TMC also filed its Report of Foreign Private Issuer for the month of May 2014, including the financial results for the year ended 31 March 2014 on Form 6-K with the Securities and Exchange Commission. TMC's Financial Summary FY2014 (April 1, 2013 through March 31, 2014), Supplemental Material for Financial Results FY2014 (Consolidated) and Supplemental Material for Financial Results FY2014 (Unconsolidated) (such information, the "**Filings**") have been published on the website of the London Stock Exchange (http://www.rns-pdf.londonstockexchange.com/rns/5624G_-2014-5-8.pdf) and will be filed with the National Storage Mechanism.

By virtue of this Supplementary Prospectus, the Filings (excluding all information incorporated by reference therein either expressly or implicitly, excluding any information or statement included therein either expressly or implicitly that is or might be considered to be forward looking, and excluding all Excluded Information (as defined below)) are incorporated in, and form part of, the TMF Base Prospectus, the TCCI Base Prospectus, the TFA Base Prospectus and the TMCC Base Prospectus, respectively. The English translations of any of TMC's financial information are accurate and direct translations of the original Japanese-language documents. The content of the Excluded Information is not relevant to investors.

“Excluded Information” means with respect to (i) TMC’s Financial Summary FY2014 (April 1, 2013 through March 31, 2014) (a) the section headed “FY2015 (forecast)” contained in paragraph 2. headed “Cash dividends” on the first introductory page, (b) paragraph 3. headed “Forecast of consolidated results for FY2015 (April 1, 2014 through March 31, 2015)” on the first introductory page, (c) paragraph 2. headed “Forecast of unconsolidated results for FY2015 (April 1, 2014 through March 31, 2015) on the second introductory page, and (d) paragraph (4) headed “Forecast of Consolidated Financial Results for FY2015” on page 5 and (ii) TMC’s Supplemental Material for Financial Results for FY2014 (Consolidated) and TMC’s Supplemental Material for Financial Results FY2014 (Unconsolidated), the sections headed “FY2015 Forecast 12 months ('14/4-'15/3)” on pages Supplemental 1 to Supplemental 4.

There has been no significant change in the financial position or trading position of TMC and its consolidated subsidiaries (considered as a whole) since 31 March 2014, the date of the most recently published financial statements of TMC.

TOYOTA MOTOR CREDIT CORPORATION: RELOCATION OF HEADQUARTERS TO PLANO, TEXAS BEGINNING IN 2017

On 28 April 2014, Toyota Financial Services (“TFS”) issued a press release announcing that, as part of TMC’s planned consolidation of its three separate North American headquarters for manufacturing, sales and marketing to a single new headquarters facility in Plano, Texas, TMCC’s corporate headquarters would move from its current location in Torrance, California, to Plano, Texas, beginning in 2017. TMCC does not expect that the relocation of its headquarters will change TMCC’s corporate or leadership structure.

There are uncertainties related to the relocation. TMCC can give no assurance that the relocation will be completed as planned or within the expected timing. In addition, the pending relocation may involve significant cost to TMCC and the expected benefits of the move may not be fully realised due to associated disruption to operations and personnel.

UPDATE OF THE SUMMARY OF THE PROGRAMME

The Summary of the Programme included in the Prospectus is updated in the Appendix to this Supplementary Prospectus.

APPENDIX

SUMMARY OF THE PROGRAMME

Summaries are made up of disclosure requirements known as ‘Elements’. These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary for the Notes and the Issuers. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of the type of securities and issuers, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the Summary with the mention of ‘Not Applicable’.

Section A – Introduction and warnings

Element	Title	
A.1	Warning	<p>This Summary must be read as an introduction to the Prospectus and the applicable Final Terms. Any decision to invest in any Notes should be based on a consideration of the Prospectus as a whole, including any documents incorporated by reference, and the applicable Final Terms. Following the implementation of the relevant provisions of the Prospectus Directive in each Member State of the European Economic Area, no civil liability will attach to any Issuer, Toyota Financial Services Corporation (“TFS”) or Toyota Motor Corporation (“TMC”) in any such Member State solely on the basis of this Summary, including any translation hereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of the Prospectus and the applicable Final Terms or it does not provide, when read together with the other parts of the Prospectus and the applicable Final Terms, key information (as defined in Article 2.1(s) of the Prospectus Directive) in order to aid investors when considering whether to invest in the Notes. Where a claim relating to information contained in the Prospectus and the applicable Final Terms is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Prospectus and the applicable Final Terms before the legal proceedings are initiated.</p>
A.2	Consent to use of the Prospectus	<p>Certain Tranches of Notes with a denomination of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a “<i>Non-exempt Offer</i>”. [Not Applicable]/[The Issuer consents to the use of its Base Prospectus (that is all information in the Prospectus, except for information relating to any of the other Issuers) in connection with a Non-exempt Offer of Notes subject to the following conditions:</p>
		<p>(i) the consent is only valid during the Offer Period specified in paragraph 9 of Part B of the applicable Final Terms;</p>
		<p>(ii) the only Offerors authorised to use the Issuer’s Base Prospectus to make the Non-exempt Offer of the Notes are the relevant Dealer and:</p> <p>[(a) the financial intermediaries named in paragraph 9 of Part B of the applicable Final Terms; and/or</p> <p>(b) any financial intermediary which is authorised to make such offers under the Markets in Financial Instruments Directive 2004/39/EC and which has been duly appointed directly or indirectly by the Issuer to make such offers, provided that such financial intermediary states on its website (I) that it has been duly appointed as a financial intermediary to offer the Notes during the Offer Period, (II) it is relying on the Issuer’s Base Prospectus for such Non-exempt Offer with the consent of the Issuer and (III) the conditions attached to that consent (the “<i>Placers</i>”);]</p>
		<p>(iii) the consent only extends to the use of the Issuer’s Base Prospectus to make Non-exempt Offers of the Notes in each Relevant Member State specified in paragraph 9 of Part B of the applicable Final Terms; and</p>
		<p>(iv) the consent is subject to any other conditions set out in paragraph 9 of Part B of the applicable Final Terms.]</p>

		[Any Offeror falling within sub-paragraph (ii)(b) above who meets all of the other conditions stated above and wishes to use the Issuer’s Base Prospectus in connection with a Non-exempt Offer is required, for the duration of the Offer Period, to publish on its website (i) that it has been duly appointed as a financial intermediary to offer the Notes during the Offer Period, (ii) it is relying on the Issuer’s Base Prospectus for such Non-exempt Offer with the consent of the Issuer and (iii) the conditions attached to that consent. Section B – Issuer

Element	Title	
B.1	Legal and commercial name of the Issuer	Toyota Motor Finance (Netherlands) B.V. (“ <i>TMF</i> ”)/ Toyota Credit Canada Inc. (“ <i>TCCI</i> ”)/ Toyota Finance Australia Limited (“ <i>TFA</i> ”)/ Toyota Motor Credit Corporation (“ <i>TMCC</i> ”)
B.2	Domicile/ legal form/ legislation/ country of incorporation	If the Issuer is TMF, TMF is a private company with limited liability incorporated and domiciled in the Netherlands under the laws of the Netherlands, with its corporate seat in Amsterdam, the Netherlands. If the Issuer is TCCI, TCCI is a corporation incorporated under the Canada Business Corporations Act. If the Issuer is TFA, TFA is a public company limited by shares incorporated under the Corporations Act 2001 of Australia (the “ <i>Australian Corporations Act</i> ”) and domiciled in New South Wales, Australia. If the Issuer is TMCC, TMCC is a corporation incorporated and domiciled in California, United States under the laws of the State of California.
B.4b	Trend information	Not Applicable with respect to TMF and TFA; there are no known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on the prospects of the Issuer for the current financial year. Applicable if the Issuer is TCCI: <ul style="list-style-type: none"> prices of used vehicles have remained at recent high levels during fiscal 2013 and the first half of fiscal 2014. There can be no assurance that future prices of used vehicles will remain high, and a decline in such prices may have an adverse effect on lease termination losses, residual value provisions and net write-offs.

		<p>Applicable if the Issuer is TMCC:</p> <ul style="list-style-type: none"> prices of used vehicles remained near historically high levels during fiscal 2013 and continued to be strong during the first nine months of fiscal 2014, despite slight declines compared to prior periods. There can be no assurance that future prices of used vehicles will remain high, and a decline in such prices may have an adverse effect on depreciation expense, default frequency and net charge-offs; the level of lease maturities increased in fiscal 2013 and the first nine months of fiscal 2014. Lease maturities are expected to remain higher than TMCC's historical pattern for the next few years as a result of the recent increase in leasing volume, which could increase vehicle return rates, negatively affect used vehicle values and increase depreciation expense; and despite recent increases in loss severity during the first nine months of fiscal 2014, the favourable levels in TMCC's delinquencies, default frequency and net charge-offs reflect patterns of difference from TMCC's historical patterns and levels. Changes in economic condition and the supply of new and used vehicles may adversely affect TMCC's per unit loss severity, delinquencies, default frequency, net charge-offs, and provision for credit losses.⁽¹⁾ 		
B.5	Description of the Group	<p>If the Issuer is TMF, TCCI or TFA, the Issuer is a wholly-owned subsidiary of TFS, a Japanese corporation.</p> <p>If the Issuer is TMCC, TMCC is a wholly-owned subsidiary of Toyota Financial Services Americas Corporation ("TFS"), a California corporation which itself is a wholly-owned subsidiary of TFS. TFS is a wholly-owned holding company subsidiary of TMC, a Japanese corporation and the ultimate parent company of the Toyota group.</p>		
B.9	Profit forecast or estimate	Not Applicable; there are no profit forecasts or estimates made in the Prospectus.		
B.10	Audit report qualifications	Not Applicable; there are no qualifications in the audit report(s) on the audited financial statements for the years ended 31 March 2013 and 31 March 2012.

Section D - Risks

Element	Title	
D.2	Key risks regarding the Issuer	<p>Each of the Issuer, TFS and TMC has identified in the Prospectus a number of factors which could materially adversely affect its business, and, in the case of the Issuer, its ability to make payments due under the Notes or, in the case of TFS and TMC, to fulfil its obligations under the Credit Support Agreements. These factors include:</p> <ul style="list-style-type: none"> • if the Issuer is TCCI, TFA or TMCC, changes in general business, economic and market conditions, including the overall market for retail sales, retail or wholesale motor vehicle financing, leasing or dealer financing, changes in the level of sales of Toyota, Lexus and/or, in the case of TCCI and TMCC, Scion vehicles or other vehicles in the Issuer's market; • if the Issuer is TCCI, TFA or TMCC, recalls and other related announcements which could adversely affect sales, including as a result of the actual or perceived quality, safety or reliability of Toyota, Lexus and, in the case of TCCI and TMCC, Scion vehicles as the Issuer's business is substantially dependent upon the sale of Toyota, Lexus and, in the case of TCCI and TMCC, Scion vehicles; • a decrease in the level of sales of Toyota, Lexus and, in the case of TCCI and TMCC, Scion vehicles will have a negative impact on the level of the Issuer's financing volume; • if the Issuer is TMF, TMF's role as a financing vehicle exposes it to a wide variety of financial risks that include credit risk, liquidity risk, interest rate risk and foreign currency exchange rate risk; • changes to the senior long-term debt credit ratings of TMC and certain of its affiliates including the Issuer; • if the Issuer is TCCI, TFA or TMCC, the failure of a customer or dealer to meet the terms of any contract with an Issuer or otherwise to perform as agreed; • the failure of any of the financial institutions and other counterparties in the finance industry to perform their contractual obligations; • if the Issuer is TCCI, TFA, or TMCC, the estimated residual values at lease origination may not be recoverable at the end of the lease terms; • if the Issuer is TMCC, its insurance operations could suffer losses if TMCC's reserves are insufficient to absorb losses or if a reinsurer or other company that has assumed insurance risk is unable to meet its obligations under the terms of its agreement with TMCC; • liquidity risk arising from the inability of the TFS group (including the Issuer) to maintain the capacity to fund assets and repay liabilities in a timely and cost-effective manner; • changes in market interest rates, foreign currency exchange rates and other relevant market parameters or prices and/or a decline in the value of the investment portfolio; • inadequate or failed processes, systems or internal controls, the failure to perfect collateral, theft, fraud, cybersecurity breaches, earthquakes, other natural disasters or other catastrophes; • the worldwide automotive market is highly competitive and volatile and the worldwide financial services industry is also highly competitive; • the inability to offer new, innovative, competitively priced products that meet customer demand on a timely basis; • an inability to cover ongoing expenses with ongoing income subsequent to the event of a major market contraction; • if the Issuer is TCCI, TFA or TMCC, changes in law or regulation in relation to the financial services industry and the automotive industry, including those related to vehicle safety and environmental matters or a failure to comply with relevant laws or regulations applicable to it; and • if the Issuer is TMCC, adverse economic conditions, changes in laws in states in which it has customer concentrations or uncertainties relating to the relocation of its corporate headquarters to Plano, Texas, may negatively affect its financial condition and results of operations.⁽¹⁸⁾

⁽¹⁸⁾ The key risks regarding the Issuer have been updated in respect of TMCC by virtue of the publication of TMCC's Form 8-K on 6 May 2014.

D.3	Key risks regarding the Notes	<p>There are also risks associated with the Notes including a range of risks relating to the structure of the Notes, market risks and risks relating to Notes generally including that:</p> <ul style="list-style-type: none"> • changes in market interest rates will affect the value of the Notes which bear interest at a fixed rate; • if the Issuer has the right to redeem any Notes at its option, an investor may not be able to reinvest the redemption proceeds in a manner which achieves the return the investor would have received if the investor had been allowed to hold the Notes to maturity and the existence of the option may therefore adversely affect the market value and the secondary market for the Notes; • if the Issuer has the right to convert the interest rate on the Notes from a fixed rate to a floating rate, or vice versa, the Issuer is likely to exercise its rights in order to reduce the interest paid after the conversion, the spread on the new floating rate may be less favourable than prevailing floating rate spreads, the new fixed rate may be lower than the prevailing market rates and the existence of the conversion right may therefore adversely affect the market value and the secondary market for the Notes; • Bearer Notes in new global note form and Registered Notes in global form held under the new safekeeping structure may not satisfy Eurosystem eligibility criteria; • Notes denominated in Renminbi are subject to additional risks; Renminbi is not freely convertible or transferable and there are significant restrictions on remittance of Renminbi into and outside the PRC which may adversely affect the liquidity of Notes denominated in Renminbi; there is only limited availability of Renminbi outside the PRC, which may affect the liquidity of such Notes and the Issuer's ability to source Renminbi outside the PRC to service such Notes; if the Issuer is unable to source Renminbi, it may pay holders of such Notes in U.S. dollars; • the Terms and Conditions of the Notes contain provisions which permit their modification without the consent of all investors in certain circumstances; • the holder may not receive payment of the full amounts due in respect of the Notes as a result of amounts being withheld by the Issuer in order to comply with applicable law; • investors are exposed to the risk of changes in law or regulation affecting the value of their Notes; • the value of an investor's investment may be adversely affected by exchange rate movements where the Notes are not denominated in the investor's own currency; • there may be no or only a limited secondary market in the Notes; • any credit rating assigned to Notes may not adequately reflect all the risks associated with an investment in the Notes; • interest on Notes issued with a floating interest rate which is capped will never exceed the maximum rate of interest specified for the relevant period and investors may earn less than the specified maximum interest rate; and • assuming no change in market conditions from the time of issue of the Notes, if the Issuer has hedged its payment obligations on the Notes with the purchaser distributing the Notes, the price, if any, at which a purchaser may be willing to purchase Notes in secondary market transactions will be lower than the issue price.
