

Background

Since July 2017, there has been a concerted and intensive global regulator-driven effort to encourage, and ultimately effect, the transition away from the use of interbank offered rates, including the GBP London Interbank Offered Rate ("**LIBOR**"), in financial instruments to risk-free rates or other appropriate benchmarks (the "**Transition**").

The UK Financial Conduct Authority ("**FCA**") has confirmed that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after the end of 2021 and expects that some panel banks will cease contributing to LIBOR panels at such time. In addition, the Bank of England and the FCA announced that a working group has been mandated to promote a broad-based transition to the Sterling Overnight Index Average ("**SONIA**") across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021. Therefore, the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

On 16 January 2020 the Bank of England and the FCA have stated that LIBOR "will cease to exist after the end of 2021" and that "no firm should plan otherwise". Furthermore, the UK RFR Working Group's "Priorities and roadmap for transition by end-2021" specifies Q1 of 2021 as the target date for the ceasing of the "initiation of new LIBOR-linked loans, bonds, securitisations and linear derivatives that expire after the end of 2021".

The FCA announced on 5 March 2021 that all LIBOR settings will either cease to be provided by an administrator or no longer be representative of the underlying market and economic reality (and that representativeness will not be restored) immediately after (i) 31 December 2021, in the case of all sterling, euro, Japanese Yen and Swiss Franc, and certain US dollar settings; or (ii) 30 June 2023, in the case of the remaining US dollar settings. Regulators have continued to urge market participants to take active steps to implement the transition of SONIA and other risk-free rates ahead of the applicable LIBOR cessation date.

On the basis that the Principal Repayment Final Maturity Date (being the Interest Payment Date falling on 18 June 2038) of the Notes falls after 2021, the Issuer has convened each Adjourned Meeting for the purpose of enabling the Noteholders to consider and resolve, if they think fit, to approve the Noteholder Proposal by way of an Extraordinary Resolution separately in relation to each relevant Class of the Notes (the subject matter of which is a Series Basic Terms Modification (as defined in the Standard Provisions Document)) implementing (i) a change in the benchmark used to calculate the interest payment under the Notes specified in the Note Specific Conditions and (ii) consequential amendments to certain of the Note Standard Conditions, the Series Specific Provisions and the Transaction Documents as described herein.

Due to the differences in the nature of LIBOR and SONIA, the replacement of LIBOR as the reference rate for the Notes will also require the addition of a spread ("**Spread Adjustment**") to each existing Note Interest Rate Margin payable in respect of the Notes. The pricing methodology proposed for the calculation of the Spread Adjustment on conversion of the reference rate from LIBOR to SONIA is described in Annex B to this Notice of Adjourned Meetings.

A copy of the draft Amendment Deed, as referred to in the Extraordinary Resolutions below, has been reviewed by each of Fitch Ratings Limited ("**Fitch**"), Moody's Investors Service Limited ("**Moody's**") and S&P Global Ratings ("**S&P**"). None of Fitch, Moody's or S&P has, based on the information provided to them, raised any comments in respect of the draft Amendment Deed.

Noteholder Proposal

Pursuant to the above, the Issuer has convened each Adjourned Meeting by the above notice to request that Noteholders of each relevant Class consider and agree by Extraordinary Resolution to the matters contained in each Extraordinary Resolution set out below.

The Issuer, under the Noteholder Proposal (as defined below), is requesting that the Noteholders consider and if thought fit, approve the relevant Extraordinary Resolution. If approved by the Noteholders of each Class, the Extraordinary Resolutions will be binding on all holders of the Notes, including those Noteholders who do not vote in favour of the Extraordinary Resolutions or who do not vote in connection with the Extraordinary Resolutions.

In order to implement the change in benchmark used to calculate the interest payment under the Notes from 'LIBOR' to 'SONIA':

- (a) the Interest Rate for the Sterling Notes from and including the Effective Date (with the first interest allocated amount based on such new Interest Rate being paid on the Interest Payment Date occurring after the Effective Date) will continue to be a floating rate and will be Compounded Daily SONIA plus the Adjusted Note Interest Rate Margin. The detailed provisions relating to the calculation of the Compounded Daily SONIA are set out in **Annex A** to this Notice of Adjourned Meetings.

the "**Adjusted Note Interest Rate Margin**" shall be the sum of (i) the Spread Adjustment; and (ii) the current Note Interest Rate Margin in respect of the Notes (such current Note Interest Rate Margin being in respect of the A2a Notes 0.15 per cent., in respect of the Ba Notes 0.26 per cent., in respect of the Ca Notes 0.46 per cent., in respect of the Da Notes 0.82 per cent. and in respect of the Ea Notes 3.00 per cent.).

The detailed provisions relating to the calculation of the Adjusted Note Interest Rate Margin are set out in **Annex B** to the Notice of Adjourned Meetings.

For the avoidance of doubt, the reference rate applicable to the Notes up to but excluding the Effective Date will continue to be LIBOR and the interest payment made on the Effective Date will not be affected by the pricing methodology described herein.

The Extraordinary Resolutions, if passed, constitute (amongst others) a direction by the Noteholders to the Series Note Trustee to consent to and to concur in the amendments to the Note Specific Conditions, the Note Standard Conditions, the Series Specific Provisions and certain of the other Transaction Documents to implement relevant changes to the Notes and such Transaction Documents in order to change the reference rate from 'LIBOR' to 'SONIA' (the "**Noteholder Proposal**"), as more fully set out in the Amendment Deed, including consequential amendments to the Series Specific Provisions (as defined in the Standard Interpretation Provision (being Clause 1 of the Standard Provisions Document)), as set out in the Note Issue Supplement in relation to the Series Portfolio Services Agreement and the Series Liquidity Facility Agreement, the Series Mortgage LIBOR Hedge Agreement, the Series Currency A2b Hedge Agreement, the Series Currency Bb Hedge Agreement, the Series Currency Cb Hedge Agreement and the Series Currency Db Hedge Agreement (each as defined in the Note Issue Supplement) (the "**Proposed Amendments**").

The Noteholder Proposal is being put to Noteholders for the reasons set out in the Consent Solicitation Memorandum.

Noteholders are referred to the Consent Solicitation Memorandum which provides further background to the Noteholder Proposal and the reasons therefor.

Consent Solicitation

Noteholders are further given notice that the Issuer has invited holders of the Notes of each relevant Class (such invitation a **Consent Solicitation**) to consent to the approval, by Extraordinary Resolution at each Adjourned Meeting, of the modification of the Note Specific Conditions, the Note Standard Conditions, the Series Specific Provisions and the Transaction Documents as described in paragraphs 1 and 2 of the Extraordinary Resolutions as set out below, all as further described in the Consent Solicitation Memorandum (as defined in paragraph 10 of the Extraordinary Resolutions set out below).

Noteholders may obtain from the date of this Notice of Adjourned Meetings a copy of the Consent Solicitation Memorandum from the Tabulation Agent, the contact details for which are set out below. In order to receive a copy of the Consent Solicitation Memorandum, a Noteholder will be required to provide confirmation as to his or her status as a Noteholder.

General Information

The attention of Noteholders is particularly drawn to the quorum required for the Noteholders Meetings and for any adjourned Meetings which is set out in paragraphs 1, 2, 3, 4 and 5 of "*Voting and Quorum*" below. Having regard to such requirements, Noteholders are strongly urged either to attend the relevant Meeting (via bluejeans video conference) or to take steps to be represented at such Meeting, as referred to below, as soon as possible.

Voting and Quorum

1. The provisions governing the convening and holding of each Meeting are set out in paragraph 10 (*Noteholder Resolution Provisions*) of the Standard Series Note Trust Provisions Document, which constitutes part of the Series Note Trust Deed, a copy of which is available for inspection by the Noteholders during normal business hours at the specified offices of the Tabulation Agent on any weekday (public holidays excepted) and on the following website: <https://i2capmark.com/event-details/19/Holder/great-hall-mortgages-no.1-plc-series-2006-1> up to and including the date of each Adjourned Meeting and at such Adjourned Meeting.

The Notes initially offered and sold outside the United States to non-U.S. Persons in reliance on Regulation S are represented by a separate global instrument in bearer form for each class of Notes (collectively, the **Reg S Global Notes**). The Reg S Global Notes are each registered in the name of The Bank of New York Mellon (Nominees) Limited as common depository, custodian and/or nominee for each Clearing System.

For the purposes of each Adjourned Meeting, a **Noteholder** shall mean each person who is for the time being shown in the records of Clearstream, Luxembourg and/or Euroclear as the holder of a particular principal amount of the Notes.

A Noteholder wishing to attend (via Microsoft Teams video conference) the relevant Adjourned Meeting must provide the Tabulation Agent with a valid Noteholder Proxy Instrument issued by the Issuer (in its capacity as Noteholder Meeting Arranger) relating to the Notes in respect of which it wishes to vote. Bearer Instruments may be deposited with, or held to the order or under the control of, the Series Note Registrar or blocked by a depository holding the same for the purpose of obtaining Noteholder Proxy Instruments until 48 hours before the time fixed for the relevant Adjourned Meeting but not thereafter. The Adjourned Meeting will be held via Microsoft Teams video conference. Noteholders wishing to attend the Microsoft Teams video conference may obtain dial-in details from the Tabulation Agent using the notice details set out in "*Contact Information*" below, upon the Tabulation Agent being satisfied that any Noteholder requesting the same has provided evidence of their holdings of the Notes and confirmation as to his or her status as an Eligible Noteholder.

The Series Note Registrar shall, at the request of a Noteholder, make available uncompleted and unexecuted Noteholder Proxy Instruments and issue block voting instructions in a form and manner which comply with the Noteholder Resolution Provisions. The Series Note Registrar shall keep a full record of completed and executed forms of Noteholder Proxy Instruments received by it and will give to the Issuer, the Series Note Trustee and the Security Trustee, not less than 24 hours before the time appointed for an Adjourned Meeting, full particulars of duly completed Noteholder Proxy Instruments received by it and of block voting instructions issued by it in respect of such Adjourned Meeting.

Noteholders should note that the timings and procedures set out below reflect the requirements for Noteholders' meetings set out in the Series Note Trust Deed, but that the Clearing Systems and the relevant intermediaries may have their own additional requirements as to timings and procedures for voting on each Extraordinary Resolution, including the blocking of the Notes in the relevant account in the Clearing Systems. Accordingly, Noteholders wishing to vote in respect of an Extraordinary Resolution are strongly urged either to contact their custodian (in the case of a beneficial owner whose Notes are held in book-entry form by a custodian) or the relevant Clearing System (in the case of a Noteholder whose Notes are held in book-entry form directly in the relevant Clearing System), as soon as possible.

At the Adjourned Meetings, two or more persons holding or representing in aggregate over 25% of the aggregate GBP Equivalent Note Principal Amount Outstanding of the Notes then outstanding held by the Relevant Noteholder shall (subject as provided below) form a quorum and a majority in favour consisting of not less than 75% of the votes cast at such Adjourned Meeting shall have the power to pass the relevant Extraordinary Resolution.

To be passed at an Adjourned Meeting, the relevant Extraordinary Resolution requires a majority in favour consisting of not less than 75% of the votes cast. Every question submitted to an Adjourned Meeting shall be decided in the first instance by a show of hands and in the case of equality of votes the Noteholder meeting chairman shall both on a show of hands and on a poll have a casting vote in addition to the vote or votes (if any) to which he may be entitled as a Relevant Noteholder. At any Adjourned Meeting, unless a poll is demanded before or on the declaration of the result of the show of hands, a declaration by the Noteholder meeting chairman that a resolution has been carried or carried by a particular majority or lost or not carried by any particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such resolution.

The implementation of the Consent Solicitation and each Extraordinary Resolution will be conditional on the passing of the Extraordinary Resolutions at the meetings of the Noteholders of the Class A2a Notes, the Class A2b Notes, the Class Ba Notes, the Class Bb Notes, the Class Ca Notes, the Class Cb Notes, the Class Da Notes, the Class Db Notes and the Class Ea Notes (the **Consent Condition**).

We note that in relation to the meetings of the holders of the Class A2a Notes, the Class Bb Notes, the Class Cb Notes and the Class Da Notes (i) the quorum was reached; and (ii) the related extraordinary resolutions set out in the Notice of Noteholder Meetings previously notified to the holders of the Class A2a Notes, the Class A2b Notes, the Class Ba Notes, the Class Bb Notes, the Class Ca Notes, the Class Cb Notes, the Class Da Notes, the Class Db Notes and the Class Ea Notes in accordance with the terms of the Series Note Trust Deed were duly passed.

If passed, the Extraordinary Resolutions will be binding upon all the Noteholders whether or not present or voting at the relevant Adjourned Meeting.

the **SONIA Reference Rate**, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (**SONIA**) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day);

if, in respect of any Business Day in the relevant Observation Period, the Series Note Calculation Agent (or such other party responsible for the calculation of the Interest Rate) determines that the SONIA Reference Rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA Reference Rate shall be: (i) the Bank of England's Bank Rate (the **Bank Rate**) prevailing at close of business on the relevant Business Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate;

notwithstanding the paragraph above, if the Bank of England publishes guidance as to (i) how the SONIA Reference Rate is to be determined or (ii) any rate that is to replace the SONIA Reference Rate, the Series Note Calculation Agent shall, subject to receiving written instructions from the Issuer and to the extent that it is reasonably practicable in the opinion of the Series Note Calculation Agent to follow the Issuer's instruction, follow such guidance in order to determine the SONIA Reference Rate for the purpose of the relevant Series of Notes for so long as the SONIA Reference Rate is not available or has not been published by the authorised distributors. To the extent that any amendments or modifications to these Note Specific Conditions, the Series Note Trust Deed or the Series Note Services Agreement are required in order for the Series Note Calculation Agent to follow such guidance in order to determine the SONIA Reference Rate, the Series Note Calculation Agent shall have no obligation to act until such amendments or modifications have been made in accordance with these Note Specific Conditions, the Series Note Trust Deed or the Series Note Services Agreement;

SONIA_{i-pLBD} means, in respect of any London Banking Day falling in the relevant Interest Payment Period, the SONIA Reference Rate for the London Banking Day falling *p* London Banking Days prior to the relevant London Banking Day *i*;

In the event that the Interest Rate cannot be determined in accordance with the provisions of these Note Specific Conditions by the Series Note Calculation Agent (or such other party responsible for the calculation of the Interest Rate), the Interest Rate shall be determined as at the last preceding Interest Rate Setting Date.

Adjusted Note Interest Rate Margin

The Proposal

The conversion of the reference rate for each Class of Sterling Notes issued by Great Hall Mortgages No. 1 plc from LIBOR to Compounded Daily SONIA together with a consequential adjustment to the Note Interest Rate Margin applicable to each Class of Sterling Notes with effect from the Effective Date.

Rationale for the Proposal

Due to the differences in the nature of LIBOR and SONIA, the replacement of LIBOR as the reference rate for the Sterling Notes will also require corresponding adjustments to the Note Interest Rate Margins payable in respect of the Sterling Notes (the "**Adjusted Note Interest Rate Margins**"). Each Adjusted Note Interest Rate Margin is a sum of (i) Spread Adjustment and (ii) current Note Interest Rate Margin. The pricing methodology proposed for the calculation of Spread Adjustment is described below.

The Note Interest Rate Margin Adjustment

The **Note Interest Rate Margin** applicable to each Class of Notes prior to the Effective Date is:

- (a) 0.15 per cent. per annum for the A2a Notes;
- (b) 0.15 per cent. per annum for the A2b Notes;
- (c) 0.26 per cent. per annum for the Ba Notes;
- (d) 0.25 per cent. per annum for the Bb Notes;
- (e) 0.46 per cent. per annum for the Ca Notes;
- (f) 0.45 per cent. per annum for the Cb Notes;
- (g) 0.82 per cent. per annum for the Da Notes;
- (h) 0.77 per cent. per annum for the Db Notes; and
- (i) 3.00 per cent. per annum for the Ea Notes.

Adjustment to the Note Interest Rate Margin applicable after the Effective Date

The rate of interest payable on each Class of Sterling Notes following the Effective Date will be equal to Compounded Daily SONIA plus the Note Interest Rate Margin applicable on any Interest Rate Setting Date following the Effective Date as adjusted as set out below (the **Adjusted Note Interest Rate Margin**).

The Note Interest Rate Margin for each Class of Sterling Notes that would have applied on any Interest Rate Setting Date following the Effective Date will be adjusted as follows:

- A. the Note Interest Rate Margin applicable on any Interest Rate Setting Date following the Effective Date; plus

B. the Spread Adjustment,

in each case applicable to that Class of Sterling Notes where:

"Spread Adjustment" means 0.1193 per cent., being the Spread Adjustment (as defined in supplement number 70 to the 2006 ISDA Definitions, published January 25, 2021 (the **ISDA IBORs Fallback Supplement**) for three month Sterling LIBOR as specified on Bloomberg screen "SBP0003M Index", or any successor page, as calculated by Bloomberg Index Services Limited (or a successor provider as approved and/or appointed by ISDA from time to time) in relation to three month Sterling LIBOR.

The method of calculation specified in the Spread Adjustment above accords with the methodology for such adjustments contained in ISDA IBORs Fallback Supplement found at <http://assets.isda.org/media/3062e7b4/23aa1658-pdf/>.

The detailed provisions relating to the calculation of Compounded Daily SONIA are set out in the Amendment Deed.
