Ratings: The Notes to be issued are expected to be rated:

S&P Global Ratings UK Limited ("Standard & Poor's"): BBB

An obligation rated 'BBB' exhibits adequate capacity to meet financial commitments, but more subject to adverse economic conditions.

Source: Standard & Poor's, <https://www.spglobal.com/ratings/en/about/intro-to-credit-ratings>)

Moody's Investors Service Ltd. ("Moody's"): Baa2

An obligation rated 'Baa' is subject to moderate credit risk. It is considered medium-grade and as such may possess certain speculative characteristics. The modifier 2 indicates a mid-range ranking.

(Source: Moody's, <https://ratings.moodys.io/ratings#rating-scale>)

Fitch Ratings Limited ("Fitch"): A

An obligation rated 'A' denotes expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings.

(Source: Fitch Ratings, <https://www.fitchratings.com/products/rating-definitions>)

Each of Moody's, Standard & Poor's and Fitch is established in the UK and registered under Regulation (EU) No 1060/2009 as it forms part of domestic law of the UK by virtue of the EUWA (the "**UK CRA Regulation**"). As such, each of Moody's, Standard & Poor's and Fitch appears on the latest update of the list of registered credit rating agencies published by the FCA Authority on its website in accordance with the UK CRA Regulation. The rating each of Moody's, Standard & Poor's and Fitch has given to the Notes is endorsed by Moody's Deutschland GmbH, S&P Global Ratings Europe Limited and Fitch Ratings Ireland Limited respectively, each of which is established in the EEA and registered under Regulation (EU) No 1060/2009, as amended (the "**EU CRA Regulation**").

No assurances can be given as to whether the Notes will be, or will remain, listed on the Taipei Exchange. If the Notes fail to or cease to be listed on the Taipei Exchange, certain investors may not invest in, or continue to hold or invest in, the Notes.

Neither the ISM nor TPEX is responsible for the content of this document, the Base Prospectus and any supplement or amendment thereto and no representation is made by TPEX or the ISM as to the accuracy or completeness of this document, the Base Prospectus and any supplement or amendment thereto. Each of the ISM and TPEX expressly disclaims any and all liability for any losses arising from, or as a result of the reliance on, all or part of the contents of this document, the Base Prospectus and any supplement or amendment thereto. Neither the admission of the Notes to listing and trading on the TPEX, nor the admission of the Notes to trading on the ISM, shall be taken as an indication of the merits of the Issuer or the Notes.

The Notes have not been, and shall not be, offered, sold or re-sold, directly or indirectly, to investors other than "professional institutional investors" as defined under Paragraph 2 of Article 4 of the Financial Consumer Protection Act of the ROC. Purchasers of the Notes are not permitted to sell or otherwise dispose of the Notes except by transfer to a professional institutional investor.

Investors should have regard to the information set out in the Base Prospectus and Pricing Supplement including, without limitation, the following:

- Risk Factors:
 - pages 9 - 23 of the Base Prospectus dated 11 March 2021 as supplemented by the Supplements;
 - the sections titled "Risk Review – Material existing and emerging risks" on pages 91 - 101 and "Risk Review: Supervision and regulation" on pages 178 - 183 of the 2020 Annual Report of the Issuer, as filed with the SEC on Form 20-F on 18 February 2021;
 - pages 26 and 27 of the interim results announcement of the Issuer, as filed with the SEC on Form 6-K on 28 July 2021; and
- Conditions: pages 36 - 92 of the Base Prospectus dated 11 March 2021.

ROC REGULATORY DISCLAIMER

The Notes are not subject to any statutory conversion, exchange, or subscription for equity, or any statutory terms that result in any write-down of the principal amount of the Notes unless such conversion, exchange, subscription or principal write-down is deemed by the competent authority of the Issuer's home country to be necessary in the case that the Issuer is, or is likely to become, no longer viable.

In addition, investors have provided an agreement and acknowledgement with respect to the exercise of the UK Bail-in Power (see Condition 24 (*Recognition of UK Bail-in Power*) of the Notes).

Further information regarding the statutory loss absorption regime to which the Issuer and the Notes are currently subject is set out in the risk factor entitled "*Regulatory action in the event a bank or investment firm in the Group is failing or likely to fail, including the exercise by the Resolution Authority of a variety of statutory resolution powers, could materially adversely affect the value of the Notes*" on pages 16 - 18 of the Base Prospectus.

ROC TAXATION

The following summary of certain taxation provisions under ROC law is based on the Issuer's understanding of current law and practice. It does not purport to be comprehensive and does not constitute legal or tax advice. Investors (particularly those subject to special tax rules, such as banks, dealers, insurance companies and tax-exempt entities) should consult with their own tax advisers regarding the tax consequences of an investment in the Notes. This general description is based upon the law as in effect on the date hereof and that the Notes will be issued, offered, sold and re-sold, directly or indirectly, to professional institutional investors as defined under Paragraph 2 of Article 4 of the Financial Consumer Protection Act of the ROC only. Purchasers of the Notes are not permitted to sell or otherwise dispose of the Notes

except by transfer to a Professional Institutional Investor. This description is subject to change potentially with retroactive effect. Investors should appreciate that, as a result of changing law or practice, the tax consequences may be otherwise than as stated below.

Interest on the Notes

As the Issuer of the Notes is not a ROC statutory tax withholder, there is no ROC withholding tax on the interest or deemed interest to be paid on the Notes.

ROC corporate holders must include the interest or deemed interest receivable under the Notes as part of their taxable income and pay income tax at a flat rate of 20 per cent. (unless the total taxable income for a fiscal year is under NT\$120,000), as they are subject to income tax on their worldwide income on an accrual basis. The alternative minimum tax ("AMT") is not applicable.

Sale of the Notes

In general, the sale of corporate bonds or financial bonds is subject to 0.1 per cent. securities transaction tax ("STT") on the transaction price. However, Article 2-1 of the Securities Transaction Tax Act prescribes that STT will cease to be levied on the sale of corporate bonds and financial bonds from 1 January 2010 to 31 December 2026. Therefore, the sale of the Notes will be exempt from STT if the sale is conducted on or before 31 December 2026. Starting from 1 January 2027, any sale of the Notes will be subject to STT at 0.1 per cent. of the transaction price, unless otherwise provided by the tax laws that may be in force at that time.

Capital gains generated from the sale of bonds are exempt from income tax. Accordingly, ROC corporate holders are not subject to income tax on any capital gains generated from the sale of the Notes. However, ROC corporate holders should include the capital gains in calculating their basic income for the purpose of calculating their AMT. If the amount of the AMT exceeds the annual income tax calculated pursuant to the Income Basic Tax Act (also known as the AMT Act), the excess becomes the ROC corporate holders' AMT payable. Capital losses, if any, incurred by such holders could be carried over 5 years to offset against capital gains of same category of income for the purposes of calculating their AMT.

ROC SETTLEMENT AND TRADING

Investors with a securities book-entry account with an ROC securities broker and a foreign currency deposit account with an ROC bank, may request the approval of the Taiwan Depository & Clearing Corporation ("TDCC") for the settlement of the Notes through the account of TDCC with Euroclear or Clearstream, Luxembourg and if such approval is granted by TDCC, the Notes may be so cleared and settled. In such circumstances, TDCC will allocate the respective book-entry interest of such investor in the Notes position to the securities book-entry account designated by such investor in the ROC. The Notes will be traded and settled pursuant to the applicable rules and operating procedures of TDCC and the TPEX as domestic bonds.

In addition, an investor may apply to TDCC (by filing in a prescribed form) to transfer the Notes in its own account with Euroclear or Clearstream, Luxembourg to the TDCC account with Euroclear or Clearstream, Luxembourg for trading in the domestic market or vice versa for trading in overseas markets.

For such investors who hold their interest in the Notes through an account opened and held by TDCC with Euroclear or Clearstream, Luxembourg, distributions of principal and/or interest for the Notes to such holders may be made by payment services banks whose systems are connected to TDCC to the foreign currency deposit accounts of the holders. Such payment is expected to be made on the second Taiwanese business day following TDCC's receipt of such payment (due to time difference, the payment is expected to be received by TDCC one Taiwanese business day after the distribution date). However, the timing of receipt of such distributions by the holders may vary depending upon the daily operations of the ROC banks with which the holder has the foreign currency deposit account.

ADDITIONAL RISK FACTORS

Listing risk

Application will be made for the listing of the Notes on TPEX and the ISM. No assurance can be given as to whether the Notes will be, or will remain, listed on TPEX or the ISM. If the Notes fail to or cease to be listed on TPEX or the ISM, certain investors may not invest in, or continue to hold or invest in, the Notes.
