This document contains “forward-looking statements”—that is, statements related to future, not past, events. These forward-looking statements often address our expected future business and financial performance and financial condition, and often contain words such as “expect,” “anticipate,” “intend,” “plan,” “believe,” “seek,” “see,” “will,” “would,” “estimate,” “forecast,” “target,” “preliminary,” or “range.” Forward-looking statements by their nature address matters that are, to different degrees, uncertain, and are subject to risks, uncertainties and assumptions. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward-looking statements. The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) the expected timing, size or other terms of each Tender Offer and GE’s ability to complete each Tender Offer, (2) the ability to effect the spin-off transactions and to meet the conditions related thereto, (3) potential uncertainty during the pendency of the spin-off transactions that could affect GE’s financial performance, (4) the possibility that the spin-off transactions will not be completed within the anticipated time period or at all, (5) the possibility that the spin-off transactions will not achieve their intended benefits, (6) the possibility of disruption, including changes to existing business relationships, disputes, litigation or unanticipated costs in connection with the spin-off transactions, (7) uncertainty of the expected financial performance of GE or the separated companies following completion of the spin-off transactions, (8) negative effects of the announcement or pendency of the spin-off transactions on the market price of GE’s securities and/or on the financial performance of GE, (9) evolving legal, regulatory and tax regimes, (10) changes in general economic and/or industry specific conditions, (11) actions by third parties, including government agencies, and (12) other risk factors as detailed from time to time in GE’s reports filed with the SEC, including GE’s Annual Report on Form 10-K for the year ended December 31, 2020, Quarterly Report on Form 10-Q for the quarter ended March 31, 2021, periodic current reports on Forms 8-K and other documents filed with the SEC. The foregoing list of important factors is not exclusive.

Purpose of the Tender Offers

The purpose of the Tender Offers is to purchase certain outstanding debt issued or assumed by GE or issued by a Subsidiary Issuer and to reduce our leverage consistent with our previously announced plans. Securities that are accepted in the Tender Offers will be purchased, retired and cancelled and will no longer remain outstanding obligations of GE or any affiliate of GE.

Details of the Tender Offers

Each Tender Offer will expire at 11:59 p.m., New York City time, on December 9, 2021, unless extended or earlier terminated by GE in respect of any of the Tender Offers in its sole and absolute discretion (such date and time, as the same may be extended in respect of any of the Tender Offers, the "Expiration Date"). Securities tendered may be withdrawn at any time prior to 5:00 p.m., New York City time, on November 24, 2021, unless extended by GE in its sole and absolute discretion (such date and time, as the same may be extended with respect to any of the Tender Offers, the "Withdrawal Date"), but not thereafter.

Securities validly tendered and not validly withdrawn pursuant to each Tender Offer and accepted for purchase will be accepted in accordance with the applicable acceptance priority levels set forth in Table I, Table II or Table III above, as applicable (the "Acceptance Priority Levels"), and may be subject to proration, all as more fully described herein and in the Offer to Purchase.

A separate instruction must be submitted for each beneficial owner of Securities due to possible proration.

Holders (the "Holders") of the Securities that are validly tendered at or before 5:00 p.m., New York City time, on November 24, 2021, unless extended by GE in respect of any of the Tender Offers (such date and time, as the same may be extended with respect to any of the Tender Offers, the applicable "Early Participation Date"), and not subsequently validly withdrawn, and accepted for purchase will receive the applicable Total Consideration (as defined below) for their Securities, which includes the applicable early participation amount for the applicable series of Securities set forth in Table I, Table II or Table III above, as applicable (the applicable "Early Participation Amount"), together with any accrued and unpaid interest on the Securities from, and including, the most recent interest payment date prior to the applicable Payment Date up to, but not including, the applicable Payment Date ("Accrued Interest"). Holders validly tendering their Securities after the applicable Early Participation Date but before the applicable Expiration Date will only be eligible to receive the applicable "Late Tender Offer Consideration," which is equal to the applicable Total Consideration minus the applicable Early Participation Amount, together with any Accrued Interest.

Each Tender Offer is subject to certain conditions. Subject to GE's right to terminate any of the Tender Offers, and subject to the applicable Maximum Amount, the applicable Acceptance Priority Levels and proration, GE will purchase (i) the Securities that have been validly tendered (and not subsequently validly withdrawn) at or before the applicable Early Participation Date, subject to all conditions to the applicable Tender Offer having been satisfied or waived by GE, promptly following the applicable Early Participation Date (the date of such purchase, which is expected to be the fourth business day following the applicable Early Participation Date, the "Early Payment Date") and (ii) the Securities that have been validly tendered after the applicable Early Participation Date but at or before the applicable Expiration Date, subject to all conditions to the applicable Tender Offer having been satisfied or waived by GE, promptly following the applicable Expiration Date (the date of such purchase, which is expected to be the third business day following the applicable Expiration Date, the "Final Payment Date," and together with the applicable Early Payment Date, each a "Payment Date"). With respect to each Tender Offer, the Securities accepted for purchase will be accepted in accordance with their Acceptance Priority Levels (with 1 being the highest Acceptance Priority Level and 19 being the lowest Acceptance Priority Level for the Pool One Tender Offer, with 1

being the highest Acceptance Priority Level and 19 being the lowest Acceptance Priority Level for the Pool Two Tender Offer and with 1 being the highest Acceptance Priority Level and 15 being the lowest Acceptance Priority Level for the Pool Three Tender Offer), subject to the limitations that (i) the aggregate principal amount of Securities to be accepted in the Pool One Tender Offer will not exceed the Pool One Maximum Amount, (ii) the aggregate principal amount of Securities to be accepted in the Pool Two Tender Offer will not exceed the Pool Two Maximum Amount and (iii) the aggregate principal amount of Securities to be accepted in the Pool Three Tender Offer will not exceed the Pool Three Maximum Amount.

With respect to each Tender Offer, Securities validly tendered and not validly withdrawn on or before the applicable Early Participation Date having a higher Acceptance Priority Level will be accepted before any Securities validly tendered and not validly withdrawn before the applicable Early Participation Date having a lower Acceptance Priority Level are accepted in such Tender Offer, and all Securities validly tendered after the applicable Early Participation Date having a higher Acceptance Priority Level will be accepted before any Securities tendered after the applicable Early Participation Date having a lower Acceptance Priority Level are accepted in such Tender Offer, in each case subject to the applicable Maximum Amount. With respect to each Tender Offer, Securities validly tendered and not validly withdrawn on or before the applicable Early Participation Date will be accepted for purchase in priority to other Securities tendered after the applicable Early Participation Date, even if such Securities tendered after the applicable Early Participation Date have a higher Acceptance Priority Level than Securities tendered on or before the applicable Early Participation Date. Furthermore, if the amount of Securities validly tendered and not validly withdrawn prior to or at the applicable Early Participation Date exceeds the applicable Maximum Amount, Holders who validly tender Securities in such Tender Offer after the applicable Early Participation Date will not have any of their Securities accepted for purchase regardless of the Acceptance Priority Level of such Securities unless GE increases the applicable Maximum Amount.

We reserve the right, but are not obligated, to (i) increase any Maximum Amount or (ii) decrease any Maximum Amount, in each case in our sole and absolute discretion and in accordance with applicable law. Any such increase or decrease may be made on the basis of Securities validly tendered through the Early Participation Date, and promptly announced on the business day immediately following the Early Participation Date. Any such increase or decrease may be made without extending the applicable Withdrawal Date or otherwise reinstating withdrawal rights, except as required by applicable law.

With respect to each Tender Offer, if, on the applicable Early Payment Date or the applicable Final Payment Date, there are sufficient remaining funds to purchase some, but not all, of the remaining tendered Securities in any Acceptance Priority Level for any Tender Offer without exceeding the applicable Maximum Amount for such Tender Offer, we will accept for payment such tendered Securities on a prorated basis, with the proration factor for such Acceptance Priority Level depending on the aggregate principal amount (converted into U.S. Dollars where applicable as described above) of Securities of such Acceptance Priority Level validly tendered.

The "Total Consideration" payable for each series of Fixed Spread Securities will be a price per \$1,000, £1,000 or €1,000 principal amount of such series of Fixed Spread Securities equal to an amount, calculated in accordance with Schedule C-1, C-2 or C-3 to the Offer to Purchase, as applicable, that would reflect, as of the applicable Early Payment Date, a yield to the applicable maturity date of such series of Fixed Spread Securities equal to the sum (such sum being annualized in the case of the Fixed Spread Sterling Securities) of (i) the Reference Yield (as defined below) for such series, determined at 10:00 a.m., New York City time, on the second

business day following the applicable Early Participation Date, which is expected to be November 29, 2021 (the “Reference Yield Determination Date”) plus (ii) the fixed spread applicable to such series, as set forth in Table I, Table II or Table III, as applicable (the “Fixed Spread”), in each case minus accrued and unpaid interest on such Securities from, and including, the most recent interest payment date prior to the applicable Early Payment Date up to, but not including, the applicable Early Payment Date. The “Reference Yield” will be calculated in accordance with standard market practice and will correspond to (i) for each series of Fixed Spread Dollar Securities, the bid-side price of the applicable Reference Security as displayed on the applicable Reference Page as set forth in Table I, Table II or Table III, as applicable, (ii) for each series of Fixed Spread Sterling Securities, the mid-market price of the applicable Reference Security based upon the arithmetic mean of the bid and offered prices of the applicable Reference Security on the applicable Reference Page as set forth in Table I, Table II or Table III, as applicable, and (iii) for each series of Fixed Spread Euro Securities, the applicable Interpolated Rate for such series set forth in Table I, Table II or Table III, as applicable.

The “Total Consideration” payable for each series of Fixed Price Securities will be a price per \$1,000, £1,000 or €1,000 principal amount of such series of Fixed Price Securities listed in Table I, Table II or Table III, as applicable.

The applicable Total Consideration includes the applicable Early Participation Amount.

Special Note Regarding Forward-Looking Statements

This announcement contains “forward-looking statements”—that is, statements related to future, not past, events. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward-looking statements. The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) the expected timing, size or other terms of each Tender Offer and GE’s ability to complete each Tender Offer, (2) the ability to effect the spin-off transactions and to meet the conditions related thereto, (3) potential uncertainty during the pendency of the spin-off transactions that could affect GE’s financial performance, (4) the possibility that the spin-off transactions will not be completed within the anticipated time period or at all, (5) the possibility that the spin-off transactions will not achieve their intended benefits, (6) the possibility of disruption, including changes to existing business relationships, disputes, litigation or unanticipated costs in connection with the spin-off transactions, (7) uncertainty of the expected financial performance of GE or the separated companies following completion of the spin-off transactions, (8) negative effects of the announcement or pendency of the spin-off transactions on the market price of GE’s securities and/or on the financial performance of GE, (9) evolving legal, regulatory and tax regimes, (10) changes in general economic and/or industry specific conditions, (11) actions by third parties, including government agencies, and (12) other risk factors as detailed from time to time in GE’s reports filed with the SEC, including GE’s Annual Report on Form 10-K for the year ended December 31, 2020, Quarterly Report on Form 10-Q for the quarter ended March 31, 2021, periodic current reports on Forms 8-K and other documents filed with the SEC.
