UK Debt Issuance Programme

Natixis Structured Issuance SA (“**Natixis Structured Issuance**”) and NATIXIS (“**NATIXIS**”, and together with Natixis Structured Issuance, the “**Issuers**”, and each an “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities (the “**Notes**”) under the UK Debt Issuance Programme (the “**Programme**”) described in this base prospectus (the “**Base Prospectus**”). When securities to be issued pursuant to this Base Prospectus are qualified as “certificates”, any reference in the relevant section of this Base Prospectus and/or in the applicable Final Terms to “Notes” and “Noteholders” shall be deemed to be a reference to “**Certificates**” and “**Certificateholders**” respectively. Subject to compliance with all relevant laws, regulations and directives, the Notes may have no minimum maturity and/or no maximum maturity. In addition, Notes may be issued which have no fixed maturity date (“**Open-ended Notes**”). On or after the date of this Base Prospectus, the aggregate principal amount of Notes outstanding will not at any time exceed £1,000,000,000 (or its equivalent in other currencies). References in this Base Prospectus to “**Exempt Notes**” are to Notes issued under the Programme for which no prospectus is required to be published under the UK Prospectus Regulation (as defined below). The Financial Conduct Authority (the “**FCA**”) has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.

Natixis Structured Issuance is a wholly-owned, indirect subsidiary of NATIXIS. Natixis Structured Issuance has the benefit of an irrevocable and unconditional guarantee given by NATIXIS (in such capacity, the “**Guarantor**”) to Natixis Structured Issuance, namely the NATIXIS Guarantee (as defined and described in “*Description of the Issuers – 2. Description of Natixis Structured Issuance – (h) NATIXIS Guarantee*”). Issues of Notes by Natixis Structured Issuance under the Programme will have the benefit of the NATIXIS Guarantee.

This Base Prospectus replaces and supersedes the Base Prospectus of the Issuers dated 13 July 2021. This Base Prospectus has been approved by the FCA, as competent authority under Regulation (EU) 2017/1129 as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (as amended, the “**UK Prospectus Regulation**”) for the purpose of giving information with regard to the issue of Notes under the Programme (other than Exempt Notes) described in this Base Prospectus during the period of 12 months from the date of approval of this Base Prospectus. The FCA has only approved this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the UK Prospectus Regulation and such an approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of any Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes. This Base Prospectus is valid for a period of 12 months from the date of approval. Applications have been made for Notes (other than Exempt Notes) to be admitted to listing on the Official List of the FCA (the “**Official List**”) and to trading on the Main Market (the “**Main Market**”) of the London Stock Exchange plc (the “**London Stock Exchange**”) during the period of 12 months from the date of approval of this Base Prospectus.

The Main Market is a regulated market for the purposes of the Financial Services and Markets Act 2000 (“**FSMA**”) (a “**Regulated Market**”) located or operating within the United Kingdom for the purposes of the UK Prospectus Regulation. References in this Base Prospectus to Notes (other than Exempt Notes) being “listed” (and all related references) shall, unless the context otherwise requires, mean that such Notes have been admitted to the Official List and admitted to trading on the Main Market.

Each Series (as defined herein) of Notes in bearer form (“**Bearer Notes**”) will be represented on issue by a temporary global note in bearer form (each a “**temporary Global Note**”) or a permanent global note in bearer form (each a “**permanent Global Note**”). Interests in a temporary Global Note will be exchangeable, in whole or in part, for interests in a permanent Global Note on or after the date falling 40 days after the later of the commencement of the offering and the relevant issue date (the “**Exchange Date**”), upon certification as to non-U.S. beneficial ownership. Notes in registered form (“**Registered Notes**”) will be represented by registered certificates (each a “**Certificate**”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. If the Global Notes are stated in the applicable Final Terms to be issued in new global note form (“**New Global Notes**” or “**NGNs**”) the Global Notes will be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream**”). In certain circumstances, investors may also hold interests in the Notes indirectly through Euroclear UK & Ireland Limited through the issuance of dematerialised depository interests issued, held, settled and transferred through CREST (“**CDIs**”) – see “*Clearing and Settlement*”. Global Notes which are not issued in NGN form (“**Classic Global Notes**” or “**CGNs**”) and Global Certificates may (a) in the case of a Tranche (as defined herein) intended to be cleared through Euroclear (subject as provided) and/or Clearstream, be delivered to and deposited on the issue date with a common depository on behalf of Euroclear, and Clearstream, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and Clearstream or delivered outside a clearing system, be deposited (and, in the case of Global Notes in bearer form, delivered and deposited outside the United States) as agreed between the Issuers and the Dealers (as defined below). Each Series of Registered Notes will initially be represented by a permanent registered global certificate (each an “**Unrestricted Global Certificate**”), without interest coupons, which may be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream. An Unrestricted Global Certificate in respect of a Tranche of Notes that is not to be listed on the London Stock Exchange may be cleared through a clearing system other than or in addition to Euroclear or Clearstream (as defined below) or delivered outside a clearing system, as agreed between the relevant Issuer, the Fiscal Agent and the relevant Dealer(s). Beneficial interests in Global Certificates held by Euroclear and/or Clearstream will be shown on, and transfers thereof will be effected only through, records maintained by Clearstream and/or Euroclear and their participants. See “*Clearing and*

Settlement". The provisions governing the exchange of interests in Global Notes for definitive Notes and the exchange of interests in each Global Certificate for individual Certificates are described in *"Provisions Relating to the Notes While in Global Form"*.

The Notes and the NATIXIS Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **"Securities Act"**) or under the securities law of any State or political sub-division of the United States. No person has registered nor will register as a commodity pool operator of any Issuer under the U.S. Commodity Exchange Act of 1936, as amended and the rules thereunder of the Commodity Futures Trading Commission, and the Issuers have not been and will not be registered under the U.S. Investment Company Act of 1940, as amended. The Notes and the NATIXIS Guarantee are being offered and sold outside the United States to Permitted Transferees (as defined below) in reliance on Regulation S under the Securities Act (**"Regulation S"**) and the Notes and the NATIXIS Guarantee may not at any time be offered, sold, transferred or, in the case of Bearer Notes, delivered within the United States or to, or for the account or benefit of (i) a "U.S. person" as defined in Rule 902(k)(1) of Regulation S or (ii) a person who comes within any definition of U.S. person for the purposes of the Commodity Exchange Act of 1936, as amended, or any rule, guidance or order proposed or issued by the Commodity Futures Trading Commission (the **"CFTC"**) thereunder (including but not limited to any person who is not a "Non-United States person" under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of CFTC Rule 4.7(a)(1)(iv)(D) the exception for qualified eligible persons who are not "Non-United States persons") (any such person or account, a **"Non-Permitted Transferee"**, and any such person or account who is not a Non-Permitted Transferee, a **"Permitted Transferee"**). For a description of certain restrictions on offers, sales and transfers of the Notes and distribution of this Base Prospectus, see *"Transfer Restrictions"* and *"Subscription and Sale"*.

As at the date of this Base Prospectus, the long term senior unsecured debt of NATIXIS is rated A1 (stable) by Moody's France S.A.S. (**"Moody's"**), A (stable) by S&P Global Ratings Europe Limited (**"S&P"**) and A+ (negative) by Fitch Ratings Ireland Limited (**"Fitch"**). Each of Moody's, S&P and Fitch is established in the European Union and is registered under Regulation (EC) No 1060/2009 (as amended) (the **"CRA Regulation"**). Moody's, S&P and Fitch are not established in the United Kingdom. The ratings issued by each of Moody's, S&P and Fitch have been endorsed by their respective United Kingdom branches in accordance with Regulation (EC) No 1060/2009 as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (as amended, the **"UK CRA Regulation"**) and have not been withdrawn. The FCA publishes on its website (<https://www.fca.org.uk/firms/credit-rating-agencies>) a list of credit rating agencies registered in accordance with the UK CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The rating of certain Series of Notes to be issued under the Programme may be specified in the applicable Final Terms. Whether or not each credit rating applied for in relation to relevant Series of Notes will be issued by a credit rating agency established in the United Kingdom and registered under the UK CRA Regulation, and if so, whether the rating agency is included in the list of credit rating agencies published by the FCA on its website in accordance with the UK CRA Regulation will be disclosed in the applicable Final Terms.

Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (as amended, the **"UK Benchmarks Regulation"**). In this case, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the "benchmark" is included in FCA's register of administrators under the UK Benchmarks Regulation.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the ability of the Issuer to fulfil its obligations under the Notes are discussed under section "Risk Factors" below.

Responsibility Statement

The Issuers (whose registered offices appear on the penultimate page of this document), confirm that, to the best of their knowledge, the information contained in this Base Prospectus is in accordance with the facts and the Base Prospectus makes no omission likely to affect its import. The Issuers accept responsibility for the information contained in this Base Prospectus and the Final Terms for each issue of Notes under the Programme accordingly.

This Base Prospectus is to be read in conjunction with all other documents which are incorporated by reference herein (see "*Documents Incorporated by Reference*").

This Base Prospectus, together with any supplements to this Base Prospectus published from time to time (each a "**Supplement**" and together the "**Supplements**") constitute a base prospectus for the purpose of the UK Prospectus Regulation for the purpose of giving information with regard to the Issuers, the NATIXIS Guarantee and the Notes which, according to the particular nature of the Issuers, the NATIXIS Guarantee and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuers. In relation to each separate issue of Notes, the final offer price and the amount of such Notes will be determined by the relevant Issuer and the relevant Dealers in accordance with prevailing market conditions at the time of the issue of the Notes and will be set out in the applicable Final Terms.

Natixis Structured Issuance is a wholly-owned, indirect subsidiary of NATIXIS. Natixis Structured Issuance has the full benefit of the NATIXIS Guarantee, which will apply to all Series of Notes issued by Natixis Structured Issuance (see section "Description of the Issuer" – paragraph "2. *Description of Natixis Structured Issuance – (h) NATIXIS Guarantee*"). No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuers, the Dealers or the Arranger. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuers since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuers since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Notes may be redeemed by Physical Delivery (as further defined in the Terms and Conditions). The shares of underlying entities which may be delivered (as the case may be) are not shares in either the relevant Issuer nor an entity belonging to the Issuers' group.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuers, the Dealers and the Arranger to inform themselves about and to observe any such restriction. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "*Subscription and Sale*" and "*Transfer Restrictions*".

This Base Prospectus does not constitute an offer of, or an invitation or solicitation by or on behalf of the Issuers, the Arranger and the Dealers to subscribe for or purchase any of the Notes.

It should be remembered that the price of securities and the income from them (if applicable) can go down as well as up and investors may lose the entire amount of their investment.

If you are in any doubt about the content of this document you should consult your stockbroker, bank manager, solicitor, accountant or other financial adviser.

The Notes are complex financial instruments with high risk and are only suitable for financially sophisticated investors who are capable of evaluating the merits and risks of such investment and who have

sufficient resources to be able to bear any losses which may result from such investment. There are significant risks inherent in the holding of the Notes, including the circumstances in which the Notes may be written down or converted to ordinary shares and the implications on Noteholders (such as substantial loss), the circumstances in which Noteholders may suffer loss as a result of holding the Notes are difficult to predict and the quantum of any loss incurred by investors in the Notes in such circumstances is also highly uncertain.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the jurisdiction in which the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised to consult their own tax adviser on the tax impacts of the acquisition, holding, disposal and redemption of the Notes. The requirement to pay such taxes may reduce the effective yield on the Notes and may also have an adverse impact on their value.

Neither this Base Prospectus nor any Final Terms constitute an offer of, or an invitation by or on behalf of any of the Issuers, the Dealers or the Arranger to subscribe for, or purchase, any Notes.

IMPORTANT – EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any Retail Investor in the European Economic Area (“EEA”). For these purposes, a Retail Investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive 2016/97/EU, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Regulation (EU) 2017/1129 (as amended, the “Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) 2017/565 as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97 on insurance distribution, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) 600/2014 as it forms part of the domestic law of the United Kingdom by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently, no key information document required by the PRIIPs Regulation as it forms part of the domestic law of the United Kingdom by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

UK MiFIR product governance/ target market - The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes taking into account the criteria set forth in the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”), and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product

Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

TRANSFERS OF NOTES WITHIN THE UNITED STATES OR TO ANY PERSON WHO IS NOT A PERMITTED TRANSFEREE ARE PROHIBITED. ANY TRANSFER OF NOTES TO A PERSON OTHER THAN A PERMITTED TRANSFEREE WILL BE VOID *AB INITIO* AND OF NO LEGAL EFFECT WHATSOEVER. ACCORDINGLY, ANY PURPORTED TRANSFEREE OF ANY LEGAL OR BENEFICIAL OWNERSHIP INTEREST IN ANY NOTE IN SUCH A TRANSACTION WILL NOT BE ENTITLED TO ANY RIGHTS AS A LEGAL OR BENEFICIAL OWNER OF SUCH INTEREST IN SUCH NOTE AND THE NON-PERMITTED TRANSFEREE MAY BE REQUIRED TO SELL OR OTHERWISE TRANSFER ITS NOTES TO A PERMITTED TRANSFEREE. Other than NATIXIS in its capacity as Issuer, the Arranger and the Dealers have not separately verified the information contained in this Base Prospectus. Other than NATIXIS in its capacity as Issuer, none of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the

accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuers, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuers during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of either the Dealers or the Arranger.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation actions or over-allotment shall be conducted in accordance with all applicable laws and regulations.

Conflicts of interest – the Issuers and their affiliates

NATIXIS, Natixis Structured Issuance and/or any of their respective affiliates may, in connection with their respective additional business activities, undertake activities in relation to the Underlyings or possess or acquire material information about the Underlyings. Such activities and information may have consequences which are adverse to Noteholders. Such actions and conflicts may include, without limitation: engaging in transactions relating to the Notes or their Underlyings, which may have a negative effect on the value of the Underlying; on the open market or by non-public transaction purchase or sell Notes without being obliged to inform the Noteholders about any such purchase or sale; exercising certain functions with regard to the Notes, e.g. as calculation or paying agent; issuing further derivative instruments which may be competing with the Notes; receiving non-public information in relation to an Underlying of the Notes or the issuer of such Underlying where neither NATIXIS, Natixis Structured Issuance nor any of their respective affiliates is required to inform the Noteholders of such information; and hedging transactions or other transactions in the relevant Underlying of the Notes and/or the issuer of such Underlying by NATIXIS, Natixis Structured Issuance or any of their respective affiliates. Natixis Structured Issuance and any of its affiliates have no obligation to disclose such information about the Underlyings or the companies to which they relate. Natixis Structured Issuance and any of its affiliates and their officers and directors may engage in any such activities without regard to the Notes or the effect that such activities may directly or indirectly have on any Note.

In addition, the relevant Issuer, (if applicable) the Guarantor or any of their respective affiliates may engage in trading or hedging transactions involving the Notes, any Underlying, or other derivative products that may affect the value of the Notes.

The above situations may result in consequences which may be adverse to your investment. Neither the relevant Issuer, nor (if applicable) the Guarantor, nor any of their respective affiliates assumes any responsibility whatsoever for such consequences and their impact on your investment.

Since the Calculation Agent in respect of the Notes may be NATIXIS, or an affiliate of either Issuer, potential conflicts of interest may exist between the relevant Issuer and/or, (if applicable) the Guarantor and the Calculation Agent and the Noteholders, including with respect to certain determinations and judgements that the Calculation Agent must make.

In addition to providing calculation agency services to either Issuer, NATIXIS or any of its affiliates may perform further or alternative roles relating to either Issuer, (if applicable) the Guarantor and any Note including, but not limited to, being involved in arrangements relating to any Underlying (for example as calculation agent). Further, any affiliates of NATIXIS may contract with either Issuer, (if applicable) the Guarantor and/or enter into transactions, including hedging transactions, which relate to such Issuer, the Notes or any Underlying and as a result NATIXIS may face a potential conflict of interest between its obligations as Calculation Agent and its and/or its affiliates' interests in other capacities.

The activities described in this section are subject to compliance with applicable laws and regulations (including under Regulation (EU) No. 596/2014 as amended) as it forms part of the domestic law of the United Kingdom by virtue of the EUWA.

Conflicts of interest – Managers

Certain of the Managers and/or their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuers, the Guarantor and/or their respective affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and/or their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of either Issuer, the Guarantor or their respective affiliates. In addition, certain of the Dealers or their affiliates that have a lending relationship with NATIXIS or Natixis Structured Issuance routinely hedge their credit exposure to the Issuers and/or the Guarantor consistent with their customary risk management policies. Any of the above situations may result in consequences which may be adverse to any investment made by any investor in the Notes. Neither the relevant Issuer, (if applicable) the Guarantor nor any of their respective affiliates assumes any responsibility whatsoever for such consequences and their impact on any such investment.

- (c) be issued either in full on the Issue Date or over time “up to” a specified maximum Aggregate Nominal Amount as provided in the applicable Final Terms (“**Variable Issue Amount Registered Notes**”).

The “User Guide” in this Base Prospectus indicates which sections of this Base Prospectus are particularly relevant for Notes with each of these respective features.

What other documents do I need to read?

This Base Prospectus (including the documents which are incorporated by reference) contains all information which is necessary to enable investors to make an informed decision regarding the financial position and prospects of the Issuers and the rights attaching to the Notes. Some of this information is incorporated by reference from other publicly available documents and some of this information is completed in an issue-specific document called the Final Terms. You should read the documents incorporated by reference, as well as the Final Terms in respect of such Notes, together with this Base Prospectus.

What information is included in the Final Terms?

While this Base Prospectus includes general information about all Notes, the Final Terms is the document that sets out the specific details of each particular issuance of Notes. For example, the Final Terms will contain:

- (i) a reference to the terms and conditions that are applicable to the Final Terms (the “**Conditions**”);
- (ii) the issue date;
- (iii) the scheduled redemption date; and
- (iv) any other information needed to complete the terms included in this Base Prospectus for the particular Notes (identified by the words “as specified in the Final Terms” or other equivalent wording).

Wherever the Conditions provide optional provisions, the Final Terms will specify which of those provisions apply to a specific issuance of Notes.

What type of reference assets may the Notes be linked to?

The repayment terms of the Notes issued under the Base Prospectus may be linked to the value of a specified underlying asset or underlying assets (which value could fluctuate up or down over time and affect each Noteholder’s return on the Notes). The underlying assets could include shares, preference shares, indices relating to any of the foregoing, a formula or trading strategy involving any of the foregoing types of assets, or as otherwise provided in the applicable Final Terms.

The relevant Final Terms will identify the relevant underlying assets and where applicable may indicate where information relating to the underlying assets is available. Investors should review such information together with the Final Terms and this Base Prospectus.

Open-ended Notes issued by Natixis Structured Issuance will have an Issuer's option and a Noteholder's option to redeem the Notes early.

“Denomination”

Notes will be in such denominations as may be specified in the applicable Final Terms (the **“Specified Denomination”**), save that, unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the relevant Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 will have a minimum denomination of £100,000 (or its equivalent in other currencies).

“Administrator/Benchmark Event”

“Status of Notes”	<p>The obligations of each Issuer under the Notes will constitute direct, unconditional, unsubordinated or, with respect to Notes issued by NATIXIS, senior preferred (within the meaning of Article L.613-30-3-I 3° of the French Monetary and Financial Code) and (subject to the Terms and Conditions of the Notes) unsecured obligations of such Issuer, and shall at all times rank <i>pari passu</i> without any preference among themselves, all as described in Condition 3 (Status).</p> <p>Pursuant to the exercise of the bail-in power by the relevant resolution authority of the Issuer, the outstanding amounts of the Notes may be reduced (in whole or in part), converted into equity (in whole or in part) or cancelled and/or the maturity of the Notes or the amount of interest or the date on which interest becomes payable may be amended.</p>

“Negative Pledge”	Each Issuer undertakes that, so long as any of the Notes, and (if applicable) Receipts or Coupons relating to them, remain outstanding, it will not create or permit to subsist any mortgage, pledge, lien or other form of encumbrance or security interest upon the whole or any part of its undertaking, assets or revenues, present or future, to secure any Relevant Debt or any guarantee of or indemnity by the Issuer in respect of any Relevant Debt, unless at the same time or prior thereto the Issuer's obligations under the Notes, Receipts or Coupons relating to them (A) are secured equally and rateably therewith, or (B) have the benefit of such other security, guarantee, indemnity or other arrangement as shall be approved by an Extraordinary Resolution. See Condition 4 (Negative Pledge).

See <i>“Terms and Conditions of the Notes”</i>.</p>
Description of the “Preference Share Issuer” and the “Preference Shares”	<p>The following is a summary description of the Preference Share Issuer and the Preference Shares in the case of Preference Share Linked Notes.</p> <p><i>The Preference Share Issuer</i></p> <p>The Preference Share Issuer is Cannon Bridge Capital Ltd, a private company limited by shares established under the laws of England and Wales with registered number 9610759.</p>

The Preference Shares

Each series of Preference Share Linked Notes will give exposure to changes in the market value of Preference Shares that in turn gives exposure to Preference Share Underlying(s).

The Preference Share Issuer may issue Preference Shares of any kind, including but not limited to Preference Shares linked to the performance of one or more reference item(s) which may include, but will not be limited to, equity, debt or derivative securities, indices, investments, funds, exchange traded funds, commodities, baskets of securities or indices, currencies, portfolios and trading strategies and which may change over time as a result of performance or other factors (each a “**Preference Share Underlying**”) and will be issued on such terms as may be determined by the Preference Share Issuer and specified in the applicable terms and conditions of the relevant Preference Shares (the “**Preference Share Terms and Conditions**”).

The Preference Share Terms and Conditions provide that the applicable Preference Shares will be redeemed on their redemption date at a defined amount as determined in accordance with the Preference Share Terms and Conditions. The Preference Share Terms and Conditions may also provide that the Preference Share Issuer may redeem the Preference Shares early if:

- (i) the Preference Share Issuer and/or the Preference Share Determination Agent (as applicable) determines that the performance of its obligations under the Preference Shares has become illegal in whole or in part for any reason; or
- (ii) the Preference Share Determination Agent determines that certain events which affect the Preference Share Issuer's hedging arrangements or the Preference Share Underlying(s) have occurred, and no adjustment to the terms and conditions of the Preference Shares will achieve a commercially reasonable result; or
- (iii) the Preference Share Determination Agent determines that there is a change in applicable law or regulation that in the determination of the Preference Share Determination Agent results, or will result, by reason of the Preference Shares being outstanding, in the Preference Share Issuer being required to be regulated by any additional regulatory authority or being subject to any additional legal requirement or regulation or tax considered by the Preference Share Determination Agent or the Preference Share Issuer to be materially onerous to the Preference Share Issuer.

If the relevant Issuer receives a notice from the Preference Share Issuer or the Preference Share Determination Agent of the early redemption of the Preference Shares, the relevant Issuer or the Calculation Agent will notify holders of the Preference Share Linked Notes in accordance with Condition 14 (*Notices*) and each Preference Share Linked Note

will be redeemed at its Early Redemption Amount (as defined in Condition 6(a)).

The value of the Preference Share Linked Notes is scheduled to be published on each Business Day on the Bloomberg service as specified in the Final Terms or on such other widely available Information Source if and as may be specified in the Final Terms, or, in each case, such widely available replacement price source as is determined by the Calculation Agent and specified by notice to the holders of the Preference Share Linked Notes in accordance with Condition 14 (*Notices*).

The Preference Share Underlying

The performance of the Preference Shares depends on the performance of the Preference Share Underlying(s) to which the relevant Preference Shares give investment exposure.

Investors in the Preference Share Linked Notes should carefully review and ensure they understand the Preference Share Terms and Conditions and the investment exposure the Preference Shares give to the Preference Share Underlying(s) and consult with their own professional advisers if they consider it necessary.

“Withholding Tax”

All payments of principal and interest by, or on behalf of, the relevant Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Luxembourg or France, as applicable, or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law (whether directly by operation of law or through an agreement of the relevant Issuer or its Agents). In that event, unless specified otherwise in the applicable Final Terms in relation to the Notes issued by NATIXIS, the relevant Issuer shall, save in certain limited circumstances, pay such additional amounts as may be necessary in order that the holders of Notes, Receipts or Coupons, after such withholding or deduction, receive the full amount then due and payable thereon in the absence of such withholding or deduction. If it is specified in the applicable Final Terms that the Notes issued by NATIXIS will not have the benefit of a tax gross-up, Noteholders will receive payments of principal and interest only after imposition of any applicable withholding tax.

All payments by NATIXIS in respect of the NATIXIS Guarantee of Notes issued by Natixis Structured Issuance, where applicable, will be made free and clear of deduction of French withholding taxes or deduction, unless required by law. If NATIXIS (in its capacity as Guarantor) is compelled by law to make a deduction for or on account of French taxes, it shall pay, to the extent not prohibited by French law, such additional amounts as may be necessary in order that the relevant recipients receive(s), after such deduction, the full amount which

would have been due and payable in the absence of such deduction, all as described in the NATIXIS Guarantee.

“Governing Law”

English law. For the avoidance of any doubt, Articles 470-1 to 470-19 (inclusive) of Luxembourg Companies Law 1915, in respect of Notes issued by Natixis Structured Issuance, shall be excluded.

“Listing and Admission to Trading”

Notes of a particular Series may be listed on the Official List of the FCA and admitted to trading on the Main Market of the London Stock Exchange, or on such other or additional Regulated Market or other stock exchange(s) as agreed between the relevant Issuer and the relevant Dealer in relation to such Series. Notes which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms for each issue will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchange(s) and/or market(s).

“Selling Restrictions”

There are restrictions on the sale of the Notes and the distribution of offering materials in various jurisdictions, including the United Kingdom, the United States, the EEA and such other restrictions as may be required in connection with a particular issue. See "*Subscription and Sale*".

The Notes and the NATIXIS Guarantee may not be offered, sold, pledged or otherwise transferred except in an "offshore transaction" (as such term is defined in Regulation S) to or for the account or benefit of a Permitted Transferee.

“Permitted Transferee” means any person who is not:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S; or
- (b) a person who comes within any definition of U.S. person for the purposes of the United States Commodity Exchange Act of 1936, as amended (the CEA) or any rule thereunder (a CFTC Rule), guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons", shall be considered a U.S. person).

See "*Transfer Restrictions*".

Bearer and Exchangeable Bearer Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with United States Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the “**D Rules**”) unless (i) the relevant Final Terms state that Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (or any

successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with United States Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the “**C Rules**”) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the U.S. Tax Equity and Fiscal Responsibility Act of 1982 (“**TEFRA**”).

RISK FACTORS

Each Issuer, in its reasonable opinion, believes that the risk factors described below represent or may represent the risks known to it which may affect such Issuer's ability to fulfil its obligations under the Notes.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective purchasers of the Notes offered hereby should consider carefully, among other things and in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus (including that incorporated by reference) and, in particular, the risk factors set forth below in making an investment decision. Investors may lose the value of their entire investment in certain circumstances.

Significant risk factors for the issuers are set out in certain documents which have been incorporated by reference in this Base Prospectus. Prospectus purchasers should consider carefully such risk factors which are incorporated by reference, as such risks could affect the returns on their investment and if any such risk materialises investors could lose the value of their entire investment. Links to the documents which have been incorporated by reference can be found in the section of this Base Prospectus entitled "Documents Incorporated by Reference".

Each Issuer operates in an environment that presents inherent risks, some of which it cannot control or moderate. Material risks to which the relevant Issuer is exposed are identified below, it being emphasised that it is not an exhaustive list of all risks relating to the relevant Issuer or its business or in consideration of its environment. The risks set out below, as well as other currently unidentified risks or risks which are currently considered immaterial by the relevant Issuer, may have a material adverse impact on its operations, financial position and/or results.

In each category below, the Issuer shall first identify the most material risk based on its assessment, taking into account its negative impact and the likelihood of its occurrence.

Terms used but not defined in this section shall have the meanings given to them in the Terms and Conditions of the Notes.

1. RISKS RELATED TO THE ISSUERS AND THE GUARANTOR

1.1 Risks relating to NATIXIS as Issuer or Guarantor

The risk factors associated with NATIXIS that may affect NATIXIS' ability to perform its obligations either as Issuer or as Guarantor under the Notes issued pursuant to the Programme are described in the "Risk Factors" section on pages 99 to 108 of the NATIXIS 2021 Universal Registration Document are incorporated by reference herein. The sections below are incorporated by reference in this category of risk factors:

- Credit and counterparty risks;
- Financial risks;
- Non-financial risks; and
- Strategic and business risks.

1.2 Risks relating to Natixis Structured Issuance as Issuer

Risks related to Natixis Structured Issuance's exposure to counterparty credit risk and in particular NATIXIS' credit risk

Natixis Structured Issuance is exposed to counterparty credit risk in the course of its business. If one or more of its counterparties is unable to perform its contractual obligations and against a background of increasing default by its counterparties, Natixis Structured Issuance may suffer losses of a greater or lesser magnitude depending on how concentrated its exposure is to those defaulting counterparties.

Natixis Structured Issuance is a wholly-owned subsidiary of Natixis Trust SA, which in turn is a wholly-owned subsidiary of the NATIXIS whose main activity is raising finance to be on-lent to NATIXIS under loan agreements to finance NATIXIS' business activities. As a result, and in addition to the credit risk on other counterparties, Natixis Structured Issuance is primarily exposed to credit risk on NATIXIS and the NATIXIS group entities, a default by any of which could cause significant financial loss given the links maintained between Natixis Structured Issuance and NATIXIS in the course of their day-to-day activities.

For a better assessment of risks related to NATIXIS risk factors, please see paragraph "*Risks relating to NATIXIS as Issuer or Guarantor*" above.

Risks related to an interruption or malfunction of Natixis Structured Issuance's information and communication systems could result in lost business and other losses

Natixis Structured Issuance relies on communications and information systems to conduct its business. Any failure or interruption or breach in security of these systems could result in failures or interruptions in Natixis Structured Issuance's organisation systems. Natixis Structured Issuance cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed. The occurrence of any failures or interruptions could have a material adverse effect on Natixis Structured Issuance's financial condition and results of operations.

Risks related to the COVID-19 pandemic and the negative impact this crisis could have on the business and financial situation of Natixis Structured Issuance

Since the emergence and spread in China in the last quarter of 2019 of a new type of coronavirus (COVID-19), the health crisis related to this virus has expanded and became a pandemic affecting many countries around the world. The health crisis and health security measures taken to prevent the spread of the COVID-19 pandemic (containment and restriction to certain economic activities, in particular) have and will have a strong impact on the global economic environment and financial markets, and as a result may negatively affect economic growth in many countries.

Natixis Structured Issuance is, as a refinancing vehicle of NATIXIS, not much exposed to the current situation but could, if the pandemic continues and its impact on the economy and financial markets worsens, face a slowdown in its activity and a decrease in its outstanding issues. The reduction in the outstanding issuance of Natixis Structured Issuance would result in a decrease in its results and will degrade its financial situation, which could result in financial losses and affect its ability to meet its obligations under the Notes.

2. RISKS SPECIFIC TO THE NOTES

2.1 Risks related to the holding of Notes

2.1.1 Risks that may affect the holders of Notes issued by NATIXIS

Risks relating to the holding of Notes issued by NATIXIS – Holders of Notes issued by NATIXIS and certain other NATIXIS creditors may suffer losses should NATIXIS undergo resolution proceedings

Prospective purchasers and Noteholders should be aware that, in accordance with Condition 3 (*Status*) of the Terms and Conditions of the Notes, the Notes constitute direct, unconditional and unsubordinated obligations or, with respect to Notes issued by NATIXIS, senior preferred (within the meaning of Article L. 613-30-3-I 3° of the French Monetary and Financial Code) and (subject to the provisions of Condition 4 (*Negative Pledge*)) unsecured obligations of NATIXIS and shall at all times rank equally without any preference among themselves. As such, the provisions described in this risk factor shall apply to Notes only after equity securities and subordinated debt instruments (Common Equity Tier 1 instruments, Additional Tier 1 instruments and Tier 2 instruments) of NATIXIS will have been affected by the "bail-in" measures.

The European regulation establishing a framework for the recovery and resolution of credit institutions and investment firms, and the texts transposing these rules into French law (the “**BRRD regulation**”) aim primarily to establish a single resolution mechanism giving the resolution authorities “bail-in” powers. The purpose of these powers is to counter any systemic risk linked to the financial system and, more specifically, avoid any financial intervention by States in the event of a crisis. If a financial institution (or the group to which it belongs) subject to the BRRD regulation defaults or is close to defaulting, these powers allow the authorities to impair, cancel or convert the financial institution’s eligible securities and commitments into shares. In addition to the possibility of using this “bail-in” mechanism, the BRRD regulation grants the resolution authorities more extensive powers, allowing them in particular to (1) force the entity to recapitalize itself in order to comply with the conditions of its authorization and continue the activities for which it is approved with a sufficient level of confidence on the part of the markets; if necessary, by modifying the legal structure of the entity, and (2) reduce the value of the receivables or debt instruments, or convert them into equity securities for transfer to a bridging institution for capitalization, or as part of the sale of a business, or recourse to an asset management vehicle.

As a member of Groupe BPCE, NATIXIS may be subject to resolution proceedings in the event of default by NATIXIS but the competent resolution authority would conduct the resolution proceedings at BPCE level. If resolution proceedings were to be brought at the BPCE group level, the Noteholders may, following the exercise of powers of write-down, conversion or amendment of the Terms and Conditions of the Notes by the competent authority, lose all or part of their initial investment and/or not receive the originally anticipated remuneration.

Holders of Notes issued by NATIXIS and certain other creditors of NATIXIS could suffer losses if NATIXIS were to undergo resolution proceedings initiated at the BPCE group level

If a resolution proceeding was initiated at the BPCE group level, the Noteholders may, following the exercise of powers of write-down, conversion or amendment of the Terms and Conditions of the Notes by the competent authority, lose all or part of their initial investment and/or not receive the originally anticipated remuneration.

Risk of total or partial loss of investment should insolvency proceedings be brought against NATIXIS

The Notes constitute NATIXIS’ general, unsecured and senior preferred contractual obligations within the meaning of article L.613-30-3-I 3° of the French Monetary and Financial Code, and therefore, were insolvency proceedings to be brought against NATIXIS, the rights of claim against NATIXIS represented by the Notes will rank equally with claims in respect of all other unsubordinated, unsecured and senior preferred contractual obligations and junior to present and future claims benefiting from preferred exceptions, including those preferred by operation of laws.

If its financial position deteriorates resulting in the commencement of insolvency proceedings against NATIXIS, NATIXIS may be unable to perform some or all of its payment obligations under the Notes and accordingly the Noteholders could lose some or all of their initial investment and/or not receive the originally anticipated remuneration.

Risks of deferred payment and of reduction or conversion of the Noteholders’ right to claim in the event of the commencement of insolvency proceedings against NATIXIS

Under French insolvency law, holders of debt securities issued by NATIXIS (including the Notes) shall automatically be grouped into a single assembly of holders (the “**Assembly**”) for the defence of their common interests in the event of the commencement of insolvency proceedings against NATIXIS.

The Assembly comprises holders of all debt securities issued by NATIXIS (including the Notes), whether or not such debt securities were issued under a programme and regardless of their governing law.

The decisions of the Assembly shall be taken by a two-thirds (2/3) majority (calculated as a proportion of the debt securities held by the holders expressing a vote (including the Noteholders)). No quorum is required to hold the Assembly.

The provisions relating to the meeting of Noteholders set out in the Terms and Conditions of the Notes shall not be applicable under such circumstances.

The Assembly shall deliberate on the proposed plan envisaged for NATIXIS in accordance with the conditions described above and may further agree the following without all of the debt securities holders (including the Noteholders) agreeing thereto:

- an increase in the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- the establishment of unequal treatment between holders of debt securities (including the Noteholders), as appropriate under the circumstances; and/or
- the conversion of debt securities (including the Notes) into securities that give or may give right to the share capital.

In the event that an insolvency proceeding is commenced, the Noteholders' rights in respect of the Notes may therefore be reduced or converted into securities giving access to NATIXIS' share capital and claims in respect of the Notes may be reduced without the Noteholders' agreement.

2.1.2 Risks that may affect the holders of Notes issued by Natixis Structured Issuance and guaranteed by NATIXIS

Risks relating to Notes guaranteed by NATIXIS

In addition to the risk factors specific to Natixis Structured Issuance as Issuer, the holders of Notes issued by Natixis Structured Issuance are exposed to the risk factors related to NATIXIS as a Guarantor described in section 2.1.1 “*Risk that may affect the holders of Notes issued by NATIXIS*” above.

Risks relating to the holding of Notes issued by Natixis Structured Issuance, should Natixis Structured Issuance undergo resolution proceedings in Luxembourg

Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms, as amended, was transposed into Luxembourg law by the law dated 18 December 2015 on the failure of credit institutions and certain investment firms, as amended (the “**BRR Law**”). According to the BRR Law, the resolution authority is the Luxembourg financial sector supervisory authority (*Commission de surveillance du secteur financier*, the “**CSSF**”) acting as resolution board (*conseil de resolution*).

As a financial institution established under Luxembourg law and an indirect wholly-owned subsidiary of NATIXIS covered by the supervision of the latter on a consolidated basis in accordance with Regulation (EU) No 575/2013 (the “**CRR**”), Natixis Structured Issuance falls within the scope of the BRR Law.

Moreover, Regulation (EU) No 806/2014 establishing a Single Resolution Mechanism (“**SRM**”) and a Single Resolution Fund, as amended (the “**SRM Regulation**”) has established a centralised power of resolution entrusted to a Single Resolution Board (the “**SRB**”) in cooperation with the national resolution authorities, such as the CSSF. Under Article 5(1) of the SRM Regulation, the SRB has been granted the responsibilities and powers granted to the national resolution authorities under the BRRD in relation to,

among others, groups which are considered to be significant and which are subject to direct supervision by the European Central Bank (the “**ECB**”).

BPCE group has been designated as significant for the purposes of Article 49(1) of Regulation (EU) No 468/2014 of the ECB of 16 April 2014 (the “**SSM Regulation**”) and its entities are consequently subject to the direct supervision of the ECB. This means that BPCE, NATIXIS as well as Natixis Structured Issuance are subject to the SRM Regulation and the SRB is, at a European level (and alongside the national resolution authority of Natixis Structured Issuance, the CSSF), their resolution authority (the “**Resolution Board**”).

The BRR Law and the SRM Regulation implement the resolution measures specified in the BRRD, including the power to require the suspension of the activities of the entity under resolution under certain circumstances. Any suspension of activity may, to the extent determined by the SRB, in cooperation with the CSSF (in the case of Natixis Structured Issuance), result in a total or partial suspension of the performance of the agreements entered into or obligations (including payment and/or delivery obligations) undertaken by any entity of the BPCE group, including Natixis Structured Issuance (including under the Notes). The BRR Law and the SRM Regulation also give the SRB the power, in cooperation with the CSSF (in the case of Natixis Structured Issuance), to take various resolution measures which could also apply to Natixis Structured Issuance, including (i) the forced sale of some or all of Natixis Structured Issuance's activities, (ii) the establishment of a bridge institution to transfer Natixis Structured Issuance's activities, (iii) disposal of the assets, rights and obligations of Natixis Structured Issuance to a special purpose vehicle (a measure that is required to be taken in combination with another resolution measure), and (iv) a use of the bail-in tool.

However, the BRR Law states that, under exceptional circumstances, if the bail-in instrument is applied, the SRB, in cooperation with the CSSF, may totally or partially exclude certain liabilities from the application of the impairment or conversion powers under certain conditions.

If the bail-in tool and the write-down and conversion powers were to be applied to Natixis Structured Issuance, the Notes issued by it could be subject to write-down or conversion into equity (meaning ordinary shares or other equity instruments), resulting in the loss of all or part of a holder's investment in the Notes (in particular, the amount due under such Notes could be reduced to zero). Under certain conditions, the Terms and Conditions of the Notes issued by Natixis Structured Issuance could be amended by the SRB, in cooperation with the CSSF (in particular, with regards to their maturity date, interest payable and interest payment dates). The exercise of the powers conferred upon the SRB, in cooperation with the CSSF, or the mere threat of exercise of such powers, could substantially affect the rights of the holders of Notes issued by Natixis Structured Issuance, the price or the value of their investment in such Notes and/or the ability of Natixis Structured Issuance to perform its obligations under such Notes.

Risk of partial or total loss in the event that insolvency proceedings are commenced against Natixis Structured Issuance

The Notes constitute general, unsecured and unsubordinated contractual obligations of Natixis Structured Issuance. Since Natixis Structured Issuance is registered, and has its main centre of interests in Luxembourg, insolvency proceedings involving Natixis Structured Issuance may be subject to, and governed by, Luxembourg insolvency law.

If Natixis Structured Issuance undergoes resolution proceedings or if insolvency proceedings are commenced against Natixis Structured Issuance the rights of claim against Natixis Structured Issuance represented by the Notes will rank equally with claims in respect of all other unsubordinated and unsecured contractual obligations and behind all preferred obligations, including those preferred by operation of law.

If Natixis Structured Issuance's financial position deteriorates resulting in the commencement of resolution or insolvency proceedings against it, Natixis Structured Issuance may be unable to perform some or all of its payment obligations under the Notes and accordingly Noteholders may lose all or some of their initial investment.

2.1.3 Other risks that may affect the holders of Notes

Risks relating to the early redemption of the Notes in the event of illegality, change in taxation, Force Majeure Event or Significant Alteration Event

If (i) the performance of the Notes has become unlawful, (ii) a withholding or deduction in respect of tax is required to be made under the Notes in accordance with Condition 8 of the Notes, or (iii) the performance of the relevant Issuer's obligations under the Notes is impossible and insurmountable due to the occurrence of a Force Majeure Event or if the economic balance of the Notes is significantly altered due to the occurrence of a Significant Alteration Event, then, in accordance with Condition 6(b), Condition 6(c) or Condition 6(l) of the Notes, respectively, the relevant Issuer may, under certain circumstances, redeem all outstanding Notes early.

If the Terms and Conditions of the Notes provide that the Early Redemption Amount is equal to their market value in the event of redemption before maturity, Noteholders will not benefit from the redemption amount of the Notes at maturity specified in the Terms and Conditions of the Notes.

Furthermore, the market value payable on early redemption may be lower, particularly in the event of a deterioration in market conditions, than the amount that would have been paid if the Notes had been redeemed on the Maturity Date and Noteholders may lose all or part of their initial investment.

CREST Depository Interests (CDIs) are separate legal obligations distinct from the Notes and CDI Holders (as defined below) will be subject to provisions outside the Notes

Holders of CDIs ("CDI Holders") will hold or have an interest in a separate legal instrument and will not be holders of the Notes in respect of which the CDIs are issued (the "Underlying Notes"). The rights of CDI Holders to the Notes are represented by the relevant entitlements against the CREST Depository (as defined herein) which (through the CREST Nominee (as defined herein)) holds interests in the Notes. Accordingly, rights under the Underlying Notes cannot be enforced by CDI Holders except indirectly through the intermediary depositaries and custodians. The enforcement of rights under the Notes will be subject to the local law of the relevant intermediaries. This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Notes in the event of any insolvency or liquidation of any of the relevant intermediaries, in particular where the Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.

The rights of the CDI Holders will be governed by the arrangements between CREST, Euroclear, Clearstream and the relevant Issuer, including the CREST Deed Poll (as defined herein). Potential investors should note that the provisions of the CREST Deed Poll, the CREST Manual (as defined herein) and the CREST Rules (as defined herein) contain indemnities, warranties, representations and undertakings to be given by CDI Holders and limitations on the liability of the CREST Depository. CDI Holders are bound by such provisions and may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the amounts originally invested by them. As a result, the rights of, and returns received by, CDI Holders may differ from those of holders of Notes which are not represented by CDIs.

In addition, CDI Holders may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services

by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the Notes through the CREST International Settlement Links Service. Potential investors should note that none of the relevant Issuer, the relevant Dealer(s), the Trustee (as defined herein) and the Paying Agents will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.

Risks relating to Green Bonds and Social Bonds

The Issuer may issue Notes (“**Green Bonds**” and/or “**Social Bonds**”), the proceeds of which are intended to be used to finance and/or refinance, in part or in full, new and/or existing (i) eligible social loans, (ii) eligible green loans and any other category specified in the applicable Final Terms (together, the “**Eligible Loans**”) falling within the framework of the sustainable development bond programme of the BPCE group.

The payment of principal and interest (as the case may be) in respect of the Green Bonds and/or Social Bonds will be made from general funds of the Issuer and will not be directly or indirectly linked to the performance of Eligible Loans. In addition, pending the allocation or reallocation, as the case may be, of the net proceeds of the relevant Green Bonds and/or Social Bonds to Eligible Loans, NATIXIS will invest the balance of the net proceeds, at its own discretion, including in cash or other liquidity instruments. Depending on the level of non-allocated net proceeds, it cannot be ruled out that when delivering their annual audit report, the Auditors of the BPCE group responsible for verifying the effective allocation of net proceeds may reduce the level of assurance given as regards the effective allocation of the net proceeds of Green and/or Social Notes towards Eligible Loans.

If allocation difficulties arise during the life of the Notes, or if the Auditors reduce the level of assurance given, it is possible that Green and/or Social Notes may no longer satisfy Noteholders’ original investment criteria or objectives. Furthermore, the sale value of Green and/or Social Notes may also be affected and Noteholders could lose part of their initial investment in the event of sale before the Maturity Date.

Noteholders who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to one or more Specified Denominations. Further, a Noteholder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to one or more Specified Denominations.

If such Notes in definitive form are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

2.2 Risks that may affect the valuation and sale price of Notes on the secondary market

Volatility risk relating to the Notes

Volatility risk refers to the risk of changes in the sale price of the Notes, as well as any difference between the valuation level and the sale price of the Notes.

The market for debt instruments, including the Notes, is influenced by economic, geopolitical and market conditions, interest rates, exchange rates, and inflation rates in Europe and other countries and territories. Events in France, Europe or elsewhere could cause volatility in this market, which could result in a negative impact on the trading or sale price of the Notes.

Noteholders wishing to sell their Notes prior to their Maturity Date may, consequently, be unable to sell their Notes at their valuation level, or be obliged to sell their Notes at a lower price than they would expect, having regard to the value of the Notes.

Risks relating to a downgrade in the rating or rating outlook of NATIXIS or the Notes

The value of the Notes may be affected in part by Noteholder's assessment of the solvency of the Issuer and, where applicable, the Guarantor. This assessment will generally be influenced by the ratings assigned to the long term senior unsecured debt of NATIXIS or to existing Notes by ratings agencies such as Moody's, S&P and Fitch (each a "**Rating**").

A Rating is an indication used to assess the prospects of creditors being repaid by an issuer. It is not representative of all of the risks that may affect the Issuer, the Guarantor or the Notes and does not constitute a recommendation to buy, sell or hold the Notes and may be modified or withdrawn at any time by any of the relevant rating agencies.

The Notes may be unrated or rated by one or more independent rating agencies. The Ratings may not reflect the potential impact of all risks relating to, inter alia, the structure of the relevant issue, the relevant market for the Notes, and other factors that may affect the value of the Notes.

A downgrade of, or a crediwatch in relation to any Rating of the long term senior unsecured debt of NATIXIS and, if the Notes are rated, that of the Notes, may result in a fall in the trading value of the Notes and cause, for Noteholders wishing to sell their Notes prior to the Maturity Date, a partial or total loss of the amount of their investment compared to the price at which the Notes could have been sold before the Rating was changed or placed under crediwatch.

Risks relating to changes in interest rates

Interest rate levels may fluctuate during the life of the Notes. Long-term interest rates may vary differently than short-term interest rates and to a greater or lesser extent for different currencies. The value of the Notes may be greatly impacted by interest rate fluctuations, an increase in interest rates generally resulting in a fall in the value of the Notes.

The value of Notes with a fixed coupon and/or redemption amount and, all the more so, that of zero-coupon Notes or Notes issued at a substantial discount to the issue price, is likely to be affected if interest rates rise above their initial rate. The market value of the Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. The impact of interest rate fluctuations is greater where the fluctuation affects interest rates for maturities equivalent to that of the relevant Notes than where it affects shorter term interest rates.

In the case of Notes issued in treasury non-eligible currencies (*non éligibles au trésor*¹), the relevant interest rates for the currency also factors in the premiums on the market for currency swaps between the non-eligible currency

¹ Treasury eligible currencies ("*éligible au trésor*") include, on the date of this Base Prospectus, Euros, United States Dollars, Pounds Sterling, Swiss Francs, Japanese Yen, Swedish Krona, Danish Krone, Norwegian Krone, Australian Dollars, Singapore Dollars, Hong Kong Dollars, Canadian Dollars, South African Rand and New Zealand Dollars. Treasury non-eligible currencies are those currencies that do not constitute treasury eligible currencies.

and the currency in which NATIXIS is refinancing. The factoring-in of increased premiums may affect the value of the Notes in addition to the fluctuation of the interest rates of such treasury non-eligible currency.

In the event of a sale prior to the Maturity Date, an increase in interest rates or factoring-in of increased currency swap market premiums, may have a negative impact on the value of the Notes and Noteholders may lose all or part of their initial investment.

Risk of illiquidity or limited liquidity for the Notes

No assurance can be given that an active trading market for the Notes will develop or, if such a market develops, that it will be sustained. Noteholders should be aware that the initial aggregate nominal amount value of Notes issued does not necessarily reflect the number of Notes outstanding and therefore is not representative of the strength of the secondary market and the liquidity level of the Notes.

Where there is no or only limited liquidity for the Notes, Noteholders may be unable to sell their Notes or may not be able to sell them at their true valuation level. Consequently, Noteholders may be unable to sell their Notes prior to the Maturity Date or to sell their Notes at a price equal to the amount they might expect given the true value of the Notes.

2.3 Risks relating to the features and specific terms of remuneration on and redemption of the Notes

Risk of loss of capital for Notes whose redemption amount is determined by reference to a calculation formula and/or linked to one or more underlying assets or a strategy

For certain Notes, the amounts of principal payable by the Issuer are linked to or make references to changes in one or more underlying assets, including indices, price indices, shares or a basket of any of the above, or any formula, strategy or combination thereof (each an “**Underlying**”). This may concern the amounts payable on redemption including, without limitation, amounts payable upon partial redemption, automatic early redemption or, redemption at the option of the Issuer as specified in the relevant Final Terms.

Such amounts may be determined in particular by the application of a calculation formula and one or more observations of a price, value or level of, or the occurrence or the absence of occurrence of an event in relation to one or more Underlying(s) observed during the life or at the maturity of the Notes, or by indexing payment to a secondary currency other than that of the Notes. The Notes may provide for redemption by physical delivery of the Underlying(s). The formula for the Notes may provide for redemption at less than the specified denomination or calculation amount of the Notes.

The price, value or level of the relevant Underlying(s) may change in a manner unfavourable to the Noteholder, meaning that holding the Notes may present a risk comparable to holding or short-selling the Underlying(s), or an even greater risk depending on the terms of the formula or indexation provisions which may increase the exposure to such risk through leverage or combine exposure to several Underlyings or a number of adverse scenarios.

Potential investors in Open-ended Notes should consider that this type of Note has no fixed redemption date. Therefore, the duration of the Notes may be dependent, among others on the Issuer's optional election to redeem the Notes at any time, the occurrence of certain events or by a certain trigger being reached or activated, in each case to the extent applicable in respect of the Notes. If there is no secondary market, there might be no possibility for the Noteholders to sell the Notes (see risk factors relating to illiquidity above).

In the event of an adverse change in the price, value or level of the Underlying(s), exacerbated, if relevant, by the terms of the formula or indexation or strategy provisions, Noteholders may lose all or part of the capital they originally invested.

Risks relating to currency fluctuations and exchange controls

For certain Notes, the Issuer must redeem the principal, pay interest or any other amount due on the Notes either (i) in the Specified Currency (as defined in the relevant Final Terms), or (ii) in the case of Dual Currency Notes

in a Secondary Currency (as specified in the relevant Final Terms) or (iii) a replacement currency in the event of redenomination of the Specified Currency into euro (the “**Redenomination Currency**”).

This may pose a risk if an investor's financial activities are essentially processed and denominated in a currency or monetary unit (the “**Investor's Currency**”) other than the Specified Currency (or, as applicable, the Secondary Currency or the Redenomination Currency) and exchange rates vary significantly (for example, in the event of devaluation of any such currency or revaluation of the Investor's Currency).

Moreover, the authorities of the country governing the Specified Currency (or, as applicable, the Secondary Currency or the Redenomination Currency) or Investor's Currency may impose or modify exchange controls. This may have an adverse effect on the value of such currencies, the interest rates of such currencies or on currency swaps market risk premiums.

These risks may be significantly increased if one of these currencies is an emerging market currency or a currency issued by a central bank or a government whose operating and market oversight rules do not match the general standards of the major international markets.

An assessment of the value of the Investor's Currency in relation to the Specified Currency (and, as applicable, the Secondary Currency or the Redenomination Currency), or the introduction or modification of exchange controls could decrease (i) the return on the Notes once converted into the Investor's Currency, and (ii) the redemption amount payable on the Notes once converted into the Investor's Currency. Investors may then suffer a decreased return on or net loss of their investment after conversion into the Investor's Currency.

Risk of low or no returns

For certain Notes, the amounts of interest payable by the Issuer are linked to or make reference to changes in one or more Underlying(s). The determination of such amounts may result from the application of a calculation formula and one or more observations of a price, value or level of, or the occurrence or the absence of occurrence of an event in relation to one or more Underlying(s) made before the interest amount is determined, from the application of a fallback formula on the terms specified in the relevant Terms and Conditions of the Notes, or by indexing payment to a secondary currency other than that of the Notes.

In the event that an adverse change in the price, value or level of the Underlying(s), exacerbated, if relevant, by the terms of the formula or strategy or indexation provisions, Noteholders may suffer a significantly decreased rate of return on the Notes or even no return whatsoever.

Risks relating to Notes redeemable by delivery of an Underlying

For certain Notes, the Issuer may redeem such Notes by delivering an Underlying as specified in the relevant Final Terms. If, on or after the delivery of an Underlying, a Noteholder wishes to sell such delivered Underlying, and if the liquidity of the market for the relevant Underlying is limited, the Noteholder may potentially be unable to sell the Underlying at a price equivalent to the amount it may have obtained had the Notes been redeemed in cash. Moreover, if there is no liquidity, a Noteholder may be unable to sell the relevant Underlying at all.

Where the Notes provide for physical delivery, the relevant Issuer or Calculation Agent (as specified in the applicable Final Terms) may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order, contractual restrictions, statutory restrictions or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible, illegal or impracticable to deliver on the specified settlement date or (b) assets which the relevant Issuer and/or any affiliate has not received under the terms of any transaction entered into by the relevant Issuer and/or such affiliate to hedge such Issuer's obligations in respect of the Notes. Any such determination may delay the redemption of the Notes and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the

valuation of such Notes and as a result, the redemption amount. Prospective investors should review the Terms and Conditions of the Notes to ascertain whether and how such provisions should apply to the relevant Notes and be aware that the amounts payable or deliverable and the timing of the valuation, payment or delivery of these may be different from expected.

The redemption of the Notes by way of delivery of an Underlying may involve additional risk to the Noteholder compared to Notes redeemed in cash, and if redeemed in this manner, the Noteholder may lose some or all of the redemption value of Notes redeemed by way of delivery of Underlying.

Reinvestment risk following early redemption

For certain Notes, all or part of the outstanding principal amount may be redeemed before the Maturity Date, in the circumstances specified in the Terms and Conditions of the Notes.

Such early redemptions may occur due to conditions relating to the observation of the price, value or level of one or more Underlying(s) during the life of the Notes, conditions relating to the effective payment of interest and/or redemption amounts on such Notes or a decision by the Issuer in accordance with the provisions of the relevant Terms and Conditions of the Notes, including for Notes where the interest and/or redemption amounts are not linked to or do not make reference to an Underlying.

Market conditions existing at the time of early redemption of the Notes will most likely not be similar to those existing when investors invested in the Notes. Noteholders may therefore not be in a position to reinvest the Early Redemption Amount in instruments with an initial maturity equal to that of the Notes at a comparable rate of return.

The duration of Open-ended Notes is dependent on an optional redemption by the relevant Issuer and/or on an optional redemption by the Noteholder

Open-ended Notes have no exercise date and no fixed maturity date. Therefore, the duration is dependent on when the Issuer's optional redemption and/or, as the case may be, the Noteholder's optional redemption is exercised. The duration is further dependent on the Issuer's optional election to redeem the Notes at any time, the occurrence of certain events or by a certain trigger being reached or activated, in each case to the extent applicable in respect of the Open-ended Notes. In particular, if Noteholders have no optional redemption right, a realisation of the economic value attached to the Open-ended Notes (in whole or in part) will only be possible by selling such Open-ended Notes on the secondary market. If there is no secondary market, Noteholders may not be able to sell their Notes. Even if a secondary market exists, a sale of the Open-ended Notes will only be possible if market participants are willing to buy the Open-ended Notes at an appropriate price, the absence of which could prevent the value of the Open-ended Notes from being realised.

2.4 Risks relating to events that may impact on an Underlying or the determination of the price, value or level of an Underlying

Risks relating to changes in law or the inability to hold hedging positions

In connection with issues of Notes whose interest amounts and/or redemption amounts are linked to or make reference to the price, value or level of, or the occurrence or the absence of occurrence of an event in relation to, one or more Underlying(s), the Issuer may enter into hedging arrangements (“**Hedging Positions**”) to hedge itself against the risks associated with such Notes and in particular changes in the price, value or level of the relevant Underlying(s). In the event of a change in law, it may become unlawful for the Issuer to hold, acquire, sell or unwind these Hedging Positions.

Moreover, the performance by the Issuer of its obligations under the Notes or in order to fulfil the applicable legal requirements could generate significant associated costs for the Issuer. In addition, the Issuer may be unable to hold such Hedging Positions or may incur significant costs relating to such Hedging Positions. These various events constitute additional adjustment events.

Should the Calculation Agent determine that any of the above-mentioned additional adjustment events has occurred, it shall notify the Issuer which may elect, depending on the nature of such event to either (i) require the Calculation Agent to adjust the terms of the Notes relating to interest or redemption or (ii) redeem all of the Notes at an Early Redemption Amount equal to the fair market value of the Notes (such value to be determined by reference to market conditions adjusted to take account of all fees and costs incurred by the Issuer, including those in relation to unwinding Hedging Positions), as determined by, and at the sole discretion of, the Calculation Agent.

The adjustment of the Terms and Conditions of the Notes by the Calculation Agent following the occurrence of an additional adjustment event may have a significant impact on the interest amounts and/or redemption amounts as well as the value of the Notes. Moreover, the Early Redemption Amount determined by reference to the fair market value of the Notes may be significantly less than the redemption amount specified in the relevant Final Terms. As a result, the return on the Notes may be less than initially anticipated and Noteholders may lose all or some of their investment.

Risks relating to certain events affecting Underlying Shares

Determination of interest amounts and/or redemption amounts, as the case may be, payable under the Notes linked to or which make reference to one or more shares (the “Shares”), requires observing the price of one or more Shares. Certain events affecting the Shares may have an impact on the price of such Shares or make it impossible to observe them. These events include, but are not limited to, (i) nationalisation of the company issuing the Shares (the “**Issuing Company**”), (ii) commencement of insolvency proceedings or any similar proceedings against the Issuing Company, (iii) de-listing of the Shares, (iv) a takeover offer, tender offer or exchange offer, or any other initiative by any entity or person in relation to the acquisition, or potential acquisition, of the Shares, (v) any modification of the Shares involving the disposal of the Shares to another person or entity and (vi) a consolidation, merger, absorption or mandatory exchange of the Shares. Furthermore, the Issuer may have to borrow the relevant Shares for the purposes of hedging the Notes. The cost of such borrowing may increase significantly or the Issuer and/or its affiliates may be unable to borrow the Shares at an appropriate rate. These various events constitute additional adjustment events.

In addition, in the case of Shares where China Connect applies, the China Connect Service is subject to a number restrictions including pre-trade checking requirements, daily quota restrictions and may also be affected by the intervention of the Chinese Government and/or regulatory bodies in the China market (which may be positive or negative). Such restrictions and uncertainties relating to China Connect may also result in additional adjustment events.

Should the Calculation Agent determine that an additional adjustment event has occurred, it shall notify the Issuer which may elect, depending on the nature of such event, to take action including (i) requiring the Calculation Agent to adjust the terms of redemption and payment of the Notes, or (ii) redeeming all of the Notes at an Early Redemption Amount equal to the fair market value of the Notes (such value to be determined by reference to market conditions adjusted to take account of certain fees and costs incurred by the Issuer, including, where applicable, those in relation to unwinding Hedging Positions), as determined by, and at the sole discretion of, the Calculation Agent.

The adjustment of the Terms and Conditions of the Notes by the Calculation Agent following the occurrence of an additional adjustment event may have a significant impact on the interest amounts and/or redemption amounts as well as the value of such Notes. Moreover, the Early Redemption Amount determined by reference to fair market value of the Notes may be less than the redemption amount specified in the relevant Final Terms. As a result, the return on the Notes may be less than initially anticipated and Noteholders may lose all or some of their investment.

Risks relating to the occurrence of an Administrator/Benchmark Event

The Terms and Conditions in respect of the Index Linked Notes provide for certain fallback provisions to apply should events affecting an administrator of a Benchmark or a Benchmark arise, in particular if the original Relevant Benchmark ceases to be published or exist or if it becomes unlawful for the Issuer, the Calculation Agent or any Paying Agent to respectively index, calculate or be involved in the settlement of the amount are linked to or make reference to that Relevant Benchmark.

Any adjustments made by the Calculation Agent would aim to reduce or eliminate, to the extent possible, any economic loss or benefit (as the case may be) to Noteholders resulting from the replacement of the Relevant Benchmark. However, it may not be possible to determine or apply an adjustment and, even if an adjustment is applied, that adjustment may not be effective in reducing or eliminating the economic loss to Noteholders.

Similarly, the application of any adjustment decided by the Calculation Agent may require changes to the Terms and Conditions to ensure their proper integration and the proper operation of the relevant provisions. These changes, in particular if they relate to the Terms and Conditions for calculating the interest amounts and/or redemption amounts due in respect of the Notes, could affect the performance, and consequently the nature, of the relevant Notes.

Investors should note that the consent of the Noteholders shall not be required if the Calculation Agent were to make the aforementioned adjustments or changes and that the Calculation Agent has discretionary powers when making such adjustments or changes.

Finally, in the case of an event affecting an administrator of a Benchmark or a Benchmark, if the Issuer decides at its discretion to redeem all the Notes early, the Early Redemption Amount will be equal to the fair market value of the Notes based on the market conditions prevailing at the date of determination less, except if Unwind Costs are specified as not applicable in the applicable Final Terms, any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements. Consequently, the Early Redemption Amount may be less (and in certain circumstances, significantly less) than Noteholders' initial investment in the relevant Notes.

All of the items above may affect the Issuer's ability to fulfil its obligations under the Notes and/or adversely affect the value or liquidity of the Notes.

Risks relating to the modification, termination or disruption of a market index

Determination of interest amounts and/or redemption amounts, as the case may be, payable under the Notes linked to which makes reference to one (or more) market index requires observing the level of such market index as determined and/or published by its administrator in accordance with a formula and/or calculation method established by the administrator. The administrator of the market index may, where appropriate, significantly change the formula or the calculation method of such market index (for example, by changing its components), make any other significant change to the market index, definitively cancel the market index or no longer publish the level of the market index required to determine the interest amounts and/or redemption amounts payable on the Notes. An Administrator/Benchmark Event can also occur. These various events constitute adjustment events for the market index.

Should any such adjustment events occurs, the Calculation Agent may at its discretion (i) calculate the level of the market index in accordance with the formula and calculation method of the market index in force prior to such adjustment, (ii) replace the market index with a modified market index or with a new market index or (iii) require the Issuer to redeem the Notes at the Early Redemption Amount equal to the fair market value of the Notes (such value to be determined by reference to market conditions adjusted to take account of all fees and costs incurred by the Issuer, including those in relation to unwinding Hedging Positions), determined by, and at the sole discretion of, the Calculation Agent.

The determination of the level of the market index or its replacement by the Calculation Agent following the occurrence of an adjustment event may have a significant impact on the interest amounts and/or redemption amounts as well as the value of such Notes. Moreover, the Early Redemption Amount determined by reference to fair market value of the Notes may be less than the redemption amount specified in the Terms and Conditions of the Notes. As a result, the return on the Notes may be less than initially anticipated and Noteholders may lose all or some of their investment.

Risks relating to Preference Share Linked Notes

Exposure to the Preference Share Underlying

The Preference Share Underlying may be one or more underlying asset(s) which may include, but will not be limited to, equity, debt or derivative securities, indices, investments, funds, exchange traded funds, commodities, baskets of securities or indices, currencies, portfolios and trading strategies, which may change over time as a result of performance or other factors, as may be determined by the Preference Share Issuer or the Preference Share Determination Agent and specified in the Preference Share Terms and Conditions of the relevant Class of Preference Shares.

Investors should carefully consider the following risks associated with these asset classes, on the basis that the Preference Shares to which the Notes are linked will be affected by their exposure to the relevant Preference Share Underlying.

Adjustments or early redemptions

In certain circumstances (such as the Issuer receiving notice from the Preference Share Issuer or the Preference Share Determination Agent that the Preference Shares will be redeemed early following the occurrence of certain events in relation to the Preference Shares or the Preference Share" Issuer (such as an illegality, a change in law that results in the Preference Share Issuer being subject to additional regulation or an external event affecting an underlying asset to which the Preference Shares are linked)), the Issuer will redeem the Preference Share Linked Notes early at the Early Redemption Amount in accordance with Condition 6 (*Terms for Preference Share Linked Notes*) of the Terms and Conditions of Structured Notes, as determined by it or the Calculation Agent without the consent of the holders of the Preference Share Linked Notes. The Issuer or the Calculation Agent may determine the occurrence of an Extraordinary Event or Additional Disruption Event in relation to the Preference Share Linked Notes. Upon such determination, the Issuer may, at its option, redeem the Preference Share Linked Notes in whole at the Early Redemption Amount. If Natixis Structured Issuance (or a substitute for Natixis Structured Issuance) decides to substitute for itself as principal debtor for the Preference Share Linked Notes another company and the Issuer or the Calculation Agent determines that any tax, duty, assessment or governmental charge may be imposed on any Noteholder by (or by any authority in or of) the United Kingdom that would not be so imposed if the substitution is not made, the Issuer may, at its option redeem the Preference Share Linked Notes in whole at the Early Redemption Amount. The Early Redemption Amount may be less than the amount invested in the Preference Share Linked Notes and could be as low as zero.

If certain events occur in relation to the relevant Preference Share Underlying, the Preference Share Issuer and/or the Preference Share Determination Agent (as applicable) may make adjustments to certain of the terms of the Preference Shares as it determines appropriate or, if it determines that it is unable to make any such adjustment, terminate the Preference Shares at their market value less any costs associated with the early termination of the Preference Shares including the costs of unwinding any hedging arrangements relating to the Preference Shares or the Preference Share Linked Notes. Preference Share Linked Notes will be subject to early termination if a Preference Share Early Termination Event (as defined in Condition 6(a) (*Early Redemption as a result of a Preference Share Early Termination Event*)) of the Terms and Conditions of Structured Notes in relation to the relevant Preference Share Underlying, the Preference Share Issuer and/or the Preference Share Determination Agent (as applicable)) occurs. Upon the occurrence of a Preference Share Early Termination Event, the relevant Issuer will redeem the Preference Share Linked Notes at the Early Redemption Amount (as defined in

Condition 6(a) (*Early Redemption as a result of a Preference Share Early Termination Event*) of the Terms and Conditions of Structured Notes). The Early Redemption Amount may be less (and in certain circumstances, significantly less) than holders' initial investment in the relevant Notes. In addition, the early redemption amount payable may be predetermined, determined pursuant to a formula or strategy, determined to be the market value of the Notes or otherwise determined as set out in the Terms and Conditions of the Notes and as a result, the return on the Notes may be less than initially anticipated and holders may lose all or some of their investment.

Following early redemption of Preference Share Linked Notes, the holders of such Preference Share Linked Notes may not be able to reinvest the redemption proceeds on terms as favourable as those of the Preference Share Linked Notes being redeemed. Holders of Preference Share Linked Notes should consider such reinvestment risk in light of other investments available at that time.

Credit and fraud risk of the Preference Share Issuer

Preference Share Linked Notes are linked to the performance of the relevant Preference Shares issued by the relevant Preference Share Issuer. Holders bear the Preference Share Issuer risk. The value of the Preference Share Linked Notes is dependent on the value of the Preference Share, which is dependent on the creditworthiness of the Preference Share Issuer, which may vary over the term of the Preference Share Linked Notes. The Preference Share Issuer is not an operating company. Its sole business activity is the issue of redeemable preference shares. The Preference Share Issuer does not have any trading assets and does not generate any significant net income. As its funds are limited any misappropriation of funds or other fraudulent action by the Preference Share Issuer or person acting on its behalf would have a significant effect on the value of the Preference Shares which would affect the value of the Preference Share Linked Notes.

Risks relating to inability to observe the price, value or level of the Underlying(s) in the event of Market Disruption Event

Determination of the interest amounts and/or redemption amounts, as the case may be, payable on Notes whose interest amounts and/or redemption amounts are linked to or make reference to one or more Underlying(s), requires observing the price, value or level of the Underlying(s) on the relevant market(s) or from a particular source of information. Market Disruption Events as defined in the Terms and Conditions of the Notes may occur and prevent the Calculation Agent from making these determinations.

Such Market Disruption Events may occur if the relevant market or markets do not open during their normal trading sessions or close early or in the event of the suspension or restriction of trading imposed by the relevant markets or more generally in the event of the disruption or reduced ability of the participants in such markets to trade on the affected Underlying(s).

Should any such Market Disruption Event occur, the Calculation Agent shall postpone observation of the price, value or level of the Underlying(s) until the next following trading day on the relevant market(s) or, if relevant, in particular if the Calculation Agent must determine an average of the prices, values or levels of the affected Underlying(s), until the next following Scheduled Trading Day on the relevant market(s) which is not a Disrupted Day. If the Market Disruption Event continues, the Calculation Agent shall determine in good faith the price, value or level of the affected Underlying(s).

The price, value or level of the affected Underlying(s) may be significantly different from the price, value or level published immediately prior to the occurrence of the Market Disruption Event.

Where determining the interest amounts and/or redemption amounts, as the case may be, payable under Notes whose interest amounts and/or redemption amounts are linked to or make reference to one or more Underlying(s) requires observing the price, value or level of the Underlying(s) on the relevant market(s) during a pre-determined period, the Calculation Agent may have to ignore a particular day in calculating the interest amounts and/or redemption amounts, as the case may be, payable on the Notes.

Postponing observation of the price, value or level of the affected Underlying(s), or ignoring the day on which a market disruption event occurred, may reduce all or part of the interest amounts and/or redemption amounts, as the case may be, as well as the value of the Notes. This risk will be exacerbated in the event of significant volatility of the affected Underlying(s). As a result, Noteholders may lose all or part of their initial investment.

Risks relating to the Calculation Agent's discretionary powers

The Calculation Agent, being responsible for making the determinations and adjustments required for the Notes has the discretionary power to make the calculations, observations and adjustments set forth in the Terms of the Notes. The Calculation Agent's decisions may also, subject as provided in the Terms of the Notes, result in early redemption of the Notes.

All decisions taken by the Calculation Agent are binding on the Issuer, the Noteholders and, if relevant, the Guarantor.

Given the discretionary nature of the decisions taken by the Calculation Agent, it is possible that these do not match investors' expectations and that the interest amounts and/or redemption amounts determined and calculations made by the Calculation Agent may affect the value of, return on and interest amounts and/or redemption amounts payable on, the Notes in a manner unfavourable to Noteholders. This is particularly the case if the financial terms and conditions relating to one or more Underlying(s) are adjusted or, if applicable, if one or more Underlying(s) are replaced. Such adjustments may result in a reduced return on the Notes or in Noteholders losing all or part of their investment. Furthermore, if the Notes are redeemed early, the Calculation Agent shall determine the Early Redemption Amount of the Notes which may be predetermined, determined pursuant to a formula or strategy, determined to be the market value of the Notes or otherwise determined as set out in the Terms of the Notes and as a result, the value of the Notes may be less than initially anticipated and Noteholders may lose all or some of their investment.

The worked examples presented below are for illustrative purposes only and are not representative of actual pricing. The worked examples are intended to demonstrate how amounts payable under the Notes are calculated under hypothetical scenarios. The worked examples used in this section are not exhaustive and do not demonstrate all the variety of scenarios permitted by the formulae for the calculation of Interest, Final Redemption Amount and/or Optional Redemption Amount and/or Automatic Early Redemption Amount referred to in the Additional Terms and Conditions of the Notes on pages 262 to 286 of the Base Prospectus or in the Terms and Conditions of the Structured Notes as the case may be.

The actual amounts payable (if any) will be calculated in accordance with the applicable terms and conditions of the Notes as set out in the relevant Final Terms. All data used herein excludes fees on payments, arbitration, outstanding management fees, taxes and/or costs related to the investment framework.

1. Vanilla

Overview

The following example demonstrates how the performance of an Underlying could result in a positive, neutral and negative return on the Notes. Upon maturity, the Notes will pay a redemption amount, determined in accordance with the *Vanilla* formula as specified on pages 271 *et seq.* of the Base Prospectus.

The objective of the Vanilla is to pay an amount linked to the performance of an Underlying. The Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero. The Vanilla will not bear interest and cannot be subject to an automatic early redemption mechanism.

Worked Example The scenario below is based on an Index Linked Note (single index) providing the Noteholders with an exposure to the performance of the Underlying while ensuring a minimal Final Redemption Amount per Note of 80% of the Nominal Amount.

The Final Redemption Amount per Note payable on the Maturity Date shall be determined by the Calculation Agent on the Valuation Date in the Specified Currency in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% + \text{Coupon} + \text{Optional Coupon})$$

Optional Coupon is equal to:

$$G \times \text{Min}(\text{Cap}, \text{Max}(\text{Type} \times (P \times \text{BasketPerf}(T) - K), \text{Floor}))$$

Where, for the purpose of this worked example only:

“Coupon” means – (minus) 20%

“G” means 100%

“Cap” means Not Applicable

“Floor” means 0%

“K” means 80%

“P” means 100%

“Type” means a number equal to 1

“BasketPerf(T)” means, in relation to the Index, a percentage determined by the Calculation Agent on the Valuation Date as follows: (a) Final Level divided by (b) Initial Level

“Calculation Amount” means GBP 1,000 per Note

“Initial Level” means 7,075 points

“Final Level” means the closing Level of the Index on the relevant exchange as determined by the Calculation Agent on the Valuation Date

“Maturity Date” means 28 June 2024

“Nominal Amount” means GBP 1,000 per Note

“Specified Currency” means the Pound Sterling (“**GBP**”)

“Underlying” means FTSE 100® index (the “**Index**”).

“Valuation Date” means 20 June 2024

(a) Worst-case scenario: The Final Level is lower than K (i.e. 80% of the Initial Level).

If on the Valuation Date, the Final Level is lower than K (i.e. 80% of the Initial Level), the Noteholders will receive 80% of the Nominal Amount per Note (i.e. the **Final Redemption Amount per Note payable on the Maturity Date is equal to GBP 800**)

(b) Median-case scenario: The Final Level is equal to 100% of the Initial Level.

If on the Valuation Date, the Final Level is equal to 100% of the Initial Level), the Noteholders will receive 80% of the Nominal Amount per Note plus an amount equal to the product of (a) the Nominal Amount per Note and (b) the sum of BasketPerf(T) and 20% (i.e. the Final Redemption Amount per Note payable on Maturity Date is equal to GBP 1,000 per Note).

(c) Best-case scenario: The Final Level is greater than 100% of the Initial Level.

Assuming for the purpose of this worked example only that on the Valuation Date, the Final Level is equal to 110% of the Initial Level, the Noteholders will receive 110% of the Nominal Amount per Note plus an amount equal to the product of (a) the Nominal Amount and (b) BasketPerf(T) minus K (i.e. 80%)(i.e. the Final Redemption Amount per Note payable on Maturity Date is equal to GBP 1,100 per Note).

2. Conditional Vanilla

Overview

The following example demonstrates how the performance of an Underlying could result in a positive, neutral and negative return on the Notes. Upon maturity, the Notes will pay a redemption amount, determined in accordance with the *Conditional Vanilla* formula as specified on pages 272 *et seq.* of the Base Prospectus.

The objective of the Conditional Vanilla is to pay an amount linked to the performance of an Underlying. The payment of this amount is nonetheless conditional on the fulfilment of one or several conditions. The Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero. The Conditional Vanilla will not bear interest and cannot be subject to an automatic early redemption mechanism.

Worked Example

The scenario below is based on an Index Linked Note (single index) allowing the Noteholders to receive on the Maturity Date, 150% of their initial capital investment if the performance of the Underlying is greater than or equal to 10%. If the performance of the Underlying is below 10% but greater than or equal to – (minus) 40%, they will recover their initial capital investment. Otherwise, they will bear a loss in capital which is equal to the negative performance of the Underlying.

The Final Redemption Amount per Note is determined by the Calculation Agent on the Valuation Date in the Specified Currency in accordance with the following formula:

$$\begin{aligned} \text{Calculation Amount} \times [& \mathbf{R} + \mathbf{Coupon} + (\mathbf{Vanilla}_1 \times \mathbf{Condition}_1 \times \mathbf{FX}_1) \\ & + (\mathbf{Vanilla}_2 \times \mathbf{Condition}_2 \times \mathbf{FX}_2) + (\mathbf{Vanilla}_3 \\ & \times \mathbf{Condition}_3 \times \mathbf{FX}_3)] \end{aligned}$$

Where:

$$\mathbf{Vanilla}_1 = \mathbf{Coupon}_1 + \mathbf{G}_1 \times \mathbf{Min}(\mathbf{Cap}_1, \mathbf{Max}(\mathbf{Type}_1 \times (\mathbf{BasketPerf}(T) - \mathbf{K}_1), \mathbf{Floor}_1))$$

$$\mathbf{Vanilla}_2 = \mathbf{Coupon}_2 + \mathbf{G}_2 \times \mathbf{Min}(\mathbf{Cap}_2, \mathbf{Max}(\mathbf{Type}_2 \times (\mathbf{BasketPerf}(T) - \mathbf{K}_2), \mathbf{Floor}_2))$$

$$\mathbf{Vanilla}_3 = \mathbf{Coupon}_3 + \mathbf{G}_3 \times \mathbf{Min}(\mathbf{Cap}_3, \mathbf{Max}(\mathbf{Type}_3 \times (\mathbf{BasketPerf}(T) - \mathbf{K}_3), \mathbf{Floor}_3))$$

The value of each Condition is determined as follows

$$\begin{aligned}\mathbf{Condition}_1 &= \mathbf{1 \text{ if } BasketPerf(T) \geq H} \\ &= 0 \text{ if not}\end{aligned}$$

$$\begin{aligned}\mathbf{Condition}_2 &= \mathbf{1 \text{ if } BasketPerf(T) < B} \\ &= 0 \text{ if not}\end{aligned}$$

$$\begin{aligned}\mathbf{Condition}_3 &= \mathbf{1 \text{ if } BasketPerf(T) \geq D_1} \\ &= 0 \text{ if not}\end{aligned}$$

Where, for the purpose of this worked example only:

“**FX₁**” means 100% ; “**FX₂**” means 100% and “**FX₃**” means 100%.

“**Relevant FX 1**” means Not Applicable; “**Relevant FX 2**” means Not Applicable and “**Relevant FX 3**” means Not Applicable.

“**R**” means 100%.

“**G₁**” means Not Applicable ; “**G₂**” means – (minus) 100% and “**G₃**” means Not Applicable.

“**Cap₁**” means Not Applicable ; “**Cap₂**” means Not Applicable and “**Cap₃**” means Not Applicable.

“**Floor₁**” means Not Applicable ; “**Floor₂**” means 0% and “**Floor₃**” means Not Applicable.

“**Type₁**” means Not Applicable ; “**Type₂**” means a number equal to -1 and “**Type₃**” means Not Applicable.

“**H**” means 110%.

“**B**” means 60%.

“**D₁**” means Not Applicable

“**BasketPerf(T)**” means, in relation to the Index, a percentage determined by the Calculation Agent on the Valuation Date as follows: (a) Final Level divided by (b) Initial Level

“**Calculation Amount**” means GBP 1,000 per Note

“**Initial Level**” means 2,900 points

“**Final Level**” means the closing Level of the Index on the relevant exchange as determined by the Calculation Agent on the Valuation Date

“**Maturity Date**” means 28 June 2024

“**Nominal Amount**” means GBP 1,000 per Note

“**Specified Currency**” means the Pound Sterling (“**GBP**”)

“**Underlying**” means STOXX Global Select Dividend 100 Index EUR® (the “**Index**”).

“**Valuation Date**” means 20 June 2024

- (a) **Worst-case scenario: On the Valuation Date, the Final Level is lower than B (i.e. 60% of the Initial Level)**

If on the Valuation Date, the Final Level is equal to 35% of the Initial Level, the Noteholders bear a loss in capital equal to the negative performance of the Index (i.e. **the Final Redemption Amount per Note is equal to GBP 350**).

- (b) **Median-case scenario: On the Valuation Date, the Final Level is greater than or equal to B (i.e. 60% of the Initial Level) and lower than H (i.e. 110% of the Initial Level)**

If on the Valuation Date, the Final Level is equal to 90% of the Initial Level, the Noteholders are not affected by the negative performance of the Index and recover their initial capital (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to GBP 1,000**).

- (c) **Best-case scenario: On the Valuation Date, the Final Level is greater than or equal to H (i.e. 110% the Initial Level)**

If on the Valuation Date, the Final Level is equal to 115% of the Initial Level, the Noteholders recover their initial capital investment plus an amount equal to Coupon₁ (i.e. 50%) per Nominal Amount invested (i.e. **the Final Redemption Amount per Note is equal to GBP 1,500**).

3. Airbag

Overview

The following example demonstrates how the performance of an Underlying could result in a positive, neutral and negative return on the Notes. Upon maturity, the Notes will pay a redemption amount, determined in accordance with the *Airbag* formula as specified on page 274 of the Base Prospectus.

The Airbag is a particular type of Conditional Vanilla. It may pay an amount linked to the positive performance of the Underlying(s). In cases where such Performance is negative and below a certain level, the Notes may be redeemed below par.

Worked Example

The scenario below is based on Equity Linked Note (basket of shares) providing the Noteholders with an exposure to the performance of a Basket of Shares while ensuring a minimal Final Redemption Amount per Note of 60% of the Nominal Amount.

If on the Valuation Date, the performance of the Basket of Shares is greater than or equal to 0%, the Noteholders will receive on the Maturity Date an amount per Note equal to the product of the Nominal Amount and the positive performance of the Basket of Shares. If on the Valuation Date, the performance of the Basket of Shares is below 0% but greater than or equal to – (minus) 40%, the Noteholders will not be affected by the negative performance of the Basket of Shares and recover their initial capital investment on the Maturity Date. Otherwise, they will bear a loss in capital equal to the negative performance of the Basket of Shares.

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent on the Valuation Date in the Specified Currency in accordance with the following formula:

$$\text{Calculation Amount} \times [100\% + \text{Vanilla}_1 - (\text{Vanilla}_2 \times \text{DownsideCondition})]$$

Where:

Vanilla₁ = G₁ × Min(Cap₁, Max((BasketPerf (T) – K₁), Floor₁))

Vanilla₂ = G₂ × Min(Cap₂, Max((K₂ – BasketPerf (T)), Floor₂))

DownsideCondition = 1 if BasketPerf (T) < B

= 0 if not

Where, for the purpose of this worked example only:

“G₁” means 100% and “G₂” means 100%

“Cap₁” is Not Applicable and “Cap₂” is Not Applicable

“Floor₁” means 0% and “Floor₂” means 0%

“K₁” means 100% and “K₂” means 100%

“B” means 60%.

“BasketPerf(T)” means, in relation to the Basket of Shares, a percentage determined by the Calculation Agent on the Valuation Date as follows: (a) Final Price divided by (b) Initial Price

“Calculation Amount” means EUR 1,000 per Note

“Final Price” means the closing price of each share comprised in the Basket of Shares the relevant exchange as determined by the Calculation Agent on the Valuation Date

“Initial Price” means the average closing price of each share comprised in the Basket of Shares as observed by the Calculation Agent on 4 October 2021, 5 October 2021 and 6 October 2021 (i.e. EUR 50.00)

“Maturity Date” means 10 July 2028

“Nominal Amount” means EUR 1,000 per Note

“Specified Currency” means Euro (“EUR”)

“Underlying” means an equally weighted basket composed of ordinary shares in the capital of UNIBAIL-RODAMCO-WESTFIELD (ISIN code “FR0013326246” and Bloomberg Code “URW NA”) and BNP PARIBAS (ISIN code “FR0000131104” and Bloomberg Code “BNP FP”) (the “Basket of Shares”).

“Valuation Date” means 3 July 2028.

(a) Worst-case scenario: On the Valuation Date, the Final Price is lower than B (i.e. 60% of the Initial Price)

If on the Valuation Date, the Final Price is equal to 45% of the Initial Price, the Noteholders bear a loss in capital equal to the negative performance of the Basket of Shares (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 600**).

- (b) **Median-case scenario: On the Valuation Date, the Final Price is greater than or equal to B (i.e. 60% of the Initial Price) but lower than K₁ (i.e. 100% of the Initial Price)**

If on the Valuation Date, the Final Price is equal to 90% of the Initial Price, the Noteholders are not affected by the negative performance of the Basket of Shares and recover their initial capital (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 1,000**).

- (c) **Best-case scenario: On the Valuation Date, the Final Price is greater than or equal to K₁ (i.e. 100% of the Initial Price)**

If on the Valuation Date, the Final Price is equal to 115% of the Initial Price, the Noteholders recover their initial capital investment plus an amount equal to 15% per Nominal Amount invested (i.e. **the Final Redemption Amount per Note payable on Maturity Date, is equal to EUR 1,150**).

4. Reverse

Overview

The following example demonstrates the way in which the performance of an Underlying could result in a positive and negative return on the Notes. The Notes will pay interest and redemption amounts determined in accordance with the **Reverse** formula as specified on pages 274 *et seq.* of the Base Prospectus.

The Reverse may pay a conditional or guaranteed interest amount on each Payment Date. If applicable, investors may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. In cases where the performance of the Underlying(s) is negative, the Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero.

Worked Example

The scenario below is based on an Equity Linked Note (single share) allowing the Noteholders to receive an Interest Amount of 1.50% per interest period in exchange of an exposure to the negative performance of the Underlying on the Maturity Date. Memory Effect is not applicable.

The Interest Amount per Note payable on each Payment Date(t) shall be determined by the Calculation Agent on each corresponding Valuation Date(t) in the Specified Currency in accordance with the following formula:

$$\text{Coupon}(t) = \text{Calculation Amount} \times [\text{MinCoupon}(t) + (\text{Coupon}(t) - \text{MemoryCoupon}(t)) \times \text{UpsideCondition}(t)]$$

Where, for the purpose of this worked example only:

“**MinCoupon(t)**” means 1.50% for all Valuation Dates(t)

“**Coupon(t)**” means 0% for all Valuation Dates(t)

“**Memory Coupon(t)**” means 0

“**UpsideCondition**” means 0

The Final Redemption Amount per Calculation Amount is determined by the Calculation Agent in accordance with the following formula:

$$\text{Calculation Amount} \times (100\% - \text{Vanilla} \times \text{DownsideCondition})$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}(T)), \text{Floor}))$$

DownsideCondition = 1 if BasketPerf(T) < B
= 0 if not

Where:

“**Basket(T)**” means, in relation to the Share, a percentage determined by the Calculation Agent on the last Valuation Date(t) as follows: (a) Final Price divided by (b) Initial Price.

“**G**” means 100.00%

“**Valuation Date(t)**” means 10 April 2024, 10 April 2025 and 10 April 2026

“**Payment Date(t)**” means 23 April 2024, 23 April 2025 and the Maturity Date.

(a) **Worst-case scenario: On the last Valuation Date(t), the Final Price is lower than B (i.e. 60% of the Initial Price)**

On each Payment Date(t), the Noteholders receive an Interest Amount equal to MinCoupon(t) (i.e. 1.50%) per Nominal Amount invested (i.e. **EUR 15 per Note on each Payment Date(t) corresponding to a total amount of EUR 45 per Note**).

On the last Valuation Date(t), Final Price is equal to 50% of the Initial Price (i.e. EUR 30.00). On the Maturity Date, the Noteholders bear a loss in capital equal to the negative

performance of the Share (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 500**).

(b) Best-case scenario: On the last Valuation Date(t), the Final Price is greater than or equal to B (i.e. 60% of the Initial Price)

On each Payment Date, the Noteholders receive an Interest Amount equal to MinCoupon(t) (i.e. 1.50%) per Nominal Amount invested (i.e. **EUR 15 per Note on each Payment Date(t) corresponding to a total amount of EUR 45 per Note**).

On the last Valuation Date(t), Final Price is equal to 75% of the Initial Price (i.e. EUR 45.00). On the Maturity Date, the Noteholders are not affected by the negative performance of the Share and recover their initial capital investment (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 1,000**).

5. Phoenix

Overview

The following example demonstrates the way in which the performance of an Underlying could result in a positive, neutral and negative return on the Notes. The Notes will pay interest and redemption amounts determined in accordance with the **Phoenix** formula as specified on pages 276 *et seq.* of the Base Prospectus.

The Phoenix may pay a conditional or guaranteed Interest Amount on each Payment Date. If applicable, Noteholders may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. Automatic Early Redemption of the Notes may occur during the term of the Notes. The Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero.

Worked Example

The scenario below is based on an Equity Linked Note (single share) allowing the Noteholders to receive a conditional Interest Amount of 2.50% per interest period (the **PhoenixCoupon**) in exchange of an exposure to the negative performance of the Underlying on the Maturity Date if the Notes have not been early redeemed before. Memory Effect is applicable.

The Interest Amount per Note payable on each Payment Date(t) shall be determined by the Calculation Agent on each corresponding Valuation Date(t) in the Specified Currency in accordance with the following formula:

$$\begin{aligned} & \mathbf{PhoenixCoupon(t)} \\ & = \mathbf{Calculation\ Amount} \times [\mathbf{Coupon}_1(t) \\ & + (\mathbf{Coupon}_2(t) - \mathbf{MemoryCoupon}(t)) \\ & \times \mathbf{UpsideCondition}(t)] \end{aligned}$$

With:

“**BasketPerf(t)**” means, in relation to the Share, a percentage determined by the Calculation Agent on any Valuation Date(t) as follows: (a) Final Price divided by (b) Initial Price.

“**H(t)**” means 80.00%

“**MemoryCoupon(t)**” means the sum of all interest amounts per Note paid prior to the Payment Date indexed “t” expressed as a percentage of the Calculation Amount.

The Automatic Early Redemption of the Note is triggered on any Valuation Date(t) indexed "t" where:

AutoCallCondition(t)=1

With :

AutoCallCondition(t)=1 if BasketPerf(t) ≥ R(t)
=0 if not

“**R(t)**” means 100.00% for all Valuation Date(t) (excluding the last Valuation Date(t) for which R(t) shall be Not Applicable). If "R(t)" is specified as being Not Applicable, then **AutoCallCondition(t) = 0** in any event.

In this case, the Automatic Early Redemption Amount per Calculation Amount payable on the Payment Date immediately following such Valuation Date "t" shall be equal to:

Calculation Amount × (100% + Coupon₃(t) x UpsideCondition₂(t))

With:

“**Coupon₃(t)**” means 0.00%

“**UpsideCondition₂(t)**” means Not Applicable

If the Note has never been subject to an Automatic Early Redemption, then the Final Redemption Amount per Calculation Amount shall be equal to:

**Calculation Amount × [100% + FinalCoupon - Vanilla ×
DownsideCondition × (1 - UpsideCondition₃)]**

where:

Vanilla = G × Min(Cap, Max ((K - BasketPerf(T)), Floor))

DownsideCondition = 1 if BasketPerf(T) < B

= 0 if not

With:

“**BasketPerf(T)**” means the BasketPerf(t) on the last Valuation Date(t)

“**Valuation Date(t)**” means 25 February and 25 August in each year from and including 25 February 2023 to and including 25 August 2032.

(a) Worst-case scenario: On each Valuation Date(t), the Final Price is lower than H(t) (i.e. 80% of the Initial Price) and on the last Valuation Date(t), the Final Price is lower than “B” (i.e. 50% of the Initial Price)

On each Valuation Date(t), the Final Price is lower than H(t) (i.e. 80% of the Initial Price) and on the last Valuation Date(t) the Final Price is equal to 20% of the Initial Price. In this case, the automatic early redemption mechanism is not triggered, and the Noteholders do not receive any Interest Amount. On the Maturity Date, the Noteholders bear a loss in capital equal to the negative performance of the Share (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 200**).

(b) Median-case scenario: On the second Valuation Date(t), the Final Price is greater than or equal to H(t) (i.e. 80% of the Initial Price) and on the last Valuation Date(t), the Final Price is greater than or equal to B (i.e. 50% of the Initial Price)

On 25 August 2023, the Final Price is equal to 85% of the Initial Price. The Noteholders receive an Interest Amount equal to the product of Coupon₂ (i.e. 2.50%) and two (i.e. 5.00%) per Nominal Amount invested on 5 September 2023 (i.e. **the Interest Amount per Note payable on the relevant Payment Date is equal to EUR 50 per Note**).

On each following Valuation Date(t), the Final Price is lower than H(t) (i.e. 80% of the Initial Price) and greater than or equal to B (i.e. 50% of the Initial Price). In this case, the automatic early redemption mechanism is not triggered. On the Maturity Date, the Noteholders are not affected by the negative performance of the Share and recover their initial capital investment (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 1,000**).

- (c) **Best-case scenario: On the first Valuation Date(t), the Final Price is greater than or equal to R(t) (i.e. 100% of the Initial Price)**

On 25 February 2023, the Final Price is equal to 105% of the Initial Price. The automatic early redemption mechanism is triggered and the Noteholders recover their initial capital investment (i.e. **the Automatic Early Redemption Amount per Note payable on the relevant Payment Date is equal to EUR 1,000**) plus an Interest Amount equal to the product of Coupon₂ (i.e. 2.50%) and one (i.e. 2.50%) per Nominal Amount invested (i.e. **the Interest Amount per Note payable on the relevant Payment Date is equal to EUR 1,025**)

6. Phoenix callable at the option of the Issuer

Overview

The following example demonstrates the way in which the performance of an Underlying could result in a positive, neutral and negative return on the Notes. The Notes will pay interest and redemption amounts determined in accordance with the **Phoenix callable at the option of the Issuer** formula as specified on pages 278 *et seq.* of the Base Prospectus.

The Phoenix callable at the option of the Issuer may pay a conditional or guaranteed interest amount on each Payment Date. If applicable, investors may benefit from the Memory Effect, which triggers payment of any previously unpaid interest amounts. The Notes may be early redeemed at the option of the Issuer. In cases where the performance of the Underlying(s) is negative, the Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero.

Worked Example

The scenario below is based on an Index Linked Note (single index) allowing the Noteholders to receive a conditional Interest Amount of 3.00% per interest period (the **PhoenixCoupon**) in exchange of an exposure to the negative performance of the Underlying, on the Maturity Date, if the Notes have not been early redeemed before. Memory Effect is applicable. The Notes may be early redeemed at the option of the Issuer at a rate of 100% on the third year.

The Interest Amount per Note payable on each Payment Date(t) shall be determined by the Calculation Agent on each corresponding Valuation Date(t) in the Specified Currency in accordance with the following formula:

“**MemoryCoupon(t)**” means the sum of all interest amounts per Note paid prior to the Payment Date indexed “t” expressed as a percentage of the Calculation Amount.

On each Optional Redemption Date, the Issuer may redeem all Notes early upon giving notice to Noteholders of its exercise of this early redemption option.

In the event of exercise by the Issuer of its optional redemption, the Optional Redemption Amount per Calculation Amount payable on the Optional Redemption Date is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

$$\begin{aligned} \text{UpsideCondition}_2(t) &= 1 \text{ if } \text{BasketPerf}(t) \geq \text{H}_2(t) \\ &= 0 \text{ if not} \end{aligned}$$

“**Coupon₃(t)**” means 0.00%

“**H₂(t)**” means 100%

“**Optional Redemption Date**” means 2 December 2025

If the Note has never been subject to an Optional Redemption, then the Final Redemption Amount per Calculation Amount shall be equal to:

$$\text{Calculation Amount} \times [100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_3)]$$

where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}(T)), \text{Floor}))$$

“**Valuation Date(t)**” means 15 November in each year from and including 15 November 2023 to and including 15 November 2028.

(a) Worst-case scenario: On each Valuation Date(t), the Final Level is lower than H(t) (i.e. 85% of the Initial Level), the Issuer does not exercise its option to early redeem the Notes and on the last Valuation Date(t), the Final Level is lower than B (i.e. 70% of the Initial Level)

On each Valuation Date(t), the Final Level is lower than H(t) (i.e. 85% of the Initial Level), the Issuer does not exercise its option to early redeem the Notes and on the last Valuation Date(t) the Final Level is equal to 40% of the Initial Level. In this case, the Noteholders do not receive any Interest Amount. On the Maturity Date, the Noteholders bear a loss in capital equal to the negative performance of the Index (i.e. **the Final Redemption Amount per Note payable on Maturity Date is equal to EUR 400**).

(b) Median-case scenario: On the second Valuation Date(t), the Final Level is greater than or equal to H(t) (i.e. 85% of the Initial Level), the Issuer does not exercise its option to early redeem the Notes and on the last Valuation Date(t), the Final Level is greater than or equal to B (i.e. 70% of the Initial Level)

On 15 November 2024, the Final Level is equal to 87% of the Initial Level. The Noteholders receive an Interest Amount equal to the product of Coupon₂(t) (i.e. 3%) and two (i.e. 6.00%) per Nominal Amount invested, on 1 December 2024 (i.e. EUR 60 per Note). (c) Best-case scenario: On each Valuation Date(t), the Final Level is greater than or equal to H(t) (i.e. 85% of the Initial Level) and on the third year, the Issuer exercises its option to early redeem the Notes.

On each Valuation Date(t), the Final Level is greater than or equal to 85% of the Initial Level. The Noteholders receive an Interest Amount equal to Coupon₂(t) (i.e. 3.00%) per Nominal Amount invested, on 1 December 2023, 1 December 2024 and 2 December 2025

(i.e. EUR 30 per Note on each Payment Date corresponding to a total amount of EUR 90 per Note).

On 16 November 2025, the Issuer exercises its option to early redeem the Notes and the Noteholders recover their initial capital investment (i.e. the **Optional Redemption Amount per Note, payable on the Optional Redemption Date is equal to EUR 1,000**).

7. Autocall

Overview

The following example demonstrates the way in which the performance of an Underlying could result in a positive, neutral and negative return on the Notes. The Notes will pay a redemption amount determined in accordance with the *Autocall* formula as specified on pages 280 *et seq.* of the Base Prospectus.

Autocall is a product that may be automatically redeemed before the maturity of the Notes if the performance of the Underlying(s) is above a threshold. In such case, the Notes are redeemed at par with any positive interest amount. The Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero.

Worked Example

The scenario below is based on an Index Linked Note (single index) providing the Noteholders with conditional interest amount of 3% per interest period if the automatic early redemption mechanism of the product is triggered, in return for the risk of loss of capital at maturity.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

$$\text{AutoCallCondition}(t) = 1 \text{ if } \text{BasketPerf}(t) \geq R(t)$$

$$= 0 \text{ if not,}$$

Where, for the purposes of this worked example only:

"**R(t)**" means 105.00% for all Valuation Dates(t) (excluding the last Valuation Date(t) for which R(t) shall be Not Applicable). If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event

"**BasketPerf(t)**" means, in relation to the Index, a percentage determined by the Calculation Agent on the Valuation Date(t) as follows: (a) Final Level divided by (b) Initial Level

In this case, the automatic early redemption amount per Note payable on the immediately following Payment Date is equal to:

$$\text{Calculation Amount} \times (100\% + \text{AutoCallCoupon}(t))$$

$$\text{AutoCallCoupon}(t) = \text{Coupon}_1(t) + \text{Vanilla}_2(t) \times \text{UpsideCondition}(t)$$

where:

"**Coupon₁(t)**" means a rate determined by the Calculation Agent equals to the product of 3.00% multiplied by "t". With "t" ranking from 1 to 20 in respect of each three-month period.

"**Vanilla₂(t)**" means 0.00%

“**UpsideCondition(t)**” means Not Applicable

If the automatic early redemption is not triggered, the Final Redemption Amount per Note shall be payable on the Maturity Date in the Specified Currency and calculated as follows:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_4)),$$

$$\text{where: Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}(T)), \text{Floor}))$$

$$\text{DownsideCondition} = 1 \text{ if } \text{BasketPerf}(T) < B$$

$$= 0 \text{ if not, and}$$

$$\text{FinalCoupon} = (\text{Coupon}_3 \times (1 - \text{DownsideCondition})) + (\text{Vanilla}_4 \times \text{UpsideCondition}_4).$$

$$\text{Vanilla}_4 = \text{Coupon}_4$$

$$\text{UpsideCondition}_4 = 1 \text{ if } \text{BasketPerf}(T) \geq H_4$$

$$= 0 \text{ if not}$$

On each Valuation Date(t), the Final Level is lower than R(t) (i.e. 105% of the Initial Level). In this case, the automatic early redemption mechanism is not triggered, and the Noteholders do not receive any interest amount.

On the last Valuation Date(t), the Final Level is equal to 50% of the Initial Level. On the Maturity Date, the Noteholders bear a loss in capital equal to the negative performance of the Index (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 5,000**).

- (b) **Median-case scenario: On each Valuation Date(t), the Final Level is below R(t) (i.e. 105% of the Initial Level) and on the last Valuation Date(t), the Final Level is lower than H₄ (i.e. 105% of the Initial Level) but greater than B (i.e. 80% of the Initial Level)**

On each Valuation Date(t), the Final Level is lower than R(t) (i.e. 105% of the Initial Level). The automatic early redemption mechanism is not triggered, and the Noteholders do not receive any interest amount.

- (c) **Best-case scenario: On the first Valuation Date(t), the Final Price is greater than R(t) (i.e. 105% of the Initial Level)**

The automatic early redemption mechanism is triggered and the Noteholders recover their initial capital investment plus an interest amount equal to $Coupon_1(t)$ (i.e. 3.00%) per Nominal Amount invested (i.e. **the Automatic Early Redemption Amount per Note payable on the relevant Payment Date is equal to EUR 10,300**)

8. Step-down Autocall

Overview

The following example demonstrates the way in which the performance of an Underlying could result in a positive, neutral and negative return on the Notes. The Notes will pay a redemption amount determined in accordance with the *Step-down Autocall* formula as specified on pages 282 *et seq.* of the Base Prospectus.

Step-down Autocall is a product that may be automatically redeemed before the maturity of the Notes if the performance of the Underlying(s) is below a threshold. In such case, the Notes are redeemed at par with any positive interest amount. The Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero.

Worked Example The scenario below is based on an Index Linked Note (single index) providing the Noteholders with conditional interest amount of 1.5% per interest period if the automatic early redemption mechanism of the product is triggered, in return for the risk of loss of capital at maturity.

The Automatic Early Redemption of the product is triggered on any Valuation Date(t) indexed "t" where:

$$\begin{aligned} \text{AutoCallCondition}(t) &= 1 \\ \text{AutoCallCondition}(t) &= 1 \text{ if } \text{BasketPerf}(t) \leq R(t) \\ &= 0 \text{ if not,} \end{aligned}$$

Where, for the purposes of this worked example only:

“**R(t)**” means 85.00% for all Valuation Dates(t) (excluding the last Valuation Date(t) for which R(t) shall be Not Applicable). If "R(t)" is specified as being Not Applicable, then AutoCallCondition(t) = 0 in any event

“**BasketPerf(t)**” means, in relation to the Index, a percentage determined by the Calculation Agent on the Valuation Date(t) as follows: (a) Final Level divided by (b) Initial Level.

In this case, the automatic early redemption amount per Note payable on the immediately following Payment Date is equal to:

$$\text{Calculation Amount} \times (100\% + \text{AutoCallCoupon}(t))$$

$$\text{AutoCallCoupon}(t) = \text{Coupon}_1(t) + \text{Vanilla}_2(t) \times \text{DownCondition}(t)$$

where:

“**Coupon₁(t)**” means a rate determined by the Calculation Agent equals to the product of 1.50% multiplied by “t”. With “t” ranking from 1 to 10 in respect of each six-month period.

“**Vanilla₂(t)**” means 0.00%

“**DownCondition(t)**” means Not Applicable

If the automatic early redemption is not triggered, the Final Redemption Amount per Note shall be payable on the Maturity Date in the Specified Currency and calculated as follows:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} \times (1 - \text{UpsideCondition})) - \text{Vanilla} \times \text{UpsideCondition}$$

Where:

$$\text{Vanilla} = G \times \text{Min}(\text{Cap}, \text{Max}((\text{BasketPerf}(T) - K), \text{Floor}))$$

$$\begin{aligned} \text{UpsideCondition} &= 1 \text{ if } \text{BasketPerf}(T) \geq B \\ &= 0 \text{ if not, and} \end{aligned}$$

$$\text{FinalCoupon} = \text{Coupon}_3 + \text{Vanilla}_4 \times \text{DownsideCondition}_4$$

$$\text{Vanilla}_4 = \text{Coupon}_4$$

$$\begin{aligned} \text{DownsideCondition}_4 &= 1 \text{ if } \text{BasketPerf}(T) \leq H_4 \\ &= 0 \text{ if not} \end{aligned}$$

Where:

“**BasketPerf(T)**” means the BasketPerf(t) on the last Valuation Date(t)

“**Coupon₃**” means 0.00%.

“**Coupon₄**” means 15.00%.

“**G**” means 100.00%.

“**H₄**” means 100.00%.

“**Calculation Amount**” means GBP 1,000 per Note

“**Initial Price**” means 4,150 points

“**Issue Date**” means 30 July 2022

“**Maturity Date**” means 30 July 2027

“**Nominal Amount**” means GBP 1,000 per Note

“**Payment Date(t)**” means, 30 April and 30 July in each year from and including 30 April 2023 to and including the Maturity Date

“**Specified Currency**” means the Pound Sterling (“**GBP**”)

“**Underlying**” means EURO STOXX Price Eur® index (the “**Index**”).

“**Valuation Date(t)**” means 20 April and 20 July in each year from and including 20 April 2023 to and including 20 July 2027

(a) Worst-case scenario: On each Valuation Date(t), the Final Level is greater than R(t) (i.e. 85% of the Initial Level) and on the last Valuation Date(t), the Final Level is greater than B (i.e. 115% of the Initial Level)

On each Valuation Date(t), the Final Level is greater than R(t) (i.e. 85% of the Initial Level). In this case, the automatic early redemption mechanism is not triggered, and the Noteholders do not receive any interest amount.

On the last Valuation Date(t), the Final Level is equal to 117% of the Initial Level. On the Maturity Date, the Noteholders bear a loss in capital equal to the negative value of performance of the Index (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to GBP 830**).

(b) Median-case scenario: On each Valuation Date(t), the Final Level greater than R(t) (i.e. 85% of the Initial Level) and on the last Valuation Date(t), the Final Level is lower than or equal to B (i.e. 115% of the Initial Level)

On each Valuation Date(t), the Final Level is greater than R(t) (i.e. 85% of the Initial Level). The automatic early redemption mechanism is not triggered, and the Noteholders do not receive any interest amount.

On the last Valuation Date(t), the Final Level is equal to 108% of the Initial Level. On 20 April 2023, the Final Level is equal to 82% of the Initial Level. The automatic early redemption mechanism is triggered and the Noteholders recover their initial capital investment plus an interest amount equal to $Coupon_1(t)$ (i.e. 1.50%) per Nominal Amount invested (i.e. **the Automatic Early Redemption Amount per Note payable on the relevant Payment Date is equal to GBP 1,015**).

9. Autocall Daily

Overview

The following example demonstrates the way in which the performance of an Underlying could result in a positive, neutral and negative return on the Notes. The Notes will pay a redemption amount determined in accordance with the *Autocall Daily* formula as specified on pages 284 *et seq.* of the Base Prospectus.

Autocall Daily is a product that may be automatically redeemed on a daily basis before the maturity of the Notes if the performance of the Underlying(s) is above a threshold. In such case, the Notes are redeemed at par with any positive interest amount. The Final Redemption Amount per Note may be less than the Nominal Amount, or even be equal to zero.

Worked Example

The scenario below is based on an Index Linked Note (single index) providing the Noteholders with an annual interest amount of 8% if the automatic early redemption mechanism of the product is triggered, in return for the risk of loss of capital at maturity.

The Automatic Early Redemption of the product is triggered on any Valuation Date indexed "t" where:

$$\text{AutoCallCondition}(t) = 1$$

$$\text{AutoCallCondition}(t) = 1 \text{ if BasketPerf}(t) \geq R(t)$$

$$= 0 \text{ if not,}$$

Where, for the purposes of this worked example only:

“**R(t)**” means 100.00% for all Valuation Dates(t) (excluding the last Valuation Date(t) for which R(t) shall be Not Applicable). If "R(t)" is specified as being Not Applicable, then $\text{AutoCallCondition}(t) = 0$ in any event

“**BasketPerf(t)**” means, in relation to the Index, a percentage determined by the Calculation Agent on the Valuation Date(t) as follows: (a) Final Level divided by (b) Initial Level

In this case, the automatic early redemption amount per Note payable on the immediately following Payment Date is equal to:

$$\text{Calculation Amount} \times (100\% + \text{AutoCallCoupon}(t))$$

$$\text{AutoCallCoupon}(t) = \text{Coupon}_1 \times n/N + \text{Coupon}_2(t) \times \text{UpsideCondition}(t)$$

where:

“n” means the number of calendar days between the **Start Date** and the Valuation Date indexed "t" on which the automatic early redemption mechanism is triggered.

“**Start Date**” means 19 February 2023

“N” means 365

“**Coupon₁(t)**” means 8.00%.

“**Coupon₂(t)**” means 0.00%

“**UpsideCondition(t)**” means Not Applicable

If the automatic early redemption is not triggered, the Final Redemption Amount per Note shall be payable on the Maturity Date in the Specified Currency and calculated as follows:

$$\text{Calculation Amount} \times (100\% + \text{FinalCoupon} - \text{Vanilla} \times \text{DownsideCondition} \times (1 - \text{UpsideCondition}_5)),$$

where: **Vanilla** = $G \times \text{Min}(\text{Cap}, \text{Max}((K - \text{BasketPerf}(T)), \text{Floor}))$

DownsideCondition = 1 if $\text{BasketPerf}(T) < B$

= 0 if not, and

FinalCoupon = $(\text{Coupon}_4 \times (1 - \text{DownsideCondition})) + (\text{UpsideVanilla} \times \text{UpsideCondition}_5)$

UpsideVanilla = $\text{Coupon}_5 + G_H \times \text{Min}(\text{Cap}_H, \text{Max}((\text{BasketPerf}(T) - K_H), \text{Floor}_H))$

UpsideCondition₅ = 1 if $\text{BasketPerf}(T) \geq H_2$

= 0 if not

Where:

“**BasketPerf(T)**” means the BasketPerf(t) on the last Valuation Date(t)

“**Coupon₄**” means 0.00%.

“**G**” means 100.00 %.

“**Cap**” is Not Applicable.

“**Floor**” means 0.00%.

“**K**” means 100.00%.

“**B**” means 65.00%.

“**Coupons₅**” means 50.00%.

“**G_H**” means 0.00%.

“**Cap_H**” means 0.00%.

“**Floor_H**” means 0.00%.

“**K_H**” means 100.00%

“**H₂**” means 100.00%.

“**Calculation Amount**” means EUR 1,000 per Note

“**Initial Price**” means 7,750 points

“**Issue Date**” means 1 February 2023

“**Final Level**” means the closing Level of the Index on the relevant exchange as determined by the Calculation Agent on any Valuation Date(t)

“**Maturity Date**” means 5 March 2031

“**Nominal Amount**” means EUR 1,000 per Note

“**Payment Date(t)**” means, ten (10) business days following the Valuation Date(t) on which the automatic early redemption mechanism is triggered, or if not, the Maturity Date

“**Specified Currency**” means Euro (“**EUR**”)

“**Underlying**” means FTSE 100® index (the “**Index**”)

“**Valuation Date(t)**” means each Scheduled Trading Day from and including 21 February 2023 to and including 19 February 2031.

(a) Worst-case scenario: On each Valuation Date(t), the Final Level is below “R(t)” (i.e. 100% of the Initial Level) and on the last Valuation Date(t), the Final Level is lower than B (i.e. 65% of the Initial Level)

On each Valuation Date(t), the Final Level is lower than R(t) (i.e. 100% of the Initial Level). In this case, the automatic early redemption mechanism is not triggered, and the Noteholders do not receive any interest amount.

On the last Valuation Date(t), the Final Level is equal to 60% of the Initial Level. On the Maturity Date, the Noteholders bear a loss in capital equal to the negative performance of the Index (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 600**).

(b) Median-case scenario: On each Valuation Date(t), the Final Level is below R(t) (i.e. 100% of the Initial Level) and on the last Valuation Date(t), the Final Level is greater than or equal to B (i.e. 65% of the Initial Level) but lower than H₂ (i.e. 100% of the Initial Level)

On each Valuation Date(t), the Final Level is lower than R(t) (i.e. 100% of the Initial Level). The automatic early redemption mechanism is not triggered, and the Noteholders do not receive any interest amount.

On the last Valuation Date(t), the Final Level is equal to 97% of the Initial Level. On the Maturity Date, the Noteholders are not affected by the performance of Underlying and recover their initial capital (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to EUR 1,000**).

(c) Best-case scenario: During the second year, the Final Price is greater than R(t) (i.e. 100% of the Initial Level)

On 18 February 2024, the Final Level is equal to 107% of the Initial Level. The automatic early redemption mechanism is triggered and the Noteholders recover their initial capital investment plus an interest amount equal to the product of $Coupon_1(t)$ and n/N (i.e. 8.00%

x 365/365) per Nominal Amount invested (i.e. **the Automatic Early Redemption Amount per Note payable on the relevant Payment Date is equal to EUR 1,080**).

10. Preference Share Linked Notes

Overview

The following example demonstrates how the performance of the Preference Share could result in a positive, neutral and negative return on the Notes. Upon maturity, the Notes will pay a redemption amount, determined in accordance with the Terms and Conditions of Structured Notes for Preference Share Linked Notes.

Preference Share Linked Notes pay a redemption amount linked to the change in value of the specified Preference Shares. The value of the Preference Share may fluctuate depending on the performance of one or more specified reference assets to which the Preference Shares are linked. Thus, the Final Redemption Amount may be less than the capital invested and so the investor may incur a partial or total capital loss at maturity. Preference Share Linked Notes do not bear interest. However, the Notes may be subject to an automatic early redemption mechanism following early redemption of the Preference Share.

Worked Example

The scenario below is based on a Preference Share Linked Note providing the Noteholders with an exposure to the performance of the Preference Shares.

The Final Redemption Amount per Note payable on the Maturity Date shall be determined by the Calculation Agent on the Valuation Date in the Specified Currency in accordance with the following formula:

Calculation Amount x Performance of the Preference Shares

Where, for the purposes of this worked example only:

“Preference Share” means the EIS Class 120 issued by Cannon Bridge Capital Ltd

“Calculation Amount” means GBP 1,000

“Nominal Amount” means GBP 1,000 per Note

“Issue Date” means 3 January 2023

“Valuation Date” means 3 business days following the Preference Share Valuation Date.

“Maturity Date” means 2 business days following the Valuation Date.

“Preference Share Valuation Date” means 2 January 2024

“Preference Share Initial” means GBP 10.00

“Performance of the Preference Shares” means in relation to the Preference Share, a percentage determined by the Calculation Agent on the Valuation Date as follows: (a) Preference Share Final divided by (b) Preference Share Initial.

“Preference Share Final” means, the fair market value of the Preference Share as determined by the Calculation Agent on the scheduled closing time, on the Preference Share Valuation Date.

“Specified Currency” means the Pound Sterling (“**GBP**”)

(a) Worst-case scenario: the Preference Share Final is lower than the Preference Share Initial.

If on the Preference Share Valuation Date, the Preference Share Final is equal to 75% of the Preference Share Initial, the Noteholders bear a loss in capital equal to the negative performance of the Preference Share (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to GBP 750**).

(b) Median-case scenario: the Preference Share Final is equal to the Preference Share Initial.

If on the Preference Share Valuation Date, the Preference Share Final is equal to 100% of the Preference Share Initial, the Noteholders recover their initial capital (i.e. **the Final Redemption Amount per Note payable on the Maturity Date GBP 1,000 per Note**).

(c) Best-case scenario: the Preference Share Final is greater than the Preference Share Initial.

If on the Preference Share Valuation Date, the Preference Share Final is equal to 125% of the Preference Share Initial, the Noteholders recover their initial capital investment plus an amount equal to 25% of the Nominal Amount invested (i.e. **the Final Redemption Amount per Note payable on the Maturity Date is equal to GBP 1,250**).

11. Fixed Interest Rate Notes

Overview

Fixed Interest Rate Notes bear interest at a fixed Interest Rate determined in accordance with paragraph 5(c) of the Terms and Conditions of the Notes as specified on pages 86 *et seq.* of the Base Prospectus. The interest on such Notes will be paid on the dates specified in the relevant Final Terms as being the Interest Payment Dates. The amount of interest or “Interest Amount” payable on each such Interest Payment Date will be calculated in respect of any Interest Period by applying the Interest Rate to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction (which is a fraction used to reflect the number of days over which interest has accrued).

Worked Example

The scenario below is based on a series of Fixed Interest Rate Notes paying a fixed interest rate of 3% per year on a semi-annual basis. The applicable Day Count Fraction is Actual/Actual-ICMA. On the Maturity Date the Notes redeem at par.

Where, for the purpose of this worked example only:

“**Calculation Amount**” means EUR 1,000

“**Day Count Fraction**” means Actual/Actual-ICMA

“**Final Redemption Amount**” means EUR 1,000 per Nominal Amount

“**First Interest Payment Date**” means 4 March 2023

“**Interest Payment Date**” means 4 March and 4 September in each year from and including the First Interest Payment Date to and including the Maturity Date

“**Interest Period**” means the period beginning on (and including) the Issue Date and ending on (but excluding) the First Interest Payment Date and each successive period

beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

“**Interest Rate**” means 3% per year

“**Issue Date**” 4 September 2022

“**Maturity Date**” 4 September 2032

“**Nominal Amount**” means EUR 1,000

On each Interest Payment Date, the Interest Amount will be calculated by the Calculation Agent as follows:

(i) The Calculation Agent applies the Interest Rate of 3% per year to the Calculation Amount of EUR 1,000. This results in a figure equal to EUR 30.00.

(ii) This figure is then multiplied by the Day Count Fraction.

The Day Count Fraction is specified as Actual/Actual-ICMA, being 1 divided by the number of regular Interest Periods in a year. Accordingly, the Day Count Fraction is $\frac{1}{2}$.

This results in a figure of EUR 15.00 (i.e. EUR 30.00 x $\frac{1}{2}$).

On each Interest Payment Date, the Noteholder will therefore receive EUR 15.00 per Nominal Amount invested.

On the Maturity Date, the Noteholders will recover their initial capital investment.

SUPPLEMENT TO THE BASE PROSPECTUS

Every significant new factor, material mistake or material inaccuracy relating to the information included in the Base Prospectus which may affect the assessment of the Notes and which arises or is noted between the time when this Base Prospectus is approved by the FCA and the closing of the offer period or the time when trading on a Regulated Market begins, whichever occurs later, shall be mentioned by NATIXIS and Natixis Structured Issuance in a supplement to the Base Prospectus without undue delay in accordance with Article 23 of the UK Prospectus Regulation or in a Base Prospectus prepared by NATIXIS and Natixis Structured Issuance to replace this document and applicable to any subsequent offer of Notes or admission to trading on a Regulated Market. NATIXIS and Natixis Structured Issuance undertake to submit for approval to the FCA such supplement to the Base Prospectus and to provide each dealer and the FCA with the number of copies of this supplement that they may reasonably request.

In accordance with the UK Prospectus Regulation, under certain circumstances investors shall have the right, exercisable within two working days after the publication of the supplement, to withdraw their acceptances. The conditions of such right of withdrawal shall be stated in the relevant supplement.

Any supplement to the Base Prospectus shall be published on the websites of the Regulatory News Service operated by the London Stock Exchange (<http://www.londonstockexchange.com/exchange/news/market-news/market-newshome.html>) and of the Issuers (<https://cib.natixis.com/Home/pims/Prospectus#/prospectusPublic>).

CONDITIONS RELATING TO THE CONSENT OF THE ISSUERS TO THE USE OF THE BASE PROSPECTUS

Certain Tranches of Notes with a denomination of less than EUR 100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the UK Prospectus Regulation to publish a prospectus. Any such offer is referred to as a Non-Exempt Offer.

Restrictions on Non-Exempt Offers of Notes in the United Kingdom

This Base Prospectus has been prepared on a basis that permits Non-Exempt Offers of Notes in the United Kingdom. Any person making or intending to make a Non-Exempt Offer of Notes on the basis of this Base Prospectus must do so only with the relevant Issuer's consent to the use of this Base Prospectus as provided under "*Consent given in accordance with Article 5(1) of the UK Prospectus Regulation*" below and provided such person complies with the conditions attached to that consent.

Consent given in accordance with Article 5(1) of the UK Prospectus Regulation

In the context of a Non-Exempt Offer of Notes, the relevant Issuer and the Guarantor (for Notes issued by Natixis Structured Issuance) accept responsibility, in the United Kingdom, for the content of this Base Prospectus in relation to any person (an "**Investor**") who purchases any Notes in a Non-Exempt Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and provided that the conditions attached to the giving of consent for the use of this Base Prospectus are complied with. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

None of the Issuers, the Guarantor (for Notes issued by Natixis Structured Issuance) or any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-Exempt Offer and none of the Issuers, the Guarantor (for Notes issued by Natixis Structured Issuance SA) or any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

Except in the circumstances set out in the following paragraphs, neither of the Issuers nor the Guarantor (for Notes issued by Natixis Structured Issuance SA) has authorised the making of any Non-Exempt Offer by any offeror and none of them have consented to the use of this Base Prospectus by any other person in connection with any Non-Exempt Offer of Notes. Any Non-Exempt Offer made without the consent of the relevant Issuer is unauthorised and neither of the Issuers, the Guarantor (for Notes issued by Natixis Structured Issuance SA) nor, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer. If, in the context of a Non-Exempt Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

The financial intermediaries referred to in sub-paragraphs (a)(ii), (a)(iii) and paragraph (a) below are together the "**Authorised Offerors**" and each an "**Authorised Offeror**".

Consent

In connection with each Tranche of Notes and subject to the conditions set out under "*Common Conditions to Consent*" below:

Non-consent

- (a) if Specific Consent and General Consent are specified as "Not Applicable" in the applicable Final Terms, the Issuer does not consent to the use by any financial intermediary of the Base Prospectus in connection with a Non-Exempt Offer of Notes;

Specific Consent

- (a) the relevant Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-Exempt Offer of such Notes by:
- (i) the relevant Dealer(s) or Manager(s) specified in the applicable Final Terms;
 - (ii) any financial intermediaries specified in the applicable Final Terms; and
 - (iii) any other financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the Issuer's website (<http://cib.natixis.com/home/pims/prospectus>) and identified as an Authorised Offeror in respect of the relevant Non-Exempt Offer; and

General Consent

- (a) if (and only if) Part B of the applicable Final Terms specifies "General Consent" as "Applicable", the relevant Issuer hereby offers to grant its consent to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-Exempt Offer of Notes by any other financial intermediary which satisfies the following conditions:

- (i) it is authorised to make such offers under MiFID II; and
- (ii) it accepts the relevant Issuer's offer to grant consent to the use of this Base Prospectus by publishing on its website the following statement (with the information in square brackets duly completed) (the "**Acceptance Statement**"):

*"We, [insert legal name of financial intermediary], refer to the offer of [insert title of relevant Notes] (the "**Notes**") described in the Final Terms dated [insert date] (the "**Final Terms**") published by [NATIXIS/Natixis Structured Issuance] (the "**Issuer**"). In consideration of the Issuer offering to grant its consent to our use of the Base Prospectus (as defined in the Final Terms) in connection with the offer of the Notes in [specify Member State(s)] during the Offer Period and subject to the other conditions to such consent, each as specified in the Base Prospectus, we hereby accept the offer by the Issuer in accordance with the Authorised Offeror Terms (as specified in the Base Prospectus) and confirm that we are using the Base Prospectus accordingly."*

The "**Authorised Offeror Terms**", being the terms to which the relevant financial intermediary agrees in connection with using this Base Prospectus, are that the relevant financial intermediary:

- (A) will, and it agrees, represents, warrants and undertakes for the benefit of the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and the relevant Dealer that it will, at all times in connection with the relevant Non-Exempt Offer:

- I act in accordance with, and be solely responsible for complying with, all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the "**Rules**") from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential Investor;

- II comply with the restrictions set out under "*Subscription and Sale*" in this Base Prospectus which would apply if the relevant financial intermediary were a Dealer and consider the relevant manufacturer's target market assessment and distribution channels identified under the "UK MiFIR Product Governance" legend set out in the applicable Final Terms;
- III ensure that any fee (and any other commissions or benefits of any kind) or rebate received or paid by the relevant financial intermediary in relation to the offer or sale of the Notes does not violate the Rules and, to the extent required by the Rules, is fully and clearly disclosed to Investors or potential Investors;
- IV hold all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules;
- V comply with applicable anti-money laundering, fight against terrorism, anti-bribery, anti-corruption and "know your client" Rules (including, without limitation, taking appropriate steps, in compliance with such Rules, to establish and document the identity of each potential Investor prior to initial investment in any Notes by any potential Investor), and will not permit any application for Notes in circumstances where the financial intermediary has any suspicion as to the source of the application monies;
- VI retain Investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, and to the extent permitted by the Rules make such records available to the relevant Dealer, the relevant Issuer and the Guarantor (for Notes issued by Natixis Structured Issuance) or directly to the appropriate authorities with jurisdiction over the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and/or the relevant Dealer in order to enable the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and/or the relevant Dealer to comply with anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules applying to the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and the relevant Dealer, as the case may be;
- VII ensure that it does not, directly or indirectly, cause the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer to breach any Rule or subject the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;
- VIII immediately inform the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and the relevant Dealer if at any time it becomes aware, or suspects, that it is or may be in violation of any Rules and take all appropriate steps to remedy such violation and comply with such Rules in all respects;
- IX comply with the conditions to the consent referred to under "*Common Conditions to Consent*" below and any further requirements or other Authorised Offeror Terms relevant to the Non-Exempt Offer as specified in the applicable Final Terms;

- X make available to each potential Investor in the Notes the Base Prospectus (as supplemented as at the relevant time, if applicable), the applicable Final Terms and any applicable information booklet provided by the relevant Issuer for such purpose, and not convey or publish any information that is not contained in or entirely consistent with this Base Prospectus and the applicable Final Terms;
- XI if it conveys or publishes any communication (other than the Base Prospectus or any other materials provided to such financial intermediary by or on behalf of the relevant Issuer for the purposes of the relevant Non-Exempt Offer) in connection with the relevant Non-Exempt Offer, it will ensure that such communication (A) is fair, clear and not misleading and complies with the Rules, (B) states that such financial intermediary has provided such communication independently of the relevant Issuer, that such financial intermediary is solely responsible for such communication and that none of the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and the relevant Dealer accepts any responsibility for such communication and (C) does not, without the prior written consent of the relevant Issuer, the Guarantor or the relevant Dealer (as applicable), use the legal or publicity names of the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer or any other name, brand or logo registered by an entity within their respective groups or any material over which any such entity retains a proprietary interest, except to describe the relevant Issuer as issuer of the relevant Notes and the Guarantor as the guarantor of the relevant Notes issued by Natixis Structured Issuance on the basis set out in the Base Prospectus;
- XII ensure that no holder of Notes or potential Investor in Notes shall become an indirect or direct client of the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer for the purposes of any applicable Rules from time to time, and to the extent that any client obligations are created by the relevant financial intermediary under any applicable Rules, then such financial intermediary shall perform any such obligations so arising;
- XIII co-operate with the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and the relevant Dealer in providing relevant information (including, without limitation, documents and records maintained pursuant to sub-paragraph (VI) above) and such further assistance as is reasonably requested upon written request from the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any such regulator or regulatory process. For this purpose, relevant information is information that is available to or can be acquired by the relevant financial intermediary:
- (i) in connection with any request or investigation by any regulator in relation to the Notes, the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer; and/or
 - (ii) in connection with any complaints received by the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance)

and/or the relevant Dealer relating to the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and/or the relevant Dealer or another Authorised Offeror including, without limitation, complaints as defined in the Rules; and/or

(iii) which the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer may reasonably require from time to time in relation to the Notes and/or to allow the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer fully to comply with its own legal, tax and regulatory requirements;

XIV during the period of the initial offering of the Notes: (i) only sell the Notes at the Issue Price specified in the applicable Final Terms (unless otherwise agreed with the relevant Issuer and the relevant Dealer); (ii) only sell the Notes for settlement on the Issue Date specified in the applicable Final Terms; (iii) not appoint any sub-distributors (unless otherwise agreed with the relevant Issuer and the relevant Dealer); (iv) not pay any fee or remuneration or commissions or benefits to any third parties in relation to the offering or sale of the Notes (unless otherwise agreed with the relevant Issuer and the relevant Dealer); and (v) comply with such other rules of conduct as may be reasonably required and specified by the relevant Issuer and the relevant Dealer; and

XV either (i) obtain from each potential Investor an executed application for the Notes, or (ii) keep a record of all requests the relevant financial intermediary (x) makes for its discretionary management clients, (y) receives from its advisory clients and (z) receives from its execution-only clients, in each case prior to making any order for the Notes on their behalf, and in each case maintain the same on its files for so long as is required by any applicable Rules;

(B) agrees and undertakes to each of the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) and the relevant Dealer that if it or any of its respective directors, officers, employees, agents, affiliates and controlling persons (each a “**Relevant Party**”) incurs any losses, liabilities, costs, claims, charges, expenses, actions or demands (including reasonable costs of investigation and any defence raised thereto and counsel's fees and disbursements associated with any such investigation or defence) (a “**Loss**”) arising out of or in relation to, or in connection with, any breach of any of the foregoing agreements, representations, warranties or undertakings by the relevant financial intermediary, including (without limitation) any unauthorised action by the relevant financial intermediary or failure by it to observe any of the above restrictions or requirements or the making by it of any unauthorised representation or the giving or use by it of any information which has not been authorised for such purposes by the relevant Issuer or, the Guarantor (for Notes issued by Natixis Structured Issuance) the relevant Dealer, the relevant financial intermediary shall pay to the relevant Issuer, the Guarantor (for Notes issued by Natixis Structured Issuance) or the relevant Dealer, as the case may be, an amount equal to such Loss. None of the Issuers, the Guarantor (for Notes issued by Natixis Structured Issuance) nor any Dealer shall have any duty or obligation, whether as fiduciary or trustee for any Relevant Party

or otherwise, to recover any such payment or to account to any other person for any amounts paid to it under this provision; and

(C) agrees and accepts that:

- I the contract between the relevant Issuer and the relevant financial intermediary formed upon acceptance by the relevant financial intermediary of the relevant Issuer's offer to use this Base Prospectus with its consent in connection with the relevant Non-Exempt Offer (the “**Authorised Offeror Contract**”), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, English law ;
- II the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Authorised Offeror Contract (including any dispute relating to any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract) (a “**Dispute**”) and the relevant Issuer and the relevant financial intermediary submit to the exclusive jurisdiction of the English courts;
- III for the purposes of sub-paragraph II above and IV below, the relevant financial intermediary waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any dispute; and
- IV the Guarantor (for Notes issued by Natixis Structured Issuance) and each relevant Dealer will, pursuant to the Contracts (Rights of Third Parties) Act 1999, be entitled to enforce those provisions of the Authorised Offeror Contract which are, or are expressed to be, for their benefit, including the agreements, representations, warranties, undertakings and indemnity given by the financial intermediary pursuant to the Authorised Offeror Terms.

Any Authorised Offeror falling within paragraph (a) above who meets the conditions set out in paragraph (a) above and the other conditions stated in “Common Conditions to Consent” below and who wishes to use this Base Prospectus in connection with a Non-Exempt Offer is required, for the duration of the relevant Offer Period, to publish on its website the Acceptance Statement.

Common Conditions to Consent

The conditions to the relevant Issuer's consent to the use of this Base Prospectus in the context of the relevant Non-Exempt Offer are (in addition to the conditions described in paragraph (a) above if Part B of the applicable Final Terms specifies “*General Consent*” as “*Applicable*”) that such consent:

- (i) is only valid during the Offer Period specified in the applicable Final Terms; and
- (ii) only extends to the use of this Base Prospectus to make Non-Exempt Offers of the relevant Tranche of Notes in the United Kingdom, as specified in the applicable Final Terms.

The consent referred to above only relates to Offer Periods (if any) occurring within 12 months from the date of this Base Prospectus.

ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN

ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. AUTHORISED OFFERORS WILL PROVIDE INFORMATION ON THE TERMS AND CONDITIONS OF THE OFFER TO INVESTORS THROUGH OUT THE OFFER PERIOD. THE INVESTOR MUST LOOK TO THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE AUTHORISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE RELEVANT INFORMATION WILL BE PROVIDED BY THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER. NONE OF THE ISSUERS, THE GUARANTOR (FOR NOTES ISSUED BY NATIXIS STRUCTURED ISSUANCE SA) AND, FOR THE AVOIDANCE OF DOUBT, ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF THE INFORMATION DESCRIBED ABOVE.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make such offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Neither the Issuers nor any Dealer represents that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offer. In particular, no action has been taken by the Issuers or any Manager which would permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. For a description of certain further restrictions on the offer and sale of Notes in the United Kingdom, the United States and the EEA and on the distribution of this Base Prospectus, see "Subscription and Sale".

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these Terms and Conditions together with the relevant provisions of Part A of the Final Terms or (ii) these Terms and Conditions as so completed, or, in the case of Notes issued pursuant to an exemption from the obligations of the UK Prospectus Regulation, amended or varied (subject to simplification by the deletion of non-applicable provisions) shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Words and expressions defined in the Agency Agreement (as defined below) or used in Part A of the applicable Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail. Those definitions will be endorsed on the definitive Notes or Certificates as the case may be. References in the Conditions to (i) “**Notes**” are to the English law-governed notes of one series only issued by either Natixis Structured Issuance or NATIXIS, not to all Notes that may be issued under the Programme, (ii) “**Issuer**” are to Natixis Structured Issuance or NATIXIS as specified in the applicable Final Terms, and (iii) “**London Stock Exchange**” (and all related references) are to the regulated market “Main Market” of the London Stock Exchange, as specified in the applicable Final Terms.

References herein to “**these Terms and Conditions**” or “**these Conditions**” shall, where the context admits, include the Additional Terms and Conditions of the Notes set out at the end of these Terms and Conditions, each as so completed by Part A of the applicable Final Terms, and such Additional Terms and Conditions of the Notes shall be deemed to form part hereof.

For the avoidance of doubt, the provisions of the Additional Terms and Conditions of the Notes are not mutually exclusive with respect to the provisions of these Conditions (which, for the purposes of this paragraph, shall mean the Conditions excluding the Additional Terms and Conditions of the Notes) and all options relating to (without limitation) interest and redemption set out in these Conditions (which, for the purposes of this paragraph, shall mean the Conditions excluding the Additional Terms and Conditions of the Notes) are potentially applicable to all Notes. The terms of the applicable Final Terms shall be construed accordingly.

In the event of any discrepancy or inconsistency between these Terms and Conditions and any provisions of the Additional Terms and Conditions of the Notes, the relevant provisions of the Additional Terms and Conditions of the Notes shall prevail.

For the avoidance of doubt terms used but not defined in the Additional Terms and Conditions of the Notes shall, where applicable, have the meaning attributed to them in these Terms and Conditions.

Capitalised terms which are not defined in these Terms and Conditions will have the meanings given to them in the applicable Final Terms.

The Notes are issued pursuant to an agency agreement dated 26 July 2022 (as further amended and/or supplemented as at the date of issue (the “**Issue Date**”) of the Notes, the “**Agency Agreement**”) between Natixis Structured Issuance, NATIXIS, BNP Paribas Securities Services, Luxembourg Branch as, *inter alia*, fiscal agent, and the other agents named in it and with the benefit of a deed of covenant (the “**Deed of Covenant**”) dated 26 July 2022 and executed by the Issuer in relation to the Notes. The fiscal agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Registrar**”, the “**Transfer Agents**” and the “**Calculation Agent(s)**”. The Noteholders (as defined below), the holders of the interest coupons (the “**Coupons**”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons (the “**Talons**”) for further Coupons (the “**Couponholders**”) and the holders of the receipts for the payment of instalments of principal (the “**Receipts**”) relating to Notes the principal of which is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Paying Agents.

In these Conditions, references to GBP are to the lawful currency for the time being of the United Kingdom and references to Euro are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

1. Form, Denomination, Title and Redenomination

(c) *Title*

Title to the Bearer Notes, Receipts, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”). For the avoidance of doubt, in the case of Registered Notes issued by Natixis Structured Issuance only, the Registrar shall make sure that each time the Register is amended or updated, the Registrar shall send a copy of the Register to Natixis Structured Issuance which will update the register of Registered Notes kept at the Natixis Structured Issuance's registered office (hereinafter the “**Issuer Register**”). In the event of any differences in information contained in the Register and the Issuer Register, the Issuer Register shall prevail. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall, to the extent permitted by law, be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Bearer Note and the Receipts relating to it or the person in whose name a Registered Note is registered (as the case may be), “**holder**” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Bearer Note, Receipt, Coupon or Talon or the person in whose name (either directly or as nominee) a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) Redenomination

- (i) The Issuer may (if so specified in the applicable Final Terms), on any Interest Payment Date, without the consent of the Noteholders, by giving at least 30 days' notice in accordance with Condition 14, and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the third stage of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”)) or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the applicable Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) Unless otherwise specified in the applicable Final Terms, the redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than 0.01 Euro shall be paid by way of cash adjustment rounded to the nearest 0.01 Euro (with 0.005 Euro being rounded upwards). Such cash adjustment will be payable in Euros on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the applicable Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) Unless otherwise specified in the applicable Final Terms, the Issuer may, with prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the Noteholders, make any changes or additions to these Conditions which it reasonably believes to be necessary or desirable to give effect to the provisions of this Condition or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of the Noteholders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 14 as soon as practicable thereafter.

- (v) Neither the Issuer nor any Paying Agent shall be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) *Transfer of Registered Notes*

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer) duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

(c) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of the Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Noteholders. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(d) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Condition 2 shall (subject to compliance with the applicable provisions of Condition 2) be available for delivery within three business days of receipt of the request for exchange, form of transfer or Exercise Notice and surrender of the

Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), “**business day**” means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar.

(e) Exchange Free of Charge

Exchange and transfer of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) Closed Periods

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days ending on the due date for redemption of, or payment of any Instalment Amount or, as the case may be, Instalment Payable Amount in respect of, that Note, (ii) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(f), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption may, however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3. Status

The Notes and the Receipts and the Coupons relating to them constitute direct, unconditional, unsubordinated or, with respect to Notes issued by NATIXIS, senior preferred (within the meaning of Article L.613-30-3-I 3° of the French Monetary and Financial Code) and (subject to the provisions of Condition 4) unsecured obligations of the Issuer and shall at all times rank *pari passu* without any preference among themselves. The payment obligations of the Issuer under the Notes, Receipts and Coupons shall, save for such exceptions as may be provided for by applicable law, and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated or, with respect to Notes issued by NATIXIS, present and future senior preferred indebtedness and monetary obligations of the Issuer. Pursuant to the exercise of the Bail-in Power by the Relevant Resolution Authority of the Issuer, the outstanding amount of Notes may be reduced (in whole or in part), converted into equity (in whole or in part) or cancelled and/or the maturity of the Notes or the amount of interest or the date on which the interest becomes payable may be amended.

4. Negative Pledge

The Issuer undertakes that, so long as any of the Notes, and Receipts or Coupons relating to them remains outstanding (as defined in the Agency Agreement), it will not create or permit to subsist any mortgage, pledge, lien or other form of encumbrance or security interest upon the whole or any part of its

undertaking, assets or revenues, present or future, to secure any Relevant Debt (as defined below) or any guarantee of or indemnity by the Issuer in respect of any Relevant Debt, unless at the same time or prior thereto the Issuer's obligations under the Notes, Receipts or Coupons relating to them (A) are secured equally and rateably therewith, or (B) have the benefit of such other security, guarantee, indemnity or other arrangement as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

For the purposes of this Condition 4, “**Relevant Debt**” means present or future indebtedness in the form of, or represented by, bonds, notes, debentures, or other securities which are for the time being, or are capable of being, listed or ordinarily dealt in on any stock exchange, over-the-counter market or other securities market.

5. Interest and Other Calculations

(a) *Interest Rate and Accrual*

If applicable, each Note will bear interest (if any) on its outstanding principal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Interest Rate, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with this Condition 5.

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event, unless specified as not applicable in the applicable Final Terms, interest will continue to accrue (as well after as before judgment) at the relevant Interest Rate in the manner provided in this Condition 5 to the Relevant Date (as defined in this Condition 5), which, unless otherwise specified in the applicable Final Terms shall be the Interest Rate prevailing for the last Interest Period.

(b) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is (i) the Following Business Day Convention, such date shall be postponed to the next day which is a Business Day, (ii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iii) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(c) *Interest on Fixed Interest Rate Notes*

Each Fixed Interest Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) *per annum* equal to the Fixed Interest Rate.

Interest shall be calculated in respect of any period (other than in respect of which a Fixed Interest Amount or Broken Amount is specified in the applicable Final Terms) by applying the Interest Rate to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with the applicable market convention. Notwithstanding the foregoing, if a Broken Amount or a Fixed Interest Amount is specified in the applicable Final Terms with respect to an Interest Payment Date, such Broken Amount or Fixed Interest Amount, as the case may be, shall apply. Where

the Specified Denomination of a Fixed Interest Rate Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Interest Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(d) *Interest Rate on Zero Coupon Notes, Non-Interest Bearing Notes and Structured Notes*

- (i) Where a Note for which Zero Coupon is specified as the Interest Basis is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Redemption Amount of such Note. As from the Maturity Date, the Interest Rate for any overdue principal of such a Note the Redemption Amount of which is not linked to an index and/or a formula, unless specified as not applicable in the applicable Final Terms in accordance with Condition 5(a), shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)).
- (ii) If Non-Interest Bearing is specified as the Interest Basis for any Note, such Note shall not bear interest.
- (iii) Payments of interest in respect of Structured Notes will be calculated by reference either (i) to such index and/or formula(e) as are set out in the Additional Terms and Conditions of the Notes and/or (ii) to the applicable provisions of paragraphs (a) to (d) of this Condition 5, as specified in the applicable Final Terms.

(e) *Margin, Maximum/Minimum Interest Rates, Instalment Amounts, Instalment Payable Amounts and Redemption Amounts, Rate Multipliers and Rounding*

- (i) If any Margin or Rate Multiplier is specified in the applicable Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Interest Rates, in the case of (x), or the Interest Rates for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with sub-paragraph (iii) below by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph. In such case all references to the "Interest Rate" shall be construed accordingly.
- (ii) If any Maximum or Minimum Interest Rate, Instalment Amount, Instalment Payable Amount or Redemption Amount is specified in the applicable Final Terms, then any Interest Rate, Instalment Amount, Instalment Payable Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures will be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the

case of Yen, which shall be rounded down to the nearest Yen. For these purposes **unit** means the lowest amount of such currency which is available as legal tender in the country or countries of such currency and with respect to the Euro, means 0.01 Euro.

(f) *Calculations*

Subject to Condition 5(d) and Condition 6(e) in relation to Zero Coupon Notes, the amount of interest payable per Calculation Amount in respect of any Note for any period shall be equal to the product of the Interest Rate, the Calculation Amount or (in relation to Partitioned Interest Note) Calculation Amount Interest Portion and the Day Count Fraction (adjusted, as applicable, in accordance with the Interest Period Date Business Day Convention), unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods.

In relation to Partitioned Interest Notes, the amount of interest payable per Calculation Amount in respect of any Note for any period shall be the aggregate of partial interest amounts per Calculation Amount Interest Portion (each a “**Partial Interest Amount**”). Each Partial Interest Amount is determined as above on the basis of the product of the relevant Interest Rate, the Calculation Amount Interest Portion and the Day Count Fraction, unless a Partial Interest Amount (or a formula for its calculation) is specified in respect of such period and Calculation Amount Interest Portion.

(g) *Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts, Instalment Amounts and Instalment Payable Amounts*

As soon as practicable after such time on such date as the Calculation Agent may be required to calculate any Redemption Amount, Instalment Amount or, as the case may be, Instalment Payable Amount, obtain any quote or make any determination or calculation, it shall determine the Interest Rate and calculate the relevant Interest Amount in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period or, as the case may be, Interest Period, calculate the Redemption Amount, Instalment Amount or, as the case may be, Instalment Payable Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Accrual Period or, as the case may be, Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount, Instalment Amount or, as the case may be, Instalment Payable Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such stock exchange of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Interest

Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need to be made. The determination of each Interest Rate, Interest Amount, Redemption Amount, Instalment Amount and Instalment Payable Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(h) *Calculation Agent Determination Standard*

Whenever the Calculation Agent is required to act, make a determination or to exercise judgment in any way as a result of an Administrator/Benchmark Event under the Terms and Conditions of Structured Notes (and notwithstanding any statement to the contrary in the Terms and Conditions of Structured Notes), it will do so (i) in good faith and in a commercially reasonable manner and by reference to any Relevant Market Data and (ii) in a way that does not (A) result in it being, or will not be, unlawful at any time under any applicable law or regulation which may be applicable in the determination of the Relevant Benchmark in accordance with any applicable fallback (where it would be unlawful were a determination to be made at such time), (B) contravene any applicable licensing requirements which may be applicable in the determination of the Relevant Benchmark in accordance with any applicable fallbacks (or where it would not contravene those licensing requirements were a determination to be made at such time) or (C) subject the Calculation Agent, the Issuer, the Guarantor or their affiliates to material additional regulatory obligations.

(a) *Redemption by Instalments (Instalment Notes) and Final Redemption*

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date is extended pursuant to the Issuer's or Noteholder's option in accordance with Condition 6(f) or 6(g), each Instalment Note shall be partially redeemed on each Instalment Date by the payment of the related Instalment Payable Amount. As a consequence, the Outstanding Calculation Amount of each such Note shall be reduced by the related Instalment Amount for all purposes with effect from, and including, the related Instalment Date, unless payment of the Instalment Payable Amount is improperly withheld or refused on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Payable Amount.
- (ii) Where a formula or a method providing for the determination of a Redemption Amount is applicable in respect of an Instalment Amount on an Instalment Date, such formula or method shall be applied by replacing any reference to Calculation Amount by the Instalment Amount and the resulting amount shall be the Instalment Payable Amount.
- (iii) Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to the Issuer's or Noteholder's option in accordance with Condition 6(f) or 6(g), each Note shall be redeemed on the Maturity Date specified in the applicable Final Terms at its Redemption Amount (which, unless otherwise provided in the Additional Terms and Conditions of the Notes, is its principal amount) or, in the case of a Note falling within sub-paragraph (i) above, its final Instalment Amount or, as the case may be, Instalment Payable Amount.

Structured Issuance) or French law (in the case of Notes issued by NATIXIS), or in either case any change in the official application or interpretation of such law, becoming effective after the Issue Date, the relevant Issuer would, on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8, the relevant Issuer may, at its option, on any Interest Payment Date or, if so specified in the applicable Final Terms, at any time, subject to having given not more than 45 nor less than 30 days' prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (together with any interest accrued to the date set for redemption) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the relevant Issuer could make payment of principal and interest without withholding for Luxembourg or French taxes, as applicable.

- (ii) In the case of Notes issued by NATIXIS only and except where "Tax Gross-up" is specified as "Not Applicable" in the applicable Final Terms, if NATIXIS as Issuer would on the next payment of principal, interest or other revenues in respect of the Notes be prevented by French law from making payment to the Noteholders, Receiptholders or Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8, then NATIXIS as Issuer shall forthwith give notice of such fact to the Fiscal Agent and NATIXIS as Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount (together with (unless specified otherwise in the applicable Final Terms) any interest accrued to the date set for redemption) on (A) the latest practicable Interest Payment Date on which NATIXIS as Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of (i) the latest practicable date on which NATIXIS as Issuer could make payment of the full amount then due and payable in respect of the Notes, Receipts or Coupons and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the applicable Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which NATIXIS as Issuer could make payment of the full amount payable in respect of the Notes, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.
- (iii) In the case of Notes issued by Natixis Structured Issuance only, if, following the occurrence of a Loan Tax Event (as defined below), NATIXIS gives to Natixis Structured Issuance notice of its intention to prepay the whole (and not part) of any of the loans made under the Loan Agreement (as defined below) corresponding to a particular Tranche of Notes specified in such notice, Natixis Structured Issuance may, at its option, at any time, subject to having given not more than 45 nor less than 15 Business Days' prior notice to

the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes of that Tranche at their Early Redemption Amount (together with any interest accrued to the date set for redemption) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the date on which NATIXIS has notified Natixis Structured Issuance SA that it will prepay in whole but not in part all of the relevant loans under the Loan Agreement.

“**Loan Agreement**” means an intra-group loan agreement entered into on 23 January 2014 between Natixis Structured Issuance (as lender) and NATIXIS (as borrower) pursuant to which the net proceeds of Tranches of Notes may be lent by Natixis Structured Issuance to NATIXIS.

“**Loan Tax Event**” means that NATIXIS is, or would be on the occasion of the next payment of principal or interest due to Natixis Structured Issuance under the Loan Agreement, required to pay additional amounts to Natixis Structured Issuance SA to ensure that Natixis Structured Issuance receives a sum, net of any deduction or withholding, equal to the sum which it would have received had no such deduction or withholding for French tax been made or required to be made.

(c) ***Redemption for illegality***

The Issuer shall have the right to redeem all, but not some only, of the Notes, if, in the opinion of the Issuer, (i) it is or will become unlawful for it to perform or comply with any one or more of its obligations under such Notes, or (ii) if Hedging Arrangements are specified as applicable in the applicable Final Terms, any Hedging Arrangements have or will become illegal in whole or in part (an “**Illegality Event**”). Upon the occurrence of an Illegality Event, the Issuer may, at its option, at any time, subject to having given not more than 45 nor less than 30 Business Days' prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount (together with any interest accrued to the date set for redemption) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could lawfully make payment of principal and interest irrespective of the Illegality Event.

(d) ***Purchases***

The Issuer, or any of its affiliates, may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price. Unless the possibility of holding and reselling is specified as not applicable in the applicable Final Terms, all Notes so purchased by NATIXIS may be held and resold in accordance with applicable laws and regulations. Any Notes purchased by an affiliate of the Issuer may be so purchased by it for its own account or for, and on behalf of, (i) the Issuer or (ii) another person.

(e) ***Early Redemption of Zero Coupon Notes***

- (i) The early redemption amount payable in respect of any Zero Coupon Note, the Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(b) or 6(c) or upon it becoming due and payable as provided in Condition 10 shall be either (i) the Amortised Face Amount (calculated as provided below, the “**Amortised Face Amount**”) of such Note or (ii) the Early Redemption Amount (as defined in Condition 5(j)) of such Note, as specified in the applicable Final Terms.

- (ii) Subject to the provisions of sub-paragraph (iii) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the applicable Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually. Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the applicable Final Terms.
- (iii) If the Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(b) or 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the reference therein to the date on which the Note becomes due and payable were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph (iii) will continue to be made (as well after as before judgment), until the Relevant Date unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the principal amount of such Note together with any interest which may accrue in accordance with Condition 5(d).

(f) *Redemption at the Option of the Issuer and Exercise of Issuer's Options*

If so provided in the applicable Final Terms and upon giving not less than 15 days' nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms), the Issuer may (i) exercise its option and redeem the Notes in relation to all or, if so provided, some only of the Notes in their principal amount or integral multiples thereof and on the option exercise date(s), being any day falling within the Issuer's Option Period and specified in the notice provided to Noteholders by the Issuer, which date shall be no later than the Business Day falling immediately prior to the Maturity Date (each an "Option Exercise Date") or (ii) on any Optional Redemption Date, redeem all or, if so provided, some only of the Notes in their principal amount or integral multiples thereof. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption.

In the case of a partial redemption or a partial exercise of an Issuer's option, the notice to Noteholders shall also contain the serial numbers of the Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws including mandatory provisions of English law, and stock exchange or other relevant authority requirements. So long as the Notes are listed on the London Stock Exchange and the rules of that Stock Exchange so require, the Issuer shall, promptly upon the partial redemption, cause to be published on the website of the Regulatory News Service operated by the London Stock Exchange (<http://www.londonstockexchange.com/exchange/news/market-news/market-newshome.html>) a notice specifying the aggregate principal amount of Notes outstanding and where applicable a list of the Notes previously drawn for redemption but not surrendered.

For the purposes of this Condition 6(f) and Condition 6(h) the “**Issuer's Option Period**” and the “**Noteholder's Option Period**”, as applicable, mean any specified period of time within the period from and including the Issue Date to but excluding the Maturity Date, or as otherwise specified in the applicable Final Terms (provided that in any case the Issuer's Option Period and/or the Noteholder's Option Period, as applicable, will end no later than the Business Day prior to the Maturity Date).

(g) *Forced Transfer at Option of the Issuer upon void transfer or other disposition*

Any transfer or other disposition of any legal or beneficial ownership interest in a Note to:

- (i) a U.S. person as defined in Rule 902(k)(1) of Regulation S of the Securities Act; or
- (ii) a person who comes within any definition of U.S. person for the purposes of the Commodity Exchange Act of 1936, as amended, or any rule, guidance or order proposed or issued by the Commodity Futures Trading Commission (the “**CFTC**”) thereunder (including but not limited to any person who is not a “Non-United States person” under CFTC Rule 4.7(a)(1)(iv) (excluding for purposes of CFTC Rule 4.7(a)(1)(iv)(D) the exception for qualified eligible persons who are not “Non-United States persons”)) (any such person or account, a “**Non-Permitted Transferee**”),

will be void *ab initio* and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in a Note in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Note.

Notwithstanding any other provision of these Conditions, the Issuer shall give notice to the Fiscal Agent or the Registrar, as applicable, and shall have the right at any time after becoming aware that any legal or beneficial ownership interest in a Note is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (a) an affiliate of the Issuer (to the extent permitted by applicable law) or (b) a person who is not a Non-Permitted Transferee, in each case, at a price equal to the lesser of (x) the purchase price paid for such interest by such Non-Permitted Transferee, (y) the principal amount of such interest and (z) the fair market value of such interest, less any costs or expenses incurred by or on behalf of the Issuer in connection with such sale.

(h) *Redemption at the Option of Noteholders and Exercise of Noteholder's Options*

If so provided in the applicable Final Terms, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 days' nor more than 30 days' irrevocable notice to the Issuer (or such other notice period as may be specified in the applicable Final Terms) exercise and redeem such Note (i) on the Option Exercise Date specified in the Exercise Notice and falling during the Noteholder's Option Period or (ii) on the Optional Redemption Date(s) provided in the applicable Final Terms at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholders' option that may be set out for the relevant Notes the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice (the “**Exercise Notice**”) in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period; the Exercise Notice will take effect against the

Issuer upon the transfer of the relevant Notes to a book-entry account designated by the Issuer. No Note or Certificate so deposited or transferred and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(i) ***Automatic Early Redemption***

Certain provisions of certain types of Structured Notes set out in the Additional Terms and Conditions of the Notes provide that such Notes will be automatically redeemed early in certain specified circumstances set out in the relevant Additional Terms and Conditions of the Notes. Should such circumstances apply the Notes will be automatically redeemed early, without any requirement for the giving of notice, at the applicable Early Redemption Amount, all subject to and in accordance with the relevant provisions of the Additional Terms and Conditions of the Notes.

(j) ***Open-ended Notes***

Open-ended Notes, being Notes with no fixed maturity date, may be issued and may, if issued by NATIXIS, include an Issuer's and/or a Noteholder's option to redeem the Notes early. Open-ended Notes issued by Natixis Structured Issuance will have an Issuer's option and a Noteholder's option to redeem the Notes early.

(k) ***Cancellation***

All Notes purchased by, or on behalf of, the Issuer may be surrendered for cancellation, in the case of Bearer Notes by surrendering each such Note together with all unexpired Receipts and Coupons and all unexpired Talons to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unexpired Receipts and Coupons and unexpired Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged. Any Notes purchased by an affiliate of the Issuer for its own account need not be surrendered for cancellation and may be resold.

The Issuer shall forthwith inform the London Stock Exchange of any such cancellation (in the case of Notes listed on the London Stock Exchange).

(l) ***Redemption for Force Majeure Event and Significant Alteration Event***

- (i) Where Essential Trigger is specified as applicable in the applicable Final Terms and if the Issuer determines that a Force Majeure Event or Significant Alteration Event has occurred, the Issuer may redeem all but not some only of the Notes as further specified in Condition 6(m) below by giving notice to Noteholders in accordance with Condition 14.
- (ii) Where Essential Trigger is specified as not applicable in the applicable Final Terms and if the Issuer determines that a Force Majeure Event has occurred, the Issuer may redeem all but not some only of the Notes at the Fair Market Value by giving notice to the Noteholders in accordance with Condition 14.

“**Fair Market Value**” means the fair market value of the Notes determined by the Calculation Agent in its sole and absolute discretion, based on the market conditions prevailing at the date of determination, including accrued but unpaid interest and adjusted to account fully for any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements of the Issuer and/or any of its affiliates, expressed as a percentage of the

Outstanding Nominal Amount; provided that, in relation to Notes for which the Final Redemption Amount is specified to be equal to the Fair Market Value of the Notes, in the event of an Event of Default in respect of such Notes, any unwind costs relating to funding arrangements will be deemed to be zero and this definition and the definitions of Final Redemption Amount and Redemption Amount shall be construed accordingly.

(m) *Early Redemption where Essential Trigger is specified as applicable in the Final Terms*

- (i) If Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer or the Calculation Agent, as the case may be, may only redeem the Notes (other than Open-ended Notes) prior to their Maturity Date, as described in these Terms and Conditions, where the relevant event giving rise to such redemption qualifies as a (a) Significant Alteration Event, or (b) Force Majeure Event.
- (ii) Where Essential Trigger is specified as applicable in the applicable Final Terms and where Notes for which a Protected Amount is specified in the applicable Final Terms are to be redeemed prior to their Maturity Date in accordance with Conditions 6(b), 6(c), 6(f), or 6(l) above or 6(n) below (and provided that the circumstances set out in these Conditions do not constitute a Force Majeure Event), the Issuer shall:
 - (I) if "Highest Value" is specified as applicable in the applicable Final Terms, redeem all, but not some only, of the Notes at the greater of the Early Redemption Amount (together with any interest accrued to the date set for redemption) of such Notes or the Protected Amount of such Notes; or
 - (II) if "Monetisation Option" is specified as applicable in the applicable Final Terms, offer to each Noteholder the choice (to be exercised at such Noteholder's absolute discretion) of the following two options:
 - (a) the Monetisation Amount (as defined below) (including the reimbursement by the Issuer, *pro rata* (calculated from the Early Redemption Date, or as the case may be, partial redemption date notified to the Noteholders until the Maturity Date of the Notes), of any costs, or as the case may be the proportionate share of costs (including but not limited structuring costs) paid by the Noteholders to the Issuer in the Issue Price of the Notes), such amount to be paid by the Issuer (notwithstanding the notice of early redemption) on the Maturity Date; or
 - (b) if the Noteholder duly elects to receive fair market value, as provided below, the Early Redemption Amount (together with any interest accrued to the date set for redemption), such amount to be paid by the Issuer on the date fixed for early redemption as notified to the Noteholders.

In the Issuer's notice of early redemption, the Issuer must include the following:

- (A) the Cut-off Date and time for each Noteholder to elect to receive the Early Redemption Amount on the date fixed for early redemption;

- (B) the date of determination of the Early Redemption Amount in respect of such election and the amount determined by the Calculation Agent as the Early Redemption Amount of the Notes on such date; and
- (C) the amount calculated by the Calculation Agent as the Monetisation Amount.

If the Noteholder does not make a valid election to receive the Early Redemption Amount on the date fixed for early redemption before the Cut-off Date and time set out in the Issuer's notice of early redemption, the Noteholder will receive the Monetisation Amount in respect of such Note on the Maturity Date.

- (iii) Where Essential Trigger is specified as applicable in the applicable Final Terms and where (x) Notes for which a Protected Amount is specified in the applicable Final Terms are to be redeemed prior to their Maturity Date in accordance with Conditions 6(b), 6(c), 6(f), or 6(l) above or 6(n) below and where the circumstances set out in these Conditions constitute a Force Majeure Event or (y) Notes for which Protected Amount is specified as not applicable in the applicable Final Terms are to be redeemed prior to their Maturity Date in accordance with Conditions 6(b), 6(c), 6(f), or 6(l) above, the Issuer shall redeem all, but not some only, of the Notes at the Early Redemption Amount (together with any interest accrued to the date set for redemption) of such Notes.

- (iv) For the purposes of this Condition 6(m)(iv):

“**Monetisation Amount**” means, in respect of a Note, an amount equal to the greater of the Protected Amount specified in the applicable Final Terms and the amount calculated by the Calculation Agent as follows:

$$(S + D) \times (1 + r)^n$$

Where:

S is the present value of the Protected Amount of such Note on the date on which the event triggering early redemption occurs;

D is the market value of the Derivative Component on the date on which the event triggering early redemption occurs (calculated by the Calculation Agent by reference to a generally accepted valuation method for such instruments in the financial markets);

r is a hypothetical annual interest rate that would be applied on an equivalent hypothetical debt instrument issued by the Issuer (or the Guarantor, as applicable) with the same time to redemption as the remaining time to redemption on the Notes from the date fixed for early redemption until the Maturity Date of the Notes;

n is the time remaining until the Maturity Date of the Notes, expressed as a number of years with $(1+r)^n$ meaning that $(1+r)$ is multiplied by itself $n-1$ times. (e.g.: $(S+D) \times (1+r)^5$ means $(S+D) \times (1+r) \times (1+r) \times (1+r) \times (1+r) \times (1+r)$); and

“**Derivative Component**” means the option component or embedded derivative in respect of the Outstanding Nominal Amount of the Notes or the interest amount due

under the Notes, as applicable, in order to enable the Issuer to issue the Notes at the issue price and on their applicable terms. The value of the Derivative Component will be determined by the Calculation Agent, taking into account a number of factors, including, but not limited to:

- (A) market prices or values for the underlying reference asset(s) or basis (bases) and other relevant economic variables (such as interest rates; dividend rates; financing costs; the value, price or level of any relevant underlying reference asset(s) or basis (bases) and any futures or options relating to any of them; the volatility of any relevant underlying reference asset(s) or basis (bases); and exchange rates (if applicable));
- (B) the time remaining until the Maturity Date of the Notes;
- (C) internal pricing models; and
- (D) prices at which other market participants might bid for the Derivative Component.

“**Protected Amount**” means the capital protected amount specified as such in the applicable Final Terms.

(n) ***Redemption for a Fair Market Value Trigger Event***

In the event that a Fair Market Value Trigger Event occurs, the Issuer may (at its option) having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with Condition 14 (the “**Fair Market Value Trigger Notice**”) (which notice shall be irrevocable and shall specify the relevant Fair Market Value Trigger Redemption Date), redeem all, but not some only, of the Notes, each Note being redeemed at the relevant Early Redemption Amount calculated as at such date unless otherwise specified in the applicable Final Terms and no further interest will be payable commencing from the Interest Payment Date immediately preceding such occurrence or, if none, the Interest Commencement Date.

For the purposes of this Condition 6(n), if Fair Market Value Trigger Event is specified as applicable in the applicable Final Terms:

“**Fair Market Value Trigger**” means an amount, expressed as a percentage, as specified in the applicable Final Terms.

“**Fair Market Value Trigger Event**” means the existence or occurrence at any time after the Issue Date, in the determination of the Calculation Agent in its sole and absolute discretion, of any event or circumstance resulting in the fair market value of the Notes based on the market conditions prevailing at the date of determination, including accrued but unpaid interest and adjusted to account fully for any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements of the Issuer and/or any of its affiliates, expressed as a percentage of the Outstanding Nominal Amount, being lower than or equal to the Fair Market Value Trigger.

“**Fair Market Value Trigger Redemption Date**” means the date specified in the Fair Market Value Trigger Notice on which the Notes shall be redeemed.

7. Payments and Talons

(a) *Bearer Notes*

Payments of principal and interest in respect of Bearer Notes and Exchangeable Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts or Instalment Payable Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(g)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(g)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States or its possessions by transfer to an account denominated in that currency with, a bank in the principal financial centre of that currency, or, in the case of Euro, in a city in which banks have access to the TARGET2 System and, in the case of Sterling, London.

(b) *Registered Notes*

- (i) Payments of principal (which for the purposes of this Condition 7(b) shall include final Instalment Amounts (or Instalment Payable Amounts) but not other Instalment Amounts (or Instalment Payable Amounts) in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in sub-paragraph (ii) below.
- (ii) Interest (which for the purpose of this Condition 7(b) shall include all Instalment Amounts and Instalment Payable Amounts other than final Instalment Amounts and Instalment Payable Amounts) on Registered Notes shall be paid to the person shown on the Register (i) in the case of Registered Notes in definitive form, at the close of business on the fifteenth day before the due date for payment thereof; or (ii) in the case of Global Certificates to be cleared through Euroclear or Clearstream, at the close of the business day (for this purpose being a day on which the relevant Clearing System in which the Notes are held is open for business) before the relevant due date (the “**Record Date**”).

(c) *Physical Delivery Notes*

In the case of any Note which is a Physical Delivery Note that is to be redeemed by the transfer of the Deliverable Asset(s) comprising the Physical Delivery Amount, transfer of the Deliverable Asset(s) in respect of any Physical Delivery Amount will be effected (a) by the delivery to, or to the order of, the Noteholder of the relevant Deliverable Asset(s), (b) at the risk of the relevant Noteholder in such manner as may be specified in the transfer notice (the “**Transfer Notice**”, the form of which is annexed to the Agency Agreement) and subject to compliance with applicable securities laws.

When the settlement of a Physical Delivery Note is by way of physical delivery, the delivery of any Physical Delivery Amount in respect of Physical Delivery Notes (including, without limitation, liability for the costs of transfer of Deliverable Asset(s)) will be made through the relevant Clearing System.

No additional payment or delivery will be due to a Noteholder where any Deliverable Asset(s) is/are delivered after their due date in circumstances beyond the control of either the Issuer or

the Settlement Agent. The Transfer Notice will be delivered using the transfer procedures currently utilised by the relevant Clearing System.

Except as otherwise specifically provided in Conditions 1, 3, 7 and 8, no additional payment of any sum or delivery of any Asset will be due to:

- (a) the Issuer in compensation for amounts representing the excess Deliverable Asset(s) if the Issuer delivers Deliverable Asset(s) in an aggregate amount greater than the Physical Delivery Amount; or
- (b) the Noteholders for amounts representing a shortfall in the Deliverable Asset(s) if the Issuer delivers the Deliverable Asset(s) in an aggregate amount less than the Physical Delivery Amount.

A Noteholder's entitlement to any Physical Delivery Amount will be evidenced:

- (a) by the Noteholder's account balance appearing on the records of the relevant Clearing System; and/or
- (b) if necessary, the number of Notes held by each Noteholder as notified to the Fiscal Agent by the relevant Clearing System.

Any delivery of Deliverable Assets will only be made in compliance with applicable securities laws.

In the event that the Issuer, for any reason, is unable to effect Delivery of the relevant Deliverable Asset(s) to any Noteholder by the Maturity Date (or other specified settlement date therefor specified in the applicable Final Terms (such Maturity Date, or, as the case may be, other settlement date, the "**Final Settlement Date**")) the Issuer may continue to attempt such Delivery for an additional 60 Business Days after the Final Settlement Date. Failure by the Issuer to Deliver to a Noteholder the relevant Deliverable Asset(s) on or prior to the date that is 60 Business Days after the Final Settlement Date shall not constitute an Event of Default nor give any entitlement to default interest and failure to Deliver (a) Deliverable Asset(s) at any time for reasons beyond the Issuer's control, and where Essential Trigger is specified as applicable in the applicable Final Terms provided that such reasons constitute a Force Majeure Event, shall also not constitute an Event of Default nor give any entitlement to default interest.

Transfer and Delivery of the relevant Deliverable Asset(s) in accordance with the above provisions shall fully and effectively discharge the Issuer's obligation to redeem the *pro rata* share of the relevant Physical Delivery Notes and (in the circumstances referred to in the following paragraph) payment of the *pro rata* share of any Final Redemption Amount shall fully and effectively discharge the Issuer's obligation to redeem the whole of the relevant Physical Delivery Note.

When the applicable Final Terms specify that "*Issuer's option to vary method of settlement*" is applicable, the Issuer may, in its sole and absolute discretion, and where Essential Trigger is specified as applicable in the applicable Final Terms, only upon the occurrence of a Force Majeure Event or a Significant Alteration Event, elect to pay or cause to be paid to Noteholders on the Maturity Date in lieu of its obligation to deliver or procure delivery of the Physical Delivery Amount, either (at the Issuer's sole and absolute discretion) (i) the Final Redemption Amount (cash only) or (ii) an amount payable partly in Deliverable Assets and partly in cash in such proportions as the Issuer shall, in its sole and absolute discretion determine. Notification to the Noteholders of any such election may be given at any time during the "Designated Variation Period" specified in the applicable Final Terms, or if no such Designated Variation

Period is specified, such notification may be given at any time up until the tenth Business Day prior to the Maturity Date. Any such notification shall be given in accordance with Condition 14.

(d) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts, and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(e) *Payments subject to fiscal laws*

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives in the place of payment (whether directly by operation of law or through an agreement of the Issuer or its Agents) and, without prejudice to the provisions of Condition 8, the Issuer will not be liable to pay any additional amounts to Noteholders in relation to any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, (ii) any withholding or deduction required pursuant to Section 871(m) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) (such withholding or deduction, “**871(m) Withholding**”), and (iii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto. In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) of the Code) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

With respect to Notes that provide for net dividend reinvestment in respect of either an underlying U.S. security (i.e., a security that pays U.S. source dividends) or an index that includes U.S. securities, all payments on the Notes that reference such U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In such case, in calculating the relevant payment amount, the Noteholder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

(f) *Appointment of Agents*

The Fiscal Agent, the other Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent(s) act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust for or with, any Noteholder or Couponholder. The Issuer reserves

the right at any time to vary or terminate the appointment of the Fiscal Agent, any Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent and to appoint additional or other Paying Agents or Transfer Agents provided that the Issuer shall at all times maintain (i) a Fiscal Agent and a Principal Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) so long as the Notes are listed on any stock exchange or admitted to trading by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority, (iv) one or more Calculation Agent(s), (v) a Paying Agent in a jurisdiction within Europe, other than the jurisdiction in which the Issuer is incorporated, and (vii) such other agents as may be required by any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(d).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

(g) *Unmatured Coupons and Receipts and unexchanged Talons*

- (i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Bearer Notes should be surrendered for payment together with all unexpired Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon which the sum of principal so paid bears to the total principal due) shall be deducted from the Redemption Amount due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) If the Notes so provide, upon the due date for redemption of any Bearer Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Bearer Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Bearer Note which provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons and where any Bearer Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provisions of such indemnity as the Issuer may require.

- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.
- (vii) The provisions of sub-paragraph (i) of Condition 7(g) notwithstanding, if any Note should be issued with a maturity date and an Interest Rate or Rates such that, on the presentation for payment of any such Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required by sub-paragraph (i) to be deducted in respect of such unmatured Coupons would be greater than the Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Note, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the previous sub-paragraph (i) in respect of such Coupons as have not so become void, the amount required by sub-paragraph (i) to be deducted would not be greater than the Redemption Amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Note to become void, and the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

(h) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 9).

(i) *Non-Business Days*

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this Condition 7(i) “**business day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and:

- (i) in the case of a payment in a currency other than Euro or GBP, where payment is to be made by transfer to an account maintained with a bank in the Specified Currency, on which foreign exchange transactions may be carried on in the Specified Currency in the principal financial centre of the country of such currency;
- (ii) in the case of a payment in Euro, which is a TARGET2 Business Day; and
- (iii) in the case of payment in GBP, on which commercial banks and foreign exchange markets settle payments generally in London.

(j) **Dual Currency Notes**

If "Dual Currency Note Provisions" is specified as applicable in the applicable Final Terms, amounts payable in respect of payment of principal and/or interest, if any, in respect the Notes shall be determined by the Calculation Agent by converting the relevant amounts denominated in the relevant Specified Currency into the Secondary Currency at the Secondary Currency Conversion Rate.

- (i) If the applicable Final Terms specifies that "Settlement in the Specified Currency" is not applicable, then settlement will be made in the Secondary Currency at the Secondary Currency Conversion Rate.
- (ii) If the applicable Final Terms specifies that "Settlement in the Specified Currency" is applicable, then the amount payable in the relevant Secondary Currency calculated in accordance with the paragraph above shall be then converted by the Calculation Agent into the Specified Currency at the Specified Currency Conversion Rate. In such case settlement will be made in the Specified Currency at the Specified Currency Conversion Rate.
- (iii) If the applicable Final Terms specifies that the Dual Currency Note Provisions are applicable "as set out in the Annex", then the settlement will be made in accordance with the applicable Additional Terms and Conditions of the Notes as completed by the Annex to the Final Terms in relation to the Additional Terms and Conditions of the Notes.

"Secondary Currency" means, in respect of the provision above, the currency or currencies specified as such in the applicable Final Terms.

"Secondary Currency Conversion Rate" means the conversion rate used to convert amounts in the Specified Currency into the Secondary Currency determined in accordance with the Conversion Method specified in the applicable Final Terms.

"Specified Currency Conversion Rate" means the conversion rate used to convert amounts previously converted into the Secondary Currency into the Specified Currency determined in accordance with the Conversion Method specified in the applicable Final Terms.

"Conversion Method" means the method of determining the conversion rate specified in the applicable Final Terms in relation, as the case may be, to the Specified Currency Conversion Rate or the Secondary Currency Conversion Rate and may be one of the following methods:

- (i) the applicable Final Terms may specify that the conversion rate shall be the **"Cross Currency Rate"** specified as such in the applicable Final Terms which appears on the **"Page"** designated in the applicable Final Terms on the **"Conversion Determination Date"** specified in the applicable Final Terms. If such rate does not appear on the page designated in the applicable Final Terms, the Calculation Agent will determine the conversion rate (or a method for determining the conversion rate) by reference to such sources as it acting in good faith and in a commercially reasonable manner selects;
- (ii) the applicable Final Terms may specify a predetermined conversion rate. The applicable Final Terms will specify if this conversion rate is (i) the value of one Unit of the Specified Currency expressed as a unit (and/or fractions) of the Secondary Currency, or (ii) the value of one Unit of the Secondary Currency expressed as a unit (and/or fractions) of the Specified Currency; or

- (iii) all other methods described in the Additional Terms and Conditions of the Notes as completed by the Annex to the Final Terms in relation to the Additional Terms and Conditions of the Notes.

8. Taxation

All payments of principal and interest by, or on behalf of, the relevant Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within Luxembourg (in the case of Notes issued by Natixis Structured Issuance) or France (in the case of Notes issued by NATIXIS), or, in either case, any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event (unless, in the case of Notes issued by NATIXIS only, the Tax Gross-up provision is specified as "Not Applicable" in the applicable Final Terms), the relevant Issuer shall pay such additional amounts as may be necessary in order that the holders of Notes, Receipts or Coupons, after such withholding or deduction, will receive the full amount then due and payable thereon in the absence of such withholding or deduction; provided, however, that the relevant Issuer shall not be liable to pay any such additional amounts in respect of any Note, Receipt or Coupon:

- presented (or in respect of which the Certificate representing it is presented) for payment by, or on behalf of, a holder who is subject to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with Luxembourg or France, as applicable, other than the mere holding of such Note, Receipt or Coupon; or
- presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date, except to the extent that the holder thereof would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or
- where such withholding or deduction is required to be made pursuant to the Luxembourg law of 23 December 2005, as amended.

In addition, no such additional amounts shall be payable with respect to (i) any withholding or deduction required pursuant to Section 871(m) of the Code, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the rest of the provisions of this Condition 8) any law implementing an intergovernmental approach thereto.

9. Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless presented for payment within ten years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. Events of Default

(a) *Notes issued by NATIXIS*

In respect of Notes issued by NATIXIS, if any of the following events (“**Events of Default**”) occurs and is continuing, the holder of any Note may give written notice to the Fiscal Agent at its specified office effective upon receipt thereof by the Fiscal Agent that such Note is immediately payable, whereupon the Redemption Amount of such Note together with accrued interest (where applicable) to the date of payment shall become immediately due and payable

unless in all cases prior to the time when the Fiscal Agent receives such notice all Events of Default in respect of the Notes shall have been cured:

- (i) default in any payment of principal of, or interest on, any Note including the payment of any additional amounts pursuant to Condition 8 (if applicable), when and as the same shall become due and payable, if such default shall not have been cured within 15 days thereafter;
- (ii) default by the Issuer in the due performance of any other obligations under the Notes, if such default shall not have been cured within 60 days after receipt by the Fiscal Agent of written notice of default given by the holder of such Note;
- (iii) if any other indebtedness of the Issuer for borrowed money becomes due and repayable prematurely by means of an event of default in relation thereto or the Issuer fails to make any payment in respect thereof on the due date for such payments, as extended by any applicable grace period or the security for any such other payment becomes enforceable, provided that the provisions of this paragraph (iii) shall not apply (a) where the aggregate amount which is payable or repayable as aforesaid is equal to or less than €50,000,000 (or its equivalent in other currencies) or (b) where such default is due to a technical or settlement failure beyond the control of the Issuer, provided that such default is remedied in 7 days, or (c) the Issuer has disputed in good faith that such indebtedness is due and payable or that such security is enforceable and such dispute has been submitted to a competent court, in which case default in payment or security becoming enforceable shall not constitute an event of default hereunder so long as the dispute shall not have been finally adjudicated;
- (iv) the Issuer applies for or is subject to the appointment of a *mandataire ad hoc* under French bankruptcy law or enters into a conciliation procedure (*procédure de conciliation*) with its creditors or a judgment is rendered for its judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) or makes any conveyance for the benefit of, or enters into any agreement with, its creditors or it is subject to any insolvency or bankruptcy proceedings; or
- (v) the Issuer sells, transfers, lends or otherwise disposes of, directly or indirectly, the whole or a substantial part of its undertaking or assets, or the Issuer enters into, or commences any proceedings in furtherance of, forced or voluntary liquidation or dissolution, except in the case of a disposal of all or substantially all of the Issuer's assets in favour of, a legal entity organised in the European Union, which simultaneously assumes (by operation of law or by express agreement) all of or substantially all of the Issuer's liabilities including the Notes.

(b) Notes issued by Natixis Structured Issuance

In respect of Notes issued by Natixis Structured Issuance, if any of the following events (“**Events of Default**”) occurs and is continuing, the holder of any Note may give written notice to the Fiscal Agent at its specified office that such Note is immediately repayable, whereupon the Redemption Amount of such Note together with accrued interest (where applicable) to the date of payment shall become immediately due and payable, whereupon the Redemption

Amount of such Note together with accrued interest (where applicable) to the date of payment shall become immediately due and payable unless, in all cases, prior to the time when the Fiscal Agent receives such notice all Events of Default in respect of the Notes shall have been cured:

- (i) default in any payment of principal of, or interest on, any Note including the payment of any additional amounts pursuant to Condition 8 (if applicable), when and as the same shall become due and payable, if such default shall not have been cured within 15 days thereafter;
- (ii) default by the Issuer in the due performance of any other provision of the Notes, if such default shall not have been cured within 30 days after receipt by the Fiscal Agent of written notice of default given by the bearer of such Note;
- (iii) any other present or future indebtedness for money borrowed or otherwise raised by the Issuer in excess of €50,000,000 (or its equivalent in other currencies) shall become due and payable or capable of being declared due and payable prior to its stated maturity by reason of default, or any security in respect of any such indebtedness becomes enforceable and the holder thereof takes any steps to enforce it, or any such indebtedness shall not be paid when due (or at the expiration of any grace period originally applicable thereto) or any guarantee or indemnity given by the Issuer in respect of any such indebtedness of any person shall not be honoured when due and called upon, save, in each case, where such default or failure to pay or honour such obligations is due to a technical or settlement failure beyond the control of the Issuer, provided that such default or failure is remedied within seven days;
- (iv) the Issuer is insolvent or bankrupt or unable to pay its debts as they fall due, stops, suspends or threatens to stop or suspend payment of all, or a material part of (or of a particular type of), its debts, proposes or makes a general assignment or an arrangement or composition with, or for the benefit of, the relevant creditors in respect of any of such debts or a moratorium is agreed or declared or comes into effect in respect of, or affecting all or any part of (or of a particular type of), (including with respect to the Issuer, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally and/or the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), juge délégué or juge commissaire); or
- (v) an order is made, or an effective resolution passed, for the winding-up or dissolution of the Issuer, except pursuant to its consolidation or amalgamation with, or its merger with or into, or a transfer of all, or substantially all, of its assets to, one or more other entities provided (unless otherwise approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders) that:

a resulting, surviving or transferee entity (a “**Successor**”) assumes all the obligations (whether past or future) of the Issuer under the Notes, whether by operation of law or otherwise, and

the conditions which would have applied to a substitution set out under sub-paragraphs (ii), (iii), (iv) and (v) of Condition 15.2 are satisfied, except that: (i) references to "Substitute" shall be construed as references to "Successor"; and (ii) references to "Deed Poll" or "Deed of Covenant" shall be deemed to be deleted.

11. Meeting of Noteholders and Modifications

(a) Meeting of Noteholders

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification of any of these Conditions. Any modification of the Conditions shall only be binding on the Issuer if agreed by it or on its behalf. Such a meeting may be convened by Noteholders holding not less than 10% in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the principal amount of, or any Instalment Amount (or Instalment Payable Amount) of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a minimum and/or a maximum Interest Rate, Instalment Amount, Instalment Payable Amount or Redemption Amount is shown in the applicable Final Terms, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to take any steps that as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution in which case the necessary quorum shall be two or more persons holding or representing not less than 75%, or at any adjourned meeting not less than 25%, in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at any meeting and whether or not they voted on the resolution) and on all Couponholders.

The Agency Agreement provides that (i) a resolution passed at a meeting duly convened and held in accordance with Agency Agreement by a majority consisting of not less than three-fourths of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of all the Noteholders who for the time being are entitled to receive notice of a Meeting in accordance with the provisions herein contained, or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Fiscal Agent) by or on behalf of all the Noteholders who are for the time being entitled to receive notice of a Meeting in accordance with the provisions herein contained shall in each case for all purposes

be valid and effectual as an Extraordinary Resolution of such Noteholders. Such resolution in writing may be contained in one document or in several documents in like form each signed by or on behalf of one or more of such Noteholders.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

For the avoidance of doubt, Articles 470-1 to 470-19 of the Luxembourg law dated 10 August 1915 on commercial companies, as amended (the “**Companies Law 1915**”), shall not apply with regard to the Notes. In addition, no Noteholder may initiate proceedings against Natixis Structured Issuance based on article 470-21 of the Companies Law 1915.

(b) Modifications

The Fiscal Agent and the Issuer may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to any modification of the Notes, the Receipts and/or the Coupons which is: (i) to cure or correct any ambiguity or defective or inconsistent provision contained herein, provided that such modification is not in the opinion of the Fiscal Agent and the Issuer materially prejudicial to the interests of the Noteholders, the Receiptholders and/or the Couponholders; or (ii) to correct any manifest error; or (iii) to comply with mandatory provisions of Luxembourg law (where Natixis Structured Issuance is the Issuer) or French law (where NATIXIS is the Issuer) and, if Essential Trigger is specified as applicable in the applicable Final Terms, provided that, in each of the cases (i) to (iii) above, such modification does not relate to the essential characteristics of the Notes. Any such modification shall be binding on the Noteholders, the Couponholders and the Receiptholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

If Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer or the Calculation Agent, as the case may be, may only modify or adjust the terms of the Notes (other than as specified above), as described in these Terms and Conditions, where the relevant event giving rise to such modification or adjustment, as applicable, qualifies as a (a) Significant Alteration Event, or (b) Force Majeure Event.

For the purpose of this Condition 11, essential characteristics of the Notes means characteristics of the Notes that are considered essential to the Noteholders, including without limitation the Underlying, the Protected Amount, if applicable, the identity of the Issuer and of the Guarantor (if applicable) and the scheduled Maturity Date.

For the purpose of these Conditions:

“**Force Majeure Event**” means that, in the opinion of the Issuer, on or after the Issue Date, the performance of the Issuer's obligations under the Notes is impossible and insurmountable due to the occurrence of any one of the following events, for which the Issuer is not accountable (being for the avoidance of doubt events which are not attributable to the Issuer), on the condition that the occurrence of such events renders the continuation of the Notes definitively impossible:

- (a) any act (other than a Market Disruption Event), law, rule, regulation, judgment, order, directive, interpretation, decree or material legislative or administrative interference of any Government Authority or otherwise; or
- (b) the occurrence of civil war, disruption, military action, unrest, political insurrection, terrorist activity of any kind, riot, public demonstration and/or protest, or any other

financial, political or economic reasons or any other causes or impediments beyond such party's control; or

- (c) any expropriation, confiscation, requisition, nationalisation or other action taken or threatened by any Government Authority that deprives the Issuer or any of its affiliates, of all or substantially all of its assets in the local currency jurisdiction.

“**Government Authority**” means any nation, state or government, any province or other political subdivision thereof, any body, agency or ministry, any monetary or foreign exchange or other authority, court, tribunal or other instrumentality and any other entity exercising executive, legislative, judicial, regulatory or administrative functions of or pertaining to government.

“**Significant Alteration Event**” means any event or circumstance or combination of events or circumstances occurring after the Issue Date that is not attributable to the Issuer but which has as its consequence that the economic balance of the Notes between the Issuer on the one hand and the Noteholders on the other hand as at the Issue Date is significantly altered, where such event constitutes an Illegality Event or Change in Law or causes a material increased cost for the Issuer as a consequence of a change in tax laws, solvency or regulatory capital requirements, nationalisation, or regulatory action, or, to the extent permitted by applicable law, any other event of a similar nature that complies with the above conditions, but, in each case, where such event does not constitute a Force Majeure Event.

The Issuer shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders or the Couponholders.

(c) **Discretion**

If Essential Trigger is specified as applicable in the applicable Final Terms, notwithstanding anything to the contrary in these Conditions, in exercising its discretion and making any election, determination, modification or adjustment, the Issuer, the Calculation Agent and any other relevant Agent shall do so in good faith and in a commercially reasonable manner to preserve or restore the economics of the agreed terms as far as practicable. Any such election, determination, modification or adjustment shall not create a significant imbalance between the rights and obligations of the Issuer compared to the Noteholders, to the detriment of the Noteholders.

12. Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and stock exchange regulations, at the respective specified offices of the Fiscal Agent or the Paying Agent in Luxembourg (in the case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated

or defaced Notes, Receipts, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

13. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such Notes to “**Issue Date**” shall be to the first Issue Date of the first tranche of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “**Notes**” shall be construed accordingly.

14. Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing.

So long as the Notes are represented by a Global Note and such Global Note is held on behalf of Euroclear or Clearstream or any other clearing system, notices to the holders of the Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for mailing as required by this Condition 14 (*Notices*). Any such notice shall be deemed to have been given to the holders of the Notes on the day on which the said notice was given to Euroclear and/or Clearstream and/or such other relevant clearing system.

In addition, so long as any Notes are listed on the London Stock Exchange and the rules of that exchange so require, notices to the holders of such Notes will be placed on the website of the Regulatory News Service operated by the London Stock Exchange (<http://www.londonstockexchange.com/exchange/news/market-news/market-newshome.html>).

Couponholders will be deemed for all purposes to have notice of the contents of any notice to the holders of Bearer Notes in accordance with this Condition.

15. Substitution (applicable to Natixis Structured Issuance only)

15.1 In respect of Notes issued by Natixis Structured Issuance only, the Issuer or any previous substituted company, may at any time, following the occurrence of a Substitution Event, without the consent of the Noteholders or the Couponholders, substitute for itself as principal debtor under the Notes, the Receipts, the Coupons and the Talons any company (the Substitute) that is an Affiliate of the Issuer, or an Affiliate of any previous substituted company, provided that:

- no payment in respect of the Notes, the Receipts or the Coupons is at the relevant time overdue;
- unless a NATIXIS Guarantee applies to the Notes, the Issuer unconditionally and irrevocably guarantees in favour of each Noteholder the performance of all obligations by the Substitute under the Notes; and
- the Substitution Conditions have been satisfied.

For the purposes of this Condition, a “**Substitution Event**” means:

- (i) a divestment of any assets of the Issuer;
- (ii) the cancellation, suspension or revocation of any relevant authorisation or licence of the Issuer or the Guarantor, as the case may be, by any governmental, legal or regulatory authority;
- (iii) a consolidation, amalgamation, merger or binding share exchange in respect of the Issuer or the Guarantor, as the case may be, with or into another entity or person;

- (iv) a takeover offer, tender offer, exchange offer, solicitation proposal or other event by any entity or person to purchase or otherwise obtain a controlling stake in the Issuer or the Guarantor, as the case may be; or
- (v) any other event affecting the Issuer or the Guarantor, as the case may be, pursuant to which substitution is permissible in accordance with the regulations of any stock exchange, any applicable law or regulation in force in the jurisdiction of the Issuer or the Guarantor, as the case may be or any applicable law or regulation in force in the jurisdiction in which the securities are offered.

“**Affiliate**” means, with respect to any specified person, any other person who directly or indirectly through one or more intermediaries controls, or is controlled by, or is under common control with, such specified person. The term “**control**” means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract or otherwise.

15.2 The substitution shall be made by a deed poll (the “**Deed Poll**”), to be substantially in the form scheduled to the Agency Agreement as Schedule 8, and may take place only if the following conditions (the Substitution Conditions) are satisfied:

- (i) the Substitute shall, by means of the Deed Poll, agree to indemnify each Noteholder and Couponholder against any tax, duty, assessment or governmental charge that is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and, if different, of its incorporation with respect to any Note, Receipt, Coupon, Talon or the Deed of Covenant and that would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution;
- (ii) where the Substitute is not NATIXIS, the Substitute has (a) a credit rating at least the same as the credit rating assigned by Moody's Investor Services, Inc. or Standard and Poor's Rating Group, Inc (or, if either ceases to exist or publish ratings generally, any alternative internationally recognised rating agency which has assigned a credit rating to the Issuer or, as the case may be, any previous substituted company) to the Issuer or, as the case may be, any previous substituted company, immediately prior to such substitution, and (b) the benefit of any equivalent guarantee arrangement (or any undertakings pursuant to any guarantee arrangement) which is not materially less beneficial to the holders of the Notes, Receipts, Coupons and Talons than the guarantee arrangement in place immediately prior to such substitution;
- (iii) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Notes, Receipts, Coupons, Talons and Deed of Covenant represent valid, legally binding and enforceable obligations of the Substitute have been taken, fulfilled and done and are in full force and effect; the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it;
- (iv) legal opinions addressed to the Noteholders shall be made available to them (at the offices of the Agent) from a reputable lawyer or firm of lawyers with a securities practice in each jurisdiction referred to in (i) above and in England as to the fulfilment of the preceding conditions of this Condition 15 and the other matters specified in the Deed Poll;
- (v) the Issuer shall have given at least 14 days' prior notice of such substitution to the Noteholders, stating that copies, or pending execution the agreed text, of all documents in relation to the substitution that are referred to above, or that might otherwise reasonably be regarded as

material to Noteholders, shall be available for inspection at the specified office of each of the Paying Agents;

- (vi) in respect of the Preference Share Linked Notes, if the Issuer or the Calculation Agent determines that any tax, duty, assessment or governmental charge may be imposed on any Noteholder by (or by any authority in or of) the United Kingdom that would not be so imposed if the substitution is not made (a “**Substitution Charge**”), the Substitute shall, without prejudice to (i) above, indemnify each Noteholder against all such Substitution Charges, provided that the Issuer may instead elect to redeem the Preference Share Linked Notes in full (but not in part) prior to the substitution being made at the Early Redemption Amount determined in accordance with Condition 6(a) of the Terms and Conditions of Structured Notes (and for this purpose the Issuer's election hereunder shall constitute a Preference Share Early Redemption Event); and
- (vii) each stock exchange on which the Securities are listed has confirmed that, following the proposed substitution of the Substitute, the Securities will continue to be listed on such stock exchange.

16. **Governing Law**

(a) ***Governing Law***

The Notes, the Receipts, the Coupons and the Talons (including any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons and the Talons) are governed by, and shall be construed in accordance with, English law. For the avoidance of any doubt, articles 470-1 to 470-19 (inclusive) of Companies Law 1915 shall be excluded.

(b) ***Jurisdiction***

(A) The English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Notes, the Receipts, the Talons and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Talons and/or the Coupons (a “**Dispute**”) and accordingly each of the Issuer and any Noteholders, Receiptholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

(B) For the purposes of this Condition 16(b), the Issuer, the Noteholders, the Receiptholders and the Couponholders each waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

(c) ***Contracts (Rights of Third Parties) Act 1999***

No person shall have the right to enforce any term or condition of these Notes under the Contracts (Rights of Third Parties) Act 1999.

(d) ***Service of Process***

The Issuer irrevocably appoints NATIXIS, London Branch, Cannon Bridge, 25 Dowgate Hill, London EC4R 2YA, as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a suitable process agent and shall immediately notify

Noteholders of such appointment in accordance with Condition 14. Nothing shall affect the right to serve process in any manner permitted by law.

17. Recognition of Bail-in

17.1 Acknowledgement

Notwithstanding any other term of the Notes or any other agreement, arrangement or understanding between the Issuers and the Noteholders, by its subscription and/or purchase and holding of the Notes, each Noteholder (which for the purposes of this Condition 17 includes each holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- i. to be bound by the effect of the exercise of the Bail-in Power (as defined below) by the Relevant Resolution Authority (as defined below), which may include and result in any of the following, or some combination thereof:
 - (A) the reduction of all, or a portion, of the Amounts Due (as defined below);
 - (B) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the Noteholder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
 - (C) the cancellation of the Notes; and/or
 - (D) the amendment or alteration of the maturity of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- ii. that the terms of the Notes are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in Power by the Relevant Resolution Authority.

17.2 Payment of Interest and Other Outstanding Amounts Due

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the relevant Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France or Luxembourg, as applicable, and the United Kingdom or the European Union applicable to the Issuer or other members of its group.

17.3 No Event of Default

Neither a cancellation of the Notes, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the relevant Issuer or another person, as a result of the exercise of the Bail-in Power by the Relevant Resolution Authority with respect to the Issuer, nor the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Noteholder to any remedies (including equitable remedies) which are hereby expressly waived.

17.4 Notice to Noteholders

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority with respect to the Notes, the relevant Issuer will give notice to the Noteholders in accordance with Condition 14 as soon as practicable regarding such exercise of the Bail-in Power. The Issuer will also deliver a copy of such

notice to the Principal Paying Agent for information purposes, although the Principal Paying Agent shall not be required to send such notice to Noteholders. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in Power nor the effects on the Notes described in sub-paragraphs (i) and (ii) of Condition 17.1.

17.5 Duties of the Principal Paying Agent

Upon the exercise of any Bail-in Power by the Relevant Resolution Authority, the Issuers and each Noteholder hereby agree that (a) the Principal Paying Agent shall not be required to take any directions from Noteholders, and (b) the Agency Agreement shall impose no duties upon the Principal Paying Agent whatsoever, in each case with respect to the exercise of any Bail-in Power by the Relevant Resolution Authority.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-In Power by the Relevant Resolution Authority, any Notes remain outstanding (for example, if the exercise of the Bail-in Power results in only a partial write-down of the principal of the Notes), then the Principal Paying Agent's duties under the Agency Agreement shall remain applicable with respect to the Notes following such completion to the extent that the Issuers and the Principal Paying Agent shall agree pursuant to an amendment to the Agency Agreement.

17.6 Prorating

If the Relevant Resolution Authority exercises a Bail-in Power with respect to less than the total Amounts Due, unless the Principal Paying Agent is otherwise instructed by the relevant Issuer or the Relevant Resolution Authority, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Bail-in Power will be made on a pro-rata basis.

17.7 Conditions Exhaustive

- (iii) No adjustments to the terms of the Notes will be required other than those specified above. - (i) in the case where the Share continues to be listed and traded on the Exchange, to retain such Share as the underlying share to which the Notes are linked, subject to any adjustments to the terms of the Notes as the Calculation Agent determines appropriate;

OR (but not and)

- (iii) If "China Connect" is specified as applicable in the relevant Final Terms, in its determination of any adjustments to the terms of the Notes to account for the economic effect on the Notes of the relevant Merger Event or Tender Offer, as applicable, the Calculation Agent shall take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Merger Event or Tender Offer in respect of Shares held through the China Connect Service.

In the event that the consideration for the Share consists of more than any one type of share or security, the Calculation Agent may determine that the Share will be comprised of some but not all of such considerations (the “**Retained Consideration**”), and that the balance of the consideration shall not be so retained for purposes of comprising the Share (the “**Non Retained Consideration**”); provided, however, that an adjustment shall be made to the Retained Consideration comprising the Share so as to take into account the value of the Non Retained Consideration. The foregoing adjustment shall be made with reference to the values of the Retained Consideration and Non Retained Consideration in accordance with the quotations (if any) of the Retained Consideration and the Non Retained Consideration, respectively, made on the first Exchange Business Day following the Merger Date or, as the case may be, the Tender Offer Date and otherwise as the Calculation Agent may reasonably determine;

The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount. In such event, the Issuer shall promptly notify the Paying Agent and the Noteholders in accordance with Condition 14 (*Notices*) of the Terms and Conditions of the Notes that it has elected to redeem the Notes (such notice stating the Early Redemption Date and the applicable Early Redemption Amount).

If Essential Trigger is specified as applicable in the applicable Final Terms, (i) the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer

The Notes shall be redeemed on the Early Redemption Date at the Early Redemption Amount determined by the Calculation Agent as of the Notification Date. The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount. (g) **Redemption by Physical Delivery**

(C) *Definitions*

"Clearance System" means indiscriminately the Share Clearance System, Clearstream or Euroclear.

"Clearance System Business Day" means any day on which each of Euroclear or Clearstream as the case may be, and the Share Clearance System is (or, but for the occurrence of a Settlement Disruption Event, would have been) open for the acceptance and execution of settlement instructions.

"Clearstream" means Clearstream Banking S.A. (or any successor thereof).

"Delivery Agent" means NATIXIS or such other agent as may be appointed by the Issuer, as specified in the applicable Final Terms which term shall include any successor or any agent acting on behalf thereof, as the case may be. The Delivery Agent will act solely as agent of the Issuer and will not assume any obligations to, or relationship of agency or trust for or with, the Noteholders. The Issuer reserves the right at any time to vary or terminate the appointment of the Delivery Agent and to appoint, or not, other Delivery Agents.

"Disruption Cash Settlement Price" means, in respect of any Note, an amount in the Specified Currency specified as such in the applicable Final Terms equal to the fair market value of a Note less (i) the Residual Cash Amount and (ii) unless where Unwind Costs is specified as not applicable in the applicable Final Terms, the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent, in its sole and absolute discretion.

"Euroclear" means Euroclear S.A./N.V. (or any successor thereof).

"Integral Number of Shares" means, in respect of each Note, an integral number of Shares equal to the Relevant Number of Shares rounded downwards to the nearest integral number; except if "Notes to be aggregated for the purposes of determining the number of Shares to be delivered" is specified as applicable in the applicable Final Terms, in which case "*Integral Number of Shares*" shall be deemed not applicable. For the avoidance of doubt the Integral Number of Shares as of the Issue Date may be specified in the applicable Final Terms.

"Physical Delivery Reference Amount" means either (i) the Specified Denomination or (ii) the Final Redemption Amount, as specified in the applicable Final Terms.

If such rate does not appear on the page designated in the applicable Final Terms, the Calculation Agent will determine the Prevailing Exchange Rate (or a method for determining the Prevailing Exchange Rate).

“**Relevant Number of Shares**” means, in respect of each Note, a number of Shares equal to (i) the Physical Delivery Reference Amount multiplied by the Prevailing Exchange Rate (if any) divided by (ii) the Share Reference Price, subject to the Physical Delivery Rounding Convention and to adjustment from time to time in accordance with the provisions as set out in Condition 1(f) (*Particular Provisions*) above. For the avoidance of doubt, the Relevant Number of Shares as of the Issue Date may be specified in the applicable Final Terms.

In that case, (a) if the Integral Number of Shares can be delivered in any other commercially reasonable manner, as determined by the Calculation Agent in its sole discretion, then the Settlement Date will be the first day on which settlement of a sale of the Integral Number of Shares executed on that fifth Clearance System Business Day customarily would take place using such other commercially reasonable manner of delivery (which other manner of delivery will be deemed to be the relevant Clearance System for the purposes of delivery of the relevant Integral Number of Shares), and (b) if the Integral Number of Shares cannot be delivered in any other commercially reasonable manner, as determined by the Calculation Agent in its sole discretion, then in lieu of physical settlement the Issuer may satisfy its obligations in respect of each of the relevant Notes by payment to the Noteholders of the Disruption Cash Settlement Price on the third Business Day following such fifth Clearance System Business Day. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the shares or

securities comprised in the Relevant Number of Shares, the Settlement Date for shares or securities not affected by the Settlement Disruption Event will be the Maturity Date. In the event that a Settlement Disruption Event will result in the delivery on the Settlement Date of some but not all of the shares or securities comprised in the Relevant Number of Shares, the Calculation Agent shall determine in its sole discretion the appropriate pro rata portion of the Disruption Cash Settlement Price which the Issuer, to satisfy its obligations in respect of each of the relevant Notes to the extent the Issuer has not already done so by delivery of shares or securities comprised in the Relevant Number of Shares, will pay to the Noteholders on the third Business Day following the fifth Clearance System Business Day.

“**Settlement Disruption Event**” means an event beyond the control of the Issuer or the Delivery Agent as a result of which (i) Euroclear or Clearstream, as the case may be, or the Share Clearance System cannot clear the transfer of the Shares or (ii) Euroclear or Clearstream, as the case may be, or the Share Clearance System ceases to clear all or any of such Shares.

(ii) Unless Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer shall be under no obligation to compensate or indemnify the Noteholder(s) for any delay or failure on the part of the Issuer or the Delivery Agent to deliver or procure the delivery of the Integral Number of Shares on the Settlement Date and/or to pay or procure the payment of the Residual Cash Amount on the Maturity Date to the Noteholder(s) to the extent Euroclear and/or Clearstream, as the case may be, does not receive the Delivery Notice from the Noteholder(s) on (or before, as may be applicable) the Delivery

Notice Date or, to the extent that for any reason Euroclear and/or Clearstream fail, or fail within any relevant period, to transmit (whether or not in accordance with its then applicable operating procedures and accepted methods of communication) any notice by or on behalf of the Issuer or the Delivery Agent to its participants. Without prejudice to the preceding sentence and paragraph (iv) below, in the event that Euroclear and/or Clearstream do not receive a Delivery Notice from a Noteholder on or before the tenth Business Day following the Maturity Date, the Issuer shall be entitled (but not obliged) to pay to such Noteholder, as soon as reasonably practicable on or following such date, an amount determined by the Calculation Agent in its sole and absolute discretion and notified to the Issuer, the Paying Agent, Euroclear and/or Clearstream, as the case may be (to be communicated by them to the relevant Noteholders) in writing promptly following such determination, equal to the fair market value of such Integral Number of Shares and/or the Residual Cash Amount at the date determined in good faith by the Issuer, in full satisfaction of its obligations under such Notes.

- (iii) A Delivery Notice once delivered to Euroclear or Clearstream, as the case may be, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note that is the subject of a Delivery Notice following delivery of such Delivery Notice to Euroclear or Clearstream, as the case may be.
- (iv) A Delivery Notice shall only be valid to the extent that Euroclear and/or Clearstream, as the case may be, have not received conflicting prior instructions in respect of the Notes that are the subject of the Delivery Notice. Any determination as to whether such notice has been properly provided shall be made by Euroclear and/or Clearstream, as the case may be, after consultation with the Issuer and shall be conclusive and binding on the Issuer and the relevant Noteholder. If a Delivery Notice has not been provided properly and timely, the Issuer or the Delivery Agent shall not be obliged to make any payment or delivery in respect of the Notes which are the subject of the Delivery Notice.

- (viii) The nominal amount of a number of Notes delivered by the same Noteholder for redemption shall not be aggregated for the purpose of determining the number of Shares to be delivered in respect of such Notes. However, if the paragraph "Notes to be aggregated for the purposes of determining the number of Shares to be delivered" is specified as applicable in the applicable Final Terms, then the Notes delivered by the same Noteholder for exchange shall be aggregated for the purpose of determining the number of Shares to be delivered in respect of such Notes. In such case, the Shares deliverable to a Noteholder in respect of the Notes held by it will be a whole number of Shares provided that where the number of Shares which would otherwise be deliverable hereunder includes a fraction of such Shares, the number of such Shares shall be rounded downwards to the nearest integral number and the cash equivalent of such fraction (the "**Additional Cash Amount**") will be paid to this Noteholder. The Additional Cash Amount shall be an amount in the Specified Currency specified in the applicable Final Terms equal to the product of (i) the above mentioned fraction and (ii) the Exchange traded price of the Share as of the close of trading on the Exchange on the date specified in the applicable Final Terms or, if such price is not available in the sole opinion of the Calculation Agent on such date, the price determined by the Calculation Agent in its sole and absolute discretion.
- (ix) Delivery of any Shares is subject to all applicable laws, regulations and practices and neither the Issuer nor the Delivery Agent shall incur any liability whatsoever if it is unable to deliver or procure the delivery of the Shares to the Noteholder because of any such laws, regulations or practices. Neither the Issuer nor the Delivery Agent shall under any circumstances be liable for any acts or defaults of Euroclear and/or Clearstream, as may be applicable, and/or the Share Clearance System in relation to the performance of the duties in relation to the Notes, including but not limited to the delivery of the Shares to the Noteholder.
- (x) After delivery by the Issuer or the Delivery Agent to the relevant Noteholder(s) through Euroclear and/or Clearstream, as may be applicable, and/or the Share Clearance System of the Shares (if applicable) and for such period of time as the Issuer or its agent or nominee shall continue to be registered in any clearance system or otherwise as the owner of the Shares (the "**Intervening Period**"), neither the Issuer nor its agent or nominee shall:

- (I) be under any obligation to deliver to such Noteholder(s) or any subsequent beneficial owner of the Shares any letter, certificate, notice, circular, dividend or any other document or payment whatsoever received by the Issuer or its agent or nominee in its capacity as the holder thereof; or
 - (II) exercise any or all rights (including voting rights) attaching to such Shares or part thereof during the Intervening Period without the prior written consent of the relevant Noteholder(s), provided that neither the Issuer nor its agent or nominee shall be under any obligation to exercise any such rights during the Intervening Period; or
 - (III) be under any liability to such Noteholder(s) or any subsequent beneficial owner of the Shares in respect of any loss or damage which such Noteholder(s) or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of the Issuer or its agent or nominee being registered in such clearance system or otherwise during such Intervening Period as legal owner of the Shares.
- (xi) The Issuer or the Delivery Agent shall not be under any obligation to register or procure the registration of any holder of any Note, or any other person acting on behalf of such holder, or any other person, as the registered holder of any Shares in respect of such Note.

- (iv) a call by the Company in respect of Shares that are not fully paid;
- (v) a repurchase by the Company or any of its subsidiaries of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise;
- (vi) in respect of the Company, an event that results in any shareholder rights being distributed or becoming separated from shares of common stock or other shares of the capital stock of the Company pursuant to a shareholder rights plan or arrangement directed against hostile takeovers that provides upon the occurrence of certain events for a distribution of preferred stock, warrants, debt instruments or

stock rights at a price below their market value, as determined by the Calculation Agent, provided that any adjustment effected as a result of such an event shall be readjusted upon any redemption of such rights; or

- (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

(2) Consequences

- (i) Subject to sub-paragraph (iv) below, if, in respect of any Share, a Potential Adjustment Event occurs from, and including, the Issue Date to, and including, the latest of the last Valuation Date, the last Observation Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the Calculation Agent will promptly determine, in its sole and absolute discretion, whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of that Share and, if so, will:

make such adjustment(s), if any, to any one or more of the Barrier Price and/or the Trigger Price and/or the Initial Price and/or the Knock-in Price and/or the Knock-out Price and/or the Automatic Early Redemption Price and/or the specific Weighting and/or (if Redemption by Physical Delivery) the Relevant Number of Shares and/or any of the other relevant provisions of the Notes that the Calculation Agent determines, in its sole and absolute discretion, to be appropriate to account for that diluting or concentrative effect; and

determine, in its sole and absolute discretion, the effective date(s) of such adjustment(s).

The Calculation Agent may (but need not) determine the appropriate adjustment(s) by reference to the adjustment(s) in respect of such Potential Adjustment Event made by an options exchange to options on such Share traded on such options exchange.

If "China Connect" is specified as applicable in the relevant Final Terms, in its determinations of the existence and extent of any dilutive or concentrative effect on the theoretical value of the Shares of any Potential Adjustment Event, and any related adjustments to the terms of the Notes, the Calculation Agent shall take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Potential Adjustment Event in respect of Shares held through the China Connect Service.

- (ii) The Calculation Agent shall not be required to make an adjustment to the terms of the Notes if it determines (with reference as the case may be to the adjustment method of the Related Exchange on which options on this Share are traded) that the theoretical change in value

of any Share resulting from the occurrence of one or more events listed in the provisions hereof above is less than or equal to one per cent. of the value of that Share immediately before the occurrence of that event or those events.

- (iii) No adjustments to the terms of the Notes will be required other than those specified above. However, subject to sub-paragraph (iv) below, the Issuer may cause the Calculation Agent to make additional adjustments to the terms of the Notes to reflect changes occurring in relation to any Share in other circumstances where the Issuer determines, in its sole and absolute discretion, that such changes are appropriate.
- (iv) If Essential Trigger is specified as applicable in the applicable Final Terms, the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer to be able to elect to adjust any provisions of the Notes pursuant to this Condition 3.

“Share Differential” means, in respect of any Share, a number equal to the price of this Share as of the relevant Valuation Time on the relevant Exchange on the relevant Merger Date or, as the case may be, Tender Offer Date (or if such price is not available, the Calculation Agent's good faith estimate of the value of such Share as of the relevant Valuation Time on such date) divided by the relevant Initial Price in respect of such Share.

“Tender Offer Date” means, in respect of a Tender Offer, the date on which voting shares in the amount of the applicable percentage threshold are actually purchased or otherwise obtained (as determined by the Calculation Agent).

(A) if Separate Valuation is specified as applicable in the applicable Final Terms:

if the Calculation Agent determines that the New Share Conditions are satisfied as of the Merger Date or, as the case may be, the Tender Offer Date, then the New Shares and the company issuing those New Shares will be deemed

to be that Share and that Company respectively, the Calculation Agent shall be entitled to adjust accordingly any relevant terms of the Notes to account for the economic effect on the Notes of such Merger Event and to reflect the number of New Shares to which a holder of one such Affected Share is entitled in exchange for the Affected Share, provided that such adjustment shall only apply after the Merger Date;

OR (but not and)

if the Calculation Agent determines that the New Share Conditions are not satisfied as of the Merger Date or, as the case may be, the Tender Offer Date, the Affected Share shall be replaced by a Substitute Share in accordance with the provisions set forth in Condition 3(f)(E) (*Substitution*) below.

In respect of any Merger Event or Tender Offer, to the extent that a holder of an Affected Share could elect to receive New Shares or Other Consideration, the Calculation Agent will, for the purposes of making any calculation in respect of the Notes, be deemed to elect to receive New Shares.

OR (BUT NOT AND)

(B) if Separate Valuation is specified as not applicable in the applicable Final Terms:

in the case where the Share continues to be listed and traded on the Exchange, to retain such Share in the Basket, subject to any adjustments to the terms of the Notes as the Calculation Agent determines appropriate;

OR (but not and)

to require the Calculation Agent (a) to make such adjustment(s) to the redemption, payment or any other terms of the Notes as the Calculation Agent, in its sole and absolute discretion, considers to be appropriate to account for the economic effect on the Notes of such Merger Event or Tender Offer (including, without limitation, (A) the replacement of the Share by the number of New Shares and/or the amount of Other Consideration (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable) to which a holder of a Share would be entitled upon consummation of the Merger Event or the Tender Offer and/or (B) the adjustment to the relevant terms of the Notes that the Calculation Agent determines, in its sole and absolute discretion, to be appropriate to account for such replacement) and (b) to determine, in its sole and absolute discretion, the effective date of such adjustment(s).

If "China Connect" is specified as applicable in the relevant Final Terms, in its determination of any adjustments to the terms of the Notes to account for the economic effect on the Notes of the relevant Merger Event or Tender Offer, as applicable, the Calculation Agent shall take into account any requirement, adjustment and/or limitation that may be imposed by the China Connect Service or any action or inaction by any one or more of the Exchange, SEHK, CSDCC and HKSCC in relation to such Merger Event or Tender Offer in respect of Shares held through the China Connect Service.

If a holder of Shares could make an election as between different components of the New Shares and/or Other Consideration, the Calculation Agent shall make, in its sole and absolute discretion, such election for the purposes of this sub-paragraph 0.

If Separate Valuation is specified as not applicable in the applicable Final Terms and in the case of Combined Consideration, the Calculation Agent may, in its sole and absolute discretion, determine that the Share shall be replaced by the number of New Shares equal to the sum of (a) the number of New Shares, which originally formed part of the Combined Consideration together with (b) the number of additional New Shares that could be purchased using the value on the Merger Date or, as the case may be, the Tender Offer Date of the Other Consideration.

If Separate Valuation is specified as not applicable in the applicable Final Terms and in the event that the consideration for the Share consists of more than any one type of share or security, the Calculation Agent may determine, in its sole and absolute discretion, that the Share will be comprised of some but not all of such considerations (the "**Retained Consideration**"), and that the balance of the consideration shall not be so retained for purposes of comprising the Share (the "**Non Retained Consideration**"); provided, however, that an adjustment shall be made to the Retained Consideration comprising the Share so as to take into account the value of the Non Retained Consideration. The foregoing adjustment shall be made with reference to the values of the Retained Consideration and Non Retained Consideration in accordance with the quotations (if any) of the Retained Consideration and the Non Retained Consideration, respectively, made on the first Exchange Business Day following the Merger Date or, as the case may be, the Tender Offer Date and otherwise as the Calculation Agent may reasonably determine.

OR (BUT NOT AND)

- (C) if Monetisation is specified as applicable in the applicable Final Terms, to apply the Monetisation provisions set forth in paragraph 3(f)(F) below;

OR (BUT NOT AND)

- (D) if Early Redemption is specified as applicable in the applicable Final Terms, to redeem all (but not some only) of the Notes on the tenth Business Day following the Merger Date or, as the case may be, the Tender Offer Date (such date being an Early Redemption Date) by paying the Early Redemption Amount determined by the Calculation Agent on the Merger Date or, as the case may be, the Tender Offer Date. The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount. In such event, the Issuer shall promptly notify the Paying Agent and the Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the Notes that it has elected to redeem the Notes (such notice stating the Early Redemption Date and the applicable Early Redemption Amount).

The Calculation Agent shall not be required to make an adjustment to the terms of the Notes if it determines (with reference as the case may be to the adjustment method of the Related Exchange on which options on this Share are traded) that the theoretical change in value of any Share resulting from the occurrence of one or more events listed in the provisions hereof above is less than or equal to one per cent. of the value of that Share immediately before the occurrence of that event or those events.

No adjustments to the terms of the Notes will be required other than those specified above. However, the Issuer may cause the Calculation Agent to make additional adjustments to the terms of the Notes to reflect changes occurring in relation to any Share in other circumstances where the Issuer determines, in its sole and absolute discretion, that such changes are appropriate.

If Essential Trigger is specified as applicable in the applicable Final Terms, (i) the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer or the Calculation Agent to be able to elect to adjust any provisions in relation to the Notes pursuant to this Condition 3, (ii) the provisions of Condition 6(m) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the Notes must be satisfied in order for the Issuer to be able to terminate its obligations in relation to the Notes pursuant to this Condition 3, and (iii) Condition 6(m) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the Notes applies to the determination of the Monetisation Amount or the amount to be paid to the Noteholders on the Early Redemption Date, as applicable.

- (i) if Separate Valuation is specified as applicable in the applicable Final Terms, to require the Calculation Agent to make such adjustment(s) to the redemption, settlement, payment or any other terms of the Notes (including, without limitation, to determine its good faith estimate of the value of such Share (the “**Share Value**”) which may be, for the avoidance of doubt, equal to zero, provided that the Calculation Agent may (but is not obliged to) decide that the Share Value shall be deemed to be the Other Consideration and reinvested in a Substitute Share in accordance with the provisions set forth in Condition 3(f)(E) (*Substitution*) below). If Essential Trigger is specified as applicable in the applicable Final Terms, (i) as it, in its sole and absolute discretion, considers to be appropriate, and determine, in its sole and absolute discretion, the effective date of such adjustment(s); the provisions of Condition 11 (*Meeting of Noteholders and Modifications*) of the Terms and Conditions of the Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer to be able to elect to adjust any provisions in relation to the Notes pursuant to this Condition 3 and (ii) the provisions of Condition 6(m) (*Early Redemption where Essential Trigger is specified as applicable in the Final Terms*) of the Terms and Conditions of the Notes must be satisfied in order for the Issuer to be able to terminate its obligations in relation to the Notes pursuant to this Condition 3 and Condition 6(m) (*Early Redemption where Essential Trigger is specified as applicable in the Final Terms*) of the Terms and Conditions of the Notes applies to the determination of the Monetisation Amount or the amount to be paid to the Noteholders on the Early Redemption Date, as applicable.

OR (but not and)

- (iii) if Monetisation is specified as applicable in the applicable Final Terms, to apply the Monetisation provisions set forth in paragraph 3(f)(F) below;

OR (but not and)

from the Calculation Agent that such Additional Adjustment Event has occurred (such day being a “**Notification Date**”). The Notes shall be redeemed on the Early Redemption Date at the Early Redemption Amount determined by the Calculation Agent as of the Notification Date. The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount. The Issuer shall promptly notify the Paying Agent and the Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the Notes that it has elected to redeem the Notes (such notice stating the Early Redemption Date and the applicable Early Redemption Amount).

If Essential Trigger is specified as applicable in the applicable Final Terms, (i) the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer or the Calculation Agent to be able to elect to adjust any provisions in relation to the Notes pursuant to this Condition 3, (ii) the provisions of Condition 6(m) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the Notes must be satisfied in order for the Issuer to be able to terminate its obligations in relation to the Notes pursuant to this Condition 3 and (iii) Condition 6(m) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the Notes applies to the determination of the Monetisation Amount or the amount to be paid to the Noteholders on the Early Redemption Date, as applicable.

- (ii) in respect of the Substitute Consideration (the “**Market Value of the Substitute Consideration**”):
 - (a) if such Substitute Consideration is quoted on an exchange on the Substitution Date, the closing price per Substitute Consideration on the relevant exchange on the Substitution Date; and/or
 - (b) if such Substitute Consideration is not quoted on an exchange on the Substitution Date, the Calculation Agent's good faith estimate of the value at which the Substitute Consideration could be sold to a willing buyer in an arm's length transaction on the Substitution Date.

For the avoidance of doubt, the Market Value of Other Consideration shall be deemed to be expressed as an amount per Affected Share.

“**Substitute Share**” means, in respect of any Affected Share, a share selected by the Calculation Agent to replace that Affected Share which satisfies each of the following criteria:

- (i) it is not already a Share comprised in the Basket (except if such Share is a New Share received as a consequence of a de-merger Event in respect of which the New Share Conditions are satisfied);
- (ii) it is a share in respect of which no Share Event would occur immediately upon its substitution for the relevant Affected Share;
- (iii) it is listed on a regulated exchange and is traded on an exchange, quotation system or market that the Calculation Agent determines is of comparative size and liquidity relative to the Substitute Share as the Exchange is relative to the Affected Share;
- (iv) it is issued to the extent that this is possible by a company located in the same geographical area as the Company relating to the Affected Share;
- (v) it is part, to the extent that this is possible, of the same economic sector as the Company relating to the Affected Share; and
- (vi) any Additional Substitute Share Conditions specified in the applicable Final Terms.

“**Substitute Consideration**” means (i) the Affected Share or (ii) New Shares and/or Other Consideration exchanged or otherwise received in respect of the Affected Share.

“**Substitution Date**” means, in respect of any Share Event and any Share, the third Exchange Business Day (on which, if relevant, no Market Disruption Event has occurred) succeeding the Effective Date.

(2) Consequences

If Essential Trigger is specified as not applicable in the applicable Final Terms, the occurrence of a Share Event with respect to an Affected Share (other than a Share-for-Combined Merger Event or a Share-for-Combined Tender Offer or a Share-for-Share Merger Event or a Share-for-Share Tender Offer where the New Share Conditions are satisfied):

- (i) the Calculation Agent shall determine the Market Value of the Substitute Consideration and the Market Value of the Substitute Share;
- (ii) the Substitute Share and the company issuing those Substitute Shares will be deemed to be the “**Share**” and the “**Company**” respectively with effect on the Substitution Date;
- (iii) the relevant Initial Price will be adjusted by the Calculation Agent by dividing (a) such relevant Initial Price by (b) an amount equal to (A) the Market Value of the Substitute Consideration divided by (B) the Market Value of the Substitute Share, provided that such adjustment shall only apply after the Substitution Date; and

- (iv) the Calculation Agent shall be entitled to adjust accordingly any of the other relevant terms of the Notes (including, but not limited to, any of the relevant Barrier Price and/or the Trigger Price and/or Knock-in Price and/or Knock-out Price and/or Automatic Early Redemption Price and/or the specific Weighting which will be adjusted by the Calculation Agent in accordance with the methodology above defined), provided that such adjustment shall only apply after the Substitution Date.

If Essential Trigger is specified as applicable in the applicable Final Terms, (i) the provisions of Condition 11 (Meeting of Noteholders and Modifications) of the Terms and Conditions of the Notes in relation to Essential Trigger and Discretion must also be satisfied in order for the Issuer or the Calculation Agent to be able to elect to adjust any provisions in relation to the Notes pursuant to this Condition 3 and (ii) the provisions of Condition 6(m) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the Notes must be satisfied in order for the Issuer to be able to terminate its obligations in relation to the Notes pursuant to this Condition 3 and Condition 6(m) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the Notes applies to the determination of the Monetisation Amount or the amount to be paid to the Noteholders on the Early Redemption Date, as applicable.

(F) *Monetisation*

Means, if "*Monetisation*" is specified as applicable in the applicable Final Terms and a Monetisation Event occurs but Essential Trigger is specified as not applicable in the applicable Final Terms, that in respect of the Final Redemption Amount, any Fixed Interest Rate and Structured Note interest amount, the Issuer shall no longer be liable for the payment, (i) on any Interest Payment Date following the occurrence of a Monetisation Event, of the Fixed Interest Rate and/or Structured Note interest amount initially scheduled to be paid on such Interest Payment Date(s) and (ii) on the Maturity Date, of the Final Redemption Amount initially scheduled to be paid on the Maturity Date, but instead will, in full and final satisfaction and discharge of its obligations of payment under the Notes, pay on the Maturity Date an amount per Note as calculated by the Calculation Agent as of the Monetisation Date until the Maturity Date (the "**Monetisation Amount**") equal to the product of:

- (A) the fair market value of a Note based on the market conditions prevailing at the Monetisation Date and adjusted to account fully for any reasonable expenses and costs of unwinding any underlying and/or related hedging and funding arrangements (including, without limitation, any equity options, equity swaps or other instruments of any type whatsoever hedging the Issuer's obligations under the Notes); and
- (B) the Monetisation Formula.

In respect of any Fixed Interest Rate Notes and Structured Notes interest amount for the purposes of determining the Monetisation Amount, no accrued unpaid interest shall be payable but shall be taken into account in calculating the fair market value of each Note.

For the purposes of this Condition 3(f)(F):

“**Monetisation Date**” means the date as of which the Monetisation provisions shall be effective, as determined by the Calculation Agent in its sole and absolute discretion and which shall be no earlier than the date of occurrence of the relevant Monetisation Event.

“**Monetisation Event**” means any event specified in Condition 3(f) (*Particular Provisions*) which, in the determination of the Calculation Agent, triggers the Monetisation provisions, as set forth in Condition 3(f) (*Particular Provisions*).

“**Monetisation Formula**” means the following formula:

$$(1 + r)^n$$

where “**r**” is an Interest Rate specified in the applicable Final Terms; and

“**n**” means the period in years from the Monetisation Date to the Maturity Date.

If so specified in the applicable Final Terms, the Noteholders will receive no less than the amount of the Specified Denomination in the event of the application of the Monetisation Formula.

If Essential Trigger is specified as applicable in the applicable Final Terms, Condition 6(m) (Early Redemption where Essential Trigger is specified as applicable in the Final Terms) of the Terms and Conditions of the Notes applies to the determination of the Monetisation Amount.

(G) *Cut-off Date*

(2) Consequences

Notwithstanding the provisions of Condition 3(f)(C) (*Merger Events and Tender Offers*) and Condition 3(f)(D) (*Additional Adjustment Events*), if a Share Event occurs during the period from the relevant Cut-off Date to any Valuation Date (both dates inclusive), the relevant Final Price of the Affected Share shall be the price determined by the Calculation Agent as being its good faith estimate of the fair market value of the Affected Share.

(H) *Miscellaneous*

(i) If more than one of the events set out above occurs, the adjustments (if any) to the terms of the Notes for the second and subsequent events shall be to the terms of the Notes as adjusted for preceding events.

(ii) In the event that a determination is made that the Notes will be settled by Redemption by Physical Delivery and on or after the last Valuation Date or the last Observation Date or the last Knock-in Determination Day or the last

Knock-out Determination Day (but before the Settlement Date) a Potential Adjustment Event, a Merger Event or an Additional Adjustment Event occurs, then the Issuer shall be entitled (but not obliged) upon immediate notice to the Noteholders to (a) delay the Settlement Date to such date that falls five Business Days following such event and (b) cause the property comprising the Relevant Number of Shares to be thereupon adjusted in accordance with the provisions hereof.

- (iii) As soon as reasonably practicable under the circumstances after making any adjustment or modification to the terms of the Notes in accordance with these Conditions, whether in the exercise of its own discretion or at the request of the Issuer, the Calculation Agent will give notice thereof to the Issuer and to the Paying Agent whereupon the Issuer or the Paying Agent shall notify the Noteholders of such adjustment or modification in accordance with Condition 14 (Notices) of the Terms and Conditions of the Notes.

“**Deliverable Share**” means the Share specified as such in the applicable Final Terms.

“**Deliverable Share Clearance System**” means the principal domestic clearance system customarily used for settling trades in the Deliverable Share, as determined by the Calculation Agent.

“**Delivery Agent**” means NATIXIS or such other agent as may be appointed by the Issuer, as specified in the applicable Final Terms, which term shall include any successor or any agent acting on behalf thereof, as the case may be. The Delivery Agent will act solely as agent of the Issuer and will not assume any obligations to, or relationship of agency or trust for or with, the Noteholders. The Issuer reserves the right at any time to vary or terminate the appointment of the Delivery Agent and to appoint or not other Delivery Agents.

“**Disruption Cash Settlement Price**” means, in respect of any Note, an amount in the Specified Currency specified as such in the applicable Final Terms equal to the fair market value of a Note less (i) the Residual Cash Amount and (ii) unless where Unwind Costs is specified as not applicable in the applicable Final Terms, the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent, in its sole and absolute discretion.

“**Euroclear**” means Euroclear S.A./N.V. (or any successor thereof).

“**Integral Number of Deliverable Shares**” means, in respect of each Note, an integral number of Deliverable Shares equal to the Relevant Number of Deliverable Shares rounded downwards to the nearest integral number; except if “Notes to be aggregated for the purposes of determining the number of Deliverable Shares to be delivered” is specified as applicable in the applicable Final Terms, in which case “*Integral Number of Deliverable Shares*” shall be deemed not applicable. For the avoidance of doubt the Integral Number of Deliverable Shares as of the Issue Date may be specified in the applicable Final Terms.

“**Physical Delivery Reference Amount**” means either (i) the Specified Denomination or (ii) the Final Redemption Amount, as specified in the applicable Final Terms.

“**Physical Delivery Rounding Convention**” means the method specified in the applicable Final Terms or, if such Physical Delivery Rounding Convention is not specified, the figure to be rounded shall be rounded upwards to the nearest third decimal.

“**Prevailing Exchange Rate**” means, in respect of any date specified in the applicable Final Terms, the cross currency rate specified as such in the applicable Final Terms which appears on the page designated in the applicable Final Terms. “**Relevant Number of Deliverable Shares**” means, in respect of each Note, a number of Deliverable Shares equal to (i) the Physical Delivery Reference Amount multiplied by (ii) the specific Weighting (if any), (iii) the Prevailing Exchange Rate (if any) divided by (iv) the Share Reference Price of the Deliverable Shares, subject to the Physical Delivery Rounding Convention and to adjustment from time to time in accordance with the provisions as set out in Condition 3(f) (*Particular Provisions*) above. For the avoidance of doubt, the Relevant Number of Deliverable Shares as of the Issue Date may be specified in the applicable Final Terms.

“**Residual Cash Amount**” means, in respect of each Note, an amount in the Specified Currency specified in the applicable Final Terms equal to the product of (i) the Residual Number of Deliverable Shares and (ii) the Ultimate Final Price of the Deliverable Share divided by the Prevailing Exchange Rate (if any), being specified that the result of such sum shall be rounded to the nearest second decimal and with 0.005 rounded upwards.

“**Residual Number of Deliverable Shares**” means, in respect of each Note, a number of Shares equal to (i) the Relevant Number of Deliverable Shares minus (ii) the Integral Number of Deliverable Shares; except if “Notes to be aggregated for the purposes of determining the number of Deliverable Shares to be delivered” is specified as applicable in the applicable Final Terms, in which case “*Residual Number of Deliverable Shares*” shall be deemed not

applicable. For the avoidance of doubt, the Residual Number of Deliverable Shares as of the Issue Date may be specified in the applicable Final Terms.

“Settlement Date” means the Maturity Date. If a Settlement Disruption Event does prevent delivery on that day, then the Settlement Date will be the first succeeding day on which delivery of the Integral Number of Deliverable Shares can take place through the relevant Clearance System unless a Settlement Disruption Event prevents settlement on each of the five Clearance System Business Days immediately following the original date that, but for the Settlement Disruption Event, would have been the Settlement Date. In that case, (a) if the Integral Number of Deliverable Shares can be delivered in any other commercially reasonable manner, as determined by the Calculation Agent in its sole discretion, then the Settlement Date will be the first day on which settlement of a sale of the Integral Number of Deliverable Shares executed on that fifth Clearance System Business Day customarily would take place using such other commercially reasonable manner of delivery (which other manner of delivery will be deemed to be the relevant Clearance System for the purposes of delivery of the relevant Integral Number of Deliverable Shares), and (b) if the Integral Number of Deliverable Shares cannot be delivered in any other commercially reasonable manner, as determined by the Calculation Agent in its sole discretion, then in lieu of physical settlement the Issuer may satisfy its obligations in respect of each of the relevant Notes by payment to the Noteholders of the Disruption Cash Settlement Price on the third Business Day following such fifth Clearance System Business Day. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the shares or securities comprised in the Relevant Number of Deliverable Shares, the Settlement Date for shares or securities not affected by the Settlement Disruption Event will be the Maturity Date. In the event that a Settlement Disruption Event will result in the delivery on the Settlement Date of some but not all of the shares or securities comprised in the Relevant Number of Deliverable Shares, the Calculation Agent shall determine in its sole discretion the appropriate pro rata portion of the Disruption Cash Settlement Price which the Issuer, to satisfy its obligations in respect of each of the relevant Notes to the extent the Issuer has not already done so by delivery of shares or securities comprised in the Relevant Number of Deliverable Shares, will pay to the Noteholders on the third Business Day following the fifth Clearance System Business Day.

“Settlement Disruption Event” means an event beyond the control of the Issuer or the Delivery Agent as a result of which (i) Euroclear or Clearstream, as the case may be, or the Deliverable Share Clearance System cannot clear the transfer of the Deliverable Shares or (ii) Euroclear or Clearstream, as the case may be, or the Deliverable Share Clearance System ceases to clear all or any of such Deliverable Shares.

- (ii) Unless Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer shall be under no obligation to compensate or indemnify the Noteholder(s) for any delay or failure on the part of the Issuer or the Delivery Agent to deliver or procure the delivery of the Integral Number of Deliverable Shares on the Settlement Date and/or to pay or procure the payment of the Residual Cash Amount on the Maturity Date to the Noteholder(s) to the extent Euroclear and/or Clearstream, as the case may be, does not receive the Delivery Notice from the Noteholder(s) on (or before, as may be applicable) the Delivery Notice Date or, to the extent that for any reason Euroclear and/or Clearstream fail, or fail within any relevant period, to transmit (whether or not in accordance with its then applicable operating procedures and accepted methods of communication) any notice by or on behalf of the Issuer or the Delivery Agent to its participants. Without prejudice to the preceding sentence and subparagraph (iv) below, in the event that Euroclear and/or Clearstream do not receive a Delivery Notice from a Noteholder on or before the tenth Business Day following the Maturity Date, the Issuer shall be entitled (but not obliged) to pay to such Noteholder, as soon as reasonably practicable on or following such date an amount, determined by the Calculation Agent in its sole and absolute discretion and notified to the Issuer, the Paying Agent, Euroclear and/or Clearstream, as the case may be (to be communicated by them to the relevant Noteholders) in writing promptly following such determination, equal to the fair market value of such Integral

- (iii) A Delivery Notice once delivered to Euroclear or Clearstream, as the case may be, shall be irrevocable and may not be withdrawn without the consent in writing of the Issuer. A Noteholder may not transfer any Note that is the subject of a Delivery Notice following delivery of such Delivery Notice to Euroclear or Clearstream, as the case may be.
- (iv) A Delivery Notice shall only be valid to the extent that Euroclear and/or Clearstream, as the case may be, have not received conflicting prior instructions in respect of the Notes that are the subject of the Delivery Notice. Failure properly and timely to provide a Delivery Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly provided shall be made by Euroclear and/or Clearstream, as the case may be, after consultation with the Issuer and shall be conclusive and binding on the Issuer and the relevant Noteholder. If a Delivery Notice has not been provided properly and timely, the Issuer or the Delivery Agent shall not be obliged to make any payment or delivery in respect of the Notes which are the subject of the Delivery Notice.
- (v) Receipt by Euroclear and/or Clearstream, as the case may be, of a valid Delivery Notice shall be deemed to constitute (a) written confirmation of an irrevocable election and undertaking by the relevant Noteholder to select the account at Euroclear or Clearstream or the Deliverable Share Clearance System specified therein and (b) an undertaking by the relevant Noteholder to pay any costs, applicable value added or sales taxes, transfer taxes, stamp duties and other taxes and duties due by reason of delivery of the Integral Number of Deliverable Shares to the account at Euroclear or Clearstream or the Deliverable Share Clearance System or to reimburse Euroclear or Clearstream, as the case may be, or the Deliverable Share Clearance System in respect of any such costs, taxes or duties.
- (vi) In the event that any Note is not represented by a Global Note or Global Certificate held on behalf of Euroclear or Clearstream, as the case may be, the Issuer or the Delivery Agent shall procure that notice shall be provided to the relevant Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the Notes, describing the method by which an account at the Deliverable Share Clearance System shall be irrevocably designated for such Noteholders and such designation shall be binding on the Issuer and such Noteholders.
- (vii) Upon receipt of such Delivery Notice, Euroclear and/or Clearstream, as the case may be, shall (a) verify that the person specified therein as the Noteholder is the holder of the specified principal amount of Notes according to its books (provided that if such verification

If, in respect of any Index, on or prior to the latest of the last Valuation Date, the last Observation Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor (a) announces that it will make a material change in the formula for or the method of calculating this Index or in any other way materially modifies this Index (other than a modification prescribed in that formula or method to maintain this Index in the event of changes in constituent stock and capitalisation and other routine events) (an “**Index Modification**”) or permanently cancels this Index and no Successor Index exists (an “**Index Cancellation**”) or (b) fails to calculate and announce this Index (an “**Index Disruption**” (provided for the avoidance of doubt that a successor sponsor calculating and announcing this Index determined as unacceptable by the Calculation Agent shall be an Index Disruption) or (c) an Administrator/Benchmark Event occurs (and together with an Index Modification and an Index Cancellation and an Index Disruption, each an “**Index Adjustment Event**”), then, if Essential Trigger is specified as not applicable in the applicable Final Terms, the Calculation Agent will be entitled, for the purpose of performing its obligations in respect of the outstanding Notes, either to:

- (B) replace this Index by this Index as so modified or by the new index (as the case may be), provided that in such case, (a) the Calculation Agent will make such adjustments to the new index as may be required in order to preserve the economic equivalent of the obligation of the Issuer to make payment of any amount due and payable under the Notes linked to this Index as if such new or modified index had not replaced this Index and, if need be, will multiply the modified or new index by a linking coefficient to do so as determined by the Calculation Agent and (b) the Noteholders will be notified of the modified Index or the new index (as the case may be) and, if need be, of the linking coefficient; or (but not and)
- (C) if Monetisation is specified as applicable in the applicable Final Terms, to apply the Monetisation provisions set forth in paragraph 4(g) below; or (but not and)

- (ii) In the event that, in respect of any Index, any level announced by the relevant Index Sponsor which is utilised by the Calculation Agent for any determination (the “**Original Determination**”) is subsequently corrected and the correction (the “**Corrected Value**”) is announced by this Index Sponsor within two Scheduled Trading Days after the original publication and in any case not later than the second Scheduled Trading Day immediately preceding the payment date of the amount due and payable under the Notes which is linked to that Original Determination, then the Calculation Agent will notify the Issuer of the Corrected Value as soon as reasonably practicable and shall determine the relevant value (the “**Replacement Determination**”) using the Corrected Value.

If the result of the Replacement Determination is different from the result of the Original Determination, to the extent that it considers it to be necessary, the Calculation Agent may, in its sole and absolute discretion, adjust any relevant terms hereof accordingly.

For the avoidance of doubt, Noteholders shall not be entitled to make any claim against the Issuer or the Calculation Agent in the case where any Original Determination is not subsequently corrected and/or the correction of the Original Determination is announced by this Index Sponsor after the second Scheduled Trading Day immediately preceding the payment date of the amount due and payable under the Notes which is linked to that Original Determination.

The Notes shall be redeemed on the Early Redemption Date at the Early Redemption Amount determined by the Calculation Agent as of the Notification Date. The Issuer's obligations under the Notes shall be satisfied in full upon payment of such amount. The Issuer shall promptly notify the Paying Agent and the Noteholders in accordance with Condition 14 (Notices) of the Terms and Conditions of the Notes that it has elected to redeem the Notes (such notice stating the Early Redemption Date and the applicable Early Redemption Amount).

PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

INITIAL ISSUE OF NOTES

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form they will be delivered on or prior to the original Issue Date of the Tranche to a Common Safekeeper.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depositary for Euroclear and Clearstream (the “**Common Depositary**”) or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream and delivery of the relative Global Certificate to the Common Depositary, Euroclear or Clearstream will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

If the relevant Final Terms indicate that the Global Note is a NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear and/or Clearstream. The records of such clearing systems shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and, for these purposes, a statement issued by such clearing system stating the nominal amount of the Notes represented by the Global Note at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depositary may (if indicated in the applicable Final Terms) also be credited to the accounts of subscribers with (if indicated in the applicable Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems, in all cases subject to the rules of such clearing systems from time to time.

RELATIONSHIP OF ACCOUNTHOLDERS WITH CLEARING SYSTEMS

Each of the persons shown in the records of Euroclear, Clearstream, or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, or any other clearing system (as the case may be) for his share of each payment made by the relevant Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, or such other clearing system (as the case may be). Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of such Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

EXCHANGE

1 Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- 1.1 if the relevant Final Terms indicates that such Global Note is issued in compliance with the C Rules or that TEFRA is not applicable, in whole, but not in part, for the Definitive Notes defined and described below; and
- 1.2 otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership substantially in the form set out in the Agency Agreement for interests in a permanent Global Note or, if so provided in the applicable Final Terms, for Definitive Notes.

Each temporary Global Note that is also an Exchangeable Bearer Note will be exchangeable for Registered Notes in accordance with the Conditions in addition to any permanent Global Note or Definitive Notes for which it may be exchangeable and, before its Exchange Date, will also be exchangeable in whole or in part for Registered Notes only.

2 Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under paragraph 4 below, in part for Definitive Notes or, in the case of sub-paragraph 2.1 below, Registered Notes:

- 2.1 if the permanent Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Fiscal Agent of its election to exchange the whole or a part of such Global Note for Registered Notes; or
- 2.2 otherwise, (1) if the permanent Global Note is held on behalf of Euroclear, Clearstream or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3 Unrestricted Global Certificates

If the relevant Final Terms states that the Notes are to be represented by a permanent Global Certificate on issue, transfers of the holding of Notes represented by any Global Certificate may only be made in part:

- 3.1 if the Notes represented by the Global Certificate are held on behalf of Euroclear, Clearstream or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- 3.2 if principal in respect of any Notes is not paid when due; or
- 3.3 with the consent of the relevant Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to sub-paragraph 3.1 or 3.2 above, the Registered Holder has given the Registrar not less than 30 days' notice at its specified office of the Registered Holder's intention to effect such transfer.

4 Partial Exchange of Permanent Global Notes and Global Certificates

For so long as a permanent Global Note or Global Certificate is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note or Global Certificate will be exchangeable at the cost of the relevant Issuer in part on one or more occasions (1) in the case of a permanent Global Note, for Registered Notes if the permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes, or (2) for Definitive Notes (i) if principal in respect of any Notes is not paid when due or (ii) if so provided in, and in accordance with, the Conditions (which will be set out in the applicable Final Terms).

5 Crest Depository Interests

Investors may also hold interests in the Notes indirectly through Euroclear UK & Ireland Limited (formerly known as CRESTCo Limited) (“CREST”) through the issuance of dematerialised depository interests (“CREST Depository Interests” or “CDIs”) issued, held, settled and transferred through CREST, representing interests in the relevant Notes in respect of which the CDIs are issued (the “Underlying Notes”). CREST Depository Interests are independent securities distinct from the Notes, constituted under English law and transferred through CREST and will be issued by CREST Depository Limited (the “CREST Depository”) pursuant to the global deed poll dated 25 June 2001 (as subsequently modified, supplemented and/or restated) (the “CREST Deed Poll”). See "*Clearing and Settlement*" for more information regarding holding CDIs.

6 Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the relevant Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be, or (iii) if the Global Note is a NGN, procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base Prospectus, “Definitive Notes” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts (or, as the case may be, Instalment Payable Amounts) that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Agency Agreement. On exchange in full of each permanent Global Note, the relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

7 Exchange Date

“Exchange Date” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its Issue Date, or earlier date, as required under the D Rules, and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five Business Days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

AMENDMENT TO CONDITIONS

The temporary Global Notes, the permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions.

8 Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld

or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership substantially in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. Condition 8 (*Taxation*) of the Terms and Conditions of the Notes will apply to Definitive Notes only. If the Global Note is a NGN, the relevant Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the relevant Issuer's obligations in respect thereof. Any failure by the relevant clearing systems to make the entries in the records of the relevant clearing system shall not affect such discharge.

For the purpose of any payments made in respect of a Global Note or Global Certificate, the relevant place of presentation shall be disregarded in the definition of "*business day*" set out in Condition 7(i) (*Non-Business Days*) of the Terms and Conditions of the Notes.

9 Prescription

Claims against the relevant Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 5(i) (*Definitions*)) of the Terms and Conditions of the Notes.

10 Meetings

The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.

11 Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant permanent Global Note.

12 Purchase

Notes represented by a permanent Global Note may only be purchased by the relevant Issuer if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) and/or Instalment Payable Amounts (if any) thereon.

13 Issuer's Option

Any option of the relevant Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by such Issuer giving notice to the Noteholders within the time limits set out in, and containing the information required by, the Conditions,

except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream (to be reflected in the records of Euroclear and Clearstream as either a pool factor or a reduction in nominal amount, at their discretion) or the relevant Alternative Clearing System (as the case may be).

14 Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the principal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation.

15 Nominal amount

Where the Global Note is a NGN, the relevant Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

16 Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 10 (*Events of Default*) of the Terms and Conditions of the Notes by stating in the notice to the Fiscal Agent the principal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note or Registered Notes represented by a Global Certificate may elect for direct enforcement rights against the relevant Issuer under the terms of a Deed of Covenant executed as a deed by the Issuers on 26 July 2022 to come into effect in relation to the whole or a part of such Global Note or one or more Registered Notes in favour of the persons entitled to such part of such Global Note or such Registered Notes, as the case may be, as accountholders with a clearing system. However, no such election may be made in respect of Notes represented by a Global Certificate unless the transfer of the whole or a part of the holding of Notes represented by that Global Certificate shall have been improperly withheld or refused.

17 Notices

Notices to the holders of Notes of any Series shall be given in accordance with Condition 14 (*Notices*) of the Terms and Conditions of the Notes.

On each Optional Redemption Date, the Issuer may redeem all Notes early upon giving notice to Noteholders of its exercise of this early redemption option within the Notice Period specified in the Final Terms.

In the event of exercise by the Issuer of its optional redemption, the Optional Redemption Amount per Calculation Amount payable on the Optional Redemption Date is equal to:

$$\text{Calculation Amount} \times (100\% + \text{Coupon}_3(t) \times \text{UpsideCondition}_2(t))$$

With:

$$\begin{aligned} \text{UpsideCondition}_2(t) &= 1 \text{ if } \text{BasketPerf}_2(t) \geq H_2(t) \\ &= 0 \text{ if not} \end{aligned}$$

CLEARING AND SETTLEMENT

Book-Entry Ownership

Bearer Notes

The relevant Issuer may make applications to Clearstream and Euroclear for acceptance in their respective book-entry systems in respect of any Series of Bearer Notes. In respect of Bearer Notes in CGN form, a temporary Global Note and/or a permanent Global Note in bearer form without coupons may be deposited with a common depository for Clearstream and Euroclear, and in NGN form with a common safekeeper for Euroclear and Clearstream. Transfers of interests in such temporary Global Notes or other Global Notes will be made in accordance with the normal Euromarket debt securities operating procedures of Clearstream and Euroclear.

CREST Depository Interests

Following their delivery into Euroclear and/or Clearstream, interests in Notes may be delivered, held and settled in CREST by means of the creation of CDIs representing the interests in the relevant Underlying Notes. The CDIs will be issued by the CREST Depository to CDI Holders and will be governed by English Law.

The CDIs will represent indirect interests in the interest of CREST International Nominees Limited (the “**CREST Nominee**”) in the Underlying Notes. Pursuant to the CREST Manual (as defined below), Notes held in global form by the common depository or common safekeeper may be settled through CREST, and the CREST Depository will issue CDIs. The CDIs will be independent securities distinct from the Notes, constituted under English law and may be held and transferred through CREST.

Interests in the Underlying Notes will be credited to the CREST Nominee's account with Euroclear and the CREST Nominee will hold such interests as nominee for the CREST Depository which will issue CDIs to the relevant CREST participants.

Each CDI will be treated by the CREST Depository as if it were one Underlying Note, for the purposes of determining all rights and obligations and all amounts payable in respect thereof. The CREST Depository will pass on to CDI Holders any interest or other amounts received by it as holder of the Underlying Notes on trust for such CDI Holder. CDI Holders will also be able to receive from the CREST Depository notices of meetings of holders of Underlying Notes and other relevant notices issued by the relevant Issuer.

Transfers of interests in Underlying Notes by a CREST participant to a participant of Euroclear or Clearstream will be effected by cancellation of the corresponding CDIs and transfer of an interest in such Underlying Notes to the account of the relevant participant with Euroclear or Clearstream.

The CDIs will have the same ISIN as the ISIN of the Underlying Notes and will not require a separate listing on the Official List maintained by the FCA.

Prospective subscribers for Notes represented by CDIs are referred to Section 3 (Crest International Manual) of the CREST Manual which contains the form of the CREST Deed Poll to be entered into by the CREST Depository. The rights of the CDI Holders will be governed by the arrangements between CREST, Euroclear, Clearstream and the relevant Issuer including the CREST Deed Poll in the form contained in Section 3 of the CREST Manual executed by the CREST Depository. These rights may be different from those of holders of Notes which are not represented by CDIs.

If issued, CDIs will be delivered, held and settled in CREST, by means of the CREST International Settlement Links Service. The settlement of the CDIs by means of the CREST International Settlement Links Service has the following consequences for CDI Holders:

- (a) CDI Holders will not be the legal owners of the Underlying Notes or have a direct beneficial interest in the Underlying Notes. The CDIs are separate legal instruments from the Underlying Notes to which they relate and represent an indirect interest in such Underlying Notes.

- (b) The Underlying Notes themselves (as distinct from the CDIs representing indirect interests in such Underlying Notes) will be held in an account with a custodian. The custodian will hold the Underlying Notes through a clearing system. Rights in the Underlying Notes will be held through custodial and depositary links through the appropriate clearing systems. The legal title to the Underlying Notes or to interests in the Underlying Notes will depend on the rules of the clearing system in or through which the Underlying Notes are held.
- (c) Rights under the Underlying Notes cannot be enforced by CDI Holders except indirectly through the intermediary depositaries and custodians described above. The enforcement of rights under the Underlying Notes will therefore be subject to the local law of the relevant intermediary. The rights of CDI Holders to the Underlying Notes are represented by the entitlements against the CREST Depository which (through the CREST Nominee) holds interests in the Underlying Notes. This could result in an elimination or reduction in the payments that otherwise would have been made in respect of the Underlying Notes in the event of any insolvency or liquidation of the relevant intermediary, in particular where the Underlying Notes held in clearing systems are not held in special purpose accounts and are fungible with other securities held in the same accounts on behalf of other customers of the relevant intermediaries.
- (d) The CDIs issued to CDI Holders will be constituted and issued pursuant to the CREST Deed Poll. CDI Holders will be bound by all provisions of the CREST Deed Poll and by all provisions of or prescribed pursuant to the CREST manual issued by Euroclear UK & Ireland (including the CREST International Manual dated 14 April 2008) as amended, modified, varied or supplemented from time to time (the “**CREST Manual**”) and the CREST Rules (the “**CREST Rules**”) (contained in the CREST Manual) applicable to the CREST International Settlement Links Service and CDI Holders must comply in full with all obligations imposed on them by such provisions.
- (e) Potential investors should note that the provisions of the CREST Deed Poll, the CREST Manual and the CREST Rules contain indemnities, warranties, representations and undertakings to be given by CDI Holders and limitations on the liability of the CREST Depository as issuer of the CDIs.
- (f) CDI Holders may incur liabilities resulting from a breach of any such indemnities, warranties, representations and undertakings in excess of the money invested by them. The attention of potential investors is drawn to the terms of the CREST Deed Poll, the CREST Manual and the CREST Rules, copies of which are available from the CREST website from time to time (at the date of this Base Prospectus, being at www.euroclear.com/site/public/EUI).
- (g) Potential investors should note CDI Holders may be required to pay fees, charges, costs and expenses to the CREST Depository in connection with the use of the CREST International Settlement Links Service. These will include the fees and expenses charged by the CREST Depository in respect of the provision of services by it under the CREST Deed Poll and any taxes, duties, charges, costs or expenses which may be or become payable in connection with the holding of the CDIs through the CREST International Settlement Links Service.
- (h) Potential investors should note that none of the relevant Issuer, the relevant Dealer, the Trustee and the Agents will have any responsibility for the performance by any intermediaries or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations.
- (i) Potential investors should note that Notes represented upon issue by a Temporary Global Note exchangeable for a Permanent Global Note will not be immediately eligible for CREST settlement as CDIs. In such case, investors investing in the Underlying Notes through CDIs will only receive the CDIs after such Temporary Global Note is exchanged for a Permanent Global Note, which could take up to 40 days after the issue of the Notes. It is anticipated that Notes eligible for CREST settlement as CDIs will

be issued in registered form or, if issued in bearer form, will be represented upon issue by a Permanent Global Note.

Registered Notes

The relevant Issuer may make applications to Clearstream and Euroclear for acceptance in their respective book-entry systems in respect of the Notes to be represented by an Unrestricted Global Certificate. Each Unrestricted Global Certificate deposited with a nominee for Clearstream and/or Euroclear will have an ISIN and a Common Code.

All Registered Notes will initially be in the form of an Unrestricted Global Certificate. Definitive Registered Notes in the form of Individual Certificates will only be available in amounts specified in the applicable Final Terms. Transfers of interests in Global Certificates within Clearstream and Euroclear will be in accordance with the usual rules and operating procedures of the relevant clearing system.

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream and Euroclear will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

For a further description of restrictions on transfer of Registered Notes, see "*Transfer Restrictions*".

TRANSFER RESTRICTIONS

Regulation S

The Notes and the NATIXIS Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) or under the securities law of any state or political sub-division of the United States. No person has registered nor will register as a commodity pool operator of any Issuer under the U.S. Commodity Exchange Act of 1936, as amended (the “**CEA**”) and the rules thereunder (the “**CFTC Rules**”) of the Commodity Futures Trading Commission (the “**CFTC**”), and the Issuers have not been and will not be registered under the U.S. Investment Company Act of 1940, as amended, nor under any other United States federal laws. The Notes are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S.

Accordingly, the Notes and the NATIXIS Guarantee may not be offered, sold, pledged or otherwise transferred except in an "Offshore Transaction" (as such term is defined under Regulation S) to or for the account or benefit of a Permitted Transferee.

The following definitions shall apply for the purposes of this transfer restriction:

“**Permitted Transferee**” means any person who is not:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S; or
- (b) a person who comes within any definition of U.S. person for the purposes of the CEA or any CFTC Rule, guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), thereof, the exception for qualified eligible persons who are not "Non-United States persons", shall be considered a U.S. person).

Transfers of Notes within the United States or to any person other than a Permitted Transferee are prohibited. Any transfer of Notes to a person other than a Permitted Transferee (a “**Non-Permitted Transferee**”) will be void *ab initio* and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in a Note in such a transaction will not be entitled to any rights as a legal or beneficial owner of such interest in such Note. The Issuer shall have the right at any time after becoming aware that any legal or beneficial ownership interest in a Note is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law); or (ii) a person who is not a Non-Permitted Transferee, in each case in accordance with Condition 6(g) of the Terms and Conditions of the Notes.

The foregoing restrictions on the offer, sale, pledge or other transfer of Notes to a Non-Permitted Transferee may adversely affect the ability of an investor in the Notes to dispose of the Notes in the secondary market, if any, and significantly reduce the liquidity of the Notes. As a result, the value of the Notes may be materially adversely affected.

As defined in Rule 902(k)(1) of Regulation S, “**U.S. person**” means:

- (a) Any natural person resident in the United States;
- (b) Any partnership or corporation organised or incorporated under the laws of the United States;
- (c) Any estate of which any executor or administrator is a U.S. person;
- (d) Any trust of which any trustee is a U.S. person;
- (e) Any agency or branch of a foreign entity located in the United States;

- (f) Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person;
- (g) Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) Any partnership or corporation if:
 - (i) Organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) Formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in §230.501(a)) who are not natural persons, estates or trusts.

As defined in CFTC Rule 4.7, modified as indicated above, “**Non-United States person**” means:

- (a) A natural person who is not a resident of the United States;
- (b) A partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a foreign jurisdiction and which has its principal place of business in a foreign jurisdiction;
- (c) An estate or trust, the income of which is not subject to United States income tax regardless of source;
- (d) An entity organised principally for passive investment such as a pool, investment company or other similar entity; provided, that units of participation in the entity held by persons who do not qualify as Non-United States persons or otherwise as qualified eligible persons represent in the aggregate less than 10% of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by persons who do not qualify as Non-United States persons in a pool with respect to which the operator is exempt from certain requirements of part 4 of the Commodity Futures Trading Commission's regulations by virtue of its participants being Non-United States persons; and
- (e) A pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

As defined in the CFTC's interpretive guidance and policy statement regarding compliance with certain swap regulations, 78 Fed. Reg. 45292, 316 (Jul. 26, 2013), “**U.S. person**” includes, but is not limited to:

- (a) Any natural person who is a resident of the United States;
- (b) Any estate of a decedent who was a resident of the United States at the time of death;
- (c) Any corporation, partnership, limited liability company, business or other trust, association, joint-stock company, fund or any form of enterprise similar to any of the foregoing (other than an entity described in clauses (d) or (e), below) (a “**legal entity**”), in each case that is organised or incorporated under the laws of a state or other jurisdiction in the United States or having its principal place of business in the United States;
- (d) Any pension plan for the employees, officers or principals of a legal entity described in clause (c), unless the pension plan is primarily for foreign employees of such entity;
- (e) Any trust governed by the laws of a state or other jurisdiction in the United States, if a court within the United States is able to exercise primary supervision over the administration of the trust;
- (f) Any commodity pool, pooled account, investment fund, or other collective investment vehicle that is not described in clause (c) and that is majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e), except any commodity pool, pooled account, investment fund, or other collective investment vehicle that is publicly offered only to non-U.S. persons and not offered to U.S. persons;

- (g) Any legal entity (other than a limited liability company, limited liability partnership or similar entity where all of the owners of the entity have limited liability) that is directly or indirectly majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e) and in which such person(s) bears unlimited responsibility for the obligations and liabilities of the legal entity; and
- (h) Any individual account or joint account (discretionary or not) where the beneficial owner (or one of the beneficial owners in the case of a joint account) is a person described in clause (a), (b), (c), (d), (e), (f), or (g).

Each prospective purchaser of the Notes, by accepting delivery of this Base Prospectus and the Notes, and each transferee of the Notes by accepting the transfer of the Notes, will be deemed to have represented and agreed as follows:

- (a) it understands that the Notes and the NATIXIS Guarantee have not been and will not be registered under the Securities Act and agrees that it will not, at any time during the term of the Notes, offer, sell, pledge or otherwise transfer the Notes, except in an "offshore transaction" (as such term is defined under Regulation S) to or for the account of a Permitted Transferee;
- (b) it understands and acknowledges that no person has registered nor will register as a commodity pool operator of any Issuer under the CEA and the CEA Rules;
- (c) (i) it is a Permitted Transferee and (ii) if it is acting for the account or benefit of another person, such other person is also a Permitted Transferee;
- (d) it understands and agrees that the Issuer has the right to compel any legal or beneficial owner of an interest in the Notes to certify periodically that such legal or beneficial owner is a Permitted Transferee;
- (e) it understands and acknowledges that the Issuer has the right to refuse to honour the transfer of an interest in the Notes in violation of the transfer restrictions applicable to the Notes;
- (f) it understands and acknowledges that the Issuer has the right at any time after becoming aware that any legal or beneficial ownership interest in a Note is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law) or (ii) a person who is not a Non-Permitted Transferee;
- (g) it agrees to provide notice of the restrictions set forth herein to any transferee of its interest in the Notes;
- (h) it understands that Notes will bear a legend regarding the restrictions set forth herein; and
- (i) it understands that any purported transfer in violation of the transfer restrictions applicable to the Notes will be void ab initio and will not operate to transfer any rights to the Non-Permitted Transferee.

The Notes and the NATIXIS Guarantee have not been approved or disapproved by the United States Securities and Exchange Commission ("SEC") or any other regulatory agency in the United States, nor has the SEC or any other regulatory agency in the United States passed upon the accuracy or adequacy of this document or the merits of the Notes or the NATIXIS Guarantee. Any representation to the contrary is a criminal offence in the United States. Furthermore, the Notes and the NATIXIS Guarantee do not constitute, and have not been marketed as, contracts for the sale of a commodity for future delivery (or options thereon) subject to the CEA, and neither trading in the Notes nor this document has been approved by the CFTC under the CEA, and no person other than a Permitted Transferee may at any time trade or maintain a position in the Notes.

(i) NATIXIS Group

As of the date of this Base Prospectus, the following diagram describes the organizational structure of Natixis:

DESCRIPTION OF THE PREFERENCE SHARE ISSUER AND THE PREFERENCE SHARES

*The following is a description of Cannon Bridge Capital Ltd, in its capacity as preference share issuer (Cannon Bridge Capital Ltd being the “**Preference Share Issuer**”) and the preference shares issued by the Preference Share Issuer (the “**Preference Shares**”) for the purposes of Preference Share Linked Notes.*

The Preference Share Issuer

Cannon Bridge Capital Ltd is a private company limited by shares incorporated in England and Wales with registered number 9610759 and has its registered office at Cannon Bridge House, 25 Dowgate Hill, London, EC4R 2YA.

The Preference Share Issuer was created for the purpose of issuing one or more classes of Preference Shares (each a “**Class**”). Each Series of Preference Share Linked Notes will give exposure to the performance of a separate Class of Preference Shares that have a defined return that will depend on exposure to one or more Preference Share Underlying(s). It is expected that the Preference Share Issuer will only issue a small number of Preference Shares of the relevant Class and that, unless otherwise specified in the applicable Final Terms, these will be issued fully paid at £1.00 each and will be held by NATIXIS, the Issuer or an affiliate of the Issuer until their redemption date.

The sole business activity of the Preference Share Issuer is to issue redeemable preference shares. Accordingly, the Preference Share Issuer does not have any trading assets and does not generate any significant net income.

A copy of the Preference Share Issuer's constitutional documents and the Preference Share Terms and Conditions (as defined below) are available upon written request (free of charge) at the registered office of the Preference Share Issuer at Cannon Bridge House, 25 Dowgate Hill, London, EC4R 2YA, from the business office of NATIXIS at 47, quai d'Austerlitz, 75013 Paris, France and from the distributor of the relevant Preference Share Linked Notes. If specified in the applicable Final Terms the Preference Share Terms and Conditions will also be available on the website specified in the applicable Final Terms.

The Preference Shares

The Preference Share Issuer may issue redeemable Preference Shares of any kind, including but not limited to Preference Shares linked to the performance of one or more underlying asset(s) which may include, but will not be limited to, equity, debt or derivative securities, indices, investments, funds, exchange traded funds, commodities and baskets of the foregoing or of currencies, portfolios and/or trading strategies and which may change over time as a result of performance or other factors (each a “**Preference Share Underlying**”) and will be issued on such terms as may be determined by the Preference Share Issuer and specified in the applicable terms and conditions of the relevant Preference Shares (the “**Preference Share Terms and Conditions**”).

The Preference Share Terms and Conditions of each Class provide that the applicable Preference Shares will be redeemable on their final redemption date at a defined amount as determined in accordance with the Preference Share Terms and Conditions. Preference Shares do not carry voting rights except to consider any proposal to vary or amend the rights attached to the relevant Preference Shares or in relation to the winding up of the Preference Share Issuer.

The Preference Share Terms and Conditions may also provide that the Preference Share Issuer may redeem the Preference Shares early if:

- (a) the Preference Share Determination Agent determines that, for reasons beyond the Preference Share Issuer's control, the performance of the Preference Share Issuer's obligations under the Preference Shares has become illegal or impractical in whole or in part for any reason; or

- (b) the Preference Share Determination Agent determines that certain events which affect the Preference Share Issuer's hedging arrangements or the Preference Share Underlying(s) have occurred; or
- (c) the Preference Share Determination Agent determines there is a change in applicable law or regulation that in the determination of the Preference Share Determination Agent results, or will result, by reason of the Preference Shares being outstanding, in the Preference Share Issuer being required to be regulated by any additional regulatory authority, or being subject to any additional legal requirement or regulation or tax considered by the Preference Share Determination Agent or the Preference Share Issuer to be onerous to the Preference Share Issuer.

If the Issuer receives a notice from the Preference Share Issuer of the early redemption of the Preference Shares, the Issuer will notify holders of the Preference Share Linked Notes in accordance with Condition 14 (Notices) of the Terms and Conditions of the Notes and each Preference Share Linked Note will be redeemed at its Early Redemption Amount.

The value of the Preference Shares is scheduled to be published on each Business Day on the Bloomberg service as specified in the applicable Final Terms or at such other interval and on such other Information Source as may be specified in the applicable Final Terms.

The Preference Share Underlying(s)

The performance of the Preference Shares depends on the performance of the Preference Share Underlying(s) to which the relevant Preference Shares give investment exposure.

Investors in the Preference Share Linked Notes should carefully review and ensure they understand the Preference Share Terms and Conditions and the investment exposure the Preference Shares give to the Preference Share Underlying(s) and consult with their own professional advisers if they consider it necessary.

TAXATION - WARNING

Tax legislation of the investor's jurisdiction and of each of the Issuers' jurisdiction of incorporation may have an impact on the income received from the Notes.

Prospective investors and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the jurisdiction where the Notes are acquired and/or transferred or other jurisdictions; including the Issuer's or (if applicable) the Guarantor's jurisdiction of incorporation, which may have an impact on the income received from the Notes. In certain jurisdictions, no official position of the tax authorities and no court ruling is available with respect to financial instruments such as Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the prospective investor.

Interest payments on the Notes, or capital gains realized by the Noteholders on the sale or redemption of the Notes, may be subject to taxation in their country of residence or in the other countries in which they are required to pay tax. The tax impact on a given Noteholder in respect of the Notes may also differ in the case of Notes linked to a relevant Underlying. All investors are advised to consult their own tax advisor on the tax consequences which may result from an investment in the Notes.

U.S. Dividend Equivalent Withholding may impact the Notes

Section 871 (m) of the U.S. Internal Revenue Code of 1986 imposes a 30% withholding tax on amounts attributable to U.S.-sourced dividends that are paid or "deemed" paid on certain financial instruments when certain conditions are met (the "**Specified Notes**"). If the relevant Issuer or any agent responsible for withholding determines that withholding tax is required, neither the relevant Issuer nor any agent responsible for withholding will pay any additional amounts to the Noteholder on account of the Section 871(m) amount deemed withheld. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in a programme agreement dated 26 July 2022 as further amended and/or supplemented from time to time (the “**Programme Agreement**”) between the Issuers, the Permanent Dealer and the Arranger, the Notes will be offered on a continuous basis by the Issuers to the Permanent Dealer. The Notes may also be sold by the Issuers through the Permanent Dealer acting as agent of the relevant Issuer. However, each Issuer has reserved the right to (a) sell Notes directly on its own behalf to Dealers that are not the Permanent Dealer or (b) procure itself subscribers for any Notes. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the Dealers. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers. The Notes may be offered to qualified, non-qualified, retail or wholesale investors.

The relevant Issuer will pay each relevant Dealer a commission as agreed between such Issuer and such Dealer, depending upon maturity in respect of Notes subscribed by it. Each Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the update of the Programme and the Permanent Dealer for certain of its activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the applicable Final Terms.

Each Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes issued by it. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the relevant Issuer.

United States

Regulation S

The Notes and the NATIXIS Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) or under the securities law of any state or political sub-division of the United States. No person has registered nor will register as a commodity pool operator of any Issuer under the U.S. Commodity Exchange Act of 1936, as amended (the “**CEA**”) and the rules thereunder (the “**CFTC Rules**”) of the Commodity Futures Trading Commission (the “**CFTC**”), and the Issuers have not been and will not be registered under the U.S. Investment Company Act of 1940, as amended, nor under any other U.S. federal laws. The Notes are being offered and sold in reliance on an exemption from the registration requirements of the Securities Act pursuant to Regulation S.

Accordingly, the Notes and the NATIXIS Guarantee may not be offered, sold, pledged or otherwise transferred except in an "offshore transaction" (as such term is defined under Regulation S) to or for the account or benefit of a Permitted Transferee.

The following definitions shall apply for the purposes of this transfer restriction:

“**Permitted Transferee**” means any person who is not:

- (a) a U.S. person as defined in Rule 902(k)(1) of Regulation S; or
- (b) a person who comes within any definition of U.S. person for the purposes of the CEA or any CFTC Rule, guidance or order proposed or issued under the CEA (for the avoidance of doubt, any person who is not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), thereof, the exception for qualified eligible persons who are not "Non-United States persons", shall be considered a U.S. person).

Transfers of Notes within the United States or to any person other than a Permitted Transferee are prohibited. Any transfer of Notes to a person other than a Permitted Transferee (a “**Non-Permitted Transferee**”) will be void *ab initio* and of no legal effect whatsoever. Accordingly, any purported transferee of any legal or beneficial ownership interest in a Note in such a transaction will not be entitled to any rights as a legal or beneficial owner of such

interest in such Note. The Issuer shall have the right at any time after becoming aware that any legal or beneficial ownership interest in a Note is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law); or (ii) a person who is not a Non-Permitted Transferee.

The foregoing restrictions on the offer, sale, pledge or other transfer of Notes to a Non-Permitted Transferee may adversely affect the ability of an investor in the Notes to dispose of the Notes in the secondary market, if any, and significantly reduce the liquidity of the Notes. As a result, the value of the Notes may be materially adversely affected.

As defined in Rule 902(k)(1) of Regulation S, “**U.S. person**” means:

- (a) Any natural person resident in the United States;
- (b) Any partnership or corporation organised or incorporated under the laws of the United States;
- (c) Any estate of which any executor or administrator is a U.S. person;
- (d) Any trust of which any trustee is a U.S. person;
- (e) Any agency or branch of a foreign entity located in the United States;
- (f) Any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person;
- (g) Any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) Any partnership or corporation if:
 - (i) Organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) Formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in §230.501(a)) who are not natural persons, estates or trusts.

As defined in CFTC Rule 4.7, modified as indicated above, “**Non-United States person**” means:

- (a) A natural person who is not a resident of the United States;
- (b) A partnership, corporation or other entity, other than an entity organised principally for passive investment, organised under the laws of a foreign jurisdiction and which has its principal place of business in a foreign jurisdiction;
- (c) An estate or trust, the income of which is not subject to United States income tax regardless of source;
- (d) An entity organised principally for passive investment such as a pool, investment company or other similar entity; provided, that units of participation in the entity held by persons who do not qualify as Non-United States persons or otherwise as qualified eligible persons represent in the aggregate less than 10% of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by persons who do not qualify as Non-United States persons in a pool with respect to which the operator is exempt from certain requirements of part 4 of the Commodity Futures Trading Commission's regulations by virtue of its participants being Non-United States persons; and
- (e) A pension plan for the employees, officers or principals of an entity organised and with its principal place of business outside the United States.

As defined in the CFTC's interpretive guidance and policy statement regarding compliance with certain swap regulations, 78 Fed. Reg. 45292, 316 (Jul. 26, 2013), “**U.S. person**” includes, but is not limited to:

- (a) Any natural person who is a resident of the United States;
- (b) Any estate of a decedent who was a resident of the United States at the time of death;
- (c) Any corporation, partnership, limited liability company, business or other trust, association, joint-stock company, fund or any form of enterprise similar to any of the foregoing (other than an entity described in clauses (d) or (e), below) (a “**legal entity**”), in each case that is organised or incorporated under the laws of a state or other jurisdiction in the United States or having its principal place of business in the United States;
- (d) Any pension plan for the employees, officers or principals of a legal entity described in clause (c), unless the pension plan is primarily for foreign employees of such entity;
- (e) Any trust governed by the laws of a state or other jurisdiction in the United States, if a court within the United States is able to exercise primary supervision over the administration of the trust;
- (f) Any commodity pool, pooled account, investment fund, or other collective investment vehicle that is not described in clause (c) and that is majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e), except any commodity pool, pooled account, investment fund, or other collective investment vehicle that is publicly offered only to non-U.S. persons and not offered to U.S. persons;
- (g) Any legal entity (other than a limited liability company, limited liability partnership or similar entity where all of the owners of the entity have limited liability) that is directly or indirectly majority-owned by one or more persons described in clause (a), (b), (c), (d), or (e) and in which such person(s) bears unlimited responsibility for the obligations and liabilities of the legal entity; and
- (h) Any individual account or joint account (discretionary or not) where the beneficial owner (or one of the beneficial owners in the case of a joint account) is a person described in clause (a), (b), (c), (d), (e), (f), or (g).

Each prospective purchaser of the Notes, by accepting delivery of this Base Prospectus and the Notes, and each transferee of the Notes by accepting the transfer of the Notes, will be deemed to have represented and agreed as follows:

- (a) it understands that the Notes and the NATIXIS Guarantee have not been and will not be registered under the Securities Act and agrees that it will not, at any time during the term of the Notes, offer, sell, pledge or otherwise transfer the Notes, except in an "offshore transaction" (as such term is defined under Regulation S) to or for the account of a Permitted Transferee;
- (b) it understands and acknowledges that no person has registered nor will register as a commodity pool operator of any Issuer under the CEA and the CEA Rules;
- (c) (i) it is a Permitted Transferee and (ii) if it is acting for the account or benefit of another person, such other person is also a Permitted Transferee;
- (d) it understands and agrees that the Issuer has the right to compel any legal or beneficial owner of an interest in the Notes to certify periodically that such legal or beneficial owner is a Permitted Transferee;
- (e) it understands and acknowledges that the Issuer has the right to refuse to honour the transfer of an interest in the Notes in violation of the transfer restrictions applicable to the Notes;
- (f) it understands and acknowledges that the Issuer has the right at any time after becoming aware that any legal or beneficial ownership interest in a Note is held by a Non-Permitted Transferee to require such Non-Permitted Transferee to sell such interest to (i) an affiliate of the Issuer (to the extent permitted by applicable law) or (ii) a person who is not a Non-Permitted Transferee;
- (g) it agrees to provide notice of the restrictions set forth herein to any transferee of its interest in the Notes;

- (h) it understands that Notes will bear a legend regarding the restrictions set forth herein; and
- (i) it understands that any purported transfer in violation of the transfer restrictions applicable to the Notes will be void ab initio and will not operate to transfer any rights to the Non-Permitted Transferee.

Selling Restrictions under the Prospectus Regulation

Prohibition of sales to EEA Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (a) the expression retail investor means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of Directive 2016/97 (EU), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (b) the expression an offer includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

United Kingdom

Prohibition of sales to UK Retail Investors

Unless the Final Terms in respect of any Notes specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); or
 - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the “**UK Prospectus Regulation**”); and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme

will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to section 86 of the FSMA (a “**Public Offer**”), following the date of publication of a prospectus in relation to such Notes which either (i) has been approved by the FCA, or (ii) is to be treated as if it had been approved by the FCA in accordance with the transitional provision in Regulation 74 of the Prospectus (Amendment etc.) (EU Exit) Regulations 2019, provided that any such prospectus has subsequently been completed by final terms contemplating such Public Offer, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable, and the relevant Issuer has consented in writing to its use for the purpose of that Public Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression “**an offer of Notes to the public**” in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Other regulatory restrictions

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

General

These selling restrictions may be modified by the agreement of the Issuers and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in a supplement to this Base Prospectus (see Section “*Supplement to the Base Prospectus*” of this Base Prospectus).

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Base Prospectus or any Final Terms or any other offering material, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed, and each further Dealer appointed subsequently under the Programme will be required to agree, that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any Final Terms or any other offering material and none of the Issuers or any other Dealer shall have responsibility therefore.

9 Benchmark

UK Benchmarks Regulation – Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" for the purposes of the UK Benchmarks Regulation. Certain “benchmarks” may either (i) not fall within the scope of the UK Benchmarks Regulation by virtue of Article 2 of that regulation or (ii) transitional provisions in Article 51 of the UK Benchmarks Regulation may apply to certain other “benchmarks” which would otherwise be in scope such that at the date of the applicable Final Terms the administrator of the “benchmark” is not required to be included in the register of administrators.

In relation to any Tranche of Fixed Interest Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date on the basis of the Issue Price and on the assumption that the Notes are not subject to early cancellation or, if applicable, no Credit Event occurs.
