Payments under the Swap Agreement

Pursuant to a 1992 ISDA Master Agreement (Multicurrency Cross Border) (the "**Master Agreement**") dated as of 1 April 2005 (including the Schedule thereto), the Issuer has entered into an index swap with the Swap Counterparty (as defined in paragraph 22(xiii)) with an effective date (the "**Effective Date**") that shall correspond to the Issue Date and a termination date (the "**Termination Date**") corresponding to the Maturity Date (the "**Index Swap**"). In addition, the Issuer and the Swap Counterparty have entered into a 1995 ISDA Credit Support Annex (Bilateral Form Transfer) (the "**Credit Support Annex**" or the "**CSA**") in relation to the Index Swap. The Master Agreement, the Index Swap and the Credit Support Annex are together the

“Swap Agreement”).

Pursuant to the Index Swap, on the Effective Date (A) the Issuer shall pay to the Swap Counterparty an amount in CHF equal to the Aggregate Nominal Amount of the Notes and (B) the Swap Counterparty shall pay to the Issuer an amount in EUR corresponding to the Original Collateral Securities Initial Purchase Amount and (C) the Swap Counterparty will pay to Issuer an amount in respect of certain expenses.

Subject to the early termination provisions set out below, thereafter:

- (i) For the purposes of the next paragraph, **“Original Collateral Securities Distribution Date”** means, for the period from and including the Effective Date to and including the Termination Date, each day on which the Issuer would receive an Original Collateral Securities Distribution, **“Original Collateral Securities Distribution”** means, an amount in respect of the Original Collateral Securities, whether in respect of interest, coupon, principal or otherwise and **“Reference Quantity”** means in respect of any day, a nominal amount equal to 100% of the nominal amount of the Original Collateral Securities on such day (for the avoidance of doubt, the Reference Quantity on the Effective Date equals EUR 8,150,000).

The Issuer will pay to the Swap Counterparty an amount equal to the Original Collateral Securities Distribution that the Issuer would have received on the relevant Original Collateral Securities Distribution Date as if it were the holder of a Reference Quantity of Original Collateral Securities as of the date that entitled a holder of the Original Collateral Securities to such Original Collateral Securities Distribution;

- (ii) the Swap Counterparty will pay to the Issuer on each Interest Payment Date, an amount equal to the product of (i) the Interest Amount per Note and (ii) the number of Notes outstanding as of such Interest Payment Date;
- (iii) on the Original Collateral Securities Maturity Date, the Issuer will pay to the Swap Counterparty an amount equal to the Initial Principal Amount (for the avoidance of doubt as adjusted pursuant to the provisions set out

in Annex 1); and

- (iv) on the Maturity Date, the Swap Counterparty will pay to the Issuer a final exchange amount equal to the product of (i) the Final Redemption Amount payable per Note and (ii) the number of Notes then outstanding).

Termination of the Swap Agreement

The Swap Agreement will terminate on the Maturity Date, subject to the early termination provisions set out below.

The Swap Agreement shall terminate, subject to the provisions of the Swap Agreement, on the due date for redemption of the Notes if at any time any of the Notes becomes redeemable in accordance with the Conditions prior to the Maturity Date. Pursuant to the terms of the Swap Agreement, the Swap Agreement may be terminated early (in whole only but not in part), among other circumstances (save for any partial termination of such Swap Agreement as a result of a partial purchase and cancellation of the Notes pursuant to Conditions 7(j) and (k)):

- (1) if at any time any of the Notes becomes repayable or subject to redemption in accordance with the Conditions prior to the Maturity Date; or
- (2) at the option of one party, if there is a failure by the other party to pay any amounts due under the Swap Agreement; or
- (3) if (subject as provided in the Swap Agreement) withholding taxes are imposed on payments made by the Issuer or the Swap Counterparty under the Swap Agreement (subject, in the case of the Issuer, to the Issuer using all reasonable endeavours to transfer its obligations to avoid such withholding) or it becomes illegal for either party to perform its obligations under the Swap Agreement; or
- (4) upon the occurrence of certain other events with respect to either party to the Swap Agreement, including bankruptcy of the Issuer.

Consequences of Early Termination

Upon early termination of the Swap Agreement each of the Issuer and the Swap Counterparty shall, other than in the case where such early termination arises as a result of an Event of Default (as defined in the

Swap Agreement) in relation to the Swap Counterparty, redeliver to each other the Eligible Credit Support which has been delivered to it pursuant to the terms of the Credit Support Annex.

Upon any such early termination of the Swap Agreement, the Issuer or the Swap Counterparty may (subject as set out below) be liable to make a termination payment to the other (regardless, if applicable, of which of such parties may have caused such termination).

Pursuant to the terms of the Swap Agreement, such termination payment will be based upon Loss (as defined in the Swap Agreement).
