BP p.l.c.

(Incorporated in England under the Companies (Consolidation) Act 1908 registered number 102498)

This Prospectus supersedes the Prospectus dated 13 August 2014 in connection with the Programme (as defined below). Any Notes (as defined below) issued under the Programme on or after the date of this Prospectus are issued subject to the provisions described herein. This does not affect any Notes already in issue.

Under the Debt Issuance Programme described in this Prospectus (the “Programme”), BP Capital Markets p.l.c. (“BP Capital” or the “Issuer”) subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities (the “Notes”) unconditionally and irrevocably guaranteed by BP p.l.c. (“BP” or the “Guarantor”). Subject to compliance with all relevant laws, regulations and directives, the Notes shall have a minimum maturity of one month and no maximum maturity. The aggregate principal amount of Notes outstanding will not at any time exceed US\$30,000,000,000 (or the equivalent in other currencies).

In the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which would otherwise require the publication of a prospectus under the Prospectus Directive (as defined below), the minimum denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of such Notes). An investment in the Notes issued under the Programme involves certain risks. For a discussion of these risks, see “Risk Factors”.

Application has been made to the Financial Conduct Authority under Part VI of the Financial Services and Markets Act 2000 (as amended) (the “FSMA”) (the “UK Listing Authority”) for Notes issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the official list of the UK Listing Authority (the “Official List”) and to the London Stock Exchange plc (the “London Stock Exchange”) for such Notes to be admitted to trading on the London Stock Exchange’s regulated market.

References in this Prospectus to Notes being “listed” (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange’s regulated market and have been admitted to the Official List. The London Stock Exchange’s regulated market is a regulated market for the purposes of Directive 2004/39/EC (the “Markets in Financial Instruments Directive”).

Notice of the aggregate principal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under “*Terms and Conditions of the Notes*”) of Notes will be set out in a Final Terms supplement (the “Final Terms”) which, with respect to Notes to be listed, will be delivered to the UK Listing Authority and the London Stock Exchange or such other relevant competent authority (as the case may be), on or before the date of issue of the Notes of such Tranche. In the case of Notes listed on the SIX Swiss Exchange (“Swiss Notes”), references to the Final Terms contained in this Prospectus shall be construed as references to the pricing supplement contained in this Prospectus (the “Pricing Supplement”).

References in this Prospectus to Notes listed on the SIX Swiss Exchange are to Notes for which no prospectus is required to be published under the Prospectus Directive. The UKLA has neither approved nor reviewed information contained in this Prospectus in connection with Notes listed on the SIX Swiss Exchange.

In relation to each separate issue of Notes, the final offer price and amount of such Notes will be determined by the Issuer and the relevant Dealers in accordance with prevailing market conditions at the time of the issue of the Notes and will be set out in the relevant Final Terms. Each Series (as defined in “*Overview of the Programme*”) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (a “temporary Global Note”) or a permanent global note in bearer form (a “permanent Global Note”, together with the temporary Global Notes, the “Global Notes”). If a Global Note is intended to be issued in new global note (“NGN”) form, as stated in the relevant Final Terms, it will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “Common Safekeeper”) on behalf of Euroclear Bank S.A./N.V. (“Euroclear”) and Clearstream Banking, *société anonyme* (“Clearstream, Luxembourg”). Notes in registered form will be represented by registered certificates (each a “Certificate”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. If a Global Certificate (as defined in “*Overview of the Programme*”) is intended to be held under the New Safekeeping Structure (the “NSS”), as stated in the relevant Final Terms, the Global Certificate will be delivered on or prior to the original issue date of the relevant Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg. Global Notes and Global Certificates which are not held in NGN form or under the NSS, respectively, may be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg or Global Notes and Global Certificates may be deposited with The Central Depository (Pte) Limited (“CDP”) or Global Notes and Global Certificates may be deposited with a sub-custodian for the Central Money Markets Unit Service (“CMU”), operated by the Hong Kong Monetary Authority (the “CMU Service”). Notes denominated in Canadian dollars settling and clearing through CDS Clearing and Depository Services Inc. (“CDS”, and such Notes, “Canadian Notes”) will be represented on issue by a Global Certificate which will be deposited on or prior to the issue date of the relevant Tranche with CDS or a nominee of CDS. The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in “*Summary of Provisions Relating to the Notes While in Global*”

Form”.

BP has a long term/short term senior unsecured debt rating of “A2 (positive outlook)”/“P-1 (positive outlook)” by Moody’s Investors Service Limited (“Moody’s”) and “A (stable outlook)”/“A-1 (stable outlook)” by Standard & Poor’s Credit Market Services Europe Limited (“Standard & Poor’s”). The Programme has been rated “A2” by Moody’s and “A” by Standard & Poor’s. Each of Moody’s and Standard & Poor’s is established in the European Union and registered under Regulation (EC) No 1060/2009 (as amended) on credit rating agencies (the “CRA Regulation”). A list of registered Credit Rating Agencies is published on the European Securities and Markets Authority (“ESMA”) website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>). Notes issued pursuant to the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. A suspension, reduction or withdrawal of the rating assigned to any Notes may adversely affect the market price of the Notes. Please also refer to “*Credit ratings may not reflect all risks*” in the “*Risk Factors*” section of this Prospectus.

This Prospectus comprises a base prospectus (a “Base Prospectus”) for the purposes of Article 5.4 of the Prospectus Directive in respect of BP Capital. For the purposes of this Prospectus, the expression “Prospectus Directive” means Directive 2003/71/EC (and the amendments thereto, including the 2010 PD Amending Directive), and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

Each of BP and BP Capital (the “Responsible Persons”) accepts responsibility for the information contained in this Prospectus. To the best of the knowledge of BP and BP Capital (each having taken all reasonable care to ensure that such is the case), the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Guarantor or any of the Dealers or the Arranger (each as defined below). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer, the Guarantor or any of their respective subsidiaries and affiliates (together the “Group” or the “BP Group”) since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer, the Guarantor or the Group since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer, the Guarantor, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”), and may include Notes in bearer form that are subject to US tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, US persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see “*Subscription and Sale*”.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer, the Guarantor, the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Dealers and the Arranger have not separately verified the information contained in this Prospectus. To the fullest extent permitted by law, none of the Dealers, the Arranger or the Trustee accept any responsibility for the contents of this Prospectus. Each of the Dealers, the Arranger and the Trustee accordingly disclaims all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of this Prospectus or any such statement. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Prospectus. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Guarantor, the Dealers or the Arranger that any recipient of this Prospectus or any other financial statements supplied in connection with the Programme or any Notes, should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus or any other financial statements and its purchase of Notes should be based upon any such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer, the Guarantor or the Group during the life of the arrangements contemplated by this Prospectus nor to advise any

investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In connection with the issue of any Tranche (as defined in “*Overview of the Programme*” below) of Notes, the Dealer or Dealers (if any) named as the stabilisation manager(s) (the “Stabilisation Manager(s)”) (or any persons acting on behalf of any Stabilisation Manager) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilisation Manager(s) (or any persons acting on behalf of a Stabilisation Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes.

This Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Prospectus as completed by final terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor’s currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing

conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

In the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of such Notes).

In this Prospectus, unless otherwise specified or the context otherwise requires, references to "GBP", "£", "sterling" and "pounds sterling" are to the currency of the United Kingdom, references to "Renminbi", "RMB" and "CNY" are to the lawful currency of the People's Republic of China, references to "€" and "euro" are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community (as amended from time to time), references to "US dollars" and "US\$" are to the currency of the United States of America, references to "C\$", "CAD" and "CDN" are to the currency of Canada, references to "Singapore dollars" and "S\$" are to the lawful currency of Singapore, references to "HK\$" are to the lawful currency of Hong Kong, references to "China", "Mainland China" and "PRC" are to the People's Republic of China which, for the purpose of this Prospectus, shall exclude Hong Kong, the Macau Special Administrative Region of the People's Republic of China and Taiwan and references to "PRC Government" are to the government of the PRC.

References to Final Terms in this Prospectus includes references to the Pricing Supplement (which is applicable in respect of Swiss Notes only), where appropriate.

Forward-looking statements

The Prospectus contains, or is deemed to incorporate by reference, certain forecasts, projections and forward-looking statements – that is, statements related to future, not past events – with respect to the financial condition, results of operations and businesses of the BP Group (including BP and BP Capital) and certain of the plans and objectives of the BP Group (including BP and BP Capital) with respect to these items. These statements may generally, but not always, be identified by the use of words such as ‘will’, ‘expects’, ‘is expected to’, ‘aims’, ‘should’, ‘may’, ‘objective’, ‘is likely to’, ‘intends’, ‘believes’, ‘anticipates’, ‘plans’, ‘we see’ or similar expressions and includes those identified as such in the “*Cautionary statement*” sections incorporated herein from the Annual Report 2014 and the BP Group’s unaudited results.

By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will or may occur in the future and are outside the control of the BP Group.

Actual results may differ materially from those expressed in such statements, depending on a variety of factors including those identified in the “*Cautionary statement*” sections incorporated herein from the Annual Report 2014 and the BP Group’s unaudited results, and other factors discussed elsewhere in the Prospectus including under “*Risk Factors*”. In addition to factors set forth elsewhere in the Prospectus, those referenced above are important factors, although not exhaustive, that may cause actual results and developments to differ materially from those expressed or implied by these forward-looking statements.

Bearer Notes having a maturity of more than one year will be subject to the United States Tax Equity and Fiscal Responsibility Act of 1982 (“TEFRA”) and will be issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(D) (the “D Rules”) unless (i) the relevant Final Terms states that Notes are issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(C) (the “C Rules”) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under TEFRA, which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

Fixed Interest Rate Notes	Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.
Floating Rate Notes	Floating Rate Notes will bear interest at a rate determined (i) on the same basis as the floating rate under a notional interest-rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc.); or (ii) by reference to LIBOR, EURIBOR, CAD-BA-CDOR, SOR or SIBOR as adjusted for any applicable margin. Interest periods will be specified in the relevant Final Terms.
Zero Coupon Notes	Zero Coupon Notes may be issued at their principal amount or at a discount to it and will not bear interest.
Interest Periods and Rates of Interest	The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate or both. The use of interest accrual periods permit the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.
Optional Redemption	The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed (either in whole or in part) prior to their stated maturity at the option of the Issuer and/or the holders, and if so the terms applicable to such redemption.
Status of the Notes and the Guarantee	The Notes and the Guarantee will constitute unsubordinated and unsecured obligations of the Issuer and the Guarantor respectively, all as described in “ <i>Terms and Conditions of the Notes - Guarantee and Status</i> ”.
Cross Default	None.
Negative Pledge	None.
Early Redemption	Except as provided in “ <i>Optional Redemption</i> ” above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See “ <i>Terms and Conditions of the Notes - Redemption, Purchase and Options</i> ”.
Withholding Tax	All payments of principal and interest in respect of the Notes will be made free and clear of withholding taxes of the United Kingdom, unless required by law. In that event, the Issuer will, subject to customary exceptions, pay such additional amounts as will result in the payment to the Noteholders of the amounts which would otherwise have been received in respect of the Notes, all as described in “ <i>Terms and Conditions of the Notes - Taxation</i> ”.

Governing Law

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with, English law.

Rating

Notes issued pursuant to the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. The credit ratings included or referred to in this Prospectus will be treated for the purposes of the CRA Regulation as having been issued by Moody's and Standard & Poor's. Moody's and Standard & Poor's are established in the European Union and are registered under the CRA Regulation. A list of registered Credit Rating Agencies is published on the ESMA website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>).

Listing and admission to trading

Application has been made for Notes (other than Swiss Notes) issued under the Programme during the period of 12 months from the date of this Prospectus to be admitted to the Official List and to trading on the London Stock Exchange's regulated market. The UKLA has neither approved nor reviewed information contained in this Prospectus in connection with Notes listed on the SIX Swiss Exchange.

Risk Factors

The Issuer and the Guarantor believe that the following factors may affect their ability to fulfil their obligations under Notes issued under the Programme. These factors are contingencies which may or may not occur and neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are described below.

The Issuer and the Guarantor believe that the factors described below represent the principal risks inherent in investing in Notes issued by the Issuer under the Programme, but the Issuer and the Guarantor may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer and the Guarantor based on information currently available to them which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision. Notwithstanding the foregoing, the factors described below should not be taken as implying that the Issuer or the Guarantor will be unable to comply with its obligations as a company with securities admitted to the Official List.

Investors should note that BP Capital has been created with the purpose of raising debt on behalf of the BP Group and that the creditworthiness of BP Capital is dependent upon that of the Guarantor.

Factors that may affect the ability of the Issuer or the Guarantor to fulfil its obligations under Notes issued by the Issuer under the Programme

Risk factors that apply to BP Capital

BP Capital is a finance vehicle and not an operating company. BP Capital's business is the issuance of debt on behalf of the BP Group. BP Capital does not have any subsidiaries or employees, or own, lease or otherwise hold any real property (including office premises or like facilities), and will not consolidate or merge with any other person. Accordingly, a substantial part of the assets of BP Capital are loans made by it to other members of the BP Group and the ability of BP Capital to satisfy its obligations in respect of the Notes depends upon payments being made to it by other members of the BP Group in respect of such loans.

Risk factors that apply to the business of the BP Group

The risks for the BP Group arising from the 2010 Gulf of Mexico oil spill are described under "*The Gulf of Mexico oil spill*" below. Other risks are set out in "*Other risks*" below. If any of these risks occur, the business, financial condition and results of operations of the BP Group could suffer and the trading price and liquidity of the Notes could decline.

The Gulf of Mexico oil spill

On 2 July 2015 BP Exploration & Production Inc. signed agreements in principle to settle all federal and state claims, and claims made by more than 400 local government entities, arising from the oil spill. These agreements are subject to the execution of definitive agreements and court approval of the Consent Decree relating to such settlement. For further details, including items not covered by the agreements in principle, see the section entitled "*Legal proceedings – Agreements in principle*" on page 35 of the Half Year 2015 Report. There continues to be uncertainty regarding the extent and timing of the remaining costs and liabilities relating to the 2010 Gulf of Mexico oil spill not covered by the agreements in principle.

Other risks

Strategic and commercial risks

Prices and markets – the BP Group’s financial performance is subject to fluctuating prices of oil, gas, refined products, exchange rate fluctuations and the general macroeconomic outlook

Oil, gas and product prices are subject to international supply and demand and margins can be volatile. Political developments, increased supply from new oil and gas sources, technological change, global economic conditions and the influence of OPEC can impact supply and prices for the BP Group’s products. Decreases in oil, gas or product prices could have an adverse effect on revenue, margins and profitability and, if significant, the BP Group may have to write down assets and re-assess the viability of certain projects. A prolonged period of low prices may impact the BP Group’s cash flows, profit, capital expenditure and ability to maintain its long-term investment programme. Conversely, an increase in oil, gas and product prices may not improve margin performance as there could be increased fiscal take, cost inflation and more onerous terms for access to resources. The profitability of the BP Group’s refining and petrochemicals activities can be volatile, with periodic over-supply or supply tightness in regional markets and fluctuations in demand.

Exchange rate fluctuations can create currency exposures and impact underlying costs and revenues. Crude oil prices are generally set in US dollars, while products vary in currency. Many of the BP Group’s major project development costs are denominated in local currencies, which may be subject to fluctuations against the US dollar.

Access, renewal and reserves progression – the BP Group’s inability to access, renew and progress upstream resources in a timely manner could adversely affect the BP Group’s long-term replacement of reserves

Delivering the BP Group’s strategy depends on the BP Group’s ability to continually replenish a strong exploration pipeline of future opportunities to access and produce oil and natural gas. Competition for access to investment opportunities, heightened political and economic risks in certain countries where significant hydrocarbon basins are located and increasing technical challenges and capital commitments may adversely affect the BP Group’s strategic progress. This, and the BP Group’s ability to progress upstream resources and sustain long-term reserves replacement, could impact the BP Group’s future production and financial performance.

Major project delivery – failure to invest in the best opportunities to deliver major projects successfully could adversely affect the BP Group’s financial performance

The BP Group faces challenges in developing major projects, particularly in geographically and technically challenging areas. Operational challenges and poor investment choice, efficiency or delivery at any major project that underpins production or production growth could adversely affect the BP Group’s financial performance.

Geopolitical – the BP Group is exposed to a range of political developments and consequent changes to the operating and regulatory environment

The BP Group operates and may seek new opportunities in countries and regions where political, economic and social transition may take place. Political instability, changes to the regulatory environment or taxation, international sanctions, expropriation or nationalisation of property, civil strife, strikes, insurrections, acts of terrorism and acts of war may disrupt or curtail the BP Group’s operations or development activities. These may in turn cause production to decline, limit the BP Group’s ability to pursue new opportunities, affect the recoverability of the BP Group’s assets or cause it to incur additional costs, particularly due to the long-term nature of many of the BP Group’s projects and significant capital expenditure required.

Rosneft investment – the BP Group’s investment in Rosneft may be impacted by events in or relating to Russia and the BP Group’s ability to recognize its share of Rosneft’s income, production and reserves may be adversely impacted

Events in or relating to Russia, including further trade restrictions and other sanctions, could adversely impact the BP Group’s investment in Russia. To the extent the BP Group is unable in the future to exercise significant influence over its investment in Rosneft or pursue growth opportunities in Russia, the BP Group’s business and strategic objectives in Russia and the BP Group’s ability to recognise its share of Rosneft’s income, production and reserves may be adversely impacted.

Liquidity, financial capacity and financial, including credit, exposure – failure of the BP Group to work within its financial framework could impact the BP Group’s ability to operate and result in financial losses

Failure to accurately forecast, manage or maintain sufficient liquidity and credit could impact the BP Group’s ability to operate and result in financial loss. Trade and other receivables, including overdue receivables, may not be recovered and a substantial and unexpected cash call or funding request could disrupt the BP Group’s financial framework or overwhelm the BP Group’s ability to meet its obligations.

An event such as a significant operational incident, legal proceedings or a geopolitical event in an area where the BP Group has significant activities, could reduce the BP Group’s credit ratings. This could potentially increase financing costs and limit access to financing or engagement in the BP Group’s trading activities on acceptable terms, which could put pressure on the BP Group’s liquidity. Credit rating downgrades could trigger a requirement for the BP Group to review its funding arrangements with the BP pension trustees and may cause other impacts on financial performance. In the event of extended constraints on its ability to obtain financing, the BP Group could be required to reduce capital expenditure or increase asset disposals in order to provide additional liquidity.

Joint and other contractual arrangements – the BP Group may have limited control over the standards, operations and compliance of its partners, contractors and sub-contractors

The BP Group conducts many of its activities through joint arrangements, associates or with contractors and sub-contractors where the BP Group may have limited influence and control over the performance of such operations. The BP Group’s partners and contractors are responsible for the adequacy of the resources and capabilities they bring to a project. If these are found to be lacking, there may be financial, operational or safety risks for the BP Group. Should an incident occur in an operation that the BP Group participates in, its partners and contractors may be unable or unwilling to fully compensate the BP Group against costs it may incur on their behalf or on behalf of the arrangement. Where the BP Group does not have operational control of a venture, it may still be pursued by regulators or claimants in the event of an incident.

Digital infrastructure and cyber security – a breach of the BP Group’s digital security or failure of the BP Group’s digital infrastructure could damage its operations and its reputation

A breach or failure of the BP Group’s digital infrastructure due to intentional actions such as attacks on its cyber security, negligence or other reasons, could seriously disrupt the BP Group’s operations and could result in the loss or misuse of data or sensitive information, injury to people, disruption to the business, harm to the environment or the BP Group’s assets, legal or regulatory breaches and potentially legal liability. These could result in significant costs or reputational consequences.

Climate change and carbon pricing – public policies could increase costs and reduce future revenue and strategic growth opportunities

Changes in laws, regulations and obligations relating to climate change could result in substantial capital expenditure, taxes and reduced profitability. In the future, these could potentially impact the BP Group's upstream assets, revenue generation and strategic growth opportunities.

Competition – the BP Group's inability to remain efficient, innovate and retain an appropriately skilled workforce could negatively impact the delivery of its strategy in a highly competitive market

The BP Group's strategic progress and performance could be impeded if it is unable to control its development and operating costs and margins, or to sustain, develop and operate a high-quality portfolio of assets efficiently. The BP Group could be adversely affected if competitors offer superior terms for access rights or licences, or if the BP Group's innovation in areas such as exploration, production, refining or manufacturing lags the industry. The BP Group's performance could also be negatively impacted if it fails to protect its intellectual property.

The industry faces an increasing challenge to recruit and retain skilled and experienced people in the fields of science, technology, engineering and mathematics. Successful recruitment, development and retention of specialist staff is essential to the BP Group's plans.

Crisis management business continuity – potential disruption to the BP Group's business and operations could occur if the BP Group does not address an incident effectively

The BP Group's business and operating activities could be disrupted if it does not respond, or if it is perceived not to respond, in an appropriate manner to any major crisis or if the BP Group is not able to restore or replace critical operational capacity.

Insurance – the BP Group's insurance strategy could expose the BP Group to material uninsured losses

The BP Group generally purchases insurance only in situations where this is legally and contractually required. The BP Group typically bears losses as they arise rather than spreading them over time through insurance premiums. This means uninsured losses could have a material adverse effect on the BP Group's financial position, particularly if they arise at a time when the BP Group is facing material costs as a result of a significant operational event which could put pressure on the BP Group's liquidity and cash flows.

Safety and operational risks

Process safety, personal safety and environmental risks – the BP Group is exposed to a wide range of health, safety, security and environmental risks that could result in regulatory action, legal liability, increased costs, damage to the BP Group's reputation and potentially denial of the BP Group's licence to operate

Technical integrity failure, natural disasters, human error and other adverse events or conditions could lead to loss of containment of hydrocarbons or other hazardous materials, as well as fires, explosions or other personal and process safety incidents, including when drilling wells, operating facilities and those associated with transportation by road, sea or pipeline.

There can be no certainty that the BP Group's operating management system or other policies and procedures will adequately identify all process safety, personal safety and environmental risks or that all of the BP Group's operating activities will be conducted in conformance with these systems.

Such events, including a marine incident, or inability to provide safe environments for the BP Group's workforce and the public while at the BP Group's facilities, premises or during transportation, could lead to injuries, loss of life or environmental damage. The BP Group could as a result face regulatory action and legal liability, including penalties and remediation obligations, increased costs and potentially denial of the BP

Group's licence to operate. The BP Group's activities are sometimes conducted in hazardous, remote or environmentally sensitive locations, where the consequences of such events could be greater than in other locations.

Drilling and production – challenging operational environments and other uncertainties can impact drilling and production activities

The BP Group's activities require high levels of investment and are often conducted in extremely challenging environments which heighten the risks of technical integrity failure and the impact of natural disasters. The physical characteristic of an oil or natural gas field, and cost of drilling, completing or operating wells is often uncertain. The BP Group may be required to curtail, delay or cancel drilling operations because of a variety of factors, including unexpected drilling conditions, pressure or irregularities in geological formations, equipment failures or accidents, adverse weather conditions and compliance with governmental requirements.

Security – hostile acts against the BP Group's staff and activities could cause harm to people and disrupt the BP Group's operations

Acts of terrorism, piracy, sabotage and similar activities directed against the BP Group's operations and facilities, pipelines, transportation or digital infrastructure could cause harm to people and severely disrupt business and operations. The BP Group's activities could also be severely affected by conflict, civil strife or political unrest.

Product quality – supplying customers with off specification products could damage the BP Group's reputation, lead to regulatory action and legal liability and potentially impact our financial performance

Failure to meet product quality standards or supply on-specification products could cause harm to people and the environment, damage the BP Group's reputation, result in regulatory action and legal liability, and impact financial performance.

Compliance and control risks

US government settlements and debarment – the BP Group's settlements with legal and regulatory bodies in the US in respect of certain charges related to the Gulf of Mexico oil spill may expose the BP Group to further penalties, liabilities and private litigation or could result in suspension or debarment of certain BP entities

Settlements with the US Department of Justice ("DoJ") and the US Securities and Exchange Commission ("SEC") impose significant compliance and remedial obligations on BP and its directors, officers and employees, including the appointment of an ethics monitor, a process safety monitor and an independent third-party auditor. Failure to comply with the terms of these settlements could result in further enforcement action by the DoJ and the SEC, expose the BP Group to severe penalties, financial or otherwise, and subject the BP Group to further private litigation, each of which could impact the BP Group's operations and have a material adverse effect on the BP Group's reputation and financial performance. Failure to satisfy the requirements or comply with the terms of the administrative agreement with the US Environmental Protection Agency ("EPA"), under which BP agreed to a set of safety and operations, ethics and compliance and corporate governance requirements, could result in suspension or debarment of certain BP entities.

Regulation – changes in the regulatory and legislative environment could increase the cost of compliance, affect the BP Group's provisions and limit its access to new exploration opportunities

Governments that award exploration and production interests may impose specific drilling obligations, environmental, health and safety controls, controls over the development and decommissioning of a field and possibly, nationalisation, expropriation, cancellation or non-renewal of contract rights. Royalties and taxes tend to be high compared with those of other commercial activities, and in certain jurisdictions there is a degree of

uncertainty relating to tax law interpretation and changes. Governments may change their fiscal and regulatory frameworks in response to public pressure on finances, resulting in increased amounts payable to them or their agencies.

Such factors could increase the cost of compliance, reduce the BP Group's profitability in certain jurisdictions, limit the BP Group's opportunities for new access, require the BP Group to divest or write-down certain assets or curtail or cease certain operations, or affect the adequacy of the BP Group's provisions for pensions, tax, decommissioning, environmental and legal liabilities. Potential changes to pension or financial market regulation could also impact funding requirements of the BP Group.

Following the Gulf of Mexico oil spill, there have been cases of additional oversight and more stringent regulation of the BP Group and other companies' oil and gas activities in the US and elsewhere, particularly relating to environmental, health and safety controls and oversight of drilling operations, which could result in increased compliance costs. In addition, the BP Group may be subjected to a higher number of citations and level of fines imposed in relation to any alleged breaches of safety or environmental regulations, which could result in increased costs.

Ethical misconduct and non-compliance – ethical misconduct or breaches of applicable laws by our businesses or our employees could be damaging to our reputation

Incidents of ethical misconduct or non-compliance with applicable laws and regulations, including anti-bribery and corruption and anti-fraud laws, trade restrictions or other sanctions, or non-compliance with the recommendations of the ethics monitor appointed under the terms of the DoJ and EPA settlements, could damage the BP Group's reputation, result in litigation, regulatory action and penalties.

Treasury and trading activities – ineffective management of treasury and trading activities could lead to business disruption, financial loss, regulatory intervention or damage to the BP Group's reputation

The BP Group is subject to operational risk around its treasury and trading activities in financial and commodity markets, some of which are regulated. Failure to process, manage and monitor a large number of complex transactions across many markets and currencies while complying with all regulatory requirements could hinder profitable trading opportunities. There is a risk that a single trader or a group of traders could act outside of the BP Group's delegations and controls, leading to regulatory intervention and resulting in financial loss and potentially damaging the BP Group's reputation.

Reporting – failure of the BP Group to accurately report its data could lead to regulatory action, legal liability and reputational damage

External reporting of financial and non-financial data, including reserves estimates, relies on the integrity of systems and people. Failure to report data accurately and in compliance with applicable standards could result in regulatory action, legal liability and damage to the BP Group's reputation. For a period of three years after the SEC settlement in December 2012, the BP Group is unable to rely on the US safe harbor provisions regarding forward-looking statements, which may expose the BP Group to future litigation and liabilities in connection with its public disclosures. For further information, see the section entitled "Legal Proceedings" on pages 228 to 238 (inclusive) of the Annual Report 2014.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of the Successor in Business (as defined in the Terms and Conditions of the Notes) of the Guarantor in place of the Guarantor as guarantor of the Notes, in the circumstances described in Condition 10 of the Terms and Conditions of the Notes.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “EU Savings Directive”), EU Member States are required to provide to the tax authorities of other EU Member States details of payments of interest (or similar income) paid or secured by a person established within its jurisdiction to (or for the benefit of) an individual resident in another EU Member State or certain limited types of entities established in another EU Member State. However, for a transitional period, Austria is instead required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other territories). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The Council of the European Union has adopted a Directive (the “Amending Directive”) which will, if implemented, amend and broaden the scope of the requirements of the EU Savings Directive described above. The Amending Directive would expand the range of payments covered by the EU Savings Directive, in particular to include additional types of income payable on securities, and the circumstances in which payments must be reported or paid subject to withholding. For example, payments made to (or for the benefit of) (i) an entity or legal arrangement effectively managed in an EU Member State that is not subject to effective taxation, or (ii) a person, entity or legal arrangement established or effectively managed outside of the EU (and outside any third country or territory that has adopted similar measures to the EU Savings Directive) which indirectly benefit an individual resident in an EU Member State, may fall within the scope of the EU Savings Directive, as amended. The Amending Directive requires EU Member States to adopt national legislation necessary to comply with it by 1 January 2016, which legislation must apply from 1 January 2017.

However, the European Commission has proposed the repeal of the EU Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements in the Amending Directive.

If a payment to (or for the benefit of) an individual is made or collected through an EU Member State which has opted for a withholding system under the EU Savings Directive and an amount of, or in respect of, tax were to be withheld from that payment pursuant to the EU Savings Directive or any other Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive, none of the Issuer, the Guarantor, any Paying Agent or any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. Except as otherwise provided in the second paragraph of Condition 6(e) of the Terms and Conditions of the Notes, the Issuer is required to maintain a Paying Agent in an EU Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Directive or any other Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 or any law implementing, or introduced in order to conform to such Directive, as approved by the Trustee, which may mitigate an element of this risk if the Noteholder is able to arrange for payment through such a Paying Agent. However, investors should choose their custodians and intermediaries with care, and provide each custodian and intermediary with any information that may be necessary to enable such persons to make payments free from withholding and in compliance with the EU Savings Directive, as amended.

Investors who are in any doubt as to their position should consult their professional advisers.

Foreign Account Tax Compliance Act (“FATCA”)

Whilst the Notes are in global form and held within the clearing systems, in all but the most remote circumstances, it is not expected that FATCA (as defined in “Taxation – Foreign Account Tax Compliance Act”) will affect the amount of any payment received by the clearing systems (see “Taxation – Foreign Account Tax Compliance Act”). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer’s obligations under the Notes are discharged once it has paid the common depositary or common safekeeper for the clearing systems (as bearer or registered holder of the Notes) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the hands of the clearing systems and custodians or intermediaries.

Change of law

The Terms and Conditions of the Notes, and any non-contractual obligations arising out of or in connection with them, are governed by English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus.

Guarantee

The Guarantee is solely an obligation of the Guarantor. The Guarantor is primarily a holding company and its ability to make payments to holders of the Notes pursuant to the Guarantee in respect of the Notes depends largely upon the receipt of dividends, distributions, interest or advances from its wholly- or partially-owned subsidiaries and associated companies. The ability of the subsidiaries and associated companies of the Guarantor to pay dividends, distributions, interest or advances may be subject to applicable laws.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Prospectus) whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the assets of the Issuer. The Issuer cannot predict which of these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the "CRA Regulation") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such

endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings is set out in “*Form of Final Terms*” below and will be disclosed in the Final Terms.

Risks related to Notes denominated in Renminbi

Set out below is a description of the principal risks which may be relevant to an investor in Notes denominated in Renminbi (the “Renminbi Notes”).

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC

Renminbi is not freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies despite the significant reduction over the years by the PRC government of control over routine foreign exchange transactions under current accounts. Participating banks in Hong Kong have been permitted to engage in the settlement of RMB trade transactions under a pilot scheme introduced in July 2009. This represents a current account activity. The pilot scheme was extended in August 2011 to cover the entire PRC and to make RMB trade and other current account item settlement available worldwide.

However, remittance of Renminbi by foreign investors into the PRC for purposes such as capital contributions, known as capital account items, is generally only permitted upon obtaining specific approvals from the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are being developed gradually.

On 7 April 2011, the State Administration of Foreign Exchange (“SAFE”) promulgated the Circular on Issues Concerning the Capital Account Items in connection with Cross-Border Renminbi (the “SAFE Circular”), which became effective on 1 May 2011. According to the SAFE Circular, in the event that foreign investors intend to use cross-border Renminbi (including offshore Renminbi and onshore Renminbi held in the capital accounts of non-PRC residents) to make contributions to an onshore enterprise or make payment for the transfer of equity interests of an onshore enterprise by a PRC resident, such onshore enterprise shall be required to submit the prior written consent of the relevant Ministry of Commerce (the “MOFCOM”) to the relevant local branches of SAFE of such onshore enterprise and register for a foreign invested enterprise status. Further, the SAFE Circular clarifies that the foreign debts borrowed, and the external guarantee provided, by an onshore entity (including a financial institution) in RMB shall, in principle, be regulated under the current PRC foreign debt and external guarantee regime.

On 13 October 2011, the People’s Bank of China (the “PBOC”), the central bank of the PRC, promulgated the Measures on Administration of Renminbi Settlement in relation to Foreign Direct Investment (the “PBOC RMB FDI Measures”) issued as part of the implementation of the PBOC’s detailed foreign direct investment (“RMB FDI”) accounts administration system. The system covers almost all aspects in relation to RMB FDI and sets out operating procedures for PRC banks to handle Renminbi settlement relating to RMB FDI and borrowing by foreign invested enterprises of offshore Renminbi loans. On 14 June 2012, the PBOC further issued the implementing rules for the PBOC RMB FDI Measures. Prior to the PBOC RMB FDI Measures, cross-border Renminbi settlement for the RMB FDI required approvals from the PBOC on a case-by-case basis. The new rules replace the PBOC approval requirement with a less onerous post-event registration and filing requirement. Under the new rules, foreign invested enterprises (whether established or acquired by foreign investors) need to (i) register their corporate information after the completion of a RMB FDI transactions, and (ii) make post-event registration or filing with the PBOC of any changes in registration information or in the event of increase or decrease of registered capital, equity transfer or replacement, merger or acquisition.

On 5 July 2013, the PBOC promulgated the Notice on Simplifying the Procedures of Cross-border Renminbi Business and Improving Relevant Policies (the “PBOC Notice”), which simplifies the operating procedures on current account cross-border Renminbi settlement and further publishes policies with respect to issuance of offshore Renminbi bonds by onshore non-financial institutions. The PBOC Notice intends to improve the efficiency of cross-border Renminbi settlement and facilitate the use of cross-border Renminbi settlement by banks and enterprises.

On 3 December 2013, MOFCOM promulgated the “Circular on Issues in relation to Cross-border Renminbi Foreign Direct Investment” (the “MOFCOM Circular”), which became effective on 1 January 2014, to further facilitate RMB FDI by simplifying and streamlining the applicable regulatory framework. Pursuant to the MOFCOM Circular, written approval from the appropriate office of MOFCOM and/or its local counterparts specifying “Renminbi Foreign Direct Investment” and the amount of capital contribution is required for each RMB FDI. Unlike the previous MOFCOM regulations on RMB FDI, the MOFCOM Circular has also removed the approval requirement for foreign investors who intend to change the currency of their existing capital contribution from a foreign currency to Renminbi. In addition, the MOFCOM Circular also clearly prohibits the RMB FDI funds from being used for any investment in securities and financial derivatives (except for investment in PRC listed companies by strategic investors) or for entrustment loans in the PRC.

As the SAFE Circular, the PBOC RMB FDI Measures, the PBOC Notice and the MOFCOM Circular are relatively new, they will be subject to interpretation and application by the relevant authorities in the PRC.

Based on the PRC regulations described above, remittances of Renminbi into or outside the PRC may in certain cases require approvals by competent authorities or relevant banks. There is no assurance that the Issuer will obtain the approvals required for the remittance of Renminbi into or outside the PRC. In relation to the instances where the PRC government has gradually liberalised control over cross-border remittance of renminbi, there is no assurance that the PRC government will continue such liberalisation in the future, that the pilot scheme introduced in July 2009 will not be discontinued or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

In the event that funds cannot be repatriated outside the PRC in Renminbi, this may limit the sources of Renminbi available to the Issuer to finance its obligations under the Renminbi Notes.

Holders of beneficial interests in Renminbi Notes may be required to provide certifications and other information (including Renminbi account information) in order to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong.

For further details in respect of remittance of Renminbi into and outside the PRC, see “*Remittance of Renminbi into and outside the PRC*”.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Notes and the Issuer’s ability to source Renminbi outside the PRC to service Renminbi Notes

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside of the PRC is limited. Since February 2004, in accordance with arrangements between the PRC central government and the Hong Kong government, licensed banks in Hong Kong may offer limited Renminbi-denominated banking services to Hong Kong residents and specified business customers. The PBOC has also established a Renminbi clearing and settlement system for participating banks in Hong Kong. On 19 July 2010, further amendments were made to the settlement agreement on the Clearing of RMB Business (the “Settlement Agreement”) between the PBOC and the Bank of China (Hong Kong) Limited (the “RMB Clearing Bank”) to expand further the scope of RMB business for participating banks in Hong Kong. Pursuant to the revised arrangements, all corporations are allowed to open RMB accounts in Hong Kong; there is no

longer any limit on the ability of corporations to convert RMB; and there will no longer be any restriction on the transfer of RMB funds between different accounts in Hong Kong. In addition, the PBOC has now established Renminbi clearing and settlement systems with financial institutions in other major global financial centres (each also a “RMB Clearing Bank”), including London, Frankfurt, Singapore and Sydney to further internationalise the Renminbi.

However, the current size of Renminbi-denominated financial assets outside the PRC is limited. As at the end of December 2014, the total amount of Renminbi deposits held by institutions authorised to engage in Renminbi banking business in Hong Kong amounted to approximately RMB1.158 billion. In addition, although participating banks are no longer required by the Hong Kong Monetary Authority to apply a minimum Renminbi liquidity ratio of 25 per cent., they are still required to account for Renminbi together with other currencies on the same basis as the statutory liquidity ratio. Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. The RMB Clearing Bank only has access to onshore liquidity support from PBOC to square open positions of participating banks for limited types of transactions, including open positions resulting from conversion services for corporations relating to cross-border trade settlement. The RMB Clearing Bank is not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services and the participating banks will need to source Renminbi from the offshore market to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Agreement will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi offshore. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service the Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Investment in the Renminbi Notes is subject to exchange rate risks and the Issuer or the Guarantor, as the case may be, may make payments of interest and principal in US dollars in certain circumstances

The value of the Renminbi against the US dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. In addition, although the Issuer’s primary obligation is to make all payments of interest and principal or other amounts with respect to the Renminbi Notes in Renminbi, in certain circumstances, and if so specified, the terms of the Notes allow the Issuer to delay any such payment and/or make payment in US dollars or another specified currency at the prevailing spot rate of exchange, and/or cancel or redeem such Notes, all as provided for in more detail in the Notes (see Condition 6(1)). As a result, the value of these Renminbi payments may vary with the prevailing exchange rates in the marketplace. If the value of the Renminbi depreciates against the US dollar or other foreign currencies, the value of a Renminbi Noteholder’s investment in US dollars or other applicable foreign currency terms will decline.

Investment in the Renminbi Notes may be subject to interest rate risks

The PRC government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. If the Renminbi Notes carry a fixed interest rate, the trading price of the Renminbi Notes may vary with the fluctuations in the Renminbi interest rates. If the Renminbi Noteholders propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the PRC Enterprise Income Tax Law and the implementing regulations which took effect on 1 January 2008, any gain realised on the transfer of the Renminbi Notes by non-resident enterprise holders may be subject to enterprise income tax if such gain is regarded as income derived from sources within the PRC. However, there remains uncertainty as to whether the gain realised from the transfer of the Renminbi Notes would be treated as income derived from sources within the PRC and be subject to PRC tax. This will depend on how the PRC tax authorities interpret, apply or enforce the PRC Enterprise Income Tax Law and its implementation rules. Therefore, if non-resident enterprise holders are required to pay PRC income tax on gains on the transfer of the Renminbi Notes (such enterprise income tax is currently levied at the rate of 10 per cent. of the gross proceeds, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-resident enterprise holders of the Renminbi Notes reside that reduces or exempts the relevant tax), the value of their investment in the Renminbi Notes may be materially and adversely affected.

Payments in respect of the Renminbi Notes will only be made to investors in the manner specified in the Renminbi Notes

All payments to investors in respect of the Renminbi Notes will be made solely (i) when Renminbi Notes are represented by a Global Note or a Global Certificate and if held in CDP, by transfer to a Renminbi bank account maintained in Singapore in accordance with prevailing CDP rules and procedures, and if held in the Central Moneymarkets Unit Service operated by the Hong Kong Monetary Authority (the “CMU Service”), by transfer to a Renminbi bank account maintained in Hong Kong, in accordance with prevailing CMU rules and procedures, or (ii) when Renminbi Notes are in definitive form, by transfer to a Renminbi bank account maintained in Singapore or Hong Kong in accordance with prevailing rules and regulations. The Issuer cannot be required to make payment by any other means (including in bank notes, by cheque or draft, or by transfer to a bank account in the PRC).

Terms and Conditions of the Notes

The following is the text of the terms and conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. Words and expressions defined in the Trust Deed or the Agency Agreement or used in the relevant Final Terms shall have the same meanings where used in these Conditions unless the context otherwise requires or unless otherwise stated, provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed will prevail and in the event of inconsistency between the Agency Agreement or the Trust Deed and the relevant Final Terms, the relevant Final Terms will prevail. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in these Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

*In these Conditions any provision marked with * shall only apply to Notes denominated in Swiss francs and offered to the public in Switzerland and/or listed on the SIX Swiss Exchange, and in the case of Notes listed on the SIX Swiss Exchange, references to the Final Terms contained in these Conditions shall be construed as references to the Pricing Supplement.*

The Notes are constituted by a Trust Deed (amended and restated) dated 13 August 2014 (as further amended and/or supplemented and/or restated as at the date of issue of the Notes (the “Issue Date”) (the “Trust Deed”) between B.P. Capital Markets p.l.c. (the “Issuer”), BP p.l.c. (the “Guarantor”) and The Law Debenture Trust Corporation p.l.c. (the “Trustee”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions (the “Conditions”) include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Agency Agreement (amended and restated) dated 14 August 2013 (as further amended and/or supplemented and/or restated as at the Issue Date, the “Agency Agreement”) has been entered into in relation to the Notes between the Issuer, the Guarantor, the Trustee, Citibank, N.A., London Branch as initial issuing and paying agent (except as otherwise described below) and transfer agent, Citi Trust Company Canada as Canadian authentication agent, Citicorp Investment Bank (Singapore) Limited as issuing and paying agent for Notes to be cleared through the computerised system (the “CDP System”) operated by The Central Depository (Pte) Limited (“CDP”), Citicorp International Limited as lodging agent and issuing and paying agent for Notes to be held in the Central Moneymarkets Unit Service operated by the Hong Kong Monetary Authority (the “CMU Service”) and as registrar for Notes to be held in the CMU Service and Notes to be cleared through the CDP System, Citigroup Global Markets Deutschland AG as registrar (except as otherwise described above) and the other agents named in it. The issuing and paying agent, the transfer agent, the paying agents, the Canadian authentication agent, the CDP issuing and paying agent, the CMU lodging agent, the CMU issuing and paying agent, the registrars and the calculation agent(s) for the time being (if any) are referred to below, respectively, as the “Issuing and Paying Agent”, the “Transfer Agents” (which expression shall include the Registrar), the “Paying Agents” (which expression shall include the Issuing and Paying Agent), the “Canadian Authentication Agent”, the “CDP Issuing and Paying Agent”, the “CMU Lodging Agent”, the “CMU Issuing and Paying Agent”, the “Registrar” and the “Calculation Agent(s)”. For the purposes of these Conditions, all references to the Issuing and Paying Agent shall, (i) with respect to a Series of Notes to be held in the CDP, be deemed to be a reference to Citicorp Investment Bank (Singapore) Limited (“the CDP Issuing and Paying Agent”) (ii) with respect to a Series of Notes to be held in the CMU Service, be deemed to be a reference to Citicorp

International Limited (the “CMU Lodging Agent” and/or the “CMU Issuing and Paying Agent” as applicable) and (iii) for any other Notes, be deemed to be reference to Citibank, N.A., London Branch or its successors under the Agency Agreement. Copies of the Trust Deed, the Agency Agreement and the Final Terms, are available for inspection, free of charge, during usual business hours at the registered office of the Trustee (presently at Fifth Floor, 100 Wood Street, London EC2V 7EX) and at the specified offices of the Paying Agents and the Transfer Agents. If the Notes are to be admitted to trading on the regulated market of the London Stock Exchange, the applicable Final Terms will be published on the website of the London Stock Exchange through a regulatory information service.

The Noteholders, the holders (the “Couponholders”) of the interest coupons (the “Coupons”) appertaining to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “Talons”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all of the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

1 Form, Denomination and Title

The Notes are issued in bearer form (“Bearer Notes”, which expression includes Notes that are specified to be Exchangeable Bearer Notes), in registered form (“Registered Notes”) or in bearer form exchangeable for Registered Notes (“Exchangeable Bearer Notes”), in each case in the Specified Currency and the Specified Denomination(s) specified in the Final Terms.

All Registered Notes shall have the same Specified Denomination. Where Exchangeable Bearer Notes are issued, the Registered Notes for which they are exchangeable shall have the same Specified Denomination as the lowest Specified Denomination of Exchangeable Bearer Notes.

The Notes are Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes or a combination of any of the foregoing, depending upon the Interest Basis shown in the Final Terms.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“Certificates”) and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery outside the United States. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Certificate, Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “Noteholder” means the bearer of any Bearer Note and or the person in whose name a Registered Note is registered (as the case may be), “holder” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them in the Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 Exchange of Exchangeable Bearer Notes and Transfers of Registered Notes

(a) *Exchange of Exchangeable Bearer Notes*

Subject as provided in Condition 2(f), Exchangeable Bearer Notes may be exchanged for the same aggregate Principal Amount of Registered Notes at the request in writing of the relevant Noteholder and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Coupons and Talons relating to it, at the specified office of any Transfer Agent; provided, however, that where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 6(b)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) *Transfer of Registered Notes*

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

(c) *Exercise of Options or Partial Redemption in Respect of Registered Notes*

In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.

(d) *Delivery of New Certificates*

Each new Certificate to be issued pursuant to Conditions 2(a), (b) or (c) shall be available for delivery within five business days of receipt of the request for exchange, form of transfer or Exercise Notice or surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent (as defined in the Agency Agreement) the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "business day" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(e) *Exchange Free of Charge*

Exchange and transfer of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax, duty or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) *Closed Period*

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days ending on the due date for redemption of that Note, (ii) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 5(d), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption may, however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3 Guarantee and Status

(a) *Guarantee*

Pursuant to the Trust Deed, the Guarantor has unconditionally and irrevocably guaranteed (the “Guarantee”) the due payment of all sums expressed to be payable by the Issuer under the Trust Deed, the Notes issued by it, and the relevant Coupons.

(b) *Status of Notes and Guarantee*

The Notes and the Coupons constitute unsecured and unsubordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons and of the Guarantor under the Guarantee shall, save for such exceptions as may be provided by applicable laws, at all times rank at least equally with all other unsecured and unsubordinated indebtedness of the Issuer and the Guarantor, respectively, present and future.

4 Interest and other Calculations

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from, and including, the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date.

If any Interest Payment Date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (B) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (C) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

In the case of definitive Notes, if a Fixed Coupon Amount or a Broken Amount is specified in the Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the Final Terms.

Except in the case of definitive Notes where a Fixed Coupon Amount or Broken Amount, is specified in the relevant Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount specified in the Final Terms,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

(b) *Interest on Floating Rate Notes*

(i) Interest Payment Dates

Each Floating Rate Note bears interest from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the Final Terms as Specified Interest Payment Dates, or if no Specified Interest Payment Date(s) is/are shown in the Final Terms, "Interest Payment Date" shall mean each date which falls the number of months or other period shown in the Final Terms as the Specified Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) Business Day Convention

If any Interest Payment Date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) Rate of Interest for Floating Rate Notes

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the Final Terms, and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which determination is specified in the Final Terms.

(A) ISDA Determination

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the Final Terms;
- (y) the Designated Maturity is a period specified in the Final Terms; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the Final Terms.

For the purposes of this sub-paragraph (A), "Floating Rate", "Calculation Agent" where used in the fifth line only of this sub-paragraph (A), "Floating Rate Option", "Designated Maturity", "Reset Date" and "Swap Transaction" have the meanings given to those terms in the ISDA Definitions and the term "Nominal Amount" as used in the ISDA Definitions shall mean "Principal Amount" as used herein.

(B) Screen Rate/Reference Bank Determination for Floating Rate Notes where the Reference Rate is not being specified as being SIBOR or SOR

If Screen Rate Determination is specified as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) or 10.00 a.m. Toronto time in the case of CAD-BA-CDOR, on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations;

(C) if the Relevant Screen Page is not available or if, sub-paragraph (B)(i) applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (B)(ii)

above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, (i) if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), or (ii) if the Reference Rate is CAD-BA-CDOR, the principal Toronto office of each Reference Bank to provide the Calculation Agent with its bid rate for Canadian Dollar bankers acceptances for a period equal to the relevant Interest Period for settlement on that Interest Determination Date in an amount representative for a single transaction in the market at that time (a "Representative Amount") at approximately 10.00 a.m. (Toronto time), on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations or bid rates, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations or bid rates as determined by the Calculation Agent; and

- (D) if paragraph (C) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be (i) the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be or, (ii) if the Reference Rate is CAD-BA-CDOR, the arithmetic mean of the bid rates for Canadian dollar bankers acceptances communicated to (and at the request of) the Calculation Agent by major banks in Toronto selected by the Calculation Agent for a period equal to the applicable Interest Period for settlement on that Interest Determination Date and in a Representative Amount which such banks accepted as of 10.00 am Toronto time on the relevant Interest Determination Date provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though

substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (E) Screen Rate Determination for Floating Rate Notes where the Reference Rate is specified as being SIBOR or SOR
 - (x) Each Floating Rate Note where the Reference Rate is specified as being SIBOR (in which case such Note will be a SIBOR Note) or SOR (in which case such Note will be a Swap Rate Note) bears interest at a floating rate determined by reference to a benchmark as specified hereon or in any case such other benchmark as specified hereon.
 - (y) The Rate of Interest payable from time to time in respect of each Floating Rate Note under this Condition 4(b)(iii)(E) will be determined by the Calculation Agent on the basis of the following provisions:
 - (I) in the case of Floating Rate Notes which are SIBOR Notes:
 - (aa) the Calculation Agent will, at or about the Relevant Time on the relevant Interest Determination Date in respect of each Interest Period, determine the Rate of Interest for such Interest Period which shall be the offered rate for deposits in Singapore dollars for a period equal to the duration of such Interest Period which appears on the Reuters Screen ABSIRFIX01 Page under the caption “ASSOCIATION OF BANKS IN SINGAPORE — SIBOR AND SWAP OFFER RATES — RATES AT 11:00 A.M. SINGAPORE TIME” and the column headed “SGD SIBOR/USD” (or such other Relevant Screen Page);
 - (bb) if no such rate appears on the Reuters Screen ABSIRFIX01 Page (or such other replacement page thereof), the Calculation Agent will, at or about the Relevant Time on such Interest Determination Date, determine the Rate of Interest for such Interest Period which shall be the rate which appears on the Reuters Screen SIBP Page under the caption “SINGAPORE DOLLAR INTER-BANK OFFERED RATES — 11:00 A.M.” and the row headed “SIBOR SGD” (or such other replacement page thereof), being the offered rate for deposits in Singapore dollars for a period equal to the duration of such Interest Period;
 - (cc) if no such rate appears on the Reuters Screen SIBP Page (or such other replacement page thereof or, if no rate appears, on such other Relevant Screen Page) or if Reuters Screen SIBP Page (or such other replacement page thereof or such other Relevant Screen Page) is unavailable for any reason, the Calculation Agent will request the principal Singapore offices of each of the Reference Banks to provide the Calculation Agent with the rate at which deposits in Singapore dollars are offered by it at approximately the Relevant Time on the Interest Determination Date to prime banks

in the Singapore interbank market for a period equivalent to the duration of such Interest Period commencing on such Interest Payment Date in an amount comparable to the aggregate nominal amount of the relevant Floating Rate Notes. The Rate of Interest for such Interest Period shall be the arithmetic mean (rounded up, if necessary, to the nearest 1/16 per cent.) of such offered quotations, as determined by the Calculation Agent;

- (dd) if on any Interest Determination Date two but not all the Reference Banks provide the Calculation Agent with such quotations, the Rate of Interest for the relevant Interest Period shall be determined in accordance with sub-paragraph (cc) above on the basis of the quotations of those Reference Banks providing such quotations; and
- (ee) if on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such quotations, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines to be the arithmetic mean (rounded up, if necessary, to the nearest 1/16 per cent.) of the rates quoted by the Reference Banks or those of them (being at least two in number) to the Calculation Agent at or about the Relevant Time on such Interest Determination Date as being their cost (including the cost occasioned by or attributable to complying with reserves, liquidity, deposit or other requirements imposed on them by any relevant authority or authorities) of funding, for the relevant Interest Period, an amount equal to the aggregate nominal amount of the relevant Floating Rate Notes for such Interest Period by whatever means they determine to be most appropriate or, if on such Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such quotation, the rate per annum which the Calculation Agent determines to be arithmetic mean (rounded up, if necessary, to the nearest 1/16 per cent.) of the prime lending rates for Singapore dollars quoted by the Reference Banks at or about the Relevant Time on such Interest Determination Date; and

(II) in the case of Floating Rate Notes which are Swap Rate Notes:

- (aa) the Calculation Agent will, at or about the Relevant Time on the relevant Interest Determination Date in respect of each Interest Period, determine the Rate of Interest for such Interest Period which shall be the Average Swap Rate for such Interest Period (determined by the Calculation Agent as being the rate which appears on the Reuters Screen ABSIRFIX01 Page under the caption “ASSOCIATION OF BANKS IN SINGAPORE — SIBOR AND SWAP OFFER RATES — RATES AT 11:00 A.M. SINGAPORE TIME” under the column headed “SGD SWAP OFFER” (or such other page as may replace the Reuters Screen ABSIRFIX01 Page for the purpose of displaying the swap rates of

leading reference banks) at or about the Relevant Time on such Interest Determination Date and for a period equal to the duration of such Interest Period);

- (bb) if on any Interest Determination Date, no such rate is quoted on the Reuters Screen ABSIRFIX01 Page (or such other replacement page as aforesaid) or Reuters Screen ABSIRFIX01 Page (or such other replacement page as aforesaid) is unavailable for any reason, the Calculation Agent will determine the Average Swap Rate (which shall be rounded up to the nearest 1/16 per cent.) for such Interest Period in accordance with the following formula:

In the case of Premium:

$$\begin{aligned} \text{Average Swap Rate} &= \frac{365}{360} \times \text{SIBOR} + \frac{(\text{Premium} \times 36500)}{(T \times \text{Spot Rate})} \\ &+ \frac{(\text{SIBOR} \times \text{Premium})}{(\text{Spot Rate})} \times \frac{365}{360} \end{aligned}$$

In the case of Discount:

$$\begin{aligned} \text{Average Swap Rate} &= \frac{365}{360} \times \text{SIBOR} - \frac{(\text{Discount} \times 36500)}{(T \times \text{Spot Rate})} \\ &- \frac{(\text{SIBOR} \times \text{Discount})}{(\text{Spot Rate})} \times \frac{365}{360} \end{aligned}$$

Where:

SIBOR = the rate which appears on the Reuters Screen SIBOR Page under the caption “SINGAPORE INTERBANK OFFER RATES (DOLLAR DEPOSITS) 11 A.M.” and the row headed “SIBOR USD” (or such other page as may replace Reuters Screen SIBOR Page for the purpose of displaying Singapore Inter-bank U.S. dollar offered rates of leading reference banks) at or about the Relevant Time on the relevant Interest Determination Dates for a period equal to the duration of the Interest Period concerned;

Spot Rate = the rate (determined by the Calculation Agent) to be the arithmetic mean (rounded up, if necessary, to the nearest four decimal places) of the rates quoted by the Reference Banks and which appear under the caption “ASSOCIATION OF BANKS IN

SINGAPORE — SGD SPOT AND SWAP OFFER RATES AT 11.00 A.M. SINGAPORE TIME” and the column headed “Spot” on the Reuters Screen ABSIRFIX06 Page (or such other page as may replace the Reuters Screen ABSIRFIX06 Page for the purpose of displaying the spot rates and swap points of leading reference banks) at or about the Relevant Time on the relevant Interest Determination Date for a period equal to the duration of the Interest Period concerned;

Premium or Discount = the rate (determined by the Calculation Agent) to be the arithmetic mean (rounded up, if necessary, to the nearest four decimal places) of the rates quoted by the Reference Banks for a period equal to the duration of the Interest Period concerned which appear under the caption “ASSOCIATION OF BANKS IN SINGAPORE SPOT AND SWAP OFFER RATES AT 11.00 A.M. SINGAPORE TIME” on the Reuters Screen ABSIRFIX06 Page (or such other page as may replace the Reuters Screen ABSIRFIX06 Page for the purpose of displaying the spot rates and swap points of leading reference banks) at or about the Relevant Time on the relevant Interest Determination Date for a period equal to the duration of the Interest Period concerned; and

T = the number of days in the Interest Period concerned.

The Rate of Interest for such Interest Period shall be the Average Swap Rate (as determined by the Calculation Agent);

- (cc) if on any Interest Determination Date any one of the components for the purposes of calculating the Average Swap Rate under subparagraph (bb) above is not quoted on the relevant Reuters Screen Page (or such other replacement page as aforesaid) or the relevant Reuters Screen Page (or such other replacement page as aforesaid) is unavailable for any reason, the Calculation Agent will request the principal Singapore offices of the Reference Banks to provide the Calculation Agent with quotations of their Swap Rates

for the Interest Period concerned at or about the Relevant Time on that Interest Determination Date and the Rate of Interest for such Interest Period shall be the Average Swap Rate for such Interest Period (which shall be the rate per annum equal to the arithmetic mean (rounded up, if necessary, to the nearest 1/16 per cent.) of the Swap Rates quoted by the Reference Banks to the Calculation Agent). The Swap Rate of a Reference Bank means the rate at which that Reference Bank can generate Singapore dollars for the Interest Period concerned in the Singapore inter-bank market at or about the Relevant Time on the relevant Interest Determination Date and shall be determined as follows:

In the case of Premium:

$$\text{Swap Rate} = \frac{365}{360} \times \text{SIBOR} + \frac{(\text{Premium} \times 36500)}{(T \times \text{Spot Rate})} + \frac{(\text{SIBOR} \times \text{Premium})}{(\text{Spot Rate})} \times \frac{365}{360}$$

In the case of Discount:

$$\text{Swap Rate} = \frac{365}{360} \times \text{SIBOR} - \frac{(\text{Discount} \times 36500)}{(T \times \text{Spot Rate})} - \frac{(\text{SIBOR} \times \text{Discount})}{(\text{Spot Rate})} \times \frac{365}{360}$$

Where:

SIBOR	=	the rate per annum at which U.S. dollar deposits for a period equal to the duration of the Interest Period concerned are being offered by that Reference Bank to prime banks in the Singapore inter-bank market at or about the Relevant Time on the relevant Interest Determination Date;
Spot Rate		the rate at which that Reference Bank sells U.S. dollars spot in exchange for Singapore dollars in the Singapore inter-bank market at or about the Relevant Time on the relevant Interest Determination Date;
Premium	=	the premium that would have been paid by that Reference Bank in buying U.S. dollars forward in exchange for Singapore dollars on the last day of the Interest Period concerned in the Singapore inter-bank market;

Discount = the discount that would have been received by that Reference Bank in buying U.S. dollars forward in exchange for Singapore dollars on the last day of the Interest Period concerned in the Singapore inter-bank market; and

T = the number of days in the Interest Period concerned; and

(dd) if on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with quotations of their Swap Rate(s), the Average Swap Rate shall be determined by the Calculation Agent to be the rate per annum equal to the arithmetic mean (rounded up, if necessary, to the nearest 1/16 per cent.) of the rates quoted by the Reference Banks or those of them (being at least two in number) to the Calculation Agent at or about the Relevant Time on such Interest Determination Date as being their cost (including the cost occasioned by or attributable to complying with reserves, liquidity, deposit or other requirements imposed on them by any relevant authority or authorities) of funding, for the relevant Interest Period, in an amount equal to the aggregate nominal amount of the relevant Floating Rate Notes for such Interest Period by whatever means they determine to be most appropriate and the Rate of Interest for the relevant Interest Period shall be the Average Swap Rate (as so determined by the Calculation Agent), or if on such Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such quotation, the Rate of Interest for the relevant Interest Period shall be the rate per annum equal to the arithmetic mean (rounded up, if necessary, to the nearest 1/16 per cent.) of the prime lending rates for Singapore dollars quoted by the Reference Banks at or about the Relevant Time on such Interest Determination Date.

(z) On the last day of each Interest Period, the Issuer will pay interest on each Floating Rate Note to which such Interest Period relates at the Rate of Interest for such Interest Period.

(F) Linear Interpolation

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if

there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(c) *Interest on Zero Coupon Notes*

Where a Note, the Interest Basis of which is specified to be Zero Coupon, is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note (as defined in Condition 5(b)). As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 5(b)).

(d) *Accrual of Interest*

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 4 to the Relevant Date (as defined in Condition 7).

(e) *Margin, Maximum/Minimum Rates of Interest, Redemption Amounts, Rate Multipliers and Rounding*

- (i) If any Margin or Rate Multiplier is specified in the Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest (in the case of (x)) or the Rates of Interest for the specified Interest Accrual Periods (in the case of (y)) calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying such Rate Multiplier, subject always to the next paragraph;
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the Final Terms, then any Rates of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be;
- (iii) Subject to the requirements of applicable law, for the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means 0.01 euro;

(f) *Calculations*

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding Principal Amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in the Final Terms in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula).

Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(g) *Determination and Publication of Rates of Interest, Interest Amounts and Final Redemption Amounts*

The Calculation Agent shall as soon as practicable on each Interest Determination Date, or such other time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (x) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (y) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(l) *Inconvertibility, Non-transferability or Illiquidity*

In respect of a Note the Specified Currency of which is Renminbi, if by reason of Inconvertibility, Non-transferability or Illiquidity, the Issuer or the Guarantor, as the case may be, is not able, or it would be impracticable for it, to satisfy payments of principal or interest (in whole or in part) in respect of Notes when due in Renminbi in Hong Kong, the Issuer or the Guarantor, as the case may be, on giving not less than five nor more than 30 days irrevocable notice to the Noteholders prior to the due date for payment, shall be entitled to satisfy their respective obligations in respect of such payment by making such payment in US dollars on the basis of the Spot Rate on the second FX Business Day prior to such payment.

“Non-transferability” means the occurrence of any event that makes it impossible for the Issuer or the Guarantor, as the case may be, to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer or the Guarantor, as the case may be, to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation becomes effective after the Issue Date of the first tranche of Notes and it is impossible for the Issuer or the Guarantor, as the case may be, due to an event beyond its control, to comply with such law, rule or regulation).

“Spot Rate” means the spot US dollar/Renminbi exchange rate for the purchase of US dollars with Renminbi in the over-the-counter Renminbi exchange market in Hong Kong, as determined by the CMU Issuing and Paying Agent in good faith and in a commercially reasonable manner at or around 11:00 a.m. (Hong Kong time) on the date of determination, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the CMU Issuing and Paying Agent in good faith and in a commercially reasonable manner will determine the Spot Rate at or around 11:00 a.m. (Hong Kong time) on the date of determination as the most recently available US dollar/Renminbi official fixing rate for settlement in two FX Business Days reported by The State Administration of Foreign Exchange of the PRC, which is reported on Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

In that event, the Issuer or, as the case may be, the Guarantor shall pay such additional amounts to the Noteholder or Couponholder as shall result in receipt by that Noteholder or Couponholder of such amounts as would have been received by it had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon or any payment under the Guarantee:

- (c) where the Note or Coupon is presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or
- (d) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (e) in respect of any estate, inheritance, gift, sales, transfer, personal property, or any similar tax, assessment or governmental charge; or
- (f) in respect of any tax, assessment or other governmental charge which is payable other than by withholding or deduction from payments of principal of or interest on such Note or Coupon or under the Guarantee; or
- (g) in respect of any tax, assessment or other governmental charge which is required to be withheld or deducted by any Paying Agent from payments of principal of or interest on any Notes or Coupons, if such payment can be made without such withholding or deduction by at least one other Paying Agent; or
- (h) in respect of any tax, assessment or other governmental charge imposed by reason of such holder's past or present status as the actual or constructive owner of 10 per cent., or more of the total combined voting power of all classes of stock of the Issuer entitled to vote; or
- (i) in respect of any tax, assessment, or other governmental charge imposed on a holder by reason of its past or present status as a bank that acquired any Notes in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; or
- (j) in respect of any combination of items (a), (b), (c), (d), (e), (f), (g), (h) and (i) above,

nor shall additional amounts be paid with respect to a payment of principal of or interest on any Note or Coupon or under the Guarantee to a holder that is not the beneficial owner of such Note or Coupon or of any of the rights under the Guarantee to the extent that the beneficial owner thereof would not have been entitled to the payment of such additional amounts had such beneficial owner been the holder of such Note or Coupon or the recipient of such payment under the Guarantee.

As used in these Conditions, "Relevant Date" in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) "principal" shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 or any amendment or supplement to it, (ii) "interest" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) "principal" and/or "interest" shall be deemed to

include any additional amounts that may be payable under this Condition or any undertaking given in addition to or substitution for it under the Trust Deed.

8 Prescription

Claims against the Issuer and/or the Guarantor for payment in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

9 Events of Default

Provided that at the time of such notice as hereinafter referred to, such event or (as the case may be) all such events shall not have been waived or remedied (if capable of remedy) to the satisfaction of the Trustee, the Trustee at its absolute discretion may and, if so requested in writing by the holders of at least one-quarter in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (in any case provided that the Trustee has been indemnified to its satisfaction), give notice to the Issuer and the Guarantor declaring the Notes to be, and they shall accordingly immediately become, immediately repayable at their Final Redemption Amount, together with accrued interest as provided in the Trust Deed, if any of the following events (each an "Event of Default") shall occur and is continuing and, except in the case of (a) below, the Trustee shall have certified to the Issuer and the Guarantor that the happening of such event is in its opinion materially prejudicial to the interests of the Noteholders:

- (a) default is made for more than 30 days in the payment in the Specified Currency of any principal or interest due in respect of the Notes or any of them after the same ought to be made or paid, as the case may be; or
- (b) there is failure in the performance of any other obligation under the Notes or the Trust Deed:
 - (i) which in the opinion of the Trustee is incapable of remedy; or
 - (ii) which, being in the opinion of the Trustee capable of remedy, continues for more than 90 days after written notification requiring such failure to be remedied shall have been given to the Issuer and the Guarantor by the Trustee; or
- (c) an order is made for the winding up of the Issuer or the Guarantor by a court of competent jurisdiction in its country of incorporation or an administration or administrative order is made in relation to the Issuer or the Guarantor and such order is not discharged or stayed within a period of 90 days, or an effective resolution is passed for its winding up (except in each case for the purposes of a reconstruction or an amalgamation the terms of which have previously been approved in writing by the Trustee); or
- (d) an administrative or other receiver or an administrator is appointed (and not discharged within 90 days) of the whole or substantially the whole of the undertaking or assets of the Guarantor and the appointment is not being disputed in good faith; or
- (e) the Issuer or the Guarantor ceases to carry on substantially the whole of its business (except for the purposes of a reconstruction or an amalgamation the terms of which have previously been approved in writing by the Trustee) or the Issuer or the Guarantor stops payment generally or is unable to, or admits inability to, pay generally its debts as they fall due; or
- (f) the Issuer or the Guarantor is adjudicated bankrupt or insolvent by a court of competent jurisdiction in its country or state of incorporation; or

- (g) the Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect.

10 Meetings of Noteholders, Modifications, Waiver and Substitution

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or certain provisions of the Trust Deed (certain provisions of which may not be materially altered). Such a meeting may be convened by Noteholders holding not less than 10 per cent. in Principal Amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be one or more persons holding or representing a clear majority in the Principal Amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the Principal Amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the principal amount of or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount is shown in the Final Terms, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or Specified Denomination of the Notes, (vii) to take any steps that as specified in the Final Terms may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply, (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, or (ix) to modify or cancel the Guarantee in which case the necessary quorum shall be one or more persons holding or representing not less than two-thirds or at any adjourned meeting not less than one third in Principal Amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

A resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Notes, which resolution in writing may be contained in one document or in several documents in or substantially in like form each signed by or on behalf of one or more of such holders, shall be as valid, effective and binding as an Extraordinary Resolution duly passed at a meeting of the Noteholders duly convened and held in accordance with the provisions of the Trust Deed.

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the Final Terms in relation to such Series.

(b) Modification of the Trust Deed

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed, the Notes or the Coupons that is of a formal, minor or technical nature or is made to correct a manifest error or an error which is, in the opinion of the Trustee, proven, to comply with a mandatory provision of the laws of England (or the law of the jurisdiction in which the Issuer is incorporated), and (ii) any other modification (except as mentioned

in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable.

(c) *Substitution*

The Trustee may agree, without the consent of the Noteholders, to the substitution of the Successor in Business (as defined below) of the Guarantor in place of the Guarantor as the guarantor of the Notes, Certificates and Coupons, and to the substitution of the Guarantor or of its Successor in Business or any subsidiary of the Guarantor or of its Successor in Business as the principal debtor in respect of the Notes, Certificates or Coupons in each case subject to the relevant provisions of the Trust Deed, to such reasonable requirements as the Trustee may direct in the interests of the Noteholders and, except in the case of the substitution of the Guarantor or its Successor in Business as the principal debtor, to the Notes, Certificates and Coupons being unconditionally and irrevocably guaranteed by the Guarantor or its Successor in Business. In considering any substitution of the Guarantor or its Successor in Business as principal debtor in place of the Issuer, the Trustee shall regard the Issuer as having no assets.

In connection with any proposed substitution as aforesaid, the Trustee shall not have regard to the consequences of substitution for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory.

The term “Successor in Business” means, in relation to the Guarantor, any company which, as a result of any amalgamation, merger or reconstruction the terms of which have previously been approved in writing by the Trustee:

- (i) owns beneficially the whole or substantially the whole of the undertaking, property and assets owned by the Guarantor immediately prior thereto; and
- (ii) carries on, as successor to the Guarantor, the whole or substantially the whole of the business carried on by the Guarantor immediately prior thereto.

(d) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer or the Guarantor any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders.

11 Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Issuing and Paying Agent (in case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith

and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

12 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

13 Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer and/or the Guarantor as it may think fit to enforce the terms of the Trust Deed, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by holders of at least one-fifth in principal amount of the Notes outstanding and (b) it shall have been indemnified to its satisfaction. No Noteholder or Couponholder may proceed directly against the Issuer or the Guarantor unless the Trustee, having become bound so to proceed fails to do so within a reasonable time and such failure is continuing.

14 Indemnification of Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer and any entry related to the Issuer without accounting for any profits.

15 Notices

Notices to the holders of Registered Notes shall be mailed to them (or, in the case of joint holders, to the first named) at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times* or if any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper) or as otherwise required by any exchange on which the Notes are listed.

So long as the Notes are listed on the SIX Swiss Exchange and so long as the rules of the SIX Swiss Exchange so permit, notices in respect of the Notes will be validly given through the Principal Swiss Paying Agent by means of publication on the internet website of the SIX Swiss Exchange (www.six-swiss-

exchange.com/news/official_notices/notices_en.html) under the section headed “Official Notices”. In addition, the Principal Swiss Paying Agent may also publish any such notices by other means in accordance with the rules of the SIX Swiss Exchange.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

16 Governing Law, Jurisdiction and Service of Process

(a) Governing Law

The Trust Deed (including the Guarantee), the Notes, the Coupons and the Talons, and any non-contractual obligations arising out of or in connection thereto, are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with the Trust Deed or any Notes, Coupons or Talons (including a dispute relating to any non-contractual obligations arising out of or in connection thereto) and accordingly any legal action or proceedings arising out of or in connection with the Trust Deed or any Notes, Coupons or Talons (“Proceedings”) (including any Proceedings relating to any non-contractual obligations arising out of or in connection thereto) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the Notes, Coupons and Talons and shall not affect the right of any of them to take Proceedings in one or more jurisdictions or preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) Service of Process

The Issuer agrees to the additional jurisdiction of the Courts of the Canton of Zurich, the place of jurisdiction being Zurich, with the right of appeal to the Swiss Federal Court of Justice in Lausanne where the law permits. In connection with the Notes, the Issuer elects legal and special domicile at UBS AG, Bahnhofstrasse 45, Ch-8001 Zurich, Switzerland and agrees that, for the purposes of any proceedings brought in Switzerland, holders of all or some of the Notes shall have the option to be collectively represented (in accordance with all applicable laws and customary practice in Switzerland). The holders of all Notes (whether or not collectively represented) shall have equal status irrespective of their domicile.*

17 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of this Note under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

Use of Proceeds

The net proceeds from the issue of any Notes will be used by the Issuer for its general funding purposes.

Remittance of Renminbi into and outside the PRC

Renminbi is not a freely convertible currency. The remittance of Renminbi into and outside the PRC is subject to controls imposed under PRC law.

Current Account Items

Under PRC foreign exchange control regulations, current account item payments include payments for imports and exports of goods, payments for services, payments of earnings and other frequent transfers into and outside the PRC.

Prior to July 2009, all current account items were required to be settled in foreign currencies. In July 2009, the PRC commenced a pilot scheme pursuant to which Renminbi may be used for settlement of imports and exports of goods between approved pilot enterprises in five designated cities in the PRC including Shanghai, Guangzhou, Dongguan, Shenzhen and Zhuhai and enterprises in designated offshore jurisdictions including Hong Kong, Macau and the ASEAN region. On 17 June 2010, PBOC, the Ministry of Commerce (the “MOFCOM”), the Ministry of Finance, the General Administration of Customs, the State Administration of Tax and the China Banking Regulatory Commission (the “CBRC”) jointly promulgated the Circular on Issues concerning the Expansion of the Scope of the Pilot Program of Renminbi Settlement of Cross-Border Trades (關於擴大跨境貿易人民幣結算試點有關問題的通知), pursuant to which (i) Renminbi settlement of imports and exports of goods and services and other current account items became permissible, (ii) the list of designated pilot districts was expanded to cover twenty provinces, and (iii) the restriction on designated offshore districts was lifted. Accordingly, any approved pilot enterprises in the designated pilot districts and offshore enterprises are entitled to use Renminbi to settle imports and exports of goods and services and other current account items between them. The pilot scheme was further extended on 24 August 2011 pursuant to the Circular on Expanding the Regions of Crossborder Trade Renminbi Settlement (關於擴大跨境貿易人民幣結算地區的通知) to cover all provinces and cities in the PRC and to make the settlement of Renminbi trade and other current account items available in all countries worldwide. On 3 February 2012, PBOC, MOFCOM, the Ministry of Finance, the General Administration of Customs, the State Administration of Tax, and CBRC jointly issued the Circular on Issues Concerning Administration over Enterprises Engaging in Renminbi Settlement of Export Trade in Goods (關於出口貨物貿易人民幣結算企業管理有關問題的通知), extending the Renminbi settlement to cover all duly qualified export enterprises trading in goods.

On 5 July 2013, PBOC promulgated the Circular on Policies relating to Simplifying and Improving Cross-border RMB Business Procedures (关于简化跨境人民币业务流程和完善有关政策的通知) (the “2013 PBOC Circular”), which simplifies the operating procedures on current account cross-border Renminbi settlement, provision of Renminbi outbound loans and Renminbi cross-border security in favour of offshore entities by onshore non-financial institutions, and further publishes policies with respect to bank card related cross-border Renminbi clearing and issuance of offshore Renminbi notes by onshore non-financial institutions. The 2013 PBOC Circular intends to improve the efficiency of crossborder Renminbi settlement and facilitate the use of cross-border Renminbi settlement by banks and enterprises. On 23 September 2013, PBOC further issued the Circular on the Relevant Issues on Renminbi Settlement of Investment in Onshore Financial Institutions by Foreign Investors (關於境外投資者投資境內金融機構人民幣結算有關事項的通知), which provides further details for using Renminbi to invest in a financial institution domiciled in the PRC.

The above measures and circulars are relatively new and will be subject to interpretation and application by the relevant PRC authorities. The local counterparts of the relevant PRC authorities may adopt different practices in applying these measures and circulars and impose conditions for the settlement of Renminbi current account items.

Capital Account Items

Under PRC foreign exchange control regulations, capital account items include cross-border transfers of capital, direct investments, securities investments, derivative products and loans. Capital account payments are generally subject to approval of the relevant authorities.

Until recently, settlement for capital account items were generally required to be made in foreign currencies. For instance, foreign investors (including any Hong Kong investors) are generally required to make any capital contribution to foreign invested enterprises in a foreign currency in accordance with the terms set out in the relevant joint venture contracts and/or articles of association as approved by the relevant authorities. Foreign invested enterprises or any other relevant PRC parties are also generally required to make capital item payments including proceeds from liquidation, transfers of shares, reduction of capital and interest and principal repayments to foreign investors in a foreign currency.

Under the interim measures jointly issued by the PRC National Development and Reform Commission (the “NDRC”) and PBOC on 8 June 2007 (the “Interim Measures”), the Issuer shall (1) report to PBOC, NDRC and the State Administration of Foreign Exchange (“SAFE”) within ten working days upon the conclusion of an issuance of Notes, setting out the information relating to the issuance, (2) apply to the relevant local SAFE office for the registration of proceeds of Notes within ten working days after the conclusion of an issuance of Notes, (3) remit the net proceeds of an issuance of Notes into the PRC within 30 working days once such net proceeds have been received, and (4) apply for the ratification from SAFE for the payment of principal and interest in respect of Notes five working days prior to such payment. However, SAFE issued the foreign debts measures on 28 April 2013 (the “Foreign Debt Measures”), which became effective on 31 May 2013 (as amended on 4 May 2015), and simplified the reporting procedures. Under the Foreign Debts Measures, the Issuer (1) shall submit to the Capital Account Information System of SAFE a record in respect of the proceeds of Notes, and (2) may directly set up accounts with onshore and offshore banks and go through the formalities for withdrawal and repayment in connection with foreign debts. In practice, the Issuer shall submit to the Capital Account Information System of SAFE a record in respect of the principal and interest paid under Notes after each such payment.

Although there is no requirement for registration and ratification under the Foreign Debts Measures, the Interim Measures and the Foreign Debts Measures were promulgated by different authorities and are both valid and in full effect. The Issuer understands that the Foreign Debts Measures, which do not require registration and ratification with SAFE, shall be applicable to an offering of Notes and prevail. However, there can be no assurance that SAFE will have the same interpretation and will not require the registration and ratification procedure under the Interim Measures to be completed although the Foreign Debts Measures do not specifically require the Issuer to do so. If SAFE, PBOC and NDRC consider the registration and ratification requirements under the Interim Measures to be applicable to an offering of Notes, the Issuer would then have to fulfill the registration and ratification requirements with SAFE in its payment of principal and interest in respect of the Notes. In this situation, if the Issuer omits to register the proceeds of the Notes or omits to apply for ratification for the payment of principal and interest in respect of the Notes, it may be considered to be in violation of the Interim Measures. The Interim Measures do not set out the consequences of such violation. Consequently, the Issuer would then have to fulfill the registration and ratification requirements with SAFE under the Interim Measures in its payment of principal and interest in respect of the Notes.

On 3 June 2011, PBOC promulgated the Circular on Clarifying Issues concerning Crossborder Renminbi Settlement (關於明確跨境人民幣業務相關問題的通知) (the “PBOC Circular”). The PBOC Circular provides instructions to local PBOC authorities and relevant PRC banks on procedures for the approval of Renminbi settlement activities for non-financial foreign direct investment into the PRC. The PBOC Circular applies to all non-financial foreign direct investment into the PRC with Renminbi, which includes investment by way of establishing a new enterprise, acquiring an onshore enterprise (excluding round-trip investment), transferring the shares, increasing the registered

capital of an existing enterprise, or providing shareholder loan facilities in Renminbi. The domestic settlement banks of foreign investors or foreign invested enterprises in the PRC are required to submit written applications (which include, inter alia, requisite approval letters issued by the relevant MOC authorities) to the relevant local PBOC authorities at sub-provincial level or above for approval. PBOC will determine whether to grant such approval on a case by case basis. In addition, according to the PBOC Circular, application for direct investment with Renminbi in the projects which are restricted or specially controlled by the state will not be accepted at present as foreign direct investment with Renminbi is still at a trial stage.

On 13 October 2011, PBOC issued the PBOC RMB FDI Measures, as part of PBOC's detailed RMB FDI administration system. The system covers almost all aspects of RMB FDI, including capital injections, payment of the purchase price for the acquisition of PRC domestic enterprises, repatriation of dividends and other distributions, as well as RMB denominated cross-border loans. Under the PBOC RMB FDI Measures, special approval for RMB FDI and shareholder loans from PBOC which was previously required is no longer mandatory. In some cases, however, post-event filing with PBOC is still necessary. On 14 June 2012, PBOC further issued the Notice on Clarifying the implementation of Settlement of Cross-Border Renminbi Direct Investment (關於明確外直接投資人民幣結算業務操作細則的通知), which provides more detailed rules relating to cross-border Renminbi direct investments and settlement.

On 10 May 2013, SAFE promulgated the Provisions on the Foreign Exchange Administration of Domestic Direct Investment by Foreign Investors (外國投資者境內直接投資外匯管理規定) (the "SAFE Provisions"), which became effective on 13 May 2013. According to the SAFE Provisions, foreign investors can use cross-border Renminbi (including Renminbi inside and outside the PRC held in the capital accounts of non-PRC residents) to make a contribution to an onshore enterprise or make a payment for the transfer of an equity interest of an onshore enterprise by a PRC resident within the total investment amount approved by the competent authorities (for example, MOFCOM and/or its local counterparts as well as financial regulators). Capital account transactions in Renminbi must generally follow the current foreign exchange control regime applicable to foreign currencies.

Under current SAFE rules, the foreign debts borrowed, and the foreign security provided, by an onshore entity (including a financial institution) in Renminbi shall, in principle, be regulated under the current PRC foreign debt and foreign security regime. However, according to the 2013 PBOC Circular, upon enforcement of a foreign guarantee in Renminbi provided by onshore non-financial enterprises, PRC banks may provide Renminbi settlement services (i.e. remittance of enforcement proceeds) directly, which seems to indicate that SAFE approval for enforcement (which would be required in the case of the external guarantees in foreign currencies) is no longer required. Furthermore, onshore non-financial enterprises can request the PRC bank to extend Renminbi loans to offshore entities within the same group under Renminbi cash pooling arrangements and will no longer need to apply for a quota from SAFE. However, SAFE has not amended its positions under the current applicable rules, nor has it issued any regulations to confirm the positions in the 2013 PBOC Circular. Therefore, there remains potential inconsistencies between the provisions of the SAFE rules and the provisions of the 2013 PBOC Circular and it is unclear how SAFE will deal with such inconsistencies in practice.

On 3 December 2013, MOFCOM promulgated the MOFCOM RMB FDI Circular which became effective on 1 January 2014, to further facilitate FDI by simplifying and streamlining the applicable regulatory framework. Pursuant to the MOFCOM RMB FDI Circular, the appropriate office of MOFCOM and/or its local counterparts will grant written approval for each FDI and specify "Renminbi Foreign Direct Investment" and the amount of capital contribution in the approval. Unlike previous MOFCOM regulations on FDI, the MOFCOM RMB FDI Circular removes the approval requirement for changes to the relevant joint venture contract or the articles of association of the joint venture company to allow foreign investors to change the currency of its existing capital contribution from a foreign currency to Renminbi. Also the MOFCOM RMB FDI Circular specifies that the proceeds of foreign direct investment in RMB may not be used towards investment in securities, financial derivatives or entrustment loans in the PRC, except for investments in PRC domestic listed companies under the

PRC strategic investment regime with the approval of MOFCOM pursuant to the Administrative Measures for Strategic Investment by Foreign Investors in Listed Companies (外國投資者對上市公司戰略投資管理辦法).

According to the PBOC Shanghai FTZ Circular, banks in Shanghai can settle Renminbi funds under FDI for enterprises in the Shanghai FTZ upon the client's instruction. In addition, enterprises in the Shanghai FTZ can borrow Renminbi from offshore lenders within the prescribed limit, while the banks in the Shanghai FTZ can directly borrow offshore Renminbi, although the utilisation has geographical restrictions, the interpretation of which is still unclear. The PBOC Shanghai FTZ Circular also allows, in principle, the China Foreign Exchange Trading System to offer Renminbi-denominated financial asset trading services in the Shanghai FTZ to investors within the Shanghai FTZ as well as offshore investors, and the Shanghai Gold Exchange to offer Renminbi-denominated trading, delivery and settlement facilities relating to precious metal transactions in the Shanghai FTZ to investors within the Shanghai FTZ as well as offshore investors.

The above measures and circulars are relatively new and will be subject to interpretation and application by the relevant PRC authorities. Further, if any new PRC regulations are promulgated in the future which have the effect of permitting or restricting (as the case may be) the remittance of Renminbi for payment of transactions categorised as capital account items, then such remittances will need to be made subject to the specific requirements or restrictions set out in such rules.

Clearance and Settlement

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of Euroclear, Clearstream, Luxembourg, SIS, CDP, CDS or the CMU (together, the “Clearing Systems”) currently in effect. In respect of Notes which are accepted for clearance by CDP in Singapore, clearance will be effected through an electronic book-entry clearance and settlement system for the trading of debt securities (“Depository System”) maintained by CDP.

CDP holds securities for its accountholders and facilitates the clearance and settlement of securities transactions between accountholders through electronic book-entry changes in the securities accounts maintained by such accountholders with CDP.

In respect of Notes which are accepted for clearance by CDP, the entire issue of the Notes is to be held by CDP in the form of a Global Note or Global Certificate for persons holding the Notes in securities accounts with CDP (“Depositors”). Delivery and transfer of Notes between Depositors is by electronic book-entries in the records of CDP only, as reflected in the securities accounts of Depositors. Although CDP encourages settlement on the third business day following the trade date of debt securities, market participants may mutually agree on a different settlement period if necessary.

Settlement of over-the-counter trades in the Notes through the Depository System may only be effected through certain corporate depositors (“Depository Agents”) approved by CDP under the Companies Act, Chapter 50 of Singapore to maintain securities sub-accounts and to hold the Notes in such securities sub-accounts for themselves and their clients. Accordingly, Notes for which trade settlement is to be effected through the Depository System must be held in securities sub-accounts with Depository Agents. Depositors holding the Notes in direct securities accounts with CDP, and who wish to trade Notes through the Depository System, must transfer the Notes to be traded from such direct securities accounts to a securities sub-account with a Depository Agent for trade settlement.

CDP is not involved in money settlement between Depository Agents (or any other persons) as CDP is not a counterparty in the settlement of trades of debt securities. However, CDP will make payment of interest and repayment of principal on behalf of issuers of debt securities.

Although CDP has established procedures to facilitate transfer of interests in the Notes in global form among Depositors, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Issuing and Paying Agent or any other agent will have the responsibility for the performance by CDP of its obligations under the rules and procedures governing its operations.

An investor holding an interest through an account with either Euroclear or Clearstream, Luxembourg in any Notes held in CDP will hold that interest through the respective accounts that Euroclear and Clearstream, Luxembourg each have with CDP.

CMU

The CMU is a central depository service provided by the Central Moneymarkets Unit of the HKMA for the safe custody and electronic trading between the members of this service (“CMU Members”) of capital markets instruments (“CMU Instruments”) which are specified in the CMU Reference Manual as capable of being held within the CMU.

The CMU is only available to CMU Instruments issued by a CMU Member or by a person for whom a CMU Member acts as agent for the purposes of lodging instruments issued by such persons. Membership of the CMU is open to all members of the Hong Kong Capital Markets Association and “authorised institutions” under the Banking Ordinance (Cap. 155) of Hong Kong.

Compared to clearing services provided by Euroclear and Clearstream, Luxembourg, the standard custody and clearing service provided by the CMU is limited. In particular (and unlike the European Clearing Systems), the HKMA does not as part of this service provide any facilities for the dissemination to the relevant CMU Members of payments (of interest or principal) under, or notices pursuant to the notice provisions of, the CMU Instruments. Instead, the HKMA advises the lodging CMU Member (or a designated paying agent) of the identities of the CMU Members to whose accounts payments in respect of the relevant CMU Instruments are credited, whereupon the lodging CMU Member (or the designated paying agent) will make the necessary payments of interest or principal or send notices directly to the relevant CMU Members. Similarly, the HKMA will not obtain certificates of non-US beneficial ownership from CMU Members or provide any such certificates on behalf of CMU Members. The CMU Lodging Agent will collect such certificates from the relevant CMU Members identified from an instrument position report obtained by request from the HKMA for this purpose.

An investor holding an interest through an account with either Euroclear or Clearstream, Luxembourg in any Notes held in the CMU will hold that interest through the respective accounts which Euroclear and Clearstream, Luxembourg each have with the CMU.

CDS

CDS was formed in November 2006 pursuant to the restructuring of The Canadian Depository for Securities Limited (“CDS Ltd.”). CDS is wholly owned by CDS Ltd. CDS Ltd. was incorporated in 1970 and remains the holding company for CDS and two other operating subsidiaries and is Canada’s national securities clearing and depository services organisation. CDS Ltd. is wholly owned by TMX Group Limited.

Functioning as a service utility for the Canadian financial community, CDS provides a variety of computer automated services for financial institutions and investment dealers active in domestic and international capital markets. CDS participants (“CDS Participants”) include banks (including the Canadian Subcustodians (defined below)), investment dealers and trust companies and may include the Dealers or affiliates of the Dealers. Indirect access to CDS is available to other organisations that clear through or maintain a custodial relationship with a CDS Participant. Transfers of ownership and other interests, including cash distributions, in Notes in CDS may only be processed through CDS Participants and will be completed in accordance with existing CDS rules and procedures. CDS operates in Montreal, Toronto, Calgary and Vancouver to centralise securities clearing functions through a central securities depository.

CDS is the exclusive clearing house for equity trading on the Toronto Stock Exchange and also clears a substantial volume of over the counter trading in equities and bonds. The address for CDS is 85 Richmond Street West, Toronto, ON, Canada, M5H 2C9.

Global Clearance and Settlement Procedures

Initial settlement for Notes settling in CDS will be made in immediately available Canadian dollar funds. Such Notes will be held by CDS & CO., as nominee of CDS. Beneficial interests in the Global Certificate will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in CDS. If the applicable Final Terms indicate that the Notes may clear in Euroclear and Clearstream, Luxembourg, investors may elect to hold interests in the Global Certificate directly through any of CDS (in Canada) or Clearstream, Luxembourg or Euroclear (in Europe) if they are participants of such systems, or indirectly through organisations which are participants in such systems. Links have been established among CDS, Euroclear and Clearstream, Luxembourg to facilitate issuance of Notes and cross-market transfers of Notes associated with secondary market trading. Clearstream, Luxembourg and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in their respective names on the books of their respective Canadian subcustodians, each of which is a Canadian Schedule 1 chartered bank (“Canadian Subcustodians”), which in turn will hold such interests in customers’ securities accounts in the names of the Canadian Subcustodians on the books of CDS. CDS will be directly linked to Euroclear and Clearstream, Luxembourg through the CDS accounts of their respective Canadian Subcustodians.

Secondary market trading between CDS Participants will be in accordance with market conventions applicable to transactions in book-based Canadian domestic bonds. Secondary market trading between Euroclear and/or Clearstream, Luxembourg participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Transfers between CDS and Euroclear or Clearstream, Luxembourg

Cross-market transfers between persons holding directly or indirectly through CDS Participants, on the one hand, and directly or indirectly through Euroclear participants or Clearstream, Luxembourg participants, on the other, will be effected in CDS in accordance with CDS rules; however, such cross-market transactions will require delivery of instructions to the relevant clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines. The relevant clearing system will, if the transaction meets its settlement requirements, deliver instructions to CDS directly or through its Canadian Subcustodian to take action to effect final settlement on its behalf by delivering or receiving Notes in CDS, and making or receiving payment in accordance with normal procedures for settlement in CDS. Euroclear participants and Clearstream, Luxembourg participants may not deliver instructions directly to CDS or the Canadian Subcustodians.

Because of time-zone differences, credits of Notes received in Euroclear or Clearstream, Luxembourg as a result of a transaction with a CDS Participant will be made during subsequent securities settlement processing and dated the business day following the CDS settlement date. Such credits or any transactions in such Notes settled during such processing will be reported to the relevant Euroclear participants or Clearstream, Luxembourg participants on such business day. Cash received in Euroclear or Clearstream, Luxembourg as a result of sales of Notes by or through a Euroclear participant or a Clearstream, Luxembourg participant to a CDS Participant will be received with value on the CDS settlement date but will be available in the relevant Euroclear or Clearstream, Luxembourg cash account only as of the business day following settlement in CDS.

Book Entry Ownership

Bearer Notes

The Issuer has made applications to Euroclear and Clearstream, Luxembourg for acceptance in their respective book-entry systems in respect of any Series of Bearer Notes. The Issuer may also apply to have Bearer Notes accepted for clearance through CDP, the CMU or SIS. In respect of Bearer Notes, a temporary Global Note and/or a permanent Global Note will be deposited with a common depositary for Euroclear and Clearstream, Luxembourg or SIS or CDP or a sub-custodian for the CMU, as the case may be. Transfers of interests in a temporary Global Note or a permanent Global Note will be made in accordance with the normal market debt securities operating procedures of CDP, the CMU, SIS, Euroclear and Clearstream, Luxembourg.

Registered Notes

The Issuer has made applications to Euroclear and Clearstream, Luxembourg for acceptance in their respective book-entry systems in respect of the Notes to be represented by a Global Certificate. Each Issuer may also apply to have Notes represented by a Global Certificate accepted for clearance through CDP, CDS, the CMU or SIS. Each Global Certificate will have an International Securities Identification Number (“ISIN”) and/or a Common Code and/or a CUSIP. Investors in Notes of such Series may hold their interests in a Global Certificate through Euroclear, Clearstream, Luxembourg, CDP, CDS, SIS or the CMU, as the case may be.

Summary of Provisions Relating to the Notes While in Global Form

Initial Issue of Notes

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “Common Depository”) or CDP or with a sub-custodian for HKMA as operator of the CMU, or in the case of Notes denominated in Swiss francs, offered to the public in Switzerland and/or listed on the SIX Swiss Exchange SIX SIS AG, the Swiss Securities Servicer Corporation in Olten, Switzerland (“SIS”, which expression shall include any other clearing institution recognised by the SIX Swiss Exchange), or registration of Registered Notes (which are not held under the NSS) in the name of any nominee for (i) Euroclear and Clearstream, Luxembourg or (ii) CDP or (iii) the HKMA and delivery of the relative Global Certificate to the Common Depository, or CDP or the sub-custodian for the HKMA as operator of the CMU (as the case may be), the relevant clearing system will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. Notes denominated in Canadian dollars settling and clearing through CDS will be represented on issue by a Global Certificate which will be deposited on or prior to the issue date of the relevant Tranche with and registered in the name of CDS or a nominee of CDS.

If the Global Notes or the Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the relevant Tranche to a Common Safekeeper. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. Where the Global Notes or the Global Certificates issued in respect of a Tranche are in NGN form or held under the NSS (as the case may be), the ICSDs will be notified whether or not such Global Notes or Global Certificates (as the case may be) are intended to be held in a manner which would allow Eurosystem eligibility.

Notes that are initially deposited with the Common Depository or with the Common Safekeeper, as the case may be, may (if indicated in the relevant Final Terms) also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Issuer — ICSDs Agreement

The Issuer has entered into an agreement with Euroclear and Clearstream, Luxembourg in respect of any Notes issued in NGN form or to be held under the NSS that the Issuer may request be made eligible for settlement with Euroclear and Clearstream, Luxembourg (the “Issuer-ICSDs Agreement”). The Issuer-ICSDs Agreement provides that Euroclear and Clearstream, Luxembourg will, in respect of any such Notes, *inter alia*, maintain records of their respective portion of the issue outstanding amount of such Notes and will, upon the Issuer’s request, produce a statement for the Issuer’s use showing the total nominal amount of its customer holdings of such Notes as of a specified date.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, CDP, CDS, SIS or any other clearing system as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg, CDP, CDS, SIS or such clearing system (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Global Certificate, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, CDP, CDS, SIS or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid. So long as a Global Note or Global Certificate is held by SIS, each person (determined on the basis of statements of account provided by SIS) shall be the beneficial owner of an interest in the Global Note or Global Certificate to the extent of the amount (determined on the basis of statements of account provided by SIS) of their investment therein. In accordance with the regulations of the SIX Swiss Exchange, owners of beneficial interests in a Global Note or Global Certificate do not have the right to request the printing and delivery of Definitive Notes.

If a Global Note or a Global Certificate is lodged with a sub-custodian for or registered with the CMU Service, the person(s) for whose account(s) interests in such Global Note or Global Certificate are credited as being held in the CMU Service in accordance with the CMU Rules as notified by the CMU Service to the CMU Lodging Agent in a relevant CMU Instrument Position Report or any other relevant notification by the CMU Service (which notification, in either case, shall be conclusive evidence of the records of the CMU Service save in the case of manifest error) shall be the only person(s) entitled or in the case of Registered Notes, directed or deemed by the CMU Service as entitled to receive payments in respect of Notes represented by such Global Note or Global Certificate and the Issuer will be discharged by payment to, or to the order of, such person(s) for whose account(s) interests in such Global Note or Global Certificate are credited as being held in the CMU Service in respect of each amount so paid. Each of the persons shown in the records of the CMU Service, as the beneficial holder of a particular nominal amount of Notes represented by such Global Note or Global Certificate must look solely to the CMU Lodging Agent for his share of each payment so made by the Issuer in respect of such Global Note or Global Certificate.

1 Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (A) if the relevant Final Terms indicates that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (see “*Overview of the Programme - Selling Restrictions*”), in whole, but not in part, for the Definitive Notes defined and described below; and
- (B) otherwise, in whole or in part upon certification as to non-US beneficial ownership in the form set out in the Agency Agreement, for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes*.

The CMU Service may require that any such exchange for a permanent Global Note is made in whole and not in part and in such event, no such exchange will be effected until all relevant account holders (as set out in a CMU Instrument Position Report (as defined in the rules of the CMU Service) or any other relevant notification supplied to the CMU Lodging Agent by the CMU Service) have so certified.

Each temporary Global Note that is also an Exchangeable Bearer Note will be exchangeable for Registered Notes in accordance with the Terms and Conditions of the Notes in addition to any permanent Global Note or Definitive Notes for which it may be exchangeable and, before its Exchange Date, will also be exchangeable in whole or in part for Registered Notes only.

2 Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “Partial Exchange of Permanent Global Notes”, in part for Definitive Notes or, in the case of 2(C) below, Registered Notes:

- (A) unless principal in respect of any Notes is not paid when due, by the Issuer giving notice to the Noteholders, the Issuing and Paying Agent and the Trustee of its intention to effect such exchange¹; or
- (B) if the relevant Final Terms provides that such Global Note is exchangeable at the request of the holder, by the holder giving notice to the Issuing and Paying Agent of its election for such exchange*; or
- (C) if the permanent Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Issuing and Paying Agent of its election to exchange the whole or a part of such Global Note for Registered Notes*;
- (D) (1) if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg, SIS, the CMU or any other clearing system (an “Alternative Clearing System”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Issuing and Paying Agent (or, in the case of Notes lodged with the CMU, the CMU Lodging Agent) of its election for such exchange;

3 Permanent Global Certificates

If the Final Terms states that the Notes are to be represented by a permanent Global Certificate on issue, transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (A) if the Notes represented by the Global Certificate are held on behalf of Euroclear or Clearstream, Luxembourg, SIS, the CMU or an Alternative Clearing System (other than CDP or CDS) and any such

¹ This option should not be expressed to be applicable in the applicable Final Terms if the Specified Denomination in such Final Terms includes language substantially to the following effect: “[€100,000] and integral multiples of [€1,000] in excess thereof up to and including [€199,000].”

clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or, if the Global Certificate is held by or on behalf of CDS and (i) CDS has notified the Issuer that it is unwilling or unable to continue to act as a depository for the Notes and a successor depository is not appointed by the Issuer within 90 working days after receiving such notice; or (ii) CDS ceases to be a recognised clearing agency under the Securities Act (Ontario) or a self-regulatory organisation under the Securities Act (Québec) or other applicable Canadian securities legislation and no successor clearing system is available within 90 working days after the Issuer becoming aware that CDS is no longer so recognised or, if the Global Certificate is held on behalf of CDP and an Event of Default has occurred and is continuing or CDP is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or CDP announces an intention permanently to cease business and no alternative clearing system is available or CDP has notified the Issuer that it is unable or unwilling to act as depository for the Notes and to continue performing its duties and no alternative clearing system is available; or

(B) if principal in respect of any Notes is not paid when due; or

(C) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to 3(A) or 3(B) above, the holder of the Permanent Global Certificate has given the Registrar not less than 30 days' notice at its specified office of the intention of the holder of the Permanent Global Certificate to effect such transfer.

4 Partial Exchange of Permanent Global Notes

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system so permit, such permanent Global Note will be exchangeable at the cost of the Issuer in part on one or more occasions (1) for Registered Notes if the permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes, or (2) for Definitive Notes if principal in respect of any Notes is not paid when due.

5 Delivery of Notes

On or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent (or, in the case of Notes cleared through CDP, the CDP Issuing and Paying Agent and, in the case of Notes lodged with the CMU, the CMU Lodging Agent) (in each case, if such Global Note is in CGN form) or procure a change to the record of the relevant clearing system (if such Global Note is in NGN form). In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note (if such Global Note is in CGN form) or procure a change to the record of the relevant clearing system (if such Global Note is in NGN form) to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be. In this Prospectus, "Definitive Notes" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and

stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

6 Exchange Date

“Exchange Date” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the relevant Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

B. Amendment to Conditions

The temporary Global Notes, the permanent Global Notes and the Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the Terms and Conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

1 Payments

No payment falling due after the Exchange Date will be made on any temporary Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-US beneficial ownership in the form set out in the Trust Deed. All payments in respect of Notes represented by a Global Note in CGN form (except with respect to a Global Note held through the CMU) will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. A record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. If the Global Note is an NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the principal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under an NGN will be made to its holder. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “business day” set out in Condition 6(h).

All payments in respect of Notes represented by a Global Certificate (other than a Global Certificate held through CDS, CDP or the CMU) will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment (the “Record Date”), where “Clearing System Business Day” means any day on which the relevant clearing system is open for business, which for Euroclear and Clearstream, Luxembourg is Monday to Friday inclusive except 25 December and 1 January.

In respect of a Global Note or a Global Certificate held through the CMU Service, any payments of principal, interest (if any) or any other amounts shall be made to the person(s) for whose account(s) interests in the

relevant Global Note or Global Certificate are credited as being held with the CMU Service in accordance with the CMU Rules (as defined in the Agency Agreement) (as set out in a CMU Instrument Position Report or any other relevant notification supplied to the CMU Lodging Agent by the CMU Service which notification shall be conclusive evidence of the records of the CMU Service (save in the case of manifest error)) at the close of business on the Clearing System Business Day immediately prior to the date for payment and, save in the case of final payment, no presentation of the relevant bearer Global Note or Global Certificate shall be required for such purpose.

Payments of principal and interest in respect of Canadian Notes represented by a Global Certificate will be made in Canadian dollars on behalf of the Issuer by the Issuing and Paying Agent (through a Canadian dollar wire transfer) to CDS or a nominee of CDS or as otherwise directed by CDS. Such amounts will be forwarded by CDS to CDS participants and thereafter to holders in accordance with and subject to the rules and procedures of CDS from time to time.

2 Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in “Terms and Conditions of the Notes - Taxation”).

3 Meetings

At any meeting of Noteholders the holder of a permanent Global Note or of the Notes represented by a Global Certificate shall be treated as having one vote in respect of each US\$1 (or its equivalent) in principal amount of Notes for which such Global Note may be exchanged. All holders of Registered Notes are entitled to one vote in respect of each US\$1 in principal amount of Notes comprising such Noteholder’s holding, whether or not represented by a Global Certificate.

4 Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Terms and Conditions of the Notes to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant permanent Global Note.

5 Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer, the Guarantor or any of their respective Subsidiaries (as defined in the Trust Deed) if they are purchased together with the rights to receive all future payments of interest.

6 Issuer’s Option

Any option of the Issuer provided for in the Terms and Conditions of any Notes while such Notes are represented by a Global Note or Global Certificate shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in the Terms and Conditions of the Notes or the applicable Final Terms and containing the information required by the Terms and Conditions of the Notes, except that the notice shall not be required to contain the certificate numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a

clearing system in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg, CDS, CDP or the relevant Alternative Clearing System (as the case may be).

7 Noteholders' Options

Any option of the Noteholders provided for in the Terms and Conditions of any Notes while such Notes are represented by a Global Note or Global Certificate may be exercised by the holder of the Global Note or Global Certificate giving notice to the Issuing and Paying Agent (or, in the case of Notes cleared through CDP, the CDP Issuing and Paying Agent and, in the case of Notes lodged with the CMU, the CMU Lodging Agent) within the time limits relating to the deposit of Notes with a Paying Agent, except that the notice shall not be required to contain the certificate numbers of the Notes in respect of which the option has been exercised, and stating the principal amount of Notes in respect of which the option is exercised and at the same time presenting (if such Global Note is in CGN form) the Global Note or (if such Global Certificate is not held under the NSS) the Global Certificate to the Issuing and Paying Agent (or, in the case of Notes cleared through CDP, the CDP Issuing and Paying Agent and, in the case of Notes lodged with the CMU, the CMU Lodging Agent), or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is a NGN or where the Global Certificate is held under the NSS, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the principal amount of the Notes recorded in those records will be reduced accordingly.

8 Registered Notes held in CDP

- (i) Payments of principal in respect of Registered Notes held in CDP shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) While CDP Notes are represented by the Global Certificate, interest on such Notes shall be paid to the person shown on the Register at the fifth business day before the due date for payment thereof (the "Record Date"). Payments of interest on each Note shall be made by transfer to the registered account of the holder.
- (iii) In this paragraph:
 - (A) "business day" means a day (other than a Saturday, a Sunday or a gazetted public holiday in Singapore) on which the CDP and commercial banks are open for business in Singapore, London, Beijing and Hong Kong; and
 - (B) "registered account" means the Renminbi account maintained by or on behalf of the holder with a bank in Singapore, details of which appear in the Register at the close of business on the fifth business day before the due date for payment.

9 Direct Rights in respect of Notes cleared through CDP

In respect of a Global Note or a Global Certificate held in CDP, if any Event of Default has occurred and is continuing, the Trustee may state in a notice given to the Issuing and Paying Agent and the Issuer (the "default notice") the principal amount of Notes (which may be less than the outstanding principal amount of the Global Note or Global Certificate) which is being declared due and payable. Following the giving of the default notice, the holder of the Notes represented by the Global Note or Global Certificate, as the case may be, cleared through CDP may (subject as provided below) elect that direct rights ("Direct Rights") under the provisions of a deed of covenant to be entered into by the Issuer (the "CDP Deed of Covenant") shall come into effect in respect of a principal amount of Notes up to the aggregate principal amount in respect of which

such default notice has been given. Such election shall be made by notice to the Issuing and Paying Agent and the Registrar in the case of the Global Certificate and presentation of the Global Note or Global Certificate, as the case may be, to or to the order of the Issuing and Paying Agent for reduction of the principal amount of Notes represented by the Global Note or Global Certificate, as the case may be, by such amount as may be stated in such notice and by endorsement of the appropriate Schedule hereto of the nominal amount of Notes in respect of which Direct Rights have arisen under the CDP Deed of Covenant. Upon each such notice being given, the Global Note or Global Certificate, as the case may be, shall become void to the extent of the principal amount stated in such notice, save to the extent that the appropriate Direct Rights shall fail to take effect. No such election may however be made on or before the Exchange Date or the date of transfer in respect of a Global Certificate unless the holder elects in such notice that the exchange for such Notes shall no longer take place. The rights of the holders are set out in and subject to the provisions of the Trust Deed and the Terms and Conditions of the Notes.

10 Trustee's Powers

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

11 Notices

So long as any Notes are represented by a Global Note or Global Certificate and such Global Note or Global Certificate is held on behalf of (i) Euroclear and/or Clearstream, Luxembourg, CDS or any other clearing system (except as provided in (ii) below), notices to the holders of Notes of that Series may be given to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Terms and Conditions of the Notes or by delivery of the relevant notice to the holder of the Global Note or the Global Certificate or (ii) the CMU Service, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to the persons shown in a CMU Instrument Position Report issued by the CMU Service on the second business day preceding the date of despatch of such notice as holding interests in the relevant Global Note or Global Certificate.

12 Electronic Consent and Written Resolution

While any Global Note is held on behalf of, or any Global Certificate is registered in the name of any nominee for, a clearing system, then:

- (A) approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding (an "Electronic Consent" as defined in the Trust Deed) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the Special Quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders and holders of Coupons and Talons whether or not they participated in such Electronic Consent; and

- (B) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Trust Deed) has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer and/or the Trustee, as the case may be, by accountholders in the clearing system with entitlements to such Global Note or Global Certificate or, where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person for whom such entitlement is ultimately beneficially held, whether such beneficiary holds directly with the accountholder or via one or more intermediaries and provided that, in each case, the Issuer and the Trustee have obtained commercially reasonable evidence to ascertain the validity of such holding and have taken reasonable steps to ensure that such holding does not alter following the giving of such consent or instruction and prior to the effecting of such amendment. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. As used in this paragraph, “commercially reasonable evidence” includes any certificate or other document issued by Euroclear, Clearstream, Luxembourg or any other relevant clearing system, or issued by an accountholder or participant of them or an intermediary in a holding chain, in relation to the holding of interests in the Notes. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear’s EUCLID or Clearstream, Luxembourg’s CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified together with the amount of such holding. Neither the Issuer nor the Trustee shall be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

BP p.l.c.

Also, unless otherwise indicated, figures for sales and other operating revenues include sales between segments.

Introduction

The Anglo-Persian Oil Company Ltd, incorporated in 1909, later known as The British Petroleum Company Ltd, changed its name to BP Amoco p.l.c. following the merger with Amoco Corporation (incorporated in Indiana, USA, in 1889). The company subsequently changed its name to BP p.l.c. BP is a public limited company incorporated under the Companies (Consolidation) Act 1908 with registered number 00102498.

BP is an integrated oil and gas company. BP's worldwide headquarters and registered office is located at 1 St. James's Square, London SW1Y 4PD, UK, telephone +44 (0)20 7496 4000.

BP is one of the world's leading integrated oil and gas companies. Through its work the BP Group provides customers with fuel for transportation, energy for heat and light, lubricants to keep engines moving and the petrochemicals products used to make everyday items as diverse as paints, clothes and packaging. BP's projects and operations help to generate employment, investment and tax revenues in countries and communities across the world. The BP Group employs around 85,000 people.

Organisational Structure

The BP Group is a global group, with interests and activities held or operated through subsidiaries, branches, joint arrangements or associates established in, and subject to the laws and regulations of, many different jurisdictions. The UK is a centre for trading, legal, finance, research and technology and other business functions. The BP Group has well-established operations in Europe, North and South America, Australasia, Asia and Africa.

BP is, directly or indirectly, the ultimate holding company of all the companies in the BP Group and its assets are substantially comprised of shares in such companies and its holding in Rosneft. It does not conduct any other substantive business and is accordingly dependent on the other members of the BP Group and revenues received from them.

Business Activities

BP delivers energy products and services to people around the world. Through its two main operating segments, Upstream and Downstream, the BP Group finds, develops and produces essential sources of energy, turning them into products that people need. The BP Group also buys and sells at each stage of the hydrocarbon value chain. In renewable energy, BP's activities are focused on biofuels and wind. BP also has a 19.75 per cent. shareholding in Rosneft.

The Upstream segment is responsible for the BP Group's activities in oil and natural gas exploration, field development and production, and midstream transportation, storage and processing. BP also markets and trades natural gas, including liquefied natural gas, power and natural gas liquids. In 2014, the Upstream's activities took place in 28 countries.

In 2015, the BP Group's US Lower 48 onshore business began operating as a separate business, with its own governance, processes and systems. This is designed to promote nimble decision-making and innovation so that BP can be more competitive in the US onshore market, while maintaining BP's commitment to safe, reliable and compliant operations.

The BP Group's Downstream segment has significant operations in Europe, North America and Asia, and also manufactures and markets products in Australasia, Africa and Central and South America. Downstream is the product and service-led arm of the BP Group, made up of three businesses:

Fuels – includes refineries, fuels marketing and convenience retail businesses, together with global oil supply and trading activities that make up fuels value chains. The BP Group sells refined petroleum products including gasoline, diesel and aviation fuel.

Lubricants – manufactures and markets lubricants and related products and services globally, adding value through brand, technology and relationships, such as collaboration with original equipment manufacturing partners.

Petrochemicals – manufactures products at locations around the world, mainly using proprietary BP technology. These products are then used by others to make essential consumer products such as paint, plastic bottles and textiles.

The BP Group holds a unique position in Russia through its 19.75 per cent. share in Rosneft. This shareholding in Rosneft allows the BP Group to benefit from a diversified set of existing and potential projects in the Russian oil and gas sector.

Other businesses and corporate within the BP Group comprise its biofuels and wind businesses, shipping, treasury and corporate activities including centralised functions.

Paula Reynolds

Andrew Shilston

Phuthuma F Nhleko

All members of the audit committee are independent non-executive directors. The board has satisfied itself that Mr Nelson has recent and relevant financial experience as outlined in The UK Corporate Governance Code guidance. The external auditors’ lead partner, the BP general auditor (head of group audit), together with the BP Group chief financial officer and the chief accounting officer, attend each meeting at the request of the committee chairman. During the year, the committee meets with the external auditor, without the executive management being present, and also meets in private session with the BP general auditor.

The audit committee’s tasks are considered by the committee to be broader than those envisaged under The UK Corporate Governance Code. The committee is satisfied that it addresses each of those matters identified as properly falling within an audit committee’s purview. The committee has full delegated authority from the board to address those tasks assigned to it. In common with the board and all committees, it may request any information from the executive management necessary to discharge its functions and may, where it considers it necessary, seek independent advice and counsel.

BP Capital Markets p.l.c.

Introduction

BP Capital Markets p.l.c. (formerly BP Capital Limited, BP Capital p.l.c. and BP Amoco Capital p.l.c.) was originally incorporated as BP Capital Limited in England on 14 December 1976 as a private limited company under the Companies Act 1948 to 1967 (with registered number 1290444). On 30 June 1986, BP Capital Limited changed its name to BP Capital p.l.c. (as a result of its re-registration as a public limited company), to BP Amoco Capital p.l.c. on 2 March 1999 and to BP Capital on 8 May 2001.

BP Capital's registered office is located at Chertsey Road, Sunbury on Thames, Middlesex, TW16 7BP, telephone number: +44 (0)1932 762000. BP Capital has authorised equity of 99,999,990 ordinary shares of £1 each, 500,000,000 ordinary shares of US\$1 each and 10 shares of 10 per cent. Cumulative redeemable preference shares of £1 each. BP Capital has issued 99,999,990 ordinary shares of £1 each, which are fully paid up and 500,000,000 ordinary shares of US\$1 each which are fully paid-up of which 99,999,490 ordinary shares of £1 each and 500,000,000 ordinary shares of US\$1 each are held legally and beneficially by BP International Limited and 500 ordinary shares of £1 each are held by Kenilworth Oil Company Limited as nominee for BP International Limited.

BP Capital is a finance company established to undertake any business, transaction or operation commonly undertaken or carried out by investment companies, investment holding companies, bankers, financiers, etc.

The objects of BP Capital are stated in Clauses 4 (A) to (X) of its Memorandum of Association.

Business Activities

BP Capital acts as a finance company issuing debt securities and commercial paper on behalf of the BP Group. The development of the business of BP Capital is largely determined by the financing requirements of the BP Group companies both in the UK and abroad.

BP Capital has no subsidiaries. BP Capital's business is raising debt to be on-lent to the parent company and other members of the BP Group on a comparable basis. BP Capital is accordingly dependent on the parent company and other members of the BP Group to service its loans.

Taxation

United Kingdom

The following is a summary of the United Kingdom withholding tax treatment at the date hereof in relation to the payment of interest, discount and premium in respect of the Notes and also contains a summary of some other salient points relating to the United Kingdom taxation treatment of Noteholders. The comments below are of a general nature based on current United Kingdom law as applied in England and Wales and published HM Revenue and Customs practice (which may not be binding on HM Revenue and Customs), relating only to United Kingdom withholding tax treatment of payments of interest and certain information reporting requirements and are not intended to be exhaustive. The summary does not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Notes. Except where the context otherwise requires, the comments relate only to the position of persons who are absolute beneficial owners of the Notes and do not deal with the position of certain classes of Noteholder such as dealers and persons connected with the Issuer (to whom special rules may apply). The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective investors who are in any doubt as to their tax positions or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.

Payment of Interest on the Notes

- (A) While Notes which carry a right to interest continue to be listed on a recognised stock exchange as defined in Section 1005 of the Income Tax Act 2007 (such Notes being “quoted Eurobonds”) payments of interest may be made without withholding or deduction for or on account of United Kingdom income tax. The London Stock Exchange is a recognised stock exchange for these purposes. The securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning and in accordance with the provisions of Part VI of the Financial Services and Markets Act 2000) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes remain so listed, interest on the Notes will be payable without withholding or deduction for or on account of United Kingdom tax.
- (B) Interest on the Notes may also be paid without withholding or deduction for or on account of United Kingdom tax where interest on the Notes is paid by a company and at the time the payment is made that company reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the person beneficially entitled to the income in respect of which the payment is made is within the charge to United Kingdom corporation tax as regards the payment of interest, provided that HM Revenue and Customs has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.
- (C) Interest on the Notes may also be paid without withholding or deduction for or on account of United Kingdom tax where the maturity date of the Note is less than 365 days from the date of issue (and where the borrowing under such Notes at no time forms part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days).
- (D) In cases not falling within paragraphs (A), (B) or (C) above an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, (subject to the required formalities being fulfilled) HM Revenue and Customs can issue a

notice to the Issuer to pay interest to the relevant Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty) and/or a Noteholder may be able to reclaim amounts withheld for or on account of United Kingdom tax.

- (E) Payments on Notes that, although not expressed to be interest, fall to be treated as yearly interest for United Kingdom tax purposes will also be subject to the withholding tax rules described above. A premium payable on redemption of a Note may fall to be treated as yearly interest for United Kingdom tax purposes.
- (F) Payments, or parts thereof, constituting income in respect of Notes which has a United Kingdom source may accordingly be chargeable to United Kingdom tax by direct assessment even if paid without withholding or deduction. However, income in respect of Notes with a United Kingdom source received without deduction or withholding on account of United Kingdom tax will not be assessed to United Kingdom tax in the hands of a Noteholder who is not resident in the United Kingdom for tax purposes, unless that Noteholder carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency or, where the Noteholder is a corporate holder, carries on a trade through a permanent establishment in the United Kingdom, in connection with which the income is received or to which the Notes are attributable. There are exemptions for income received by certain categories of agent (such as some brokers and investment managers). The provisions of an applicable double taxation treaty may also be relevant for such Noteholders.
- (G) The provisions relating to additional amounts referred to in Condition 7 of the Notes would not apply if HM Revenue and Customs sought to make a direct assessment on a Noteholder.
- (H) If the Guarantor makes any payments in respect of interest on the Notes (or other amounts due under the Notes other than the repayment of amounts subscribed for the Notes), such payments may be subject to United Kingdom withholding tax at the basic rate, subject to the availability of other reliefs or to any direction to the contrary from HM Revenue & Customs in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty.

Provision of Information by and/or to HM Revenue and Customs

Information relating to securities may be required to be provided to HM Revenue and Customs in certain circumstances. This may include details of the beneficial owners of the Notes (or the persons for whom the Notes are held), details of the persons to whom payments derived from the Notes are or may be paid and information and documents in connection with transactions relating to the Notes. Information may be required to be provided by, amongst others, the holders of the Notes, persons by (or via) whom payments derived from the Notes are made or who receive (or would be entitled to receive) such payments, persons who effect or are a party to transactions relating to the Notes on behalf of others and certain registrars or administrators. In certain circumstances, the information obtained by HM Revenue and Customs may be exchanged with tax authorities in other countries.

EU Savings Directive

Under the EU Savings Directive, EU Member States are required to provide to the tax authorities of other EU Member States details of payments of interest (or similar income) paid or secured by a person established within its jurisdiction to (or for the benefit of) an individual resident in another EU Member State or certain limited types of entities established in another EU Member State. However, for a transitional period, Austria is instead required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other territories). A number of non-EU countries

and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland).

The Council of the European Union has adopted the Amending Directive which will, if implemented, amend and broaden the scope of the requirements of the EU Savings Directive described above. The Amending Directive would expand the range of payments covered by the EU Savings Directive, in particular to include additional types of income payable on securities, and the circumstances in which payments must be reported or paid subject to withholding. For example, payments made to (or for the benefit of) (i) an entity or legal arrangement effectively managed in an EU Member State that is not subject to effective taxation, or (ii) a person, entity or legal arrangement established or effectively managed outside of the EU (and outside any third country or territory that has adopted similar measures to the EU Savings Directive) which indirectly benefit an individual resident in an EU Member State, may fall within the scope of the EU Savings Directive, as amended. The Amending Directive requires EU Member States to adopt national legislation necessary to comply with it by 1 January 2016, which legislation must apply from 1 January 2017.

Therefore, the European Commission has proposed the repeal of the Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

Foreign Account Tax Compliance Act

The foreign account tax compliance provisions of the Hiring Incentives to Restore Employment Act of 2010 (“FATCA”) impose a withholding tax of 30 per cent. on (i) certain U.S. source payments and (ii) payments of gross proceeds from the disposition of assets that produce U.S. source interest or dividends made to persons that fail to meet certain certification or reporting requirements. In order to avoid becoming subject to this withholding tax, non-U.S. financial institutions must enter into agreements with the IRS (“IRS Agreements”) (as described below) or otherwise be exempt from the requirements of FATCA. Non-U.S. financial institutions that enter into IRS Agreements or become subject to provisions of local law (“IGA legislation”) intended to implement an intergovernmental agreement entered into pursuant to FATCA (“IGAs”), may be required to identify “financial accounts” held by U.S. persons or entities with substantial U.S. ownership, as well as accounts of other financial institutions that are not themselves participating in (or otherwise exempt from) the FATCA reporting regime. In order (a) to obtain an exemption from FATCA Withholding on payments it receives and/or (b) to comply with any applicable IGA legislation, a financial institution that enters into an IRS Agreement or is subject to IGA legislation may be required to (i) report certain information on its U.S. account holders to the government of the United States or another relevant jurisdiction and (ii) withhold 30 per cent. from all, or a portion of, certain payments made to persons that fail to provide the financial institution information, consents and forms or other documentation that may be necessary for such financial institution to determine whether such person is compliant with FATCA or otherwise exempt from FATCA Withholding.

Under FATCA, withholding may be required with respect to payments to certain persons that are not compliant with FATCA or that do not provide the necessary information or documentation made on or after (i) July 1, 2014 in respect of certain U.S. source payments, (ii) January 1, 2017, in respect of payments of gross proceeds (including principal repayments) on certain assets that produce U.S. source interest or dividends and (iii) January 1, 2017 (at the earliest) in respect of “foreign passthru payments” for U.S. federal income tax

purposes but notwithstanding the foregoing, no FATCA Withholding in respect of “foreign passthru payments” is required with respect to payments made under any “obligation” (not including any instrument treated as equity) that is issued or materially modified on or before the date that is six months after the date on which the final regulations defining “foreign passthru payments” are filed in the Federal Register and that is not materially modified after such date.

On September 12, 2012, the U.K. and the U.S. entered into the Intergovernmental Agreement to Improve International Tax Compliance and to Implement FATCA (the “U.K. IGA”) and the U.S. agreed to amendments proposed by the U.K. on June 7, 2013. Section 222 of the Finance Act 2013 empowers Her Majesty’s Treasury to make regulations giving effect to the U.K. IGA; such regulations initially came into force on September 1, 2013 and have been updated periodically since that date. The U.K. IGA provides, inter alia, that the governments of the United States and the United Kingdom are committed to work together to develop a practical and effective alternative approach to achieve the policy objectives of foreign passthru payment and gross proceeds withholding. It is not yet certain how the U.S. and U.K. will address withholding on foreign passthru payments, whether such withholding will be required at all or whether payments on instruments such as the Notes will constitute foreign passthru payments.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent and the Common Depositary or Common Safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a holder that is not compliant with FATCA could be subject to FATCA Withholding. However, definitive notes will only be printed in remote circumstances.

The application of FATCA to Notes issued or materially modified on or after the date that is six months after the date on which the final regulations applicable to “foreign passthru payments” are filed with the Federal Register, may be addressed in a supplement to this Prospectus.

FATCA is particularly complex and its application to the Issuer, the Notes and the Noteholders is subject to change. Each prospective investors should consult its own tax adviser to obtain a more detailed explanation of FATCA and to learn how FATCA might affect such investor in its particular circumstance.

The Proposed Financial Transactions tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “Commission’s Proposal”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “participating Member States”).

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State

or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Notwithstanding the Commission's Proposal, joint statements issued by the participating EU Member States (other than Slovenia) indicate an intention to implement the FTT by 1 January 2016.

The proposed FTT remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate. Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Subscription and Sale

Subject to the terms and on the conditions contained in a Programme Agreement (amended and restated) dated 13 August 2014 (the “Programme Agreement”) between the Issuer, the Guarantor and the Permanent Dealers, the Notes will be offered from time to time by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer, failing whom the Guarantor, will pay each Dealer a commission as agreed between the Issuer, the Guarantor and the Dealer, which commission may be deducted from the net proceeds payable to the Issuer on the closing of any series of Notes. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the establishment and the update of the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer and the Guarantor have agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

United States

The Notes and the Guarantee have not been and will not be registered under the Securities Act and the Notes and the Guarantee may not be offered or sold within the United States or to, or for the account or benefit of, US persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to US tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by US Treasury regulations. Terms used in this paragraph have the meanings given to them by the US Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

Each Dealer has represented and agreed that, except as permitted by the Programme Agreement, it has not offered or sold and will not offer or sell the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the relevant Dealer and the Issuer, by the Issuing and Paying Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, US persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, US persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (ii) at any time to fewer than 100, or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

GENERAL PROVISIONS APPLICABLE TO THE NOTES

- 21 Form of Notes:

- (a) Form:

Permanent Global Note exchangeable for Definitive Notes in the limited circumstances specified in the Permanent Global Note.

Condition 1 (Form, Denomination and Title) shall be supplemented as follows:

“The Notes will be in bearer form and will be represented by a permanent global note (the “Permanent Global Note”) in substantially the form scheduled to the supplemental trust deed dated [●] between the Issuer, the Guarantor and The Law Debenture Trust Corporation p.l.c.

The Notes and all rights in connection therewith are documented in the Permanent Global Note which shall be deposited by [●] (the “Principal Swiss Paying Agent”) with SIX SIS AG or any other intermediary in Switzerland recognised for such purposes by SIX Swiss Exchange Ltd. (SIX SIS AG or any such other intermediary, the “Intermediary”). Once the Permanent Global Note is deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Notes will constitute intermediated securities (*Bucheffekten*) (“Intermediated Securities”) in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*).

Each Holder (as defined below) shall have a quotal co-ownership interest (*Miteigentumsanteil*) in the Permanent Global Note to the extent of its claim against the Issuer, provided that for so long as the Permanent Global Note remains deposited with the Intermediary the co-ownership interest shall be suspended and the Notes may only be transferred or otherwise disposed of in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*), i.e., by entry of the transferred Notes in a securities account of the transferee.

Neither the Issuer nor the Holders (as defined below)

shall at any time have the right to effect or demand the conversion of the Permanent Global Note (*Globalurkunde*) into, or the delivery of, uncertificated securities (*Wertrechte*) or Definitive Notes (*Wertpapiere*).

The records of the Intermediary will determine the number of Notes held through each participant in that Intermediary. In respect of the Notes held in the form of Intermediated Securities, the holders of the Notes (the “Holders”) will be the persons holding the Notes in a securities account in their own name and for their own account.

No physical delivery of the Notes shall be made unless and until Definitive Notes (*Wertpapiere*) shall have been printed. Definitive Notes (*Wertpapiere*) may only be printed, in whole, but not in part, if the Principal Swiss Paying Agent determines, in its sole discretion and acting reasonably, that the printing of the Definitive Notes (*Wertpapiere*) is necessary or useful, after consultation with the Issuer, or if the presentation of Definitive Notes (*Wertpapiere*) and Coupons is required by Swiss or other applicable laws and regulations in connection with the enforcement of rights of the Trustee or Holders. Should the Principal Swiss Paying Agent so determine, it shall provide for the printing of Definitive Notes (*Wertpapiere*) without cost to the Holders. If printed, the Definitive Notes (*Wertpapiere*) shall be executed by affixing thereon the facsimile signature of an authorised officer of the Issuer. Upon delivery of the Definitive Notes (*Wertpapiere*), the Permanent Global Note will immediately be cancelled by the Principal Swiss Paying Agent and the Definitive Notes (*Wertpapiere*) shall be delivered to the Holders against cancellation of the Notes in the Holders’ securities accounts.”
