Euro Medium Term Note Programme

Under this U.S.\$2,000,000,000 Euro Medium Term Note Programme (the “**Programme**”), Kuwait Projects Co. (Cayman) (the “**Issuer**”) may from time to time issue notes (the “**Notes**”) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The payments of all amounts due in respect of the Notes will be unconditionally and irrevocably guaranteed by Kuwait Projects Company (Holding) K.S.C. (Closed) (the “**Guarantor**”).

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed U.S.\$2,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “Key Features of the Programme” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a “**Dealer**” and together the “**Dealers**”), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the “relevant Dealer” shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “Risk Factors”.

This Base Prospectus has been approved by the United Kingdom Financial Services Authority (the “**FSA**”), which is the United Kingdom competent authority for the purposes of Directive 2003/71/EC (the “**Prospectus Directive**”) and relevant implementing measures in the United Kingdom, as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the United Kingdom for the purpose of giving information with regard to the issue of Notes issued under the Programme described in this Base Prospectus during the period of twelve months after the date hereof. Applications have been made to admit such Notes during the period of twelve months after the date hereof to listing on the Official List of the FSA and to trading on the Regulated Market of the London Stock Exchange plc (the “**London Stock Exchange**”). The London Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC (Markets in Financial Instruments Directive).

The Issuer and the Guarantor may agree with any Dealer and the Trustee (as defined herein) that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes herein, in which event a supplemental Base Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer the Guarantor and the relevant Dealer.

IMPORTANT NOTICES

Each of Kuwait Projects Co. (Cayman) (the “**Issuer**”) and Kuwait Projects Company (Holding) K.S.C. (Closed) (the “**Guarantor**”, together with the Issuer (the “**Responsible Persons**”)) accepts responsibility for the information contained in this Base Prospectus. The Issuer and the Guarantor declare that, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is, to the best of their knowledge, in accordance with the facts and contains no omission likely to affect its import.

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under “Terms and Conditions of the Notes” (the “**Conditions**”) as amended and/or supplemented by a document specific to such Tranche called final terms (the “**Final Terms**”) or in a separate prospectus specific to such Tranche (the “**Drawdown Prospectus**”) as described under “Final Terms and Drawdown Prospectuses” below. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

This Base Prospectus should be read and construed together with any amendments or supplements hereto with any information incorporated by reference herein and, in relation to any Tranche (as defined herein) of Notes which is the subject of Final Terms should be read and construed together with the relevant Final Terms.

Subject as provided in the applicable Final Terms or Drawdown Prospectus, the only person authorised to use this Base Prospectus in connection with an offer of Notes is the person named in the Base Prospectus as the relevant Dealer or Manager, as the case may be.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or the Guarantor and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer, the Guarantor or any Dealer.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer or the Guarantor since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. The Issuer, the Guarantor, the Dealers and the Trustee do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Guarantor, the Dealers or the Trustee which is intended to permit a public offering of any Notes outside the UK or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer, the Guarantor and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "Subscription and Sale". In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including Germany and the United Kingdom), the Cayman Islands, United Arab Emirates and Kuwait, see "Subscription and Sale". Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and Notes in bearer form are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons.

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Guarantor, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer and the Guarantor.

The maximum aggregate principal amount of Notes outstanding and guaranteed at any one time under the Programme will not exceed U.S.\$2,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into U.S. dollars at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement)). The maximum aggregate principal amount of Notes which may be outstanding and guaranteed at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "Subscription and Sale".

In this Base Prospectus, unless otherwise specified, references to a "**Member State**" are references to a Member State of the European Economic Area, references to "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to United States dollars, references to "**EUR**" or "**euro**" are to the single currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No. 974/98 of 3 May 1998 on the introduction of the euro, as amended, and references to "**KD**" are to Kuwaiti dinars.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Translations of amounts from Kuwaiti dinars to U.S. dollars are solely for the convenience of the reader. No representation is made that the Kuwaiti dinar or U.S. dollar amounts referred to herein could have been converted into U.S. dollars or Kuwaiti dinars, as the case may be, at any particular exchange rate or at all.

This Base Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to

publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms or a Drawdown Prospectus in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or to supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail.

However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager(s) (or persons acting on behalf of the Stabilising Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

Prospective investors should read the entire Base Prospectus. Words and expressions defined in the “Terms and Conditions of the Notes” below or elsewhere in this Base Prospectus have the same meanings in this section.

Risk Factors

Each of the Issuer and the Guarantor believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each of the Issuer and the Guarantor believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer or the Guarantor to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and neither the Issuer nor the Guarantor represent that the statements below regarding the risks of holding any Notes are exhaustive. Additional risks and uncertainties not presently known to the Issuer or the Guarantor or that each of the Issuer or the Guarantor currently believes to be immaterial could also have a material impact on the Issuer's or the Guarantor's business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Factor's that may affect the Issuer's ability to fulfil its obligations under the Notes

The Issuer is not an operating company. The Issuer is a special purpose vehicle with no other business other than issuing Notes. All funds raised by the Issuer are on-lent to the Guarantor and the Issuer is therefore dependent on repayment of principal, interest and/or additional amounts (if any) from the Guarantor for the purposes of meeting its obligations under the Notes.

The Issuer will only be able to make payments under the Notes to the Noteholders in an amount equivalent to sums of principal, interest, and/or additional amounts (if any) it actually receives from the Guarantor. Consequently, if the Guarantor fails to meet its obligations to the Issuer in respect of the funds on-lent, the Noteholders could receive less than the full amount of principal, interest and/or additional amounts (if any) on the relevant due date from the Issuer and would have recourse under the Guarantee for the balance.

Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee

Developing markets are subject to greater risks than more developed markets, including significant political, social and economic risks

A significant proportion of the Guarantor's revenues are generated in Kuwait. In the year ended 31 December 2010 the Guarantor's business activities in Kuwait generated revenues representing 68 per cent. of the Guarantor's total revenue and assets based in Kuwait represented 50 per cent. of the Guarantor's total non-current assets. There can be no assurance that economic conditions in Kuwait will remain robust nor that a significant deterioration in these economic conditions will not impact the financial performance of the Guarantor. The economy of Kuwait is largely driven by revenues from oil exports and as such is exposed to volatility in oil prices. Moreover, while government policies have generally resulted in improved economic performance, there can be no assurance that such level of performance can be sustained.

The Guarantor's financial performance can be adversely affected by political, economic and related developments not only from within Kuwait, but also to a lesser extent from within the countries of the GCC (which comprises Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and the United Arab Emirates) and the political and economic instability in surrounding countries, such as Iraq, Iran and the countries of North Africa. In the year ended 31 December 2010, the Guarantor's business activities in the GCC (excluding Kuwait) generated revenues representing 13 per cent. of the Guarantor's total revenue and GCC-based (excluding Kuwait) assets represented 20 per cent. of the Guarantor's total non-current assets and its business activities in the remainder of the MENA region accounted for 19 per cent. of the Guarantor's total revenues and 28 per cent. of the Guarantor's total non-current assets. Although not unique to the region, Kuwait, the GCC region and surrounding countries are exposed to specific risks that may have a material impact on the business carried out by the Guarantor, its operating results and its financial condition.

Amongst those specific risks is the possibility of:

- political and social instability;
- downturn in economic conditions;
- external acts of warfare, civil clashes and terrorist activity;
- natural disasters; and
- regulatory, taxation and legal structure changes.

Over the past few months protest movements and calls for regime change have taken place in several countries in the MENA region. Leadership changes have taken place in Egypt and Tunisia while political violence has resulted in clashes and sometimes military action in Bahrain, Syria, Libya and Yemen. Unrest is also causing security concerns across the region. Kuwait has been largely immune from such activity and both the political system and the existence of a functioning democracy suggests that the country will not suffer similar problems. In addition, the Guarantor has limited assets in the countries worst affected. Any material unexpected changes in the political, social, economic or other conditions in countries in which the Guarantor or any of its associated companies carry on business may, however, have a material adverse effect on the Guarantor's business, financial condition and results of operations and may adversely affect the Guarantor's plans for international expansion and investment.

It is not possible to predict the occurrence of events or circumstances such as or similar to those outlined above or the impact of such occurrences and no assurance can be given that the Guarantor's business would be able to sustain its current profit levels if such events or circumstances were to occur.

Historic level of the Guarantor's growth may not be sustained, which could impact its profitability

The business, operations, financial conditions and prospects of the Guarantor are closely linked to the economic conditions of the MENA region. Any deterioration in economic conditions in the GCC and wider MENA regions due to a deterioration in oil, gas or related industries or in banking and financial services industries or other factors could have an adverse effect on the Guarantor's financial condition and results of operations.

In addition, any negative change in one or more macroeconomic factors, such as a disruption of global money markets, interest rates, inflation, wage levels, unemployment, foreign investment and international trade could have an adverse impact on certain aspects of the Guarantor's operations. Such deterioration may adversely affect its ability to access funds on commercially acceptable terms or at all and impact further expansion and growth, and could have an adverse effect on the financial condition and results of operations.

The Guarantor is exposed to risks associated with expansion into new markets, startup or early stage businesses and acquisition of new companies and businesses

Historically, the Guarantor has been primarily active in the Kuwaiti market. However, its strategy is to expand further into markets or businesses within the GCC and wider MENA region, which may include markets in which it has not operated previously. These new markets may pose additional challenges, including different competitive conditions, political and regulatory systems, with which the Guarantor is not familiar, and the Guarantor may not be able to rely on its reputation and relationships to the extent that it can in its established markets.

The Guarantor's growth strategy involves expanding its operations by acquiring new companies. If the Guarantor encounters difficulties in acquiring such companies at a commercially reasonable price, or not at all, or if the companies acquired by the Guarantor fail to produce anticipated synergies, the Guarantor's growth strategy could be unsuccessful, which would have a material adverse effect on the Guarantor's business, financial condition and results of operations. The Guarantor also acquires or creates new businesses with limited or no previous operating experience. While these investments potentially offer the opportunity for significant capital gains, they involve a high degree of business and financial risk that can result in substantial losses.

Competition from global competitors

Many of the governments of the Middle East and North Africa region are liberalising their economies and initiating economic reforms. The MENA region is emerging as an investment opportunity, thereby attracting transnational companies. The increased competition resulting from such transnational companies operating in the region could have an adverse impact on the profitability of Guarantor and its subsidiaries and its associates.

Profitability is dependent on the performance of the Guarantor's principal companies (Burgan Bank, United Gulf Bank, Gulf Insurance Company and Panther Media Group Limited, together the "**Principal Companies**"). Most of the Guarantor's revenue is derived from its Principal Companies. The Guarantor may be impacted by the ability of those companies to complete or successfully integrate strategic transactions, develop and introduce new products and services in a timely manner and respond effectively to technological changes.

Legal and regulatory systems may create an uncertain environment for investment and business activities

The Guarantor's Principal Companies operate in regulated businesses across multiple jurisdictions. Local regulations may change in a manner adverse to the business of one or more Principal Companies. This may be as a result of increased competition from additional licences being issued or changes to licence conditions affecting activities or profitability of a particular business. Ownership restrictions or limitations on the scope of activities could also be imposed on the Guarantor. The Guarantor's largest Principal Companies operate in the financial sector. In light of the recent liquidity crisis and difficulties with the international financial system, regulators are expected to monitor closely and regulate more aggressively the activities of financial companies, notably banks and investment companies.

No assurance can be given that the government of any of the jurisdictions in which the Guarantor's Principal Companies operate will not implement regulation or fiscal or monetary policies, including policies, regulations, or new legal interpretations of existing regulations, relating to or affecting expropriation, nationalisation, taxation, interest rates, exchange controls or capital adequacy requirements or otherwise take actions which could have a material adverse effect on the Guarantor's business, financial condition, results of operations or prospects.

Operational cash flows are mostly restricted to distributions or the proceeds of asset sales

As a holding company, the Guarantor does not have direct access to the cash flows of its Principal Companies. The Guarantor's cash flows are limited to its share of the dividends declared by these companies, interest income on its investments and proceeds from its own trading activities or sales of its assets. Any decrease in the profitability of the Principal Companies would adversely impact the Guarantor's cash flow position.

The payment of dividends by certain of the Principal Companies to the Guarantor is subject to restrictions contained in insurance, banking, securities and corporate laws and regulations which require that solvency and capital standards are maintained by such companies. Borgan Bank last paid a cash dividend in 2008 (for the year 2007) while United Gulf Bank last paid a cash dividend in 2010 (for the year 2009); there is no assurance that dividends from these Banks will resume for 2011.

The Guarantor may be impacted by financial market disruptions. The recent global dislocation of financial markets has adversely impacted the availability, and has increased the cost of wholesale market funding and has caused a large number of banks to write down the value of their securities portfolios. However, to the extent that current market difficulties persist, there can be no assurance that the Guarantor's financial condition and performance will not be adversely impacted by the current, and any future, dislocations in the financial markets.

Funding risk

In addition to the internal generation of cashflow through upstream dividends, income from interest and income from trading, the Guarantor relies on external borrowings to fund its investments. These are primarily in the form of corporate bonds and bank borrowings, which are refinanced on an ongoing basis.

As of 31 March 2011, the Guarantor's unconsolidated gross debt was KD 520.3 million (U.S.\$1,877.5 million). The Guarantor's future ability to originate new debt and pay or refinance its existing and future obligations as they become due will depend not only on its financial condition and results of operations at the time but also on certain factors over which the Guarantor has no control such as:

- Investor sentiment towards companies conducting business in similar markets and sectors;
- Opinions, reports and ratings of analysts and rating agencies on sovereign and corporate borrowers in the region;
- Prevailing capital and financial market conditions, including interest and exchange rates; and
- Political conditions in the MENA region.

Therefore, the Guarantor has no assurance that it would be able to obtain funding in the financial markets on satisfactory terms, which would limit its ability to originate new loans and to pay or refinance its existing and future obligations as they become due and would have an adverse impact on its business, financial condition and results of operations.

The Guarantor is exposed to risks associated with the loss of its key personnel

The Guarantor's success depends to a significant degree upon the efforts and abilities of its key personnel, including in particular the chairman, vice-chairman and senior management team.

The loss of the services of any key personnel could materially adversely affect the Guarantor's business, results of operations, financial condition and prospects.

Counterparty Credit Risk

A substantial part of the activities of some of the Principal Companies involves extending credit to customers and holding financial and real estate assets as investors or as security for loans. The concentration of loans and assets in Kuwait and the MENA region and the possible prevalence of borrowers active in similar or related industries among each lender's customers may result in higher default rates than have been experienced historically or cause the Guarantor or the Principal Companies to make material provisions (or be obligated by a regulator to make material provisions) against potential losses. In addition, the volatility of securities and real estate markets in the region may result in a reduction of the value of the collateral available as security for particular loans.

Interest Rate and Equity Price Risk

The Guarantor is exposed to interest rate and equity price risks associated with the Group's investment and asset and liability management activities.

Changes in interest rate levels, yield curves and spreads may affect the interest rate margin realised between the Guarantor's investment activities and its borrowing costs.

Changes in equity prices may affect the value of and returns on the Guarantor's investment portfolios. It is difficult to accurately predict changes in economic and market conditions and to anticipate the effects that such changes could have on the Guarantor's financial performance and business operations.

Foreign Exchange Risk

The Guarantor generates a significant proportion of its earnings in Kuwaiti Dinar. From January 2003 to 20 May 2007, the Kuwaiti Dinar was pegged to the U.S. Dollar around a parity rate of 0.29963, with margins set at +/- 3.5 per cent. On 20 May 2007, this policy was replaced with one stated by the Governor of the Central Bank of Kuwait to be based on an undisclosed weighted basket of the currencies of Kuwait's major trade and financial partner countries. It appears that the U.S. dollar continues to play a significant role in determining the Kuwaiti Dinar exchange rate, although the relationship with any given currency or basket of currencies cannot be readily ascertained. Since 20 May 2007, the Kuwaiti Dinar has ranged from KD 0.26460 to one US dollar in May 2008 to KD 0.29395 to one US dollar in March 2009, equivalent to a 11 per cent. change in the exchange rate. As of 5 June 2011, the Kuwaiti Dinar was valued at KD 0.27350 to one US dollar and the US Dollar was valued at 3.656 to one Kuwaiti Dinar. If the US dollar strengthens against the Kuwaiti Dinar, this will result in a higher debt service cost to the Guarantor.

Any weakening of the Kuwaiti Dinar against the U.S. dollar may adversely impact the ability of the Guarantor to repay principal and interest on borrowings denominated in a currency other than Kuwaiti Dinars. The Guarantor is exposed to the potential impact of any alteration to the Central Bank of Kuwait's foreign exchange policy. In addition, although the Guarantor attempts to hedge its exposure or manage its cost of financing through the use of swaps and other derivatives with parties believed to be solvent, it is possible that a counter-party may default on its obligations, leaving the Guarantor unprotected against such fluctuations. In addition the Guarantor is likely to have to report foreign exchange gains or losses under existing accounting rules. If the value of the Kuwaiti Dinar against the US Dollar fluctuates in a volatile manner, the impact on reported profit may be substantial.

Operational Risk

Operational risk and losses at the Principal Companies can result from fraud, errors by employees, failure to document transactions properly or to obtain proper internal authorisation, failure to comply with regulatory requirements and conduct of business rules, systems and equipment failures, natural disasters or the failure of external systems (for example, those of counterparties or vendors) which may have an impact on the Guarantor's performance. Notwithstanding anything in this risk factor, this risk factor should not be taken to imply that the Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List of the United Kingdom Financial Services Authority.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not

rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “Relevant Factor”). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Partly paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing part of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but

may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 17 of the conditions of the Notes.

EU Savings Directive

Under EC Council Directive 2003/48/EC (the "**Directive**") on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to or collected by such a person for, an individual resident or certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 13 November 2008 the European Commission published a proposal for amendments to the Directive, which included a number of suggested changes which, if implemented, would broaden

the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers. If, following implementation of this Directive, a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer, the Guarantor, any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent following implementation of this Directive, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

Enforcing Foreign Judgments in Kuwait

The Dealer Agreement, the Agency Agreement and the Trust Deed (each as defined in the Conditions) contain a provision allowing for a reference to arbitration or, at the option of the Trustee under the Trust Deed, the Dealers under the Dealer Agreement, and the Paying Agents, Registrar or Calculation Agent under the Paying Agency Agreement for the courts of England (the "Courts of England") to have jurisdiction to settle any disputes which may arise there under. Although the submission to the jurisdiction of the Courts of England is valid and binding, if a claim is brought before the Kuwaiti Courts, the Kuwaiti Courts may still accept jurisdiction in any suit, action or proceedings in the situations identified in Articles 24 and 26 of the Code. These situations are where (a) the defendant in the proceedings expressly or impliedly accepted the jurisdiction of the Kuwaiti Courts, (b) the defendant is a Kuwaiti citizen or is resident, domiciled, or has a place of business or a chosen domicile in Kuwait or (c) if such legal proceedings relate to a property (movable or immovable) located in Kuwait, an obligation is created, executed or to be performed in Kuwait or a bankruptcy declared in Kuwait.

There can therefore be no assurance that Kuwaiti Courts will decline jurisdiction to adjudicate any dispute under the Notes, notwithstanding the provision in the Notes providing an option for the Courts of England to have jurisdiction to settle any disputes arising thereunder. The Kuwaiti Courts could be influenced when deciding whether or not to decline jurisdiction by the existence of proceedings in relation to such dispute in another jurisdiction.

If a judgment is obtained in the United Kingdom, then enforcement of that judgment by the Kuwaiti Courts (without re-trial or examination of merits of the case) is subject to compliance with the provisions of Article 199 of the Code. Article 199 of the Code requires that (a) the jurisdiction in which the judgment was rendered must afford reciprocal treatment to judgments rendered in Kuwait, (b) the judgment must be rendered by a competent authority according to the law of the jurisdiction in which it was rendered, (c) the parties must have been duly summoned to appear and were duly represented at the proceedings, (d) the judgment must be final and unappealable (*res judicata*) according to the law of the jurisdiction in which it was rendered, (e) the judgment must not contradict any prior judgment rendered and, finally, (f) the judgment must not contain anything in conflict with the general morals or public order of Kuwait. In respect of the requirement under Article 199 of the Code that the courts of the jurisdiction in which the judgment was issued must afford reciprocal treatment to judgments issued by the Kuwaiti Courts, there is no treaty between Kuwait and the United Kingdom that affords such required reciprocal treatment. There are no known instances of the Courts of England enforcing Kuwaiti judgments, while there are differing decisions issued by the Court of Cassation (the highest court in Kuwait) with regard to the enforcement in Kuwait of a monetary judgment issued by the Courts of England. In 2004 and 2005, the Court of Cassation (the highest court in Kuwait) had to consider applications for the enforcement in Kuwait of an English judgment. In the former case the Court was satisfied that on the facts the criteria for enforcement set out in Article 199 had been

satisfied and approved the enforcement of the English judgment but in the latter it was not and declined to do so.

Trading in the clearing systems

In relation to any issue of Notes which have a minimum denomination and are tradeable in the clearing systems in amounts above such minimum denomination which are smaller than it, should definitive Notes be required to be issued, a holder who does not have an integral multiple of the minimum denomination in his account with the relevant clearing system at the relevant time may not receive all of his entitlement in the form of definitive Notes unless and until such time as his holding becomes an integral multiple of the minimum denomination. In relation to Notes which are expressed in the relevant Final Terms to be “Permanent Global Note exchangeable for Definitive Notes”, see “Forms of the Notes - Permanent Global Note exchangeable for Definitive Notes” and “Form of Final Terms - General Provisions Applicable to the Notes - Form of Notes”.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “Investor's Currency”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Notes issued pursuant to the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will not necessarily be the same as the ratings assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be

subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (the **CRA Regulation**) will be disclosed in the Final Terms.

FORMS OF THE NOTES

The following provisions apply only to Notes issued in bearer form. Notes issued in registered form will be represented by definitive Note certificates available for physical delivery only. However, the Issuer retains the option to make specific arrangements for a Tranche of Registered Notes to be delivered and/or settled in a clearing system and to be represented by a global Note certificate. Such arrangements will be described in the applicable Final Terms and will be subject to additional or supplemental documentation, including a global Note certificate in a form acceptable to the Issuer, the relevant clearing system and the Registrar. For the terms applicable to the form and transfer of Notes in registered form see Conditions 3(b) and (c) under “Terms and conditions of the Notes” below.

Each Tranche of Notes will initially be in the form of either a temporary global note (the **“Temporary Global Note”**), without interest coupons, or a permanent global note (the **“Permanent Global Note”**), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a **“Global Note”**) will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank S.A./N.V. as operator of the Euroclear System (**“Euroclear”**) and/or Clearstream Banking, société anonyme, Luxembourg (**“Clearstream, Luxembourg”**) and/or any other relevant clearing system.

The relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (the **“TEFRA C Rules”**) or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the **“TEFRA D Rules”**) are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being “Temporary Global Note exchangeable for a Permanent Global Note”, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the prompt delivery (free of charge to the bearer) of such Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note at the Specified Office of the Principal Paying Agent; and
- (ii) receipt by the Principal Paying Agent of a certificate or certificates of non-U.S. beneficial ownership,

within 7 days of the bearer requesting such exchange.

The principal amount of the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership; *provided, however, that* in no circumstances shall the principal amount of the Permanent Global Note exceed the initial principal amount of the Temporary Global Note.

The Permanent Global Note will be exchangeable in whole, but not in part, for Notes in definitive form ("**Definitive Notes**"):

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or
- (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then if (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or has in fact done so and no successor clearing system satisfactory to the Trustee is available or (b) any of the circumstances described in Condition 13 (*Events of Default*) occurs.

The Permanent Global Note will also become exchangeable, in whole but not in part and at the option of the Issuer, for Definitive Notes if, by reason of any change in the laws of the Cayman Islands or Kuwait, the Issuer or the Guarantor is or will be required to make any withholding or deduction from any payment in respect of the Notes which would not be required if the Notes were in definitive form.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note at the Specified Office of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (ii) at any time, if so specified in the relevant Final Terms; or

The Holder of any Bearer Note or Coupon shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such Holder. No person shall have any right to enforce any term or condition of any Bearer Note under the Contracts (Rights of Third Parties) Act 1999.
- (b) *Notes in registered form:* Registered Notes are issued in the Specified Denomination(s) and may be held in holdings equal to any specified minimum amount and integral multiples equal to any specified increments (as specified in the relevant Final Terms) in excess thereof (each, an "**Authorised Holding**"). The Holder of each Registered Note shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such Holder.
- (c) *Register and Transfers of Registered Notes*
 - (i) *Register:* The Registrar will maintain the Register in accordance with the provisions of the Agency Agreement. A Note Certificate (as defined in the Trust Deed) will be issued to each Holder of Registered Notes in respect of its holding. Each Note Certificate will be numbered serially with an identifying number which will be recorded in the Register.
 - (ii) *Transfers:* Subject to Conditions 3(c)(v) (*Closed periods*) and 3(c)(vi) (*Regulations concerning transfers and registration*) below, a Registered Note may be transferred upon surrender of the relevant Note Certificate, with the endorsed form of transfer duly completed, at the Specified Office of the Registrar, together with such evidence as the Registrar may reasonably require to prove the title of the transferor and the authority of the individuals who have executed the form of transfer provided, however, that a Registered Note may not be transferred unless the principal amount of Registered Notes transferred and (where not all of the Registered Notes held by a Holder are being transferred) the principal amount of the balance of Registered Notes not transferred are Authorised Holdings. Where not all the Registered Notes represented by the surrendered Note Certificate are the subject of the transfer, a new Note Certificate in respect of the balance of the Registered Notes will be issued to the transferor.
 - (iii) *Registration and delivery of Note Certificates:* Within 5 business days of the surrender of a Note Certificate in accordance with Condition 3(c)(ii) above, the Registrar will register the transfer in question and deliver a new Note Certificate of a like principal amount to the Registered Notes transferred to each Holder of Registered Notes at its Specified Office or (at the request and risk of any such relevant Holder of Registered Notes) by uninsured first class mail (airmail if overseas) to the address specified for the purposes by such Holder of Registered Notes. In this paragraph, "**business day**" means a day on which commercial banks are open for business (including dealings in foreign currencies) in the city where the Registrar is located.
 - (iv) *No charge:* The transfer of a Registered Note will be effected without charge by or on behalf of the Issuer or the Registrar but against such indemnity as the

Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfer.

- (v) *Closed periods:* Holders of Registered Notes may not require transfers to be registered during the period of 15 days ending on the due date for any payment of principal or interest in respect of the Registered Notes.
- (vi) *Regulations concerning transfers and registration:* All transfers of Registered Notes and entries in the Register are subject to the detailed regulations concerning the transfer of Registered Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Holder of Registered Notes who requests in writing a copy of such regulation.

4. Status and Guarantee

- (a) *Status of the Notes:* The Notes constitute direct, general and unconditional obligations of the Issuer which will at all times rank pari passu among themselves and at least pari passu with all other present and future unsecured and unsubordinated obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.
- (b) *Guarantee of the Notes:* The Guarantor has in the Trust Deed unconditionally and irrevocably guaranteed the due and punctual payment of all sums from time to time payable by the Issuer in respect of the Notes. This Guarantee of the Notes constitutes direct, general and unconditional obligations of the Guarantor which will at all times rank at least pari passu with all other present and future unsecured and unsubordinated obligations of the Guarantor, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

5. Covenants

- (a) *Negative Pledge:* So long as any Note remains outstanding, neither the Issuer nor the Guarantor shall create or permit to subsist any Security Interest upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or any Guarantee of any Relevant Indebtedness;
- (b) *Step Up Events:* So long as any Note remains outstanding, on the occurrence of a Step Up Event the applicable Rate of Interest payable (i) in respect of such Note, if interest bearing, shall be increased by 0.5 per cent. per annum from the beginning of the Interest Period immediately subsequent to the occurrence of such Step Up Event; and (ii) in respect of such Note, if not interest-bearing, shall be 0.5 per cent. per annum from, and including, the date of the Step Up Event to, but excluding, the Maturity Date.

For the purposes of this Condition 5 only:

A “**Step Up Event**” will be deemed to have occurred if, for so long as any Note remains outstanding, the solicited rating assigned to the Notes by a Rating Agency is (i) withdrawn either by the Rating Agency or at the request of the Issuer or the Guarantor or (ii) reduced from an Investment Grade Rating to a non-Investment Grade Rating (BB+/Ba1/BB or their respective equivalents for the time being) or worse.

6. Fixed Rate Note Provisions

- (a) *Application:* This Condition 6 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of

the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent or, as the case may be, the Trustee has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Specified Denomination of Notes is a multiple of the Calculation Amount, shall be the product of the amount for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest for such period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. Floating Rate Note and Index-Linked Interest Note Provisions

- (a) *Application:* This Condition 7 (*Floating Rate Note and Index-Linked Interest Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from, and including, the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 11 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 7 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is five days after the Principal Paying Agent or, as the case may be, the Trustee has notified the Noteholders that it has received all sums due in respect of the Notes up to such fifth day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
 - (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:

- (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
- (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, and the Rate of Interest for such Interest Period shall be the sum of the Margin (if any) and the rate or (as the case may be) the arithmetic mean so determined; *provided, however, that* if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin (if any) and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.
- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin (if any) and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) or on the euro zone inter bank offered rate (EURIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.
- (e) *Index-Linked Interest:* If the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable, the Rate(s) of Interest applicable to the Notes for each Interest Period will be determined in the manner specified in the relevant Final Terms.
- (f) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by

a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a “**sub-unit**” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

- (h) *Calculation of other amounts:* If the relevant Final Terms specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Final Terms.
- (i) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Issuer, the Guarantor, the Paying Agents, the Trustee and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders in accordance with Condition 20 (*Notices*). The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (j) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 (*Floating Rate Note and Index-Linked Interest Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Guarantor, the Trustee, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent or the Trustee in connection with the exercise or non-exercise by them of their respective powers, duties and discretions for such purposes.
- (k) *Determination or Calculation by Trustee:* If the Calculation Agent fails at any time to determine a Rate of Interest or to calculate an Interest Amount or additional Interest Amount, the Trustee will determine such Rate of Interest and make such determination or calculation which shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee shall apply all of the provisions of these Conditions with any necessary consequential amendments to the extent that, in its sole opinion and with absolute discretion, it can do so and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances and will not be liable for any loss, liability, damage, fee, cost, charge or expense which may arise as a result thereof. Any such determination or calculation made by the Trustee shall be binding on the Issuer, the Guarantor, Noteholders and Couponholders.

8. Zero Coupon Note Provisions

- (a) *Application:* This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and

- (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent or, as the case may be, the Trustee has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. Dual Currency Note Provisions

- (a) *Application:* This Condition 9 (*Dual Currency Note Provisions*) is applicable to the Notes only if the Dual Currency Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Rate of Interest:* If the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.

10. Redemption and Purchase

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 11 (*Payments*).
- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer in whole, but not in part:
 - (i) at any time (if neither the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions or the Index-Linked Interest Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) (1) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of the Cayman Islands or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes and (2) such obligation cannot be avoided by the Issuer taking reasonable measures available to it; or
- (B) (1) the Guarantor has or (if a demand was made under the Guarantee of the Notes) would become obliged to pay additional amounts as provided or referred to in Condition 12 (*Taxation*) or the Guarantor has or will become obliged to make any such withholding or deduction as is referred to in Condition 12 (*Taxation*) from any amount paid by it to the Issuer in order to enable the Issuer to make a payment of principal or interest in respect of the Notes, in either case as a result of any change in, or amendment to, the laws or regulations of the State of Kuwait or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first

Tranche of the Notes, and (2) such obligation cannot be avoided by the Guarantor taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer or the Guarantor would be obliged to pay such additional amounts or the Guarantor would be obliged to make such withholding or deduction if a payment in respect of the Notes were then due or (as the case may be) a demand under the Guarantee of the Notes were then made; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer or the Guarantor would be obliged to pay such additional amounts or the Guarantor would be obliged to make such withholding or deduction if a payment in respect of the Notes were then due or (as the case may be) a demand under the Guarantee of the Notes were then made.

Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver or procure that there is delivered to the Trustee (A) a certificate signed by two directors of the Issuer or (as the case may be) two directors of the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (B) an opinion in form and substance satisfactory to the Trustee of independent legal advisers of recognised standing to the effect that the Issuer or (as the case may be) the Guarantor has or will become obliged to pay such additional amounts or (as the case may be) the Guarantor has or will become obliged to make such withholding or deduction as a result of such change or amendment. The Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the circumstances set out in (A) and (B) above, in which event they shall be conclusive and binding on the Noteholders. Upon the expiry of any such notice as is referred to in this Condition 10(b), the Issuer shall be bound to redeem the Notes in accordance with this Condition 10(b).

- (c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer giving not less than 15 nor more than 30 days' notice to the Noteholders and having notified the Trustee prior to the provision of such notice (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).
- (d) *Partial redemption:*
 - (i) *Partial Redemption of Bearer Notes:* If the Notes are to be redeemed in part only on any date in accordance with Condition 10(c) (*Redemption at the option of the Issuer*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Trustee approves and in such manner as the Trustee considers appropriate, subject to compliance with applicable law and the rules of each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation, and the notice to Noteholders referred to in Condition 10(c) (*Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
 - (ii) *Partial Redemption of Registered Notes:* If Registered Notes are to be redeemed in part only on any date in accordance with Condition 10(c) (*Redemption at the*

option of the Issuer), each Registered Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Registered Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Registered Notes on such date.

- (e) *Redemption at the option of Noteholders*: If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of any Noteholder redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 10(e), the Noteholder must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto, in the case of Bearer Notes, or deposit with the Registrar the relevant Note Certificate relating to such Note, in the case of Registered Notes, and a duly completed Put Option Notice in the form obtainable from any Paying Agent or Registrar, as the case may be. The Paying Agent or the Registrar, as the case may be, with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note or Note Certificate, once deposited with a duly completed Put Option Notice in accordance with this Condition 10(e), may be withdrawn; *provided, however, that* if, prior to the relevant Optional Redemption Date (Put), any such Note or the Notes evidenced by any Note Certificate becomes immediately due and payable or, upon due presentation of any such Note or Note Certificate on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent or Registrar shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note or Note Certificate at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Bearer Note is held by a Paying Agent in accordance with this Condition 10(e), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.
- (f) *Redemption at the option of Noteholders (Restructuring)*: If a Put Event (Restructuring) occurs the Issuer or the Guarantor shall give notice to the Noteholders (specifying the nature of the Put Event (Restructuring)), of an optional redemption date (the “**Optional Redemption Date (Restructuring)**”) which shall be not less than 50 nor more than 75 days after the date of such notice and the procedure for exercising the option contained in this Condition 10(f), and the Issuer shall, at the option of any Noteholder redeem or, at the Issuer’s option, purchase such Note on the Optional Redemption Date (Restructuring) at an amount equal to its principal amount together with (or, where purchased, together with an amount equal to) interest (if any) accrued to such date. In order to exercise the option contained in this Condition 10(f), the Noteholder must deliver such Note together with all unmatured Coupons, on any business day falling within the period of 45 days after the notice of a Put Event (Restructuring) is given, at the specified office of any Paying Agent, accompanied by a duly completed non-transferable Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 10(f), may be withdrawn; *provided, however, that* if, prior to the relevant Optional Redemption Date (Restructuring), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Restructuring), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance

with this Condition 10(f), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.

For the purposes of this Condition 10(f) only:

“Group” means the Guarantor and its Subsidiaries for the time being;

A **“Negative Rating Event”** shall be deemed to have occurred in respect of a Restructuring Event if the Guarantor does not within 120 days of a Restructuring Event obtain an Investment Grade Rating;

A **“Put Event (Restructuring)”** will be deemed to have occurred if, for so long as any Note remains outstanding, there occurs a Restructuring Event and within the Restructuring Period (i) if at the time that Restructuring Event occurs there are Rated Securities, a Rating Downgrade in respect of that Restructuring Event occurs; or (ii) if at the time that Restructuring Event occurs there are no Rated Securities, a Negative Rating Event in respect of that Restructuring Event occurs;

“Rated Securities” means any Notes so long as they shall have a solicited rating from any Rating Agency;

A **“Rating Downgrade”** shall be deemed to have occurred in respect of a Restructuring Event if the solicited rating assigned 30 business days prior to the Restructuring Event to the Rated Securities by a Rating Agency is withdrawn or reduced from an Investment Grade Rating to a non-Investment Grade Rating (BB+/Ba1/BB or their respective equivalents for the time being) or worse, or if any Rating Agency shall have already rated the Rated Securities below Investment Grade Rating, the rating of such Rating Agency is lowered by one or more full rating categories (for example, from BB+/Ba1/BB+ to BB/Ba2/BB or such similar lowering);

A **“Restructuring Event”** shall be deemed to have occurred if either:

- (i) any Person or any Persons (other than Al Futtooh Investments Co.W.L.L., any of its shareholders and any of their respective associates (where an associate of an individual is the individual’s husband, wife or child or is a relative, or the husband or wife of a relative, of the individual or of the individual’s husband or wife) (**“AFI”**)) acting in concert or any Person or Persons acting on behalf of any such Person(s) at any time directly or indirectly own(s) or acquire(s) (whether or not approved by the board of directors of the Guarantor) (A) 50 per cent. or more of the issued or allotted ordinary share capital of the Guarantor or (B) such number of shares in the capital of the Guarantor carrying 50 per cent. or more of the voting rights exercisable at general meetings of the Guarantor; or

“Restructuring Period” means the period commencing on the earlier of the date (the **“Restructuring Period Commencement Date”**) of the public announcement of the Restructuring Event or the public announcement of the intention of the relevant Person or Persons to effect a Restructuring Event and ending 120 days after the Restructuring Period Commencement Date (or such longer period for which the Rated Securities or, as the case may be, any Notes are under consideration (such consideration having been announced publicly within the period ending 120 days after the Restructuring Period Commencement Date) for rating review or, as the case may be, rating by a Rating Agency);

- (g) *No other redemption*: The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) (Scheduled redemption) to (c) (Redemption at the option of the Issuer) above.
- (h) *Early redemption of Zero Coupon Notes*: Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 10(h) or, if none is so specified, a Day Count Fraction of 30E/360.

- (i) *Purchase*: The Issuer, the Guarantor or any of their respective Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, provided that all unmatured Coupons are purchased therewith. Such Notes may be held, resold or, at the option of the purchaser, surrendered to any Paying Agent for cancellation.
- (j) *Cancellation*: All Notes redeemed or surrendered for cancellation and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

11. Payments

(a) Payments – Bearer Notes

This Condition 11(a) is only applicable to Bearer Notes.

In addition, the Trustee may, without the consent of the Noteholders or Couponholders authorise or waive any proposed breach or breach of the Notes or the Trust Deed (other than a proposed breach or breach relating to the subject of a Reserved Matter) if, in the opinion of the Trustee, the interests of the Noteholders will not be materially prejudiced thereby.

- (a) it has been so requested in writing by the holders of at least one quarter of the aggregate principal amount of the outstanding Notes or has been so directed by an Extraordinary Resolution; and
- (b) it has been indemnified or provided with security to its satisfaction.

No Noteholder may proceed directly against the Issuer or the Guarantor unless the Trustee, having become bound to do so, fails to do so within a reasonable time and such failure is continuing.

19. Further Issues

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders and in accordance with the Trust Deed, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes. The Issuer may from time to time, with the consent of the Trustee, create and issue other series of notes having the benefit of the Trust Deed.

20. Notices

Notices to the Holders of Bearer Notes shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Noteholders.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

22. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

The chairman of the arbitral

tribunal shall be nominated by the two party nominated arbitrators within 15 days of the last of their appointments.

- (iii) In the event that the claimant(s) or the respondent(s) fail to nominate an arbitrator or the party nominated arbitrators fail to agree the chairman of the arbitral tribunal within the time limits specified in this Condition, the LCIA court shall, at the written request of the claimant(s) or the respondent(s), make such appointment forthwith.
- (iv) The seat of the arbitration shall be London, England and all hearings shall take place in London, England.
- (v) The language of the arbitration shall be English.

If the Trustee gives such notice, the Dispute to which such notice refers shall be determined in accordance with Condition 23(d) (*Jurisdiction of English courts*).

(d) *Jurisdiction of the English courts*

- (iii) This Condition 23(d) is for the benefit of the Noteholders and the Trustee only. As a result, and notwithstanding Condition 23(d)(i) above, the Trustee may take proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, the Trustee may take concurrent Proceedings in any number of jurisdictions.

(e) *Process agent*: In the Trust Deed the Issuer and the Guarantor have each agreed that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to United Gulf Management Limited at 7 Old Park Lane, London W1Y 3LJ or, if different, its

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note or a Global Note Certificate, references in the Terms and Conditions of the Notes to “Noteholder” are references to the bearer of the relevant Global Note or registered holder of a Global Note Certificate which, for so long as the Global Note or Global Note Certificate is held by, or as the case may be, registered in the name of a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an “**Accountholder**”) must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder’s share of each payment made by the Issuer or the Guarantor to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer or the Guarantor in respect of payments due under the Notes and such obligations of the Issuer and the Guarantor will be discharged by payment to the bearer of the Global Note.

Exchange of Temporary Global Notes

Whenever any interest in a Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure:

- (a) in the case of first exchange, the prompt delivery (free of charge to the bearer) of such Permanent Global Note, duly authenticated, to the bearer of the Temporary Global Note; or
- (b) in the case of any subsequent exchange, an increase in the principal amount of such Permanent Global Note in accordance with its terms,

in each case in an aggregate principal amount equal to the aggregate of the principal amounts specified in the certificates issued by Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and received by the Principal Paying Agent against presentation and (in the case of final exchange) surrender of the Temporary Global Note at the Specified Office of the Principal Paying Agent within 7 days of the bearer requesting such exchange.

Whenever a Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note at the Specified Office of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

If:

- (a) a Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of a Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) Definitive Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Temporary Global Note has requested exchange of the Temporary Global Note for Definitive Notes; or
- (c) a Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of a

Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note or increase the principal amount thereof or deliver Definitive Notes, as the case may be) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such thirtieth day (in the case of (b) above) or at 5.00 p.m. (London time) on such due date (in the case of (c) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Trust Deed). Under the Trust Deed, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Exchange of Permanent Global Notes

Whenever a Permanent Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms) in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the Specified Office of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer of a Permanent Global Note has duly requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) a Permanent Global Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Permanent Global Note in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Trust Deed). Under the Trust Deed, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Permanent Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Exchange of Global Note Certificates

Whenever a Global Note Certificate is to be exchanged for Individual Note Certificates, the Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Note Certificate within five business days of the delivery, by or on behalf of the holder of the Global Note Certificate to the Registrar of such

information as is required to complete and deliver such Individual Note Certificates (including, without limitation, the names and addresses of the persons in whose names the Individual Note Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Note Certificate at the specified office of the Registrar. Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If:

- (a) Individual Note Certificates have not been delivered by 5.00 p.m. (London time) on the thirtieth day after they are due to be issued and delivered in accordance with the terms of the Global Note Certificate; or
- (b) any of the Notes represented by a Global Note Certificate (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the holder of the Global Note Certificate in accordance with the terms of the Global Note Certificate on the due date for payment,

then the Global Note Certificate (including the obligation to deliver Individual Note Certificates) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the holder of the Global Note Certificate will have no further rights thereunder (but without prejudice to the rights which the holder of the Global Note Certificate or others may have under the Trust Deed). Under the Trust Deed, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note Certificate will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Note Certificate became void, they had been the holders of Individual Note Certificates in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Conditions applicable to Global Notes

Each Global Note and Global Note Certificate will contain provisions which modify the Terms and Conditions of the Notes as they apply to such Global Note or Global Note Certificate. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note at the Specified Office of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that the same is noted in a schedule thereto.

Each payment in respect of a Global Note Certificate will be made to the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Note Certificate is being held is open for business.

Whilst the Notes are in Global Form, "**Payment Business Day**" means:

HISTORY

The Guarantor acquired shares in United Gulf Bank B.S.C. ("**United Gulf Bank**" or "**UGB**") in 1988. As of 31 March 2011, the effective interest held by the Guarantor and its subsidiaries (the "**Group**") in UGB was 95.9 per cent. The privatisation process initiated by the State of Kuwait in the early 1990s enabled the Guarantor to pursue its expansion strategy in the financial services sector. The Guarantor acquired a significant shareholding in Burgan Bank S.A.K. ("**Burgan Bank**") in 1995 (as of 31 March 2011, the Group's effective interest in Burgan Bank was 58.6 per cent.) and Gulf Insurance Company K.S.C. ("**Gulf Insurance Company**" or "**GIC**") in 1996 (as of 31 March 2011, the Group's effective interest in GIC was 43.9 per cent.). In addition, the Guarantor built a portfolio of operating companies in the real estate, industrial and services sectors and as a part of a strategy to invest in promising under-served sectors the Guarantor established a Satellite Pay-TV operator, namely, Gulf DTH LDC ("**Gulf DTH (Showtime)**" or "**Showtime**"), with Viacom Inc. in 1995. Effective as of 31 July 2009, KIPCO entered into a joint venture by merging its operations of Showtime with the operations of Orbit Pay TV business under a new holding company called Panther Media Group Ltd ("**Panther Media**" or "**PMG**"). PMG operates under the brand name "**OSN**". As of 31 March 2011, the effective interest held by the Group in PMG was 60.4 per cent.

OPERATING ENVIRONMENT

The Group and its associates operate in the MENA region, a region characterised by a growing population, varying levels of per capita income and relatively nascent markets presenting significant business and investment opportunities.

The majority of the assets of the Group and its associates are located in the Gulf Cooperation Council ("**GCC**") economies, which are A-rated or AA-rated stable economies, [except Bahrain which is BBB rated](#). These economies offer a market for premium goods and services derived from their high per capita income and favourable demographic trends. A number of these countries are major oil and/or gas producers.

The following table sets out the key socio-economic indicators for the GCC economies:

REORGANISATION

KIPCO's portfolio of companies is mainly concentrated in the financial services sector. KIPCO undertook a group-wide reorganization in mid 2008 to streamline its operations and reorganise its financial services businesses into three major segments: commercial banking, asset

management and investment banking (“**AMIB**”) and insurance. As part of the reorganisation, stakes in the commercial banks Jordan Kuwait Bank (“**JKB**”), Bank of Baghdad (“**BOB**”), Gulf Bank Algeria (“**AGB**”) and Tunis International Bank (“**TIB**”) have been transferred to Burgan Bank from UGB. The purchase of all the entities was for cash. Burgan Bank also completed its KD100.8 million capital increase through a rights issue on 27 April 2010. The capital increase is part of its strategy to finance expansion in commercial banking activities.

These transfers have consolidated the Group’s commercial banking operations under Burgan Bank and will allow UGB and KIPCO Asset Management Company (“**KAMCO**”) to focus on their AMIB activities.

As part of the reorganisation, UGB had acquired a 17.0 per cent. stake in Burgan Bank in its proprietary investment portfolio in November 2010. The stake has been purchased from KIPCO which had acquired additional shares by subscribing to Burgan Bank’s rights issue in April 2010. KIPCO’s strategy for carrying out the reorganization is two fold:

- **Create a consolidated regional commercial banking platform**—The benefits from consolidating all the regional commercial banks under Burgan Bank include greater diversification of assets and sources of income, the ability to share best practices, the optimal use of capital and greater economies of scale by integrating operating efficiencies and synergies.
- **Concentrate AMIB services**—KIPCO is concentrating its AMIB services in UGB to further develop the Group’s pan-regional AMIB capabilities. KIPCO’s network of AMIB companies is held through UGB and comprises UGB’s subsidiary, KAMCO in Kuwait as well as other entities in Bahrain, the United Arab Emirates, Tunisia, Syria and Morocco.

BUSINESS OVERVIEW AND STRATEGY

Principal Business Activities

KIPCO is a multi-sector holding company headquartered in Kuwait with operating entities across the GCC and the wider MENA regions. KIPCO’s business is acquiring or creating businesses, building and growing them in order to selectively sell businesses, with a view to maximising shareholder value. The Guarantor has an experienced management team and benefits from key relationships in the region through its principal shareholders, which include members of the Kuwaiti ruling family. KIPCO’s shares are publicly listed and traded on the KSE.

The principal business activities of the companies in which the Guarantor has currently invested are as follows:

- **Commercial Banking** - Historically, through Burgan Bank, KIPCO has had a strong presence in the Kuwaiti banking industry, offering a full range of commercial banking services to both retail and corporate customers. Burgan Bank was Kuwait’s fourth largest bank by assets as at December 2010. As a result of the Group’s strategic reorganisation of its financial services businesses (the “**Reorganisation**”), Burgan Bank has been transformed into a regional commercial banking group offering a wide range of banking services and products across the GCC and wider MENA regions. Burgan Bank is listed on the KSE and had total consolidated assets of KD4,077.4 million as at 31 March 2011. Burgan Bank is a full service Kuwait based bank providing consumer banking, corporate banking, private and international banking, treasury and electronic banking services. After the acquisition of JKB, AGB, TIB and BOB, Burgan Bank has expanded its presence in Jordan, Algeria, Tunisia and Iraq respectively and in Cyprus and Palestine (through JKB).
- **AMIB** - KIPCO operates in the AMIB market in the MENA region through UGB and KAMCO. UGB has a track record of incubating and growing businesses, including the four commercial banks that have been transferred to Burgan Bank as part of the Reorganisation. Following the Reorganisation, the Guarantor is in the process of developing its pan-regional AMIB

services in UGB and KAMCO. KAMCO is an investment manager that offers its clients access to local and international capital markets with a focus on asset management, investment advisory, investment research and financial services. KIPCO believes that KAMCO is the second ranked asset manager in Kuwait based on assets under management (“AUM”) as of 31 December 2010. KAMCO’s AUM was KD2.33 billion (of which 69.7 per cent. represented custodial assets) as of 31 March 2011. UGB is listed on both the Bahrain Stock Exchange (“BSE”) and the KSE, with total assets of U.S.\$1,887.3 million as of 31 March 2011. UGB’s offices are in Bahrain but its key personnel and board of directors are operating normally as most of UGB’s assets are outside of Bahrain.

- Insurance** - KIPCO’s primary insurance company, GIC, is the market leader in Kuwait (by gross premiums written and underwriting income) with an estimated 26 per cent. market share based on direct premiums in 2010. GIC has expanded its presence in the MENA region and besides Kuwait, has presence in Saudi Arabia, Lebanon, Egypt, Syria, Jordan and Bahrain.

GIC’s product portfolio includes marine, aviation, property, casualty, motor, life and health insurance. GIC is listed on the KSE with total assets of KD279.1 million as at 31 March 2011.
- Media** - PMG comprises the Group’s media segment. PMG owns and operates two previously competing platforms of Showtime and Orbit, providing Pay TV services in the MENA region through Direct-To-Home satellite distribution and third party cable, Internet Protocol television (“IPTV”) and shared antenna systems. The merged group is managed as a jointly controlled entity between Gulf DTH (Showtime) and the Mawarid group of companies. The merged entity operates under the brand “OSN” and offers a total of 85 channels to customers, showing premium sports, drama and entertainment in English, Arabic and some Asian languages spoken by expatriate populations in the region. It is licensed to distribute content in 24 countries. As of 31 March 2011, OSN had a total subscriber base of 465,140 customers.
- Real Estate** - the Guarantor owns interests in real estate through minority interests in real estate development associated companies and partly owned projects. These represent approximately 9 per cent. of the Group’s assets. These real estate interests include mostly existing hotels and commercial and office buildings in Kuwait, Bahrain, the Levant and Egypt, projects under construction in Oman and North Africa and Build-Operate-Transfer operations in Kuwait. They are held primarily under United Real Estate Company KSC (“URC”), in which the Guarantor owns a 60.6 per cent. consolidated effective interest. URC also provides real estate services through its own affiliates. (See Notes 9 and 24 to the Guarantor’s audited financial statements for the financial year ended 31 December 2010 for more details).
- Industrial** - the Guarantor has investment in associated companies active in a variety of industries representing in aggregate approximately 3 per cent. of its assets. These include petro-chemical, dairy and steel plants, some with several years of operations and others which have been recently established. These are held primarily through United Industries Company KSC (“UIC”) in which the Guarantor owns an effective interest of 67 per cent. (See Notes 9 and 24 to the Guarantor’s audited financial statements for the financial year ended 31 December 2010 for more details).
- Investment²** - Apart from the above principal business activities, the Guarantor holds investments in hedge funds, private equities, listed equity and fixed income investments amounting to KD37.1 million as of 31 March 2011.

² In accordance with IFRS 8 which requires segmental reporting to align with management responsibility and reporting, KIPCO now reports 6 main business segments (i.e. commercial banking, AMIB, insurance, media, industrial and real estate) and others. The investment segment is now included under AMIB.

Business Strategy

The key elements of the Group's strategy are to:

- Leverage its position and reputation in the GCC and wider MENA regions to capture further growth in these regions:** KIPCO believes it is well positioned through its network of business relationships and strong reputation to identify opportunities for growth and generate attractive returns from its businesses. KIPCO seeks to penetrate new markets with its existing businesses and at the same time look for new opportunities that will generate attractive returns. KIPCO is particularly interested in seeking to develop its businesses in countries where opportunities for development and market dynamics are similar to those that it has previously encountered. KIPCO's knowledge of the region and ability to manage local risk creates opportunities to generate attractive returns from operating environments. An example of this is reflected in KIPCO's initiative to capitalise on its growing regional presence across the financial services spectrum. KIPCO seeks to attract partners with an international presence to accelerate the development of the businesses in which it invests and to benefit from the sector expertise of successful international companies.
- Acquire, create, build and selectively sell businesses in sectors that capitalise on regional opportunities:** KIPCO currently focuses primarily on the commercial banking, AMIB, insurance and media sectors but will seek to identify under-served and nascent markets with proven potential for regional growth. KIPCO will seek to leverage its growing regional footprint in the retail and commercial banking sector together with insurance

services through plans to develop savings and pensions and Islamic reinsurance products and services. KIPCO will continue to seek partnerships with global or local partners for investment in greenfield ventures for businesses with models that have been implemented successfully in other regions or countries.

- **Exercise management control over businesses:** KIPCO seeks to acquire controlling or significant stakes in its businesses and majority representation on the boards of directors. Having a controlling position enables KIPCO to provide strategic direction and establish clear financial targets for its businesses. Achieving a position of control also enables the Group's businesses to attract leading management talent, monitor operational performance and establish best practices of governance, and more generally benefit from KIPCO's regional and sector know-how. KIPCO exercises control over its core businesses, (the Principal Companies), through the ownership of majority stakes in each of them, which gives KIPCO significant influence over their board and management composition, strategy and financial policies.
- **Maximise value from businesses with a medium-to long-term horizon:** KIPCO seeks to maximise value from businesses by implementing a strategy of increasing its operating income, expanding sales both locally and regionally, and making acquisitions. The Company continually reviews its holdings, considering options to maximise value, including divesting of part or all of the businesses it owns. Disposals are made from time to time to take advantage of favourable market conditions. These have included sales of major holdings or strategic stakes, as was done with respect to Wataniya, GIC, Hempel Paints and Saudi New Zealand Health Products ("SNZHP"); and through listings on local or regional stock exchanges, as was done with KAMCO, Saudi Dairy and Foodstuff Company ("SADAFCO") and Buruj Co-operative Insurance Company.

Recent Developments

In March 2010, the Guarantor announced that it had signed a Memorandum of Understanding with Munich Re, one of the world's leading reinsurers, as part of its plans to launch the MENA region's first range of long-term savings and pension products. The agreement between the two companies means that Munich Re will provide a full range of technical, actuarial, training and other specialised services to Taka'Ud Savings & Pensions – the Group's new savings and pensions company. Taka'Ud Savings & Pensions will be incorporated in Bahrain and aims to launch its initial product range in selected MENA countries. In November 2010, the Guarantor obtained an in principle approval from Central Bank of Bahrain to establish "Taka'Ud Savings & Pensions Company" as a Category 1 investment company.

On 29 June 2010, the Guarantor invested KD14.0 million in UIC in connection with UIC's rights issue and in September 2010 purchased an additional stake in UIC from KAMCO for KD10.9 million, thus acquiring a direct 23 per cent. stake in UIC. As a result UIC is now a 66.4 per cent. (consolidated effective stake) held subsidiary of the Guarantor and its results (and those of its subsidiaries) are consolidated with those of the Guarantor from 29 June 2010. (See Notes 9 and 24 to the Guarantor's 2010 Financial Statements).

In September 2010, the Guarantor announced that it had entered into a strategic relationship with Fairfax Financial Holdings, a global leader in insurance and re-insurance headquartered in Canada. As part of the transaction a Fairfax affiliate purchased a 39.2 per cent. stake in Gulf Insurance Company at a price of US\$208.6 million (KD 59.85 million) or US\$3.14 (900 fils) per share.

On 27 December 2010, the Guarantor invested KD40.5 million and acquired a 19 per cent. stake in URC in connection with URC's rights issue. As a result of this, URC is now a 60.6 per cent. (consolidated effective stake) held subsidiary of the Guarantor and its results (and those of its subsidiaries) are consolidated with those of the Guarantor from 27 December 2010. (See Notes 9 and 24 to the Guarantor's 2010 Financial Statements).

FINANCIAL SUMMARY OF THE GROUP³

General

The financial information contained in this section has been extracted from the Group's audited consolidated financial statements for the two financial years ended 31 December 2009 and 2010 and the Group's unaudited interim condensed consolidated financial information for the three months ended 31 March 2011. The Group's audited consolidated financial statements for the two financial years ended 31 December 2009 and 2010 and the Group's unaudited interim condensed consolidated financial information for the three months ended 31 March 2011 are incorporated in, and form part of, this Base Prospectus.

The comparative consolidated financial statements for the year ended 31 December 2009 have been restated due to the effect of the purchase price allocation of PMG, which required retrospective adjustment of provisional amounts recognised at the acquisition date and revision to the fair value of the Guarantor's share in PMG (See Note 2 of the Guarantor's audited consolidated financial statements for the year ending 31 December 2010).

The comparative unaudited interim condensed consolidated financial information for the three months ended 31 March 2010 have been restated due to the effect of the purchase price allocation of PMG and BOB which required retrospective adjustment of the Guarantor's share in PMG and BOB (See Note 4 of the Guarantor's unaudited interim condensed consolidated financial information for the three months ended 31 March 2011).

Consolidated Income Statement

In 2010, the consolidated revenues⁴ of the Group were KD408.2 million compared to the consolidated revenues of KD 399.2 million in 2009. The increase was driven by a gain on sale of its partial stake in GIC and increased investment income partially offset by lower interest income.

Investment income in 2010 increased by KD22.8 million, primarily due to the gain recognised on fair valuation of equity interest retained in GIC and gain on business combinations achieved in stages. The Group fair valued the equity interest retained in GIC and recognised a gain of KD24.3 million being the excess of fair value of interest retained over its carrying amount in the consolidated income statement. The Group acquired additional stakes in UIC, URC, BoB, United Towers Company ("UTC"), Dhiyafa Holding Company ("DHC") and URC Jordan. Since the business combinations were achieved in stages, the Group re-measured its previously held equity interest in these entities at the acquisition date fair value resulting in a gain of KD60.8 million in 2010.

In 2010, the consolidated profit of the Group was KD45.0 million, compared to the consolidated profit of the Group of KD36.8 million in 2009 (restated). Profits in 2010 increased primarily on account of increased investment income as mentioned above which was partially offset by higher general and administrative expenses at Burgan Bank.

In the three months ended 31 March 2011, the consolidated revenues⁴ of the Group were KD93.2 million compared to KD78.8 million in the three months ended 31 March 2010. The increase of 18.2 per cent. in revenues is primarily attributable to a KD5.8 million increase in investment income, KD6.4 million hospitality and real estate income due to the consolidation of URC and an increase in foreign exchange gain of KD6.7 million. Net profit (attributable to the equity holders of the Guarantor) increased by 295.1 per cent. compared to the corresponding period in the previous year to KD8.1 million in the three months ended 31 March 2011 from

The earnings of companies in the financial services sector can be attributed to a strategy of regional expansion through acquisitions and/or establishment of green field operations. The strong deposit base, quality of assets and the prudent provisioning strategies adopted by these companies make them well positioned to capitalise on these opportunities. In the media sector, there is a high demand for services and exclusive content. The business model is such that once break-even is achieved, revenue growth is not accompanied by a proportionate increase in fixed costs, resulting in a relatively sharp growth in profit margins.

Consolidated Liabilities and Equity:

The consolidated total liabilities of the Group increased from KD4.5 billion in 2009 to KD4.6 billion in 2010. This increase in total liabilities was primarily due to the ten year fixed rate bond issue of US\$500 million (KD143.0 million) by Kuwait Projects Co. (Cayman) in July 2010 under its Euro Medium Term Note Programme. Consolidated total liabilities as of 31 December 2010 comprised due to banks and other financial institutions (18.0 per cent. of total liabilities), deposits from customers (55.3 per cent. of total liabilities), loans payable (9.0 per cent. of total liabilities), bonds (1.2 per cent. of total liabilities), medium term notes (10.4 per cent. of total liabilities), and other liabilities (6.0 per cent. of total liabilities).

Equity attributable to the equity holders of the Guarantor increased from KD544.3 million as of 31 December 2009 to KD559.9 million as of 31 December 2010.

The consolidated total liabilities of the Group decreased by 2.2 per cent. to KD4.5 billion between 31 December 2010 and 31 March 2011, primarily because of a decrease in due to banks. Consolidated total liabilities as of 31 March 2011 comprised due to banks and other financial institutions (16.7 per cent. of total liabilities), deposits from customers (56.2 per cent. of total liabilities), loans payable (9.0 per cent. of total liabilities), bonds (1.3 per cent. of total liabilities), medium term notes (10.5 per cent. of total liabilities), and other liabilities (6.4 per cent. of total liabilities).

Equity attributable to the equity holders of the Guarantor decreased to KD531.5 million as of 31 March 2011 from KD559.9 million as of 31 December 2010 primarily due to the provision of the KIPCO dividend of KD22.5 million for the year ended 31 December 2010.

The following table sets out the Group's consolidated total liabilities and equity as of 31 December 2009 and 2010 and as of 31 March 2011:

UNAUDITED UNCONSOLIDATED ADDITIONAL INFORMATION RELATING TO THE GUARANTOR

Pursuant to a change in International Financial Reporting Standards (IFRS) IAS 27–Consolidated and separate financial statements (Revised) subparagraph BC65, the Guarantor does not produce Parent Company standalone audited financial statements. The additional information contained in this section is therefore based on the Guarantor's unaudited unconsolidated Parent Company accounts for the two financial years ended 31 December 2009 and 2010 and the three months ended 31 March 2010 and 2011.

The information has been included to illustrate the Guarantor's unconsolidated position in relation to the market value of its listed Principal Companies (UGB, GIC, Burgan Bank), its asset coverage ratio and its cash interest coverage ratio.

Market Value of the Guarantor's holding in listed Principal Companies and other selected subsidiaries:

The following table sets out the market value of the Guarantor's holding in each of its listed Principal Companies as of 31 December 2009, 31 December 2010 and 31 March 2011 calculated by multiplying the number of shares owned by the Guarantor by the last bid price of each share quoted on the Kuwait Stock Exchange on the specified date (or if not a trading day, the last trading day before the specified date):

Guarantor's asset coverage ratio

As of 31 March 2011, the Guarantor's unconsolidated debt was KD520.3 million. The Guarantor has adopted a strategy of refinancing/rolling-over maturing bonds through the issue of new bonds or syndicated loans. In July 2010, the Guarantor issued US\$500 million (KD143 million) ten year fixed rate bonds under the Programme which was the First ever 10 year RegS international private sector transaction from the region, as well as the First US Dollar denominated offering from a Kuwaiti institution since 2009. The table below sets out the asset coverage ratio (i.e. the ratio of market value of listed Principal Companies to total loans, medium term notes and bonds outstanding after deducting cash and cash equivalents) as of 31 December 2009, 31 December 2010 and 31 March 2011, respectively. The Guarantor may increase its debt (including the issuance of debt securities) in the future.

Guarantor's cash interest coverage ratio

The primary sources of the Guarantor's cash inflow are its dividend stream from the Principal Companies, gains on sale of stakes in subsidiaries and associates, gains from sales of trading and available for sale investments and fee income.

The Guarantor's majority or significant holding in each of its Principal Companies, influence over the Board of Directors and management allows the Guarantor to set or influence dividend policies in the main companies in which it has invested. Subject to legal and regulatory requirements, the Guarantor's influence is sufficient to ensure that dividend payout policies continue at a level similar to the historical level of payout. Although this has not been the case recently in the Banks that the Guarantor controls, the Guarantor remains committed to resuming dividend payment as soon as appropriate. The blended dividend payout ratios (i.e. aggregated proposed dividends of listed Principal Companies divided by aggregated net income of listed Principal Companies) in 2009 was 56.0 per cent. and in 2010 was 18.3 per cent.

The Guarantor regularly also sells securities that it owns (including from time to time shares in its subsidiaries, associates and joint venture companies). This has resulted in sizeable revenues and cash inflows in every recent period. The combination of dividend and other distributions and proceeds from sales of securities has provided the Guarantor with sufficient liquidity to service its debt and fund its operating expenses.

For the year ended 31 December 2010, the Guarantor's share of dividends received was KD12.1 million. In addition, the Guarantor generated other operating cash flows of KD 46.4 million from gains on sale of its stake in subsidiaries, gain on sale of trading and available for sale investments, and other income. Net interest payments for the year ended 31 December 2010 amounted to KD18.0 million, comprising KD25.0 million of interest expense and KD7.0 million of interest income. For the quarter ended 31 March 2011, the net interest outflow amounted to KD7.3 million as a result of interest payments totaling approximately KD 8.8 million against interest income of approximately KD 1.5 million.

The following table sets out the cash interest coverage ratio for the two financial years ended 31 December 2009 and 2010 and the three months ended 31 March 2010 and 2011:

UGB was registered under an investment banking licence issued by the Central Bank of Bahrain (previously known as the Bahrain Monetary Agency ("**BMA**")). On 1 July 2006, the Central Bank of Bahrain implemented a new regulatory and supervisory framework for licensing banks in the Kingdom of Bahrain. Under the new framework, UGB is licensed as a conventional wholesale bank.

As of 31 March 2011, the Guarantor's direct effective interest in UGB was 86.8 per cent. and consolidated effective interest was 95.9 per cent.

UGB operates across the MENA region and it offers its clients an entire range of investment banking (including corporate finance and advisory services), asset management and brokerage services directly and through its subsidiaries and associates in the financial services sector. In addition, UGB has investments in a portfolio of companies in the real estate and industrial sectors that provide a recurring revenue stream. UGB also has a proprietary portfolio of private equity and hedge funds listed and unlisted securities as well as structured products.

As a part of the Reorganisation, UGB sold its stake in its commercial banking entities to Burgan Bank. JKB was sold in July 2008, AGB and BOB were sold in March 2009 and the sale of TIB was completed in June 2010. The only banking entity that will be owned by UGB is Syria Gulf Bank (31.0 per cent. effective interest as of 31 December 2010). UGB used part of the proceeds from the sale of these commercial banks to purchase a 17.0 per cent. stake in Burgan Bank.

UGB is in the process of enhancing its AMIB franchise across the MENA region and aims to replicate its past track record of building businesses.

Currently, the Group's flagship companies which provide AMIB services include KIPCO Asset Management Company, North Africa Holding Company, Manafae Investment Company, United Gulf Financial Services Company-North Africa (Tunisia) and Al Sharq Financial Brokerage Company.

As of the end of trading on 5 June 2011, the last bid price for shares of UGB was KD0.300 (U.S.\$1.097) per share giving it a market capitalisation of KD246.6 million (U.S.\$901.7 million).

Financial Summary

The financial information set out below has been extracted from UGB's audited consolidated financial statements (which are reported in U.S.\$) for the two financial years ended 31 December 2009 and 2010 and UGB's unaudited interim condensed consolidated financial information for the three months ended 31 March 2010 and 2011.

- Total income in 2010 increased to U.S.\$163.2 million from U.S.\$124.5 million in 2009, an increase of 31.1 per cent. The increase in total income is explained through a fair valuation gain on the acquisition of a stake in Burgan Bank (US\$69.7 million), gain on the disposal of TIB (US\$ 43.9 million) compared to US\$26.7 million gain on the sale of AGB and BOB in 2009, partially offset by loss on dilution of the stake in URC (US\$ 31.4 million, as UGB did not participate in the URC rights issue) and reduced gain on sale of available for sale investments and other income. For the quarter ended 31 March 2011, total income of UGB was U.S.\$26.3 million, representing a decline of 4.4 per cent. compared to the corresponding period in 2010.
- Net profit attributable to equity holders increased to U.S.\$38.7 million from U.S.\$20.1 million in 2009, registering an increase of 92.4 per cent. The increase in profits is primarily due to gain on acquisition of the stake in Burgan Bank and gain on disposal of TIB. The net profit attributable to equity holders for the quarter ended 31 March 2011 was US\$4.8 million compared to U.S.\$7.5 million in the corresponding period in 2010, registering a decline of 35.6 per cent. The decline in profits is primarily due to impairment loss on investments of U.S.\$3.3 million in the quarter ended 31 March 2011.
- As of 31 December 2010, UGB had a total asset base of nearly U.S.\$1.9 billion, which decreased by 19.1 per cent. compared to 31 December 2009 primarily due to the completion of the sale of commercial banks and receipt of subordinated debt from Burgan Bank partially offset by the purchase of a stake in Burgan Bank. Investment in associates accounted for 53.5 per cent. of total assets as of 31 December 2010. Investments carried at fair value through the income statement and financial assets available for sale accounted for 26.7 per cent. of total assets as of 31 December 2010. Total assets declined by 1.6 per cent. to U.S.\$1.9 billion as at 31 March 2011 as against 31 December 2010.

It is the largest insurance company in Jordan in terms of market share and revenues; and
8. Acquiring a 59.0 per cent. stake in Egyptian Life Takaful Insurance Company (ELTIC) through GLIC (59.0 per cent. shareholding as of 31 December 2010).

GIC’s underlying strategy is to become a regional market leader by increasing its customer focus and becoming the single contact for all of the insurance needs of its customers. In addition to existing economies, GIC is focusing on North African economies (Algeria, Tunisia, Morocco, Iraq etc.) for expansion. GIC has also established a multi-phased plan for its Customer Relationship Management programme directed at gaining insight into customer purchasing behaviour.

BURGAN BANK

Burgan Bank S.A.K. is a public shareholding company incorporated in the State of Kuwait by Amiri Decree dated 27 December 1975 and its shares are listed on the Kuwait Stock Exchange. The bank is regulated by the Central Bank of Kuwait. As of 31 March 2011, the Guarantor's direct effective interest in Burgan Bank was 41.9 per cent. and consolidated effective interest was 58.6 per cent.

The address of the bank's registered office is P.O. Box 5389, Safat 12170, State of Kuwait.

Burgan Bank offers a full range of banking services to both retail and commercial customers in Kuwait, Jordan, Iraq, Tunisia and Algeria. It operates under four divisions which are corporate banking, retail banking, private banking and investment banking and treasury.

Under its **corporate banking division**, Burgan Bank provides overdraft facilities, business loans, working capital finance, commercial loans, letters of credit and letters of guarantee. The corporate banking division includes six main units namely the services and energy unit for establishing banking and credit relationships with clients in the service and the energy sectors in Kuwait; the investment and real estate unit for providing short and medium-term financing (primarily on a secured basis) to prime investment and real estate corporate entities; the trading and automotive unit and the trading and manufacturing unit providing financial assistance to trading and manufacturing companies; the international banking unit providing a full range of banking services to multinational corporations operating in Kuwait and the GCC and the contracting unit providing working capital finance to major contracting companies. The bank offers a range of **retail banking** products and services including a range of customer accounts, loans, remittances, electronic banking, safe deposit boxes, credit and debit cards. It currently has a network of 139 branches and nearly 218 ATM machines to serve its customer base.

Through its **private banking** division, Burgan Bank provides wealth management services and investment vehicles targeted at high net worth Kuwaitis and expatriates.

Burgan Bank's **investment banking and treasury** segment is responsible for all wholesale financial market transactions, both domestically and internationally, and comprises the treasury, investment and financial institutions divisions. The treasury division is responsible for the management of foreign exchange positions, asset-liability management, overall management of Burgan Bank's balance sheet, interest rate and liquidity positions. The investment banking division manages Burgan Bank's proprietary investments and also the investments of the two mutual funds under Burgan Bank's management. The financial institutions division is responsible for Burgan Bank's relationships with other banks and other financial institutions. Through these divisions, Burgan Bank provides products and services in investments and new issues, investment funds, foreign exchange, money markets, corporate sales and financial institutional lending.

Burgan Bank has been aligning and focusing its businesses to improve profitability and asset quality and is building on its strategy for growth through continuing diversification of products, businesses and geographies.

The Kuwaiti banking sector in general has witnessed higher loan loss provisions and securities impairment charges over the last 24 months, primarily on account of the weaker performance of real estate, construction industry and investment companies. On a precautionary note, Burgan has been conducting periodic stress testing of its loan portfolio since early 2008 anticipating potential problems. At 31 March 2011, Burgan Bank's ratio of non-performing assets to gross credit facilities was 7.0 per cent. and the ratio of total provision for impairment to non-performing assets (aggregate of collateral) was 112.7 per cent. In addition to specific provisions, Burgan Bank has also been undertaking general provisions which accounted for 51 per cent. of total provisions for impairment as at 31 March 2011.

In April 2010, Burgan Bank completed its KD100.8 million capital increase through a rights issue by offering 360 million shares each at a nominal value of 100 fils and a premium of 180 fils. It also raised US\$400 million at 8.125 per cent. through a subordinated debt issue in September 2010 which was 3.9 times oversubscribed. As a result of the above capital issuances, the total capital adequacy ratio of Burgan Bank is robust and stands at 20.9 per cent. as at 31 December 2010. The above capitalisation initiatives have provided a buffer above the regulatory capital requirements of Basel II and the Central Bank of Kuwait. This also positions the Bank to take advantage of acquisition opportunities that may emerge in the future.

As of the end of trading on 5 June 2011, the last bid price for shares of Burgan Bank was KD0.500 (U.S.\$1.828) per share giving it a market capitalisation of KD719.3 million (U.S.\$2,630.0 million).

Financial Summary:

The financial information set out below has been extracted from Burgan Bank's audited financial statements for the two financial years ended 31 December 2009 and 2010 and its unaudited interim condensed consolidated financial information for the three months ended 31 March 2010 and 2011.

- In 2010, net income attributable to equity holders of the bank was KD4.7 million, a decline of 25.1 per cent. over 2009 primarily due to increased general and administrative costs. However, the net income attributable to equity holders for the three months ended 31 March 2011 grew nearly 10 times to KD11.8 million as against the corresponding figure for the three months ended 31 March 2010. - Total revenue in 2010 decreased to KD23.8 million from KD28.0 million in 2009, a decrease of 15.0 per cent. For the quarter ended 31 March 2011, total revenue of URC was KD 6.4 million, representing an increase of 11.6 per cent. compared to the corresponding period in 2010. The increase was primarily attributable to income from the sale of properties held for trading.
- Net profit attributable to equity holders increased to KD5.6 million from KD3.8 million in 2009, registering an increase of 47.4 per cent. The increase in profit is primarily due to gain on disposal of investment properties including a plot of land for development. The net profit for

- As of 31 December 2010, URC had a total asset base of KD363.8 billion, which increased by 11.3 per cent. compared to 31 December 2009 primarily due to increased cash balances as a result of bonds and right shares issue during the year. - Total income increased to KD9.7 million for the year ended 31 December 2010 as compared to a loss of KD1.4 million for the year ended 31 December 2009. The increase in total income is explained by an increase in share of profits from associate companies by 140 per cent. to KD5.0 million and a fair valuation gain of KD2.4 million on the reclassification of its former associate, Kuwait National Industrial Projects Company (“**KNIPC**”), into a subsidiary. The increase in share of income from associate companies is attributable to an increase in SADAFCO’s operating income and decreased loss from another associate company, Al Atoun Steel Industries Company. For the three months ended 31 March 2011, the total income of UIC was KD3.8 million, representing a decline of 6.8 per cent. compared to the corresponding period for the three months ended 31 March 2010, driven by the fair valuation loss of investment properties.
- Net profit attributable to shareholders of the Parent increased to KD4.0 million for the year ended 31 December 2010 from a loss of KD7.4 million for the year ended 31 December 2009, primarily due to an increase in total income as mentioned above. The net profit attributable to equity holders for the quarter ended 31 March 2011 was KD1.2 million compared to KD2.8 million in the corresponding period in 2010. The decrease is driven by the impairment of financial assets available for sale and higher finance charges due to the consolidation of KNIPC.
- As of 31 December 2010, the total assets increased by 37 per cent. to KD178.1 million as compared to 31 December 2009, mainly due to an increase in investments in associate companies attributable to the consolidation of KNIPC in 2010. Total assets increased by 0.6 per cent. to KD179.1 million as of 31 March 2011 as against 31 December 2010.

RISK MANAGEMENT

Risk is inherent in the Group's activities but is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Group's continuing profitability.

Each subsidiary of the Group is responsible for managing its own risks and has its own board committees, including audit and executive committees, in addition to other management committees such as the credit / investment committee and (in the case of major subsidiaries) the asset liability committee, or equivalent, with responsibilities generally analogous to the Group's committees.

The independent risk control process does not cover business risks such as changes in the business environment, technology and industry. These risks are monitored through the Group's strategic planning process.

The board of directors is ultimately responsible for the overall approach to risk management and for approving the risk strategies and principles.

Monitoring and controlling risk is primarily performed based on limits established by the Group. These limits reflect the business strategy of the Group and market environment in which the Group operates as well as the level of risk that the Group is willing to accept, with additional emphasis on selected geographic and industrial sectors. In addition, the Group monitors and measures its overall risk-bearing capacity in relation to the aggregate risk exposure across all risk types and activities.

The operations of certain Group subsidiaries are also subject to regulatory requirements within the jurisdictions where they operate. Such regulations not only prescribe approval and monitoring of activities, but also impose certain restrictive provisions (e.g. capital adequacy) to minimise the risk of default by or insolvency of banking and insurance companies and to meet unforeseen liabilities as these arise.

As a part of its overall risk management, the Group uses derivatives and other instruments to manage exposures resulting from changes in interest rates and foreign exchange rates.

The risk profile is assessed before entering into hedge transactions, which are authorised by an officer with the appropriate level of seniority within the Group.

The Group classifies the risks faced as part of its monitoring and controlling activities into certain categories of risks and accordingly specific responsibilities have been given to various officers for the identification, measurement, control and reporting of these identified categories of risks.

REGULATION

Company formation and governance is governed by the Companies Law which is administered by the Ministry of Commerce and Industry.

Consolidated financial statements and the financial statements of the Principal Companies are audited in accordance with IFRS and IAS as issued by the International Accounting Standards Board. Kuwait is a member of the International Federation of Accountants (IFAC) and adopted IAS in 1990.

TAXATION

The following is a general description of certain Cayman Islands, Kuwaiti and other tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Cayman Islands

Payments of interest and principal on Notes will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of interest and principal to any holder of Notes or will gains derived from the disposal of Notes be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax.

No stamp duty is payable in respect of the issue of Notes. Notes themselves will be stampable if they are executed in or brought into the Cayman Islands.

The issuer has received an undertaking dated 21 March 2006 from the Governor in Cabinet of the Cayman Islands under the Tax Concessions Law (as amended) of the Cayman Islands. Such undertaking provides that for a period of 20 years from the date of the issue of such undertaking:

- (a) no law which is thereafter enacted in the Cayman Islands imposing any tax or duty to be levied on the profits, income, gains or appreciations shall apply to the Issuer or its operations; and
- (b) no tax in the nature of estate duty or inheritance tax will be payable on the shares, debentures or other obligations of the Issuer; or by way of the withholding in whole or in part of any relevant payment as defined in section 6(3) of the Tax Concessions Law (as amended) of the Cayman Islands.

Kuwait

The summary of taxation in the State of Kuwait is based upon the laws and regulations embodied in Kuwait Income Tax Decree No. 3 of 1955, as amended by Law No. 2 of 2008 "Amending Certain Provisions Kuwait Income Tax Decree No. 3 of 1955" ("Amendment"), regulations setting out the implementation of the Amendment ("Regulations") Ministerial Order No. 44 of 1985 issued by the Ministry of Finance ("MOF") and other ministerial resolutions and circulars (the "Taxation Laws") as interpreted and implemented by the MOF's Department of Income Taxes ("DIT") as in effect and operation as of the date of this Base Prospectus. Any changes in either the Taxation Laws and/or the DIT's application of the same after said date would alter and affect this summary.

Under the Taxation Laws and the practices of the DIT, income taxes at the rate of 15 per cent. are only levied on the net income and capital gains of foreign companies that either conduct business in Kuwait and/or hold ownership interests in any entities organised under Kuwaiti law. Prior to the Amendment, foreign companies would not be considered as conducting business in Kuwait based solely on holding the Notes, receiving any payment of principal and interest thereunder or receiving any capital gain on the disposals thereof. However, the Amendment and the Regulations now make payments of interest from Kuwaiti debtors to foreign corporate creditors a taxable event. Under the terms of the Notes, this would only occur if the Guarantor were called upon to make payments of interest directly to the holders of the Notes. Since the Issuer of the Notes is not a Kuwaiti entity, the payments by the Issuer to the holders of Notes is not a taxable event in Kuwait. In the case where the Guarantor may make direct payments of interest on the Notes to the holders of the Notes, then the provisions of the Notes requiring that all such payments be grossed up for taxes would then apply.

Given the recent revisions in the Taxation Laws and DIT's representations about how they will be applied, payments of interest in respect of the Notes are currently not considered taxable events under Kuwaiti law nor are they subject to any withholding requirements. It should be noted, however, that the DIT's application and interpretation of the Taxation Laws and the Amendment are always subject to change. In the event that the DIT changes its application of the Taxation Laws and/or considers the Programme as a whole as a lending by a foreign entity or entities to a Kuwaiti entity thereby making the payment of interest in respect of the Notes a taxable event, and thereby possibly subjecting the payments to a withholding requirement, the Guarantor ensures that all payments of principal and interest in respect of the notes received by Noteholders will be the amount that would have been received had no taxes or withholding requirements been applied.

For the purposes of this section, the term "company" includes a partnership. The term "foreign company" would not include companies established in one of the GCC countries whose shareholders are comprised only of nationals of the GCC states. The GCC states are Kuwait, Saudi Arabia, Bahrain, Qatar, Oman and the United Arab Emirates.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC (the **Directive**) on the taxation of savings income, each Member State is required to provide to the tax authorities of other Member States details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg are instead required to operate a withholding system (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries).

A number of non-EU countries and territories (including Switzerland) have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of BNP Paribas, Commerzbank Aktiengesellschaft, HSBC Bank plc, Crédit Agricole Corporate and Investment Bank, Emirates Financial Services PSC and West LB AG (the “**Dealers**”). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated Dealer Agreement dated 9 June 2011 (the “**Dealer Agreement**”) and made between the Issuer, the Guarantor and the Dealers. Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms.*

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

Each Dealer has agreed that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Notes comprising the relevant Tranche, as certified to the Principal Paying Agent or the Issuer by such Dealer (or, in the case of a sale of a Tranche of Notes to or through more than one Dealer, by each of such Dealers as to the Notes of such Tranche purchased by or through it, in which case the Principal Paying Agent or the Issuer shall notify each such Dealer when all such Dealers have so certified) within the United States or to, or for the account or benefit of, U.S. persons, and such Dealer will have sent to each dealer to which it sells Notes during the distribution compliance period relating thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public Offer Selling Restriction Under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Prospectus as completed by the Final Terms in relation thereto (or are the subject of the offering contemplated by a Drawdown Prospectus, as the case may be) to the public in that Relevant Member State except that it may, with effect from and including the

Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive; or
- (b) at any time to fewer than 100 or, if the relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression “**an offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State) and includes any relevant implementing measure in each Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.
