**Report on Review of the Interim Condensed
Consolidated Financial Information
To the Shareholders of Telecom Egypt Company****Introduction**

We have reviewed the accompanying interim condensed consolidated statement of financial position of Telecom Egypt Company (the “Company”) and its subsidiaries (collectively referred to as the “Group”) as at March 31, 2022, and the related interim condensed consolidated statement of profit or loss and other comprehensive income, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the three-month period then ended, and explanatory notes.

Management is responsible for the preparation and presentation of these interim condensed consolidated financial information in accordance with International Accounting Standard 34 *Interim Financial Reporting* (“IAS 34”). Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As disclosed in Note 7 to the interim condensed consolidated financial information, the Group has an investment in an associate, Vodafone Egypt Telecommunications Company S.A.E. (the “Associate”), with a carrying amount of EGP 11,248 million as at March 31, 2022. The Group accounted for the investment in Associate using the equity method of accounting and recorded its share of profit of EGP 326 million during the three-month period ended March 31, 2022 based on financial information received from the Associate’s management. We were not provided access to review the Associate’s financial information as at and for the three-month period ended March 31, 2022, and accordingly, we were not able to perform any review procedures thereon. Our audit opinion on the December 31, 2021 consolidated financial statements of the Group was also modified with respect of this matter.

Qualified Conclusion

Based on our review, with the exception of the matter described in the preceding paragraph, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

**Report on Review of the Interim Condensed
Consolidated Financial Information
To the Shareholders of Telecom Egypt Company (continued)**

Other Matters

- i. The interim condensed consolidated financial information of the Group for the three-month period ended March 31, 2021 were reviewed by another auditor in accordance with International Financial Reporting Standards, who expressed an unmodified conclusion in their review report dated October 13, 2021 on the interim condensed consolidated financial information.
- ii. The interim condensed consolidated financial information of the Group for the three-month period ended March 31, 2022, was reviewed by another auditor in accordance with Egyptian Accounting Standards, who expressed a qualified conclusion in their review report dated May 30, 2022 on the interim condensed consolidated financial information.

Telecom Egypt Company and its subsidiaries
Interim Condensed Consolidated Financial Information

Notes to the Interim Condensed Consolidated Financial Information (continued)
For the period ended March 31, 2022

2 Basis of preparation and summary of significant accounting policies

Basis of preparation

The interim condensed consolidated financial information of the Group has been prepared in accordance with International Accounting Standard (IAS) 34, Interim Financial Reporting. The interim condensed consolidated financial information does not include all of the information required for full annual interim consolidated financial information prepared in accordance with the International Financial Reporting Standards (IFRS) and should be read in conjunction with the consolidated financial statements of the Group for the year ended December 31, 2021.

Accounting policies, related adjustments, judgements, estimates and assumptions adopted in the preparation of these interim condensed consolidated financial information are same as those applied in the preparation of the audited consolidated financial statements for the year ended December 31, 2021.

The interim condensed consolidated financial information have been prepared on accrual basis and under the historical cost convention except for financial assets measured at fair value through profit or loss (FVTPL), which are measured at fair value.

Functional and presentation currency

The interim consolidated financial information is presented in Egyptian Pounds ("EGP"), which is also the Group's functional currency. All values are rounded to the nearest thousand except where otherwise indicated.

Basis of consolidation

The interim condensed consolidated financial information incorporates the financial information of the Company and entities controlled by the Company. Control is achieved where the Company has the power over the investee, exposure, or rights, to variable returns from its involvement with the investee and the ability to use its power over the investee to affect the amount of the investor's returns.

Significant accounting estimates and judgments

The preparation of the interim condensed consolidated financial information in conformity with IAS 34, requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by the management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that were applied in the preparation of the consolidated financial statements of the Group as at and for the year ended December 31, 2021.

3 Standards, Amendments and Interpretations to existing Standards that are not yet effective and have not been adopted early by the Group

As at the date of authorization of the interim condensed consolidated financial information several new, but not yet effective, Standards, Amendments and Interpretations to existing standards have been published by International Accounting Standards Board ("IASB"). These amendments have neither been adopted early by the Group nor are these expected to have a significant impact on the financial information of the Group in the period of initial application.

4 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements of the Group as at and for the year ended December 31, 2021.

20 Significant change in exchange rates

The Central Bank of Egypt, in its session held on March 21, 2022, devalued the Egyptian Pound against other foreign currencies, with an objective of providing flexibility to the banks operating in Egypt and promoting flow of foreign exchange through legitimate channels. The exchange rates announced by the Central Bank of Egypt were as follows:

	March 31, 2022		December 31, 2021	
	Sell	Buy	Sell	Buy
USD	18.2683	18.1708	15.74	15.64
EURO	20.168	20.057	17.87	17.67

Accordingly, the Group have incurred foreign exchange losses amounting to EGP'000 3,043,241 for the period ended March 31, 2022.

Subsequent to period end, and on October 27, 2022, The Central Bank of Egypt announced the flotation of EGP. The EGP has devalued by more than 70% since March 31, 2022. The indicative exchange rates announced by the Central Bank of Egypt for the most significant foreign currencies, in which the Group deals, are as follows:

	January 31, 2023		December 31, 2022	
	Sell	Buy	Sell	Buy
USD	30.1	30.00	24.76	24.68
EURO	32.63	32.37	26.35	26.26

As a result of the afore-said devaluation of Egyptian Pound, the Group's business results were affected in subsequent periods, as significant portion of its monetary assets and liabilities are held in foreign currencies and a sizable part of its operations are carried out outside Egypt. The Group have incurred foreign exchange losses around EGP 10 billion during the year ended December 31, 2022.
