On 27th July, 2000, Financement-Québec (the “**Issuer**” or “**Financement-Québec**”) entered into a Euro Medium Term Note Programme (the “**Programme**”). This Prospectus supersedes any previous offering circular, prospectus and any supplements thereto related to the Programme. Any Notes (as defined below) issued under the Programme on or after the date of this Prospectus are issued subject to the provisions described herein. This Prospectus does not affect any Notes already issued and currently outstanding.

Under this U.S.\$2,000,000,000 Programme, the Issuer may from time to time issue Notes (the “**Notes**”) denominated in any currency agreed by the Issuer and the relevant Purchaser(s) (as defined below) and unconditionally and irrevocably guaranteed as to payment of principal and interest, including any additional amounts, by Québec (the “**Guarantor**”). The Notes will have maturities of one month or longer or such other maturity as may be allowed or required from time to time by the relevant central bank (or equivalent body (however called)) or any laws or regulations applicable to the relevant currency and, subject as set out herein, the maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed U.S.\$2,000,000,000 (or its equivalent in other currencies) calculated as described herein.

The Notes will be issued on a continuing basis to one or more of the Dealers specified under “Key Features of the Programme and the Notes” (each a “**Dealer**” and together the “**Dealers**”), which expression shall include any additional entity appointed as a Dealer under the Programme from time to time either for a specific issue or on an ongoing basis. Notes may also be issued to third parties other than Dealers and such third parties and Dealers are referred to collectively as “**Purchasers**”.

Notes may be issued under the Programme which have a specified denomination of less than €50,000 (or its equivalent in other currencies).

Application has been made to the Financial Services Authority (the “**FSA**”) in its capacity as competent authority (the “**UK Listing Authority**”) under the Financial Services and Markets Act 2000 (the “**FSMA**”) for Notes issued under the Programme during the 12-month period after the date of this Prospectus to be admitted to the official list of the FSA (the “**Official List**”) and to the London Stock Exchange plc (the “**London Stock Exchange**”) for such Notes to be admitted to trading on the London Stock Exchange’s regulated market (the “**London Stock Exchange’s Regulated Market**”) or the London Stock Exchange’s Professional Securities Market (the “**PSM**”). References in this Prospectus to Notes being “**listed**” (and all related references) shall mean that Notes have been admitted to trading on the London Stock Exchange’s Regulated Market or the PSM and have been admitted to the Official List. The London Stock Exchange’s Regulated Market is a regulated market for the purposes of Directive 2004/39/EC (the “**Markets in Financial Instruments Directive**”). The PSM is not a regulated market for the purposes of the Markets in Financial Instruments Directive. Notice of the aggregate nominal amount of interest payable, in respect of the issue of, and of any other terms and conditions not contained herein which are applicable to, each Series (as defined below) of Notes will be set forth in one or more final terms supplements (the “**Final Terms**”) which, with respect to Notes to be listed on the London Stock Exchange, will be delivered to the UK Listing Authority and the London Stock Exchange on or before the date of issue of the Notes of such Series. The Programme provides that Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s) as may be agreed between the Issuer and the relevant Purchaser(s) in relation to such issue. The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on any market.

The Issuer intends to request pursuant to section 87 of FSMA and section 5.3.2 of the UK Listing Authority Prospectus Rules that the UK Listing Authority provide the competent authority in certain Member States of the European Economic Area with a certificate of approval attesting that the Prospectus has been drawn up in accordance with the Directive 2003/71/EC (the “Prospectus Directive”) together with a copy of the Prospectus accompanied by any translation of the summary required by such Member States.

Copies of Final Terms, in the case of either Notes that are offered to the public in the European Economic Area or admitted to trading on a regulated market in the European Economic Area in circumstances requiring publication of a prospectus in accordance with the Prospectus Directive or which are admitted to trading on the PSM, (i) can be viewed on the website of the Regulatory News Service operated by the London Stock Exchange at <http://www.londonstockexchange.com/exchange/prices-and-news/news/market-news/market-news-home.html> under the name of “Financement Québec” and the headline “Publication of Prospectus” and (ii) will be available for inspection during normal business hours at the specified office of the Agent (as defined below) in London, United Kingdom and for collection without charge from the office of the Executive Vice President and Secretary of the Issuer in Ville de Québec, Canada (see “Terms and Conditions of the Notes”).

See “Risk Factors” on pages 9 through 13 for a discussion of certain risks that should be considered in connection with an investment in certain types of Notes which may be offered under the Programme.

Any person (an “**Investor**”) intending to acquire or acquiring any Notes from any person (an “**Offeror**”) should be aware that, in the context of an offer to the public as defined in section 102B of the FSMA, the Issuer may be responsible to the Investor for the Prospectus under section 90 of the FSMA, only if the Issuer has authorised that Offeror to make the offer to the Investor. Each Investor should therefore enquire whether the Offeror is so authorised by the Issuer. If the Offeror is not authorised by the Issuer, the Investor should check with the Offeror whether anyone is responsible for the Prospectus for the purposes of section 90 of the FSMA in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on the Prospectus and/or who is responsible for its contents, it should take legal advice.

An Investor intending to acquire or acquiring any Notes from an Offeror will do so, and offers and sales of the Notes to an Investor by an Offeror will be made, in accordance with any terms and other arrangements in place between such Offeror and such Investor including as to price, allocations and settlement arrangements. The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Prospectus and any Final Terms will not contain such information. Such information will be provided by the Offeror at the time of the sub-offer of the Notes.

Unless otherwise specified in the applicable Final Terms, the Notes of each issue will initially be represented by one or more temporary global Notes which will be delivered to or deposited on or prior to the issue date thereof with (i) if the temporary global Note is intended to be issued in new global note (“**NGN**”) form as specified in the applicable Final Terms, a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and/or Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”) and (ii) if the temporary global Note is intended to be issued in classic global note (“**CGN**”) form as specified in the applicable Final Terms, a common depository on behalf of Euroclear and Clearstream, Luxembourg and/or such other clearing system as otherwise agreed, as further described in “Form of the Notes” herein. Interests in a temporary global Note will be exchangeable for interests in a permanent global Note upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. Interests in a permanent global Note will be exchangeable for definitive Notes only in the limited circumstances described in “Terms and Conditions of the Notes – Definitive Certificates” or as specified in the applicable Final Terms.

The Programme has been rated by Moody’s Investors Service Limited (“**Moody’s**”) and by Standard and Poor’s Rating Services, a division of The McGraw-Hill Companies, Inc. (“**Standard and Poor’s**”). Tranches of Notes issued under the Programme may be rated or unrated. When a Tranche of Notes is rated, such rating will not necessarily be the same as the rating assigned to the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The Issuer may agree with any Purchaser and the Agent that Notes may be issued in a form and with terms and conditions not contemplated by the Terms and Conditions of the Notes herein, in which event (in the case of Notes to be admitted to the Official List and to trading on the London Stock Exchange) a supplementary prospectus or a Drawdown Prospectus (as defined herein), if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Dealers have not separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Dealers as to the accuracy or completeness of the information contained in this Prospectus or any other information provided by the Issuer and the Guarantor in connection with this Prospectus or the Notes. The Dealers accept no liability in relation to the information contained in this Prospectus or any other information provided by the Issuer and the Guarantor in connection with this Prospectus or the Notes.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with this Prospectus or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer and the Guarantor or any of the Dealers.

Neither this Prospectus nor any information incorporated herein by reference nor any other information supplied in connection with this Prospectus or the Notes is intended to provide the basis of any credit or other evaluation and should not be considered as recommendations by the Issuer or any of the Dealers that any recipient of this Prospectus, or any information incorporated herein by reference or any other information supplied in connection with this Prospectus or the Notes, should purchase any of the Notes. Each investor contemplating purchasing any of the Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus, nor any information incorporated herein by reference nor any other information supplied in connection with this Prospectus or the Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to purchase any of the Notes.

The delivery of this Prospectus does not at any time imply that the information contained herein concerning the Issuer and the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with this Prospectus or the Notes is correct as of any time subsequent to the date indicated in the document containing the same. This Prospectus may not be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. The distribution of this Prospectus and any Final Terms and the offer or sale of the Notes may be restricted by law in certain jurisdictions. Persons into whose possession this Prospectus, any Notes or any other offering material come must inform themselves about, and observe, any such restrictions. This Prospectus does not constitute, and may not be used for or in connection with, an offer to any person to whom it is unlawful to make such an offer or a solicitation by anyone not authorised so to act. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of the Notes in the United States, the European Economic Area (including in the United Kingdom, France and Republic of Italy), Japan and Canada (see “Subscription and Sale”). The Issuer and the Dealers do not represent that this document may be lawfully distributed, or that Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer (other than the filing of this Prospectus with, and its approval by, the UK Listing Authority and the request for certificates of approval in certain Member States of the European Economic Area noted on the front cover hereof) or any Dealer that would permit a public offering of the Notes or distribution of the Prospectus in a jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms.

SUMMARY*

This summary must be read as an introduction to this Prospectus and any decision to invest in the Notes should be based on a consideration of the Prospectus as a whole, including any documents incorporated by reference. Following the implementation of the relevant provisions of the Prospectus Directive (Directive 2003/71/EC) in each Member State of the European Economic Area no civil liability will attach to the Responsible Person in any such Member State solely on the basis of the summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of this Prospectus. Where a claim relating to the information contained in this Prospectus is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member State where the claim is brought, be required to bear the costs of translating the Prospectus before the legal proceedings are initiated.

Words and expressions defined in “Form of the Notes”, “Pro Forma Final Terms” and “Terms and Conditions of the Notes” below shall have the same meanings in this summary.

Essential Characteristics of the Issuer

Created in 1999 pursuant to *An Act respecting Financement-Québec* (R.S.Q., c. F-2.01), Financement-Québec is a corporation whose share capital is wholly owned by the Government of Québec (the “**Government**” or “**Québec**”). Its objective is to provide financial services to public organizations, in particular by granting loans to them and providing advice to facilitate their access to credit and minimize their cost of financing. Although Financement-Québec currently makes loans only to educational and health and social services entities, its enabling legislation also permits loans to municipalities or other organizations designated by the Government.

Financement-Québec is a mandatary of Québec, the civil law equivalent of an agent, and is under the responsibility of the Minister of Finance (the “**Minister**”). Despite its status as a mandatary of Québec, Financement-Québec binds none but itself when it acts in its own name. The property of Financement-Québec forms part of the domain of Québec but execution of Financement-Québec’s obligations may be levied against its property.

Borrowings by Financement-Québec must be approved by the Government and it issues debt securities that are guaranteed by Québec.

Financement-Québec’s books and accounts are audited by the Auditor General and the audit report, together with the annual report of operations and complete financial statements, are submitted to the Minister.

Essential Characteristics of the Guarantor

In this Summary, unless otherwise specified or the context otherwise requires, all dollar amounts are expressed in Canadian dollars. The fiscal year of Québec ends March 31. “**Fiscal 2010**” and “**2009-2010**” refer to the fiscal year ended March 31, 2010, and, unless otherwise indicated, “**2009**” means the calendar year ended December 31, 2009. Other fiscal and calendar years are referred to in a corresponding manner. Any discrepancies between the amounts listed and their totals in the tables included in this Prospectus are due to rounding.

Québec is the largest by area of the ten provinces of Canada (1,541,000 square kilometers or 594,860 square miles, representing 15.4% of the geographical area of Canada) and the second largest by population (7.9 million, representing 23.2% of the population of Canada, as of January 2010).

Québec has a modern, developed economy, in which the service sector contributed 75.6%, the manufacturing industry 16.2%, the construction industry 6.1% and the primary sector 2.1% of real gross domestic product (“**GDP**”) at basic prices in chained 2002 dollars in 2009. Québec’s real GDP represented 20.7% of Canada’s real GDP in 2009. The leading manufacturing industries in Québec are food products, primary metal products (including aluminum smelting), transportation equipment products (including aircraft and motor vehicles and associated parts), petroleum and coal products, chemical products, paper products and fabricated metal products. Québec also has significant hydroelectric resources, generating 33.0% of the electricity produced in Canada in 2009.

Montréal and Ville de Québec, the capital of Québec, are the centers of economic activity. Montréal is one of the main industrial, commercial and financial centers of North America and is Canada’s second largest urban area as measured by population. Montréal is also Canada’s largest port, situated on the St. Lawrence River, which provides access to the Atlantic Ocean and the inland navigation system of the Great Lakes.

* This summary has been prepared in accordance with Article 5(2) of the Prospectus Directive and, for the avoidance of doubt, relates only to issues of Notes with a denomination per unit of less than €50,000.

The Government and the Government of Canada share the power to levy personal income taxes in Québec. The Government levies and collects its own personal income tax at rates ranging from 16% to 24% in three brackets.

In Québec, businesses are subject to a tax on profits, a tax on capital and a tax on payroll. A tax rate of 11.9% is applied to the profits of corporations. Small and medium-size enterprises are taxed at a reduced rate of 8% that, since the 2009-2010 Budget, applies on the first \$500,000 of income from an eligible business. Previously, the eligible income threshold was \$400,000. Québec's other major sources of revenue other than taxes are transfer payments from the Government of Canada.

French is the official language of Québec and is spoken by approximately 95% of its population.

Constitutional Framework

Canada is a federation of ten provinces and three federal territories, with a constitutional division of responsibilities between the federal and provincial governments as set out in *The Constitution Acts, 1867 to 1982* (the “**Constitution**”).

Under the Constitution, each provincial government has exclusive authority to raise revenue for provincial purposes through direct taxation within its territorial limits. Each provincial government also has exclusive authority to regulate education, health, social services, property and civil rights, natural resources, municipal institutions and, generally, to regulate all other matters of a purely local or private nature in its province, and to regulate and raise revenue from the exploration, development, conservation and management of natural resources.

The Parti Québécois, which has as its principal objectives the sovereignty of Québec, formed the Government from September 1994 to April 14, 2003. During its term in office, the Parti Québécois tabled in the National Assembly a Bill entitled *An Act respecting the future of Québec* (the “**Act**”), which provided that upon receipt of a favourable vote in a referendum, the Act would be enacted and Québec would proclaim its sovereignty following a formal offer to Canada of a treaty of economic and political partnership. In November 1995, a slight majority of Québec citizens (50.6%) voted against the Act.

The Supreme Court of Canada decided in August 1998, on a reference from the Government of Canada in which Québec did not participate, that (i) under the Constitution, Québec may not secede unilaterally without negotiation with the other parties in the Canadian Confederation within the existing constitutional framework; (ii) under international law, Québec has no right to secede unilaterally from Canada; (iii) nonetheless, the clear repudiation by the people of Québec of the existing constitutional order and the clear expression of a desire to pursue secession would oblige the other provinces and the Government of Canada to negotiate in accordance with constitutional principles, and Québec would also have to negotiate in accordance with such principles; and (iv) if Québec were to so negotiate but face unreasonable intransigence from the other parties, it would be more likely to be recognised than if it did not itself act according to constitutional principles in the negotiations.

The Québec Liberal Party, a federalist party, won a third consecutive mandate at the general election in December 2008. It currently forms the Government in the National Assembly. With regard to the constitutional issue, the Québec Liberal Party pursues a policy that emphasises the values of Canadian federalism. In particular, its platform is focused on strengthening Québec's place within the federation, on forming new alliances with the other provinces and on promoting intergovernmental cooperation. The next general election must be called no later than December 2013.

Public Finances

The Minister of Finance is responsible for the general administration of the Government's finances. The *Financial Administration Act* and the *Balanced Budget Act*, as amended, govern the management of public monies of Québec and the *Public Administration Act* governs the management of financial, human, physical and information resources of the Administration.

All revenues and monies over which the Parliament has power of appropriation form the Consolidated Revenue Fund of Québec. The Budget and appropriations from the Consolidated Revenue Fund and consolidated entities are published at the beginning of each fiscal year. The Government also publishes a Monthly Report on Financial Transactions.

The *Balanced Budget Act* is designed to ensure that, on a multi-year basis, the Government maintains a balanced budget.

Essential Characteristics of the Notes

Under this Programme, the Issuer may from time to time issue Notes denominated in any currency agreed by the Issuer and the relevant Purchaser. The Notes will have maturities of one month or longer or such other maturity as may be allowed or required. The Issuer may issue Fixed Rate Notes, Floating Rate Notes, Index-Linked Notes, Dual Currency Notes, Zero Coupon Notes, Partly Paid Notes, Instalment Notes and any other type of Notes agreed between the Issuer and the relevant Purchaser. The applicable terms of any Notes will be agreed between the Issuer and the relevant Purchaser prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes in the Prospectus, as modified and supplemented by the applicable Final Terms and any supplementary Prospectus. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Purchaser at the time of the issue in accordance with prevailing market conditions.

Québec will unconditionally and irrevocably guarantee the due and punctual payment of principal of and interest on the Notes (together with any additional amounts which the Issuer may be required to pay in accordance with the Terms and Conditions of the Notes) as and when the same shall become due and payable, whether at maturity, on redemption, by acceleration or otherwise.

The Notes may be offered for sale only to non-U.S. persons in reliance on and in accordance with Regulation S under the United States Securities Act of 1933, as amended and in accordance with applicable laws.

Unless otherwise specified in the applicable Final Terms, each Tranche of Notes will be initially issued in bearer form with or without coupons and will initially be represented by one or more temporary global Notes in either NGN form which will be delivered on or prior to the issue date thereof to a Common Safekeeper for Euroclear and/or Clearstream, Luxembourg or in CGN form which will be deposited on or prior to the issue date thereof with a depositary or a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg and/or such other clearing system as otherwise agreed between the Issuer, the Agent and the relevant Purchaser. Interests in a temporary global Note will be exchangeable for interests in a permanent global Note upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. Interests in a permanent global Note will be exchangeable for definitive Notes only in the limited circumstances described in “Terms and Conditions of the Notes – Definitive Certificates” or as specified in the applicable Final Terms.

The Notes will be governed by, and construed in accordance with, the laws of Québec and the laws of Canada applicable therein.

The Notes will constitute direct, unsecured, legal, valid, binding and unconditional obligations of the Issuer. The Notes will rank equally among themselves and with all other debentures, notes or similar debt securities issued by the Issuer and outstanding at the date of issue of the Notes and in the future.

Application has been made for Notes issued under the Programme to be admitted to the Official List of the FSA and admitted to trading on the London Stock Exchange’s Regulated Market or PSM. Notes may also be issued under the Programme on an unlisted basis or be admitted to listing, trading and/or quotation by other stock exchanges, listing authorities and/or quotation systems, and the Final Terms applicable to a Tranche will specify whether or not Notes of such Tranche have been admitted to the Official List and admitted to trading on the London Stock Exchange’s Regulated Market or PSM or admitted to listing, trading and/or quotation by any other stock exchange, listing authority and/or quotation system.

An event of default will occur if the Issuer does not pay the principal of, or premium, interest or additional amounts on, the Notes or Coupons as and when the same become due and payable and such default continues for 45 days. An event of default will also occur if the Issuer does not pay any principal of, or premium, interest or additional amounts on, any indebtedness (direct or under a guarantee) for borrowed money of the Issuer exceeding U.S.\$50,000,000 (or its equivalent in other currencies) in aggregate nominal amount, other than the Notes, as and when the same becomes due and payable and such default continues for a period of

45 days. An event of default will occur if the Issuer does not duly perform or observe any covenant or agreement contained in the Notes (other than the payment of principal, premium, interest or additional amounts) or in the Agency Agreement and such default continues for a period of 60 days.

The Notes will not contain a negative pledge provision.

Québec enjoys no right of immunity under Québec law from suit or judgment. However, it is immune from set-off, attachment and execution on a judgment as well as seizure of assets before judgment. In addition, in enforcing a foreign judgment in foreign currency, a Québec court will convert into Canadian currency at the rate of exchange prevailing on the day the foreign judgment became enforceable at the place where it was rendered.

Under current Québec law, the Issuer's obligation to make any payment on any Note, Receipt or Coupon will be extinguished three years after the date such payment is due unless such right to payment is judicially exercised prior to the expiration of such three-year period.

Risk Factors

The Notes may be redeemed prior to maturity at par or at such other Redemption Amount as may be specified in the relevant Final Terms. Early redemption may reduce the return on investment provided by the relevant Note compared to the return that would have been achieved had the Notes been redeemed at maturity.

The Notes may have no active trading market or such market might not be very liquid which may affect the ability of the investor to sell the Notes.

Notes may be issued with a minimum Specified Denomination and may be tradeable in the relevant clearing system(s) in amounts in excess of such minimum Specified Denomination that may not be integral multiples of such minimum Specified Denomination. In such a case, (i) should definitive Notes be required to be issued, a Noteholder who holds Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination on the relevant Exchange Date may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes so that such Noteholder's holding is an integral multiple of a Specified Denomination and (ii) a Noteholder who does not have at least the minimum Specified Denomination in its account with the relevant clearing systems at the relevant Exchange Date will not be able to exercise any direct rights against the Issuer under the relevant Global Note. If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Notes issued under the Programme may be linked to one or more indices or other underlying variable. Any such Notes may entail significant risks not associated with a similar investment in fixed or floating rate debt securities, including a return that may be significantly less than the return available on an investment in Fixed Rate Notes or Floating Rate Notes. In some cases such Notes may also carry the risk of a total or partial loss of principal.

In addition to those noted above, there are other factors which are material for the purposes of assessing the market risks associated with Notes issued under the Programme (see "Risk Factors" below).

RISK FACTORS

The Issuer and the Guarantor believe that the following factors may affect their ability to fulfill their obligations under the Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer and the Guarantor are not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which the Issuer and the Guarantor believe may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer and the Guarantor believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer or the Guarantor, as applicable, to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer and the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including information incorporated by reference) and any applicable Final Terms to reach their own views prior to making any investment decision.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effect on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors in that in some cases they may lose the value of their entire investment or part of it. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

If the Final Terms provide for an Issuer Call Option, the Issuer may redeem all or some of the Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index-Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a “**Relevant Factor**”). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factors, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factors, the greater the effect on yield.

Partly Paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Note with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer’s ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on the other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than the prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The issue price of Notes specified in the applicable Final Terms may be more than the market value of such Notes as of the issue date, and the price, if any at which a Dealer or any other person willing to purchase the Notes in secondary market transactions may be lower than the issue price.

The market values of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the

remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

Criminal Rate of Interest

The Notes will be governed by the laws of Québec and the laws of Canada applicable therein. Canada has a Criminal Code which prohibits the receipt of “interest” at a “criminal rate” (namely, an effective annual rate of interest that exceeds 60%). Accordingly, the provisions for the payment of interest or a Maturity Redemption Amount in excess of the aggregate principal amount of the Notes may not be enforceable if the provision provides for the payment of “interest” in excess of an effective annual rate of interest of 60%.

Additional Risk Factors

Additional risk factors in relation to specific issues of Notes may be included in the applicable Final Terms.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

European Union Savings Tax Directive

Under EC Directive 2003/48/EC on the taxation of savings income (the “**Savings Tax Directive**”), a Member State is required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

On September 15, 2008, the European Commission issued a report to the Council of the European Union on the operation of the Savings Tax Directive, which included the European Commission’s advice on the need for changes to the Savings Tax Directive. On November 13, 2008, the European Commission published a more detailed proposal for amendments to the Savings Tax Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on April 24, 2009. If any of those proposed changes are made in relation to the Savings Tax Directive, they may amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

If a payment of interest (or similar income) were to be made or collected through a Member State (or any non-EU country or territory which has adopted similar measures) which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Notes as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a paying agent, the Issuer will be required to maintain a paying agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Savings Tax Directive.

Trading in the Clearing Systems

Notes may be issued with a minimum Specified Denomination and may be tradeable in the relevant clearing system(s) in amounts in excess of such minimum Specified Denomination that may not be integral multiples of such minimum Specified Denomination. In such a case, (i) should definitive Notes be required to be issued, a Noteholder who holds Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination on the relevant Exchange Date may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes so that such Noteholder’s holding is an integral multiple of a Specified Denomination and (ii) a Noteholder who does not have at least the minimum Specified Denomination in its account with the relevant clearing systems at the relevant Exchange Date will not be able to exercise any direct rights against the Issuer under the relevant Global Note. If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Notes in NGN Form

The NGN form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for Eurosystem monetary policy and Eurosystem intra-day credit operations either upon issue or at any or all times during their life. However, in any particular case, such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Therefore, there are no assurances that the Notes issued in NGN form will be eligible collateral for the

purposes of the Eurosystem. Investors should make their own assessment as to whether the Notes meet such Eurosystem eligibility criteria.

No obligation to maintain listing

The Issuer is not under any obligation to Noteholders to maintain any listing of Notes and may, in certain circumstances, seek to terminate the listing of any Series of Notes. These circumstances include: (i) any law implementing or complying with, or introduced in order to conform to the Transparency Obligations Directive 2004/109/EC of the European Union and of the Council of December 15, 2004 (the “**TOD**”), requires the Issuer to (a) prepare its financial statements in accordance with, or reconciled to, International Financial Reporting Standards (“**IFRS**”) or International Accounting Standards (“**IAS**”); (b) provide additional quantitative or qualitative disclosures regarding significant differences between Canadian generally accepted accounting principles (“**GAAP**”) and IFRS or any additional auditor’s report relating to such disclosures; (c) change the form of its financial reports in any other respect (other than GAAP and Canadian generally accepted auditing standards (“**GAAS**”); or (d) have its financial statements audited in accordance with International Standards on Auditing (“**ISA**”); and (ii) any other future law or rule of the London Stock Exchange or any other securities exchange or any competent authority or securities regulator or EU Directive imposes other requirements (including new corporate governance requirements) on the Issuer that it in good faith determines are impractical or unduly burdensome in order to maintain the continued listing of any Notes issued under the Programme on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area. In these circumstances, the Issuer may determine that it is unduly burdensome to maintain such listing and seek to terminate the listing of such Notes provided that it uses its best endeavours to seek an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, securities exchange and/or system (which could include an unregulated market for the purposes of the Markets in Financial Instruments Directive) to be as agreed with the relevant Purchaser. Subject to the foregoing, the Issuer is not under any obligation to Noteholders to maintain any listing of Notes in such circumstances. Although there is no assurance as to the liquidity of any Notes as a result of the listing on a regulated market in the European Economic Area, delisting such Notes may have a material affect on the ability to (a) continue to hold such Notes or (b) resell the Notes in the secondary market. See “General Information – European Union Transparency Obligations Directive”.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed liquid secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors (such as Index-Linked Notes) or for Notes which are not listed on any stock exchange or for Notes the outstanding number of which is very low. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. Such a lack of liquidity may result in Noteholders suffering losses in secondary market resales even if there is no decline in the performance of the assets of the Issuer. The Issuer cannot predict which of these conditions will change and whether, if and when they do change, there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the Notes, (2) the Investor’s Currency-equivalent value of the principal payable on the Notes and (3) the Investor’s Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings might not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings might not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Interests of Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer in the ordinary course of business.

GENERAL DESCRIPTION OF THE PROGRAMME

Under the Programme, the Issuer may from time to time issue Notes denominated in any currency, unconditionally and irrevocably guaranteed as to payment of principal and interest (together with any additional amounts which the Issuer may be required to pay in accordance with the Terms and Conditions of the Notes) by the Guarantor (the “**Guarantee**”) as described below, and having maturities of one month or longer or such other maturity as may be allowed or required from time to time by the relevant central bank (or equivalent body (however called)) or any laws or regulations applicable to the relevant currency. The applicable terms of any Notes will be agreed between the Issuer and the relevant Purchaser(s) prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes attached to, endorsed upon or incorporated by reference into the Notes, as modified and supplemented by the applicable Final Terms, as more fully described under “Form of the Notes”.

Subject as set out herein, this Prospectus and any supplement will only be valid for the admission of Notes to the Official List (and to trading on the London Stock Exchange) and/or admission to any other relevant stock exchange or market in an aggregate nominal amount which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under this Programme (including unlisted Notes) does not exceed U.S.\$2,000,000,000 or its equivalent in other currencies. For the purpose only of calculating the U.S. dollar equivalent of the aggregate nominal amount of Notes issued under the Programme from time to time:

- (a) the U.S. dollar equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms, described under “Form of the Notes”) shall be determined, at the discretion of the Issuer, either as of the date on which an agreement is reached for the issue of such Notes (the “**Agreement Date**”) or, if commercial banks or foreign exchange markets in London are not open on the Agreement Date, on the preceding day on which commercial banks and foreign exchange markets are open in London, in each case on the basis of the spot rate for sale of U.S. dollars against the purchase of such Specified Currency on the relevant day in the London foreign exchange market quoted by any leading bank active in the market selected by the Issuer, by reference to the nominal amount of such Notes outstanding on the relevant day (as determined in accordance with the provisions of (b), (c) and (d) below, to the extent applicable);
- (b) the U.S. dollar equivalent of Dual Currency Notes and Index-Linked Redemption Amount Notes (each as specified in the applicable Final Terms in relation to the relevant Notes, described under “Form of the Notes”) shall be calculated in the manner specified in (a) above by reference to the nominal amount of such Notes on the issue date thereof;
- (c) the U.S. dollar equivalent of Partly Paid Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under “Form of the Notes”) shall be calculated in the manner specified in (a) above by reference to the nominal amount thereof, regardless of the amount paid up on such Notes; and
- (d) the U.S. dollar equivalent of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the relevant Notes, described under “Form of the Notes”) and any other Notes issued at a discount or premium of three per cent. or more of the nominal amount of such Notes shall be calculated in the manner specified in (a) above by reference to the net proceeds received by the Issuer for such Notes.

SUPPLEMENTS TO PROSPECTUSES AND DRAWDOWN PROSPECTUSES

The Issuer has undertaken, in connection with the listing of the Notes, that if there is a significant new factor, material mistake or inaccuracy relating to the information contained in this Prospectus (as supplemented by any prior Supplements), the Issuer will, in accordance with Article 16(1) of the Prospectus Directive, prepare or procure the preparation of a Supplement which shall supplement this Prospectus (as supplemented) or publish a new Prospectus prior to completing any subsequent offering by the Issuer of Notes to be listed on the London Stock Exchange's Regulated Market.

If the Terms and Conditions of the Notes (as set out in this Prospectus, as supplemented) are modified in a manner which would make this Prospectus (as supplemented) inaccurate or misleading, a further Supplement or a stand-alone prospectus specific to such Tranche (a "**Drawdown Prospectus**") will be prepared to the extent required by law.

- Risk Factors:** There are certain risks related to any issue of Notes under the Programme, which investors should ensure they fully understand. A summary of such risks is set out under “Risk Factors” starting on page 9 of the Prospectus.

FORM OF THE NOTES

Unless otherwise specified in the applicable Final Terms, each issue of Notes will be in bearer form and will initially be represented by one or more temporary global Notes, without receipts, interest coupons or talons, which (i) if the temporary global Notes are intended to be issued in new global note (“NGN”) form as specified in the applicable Final Terms, will be delivered on or prior to the relevant Issue Date to a common safekeeper (the “**Common Safekeeper**”) for Euroclear and Clearstream, Luxembourg or (ii) if the temporary global Notes are intended to be issued in classic global note (“CGN”) form as specified in the applicable Final Terms, will be deposited on or prior to the relevant Issue Date with a depositary or a common depositary outside the United States on behalf of Euroclear and/or Clearstream, Luxembourg (the “**Common Depositary**”). Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the relevant Purchaser.

The applicable Final Terms will specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(D) (the “**TEFRA D Rules**”) are applicable or not in relation to the Notes, provided that if the Notes do not have a maturity of more than 365 days, the applicable Final Terms will specify that the TEFRA D Rules are not applicable.

Upon deposit of a temporary global Note with the Common Depositary, Euroclear and/or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

If an interest payment date for any Notes occurs whilst such Notes are represented by a temporary global Note, the related interest payment will be made (against presentation of the temporary global Note if the temporary global Note is issued in CGN form) only to the extent that certification of non-U.S. beneficial ownership (in the form set out in the temporary global Note or in such other form as is customarily issued in such circumstances by the relevant clearing system) has been received by Euroclear or Clearstream, Luxembourg. On or after the date (the “**Exchange Date**”) which is the later of (i) 40 days after the Issue Date of the Notes represented by the temporary global Note, as specified in the applicable Final Terms, and (ii) 40 days after completion of the distribution of the relevant Tranche, as certified by the relevant Purchaser(s) (in the case of a non-syndicated issue) or the relevant Lead Manager (in the case of a syndicated issue), but, if such temporary global Note is issued in respect of a Tranche of Notes described as Partly Paid Notes in the applicable Final Terms, only if the final instalment on all outstanding such Notes has been paid, provided that certification of non-U.S. beneficial ownership has been received, interests in the temporary global Note will be exchangeable without charge for interests in one or more permanent global Notes. No payments will be made on a temporary global Note after the Exchange Date unless exchange for an interest in a permanent global Note is improperly withheld or refused. Payments of principal or interest (if any) in respect of a permanent global Note will be made through Euroclear, Clearstream, Luxembourg or the Approved Intermediaries, as the case may be, (against presentation or surrender, as the case may be, of the permanent global Note if the permanent global Note is in CGN form) without any requirement for certification. Unless otherwise specified in the applicable Final Terms, a permanent global Note will be exchangeable without charge, in whole but not in part, for security-printed definitive Notes in bearer form with receipts in respect of instalments of principal (if any) attached and (unless they are Zero Coupon Notes) interest coupons and talons for further coupons (if any) attached, only in the limited circumstances described under “Terms and Conditions of the Notes – Definitive Certificates”.

Temporary and permanent global Notes and definitive Notes will be issued by the Agent pursuant to the Agency Agreement. Until exchanged in full, the holder of an interest in any global Note shall in all respects be entitled to the same benefits as if it were the holder of definitive Notes, receipts and interest coupons, subject as set out in the Terms and Conditions.

The following legend will appear on all global Notes and definitive Notes which have an original maturity of more than 365 days and on all receipts, interest coupons and talons relating to such Notes:

“Any United States person (as defined in the Internal Revenue Code of the United States) who holds this obligation will be subject to limitations under the United States income tax laws including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code”.

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition or payment of principal in respect of Notes, receipts or interest coupons.

Direct Rights

Each global Note provides that the holder may cause such global Note, or a portion of it, to become due and repayable in the circumstances described under “Terms and Conditions of the Notes – Events of Default” by stating in the notice to the Agent the nominal amount of such global Note that is becoming due and repayable. If the principal in respect of any global Note is not paid before 8:00 p.m. (London time) on the relevant due date, the holder of a global Note may elect for direct enforcement rights against the Issuer in favour of the persons who are shown on such relevant due date in the records of a clearing system as the holder of at least a Specified Denomination of Notes represented by such global Note. Following any such acquisition of direct rights, the global Note will become void as to the specified portion.

PART B – OTHER INFORMATION⁹

1. LISTING

(i) Listing/Admission to trading:

[Application has been made by the Issuer (or on its behalf) for the Notes to be admitted to [the Official List of the FSA/other (*specify*)] and to] trading on [the London Stock Exchange's Regulated Market/other (*specify relevant regulated market*)/the London Stock Exchange's Professional Securities Market] with effect from [].] [Application is expected to be made by the Issuer (or on its behalf) for the Notes to [the Official List of the FSA/other (*specify*)] and to] be admitted to trading on [London Stock Exchange's Regulated Market/other (*specify relevant regulated market*)/the London Stock Exchange's Professional Securities Market]. No assurance can be given as to whether or not, or when, such application will be granted]. [Not applicable].

(Where documenting a fungible issue need to indicate that original Notes are already admitted to trading.)

[The Transparency Obligations Directive 2004/109/EC of the European Union and of the Council of December 15, 2004 (the “**TOD**”), which relates to information about issuers whose securities are admitted to trading on a regulated market in the European Economic Area was published in the Official Journal of the EU on December 31, 2004. The TOD has been implemented in some Member States but its full impact on the Issuer is not yet clear. At present, the Issuer's financial statements are not prepared in accordance with, or reconciled to, International Financial Reporting Standards (“**IFRS**”) or International Accounting Standards (“**IAS**”) or audited in accordance with International Standards on Auditing (“**ISA**”) and do not contain any additional quantitative or qualitative disclosures relating to significant differences between IFRS and Canadian accepted accounting principles (“**GAAP**”) nor any auditor's report relating thereto. The TOD contains provisions which, when applied to any Notes issued under the Programme and admitted to trading on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area, will have the effect of either requiring the Issuer to prepare its financial statements in accordance with, or reconciled to, IAS and IFRS and to have them audited in accordance with ISA (or possibly to provide the above noted additional disclosures and related audit report) in order for the Notes to remain listed on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area, unless it is determined that Canadian law imposes “equivalent” requirements in all respects. It is unknown as of the date of this Prospectus whether the requirement to prepare financial statements in accordance with Canadian GAAP and Canadian generally accepted auditing standards (“**GAAS**”) will be

⁹ Please note that if an issue of Notes is not admitted to trading on a regulated market in the EEA or offered to the public in the EEA in circumstances requiring a prospectus under the Prospectus Directive, then certain items may not be completed, including items 2 through 8 and 10 of Part B.

determined to be “equivalent” in all respects to the requirements of the TOD. In December 2006, the European Union passed Commission Regulation (EC) No. 1787/2006 and a Commission Decision (2006/891/EC) permitting non-EEA issuers, such as the Issuer, to use among others Canadian GAAP in prospectuses filed under the Prospectus Directive and financial reporting under the TOD until financial years beginning on or after January 1, 2009. On December 22, 2007, the European Commission published Commission Regulation (EC) No. 1569/2007 (the “**Equivalence Regulation**”) permitting the European Commission to extend these transitional measures to financial years beginning prior to January 1, 2012, provided that the relevant accounting standards setter in the non-EEA country (such as Canada) had before June 30, 2008 publicly committed to adopt IFRS before December 31, 2011 and taken effective measures to ensure the timely and complete transition to IFRS by that date. In June 2006, the Canadian accounting standards setter (the AcSB) publicly announced a proposal to adopt IFRS by January 1, 2011. This definitive timetable was confirmed on February 13, 2008 by the AcSB after an ongoing progress review had been completed. On June 2, 2008, in accordance with Article 4 of the Equivalence Regulation and after the recommendation from the Committee of European Securities Regulators, the European Commission published proposals for a Commission Regulation and Commission Decision which would permit non-EEA issuers to use Canadian GAAP historical financial information in prospectuses filed under the Prospectus Directive and financial reports under the TOD, in respect of financial years beginning prior to January 1, 2012. On December 12, 2008, the European Commission announced the adoption of measures from January 1, 2009 which determine the equivalence of Canadian GAAP and IFRS. However, the European Commission is required by the Equivalence Regulation to regularly review compliance with the conditions to the transitional relief set out above and to revoke the transitional relief if such conditions are no longer met. In the event that (i) any law implementing or complying with, or introduced in order to conform to the TOD requires the Issuer to (a) prepare its financial statements in accordance with, or reconciled to, IAS or IFRS; (b) provide additional quantitative or qualitative disclosures regarding significant differences between Canadian GAAP and IFRS or any additional auditor’s report relating to such disclosures; (c) change the form of its financial reports in any other respect (other than Canadian GAAP and Canadian GAAS); or (d) have its financial statements audited in accordance with ISA; or (ii) any other future law or rule of the London Stock Exchange or any other securities exchange or any competent authority or securities regulator or EU Directive (including any corporate governance requirements) is introduced that would otherwise impose requirements on the Issuer that it in good faith determines are impracticable or unduly burdensome in order to maintain the continued listing of any Notes issued under the Programme on a regulated market for the purposes of the Markets

in Financial Instruments Directive in the European Economic Area, the Issuer may determine that it is unduly burdensome to maintain such listing and seek to terminate the listing of such Notes provided it uses its best endeavours to seek an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, securities exchange and/or system to be as agreed with the relevant Purchaser. Subject to the foregoing, the Issuer is not under any obligation to Noteholders to maintain any listing of Notes in such circumstances. Although there is no assurance as to the liquidity of any Notes as a result of the listing on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area, delisting such Notes may have a material affect on the ability to (a) continue to hold such Notes or (b) resell the Notes in the secondary market.]

- (B) if “**30/360**” is specified in the applicable Final Terms, the number of days in the period from and including the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to but excluding the relevant payment date (such number of days being calculated on the basis of a 360-day year consisting of 12 months of 30 days) divided by 360; and
- (C) if none of the above are specified in the applicable Final Terms, the day count fraction specified in the applicable Final Terms;

“**Determination Period**” means the period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“**sub-unit**” means with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes and Index-Linked Interest Notes

(i) Interest Payment Dates

Each Floating Rate Note and Index-Linked Interest Note bears interest on its outstanding nominal amount (or if it is a Partly Paid Note, the amount paid up) from and including the Interest Commencement Date and such interest will be payable in arrear on either: (A) the Specified Interest Payment Date(s) (each an “**Interest Payment Date**”) in each year specified in the applicable Final Terms; or (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each, an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or the first) Interest Payment Date).

Unless otherwise specified in the applicable Final Terms, (A) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date shall occur or (B) if any Interest Payment Date would otherwise fall on a day which is not a Business Day (as defined below), it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event the Interest Payment Date shall be brought forward to the immediately preceding Business Day (the “**Modified Following Business Day Convention**”).

If a Business Day Convention other than the Modified Following Business Day Convention is specified in the applicable Final Terms then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with this Condition 4(b)(i), the Floating Rate Convention, such Interest Payment Date (i) in the case of (A) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (ii) in the case of (B) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day and each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In this Condition 4(b), “**Business Day**” means (unless otherwise stated in the applicable Final Terms) a day which is both:

- (x) a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in London, England and in each Additional Business Centre specified in the applicable Final Terms; and
- (y) either (aa) in relation to Notes denominated or payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of such Specified Currency (which, in the case of Australian dollars, shall be Sydney and Melbourne and, in the case of New Zealand dollars, shall be Auckland and Wellington) or (bb) in relation to Notes denominated or payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) system (the “**TARGET System**”) is open.

(ii) *Interest Payments*

Interest will be paid, in respect of Floating Rate Notes and Index-Linked Interest Notes in definitive form, against surrender of the appropriate Coupons, subject to and in accordance with the provisions of Condition 6.

(iii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Index-Linked Interest Notes will be determined in the manner specified in the applicable Final Terms.

(A) *ISDA Determination*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus the Margin (if any, as specified in the applicable Final Terms). For the purpose of this subparagraph (iii), “**ISDA Rate**” for any Interest Period means a rate equal to the Floating Rate that would be determined by the Agent or other person specified in the applicable Final Terms under a swap transaction as if the Agent or that other person were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions, as amended, supplemented or updated as at the Issue Date of the first Tranche of the Notes, published by the International Swaps and Derivatives Association, Inc. (the “**ISDA Definitions**”) (the foregoing manner of determining the rate of interest being hereinafter referred to as the “**ISDA Determination**”) and under which:

- (1) the Issuer was the Floating Rate Payer;
- (2) the Floating Rate Option (which may refer to a Rate Option or Price Option specified in the ISDA Definitions) was as specified in the applicable Final Terms;
- (3) the Designated Maturity was as specified in the applicable Final Terms;
- (4) the relevant Reset Date was either (1) if the applicable Floating Rate Option is based on the London interbank offered rate (“**LIBOR**”) or on the Euro-zone inter-bank offered rate (“**EURIBOR**”) for a currency, the first day of each Interest Period or (2) in any other case, as specified in the applicable Final Terms; and
- (5) all other terms were as specified in the applicable Final Terms.

For the purpose of this paragraph (iii), “**Floating Rate**”, “**Floating Rate Payer**”, “**Designated Maturity**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Rate Option**”, “**Price Option**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum), for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page specified in the applicable Final Terms as at the Specified Time on the Interest Determination Date in respect of such Interest Period plus or minus the Margin (if any, as specified in the

applicable Final Terms), all as determined by the Agent. If five or more such offered quotations are available on such Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of Condition 4(b)(iii)(B)(1), no such offered quotation appears or, in the case of Condition 4(b)(iii)(B)(2), fewer than three such offered quotations appear, in each case as at such Specified Time the Agent shall request the principal London office of each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rate, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the reference rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as specified in the applicable Final Terms.

In this Condition 4(b)(iii)(B):

“Reference Banks” means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Agent or as specified in the applicable Final Terms;

“Relevant Screen Page” means such page, section, caption, column or other part of a particular information service (including, but not limited to, the Reuters Money 3000 Service (**“Reuters”**)) as may be specified in the applicable Final Terms for the purposes of providing a Reference Rate, or such other page, section, caption, column or other part as may replace it on that information service or on such other information services, in each case as may be nominated by the person or organisation providing or sponsoring the information appearing there for the purpose of deploying rates or prices comparable to that Reference Rate;

“Specified Time” means 11.00 a.m. (London time, in the case of a determination of LIBOR, or Brussels time, in the case of a determination of EURIBOR); and

“Euro-zone” means the region comprised of Member States of the European Union that adopt the euro as the single currency in accordance with the Treaty establishing the European Community, as amended.

(iv) *Minimum and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the following provisions is less than such Minimum Rate of Interest, the Rate of Interest for such period shall be such Minimum Rate of Interest. If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of any such Interest Period determined in accordance with the following provisions is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(v) *Determination of Rate of Interest and Calculation of Interest Amount*

The Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined, determine the Rate of Interest (subject to any Minimum or Maximum Rate of Interest specified in the applicable Final Terms) and calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes or the Index-Linked Interest Notes in respect of each Calculation Amount specified in the applicable Final Terms for the relevant Interest Period. The amount of interest payable per Calculation Amount in respect of any Note for any Interest Period shall be equal to the product of the Rate of Interest (adjusted as required by Condition 4(b)(iii)), the Calculation Amount specified in the applicable Final Terms and the Day Count Fraction for such Interest Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Period, in which case the amount of interest payable per Calculation Amount in respect of such Notes for such Interest Period shall equal such Interest Amount (or be calculated in accordance with such formula). As applicable the resultant figure shall be rounded to the nearest cent (or its approximate equivalent sub-unit of the relevant Specified Currency), half a cent (or its approximate equivalent sub-unit of the relevant Specified Currency) being rounded upwards or otherwise in accordance with applicable market convention.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest in accordance with Condition 4(b) on any Note for any period of time not comprising a complete year (whether or not constituting an Interest Period, the “**Calculation Period**”):

- (A) if “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (B) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;
- (C) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (D) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and **D₁** is greater than 29, in which case **D₂** will be 30; and

- (E) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case **D₂** will be 30.

(vi) *Notification of Rate of Interest and Interest Amount*

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and to any stock exchange on which the relevant Floating Rate Notes or Index-Linked Interest Notes are for the time being listed or admitted to trading, and to be given in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. For the purposes of this Condition 4(b)(vi), the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in London.

(vii) *Certificates to be Final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of Condition 4(b) by the Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor, the Agent, the other Paying Agent and all Noteholders, Receiptholders and Couponholders and (in the absence as aforesaid) no liability to the Noteholders, the Receiptholders or the Couponholders shall attach to the Agent in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to such provisions.

(c) *Index-Linked Interest Notes and Dual Currency Notes*

In the case of Index-Linked Interest Notes or Dual Currency Notes, if the Rate of Interest or amount of interest is to be determined by reference to an index and/or a formula or, as the case may be, an exchange rate, the Rate of Interest or amount of interest payable shall be determined in accordance with the provisions of Conditions 4(b)(v) to (vii) as if the references therein to the Agent were to the Calculation Agent specified in the applicable Final Terms.

(d) *Zero Coupon Notes*

Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the Amortised Face Amount of such Note as determined in accordance with Condition 5(e)(iii). As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield specified in the relevant Final Terms.

(e) *Accrual of Interest*

Each Note will cease to bear interest (if any) from the due date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note; and (ii) the day on which the Agent has notified the holder thereof

(either in accordance with Condition 13 or individually) of receipt of all sums due in respect thereof up to that date. Such interest will accrue at a rate per annum equal to (A) the Fixed Rate, in the case of Fixed Rate Notes; (B) the Accrual Yield, in the case of Zero Coupon Notes; or (C) the Rate of Interest provided for in the Notes, in the case of all other Notes.

(f) *Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(g) *Interest Act (Canada) Disclosure*

For the purpose of disclosure pursuant to the *Interest Act* (Canada), whenever any Rate of Interest to be paid under the Notes is to be calculated on the basis of a year of 360 days or any other period of time that is less than a calendar year, the yearly rate of interest to which such Rate of Interest is equivalent is the Rate of Interest multiplied by the actual number of days in the calendar year in which same is to be ascertained and divided by either 360 or such other period of time that is less than a calendar year, as the case may be. In the event such yearly rate of interest requires computing distinct Rates of Interest, such yearly interest rate shall be determined by multiplying a weighted average of such Rates of Interest, giving effect to the number of days elapsed in each Interest Period, by a fraction the numerator of which is the actual aggregate number of days forming part of such Interest Periods in which such yearly rate of interest is to be ascertained and the denominator of which is 360 (or such other period of time that is less than a calendar year, as the case may be).

5. *Redemption and Purchase*

(a) *At Maturity*

Unless previously repaid, each Note will be repaid by the Issuer at its Final Redemption Amount in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) *Early Redemption for Tax Reasons*

If, as a result of any change in the laws of Canada or any province, territory or political division thereof or the interpretation or administration of any such laws, which change becomes effective on or after the Issue Date of the latest Tranche of Notes of this Series, the Issuer would, on the occasion of the next payment due in respect of the Notes of this Series, be required to pay additional amounts as provided in Condition 9, the Issuer may, at its option, having given not more than 60 nor less than 30 days' notice (or such other notice period as may be specified in the applicable Final Terms) to the Agent and, in accordance with Condition 13, to the holders of the Notes of this Series (which notice shall be irrevocable), at any time or, if the Notes of this Series are Floating Rate Notes, on any Interest Payment Date repay all, but not some only, of the Notes of this Series on the date fixed in the notice for redemption each at its Early Redemption Amount referred to in Condition 5(e), together, if appropriate, with interest accrued to, but excluding, the date of redemption. Upon the expiry of such notice, the Issuer shall be bound to redeem the Notes of this Series accordingly.

(c) *Early Redemption at the Option of the Issuer (Issuer Call Option)*

If an Issuer Call Option is specified in the applicable Final Terms as being applicable, the Issuer may, having given not more than 60 nor less than 30 days' notice (or such other notice period as may be specified in the applicable Final Terms) to the Agent and, in accordance with Condition 13, the holders of the Notes of this Series (which notice shall be irrevocable), repay all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) indicated in the applicable Final Terms together, if appropriate, with interest accrued to, but excluding any such Optional Redemption Date. In the event of a redemption of some only of such Notes, such redemption must be for an amount not less than the Minimum Redemption Amount or not greater than the Maximum Redemption Amount, as indicated in the applicable Final Terms. In the case of a partial redemption of definitive Notes, the Notes to be redeemed will be selected individually by lot not more than 60 days prior to the date fixed for redemption and a list of the Notes called for redemption will be published in accordance with Condition 13 not less than 30 days prior to such date. In the case of a partial redemption of Notes which are represented by a global Note, the relevant Notes will be redeemed in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, such partial redemption to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion, subject to applicable laws and stock exchange requirements.

(d) *Early Redemption at the Option of the Noteholders (Noteholder Put Option)*

If and to the extent a Noteholder Put Option is specified in the applicable Final Terms as being applicable, upon the holder of any Note giving to the Issuer in accordance with Condition 13 not more than 60 nor less than 30 days' notice (or such lesser period if so specified in the applicable Final Terms) (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem (subject to, and in accordance with, the terms specified in the applicable Final Terms) in

whole (but not in part) such Note on the Optional Redemption Date and at the Optional Redemption Amount indicated in the applicable Final Terms together, if appropriate, with interest accrued to, but excluding such Optional Redemption Date.

(e) Early Redemption Amounts

For the purposes of paragraph (b) above and Condition 10, Notes will be redeemed at an amount (the “**Early Redemption Amount**”) calculated as follows:

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of Notes (other than Zero Coupon Notes) with a Final Redemption Amount which is or may be greater or less than the Issue Price, at the amount set out in the applicable Final Terms; or
- (iii) in the case of Zero Coupon Notes, at an amount (the “**Amortised Face Amount**”) equal to:
 - (A) the sum of (x) the Reference Price specified in the applicable Final Terms and (y) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; or
 - (B) if the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 5(b) or upon its becoming due and repayable as provided in Condition 10 is not paid or available for payment when due, the amount due and repayable in respect of such Zero Coupon Note shall be the Amortised Face Amount of such Zero Coupon Note calculated as provided above as though the references in sub-paragraph (A) to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date (the “**Reference Date**”) which is the earlier of:
 - (1) the date on which all amounts due in respect of the Note have been paid; and
 - (2) the date on which the full amount of the moneys repayable has been received by the Agent and notice to that effect has been given in accordance with Condition 13.

The calculation of the Amortised Face Amount in accordance with this sub-paragraph (B) will continue to be made, after as well as before judgment, until the Reference Date unless the Reference Date falls on or after the Maturity Date, in which case the amount due and repayable shall be the nominal amount of such Note together with interest at a rate per annum equal to the Accrual Yield. Where any such calculation is to be made for a period of less than a full year, it shall be made on the basis of the Day Count Fraction specified in the applicable Final Terms; or

- (iv) in the case of Index-Linked Notes (unless otherwise specified in the applicable Final Terms) at an amount that on the date for redemption would have the effect of preserving for the holders of the Notes the economic equivalent of the obligation of the Issuer to make payments (of interest and/or principal) in respect of the Notes that would otherwise have fallen due after the date fixed; or
- (v) in the case of Dual Currency Notes, at a price determined as specified in the applicable Final Terms.

(f) Instalment Notes

Any Instalment Note will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. In the case of definitive Notes, all instalments (other than the final instalment) will be paid against surrender of the relevant Receipt (which must be presented with the Note to which it appertains) and in the case of the final instalment against surrender of the relevant Note, all as more fully described in Condition 6(b).

(g) Partly Paid Notes

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise in accordance with the provisions of this Condition 5 and the applicable Final Terms.

(h) Purchases

Subject to any applicable legal or regulatory restrictions, the Issuer may at any time purchase Notes (provided that, in the case of definitive Notes, all unmatured Receipts and Coupons appertaining thereto are surrendered therewith) in the open market or by private treaty at any price. If purchases are made by tender, tenders must be available to all holders of Notes of the relevant Series alike. Any Notes so purchased may be held, reissued, resold or, at the option of the Issuer, surrendered to the Agent for cancellation.

(i) Cancellation

All Notes which are redeemed will be cancelled forthwith, together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption. All Notes so redeemed and cancelled and the Notes purchased and cancelled pursuant to (h) above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

(j) Further Provisions applicable to Redemption Amount and Instalment Amounts

The provisions of Conditions 4(b)(v), (vi) and (vii) shall apply with necessary adaptations to any determination or calculation of the Redemption Amount or any Instalment Amount required by the applicable Final Terms to be made by the Calculation Agent.

References herein to "**Redemption Amount**" shall mean, as appropriate, the Final Redemption Amount, the final Instalment Amount and the Early Redemption Amount or such other amount in the nature of a redemption amount as may be specified in, or determined in accordance with the provisions of, the applicable Final Terms.

6. Payments

(a) Method of Payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro or U.S. dollars will be made by credit or transfer to an account in the Specified Currency (which, in the case of a payment in yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank located in the principal financial centre of the country of such Specified Currency;
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) with a bank outside of the United States specified by the payee or, at the option of the payee, by a euro cheque; and
- (iii) payments in U.S. dollars will be made by credit or transfer to a U.S. dollar account maintained by the payee outside of the United States or, at the option of the payee, by cheque drawn on a United States bank.

In no event will payment of amounts due in respect of Notes be made by a cheque mailed to an address in the United States (which expression, as used in this Condition 6, means the United States of America, including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction).

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9. References to "**Specified Currency**" include any successor currency under applicable law.

(b) Presentation of Notes, Receipts, Coupons and Talons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the Specified Currency against surrender of definitive Notes and payments of interest in respect of the definitive Notes will (subject as provided below) be made in the Specified Currency against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Payments of principal in respect of instalments (if any), other than the final instalment, will (subject as provided below) be made against presentation and surrender of the relevant Receipt. Each Receipt must be presented for payment of the relevant instalment together with the relevant definitive Note against which the amount will be payable in respect of that instalment. If any definitive Note is redeemed or becomes repayable prior to the stated Maturity Date in respect thereof, principal will be payable on surrender of such definitive Note together with all unmatured Receipts appertaining thereto. Receipts presented without the definitive Note to which they appertain and unmatured Receipts do not constitute valid obligations of the Issuer.

Fixed Rate Notes in definitive form (other than Dual Currency Notes, Index-Linked Interest Notes or Long Maturity Notes (as defined below)) must be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons) failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the aggregate amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time after the Relevant Date (as defined in Condition 9) in respect of such principal and before the expiration of the relevant period of prescription under Condition 12. Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index-Linked Interest Note or Long Maturity Note in definitive form becomes due and repayable, all unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons, shall be made in respect thereof. A “**Long Maturity Note**” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose Nominal Amount on issue is less than the aggregate interest payable thereon provided such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the Nominal Amount of such Note.

(c) Payment of Accrued Interest on Redemption

If the due date for redemption of any Note in definitive form is not an Interest Payment Date, interest (if any) accrued in respect of such Note from and including the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

(d) Payment in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any global Note will (subject as provided below) be made in the manner specified above and otherwise in the manner specified in the relevant global Note against presentation or surrender, as the case may be, of such global Note at the specified office of the Agent. A record of each payment made against presentation or surrender of such global Note, distinguishing between any payment of principal and any payment of interest, will be made on such global Note by the Agent and such record shall be *prima facie* evidence that the payment in question has been made.

Subject as provided in a global Note:

- (i) the holder of the relevant global Note shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such global Note in respect of each amount so paid; and
- (ii) each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear and/or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant global Note.

In certain limited circumstances in which payments in respect of a global Note are not made when due, owners of interests in such global Note may become entitled to proceed directly against the Issuer. See “Form of the Notes”.

(e) Payments in respect of Definitive Notes

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the Specified Currency against surrender of definitive Notes and payments of interest in respect of the definitive Notes will (subject as provided below) be made in the Specified Currency against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States.

Notwithstanding anything in this Condition 6, if the definitive Notes are denominated or payable in U.S. dollars, payments in respect of the Notes will only be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount owing in respect of the Notes in the manner provided above when due;

- (ii) payment of the full amount owing in respect of the Notes at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

(f) *Payment Business Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Business Day in a place of presentation, the holder thereof shall not be entitled to payment until the next following Payment Business Day in such place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, unless specified in the applicable Final Terms, “*Payment Business Day*” means:

- (i) a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) the relevant place of presentation; and
 - (B) each Additional Financial Centre specified in the applicable Final Terms; and
- (ii) either (A) in relation to Notes denominated or payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of such Specified Currency (which, in the case of Australian dollars, shall be Sydney and Melbourne and, in the case of New Zealand dollars, shall be Auckland and Wellington) or (B) in relation to Notes denominated or payable in euro, a day on which the TARGET System is open.

(g) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under Condition 9 in respect of principal;
- (ii) the Optional Redemption Amount of the Notes;
- (iii) the Final Redemption Amount of the Notes;
- (iv) the Early Redemption Amount of the Notes;
- (v) in relation to Notes redeemable in instalments, the Instalment Amounts; and
- (vi) any premium and any other amounts which may be payable under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable under Condition 9 in respect of interest.

7. *Agent and Paying Agent*

The names of the initial Agent and the other initial Paying Agent and their initial specified offices are set out on the Notes. In acting under the Agency Agreement, the Agent and the Paying Agent(s) will act solely as agents of the Issuer and do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer to the Noteholders, Receiptholders and Couponholders to repay Notes and pay interest thereon) funds received by the Agent for the payment of principal of or interest on the Notes shall be held by it in trust for the Noteholders and/or Receiptholders and/or Couponholders until the expiration of the relevant period of prescription under Condition 12. The Issuer agrees to perform and observe the obligations imposed upon it under the Agency Agreement and to cause the Agent and the Paying Agent to perform and observe the obligations imposed upon them under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Agent and the Paying Agent and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer without being liable to account to the Noteholders, Receiptholders or the Couponholders for any resulting profit.

The Issuer is entitled to vary or terminate the appointment of the Agent, any Paying Agent or any other paying agent appointed under the terms of the Agency Agreement and/or appoint additional or other paying agents and/or approve any change in the specified office through which any paying agent acts, provided that:

- (i) so long as the Notes of this Series are listed on any stock exchange, there will at all times be a Paying Agent (which may be the Agent) with a specified office in each location required by the rules and regulations of the relevant stock exchange (or any other relevant authority);
- (ii) so long as any Notes are outstanding, there will at all times be a Paying Agent (which may be the Agent) with a specified office in a city approved by the Agent in continental Europe;
- (iii) the Issuer will ensure that, to the extent possible, it maintains a paying agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any other law implementing or complying with, or introduced in order to conform to, such Directive; and
- (iv) so long as any Notes are outstanding, there will at all times be an Agent.

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 6(e). Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Agent and the Noteholders in accordance with Condition 13 provided that no such variation, termination, appointment or change shall take effect (except in the case of insolvency) within 15 days before or after any Interest Payment Date. Notwithstanding the foregoing, the Issuer may (after consultation with the Agent) appoint one or more additional paying agents (which it may also designate as the sole paying agent(s) where required by applicable law or market practice) for a specific Series of Notes, who shall be specified in the applicable Final Terms and whose appointment shall be of immediate effect without any further requirement to give notice to the Noteholders.

8. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 6(b) and Condition 12. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

9. Taxation

All payments of principal and interest by the Issuer will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or charges of whatever nature imposed or levied by or on behalf of the Government of Canada or any province, territory or political division thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or charges is required by law or by the interpretation or administration thereof. In that event, the Issuer will, subject to its right of redemption set out in Condition 5(b), pay such additional amounts as may be necessary in order that the net amounts receivable by the Noteholders, the Receiptholders or the Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of principal or interest which would have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amount shall be payable with respect to any Note, Receipt or Coupon presented for payment:

- (i) by, or on behalf of, a Noteholder, Receiptholder or Couponholder who is liable to such taxes or duties in respect of such Note, Receipt or Coupon by reason of that person having some connection with Canada other than the mere holding or use outside Canada, or ownership as a non-resident of Canada, of such Note, Receipt or Coupon; or
- (ii) more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amount on presenting the same for payment on or before such thirtieth day; or
- (iii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC on the taxation of savings income or any other law implementing or complying with, or introduced in order to conform to, such Directive; or
- (iv) by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

As used herein, “*Relevant Date*” means:

- (A) the date on which such payment first becomes due; or
- (B) if the full amount of the moneys payable has not been received by the Agent on or prior to such due date, the date on which the full amount of such moneys having been so received, notice to that effect shall have been given to the Noteholders in accordance with Condition 13.

10. Events of Default

In the event that (a) the Issuer shall default in the payment of the principal of, or premium, interest or additional amounts, if any, on, the Notes or Coupons (if any) as and when the same shall become due and payable, and such default shall continue for a period of 45 days or (b) default shall be made in the due performance or observance by the Issuer of any covenant or agreement contained in the Notes (other than the payment of principal, premium, interest or additional amounts) or in the Agency Agreement, and such default shall continue for a period of 60 days or (c) the Issuer or the Guarantor shall default in the payment of any principal of, or premium, interest or additional amounts, if any, on, any indebtedness (direct or under a guarantee) for borrowed money, other than the Notes, as and when the same shall become due and payable, and such default shall continue for a period of 45 days, provided that the foregoing shall not be taken into account so long as the aggregate nominal amount of all such indebtedness (direct or under a guarantee) for borrowed money with respect to which the foregoing has occurred does not exceed U.S.\$50,000,000 (or its equivalent in other currencies) (each of (a), (b) and (c), an “*Event of Default*”), then at any time thereafter and during the continuance of such Event of Default, any Noteholder may deliver or cause to be delivered to the Issuer at the office of the Executive Vice President and Secretary of the Issuer, at 12, rue Saint-Louis, 2e étage, Québec, Québec, Canada G1R 5L3, with a copy to the Ministère des Finances, Direction du financement des organismes publics et de la documentation financière, 12, rue Saint-Louis, 2e étage, Québec, Québec, Canada G1R 5L3, a written notice that such Noteholder elects to declare the principal of the Note(s) held by him (the serial number or numbers of which shall be set forth in such notice in the case of Definitive Notes) to be due and payable and, in the cases falling within either (a) or (c) above, on the fifteenth day after delivery of such notice or, in the cases falling within (b) above, on the thirtieth day after delivery of such notice, the principal of the Note(s) referred to in such notice plus accrued interest thereon shall become due and payable at the places for payment therein specified, unless prior to that time, all such Events of Default theretofore existing shall have been cured.

11. Replacement of Notes, Receipts, Coupons and Talons

Should this Note or any Receipt, Coupon or Talon be mutilated, defaced or destroyed or be lost or stolen, it may be replaced at the specified office of the Agent in London (or such other place as may be notified to the Noteholders), in accordance with all applicable laws and regulations, upon payment by the claimant of the expenses incurred by the Issuer and the Agent in connection therewith and on such terms as to evidence, indemnity, security or otherwise as the Issuer and the Agent may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Prescription

Under current Québec law, the Issuer’s obligation to make any payment on this Note or any Receipt or Coupon will be extinguished three years after the date such payment is due unless such right to payment is judicially exercised prior to the expiration of such three-year period. Any moneys paid by the Issuer to the Agent for the payment of principal or interest in respect of the Notes and remaining unclaimed when the obligation to make such payment becomes extinguished shall forthwith be repaid to the Issuer and all liability with respect thereto shall thereupon cease. There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 12 or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

13. Notices

All notices regarding the Notes, save where another means of effective communication has been specified in the applicable Final Terms, shall be published in one leading English language daily newspaper with circulation in London which is expected to be the *Financial Times* in London or, if this is not practicable, one other such English language newspaper as the Issuer, in consultation with the Agent, shall decide. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or market (or any other relevant listing authority) on which the Notes are for the time being listed. Any such notice shall be deemed to have been given on the date of the first publication.

Until such time as any definitive Notes are issued, there may (provided that in the case of Notes listed on a stock exchange, the rules of that stock exchange or other relevant listing authority permit), so long as the global Notes for this

Series are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes of this Series. Any such notice shall be deemed to have been given to the holders of the Notes and related Receipts and Coupons of this Series on the seventh day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder of this Series to the Agent shall be in writing and given by lodging the same, together with the relevant Note or Notes, with the Agent. Whilst any of the Notes of this Series are represented by a global Note, such notice may be given by any holder of a Note of this Series to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. Currency Indemnity

If, under any applicable law and whether pursuant to a judgment being made or registered against the Issuer or for any other reason, any payment under or in connection with the Notes is made or is to be satisfied in a currency (the “*other currency*”) other than that in which the relevant payment is expressed to be due (the “*required currency*”) under the Notes, then, to the extent that the payment (when converted into the required currency at the rate of exchange on the date of payment or, if it is not practicable for the relevant Noteholder to purchase the required currency with the other currency on the date of payment, at the rate of exchange as soon thereafter as it is practicable for it to do so) actually received by the relevant Noteholder falls short of the amount due under the terms of the Notes, the Issuer shall, as a separate and independent obligation, indemnify and hold harmless the relevant Noteholder against the amount of such shortfall. For the purpose of this Condition 14, “*rate of exchange*” means the noon spot rate at which the relevant Noteholder is able, on the London foreign currency exchange market on the relevant date, to purchase the required currency with the other currency as determined by the Agent, and shall take into account any premium and other reasonable cost of exchange.

15. Guarantee

Québec will irrevocably and unconditionally guarantee the due and punctual payment, upon default in payment by the Issuer, of all amounts due under the Notes and Coupons, if any, (including any additional amounts payable thereunder), as and when the same shall become due and payable, whether at stated maturity or on redemption, by acceleration or otherwise, and will expressly waive the benefits of discussion and division. The Guarantee will be endorsed on, or attached to, the Notes and will, when the Notes are completed, executed, authenticated and delivered against payment therefor, constitute direct, legal, valid, binding and unconditional obligations of Québec. Any funds required for the Guarantee shall be taken out of the Consolidated Revenue Fund of Québec.

16. Further Tranches

The Issuer shall be at liberty from time to time without notice to, or the consent of, the Noteholders, Receiptholders or Couponholders to create and issue further Tranches so that the same shall be consolidated and form a single Series with the Notes.

17. Governing Law

The Agency Agreement and the Notes, the Receipts, the Coupons and the Talons are governed by, and shall be construed in accordance with, the laws of Québec and the laws of Canada applicable therein.

The Issuer irrevocably consents to the fullest extent permitted by law to the giving of any relief (including, without limitation, the making, enforcement or execution against any property of any order or judgment) made or given in connection with any proceedings arising out of, or in connection with, the Agency Agreement, the Notes, the Receipts, the Coupons and the Talons.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Issuer in the pursuit of its objectives. If, in relation to any particular issue of Notes there is a particular identified use of proceeds, this will be stated in the applicable Final Terms.

DESCRIPTION OF THE ISSUER

General

Created in 1999 pursuant to *An Act respecting Financement-Québec* (R.S.Q., c. F-2.01) (the “**Act**”), Financement-Québec is a corporation whose share capital is wholly owned by the Government of Québec (the “**Government**” or “**Québec**”). Its objective is to provide financial services to public organizations, in particular by granting loans to them and providing advice to facilitate their access to credit and minimize their cost of financing. Although Financement-Québec currently makes loans only to educational and health and social services entities, its enabling legislation also permits loans to municipalities or other organizations designated by the Government.

Financement-Québec was created to assume some of the functions previously performed by the Financing Fund. The Financing Fund was established in 1991 to provide financing to certain public bodies that had formerly borrowed funds in their own names. These entities included educational and health and social services organizations as well as other public bodies such as municipalities.

Following an accounting reform announced in 1998, the functions of the Financing Fund were limited to government organizations and enterprises whose results are consolidated in Québec’s financial statements. The loans to organizations not consolidated in Québec’s financial statements were then transferred to Financement-Québec.

In 2007, Québec undertook a major reform of its accounting policies in order to fully comply with Canadian generally accepted accounting principles (GAAP) applicable to the public sector. In this regard, as of April 1, 2006, the financial results of public health and social services institutions, school boards and CEGEPs (Collèges d’enseignement général et professionnel), as well as the Université du Québec and its branches, are consolidated in Québec’s financial statements. As a result of the reform, most of Financement-Québec’s clients now have their financial results consolidated in Québec’s financial statements.

The address and phone number of Financement-Québec are 12, rue Saint-Louis, Québec, Québec, Canada G1R 5L3 and (418) 691-2203, respectively.

Relationship with Québec

Financement-Québec is a mandatary of Québec, the civil law equivalent of an agent, and is under the responsibility of the Minister of Finance (the “**Minister**”). Despite its status as a mandatary of Québec, Financement-Québec binds none but itself when it acts in its own name. The property of Financement-Québec forms part of the domain of Québec but execution of Financement-Québec’s obligations may be levied against its property.

Borrowings by Financement-Québec must be approved by Québec and it issues debt securities that are guaranteed by Québec.

Pursuant to the Act, Financement-Québec is administered by a board of directors composed of nine directors consisting of: four directors from the Ministère des Finances (Ministry of Finance); one director representing each of the Ministère de la Santé et des Services Sociaux (Ministry of Health and Social Services) and the Ministère des Affaires municipales, des Régions et de l’Occupation du territoire (Ministry of Municipal Affairs, Regions and Land Occupancy); and two other directors. Currently, two seats are vacant.

Financement-Québec operates with the support and management expertise of the Ministère des Finances. Financement-Québec must periodically prepare an operating plan that must be approved by the Minister. The Minister may issue directives concerning the policy and general objectives to be pursued by Financement-Québec. These directives must be approved by the Government and, once approved, are binding on Financement-Québec.

Financement-Québec’s books and accounts are audited by the Auditor General and the audit report, together with the annual report of operations and complete financial statements, are submitted to the Minister.

Operations of Financement-Québec

To date, Financement-Québec's activities primarily consist of granting loans. Loans made to public entities are to fund capital expenditures. Such capital expenditures must have been approved by the Government. In addition to granting loans and providing financial advice to public entities in Québec, Financement-Québec may also develop and implement financing programs for these entities, manage their financial risks, in particular cash and currency risks, and provide them with technical services. These technical services may include financial analysis as well as management and investment of their funds.

Starting in Fiscal 2010, Financement-Québec is undertaking a portion of the short term financing to health and social services entities that was previously funded by the Corporation d'hébergement du Québec, while an initial portion of \$1,135 million in short-term financing was transferred to Financement-Québec on November 1, 2009, subject to future decisions by the Government, additional short-term financing amounting to some \$3,000 million could be added to Financement-Québec's activities in Fiscal 2011. Although most of these loans are to fund capital expenditures, a portion of the loans expected to be transferred in Fiscal 2011 is to fund operational needs of some health and social services entities.

In January 2009, Canada's Economic Action Plan included a new Municipal Infrastructure Lending Program for Housing-Related Infrastructure (the "**Program**"). In Québec, Financement-Québec will act as a pass-through for the Program. As at March 4, 2010, representatives of Québec and Canada reached an agreement which would allow Financement-Québec to borrow from Canadian Mortgage and Housing Corporation (CMHC), and lend with the same terms to Québec's municipalities. The terms of the agreement were approved by the Government.

Financement-Québec reduces its financial risk associated with loans to educational and health and social services entities by obtaining a security interest on the subsidies that these public entities receive from the Government to cover the debt service of such loans. Furthermore, loans are made to the public entities with terms matched to the underlying liabilities of Financement-Québec. Sources of revenue to repay these loans come from transfers received by the public entity from Québec.

Financement-Québec uses interest rate swap contracts to manage interest rate risks on its financial intermediation activities. Interest rate swap contracts give rise to the periodic exchange of interest payments without an exchange of the reference face amount on which the payments are based and are recorded as an adjustment to the interest expense on the covered borrowing instrument. As of March 31, 2010, on a preliminary basis, the nominal value of outstanding interest rate swap contracts in Canadian currency was \$14,882 million (March 31, 2009: \$16,921 million).

Financement-Québec also uses currency swap contracts to manage its risk exposure under certain borrowing instruments denominated in foreign currencies. Financement-Québec uses currency swap contracts to cover its firm commitments to pay the principal of and interest on debt denominated in foreign currencies, failing which it would be exposed to a foreign exchange risk. Exchange gains and losses on the principal covered by swap contracts are offset by corresponding exchange losses and gains on the debt denominated in foreign currencies. As of March 31, 2010, on a preliminary basis, the nominal value of outstanding currency rate swap contracts in Canadian currency was \$782 million (March 31, 2009: \$782 million).

Financement-Québec has outstanding loans to educational institutions, including school boards, colleges and universities and to health and social services entities, including hospitals, local community service centers and institutions for seniors. As of March 31, 2010, the total amount of outstanding loans was \$16,850 million. The proportion of total loans outstanding for each category of borrowers at that date was: school boards, 32%; colleges, 9%; universities and others, 18%; and health and social services, 41%.

The operating plan for fiscal year 2010-2011, as presented by Financement-Québec to the Minister, forecasts loans of \$2,089 million to be granted to school boards, \$306 million to colleges, \$476 million to universities and \$1,500 million to hospitals and other health and social services entities.

Sources of Funds

Financement-Québec debt consists of funded and unfunded debt. Unfunded debt is indebtedness with a maturity of one year or less. As of March 31, 2010, on a preliminary basis, funded debt for borrowings of Financement-Québec on financial markets in its own name, with the guarantee of Québec, amounted to \$15,022 million. Financement-Québec's unfunded debt totals \$1,460 million as of March 31, 2010. Furthermore, pursuant to the Act, the Government may authorise the Minister to advance out of the Consolidated Revenue Fund to Financement-Québec any sums considered necessary to perform its obligations or pursue its mission. As of March 31, 2010, preliminary results show that advances from Québec to Financement-Québec amounted to \$210 million.

Management

Financement-Québec has an agreement with the Minister under which employees of the Ministère des Finances contribute to the operations of Financement-Québec.

The Minister appoints the Board of Directors and also designates the Chief Executive Officer of Financement-Québec. The current composition of the Board of Directors of Financement-Québec is set forth below.

(1) In Fiscal 2008, net interest income increased to \$2.0 million, from \$1.6 million in Fiscal 2007, due mainly to the rates of return on short-term investments made during the period between the receipt of long-term borrowings and the disbursement of long-term loans, which were higher than the previous year. In Fiscal 2009, net interest income increased to \$12.2 million, from \$2.0 million in Fiscal 2008, due mainly to the decrease of short-term rates on borrowings at floating rates, and also reflecting growth in lending activities. Based on the preliminary results for Fiscal 2010, net interest income increased to \$34 million from \$12.2 million in Fiscal 2009 due mainly to another significant decrease of short-term rates on borrowings at floating rates, and also reflecting growth in lending activities. Based on the Fiscal 2011 forecast, Financement-Québec expects an increase of net interest income to \$37 million.

(2) Financement-Québec charges, generally at the time of loan issuance, a fee for its services. Net income from management and issuance fees represents management and issuance fees received from clientele, minus issuance fees paid on borrowings. In Fiscal 2008, net income from management and issuance fees increased to \$9.2 million from \$7.3 million in Fiscal 2007, reflecting lower commission rates paid for long-term borrowings and growth in lending activities. In Fiscal 2009, net income from management and issuance fees increased to \$9.4 million from \$9.2 million in Fiscal 2008, reflecting lower rates of commissions paid for long-term borrowings and growth in lending activities. Based on the preliminary results for Fiscal 2010, net income from management and issuance fees increased to \$12.6 million from \$9.4 million in Fiscal 2009, reflecting lower rates of commissions paid for long-term borrowings and growth in lending activities. Based on the Fiscal 2011 forecast, Financement-Québec expects net income from management and issuance fees to decrease to \$8.4 million.

DESCRIPTION OF THE GUARANTOR – QUÉBEC

The information appearing below is supplemented by the more detailed information contained in the documents incorporated by reference in this Prospectus. See paragraphs (d), (e) and (f) of the section entitled “Documents Incorporated by Reference”.

In this Prospectus, statistics for the economy of Québec are set forth on a calendar year basis at market prices, except as otherwise indicated. Economic statistics for recent years frequently are estimates or preliminary figures which are subject to revisions by the statistical agencies. Financial statistics for Québec are set forth on a fiscal year basis (from April 1 to March 31 of the succeeding year), unless otherwise noted.

The fiscal year of Québec ends March 31. “**Fiscal 2010**” and “**2009-2010**” refer to the fiscal year ended March 31, 2010, and, unless otherwise indicated, “**2009**” means the calendar year ended December 31, 2009. Other fiscal and calendar years are referred to in a corresponding manner. Any discrepancies between the amounts listed and their totals in the tables included in this Prospectus are due to rounding.

Overview

Québec is the largest by area of the ten provinces in Canada (1,541,000 square kilometers or 594,860 square miles, representing 15.4% of the geographical area of Canada) and the second largest by population (7.9 million, representing 23.2% of the population of Canada, as of January 2010).

Québec has a modern, developed economy, in which the service sector contributed 75.6%, the manufacturing industry 16.2%, the construction industry 6.1% and the primary sector 2.1% of real GDP at basic prices in chained 2002 dollars in 2009. Québec’s real GDP represented 20.7% of Canada’s real GDP in 2009. The leading manufacturing industries in Québec are food products, primary metal products (including aluminum smelting), transportation equipment products (including aircraft and motor vehicles and associated parts), petroleum and coal products, chemical products, paper products and fabricated metal products. Québec also has significant hydroelectric resources, generating 33.0% of the electricity produced in Canada in 2009.

Montréal and Ville de Québec, the capital of Québec, are the centers of economic activity. Montréal is one of the main industrial, commercial and financial centers of North America and is Canada’s second largest urban area as measured by population. Montréal is also Canada’s largest port, situated on the St. Lawrence River, which provides access to the Atlantic Ocean and the inland navigation system of the Great Lakes.

French is the official language of Québec and is spoken by approximately 95% of its population.

Constitutional Framework

Canada is a federation of ten provinces and three federal territories, with a constitutional division of responsibilities between the federal and provincial governments as set out in *The Constitution Acts, 1867 to 1982* (the “**Constitution**”).

Under the Constitution, each provincial government has exclusive authority to raise revenue for provincial purposes through direct taxation within its territorial limits. Each provincial government also has exclusive authority to regulate education, health, social services, property and civil rights, natural resources, municipal institutions and, generally, to regulate all other matters of a purely local or private nature in its province, and to regulate and raise revenue from the exploration, development, conservation and management of natural resources.

The federal parliament is empowered to raise revenue by any method or system of taxation and generally has authority over matters or subjects not assigned exclusively to the provinces. It has exclusive authority over the regulation of trade and commerce, currency and coinage, banks and banking, national defense, naturalization and aliens, postal services, navigation and shipping, and bills of exchange, interest and bankruptcy.

The *Constitution Act, 1982* (the “**Constitution Act**”), enacted by the parliament of the United Kingdom, provides, among other things, that amendments to the Constitution be effected in Canada according to an amending formula. The Constitution Act also includes various modifications to the Constitution. The Constitution Act came into effect in 1982 notwithstanding the opposition of the National Assembly of Québec (the “**National Assembly**”) and the Government to certain clauses relating to provincial jurisdiction and the terms of the amending formula.

The Parti Québécois, which has as its principal objective the sovereignty of Québec, formed the Government from September 1994 to April 14, 2003. During its term in office, the Parti Québécois tabled in the National Assembly a Bill entitled *An Act respecting the future of Québec* (the “**Act**”), which provided that upon receipt of a favourable vote in a referendum, the Act would be enacted and Québec would proclaim its sovereignty following a formal offer to Canada of a treaty of economic and political partnership. In November 1995, a slight majority of Québec citizens (50.6%) voted against the Act.

The Supreme Court of Canada decided in August 1998, on a reference from the Government of Canada in which Québec did not participate, that (i) under the Constitution, Québec may not secede unilaterally without negotiation with the other parties in the Canadian Confederation within the existing constitutional framework; (ii) under international law, Québec has no right to secede unilaterally from Canada; (iii) nonetheless, the clear repudiation by the people of Québec of the existing constitutional order and the clear expression of the desire to pursue secession would oblige the other provinces and the Government of Canada to negotiate in accordance with constitutional principles, and Québec would also have to negotiate in accordance with such principles; and (iv) if Québec were to so negotiate but face unreasonable intransigence from the other parties, it would be more likely to be recognized than if it did not itself act according to constitutional principles in the negotiations.

The Québec Liberal Party, a federalist party, won a third consecutive mandate at the general election in December 2008. It currently forms the Government in the National Assembly. With regard to the constitutional issue, the Québec Liberal Party pursues a policy that emphasizes the values of Canadian federalism. In particular, its platform is focused on strengthening Québec's place within the federation, on forming new alliances with the other provinces, and on promoting intergovernmental cooperation.

Government

Legislative power in Québec is exercised by the Parliament of Québec, which is comprised of the Lieutenant-Governor, who is appointed by the Governor General in Council of Canada, and the National Assembly. The National Assembly consists of 125 members elected by popular vote from single member districts. According to constitutional practice, the leader of the party with the largest number of elected members becomes Prime Minister and forms the Government.

Executive power in Québec is vested in the Lieutenant-Governor acting with, or on the recommendation of, the Conseil exécutif, which consists of the Prime Minister and the Cabinet (Conseil des ministres). The Conseil exécutif is accountable to the National Assembly.

The current National Assembly consists of 66 members of the Québec Liberal Party, 50 members of the Parti Québécois, 4 members of the Action Démocratique du Québec, 1 member of the Québec solidaire and 3 independents and 1 seat is vacant. Members are elected for a term of five years, subject to earlier dissolution of the National Assembly by the Lieutenant-Governor upon the recommendation of the Prime Minister or following the Government's defeat on a vote of no confidence. The mandate of the current Government extends through the next election, which must be called no later than December 2013.

Auditor General

The Minister of Finance is responsible, among other things, for the preparation of the public accounts and the other financial reports of the Government. The Comptroller of Finance is responsible for government accounting and for the integrity of the Government's accounting system and ensures compliance with the Government's accounting standards, principles and policies.

The Auditor General of Québec expresses his independent opinion on the Consolidated Annual Financial Statements of the Government based on his audit of such financial statements. The duties of the Auditor General in that respect are contained in the *Auditor General Act* (Québec).

SUBSCRIPTION AND SALE

The Dealers have, in a Programme Agreement amended and restated as of June 11, 2010 (as amended from time to time) between the Issuer, the Guarantor and the Dealers (the “**Programme Agreement**”), agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “Form of the Notes” and “Terms and Conditions of the Notes” above. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment of the Programme and the issue of Notes under the Programme.

Notes may also be sold by the Issuer directly to third party purchasers on the basis of enquiries made by such third party purchasers to the Issuer.

Persons into whose hands the Prospectus or any Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

The following is a description of the contractual and certain other restrictions applicable to the Programme:

United States

Regulation S, Category 1, TEFRA D, unless otherwise specified in the applicable Final Terms. The Notes are not eligible under Rule 144A of the United States *Securities Act of 1933*, as amended (the “**Securities Act**”).

The Notes have not been and will not be registered under the Securities Act and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed, and each other Purchaser will be required to represent and agree, that it will not offer, sell or deliver any Notes within the United States or to, or for the account or benefit of, U.S. persons except as permitted by the Programme Agreement and in accordance with Rule 903 of Regulation S under the Securities Act.

In addition, until 40 days after the commencement of the offering of an identifiable Tranche of such Notes, an offer, sale or distribution of Notes within the United States by any Dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer, sale or distribution is made otherwise than in accordance with an available exemption from registration under the Securities Act.

This Prospectus has been prepared by the Issuer for use in connection with the offer, sale or distribution of Notes outside the United States. The Issuer and the Dealers reserve the right to reject an offer to purchase the Notes, in whole or in part, for any reason. This Prospectus does not constitute an offer to any person in the United States. Distribution of this Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to such U.S. person or other person within the United States is prohibited.

Each issuance of Index-Linked Notes and Dual Currency Notes will be subject to such additional U.S. selling restrictions as the Issuer and the relevant Purchaser(s) may agree, as specified in the applicable Final Terms. Each Dealer has agreed, and each other Purchaser will be required to agree, that it will offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

Public Offer Selling Restrictions Under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Purchaser appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000; and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Canada

Each Dealer has represented and agreed, and each other Purchaser will be required to represent and agree, that it will not distribute the Prospectus or offer any Notes, directly or indirectly, in Canada or to residents of Canada, in contravention of the securities laws of any province or territory of Canada.

General

Unless otherwise specified in the applicable Final Terms, no action has been or will be taken in any country or jurisdiction by any Dealer that would permit a public offering of the Notes, or possession or distribution of this Prospectus or of any other offering material in such country or jurisdiction where action for that purpose is required and such action has not been taken. Each Dealer has agreed, and each other Purchaser will be required to agree, that it will (to the best of its knowledge and belief) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers or sells Notes or possesses or distributes this Prospectus, any Final Terms or any other offering material and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any other Purchaser shall have any responsibility therefor.

With regard to each Tranche, the relevant Purchaser(s) will be required to comply with such other additional restrictions as the Issuer and such Purchaser(s) shall agree and as shall be set out in the applicable Final Terms.

These selling restrictions will be deemed to be modified by the agreement of the Issuer and the relevant Purchaser(s) following a change in a relevant law, regulation or directive. Any such modification may be set out in the applicable Final Terms issued in respect of the Notes to which it relates or in a supplement to this Prospectus.

CANADIAN TAX CONSIDERATIONS

The following summarises the principal income tax considerations as of the date of this Prospectus under the laws of Canada and Québec generally applicable to a holder of Notes who acquires Notes pursuant to this Prospectus, and who, at all relevant times, for the purposes of the *Income Tax Act* (Canada) (the “**Act**”) and any applicable income tax convention, is not resident and is not deemed to be resident in Canada and who does not use or hold and is not deemed to use or hold Notes in or in the course of carrying on a business in Canada, is not an insurer carrying on an insurance business in Canada and elsewhere and is not an authorized foreign bank carrying on a bank business in Canada (a “**Non-resident Holder**”).

This summary is based upon the provisions of the Act and the *Taxation Act* (Québec) in force on this date and any regulations thereunder, proposed amendments thereto in a form publicly announced prior to the date hereof and the current administrative practices and policies published by the Canada Revenue Agency. This summary does not take into account or anticipate any other changes in law, whether by legislative, governmental or judicial action, and does not take into account income tax considerations arising under the law of any other country or province or any income tax convention between Canada and another country.

The Canadian federal income tax considerations applicable to particular Notes may be described in the Final Terms relevant to such Notes, in which case the following summary will be superseded thereby to the extent specified in such Final Terms.

The Issuer is not required to withhold tax from interest or principal paid or credited by it in respect of Notes to a Non-resident Holder unless, generally, all or any part of the interest or of any amount deemed by the Act to be interest paid or payable on the Notes (other than a “prescribed obligation” described below) (i) is contingent or dependent on the use of or production from property in Canada or (ii) is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class of shares of the capital stock of a corporation (the “**Criteria**”). Notwithstanding the foregoing, interest or amounts deemed by the Act to be interest payable on the Notes and so contingent or dependent will nevertheless be exempt from withholding tax if the Notes are prescribed obligations for these purposes. The regulations under the Act provide that a “**prescribed obligation**” is a debt obligation, the terms or conditions of which provide for an adjustment to an amount payable in respect of the obligation for a period during which the obligation was outstanding that is determined by reference to a change in the purchasing power of money and no amount payable in respect thereof, other than such an adjustment, is contingent or dependent upon or computed by reference to any of the Criteria. *If any interest payable on a Note, or any portion of the nominal amount of such a Note in excess of its issue price, is to be calculated by reference to an index or formula, such interest or principal, as the case may be, may be subject to Canadian non-resident withholding tax.*

A Non-resident Holder is not otherwise taxable on income or capital gains under the Act in respect of the Notes or interest thereon.

Under the laws of Canada and of Québec, there are no estate taxes or succession duties imposed in respect of interest or principal paid or credited in respect of the Notes.

The summary of Canadian tax considerations above is of a general nature only, is not exhaustive of all Canadian federal and provincial income tax considerations and is not, and should not be construed to be, legal or tax advice to any particular holder of Notes. Prospective holders should consult their tax advisers for advice regarding the income tax considerations applicable to them.

EUROPEAN UNION SAVINGS TAX DIRECTIVE

Under EC Directive 2003/48/EC on the taxation of savings income (the “**Savings Tax Directive**”), a Member State is required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Austria and Luxembourg are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland).

On November 13, 2008, the European Commission published a detailed proposal for amendments to the Savings Tax Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on April 24, 2009. If any of those proposed changes are made in relation to the Savings Tax Directive, they may amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

GENERAL INFORMATION

Authorisation

The establishment of the Programme and the issue of Notes under the Programme have been duly authorised by the Issuer by resolution of its board and, together with the Guarantee, by the Guarantor by Order in Council pursuant to the *Financial Administration Act* (Québec). All consents, approvals, authorisations or other orders of all regulatory authorities required by the Issuer under the laws of Canada have been given for the issue of Notes and for the Issuer to undertake and perform its obligations under the Programme Agreement, the Agency Agreement and the Notes.

Legal and Arbitration Proceedings

Save as disclosed in this Prospectus (see the sections entitled “Native Peoples” on pages 7 and 8, “Softwood Dispute” on pages 16 and 17, “Taxes” on pages 24 and 25, “Government Employees and Collective Unions” on pages 28 and 29, “Retirement Plans” on pages 31 and 32, and “Government Enterprises and Agencies” on pages 32 through 37 in Exhibit 99.1 of the Guarantor’s Form 18-K referred to in “Documents Incorporated by Reference” on page 14 of the Prospectus), there are no, and have not been any, governmental, legal, arbitration or administrative proceedings involving the Issuer or the Guarantor (and, so far as the Issuer and the Guarantor are aware, no such proceedings are pending or threatened) which may have or have had during the 12 months prior to the date of this Prospectus, a significant effect on the financial position of the Issuer or the financial position of the Guarantor.

The Issuer and the Guarantor may be sued in the courts of competent jurisdiction of Québec with regard to any claims arising out of or relating to their respective obligations under the Notes. No law in Québec requires the consent of any public official or authority for such suit to be brought or judgment to be obtained against the Issuer or the Guarantor. Neither the Issuer nor the Guarantor enjoys any right of immunity under the laws of Québec from suit, on the ground of sovereignty or otherwise, in respect of their respective obligations under the Notes subject to:

- (i) the provisions of the Code of Civil Procedure of Québec which bar extraordinary recourses (quo warranto, mandamus, and evocation) and provisional remedies (injunction, seizure of assets before judgment and sequestration) against the Gouvernement du Québec;
- (ii) the general immunity of the Guarantor or the Gouvernement du Québec from set-off, acquisitive prescription, attachment and execution on a judgment; and
- (iii) the provisions of the Civil Code of Québec whereby, in certain cases, a decision rendered by a court outside Québec would not be recognised and, where applicable, declared enforceable by a Québec court and whereby, in recognising and enforcing a decision rendered outside Québec for a sum of money expressed in foreign currency, a Québec court will convert that sum of money into Canadian currency at the rate of exchange prevailing on the day such decision became enforceable at the place where it was rendered.

There has been no significant change, or any developments involving a prospective significant change, in the Guarantor’s public finance and trade data contained in this Prospectus since the date at which the relevant data has been presented, being either March 31, 2009 (the end of the Guarantor’s last fiscal year in respect of which published audited annual consolidated financial statements have been prepared) or December 31, 2009, as the case may be.

European Union Transparency Obligations Directive

The Transparency Obligations Directive 2004/109/EC of the European Union and of the Council of December 15, 2004 (the "TOD"), which relates to information about issuers whose securities are admitted to trading on a regulated market in the European Economic Area was published in the Official Journal of the EU on December 31, 2004. The TOD has been implemented in some Member States but its full impact on the Issuer is not yet clear. At present, the Issuer's financial statements are not prepared in accordance with, or reconciled to, International Financial Reporting Standards ("IFRS") or International Accounting Standards ("IAS") or audited in accordance with International Standards on Auditing ("ISA") and do not contain any additional quantitative or qualitative disclosures relating to significant differences between IFRS and Canadian accepted accounting principles ("GAAP") nor any auditor's report relating thereto. The TOD contains provisions which, when applied to any Notes issued under the Programme and admitted to trading on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area, will have the effect of either requiring the Issuer to prepare its financial statements in accordance with, or reconciled to, IAS and IFRS and to have them audited in accordance with ISA (or possibly to provide the above noted additional disclosures and related audit report) in order for the Notes to remain listed on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area, unless it is determined that Canadian law imposes "equivalent" requirements in all respects. It is unknown as of the date of this Prospectus whether the requirement to prepare financial statements in accordance with Canadian GAAP and Canadian generally accepted auditing standards ("GAAS") will be determined to be "equivalent" in all respects to the requirements of the TOD.

In December 2006, the European Union passed Commission Regulation (EC) No. 1787/2006 and a Commission Decision (2006/891/EC) permitting non-EEA issuers to use among others Canadian GAAP in prospectuses filed under

the Prospectus Directive and financial reporting under the TOD until financial years beginning on or after January 1, 2009. On December 22, 2007, the European Commission published Commission Regulation (EC) No. 1569/2007 (the “**Equivalence Regulation**”) permitting the European Commission to extend these transitional measures to financial years beginning prior to January 1, 2012, provided that the relevant accounting standards setter in the non-EEA country (such as Canada) had before June 30, 2008 publicly committed to adopt IFRS before December 31, 2011 and taken effective measures to ensure the timely and complete transition to IFRS by that date. In June 2006, the Canadian accounting standards setter (the AcSB) publicly announced a proposal to adopt IFRS by January 1, 2011. This definitive timetable was confirmed on February 13, 2008 by the AcSB after an ongoing progress review had been completed.

On June 2, 2008, in accordance with Article 4 of the Equivalence Regulation and after the recommendation from the Committee of European Securities Regulators, the European Commission published proposals for a Commission Regulation and Commission Decision which would permit non-EEA issuers to use Canadian GAAP historical financial information in prospectuses filed under the Prospectus Directive and financial reports under the TOD, in respect of financial years beginning prior to January 1, 2012. On December 12, 2008, the European Commission announced the adoption of measures from January 1, 2009 which determine the equivalence of Canadian GAAP and IFRS. However, the European Commission is required by the Equivalence Regulation to regularly review compliance with the conditions to the transitional relief set out above and to revoke the transitional relief if such conditions are no longer met.

In the event that (i) any law implementing or complying with, or introduced in order to conform to the TOD requires the Issuer to (a) prepare its financial statements in accordance with, or reconciled to, IAS or IFRS; (b) provide additional quantitative or qualitative disclosures regarding significant differences between Canadian GAAP and IFRS or any additional auditor’s report relating to such disclosures; (c) change the form of its financial reports in any other respect (other than Canadian GAAP and Canadian GAAS); or (d) have its financial statements audited in accordance with ISA; or (ii) any other future law or rule of the London Stock Exchange or any other securities exchange or any competent authority or securities regulator or EU Directive (including any corporate governance requirements) is introduced that would otherwise impose requirements on the Issuer that it in good faith determines are impracticable or unduly burdensome in order to maintain the continued listing of any Notes issued under the Programme on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area, the Issuer may determine that it is unduly burdensome to maintain such listing and seek to terminate the listing of such Notes provided it uses its best endeavours to seek an alternative admission to listing, trading and/or quotation of such Notes by another listing authority, securities exchange and/or system to be as agreed with the relevant Purchaser. Subject to the foregoing, the Issuer is not under any obligation to Noteholders to maintain any listing of Notes in such circumstances. Although there is no assurance as to the liquidity of any Notes as a result of the listing on a regulated market for the purposes of the Markets in Financial Instruments Directive in the European Economic Area, delisting such Notes may have a material affect on the ability to (a) continue to hold such Notes or (b) resell the Notes in the secondary market.

Conditions for Determining Price

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

Listing on the Official List and Admission to the London Stock Exchange

The listing of the Notes on the Official List will be expressed as a percentage of their nominal amount (excluding accrued interest). It is expected that each Tranche of Notes which is to be listed on the Official List and admitted to trading on the London Stock Exchange’s Regulated Market or Professional Securities Market will be admitted separately as and when issued, subject only to the issue of the global Note representing the Notes of that Tranche. Listing of the Notes on the Official List and admission of the Notes to trading on the London Stock Exchange’s Regulated Market and Professional Securities Market is expected to be granted on or about June 16, 2010.

Listing on Other Stock Exchanges and Admission to Other Markets

Notes may be listed or admitted to trading, as the case may be, on such other or further stock exchange(s) or market(s).

Post-issuance Information

Unless otherwise specified in the applicable Final Terms, the Issuer does not intend to provide any post-issuance information in relation to any issue of Notes.
