

FUJITSU EMEA PLC

(Incorporated with limited liability in England and Wales)

U.S.\$500,000,000

Euro Medium Term Note Programme

Due from one month to 30 years from the date of original issue

Under the Euro Medium Term Note Programme described in this Prospectus (the “Programme”), Fujitsu EMEA PLC (the “Issuer”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “Notes”). The aggregate principal amount of Notes outstanding will not at any time exceed U.S.\$500,000,000 (or the equivalent in other currencies). The Notes will not be guaranteed by the parent company of the Issuer, Fujitsu Limited (“Fujitsu Limited” or the “Parent”) but the Issuer has the benefit of a keep well agreement (the “Keep Well Agreement”) entered into between it and the Parent, as more fully described herein. The Issuer and Fujitsu Limited have also executed a deed poll (the “Deed Poll”), also as more fully described herein. This Prospectus (the “Prospectus”) replaces the Prospectus dated 10th August, 2009.

Application has been made to the Financial Services Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (“FSMA”) (the “UK Listing Authority”) for Notes issued under the Programme for the period of 12 months from the date of this Prospectus to be admitted to the official list of the UK Listing Authority (the “Official List”) and to the London Stock Exchange plc (the “London Stock Exchange”) for such Notes to be admitted to trading on the London Stock Exchange’s Regulated Market (the “Market”). References in this Prospectus to Notes being “listed on the London Stock Exchange” (and all related references) shall mean that such Notes have been admitted to the Official List and have been admitted to trading on the Market. The Market is a regulated market for the purposes of the Directive 2004/39/EC of the European Parliament and of the Council on markets in financial instruments. However, Notes may be issued pursuant to the Programme which will not be listed on the London Stock Exchange or any other stock exchange. The relevant Final Terms (as defined in “Issue of Notes” below) in respect of the issue of any Notes will specify whether or not such Notes will be listed on the London Stock Exchange or any other stock exchange.

In the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive (2003/71/EC), the minimum specified denomination shall be €50,000 (or its equivalent in any other currency as at the date of issue of the Notes).

Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Prospectus. This Prospectus does not describe all of the risks of an investment in the Notes.

Each Tranche (as defined in “Issue of Notes”) of Notes (as defined in “Overview of the Programme — Form of Notes”) having an original maturity of more than one year will initially be represented by a temporary Global Note and each Tranche of Notes having an original maturity of one year or less will initially be represented by a permanent Global Note (together with the temporary Global Note, the “Global Notes”) which, in each case, will be deposited (a) in the case of a Tranche intended to be cleared through Euroclear Bank S.A./N.V. (“Euroclear”) and/or Clearstream Banking, *société anonyme* (“Clearstream, Luxembourg”) on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear or Clearstream, Luxembourg or delivered outside a clearing system, as agreed between the Issuer and the relevant Dealer. Interests in temporary Global Notes will be exchangeable for interests in permanent Global Notes or, if so stated in the relevant Final Terms, for definitive Notes in bearer form after the date falling 40 days after the issue date upon certification as to non-U.S. beneficial ownership. Interests in permanent Global Notes will be exchangeable for definitive Notes as described under “Summary of Provisions Relating to the Notes while in Global Form”.

The Programme has been rated A+ by Rating and Investment Information, Inc. Tranches of Notes to be issued under the Programme will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will be specified in the relevant Final Terms; such rating will not necessarily be the same as the rating assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The Issuer accepts responsibility for the information contained in this Prospectus. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

The Parent accepts responsibility for all information relating to the Parent (the “Parent Information”) contained in this Prospectus, including the Keep Well Agreement (as defined herein). To the best of the knowledge and belief of the Parent (which has taken all reasonable care to ensure that such is the case), the Parent Information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a “Relevant Member State”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Prospectus as completed by Final Terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

This Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see “Documents Incorporated by Reference”).

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Parent or any of the Dealers (as defined in “Overview of the Programme — Dealers”). Neither the delivery of this Prospectus nor any offering, sale or delivery made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Parent or of the Parent and its subsidiaries, taken as a whole, since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Parent or of the Parent and its subsidiaries, taken as a whole, since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Prospectus and the offering, sale or delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus or any Final Terms comes are required by the Issuer, the Parent and the Dealers to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) and include Notes in bearer form that

are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see “Subscription and Sale”.

This Prospectus does not constitute an offer of or an invitation by or on behalf of the Issuer, the Parent or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers accept any responsibility for the contents of this Prospectus or for any other statement, made or purported to be made by a Dealer or on its behalf in connection with the Issuer, the Parent, or the issue and offering of the Notes. Each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Prospectus or any such statement save as expressly set out in the section entitled “Subscription and Sale”. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Parent or the Dealers that any recipient of this Prospectus or any Final Terms or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and the relevant Final Terms and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers undertakes to review the financial condition or affairs of the Issuer or the Parent during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers.

In connection with the issue of any Tranche, the Dealer or Dealers (if any) named as the stabilising manager(s) (the “Stabilising Manager(s)”) (or any person acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or any person acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

In this Prospectus, unless otherwise specified or the context otherwise requires, references to “dollars”, “U.S. dollars”, “U.S.\$” and “\$” are to the lawful currency of the United States, to “euro”, “EUR” and “€” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended, to “¥”, “Yen” and “yen” are to the lawful currency of Japan and to “£”, “sterling” and “Pounds Sterling” are to the lawful currency of the United Kingdom.

ISSUE OF NOTES

Notes will be issued on a continuous basis in series (each, a “Series”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each, a “Tranche”) on different issue dates. The specific terms of each Tranche (which will be completed, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the final terms document (the “Final Terms”).

In such case, the Issuer will prepare and publish a supplement to the Prospectus.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. All of the factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents deemed to be incorporated by reference herein) and reach their own views prior to making any investment decision.

Risk Factors relating to the Issuer and the Fujitsu Group

The Issuer is a funding vehicle for the Fujitsu Group

The Issuer is a funding vehicle for Fujitsu Limited (“Fujitsu”), together with its subsidiaries (the “Fujitsu Group”). The Issuer provides financial arrangements and transactions, including group finance, to other companies in the Fujitsu Group, principally subsidiaries of Fujitsu Limited based outside of Japan. As such it raises finance in the international capital markets and also has bank borrowing facilities negotiated locally and finances the Fujitsu Group through the subscription of debt issued by entities belonging to the Fujitsu Group. In the event that such entities fail to meet their obligations under the debt issued or the Issuer is unable to borrow additional funds, the Issuer may not be able to meet its payment obligations under the Notes issued by it although in such case, the Issuer will promptly notify the Parent and the Parent will make available to the Issuer, before the due date of the relevant payment obligations, funds sufficient to enable the Issuer to pay such payment obligations in full as they fall due as described in the section headed “Relationship with Fujitsu Limited”.

Economic and Financial Market Trends

Economic and financial market trends have an impact on the Fujitsu Group’s business results, financial base and other aspects of its operations. Examples of such risks are listed below.

Economic Trends in Key Markets

The Fujitsu Group provides ICT products and services, telecommunications infrastructure equipment, as well as semiconductors and other components, to corporate and institutional clients and consumers in every region of the globe. Hence, sales and income generated from these operations are greatly affected by economic conditions in each respective market. The economic trends in its key markets, namely Japan, North America, Europe and Asia (including China), can significantly impact Fujitsu Group operations.

High-tech Market Volatility

The ICT sector is periodically subject to dramatic changes in the balance of supply and demand that exceed the scope of normal cyclical market variations. This tendency is particularly evident with regard to semiconductors, PCs and other general-purpose products.

The Fujitsu Group gives ample consideration to market cycles and volatility when deciding to develop new global technology solutions and other businesses, launch new products, initiate volume production, or scale back production, among other actions. Nonetheless, the Fujitsu Group may fail to accurately forecast market changes, or changes in market conditions could exceed its forecasts. Accordingly, there is a risk that the Fujitsu Group may be unable to recoup investment costs, as well as the risk of opportunity losses.

Further, the Fujitsu Group continuously implements structural reforms in a bid to respond to market changes. However, drastic market changes could force the Fujitsu Group to enact structural reforms on a far greater scale than initially expected, resulting in a temporary increase in related expenses.

Exchange Rates

The Fujitsu Group is expanding its business outside Japan. In addition, the Fujitsu Group imports a substantial amount of components and materials and exports various products. Therefore, sudden fluctuations in exchange rates and other factors could have a significant impact on sales and income. In addition, with respect to assets held by the Fujitsu Group outside Japan, as well as liabilities, there is the possibility that exchange rate fluctuations could lead to depreciation of assets and/or appreciation of liabilities.

Interest Rates

The Fujitsu Group has interest-bearing loans which include debt directly impacted by interest rate fluctuations. Consequently, rising interest rates could increase borrowing costs.

Capital Markets

Stock market trends in and outside Japan have a substantial effect on the value of Fujitsu Group's stockholdings in other companies and the management of pension assets. Weak stock market performance could thus force the Fujitsu Group to incur losses on the devaluation of marketable securities held or a reduction in pension assets, exposing the Fujitsu Group to the risk of higher valuation losses or additional pension obligations.

Customers

Fujitsu Group operations are highly influenced by the business trends of strategic key customers. Examples of potential risks are described below.

Changes in Customers' ICT Investment Trends

A growing proportion of Fujitsu Group's technology solutions and other businesses is with telecommunications carriers, financial services institutions and large manufacturers. The business environment within these industries, including shifting market trends and structural reforms, could lead to changes in customers' IT investment trends, having a significant impact on Fujitsu Group sales and profitability. In addition, the trends in sales of its customers' products and services have a large impact on the demand for and prices of the Fujitsu Group's products and services. Accordingly, soft demand and falling prices for customers' products and services, a decline in the size of customers' businesses, or customers' reduced market share, could negatively impact the Fujitsu Group sales and earnings.

Alongside corporate clients, national and local governments represent another important customer base for the Fujitsu Group. In the UK, for example, government-related projects are an especially important part of its business. Accordingly, changes in the approach to e-Government and other national-level ICT utilisation policies being promoted in Japan and elsewhere could impact sales and profitability.

Ability to Maintain Long-Term Relationships with Customers

The Fujitsu Group is creating long-lasting ties with its customers, striving to be a valued and trusted business partner and provide solutions across the full IT system lifecycle. Accordingly, business stability hinges on maintaining relations with customers. An inability to maintain trusted relationships with such customers, or the failure to renew contracts with them, could therefore affect sales and profitability.

Competitors/Industry

The ICT sector is characterised by intense competition and fast-paced technological innovation. Events within the industry or actions by competitors could therefore have a substantial impact on the Fujitsu Group's business results. Examples of such potential risks are listed below.

Price Competition

Changes in market environments, intensifying competition, technological innovation and other factors may cause prices for products and services to decline. Anticipating such technology- and competition-driven price erosion, the Fujitsu Group is pursuing a variety of measures to reduce costs, including the introduction of Toyota Production System reforms, the standardisation of sales and system engineering business processes and software modularisation, as well as efforts to expand sales of new products and services. Despite these steps, the Fujitsu Group still faces the risk of larger-than-expected declines in prices, as well as the risk of being unable to achieve cost reductions or sales growth due to fluctuations in procurement costs. Any of these risks could negatively impact Fujitsu Group sales and profitability.

Competition from New Market Entrants and Others

In addition to challenges posed by existing industry peers, competition from new market entrants continues to intensify in the ICT sector. Today, new entrants continue to emerge in market areas where the Fujitsu Group has a competitive advantage, thus entailing the risk that the Fujitsu Group may lose its competitive edge, or fail to secure a clear competitive advantage in future business operations.

Competition in Technology Development

Technological advancement in the ICT sector occurs at an extremely fast pace, leading to rapid turnover in new products and technologies. In this context, remaining competitive requires the continuous development of state-of-the-art technology. While the Fujitsu Group does its utmost to maintain highly competitive technologies, a loss in competitiveness versus other companies in the race to develop innovative technologies could lead to a decline in the Fujitsu Group's market share and profitability, which would negatively impact sales and earnings. Further, sales and profitability could be affected by the development of groundbreaking technologies and services by competitors that would severely compromise the value of the Fujitsu Group's products and services. Additionally, there is also the risk of an adverse effect on sales and profitability as a result of the time it takes to implement mass-production chip technologies for semiconductors, such as in solving technological issues concerning cutting-edge process development technology.

Suppliers, Alliances, etc.

In the course of its operations, the Fujitsu Group conducts business with a wide range of suppliers and alliance partners. Accordingly, any significant changes in relationships with these and other business partners could affect the Fujitsu Group's business.

Procurement

The Fujitsu Group utilises sophisticated technologies to provide a range of products and services. There is therefore a risk that the Fujitsu Group may encounter difficulties in procuring a stable supply of certain key components or raw materials, or in cases where regular supply channels are unavailable, that it may be unable to secure alternative procurement sources. There is also the risk that the Fujitsu Group may be unable to sufficiently procure certain parts or raw materials in the large volumes required. Moreover, natural disasters, accidents and other events, as well as any deterioration in business conditions at suppliers, could hinder the ability of business partners to provide the Fujitsu Group with a stable supply of required components or raw materials. These and other events could cause delays in the provision of products and services, resulting in postponement of deliveries to customers and opportunity losses. In respect to procurement of components and other materials, foreign exchange rate fluctuations, tight supply and demand conditions, and other pressures could drive procurement costs higher than initial estimates, leading to diminished returns on products and services, as well as lower sales due to the higher prices. Additionally, while the Fujitsu Group makes every effort to ensure the quality of procured components, it cannot guarantee that all components purchased will be free of defects. The discovery of such issues could result in processing delays, as well as defective products, opportunity losses, repair costs, and disposal costs for defective goods, plus the potential obligation to pay damages to customers.

Collaborations, Alliances and Technology Licensing

To enhance competitiveness, the Fujitsu Group works with a large number of companies through technology collaborations, joint ventures and other means, a practice that the Fujitsu Group intends to actively continue in the future. If, however, as a result of managerial, financial, or other causes, it becomes difficult to establish or maintain such collaborative ties or to gain sufficient results from them, the Fujitsu Group's business could be adversely affected. Moreover, many of its products and services employ other companies' patents, technologies, software, and trademarks with the consent of their owners.

However, there is no guarantee that other companies will continue to grant or license the right to use their property under terms acceptable to the Fujitsu Group.

Public Regulations, Public Policy, and Tax Matters

The business operations of the Fujitsu Group are global in scope, and are therefore impacted by a variety of public regulations, public policies, tax laws and other such factors in all countries where the Fujitsu Group does business. Specifically, wherever it operates, the Fujitsu Group must comply with a variety of government policies, regulations, such as authorisations for business or investment, import/export regulations and restrictions, as well as laws pertaining to antimonopoly policies, intellectual property rights, consumers, the environment and recycling, labour conditions, subcontracting, and taxation. Earnings might be affected by increased compliance costs associated with measures to make stricter or otherwise revise such policies, laws and regulations. The Fujitsu Group also provides solutions in certain fields and business domains such as healthcare, communications, and construction that are subject to other public regulations, meaning that regulatory trends in these sectors may potentially impact the Fujitsu Group's business.

Other Operational Risks

The Fujitsu Group makes every effort to eliminate known risks but can offer no guarantee of its ability to always achieve every desired outcome in the course of executing business operations. Some of the specific risks faced in this respect are detailed below.

Deficiencies or Flaws in Products and Services

The Fujitsu Group builds and supports the infrastructure behind the modern network society, which has become increasingly global and sophisticated. In accordance with its corporate philosophy the Fujitsu Way, quality is one of its most important values, and it underpins the trust that customers and society place in the Fujitsu Group. It is committed to improving quality at the design and development stages as well as in manufacturing. The Fujitsu Group is also promoting stricter quality control when purchasing components from external suppliers. These efforts notwithstanding, it is impossible to totally eliminate the possibility of deficiencies or flaws occurring in products, including software.

While the Fujitsu Group is also promoting software modularisation, standardisation of development work, and enhanced security measures in order to improve the quality of system development and other services in the technology solutions business, the possibility of defects arising cannot be excluded. With respect to systems that play a critical role in supporting social infrastructure, following the incidents involving system problems at the Tokyo Stock Exchange in November 2005, the Fujitsu Group has been checking for any potential problems in these systems, including the operating environment, software and hardware, in cooperation with its customers. In addition, the Fujitsu Group has continuously made improvements to the quality of its products and reviewed contracts and internal processes in relation to project management in order to ensure the stable operation of social infrastructure systems. The Fujitsu Group cannot, however, entirely eliminate the possibility of deficiencies or flaws. In the event that such deficiencies or flaws occur in the products or services, the Fujitsu Group may have to initiate product recalls or repairs, engage in system recovery work, pay damages to customers or suffer opportunity losses, all of which would negatively impact the Fujitsu Group sales and profitability.

Project Management

Due to such factors as the increasing scale and sophistication of systems and more rigorous demands from customers, as well as the advance of open system environments, system development work is becoming increasingly complex. At the same time, greater competition is leading to increasingly intense pricing pressures. To deal with this situation and prevent incidences of delayed delivery and loss-generating projects, the Fujitsu Group has been revising its approach to making contracts with customers, advancing the standardisation of sales and system engineering business processes, and working to manage risk from the business negotiation stage through actual project implementation. The Fujitsu Group continues to maintain reserves for losses as necessary. In addition, the Fujitsu Group is striving to industrialize the system development process in order to strengthen its cost competitiveness. Nevertheless, in spite of these measures, there is a possibility that the Fujitsu Group may be unable to completely prevent incidences of delayed delivery and the occurrence of loss-generating projects.

Investment Decisions

In the ICT industry, large investments in R&D, capital expenditure, business acquisitions and business restructuring are necessary to maintain competitiveness. Accordingly, the success or failure of these initiatives has a profound effect on the business results of the Fujitsu Group. When making such investment and restructuring decisions, the Fujitsu Group gives ample consideration to a range of factors such as market trends, customer needs, the superiority of Fujitsu Group's own technologies, the financial performance of acquisition candidates and its business portfolio. There is, however, the risk that markets and technologies, as well as acquisition candidates deemed attractive by the Fujitsu Group, may fail to grow as anticipated, or that supply and demand imbalances or price erosion may be more severe than expected. Investment in semiconductor facilities and equipment represents one such area with a high degree of risk. In addition to substantial capital requirements, this field is characterised in particular by short product cycles, major changes in the market landscape and stiff competition from other companies. The Fujitsu Group takes a number of steps to mitigate this risk, including responding to these inherent fluctuations by dividing investment into multiple phases and forging agreements with customers prior to investment. Nonetheless, there is no guarantee that the Fujitsu Group can generate sufficient returns on such investments.

Intellectual Property Rights

The Fujitsu Group has accumulated technologies and expertise that help distinguish its products from those of other companies. Legal restrictions in certain regions, however, may impair its ability to fully protect some of the Fujitsu Group's proprietary technologies, with the result that the Fujitsu Group could be unable to effectively prevent the manufacture and sale of similar products developed by third parties using the Fujitsu Group's own intellectual property. Moreover, the creation of comparable or superior technologies by other companies could erode the value of the Fujitsu Group's intellectual property. The Fujitsu Group has instituted internal policies, including stringent clearance procedures prior to launching new products and services, to ensure that no infringement of other companies' intellectual property occurs. However, there is the possibility that the Fujitsu Group's products, services or technologies may be found to infringe on other companies' intellectual property, and that earnings may be impacted by such consequences due to the need to pay for usage rights or cover costs associated with modifying designs. In addition, the Fujitsu Group has previously instituted a programme to compensate employees for innovations that they make in the course of their work, and will continue to implement this programme in the future in accordance with related laws and regulations. Nevertheless, the Fujitsu Group faces potential risk from lawsuits initiated by employees in regard to compensation for innovation created in the workplace.

Human Resources

The growth and profitability of the Fujitsu Group depends heavily on human resources. As such, a major issue for the Fujitsu Group is the ability to recruit, foster and prevent the attrition of talented technical experts, system engineers, managers and other key personnel. The inability to do so could negatively impact the Fujitsu Group's growth and profitability.

Environmental Pollution

Making contributions to society and protecting the environment are part of the corporate values of the Fujitsu Group, as set forth in the Fujitsu Way. While committed to minimising environmental burden and preventing environmental pollution in accordance with the Fujitsu Group Environmental Policy, the Fujitsu Group cannot guarantee that environmental pollution will not occur as a result of its operations. Moreover, although the Fujitsu Group monitors soil and wastewater as well as engage in clean-up activities at former factory sites, this does not mean that pollution will not be found at such sites in the future. In the event that environmental pollution were to occur or be identified, social trust in the Fujitsu Group may weaken, and clean-up and other costs could be incurred, which would adversely affect the Fujitsu Group's earnings.

Information Management

In order to safeguard the personal and confidential information of customers, business partners and the Fujitsu Group itself, the Fujitsu Group has taken such measures as establishing strict regulations, instituting training programmes for employees and providing consultation to business subcontractors. Nevertheless, the Fujitsu Group cannot guarantee that information will not be leaked. In the unlikely event that this should occur, trust in the Fujitsu Group could decline and the Fujitsu Group may be obligated to pay damages to customers.

Credit Ratings and Other Factors that Affect the Fujitsu Group's Credit

In addition to having a major influence on financing, credit ratings by outside institutions serve as reliable sources of information for the Fujitsu Group's customers when they conduct transactions with it. Lower credit ratings caused by failure to meet earnings targets, deteriorating financial conditions and other reasons could influence its ability to secure financing and place the Fujitsu Group at a disadvantage in bidding for projects and in other business dealings.

Natural Disasters and Unforeseen Incidents

Natural disasters and other unforeseen situations could have a major impact on the business results and financial standing of the Fujitsu Group. Examples of the potential risks posed are found below.

Damage from Earthquakes, Other Natural Disasters and Accidents

The Fujitsu Group has instituted a Business Continuity Plan (BCP) to ensure that even in the event of natural disasters like earthquakes, major floods or volcanic eruptions, as well as accidents or the outbreak of infectious diseases like new forms of influenza, the Fujitsu Group can continue to provide a stable flow of high quality, highly reliable products and services, which its customers rely on for their business. As part of this initiative, the Fujitsu Group has taken steps to make its sites resistant to earthquakes and the Fujitsu Group conducts regular site inspections, along with disaster readiness drills. Nevertheless, there is a possibility that the Fujitsu Group may be forced to suspend the delivery of products and services to customers or its support to customer information systems in the event of an unforeseen natural disaster or accident which forces its sites to suspend operations, causes damages to its facilities and equipments or causes interruptions in the supply of electricity and/or water or disruption to the public transportation system.

The Fujitsu Group has a well-developed system in place to ensure the integrity and stable operation of critical in-house networks, which are a key element of the Fujitsu Group's business infrastructure. However, the Fujitsu Group cannot guarantee its ability to prevent invasive computer viruses and other disruptions from impeding network operations.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Notes may not be a suitable investment for all investors

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Variable Coupon/Redemption Amount Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to a variety of factors including an index or formula (each, a "Relevant Factor"). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;

- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Notes whose Interest Basis may change

Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on such Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a Substantial Discount or Premium

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Risks related to Notes Generally

Set out below is a brief description of certain risks relating to the Notes generally:

Limited Rights Under the Keep Well Agreement

The Notes are obligations of the Issuer. The Notes do not constitute obligations of, nor are they guaranteed by, Fujitsu Limited. The Issuer is a financial vehicle with limited assets.

Fujitsu Limited and the Issuer have entered into the Keep Well Agreement and the Deed Poll in favour of, *inter alia*, the Noteholders, pursuant to which Fujitsu Limited has agreed to own (directly or indirectly) all the issued share capital of the Issuer, to cause the Issuer to maintain a consolidated tangible net worth (as defined in the Keep Well Agreement) of at least £10,000 and to make available to the Issuer funds sufficient to enable the Issuer to meet its payment obligations in full as they fall due. However, the Keep Well Agreement and the Deed Poll do not provide the rights and benefits of a guarantee and the Noteholders are not entitled to make a direct demand on Fujitsu Limited for payment of principal or interest or other amounts payable in respect of the Notes if the Issuer fails to make payment when due.

Binding Nature of Noteholders' Meetings

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Substitution

The Terms and Conditions of the Notes provide that the Issuer may, at any time, without the consent of the Noteholders, substitute for itself another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 10(c) of the Terms and Conditions of the Notes.

Change of Law

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

EU Savings Directive

The EU has adopted a Directive regarding the taxation of savings income. The Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual or to certain other persons in another Member State, except that Austria and Luxembourg may instead operate a withholding system for a transitional period (subject to a procedure whereby, on meeting certain conditions, the beneficial owners of the interest or other income may request that no tax be withheld) unless during such period they elect otherwise.

Investors should note that the European Commission has announced proposals to amend the Directive. If implemented, the proposed amendments would, inter alia, extend the scope of the Directive to (i) payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU resident individual, and (ii) a wider range of income similar to interest.

Notes where denominations involve integral multiples

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination of €50,000 plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of €50,000 (or its equivalent) that are not integral multiples of €50,000 (or its equivalent). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

Risks related to the Market for the Notes

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Secondary Market

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest Rate Risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit Ratings

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Investors' Legal Investment Considerations

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Interest of the Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future, engage in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer, the Parent and their affiliates in the ordinary course of business.

Differences in Generally Accepted Accounting Principles

The Fujitsu Group's consolidated financial statements for the Parent are prepared and presented in accordance with Japanese GAAP, which differ in certain material respects from U.S. GAAP and International Financial Reporting Standards ("IFRS").

The Fujitsu Group's financial statements may therefore have differed materially if they had been prepared under such other accounting principles.

This Prospectus does not include a reconciliation of the Fujitsu Group's financial statements to U.S. GAAP, IFRS or any other accounting principle. If a reconciliation had been prepared and included, such reconciliation may have identified material quantitative differences between Japanese GAAP and the other accounting principles.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, subject to completion and amendment and as supplemented or varied in accordance with the provisions of Part A of the relevant Final Terms, will be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Tranche of or Series of Notes and, subject further to simplification by deletion of non-applicable provisions, will be endorsed on such Notes, details of the relevant Tranche of or Series of Notes being shown on the relevant Notes and in Part A of the relevant Final Terms. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes which may be issued under the Programme.

All capitalised terms which are not defined in these Terms and Conditions (the “Conditions”) will have the meanings given to them in Part A of the relevant Final Terms provided that in the event of inconsistency, the relevant Final Terms will prevail. Those definitions will be endorsed on the definitive Notes.

The Notes are issued pursuant to an Amended and Restated Agency Agreement dated 22nd September, 2006 (as amended, restated or supplemented from time to time, the “Agency Agreement”) between Fujitsu EMEA PLC (the “Issuer”), The Bank of New York Mellon, London Branch as fiscal agent (the “Fiscal Agent”, which expression includes any successor to The Bank of New York Mellon, London Branch in its capacity as fiscal agent) and principal paying agent and The Bank of New York Mellon (Luxembourg) S.A. as paying agent (together with the Fiscal Agent and any additional or other paying agents in respect of the Notes from time to time appointed, the “Paying Agents”), and with the benefit of a deed of covenant dated 27th September, 2002 executed by the Issuer in relation to the Notes. The Calculation Agent(s) (if any) will be specified in the relevant Final Terms. The Noteholders (as defined below), the holders of the interest coupons (the “Coupons”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “Talons”) (the “Couponholders”) and the holders of the instalment receipts (the “Receipts”) appertaining to the payment of principal by instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

As used in these Conditions, “Series” means the Notes issued on a continuous basis in series having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each, a “Tranche”) on different issue dates.

Copies of the Agency Agreement are available for inspection at the specified offices of each of the Paying Agents.

1. Form, Denomination and Title

The Notes are serially numbered and issued in bearer form (the “Notes”) in the Specified Denomination(s) and currency or currencies specified in the relevant Final Terms provided that in the case of any Notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum Specified Denomination shall be €50,000 (or its equivalent in any other currency as at the date of issue of the relevant Notes).

The Notes are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Notes which do not bear interest in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any Note the principal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Title to the Notes, Receipts, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as the absolute owner of such Note, Receipt, Coupon or Talon, as the case may be, for the purpose of receiving payment thereof or on account thereof and for all other

purposes, whether or not such Note, Receipt, Coupon or Talon shall be overdue and notwithstanding any notice of ownership, trust or any interest in it, theft or loss thereof or any writing thereon made by anyone.

In these Conditions, “Noteholder” means the bearer of any Note and the Receipts relating to it, “holder” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon and capitalised terms have the meanings given to them in these Conditions and in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. Status of the Notes

The Notes, Receipts and Coupons relating to them constitute unsubordinated and (without prejudice to the provisions of Condition 3) unsecured obligations of the Issuer and rank *pari passu* and rateably without any preference among themselves and (subject to any applicable statutory exceptions and obligations preferred by mandatory provisions of law and without prejudice as aforesaid) the payment obligations of the Issuer under the Notes, Receipts and Coupons relating to them rank equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer, present and future.

3. Negative Pledge

- (a) So long as any of the Notes, Receipts or Coupons remains outstanding (as defined in the Agency Agreement), the Issuer will not create or permit to be outstanding any pledge, lien, mortgage or other charge upon the whole or any part of the property, or assets, present or future, of the Issuer to secure for the benefit of the holders of any Relevant Securities (i) payment of any sum due in respect of Relevant Securities or (ii) any payment under any guarantee of Relevant Securities or (iii) any payment under any indemnity or other like obligation relating to Relevant Securities without in any such case at the same time according to the Notes, the same security as is granted to or is existing in respect of such Relevant Securities or such other security or guarantee as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement).
- (b) For the purposes of this Condition, “Relevant Securities” means any present or future indebtedness for borrowed money in the form of or represented by, bonds, notes, debentures, loan stock or other securities which are for the time being listed on any stock exchange.

4. Interest and Other Calculations

(a) Interest on interest bearing Notes

Each Note bears interest on its outstanding principal amount from, and including, the Interest Commencement Date to, but excluding, the due date for redemption at the rate per annum (expressed as a percentage) equal to the Interest Rate, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with condition 4(f).

(b) Business Day Convention

If any date referred to in these Conditions which is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Relevant Business Day, then, if the Business Day Convention specified is (i) the Floating Rate Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Relevant Business Day and (B) each subsequent such date shall be the last Relevant Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the

immediately preceding Relevant Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Relevant Business Day.

(c) Interest Rate on Floating Rate Notes

If the Interest Rate is specified as being Floating Rate, the Interest Rate for each Interest Accrual Period will be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (i) if the Primary Source for the Floating Rate is a Page, subject as provided below, the Interest Rate shall be:
 - (x) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (y) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (ii) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (i)(x) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (i)(y) above applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Interest Rate shall be the arithmetic mean of the Relevant Rates which each of the Reference Banks is quoting to major banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent;
- (iii) if paragraph (ii) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Interest Rate shall be the arithmetic mean of the rates per annum (expressed as a percentage) which the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Relevant Currency which five leading banks in the principal financial centre of the country of the Relevant Currency or, if the Relevant Currency is euro, in Europe (the "Principal Financial Centre") selected by the Calculation Agent are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration to leading banks carrying on business in Europe, or, if the Calculation Agent determines that fewer than two of such banks are so quoting, the Interest Rate shall be the Interest Rate determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier, Maximum Interest Rate or Minimum Interest Rate applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(d) Interest Rate on Zero Coupon Notes

Where a Note the Interest Rate of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Redemption Amount of such Note. As from the Maturity Date, the Interest Rate for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 5(d)).

(e) *Margin, Maximum/Minimum Interest Rates, Instalment Amounts and Redemption Amounts and Rounding*

- (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Interest Rates, in the case of (x), or the Interest Rates for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin subject always to the next paragraph.
- (ii) If any Maximum or Minimum Interest Rate, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Interest Rate, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures other than those referred to in (x) and (z) will be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts which fall due and payable will be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency which is available as legal tender in the country(ies) of such currency.

(f) *Calculations*

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Interest Rate, the Calculation Amount, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period will equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period will be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(g) *Determination and Publication of Interest Rates, Interest Amounts, Redemption Amounts and Instalment Amounts*

The Calculation Agent shall, as soon as practicable after the Relevant Time on each Interest Determination Date or such other time on such date as the Calculation Agent may be required to calculate any Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, determine the Interest Rate and calculate the amount of interest payable (the “Interest Amounts”) for the relevant Interest Accrual Period, calculate the Redemption Amount or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes which is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of an Interest Rate and Interest Amount, or (ii) in all other cases, the fourth Relevant Business Day after such determination, in accordance with Condition 13. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or

appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of each Interest Rate, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(h) *Accrual of Interest*

Interest will cease to accrue on each interest-bearing Note on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before judgment) at the Interest Rate in the manner provided in this Condition 4 to the Relevant Date (as defined in Condition 7).

(i) *Definitions*

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“D₁” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D₂ will be 30

- (vi) if “30E/360 (ISDA)” is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30; and

- (vii) if “Actual/Actual-ICMA” is specified in the relevant Final Terms,

- (a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x)

the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and

- (b) if the Calculation Period is longer than one Determination Period, the sum of:
- (x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - (y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year

(j) *Calculation Agent and Reference Banks*

The Issuer will procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the Conditions applicable to the Notes and for so long as any Notes are outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer will appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts or comply with any other requirements, the Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(k) *Variable Coupon Amount Notes*

In the case of variable coupon amount Notes, if the rate or amount of interest falls to be determined by reference to an index or formula, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.

(l) *Dual Currency Notes*

In the case of dual currency Notes, if the rate or amount of interest falls to be determined by reference to a rate of exchange or a method of calculating the rate of exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.

5. Redemption, Purchase and Options

(a) *Final Redemption*

Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to the Issuer's or Noteholder's option in accordance with Condition 5(e) or (f), each Note will be redeemed at its Redemption Amount (which, for the purposes of this Condition 5(a), unless otherwise stated in the relevant Final Terms, is its principal amount) on the Maturity Date specified in the relevant Final Terms.

(b) *Redemption for taxation reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Redemption Amount (together with interest accrued to the date fixed for redemption), if (i) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 7 as a result of any change in, or amendment to, or judicial decision relating to, the laws or regulations of the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Contract Date specified in the relevant Final Terms which shall be the date on which the Issuer enters into a contract with one or more of the Dealers pursuant to which it becomes bound to issue the relevant Notes, and

(ii) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided (where the Issuer is entitled to redeem at any time) that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due. Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Fiscal Agent a certificate signed by two directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

(c) *Purchases*

The Issuer and any subsidiary that it may have from time to time may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price and such Notes may be held, re-sold or, at the option of the purchaser, surrendered to any Paying Agent for cancellation (subject to Condition 5(h)).

(d) *Early Redemption of Zero Coupon Notes*

- (i) The Redemption Amount payable in respect of any Note which does not bear interest prior to the Maturity Date, the Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 5(b) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Face Amount (calculated as provided below) of such Note.
- (ii) Subject to the provisions of sub-paragraph (iii) below, the Amortised Face Amount of any such Note shall be the scheduled Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually. Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified in the relevant Final Terms.
- (iii) If the Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(b) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the reference therein to the date on which the Note becomes due and payable were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph will continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Redemption Amount of such Note on the Maturity Date together with any interest which may accrue in accordance with Condition 4(d).

(e) *Redemption at the Option of the Issuer and Exercise of Issuer's Options*

If so provided in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) falling within the Issuer's Option Period redeem, or exercise the Issuer's option in relation to, all or, if so provided, some of the Notes in the principal amount or integral multiples thereof and on the date or dates so provided. Any such redemption of Notes shall be at their Redemption Amount together with interest accrued to the date fixed for redemption.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of the Issuer's option the notice to Noteholders shall also contain the serial numbers of the Notes to be redeemed or in respect of which the Issuer's option is to be exercised, which shall have been drawn in such place as the Fiscal Agent may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange requirements.

(f) Redemption at the Option of Noteholders and Exercise of Noteholders' Options

If so provided in the relevant Final Terms, the Issuer shall, at the option of the holder of any such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms), redeem such Note on the date or dates so provided at its Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholders' option which may be set out hereon the holder must deposit such Note with any Paying Agent at its specified office, together with a duly completed option exercise notice ("Exercise Notice") in the form obtainable from any Paying Agent within the Noteholders' Option Period. No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(g) Redemption by Instalments

Unless previously redeemed, purchased and cancelled as provided in this Condition 5 or the relevant Instalment Date (being one of the dates so specified on the Notes) is extended pursuant to the Issuer's or Noteholder's option in accordance with Condition 5(e) or (f), each Note which provides for Instalment Dates and Instalment Amounts will be partially redeemed on each Instalment Date at the Instalment Amount specified on it, whereupon the outstanding principal amount of such Note shall be reduced by the Instalment Amount for all purposes.

(h) Cancellation

All Notes purchased by or on behalf of the Issuer or any of its subsidiaries may be surrendered for cancellation by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, if so surrendered, will, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

6. Payments and Talons

(a) Method of Payment

Payments of principal and interest in respect of Notes will, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6(e)(vi)) or Coupons (except in the case specified in Condition 6(e)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on, or, at the option of the holder, by transfer to an account denominated in that currency with, a Bank. "Bank" means a bank in the principal financial centre for that currency, or in the case of euro, in a city in which banks have access to the TARGET System.

(b) Payments in the United States

Notwithstanding the foregoing, if any Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) Payments subject to law etc

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) Appointment of Agents

The Fiscal Agent and the Paying Agent initially appointed by the Issuer and their respective specified offices are listed below. Unless otherwise specified in the relevant Final Terms, the Fiscal Agent shall also act as Calculation Agent. The Fiscal Agent, the Paying Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any holder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent or any other Paying Agent and to appoint additional or other Paying Agents, provided that the Issuer will at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent having a specified office in a European city which, so long as any of the Notes are admitted to the Official List and admitted to trading on the London Stock Exchange's Regulated Market, shall be London, (iv) such other agents as may be required by any other stock exchange on which the Notes may be listed and, (v) a Paying Agent with a specified office in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26th-27th November, 2000.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (b) above.

Notice of any such change or any change of any specified office will promptly be given to the Noteholders in accordance with Condition 13.

(e) Unmatured Coupons and Receipts and unexchanged Talons

- (i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, the Notes should be surrendered for payment together with all unmatured Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Redemption Amount due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).
- (ii) If the relative Notes so provide, upon the due date for redemption of any Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

- (iii) Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Note which provides that the relative Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note.

(f) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons which may have become void pursuant to Condition 8).

(g) *Payment Days*

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “business day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “Payment Day Jurisdictions” in the relevant Final Terms and:

- (i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

7. Taxation

All payments of principal and interest by or on behalf of the Issuer in respect of the Notes, the Receipts and the Coupons will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld, or assessed by or within the United Kingdom or any authority therein or thereof having power to tax unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders and the Couponholders after such withholding or deduction shall equal the respective amounts of principal and interest which would have been received in respect of the Notes, Receipts or (as the case may be) Coupons, in the absence of such withholding or deduction; except that no additional amounts shall be payable with respect to any payment in respect of any Note, Receipt or Coupon:

- (1) to, or to a third party on behalf of, a holder who is subject to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the United Kingdom otherwise than merely by holding the Note, Receipt or Coupon; or
- (2) to, or to a third party on behalf of a holder who could lawfully avoid (but has not so avoided) such deduction or withholding by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority in the jurisdiction imposing the relevant tax; or
- (3) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amounts on presenting the same for payment on the thirtieth such day; or

Couponholder, or the Issuer waives, or fails to take all reasonable steps to exercise, any of its rights under the Keep Well Agreement and/or Deed Poll or the Parent fails to perform or observe any obligation on its part under the Keep Well Agreement and/or Deed Poll so as to affect materially and adversely the interests of any Noteholder or Couponholder; or

(h) *Ownership*: the Issuer ceases to be a wholly-owned and controlled subsidiary of the Parent.

10. Meeting of Noteholders, Modifications and Substitution of Issuer

(a) Meetings of Noteholders

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Notes (including these Conditions insofar as the same may apply to such Notes). An Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not, and on all relevant Couponholders, except that any Extraordinary Resolution proposed, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereon, (ii) to reduce or cancel the principal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if there is a Minimum and/or a Maximum Interest Rate, Instalment Amount or Redemption Amount, to reduce any such Minimum and/or Maximum Interest Rate, (v) to change any method of calculating the Redemption Amount, (vi) to change the currency or currencies of payment or denomination of the Notes, (vii) to take any steps which as specified in the relevant Final Terms may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution, will only be binding if passed at a meeting of the Noteholders (or at any adjournment thereof) at which a special quorum (provided for in the Agency Agreement) is present.

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 90 per cent. in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

(b) Modification

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

In the event of any inconsistency between the terms set out herein and the relevant Final Terms, the relevant Final Terms shall prevail.

The Issuer shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

(c) Substitution

The Issuer, or any previous substituted company, may at any time, without the consent of the Noteholders or the Couponholders, substitute for itself as principal debtor under the Notes, the Receipts, the Coupons and the Talons any company (the "Substitute") which is the Parent, or a subsidiary of the Parent, provided that no payment in respect of the Notes, the Receipts or the Coupons is at the relevant time overdue. The substitution shall be made by a deed poll (the "Substitution Deed Poll"), to be substantially in the form scheduled to the Agency Agreement as Schedule 7, and may take place only if (i) the Substitute shall, by means of the Substitution Deed Poll, agree to indemnify each Noteholder and Couponholder against any tax,

duty, assessment or governmental charge which is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and, if different, of its incorporation with respect to any Note, Receipt, Coupon, Talon and/or the Deed of Covenant dated 26th April, 1995, the Deed of Covenant dated 12th October, 1999 and the Deed of Covenant dated 27th September, 2002, executed by the Issuer and relating to the Notes (together, the "Deeds of Covenant") and which would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution, (ii) where the Substitute is not the Parent, the Substitute and the Parent shall first have entered into a keep well agreement and deed poll in terms substantially similar to the Keep Well Agreement and the Deed Poll, (iii) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Substitution Deed Poll, the Notes, Receipts, Coupons, Talons and Deeds of Covenant represent valid, legally binding and enforceable obligations of the Substitute and in the case of such keep well agreement and deed poll, of the Parent, have been taken, fulfilled and done and are in full force and effect, (iv) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it, (v) legal opinions addressed to the Noteholders shall have been delivered to them (care of the Fiscal Agent) from a lawyer or firm of lawyers with a leading securities practice in each jurisdiction referred to in (i) above and in England as to the fulfilment of the preceding conditions of this paragraph (c) and the other matters specified in the Substitution Deed Poll and (vi) the Issuer shall have given at least 14 days' prior notice of such substitution to the Noteholders, stating that copies, or pending execution the agreed text, of all documents in relation to the substitution which are referred to above, or which might otherwise reasonably be regarded as material to Noteholders, will be available for inspection at the specified office of each of the Paying Agents.

11. Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 13, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, inter alia, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to "Notes" shall be construed accordingly.

13. Notices

Notices to the Noteholders will be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*). If any such publication is not practicable, notice will be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice to the Noteholders in accordance with this Condition.

14. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any terms or conditions of the Notes under the Contracts (Rights of Third Parties) Act 1999.

15. Governing Law and Jurisdiction

(a) Governing Law

The Notes, the Receipts, the Coupons, the Talons and the Agency Agreement and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (“Proceedings”) may be brought in such courts.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

Each Tranche of Notes having an original maturity of more than one year will initially be represented by a temporary Global Note and each Tranche of Notes having an original maturity of one year or less will initially be represented by a permanent Global Note, in each case, in bearer form without Coupons, Receipts or a Talon attached. The relevant Global Note will be deposited on behalf of the subscribers of the relevant Notes (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, Luxembourg, with a common depository (the “Common Depository”) for Euroclear and for Clearstream, Luxembourg or (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, as otherwise agreed between the Issuer and the relevant Dealer, on or about the issue date of the relevant Tranche of Notes (the “Issue Date”). Upon the initial deposit of a Global Note with the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

Denomination

So long as the Notes are represented by a temporary Global Note or permanent Global Note and the relevant clearing system(s) so permit, the Notes may be tradeable in the minimum Specified Denomination of €50,000 and higher integral multiples of €1,000, notwithstanding that no definitive Notes will be issued with a denomination above €99,000.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a Note represented by a Global Note must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear or Clearstream, Luxembourg (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Amendment to Conditions

The temporary Global Notes and permanent Global Notes contain provisions which apply to the Notes which they represent, some of which modify the effect of the Terms and Conditions of the Notes set out in this document. The following is a summary of certain of those provisions:

1. Exchange

Each temporary Global Note will be exchangeable in whole or in part for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for definitive Notes (as described in the next paragraph) after the date falling 40 days after the Issue Date of the Notes, upon certification as to non- U.S. beneficial ownership in the form set out in the Agency Agreement. Each permanent Global Note is exchangeable in whole (or in part if the permanent Global Note is held by or on behalf of Euroclear and/or Clearstream, Luxembourg and the rules of Euroclear and Clearstream, Luxembourg then permit) for definitive Notes at the cost and expense of the Issuer (i) if a permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg and either of such clearing systems is closed for business for a continuous period of

14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (ii) if an Event of Default occurs in relation to the Notes represented thereby, by the holder giving notice to the Fiscal Agent of its intention to exchange such permanent Global Note for definitive Notes, in each case on or after the Note Exchange Date specified in the notice.

On or after any Note Exchange Date (as defined below) the holder of a permanent Global Note may surrender such permanent Global Note to or to the order of the Fiscal Agent. In exchange for any permanent Global Note the Issuer will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated definitive Notes (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts which have not already been paid on the permanent Global Note and a Talon), security printed in accordance with any applicable legal and stock exchange requirements, in or substantially in the form set out in Schedule 2 to the Agency Agreement. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant definitive Notes.

In the event that a Global Note is exchanged for definitive Notes, such definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

“Note Exchange Date” means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

2. Payments

No payment falling due more than 40 days after the Issue Date will be made on a temporary Global Note unless exchange for an interest in a permanent Global Note or for definitive Notes is improperly withheld or refused. Payments on any temporary Global Note during the period up to 40 days after its Issue Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a permanent Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. A record of each payment so made will be endorsed in the appropriate schedule to each permanent Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. Condition 7(5) will apply to Definitive Notes only. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “business day” set out in Condition 6(g) (Payment Days).

3. Notices

So long as any Notes are represented by a temporary Global Note or a permanent Global Note and such Global Note is held on behalf of a clearing system, notices to holders of such Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note.

4. Prescription

Claims against the Issuer in respect of Notes which are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 8).

5. Meetings

The holder of a permanent Global Note will be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

6. Purchase and Cancellation

Cancellation of any Note surrendered for cancellation following its purchase will be effected by reduction in the principal amount of the relevant Global Note.

7. Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 9 by stating in the notice to the Fiscal Agent the principal amount of such Global Note which is becoming due and repayable. Following the giving of a notice of an event of default by or through a common depository for Euroclear and Clearstream, Luxembourg, the Global Note may become void as to the specified portion and the persons entitled to such portion as accountholders with a clearing system will acquire direct enforcement rights against the Issuer under the terms of a Deed of Covenant executed as a deed by the Issuer on 27th September, 2002.

8. Issuer's Option

No drawing of Notes will be required under Condition 5(e) in the event that the Issuer exercises any option relating to those Notes while all such Notes which are outstanding are represented by a Global Note. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with Euroclear or Clearstream, Luxembourg in respect of the Notes will be governed by the standard procedures of Euroclear or Clearstream, Luxembourg (as the case may be).

9. Noteholders' Option

Any Noteholders' option may be exercised by the holder of a Global Note giving notice to the Fiscal Agent of the principal amount of Notes in respect of which the option is exercised and presenting such Global Note for endorsement or exercise within the time limits specified in the Conditions.

USE OF PROCEEDS

The net proceeds of the issue of the Notes will be used for the general corporate purposes of the Issuer.

Recent Developments

On 29th July, 2010, Fujitsu and Toshiba Corporation concluded an agreement to merge their mobile phone businesses. Under the agreement, Toshiba will transfer its mobile phone business to a new company in which Fujitsu will acquire an 80.1% stake by the target date of 1st October, 2010. By combining the development knowhow and technological strengths of the two companies in mobile phone, Fujitsu aims to become a leading mobile phone provider in Japan.

On 1st April, 2010, Fujitsu converted PFU Limited (“PFU”) into a wholly owned subsidiary of Fujitsu through an exchange of shares with a view to generating synergy effects in the provisions of services and products as well as in its global business expansion plans. PFU has a significant share in the world’s image scanner market. In Japan, PFU sells a range of competitive IT products, with a top-class share in the kiosk terminal market. PFU has also established a strong position in product-related solutions and services, and has developed know-how in the multi-vendor system integration and maintenance fields.

RELATIONSHIP WITH FUJITSU LIMITED

Keep Well Agreement

The Issuer has entered into a separate keep well agreement with the Parent, dated 26th April, 1995 (the “Keep Well Agreement”) which is governed by the laws of England. The following is a summary of the material terms of the Keep Well Agreement:

- (i) The Parent will own, directly or indirectly, all of the issued share capital of the Issuer so long as the Issuer has any debt outstanding. The Parent will not pledge, grant a security interest in or encumber any of such share capital.
- (ii) The Parent will cause the Issuer to have a consolidated tangible net worth (as defined in the Keep Well Agreement), as determined in accordance with generally accepted accounting principles and as shown on the Issuer’s most recent balance sheet, of at least £10,000.
- (iii) If the Issuer at any time determines that it will have insufficient cash or other liquid assets to meet its payment obligations as they fall due and that it shall have no unused commitments available under its credit facilities with lenders other than the Parent, then the Issuer will promptly notify the Parent of the insufficiency and the Parent will make available to the Issuer, before the due date of the relevant payment obligations, funds sufficient to enable the Issuer to pay such payment obligations in full as they fall due, such funds to be used solely for the payment when due of such payment obligations. Any such funds are to be provided by the Parent either by way of subscription for and payment of share capital of the Issuer or by way of subordinated loan, that is to say a loan which, and interest on which, is not permitted to be, and is not capable of being, repaid or paid unless, and then only to the extent that the Issuer is and immediately thereafter would continue to be solvent in all respects, and is thus subordinated on a winding-up of the Issuer to the claims of all other unsecured creditors of the Issuer other than the Parent.

The Keep Well Agreement provides that it may be modified, amended or terminated only by the written agreement of the Parent and the Issuer provided, however, that no such modification, amendment or termination shall have any adverse effect upon any holder of any Note of the Issuer.

Noteholders should note that the Keep Well Agreement is not, and should not be regarded as, a guarantee by the Parent of the payment of any indebtedness, liability or obligation of the Issuer (including the Notes). The Keep Well Agreement will be enforceable against the Parent by the Issuer under English law. In addition, the Parent has, in the Keep Well Agreement, agreed that its obligations have been irrevocably given for the benefit of the holders of Notes (in addition to certain parties to swap agreements with the Issuer), that such obligations are enforceable by such holders pursuant to the deed poll referred to below.

In addition in the event of a breach by the Parent in performing a provision of the Keep Well Agreement and of the insolvency of the Issuer while any Notes are outstanding, the remedies of the Noteholder(s) could include the acceleration of the Notes (if they have not already matured) and (if the Notes remain unpaid and unless such a proceeding had already been commenced by another creditor of the Issuer) the filing as a creditor of the Issuer of a petition in the competent court of England for the winding-up or bankruptcy of the Issuer, with a view to the liquidator (appointed by the court) pursuing the Issuer’s rights under the Keep Well Agreement against the Parent. However, the Noteholders will not be entitled to have any payments due to the Issuer made to them directly.

Deed Poll

In respect of their Keep Well Agreement, the Issuer and the Parent have executed a deed poll dated 26th April, 1995 (the “Deed Poll”) which is governed by the laws of England. The following is a summary of the material terms of the Deed Poll:

- (i) Each of the Parent and the Issuer will not consent, either orally or in writing, to any modification or amendment to the Keep Well Agreement or the Deed Poll which may have any adverse effect upon any holders of Notes and it will not terminate either the Keep Well Agreement or the Deed Poll until the Programme has been terminated and the obligations of the Issuer in relation to all Notes have been fully discharged.
- (ii) Each of the Parent and the Issuer will fully and promptly perform its obligations and exercise its rights under the Keep Well Agreement, and in the case of the Issuer, exercise its right to enforce performance of the terms of the Keep Well Agreement by the Parent.
- (iii) Each of the Parent and the Issuer will consent to the giving of an order for specific performance or similar relief by any court of competent jurisdiction in the event that any action is brought by a holder of Note(s) in respect of the Deed Poll.

In the Deed Poll, each of the Parent and the Issuer acknowledges and covenants that the obligations binding upon it contained therein are owed to, and shall be for the benefit of, each and every holder of Note(s) and that each holder shall be entitled severally to enforce the aforementioned obligations against the Parent provided that none of the Noteholders shall be entitled to have any payments due to the Issuer under the Keep Well Agreement made to it directly.

The Deed Poll (which has a copy of the Keep Well Agreement for the Issuer attached) will be deposited with the Fiscal Agent and any Noteholder shall be entitled to obtain a copy of it and to have the original presented to the relevant court in any legal proceedings.

Information in this document concerning the Parent is provided for background purposes only in view of the importance to the Issuer of the Keep Well Agreement. It should not be treated as implying that the Keep Well Agreement can be viewed as a guarantee by the Parent of any indebtedness, liability or obligation of the Issuer (including the Notes).

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 22nd September, 2006 (as amended, restated or supplemented from time to time) (the “Dealer Agreement”) between the Issuer and the Permanent Dealers, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers which are not Permanent Dealers. Such Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches which are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission (if any) as agreed between the Issuer and Dealer, depending upon maturity in respect of Notes subscribed or procured for subscription by it. The Issuer has agreed to reimburse Citigroup Global Markets Limited and Mizuho International plc for their expenses incurred in connection with the update of the Programme and the Dealers for certain of their activities in connection with the Programme. In respect of an issue of Notes on a syndicated basis the commissions (if any) will be stated in the Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement may be terminated in relation to all the Dealers or any of them by the Issuer or, in relation to itself and the Issuer only, by any Dealer, at any time on giving not less than ten business days’ notice.

United States

The Notes have not been and will not be registered under the Securities Act, as amended, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Permanent Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it has not offered, sold or delivered and will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, only in accordance with Rule 903 of Regulation S under the Securities Act, within the United States or to, or for the account or benefit of U.S. persons, and it will have sent to each Dealer to which it sells Notes a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Permanent Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Notes to the public in that Relevant Member State:

- (i) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (ii) at any time to any legal entity which has two or more of (a) an average of at least 250 employees during the last financial year; (b) a total balance sheet of more than €43,000,000 and (c) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (iii) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer;
- (iv) at any time if the denomination per Note being offered amounts to at least €50,000; or
- (v) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (i) to (v) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Selling Restrictions addressing additional United Kingdom Securities Laws

Each Permanent Dealer has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that:

- (i) in relation to any Notes which have a maturity of less than one year from the date of their issue, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of

section 21 of the Financial Services and Markets Act 2000) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the Financial Services and Markets Act 2000 does not apply to the Issuer; and

- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended) (the “Financial Instruments and Exchange Act”). Accordingly, each of the Permanent Dealers has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan. As used in this paragraph, “resident of Japan” means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Prospectus.

No action has been taken in any jurisdiction by the Issuer or the Dealers that would permit a public offering of any of the Notes, or possession or distribution of the Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Permanent Dealer has agreed and each Dealer will be required to agree that it will comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Prospectus, any other offering material or any Final Terms in each case at its own expense.

UNITED KINGDOM TAXATION

The following comments are of a general nature based on current United Kingdom law and HM Revenue and Customs practice (which may be subject to change with retroactive effect) and relate only to the United Kingdom withholding tax treatment of payments on the Notes at the date of this Prospectus and are not exhaustive. They relate only to the position of persons who are the absolute beneficial owners of their Notes and Coupons and may not apply to certain classes of persons (such as dealers or certain professional investors to whom special rules may apply) or where the interest on any Note is deemed to be the income of any person other than the Noteholder for United Kingdom tax purposes. Noteholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the UK should consult their professional advisers.

Interest on the Notes

The Notes issued will constitute “quoted Eurobonds” provided they are and continue to be listed on a recognised stock exchange, within the meaning of Section 1005 Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange for these purposes. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List by the UK Listing Authority and are admitted to trading on the London Stock Exchange.

Whilst the Notes are and continue to be quoted Eurobonds, payments of interest by the Issuer on the Notes may be made without withholding or deduction for or on account of United Kingdom tax.

In all other cases, interest will generally be paid by the Issuer under deduction of income tax at the basic rate, subject to the availability of other reliefs or any direction to the contrary from HM Revenue and Customs in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty. If the Notes carry a right to interest and have a maturity date of less than 365 days from the date of issue (and do not form part of a scheme or arrangement of borrowing intended or capable of remaining outstanding for more than 364 days) payments of interest may be made without withholding or deduction for or on account of United Kingdom income tax.

Persons in the United Kingdom (i) paying interest to or receiving interest on behalf of another person who is an individual, or (ii) paying amounts due on redemption of any Notes which constitute deeply discounted securities as defined in Chapter 8 of Part 4 of the Income Tax (Trading and Other Income) Act 2005 to or receiving such amounts on behalf of another person who is an individual, may be required to provide certain information to HM Revenue and Customs regarding the identity of the payee or person entitled to the interest, and in certain circumstances, such information may be exchanged with tax authorities in other countries. However, in relation to amounts payable on redemption of such Notes HM Revenue and Customs published practice indicates that HM Revenue and Customs will not exercise its power to obtain information where such amounts are paid or received on or before 5th April, 2011.

EU Directive on the Taxation of Savings Income

The EU has adopted a Directive regarding the taxation of savings income. The Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual or to certain other persons in another Member State, except that Austria and Luxembourg may instead operate a withholding system for a transitional period (subject to a procedure whereby, on meeting certain conditions, the beneficial owners of the interest or other income may request that no tax be withheld) unless during such period they elect otherwise.

Investors should note that the European Commission has announced proposals to amend the Directive. If implemented, the proposed amendments would, inter alia, extend the scope of the Directive to (i) payments

made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU resident individual, and (ii) a wider range of income similar to interest.

GENERAL INFORMATION

- (1) It is expected that listing of the Programme in relation to the Notes on the Official List and admission of the Notes to trading on the Market will take effect on or around 9th August, 2010.
