- (b) *Tax gross-up*

- (i) The Issuer or, as the case may be, any other Obligor and any Paying Agent acting on behalf of any such entity, shall make all payments to be made by it without any Tax Deduction, unless a Tax Deduction is required by law.
- (ii) The Issuer shall promptly upon becoming aware that it or any Obligor or any Paying Agent acting on its behalf must make a Tax Deduction (or that there is any change in the rate or the basis of a Tax Deduction) notify the Bondholders accordingly. Similarly, a Bondholder shall notify the Issuer on becoming so aware in respect of a payment payable to that Bondholder. In addition, a Bondholder shall promptly notify the Issuer if it ceases to be a Qualifying Bondholder, including (for the avoidance of doubt) where it has ceased to be beneficially entitled to interest payable on the Bonds as a result of a transfer of its legal or beneficial interest in the Bonds.
- (iii) If a Tax Deduction is required by law to be made by the Issuer or any Obligor or any Paying Agent acting on its behalf, the amount of the payment due from the Issuer or any Obligor or any Paying Agent acting on its behalf shall be increased to an amount which (after making any Tax Deduction) leaves an amount equal to the payment which would have been due if no Tax Deduction had been required.
- (iv) A payment shall not be increased under paragraph (iii) above by reason of a Tax Deduction on account of Tax imposed by the United Kingdom, if on the date on which the payment falls due:
 - A. the payment could have been made to the relevant Bondholder without a Tax Deduction if the Bondholder had been a Qualifying Bondholder, but on that date that Bondholder is not or has ceased to be a Qualifying Bondholder other than as a result of any change after the date it became a Bondholder in (or in the interpretation, administration, or application of) any law or Treaty or any published practice or published concession of any relevant taxing authority; or
 - B. the relevant Bondholder is a Qualifying Bondholder solely by virtue of paragraph (A) of the definition of Qualifying Bondholder and:
 - I. an officer of HM Revenue & Customs has given (and not revoked) a direction (a “**Direction**”) under section 931 of the ITA which relates to the payment and that Bondholder has received from the Issuer a certified copy of that Direction; and
 - II. the payment could have been made to the Bondholder without any Tax Deduction if that Direction had not been made; or
 - C. the relevant Bondholder is a Qualifying Bondholder solely by virtue of paragraph (A) of the definition of Qualifying Bondholder and:
 - I. the relevant Bondholder has not given a Tax Confirmation to the Issuer; and
 - II. the payment could have been made to the Bondholder without any Tax Deduction if the Bondholder had given a Tax Confirmation to the Issuer, on the basis that the Tax Confirmation would have enabled the Issuer to have formed a reasonable belief that the payment was an “excepted payment” for the purpose of section 930 of the ITA; or
 - D. the relevant Bondholder is a Treaty Bondholder and the Issuer is able to demonstrate that the payment could have been made to the Bondholder without

the Tax Deduction had that Bondholder complied with its obligations under paragraph (vii) or (viii) (as applicable) below.

- (v) If the Issuer or any Obligor or any Paying Agent acting on its behalf is required to make a Tax Deduction, it shall make that Tax Deduction and any payment required in connection with that Tax Deduction within the time allowed and in the minimum amount required by law.
 - (vi) Within thirty days of making either a Tax Deduction or any payment required in connection with that Tax Deduction, the Issuer shall deliver to the relevant Bondholders a statement under section 975 of the ITA or other evidence reasonably satisfactory to those Bondholders that the Tax Deduction has been made or (as applicable) any appropriate payment paid to the relevant taxing authority.
 - (vii)
 - A.** Subject to paragraph (B) below, a Treaty Bondholder and the Issuer shall cooperate in completing any procedural formalities necessary for the Issuer or any Obligor or any Paying Agent acting on its behalf to obtain authorisation to make that payment without a Tax Deduction.
 - B.**
 - I.** A Treaty Bondholder which is issued the Bonds directly by the Issuer, that holds a passport under the HMRC DT Treaty Passport scheme, and which wishes that scheme to apply to the Bonds, shall confirm its DTTP reference number and its jurisdiction of tax residence in writing to the Issuer within 10 Business Days of issue of the Bonds; and
 - II.** a New Bondholder that is a Treaty Bondholder that holds a passport under the HMRC DT Treaty Passport scheme, and which wishes that scheme to apply to the Bonds, shall confirm its DTTP reference number and its jurisdiction of tax residence in writing directly to the Issuer within 10 Business Days of transfer of the Bonds,
- and, having done so, that Bondholder shall be under no obligation pursuant to paragraph (A) above.
- C.** Each Bondholder that includes the confirmation described in paragraph (B)(I) above or the confirmation described in paragraph (B)(II) above thereby notifies the Issuer that, to the extent that the HMRC DT Treaty Passport scheme is to apply in respect of that Bondholder's holding of the Bonds, the Issuer must file a Borrower DTTP Filing.
- (viii) If a Bondholder has confirmed its DTTP reference number and its jurisdiction of tax residence in accordance with paragraph (vii)(B) above and:
 - A.** the Issuer has not made a Borrower DTTP Filing in respect of that Bondholder; or
 - B.** the Issuer has made a Borrower DTTP Filing in respect of that Bondholder but:
 - I.** that Borrower DTTP Filing has been rejected by H.M. Revenue & Customs; or

- II. H.M. Revenue & Customs has not given the Issuer authority to make payments to that Bondholder without a Tax Deduction within 60 days of the date of the Borrower DTTP Filing,

and in each case, the Issuer has notified that Bondholder in writing, that Bondholder and the Issuer shall co-operate in completing any additional procedural formalities necessary for the Issuer to obtain authorisation to make that payment without a Tax Deduction.

- (ix) The Issuer shall, promptly on making a Borrower DTTP Filing, deliver a copy of that Borrower DTTP Filing to the relevant Bondholder.
- (x) A Bondholder who is a Qualifying Bondholder solely by virtue of paragraph (A) of the definition of Qualifying Bondholder and who is issued the Bonds directly by the Issuer gives a Tax Confirmation to the Issuer by subscribing for the Bonds.
- (xi) A Bondholder who is a Qualifying Bondholder solely by virtue of paragraph (A) of the definition of Qualifying Bondholder shall promptly notify the Issuer if there is any change in the position from that set out in the Tax Confirmation.
- (c) *Tax Credit*

If the Issuer makes a Tax Payment and the relevant Bondholder determines that:

- (i) a Tax Credit is attributable to an increased payment of which that Tax Payment forms part, to that Tax Payment or to a Tax Deduction in consequence of which that Tax Payment was required; and
- (ii) that Bondholder has obtained and utilised that Tax Credit,

the Bondholder shall pay an amount to the Issuer which that Bondholder determines will leave it (after that payment) in the same after-Tax position as it would have been in had the Tax Payment not been required to be made by the Issuer.

- (d) *Bondholder status confirmation*

Each Bondholder which becomes a Bondholder after 1 August 2012 shall indicate, in the documentation submitted to the Registrar on registration of the transfer of the Bonds, which of the following categories it falls in:

- (i) not a Qualifying Bondholder;
- (ii) a Qualifying Bondholder (other than a Treaty Bondholder); or
- (iii) a Treaty Bondholder.

If a New Bondholder fails to indicate its status in accordance with this Condition 11(d) then such New Bondholder shall be treated for the purposes of these Conditions (including by the Issuer) as if it is not a Qualifying Bondholder until such time as it notifies the Issuer which category applies.

11.2 From and including the date on which the Bonds are listed

This Condition 11.2 applies from and including the date on which the Bonds are listed.

All payments of principal and interest in respect of the Bonds, Receipts and Coupons by the Issuer and the other Obligors or by any Paying Agent, the Registrar, the Bond Trustee or the Security Trustee will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In that event the Issuer or, as the case may be,

any other Obligor shall pay such additional amounts as will result in receipt by the Bondholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Bond:

- (a) **Other connection:** by or on behalf of a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Bond by reason of his having some connection with the United Kingdom or, in the case of payments made by AWS Overseas Holdings, the Cayman Islands other than the mere holding of the Bond; or
- (b) **Surrender more than 30 days after the Relevant Date:** more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on surrendering the Definitive IAI Registered Bond representing such Bond for payment on the last day of such period of 30 days; or
- (c) **Payment to individuals:** where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive.

“**Relevant Date**” in respect of any Bond means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Bondholders that, upon further surrender of the Definitive IAI Registered Bond representing such Bond being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such surrender.

“**Tax Jurisdiction**” means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax or (in the case of payment by AWS Overseas Holdings) the Cayman Islands or any political subdivision or any authority thereof or therein having power to tax.”.

For the purposes of determining the Make-Whole Amount with respect to any Non-Swapped Note, the following terms have the following meanings:

“Discounted Value” means, with respect to the Called Principal of any Non-Swapped Note that is to be prepaid pursuant to Condition 10(c) (*Redemption for tax reasons*) or Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or has become or is declared to be immediately due and payable pursuant to Condition 13(d) (*Automatic Acceleration*), as the context requires, the amount obtained by discounting all Remaining Scheduled Payments with respect to such Called Principal from their respective scheduled due dates to the Settlement Date with respect to such Called Principal, in accordance with accepted financial practice and at a discount factor (applied on the same periodic basis as that on which interest on the Non-Swapped Note is payable) equal to the Reinvestment Yield with respect to such Called Principal.

“Non-Swapped Note” means any Note other than a Swapped Note.

“Reinvestment Yield” means, with respect to the Called Principal of any Non-Swapped Note, the sum of (x) the Applicable Percentage plus (y) the yield to maturity implied by (i) the gross redemption yield as published in the Financial Times on the second Business Day preceding the Settlement Date for actively traded UK Treasury securities having a maturity equal to or closest to the Remaining Average Life of such Called Principal (the **“Reference Stock”**) as of such Settlement Date, or (ii) if (a) the Financial Times is not published on that day, or (b) there is a manifest error in the published figures or (c) the calculation in the Financial Times ceases to be in keeping with the Formula for the Calculation of Redemption Yields indicated by the Joint Index and Classification Committee of the Faculty of Actuaries as reported in the Journal of the Institute of Actuaries Volume 105, Part I, 1978, Page 18 (the **“Formula”**), the gross redemption yield calculated on the basis of the arithmetic mean (to three decimal places 0.0005 rounded down) of the mid market price for the Reference Stock on a dealing basis by three authorised leading market makers in the gilt-edged market as at or about 11.00 am on the second Business Day preceding the Settlement Date according to the Formula.

“Remaining Average Life” means, with respect to any Called Principal, the number of years obtained by dividing (x) such Called Principal into (y) the sum of the products obtained by multiplying (1) the principal component of each Remaining Scheduled Payment with respect to such Called Principal by (2) the number of years, computed on the basis of a 360-day year composed of twelve 30-day months that will elapse between the Settlement Date with respect to such Called Principal and the scheduled due date of such Remaining Scheduled Payment.

“Remaining Scheduled Payments” means, with respect to the Called Principal of any Non-Swapped Note, all payments of such Called Principal and interest thereon that would be due after the Settlement Date with respect to such Called Principal if no payment of such Called Principal were made prior to its scheduled due date, provided that if such Settlement Date is not a date on which interest payments are due to be made under the terms of such Non-Swapped Note, then the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued to such Settlement

Date and required to be paid on such Settlement Date pursuant to Condition 10(c) (*Redemption for Tax Reasons*), Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or Condition 13(d) (*Automatic Acceleration*).

“**Settlement Date**” means, with respect to the Called Principal of any Non-Swapped Note, the date on which such Called Principal is to be prepaid pursuant Condition 10(c) (*Redemption for Tax Reasons*), Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or has become or is declared to be immediately due and payable pursuant to Condition 13(d) (*Automatic Acceleration*), as the context requires.

All payments of Make-Whole Amount in respect of any Swapped Note shall be made in U.S. Dollars. For the purposes of determining the Make-Whole Amount with respect to any Swapped Note, the following terms have the following meanings:

“**New Swap Agreement**” means any cross-currency swap agreement pursuant to which the holder of a Swapped Note is to receive payment in U.S. Dollars and which is entered into in full or partial replacement of an Original Swap Agreement as a result of such Original Swap Agreement having terminated for any reason other than a non-scheduled prepayment or a repayment of such Swapped Note prior to its scheduled maturity, provided that such cross-currency swap agreement must be in form and substance (including commercial terms) satisfactory to the Issuer. The terms of a New Swap Agreement with respect to any Swapped Note do not have to be identical to those of the Original Swap Agreement with respect to such Swapped Note.

“**Original Swap Agreement**” means, with respect to any Swapped Note, (x) a cross-currency swap agreement and annexes and schedules thereto (an “**Initial Swap Agreement**”) that is entered into on an arm’s length basis by the original purchaser of such Swapped Note (or any affiliate thereof) in connection with the issuance of the Swapped Notes and the purchase of such Swapped Note and relates to the scheduled payments by the Issuer of interest and principal on such Swapped Note, under which the holder of such Swapped Note is to receive payments from the counterparty thereunder in U.S. Dollars and which is more particularly described in the Schedule (*Initial Swap Agreement*) to the IAI Investment Letter entered into by the relevant holder of a Swapped Note, (y) any Initial Swap Agreement that has been assumed (without any waiver, amendment, deletion or replacement of any material economic term or provision thereof) by a holder of a Swapped Note in connection with a transfer of such Swapped Note and (z) any Replacement Swap Agreement; and a “**Replacement Swap Agreement**” means, with respect to any Swapped Note, a cross-currency swap agreement and annexes and schedules thereto with payment terms and provisions (other than a reduction in notional amount, if applicable) identical to those of the Initial Swap Agreement with respect to such Swapped Note that is entered into on an arm’s length basis by the holder of such Swapped Note in full or partial replacement (by amendment, modification or otherwise) of such Initial Swap Agreement (or any subsequent Replacement Swap Agreement) in a notional amount not exceeding the outstanding principal amount of such Swapped Note following a non-scheduled prepayment or a repayment of such Swapped Note prior to its scheduled maturity. Any

holder of a Swapped Note that enters into, assumes or terminates an Initial Swap Agreement or Replacement Swap Agreement shall within a reasonable period of time thereafter deliver to the Issuer a description of such Initial Swap Agreement or Replacement Swap Agreement, assumption or termination related thereto.

“Swap Agreement” means, with respect to any Swapped Note, an Original Swap Agreement or a New Swap Agreement, as the case may be.

“Swapped Note” means any Bond that as of the Funding Date is subject to a Swap Agreement. A “Swapped Note” shall no longer be deemed a “Swapped Note” at such time as the related Swap Agreement ceases to be in force in respect thereof and, in the case of an Original Swap Agreement which has terminated, a New Swap Agreement is not entered into in replacement thereof.

“Swapped Note Applicable Percentage” means 0.50 per cent. in the case of a computation of the Make-Whole Amount.

“Swapped Note Called Notional Amount” means, with respect to any Swapped Note Called Principal of any Swapped Note, the payment in U.S. Dollars due to the holder of such Swapped Note under the terms of the Swap Agreement to which such holder is a party, attributable to and in exchange for such Swapped Note Called Principal and assuming that such Swapped Note Called Principal is paid on its scheduled maturity date, provided that if such Swap Agreement is not an Initial Swap Agreement, then the “Swapped Note Called Notional Amount” in respect of such Swapped Note shall not exceed the amount in U.S. Dollars which would have been due to the holder of such Swapped Note under the terms of the Initial Swap Agreement to which such holder was a party (or if such holder was never party to an Initial Swap Agreement, then the last Initial Swap Agreement to which the most recent predecessor in interest to such holder as a holder of such Swapped Note was a party), attributable to and in exchange for such Swapped Note Called Principal and assuming that such Swapped Note Called Principal is paid on its scheduled maturity date.

“Swapped Note Called Principal” means, with respect to any Swapped Note, the principal of such Swapped Note that is to be prepaid pursuant to Condition 10(c) (*Redemption for tax reasons*) or Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or has become or is declared to be immediately due and payable pursuant to Condition 13(d) (*Automatic Acceleration*), as the context requires.

“Swapped Note Discounted Value” means, with respect to the Swapped Note Called Notional Amount of any Swapped Note that is to be prepaid pursuant to Condition 10(c) (*Redemption for tax reasons*) or Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or has become or is declared to be immediately due and payable pursuant to Condition 13(d) (*Automatic Acceleration*), as the context requires, the amount obtained by discounting all Swapped Note Remaining Scheduled Swap Payments corresponding to the Swapped Note Called Notional Amount of such Swapped Note from their respective scheduled due dates to the Swapped Note Settlement Date with respect to such Swapped Note Called Notional Amount, in accordance with accepted financial practice and at a discount factor (applied on the same periodic basis as that on which interest on such Swapped Note is payable) equal to the Swapped Note Reinvestment Yield with respect to such Swapped Note Called Notional Amount.

“Swapped Note Reinvestment Yield” means, with respect to the Swapped Note Called Notional Amount of any Swapped Note, the sum of (x) Swapped Note Applicable

Percentage plus (y) the yield to maturity implied by the yields reported, as of 10.00 A.M. (New York City time) on the second Business Day preceding the Swapped Note Settlement Date with respect to such Swapped Note Called Notional Amount, on the display designated as “Page PX1” (or such other display as may replace Page PX1) on the Bloomberg Financial Markets for the most recently issued actively traded on the run U.S. Treasury securities (“**Reported**”) having a maturity equal to the Swapped Note Remaining Average Life of such Swapped Note Called Notional Amount as of such Swapped Note Settlement Date.

If there are no such U.S. Treasury securities Reported having a maturity equal to such Swapped Note Remaining Average Life, then such implied yield to maturity will be determined by (A) converting U.S. Treasury bill quotations to bond-equivalent yields in accordance with accepted financial practice and (B) interpolating linearly between the yields Reported for the applicable most recently issued actively traded on the run U.S. Treasury securities with the maturity closest to and greater than the Swapped Note Remaining Average Life closest to and less than such Swapped Note Remaining Average Life. The Swapped Note Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Swapped Note.

If such yields are not Reported or the yields Reported as of such time are not ascertainable (including by way of interpolation), then “**Swapped Note Reinvestment Yield**” means, with respect to the Swapped Note Called Notional Amount of such Swapped Note, the Swapped Note Applicable Percentage over the yield to maturity implied by the U.S. Treasury constant maturity yields reported, for the latest day for which such yields have been so reported as of the second Business Day preceding the Settlement Date with respect to such Swapped Note Called Notional Amount, in Federal Reserve Statistical Release H.15 (or any comparable successor publication) for the U.S. Treasury constant maturity having a term equal to the Swapped Note Remaining Average Life of such Swapped Note Called Notional Amount as of such Swapped Note Settlement Date. If there is no such U.S. Treasury constant maturity having a term equal to such Swapped Note Remaining Average Life, such implied yield to maturity will be determined by interpolating linearly between (1) the U.S. Treasury constant maturity so reported with the term closest to and greater than such Swapped Note Remaining Average Life and (2) the U.S. Treasury constant maturity so reported with the term closest to and less than such Swapped Note Remaining Average Life. The Swapped Note Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Swapped Note.

“**Swapped Note Remaining Average Life**” means, with respect to any Swapped Note Called Notional Amount, the number of years obtained by dividing (x) such Swapped Note Called Notional Amount into (y) the sum of the products obtained by multiplying (1) the principal component of each Swapped Note Remaining Scheduled Swap Payments with respect to such Swapped Note Called Notional Amount by (2) the number of years computed on the basis of a 360 day year composed of twelve 30-day months that will elapse between the Swapped Note Settlement Date with respect to such Swapped Note Called Notional Amount and the scheduled due date of such Swapped Note Remaining Scheduled Payments.

“**Swapped Note Remaining Scheduled Swap Payments**” means, with respect to the Swapped Note Called Notional Amount relating to any Swapped Note, all payments due to the holder of such Swapped Note in U.S. Dollars under the terms of the Swap Agreement

to which such holder is a party which correspond to all payments of the Swapped Note Called Principal of such Swapped Note corresponding to such Swapped Note Called Notional Amount and interest on such Swapped Note Called Principal (other than that portion of the payment due under such Swap Agreement corresponding to the interest accrued on the Swapped Note Called Principal to the Swapped Note Settlement Date) that would be due after the Swapped Note Settlement Date in respect of such Swapped Note Called Notional Amount if no payment of such Swapped Note Called Principal were made prior to its originally scheduled payment date, provided that if such Swapped Note Settlement Date is not a date on which interest payments are due to be made under the terms of such Swapped Notes, then the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued to such Swapped Note Settlement Date and required to be paid on such Swapped Note Settlement Date pursuant to Condition 10(c) (*Redemption for tax reasons*), Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or Condition 13(d) (*Automatic Acceleration*).

“**Swapped Note Settlement Date**” means, with respect to the Swapped Note Called Notional Amount of any Swapped Note Called Principal of any Swapped Note, the date on which such Swapped Note Called Principal is to be prepaid pursuant to Condition 10(c) (*Redemption for tax reasons*), Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or has become or is declared to be immediately due and payable pursuant to Condition 13(d) (*Automatic Acceleration*), as the context requires.”

(i) *Swap Breakage*

If any Swapped Note is (i) not funded on 1 October 2012 (other than due to a holder being unable or unwilling to fund on such date when all conditions precedent to such holder’s funding obligations having been satisfied) or (ii) prepaid pursuant to Condition 10(c) (*Redemption for tax reasons*) or Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or has become or is declared to be immediately due and payable pursuant to Condition 13(d) (*Automatic Acceleration*), then (a) any resulting Net Loss in connection therewith shall be reimbursed to the holder of such Swapped Note by the Issuer in U.S. Dollars upon any such prepayment or repayment of such Swapped Note and (b) any resulting Net Gain in connection therewith shall be deducted (i) from the Make-Whole Amount, if any, or any principal or interest to be paid to the holder of such Swapped Note by the Issuer upon any such prepayment of such Swapped Note pursuant to Condition 10(c) (*Redemption for tax reasons*) or Condition 10(d) (*Redemption at the option of the Issuer (Issuer Call)*) or (ii) from the Make-Whole Amount, if any, to be paid to the holder of such Swapped Note by the Issuer upon any such repayment of such Swapped Note pursuant to Condition 13(d) (*Automatic Acceleration*), provided that, in either case, the Make-Whole Amount in respect of such Swapped Note may not in any event be less than zero. Each holder of a Swapped Note shall calculate reasonably and in good faith its own Net Loss or Net Gain, as the case may be, and Swap Breakage Amount in U.S. Dollars upon the prepayment or repayment of all or any portion of such Swapped Note, and such calculations as reported to the Issuer in reasonable detail shall be binding on the Issuer absent demonstrable error.

As used in this Condition 10(k) with respect to any Swapped Note that is prepaid or accelerated: “**Net Loss**” means the amount, if any, by which the Swapped Note Called Notional Amount exceeds the sum of (x) the Swapped Note Called Principal plus (or minus in the case of an amount paid) (y) the Swap Breakage Amount received (or paid) by the holder of such Swapped Note; and “**Net Gain**” means the amount, if any, by which the

Swapped Note Called Notional Amount is exceeded by the sum of (x) the Swapped Note Called Principal plus (or minus in the case of an amount paid) (y) the Swap Breakage Amount received (or paid) by such holder. For purposes of any determination of any “Net Loss” or “Net Gain,” the Swapped Note Called Principal shall be determined by the holder of the affected Swapped Note reasonably and in good faith by converting Sterling into U.S. dollars at the current Sterling/U.S. dollar exchange rate, as determined as of 10:00 A.M. (New York City time) on the day such Swapped Note is prepaid or accelerated as indicated on the applicable screen of Bloomberg Financial Markets and any such calculation shall be reported to the Issuer in reasonable detail and shall be binding in on the Issuer absent demonstrable error.

As used in this Condition 10(k), “**Swap Breakage Amount**” means, with respect to the Swap Agreement associated with any Swapped Note, in determining the Net Loss or Net Gain, the amount that would be received (in which case the Swap Breakage Amount shall be positive) or paid (in which case the Swap Breakage Amount shall be negative) by the holder of such Swapped Note as if such Swap Agreement had terminated due to the occurrence of an event of default or an early termination under the ISDA 1992 Multi-Currency Cross Border Master Agreement or ISDA 2002 Master Agreement, as applicable (the “**ISDA Master Agreement**”); provided, however, that if such holder (or its predecessor in interest with respect to such Swapped Note) was, but is not at the time, a party to an Original Swap Agreement but is a party to a New Swap Agreement, then the Swap Breakage Amount shall mean the lesser of (x) the gain or loss (if any) which would have been received or incurred (by payment, through off-set or netting or otherwise) by the holder of such Swapped Note under the terms of the Original Swap Agreement (if any) in respect of such Swapped Note to which such holder (or any affiliate thereof) was a party (or if such holder was never a party to an Original Swap Agreement, then the last Original Swap Agreement to which the most recent predecessor in interest to such holder as a holder of a Swapped Note was a party) and which would have arisen as a result of the payment of the Swapped Note Called Principal on the Swapped Note Settlement Date and (y) the gain or loss (if any) actually received or incurred by the holder of such Swapped Note, in connection with the payment of such Swapped Note Called Principal on the Swapped Note Settlement Date, under the terms of the New Swap Agreement to which such holder (or any affiliate thereof) is a party. The holder of such Swapped Note will make all calculations related to the Swap Breakage Amount reasonably and in good faith and in accordance with its customary practices for calculating such amounts under the ISDA Master Agreement pursuant to which such Swap Agreement shall have been entered into and assuming for the purpose of such calculation that there are no other transactions entered into pursuant to such ISDA Master Agreement (other than such Swap Agreement).

The Swap Breakage Amount shall be payable in U.S. Dollars.”
