€50,000,000,000

Euro Medium Term Note Programme

for the issue of Notes with maturities of one month or longer

Under this €50,000,000,000 Euro Medium Term Note Programme (the “*Programme*”) each of Toyota Motor Finance (Netherlands) B.V. (“*TMF*”), Toyota Credit Canada Inc. (“*TCCI*”), Toyota Finance Australia Limited (“*TFA*”) and Toyota Motor Credit Corporation (“*TMCC*”) and, together with TMF, TCCI and TFA, the “*Issuers*” and each an “*Issuer*”) may from time to time and, subject to applicable laws and regulations, issue debt securities (the “*Notes*”) denominated in any currency agreed by the Issuer of such Notes (the “*relevant Issuer*”) and the relevant Purchaser(s) (as defined below).

This Prospectus supersedes any previous Offering Circular or Prospectus issued by the Issuers. Any Notes issued under the Programme on or after the date hereof are issued subject to the provisions set out in this Prospectus. This does not affect any Notes issued prior to the date hereof.

Toyota Motor Corporation (the “*Parent*” or “*TMC*”), the ultimate parent company of the Issuers, has entered into a Credit Support Agreement and Supplemental Credit Support Agreements (collectively the “*TMC Credit Support Agreement*”), each governed by Japanese law, with Toyota Financial Services Corporation (“*TFS*”), a holding company which manages and controls various finance subsidiaries of the Toyota group, including the Issuers. TFS has, in turn, entered into a Credit Support Agreement with each of the Issuers in respect of issues of Notes by each of the Issuers. None of these Credit Support Agreements will provide an unconditional and irrevocable guarantee in respect of payments on the Notes. TMC’s obligations under the TMC Credit Support Agreement rank *pari passu* with its direct, unconditional, unsubordinated and unsecured debt obligations. These Credit Support Agreements are more fully described in “*Relationship of TFS and the Issuers with TMC*”.

The senior long-term debt of the Issuers has been rated by Moody’s Investors Service Limited (“*Moody’s*”) and by Standard & Poor’s, a division of The McGraw-Hill Companies Inc. (“*Standard & Poor’s*”). Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the senior long-term debt of the Issuers. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Any person (an “*Investor*”) intending to acquire or acquiring any Notes from any person (an “*Offeror*”) should be aware that, in the context of an offer to the public as defined in section 102B of the Financial Services and Markets Act 2000 (the “*FSMA*”), the relevant Issuer may be responsible to the Investor for this Prospectus under section 90 of the FSMA only if the relevant Issuer has authorised that Offeror to make the offer to the Investor. Each Investor should therefore enquire whether the Offeror is so authorised by the relevant Issuer. If the Offeror is not authorised by the relevant Issuer, the Investor should check with the Offeror whether anyone is responsible for this Prospectus for the purposes of section 90 of the FSMA in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt whether it can rely on this Prospectus and/or who is responsible for its contents it should take legal advice.

An Investor intending to acquire or acquiring any Notes from an Offeror will do so, and offers and sales of the Notes to an Investor by an Offeror will be made, in accordance with any terms and other arrangements in place between such Offeror and such Investor including as to price, allocations and settlement arrangements with Investors (other than Dealers sometimes identified as Managers in the applicable Final Terms (as defined below)) in connection with the offer or sale of the Notes. The relevant Issuer will not be a party to such terms and other arrangements with Investors (other than Dealers or Managers) and, accordingly, this Prospectus and any Final Terms will not contain such terms and other arrangements and any Investor must obtain such information from the Offeror.

The Notes will have maturities of one month or longer (or such other minimum or maximum maturity as may be allowed or required from time to time by the relevant central bank (or equivalent body (however called)) or any laws or regulations applicable to the relevant currency) and, subject as set out in this Prospectus, the maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €50,000,000,000 (or its equivalent in other currencies) calculated as described in this Prospectus.

The Notes will be issued to, and offered through, one or more of the Dealers specified on page 7 and any additional Dealers appointed under the Programme from time to time (each a “*Dealer*” and together the “*Dealers*”) on a continuing basis. Notes may also be issued to third parties other than Dealers. Dealers and such third parties are referred to as “*Purchasers*”.

Application has been made to the Financial Services Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (the “*UK Listing Authority*”) for Notes issued under the Programme during the period of twelve months from the date of this Prospectus to be admitted to the official list maintained by the UK Listing Authority (the “*Official List*”) and to London Stock Exchange plc (the “*London Stock Exchange*”) for such Notes to be admitted to trading on the London Stock Exchange’s Regulated Market.

References in this Prospectus to Notes being “*listed*” (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange’s Regulated Market and have been admitted to the Official List. The London Stock Exchange’s Regulated Market is a regulated market for the purposes of Directive 2004/39/EC (the “*Markets in Financial Instruments Directive*”).

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “*Risk Factors*”.

Notice of the aggregate nominal amount of Notes, the interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained in this Prospectus which are applicable to each Tranche (as defined under “*Terms and Conditions of the Notes*”) of Notes will be set out in a final terms document (the “*Final Terms*”) which, with respect to Notes to be listed on the Official List and to be admitted to trading on the London Stock Exchange, will be delivered to the UK Listing Authority and the London Stock Exchange, in each case on or before the date of issue of the Notes of such Tranche. The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange as may be agreed between the relevant Issuer and the relevant Purchaser(s) in relation to each issue of Notes. Each Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

Each Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the terms and conditions of the Notes herein, in which case a supplement to this Prospectus, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Base Prospectus in respect of each Issuer includes all information contained within this Prospectus together with all documents which are deemed to be incorporated herein by reference, except for any information relating to any other Issuer. This Prospectus has been approved by the UK Listing Authority as a Base Prospectus pursuant to the Prospectus Rules (the *“Prospectus Rules”*) made under the FSMA for the purposes of offering Notes to the public in the European Economic Area (*“EEA”*) and/or seeking to list Notes on the Official List and to admit Notes to trading on the London Stock Exchange’s Regulated Market.

Copies of the Final Terms will be delivered to the UK Listing Authority and the London Stock Exchange (in the case of Notes to be admitted to the Official List and admitted to trading on the London Stock Exchange’s Regulated Market), and will be available from the specified office of the Agent (as defined under *“Terms and Conditions of the Notes”*) named as issuing and principal paying agent for the Programme (but not from a paying agent named for a particular Series of Notes) and at www.londonstockexchange.com/rns.

Each Issuer accepts responsibility for the information contained in its Base Prospectus as described above. To the best of the knowledge of each Issuer (each a *“Responsible Person”*) (which has taken all reasonable care to ensure that such is the case) the information contained in its Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

The previous paragraph should be read in conjunction with the final paragraph on the first page of this Prospectus.

Each of TFS and the Parent accepts responsibility for the information contained in this Prospectus insofar as such information relates to itself and the relevant Credit Support Agreements to which it is party described in *“Relationship of TFS and the Issuers with the Parent”*.

To the best of the knowledge of each of TFS and the Parent (each a *“Responsible Person”*) (which has taken all reasonable care to ensure that such is the case) the information about itself and the relevant Credit Support Agreements to which it is a party described in *“Relationship of TFS and the Issuers with the Parent”* is in accordance with the facts and does not omit anything likely to affect the import of such information.

Any reference in this document to the Prospectus means this document and the documents (excluding all information incorporated by reference in any such documents either expressly or implicitly and excluding any information or statements included in any such documents either expressly or implicitly that is or might be considered to be forward looking and the Excluded Information described in *“Documents Incorporated by Reference”*) that are incorporated in, and form part of, this document. Each Issuer believes that none of the information incorporated herein by reference conflicts in any material respect with the information included in this Prospectus.

Each Issuer confirms that, if at any time after preparation of this Prospectus and before the commencement of dealings in or issue of any Notes being admitted to the Official List or offered to the public in the EEA, there is a significant new factor, material mistake or inaccuracy relating to the information included in this Prospectus within the meaning of Section 87G of the FSMA, the relevant Issuer shall give to Merrill Lynch International, as the Arranger, and the Dealers full information about such change or matter and shall publish a supplementary prospectus (*“Supplementary Prospectus”*) as may be required by the UK Listing Authority, and shall otherwise comply with section 87G of the FSMA and the Prospectus Rules in that regard.

No representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Dealers as to the accuracy or completeness of the information contained in or incorporated by reference into this Prospectus or any other information provided by any of the Issuers in connection with the Notes. The Dealers accept no liability in relation to the information contained in or incorporated by reference into this Prospectus or any other information provided by any of the Issuers in connection with the Programme or the issue of any Notes.

No person is or has been authorised by any of the Issuers to give any information or to make any representation not contained in, not incorporated by reference in or not consistent with this

Prospectus or any other information supplied in connection with the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuers or any of the Dealers.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Notes is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation or a statement of opinion (or a report of either of these things) by any of the Issuers or any of the Dealers that any recipient of this Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any of the Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the relevant Issuer and, if appropriate, the Parent and TFS. Neither this Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of any of the Issuers or any of the Dealers to any person to purchase any of the Notes.

The delivery of this Prospectus does not at any time imply that the information contained in or incorporated by reference into this Prospectus concerning any of the Issuers or the Parent or TFS is correct at any time subsequent to the date of this Prospectus or that any other information supplied in connection with the Programme or the issue of any Notes is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of any of the Issuers or the Parent or TFS or their subsidiaries during the life of the Programme or to advise any investor in the Notes of any information coming to their attention.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the EEA (including United Kingdom and the Netherlands), Japan, Canada, Australia, New Zealand, Hong Kong, Switzerland, Ireland and Sweden (see "*Subscription and Sale*").

None of the Issuers or the Dealers represents that this Prospectus or any of the offering material relating to the Programme or any Notes issued thereunder may be lawfully distributed, or that any of the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuers or the Dealers (save for approval of this Prospectus by the UK Listing Authority) which is intended to permit a public offering of any Notes outside the UK or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material relating to the Programme or any Notes issued thereunder may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and each of the Dealers has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that all offers and sales by them will be made on the same terms.

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions and may perform services for each of the Issuers and their respective affiliates in the ordinary course of business.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "*Securities Act*") and Notes in bearer form are subject to U.S. tax law requirements. The Notes may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons unless the Notes are registered under the Securities Act, or an exemption from the registration requirements of the Securities Act is available (see "*Subscription and Sale*").

TCCI, subject to applicable laws and regulations, may agree to issue Notes in registered form ("*Registered Notes*") substantially in the form scheduled to the Agency Agreement (as defined under "*Terms and Conditions of the Notes*"). With respect to each Tranche of Registered Notes, TCCI has appointed a transfer agent and registrar and a Canadian paying agent.

Unless the source is otherwise stated, the market, economic and industry data in this Prospectus about TMC, TFS and each of the Issuers constitutes TMC's, TFS's and the relevant Issuer's estimates, respectively, using underlying data from various industry sources where appropriate. Where market, economic and industry data is derived from industry and other independent sources, the publications in which they are contained generally state that the information they contain has been obtained from sources believed to be reliable, but that the accuracy and completeness of such information is not guaranteed.

As used herein, "*Series*" means each original issue of Notes together with any further issues expressed to form a single series with the original issue and the terms of which (save for the Issue Date, the amount and the date of the first payment of interest thereon and/or the Issue Price (as indicated in the applicable Final Terms)) are identical (including the Maturity Date, Interest Basis, Redemption/Payment Basis and Interest Payment Dates (if any) (as indicated in the applicable Final Terms) and whether or not the Notes are admitted to trading) and expressions "*Notes of the relevant Series*" and related expressions shall be construed accordingly. As used herein, "*Tranche*" means all Notes of the same Series with the same Issue Date and Interest Commencement Date (if applicable) as indicated in the applicable Final Terms.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions, outside Australia and New Zealand respectively and not on a market operated in Australia or New Zealand respectively, with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. rateably without any preference among themselves and equally with all other unsecured and unsubordinated obligations of the relevant Issuer from time to time outstanding (other than obligations required to be preferred by law).

Credit Support Agreements:

Each of the Issuers has the benefit of a Credit Support Agreement made between it and TFS. In turn, TFS has the benefit of a Credit Support Agreement made between it and the Parent.

Listing and Admission to Trading:

Application has been made to the UK Listing Authority for Notes issued under the Programme to be admitted to the Official List and to the London Stock Exchange for such Notes to be admitted to trading on the London Stock Exchange's Regulated Market. Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be agreed between the relevant Issuer and the relevant Purchaser(s) in relation to each Series. Notes which are neither listed nor admitted to trading on any market may also be issued. The applicable Final Terms will state whether or not the relevant Notes are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Governing Law:

Subject to the following paragraph, the Notes will be governed by, and construed in accordance with, English law.

Notes issued by TMCC which form a single Series with Notes issued by TMCC prior to 28 September 2007 will be governed by and construed in accordance with New York law.

Selling Restrictions:

There may be selling restrictions in relation to the laws of the United States, the European Economic Area (including the United Kingdom and the Netherlands), Japan, Canada, Australia, New Zealand, Hong Kong, Switzerland, Ireland and Sweden or other jurisdictions in connection with the offering and sale of a particular issue of Notes. See "*Subscription and Sale*". Additional selling restrictions may be set out in the applicable Final Terms.

Risk Factors:

There are certain factors that may affect each Issuer's ability to fulfil its obligations under Notes issued under the Programme or, in the case of TFS and the Parent, which may affect its ability to fulfil its obligations under the Credit Support Agreements to which it is a party. These are set out under "*Risk Factors*" and include factors such as liquidity, credit and operational risks as well as industry and business risks. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme and include the fact the Notes may not be a suitable investment for all investors, certain risks relating to the structure of a particular Series of Notes and certain risks relating to the market generally. In certain circumstances, TCCI, TFA or TMCC may terminate the listing of the Notes on a stock exchange in the European Economic Area which is a regulated market for the purposes of the Markets in Financial Instruments Directive.

RISK FACTORS

Each Issuer, TFS and the Parent believes that the following factors may affect, in the case of each Issuer, its ability to fulfil its obligations under Notes issued under the Programme or, in the case of TFS and the Parent, its obligations under the Credit Support Agreements. All of these factors are contingencies which may or may not occur and none of the Issuers, TFS or the Parent is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Each Issuer, TFS and the Parent believes that the factors described below represent the material risks inherent in investing in Notes issued under the Programme, but the inability of each Issuer to pay interest, principal or other amounts on or in connection with any Notes or, in the case of TFS and the Parent, to perform the obligations under the Credit Support Agreements, may occur for other reasons. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Factors that may affect each Issuer's ability to fulfil its obligations under the Notes issued under the Programme and, in the case of TFS and the Parent, its ability to fulfil its obligations under the Credit Support Agreements

Unless otherwise specified in this section, "TFS group" means TFS and its subsidiaries and affiliates and "Toyota" means TMC and its consolidated subsidiaries.

Each Issuer, TFS and Toyota may be exposed to certain risks and uncertainties that could have a material adverse impact directly or indirectly on its financial condition and results of operations:

Factors Affecting Net Income and Impact of Current Economic Conditions

Each of TCCI's, TFA's and TMCC's net income is subject to a variety of factors, including changes in the overall market for retail or wholesale motor vehicle financing, leasing or dealer financing, changes in the level of sales of Toyota vehicles or other vehicles in TCCI's, TFA's and/or TMCC's markets, the number and average balance of customer accounts, the finance industry's regulatory environment in the country in which each of TCCI, TFA and TMCC conducts business, competition from other financiers, rates of default by its customers, the interest rates it is required to pay on the funding it requires to support its business, amounts of funding available to it, changes in the funding markets, the used vehicle market, changes in its credit ratings, the success of efforts to expand its product lines, levels of operating expenses and general and administrative expenses, including but not limited to labour costs, technology costs (including, but not limited to, amortisation expense and/or impairment losses arising from capitalised intangible assets and maintenance costs) and premises costs, general economic conditions in the country in which each of TCCI, TFA and TMCC conducts its business, inflation, fiscal and monetary policies in the country in which each of TCCI, TFA and TMCC conducts its business as well as other countries in which they each issue debt and other factors. Further, a significant and sustained increase in fuel prices could lead to lower new and used vehicle purchases, thereby reducing the demand for motor vehicle retail and wholesale financing.

Increases in unemployment rates and consumer and commercial bankruptcy filings as a result of economic conditions negatively affect household incomes and can decrease demand for TCCI's, TFA's and TMCC's financing products and increase defaults and losses. In addition, where credit exposures of TCCI, TFA or TMCC are collateralised by vehicles, the severity of losses is particularly sensitive to a decline in used vehicle prices. Vehicle and industrial equipment dealers have also been impacted by the current economic downturn, which in turn, for TCCI, TFA and TMCC in respect of vehicle dealers and TFA and TMCC in respect of industrial equipment dealers, has increased the risk of default of certain dealers within TCCI's, TFA's and TMCC's portfolios.

Market conditions are subject to periods of volatility which can have the effect of reducing activity in a range of consumer and industry sectors which can adversely impact the financial performance of each of the Issuers. During the financial year ended 31 March 2009, capital and credit markets experienced extreme levels of volatility and disruption. Volatility may also impact each Issuer's ability to fund its business in a similar manner, and at a similar cost, to the funding raised in the past. Market developments could also have an adverse effect on the business, financial condition and operating results of TCCI, TFA and TMCC by increasing the rates that TCCI, TFA and TMCC

charge their customers and dealers, thereby affecting TCCI's, TFA's and TMCC's competitive position. Challenging market conditions may result in less liquidity, greater volatility, widening of credit spreads and lack of price transparency in credit markets. Changes in investment markets, including changes in interest rates, exchange rates and returns from equity, property and other investments, will affect (whether directly or indirectly) the financial performance of each of the Issuers.

If there is a continued and sustained period of market disruption and volatility:

- there can be no assurance that each of the Issuers will continue to have access to the capital markets in a similar manner and at a similar cost as they have in the past;
- issues of debt securities by each of the Issuers may be undertaken at spreads above benchmark rates that are greater than those on similar issuances undertaken during the prior several years;
- each of the Issuers may be subject to over reliance on a particular funding source or a simultaneous increase in funding costs across a broad range of sources; and
- the ratio of an Issuer's short-term debt outstanding to total debt outstanding may increase if negative conditions in the debt markets lead the Issuers to replace some maturing long-term liabilities with short-term liabilities (for example, commercial paper).

Any of these developments could have an adverse effect on an Issuer's financial condition and results of operations.

Credit Risk

Credit risk is the risk of loss arising from a failure of a customer or dealer to meet the terms of any contract with an Issuer or otherwise fail to perform as agreed. The level of credit risk on each of TCCI's, TFA's and TMCC's wholesale, retail, fleet and lease portfolios is influenced primarily by two factors: the total number of contracts that default and the amount of loss per occurrence, which in turn are influenced by various economic factors, the used vehicle market, purchase quality mix, contract term length and operational changes.

The level of credit risk on each of TCCI's, TFA's and TMCC's dealer financing portfolio is influenced primarily by the financial strength of dealers within that portfolio, dealer concentration, collateral quality and economic factors. The financial strength of dealers within the dealer financing portfolio is influenced by general macroeconomic conditions, the overall demand for new and used vehicles, the financial condition of motor vehicle manufacturers (and, in the case of TMCC, the going concern issues of the other U.S. motor vehicle manufacturers), among other factors. An increase in credit risk would increase each of TCCI's, TFA's and TMCC's provision for credit losses, which would have a negative impact on its financial condition and results of operations.

The current downturn in economic conditions in Canada, Australia and the U.S. has increased the risk that a customer or dealer may not meet the terms of a finance contract with TCCI, TFA and TMCC, respectively, or may otherwise fail to perform as agreed. The weaker economic environment has affected some of such Issuer's customers' ability to make their scheduled payments resulting in higher defaults, repossessions and losses. There can be no assurance that each of TCCI's, TFA's and TMCC's monitoring of credit risk and its efforts to mitigate credit risk are or will be sufficient to prevent an adverse effect on its financial condition and results of operations.

Risk Relating to Non-Toyota Dealers

Toyota Canada Inc., Toyota Motor Corporation Australia Limited and Toyota Motor Sales, U.S.A., Inc. are the primary distributors of Toyota vehicles in Canada, Australia and the United States, respectively (each, the "*Distributor*"). Each of TCCI, TFA and TMCC provides financing for some dealerships which sell products not distributed by its Distributor (or one of its affiliates). A significant adverse change, such as a restructuring or bankruptcy of automobile manufacturers other than Toyota may increase the risk that these dealers may default on their loans with Toyota companies.

Residual Value Risk

Residual value represents an estimate of the end of term market value of a leased asset. Residual value risk is the risk that the estimated residual value at lease origination will not be

recoverable at the end of the lease term. Each of TCCI, TFA and TMCC is subject to residual value risk on lease products where the customer may return the financed vehicle on termination of the lease agreement. Fluctuations in the market value of leased assets subsequent to lease origination may introduce volatility in TCCI's, TFA's and TMCC's profitability, through residual value provisions and/or gains or loss on disposal of leased assets. Among other factors, local, regional and national economic forecasts, new vehicle pricing, new vehicle incentive programmes, new vehicle sales, future plans for new Toyota product introductions, competitive actions and behaviour, product attributes of popular vehicles, the mix of used vehicle supply, the level of current used vehicle values and fuel prices heavily influence used vehicle prices and also the actual residual value of off-lease vehicles. Differences between the actual residual values realised on leased vehicles and TCCI's, TFA's, and TMCC's estimates of such values at lease origination could have a negative impact on such Issuer's financial condition and results of operations.

Liquidity Risk

Liquidity risk is the risk arising from the inability to meet obligations when they are due. The TFS group's liquidity strategy (including that of each of the Issuers) is to maintain the capacity to fund assets and repay liabilities in a timely and cost-effective manner even in the event of adverse market conditions. An inability to meet obligations when they become due in a timely manner would have a negative impact on an Issuer's ability to refinance maturing debt and fund new asset growth and would have an adverse effect on its financial condition and results of operations.

Market Risk

Market risk is the risk that changes in market interest rates, foreign currency exchange rates, equity prices and other relevant market parameters will negatively affect the TFS group's income and capital (including that of an Issuer). The capital and credit markets have been experiencing volatility and disruption. A portion of issuances of debt securities during the financial year ended 31 March 2009 included interest rate spreads above benchmark rates that are greater than those on similar issuances during prior financial years. These market developments could have an adverse affect on an Issuer's business, financial condition and operating results by increasing the rates it charges to its customers and dealers, thereby affecting its competitive position. Market risk also includes the risk that securities in investment portfolios could lose value, resulting in losses.

Senior management of each Issuer and TFS, where applicable, provide written principles for overall risk management, as well as policies covering specific areas, such as foreign currency exchange rate risk, interest rate risk, use of derivative financial instruments and non-derivative financial instruments. Risk management is carried out by various committees and departments based on charters or policies approved by senior management of each Issuer and TFS, where applicable.

Each of the Issuers operates in the international capital markets to obtain debt funding to support its earning assets. Transactions may be denominated in foreign currencies, exposing each Issuer to foreign currency exchange rate risk arising from various currency exposures.

Each of the Issuers has a policy requiring it to manage its foreign currency exchange rate risk against their functional currency (TMF: euros; TCCI: Canadian dollars; TFA: Australian dollars; and TMCC: U.S. dollars). Each Issuer is required to hedge 100 per cent. of its foreign currency exchange rate risk. Derivative financial instruments are entered into by each Issuer to economically hedge its exposure to foreign currency risk.

Market interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates and/or the value of a financial instrument will fluctuate because of changes in market interest rates. Each Issuer is exposed to the effects of fluctuations in the prevailing levels of market interest rates as it borrows and lends funds at both floating and fixed rates. Derivative financial instruments are entered into by each Issuer to manage its exposure to market interest rate risk.

Adverse changes in market interest rates and/or foreign currency exchange rates may have a negative impact on each Issuer's profitability. Further, changes in the fair value of derivatives to the extent that they are not offset by the translation of the items economically hedged, may introduce volatility in the relevant Issuer's income statement and produce anomalous results.

Possible Increase in Prevailing Market Interest Rates

An increase in the interest rates charged by an Issuer's lenders or available to each Issuer in the capital markets may adversely affect an Issuer's income.

As TCCI's, TFA's and TMCC's assets consist primarily of fixed rate contracts, they are not able to reprice their existing fixed rate contracts and may be unable to increase rates on new fixed rate contracts due to competitive reasons.

Operational Risk

Operational risk is the risk of loss resulting from, among other factors, inadequate or failed processes, systems or internal controls, theft, fraud, or natural disaster. Operational risk can occur in many forms including, but not limited to, errors, business interruptions, failure of controls, inappropriate behaviour of or misconduct by employees of, or those contracted to perform services for, an Issuer and vendors that do not perform in accordance with their contractual agreements. These events can potentially result in financial losses or other damages to an Issuer, including damage to reputation.

Each Issuer relies on internal and external information and technological systems to manage its operations and is exposed to risk of loss resulting from breaches in the security or other failures of these systems. Any upgrade and replacement of its transaction systems and treasury systems could have a significant impact on its ability to conduct its core business operations and increase the risk of loss resulting from disruptions of normal operating processes and procedures that may occur during the implementation of new information and transaction systems.

In order to monitor and manage operational risk, each Issuer maintains a framework of internal controls designed to provide a sound and well-controlled operating environment. However, due to the nature of its business and the challenges inherent in implementing control structures, problems may be identified in the future that could have a material effect on its financial condition and results of operations.

Each Issuer strives to maintain appropriate levels of operational risk relative to its business strategies, competitive and regulatory environment, and markets in which it operates. Appropriate levels of insurance coverage are maintained for those operating risks that can be mitigated through the purchase of insurance. Notwithstanding these control measures and insurance coverage, each Issuer remains exposed to operational risk. However, while each Issuer's approach to operational risk management is intended to mitigate such losses, management can provide no assurance that these problems will not have a material effect on such Issuer's financial condition and results of operations.

Notwithstanding anything stated in this risk factor, this risk factor should not be taken as implying that the relevant Issuer will be unable to comply with its obligations as a company with securities admitted to the Official List.

Counterparty Credit Risk

Each Issuer is subject to the risk that a counterparty may fail to perform its contractual obligations. The ability of each Issuer to engage in routine funding, investment and derivatives transactions could be adversely affected by the actions and commercial soundness of other financial institutions. Financial institutions are interrelated as a result of trading, clearing, lending or other relationships. In an adverse economic environment, each of the Issuers is subject to an increase in the risk that it may not be able to draw down sufficient funds from its credit facilities, if needed, due to the financial condition of some or all of the lenders. Each Issuer has exposure to many different counterparties and routinely executes transactions with counterparties in the financial industry, including derivative contracts. Many of these transactions expose each of the Issuers to credit risk in the event of default of the counterparty. There is no assurance that any such losses would not materially and adversely affect an Issuer's financial condition and results of operations.

Regulatory Risk

Regulatory risk is the risk arising from the failure or alleged failure to comply with applicable regulatory requirements and the risk of liability and other costs imposed under various laws and regulations, including changes in applicable law, regulation and regulatory guidance. See also "*Toyota*

Motor Credit Corporation (“TMCC”) – Description of TMCC” for further discussion of specific regulatory risks relating to TMCC.

Competition

The worldwide financial services industry is highly competitive and the TFS group has no control over how Toyota dealers source financing for their customers. Competitors of the TFS group (including those of each Issuer) include commercial banks, credit unions and other financial institutions. To a lesser extent, the TFS group competes with other motor vehicle manufacturers’ affiliated finance companies. Increases in competitive pressures could have an adverse impact on the TFS group’s contract volume, market share, revenues and margins. Further, the financial condition and viability of competitors and peers of the TFS group may have an impact on the financial services industry in which the TFS group operates, resulting in changes in demand for their products and services.

TMCC

The availability of certain United States federal government funding programmes, such as the Troubled Asset Relief Program or the Temporary Liquidity Guarantee Program, which are not available to TMCC, have provided a competitive advantage to eligible lending institutions by lowering their funding costs. This could have an adverse impact on TMCC’s profitability and the volume of its business.

TFA

The availability of the Australian Government Guarantee Scheme for Large Deposits and Wholesale Funding, which is not available to TFA, may provide a competitive advantage to authorised deposit-taking institutions in Australia through enhancing their access to funding sources and/or by lowering their funding costs. This could have an adverse impact on TFA’s profitability and the volume of its business.

Controlling Shareholder – Credit Ratings and Credit Support

All of the outstanding capital stock and voting stock of each of the Issuers is owned directly or indirectly by TFS. TFS is a wholly-owned holding company subsidiary of TMC.

As a result, TFS effectively controls each of the Issuers and is able to directly control the composition of each Issuer’s Board of Directors and direct the management and policies of each of the Issuers.

Each Issuer raises most of the funding it requires to support its business from the domestic and international capital markets. The cost and availability of that funding is influenced by credit ratings. Lower credit ratings generally result in higher borrowing costs as well as reduced access to capital markets.

The credit ratings for notes, bonds and commercial paper issued by each of the Issuers, being as of 30 June 2009:

<u>Rating Agency</u>	<u>Long Term</u>	<u>Outlook</u>	<u>Short Term</u>
Standard & Poor’s	AA	Negative	A-1+
Moody’s	Aa1	Negative	P-1

depend, in part, on the existence of the credit support arrangements with TFS and TMC described in “*Relationship of TFS and the Issuers with the Parent*” and on the financial condition and operating results of Toyota. If these arrangements (or replacement arrangements acceptable to the rating agencies) are not available to the Issuers, or if the credit ratings of TMC and TFS as credit support providers were lowered, the credit ratings of the Issuers would be adversely impacted. The cost and availability of unsecured financing is influenced by credit ratings, which are intended to be an indicator of the creditworthiness of a particular company, security or obligation.

In February 2009, Moody’s downgraded to Aa1 (negative outlook) from Aaa the senior unsecured long term rating of TMC and its supported subsidiaries, including TFS and the Issuers. In addition, Standard and Poor’s lowered to AA+ (negative outlook) from AAA its long term corporate

credit ratings of TMC and related entities, including TFS and the Issuers, and in May 2009, further lowered its ratings to AA (negative outlook). Further downgrades could result in higher borrowing costs as well as reduced access to capital markets. These factors would have a negative impact on an Issuer's competitive position, profitability and financial condition. In addition, depending on the level of the downgrade, TCCI and TMCC may be required to post an increased amount of cash collateral under certain derivatives agreements.

The credit support arrangements may be amended, provided that such amendment does not have any adverse effects upon any holder of any Notes outstanding at the time of such amendment, and does not require the acceptance of the rating agencies. If each of the Issuers for any reason does not have the benefit of these arrangements, each of the Issuers would expect the credit ratings of Notes issued by it to be substantially less than the current ratings of Notes issued by it, leading to either significantly constrained access, or no access, to the domestic or international capital markets, substantially higher borrowing costs and potentially an inability to raise the volume of funding necessary for it to operate its business.

Business Risk – TFS group

Business risk is the risk that the businesses are not able to cover the TFS group's ongoing expenses with ongoing income subsequent to the event of a major market contraction. The TFS group's business, through its financial subsidiaries (including each of the Issuers) and affiliates is substantially dependent upon the sale of Toyota vehicles and its ability to offer competitive financing. Changes in the volume of sales of such vehicles resulting from governmental action, changes in consumer demand, changes in the level of sponsored subvention programmes, increased competition or other events, could impact the performance of the TFS group's business.

TMF

TMF's principal activity is to act as a group finance company for some of the Parent's consolidated subsidiaries. TMF raises funds by issuing bonds and notes in the international capital markets which have the benefit of the credit support arrangements stated above (see "*Controlling Shareholder – Credit Ratings and Credit Support*") and on lends to other Toyota companies. TMF also issues guarantees for debt issuances of certain other Toyota companies and such guarantees issued by TMF also have the benefit of the same credit support arrangements. TMF's role as a financing vehicle exposes it to a variety of financial risks that include credit risk, liquidity risk, interest rate risk and foreign currency exchange rate risk. TMF has in place a risk management programme that seeks to limit the adverse effects on its financial performance of those risks by matching foreign currency assets and liabilities and through the use of financial instruments, including interest rate swaps, cross-currency swaps and foreign currency contracts, to manage interest rate and foreign currency risk.

TCCI, TFA and TMCC

Sales of Toyota Vehicles

Each of TCCI's, TFA's and TMCC's business is substantially dependent upon the sale of Toyota vehicles and its ability to offer competitive financing (and, in the case of TMCC, insurance products) in its market place. TFA's business is also substantially dependent upon Toyota and other vehicle dealerships to introduce new finance and lease business to TFA and such dealerships are free to introduce other financiers to their customers. Competition in respect of commission payments to Australian dealerships from other financiers, as well as changes in ownership or financial viability of such dealerships may adversely affect the financial condition and results of operations of TFA.

Higher levels of sales of new and used Toyota vehicles in each of TCCI's, TFA's and TMCC's domestic market relative to the level of sales of new and used vehicles of other makes are favourable for its business. Lower levels of sales of new and used Toyota vehicles domestically relative to the level of sales of new and used vehicles of other makes are not favourable for each of TCCI's, TFA's and TMCC's business.

Factors in relation to the sale of new and used vehicles which would impact the level of TCCI's, TFA's and TMCC's financing volume, insurance volume (in the case of TMCC) and results of operations include:

- changes in sales volumes resulting from governmental action;

- changes in consumer demand;
- economic conditions;
- changes in the level of the Distributor's sponsored finance programmes;
- increased competition;
- changes in the effectiveness of motor vehicle dealers selling Toyota vehicles relative to those selling vehicles of other makes;
- changes in pricing of imported units due to currency fluctuations or other events; and
- significant increases in fuel prices which may adversely affect sales in the larger Toyota vehicle range, (but may increase sales in the smaller Toyota passenger vehicle range).

Further, a significant and sustained increase in fuel prices could decrease new and used vehicle purchases, thereby reducing the demand for motor vehicle retail and wholesale financing.

TCCI's, TFA's and TMCC's Assets are Subject to Prepayment Risk

Customers may terminate their finance and lease contracts early. As a result, each of TCCI, TFA and TMCC estimates the rate of early termination of finance contracts in its interest rate hedging activities. Consequently, changes in customer behaviour contrary to the relevant Issuer's estimates may affect its financial condition and results of operations.

Product Subsidies Provided by the Distributor – TCCI and TMCC

Certain financing products offered by each of TCCI and TMCC may be subsidised by a Distributor. The Distributor sponsors special financing programmes on certain new and used Toyota vehicles that result in reduced monthly payments by qualified customers for finance products and/or reduced-cost extended warranty or road service.

Support amounts received from a Distributor in connection with these programmes approximate the amounts required by each of TCCI and TMCC to maintain yields and product profitability at levels consistent with standard products.

The level of sponsored programme activity varies based on each Distributor's marketing strategies, economic conditions and level of vehicle sales. Support amounts received are earned over expected financing product contract terms. Revenues earned by each of TCCI and TMCC vary based on the mix of Toyota vehicles, timing of programmes and the level of support provided.

From time to time a Distributor may offer the relevant Issuer certain incentives in connection with vehicle fleet financing.

The cessation by a Distributor of product subsidies and incentives would have a negative effect on the relevant Issuer's financial condition and results of operations.

Toyota Extra Care - TFA

Under an agreement with its Distributor, TFA markets, administers and accepts the liability for claims arising under a range of factory extended warranty products marketed through Toyota dealers to purchasers of Toyota vehicles. Since TFA acquired the rights to market the factory extended warranty products from its Distributor, it has insured part of or all of its liability for claims ("*claims risk*") in respect of new and used Toyota vehicles with licensed insurers (the "*re-insurers*"). A change in the pattern of claims in respect of partially re-insured factory extended warranties, the ability of the re-insurers to meet their obligations or a change in TFA's re-insurance practices has the potential to adversely impact the financial condition and results of operations of TFA.

Large Exposures - TFA

A large exposure refers to the degree of concentration in a loan portfolio or a segment of a loan portfolio. TFA has a large exposure to a number of dealerships and fleet customers. In particular, dealerships may have common ownership and TFA may make bailment and loan advances to those groups of dealerships. Failure of a dealership or fleet customer to which TFA has a large exposure may adversely affect the financial condition and results of operations of TFA.

Provisions for Bad and Doubtful Debts

None of TCCI, TFA or TMCC can assure that its allowance for bad and doubtful debts will be adequate to cover future credit losses. Increases in credit losses could adversely affect the relevant Issuer's financial condition and results of operations.

Risk of Catastrophes

Each of TCCI's, TFA's and TMCC's business is exposed to the risk of catastrophes, including natural events, such as hurricanes, tornados, earthquakes and fires and other events, such as explosions, terrorist attacks and riots. The incidence and severity of catastrophes and severe weather conditions are inherently unpredictable. These events may adversely affect consumer spending or customers' ability to meet their financial obligations and may otherwise adversely affect the relevant Issuer's financial condition and results of operations.

Concentration of Customer Risk – TMCC

TMCC is exposed to customer concentration risk in California, Texas, New York and New Jersey. Factors adversely affecting the economies and applicable laws in these states could have an adverse effect on TMCC's financial condition and results of operations.

Insurance Reserves - TMCC

TMCC's insurance subsidiary is subject to the risk of loss if its reserves for unearned premium and service revenues on unexpired policies and agreements in force are not sufficient. Using historical loss experience as a basis for recognising revenue over the term of the contract or policy may result in the timing of revenue recognition varying materially from the actual loss development. TMCC's insurance subsidiary is also subject to the risk of loss if its reserves for reported losses, losses incurred but not reported and loss adjustment expenses are not sufficient. Because TMCC uses estimates in establishing reserves, actual losses may vary from amounts established in earlier periods.

Reinsurance Credit Risk – TMCC

Reinsurance credit risk is the risk that a reinsurer providing reinsurance coverage for TMCC's insurance business will be unable to meet its obligations under such reinsurer's agreement with TMCC. The failure of a reinsurer to meet its obligations could result in losses to TMCC's insurance business.

Impact of Changes to Accounting Standards – TFA

TFA's financial report for the year ended 31 March 2009 has been prepared in accordance with the Australian Accounting Standards promulgated by the Australian Accounting Standards Board ("AASB"). The Australian Accounting Standards incorporate International Financial Reporting Standards ("IFRS") and Interpretations issued by the International Accounting Standards Board ("IASB"), with the addition of paragraphs on the applicability of each standard in the Australian environment.

The IASB is continuing its program to develop new accounting standards where it perceives they are required and to rewrite existing standards where it perceives they can be improved. In particular, the IASB and the Financial Accounting Standards Board in the USA continue to work together to harmonise the accounting standards of the USA and IFRS. Any future change in IFRS may have a beneficial or detrimental impact on the reported earnings of TFA, where they are adopted by the AASB.

TCCI's, TFA's and TMCC's Domestic Economy

If economic conditions in the country of incorporation of each of TCCI, TFA and TMCC were to weaken, the amount of non-performing finance contracts, provisions for doubtful debts and debt write-offs may increase. Increases in credit costs would have a negative impact on such Issuer's financial condition and results of operations.

If domestic economic conditions were to weaken, customer demand for each of TCCI's, TFA's and TMCC's products and services may lessen, having a negative impact on its financial condition and results of operations. If this lessened customer demand was accompanied by an increase in early repayment of contracts by customers, the negative impact on the relevant Issuer's financial condition and results of operations would be worsened.

If domestic economic conditions were to weaken, this may adversely affect conditions in the domestic capital markets and the cost and availability to the relevant Issuer of funding from the domestic and international capital markets.

If domestic economic conditions were to strengthen to the extent that there was an increase in prevailing domestic market interest rates, the considerations mentioned in “*Possible Increase in Prevailing Market Interest Rates*” may, in some circumstances, apply.

International Economy

If international economic conditions were to materially weaken, this may adversely affect each of TCCI’s, TFA’s and TMCC’s domestic economy which may in turn adversely affect its financial condition and results of operations.

If international economic conditions were to weaken, this may adversely affect conditions in the domestic and international capital markets and the cost and availability to each of TCCI, TFA and TMCC of funding from those markets.

If international economic conditions were to weaken, this may adversely affect the ability of TMC and TFS to meet their obligations under the Credit Support Agreements discussed in “*Relationship of TFS and the Issuers with the Parent*”.

Changes to Domestic Laws, Regulations or Government Policies

Future changes to the laws, regulations or the policies of governments (federal, state or local) (and the actions flowing from such changes to policies) of any jurisdiction in which each of TCCI, TFA and TMCC conducts its business may have a negative impact on its business or require significant expenditure by it to ensure compliance with those laws, regulations or policies so that it can effectively carry on its business.

Changes to Other National or International Laws, Regulations or Government Policies

Future changes to other national or international laws or regulations or to policies of other national governments (federal, state or local) or international organisations (and the actions flowing from such changes to policies) may have a negative impact on each of TCCI, TFA and TMCC’s business or require significant expenditure by it to ensure compliance with those laws, regulations or policies so that it can effectively carry on its business.

Taxation

Each of the Issuers is subject to numerous tax laws and is required to remit many different types of tax revenues based on self assessment and regulation. Each Issuer interprets the tax legislation and accounts to the authorities based on its knowledge of the tax laws at the time of its assessment. Tax laws, or the interpretation thereof, are subject to change through legislation, tax rulings or court interpretation. Changes to the application or interpretation of tax laws may adversely impact the relevant Issuer’s financial condition and results of operations.

An Issuer may also be subject to an audit by tax authorities after its self assessment. If the relevant Issuer has not accounted correctly for its tax liabilities, this may adversely impact the relevant Issuer’s financial condition and results of operations. See also “*Toyota Finance Australia Limited (“TFA”) – Description of TFA*” for further discussion of specific taxation risks relating to TFA.

Legal Proceedings

The TFS group is and may be subject to various legal actions, governmental proceedings and other claims arising in the ordinary course of business. A negative outcome in one or more of these legal proceedings may adversely affect the TFS group’s financial condition and results of operations.

Insolvency Laws - TFA

In the event that TFA becomes insolvent, insolvency proceedings (including, without limitation, administration under the Corporations Act 2001 of Australia (“*Corporations Act*”)) will be governed by the applicable laws in force in Australia or the law of another jurisdiction determined in accordance with Australian law. Those insolvency laws, as so applied and interpreted, may be different from the insolvency laws of certain other jurisdictions. In particular, the administration procedure under the Corporations Act, which provides for the potential re-organisation of an insolvent company,

differs significantly from bankruptcy or similar provisions under the insolvency laws of other non-Australian jurisdictions. If TFA becomes insolvent, the treatment and ranking of holders of Notes issued by TFA and TFA's other creditors and shareholders under the relevant governing law may be different from the treatment and ranking of those persons if TFA was subject to the bankruptcy or insolvency laws of another jurisdiction.

Industry and Business Risks - Toyota

The worldwide automotive market is highly competitive

The worldwide automotive market is highly competitive. Toyota faces intense competition from automotive manufacturers in the respective markets in which it operates. Competition has intensified particularly as a result of the contraction of the automotive market, due to the worldwide deterioration in the economy stemming from the financial crisis unfolding since last Autumn. In addition, competition is likely to further intensify in light of continuing globalisation in the worldwide automotive industry, possibly resulting in industry reorganisation. Factors affecting competition include product quality and features, the amount of time required for innovation and development, pricing, reliability, safety, fuel economy, customer service and financing terms. Increased competition may lead to lower vehicle unit sales and increased inventory, which may result in a further downward price pressure and adversely affect Toyota's financial condition and results of operations. Toyota's ability to adequately respond to the recent rapid changes in the automotive market and to maintain its competitiveness will be fundamental to its future success in existing and new markets and its market share. There can be no assurances that Toyota will be able to compete successfully in the future.

The worldwide automotive industry is highly volatile

Each of the markets in which Toyota competes has been subject to considerable volatility in demand. Demand for vehicles depends to a large extent on social, political and economic conditions in a given market and the introduction of new vehicles and technologies. As Toyota's revenues are derived from sales in markets worldwide, economic conditions in such markets are particularly important to Toyota. In reflection of the worldwide deterioration in the economy stemming from the financial crisis, the demand for automobiles in Japan, North America and Europe, which are Toyota's main markets, declined substantially particularly since the latter half of 2008, adversely affecting Toyota. Such decline in demand for automobiles and the adverse effect on Toyota are currently ongoing, and it is unclear how long this situation would continue or how it would transition in the future. Toyota's financial condition and results of operations may be affected adversely if the demand for automobiles remains weak or further weakens as a result of a further decline in the world economy. Demand may also be affected by factors directly impacting vehicle price or the cost of purchasing and operating vehicles such as sales and financing incentives, prices of raw materials and parts and components, cost of fuel and governmental regulations (including tariffs, import regulation and other taxes). Volatility in demand may lead to lower vehicle unit sales and increased inventory, which may result in a further downward price pressure and adversely affect Toyota's financial condition and results of operations.

Toyota's future success depends on its ability to offer new innovative, price competitive products that meet and satisfy customer demand on a timely basis

Meeting and satisfying customer demand with attractive new vehicles and reducing the amount of time required for product development are critical elements to the success of automotive manufacturers. The timely introduction of new vehicle models, at competitive prices, meeting rapidly changing customer preferences and demands is more fundamental to Toyota's success than ever as the automotive market is rapidly transforming in light of the deterioration in the world economy. There is no assurance, however, that Toyota may adequately and appropriately perceive changing customer preferences and demands with respect to quality, styling, reliability, safety and other features in a timely manner. Even if Toyota succeeds in perceiving customer preferences and demands, there is no assurance that Toyota will be capable of developing and manufacturing new, price competitive products in a timely manner with its available technology, intellectual property, sources of raw materials and parts and components, and production capacity. Further, there is no assurance that Toyota will be able to implement capital expenditures at the level and times planned by management. Toyota's inability to develop and offer products that meet customer demand in a timely manner could result in a lower market share and reduced sales volumes and margins, and may adversely affect Toyota's financial condition and results of operations.

Toyota's ability to market and distribute effectively and maintain its brand image is an integral part of Toyota's successful sales

Toyota's success in the sale of vehicles depends on its ability to market and distribute effectively based on distribution networks and sales techniques tailored to the needs of its customers as well as its ability to maintain and further cultivate its brand image across the markets in which it operates. There is no assurance that Toyota will be able to develop sales techniques and distribution networks that effectively adapt to changing customer preferences or changes in the regulatory environment in the major markets in which it operates. Nor is there assurance that Toyota will be able to cultivate and protect its brand image. Toyota's inability to maintain well developed sales techniques and distribution networks or a positive brand image may result in decreased sales and market share and may adversely affect its financial condition and results of operations.

The worldwide financial services industry is highly competitive

The worldwide financial services industry is highly competitive. Increased competition in automobile financing may lead to decreased margins. A decline in Toyota's vehicle unit sales, an increase in residual value risk due to lower used vehicle price, increase in the ratio of credit losses and increased funding costs are factors which may impact Toyota's financial services operations. The likelihood of these factors materialising has increased as a result of the ongoing rapid worldwide economic deterioration, and competition in automobile financing has intensified. If Toyota is unable to adequately respond to the changes and competition in automobile financing, Toyota's financial services operations may adversely affect its financial condition and results of operations.

Financial Market and Economic Risks – “Toyota”

Toyota's operations are subject to currency and interest rate fluctuations

Toyota is sensitive to fluctuations in foreign currency exchange rates and is principally exposed to fluctuations in the value of the Japanese yen, the U.S. dollar and the euro and, to a lesser extent, the Australian dollar, the Canadian dollar and the British pound. Toyota's consolidated financial statements, which are presented in Japanese yen, are affected by foreign currency exchange fluctuations through both translation risk and transaction risk. Changes in foreign currency exchange rates may affect Toyota's pricing of products sold and materials purchased in foreign currencies. In particular, strengthening of the Japanese yen against the U.S. dollar can have an adverse effect on Toyota's operating results. The fluctuation of the Japanese yen against other currencies including the U.S. dollar has been particularly great in the financial year of 2009. If the Japanese yen further rapidly appreciates against other currencies, including the U.S. dollar, Toyota's financial condition and results of operations may be adversely affected.

Toyota believes that its use of certain derivative financial instruments including interest rate swaps and increased localised production of its products have reduced, but not eliminated, the effects of interest rate and foreign currency exchange rate fluctuations. Nonetheless, a negative impact resulting from fluctuations in foreign currency exchange rates and changes in interest rates may adversely affect Toyota's financial condition and results of operations. For a further discussion of currency and interest rate fluctuations and the use of derivative financial instruments, see “Operating and Financial Review and Prospects – Operating Results – Overview – Currency Fluctuations”, “Quantitative and Qualitative Disclosures About Market Risk”, and notes 20 and 21 to Toyota's consolidated financial statements contained in TMC's Annual Report on Form 20-F which is incorporated by reference into this Prospectus.

High prices of raw materials and strong pressure on Toyota's suppliers could negatively impact Toyota's profitability

Increase in prices for raw materials that Toyota and Toyota's suppliers use in manufacturing their products or parts and components such as steel, precious metals, non-ferrous alloys including aluminium, and plastic parts, may lead to higher production costs for parts and components. This could, in turn, negatively impact Toyota's future profitability because Toyota may not be able to pass all those costs on to its customers or require its suppliers to absorb such costs.

The downturn in the financial markets could adversely affect Toyota's ability to raise capital

Financial markets worldwide have been significantly disrupted in the wake of the global financial crisis. A number of financial institutions and investors have been facing difficulties providing

capital to the financial markets due to their deteriorated financial conditions. As a result, there is a risk that companies may not be able to raise capital under terms that they would expect to receive with their creditworthiness. If Toyota is unable to raise the necessary capital under appropriate conditions on a timely basis, Toyota's financial condition and results of operations may be adversely affected.

Political, Regulatory and Legal Risks – “Toyota”

The automotive industry is subject to various governmental regulations

The worldwide automotive industry is subject to various laws and governmental regulations including those related to vehicle safety and environmental matters such as emission levels, fuel economy, noise and pollution. Many governments also impose tariffs and other trade barriers, taxes and levies, and enact price or exchange controls. Toyota has incurred, and expects to incur in the future, significant costs in complying with these regulations. New legislation or changes in existing legislation may also subject Toyota to additional expenses in the future.

Toyota may become subject to various legal proceedings

As an automotive manufacturer, Toyota may become subject to legal proceedings in respect of various issues, including product liability and infringement of intellectual property, and Toyota is in fact currently subject to a number of pending legal proceedings. A negative outcome in one or more of these pending legal proceedings could adversely affect Toyota's future financial condition and results of operations. For a further discussion of governmental regulations, see “Information on the Company – Business Overview – Governmental Regulation, Environmental and Safety Standards” and for legal proceedings, see “Information on the Company – Business Overview – Legal Proceedings” of TMC's Annual Report on Form 20-F which is incorporated by reference into this Prospectus.

Toyota may be adversely affected by political instabilities, fuel shortages or interruptions in transportation systems, natural calamities, wars, terrorism and labour strikes

Toyota is subject to various risks associated with conducting business worldwide. These risks include political and economic instability, natural calamities, fuel shortages, interruption in transportation systems, wars, terrorism, labour strikes and work stoppages. The occurrence of any of these events in the major markets in which Toyota purchases materials, parts and components and supplies for the manufacture of its products or in which its products are produced, distributed or sold, may result in disruptions and delays in the operations of Toyota's business. Significant or prolonged disruptions and delays in Toyota's business operations may adversely affect Toyota's financial condition and results of operations.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

Each Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes, Dual Currency Notes and Range Accrual Notes

Each Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates, certain interest rate parameters or other factors (each, a "*Relevant Factor*"). In addition, each Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Certain indices are highly volatile, which means that their value may change significantly, up or down, over a short period of time. The expected nominal amount payable at maturity, the amount of interest payable on an interest payment date and the cash value or physical settlement value of a physically settled Note based on a volatile index may vary substantially from time to time. Because the amount payable on an Indexed Linked Note is generally calculated based on the value of the relevant index on a specified date or over a limited period of time, volatility in the index increases the risk that the return on the Indexed Linked Notes may be adversely affected by a fluctuation in the level of the relevant index.

The volatility of an index may be affected by political or economic events, including governmental actions, or by the activities of participants in the relevant markets. Any of these could adversely affect the value of an Index Linked Note.

Certain indices reference several different currencies, commodities, securities or other financial instruments. The compiler of such an index typically reserves the right to alter the composition of the index and the manner in which the value of the index is calculated. Such an alteration may result in a decrease in the value of or return on an Indexed Linked Note which is linked to such index.

An index may become unavailable due to such factors as war, natural disasters, cessation of publication of the index, or suspension of or disruption in trading in the currency or currencies, commodity or commodities, security or securities or other financial instrument or instruments comprising or underlying such index. If an index becomes unavailable, the determination of the amount payable on an Index Linked Note may be delayed or an alternative method may be used to determine the value of the unavailable index. Alternative methods of valuation are generally intended to produce a value similar to the value resulting from reference to the relevant index. However, it is unlikely that such alternative methods of valuation will produce values identical to those which would be produced were the relevant index to be used. An alternative method of valuation may result in a decrease in the value of or return on an Indexed Linked Note.

Certain Indexed Linked Notes are linked to indices that are not commonly utilised or have been recently developed. The lack of a trading history may make it difficult to anticipate the volatility or other risks to which such a Note is subject. In addition, there may be less trading in such indices or instruments underlying such indices, which could increase the volatility of such indices and decrease the value of or return on Indexed Linked Notes relating to them.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, potential investors should consult their own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes and the suitability of such Notes in light of their particular circumstances.

Partly Paid Notes

Each Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate or from a floating rate to a fixed rate. Where an Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since that Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If an Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If an Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification and waiver

The terms and conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State (similar income for this purpose includes payments on redemption of the Notes representing any discount on the issue of the Notes or any premium payable on redemption). However, for a transitional period, Austria, Belgium and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008, the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008, the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of the proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the relevant Issuer nor any Paying Agent (as defined under "*Terms and Conditions of the Notes*" in relation to the relevant issue of Notes) nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The relevant Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive.

Change of law

The terms and conditions of the Notes (save in the case of Notes issued by TMCC which form a single Series with Notes issued prior to 28 September 2007) are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus. The terms and conditions of Notes issued by TMCC which form a single Series with Notes issued prior to 28 September 2007 are based on New York law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to New York law or administrative practice after the date of issue of the relevant Notes.

Notes where denominations involve integral multiples: definitive Notes – TMF, TCCI and TFA

In relation to any Notes issued by TMF, TCCI or TFA which have denominations consisting of a minimum Specified Denomination of €50,000 (or, where the Specified Currency is not euro, its equivalent in the Specified Currency), plus one or more higher integral multiples of another smaller

amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination of €50,000 (or its equivalent). In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination of €50,000 (or its equivalent) in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a nominal amount of Notes such that its holding amounts to the Specified Denomination of €50,000 (or its equivalent).

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Exchange rate risks and exchange controls

The principal of or any interest on Notes may be payable in, or determined by reference or indexed to, one or more Specified Currencies (including exchange rates and swap indices between currencies or currency units). For investors whose financial activities are denominated principally in a currency or currency unit (the “*Investor’s Currency*”) other than the Specified Currency in which the related Notes are denominated, or where principal or interest in respect of Notes is payable by reference to the value of one or more Specified Currencies other than by reference solely to the Investor’s Currency, an investment in such Notes entails significant risks that are not associated with a similar investment in a debt security denominated and payable in such Investor’s Currency. Such risks include, without limitation, the possibility of significant changes in the rate of exchange between the applicable Specified Currency and the Investor’s Currency and the possibility of the imposition or modification of exchange controls by authorities with jurisdiction over such Specified Currency or the Investor’s Currency. Such risks generally depend on a number of factors, including financial, economic and political events over which none of the Issuers has control. In addition, if the formula used to determine the amount of principal or interest payable with respect to a Note contains a multiple or leverage factor, the effect of any change in the applicable Specified Currency, index or formula will be magnified. The secondary market for the Notes will be affected by a number of factors independent of the creditworthiness of the relevant Issuer and the Parent and TFS as credit support providers and the value of the applicable Specified Currency, index or formula, including the volatility of such Specified Currency, index or formula, the method of calculating the nominal amount or any interest to be paid in respect of such Notes, the time remaining to maturity of such Notes, the outstanding amount of such Notes, the amount of other securities linked to such Specified Currency, index or formula and the level, direction and volatility of relevant market interest rates generally. Such factors also will affect the market value of the Notes. In recent years, rates of exchange have been highly volatile and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations that may occur in the future. An appreciation in the value of the Investor’s Currency relative to the value of the applicable Specified Currency would result in a decrease in the Investor’s Currency-equivalent yield on a Note denominated or the principal or interest of which is payable in such Specified Currency, in the Investor’s Currency-equivalent value of the principal of such Note payable at maturity and generally in the Investor’s Currency-equivalent market value of such Note. Depreciation in the value of the Investor’s Currency relative to the value of the applicable Specified Currency would have the opposite effect. In addition, depending on the specific terms of a Note denominated in, or the payment of which is determined by reference to the value of, one or more Specified Currencies (other than solely the Investor’s Currency), indices (including exchange rates and swap indices between currencies or currency units) or formulas, changes in exchange rates relating to any of the currencies or currency units involved may result in a decrease in the effective yield on such Note and, in certain circumstances, could result in a loss of all or a substantial portion of the principal of such Note to the investor.

Government or monetary authorities have imposed from time to time, and may in the future impose, exchange controls that could affect exchange rates as well as the availability of the Specified Currency in which a Note is payable at the time of payment of the principal or interest in respect of such Note. In addition, if the relevant Issuer is due to make a payment in a currency (the “*original*

currency”) other than euro in respect of any Note, Coupon or Receipt and the original currency is not available on the foreign exchange markets due to the imposition of exchange controls, the original currency’s replacement or disuse or other circumstances beyond the relevant Issuer’s control, the relevant Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in euro as described under Condition 5(f) under “*Terms and Conditions of the Notes*”. If the currency in which payment is to be made is not a holder’s Investor’s Currency, the holder will be subject to the risks described in the prior paragraph. In addition, the exchange rate applied in such circumstances could result in a reduced payment to the holder.

Liquidity Risks

The Notes may not have an established trading market when issued. There can be no assurance of a secondary market for the Notes or the continued liquidity of such market if one develops. The secondary market for the Notes will be affected by a number of factors independent of the creditworthiness of the relevant Issuer and the Parent and TFS as credit support providers and the value of any applicable index or indices, which may include the complexity and volatility of such index or indices, the method of calculating the principal or any interest to be paid in respect of such Notes, the time remaining to the maturity of such Notes, the outstanding amount of such Notes, any redemption features of such Notes, the amount of other securities linked to such index or indices and the level, direction and volatility of market interest rates generally. Such factors also will affect the market value of the Notes. In addition, certain Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities. Investors may not be able to sell Notes readily or at prices that will enable investors to realise their anticipated yield. No investor should purchase Notes unless such investor understands and is able to bear the risk that certain Notes may not be readily saleable, that the value of Notes will fluctuate over time and that such fluctuations may be significant. The prices at which Zero Coupon Notes, as well as other instruments issued at a substantial discount from their nominal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do such prices for conventional interest-bearing securities of comparable maturities.

If the level of global credit market conditions experienced during Toyota’s financial year ended 31 March 2009 were to recur at the same level or worsen, whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes, such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the assets of the relevant Issuer.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Transparency Obligations Directive – TCCI, TFA and TMCC

In certain circumstances, each of TCCI, TFA and TMCC may seek to terminate the listing of any Notes on a stock exchange in the European Economic Area which is a regulated market for the

purposes of the Markets in Financial Instruments Directive and seek an alternate listing on a stock exchange outside the European Economic Area or on a stock exchange that is not a regulated market for the purposes of the Markets in Financial Instruments Directive. These circumstances include the implementation of (i) the Transparency Obligations Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 (the “*TOD*”), or any law implementing or complying with, or introduced in order to conform to the *TOD*, so as to require the relevant Issuer (a) to prepare its financial statements in accordance with, or reconciled to, IFRS or International Accounting Standards (“*IAS*”); (b) to provide additional quantitative or qualitative disclosures regarding significant differences between generally accepted accounting principles of the country or jurisdiction in which the relevant Issuer is incorporated (“*Local GAAP*”) and IFRS or any additional auditor’s report relating to such disclosures; (c) to change the form of its financial reports in any other respect (other than *Local GAAP* and generally accepted auditing standards of the country or jurisdiction in which the relevant Issuer is incorporated); or (d) to have its financial statements audited in accordance with International Standards on Auditing; or (ii) any other future law or EU Directive imposing other requirements (including new corporate governance requirements) on the relevant Issuer that it in good faith determines are unduly burdensome in order to maintain the continued listing of any Notes issued under the Programme on a regulated market in the European Union.

Under the Programme Agreement (as defined under “*Subscription and Sale*”) each of TCCI, TFA and TMCC has agreed with the Dealers that, in such circumstances, it will use its reasonable endeavours to seek an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, securities exchange and/or quotation system that it deems appropriate. Subject to the foregoing, each of TCCI, TFA and TMCC is not under any obligation to Noteholders to maintain any listing of its Notes in such circumstances.

Although there is no assurance as to the liquidity of any Notes as a result of the listing on a regulated market in the European Union, delisting such Notes may have a material affect on an investor's ability to (a) continue to hold such Notes or (b) sell the Notes in the secondary market. See “*General Information – EU Transparency Obligations Directive*”.

DOCUMENTS INCORPORATED BY REFERENCE

Pursuant to the FSMA, in order to obtain a listing on the Official List and to be able to offer Notes to the public, each of the Issuers is obliged to prepare a base prospectus for the purposes of Article 5.4 of the Prospectus Directive that contains all such information which investors and their professional advisers would reasonably require, and reasonably expect to find there, for the purpose of making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of each of the Issuers and the rights attaching to the Notes. In order to satisfy this obligation, the Issuers are only permitted in certain circumstances to rely upon information incorporated by reference into the documents that constitute a base prospectus.

The following documents (excluding all information incorporated by reference in any such documents either expressly or implicitly and excluding any information or statements included in any such documents either expressly or implicitly that is or might be considered to be forward looking and excluding, in respect of the Parent's Press Release dated 4 August 2009 and Financial Summary FY2010 First Quarter (April 1, 2009 through June 30, 2009), all Excluded Information (as defined below)) which have been published or are provided simultaneously with this Prospectus and have been approved by the Financial Services Authority or filed with it shall be deemed to be incorporated in, and to form part of, this Prospectus which constitutes a base prospectus prepared pursuant to Article 5.4 of the Prospectus Directive and satisfies the requirements of the FSMA referred to above:

- (a) the Annual Financial Reports for the years ended 31 March 2009 and 31 March 2008 of each of TMF, TCCI and TFA;

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, each Issuer may from time to time issue Notes denominated in any currency and having maturities of one month or longer (or such other minimum or maximum maturity as may be allowed or required from time to time by the relevant central bank (or equivalent body (however called)) or any laws or regulations applicable to the relevant currency). A summary of the Programme appears on pages 7 to 11. The applicable terms of any Notes will be agreed between the relevant Issuer and the relevant Purchaser(s) prior to the issue of the Notes and will be set out in the terms and conditions of the Notes attached to, incorporated by reference into, or endorsed on, the Notes as modified and supplemented by the applicable Final Terms attached to, or endorsed on, such Notes.

Under the Programme each Issuer may from time to time issue Notes which will form a single Series with Notes issued by it prior to the date of this Prospectus. In the case of TMF, TCCI and TFA, Notes which form a single Series with Notes issued by it prior to 28 September 2007 will be constituted by a trust deed last amended and restated on 28 September 2006 and made between (among others) TMF, TCCI, TFA and Union Bank, N.A. as trustee and will be issued subject to, and with the benefit of, an agency agreement last amended and restated on 28 September 2006 and made between (among others) TMF, TCCI, TFA and JPMorgan Chase Bank, N.A. (and The Bank of New York Mellon, the Issuing and Principal Paying Agent under the Programme, is successor in business to JPMorgan Chase Bank, N.A.). In the case of TMCC, Notes which form a single Series with Notes issued by it prior to 28 September 2007 will be issued subject to, and with the benefit of, an agency agreement last amended and restated on 28 September 2006 and made between (among others) TMCC and JPMorgan Chase Bank, N.A. (and The Bank of New York Mellon, the Issuing and Principal Paying Agent under the Programme, is successor in business to JPMorgan Chase Bank, N.A.).

On the terms set out herein, this Prospectus and any supplement hereto will only be valid for listing Notes on the Official List and admitting Notes for trading on the London Stock Exchange and other relevant stock exchanges during the period of 12 months from the date of this Prospectus in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of (i) all Notes issued previously or simultaneously under this Programme and (ii) all Notes previously issued by TMCC under its U.S.\$30,000,000,000 Euro Medium-Term Note Program last updated on 28 September 2006 (in each case of (i) and (ii), including unlisted Notes), does not exceed €50,000,000,000 or its equivalent in other currencies. For the purpose of calculating the euro equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in a Specified Currency (as defined in the form of Final Terms under "Form of the Notes") other than euros shall be determined by the Agent (as defined under "*Terms and Conditions of the Notes*") as of 2:30 p.m. London time on the Issue Date for such Notes (as defined in the form of Final Terms under "Form of the Notes") (save in the case of Notes issued prior to 28 September 2007 by TMCC under its U.S.\$30,000,000,000 Euro Medium-Term Note Program which remain outstanding where the euro equivalent of such Notes denominated in a Specified Currency other than euros was determined by the Agent on 28 September 2007) by reference to the spot rate displayed on a page on the relevant Reuters service or Dow Jones Markets Limited or such other service as is agreed between the Agent and the relevant Issuer from time to time;
- (b) the euro equivalent of Dual Currency Notes and Index Linked Notes (each as defined under the terms and conditions that apply to the relevant Notes) shall be determined in the manner specified in paragraph (a) above by reference to the original nominal amount of such Notes;
- (c) the euro equivalent of Zero Coupon Notes (as defined under the terms and conditions that apply to the relevant Notes) and other Notes issued at a discount shall be determined in the manner specified in paragraph (a) above by reference to the net proceeds received by the relevant Issuer for the relevant issue; and
- (d) the euro equivalent of Partly Paid Notes (as defined under the terms and conditions that apply to the relevant Notes) shall be determined in the manner specified in paragraph (a) above by reference to the nominal amount of the Notes regardless of the amount of purchase moneys paid up on such Notes.

The aggregate nominal amount of Notes outstanding at any time under the Programme is subject to, and will be limited by, the then existing grant of authority by the Board of Management of TMF, by the Board of Directors of TCCI and TFA and by the Executive Committee of the Board of Directors of TMCC.

FORM OF THE NOTES

Each Tranche of Notes in bearer form will be initially issued in the form of a temporary global Note (a “*Temporary Global Note*”) which will:

- (i) if the global Notes are issued in new global note (“*NGN*”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the “*Common Safekeeper*”) for Euroclear Bank S.A./N.V. (“*Euroclear*”) and Clearstream Banking, société anonyme (“*Clearstream, Luxembourg*”); and
- (ii) if the global Notes are not issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depositary for Euroclear and Clearstream, Luxembourg,

without receipts, interest coupons or talons.

The applicable Final Terms will specify whether the Notes are to be held in a manner which will allow Eurosystem eligibility. This means that the Notes are to be deposited with one of the international central securities depositories as Common Safekeeper and not necessarily that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

If the applicable Final Terms indicates that the global Note is a NGN, the nominal amount of the Notes represented by such global Notes will be the aggregate from time to time entered in the records of both Euroclear and Clearstream, Luxembourg. The records of Euroclear and Clearstream, Luxembourg (which expression in such Global Note means the records that each of Euroclear and Clearstream, Luxembourg holds for its customers which reflect the amount of each such customer’s interest in the Notes) will be conclusive evidence of the nominal amount of Notes represented by such Global Note and, for such purposes, a statement issued by Euroclear and/or Clearstream, Luxembourg, as the case may be, stating that the nominal amount of Notes represented by such Global Note at any time will be conclusive evidence of the records of Euroclear and/or Clearstream, Luxembourg at that time, as the case may be.

While any Note is represented by a Temporary Global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not issued in NGN form) only upon certification of non-U.S. beneficial ownership as required by U.S. Treasury regulations to Euroclear and/or Clearstream, Luxembourg.

Interests in the Temporary Global Note will be exchangeable (free of charge) either for:

- (i) interests in a permanent global Note (a “*Permanent Global Note*”) without receipts, interest coupons or talons; or
- (ii) for security-printed definitive Notes,

(as indicated in the applicable Final Terms), in each case against certification of non-U.S. beneficial ownership as required by U.S. Treasury regulations in accordance with the terms of the Temporary Global Note,

- (a) on and after the date which is 40 days after completion of the distribution of the relevant Tranche of Notes; or
- (b) at the option of the relevant Issuer (with the consent of the Lead Manager(s) of the Tranche(s) of Notes of the relevant Series) the date which is 40 days after completion of the distribution of any additional issuance or issuances of one or more Tranches of Notes of the same Series that occurs within the 40 day period after the issue of the Temporary Global Note,

(the latest of such dates in paragraphs (a) and (b) is referred to as the “*Exchange Date*”),

provided that, if the Temporary Global Note is issued in respect of a Tranche of Notes described as Partly Paid Notes in the applicable Final Terms, only if the final instalment on all outstanding such Notes has been paid.

The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused. Pursuant to the Agency Agreement (as defined under “*Terms and Conditions of the Notes*”) the Agent shall arrange that, where a further Tranche of Notes is issued after the Exchange Date, the Notes of such further Tranche shall be assigned security code numbers by Euroclear and Clearstream, Luxembourg which are different from the security code numbers assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

The Permanent Global Note will, unless otherwise agreed between the relevant Issuer and the relevant Dealer, if the global Notes are issued in NGN form (to be eligible as collateral for Eurosystem operations) as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg. If the global Notes are not issued in NGN form, the Permanent Global Note will be delivered to the common depositary for Euroclear and Clearstream, Luxembourg.

Payments of principal and interest (if any) on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not issued in NGN form) without any requirement for certification.

A Permanent Global Note will, if specified in the applicable Final Terms, be exchanged in whole, but not in part, for security printed definitive Notes with, where applicable, receipts, interest coupons and talons attached (i) at the request of the relevant Issuer; (ii) upon the Noteholders instructing Euroclear or Clearstream, Luxembourg or any other agreed clearing system in which such Permanent Global Note is being held to give at least 60 days’ written notice to the Agent, subject to the payment of costs in connection with the printing and distribution of the definitive Notes, if specified in the applicable Final Terms; and/or (iii) (free of charge) upon the occurrence of an Exchange Event (as defined below).

For these purposes, “*Exchange Event*” means that (i) an Event of Default (as defined in Condition 9) has occurred and is continuing; (ii) the relevant Issuer has been notified that both Euroclear and Clearstream, Luxembourg, or any other agreed clearing system in which such Permanent Global Note is being held, have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, as a result, Euroclear and Clearstream, Luxembourg or such other agreed clearing system in which such Permanent Global Note is being held are no longer willing or able to discharge properly their responsibilities with respect to such Notes and the Agent and the relevant Issuer are unable to locate a qualified successor; or (iii) the relevant Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form.

The relevant Issuer will promptly give notice to Noteholders in accordance with Condition 16 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg and/or any other agreed clearing system in which such Permanent Global Note is being held (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the relevant Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

If a portion of the Notes continues to be represented by the Temporary Global Note after the issuance of definitive Notes, the Temporary Global Note shall thereafter be exchangeable only for definitive Notes, subject to certification of non-U.S. beneficial ownership.

No definitive Note delivered in exchange for a Permanent Global Note or a Temporary Global Note shall be mailed or otherwise delivered to any locations in the United States of America in connection with such exchange. Temporary Global Notes and Permanent Global Notes and definitive Notes will be issued by the Agent pursuant to the Agency Agreement.

If specified in the applicable Final Terms, other clearance systems capable of complying with the certification requirements set forth in the Temporary Global Note may be used in addition to or in lieu of Euroclear and Clearstream, Luxembourg, and any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to Notes issued in NGN form, be deemed to include such other additional or alternative clearing system.

Temporary Global Notes and Permanent Global Notes will be issued in bearer form only. Definitive Notes will be issued in bearer form or, in the case of Notes issued by TCCI, if so indicated in the applicable Final Terms, in registered form.

For United States federal income tax purposes each Temporary Global Note, each Permanent Global Note and each definitive Note in bearer form which has an original maturity of more than 183 days and any interest coupon which may be detached therefrom (or, if the obligation is evidenced by a book entry, appears in the book or record in which the book entry is made) will carry the following legend:

“Any United States person (as defined in the Internal Revenue Code of the United States) who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to in such legend provide that United States Noteholders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition or payment of principal in respect of Notes, receipts or interest coupons.

The following legend is required by the United States information reporting and backup withholding rules and will appear on all Temporary Global Notes, all Permanent Global Notes, all definitive Notes in bearer form, receipts and interest coupons for Notes with maturities at issuance of 183 days or less:

“By accepting this obligation, the holder represents and warrants that it is not a United States person (other than an exempt recipient described in Section 6049(b)(4) of the Internal Revenue Code and the regulations thereunder) and that it is not acting for or on behalf of a United States person (other than an exempt recipient described in Section 6049(b)(4) of the Internal Revenue Code and the regulations thereunder).”

Notes in bearer form will be issued in compliance with U.S. Treas. Reg. §1.163(c)(2)(i)(D) (the “*D Rules*”) and Notes with maturities at issuance of 183 days or less that are intended to comply with United States Treasury Regulation section 1.6049-5(b)(10) will be issued in compliance with the *D Rules* (excluding the certification requirement) and in a face amount or principal amount of not less than U.S.\$500,000 (as determined based on the spot rate on the date of issuance if in a foreign currency).

Notes may be issued in registered form (“*Registered Notes*”) by TCCI, subject to applicable laws and regulations. Each Tranche of Registered Notes issued by TCCI will be represented on issue by a registered global Note which will be deposited on the relevant Issue Date with CDS Clearing and Depository Services Inc (“*CDS*”) and/or a depository or common depository for any other agreed clearing system. Such registered global Note will not be exchangeable for Registered Notes in definitive form except on an Exchange Event (as that term is defined in the registered global Note). With respect to each Tranche of Registered Notes, TCCI has appointed, under an amended and restated Note Agency Agreement dated 18 September 2009 (the “*Note Agency Agreement*”), a transfer agent and registrar and a Canadian paying agent.

Notes issued by any of TMF, TCCI or TFA which form a single Series with Notes issued by TMF, TCCI or TFA, as the case may be, prior to 28 September 2007 shall be constituted by a trust deed last amended and restated on 28 September 2006 and made between (among others) TMF, TCCI, TFA and Union Bank, N.A. as trustee and will be issued subject to, and with the benefit of, an agency agreement last amended and restated on 28 September 2006 and made between (among others) TMF, TCCI, TFA and JPMorgan Chase Bank, N.A. (and the Agent is successor in business to JPMorgan Chase Bank, N.A.).

Notes issued by TMCC which form a single Series with Notes issued by TMCC prior to 28 September 2007 will be issued subject to, and with the benefit of, an agency agreement last amended and restated on 28 September 2006 and made between (among others) TMCC and JPMorgan Chase Bank, N.A. (and the Agent is successor in business to JPMorgan Chase Bank, N.A.).

If specified in the applicable Final Terms, the relevant Issuer may use market standard definitions in the terms and conditions of any Notes, including those published by the International Swaps and Derivatives Association.

TERMS AND CONDITIONS OF THE NOTES

Save in respect of Notes which form a single Series with Notes issued prior to the date of this Prospectus, the following are the Terms and Conditions (the “Terms and Conditions”) of the Notes to be issued by each of the Issuers on or after the date of this Prospectus which (subject to completion and amendment and to the extent applicable) will be attached to or incorporated by reference into each global Note and which will be incorporated by reference or endorsed upon each definitive Note. The applicable Final Terms in relation to any Notes may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with the following Terms and Conditions, replace or modify the following Terms and Conditions for the purpose of such Notes. The applicable Final Terms will be endorsed upon, or attached to, each temporary global Note, permanent global Note, global registered Note and definitive Note. Reference should be made to “Form of the Notes” in this Prospectus for the form of Final Terms which will include the definitions of certain terms used in the following Terms and Conditions.

Notes issued by Toyota Motor Finance (Netherlands) B.V., Toyota Finance Australia Limited and Toyota Motor Credit Corporation shall be issued in bearer form only. Notes issued by Toyota Credit Canada Inc. may be issued in bearer form or registered form, as indicated in the applicable Final Terms.

In the case of the Notes issued by Toyota Credit Canada Inc., except in the case of an Index Linked Note which qualifies as a “prescribed obligation” for the purposes of the Income Tax Act (Canada), no portion of the interest payable on a Note shall be contingent or dependent upon the use of or production from property in Canada or may be computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class of shares in the capital stock of a corporation.

This Note is one of a Series (as defined below) of Notes issued subject to, and with the benefit of, an amended and restated Agency Agreement dated 18 September 2009 (the “Agency Agreement”) and made between Toyota Motor Finance (Netherlands) B.V., Toyota Credit Canada Inc., Toyota Finance Australia Limited and Toyota Motor Credit Corporation as Issuers and The Bank of New York Mellon, as the issuing agent and (unless specified otherwise in the applicable Final Terms) principal paying agent and (unless specified otherwise in the applicable Final Terms) as calculation agent (the “Agent”, which expression shall include any successor agent or other Calculation Agent specified in the applicable Final Terms and the “Paying Agent”, which expression shall include any additional or successor paying agents). Notes in registered form issued by Toyota Credit Canada Inc. (“Registered Notes”) are also issued subject to, and with the benefit of, an amended and restated Note Agency Agreement dated 18 September 2009 (the “Note Agency Agreement”) and made between Toyota Credit Canada Inc. as Issuer, Royal Bank of Canada as the registrar (the “Registrar”, which expression shall include any successor registrar) and Royal Bank of Canada, London branch as paying agent (the “Canadian Paying Agent”, which expression shall include any additional or successor paying agent appointed for Registered Notes).

References in these Terms and Conditions to the “Notes” shall be references to the Notes of this Series and shall mean (i) in relation to any Notes represented by a global Note, units of the lowest Specified Denomination in the Specified Currency of the relevant Notes, (ii) definitive Notes issued in exchange (or part exchange) for a temporary or permanent global Note or global registered Note and (iii) any global Note.

Interest bearing definitive Notes in bearer form will (unless otherwise indicated in the applicable Final Terms) have interest coupons (“Coupons”) and, if indicated in the applicable Final Terms, talons for further Coupons (“Talons”) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons. Definitive Notes repayable in instalments have receipts (“Receipts”) for the payment of the instalments of principal (other than the final instalment) attached on issue.

The Notes, the Receipts and the Coupons have the benefit of certain Credit Support Agreements governed by Japanese law, one between Toyota Motor Corporation (the “Parent”) and Toyota Financial Services Corporation (“TFS”) dated 14 July 2000 as supplemented by a Supplemental Credit Support Agreement dated 14 July 2000 and a Supplemental Credit Support Agreement No. 2 dated 2 October 2000 (collectively, the “TMC Credit Support Agreement”) and others between TFS and each

of Toyota Motor Finance (Netherlands) B.V., Toyota Credit Canada Inc. and Toyota Finance Australia Limited dated 7 August 2000 and Toyota Motor Credit Corporation dated 1 October 2000 (each a “*Credit Support Agreement*” and together with the TMC Credit Support Agreement the “*Credit Support Agreements*”). The Credit Support Agreements do not constitute a direct or indirect guarantee by the Parent or TFS of the Notes. The Parent’s obligations under its Credit Support Agreement and the obligations of TFS under its Credit Support Agreements, rank *pari passu* with its direct, unconditional, unsubordinated and unsecured debt obligations.

The Final Terms applicable to the Notes is attached hereto or endorsed hereon and supplements these Terms and Conditions and may specify other terms and conditions which shall, to the extent so specified or to the extent inconsistent with these Terms and Conditions, replace or modify these Terms and Conditions for the purposes of the Notes. References herein to the “*applicable Final Terms*” shall mean the Final Terms attached hereto or endorsed hereon.

As used herein, “*Series*” means each original issue of Notes together with any further issues expressed to form a single series with the original issue and the terms of which (save for the Issue Date, the amount and the date of the first payment of interest thereon and/or the Issue Price (as indicated in the applicable Final Terms)) are identical (including the Maturity Date, Interest Basis, Redemption/Payment Basis and Interest Payment Dates (if any) and whether or not the Notes are admitted to trading) and expressions “*Notes of the relevant Series*” and related expressions shall be construed accordingly. As used herein, “*Tranche*” means all Notes of the same Series with the same Issue Date and Interest Commencement Date (if applicable).

Copies of the Agency Agreement (which contains the form of the Final Terms), the Prospectus dated 18 September 2009, the Credit Support Agreements and (if the Note is offered to the public in a Member State of the European Union, Iceland, Norway or Liechtenstein or admitted to trading on a regulated market within the meaning of the Prospectus Directive) the Final Terms applicable to the Note are available free of charge and available for inspection at the specified offices of the Agent. Copies of the Note Agency Agreement (if the Note is a Registered Note) are available free of charge and available for inspection by the holders of Registered Notes at the specified offices of the Registrar and the Canadian Paying Agent. The holders of the Notes (the “*Noteholders*”), which expression shall, in relation to any Notes represented by a global Note, be construed as provided in Condition 1, the holder of the Coupons (the “*Couponholders*”) and holders of Receipts (the “*Receiptholders*”) are deemed to have notice of the Agency Agreement and the applicable Final Terms, which are binding on them. The holders of Registered Notes are deemed to have notice of the Note Agency Agreement, which is binding on them.

Words and expressions defined in the Agency Agreement or (if the Note is a Registered Note) in the Note Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated. In the event of inconsistency between the Agency Agreement, (if the Note is a Registered Note) the Note Agency Agreement or the applicable Final Terms, the applicable Final Terms will prevail.

1. Form, Denomination and Title

The Notes may be issued in bearer form (“*Bearer Notes*”) or, in respect of Notes issued by Toyota Credit Canada Inc., in bearer or registered form as set out in the applicable Final Terms and, in the case of definitive Bearer Notes, serially numbered, in the Specified Currency (or Specified Currencies in the case of Dual Currency Notes) and in the Specified Denomination(s), all as specified in the applicable Final Terms.

Bearer Notes may not be exchanged for Registered Notes and *vice versa*.

The Note may be a Note bearing interest on a fixed rate basis (“*Fixed Rate Note*”), a Note bearing interest on a floating rate basis (“*Floating Rate Note*”), a Note issued on a non-interest bearing basis (“*Zero Coupon Note*”), a Note with respect to which interest is calculated by reference to an index, index basket and/or a formula (“*Index Linked Interest Note*”), a Note with respect to which interest is calculated by reference to certain parameters (“*Range Accrual Note*”) or any combination of the foregoing, depending upon the interest basis specified in the applicable Final Terms. The Note may be a Note with respect to which principal is calculated by reference to an index or index basket and/or a formula (“*Index Linked Redemption Note*”), a Note redeemable in instalments (“*Instalment Note*”), a Note with respect to which principal and/or interest is payable in one or more Specified Currencies other than

the Specified Currency in which it is denominated (“*Dual Currency Note*”), a Note which is issued on a partly paid basis (“*Partly Paid Note*”) or a combination of any of the foregoing, depending upon the redemption or payment basis shown in the applicable Final Terms (and where appropriate in the context, “*Index Linked Interest Notes*” and “*Index Linked Redemption Notes*” are referred to collectively as “*Index Linked Notes*”).

Bearer Notes in definitive form are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to interest (other than interest due after the Maturity Date), Coupons and Couponholders in these Terms and Conditions are not applicable. Wherever Dual Currency Notes or Index Linked Notes are issued to bear interest on a fixed or floating rate basis or on a non-interest bearing basis, the provisions in these Terms and Conditions relating to Fixed Rate Notes, Floating Rate Notes and Zero Coupon Notes, respectively, shall, where the context so permits, apply to such Dual Currency Notes or Index Linked Notes.

Subject as set out below, title to Bearer Notes, Receipts and Coupons will pass by delivery. The holder of each Coupon or Receipt, whether or not such Coupon or Receipt is attached to a Note, in his capacity as such, shall be subject to and bound by all the provisions contained in the relevant Note. Subject as set out below, the Issuer and any Paying Agent may deem and treat the bearer of any Bearer Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice to the contrary, including any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Bearer Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a global Note, each person who is for the time being shown in the records of Euroclear Bank S.A./N.V. (“*Euroclear*”) or of Clearstream Banking, société anonyme (“*Clearstream, Luxembourg*”) as the holder of a particular nominal amount of such Notes (other than a clearing agency (including Clearstream, Luxembourg and Euroclear) that is itself an account holder of Clearstream, Luxembourg or Euroclear (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error or proven error)) shall be treated by the Issuer, the Agent and any other Paying Agent or (in the case of Registered Notes) the Registrar and the Canadian Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal (including premium (if any)) or interest on the Notes, for which purpose the bearer of the relevant global Bearer Note or registered holder of the registered global Note shall be treated by the Issuer, the Agent and any other Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions “*Noteholder*” and “*holder of Notes*” and related expressions shall be construed accordingly). Notes which are represented by a global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or of Clearstream, Luxembourg, as the case may be.

Title to Registered Notes issued by Toyota Credit Canada Inc. passes on due endorsement in the relevant register which Toyota Credit Canada Inc. shall procure to be kept by the Registrar. Subject as set out above, except as ordered by a court of competent jurisdiction or as required by law, the registered holder of any Registered Note shall be deemed to be and may be treated as the absolute owner of such Registered Note for all purposes, whether or not such Registered Note shall be overdue and notwithstanding any notice of ownership, theft or loss thereof or any writing thereon made by anyone and no person shall be liable for so treating such registered holder (and the expressions “*Noteholder*” and “*holder of Notes*” and related expressions shall be construed accordingly).

Provisions relating to the transfer of Registered Notes are set out in the relevant Registered Note and the Note Agency Agreement.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, except in relation to Notes in new global note (“*NGN*”) form, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer, the Agent or (in the case of Registered Notes) the Registrar and the Canadian Paying Agent and, in the case of Notes admitted to the Official List and admitted to trading on the London Stock Exchange’s Regulated Market, the UK Listing Authority.

If the Specified Currency of the Note is a currency of one of the Member States of the European Union which has not adopted the euro, and if specified in the applicable Final Terms, the Note shall

permit redenomination and exchange (as referred to in Condition 18 below or in such other manner as set forth in the applicable Final Terms) at the option of the Issuer.

2. Status of the Notes and the Credit Support Agreements

The Notes and any relevant Receipts and Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and rank *pari passu* and rateably without any preference among themselves and (save for certain obligations required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer from time to time outstanding. The Notes, the Receipts and the Coupons have the benefit of the Credit Support Agreements.

3. Negative Pledge

The Notes will be subject to this Condition 3 only if this Condition 3 is specified to be applicable in the applicable Final Terms. So long as any of the Notes remains outstanding (as defined in Condition 15) the Issuer will not create or permit to be outstanding any mortgage, pledge, lien, security interest or other charge (each a “*Security Interest*”) (other than a Permitted Security Interest (as defined below)) for the benefit of the holders of any Relevant Indebtedness (as defined below) on the whole or any part of its property or assets, present or future, to secure any Relevant Indebtedness issued or expressly guaranteed by the Issuer or in respect of which the Issuer has given any indemnity without in any such case at the same time according to the Notes the same security as is granted or is outstanding in respect of such Relevant Indebtedness or such guarantee or indemnity or such other security as shall be approved by the written consent of holders of a majority in aggregate nominal amount of the Notes then outstanding affected thereby, or by resolution adopted by the holders of a majority in aggregate nominal amount of the Notes then outstanding present or represented at a meeting of the holders of the Notes affected thereby at which a quorum is present, as provided in the Agency Agreement; provided, however, that such covenant will not apply to Security Interests securing outstanding Relevant Indebtedness which does not in the aggregate at any one time exceed 20 per cent. of Consolidated Net Tangible Assets (as defined below) of the Issuer and its consolidated subsidiaries (if any). For the purposes of this Condition 3:

“*Consolidated Net Tangible Assets*” means the aggregate amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom all goodwill, trade names, trademarks, patents, unamortised debt discount and expense and other like intangibles of the Issuer and its consolidated subsidiaries (or, where the Issuer has no consolidated subsidiaries, of the Issuer), all as set forth on the most recent balance sheet of the Issuer and its consolidated subsidiaries (or, where the Issuer has no consolidated subsidiaries, the most recent balance sheet of the Issuer) prepared in accordance with generally accepted accounting principles as practised in the jurisdiction of the Issuer’s incorporation;

“*Relevant Indebtedness*” shall mean any indebtedness in the form of or represented by bonds, notes, debentures or other securities which have a final maturity of more than a year from the date of their creation and which are admitted to trading on one or more stock exchanges;

“*Permitted Security Interest*” shall mean:

- (i) any Security Interest arising by operation of law or any right of set-off;
- (ii) any Security Interest granted by the Parent in favour of a TMC subsidiary (as defined below) (while such beneficiary remains a TMC subsidiary) or by one TMC subsidiary in favour of another TMC subsidiary (while such beneficiary remains a TMC subsidiary);
- (iii) any Security Interest created in connection with, or pursuant to, a limited-recourse financing, securitisation or other like arrangement where the payment obligations in respect of the indebtedness secured by the relevant Security Interest are to be discharged from the revenues generated by assets over which such Security Interest is created (including, without limitation, receivables); and

“*TMC subsidiary*” means any of the Parent’s subsidiaries consolidated in accordance with generally accepted accounting principles in the United States.

4. Interest

(a) ***Interest on Fixed Rate Notes and Business Day Convention for Notes other than Floating Rate Notes and Index Linked Notes***

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date which is specified in the applicable Final Terms (or the Issue Date, if no Interest Commencement Date is separately specified) to (but excluding) the Maturity Date specified in the applicable Final Terms at the rate(s) per annum equal to the Fixed Rate(s) of Interest so specified payable in arrear on the Interest Payment Date(s) in each year and on the Maturity Date so specified if it does not fall on an Interest Payment Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, or if the applicable Final Terms specify that a Fixed Coupon Amount or Broken Amount(s) shall apply in the case of Notes represented by a global Note, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount as specified in the applicable Final Terms. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount(s) so specified.

As used in these Terms and Conditions, “*Fixed Interest Period*” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date or the Issue Date, as the case may be) to (but excluding) the next (or first) Interest Payment Date or Maturity Date.

Unless specified otherwise in the applicable Final Terms, the “*Following Business Day Convention*” will apply to the payment of all Fixed Rate Notes, meaning that if the Interest Payment Date or Maturity Date would otherwise fall on a day which is not a Business Day (as defined in Condition 4(b)(i) below), the related payment of principal or interest will be made on the next succeeding Business Day as if made on the date such payment was due. If the “*Modified Following Business Day Convention*” is specified in the applicable Final Terms for any Fixed Rate Note, it shall mean that if the Interest Payment Date or Maturity Date would otherwise fall on a day which is not a Business Day (as defined in Condition 4(b)(i) below), the related payment of principal or interest will be made on the next succeeding Business Day as if made on the date such payment was due unless it would thereby fall into the next calendar month in which event the full amount of payment shall be made on the immediately preceding Business Day as if made on the day such payment was due. Unless specified otherwise in the applicable Final Terms, the amount of interest due shall not be changed if payment is made on a day other than an Interest Payment Date or the Maturity Date as a result of the application of a Business Day Convention specified above or other Business Day Convention specified in the applicable Final Terms.

Except in the case of (i) Notes in definitive form where a Fixed Coupon Amount or a Broken Amount is specified in the applicable Final Terms or (ii) Notes represented by a global Note where the applicable Final Terms specify that a Fixed Coupon Amount or Broken Amount(s) shall apply, interest shall be calculated in respect of any period (including any period ending other than on an Interest Payment Date (which for this purpose shall not include a period where a payment is made on a day other than an Interest Payment Date or the Maturity Date as a result of the application of a Business Day Convention as provided in the immediately preceding paragraph, unless specified otherwise in the applicable Final Terms)) by applying the Fixed Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such global Note (or, if they are Partly Paid Notes, the aggregate of the amount paid up); or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Fixed Day Count Fraction or other Day Count Fraction specified in the applicable Final Terms, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

In these Terms and Conditions, “*Fixed Day Count Fraction*” means (unless specified otherwise in the applicable Final Terms):

- (i) if “*Actual/Actual (ICMA)*” is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date or Issue Date, as applicable) to (but excluding) the relevant payment date (the “*Accrual Period*”) is equal to or shorter than the Determination Period (as defined below) during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year assuming interest was to be payable in respect of the whole of that year; and
- (ii) if “*Actual/Actual (ISDA)*” is specified in the applicable Final Terms, the actual number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date or Issue Date, as applicable) to (but excluding) the next scheduled Interest Payment Date divided by 365 (or, if any portion of that period falls in a leap year, the sum of (x) the actual number of days in that portion of the period falling in a leap year divided by 366; and (y) the actual number of days in that portion of the period falling in a non-leap year divided by 365); and
- (iii) if “*30/360*” is specified in the applicable Final Terms, the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date or Issue Date, as applicable) to (but excluding) the next scheduled Interest Payment Date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360 and, in the case of an incomplete month, the number of days elapsed; and
- (iv) if “*Actual/360*” is specified in the applicable Final Terms, the actual number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date or Issue Date, as applicable) to (but excluding) the next scheduled Interest Payment Date divided by 360.

In these Terms and Conditions:

“*Determination Period*” means the period from (and including) a Determination Date (as specified in the applicable Final Terms) to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“*sub-unit*” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes and Index Linked Interest Notes

(i) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest from (and including) the Interest Commencement Date specified in the applicable Final Terms (or the Issue Date, if no Interest Commencement Date is separately specified) and, unless specified otherwise in the applicable Final Terms, at the rate equal to the Rate of Interest payable in arrear on the Maturity Date and on either: (1) the Specified Interest Payment Date(s) (each, together with the Maturity Date, an “*Interest Payment Date*”) in each year specified in the applicable Final Terms; or (2) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with the Maturity Date, an “*Interest Payment Date*”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date or Issue Date, as applicable. Such interest will be payable in respect of each Interest Period. As used in these Terms and Conditions, “*Interest Period*” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date or Issue Date, as applicable) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day (as defined below), then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(2) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below in this sub-paragraph (A) shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (1) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (2) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, “*Business Day*” means (unless otherwise stated in the applicable Final Terms) a day which is both:

- (1) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any other Applicable Business Centre specified in the applicable Final Terms; and
- (2) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than London and any other Applicable Business Centre specified in the applicable Final Terms), or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open. Unless otherwise provided in the applicable Final Terms, the principal financial centre of any country for the purpose of these Terms and Conditions shall be as provided in the 2006 ISDA Definitions (as

published by the International Swaps and Derivatives Association, Inc.) as supplemented, amended and updated as of the first Issue Date of the Notes of the relevant Series (the “ISDA Definitions”) (except if the Specified Currency is Australian dollars or New Zealand dollars the principal financial centre shall be Sydney or Auckland, respectively). In these Terms and Conditions, “TARGET2 System” means the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System or any successor thereto.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of the Floating Rate Notes and Index Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(iii) *ISDA Determination*

(A) Unless specified otherwise in the applicable Final Terms, where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any) as determined by the Agent (or such other Calculation Agent specified in the applicable Final Terms). For the purposes of this sub-paragraph (iii) unless specified otherwise in the applicable Final Terms, “ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any)” for an Interest Period means a rate equal to the Floating Rate that would be determined under an interest rate swap transaction under the terms of an agreement (regardless of any event of default or termination event thereunder) incorporating the ISDA Definitions with the holder of the relevant Note and under which:

- (1) the manner in which the Rate of Interest is to be determined is the “*Floating Rate Option*” as specified in the applicable Final Terms;
- (2) the Issuer is the “*Floating Rate Payer*”;
- (3) the Agent or other person specified in the applicable Final Terms is the “*Calculation Agent*”;
- (4) the Interest Commencement Date is the “*Effective Date*”;
- (5) the Aggregate Nominal Amount of Notes is the “*Notional Amount*”;

- (7) the Interest Payment Dates are the “*Floating Rate Payer Payment Dates*”;
- (8) the Margin is the “*Spread*”;
- (9) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“*LIBOR*”) or on the Euro-zone inter-bank offered rate (“*EURIBOR*”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms; and
- (10) all other terms are as specified in the applicable Final Terms.

(B) When Condition 4(b)(iii)(A) applies, unless specified otherwise in the applicable Final Terms with respect to each relevant Interest Payment Date:

- (1) the amount of interest determined for such Interest Payment Date shall be the Interest Amount for the relevant Interest Period for the purposes of these Terms and Conditions as though calculated under Condition 4(b)(vi) below; and
- (2) (i) “*Floating Rate*”, “*Floating Rate Option*”, “*Floating Rate Payer*”, “*Effective Date*”, “*Notional Amount*”, “*Floating Rate Payer Payment Dates*”, “*Spread*”, “*Calculation Agent*”, “*Designated Maturity*” and “*Reset Date*” have the meanings given to those terms in the ISDA Definitions; and (ii) “*Euro-zone*” means the region comprised of Member States of the European Union that adopt the single currency in accordance with the Treaty establishing the European Community, as amended (the “*Treaty*”).

(iv) *Screen Rate Determination*

Unless specified otherwise in the applicable Final Terms, where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (x) the offered quotation; or
- (y) the arithmetic mean (rounded, if necessary, to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum), for the Reference Rate (as specified in the applicable Final Terms) for deposits in the Specified Currency for that Interest Period which appears or appear, as the case may be, on the Relevant Screen Page (as specified in the applicable Final Terms) as at 11:00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date (as defined below) in question plus or minus (as specified in the applicable Final Terms) the Margin (if any), all as determined by the Agent (or such other Calculation Agent specified in the applicable Final Terms). Unless specified otherwise in the applicable Final Terms, if five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent (or such other Calculation Agent specified in the applicable Final Terms) for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations. In addition:

(A) unless specified otherwise in the applicable Final Terms if, in the case of (x) above, no such rate appears or, in the case of (y) above, fewer than two of such offered rates appear at such time or if the offered rate or rates which appears or appear, as the case may be, as at such time do not apply to a period of a duration equal to the relevant Interest Period, the Rate of Interest for such Interest Period shall, subject as provided below and except as otherwise indicated in the applicable Final Terms, be the arithmetic mean (rounded, if necessary, to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations (expressed as a percentage rate per annum), of which the Agent (or such other Calculation Agent specified in the applicable Final Terms) is advised by all Reference Banks (as defined below) as at 11:00 a.m. (London time) on the Interest Determination Date plus or minus (as specified in the applicable Final Terms) the Margin (if any), all as determined by the Agent (or such other Calculation Agent specified in the applicable Final Terms);

(B) except as otherwise indicated in the applicable Final Terms, if on any Interest Determination Date to which Condition 4(b)(iv)(A) applies two or three only of the Reference Banks advise the Agent (or such other Calculation Agent specified in the applicable Final Terms) of such offered quotations, the Rate of Interest for the next Interest Period shall, subject as provided below, be determined as in Condition 4(b)(iv)(A) on the basis of the rates of those Reference Banks advising such offered quotations;

(C) except as otherwise indicated in the applicable Final Terms, if on any Interest Determination Date to which Condition 4(b)(iv)(A) applies one only or none of the Reference Banks advises the Agent (or such other Calculation Agent specified in the applicable Final Terms) of such rates, the Rate of Interest for the next Interest Period shall, subject as provided below and except as otherwise indicated in the applicable Final Terms, be whichever is the higher of:

- (1) the Rate of Interest in effect for the last preceding Interest Period to which Condition 4(b)(iv)(A) shall have applied (plus or minus (as specified in the applicable Final Terms), where a different Margin is to be applied to the next Interest Period than that which applied to the last preceding Interest Period, the Margin relating to the next Interest Period in place of the Margin relating to the last preceding Interest Period); or
- (2) the reserve interest rate (the "*Reserve Interest Rate*") which shall be the rate per annum which the Agent (or such other Calculation Agent specified in the applicable Final Terms) determines to be either (x) the arithmetic mean (rounded, if necessary, to the fifth decimal place with 0.000005 being rounded upwards) of the lending rates for the Specified Currency which banks selected by the Agent (or such other Calculation Agent specified in the applicable Final Terms) in the principal financial centre of the country of the Specified Currency (which, if Australian dollars, shall be Sydney, if New Zealand dollars, shall be Auckland and if euro, shall be London, unless specified otherwise in the applicable Final Terms) are quoting on the relevant Interest Determination Date for the next Interest Period

to the Reference Banks or those of them (being at least two in number) to which such quotations are, in the opinion of the Agent (or such other Calculation Agent specified in the applicable Final Terms), being so made plus or minus (as specified in the applicable Final Terms) the Margin (if any), or (y) in the event that the Agent (or such other Calculation Agent specified in the applicable Final Terms) can determine no such arithmetic mean, the lowest lending rate for the Specified Currency which banks selected by the Agent (or such other Calculation Agent specified in the applicable Final Terms) in the principal financial centre of the country of the Specified Currency (which, if Australian dollars, shall be Sydney, if New Zealand dollars, shall be Auckland and if euro, shall be London, unless specified otherwise in the applicable Final Terms) are quoting on such Interest Determination Date to leading European banks for the next Interest Period plus or minus (as specified in the applicable Final Terms) the Margin (if any), provided that if the banks selected as aforesaid by the Agent (or such other Calculation Agent specified in the applicable Final Terms) are not quoting as mentioned above, the Rate of Interest shall be the Rate of Interest specified in (1) above;

(D) the expression “*Relevant Screen Page*” means such page, whatever its designation, on which the Reference Rate that is for the time being displayed on the Reuters Monitor Money Rates Service or Dow Jones Markets Limited or other such service, as specified in the applicable Final Terms;

(E) unless otherwise specified in the applicable Final Terms, the Reference Banks will be the principal London offices of The Bank of New York Mellon, National Westminster Bank PLC, UBS Limited and The Bank of Tokyo-Mitsubishi UFJ Limited. The Issuer shall procure that, so long as any Floating Rate Note or Index Linked Interest Note to which Condition 4(b)(iv)(A) is applicable remains outstanding, in the case of any bank being unable or unwilling to continue to act as a Reference Bank, the Issuer shall specify the London office of some other leading bank engaged in the eurodollar market to act as such in its place;

(F) the expression “*Interest Determination Date*” means, unless otherwise specified in the applicable Final Terms, (x) other than in the case of Condition 4(b)(iv)(A), with respect to Notes denominated in any Specified Currency other than Sterling or euro, the second Banking Day in London prior to the commencement of the relevant Interest Period and, in the case of Condition 4(b)(iv)(A), the second Banking Day in the principal financial centre of the country of the Specified Currency (which, if Australian dollars, shall be Sydney, if New Zealand dollars, shall be Auckland and if euro, shall be London) prior to the commencement of the relevant Interest Period; (y) with respect to Notes denominated in Sterling, the first Banking Day in London of the relevant Interest Period; and (z) with respect to Notes denominated in euro, the second day on which the TARGET2 system is open prior to the commencement of the relevant Interest Period.

(G) the expression “*Banking Day*” means, in respect of any place, any day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in that place or, as the case may be, as indicated in the applicable Final Terms; and

(H) if the Reference Rate from time to time in respect of Floating Rate Notes or Index Linked Interest Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, any additional provisions relevant in determining the Rate of Interest in respect of such Notes will be set forth in the applicable Final Terms.

(v) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest/Interest Amount for any Interest Period, then in no event shall the Rate of Interest/Interest Amount for such Interest Period be less than such Minimum Rate of Interest/Interest Amount. If the applicable Final Terms specifies a Maximum Rate of Interest/Interest Amount for any Interest Period, then in no event shall the Rate of Interest/Interest Amount for such Interest Period be greater than such Maximum Rate of Interest/Interest Amount.

(vi) *Determination of Rate of Interest and Calculation of Interest Amounts*

The Agent (or, if the Agent is not the Calculation Agent, the Calculation Agent specified in the applicable Final Terms) will, on or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest (subject to any Minimum or Maximum Rate of Interest/Interest Amount specified in the applicable Final Terms) and calculate the amount of interest

(the “*Interest Amount*”) payable on the Floating Rate Notes or Index Linked Interest Notes, in each case, for the relevant Interest Period, by applying the Rate of Interest to:

- (A) subject to paragraph (C) below, in the case of Floating Rate Notes or Index Linked Interest Notes which are represented by a global Note, the aggregate outstanding nominal amount of the Notes represented by such global Note (or, if they are Partly Paid Notes, the aggregate amount paid up);
- (B) in the case of Floating Rate Notes or Index Linked Interest Notes in definitive form, the Calculation Amount; or
- (C) in the case of Floating Rate Notes or Index Linked Interest Notes which are represented by a global Note and the applicable Final Terms indicates that the Rate of Interest shall be applied to the Calculation Amount, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, as specified in the applicable Final Terms, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention or as specified in the applicable Final Terms. Where the Specified Denomination of a Floating Rate Note or an Index Linked Interest Note in the case of paragraph (B) or (C) above is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Floating Rate Note or Index Linked Interest Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without further rounding.

“*Day Count Fraction*” means, unless specified otherwise in the applicable Final Terms, in respect of the calculation of an amount of interest for any Interest Period:

- (A) if “*Actual/Actual (ISDA)*” or “*Actual/Actual*” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (B) if “*Actual/365 (Fixed)*” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (C) if “*Actual/360*” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (D) if “*30/360*”, “*360/360*” or “*Bond Basis*” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“*Y₁*” is the year, expressed as a number, in which the first day of the Interest Period falls;

“*Y₂*” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“*M₁*” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“*M₂*” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“*D₁*” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case *D₁* will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (E) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30;

- (F) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30; and

- (G) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366.

(vii) *Notification of Rate of Interest and Interest Amount*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Registrar and the Canadian Paying Agent (in the case of Registered Notes) and any stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being admitted to trading and listed and will cause notice of the same to be published or given in accordance with Condition 16 as soon as possible after their determination but in no event later than the fourth London Business Day after their determination. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without publication as aforesaid or prior notice in the event of an extension or shortening of the Interest Period in accordance with the provisions hereof. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes or Index Linked Interest Notes are for the time being admitted to trading and listed. For the purposes of this paragraph, the expression “*London Business Day*” means a day (other than a Saturday or Sunday) on which banks and foreign exchange markets are open for general business in London.

(viii) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this paragraph (b), whether by the Agent or other Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on the Issuer, the Agent, the Calculation Agent, any other Paying Agent and all Noteholders, Receiptholders and Couponholders and (in the case of Registered Notes) the Registrar and Canadian Paying Agent and (in the absence of wilful default or bad faith) no liability to the Issuer, the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent or the Calculation Agent in connection with the exercise or non-exercise by either of them of their powers, duties and discretions pursuant to such provisions.

(ix) *Indexed Linked Interest Notes*

In the case of Index Linked Notes where the rate of interest is to be determined by reference to the Index and or the Formula, the rate of interest shall be determined in accordance with the Index and/or the Formula and in the manner specified in the applicable Final Terms. The date on which the interest rate is to be determined (the “*Interest Determination Date*”) shall be as set forth in the applicable Final Terms.

(c) ***Index Linked Notes and Dual Currency Notes***

In the case of Index Linked Notes or Dual Currency Notes, if the Rate of Interest or Interest Amount cannot be determined by reference to an index and/or a formula or, as the case may be, an exchange rate, such Rate of Interest or Interest Amount payable shall be determined in the manner specified in the applicable Final Terms. The date on which the valuation of the Index is to be determined or the date on which any Formula or other variable or Rate of Exchange is to be determined under any Index Linked Notes or Dual Currency Notes (the “*Determination Date*”) shall be as set forth in the applicable Final Terms. If the applicable Final Terms specify a Minimum Final Redemption Amount then in no event shall the Final Redemption Amount be less than such Minimum Final Redemption Amount. If the applicable Final Terms specify a Maximum Final Redemption Amount then in no event shall the Final Redemption Amount exceed such Maximum Final Redemption Amount.

(d) ***Zero Coupon Notes***

When a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the Amortised Face Amount of such Note as determined in accordance with Condition 6(f)(iii). As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield set forth in the applicable Final Terms.

(e) ***Partly Paid Notes***

The Issuer may issue Notes where the issue price is payable in more than one instalment and which therefore remain partly paid (“*Partly Paid Notes*”). In the case of Partly Paid Notes (other than

Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(f) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note to be redeemed) will cease to bear interest (if any) from the date of its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue at the rate of interest then applicable or at such other rate as may be specified in the applicable Final Terms until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note; and (ii) the day on which the Agent or (in the case of Registered Notes) the Registrar or the Canadian Paying Agent has notified the holder thereof (either in accordance with Condition 16 or individually) of receipt of all sums due in respect thereof up to that date.

5. *Payments*

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or at the option of the payee by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively), unless specified otherwise in the applicable Final Terms; and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Notwithstanding the above provisions of this Condition 5(a), a cheque may not be delivered to an address in, and an amount may not be transferred to an account at a bank located in, the United States of America or its possessions by any office or agency of the Issuer, the Agent or any Paying Agent or (in the case of Registered Notes) the Registrar or Canadian Paying Agent except as provided in Condition 5(d). Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but (unless otherwise specified in the applicable Final Terms) without prejudice to the provisions of Condition 7.

(b) *Presentation of Notes, Receipts and Coupons – Bearer Notes*

This Condition 5(b) applies to Bearer Notes.

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the Specified Currency in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of a sum due only, endorsement) of definitive Notes and payments of interest in respect of the definitive Notes will (subject as provided below) be made in the Specified Currency in the manner provided in paragraph (a) above against presentation and surrender (or, in the case of part payment of a sum due only, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States which expression, used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction).

In the case of definitive Notes, payments of instalments of principal (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) against presentation and surrender (or, in the case of part payment of a sum due only, endorsement) of the relevant Receipt. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. If any definitive Note is redeemed or becomes repayable prior to the stated Maturity Date, principal will be payable in the manner provided in paragraph (a) on presentation and surrender of such definitive Note together with all unmatured Receipts appertaining thereto. Receipts presented without the definitive Note to which they appertain and unmatured Receipts do not constitute valid obligations of the Issuer. Upon the date on which any definitive Note becomes

due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Upon the date on which any Fixed Rate Notes in definitive form (other than Dual Currency Interest Notes or Index Linked Interest Notes) become due and repayable, such Notes should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the aggregate amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Unless otherwise specified in the applicable Final Terms, each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 8) or, if later, five years from the date on which such Coupon would otherwise have become due. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Interest Note or Index Linked Interest Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date or Issue Date (as applicable) shall be payable only against surrender of the relevant definitive Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note (against presentation or surrender, as the case may be, of such global Note if the global Note is not issued in NGN form) at the specified office of any Paying Agent located outside the United States except as provided below. A record of each payment made against presentation or surrender of such global Note, distinguishing between any payment of principal and any payment of interest, will be made on such global Note by the Agent and such record shall be *prima facie* evidence that the payment in question has been made.

(c) Presentation and Surrender of Notes – Registered Notes

Provisions in relation to payments of principal and interest in respect of Registered Notes will be set out in the relevant registered global Note or definitive Registered Note and as otherwise set out in these Terms and Conditions.

(d) Global Notes

The holder of a global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for the holder's share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on the global Note.

Interest on the Notes is payable only outside the United States and its possessions, within the meaning of United States Treasury regulation section 1.163-5(c)(1)(ii)(A). No interest on the Notes shall be paid into an account maintained by the payee in the United States or mailed to an address in the United States unless the payee is described in United States Treasury regulation sections 1.163-5(c)(2)(v)(B)(1) or (2).

Notwithstanding the foregoing, payments of interest in respect of global Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the

United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payments at such specified offices outside the United States of the full amount owing in respect of the Notes in the manner provided above when due;
- (ii) payment of the full amount owing in respect of the Notes at such specified offices outside the United States is illegal or effectively precluded by the imposition of exchange controls or other similar restrictions on the full payment or receipt of interest; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(e) *Payment Day*

Unless specified otherwise in the applicable Final Terms, if the due date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, unless otherwise specified in the applicable Final Terms, "*Payment Day*" means any day which is both:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation;
 - (B) London; and
 - (C) any additional Applicable Business Centre specified in the applicable Final Terms; and
- (ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London and any Applicable Business Centre and which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

(f) *Conversion into euro*

Unless specified otherwise in the applicable Final Terms, if the Issuer is due to make a payment in a currency (the "*original currency*") other than euro in respect of any Note, Coupon or Receipt and the original currency is not available on the foreign exchange markets due to the imposition of exchange controls, the original currency's replacement or disuse or other circumstances beyond the Issuer's control, the Issuer will be entitled to satisfy its obligations in respect of such payment by making payment in euro on the basis of the spot exchange rate (the "*Euro FX Rate*") at which the original currency is offered in exchange for euro in the London foreign exchange market (or, at the option of the Issuer or its designated Calculation Agent, in the foreign exchange market of any other financial centre which is then open for business) at noon, London time, two Business Days prior to the date on which payment is due or, if the Euro FX Rate is not available on that date, on the basis of a substitute exchange rate determined by the Issuer or by its designated Calculation Agent acting in its absolute discretion from such source(s) and at such time as it may select. For the avoidance of doubt, the Euro FX Rate or substitute exchange rate as aforesaid may be such that the resulting euro amount is zero and in such event no amount of euro or the original currency will be payable. Any payment made in euro or non-payment in accordance with this paragraph will not constitute an Event of Default under Condition 9.

(g) Interpretation of Principal and Interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 7 or pursuant to any undertakings given in addition thereto or in substitution therefor under Condition 14;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 6(f)(iii)); and
- (vii) any premium and any other amounts which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 7 or pursuant to any undertakings given in addition thereto or in substitution therefor under Condition 14, except as provided in sub-paragraph (i) above.

6. Redemption and Purchase

(a) At Maturity

Unless otherwise indicated in the applicable Final Terms and unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) Redemption for Tax Reasons

The Issuer may redeem the Notes in whole, but not in part, at any time at their Early Redemption Amount, together, if appropriate, with accrued interest to (but excluding) the date fixed for redemption under this Condition 6(b), if the Issuer shall determine that as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of the jurisdiction in which the Issuer is incorporated or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws, regulations or rulings, which change or amendment becomes effective on or after the Issue Date of the Notes, the Issuer would be required to pay Additional Amounts, as provided in Condition 7, on the occasion of the next payment due in respect of the Notes.

The Notes are also subject to redemption as a whole, but not in part, in the other circumstances described in Condition 7.

Notice of intention to redeem Notes will be given at least once in accordance with Condition 16 not less than 30 days nor more than 60 days prior to the date fixed for redemption under this Condition 6(b), provided that no such notice of redemption shall be given earlier than 90 days prior to the effective date of such change or amendment and that at the time notice of such redemption is given, such obligation to pay such Additional Amounts remains in effect. From and after any redemption date, if moneys for redemption of Notes shall have been made available for redemption on such redemption date, such Notes shall cease to bear interest, if applicable, and the only right of the holders of such Notes and any Receipts or Coupons appertaining thereto shall be to receive payment of the Early Redemption Amount and, if appropriate, all unpaid interest accrued to (but excluding) such redemption date.

(c) ***Final Terms***

The Final Terms applicable to the Notes shall indicate either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in paragraph (b) above and in Condition 9); or
- (ii) that such Notes will be redeemable at the option of the Issuer and/or the holders of the Notes prior to such Maturity Date in accordance with the provisions of paragraphs (d) and/or (e) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.

(d) ***Redemption at the Option of the Issuer (“Issuer Call Option”)***

If the Issuer is specified in the applicable Final Terms as having an option to redeem, the Issuer may, having (unless otherwise specified in the applicable Final Terms) given:

- (i) not more than 60 nor less than 30 days’ notice to the holders of the Notes in accordance with Condition 16, or such other notice as is specified in the applicable Final Terms; and
- (ii) not less than 5 days before the date of the notice referred to in (i) (or such other notice as is specified in the applicable Final Terms) is to be given, notice to the Agent or (in the case of Registered Notes) the Registrar and the Canadian Paying Agent;

(which notices shall be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s). If the applicable Final Terms specify the Notes are redeemable in part, such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms. In the event of redemption of some only of the Notes, the Notes to be redeemed (“*Redeemed Notes*”) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a global Note, not more than 60 days prior to the date fixed for redemption (such date of selection being hereinafter called the “*Selection Date*”). In the case of Redeemed Notes represented by definitive Notes, a list of such Redeemed Notes will be published or notified in accordance with Condition 16 not less than 30 days prior to the date fixed for redemption, or such other period as is specified in the applicable Final Terms. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (d) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 16 at least 10 days prior to the Selection Date. Unless specified otherwise in the applicable Final Terms, if an Optional Redemption Date would otherwise fall on a day which is not a Business Day (as defined in Condition 4(b)(i)), it shall be subject to adjustment in accordance with the Business Day Convention applicable to the Notes or such other Business Day Convention specified in the applicable Final Terms.

(e) ***Redemption at the Option of the Noteholders (“Investor Put Option”)***

Unless otherwise specified in the applicable Final Terms, the Notes will not be subject to repayment at the option of Noteholders. If the Noteholders are specified in the applicable Final Terms as having an option to require the Issuer to redeem the Notes, upon the holder of any Note giving to the Issuer in accordance with Condition 16 not less than 30 nor more than 60 days’ notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

If a Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must deliver such Note at the specified office of any Paying Agent (other than the Canadian Paying Agent), in the case of Bearer

Notes, or the Registrar or the Canadian Paying Agent, in the case of Registered Notes, at any time during normal business hours of such Paying Agent or the Registrar or Canadian Paying Agent falling within the notice period, accompanied by a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or the Registrar or the Canadian Paying Agent (a “*Put Notice*”) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 6(e).

If a Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Agent, in the case of Bearer Notes, or the Registrar, in the case of Registered Notes, of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on the holder’s instruction by Euroclear or Clearstream, Luxembourg or any common depositary, or common safekeeper, as the case may be, for them to the Agent or the Registrar (in the case of Registered Notes) by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if the Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Agent or Registrar (in the case of Registered Notes) for notation accordingly.

(f) *Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 9, the Notes will be redeemed at an amount (the “*Early Redemption Amount*”) calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Calculation Amount, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be less or greater than the Calculation Amount or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the applicable Final Terms, at their nominal amount; or
- (iii) in the case of Zero Coupon Notes, at an amount (the “*Amortised Face Amount*”) equal to:
 - (A) the sum of (x) the product of (i) either the Calculation Amount or the Specified Denomination as specified in the applicable Final Terms and (ii) the Reference Price specified in the applicable Final Terms (the “*Reference Amount*”) and (y) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Amount from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; or
 - (B) if the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (b) above or upon its becoming due and repayable as provided in Condition 9 is not paid or available for payment when due, the amount due and repayable in respect of such Zero Coupon Note shall be the Amortised Face Amount of such Zero Coupon Note calculated as provided above as though the references in sub-paragraph (A) to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date (the “*Reference Date*”) which is the earlier of:
 - (1) the date on which all amounts due in respect of the Note have been paid; and
 - (2) the date on which the full amount of the moneys repayable has been received by the Agent and notice to that effect has been given in accordance with Condition 16.

The calculation of the Amortised Face Amount in accordance with this sub-paragraph (B) will continue to be made, after as well as before judgment, until the

Reference Date unless the Reference Date falls on or after the Maturity Date, in which case the amount due and repayable shall be the nominal amount of such Note together with interest at a rate per annum equal to the Accrual Yield.

Unless specified otherwise in the applicable Final Terms, where any such calculation is to be made for a period which is not a whole number of years, it shall be made (I) in the case of a Zero Coupon Note other than a Zero Coupon Note payable in euro, on the basis of a 360-day year consisting of 12 months of 30 days each (or 365/366 days in the case of Notes denominated in Sterling) and, in the case of an incomplete month, the number of days elapsed or (II) in the case of a Zero Coupon Note payable in euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non-leap year divided by 365) or (in either case) on such other calculation basis as may be specified in the applicable Final Terms.

(g) Instalments

If the Notes are repayable in instalments, they will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (f) above.

(h) Partly Paid Notes

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise in accordance with the provisions of this Condition 6 as amended or varied by the applicable Final Terms.

(i) Purchases

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts and Coupons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Noteholders alike. Where the Issuer is Toyota Credit Canada Inc., unless otherwise specified in the applicable Final Terms, such Notes shall be surrendered (in the case of Bearer Notes) to any Paying Agent or (in the case of Registered Notes) the Registrar or Canadian Paying Agent for cancellation and, where the Issuer is Toyota Motor Finance (Netherlands) B.V., Toyota Finance Australia Limited or Toyota Motor Credit Corporation such Notes may, at the option of the Issuer, either be (i) resold or reissued, or held by the Issuer for subsequent resale or reissuance, or (ii) surrendered to any Paying Agent for cancellation, in which event such Notes, Receipts and Coupons may not be resold or reissued.

(j) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any of the Notes purchased and cancelled pursuant to paragraph (i) above (together, in the case of definitive Notes, with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold. If any Note is purchased and cancelled without all unmatured Coupons appertaining thereto, the Issuer shall make payment in respect of any such missing Coupon in accordance with Condition 5 as if the relevant Note had remained outstanding for the period to which such Coupon relates.

7. Taxation – Additional Amounts

(a) Toyota Motor Finance (Netherlands) B.V., Toyota Credit Canada Inc. or Toyota Finance Australia Limited

This Condition 7(a) only applies to Notes issued by Toyota Motor Finance (Netherlands) B.V., Toyota Credit Canada Inc. or Toyota Finance Australia Limited.

Unless otherwise specified in the applicable Final Terms, all payments of principal and interest in respect of the Notes issued by Toyota Motor Finance (Netherlands) B.V., Toyota Credit Canada Inc. or Toyota Finance Australia Limited will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the

jurisdiction in which the Issuer is incorporated or any province, territory or other political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the relevant Issuer will pay such additional amounts (the “*Additional Amounts*”) as shall be necessary in order that the net amounts receivable by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Note, Receipt or Coupon presented for payment:

- (i) where the Issuer is Toyota Motor Finance (Netherlands) B.V., by a Noteholder, Receiptholder or Couponholder who (a) is able to avoid such withholding or deduction or is liable to such withholding or deduction at a reduced rate by making a declaration of non-residence or producing other evidence establishing that such payment may be made without withholding or deduction or with such deduction or withholding at a reduced rate to the Issuer or the relevant tax authority; or (b) is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with the Netherlands other than the mere holding of such Note, Receipt or Coupon; or
- (ii) where the Issuer is Toyota Credit Canada Inc.:
 - (A) by or on behalf of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with Canada other than the mere holding of such Note, Receipt or Coupon or the receipt of principal or interest in respect thereof; or
 - (B) by or on behalf of a holder with whom the Issuer is not dealing at arm’s length (within the meaning of the Income Tax Act (Canada)); or
- (iii) where the Issuer is Toyota Finance Australia Limited, by or on behalf of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of:
 - (A) his having some connection with the Commonwealth of Australia other than the mere holding of such Note, Receipt or Coupon or the receipt of principal or interest in respect thereof, or
 - (B) his being a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the place where the relevant Note, Receipt or Coupon is presented for payment; or
 - (C) his being an Offshore Associate of the Issuer acting other than in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act 2001 of Australia. “*Offshore Associate*” means an associate (as defined in section 128F(9) of the Income Tax Assessment Act 1936 of Australia) of the Issuer that is either:
 - (a) a non-resident of Australia which does not acquire the Notes in carrying on a business at or through a permanent establishment in Australia; or
 - (b) a resident of Australia that acquires the Notes in carrying on a business at or through a permanent establishment outside Australia; or
- (iv) in such other circumstances as may be specified in the applicable Final Terms; or
- (v) more than 30 days after the Relevant Date (as defined in Condition 8) except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 5(e)); or
- (vi) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or

- (vii) by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent (if any) in a Member State of the European Union.

(b) *Toyota Motor Credit Corporation*

This Condition 7(b) only applies to Notes issued by Toyota Motor Credit Corporation.

Except as specifically provided by this Condition 7(b), where the Issuer is Toyota Motor Credit Corporation, the Issuer shall not be required to make any payment in respect of the Notes with respect to any tax, assessment or other governmental charge (“Tax”) imposed by any government or a political subdivision or taxing authority thereof or therein.

The Issuer will, subject to certain limitations and exceptions (set forth below), pay to a Noteholder, Receiptholder or Couponholder who is a Non-U.S. Holder (as defined below) such additional amounts (the “Additional Amounts”) as shall be necessary in order that the net amounts receivable by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that the Issuer shall not be required to make any payment of Additional Amounts for or on account of:

- (i) any Tax which would not have been imposed but for (A) the existence of any present or former connection between such Noteholder, Receiptholder or Couponholder or any beneficial owner of a Note, Receipt, or Coupon (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such Noteholder, Receiptholder, Couponholder or beneficial owner, if such Noteholder, Receiptholder, Couponholder or beneficial owner is an estate, trust, partnership or corporation) and the United States, including, without limitation, being or having been a citizen or resident thereof or being or having been present or engaged in a trade or business therein or having had a permanent establishment therein, or (B) such Noteholder’s, Receiptholder’s, Couponholder’s or beneficial owner’s past or present status as a passive foreign investment company, controlled foreign corporation or a private foundation (as those terms are defined for United States tax purposes) or as a corporation which accumulates earnings to avoid U.S. federal income tax;
- (ii) any estate, inheritance, gift, sales, transfer, personal property or similar Tax;
- (iii) any Tax that would not have been so imposed but for the presentation of a Note, Receipt or Coupon for payment on a date more than 15 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
- (iv) any Tax which is payable otherwise than by deduction or withholding from payments of principal or interest in respect of the Notes, Receipts or Coupons;
- (v) any Tax imposed on interest received or beneficially owned by (A) a 10 per cent. shareholder of the Issuer within the meaning of Internal Revenue Code Section 871(h)(3)(B) or Section 881(c)(3)(B) or (B) a bank extending credit pursuant to a loan agreement entered into in the ordinary course of its trade or business;
- (vi) any Tax required to be withheld or deducted by any Paying Agent from any payment of principal or interest in respect of any Note, Receipt or Coupon, if such payment can be made without such withholding or deduction by any other Paying Agent with respect to the Notes;
- (vii) any Tax which would not have been imposed but for the failure to comply with certification, information, documentation, or other reporting requirements concerning the nationality, residence, identity or connection with the United States of the Noteholder, Receiptholder or Couponholder or of the beneficial owner of such Note, Receipt or Coupon, if such compliance is required by statute or by regulation of the United States Treasury Department as a precondition to relief or exemption from such Tax;

- (viii) any Tax imposed with respect to a payment on a Note, Receipt or Coupon to any Noteholder, Receiptholder or Couponholder who is a fiduciary or partnership or other than the sole beneficial owner of the Note, Receipt or Coupon to the extent a beneficiary or settlor with respect to such fiduciary, a member of such partnership or a beneficial owner of the Note, Receipt or Coupon would not have been entitled to payment of the Additional Amounts, had such beneficiary, settlor, member or beneficial owner been the holder of the Note, Receipt or Coupon;
- (ix) any Tax required to be withheld or deducted by any Paying Agent from any payment of principal or interest in respect of any Note, Receipt or Coupon, where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced to conform to, such Directive; or
- (x) any combination of items (i), (ii), (iii), (iv), (v), (vi), (vii), (viii) and (ix) above.

The term “*Non-U.S. Holder*” means any Holder that is not for U.S. federal income tax purposes (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity organised in or under the laws of the United States or its political subdivisions, (iii) a trust subject to the control of a U.S. person and the primary supervision of a U.S. court, or (iv) an estate the income of which is subject to U.S. federal income taxation regardless of its source.

If the Issuer shall determine that any payment made outside the United States by the Issuer or any of its Paying Agents of the full amount of the next scheduled payment of either principal or interest due in respect of any Note, Receipt or Coupon would, under any present or future laws or regulations of the United States affecting taxation or otherwise, be subject to any certification, information or other reporting requirements of any kind, the effect of which requirements is the disclosure to the Issuer, any of its Paying Agents or any governmental authority of the nationality, residence or identity (as distinguished from status as a Non-U.S. Holder) of a beneficial owner of such Note, Receipt or Coupon who is a Non-U.S. Holder (other than such requirements which (i) would not be applicable to a payment made to a custodian, nominee or other agent of the beneficial owner, or which can be satisfied by such a custodian, nominee or other agent certifying to the effect that such beneficial owner is a Non-U.S. Holder; provided, however, in each case that payment by such custodian, nominee or agent to such beneficial owner is not otherwise subject to any requirements referred to in this sentence, (ii) are applicable only to payment by a custodian, nominee or other agent of the beneficial owner to or on behalf of such beneficial owner, or (iii) would not be applicable to a payment made by any other paying agent of the Issuer), the Issuer shall redeem the Notes as a whole but not in part at a redemption price equal to the Early Redemption Amount together, if appropriate, with accrued interest to, but excluding, the date fixed for redemption, such redemption to take place on such date not later than one year after the publication of notice of such determination. If the Issuer becomes aware of an event that might give rise to such certification, information or other reporting requirements, the Issuer shall, as soon as practicable, solicit advice of independent counsel selected by the Issuer to establish whether such certification, information or other reporting requirements will apply and, if such requirements will apply, the Issuer shall give prompt notice of such determination (a “*Tax Notice*”) in accordance with Condition 16 stating in such notice the effective date of such certification, information or other reporting requirements and, if applicable, the date by which the redemption shall take place. Notwithstanding the foregoing, the Issuer shall not redeem Notes if the Issuer shall subsequently determine not less than 30 days prior to the date fixed for redemption that subsequent payments would not be subject to any such requirements, in which case the Issuer shall give prompt notice of such determination in accordance with Condition 16 and any earlier redemption notice shall thereby be revoked and of no further effect.

Notwithstanding the foregoing, if and so long as the certification, information or other reporting requirements referred to in the preceding paragraph would be fully satisfied by payment of a backup withholding tax or similar charge, the Issuer may elect prior to publication of the Tax Notice to have the provisions described in this paragraph apply in lieu of the provisions described in the preceding paragraph, in which case the Tax Notice shall state the effective date of such certification, information or reporting requirements and that the Issuer has elected to pay Additional Amounts rather than redeem the Notes. In such event, the Issuer will pay as Additional Amounts such amounts as may be necessary so that every net payment made following the effective date of such certification, information or reporting requirements outside the United States by the Issuer or any of its Paying Agents of principal

or interest due in respect of a Note, Receipt or Coupon to a holder who certifies to the effect that the beneficial owner of such Note, Receipt or Coupon is a Non-U.S. Holder (provided that such certification shall not have the effect of communicating to the Issuer or any of its Paying Agents or any governmental authority the nationality, residence or identity of such beneficial owner), after deduction or withholding for or on account of such backup withholding tax or similar charge (other than a backup withholding tax or similar charge which (i) is imposed as a result of certification, information or other reporting requirements referred to in the second parenthetical clause of the first sentence of the preceding paragraph, (ii) is imposed as a result of the fact that the Issuer or any of its Paying Agents has actual knowledge that the holder or beneficial owner of such Note, Receipt or Coupon is not a Non-U.S. Holder but is within the category of persons, corporations or other entities described in clause (a)(i) of this Condition 7, or (iii) is imposed as a result of presentation of such Note, Receipt or Coupon for payment more than 15 days after the date on which such payment becomes due and payable or on which payment thereof is duly provided for, whichever occurs later), will not be less than the amount provided for in such Note, such Receipt or such Coupon to be then due and payable. In the event the Issuer elects to pay such Additional Amounts, the Issuer will have the right, at its sole option, at any time, to redeem the Notes, as a whole but not in part at a redemption price equal to their Early Redemption Amount, together, if appropriate, with accrued interest to the date fixed for redemption including any Additional Amounts required to be paid under this paragraph. If the Issuer has made the determination described in the preceding paragraph with respect to certification, information or other reporting requirements applicable to interest only and subsequently makes a determination in the manner and of the nature referred to in such preceding paragraph with respect to such requirements applicable to principal, the Issuer will redeem the Notes in the manner and on the terms described in the preceding paragraph (except as provided below), unless the Issuer elects to have the provisions of this paragraph apply rather than the provisions of the immediately preceding paragraph. If in such circumstances the Notes are to be redeemed, the Issuer will be obligated to pay Additional Amounts with respect to interest, if any, accrued to the date of redemption. If the Issuer has made the determination described in the preceding paragraph and subsequently makes a determination in the manner and of the nature referred to in such preceding paragraph that the level of withholding applicable to principal or interest has been increased, the Issuer will redeem the Notes in the manner and on the terms described in the preceding paragraph (except as provided below), unless the Issuer elects to have the provisions of this paragraph apply rather than the provisions of the immediately preceding paragraph. If in such circumstances the Notes are to be redeemed, the Issuer will be obligated to pay Additional Amounts with respect to the original level of withholding on principal and interest, if any, accrued to the date of redemption.

8. Prescription

Unless provided otherwise in the applicable Final Terms, Notes, Receipts and Coupons will become void unless presented for payment within a period of five years after the Relevant Date (as defined below) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 8 or Condition 5(b) or any Talon which would be void pursuant to Condition 5(b).

Any moneys paid by the Issuer to the Agent or (in the case of Registered Notes) the Registrar or the Canadian Paying Agent for the payment of principal or interest in respect of the Notes and remaining unclaimed for a period of five years shall forthwith be repaid to the Issuer. All liability of the Issuer, the Agent and the Registrar or the Canadian Paying Agent with respect thereto shall cease when the Notes, Receipts and Coupons become void.

As used herein, the “*Relevant Date*” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent or, as the case may be, the Registrar on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 16.

9. Events of Default

- (a) In the event that (each of (i) through to (iv) below, an “*Event of Default*”):
- (i) default is made by the Issuer in the payment when due of any principal or interest in respect of any Note and the default continues unremedied for a period of 14 days after the date when due; or
 - (ii) default is made by the Issuer in the performance or observance of any covenant, condition or provision contained in these Terms and Conditions applicable to the Notes or of any covenant, condition or provision for the benefit of Noteholders contained in the Agency Agreement and on its part to be performed or observed (other than the covenant to pay the principal and interest in respect of the Notes) and at the expiration of any applicable grace period therefor such covenant, condition or provision is not performed or observed in the period of 60 consecutive days after the date on which written notice of such default, requiring the Issuer to perform or observe such covenant, condition or provision, first shall have been given to the Issuer and the Agent or (in the case of Registered Notes) the Registrar by the holders of not less than 25 per cent. in aggregate nominal amount of Notes then outstanding; or
 - (iii) the entry by a court having competent jurisdiction of (a) a decree or order granting relief in respect of the Issuer in an involuntary proceeding under any applicable bankruptcy, insolvency or other similar law and such decree or order shall remain unstayed and in effect for a period of 60 consecutive days; or (b) a decree or order adjudging the Issuer to be insolvent, or approving a petition seeking reorganisation, arrangement, adjustment or composition of the Issuer and such decree or order shall remain unstayed and in effect for a period of 60 consecutive days; or (c) a final and non-appealable order appointing a custodian, receiver, liquidator, assignee, trustee or other similar official of the Issuer or of any substantial part of the property of the Issuer, or ordering the winding up or liquidation of the Issuer, in each case of (a), (b) or (c) otherwise than for the purposes of or pursuant to and followed by a consolidation, amalgamation, merger, reconstruction or reorganisation in which a continuing corporation effectively assumes all obligations of the Issuer under the Notes or the terms of which have previously been approved by the written consent of holders of a majority in aggregate nominal amount of the Notes then outstanding affected thereby, or by resolution adopted by the holders of a majority in aggregate nominal amount of such Notes then outstanding present or represented at a meeting of the holders of the Notes affected thereby at which a quorum is present, as provided in the Agency Agreement; or
 - (iv) the commencement by the Issuer of a voluntary proceeding under any applicable bankruptcy, insolvency or other similar law or the consent of the Issuer to the entry of a decree or order for relief in an involuntary proceeding under any applicable bankruptcy, insolvency or other similar law, or the consent by the Issuer to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee or similar official of the Issuer or for any substantial part of the property of the Issuer or the making by the Issuer of a general assignment for the benefit of creditors, or the Issuer failing generally to pay its debts as they become due, or the taking of corporate action by the Issuer in furtherance of any such action (in each case otherwise than for the purposes of such a consolidation, amalgamation, merger, reconstruction or reorganisation as is referred to in paragraph (iii)),

then the holder of any Note may, at its option, declare the principal of such Note and the interest, if any, accrued thereon to be due and payable immediately by written notice to the Issuer and the Agent or (in the case of Registered Notes) the Registrar, and unless all such defaults shall have been remedied by the Issuer (or by the Parent or TFS pursuant to the relevant Credit Support Agreement) prior to receipt of such written notice, the principal of such Note and the interest, if any, accrued thereon shall become and be immediately due and payable.

At any time after such declaration of acceleration with respect to the Notes has been made and before a judgment or decree for payment of the money due with respect to any Note has been obtained by any Noteholder, such declaration and its consequences may be rescinded and annulled upon the written consent of holders of a majority in aggregate nominal amount of the Notes then outstanding affected thereby, or by resolution adopted by the holders of a majority in aggregate nominal amount of the Notes then outstanding present or represented at a meeting of holders of the Notes affected thereby at which a quorum is present, as provided in the Agency Agreement, if:

- (1) the Issuer has paid to, or deposited with, the Agent or (in the case of Registered Notes) the Canadian Paying Agent a sum sufficient to pay:
 - (A) all overdue payments of interest on the Notes; and
 - (B) the principal of the Notes which has become due otherwise than by such declaration of acceleration; and
- (2) all Events of Default with respect to the Notes, other than the non-payment of the principal of such Notes which has become due solely by such declaration of acceleration, have been either (i) remedied or (ii) waived as provided in paragraph (b) below.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

- (b) Any Events of Default by the Issuer, other than the events described in paragraph (a)(i) above or in respect of where a default is made by the Issuer in the performance or observance of any covenant, condition or provision described in paragraph (a)(ii) above which cannot be modified and amended without the written consent of the holders of all outstanding Notes, may be waived by the written consent of holders of a majority in aggregate nominal amount of the Notes then outstanding affected thereby, or by resolution adopted by the holders of a majority in aggregate nominal amount of the Notes then outstanding present or represented at a meeting of the holders of the Notes affected thereby at which a quorum is present, as provided in the Agency Agreement (provided that such resolution shall be approved by the holders of not less than 25 per cent. of the aggregate nominal amount of Notes then outstanding affected thereby).

10. Replacement of Notes, Receipts, Coupons and Talons

Should any Note, Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Agent in London or (in the case of Registered Notes) at the specified office of the Registrar (or such other place outside the United States as may be notified to the Noteholders), in accordance with all applicable laws and regulations, upon payment by the claimant of such costs and expenses as may be incurred by the Issuer and the Agent or the Registrar, as the case may be, in connection therewith and on such terms as to evidence and indemnity, security or otherwise as the Issuer and the Agent or the Registrar, as the case may be, may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. Agent and Paying Agents

The names of the initial Agent, the initial Registrar and the initial Canadian Paying Agent and their initial specified offices are set out at the back of this Prospectus.

In acting under the Agency Agreement or the Note Agency Agreement, the Agent and any other Paying Agents and (in the case of the Note Agency Agreement only) the Registrar and the Canadian Paying Agent act solely as agents of the Issuer and do not assume any obligation to, or relationship of agency or trust with, any Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer to the Noteholders, Receiptholders and Couponholders to repay Notes and pay interest thereon) funds received by the Agent or (in respect of Registered Notes) the Registrar or the Canadian Paying Agent for the payment of the principal of or interest on the Notes shall be held in trust by it for the Noteholders and/or Receiptholders and/or Couponholders until the expiration of the relevant period of prescription under Condition 8. The Issuer agrees to perform and observe the obligations imposed upon it under the Agency Agreement and (in respect of Registered Notes) the Note Agency

Agreement and to use reasonable efforts to cause the Agent and any other Paying Agents to perform and observe the obligations imposed upon them under the Agency Agreement and (in respect of Registered Notes) the Registrar and the Canadian Paying Agent to perform and observe the obligations imposed on them under the Note Agency Agreement. The Agency Agreement and (in respect of the Registered Notes) the Note Agency Agreement contain provisions for the indemnification of the Agent and any other Paying Agents and the Registrar and the Canadian Paying Agent, respectively, and for relief from responsibility in certain circumstances, and entitle any of them to enter into business transactions with the Issuer without being liable to account to the Noteholders, Receiptholders or the Couponholders for any resulting profit.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent appointed under the terms of the Agency Agreement or the Registrar or the Canadian Paying Agent appointed under the terms of the Note Agency Agreement and/or appoint additional or other Paying Agents or Canadian Paying Agents and/or approve any change in the specified office through which any Paying Agent, Registrar or Canadian Paying Agent acts, provided that:

- (i) so long as the Notes are admitted to trading or listed on any stock exchange or other relevant authority, there will at all times be a Paying Agent with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange or other relevant authority;
- (ii) there will at all times be an Agent;
- (iii) in respect of Registered Notes, there will at all times be a Registrar; and
- (iv) there will at all times be a Paying Agent in a Member State of European Union that will not be obliged to withhold or deduct tax pursuant to the European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in the United States only in the circumstances described in the final paragraph of Condition 5(d). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 or more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with Condition 16.

In addition, in relation to Registered Notes issued or to be issued by it, Toyota Credit Canada Inc. is entitled to vary or terminate the appointment and/or appoint additional registrars, transfer agents, Canadian paying agents and/or approve any change in the specified office through which any such registrar, transfer agent or Canadian paying agent acts, provided that there will at all times be a registrar and a paying agent capable of making payments in the Specified Currency and (in the case of Global Registered Notes) to the clearing system specified in the applicable Final Terms.

The Agency Agreement or the Note Agency Agreement contains provisions permitting any entity into which any Paying Agent and (in the case of the Note Agency Agreement only) any registrar and transfer agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent, registrar or transfer agent (as appropriate).

12. Exchange of Talons

On and after the Interest Payment Date, on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 8. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

13. Consolidation or Merger

The Issuer may consolidate with, or sell, lease or convey all or substantially all of its assets as an entirety to, or merge with or into any other corporation provided that in any such case, (i) either the Issuer shall be the continuing corporation, or the successor corporation shall be a corporation organised

and existing under the laws of the jurisdiction in which the Issuer is incorporated or any province, territory, state or other political subdivision thereof and such successor corporation shall expressly assume the due and punctual payment of the principal of and interest (including Additional Amounts as provided in Condition 7) on all the Notes, Receipts and Coupons, according to their tenor, and the due and punctual performance and observance of all of the covenants and conditions of the Notes to be performed by the Issuer by an amendment to the Agency Agreement or, as the case may be, the Note Agency Agreement, executed by such successor corporation, the Issuer and the Agent or the Registrar and the Canadian Paying Agent, as the case may be, and (ii) immediately after giving effect to such transaction, no Event of Default under Condition 9, and no event which, with notice or lapse of time or both, would become such an Event of Default shall have happened and be continuing. In case of any such consolidation, merger, sale, lease or conveyance and upon any such assumption by the successor corporation, such successor corporation shall succeed to and be substituted for the Issuer, with the same effect as if it had been named herein as the Issuer, and the predecessor corporation, except in the event of a conveyance by way of lease, shall be relieved of any further obligation under the Notes and the Agency Agreement or, as the case may be, the Note Agency Agreement.

14. Substitution

The Issuer (the “Retiring Issuer” and the expressions “Issuer” and “Retiring Issuer” include any previous relevant Substitute Issuer (as defined below) under this Condition 14) may, without the consent of the relevant Noteholders or Couponholders, substitute the Parent or any subsidiary of the Parent (including TFS) in place of the Issuer as the principal debtor under the Notes, the relative Receipts and Coupons and the Agency Agreement (the “Substitute Issuer”) provided that:

(b) a deed poll substantially in the form set out in Appendix G to the Agency Agreement (and such other documents (if any)) shall be executed by the Substitute Issuer and the Retiring Issuer as may be necessary to give full effect to the substitution (the “Substitution Documents”) and (without limiting the generality of the foregoing) under which (i) the Substitute Issuer shall undertake in favour of the relevant Noteholders and Couponholders to be bound by the terms and conditions of the relevant Notes, Receipts and Coupons and the provisions of the Agency Agreement as fully as if the Substitute Issuer had been named in the relevant Notes, Receipts and Coupons and the Agency Agreement as the principal debtor in respect of the relevant Notes, Receipts and Coupons and the Agency Agreement in place of the Retiring Issuer; and (ii) the Retiring Issuer shall be released from its obligations as principal debtor in respect of the relevant Notes, Receipts and Coupons and the Agency Agreement;

(c) without prejudice to the generality of paragraph (b) above, where the Substitute Issuer is subject generally to a taxing jurisdiction differing from or in addition to the taxing jurisdiction to which the Retiring Issuer for which it shall have been substituted under this Condition 14 was subject, the Substitute Issuer shall undertake or covenant in the Substitution Documents in terms corresponding to the provisions of Condition 7 with the substitution for or addition to the references to the taxing jurisdiction to which the Retiring Issuer, as the case may be, was subject of references to the taxing jurisdiction or additional taxing jurisdiction to which such Substitute Issuer, as the case may be, is subject and in such case, Condition 7 shall be deemed to be modified accordingly when such substitution takes effect;

(d) the Substitution Documents shall contain a warranty and representation (i) that the Substitute Issuer and the Retiring Issuer have obtained all necessary governmental and regulatory approvals and consents for the substitution and that the Substitute Issuer has obtained all necessary governmental and regulatory approvals and consents for the performance by the Substitute Issuer of its obligations under the Substitution Documents and that all such approvals and consents are in full force and effect, (ii) that the obligations assumed by the Substitute Issuer in respect of the relevant Notes, Receipts and Coupons and the Agency Agreement are, in each case, valid and binding in accordance with their respective terms and enforceable by each relevant Noteholder, and (iii) the Substitute Issuer is solvent;

- (f) each stock exchange on which the relevant Notes are admitted to trading shall have confirmed that, following the proposed substitution of the Substitute Issuer, such Notes will continue to be admitted to trading on such stock exchange;
- (g) where the Substitute Issuer is not a company incorporated in the United Kingdom, the Substitute Issuer shall have appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the relevant Notes, Receipts and Coupons and the Agency Agreement;
- (h) in the case of substitution of TCCI or a Canadian subsidiary of the Parent in place of the Retiring Issuer, no withholding or other taxes will be payable or required to be withheld by any such Substitute Issuer;
- (i) legal opinions shall have been delivered to the Agent (from whom copies will be available) (in each case dated not more than three days prior to the intended date of substitution) from legal advisers of good standing selected by the Substitute Issuer (i) in each jurisdiction in which the Substitute Issuer and the Retiring Issuer are incorporated and in England confirming, as appropriate, that upon the substitution taking place, the Substitution Documents constitute legal, valid and binding obligations of the Substitute Issuer and the relevant Notes, Receipts and Coupons and the Agency Agreement are legal, valid and binding obligations of the Substitute Issuer enforceable in accordance with their terms; and (ii) in Japan and in the jurisdiction in which the Substitute Issuer is incorporated, in the event any Credit Support Agreements are entered into under paragraph (a) above, confirming that any such Credit Support Agreements constitute legal, valid and binding obligations of the Parent, TFS and the Substitute Issuer, as the case may be, enforceable in accordance with its terms; and
- (j) in connection with any such substitution, the Substitute Issuer and the Retiring Issuer shall not have regard to the consequences of such substitution for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no person shall be entitled to claim whether from the Substitute Issuer, the Retiring Issuer, the Agent, or any other person, any indemnification or payment in respect of any tax consequence of any such substitution upon any person except to the extent already provided in Condition 7 and/or any undertaking given in addition thereto or in substitution therefor in the Substitution Documents in accordance with paragraph (c) above.

Upon execution of the Substitution Documents as referred to in paragraph (b) above, (i) the Substitute Issuer shall be the relevant Issuer named in the relevant Notes, the Receipts and Coupons and the Agency Agreement as principal debtor in place of the Retiring Issuer and the relevant Notes, Receipts and Coupons and the Agency Agreement shall thereby be deemed to be amended to give effect to the substitution of the Substitute Issuer as principal debtor; and (ii) the Retiring Issuer shall be released as aforesaid from all of its obligations as principal debtor in respect of the relevant Notes, Receipts and Coupons and the Agency Agreement. With effect on and from the time of the substitution of the Substitute Issuer in place of the Retiring Issuer:

- (A) the Retiring Issuer has no further obligations to any Noteholder or Couponholder in relation to the relevant Notes, Receipts and Coupons;
- (B) the Substitute Issuer has rights which the Retiring Issuer had in respect of the relevant Notes, Receipts and Coupons (in each case subject to paragraph (c) above); and
- (C) the Substitute Issuer has assumed the obligations towards the Noteholders and Couponholders which the Retiring Issuer had in respect of the relevant Notes, Receipts and Coupons.

The Substitution Documents shall be deposited with and held by the Agent and (in the case of Registered Notes) copied to the Registrar for so long as any of the relevant Notes remain outstanding and for so long as any claim made against the Substitute Issuer or the Retiring Issuer by any Noteholder or Couponholder in relation to the relevant Notes, Receipts, Coupons, the Agency Agreement or (in the case of Registered Notes) the Note Agency Agreement or the Substitution Documents shall not have been finally adjudicated, settled or discharged. The Substitute Issuer and the Retiring Issuer shall acknowledge in the Substitution Documents the right of every Noteholder to the production of the Substitution Documents for the enforcement of any of the relevant Notes, Receipts, Coupons, the

Agency Agreement or (in the case of Registered Notes) the Note Agency Agreement or the Substitution Documents.

Within 14 days of a substitution taking effect under this Condition 14, the Retiring Issuer shall give notice of such substitution to the relevant Noteholders in accordance with Condition 16.

15. Meetings, Modifications and Waivers

The Agency Agreement contains provisions which, unless otherwise provided in the Final Terms, are binding on the Issuer, the Noteholders, the Receiptholders and the Couponholders, for convening meetings of holders of Notes, Receipts and Coupons to consider matters affecting their interests, including the modification or waiver of the Terms and Conditions applicable to the Notes.

The Agency Agreement, (in the case of Registered Notes) the Note Agency Agreement, the Notes and any Receipts and Coupons attached to the Notes may be amended by the Issuer and (in the case of the Agency Agreement) the Agent and (in the case of the Note Agency Agreement) the Registrar and the Canadian Paying Agent, without the consent of the holder of any Note, Receipt or Coupon (i) for the purpose of curing any ambiguity, or for curing, correcting or supplementing any defective provision contained therein, or to evidence the succession of another corporation to the Issuer as provided in Condition 13 or provide for substitution of the Issuer as provided in Condition 14, (ii) to make any further modifications of the terms of the Agency Agreement or (in the case of Registered Notes) the Note Agency Agreement necessary or desirable to allow for the issuance of any additional Notes (which modifications shall not be materially adverse to holders of outstanding Notes), or (iii) in any manner which the Issuer and (in the case of the Agency Agreement) the Agent and (in the case of the Note Agency Agreement) the Registrar and the Canadian Paying Agent may deem necessary or desirable and which shall not materially adversely affect the interests of the holders of the Notes, Receipts and Coupons. In addition, with the written consent of holders of a majority in aggregate nominal amount of the Notes then outstanding affected thereby, or by resolution adopted by the holders of a majority in aggregate nominal amount of Notes then outstanding present or represented at a meeting of the holders of the Notes affected thereby at which a quorum is present, as provided in the Agency Agreement (provided that such resolution shall be approved by the holders of not less than 25 per cent. of the aggregate nominal amount of Notes then outstanding affected thereby), the Issuer and the Agent and (in the case of the Note Agency Agreement) the Registrar and the Canadian Paying Agent may from time to time and at any time enter into agreements modifying or amending the Agency Agreement or (in the case of Registered Notes) the Note Agency Agreement or the terms and conditions of the Notes, Receipts and Coupons for the purpose of adding any provisions to or changing in any manner or eliminating any provisions of the Agency Agreement or (in the case of Registered Notes) the Note Agency Agreement or of modifying in any manner the rights of the holders of Notes, Receipts and Coupons; provided, however, that no such agreement shall, without the consent or the affirmative vote of the holder of each Note affected thereby, (i) change the stated maturity of the principal of or any instalment of interest on any Note, (ii) reduce the nominal amount of or interest on any Note, (iii) change the obligation of the Issuer to pay Additional Amounts as provided in Condition 7, (iv) reduce the percentage in nominal amount of outstanding Notes the consent of the holders of which is necessary to modify or amend the Agency Agreement or (in the case of Registered Notes) the Note Agency Agreement or the terms and conditions of the Notes or to waive any future compliance or past default, or (v) reduce the percentage in nominal amount of outstanding Notes the consent of the holders of which is required at any meeting of holders of Notes at which a resolution is adopted. The quorum at any meeting called to adopt a resolution will be persons holding or representing a majority in aggregate nominal amount of the Notes then outstanding affected thereby and at any adjourned meeting will be one or more persons holding or representing 25 per cent. in aggregate nominal amount of such Notes then outstanding affected thereby. Any instrument given by or on behalf of any holder of a Note in connection with any consent to any such modification, amendment or waiver will be irrevocable once given and will be conclusive and binding on all subsequent holders of such Note. Any modifications, amendments or waivers to the Agency Agreement or (in the case of Registered Notes) to the Note Agency Agreement or to the terms and conditions of the Notes, Receipts and Coupons will be conclusive and binding on all holders of Notes, Receipts and Coupons, whether or not they have given such consent or were present at any meeting, and whether or not notation of such modifications, amendments or waivers is made upon the Notes, Receipts and Coupons. It shall not be necessary for the consent of the holders of Notes under this Condition 15 to approve the particular form of any proposed amendment, but it shall be sufficient if such consent shall approve the substance thereof.

Notes authenticated and delivered after the execution of any amendment to the Agency Agreement, or (in the case of Registered Notes) to the Note Agency Agreement, the Notes, Receipts or Coupons may bear a notation in form approved by the Agent or (in the case of Registered Notes) Registrar as to any matter provided for in such amendment to the Agency Agreement or (in the case of Registered Notes) to the Note Agency Agreement.

New Notes so modified as to conform, in the opinion of the Agent or (in the case of Registered Notes) the Registrar and the Issuer, to any modification contained in any such amendment may be prepared by the Issuer, authenticated by the Agent or (in the case of Registered Notes) the Registrar and delivered in exchange for the Notes then outstanding.

For the purposes of this Condition 15, Condition 3 and Condition 9, the term “*outstanding*” means, in relation to the Notes, all Notes issued under the Agency Agreement or the Note Agency Agreement other than (i) those which have been redeemed in full in accordance with the Agency Agreement or the Note Agency Agreement or these Terms and Conditions, (ii) those in respect of which the date for redemption (whether in respect of the whole principal amount or the final instalment (when redeemable in instalments)) in accordance with these Terms and Conditions has occurred and the redemption moneys therefor (including all interest (if any) accrued thereon to the date for such redemption and any interest (if any) payable under these Terms and Conditions after such date) have been duly paid to the Agent as provided in the Agency Agreement or (in the case of Registered Notes) to the Registrar or the Canadian Paying Agent (and, where appropriate, notice has been given to the Noteholders in accordance with Condition 16) and remain available for payment against presentation of the Notes, (iii) those which have become void under Condition 8, (iv) those which have been purchased or otherwise acquired and cancelled as provided in Condition 6, and those which have been purchased or otherwise acquired and are being held by the Issuer for subsequent resale or reissuance as provided in Condition 6 during the time so held, (v) those mutilated or defaced Notes which have been surrendered in exchange for replacement Notes pursuant to Condition 10, (vi) (for the purposes only of determining how many Notes are outstanding and without prejudice to their status for any other purpose) those Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Notes have been issued pursuant to Condition 10, and (vii) temporary global Notes to the extent that they shall have been duly exchanged in whole for permanent global Notes or definitive Notes and permanent global Notes or registered global Notes to the extent that they shall have been duly exchanged in whole for definitive Notes, in each case pursuant to their respective provisions.

16. Notices

All notices regarding the Notes shall be validly given if published in a leading English language daily newspaper of general circulation in London (which is expected to be the *Financial Times*) or, if this is not practicable, one other such English language newspaper as the Issuer, in consultation with the Agent, shall decide. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange on which the Notes are for the time being admitted to trading or are listed by another relevant authority. Any such notice published as aforesaid shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first such publication. Receiptholders and Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the holders of the Notes in accordance with this Condition 16.

Until such time as any definitive Notes are issued, so long as the global Note(s) is or are held in its or their entirety on behalf of Euroclear and Clearstream, Luxembourg, there may be substituted for such publication in such newspaper the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the holders of the Notes; provided that, for so long as any Notes are admitted to trading on a stock exchange or are listed by another relevant authority and the rules of that stock exchange or relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any notice delivered to Euroclear and Clearstream, Luxembourg shall be deemed to have been given to the holders of the Notes on the third day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg, or on such other day as is specified in the applicable Final Terms.

Notices to holders of Registered Notes in definitive form will be deemed to be validly given if sent by mail to them (or, in the case of joint holders of Registered Notes, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in such register, and will be deemed to have been validly given on the fourth business day after the date of such mailing.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, in the case of Bearer Notes, with the Agent or, in the case of Registered Notes, with the Registrar. While any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to, in the case of Bearer Notes, the Agent or, in the case of Registered Notes, the Registrar via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent or Registrar and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

17. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, Receiptholders or Couponholders to create and issue further notes ranking *pari passu* in all respects (or in all respects save for the Issue Date, the amount and the date of the first payment of interest thereon and/or the Issue Price) and so that the same shall be consolidated and form a single series with the outstanding Notes and references in these Terms and Conditions to “Notes” shall be construed accordingly.

18. Redenomination and Exchange

The Issuer may (if so specified in the applicable Final Terms) without the consent of the holder of any Note, Receipt, Coupon or Talon, redenominate into euro all, but not some only, of the Notes of any Series on or after the date on which the member state of the European Union in whose national currency such Notes are denominated has become a participant member in the third stage of the European economic and monetary union as more fully set out in the applicable Final Terms. The Issuer may (if so specified in the applicable Final Terms) without the consent of the holder of any Note, Receipt, Coupon or Talon, elect that the Notes shall be exchangeable for Notes expressed to be denominated in euro in accordance with such arrangements as the Issuer may decide.

19. Disapplication

The Notes confer no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

20. Governing Law and Submission to Jurisdiction

The Agency Agreement, the Note Agency Agreement, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Agency Agreement, the Note Agency Agreement, the Notes, the Receipts and the Coupons are governed by, and shall be construed in accordance with, English law.

The Issuer irrevocably agrees, for the exclusive benefit of the Noteholders, the Receiptholders and the Couponholders, to the jurisdiction of the English courts for all purposes in connection with the Agency Agreement, the Note Agency Agreement, the Notes, the Receipts and the Coupons and any non-contractual obligations arising out of or in connection with the Agency Agreement, the Note Agency Agreement, the Notes, the Receipts and the Coupons and in relation thereto the Issuer has appointed Toyota Financial Services (UK) PLC as its agent for service of process on its behalf and has agreed that in the event of Toyota Financial Services (UK) PLC ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process. Without prejudice to the foregoing, the Issuer further irrevocably agrees that any suit, action or proceedings arising out of or in connection with the Agency Agreement, the Note Agency Agreement, the Notes, the Receipts and the Coupons (including any suit, action or proceedings relating to any non-contractual obligations arising out of or in connection with the Agency Agreement, the Note Agency Agreement, the Notes, the Receipts and the Coupons) may be brought in any other court of competent jurisdiction.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the relevant Issuer for its general corporate purposes, which include making a profit. If, in respect of any particular issue, there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

The registered office of TFA is located at Level 9, 207 Pacific Highway, St Leonards NSW 2065 Australia, with telephone number +61 2 9430 0000. The balance of the shares in TFNZ are owned by TFS. TFA has no other subsidiaries.

- to provide personal loans and real estate loans to customers.

Business segments

- Retail finance comprising loans and leases to personal and business customers; and
- Wholesale finance comprising loans and bailment facilities to motor vehicle dealers.

Geographical segments

TFA’s business segments operate predominately in Australasia.

Dependence and Control

The Parent and TFS

All the outstanding stock of TFA is owned directly by TFS. TFS is a wholly-owned subsidiary of the Parent. The Parent effectively controls TFA and is able in practice to directly control the composition of the Board of Directors of TFA and direct the management and policies of TFA.

TFA and TFS have entered into a Credit Support Agreement (see “*Relationship of TFS and the Issuers with the Parent*”).

TFNZ

TFNZ is involved in the retail financing and leasing of new and used vehicles sold by Toyota dealers, the marketing of vehicle and finance related insurances and the provision of wholesale floor plan facilities to authorised Toyota dealers. TFNZ also provides retail finance and related products for

pleasure boats and transacts some unsecured personal loan business with existing creditworthy customers. All operations are conducted in New Zealand. TFA's investment in TFNZ is accounted for in its consolidated financial statements using the equity method of accounting. The equity method of accounting requires TFA's share, currently 45.45 per cent., of TFNZ's post-acquisition profits and losses to be recognised in the income statement, and TFA's share of post-acquisition movements in reserves is recognised in reserves. TFA's consolidated financial position, and performance as represented by the results of its operations and cash flows is dependent on TFNZ's performance, to the extent of TFA's interest in TFNZ.

TMCA

Certain financing products offered by TFA and its subsidiaries may be subsidised by Toyota Motor Corporation Australia Limited ("*TMCA*") (a wholly-owned subsidiary of the Parent).

TMCA is the primary distributor of new Toyota vehicles in Australia.

The majority of TFA's business is connected with the financing of new and used Toyota vehicles.

Higher levels of sales of new and used Toyota vehicles in Australia relative to the level of sales of new and used vehicles of other makes are favourable for TFA's business. Lower levels of sales of new and used Toyota vehicles in Australia relative to the level of sales of new and used vehicles of other makes are not favourable for TFA's business.

Under an agreement with TMCA, TFA markets, administers and accepts the liability for claims arising under a range of factory extended warranty products marketed through Toyota dealers to purchasers of Toyota vehicles. Since TFA acquired the rights to market the factory extended warranty products from TMCA, it has re-insured part of or all of its liability for claims ("*claims risk*") in respect of new and used Toyota vehicles with licensed insurers (the "*re-insurers*"). The factory extended warranty products are only available at point of sale of Toyota vehicles and as such, sales of the product may be impacted by the same risks described in "*Risk Factors – Business Risk – TFS group – TCCI, TFA and TMCC – Sales of Toyota Vehicles*".

TFA has also entered into the following taxation arrangements:

- Tax Contribution Deed ("*TCD*");
- Tax Sharing Deed ("*TSD*"); and
- GST Grouping Arrangement.

The TCD and TSD are income tax arrangements between TMCA, TFA, Toyota Technical Centre Asia Pacific Australia Pty Ltd and their subsidiary members SCT Pty Ltd, XTMCA Ltd, AMI Ltd and TFAW (collectively the "*Group*" for the purposes of the following four paragraphs).

The main purpose of these arrangements is to formalise the management, calculation, allocation, funding and payment of the Group's income tax liability for any year a group income tax consolidated return is filed. The arrangements effectively allocate the income tax liability to each member of the Group based on the stand alone liability of each Group member.

TMCA is responsible as head entity of the Group for remitting Group income tax liability to the Australian Taxation Office as and when required. TMCA indemnifies each member of the Group where liability arises as a result of TMCA's failure to pay the Group income tax liability provided each Group member has given TMCA the necessary information and has paid its share of the Group income tax liability.

For so long as TFA is a member of an income tax consolidated group TFA is joint and severally liable for the income tax liabilities of the income tax consolidated group. The tax consolidated group was formed effective 1 April 2003. Prior to this period, TFA is liable only for its own income tax liability. TFA's liability is effectively limited within the consolidated group by the TSD. The TSD broadly limits TFA's exposure for Group income tax liability to the income tax liability TFA would have paid were it not a member of the Group. There are also indemnities provided by the parties to the TCD and TSD to each other in relation to instances of default by a party.

Under the GST Grouping Arrangement a group Goods and Services Tax (“GST”) and Luxury Car Tax (“LCT”) return is filed by TMCA. Under the GST and LCT law TFA is jointly and severally liable for the GST and LCT liabilities of the Group, should TMCA default in its group obligations to the Australian Taxation Office.

Enacted, or potential future, Australian Government temporary fiscal stimulus measures, or other Government policy measures, may directly or indirectly impact TFA’s net income. A future cessation of such measures may adversely impact the net income of TFA.

Directors and Senior Management

The Board of Directors, which has responsibility for the administration of the affairs of TFA, consists of and their business addresses are:

Mr. J.R. Chandler (Managing Director) of 207 Pacific Highway, St Leonards, NSW, 2065, Australia.

Mr. H. Ikoma of 207 Pacific Highway, St Leonards, NSW, 2065, Australia.

Mr. C. Euers of 207 Pacific Highway, St Leonards, NSW, 2065, Australia.

All the Directors are engaged in the business of TFA, TFS, the Parent or an affiliated company of the Parent. No potential conflicts of interest exist between any duties to TFA of any of the Directors of TFA and their private interests or other duties.

There is no separate statutory corporate governance regime in Australia applicable to unlisted public companies, although the Australian Corporations Act regulates certain aspects of the governance of unlisted public companies. TFA’s Management Committee (a committee of its most senior executives) has established a comprehensive internal audit and legal compliance review programme to ensure compliance with internal policies and procedures and compliance with lending and other laws impacting on its operations including trade practices, taxation and corporation laws. The Management Committee reviews all audit outcomes and any remedial action proposed or taken to resolve any issues of non-compliance. As at the date of this Prospectus, the members of the Management Committee are Mr. Hitoshi Ikoma, Mr. John Chandler, Mr. Colin Euers, Mr. Ian Ritchens, Mr. Paul Williams, Mr. Gary Leonard, Mr. Ed Stanistreet, Mr. Peter Jones, Mr. Jim Sneddon and Mr. Hironobu Obata. There are no non-executive members of the Management Committee.

Memorandum and Articles of Association

Clause 2 of the Memorandum of Association of TFA provides that the objects of TFA shall include carrying on business as financiers and moneylenders, entering into all types of funding agreements, undertaking all kinds of financial industrial or commercial insurance, acquiring or selling the whole or part of any business and selling, letting, disposing or otherwise dealing with all or any property or rights of TFA for cash or any other consideration. However, notwithstanding any provision of TFA’s Memorandum of Association or Articles of Association, under the Australian Corporations Act, TFA has all the powers of a natural person and no act of TFA is invalid merely because it is contrary or beyond any of its stated objects.

DESCRIPTION OF TMCC

History and Business

Unless otherwise specified in this document “TMCC” means Toyota Motor Credit Corporation and its consolidated subsidiaries.

TMCC was incorporated as a California corporation (Corporation Number 1123946) on 4 October 1982 to continue perpetually and with limited liability. It commenced operations in 1983. TMCC is registered in California. TMCC is wholly-owned by Toyota Financial Services Americas Corporation (“TFSA”), a California corporation which is a wholly-owned subsidiary of TFS. TFS, in turn, is a wholly-owned subsidiary of the Parent. TMCC is marketed under the brands of Toyota Financial Services and Lexus Financial Services.

TMCC provides a variety of finance and insurance products to authorised Toyota and Lexus vehicle dealers or dealer groups and, to a lesser extent, other domestic and import franchise dealers (collectively referred to as “*vehicle dealers*”) and their customers in the United States (excluding Hawaii) (“U.S.”) and the Commonwealth of Puerto Rico. TMCC also provides finance products to commercial and industrial equipment dealers (“*industrial equipment dealers*”) and their customers. TMCC’s products fall primarily into the following finance and insurance product categories:

Finance TMCC provides a broad range of finance products including retail financing, leasing and dealer financing to vehicle and industrial equipment dealers and their customers.

Insurance Through a wholly-owned subsidiary, TMCC provides marketing, underwriting and claims administration related to covering certain risks of vehicle dealers and their customers. TMCC also provides coverage and related administrative services to its affiliates.

TMCC supports growth in earning assets through funding obtained primarily in the global wholesale capital markets as well as funds provided by investing and operating activities. Refer to Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Liquidity and Capital Resources” in TMCC’s Form 10-K, which is incorporated by reference into this Prospectus for a discussion of TMCC’s funding activities.

TMCC primarily acquires and services finance, lease and insurance contracts from vehicle dealers through 30 dealer sales and services offices (“*DSSOs*”) and three regional customer service centres (“*CSCs*”) located throughout the U.S. and from industrial equipment dealers through a corporate department located at TMCC’s headquarters in Torrance, California. The DSSOs primarily support vehicle dealer financing needs by providing services such as acquiring finance and lease contracts from vehicle dealers, financing inventories and financing other dealer activities and requirements, such as business acquisitions, facilities refurbishment, real estate purchases and working capital requirements. The DSSOs also provide support for TMCC’s insurance products sold in the U.S. The CSCs support customer account servicing functions such as collections, lease terminations and administration of retail and lease customer accounts. The Central region CSC also supports insurance operations by providing customer service and processing claims.

TMCC and TFS have entered into a Credit Support Agreement (see “*Relationship of TFS and the Issuers with the Parent*”).

Seasonality

Revenues generated by receivables TMCC owns are generally not subject to seasonal variations. Although financing volume is subject to a certain degree of seasonality, this seasonality does not have a significant impact on revenues as collections, generally in the form of fixed payments, occur over the course of several years. TMCC is subject to seasonal variations in credit losses, which are typically higher in the first and fourth calendar quarters of the year.

Geographic Distribution of Operations

As of 31 March 2009, approximately 22 per cent. of managed vehicle retail and lease assets were located in California, 10 per cent. in Texas, 7 per cent. in New York and 6 per cent. in New Jersey. Any material adverse changes to the economies or applicable laws in these states could have an adverse effect on TMCC’s financial condition and results of operations.

TMCC's executive and registered offices are located at, and the contact address for TMCC's Board of Directors is, 19001 South Western Avenue, Torrance, California 90501; telephone number +1 310 468 1310.

Finance Operations

TMCC provides retail financing, leasing, dealer financing and certain other financial products and services to authorised Toyota and Lexus vehicle dealers and, to a lesser extent, other domestic and import franchised dealers and their customers in the U.S. and the Commonwealth of Puerto Rico. TMCC also offers financing for various industrial and commercial products such as forklifts and light medium-duty trucks. Gross revenues related to transactions with industrial equipment dealers contributed 3 per cent. to total gross revenues in the fiscal years ended 31 March 2009 ("*fiscal 2009*"), 2008 and 2007.

The table below summarises TMCC's financing revenues, net of depreciation by primary product.

Retail and Lease Financing

Pricing

TMCC utilises a tiered pricing programme for retail and lease contracts. The programme matches contract interest rates with customer risk as defined by credit bureau scores and other factors for a range of price/risk combinations. Each application is assigned a credit tier. Rates vary based on credit tier, term and collateral, including whether a new or used vehicle is financed. TMCC reviews and adjusts interest rates based on competitive and economic factors and distribute the rates by tier to TMCC's dealers.

Underwriting

TMCC acquires new and used vehicle and industrial equipment finance and lease contracts primarily from Toyota and Lexus vehicle dealers and industrial equipment dealers. Dealers transmit customer credit applications electronically through TMCC's on-line system for contract acquisition. The customer may submit a credit application directly to TMCC's website, in which case, the credit application is sent to the dealer of the customers' choice or to a dealer that is near the customers' residence. TMCC uses a proprietary credit scoring system to evaluate an applicant's risk profile. Factors used by the credit scoring system (based on the applicant's credit history) include the applicant's ability to pay, debt ratios, employment status and amount financed relative to the value of the vehicle. Upon receipt of the credit application, TMCC's origination system automatically requests a credit bureau report from one of the major credit bureaus.

Credit applications are subject to systematic evaluation. TMCC's origination system evaluates each credit application to determine if it qualifies for auto-decisioning. The system distinguishes this type of applicant by specific requirements and approves the application without manual intervention. The origination system is programmed to review selected factors of the application such as debt-to-income ratios and credit scores. Typically, the highest quality credit applications are approved automatically. The automated approval process approves only the applicant's credit eligibility.

Credit analysts (located at the DSSOs) approve or reject all credit applications that do not qualify for auto-decisioning. A credit analyst approves or rejects credit applications based on an applicant's creditworthiness and projected ability to meet the monthly obligation, which are derived

from the amount financed, the term and the assigned contractual interest rate. TMCC's proprietary scoring system assists the credit analyst in the credit review process.

Completion of the financing process is dependent upon whether the transaction is an instalment loan or lease arrangement. For an instalment loan transaction, TMCC acquires the retail finance contract and a security interest in the vehicle or industrial equipment. For a leasing arrangement, TMCC acquires the lease contracts and concurrently assumes ownership of the leased vehicles or industrial equipment. TMCC views its lease arrangements, including its operating leases, as financing transactions as it does not re-lease the vehicle or equipment upon default or lease termination.

TMCC regularly reviews and analyses its retail and lease portfolio to evaluate the effectiveness of its underwriting guidelines and purchasing criteria. If external economic factors, credit loss or delinquency experience, market conditions or other factors change, TMCC may adjust its underwriting guidelines and purchasing criteria.

Subvention

In partnership with TMCC's affiliates Toyota Motor Sales, U.S.A., Inc. ("*TMS*"), Toyota Material Handling, U.S.A., Inc. ("*TMHU*") and Hino Motor Sales, U.S.A., Inc. ("*HINO*"), TMCC may offer special promotional rates which TMCC refers to as subvention programmes. These promotional rates are typically lower than TMCC's standard rates. These affiliates pay TMCC the majority of the difference between the standard rate and the promotional rate. Amounts received in connection with these programmes contribute to the amounts TMCC requires to maintain yields at levels consistent with standard programme levels. The level of subvention programme activity varies based on TMCC's affiliates' marketing strategies, economic conditions and volume of vehicle sales. Subvention amounts received vary based on the mix of Toyota and Lexus vehicles and timing of programmes. TMCC defers the payment and recognises it as a yield adjustment for retail contracts and as rental income for lease contracts over the life of the contract. A large portion of TMCC's retail and lease contracts is subvented.

Servicing

TMCC's CSCs are responsible for servicing the vehicle retail and lease contracts. A centralised department monitors bankruptcy administration, post-charge-off and recovery. A centralised collection department manages the remediation (if applicable) and liquidation of each retail and lease contract. TMCC's industrial equipment retail and lease contracts are serviced at a centralised facility.

TMCC uses a behavioural-based collection strategy to minimise risk of loss and employs various collection methods. When contracts are acquired TMCC perfects its security interests in the financed retail vehicles and industrial equipment through state department of motor vehicles (or equivalent) certificate of title filings or through Uniform Commercial Code ("*UCC*") filings as appropriate. TMCC has the right to repossess the assets if customers fail to meet contractual obligations and the right to enforce collection actions against the obligors under the contracts.

TMCC uses an on-line collection and auto dialler system that prioritises collection efforts, generates past due notices and signals its collections personnel to make telephone contact with delinquent customers. Collection efforts are based on behavioural scoring models (which analyse borrowers' past payment performance, vehicle valuation and credit scores to predict future payment behaviour). TMCC generally determines whether to commence repossession efforts after an account is 60 days past due. Repossessed vehicles are held in inventory to comply with statutory requirements and then sold at private auctions, unless public auctions are required by applicable law. Any unpaid amounts remaining after sale or after full charge off are pursued by TMCC to the extent practical and legally permissible. Collections of deficiencies are administered at a centralised facility. TMCC's policy is to charge off a retail or lease contract as soon as disposition of the vehicle has been completed and sales proceeds have been received, but TMCC may in some circumstances charge-off a retail or lease contract prior to repossession. When repossession and disposition of the collateral has not been completed, TMCC's policy is to charge off as soon as TMCC determines that the vehicle cannot be recovered, but not later than when the contract is 150 days contractually delinquent.

TMCC may, in accordance with its customary servicing procedures, waive any prepayment charge, late payment charge or any other fees that may be collected in the ordinary course of servicing the retail and lease account. In addition, TMCC may defer a customer's obligation to make a payment by extending the contract term.

Substantially all of TMCC's retail financing and leasing transactions are non-recourse to the vehicle and industrial equipment dealers, which relieves the vehicle and industrial equipment dealers from financial responsibility in the event of repossession.

TMCC may experience a higher risk of loss if customers fail to maintain required insurance coverage. The terms of TMCC's retail financing programmes require customers to maintain physical damage insurance covering loss or damage to the financed vehicle or industrial equipment in an amount not less than the full value of the vehicle or equipment. TMCC currently does not monitor ongoing insurance compliance as part of its customary servicing procedures for retail accounts. The terms of each receivable allow, but do not require, TMCC to obtain any such coverage on behalf of the customer. In accordance with TMCC's normal servicing procedures, TMCC does not obtain insurance coverage on behalf of the customer. TMCC's vehicle lease contracts require lessees to maintain minimum liability insurance and physical damage insurance covering loss or damage to the leased vehicle in an amount not less than the full value of the vehicle.

Toyota Lease Trust, a Delaware business trust (the "*Titling Trust*"), acts as lessor and holds title to leased vehicles in specified states. This arrangement was established to facilitate lease securitisation. TMCC services lease contracts acquired by the Titling Trust from Toyota and Lexus vehicle dealers in the same manner as lease contracts owned directly by TMCC. TMCC holds an undivided trust interest in lease contracts owned by the Titling Trust and these lease contracts are included in TMCC's lease assets.

Remarketing

TMCC is responsible for the residual value of the leased asset if the lessee, vehicle dealer or industrial equipment dealer does not purchase the asset at lease maturity. At the end of the lease term, the lessee may purchase the leased asset at the contractual residual value or return the leased asset to the vehicle or industrial equipment dealer. If the leased asset is returned to the vehicle or industrial equipment dealer, the vehicle or industrial equipment dealer may purchase the leased asset or return it to TMCC.

In order to minimise losses at lease maturity, TMCC has developed remarketing strategies to maximise proceeds and minimise disposition costs on used vehicles and industrial equipment sold at lease termination. TMCC uses various channels to sell vehicles returned at lease end and repossessed vehicles, including the Dealer Direct programme ("*Direct Dealer*") and physical auctions.

The goal of Dealer Direct is to increase vehicle dealer purchases of off-lease vehicles thereby reducing the disposition costs of such vehicles. Through Dealer Direct, the vehicle dealer accepting return of the leased vehicle (the "*grounding dealer*") has the option to purchase the vehicle at the contractual residual value, purchase the vehicle at an assessed market value or return the vehicle to TMCC. Vehicles not purchased by the grounding dealer are made available to all Toyota and Lexus vehicle dealers through the Dealer Direct on-line auction. Vehicles not purchased through Dealer Direct are sold at physical vehicle auction sites throughout the U.S. Where necessary, TMCC reconditions used vehicles prior to sale in order to enhance the vehicle values at auction. Additionally, TMCC redistributes vehicles geographically to minimise oversupply in any location.

Industrial equipment returned by the lessee or industrial equipment dealer is sold through authorised Toyota industrial equipment dealers or wholesalers using an auction process.

Dealer Financing

Dealer financing is comprised of wholesale financing and other financing options designed to meet dealer business needs.

Wholesale Financing

TMCC provides wholesale financing, also referred to as floorplan financing, to vehicle and industrial equipment dealers for inventories of new and used Toyota, Lexus and other vehicles and industrial equipment. TMCC acquires a security interest in vehicles financed at wholesale, which it perfects through UCC filings and these financings may be backed by corporate or individual guarantees from, or on behalf of, participating vehicle and industrial equipment dealers, dealer groups or dealer principals. In the event of vehicle or industrial equipment dealer default under a wholesale loan arrangement, TMCC has the right to liquidate assets in which it has a perfected security interest and seek legal remedies pursuant to the wholesale loan agreement and any applicable guarantees.

TMCC and TMS have entered into a repurchase agreement pursuant to which TMS will arrange for the repurchase of new Toyota and Lexus vehicles at the aggregate cost financed by TMCC in the event of vehicle dealer default under floorplan financing. TMCC also entered into similar agreements with TMHU, HINO and other domestic and import manufacturers. TMHU is the primary distributor of Toyota forklifts in the U.S. and HINO is the exclusive U.S. distributor of commercial trucks manufactured by Hino Motors Ltd. of Japan.

Other Dealer Financing

TMCC extends term loans and revolving lines of credit to vehicle and industrial equipment dealers for business acquisitions, facilities refurbishment, real estate purchases and working capital requirements. These loans are typically secured with liens on real estate, vehicle inventory and/or other dealership assets, as appropriate, and usually are guaranteed by the personal or corporate guarantees of the dealer principals or dealerships. TMCC also provides financing to various multi-franchise dealer organisations, referred to as dealer groups, often as part of a lending consortium, for wholesale, working capital, real estate and business acquisitions. These loans are typically collateralised with liens on real estate, vehicle inventory and/or other dealership assets, as appropriate. TMCC obtains a personal guarantee from the vehicle or industrial equipment dealer or corporate guarantee from the dealership when deemed prudent. Although the loans are typically collateralised or guaranteed, the value of the underlying collateral or guarantees may not be sufficient to cover TMCC's exposure under such agreements. TMCC prices the credit facilities according to the risks assumed in entering into the credit facility and competitive factors.

Before establishing a wholesale line or other dealer financing arrangement, TMCC performs a credit analysis of the dealer. During the analysis, TMCC:

- reviews credit reports and financial statements and may obtain bank references;
- evaluates the dealer's financial condition; and
- assesses the dealer's operations and management.

On the basis of this analysis, TMCC may approve the issuance of a credit line and determine the appropriate size.

As part of TMCC's monitoring process, TMCC requires all dealers to submit monthly financial statements. TMCC also performs periodic physical audits of vehicle inventory as well as monitoring dealer inventory financing payoffs to identify possible risks.

Insurance Operations

TMCC markets its insurance products through Toyota Motor Insurance Services, Inc. ("TMIS"), a wholly-owned subsidiary. TMIS and its insurance company subsidiaries' principal activities include marketing, underwriting and claims administration related to covering certain risks of Toyota, Lexus and other domestic and import franchise dealers and their customers. TMIS' primary business consists of issuing vehicle service and maintenance contracts and guaranteed auto protection agreements sold to customers by or through Toyota and Lexus vehicle dealers and certain other domestic or import vehicle dealers in the U.S. TMIS also obtains a portion of vehicle service contract business by providing TMS insurance coverage on certified Toyota and Lexus pre-owned vehicles. TMIS also provides other coverage and related administrative services to TMCC's affiliates.

Changes in the volume of vehicle sales, vehicle dealers' utilisation of programmes offered by TMIS or the level of coverage purchased by affiliates could materially impact the level of TMIS operations. Gross revenues from insurance operations comprised 4 per cent., 6 per cent. and 7 per cent. of total gross revenues for fiscal 2009, 2008 and 2007, respectively.

Products and Services

Vehicle service agreements offer vehicle owners and lessees mechanical breakdown protection for new and used vehicles secondary to the manufacturer's new vehicle warranty. Vehicle service agreement coverage is available on Toyota and Lexus vehicles and other domestic and import vehicles. Coverage on certified pre-owned vehicles is offered on Toyota and Lexus vehicles only. TMIS provides prepaid maintenance programmes covering Toyota, Lexus and certain other domestic

and import vehicles. Guaranteed auto protection insurance, or debt cancellation agreements, provides coverage for a lease or retail contract deficiency balance in the event of a total loss of the covered vehicle.

TMIS, through its wholly-owned subsidiary, provides insurance to TMCC covering Toyota, Lexus and certain other domestic and import vehicle dealers' inventory financed by TMCC. TMIS obtains reinsurance on the inventory insurance policy covering the excess of certain dollar maximums per occurrence and in the aggregate. Through reinsurance, TMIS limits its exposure to losses by obtaining the right to reimbursement from the assuming company for the reinsured portion of losses.

TMIS, through its wholly-owned subsidiary, provides umbrella liability insurance to TMS and affiliates covering certain dollar value layers of risk above various primary or self-insured retentions. On all layers in which TMIS has provided coverage, 99 per cent. of the risk has been ceded to various reinsurers.

Corporate Governance

TMCC is in compliance with the applicable corporate governance statutes and regulations of the State of California.

Audit Committee

As of the date of this Prospectus, David Pelliccioni, Anthony Salcido and Ichiro Yajima comprise TMCC's audit committee. This is not an independent audit committee. The following is a summary of the terms of reference of TMCC's audit committee charter.

The primary function of the Audit Committee (the "*Committee*") is to assist the Board of Directors and management of TMCC in fulfilling its oversight responsibilities.

The Committee has authority to initiate and direct investigations and assessments of any operations, financial reporting and other critical processes. It has unrestricted access to management

and all appropriate information and has the authority to retain outside counsel, accountants and consultants to advise or assist the Committee. The Committee meets at least four times annually and can convene additional meetings as necessary and request the presence of management and external advisors as required.

To fulfil its duties with respect to reports published by TMCC, the Committee reviews, among other things: TMCC's annual audited financial statements and other financial information included in periodic SEC filings; each Form 10-Q and Form 10-K prior to its filing with the SEC; TMCC's financial reporting and accounting standards and principles and the key accounting decisions affecting TMCC's financial statements; and the process for the CEO and CFO quarterly certifications required by the SEC with respect to financial statements and TMCC's disclosure and internal controls.

The Committee annually reviews the relationship between TMCC and its independent registered public accounting firm to determine the firm's independence. The Committee has responsibility to pre-approve audit engagement fees and terms and any other non-audit services provided to TMCC by the independent auditor.

The Committee reviews, approves and directs TMCC's internal audit functions and reviews the results of internal audits, including key audit findings. The Committee also oversees management's monitoring of compliance with TMCC's Code of Ethics, laws and regulations.

The Committee is not subject to all SEC and New York Stock Exchange regulations relating to audit committees as TMCC is a wholly-owned subsidiary of TMC and TMCC does not issue equity securities to the public.

Articles of Association

The purpose of the corporation, as set forth in Article II of TMCC's Articles of Incorporation, is to engage in any lawful act or activity for which a corporation may be organised under the General Corporation law of California other than the banking business, the trust company business or the practice of a profession permitted to be incorporated by the California Corporations Code.

Legal Proceedings

A cross-complaint alleging a class action in the Superior Court of California Stanislaus County, *Garcia v. Toyota Motor Credit Corporation*, filed in August 2007, claims that TMCC's post-repossession notice failed to comply with the Reese-Levering Automobile Sales Finance Act of California ("*Reese-Levering*"). An additional cross-complaint alleging a class action in the Superior Court of California San Francisco County, *Aquilar and Smith v. Toyota Motor Credit Corporation*, filed in February 2008, contains similar allegations claiming that TMCC's post-repossession notices failed to comply with Reese-Levering. The plaintiffs are seeking injunctive relief, restitution and/or disgorgement, as well as damages in the Aquilar matter. In May 2008, the Garcia and Aquilar cases ("*Garcia Cases*") were consolidated in Stanislaus County as they present nearly identical questions of law and fact. A complaint alleging a class action in the Superior Court of California San Diego County, *McNess v. Toyota Motor Credit Corporation*, filed in September 2008, contains similar allegations claiming that TMCC's post-repossession notice failed to comply with Reese-Levering. An additional complaint alleging a class action in the Superior Court of California, Los Angeles County, *Smith v. Toyota Motor Credit Corporation*, filed in December 2008, also contains similar allegations claiming that TMCC's post-repossession notice failed to comply with Reese-Levering. The plaintiffs in the McNess and Smith cases are seeking injunctive relief and restitution. The McNess and Smith cases were consolidated with the Garcia Cases in November 2008 and January 2009, respectively, as they present nearly identical questions of law and fact. A First Amended Cross-Complaint and Complaint was subsequently filed in the Superior Court of California Stanislaus County in February 2009. TMCC believes it has strong defences to these claims.

Regulatory Environment

TMCC's finance and insurance operations are regulated under both federal and state laws, including those described below. The Equal Credit Opportunity Act is designed to prevent credit discrimination on the basis of certain protected classes and requires specified credit decisioning notices. The Truth in Lending Act and Truth in Leasing Act place disclosure and substantive transaction restrictions on consumer credit and leasing transactions. The Fair Credit Reporting Act imposes restrictions on TMCC's use of credit reports and the reporting of data to credit reporting agencies.

Federal privacy and data security laws place restrictions on TMCC's use and sharing of consumer data and impose privacy notice requirements, safeguarding rules regarding the maintenance, storage, transmission and destruction of consumer data.

A majority of states (as well as the Commonwealth of Puerto Rico) have enacted legislation establishing licensing requirements to conduct retail and other finance and insurance activities. Most states also impose limits on the maximum rate of finance charges. In certain states, the margin between the present statutory maximum interest rates and borrowing costs is sufficiently narrow that, in periods of rapidly increasing or high interest rates, there could be an adverse effect on TMCC's operations in these states if it were unable to pass on increased interest costs to TMCC's customers. Some state and federal laws impose rate and other restrictions on credit transactions with customers in active military status.

State laws vary with respect to which insurance products are regulated and what types of corporate licences and filings are required to offer certain products and services. Insurance company subsidiaries must be appropriately licensed in certain states in which they conduct business and must maintain minimum capital requirements. Failure to comply with these state requirements could have an adverse effect on insurance operations in a particular state.

Due to the current economic and political environment, TMCC and other financial institutions face the prospect of increased regulation and regulatory scrutiny and in the United States the financial services industry is likely to see increased disclosure obligations and restrictions on pricing and enforcement remedies.

Compliance with applicable law is costly and can affect profitability. Compliance requires forms, processes, procedures, controls and the infrastructure to support these requirements. Compliance may create operational constraints and place limits on pricing. Laws in the financial services industry are designed primarily for the protection of customers. The failure to comply could result in significant statutory, civil and criminal penalties, monetary damages, legal fees and expenses, possible revocation of licences and damage to reputation and brand and valued customer relationships.

RELATIONSHIP OF TFS AND THE ISSUERS WITH THE PARENT

General

TMF, TCCI and TFA are wholly-owned subsidiaries of TFS, a Japanese corporation. TMCC is a wholly-owned subsidiary of TFSA, a California corporation which is itself a wholly-owned subsidiary of TFS. TFS is a wholly-owned subsidiary of the Parent, a Japanese corporation. Each of the Issuers is the beneficiary of certain credit support arrangements described more fully below. These arrangements support the credit ratings of the relevant Issuer's securities as described more fully under "General Information – Credit Ratings" and provide a substantial benefit to each of the Issuers.

Credit Support Agreements

Each of TMF, TCCI and TFA has entered into a Credit Support Agreement in English with TFS dated as of 7 August 2000 and TMCC has entered into a Credit Support Agreement in English with TFS dated as of 1 October 2000 (each an "Issuer Credit Support Agreement" and together the "Issuer Credit Support Agreements", as may be amended, modified or supplemented from time to time). TFS has entered into a Credit Support Agreement dated 14 July 2000, a Supplemental Credit Support Agreement dated 14 July 2000 and a Supplemental Credit Support Agreement No. 2 dated 2 October 2000 in each case in Japanese with the Parent (collectively, the "TMC Credit Support Agreement", as may be amended, modified or supplemented from time to time). Each Issuer Credit Support Agreement together with the TMC Credit Support Agreement are collectively described in this Prospectus as the "Credit Support Agreements". The following is a summary of certain of the terms of the Issuer Credit Support Agreements and the TMC Credit Support Agreement, copies or, in the case of the TMC Credit Support Agreement, an English translation of which are available for inspection as stated in "General Information".

TFS has agreed with each of the Issuers in the Issuer Credit Support Agreements:

- (i) to own, directly or indirectly, all of the outstanding shares of the capital stock of the relevant Issuer and not to pledge, directly or indirectly, or in any way encumber or otherwise dispose of any such shares of stock so long as the relevant Issuer has any outstanding bonds, debentures, notes and other investment securities and commercial papers (hereinafter called the "Securities"), unless required to dispose of any or all such shares of stock pursuant to a court decree or order of any governmental authority which, in the opinion of counsel to TFS, may not be successfully challenged;
- (ii) to cause the relevant Issuer and its subsidiaries, if any, to have a consolidated tangible net worth, as determined in accordance with generally accepted accounting principles in the jurisdiction of incorporation of the relevant Issuer and as shown on the relevant Issuer's most recent audited annual consolidated balance sheet, of at least EUR100,000 in the case of TMF, C\$150,000 in the case of TCCI, A\$150,000 in the case of TFA and U.S.\$100,000 in the case of TMCC so long as Securities of each such relevant Issuer are outstanding. Tangible net worth means the aggregate amount of issued capital, capital surplus and retained earnings less any intangible assets; and
- (iii) if the relevant Issuer at any time determines that it will run short of cash or other liquid assets to meet its payment obligations on any Securities then or subsequently to mature and that it shall have no unused commitments available under its credit facilities with lenders other than TFS, then the relevant Issuer will promptly notify TFS of the shortfall and TFS will make available to the relevant Issuer, before the due date of such Securities, funds sufficient to enable it to pay such payment obligations in full as they fall due. The relevant Issuer will use such funds made available to it by TFS solely for the payment of such payment obligations when they fall due.

The Parent has agreed with TFS in the TMC Credit Support Agreement:

- (i) to own, directly or indirectly, all of the outstanding shares of the capital stock of TFS and not to pledge, directly or indirectly, or in any way encumber or otherwise dispose of any such shares of stock so long as TFS has any outstanding bonds, debentures, notes and other investment securities and commercial paper (hereinafter called "TFS Securities", which shall include, except for the purpose of paragraph (iii) below, any Securities issued by subsidiaries or affiliates of TFS in respect of which TFS has guarantee or credit

support obligations), unless required to dispose of any or all such shares of stock pursuant to a court decree or order of any governmental authority which, in the opinion of counsel to the Parent, may not be successfully challenged;

- (ii) to cause TFS and TFS's subsidiaries, if any, to have a consolidated tangible net worth, as determined in accordance with generally accepted accounting principles in Japan and as shown on TFS's most recent audited annual consolidated balance sheet, of at least JPY10,000,000 so long as TFS Securities are outstanding. Tangible net worth means the aggregate amount of issued capital, capital surplus and retained earnings less any intangible assets; and
- (iii) if TFS at any time determines that it will run short of cash or other liquid assets to meet its payment obligations in respect of any TFS Securities or obligations under any guarantee and credit support agreements then or subsequently to mature and that it shall have no unused commitments available under its credit facilities with lenders other than the Parent, then TFS will promptly notify the Parent of the shortfall and the Parent will make available to TFS, before the due date in respect of such obligations, funds sufficient to enable it to pay such payment obligations in full as they fall due. TFS will use such funds made available to it by the Parent solely for the payment of such payment obligations when they fall due.

The Issuer Credit Support Agreements and the TMC Credit Support Agreement are not, and nothing contained therein and nothing done by TFS and the Parent respectively should be deemed to constitute a guarantee, direct or indirect, by TFS or the Parent respectively of any Securities or TFS Securities, respectively, including the Notes. The Parent's obligations under the TMC Credit Support Agreement and the obligations of TFS under its Issuer Credit Support Agreements, rank *pari passu* with its direct, unconditional, unsubordinated and unsecured debt obligations.

The Issuer Credit Support Agreements and the TMC Credit Support Agreement are executed for the benefit of the holders of Securities and TFS Securities, as the case may be, including the Notes, and such holders may rely on the observance by TFS and/or the Parent, as the case may be, of the provisions of the Issuer Credit Support Agreements and/or the TMC Credit Support Agreement, as the case may be.

The Issuer Credit Support Agreements and the TMC Credit Support Agreement provide that the holders of Securities and/or TFS Securities, as the case may be, including the Notes, have the right to claim directly against TFS and/or the Parent, as the case may be, to perform any of its obligations under the Issuer Credit Support Agreement and/or the TMC Credit Support Agreement, as the case may be. Such claim must be made in writing with a declaration to the effect that such a holder will have recourse to the rights given under the Issuer Credit Support Agreement or the TMC Credit Support Agreement, as the case may be. If TFS and/or the Parent receives such a claim from any of the holders of Securities and/or TFS Securities, as the case may be, TFS and/or the Parent must indemnify, without any further action or formality, such a holder against any loss or damage arising out of or as a result of the failure to perform any of its obligations under the Issuer Credit Support Agreement and/or the TMC Credit Support Agreement, as the case may be. The holder of Securities and/or TFS Securities who made the claim may enforce such indemnity directly against TFS and/or the Parent, as the case may be. In relation to any Securities and/or TFS Securities in respect of which a trustee has been appointed to act for the holders of such Securities and/or TFS Securities, such trustee may make the above mentioned claim in favour of the holders of Securities and/or TFS Securities directly against TFS and/or the Parent, as the case may be, and, where appropriate, it may enforce the indemnity against TFS and/or the Parent, as the case may be, in favour of such holders. However, if the trustee, having become bound to proceed directly against TFS and/or the Parent, as the case may be, to protect the interests of the holders of such Securities and/or TFS Securities, as the case may be, fails to do so within a reasonable period thereafter and such failure is continuing, the holders of such Securities and/or TFS Securities, as the case may be, may take action as described in this paragraph directly against TFS and/or the Parent, as the case may be.

The Issuer Credit Support Agreements and the TMC Credit Support Agreement are governed by, and construed in accordance with, the laws of Japan.

Each of the Issuers and TFS have entered into a credit support fee agreement which requires each of the Issuers to pay a fee to TFS based on a percentage of the weighted average outstanding

amount of the relevant Issuer's bonds and other liabilities or securities entitled to credit support under the Issuer Credit Support Agreement and the TMC Credit Support Agreement described above.

In March 2009, the Lexus RX450h, which is the fully-remodelled Lexus RX400h, was successively introduced in Japan, North America and Europe. Toyota introduced new hybrid vehicles including the HS250h in the summer of 2009, followed by the introduction of plug-in cars with lithium ion batteries by the end of 2009. Going forward, Toyota will continue to expand its lineup of hybrid vehicle models, which is an area in which significant growth is expected in the contracting vehicle market.

Toyota also began limited sales of a fuel cell hybrid vehicle in Japan and the United States in December 2002. In June 2005, Toyota's new fuel cell hybrid passenger vehicle became the first in Japan to acquire vehicle type certification under the Road Vehicles Act, as amended, on 31 March 2005, by Japan's Ministry of Land, Infrastructure, Transport and Tourism. Leases for the vehicle began in July 2005. By 2007, Toyota was able to make improvements to start up and cruising distance at temperatures below freezing, which were technological challenges. Toyota has made advances by solving technological issues such as the above, and has been working towards the practical use of such solutions.

Toyota aims to continue its efforts to offer a diverse line-up of hybrid vehicles, enhance engine power while improving fuel efficiency, and otherwise work towards increasing the sales of hybrid vehicles.

Markets, Sales and Competition

Toyota's primary markets are Japan, North America, Europe, and Asia. The following table sets forth Toyota's consolidated vehicle unit sales by geographic market for the periods shown. The vehicle unit sales below reflect vehicle sales made by Toyota to unconsolidated entities (recognised as sales under Toyota's revenue recognition policy), including sales to unconsolidated distributors and dealers. Vehicles sold by Daihatsu and Hino are included in the vehicle unit sales figures set forth below.

Japan

The automobile market in Japan has stagnated due to a combination of various factors, such as changes in the nature of demand. In addition, demand overall has decreased rapidly since the autumn of the previous year, affected by the financial crisis. Toyota faces great challenges as future employment concerns weaken consumer spending. Despite this trend, Toyota believes that Japan continues to be the most important market for Toyota's automotive products. The Japanese automotive industry is highly competitive. It includes five major domestic manufacturers, five specialised domestic producers and a growing volume of imports from major United States and European manufacturers. The prolonged economic slump in the Japanese economy has also shifted consumer preference towards more affordable automobiles such as compact and subcompact vehicles and towards utility vehicles such as mini-vans. For more than 40 years, Toyota has maintained its position as the largest automobile manufacturer in Japan. Every year since fiscal 1999, Toyota, excluding Daihatsu and Hino, has achieved a market share (excluding mini-vehicles) of over 40 per cent., reflecting in part the success of the introduction of new models for subcompact and compact cars, mini-vans and sedans. In fiscal 2009, Toyota's (excluding Daihatsu and Hino) share of the domestic market excluding mini-vehicles was 46.0 per cent. and Toyota's (including Daihatsu and Hino) share of the market including mini-vehicles was 42.4 per cent. In August 2005, Toyota launched the Lexus brand in Japan and recorded a market share of 17.7 per cent. in the luxury market in 2008. Toyota aims to further distinguish the Lexus brand by continuing to attract new and affluent customers including customers that typically had purchased imported vehicles.

North America

Toyota's consolidated vehicle unit sales in North America were 2,212,254 units in fiscal 2009. The United States is the largest portion of the North American market for Toyota, representing approximately 87 per cent. of its total retail unit sales in the region. Toyota's retail unit sales in North America achieved over two million units for the sixth consecutive year, despite the downturn in the economy since the autumn of 2008. The increased sales of new products including the Venza, which

was introduced in December 2008, and the Lexus RX, which was fully remodelled in February 2009, were fundamental to this achievement in overall sales. Toyota's market share in the United States was 16.7 per cent. in 2008, its largest share ever. Competition in North America, particularly the United States, is intense. Toyota's principal competitors in North America are General Motors, Ford, Chrysler, Honda and Nissan.

Europe

Consolidated European sales of Toyota vehicles in fiscal 2009 were 1,061,954 units, down 17.3 per cent. from fiscal 2008. In 2008, Toyota had a market share in Europe of 5.3 per cent. and achieved annual retail unit sales of approximately 1.14 million vehicles. As the markets rapidly contracted with the spread of the economic and financial crisis, European sales decreased from the previous year although sales increased in Central and Eastern Europe as a result of the decreased sales in Western Europe. Sales were also affected as the period was an in-between period between full model changes. Toyota's principal European markets are Germany, Russia, France, Italy and the United Kingdom. Toyota's principal competitors in Europe are Volkswagen, Opel, Renault, Ford and Peugeot.

Asia and China

Consolidated Asian sales of Toyota vehicles in fiscal 2009 were 904,892 units, down 5.4 per cent. from fiscal 2008. In 2008, Toyota had a market share in Asia of 14.6 per cent. and achieved annual retail unit sales of approximately 810 thousand vehicles. The growth in Asian sales is attributable to the increase in sales in Indonesia. Toyota's principal Asian markets are Thailand, Indonesia, Malaysia and Taiwan.

In China, vehicle sales increased 7 per cent. from 8.50 million in 2007 to 9.10 million in 2008, and the market has expanded from 2007 despite a temporary slowdown in growth. In this market, Toyota's sales were 590 thousand vehicles. In the locally produced passenger vehicle market (total of approximately 5.6 million units) Toyota's sales were 510 thousand units for a market share of 9 per cent. Guangzhou Toyota Motor Co., Ltd.'s Camry, which commenced sales in June 2006, and Tianjin FAW Toyota Motor Co., Ltd.'s Corolla, which underwent a model change in May 2007, greatly contributed to the sales. As for Toyota's sales network, Toyota has been expanding the sales network for locally produced vehicles in cooperation with Chinese joint venture partners under Tianjin FAW Toyota Motor Co., Ltd. and Guanqi Toyota Motor Co., Ltd., and for imported vehicles, Toyota has also been expanding the Lexus brand sales network. Going forward, Toyota plans to increase sales by expanding the number of dealers and the product line-up for both locally produced and imported vehicles. In addition, as the market in China develops, Toyota plans to promote the so-called "Value Chain" businesses such as used cars, services, financing and insurance.

Financial Services

Toyota's revenues from its financial services operations were ¥1,378 billion in fiscal 2009, ¥1,498 billion in fiscal 2008 and ¥1,301 billion in fiscal 2007. In fiscal 2009, the decrease in Toyota's unit sales as a result of the global economic downturn also resulted in a decrease in the number of financings. Moreover, although the implementation of government financing initiatives worldwide has resulted in the financing environment showing signs of recovery since January 2009, from a profit perspective, the environment surrounding Toyota's financial services remain as challenging as ever, due to the increased cost of credit and cost from residual value. Accordingly, Toyota is working towards improving its risk management measures in connection with credit and control of residual value risk.

Toyota Financial Services Corporation is Toyota's wholly-owned subsidiary established in July 2000, which oversees the management of Toyota's finance companies worldwide and the expansion into new automobile related product areas. Toyota plans to strengthen the financial services it currently offers in 33 countries and regions, in accordance with its strategy of further developing its auto-related financing businesses in significant markets.

Toyota Motor Credit Corporation is Toyota's principal financial services subsidiary in the United States. Toyota also provides financial services in 32 other countries and regions through various financial services subsidiaries, including:

Toyota Finance Corporation in Japan,

Toyota Credit Canada Inc. in Canada,

Toyota Finance Australia Ltd. in Australia,
Toyota Kreditbank GmbH in Germany, and
Toyota Financial Services (UK) PLC in the United Kingdom.

All Other Operations

In addition to its automotive operations and financial services operations, Toyota is involved in a number of other non-automotive business activities. Net sales for these activities totalled ¥1,185 billion in fiscal 2009, ¥1,347 billion in fiscal 2008 and ¥1,324 billion in fiscal 2007. Sales to external customers of all other operations represented 3.0 per cent. of Toyota's net revenues for fiscal 2009. Substantially all of Toyota's revenues from other operations were derived in Japan.

Legal Proceedings

In February 2003, Toyota, General Motors Corporation, Ford, DaimlerChrysler, Honda, Nissan and BMW and their U.S. and Canadian sales and marketing subsidiaries, the National Automobile Dealers Association and the Canadian Automobile Dealers Association were named as defendants in purported nationwide class actions on behalf of all purchasers of new motor vehicles in the United States since 1 January 2001. 26 similar actions were filed in federal district courts in California, Illinois, New York, Massachusetts, Florida, New Jersey and Pennsylvania. Additionally, 56 parallel class actions were filed in state courts in California, Minnesota, New Mexico, New York, Tennessee, Wisconsin, Arizona, Florida, Iowa, New Jersey and Nebraska on behalf of the same purchasers in these states. As of 1 April 2005, actions filed in federal district courts were consolidated in Maine and actions filed in the state courts of California and New Jersey were also consolidated, respectively.

The nearly identical complaints allege that the defendants violated the Sherman Antitrust Act by conspiring among themselves and with their dealers to prevent the sale to United States citizens of vehicles produced for the Canadian market. The complaints allege that new vehicle prices in Canada are 10 per cent. to 30 per cent. lower than those in the United States and that preventing the sale of these vehicles to United States citizens resulted in United States consumers paying excessive prices for the same type of vehicles. The complaints seek permanent injunctions against the alleged antitrust violations and treble damages in an unspecified amount. In March 2004, the federal district court of Maine (i) dismissed claims against certain Canadian sales and marketing subsidiaries, including Toyota Canada, Inc., for lack of personal jurisdiction but denied or deferred to dismiss claims against certain other Canadian companies, and (ii) dismissed the claim for damages based on the Sherman Antitrust Act but did not bar the plaintiffs from seeking injunctive relief against the alleged antitrust violations. The plaintiffs have submitted an amended complaint adding a claim for damages based on state antitrust laws and Toyota has responded to the plaintiff's discovery requests. Toyota believes that its actions have been lawful. In the interest of quickly resolving these legal actions, however, Toyota entered into a settlement agreement with the plaintiffs at the end of February 2006. The settlement agreement is pending the approval of the federal district court, and immediately upon approval the plaintiffs will, in accordance with the terms of the settlement agreement, withdraw all pending actions against Toyota in the federal district court as well as all state courts and all related actions will be closed.

Toyota has various other legal actions, governmental proceedings and other claims pending against it, including product liability claims in the United States. Although the claimants in some of these actions seek potentially substantial damages, Toyota cannot currently determine its potential liability or the damages, if any, with respect to these claims. However, based upon information currently available to Toyota, Toyota believes that its losses from these matters, if any, would not have a material adverse effect on Toyota's financial position, operating results or cash flows.

- (i) such holder is neither a resident nor deemed to be a resident of the Netherlands, nor, if he is an individual, has elected to be taxed as a resident of the Netherlands;
- (ii) such holder does not have an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands and to which enterprise or part of an enterprise, as the case may be, Notes are attributable;
- (iii) if such holder is an individual, neither such holder nor any of his spouse, his partner, a person deemed to be his partner, or other persons sharing such person's house or household, or certain other of such persons' relatives (including foster children) (a) indirectly has control of the proceeds of Notes in the Netherlands, nor (b) has a substantial interest in TMF and/or any other entity that legally or *de facto*, directly or indirectly, has control of the proceeds of Notes in the Netherlands. For purposes of this clause (iii), a substantial interest is generally not present if a holder does not hold, alone or together with his spouse, his partner, a person deemed to be his partner, or other persons sharing such person's house or household, or certain other of such person's relatives (including foster children), whether directly or indirectly, (a) the ownership of, certain other rights, such as usufruct, over, or rights to acquire (whether or not already issued), shares representing five per cent. or more of the total issued and outstanding capital (or the issued and outstanding capital of any class of shares) of a company; (b) the ownership of, or certain other rights, such as usufruct, over profit participating certificates ("*winstbewijzen*"), or membership rights in a co-operative association, that relate to five per cent. or more of the annual profit of a company or co-operative association or to five per cent. or more of the liquidation

proceeds of a company or co-operative association; or (c) membership rights representing five per cent. or more of the voting rights in a co-operative association's general meeting;

- (iv) if such holder is a company, such holder does not have a substantial interest in TMF or if such holder does have such a substantial interest, it can be allocated to the holder's business assets. For purpose of this clause (iv), a substantial interest is generally not present if a holder does not hold, whether directly or indirectly, (a) the ownership of, certain other rights, such as usufruct, over, or rights to acquire (whether or not already issued) shares representing five per cent. or more of the total issued and outstanding capital (or of the issued and outstanding capital of any class of shares) of a company; or (b) the ownership of, or certain other rights, such as usufruct, over profit participating certificates ("*winstbewijzen*") that relate to five per cent. or more of the annual profit of a company or to five per cent. or more of the liquidation proceeds of a company; and
- (v) if such holder is an individual, such income or capital gain does not form a "benefit from miscellaneous activities" in the Netherlands ("*resultaat uit overige werkzaamheden*") which, for instance, would be the case if the activities in the Netherlands with respect to Notes exceed "normal active asset management" ("*normaal, actief vermogensbeheer*").

A holder of Notes will not be subject to taxation in the Netherlands by reason only of the execution, delivery and/or enforcement of the documents relating to an issue of Notes or the performance by TMF of its obligations thereunder or under the Notes.

Gift, Estate and Inheritance Taxes

No gift, estate or inheritance taxes will arise in the Netherlands with respect to an acquisition of Notes by way of a gift by, or on the death of, a holder of Notes who is not resident, deemed to be resident or treated (at the request of the beneficiar(y)(ies) of the gift or estate) as resident in the Netherlands for Netherlands inheritance and gift tax purposes, unless:

- (i) such holder at the time of the gift has or at the time of his death had an enterprise or an interest in an enterprise that is or was, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands and to which enterprise or part of an enterprise, as the case may be, Notes are or were attributable; or
- (ii) in the case of a gift of Notes by an individual who at the date of the gift was neither resident nor deemed to be resident in the Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident in the Netherlands.

Turnover Tax

No Netherlands turnover tax will arise in respect of any payment in consideration for the issue of Notes, with respect to any cash settlements of Notes or with respect to the delivery of the Notes.

Other Taxes and Duties

No Netherlands registration tax, capital tax, custom duty, transfer tax, stamp duty or any other similar documentary tax or duty, other than court fees, will be payable in the Netherlands in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including the enforcement of any foreign judgment in the Courts of the Netherlands) of the documents relating to the issue of Notes or the performance by TMF of its obligations thereunder or under the Notes.

Canada

The following summary describes the principal Canadian federal income tax considerations generally applicable to a holder of Notes issued by TCCI ("*TCCI Notes*") who, for the purposes of the *Income Tax Act* (Canada) (the "*Act*"), and at all relevant times, is not and is not deemed to be resident in Canada and deals at arm's length with TCCI (a "*Non-resident Holder*").

This summary is of a general nature only and is not intended to be, nor should it be interpreted as, legal or tax advice to any particular Non-resident Holder. Prospective holders of TCCI Notes should consult their own tax advisers.

This summary reflects the opinion of Canadian legal advisers to TCCI and is based upon the provisions of the Act in force on this date, the regulations thereunder (the “*Regulations*”), proposed amendments to the Act and the Regulations in the form publicly announced prior to the date hereof by or on behalf of the Minister of Finance for Canada and the current administrative practices and assessing policies published by the Canada Revenue Agency. This summary does not take into account or anticipate any other changes in law, whether by legislative, governmental or judicial action, nor does it take into account provincial, territorial or foreign income tax considerations. No assurances can be given that changes in law, administrative practices or future court decisions will not affect the tax treatment of a Non-resident Holder.

Interest paid or credited or deemed to be paid or credited on a TCCI Note by TCCI to a Non-resident Holder will not be subject to Canadian non-resident withholding tax unless such interest is a “participating debt interest” for the purposes of the Act. Interest will not be a “participating debt interest” for the purposes of the Act provided that no portion of such interest, other than interest payable on a prescribed obligation (as described below), is contingent or dependent upon the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class of shares of the capital stock of a corporation. A prescribed obligation for this purpose is, generally, a debt obligation the terms or conditions of which provide for an adjustment to an amount payable in respect of the obligation for a period during which the obligation was outstanding that is determined by reference to a change in the purchasing power of money on which no amount payable in respect of it is contingent or dependent upon the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion, other than a change in the purchasing power of money, or by reference to dividends paid or payable to shareholders of any class of shares.

In the event that a TCCI Note is redeemed, cancelled, repurchased or purchased, as the case may be, by TCCI or any other resident of Canada from a Non-resident Holder, or is otherwise assigned or transferred by a Non-resident Holder, to a person resident or deemed to be resident in Canada for an amount which exceeds, generally, the issue price thereof, the difference between the price for which such Note is redeemed, cancelled, repurchased or purchased or otherwise assigned or transferred and the issue price may, in certain circumstances, be deemed to be interest if the TCCI Note is not an “excluded obligation” for purposes of the Act and may be subject to non-resident withholding tax if (i) such interest is participating debt interest; or (ii) the Non-resident Holder does not deal at arm’s length with such person resident or deemed to be resident in Canada. In general, excluded obligations for this purpose will include TCCI Notes where, under the terms of the TCCI Notes or any agreement relating thereto, TCCI is not obligated to repay more than 25 per cent. of the aggregate principal amount of such TCCI Notes within five year from the date of issue of the TCCI Notes except, generally, in the event of a failure or default under such TCCI Notes or a related agreement.

Generally, there are no other taxes on income (including taxable capital gains) payable in respect of the acquisition, ownership or disposition of a TCCI Note by a Non-resident Holder who, for the purposes of the Act, does not use or hold and is not deemed to use or hold the TCCI Note in carrying on a business in Canada, is not a person who carries on an insurance business in Canada and elsewhere and is not otherwise required by or for the purpose of the Act to include an amount in respect of the TCCI Note in computing income from carrying on a business in Canada.

Australia

The following is a general summary of the material Australian tax consequences under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, the “Australian Tax Act”) and any relevant regulations, rulings or judicial or administrative pronouncements at the date of this Prospectus, of payments of interest (as defined in the Australian Tax Act) on Notes to be issued by TFA under the Programme and certain other matters.

This summary is not exhaustive and should be treated with appropriate caution. In particular, this summary does not deal with the position of certain classes of holders of Notes (including dealers in securities, custodians or other third parties who hold Notes on behalf of any other persons).

Prospective Noteholders should be aware that particular terms of issue of any Series of Notes may affect the tax treatment of that and other Series of Notes.

This summary is not intended to be, nor should it be construed as legal or tax advice to any particular investor. Prospective holders of Notes should consult and rely on the advice of their professional advisers on the tax implications of an investment in the Notes for their particular circumstances.

1. Introduction

The Australian Tax Act characterises securities as either “debt interests” (for all entities) or “equity interests” (for companies) including for the purposes of interest withholding tax (“IWT”) and dividend withholding tax. IWT is payable at a rate of 10 per cent. of the gross amount of interest paid by the TFA to a non-resident of Australia (other than a non-resident acting at or through a permanent establishment in Australia) or a resident acting at or through a permanent establishment outside Australia unless an exemption is available. For these purposes, interest is defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts.

TFA intends to issue Notes which will be characterised as both “debt interests” and “debentures” for these purposes. If Notes are issued which are not so characterised, further information on the material Australian tax consequences of payments of interest and certain other amounts on those Notes will be specified in the applicable Final Terms (or another relevant supplement to this Prospectus).

2. Interest withholding tax

The requirements for an exemption from IWT in respect of the Notes are as follows:

- (a) TFA remains a resident of Australia when it issues those Notes and when interest is paid;
- (b) those Notes are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that TFA is offering those Notes for issue. In summary, the five methods are:
 - offers to 10 or more unrelated financiers or securities dealers;
 - offers to 100 or more investors;
 - offers of listed Notes;
 - offers via publicly available information sources; and
 - offers to a dealer, manager or underwriter who offers to sell those Notes within 30 days by one of the preceding methods.

In addition, the issue of any of those Notes (whether in global form or otherwise) and the offering of interests in any of those Notes by one of these methods should satisfy the public offer test;

- (c) TFA does not know, or have reasonable grounds to suspect, at the time of issue, that those Notes or an interest in a Note was being, or would later be, acquired, directly or indirectly, by an “associate” of TFA, except as permitted by section 128F(5) of the Australian Tax Act; and
- (d) at the time of the payment of interest, TFA does not know, or have reasonable grounds to suspect, that the payee is an “associate” of TFA, except as permitted by section 128F(6) of the Australian Tax Act.

Associates

An “associate” of TFA for the purposes of section 128F of the Australian Tax Act includes (i) a person or entity which holds more than 50 per cent. of the voting shares in, or otherwise controls, TFA, (ii) an entity in which more than 50 per cent. of the voting shares are held by, or which is otherwise controlled by, TFA, (iii) a trustee of a trust where TFA is capable of benefiting (whether directly or

indirectly) under that trust, and (iv) a person or entity who is an “*associate*” of another person or company which is an “*associate*” of TFA under any of the foregoing.

However, “*associate*” does not include:

- (A) onshore associates (i.e. Australian resident associates who do not hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who hold the Notes in the course of carrying on business at or through a permanent establishment in Australia); or
- (B) offshore associates (i.e. Australian resident associates that hold the Notes in the course of carrying on business at or through a permanent establishment outside Australia and non-resident associates who do not hold the Notes in the course of carrying on business through a permanent establishment in Australia) who are acting in the capacity of:
 - (i) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Notes or a clearing house, custodian, funds manager or responsible entity of a registered managed investment scheme (within the meaning of the Australian Corporations Act); or
 - (ii) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or responsible entity of a registered managed investment scheme (within the meaning of the Australian Corporations Act).

Compliance with section 128F of the Australian Tax Act

Unless otherwise specified in the applicable Final Terms (or another relevant supplement to this Prospectus), TFA intends to issue the Notes in a manner which will satisfy the public offer test and will otherwise meet the requirements of section 128F of the Australian Tax Act.

Exemptions under recent tax treaties

The Australian Government has signed new or amended double tax conventions (“*New Treaties*”) with a number of countries (each a “*Specified Country*”) which contain certain exemptions from IWT.

In broad terms, once implemented, the New Treaties effectively prevent IWT applying to interest derived by:

- the government of the relevant Specified Countries and certain governmental authorities and agencies in the Specified Country; and
- a “*financial institution*” which is a resident of a “*Specified Country*” and which is unrelated to and dealing wholly independently with TFA. The term “*financial institution*” refers to either a bank or any other form of enterprise which substantially derives its profits by carrying on a business of raising and providing finance. (However, interest under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption.)

The Australian Federal Treasury maintains a listing of Australia’s double tax conventions which provides details of country, status, withholding tax rate limits and Australian domestic implementation which is available to the public at the Federal Treasury’s Department’s website at: <http://www.treasury.gov.au/contentitem.asp?NavId=052&ContentID=625>.

Section 126 of the Australian Tax Act

Section 126 of the Australian Tax Act imposes a type of withholding tax at the rate of 45 per cent. on the payment of interest on Notes in bearer form if TFA fails to disclose the names and addresses of the holders to the Australian Taxation Office (“*ATO*”), but is limited in its application to persons in possession of Notes in bearer form who are residents of Australia or non-residents who are engaged in carrying on business in Australia at or through a permanent establishment in Australia. Where interests in the relevant Notes are held through Euroclear or Clearstream, Luxembourg, TFA intends to treat the operators of those clearing systems as the holders of those Notes for the purposes of section 126 of the Australian Tax Act.

3. Other tax matters

Under Australian laws as presently in effect:

- (a) *death duties* – no Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death;
- (b) *stamp duty and other taxes* – no *ad valorem* stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Notes;
- (c) *supply withholding tax* – payments in respect of the Notes can be made free and clear of the “*supply withholding tax*” imposed under section 12-190 of Schedule 1 to the Taxation Administration Act 1953 of Australia; and
- (d) *goods and services tax (GST)* – neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest by TFA, nor the disposal of the Notes, would give rise to any GST liability in Australia.

United States

The following is a summary based on present law of certain U.S. federal income tax considerations for prospective purchasers of the Notes. It addresses only Non-U.S. Holders (as defined below). The discussion is a general summary. It is not a substitute for tax advice. The discussion below assumes that the Notes will be characterised as debt, rather than equity, for U.S. federal income tax purposes and that the global Notes will be offered, sold and delivered in compliance with and payments on the Notes will be made in accordance with certain required procedures described above under “*Form of the Notes*” and “*Terms and Conditions of the Notes*”. Finally, it does not describe any tax consequences arising out of the laws of any state, local or foreign jurisdiction.

This summary does not address all tax considerations for a beneficial owner of the Notes and does not address the tax consequences to a Non-U.S. Holder in special circumstances. For example, this summary does not address a Non-U.S. Holder subject to U.S. federal income tax on a net income basis. It addresses only purchasers that buy in the original offering at the original offering price and hold Notes as capital assets. It does not include a discussion of Index Linked Notes, Range Accrual Notes or Floating Rate Notes other than Floating Rate Notes whose rate is based on a conventional interest rate or composite of interest rates.

THE STATEMENTS ABOUT U.S. FEDERAL TAX CONSIDERATIONS ARE MADE TO SUPPORT THE MARKETING OF THE NOTES. NO TAXPAYER CAN RELY ON THEM TO AVOID TAX PENALTIES. EACH PROSPECTIVE NOTEHOLDER SHOULD SEEK ADVICE FROM AN INDEPENDENT TAX ADVISOR ABOUT THE TAX CONSEQUENCES UNDER ITS OWN PARTICULAR CIRCUMSTANCES OF INVESTING IN THE NOTES UNDER THE LAWS OF THE UNITED KINGDOM, CANADA, AUSTRALIA AND THE UNITED STATES AND ITS CONSTITUENT JURISDICTIONS, AND ANY OTHER JURISDICTIONS WHERE THE PURCHASER MAY BE SUBJECT TO TAXATION.

For purposes of this discussion, a “*Holder*” is a beneficial owner of a Note and a “*Non-U.S. Holder*” is any Holder that is not for U.S. federal income tax purposes (i) a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation organized in or under the laws of the United States or its political subdivisions, (iii) a trust subject to the control of a U.S. person and the primary supervision of a U.S. court, (iv) an estate the income of which is subject to U.S. federal income taxation regardless of its source or (v) engaged in a trade or business within the United States to which income from a Note is effectively connected.

If a partnership or other entity treated as a partnership for U.S. tax purposes holds Notes, the tax consequences to a partner will generally depend on the status of the partner and the activities of the partnership. A holder of Notes that is a partnership, and the partners in such partnership, should consult their own tax advisors about the U.S. federal income tax consequences to them of owning and disposing of the Notes.

U.S. Taxation of the Notes

Payments of interest and principal by TMCC to a Non-U.S. Holder and original issue discount (“OID”), if any, on a Note (other than on a Note with a maturity of 183 days or less, which will generally not be subject to U.S. withholding tax) will not be subject to U.S. withholding or other gross basis taxation, provided that:

- (i) the Non-U.S. Holder does not actually or constructively own 10 per cent. or more of the combined voting power of all classes of TMCC’s voting stock;
- (ii) the Non-U.S. Holder is not a controlled foreign corporation as defined in section 957 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) related to TMCC through stock ownership;
- (iii) the Non-U.S. Holder is not a bank receiving interest on the Note on an extension of credit entered into in the ordinary course of its trade or business; and
- (iv) such interest is not contingent on TMCC’s or an affiliates’ receipts, sales, income or profits, changes in values of property and is not otherwise described in Section 871(h)(4) of the Code.

Where the requirements described above are satisfied, a Non-U.S. Holder will not be required to disclose its nationality, residence, or identity to TMCC, a Paying Agent, or any U.S. governmental authority in order to receive payments on the Note from TMCC or a Paying Agent outside the United States (although the beneficial owner of an interest in the Temporary Global Note will be required to provide a certification as to non-U.S. beneficial ownership to Euroclear or Clearstream, Luxembourg in order to receive a beneficial interest in a Permanent Global Note or Definitive Note and Coupons and interest thereon or to receive payment on its beneficial interest in a Temporary Global Note).

If the requirements described above are not satisfied, payments of premium, if any, and interest (including OID) made to a Non-U.S. Holder will be subject to 30 per cent. gross basis taxation unless the beneficial owner of the Note properly establishes its eligibility for the benefits of a tax treaty (generally by providing a properly executed U.S. Internal Revenue Service Form W-8BEN claiming such benefits). Payments made to a Non-U.S. Holder treated as a partnership or trust for U.S. federal income tax purposes generally will be subject to 30 per cent. gross basis tax to the extent those payments are allocable to partners or beneficiaries that would be Non-U.S. Holders who could not satisfy those requirements if they held their interest in a Note directly and that cannot establish eligibility for treaty benefits.

Any gain realised by a Non-U.S. Holder on the disposition of a Note will not be subject to U.S. tax unless the Holder is an individual present in the United States for at least 183 days during the taxable year of disposition and certain other conditions are met.

The exchange of the Temporary Global Note for the Permanent Global Note will not be a taxable event.

U.S. Information Reporting and Backup Withholding

Payments of principal and interest on the Notes generally will not be subject to United States information reporting or backup withholding.

Proceeds from the sale or other disposition of a Note will not be subject to United States information reporting unless the sale is effected through a U.S. office of a broker or through the foreign office of a broker with certain connections to the United States. Such proceeds will not be subject to United States backup withholding unless the sale is effected through a United States office of a broker. Any amount withheld may be credited against a holder’s U.S. federal income tax liability or refunded to the extent it exceeds the holder’s liability.

THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE IMPORTANT TO A PARTICULAR INVESTOR. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES UNDER THE INVESTOR’S OWN CIRCUMSTANCES.

United Kingdom

The following is a general summary of the United Kingdom tax law and practice at the date hereof relating to the United Kingdom withholding tax treatment of payments of interest in respect of the Notes. It does not address in any detail any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. The United Kingdom tax treatment of the prospective holders depends on their individual circumstances and may be subject to change in the future. Prospective holders of Notes who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom are strongly advised to consult their own professional advisers.

United Kingdom Withholding Tax

In the event that interest on the Notes is treated as having a United Kingdom source, payments of such interest can still be made without withholding or deduction for or on account of United Kingdom income tax as long as the Notes are and continue to be “*quoted Eurobonds*” within the meaning of section 987 of the Income Tax Act 2007 (the “*Act*”). In the case of Notes to be traded on the London Stock Exchange, which is a “*recognised stock exchange*” within the meaning of section 1005 of the Act, this condition will be satisfied if the Notes are admitted to the Official List maintained by the UK Listing Authority and to trading on the London Stock Exchange and remain as such at the time of payment.

If: (i) interest on the Notes is treated as having a United Kingdom source, (ii) the “*quoted Eurobond*” exemption does not apply, and (iii) the Notes are not Notes with a maturity of less than one year which do not form part of a scheme of arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days, such interest may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any direction to the contrary by HM Revenue and Customs (“*HMRC*”) under the provisions of an applicable double taxation treaty, except that the withholding obligation is disappplied in respect of Noteholders which the relevant Issuer reasonably believes are, at the time of payment, either a United Kingdom resident company or a non-United Kingdom resident company carrying on a trade in the United Kingdom through a permanent establishment which is within the charge to corporation tax as regards the payment of interest, or which fall within various categories enjoying a special tax status (including charities and pension funds) or are partnerships consisting of such persons (unless HMRC directs otherwise).

Provision of Information

Any Paying Agent or other person through whom interest is paid, or by whom interest is received on behalf of an individual (whether resident in the United Kingdom or elsewhere), may be required to provide information in relation to the payment and the individual concerned (including the Noteholder’s name and address) to HMRC. These provisions will apply whether or not the interest has been paid subject to withholding or deduction for or on account of United Kingdom withholding tax. Interest for these purposes includes any amount to which a person holding a deeply discounted security is entitled on redemption of that security. However, in practice no information will be required to be provided in respect of such redemption amounts for the year 2008-2009. HMRC may communicate information to the tax authorities of other jurisdictions.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State (similar income for this purpose includes payments on redemption of the Notes representing any discount on the issue of the Notes or any premium payable on redemption). However, for a transitional period, Austria, Belgium and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008, the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008, the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

SUBSCRIPTION AND SALE

The Dealers and each of the Issuers, in the Amended and Restated Programme Agreement dated 18 September 2009, comprising the Programme Agreement dated 30 September 1992 as amended and supplemented or restated (the "*Programme Agreement*"), have agreed on a basis upon which the Dealers may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*" above and, in case of Notes which form a single Series with Notes issued prior to 28 September 2007, the terms and conditions applicable to the relevant Notes. In the Programme Agreement, each of the Issuers has jointly and severally agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme. The relevant Issuer may also agree in the documentation relating to a particular Note issuance to reimburse the relevant Dealers or otherwise pay for expenses in connection with the issuance.

If the relevant Issuer accepts an offer to purchase Notes in relation to a syndicated transaction, the terms of any such agreement between the relevant Issuer and two or more Dealers shall be set out in a Syndicate Purchase Agreement. The process for notification to Dealers of the amount of Notes allotted to them on a particular Note issuance is contained in the Programme Agreement and is typically set forth in the launch telex sent to the Dealers at the beginning of the transaction or otherwise agreed with the Dealers. If the relevant Issuer accepts an offer to purchase Notes in relation to a non-syndicated transaction, the relevant Issuer or its designated agent sends, in relation to any such Tranche, the terms of such Notes and of their issue agreed between the relevant Issuer and the purchaser (the "*Purchase Information*") to the Agent (or in relation to Registered Notes issued by TCCI, to the Registrar with a copy to the Agent). The purchaser confirms the Purchase Information to the Agent (or in relation to Registered Notes issued by TCCI, to the Registrar with a copy to the Agent) and the relevant Issuer. In relation to both syndicated and non-syndicated transactions, dealings will begin as agreed between the relevant Issuer and the relevant Dealers which may or may not be before such notification is made.

Set forth below are certain selling restrictions applicable to Notes issued under the Programme. Each Dealer has represented and agreed that it will comply with these restrictions. Each further Dealer appointed under the Programme will be required to represent and agree to all applicable restrictions.

The following selling restrictions may be modified by the relevant Issuer and the relevant Dealers following a change in the relevant laws or regulations. Any such modification will be set out in the applicable Final Terms issued in respect of the issue to which it is related or in a supplement to this Prospectus.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons unless the Notes are registered under the Securities Act, or an exemption from the registration requirements of the Securities Act is available. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S Internal Revenue Code of 1986, as amended.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering or completion of distribution as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering of any series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Each issue of Index Linked Notes or Dual Currency Notes shall be subject to such additional U.S. selling restrictions as the relevant Issuer and the relevant Dealer may agree as indicated in the applicable Final Terms for such issue. Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “*Relevant Member State*”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “*Relevant Implementation Date*”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the applicable Final Terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the applicable Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “*Non-exempt Offer*”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the applicable Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or such Final Terms, as applicable;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000; and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the relevant Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (e) above shall require the relevant Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “*offer of Notes to the public*” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “*Prospectus Directive*” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each Dealer has represented and has agreed and each further Dealer appointed under the Programme will be required to represent and agree that:

- (i) it has complied and will comply with all applicable provisions of the Financial Services and Markets Act (2000) (the “FSMA”) with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the relevant Issuer; and
- (iii) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the relevant Issuer.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (Law No.25 of 1948, as amended) (the “*Financial Instruments and Exchange Law*”) and each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident in Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

The Netherlands

Zero Coupon Notes in definitive form issued by TMF, TCCI, TFA or TMCC may only be transferred and accepted, directly or indirectly, within, from or into the Netherlands through the mediation of either the relevant Issuer or a member firm of Euronext Amsterdam N.V., with due observance of the Dutch Savings Certificates Act (*Wet inzake Spaarbewijzen*) of 21st May, 1985 (as amended) and its implementing regulations. No such mediation is required in respect of: (a) the transfer and acceptance of rights representing an interest in a Zero Coupon Note in global form; (b) the initial issue of Zero Coupon Notes in definitive form by the first holders thereof; (c) in respect of the transfer and acceptances of Zero Coupon Notes in definitive form between individuals not acting in the conduct of a business or profession; or (d) the transfer and acceptance of such Notes within, from or into the Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in a Zero Coupon Note in global form) of any particular Series are issued outside the Netherlands and are not distributed within the Netherlands in the course of initial distribution or immediately thereafter. In the event that the Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of and payments on Zero Coupon Notes have to be complied with and, in addition thereto, if such Zero Coupon Notes in definitive form do not qualify as commercial paper traded between professional borrowers and lenders within the meaning of the agreement of 2 February 1987 attached to the Royal Decree of 11 March 1987 (*Staatscourant 129*) (as amended), each transfer and acceptance should be recorded in a transaction note, including the name and address of each party to the transaction and the details and serial numbers of such Notes. For the avoidance of doubt, the selling restrictions set out under “*European Economic Area*” also apply to Zero Coupon Notes.

As used herein “*Zero Coupon Notes*” are Notes that are in bearer form and that constitute a claim for a fixed sum against the relevant Issuer and on which interest does not become due during their term to maturity or on which no interest is due whatsoever.

The Notes have not been and will not be, qualified for sale under the securities laws and regulations of any province or territory of Canada. Each Dealer has represented and agreed, and each

In addition, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not distribute, publish, deliver or disseminate this Prospectus, any supplement or any information or other material that may constitute an advertisement (as defined in the Securities Act 1978 of New Zealand) in relation to any offer of Notes in New Zealand other than:

The price and amount of Notes to be issued under the Programme will be determined by the relevant Issuer and the relevant Purchaser at the time of issue in accordance with prevailing market conditions.

Significant or Material Change

There has been no significant change in the financial position or trading position of any of TMF, TCCI or TFA and (in each case) its consolidated subsidiaries (if any) (considered as a whole) since 31 March 2009, the date of the most recently published financial statements of such Issuer. There has been no significant change in the financial position or trading position of TMCC and its consolidated subsidiaries (considered as a whole) since 30 June 2009, the date of the most recently published financial statements of TMCC. There has been no significant change in the financial position or trading position of TFS or the Parent and their respective consolidated subsidiaries (considered as a whole) since 30 June 2009, the date of the most recently published financial statements of the Parent. There has been no material adverse change in the financial position or prospects of any Issuer, TFS or the Parent and their respective consolidated subsidiaries (considered as a whole) since 31 March 2009.

Litigation

Save as disclosed on page 144 of this Prospectus in the section “*Toyota Motor Corporation (“TMC”) – Description of TMC – Legal Proceedings*”, and save as disclosed on page 124 of this Prospectus in the section “*Toyota Motor Credit Corporation (“TMCC”) – Description of TMCC – Legal Proceedings*”, neither the Parent nor any of its consolidated subsidiaries is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Parent is aware) during a period covering at least the twelve months preceding the date of this Prospectus which may have, or have had in such period, a significant effect on the financial position or profitability of the Parent and its consolidated subsidiaries. The ultimate outcome and amount of damages resulting from the claims described in the above sections cannot currently be determined, but neither the Parent nor TMCC believes that any such damages will have a material adverse effect on its respective financial condition and results of operations.

Save as disclosed on page 124 of this Prospectus in the section “*Toyota Motor Credit Corporation (“TMCC”) – Description of TMCC – Legal Proceedings*” in relation to TMCC, none of the Issuers, TFS or their respective consolidated subsidiaries is or has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which any of the Issuers or TFS is aware) during a period covering at least the twelve months preceding the date of this Prospectus which may have, or have had in such period, a significant effect on the financial position or profitability of any of the Issuers, TFS and their respective consolidated subsidiaries.

Various legal actions, governmental proceedings and other claims are pending or may be instituted or asserted in the future against any of the Issuers with respect to matters arising in the ordinary course of business. Certain of these actions are or purport to be class action suits, seeking sizeable damages and/or changes in TMCC’s or TCCI’s business operations, policies and practices. Certain of these actions are similar to suits that have been filed against other financial institutions and captive finance companies. Each Issuer performs periodic reviews of pending claims and actions to determine the probability of adverse verdicts and resulting amounts of liability. Each of the Issuers establishes reserves for legal claims when payments associated with the claims become probable and the costs can be reasonably estimated. The actual costs of resolving legal claims and associated costs of defence may be substantially higher or lower than the amounts reserved for these claims. However, based on information currently available and established reserves, each Issuer expects that the ultimate liability resulting therefrom will not have a material adverse effect on the relevant Issuer’s consolidated financial statements. The eventual development, outcome and cost of legal proceedings are by their nature uncertain and subject to many factors, including but not limited to, the discovery of facts not presently known to any of the Issuers or determinations by judges, juries or other finders of fact which do not accord with the relevant Issuer’s evaluation of the possible liability from existing litigation.

Credit Ratings

The cost and availability of unsecured financing is influenced by credit ratings, which are intended to be an indicator of the creditworthiness of a particular company, security, or obligation. Lower ratings generally result in higher borrowing costs as well as reduced access to capital markets. Credit ratings are not recommendations to buy, sell, or hold securities and are subject to revision or withdrawal at any time by the assigning nationally recognised statistical rating organisation (“NRSRO”). Each NRSRO may have different criteria for evaluating risk, and therefore ratings should be evaluated independently for each NRSRO. The credit ratings of Notes issued by each of the Issuers under the Programme depend, in part, on the existence of the credit support arrangements between each Issuer and TFS and TFS and the Parent discussed in “*Relationship of TFS and the Issuers with the Parent*”.

As of the date of this Prospectus, the ratings and outlook established by Moody’s and Standard & Poor’s for each Issuer were as follows:

<u>NRSRO</u>	<u>Senior Debt</u>	<u>Outlook</u>	<u>Commercial Paper</u>
Standard & Poor’s	AA	Negative	A-1+
Moody’s	Aa1	Negative	P-1

Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating may not necessarily be the same as the rating applicable to the senior long-term debt of the Issuers. The applicable Final Terms will indicate whether such ratings are specific to the Notes or whether such ratings are the ratings applicable to the senior long-term debt of the Issuers, or otherwise.

Meaning of credit ratings

The following information has been accurately reproduced from the respective credit rating agencies' websites and as far as each of the Issuers is aware and is able to ascertain from information published by those credit rating agencies, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Moody's

(source—www.moodys.com)

(a) Senior Debt

Obligations rated Aa1 are judged to be of high quality and are subject to very low credit risk.

(b) Commercial Paper

Issuers (or supporting institutions) rated P-1 (Prime-1) have a superior ability to repay short-term debt obligations.

(c) Outlook

A Moody's rating outlook is an opinion regarding the likely direction of a rating over the medium term. Where assigned, rating outlooks fall into the following four categories: Positive (POS), Negative (NEG), Stable (STA), and Developing (DEV—contingent upon an event).

Standard & Poor's

(source—www.standardandpoors.com)

(a) Senior Debt

An obligation rated "AA" means that the obligor has a very strong capacity to meet its financial commitments.

(b) Commercial Paper

A short-term obligation rated "A-1" is rated in the highest category by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

(c) Outlook

A Standard & Poor's rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future CreditWatch action.

(A) Positive means that a rating may be raised.

(B) Negative means that a rating may be lowered.

(C) Stable means that a rating is not likely to change.

(D) Developing means a rating may be raised or lowered.

EU Transparency Obligations Directive

Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004, which relates to information about issuers whose securities are admitted to trading on a regulated market in the European Union (the Transparency Obligations Directive or the "TOD") was published in the Official Journal of the EU on 31 December 2004.

The TOD contains provisions which, when applied to any Notes admitted to trading on a regulated market in the European Union, will have the effect of either requiring TCCI, TFA or TMCC

(as the case may be) to prepare its financial statements in accordance with, or reconciled to, IFRS or International Accounting Standards (“IAS”) or audited in accordance with International Standards on Auditing (“ISA”) and obtain a related audit report in order for the Notes to remain listed on a regulated market in the European Union, unless it is determined that the requirements in Canada, Australia or the United States (as the case may be) are “*equivalent*” requirements in all respects.

It is unknown as of the date of this Prospectus whether financial statements prepared in accordance with:

- (a) in the case of TCCI, Canadian generally accepted accounting principles (“*Canadian GAAP*”) and audited in accordance with Canadian generally accepted auditing standards (“*Canadian GAAS*”) or the form of financial reporting required by Canadian law (including the management report and officers’ certifications);
- (b) in the case of TFA, Australian generally accepted accounting principles (“*Australian GAAP*”) and audited in accordance with Australian generally accepted auditing standards (“*Australian GAAS*”) or the form of financial reporting required by Australian law (including the management report and officers’ certifications); or
- (c) in the case of TMCC, the United States generally accepted accounting principles (“*US GAAP*”) and audited in accordance with US generally accepted auditing standards (“*US GAAS*”) or the form of financial reporting required in the United States,

will be determined to be “*equivalent*” in all respects to the requirements of the TOD. In the event that (i) the implementation of the TOD requires, or any law implementing or complying with, or introduced in order to conform to such Directive is introduced so as to require, TCCI, TFA or TMCC (a) to prepare its financial statements in accordance with, or reconciled to, IAS and IFRS or (b) to provide additional quantitative or qualitative disclosures regarding significant differences between Canadian GAAP, Australian GAAP or US GAAP (as the case may be) and IFRS or any additional auditor’s report relating to such disclosures or (c) to change the form of its financial reports in any other respect (other than Canadian GAAP and Canadian GAAS, Australian GAAP and Australian GAAS or US GAAP and US GAAS (as the case may be)) or (d) to have its financial statements audited in accordance with ISA or (ii) any other future law or EU Directive (including any corporate governance requirements) is introduced that would otherwise impose requirements (including corporate governance requirements) on TCCI, TFA or TMCC that it in good faith determines are unduly burdensome in order to maintain the continued listing of any Notes issued by it under the Programme on a regulated market in the European Union, TCCI, TFA or TMCC (as the case may be) may, in its sole discretion, determine that it is unduly burdensome to maintain such listing and seek to terminate the listing of such Notes provided it uses all reasonable endeavours to seek an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, securities exchange and/or quotation system that it deems appropriate. Subject to the foregoing TCCI, TFA or TMCC (as the case may be) is not under any obligation to Noteholders to maintain any listing of Notes in such circumstances. Although there is no assurance as to the liquidity of any Notes as a result of the listing on a regulated market in the European Union, delisting such Notes may have a material affect on the ability to (a) continue to hold such Notes or (b) resell the Notes in the secondary market.

Australian Regulations

No approval is required by the laws of Australia on the part of TFA for or in connection with the issue of the Notes by it or for or in connection with the performance and enforceability of such Notes, Receipts or Coupons, except that the Banking (Foreign Exchange) Regulations and other regulations in Australia prohibit payments, transactions and dealings with assets or named individuals or entities subject to international sanctions or associated with terrorism.

Bank Act (Canada)

TCCI is not regulated as a financial institution in Canada and is not a member institution of the Canada Deposit Insurance Corporation. Notes issued by TCCI are not insured by the Canada Deposit Insurance Corporation. Any liability incurred by TCCI in connection with the issue of Notes by it or for or in connection with the performance and enforceability of such Notes and any relevant Receipts or Coupons does not constitute a deposit, as such term is used in the *Bank Act* (Canada).
