MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Market Index Target-Term Securities® Linked to an International Equity Index Basket

WELLS FARGO & COMPANY, a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on December 17, 2021 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Starting Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right];$$

provided that the Redemption Amount will not exceed the Capped Value; or

- if the Ending Value is less than or equal to the Starting Value: the Minimum Redemption Amount.

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Market Measure” or “Basket” shall mean a basket comprised of the following Basket Components, with each Basket Component having the “Initial Component Weight” noted parenthetically: the EURO STOXX 50® Index (40.00), the FTSE® 100 Index (20.00), the Nikkei Stock Average Index (20.00), the Swiss Market Index (7.50), the S&P/ASX 200 Index (7.50) and the Hang Seng Index (5.00).

“Basket Component” shall mean each of the EURO STOXX 50® Index, the FTSE® 100 Index, the Nikkei Stock Average Index, the Swiss Market Index, the S&P/ASX 200 Index and the Hang Seng Index.

The “Pricing Date” shall mean December 20, 2018.

The “Starting Value” is 100.00.

The “Participation Rate” is 100%.

The “Minimum Redemption Amount” is the Principal Amount.

The “Capped Value” is 160.10% of the Principal Amount.

The “Closing Level” of a Basket Component on any Market Measure Business Day means the official closing level of such Basket Component reported by the relevant Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of a Basket Component,” “Adjustments to a Basket Component” and “Market Disruption Events.”

The “Component Ratio” for each Basket Component is equal to:

$$\frac{[\text{the Initial Component Weight for such Basket Component (expressed as a percentage)} \times 100]}{\text{the Closing Level of such Basket Component on the Pricing Date,}}$$

in each case rounded to eight decimal places and subject to the provisions set forth below under “Adjustments to the Component Ratio for a Basket Component.” The Component Ratios of the Basket Components are as follows: the EURO STOXX 50® Index (0.01333307), the FTSE® 100 Index (0.00297977), the Nikkei Stock Average Index (0.00098075), the Swiss Market Index (0.00089132), the S&P/ASX 200 Index (0.00136219) and the Hang Seng Index (0.00019513). The Closing Levels of the Basket Components on the Pricing Date are as follows: the EURO STOXX 50® Index (3,000.06), the FTSE® 100 Index (6,711.93), the Nikkei Stock Average Index (20,392.58), the Swiss Market Index (8,414.48), the S&P/ASX 200 Index (5,505.822) and the Hang Seng Index (25,623.53).

The “Value” of the Market Measure for a Calculation Day will be equal to the sum of the products of (i) the Closing Level of each Basket Component on that Calculation Day and (ii) the Component Ratio for such Basket Component.

The “Ending Value” will equal the average of the Values of the Market Measure on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

A “Market Measure Business Day” means a day on which (A) each of the Eurex (as to the EURO STOXX 50® Index), the London Stock Exchange (as to the FTSE® 100 Index), the Tokyo Stock Exchange (as to the Nikkei Stock Average Index), the SIX Swiss Exchange (as to the Swiss Market Index), the Australian Stock Exchange (as to the S&P/ASX 200 Index), and the Stock Exchange of Hong Kong (as to the Hang Seng Index) (or any successor to the foregoing exchanges) are open for trading; and (B) the Basket Components or any successors thereto are calculated and published.

“Index Publisher” shall mean the publisher of a Basket Component.

“Maturity Valuation Period” means each of December 8, 2021, December 9, 2021, December 10, 2021, December 13, 2021 and December 14, 2021, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of July 18, 2016, as amended by the letter agreement dated as of February

26, 2018, each between the Company and the Calculation Agents, and each as may be further amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company providing for, among other things, the determination of the Value of the Market Measure on each Calculation Day, the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Component Ratio for a Basket Component

The Component Ratios for the Basket Components will not be revised subsequent to their determination on the Pricing Date, except that the Calculation Agents may in their good faith judgment adjust the Component Ratio of any Basket Component in the event that Basket Component is materially changed or modified in a manner that does not, in the opinion of the Calculation Agents, fairly represent the value of that Basket Component had those material changes or modifications not been made.

Adjustments to a Basket Component

If, after the Pricing Date, an Index Publisher makes a material change in the method of calculating a Basket Component or in another way that changes a Basket Component such that it does not, in the opinion of the Calculation Agents, fairly represent the level of such Basket Component had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level of such Basket Component is to be calculated, make adjustments to such Basket Component. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of such Basket Component as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of such Basket Component, as so adjusted.

Discontinuance of a Basket Component

If, after the Pricing Date, an Index Publisher discontinues publication of a Basket Component, and such Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Basket Component (a “Successor Basket Component”), the Calculation Agents will substitute such Successor Basket Component as calculated by the relevant Index Publisher or any other entity and calculate the Closing Level of such Basket Component as described in the definition of “Closing Level” above. If the Calculation Agents select a Successor Basket Component, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If an Index Publisher discontinues publication of a Basket Component before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Basket Component, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Basket Component is available,

the Calculation Agents will compute a substitute Closing Level for such Basket Component in accordance with the procedures last used to calculate such Basket Component before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Basket Component is selected or the Calculation Agents calculate a level as a substitute for such Basket Component, the Successor Basket Component or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means, with respect to a Basket Component, one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in such Basket Component trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose such Basket Component or any Successor Basket Component; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to such Basket Component (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the such Basket Component, or any Successor Basket Component.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;

- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to a Basket Component, or any Successor Basket Component, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on a Basket Component, or any Successor Basket Component, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to such Basket Component;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if a Basket Component has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If for any Basket Component (an “Affected Basket Component”), (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Calculation Agents will determine the Closing Levels of the Basket Components for such Non-Calculation Day, and as a result, the Ending Value, as follows:

- the Closing Level of each Basket Component that is not an Affected Basket Component will be its Closing Level on such Non-Calculation Day; and
- the Closing Level of each Basket Component that is an Affected Basket Component for the applicable Non-Calculation Day will be the Closing Level of such Basket Component on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of such Basket Component on the next Calculation Day will also be the Closing Level for such Basket Component on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of such Basket Component for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day

during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Value of the Market Measure on each Calculation Day, the Ending Value, the Redemption Amount, any Market Disruption Events, any Successor Basket Component, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to any adjustments to, or discontinuance of, a Basket Component and the adjustments to a Basket Component or its Component Ratio. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to December 17, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

**Market Index Target-Term Securities® Linked to an
International Equity Index Basket**

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series S, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at

the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the Russell 2000® Index.

The “Pricing Date” shall mean December 20, 2018.

The “Starting Value” is 1,326.002, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Market Measure Business Day means the official closing level of the Index reported by the Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of the Index,” “Adjustments to the Index” and “Market Disruption Events.”

The “Ending Value” will be the average of the Closing Levels of the Index on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

The “Threshold Value” is 1,193.402, which is equal to 90% of the Starting Value, rounded to three decimal places.

The “Participation Rate” is 200.00%.

The “Capped Value” is 122.08% of the Principal Amount.

A “Market Measure Business Day” means a day on which (1) the New York Stock Exchange (the “NYSE”) and The Nasdaq Stock Market, or their successors, are open for trading and (2) the Index or any Successor Index (as defined below) is calculated and published.

“Index Publisher” shall mean FTSE Russell.

“Maturity Valuation Period” means each of December 21, 2020, December 22, 2020, December 23, 2020, December 24, 2020 and December 28, 2020, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of July 18, 2016, as amended by the letter agreement dated as of February 26, 2018, each between the Company and the Calculation Agents, and each as may be further amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company providing for, among other things, the determination of the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If, after the Pricing Date, the Index Publisher makes a material change in the method of calculating the Index or in another way that changes the Index such that it does not, in the opinion of the Calculation Agents, fairly represent the level of the Index had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level is to be calculated, make adjustments to the Index. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of the Index as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of the Index, as so adjusted.

Discontinuance of the Index

If, after the Pricing Date, the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Index (a “Successor Index”), the Calculation Agents will substitute the Successor Index as calculated by the relevant Index Publisher or any other entity and calculate the Ending Value as described in the definition of “Ending Value” above. If the Calculation Agents select a Successor Index, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If the Index Publisher discontinues publication of the Index before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Index, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Index is available,

the Calculation Agents will compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Index is selected or the Calculation Agents calculate a level as a substitute for the Index, the Successor Index or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in the Index trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose the Index or any Successor Index; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to the Index (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if the Index has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Closing Level of the Index for the applicable Non-Calculation Day will be the Closing Level of the Index on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of the Index on the next Calculation Day will also be the Closing Level for the Index on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of the Index for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Threshold Value, the Ending Value, the Index, the Redemption Amount, any Market Disruption Events, a Successor Index, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of the Index. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to December 31, 2020. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Capped Leveraged Index Return Notes[®] Linked to the Russell 2000[®] Index

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series S, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on

behalf of the Holders of all Securities of such series, to waive compliance by the Company with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Starting Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \text{Participation Rate} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right];$$

- if the Ending Value is equal to or less than the Starting Value, but greater than or equal to the Threshold Value: the Principal Amount; or
- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the EURO STOXX 50® Index.

The “Pricing Date” shall mean December 20, 2018.

The “Starting Value” is 3,000.06, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Market Measure Business Day means the official closing level of the Index reported by the Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of the Index,” “Adjustments to the Index” and “Market Disruption Events.”

The “Ending Value” will be the average of the Closing Levels of the Index on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

The “Threshold Value” is 2,250.05 which is equal to 75% of the Starting Value, rounded to two decimal places.

The “Participation Rate” is 166.10%.

“Index Publisher” shall mean STOXX Limited.

“Maturity Valuation Period” means each of December 8, 2021, December 9, 2021, December 10, 2021, December 13, 2021 and December 14, 2021, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of July 18, 2016, as amended by the letter agreement dated as of February 26, 2018, each between the Company and the Calculation Agents, and each as may be further amended from time to time.

The initial Calculation Agents shall be Wells Fargo Securities, LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If, after the Pricing Date, the Index Publisher makes a material change in the method of calculating the Index or in another way that changes the Index such that it does not, in the opinion of the Calculation Agents, fairly represent the level of the Index had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level is to be calculated, make adjustments to the Index. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of the Index as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of the Index, as so adjusted.

Discontinuance of the Index

If, after the Pricing Date, the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Index (a “Successor Index”), the Calculation Agents will substitute the Successor Index as calculated by the relevant Index Publisher or any other entity and calculate the Ending Value as described in the definition of “Ending Value”

above. If the Calculation Agents select a Successor Index, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If the Index Publisher discontinues publication of the Index before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Index, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Index is available,

the Calculation Agents will compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Index is selected or the Calculation Agents calculate a level as a substitute for the Index, the Successor Index or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in the Index trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose the Index or any Successor Index; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to the Index (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;

- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if the Index has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Closing Level of the Index for the applicable Non-Calculation Day will be the Closing Level of the Index on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of the Index on the next Calculation Day will also be the Closing Level for the Index on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of the Index for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Threshold Value, the Ending Value, the Index, the Redemption Amount, any Market Disruption Events, a Successor Index, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of the Index. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and

binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to December 17, 2021. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Leveraged Index Return Notes[®] Linked to the EURO STOXX 50[®] Index

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series S, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on

behalf of the Holders of all Securities of such series, to waive compliance by the Company with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Market-Linked Step Up Notes Linked to the S&P 500® Index

WELLS FARGO & COMPANY, a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Redemption Amount (as defined below), in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts, on December 22, 2023 (the “Stated Maturity Date”). This Security shall not bear any interest.

Any payments on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose.

“Principal Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Principal Amount.”

Determination of Redemption Amount

The “Redemption Amount” of this Security will equal:

- if the Ending Value is greater than the Step Up Value: the Principal Amount *plus*:

$$\left[\text{Principal Amount} \times \left[\frac{\text{Ending Value} - \text{Starting Value}}{\text{Starting Value}} \right] \right] ;$$

- if the Ending Value is greater than or equal to the Starting Value but is equal to or less than the Step Up Value: the Principal Amount *plus* the Step Up Payment;
- if the Ending Value is less than the Starting Value, but greater than or equal to the Threshold Value: the Principal Amount; or
- if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the S&P 500® Index.

The “Pricing Date” shall mean December 20, 2018.

The “Step Up Payment” is 32.10% of the Principal Amount.

The “Starting Value” is 2,467.42, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Market Measure Business Day means the official closing level of the Index reported by the Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of the Index,” “Adjustments to the Index” and “Market Disruption Events.”

The “Step Up Value” is 3,259.46, which is equal to 132.10% of the Starting Value, rounded to two decimal places.

The “Ending Value” will be the Closing Level of the Index on the Calculation Day (as defined below), subject to the provisions set forth below under “Market Description Events.”

The “Threshold Value” is 2,097.31, which is equal to 85% of the Starting Value, rounded to two decimal places.

A “Market Measure Business Day” means a day on which (1) the New York Stock Exchange (the “NYSE”) and The Nasdaq Stock Market, or their successors, are open for trading and (2) the Index or any Successor Index (as defined below) is calculated and published.

“Index Publisher” shall mean S&P Dow Jones Indices LLC.

The “Calculation Day” is December 15, 2023, subject to the provisions set forth below under “Market Disruption Events.”

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of July 18, 2016, as amended by the letter agreement dated as of February 26, 2018, each between the Company and the Calculation Agents, and each as may be further amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company providing for, among other things, the determination of the Ending Value, the Step-Up Payment and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If, after the Pricing Date, the Index Publisher makes a material change in the method of calculating the Index or in another way that changes the Index such that it does not, in the opinion of the Calculation Agents, fairly represent the level of the Index had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level is to be calculated, make adjustments to the Index. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of the Index as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of the Index, as so adjusted.

Discontinuance of the Index

If, after the Pricing Date, the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Index (a “Successor Index”), the Calculation Agents will substitute the Successor Index as calculated by the relevant Index Publisher or any other entity and calculate the Ending Value as described in the definition of “Ending Value”

above. If the Calculation Agents select a Successor Index, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If the Index Publisher discontinues publication of the Index before the Calculation Day and the Calculation Agents do not select a Successor Index, then on the day that would otherwise be the Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Index is available,

the Calculation Agents will compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Index is selected or the Calculation Agents calculate a level as a substitute for the Index, the Successor Index or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in the Index trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose the Index or any Successor Index; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to the Index (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;

- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if the Index has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If the scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise, or if there is a Market Disruption Event on that day, the Calculation Day will be the immediately succeeding Market Measure Business Day during which no Market Disruption Event occurs or is continuing; provided that the Ending Value will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on a date no later than the second scheduled Market Measure Business Day prior to the Stated Maturity Date, regardless of the occurrence of a Market Disruption Event on that day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Step Up Value, the Threshold Value, the Ending Value, the Index, the Redemption Amount, the Step Up Payment, any Market Disruption Events, a Successor Index, Market Measure Business Days, Business Days, the Calculation Day, non-Calculation Days, and determinations related to any adjustments to, or discontinuance of, the Index. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to December 22, 2023. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. - if the Ending Value is less than the Threshold Value: the Principal Amount *minus*:

$$\left[\text{Principal Amount} \times \frac{\text{Threshold Value} - \text{Ending Value}}{\text{Starting Value}} \right]$$

All calculations with respect to the Redemption Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Redemption Amount will be rounded to the nearest cent, with one-half cent rounded upward.

“Index” shall mean the S&P 500® Index.

The “Pricing Date” shall mean December 20, 2018.

The “Starting Value” is 2,467.42, the Closing Level of the Index on the Pricing Date.

The “Closing Level” of the Index on any Market Measure Business Day means the official closing level of the Index reported by the Index Publisher on such Market Measure Business Day, subject to the provisions set forth below under “Discontinuance of the Index,” “Adjustments to the Index” and “Market Disruption Events.”

The “Ending Value” will be the average of the Closing Levels of the Index on each Calculation Day (as defined below) occurring during the Maturity Valuation Period (as defined below), subject to the provisions set forth below under “Market Description Events.”

The “Threshold Value” is 1,973.94, which is equal to 80% of the Starting Value, rounded to two decimal places.

The “Participation Rate” is 125.00%.

The “Capped Value” is 165.50% of the Principal Amount.

A “Market Measure Business Day” means a day on which (1) the New York Stock Exchange (the “NYSE”) and The Nasdaq Stock Market, or their successors, are open for trading and (2) the Index or any Successor Index (as defined below) is calculated and published.

“Index Publisher” shall mean S&P Dow Jones Indices LLC.

“Maturity Valuation Period” means each of December 13, 2023, December 14, 2023, December 15, 2023, December 18, 2023 and December 19, 2023, subject to the provisions set forth below under “Market Disruption Events.”

“Calculation Day” means any Market Measure Business Day during the Maturity Valuation Period on which a Market Disruption Event (as defined below) has not occurred.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

“Joint Calculation Agency Agreement” shall mean the Joint Calculation Agency Agreement dated as of July 18, 2016, as amended by the letter agreement dated as of February 26, 2018, each between the Company and the Calculation Agents, and each as may be further amended from time to time.

“Calculation Agents” shall mean the Persons that have entered into the Joint Calculation Agency Agreement with the Company providing for, among other things, the determination of the Ending Value and the Redemption Amount, which term shall, unless the context otherwise requires, include their successors under such Joint Calculation Agency Agreement. The initial Calculation Agents shall be Wells Fargo Securities, LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated. Pursuant to the Joint Calculation Agency Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Adjustments to the Index

If, after the Pricing Date, the Index Publisher makes a material change in the method of calculating the Index or in another way that changes the Index such that it does not, in the opinion of the Calculation Agents, fairly represent the level of the Index had those changes or modifications not been made, the Calculation Agents will, at the close of business in New York, New York, on each date that the Closing Level is to be calculated, make adjustments to the Index. Those adjustments will be made in good faith as necessary to arrive at a calculation of a level of the Index

as if those changes or modifications had not been made, and the Calculation Agents shall calculate the Closing Level of the Index, as so adjusted.

Discontinuance of the Index

If, after the Pricing Date, the Index Publisher discontinues publication of the Index, and the Index Publisher or another entity then publishes a substitute index that the Calculation Agents determine, in their sole discretion, to be comparable to the original Index (a “Successor Index”), the Calculation Agents will substitute the Successor Index as calculated by the relevant Index Publisher or any other entity and calculate the Ending Value as described in the definition of “Ending Value” above. If the Calculation Agents select a Successor Index, the Calculation Agents will give written notice of the selection to the Trustee, to the Company, and to the Holder hereof.

If the Index Publisher discontinues publication of the Index before the end of the Maturity Valuation Period and the Calculation Agents do not select a Successor Index, then on each day that would have been a Calculation Day, until the earlier to occur of:

- the determination of the Ending Value; and
- a determination by the Calculation Agents that a Successor Index is available,

the Calculation Agents will compute a substitute level for the Index in accordance with the procedures last used to calculate the Index before any discontinuance as if that day were a Calculation Day. The Calculation Agents will make available to the Holder hereof information regarding those levels by means of Bloomberg L.P., Thomson Reuters, a website, or any other means selected by the Calculation Agents in their reasonable discretion.

If a Successor Index is selected or the Calculation Agents calculate a level as a substitute for the Index, the Successor Index or level will be used as a substitute for all purposes, including for the purpose of determining whether a Market Disruption Event exists.

Market Disruption Events

“Market Disruption Event” means one or more of the following events, as determined by the Calculation Agents in their sole discretion:

- (A) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange where the securities included in the Index trade (without taking into account any extended or after-hours trading session), in 20% or more of the securities which then compose the Index or any Successor Index; and
- (B) the suspension of or material limitation on trading, in each case, for more than two consecutive hours of trading, or during the one-half hour period preceding the close of trading, on the primary exchange that trades options contracts or futures contracts related to the Index (without taking into account any extended or after-hours trading session), whether by reason of movements in price otherwise exceeding levels permitted by the

relevant exchange or otherwise, in options contracts or futures contracts related to the Index, or any Successor Index.

For the purpose of determining whether a Market Disruption Event has occurred:

- 1) a limitation on the hours in a trading day and/or number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange;
- 2) a decision to permanently discontinue trading in the relevant futures or options contracts related to the Index, or any Successor Index, will not constitute a Market Disruption Event;
- 3) a suspension in trading in a futures or options contract on the Index, or any Successor Index, by a major securities market by reason of (a) a price change violating limits set by that securities market, (b) an imbalance of orders relating to those contracts, or (c) a disparity in bid and ask quotes relating to those contracts will constitute a suspension of or material limitation on trading in futures or options contracts related to the Index;
- 4) a suspension of or material limitation on trading on the relevant exchange will not include any time when that exchange is closed for trading under ordinary circumstances; and
- 5) if the Index has component securities listed on the NYSE, for the purpose of clause (A) above, any limitations on trading during significant market fluctuations under NYSE Rule 80B, or any applicable rule or regulation enacted or promulgated by the NYSE or any other self-regulatory organization or the Securities and Exchange Commission of similar scope as determined by the Calculation Agents, will be considered “material.”

If (i) a Market Disruption Event occurs on a scheduled Calculation Day during the Maturity Valuation Period or (ii) any scheduled Calculation Day is determined by the Calculation Agents not to be a Market Measure Business Day by reason of an extraordinary event, occurrence, declaration, or otherwise (any such day in either (i) or (ii) being a “Non-Calculation Day”), the Closing Level of the Index for the applicable Non-Calculation Day will be the Closing Level of the Index on the next Calculation Day that occurs during the Maturity Valuation Period. For example, if the first and second scheduled Calculation Days during the Maturity Valuation Period are Non-Calculation Days, then the Closing Level of the Index on the next Calculation Day will also be the Closing Level for the Index on the first and second scheduled Calculation Days during the Maturity Valuation Period. If no further Calculation Days occur after a Non-Calculation Day, or if every scheduled Calculation Day during the Maturity Valuation Period is a Non-Calculation Day, then the Closing Level of the Index for that Non-Calculation Day and each following Non-Calculation Day (or for all the scheduled Calculation Days during the Maturity Valuation Period, if applicable) will be determined (or, if not determinable, estimated) by the Calculation Agents in a commercially reasonable manner on the last scheduled Calculation Day during the Maturity Valuation Period, regardless of the occurrence of a Market Disruption Event on that last scheduled Calculation Day.

Calculation Agent

The Calculation Agents have the sole discretion to make all determinations regarding this Security as described in this Security, including determinations regarding the Starting Value, the Threshold Value, the Ending Value, the Index, the Redemption Amount, any Market Disruption Events, a Successor Index, Market Measure Business Days, Business Days, Calculation Days, Non-Calculation Days, and determinations related to the discontinuance of the Index. Absent manifest error, all determinations of the Calculation Agents will be conclusive for all purposes and final and binding on the Holder hereof and the Company, without any liability on the part of the Calculation Agents.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

Tax Considerations

The Company agrees, and by acceptance of a beneficial ownership interest in this Security each Holder of this Security will be deemed to have agreed (in the absence of a statutory, regulatory, administrative or judicial ruling to the contrary), for United States federal income tax purposes to characterize and treat this Security as a prepaid derivative contract that is an “open transaction.”

Redemption and Repayment

This Security is not subject to redemption at the option of the Company or repayment at the option of the Holder hereof prior to December 22, 2023. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Redemption Amount (calculated as set forth in the next sentence) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Redemption Amount described under “Determination of Redemption Amount,” determined as if the date of acceleration were the sole Calculation Day.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

WELLS FARGO & COMPANY

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Notes Linked to the S&P 500[®] Index

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series S, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

The Company agrees, to the extent permitted by law, not to voluntarily claim the benefits of any laws concerning usurious rates of interest against a Holder of this Security.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on

behalf of the Holders of all Securities of such series, to waive compliance by the Company with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the "Principal Amount" hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$10 or any amount in excess thereof which is an integral multiple of \$10.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Principal Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Redemption Amount at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of the Redemption Amount, or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.

Governing Law

This Security shall be governed by and construed in accordance with the law of the State of New York, without regard to principles of conflicts of laws.

MEDIUM-TERM NOTE, SERIES S

Due Nine Months or More From Date of Issue

Principal at Risk Securities Linked to the Lowest Performing of the Russell 2000[®] Index, the Dow Jones Industrial Average[®] and the Nasdaq-100 Index[®] due December 29, 2023

WELLS FARGO & COMPANY, a corporation duly organized and existing under the laws of the State of Delaware (hereinafter called the “Company,” which term includes any successor corporation under the Indenture hereinafter referred to), for value received, hereby promises to pay to CEDE & Co., or registered assigns, an amount equal to the Maturity Payment Amount (as defined below) on the Stated Maturity Date (as defined below), unless this Security is redeemed prior to the Stated Maturity Date as provided below under “Optional Redemption,” and to pay Contingent Coupon Payments (as defined below) on the Face Amount of this Security to the extent provided herein on the Contingent Coupon Payment Dates specified herein at the Contingent Coupon Rate (as defined below) until the earlier of the Stated Maturity Date and the Optional Redemption Date (as defined below), if any. The “Initial Stated Maturity Date” shall be December 29, 2023. If the Final Calculation Day (as defined below) is not postponed, the Initial Stated Maturity Date will be the “Stated Maturity Date.” If the Final Calculation Day is postponed, the “Stated Maturity Date” shall be the later of (i) the Initial Stated Maturity Date and (ii) three Business Days (as defined below) after the last Final Calculation Day as postponed.

“Face Amount” shall mean, when used with respect to this Security, the amount set forth on the face of this Security as its “Face Amount.”

Optional Redemption

The Company may, at its option, redeem this Security, in whole but not in part, on any Optional Redemption Date (as defined below) by giving notice to the Holder hereof on or before the

Calculation Day (as defined below) immediately preceding that Optional Redemption Date. If this Security is redeemed, the Holder hereof will receive the Optional Redemption Price (as defined below) plus a final Contingent Coupon Payment (as defined below), if any, on the applicable Optional Redemption Date. Unless the Company defaults in the payment of the Optional Redemption Price plus the final Contingent Coupon Payment, if any, this Security will cease to be outstanding on such Optional Redemption Date, no additional Contingent Coupon Payments will be payable on this Security and the Holder hereof will have no further rights under this Security after such Optional Redemption Date. The “Optional Redemption Price” is equal to the Face Amount of this Security. The “Optional Redemption Dates” shall be the Contingent Coupon Payment Dates (as defined below) following each Calculation Day scheduled to occur in March, June, September and December from June 2020 to September 2023, inclusive.

Payment of Contingent Coupon Payments, the Maturity Payment Amount and the Optional Redemption Price

On each monthly Contingent Coupon Payment Date, the Company shall pay a Contingent Coupon Payment if, and only if, the Closing Level (as defined below) of the Lowest Performing Index (as defined below) on the related Calculation Day is greater than or equal to its Coupon Threshold Level (as defined below). A “Contingent Coupon Payment,” if payable as provided herein, shall be equal to (i) the product of the Face Amount of this Security and the Contingent Coupon Rate, (ii) divided by 12. The “Contingent Coupon Payment Dates” shall be the third Business Day following each Calculation Day, as each such Calculation Day may be postponed as herein provided, provided that the Contingent Coupon Payment Date with respect to the Final Calculation Day will be the Stated Maturity Date. If a Calculation Day is postponed with respect to one or more Indices, the related Contingent Coupon Payment Date will be three Business Days after the last Calculation Day as postponed. The “Contingent Coupon Rate” is 9.55% per annum. Any Contingent Coupon Payments will be rounded to the nearest cent, with one-half cent rounded upward. If a Contingent Coupon Payment Date is postponed, the Contingent Coupon Payment, if any, due on that Contingent Coupon Payment Date will be made on that Contingent Coupon Payment Date as so postponed with the same force and effect as if it had been made on the originally scheduled Contingent Coupon Payment Date, with no additional amount accruing or payable as a result of the postponement.

Any Contingent Coupon Payment so payable, and punctually paid or duly provided for, on any Contingent Coupon Payment Date will, as provided in the Indenture, be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the Regular Record Date for such Contingent Coupon Payment next preceding such Contingent Coupon Payment Date. The Regular Record Date for a Contingent Coupon Payment Date shall be the date one Business Day prior to such Contingent Coupon Payment Date.

Any Contingent Coupon Payment not punctually paid or duly provided for will forthwith cease to be payable to the Holder on such Regular Record Date and may either be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date for the payment of such Defaulted Interest to be fixed by the Trustee, notice whereof shall be given to Holders of Securities of this series not less than 10 days prior to such Special Record Date, or be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series

may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of any Contingent Coupon Payment on this Security will be made in immediately available funds at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota; provided, however, that, at the option of the Company, payment of any Contingent Coupon Payment may be paid by check mailed to the Person entitled thereto at such Person's last address as it appears in the Security Register or by wire transfer to such account as may have been designated by such Person. Payments of any Contingent Coupon Payment and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at Maturity will be made against presentation of this Security at the office or agency of the Company maintained for that purpose in the City of Minneapolis, Minnesota and at any other office or agency maintained by the Company for such purpose. Notwithstanding the foregoing, for so long as this Security is a Global Security registered in the name of the Depositary, any payments on this Security will be made to the Depositary by wire transfer of immediately available funds.

Payment of the Maturity Payment Amount or the Optional Redemption Price, as applicable, and any Contingent Coupon Payments on this Security will be made in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Definitions Relating to Maturity Payment Amount, the Optional Redemption Price and Contingent Coupon Payments

If this Security is not redeemed prior to the Stated Maturity Date as provided above under "Optional Redemption," the "Maturity Payment Amount" of this Security will equal:

- if the Ending Level of the Lowest Performing Index on the Final Calculation Day (as defined below) is greater than or equal to its Downside Threshold Level: the Face Amount; or
- if the Ending Level of the Lowest Performing Index on the Final Calculation Day is less than its Downside Threshold Level:

$$\left[\text{Face Amount} \times \frac{\text{Performance Factor of the Lowest Performing Index on the Final Calculation Day}}{\text{Downside Threshold Level}} \right]$$

All calculations with respect to the Maturity Payment Amount will be rounded to the nearest one hundred-thousandth, with five one-millionths rounded upward (e.g., 0.000005 would be rounded to 0.00001); and the Maturity Payment Amount will be rounded to the nearest cent, with one-half cent rounded upward.

"Index" shall mean each of the Russell 2000 Index, the Dow Jones Industrial Average and the Nasdaq-100 Index.

The "Pricing Date" shall mean December 26, 2018.

The “Lowest Performing Index” for any Calculation Day will be the Index with the lowest Performance Factor on that Calculation Day (as such Calculation Day may be postponed for one or more Indices).

The “Performance Factor” with respect to an Index on any Calculation Day is its Closing Level on such Calculation Day divided by its Starting Level (expressed as a percentage).

The “Starting Level” with respect to the Russell 2000 Index is 1329.811, its Closing Level on the Pricing Date, with respect to the Dow Jones Industrial Average is 22878.45, its Closing Level on the Pricing Date, and with respect to the Nasdaq-100 Index is 6262.767, its Closing Level on the Pricing Date.

The “Ending Level” of an Index will be its Closing Level on the Final Calculation Day.

The “Coupon Threshold Level” with respect to the Russell 2000 Index is 930.8677, which is equal to 70% of its Starting Level, with respect to the Dow Jones Industrial Average is 16014.915, which is equal to 70% of its Starting Level, and with respect to the Nasdaq-100 Index is 4383.9369, which is equal to 70% of its Starting Level.

The “Downside Threshold Level” with respect to the Russell 2000 Index is 797.8866, which is equal to 60% of its Starting Level, with respect to the Dow Jones Industrial Average is 13727.07, which is equal to 60% of its Starting Level, and with respect to the Nasdaq-100 Index is 3757.6602, which is equal to 60% of its Starting Level.

The “Closing Level” with respect to each Index on any Trading Day means the official closing level of that Index reported by the relevant Index Sponsor on such Trading Day, as obtained by the Calculation Agent on such Trading Day from the licensed third-party market data vendor contracted by the Calculation Agent at such time; in particular, taking into account the decimal precision and/or rounding convention employed by such licensed third-party market data vendor on such date, subject to the provisions set forth below under “—Market Disruption Events,” “—Adjustments to an Index” and “—Discontinuance of an Index.”

“Index Sponsor” shall mean the sponsor or publisher of an Index.

“Business Day” shall mean a day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in New York, New York.

The “Calculation Days” shall be the 26th day of each month, commencing January 2019 and ending November 2023, and the Final Calculation Day. If any such day is not a Trading Day with respect to any Index, such Calculation Day for each Index will be postponed to the next succeeding day that is a Trading Day with respect to each Index. A Calculation Day for an Index is also subject to postponement due to the occurrence of a Market Disruption Event (as defined below) with respect to such Index on such Calculation Day. The “Final Calculation Day” is December 26, 2023. If a Market Disruption Event occurs or is continuing with respect to an Index on any Calculation Day, then such Calculation Day for such Index will be postponed to the first succeeding Trading Day for such Index on which a Market Disruption Event for such Index has not occurred and is not continuing; however, if such first succeeding Trading Day has not

occurred as of the eighth Trading Day for such Index after the originally scheduled Calculation Day, that eighth Trading Day shall be deemed to be the Calculation Day for such Index. If a Calculation Day has been postponed eight Trading Days for an Index after the originally scheduled Calculation Day and a Market Disruption Event occurs or is continuing with respect to such Index on such eighth Trading Day, the Calculation Agent will determine the Closing Level of such Index on such eighth Trading Day in accordance with the formula for and method of calculating the Closing Level of such Index last in effect prior to commencement of the Market Disruption Event, using the closing price (or, with respect to any relevant security, if a Market Disruption Event has occurred with respect to such security, its good faith estimate of the value of such security at the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange) on that day of each security included in such Index. As used herein, “closing price” means, with respect to any security on any date, the Relevant Stock Exchange traded or quoted price of such security as of the Scheduled Closing Time of the Relevant Stock Exchange for such security or, if earlier, the actual closing time of the regular trading session of such Relevant Stock Exchange. Notwithstanding the postponement of a Calculation Day for an Index due to a Market Disruption Event with respect to such Index on such Calculation Day, the originally scheduled Calculation Day will remain the Calculation Day for any Index not affected by a Market Disruption Event on such day.

“Calculation Agent Agreement” shall mean the Calculation Agent Agreement dated as of January 24, 2018 between the Company and the Calculation Agent, as amended from time to time.

“Calculation Agent” shall mean the Person that has entered into the Calculation Agent Agreement with the Company providing for, among other things, whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any, which term shall, unless the context otherwise requires, include its successors under such Calculation Agent Agreement. The initial Calculation Agent shall be Wells Fargo Securities, LLC. Pursuant to the Calculation Agent Agreement, the Company may appoint a different Calculation Agent from time to time after the initial issuance of this Security without the consent of the Holder of this Security and without notifying the Holder of this Security.

Certain Definitions

A “Trading Day” with respect to an Index means a day, as determined by the Calculation Agent, on which (i) the Relevant Stock Exchanges with respect to each security underlying such Index are scheduled to be open for trading for their respective regular trading sessions and (ii) each Related Futures or Options Exchange with respect to such Index is scheduled to be open for trading for its regular trading session.

The “Relevant Stock Exchange” for any security underlying an Index means the primary exchange or quotation system on which such security is traded, as determined by the Calculation Agent.

The “Related Futures or Options Exchange” for an Index means an exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to such Index.

Adjustments to an Index

If at any time the method of calculating an Index or a Successor Equity Index, or the closing level thereof, is changed in a material respect, or if an Index or a Successor Equity Index is in any other way modified so that such index does not, in the opinion of the Calculation Agent, fairly represent the level of such index had those changes or modifications not been made, then the Calculation Agent will, at the close of business in New York, New York, on each date that the closing level of such index is to be calculated, make such calculations and adjustments as, in the good faith judgment of the Calculation Agent, may be necessary in order to arrive at a level of an index comparable to such Index or Successor Equity Index as if those changes or modifications had not been made, and the Calculation Agent will calculate the closing level of such Index or Successor Equity Index with reference to such index, as so adjusted. Accordingly, if the method of calculating an Index or Successor Equity Index is modified so that the level of such index is a fraction or a multiple of what it would have been if it had not been modified (*e.g.*, due to a split or reverse split in such equity index), then the Calculation Agent will adjust such Index or Successor Equity Index in order to arrive at a level of such index as if it had not been modified (*e.g.*, as if the split or reverse split had not occurred).

Discontinuance of an Index

If an Index Sponsor discontinues publication of an Index, and such Index Sponsor or another entity publishes a successor or substitute equity index that the Calculation Agent determines, in its sole discretion, to be comparable to such Index (a “Successor Equity Index”), then, upon the Calculation Agent’s notification of that determination to the Trustee and the Company, the Calculation Agent will substitute the Successor Equity Index as calculated by the relevant Index Sponsor or any other entity for purposes of calculating the Closing Level of such Index on any date of determination. Upon any selection by the Calculation Agent of a Successor Equity Index, the Company will cause notice to be given to the Holder of this Security.

In the event that an Index Sponsor discontinues publication of an Index prior to, and the discontinuance is continuing on, a Calculation Day and the Calculation Agent determines that no Successor Equity Index is available at such time, the Calculation Agent will calculate a substitute Closing Level for such Index in accordance with the formula for and method of calculating such Index last in effect prior to the discontinuance, but using only those securities that comprised such Index immediately prior to that discontinuance. If a Successor Equity Index is selected or the Calculation Agent calculates a level as a substitute for such Index, the Successor Equity Index or level will be used as a substitute for such Index for all purposes, including the purpose of determining whether a Market Disruption Event exists.

If on a Calculation Day an Index Sponsor fails to calculate and announce the level of an Index, the Calculation Agent will calculate a substitute Closing Level of such Index in accordance with the formula for and method of calculating such Index last in effect prior to the failure, but using only those securities that comprised such Index immediately prior to that

failure; *provided* that, if a Market Disruption Event occurs or is continuing on such day with respect to such Index, then the provisions set forth above under the definition of “Calculation Days” shall apply in lieu of the foregoing.

Market Disruption Events

A “Market Disruption Event” with respect to an Index means any of the following events as determined by the Calculation Agent in its sole discretion:

- (A) The occurrence or existence of a material suspension of or limitation imposed on trading by the Relevant Stock Exchanges or otherwise relating to securities which then comprise 20% or more of the level of such Index or any Successor Equity Index at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by those Relevant Stock Exchanges or otherwise.
- (B) The occurrence or existence of a material suspension of or limitation imposed on trading by any Related Futures or Options Exchange or otherwise in futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day, whether by reason of movements in price exceeding limits permitted by the Related Futures or Options Exchange or otherwise.
- (C) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, securities that then comprise 20% or more of the level of such Index or any Successor Equity Index on their Relevant Stock Exchanges at any time during the one-hour period that ends at the Close of Trading on that day.
- (D) The occurrence or existence of any event, other than an early closure, that materially disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values for, futures or options contracts relating to such Index or any Successor Equity Index on any Related Futures or Options Exchange at any time during the one-hour period that ends at the Close of Trading on that day.
- (E) The closure on any Exchange Business Day of the Relevant Stock Exchanges on which securities that then comprise 20% or more of the level of such Index or any Successor Equity Index are traded or any Related Futures or Options Exchange with respect to such Index or any Successor Equity Index prior to its Scheduled Closing Time unless the earlier closing time is announced by the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, at least one hour prior to the earlier of (1) the actual closing time for the regular trading session on such Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, and (2) the submission deadline for orders to be entered

into the Relevant Stock Exchange or Related Futures or Options Exchange, as applicable, system for execution at such actual closing time on that day.

- (F) The Relevant Stock Exchange for any security underlying such Index or Successor Equity Index or any Related Futures or Options Exchange with respect to such Index or Successor Equity Index fails to open for trading during its regular trading session.

For purposes of determining whether a Market Disruption Event has occurred with respect to an Index:

- (1) the relevant percentage contribution of a security to the level of such Index or any Successor Equity Index will be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of such Index or Successor Equity Index, in each case immediately before the occurrence of the Market Disruption Event;
- (2) the “Close of Trading” on any Trading Day for such Index or any Successor Equity Index means the Scheduled Closing Time of the Relevant Stock Exchanges with respect to the securities underlying such Index or Successor Equity Index on such Trading Day; provided that, if the actual closing time of the regular trading session of any such Relevant Stock Exchange is earlier than its Scheduled Closing Time on such Trading Day, then (x) for purposes of clauses (A) and (C) of the definition of “Market Disruption Event” above, with respect to any security underlying such Index or Successor Equity Index for which such Relevant Stock Exchange is its Relevant Stock Exchange, the “Close of Trading” means such actual closing time and (y) for purposes of clauses (B) and (D) of the definition of “Market Disruption Event” above, with respect to any futures or options contract relating to such Index or Successor Equity Index, the “Close of Trading” means the latest actual closing time of the regular trading session of any of the Relevant Stock Exchanges, but in no event later than the Scheduled Closing Time of the Relevant Stock Exchanges;
- (3) the “Scheduled Closing Time” of any Relevant Stock Exchange or Related Futures or Options Exchange on any Trading Day for such Index or any Successor Equity Index means the scheduled weekday closing time of such Relevant Stock Exchange or Related Futures or Options Exchange on such Trading Day, without regard to after hours or any other trading outside the regular trading session hours; and
- (4) an “Exchange Business Day” means any Trading Day for such Index or any Successor Equity Index on which each Relevant Stock Exchange for the securities underlying such Index or any Successor Equity Index and each Related Futures or Options Exchange with respect to such Index or any Successor Equity Index are open for trading during their respective regular trading sessions, notwithstanding any such Relevant Stock Exchange or Related Futures or Options Exchange closing prior to its Scheduled Closing Time.

Calculation Agent

The Calculation Agent will determine whether a Contingent Coupon Payment will be made, the Optional Redemption Price, if any, and the Maturity Payment Amount, if any. In addition, the Calculation Agent will (i) determine if adjustments are required to the Closing Level of an Index under the circumstances described in this Security, (ii) if publication of an Index is discontinued, select a Successor Equity Index or, if no Successor Equity Index is available, determine the Closing Level of such Index under the circumstances described in this Security, and (iii) determine whether a Market Disruption Event has occurred.

The Company covenants that, so long as this Security is Outstanding, there shall at all times be a Calculation Agent (which shall be a broker-dealer, bank or other financial institution) with respect to this Security.

All determinations made by the Calculation Agent with respect to this Security will be at the sole discretion of the Calculation Agent and, in the absence of manifest error, will be conclusive for all purposes and binding on the Company and the Holder of this Security.

Redemption and Repayment

This Security is not subject to repayment at the option of the Holder hereof prior to December 29, 2023. This Security is subject to redemption prior to December 29, 2023 as set forth under “Optional Redemption” above. This Security is not entitled to any sinking fund.

Acceleration

If an Event of Default, as defined in the Indenture, with respect to this Security shall occur and be continuing, the Maturity Payment Amount (calculated as set forth in the next two sentences) of this Security may be declared due and payable in the manner and with the effect provided in the Indenture. The amount payable to the Holder hereof upon any acceleration permitted under the Indenture will be equal to the Maturity Payment Amount hereof calculated as provided herein, plus a portion of a final Contingent Coupon Payment, if any. The Maturity Payment Amount and any final Contingent Coupon Payment will be calculated as though the date of acceleration were the Final Calculation Day. The final Contingent Coupon Payment, if any, will be prorated from and including the immediately preceding Contingent Coupon Payment Date to but excluding the date of acceleration.

Reference is hereby made to the further provisions of this Security set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse hereof by manual signature or its duly authorized agent under the Indenture referred to on the reverse hereof by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

This Security is one of a duly authorized issue of securities of the Company (herein called the “Securities”), issued and to be issued in one or more series under an indenture dated as of February 21, 2017, as amended or supplemented from time to time (herein called the “Indenture”), between the Company and Citibank, N.A., as Trustee (herein called the “Trustee,” which term includes any successor trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities, and of the terms upon which the Securities are, and are to be, authenticated and delivered. This Security is one of the series of the Securities designated as Medium-Term Notes, Series S, of the Company. The amount payable on the Securities of this series may be determined by reference to the performance of one or more equity-, commodity- or currency-based indices, exchange traded funds, securities, commodities, currencies, statistical measures of economic or financial performance, or a basket comprised of two or more of the foregoing, or any other market measure or may bear interest at a fixed rate or a floating rate. The Securities of this series may mature at different times, be redeemable at different times or not at all, be repayable at the option of the Holder at different times or not at all and be denominated in different currencies.

The Securities are issuable only in registered form without coupons and will be either (a) book-entry securities represented by one or more Global Securities recorded in the book-entry system maintained by the Depositary or (b) certificated securities issued to and registered in the names of, the beneficial owners or their nominees.

Modification and Waivers

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected under the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be affected, acting together as a class. The Indenture also contains provisions permitting the Holders of a majority in principal amount of the Securities of all series at

the time Outstanding affected by certain provisions of the Indenture, acting together as a class, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with those provisions of the Indenture. Certain past defaults under the Indenture and their consequences may be waived under the Indenture by the Holders of a majority in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series. Solely for the purpose of determining whether any consent, waiver, notice or other action or Act to be taken or given by the Holders of Securities pursuant to the Indenture has been given or taken by the Holders of Outstanding Securities in the requisite aggregate principal amount, the principal amount of this Security will be deemed to be equal to the amount set forth on the face hereof as the “Face Amount” hereof. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

Defeasance

Section 403 and Article Fifteen of the Indenture and the provisions of clause (ii) of Section 401(1)(B) of the Indenture, relating to defeasance at any time of (a) the entire indebtedness on this Security and (b) certain restrictive covenants, upon compliance by the Company with certain conditions set forth therein, shall not apply to this Security. The remaining provisions of Section 401 of the Indenture shall apply to this Security.

Authorized Denominations

This Security is issuable only in registered form without coupons in denominations of \$1,000 or any amount in excess thereof which is an integral multiple of \$1,000.

Registration of Transfer

Upon due presentment for registration of transfer of this Security at the office or agency of the Company in the City of Minneapolis, Minnesota, a new Security or Securities of this series, with the same terms as this Security, in authorized denominations for an equal aggregate Face Amount will be issued to the transferee in exchange herefor, as provided in the Indenture and subject to the limitations provided therein and to the limitations described below, without charge except for any tax or other governmental charge imposed in connection therewith.

This Security is exchangeable for definitive Securities in registered form only if (x) the Depositary notifies the Company that it is unwilling or unable to continue as Depositary for this Security or if at any time the Depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, and a successor depositary is not appointed within 90 days after the Company receives such notice or becomes aware of such ineligibility, (y) the Company in its sole discretion determines that this Security shall be exchangeable for definitive Securities in registered form and notifies the Trustee thereof or (z) an Event of Default with respect to the Securities represented hereby has occurred and is continuing. If this Security is exchangeable pursuant to the preceding sentence, it shall be exchangeable for definitive Securities in registered form, bearing interest at the same rate, having the same date of issuance, Stated Maturity Date and other terms and of authorized denominations aggregating a like amount.

This Security may not be transferred except as a whole by the Depositary to a nominee of the Depositary or by a nominee of the Depositary to the Depositary or another nominee of the Depositary or by the Depositary or any such nominee to a successor of the Depositary or a nominee of such successor. Except as provided above, owners of beneficial interests in this Global Security will not be entitled to receive physical delivery of Securities in definitive form and will not be considered the Holders hereof for any purpose under the Indenture.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

Obligation of the Company Absolute

No reference herein to the Indenture and no provision of this Security or the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Contingent Coupon Payments, if any, and the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security at the times, place and rate, and in the coin or currency, herein prescribed, except as otherwise provided in this Security.

No Personal Recourse

No recourse shall be had for the payment of any Contingent Coupon Payments or the Maturity Payment Amount or the Optional Redemption Price, as applicable, on this Security or for any claim based hereon, or otherwise in respect hereof, or based on or in respect of the Indenture or any indenture supplemental thereto, against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise, all such liability being, by the acceptance hereof and as part of the consideration for the issuance hereof, expressly waived and released.

Defined Terms

All terms used in this Security which are defined in the Indenture shall have the meanings assigned to them in the Indenture unless otherwise defined in this Security.
