EXPLANATORY STATEMENT

This Explanatory Memorandum is provided to Shareholders of IronRidge Resources Limited ACN 127 215 132 (**Company**) to explain the Resolutions to be put to Shareholders at the Extraordinary General Meeting to be held at Level 7, Waterfront Place, 1 Eagle Street, Brisbane, Qld 4000, Australia on 6 July 2017, at 10:00am (Brisbane time).

This Explanatory Memorandum is intended to provide Shareholders with sufficient information to assess the merits of the Resolutions contained in the Notice of Meeting material. The Directors recommend Shareholders read the accompanying Notice of Meeting and this Explanatory Memorandum in full before making any decision in relation to the Resolutions.

ORDINARY BUSINESS

Resolution 1 – Authority to issue shares for proposed acquisition

The Resolution seeks shareholder approval for the purposes of Rule 6.2(a) of the Constitution to specifically authorise the Directors to issue and allot 10,000,000 Shares to facilitate the acquisition by the Company of the entire issued share capital of Tekton Minerals Pte Ltd (**Tekton**).

Under Rule 6.1 of the Constitution, the Company is required to make an offer of equity securities first to existing Shareholders pro rata to their existing holdings (the "**Pre-emption Rights**"). Rule 6.2(a) enables the issue of equity securities which are wholly paid up otherwise than in cash free of such pre-emption rights where this is approved by an ordinary resolution of the Shareholders.

Tekton is a Singapore incorporated company that has exploration rights in Chad. In August 2016, the Company acquired a 6% equity interest in Tekton and entered into a subscription agreement to enable the Company to acquire up to a 60% interest by the investment of US\$3.5 million over a period of 18 months (**Subscription Agreement**). IronRidge also has 3 nominee Directors appointed to the Tekton Board under arrangements which give IronRidge control of the Tekton Board. Following discussions and strategic planning reviews of the operations and IronRidge's global project generation initiatives, Tekton and IronRidge have mutually agreed to restructure the arrangements with the four key shareholders of Tekton and on 12 June 2017 entered into an Agreement for the acquisition of Shares (**Majority Sale Agreement**) of those shareholders to acquire the approximately 84% equity interest in Tekton held by them. The Majority Sale Agreement is subject to the Company securing binding sale agreements to acquire the remaining 10% equity interest held by the remaining shareholders of Tekton (**Minority Sale Agreements**), as well as the entry into new employment agreements with the four key shareholders of Tekton, and approval by the Shareholders of IronRidge.

The proposed aggregate consideration under the Majority Sale Agreement and the Minority Sale Agreements will be satisfied by the issue of 10,000,000 Shares in the Company. The issue of 10,000,000 Shares to the shareholders of Tekton will give them a 4% interest in the issued capital of the Company as at the date of this notice.

As a result of completion of the Majority Sale Agreement and the Minority Sale Agreements, the Subscription Agreement (and associated shareholders agreement between the Company and the other shareholders of Tekton) will be terminated.

The Company's Share price has increased since the Company listed on AIM in February 2015, due largely to its successful project generation initiatives in Africa. The Company, through its partnership with Tekton, has secured exploration rights in Chad which the directors believe have strong potential for gold discoveries. The Board of the Company believes that:

- Tekton represents exceptional frontier exploration opportunities with first mover access rights to an exciting pipeline of gold projects.
- The acquisition provides IronRidge with 100% ownership of highly prospective frontier gold provinces potentially hosting several multi million ounce gold deposits across the portfolio.
- Tekton brings with it a highly professional and experienced team with a proven track record in target generation, project development, government relations, logistics and security with francophone African expertise.

The Company has also continued to expand on its gold portfolio in the Ivory Coast, entering into unconditional Earn-In Agreements with the right to acquire licenses that complement and enhance existing projects.

Given the strength of the IronRidge share price, this 100% acquisition opportunity is delivered more cost-effectively by the issue and allotment of securities on the terms outlined above, Tekton's desire to receive shares in IronRidge in lieu of cash is a resounding endorsement of IronRidge's global project generation initiatives and future strategies for growth and continued value accretion.

Two of IronRidge's directors, Nicholas Mather and Vincent Mascolo are directors of Tekton and, as noted above, the Tekton Board arrangements give IronRidge control of the Tekton Board. This transaction is therefore being treated as a related party transaction pursuant to AIM Rule 13. The independent directors of IronRidge (being all the directors of IronRidge other than Mr Mather and Mr Mascolo) consider, having consulted with the Company's nominated adviser, that the terms of the transaction are fair and reasonable insofar as the Company's shareholders are concerned.

The IronRidge directors strongly support this resolution and recommend all shareholders vote in favour.
