### General Assumptions

## BASES OF VALUE & GENERAL ASSUMPTIONS AND CONDITIONS

### 1. Basis of Valuation - definitions

**Depreciated Replacement Cost:** The current cost of replacing an asset with its modern equivalent asset less deductions for physical deterioration and all relevant forms of obsolescence and optimisation.

**Existing Use Value:** The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had acted knowledgeably, prudently and without compulsion, assuming that the buyer is granted vacant possession of all parts of the asset required by the business and disregarding potential alternative uses and any other characteristics of the asset that would cause its market value to differ from that needed to replace the remaining service potential at least cost.

Existing Use Value is to be used only for valuing property that is owner occupied by a business, or other entity, for inclusion in financial statements.

**Existing Use Value For Social Housing:** an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- a) a willing seller
- b) that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale
- c) that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation
- d) that no account is taken of any additional bid by a prospective purchaser with a special interest
- e) that both parties to the transaction had acted knowledgeably, prudently and without compulsion
- f) that the property will continue to be let by a body pursuant to delivery of a service for the existing use
- g) that at the valuation date any regulatory body in applying its criteria for approval would not unreasonably fetter the vendor's ability to dispose of a property to organisations intending to manage their housing stock in accordance with that regulatory body's requirements
- h) that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession and
- i) that any subsequent sale would be subject to all the same assumptions above.

**Fair Value:** Valuations based on Fair Value will adopt one of two definitions – depending upon the purpose, namely:

The IVS 2013 definition: The estimated price for the transfer of an asset or liability between identified knowledgeable and willing parties that reflects the respective interests of those parties, or

The IFRS 13 definition: The price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

**Gross development value (GDV)** - The aggregate Market Value of the proposed development assessed on the special assumption that the development is complete as at the date of valuation in the market conditions prevailing at that date.

## Bases of Value & General Assumptions and Conditions

---

**Investment value:** Investment value is the value of an asset to the owner or prospective owner for individual investment or operational purposes.

**Market Rent:** The estimated amount for which an interest in real property should be leased on the valuation date between a willing lessor and a willing lessee on appropriate lease terms in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.

**Market Value:** The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.

### 2. General assumptions and conditions applicable to all valuations

Unless otherwise agreed in writing, our Valuation will be carried out on the basis of the following general assumptions and conditions in relation to each Property that is the subject of our Report. If any of the following assumptions or conditions are not valid, this may be that it has a material impact on the figure(s) reported and in that event we reserve the right to revisit our calculations.

1. That the Property is not subject to any unusual or especially onerous restrictions, encumbrances or outgoings contained in the Freehold Title. Should there be any mortgages or charges, we have assumed that the property would be sold free of them. We have not inspected the Title Deeds or Land Registry Certificate.
2. That we have been supplied with all information likely to have an effect on the value of the Property, and that the information supplied to us and summarised in this Report is both complete and correct.
3. That the building(s) has/have been constructed and is/are used in accordance with all statutory and bye-law requirements, and that there are no breaches of planning control and any future construction or use will be lawful.
4. That the Property is not adversely affected, nor likely to become adversely affected, by any highway, town planning or other schemes or proposals, and that there are no matters adversely affecting value that might be revealed by a local search, replies to usual enquiries, or by any statutory notice (other than those points referred to above).
5. That the building(s) is/are structurally sound, and that there are no structural, latent or other material defects, including rot and inherently dangerous or unsuitable materials or techniques, whether in parts of the building(s) we have inspected or not, that would cause us to make allowance by way of capital repair (other than those points referred to above). Our inspection of the Property and our Report do not constitute a building survey or any warranty as to the state of repair of the Property.
6. That the Property is connected, or capable of being connected without undue expense, to the public services of gas, electricity, water, telephones and sewerage.
7. That in the construction or alteration of the building(s) no use was made of any deleterious or hazardous materials or techniques, such as high alumina cement, calcium chloride additives, woodwool slabs used as permanent shuttering and the like (other than those points referred to above). We have not carried out any investigations into these matters.
8. That the Property has not suffered any land contamination in the past, nor is it likely to become so contaminated in the foreseeable future. We have not carried out any soil tests or made any other investigations in this respect, and we cannot assess the likelihood of any such contamination.
9. That any lessee(s) is/are capable of meeting its/their obligations, and that there are no arrears of rent or undisclosed breaches of covenant.

## Bases of Value & General Assumptions and Conditions

---

10. In the case of a Property where we have been asked to value the site under the special assumption that the Property will be developed, there are no adverse site or soil conditions, that the Property is not adversely affected by the Town and Country Planning (Assessment of Environmental Effects) Regulations 1988, that the ground does not contain any archaeological remains, nor that there is any other matter that would cause us to make any allowance for exceptional delay or site or construction costs in our Valuation.
11. We will not make any allowance for any Capital Gains Tax or other taxation liability that might arise upon a sale of the Property.
12. Our Valuation will be exclusive of VAT (if applicable).
13. No allowance will be made for any expenses of realisation.
14. Excluded from our Valuation will be any additional value attributable to goodwill, or to fixtures and fittings which are only of value in situ to the present occupier.
15. When valuing two or more properties, or a portfolio, each property will be valued individually and no allowance will be made, either positive or negative, should it form part of a larger disposal. The total stated will be the aggregate of the individual Market Values.
16. In the case of a Property where there is a distressed loan we will not take account of any possible effect that the appointment of either an Administrative Receiver or a Law of Property Act Receiver might have on the perception of the Property in the market and its/their subsequent valuation, or the ability of such a Receiver to realise the value of the property(ies) in either of these scenarios.
17. No allowance will have been made for rights, obligations or liabilities arising under the Defective Premises Act 1972, and it will be assumed that all fixed plant and machinery and the installation thereof complies with the relevant UK and EEC legislation.
18. Our Valuation will be based on market evidence which has come into our possession from numerous sources, including other agents and valuers and from time to time this information is provided verbally. Some comes from databases such as the Land Registry or computer databases to which Savills subscribes. In all cases, other than where we have had a direct involvement with the transactions being used as comparables in our Report, we are unable to warrant that the information on which we have relied is correct.

### 3. Further General Assumptions applicable to residential Valuations only

*The following general assumptions apply to residential property valuations. For the avoidance of doubt, these are in addition to the general assumptions at Appendix 2.*

1. Where the Property comprises leasehold flats or maisonettes, unless instructed or otherwise aware to the contrary, we will assume that:
  - a) The costs of repairs and maintenance of the building and grounds are shared equitably between the flats and maisonettes.
  - b) There are suitable enforceable covenants between all leaseholders or through the landlord or the owner.
  - c) There are no onerous liabilities outstanding.
  - d) There are no substantial defects or other matters requiring expenditure (in excess of the current amount of assumed service charge payable on an annual basis), expected to result in charges to the leaseholder, or owner of the Property, during the next five years, equivalent to 10% or more of the reported Market Value.
2. Where the dwelling is leasehold and it is not possible to inspect the lease or details have not been provided to us, the following further assumptions will be made, unless instructed to the contrary:
  - a) The unexpired term of the lease is 70 years, and no action has been taken by any eligible party with a view to acquiring the freehold or to extending the lease term.
  - b) That there are no exceptionally onerous covenants upon the leaseholder.
  - c) The lease cannot be determined except on the grounds of a serious breach of covenants in the existing lease agreement.
  - d) If there are separate freeholders, head and/or other sub-head leaseholders, the terms and conditions of all the leases are in the same form and contain the same terms and conditions.
  - e) The lease terms are mutually enforceable against all parties concerned.
  - f) There are no breaches of covenants or disputes between the various interests concerned.
  - g) The leases of all the properties in the building/development are materially the same.
  - h) The ground rent stated or assumed is not subject to review and is payable throughout the expired lease term.
  - i) In the case of blocks of flats or maisonettes of over six dwellings, the freeholder manages the property directly or there is an appropriate management structure in place.

- j) There is a dutyholder, as defined in the Control of Asbestos Regulations 2006, and there are in place an asbestos register and effective management plan, which does not require any immediate expenditure, pose a significant risk to health or breach of the Health and Safety Executive (HSE) regulations.
  - k) Where the Property forms part of a mixed residential or commercially used block or development, there will be no significant changes in the existing pattern of use.
  - l) Where the Property forms part of a development containing separate blocks of dwellings, the lease terms of the Property apply only to the block. There will be no requirement to contribute towards costs relating to the other parts of the development, other than in respect of common roads, paths, communal grounds and services.
  - m) Where the Property forms part of a larger development, the ownership of which has since been divided, all necessary rights and reservations have been reserved.
  - n) There are no unusual restrictions on assignment or sub-letting of the Property for residential purposes.
  - o) There are no outstanding claims or litigation concerning the lease of the Property or any others within the same development.
  - p) Where the Property benefits from additional facilities within a development, the lease makes adequate provision for the lessee to continue to enjoy them with exceptional restriction, for the facilities to be maintained adequately, and that there are no charges over and above the service charge for such use and maintenance.
3. In respect of insurance the following assumptions will be made, unless instructed otherwise:
- a) The Property can be insured under all-risks cover for the current reinstatement cost and is available on normal terms.
  - b) There are no outstanding claims or disputes.
  - c) Where individuals in a block make separate insurance arrangements, the leases make provision for mutual enforceability of insurance and repairing obligations
  - d) Any landlord responsible for insurance is required to rebuild the Property with the alterations that may be necessary to comply with current Building Regulations and planning requirements.

## TAXATION

### United Kingdom Taxation

**The following is a summary of the Issuers' understanding of current United Kingdom law and published HM Revenue and Customs (HMRC) practice relating only to United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.**

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes carry a right to interest and the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000 (FSMA)) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes carry a right to interest and are and remain so listed on a "recognised stock exchange", interest on the Notes will be payable without withholding or deduction on account of United Kingdom tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes which has a United Kingdom source on the Notes on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

### Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to 1st January, 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under Condition 20

(*Further Issues*) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

### **The proposed financial transactions tax (FTT)**

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

## SUBSCRIPTION AND SALE

The Dealers have, in a Programme Agreement (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 29th September, 2017, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under "*Form of the Notes*" and "*Terms and Conditions of the Notes*". In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

## SELLING RESTRICTIONS

### *United States*

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

### *Prohibition of sales to EEA Retail Investors*

From 1st January, 2018, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Offering Circular as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:

- (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or
- (ii) a customer within the meaning of Directive 2002/92/EC (as amended, the **Insurance Mediation Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

In relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Offering Circular as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression **an offer of Notes to the public** in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State; and
- the expression **Prospectus Directive** means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

### ***United Kingdom***

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses, where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

***General***

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Offering Circular and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer, the Note Trustee nor any of the other Dealers shall have any responsibility therefor.

Save as set out in the Final Terms, the Issuer does not intend to provide any post-issuance information in relation to any issues of Notes, the Series Security or the Underlying Security, other than as required pursuant to Condition 6.2 (*Information Covenants*).

## **Dealers transacting with the Issuer, the Group Borrower and the Borrowers**

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for the Issuer, the Group Borrower and the Borrowers and their affiliates in the ordinary course of business.

Certain of the Dealers and their affiliates may have positions, deal or make markets in Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer, the Group Borrower and the Borrowers and their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer, the Group Borrower or the Borrowers or their affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer, the Group Borrower or the Borrowers routinely hedge their credit exposure consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
