Obligation in effect as of the later of (a) the Credit Event Backstop Date and (b) the date as of which such Obligation is issued or incurred:

For the purposes of the "Restructuring" definition, the term Obligation shall be deemed to include Underlying Obligations for which a Reference Entity is acting as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable with respect to a Reference Entity, as a provider or any Qualifying Guarantee. In the case of a Qualifying Guarantee and an Underlying Obligation, references to a Reference Entity in the definition of "Restructuring" shall be deemed refer to the Underlying Obligor and the reference to Reference Entity in the preceding sentence shall continue to refer to a Reference Entity.

Unless Multiple Holder Obligation is specified as not applicable with respect to a Reference Entity, then, notwithstanding anything to the contrary in the definition of Restructuring, the occurrence of, agreement to or announcement of any of the events described in sub-paragraph (i) to (v) of the definition thereof shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation.

Article VIII entitled "*Terms Relating to Restructuring*" below details certain circumstances in which a Credit Event Trigger may occur on more than one occasion.

"**Multiple Holder Obligation**" means an Obligation that (i) at the time of the event which constitutes a Restructuring Credit Event is held by more than three holders that are not affiliates of each other and (ii) with respect to which a percentage of holders (determined pursuant to the terms of the Obligation as in effect on the date of such event) at least equal to sixty-six-and-two-thirds is required to consent to the event which constitutes a Restructuring Credit Event, provided that any Obligation that is a Bond shall be deemed to satisfy the requirement in (ii) above.

*the Calculation Agent shall deliver a Credit Event Notice and a Notice of Publicly Available Information to the Securities Agent.*

*Notwithstanding the foregoing, if ISDA publicly announces (including prior to the Trade Date) that, as a result of a DC Resolution of the relevant Credit Derivatives Determinations Committee, an event that constitutes a Restructuring Credit Event for purposes of a credit default swap has occurred with respect to the relevant Reference Entity or Obligation thereof, the Calculation Agent may elect in its sole discretion to deliver a Credit Event Notice and a Notice of Publicly Available Information to the Securities Agent, and only upon such delivery of such notices shall a Credit Event Trigger occur with respect to the Securities.*

*If a DC No Credit Event Announcement occurs, the Calculation Agent shall not deliver any notices.*

*Following the occurrence of a Credit Event with respect to a Reference Entity during the Credit Observation Period and the delivery of a Credit Event Notice and a Notice of Publicly Available Information by the Calculation Agent to the Securities Agent, a Credit Event Trigger is deemed to have occurred on the Event Determination Date with respect to such Credit Event.*

"**Event Determination Date**" means, with respect to any Credit Event:

- (a) subject to paragraph (b) below, if neither a DC Credit Event Announcement nor a DC No Credit Event Announcement has occurred, the first date on which both the Credit Event Notice and a Notice of Publicly Available Information are delivered by the Calculation Agent to the Securities Agent and are effective during either:

No Event Determination Date will occur, and any Event Determination Date previously determined with respect to an event shall be deemed not to have occurred, if, or to the extent that, prior to the Auction Final Price Determination Date or the Scheduled Maturity Date, a DC No Credit Event Announcement occurs with respect to the relevant Reference Entity or Obligation thereof.

**"Potential Failure to Pay"** means the failure by a Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations, without regard to any grace period or any conditions precedent to the commencement of any grace period applicable to such Obligations, in accordance with the terms of such Obligations at the time of such failure.

**"Potential Repudiation/Moratorium"** means the occurrence of an event described in clause (a) of the definition of Repudiation/Moratorium.

**"Extension Date"** means the latest of (a) the Scheduled Credit Observation End Date, (b) the Grace Period Extension Date if (i) Grace Period Extension is specified as applicable with respect to a Reference Entity, (ii) the Credit Event that is the subject of the Credit Event Notice or the notice to ISDA resulting in the occurrence of the Credit Event Resolution Request Date, as applicable, is a Failure to Pay that occurs after the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) and (iii) the Potential Failure to Pay with respect to such Failure to Pay occurs on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)), (c) the Repudiation/Moratorium Evaluation Date if (i) the Credit Event that is the subject of the Credit Event Notice or the notice to ISDA resulting in the occurrence of the Credit Event Resolution Request Date, as applicable, is a Repudiation/Moratorium for which the event described in clause (b) of the definition of Repudiation/Moratorium occurs after the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)), (ii) the Potential Repudiation/Moratorium with respect to such Repudiation/Moratorium occurs on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) and (iii) the Repudiation/Moratorium Extension Condition is satisfied and (d) if a Credit Event Resolution Request Date has occurred and the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Credit Observation End Date, the earliest of: (i) the date of the DC Credit Event Announcement; (ii) the date of the DC No Credit Event Announcement; and (iii) the 60th calendar day following the Credit Event Resolution Request Date, if the Credit Derivatives Determinations Committee has not made its determination on or prior to such date.

**"Grace Period"** means:

- (a) subject to clauses (b) and (c), the applicable grace period with respect to payments under the relevant Obligation under the terms of such Obligation in effect as of the date as of which such Obligation is issued or incurred;
- (b) if Grace Period Extension is applicable with respect to a Reference Entity, a Potential Failure to Pay has occurred on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) and the applicable grace period cannot, by its terms, expire on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)), the Grace Period shall be deemed to be the lesser of such grace period and thirty calendar days; and
- (c) if, as of the date as of which an Obligation is issued or incurred, no grace period with respect to payments or a grace period with respect to payments of less than three Grace Period Business Days is applicable under the terms of such Obligation, a Grace Period of three Grace Period Business Days shall be deemed to apply to such Obligation; provided that unless Grace Period Extension is applicable with respect to a Reference Entity, such deemed Grace Period shall expire no later than the Scheduled Credit Observation End Date.

**"Grace Period Business Day"** means a day on which commercial banks and foreign exchange markets are generally open to settle payments in the place or places and on the days specified for that purpose in the

relevant Obligation and if a place or places are not so specified, in the jurisdiction of the currency of denomination of the relevant Obligation.

**"Grace Period Extension Date"** means, if (a) Grace Period Extension is specified as applicable with respect to a Reference Entity and (b) a Potential Failure to Pay has occurred on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)), the date that is the number of days in the Grace Period after the date of such Potential Failure to Pay.

If Grace Period Extension is not specified as applicable with respect to a Reference Entity, Grace Period Extension shall not apply to the Securities. If (i) Grace Period Extension is specified as applicable with respect to a Reference Entity, (ii) a Potential Failure to Pay occurs on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) and (iii) an Event Determination Date in respect of that Failure to Pay does not occur on or prior to the last day of the Notice Delivery Period, (including prior to the Trade Date), the Maturity Date will be the later of the Scheduled Maturity Date and the third Business Day after the Grace Period Extension Date (even if a Failure to Pay occurs after the Scheduled Credit Observation End Date).

If (i) Grace Period Extension is specified as applicable with respect to a Reference Entity, (ii) a Potential Failure to Pay occurs on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) and (iii) a Potential Failure to Pay results in a Credit Event Trigger after the Scheduled Credit Observation End Date, but on or prior to the Extension Date, the Maturity Date will be the third Business Day following the Auction Final Price Determination Date or the Valuation Date, as applicable, with respect to a Reference Entity.

**"Repudiation/Moratorium Evaluation Date"** means, if a Potential Repudiation/Moratorium occurs on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of a Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)), (i) if the Obligations to which such Potential Repudiation/Moratorium relates include Bonds, the date that is the later of (A) the date that is 60 days after the date of such Potential Repudiation/Moratorium and (B) the first payment date under any such Bond after the date of such Potential Repudiation/Moratorium (or, if later, the expiration date of any applicable Grace Period in respect of such payment date) and (ii) if the Obligations to which such Potential Repudiation/Moratorium relates do not include Bonds, the date that is 60 days after the date of such Potential Repudiation/Moratorium, provided that, in either case, the Repudiation/Moratorium Evaluation Date shall occur no later than the Scheduled Credit Observation End Date unless the Repudiation/Moratorium Extension Condition is satisfied.

If (i) Repudiation/Moratorium is specified as a Credit Event with respect to a Reference Entity, (ii) the Repudiation/Moratorium Extension Condition is satisfied and (iii) an Event Determination Date in respect of that Repudiation/Moratorium does not occur on or prior to the final day of the Notice Delivery Period, the Maturity Date will be the later of the Scheduled Maturity Date and the third Business Day after the Repudiation/Moratorium Evaluation Date (even if a Repudiation/Moratorium occurs after the Scheduled Credit Observation End Date).

If (i) Repudiation/Moratorium is specified as a Credit Event with respect to a Reference Entity, (ii) the Repudiation/Moratorium Extension Condition is satisfied and (iii) a Potential Repudiation/Moratorium results in a Credit Event Trigger after the Scheduled Credit Observation End Date, but on or prior to the

Extension Date, the Maturity Date will be the third Business Days following the Auction Final Price Determination Date or the Valuation Date, as applicable, with respect to a Reference Entity.

**"Repudiation/Moratorium Extension Condition"** will be satisfied: (i) if ISDA publicly announces, pursuant to a valid request that was delivered in accordance with the Rules and effectively received on or prior to the date that is fourteen calendar days after the Scheduled Credit Observation End Date, that the relevant Credit Derivatives Determinations Committee has Resolved that an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the relevant Reference Entity and that such event occurred on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) or (ii) otherwise, by the delivery by the Calculation Agent to the Securities Agent of a Repudiation/Moratorium Extension Notice and a Notice of Publicly Available Information that are each effective on or prior to the date that is fourteen calendar days after the Scheduled Credit Observation End Date. In all cases, the Repudiation/Moratorium Extension Condition will be deemed not to have been satisfied, or capable of being satisfied, if, or to the extent that, ISDA publicly announces, pursuant to a valid request that was delivered in accordance with the Rules and effectively received on or prior to the date that is fourteen calendar days after the Scheduled Credit Observation End Date, that the relevant Credit Derivatives Determinations Committee has Resolved that either (A) an event does not constitute a Potential Repudiation/Moratorium with respect to an Obligation of the relevant Reference Entity or (B) an event that constitutes a Potential Repudiation/Moratorium has occurred with respect to an Obligation of the relevant Reference Entity but that such event occurred after the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)).

**"Repudiation/Moratorium Extension Notice"** means an irrevocable notice (which may be in writing (including by facsimile and/or email) and/or by telephone) from the Calculation Agent to the Securities Agent that describes a Potential Repudiation/Moratorium that occurred on or prior to the Scheduled Credit Observation End Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)). A Repudiation/Moratorium Extension Notice must contain a description in reasonable detail of the facts relevant to the determination that a Potential Repudiation/Moratorium has occurred and indicate the date of the occurrence. The Potential Repudiation/Moratorium that is the subject of the Repudiation/Moratorium Extension Notice need not be continuing on the date the Repudiation/Moratorium Extension Notice is effective.

## V. DETERMINATION OF OBLIGATIONS

*Credit Events (other than Bankruptcy) each occur with respect to Obligations. "Obligations" are any obligations of a Reference Entity (either directly or as a provider of any Qualifying Affiliated Guarantee or, if All Guarantees is specified as applicable with respect to a Reference Entity, as a provider of any Qualifying Guarantee) that either, as of the date of the event that constitutes the Credit Event which is the subject of the Credit Event Notice or the notice to ISDA resulting in the occurrence of the Credit Event Resolution Request Date, as applicable, are (a) the Reference Obligation in respect of a Reference Entity or (b) obligations of a Reference Entity that are within the applicable Obligation Category and satisfy the applicable Obligation Characteristics with respect to a Reference Entity; provided, however that if an Excluded Obligation is specified with respect to a Reference Entity, such Excluded Obligation shall not be an Obligation for the purposes of this definition. For the avoidance of doubt, unless a DC Credit Event Announcement has occurred with respect to a Reference Entity, the determination of whether an obligation constitutes an "Obligation" shall be made by the Calculation Agent in its sole discretion.*

**"Reference Obligation"** means each obligation specified as such or of a type described with respect to a Reference Entity (if any are so specified or described) and any Substitute Reference Obligation.

**"Substitute Reference Obligation"** means one or more obligations of a Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable to such Reference Entity, as provider of any Qualifying Guarantee) that will replace one or more Reference Obligations identified by the relevant Credit Derivatives Determinations Committee. If the relevant Credit Derivatives Determinations Committee has not identified a Substitute Reference Obligation, the Calculation Agent, in its sole and absolute discretion, will identify a Substitute Reference Obligation in accordance with the following provisions.

- (a) In the event that (i) the Reference Obligation specified for a Reference Entity is redeemed in whole or (ii) in the opinion of the Calculation Agent (A) the aggregate amounts due under the Reference Obligation have been materially reduced by redemption or otherwise (other than due to any scheduled redemption, amortisation or prepayments), (B) the Reference Obligation is an Underlying Obligation with a Qualifying Guarantee of a Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is no longer a valid and binding obligation of a Reference Entity enforceable in accordance with its terms or (C) for any other reason, other than due to the existence or occurrence of a Credit Event, the Reference Obligation is no longer an obligation of a Reference Entity, the Calculation Agent may, at any time after such event identify an Obligation to replace the Reference Obligation.
- (b) Any Substitute Reference Obligation shall be an Obligation that (i) ranks pari passu in priority of payment with the ranking in priority of payment of each of the Substitute Reference Obligation and such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date as of which the Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such date), (ii) preserves the economic equivalent as closely as practicable as determined by the Calculation Agent of the delivery and payment obligations under the Securities and (iii) is an obligation of the relevant Reference Entity (either directly or in the case of a Reference Entity in respect of which "All Guarantees" is specified as not being applicable with respect to a Reference Entity, as provider of a Qualifying Affiliate Guarantee or, in the case of a Reference Entity in respect of which "All Guarantees" is specified as being applicable with respect to a Reference Entity, as provider of a Qualifying Guarantee). The Obligation identified by the Calculation Agent shall, without further action, replace the Reference Obligation. The Reference Obligation for any Successor shall be deemed to be the "Reference Obligation" from the Succession Date.
- (c) For the purposes of identification of a Reference Obligation, any change in the Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

**"Qualifying Affiliate Guarantee"** means a Qualifying Guarantee provided by a Reference Entity in respect of an Underlying Obligation of a Downstream Affiliate of a Reference Entity.

**"Qualifying Guarantee"** means an arrangement evidenced by a written instrument pursuant to which a Reference Entity irrevocably agrees (by guarantee of payment or equivalent legal arrangement) to pay all amounts due under an obligation (the **"Underlying Obligation"**) for which another party is the obligor (the **"Underlying Obligor"**). Qualifying Guarantees shall exclude any arrangement (i) structured as a surety bond, financial guarantee insurance policy, letter of credit or equivalent legal arrangement or (ii) pursuant to the terms of which the payment obligations of a Reference Entity can be discharged, reduced or otherwise altered or assigned (other than by operation of law) as a result of the occurrence or non-occurrence of an event or circumstance (other than payment). The benefit of a Qualifying Guarantee must be capable of being delivered together with the delivery of the Underlying Obligation.

**"Downstream Affiliate"** means an entity whose outstanding Voting Shares were, at the date of issuance of the Qualifying Guarantee, more than 50 per cent. owned, directly or indirectly, by a Reference Entity.

"**Affiliate**" means, in relation to any person, any entity controlled, directly or indirectly, by the person, any entity that controls, directly or indirectly, the person or any entity directly or indirectly under common control with the person. For this purpose "control" of any entity or person means ownership of a majority of the voting power of the entity or person.

"**Voting Shares**" shall mean those shares or other interests that have the power to elect the board of directors or similar governing body of an entity.

"**Obligation Category**" means Payment, Borrowed Money, Reference Obligations Only, Bond, Loan, or Bond or Loan, only one of which shall be specified with respect to a Reference Entity; and:

- (a) "**Payment**" means any obligation (whether present or future, contingent or otherwise) for the payment or repayment of money, including without limitation, "Borrowed Money";
- (b) "**Borrowed Money**" means any obligation (excluding an obligation under a revolving credit arrangement for which there are no outstanding, unpaid drawings in respect of principal) for the payment or repayment of borrowed money (which term shall include, without limitation, deposits and reimbursement obligations arising from drawings pursuant to letters of credit);
- (c) "**Reference Obligations Only**" means any obligation that is a Reference Obligation only and no Obligation Characteristics shall be applicable to Reference Obligations Only;
- (d) "**Bond**" means any obligation of a type included in the "Borrowed Money" Obligation Category that is in the form of, or represented by, a bond, note (other than Securities delivered pursuant to Loans), certificated debt security or other debt security and shall not include any other type of "Borrowed Money";
- (e) "**Loan**" means any obligation of a type included in the "Borrowed Money" Obligation Category that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement and shall not include any other type of "Borrowed Money"; and
- (f) "**Bond or Loan**" means any obligation that is either a Bond or a Loan.

"**Obligation Characteristics**" means any one or more of Not Subordinated, Specified Currency - Standard Specified Currencies, Not Sovereign Lender, Not Domestic Currency, Not Domestic Law, Listed and Not Domestic Issuance, each as defined below:

- (a) (i) "**Not Subordinated**" means an obligation that is not Subordinated to (A) the Reference Obligation in priority of payment or (B) if no Reference Obligation is specified with respect to the relevant Reference Entity, any unsubordinated Borrowed Money obligation of a Reference Entity; provided that, if any of the events set forth under clause (a) of the definition of Substitute Reference Obligation has occurred with respect to all of the Reference Obligations or if clause (d) of the definition of Substitute Reference Obligation is applicable with respect to the Reference Obligation (each, in each case, a "**Prior Reference Obligation**") and no Substitute Reference Obligation has been identified for any of the Prior Reference Obligations at the time of the determination of whether an obligation satisfies the "Not Subordinated" Obligation Characteristic or Deliverable Obligation Characteristic, as applicable, "Not Subordinated" shall mean an obligation that would not have been Subordinated to the most senior such Prior Reference Obligation in priority of payment. For purposes of determining whether an obligation satisfies the "Not Subordinated" Obligation Characteristic or Deliverable Obligation Characteristic, the ranking in priority of payment of the Reference Obligation or each Prior Reference Obligation, as applicable, shall be determined as of the date on which the relevant Reference Obligation or Prior Reference Obligation, as applicable, was issued or

incurred, and shall not reflect any change to such ranking in priority of payment after such date.

- (ii) "**Subordination**" means, with respect to an obligation (the "**Subordinated Obligation**") and another obligation of a Reference Entity to which such obligation is being compared (the "**Senior Obligation**"), a contractual, trust or similar arrangement providing that (i) upon the liquidation, dissolution, reorganization or winding up of a Reference Entity, claims of the holders of the Senior Obligation will be satisfied prior to the claims of the holders of the Subordinated Obligation or (ii) the holders of the Subordinated Obligation will not be entitled to receive or retain payments in respect of their claims against a Reference Entity at any time that a Reference Entity is in payment arrears or is otherwise in default under the Senior Obligation. "Subordinated" will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement arrangements shall not be taken into account.
- (b) "**Specified Currency - Standard Specified Currencies**" means an obligation that is payable in any of the lawful currencies of Canada, Japan, Switzerland, the United Kingdom and the United States of America or the euro (or any successor currency to any of the aforementioned currencies) or any currency specified in addition thereto with respect to a Reference Entity.

- (d) "**Not Domestic Currency**" means any obligation that is payable in any currency other than the Domestic Currency. "**Domestic Currency**" means the currency specified as such with respect to a Reference Entity and any successor currency. If no currency is so specified, the Domestic Currency shall be the lawful currency and any successor currency of the jurisdiction in which the relevant Reference Entity is organised. In no event shall Domestic Currency include any successor currency if such successor currency is the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the euro (or any successor currency to any such currency).
- (e) "**Not Domestic Law**" means any obligation that is not governed by the laws of the jurisdiction of organisation of a Reference Entity.
- (f) "**Listed**" means an obligation that is quoted, listed or ordinarily purchased and sold on an exchange.
- (g) "**Not Domestic Issuance**" means any obligation other than an obligation that was, at the time the relevant obligation was issued (or reissued, as the case may be) or incurred, intended to be offered for sale primarily in the domestic market of a Reference Entity. Any obligation that is registered or qualified for sale outside the domestic market of a Reference Entity (regardless of whether such obligation is also registered or qualified for sale within the domestic market of a Reference Entity) shall be deemed not to be intended for sale primarily in the domestic market of a Reference Entity.

## VI. TERMS RELATING TO AUCTION SETTLEMENT

*If a Credit Event Trigger occurs with respect to a Reference Entity, "Auction Settlement" is specified as the Settlement Method with respect to a Reference Entity and an Event Determination Date occurs on or prior to the Auction Final Price Determination Date (such Reference Entity, an "**Auction-Settled Entity**"), the Calculation Agent shall determine the Auction Final Price in accordance with the provisions below.*

*One or more credit default swap settlement auctions may occur with respect to a Credit Event and an Auction-Settled Entity, in accordance with the Rules (each, a "CDS Auction"). Subject to the provisions of Article VIII "Terms Relating to Restructuring" below, the relevant CDS Auction for the purposes of determining the Auction Final Price applicable to the Auction-Settled Entity will be the CDS Auction where the Deliverable Obligation Terms are substantially identical to the Deliverable Obligation Provisions of the Securities, as determined by the Calculation Agent in its sole discretion.*

*Without prejudice to the foregoing, but without duplication of settlement, the Securities shall be settled as if "Cash Settlement" were specified as the Settlement Method with respect to a Reference Entity if: (a) an Auction Cancellation Date occurs; (b) a No Auction Announcement Date occurs and in circumstances where such No Auction Announcement Date occurs pursuant to paragraph (b) of the definition thereof, the Movement Option has not been exercised; (c) an Event Determination Date was determined pursuant to paragraph (a) of the definition of Event Determination Date and no Credit Event Resolution Request Date occurred on or prior to the date falling three Business Days after such Event Determination Date; (d) an Event Determination Date was determined pursuant to paragraph (b)(ii) of the definition of Event Determination Date; or (e) where the Deliverable Obligation Terms in respect of all CDS Auctions are not substantially identical to the Deliverable Obligation Provisions, as determined by the Calculation Agent in its sole discretion.*

*For more information about Auction Settlement, see "Auction Settlement Terms" in Annex D to these Final Terms. For more information about a Restructuring Credit Event, see "Terms Relating to Restructuring" below.*

"**Auction**" has the meaning set forth in the Transaction Auction Settlement Terms for the CDS Auction in respect of any Auction-Settled Entity, where the Deliverable Obligation Terms are substantially identical to the Deliverable Obligation Provisions, as determined by the Calculation Agent in its sole discretion.

"**Auction Cancellation Date**" has the meaning set forth in the Transaction Auction Settlement Terms.

"**Auction Covered Transaction**" has the meaning set forth in the Transaction Auction Settlement Terms.

"**Auction Final Price**" has the meaning set forth in the Transaction Auction Settlement Terms.

"**Auction Final Price Determination Date**" has the meaning set forth in the Transaction Auction Settlement Terms.

"**Credit Derivatives Auction Settlement Terms**" means any Credit Derivatives Auction Settlement Terms published by ISDA, in accordance with the Rules, a form of which will be published by ISDA on its website at [www.isda.org](http://www.isda.org) (or any successor website thereto) from time to time and as may be amended from time to time in accordance with the Rules.

"**Deliverable Obligation Provisions**" means the provisions of the Securities that set forth the criteria for establishing what obligations may constitute Deliverable Obligations that are either the Reference Obligation or within the applicable Deliverable Obligation Category and satisfy the Deliverable Obligation Characteristics applicable with respect to the relevant Reference Entity.

"**Deliverable Obligation Terms**" means the set of criteria determined by the relevant Credit Derivatives Determinations Committee to apply in respect of any particular CDS Auction.

"**No Auction Announcement Date**" means, with respect to a Credit Event, the date on which ISDA first publicly announces that: (a) no Transaction Auction Settlement Terms and, if applicable, no Parallel Auction Settlement Terms will be published; (b) following the occurrence of a Restructuring with respect to Securities for which either "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable only, no Transaction Auction Settlement Terms will be published, but Parallel Auction

Settlement Terms will be published; or (c) the relevant Credit Derivatives Determinations Committee has Resolved that no Auction will be held following a prior public announcement by ISDA to the contrary.

**"Parallel Auction Settlement Terms"** means, following the occurrence of a Restructuring with respect to Securities for which either "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable, any Credit Derivatives Auction Settlement Terms published by ISDA with respect to such Restructuring in accordance with the Rules, and for which the Deliverable Obligation Terms are the same as the Deliverable Obligation Provisions applicable to the Securities and for which a credit derivative transaction incorporating the Deliverable Obligation Provisions would not be an Auction Covered Transaction.

**"Transaction Auction Settlement Terms"** means, with respect to an Auction-Settled Entity, either (i) the Credit Derivatives Auction Settlement Terms for which a credit derivative transaction incorporating the Deliverable Obligation Provisions would be an Auction Covered Transaction or (ii) if the Notice to Exercise Movement Option has been effectively delivered by the Calculation Agent to the warrant agent, the relevant Parallel Auction Settlement Terms that would apply in accordance with the exercise of Movement Option.

*If a Credit Event Trigger occurs with respect to a Reference Entity and the Credit Event is a Mod/ModMod R Restructuring, several concurrent but separate auctions may occur with respect to such Mod/ModMod R Restructuring and such Reference Entity, as determined by the relevant Credit Derivatives Determinations Committee. In such cases, if Auction Settlement is applicable, the Calculation Agent will determine which Auction (if any) will be applicable to the Securities. For more information, see Article VIII "Terms Relating to Restructuring" below.*

## VII. TERMS RELATING TO CASH SETTLEMENT

*If a Credit Event Trigger occurs with respect to a Reference Entity and "Cash Settlement" is specified as the Settlement Method with respect to a Reference Entity or "Cash Settlement" is deemed to be applicable in accordance with the "Terms Relating to Auction Settlement" above, the Calculation Agent will determine, in its sole and absolute discretion, the Final Price with respect to a Reference Entity on any business day from and including the Event Determination Date to and including the 125th Business Day following the Event Determination Date; provided, however, that if certain pricing difficulties arise, the Calculation Agent may delay the determination of the Final Price for an additional 20 Business Days (such determination date, the "Valuation Date"). The determination of the Final Price shall be made with respect to one or more Deliverable Obligations selected by the Calculation Agent in its sole and absolute discretion that are either the Reference Obligation or within the applicable Deliverable Obligation Category and satisfy the Deliverable Obligation Characteristics applicable with respect to a Reference Entity.*

**"Final Price"** means the highest/lowest of bid/offer quotations (expressed as a percentage) for the relevant Deliverable Obligation in an outstanding principal amount or Due and Payable Amounts equal to the Quotation Amount, determined on the Valuation Date by the Calculation Agent in its sole discretion. If no quotations are obtained, the Final Price will be determined by the Calculation Agent in good faith and a commercially reasonable manner (which may be 100 per cent. and result in the Additional Amount being zero);

**"Excluded Deliverable Obligation"** means any obligation of a Reference Entity specified as such or of a type described with respect to a Reference Entity.

**"Quotation Amount"** means any amount not greater than the then aggregate outstanding notional amount of the Securities, as selected in the sole discretion of the Calculation Agent.

**"Deliverable Obligation"** means (a) each obligation of a Reference Entity described by the Deliverable Obligation Category specified as being applicable with respect to a Reference Entity, and having each of the Deliverable Obligation Characteristics, if any, specified as being applicable with respect to a Reference Entity, in each case, as of the Valuation Date and (b) the Reference Obligation; provided, however that if an Excluded Deliverable Obligation is specified with respect to a Reference Entity, such Excluded Deliverable Obligation shall not be an Obligation for the purposes of this definition.

**"Deliverable Obligation Category"** means one of Payment, Borrowed Money, Reference Obligations Only, Bond, Loan, or Bond or Loan (each as defined above), except that, for the purpose of determining Deliverable Obligations, Reference Obligations Only shall be amended to state that no Deliverable Obligation Characteristics shall be applicable to Reference Obligations Only.

- (a) **"Not Contingent"** means any obligation having as of the Valuation Date and all times thereafter an outstanding principal balance that pursuant to the terms of such obligation may not be reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than payment). A Convertible Obligation, an Exchangeable Obligation and an Accreting Obligation shall satisfy the "Not Contingent" Deliverable Obligation Characteristic if such Convertible Obligation, Exchangeable Obligation or Accreting Obligation otherwise meets the requirements of the preceding sentence so long as, in the case of a Convertible Obligation or an Exchangeable Obligation, the right (i) to convert or exchange such obligation or (ii) to require the issuer to purchase or redeem such obligation (if the issuer has exercised or may exercise the right to pay the purchase or redemption price, in whole or in part, in Equity Securities) has not been exercised (or such exercise has been effectively rescinded) on or before the Valuation Date. If a Deliverable Obligation is a Convertible Obligation or an Exchangeable Obligation, then Deliverable Obligation may be included as a Deliverable Obligation only if the rights referred to in clauses (i) and (ii) above have not been exercised (or such exercise has been effectively rescinded) on or before the Valuation Date.
- (b) **"Assignable Loan"** means a Loan that is capable of being assigned or novated to, at a minimum, commercial banks or financial institutions (irrespective of their jurisdiction of organisation) that are not then a lender or a member of the relevant lending syndicate, without the consent of a Reference Entity or the guarantor, if any, of such Loan (or the consent of the applicable borrower if a Reference Entity is guaranteeing such Loan) or any agent;
- (c) **"Consent Required Loan"** means a Loan that is, as of the Valuation Date, capable of being assigned or novated with the consent of a Reference Entity or the guarantor, if any, of such Loan (or the consent of the relevant borrower if a Reference Entity is guaranteeing such Loan) or any agent;
- (d) **"Direct Loan Participation"** means a Loan in respect of which, pursuant to a participation agreement, is capable of creating or procuring the creation of, a contractual right in favour of the Holders that provides the Holders with recourse to the participation seller over a specified share in any payments due under the relevant Loan which are received by such participation seller, any such agreement to be entered into between the Holders and either (i) the Issuer (to the extent the Issuer is then a lender or a member of the relevant lending syndicate) or (ii) a Qualifying Participation Seller (if any) (to the extent such Qualifying Participation Seller is then a lender or a member of the relevant lending syndicate);

- (e) "**Transferable**" means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction provided that none of the following shall be considered contractual, statutory or regulatory restrictions:
- (i) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation); or
  - (ii) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds,
- and if specified as being applicable to a Deliverable Obligation Category, the Transferable Deliverable Obligation Characteristic shall be applicable only in respect of obligations within that Deliverable Obligation Category that are not Loans.
- (f) "**Maximum Maturity**" means an obligation that has a remaining maturity from the Valuation Date of not greater than the period specified with respect to a Reference Entity or, if no such period is specified, 30 years.
- (g) "**Accelerated or Matured**" means an obligation under which the total amount owed, whether at maturity, by reason of acceleration, upon termination or otherwise (other than amounts in respect of default interest, indemnities, tax gross-ups and other similar amounts), is, or on or prior to the Valuation Date will be, due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws.
- (h) "**Not Bearer**" means any obligation that is not a bearer instrument unless interests with respect to such bearer instrument are cleared via the Euroclear system, Clearstream International or any other internationally recognised clearing system.

## VIII. TERMS RELATING TO RESTRUCTURING

*If a Credit Event Trigger occurs with respect to a Reference Entity and the Credit Event is "Restructuring", the following provisions will apply. In respect of a Reference Entity for which Restructuring is applicable and either "Restructuring Maturity Limitation and Fully Transferable Obligation" (such Restructuring Credit Event, a "**Mod R Restructuring**") or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" (such Restructuring Credit Event, "**ModMod R Restructuring**", and together with Mod R Restructuring, a "**Mod/ModMod R Restructuring**") is specified as applicable, several concurrent but separate auctions may occur with respect to such Mod/ModMod R Restructuring and such Reference Entity, as determined by the relevant Credit Derivatives Determinations Committee. To determine whether "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable with respect to the Reference Entity, see the Physical Settlement Matrix. Upon the occurrence of such Mod/ModMod R Restructuring, depending on the Scheduled Maturity Date of the Securities, the relevant Auction for the purposes of determining the Auction Final Price will be the CDS Auction where the Deliverable Obligation Terms are substantially identical to the Deliverable Obligation Provisions of the Securities, as determined by the Calculation Agent in its sole discretion. Deliverable Obligations with similar maturity dates will be grouped together and if there are sufficient Deliverable Obligations, as determined by the Rules, CDS Auctions will be held for each group of Deliverable Obligations. The Calculation agent will determine which CDS Auction is applicable to the Securities, if any, and the Auction Final Price determined in such CDS Auction will be applicable to the Securities. In the event that no CDS Auction is held with respect to the set of Deliverable Obligation Terms that pertain to the Securities, the Calculation Agent may exercise the Movement Option (see below). If the Calculation Agent does not or*

cannot exercise the Movement Option, the Securities shall be settled as if "Cash Settlement" were specified as the Settlement Method with respect to a Reference Entity.

If a Restructuring Credit Event occurs that is not a Mod/ModMod R Restructuring, an Auction will be held in accordance with the provisions in accordance with the "Terms Relating to Auction Settlement" above.

If "Restructuring Maturity Limitation and Fully Transferable Obligation" is specified as applicable to a Reference Entity and Restructuring is the only Credit Event specified in a Credit Event Notice delivered by the Calculation Agent, then any Deliverable Obligation must also be an obligation which (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date.

**"Fully Transferable Obligation"** means a Deliverable Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Eligible Transferees without the consent of any person being required, in the case of any Deliverable Obligation other than Bonds. Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Deliverable Obligation shall not be considered to be a requirement for consent for purposes of this definition. For purposes of determining whether a Deliverable Obligation satisfies the requirements of the definition of Fully Transferable Obligation, such determination shall be made as of the Valuation Date or Auction Final Price Determination Date, as applicable, for the relevant Reference Entity, taking into account only the terms of the Deliverable Obligation and any related transfer or consent documents which have been obtained by the Calculation Agent.

**"Restructuring Maturity Limitation Date"** means, with respect to a Deliverable Obligation, the Limitation Date occurring on or immediately following the Scheduled Maturity Date, provided that, in circumstances where the Scheduled Maturity Date is later than the 2.5-year Limitation Date, at least one Enabling Obligation exists. Notwithstanding the foregoing, if the final maturity date of the Restructured Bond or Loan with the latest final maturity date of any Restructured Bond or Loan occurs prior to the 2.5-year Limitation Date (such Restructured Bond or Loan, a **"Latest Maturity Restructured Bond or Loan"**) and the Scheduled Maturity Date occurs prior to the final maturity date of such Latest Maturity Restructured Bond or Loan, then the Restructuring Maturity Limitation Date will be the final maturity date of such Latest Maturity Restructured Bond or Loan. In the event that the Scheduled Maturity Date is later than: (i)(A) the final maturity date of the Latest Maturity Restructured Bond or Loan, if any; or (B) the 2.5-year Limitation Date, and, in either case, no Enabling Obligation exists; or (ii) the 20-year Limitation Date, the Restructuring Maturity Limitation Date will be the Scheduled Maturity Date.

**"Restructured Bond or Loan"** means an Obligation which is a Bond or Loan and in respect of which a Restructuring that is the subject of a Credit Event Notice has occurred.

**"Restructuring Date"** means, with respect to a Restructured Bond or Loan, the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

**"Eligible Transferee"** means:

- (a) any
  - (i) bank or other financial institution;
  - (ii) insurance or reinsurance company;
  - (iii) mutual fund, unit trust or similar collective investment vehicle (other than an entity specified in clause (a)(i) below); and

- (iv) registered or licensed broker or dealer (other than a natural person or proprietorship), provided, however, in each case that such entity has total assets of at least USD 500,000,000.
- (b) an Affiliate of an entity specified in the preceding clause (a);
- (c) each of a corporation, partnership, proprietorship, organization, trust or other entity:
  - (i) that is an investment vehicle (including, without limitation, any hedge fund, issuer of collateralized debt obligations, commercial paper conduit or other special purpose vehicle) that (1) has total assets of at least USD 100,000,000 or (2) is one of a group of investment vehicles under common control or management having, in the aggregate, total assets of at least USD 100,000,000;
  - (ii) that has total assets of at least USD 500,000,000; or
  - (iii) the obligations of which under an agreement, contract or transaction are guaranteed or otherwise supported by a letter of credit or keepwell, support or other agreement by an entity described in clauses (a), (b), (c)(ii) or (d) of this definition; and
- (d) a Sovereign, Sovereign Agency or Supranational Organization.

All references in this definition to USD include equivalent amounts in other currencies.

*If "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable to a Reference Entity and Restructuring is the only Credit Event specified in a Credit Event Notice delivered by the Calculation Agent, then any Deliverable Obligation must also be an obligation which (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.*

**"Conditionally Transferable Obligation"** means a Deliverable Obligation that is either Transferable, in the case of Bonds, or capable of being assigned or novated to all Modified Eligible Transferees without the consent of any person being required, in the case of any Deliverable Obligation other than Bonds, provided, however, that a Deliverable Obligation other than Bonds will be a Conditionally Transferable Obligation notwithstanding that consent of a Reference Entity or the guarantor, if any, of a Deliverable Obligation other than Bonds (or the consent of the relevant obligor if a Reference Entity is guaranteeing such Deliverable Obligation) or any agent is required for such novation, assignment or transfer so long as the terms of such Deliverable Obligation provide that such consent may not be unreasonably withheld or delayed. Any requirement that notification of novation, assignment or transfer of a Deliverable Obligation be provided to a trustee, fiscal agent, administrative agent, clearing agent or paying agent for a Deliverable Obligation shall not be considered to be a requirement for consent for purposes of this definition. For purposes of determining whether a Deliverable Obligation satisfies the requirements of the definition of Conditionally Transferable Obligation, such determination shall be made as of the Valuation Date or Auction Final Price Determination Date, as applicable, for the relevant Reference Entity, taking into account only the terms of the Deliverable Obligation and any related transfer or consent documents which have been obtained by the Calculation Agent.

**"Modified Restructuring Maturity Limitation Date"** means, with respect to a Deliverable Obligation, the Limitation Date occurring on or immediately following the Scheduled Maturity Date, provided that, in circumstances where the Scheduled Maturity Date is later than the 2.5-year Limitation Date, at least one Enabling Obligation exists. With respect to Securities for which "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable and for which the Scheduled Maturity Date is later than the 2.5-year Limitation Date and prior to the 5-year Limitation Date, a Restructured Bond or Loan will not constitute an Enabling Obligation. Notwithstanding the foregoing, if the Scheduled Maturity Date is either (i) on or prior to the 2.5-year Limitation Date or (ii) later than the

2.5-year Limitation Date and on or prior to the 5-year Limitation Date and no Enabling Obligation exists, the Modified Restructuring Maturity Limitation Date will be the 5-year Limitation Date in the case of a Restructured Bond or Loan only. Subject to the foregoing, in the event that the Scheduled Maturity Date is later than (A) the 2.5-year Limitation Date and no Enabling Obligation exists or (B) the 20-year Limitation Date, the Modified Restructuring Maturity Limitation Date will be the Scheduled Maturity Date.

**"Modified Eligible Transferee"** means any bank, financial institution or other entity which is regularly engaged in or established for the purpose of making, purchasing or investing in loans, securities and other financial assets.

*The following definitions shall apply in respect of the general terms relating to Restructuring Maturity Limitation Date and Modified Restructuring Maturity Limitation Date:*

**"Enabling Obligation"** means an outstanding Deliverable Obligation that (i) is a Fully Transferable Obligation or a Conditionally Transferable Obligation, as applicable, and (ii) has a final maturity date occurring on or prior to the Scheduled Maturity Date and following the Limitation Date immediately preceding the Scheduled Maturity Date (or, in circumstances where the Scheduled Maturity Date occurs prior to the 2.5-year Limitation Date, following the final maturity date of the Latest Maturity Restructured Bond or Loan, if any).

**"Limitation Date"** means the first of March 20, June 20, September 20 or December 20 in any year to occur on or immediately following the date that is one of the following numbers of years after the Restructuring Date: 2.5 years (the **"2.5-year Limitation Date"**), 5 years (the **"5-year Limitation Date"**), 7.5 years, 10 years, 12.5 years, 15 years, or 20 years (the **"20-year Limitation Date"**), as applicable. Limitation Dates shall not be subject to adjustment in accordance with any Business Day Convention unless the Final Terms specify that Limitation Dates will be adjusted in accordance with a specified Business Day Convention.

**"Restructured Bond or Loan"** means an Obligation that is a Bond or Loan and in respect of which the relevant Restructuring has occurred.

**"Restructuring Date"** means the date on which a Restructuring is legally effective in accordance with the terms of the documentation governing such Restructuring.

*The following definitions apply with respect to the Movement Option:*

**"Movement Option"** means, upon the occurrence of a Restructuring Credit Event with respect to a Reference Entity in respect of which either "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable, and with respect to which a No Auction Announcement Date has occurred pursuant to paragraph (b) of the definition of No Auction Announcement Date, the option of the Calculation Agent, acting in its sole discretion, by delivering to the Securities Agent an effective Notice to Exercise Movement Option on or prior to the Movement Option Cut-off Date, to apply, for purposes of settlement, the Parallel Auction Settlement Terms, if any, for purposes of which the Permissible Deliverable Obligations are more limited than the Deliverable Obligations which would otherwise be applicable (provided that if more than one such set of Parallel Auction Settlement Terms are published, the Parallel Auction Settlement Terms specifying the greatest number of such Permissible Deliverable Obligations shall apply). If the Calculation Agent does not deliver an effective Notice to Exercise Movement Option on or prior to the Movement Option Cut-off Date, the Restructuring Credit Event will be settled in accordance with the Fallback Settlement Method.

**"Movement Option Cut-off Date"** means the date that is four Relevant City Business Days following the relevant Exercise Cut-off Date.

**"Notice to Exercise Movement Option"** means, upon the occurrence of such Restructuring Credit Event with respect to a Reference Entity for which (a) either "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable and (b) the Fallback Settlement Method would otherwise be applicable because a No Auction Announcement Date has occurred (and, in circumstances where such No Auction Announcement Date occurs pursuant to paragraph (b) of the definition of No Auction Announcement Date, the Calculation Agent has not exercised the Movement Option), an irrevocable notice from the Calculation Agent to the Securities Agent that (i) specifies the Parallel Auction Settlement Terms applicable with respect to such Restructuring Credit Event in accordance with the definition of Movement Option and (ii) is effective on or prior to the Movement Option Cut-off Date.

**"Permissible Deliverable Obligations"** has the meaning set forth in the relevant Credit Derivatives Auction Settlement Terms, being either all or the portion of the Deliverable Obligations included on the Final List pursuant to the Deliverable Obligation Terms that are applicable to that Auction.

*In respect of a Reference Entity for which either "Restructuring Maturity Limitation and Fully Transferable Obligation" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" is specified as applicable (determined in accordance with the Physical Settlement Matrix), a Credit Event Trigger may occur with respect to one or more Restructuring Credit Events on one or more occasions (such multiple occurrences, "**Multiple Exercise**"). If a Restructuring Credit Event occurs that is not a Mod/ModMod R Restructuring, a Credit Event Trigger will occur only once and the provisions with respect to Multiple Exercise below will not apply.*

*If a Mod/ModMod R Restructuring occurs, the following provisions will apply:*

- (a) If the first Credit Event Trigger with respect to the Securities is not with respect to a Mod/ModMod R Restructuring, no further Credit Event Trigger may occur.
- (b) If (i) the first Credit Event Trigger with respect to the Securities is a Mod/ModMod R Restructuring and (ii) the Exercise Amount is less than the outstanding principal amount of the Securities immediately prior to the relevant Credit Event Trigger, additional Credit Event Triggers may occur as set forth below under "Exercise Amount".

If a Credit Event Trigger occurs and Mod/ModMod R Restructuring is the only Credit Event specified in the Credit Event Notice, "**Exercise Amount**" shall mean the amount determined by the Calculation Agent, in its sole discretion, with respect to all the Securities then outstanding, and:

- (1) if on any day an Exercise Amount is less than the then outstanding principal amount of the Securities, the rights and obligations of the parties shall, with effect from the date such Credit Event Notice is effective, be construed as if each Note held by each Noteholder was divided into two classes of Securities, one of which represents a *pro rata* share of an outstanding principal amount equal to the Exercise Amount and will be settled pursuant to the Settlement Method and the other of which represents a *pro rata* share of an outstanding principal amount equal to the principal amount outstanding prior to such Credit Event Notice *minus* the Exercise Amount and will continue in effect with such modifications required as the Calculation Agent determines in its sole discretion to preserve the economic effects of the two classes of Securities considered in the aggregate;
- (2) the Exercise Amount in connection with a Credit Event Trigger with respect to a Credit Event other than a Mod/ModMod R Restructuring must be equal to the then outstanding principal amount of the Securities (and not a portion thereof); and

- (3) the Exercise Amount in connection with a Credit Event Notice describing a Mod/ModMod R Restructuring must be an aggregate principal amount that is at least U.S.\$1,000,000, or an integral multiple thereof, or the entire then outstanding principal amount of the Securities.

The aggregate of all Exercise Amounts with respect to the Securities over time will not exceed the outstanding principal amount of the Securities.

The Calculation Agent will give reasonable notice of any Exercise Amounts to the Securities Agent, provided that the failure to provide such notice will not preclude a partial exercise as otherwise provided for in this section.

## **IX. MERGER BETWEEN REFERENCE ENTITY AND ISSUER OR GUARANTOR**

*Notwithstanding any other provision herein, in the event that a Succession Event occurs with respect to a Reference Entity (the "**Affected Reference Entity**"), and the Issuer (or Guarantor, as the case may be) is the sole Successor to that Reference Entity, then:*

- (a) *the Issuer (or Guarantor, as the case may be) will not be treated as a Successor nor will it be deemed to be a Reference Entity;*
- (b) *the Calculation Agent will select a new entity (the "**Replacement Successor**") that is organized within a jurisdiction within the Transaction Type which would be applicable to the Issuer (or Guarantor, as the case may be) and is of a similar or better credit quality than the Issuer (or Guarantor, as the case may be), as measured by S&P and by Moody's credit ratings at the Succession Date;*
- (c) *the Replacement Successor will be deemed to:*
- (i) *replace the Issuer (or Guarantor, as the case may be) as a Successor to the Affected Reference Entity; and*
- (ii) *be a Reference Entity;*
- (d) *the Replacement Successor determined in accordance with the foregoing will be deemed to be a Reference Entity on and with effect from the Succession Date and the provisions relating to Credit Events will apply with respect to a Credit Event occurring in relation to that entity on or after that Succession Date; and*
- (e) *the Calculation Agent, will notify the Securities Agent of the Replacement Successor as soon as reasonably practicable following the determination of the same (the date of such notification will be referred to as the "**Notification Date**").*

## **X. TERMS RELATING TO THE DETERMINATION OF SUCCESSORS**

*In addition to the provisions set out in "Merger between Reference Entity and Issuer" above, a Reference Entity may be subject to a Succession Event.*

*If a Reference Entity (the "**Original Reference Entity**") is subject to a Succession Event and as a result of that Succession Event there would be one or more Successors, the Calculation Agent will notify the Securities Agent of the applicable Successor(s) as soon as reasonably practicable after such Succession Event (the date such notification is effective, the "**Notification Date**"); provided that the Calculation Agent will not send such notice if, at such time, either (a) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definition of Successor, and in clause (a) and clause (b)(A) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently*

*publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved which entity or entities are determined to be the Successor(s) or has Resolved not to determine a Successor) or (b) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event has occurred. Neither the Issuer nor the Calculation Agent will be liable for failure by the Securities Agent or the clearing system to provide notice to the Noteholder of the occurrence of a Succession Event and the identity of the Successor(s). For the avoidance of doubt, the Original Reference Entity will be eligible for selection to be a Reference Entity of one of the New Securities if it is one of the Successors.*

*Each Successor determined in accordance with the foregoing will be deemed to be a Reference Entity on and with effect from the Succession Date and the provisions relating to Credit Events will apply with respect to a Credit Event occurring in relation to such entity or entities on or after that Succession Date.*

*In making any selections pursuant to the foregoing provisions, the Calculation Agent, will act in its sole and absolute discretion. The Calculation Agent will be entitled to act in the economic interest of either the Issuer or the Noteholder without further consultation or consents being required.*

**"Succession Event"** means (a) with respect to a Reference Entity that is not a Sovereign, an event such as a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event in which one entity succeeds to the obligations of another entity, whether by operation of law or pursuant to any agreement or (b) with respect to a Reference Entity that is a Sovereign, an event such as an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other event that results in any direct or indirect successor(s) to such Reference Entity. Notwithstanding the foregoing, "Succession Event" shall not include an event (i) in which the holders of obligations of a Reference Entity exchange such obligations for the obligations of another entity, unless such exchange occurs in connection with a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin off or other similar event or (ii) with respect to which the legally effective date (or, in the case of a Reference Entity that is a Sovereign, the date of occurrence) has occurred prior to the Succession Event Backstop Date applicable to the Securities (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)).

A Credit Event Trigger may occur:

- (1) on or after the Succession Date, in the case of a Successor irrespective of whether and when the Notification Date has occurred; and
- (2) on or before the Succession Date, in the case of the Original Reference Entity.

**"Succession Date"** means the legally effective date of the Succession Event.

**"Succession Event Backstop Date"** means (a) for purposes of any event that constitutes a Succession Event with respect to a Reference Entity as determined by DC Resolution, the date that is 90 calendar days prior to the Succession Event Resolution Request Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)) or (b) otherwise, the date that is 90 calendar days prior to the earlier of (i) the date on which the Succession Event Notice is effective and (ii) in circumstances where (A) the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described clauses (a) and (b) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules, (B) the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters and (C) the Succession Event Notice is delivered by the Calculation Agent to the Securities Agent not more than fourteen calendar days after the day on which ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has

Resolved not to determine such matters, the Succession Event Resolution Request Date. The Succession Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention.

**"Succession Event Resolution Request Date"** means, with respect to a notice to ISDA, delivered in accordance with the Rules, requesting that a Credit Derivatives Determinations Committee be convened to Resolve:

- (a) whether an event that constitutes a Succession Event has occurred with respect to the relevant Reference Entity; and
- (b) if the relevant Credit Derivatives Determinations Committee Resolves that such event has occurred, (A) with respect to a Reference Entity that is not a Sovereign, the legally effective date of such event or (B) with respect to a Reference Entity that is a Sovereign, the date of the occurrence of such event,

the date, as publicly announced by ISDA, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

**"Succession Event Notice"** means an irrevocable notice from the Calculation Agent (which may be in writing (including by facsimile and/or email) and/or by telephone) to the Securities Agent that describes a Succession Event that occurred on or after the Succession Event Backstop Date applicable to the Securities Entity (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the 2005 Matrix Supplement), Tokyo time)), provided that a Succession Event Notice will be deemed to be delivered to the Securities Agent and each Noteholder if ISDA publicly announces on or following the Trade Date that the relevant Credit Derivatives Determinations Committee has identified by DC Resolution, in respect of a Succession Event Resolution Request Date, one or more Successors in respect of a Reference Entity.

A Succession Event Notice must contain a description in reasonable detail of the facts relevant to the determination, of (i) whether a Succession Event has occurred and (ii) if relevant, the identity of any Successor(s).

**"Successor"** means in relation to a Reference Entity, each entity in respect of which: (a) in accordance with the definition of "Successor", the Calculation Agent determines to be a Successor to such Reference Entity for and in respect of which it notifies the Securities Agent; or (b) ISDA publicly announces on or following the Trade Date that the relevant Credit Derivatives Determinations Committee has Resolved, in respect of a Succession Event Resolution Request Date, to be a "Successor" in respect of such Reference Entity.

For the purposes of any DC Resolution by a Credit Derivatives Determinations Committee or determination by the Calculation Agent, as the case may be, in respect of a Succession Event, a Successor will be, in relation to a Reference Entity:

- (a) that is not a Sovereign, the entity or entities, if any, determined as set forth below:
  - (i) if one entity directly or indirectly succeeds to seventy-five per cent or more of the Relevant Obligations of a Reference Entity by way of a Succession Event, that entity will be the sole Successor;
  - (ii) if only one entity directly or indirectly succeeds to more than twenty-five per cent. (but less than seventy-five per cent.) of the Relevant Obligations of a Reference Entity by way of a Succession Event, and not more than twenty-five per cent. of the Relevant Obligations of a Reference Entity remain with a Reference Entity, the entity that succeeds to more than twenty-five per cent. of the Relevant Obligations will be the sole Successor;

- (iii) if more than one entity each directly or indirectly succeeds to more than twenty-five per cent of the Relevant Obligations of a Reference Entity by way of a Succession Event, and not more than twenty-five per cent. of the Relevant Obligations of a Reference Entity remain with a Reference Entity, the entities that succeed to more than twenty-five per cent. of the Relevant Obligations will each be a Successor;
  - (iv) if one or more entities each directly or indirectly succeeds to more than twenty-five per cent. of the Relevant Obligations of a Reference Entity by way of a Succession Event, and more than twenty-five per cent. of the Relevant Obligations of a Reference Entity remain with a Reference Entity, each such entity and a Reference Entity will each be a Successor;
  - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of a Reference Entity by way of a Succession Event, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of a Reference Entity and a Reference Entity continues to exist, there will be no Successor and a Reference Entity will not be changed in any way as a result of the Succession Event; and
  - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of a Reference Entity by way of a Succession Event, but no entity succeeds to more than twenty-five per cent. of the Relevant Obligations of a Reference Entity and a Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of a Reference Entity) will be the sole Successor; and
- (b) that is a Sovereign Reference Entity, each entity which becomes a direct or indirect successor to such Reference Entity by way of Succession Event, irrespective of whether any such successor assumes any of the obligations of such Reference Entity.

Where, pursuant to paragraph (a)(iii) or (iv) above, more than one Successor has been identified, the rights and obligations of the Issuer and any holder of the Securities shall be construed as if the Issuer had issued to such holder the same number of new Securities (the "**New Securities**") in exchange for each Note existing prior to such Succession Event as there are Successors, with the following terms:

- (a) each Successor will be the sole Reference Entity for the purposes of the applicable New Securities;
- (b) in respect of each New Security, the outstanding principal amount will be the outstanding principal amount of the original Security divided by the number of Successors;
- (c) all other terms and conditions of the original Note will be replicated in each New Security except to the extent that modification is required, as determined by the Calculation Agent in its sole and absolute discretion, to preserve the economic effects of the original Note in the New Securities (considered in the aggregate); and
- (d) no party will be required to issue or take other steps to evidence the New Securities.

## **XI. CREDIT-LINKED INTEREST PROVISIONS**

- (a) Interest will accrue on the Securities for each period from (and including) one Interest Payment Date to (but excluding) the following Interest Payment Date (each, an "**Interest Period**"), except that: (i) the initial Interest Period will commence on and include the Issue Date; and (ii) the final Interest Period will end on, and exclude, the earliest to occur of: (A) the Scheduled Maturity Date; (B) the Interest Payment Date immediately preceding the final Event Determination Date; (C) the Optional Redemption Date, if any, (D) if a Potential Credit Event occurs and subsequently results

in a Credit Event Trigger, the Interest Payment Date immediately preceding the date that the Potential Credit Event occurs.

- (b) If the Calculation Agent determines, in its sole discretion, that a Potential Credit Event exists on or prior to the Scheduled Credit Observation End Date, the accrual of Interest will be suspended starting from and including the Interest Payment Date immediately preceding the date on which such Potential Credit Event, as the case may be, occurred. If a Credit Event subsequently occurs, no further Interest will accrue to you beyond the Interest Payment Date immediately preceding the date on which such Potential Credit Event occurred.
- (c) If the Potential Credit Event is cured or otherwise determined not to be a Credit Event, the suspended Interest will be paid on: (i) if the Potential Credit Event is cured or otherwise determined not to be a Credit Event prior to the Scheduled Maturity Date, the earlier of the fifth Business Day following such cure or determination or the following Interest Payment Date; or (ii) if the Potential Credit Event is cured or otherwise determined not to be a Credit Event on or after the Scheduled Maturity Date, the fifth Business Day following the date of cure or as soon thereafter as practicable, but no further amounts will be payable in respect of the delay in payment. The suspended Interest will be determined by the Calculation Agent based on the applicable Interest Rate.
- (d) No interest will accrue after the Scheduled Maturity Date even if the repayment of the Securities occurs after the Scheduled Maturity Date due to a Potential Credit Event.

## **XII. INTERPRETATION OF PROVISIONS**

*The following provisions shall apply with respect to certain determinations made by the Calculation Agent:*

- (a) If the Obligation Characteristic "Listed" is specified as being applicable with respect to a Reference Entity, the Securities shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Obligation Category;
- (b) If (i) either of the Deliverable Obligation Characteristics "Listed" or "Not Bearer" is specified as being applicable with respect to a Reference Entity, the Securities shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Deliverable Obligation Category; (ii) the Deliverable Obligation Characteristic "Transferable" is specified as being applicable with respect to a Reference Entity, the Securities shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans (and shall only be relevant to the extent that obligations other than Loans are covered by the selected Deliverable Obligation Category); or (iii) any of the Deliverable Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified as being applicable with respect to a Reference Entity, the Securities shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans and shall only be relevant if Loans are covered by the selected Deliverable Obligation Category;
- (c) If, in respect of a Reference Entity, any of "Payment", "Borrowed Money", "Loan" or "Bond or Loan" is specified as the "Deliverable Obligation Category" with respect to a Reference Entity and more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified as Deliverable Obligation Characteristics as being applicable with respect to a Reference Entity, the Deliverable Obligations may include any Loan that satisfies any one of such

Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics;

- (d) In the event that an Obligation or Deliverable Obligation is a Qualifying Guarantee, the following will apply:
- (i) For the purposes of the application of "Obligation Category" and "Deliverable Obligation Category", the Qualifying Guarantee shall be deemed to satisfy the same category or categories as those that describe the Underlying Obligation;
  - (ii) For the purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Qualifying Guarantee and the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics or Deliverable Obligation Characteristics if any, specified with respect to a Reference Entity from the following list: "Not Subordinated", "Standard Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law". For these purposes, unless otherwise specified with respect to a Reference Entity, (A) the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the euro shall not be a Domestic Currency and (B) the laws of England and the laws of the State of New York shall not be a Domestic Law;
  - (iii) For the purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified with respect to a Reference Entity, from the following list: "Listed", "Not Contingent", "Not Domestic Issuance", "Assignable Loan", "Consent Required Loan", "Direct Loan Participation", "Transferable", "Maximum Maturity", "Accelerated or Matured" and "Not Bearer";
  - (iv) For the purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to a Reference Entity shall be deemed to refer to the Underlying Obligor; and
  - (v) The terms "outstanding principal balance" and "Due and Payable Amount" when used in connection with Qualifying Guarantees are to be interpreted to be the then "outstanding principal balance" or "Due and Payable Amount", as applicable, of the Underlying Obligation which is supported by a Qualifying Guarantee.

### **XIII. ADDITIONAL PROVISIONS FOR LPN REFERENCE ENTITIES**

*Notwithstanding anything to the contrary in this Credit Annex, the following provisions shall apply with respect to a Reference Entity if either: (a) "Additional Provisions for LPN Reference Entities (October 3, 2006)" is specified as "applicable" in the Physical Settlement Matrix in the column applicable to the relevant Transaction Type; or (b) these provisions are otherwise specified as being applicable to such Reference Entity in the Final Terms.*

- (a) provisions relating to Multiple Holder Obligation will be deemed not to apply with respect to any Reference Obligation (and any Underlying Loan);
- (b) each Reference Obligation will be an Obligation, notwithstanding anything to the contrary in this Credit Annex including, but not limited to, the definition of "Obligation", and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity;
- (c) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in this Credit Annex including, but not limited to, the definition of "Deliverable

Obligation" and in particular, notwithstanding that the obligation is not an obligation of the Reference Entity.

For the avoidance of doubt with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation.

The Not Subordinated Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity;

- (d) the definition of Reference Obligation shall be deleted and the following substituted therefor:

""**Reference Obligation**" means, as of the Issue Date, each of the obligations listed as a Reference Obligation of the Reference Entity in the Final Terms or set forth on the relevant LPN Reference Obligations List (each a "**Markit Published LPN Reference Obligation**"), as published by Markit Group Limited, or any successor thereto, which list is as of the Issue Date available at <http://www.markit.com/marketing/services.php>, any Additional LPN and each Additional Obligation."; and

- (e) the following additional definitions shall apply:

"**Additional LPN**" means any bond issued in the form of a loan participation note (a "**LPN**") by an entity (the "**LPN Issuer**") for the sole purpose of providing funds for the LPN Issuer to: (i) finance a loan to the Reference Entity (the "**Underlying Loan**") or (ii) provide finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument (the "**Underlying Finance Instrument**"); provided that: (A) either (x) in the event that there is an Underlying Loan with respect to such LPN the Underlying Loan satisfies the Obligation Characteristics specified in respect of the Reference Entity or (y) in the event that there is an Underlying Finance Instrument with respect to such LPN the Underlying Finance Instrument satisfies the Not Subordinated, Not Domestic Law and Not Domestic Currency Obligation Characteristics; (B) the LPN satisfies the following Deliverable Obligation Characteristics: Transferable, Not Bearer, Specified Currency – Standard Specified Currencies, Not Domestic Law, Not Domestic Issuance; and (C) the LPN Issuer has, as of the issue date of such obligation, granted a First Ranking Interest over or in respect of certain of its rights in relation to the relevant Underlying Loan or Underlying Finance Instrument (as applicable) for the benefit of the holders of the LPNs.

"**Additional Obligation**" means each of the obligations listed as an Additional Obligation of the Reference Entity in the Final Terms or each Markit Published LPN Reference Obligation.

"**First Ranking Interest**" means a charge, security interest (or other type of interest having similar effect) (for the purposes of this definition, an "Interest"), which is expressed as being "first ranking", "first priority", or similar ("**First Ranking**") in the document creating such Interest (notwithstanding that such Interest may not be First Ranking under any insolvency laws of any related insolvency jurisdiction of the LPN Issuer).

"**LPN Reference Obligation**" means each Reference Obligation other than any Additional Obligation.

For the avoidance of doubt, any change to the issuer of an LPN Reference Obligation in accordance with its terms shall not prevent such LPN Reference Obligation constituting a Reference Obligation.

Each LPN Reference Obligation is issued for the sole purpose of providing funds for the LPN Issuer to finance a loan to the Reference Entity. For the purposes of this Credit Annex, each such loan shall be an Underlying Loan.

## ANNEX B PHYSICAL SETTLEMENT MATRIX ANNEX

This Annex sets forth a summary of certain provisions of the Physical Settlement Matrix. Capitalized terms used but not defined in this summary have the meaning specified in the Final Terms.

With respect to the Notes, the "**Physical Settlement Matrix**" shall mean the "Credit Derivatives Physical Settlement Matrix" as most recently amended and supplemented as of the Issue Date of the Notes.

The Physical Settlement Matrix is divided into the following three categories (which depends on the type of Reference Entity): Standard Corporate, Standard Sovereign and U.S. Municipals. A copy of the relevant Physical Settlement Matrix with respect to the Notes may also be inspected at the offices of the Issuer and is also currently available at:

~~(a) for any Corporate Reference Entity:~~

~~[http://www.jpmorgan.com/directdoc/credit\\_derivatives\\_physical\\_settlement\\_matrix\\_standard\\_corporates\\_4-8-09\\_1-20\\_11.pdf](http://www.jpmorgan.com/directdoc/credit_derivatives_physical_settlement_matrix_standard_corporates_4-8-09_1-20_11.pdf); and~~

~~(b) for any Sovereign Reference Entity:~~

~~[http://www.jpmorgan.com/directdoc/credit\\_derivatives\\_physical\\_settlement\\_matrix\\_standard\\_sovereigns\\_4-8-09\\_1-20\\_11.pdf](http://www.jpmorgan.com/directdoc/credit_derivatives_physical_settlement_matrix_standard_sovereigns_4-8-09_1-20_11.pdf);~~

References to "Confirmation" in the relevant Physical Settlement Matrix shall be interpreted to mean these Final Terms for the purposes of the Notes.

These Final Terms specify, in respect of each Reference Entity, a "Transaction Type" that is included in the relevant Physical Settlement Matrix and, accordingly, unless specified otherwise in these Final Terms, certain terms set out in the Physical Settlement Matrix with respect to such specified Transaction Type shall be deemed to apply to that Reference Entity for the purposes of the Notes.

In respect of each Reference Entity for which a Transaction Type is specified in these Final Terms, the relevant Physical Settlement Matrix will specify, *inter alia*, the applicable:

- (a) Business Days;
- (b) Calculation Agent City;
- (c) Whether "All Guarantees" is applicable or not applicable to the Reference Entity;
- (d) Credit Events (including whether "Grace Period Extension", "Restructuring Maturity Limitation and Fully Transferable Obligation", "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" and "Multiple Holder Obligation" are applicable or not applicable to the Reference Entity);
- (e) Obligation Category;
- (f) Obligation Characteristics;

- (g) Settlement Method;
- (h) Deliverable Obligation Category; and
- (i) Deliverable Obligation Characteristics.

Notwithstanding anything to the contrary in these Final Terms and the Physical Settlement Matrix, the "Fallback Settlement Method" will be Cash Settlement, as described in the Credit Annex attached hereto as Annex A.

**Material terms and conditions of the Notes can only be ascertained by reviewing the relevant Physical Settlement Matrix, together with the terms set forth in the Credit Annex attached hereto as Annex A. Prospective investors and Noteholders are strongly advised to obtain a copy of the relevant Physical Settlement Matrix and to review the applicable provisions thereof specified in paragraphs (a) through (i) above as such provisions relate to a Reference Entity of a particular Transaction Type.**

## ANNEX C CREDIT DERIVATIVES DETERMINATIONS COMMITTEES

In making certain determinations with respect to the Notes, the Calculation Agent shall be obliged to follow the DC Resolutions of the Credit Derivatives Determinations Committees. This Annex sets forth a summary of the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at [www.isda.org](http://www.isda.org) (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof (the "**Rules**"), as they exist as of the date of these Final Terms. This summary is not intended to be exhaustive and prospective investors should also read the Rules, and reach their own views prior to making any investment decisions. A copy of the Rules published by ISDA as of ~~18 December 2009~~ 29 March 2011 may be inspected at the offices of the Issuer and is available at:

[http://www.jpmorgan.com/directdoc/credit\\_deriv\\_determinationsdeterminations\\_committees\\_rules\\_12-18-09-03\\_29\\_11.pdf](http://www.jpmorgan.com/directdoc/credit_deriv_determinationsdeterminations_committees_rules_12-18-09-03_29_11.pdf)

Capitalized terms used but not defined in this summary have the meaning specified in these Final Terms or the Rules, as applicable.

### **Establishment of the Credit Derivatives Determinations Committees**

In accordance with the Rules, a Credit Derivatives Determinations Committee has been formed for each of the regions of (a) the Americas, (b) Asia Ex-Japan, (c) Australia-New Zealand, (d) Europe, Middle East and Africa and (e) Japan. As of the Issue Date, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. See "*Potential conflicts of interest due to the involvement of the Calculation Agent with the Credit Derivatives Determinations Committees*" in the section of the Prospectus entitled "*Risk Factors*" for additional information regarding conflicts of interest. The Credit Derivatives Determinations Committees will act in accordance with the Rules and will make determinations that are relevant for Credit Derivative Transactions that incorporate, or are deemed to incorporate, the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement to the 2003 ISDA Credit Derivatives Definitions (published on 14 July 2009) as published by ISDA (the "**July 2009 Supplement**"). ISDA will serve as the secretary of each Credit Derivatives Determinations Committee and will perform administrative duties and make certain determinations as provided for under the Rules.

### **Decision-making Process of the Credit Derivatives Determinations Committees**

Each DC Resolution by a Credit Derivatives Determinations Committee will apply to Credit Derivative Transactions that incorporate, or are deemed to incorporate, the July 2009 Supplement and for which the relevant provisions are not materially inconsistent with the provisions with respect to which the Credit Derivatives Determinations Committee bases its determination. As a result, except for pursuant to the terms of the Notes, determinations by the Credit Derivatives Determinations Committees are not otherwise applicable to the Noteholders. Furthermore, the institutions on the Credit Derivatives Determinations Committees owe no duty to the Noteholders. Under the terms of the Notes, certain determinations by the Credit Derivatives Determinations Committees will be binding on the Noteholders. The Credit Derivatives Determinations Committees shall have no ability to amend the terms of the Notes. The Credit Derivatives Determinations Committees will be able to make determinations without action or knowledge by the Noteholders.

A Credit Derivatives Determinations Committee will be convened upon referral of (i) a question to ISDA by an identified eligible market participant and the agreement of at least one of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question, or (ii) a question to ISDA by an unidentified eligible market participant and the agreement of at least two of the voting members of

the relevant Credit Derivatives Determinations Committee to deliberate the question. ISDA will convene the Credit Derivatives Determinations Committee for the region to which the referred question relates, as determined in accordance with the Rules. Any party to a transaction that incorporates, or is deemed to incorporate, the July 2009 Supplement may refer a question to ISDA for a Credit Derivatives Determinations Committee to consider. Therefore, a binding determination may be made with respect to the Notes without any action by the Noteholders. See *"Noteholders will not be able to refer questions to the Credit Derivatives Determinations Committees in their capacity as holders of the Notes"* in the section of the Prospectus entitled *"Risk Factors"* for additional information regarding the lack of Noteholder involvement in determinations made by the Credit Derivatives Determinations Committees.

Once a question is referred to a Credit Derivatives Determinations Committee, a DC Resolution may result quickly, as a binding vote usually must occur within two business days of the first meeting held with respect to such question unless the timeframe is extended by agreement of at least 80% of the voting members participating in a vote held in accordance with the Rules. In addition, voting members of the Credit Derivatives Determinations Committees are required to participate in each binding vote, subject only to limited abstention rights. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Noteholders of such information (other than as expressly provided in these Final Terms). Noteholders shall therefore be responsible for obtaining such information. See *"Noteholders shall be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees"* in the section of the Prospectus entitled *"Risk Factors"* for additional information.

The Credit Derivatives Determinations Committees have the ability to make determinations that may materially affect the Noteholders. The Credit Derivatives Determinations Committees will be able to make a broad range of determinations in accordance with the Rules that may be relevant to the Notes and materially affect the Noteholders. For each of the general types of questions discussed below, the Credit Derivatives Determinations Committees may determine component questions that arise under the 2003 ISDA Credit Derivatives Definitions, as supplemented by the July 2009 Supplement (the **"Credit Derivatives Definitions"**), or the Rules and that are related to the initial question referred. Since the terms governing the credit-linked elements of the Notes are substantially similar to the Credit Derivatives Definitions, such determinations may affect the Noteholders, as further described below.

#### Credit Events

The Credit Derivatives Determinations Committees will be able to determine whether a Credit Event has occurred and the date of such Credit Event. Related questions that are also within the scope of the Credit Derivatives Determinations Committees are whether the Repudiation/Moratorium Extension Condition is satisfied or whether a Potential Failure to Pay or a Potential Repudiation/Moratorium has occurred. In addition, the Credit Derivatives Determinations Committees will also determine, where necessary, whether the required Publicly Available Information has been provided. Each of these determinations, other than whether the required Publicly Available Information has been provided, requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The determination of whether the required Publicly Available Information has been provided requires the agreement of at least a majority of the voting members participating in a binding vote held in accordance with the Rules and is not eligible for external review. Each of these determinations may affect whether the Calculation Agent is entitled to deliver a Credit Event Notice and therefore whether a Credit Event Trigger will occur under the Notes. To the extent that the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred with respect to a Reference Entity on or after the Credit Event Backstop Date, the Calculation Agent shall deliver a Credit Event Notice in respect of the Notes. Notwithstanding the scope of the Credit Derivatives Determinations Committees, the Calculation Agent may still declare a Credit Event and deliver a Credit Event Notice even if a Credit Derivatives Determinations Committee has not Resolved that a Credit Event has occurred, provided that a Credit Derivatives Determinations Committee has not Resolved that a Credit Event has not occurred.

## Auctions

Once a Credit Derivatives Determinations Committee has Resolved that a Credit Event has occurred, such Credit Derivatives Determinations Committee may determine to hold one or more auctions in order to settle affected transactions. Such determination requires the agreement of at least a majority of the voting members participating in a binding vote held in accordance with the Rules and is not eligible for external review. For each auction that is held, the Credit Derivatives Determinations Committee will publish a set of Credit Derivatives Auction Settlement Terms (for further information about the Credit Derivatives Auction Settlement Terms, see "*Auction Settlement Terms*" at Annex D to these Final Terms). In order to publish the set of Credit Derivatives Auction Settlement Terms, the Credit Derivatives Determinations Committee will make several related determinations, including the auction date, whether certain institutions can act as a Participating Bidder in the auction and the supplemental terms that are detailed in Schedule 1 to the form of Credit Derivatives Auction Settlement Terms as published by ISDA on its website at [www.isda.org](http://www.isda.org) (or any successor website thereto) from time to time and as amended from time to time. Each of these determinations requires the agreement of at least a majority of the voting dealer members participating in a binding vote held in accordance with the Rules and is not eligible for external review. The Credit Derivatives Determinations Committee may also decide to further amend the form of Credit Derivatives Auction Settlement Terms for a particular auction and may decide whether a public comment period is necessary in order to effect such an amendment. Any such amendment to the form of Credit Derivatives Auction Settlement Terms for a particular auction will require the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules and is not eligible for external review. Since, following a Credit Event Trigger, the Final Redemption Amount of the Notes will be calculated based upon the Auction Final Price determined for the Reference Entity, any decision as to whether an auction will be held and as to the terms of such an auction may influence the ultimate recovery of the Noteholders under the Notes.

If a Credit Derivatives Determinations Committee Resolves to hold an auction to settle affected transactions, the auction date will be the third business day immediately preceding the 30th calendar day after the relevant Credit Event Resolution Request Date, unless at least a majority of the voting dealer members participating in a binding vote held in accordance with the Rules decide otherwise. The process for compiling the list of Deliverable Obligations, described further below, is designed to be completed in ten calendar days, subject to extensions for relevant deadlines falling on non-business days, delays resulting from questions being referred to external review and modifications to the timeline by at least 80% of the voting members participating in a binding vote held in accordance with the Rules. Under the Notes, the Settlement Date will be the third Business Day following the Auction Settlement Date (as defined in the relevant set of Credit Derivatives Auction Settlement Terms).

## Deliverable Obligations

Following a DC Resolution to publish a set of Credit Derivatives Auction Settlement Terms, the Credit Derivatives Determinations Committee will determine the Deliverable Obligations for such set of Credit Derivatives Auction Settlement Terms in accordance with the procedures detailed in the Rules. The Credit Derivatives Determinations Committee will first determine the terms that will apply to such set of Credit Derivatives Auction Settlement Terms for purposes of determining Deliverable Obligations and then will compile an initial list of potential Deliverable Obligations. The initial set of terms to apply to a specific set of Credit Derivatives Auction Settlement Terms and the inclusion of potential Deliverable Obligations on an initial list require the agreement of at least a majority of the voting members participating in a binding vote held in accordance with the Rules and are not eligible for external review. Any party to a transaction that incorporates, or is deemed to incorporate, the July 2009 Supplement may propose additional Deliverable Obligations to be considered or challenge the potential Deliverable Obligations included on the list compiled by the Credit Derivatives Determinations Committee. For each proposed or challenged potential Deliverable Obligation, the Credit Derivatives Determinations Committee will decide whether such potential Deliverable Obligation is a Deliverable Obligation for purposes of the relevant set of Credit Derivatives Auction Settlement Terms, a determination that requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the

referral of the question to the external review process, as described further below. Such parties will be required to bear the related costs if their proposed Deliverable Obligation is Resolved not to be a Deliverable Obligation or if their challenge is ultimately unsuccessful. The Deliverable Obligations that are included in any auction may affect the Auction Final Price determined by such auction and hence the ultimate recovery of the Noteholders under the Notes.

#### Succession Events

The Credit Derivatives Determinations Committees will be able to determine whether a Succession Event has occurred and the relevant date of such Succession Event. In addition, the Credit Derivatives Determinations Committees will also determine the identity of the Successor(s) in accordance with the Rules. For a Reference Entity that is not a Sovereign, the Credit Derivatives Determinations Committees will determine the Relevant Obligation(s) of the Reference Entity, the outstanding principal balance of any Relevant Obligation(s) and the proportion of the Relevant Obligation(s) to which each purported Successor succeeds in order to determine the identity of the Successor(s). Each of these determinations requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below, except for the actual identification of the Successor(s) for a Reference Entity that is not a Sovereign (which only requires a majority and is not eligible for external review). The Calculation Agent will use the relevant DC Resolutions of the Credit Derivatives Determinations Committees in order to determine Successor(s) to the Reference Entity.

#### Other Questions

The Credit Derivatives Determinations Committees will be able to determine whether circumstances have occurred that require a Substitute Reference Obligation to be identified and, if so, the appropriate Substitute Reference Obligation. In addition, the Credit Derivatives Determinations Committees will be able to determine whether an entity that acts as seller of protection under one or more transactions (such entity, the "**Relevant Seller**") or a Reference Entity has consolidated or amalgamated with, or merged into, or transferred all or substantially all its assets to, the Reference Entity or the Relevant Seller, as applicable, or that the Relevant Seller and the Affected Reference Entity have become Affiliates. Each of these determinations requires the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The Calculation Agent may follow such DC Resolutions in making the equivalent determinations with respect to the Notes.

The Credit Derivatives Determinations Committees will be able to determine other referred questions that are relevant to the credit derivatives market as a whole and are not merely a matter of bilateral dispute. Such questions require the agreement of at least 80% of the voting members participating in a binding vote held in accordance with the Rules for each Credit Derivatives Determinations Committee implicated by the relevant question, as determined in accordance with the Rules, in order to avoid the possible referral of the question to the external review process, as described further below. In cases where the required voting threshold is not satisfied, the question will be referred to the external review process if at least a majority of the voting members participating in a binding vote held in accordance with the Rules agree. Any guidance given by the Credit Derivatives Determinations Committees with respect to questions of interpretation of the Credit Derivatives Definitions are likely to influence the Calculation Agent in interpreting equivalent provisions under the Notes.

Any of the above questions can be submitted to the Credit Derivatives Determinations Committees by an unidentified eligible market participant for deliberation. The relevant Credit Derivatives Determinations Committee(s) will deliberate such question upon the agreement of at least two of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question. Once the deliberations on such question have commenced, the relevant Credit Derivatives Determinations Committee will proceed in accordance with the procedures described above with respect to the relevant question category, except that the identity of the eligible market participant who submitted the question will not be revealed to the members of the Credit Derivatives Determinations Committees or the general public.

## **External Review**

As described immediately above, certain questions deliberated by the Credit Derivatives Determinations Committees are subject to an external review process if the required threshold is not met during the binding vote held with respect to such question. For such questions, if at least 80% of the voting members participating in a binding vote held in accordance with the Rules fail to agree, the question will be automatically referred to the external review process. Questions that are not eligible for external review often require only a simple majority of participating voting members to agree in order to reach a DC Resolution.

Questions referred to external review will be considered by a panel of three independent individuals who will be selected by either the relevant Credit Derivatives Determinations Committee or by ISDA at random. The default duration of the external review process (which can be modified by the relevant Credit Derivatives Determinations Committee in accordance with the Rules) is twelve business days from the referral of the question and contemplates the receipt of both written submissions and oral argument. Any member of ISDA may provide written submissions to the external reviewers, which will be made available to the public on the ISDA website, and the conclusion reached in accordance with the external review process will be binding on the Noteholders. In instances where the vote of the relevant Credit Derivatives Determinations Committee was less than or equal to 60%, the decision of a majority of the external reviewers will be determinative. However, in instances where the vote of the relevant Credit Derivatives Determinations Committee was between 60% and 80%, all three external reviewers must agree in order to overturn the vote of the Credit Derivatives Determinations Committee.

Noteholders should be aware that the external reviewers may not consider new information that was not available to the relevant Credit Derivatives Determinations Committee at the time of the binding vote and questions may be returned to the Credit Derivatives Determinations Committee for another vote if new information becomes available. In addition, if the external reviewers fail to arrive at a decision for any reason, the entire process will be repeated. As a result, the external review process may be elongated in certain situations, leaving questions that may materially affect the Noteholders unresolved for a period of time.

## **The Composition of the Credit Derivatives Determinations Committees**

Each Credit Derivatives Determinations Committee is composed of fifteen voting members and three non-voting consultative members. Ten of the voting members are dealer institutions, with eight serving across all regions and two potentially varying by region. The other five voting members are non-dealer institutions that serve across all regions. The three non-voting consultative members consist of one dealer institution and one non-dealer institution that serve across all regions and one dealer institution that could potentially vary by region. For the first composition of the Credit Derivatives Determinations Committees only, an additional non-voting dealer institution has been selected to serve across all regions.

Noteholders will have no role in the composition of the Credit Derivatives Determinations Committees. Separate criteria applies with respect to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committees and the Noteholders will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committees will change from time to time in accordance with the Rules, as the term of an institution may expire or an institution may be required to be replaced. The Noteholders will have no control over the process for selecting institutions to participate on the Credit Derivatives Determinations Committees and, to the extent provided for in the Notes, will be subject to the determinations made by such selected institutions in accordance with the Rules.

## Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees

As of the Issue Date, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. In such capacity, it may take certain actions that may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees, including (without limitation): (a) agreeing to deliberate a question referred to ISDA, (b) voting on the resolution of any question being deliberated by a Credit Derivatives Determinations Committee and (c) advocating a certain position during the external review process. In addition, as a party to transactions which incorporate, or are deemed to incorporate, the July 2009 Supplement, the Calculation Agent may refer a question to ISDA for a Credit Derivatives Determinations Committee to deliberate. In deciding whether to take any such action, the Calculation Agent (or its Affiliate) shall be under no obligation to consider the interests of any Noteholder. See "*Potential conflicts of interest of the Calculation Agent*" below for additional information.

#### Potential Conflicts of Interest of the Calculation Agent

Since, as of the Issue Date, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees and is a party to transactions which incorporate, or are deemed to incorporate, the July 2009 Supplement, it may take certain actions which may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees. See "*Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees*" above for additional information. Such action may be adverse to the interests of the Noteholders and may result in an economic benefit accruing to the Calculation Agent. In taking any action relating to the Credit Derivatives Determinations Committees or performing any duty under the Rules, the Calculation Agent shall have no obligation to consider the interests of the Noteholders and may ignore any conflict of interest arising due to its responsibilities under the Notes.

Noteholders will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committees or the external reviewers. Institutions serving on the Credit Derivatives Determinations Committees and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on the Credit Derivatives Determinations Committees do not owe any duty to the Noteholders and the Noteholders will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Noteholders should also be aware that institutions serving on the Credit Derivatives Determinations Committees have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committees are not obligated to follow previous determinations and, therefore, could reach a conflicting determination for a similar set of facts.

Noteholders shall be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Noteholders of such information (other than as expressly provided in these Final Terms). Failure by the Noteholders to be aware of information relating to deliberations of a Credit Derivatives Determinations Committee will have no effect under the Final Terms and Noteholders are solely responsible for obtaining any such information.

#### **Amendments to the Rules**

The Rules may be amended from time to time without the consent or input of the Noteholders and the powers of the Credit Derivatives Determinations Committees may be expanded or modified as a result.

## ANNEX D

### AUCTION SETTLEMENT TERMS

If a Credit Event Trigger occurs with respect to a Reference Entity and Auction Settlement applies, the Settlement Amount with respect to the Notes will be calculated based on the Auction Final Price for such Reference Entity (if any). This Annex contains a summary of certain provisions of the Credit Derivatives Auction Settlement Terms, as published by the International Swaps and Derivatives Association, Inc. ("**ISDA**") on March 12, 2009 as Annex B to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (the "**Form of Auction Settlement Terms**") and is qualified by reference to the detailed provisions thereof. The following does not purport to be complete and prospective investors must refer to the Form of Auction Settlement Terms for detailed information regarding the auction methodology set forth therein (the "**Auction Methodology**"). The Auction and the Auction Methodology apply to credit default swaps on the Reference Entity and do not apply specifically to the Notes; however, if a Credit Event Trigger occurs and an Auction is held, the Calculation Agent will apply the Auction Final Price to the Notes. See "*Terms Relating to the Auction Settlement*" in the Credit Annex attached hereto as Annex A. A copy of the Form of Auction Settlement Terms may be inspected at the offices of the Issuer and is also currently available at:

[http://www.jpmorgan.com/directdoc/form\\_of\\_credit\\_derivatives\\_auction\\_settlement\\_terms\\_4\\_8\\_09.pdf](http://www.jpmorgan.com/directdoc/form_of_credit_derivatives_auction_settlement_terms_4_8_09.pdf).

Noteholders should be aware that this summary of the Form of Auction Settlement Terms is accurate only as of the date of these Final Terms and such Form of Auction Settlement Terms may be amended in accordance with the Rules (as defined below) at any time (and from time to time) at a later date without consultation with the Noteholders. At any time after the date of these Final Terms, the latest Form of Auction Settlement Terms will be available on the ISDA website at [www.isda.org](http://www.isda.org) (or any successor website thereto). Further, notwithstanding the fact that the Form of Auction Settlement Terms (as may be amended from time to time) appears on the ISDA website, the Credit Derivatives Determinations Committees have the power to amend the form of Credit Derivatives Auction Settlement Terms for a particular auction and this summary may therefore not be accurate in all cases (for further information about the Credit Derivatives Auction Settlement Terms, see "*Credit Derivatives Determinations Committees*" at Annex C of these Final Terms).

Capitalized terms used but not defined in this summary have the meaning specified in the Final Terms. All times of day in this summary refer to such times in New York City.

#### **Publication of Credit Derivatives Auction Settlement Terms**

Pursuant to the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at [www.isda.org](http://www.isda.org) (or any successor website thereto) from time to time and as amended from time to time in accordance with the terms thereof (the "**Rules**"), a Credit Derivatives Determinations Committee may determine that a Credit Event has occurred in respect of a Reference Entity (such entity, an "**Affected Reference Entity**") and that one or more auctions will be held in order to settle affected transactions referencing such Affected Reference Entity based upon an Auction Final Price determined according to an auction procedure set forth in the Form of Auction Settlement Terms (each, an "**Auction**"). If an Auction is to be held, the Credit Derivatives Determinations Committee will publish Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, based upon the Form of Auction Settlement Terms. In doing so, the Credit Derivatives Determinations Committee will make several related determinations, including the Auction Date, the Participating Bidders and the supplemental terms that are detailed in Schedule 1 to the Form of Auction Settlement Terms. The Credit Derivatives Determinations Committee may also amend the Form of Auction Settlement Terms for a particular auction and may

determine that a public comment period is necessary in order to effect such an amendment if such amendment is not contemplated by the Rules.

### **Certain matters regarding Auctions following a Restructuring Credit Event**

Following the occurrence of a Credit Event, all Deliverable Obligations of the affected Reference Entity tend to trade at the same price. However, in the event of a Restructuring Credit Event, bonds with a shorter remaining maturity tend to trade at a higher price than bonds with a longer-dated maturity. If either "Restructuring Maturity Limitation and Fully Transferable Obligation" ("**Mod R**") or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation" ("**Mod Mod R**") is specified as applicable with respect to a Reference Entity then certain maturity limitations in the Mod R and Mod Mod R provisions will apply to limit the maturity of Deliverable Obligations based on the maturity of the Securities.

In cases where settlement of a Credit Derivative Transaction is triggered by Buyer, and Mod R (being market standard for Credit Derivative Transactions referencing North American corporate entities to which Restructuring is applicable) or Mod Mod R (being market standard for Credit Derivative Transactions referencing European corporate entities) is applicable, any obligation which Buyer wishes to Deliver to Seller must not only constitute a Deliverable Obligation but must also satisfy additional requirements as to transferability (for Mod R, being a Fully Transferable Obligation and for Mod Mod R, being a Conditionally Transferable Obligation) and as to its final maturity date.

- (a) Pursuant to Mod R, Deliverable Obligations must have a final maturity date not later than the applicable Restructuring Maturity Limitation Date. This date is the earlier of:
  - (i) 30 months following the Restructuring Date; and
  - (ii) the latest final maturity date of any Restructured Bond or Loan, provided, however, that the Restructuring Maturity Limitation Date shall not be earlier than the Scheduled Credit Observation End Date or later than 30 months following the Scheduled Credit Observation End Date and if it would otherwise be so, it shall be deemed to be the Scheduled Credit Observation End Date or 30 months following the Scheduled Maturity Date, as the case may be.
- (b) Pursuant to Mod Mod R, Deliverable Obligations must have a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date. This date is the later of:
  - (i) the Scheduled Maturity Date; and
  - (ii) 60 months following the Restructuring Date in the case of a Restructured Bond or Loan, or 30 months in the case of all other Deliverable Obligations.

Following the determination by a relevant Credit Derivatives Determinations Committee that a Restructuring Credit Event has occurred in respect of a Reference Entity for which either Mod R or Mod Mod R is specified, the Credit Derivatives Determinations Committee will compile a Final List of Deliverable Obligations and, for each maturity bucket (each, a "**Maturity Bucket**"), the range of swap maturity dates of credit derivative swap transactions assigned to each Maturity Bucket. Broadly speaking, eight separate Maturity Buckets have been established for credit default swap transactions for which Mod or Mod Mod R is applicable. The first seven such Maturity Buckets will each encompass a maturity period that ends, respectively, 2.5 years, 5 years, 7.5 years, 10 years, 12.5 years, 15 years or 20 years following the Restructuring Date; and the eighth Maturity Bucket will encompass a maturity period ending after 20 years following the Restructuring Date (each such ending date, a "**Maturity Bucket End Date**"). The

Maturity Bucket to which the Securities will be notionally "assigned" will be the one in which the Scheduled Maturity Date is expected to fall.

Deliverable Obligations which are Fully Transferable or Conditionally Transferable, as the case may be, and which have a final maturity date on or prior to the relevant Maturity Bucket End Date for the Maturity Bucket to which the Securities are assigned will be Deliverable Obligations for the purposes of the Maturity Bucket to which the Securities are assigned and for those Maturity Buckets with later Maturity Bucket End Dates, if any.

Following the publication of the Final List, there may be no Auctions held for certain Maturity Buckets, either because: (a) there are no Deliverable Obligations that are not common between such buckets with a shorter-dated bucket; or (b) the Credit Derivatives Determinations Committee has determined that an Auction for such buckets are not warranted for reasons such as there being a limited notional volume of credit derivative transactions with maturities falling within such buckets. If at least 300 credit derivative transactions are triggered after a Restructuring Credit Event determination with respect to a given maturity bucket and five or more credit derivative dealers are parties to such transactions (or, otherwise, if the Credit Derivatives Determinations Committee so determines), an Auction will be held for such maturity bucket.

Where there are no Deliverable Obligations that such Maturity Buckets do not share with a shorter-dated Maturity Bucket, the relevant Auction for the purposes of the Securities will be the next earlier Maturity Bucket that does not suffer from the same lack of Deliverable Obligations.

If no Auction is to be held for the Maturity Bucket corresponding to the Scheduled Maturity Date of the Securities, the Calculation Agent may, in its sole discretion, determine that the Auction Final Price should be determined pursuant to another Auction, in respect of the next earlier Maturity Bucket for which an Auction is being held, by exercising the Movement Option. The Auction will take place no earlier than six business days following the relevant Exercise Cut-off Date. If the Calculation Agent does not exercise the Movement Option, the Securities will be settled in accordance with the Cash Settlement Method.

## **Auction Methodology**

### Determining the Auction Currency Rate

On the Auction Currency Fixing Date, the Administrators will determine the rate of conversion (each, an "**Auction Currency Rate**") as between the Relevant Currency and the currency of denomination of each Deliverable Obligation (each, a "**Relevant Pairing**") by reference to a Currency Rate Source or, if such Currency Rate Source is unavailable, by seeking mid-market rates of conversion from Participating Bidders (determined by each such Participating Bidder in a commercially reasonable manner) for each such Relevant Pairing. If rates of conversion are sought from Participating Bidders and more than three such rates are obtained by the Administrators, the Auction Currency Rate will be the arithmetic mean of such rates, without regard to the rates having the highest and lowest values. If exactly three rates are obtained, the Auction Currency Rate will be the rate remaining after disregarding the rates having the highest and lowest values. For this purpose, if more than one rate has the same highest or lowest value, then one of such rates shall be disregarded. If fewer than three rates are obtained, it will be deemed that the Auction Currency Rate cannot be determined for such Relevant Pairing.

### Initial Bidding Period

During the Initial Bidding Period, Participating Bidders will submit to the Administrators: (a) Initial Market Bids; (b) Initial Market Offers; (c) Dealer Physical Settlement Requests; and (d) Customer Physical Settlement Requests (to the extent received from customers).

Initial Market Bids and Initial Market Offers are firm quotations, expressed as percentages, to enter into credit derivative transactions in respect of the Affected Reference Entity on terms equivalent to the Representative Auction-Settled Transaction.

The Initial Market Bid and Initial Market Offer submitted by each Participating Bidder must differ by no more than the Maximum Initial Market Bid-Offer Spread of par and must be an integral multiple of the Relevant Pricing Increment. The Initial Market Bid must be less than the Initial Market Offer.

Dealer Physical Settlement Requests and Customer Physical Settlement Requests are firm commitments, submitted by a Participating Bidder, on its own behalf or on behalf of a customer, as applicable, to enter into a Representative Auction-Settled Transaction, in each case, as seller (in which case, such commitment will be a "**Physical Settlement Buy Request**") or buyer (in which case, such commitment will be a "**Physical Settlement Sell Request**"). Each Dealer Physical Settlement Request must be, to the best of such Participating Bidder's knowledge and belief, in the same direction as, and not in excess of, its Market Position. Each Customer Physical Settlement Request must be, to the best of the relevant customer's knowledge and belief (aggregated with all Customer Physical Settlement Requests submitted by such customer), in the same direction as, and not in excess of, its Market Position.

If the Administrators do not receive valid Initial Market Bids and Initial Market Offers from at least a minimum number of Participating Bidders (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity), the timeline will be adjusted and the Initial Bidding Period extended, with the Auction recommencing at such time(s) specified by the Administrators, otherwise it will proceed as follows.

#### Determination of Open Interest, Initial Market Midpoint and Adjustment Amounts

The Administrators will calculate the Open Interest, the Initial Market Midpoint and any Adjustment Amounts in respect of the Auction.

The Open Interest is the difference between all Physical Settlement Sell Requests and all Physical Settlement Buy Requests.

To determine the Initial Market Midpoint, the Administrators will: (a) sort the Initial Market Bids in descending order and the Initial Market Offers in ascending order, identifying non-tradeable markets for which bids are lower than offers; (b) sort non-tradeable markets in terms of tightness of spread between Initial Market Bid and Initial Market Offer; and (c) identify that half of the non-tradeable markets with the tightest spreads. The Initial Market Midpoint is determined as the arithmetic mean of the Initial Market Bids and Initial Market Offers contained in the half of non-tradeable markets with the tightest spreads.

Any Participating Bidder whose Initial Market Bid or Initial Market Offer forms part of a tradeable market will be required to make a payment to ISDA on the third Business Day after the Auction Final Price Determination Date (an "**Adjustment Amount**"), calculated in accordance with the Auction Methodology. Any payments of Adjustment Amounts shall be used by ISDA to defray any costs related to any auction that ISDA has coordinated, or that ISDA will in the future coordinate, for purposes of settlement of credit derivative transactions.

If for any reason no single Initial Market Midpoint can be determined, the procedure set out above may be repeated.

At or prior to the Initial Bidding Information Publication Time on any day on which the Initial Bidding Period has successfully concluded, the Administrators publish the Open Interest, the Initial Market Midpoint and the details of any Adjustment Amounts in respect of the Auction.

If the Open Interest is zero, the Auction Final Price will be the Initial Market Midpoint.

#### Submission of Limit Order Submissions

In the event that the Open Interest does not equal zero, a subsequent bidding period will be commenced during the Initial Bidding Period which: (a) if the Open Interest is an offer to sell Deliverable Obligations, Participating Bidders submit Limit Bids; or (b) if the Open Interest is a bid to purchase Deliverable Obligations, Limit Offers, in each case, on behalf of customers and for their own account.

#### Matching bids and offers

If the Open Interest is a bid to purchase Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Offers and Limit Offers, as further described in the Auction Methodology. If the Open Interest is an offer to sell Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Bids and Limit Bids, as further described in the Auction Methodology.

#### **(a) Auction Final Price when the Open Interest is Filled**

The Auction Final Price will be the price associated with the matched market that is the highest offer or the lowest bid, as applicable, provided that: (a) if the Open Interest is an offer to sell and the price associated with the lowest matched bid is more than the Cap Amount higher than the Initial Market Midpoint, then the Auction Final Price will be the Initial Market Midpoint plus the Cap Amount; and (b) if the Open Interest is a bid to purchase and the price associated with the highest offer is more than the Cap Amount lower than the Initial Market Midpoint, then the Auction Final Price will be the Initial market Midpoint minus the Cap Amount.

#### **(b) Auction Final Price when the Open Interest is Not Filled**

If, once all the Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, have been matched to the Open Interest, part of the Open Interest remains, the Auction Final Price will be: (a) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (i) 100% and (ii) the highest Limit Offer or Initial Market Offer received; or (b) if the Open Interest is an offer to sell Deliverable Obligations, zero.

#### 100 per cent. Cap to Auction Final Price

In all cases, if the Auction Final Price determined pursuant to the Auction Methodology is greater than 100 per cent., then the Auction Final Price will be deemed to be 100 per cent.

#### Publication of Auction Final Price

At or prior to the Subsequent Bidding Information Publication Time on any day on which the subsequent bidding period has successfully concluded, the Administrators will publish on their websites: (a) the Auction Final Price; (b) the names of the Participating Bidders who submitted bids, offers, valid Dealer Physical Settlement Requests and valid Customer Physical Settlement Requests, together with the details of all such bids and offers submitted by each; and (c) the details and size of all matched trades.

#### **Execution of Trades Formed in the Auction**

Each Participating Bidder whose Limit Bid or Initial Market Bid (or Limit Offer or Initial Market Offer if applicable) is matched against the Open Interest, and each Participating Bidder that submitted a Customer Physical Settlement Request or Dealer Physical Settlement Request, is deemed to have entered into a Representative Auction-Settled Transaction, and each customer that submitted such a Limit Bid, Limit Offer, or Physical Settlement Request is deemed to have entered into a Representative Auction-Settled Transaction with the dealer through whom the customer submitted such bid or offer. Accordingly, each such Participating Bidder or customer that is a seller of Deliverable Obligations pursuant to a trade formed in the auction must deliver to the buyer to whom such Participating Bidder or customer has been matched a Notice of Physical Settlement indicating the Deliverable Obligations that it will deliver, and such

Deliverable Obligations will be sold to the buyer in exchange for payment of the relevant Auction Settlement Amount.

### **Timing of Auction Settlement Provisions**

If an Auction is held in respect of an Affected Reference Entity, it is expected that the relevant Auction Date will occur on the third Business Day immediately prior to the 30th calendar day after which the relevant Credit Derivatives Determinations Committee received the request from an eligible market participant (endorsed by a member of the relevant Credit Derivatives Determinations Committee) to resolve whether a Credit Event has occurred with respect to such Reference Entity.

In respect of an Affected Reference Entity for which an Auction is held, the Auction Settlement Date will occur on a Business Day following the Auction Final Price Determination Date, as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity. By way of example, in recent ISDA CDS Auction Protocols (prior to the publication of the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement to the 2003 ISDA Credit Derivatives Definitions) this has been approximately five Business Days following the relevant Auction Final Price Determination Date. The Settlement Date of the Notes will occur on the third Business Day following the Auction Settlement Date.

The expected timeline is illustrated in the diagram below. Noteholders should be aware that the expected timeline is subject to amendment (and may be subject to acceleration or delay) upon agreement by at least 80 per cent. (by number) of the voting members of the relevant Credit Derivatives Determinations Committee.

*Timeline subject to amendment by 80% vote of the Credit Derivatives Determinations Committee .*

## Delayed Auction Provisions

The Auction timing may be adjusted under the relevant following circumstances: (a) the occurrence of an event or news the occurrence of which two or more Participating Bidders consider has or could have a material effect on the Auction Final Price; (b) if the Administrators are unable to determine an Auction Currency Rate on the Auction Currency Fixing Date with respect to each Relevant Pairing; (c) if the Auction Methodology does not result in an Auction Final Price for any reason (including, but not limited to, the failure to receive the minimum number of valid Initial Market Bids and Initial Market Offers); or (d) any combination of (a), (b) and (c).

## Auction Cancellation

If an Auction Final Price has not been determined on or prior to: (a) the fifth Business Day following the Auction Date, in the events described in clause (a) or (d) of "Delayed Auction Provisions" above; or (b) the second Business Day following the Auction Date, in the events described in clause (b) or (c) of "Delayed Auction Provisions" above, then the Auction will be deemed to have been cancelled and the Administrators and ISDA will announce the occurrence of such cancellation on their respective websites.

## **Ability of the Issuer or its Affiliates to influence the outcome of the Auction**

As of the date of these Final Terms, the Calculation Agent (or one of its Affiliates) is a leading dealer in the credit derivatives market. There is a high probability that the Calculation Agent (or one of its Affiliates) would act as a Participating Bidder in any Auction held with respect to the Reference Entity. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the Auction Currency Rate; (b) submitting Initial Market Bids, Initial Market Offers and Dealer Physical Settlement Requests; and (c) submitting limit Bids and Limit Offers. In deciding whether to take any such action (or whether to act as a Participating Bidder in any Auction), the Calculation Agent (or its Affiliate) shall be under no obligation to consider the interests of any Noteholder.
