Guarantees	(1)	(1)	(1)	(2)
Total	(1)	(1)	\$20,000,000,000	\$2,182,000(2)(3)

(1) The amount to be registered and the proposed maximum aggregate offering price per unit are not specified as to each class of securities to be registered pursuant to General Instruction II.D of Form S-3 under the Securities

Act of 1933, as amended (the "Securities Act"). The aggregate maximum offering price of all securities issued by General Electric Company pursuant to this Registration Statement shall not have a maximum aggregate offering price that exceeds \$20,000,000,000 in U.S. dollars or the equivalent at the time of offering in any other currency. The amount also includes such indeterminate principal amount, liquidation amount or number of identified classes of securities as may be issued upon conversion or exchange of debt securities, preferred stock or warrants that provide for conversion or exchange into other securities. No separate consideration will be received for shares of common stock that are issued upon exchange or conversion of debt securities, preferred stock or warrants. Pursuant to Rule 457(n) under the Securities Act, no separate registration fee will be paid in respect of any guarantees of any other obligations.

- (2) Estimated solely for the purpose of computing the registration fee pursuant to Rule 457(o) under the Securities Act. Calculated in accordance with Section 6 of the Securities Act and Rule 457 under the Securities Act by multiplying .0001091 and the proposed maximum aggregate offering price.
 - (3) Previously paid in connection with the filing of Post-Effective Amendment No. 1 to this Registration Statement on February 11, 2021.
- The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act or until the registration statement shall become effective on such date as the Commission acting pursuant to said Section 8(a) may determine.
-

Explanatory Note

This Post-Effective Amendment No. 2 to the Registration Statement on Form S-3 (Registration No. 333-229886) is being filed to reflect that General Electric Company is no longer a well-known seasoned issuer (as such term is defined in Rule 405 under the Securities Act of 1933, as amended). This filing is being made to convert the Registration Statement on Form S-3ASR, as amended (Registration No. 333-229886), to the proper submission type for a non-automatic shelf registration statement. All filing fees with respect to the registration of the securities registered hereunder were previously paid by General Electric Company in connection with Post- Effective Amendment No. 1 to this Registration Statement, on February 11, 2021.

The information in this prospectus is not complete and may be changed. These securities may not be sold until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

Subject to Completion. Dated February 12, 2021.

ABOUT THIS PROSPECTUS

This prospectus is part of a shelf registration statement that we have filed with the Securities and Exchange Commission (the “SEC”). By using a shelf registration statement, we may sell, at any time and from time to time, in one or more offerings, any combination of the securities described in this prospectus. For further information about our business and the securities, you should refer to the registration statement on Form S-3 and its exhibits. The exhibits to our registration statement contain the full text of certain contracts and other important documents we have summarized in this prospectus. Since these summaries may not contain all the information that you may find important in deciding whether to purchase the securities we offer, you should review the full text of these documents. The registration statement and the exhibits can be obtained from the SEC as indicated under the heading “Where You Can Find More Information.”

This prospectus provides you with only a general description of the securities we may offer. Each time we sell securities, we will file with the SEC a prospectus supplement that contains specific information about the terms of those securities. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with the additional information described below under the heading “Where You Can Find More Information.”

We have not authorized anyone to provide any information other than that contained or incorporated by reference in this prospectus or in any free writing prospectus prepared by or on behalf of us or to which we have referred you. We take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. We are not making an offer of these securities in any jurisdiction where the offer is not permitted. You should not assume that the information contained in or incorporated by reference in this prospectus or a prospectus supplement is accurate as of any date other than their respective dates.

Except as otherwise indicated, references in this prospectus to “GE,” “we,” “us” and “our” refer to General Electric Company and its subsidiaries.

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the SEC. Our SEC filings are available to the public from the SEC’s web site at <http://www.sec.gov>. Our common stock is listed and traded on the New York Stock Exchange. Information about us, including our SEC filings, is also available at our Internet site at <https://www.ge.com>. However, the information on our Internet site is not a part of this prospectus or any prospectus supplement.

The SEC allows us to “incorporate by reference” into this prospectus the information in other documents that we file with it, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be a part of this prospectus, and information in documents that we file later with the SEC will automatically update and supersede information contained in documents filed earlier with the SEC or contained in this prospectus. We incorporate by reference in this prospectus the documents listed below and any future filings that we may make with the SEC under Sections 13(a), 13(c), 14, or 15(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), prior to the termination of the offering under this prospectus; provided, however, that we are not incorporating, in each case, any documents or information deemed to have been furnished and not filed in accordance with SEC rules:

- The Annual Report on Form 10-K for the fiscal year ended December 31, 2020 that we filed with the SEC on [February 12, 2021](#) (including the portions of our proxy statement for our 2021 annual meeting of shareholders incorporated by reference therein); and
- The Current Report on Form 8-K/A that we filed with the SEC on [February 12, 2021](#); and

- The description of our common stock contained in our Registration Statement on Form 8-A filed pursuant to Section 12(b) of the Exchange Act, as updated by the description of our common stock contained in [Exhibit 4\(I\)](#) to the Annual Report on Form 10-K for the year ended December 31, 2020, and as subsequently amended or updated.

You may obtain documents incorporated by reference into this prospectus at no cost by writing or telephoning us at the following address:

FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the documents incorporated by reference contain “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Exchange Act. In this context, forward-looking statements often address our expected future business and financial performance and financial condition, and often contain words such as “expect,” “anticipate,” “intend,” “plan,” “believe,” “seek,” “see,” “will,” “would,” “estimate,” “forecast,” “target,” “preliminary,” or “range.”

Forward-looking statements by their nature address matters that are, to different degrees, uncertain, such as statements about the impacts of the COVID-19 pandemic on our business operations, financial results and financial position and on the world economy; our expected financial performance, including cash flows, revenues, organic growth, margins, earnings and earnings per share; macroeconomic and market conditions and volatility; planned and potential business or asset dispositions; our de-leveraging plans, including leverage ratios and targets, the timing and nature of actions to reduce indebtedness and our credit ratings and outlooks; GE’s and GE Capital’s funding and liquidity; our businesses’ cost structures and plans to reduce costs; restructuring, goodwill impairment or other financial charges; or tax rates.

For us, particular uncertainties that could cause our actual results to be materially different than those expressed in our forward-looking statements include: the continuing severity, magnitude and duration of the COVID-19 pandemic, including impacts of the pandemic, of businesses’ and governments’ responses to the pandemic and of individual factors such as aviation passenger confidence on our operations and personnel, and on commercial activity and demand across our and our customers’ businesses, and on global supply chains; the extent to which the COVID-19 pandemic and related impacts will continue to adversely impact our business operations, financial performance, results of operations, financial position, the prices of our securities and the achievement of our strategic objectives; changes in macroeconomic and market conditions and market volatility (including developments and volatility arising from the COVID-19 pandemic), including interest rates, the value of securities and other financial assets (including our equity ownership position in Baker Hughes), oil, natural gas and other commodity prices and exchange rates, and the impact of such changes and volatility on our financial position and businesses; our de-leveraging and capital allocation plans, including with respect to actions to reduce our indebtedness, the timing and amount of GE dividends, organic investments, and other priorities; further downgrades of our current short- and long-term credit ratings or ratings outlooks, or changes in rating application or methodology, and the related impact on our liquidity, funding profile, costs and competitive position; GE’s liquidity and the amount and timing of our GE Industrial cash flows and earnings, which may be impacted by customer, supplier, competitive, contractual and other dynamics and conditions; GE Capital’s capital and liquidity needs, including in connection with GE Capital’s run-off insurance operations and discontinued operations, the amount and timing of required capital contributions to the insurance operations and any strategic actions that we may pursue; the impact of conditions in the financial and credit markets on GE Capital’s ability to sell financial assets; the availability and cost of funding; and GE Capital’s exposure

to particular counterparties and markets, including through GE Capital Aviation Services to the aviation sector and adverse impacts related to COVID-19; our success in executing and completing asset dispositions or other transactions, including our plan to exit our equity ownership position in Baker Hughes, the timing of closing for such transactions and the expected proceeds and benefits to GE; global economic trends, competition and geopolitical risks, including changes in the rates of investment or economic growth in key markets we serve, or an escalation of sanctions, tariffs or other trade tensions between the U.S. and China or other countries, and related impacts on our businesses' global supply chains and strategies; market developments or customer actions that may affect levels of demand and the financial performance of the major industries and customers we serve, such as secular, cyclical and competitive pressures in our Power business, pricing and other pressures in the renewable energy market, levels of demand for air travel and other dynamics related to the COVID-19 pandemic, conditions in key geographic markets and other shifts in the competitive landscape for our products and services; operational execution by our businesses, including the operations and execution of our Power and Renewable Energy businesses, and the performance of our Aviation business; changes in law, regulation or policy that may affect our businesses, such as trade policy and tariffs, regulation related to climate change, and the effects of tax law changes; our decisions about investments in new products, services and platforms, and our ability to launch new products in a cost-effective manner; our ability to increase margins through implementation of operational changes, restructuring and other cost reduction measures; the impact of regulation and regulatory, investigative and legal proceedings and legal compliance risks, including the impact of Alstom and other investigative and legal proceedings; the impact of actual or potential failures of our products or third-party products with which our products are integrated, and related reputational effects; the impact of potential information technology, cybersecurity or data security breaches at GE or third parties; and the other factors that are described in the "Risk Factors" section in our most recent Annual Report on Form 10-K, as such descriptions may be updated or amended in any future reports we file with the SEC. These or other uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.

THE COMPANY

GE is a high-tech industrial company that operates worldwide through its four industrial segments, Power, Renewable Energy, Aviation and Healthcare, and its financial services segment, Capital. We serve customers in over 170 countries. Manufacturing and service operations are carried out at 82 manufacturing plants located in 28 states in the United States and Puerto Rico and at 149 manufacturing plants located in 34 other countries.

GE's address is 1 River Road, Schenectady, NY 12345-6999; we also maintain executive offices at 5 Necco Street, Boston, MA 02210. General Electric Company is incorporated in New York State.

RISK FACTORS

Investing in our securities involves risks. You should carefully consider the risks described under "Risk Factors" in our most recent Annual Report on Form 10-K, as such description may be subsequently updated or amended in any future reports we file with the SEC, and in the other documents incorporated by reference into this prospectus (which risk factors are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto before making a decision to invest in our securities. See "Where You Can Find More Information," above.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement, we intend to use the net proceeds from the sale of the securities to which this prospectus relates for general corporate purposes. General corporate purposes may include repayment of debt, acquisitions, additions to working capital, capital expenditures and investments in our subsidiaries. Net proceeds may be temporarily invested prior to use.

GENERAL DESCRIPTION OF SECURITIES

We may offer and sell, at any time and from time to time, up to \$20,000,000,000 (or the equivalent at the time of offering in any other currency) aggregate initial offering price of:

- our debt securities, in one or more series, which may be senior debt securities or subordinated debt securities,
- shares of our preferred stock, par value \$1.00 per share,
- shares of our common stock, par value \$0.06 per share,
- warrants to purchase any of the other securities that may be sold under this prospectus,
- delayed delivery contracts for the purchase or sale of certain specified securities,
- senior or subordinated guarantees, or
- any combination of these securities.

The terms of any securities we offer will be determined at the time of sale. We may issue debt securities that are exchangeable for or convertible into common stock or any of the other securities that may be sold under this prospectus. When particular securities are offered, a supplement to this prospectus will be filed with the SEC, which will describe the terms of the offering and sale of the offered securities.

DESCRIPTION OF DEBT SECURITIES

General

The debt securities offered by this prospectus will be issued under one of two separate indentures between us and The Bank of New York Mellon, as Trustee: the senior note indenture, dated as of October 9, 2012, between us and The Bank of New York Mellon and a form of subordinated note indenture to be entered into later between us and The Bank of New York Mellon. We have incorporated by reference the senior note indenture and the form of subordinated note indenture as exhibits to the registration statement of which this prospectus is a part. The senior note indenture and the subordinated note indenture are sometimes referred to in this prospectus individually as an “indenture” and collectively as the “indentures.” The debt securities will be obligations of GE and will be either senior or subordinated debt. We have summarized selected provisions of the indentures and the debt securities below. This summary is not complete and is qualified in its entirety by reference to the indentures. References to section numbers in this prospectus, unless otherwise indicated, are references to section numbers of the applicable indenture. For purposes of this summary, the terms “we,” “our,” “ours” and “us” refer only to General Electric Company and not to any of its subsidiaries.

We may issue debt securities at any time and from time to time in one or more series under the indentures. The indentures give us the ability to reopen a previous issue of a series of debt securities and issue additional debt securities of the same series, subject to compliance with the applicable requirements set forth in the indentures. Neither indenture limits the amount of debt securities or other secured or unsecured debt that we or our subsidiaries may issue. We will describe the particular terms of each series of debt securities we offer in a supplement to this prospectus. If any particular terms of the debt securities described in a prospectus supplement differ from any of the terms described in this prospectus, then the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus. The terms of our debt securities will include those set forth in the indentures and those made a part of the indentures by the Trust Indenture Act of 1939. You should carefully read the summary below, the applicable prospectus supplement and the provisions of the indentures that may be important to you before investing in our debt securities.

Ranking

The senior debt securities offered by this prospectus will:

- be general obligations,
- rank equally with all other unsubordinated indebtedness of GE (except to the extent such other indebtedness is secured by collateral that does not also secure the senior debt securities offered by this prospectus), and
- with respect to the assets and earnings of our subsidiaries, effectively rank below all of the liabilities of our subsidiaries.

The subordinated debt securities offered by this prospectus will:

- be general obligations,
- rank subordinated and junior in right of payment, to the extent set forth in the subordinated note indenture, to all Senior Debt (as defined herein), and
- with respect to the assets and earnings of our subsidiaries, effectively rank below all of the liabilities of our subsidiaries.

A substantial portion of our assets are owned through our subsidiaries, many of which have significant debt or other liabilities of their own which will be structurally senior to the debt securities. None of our subsidiaries will have any obligations with respect to the debt securities. Therefore, GE's rights and the rights of GE's creditors, including holders of debt securities, to participate in the assets of any subsidiary upon any such subsidiary's liquidation may be subject to the prior claims of the subsidiary's other creditors.

Subject to the exceptions, and subject to compliance with the applicable requirements set forth in the indentures, we may discharge our obligations under the indentures with respect to our debt securities as described below under "—Defeasance."

Terms

We will describe the specific terms of the series of debt securities being offered in a supplement to this prospectus. These terms will include some or all of the following:

- the title of the debt securities,
- whether the debt securities will be senior or subordinated debt,
- any limit on the total principal amount of the debt securities,
- the date or dates on which the principal of the debt securities will be payable or the method used to determine or extend those dates,
- any interest rate on the debt securities, any date from which interest will accrue, any interest payment dates and regular record dates for interest payments, or the method used to determine any of the foregoing, and the basis for calculating interest if other than a 360-day year of twelve 30-day months,
- the place or places where payments on the debt securities will be payable, the debt securities may be presented for registration of transfer or exchange, and notices and demands to or upon us relating to the debt securities may be made, if other than the corporate trust office of the Trustee,
- any provisions for redemption of the debt securities,
- any provisions that would allow or obligate us to redeem or purchase the debt securities prior to their maturity pursuant to any sinking fund or analogous provision or at the option of the holder,
- the denominations in which we will issue the debt securities, if other than denominations of an integral multiple of \$1,000,
- any provisions that would determine payments on the debt securities by reference to an index or a formula,

- any foreign currency, currencies or currency units in which payments on the debt securities will be payable and the manner for determining the equivalent amount in U.S. dollars,
- any provisions for payments on the debt securities in one or more currencies or currency units other than those in which the debt securities are stated to be payable,
- the portion of the principal amount of the debt securities that will be payable if the maturity of the debt securities is accelerated, if other than the entire principal amount,
- if the principal amount to be paid at the stated maturity of the debt securities is not determinable as of one or more dates prior to the stated maturity, the amount that will be deemed to be the principal amount as of any such date for any purpose,
- any variation of the defeasance and covenant defeasance sections of the indentures and the manner in which our election to defease the debt securities will be evidenced, if other than by a board resolution,
- whether we will issue the debt securities in the form of temporary or permanent global securities, the depositaries for the global securities, and provisions for exchanging or transferring the global securities,
- whether the interest rate of the debt securities may be reset,
- whether the stated maturity of the debt securities may be extended,
- any deletion or addition to or change in the events of default for the debt securities and any change in the rights of the Trustee or the holders of the debt securities arising from an event of default including, among others, the right to declare the principal amount of the debt securities due and payable,
- any addition to or change in the covenants in the indentures,
- any additions or changes to the indentures necessary to issue the debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons,
- the appointment of any paying agents for the debt securities, if other than the Trustee,
- the terms of any right to convert or exchange the debt securities into any other securities or property,
- the terms and conditions, if any, pursuant to which the debt securities of a series are secured,
- any restriction or condition on the transferability of the debt securities,
- in the case of subordinated debt securities, any subordination provisions and related definitions which may be applicable in addition to, or in lieu of, those contained in the subordinated note indenture,
- the exchanges, if any, on which the debt securities may be listed, and
- any other terms of the debt securities consistent with the indentures. (Section 301)

Any limit on the maximum total principal amount for any series of the debt securities may be increased by resolution of our board of directors. (Section 301) We may sell the debt securities, including original issue discount securities, at a substantial discount below their stated principal amount. If there are any special U.S. federal income tax considerations applicable to debt securities we sell at an original issue discount, we will describe them in the prospectus supplement. In addition, we will describe in the prospectus supplement any special U.S. federal income tax considerations and any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars.

Form, Exchange and Transfer

We will issue the debt securities in registered form, without coupons. Unless we inform you otherwise in the prospectus supplement, we will only issue debt securities in denominations of integral multiples of \$1,000. (Section 302)

Holders generally will be able to exchange debt securities for other debt securities of the same series with the same total principal amount and the same terms but in different authorized denominations. (Section 305)

Holders may present debt securities for exchange or for registration of transfer at the office of the security registrar or at the office of any transfer agent we designate for that purpose. The security registrar or designated transfer agent will exchange or transfer the debt securities if it is satisfied with the documents of title and identity of the person making the request. We will not charge a service charge for any exchange or registration of transfer of debt securities. However, we and the security registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable for the registration of transfer or exchange. Unless we inform you otherwise in the prospectus supplement, we will appoint the Trustee as security registrar. We will identify any transfer agent in addition to the security registrar in the prospectus supplement. (Section 305)

At any time we may:

- designate additional transfer agents,
- rescind the designation of any transfer agent, or
- approve a change in the office of any transfer agent.

However, we are required to maintain a transfer agent in each place of payment for the debt securities at all times. (Sections 305 and 1002)

If we elect to redeem a series of debt securities, neither we nor the Trustee will be required:

- to issue, register the transfer of or exchange any debt securities of that series during the period beginning at the opening of business 15 days before the day we mail the notice of redemption for the series and ending at the close of business on the day the notice is mailed, or
- to register the transfer or exchange of any debt security of that series so selected for redemption, except for any portion not to be redeemed. (Section 305)

Payment and Paying Agents

Under the indentures, we will pay interest on the debt securities to the persons in whose names the debt securities are registered at the close of business on the regular record date for each interest payment. However, unless we inform you otherwise in the prospectus supplement, we will pay the interest payable on the debt securities at their stated maturity to the persons to whom we pay the principal amount of the debt securities. The initial payment of interest on any series of debt securities issued between a regular record date and the related interest payment date will be payable in the manner provided by the terms of the series, which we will describe in the prospectus supplement. (Section 307)

Unless we inform you otherwise in the prospectus supplement, we will pay principal, premium, if any, and interest on the debt securities at the offices of the paying agents we designate. However, except in the case of a global security, we may pay interest:

- by check mailed to the address of the person entitled to the payment as it appears in the security register, or
- by wire transfer in immediately available funds to the place and account designated in writing at least fifteen days prior to the interest payment date by the person entitled to the payment as specified in the security register.

We will designate the Trustee as the sole paying agent for the debt securities unless we inform you otherwise in the prospectus supplement. If we initially designate any other paying agents for a series of debt securities, we will identify them in the prospectus supplement. At any time, we may designate additional paying agents or rescind the designation of any paying agents. However, we are required to maintain a paying agent in each place of payment for the debt securities at all times. (Sections 307 and 1002)

Any money deposited with the Trustee or any paying agent in trust for the payment of principal, premium, if any, or interest on the debt securities that remains unclaimed for one year after the date the payments became due, may be repaid to us upon our request. After we have been repaid, holders entitled to those payments may only look to us for payment as our unsecured general creditors. The Trustee and any paying agents will not be liable for those payments after we have been repaid. (Section 1003)

Restrictive Covenants

We will describe any restrictive covenants for any series of debt securities in the prospectus supplement.

Consolidation, Merger and Sale of Assets

Under the indentures, we may not consolidate with or merge into, or convey, transfer or lease our properties and assets substantially as an entirety to, any person (as defined below), referred to as a “successor person” unless:

- the successor person expressly assumes our obligations with respect to the debt securities and the indentures,
- immediately after giving effect to the transaction, no event of default shall have occurred and be continuing (and, in the case of subordinated debt securities, no default in the performance of or breach, in any material respect, of any covenant or condition under the subordinated debt indenture shall have occurred and be continuing, for which notice of such failure or breach has been given to us and the Trustee by the holders of at least 25% in principal amount of the outstanding subordinated debt securities (a “covenant event”)), and no event which, after notice or lapse of time or both, would become an event of default (or, in the case of subordinated debt securities, a covenant event), shall have occurred and be continuing, and
- we have delivered to the Trustee the certificates and opinions required under the respective indenture. (Section 801)

As used in the indentures, the term “person” means any individual, corporation, partnership, joint venture, trust, unincorporated organization, government or agency or political subdivision thereof.

Events of Default

Senior Debt Securities

Unless we inform you otherwise in the prospectus supplement, each of the following will be an event of default under the senior debt indenture with respect to any series of debt securities:

- our failure to pay principal or premium, if any, on that series of debt securities when such principal or premium, if any, becomes due,
- our failure to pay any interest on that series of debt securities for 30 days after such interest becomes due,
- our failure to deposit any sinking fund payment for 30 days after such payment is due by the terms of that series of debt securities,
- our failure to perform, or our breach, in any material respect, of any other covenant or warranty in the senior debt indenture with respect to that series of debt securities, other than a covenant or warranty included in the senior debt indenture solely for the benefit of another series of debt securities, for 90 days after either the Trustee has given us or holders of at least 25% in principal amount of the outstanding debt securities of that series have given us and the Trustee written notice of such failure to perform or breach in the manner required by the senior debt indenture,

- specified events involving our bankruptcy, insolvency or reorganization, or
- any other event of default we may provide for that series of debt securities, provided, however, that no event described in the fourth bullet point above will be an event of default until an officer of the Trustee responsible for the administration of the senior debt indenture has actual knowledge of the event or until the Trustee receives written notice of the event at its corporate trust office. (Section 501)

An event of default under one series of debt securities does not necessarily constitute an event of default under any other series of debt securities. If an event of default for a series of debt securities occurs and is continuing, either the Trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all the debt securities of that series due and immediately payable by a notice in writing to us (and to the Trustee if given by the holders). Upon such declaration, we will be obligated to pay the principal amount of that series of debt securities.

The right described in the preceding paragraph does not apply if an event of default occurs as described in the sixth bullet point above which applies to all outstanding series of debt securities. If such an event of default occurs and is continuing, either the Trustee or holders of at least 25% in principal amount of all of the debt securities then outstanding, treated as one class, may declare the principal amount of all of the debt securities then outstanding to be due and payable immediately by a notice in writing to us (and to the Trustee if given by the holders). Upon such declaration, we will be obligated to pay the principal amount of the debt securities.

Subordinated Debt Securities

Unless we inform you otherwise in the prospectus supplement, each of the following will be an event of default under the subordinated debt indenture with respect to any series of debt securities:

- our failure to pay principal or premium, if any, on that series of debt securities when such principal or premium, if any, becomes due,
- our failure to pay any interest on that series of debt securities for 30 days after such interest becomes due,
- our failure to deposit any sinking fund payment for 30 days after such payment is due by the terms of that series of debt securities,
- specified events involving our bankruptcy, insolvency or reorganization, or
- any other event of default we may provide for that series of debt securities. (Section 501)

An event of default under one series of debt securities does not necessarily constitute an event of default under any other series of debt securities. If an event of default described in the fourth bullet point above for a series of debt securities occurs and is continuing, either the Trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all the debt securities of that series due and immediately payable by a notice in writing to us (and to the Trustee if given by the holders). Upon such declaration, we will be obligated to pay the principal amount of that series of debt securities.

Terms Applicable to All Debt Securities

After any declaration of acceleration of a series of debt securities, but before a judgment or decree for payment has been obtained, the event of default giving rise to the declaration of acceleration will, without further act, be deemed to have been waived, and such declaration and its consequences will, without further act, be deemed to have been rescinded and annulled if:

- we have paid or deposited with the Trustee a sum sufficient to pay:
 - all overdue interest,
 - the principal and premium, if any, due otherwise than by the declaration of acceleration and any interest on such amounts,

- any interest on overdue interest, to the extent legally permitted, and
- all amounts due to the Trustee under the indentures, and
- all events of default (or, in the case of the subordinated debt securities, all covenant events) with respect to that series of debt securities, other than the nonpayment of the principal which became due solely by virtue of the declaration of acceleration, have been cured or waived. (Section 502)

If an event of default (or, in the case of the subordinated debt securities, a covenant event) occurs and is continuing, the Trustee will generally have no obligation to exercise any of its rights or powers under the indentures at the request or direction of any of the holders, unless the holders offer reasonable indemnity to the Trustee. (Section 603) The holders of a majority in principal amount of the outstanding debt securities of any series will generally have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee for the debt securities of that series, provided that:

- the direction is not in conflict with any law or the indentures,
- the Trustee may take any other action it deems proper which is not inconsistent with the direction, and
- the Trustee will generally have the right to decline to follow the direction if an officer of the Trustee determines, in good faith, that the proceeding would involve the Trustee in personal liability or would otherwise be contrary to applicable law. (Section 512)

A holder of a debt security of any series may only pursue a remedy under the indentures if:

- the holder gives the Trustee written notice of a continuing event of default (or, in the case of the subordinated debt securities, a covenant event) for that series,
- holders of at least 25% in principal amount of the outstanding debt securities of that series make a written request to the Trustee to institute proceedings with respect to such event of default (or, in the case of the subordinated debt securities, such covenant event),
- the holders offer reasonable indemnity to the Trustee,
- the Trustee fails to pursue that remedy within 60 days after receipt of the notice, request and offer of indemnity, and
- during that 60-day period, the holders of a majority in principal amount of the debt securities of that series do not give the Trustee a direction inconsistent with the request. (Section 507)

However, these limitations do not apply to a suit by a holder of a debt security demanding payment of the principal, premium, if any, or interest on a debt security on or after the date the payment is due. (Section 508)

We will be required to furnish to the Trustee annually a statement by some of our officers regarding our performance or observance of any of the terms of the indentures and specifying all of our known defaults, if any. (Section 1004)

Modification and Waiver

When authorized by a board resolution, we may enter into one or more supplemental indentures with the Trustee without the consent of the holders of the debt securities in order to:

- evidence the succession of another person to us, or successive successions, and the assumption of our covenants, agreements and obligations by the successor,
- add to our covenants for the benefit of the holders of any series of debt securities or to surrender any of our rights or powers,
- add any additional events of default for any series of debt securities for the benefit of the holders of any series of debt securities,

- add to or change any provision of the indentures to the extent necessary to issue debt securities in bearer form or uncertificated form,
- add to, change or eliminate any provision of the indentures applying to one or more series of debt securities, provided that if such action adversely affects the interests of any holder of any series of debt securities in any material respect, such addition, change or elimination will become effective with respect to that series only when no such security of that series remains outstanding,
- convey, transfer, assign, mortgage or pledge any property to or with the Trustee or to surrender any right or power conferred upon us by the indentures,
- establish the forms or terms of any series of debt securities,
- provide for uncertificated securities in addition to certificated securities,
- evidence and provide for successor Trustees and to add to or change any provisions of the indentures to the extent necessary to appoint a separate Trustee or Trustees for a specific series of debt securities,
- correct any ambiguity, defect or inconsistency under the indentures,
- make other provisions with respect to matters or questions arising under the indentures, provided that such action does not adversely affect the interests of the holders of any series of debt securities in any material respect,
- supplement any provisions of the indentures necessary to defease and discharge any series of debt securities, provided that such action does not adversely affect the interests of the holders of any series of debt securities in any material respect,
- comply with the rules or regulations of any securities exchange or automated quotation system on which any debt securities are listed or traded,
- add to, change or eliminate any provisions of the indentures in accordance with any amendments to the Trust Indenture Act of 1939, provided that such action does not adversely affect the rights or interests of any holder of debt securities in any material respect, or
- provide for the payment by us of additional amounts in respect of taxes imposed on certain holders and for the treatment of such additional amounts as interest and for all matters incidental thereto. (Section 901)

When authorized by a board resolution, we may enter into one or more supplemental indentures with the Trustee in order to add to, change or eliminate provisions of the indentures or to modify the rights of the holders of one or more series of debt securities under such indentures if we obtain the consent of the holders of a majority in principal amount of the outstanding debt securities of all series affected by such supplemental indenture, treated as one class. However, without the consent of the holders of each outstanding debt security affected by the supplemental indenture, we may not enter into a supplemental indenture that:

- except with respect to the reset of the interest rate or extension of maturity pursuant to the terms of a particular series, changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, or reduces the principal amount of, or any premium or rate of interest on, any debt security,
- reduces the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity thereof,
- changes the place or currency of payment of principal, premium, if any, or interest,
- impairs the right to institute suit for the enforcement of any payment on or after such payment becomes due for any security,
- reduces the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification of the indentures, for waiver of compliance with certain provisions of the indentures or for waiver of certain defaults of the indentures,

- makes certain modifications to the provisions for modification of the indentures and for certain waivers, except to increase the principal amount of debt securities necessary to consent to any such change or to provide that certain other provisions of the indentures cannot be modified or waived without the consent of the holders of each outstanding debt security affected by such change,
- makes any change that adversely affects in any material respect the right to convert or exchange any convertible or exchangeable debt security or decreases the conversion or exchange rate or increases the conversion price of such debt security, unless such decrease or increase is permitted by the terms of such debt securities, or
- changes the terms and conditions pursuant to which any series of debt securities are secured in a manner adverse to the holders of such debt securities in any material respect. (Section 902)

In addition, the subordinated note indenture may not be amended without the consent of each holder of subordinated debt securities affected thereby to modify the subordination of the subordinated debt securities issued under that indenture in a manner adverse to the holders of the subordinated debt securities in any material respect.

Holders of a majority in principal amount of the outstanding debt securities of any series may waive past defaults or noncompliance with restrictive provisions of the indentures. However, the consent of holders of each outstanding debt security of a series is required to:

- waive any default in the payment of principal, premium, if any, or interest, or
- waive any covenants and provisions of an indenture that may not be amended without the consent of the holder of each outstanding debt security of the series affected. (Sections 513 and 1006)

In order to determine whether the holders of the requisite principal amount of the outstanding debt securities have taken an action under an indenture as of a specified date:

- the principal amount of an “original issue discount security” that will be deemed to be outstanding will be the amount of the principal that would be due and payable as of that date upon acceleration of the maturity to that date,
- if, as of that date, the principal amount payable at the stated maturity of a debt security is not determinable, for example, because it is based on an index, the principal amount of the debt security deemed to be outstanding as of that date will be an amount determined in the manner prescribed for the debt security,
- the principal amount of a debt security denominated in one or more foreign currencies or currency units that will be deemed to be outstanding will be the U.S.-dollar equivalent, determined as of that date in the manner prescribed for the debt security, of the principal amount of the debt security or, in the case of a debt security described in the two preceding bullet points, of the amount described above, and
- debt securities owned by us or any other obligor upon the debt securities or any of our or their affiliates will be disregarded and deemed not to be outstanding.

An “original issue discount security” means a debt security issued under the indentures which provides for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of maturity. Some debt securities, including those for the payment or redemption of which money has been deposited or set aside in trust for the holders, and those which have been legally defeased under the indentures, will not be deemed to be outstanding.

We will generally be entitled to set any day as a record date for determining the holders of outstanding debt securities of any series entitled to give or take any direction, notice, consent, waiver or other action under an indenture. In limited circumstances, the Trustee will be entitled to set a record date for action by holders of outstanding debt securities. If a record date is set for any action to be taken by holders of a particular series, the action may be taken only by persons who are holders of outstanding debt securities of that series on the record date. To be effective, the action must be taken by holders of the requisite principal amount of debt securities within a

specified period following the record date. For any particular record date, this period will be 180 days or such shorter period as we may specify, or the Trustee may specify, if it sets the record date. This period may be shortened or lengthened by not more than 180 days. (Section 104)

Conversion and Exchange Rights

The debt securities of any series may be convertible into or exchangeable for other securities of GE or another issuer or property or cash on the terms and subject to the conditions set forth in the applicable prospectus supplement.

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under either indenture. Unless we inform you otherwise in the prospectus supplement, if we deposit with the Trustee funds or government securities sufficient to make payments on the debt securities of a series on the dates those payments are due and payable and comply with all other conditions to defeasance set forth in the indentures, then, at our option, either of the following will occur:

- we will be discharged from our obligations with respect to the debt securities of that series (“legal defeasance”), or
- we will no longer have any obligation to comply with the restrictive covenants under the indentures, and the related events of default (or, in the case of the subordinated debt securities, covenant events) will no longer apply to us, but some of our other obligations under the indentures and the debt securities of that series, including our obligation to make payments on those debt securities, will survive (“covenant defeasance”).

If we legally defease a series of debt securities, the holders of the debt securities of the series affected will not be entitled to the benefits of the indentures, except for:

- the rights of holders of that series of debt securities to receive, solely from a trust fund, payments in respect of such debt securities when payments are due,
- our obligation to register the transfer or exchange of debt securities,
- our obligation to replace mutilated, destroyed, lost or stolen debt securities, and
- our obligation to maintain paying agencies and hold moneys for payment in trust.

We may legally defease a series of debt securities notwithstanding any prior exercise of our option of covenant defeasance in respect of such series.

In addition, the subordinated note indenture provides that if we choose to have the legal defeasance provision applied to the subordinated debt securities, the subordination provisions of the subordinated note indenture will become ineffective. The subordinated note indenture also provides that if we choose to have covenant defeasance apply to any series of debt securities issued pursuant to the subordinated note indenture we need not comply with the provisions relating to subordination.

Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the Trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize gain or loss for federal income tax purposes and that the holders would be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the deposit and related defeasance had not occurred. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect. (Sections 1401-1404)

Satisfaction and Discharge

We may discharge our obligations under the indentures while securities remain outstanding if (1) all outstanding debt securities issued under the indentures have become due and payable, (2) all outstanding debt securities issued under the indentures will become due and payable at their stated maturity within one year of the date of deposit or (3) all outstanding debt securities issued under

the indentures are scheduled for redemption in one year, and in each case, we have deposited with the Trustee an amount sufficient to pay and discharge all outstanding debt securities issued under the indentures on the date of their scheduled maturity or the scheduled date of the redemption and paid all other amounts payable under the indentures. (Section 401). The subordinated note indenture provides that if we choose to discharge our obligations with respect to the subordinated debt securities, the subordination provisions of the subordinated note indenture will become ineffective. (Section 1610)

Global Notes, Delivery and Form

Unless otherwise specified in a prospectus supplement, the debt securities will be issued in the form of one or more fully registered Global Notes (as defined below) that will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the “Depository”) and registered in the name of the Depository’s nominee. Global Notes are not exchangeable for definitive note certificates except in the specific circumstances described below. For purposes of this prospectus, “Global Note” refers to the Global Note or Global Notes representing an entire issue of debt securities.

Except as set forth below, a Global Note may be transferred by the Depository, in whole and not in part, only to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository.

The Depository has advised us as follows:

- The Depository is:
 - a limited purpose trust company organized under the laws of the State of New York,
 - a “banking organization” within the meaning of the New York banking law,
 - a member of the Federal Reserve System,
 - a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and
 - a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act.
- The Depository was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book entry changes in accounts of its participants, eliminating the need for physical movements of securities certificates.
- The Depository participants include securities brokers and dealers, banks, trust companies, clearing corporations and others, some of whom own the Depository.
- Access to the Depository book-entry system is also available to others that clear through or maintain a custodial relationship with a participant, either directly or indirectly.
- Where we issue a Global Note in connection with the sale thereof to an underwriter or underwriters, the Depository will immediately credit the accounts of participants designated by such underwriter or underwriters with the principal amount of the debt securities purchased by such underwriter or underwriters.
- Ownership of beneficial interests in a Global Note and the transfers of ownership will be effected only through records maintained by the Depository (with respect to participants), by the participants (with respect to indirect participants and certain beneficial owners) and by the indirect participants (with respect to all other beneficial owners). The laws of some states require that certain purchasers of securities take physical delivery in definitive form of securities they purchase. These laws may limit your ability to transfer beneficial interests in a Global Note.

So long as a nominee of the Depository is the registered owner of a Global Note, such nominee for all purposes will be considered the sole owner or holder of such debt securities under the indentures. Except as provided below, you will not be entitled to have debt securities registered in

your name, will not receive or be entitled to receive physical delivery of debt securities in definitive form, and will not be considered the owner or holder thereof under the indentures.

Each person owning a beneficial interest in a Global Note must rely on the procedures of the Depository and, if that person is not a participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder under the indentures. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in any Global Note desires to give or take any action which a holder is entitled to give or take under the indentures, the Depository would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through these participants to give or take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Redemption notices shall be sent to the Depository. If less than all of the debt securities within an issue are being redeemed, the Depository's practice is to determine by lot the amount of the interest of each participant in such issue to be redeemed.

We will make payment of principal of, and interest on, debt securities represented by a Global Note to the Depository or its nominee, as the case may be, as the registered owner and holder of the Global Note representing those debt securities.

The Depository has advised us that upon receipt of any payment of principal of, or interest on, a Global Note, the Depository will immediately credit accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of that Global Note, as shown in the records of the Depository. Standing instructions and customary practices will govern payments by participants to owners of beneficial interests in a Global Note held through those participants, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name." Those payments will be the sole responsibility of those participants, subject to any statutory or regulatory requirements that may be in effect from time to time.

Neither we, the Trustee nor any of our respective agents will be responsible for any aspect of the records of the Depository, any nominee or any participant relating to, or payments made on account of, beneficial interests in a Global Note or for maintaining, supervising or reviewing any of the records of the Depository, any nominee or any participant relating to those beneficial interests.

As described above, we will issue debt securities in definitive form in exchange for a Global Note only in the following situations:

- if the Depository is at any time unwilling or unable to continue as depository, defaults in the performance of its duties as depository, ceases to be a clearing agency registered under the Exchange Act, and, in each case, a successor depository is not appointed by us within 90 days after notice thereof, or
- if, subject to the rules of the Depository, we choose to issue definitive debt securities.

In either instance, an owner of a beneficial interest in a Global Note will be entitled to have debt securities equal in principal amount to such beneficial interest registered in its name and will be entitled to physical delivery of debt securities in definitive form. Debt securities in definitive form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons. We will maintain in the Borough of Manhattan, The City of New York, one or more offices or agencies where debt securities may be presented for payment and may be transferred or exchanged. You will not be charged a fee for any transfer or exchange of such debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Highly Leveraged Transaction

The general provisions of the indentures do not afford holders of the debt securities protection in the event of a highly leveraged or other transaction involving GE that may adversely affect holders of the debt securities.

Subordination

Any subordinated debt securities issued under the subordinated note indenture will be subordinate and junior in right of payment to all Senior Debt of GE whether existing at the date of the subordinated note indenture or subsequently incurred. Upon any payment or distribution of assets of GE to creditors upon any:

- liquidation,
- dissolution,
- winding-up,
- receivership,
- reorganization,
- assignment for the benefit of creditors,
- marshalling of assets, or
- bankruptcy, insolvency or similar proceedings of GE,

the holders of Senior Debt will first be entitled to receive payment in full of the principal of and premium, if any, and interest on such Senior Debt before the holders of the subordinated debt securities will be entitled to receive or retain any payment in respect of the principal of and any premium or interest on the subordinated debt securities.

Upon the acceleration of the maturity of any subordinated debt securities, the holders of all Senior Debt outstanding at the time of such acceleration will first be entitled to receive payment in full of all amounts due thereon, including any amounts due upon acceleration, before the holders of subordinated debt securities will be entitled to receive or retain any payment in respect of the principal (including redemption payments), or premium, if any, or interest on the subordinated debt securities.

No payments on account of principal (including redemption payments), or premium, if any, or interest, in respect of the subordinated debt securities may be made if:

- there has occurred and is continuing a default in any payment with respect to Senior Debt, or
- there has occurred and is continuing a default with respect to any Senior Debt resulting in the acceleration of the maturity thereof.

“Debt” means, with respect to any person:

- all indebtedness of such person for borrowed money,
- all obligations of such person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses,
- all obligations of such person with respect to letters of credit, bankers’ acceptances or similar facilities issued for the account of such person,
- all obligations of such person to pay the deferred purchase price of property or services, but excluding accounts payable or any other indebtedness or monetary obligations to trade creditors arising in the ordinary course of business in connection with the acquisition of goods or services,
- all capital lease obligations of such person,
- all Debt of others secured by a lien on any asset by such person,
- all Debt and dividends of others guaranteed by such person to the extent such Debt and dividends are guaranteed by such person, and
- all obligations for claims in respect of derivative products.

“Senior Debt” means the principal of, and premium, if any, and interest on Debt of GE, whether created, incurred or assumed on, before or after the date of the subordinated note

indenture, unless the instrument creating or evidencing the Debt provides that such Debt is subordinated to or *pari passu* with the subordinated debt securities.

The indentures place no limitation on the amount of additional Senior Debt that may be incurred by GE.

Notices

Holders will receive notices by mail at their addresses as they appear in the security register. (Section 106)

Title

We may treat the person in whose name a debt security is registered on the applicable record date as the owner of the debt security for all purposes, whether or not it is overdue. (Section 309)

Governing Law

New York law governs the indentures and the debt securities. (Section 112)

Regarding the Trustee

GE, our subsidiary GE Capital International Funding Company Unlimited Company (“FinCo”), our subsidiary GE Capital Funding, LLC (“GECF”) and other affiliates of GE maintain various commercial and investment banking relationships with The Bank of New York Mellon and its affiliates in their ordinary course of business.

The Bank of New York Mellon acts as trustee, fiscal agent and paying agent under certain indentures and funding arrangements with GE, FinCo, GECF and other affiliates of GE.

If an event of default occurs under the indentures and is continuing, the Trustee will be required to use the degree of care and skill of a prudent person in the conduct of that person’s own affairs. The Trustee will become obligated to exercise any of its powers under the indentures at the request of any of the holders of any debt securities issued under the indentures only after those holders have offered the Trustee indemnity satisfactory to it.

If the Trustee becomes one of our creditors, its rights to obtain payment of claims in specified circumstances, or to realize for its own account on certain property received in respect of any such claim as security or otherwise will be limited under the terms of the indentures. (Section 613) The Trustee may engage in certain other transactions; however, if the Trustee acquires any conflicting interest (within the meaning specified under the Trust Indenture Act), it will be required to eliminate the conflict or resign. (Section 608)

DESCRIPTION OF PREFERRED STOCK

Our Certificate of Incorporation, as amended, authorizes our Board of Directors, or the “Board,” to create and provide for the issuance of one or more series of preferred stock, par value \$1.00 per share, without the approval of our shareholders. The Board can also determine the terms, including the designations, powers, preferences and rights (including conversion, voting and other rights) and the qualifications, limitations or restrictions, of any preferred stock. Currently, 50,000,000 shares of our capital stock are classified as preferred stock under our Certificate of Incorporation. As of December 31, 2020, we have 5,939,875 shares of preferred stock outstanding, including 90,866 shares of Fixed-to-Floating Rate Non-Cumulative Perpetual Preferred Stock, Series A, 64,149 shares of Fixed-to-Floating Rate Non-Cumulative Perpetual Preferred Stock, Series B, 90,367 shares of Fixed-to-Floating Rate Non-Cumulative Perpetual Preferred Stock, Series C and 5,694,493 shares of Fixed-to-Floating Rate Non-Cumulative Perpetual Preferred Stock, Series D.

General

The following description summarizes the general terms and provisions of our authorized preferred stock. The particular terms of any series of preferred stock we offer will be described in the related prospectus supplement. You should read the particular terms of any series of preferred stock we offer described in the related prospectus supplement, together with the more detailed provisions of our Certificate of Incorporation and any amendment to the Certificate of Incorporation relating to the particular series of preferred stock, for provisions that may be important to you. Our Certificate of Incorporation has been filed as an exhibit to the registration statement of which this prospectus is a part. Any amendment to the Certificate of Incorporation relating to the particular series of preferred stock will be filed as an exhibit to a document incorporated by reference in the registration statement. The prospectus supplement will also state whether any of the terms summarized below do not apply to the series of preferred stock being offered. Terms which could be included in a prospectus supplement include:

- the number of shares constituting that series and the distinctive designation of that series;
- the price at which the preferred stock will be issued;
- the rights of the shares of that series in the event of voluntary or involuntary liquidation, dissolution or winding up of the corporation;
- the dividend rate on the shares of that series, whether dividends shall be cumulative and, if so, from which date or dates;
- whether or not the shares of that series shall be redeemable, and, if so, the terms and conditions of such redemption, including the date or dates upon or after which they shall be redeemable, and the amount per share payable in case of redemption, which amount may vary under different conditions and at different redemption dates;
- whether that series shall have conversion privileges and, if so, the terms and conditions of such conversion, including provision for adjustment of the conversion rate in such events as the Board shall determine;
- whether that series shall have voting rights, in addition to the voting rights provided by law and, if so, the terms of such voting rights; and
- any other relative rights, preferences and limitations of that series.

The preferred stock will, when issued, be fully paid and nonassessable and have no preemptive rights. Preferred stock will have the dividend, liquidation, and voting rights described below, unless we indicate otherwise in the applicable prospectus supplement relating to a particular series of preferred stock. You should read the prospectus supplement relating to any series of preferred stock for the series’ specific terms.

Dividend Rights

Holders of preferred stock will receive, when, as and if declared by the Board, dividends at rates and on the dates described in the applicable prospectus supplement. Each dividend will be payable to the holders of record as they appear on our stock record books. Dividends on any series of preferred stock may be cumulative or noncumulative.

We will not declare or pay or set apart funds for the payment of dividends on the common stock unless we have paid or set apart funds for the payment of dividends on our outstanding preferred stock.

Voting Rights

Unless we indicate otherwise in the applicable prospectus supplement relating to a particular series of preferred stock or expressly required by law, the holders of the preferred stock will not have any voting rights.

Rights upon Liquidation

If we liquidate, dissolve or wind up our affairs, either voluntarily or involuntarily, the holders of each series of preferred stock will be entitled to receive liquidation distributions. These will be in the amounts set forth in the applicable prospectus supplement, plus accrued and unpaid dividends and, if the series of the preferred stock is cumulative, accrued and unpaid dividends for all prior dividend periods. If we do not pay in full all amounts payable on any series of preferred stock, the holders of the preferred stock will share proportionately with any equally ranked securities in any distribution of our assets. After the holders of any series of preferred stock are paid in full, they will not have any further claim to any of our remaining assets.

Redemption

A series of preferred stock may be redeemable, in whole or in part, at our option or at the option of the holder of the stock, and may be subject to mandatory redemption pursuant to a sinking fund, under the terms described in any applicable prospectus supplement.

In the event of partial redemptions of preferred stock, the Board or its committee will determine the method for selecting the shares to be redeemed, which may be by lot or pro rata or by any other method the Board or its committee determines to be equitable.

On and after a redemption date, unless we default in the payment of the redemption price, dividends will cease to accrue on shares of preferred stock which were called for redemption. In addition, all rights of holders of the preferred shares will terminate except for the right to receive the redemption price plus any declared and unpaid dividends without accumulation of any undeclared dividends.

Conversion and Exchange

The applicable prospectus supplement for any series of preferred stock will state the terms and conditions, if any, on which shares of that series are convertible into or exchangeable for our common stock or other securities.

DESCRIPTION OF COMMON STOCK

Set forth below is a description of GE's common stock. The following description of GE common stock is a summary, does not purport to be complete and is subject to the provisions of our Certificate of Incorporation, our By-Laws and the relevant provisions of the law of the State of New York.

We are currently authorized to issue up to 13,200,000,000 shares of common stock, par value \$0.06 per share. As of January 31, 2021, we had approximately 8,767,942,000 shares of our common stock outstanding.

General

The GE common stock is not redeemable, has no subscription or conversion rights and does not entitle the holder to any preemptive rights.

Holders of GE common stock are entitled to share ratably in any dividends and in any assets available for distribution on liquidation, dissolution or winding-up, subject to the preferential rights of the holders of any preferred stock that may be issued.

Dividends may be paid on GE common stock out of funds legally available for dividends, when and if declared by the Board.

EQ Shareowner Services is the transfer agent and registrar for GE common stock.

Certain Provisions of the Restated Certificate of Incorporation and By-Laws

Each share of GE common stock entitles the holder of record to one vote at all meetings of shareholders, and the votes are noncumulative. For business to be properly brought by a shareholder before the annual meeting of shareholders, the shareholder must give timely notice thereof in writing to the secretary (the "Secretary") of GE and such business must otherwise be a proper matter for shareholder action. To be timely, a shareholder's notice of intention to make a nomination or to propose other business at the annual meeting must either (i) be sent to GE in compliance with the requirements of SEC Rule 14a-8, if the proposal is submitted under such rule, or (ii) if not, be mailed and received by, or delivered to, the Secretary at our principal executive offices not earlier than the 150th day and not later than the close of business on the 120th day prior to the anniversary of the date GE commenced mailing of its proxy materials in connection with the most recent annual meeting of shareholders or, if the date of the annual meeting of shareholders is more than 30 days earlier or later than the anniversary date of the most recent annual meeting of shareholders, then not later than the close of business on the earlier of (a) the 10th day after public disclosure of the meeting date, or (b) the 60th day prior to the date GE commences mailing of its proxy materials in connection with the annual meeting of shareholders.

Special meetings of the shareholders may be called by the Board, or by the Secretary of GE upon the written request therefor of shareholders holding ten percent of the then issued stock of GE entitled to vote generally in the election of directors, filed with the Secretary of GE. A shareholder request for a special meeting must state the purpose(s) of the proposed meeting and must include the information required for business to be properly brought by a shareholder before the annual meeting of shareholders as set forth in the By-Laws with respect to any director nominations or other business proposed to be presented at such special meeting and as to the shareholder(s) requesting such meeting. Business transacted at a special meeting requested by shareholders will be limited to the purpose(s) stated in the request; provided, however, that nothing in our By-Laws prohibits the Board from submitting matters to the shareholders at any special meeting requested by shareholders.

Our By-Laws may be amended or repealed, and new By-Laws may be adopted, by the shareholders or by the Board, except that the Board has no authority to amend or repeal any By-Law which is adopted by the shareholders after April 20, 1948, unless such authority is granted to the Board by the specific provisions of a By-Law adopted by the shareholders.

DESCRIPTION OF WARRANTS

We may issue warrants, in one or more series, for the purchase of debt securities, shares of GE common stock or shares of GE preferred stock. Warrants may be issued independently or together with our debt securities, common stock or preferred stock and may be attached to or separate from any offered securities. In addition to this summary, you should refer to the detailed provisions of the specific warrant agreement for complete terms of the warrants and the warrant agreement. Unless otherwise specified in a prospectus supplement accompanying this prospectus, each warrant agreement will be between GE and a banking institution organized under the laws of the United States or a state thereof as warrant agent. A form of warrant agreement will be filed with the SEC as an exhibit to the registration statement by post-effective amendment or a Current Report on Form 8-K.

The warrants will be evidenced by warrant certificates. Unless otherwise specified in the prospectus supplement, the warrant certificates may be traded separately from the debt securities, common stock or preferred stock, if any, with which the warrant certificates were issued. Warrant certificates may be exchanged for new warrant certificates of different denominations at the office of an agent that we will appoint. Until a warrant is exercised, the holder of a warrant does not have any of the rights of a holder of our debt securities, common stock or preferred stock and is not entitled to any payments on any debt securities, common stock or preferred stock issuable upon exercise of the warrants.

A prospectus supplement accompanying this prospectus relating to a particular series of warrants to issue debt securities, common stock or preferred stock will describe the terms of those warrants, including:

- the title and the aggregate number of warrants,
- the debt securities, common stock or preferred stock for which each warrant is exercisable,
- the date or dates on which the right to exercise such warrants commence and expire,
- the price or prices at which such warrants are exercisable,
- the currency or currencies in which such warrants are exercisable,
- the periods during which and places at which such warrants are exercisable,
- the terms of any mandatory or optional call provisions,
- the price or prices, if any, at which the warrants may be redeemed at the option of the holder or will be redeemed upon expiration,
- the identity of the warrant agent, and
- the exchanges, if any, on which such warrants may be listed.

You may exercise warrants by paying our warrant agent the exercise price, in each case in such currency or currencies as are specified in the warrant, and giving your identity and the number of warrants to be exercised. Once you pay our warrant agent and deliver the properly completed and executed warrant certificate to our warrant agent at the specified office, our warrant agent will, as soon as practicable, forward securities to you in authorized denominations or share amounts. If you exercise less than all of the warrants evidenced by your warrant certificate, you will be issued a new warrant certificate for the remaining amount of warrants.

DESCRIPTION OF DELAYED DELIVERY CONTRACTS

We may issue delayed delivery contracts for the purchase or sale of our debt securities or equity securities or securities of third parties including any of our affiliates, a basket of such securities, an index or indices of such securities or any combination of the above as specified in the applicable prospectus supplement.

We may issue delayed delivery contracts obligating holders to purchase from us, and obligating us to sell to holders, at a future date, a specified or varying number of securities at a purchase price, which may be based on a formula. Alternatively, we may issue delayed delivery contracts obligating us to purchase from holders, and obligating holders to sell to us, at a future date, a specified or varying number of securities at a purchase price, which may be based on a formula. We may satisfy our obligations, if any, with respect to any delayed delivery contract by delivering the subject securities or by delivering the cash value of such delayed delivery contract or the cash value of the property otherwise deliverable, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will specify the methods by which the holders may purchase or sell such securities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a delayed delivery contract.

The delayed delivery contracts may require us to make periodic payments to the holders thereof or vice versa, and these payments may be unsecured or prefunded and may be paid on a current or deferred basis. The delayed delivery contracts may require holders thereof to secure their obligations under the contracts in a specified manner to be described in the applicable prospectus supplement. Alternatively, delayed delivery contracts may require holders to satisfy their obligations thereunder when the delayed delivery contracts are issued as described in the applicable prospectus supplement.

DESCRIPTION OF GUARANTEES

Any guarantees that we issue from time to time for the benefit of holders of specified underlying securities will include the following terms and conditions, plus any additional terms specified in the accompanying prospectus supplement.

A guarantee will provide that we unconditionally guarantee the due and punctual payment of the principal, interest (if any), premium (if any) and all other amounts due under the applicable underlying securities when the same shall become due and payable, whether at maturity, pursuant to mandatory or optional prepayments, by acceleration or otherwise, in each case after any applicable grace periods or notice requirements, according to the terms of the applicable underlying securities. Any guarantee shall be unconditional irrespective of the validity or enforceability of the applicable underlying security, any change or amendment thereto or any other circumstances that may otherwise constitute a legal or equitable discharge or defense of a guarantor. However, we will not waive presentment or demand of payment or notice with respect to the applicable underlying security unless otherwise provided in the accompanying prospectus supplement.

We shall be subrogated to all rights of the holders of the applicable underlying securities in respect of any amounts paid by us pursuant to the provisions of a guarantee, except to the extent otherwise stated in a prospectus supplement. The guarantee shall continue to be effective or reinstated, as the case may be, if at any time any payment made by the issuer of the applicable underlying security is rescinded or must otherwise be returned upon the insolvency, bankruptcy or reorganization of GE, the issuer of the applicable underlying security or otherwise.

PLAN OF DISTRIBUTION

We may sell the securities offered through this prospectus in any one or more of the following ways:

- directly to investors, including through a specific bidding, auction or other process,
- to investors through agents,
- directly to agents,
- to or through brokers or dealers,
- to the public through underwriting syndicates led by one or more managing underwriters,
- to one or more underwriters acting alone for resale to investors or to the public, and
- through a combination of any such methods of sale.

Our common stock may be issued upon conversion of debt securities. Securities may also be issued upon exercise of warrants. We reserve the right to sell securities directly to investors on our own behalf in those jurisdictions where we are authorized to do so.

The securities may be distributed at a fixed price or prices, which may be changed, market prices prevailing at the time of sale, prices related to the prevailing market prices, or negotiated prices. The prospectus supplement will disclose, where applicable:

- the terms of the offering,
- any underwriters, dealers or agents,
- any managing underwriter or underwriters and the respective amounts of securities underwritten or purchased by them,
- the purchase price of the securities,
- the net proceeds from the sale of the securities,
- any delayed delivery arrangements,
- any underwriting discounts, commissions and other items constituting underwriters' compensation,
- any initial public offering price,
- any discounts or concessions allowed or reallocated or paid to dealers, and
- any commissions paid to agents.

Sale Through Underwriters or Dealers

If underwriters are used in the sale, the underwriters will acquire the securities for their own account, including through underwriting, purchase, security lending or repurchase agreements with us. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions. Underwriters may sell the securities in order to facilitate transactions in any of our other securities (described in this prospectus or otherwise), including other public or private transactions and short sales. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless otherwise indicated in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If dealers are used in the sale of securities offered through this prospectus, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. Transactions through brokers or dealers may include block trades in which brokers or dealers will attempt to sell securities as agent but may position and resell as principal to facilitate the transaction or in crosses, in which the same broker or dealer acts as agent on both sides of the trade. Any such dealer may be deemed an underwriter, as such term is

defined in the Securities Act, of the securities offered and sold. The prospectus supplement will include the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

Offers to purchase securities may be solicited directly by us. In this case, no underwriters or agents would be involved. Such securities may also be sold through agents designated from time to time. The prospectus supplement will name any agent involved in the offer or sale of the offered securities and will describe any commissions payable to the agent. Unless otherwise indicated in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. The terms of any such sales will be described in the prospectus supplement.

Delayed Delivery Contracts

If the applicable prospectus supplement so indicates, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The applicable prospectus supplement will describe the commissions payable for solicitation of those contracts.

“At the Market” Offering

We may from time to time engage a firm to act as our agent for one or more offerings of our securities. We sometimes refer to this agent as our “offering agent.” If we reach an agreement with an offering agent with respect to a specific offering, including the number of securities and any minimum price below which sales may not be made, then the offering agent will try to sell such securities on the agreed terms. The offering agent could make sales in privately negotiated transactions or any other method permitted by law, including sales deemed to be an “at the market” offering as defined in Rule 415 promulgated under the Securities Act, including sales made directly on the New York Stock Exchange, or sales made to or through a market maker other than on an exchange. The offering agent will be deemed to be an “underwriter” within the meaning of the Securities Act with respect to any sales effected through an “at the market” offering.

Market Making, Stabilization and Other Transactions

Unless the applicable prospectus supplement states otherwise, each series of offered securities will be a new issue and will have no established trading market. We may elect to list any series of offered securities on an exchange. Any underwriters that we use in the sale of offered securities may make a market in such securities, but may discontinue such market making at any time without notice. Therefore, we cannot assure you that the securities will have a liquid trading market.

Any underwriter may also engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Rule 104 of Regulation M under the Exchange Act. Stabilizing transactions involve bids to purchase the underlying security in the open market for the purpose of pegging, fixing or maintaining the price of the securities. Syndicate covering transactions involve purchases of the securities in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

Derivative Transactions and Hedging

We, the underwriters or other agents may engage in derivative transactions involving the securities. These derivatives may consist of short sale transactions and other hedging activities. The underwriters or agents may acquire a long or short position in the securities, hold or resell securities acquired and purchase options or futures on the securities and other derivative instruments with returns linked to or related to changes in the price of the securities. In order to facilitate these derivative transactions, we may enter into security lending or repurchase agreements with the underwriters or agents. The underwriters or agents may effect the derivative transactions through sales of the securities to the public, including short sales, or by lending the securities in order to facilitate short sale transactions by others. The underwriters or agents may also use the securities purchased or borrowed from us or others (or, in the case of derivatives, securities received from us in settlement of those derivatives) to directly or indirectly settle sales of the securities or close out any related open borrowings of the securities.

Electronic Auctions

We may also make sales through the Internet or through other electronic means. Since we may from time to time elect to offer securities directly to the public, with or without the involvement of agents, underwriters or dealers, utilizing the Internet or other forms of electronic bidding or ordering systems for the pricing and allocation of such securities, you will want to pay particular attention to the description of that system we will provide in a prospectus supplement.

Such electronic system may allow bidders to directly participate, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by us, and which may directly affect the price or other terms and conditions at which such securities are sold. These bidding or ordering systems may present to each bidder, on a so-called "real-time" basis, relevant information to assist in making a bid, such as the clearing spread at which the offering would be sold, based on the bids submitted, and whether a bidder's individual bids would be accepted, prorated or rejected. For example, in the case of a debt security, the clearing spread could be indicated as a number of "basis points" above an index treasury note. Of course, many pricing methods can and may also be used.

Upon completion of such an electronic auction process, securities will be allocated based on prices bid, terms of bid or other factors. The final offering price at which securities would be sold and the allocation of securities among bidders would be based in whole or in part on the results of the Internet or other electronic bidding process or auction.

General Information

Agents, underwriters, and dealers may be entitled, under agreements entered into with us, to indemnification by us against certain liabilities, including liabilities under the Securities Act. Our agents, underwriters, and dealers, or their affiliates, may be customers of, engage in transactions with or perform services for us, in the ordinary course of business.

Underwriters, broker-dealers or agents may receive compensation in the form of commissions, discounts or concessions from us. Underwriters, broker-dealers or agents may also receive compensation from the purchasers of securities for whom they act as agents or to whom they sell as principals, or both. Compensation as to a particular underwriter, broker-dealer or agent might be in excess of customary commissions and will be in amounts to be negotiated in connection with transactions. In effecting sales, broker-dealers engaged by us may arrange for other broker-dealers to participate in the resales.

Agents, underwriters and dealers may engage in transactions with, or perform services for, us and our respective subsidiaries in the ordinary course of business.

The place and time of delivery for the securities will be set forth in the accompanying prospectus supplement for such securities.

VALIDITY OF THE SECURITIES

Unless otherwise specified in the prospectus supplement accompanying this prospectus, Gibson, Dunn & Crutcher LLP, New York, New York, will provide opinions regarding the authorization and validity of the securities for us.

EXPERTS

The consolidated financial statements of GE as of December 31, 2020 and 2019, and for each of the years in the three-year period ended December 31, 2020, and management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2020 have been incorporated by reference herein in reliance upon the report of KPMG LLP, independent registered public accounting firm, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

Item 14. Other expenses of issuance and distribution.

The following is a statement setting forth the estimated expenses of GE in connection with the offering described in this registration statement.

SEC registration fee	\$2,182,000
Printing expenses	+
Legal fees and expenses	+
Audit fees and expenses	+
Trustee fees and expenses	+
Rating agency fees	+
Miscellaneous expenses	+
<u>Total</u>	<u>\$+</u>

+Estimated expenses are not presently known.

The foregoing sets forth the general categories of expenses (other than underwriting discounts and commissions) that the registrant anticipates it will incur in connection with the offering of securities under this registration statement. Information regarding estimated expenses of issuance and distribution of each identified class of securities being registered will be included in a prospectus supplement in accordance with Rule 430B.

Item 15. Indemnification of directors and officers.

Section 721 of the New York Business Corporation Law-hereinafter, referred to as the "NYBCL" provides that, in addition to indemnification provided in Article 7 of the NYBCL, a corporation may indemnify a director or officer by a provision contained in the certificate of incorporation or by-laws or by a duly authorized resolution of its shareholders or directors or by agreement, provided that no indemnification may be made to or on behalf of any director or officer if a judgment or other final adjudication adverse to the director or officer establishes that his acts were committed in bad faith or were the result of active and deliberate dishonesty and were material to the cause of action, or that such director or officer personally gained in fact a financial profit or other advantage to which he was not legally entitled.

Section 722(a) of the NYBCL provides that a corporation may indemnify a director or officer made, or threatened to be made, a party to any action other than a derivative action, whether civil or criminal, against judgments, fines, amounts paid in settlement and reasonable expenses, including attorneys' fees, actually and necessarily incurred as a result of such action or proceeding or any appeal therein, if such director or officer acted in good faith, for a purpose which he reasonably believed to be in, or not opposed to, the best interests of the corporation and, in criminal actions or proceedings, in addition, had no reasonable cause to believe that his conduct was unlawful.

Section 722(c) of the NYBCL provides that a corporation may indemnify a director or officer, made or threatened to be made, a party in a derivative action, against amounts paid in settlement and reasonable expenses, including attorneys' fees, actually and necessarily incurred by the director or officer in connection with the defense or settlement of such action or in connection with an appeal therein if such director or officer acted, in good faith, for a purpose which he reasonably believed to be in, or not opposed to, the best interests of the corporation, except that no indemnification will be available under Section 722(c) of the NYBCL in respect of a threatened or pending action which is settled or otherwise disposed of, or any claim as to which such director or officer shall have been adjudged liable to the corporation, unless and only to the extent that the court in which the action was brought, or, if no action was brought, any court of competent jurisdiction, determines, upon application, that, in view of all the

circumstances of the case, the director or officer is fairly and reasonably entitled to indemnity for such portion of the settlement amount and expenses as the court deems proper.

Section 723 of the NYBCL specifies the manner in which payment of indemnification under Section 722 of the NYBCL or indemnification permitted under Section 721 of the NYBCL may be authorized by the corporation. It provides that indemnification may be authorized by the corporation. It provides that indemnification by a corporation is mandatory in any case in which the director or officer has been successful, whether on the merits or otherwise, in defending an action. In the event that the director or officer has not been successful or the action is settled, indemnification must be authorized by the appropriate corporate action as set forth in Section 723.

Section 724 of the NYBCL provides that, upon application by a director or officer, indemnification may be awarded by a court to the extent authorized. Section 722 and Section 723 of the NYBCL contain certain other miscellaneous provisions affecting the indemnification of directors and officers.

Section 726 of the NYBCL authorizes the purchase and maintenance of insurance to indemnify (1) a corporation for any obligation which it incurs as a result of the indemnification of directors and officers under the provisions of Article 7 of the NYBCL, (2) directors and officers in instances in which they may be indemnified by the corporation under the provisions of Article 7 of the NYBCL, and (3) directors and officers in instances in which they may not otherwise be indemnified by the corporation under the provisions of Article 7 of the NYBCL, provided the contract of insurance covering such directors and officers provides, in a manner acceptable to the New York State Superintendent of Financial Services, for a retention amount and for co-insurance.

Section 6 of the restated certificate of incorporation, as amended, of GE provides in part as follows:

“A person who is or was a director of the corporation shall have no personal liability to the corporation or its shareholders for damages for any breach of duty in such capacity except that the foregoing shall not eliminate or limit liability where such liability is imposed under the Business Corporation Law of the State of New York.”

Article XI of the By-Laws, as amended, of GE provides, in part, as follows:

- A. The Company shall, to the fullest extent permitted by applicable law as the same exists or may hereafter be in effect, indemnify any person who is or was or has agreed to become a director or officer of the Company (hereinafter, a “director” or “officer”) and who is or was made or threatened to be made a party to or is involved in any threatened, pending or completed action, suit, arbitration, alternative dispute mechanism, inquiry, investigation, hearing or other proceeding (including any appeal therein), whether civil, criminal, administrative, investigative, legislative or otherwise (hereinafter, a “proceeding”), including an action by or in the right of the Company to procure a judgment in its favor and an action by or in the right of any other corporation of any type or kind, domestic or foreign, or any partnership, joint venture, trust, employee benefit plan or other enterprise, which such person is serving, has served or has agreed to serve in any capacity at the request of the Company, by reason of the fact that he or she is or was or has agreed to become a director or officer of the Company, or, while a director or officer of the Company, is or was serving or has agreed to serve such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity, against (i) judgments, fines, amounts paid or to be paid in settlement, taxes or penalties, and (ii) costs, charges and expenses, including attorneys fees (hereinafter, “expenses”), incurred in connection with such proceeding, provided, however, that no indemnification shall be provided to any such person if a judgment or other final adjudication adverse to the director or officer and from which there is no further right to appeal establishes that (i) his or her acts were committed in bad faith or were the result of active and deliberate dishonesty and, in either case, were material to the cause of action so adjudicated, or (ii) he or she personally gained in fact a financial profit or other advantage to which he or she was not legally entitled. Notwithstanding the foregoing, except as provided in Section E with respect to a suit to enforce rights to indemnification or advancement of expenses under this Article XI, the Company shall be required to indemnify a director or officer under this Section A in connection with any suit (or part thereof) initiated by such person only if such suit (or part thereof) was authorized by the Board of Directors.
- B. In addition to the right to indemnification conferred by Section A, a director or officer of the Company shall, to the fullest extent permitted by applicable law as the same exists or may hereafter be in effect, also

have the right to be paid by the Company the expenses incurred in defending any proceeding in advance of the final disposition of such proceeding upon delivery to the Company of an undertaking by or on behalf of such person to repay any amounts so advanced if (i) such person is ultimately found, under the procedure set forth in Section C or by a court of competent jurisdiction, not to be entitled to indemnification under this Article XI or otherwise, or (ii) where indemnification is granted, to the extent the expenses so advanced by the Company exceed the indemnification to which such person is entitled.

- C. To receive indemnification under Section A, a director or officer of the Company shall submit to the Company a written request, which shall include documentation or information that is necessary to determine the entitlement of such person to indemnification and that is reasonably available to such person. Upon receipt by the Company of a written request for indemnification, if required by the New York Business Corporation Law, a determination with respect to the request shall be made (i) by the Board of Directors, acting by a quorum consisting of directors who are not parties to the proceeding upon a finding that the director or officer has met the applicable standard of conduct set forth in the New York Business Corporation Law, or (ii) if a quorum of such disinterested directors is not obtainable, or even if obtainable, if a quorum of disinterested directors so directs, by the Board of Directors upon the opinion in writing of independent legal counsel that indemnification is proper in the circumstances because the director or officer has met the applicable standard of conduct set forth in the New York Business Corporation Law or by the shareholders upon a finding that such person has met such standard of conduct. The determination of entitlement to indemnification shall be made, and such indemnification shall be paid in full, within 90 days after a written request for indemnification has been received by the Company. Upon making a request for indemnification, a director or officer shall be presumed to be entitled to indemnification and the burden of establishing that a director or officer is not entitled to indemnification under this Article XI or otherwise shall be on the Company.
- D. To receive an advancement of expenses under Section B, a director or officer shall submit to the Company a written request, which shall reasonably evidence the expenses incurred by such person and shall include the undertaking required by Section B. Expenses shall be paid in full within 30 days after a written request for advancement has been received by the Company.
- E. If a claim for indemnification or advancement of expenses is not paid in full by the Company or on its behalf within the time frames specified in Section C or D, as applicable, a director or officer of the Company may at any time thereafter bring suit against the Company in a court of competent jurisdiction to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Company to recover an advancement of expenses pursuant to the terms of an undertaking, such person shall be entitled to be paid also the expense of prosecuting or defending such suit. In any suit brought by a director or officer of the Company to enforce a right to indemnification or advancement of expenses under this Article XI, or brought by the Company to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that such person is not entitled to be indemnified, or to such advancement of expenses, under this Article XI or otherwise shall be on the Company.
- F. Notwithstanding any other provision of this Article XI, to the fullest extent permitted by applicable law as the same exists or may hereafter be in effect, a director or officer of the Company shall be entitled to indemnification against all expenses incurred by such person or on such person's behalf if such person appears as a witness or otherwise incurs legal expenses as a result of or related to such person's service (i) as a director or officer of the Company, or (ii) while a director or officer of the Company, at any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, which such person is serving, has served or has agreed to serve in any capacity at the request of the Company, in any threatened, pending or completed action, suit, arbitration, alternative dispute mechanism, inquiry, investigation, hearing or other proceeding to which such person neither is, nor is threatened to be made, a party.
- G. The Company may, to the extent authorized from time to time by the Board of Directors, or by a committee comprised of members of the Board or members of management as the Board may designate for such purpose, provide indemnification to employees or agents of the Company who are not officers or directors of the Company with such scope and effect as determined by the Board, or such committee.

- H. The Company may indemnify any person to whom the Company is permitted by applicable law to provide indemnification or the advancement of expenses, whether pursuant to rights granted pursuant to, or provided by, the New York Business Corporation Law or other rights created by (i) a resolution of shareholders, (ii) a resolution of directors, or (iii) an agreement providing for such indemnification, it being expressly intended that these By-Laws authorize the creation of other rights in any such manner. The right to be indemnified and to the advancement of expenses authorized by this Section H shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation, By-Laws, agreement, vote of shareholders or disinterested directors or otherwise.
- I. The rights conferred by this Article XI shall be contract rights and shall vest at the time a person agrees to become a director or officer of the Company. Such rights shall continue as to a person who has ceased to be a director or officer of the Company and shall extend to the heirs and legal representatives of such person. Any repeal or modification of the provisions of this Article XI shall not adversely affect any right or protection hereunder of any director or officer in respect of any act or omission occurring prior to the time of such repeal or modification.
- J. If any provision of this Article XI is held to be invalid, illegal or unenforceable for any reason whatsoever (i) the validity, legality and enforceability of the remaining provisions of this Article XI (including without limitation, all portions of any section of this Article XI containing any such provision held to be invalid, illegal or unenforceable, that are not by themselves invalid, illegal or unenforceable) shall not in any way be affected or impaired thereby and (ii) to the fullest extent possible, the provisions of this Article XI (including, without limitation, all portions of any section of this Article XI containing any such provision held to be invalid, illegal or unenforceable, that are not themselves invalid, illegal or unenforceable) shall be construed so as to give effect to the intent manifested by the provision held invalid, illegal or unenforceable.
- K. This Article XI may be amended, modified or repealed either by action of the Board of Directors of the Company or by the vote of the shareholders.

GE has purchased liability insurance for its officers and directors as permitted by Section 726 of the NYBCL.

In addition, GE has entered into indemnification agreements with each of its directors. Under these indemnification agreements, GE agrees to indemnify its directors for all expenses related to any action, suit, arbitration, or investigation (among other proceedings, as defined therein) and to advance expenses in advance of such matters' final disposition. The right to indemnification and advancement is limited to the extent expressly prohibited by law, to the extent the expenses are covered by other sources (such as insurance or another indemnity clause, among others), or in connection with an action, suit or proceeding, or portion thereof, voluntarily initiated by the director, subject to certain exceptions.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement: (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933; (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) that, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; and

(5) that, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
