ANNUAL REPORT 2014

Contents

Chairman's statement

Results for 12 months ended 28 February 2014 show a loss before tax of £103,697 (2013: £116,493 loss).

The company had cash in the bank and in hand of £44,343 at the balance sheet date. The board does not consider it appropriate to declare a dividend.

Ed Levey resigned from the board on 31 December 2013 to retire to the West Country. The directors would like to thank him for his hard work and contribution to the company over the years and wish him a happy and busy retirement.

Since the last Annual Report, a number of actions have been taken by the company, as follows:

- In May 2013, the company issued a circular containing proposals to transfer the listing of the ordinary shares from the premium segment to the standard segment of the Official List and these proposals became effective on 11 July 2013. As a result, the company will have greater flexibility to raise new capital and effect transactions with lower attendant costs.

- In June 2013, following the approval of shareholders to increase the company's borrowing powers, one of the directors, Maciej Szytko, indicated that he would make a loan facility of £150,000 available to the company to provide short term liquidity. The company is now able to draw on that facility.

- In August 2013, the board announced it was proposing to issue 794,563 ordinary shares at a price of 14p per share and raise up to £111,000 (before expenses) by means of an Open Offer. At a General Meeting held on 12 September 2013 the Open Offer was approved by shareholders. The Open Offer was fully subscribed and following a board meeting, the new shares were allotted and have subsequently been admitted to the Official List.

Highway Capital is a small cash shell, looking to reverse in another company with a suitable business. We have been approached by several such companies and their advisors, and we continue to have discussions with various of them.

One of the difficulties in the past has been the reluctance of the two biggest shareholders in Highway Capital to agree on potential deals, and this has been frustrating. I am reasonably confident that we will be able to deal with this impasse in the near future and hope to bring better news to you all. I was a director of another cash shell (Tavistock plc) that had a successful transaction in April this year.

Strategic report

.

The company is a stand-alone "cash shell" and the board is actively seeking to acquire a suitable business.

The loss on ordinary activities for the year before taxation was £103,697 (2013: loss £116,493). After taxation and dividends, the deficit of £103,697 (2013: deficit £116,493) has been transferred to reserves.

The company remains a "cash shell" and the board continues to identify and evaluate target companies as it seeks opportunities to maximize the value of the company. In the meantime, the company continues to keep expenditure to a minimum in order to preserve its cash resources. The company had cash at bank and in hand of £44,343 at 28 February 2014.

At the date of approval of the accounts the company has agreed the additional loan funding that it considers necessary to enable it to be able to continue to meet its liabilities as they fall due.

The principal risks and uncertainties that the company faces are in identifying and acquiring a suitable target company. The income of the company fluctuates with movements in interest rates.

The company has two male non-executive directors and no other employees.

As further explained in the Chairman's statement, one of the difficulties in the past has been the reluctance of the company's two biggest shareholders to agree on potential deals, but it is hoped that the company will be in a position to better deal with this impasse in the near future and be able to reverse in another company with a suitable business.

Directors' report

Your directors have pleasure in submitting their report and the audited accounts for the year ended 28 February 2014.

Principal activity

The company is a stand-alone "cash shell" and the board is actively seeking to acquire a suitable business.

Business review and management report

The loss on ordinary activities for the year before taxation was £103,697 (2013: loss £116,493). After taxation and dividends, the deficit of £103,697 (2013: deficit £116,493) has been transferred to reserves.

The company remains a "cash shell" and the board continues to identify and evaluate target companies as it seeks opportunities to maximize the value of the company. In the meantime, the company continues to keep expenditure to a minimum in order to preserve its cash resources. The company had cash at bank and in hand of £44,343 at 28 February 2014.

The principal risks and uncertainties that the company faces are in identifying and acquiring a suitable target company. The income of the company fluctuates with movements in interest rates.

Events that have occurred since the end of the financial year are detailed in note 16 to the accounts. Details of future developments can be found in the Chairman's statement.

Dividends

The directors do not recommend the payment of a final dividend for the year.

Directors

The following directors served during the year to 28 February 2014:

D. M. D. A. Wheatley (Chairman)
E. P. Levey (resigned 31 December 2013)
M. Szytko

Details of directors' remuneration, service contracts and interests in the ordinary shares of the company are included in the directors' remuneration report on pages 8 and 9.

Mr Szytko retires by rotation and offers himself for re-election at the annual general meeting. Mr Szytko does not have a service contract with the company. Following formal performance evaluation, the board believes that the non-executive director has performed effectively and that Mr Szytko should be re-elected.

Biographies of directors

Dominic Wheatley, 55, was appointed a non-executive director and Chairman on 19 September 2011, and was previously on the board from 2001 to 2006. Mr Wheatley is CEO of Catalis SE, a publically held video games and media testing company based in the US and Europe. He also co-founded Bright Things, the company which is now named SocialGO, in September 2004. Mr Wheatley has considerable executive management experience in the video games industry. He co-founded Domark in 1984, a video games company that he later reversed into Eidos. In 1992 he established Domark's US subsidiary in California. The company changed its name and Mr Wheatley served as CEO of Eidos Interactive until 1997. He then became an investor in various companies, some of which he joined as a Director and helped float on the London Stock Exchange (Statpro plc, Kuju plc, and Telecom Plus plc). He recently reversed a financial services company into a cash shell called Tavistock plc of which he was a director. He also has commercial interests in France.

Directors' report continued

Maciej Szytko, 31, was appointed as a non-executive director on 19 September 2011. He is a Commercial Studies graduate from the University of Westminster. Over the past 8 years, he has held a number of managerial positions in the hospitality industry. He is currently a self-employed adviser and active investor in public and private companies with a focus on the Commonwealth of Independent States (CIS) and the Warsaw Stock Exchange (WSE), where his first financial successes occurred.

Substantial shareholdings

At 28 February 2014 the company had been notified, in accordance with the Disclosure and Transparency Rules of the Financial Services Authority, of the following notifiable interests in the ordinary share capital of the company:

	Number of Ordinary Shares	Percentage Holding
R. B. Rowan	2,375,745	27.18%
M. Szytko	2,622,060	29.99%
D. Wheatley	435,644	4.98%
P. Fellerman	930,000	10.64%

The only subsequent notified change up to 27 June 2014, was an increase in the shareholding of P. Fellerman from 930,000 (10.64 per cent.) to 1,000,000 (11.44 per cent.).

Fixed assets

There have been no movements in fixed assets during the year.

Payment of suppliers

It is the company's policy to pay suppliers in accordance with the terms agreed for each transaction. The average number of creditor days during the period was not more than 60 days.

Audit information

The directors are satisfied that the auditors are aware of all information relevant to the audit of the company's accounts for the year to 28 February 2014 and that they have taken all steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Auditors

A resolution proposing that Littlestone Golding be re-appointed as auditors of the company will be put to the annual general meeting.

Share capital and voting rights

Throughout the year the authorised share capital has been £1,000,000 divided into 50,000,000 ordinary shares of 2p each. On 13 September 2013 the issued share capital increased from £158,913 divided into 7,945,638 ordinary shares of 2p each, to £174,804 divided into 8,740,201 ordinary shares of 2p each. Each ordinary share has full voting rights. It is intended that resolutions to authorise the directors to allot shares up to an aggregate nominal amount of £17,480 and to dis-apply the pre-emption rights on allotments of shares up to an aggregate nominal amount of £17,480 will be proposed at the AGM.

Directors' report continued

Going concern

The company is a "cash shell", and, apart from a small amount of interest receivable, currently has no income stream. Until a suitable trading business is acquired, it is therefore dependent on its cash reserves to fund ongoing costs. At the date of approval of the accounts the company has agreed the additional funding that it considers necessary to enable it to be able to continue to meet its liabilities as they fall due.

After reviewing the company's budget for 2014/2015 and its medium term plans, the directors have a reasonable expectation that, following the further £100,000 loan to the company that Mr M Szytko, a director and shareholder of the company, has agreed to provide on normal commercial terms, the company will have adequate resources to continue in operational existence for the foreseeable future. The company has received written confirmation that the full amount of the loan will be received on the date of approval of the accounts. For this reason, they continue to adopt the going concern basis in preparing the accounts.

Carbon emissions

The company is currently a non-trading "cash-shell" with no head office and no employees other than its directors, and therefore has minimal carbon emissions.

Financial risk management

The company's financial risk management objective is to minimise, as far as possible, the company's exposure to such risk as detailed in note 20 to the accounts.

Directors' remuneration report

Introduction

The information included in this report is not subject to audit other than where specifically indicated.

Remuneration committee

The remuneration committee consists of the non-executive directors, Dominic Wheatley and Maciej Szytko. This committee's primary function is to review the performance of executive directors and senior employees and set their remuneration and other terms of employment. Since the disposal of its trading subsidiary on 24 January 2001, the company has only had one executive director and no senior employees.

The committee is also responsible for administering any share option scheme or bonus schemes. The only such scheme in place is the Executive Share Option Scheme, which has been approved by HM Revenue & Customs. Options in respect of 60,000 shares at an exercise price of 50p per share held by ex-employees, expired on 24 January 2002. There are currently no options granted and no directors hold share options.

The remuneration committee determines the company's policy for the remuneration of executive directors, having regard to the UK Corporate Governance Code and its provisions on directors' remuneration.

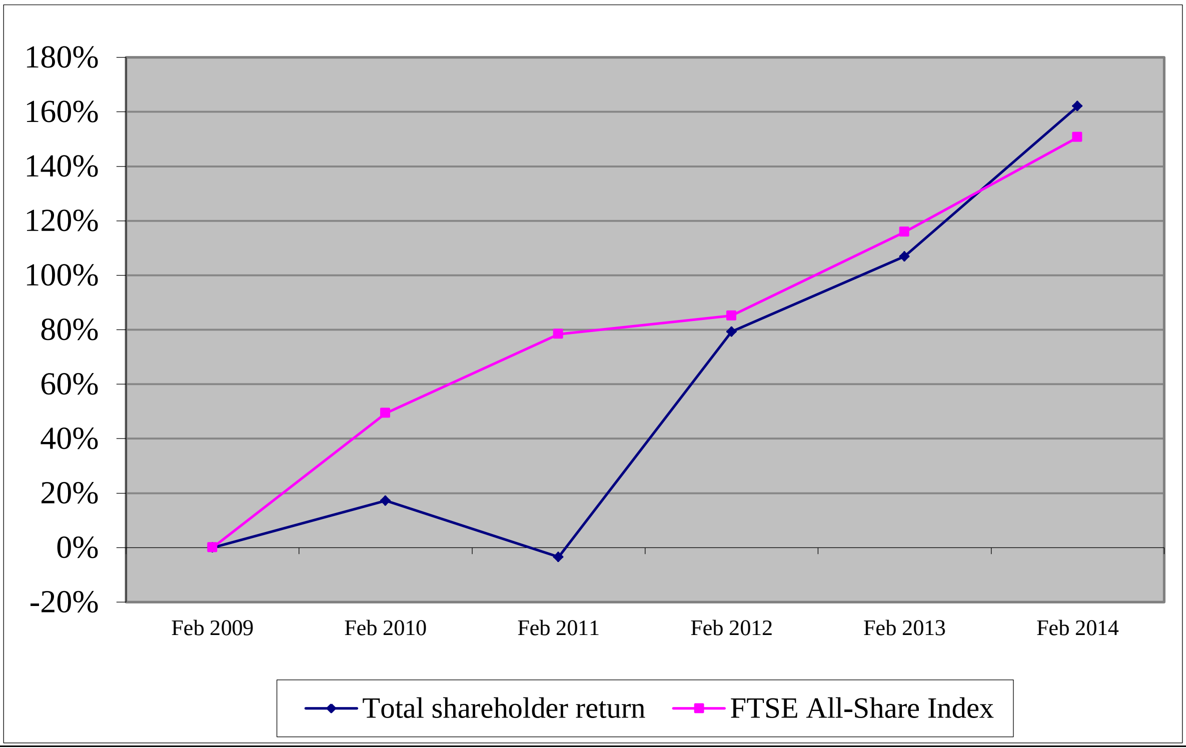
The remuneration policy

It is the aim of the committee to remunerate executive directors competitively and to reward performance. Details of the remuneration packages of individual directors are set out below.

There are currently no share options, long term incentive plans, performance bonuses or pension schemes in place.

Performance graph

The following table includes a performance graph comparing, over the last five financial years, the Total Shareholder Return of an ordinary share in Highway Capital plc against the Total Shareholder Return of the FTSE All-Share Index. The remuneration committee considers the FTSE All-Share Index to be an appropriate comparator for Total Shareholder Return performance. The dividend adjustment to the FTSE All-Share Index for 2014 has been estimated based on past performance.



Directors' remuneration report *continued*

Service agreements and terms of appointment

None of the directors has a service contract with the company.

Directors' interests

The directors' interests in the share capital of the company are shown below. All interests are beneficial.

	Number of ordinary shares

M. D. A. Wheatley	435,644	396,040
M. Szytko	2,622,060	2,383,691

There have been no notified changes in the interests of the directors since the year end.

Directors' emoluments (audited)

Directors' emoluments including amounts payable to third parties in respect of directors' services are comprised as follows:

Non-executive directors:	**Fees**	**Basic Salary**	**Compensation payment**	**Taxable Benefits**	**2014 Total**	**2013 Total**
M. D. A. Wheatley	20,000	—	—	—	20,000	20,000

	£52,167	£—	£—	£—	£52,167	£58,000

D. M. D. A. Wheatley's fees are £20,000 per annum and M. Szytko's fees are £15,500 per annum.

No pension contributions were made by the company on behalf of its directors.

No director currently has share options, and no share options were granted to or exercised by the directors during the period under review.

Approval by shareholders

At the next annual general meeting of the company a resolution approving this report is to be proposed as an ordinary resolution.

This report was approved by the board on 30 June 2014 and signed on its behalf by:

D. M. D. A. Wheatley
Remuneration Committee Chairman

Corporate governance

The policy of the board is to manage the affairs of the company with reference to the UK Corporate Governance Code, which is publicly available from the Financial Reporting Council. In July 2013 the company changed from a Premium to a Standard listing.

Application of principles of good governance

Board of directors

The board currently comprises the two non-executive directors: Dominic Wheatley and Maciej Szytko. The articles of association require a third, but not greater than a third, of the directors to retire by rotation each year. Since 19 September 2011 the non-executive Chairman has been Dominic Wheatley and prior to that, Howard Drummon, and the senior independent director has been Edward Levey, until his resignation on 31 December 2013. Since the disposal of the company's trading subsidiary on 24 January 2001 the company has not had a Chief Executive. The board intends to appoint a Chief Executive when a new business is acquired.

There are regular board meetings each year and other meetings are held as required to direct the overall company strategy and operations. Board meetings follow a formal agenda covering matters specifically reserved for decision by the board. These cover key areas of the company's affairs including overall strategy, acquisition policy, approval of budgets, major capital expenditure and significant transactions and financing issues.

The board has delegated certain responsibilities, within defined terms of reference, to the audit committee and the remuneration committee as described below. The appointment of new directors is made by the board as a whole.

During the year ended 28 February 2014, there were 6 formal board meetings, 1 audit committee meeting and 1 remuneration committee meeting. All meetings were fully attended.

The board undertakes a formal annual evaluation of its own performance and that of its committees and individual directors, through discussions and one-to-one reviews with the Chairman and the senior independent director.

Audit committee

The audit committee is currently headed by Dominic Wheatley, the Chairman, and also comprises Maciej Szytko. Edward Levey, another non-executive director, who has relevant financial experience and up to date knowledge of financial matters was also on the audit committee, until his resignation on 31 December 2013. The committee's terms of reference are in accordance with the UK Corporate Governance Code.

The committee reviews the company's financial and accounting policies, interim and final results and annual report prior to their submission to the board, together with management reports on accounting matters and internal control and risk management systems. It reviews the auditors' management letter and considers any financial or other matters raised by both the auditors and employees.

The committee considers the independence of the external auditors and ensures that, before any non-audit services are provided by the external auditors, they will not impair the auditors' objectivity and independence. During the year non-audit services totalled £11,050 and covered normal taxation and other related compliance work, which did not impact on the auditors' objectivity or independence.

The committee has primary responsibility for making recommendations to the board in respect of the appointment, reappointment and removal of the external auditors.

Corporate governance ***continued***

Remuneration committee

The remuneration committee is currently headed by Dominic Wheatley, the Chairman, and also comprises Maciej Szytko. Edward Levey was also on the remuneration committee, until his resignation on 31 December 2013.

The committee's primary function is to review the performance of executive directors and senior employees and to set their remuneration and other terms of employment. It is also responsible for administering any share option and bonus schemes.

Relations with shareholders

The company encourages two-way communication with both its institutional and private investors and responds promptly to all queries received.

Internal controls

The directors are responsible for internal control in the company and for reviewing its effectiveness. Procedures have been designed for safeguarding assets against unauthorised use or disposition; for maintaining proper accounting records; and for the reliability of financial information used within the business or for publication. Such procedures are designed to manage rather than eliminate the risk of failure to achieve business objectives and can only provide reasonable and not absolute assurance against material error, losses or fraud. In addition, there is an ongoing process in place for identifying, evaluating and managing the significant risks faced by the company.

The key procedures that the directors have established are designed to provide effective internal control within the company and are regularly reviewed by the board. This is in accordance with The Turnbull Guidance provided by the Institute of Chartered Accountants in England and Wales. Such procedures have been in place throughout the period under review and up to the date of approval of the annual report and accounts.

Due to the size of the company, all key decisions are made by the board and the assessment and management of risk is an integral part of the board's decision-making process.

The company's organisational structure has clear lines of responsibility and the board continues to review systems to monitor and investigate the major business risks facing the company.

The board has established control procedures for all key financial areas of the business, which enable the board to maintain full and effective control. These controls include defined procedures for seeking and obtaining approval for major transactions and controls relating to the security of assets. The company operates a comprehensive budgeting and financial reporting system.

The directors have reviewed the effectiveness of the company's systems of internal control as they operated during the period under review and consider that there have been no material losses, contingencies or uncertainties caused by weaknesses in internal controls. The directors do not consider that an internal audit function is presently necessary as the company is a "cash shell".

Going concern

The company is a "cash shell", and, apart from a small amount of interest receivable, currently has no income stream. Until a suitable trading business is acquired, it is therefore dependent on its cash reserves to fund ongoing costs. At the date of approval of the accounts the company has agreed the additional funding that it considers necessary to enable it to be able to continue to meet its liabilities as they fall due.

After reviewing the company's budget for 2014/2015 and its medium term plans, the directors have a reasonable expectation that, following the further £100,000 loan to the company that Mr M Szytko, a director and shareholder of the company, has agreed to provide on normal commercial terms, the company will have adequate resources to continue in operational existence for the foreseeable future. The company has received

Corporate governance ***continued***

written confirmation that the full amount of the loan will be received on the date of approval of the accounts. For this reason, they continue to adopt the going concern basis in preparing the accounts.

Statement of compliance

In the opinion of the directors, the company has complied throughout the year ended 28 February 2014 with all provisions relevant to a company of its size set out in the UK Corporate Governance Code, except for the items outlined below.

Code provision A.2.1 – Since the disposal of the company's trading subsidiary on 24 January 2001 the company has not had a Chief Executive. The board intends to appoint a Chief Executive when a new business is acquired.

Code provision A.3.1 – The Chairman, Dominic Wheatley holds 4.98% of the ordinary share capital of the company, and therefore does not satisfy the Code's independence criteria. However, major shareholders were consulted prior to his appointment.

Code provision B.1.2 – Since the resignation of Howard Drummon on 19 September 2011, the company has had one rather than at least two independent non-executive directors on the board, as Dominic Wheatley and Maciej Szytko are both significant shareholders in the company. Since Edward Levey's resignation on 31 December 2013, the company has not had an independent non-executive director on the board. The board is seeking a suitable replacement.

Code provision B.2.1 – A nomination committee has not been set up, as the directors consider that it is not appropriate while the company is a "cash shell" without any employees. The board intends to set up a nomination committee when a new business is acquired.

Code provision C.3.1 – Since the resignation of Howard Drummon on 19 September 2011, the company has had one rather than at least two independent non-executive directors on the audit committee, as Dominic Wheatley and Maciej Szytko are both significant shareholders in the company. Since Edward Levey's resignation on 31 December 2013, the company has not had an independent non-executive director on the board. The board is seeking a suitable replacement.

Directors' responsibility statement

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing those accounts, the directors are required to:

— select suitable accounting policies and then apply them consistently;

— make judgements and estimates that are reasonable and prudent;

— follow applicable accounting standards, subject to any material departures disclosed and explained in the accounts; and

— prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the accounts comply with the Companies Act 2006. They are responsible for the system of internal control, and for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities. The directors are also responsible for ensuring that all information relevant to the audit has been made available to the auditors.

Under applicable law and regulations, the directors are also responsible for preparing a directors' report, directors' remuneration report and corporate governance statement that comply with that law and those regulations.

The directors confirm that, to the best of their knowledge and belief:

— the accounts in this document, prepared in accordance with applicable UK law and accounting standards, give a true and fair view of the assets, liabilities, financial position and loss of the company; and

— the business review and management report in the directors' report includes a fair review of the development and performance of the business and the position of the company, together with a description of the principal risks and uncertainties that it faces.

Independent auditors' report
to the members of Highway Capital plc

We have audited the accounts of Highway Capital plc for the year ended 28 February 2014 which comprise the Profit and Loss Account, the Reconciliation of Equity Shareholders' Funds, the Balance Sheet, the Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the directors and auditors

As explained more fully in the Directors' Responsibility Statement set out on page 13, the directors are responsible for the preparation of the accounts and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the accounts in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of audit of the accounts

An audit involves obtaining evidence about the amounts and disclosures in the accounts sufficient to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the accounts. In addition, we read the financial and non-financial information in the Annual Report 2014 to identify material inconsistencies with the audited accounts and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any material misstatements or inconsistencies we consider the implications for our report.

Opinion on accounts

In our opinion the accounts:

- give a true and fair view of the state of the company's affairs as at 28 February 2014 and of the loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Emphasis of matter

In forming our opinion, we have considered the adequacy of the disclosures made in note 1 of the accounts regarding the company's ability to continue as a going concern. The company is a "cash shell", and, apart from a small amount of interest receivable, currently has no income stream. Until a suitable trading business is acquired, it is therefore dependent on its cash reserves to fund ongoing costs. At the date of approval of the accounts the company has agreed the additional funding that it considers necessary to enable it to be able to continue to meet its liabilities as they fall due, and has received written confirmation that the full amount of the loan will be received on the date of approval of the accounts.. These conditions indicate the existence of material uncertainties that may cast significant doubt on the company's ability to continue as a going concern. The accounts do not include any adjustments that would result if the company were unable to continue as a going concern. In view of the significance of this uncertainty we consider that it should be drawn to your attention but our opinion is not qualified in this respect.

Independent auditors' report continued

Opinion on other matters prescribed by the Companies Act 2006

In our opinion:

- the part of the Directors' Remuneration Report to be audited has been properly prepared in accordance with the Companies Act 2006;
- the information given in the Strategic Report and the Directors' Report for the financial year for which the accounts are prepared is consistent with the accounts.
- the information given in the Corporate Governance Statement set out on pages 10 to 12 with respect to internal control and risk management systems in relation to financial reporting processes and about share capital structures is consistent with the accounts.

Matters on which we are required to report by exception

We have nothing to report in respect of the following:

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the accounts and the part of the Directors' Remuneration Report to be audited are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- a Corporate Governance Statement has not been prepared by the company.

1 Accounting policies

Basis of accounting

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards.

Highway Capital plc does not prepare consolidated accounts and the directors have therefore continued to prepare its accounts in accordance with UK rather than international accounting standards, as permitted under BC Regulation 1606/2002.

Going concern

The company is a “cash shell”, and, apart from a small amount of interest receivable, currently has no income stream. Until a suitable trading business is acquired, it is therefore dependent on its cash reserves to fund ongoing costs. At the date of approval of the accounts the company has agreed the additional funding that it considers necessary to enable it to be able to continue to meet its liabilities as they fall due.

After reviewing the company’s budget for 2014/2015 and its medium term plans, the directors have a reasonable expectation that, following the further £100,000 loan to the company that Mr M Szytko, a director and shareholder of the company, has agreed to provide on normal commercial terms, the company will have adequate resources to continue in operational existence for the foreseeable future. The company has received written confirmation that the full amount of the loan will be received on the date of approval of the accounts. For this reason, they continue to adopt the going concern basis in preparing the accounts.

The accounts do not include any adjustments that would result if the company were unable to continue as a going concern.

Consolidation

At 28 February 2014, Highway Capital plc was a stand-alone company and is therefore not required to prepare consolidated accounts.

Depreciation

Depreciation is provided on all fixed assets at rates calculated to write off the cost of each asset on a straight line basis over its expected useful life.

Stocks and work-in-progress

Stocks and work-in-progress are stated at the lower of cost and net realisable value.

Deferred taxation

Deferred tax is provided in full at appropriate rates in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes, if those timing differences are not permanent and have originated but not reversed by the balance sheet date. The deferred tax balance has not been discounted.

Finance leases and hire purchase commitments

Assets obtained under finance leases and hire purchase contracts are capitalised in the balance sheet and depreciated over their useful economic lives.

The interest element is charged to profit and loss account on a straight line basis over the period of the finance leases or hire purchase contracts.

Notes to the accounts ***continued***

Year ended 28 February 2014

Rentals paid under operating leases are charged to income on a straight line basis over the lease period.

Foreign currencies

Profit and loss account transactions denominated in foreign currencies are translated into sterling and recorded at the rate of exchange ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

All differences are taken to the profit and loss account.

Turnover

Turnover represents management fees receivable.
