken the exemption allowed in the statement of recommended practice for registered social housing providers to not include a strategic report as this is prepared for the Places for People Group and is included in the annual report which is available to the public and may be obtained from Places for People Group Limited, 305 Gray's Inn Road, London, WC1X 8QR.

### **By order of the Board**

**A Winstanley**  
Director

## Independent auditor's report to the members of Places for People Living+ Limited

### Opinion

We have audited the financial statements of Places for People Living+ Limited ("the Association") for the year ended 31 March 2026 which comprise the Statement of Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity and the associated notes to the financial statements, including the accounting policies. The financial reporting framework that has been applied in the preparation of the association's financial statements is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102.

In our opinion the financial statements:

- give a true and fair view, in accordance with UK accounting standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland, of the state of affairs of the Association as at 31 March 2026 and of its income and expenditure for the year then ended;
- comply with the requirements of the Co-operative and Community Benefit Societies Act 2014; and
- have been prepared in accordance with the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2022.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Board's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Association's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the members with respect to going concern are described in the relevant sections of this report.

### Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The Board are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If,

Now, for tomorrow

based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters in relation to which the Co-operative and Community Benefit Societies Act 2014 or the Housing and Regeneration Act 2008 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of members' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

### **Responsibilities of Board**

As explained more fully in the members' responsibilities statement, the members are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the members determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the members are responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the members either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

### **Auditor responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud is detailed below:

- Enquiry of management, those charged with governance around actual and potential litigation and claims;
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias;
- Reviewing minutes of meetings of those charged with governance;
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations.

Now, for tomorrow

---

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

### Use of our report

This report is made solely to the Association's Members, as a body, in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014 and Section 128 of the Housing and Regeneration Act 2008. Our audit work has been undertaken so that we might state to the Association's Member those matters we are required to state to it in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Association and Association's Members, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 15 to 41 form an integral part of these financial statements.

## Notes to the Financial Statements

### 1. ACCOUNTING POLICIES

#### **Basis of accounting**

A summary of the principal accounting policies, which have been applied consistently, is set out below.

These financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 - 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ('FRS 102'), the Statement of Recommended Practice for Registered Social Housing Providers 2022 (SORP) and the Accounting Direction for Private Registered Providers of Social Housing 2022. The Association is registered under the Co-operative and Community Benefit Societies Act 2014 and is registered with the Regulator of Social Housing (ROSH) as a housing provider.

The Association's ultimate parent undertaking, Places for People Group Limited, includes the Association in its consolidated financial statements. The consolidated financial statements of Places for People Group Limited are prepared in accordance with FRS 102 and are available to the public and may be obtained from Places for People Group Limited, 305 Gray's Inn Road, London, WC1X 8QR. The Association is considered to be a qualifying entity for the purposes of FRS 102 and has applied the exemptions available under FRS 102.1.11 and FRS 102.1.12 (preparation of a statement of cash flows and related notes).

The financial statements are presented in Sterling (£000's).

#### **Going Concern**

The going concern assessment considers whether it is appropriate to prepare the financial statements on a going concern basis. In making this assessment, the principal risks and uncertainties facing the Group have been considered. High inflation and interest rates, a tight labour market and the residual impact of the pandemic on supply chains have increased costs and impacted incomes. These Groups business planning and the accompanying stress testing process incorporate these challenges, which continue to be monitored on a regular basis.

At 31 March 2026 the Group had cash and undrawn facilities of £1.1bn. The Group continues to actively manage its cash flows in order to mitigate any reductions in income and maintains a policy of having a minimum 18 months' liquidity.

The directors have reviewed the projected cash flows covering a period of 12 months from the date of the approval of the financial statements, which indicate that the Group will be able to operate within the levels of its agreed facilities and the compliance with debt covenants.

Places for People Living+ is part of the Guarantor Group and accesses funding from this Group pool, therefore the liquidity position of the Group supports the going concern assumption for the association.

On the basis described above, the directors are confident that the Group has adequate resources to continue to meet all liabilities, as and when they fall due, for 12 months from the date of approval of the financial statements and therefore consider it appropriate to adopt the going concern basis in preparing the financial statements.

### **Public Benefit Entity Combination**

On officially 28 November 2025, HomeFinder (1) Limited transferred its engagements (that is, its assets and liabilities) to Places for People Living+ Limited as permitted by the Co-operative and Community Benefit Societies Act 2014.

In accordance with FRS102, this transaction (a combination of public benefit entities) has been accounted for as a business combination that is in substance a gift. The gain on acquisition from this transaction of £2.176m is recognised in the statement of comprehensive income.

### **Significant Judgements**

The following are the significant judgements, apart from those involving estimations (which are set out separately below), that have been made in the process of applying the entity's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

#### *Going Concern*

In order to assess whether it is appropriate for the Association to be reported as a going concern, the management apply judgement, having undertaken appropriate enquiries and having considered the business activities and the principal risks and uncertainties. In arriving at this judgement there are a large number of assumptions and estimates involved in calculating future cash flow projections. This includes management's expectations of both property sales and rental turnover, operating costs, timing and quantum of future capital expenditure and estimates and cost of future funding. The Directors have overlaid several severe but plausible, multi-variant scenarios, in respect of these assumptions used within the going concern assessment and to aid sensitivity analysis. As a result of these considerations the financial statements have been prepared on a going concern basis.

#### *Investment properties*

The Association owns a range of different property types. This requires the Association to assess which properties should be classified as investment properties as these properties are held at a market valuation, not at depreciated cost.

The Association considered the FRS 102 definition of investment property which refers to property held to earn rentals for capital appreciation, rather than for administrative purposes or for sale in the ordinary course of business.

The Association has also reviewed Section 16 of FRS 102 that precludes the classification of property held primarily for the provision of social benefits being classified as investment property. The Association has applied this by judging that rental properties without public subsidy attached to them are investment properties.

#### *Lease classification*

During the year ending 31 March 2019, the Association purchased the freeholds of a number of properties and assessed that the arrangement should be classified as a finance lease. The Group considered the requirements of FRS 102 Section 20 which requires that, if a lease substantially transfers all the risks and rewards of ownership, it should be treated as a finance lease. It was determined that because the Group will retain ownership of the properties at the end of the 45 year lease period, alongside holding the risks and rewards of owning and managing the properties during this period, the Group substantially holds the risks and rewards of ownership.

#### **Accounting estimates**

The nature of estimation means that actual outcomes may differ from the estimates made.

#### *Residual value of social housing properties*

It is considered that the estimate of residual value of social housing properties has a significant impact on the carrying amount of social housing assets. The Association considers the residual value of social housing property structure to be cost. The net book value of completed social housing properties is £1.4bn. The residual value of social housing property structure is £62.4m above the carrying value as at 31 March 2026.

#### *Defined benefit pension schemes*

The Association has defined benefit obligations relating to one pension scheme. Note 20 sets out the details for these schemes and the assumptions made to assess the net scheme benefit as at the reporting date. The Association engages qualified actuaries to advise on an appropriate discount rate. An increase in the discount rate used of 0.1% is estimated to reduce scheme total deficits by £39k. The Association is party to legal action arising from the scheme rules on the Social Housing pension scheme. More detail can be found in note 20.

#### *Investment properties*

In addition to judging whether or not properties are categorised as investment properties, the Group is also required to estimate the fair value of investment properties on an annual basis. To facilitate this estimation, the Group engaged Savills, a leading professional adviser, to use RICS guidance and the requirements of the Red Book to complete a full valuation of the Group's investment properties. A discounted cash flow method was used to estimate the fair value of the portfolio. This used up-to-date information on net operating cash flows and applied an appropriate yield to this data based on an understanding of the market and the individual circumstances of each part of the portfolio. Comparisons have also been made with similar properties in recent transactions to give additional comfort around the valuations.

Where applicable, an assessment is made on a similar basis for any related commercial income in respect of these properties. Management interrogation and challenge has been applied to both the valuation method and the assumptions used, including in respect of cash flows, CPI and HPI as appropriate.

#### *Recoverability of Stock*

The Association has £6.0m of land, £0.7m of completed property stock and £0.2m of work in progress at 31 March 2026 (2025: £5.5m of land, £0.5m of completed property stock and £0.8m of work in progress). FRS 102 section 13 requires stock to be measured at the lower of cost and estimated selling price less costs to complete and sell. The Association also undertakes sensitivity analysis and has assessed that a short-term drop in expected selling prices of our completed properties of 10% would not result in a material impairment charge.

The Association monitors development projects and properties held for sale on an ongoing basis and uses rigorous appraisal techniques to estimate the recoverable amount of stock. Realistic financial projections are used on an individual site basis to allow management to estimate that land and property are held at the appropriate amount. The Association makes judgements to assess the achievable selling price for properties including assessing the views of specialist advisers on the UK housing market and future house price inflation. Management also consider detailed information relating to geographical area and property type. As such the Association judges that stock is held at the lower of cost and estimated selling price less costs to complete and sell.

#### **Turnover**

Turnover represents rental and service charge income receivable (net of void losses), income from the sale of properties, income from the sale of the first tranche of shared ownership properties, fees and revenue grants from local authorities and Homes England, equity loan fee income and other income.

Charges for support services funded under Supporting People are recognised as they fall due under the contractual arrangements with Administering Authorities.

Rental income is recognised from the point the property becomes available for letting, net of any voids. Income from land and property sales is recognised when the risks and rewards of ownership have passed to the purchaser. Long term contract revenue is recognised based on the total contract value and the stage of completion of the contract. Mortgage fee income is recognised over the term of the contract. Other income is recognised upon the delivery of services. Government grant is recognised in turnover over the expected lives of the assets to which it relates.

All turnover arises from activities within the United Kingdom.

#### **Housing Properties**

Housing properties are those held primarily for the provision of social benefits. Housing properties are stated at the lower of depreciated cost or its recoverable amount.

Cost is taken as the purchase price together with costs of acquisition and improvements, attributable administrative costs and interest costs incurred, including related development and administrative costs and interest payable.

The Association capitalises expenditure on housing properties which results in an increase in either the existing use value of the property or the disposal value of the property.

### **Land**

Land is stated at lower of cost or its recoverable amount. Land purchased for the development of properties which are planned to be subsequently owned and managed by the Association is recorded in housing properties. Land purchased for the development of properties to be sold is held within stock in current assets.

### **Depreciation**

Fixed assets, other than freehold land and investment properties, are depreciated at rates calculated to reduce the net book value of each component element to its estimated residual value, on a straight line basis over the expected remaining useful economic life of the component. Freehold land is not depreciated. The estimated lives of assets and components is as shown in the table below.

The actual lives of the assets and residual values, including the structure of the buildings, are assessed annually. Assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.

| <b>Assets</b>                                      | <b>Depreciation period (years)</b>   |
|----------------------------------------------------|--------------------------------------|
| <u>Rented housing &amp; commercial properties:</u> |                                      |
| Kitchens                                           | 20                                   |
| Bathrooms                                          | 30                                   |
| Boilers                                            | 15                                   |

| Other elements (rehab)                             | 80                                   |
| Other elements (leasehold)                         | Lesser of term of lease or 100 years |
| <u>Shared Ownership housing:</u>                   |                                      |
| All elements (new build)                           | 35                                   |
| All elements (rehab)                               | 35                                   |
| All elements (leasehold)                           | Lesser of term of lease or 100 years |
| <u>Other fixed assets:</u>                         |                                      |
| Offices (new build)                                | 100                                  |
| Offices (rehab)                                    | 80                                   |
| Office refurbishment                               | From 10-20                           |
| Offices (long leasehold)                           | Lesser of term of lease or 100 years |
| Offices (short leasehold)                          | Terms of lease                       |
| Plant & Equipment                                  | 5                                    |
| Cars and commercial vehicles                       | 5                                    |
| Computer hardware, software and infrastructure     | From 3-15                            |

### **Investment properties**

Properties held for rental income or capital appreciation that are not held primarily for the provision of social benefit are held as investment properties at fair value, with changes to fair value recognised in the statement of comprehensive income.

### **Corporation tax**

The Association has charitable status for tax purposes and in the normal course of events would not be liable to pay corporation tax on profits. However, the Transfer of Engagements completed on 28 November 2025 and the application of merger accounting have had no impact on the Association's charitable tax status and, accordingly, no corporation tax charge is recognised in these financial statements.

#### **VAT**

The majority of the Association's turnover is exempt from VAT. However, certain activities are subject to VAT and give rise to VAT recovery. Where appropriate, costs are stated including irrecoverable VAT.

#### **Other fixed assets**

Other fixed assets are recognised initially at cost and subsequently held at the lower of depreciated cost or its recoverable amount.

#### **Fixed asset investments**

Fixed asset investments are measured at cost. An annual review is carried out by management to assess if there are any triggers that would lead to an impairment review. In the event of any impairment, the investment is measured at the lower of its recoverable amount or its value in use.

#### **Impairment**

An impairment review is undertaken when there is an indication the asset may be impaired. If assets are found to be impaired, the amount of impairment is disclosed in Note 3.

When undertaking impairment reviews to assess whether assets or cash generating units are held at the lower of cost or recoverable amount, recoverable amount is defined as its value in use. Recoverable amount is normally assessed using discounted cash flow techniques for all anticipated cash flows to generate a net present value.

Costs are assigned to all schemes on a detailed basis, including mixed tenure schemes. The Association defines cash generating units as housing schemes except where its schemes are not sufficiently large enough in size and it is more appropriate to consider individual assets. This approach supports effective appraisal of housing schemes as it aligns with the management and operation of the business.

#### **Pensions**

There are three pension schemes, two of which are defined benefit pension schemes based on final pensionable salary. Details of the schemes are set out in Note 20.

Employees joining the Association have the option of joining the Places for People Group Stakeholder Scheme ('Stakeholder Scheme'), a defined contribution scheme. The costs of contributing to the Stakeholder Scheme are accounted for as an expense in the year in which they occur. Contributions from the Association and participating employees are paid into independently administered funds. These payments are made in accordance with triennial calculations by professionally qualified independent actuaries.

Pension scheme assets are measured by independent experts using market values. Pension scheme liabilities are measured using a projected unit method and discounted at the current rate of return on a high quality corporate bond of equivalent term and currency to the liability.

Pension scheme deficits are recognised in full. The movement in scheme deficit is split between operating charges, finance costs and, in other comprehensive income, actuarial gains and losses.

The Association participates in the Social Housing Pension Scheme (SHPS), a multi-employer defined benefit scheme. The in-year movement in the scheme deficit is split between operating charges, finance costs and, in other comprehensive income, actuarial gains and losses.

### **Financial Instruments**

The Association has elected to apply the recognition and measurement provisions of International Accounting Standard 39 as allowed by FRS 102 sections 11 and 12. Financial instruments are initially recorded at fair value. Subsequent measurement depends on the designation of the instrument as follows:

- Other assets, including trade investments and joint venture investments and assets that are short-term in nature such as cash and receivables are predominantly categorised as loans and receivables and measured at amortised cost using the effective interest method.
- Financial liabilities are predominantly measured at amortised cost using the effective interest method.

The effective interest rate includes interest and all directly attributable incremental fees and costs.

Cash at bank and in hand in the statement of financial position comprises all cash and cash equivalents that mature or are convertible within one day or less.

The Association is required to set aside sums in respect of future maintenance of certain properties subject to leasehold arrangements. These sums are held in a separate bank account to which interest is added and tax deducted. Amounts accumulated in the fund are included within current asset investments and within creditors in the statement of financial position.

Other debtors, including tenant arrears, and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the statement of comprehensive income.

### **Social Housing Grant and Other Capital Grant**

Government grants are included within creditors in the statement of financial position and credited to the statement of comprehensive income over the expected useful lives of the assets to which they relate or in periods in which the related costs are incurred.

When Social Housing Grant (SHG) in respect of housing properties in the course of construction exceeds the total cost to date of those housing properties, the excess is shown as a current liability.

Where SHG or other grants are retained following the disposal of property, it is shown under the Recycled Capital Grant Funds within creditors. These funds will be used for the provision of new social housing for rent and sale and become repayable if unutilised.

### **Concessionary Loans**

The Group has a HomeBuy arrangement which is considered to be a concessionary loan. Under the HomeBuy scheme, the Group receives HomeBuy grant representing a percentage of the open market purchase price of a property in order to advance interest free loans to a homebuyer. The loans advanced by the Group meet the definition of concessionary loans and are shown as Equity Loans in fixed asset investments on the statement of financial position. The HomeBuy grant provided by the Government to fund all or part of a HomeBuy loan is classified as HomeBuy Grant in creditors due in more than one year.

### **Foreign Currency**

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transactions or if hedged forward, at the rate of exchange under the related forward currency contract. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the statement of financial position date and gains or losses on translation are included in the statement of comprehensive income.

### **Leases**

The Association classifies finance leases as those where the risk and reward of ownership of the leased asset has transferred to the Group. Other leases are classified as operating leases. Assets obtained under finance leases are capitalised as tangible fixed assets and depreciated over the shorter of the lease term and their economic useful lives. Obligations under finance leases are included in creditors net of the finance charge allocated to future periods. The finance element of the rental is charged to the statement of comprehensive income using the effective interest rate method. Costs in respect of operating leases are charged to the statement of comprehensive income on a straight line basis over the lease term. Income in respect of operating leases where the Group is the lessor is recognised in the statement of comprehensive income on a straight line basis over the lease term, reduced by the cost of any lease incentives.

### **Provisions**

A provision is recognised where a present obligation has arisen as a result of a past event for which settlement is probable and can be reliably estimated. The amount recognised is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value using a pre-tax discount rate, and the subsequent unwinding of the discount is recognised as a finance cost.

### **Borrowing costs**

General and specific borrowing costs directly attributable to the acquisition and construction of qualifying properties are added to the cost of those properties until such a time as the properties are ready for their intended use.

### **Restricted Reserves**

The Association has a reserve which is only expendable in accordance with the wishes of the funder. The transfers to/from restricted reserves are shown in other comprehensive income.

### **Stock**

Properties purchased for improvement for sale are treated as current assets and all other housing properties are treated as tangible fixed assets. Properties held as current assets are stated at the lower of cost and estimated selling price less costs to complete and sell. Stock includes land and property held with the intention to sell, including assets under construction and those purchased for improvement prior to sale. Stock is stated at the lower of cost and estimated selling price less costs to complete and sell with any provisions being charged to cost of sales. The cost of stock is the purchase price together with costs of acquisition and attributable overhead costs.

All land and property held within stock is subject to regular appraisal to confirm the assets are recoverable at least at the carrying value.

Included within stock are amounts in respect of the expected percentage of sales under first tranche disposal for shared ownership properties. Proceeds from first tranche disposals are recognised in turnover. The unsold equity of shared ownership properties is recognised within housing properties.

## 2. TURNOVER, COST OF SALES, OPERATING COSTS AND OPERATING SURPLUS

|                                         | 2026           |                |                  |                       |                              | 2025     |               |                 |                       |                              |

## 20. PENSION OBLIGATIONS

The pensions costs for Places for People Living+ Limited relate to two schemes of which employees are members; the Places for People Group Stakeholder Scheme and the Social Housing Pension Scheme.

### The Places for People Group Stakeholder Scheme

Employees joining the Association from 1 September 2004 have the option of joining a defined contribution retirement benefit scheme - the Places for People Stakeholder Pension Plan and Group Life Assurance Scheme.

The total cost charged to the statement of comprehensive income of £1.03m (2025: £861k) represents contributions payable to these schemes by the Association at rates specified in the rules of the plan.

### The Social Housing Pension Scheme (SHPS)

The Association participates in the Social Housing Pension Scheme (SHPS), a multi-employer scheme which provides benefits to non-associated employers.

SHPS is a defined benefit scheme in the UK and is subject to the funding legislation outlined in the Pensions Act 2004 which came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The last triennial valuation of the scheme for funding purposes was carried out as at 30 September 2023. This valuation revealed a deficit of £700m. A recovery plan has been put in place with the aim of removing this deficit by 31 March 2028.

SHPS is classified as a 'last-man standing arrangement'. Therefore the company is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

For financial years ending on or before 28 February 2019, it had not been possible for the company to obtain sufficient information to enable it to account for the Scheme as a defined benefit scheme, therefore the Group has previously accounted for SHPS as a defined contribution scheme. For financial years ending on or after 31 March 2019, it was possible to obtain sufficient information to enable the company to account for the scheme as a defined benefit scheme.

The mortality assumption used at 31 March 2026 is that a male currently aged 65 years old has a life expectancy of 20.9 years (2025: 20.5 years), a female currently aged 65 years old has a life expectancy of 23.2 years (2025: 23.0 years), a male currently aged 45 years old has a life expectancy of 42.2 years (2025: 41.7 years) and a female currently aged 45 years old has a life expectancy of 44.6 years (2025: 44.5 years).

| <b>The major assumptions used by the actuary were:</b> | <b>2026</b>  | <b>2025</b> |
|--------------------------------------------------------|--------------|-------------|
| Discount rate                                          | <b>6.10%</b> | 5.60%       |
| Price inflation (RPI)                                  | <b>3.50%</b> | 3.20%       |
| Price inflation (CPI)                                  | <b>2.80%</b> | 2.70%       |
| Salary growth                                          | <b>4.03%</b> | 3.75%       |

The Association's shares are not transferable or redeemable. Payment of dividends or other benefits to shareholders is forbidden by the Association's Rules.

## 22. CAPITAL COMMITMENTS

|                                                                                                    | 2026<br>£'000  | 2025<br>£'000  |
|----------------------------------------------------------------------------------------------------|----------------|----------------|
| Capital expenditure authorised and contracted but not provided for within the financial statements | <u>40,262</u>  | <u>52,781</u>  |
| Additional Capital expenditure that has been authorised by the Board of directors                  | <u>239,698</u> | <u>191,226</u> |

The above commitments will be financed in accordance with the Group Treasury management policy which is detailed in the Places for People Group consolidated accounts.

### Operating Lease

The commitments under non-cancellable operating leases for the following year, analysed according to the period in which each lease expires, are set out below:

|                            | Land and<br>buildings<br>2026<br>£'000 | Motor<br>vehicles<br>2026<br>£'000 | Combined<br>Land and<br>buildings<br>2025<br>£'000 | Combined<br>Motor<br>vehicles<br>2025<br>£'000 |
|----------------------------|----------------------------------------|------------------------------------|----------------------------------------------------|------------------------------------------------|
| In one year or less        | 2,237                                  | 74                                 | 2,237                                              | 78                                             |
| Between one and two years  | 2,237                                  | 62                                 | 2,237                                              | 71                                             |
| Between two and five years | 6,140                                  | 63                                 | 6,140                                              | 110                                            |
| In more than five years    | 5,249                                  | -                                  | 5,249                                              | -                                              |
|                            | <u>15,863</u>                          | <u>199</u>                         | <u>15,863</u>                                      | <u>259</u>                                     |

## 23. CONTINGENT LIABILITIES

The Association, together with some fellow subsidiaries of the Places for People Group, has guaranteed to holders of debt issued by members of the Places for People Group, the principal amount and interest accrued in respect of certain debts in the event of default by the issuing entity. The total capital outstanding at 31 March 2026 in respect of such guarantees was £4,043.6m (2025: £3,684.7m). The total interest accrued at 31 March 2026 relating to this debt was £41.2m (2025: £46.2m).

The Group is party to legal action arising from the scheme rules on the Social Housing Pension Scheme. More detail can be found in note 20.

These represent the maximum exposure for the Association. The directors consider it extremely unlikely that the company would be required to make any payments in respect of this guarantee.

Under the terms of the large scale voluntary transfer of homes from Huntingdonshire District Council to Huntingdonshire Housing Partnership dated 20th March 2000, the local authority is entitled to receive a share of the proceeds from any home that is sold under preserved right to buy. The percentage of any proceeds repayable to the council varies over the 30 year period covered by the transfer agreement.

## **24. RELATED PARTY TRANSACTIONS AND ULTIMATE PARENT UNDERTAKING**

### **Transactions with Group companies**

Places for People Living+ Limited is a subsidiary of Places for People Group Limited, 305 Gray's Inn Road, London, WC1X 8QR. Since the parent company publishes consolidated Group accounts, the Association has utilised the exemption not to report transactions with other Group members as permitted in FRS102 section 33.1A.

### **Defined benefit schemes**

Under Section 33 of FRS 102 defined benefit pension schemes are considered to be related parties. Employees of the Association are members of the following defined benefit schemes: The Social Housing Pension Scheme, The Places for People Group Retirement Benefit Scheme and The Places for People Group Stakeholder Scheme. Details of transactions with the schemes are disclosed in note 23.

Places for People Living+ Limited is a subsidiary of the Places for People Group Limited, 305 Gray's Inn Road, London, WC1X 8QR. Since the parent company publishes consolidated group accounts, the Association has taken advantage of the exemption not to report transactions with other group members as permitted in FRS 102.33.1A.

## 25. HOUSING STOCK

The Association owns or manages 29,614 housing properties, a breakdown of these housing properties is shown below:

|                                                                                  | 2025<br>No    | Units<br>developed or<br>newly built<br>units<br>acquired<br>No | Units sold/<br>demolished<br>No | Other<br>movements<br>No | 2026<br>No    |

The Association manages 4,297 units (2025: 4,306) which are owned by other Registered Providers.

## 26. PUBLIC BENEFIT ENTITY COMBINATION

On 28 November 2025, Homefinder (1) Limited transferred its engagement into the Association in accordance with section 110 of the Co-operative and Community Benefit Societies Act 2014. This transaction has been treated as a business combination that is in substance a gift in accordance with section 19 and paragraph PBE34.75 of FRS 102.

In accordance with those provisions, the net assets of Homefinder (1) Limited have been restated at fair value and excess of fair value of net assets over the costs of the transaction have been recognised as a gain in the statement of comprehensive income. The fair value of assets and liabilities have been recognised in the relevant sections of the statement of financial position.

The calculation of fair value and gain on combination is set out below.

|                                                  | <b>Total per<br/>Homefinder (1)<br/>£'000</b> | <b>Adjustments<br/>£'000</b> | <b>Fair Value<br/>£'000</b> |
