*(incorporated with limited liability in England and Wales under the Companies Act 1985
with registered number 1397169)*

as Issuer

£6,000,000,000

Medium Term Note Programme

On 22 November, 2001 Prudential plc (the "Issuer" or "Prudential") entered into a £5,000,000,000 Medium Term Note Programme (the "Programme"). On 12 November, 2015, the Issuer increased the programme limit to £6,000,000,000 as part of the annual update of the Programme.

This Prospectus supersedes any previous prospectuses issued in respect of the Programme. Any Notes (as defined below) issued under the Programme after the date hereof are issued subject to the provisions set out herein. This does not affect any Notes issued under the Programme prior to the date hereof.

Under the Programme, the Issuer, subject to compliance with all relevant laws, regulations and directives, may from time to time issue notes (the "Notes"). Notes may be issued as senior obligations ("Senior Notes") or as dated or undated subordinated obligations with terms qualifying as Tier 2 Capital (as defined herein) (any such dated subordinated obligations "Dated Notes", any such undated subordinated obligations, "Undated Notes" and Dated Notes and Undated Notes together, "Tier 2 Notes").

Application has been made to the Financial Conduct Authority (the "FCA") in its capacity as competent authority under the Financial Services and Markets Act 2000 ("FSMA") (the "UK Listing Authority") for Notes issued under the Programme described in this Prospectus during the period of twelve months from the date of this Prospectus to be admitted to the official list of the UK Listing Authority (the "Official List") and to the London Stock Exchange plc (the "London Stock Exchange") for such Notes to be admitted to trading on the Main Market of the London Stock Exchange (the "Market"). The Market is a regulated market for the purposes of European Council Directive 2004/39/EC (the "Markets in Financial Instruments Directive"). References in this Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to the Official List and have been admitted to trading on the Market.

Prudential has a short-term/long-term debt rating of P-1/A2 (stable outlook) by Moody's Investors Service Ltd ("Moody's"), A-1/A+ (stable outlook) by Standard & Poor's Credit Market Services Europe Limited ("Standard & Poor's") and F1/A (stable outlook) by Fitch Ratings Limited ("Fitch"). Each of Moody's, Standard & Poor's and Fitch is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "CRA Regulation"). For information regarding the ratings of Notes issued under the Programme, please see page 7 below.

Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Programme by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Where a Series of Notes is rated, its rating will be specified in the applicable Final Terms.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "Securities Act") or the securities laws of any state of the United States and the Notes may not be offered, sold or delivered in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) unless the Notes are registered under the Securities Act or an exemption from the registration requirements of the Securities Act and applicable state securities laws is available. Accordingly, the Notes are being offered and sold: (i) in the United States only to persons reasonably believed to be "qualified institutional buyers" within the meaning of Rule 144A under the Securities Act ("QIBs") in reliance on the exemption from registration provided by Rule 144A; and (ii) to certain persons outside the United States who are not U.S. persons in accordance with Regulation S under the Securities Act. See "Provisions relating to the Notes while in Global Form" for a description of the manner in which Notes will be issued. Registered Notes are subject to certain restrictions on transfer, see "Subscription and Sale".

See "Risk Factors" for a discussion of certain factors to be considered in connection with an investment in the Notes.

IMPORTANT INFORMATION

This Prospectus constitutes a base prospectus for the purposes of Article 5.4 of Directive 2003/71/EC (as amended) (the “Prospectus Directive”). The Issuer has confirmed to the Dealers, as named and defined under “*Subscription and Sale*” below, in the context of the Programme and the issue of any Notes, that this Prospectus contains all such information as is necessary to enable investors to make an informed assessment of: (i) the assets and liabilities, financial position, profits and losses and prospects of the Issuer; and (ii) the rights attaching to the relevant Notes, that this Prospectus is true and accurate in all material respects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and based on reasonable assumptions and that there are no other facts in relation thereto the omission of which would, in the context of the Programme or the issue of the relevant Notes, make any statement in this Prospectus or the opinions or intentions expressed herein misleading in any material respect, and all reasonable enquiries have been made to verify the foregoing.

The Issuer accepts responsibility for the information contained in this Prospectus and the Final Terms relating to any Series of Notes. To the best of the knowledge of the Issuer, having taken all reasonable care to ensure that such is the case, the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined herein) of Notes will be set out in a final terms document (the “Final Terms”) which, with respect to Notes to be admitted to the Official List and admitted to trading on the Market, will be delivered to the UK Listing Authority and the London Stock Exchange.

Copies of each Final Terms will be available for viewing on weekdays during normal business hours from the registered office of the Issuer and the specified offices of The Law Debenture Trust Corporation p.l.c. (the “Trustee”) and the Issue and Paying Agent (as defined herein) for the time being in London and set out at the end of this Prospectus. In addition, copies of each Final Terms relating to Notes which are admitted to trading on the Market will be published on the website of the Regulatory News Service operated by the London Stock Exchange. Copies of each Final Terms relating to Notes which are admitted to trading on any other regulated market in the European Economic Area will be published in accordance with Article 14(2) of the Prospectus Directive and the rules and regulations of the relevant regulated market.

This Prospectus should be read and construed with any amendment or supplement hereto and with any documents incorporated herein by reference (see “*Documents Incorporated by Reference*” below). Further, in relation to any Series of Notes, this Prospectus should be read and construed together with the applicable Final Terms.

No person has been authorised by the Issuer, any Dealer or the Trustee to give any information or to make any representation not contained in or not consistent with this Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer, any Dealer or the Trustee.

No representation or warranty is made or implied by the Dealers or the Trustee or any of their respective affiliates, and neither the Dealers nor the Trustee nor any of their respective affiliates makes any representation or warranty or accepts any responsibility, as to the accuracy or completeness of the information contained in this Prospectus. Neither the delivery of this Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Prospectus is accurate subsequent to the date hereof or that there has been no adverse change in the financial situation of the Issuer since the date hereof or, if later, the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS PROSPECTUS AND OFFERS OF NOTES GENERALLY

The distribution of this Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus or any Final Terms come are required by the Issuer, the Dealers and the Trustee to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Prospectus or any Final Terms and other offering material relating to the Notes, see “*Subscription and Sale*”. In particular, this Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Prospectus as completed by final terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer. In addition, the Notes have not been and will not be registered under the Securities Act or the securities laws of any state in the United States and may include Notes in bearer form which are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. This Prospectus has not been submitted for clearance to the *Autorité des marchés financiers* in France.

The Notes may not be a suitable investment for all investors. Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular,

each potential investor should consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understands thoroughly the terms of the relevant Notes and is familiar with the behaviour of financial markets; and
- (e) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent: (i) Notes are legal investments for it; (ii) Notes can be used as collateral for various types of borrowing; and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Neither this Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealers, the Trustee or any of them that any recipient of this Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

U.S. INFORMATION

THE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION OR ANY OTHER SECURITIES COMMISSION OR OTHER REGULATORY AUTHORITY IN THE UNITED STATES, NOR HAVE ANY OF THE FOREGOING AUTHORITIES APPROVED THIS PROSPECTUS OR CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THE INFORMATION CONTAINED IN THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

This Prospectus may be distributed on a confidential basis in the United States to QIBs for informational use solely in connection with the consideration of the purchase of the Notes of the Issuer being offered hereby. Its use for any other purpose in the United States is not authorised.

It may not be copied or reproduced in whole or in part nor may it be distributed or any of its contents disclosed to anyone other than the prospective investors to whom it is originally submitted.

Registered Notes may be offered or sold within the United States only to QIBs in transactions exempt from registration under the Securities Act. Each U.S. purchaser of Registered Notes is hereby notified that the offer and sale of any Registered Notes to it may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A under the Securities Act ("Rule 144A").

Each purchaser or holder of Notes represented by a Rule 144A Global Note (as defined below) or any Notes issued in registered form in exchange or substitution therefor (together "Legended Notes") will be deemed, by its acceptance or purchase of any such Legended Notes, to have made certain representations and agreements intended to restrict the resale or other transfer of such Notes as set out in "*Subscription and Sale*". Unless otherwise stated, terms used in this paragraph have the meanings given to them in "*Provisions relating to the Notes while in Global Form*".

Each Tranche of Notes in registered form offered and sold in reliance on Regulation S under the Securities Act ("Regulation S"), which will be sold to non-U.S. persons outside the United States, will be represented by a global Note in registered form (a "Regulation S Global Note") which will be deposited with a common depositary or common safekeeper, as the case may be, for Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg"), and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg or in the name of a nominee of the common safekeeper, as specified in the applicable Final Terms.

Each Tranche of Notes in registered form offered and sold to QIBs will be represented by a global Note in registered form (a "Rule 144A Global Note" and, together with a Regulation S Global Note, the "Registered Global Notes") which will be deposited with a custodian for, and registered in the name of a nominee of, The Depository Trust Company ("DTC").

AVAILABLE INFORMATION

To permit compliance with Rule 144A in connection with any resales or other transfers of Notes that are "restricted securities" within the meaning of the Securities Act, the Issuer has undertaken in the Trust Deed dated 22 November, 2001 as modified and/or supplemented and/or restated from time to time (the "Trust Deed") between the Issuer and the Trustee, to furnish, upon the request of a holder of such Notes or any beneficial interest therein, to such holder or to a prospective purchaser designated by it, the information required to be delivered under Rule 144A(d)(4) under the Securities Act if, at the time of the request, the Issuer is neither a reporting company under Section 13 or 15(d) of the U.S. Securities Exchange Act of 1934, as amended, (the "Exchange Act") nor exempt from reporting pursuant to Rule 12g3-2(b) thereunder. The Issuer is currently a reporting company under the Exchange Act.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

The Issuer is a company organised under the laws of England and Wales. The majority of the officers and directors thereof named herein reside outside the United States and all or a substantial portion of the assets of the Issuer and of such officers and directors are located outside the United States. As a result, it may not be possible for investors to effect service of process outside England and Wales upon the Issuer or such persons, or to enforce judgments against them obtained in courts outside England and Wales predicated upon civil liabilities of the Issuer or such directors and officers under laws other than England and Wales, including any judgment predicated upon United States federal securities laws. The Issuer acknowledges that there is doubt as to the enforceability in England and Wales in original actions or in actions for enforcement of judgments of United States courts of civil liabilities predicated solely upon the federal securities laws of the United States.

FORWARD-LOOKING STATEMENTS

This Prospectus and the documents incorporated by reference herein may contain forward-looking statements with respect to certain of the Issuer's plans and its goals and expectations relating to its future financial condition, performance, results, strategy and objectives. SUMMARY OF THE PROGRAMME

Summaries are made up of disclosure requirements known as “Elements”. These Elements are numbered in Sections A – E (A.1 – E.7). This summary contains all the Elements required to be included in a summary for the Notes and the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary explaining why it is not applicable.

Section D – Risks		
Element	Title	
D.2	Key information on the key risks that are specific to the Issuer or its industry	<ul style="list-style-type: none"> • The Issuer's businesses are inherently subject to market fluctuations and general economic conditions. Uncertainty or negative trends in international economic and investment climates could adversely affect the Issuer's business and profitability. In particular, the adverse effect of such factors would be felt in the future principally through: (a) investment impairments and/or reduced investment returns reducing the Group's capital and impair its ability to write significant volumes of new business, increase the potential adverse impact of product guarantees, or have a negative impact on its assets under management and profit; (b) higher credit defaults and wider credit and liquidity spreads resulting in realised and unrealised credit losses; (c) failure of counterparties who have transactions with the Group (e.g. banks and reinsurers) to meet commitments; (d) difficulties experienced in estimating the value of financial instruments due to illiquid or closed markets; and (e) increased illiquidity adding to uncertainty over financial resources and the possibility of a reduction in capital resources as valuations decline. • The Issuer is subject to the risk of potential sovereign debt credit deterioration owing to the amounts of sovereign debt obligations held in the Group's investment portfolio. If a sovereign were to default on its obligations, this could have a material adverse effect on the Issuer's financial condition and results of operations. • The Issuer is subject to the risk of exchange rate fluctuations owing to the geographical diversity of its businesses. The Issuer's operations in the US and Asia, which represent a significant proportion of operating profit based on longer-term investment returns and shareholders' funds, generally write policies and invest in assets denominated in local currency. The impact of gains or losses on currency translations is accounted for in the Group's consolidated financial statements as a component of shareholders' funds within other comprehensive income and, consequently, could impact on the Issuer's gearing ratios.

		<ul style="list-style-type: none"> • The Issuer conducts its businesses subject to regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies and interpretations and any accounting standards in the markets in which it operates. Changes in government policy, legislation (including in relation to tax and capital controls), regulation or regulatory interpretation applying to companies in the financial services and insurance industries in any of the markets in which the Group operates, which may apply retrospectively, may adversely affect the Group's product range, distribution channels, competitiveness, profitability, capital requirements and, consequently, reported results and financing requirements. Also, regulators in jurisdictions in which the Group operates may change the level of capital required to be held by individual businesses or could introduce possible changes in the regulatory framework for pension arrangements and policies, the regulation of selling practices and solvency requirements. In addition, there could be changes to the maximum level of non-domestic ownership by foreign companies in certain jurisdictions. Furthermore, as a result of the interventions by governments in response to recent financial and global economic conditions, it is widely expected that there will continue to be a substantial increase in governmental regulation and supervision of the financial services industry, including the possibility of higher capital requirements, restrictions on certain types of transactions and enhanced supervisory powers. • The Issuer's businesses are conducted in highly competitive environments with developing demographic trends and continued profitability depends upon management's ability to respond to these pressures and trends. The markets for financial services in the UK, US and Asia are highly competitive. In some markets, the Issuer faces competitors that are larger, have greater financial resources or a greater market share, offer a broader range of products or have higher bonus rates. Further, heightened competition for talented and skilled employees and agents with local experience, particularly in Asia, may limit the Issuer's potential to grow its business as quickly as planned.
--	--	---

		<ul style="list-style-type: none"> Downgrades in the Issuer's financial strength and credit ratings could significantly impact its competitive position and damage its relationships with creditors and trading counterparties. Such ratings, which are used by the market to measure the Group's ability to meet policyholder obligations, are an important factor affecting public confidence in some of the Group's products and, as a result, its competitiveness. Downgrades in the Issuer's ratings could have an adverse effect on the Group's ability to market products or retain current policyholders or on the Group's financial flexibility. In addition, the interest rates the Issuer pays on its borrowings are affected by its credit ratings. Adverse experience relative to the assumptions used in pricing products and reporting business results could significantly affect the Issuer's results of operations. In common with other life insurers, the profitability of the Group's businesses depends on a mix of factors, including mortality and morbidity trends, policy surrender and take-up rates on guarantee features of products, investment performance and impairments, unit cost of administration and new business acquisition expenses. The Issuer needs to make assumptions about a number of factors in determining the pricing of its products, for setting reserves and for reporting its capital levels and the results of its long-term business operations. If actual levels are significantly different to assumed levels, the Issuer's results of operations could be adversely affected.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate.

Prospective investors should note that the risks relating to the Issuer and the Notes summarised in the section of this Prospectus headed “Summary of the Programme” are the risks that the Issuer believes to be the most essential to an assessment by a prospective investor of whether to consider an investment in the Notes. However, as the risks which the Issuer faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the section of this document headed “Summary of the Programme” but also, among other things, the risks and uncertainties described below.

Risks relating to the Issuer’s business

The Issuer’s businesses are inherently subject to market fluctuations and general economic conditions

The Issuer’s businesses are inherently subject to market fluctuations and general economic conditions. Uncertainty or negative trends in international economic and investment climates could adversely affect the Issuer’s business and profitability. Since 2008 the Issuer has operated against a challenging background of periods of significant volatility in global capital and equity markets, interest rates (which in some jurisdictions have become negative) and liquidity, and widespread economic uncertainty. For example, government interest rates remain at or near historic lows in the US, the UK and some Asian countries in which the Issuer operates. These factors have, at times during this period, had a material adverse effect on the Issuer’s business and profitability.

In the future, the adverse effects of such factors would be felt principally through the following items:

- investment impairments and/or reduced investment returns, which could reduce the Group’s capital and impair its ability to write significant volumes of new business, increase the potential adverse impact of product guarantees, or have a negative impact on its assets under management and profit;

- higher credit defaults and wider credit and liquidity spreads resulting in realised and unrealised credit losses;
- failure of counterparties who have transactions with the Group (e.g. banks and reinsurers) to meet commitments that could give rise to a negative impact on the Issuer's financial position and on the accessibility or recoverability of amounts due or, for derivative transactions, adequate collateral not being in place;
- estimates of the value of financial instruments being difficult because in certain illiquid or closed markets, determining the value at which financial instruments can be realised is highly subjective.

Processes to ascertain such values require substantial elements of judgement, assumptions and estimates (which may change over time); and

- increased illiquidity also adds to uncertainty over the accessibility of financial resources and may reduce capital resources as valuations decline.

Global financial markets are subject to uncertainty and volatility created by a variety of factors, including concerns over the energy and commodity sectors, sovereign debt, general slowing in world growth, the monetary policies in the US, the UK and other jurisdictions and potentially negative socio-political events. In addition, a possible withdrawal of the UK from the European Union (the "EU") would have political, legal and economic ramifications for both the UK and the EU, although these are expected to be more pronounced in the UK.

Upheavals in the financial markets may affect general levels of economic activity, employment and customer behaviour. As a result, insurers may experience an elevated incidence of claims, lapses, or surrenders of policies, and some policyholders may choose to defer or stop paying insurance premiums. The demand for insurance products may also be adversely affected. In addition, there may be a higher incidence of counterparty failures. If sustained, this environment is likely to have a negative impact on the insurance sector over time and may consequently have a negative impact on the Issuer's business and its balance sheet and profitability. For example, this could occur if the recoverable value of intangible assets for bancassurance agreements and deferred acquisition costs are reduced. New challenges related to market fluctuations and general economic conditions may continue to emerge.

For some non-unit-linked investment products, in particular those written in some of the Group's Asian operations, it may not be possible to hold assets which will provide cash flows to match those relating to policyholder liabilities. This is particularly true in those countries where bond markets are not developed and in certain markets where regulated surrender values are set with reference to the interest rate environment prevailing at the time of policy issue. This results in a mismatch due to the duration and uncertainty of the liability cash flows and the lack of sufficient assets of a suitable duration. While this residual asset/liability mismatch risk can be managed, it cannot be eliminated. Where interest rates in these markets remain lower than those used to calculate surrender values over a sustained period, this could have a material adverse effect on the Issuer's reported profit.

In the US, fluctuations in prevailing interest rates can affect results from Jackson which has a significant spread-based business, with the majority of its assets invested in fixed income securities. In particular, fixed annuities and stable value products written by Jackson expose the Issuer to the risk that changes in interest rates, which are not fully reflected in the interest rates credited to customers, will reduce spread. The spread is the difference between the rate of return Jackson is able to earn on the assets backing the policyholders' liabilities and the amounts that are credited to policyholders in the form of benefit increases, subject to minimum crediting rates. Declines in spread from these products or other spread businesses that Jackson conducts, and increases in surrender levels arising from interest rate rises, could have a material impact on its businesses or results of operations.

Jackson also writes a significant amount of variable annuities that offer capital or income protection guarantees. The value of these guarantees is affected by market factors (such as interest rates, equity values, bond spreads and realised volatility) and policyholder behaviour. There could be market circumstances where the derivatives that Jackson enters into to hedge its market risks may not fully cover its exposures under the guarantees. The cost of the guarantees that remain unhedged will also affect the Issuer's results.

Jackson hedges the guarantees on its variable annuity book on an economic basis (with consideration of the local regulatory position) and, thus, accepts variability in its accounting results in the short term in order to achieve the appropriate result on these bases. In particular, for the Issuer's Group International Financial Reporting Standards ("IFRS") reporting, the measurement of the Jackson variable annuity guarantees is typically less sensitive to market movements than for the corresponding hedging derivatives, which are held at market value. However, depending on the level of hedging conducted regarding a particular risk type, certain market movements can drive volatility in the economic or local regulatory results that may be less significant under IFRS reporting.

A significant part of the profit from the Issuer's UK insurance operations is related to bonuses for policyholders declared on with-profits products, which are broadly based on historical and current rates of return on equity, real estate and fixed income securities, as well as the Issuer's expectations of future investment returns. This profit could be lower in a sustained low interest rate environment.

The Issuer is subject to the risk of potential sovereign debt credit deterioration owing to the amounts of sovereign debt obligations held in the Group's investment portfolio

The Issuer is subject to the risk of potential sovereign debt credit deterioration on the amounts of sovereign debt obligations held in the Group's investment portfolio.

Investing in sovereign debt creates exposure to the direct or indirect consequences of political, social or economic changes (including changes in governments, heads of states or monarchs) in the countries in which the issuers are located and the creditworthiness of the sovereign. Investment in sovereign debt obligations involves risks not present in debt obligations of corporate issuers. In addition, the issuer of the debt or the governmental authorities that control the repayment of the debt may be unable or unwilling to repay principal or pay interest when due in accordance with the terms of such debt, and the Issuer may have limited recourse to compel payment in the event of a default. A sovereign debtor's willingness or ability to repay principal and

to pay interest in a timely manner may be affected by, among other factors, its cash flow situation, its relations with its central bank, the extent of its foreign currency reserves, the availability of sufficient foreign exchange on the date a payment is due, the relative size of the debt service burden to the economy as a whole, the sovereign debtor's policy toward local and international lenders, and the political constraints to which the sovereign debtor may be subject.

Moreover, governments may use a variety of techniques, such as intervention by their central banks or imposition of regulatory controls or taxes, to devalue their currencies' exchange rates, or may adopt monetary and other policies (including to manage their debt burdens) that have a similar effect, all of which could adversely impact the value of an investment in sovereign debt even in the absence of a technical default. Periods of economic uncertainty may affect the volatility of market prices of sovereign debt to a greater extent than the volatility inherent in debt obligations of other types of issuers.

In addition, if a sovereign default or other such events described above were to occur, other financial institutions may also suffer losses or experience solvency or other concerns, and the Issuer might face additional risks relating to any debt of such financial institutions held in the Group's investment portfolio. There is also risk that public perceptions about the stability and creditworthiness of financial institutions and the financial sector generally might be affected, as might counterparty relationships between financial institutions. If a sovereign were to default on its obligations, or adopt policies that devalue or otherwise alter the currencies in which its obligations are denominated this could have a material adverse effect on the Issuer's financial condition and results of operations.

The Issuer is subject to the risk of exchange rate fluctuations owing to the geographical diversity of its businesses

Due to the geographical diversity of the Issuer's businesses, the Issuer is subject to the risk of exchange rate fluctuations. The Issuer's operations in the US and Asia, which represent a significant proportion of operating profit based on longer-term investment returns and shareholders' funds, generally write policies and invest in assets denominated in local currencies. Although this practice limits the effect of exchange rate fluctuations on local operating results, it can lead to significant fluctuations in the Issuer's consolidated financial statements upon the translation of results into pounds sterling. This exposure is not currently separately managed.

The currency exposure relating to the translation of reported earnings could impact on financial reporting ratios such as dividend cover, which is calculated as operating profit after tax on an IFRS basis, divided by the dividends relating to the reporting year. The impact of gains or losses on currency translations is recorded as a component of shareholders' funds within other comprehensive income. Consequently, this could impact on the Issuer's gearing ratios (defined as debt over debt plus shareholders' funds). The Group's surplus capital position for regulatory reporting purposes may also be affected by fluctuations in exchange rates with possible consequences for the degree of flexibility the Issuer has in managing its business.

The Issuer conducts its businesses subject to regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies and interpretations and any accounting standards in the markets in which it operates

Changes in government policy and legislation (including in relation to tax and capital controls), regulation or regulatory interpretation applying to companies in the financial services and insurance industries in any of the markets in which the Group operates, which in some circumstances may be applied retrospectively, may adversely affect the Group's product range, distribution channels, competitiveness, profitability, capital requirements and, consequently, reported results and financing requirements. Also, regulators in jurisdictions in which the Group operates may change the level of capital required to be held by individual businesses or could introduce possible changes in the regulatory framework for pension arrangements and policies, the regulation of selling practices and solvency requirements. In addition, there could be changes to the maximum level of non-domestic ownership by foreign companies in certain jurisdictions. Furthermore, as a result of interventions by governments in response to recent financial and global economic conditions, it is widely expected that there will continue to be a substantial increase in government regulation and supervision of the financial services industry, including the possibility of higher capital requirements, restrictions on certain types of transactions and enhanced supervisory powers.

The European Union's Solvency II Directive came into effect on 1 January, 2016. This measure of regulatory capital is more volatile than under the previous Solvency I regime and regulatory policy may evolve under the new regime. The European Commission will review elements of the Solvency II legislation from 2016 onwards including a review of the Long Term Guarantee measures by 1 January, 2021.

Currently there are also a number of other global regulatory developments which could impact the way in which the Group is supervised in many jurisdictions. These include the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") in the US, the work of the Financial Stability Board ("FSB") on Global Systemically Important Insurers ("G-SIIs") and the Common Framework for the Supervision of Internationally Active Insurance Groups ("ComFrame") being developed by the International Association of Insurance Supervisors ("IAIS").

The Dodd-Frank Act represents a comprehensive overhaul of the financial services industry within the United States that, among other reforms to financial services entities, products and markets, may subject financial institutions designated as systemically important to heightened prudential and other requirements intended to prevent or mitigate the impact of future disruptions in the US financial system. The full impact of the Dodd-Frank Act on the Issuer's businesses is not currently clear, as many of its provisions are primarily focused on the banking industry, have a delayed effectiveness and/or require rulemaking or other actions by various US regulators over the coming years.

The IAIS has various initiatives which are detailed in this section. On 18 July, 2013, it published a methodology for identifying G-SIIs, and a set of policy measures that will apply to them, which the FSB endorsed. Groups designated as a G-SII are subject to additional regulatory requirements, including enhanced group-wide supervision, effective resolution planning, development of a Systemic Risk Management Plan, a Recovery Plan and a Liquidity Risk Management Plan. The Issuer's designation as a G-SII was reaffirmed on 3 November, 2015. The

Issuer is monitoring the development and potential impact of the policy measures and is continuing to engage with the PRA on the implications of the policy measures and the Issuer's designation as a G-SII.

The G-SII regime also introduces two types of capital requirements. The first, a Basic Capital Requirement ("BCR"), is designed to act as a minimum group capital requirement and the second, a Higher Loss Absorption ("HLA") requirement, reflects the drivers of the assessment of G-SII designation. The IAIS intends for these requirements to take effect from January 2019, but G-SIIs will be expected to report privately to their group-wide supervisors in the interim.

The IAIS is also developing ComFrame which is focused on the supervision of large and complex Internationally Active Insurance Groups ("IAIGs"). ComFrame will establish a set of common principles and standards designed to assist regulators in addressing risks that arise from insurance groups with operations in multiple jurisdictions. As part of this, work is underway to develop a global Insurance Capital Standard ("ICS") that would apply to IAIGs. Once the development of the ICS has been concluded, it is intended to replace the BCR as the minimum group capital requirement for G-SIIs. Further consultations on the ICS are expected over the coming years, and a version of the ICS is expected to be adopted as part of ComFrame in late of 2019.

Various jurisdictions in which the Issuer operates have created investor compensation schemes that require mandatory contributions from market participants in some instances in the event of a failure of a market participant. As a major participant in the majority of its chosen markets, circumstances could arise where the Issuer, along with other companies, may be required to make such contributions.

The Group's accounts are prepared in accordance with current IFRS applicable to the insurance industry. The International Accounting Standards Board ("IASB") introduced a framework that it described as Phase I, which permitted insurers to continue to use the statutory basis of accounting for insurance assets and liabilities that existed in their jurisdictions prior to January 2005. In July 2010, the IASB published its first Exposure Draft for its Phase II on insurance accounting, which would introduce significant changes to the statutory reporting of insurance entities that prepare accounts according to IFRS. A revised Exposure Draft was issued in June 2013. The IASB is currently re-deliberating the Exposure Draft proposals in light of comments by the insurance industry and other respondents. The timing of the final proposals taking effect is uncertain but not expected to be before 2020.

Any changes or modification of IFRS accounting policies may require a change in the future results or a retrospective adjustment of reported results.

The resolution of several issues affecting the financial services industry could have a negative impact on the Issuer's reported results or on its relations with current and potential customers

The Issuer is, and in the future may be, subject to legal and regulatory actions in the ordinary course of its business, both in the UK and internationally. These actions could involve a review of types of business sold in the past under acceptable market practices at the time, such as the requirement in the UK to provide redress to certain past purchasers of pension and mortgage

endowment policies, changes to the tax regime affecting products, and regulatory reviews on products sold and industry practices, including, in the latter case, lines of business it has closed.

Regulators' interest may include the approach that product providers use to select third party distributors and to monitor the appropriateness of sales made by them. In some cases, product providers can be held responsible for the deficiencies of third-party distributors.

In the US, there has been significant attention on the different regulatory standards applied to investment advice delivered to retail customers by different sectors of the industry. As a result of reports relating to perceptions of industry abuses, there have been numerous regulatory inquiries and proposals for legislative and regulatory reforms. This includes focus on the suitability of sales of certain products, alternative investments and the widening of the circumstances under which a person or entity providing investment advice with respect to certain employee benefit and pension plans would be considered a fiduciary which would subject the person or entity to certain regulatory requirements. There is a risk that new regulations introduced may have a material adverse effect on the sales of the products by the Issuer and increase the Issuer's exposure to legal risks.

In Asia, regulatory regimes are developing at different speeds, driven by a combination of global factors and local considerations. New requirements could be introduced in these and other regulatory regimes that challenge current practices, or could retrospectively be applied to sales made prior to their introduction, which could have a negative impact on the Issuer's business or reported results.

Litigation, disputes and regulatory investigations may adversely affect the Issuer's profitability and financial condition

The Issuer is, and may be in the future, subject to legal actions, disputes and regulatory investigations in various contexts, including in the ordinary course of its insurance, investment management and other business operations. These legal actions, disputes and investigations may relate to aspects of the Issuer's businesses and operations that are specific to the Issuer, or that are common to companies that operate in the Issuer's markets. Legal actions and disputes may arise under contracts, regulations (including tax) or from a course of conduct taken by the Issuer, and may be class actions. Although the Issuer believes that it has adequately provided in all material aspects for the costs of litigation and regulatory matters, no assurance can be provided that such provisions are sufficient. Given the large or indeterminate amounts of damages sometimes sought, other sanctions that might be applicable and the inherent unpredictability of litigation and disputes, it is possible that an adverse outcome could, from time to time, have an adverse effect on the Issuer's reputation, results of operations or cash flows.

The Issuer's businesses are conducted in highly competitive environments with developing demographic trends and continued profitability depends upon management's ability to respond to these pressures and trends

The markets for financial services in the UK, US and Asia are highly competitive, with several factors affecting the Issuer's ability to sell its products and continued profitability, including price and yields offered, financial strength and ratings, range of product lines and product quality, brand strength and name recognition, investment management performance, historical bonus levels,

developing demographic trends and customer appetite for certain savings products. In some of its markets, the Issuer faces competitors that are larger, have greater financial resources or a greater market share, offer a broader range of products or have higher bonus rates. Further, heightened competition for talented and skilled employees and agents with local experience, particularly in Asia, may limit the Issuer's potential to grow its business as quickly as planned.

In Asia, the Group's principal competitors in the region are international financial companies, including global life insurers such as Allianz, AXA, AIA and Manulife, and multinational asset managers such as J.P. Morgan Asset Management, Schroders, HSBC Global Asset Management and Franklin Templeton. In a number of markets, local companies have a very significant market presence.

Within the UK, the Issuer's principal competitors include many of the major retail financial services companies and fund management companies including, in particular, Aviva, Legal & General, Lloyds Banking Group, Standard Life, Schroders, Invesco Perpetual and Fidelity.

Jackson's competitors in the US include major stock and mutual insurance companies, mutual fund organisations, banks and other financial services companies such as AIG, AXA Financial Inc., Allianz, Prudential Financial, Lincoln National, MetLife and Aegon.

The Issuer believes competition will intensify across all regions in response to consumer demand, technological advances, the impact of consolidation, regulatory actions and other factors. The Issuer's ability to generate an appropriate return depends significantly upon its capacity to anticipate and respond appropriately to these competitive pressures.

Downgrades in the Issuer's financial strength and credit ratings could significantly impact its competitive position and damage its relationships with creditors or trading counterparties

The Issuer's financial strength and credit ratings, which are used by the market to measure its ability to meet policyholder obligations, are an important factor affecting public confidence in the Issuer's products, and as a result its competitiveness. Downgrades in the Issuer's ratings, as a result of, for example, decreased profitability, increased costs, increased indebtedness or other concerns, could have an adverse effect on its ability to market products; retain current policyholders; and on the Group's financial flexibility. In addition, the interest rates the Issuer pays on its borrowings are affected by its credit ratings, which are in place to measure the Group's ability to meet its contractual obligations.

The Issuer's long-term senior debt is rated as A2 by Moody's, A+ by Standard & Poor's and A by Fitch. These ratings are all on a stable outlook.

The Issuer's short-term debt is rated as P-1 by Moody's, A-1 by Standard & Poor's and F1 by Fitch.

Prudential Assurance Company Limited's financial strength is rated Aa3 by Moody's, AA by Standard & Poor's and AA by Fitch. These ratings are all on a stable outlook.

Jackson's financial strength is rated AA by Standard & Poor's and Fitch, A1 by Moody's, and A+ by AM Best. These ratings have a stable outlook.

Prudential Assurance Co. Singapore (Pte) Ltd's financial strength is rated AA by Standard & Poor's. This rating is on a stable outlook.

In addition, changes in methodologies and criteria used by rating agencies could result in downgrades that do not reflect changes in the general economic conditions or the Issuer's financial condition.

Adverse experience in the operational risks inherent in the Issuer's business could disrupt its business functions and have a negative impact on its results of operations

Operational risks are present in all of the Issuer's businesses, including the risk of direct or indirect loss resulting from inadequate or failed internal and external processes, systems and human error or from external events. The Issuer's business is dependent on processing a large number of transactions across numerous and diverse products, and is subject to a number of different legal and regulatory regimes. Further, because of the long-term nature of much of the Group's business, accurate records have to be maintained for significant periods.

These factors, among others, result in significant reliance on and require significant investment in information technology ("IT"), compliance and other operational systems, personnel and processes. In addition, the Issuer outsources several operations, including a significant part of its UK back office and customer-facing functions as well as a number of IT functions, resulting in reliance upon the operational processing performance of its outsourcing partners.

Although the Issuer's IT, compliance and other operational systems and processes incorporate controls designed to manage and mitigate the operational risks associated with its activities, there can be no assurance that such controls will always be effective. Due to human error among other reasons, operational incidents do happen periodically and no system or process can entirely prevent them although there have not been any material such events to date. The Issuer's legacy and other IT systems and processes as with operational systems and processes generally, may be susceptible to failure or breaches.

Such events could, among other things, harm the Issuer's ability to perform necessary business functions, result in the loss of confidential or proprietary data (exposing it to potential legal claims and regulatory sanctions) and damage its reputation and relationships with its business partners and customers. Similarly, any weakness in administration systems (such as those relating to policyholder records or meeting regulatory requirements) or actuarial reserving processes could have a material adverse effect on its results of operations during the effective period.

Attempts by third parties to disrupt the Issuer's IT systems could result in loss of trust from the Issuer's customers, reputational damage and financial loss

Being part of the financial services sector, the Issuer and its business partners are increasingly exposed to the risk that third parties may attempt to disrupt the availability, confidentiality and integrity of its IT systems, which could result in disruption to the key operations, make it difficult to recover critical services, damage assets and compromise data (both corporate or customer).

This could result in loss of trust from the Issuer's customers, reputational damage and financial loss. The cyber-security threat continues to evolve globally in sophistication and potential significance. As a result of the Issuer's increasing market profile, the growing interest by customers to interact with their insurance provider and asset manager through the internet and social media, improved brand awareness and the classification of the Issuer as a G-SII, there is an increased likelihood of the Issuer being considered a target by cyber criminals. The Issuer has not identified a failure or breach which has had a material impact in relation to the Group's legacy and other IT systems and processes to date. However, the Issuer has been, and likely will continue to be, subject to computer viruses, attempts at unauthorised access and cyber-security attacks such as 'denial of service' attacks (which, for example, can cause temporary disruption to websites and IT networks), phishing and disruptive software campaigns.

The Issuer is continually enhancing its IT environment to remain secure against emerging threats, together with increasing its ability to detect system compromise and recover should such an incident occur. However, there can be no assurance that such events will not take place with adverse consequential effects on the Issuer's business and financial position.

Adverse experience relative to the assumptions used in pricing products and reporting business results could significantly affect the Issuer's results of operations

In common with other life insurers, the profitability of the Group's businesses depends on a mix of factors including mortality and morbidity levels and trends, policy surrenders and take-up rates on guarantee features of products, investment performance and impairments, unit cost of administration and new business acquisition expenses.

The Issuer needs to make assumptions about a number of factors in determining the pricing of its products, for setting reserves, and for reporting its capital levels and the results of its long-term business operations. For example, the assumption that the Issuer makes about future expected levels of mortality is particularly relevant for its UK annuity business, where payments are guaranteed for at least as long as the policyholder is alive. The Issuer conducts rigorous research into longevity risk, using industry data as well as its own substantial annuitant experience. As part of its pension annuity pricing and reserving policy, the Issuer's UK business assumes that current rates of mortality continuously improve over time at levels based on adjusted data and informed by models from the Continuous Mortality Investigation ("CMI") as published by the Institute and Faculty of Actuaries. Assumptions about future expected levels of mortality are also of relevance to the Guaranteed Minimum Withdrawal Benefit ("GMWB") of Jackson's variable annuity business. If mortality improvement rates significantly exceed the improvement assumed, the Issuer's results of operations could be adversely affected.

A further factor is the assumption that the Issuer makes about future expected levels of the rates of early termination of products by its customers known as "persistency". This is particularly relevant to its lines of business other than its UK annuity business, especially Jackson's portfolio of traditional and variable annuities. The Issuer's persistency assumptions reflect recent past experience for each relevant line of business. Any expected change in future persistency is also reflected in the assumption. If actual levels of future persistency are significantly different than assumed, the Group's results of operations could be adversely affected. Furthermore, Jackson's variable annuity products are sensitive to other types of policyholder behaviour, such as the take-up of its GMWB product features.

Another example is the impact of epidemics and other effects that give rise to a large number of deaths or additional sickness claims. Significant influenza epidemics have occurred a number of times over the past century but the likelihood, timing, or the severity of future epidemics cannot be predicted. The effectiveness of external parties, including governmental and non-governmental organisations, in combating the spread and severity of any epidemics could have a material impact on the Group's loss experience.

As a holding company, the Issuer is dependent upon its subsidiaries to cover operating expenses and dividend payments

The Issuer's insurance and investment management operations are generally conducted through direct and indirect subsidiaries.

As a holding company, the Issuer's principal sources of funds are remittances from subsidiaries, shareholder-backed funds, the shareholder transfer from long-term funds and any amounts that may be raised through the issuance of equity, debt and commercial paper.

Certain of the Issuer's subsidiaries are restricted by applicable insurance, foreign exchange and tax laws, rules and regulations that can limit remittances. In some circumstances, this could limit the Issuer's ability to pay dividends to shareholders or to make available funds held in certain subsidiaries to cover operating expenses of other members of the Group.

The Issuer operates in a number of markets through joint ventures and other arrangements with third parties (including in China and India), involving certain risks that the Issuer does not face with respect to its consolidated subsidiaries

The Issuer operates, and in certain markets is required by local regulation to operate, through joint ventures (including in China and India). For the Group's joint venture operations, management control is exercised jointly with the venture participants. The level of control exercisable by the Group depends on the terms of the joint venture agreements, in particular, the allocation of control among, and continued co-operation between, the joint venture participants. The Issuer may face financial, reputational and other exposure (including regulatory censure) in the event that any of its joint venture partners fails to meet its obligations under the joint venture, encounters financial difficulty, or fails to comply with local or international regulation and standards such as those pertaining to the prevention of financial crime. In addition, a significant proportion of the Group's product distribution is carried out through arrangements with third parties not controlled by the Issuer and is dependent upon continuation of these relationships. A temporary or permanent disruption to these distribution arrangements, such as through significant deterioration in the reputation, financial position or other circumstances of the third party or material failure in controls (such as those pertaining to the prevention of financial crime) could adversely affect the results of operations of the Issuer.

Changes in tax legislation may result in adverse tax consequences

Tax rules, including those relating to the insurance industry, and their interpretation, may change, possibly with retrospective effect, in any of the jurisdictions in which the Issuer operates. Significant tax disputes with tax authorities, and any change in the tax status of any member of

the Group or in taxation legislation or its scope or interpretation could affect the Issuer's financial condition and results of operations.

Risks Relating to the Notes

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features.

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of the Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Alternatively, Notes may be issued with no maturity date and the Issuer is under no obligation to redeem such Notes and the holders of such Notes have no right to call for their redemption (save as permitted pursuant to the applicable Final Terms).

If the Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market in, and the market value of, such Notes since the Issuer may be expected to convert the rate when it is likely to result in a lower overall cost of borrowing for the Issuer. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate.

In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate applicable to the Fixed/Floating Rate Notes may be lower than then prevailing market rates.

The interest rate on Reset Notes will reset on each Reset Date, which can be expected to affect the interest payment on an investment in Reset Notes and could affect the market value of Reset Notes

Reset Notes will initially earn interest at the Initial Rate of Interest until (but excluding) the Reset Date (or, if there is more than one Reset Period, the first Reset Date). On the first Reset Date, however, and on each subsequent Reset Date (if any) thereafter, the interest rate will be reset to the sum of the applicable Subsequent Reset Reference Rate and the applicable Reset Margin as determined by the Issue and Paying Agent on the relevant Reset Determination Date (each such interest rate, a “Subsequent Reset Rate”). The Subsequent Reset Rate for any Reset Period could be less than Initial Rate of Interest or the Subsequent Reset Rate for prior Reset Periods and could affect the market value of an investment in the Reset Notes.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

The Issuer’s obligations under Tier 2 Notes are subordinated

The Issuer’s obligations under Tier 2 Notes will be unsecured and subordinated and will rank junior in priority to the claims of more senior ranking creditors of the Issuer. Although Tier 2 Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a real risk that an investor in Tier 2 Notes will lose all or some of its investment should the Issuer become insolvent. Further, there is no restriction on the amount of securities which the Issuer may issue and which may rank senior to, or *pari passu* with, the Tier 2 Notes. The issue of any such securities may reduce the amount recoverable by holders of the Tier 2 Notes on a winding-up of the Issuer and/or may increase the likelihood of a deferral of payments under the Tier 2 Notes.

Deferral of payments

All payments on Tier 2 Notes, their respective Coupons or under the Trust Deed relating to them or arising therefrom are conditional on (i) the Issuer satisfying the Solvency Condition both at the time of payment and immediately thereafter and (ii) both the Solvency Capital Requirement and the Minimum Capital Requirement being met both at the time of payment and immediately thereafter.

The Issuer may specify in the Final Terms that the Tier 2 Notes are subject to: (i) Optional Interest Deferral, in which case the Issuer may (save as described below) elect to defer the payment of interest on the Tier 2 Notes on any Interest Payment Date at its sole discretion; and (ii) Capital Adequacy Condition Deferral, in which case the Issuer may (save as described below) elect to defer the payment of interest on the Tier 2 Notes on any Interest Payment Date on which the Issuer determines at its sole discretion (by reference to the Issuer’s then current financial

condition) that the Capital Adequacy Condition will not be met both at the time of and immediately after making the relevant interest payment or that it is required under the terms of any Parity Security issued to 1 January, 2016 to defer payment of interest on the Tier 2 Notes.

In each case, if a Dividend and Capital Restriction is specified as applicable in the Final Terms, the Issuer may not defer the payment of interest of any Interest Payment Date which is a Compulsory Interest Payment Date.

A “Compulsory Interest Payment Date” for this purpose means any Interest Payment Date on which: (i) the Issuer satisfies the Solvency Condition, both the Solvency Capital Requirement and the Minimum Capital Requirement are met, in each case, both at the time of, and immediately after, making the relevant interest payment; (ii) the Issuer has, in the six calendar months immediately preceding such Interest Payment Date, declared or paid any dividend on any class of its share capital; and (iii) the Issuer is not required to defer payments of interest on the Tier 2 Notes pursuant to the terms of any Parity Security issued prior to 1 January, 2016.

Any interest not paid on an Interest Payment Date for the reasons described above shall, so long as they remain unpaid, constitute Arrears of Interest. No interest will accrue on Arrears of Interest. At the option of the Issuer, but subject to satisfying the Solvency Condition, the Solvency Capital Requirement and the Minimum Capital Requirement at the time of such payment and immediately thereafter unless otherwise determined by the PRA, Arrears of Interest may be settled by the Issuer at any time and shall otherwise become payable in full on redemption of the Tier 2 Notes, on purchase of the Tier 2 Notes by or on behalf of the Issuer or upon commencement of the winding-up of the Issuer.

Capital Adequacy Condition means:

- (a) in relation to Prudential Assurance, the Issuer’s wholly owned subsidiary, the ratio of its Regulatory Assets to its Regulatory Capital Requirement is at least 125%; or
- (b) if there is a Regulatory Capital Requirement applicable to the Issuer either directly or in relation to it and its Subsidiaries as a group, the Issuer exceeds such Regulatory Capital Requirement by a factor of at least 25% of such Regulatory Capital Requirement; or
- (c) if there is no Regulatory Capital Requirement applicable to the Issuer, its total Assets exceed its total Liabilities, other than liabilities to persons that are not more senior ranking creditors of the Issuer, by at least 125% of such percentage specified by the PRA as the Regulatory Capital Requirement specifically applicable to Prudential Assurance (*the Regulatory Capital Requirement specifically applicable to Prudential Assurance was approximately 11% as at 31 December, 2015*); or
- (d) in relation to the Issuer’s EEA Insurance Subsidiaries, each EEA Insurance Subsidiary complies with the Capital Regulations applicable to it.

The following table shows the ratio, as per test (a), of the Regulatory Assets of Prudential Assurance to its Regulatory Capital Requirement at 31 December, 2013, 31 December, 2014 and 31 December, 2015:

At 31 December			
2013	2014	2015	Current Threshold for Optional Interest Payment Date
178%	167%	181%	125%

Since 1 January, 2005, the Issuer and its Subsidiaries as a group have been subject to a Regulatory Capital Requirement. The Regulatory Capital Requirement requires the Issuer to maintain an excess of Regulatory Assets over Regulatory Liabilities (being liabilities taken into account for the purposes of the Regulatory Capital Requirement) at all times.

The following table shows the percentage, as per test (b), by which the Issuer and its Subsidiaries as a group exceed the Regulatory Capital Requirements, as per the Insurance Group Directive and after allowing for dividend payment, at 31 December, 2013, 31 December, 2014 and 31 December, 2015:

At 31 December			
2013	2014	2015	Current Threshold for Optional Interest Payment Date
160%	119%	129%	25%

The following table shows the percentage, as per test (c), by which the Issuer's total Assets exceeded its total Liabilities at 31 December, 2013, 31 December, 2014 and 31 December, 2015:

At 31 December			
2013	2014	2015	Current Threshold for Optional Interest Payment Date
45%	104%	82%	14%

The following table shows the minimum percentage, as per test (d), by which the Issuer's EEA Insurance Subsidiaries exceeded their minimum capital requirements pursuant to the Capital Regulations at 31 December, 2013, 31 December, 2014 and 31 December, 2015:

At 31 December		
2013	2014	2015

Restricted remedy for non-payment

In accordance with current PRA requirements for subordinated capital, the sole remedy against the Issuer available to the Trustee (on behalf of the Holders of Tier 2 Notes) or, where the Trustee has failed to proceed against the Issuer as provided in the Terms and Conditions of the Tier 2 Notes, any Holder of Tier 2 Notes for recovery of amounts owing in respect of such Notes and Coupons will be the institution of proceedings for the winding-up of the Issuer and/or proving in such winding-up and/or claiming in the liquidation of the Issuer for such amounts. See “*Terms and Conditions of Tier 2 Notes, Condition 16*”.

Redemption Risk

Early redemption of the Notes will be permitted for taxation reasons as described in the relevant Terms and Conditions of the Notes. In addition, early redemption of Tier 2 Notes will be permitted for regulatory reasons or following a Rating Event, each as described in the Terms and Conditions of the Tier 2 Notes.

Early redemption of the Notes will be permitted only to the extent specified in the Final Terms and subject to all relevant legal and regulatory requirements including, in the case of Tier 2 Notes, the Issuer giving prior notice to the PRA and, to the extent required by the Capital Regulations in relation to Tier 2 Capital at the time of such redemption, the PRA giving its prior approval or consent in the form of a waiver or otherwise to such redemption.

In respect of Tier 2 Notes, if such Notes are redeemed at the Issuer's option, such Notes shall be redeemed on any Optional Redemption Date at their Optional Redemption Amount together with any accrued interest to the Redemption Date and the aggregate amount of any Arrears of Interest.

Further, if such Notes are redeemed (i) upon the occurrence of a Par Tax Event or a Rating Event at any time or a Regulatory Event on or after the Optional Redemption Date, the Notes may be redeemed at the outstanding principal amount of the Notes, (ii) upon the occurrence of a Regulatory Event prior to the Optional Redemption Date, the Notes may be redeemed at the outstanding principal amount of the Notes or at their Make Whole Redemption Price, as specified in the Final Terms, or (iii) upon the occurrence of an Other Tax Event, the Notes may be redeemed on or after the Optional Redemption Date at the outstanding principal amount of the Notes or at their Make Whole Redemption Price, as specified in the Final Terms, together, in each case, with accrued interest to the Redemption Date and the aggregate amount of any Arrears of Interest.

In the case of Tier 2 Notes in respect of which the Tax Event Redemption, Tax Event Redemption and Refinancing Option, Regulatory Event Redemption and Regulatory Event Refinancing Option is specified in the Final Terms, the Issuer may, at any time upon the occurrence of a Tax Event or Regulatory Event (as applicable), also substitute the Notes, in whole but not in part, for or vary their terms and conditions and/or the terms of the Trust Deed such that they are treated as an issue of Qualifying Tier 2 Capital in accordance with the procedures specified in Condition 13.8 of the Terms and Conditions of the Tier 2 Notes, respectively.

For the purposes of Tier 2 Notes, a Regulatory Event may be deemed to have occurred if the Notes would no longer be eligible to qualify either (i) as Tier 2 Capital for the purposes of the Issuer, the Group or any insurance undertaking within the Group whether on a solo, group or consolidated basis; or (ii) as cover for capital requirements or treated as tier 2 “own funds” (howsoever described in the Capital Regulations) applicable to the Issuer, the Group or any insurance undertaking within the Group whether on a solo, group or consolidated basis, except where such non-qualification is as a result of any other applicable limitation on the amount of such capital.

Investors should note that Notes issued which are not eligible to qualify as Tier 2 Own Funds or Tier 2 Capital and/or are issued with terms which do not comply with the applicable rules relating to Solvency II may be immediately subject to the applicable redemption, variation or substitution rights of the Issuer, as specified in the Final Terms. There is no requirement that such event(s) may only arise as a result of a change in law after the date on which agreement is reached to issue the Notes. The amount payable to investors on redemption of the Notes in such circumstances will be set out in the Final Terms and may not be fully compensatory.

In the case of Tier 2 Notes, if, on the Redemption Date, redemption does not occur as a result of the Issuer not being in compliance with the Solvency Capital Requirement or the Minimum Capital Requirement on and immediately after the relevant Redemption Date, such Notes will only be redeemed upon the earlier of (i) 10 Business Days after the date on which the Issuer is in compliance with the Solvency Capital Requirement and the Minimum Capital Requirement provided that redemption of the Notes on such date would not result in the Issuer being in breach of the Solvency Capital Requirement or the Minimum Capital Requirement; (ii) 10 Business Days after the PRA has notified the Issuer of its waiver of or agreement to the redemption of the Notes; or (iii) the date on which an order is made, or an effective resolution is passed, for the winding-up in England and Wales of the Issuer (except a solvent winding-up solely for the purpose of a reconstruction or amalgamation or substitution of the Issuer) at their principal amount or, if applicable, the Make Whole Redemption Price.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Holders and without regard to the individual interests of particular Holders

The Terms and Conditions of the Notes contain provisions for calling meetings of Holders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Holders including Holders who did not attend and vote at the relevant meeting and Holders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Holders and without regard to the interests of particular Holders: (i) agree to any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes; or (ii) determine that (a) in the case of Tier 2 Notes, any Default or Potential Event of

Default (as defined in the Trust Deed) shall not be treated as such or (b) in the case of Senior Notes, any Event of Default or Potential Event of Default shall not be treated as such; or (iii) agree to the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 15 of the Terms and Conditions of the Senior Notes or, as the case may be, Condition 21 of the Terms and Conditions of the Tier 2 Notes.

European Monetary Union

If the United Kingdom joins the European Monetary Union prior to the maturity of the Notes, there is no assurance that this would not adversely affect investors in any Notes. It is possible that prior to the maturity of any Notes the United Kingdom may become a participating Member State and that the euro may become the lawful currency of the United Kingdom. In that event: (i) all amounts payable in respect of any Notes denominated in Sterling may become payable in euro; (ii) the law may allow or require such Notes to be re-denominated into euro and additional measures to be taken in respect of such Notes; and (iii) there may no longer be available published or displayed rates for deposits in Sterling used to determine the rates of interest on such Notes or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the euro could also be accompanied by a volatile interest rate environment, which could adversely affect investors in the Notes.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a Definitive Bearer Note in respect of such holding (should Definitive Bearer Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If Definitive Bearer Notes are issued, holders should be aware that Definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Financial Transaction Tax

In February 2013, the European Commission proposed a Council Directive implementing a procedure of 'enhanced cooperation' on a common Financial Transaction Tax ("FTT") for a subgroup of eleven EU Member States (however, Estonia has since stated that it will not participate). Although the UK is not one of the participating Member States, under the current proposal, the FTT could in certain circumstances apply to transactions in the UK. If a FTT were to be agreed in its current proposed form, M&G (the UK and European fund manager of the Group) may need to review its trading strategy and, from an operational perspective, make changes necessary to comply with any tax collection mechanism established. The FTT remains subject to negotiation amongst the participating Member States.

Risks related to the market generally

Set out below is a description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell its Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable with similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of Notes.

If an investor holds Notes which are not denominated in the investor's home currency, it will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make

payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to certain exceptions. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("ESMA") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the front page and pages 7 and 8 of this Prospectus and will be disclosed in the Final Terms.

Yield

Potential investors should note that any indication of yield (i.e. income return on the Notes) stated within the Final Terms of the Notes applies only to investments made at the issue price of the relevant Notes, and not to investments made above or below the issue price of those Notes. This is because the stated yield is calculated as a "current yield", which is determined as at the issue date of the Notes by reference to the following formula:

$$\text{current yield} = \frac{\text{annual interest rate}}{\text{Issue Price}}$$

If you invest in Notes at a price above or below the issue price of those Notes, the yield on that investment will be different from any indication of the yield set out in the relevant Final Terms. No indication of yield will be included in the relevant Final Terms in respect of any Floating Rate Notes.

1. FORM AND DENOMINATION

1.1 Form

Notes are issued in bearer form ("Bearer Notes") or in registered form ("Registered Notes"), as specified in the Final Terms, serially numbered and in the currency (the "Specified Currency") and the denomination(s) (the "Specified Denomination(s)") specified in the Final Terms provided that in the case of Notes which are to be admitted to trading on a regulated market within the European Economic Area the minimum Specified Denomination shall be €1,000 (or its equivalent in any other currency as at the date of issue of the relevant Note). Registered Notes are not exchangeable for Bearer Notes or vice versa. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

1.2 Coupons and Talons

Interest-bearing definitive Bearer Notes have attached thereto, at the time of their initial delivery, coupons ("Coupons"), presentation of which will be a prerequisite to the payment of interest save in certain circumstances specified herein. In addition, such Notes may have attached thereto, at the time of their initial delivery, a talon ("Talon") for further coupons and the expression "Coupons" shall, where the context so requires, include Talons. If this Note is a Zero Coupon Note, references to Coupons and Couponholders in these Conditions are not applicable.

1.3 Interest Basis

This Note may be a Fixed Rate Note, a Floating Rate Note (which term shall include an EONIA Linked Interest Note, a SONIA Linked Interest Note, a Federal Funds Rate Linked Interest Note or a CMS Linked Interest Note if this Note is specified as such in the Final Terms), a Zero Coupon Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the Final Terms.

1.4 Denomination of Bearer Notes

Bearer Notes are in the Specified Denomination or Denominations specified in the Final Terms.

1.5 Denomination of Registered Notes

Registered Notes are in the minimum Specified Denomination or Denominations specified in the Final Terms or integral multiples thereof.

1.6 Currency of Notes

The Notes are denominated in the Specified Currency specified in the Final Terms. Any currency may be so specified, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

2. TITLE AND TRANSFER

2.1 Title to Bearer Notes

2.3 Holder as Owner

The Holder of any Bearer Note, Coupon or Registered Note will (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest thereof or therein, any writing thereon or any theft or loss thereof) and no person shall be liable for so treating such Holder.

2.4 Transfer of Registered Notes

A Registered Note may, upon the terms and subject to the conditions set forth in the Agency Agreement, be transferred in whole or in part only (provided that such part is, or is an integral multiple of, the minimum Specified Denomination specified in the Final Terms) upon the surrender of the Registered Note to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. A new Registered Note will be issued to the transferee and, in the case of a

transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

2.5 New Registered Notes

Each new Registered Note to be issued upon the transfer of a Registered Note will, within five Relevant Banking Days of the transfer date, be available for collection by each relevant Holder at the specified office of the Registrar or, at the option of the Holder requesting such transfer, be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address as may be specified by such Holder. For these purposes, a form of transfer received by the Registrar after the Record Date (as defined in Condition 6.4) in respect of any payment due in respect of Registered Notes shall be deemed not to be effectively received by the Registrar until the day following the due date for such payment. For the purposes of these Conditions:

- (a) “Relevant Banking Day” means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place where the specified office of the Registrar is located; and
- (b) the “transfer date” shall be the Relevant Banking Day following the day on which the relevant Registered Note shall have been surrendered for transfer in accordance with Condition 2.4.

2.6 No Charges upon Transfer

The issue of new Registered Notes on transfer will be effected without charge by or on behalf of the Issuer or the Registrar, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer or the Registrar may require in respect of) any tax, duty or other governmental charge of whatsoever nature which may be levied or imposed in relation thereto.

2.7 144A Legend

Upon the transfer or replacement of Definitive Registered Notes or Rule 144A Global Notes bearing the 144A legend (the “144A Legend”) set forth in the relevant form of Registered Note scheduled to the Trust Deed, or upon specific request for removal of the 144A Legend, the Registrar shall deliver only Registered Notes that also bear such legend unless there is delivered to the Issuer and the Registrar such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of counsel experienced in giving opinions with respect to questions arising under the securities laws of the United States, that neither such legend nor the restrictions on transfer set forth therein are required in order to maintain compliance with the provisions of such laws.

The Issuer covenants and agrees that it will not acquire any beneficial interest, and will cause its affiliates not to acquire any beneficial interest, in any Registered Note bearing the 144A Legend unless it notifies the Registrar of such acquisition. Each Paying Agent, the Registrar, the Trustee and all Holders shall be entitled to rely without further investigation on any such notification (or lack thereof).

2.8 Information to Holders

For so long as any of the Registered Notes bearing the 144A Legend remains outstanding and is a “restricted security” within the meaning of Rule 144(a)(3) under the United States Securities Act of 1933 (the “Securities Act”), the Issuer covenants and agrees that it shall, during any period in which it is not subject to Section 13 or 15(d) under the United States Securities Exchange Act 1934, as amended (the “Exchange Act”) nor exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, make available to any Holder at the specified office of each of the Paying Agents and the Registrar in connection with any sale thereof and any prospective purchaser of such Notes from such Holder, in each case upon request, the information specified in, and meeting the requirements of, Rule 144A(d)(4) in relation to it, under the Securities Act.

3. STATUS OF THE NOTES

The Notes and any relative Coupons are direct and (subject to the provisions of Condition 4) unsecured obligations of the Issuer and rank and will rank without any preference among themselves and (subject as aforesaid and to such exceptions as are from time to time applicable under the laws of the United Kingdom) *pari passu* with all other outstanding, unsecured and unsubordinated obligations of the Issuer.

4. NEGATIVE PLEDGE

So long as any of the Notes remains outstanding (as defined in the Trust Deed) the Issuer will not, and will procure (so far as the Issuer can procure by the proper exercise of voting and other rights or powers of control exercisable by the Issuer in relation to Subsidiaries (as defined in the Trust Deed)) that the Principal Subsidiary (as defined below) will not, create or permit to subsist any mortgage or charge upon the whole or any part of its undertaking or assets (other than assets representing the fund or funds maintained by the Issuer or, as the case may be, the Principal Subsidiary in respect of long-term business (as defined in the Financial Services and Markets Act 2000)), present or future, to secure payment of any present or future Relevant Indebtedness (as defined below) of the Issuer or any Subsidiary or to secure any guarantee or indemnity in respect thereof, without at the same time according to the Notes, the Coupons and all amounts payable under the Trust Deed in respect thereof to the satisfaction of the Trustee, the same security as is created or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity, or such other security as the Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the Holders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Holders.

For the purposes of this Condition 4:

“Principal Subsidiary” means The Prudential Assurance Company Limited but, in the case of this Condition and paragraphs (iii) to (vii) (inclusive) of Condition 10, only for so long as it remains a Subsidiary of Prudential; and

“Relevant Indebtedness” means any indebtedness for borrowed money (other than indebtedness in the form of sterling debenture stock (as defined in the Trust Deed) or

indebtedness which has a stated maturity not exceeding one year) which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which, with the agreement of the Issuer or any Subsidiary, as the case may be, are quoted, listed, dealt in or traded on a stock exchange or over the counter or other recognised securities market (whether or not distributed by way of private placement) excluding any indebtedness for borrowed money in respect of which the person to whom such indebtedness is owed has no recourse whatsoever to the Issuer or the Principal Subsidiary, as the case may be, for repayment other than recourse for amounts limited to the cash flow or net cash flow (other than historical cash flow or historical net cash flow) from such asset.

5. INTEREST

5A Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) (as specified in the Final Terms) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payment of any Broken Amount will be made on the Interest Payment Date so specified in the Final Terms.

As used in these Conditions, “Fixed Interest Period” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (a) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (b) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

For the purposes of this Condition 5A:

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 5A:

- (i) if “Actual/Actual (ICMA)” is specified in the Final Terms:
 - (a) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the Final Terms) that would occur in one calendar year; or
 - (b) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the Final Terms) that would occur in one calendar year; and
 - (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360” is specified in the Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;

“Determination Period” means the period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on, the Determination Date falling after, such date); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

5B Interest on Floating Rate Notes

5B.1 Interest Payment Dates

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (a) the Specified Interest Payment Date(s) (each an “Interest Payment Date”) in each year specified in the Final Terms; or
- (b) if no Specified Interest Payment Date(s) is/are specified in the Final Terms, each date (each an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period in the Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the Final Terms and: (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur; or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5B.1(B) above, the Floating Rate Convention, such Interest Payment Date: (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (D) below shall apply *mutatis mutandis*; or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Conditions, “Business Day” means a day which is both:

- (a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and each Additional Business Centre specified in the Final Terms; and
- (b) either: (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); or (2) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System or any successor thereto (the “TARGET2 System”) is open.

5B.2 *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the Final Terms.

5B.3 *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any). For the purposes of this Condition 5B.3, “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issue and Paying Agent under an interest rate swap transaction if the Issue and Paying Agent were acting as Calculation Agent (as defined below) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the “ISDA Definitions”) and under which:

- (1) the Floating Rate Option is as specified in the Final Terms;
- (2) the Designated Maturity is a period specified in the Final Terms; and
- (3) the relevant Reset Date is the day specified in the Final Terms.

For the purposes of this Condition 5B.3, “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

5B.4 Screen Rate Determination for Floating Rate Notes

A. *Floating Rate Notes other than EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes*

Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Relevant Time on the Interest Determination Date in question plus or minus (as indicated in the Final Terms) the Margin (if any), all as determined by the Issue and Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issue and Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (i) above, no offered quotation appears or, in the case of (ii) above, fewer than three offered quotations appear, in each case as at the Relevant Time, the Issue and Paying Agent shall request each of the Reference Banks (as defined below) to provide the Issue and Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issue and Paying Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Issue and Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Issue and Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Issue and Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Issue and Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Relevant Time on the

relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or if the Reference Rate is other than LIBOR or EURIBOR, the inter-bank market of the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Issue and Paying Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Issue and Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or if the Reference Rate is other than LIBOR or EURIBOR, the inter-bank market of the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

For the purposes of this Condition 5B.4A:

“Reference Banks” means, in the case of a determination of LIBOR, the principal London office of four major banks in the London interbank market; in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone interbank market; and, in the case of a determination of a Reference Rate other than LIBOR or EURIBOR, the principal office in the Relevant Financial Centre of four major banks in the interbank market of the Relevant Financial Centre, in each case selected by the Issue and Paying Agent;

“Reference Rate” means, as specified in the Final Terms, (i) the London interbank offered rate (“LIBOR”), (ii) the Euro-zone interbank offered rate (“EURIBOR”), (iii) the Singapore interbank offered rate (“SIBOR”), (iv) the Tokyo interbank offered rate (“TIBOR”), (v) the Hong Kong interbank offered rate (“HIBOR”) or (vi) the bank rate of the Bank of England (the “Bank of England Base Rate”), in each case for the relevant currency and for the relevant period (if applicable), as specified for each in the Final Terms;

“Relevant Financial Centre” means the financial centre specified as such in the Final Terms or if none is so specified: (i) in the case of a determination of LIBOR, London, (ii) in the case of a determination of EURIBOR, Brussels, (iii) in the case of a determination of SIBOR, Singapore, (iv) in the case of a determination of

TIBOR, Tokyo, (v) in the case of a determination of HIBOR, Hong Kong or (vi) in the case of a determination of the Bank of England Base Rate, London; and

“Relevant Time” means the time specified as such in the Final Terms or if none is so specified: (i) in the case of a determination of LIBOR, 11.00 a.m., (ii) in the case of a determination of EURIBOR, 11.00 a.m., (iii) in the case of a determination of SIBOR, 11.00 a.m., (iv) in the case of a determination of TIBOR, 11.00 a.m.

(v) in the case of a determination of HIBOR, 11.00 a.m. or (vi) in the case of a determination of the Bank of England Base Rate, 11.00 a.m., in each case in the Relevant Financial Centre.

B. *Floating Rate Notes which are EONIA Linked Interest Notes*

Where the Reference Rate is specified as being EONIA, the Rate of Interest for each Interest Period will be the rate (expressed as a percentage per annum rounded to the nearest ten-thousandths of a percentage point, with 0.00005 being rounded upwards) which will be calculated by the Calculation Agent in accordance with provisions set out below and the following formula:

Capitalised EONIA + Margin

As used above:

“Capitalised EONIA” means the resultant figure of the following formula:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{EONIA_1 \times n_1}{360} \right) - 1 \right] \times \frac{360}{d};$$

“d₀” means, for the relevant Interest Period, the number of TARGET Business Days in such Interest Period;

“i” means a series of whole numbers from one to d₀, each representing the relevant TARGET Business Days in chronological order from, and including, the first TARGET Business Day in the relevant Interest Period;

“EONIA₁” means, for any day “i” in the relevant Interest Period, a reference rate equal to the overnight rate as calculated by the European Central Bank and appearing on the Relevant Screen Page on the first TARGET Business Day following that day;

“n₁” means the number of calendar days in the relevant Interest Period;

“d” means the number of calendar days in the relevant Interest Period;

“Margin” has the meaning specified in the Final Terms;

“Relevant Screen Page” means the screen page specified in the Final Terms or, if none is so specified,

Reuters Screen EONIA Page or any successor; and

“TARGET Business Day” means a day on which the TARGET2 System is open.

If the Calculation Agent determines that either the Relevant Screen Page is not available or no such overnight rate as referred to in EONIA1 appears for any reason for any day “i” on the TARGET Business Day following that day as provided above, the Calculation Agent shall determine EONIA1 for such day in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

C. *Floating Rate Notes which are SONIA Linked Interest Notes*

Where the Reference Rate is specified as being SONIA, the Rate of Interest for each Interest Period will be the rate (expressed as a percentage per annum rounded to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards) which will be calculated by the Calculation Agent in accordance with the provisions set out below and the following formula:

where:

$$\left(\text{SONIA} + \text{Margin} \right)_{\text{compounded}} = \frac{365}{D} \times \left[\prod_{i=1}^D \left(1 + \frac{(r_i) \times d_i}{365} \right) \right]^{1/D}$$

As used above:

“D” means the number of calendar days in the relevant Observation Period;

“D₀” means the number of London Business Days in the relevant Observation Period;

“i” means a series of whole numbers from one to D₀, each representing the relevant London Business Days in chronological order from, and including, the first London Business Day in the relevant Observation Period;

“r_i” means, for any London Business Day i in the relevant Observation Period, the SONIA rate in respect of such London Business Day plus the Margin;

“d_i” means the number of calendar days in the relevant Observation Period for which the SONIA rate is applicable. The SONIA rate determined for each London Business Day applies for and including such London Business Day and also for

all immediately following days that are not London Business Days until but excluding the succeeding London Business Day;

“London Business Day” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in London;

“Margin” has the meaning specified in the Final Terms;

“Observation Period” means, in respect of an Interest Period, the period from, and including, 5 London Business Days prior to the first day of such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending, but excluding, 5 London Business Days prior to the Interest Payment Date for such Interest Period (and the last Interest Period shall end on but exclude the Maturity Date);

“Relevant Screen Page” means the screen page specified in the Final Terms or, if none is so specified, Reuters page SONIA 1 or any successor; and

“SONIA rate” means, in respect of a London Business Day, the effective reference rate equal to the overnight interest rate (published as a percentage to four decimal places) calculated by the Wholesale Market Bankers’ Association as a weighted average of all overnight unsecured lending transactions in Sterling in the interbank market, initiated within London by the contributing panel banks which appears on the Relevant Screen Page as of 7.00 p.m. (Central European time) on such London Business Day, all as determined by the Calculation Agent.

If, at any such time, the Calculation Agent determines that either the Relevant Screen Page is not available or that no such quotation appears, the Calculation Agent will determine the SONIA rate for such time and London Business Day in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

D. Floating Rate Notes which are Federal Funds Rate Linked Interest Notes

Where the Reference Rate is specified as being the Federal Funds Rate, the Rate of Interest for each Interest Period will be calculated by the Calculation Agent in accordance with the provisions set out below as the Weighted Average of the U.S. Federal Funds Rate.

As used above:

“Weighted Average of the U.S. Federal Funds Rate” means $D1/D2$.

Where:

“D1” means, in respect of an Interest Period, the sum of the Relevant Rates for each calendar day in such Interest Period. For any calendar day in the relevant

Interest Period that is an Interest Determination Date, the “Relevant Rate” is the U.S. Federal Funds Rate on such Interest Determination Date. For any calendar day in such Interest Period that is not an Interest Determination Date, the Relevant Rate for such calendar day shall be the Relevant Rate on the immediately preceding Interest Determination Date;

“D2” shall mean the number of calendar days in the Interest Period;

“Interest Determination Date” means, in respect of an Interest Reset Date, the first New York City Banking Day prior to such Interest Reset Date;

“Interest Rate Cut Off Date” means, in respect of an Interest Period, the fourth New York City Banking Day prior to the Interest Payment Date on which such Interest Period ends;

“Interest Reset Date” means, in respect of an Interest Period, each New York City Banking Day in such Interest Period up to and including the Interest Rate Cut Off Date;

E. Floating Rate Notes which are CMS Linked Interest Notes

Where the Reference Rate is specified as being the CMS Reference Rate, the Rate of Interest for each Interest Period will be calculated by the Calculation Agent in accordance with the provisions set out below and the following formula:

CMS Rate + Margin As used above:

“CMS Rate” shall mean the Relevant Swap Rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity (expressed as a percentage rate per annum) which appears on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date in question, all as determined by the Calculation Agent.

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its quotation for the Relevant Swap Rate (expressed as a percentage rate per annum) at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent such quotations, the CMS Rate for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

For this purpose:

“Margin” has the meaning specified in the Final Terms;

“Reference Banks” means (i) where the Reference Currency is Euro, the principal office of five leading swap dealers in the inter-bank market, (ii) where the Reference Currency is Sterling, the principal London office of five leading swap dealers in the London inter-bank market, (iii) where the Reference Currency is United States dollars, the principal New York City office of five leading swap dealers in the New York City inter-bank market, or (iv) in the case of any other Reference Currency, the principal Relevant Financial Centre office of five leading swap dealers in the Relevant Financial Centre inter-bank market, in each case as selected by the Calculation Agent;

“Relevant Screen Page” has the meaning specified in the Final Terms;

“Relevant Swap Rate” means:

- (i) where the Reference Currency is euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions;

- (ii) where the Reference Currency is Sterling, the mid-market semi-annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the semi-annual fixed leg, calculated on an Actual/365 (Fixed) day count basis, of a fixed-for-floating Sterling interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/365 (Fixed) day count basis, is equivalent (A) if the Designated Maturity is greater than one year, to GBP-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of six months or (B) if the Designated Maturity is one year or less, to GBP-LIBOR-BBA with a designated maturity of three months;
- (iii) where the Reference Currency is United States dollars, the mid-market semi-annual swap rate determined on the basis of the mean of the bid and offered rates for the semi-annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating United States dollar interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, calculated on an Actual/360 day count basis, is equivalent to USD-LIBOR-BBA (as defined in the ISDA Definitions) with a designated maturity of three months; and
- (iv) where the Reference Currency is any other currency, the mid-market swap rate as determined by the Calculation Agent in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice;

“Relevant Time” has the meaning specified in the Final Terms; and

“Representative Amount” means an amount that is representative for a single transaction in the relevant market at the relevant time.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

5B.5 *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 5B above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 5B above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

5B.6 *Determination of Rate of Interest and calculation of Interest Amounts*

The Issue and Paying Agent or, in the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent will notify the Issue and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Issue and Paying Agent or, in the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent, will calculate the amount of interest (the “Interest Amount”) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

“Day Count Fraction” means, in respect of the calculation of an amount of interest for any Interest Period:

- (i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ii) if “Actual/365 (Fixed)” is specified in the Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y - Y)] + [30 \times (M - M)] + (D - D)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y - Y)] + [30 \times (M - M)] + (D - D)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30; and

- (vii) if “30E/360 (ISDA)” is specified in the Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y - Y)] + [30 \times (M - M)] + (D - D)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

5B.7 *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Issue and Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Issue and Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Designated Maturity” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

5B.8 *Notification of Rate of Interest and Interest Amounts*

The Issue and Paying Agent or, in the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and the Trustee and any stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and to the Holders in accordance with Condition 14. For the purposes of this paragraph, the expression “London Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

5B.9 *Determination or Calculation by Trustee*

If for any reason at any relevant time the Issue and Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or to calculate any Interest Amount in accordance with Condition 5B.3 or 5B.4, as the case may be, and in each case in accordance with Condition 5B.6 and 5B.7 the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 5B, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be,

the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances. In making any such determination or calculation, the Trustee (at the expense of the Issuer) may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). Each such determination or calculation shall be deemed to have been made by the Issue and Paying Agent or the Calculation Agent, as applicable.

5B.10 *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5B, whether by the Issue and Paying Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Issue and Paying Agent, the Calculation Agent (if applicable), the other Paying Agents, the Trustee and all Holders and (in the absence of wilful default and bad faith) no liability to the Issuer or the Holders or any other person shall attach to the Issue and Paying Agent or, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5C **Accrual of interest**

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption (being the Maturity Date or any other date for redemption pursuant to these Conditions) unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

6. PAYMENTS

6.1 **Method of payment**

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account and which, in the case of a payment on a Note in bearer form for U.S. federal income tax purposes, shall be an account outside the United States, except as may be permitted by U.S. federal income tax law) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (in no event, however, shall payment in respect of a Note in bearer form for U.S. federal income tax purposes be made by cheque mailed to an address in the United States); and

- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto.

6.2 Presentation of Bearer Notes and Coupons

Payments of principal in respect of Bearer Notes will (subject as provided below) be made in the manner provided in Condition 6.1 only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Bearer Notes, and payments of interest in respect of Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A "Long Maturity Note" is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest

Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

Payments of principal and interest (if any) in respect of Notes represented by any Temporary or Permanent Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Temporary or Permanent Global Note in bearer form, where applicable, against presentation or surrender, as the case may be, of such Temporary or Permanent Global Note in bearer form at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Temporary or Permanent Global Note in bearer form by the Paying Agent to which it was presented or in the records of Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg"), as applicable.

The Holder of a Temporary or Permanent Global Note in bearer form shall be the only person entitled to receive payments in respect of Notes represented by such Temporary or Permanent Global Note in bearer form and the Issuer will be discharged by payment to, or to the order of, the Holder of such Temporary or Permanent Global Note in bearer form in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or any other clearing system as the beneficial holder of a particular nominal amount of Notes represented by such Temporary or Permanent Global Note in bearer form must look solely to Euroclear, Clearstream, Luxembourg or such other clearing system, as the case may be, for its share of each payment so made by the Issuer to, or to the order of, the Holder of such Temporary or Permanent Global Note in bearer form.

6.3 U.S. Paying Agent

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in US dollars, such US dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in US dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange

controls or other similar restrictions on the full payment or receipt of principal and interest in US dollars; and

- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.4 Registered Notes

Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the Holder (or the first named of joint Holders) of the Registered Note appearing in the register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if: (i) a Holder does not have a Designated Account; or (ii) the nominal amount of the Registered Notes held by a Holder is less than US\$250,000 (or its approximate equivalent in any other Specified Currency) payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, "Designated Account" means the account (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by a Holder with a Designated Bank and identified as such in the register and "Designated Bank" means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the Holder (or the first named of joint Holders) of the Registered Note appearing in the register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the "Record Date") at its address shown in the register on the Record Date and at its risk. Upon application of the Holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the Holder who has made the initial application until the Registrar is notified in writing to the contrary by such Holder. Payment of the interest due in respect of each Registered Note

on redemption will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such Holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

6.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the Holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, "Payment Day" means any day which (subject to Condition 9) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the relevant place of presentation (in the case of Notes in definitive form only), London and each Additional Financial Centre specified in the Final Terms; and
- (ii) either: (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); or (2) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

6.6 Interpretation of principal and interest

Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8 or under any undertaking given in addition thereto, or in substitution therefor, pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;

- (v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7.5); and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8 or under any undertaking given in addition thereto, or in substitution therefor, pursuant to the Trust Deed.

7. REDEMPTION AND PURCHASE

7.1 Redemption of Notes at Maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the Final Terms in the relevant Specified Currency on the Maturity Date specified in the Final Terms.

7.2 Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Holders in accordance with Condition 14 (which notice shall be irrevocable), if immediately prior to the giving of such notice the Issuer satisfies the Trustee that the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of the United Kingdom or any political sub-division or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes and such obligation cannot be avoided by the Issuer taking reasonable measures available to it; provided, however, that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

The Issuer shall be deemed to have satisfied the Trustee as referred to in the preceding paragraph if prior to the publication of any notice of redemption pursuant to this Condition 7.2, the Issuer shall have delivered to the Trustee: (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred; and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice

as is referred to in this Condition 7.2, the Issuer shall be bound to redeem the Notes in accordance with this Condition 7.2.

Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.5 below together, if appropriate, with interest accrued to (but excluding) the date of redemption.

7.3 Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified as being applicable in the Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Holders in accordance with Condition 14; and
- (ii) not less than 15 days before the giving of the notice referred to in (i) above, notice to the Issue and Paying Agent and the Trustee,

If Make Whole Redemption Amount is specified in the Final Terms, the Make Whole Redemption Price shall be an amount calculated by the Determination Agent equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed

and (ii) the sum of the present values of the principal amount outstanding of the Notes to be redeemed and the Remaining Term Interest on such Note (exclusive of interest accrued to the date of redemption) and such present values shall be calculated by discounting such amounts to the date of redemption on an annual basis (assuming a 360-day year consisting of twelve 30-day months or, in the case of an incomplete month, the number of days elapsed) at the Reference Bond Rate, plus the Redemption Margin.

“Reference Bond Rate” means, with respect to any Redemption Date, the rate per annum equal to the annual or semi-annual yield (as the case may be) to maturity or interpolated yield to maturity (on the relevant day count basis) of the Reference Bond, assuming a price for the Reference Bond (expressed as a percentage of its nominal amount) equal to the Reference Bond Price for such Redemption Date;

“Reference Date” will be set out in the relevant notice of redemption;

7.5 Early Redemption Amount

For the purpose of Condition 7.2 and Condition 10, each Note will be redeemed at the Early Redemption Amount calculated as follows:

- (i) at the amount specified in the Final Terms or, if no such amount or manner is so specified in the Final Terms, at its nominal amount; or
- (ii) in the case of a Zero Coupon Note, at an amount (the “Amortised Face Amount”) calculated in accordance with the following formula:

where:

“RP” means the Reference Price;

“AY” means the Accrual Yield expressed as a decimal; and

“y” is the Day Count Fraction specified in the Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

7.6 Purchases

The Issuer and any of its Subsidiaries may at any time purchase Notes (provided that, in the case of definitive Bearer Notes, any unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise.

7.7 Cancellation

All Notes which are redeemed or purchased will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Issue and Paying Agent and cannot be re-issued or resold.

7.8 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 7.1, 7.2, 7.3 or 7.4 above or upon its becoming due and repayable as provided in Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7.5(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and

- (ii) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Note has been received by the Issue and Paying Agent, the Registrar or the Trustee, as the case may be, and notice to that effect has been given to the Holders in accordance with Condition 14.

8. TAXATION

All payments of principal and interest in respect of the Notes and Coupons will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the United Kingdom, or any political sub-division of, or any authority of, or in, the United Kingdom having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the Holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts which would have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of any requirement to make such withholding or deduction; except that no such additional amounts shall be payable in relation to any Note or Coupon:

- (i) presented for payment by, or on behalf of, a Holder who is liable for such taxes, duties or governmental charges in respect of such Note or Coupon by reason of its having some connection with the United Kingdom other than the mere holding of such Note or Coupon; or
- (ii) presented for payment by, or on behalf of, a Holder who would be able to avoid such withholding or deduction by complying with any statutory requirements (including, but not limited to, obtaining and/or presenting any form of certificate) or by making a declaration or any other statement or claim for exemption (including, but not limited to, a declaration of non-residence), but fails to do so; or
- (iii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the relevant Holder would have been entitled to such additional amounts on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.5).

As used in these Conditions, the “Relevant Date” means the date on which such payment first becomes due and payable, except that, if the full amount of the moneys payable has not been duly received by the Issue and Paying Agent or the Trustee on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Holders in accordance with Condition 14.

9. PRESCRIPTION

Claims in respect of principal and interest or other sums payable hereunder will be prescribed unless made within 10 years (in the case of principal) or five years (in the case

of interest) from the Relevant Date (as defined in Condition 8) in relation thereto, subject to the provisions of Condition 6.2.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 9 or Condition 6.2 or any Talon which would be void pursuant to Condition 6.2.

- (i) if default is made for a period of 14 days or more in the payment of any principal or interest due in respect of the Notes or any of them; or
- (ii) if default is made by the Issuer in the performance or observance of any obligation, condition or provision binding upon it under the Notes or the Trust Deed (other than any obligation for the payment of any principal or interest in respect of the Notes) and, except where such default is, in the opinion of the Trustee, not capable of remedy when no such continuation and notice as is hereinafter mentioned will be required, such default continues for 30 days (or such longer period as the Trustee may permit) after written notice thereof has been given by the Trustee to the Issuer requiring the same to be remedied; or
- (iii) if an order is made or an effective resolution is passed for the winding-up of, or an administration order is made in relation to, the Issuer or the Principal Subsidiary (save, in the case of the Principal Subsidiary, (a) with the prior written consent of the Trustee or the prior sanction of an Extraordinary Resolution of the Holders for the purposes of or in connection with an amalgamation or reconstruction, or (b) a voluntary solvent winding-up where surplus assets are available for distribution); or
- (iv) if the Issuer or the Principal Subsidiary stops or threatens to stop payment to its creditors generally or the Issuer or the Principal Subsidiary ceases or threatens to cease to carry on its business or substantially the whole of its business (except for the purposes of, or in connection with, a reconstruction or amalgamation the terms of which have previously been approved in writing by the Trustee or an

Extraordinary Resolution of the Holders or, in the case of the Principal Subsidiary, such a winding-up as is referred to in (iii)(b) above); or

- (v) if an encumbrancer takes possession or an administrative or other receiver or an administrator is appointed of the whole or any substantial part of the undertaking, property and assets of the Issuer or the Principal Subsidiary or if a distress or execution is levied or enforced upon or sued out against the whole or any substantial part of the chattels or property of the Issuer or the Principal Subsidiary and, in the case of any of the foregoing events, is not discharged within 60 days or such longer period as the Trustee may allow; or
- (vi) if the Issuer or the Principal Subsidiary is unable to pay its debts within the meaning of Section 123(2) of the Insolvency Act 1986; or
- (vii) if any indebtedness for moneys borrowed (as defined below) of the Issuer or the Principal Subsidiary (which indebtedness in respect of any single company has an outstanding aggregate principal amount of at least £30,000,000 (or its equivalent in any other currency or currencies)) is not paid on its due date as extended by any applicable grace period and following a demand therefor or is declared to be or automatically becomes due and payable prior to its stated maturity by reason of default or if any guarantee or indemnity in respect of indebtedness for moneys borrowed of any third party given by the Issuer or the Principal Subsidiary (having in respect of any single company an outstanding aggregate principal amount as aforesaid) is not honoured when due and called upon and, in any such case, the liability of the Issuer or the Principal Subsidiary, as the case may be, to make payment is not being contested in good faith; or
- (viii) if the Principal Subsidiary shall cease to be a Subsidiary of Prudential, except pursuant to such an amalgamation, reconstruction or winding-up as is referred to in paragraph (iv) above.

“Indebtedness for moneys borrowed” means the principal amount of (a) all moneys borrowed and (b) all debentures (together in each case with any fixed or minimum premium payable on final redemption or repayment) which are not for the time being beneficially owned by Prudential or any of its Subsidiaries.

The Trustee may at its discretion institute such proceedings as it may think fit to enforce the obligations of the Issuer under the Trust Deed, the Notes and the Coupons but it shall not be bound to institute any such proceedings or take any other action under or pursuant to the Trust Deed unless (a) it shall have been so directed by an Extraordinary Resolution of the Holders or so requested in writing by the Holders of at least one-quarter in nominal amount of the Notes then outstanding and (b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction in accordance with Clause 10 of the Trust Deed. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

12. PAYING AGENTS

The name of the initial Paying Agents and their specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the Final Terms.

The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts, provided that:

The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

13. EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Issue and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due

in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9.

14. NOTICES

All notices regarding Bearer Notes shall be published in a leading English language daily newspaper of general circulation in London. It is expected that such publication will be made in the Financial Times. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange or other relevant authority on which the Notes are for the time being listed or by which they have been admitted to listing. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of publication in the last of such newspapers.

Any modification, waiver, authorisation or determination shall be binding on the Holders and, unless the Trustee agrees otherwise, shall be notified by the Issuer to the Holders as soon as practicable thereafter in accordance with Condition 14.

15.3 Substitution

Any substitution in accordance with the provisions of this Condition 15.3 shall be binding on the Holders and, unless the Trustee agrees otherwise, any such substitution shall be notified by the Issuer to the Holders as soon as practicable thereafter in accordance with Condition 14.

15.4 Exercise of Trustee's powers and discretions

In connection with the exercise by it of any of its trusts, powers, authorities or discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Trustee shall have regard to the general interests of the Holders as a class but shall not have regard to any interests arising from circumstances particular to individual Holders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of the exercise of its trusts, powers, authorities or discretions for individual Holders (whatever their number) resulting from their being for

any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Holder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Holders, except to the extent already provided for in Condition 8 and/or any undertaking given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

1.5 Denomination of Registered Notes

Registered Notes are in the minimum Specified Denomination or Specified Denominations specified in the Final Terms or integral multiples thereof.

1.6 Currency of Notes

The Notes are denominated in the Specified Currency specified in the Final Terms. Any currency may be so specified, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

2. Title and Transfer

2.1 Title to Bearer Notes

Title to Bearer Notes and Coupons passes by delivery. References herein to the “Holders” in relation to Bearer Notes or Coupons are to the bearers of such Bearer Notes or such Coupons.

2.2 Title to Registered Notes

Title to Registered Notes passes by registration in the register which the Issuer shall procure to be kept by the Registrar. References herein to the “Holders” in relation to Registered Notes are to the persons in whose names such Registered Notes are so registered in the relevant register.

2.3 Holder as owner

The Holder of any Bearer Note, Coupon or Registered Note will (except as otherwise required by applicable law or any regulatory requirement) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership,

trust or any interest thereof or therein, any writing thereon or any theft or loss thereof) and no person shall be liable for so treating such Holder.

2.4 Transfer of Registered Notes

A Registered Note may, upon the terms and subject to the conditions set forth in the Agency Agreement, be transferred in whole or in part (provided that such part is, or is an integral multiple of, the minimum Specified Denomination specified in the Final Terms) upon the surrender of the Registered Note to be transferred, together with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

2.5 New Registered Notes

Each new Registered Note to be issued upon the transfer of a Registered Note will, within five Relevant Banking Days of the Transfer Date, be available for collection by each relevant Holder at the specified office of the Registrar or, at the option of the Holder requesting such transfer, be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address as may be specified by such Holder. For these purposes, a form of transfer received by the Registrar after the Record Date in respect of any payment due in respect of Registered Notes shall be deemed not to be effectively received by the Registrar until the day following the due date for such payment.

2.6 No charges upon transfer

The issue of new Registered Notes on transfer will be effected without charge by or on behalf of the Issuer or the Registrar, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer or the Registrar may require in respect of) any tax, duty or other governmental charge of whatsoever nature which may be levied or imposed in relation thereto.

2.7 144A Legend

- (a) Upon the transfer or replacement of Definitive Registered Notes or Rule 144A Global Notes bearing the 144A legend (the “144A Legend”) set forth in the relevant form of Registered Note scheduled to the Trust Deed, or upon specific request for removal of the 144A Legend, the Registrar shall deliver only Registered Notes that also bear such legend unless there is delivered to the Issuer and the Registrar such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of counsel experienced in giving opinions with respect to questions arising under the securities laws of the United States, that neither such legend nor the restrictions on transfer set forth therein are required in order to maintain compliance with the provisions of such laws.

- (b) The Issuer covenants and agrees that it will not acquire any beneficial interest, and will cause its affiliates not to acquire any beneficial interest, in any Registered Note bearing the 144A Legend unless it notifies the Registrar of such acquisition. Each Paying Agent, the Registrar, the Trustee and all Holders shall be entitled to rely without further investigation on any such notification (or lack thereof).

2.8 Information to Holders

For so long as any of the Registered Notes bearing the 144A Legend remains outstanding and is a “restricted security” within the meaning of Rule 144(a)(3) under the United States Securities Act of 1933 (the “Securities Act”), the Issuer covenants and agrees that it shall, during any period in which it is not subject to Section 13 or 15(d) under the United States Securities Exchange Act 1934, as amended (the “Exchange Act”), nor exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, make available to any Holder at the specified office of each of the Paying Agents and the Registrar in connection with any sale thereof and any prospective purchaser of such Notes from such Holder, in each case upon request, the information specified in, and meeting the requirements of, Rule 144A(d)(4) in relation to it, under the Securities Act.

3. Status of the Notes

The Notes and any relative Coupons constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* without any preference among themselves.

4. Regulatory Capital

4.1 Regulatory capital status

The Notes are intended to constitute Tier 2 Capital of the Issuer and of the Group from time to time. More particularly, it is intended that this Note should constitute Tier 2 Own Funds of the Issuer and of the Group as at the Issue Date of this Note.

4.2 Regulatory capital conditions

These Conditions and the Final Terms shall be subject to, and shall be qualified in their entirety by, the terms and conditions set out in this Condition 4. Nothing in any other Condition or provision of the Final Terms shall, nor shall it be implied to, modify or amend the terms and conditions set out in this Condition 4 at any time.

4.3 Minimum maturity of Dated Notes

Unless previously redeemed, substituted or purchased and cancelled in compliance with the requirements of this Condition 4, the Maturity Date of Dated Notes shall occur no earlier than the tenth anniversary of the Issue Date of those Notes.

4.4 Subordination

The rights of Holders of the Notes and any relative Coupons against the Issuer to payment of any amounts under or arising from the Notes, any relative Coupons and the Trust Deed relating to them or arising therefrom are, in the event of the winding-up of the Issuer, subordinated in the manner provided in the Trust Deed to the claims of all Senior Creditors, but shall rank at least *pari passu* with all other obligations of the Issuer which constitute or would, but for any applicable limitation on the amount of such capital, constitute Tier 2 Capital and in priority to those whose claims constitute or would, but for any applicable limitation on the amount of such capital, constitute Tier 1 Capital and in priority to the claims of holders of all classes of share capital of the Issuer.

4.5 Solvency Condition

- (a) All payments under or arising from the Notes, the Coupons or the Trust Deed relating to them or arising therefrom, other than payments to the Trustee made in accordance with the Trust Deed in respect of, *inter alia*, the Trustee's fees, and remuneration and expenses and liabilities incurred by the Trustee in carrying out its duties under the Trust Deed, shall be conditional upon the Issuer satisfying the Solvency Condition both at the time of, and immediately after, any such payment.
- (b) The Issuer will not make any payment and any such payment shall not be payable under or arising from the Notes, the Coupons or the Trust Deed relating to them or arising therefrom unless the Issuer satisfies the Solvency Condition both at the time of, and immediately after, any such payment. For this purpose, the Issuer shall satisfy the Solvency Condition if:
 - (i) it is able to pay its debts to all Senior Creditors, the Holders of the Notes and the holders of any Parity Securities, as they fall due; and
 - (ii) its total Assets exceed total Liabilities, other than Liabilities to persons that are neither Senior Creditors nor the Holders of the Notes nor the holders of Parity Securities, by at least 4% or such other percentage specified by the PRA from time to time as the Regulatory Capital Requirement.
- (c) A report as to the solvency of the Issuer by two Directors of the Issuer or, in certain circumstances as provided in the Trust Deed, the Auditors, or, if there is a winding-up of the Issuer in England and Wales, the liquidator of the Issuer shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee and the Holders of the Notes and any relative Coupons as correct and sufficient evidence thereof.

If the Issuer does not satisfy the Solvency Condition both at the time of, and immediately after, payment, the amount of any payments which would otherwise have been payable in respect of the Notes, but are not paid by reason of the Solvency Condition not being satisfied, will be available to meet losses of the Issuer.

4.6 Solvency Capital Requirement and Minimum Capital Requirement

- (a) All payments under or arising from the Notes, the Coupons or the Trust Deed relating to them or arising therefrom, other than payments to the Trustee made in accordance with the Trust Deed in respect of, *inter alia*, the Trustee's fees, and remuneration and expenses and liabilities incurred by it in carrying out its duties under the Trust Deed, shall, unless otherwise permitted by the PRA, be conditional upon both the Solvency Capital Requirement and the Minimum Capital Requirement being met both at the time of, and immediately after, any such payment.
- (b) Unless otherwise permitted by the PRA, the Issuer will not make any payment and any such payment shall not be payable under or arising from the Notes, the Coupons or the Trust Deed relating to them or arising therefrom, unless both the Solvency Capital Requirement and the Minimum Capital Requirement are met both at the time of, and immediately after, any such payment.
- (c) A report as to the Issuer's compliance with the Solvency Capital Requirement or the Minimum Capital Requirement (or both) signed by two Directors of the Issuer or, if there is a winding-up of the Issuer in England and Wales, the liquidator of the Issuer shall, in the absence of manifest error, be treated and accepted by the Issuer, the Trustee and the Holders of the Notes and any relative Coupons as correct and sufficient evidence thereof.

If the Solvency Capital Requirement or the Minimum Capital Requirement is (or both are) not met, the amount of any payments which would otherwise have been payable in respect of the Notes, but are not paid by reason of the Solvency Capital Requirement or the Minimum Capital Requirement (or both) not being satisfied, will be available to meet losses of the Issuer.

4.7 Arrears of Interest

- (a) If the Issuer does not make any interest payment as a result of the Issuer not satisfying the Solvency Condition, or either the Solvency Capital Requirement or the Minimum Capital Requirement (or both) not being met, both at the time of, and immediately after, such payment, or following an election made by the Issuer pursuant to Condition 5 or Condition 6, that payment shall constitute Arrears of Interest until paid.
- (b) No interest will accrue on Arrears of Interest.
- (c) Arrears of Interest may be paid in whole or in part (as specified in the notice given by the Issuer) at any time upon the Issuer giving notice thereof to the Trustee and the Issue and Paying Agent in writing and to the Holders in accordance with Condition 20 not less than 5 Business Days prior to the proposed date for payment.

- (d) Arrears of Interest will become payable in full on the redemption of the Notes or purchase of the Notes by or on behalf of the Issuer or, subject to the provisions of Conditions 4.4, 4.5 and 4.6, upon the commencement of the winding-up of the Issuer, but so that in the case of payment of only part of the Arrears of Interest, the interest accrued during any Interest Period shall not be paid prior to that accrued during an earlier Interest Period.
- (e) Unless otherwise permitted by the PRA, the Issuer will not pay any amount in respect of Arrears of Interest and any such payment shall not be payable under or arising from the Notes, the Coupons or the Trust Deed relating to them or arising therefrom, unless the Issuer satisfies the Solvency Condition, and both the Solvency Capital Requirement and the Minimum Capital Requirement are met, both at the time of, and immediately after, any such payment.

4.8 Conditions to redemption, variation, substitution, conversion and purchase

- (a) Except as otherwise indicated to the Issuer by the PRA, the Issuer may not redeem, vary, substitute, convert or purchase any Notes unless the Issuer has given prior notice to the PRA and the PRA has given its prior approval or consented in the form of a waiver or otherwise to such redemption, variation, substitution, conversion or purchase, in each case in accordance with, and to the extent required under, the Capital Regulations applicable in relation to Tier 2 Capital.
- (b) Neither the Issuer nor any Subsidiary may redeem or purchase any Notes unless on and immediately after the relevant Redemption Date or date on which the Notes are to be purchased:
 - (i) the Issuer is in compliance with the Regulatory Capital Requirement;
 - (ii) the Issuer satisfies the Solvency Condition;
 - (iii) both the Solvency Capital Requirement and the Minimum Capital Requirement are met; and
 - (iv) no Insolvent Insurer Winding-up has occurred and is continuing,
 or, in each case, as otherwise permitted by the PRA.
- (c) The PRA may impose further conditions on any redemption, variation, substitution, conversion or purchase at the relevant time.
- (d) The Trustee shall be entitled to rely on a certificate signed by two Directors of the Issuer as to whether or not the conditions to redemption, substitution, variation or purchase are met, including as to whether an Insolvent Insurer Winding-up has occurred and is continuing and, if the Trustee does so rely, such certificate shall, in the absence of manifest error, be conclusive and binding on the Issuer, the Trustee and the Holders.

4.9 Postponement of Redemption Date

- (a) If redemption of the Notes is to be postponed as a result of one or more of the conditions set out in Condition 4.8 not being met, the Issuer shall notify the Trustee and the Issue and Paying Agent in writing and notify the Holders in accordance with Condition 20 no later than two Business Days prior to the scheduled Redemption Date (or as soon as reasonably practicable if the relevant circumstance requiring redemption to be deferred arises, or is determined, less than two Business Days prior to the Redemption Date).
- (b) If redemption does not occur on the relevant Redemption Date as a result of the Issuer not satisfying the Solvency Condition both on, and immediately after, the relevant Redemption Date, or because the PRA has not given its prior approval or consented in the form of a waiver or otherwise to such redemption in accordance with, and to the extent required under, the Capital Regulations applicable in relation to Tier 2 Capital, the Notes shall be redeemed at their principal amount outstanding or, if applicable, the Make Whole Redemption Price, on the date falling 10 Business Days after the first date following the relevant Redemption Date on which the Issuer satisfies the Solvency Condition and would continue to do so if the Notes were redeemed on such date and on which the PRA has given its prior approval or consented in the form of a waiver or otherwise to such redemption in accordance with, and to the extent required under, the Capital Regulations applicable in relation to Tier 2 Capital.
- (c) No interest will accrue on any amounts not paid on the Notes as a result of the Issuer not satisfying the Solvency Condition both on and immediately after the relevant Redemption Date, provided, however, that interest will accrue at the rate of interest specified in Condition 7 (in the case of Fixed Rate Notes), Condition 8 (in the case of Reset Notes), Condition 9 (in the case of Floating Rate Notes) or Condition 10 (in the case of Fixed/Floating Rate Notes) on such amounts from (and including) the 14th day following the date on which such amounts become due and payable as set out in paragraph (b) of this Condition 4.9 to (but excluding) the date on which such amounts are paid.
- (d) If redemption does not occur on the Redemption Date as a result of either the Solvency Capital Requirement or the Minimum Capital Requirement (or both) not being met both on, and immediately after, the relevant Redemption Date, or because an Insolvent Insurer Winding-up has occurred and is continuing on the relevant Redemption Date, the Notes shall be redeemed at their principal amount outstanding or, if applicable, the Make Whole Redemption Price upon the earlier of:
 - (i) the date falling 10 Business Days after the first date following the relevant Redemption Date on which both the Solvency Capital Requirement and the Minimum Capital Requirement are met and would continue to be met if the Notes were redeemed on such date, and on which no Insolvent Insurer Winding-up has occurred and is continuing;

- (ii) the date falling 10 Business Days after the date on which the PRA has notified the Issuer of its waiver of the suspension of or agreement to the repayment or redemption of the Notes; and
 - (iii) the date on which an order is made, or an effective resolution is passed, for the winding-up in England and Wales of the Issuer (except a solvent winding-up solely for the purpose of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business of the Issuer the terms of which reconstruction, amalgamation or substitution:
 - (A) have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed); and
 - (B) do not provide that the Notes shall thereby become payable).
- (e) No interest will accrue on any amounts not paid on the Notes as a result of either the Solvency Capital Requirement or the Minimum Capital Requirement (or both) not being met both on, and immediately after, the relevant Redemption Date or because an Insolvency Insurer Winding-up has occurred and is continuing on the relevant Redemption Date, provided, however, that interest will accrue at the rate of interest specified in Condition 7 (in the case of Fixed Rate Notes), Condition 8 (in the case of Reset Notes), Condition 9 (in the case of Floating Rate Notes) or Condition 10 (in the case of Fixed/Floating Rate Notes) on such amounts from (and including) the 14th day following the date on which such amounts become due and payable as set out in paragraph (d) of this Condition 4.9 to (but excluding) the date on which such amounts are paid.
- (f) The Issuer shall notify the Trustee and the Issue and Paying Agent in writing and notify the Holders in accordance with Condition 20 no later than five Business Days prior to the date on which the Notes are due to be redeemed pursuant to paragraph (b) or paragraph (d) of this Condition 4.9 of the revised Redemption Date.
- (g) The Issuer may not redeem any Notes pursuant to this Condition 4.9 unless the conditions to redemption set out in Condition 4.8 are met in respect of the revised Redemption Date.

4.10 No default

If the Issuer fails to pay any amount under or arising from the Notes, any relative Coupons and the Trust Deed relating to them in respect of which the Issuer does not satisfy the Solvency Condition, or either the Solvency Capital Requirement or the Minimum Capital Requirement is (or both are) not met, both at the time of, and immediately after, the time at which the same would otherwise be due and payable, or because any of the other conditions in Condition 4.8 are not met, such failure to pay shall not constitute a default for any purpose (including, but without limitation, Condition 16) on the part of the Issuer.

4.11 Solvency Claims

- (a) Without prejudice to the rest of these Conditions, amounts representing payments of any amount under or arising from the Notes, any relative Coupons and the Trust Deed relating to them in respect of which the Issuer does not satisfy the Solvency Condition, or either the Solvency Capital Requirement or the Minimum Capital Requirement is (or both are) not met, both at the time of, and immediately after, the time at which the same would otherwise be due and payable ("Solvency Claims"), will be payable by the Issuer in a winding-up of the Issuer as provided in Condition 4.4.
- (b) A Solvency Claim shall not bear interest, except in the limited circumstances referred to in Condition 4.9.

4.12 Set-off and counterclaim

By acceptance of the Notes, each Holder of the Notes and the Trustee, on behalf of such Holders, will be deemed to have waived any right of set-off or counterclaim that such Holders might otherwise have against the Issuer whether prior to or in bankruptcy or winding-up. Notwithstanding the preceding sentence, if any of the rights and claims of any Holder of the Notes are discharged by set-off, such Holder will immediately pay an amount equal to the amount of the rights and claims so discharged to the Issuer or, if applicable, the liquidator or the Trustee and, until payment is made, will hold a sum equal to such amount on trust for the Issuer or, if applicable, the liquidator or the Trustee in the Issuer's winding-up. Accordingly, such discharge will be deemed not to have taken place.

4.13 Events of default and enforcement

- (a) No remedy shall be available to the Trustee or any Holder against the Issuer, whether for the recovery of amounts owing in respect of the Notes, the Coupons or under the Trust Deed relating to them or arising therefrom or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes, the Coupons or under the Trust Deed relating to them or arising therefrom, other than as provided for in Condition 16.
- (b) Notwithstanding any other provisions of these Conditions, the right to institute winding-up proceedings in respect of the Issuer is limited to circumstances where payment of amounts owing in respect of the Notes, the Coupons or under the Trust Deed relating to them or arising therefrom or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes, the Coupons or under the Trust Deed relating to them or arising therefrom, has become due.
- (c) No amount owing in respect of the Notes, the Coupons or under the Trust Deed relating to them or arising therefrom or in respect of any breach by the Issuer of any of its other obligations under or in respect of the Notes, the Coupons or under the Trust Deed relating to them or arising therefrom shall be due if the Issuer does not satisfy the Solvency Condition, or either the Solvency Capital Requirement or

the Minimum Capital Requirement is (or both are) not satisfied both at the time of, and immediately after, the time at which the same would otherwise be due and payable, or if the Issuer has elected to defer the payment of such amount pursuant to Condition 5 or Condition 6.

- (d) The Trust Deed contains provisions entitling the Trustee to claim from the Issuer, *inter alia*, its fees and remuneration and the expenses and liabilities incurred by it in carrying out its duties under the Trust Deed. The provisions as to subordination and the restrictions on commencing proceedings described below will not apply to any such claims.

5. Deferral of Interest Payments – Issuer Discretion

- (a) This Condition 5 is applicable to the Notes only if Optional Interest Deferral is specified as applicable in the Final Terms.
- (b) The Issuer may, by giving notice thereof to the Trustee and the Issue and Paying Agent in writing and to the Holders of the Notes in accordance with Condition 20 not more than 16 nor less than 2 Business Days prior to the relevant Interest Payment Date, elect to defer interest payments on the Notes:
 - (i) where Dividend and Capital Restriction is specified as not applicable in the Final Terms, on any Interest Payment Date; and
 - (ii) where Dividend and Capital Restriction is specified as applicable in the Final Terms, on any Interest Payment Date which is not a Compulsory Interest Payment Date.
- (c) Notwithstanding any other provision in these Conditions or the Trust Deed, any payment which for the time being is not made on Notes by virtue of this Condition 5 shall not constitute a default for any purpose (including, but without limitation, Condition 16) on the part of the Issuer.

6. Deferral of Interest Payments – Capital Adequacy Condition

- (a) This Condition 6 is applicable to the Notes only if Capital Adequacy Interest Deferral is specified as applicable in the Final Terms.
- (b) The Issuer may, by giving notice thereof to the Trustee and the Issue and Paying Agent in writing and to the Holders of the Notes in accordance with Condition 20 not more than 16 nor less than 2 Business Days prior to the relevant Interest Payment Date, elect to defer interest payments on the Notes:
 - (i) where Dividend and Capital Restriction is specified as not applicable in the Final Terms, on any Interest Payment Date on which the Issuer determines:

- (A) in its sole discretion (by reference to the Issuer's then current financial condition), on or after the 20th Business Day, but not later than the fifth Business Day, prior to such Interest Payment Date that the Capital Adequacy Condition will not be met both at the time of, and immediately after, making the relevant interest payment; or
 - (B) that it is required under the terms of any Parity Security issued prior to 1 January, 2016 to defer payment of interest on the Notes; and
- (ii) where Dividend and Capital Restriction is specified as applicable in the Final Terms, on any Interest Payment Date on which the Issuer determines:
 - (A) in its sole discretion (by reference to the Issuer's then current financial condition), on or after the 20th Business Day, but not later than the fifth Business Day, prior to such Interest Payment Date that the Capital Adequacy Condition will not be met both at the time of, and immediately after, the relevant interest payment; or
 - (B) that it is required under the terms of any Parity Security issued prior to 1 January, 2016 to defer payment of interest on the Notes,

and such Interest Payment Date is not a Compulsory Interest Payment Date.
- (c) Notwithstanding any other provision in these Conditions or the Trust Deed, any payment which for the time being is not made on Notes by virtue of this Condition 6 shall not constitute a default for any purpose (including, but without limitation, Condition 16) on the part of the Issuer.

7. Fixed Rate Note Provisions

7.1 Application

This Condition 7 is applicable to the Notes only if the Fixed Rate Note Provisions are specified as applicable in the Final Terms.

7.2 Accrual of interest

- (a) Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) (as specified in the Final Terms).

- (b) Each Fixed Rate Note (or, in the case of the redemption of part only of a Fixed Rate Note, that part only of such Fixed Rate Note) will cease to bear interest (if any) from the due date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

7.3 Fixed Coupon Amount

If the Notes are in definitive form, except as provided in the Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payment of any Broken Amount will be made on the Interest Payment Date so specified in the Final Terms.

7.4 Calculation of interest amount

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (ii) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

8. Reset Note Provisions

8.1 Application

This Condition 8 is applicable to the Notes only if the Reset Rate Note Provisions are specified as applicable in the Final Terms.

8.2 Accrual of interest

- (a) Each Reset Note bears interest:
 - (i) in respect of the period from (and including) the Interest Commencement Date to (but excluding) the Reset Date (or, if there is more than one Reset

Period, the first Reset Date occurring after the Interest Commencement Date), at the rate per annum equal to the Initial Rate of Interest; and

- (ii) in respect of the Reset Period (or, if there is more than one Reset Period, each successive Reset Period thereafter), at such rate per annum as is equal to the relevant Subsequent Reset Rate, as determined by the Issue and Paying Agent on the relevant Reset Determination Date in accordance with this Condition 8,

payable, in each case, in arrear on the Interest Payment Dates(s) (as specified in the Final Terms).

- (b) The Issue and Paying Agent will calculate the Interest Amount payable on the Reset Notes for the relevant period by applying the Initial Rate of Interest or the applicable Subsequent Reset Rate (as the case may be) to:

- (i) in the case of Reset Notes that are represented by a Global Note, the aggregate outstanding nominal amount of the Reset Notes represented by such Global Note; or
- (ii) in the case of Reset Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Reset Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Reset Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

- (c) Each Reset Note (or, in the case of the redemption of part only of a Reset Note, that part only of such Reset Note) will cease to bear interest (if any) from the due date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

8.3 Subsequent Reset Rate Screen Page

- (a) If on any Reset Determination Date the Subsequent Reset Rate Screen Page is not available, the Issue and Paying Agent shall request each of the Reference Banks to provide the Issue and Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Subsequent Reset Reference Rate at approximately the Subsequent Reset Rate Time on the Reset Determination Date in question.

- (b) If two or more of the Reference Banks provide the Issue and Paying Agent with offered quotations, the Subsequent Reset Rate for the relevant Reset Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the applicable Reset Margin (if any), all as determined by the Issue and Paying Agent.
- (c) If on any Reset Determination Date only one or none of the Reference Banks provides the Issue and Paying Agent with an offered quotation as provided in the foregoing provisions of this Condition 8.3, the Subsequent Reset Rate shall be determined as at the last preceding Reset Determination Date or, in the case of the first Reset Determination Date, the Subsequent Reset Rate shall be the Initial Rate of Interest.

8.4 Notification of Subsequent Reset Rate and Interest Amounts

The Issue and Paying Agent will cause the Subsequent Reset Rate and each Interest Amount for each Reset Period to be notified to the Issuer and the Trustee and any stock exchange or other relevant authority on which the relevant Reset Notes are for the time being listed or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 20 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter.

8.5 Determination or Calculation by Trustee

If for any reason at any relevant time, the Issue and Paying Agent defaults in its obligation to determine the Subsequent Reset Rate or to calculate any Interest Amount in accordance with Condition 8.2 or 8.3, the Trustee shall determine the Subsequent Reset Rate at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 8), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances. In making any such determination or calculation, the Trustee may (at the expense of the Issuer) appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). Each such determination or calculation shall be deemed to have been made by the Issue and Paying Agent.

8.6 Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 8, whether by the Issue and Paying Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Issue and Paying Agent, the other Paying Agents, the Trustee and all Holders and (in the absence of wilful default and bad faith) no liability to the Issuer or the Holders or any other person shall attach to the Issue and Paying Agent or the Trustee in connection with the exercise or non exercise by it of its powers, duties and discretions pursuant to such provisions.

9. Floating Rate Note Provisions

9.1 Application

This Condition 9 is applicable to the Notes only if the Floating Rate Note Provisions are specified as applicable in the Final Terms.

9.2 Accrual of interest

- (a) Each Floating Rate Note bears interest from (and including) the Interest Commencement Date at the Rate of Interest and such interest will be payable in arrear on each Interest Payment Date. Such interest will be payable in respect of each Interest Period.
- (b) Each Floating Rate Note (or, in the case of the redemption of part only of a Floating Rate Note, that part only of such Floating Rate Note) will cease to bear interest (if any) from the due date for its redemption unless payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as provided in the Trust Deed.

9.3 ISDA Determination

- (a) Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any).
- (b) The “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Issue and Paying Agent under an interest rate swap transaction if the Issue and Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option is as specified in the Final Terms;
 - (ii) the Designated Maturity is a period specified in the Final Terms; and
 - (iii) the relevant Reset Date is the day specified in the Final Terms.
- (c) In this Condition 9.3, the expressions “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

9.4 Screen Rate Determination

- (a) Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, and unless Condition 9.5, 9.6,

9.7 or 9.8 applies, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Relevant Time on the Interest Determination Date in question plus or minus (as indicated in the Final Terms) the Margin (if any), all as determined by the Issue and Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issue and Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

- (b) If the Relevant Screen Page is not available or if, in the case of Condition 9.4(a)(i) above, no offered quotation appears or, in the case of Condition 9.4(a)(ii) above, fewer than three offered quotations appear, in each case as at the Relevant Time, the Issue and Paying Agent shall request each of the Reference Banks to provide the Issue and Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issue and Paying Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Issue and Paying Agent.
- (c) If on any Interest Determination Date one only or none of the Reference Banks provides the Issue and Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Issue and Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Issue and Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Relevant Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or if the Reference Rate is other than LIBOR or EURIBOR, the inter-bank market of the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Issue and Paying Agent with

offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Issue and Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone interbank market (if the Reference Rate is EURIBOR) or if the Reference Rate is other than LIBOR or EURIBOR, the inter-bank market of the Relevant Financial Centre plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

9.5 EONIA Linked Interest Notes

- (a) Where the Reference Rate is specified as being EONIA, the Rate of Interest for each Interest Period will be the rate (expressed as a percentage per annum rounded to the nearest ten-thousandths of a percentage point, with 0.00005 being rounded upwards) which will be calculated by the Calculation Agent and equal to the sum of Capitalised EONIA plus the Margin by reference to the Relevant Screen Page.
- (b) If, for any day “i” in respect of which EONIA1 is to be determined, the Calculation Agent determines that:
 - (i) the Relevant Screen Page is not available; or
 - (ii) on the TARGET Business Day following the day “i” in respect of which EONIA1 is to be determined, no overnight rate as referred to in the definition of “EONIA1” appears for any reason,

the Calculation Agent shall determine EONIA1 for such day in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

9.6 SONIA Linked Interest Notes

- (a) Where the Reference Rate is specified as being SONIA, the Rate of Interest for each Interest Period will be the Compounded SONIA Rate (expressed as a percentage per annum rounded to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards) which will be calculated by the Calculation Agent by reference to the Relevant Screen Page.

- (b) If, at any such time, the Calculation Agent determines that either the Relevant Screen Page is not available or that no requisite quotation appears, the Calculation Agent will determine the SONIA rate for such time and London Business Day in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

9.7 Federal Funds Rate Linked Interest Notes

Where the Reference Rate is specified as being the Federal Funds Rate, the Rate of Interest for each Interest Period will be calculated by the Calculation Agent and shall be equal to the Weighted Average U.S. Federal Funds Rate.

9.8 CMS Linked Interest Notes

- (a) Where the Reference Rate is specified as being the CMS Reference Rate, the Rate of Interest for each Interest Period will be calculated by the Calculation Agent and shall be equal to the sum of the CMS Rate plus the Margin, determined by reference to the Relevant Screen Page.
- (b) If the Relevant Screen Page is not available, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate (expressed as a percentage rate per annum) at approximately the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent such quotations, the CMS Rate for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).
- (c) If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent in its sole and absolute discretion on a commercial basis as it shall consider appropriate and in accordance with standard market practice.

9.9 Minimum Rate of Interest and/or Maximum Rate of Interest

- (a) If the Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of this Condition 9 is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.
- (b) If the Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of this Condition 9 is greater than

such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

9.10 Determination of Rate of Interest

The Issue and Paying Agent or, in the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent, will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent will notify the Issue and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

9.11 Calculation of Interest Amount

(a) The Issue and Paying Agent or, in the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent, will calculate the Interest Amount payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

- (i) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (ii) in the case of Floating Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(b) Where the Specified Denomination of a Floating Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

9.12 Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Issue and Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the Final Terms) or the relevant Floating Rate Option (where ISDA

Determination is specified as applicable in the Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Issue and Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

9.13 Notification of Rate of Interest and Interest Amounts

- (a) The Issue and Paying Agent or, in the case of Floating Rate Notes which are EONIA Linked Interest Notes, SONIA Linked Interest Notes, Federal Funds Rate Linked Interest Notes or CMS Linked Interest Notes, the Calculation Agent, will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and the Trustee and any stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed or by which they have been admitted to listing and notice thereof to be published in accordance with Condition 20 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter.
- (b) Each Interest Amount and Interest Payment Date notified in accordance with Condition 9.13(a) may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange or other relevant authority on which the relevant Floating Rate Notes or are for the time being listed or by which they have been admitted to listing and to the Holders in accordance with Condition 20.

9.14 Determination or Calculation by Trustee

If for any reason at any relevant time the Issue and Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or to calculate any Interest Amount in accordance with this Condition 9, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 9, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances. In making any such determination or calculation, the Trustee may (at the expense of the Issuer) appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). Each such determination or calculation shall be deemed to have been made by the Issue and Paying Agent or the Calculation Agent, as applicable.

9.15 Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 9, whether by the Issue and Paying Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Issue and Paying Agent, the Calculation Agent (if applicable), the other Paying Agents, the Trustee and all Holders and (in the absence of wilful default and bad faith) no liability to the Issuer or the Holders or any other person shall attach to the Issue and Paying Agent or, if applicable, the Calculation Agent or the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

10. Fixed/Floating Rate Notes

10.1 Application

This Condition 10 is applicable to the Notes only if the Fixed Rate Note Provisions and the Floating Rate Note Provisions are specified as applicable in the Final Terms.

10.2 Fixed/Floating Rate

The Issuer may issue Notes:

- (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate Note to a Floating Rate Note, or from a Floating Rate Note to a Fixed Rate Note; or
- (ii) that will automatically convert from a Fixed Rate Note to a Floating Rate Note, or from a Floating Rate Note to a Fixed Rate Note, on the date set out in the Final Terms.

11. Business Day Convention

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention has (x) no numerically corresponding day in the calendar month in which such date should occur or (y) would otherwise fall on a day that is not a Business Day, then:

- (i) if “Following Business Day Convention” is specified in the Final Terms, the relevant date shall be postponed to the first following day that is a Business Day;
- (ii) if “Modified Following Business Day Convention” or “Modified Business Day Convention” is specified in the Final Terms, the relevant date shall be postponed to the first following day that is a Business Day unless that day falls in the next calendar month in which case that date will be the first preceding day that is a Business Day;

- (iii) if “Preceding Business Day Convention” is specified in the Final Terms, the relevant date shall be brought forward to the first preceding day that is a Business Day;
- (iv) if “FRN Convention”, “Floating Rate Convention” or “Eurodollar Convention” is specified in the Final Terms, the relevant date shall be the date which numerically corresponds to the preceding such date in the calendar month which is the number of months specified in the Final Terms as the Specified Period after the calendar month in which the preceding such date occurred provided, however, that:
 - (A) if there is no such numerically corresponding day in the calendar month in which any such date should occur, then such date will be the last day which is a Business Day in that calendar month;
 - (B) if any such date would otherwise fall on a day which is not a Business Day, then such date will be the first following day which is a Business Day unless that day falls in the next calendar month, in which case it will be the first preceding day which is a Business Day;
 - (C) if the preceding such date occurred on the last day in a calendar month which was a Business Day, then all subsequent such dates will be the last day which is a Business Day in the calendar month which is the specified number of months after the calendar month in which the preceding such date occurred; and
- (v) if “No Adjustment” is specified in the Final Terms, the relevant date shall not be adjusted in accordance with any Business Day Convention.

12. Payments

12.1 Method of payment

- (a) Subject as provided below:
 - (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account and which, in the case of a payment on a Note in bearer form for U.S. federal income tax purposes, shall be an account outside the United States, except as may be permitted by United States federal income tax law) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (in no event, however, shall payment in respect of a Note in bearer form for U.S. federal income tax purposes be made by cheque mailed to an address in the United States); and

- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.
- (b) Payments will be subject in all cases to:
 - (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 14; and
 - (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 14) any law implementing an intergovernmental approach thereto.

12.2 Presentation of Bearer Notes and Coupons

- (a) Payments of principal in respect of Bearer Notes will (subject as provided below) be made in the manner provided in Condition 12.1 only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Bearer Notes, and payments of interest in respect of Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).
- (b) Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 15) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.
- (c) Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.
- (d) Upon the date on which any Floating Rate Note, Reset Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons

and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

- (e) If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.
- (f) Payments of principal and interest (if any) in respect of Notes represented by any Temporary or Permanent Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Temporary or Permanent Global Note in bearer form, where applicable, against presentation or surrender, as the case may be, of such Temporary or Permanent Global Note in bearer form at the specified office of any Paying Agent outside the United States. A record of each payment made, distinguishing between any payment of principal and any payment of interest, will be made either on such Temporary or Permanent Global Note in bearer form by the Paying Agent to which it was presented or in the records of Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg"), as applicable.
- (g) The Holder of a Temporary or Permanent Global Note in bearer form shall be the only person entitled to receive payments in respect of Notes represented by such Temporary or Permanent Global Note in bearer form and the Issuer will be discharged by payment to, or to the order of, the Holder of such Temporary or Permanent Global Note in bearer form in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or any other clearing system as the beneficial holder of a particular nominal amount of Notes represented by such Temporary or Permanent Global Note in bearer form must look solely to Euroclear, Clearstream, Luxembourg or such other clearing system, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the Holder of such Temporary or Permanent Global Note in bearer form.

12.3 U.S. Paying Agent

- (a) Notwithstanding the foregoing provisions of this Condition 12, if any amount of principal and/or interest in respect of Notes is payable in US dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:
 - (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in US dollars at such specified offices

outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;

- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in US dollars; and
- (b) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

12.4 Registered Notes

- (a) Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account of the Holder (or the first named of joint Holders) of the Registered Note appearing in the register:
 - (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date; and
 - (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date.
- (b) Notwithstanding Condition 12.4(a), if:
 - (i) a Holder does not have a Designated Account; or
 - (ii) the nominal amount of the Registered Notes held by a Holder is less than US\$250,000 (or its approximate equivalent in any other Specified Currency) payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank.
- (c) Payments of interest in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the Holder (or the first named of joint Holders) of the Registered Note appearing in the register:
 - (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date; and

- (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the “Record Date”) at his address shown in the register on the Record Date and at his risk.
- (d) Upon application of the Holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) in respect of the Registered Notes which become payable to the Holder who has made the initial application until the Registrar is notified in writing to the contrary by such Holder. Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the principal amount of such Registered Note.
- (e) Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition 12 arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such Holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

12.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the Holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

12.6 Interpretation of principal and interest

- (a) Any reference in these Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

 - (ii) the Final Redemption Amount of the Notes;
 - (iii) the Optional Redemption Amount(s) (if any) of the Notes;

13. Redemption, Variation, Substitution, Conversion and Purchase

This Condition 13 is subject in all respects to Condition 4.

13.1 Redemption of Notes at Maturity

13.2 Issuer's Call Option

The Issuer may redeem the Notes in whole (but not in part) at its option, if specified in the Final Terms, on any Optional Redemption Date.

The Solvency II Regulations require that the Notes may not be redeemed prior to the fifth anniversary of the Issue Date of the Notes unless such redemption is funded out of the proceeds of a new issuance of capital of the same or higher quality than the relevant Notes.

To satisfy this requirement, the Optional Redemption Date specified in any Final Terms may not occur prior to the fifth anniversary of the Issue Date of the Notes.

 - (ii) to address such Tax Event, substitute the Notes in whole (but not in part) for, or vary these Conditions and/or the terms of the Trust Deed such that they are treated as, an issue of Qualifying Tier 2 Capital.
- (c) If and to the extent required by the Capital Regulations applicable in relation to Tier 2 Capital, and except as otherwise indicated to the Issuer by the PRA, the Issuer may not redeem the Notes upon the occurrence of a Tax Event prior to the fifth anniversary of the Issue Date of the Notes unless such redemption is funded out of the proceeds of a new issuance of capital of the same or higher quality than the relevant Notes.
- (d) The Trustee shall use its reasonable endeavours to assist the Issuer in substitution or variation of the Notes in accordance with this Condition 13.4, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation if the terms of the notes into which the Notes are to be substituted or are to be varied impose, in the Trustee's opinion, more onerous obligations upon it.

13.5 Regulatory Event Redemption

- (a) This Condition 13.5 shall apply to the Notes only if Regulatory Event Redemption is specified as being applicable in the Final Terms.
- (b) Subject as provided in these Conditions, the Issuer may redeem the Notes in whole (but not in part) at any time upon the occurrence of a Regulatory Event.

- (c) If and to the extent required by the Capital Regulations applicable in relation to Tier 2 Capital, and except as otherwise indicated to the Issuer by the PRA, the Issuer may not redeem the Notes upon the occurrence of a Regulatory Event prior to the fifth anniversary of the Issue Date of the Notes unless such redemption is funded out of the proceeds of a new issuance of capital of the same or higher quality as the relevant Notes.
- (d) The Trustee shall use its reasonable endeavours to assist the Issuer in substitution or variation of the Notes in accordance with this Condition 13.6, provided that the Trustee shall not be obliged to participate or assist in any such substitution or variation if the terms of the notes into which the Notes are to be substituted or are to be varied impose, in the Trustee's opinion, more onerous obligations upon it.

- (b) Subject as provided in these Conditions, the Issuer may redeem the Notes in whole (but not in part) at any time upon the occurrence of a Rating Event.

PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

The following is a summary of the provisions to be contained in the Trust Deed to constitute the Notes and in the Global Notes which will apply to, and in some cases modify, the relevant Terms and Conditions of the Notes while the Notes are represented by the Global Notes.

1. Form of Global Notes

(a) Registered Notes

Unless otherwise provided with respect to a particular Series of Registered Notes, each Tranche of Registered Notes offered and sold in reliance on Regulation S under the Securities Act, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Note which will be deposited with a common depositary or (in the case of Notes intended to be held under the New Safekeeping Structure ("NSS")) a common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg or in the name of a nominee of the common safekeeper, as specified in the applicable Final Terms. Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 of the relevant Terms and Conditions and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

Registered Notes of each Tranche of a particular Series may only be offered and sold in the United States or to U.S. persons in private transactions to QIBs. The Registered Notes of each Tranche sold to QIBs in reliance on Rule 144A under the Securities Act will be represented by a Rule 144A Global Note which will be deposited with Citibank, N.A. as custodian for, and registered in the name of Cede & Co. as nominee for, DTC.

Registered Notes will not be exchangeable for Bearer Notes.

Interests in the Regulation S Global Note and the Rule 144A Global Note will be exchangeable for Definitive Registered Notes without interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes "Exchange Event" means (i) (in the case of both the Regulation S Global Note and the Rule 144A Global Note) (a) in respect of Senior Notes, an Event of Default (as defined in the Trust Deed) has occurred and is continuing or (b) in respect of Tier 1 Notes or Tier 2 Notes, a Default has occurred and is continuing, (ii) (in the case of a Regulation S Global Note) Euroclear or Clearstream, Luxembourg has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and, in any such case, no alternative

clearing system satisfactory to the Trustee is available, (iii) (in the case of the Rule 144A Global Note) DTC has notified the Issuer that it is no longer willing or able to discharge properly its responsibilities as depositary with respect to the Rule 144A Global Note or has ceased to be a “Clearing Agency” registered under the Exchange Act or is at any time no longer eligible to act as such, and the Issuer is unable to locate a qualified successor within 90 days of receiving notice of such ineligibility on the part of such depositary, (iv) (in the case of both the Regulation S Global Note or the Rule 144A Global Note), the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Registered Notes represented by the relevant Registered Global Note in definitive form and a certificate to such effect signed by two directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to the Holders in accordance with Condition 14 of the Terms and Conditions of the Senior Notes or, as the case may be, Condition 20 of the Terms and Conditions of the Tier 2 Notes if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or, as the case may be, DTC (acting on the instructions of any holder of an interest in the relevant Registered Global Note) or the Trustee may give notice to the Registrar requesting exchange and, in the case of (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall take place not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

Definitive Registered Notes may also be sold outside the United States in reliance on Regulation S under the Securities Act.

Payments of the principal of, and interest (if any) on, the Registered Global Notes will be made to the nominee of DTC and/or of Euroclear and/or Clearstream, Luxembourg as the registered holder(s) of the Registered Global Notes. None of the Issuer, the Trustee, any Paying Agent and the Registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of interest on the Registered Global Notes will be made on the relevant payment date to the person in whose name such Notes are registered on the Record Date (as defined in Condition 6.4 of the Terms and Conditions of the Senior Notes or, as the case may be, Condition 12.4 of the Terms and Conditions of the Tier 2 Notes) immediately preceding such payment date.

The Holder of a Registered Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Registered Global Note and the Issuer will be discharged by payment to, or to the order of, the Holder of such Registered Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, DTC or any other clearing system as the beneficial holder of a particular nominal amount of Notes represented by such Registered Global Note must look solely

to Euroclear, Clearstream, Luxembourg, DTC or such other clearing system, as the case may be, for its share of each payment so made by the Issuer to, or to the order of, the Holder of such Registered Global Note.

(b) Bearer Notes

Each Tranche of Bearer Notes will initially be represented by either (i) a Temporary Global Note or (ii) a Permanent Global Note, in each case without interest coupons or talons, which will (i) if the Bearer Global Notes are intended to be issued in NGN form (“NGN”), as specified in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear and Clearstream, Luxembourg; or (ii) if the Bearer Global Notes are not intended to be issued in NGN form, as specified in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common depository for Euroclear and Clearstream, Luxembourg. In the case of each Tranche of Bearer Notes the applicable Final Terms will specify whether U.S. Treasury Regulations § 1.163-5(c)(2)(i)(C) (or any successor or U.S. Treasury Regulation Section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the “C Rules”) or U.S. Treasury Regulations § 1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation Section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act 2010) (the “D Rules”) would apply in relation to such Notes or, if such Notes do not have a maturity of more than one year and are not otherwise treated as in registered form for U.S. federal tax purposes, that TEFRA is not applicable.

Whilst any Bearer Note is represented by a Temporary Global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issue and Paying Agent. The foregoing U.S. beneficial ownership certification requirement will not be applicable to payments of principal and interest (if any) on any Bearer Note that is treated as in registered form for U.S. federal income tax purposes.

On and after the date (the “Exchange Date”) which is 40 days after the date on which any Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for interests in a Permanent Global Note without interest coupons or talons or for Definitive Bearer Notes with, where applicable, interest coupons and talons

attached (as indicated in the applicable Final Terms) in each case (if the Bearer Notes are subject to the D Rules) against certification of beneficial ownership as described in the second sentence of the immediately preceding paragraph unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date unless upon due certification exchange of the Temporary Global Note is improperly withheld or refused.

Payments of principal and interest (if any) on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not issued in NGN form) without any requirement for certification. The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer Notes with, where applicable, interest coupons and talons attached either (a) upon not less than 30 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Issue and Paying Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes "Exchange Event" means that (i) (a) in respect of Senior Notes, an Event of Default (as listed in Condition 10 of the Terms and Conditions) has occurred and is continuing or (b) in respect of Tier 2 Notes, a Default has occurred and is continuing; (ii) Euroclear or Clearstream, Luxembourg has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and, in any such case, no alternative clearing system satisfactory to the Trustee is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Bearer Notes represented by the Permanent Global Note in definitive form and a certificate to such effect signed by two directors of the Issuer is given to the Trustee. The Issuer will promptly give notice to the Holders in accordance with Condition 14 of the Terms and Conditions of the Senior Notes or, as the case may be, Condition 20 of the Terms and Conditions of the Tier 2 Notes if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) or the Trustee may give notice to the Issue and Paying Agent requesting exchange and, in the case of (iii) above, the Issuer may also give notice to the Issue and Paying Agent requesting exchange. Any such exchange shall take place not later than 45 days after the date of receipt of the first relevant notice by the Issue and Paying Agent.

The exchange upon notice option, as described in paragraph (a) above, should not be expressed to be applicable if the Notes are issued in denominations comprising a minimum Specified Denomination (such as €100,000 (or its equivalent in another currency)) plus one or more higher integral multiples of another smaller amount (such as €1,000 (or its equivalent in another currency)). Furthermore, such denomination construction is not permitted in relation to any

issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for Definitive Bearer Notes.

Bearer Notes will not be exchangeable for Registered Notes.

(c) General

Pursuant to the Agency Agreement (as defined under the relevant Terms and Conditions), the Issue and Paying Agent shall arrange that, where a further Tranche of Notes is issued and represented by a Temporary Global Note, the Notes of such Tranche shall be assigned (where applicable) a common code and ISIN by Euroclear and Clearstream, Luxembourg or CUSIP number which are different from the common code and ISIN or CUSIP number assigned to Notes of any other Tranche of the same Series until at least 40 days (as notified by the Issue and Paying Agent to the relevant Dealer or, in the case of a syndicated issue, the lead manager) after the completion of the distribution of the Notes of such Tranche.

Notes which are represented by a Global Note will be transferable only in accordance with the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case, to the extent applicable.

In respect of Notes represented by a global Note issued in NGN form or held under the NSS, the nominal amount of such Notes shall be the aggregate amount from time to time entered in the records of both Euroclear and Clearstream, Luxembourg. The records of Euroclear and Clearstream, Luxembourg shall be conclusive evidence of the nominal amount of such Notes and a statement issued by Euroclear and/or Clearstream, Luxembourg shall be conclusive evidence of the records of such parties at that time.

The Issuer has entered or will enter into an agreement with Euroclear and Clearstream, Luxembourg (the "ICSDs") in respect of any Notes issued in NGN form or held under the NSS that the Issuer may request be made eligible for settlement with the ICSDs (the "Issuer-ICSDs Agreement"). The Issuer-ICSDs Agreement sets out or will set out that the ICSDs will, in respect of any such Notes, *inter alia*, maintain records of their respective portion of the issue outstanding amount and will, upon the Issuer's request, produce a statement for the Issuer's use showing the total nominal amount of its customer holding of such Notes as of a specified date.

Where the global Notes issued in respect of any Tranche are in NGN form or held under the NSS, the ICSDs will be notified whether or not such global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper

for NGNs and Notes held under the NSS will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

2. Notices

For so long as all of the Notes of a Series are represented by either (i) a Temporary Global Note and/or a Permanent Global Note or (ii) one or more Registered Global Notes, and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, notices to Holders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or DTC (as the case may be) for communication to the relative Accountholders (as defined below) rather than by publication as required by Condition 14 of the Terms and Conditions of the Senior Notes or, as the case may be, Condition 20 of the Terms and Conditions of the Tier 2 Notes provided that, so long as such Notes are listed on a stock exchange or admitted to listing by another relevant authority, such stock exchange or other relevant authority so agrees. Any such notice shall be deemed to have been given to the Holders on the second day after the day on which such notice is delivered to Euroclear and/or Clearstream, Luxembourg and/or DTC (as the case may be) as aforesaid.

3. Accountholders

For so long as all of the Notes of a Series are represented by either (i) a Temporary Global Note and/or a Permanent Global Note or (ii) one or more Registered Global Notes and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, each person who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg or DTC as the holder of a particular nominal amount of such Notes (each an "Accountholder") (in which regard any certificate or other document issued by Euroclear, Clearstream, Luxembourg and/or DTC (as the case may be) as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes) shall be treated as the holder of such nominal amount of such Notes for all purposes (including for the purposes of any quorum requirements of, or the right to demand a poll at, meetings of the Holders) other than with respect to the payment of principal and interest on such nominal amount of such Notes and, in the case of DTC or its nominee, voting, giving consents and making requests, the rights to which shall be vested, as against the Issuer and the Trustee, solely in the bearer of the relevant Temporary Global Note or, as the case may be, Permanent Global Note or, as the case may be, the registered holder of the Registered Global Note in accordance with and subject to its terms and the terms of the Trust Deed. Each Accountholder must look solely to Euroclear or Clearstream, Luxembourg or DTC, as the case may be, for its share of each payment made to the bearer of the relevant Global Note.

4. Prescription

Claims against the Issuer in respect of principal and interest on the Notes represented by a Global Note will be prescribed after 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date (as defined in Condition 8 of the Terms and

Conditions of the Senior Notes or, as the case may be, Condition 23 of the Terms and Conditions of the Tier 2 Notes).

5. Cancellation

Cancellation of any Note represented by a Global Note and required by the relevant Terms and Conditions of the Notes to be cancelled following its redemption or purchase will be effected by endorsement by or on behalf of the Issue and Paying Agent of the reduction in the nominal amount of the relevant Global Note on the relevant schedule thereto.

6. Investor Put – Senior Notes only

For so long as all of the Senior Notes of a Series are represented by either (i) a Temporary Global Note and/or a Permanent Global Note or (ii) one or more Registered Global Notes and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, the option of the Holders provided for in Condition 7.4 of the Terms and Conditions of the Senior Notes may be exercised by the Accountholders giving a duly completed redemption notice in the form obtainable from any of the Paying Agents to the Issue and Paying Agent of the nominal amount of the Notes in respect of which such option is exercised and at the same time presenting or procuring the presentation of the relevant Global Note to the Issue and Paying Agent for notation accordingly within the time limits set forth in that Condition. Such redemption notices shall be given in accordance with the standard procedures of Euroclear and/or Clearstream, Luxembourg and/or DTC (as the case may be).

7. Issuer Call

For so long as all of the Senior Notes of a Series are represented by either (i) a Temporary Global Note and/or a Permanent Global Note or (ii) one or more Registered Global Notes and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg and/or DTC, no drawing (if applicable) of Senior Notes will be required under Condition 7.3 of the Terms and Conditions of the Senior Notes in the event that the Issuer exercises its call option pursuant to Condition 7.3 in respect of less than the aggregate nominal amount of the Notes outstanding at such time. In such event, the standard procedures of Euroclear and/or Clearstream, Luxembourg and/or DTC shall operate to determine which interests in the Global Note(s) are to be subject to such option (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion).

8. Euroclear, Clearstream, Luxembourg and DTC

References herein to Euroclear and/or Clearstream, Luxembourg and/or DTC shall (except in relation to Notes issued in NGN form or held under the NSS) be deemed to include references to any other clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Issue and Paying Agent and the Trustee.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Issuer for general corporate purposes.

BOOK-ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg (together, the “Clearing Systems”) currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer believes to be reliable, but none of the Issuer, the Trustee and any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Trustee and any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Book-entry System

Registered Notes sold in reliance on Rule 144A under the Securities Act, whether as part of the initial distribution of the Investments or in the secondary market, are eligible to be held in book-entry form in DTC. DTC has advised the Issuer that it is a limited-purpose trust company organised under the New York Banking Law, a “banking organisation” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for securities that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerised book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organisations. DTC is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for the National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at <http://www.dtcc.com> and <http://www.dtc.org>.

Under the rules, regulations and procedures creating and affecting DTC and its operations (the “Rules”) DTC makes book-entry transfers of Registered Notes among Direct Participants on whose behalf it acts with respect to Notes accepted into DTC’s book-entry settlement system (“DTC Notes”) as described below and receives and transmits distributions of principal and interest on DTC Notes. Direct Participants and Indirect Participants with which beneficial owners of DTC Notes (“Owners”) have accounts with respect to the DTC Notes similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Notes through Direct Participants or

Indirect Participants will not possess Registered Notes, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Notes.

Purchases of DTC Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC's records. The ownership interest of each actual purchaser of each DTC Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorised representative of DTC. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. or such other nominee effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Notes are credited, which may or may not be Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to DTC Notes unless authorised by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to the Issuer as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal and interest payments on the DTC Notes will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC's practice is to credit Direct Participant's accounts upon DTC's receipt of funds and corresponding detail information from the Issuer or the Issue and Paying Agent on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in a "street name", and will be the

responsibility of such Participant and not of DTC or the Issuer subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC is the responsibility of the Issuer, the disbursement of such payments to Direct Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default under the Notes, DTC will exchange the DTC Notes for definitive Registered Notes, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under “*Subscription and Sale*”.

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

Book-entry Ownership of Notes represented by a Registered Global Note

The Issuer will apply to DTC in order to have each Tranche of Notes represented by Registered Global Notes accepted in DTC’s book-entry settlement system. Upon the issue of any Registered Global Notes, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Notes to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in a Registered Global Note will be limited to Direct Participants or Indirect Participants including the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

The custodian with whom a Registered Global Note is deposited (the “Custodian”) and DTC will electronically record the nominal amount of Notes represented by a Registered Global Note held within the DTC system. Clearstream, Luxembourg and Euroclear will hold Notes represented by a Registered Global Note on behalf of their respective accountholders through customer’s securities accounts in the name of their respective depositaries, which in turn will hold such interests in the Registered Global Notes in customers’ securities accounts in the depositaries’ names, as shown in the records of DTC. Investors may hold Notes represented by a Rule 144A Global Note through Direct Participants and Indirect Participants.

Payments in U.S. dollars of principal and interest in respect of a Registered Global Note registered in the name of DTC’s nominee will be made to the order of such nominee as the registered holder of such Note. In the case of any payment in a currency other than US dollars, payment will be made to the Exchange Agent on behalf of DTC’s nominees and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Notes in the currency in which such

payment was made and/or cause all or a portion of such payment to be converted into US dollars and credited to the applicable Participants' accounts.

DTC customarily credits accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. Payments by Participants to beneficial owners of Notes are customarily governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participants and not the responsibility of DTC, the Issue and Paying Agent, the Registrar or the Issuer. Payments of principal, premium, if any, and interest, if any on Notes to DTC are the responsibility of the Issuer.

Application will be made to Euroclear and Clearstream, Luxembourg on behalf of the Issuer in order to have Tranches of Notes represented by Registered Global Notes accepted in their respective book-entry settlement systems.

Transfers of Notes Represented by Registered Global Notes

Transfers of any interests in Notes represented by a Registered Global Note will be effected in accordance with the customary rules and operating procedures of DTC, Euroclear and Clearstream, Luxembourg, as the case may be. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note to pledge such Notes to persons or entities that do not participate in the DTC system or to otherwise take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Note through a direct or indirect participant in the DTC system.

Secondary Trading, Same-Day Settlement and Payment

All payments made by the Issuer with respect to Registered Notes registered in the name of Cede & Co. as nominee of DTC, will be passed through to DTC in same-day funds. In relation to any secondary market trading, since the purchaser determines the place of delivery, it is important to establish at the time of the trade where both the purchaser's and the seller's accounts are located to ensure that settlement can be made on the desired value date.

Trading Within Same Clearing System

Trading within DTC

If neither the seller nor the purchaser of Notes represented by a Registered Global Note holds or will receive, as the case may be, such Notes through a participant in the DTC system acting on

behalf of Euroclear or Clearstream, Luxembourg, the trade will settle in same-day funds and in accordance with the rules, regulations and procedures of DTC.

Trading within Euroclear or Clearstream, Luxembourg

Transfers between accountholders in Euroclear and Clearstream, Luxembourg will be effected in accordance with their respective rules and customary operating procedures.

Trading between Clearing Systems

Trading between a Euroclear or Clearstream, Luxembourg seller and a DTC purchaser

Due to time zone differences in their favour, Euroclear and Clearstream, Luxembourg accountholders may employ customary procedures for transactions in which Notes represented by a Registered Global Note are to be transferred by Euroclear or Clearstream, Luxembourg to a participant in the DTC system. The Seller will send instructions to Euroclear or Clearstream, Luxembourg through a Euroclear or Clearstream, Luxembourg accountholder at least one business day prior to settlement. In these cases, Euroclear or Clearstream, Luxembourg will instruct its respective depository to deliver interests in a Registered Global Note to a participant's account against payment. Payment will include interest (if any) accrued on such Notes from (and including) the immediately preceding date for the payment of interest to (and excluding) the settlement date. Such payment will then be reflected in the account of the Euroclear or Clearstream, Luxembourg accountholder the following business day, and receipt of cash proceeds in the Euroclear or Clearstream, Luxembourg accountholder's account will be back-valued to the value date (which would be the preceding business day on which settlement occurred in New York). Should the Euroclear or Clearstream, Luxembourg accountholder have a line of credit for its account, the back-valuation will extinguish any overdraft charges incurred during such one-day period. If settlement is not completed on the intended value date (i.e. the trade fails), receipt of cash proceeds in the Euroclear or Clearstream, Luxembourg accountholder's account would be valued instead as of the actual settlement date.

Trading between a DTC seller and a Euroclear or Clearstream, Luxembourg purchaser

When interests in a Registered Global Note are to be transferred from the account of a participant to the account of a Euroclear or Clearstream, Luxembourg accountholder, the purchaser will send instructions to Euroclear or Clearstream, Luxembourg through a Euroclear or Clearstream, Luxembourg accountholder, as the case may be, at least one business day prior to settlement. Euroclear or Clearstream, Luxembourg, as the case may be, will instruct its respective depository to receive such Notes against payment. Payment will include interest (if any) accrued on such interests in the Note from (and including) the immediately preceding date for the payment of interest to (and excluding) the settlement date. Payment will then be made by the depository to the participant's account against delivery of the interests in such Notes. After settlement has been completed, the interests in such Notes will be credited to and by Euroclear or Clearstream, Luxembourg, as the case may be, in accordance with their respective customary procedures, to the appropriate accountholder's account. Such Notes will be credited the next day (Central European Time), and the cash debit will be back-valued to, and any interest on such Notes will accrue from (and including) the value date (which would be the preceding day on which settlement occurred in New York). If settlement is not completed on the intended value date (i.e. the trade

fails), the Euroclear or Clearstream, Luxembourg cash debit will instead be valued as of the actual settlement date.

Day traders that use Euroclear or Clearstream, Luxembourg to purchase interests in a Regulation S Global Note from participants for delivery to Euroclear or Clearstream, Luxembourg accountholders should note that these trades will automatically fail on the sale side unless affirmative action is taken. At least three techniques should be readily available to eliminate this potential problem:

- (i) borrowing through Euroclear or Clearstream, Luxembourg for one day (until the purchase side of the day trade is reflected in their Euroclear or Clearstream, Luxembourg accounts) in accordance with the customary procedures of Euroclear or Clearstream, Luxembourg;
- (ii) borrowing such Notes in the United States from a participant no later than one day prior to settlement, which would give such Notes sufficient time to be reflected in their Euroclear or Clearstream, Luxembourg accounts in order to settle the sell side of the trade; or
- (iii) staggering the value date for the buy and sell sides of the trade so that the value date for the purchase from the participant occurs at least one day prior to the value date for the sale to the Euroclear or Clearstream, Luxembourg accountholder.

Euroclear or Clearstream, Luxembourg accountholders will need to make available to Euroclear or Clearstream, Luxembourg, as the case may be, the funds necessary to process the same-day funds settlement, either from cash on-hand or existing lines of credit, as Euroclear or Clearstream, Luxembourg participants would for any settlement occurring within the Euroclear or Clearstream, Luxembourg system. Under this approach, Euroclear or Clearstream, Luxembourg participants may take on credit exposure to Euroclear or Clearstream, Luxembourg, as the case may be, until the Notes are credited to their accounts one day later.

Alternatively, if Euroclear or Clearstream, Luxembourg has extended a line of credit to a Euroclear or Clearstream, Luxembourg accountholder, as the case may be, such accountholder may elect not to pre-position funds and allow such credit line to be drawn upon to finance settlement. Under this procedure, Euroclear or Clearstream, Luxembourg accountholders purchasing interests in a Registered Global Note held in the DTC system would incur overdraft charges for one day, assuming that they have cleared such overdraft when such interests have been credited to their accounts. However, any interest on such Notes would accrue from the value date. In many cases, the investment income on the Notes held in the DTC system earned during such one-day period may substantially reduce or offset the amount of such overdraft charges.

Since settlement takes place during New York business hours, participants can employ their customary procedures for transferring Notes represented by a Registered Global Note to respective depositories of Euroclear or Clearstream, Luxembourg for the benefit of Euroclear or Clearstream, Luxembourg accountholders. The sale proceeds will be available to the DTC seller on the settlement date. To the participants, a cross-market transaction will settle no differently from a trade between participants.

Secondary trading in long-term notes and debentures of corporate issuers is generally settled using clearing-house or next-day funds. In contrast, Notes represented by a Registered Global

Note held through direct or indirect participants will trade through DTC's Same-Day Funds Settlement System until the earliest to occur of the maturity date or the redemption date, and secondary market trading activity in such Notes will therefore settle in immediately available funds. No assurance can be given as to the effect, if any, of settlements in immediately available funds on trading activities in respect of such Notes.

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Agents and any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

While Registered Global Notes are lodged with DTC or its custodian, Notes evidenced by certificates in definitive form will not be eligible for clearing or settlement through DTC, Clearstream, Luxembourg or Euroclear system.

PRUDENTIAL plc

Business Overview

Prudential plc, the Issuer, was incorporated as a private company limited by shares on 1 November, 1978 and re-registered as a public company limited by shares in England and Wales with registered number 1397169 on 20 January, 1982 under the Companies Acts 1948 to 1980. On 1 October, 1999 Prudential changed its name to Prudential public limited company. The registered office of Prudential is at Laurence Pountney Hill, London EC4R 0HH with telephone number +44 (0)20 7220 7588. The head office of Prudential is at 12 Arthur Street, London EC4R 9AQ with telephone number +44 (0)20 7220 7588.

Prudential is the parent company of the Prudential Group. The Group is an international financial services group, with significant operations in Asia, the United States and the United Kingdom. It has been in existence for more than 167 years, serving approximately 24 million insurance customers and with £509 billion in assets under management (as at 31 December, 2015). Prudential is not affiliated with Prudential Financial, Inc. or its subsidiary, The Prudential Insurance Company of America.

Prudential is structured around four main business units: Prudential Corporation Asia (incorporating the asset management business, Eastspring Investments), Jackson, Prudential UK & Europe's insurance operations and M&G (the UK and European fund manager of the Group). These are supported by central functions which are responsible for Prudential strategy, cash and capital management, leadership development and succession, reputation management and other core group functions.

Asia

Prudential Corporation Asia has operations in Hong Kong, Malaysia, Singapore, Indonesia and other Asian countries. Its core business is health, protection, either attached to a life policy or on a standalone basis, other life insurance (including participating business) and mutual funds. It also provides selected personal lines, property and casualty insurance, group insurance, institutional fund management and consumer finance (Vietnam only). The product range offered is tailored to suit the individual country markets. Insurance products are distributed mainly through an agency sales force together with selected banks, while the majority of mutual funds are sold through banks and brokers. Joint venture partners are mandatory in some markets, as reflected in Prudential's life insurance operations in China (through its joint venture with CITIC) and in India (through its joint venture with ICICI Bank) and Prudential's Takaful business in Malaysia (through its joint venture with Bank Simpanan Nasional). In the fund management business, Prudential has joint venture operations in India (through its joint venture with ICICI Bank), China (through its joint venture with CITIC) and Hong Kong (through its joint venture with Bank of China International).

As at 31 December, 2015, Prudential Corporation Asia had:

- over 14 million life insurance customers with life and fund management operations in 14 markets;

- distribution through over 10,000 active bank branches across Asia with relationships including Standard Chartered Bank (SCB), United Overseas Bank Limited (UOB), joint venture partners ICICI Bank in India and CITIC in China and Thanachart (Thailand);
- one of the largest networks of tied agents in Asia;
- consistently high brand recognition, outperforming many other financial services companies and had received multiple awards for its customer service; and
- a top three position in nine out of the twelve life markets¹.

United States

In the United States, Prudential offers a range of products through Jackson, including fixed annuities (fixed interest rate annuities, fixed index annuities and immediate annuities), variable annuities and institutional products (including guaranteed investment contracts and funding agreements). Jackson distributes these products through independent insurance agents, independent broker-dealers, regional broker-dealers, wirehouses, banks, credit unions and other financial institutions. Although Jackson historically also offered traditional life insurance products, it discontinued new sales of life insurance products in 2012.

On 6 April, 2016, the US Department of Labor (“DOL”) issued a series of new rules and amendments introducing new fiduciary obligations for distributors of investment products to holders of certain retirement/qualified retirement accounts. The industry is now dealing with a regulatory initiative that will significantly impact the delivery of advice to customers. Prior to the rules being finalised, as a leader in the industry, Jackson spent many hours with a wide variety of stakeholders to highlight the issues and to ensure that lawmakers and regulators understood the impact of what was proposed and the consequences it may have on various segments of the retirement market. With the rules only recently finalised, it will take some time to form a view on the impact of the new DOL rules to Jackson’s business.

As at 31 December, 2015, in the United States, Jackson:

- was among the 15 largest life insurance companies in terms of general account assets²;
- was the number one writer of variable annuities in the US³;

Prudential in the United Kingdom primarily distributes these products through financial advisers, partnership agreements with other financial institutions, and direct marketing, by telephone, mail, internet and face-to-face advisers.

Organisational Structure of the Prudential Group

In accordance with Section 409 of the Companies Act 2006, the list of the Group's subsidiaries, joint ventures, associates and significant holdings (being holdings of more than 20 per cent.) along with the country of incorporation, the classes of shares held and the effective percentage of equity owned at 31 December, 2015 is disclosed on pages 273 to 281 of the annual report and audited consolidated financial statements of the Issuer for the financial year ended 31 December, 2015.

Major Shareholders and Significant Changes in Ownership

Rule 5.1.2R of the UK Listing Authority's Disclosure and Transparency Rules provides that a person (including a company and other legal entities) who acquires voting rights of 3 per cent. or more in Prudential ordinary shares is required to notify Prudential of its interest. Prudential is required to announce publicly any such interest notified to it. After the 3 per cent. level is exceeded, similar notifications must be made if the notifiable interest changes to reach, exceed or fall below every 1 per cent. above 3 per cent. A notification is also required once the interest falls below 3 per cent.

For the purposes of the notification obligations, the holding of voting rights by a person includes voting rights held through its direct or indirect holdings of shares or financial instruments. The indirect holding of voting rights includes, for example, voting rights held by a third party with whom the person has concluded an agreement, which obliges them to adopt, by concerted exercise of the voting rights they hold, a lasting common policy towards the management of the issuer in question.

Some interests in voting rights may be disregarded for purposes of the notification obligations (e.g. those held by certain investment fund managers on behalf of a client), except at the thresholds of 5 per cent. and 10 per cent., and each 1 per cent. above 10 per cent. In addition, for the purposes of the notification obligations, holdings of disregarded interests must be aggregated with holdings of non-exempt interests.

The following notifications have been disclosed under the FCA's Disclosure and Transparency Rules in respect of notifiable interests exceeding three per cent. of the voting rights in Prudential ordinary shares.

As at 31 December, 2015	% of total voting rights
Capital Group Companies, Inc	9.96
BlackRock, Inc	5.08
Norges Bank	4.03

On 5 February, 2016, the Capital Group Companies, Inc. notified Prudential that it had increased its holding in voting rights in Prudential ordinary shares to 10.135% of Prudential's issued share capital.

Contingencies and related obligations

The Group is involved in a number of litigious and regulatory matters. These include civil proceedings involving Jackson, which appear to be substantially similar to other class action litigation brought against many life insurers in the US, alleging misconduct in the sale of insurance products. Whilst the outcome of such litigious and regulatory matters cannot be predicted with certainty, Prudential believes that their ultimate outcome will not have a material adverse effect on the Issuer's financial condition, results of operations, or cash flows.

Matters affecting shareholders' funds

Unclaimed Property Provision

Jackson had previously received regulatory enquiries on an industry-wide matter regarding claims settlement practices and compliance with unclaimed property laws. During 2015, Jackson has reached agreements to settle issues related to these enquiries. At 31 December, 2015, Jackson had accrued £16 million (31 December, 2014: £13 million) to cover any such liability.

Guarantees and commitments

Guarantee funds in both the UK and the US provide for payments to be made to policyholders on behalf of insolvent life insurance companies and are financed by payments assessed on solvent insurance companies based on location, volume and types of business. The estimated reserve for future guarantee fund assessments is not significant. The directors believe that the reserve is adequate for all anticipated payments for known insolvencies.

At 31 December, 2015, Jackson had unfunded commitments of £299 million (31 December, 2014: £332 million) related to its investments in limited partnerships and of £64 million (31 December, 2014: £73 million) related to commercial mortgage loans and other fixed maturities. These commitments were entered into in the normal course of business and the directors do not expect a material adverse impact on the operations to arise from them.

The Group has provided other guarantees and commitments to third-parties entered into in the normal course of business but Prudential does not consider that the amounts involved are significant.

Support for long-term business funds by shareholders' funds

As a proprietary insurance company, Prudential Assurance is liable to meet its obligations to policyholders even if the assets of the long-term funds are insufficient to do so. The assets, represented by the unallocated surplus of with-profits funds, in excess of amounts expected to be paid for future terminal bonuses and related shareholder transfers ("the excess assets") in the long-term funds could be materially depleted over time by, for example, a significant or sustained equity market downturn, costs of significant fundamental strategic change or a material increase in the pension mis-selling provision (as referenced to below). In the unlikely circumstance that the depletion of the excess assets within the long-term fund was such that the Group's ability to satisfy policyholders' reasonable expectations was adversely affected, it might become necessary to restrict the annual distribution to shareholders or to contribute shareholders' funds to the long-term funds to provide financial support.

In 1997, the business of Scottish Amicable Life Assurance Society, a mutual society, was transferred to Prudential Assurance with the creation of a separate sub-fund, Scottish Amicable Insurance Fund ("SAIF") within Prudential Assurance's long-term business fund containing all the with-profits business and all other pension business that was transferred. No new business has been or will be written in the sub-fund and it is managed to ensure that all the invested assets are distributed to SAIF policyholders over the lifetime of SAIF policies. With the exception of certain amounts in respect of the unitised with-profits life business, all future earnings arising in SAIF are retained for SAIF policyholders. Any excess (deficiency) of revenue over expense within SAIF during a period is attributable to the policyholders of the fund. Shareholders have no interest in the profits of SAIF but are entitled to the asset management fees paid on this business.

SAIF with-profits policies contain minimum levels of guaranteed benefit to policyholders. In addition, certain pensions products have guaranteed annuity rates at retirement (see below). Should the assets of SAIF be inadequate to meet the guaranteed benefit obligations of the policyholders of SAIF, the Prudential Assurance long-term fund would be liable to cover any such deficiency in the first instance.

Intra-group capital support arrangements

Prudential and Prudential Assurance have put in place intra-group arrangements to formalise circumstances in which capital support would be made available by Prudential (including in the scenarios referred to in respect of the pension mis-selling review as referenced below). While Prudential considers it unlikely that such support will be required, the arrangements are intended to provide additional comfort to Prudential Assurance and its policyholders.

In addition, Prudential has put in place intra-group arrangements to formalise undertakings by Prudential to the regulators of the Hong Kong subsidiaries, which from 1 January, 2014, contain the domesticated branch business from Prudential Assurance regarding their solvency levels. In addition, the scheme of transfer of the Hong Kong branch includes short-term support arrangements between Prudential and Prudential Assurance to underpin similar arrangements between Prudential Assurance and the newly domesticated business. It is considered unlikely that support will need to be provided under these arrangements.

Matters affecting policyholders' funds

Guaranteed annuities

The Group's main exposure to guaranteed annuities in the UK is through SAIF (see above) and at 31 December, 2015, a provision of £412 million was held (31 December, 2014: £549 million). However, as SAIF is a separate sub-fund of the Prudential Assurance long-term business fund, attributable to the policyholders, the movement in this provision has no impact on shareholders. In addition, Prudential Assurance used to sell guaranteed annuity products in the UK and is therefore exposed to liabilities to honour guarantees on these products within the main with-profits fund for which at 31 December, 2015 a provision of £47 million was held (31 December, 2014: £50 million).

Inherited estate of the Prudential Assurance long-term fund

The assets of the with-profits sub-fund ("WPSF") within the long-term insurance fund of Prudential Assurance comprise the amounts that it expects to pay out to meet its obligations to existing policyholders and an additional amount used as working capital. The amount payable over time to policyholders from the WPSF is equal to the policyholders' accumulated asset shares plus any additional payments that may be required by way of smoothing or to meet guarantees. The balance of the assets of the WPSF is called the "inherited estate" and has accumulated over many years from various sources.

This inherited estate enables Prudential Assurance to support with-profits business by providing the benefits associated with smoothing and guarantees, by providing investment flexibility for the fund's assets, by meeting the regulatory capital requirements that demonstrate solvency and by absorbing the costs of certain significant events or fundamental changes in its long-term business without affecting the bonus and investment policies. The size of the inherited estate fluctuates from year to year depending on the investment return and the extent of its utilisation.

Pension mis-selling review

The pensions review by the UK insurance regulator of past sales of personal pension policies required all UK life insurance companies to review their cases of potential mis-selling and record a provision for the estimated costs. The Group met the requirement of the UK insurance regulator to issue offers to all cases by 30 June, 2002.

The pension mis-selling provision is included within the policyholder liabilities of the Prudential Assurance with-profits funds. The costs associated with the pension mis-selling review have been met from the inherited estate (see above) and, accordingly, have not been charged to the asset shares used in the determination of policyholder bonus rates. Hence policyholders' pay-out values have been unaffected by pension mis-selling.

In 1998, Prudential stated that deducting mis-selling costs from the inherited estate (see above) would not impact its bonus or investment policy and it gave an assurance that if this unlikely event were to occur, it would make available support to the fund from shareholder resources for as long as the situation continued, so as to ensure that policyholders were not disadvantaged. This review was completed on 30 June, 2002 with the assurance continuing to apply to any policy in force at 31 December, 2003, both for premiums paid before 1 January, 2004, and for subsequent regular premiums (including future fixed, retail price index or salary related increases and Department of Work and Pensions rebate business). The assurance has not applied to new business since 1 January, 2004.

Conflicts of interest

Investors should be aware of the information regarding related party transactions disclosed in note D4 to the annual report and audited consolidated annual financial statements of Prudential for the financial year ended 31 December, 2015. The directors of Prudential may, from time to time, hold directorships or other significant interests with companies outside of the Prudential Group which may have business relationships with the Prudential Group. Directors have a statutory duty to avoid conflicts of interest with Prudential. Prudential's Articles of Association allow its directors to authorise conflicts of interest and the Board has adopted a policy and effective procedures to manage and, where appropriate, approve conflicts or potential conflicts of interest. Under these procedures, Directors are required to declare all directorships of companies which are not part of the Group, along with other positions which could result in conflicts or could give rise to a potential conflict.

The Nomination & Governance Committee, or the Board where appropriate, evaluates and approves each such situation individually where applicable and reviews authorisations annually prior to the publication of the Annual Report.

Save as described above, there are no potential conflicts of interest between the duties owed by the Directors to Prudential and their private interests and/or other duties as at the date of this Prospectus.

TAXATION

Prospective holders of Notes are advised to consult their own tax advisers as to the tax consequences, under the tax laws of the country of which they are resident, of a purchase of the Notes, including, without limitation, the consequences of the receipt of interest and premium, if any, on any sale or redemption of the Notes or any interest therein.

United Kingdom Taxation

The comments below are of a general nature and are based on the Issuer's understanding of current United Kingdom law and published HM Revenue & Customs practice as at the date of this Prospectus regarding the withholding tax treatment of interest on the Notes. They only apply to persons who are the beneficial owners of the Notes. They may not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. They are not exhaustive. They relate only to the deduction from interest on the Notes for or on account of tax in the United Kingdom (and do not address any other United Kingdom taxation implications of acquiring, holding, or disposing of the Notes). Prospective holders of Notes who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom are strongly advised to consult their own professional advisers.

The references to "interest" in the comments below mean "interest" as understood in United Kingdom tax law. The comments below do not take any account of any different definitions of "interest" which may be created by the Terms and Conditions of the Notes or any relevant documentation.

UK Taxation

1. Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes are, and continue to be, listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange for these purposes. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part VI of the FSMA) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes are and remain so listed, interest on the Notes will be payable without withholding or deduction for or on account of United Kingdom tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom income tax where interest on the Notes is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HM Revenue & Customs ("HMRC") has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom tax where the Notes have a maturity date less than one year from the date of issue, provided that the Notes are not issued under arrangements the intended effect of which is to render such Notes part of a borrowing with a term of a year or more. Payments of interest on Tier 2 Notes may be made without withholding or deduction for or on account of United Kingdom income tax if those Tier 2 Notes are “regulatory capital securities” for the purposes of the Taxation of Regulatory Capital Securities Regulations 2013. This is subject to there being no arrangements the main purpose, or one of the main purposes, of which is to obtain a tax advantage for any person as a result of the application of those Regulations in respect of those Tier 2 Notes.

2. In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any other exemptions and reliefs which may be available under domestic law. In addition, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder, HMRC can, following an application by that Holder, issue a notice to the Issuer to pay interest to the Holder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).
3. Where Notes are issued on terms that a premium is or may be payable on redemption, as opposed to being issued at a discount, then it is possible that any such element of premium may constitute a payment of interest. If that element does constitute a payment of interest, the comments in paragraphs above and below will be relevant.

Where Notes are issued at a discount (i.e. at an issue price of less than 100 per cent. of their principal amount), any payments in respect of the accrued discount element of such Notes will not be made subject to any withholding or deduction on account of United Kingdom income tax as long as they do not constitute payments in respect of interest, but may be subject to the reporting requirements outlined at paragraph 1.

U.S. Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as “FATCA”, a “foreign financial institution” (as defined by FATCA) may be required to withhold on certain payments it makes (“foreign passthru payments”) to persons that fail to meet certain certification, reporting or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to 1 January 2019 and payments under the Notes may fall within grandfathering rules. Holders of Notes should consult their own tax advisers regarding how these apply to their investment in Notes.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to any one or more of Barclays Bank PLC, Citigroup Global Markets Limited, Deutsche Bank AG, London Branch, Goldman Sachs International, The Royal Bank of Scotland plc and UBS Limited (the “Dealers”). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in an amended and restated dealership agreement dated 16 May, 2016 (as amended and/or restated and/or supplemented from time to time, the “Dealership Agreement”) and made between the Issuer and the Dealers. Any such agreement will, *inter alia*, make provision for the form and Terms and Conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state in the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. Treasury regulations. Terms used in the preceding sentence have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. Each Dealer has agreed that it will not offer, sell or deliver a Note in bearer form within the United States or to United States persons, except as permitted under the Dealership Agreement.

Each Dealer has agreed, and each further Dealer appointed under the Dealership Agreement will be required to agree, that except as permitted by the Dealership Agreement, it has not offered, sold or delivered Notes and it will not offer, sell or deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution (as determined by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue)) of all Notes of the relevant Tranche except in accordance with Rule 903 of Regulation S or, if applicable, Rule 144A under the Securities Act and it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from it or through it during the distribution compliance period a confirmation or notice setting forth the restrictions on offers and sales of the Notes within the United States or to or for the account or benefit of U.S. persons.

Except as otherwise provided, terms used in the remainder of this section of “*Subscription and Sale*” have the meanings given to them by Regulation S.

The Notes are being offered and sold only (A) outside the United States to persons other than U.S. persons in reliance upon Regulation S and (B) to QIBs in compliance with Rule 144A.

In addition, until 40 days after the completion of the distribution (as determined by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue)) of all Notes comprising any Tranche, any offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Each purchaser of Notes will be deemed to have represented and agreed as follows:

- (1) Either (i) it is a QIB, purchasing (or holding) the Notes for its own account or for the account of one or more QIBs and it is aware that any sale to it is being made in reliance on Rule 144A or (ii) it is outside the United States and is not a U.S. person.

- (3) It agrees that the Issuer has no obligation to register the Notes under the Securities Act.
- (4) If it holds an interest in a Definitive Registered Note or a Rule 144A Global Note, it will not offer, sell, resell, pledge or otherwise transfer or deliver the Notes except (A) to the Issuer or any affiliate thereof, (B) to a person whom the seller reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a transaction meeting the requirements of Rule 144A under the Securities Act, (C) outside the United States in compliance with Rule 903 or 904 under the Securities Act, (D) pursuant to any other available exemption from the registration requirements of the Securities Act or (E) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. state securities laws, and any applicable local laws and regulations.
- (5) If it holds an interest in a Regulation S Global Note and is outside the United States and is not a U.S. person, if it should offer, sell, resell, pledge or otherwise transfer or deliver the Notes prior to the expiration of the distribution compliance period (defined as 40 days after the later of the commencement of the offering and the completion of the distribution (for the purposes of Regulation S) of all of the Notes of the Tranche of which the Notes form a part), it will do so only (A) to a person whom the seller reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a transaction meeting the requirements of Rule 144A under the Securities Act or (B) outside the United States in compliance with Rule 903 or 904 under the Securities Act, in each case in accordance with all applicable U.S. state securities laws, and any applicable local laws and regulations.
- (6) It will give to each person to whom it transfers the Notes notice of any restrictions on transfer applicable to the Notes.

- (7) It acknowledges that prior to any proposed transfer of Definitive Registered Notes or of beneficial interests in a Registered Global Note (in each case other than pursuant to an effective registration statement), the holder of the Notes or of interests therein may be required to provide certifications and other documentation relating to the manner of such transfer to the Issuer and the Registrar.
- (8) It acknowledges that the Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Notes as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.
- (9) It understands that any Notes that are offered, sold or transferred in the United States or to or for the account or benefit of a U.S. person (as defined in Regulation S) will either be issued in the form of Definitive Registered Notes, registered in the name of the registered holder thereof, or be represented by a Rule 144A Global Note which will be deposited with a custodian for, and registered in the name of a nominee of, DTC.

The sections referred to in such legend provide that a United States person who holds a Bearer Note, Coupon or Talon generally will not be allowed to deduct any loss realised on the sale, exchange or redemption of such Bearer Note, Coupon or Talon and any gain (which might otherwise be characterised as capital gain) recognised on such sale, exchange or redemption will be treated as ordinary income.
5. For so long as Notes may be issued pursuant to this Prospectus, copies of the following documents will, when published, be available during normal business hours from the registered office of the Issuer and the specified office of the Issue and Paying Agent for the time being in London:

7. There has been no material adverse change in the prospects of the Issuer and its subsidiaries as a whole since 31 December, 2015.
8. There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) during the 12 months preceding the date of this Prospectus which may have, or have had in the recent past, a significant effect on the financial position or profitability of the Issuer and its subsidiaries as a whole.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
