CAUTION REGARDING FORWARD-LOOKING STATEMENTS

From time to time, we make written or oral forward-looking statements within the meaning of certain securities laws, including the “safe harbour” provisions of the *United States Private Securities Litigation Reform Act* of 1995 and any applicable Canadian securities legislation. We may make forward-looking statements in this Annual Information Form and in the documents incorporated by reference herein, in other filings with Canadian regulators or the United States (U.S.) Securities and Exchange Commission (SEC), in reports to shareholders and in other communications. Forward-looking statements in this document and in the documents incorporated by reference herein include, but are not limited to, statements relating to our financial performance objectives, vision and strategic goals, the Economic and market review and outlook for Canadian, U.S., European and global economies, the regulatory environment in which we operate, the Strategic priorities and Outlook sections for each of our business segments, the risk environment including our credit risk, liquidity and funding risk as set out in the 2020 Management’s Discussion and Analysis for the fiscal year ended October 31, 2020 (the 2020 Management’s Discussion and Analysis), and the potential continued impacts of the coronavirus (COVID-19) pandemic on our business operations, financial results, condition and objectives, and on the global economy and financial market conditions. The forward-looking information contained in this Annual Information Form and in the documents incorporated by reference is presented for the purpose of assisting the holders of our securities and financial analysts in understanding our financial position and results of operations as at and for the periods ended on the dates presented, as well as our financial performance objectives, vision and strategic goals, and may not be appropriate for other purposes. Forward-looking statements are typically identified by words such as “believe”, “expect”, “foresee”, “forecast”, “anticipate”, “intend”, “estimate”, “goal”, “plan” and “project” and similar expressions of future or conditional verbs such as “will”, “may”, “should”, “could” or “would”.

By their very nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that our predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that our assumptions may not be correct and that our financial performance objectives, vision and strategic goals will not be achieved. We caution readers not to place undue reliance on these statements as a number of risk factors could cause our actual results to differ materially from the expectations expressed in such forward-looking statements. These factors – many of which are beyond our control and the effects of which can be difficult to predict – include: credit, market, liquidity and funding, insurance, operational, regulatory compliance (which could lead to us being subject to various legal and regulatory proceedings, the potential outcome of which could include regulatory restrictions, penalties and fines), strategic, reputation, legal and regulatory environment, competitive and systemic risks and other risks discussed in the risk sections and Significant developments: COVID-19 section of our Annual Report for the fiscal year ended October 31, 2020 (the 2020 Annual Report) including business and economic conditions, information technology and cyber risks, Canadian housing and household indebtedness, geopolitical uncertainty, privacy, data and third party related risks, regulatory changes, environmental and social risk (including climate change), and digital disruption and innovation, culture and conduct, the business and economic conditions in the geographic regions in which we operate, the effects of changes in government fiscal, monetary and other policies, tax risk and transparency, environmental and social risk, and the emergence of widespread health emergencies or public health crises such as pandemics and epidemics, including the COVID-19 pandemic and its impact on the global economy and financial market conditions and our business operations, and financial results, condition and objectives.

We caution that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect our results. When relying on our forward-looking statements to make decisions with respect to us, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Material economic assumptions underlying the forward-looking statements contained in this Annual Information Form are set out in the Economic, market and regulatory review and outlook section and for each business segment under the Strategic priorities and Outlook headings in our 2020 Annual Report. Except as required by law, we do not undertake to update any forward-looking statement, whether written or oral, that may be made from time to time by us or on our behalf.

Additional information about these and other factors can be found in the risk sections and Significant developments: COVID-19 section of our 2020 Management’s Discussion and Analysis.

GENERAL DEVELOPMENT OF THE BUSINESS

Three Year History

Our business strategies and actions are guided by our vision, “To be among the world’s most trusted and successful financial institutions.” Our three strategic goals are:

- In Canada, to be the undisputed leader in financial services;
- In the U.S., to be the preferred partner to corporate, institutional and high net worth clients and their businesses; and
- In select global financial centres, to be a leading financial services partner valued for our expertise.

In 2018, the Canadian, U.S. and Eurozone economies showed growth, and RBC delivered strong results with earnings of \$12.4 billion. These results reflected strong earnings in Personal & Commercial Banking, Wealth Management and Capital Markets. Higher results in Insurance also contributed to the increase. In 2018, Graeme Hepworth was appointed Chief Risk Officer and joined the Group Executive.

In 2019, the Canadian and U.S. economies continued to show growth, albeit at a slower pace than 2018, as the uncertain global economic backdrop, rising trade tensions and challenges in the energy sector weighed on business sentiment. Growth in the Euro area also slowed as Germany, the Euro area’s largest economy, experienced a sustained downturn in the industrial sector.

In 2019, RBC delivered strong results with earnings of \$12.9 billion. Results reflected earnings growth in Personal & Commercial Banking and Wealth Management, and solid results in Insurance. These were partially offset by lower earnings in Investor & Treasury Services and in Capital Markets. In 2019, Derek Neldner was appointed to the role of Group Head, Capital Markets and Doug Guzman assumed leadership of Investor & Treasury Services.

¹ When we say “we”, “us”, “our”, or “RBC”, we mean Royal Bank of Canada and its subsidiaries, as applicable. References to “the Bank” mean Royal Bank of Canada without its subsidiaries.

2020 was characterized by unprecedented declines in gross domestic product (GDP) and a substantial increase in unemployment as a result of measures to contain the COVID-19 pandemic which sharply curtailed economic activity globally. In 2020, the Canadian economy contracted after COVID-19 containment measures led to an unprecedented decline in economic activity in the first half of the calendar year. The unemployment rate rose to a peak of 13.7% in May 2020 from pre-pandemic levels of under 6% and remained elevated at 8.9% in October 2020. The U.S. economy also contracted, with all components of aggregate demand besides government expenditures slumping in the second calendar quarter of 2020 amid widespread COVID-19 containment measures and unemployment rates staying well above pre-pandemic levels. Similarly, GDP in the Euro area and the U.K. declined in 2020 amid the spread of the COVID-19 pandemic and containment measures. Financial markets in 2020 saw government bond yields at historically low levels due to subdued inflation and expectations that monetary policy will remain accommodative for an extended period. Monetary policy stimulus and massive government income supports have supported equity markets broadly throughout the COVID-19 pandemic, with major indexes posting a full rebound to pre-pandemic levels in August 2020.

In 2020, RBC reported net income of \$11.4 billion, down 11% from the prior year, reflecting higher provisions for credit losses, as the Bank prudently built reserves given the unprecedented challenges brought on by the COVID-19 pandemic, in addition to the impact of lower interest rates. Lower results in Personal & Commercial Banking and Wealth Management were partially offset by robust earnings in Capital Markets, as well as higher results in Investor & Treasury Services and Insurance.

We continue to monitor and prepare for regulatory developments and changes in a manner that seeks to ensure compliance with new requirements, while mitigating adverse business or financial impacts. Such impacts could result from new or amended laws or regulations and the expectations of those who enforce them. A high level summary of the key regulatory changes that have the potential to increase or decrease our costs and the complexity of our operations is included in the Legal and regulatory environment risk section of our 2020 Annual Report. A summary of the additional regulatory changes instituted by governments globally and by the Office of the Superintendent of Financial Institutions (OSFI) during calendar 2020 in response to the COVID-19 pandemic are included in the Significant developments: COVID-19, Liquidity and funding risk and Capital management sections of our 2020 Annual Report. For a discussion on risk factors resulting from these and other developments which may affect our business and financial results, refer to the risk sections of our 2020 Annual Report. For further details on our framework and activities to manage risks, refer to the Significant developments: COVID-19, risk and Capital management sections of our 2020 Annual Report.

Our acquisitions and dispositions that have influenced the general development of our business over the past three years are summarized in the following table:

Additional information about our competition can be found under "Business segment results" beginning on page 26 of our 2020 Management's Discussion and Analysis, which section is incorporated by reference herein.

Government Regulation and Supervision – Canada

The Bank is a “Schedule I” bank under the *Bank Act* (Canada) (*Bank Act*), and, as such, is a federally regulated financial institution. It has Canadian insurance and trust and loan company subsidiaries that are also federally regulated financial institutions (FRFI Subsidiaries) governed by (respectively) the *Insurance Companies Act* (Canada) and the *Trust and Loan Companies Act* (Canada). The activities of the FRFI Subsidiaries are also regulated under provincial and territorial laws in respect of their activities in the provinces and territories. In certain provinces, some of the Bank’s capital markets and wealth management activities are regulated under provincial securities laws (which are administered and enforced by securities regulatory authorities).

OSFI, an independent agency of the Government of Canada, reports to the Minister of Finance (the Minister) for the supervision of the Bank as well as its FRFI Subsidiaries. OSFI is required, at least once a year, to examine the affairs and business of each institution for the purpose of determining whether statutory requirements are duly observed and the institution is in sound financial condition, and report to the Minister. The Bank and the FRFI Subsidiaries are also required to make periodic filings and reports to OSFI.

The Bank and the FRFI Subsidiaries are also subject to regulation under the *Financial Consumer Agency of Canada Act* (*FCAC Act*).² The Financial Consumer Agency of Canada (Agency), among other things, enforces consumer-related provisions of the federal statutes which govern these financial institutions. The Commissioner of the Agency must report to the Minister on all matters connected with the administration of the *FCAC Act* and consumer provisions of other federal statutes, including the *Bank Act*, *Trust and Loan Companies Act* and *Insurance Companies Act*. The Bank and the FRFI Subsidiaries are also subject to provincial and territorial laws of general application.

The Bank and its subsidiaries, Royal Trust Corporation of Canada, The Royal Trust Company, Royal Bank Mortgage Corporation and RBC Investor Services Trust are member institutions of the Canada Deposit Insurance Corporation (CDIC). CDIC insures certain deposits held at its member institutions. Under the *Bank Act*, the Bank is prohibited from engaging in or carrying on any business other than the business of banking, except as permitted under that statute. The business of banking includes providing any financial services; acting as a financial agent; providing investment counselling services and portfolio management services; issuing payment, credit or charge cards; and operating payment, credit or charge card plans.

The Bank has broad powers to invest in securities, but is limited in making “substantial investments” in or in controlling certain types of entities. A “substantial investment” will arise through direct or indirect beneficial ownership of voting shares carrying more than 10 per cent of the voting rights attached to all outstanding voting shares of a corporation, shares representing more than 25 per cent of the shareholders’ equity in a corporation, or interests representing more than 25 per cent of the ownership interests in any unincorporated entity. The Bank can make controlling, and in certain circumstances, non-controlling substantial investments in certain entities in accordance with the investment provisions under the *Bank Act*. Some substantial investments may be made only with the prior approval of the Minister or the Superintendent of Financial Institutions (the Superintendent).

The Bank and the FRFI Subsidiaries are also required to maintain, in relation to its operations, adequate capital and liquidity, and OSFI may direct financial institutions to increase capital and/or to provide additional liquidity.

Regulations with respect to Canada’s bank recapitalization regime (the Bail-in Regime) became effective on September 23, 2018 for domestic systemically important banks, including the Bank. Pursuant to the Bail-in Regime and under the *Canada Deposit Insurance Corporation Act*, in circumstances where the Bank has ceased, or is about to cease, to be viable, the Governor in Council may, upon recommendation of the Minister that he or she is of the opinion that it is in the public interest to do so, by order:

² For the Bank’s trust subsidiaries, only their retail deposit taking activities are subject to regulation under the *FCAC Act*.

- vest in CDIC the shares and subordinated debt of the Bank specified in the order (a vesting order);
- appoint CDIC as receiver in respect of the Bank (a receivership order);
- if a receivership order has been made, direct the Minister to incorporate a federal institution designated in the order as a bridge institution wholly-owned by CDIC and specifying the date and time as of which the Bank's deposit liabilities are assumed (a bridge bank order); or
- if a vesting order or receivership order has been made, direct CDIC to carry out a conversion, by converting or causing the Bank to convert, in whole or in part – by means of a transaction or series of transactions and in one or more steps – the shares and liabilities of the Bank that are subject to the Bail-in Regime into common shares of the Bank or any of its affiliates (a conversion order).

Upon the making of a conversion order, prescribed shares and liabilities under the Bail-in Regime that are subject to that conversion order will, to the extent converted, be converted into common shares of the Bank or any of its affiliates, as determined by CDIC. Subject to certain exceptions, senior debt issued on or after September 23, 2018, with an initial or amended term to maturity (including explicit or embedded options) greater than 400 days, that is unsecured or partially secured and that has been assigned a CUSIP or ISIN or similar identification number is subject to a bail-in conversion. For a description of Canadian bank resolution powers and the consequent risk factors attaching to certain liabilities of the Bank reference is made to rbc.com/investor-relations/_assets-custom/pdf/Bail-in-Disclosure.pdf.

The *Proceeds of Crime (Money Laundering) and Terrorist Financing Act* (the Act) is applicable to all of our businesses in Canada. The Act implements specific measures designed to detect and deter money laundering and the financing of terrorist activities. Further, the Act sets out obligations related to deterring and detecting money laundering and terrorist financing from a global perspective, in order to minimize the possibility that RBC could become a party to these activities. RBC has enterprise-wide anti-money laundering policies and procedures which assist in reducing the risk of facilitating money laundering and terrorist financing activities.

Broker-Dealer/Investment Management Subsidiaries

The activities of certain of the Bank's subsidiaries, such as RBC Dominion Securities Inc. (RBC DS), RBC Direct Investing Inc. (RBC DI), Royal Mutual Funds Inc. (RMFI), RBC Global Asset Management Inc., Phillips, Hager & North Investment Funds Ltd. (PH&N IF), RBC Phillips, Hager & North Investment Counsel Inc. and RBC InvestEase Inc., which act as securities dealers (including investment dealers, mutual fund dealers and exempt market dealers), advisors (investment counsel/portfolio manager) or investment fund managers are regulated in Canada under provincial and territorial securities laws (which are administered and enforced by the applicable securities regulatory authorities) and, in some cases, by the rules of the applicable self-regulatory organization (the Investment Industry Regulatory Organization of Canada for investment dealers and the Mutual Fund Dealers Association of Canada (MFDA) for mutual fund dealers). Each of RBC DS and RBC DI are members of the Canadian Investor Protection Fund. Customers' accounts are protected by the Canadian Investor Protection Fund within specified limits. A brochure describing the nature and limits of coverage is available to customers upon request. RMFI and PH&N IF are each members of the MFDA Investor Protection Fund, which protects against certain losses of customer property held by an insolvent MFDA member; similarly, a brochure describing the nature and limits of coverage is also available to customers upon request.

Insurance

The activities of the Bank's regulated Canadian insurance subsidiaries, RBC Life Insurance Company (RBC Life) and RBC Insurance Company of Canada (RICC), are federally governed by the *Insurance Companies Act* and by provincial legislation in each province and territory in which they carry on business. In addition, the *Bank Act* sets out a framework for insurance activities that the Bank may or may not carry out. The Bank

may administer, promote and provide advice in relation to certain authorized types of insurance and may conduct any aspect of the business of insurance, other than the underwriting of insurance, outside of Canada and in respect of risks outside Canada. However, in Canada, the Bank may not act as agent for any person in the placing of insurance. The Bank can promote an insurance company, agent or broker or non-authorized types of insurance (e.g. life and home and automobile insurance) to certain prescribed groups where the promotion takes place outside of physical bank branches. Additionally, and subject to applicable restrictions under the *Bank Act*, RBC Wealth Management Financial Services Inc., a wholly owned indirect subsidiary of the Bank, is licensed under applicable provincial and territorial laws to sell insurance products, including life and living benefits insurance along with money products such as annuities and segregated funds, on both an individual and group basis, for both related and independent insurance companies in Canada.

RBC Life is a member of Assuris, which is a not-for-profit organization that protects Canadian life insurance policyholders against loss of benefits due to the financial failure of a member company. RICC is a member of the Property and Casualty Insurance Compensation Corporation, which is the corporation protecting Canadian property and casualty policyholders against loss of benefits due to the financial failure of a member company.

RBC Insurance Agency Ltd., another wholly owned indirect Bank subsidiary, is a licensed insurance agency that distributes insurance products underwritten by non-RBC entities. These products include home and auto insurance that is underwritten by an unaffiliated insurance company.

Government Regulation and Supervision – United States

Banking

In the U.S., the Bank is characterized as a foreign banking organization (FBO). Generally, the operations of an FBO and its U.S. subsidiaries and offices are subject to the same comprehensive regulatory regime that governs the operations of U.S. domestic banking organizations. The Bank's U.S. businesses are subject to supervision and oversight by various U.S. authorities, including federal and state regulators, as well as self-regulatory organizations. An FBO must meet several conditions in order to maintain "well managed" status for U.S. bank regulatory purposes: (i) the FBO must have received a composite regulatory rating of "satisfactory" or better for its U.S. branch, agency and commercial lending company operations following its last regulatory examination, (ii) the FBO's home country supervisor must consent to it expanding its activities in the U.S. to include activities permissible for a financial holding company (FHC), (iii) the FBO's management must meet standards comparable to those required for a U.S. bank subsidiary of an FHC, and (iv) each U.S. depository institution subsidiary of the FBO and/or bank holding company (BHC) must be deemed to be "well managed", which requires both a "satisfactory" composite regulatory rating and a "satisfactory" rating on the "management" component of their last regulatory examination.

Under the *International Banking Act* of 1978, as amended (IBA) and the *Bank Holding Company Act* of 1956, as amended (BHCA), all of the Bank's U.S. banking operations are subject to supervision and regulation by the Board of Governors of the Federal Reserve System (Federal Reserve). Under the IBA, the BHCA, and related regulations of the Federal Reserve, the Bank generally may not open a branch, agency or representative office in the U.S., nor acquire five per cent or more of the voting stock of any U.S. bank or BHC, without notice to or prior approval of the Federal Reserve. The Federal Reserve is the U.S. "umbrella regulator" responsible for supervision and oversight of the Bank's consolidated U.S. activities. The Federal Reserve consults with and obtains information from other prudential and functional U.S. regulators that exercise supervisory authority over the Bank's various U.S. operations. Reports of financial condition and other information relevant to the Bank's U.S. businesses are regularly filed with the Federal Reserve.

In 2000, the Bank became a U.S. FHC, as authorized by the Federal Reserve. Pursuant to the *Gramm-Leach-Bliley Act* of 1999, an FHC may engage in, or acquire companies engaged in, a broader range of financial and related activities than are permitted to banking organizations that do not maintain FHC status. To qualify as an FHC, the Bank, as an FBO and BHC, must meet certain capital requirements and must be

deemed to be “well managed” for U.S. bank regulatory purposes. In addition, any U.S. depository institution subsidiaries of the FBO or BHC must also meet certain capital requirements and be deemed to be “well managed” and must have at least a “satisfactory” rating under the *Community Reinvestment Act* of 1977, as amended.

On July 21, 2010, the *Dodd-Frank Wall Street Reform and Consumer Protection Act* (*Dodd-Frank Act*) was enacted. The statute effected significant changes to U.S. financial regulations and required rulemaking by the U.S. financial regulators, with material cross-border implications. Section 165 of the *Dodd-Frank Act* required the Federal Reserve to establish *Enhanced Prudential Standards for Foreign Banking Organizations* (Regulation YY). Amongst other regulatory requirements, Regulation YY required the Bank to establish an intermediate holding company (IHC) organized under U.S. laws. The IHC is required to hold, directly or indirectly, the Bank’s entire ownership interest in its U.S. insured depository institution subsidiaries and other U.S. subsidiaries (excluding so called section 2(h)(2) companies and debt previously contracted branch subsidiaries). In June 2018, the Bank established a two-tier BHC structure in the U.S., consisting of RBC US Group Holdings LLC (RIHC), its top-tier BHC, as the Bank’s IHC and the parent of RBC USA Holdco Corporation, the parent of most of the Bank’s U.S. subsidiaries. Both RIHC and RBC USA Holdco Corporation are BHCs and FHCs. The Bank fulfills its Regulation YY regulatory requirements through RIHC, which include capital adequacy, capital planning and stress testing, risk management and governance, liquidity and liquidity stress testing, financial regulatory reporting and other requirements that are similar to, or the same as, those applicable to U.S. domestic BHCs that are similarly categorized under the rules that tailor enhanced prudential standards for FBOs and large U.S. banking organizations. In addition, under the *Dodd-Frank Act*, the Bank is registered as a “Swap Dealer” with the U.S. Commodity Futures Trading Commission (CFTC) and the National Futures Association (NFA).

The *USA PATRIOT Act* of 2001, as amended, which amended the *Bank Secrecy Act* of 1970, as amended, requires U.S. banks and FBOs with U.S. operations to maintain appropriate policies, procedures and controls relating to anti-money laundering compliance, suspicious activity and currency transaction reporting and due diligence on customers to prevent, detect and report individuals and entities involved in money laundering and the financing of terrorism.

The Bank maintains two branches in New York that are licensed and supervised as full federal branches with fiduciary licenses by the Office of the Comptroller of the Currency (OCC), the U.S. supervisor of national banks. In general, the Bank’s branches may exercise the same rights and privileges, and are subject to the same restrictions, as would apply to a U.S. national bank at the same location(s). The Bank’s branches may accept wholesale deposits, but may not take U.S. domestic retail deposits outside of an available exemption. Deposits in the Bank’s branches are not insured by the Federal Deposit Insurance Corporation (FDIC). The Bank also maintains a limited federal branch in Jersey City, New Jersey which may exercise the same rights and privileges as the Bank’s New York federal branches except that it generally can only take deposits from non-U.S. sources.

The OCC examines and supervises the Bank’s U.S. branch office activities and annually examines and assesses their operations. In addition, the Bank’s U.S. branches are required to maintain a capital equivalency deposit in their state(s) of residence, which deposits are pledged to the OCC. Furthermore, the Bank’s U.S. branch offices are subject to supervisory guidance based on the examiners’ assessment of risk management, operational controls, compliance and asset quality.

The Bank also maintains a state-licensed agency in Texas and state-licensed representative offices in Delaware and Texas. In general, the activities conducted at the Bank’s agency include a broad range of banking powers, including lending and maintaining credit balances, but agencies are limited in their ability to accept deposits from citizens or residents of the U.S. Further limitations may be placed on such agencies’ activities based on state laws. The activities conducted at the Bank’s representative offices are limited to representational and administrative functions; such representative offices do not have authority to make credit decisions and may not solicit or contract for any deposit or deposit-like liability. The Bank’s representative offices are examined and assessed by both the Federal Reserve and state regulators and are required to adhere to any applicable state regulations.

Banking activities are also conducted at City National Bank (CNB) and RBC Bank (Georgia), National Association (RBC Bank), both of which are national banking associations chartered by the OCC. CNB and RBC Bank are members of the Federal Reserve. The OCC serves as the primary federal prudential regulator of CNB and RBC Bank. As U.S. banks, CNB and RBC Bank are allowed to take retail deposits, and they offer retail and commercial banking services, including deposit and credit services, such as consumer lending products (including credit card and mortgage loans), and business and commercial loans. CNB and RBC Bank are subject to capital requirements, dividend restrictions, limitations on investments and subsidiaries, limitations on transactions with affiliates (including the Bank and its branches), deposit reserve requirements and other requirements administered by the OCC and the Federal Reserve. Deposits at CNB and RBC Bank are FDIC-insured to the extent applicable. CNB and RBC Bank are also required to comply with applicable consumer protection laws and regulations such as those promulgated by the Consumer Financial Protection Bureau, an independent agency created under the *Dodd-Frank Act*. As a national bank in the U.S., CNB also has fiduciary powers and offers trust services and investment management services under those powers.

CNB also conducts trust and investment management activities through CNB's wholly-owned subsidiary, RBC Trust Company (Delaware) Limited (RBC Trust). RBC Trust is a Delaware trust company chartered and supervised by the Delaware State Banking Commission and, as a BHC subsidiary, is subject to oversight by the Federal Reserve. RBC Trust is subject to dividend restrictions, limitations on investments and other applicable state banking law requirements.

Broker-Dealer Activities and Broker-Dealer Subsidiaries

The principal securities brokerage, trading, advisory and investment banking activities are conducted in the following U.S.-registered broker-dealer subsidiaries:

- RBC Capital Markets, LLC (RBC CM LLC),
- RBC CMA LLC,
- City National Securities, Inc.,
- CNR Securities, LLC (formerly RIM Securities LLC), and
- Symphonic Securities LLC.

The SEC, state securities regulators, the Financial Industry Regulatory Authority and other self-regulatory organizations regulate these broker-dealer subsidiaries. Certain activities of RBC CM LLC and RBC CMA LLC are also subject to regulation by the CFTC and the NFA. Pursuant to the *Dodd-Frank Act*, RBC CM LLC is registered as a "Swaps Firm" with the NFA. Certain activities of RBC CM LLC are subject to regulation by the Municipal Securities Rulemaking Board.

Investment Management and Other Fiduciary Activities

The Bank's New York branches have fiduciary powers, and certain branches conduct investment management and custody activities for certain customers. In addition, other affiliates are involved in the business of investment management. In many cases, these activities require that the affiliates be registered with the SEC as investment advisers under the U.S. *Investment Advisers Act* of 1940, as amended (*Advisers Act*). The *Advisers Act* and related rules regulate the registration and activities of investment advisers. Although the regulatory regime for investment advisers is similar in some ways to that for broker-dealers, the standard of conduct is higher due to the advisers' status as fiduciaries.

The following entities are the Bank's subsidiaries that are registered as "investment advisers" with the SEC:

- RBC CM LLC,
- RBC Global Asset Management (U.S.) Inc. (GAM),
- RBC Global Asset Management (UK) Limited,
- RBC Private Counsel (USA) Inc.,
- BlueBay Asset Management LLP (BBAM),
- BlueBay Asset Management USA LLC (BBAMUSA),

- City National Rochdale, LLC (CNR),
- City National Securities, Inc.,
- Convergent Wealth Advisors, LLC,
- LMCG Investments, LLC,
- Mid-Continent Capital, LLC, and
- Symphonic Financial Advisors LLC.

GAM and CNR also each sponsor and act as the adviser to U.S. mutual funds. The U.S. *Investment Company Act* of 1940, as amended, and related rules regulate the registration and operation of mutual funds and certain activities of the funds’ advisers and other affiliates and certain of the funds’ other service providers. Certain activities of BBAM, BBAMUSA and GAM are also subject to regulation by the CFTC and the NFA.

ERISA and the Internal Revenue Code

The U.S. *Employee Retirement Income Security Act* of 1974, as amended (ERISA), and the related rules regulate the activities of the financial services industry with respect to pension plan clients. Similarly, the U.S. *Internal Revenue Code* and the regulations thereunder impose requirements with respect to such clients and also individual retirement accounts (IRAs). Brokers, dealers and investment advisers to pension plans and IRAs must conduct their business in compliance with both ERISA and applicable tax regulations.

Risk Factors

A discussion of risks affecting us and our businesses appears under the headings “Significant developments: COVID-19”, “Risk management”, “Transactional/positional risk drivers”, “Operational/regulatory compliance risk drivers”, “Strategic risk drivers”, “Macroeconomic risk drivers” and “Overview of other risks” from pages 18 to 21 and 53 to 96 of our 2020 Management’s Discussion and Analysis, which discussions are incorporated by reference herein.

Environmental and Social Risk Policies

RBC has a long history of environmental leadership dating back to 1991 when we launched our first corporate environmental policy. RBC is committed to transparent disclosure and we report annually on our key environmental performance metrics and targets in our Environmental, Social, and Governance (ESG) Performance Report and Carbon Disclosure Project submissions (responder since 2003 and a signatory since 2007). We have been a signatory to the Equator Principles since 2003, and RBC Global Asset Management and BlueBay Asset Management LLP have been signatories to the United Nations Principles of Responsible Investment since 2015. RBC Europe Limited, a wholly-owned subsidiary of the Bank, is a signatory to the Green Bond Principles and it reports annually on its green bond underwriting activities. In November 2019, we launched the RBC Climate Blueprint, our enterprise climate strategy focused on accelerating clean economic growth and supporting our clients in the low-carbon transition. RBC is committed to publishing climate-related disclosures, at least annually, that consider the recommendations of the Financial Stability Board’s Task Force on Climate-related Financial Disclosures, and has provided these since 2017. RBC also has a Human Rights Position Statement and publishes an annual Modern Slavery Act Statement, which sets out the steps that we have taken to ensure that slavery and human trafficking are not taking place in our supply chains or our business.

RBC has a suite of environmental and social risk management policies, which include policies that are enterprise-wide, policies that are business-specific, and/or policies that apply to certain issues, products, services or industry sectors. These policies focus on environmental and social risk issues including, but not limited to: site contamination, waste management, land and resource use, biodiversity, water quality and availability, climate change, environmental regulation, human rights, Indigenous Peoples’ rights and

community engagement. Our environmental and social risk policies seek to identify sectors, clients and business activities that may be exposed to environmental and/or social risk; apply enhanced due diligence and escalation procedures; and establish requirements to manage, mitigate and monitor environmental and social risks. We recently updated our Enterprise Policy on Environmental and Social Risk to include financing restrictions on coal power, coal mining and Arctic development, including a full prohibition on direct financing for any project or transaction that involves exploration or development in the Arctic National Wildlife Refuge. Business segments and corporate functions are responsible for incorporating environmental and social risk management requirements within their operations.

Additional information about our environmental and social risk policies can be found under “Overview of other risks – Environmental and social risk” on page 95 of our 2020 Management’s Discussion and Analysis, which section is incorporated by reference herein.

DESCRIPTION OF CAPITAL STRUCTURE

General Description

The Bank’s authorized share capital consists of an unlimited number of common shares without nominal or par value and an unlimited number of first preferred shares and second preferred shares without nominal or par value, issuable in series, which classes may be issued for a maximum consideration of \$20 billion and \$5 billion, respectively. The following summary of share capital is qualified in its entirety by the Bank’s by-laws and the actual terms and conditions of such shares.

Common Shares

The holders of the Bank’s common shares are entitled to vote at all meetings of shareholders, except meetings at which only holders of a specified class, other than common shares, or series of shares are entitled to vote. The holders of common shares are entitled to receive dividends as and when declared by the board of directors, subject to the preference of the preferred shares. After payment to the holders of the preferred shares of the amount or amounts to which they may be entitled, and after payment of all outstanding debts, the holders of the common shares will be entitled to receive any remaining property upon liquidation, dissolution or winding-up.

Preferred Shares

First preferred shares may be issued, from time to time, in one or more series with such rights, privileges, restrictions and conditions as the board of directors may determine, subject to the *Bank Act* and to the Bank’s by-laws. The first preferred shares are entitled to preference over any second preferred shares (discussed below) and common shares and over any other shares ranking junior to the first preferred shares with respect to the payment of dividends and in the distribution of property in the event of liquidation, dissolution or winding-up.

As at December 1, 2020, Non-Cumulative First Preferred Shares Series AZ, BB, BD, BF, BH, BI, BJ, BK, BM, BO, BQ, BR and C-2 are outstanding. The Non-Cumulative First Preferred Shares Series AZ through BO are listed on the Toronto Stock Exchange, while the Bank’s Depositary Shares representing interests in the Non-Cumulative First Preferred Shares Series C-2 (the Series C-2 Preferred Shares) are listed on the New York Stock Exchange. The Non-Cumulative First Preferred Shares Series BQ and BR are not listed on an exchange. On October 1, 2020, we redeemed all of our issued and outstanding Non-Cumulative First Preferred Shares Series W, AA, AC, AE, AF and AG.

Effective January 1, 2013, in accordance with capital adequacy requirements adopted by OSFI, non-common capital instruments issued after January 1, 2013, including first preferred shares, must include terms providing for the full and permanent conversion of such securities into common shares upon the occurrence

of certain trigger events relating to financial viability (the Non-Viability Contingent Capital requirements) in order to qualify as regulatory capital. As of January 1, 2013, all outstanding capital instruments that do not meet the Non-Viability Contingent Capital requirements will be considered non-qualifying capital instruments and will be phased out beginning January 1, 2013 at the rate of 10 per cent each year for 10 years. The Non-Cumulative First Preferred Shares Series AZ, BB, BD, BF, BH, BI, BJ, BK, BM, BO, BQ and BR contain non-viability contingent capital provisions necessary to qualify as Tier 1 regulatory capital under Basel III and are therefore convertible into common shares upon the occurrence of a non-viability contingent capital trigger event.

We are prohibited by the *Bank Act* from declaring or paying any dividends on our preferred or common shares when we are, or would be placed as a result of the declaration, in contravention of the capital adequacy and liquidity regulations or any regulatory directives issued under the *Bank Act*. We may not pay dividends on our common shares or redeem, purchase or otherwise retire common shares or preferred shares at any time without the approval of the holders of outstanding first preferred shares unless all dividends to which first preferred shareholders are then entitled have been declared and paid or set apart for payment.

The Non-Cumulative First Preferred Shares Series BQ and BR (the LRCN Preferred Shares) were respectively issued on July 28, 2020 and November 2, 2020 in connection with the Bank's concurrent issuances of Limited Recourse Capital Notes (the LRCNs). The LRCN Preferred Shares are held by Computershare Trust Company of Canada as trustee (the Trustee) for Leo LRCN Limited Recourse Trust™ (the Limited Recourse Trust). In certain circumstances, including non-payment of interest on, principal of or redemption price for the LRCNs when due, or the occurrence of an event of default or a non-viability contingent capital trigger event, the Trustee of the Limited Recourse Trust will deliver to holders of LRCNs their proportionate share of the Limited Recourse Trust's assets, which will consist of the LRCN Preferred Shares except in limited circumstances, in full satisfaction of the Bank's obligations under the LRCNs. For so long as the LRCN Preferred Shares are held by the Trustee on behalf of the Limited Recourse Trust, such shares will not be entitled to receive dividends.

On November 2, 2015, in connection with the merger of CNB with and into RBC USA Holdco Corporation, the Bank issued Non-Cumulative First Preferred Shares Series C-1 and C-2 in exchange for two series of outstanding CNB preferred stock. Currently, only the Series C-2 Preferred Shares remain outstanding.

In the event the Bank fails to pay, declare, or set aside for payment, dividends on any of the Series C-2 Preferred Shares or any other series of preferred shares of the Bank for six quarterly dividend periods, or their equivalent, whether or not consecutive, the number of directors of the board of directors shall be increased by two at the Bank's first annual meeting of shareholders held thereafter. The holders of the Series C-2 Preferred Shares shall have the right, together with holders of any shares that, by their terms, expressly provide that they rank *pari passu* with the Series C-2 Preferred Shares (together, the Series C-2 Parity Shares) and that have similar voting rights, if any, to elect, as a class together, such additional two members to the Bank's board of directors for a term of one year. Upon the payment, or the declaration and setting aside for payment, in full, of all the cumulative dividends payable for all past dividend periods and continuous noncumulative dividends for at least one year on all outstanding preferred shares of the Bank, the terms of such two directors shall terminate, the number of directors of the Bank's board of directors shall be reduced by two and the voting rights of the holders of the Series C-2 Preferred Shares and the Series C-2 Parity Shares shall cease (subject to the revesting of such voting rights in the event of each and every additional failure in the payment of dividends for six quarterly dividend periods).

Second preferred shares may be issued, from time to time, in one or more series with such rights, privileges, restrictions and conditions as the board of directors may determine, subject to the *Bank Act* and to the Bank's by-laws. There are no second preferred shares currently outstanding. Second preferred shares would rank junior to the first preferred shares. Second preferred shares would be entitled to preference over the common shares and over any other shares ranking junior to the second preferred shares with respect to the payment of dividends and in the distribution of property in the event of our liquidation, dissolution or winding-up.

Except as outlined above with respect to the Series C-2 Preferred Shares and the Series C-2 Parity Shares, holders of the first and second preferred shares are not entitled to any voting rights as a class except as provided under the *Bank Act* or the Bank's by-laws. Under the *Bank Act*, the Bank may not create any other class of shares ranking equal with or superior to a particular class of preferred shares, increase the authorized number of, or amend the rights, privileges, restrictions or conditions attaching to such class of preferred shares, without the approval of the holders of that class of preferred shares.

Any approval to be given by the holders of the first and second preferred shares may be given in writing by the holders of not less than all of the outstanding preferred shares of each class or by a resolution carried by the affirmative vote of not less than 66 $\frac{2}{3}$ per cent of the votes cast at a meeting of holders of each class of preferred shares at which a quorum is represented. A quorum at any meeting of holders of each class of preferred shares is 51 per cent of the shares entitled to vote at such meeting, except that at an adjourned meeting there is no quorum requirement.

Additional information about the Bank's share capital can be found under the "Capital management" section beginning on page 96 of our 2020 Management's Discussion and Analysis, which section is incorporated by reference herein.

Constraints

The *Bank Act* contains restrictions (which are subject to any orders that may be issued by the Governor in Council) on the issue, transfer, acquisition, beneficial ownership and voting of all shares of a chartered bank. The following is a summary of such restrictions.

Subject to certain exceptions contained in the *Bank Act*, no person may be a major shareholder of a bank having equity of \$12 billion or more (which includes the Bank). A person is a major shareholder if:

- (a) the aggregate of the shares of any class of voting shares of the Bank beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person is more than 20 per cent of that class of voting shares, or
- (b) the aggregate of shares of any class of non-voting shares of the Bank beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person is more than 30 per cent of that class of non-voting shares.

Additionally, no person may have a significant interest in any class of shares of a bank (including the Bank) unless the person first receives the approval of the Minister. For purposes of the *Bank Act*, a person has a significant interest in a class of shares of a bank where the aggregate of any shares of the class beneficially owned by that person, by entities controlled by that person and by any person associated or acting jointly or in concert with that person exceeds 10 per cent of all of the outstanding shares of that class of shares of such bank.

In addition, the *Bank Act* prohibits a bank from purchasing or redeeming any of its shares or paying any dividends if there are reasonable grounds for believing the bank is, or the payment would cause the bank to be, in contravention of the *Bank Act* requirement to maintain, in relation to its operations, adequate capital and appropriate forms of liquidity and to comply with any regulations or directions of the Superintendent in relation thereto. Under the *Bank Act*, the Bank cannot redeem or purchase any shares for cancellation unless the prior consent of the Superintendent has been obtained.

Subject to certain exceptions, the *Bank Act* also prohibits the registration of a transfer or issue of any shares of a Canadian bank to any government or governmental agency of Canada or any province of Canada, or to any government of any foreign country, or any political subdivision, or agency of any foreign country.

Ratings

Our ability to access unsecured funding markets and to engage in certain collateralized business activities on a cost-effective basis is primarily dependent upon maintaining competitive credit ratings. Our credit ratings are largely determined by the rating agencies' assessment of the quality of our earnings, the adequacy of our capital and the effectiveness of our risk management programs. There can be no assurance that our credit ratings and rating outlooks will not be lowered or that ratings agencies will not issue adverse commentaries about us, potentially resulting in adverse consequences for our funding capacity or access to capital markets.

A lowering of our credit ratings may also affect our ability, and the cost, to enter into normal course derivative or hedging transactions and may require us to post additional collateral under certain contracts. However, we estimate, based on periodic reviews of ratings triggers embedded in our existing businesses and of our funding capacity sensitivity, that a minor downgrade would not materially influence our liability composition, funding access, collateral usage and associated costs.

As at December 1, 2020, RBC had the following solicited ratings from the rating agencies listed below:³

³ On June 29, 2020, Kroll Bond Rating Agency, which is registered with the SEC as a nationally recognized statistical rating organization, affirmed and withdrew the senior unsecured long-term debt and deposit ratings of AA (ranking 3 of 22) and the short-term rating of K1+ (ranking 1 of 7). These ratings were unsolicited and RBC did not participate in the ratings process.

On April 3, 2020, Fitch Ratings upgraded our rating for legacy senior long-term debt to AA+ from AA and revised our outlook to negative from stable.

On June 11, 2020, DBRS affirmed our ratings with a stable outlook.

On October 28, 2020, Standard & Poor's affirmed our ratings with a stable outlook.

On November 18, 2020, Moody's affirmed our ratings with a stable outlook.

Credit ratings, including stability or provisional ratings (collectively, Ratings) are not recommendations to purchase, sell or hold a financial obligation inasmuch as they do not comment on market price or suitability for a particular investor. Ratings may not reflect the potential impact of all risks on the value of securities. In addition, real or anticipated changes in the rating assigned to a security will generally affect the market value of that security. Ratings are determined by the rating agencies based on criteria established from time to time by them and are subject to revision or withdrawal at any time by the rating organization. Each Rating listed in the table above should be evaluated independently of any other Rating applicable to our debt and preferred shares. As is customary, RBC pays rating agencies to assign Ratings for the parent company as well as our subsidiaries, and for certain other services.

Additional information about Ratings is provided under “Transactional/positional risk drivers – Liquidity and funding risk – Credit ratings” on page 84 of our 2020 Management’s Discussion and Analysis, which section is incorporated by reference herein.

APPENDIX B – EXPLANATION OF RATINGS AND OUTLOOK

Institution	Rating	Outlook
Moody's	<ul style="list-style-type: none"> • Obligations rated 'Aa' are judged to have high intrinsic, or standalone, financial strength, and thus subject to very low credit risk absent any possibility of extraordinary support from an affiliate or a government. • Obligations rated 'A' are judged to be upper-medium grade intrinsic, or standalone, financial strength, and thus subject to lower credit risk absent any possibility of extraordinary support from an affiliate or a government. • Issuers assessed 'Baa' are judged to have medium-grade intrinsic, or standalone, financial strength, and thus subject to moderate credit risk and, as such, may possess certain speculative credit elements absent any possibility of extraordinary support from an affiliate or a government. • Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations. • Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. 	<p>A rating outlook is an opinion regarding the likely direction of an issuer's rating over the medium term.</p>
Standard & Poor's	<ul style="list-style-type: none"> • An obligation rated 'AA' differs from the highest-rated obligations only to a small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong. • An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong. • The addition of a plus or minus sign shows the relative standing within the major rating categories. • An obligation rated 'BBB' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation. • A short term obligation rated 'A-1+' has extremely strong capacity to meet its financial commitments. 	<p>A rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years) and is not necessarily a precursor of a future rating change.</p>

Institution	Rating	Outlook
Fitch	<ul style="list-style-type: none"> • ‘AA’ ratings denote expectations of very low credit risk and are judged to be of very high credit quality. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events. • ‘A’ ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. • The modifiers ‘+’ or ‘-’ may be appended to a rating to denote relative status within major rating categories. • An obligation rated ‘F1’ has the highest short-term credit quality. It indicates the strongest capacity for timely payment of financial commitments relative to other issuers or obligations in the same country. Where the liquidity profile is particularly strong, a ‘+’ is added to the assigned rating. 	<p>Rating Outlooks indicate the direction a rating is likely to move over a one- to two-year period and does not imply that a rating change is inevitable.</p>
DBRS	<ul style="list-style-type: none"> • An obligation rated ‘AA’ is of superior credit quality. The capacity for the payment of financial obligations is considered high and it is unlikely to be significantly vulnerable to future events. In many cases they differ from obligations rated ‘AAA’ only to a small degree. • An obligation rated ‘A’ is of good credit quality. The capacity for the payment of financial obligations is substantial, but of lesser credit quality than AA, and may be vulnerable to future events, but qualifying negative factors are considered manageable. • Preferred shares rated ‘Pfd-1’ are of superior credit quality and are supported by entities with strong earnings and balance sheet characteristics. Pfd-1 ratings generally correspond with companies whose senior bonds are rated in the AAA or AA categories. • Preferred shares rated ‘Pfd-2’ are generally of good credit quality. Protection of dividends and principal is still substantial, but earnings, balance sheet and coverage ratios are not as strong as Pfd-1 rated companies. Generally, Pfd-2 ratings correspond with issuers with an A category or higher reference point. • R-1 (high) is the highest credit quality. The capacity for the payment of short-term financial obligations as they fall due is exceptionally high. Unlikely to be adversely affected by future events. • All rating categories other than AAA and D also contain subcategories (high) and (low). The absence of either a (high) or (low) designation indicates the rating is in the middle of the category. 	<p>A Positive or Negative Trend is not an indication that a rating change is imminent. Rather, a Positive or Negative Trend represents an indication that there is a greater likelihood that the rating could change in the future.</p>

Institution	Rating	Outlook
Kroll Bond Rating Agency	<ul style="list-style-type: none"> • An obligation rated 'AA' is determined to have minimal risk of loss due to credit-related events. Such obligors and obligations are deemed very high quality. • A short-term obligation rated K1 has a very strong ability to meet short-term obligations. • The modifiers '-' or '+' may be appended to ratings in categories AA through CCC to indicate, respectively, upper and lower risk levels within the broader category. 	A rating outlook is an indication of the likely direction of an issuer's rating over the medium term, generally encompassing a horizon not to exceed two years and is not necessarily a precursor to a rating change.

WHAT THE RATINGS ADDRESS:

Short-term and Long-term Senior Debt

Short-term and long-term senior debt credit ratings are the current opinion of the rating agency on creditworthiness of an obligor with respect to fixed-income obligations whose original maturity is of a short and medium to long-term nature, respectively. They address the possibility that a financial obligation will not be honoured as promised and reflect both the likelihood of default and any financial loss suffered in the event of default.

Subordinated Debt

Subordinated debt credit ratings are the current opinion of the rating agency on creditworthiness of an obligor with respect to a specific financial obligation and a specific class of financial obligation for a specific financial program. Ratings take into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation and takes into account the currency in which the obligation is denominated.

Preferred Stock

Preferred stock ratings address the issuer's capacity and willingness to pay dividends and principal, in case of limited life, on a timely basis. They address the likelihood of timely payment of dividends, notwithstanding the legal ability to pass on or defer a dividend payment.

Rating Outlook

Rating Outlook assesses the potential direction of a credit rating over the intermediate to longer term. In determining a Rating Outlook consideration is given to any changes in the economic and fundamental business conditions. An Outlook is not necessarily a precursor of a rating change.

- e) “Attest” services are those engagements where the accountant issues an examination, a review, or an agreed-upon procedures report on a subject matter, or an assertion about the subject matter that is the responsibility of another party.  - m) a self assessment prepared by the auditor; and
 - n) audit quality metrics and other matters as determined by the Audit Committee or the Board of Directors.

- 9. At least every five years the Audit Committee will conduct a comprehensive assessment of the external auditor. The assessment will include:
 - a) considerations included within the annual assessment;
 - b) performance since the last comprehensive review, or appointment of the external auditor;
 - c) quality and continuity of the engagement team;
 - d) tenure of the auditor;
 - e) incidence of independence threats and effectiveness of applied safeguards;
 - f) track record of the auditor applying professional skepticism; and
 - g) responsiveness to changes in the Bank’s businesses (i.e. significant acquisitions or changes to systems) and calls for improvement from regulators, inspectors, Audit Committees or management.

- 10. The Audit Committee will take the following into account in deciding whether to recommend the tendering of the external audit engagement of the Bank:
 - a) the results of the annual and comprehensive assessments (refer to factors described in sections 8 and 9);
 - b) the impact of regulatory and legislative requirements, including mandatory tendering and rotation requirements on the Bank and its subsidiaries; and
 - c) other factors deemed relevant by the Audit Committee or the Board.

Delegation

- 11. The Audit Committee may from time to time delegate to one or more of its members who are “independent” (within the meanings of applicable law and the rules or policies of a securities commission having jurisdiction, and the New York Stock Exchange) the power to pre-approve from time to time:
 - a) audit, review or attest services to be provided by any public accounting firm (including the auditors) that have not been otherwise approved by the Audit Committee;
 - b) permissible non-audit services to be provided by the auditors that have not otherwise been approved by the Audit Committee, and
 - c) changes in the scope of pre-approved engagements and the maximum estimated fees for engagements that have been pre-approved by the Audit Committee.

12. The member(s) exercising such delegated authority must report at the next regularly scheduled meeting of the Audit Committee any services that were pre-approved under this delegated authority since the date of the last regularly scheduled meeting.
13. The member(s) exercising delegated authority may evidence his or her approval by signing an instrument in writing that describes the engagement with reasonable specificity, or by signing an engagement letter containing such a description.
14. In addition, member(s) exercising delegated authority may pre-approve an engagement orally, if any such oral approval is promptly confirmed in writing. Such written confirmation may be given by fax or e-mail and must describe the engagement with reasonable specificity.
15. The Audit Committee may pre-approve a limited (\$500,000) management fee addendum budget on an annual basis relating to fees that may arise subsequent to submission of fees for approval at the next scheduled meeting of the Audit Committee for engagements required to be completed in advance of the next scheduled meeting of the Audit Committee. Any engagement subject to this budget will be limited to those with little or no risk of independence breaches, and will be reported to the Audit Committee at the next scheduled meeting held following the end of each fiscal quarter end. The limitation on the scope of services only extend to: (i) addendums to existing statutory audit engagements, (ii) new audit and audit-related engagements; and (iii) audit-related services related to Service Organization Control 1 reports and include a limitation on fee increases to on-half or less of the original pre-approved fee, capped at a maximum of \$100,000 per engagement.

Responsibilities of External Auditors

16. To support the independence process, the external auditors shall:
 - a) confirm in engagement letters that performance of the work will not impair independence;
 - b) satisfy the Audit Committee that they have in place comprehensive internal policies and processes to ensure adherence, world-wide, to independence requirements, including robust monitoring and communications;
 - c) provide communication and confirmation to the Audit Committee on independence on a regular basis, and at least annually;
 - d) provide for Audit Committee approval, in connection with each annual audit engagement, a detailed scope of services outlining each individual audit to be performed and a detailed description of audit-related services;
 - e) utilize the tracking numbers assigned by management to all pre-approved services in all fee billings and correspondence, provide detailed annual fee reporting and review management's detailed quarterly fee reporting.
 - f) communicate to the Audit Committee all matters required to be communicated by the Canadian Public Accountability Board and U.S. Public Company Accounting Oversight Board.
 - g) maintain certification by the Canadian Public Accountability Board and registration with the U.S. Public Company Accounting Oversight Board; and
 - h) review their partner rotation plan and advise the Audit Committee on an annual basis.

Engagements

17. The Audit Committee will not, as a general rule, pre-approve a service more than one year prior to the time at which it is anticipated that the firm of accountants will be engaged to provide the service.
18. Engagements will not be considered to be revolving in nature and may not operate from year-to-year without reapproval.
19. All audit and non-audit services to be provided by the auditors, and all audit, review or attest services to be provided by any public accounting firm, shall be provided pursuant to an engagement letter that shall:

- a) be in writing and signed by the auditors or public accounting firm;
 - b) specify the particular services to be provided;
 - c) specify the period in which the services will be performed;
 - d) specify the maximum total fees to be paid; and
 - e) in the case of engagements of the auditors, include a confirmation by the auditors that the services are not within a category of services the provision of which would impair their independence under applicable law and Canadian and U.S. generally accepted auditing standards.
20. Management shall, before signing and delivering an engagement letter on behalf of the Bank or a subsidiary and before authorizing the commencement of an engagement:
- a) obtain an engagement letter in accordance with these Policies and Procedures;
 - b) confirm that the services are described in the engagement letter accurately and with reasonable specificity;
 - c) obtain confirmation from the auditors that they have conducted an analysis that supports their conclusion that performance of the services will not impair their independence;
 - d) with respect to engagements for the provision of services other than audit and audit-related services, obtain confirmation from legal counsel of the Bank that performance of the services will not impair independence; and
 - e) verify that the performance of the services has specifically been approved by the Audit Committee or a member in accordance with authority delegated by the Audit Committee.

All engagement letters entered into pursuant to these Policies and Procedures shall be made available to the Audit Committee.

Tax Services

21. The Audit Committee, and any member in the exercise of delegated power, shall consider the provision of tax services by the auditors on an engagement-by-engagement basis.
22. The Audit Committee shall not pre-approve, and any member of the Audit Committee may not exercise delegated power to engage the auditors to provide, tax services to the Bank or a subsidiary:
- a) to represent the Bank or a subsidiary before a tax or other court;
 - b) if the provision of the services would be prohibited, as prescribed by paragraph 26 of these Policies and Procedures; or
 - c) related to marketing, planning or opinion in favour of the tax treatment of (1) a transaction offered under conditions of confidentiality and for which a fee has been or will be paid by the Bank; or (2) a transaction that was initially recommended directly or indirectly, by the accountant and a significant purpose of which is tax avoidance, unless the proposed tax treatment is at least more likely than not to be allowable under applicable tax laws.
23. The Audit Committee shall not pre-approve, and any member of the Audit Committee may not exercise delegated power to engage the auditors to provide, tax services to a person in a financial oversight role at the Bank, or an immediate family member of such a person, except as would be permitted by the PCAOB rules.

Other Non-Audit Services

24. The Audit Committee, and any member in the exercise of delegated power, shall consider the provision of other non-audit services (non-audit services other than audit-related services and tax services, and including non-audit services relating to internal control and business recovery services) by the auditors on an engagement-by-engagement basis. Any approval of non-audit services relating to internal control must be preceded by a discussion with the auditors of the potential effects of the services on independence as required by the rules of the PCAOB.

Value-Added Services

25. The Audit Committee recognizes and approves of the fact that the auditors from time to time provide, without charge or commitment, value added services to the Bank and its subsidiaries that do not involve an engagement of the auditors. Such value added services may include surveys, educational sessions, workshops, roundtable meetings with peers, benchmarking studies, and monitoring of contest draws as an independent observer. The Audit Committee receives and reviews periodic reports from management and the auditors providing representative examples of such services as part of its monitoring of the Bank's overall relationship with the auditors.

Prohibited Services

26. The Audit Committee shall not pre-approve, and any member may not exercise delegated power to engage the auditors to provide, any services, including tax services or business recovery services, that (i) provide for a contingency or commission fee arrangement; or (ii) involve the auditors performing any of the non-audit services set forth in paragraph (c)(4) of Rule 2-01 of the U.S. Securities and Exchange Commission's Regulation S-X, which include:

- a. providing bookkeeping or other services related to the accounting records or financial statements of the Bank or any of its subsidiaries,
- b. providing financial information systems design and implementation to the Bank or any of its subsidiaries,
- c. providing actuarial services to the Bank or any of its subsidiaries,
- d. providing internal audit outsourcing services to the Bank or any of its subsidiaries,
- e. providing human resources services to the Bank or any of its subsidiaries,
- f. providing broker-dealer, investment adviser, or investment banking services to the Bank or any of its subsidiaries,
- g. functioning in the role of management for the Bank or any of its subsidiaries,
- h. auditing their own work in relation to the Bank or any of its subsidiaries,
- i. providing appraisal or valuation services, contribution in kind reports or fairness opinions to the Bank or any of its subsidiaries,
- j. serving in an advocacy role for the Bank or any of its subsidiaries,
- k. providing legal services to the Bank or any of its subsidiaries,
- l. providing services that fall within the category of "expert" services that are prohibited by applicable law to the Bank or any of its subsidiaries, or
- m. providing services to the Bank or any of its subsidiaries that would otherwise compromise their independence under applicable regulatory guidance.

For the purposes of the Prohibited Services listed in this Section 26 above, a "subsidiary" includes any entity for which the Bank uses the equity method of accounting and where it is material to the Bank. Therefore, the Audit Committee is not permitted to pre-approve the provision of the prohibited services listed above by the auditors to these entities.

Timely Reporting to the Audit Committee

27. Management shall provide a quarterly written report to the Audit Committee of services performed and related fees, at the scheduled meeting of the Audit Committee held following the end of each fiscal quarter end.

28. Nothing in these Policies and Procedures shall be interpreted as a delegation to management of the Audit Committee's responsibilities in violation of applicable law.

Effective Date

29. These updated Policies and Procedures are effective as and from January 28, 2020.

Disclosure

30. The Bank shall disclose these Policies and Procedures in its periodic filings, as required by applicable law.

Review

31. The Audit Committee shall review and reassess the adequacy of these Policies and Procedures on a triennial basis.
